CRAIG BEATS DE VALERA BY BIG MAJORITY

North Ireland Election Springs Two Surprises; Griffiths Polls Heavily.

DEVLIN MUST QUIT ONE OF HIS SEATS

Unionist Almost Certain to Win Whichever Seat Nationalist Leader Vacates.

BELFAST, May 27.—The unofficial count of votes cast in Tuesday's elections in the six northern counties of *Antrim, Armagh, Down, Fermanagh,* Londonderry and Tyrone, shows that the Unionists received 341,289 votes, the Sinn Feiners 103,516, the Nationalists 60,762 and the Independent-Laborites 4,001. There is to be added to the Unionist vote 4,000 university voters whose ballots will be counted on Saturday.

These figures would indicate that the Nationalist-Sinn Fein combination should, in view of the proportion of their supporters, have about 20 members in the new parliament to the Unionists' 32, although it is considered probable the Unionist representation may reach 41. The fact that Joseph Devlin, the Nationalist leader, must either resign his seat for West Belfast or Antrim, possibly will add to the Unionist count, as it is believed almost certain that a Unionist would be chosen for whichever seat he resigns.

Two surprises of the voting were the big poll of Arthur Griffith the founder of the Sinn Fein organization, in Tyrone and Fermanagh, where he received more than 10,000 votes above the first Unionists and the majority of more than 12,000 votes which Sir James Craig had over Eamonn De Valera.

YAMASKA CANDIDATES HOLD JOINT MEETING

PIERREVILLE, Que., May 27.—A *joint meeting of the government candidate,* A. A. Mondou, the Liberal candidate, Aime Boucher, and the Farmer candidate, Joseph Lambert, was held here this afternoon in the fight for byelection to the seat of Yamaska county which will be decided along the lines of previous *meetings.*

PROPOSE TO REMOVE ROCK FROM NARROWS

VANCOUVER, May 27.—(Canadian Press.)—The removal of Ripple Rock, in the Seymour Narrows, to make navigation safer in this part of the world is being considered at Ottawa. The federal government has notified local authority, that its hydrographical service will survey the work to determine the cost of moving the rock. Colonel Cy Peck, V. C., member for Skeena, has strongly advocated the undertaking.

CAPTURE ESCAPED CONDEMNED MAN

Under Sentence of Death, Garfield Breaks Jail; Denies Identification.

GEORGETOWN, Ont., May 27.—Norman Garfield, convicted murderer of Ben Johnson of Woodstock, who escaped from Woodstock jail Wednesday afternoon, was captured about noon today on the track of the Little Radial railway at Stewarttown, two and a half miles west of here.

Tonight he is handcuffed and under constant scrutiny of armed constables in the jail here. Sheriff McGee arrived *tonight to take him back* to Woodstock, where he is sentenced to be hanged on June 2. Identification of Garfield was made by Sheriff's Officer Moore of Oxford county.

Garfield was sitting on the bench at the railway station when he was recognized by two women of whom he requested direction northward. The women told their husbands, John Tracey, township clerk, and Tom Allen, a farm laborer, who got a description of Garfield over the tele*phone from Chief of Police Melville.* Whe accosted Garfield made up the track but with the aid of two more men he was easily made prisoner. The condemned man showed visible signs of want of sleep and food. When captured he wore the same blue suit in which he escaped from jail, but he had on a new hat and boots stolen from a Milton store. He was unarmed, but had $23, also probably the fruits of the Milton robbery. Even after being identified he persisted that he was "Thomas Robertson of Hamilton."

WOODSTOCK, Ont., May 27.—Joan Robley, turnkey of the Woodstock jail, has been suspended by Sheriff McGhee as the result of an investigation into circumstances surrounding the escape of Norman Garfield, convicted of murder, who escaped Wednesday.

NAVAL POLICY COMES IN FOR MORE ATTACKS

Disposal of Niobe and Rainbow Once More in Limelight.

DEFER CONSIDERATION OF NAVY EXPENDITURE

Ballantyne Argues Estimates Relatively Same as Before the War.

OTTAWA, May 27.—(Canadian Associated Press)—Once more the one-time Canadian cruisers Niobe and Rainbow sailed into the limelight when *estimates of the department of* naval service came up for discussion in the house this evening. It was 9 o'clock when the house embarked on consideration of these estimates, but no time was lost in getting under way.

A. E. Fripp, government member from Ottawa, immediately fired a broadside of criticism at Hon. C. C. Ballantyne, minister of marine and naval service, in regard to the disposition of the Niobe.

The minister, in replying, explained that the Niobe, together with two obsolete submarines, had been sold to the New Burnswick Rolling mills for $135,000. The company had paid $20,000 cash down and had then stopped payment. The vessel was still at Halifax and would remain there until paid for. The price paid by the government for the Niobe was $1,200,000 and for the two *submarines* $1,100,000.

The government had realized $67,777 cash down from the sale of the Rainbow to a Seattle firm.

Mr. Fripp was critical of the transaction whereby the government disposed of the Niobe.

An Ottawa firm had offered $160,500 for the Niobe alone, but its offer had been refused. Then the minister had accepted the offer of the New Brunswick company, throwing in the two submarines. This seemed unfair.

The minister replied that the best offer had come from the successful bidders. The justice department now had the matter in hand and was taking action to recover the amount unpaid.

The vote under consideration was one of $2,500,000 for maintenance of the Royal Canadian navy.

Dr. Micha Clark intervened to say that he thought the country had been represented long enough as a "dealer in old iron." He wondered how long it would be before the ships taken over last year would be haggled over for old iron. He would like to know what was being done with these ships. He thought the minister might make a statement on the whole administration of the service.

Mr. Ballantyne said that the cruiser Aurora and the two destroyers were in commission. The force in charge of them consisted of six hundred of*ficers and men. The naval college* was in operation, and there were 45 cadets in attendance. Graduates of the Canadian naval college had an excellent reputation and had done well in the British navy. There were 38 of them serving in that fleet at the present time.

The present vote of $2,500,000 covered the ships, the college and dock yards at Halifax and Esquimalt. Considering the increase in the cost of living and materials, this vote was no higher than the $1,750,000 which the Canadian cost before the war.

A number of opposition members took occasion to voice criticism of the government's naval policy. Ernest Lapointe, Quebec East, came out flat-footed in opposition. Canada was a member of the League of Nations which sought a reduction in armaments. It was inconceivable to increase naval equipment under the circumstances.

A. R. McMaster, Brome, was of the opinion that Canada had made a great mistake in accepting the vessels now constituting the Canadian navy, from Great Britain. He would like to see the black smoke of the ships as they steamed their way back home. Mr. Micha Clark thought the minister of marine and fisheries was placing his foot on the top end of a toboaggan slide in the matter of naval expense.

Mr. Ballantyne retorted that Dr. Clark had, as a member of the Liberal party of the day, his full share in adopting the policy of the Canadian navy. The Naval Service act passed in 1911, had been approved by Dr. Clark, and thus the Niobe and the Rainbow had been brought out. The naval policy was the same today, only instead of being ships *which were inefficient and disgrace*fully old, Canada now had modern vessels. The cost of maintenance was just the same.

Dr. Clark denied any inconsistency in his attitude. There was an immense difference between supporting a naval policy after the war had been fought and when another war in which Canada might be involved was, to all human thinking people, considerably remote. The inconsistency, he added, was in going full steam ahead after the war.

Mr. Ballantyne emphasized the efficiency of the vessels now constituting the Canadian navy. The cost of maintaining the present fleet was approximately the same.

Finally, on the suggestion of the minister, consideration of the vote was postponed, pending the production of more complete information in regard to the disposal of the Niobe.

Manitoba Moderation League Petitions for Control by Government

WINNIPEG, Mai 27.—The Moderation league of Manitoba, with a membership of approximately 15,000, tonight launched a petition asking the provincial government to pass an act providing for the government control and sale of alcoholic liquor. Members will endeavor to obtain signatures of bona fide electors of the province. At the meeting tonight it was said there should be *no difficulty* in securing 75,000 signatures.

SENATE KILLS RESEARCH BILL ACCOUNT COST

Approves Scientific Value, But Financial Strain Too Great at Present.

OTTAWA, May 27.—(Canadian Press.)—By a standing non-party vote of 34 to 16 the senate today killed the government's bill creating a national research institute. The measure, which had been unanimously adopted by the house of commons, was rejected on an amendment moved by Senator Dandurand, the vote coming after speeches in favor of the measure had been delivered by Senator McLennan and Beaubien, and arguments for rejection had been voiced by Senators Beique, Turriff and Dandurand.

Senator McLennan said that the one great need of the day was the development of the Dominion along scientific and economical lines. A step in this direction would be taken by the creation of a research institute. In other lands governments and peoples were devoting the most careful attention to this phase of progress.

Senator Beaubien, while attaching great importance to the argument for economy, said that he feared that those who used that argument had not given the measure before the house the study which its importance deserved. He said waste in Canada continued rampant. The wasted byproducts of two large paper mills alone involved a loss of sufficient wood alcohol to supply the needs of the country for an entire year. The senate could not reject *the bill without assuming a grave* responsibility.

Financial Position Prevents.

Senator Beique said that he opposed the measure not because he was antagonistic to scientific research, but because he was convinced that the country's financial position prohibited launching upon such an expenditure at the present time.

Senator Turriff said he opposed the measure purely on financial grounds. The country's national debt had increased by $100,000,000 during the year and there was little prospect of any immediate relief.

The senate adjourned until Monday morning.

SLOAN DENIES INFERIOR FISH

Says British Columbia's Gift to Army During War Was First Quality.

VICTORIA, May 27.—Charges recently cabled from London by John MacCormac to a syndicate of newspapers on this continent that British Columbia put one over on England during the war when a gift of salmon was made which turned out to be inferior, and that much of it had to be thrown away or fed to Germans, are being stoutly refuted by the Hon. William Sloan, minister of mines and commissioner of fisheries.

"The 250,000 cases of salmon consisted entirely of the choicest pink *salmon packed in the province that* year; no other species of salmon was included in the shipment. It was carefully inspected by most competent inspectors for British firms in the province," said Hon. Mr. Sloan.

"A leading member of the London chamber of commerce," the dispatch to the Gazette *said, "told your cor*respondent that of 25,000 cases of salmon ,which were sent as a gift to England by Canada during the war, some were given to the German prisoners and much of the rest was so inferior that it had to be thrown away."

This is the text, in part, of the dispatch as it is reprinted today in the Vancouver Province.

Former Superintendent of Esquimalt Dockyard Passes Out at Yokohama

VICTORIA, May 27.—Captain Edward H. Martin, C. M. G. R. N. superintendent at the Esquimalt naval dock pard during the last year of war, is dead at Yokohama, according to word received here today.

Captain Martin had a long record in the British naval service. At the commencement of the war he was loaned by the British admiralty to the Canadian government and was for a long time in charge of naval dock yard at Halifax, later coming to Esquimalt.

TAKE STEPS TO SUPPRESS INSURGENTS

British Vanguard Arrives in Upper Silesia to Reestablish Order.

GERMANS RESORT TO PRIMITIVE WARFARE

Attack Poles With Knives, Clubs and Bare Hands When Ammunition Gone.

OPPELN, May 27.—The vanguard of British troops from the Rhlen, who supplemented airplanes and tanks, are expected to assist in reestablishing order in Upper Silesia, arrived here tonight. They are being distributed from here to Kruzberg, where British general headquarters have been established. In British headquarters it was said today that if this number of troops was unable to suppress the Polish insurgents sufficient reinforcements for that purpose had been promised, "no matter how many thousands are required."

Will Operate Independently.

At the same time there were rumors that the French were reinforcing, although it was said unofficially that the British and French did not intend to cooperate, so that while the French general, Lerond, is in command, the British probably will operate independently, acting on the *principle of a state of s'ege and mil*itary necessity. Four British battalions may march from Kruzberg toward Kattowitz, clearing the eastern district of insurgents and leaving the Oder insurgent forces cut off and at the mercy of the Germans, who are starting isolated defensive movements from the left bank of the Oder.

Germans Take Positions.

Persons arriving here from Kosel, Ratibor and other places say that the Germans went into battle with 25 rounds of ammunition. They threw away their rifles when their ammunition was exhausted and attacked the Poles with knives and clubs and even their bare hands, and drove them out of several positions, at some places forcing them back five miles.

The Poles have brought up heavy field pieces to Oder positions and also are reinforcing their personnel and bringing up supplies of ammunition and machine guns in the expectation of a general German offensive, which thus far has not started. The Germans are said to have requested permission to assist the allied forces when the operations against the Poles begin.

FLASHES BY WIRE

Conservatives Name Cruise

SASKATOON, May 27.—George A. Cruise, barrister, this evening received the nomination of a Conservative convention to contest one of the seats in Saskatoon city.

Crew Has Typhus

QUEBEC, May 27.—Dr. J. E. Martineau, medical superintendent of the quarantine station at Grosses Island, announced today that three British *seamen detained there from the crew* of the Oristano, were unquestionably suffering from typhus. They are, however, getting well. The other members of the crew have not been affected.

Cattle Embargo Commission Sits

LONDON, May 27.—(Canadian Associated Press)—The meeting of the cattle embargo commission will be held in the house of lords next Monday.

Sir Daniel Hall, advisor to the ministry of agriculture, will give ev*idence on Tuesday. On Wednesday* there will be heard Scottish witnesses, delegates from the farmers' union and other bodies.

Suspend Wheat Restrictions.

PARIS, May 27.—The cabinet today authorized suspension of the re*strictions on the importation of* wheat, beginning August 1.

Agree on Marine Wages.

WASHINGTON, May 27.—An agreement on wages and working conditions was reached tonight between representatives of the Marine En*gineers' Beneficial association and* Chairman Benson of the shipping board, in the controversy which has threatened to tie up United States shipping. The terms will be submitted to the various local unions Sunday for ratification.

The terms of the tentative agreement were not made public, but in general they are understood to follow the lines previously laid down of providing for a 15 per cent reduction and making some changes in overtime rates and working conditions.

Oropesa at New York from Southampton.

Regina D'Italia at Genoa from New York.

Barrister Strikes His Opponent in Anger at Winnipeg Police Court

WINNIPEG, May 27.—George Elliott, K.C., struck at H. P. Blackwood, K.C., in the provincial police court today when the former became angered over Mr. Blackwood terming a statement he had made a "lie." Mr. Elliott made the statement that there were more foreign born residents of Canada who saw service in the Canadian forces than native born Canadians. The court was adjourned after Mr. Elliott was led away by two Royal Canadian policemen. The barristers were opposing counsel in a minor case.

IRISH OUTRAGE BY ORDER OF DAIL EIREANN

Describes Burning of Customs House as Republican Military Operation.

DUBLIN, Map 27.—That the destruction of the Dublin customs house was a military operation ordered by the Dail Eireann, is the statement made tonight by the Irish Bulletin. It describes the operation as a "complete success."

"At one moment a misunderstood signal caused the prema*ture cessation of work," says the* Bulletin, in telling how the building was burned, "but so exact was the discipline that the men were immediately recalled and the operation was completed, although hostilities had already begun outside and there was grave danger of capture or death to the whole party.

British forces which reached the scene were engaged by Irish patrols posted in the vicinity of fighting, both at the doors of the building and outside. There were casualties on both sides, but it is impossible to ascertain the exact number as yet."

The Bulletin claims that the burning of the customs house reduces the most important branches of the British civil government in Ireland. *It expresses regret over the destruc*tion of the fine building, but states that the lives of 4,000,000 of "our people are a more serious charge than any architectural masterpiece."

LONDON, May 27.—The cabinet has decided to send large reinforcements to Ireland and it is rumored that new measures are to be adopted against the Republican forces in the south and west, according to information received.

BELFAST, May 27.—The weekly review of events in Ireland, issued by the Dublin castle authorities today, says that the police and military casualties totalled 57, including 25 deaths. There were eight murders of civilians attributable to the Sinn Fein, and six cases of attempted murder. Eleven attempts were made on occupied barracks, and there were 49 raids on the mails. Four raids were made on coast guard stations and three raids for arms. The persons now interned number 3054.

No Representation to States

WASHINGTON, May 27.—Great Britain has made no representations to the United States regarding the reported shipment of United States arms to Ireland and the raising of funds in the United States by sale of the bonds of the "Irish republic," officials said today after their attention had been directed to press dispatches telling of interpellations made in the British parliament on these subjects.

It was indicated that unless repre*sentations were made, official cog*nizance of the alleged traffic in arms would not be taken.

EMERGENCY TARIFF EFFECTIVE TODAY

Affects Most Farm Products for Six Months; Includes Anti-Dumping.

WASHINGTON, May 27.—The new Young emergency tariff bill, signed by President Harding today, will become effective tomorrow. It will affect for a six months' period most farm products and carries a provision designed to prevent the dumping of foreign goods in the United States, in the event of passage by congress of the Longworth resolution, under which the new import duties would become effective immediately upon introduction of the permanent tariff bill, *house leaders said it naturally* would supersede the emergency measure, which carries only a few items compared with thousands under the general bill.

House Republicans plan to meet Wednesday night to decide whether the resolution shall be made a party issue.

LLOYD GEORGE AGAIN CALLS CONFERENCE ON COAL CRISIS, APPEALING FOR SETTLEMENT

Apathy Affects Whole Country; Reluctance to Settle Dispute Curious Feature; Urges Agreement on Machinery to Settle Figures.

SUGGESTS TIME LIMIT TO REACH AGREEMENT

Government Sternly Impartial Between Disputants in Hope of Avoiding Disastrous and Costly Struggle Imperilling Industry.

LONDON, May 27.—The conference of a deputation of mine owners and the executive body of the miners' union, *called by Mr. Lloyd George* this morning in an attempt to end the coal strike, adjourned at the conclusion of the prime minister's statement, in which he urged the necessity of an early resumption of work because of the country's alarming increase in unemployment and the general slowing down of all industries. The prime minister invited the miners' executive to confer with him at 3:30 o'clock this afternoon, after which the owners asked to see him at 6 o'clock.

Mr. Lloyd George strongly urged on both sides that unless they could "see any immediate prospect of agreeing as to figures, they should agree as to the machinery for setting the figures."

Curious Apathy Obtains.

He declared that the feature of the stoppage that impressed him most "was the curious apathy which *has affected the whole country and* the reluctance to settle the dispute."

"I have never seen a great stoppage where less pressure was brought on the government to settle it," the premier continued. "The miners are reluctant, not so much to face a reduction in wages, but to go and tell their men the real situation. The mine owners are not eager to begin when they know it means beginning at a loss and the first man they have to face is their banker."

During the course of his talk to the miners' executive and the mine owners this morning the prime minister said:

"The general community says it does not matter so much now that no orders are coming in. We have goods we should be glad to get rid of. We are running our mills and factories at a loss and we have passed from that tropical luxuriance which trade and industry enjoyed to a wintry and frosty industry.'

"With the community, the attitude is rather to go on as we are, unless we get a real settlement."

Defines Real Settlement.

Mr. Lloyd George defined a real settlement as one insuring against periodical stoppages and one ena*bling manufacturers to compete in* the world's markets. He pleaded not for an agreement merely for a machine to confer, but a machine that will settle, a machine that will have the right to determine in the end if there is a failure to agree.

"You might have a fixed time limit within which the parties should confer; if they agreed during that period there would be no need of anything further."

The premier said he had a sign which he would make at the time if there should be failure by such a body to reach an agreement. He asserted the government was sternly impartial between the two parties, in "the hope that the disastrous and costly struggle which, if prolonged, may seriously imperil the industrial existence of the country, shall be brought to an end."

Soviet Vote Funds

RIGA, May 27.—A dispatch received here from Moscow says the Russian Soviet trade union congress has passed a resolution to send £20,000 to aid the striking British miners.

FLOODS SWAMP INDIAN RESERVE

REGINA, May 27.—A report that the Red Earth Indian reserve, in Saskatchewan, is under water as the result of heavy floods on the Carrot river, reached the office of W. M. Graham, Indian commissioner, here today. The statement came from the India nagent at Lepas, who received it fro man Indian who reached Lepas from the reserve. Many cattle and horses have been lost and the residents are living on the roofs of the *houses.*

NO CHANGE ON EGG DUTY THIS SESSION

VANCOUVER, May 27.—No change is likely to be made this session in the duty on imported eggs, the minister of finance, Sir Henry Drayton, has intimated to local poultry dealers. Sir Henry writes to the poultry men that the matter will be given serious consideration. In view of important tariff revisions now being made in the United States, he says, the government wishes to study the effect of these changes before announcing its own policy.

Young Montreal Repeats Success.

BOSTON, May 27.—Young Montreal of Providence, R. I., was awarded the decision over Pete Herman of New Orleans, former bantamweight champion, in a 10 round bout here tonight.

A[illegible]ses Governments Not to Interfere in Labor Difficulties

[illegible]NNIPEG, May 27.—The less [illegible]rnments interfere in the settle[illegible]t of labor difficulties except, [illegible]course, in cases where it is neces[illegible]y to avoid disorders, the easier [illegible] *is to reach a settlement, accord*ing to Right Hon. W. J. Lowther, former speaker of the British house of commons, who arrived today with Mrs. Lowther and daughter. He is the guest of Hon. Robert Rogers.

During the war the problem was a different one, he said, referring to *the British miner's strike.* The government had then been obliged to even control the production of coal as a war measure.

DEFENDS SALE OF LIQUOR PREMISES

Claims Valuations Were Obtained; Option Taken; Good Business to Purchase

VICTORIA, May 27.—A defense of the sale to the British Columbia government for $150,000 by Charles T. Campbell, the new publisher of the Vancouver World, of a liquor warehouse in Vancouver was issued today by Hon. J. W. DeB. Farris, attorney-general and acting premier. Mr. Campbell at the same time issued at Vancouver a statement along lines similar to that given out by Mr. Farris. The claim was made yesterday by the Vancouver Sun that the government had paid for the property a large sum in excess of its real value.

The attorney-general states that when incoming liquor supplies required storage space, the government got from well known Vancouver realty firms rental valuations on the Campbell property. The lowest was $1400 per month, and a five-year lease was taken at that figure, with the option of purchase at $150,000.

When the liquor board was appointed Mr. Farris' statement says its members decided that it was better business to exercise the option, and pointed out that interest on the investment at six and one-half per cent would be $9950 per year, as against the rental charge under the lease of $16,800 per year. Accordingly the property was purchased.

It was claimed that the purchase was made quite openly and regularly.

WEATHER

Owing doubtless to the colder weather of the last two or three days, the rise of the West Arm is now showing slight retardation, the gain for the 24 hours ending at 4 o'clock yesterday afternoon, according to the Dominion government gauge, being five-tenths of a foot. At that hour hour the Arm stood at 14.4 inches above low water level.

KIDDIES CONTRIBUTE TO MEMORIAL; OUTSIDE WELL-WISHERS SUBSCRIBE

In the schools, in the homes, in the stores and offices, on the streets, the canvassers for the Nelson war memorial fund continued yesterday. It was the children's day, principally, and the drive was on in full force in the schools. Both Central school and the Convent reported their results last night.

Quite a number of subscriptions were received from points outside Greater Nelson for the fund.

While it was intended that today should close the canvass, so many citizens are away, and so many others for one reason or another have not been seen, that the canvassers will not be in a position to close their books tonight, or for a couple of days.

Some supplementary subscriptions have been received from persons who originally gave a dollar, in the belief that that amount was to be the standard subscription. The committee last night expressed the sincere hope that this practice would be catching.

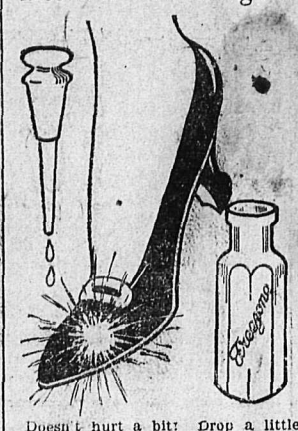
CORNS

Lift Off with Fingers



Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

FOR SALAD DRESSINGS

Salad time will soon be here—the hot days when cold lunches are the rule. For those who do not care for oil, delicious salad dressings are made with Pacific Milk—there are many economical and appetizing recipes.

If you have not tried to make a cream dressing, or have not a recipe, send in to us and we shall be glad to give you some. Pacific Milk can be used in the same quantities and for all the same uses as fresh cream. It's a British Columbia product.

PACIFIC MILK CO. LIMITED

Factories at Abbotsford and Ladner, B. C.

House Dresses

Striped, plaid and plain Ginghams and Print form the prettiest of simple frocks for wear at home or to market. Comfortable low necks and short sleeves made ideal working garments and they are most reasonably priced.

BUNGALOW APRONS

A good assortment of patterns in these ever popular Aprons. Price, $1.50.

WASH SKIRTS

In White Gabardine, made up in neat attractive styles. Price, $3.50 and up.

SMART MIDDIES

Some with colored detachable collars. $2.00 and up.

Do not overlook our Summer READY-TO-WEAR and MILLINERY at prices which spell economy.

Smillie & Weir

DRING FOWLER'S Fruit Julep

Looks Good—Tastes Better In Bottles and at Fountain

For the man and women who want to dress well we recommend the HARTT SHOE for style, wear and comfort. Price $11.00 to $15.00.

ENTERTAINERS ENTERTAINED

Vagabonds Entertain in Honor of Allen Players at Informal Affair.

The I. O. O. F. hall, made gay with streamers and ribbons of old blue and gold, the club colors, and masses of lilacs, lilies of the valley and other blossoms, the Vagabonds last evening entertained at an informal dance in honor of the Allen players, about 50 guests being invited besides the players and the Vagabonds. The affair proved to be one of the delightful events of the spring.

The guests were received by Mrs. J. F. McKaracher and Mrs. J. H. Soans and A. McGinnis acted as keeper of the door.

During the course of the evening several musical items were rendered by Mrs. Kirby Grenfel and Gordon Keatley. Miss J. McIntosh acted as accompanist and the High School orchestra furnished the dance music.

At about midnight dainty refreshments were served.

PRINCE RUPERT, May 27.—(Canadian Press.)—Senator Stevens of Montana will raise livestock on the Queen Charlotte islands if conditions are found to be favorable. The senator has gone to the islands with F. L. Buckley, a lumberman, to look over the ground and it is understood that he is considering the importation of stock to the islands.

Greek Wrestler Wins.

FORT WILLIAM, May 27.—Jim Londos, New York, Greek wrestler defeated George Walker, light heavyweight wrestling champion of Canada in two straight falls here tonight.

Like a Locomotive Without Any Steam

IS THE HOME WITHOUT DODD'S KIDNEY PILLS.

Saskatchewan Woman in Recommending Dodd's Kidney Pills Says That What They Have Done for Her They Will Do for Others.

Richdale, Alta., May 27.—(Special)—"It seems to me that a home without Dodd's Kidney Pills is like a locomotive without steam." So says Mrs. G. H. Knopp, a highly-respected resident here.

"The kidneys need something to help them do their regular work," Mrs. Knopp goes on to explain. "Dodd's Kidney Pills will do all this. I rejoice to say that the good they have done me and my family they will do for others. Just give them a trial."

The work of the kidneys is to strain the impurities out of the blood. It is necessary work if the body is to be healthy. It is trying work, for the kidneys are constantly in contact with the seeds of disease.

Women who have kidney trouble sould ask their sister women just what Dodd's Kidney Pills have done for them.

SELL YOUR RAGS

The Daily News Job Department will pay 5 cents a pound for clean cotton rags.

TO GET TRUE ASPIRIN

Warning! Unless you see name "Bayer" on tablets, you are not getting Aspirin at all. Nothing else is Aspirin.

You must say BAYER

SAFETY FIRST! Accept only an "unbroken package" of genuine "Bayer Tablets of Aspirin," which contains directions worked out by physicians during 21 years and proved safe by millions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and pain. Made in Canada.

Handy tin boxes of 12 tablets cost but a few cents—Larger packages.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

LEGAL NOTICES

CORPORATION OF THE CITY OF NELSON.

BYLAW NO. 350.

A Bylaw to raise the sum of One Hundred and Thirty Thousand ($130,000) Dollars to provide for the improvement of the Streets of the City of Nelson.

WHEREAS, it is necessary and expedient for the Corporation of the City of Nelson to borrow the sum of $130,000.00 to be used for the improvement of the streets within the limits of the said City;

AND WHEREAS, in order thereto it will be necessary to issue debentures of the said Corporation in the sum of $130,000.00;

AND WHEREAS, the said sum of $130,000.00 is the amount of the debt which this Bylaw is intended to create;

AND WHEREAS, the whole amount of rateable land and improvements of the Municipality of the Corporation of the City of Nelson according to the last revised assessment roll is Four Million Five Hundred and Twenty Thousand and Sixty-nine ($4,520,069.00) Dollars;

AND WHEREAS, it will be requisite to raise annually by rate the sum of $6989.15 for payment of the said debentures, and the sum of $7800.00 for the payment of interest in respect of said debentures;

THEREFORE, the Municipal Council of the Corporation of the City of Nelson enacts as follows:

1. It shall be lawful for the Corporation of the City of Nelson to borrow on the credit of the Corporation by way of the debentures hereinafter mentioned from any person or persons, or body or bodies corporate, who may be willing to advance the same, a sum not exceeding in the whole $130,000.00, and to cause all such sums so borrowed to be paid into the hands of the Treasurer of the said Corporation for the purpose and objects hereinbefore recited.

2. During the year 1921 not more than $50,000.00 of said sum shall be so borrowed, and during the year 1922 not more than any portion of said amount of $50,000.00 not borrowed during the year 1921 and an additional amount of $40,000.00 of said sum shall be borrowed, and during the year 1923 not more than such portion of said sum of $130,000.00 as shall not have been borrowed during the said years 1921 and 1922 shall be borrowed, and any interest payable in respect of such debentures shall be calculated as from the date of negotiation or delivery of the debentures or instalments thereof as aforesaid, and not otherwise.

3. It shall be lawful for the Mayor of the said Corporation to cause any number of debentures to be made, executed and issued for the purpose and object aforesaid, not exceeding, however, in the aggregate the sum of $130,000.00, and each of the said debentures being of the denomination of not less than $100.00, and all such debentures shall be sealed with the seal of the Corporation and signed by the Mayor thereof.

4. The said debentures shall bear date the first day of July, A. D. 1921, and shall be made payable in fifteen (15) years from said date in lawful money of Canada at the Bank of Montreal in the City of Nelson, British Columbia, which said place of payment shall be designated by the said debentures, and the said debentures shall have attached to them coupons for the payment of interest and the signature of the Mayor to the interest coupons may be either written, stamped, printed or lithographed.

5. The said debentures shall bear interest at the rate of Six (6) per centum per annum from the date thereof, which said interest shall be payable semi-annually at the said office of the Bank of Montreal in Nelson aforesaid, in lawful money of Canada on the first day of January and the first day of July of each year.

6. There shall be raised and levied each year during the currency of the said debenture the sum of $6989.15 for the payment of the said debentures and such amount not exceeding $7800.00, as shall be necessary to pay interest accruing due that year in respect of such debentures calculated as in Section 2 hereof provided by a rate sufficient therefor on all rateable land or on all rateable land and improvements within the said Municipality of the City of Nelson.

7. It shall be lawful for the Mayor of the said Corporation to negotiate and sell the said Debentures or any of them, but in no case shall the debentures or any of them be negotiated or sold for less than Ninety (90) per centum of the par value thereof, including the cost of negotiating, brokerage and all other incidental expenses.

8. It shall be lawful for the said Municipality to repurchase any of the said Debentures upon such terms as may be agreed upon with the legal holder or holders thereof, or any part thereof, either at the time of sale or at any subsequent time or times, and all debentures so repurchased shall forthwith be cancelled or destroyed, and no reissue of debentures so repurchased shall be made in consequence of such repurchase.

9. This Bylaw shall take effect on and after the 30th day of June, A. D. 1921.

10. This Bylaw shall be cited for all purposes as the "Nelson Streets Improvement Loan Bylaw, 1921."

DONE AND PASSED in Council assembled this ..... day of....., A. D. 1921.

.....,
Mayor.

.....
City Clerk.

NOTICE.

Take notice that the above is a true copy of the proposed Bylaw upon which the vote of the electors of the Municipality of the City of Nelson will be taken on Thursday, the 9th day of June, 1921, between the hours of nine o'clock A. M. and seven o'clock P. M. at the City Hall, corner of Front and Ward Streets.

W. E. WASSON,
City Clerk.
Nelson, B. C., May 26th, 1921. (3390)

The jumper craze has given way to a passion for all-white needlework, and it is becoming the smart thing to take lessons in embroidering beautiful all-white table linen, says London.

BOYS WILL BEAT FAIRVIEW BOUNDS

Novel Ceremony Will Precede Main Celebration of Greater Nelson Day.

"Beating the bounds" of Nelson's newly acquired territory will be one of the novel features of the Greater Nelson day celebration next Friday, the King's birthday. Captain C. W. Busk was the author of the suggestion to "beat the bounds," on the lines in vogue in England since the days of Alfred, and the public meeting Thursday night adopted it unanimously.

Mayor C. F. McHardy undertook to sound the merchants on the subject of shifting the weekly half holiday from Wednesday to Friday, and last night reported that the merchants, on the whole, were strongly in favor of having it on Friday.

The "beating of the bounds," which will be participated in by the Kilties, the Cadets, the "Y" girls and all the boys' and girls' organizations in the city, and the school children, will precede a big basket picnic at Lakeside park, at which there will be a short program of speeches and a long program of sports and music. The tour of Fairview's boundaries will start about 1:30 o'clock from the city hall, every boy and girl being armed with a cedar branch with which to "beat the bounds,' while the rest of the program will follow immeditaely on the arrival of the beaters at the park.

Mayor C. F. McHardy was in the chair and Ross Fleming acted as secretary, among those present being Alderman John Bell, Al Tregillus, F. J. Boles, Kenneth Campbell, W. S. King, W. Douche, W. Romaine and George Millar.

Name Committees.

W. Douche and Alderman Bell were named the committee to delineate the boundaries to be traversed and to see that there wer white stones to be thrashed.

Captain C. W. Busk, W. S. King and R. G. Joy were named to have charge of the beating.

Mayor C. F. McHardy, Dr. W. O. Rose, M. P. P., Ross Fleming and A. S. Horswill will be expected to make five-minute speeches at the opening of the park program.

F. J. Boles, Leslie Craufurd, Kenneth Campbell, Captain W. T. Tait, F. L. Boyd and George Millar will have charge of the field sports, which will be confined to the children, and of the proposed regatta.

The music will be handled by a committee consisting of Ross Fleming, Al Tregillus, W. Romaine, Fred L. Irwin, F. Warner Smith and Pipe Major William McLeary.

Mayor McHardy will interview the merchants today to see if they are willing to change the half holiday to the King's birthday, which is both a school and legal holiday.

The committee wil lholda further meeting on Monday night, when any other suggestions made by the public in the meantime will be considered.

Captain Busk Writes.

Captain Busk's suggestion was contained in the following letter to the mayor:

"Dear Mr. McHardy: In compliance with your request for suggestions of how to celebrate the enlarging of the city's boundaries I beg to be allowed to make a suggestion.

"Why not revive for the occasion the old English cusotm known as 'Beating the Bounds'? This custom dated back as far as the Anglo-Saxon days in the time of Alfred and Althelston, and when I was a boy it was still practiced in many English parishes. The parochial officials formally perambulated the parish boundaries, followed by a crowd of boys, who carried green boughs with which they beat the boundary stones as they came to them, and sometimes the boys themselves or some of them were whipped or bumped on the boundary stones. The object, of course, of having the boys was that it would insure the boundaries being always remembered. After the perambulation was over it was followed by a feast, which made the event popular. It is not improbable that this is the survival of an old Roman festival called 'Amv-arvallia,' in which the Arval brothers went in procession round the boundaries with votive offerings and prayers to Ceres to insure the safety of the crops. This festival usually took place on May 29. At Leighton Buryard, a few miles north of London, in accordance with a bequest of a wealthy merchant, his will was read and beer and cakes distributed, while one of the boys had to stand on his head.

"To carry out the 'Beating of the Bounds' here in Nelson the mayor and aldermen and other city officials could lead a procession of boys from the three schools, carrying green boughs and commencing, say, at the head of Kootenay and Falls street, following the boundary to its southeast corner and then northerly round to the northeast corner on the Lake Shore in the neighborhood of the shipyards, and so to the Lakeside park, when a picnic and sports or some other amusements would be provided, one boy selected by his teacher from each class in each school being specially delegated to be the recipient of some public recognition and free supper, or so forth.

Yours very truly,
"CHARLES W. BUSK."

MRS. BRAKE IS GUEST OF HONOR

Women's Institute Gives Whist At Home; Address Read by Mrs. Brodie.

Thursday afternoon a whist at home was held in the K. of P. hall by the Social club of the Women's institute in honor of Mrs. E. Y. Brake, who leaves Nelson at an early date to join her husband at Cranbrook.

During the course of the affair Mrs. J. Brodie presented Mrs. Brake with a Dutch cream and sugar set from the members of the organization and read an address bespeaking the excellent work done by the guest of honor as an executive mmber of the institute.

Later, a dainty tea was served by the refreshment scommittee, which was convened by Mrs. Ruddick.

The whist prizes were won by Miss Blakeman and Mrs. Parker.

NEW LINK IS NOW OFFICIALLY OPEN

Gap in Transprovincial Highway at Kootenay Lake Is Bridged for Motorists.

With the taking over of the newly built Kuskanook wharf yesterday by the Dominion government the new Sirdar-Kuskanook link in the transprovincial highway was officially thrown open for use by motor tourists. Captain Fred Cogle and H. Perry Leake, the contractors, turned over the structure to R. A. Kirkpatrick, assistant to P. E. Doncaster, Dominion resident engineer for the eastern interior. A semaphore for use in signalling the C. P. R. boat is now being erected.

For this season, at least, cars will be carried by the steamer from Kuskanook to Nelson, or from Nelson to Kuskanook. Eventually, when suitable slip accommodation is provided for this special purpose at Balfour, motorists will have the option of taking their cars off at the Outlet and driving in.

The coming into use of the new link means that the gap between Creston and Nelson has been bridged and all the motor traffic of the transprovincial highway so far as constructed in the interior of this province, with that also from the connecting international roads, may now flow uninterruptedly across Kootenay lake.

Twenty Years Ago Today

From the Tribune, May 28, 1901

Justice Martin opened the new court house at Rossland yesterday. Sheriff Tuck of Nelson participated in the opening ceremonies.

NELSON, B. C.

Out of the Present into the Past

IT is interesting to note the excellent preservation of some old family residences. So well do they "fit into the picture" that except for their architecture one might almost imagine them the product of the present age, yet in reality they stand as silent tributes to the wise precaution against decay and deterioration on the part of a former generation.

Any house that is worth building should also be worthy of preservation by means of paint. The maximum of protection is found in

B-H "ENGLISH" PAINT 70% Pure White Lead (Brandram's Genuine B.B.) 30% Pure White Zinc 100% Pure Paint

The formula (70% Brandram's Genuine B.B. White Lead and 30% Pure White Zinc) produces a paint with a fine, smooth surface that does not crack, chip or peel and a surface protecting film that "will defy the elements.

Investigate B-H "English" paint—you'll find most Canadians use it because of its economy and lasting qualities. A trial will make you a convinced adherent to this brand that goes so far and lasts so long.

SATURDAY, MAY 28, 1921.

From Different Angles.

Dr. Edwin L. Thorndike, the Columbia university psychologist, has devised a system of intelligence tests intended to ascertain the mental abilities of prospective college students. They reveal not knowledge, understanding, but mental alertness, quick wit, perception.

Recently he gave these tests to 50 leading business men of an eastern city. The results were astonishing. Not one of the business men was up to the average of the young students entering Columbia. And the general average of the business men was still further below that of the college students. Yet the business men were all regarded as the highest type, conspicuously successful. What does this indicate?

It is not easy to believe that successful businessmen are less intelligent than college freshmen. Yet, perhaps, the affairs of this workaday world do dull our senses. Can it that proficiency in one line of work tends to rob one of his aptitude for everything else?

Thomas A. Edison looks at the matter from another angle. He says he finds that men who have gone through college are amazingly ignorant. "They don't seem to know anything." He basies his opinion on his experience with young people fresh from college who seek positions in his factories. He finds that many of them fail to answer the questions in the examinations which he has prepared as a test of fitness.

In other words, Mr. Edison finds the college graduates ignorant of many things he knows, but it may very well be that Mr. Edison is ignorant of many things the college people know, and it may also be that many of the things known to the young people from college are better worth knowing than many of the things known to Mr. Edison. There is room for the suspicion that Mr. Edison knows the answer to some of his own questions simply because he has prepared the questions.

But, no doubt, there are many useful and necessary things which college graduates do not know. It is impossible to learn everything at college, and it is not desirable that everything should be learned at college. If general education teaches the student how to learn it is accomplishing something worth while.

Daily Recipe

(Paste this in your Cook Book)

RAISED BUCKWHEAT PANCAKES

Two cups buckwheat, three-quarters cup wheat flour and one teaspoon salt. One yeast cake dissolved. Mix all together with warm water, and put in warm place for several hours to rise. Before using add one cup buttermilk, and one teaspoon baking soda dissolved.

Drowning was formerly a method of capital punishment in Europe.

Efficient Housekeeping

BY Laura A. Kirkman

A GOOD SUPPER MENU.

"Will you please build a supper menu containing apple sauce cake and give recipes?" writes a reader of this column. "I still have some of last fall's apples in the store room and they are only fit to use for apple sauce. I should think other women would like to use their left-over apples in this way also, and would appreciate a good recipe fo rthis cake."

Egg-Cheese Toast
Tea Stewed Fruit
Apple Sauce Cake

Egg-Cheese Toast: Cut ½ pound of American cheese into very small bits and add to it 1 teaspoon of prepared mustard, ½ cup rich milk, 1 teaspoon butter, 1 teaspoon Worcestershire sauce and ½ teaspoon salt. Mix these ingredients well and turn them into a saucepan over a moderately hot fire; stir until the cheese is melted and the mixture is creamy and smooth. Then pour it, hot, over pieces of toast, dust with black pepper, and place a poached egg on each slice. Serve at once.

Apple Sauce Cake: 1 cup of dry, unsweetened apple sauce will be needed for thic cake. The apple sauce should be cold, or almost cold, before being added to the cake batter. Make it in the following way: Pare any kind of apples, cut them into small pieces, and put them in a saucepan with no water (for a soggy cake will result unless the apple sauce is very dry); now place the saucepan over mild heat so that the apples may simmer until tender. Then beat them well and put them through a strainer. Let cool.

You can now begin to mix the cake batter. Cream together ¼ cup of butter and 1 cup of granulated sugar. Combine 2 cups of flour with ¼ teaspoon of ground cloves, 1 teaspoon of cinnamon and a grating of nutmeg, and sift this mixture over 1 cup of seedless and chopped raisins in another bowl; mix until the raisins are thoroughly coated. Now take your cup of apple sauce, stir - teaspoon of soda into it and turn it at once into the bowl containing the sugar and butter—so thta the soda will foam over all; sil vigorously as it foams. Then add the flour-and-raisin mixture to this bowl also; mix well again, and turn all into a buttered loaf cake pan. Bake from 1 to 1¼ hours in a moderate oven.

"Anxious": In covering jam or jelly with paraffin there is always the danger that the wax may not adhere to the sides of the glass and thus wil fail to make the glass airtight. For this reason you should pick up each glass in your hand after pouring the hot wax on the jelly and, before the wax has a chance to harden, run it around the edges of the glass. If you do this I am sure you will have no further trouble.

Mrs. John H.: Your apples will not burst when baking if you will prick the skin with a fork before putting them into the oven. Also do not bake them in too hot an oven.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

Styles

BY LENORE

Like a garden in June are the gay little frocks for wee ladies. For when one is all of six, one's clothes, to be chic, must be colorful and bright. So while the frocks shown in the shops are as varied in styles as the types

of small girls, there is but one thing to say about the color—the rainbow is the limit.

Charmingly unusual frocks in dotted swiss and organdie were featured this wee kin violet, canary yellow, cornflower blue, candy pink, and shades of red, with smocking, tucks, piping, frills, ruffles, and yarn embroidery as the chief points of interest in the matter of trimming.

Many of the designs used skirts of three tiers of ruffles, pointed or scalloped, with picot edges, but the simpler patterns were cut on waistless lines like the little model in the sketch, which in color suggests a handful of violets fresh from the moist soil. It is made of dotted swiss with frills of narrow Valenciennes lace, capped by a tiny cluster of pink rosebuds at each section. These may be easily removed before tubbing.

PATTERN NO. 173.

A pattern for the above model (No. 173) can be obtained in ages 4, 6, 8, 10 or 12, by sending to The Daily News your name and address, number of this pattern and age required, and 15 cents in postage stamps. Be sure to keep this newspaper clipping of the sketch and description of the garment to use as a working model when the pattern reaches you—which will be within two weeks.—The Editor.

The Lighter Side

You can't blame them. Rouge covers a multitude of years.

—o—

Oh, Yap, that atrocious puns are perpetrated on thy name.

—o—

A bitter-end feminist is one who objects to the use of hymns instead of hers.

—o—

Few girls marry for money. But they find it rather easy to love a rich man.

—o—

It sounds unreasonable, but in the old days a young man was thrilled to the toe nails when a girl permitted him to hold her hand.

—o—

Unhappy thought. If one isn't content with the wages of sin there will be no chance to walk out.

—o—

The discovery that gas is the most humane of weapons came too late to save Heinie a lot of cussing.

—o—

The hog has his faults, but he doesn't seize and store away more than he can ever hope to use.

—o—

The booster is an excellent citizen if he doesn't confine his activities to the first person singular.

—o—

When normalcy returns, the girl in quest of a husband will again reveal her biscuit instead of her ankles.

—o—

Some day in the distant future men will learn that when a worm dangles within easy reach there is a hook in it.

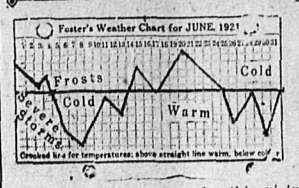
—o—

Some of the braver ones followed the style and uncovered their ears, but others are still waiting for settled warm weather.

—o—

There are not so many tacks and nails in the roads now, but the motorist still picks up an occasional scarf pin or belt buckle.

FOSTER'S WEEKLY WEATHER BULLETIN



This weather chart is for this vicinity. Dates of month are at top. Warm waves are expected to reach this vicinity near dates where crooked line goes to tops; cooler than usual where they go to low points. Storm waves follow warm waves.

WASHINGTON, D. C., May 28.—During the early part of week centering on June 4 one of the most severe storms of the year will open its batteries on the Eskimo people of northwestern Alaska and those grandchildren of the Japanese race will have a serious time of it, because that fierce storm will be at its greatest intensity at that time and place. About June 4 all the northern Rockies and the lower countries on eac hside of the mountain crest will be covered by a great warm wave. The more intense that warm wave the greater fear and caution you should have about that monster beast behind it, making a charge to the southeastward, similar to that of Roosevelt's nosehorned African beast. Somewhere between the Yukon forests of northern Alaska and New Orleans, during first week in June, will occur a historic destruction of life and property almost as relentless as that caused by the new go-carts of our country highways.

Above is only one chapter of the greatest storm period of 1921. A frost, the most destructive of the year, will follow these great storms and much damage will occur to early crops, particularly in the Missouri ,upper Mississippi, Red of the North, Saskatchewan and Albany river valleys and about Lake Manitoba, Lake Winnipeg and the Great Lakes.

Middle of the low—storm center—will cross meridian 90 near St. Louis not far from June 5, move southeastward toward southern part of the Alleghanies, then northeastward toward Newfoundland. You may have noted that these storm centers have been closely following the paths I marked for them. This great storm center will move from St. Louis to Newfoundland in three or four days. Rain? Yes; a plentiful supply of it. Of course the topography of the land surfaces—elevations and depressions—will cut off a few localities, but the rains will be so general that I will not now try to select the exceptions .

Monthly changes in rainfall for the season have been calculated for near March 16, April 14, May 14, June 11, July 12. The longer period changed near middle of April and will change again near October 1.

I am expecting a hurricane in the vicinity of Cuba about July 10. It will be a very dangerous tropical storm and much destruction of property can be avoided by giving attention to this forecast. I can not give any further information about it except that it will cause very cool weather in the middle west. The path and destructive force of these hurricanes can be foretold as correctly as I am giving the daily temperatures at Pittsburg, St. Louis, St. Paul and other localities, but I am not financially able to work out that important problem. I would work it out if I had the money to pay for the work. An observatory has been established in Cuba to study the hurabout the cause of any kind of storms, they can not progress. I absolutely know the causes of all kinds of storms, but have only partly worked out the problems. Lack of means to pay for the work is the reason. The Cuba hurricane institution could get my knowledge of hurricanes, but not till they come after it.

Ten Years Ago Today

Rinso

You need not rub

You need not boil your clothes

The wonderful new soap in granules, just soaks the dirt out of your clothes in a few hours. No need to use the wash board or boiler.

Moreover, Rinso saves your clothes. In these pure, cleansing suds they soak as safely as in water alone. There are no harsh chemicals to eat the fabric. Just rich, pure suds, so mild they do not even redden your hands.

If you have a washing machine—

Soak the clothes overnight in the usual Rinso way. The cleansing suds loosen every bit of dirt. In the morning operate the machine for a few minutes and the clothes are perfectly clean—even the most soiled spots.

CHEERY ARROWHEAD PARTY AT NAKUSP

NAKUSP, May 26.—A merry party of boys and girls brought down by Captain Soles of the Yale tug from Arrowhead on Sunday, May 22, enjoyed a happy outing at Nakusp. Dinner was provided at the Grand hotel. The party, numbering about 60, returned by barge at 6 o'clock. They attended the baseball match, in which Nakusp was the victor with a score of 24 against 9 by the Arrowhead visitors.

SLOCAN CITY NOTES

SLOCAN CITY, May 27.—J. M. Rae left on Wednesday for Bellingham, Wash., where he had been called owing to the death of one of his brothers.

Blair B. Carter, who has been a resident of Slocan for about 25 years, left on Wednesday for the Yukon.

Mr. Levy of New Denver, government road superintendent, and William Gunn are in town.

W. E. Graham has purchased the property originally owned by J. A. Anderson and is taking possession of the property at once.

YAHK NOTES

YAHK, May 27.—Mrs. Corrie of Wycliff spent last week here as Mrs. S. J. McCartney's guest.

Mrs. Bond of Calgary visited her son here during last week and left on Tuesday to visit at Pendleton, Ore.

Miss Baker, from Cranbrook, spent the week-end here visiting her parents.

The first dragoon regiment, the Scots Greys, was formed in 1861.

Although crabs easily lose their claws they readily grow them again.

There are 1400 species of dragon flies.

EMPIRE DAY IS GALA DAY

Yahk Folks Enjoy Fine Sports Program; Dance in Evening.

YAHK, May 25.—Empire day was a gala day at Yahk when a sports program of events drawn up by the C. P. R. Athletic club was keenly contested, the results being:

Twenty-five yard dash for children under 6—Seven entries, all winners.

Foot race for boys under 12 years—1, Frank Laird, fishing rod; 2, George Percival, knife.

Girls under 12—1, May Cox, dress length; 2, Esther Neilson, half dozen handkerchiefs.

Girls and boys under 9 years—1, Reggie Laird; 2, Hazel McCartney, box chocolates.

Married ladies' race (must be mothers)—1, Mrs. L. Cox; 2, Mrs. Rattary; 3, Mrs. F. Klingsmith; last, Mrs. Pete Herric.

Men over 45, 50-yard dash—1, Sam McCartney.

Fifty-yard dash—1, W. Baum; 2, A. Chenier; 3, Lee Herric; 4, L. Cox.

Sack race for children—1, Charlie Carter; 2, May Cox.

Three-legged race—1, C. Chartier and W. Keys.

Married ladies' race, free for all—1, Mrs. Jack Harrison; 2, Mrs. L. Cox.

Single men's race—L. J. Strong; 2, W. Ransden; 3, A. Tipper.

Young girls' race—1, Grace Baker; 2, May Cox.

Putting the shot—1, A. Wicker.

Threading the needle, for ladies—1, Mrs. Jack Harrison; 2, Mrs. Fred Klingsmith.

Boot race for men—1, W. Ransden; 2, J. Strong.

Standing jump—Lee Herric, 8 feet 2 inches.

Running broad jump—W. Baum, 14 feet 10½ inches.

Running hop, skip and jump—W. Baum, 29 feet 9 inches.

Tug of war, single men vs. married men—1, married men, J. Harrison, L. Cox, G. Shaw, S. Foreman, Lee Herric and Pete Hepric, anchor; single men, A. Wicker, Ken Metherson, K. Bairck, Dan Sinclair, R. Watson and J. McLean.

A football match between married and single men resulted in victory for the latter. Married team—E. Horn, captain; J. Hamilton, R. Jarvis, L. Herric, J. Nedlic, J. R. Henderson, D. Paternall, W. Baum, L. Cox, S. Foreman. J. Walker. Single team—W. Bond, J. Strong, J. McLean, B. Griffith, R. Tipper, J. McMillian, J. Allen, W. Lansden, K. Matherson, F. Mitchell.

All the events were run off without a hitch. Starter, J. B. Henderson; judges, E. W. Klingsmith and Lee Herric. A vote of thanks was given to Mrs. E. W. Klingsmith, who made the presentation of prizes.

Lewis Perron, in charge of the refreshment wagon, did a wonderful business. Much credit is due to those who helped in clearing the land. The sports committee wish to thank all those who gave toward the prizes, which amounted to $75.

Wind Up With Dance.

The athletic club gave a confetti dance to finish the day's sports. A good number enjoyed the evening.

Quail sometimes hatch as many as 24 eggs at one setting.

Finest topazes come from Brazil and the Ural mountains.

CELEBRATE EMPIRE DAY AT FRUITVALE

FRUITVALE, May 27.—The biggest crowd that ever gathered at Fruitvale was seen here on Empire day, the morning train bringing in holiday seekers from Salmo, Erie, Ymir and Benton Siding, while several cars also came in from those points and Waneta and Trail.

The weather was perfect and the baseball match between the Salmo and Fruitvale teams kept the crowd excited from 11 a. m. till 1 p. m. Fruitvale won by 26 to 21.

Stuart for Salmo pitched the first two and last two innings, while McLaughlin and Curwin substituted between. The lineup:

Salmo.	Position.	Fruitvale.
Huston	Catcher.	W. Grieve
B. Stuart	Pitcher.	T. Crowe
C. Cummings	First Base.	G. Grieve
A. Cawley	Second Base.	S. Bell
W. Millburn	Third Base.	A. Wrightman
W. McLaughlin	Shortstop.	G. Wicks
S. Curwin	Left Field.	G. Mason
J. Sapples	Center Field.	L. Clarke
C. Benny	Right Field.	H. Mitchell
E. Clarke	Substitutes.	W. T. Barrett

Umpire—Mr. Turner, Salmo.

In the afternoon the usual sports were held, the mounted wrestling being much appreciated by the crowd. The following were the prize winners of the several races:

Boys under 4—First, M. Barrett; second, O. Grieve; third, J. Davis.

Girls under 4—First, E. Morrison.

Boys under 6—First, M. Barrett; second, J. Davis; third, T. Moon.

Girls under 6—First, F. Varseveld; second, N. Barrett; third, B. Mason.

Boys under 8—First, S. Knowles; second, J. Jarrett; third, D. Barrett.

Girls under 8—First, K. Cole; second, W. Mason; third, F. Varseveld.

Boys under 10—First, W. Grieves; second, H. McCarter; third, G. Mason.

Girls under 10—First, R. Barrett; second, R. Kinney; third, A. Jarrett.

Boys under 12—First, D. Knowles; second, E. Grieves; third, J. Jones.

Girls under 12—First, G. Mason; second, J. Varseveld; third, G. Lindholm.

Three-legged race—First, D. Knowles; second, E. Grieve; first, J. Fair; second, H. Payant.

High jump for men—First, E. Clarke; second, C. Bennie; third, G. Grieve.

Pole vault for men—First, C. Benny; second, S. Bell; third, W. McLaughlin.

Pole vault for boys—First, C. Mason; second, E. Grieve.

Mounted wrestling—First, R. Wicks; second, G. Wicks; third, D. Wicks.

Boys under 16, 100 yards—First, D. Wicks; second, H. Payant; third, D. Knowles.

Girls under 16, 100 yards—First, S. Wallis; second, G. Mason; third, M. Grieve.

Men's race, 100 yards—First, G. Wick; second, S. Bell.

Ladies' race—First, Mrs. Wagner; second, Mrs. Waters.

Nail driving contest (ladies)—First, Mrs. R. Morrison; second, Mrs. Banett.

Long jump, boys—First, D. Wicks; second, E. Grieve.

Greasy pole, boys—First, E. Grieve; second, D. Knowles; third, W. Grieve.

Obstacle race—First, H. Watson; second, H. Mason.

Potato race, boys—First, C. Swanson; second, W. Grieve; third, L. Knowles.

Potato race, girls—First, M. Webster; second, J. Swanson; third, G. Mason.

Recitation contest—K. Cole.

BOSWELL NOTES

BOSWELL, May 27.—A. Daniels, school inspector, paid an official visit to Boswell school on Thursday last and heard the reading of the three candidates who are taking the high school entrance examination this year, namely, Frank Cummings, Mary Kennedy and Stanley Hepher.

Mr. and Mrs. Ben Luck and Master Fred Luck of Bull River, B. C., came in on the Crow boat Saturday evening and were the guests of Captain P. Hyatt over the week-end, leaving again on Monday morning.

C. H. Babbington, who is working with the Sash and Door company, at Kitchener, spent the week-end with his family in Boswell.

Mr and Mrs. Jack Bell and family of Nelson spent Tuesday in oBswell, the guests of Mr. and Mrs. I. Lewis.

Dr. G. B. Henderson of Creston paid his annual official visit of inspection to the Boswell school on Thursday, returning to Creston on Friday morning.

Upward of 50 guests accepted the invitation of Mr. and Mrs. S. J. Cummings to an Empire day picnic at Goat creek. A calm lake and glorious sunshine made an ideal day for the outing, lunch and tea being enjoyed out of doors at two long tables beneath the shade of silver birch trees. Swimming, bathing and boating proved very popular with the younger members of the party, whilst the Goat creek falls had many admiring visitors during the course of the day.

There was a representative gathering in the school on Saturday afternoon for the organization meeting of the Boswell Farmers' institute. Captain E. J. Oatts was voted to the chair and H. Johnstone acted as secretary for the meeting.

Several nominations were made for the five directors required and as the result of the ballot the following were appointed: H. Johnstone, K. Wallace, R. Ellis, E. J. Oatts and J. Campland.

At a directors' meeting held subsequently the officers elected were: President, R. Ellis; vice president, E. J. Oatts; secretary-treasurer, H. Johnstone.

Captain P. Hyatt left on Monday morning for Calgary. En route he will visit his sister, Mrs. Luck, at Bull River, for a few days and will return to Boswell early in June, accompanied by Mrs. Hyatt, who is on her way from England to join her husband.

A. L. McFletcher, fruit inspector, spent a day in Boswell on official business recently.

CRESTON NOTES.

CRESTON, May 26.—H. S. McCreath was notified on Saturday that he had been awarded the mail carrying contract between the Creston and Lister post offices and commenced the work on Monday. He is using an auto truck, which enables him to give a delivery service for the benefit of local merchants and Lister shoppers—the soldier settlement area being at present without a store.

While Creston will have to finance the erection of at least a one-room addition to the public school and provide funds to pay the stipend of the extra instructor, the trustees are in some luck in that only two of the present staff of five teachers are asking for an increase in pay—and both of them very modest raises indeed.

The flood waters on the flats have now reached a point where the operation of the Kootenay river ferry was discontinued on Sunday and residents of West Creston are now utilizing boats for their trips to town. If the hot weather continues much longer there is great danger that the floods will reach a point where they will swamp part of the berry area at Wynndel, some of which is on the low lying lands, though no serious trouble of this sort has been experienced in at least a dozen years.

The first draft of the Methodist conference stationing committee shows Rev. G. Knox reappointed to Creston for another year. During the pastor's absence at conference the pulpit is being exceptionally ably supplied by Mr. Asher of Creston.

Mrs. George Palmer of Kaslo arrived on Monday on an extended holiday visit with her sister, Mrs. Charles Moore.

Major Mallandaine is combining business with pleasure on a visit at Cranbrook this week.

H. E. Thomas, cashier at the Bank of Commerce, is away on a two weeks' holiday, at his home at Nanaimo.

George Mead, cashier at the Imperial bank, was a week-end visitor with friends at Fernie.

Mrs. Hamilton of Edgewood is a visitor at Christ church vicarage with Rev. and Mrs. Varley.

Mrs. Ryckman got back on Friday from a four months' visit with her daughter, Mrs. Crisler, in California.

E. A. Vachon and Mrs. Vachon and children were motor visitors at Kuskanook on Sunday, being about the second to make the trip by auto to that point.

Mr. and Mrs. Leasby and Mrs. North were the Sirdar representatives at the Christ church Ladies' guild country fair on Victoria day.

Mrs. E. A. Davis and family have arrived from Fernie and are occupying the Baines residence, which Mr. Davis purchased a few days ago.

The Store for Style

SCOTCH-CANADIAN PARTY ALL STARS

Comedian, Singer, Violinist and Reader All Are Known to Fame.

"An all-star organization, a truly artistic company," has been said of the Scotch-Canadian Concert party, who will appear on the last day of the Chautauqua. Each members is not only a gifted artist but a student with years of experience and training on the recital and concert platform. The receptions accorded the individuals of this company prove more conclusively their popularity.

Good to look at, pleasant to meet, and delightful to hear, is a mental summary of Walter Henderson, Scotch comedian. With grace in movement, manliness in bearing, and resonance and burr in voice, he embodies every virtue associated in the mind with a genuine Scotch gentleman. Beginning with a natural aptitude for both impersonation and song, he has developed his natural gifts to the point of attainment where he easily rangs among the foremost in his profession.

Walter Henderson's repertoire includes not only practically all of the old songs dear to the Scotch people where ever they may be, but also the songs of sentiment and modern comedy.

Noted Canadian Singer

"Canada's greatest soprano," "a marvelous voice," "a supreme concert artist," say the eastern papers is referring to Miss Edna Reed's work. "Miss Reed, the brilliant young western soprano, has captured the heart of musical Toronto," says the Toronto Globe.

Miss Reed is an Edmonton girl, but went east and received her musical training in Toronto Conservatory and most of her concert work has been confined to eastern cities. She has just returned from a tour of Montreal, Detroit, Kingston and Ottawa, where the press reports were exceedingly flattering.

Thelma Rose, violinist and accompanist, is also a graduate of the Toronto Conservatory. In addition to her solo work she will assisit Walter Henderson and Miss Reed.

Marietta La Dell, B.E., a peer among readers, will be seen at her best this season. "Miss La Dell may well feel proud of the audience which greeted her," says the Revelstoke Herald. "Her return will be hailed with delight," the Lethbridge News says of her. "Miss La Dell as an entertainer is the best we have had here for years," the New Westminster Columbian says, "she held her hearers spellbound." Although born and educated in the province of Ontario, Miss La Dell has traveled extensively over the North American continent and has appeared on all of the large Chautauqua circuits. As an interpreter of literature; impersonator of child life, and popular entertainer, she has few equals. She will especially appeal to the children for in her expression of child life she enters enthusiasticallp into the thought and life of the children whom she impersonates.

Cotton will grow only in dry and sandy soil.

Dromedaries can outrun the swiftest camels.

WEAPON PERMITS EXPIRE TUESDAY

All existing firearm licenses will expire next Tuesday, May 31, being the termination of the license year, and new licenses are due to be procured on Wednesday, June 1.

The Provincial Game act provides that, with the exception of Indians, militiamen, or persons bona fide engaged in target shooting, no person shall carry any firearms of any description without first taking out a license under the act, while section 118 of the Criminal Code of Canada, as amended, enacts that everyone is guilty of an offence who has in his possession any firearm without having a permit therefor.

Consequently, every person taking out a firearm license must also secure a weapon permit, and persons having firearms in their possession and not taking out a firearms license must, nevertheless, obtain the required weapon permit.

A weapon permit will be stamped on the back of each of the new firearms licenses issued out of the government agent's office at Nelson, but as the character of the weapons in the possession of the applicant must be inserted it will be necessary that a list of such be given by each person applying for either a license or a permit.

TO BE DYSPEPTIC

IS TO BE MISERABLE

The poor dyspeptic suffers untold agony after every meal, and any one who has dyspepsia knows what joy it would give to eat three square meals a day and not be punished for it after. Nearly everything that enters the weak stomach acts as an irritant, and even the little that is eaten causes such torture and is digested so imperfectly that it does little good.

Before you can eat heartily, and not pick and choose your food, you must put your stomach into such a condition that it will manufacture its own digestive ferments.

For over forty years Burdock Blood Bitters has been toning up and restoring weak stomachs to a normal healthy condition so that the food no longer causes distress, but is thoroughly digested and assimilated, and enables one to partake of all the wholesome food required without fear of any unpleasant after effects.

Mrs. Alice Becknorth, Fesserton, Ont., writes:—"I have been a great sufferer from indigestion and dyspepsia for several years. I could not eat anything without almost dying from the pain in the pit of my stomach. Seeing Burdock Blood Bitters highly recommended I tried a bottle, and can gladly say it relieved me. I can eat anything now, and am in perfect health."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

DYE ONLY WITH "DIAMOND DYES"

Unless you ask for "Diamond Dyes" you may get a poor dye that streaks, spots, fades and gives that dyed look. Every package of Diamond Dyes contains simple directions for home dyeing or tinting any new, rich, fadeless color into garments or draperies of any material. No mistakes! No failures!

GIRLS! BLEACH SKIN WHITE WITH LEMON

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

CROWDED HOUSE SEES POLLYANNA

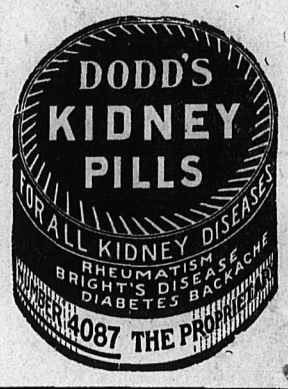
Allen Players Delight Audience With Comedy of New England Life.

"Pollyanna," a four-act play presented by the Allen players at the opera house last evening, proved a worthy successor to the previous offerings of this excellent company and was enjoyed by an overly-crowded house.

The characters called for in the cast were entirely different from anything prsented by the company here, so far, and were met with great enthusiasm by the audience, who were swayed to the varying emotions of tears and screaming laughter by the antics of the various performers.

With scenery and costumes typically "smalltownish" the mannerisms of the actors as residents of the village variety were above criticism. The entire production was good and those who were fortunate enough to get seats were glad they had not missed the chance of seeing the glad girl in the glad play.

Tonight the preseentation will be "Fair and Warmer" and this afternoon at a matinee "The Cave Girl" will be produced.



Greater Nelson Is in Existence

At one second after midnight last night, according to the city hall authorities, the union of Fairview with Nelson was accomplished, under the terms of the lieutenant-governor's proclamation, and Greater Nelson came into being.

The property owners of Fairview last fall gave their written consents to the proposed union, Ross Fleming and his annexation committee utilizing the liquor plebiscite occasion to start the ball rolling with one-third or more of the required names.

Ald. Mrs. W. G. Foster mothered the bylaw for the extension of the city's boundaries, on which the citizens voted at the civic election in January, carrying the bylaw by a huge majority.

The movement, so far as late years is concerned, originated last July, with approaches which the Hume school district trustees made to the Nelson school board for amalgamation. The Nelson board took no positive action, pending the larger issue of complete amalgamation of the city and Fairview.

The Hume school district turned over its books and assets to the city on Mondoy, the school board assuming direction of the Hume school. From today the city authorities will be responsible for the administration of Fairview, including street maintenance, street lighting and maintenance of order. The government will, however, finish collecting the current taxes which it levied in January, later turning them over to the city.

About the first civic duty the citizens of Fairview will have to perform will be to vote, as property owners, upon the bylaw to enable the city council to do road building this year, the transprovincial route being the route it is desired to improve first.

KARO SEND A TRIAL SHIPMENT

A shipment of one ton of ore from the Krao mine at Ainsworth, which is being worked by W. E. Zwichy, is recorded in the weekly ore statement from the Trail smelter.

The week's receipts at the smelter were 9587 tons of ore, all but the Krao's contribution being from the Consolidated Mining & Smelting company's own properties. This brings the total for the year to 167,940 tons of ore and concentrates, up to May 21.

In detail the receipts for the year are as follows:

Company's mines	165,341
Nelson-Arrow Lakes	
Gold Hill, Taghum	33
Millie Mack, Burton	12
Boundary-Similkameen.	
Bell, Beaverdell	16
Horn Silver, Chopaka	260
Sally, Beaverdell	33
Sutherland & Thompson, Bea-	
Slocan-Ainsworth-Lardeau.	
Black Prince, Slocan City	57
Blue Bell, Riondel	1,114
Gem, Sandon	11
Krao, Ainsworth	1
L. T., Slocan City	11
Nip and Tuck, Sandon	5
No. 1. Ainsworth (leasers)	112
Ruth, Sandon	21
East Kootenay.	
North Star, Kimberley	111
Paradise, Lake Windermere	213

Social and Personal

H. M. Cobbett was at Trail yesterday on business.

Herbert Jordan has returned from Rossland, where he spent part of the week.

T. A. Whieldon, the South Slocan fruit rancher, was a business visitor to the city yesterday.

R. Sinclair Smith, appraiser for the land settlement board, left last night for Burton on departmental business.

Mr. and Mrs. J. A. Irving, Miss Catherine Whitmore, Clifford Irving and Gordon Lambert motored to Trail during the week.

C. W. Tyler, court stenographer, left last night for Revelstoke to report the postponed assizes, which are now fixed to open on Monday.

Rev. J. P. Westman arrived home last night from the Methodist annual conference, held at Victoria, and will fill his pulpit in Trinity church tomorrow.

John Marquis and James Howes left yesterday afternoon for the Lardeau on a hunting trip for grizzly. They are bound for Five Mile creek, which empties into Trout lake.

Walter Ware, who has been Canadian Press telegraph operator on The Daily News' leased wire for the last six months, leaves this morning for Saskatoon, where he will handle the wire in the Phoenix office.

Mrs. C. V. Gagnon received a telegram from Vancouver yesterday informing her that her daughter Eulelae had passed her normal school examinations and expected to be home some time during the next week.

A miscellaneous shower was given to Miss C. McInnes by the Daughters of Scotia on Wednesday evening at the close of the regular meeting. A musical program was given and a social evening was held. About 30 members being present.

At 6:30 o'clock this morning a company of 22 Cadets leave for a week-end camp at Six Mile lakes. A company of five working boys will leave tonight under command of Corporal Palmer Rutledge to join the main camp.

Gilbert Hatfield Dies.

HOBOKEN, N. J., May 27.—Gilbert Hatfield, a member of the pennant-winning New York Giants in 1888 and 1889, died suddenly of heart failure here yesterday. When in his prime he established a record for throwing a baseball for distance.

WILL DEVELOP SILVER LEAF GROUP

"Bosem" W. J. Richards and two others have commenced development work on the Silver Reef group on Anderson creek. The property is a group of three claims staked and worked by Pat. Perkins and associates of Kaslo, and has a good showing of silver-lead. It is the intention of Mr. Richards to push development work all summer.

DEATH ACCIDENTAL.

EDMONTON, May 27.—A finding of accidental death was given tonight by the jury investigating the demise of L. M. Treffrey, manager of the Pantages theater here. Evidence showed that he fell down the stairs from his office while in a faint or stumbled in the darkness.

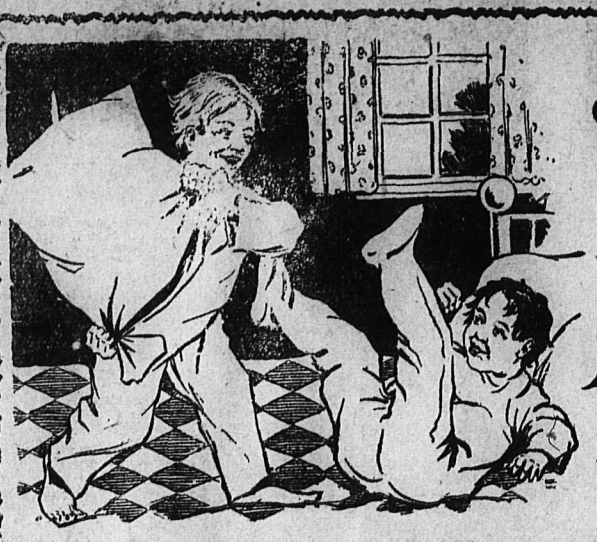
The theory of foul play was discredited.

CATTLE TRADERS DEJECTED.

CALGARY, May 27.—Livestock men here are advising farmers and ranchers to refrain from sending big shipments to the stockyards until the situation arising out of the immediate imposition of the United States emergency tariff adjusts itself. The trade is dejected today and general dullness was evident on the local market after it became known that the president had given his signature to the measure. No break in the market is looked for locally, as dealers believe the result of the bill has already been anticipated and are reflected in prevailing prices.

Centenarian Dies.

WINNIPEG, May 27.—Mrs. Elizabeth Marrable, aged 101, who crossed the Atlantic from Epping, Essex, when she was 90 years of age, to join her daughter in Winnipeg, is dead here.



The Joy of Living

DO you feel like these children in the morning, full of energy and buoyant spirits?

Do you get up refreshed by your night's sleep ready for anything the day may bring forth?

You should and you may if the simple rules of health are observed.

It is possible that by some excess in eating, or over-exertion, your heart has not been working with its accustomed regularity, and you are not getting undisturbed and refreshing slumber.

Your sleep may be broken with terrible dreams, smothering spells, sinking sensations, and even fear of impending death.

Milburn's Heart and Nerve Pills have brought relief to hundreds of such cases.

Milburn's Heart and Nerve Pills enrich the blood, strengthen the heart and tone up the nerves, making the whole organization work in harmony, and bringing back in a few days that blessed condition where you sleep as peaceful as a child and hail with joy the return of another day.

Mr. Harold Acker, Springfield, N.S., writes:—"I was bothered all the time with nervous headache and dizziness. I could not stoop down at times, as everything would get black before my eyes. I could not sleep at night, and my appetite was very poor. I was almost on a nervous breakdown. I used four boxes of Milburn's Heart and Nerve Pills and they helped me fine. I would recommend them highly to any person troubled with their heart or nerves."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by

BEST THING EVER PUT UP TO CITY

Property Owners Will Get Great Benefit by Road Bylaw.

With all this year's road building program of $50,000 outlay on good roads covered by a tax increase of less than two mills on land and improvements in Greater Nelson, and with the practical certainty that the government will provide sources of revenue that will reduce Nelson's taxes on real estate next year, opinion in civic circles inclines to the belief that there has never been a better proposition put up to the property owners of Nelson.

If ever the city in the next few years intends to do a liberal amount of road work, this is the year it should do a liberal portion of it, it is argued, for this is the year when employment is needed.

That the costs of road building in Nelson has taken a decided drop in the last two or three months through improvement in methods as a result of expert supervision, is claimed by the members of the public works committee, who point to the fine job made of Silica street, it being also the cheapest road construction in Nelson for years. This improved showing in costs means that the work can be done now to greater advantage than ever before.

Road Work or No Road Work

The question of whether there will be any more road building in Nelson this year turns on the fate of the bylaw. When the city council made up the estimates this bylaw for a debenture issue for permanent road work was in view and the appropriation made from current revenue was only what was required for a liberal amount of maintenance. That amount has nearly all been spent—almost wholly on permanent work—and road work will simply cease altogether if the bylaw should be defeated, members of the council state. In such an event the city, it is pointed out, would probably be up against providing a substantial amount of relief in the winter, when work could be done to less advantage than now.

All these elements combine, in the opinion of the city fathers, to make it desirable for the city, now that its debenture debt is materially reduced, to make a substantial start this year toward securing the system of good streets which everyone for time out of mind has professed to be strongly in favor of.

Easily Wins Hurdle Heats.

CAMBRIDGE, Mass., May 27.—Earl Thompson, of Prince Albert, Sask., world's champion hurdler from Dartmouth college, easily won his heats in the 120 and 220-yard hurdlers in the 46th annual championship games of the inter-collegiate athletic association meet, held in Harvard stadium today. The finals will be held tomorrow.

Steamers Due This Week-End.

MONTREAL, May 27.—The steamship Canada was 375 miles east of Cape Race at 6 o'clock Thursday morning and will probably reach Quebec late Sunday night or early Monday morning. She carries 332 third class passengers and 198 cabin.

The steamship Minnedosa, from Liverpool, is expected to land 1007 third class passengers at Quebec at 5 o'clock Sunday morning and arrive here in the afternoon with 480 cabin passengers.

Do you realize the number of collisions daily?

The number of times you have just "missed" being hit by another car—what it actually cost to have some of the "wrecks" you have seen repaired?

Just consider how much you would appreciate a British America Policy when your car is damaged by collision. Luck will not be with you always. Your car may be the "next" job for some garage man to repair. You simply cannot afford to be without Insurance.

Liability, Fire and Theft Policies offer Honest Protection. The cost is trifling.

DRAMA AT THE CHAUTAUQUA

The Coffer-Miller Players in Sheridan's ancient comedy, "The Rivals."

ENGLISH CRICKET

LONDON, May 27.—(Canadian Press)—In cricketing results today, Middlesex beat Warwickshire by 177 runs, the scores being, Middlesex 366 and 163 for nine wickets, when they declared, and Warwickshire, 299 and 123. Bruce scored 144 for Middlesex in the first innings and Waddy made 109, not out, for Warwickshire.

Gloucestershire, with 236 and 245 runs, including a century by Dipper, defeated Leicestershire, who scored 172 and 156. The winners took the game by 163 runs. E. Tyldesley, who is picked to play in the test match against Australia by an all-England team tomorrow at Nottingham, made 71 and 137 for Lancashire against Hampshire, and the former team scored 181 and 267 for four wickets when they declared against Hampshire's 239 and 183. Lancashire won by 27 runs.

J. W. H. Douglas, the captain for the all-England team, on Saturday scored 210, not out, for Essex, against Derbyshire, and the former team scored 396 for nine wickets and declared, against 114 and 208. They won by an innings and 74 runs. Douglas took nine wickets for 47 runs from Derbyshire in the first innings.

Cambridge University beat Yorkshire by 123 runs.

DIXIE GIRLS ARE PLEASING TRIO

Are Always Popular With Chautauqua Audiences for Their Southern Melodies.

"They always make good," is the consensus of opinion from reports on the fifty Saskatchewan and Manitoba towns where the Dixie Girls, who are coming with the Chautauqua, appeared last fall. Although they are individual artists, yet their ensemble work equals if not excells their individual work. They are the possessors of rich, full voices and their harmony would do credit to almost any male organization. In their rendition of "Hiawatha's Melody of Love," all the delicate shading, modulations and quality that is inherent in the selection is brought out.

These are the original Dixie Girls that have been read about. They wear the costumes of the belles of 1860, and delight with their appearance and artistry. In a combination of this kind which portrays the old southern songs one will no doubt expect some of the old negro melodies. In their rendition of these old spiritual songs they are rendered in the same spirit in which the negroes themselves gave them and are not intended as sacrileges. In "Ah Got a Ford" there is no sacrilege meant, but only a true interpretation of the negroes' version.

In addition to their individual and ensemble numbers they give a dramatic sketch entitled "The White Lie." This is presented with every eqeuipment and correct costuming that the play suggests.

Four beautiful singers, four excellent readers, four talented musicians, four intelligent and experienced young ladies. This company brings good cheer, plenty of comedy and real entertainment. They have all had several season's experience on Chautauqua platforms and have been proven successful. They are all charming to meet off the platform.

Baby's Own Soap

The fragrant creamy lather of "Baby's Own Soap" and its absolute purity have won a great popularity.

It's best for Baby and best for You.

CATARRHAL DEAFNESS MAY BE OVERCOME.

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Parmint (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.

FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength.

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

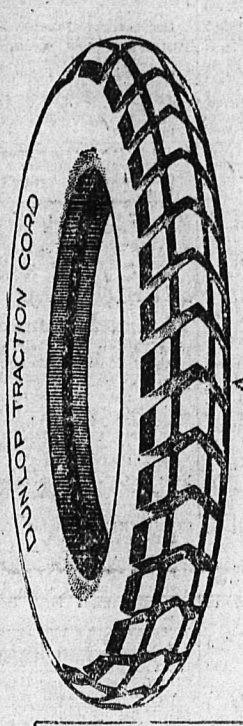
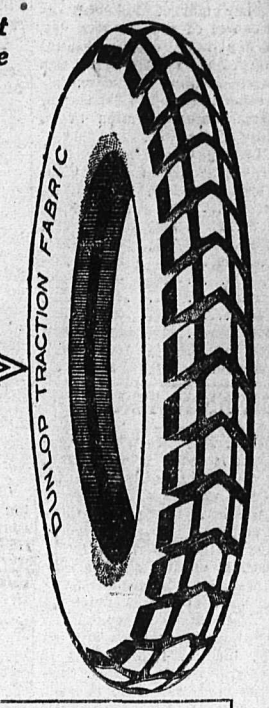
Dunlop Cord and Fabric Tires Are Now Made by the Same Unbeatable Process

This Dunlop Process Has at One Sweep Added 20% More Mileage to Fabric Tires



DUNLOP

Means BIG Mileage



Dunlop Tires, Both Cord and Fabric Construction, are Giving Phenomenal Results.

Big Tire Mileage is here to stay. Just as we predicted in 1912 that the Anti-Skid Tire would become standard, so we now predict that Big Tire Mileage will be among the things every motorist will consistently expect from now on.

The tire manufacturer who has to apologize for "short life" in his product will be automatically eliminated. Cord Tire construction made possible the coming of a tire that refuses to quit until many thousands of miles have been clicked off. The Cord Tire is now universally accepted as the master choice.

And Dunlop Cord Tire is now the most popular. "Dunlop" is at top form, but don't forget that while we are turning out Cord Tires --- "Traction" or "Ribbed" --- which seem almost uncanny in their ruggedness, that a great number of motorists still use Fabric Tires. These motorists wanted more mileage than Fabric Tires were usually expected to give. That set us thinking. We wondered why certain Cord Tire principles could not be applied to Fabric Tires.

We experimented and were amazed at the find. It was that we [illegible]d at one sweep add 20% more mileage to Dunlop Fa[illegible]c Tires and make them last longer than Fabric Tires were ever known to last. Result: Dunlop "Cord"-built Fabric Tires are giving some other makes of Cord Tires a run for their money at, of course, much lower first costs.

Dunlop Cord Tires are outdistancing any other Cord Tire made, no matter at what price the tire sells. The stories told here prove all we claim. We have hundreds more like them. Note the remarkable distances covered and the splendid average for all parts of Canada on all makes of cars.

Dunlop Tire & Rubber Goods Co., Limited
Head Office and Factories: Toronto. Branches in Leading Cities.

DUNLOP Double-Life, High-Mileage Cord and Fabric Tires

SAVE YOU MONEY

Here's What Private Car Owners Say:—

"The set of Dunlop Cord Tires, 35 x 4½—two Traction and two Ribbed—have given entire satisfaction. I have run them continuously on my Cadillac car, and have taken a trip from Winnipeg to Toronto and return, and they have now covered in the neighborhood of 20,000 miles and are still in good shape."—A. C. Turner, Winnipeg, Man.

* * *

"Would say I have been using your Traction Treads on both my big seven-passenger Steam "White" cars, and on my National and Flat Gasoline cars, and must say I've done some fearful travelling, over 18,000 miles, and no rim cuts so far, and I believe they'll go 1,000 miles more."—M. N. Leaning, Esk Bay, Sask.

* * *

"I may say that I have had four Dunlop Cord Tires on my car and they have gone approximately 22,000 miles, and I may state that I am just putting on four more 34 x 3½ (Straight Wall) Cord Tires on your make. [illegible] J. Barr, Ottawa, Ont.

Here's What Truck Owners Say:—

"My first set of Dunlop Traction Tread Cord Tires, size 35 x 4½, bought in June, 1919, have been used continuously on a Studebaker truck, and have run 18,000 miles. They are still in good condition. Being perfectly satisfied with the service received from Dunlops, all my cars are now equipped with Dunlop Cords."—Forbes the Mover, Hamilton, Ont.

* * *

"A 34 x 4½ Dunlop Traction Tread Fabric Tire which I have equipped on one of my Ford delivery trucks, used for general carriage work, is now completing its third consecutive season and has never yet been off the rim. During this time the car has made many hard trips, including about twenty-five trips to Plattsburg, N.Y., and one trip to New York City as well as several trips into Ontario and other points which necessitated encountering roads of all descriptions. The total mileage, I estimate, is well over 20,000."—G. Clark, Montreal, Que.

* * *

"The tire which I brought back to be re-treaded ran 23,000 miles. We used it on the back wheels of our Studebaker truck for the first 3,200 miles. This tire was not changed for nine months, and during that time needed practically no air, which speaks well for your tubes. I cannot speak too highly of Dunlop Tires for the delivery business. We deliver for thirty stores, and each of our cars covers about fifty miles a day, and has to keep running all the time."—The Independent Messenger, Parcel and Sample Delivery Co. Ltd., Calgary, Alta.

Here's What Dealers Say:—

"During the past season we have used many sets of Dunlop Fabric and Cord Tires as equipment on our cars. Our experience has been extremely satisfactory. There have been no complaints from any source. On the other hand, our customers frequently remarked on the fine results and big mileage obtained from Dunlop Tires. We are expecting to use your make as equipment on a much greater scale during the coming season."—The Crompton Car Company, Limited, Toronto, Ont.

* * *

"We have found the Dunlop Cords giving wonderful service and running up fine mileage records, especially on cars subject to overloading and hard usage. We have many satisfied customers who will use nothing but Dunlop Traction or Ribbed Cord Tires."—R. E. McMorran, Victoria, B.C.

* * *

"We can conscientiously recommend Dunlop Traction Treads to all our customers, as both we and they honestly believe that no other tire on the market is giving like service and mileage. Adjustments asked for during the past eighteen months have been practically nil, while the mileage has been exceptionally high for this part of the country. We have tried them out against opposition makes and the result has always been in favor of 'Dunlop.'"—Hargett's Motors, Limited, Mission City, B.C.

Here's What Livery and Bus-line People Say:—

"We are today sending you a 32 x 3½ Dunlop Ribbed Cord Tire that we have just taken off a Dodge Touring Car, having run over 23,341 miles, according to our records. We consider this a mighty fine record, and, in fact, is better service than we have been able to secure from any other make of tire."—Empress Auto and Taxi Co., Victoria, B.C.

* * *

"You cannot help being interested in hearing of the long mileage I received from a Dunlop 37 x 5 Traction Tread Cord Casing. The tire referred to I put on the rear of one of my Packard cars around November 1st, 1919. After running 11,000 miles on the rear, I changed it and put it on the front. It delivered 19,000 miles on the front wheel, making a total of 30,000 miles, all told, and it was only a short while ago that its usefulness ended. I am glad to say, unsolicited, that the average mileage of all Dunlop Tires has been around 12,000 to 15,000 and 18,000 miles, by which you can see they have proved eminently satisfactory."—The Packard Motor Livery, Toronto, Ont.

* * *

"I have been using Dunlop Cord Tires for the last fourteen months, and have about twenty-seven Dunlop 35 x 5 and 37 x 5 in use on my Cadillac cars in city and country livery business. I have as yet to have one not stand up. Some are still running and have gone 25,000 miles, and I look for a few thousand miles more."—Maple Leaf Auto Livery, Winnipeg, Man.

Markets and Finance

TAKE ADVANTAGE OF DULL MARKET

Professional Bears Raid 'Change; Further Depress Falling Prices.

NEW YORK, May 27.—Stock exchange dull. Professional operators availed themselves of the slim attendance, due to approaching holidays, to effect additional depression of prices.

Their efforts were accelerated by developments of an adverse nature.

The one negative feature of the session was the decline of the regular dividend on Baldwin Locomotive. This was without effect on other kindred issues. Declines of 10 to 30 points were registered by a majority of the seasoned, as well as volatile issues, and rails were under pressure.

The break in foreign remittances extended to six cents in sterling bills and from 10 to 60 points in continental rates, especially Dutch, French, Belgian, Italian, Swiss, Spanish and Scandinavian.

For want of a more plausible explanation, dealers here ascribed the reaction in British bills to heavy selling by German interests in London, from which center large transactions were reported.

The money market followed exactly its course of the previous day, until the final hour, when a belated inquiry forced an advance. Foreign issues were inclined to ease, although subscriptions to the new French loan were estimated at 90 per cent of the whole.

DOMINION TRADE

WINNIPEG, May 27—While general business is much below normal, the wholesale trade reports a better tone evident with the coming of summer weather, states the Canadian Creditmen's Trust association weekly trade report.

The Montreal district reports very little recent change in general trade conditions with purchases moderate and for immediate requirements only. Retail trade business still on quiet side, but an improvement is looked for with warm weather. Business in the hardware trade is good, wholesale grocers fair, with little or no change in other lines. There were 16 failures in the district for last week with liabilities totalling about $450,000.

Toronto states drygoods business below normal, though there is a little business. Men's goods are quiet, while ladies' goods of a specialty character are moving fairly well. Men's furnishings are very quiet in all lines.

In Winnipeg and the west, orders are now coming in for summer goods owing to retail stocks being low, but on the whole business is quiet.

Covering the agriculture and mining field, the review states that mines are reported to be mostly busy and agricultural advices appear to be well up to the average, though prices are very low compared with recent years.

DOMINION LIVESTOCK

WINNIPEG, May 27.—Receipts in the yards up to the week ending Thursday were 1479 cattle, 205 calves, 150 sheep, 2128 hogs.

Yesterday's receipts were 448 cattle, 409 hogs and 11 sheep, while receipts up to 9 a.m. today were 170 cattle and 200 hogs.

Steers—Choice, $7.75 to $8.50; fair to good, $6.50 to $7.50; common, $5.00 to $5.50.

Butcher heifers—Choice, $6.75 to $7.50; fair to good, $5.50 to $6.50.

Butcher cows—Choice, $5.75 to $6.25; fair to good, $4.50 to $5.50; canners and cutters, $2.00 to $3.25.

Bulls—Good, $4.00 to $4.50; common, $2.50 to $3.50; oxen, $5.00 to $5.50; medium, $4.00 to $4.80.

Feeders—Choice, $6.50 to $6.75; fair to good, $5.00 to $5.75.

Stockers—Choice, $5.50 to $6.00; fair to good, $4.25 to $5.00.

Stock heifers—$5.50 to $5.75; fair to good, $4.25 to $5.00.

Sheep and lambs—Good sheep, $6.00 to $8.00; common, $4.00 to $5.00; good lambs, $10.00 to $12.00; commomn, $6.00 to $9.00.

No part of Denmark is more than 550 feet above sea level.

SILVER STRONGER ON LONDON MARKET

NEW YORK, May 27.—Silver, domestic, 99½; foreign, 58.

LONDON, May 27.—Silver, 33⅞d.

CANADA BONDS

WINNIPEG, May 27.—War loans—1925, 95; 1937, 97.

Victory bonds—1922, 99.20; 1923, 98.20; 1927, 98.05; 1933, 97.20; 1937, 99.20; 1924, 96.40; 1934, 94.90.

FOREIGN EXCHANGE

NEW YORK, May 27.—Sterling exchange weak at $3.82⅝ for 60-day bills, and at $3.86⅞ for demand.

Canadian dollars, 89.00.

Francs, cables, 8.20.

Lire, demand, 5¼; cables, 5⅛.

STERLING EXCHANGE

NEW YORK, May 27.—Sterling exchange weak at $3.82⅝ for 60-day bills, and at $3.86⅞ for demand.

NELSON, May 27.—Current counter exchange for sterling, 1.33⅛.

METAL MARKET

NEW YORK, May 27.—Copper steady Electrolytic, spot and nearby, 13½ to 13½; futures, 13½ to 13¾. Tin weak, spot and nearby, 31.75. Antimony, spot, 5.25. Zinc, spot, 4.85 to 4.90.

London—Standard copper, £74; futures, £75. Electrolytic, spot, £76; futures, £77 Tin, spot, £177; futures, £178 12s. Lead, spot, £23; futures, £24. Zinc, spot, £28; futures, £28 5s.

TORONTO BOARD

TORONTO, Ont. May 27.—A preholiday air marked the exchange today and trading was limited. The reaction in Dominion Steel came to an end for the present and the stock firmed up a fraction at 31¼. Steel of Canada suffered reaction, but gained a fraction at 57¼. There were many dull periods in the trading, but the total was swallen by numerous sales in Bell Telephone. Victory bonds were firmer.

CHICAGO PIT.

CHICAGO, May 27.—Notwithstanding that the wheat market showed considerable strength today, prices finally turned downward, influenced bp violent breaks in foreign exchange. The close was nervous at the same time.

SAVED FROM LIFELONG MISERY

And a Dangerous Operation, by Taking "FRUIT-A-TIVES"

MRS. M. J. GORSE

3928 Union St., Vancouver, B.C.

"I suffered with all the symptoms of Female Trouble, with chronic Constipation and constant Headaches. *I had pains low down in the back and sides of the body.* I tried various remedies without relief, and then put myself under a doctor's care and he advised me to have an operation. I refused.

Then, I started taking 'Fruit-a-tives'; and from the outset, I felt better, and *this medicine has completely relieved* me of all my misery and suffering. My weight was only 143 pounds and now it is 168 pounds. *I am free of pain* and headaches and the terrible Constipation; and what saved me from misery is the splendid fruit medicine, 'Fruit-a-tives'."

MRS. M. J. GORSE.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited Ottawa, Ont.

MONTREAL LIST

MONTREAL, May 27.—Dominion Iron led the market in activity and reversed its move of the last few days. A new low at 30¾ was made, but then strengthened to 31¾, beginning the net gain of a fraction. Breweries were strong, closing at a net gain of ¼ points.

The remaining papers were inactive.

HOME FOR SALE—Seven large rooms, bath, electricity, stone foundation, good cellar; six fruit trees; ideal location; close in. Owner anxious to sell. 910 Edgewood avenue, Nelson. (3355)

FIFTEEN acres beautifully improved, Fruitvale, close to station; irrigation water; six-room residence furnished; fruit, berries, cow, chickens, tools. Rent or sale. Best bargain in B. C. Address Pfile, Fruitvale, B. C. (3290)

FOR SALE.

The Rossland government demonstration orchard of M. A. Henderson's, situated 5 minutes walk from Rossland postoffice, on Government road. All land except 2 acres in the city limits. A 2-inch water pipe running from city hydrant along wagon road and upper end of land that is used for irrigation and domestic use.

The land consists of 13½ acres, all fenced and cross fenced; 12½ under cultivation, including 6½ acres of bearing fruit trees; the rest is in timothy and clover. All trees were planted out by the government expert. One acre, suitable for the building site of house and outbuildings, has not been cleared, as it was the intention of the present owner to leave as many evergreen trees around the house as he could. The whole of the land has a nice gentle slope to the south and is the best ranch in the Rossland district, both from a scenic and paying point of view.

Price $5500.

Terms, one-half cash, balance in payments of 3, 6, 9 and 12 months at 8 per cent.

For further particulars apply to owner.

THINKS LEIGHTON WILL WIN DERBY

Nelson Turf Follower Reviews Horses in Running for Wednesday.

By a Sporting Contributor.

Wednesday, June 1, 1921, is the date when the most important turf event in the world will be decided at Epsom, England. Although there are no celebrities running, such as Ormonde, Common, Flying Fox and Spearmint, all previous winners of this race, yet there is material for providing a very exciting and interesting race.

Before the Two Thousand Guineas was run at Newmarket, Monarch appeared to have a splendid chance of annexing this valuable and coveted honor, but he made such a poor show on that occasion, finishing nearer last than first, that unless he makes vast improvement in the meantime he can have but a very poor chance of turning the tables on his conquerors. Craig-en-Eran, who won this race, is now favorite for the Derby, and he is bound to run prominently. He is trained in Taylor's formidable stable, which also shelters Lemonora—second in the Guineas—and Trash. Of this trio the last named is quite likely to prove his best. Humorist, who finished third in the Guineas, and started favorite, will probably be ridden by that superb horseman, Steve Donaghue, and is expected to improve on this running, as many good judges in the old country thought he would win at Newmarket.

The horses who appear to have the best chances this year are Leighton, trained by Cottrill, unbeaten as a two-year-old; Taylor's best, Alan Breck (Gilpin's stable), who finished a good fourth in the Guineas, and Humorist. In an endeavor to forestall the judges' verdict I think that, unless some rank outsider upsets calculations, the winner will be Leighton, who will probably be ridden by that powerful jockey, Templeman, who rode Grand Parade to victory in 1919, when Dominion, trained in the same stable and ridden by the stable jockey in preference to the winner, finished amongst the also ran.

The Oaks, which is always run on the following Friday and is for fillies only, is a difficult race to deal with and is best left alone by speculators, but some great mares have won this event in the past, to name, amongst others, Pretty Polly, Sceptre and My Dear There does not appear to be any lady entered this year who is likely to follow in their footsteps, but Love-in-Idleness, who was not able to compete in the One Thousand Guineas, is expected to make a bold bid for victory.

NELSON SENIOR FOOTBALL LEAGUE

Corinthians Have Edge in Clash With High School; League Standing.

Yesterday's city league football match between the Corinthians and the High School eleven ended in a win for the Corinthians with a score of 1 goal to 0. The only goal was scored early in the first half following continued pressure on the High School defence by the whole Corinthian forward line. Bradley intercepted a clearance drive and dropped the ball among the forwards bunched up around the gool. Adams followed it through in the scrimmage.

The game, which opened in fine style with the High School playing the ball and making vigorous attacks, became disappointing when they let up on their pressure. There were a few nice touches and a good strong defence was put up by the High School backs and halves under the weight of the Corinthians. Walley got applause for his nice handling of difficult shots. There was a lack of determined effort among the forwards who have played considerably better football earlier in the series.

The lineup was:

Corinthians	Position	High School
W. T. Tait	Goal	M. Walley
J. Morris	R. Back	H. Pitts
R. B. Metcalf	L. Back	J. Gagnon
R. V. Ramsden	R. Half	R. Smillie
N. B. Bradley	R. Half	H. McKenzie
A. Lane	L. Half	W. Waldie
E. Schofield	O. Left	H. R. Airey
G. Morris	I. Right	H. Horswill
J. Adams	Center	E. Welsh
C. Ward	I. Left	J. W. Lee
A. V. Rowley	O. Left	W. Robb

J. Draper, referee.

The following is the Senior City league standing to date:

Teams	Pl.	W.	D.	L.	Pts.
St. Saviour's	3	3	0	0	6
McLeries	3	1	1	1	3
Corinthians	3	1	1	1	3
High School	3	0	0	3	0

WOODBINE TRACK.

TORONTO, May 27.—Today's races on Woodbine track resulted as follows:

First race, Strathcona Plate, three-year-olds and up, six furlongs—Registrar won, Some Baby, second; Citizen, third. Time, 1:13⅗.

Second race, steeple chase four-year-lolds and up, two miles—Butcher Boy won; Soumangha, second; War Togs, third. Time, 4:11 2-5.

Third race, fillies, two-year-olds and up, four and a half furlongs—Ogarite won; Quick Run, second, Fannie Dean, third: Time, 54 2-5.

Fourth race, steeple chase, four-year-olds and up, two miles—Kingstown Pier won; Algardi, second: Robert Oliver, third. Time, 4.06 3-5.

Fifth race, three-year-old and up, mile and a sixteenth—Plymouth Rock won; Myrtle Crown, second; Lively Sleeper, third. Time, 1:50.

Sixth race, three-year-olds and up, six furlongs—Manoeuvre won; Sagamore, second; Ablaze, third. Time, 1:31 3-5.

Seventh race, three-year-olds and up, mile and 70 yards—Irish Jig won; Best Half, second; Tantalus, third. Time, 1:44 4-5.

SPORTING BRIEFS

Retains Welterweight Title.

TORONTO, May 27.—Frankie Fleming, Canadian welterweight champion, retained his title here tonight when he received the judges' decision at the end of a 10-round bout with Freddie Jacks, English champion. The decision was received with much dissatisfaction by the crowd, as the great majority of those present thought that the Canadian title had changed hands.

HUNTER WINS BY RECORD MARGIN

Graham Badly Out of Form; Darwin Praised for Licking Yanks.

HOYLAKE, Eng., May 27.—W. I. Hunter of the Walmer and Kingsdown club is the champion amateur golfer of Great Britain. Today in the final of the championship turnament, played over the Hoylake course, Hunter defeated Allan Graham, of the Royal Liverpool club, 12 up and 11 to play in a 36-hole contest.

Graham, in his play of today, was badly out of form. In extenuation of this, however, it was said that he had received word from his father that he had suddenly been stricken ill and was not expected to survive. It was learned that he competed in the final mainly to keep faith with his aged father, whose desire it was that his son play through the turnament. The margin by which Hunter was victorious constitutes a record for the amateur championship of Great Britain.

At the presentation of the prizes for the tournament this afternoon the announcement was made that it was probable a team of British amateurs would be sent to the United States next year for a return match.

During the presentation of the trophy Bernard Darwin of Woking came in for high praise for his part in the tournament. George Stewart, in charge of the presentation, as captain of the Royal Liverpool club, in referring to Darwin's victories over the United States players, the last of whom was F. Wright of Boston, said the Briton "had done one per cent more than other players in the saving of the championship to this country."

It was learned authoritatively tonight that none of the United States players who competed at Hoylake, except possibly Charles Evans, Jr., the United States ex-champion, who started for Paris today by airplane, will take part in the French championship at Chantilly.

NELSON JUNIOR LEAGUE FOOTBALL

Mountain Wolves Lose First Clash With Y. M. C. A. Juniors; League Standing

As pretty a junior football game as could be seen anywhere was played yesterday afternoon at the recreation grounds here, when the Mountain Wolves, probably the most diminuitive team that ever took the field in blue shirts and shorts, put up so sturdy a battle with the Y. M. C. A. juniors that they quite took the fancy of the hundred odd adults who could not tear themselves away from the touch lines for the hour the game was in progress. The game ended with a win for the Y. M. C. A. boys (in white) by a score of three goals to 2, and was the second in the Canada Drug trophy series. The splendid game these two junior teams played spoke volumes for their love of soccer, and the consistency with which they practice. There was nice combination work and an aggressiveness in attack that delighted the chlookers. Allibone scored twice in the first and once in the second half for the "Y" Juniors. E. Whitfield scored once in each half for the Wolves. A. Wallach refereed the gamme between spasms of laughter.

The lineup was:

Wolves	Position	Juniors
G. McLeary	Goal	H. Thurman
W. Jeffs	R. Back	R. Rislon
A. Jeffs	L. Back	T. McVicar
G. Wallach	R. Half	G. Long
J. Young	C. Half	F. Thorpe
G. Houston	L. Half	R. Smythe
L. O'Neill	O. Right	A. Ioanin
J. Wallace	I. Right	R. Waldie
E. Whitfield	Center	S. Allibone
P. O'Neil	I. Left	M. Black
P. Renwick	O. Left	E. Eldridge

Reserves, Y. M. C. A. Juniors—H. Wilde, D. Wilson and A. Stringer.

The following is the Junior league standing today:

Teams	Pl.	W.	D.	L.	Pts.
"Y" Juniors	2	1	0	1	2
Hotspurs	1	1	0	0	2
M. Wolves	1	0	0	1	0
Rangers	0	0	0	0	0

BALL PLAYERS WANT FREE CHOCOLATES

Some novel but practical suggestions for enlisting the support of local merchants in the city baseball club were put forward by the ball artists of the club and their supporters at a meeting held in the office of E. L. Buchanan last night. One that met with general support was to enlist the sympathy of the city council to have the board fence of the Recreation grounds fixed up, and to have the north fence for a distance of 150 feet opposite the diamond raised 10 feet higher. The idea was that such an addition would prevent balls from disappearing and at the same time would provide a hitherto unexploited advertising ground for local merchants. It was suggested that, as in other places, merchants shoud advertise a prize from their stock to any man driving a ball to a certain area on their advertisement in a match. It was thought that the plan would work well both for the merchants and for the players, who figure to keep Lucy supplied with chocolates gratis.

A second suggestion was that a blackboard should be raised on the addition to the north fence, on which a score boy could chalk up the progress of the game in innings, runs, errors and so forth. A third was that a refreshment booth should be installed in front of the grandstand for the accommodation of fans during the number of matches it is proposed to pull off at the grounds during the next three months.

A good start has been made toward getting adequate financial support for a number one ball team and the cost of the new uniforms now on the way here is nearly subscribed. District towns are in communication with E. L. Buchanan, the secretary, on the matter of arranging a schedule that will likely result in two ball matches for the seniors each week. There is also talk of holding a ball tournament here on the fee entry basis, the fees to constitute a purse to the champion nine entering.

Another matter being considered is to have the three leagues in the interior, the East Kootenay league, and the league centering on Revelstoke and the main line of the C. P. R., both of which are now running, and the West Kootenay league, which is in process of formation, come to some arrangement for a championship series of the three leagues or the interior of the province.

The plans for adequate support of the local club and other matters pertaining mainly to it are to be drafted into concrete proposals by a committee, consisting of J. J. Smith, the president; George Ferguson and E. L. Buchanan. They will then be presented to the council and it is hoped to have Mayor C. F. McIlardy bring the proposals before the board of trade for their support also.

A challenge to the city nine, issued by A. T. Richards, the big push of the C. P. R. baggage department here, who has smashed out a C. P. R. nine, is to bring results on Sunday afternoon, when the first clash in history between Nelson City and the C. P. R. will take place.

TRAPSHOOTERS HOLD PRACTICE SHOOT

Trapshooters of the Nelson Rod and Gun club held a practice shoot on the C. P. R. flat on Thursday afternoon and made the following scores in two twenty-five round series:

J. Vandervoort	20	20
George Steele	19	..
E. Kinahan	21	20
Howard Bush	21	22

EAST CHICAGO, Ind., May 27.—Johnny Dundee of New York and Sailor Friedman of Chicago, lightweights, fought 10 fast rounds to a draw here tonight according to the newspaper men at the ringside. The winner, it previously had been announced, would meet Benny Leonard, lightweight champion, at Benton Harbor, Mich., on July 4.

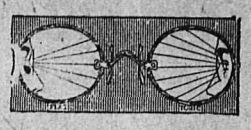
PURITY FLOUR



How well do you see

If you find yourself frowning or squinting at your work, it is an indication that you are straining your eyes. Such a strain, if not corrected, will seriously impair your sight. Wouldn't it be wise and sensible to correct this error NOW. An appointment with me will save your eyes and give you proper vision and comfort.

SUMMER HOME SITES

Do you want a good camping site or a lake frontage lot on which you can build a small cottage?

I have for sale on easy terms 17 lots at Six Mile (Campbell's Point). Each lot has over an acre of ground and sand beach. Here are the prices and you can look them over yourself and take your choice:—

Lots 1 and 2	$600.00	Lot 10	$ 450.00
Lot 3	300.00	Lot 11	1000.00
Lot 4	350.00	Lot 12	500.00
Lot 5	350.00	Lot 15	500.00
Lot 6	400.00	Lot 16	500.00
Lot 7	400.00	Lot 17	500.00
Lot 8	400.00	Lot 18	500.00
Lot 9	400.00	Lot 19	500.00

See plan in my window. The best lots will go first—make your selection at once.

This is the best lake shore property on the market today.
