VOL. 20. NELSON, B. C., FRIDAY MORNING, JULY 1, 1921. NO. 53.

RELEASES SINN FEIN PRISONERS

Griffiths and McNeill Leave Jail to Confer With De Valera.

CONSIDER REFUSAL OF INVITATION PROBABLE

Craig Takes No Further Notice of Republican Leader's Communication.

DUBLIN, June 30.—Arthur Griffith, founder of the Sinn Fein, and President John McNeill, who were released from Mount Joy prison today, were expected to attend the conference with De Valera Monday. The Republican leader has not invited any "hard shell" Unionists to this meeting and his choice is taken as indicating concentration on the policy of one parliament for the whole of Ireland.

Though the general belief is that De Valera will ultimately reject Mr. Lloyd George's invitation, many Sinn Feiners give it as their opinion that he would strengthen his position by accepting and threshing out points in dispute with the British prime minister and Sir James Craig at the London conference. In the meantime, there is little sign of a truce. The Republican army operations and plans for repression on the part of the government are unrelaxed.

Takes No Further Notice.

BELFAST, June 30.—Sir James Craig, the Ulster premier, it was authoritatively stated here today, will take no further notice of the communication of Eamonn De Valera, the Irish Republican leader, inviting him to a conference on Monday next.

Sir James has accepted the invitation of the British prime minister, Mr. Lloyd George, to the proposed conference in London, which he considers to be all that is required of him.

Auxiliaries Surprise Ambush.

BELFAST, June 30.—A party of auxiliary police in motor cars scouring the country district today surprised a score of Republican army volunteers who had prepared an ambush at Keady for 10 policemen, the bread van through the district every latter acting as an escort of a Belfast Thursday. The auxiliaries opened on the ambushing party with machine guns, killing two of them, wounding several and capturing one.

Constable Gabbie, on duty at Newry, was shot by two men today. He died in a hospital.

MOUNTED POLICE GUARD ST. JOHN

Strike of Street Railway Men and Gas Workers Takes Serious Aspect.

OTTAWA, June 30.—Seventy-five troopers of the Royal Canadian Mounted police, under Inspector Cadiz, left this afternoon for St. John, N. B., in answer to urgent demands from the government of New Brunswick and the mayor of St. John. The detachment will take no part in the strike existing between the St. John street railway and its employees, but will be held in reserve to keep law and order in case necessity demands their service.

Commissioner A. B. Perry stated tonight that the Dominion government had only acceded to the insistent demands of the provincial government in view of the serious aspect of the strike. The power house and gas works employees also are on strike, seriously endangering these public utilities, which are being operated by volunteer forces. In view of the threatened attitude of the strikers the provincial government has called out the militia, according to advices received in this city.

St. John suffered a serious street car strike several years ago, when considerable rioting took place and several persons were killed and injured.

STEAMER ARRIVALS.

CUBA SLASHES BUDGET,

HAVANA, June 30.—The Cuban government officials are taking drastic steps to decrease expenditures, and the budget is being reduced from $104,000,000 to about $65,000,000.

Remand Case Against Veterans for Selling Beer at Bar of Club

VICTORIA, June 30.—The charge against the Army and Navy Veterans' club of selling a glass of beer to Chief of Police Fry at the club on Tuesday was called in police court today and remanded until Wednesday. Chief Fry, chief witness for the prosecution, has left for the east and the case probably will be adjourned until his return.

Fry, who is a member of the club, was served with the beer when in full uniform. No charge was made for the liquor.

AUTOMATICALLY CONTINUES IF NOT DENOUNCED

May Be Relieved of Immediate Duty of Solving Japanese Question.

LONDON, July 1.—The London Times says a report is current that the lord high chancellor has expressed the opinion that, failing formal denunciation of the Anglo-Japanese treaty, which would necessitate giving a year's notice, the treaty automatically continues. Moreover, from a judicial viewpoint, it is held that the Anglo-Japanese notification to the League of Nations of the proposed modification of the treaty does not constitute formal denunciation.

"Thus," adds the Times, "it would seem that the premiers may be relieved from the duty of solving the most difficult problem at the present moment, since in the course of a year conversations and correspondence which might lead to a conference of the powers, so generally desired, could be conducted without undue haste."

The Times expresses the hope that the opinion attributed to the lord chancellor is a true interpretation because it would give ample time to debate the question and agree upon the large problems involved.

OWES GRATITUDE TO MEAT TRUSTS

Treated Britain Well During War; Shortsighted to Admit Store Cattle.

LONDON, June 30.—Lord Erne, former minister of agriculture, who is alleged to have made much-discussed promises to remove the embargo on Canadian cattle, gave evidence before the commission today.

He said that the meat trusts, during the war, treated Great Britain very well and considering how completely they had the country in their power before the United States came into the war, the British nation owed them a debt of gratitude. With the arrival of peace it might be imagined that they would resume their ordinary business methods and if obliged to depend upon them for the next ten years he very much doubted whether the country would ever regain its freedom, if they once got an absolute grip on its markets.

Of the two alternatives, he thought it would be infinitely better to rely upon Canadian store cattle. The country would then be getting fresh meat instead of frozen meat and if a contract could be entered upon with the Canadian government to supply a definite quantity of Canadian store cattle which would be so graduated as to die out at the end of 10 years, the country would not only benefit its agriculture, but also that of Canada.

Continuing, his lordship said that when he went to the Canadian conference he viewed the matter from a war standpoint, but he did not think any farmer could say there was no fear arising from importation of Canadian cattle. It was a question of degree. He did not think any country allowed cattle to enter its ports or cross its frontiers in the wholesale fashion in which Canadian cattle would enter this country, but he did not believe that the importation would increase store cattle or cheapen the cost of meat. It was not improbable that the number of cattle reared in Great Britain would dwindle in proportion to the number admitted. To allow the admission of Canadian store cattle was a short sighted policy.

Ontario Government Plans Cold Storage Warehouse for Fruit

TORONTO, June 30.—A cold storage warehouse will be established by the Ontario government at Brighton, Ont., according to announcement made today by Hon. Manning Doherty, minister of agriculture. The total investment will be about $30,000, including remodelling an old building, and the plant will give accommodation for about 10,000 barrels of apples. It as expected the building will be ready by August 15.

FOSTER ON FISHING TRIP.

OTTAWA, June 30.—Right Hon. Sir George Foster, minister of trade and commerce, and acting prime minister, who, with Lady Foster, is enjoying a fishing trip, will return to Ottawa on Monday.

Dominion of Canada is Fifty-Four Years Old

Holiday celebrations throughout the length and breadth of Canada today will mark the fifty-fourth anniversary of the free union of four self-governing and independent British states to form the Dominion of Canada. This was the first federation of self-governing states within the British Empire. Upper Canada, now Ontario, and Lower Canada, now Quebec, terminated a legislative union of 20 years at the moment that the new and larger union that also included Nova Scotia and New Brunswick, took effect. The new political state took to itself all general legislative and administrative functions, the British North America act retaining to the constituent provinces, however, local powers. The union took effect July 1, 1867, and is known in history as Confederation.

In 1869 the Dominion acquired all the land to the north and west of its confines, with the exception of what is now British Columbia, from the Hudson's Bay company, by purchase.

In 1870 Manitoba was carved out of this purchased territory, and was given a government and admitted into Confederation on July 15 of that year.

British Columbia became the sixth province of the Dominion, joining on July 20, 1871, and retaining its local government.

Prince Edward Island, the stituted, and the one on whose last of the provinces then consoil union was first mooted, rounded out Confederation on July 1, 1873, on the sixth anniversary of the original union.

In 1882 the districts of Assiniboia, Saskatchewan, Alberta and Athabasca were constituted into the Northwest Territories, being governed under a council. In 1888 they were given local self-government, with a territorial legislature for the four of them. Finally, on July 1, 1905, these four territories disappeared, to reappear as the provinces of Alberta and Saskatchewan.

The Yukon Territory was created in 1898, and was given an elected legislative council and a limited amount of self-government in 1908. The population declining to low ebb, the government abolished the legislative council last year.

Of the various unorganized territories, Keewatin was divided between Ontario and Manitoba, and Ungava was added to Quebec by legislation of 1911-12. Mackenzie and Franklin, the existing Northwest Territories, are governed by a commissioner.

The British North America act provides for the taking in of Newfoundland when the "Ancient Colony" is ready.

Since the Dominion of Canada was formed its soil has never been violated from outside, but it has had to suppress two rebellions, the Red River Rebellion of 1870, and the Riel Rebellion of 1885, both of the Metis or Halfbreeds.

Dominion Day

Canada, Canada, land of the Maple,
Queen of the forest and river and lake,
Open thy soul to the voice of thy people,
Close not thy heart to the music they make.
Bells, chime out merrily,
Trumpets, call cheerily;
Silence is vocal, and sleep is awake!

Canada, Canada, land of the beaver,
Labor and skill have their triumph today;
Oh! may the joy of it flow like a river,
Wider and deeper as time flies away.
Bells, chime out merrily,
Trumpets, call cheerily;
Science and industry laugh and are gay.

Canada, Canada, land of the bravest,
Sons of the war-path, and sons of the sea,
Land of no slave-lash, today thou enslavest
Millions of hearts with affection for thee.
Bells, chime out merrily,
Trumpets, call cheerily;
Let the sky ring with the shout of the free.

CANADIAN VETERAN INHERITS FORTUNE

Falls Heir to Estate of Scottish Duchess; G. W. V. A. Searches for Lucky Man.

EDMONTON, June 30.—Reported to be the grandson of a Scottish duchess and heir to a large estate and over £260,000 in good Scottish money, inquiry is now being made by the Edmton branch of the G. W. V. A. for one Captain R. Hudson, formerly a doctor in the Canadian army medical corps.

The windfall has been left young Hudson by his father, reported to be a millionaire late of Michigan, U. S. A. The estate is in Scotland and the sum of money and effects, it is said, are now in the hands of Lawson & Campbell, barristers, of Union street, Glasgow.

ASSASSINATION PLOT LACKS CONFIRMATION

LONDON, June 30.—Official announcement was made this evening that there was no truth in the statement published in the Sketch to the effect that a plot to assassinate the British cabinet ministers had been discovered.

ROSSLAND INDIGNANT AT CLOSING RAILWAY WITHOUT GIVING HEARING

ROSSLAND, Juen 30.—The citizens of Rossland are indignant over what they term the arbitrary action of the railway commission in permitting the Great Northern railway to abandon operation of its Red Mountain branch from the interational boundary to Rossland, a distance of nine miles, without giving Rossland a hearing. The commission advised Rossland that no application had been made to abandon this branch, but that as they viewed the law, there was no authority to prevent them.

The lack of train service not only jeopardizes vested rights of ranches along the line, but leaves the Velvet mine as well as the Le Roi, No. 2, in which nearly a million dollars had been invested, without transportation facilities, for their output.

Ottawa Hearing Next Week

Arbitrary action was taken by the Great Northern in giving citizens and shippers only ten days notice without permitting Rossland to be heard, and after the citizens lodged vigorous protest the commission finally agreed to hear complaint at Ottawa on July 6. Citizens contend that the commission is for the protection of the people of Canada, rahter than for a United States corporation and that the onus of inability to opearte should be on the Great Northern to prove at a hearing in Rossland where agrieved parties would have a better opportunity to present their case. The railway commission has accepted a statement of the Great Northern that earnings for he last year were only $7,000 while operating expenses were $49,000.

Contest Figures

These figures are disputed and it is contended by the aggrieved parties that the actual receipts were $36,000 while if the operating expenses of $49,000 as claimed by the railway company are accepted it means that it costs them nine dollars per mile to operate a train of an engine, baggage and passenger coach or $162 per day to run 18 miles.

The actual running time on this Canadian branch is only two hours, for the balance of the day the train crew is employed in switching on the American branch at Northport.

On the presentation that the earnings are only $7,000 and the operating expenses $49,000 the company ceases operating without any objection being made by Canadian railway commission.

Rossland demands that hearing be held here so that full figures for previous years may be presented. In 1913 the only year before the war for which figures are available, the actual cash receipts were $104,000.

Harding Appoints Taft Chief Justice; Senate Confirms Nomination

WASHINGTON, June 30.—Former President William H. Taft was nominated late today by President Harding to be chief justice of the United States, and his nomination was confirmed by the senate in legislative session. The final vote was 60 to four.

INDIAN VIEW ON ALLIANCE IS SURPRISE

No Objection to Japanese Treaty, But No Allied Assistance Needed.

LONDON, June 30.—At this afternoon's session of the conference of Empire premiers the Indian delegate, Maharajah of Kutch, submitted the Indian viewpoint that there was no objection on India's part to renewal of the Anglo-Japanese treaty, with the exception of the clauses providing that in case of India being attacked Japan should come to India's assistance.

This view caused some surprise, but the maharajah explained that the Indian delegation was of the opinion that England and India should be able to protect India without the assistance of any allied powers.

STILLMAN WILL NOT BE DRAWN

Stands Six Hours' Cross-Examination in Divorce Court; Refuses Answers.

POUGHKEEPSIE, N. Y., June 30.—Six more houhs of cross-examination failed today to break the silence of James A. Stillman, wealthy New York banker, on every matter having reference to his relations with Florence H. Leeds, former Broadway show girl, named by Mrs. Stillman in her affirmative defense against her husband's suit for divorce. All day long Mr Stillman replied to question after question in one set way, "I refuse to answer on the ground that it might incriminate me" On only a few occasions did Mrs. Stillman's lawyers succeed in bringing out an informative answer amid this monotonous chain of repeated refusals Mr. Stillman answered their questions only when they referred to gifts of jewelry to his wife.

Tonight it was announced that the cross-examination of the banker had been completed. The questions which Mr. Stillman refused to answer, it was said, sought to bring out that the banker was intimate with Mrs. Leeds in New York and at Long Island, aboard his yacht, and elsewhere and she bore him two children, Jay Leeds, and another who died at birth in 1919. The defense also sought to have the witness state that he showered Mrs. Leeds with jewelry, bought her fur coats, purchased an expensive apartment for her in New York, established two trust funds of $150,000 each for the former show girl and her son, and himself objected to going to Europe last year and the year before because to do so would have separated him from this woman.

Name Medicine Hat Liberals

MEDICINE HAT, June 30.—Dr. Oliver Boyd of this city, and H. H. Foster of the rural district were today elected as the Liberal standard bearers for Medicine Hat in the ensuing election.

Hon. Charles S. Pringle received the unanimous nomination as the Liberal candidate in the Red Cliffe constituency.

MANDAM, N. D., June 30.—All records for heat were broken here today, the mercury reaching 108 at 1 p. m. at the United States weather bureau station. Reports which have been kept at the station for 40 years show this mark has not been exceeded in this section of the state. A steady southwest wind aided in wilting grain.

Propose Extending Existing Treaty Three Months Hoping Some Understanding Will Obviate Need to Renew.

AUSTRALIA AND NEW ZEALAND ESPECIAL RIGHTS

Australian and New Zealand Views Weaken Canadian Stand; Meighen Stipulates for Dominion Parliament Ratification.

LONDON, June 30.—(By Grattan O'Leary, staff correspondent of the Canadian Press)—The debate over the renewal of the Anglo-Japanese alliance was continued today at the meeting of Empire premiers, but it is extremely improbable that a decision will be reached this week. Indeed, it is not unlikely that in view of the strong opposition that has developed against the treaty, the British government will ask Japan to have the existing alliance extended for three months, hoping that in the meantime some kind of an understanding will be reached among the Pacific powers which would obviate the necessity of the treaty being renewed.

Premier Massey of New Zealand resumed the debate when the conference met this afternoon, his speech embodying mainly the arguments set forth by Premier Hughes of Australia. Briefly, these are that the alliance has demonstrated its worth; that Japan, as a faithful ally, must not be given offense, and that while the alliance is a reality, the idea of an understanding with the United States is as yet a dream, perhaps incapable of being realized.

Shrouded in Secrecy

An evil feature of the whole discussion so far is that it is being shrouded in secrecy. Even the usual innocuous communique is being withheld from the British press and the British public, and the house of commons is held in profound ignorance of what is being said and is incapable of forming an intelligent judgment of the merits of the question.

One of the strong points made by Premier Meighen yesterday and the one which most impressed the conference was that in the event of the treaty being renewed whether in its present or modified form, a clause must be inserted excluding the dominions from provisions and obligations, unless, and until, ratified by their parliaments. He pointed out that a problem had been set forth in the treaty of Versailles, that a similar clause was inserted in the French treaty and that he had practically pledged himself to the members of the Canadian house of commons to secure such a clause. He added that he could scarcely be satisfied with anything less.

Weakens Canadian Standpoint

Undoubtedly the Canadian premier's opinion in the conference has been weakened by Premiers Hughes and Massey. Australia and New Zealand occupy a peculiar Pacific position, thus giving their spokesmen an especial right to be heard, and while there is good reason for believing that the British government

HOLD UP LINER TO BUY SHIRTS

Passengers' Baggage Missing, Captain Halts Ship to Replenish Kit.

MONTREAL, June 30.—When Charles and Mrs. Maise, of New York, wanted to dress for dinner soon after the White Star liner City of London left port yesterday, they found their baggage was missing. Mr. Maise was compelled to appear in the saloon minus his collar. The captain was perplexed and seeing unpleasant developments when Mr. Maise's shirt followed the collar into the laundry bag, sent the following wireless message to his agents here:

"First class passenger appearing in dining room minus collar. Man and wife have lost their luggage. Please arrange."

The White Star officials arranged for a tender to meet the City of London at Quebec. Into this Mr. and Mrs. Maise were bundled and told to go to Quebec stores and choose what they wanted, but hurry. The liner was held in the stream until they returned.

SECRECY SHROUDS ALLIANCE DEBATE

(Continued from Page 1)

is lukewarm about renewing the alliance in any form, it will hardly stand for its being renewed in its present form, it does not care to ignore the representations of Premiers Hughes and Massey, backed, as they are by public opinion in their countries.

Summing up the situation as far as it can be discerned at present, only two things seem reasonably clear

First—The treaty will not be renewed in its present form, and,

Second—That, no matter in what form it is renewed it will not bind Canada until the parliament of Canada says so.

Premier Meighen, who last night appeared on the same platform as Viscount Grey, Right Hon. A. J. Balfour, Right Hon. Asquith and Premier Smuts of South Africa, pleading for the League of Nations, tonight addressed the Royal Colonial institute. On Saturday he leaves for France, where the following day, he will unveil a great white stone cross in memory of the Canadian who died at Vimy Ridge.

History of Alliance.

Great Britain and Japan first entered into alliance in 1902. The treaty signed in that year resulted from the joint action of Russia, France and Germany in depriving Japan of most of the fruits of her victory over China in the war of 1894-5 and from the subsequent Russian exploitations in the Far East. It bound the contracting parties to maintain the status quo and general peace in the extreme east and especially to maintain the intedpendence and territorial integrity of Korea. In case either should, in defense of its interests, become involved in a war with a third power, the other was to maintain strict neutrality and to endeavor to prevent other powers from joining in hostilities against its ally. In case of attack by other powers the neutral ally would be obliged to enter the war.

Under this agreement Great Britain remained neutral in the Russo-Japanese war of 1904-5. On August 12, 1905, while the peace conferees were still in session at Portsmouth the alliance was renewed. It was broadened so as to apply to India. The neutrality provision was eliminated. Article 2 stipulated that "if, by reason of unprovoked or aggressive action, wherever arising on the part of any other power or powers, either contracting party shall be involved in a war of defense of its territorial rights or special interests mentioned in the preamble (i. e., in the regions of eastern Asia and India), the other contracting party will at once come to the assistance of its ally."

The treaty is thus defensive in character and leaves it open to the ally not first involved in the war to decide whether the war was or was not due to unprovoked and aggressive action on the part of an outside belligerent. Italy exercised a similar judgment in 1914 under the terms of her defensive alliance with Germany and Austria-Hungary. The revised treaty also recognized Japan's paramount rights in Korea.

On June 13, 1911, the alliance was again renewed for a term of ten years. It was then modified by the insertion of this clause: "Should either high contracting party conclude a treaty of general arbitration with a third power, it is agreed that nothing in this agreement shall entil upon such contracting party an obligation to go to war with the power with whom such treaty or arbitration is in force.

GRAND OLD GUIDE OF NORTH PASSES

Dies Shooting Grand Rapids; Buried at Foot in Coffin Made From Scow.

EDMONTON, June 30—Dying of heart disease while shooting the Grand Rapids in his 78th year, Phillipe Atkinson, one of the historic figures of the north, "went out" last week just as he would have wished had he been allowed to choose. When his scow came to rest in quiet waters after the old guide's soul had winged its way upwards from the turmoil of white water, his companions buried him at the foot of the rapids in a coffin made from his scow.

He was extremely intelligent and knew intimately every part of the northern territories between Alaska and northern Manitoba. His views and opinions were always taken into account by those who knew him and his judgment carried great weight among the northern pioneers.

WHIRL OF FUN AT OPERA HOUSE

Tonight the Pierrots Present Interesting Revue; Carnival Dance at Armory.

Tonight will see Nelson's first pierrot revue at the opera house given under the name of "Whirl-i-Whirl" by the G. W. V. A. pierrots and pierrettes.

Among other interesting items on the program will be a sketch built for laughing purposes only, "Married Life," will tickle the married portion of the audience, bringig back to their memories happenings during their early married years and will please the younger set to see what they still have to go through.

Leslie Craufurd with his always delightful Scotch songs will have an entirely nek act, which he has never as yet used before a Nelson audience.

A striking example of mimedance is portrayed in "Opium," the famous Gaby Desleys-Harry Pilcer dance.

Funny comedians in the persons of Edgar Mason and J. Bennett keep the audience in an uproar while dainty songs and dances are provided by Misses Sylvia Scott, Ethel Morrison and Nookie Blackwood.

Another of the evenings attractions is the big carnival dance to be given in the armory at which large quantities of varicolored confetti will be used and an elaborate supper served.

AUDITOR REPORTS ON GRAVEL PIT PURCHASE

VICTORIA, June 30.—H. J. Perrin, auditor of South Vancouver, netted $29,350 on the $75,000 Coquitlam gravel pit deal of the Greater Vancouver sewerage board, according to theh report of R. J. Wark, commissioner, who conducted the inquiry into the gravel pit purchases. The report was presented to the government today and made public by Premier Oliver. Under the circumstances as it had control over them, the board was justified in buying the Coquitlam gravel pit and did not pay too much for it, the commissioner says.

No evidence has been given to justify any suggestions that the sewerage board or some of its members shared in Perin's profit, the report says.

LACROSSE GAME STARTS AT FIVE

Players Must Be on Hand Half Hour Early; Thrills Are Due.

An exposition of Canada's summer national game, the first to be given by senior teams for many years, will be one of the principal events on the program at the Recreation grounds this afternoon. Many persons in Nelson may never have seen a lacrosses match, and these will get their full share of thrills at the contest between the Nelson team and the visiting Trail-Rossland team. The game is due to open at 5 o'clock.

The teams are expected to be on the grounds at 4:30 o'clock, and to be in readiness to take the field the instant it is clear.

The Nelson team will turn out as follows: Goal, A. A. Perrier; point, A. Flumerfelt; cover point, S. A. Williamson; 1st defence, G. Benwell; 2nd defence, B. Thompson; center, J. Curran; 1st home, D. Richardson; 2nd home, E. Murphy; outside, T. McKinnon; inside, H. Ferguson. The substitutes are. Cover point, S. Barker; 1st defence, C. Cryderman; center, B. Thompson, 1st defence, Armstrong; 2nd defence, S. Desireau; outside, L. Desireau.

Judge Reprimands Italians in Michel Assault Case; Injured Man Agressor.

FERNIE, June 29.—Judge Thompson held a special sitting of the county court on Tuesday, when six applications for naturalization were heard and also an assault case from Michel. The Ging vs. Fieretti. This was a quarrel between two Italians, Angelo Fieretti and Silvio Bino, arising out of a card game. In the fracas beer bottles were the chief weapons used and both men received more or less grave injuries. The occurrence took place over a month ago, but proceedings were withheld pending recovery of Bino, whose injuries confined him to the hospital for some time. On the evidence the court held that Bino, the complainant, has received what was coming to him, as he had been looking for trouble and had been the original aggressor, but after the initial mix-up when he had endeavored to depart, Fieretti, the accused, smarting from injury, became violent and pursued and made an attack with a bottle. He was found guilty of assault and fined $50. but both accused and complainant were severely reprimanded by the court, and admonished that if at any future time either one became involved in the commission of any crime and found guilty they would receive the maximum penalty the court could impose.

START PLAYGROUND COURSES MONDAY

Committee Organizes for Work; Wants Cooperation of All Interested.

Supervised play for the little folks at the Lakeside park every day during the holidays except Sundays, is the aim of the Women's institute, whose committee that is dealing with this subject mapped out its work last night.

The first of the programs for the little folks will be given at the park on Monday afternoon from 3 to 4 o'clock, when children of from three to eight years will be taken in hand. The safety of the children during the period they are in the committee's charge is guaranteed, but parents should send for them by 4 o'clock.

In the first day's program there will be a drill in calisthenics, conducted by Capt. W. T. Tait or Griff Morris, with the junior "Y" leaders assisting. There will also be singing, and probably o patriotic talk by Rev. J. P. Westman. Massed games will wind up the hour.

All interested in the subject of playground work are invited to be present Monday, and to remain at the pavilion after the hour is over, to confer on the work. The institute will need many willing workers of varied talents in order to carry out its program. Those who can help in any way are asked to attend at the park, or to notify Mrs. W. M. Myers or Mrs. T. Dolphin, by telephone.

Among the features it is proposed to utilize are folk dancing, story telling, sand pile workk and sand drawing, patriotic work and talks on the flag, good citizenship, health talks, elocution, community singing, simple drills, simple sewing and similar lines.

Those present at last night's meeting were Mrs. Myers, Mrs. Dolph'n, Miss Mary Pickford, Miss Isabel Forin and Miss Helen Sewell. Mrs. Dolphin was chosen chairman of the committee, Mrs. Myers was chosen vice-chairman, and Miss Pickford was chosen secretary.

PREDICTS MOTOR CARS WILL DISTIL FUEL

A prediction that automobiles within a few years would carry individual stills to produce fuel for their operation was made recently by Thomas A. Edison, Jr.

Discussing carburetion at the graduation exercises of the Knights of Columbus automobile school, the son of the inventor said he had himself been seeking a substitute for gasoline for ten year The problem would be solved, he said, by the manufacture of individual distilleries to be attached to cars, the stills to be operated by the heat and motion of the motor, and to produce from petroleum and other ingredients a combustible mixture supplied as constantly as a current is generated by electric cars while in motion.

A car of average power, in his opinion, could be equipped to produce sufficient fuel to run itself and enough by-products to pay for its maintenance.—New York Evening Post.

SIX WEST KOOTENAY FRUIT BODIES WILL MARKET THROUGH OKANAGAN

New Alliance Just Formed Is Believed to Be Precursor of Provincial Organization; Allied Organizations Will Control Two-thirds of This Year's Crop; Big Advertising Campaign Will Be Made on Prairie; Manager Norman of Kootenay Fruit Growers' Union Issues Explanatory Circular.

Taking a step that all concerned believe will lead to a provincial fruit marketing organization, six fruit organizations in the West Kootenay have severally decided to market their fruit this year through the Okanagan United Growers, which last year handled more than one-third of all the British Columbia fruit marketed, E. Norman, manager of the Kootenay Fruit Growers' union, stated yesterday.

The total fruit crop of the province sold on the market last year was valued at $4,060,080.51, to which total the Okanagan United Growers, with headquarters at Vernon, contributed $1,458,645.70. In the last few weeks the fruit organizations at Kelowna and Summerland, in the Okanagan, that at Walhachin, and the B. C. Berry Growers and the Stewart Fruit company, as well as other organizations, have thrown in their lot with the "O. U. G." in the interests of a provincial cooperative movement. In the West Kootenay the organizations that have decided to join with the "O. U. G." for this year's marketing are the Kootenay Fruit Growers' union, the Willow Point Fruit Growers' union, the Robson Farmers' Cooperative association, the Crawford Bay Framers' institute, the Creston Fruit association and the Cooperative Farmers of Wyndel.

On the basis of last year's crop, the alliance will account for at least two-thirds of the province's crop this year.

While there was an attempt five years ago to link up the Kootenay with the Okanagan in fruit marketing, the scheme did not get very far. In the present case, E. C. Barnes, president of the B. C. Fruit Growers' association, is the genius behind the movement to form a provincial organization, and Charles Lowe, who is said to be recognized by the shipping associations of the United States and Canada as the best fruit sales manager in America, is the wizard whose genius has made the "O. U. G." a pronounced success. Mr. Barnes has made two trips through the Kootenay, meeting the fruit associations here, the last one a few days ago, in the interests of the large cooperative movement.

Accepted No Cancellations.

Mr. Norman states that Mr. Lowe, in addition to handling the big crop of last year in a highly efficient manner, made a record in the fact that after the marke broke the dealers everywhere were cancelling orders, he did not accept a single cancellation that he did not desire to accept. The reason that he accepted some cancellations was that his orders called for more fruit than he had. All the other shipping organizations and the individual shippers had to stand for cancellations, no matter what the financial loss involved. Organized this year on a larger scale than ever the "O. U. B." will, it is figured, have not the slightest difficulty in holding people to their contracts.

Shippers and wholesalers are each contributing to a fund to advertise British Columbia fruit on the prairie, and it is intended to enlist the cooperation of prairie retailers as well. A 14 weeks' advertising campaign has been worked out for the fall months which, it is expected, will greatly increase the consumption of British Columbia fruit of the current crop.

Mr. Norman Issues Circular.

The Kootenay Fruit Growers' union is issuing to the growers in its ranks the following circular letter, dated Wednesday, announcing the facts of the new orders of things:

"Dear Sirs—After long and careful consideration, and much discussion, canvassing the question from every side, we have decided to market all our fruit this year through the Okanagan United Growers' agencies. We believe we can get better returns by this means than in any other way.

"Last year the O. U. G. sold $1,458,645.70 worth of fruit, being more than the combined saleis of the four largest competitors in B. C. fruits. Since then many of the other shipping associations have joined with the O. U. G. so that their business will be almost doubled, making it about 75 per cent of the total of B. C. fruit shipments, and still growing strong.

"The O. U. G. must do as well for us as for themselves, or the cooperative movement in Kootenay will fail. If they break the market with our fruit, they break it on themselves and injure their own members. The whole strength of cooperation with the growers is its average return to the growers. Last year the average return on apples sold by the O. U. G. for No. 1s, 2s, 3s and crates was $2.41, which is far in advance of the returns of any other shipping organization.

"They have their own agents in every large town from Vancouver to Mntreal, as well as in Minneapolis, St. Paul and Chicago so that they are able to deal promptly with any complaints from shippers or buyers, and from an intimate knowledge of conditions on the spot, can insure the very best results and prompt returns to the shipper. Obviously our best policy is to have the O. U. G. work for us and not against us.

"The marketing problem this year is going to be most difficult. The B. C. crop promises to be about 2000 cars larger than the prairie market ordinarily absorbs. In addition Ontario has a big crop, much of which will move westward. The western states, also, have a large crop. In 1919 we had to export about 1000 cars to keep from breaking the market, or else keep the fruit at home to rot, and that after losing about 500 cars in the big freeze of Oct. 24. Evidently the sale of our apples must be pushed in every possible way. Advertising is the easiest and most effective way. Therefore we propose to cooperate with the B. C. Fruit Growers' association and the B. C. Traffic and Credit association, and we shall levy a fee of one cent per package on all fruits handled by us, to be paid over to these associations for advertising our fruits. Our own commission is 10 per cent on all fruit handled at Nelson, or $40 per con on carlotes, loaded and shipped to our order by an individual grower or association.

"Let us have your fruit, the best that you can put up, for poor fruit is not wanted by anyeone."

COMMISSIONER OF WAR GRAVES HERE

Colonel Osborne Will Speak at Veterans' Reunion Today; a Vast Task.

Col. H. C. Osborne, C.M.G., secretary-general of the Canadian agency Imperial war graves commission, arrived in Nelson last evening. He is making a trip across Canada investigating conditions regarding the graves of sailors and soldiers of the great war.

As a result of his visit to Nelson, steps will be taken at once to mark ina permanent manner the graves of those buried here. The headstones to be erected by the commission are of the pettern adopted for use in military cemeteries in France, Belgium and all over the world. They are, for Canada, of light grey granite, and bear on their face the Maple Leaf, the cross or other religious emblem, the particulars of the soldier to be commemorated, and any religious text of personal inscription the relatives may desire.

In an interview Col. Osborne said that there are in Canada upwards of 6000 graves to be dealt with. These are scattered in 1500 different cemeteries, as it is only in leading centers that any considerable number are gathered in one place. Wherever he has been he has conferred with officials of the G.W.V.A., and has received willing advice and assistance.

Colonel Osborne emphasizes the point that the keynote of the commission's policy is equality of treatment and uniformity of pattern of all memorial stones, irrespective of the rank of the soldier commemorated. The commission thus seeks to perpetuate the union in motive, action and death, of those who gave their lives.

A World Work

There are being constructed in France, under the direction of eminent architects, 1200 purely military cemeteries containing from 300 to 10,000 graves each. In addition, there are in those two cemeteries over 2000 plots to be dealt with, in commercial or parish graveyards.

The commission's organization is also working on a large scale in Italy, Egypt, Palestine, Mesopotamia, and in fact wherever soldiers of the Great War were buried. The Imperial war graves commission is an independent body created by royal charter, as a result of the Imperial conference in 1917. Every government of the British Empire ir represented on it. The expense of its operations is borne by the governments concerned in proportion to the number of their respective dead. Canada's share is about eight per cent.

In order to discharge its duty in the Dominion, the commission asked the Canadian government to act as its agent. This the government consented to do through the department of militia and defence.

Colonel Osborne expressed his great pleasure at arriving in Nelson on the eve of the Veterans' reunion. He has accepted an invitation of the G.W.V.A. to be present at the luncheon in Eagle hall today, and to address the Veterans briefly regarding the work in which he is engaged.

Mr. and Mrs. Caudwell vs. T. R. Wilson and Miss Ruth Armstrong.
Mr. and Mrs. H. W. Robertson vs. Mr. and Mrs. A. Leith.
Mr. and Mrs. C. I. Archibald draw a bye.

All plans are set for a large turnout and the club has arranged a jitney service to run from Nelson at 9:30, 10:30, 11:30, 1:30 and 2:30.

The club urges all competitors to be on time according to schedule so that by getting away to a good start all may have a full day's enjoyment.

JOB PRINTERS STRIKE; REFUSE ARBITRATION

WINNIPEG, June 30.—Tomorrow was the day set for a strike of the job room printers, bookbinders, job pressmen and printers on the daily French papers in this city. Of these only the job printers will be on strike. They are asking for the 44-hour week and a wage of $40 a week and have refused arbitration on the question of hours. The bookbinders today signed a two-year agreement to continue on the same wage scale and conditions as exist at present. The job pressmen have been advised by their president, George L. Berry, to stay at work and submit questions at issue to arbitration. They have decided to do so.

At a meeting of the printers on the daily French papers this afternoon the decision was made not to go on strike, but wait for further action until September 15, 1922, to take steps as regards the 44-hour week. This is the date when the contract between the publishers of the dailies and their employees expires.

FRIDAY, JULY 1, 1921

Canada's Fifty-Fourth Birthday.

It is 54 years ago since the statesmen of Confederation, Macdonald and Cartier, Brown and Tupper, and their brother leaders in the Canadian provinces saw victory as the culmination of their struggles for a united Dominion.

They were men of vision and foresight. They foresaw Canada's possibilities as a nation, the political, industrial and social development of which it were capable if it were granted the opportunity, the opportunity which could only come through confederation.

They built well and upon a strong foundation. Canada is realizing the vision of greatness they saw for her.

She has grown to nationhood, politically, economically, commercially and, most important of all, to nationhood in point of that elusive human quality which we call character.

A nation may be great in world politics, it may be great in commerce, its ships may sail the seven seas, its banks branch out through the six continents, but it is through the character of its people that it attains the true greatness which does not perish. Character is the foundation of nationhood, as it is the foundation of manhood.

Canada has made magnificent progress and not least in the strength of character of its people during its 54 years of development since Confederation. As a nation it is still young; its greatest development is yet to come. Upon those who are today building the nation, eight or nine millions of us, rests the burden and the privilege of doing all that is humanly possible to ensure that Canada's future development in the strength of character of its people shall be commensurate with its growth in commerce and material prosperity.

Divorce While You Wait or Marriages on Trial

LONDON, June 30.—(Associated Press).—America was described as "the happy hunting ground of divorce" and "the home of divorces" by the Rev. A. V. Magee, vicar of St. Marks church, London, during a discussion of the divorce question by the London Diocesan Conference just ended. A resolution was adopted pledging the conference "to adhere to the principle of the indissolubility of Christian marriage."

The Rev. Mr. Magee, denounced Lord Buckmaster's bill in parliament for divorce reform, saying it could adequately be described in two titles, "Divorce While You Wait" and "Marriage on Trial For Six Months."

An amendment to the resolution that the conference should pledge itself to adhere "to the teaching of Jesus Christ concerning marriage" was lost.

EVICTED AND DESERTED FAMILIES CAMP IN OPEN

TORONTO, June 30.—The two families who were discovered living in an open field on the outskirts of the city two days ago, after being turned out of a rented house, were broken up today, when the order of the county magistrate made the five children wards of the York County Children's Aid society. The two mothers, who are sisters, told the court they had been deserted by their husbands about four years ago. The women were earning about $12 a week by washing and had paid $2 deposit on a lot on which they had deposited their effects and had lived for 13 days. The government will be asked to build a shack for them.

REQUESTED RECIPES.

A. K.: Boiled Caramel Frosting—Boil together one cup of brown sugar, one-half cup of granulated sugar and one-fourth cup of water until it spins a thread. Then pour it at once onto the stiffly-beaten whites of two eggs and stir vigorously until nearly cool; put it into the top of a double boiler and cook over rapidly boiling water until it begins to dry slightly around the edges of the boiler top. Remove from range at once and beat until it will hold its shape, then spread on cake.

Soft Cooked Custard—Scald three cups of sweet milk. Mix together one-half cup of granulated sugar, two tablespoons of cornstarch, a pinch of salt and two eggyolks and pour this mixture into the hot milk. Turn at once into the top of a double boiler and let cook, stirring often, until it coats a spoon. Then remove from range, and when slightly cooled add one teaspoon vanilla. (The egg-whites are not used in this custard.)

Reader Friend—To make fancy designs on icing you must buy a pastry bag and tube, and force more icing through this, after already icing your cake. By moving the tube cleverly, as you force the icing through it, you can make many unusual designs or can write your name on a cake, as you say you wish to do. Here is the candy recipe you request:

Easily Made Vanilla Cream Squares—Mix together in a frying pan two cups of granulated sugar, one cup of sweet milk, one tablespoon of cold water, and butter the size of an egg, and let this cook for 13 minutes fairly rapidly; test by dropping a little in a cup of cold water at the end of this time (it should form a soft ball instantly upon touching the water), then remove the pan from the stove, add 1 teaspoon of vanilla, and beat gently for two full minutes. Then turn the candy into a buttered layer-cake pan and let stand ten minutes before marking it off into squares with a buttered knife. After you have marked it, let it stand to harden for 15 minutes longer, before eating it. (This candy is solid but soft, like fudge, and it must be stirred every minute it boils lest it catch and burn. When it rises in bubbles, in boiling, lift the pan from the range a moment, then set it back.) It is a fine, simple candy for children as well as for grownups. Walnut meats may be mixed with it to suit the taste, if desired, but they are not at all necessary to its deliciousness.

Betty E. H.: To Remove Grass Stains—If the stains are new, washing in naphtha soap and cold water is usually sufficient to remove them. This is the best method if the whole article is to be washed, as in the case of children's clothes. Ammonia and water, if used immediately, removes these stains also, and so does alcohol. In cases where alcohol or ammonia may affect the colors of a dress, however, molasses or a paste of white soap and cooking soda may be placed on the stain, instead, and left on it until the stain turns color. It must then be washed out with soap and water, followed by rinsing in cold water.

SOUTH AMERICA AS FINAL HAVEN

Bolshevik Leaders Make Plans for Refuge When Russia Too Hot.

REVAL, Esthonia, June 30.—(Associaetd Press.)—According to recently intercepted correspondence from Communist officials in Moscow to Communist agents abroad, advising them of the "inside situation" in Russia, South America is looked upon as a final haven of refuge by many of the less hopeful Bolshevik leaders in event Russia becomes too hot for them.

One of these letters, recently published in a Reval newspaper, the Poslendie Novosti, advises one of the official's friends, who now is apparently in Germany, to "convert your valuables into dollars as frequently as you can, or better still, into South American currency.'

"The Octobrists," the letter adds, meaning by them those Communists who participated in the October, 1917, revolution, "are frequently sending their families abroad. Soon, it may be, I shall send my wife across to you, in which case try to put her up as best you can."

Trotzky Evolutionizing

Referring to the political situation, this Communist wrote: "Illitch (meaning Lenine, that being his middle name by which he is popularly known in Russia) is weakening. Zinovieff has grown too fat. Trotzky alone remains as of old the unrecognized Napoleon, but he is 'evolutionizing' also."

In connection with the sending abroad of the families of the "Octobrists,' this letter goes on: "Will you kindly keep a detailed account of their arrivals and of their names? Further, by a decision of the military department of the party, I want you to withdraw from the banks all the deposits at your disposal and put them in safe hands. Bring to Switzerland one-third of the 'iron fund' and hand it to B* * *. The rest can be left in Germany for any eventualities."

The writer constantly refers to the ruling councils of the Bolsheviki as "the Olympians," and remarks that "our Olympus is going the too fast."

"From January," he says, "the situation in the country of the party and in the Central Committee has come to a point to the last degree. The result of these conflicts was the Bontch-Bouróvietch, Dubov, Blumenthal and many others. This was the last gesture of the gay party gods. For a word said against Illitch, Krestinsky or Zinovieff, even not in public, ostracism is imminent.'

POTATO DOUGHNUTS

Three and one-half cups of flour, two eggs, one cup of sugar, four level teaspoons of baking powder, one-half teaspoon of salt, one-half teaspoon of mace, one cup of cold mashed potatoes, three-fourths cup of milk, more or less, as needed. Sift the flour, salt, spice and baking powder three times, beat the eggs well, add the sugar and beat well, then work in the mashed potato with a spoon and alternately add the milk and flour mixture. Have the dough soft and roll twice as thick as for cookies. Cut them all out before beginning to fry. I always try a small one in the fat first.

The simplest sport frock becomes a chic outfit when made of lilac colored jersey, and worn with a maize organdie tailored blouse. This sleeveless frock idea, which is one of the most practical designs introduced this season, may be

carried out in a variety of materials and trimmed with bindings of contrasting color.

In the models made of wool jersey, leather is frequently employed, and one smart shop made a feature of selling hip-length circular capes to match the frock. In the model shown above, note the slight fullness allowed just below the shoulders. This pattern may also be cut to provide for slight gathers at the hips.

PATTERN NO. 199.

A pattern for the above model (No. 199) can be obtained in sizes 34, 36, 38 or 40, by sending to The Daily News you name, address, the number of this pattern and the size required and 25 cents in postage stamps. Be sure to keep this newspaper clipping of the sketch and description of the garment to use as a working model when the pattern reaches you—which will be within two weeks' time.—The Editor.

MACHINES SPOIL ROMANCE OF ITALY

ROME, June 30.—(By Associated Press).—Hill towns of Italy which dot the landscape from north to south and have been the subject of writers and painters for centuries are threatened with an invasion of modern mechanical contrivances which will rob them of their aged romance and unspoiled picturesqueness.

The hill towns are relics of the old feudal system. The lord of the manor built his castle upon a hill and the whole of his vassals clustered their habitations about him. The position on almost inaccessible heights was sought for safety from invading neighbors. These towns dotting the hills stand today almost untouched by the centuries. The walls of the houses are thick and strong. Food has been hauled up to the hills by hand labor and horses since they were built. Women carried on their heads the water and other household necessities.

The plan now is to hold Alpine railways from the plains to the hills as labor saving devices. The perfect Alpine cable lines which the Italian army built over the Alps during the war are being sought for the work. Already a number of the towns have supplied to the applied to the ministry for the discarded Alpine cables so that they can be erected for the towns.

Told in Rhyme

DOMINION DAY.

Let us turn back the pages of Time's book,
Wherein is written record of each nation,
And let us for a moment take a look
At Canada before confederation.

Unsaddled rivers rippled on their way,
Forests, gigantic, stood by axe unscarred,
Wild Winds through pathless prairies shrieked at play,
Unchallenged mountains kept their western guard.

The pioneers throughout our eastern land
Built their strong homes, curbed Nature's great unrest,
Taught her to heed the power of man's hand,
Before Fate's phantom finger beckoned west.

Each province was a country of its own.
Then, in the growing need of nationalization,
Macdonald, Tupper, Tilly, Mowat, Brown,
Galt, Cartier, Hincks conceived confederation.

New Brunswick, Nova Scotia and Quebec,
Ontario, were the provinces, it seems,
That formed the craft upon whose sturdy deck
Our country sailed into her land of dreams.

Now saddled rivers serve our industry,
Our forest to the axe has bowed its head;
Our settled prairies feed humanity,
Our mountains yield us silver, gold and lead.

So when we celebrate Dominion day,
With banners, bands and floating flags afar,
Let us give passing thought to those whose sway
Made us the prosperous Canada we are.

TORONTO APPLIES FOR LOWER FREIGHT RATES

OTTAWA, June 30.—The board of railway commissioners have received from the city of Toronto an application to have freight rates reduced to the old basis before the 40 per cent increase came into force. The assistant chief commissioner said this morning that no decision had been taken as to granting a hearing.

It is generally held, however, that any decrease in freight rates will be contingent upon a reduction in operating costs, of which wages form the major part.

Montreal Advertises for Psychologist to Combat Sweeping Wave of Crime

MONTREAL, June 30.—"Wanted, a man in possession of the knowledge of psychology and habits of criminals, investigating and analytical ability, tact and good judgment and with integrity, physical and moral courage." This notice is being circulated by the municipal services of Montreal and a crime wave which has been sweeping over the city for several months is the reason for it. For a man with these qualifications $2040 a year will be paid, according to the circular.

MINING INTERESTS REVIVE IN LARDEAU

Dan Savoy Forming Company for Placer Mining; Examine Properties.

TROUT LAKE, June 29.—James Anderson of Kaslo is in the Trout Lake district in connection with a prospective deal on the Silver Cup and Nettie L. mining properties. The Nettie L. has been under lease all winter to S. White and F. Faulk, who have just made a shipment of ore from the property.

During the coming week parties are expected in to examine the properties of Mrs. A. Jowett, who brought down some fine gold-bearing samples last fall. The snow is going off the mountains this year over a month earlier than last year and several properties will be examined this summer by outside interests.

Dan Savoy, an oldtime placer miner of the Trout Lake district, after an absence of some twenty-five years spent in the Klondike and Alaska, has returned to make tests along the Lardeau from Trout Lake city north, with a view to forming a company to carry on placer mining along the Lardeau and tributaries. In the early days of the Lardeau activity Mr. Savoy took out considerable coarse gold from this stream and is very hopeful of a revival of placer mining in this vicinity.

TROUT LAKE NOTES

TROUT LAKE, June 29.—The heavy showers of the past few weeks have assured a heavy hay crop throughout the valley. Potatoes and other crops are also looking fine and far advanced for this time of the year.

S. Daney has been engaged for several days hauling down the machinery from the Silver Cup's mill at Five Mile for shipment.

Owing to an insufficient number of pupils the Ferguson school has been closed by the department of education.

There is considerable activity around Beaton, several outfits being engaged in taking out ties, poles and logs for lumber and shingle mills along the Arrow Lakes.

A new cooperative store has been opened at Arrowhead, with A. Vars of Trout Lake in charge.

H. Macpherson and Captain Fitzsimmons were delegates to the Masonic grand lodge at Victoria.

M. Ludewig and A. McLean are running a launch service on Trout lake, connecting with the train at Gerrard, there having been insufficient traffic so fa rthis season to justify running the Proctor, which makes the run only when there is sufficient freight for the upper end of the lake.

CHAMPION BOXER LOSES NO SLEEP

Dempsey in Good Spirits; Less Worried About Battle Than Anyone.

JERSEY CITY, June 30.—The heavyweight championship crown rested lightly tonight on the head of Jack Dempsey. He went to bed at 9:30 and slept peacefully as a child. Tomorrow the champion and his party will leave for Jersey City to rest until called to the arena Saturday afternoon. Time of leaving and the place where Dempsey will stay in Jersey City have been kept secret. Today the champion seemed less worried about Saturday's battle than anybody else about his camp. He seemed quite happy and carefree and spent part of the afternoon in horseplay with Joe Benjamin, one of his sparring partners, and in joking with friends.

The only time the fight was mentioned was when a rain-soaked messenger boy came up on a wheel and yelled at Dempsey:

"How long are you going to let Carpentier last, Jack?"

"Wait for 48 hours more and I'll tell you," replied the champion, grinning at the boy. "I'll be an expert on the fight then myself."

The Woodland Bards, a body of Chicago sport fans, visited Dempsey in the afternoon and were entertained on the front porch. Things were busy all day in and about the camp. Trunks were packed for the departure tomorrow and hundreds of messages wishing good luck were eceived. Dempsy's three Belgian police dogs which have been with him during his training period, were taken to Jersey City this morning by Bernard Dempsey, the champion's brother.

CARPENTIER SAYS WAS NEVER BETTER

Breathes Sigh of Relief When Training Over; Receives World Wide Messages.

MANHASSET, June 30.—Georges Carpentier finished his training stunt this evening, breathed a brief sigh of relief and said he was glad it was over. He added that he had never felt better before a fight.

In the morning Carpentier, with Charles Ledoux, Paul Journee and Pierre Mallett jogged off to the woods and when a storm overtook them sought shelter in an old barn. Here Carpentier shadow boxed for half an hour and performed acrobatic stunts, using a rafter for his horizontal bar. After lunch there was gymnasium work for half an hour. At the end Carpentier weighed 172 pounds. He was delighted at this, stating that it was the heaviest he had ever been before a battle.

Tomorrow he will exercise lightly for half an hour. There will be no visitors admitted and Carpentier will retire early.

Saturday morning there will be light exercise, lunch at 10 o'clock, a motor drive to New York and then Carpentier will go to the home of a friend in Jersey City and remain there until 2 o'clock in the afternoon.

There were messages and presents from all parts of the world received today, even French Indo-China, where a youth who had served in the French army during the war remembered the challenger for the heavyweight title.

Teachers to Tour Battlefields.

MONTREAL, June 30.—Nearly 200 school teachers from Manitoba will be among the cabin passengers on the steamship Tunisian, when she leaves Saturday for Glasgow. The party will spend a few weeks touring England, France and the battlefields.

Butter Wrappers

Either With Your Name or with the words

Dairy Butter

According to the Dominion government regulations all farmers who sell butter either to stores or privately are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words

"DAIRY BUTTER"

The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces and in default of same a fine of from $10 to $30 for each offense is imposed. Whey butter must be so labelled, even when mixed with dairy butter and dairy butter retains its label even though it be mixed with the creamery product.

WINDOW ENVELOPES

Save Money Because They Save Time

THEY ADDRESS THEMSELVES

The window envelope is one of the greatest time savers that can be employed in the modern office or store.

The address of the letter, statement, bill or invoice within shows through the window of the envelope. All you have to do is to fold the paper inside so that the address shows through the window of the envelope.

No other printing or writing is seen from the outside, nothing except the address.

HAVE YOU NOTICED HOW MANY OF THE LARGEST CONCERNS WHO PAY SO MUCH ATTENTION TO OFFICE EFFICIENCY ARE USING THEM?

They are made from a good grade of white stock and are in the No. 8 size, which is most suitable for general office and store use.

Window envelopes make it impossible to send a letter or an account to the wrong address.

The Daily News Job Department can supply them in quantities of from 500 to 20,000.

OILS DECLINE ON PROPOSED DUTIES

Revision Bill Depresses Market; Final Prices Irregular; Shorts Cover.

NEW YORK, June 30.—Today's market was unsettled by publication of the revision bill now before the house. Many standard issues reacted 2 to 5 points and speculative issues fell to 14.

Oils particularly were adversely affected, the proposed import duty of 3 cents per barrel on crude products causing acute weakness in all shares of foreign origin. Mexican Petroleum suffered net declines of 4½ to 5⅛. General Asphalt, Atlantic Gulf and affiliated shares closed at losses of 2 to 4 points.

Other stocks involved in the proposed schedule, including shippings, leathers and tobaccos, registered moderate sympathetic reactions, but most steels, equipments and motors were comparatively steady. Many secondary or junior issues rose 1 to 5 points with dividend paying shares on steady buying.

Final prices were irregular, shorts covering extensively.

Sales were 750,000 shares.

Money was firm on call at 6 per cent, but many extensions of short time loans maturing tomorrow were reported at prevailing rates. All international remittances were lower, sterling reacting about 1¾ cents from yesterday's best quotation. Exchange on Holland, Spain and Scandinavian centers was especially heavy. Dealings in bonds again were featured by the strength of convertible rails.

Liberty issues closed with a majority of declines, the 3½s and first 4s showing especial heaviness.

Total sales, $9,875,000.

DOMINION TRADE

WINNIPEG, June 30.—There are again indications that the improvement in trade conditions reported last week is not only beng maintained, but appreciably increased, states the weekly trade report of the Canadian Creditmen's association. Retailers are continuing to buy for immediate delivery. The shoe trade reports business about 75 per cent of normal.

Sales in the grocery lines are very satisfactory. Collections are improving slightly.

Montreal boot and shoe and hardware houses show slight improvement. There is no change in the dry goods trade. Twelve failures are announced from the district with liabilities amounting to $300,000.

Toronto reports, also, much the same as previously, but staple lines under all classifications are improving. Collections are more satisfactory. Wholesale trade in Saskatchewan and Alberta is practically unchanged, but the retail houses show an improvement over last week in addition to an increase over the corresponding week last year. Collections are still slow.

Winnipeg business continues to improve. The boot and shoe trade is approaching normal and conditions in the dry goods and grocery houses are better. Collections are fair.

MONTREAL LIST

MONTREAL, June 30.—Wayagamack was the outstanding feature of the local stock market today. The price broke to 46 and rallied to 48 at the close, at which figure it showed a net loss of 12½ points.

Spanish common sold down to 48. The preferred was strong in the early trading, but eased, later trading to 59¼, and at the close firmed to 60¼, a net gain of a fraction. Abitibi sold down to 23⅛. Brompton was a fraction down at 22. Price Bros. gained ¼ at 30, and Riordan was up ½ to 13½, but 25 shares of the preferred sold down 15 points.

In the general list, stronger stocks included Merchants Bank and Shawinigan, and weaker issues took in Cement, down 1¼ points to 48; Steamships preferred, down 1¼ points to 44½.

Total sales, 7170; bonds, $173,050.

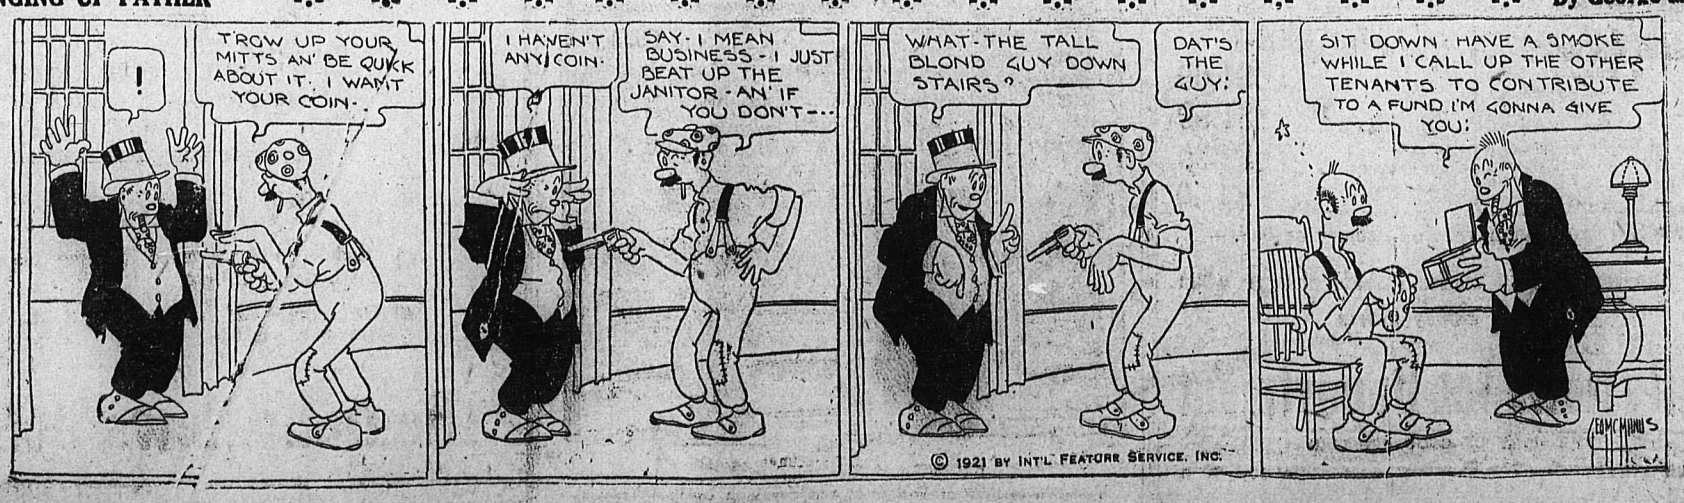
BRINGING UP FATHER — By George McManus



DEMAND FOR TANLAC BREAKS ALL RECORDS

Amazing Success Achieved by Celebrated Medicine Not Only Phenomenal, But Unprecedented—Over 20,000,000 Bottles Sold in Six Years—Foreign Countries Clamor for It.

Never before, perhaps, in the history of the drug trade has the demand for a proprietary medicine ever approached the wonderful record that is now being made by Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout this country and Canada. As a matter of fact, the marvelous success achieved by this medicine is not only phenomenal, but unprecedented.

The first bottle of Tanlac to reach the public was sold just a little over six years ago. Its success was immediate and people everywhere were quick to recognize it as a medicine of extraordinary merit. Since that time there have been sold throughout this country and Canada something over twenty Million (20,000,000) bottles, establishing a record which has probably never been equalled in the history of the drug trade in America.

Fame Is International.

The instant and phenomenal success which Tanlac won when it was first introduced has been extended to practically every large city, small town, village and hamlet in North America. Its fame has become international in its scope and England, Japan, Mexico, Cuba, Hawaii, Alaska, Porto Rico and many European countries are clamoring for it.

From coast to coast and from the Great Lakes, Tanlac is known and honored. Millions have taken it with the most gratifying and astonishing results and have pronounced it the greatest medicine of all time.

Tens of thousands of men and women of all ages in all walks of life, afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse, have testified that they have been fully restored to their normal weight, health and strength by its use.

Restored to Health.

Still others, who seemed fairly well, yet who suffered with indigestion, headaches, shortness of breath, dizzy spells, sour, gassy stomachs, coated tongue, foulness of breath, constipation, bad complexion, loss of appetite, sleeplessness at night and of terribly dejected, depressed feelings, state that they have been entirely relieved of these distressing symptoms and restored to health and happiness by the use of Tanlac.

CARPENTIER CAMP ACCEPTS DEMPSEY FACTION WAGERS NO RESPONSE SIXTH ROUND

Fight Wave Sweeps Enthusiasts From All Quarters to Jersey City; Slacken Betting to Shorten Dempsey Odds; Plenty of Money for Carpentier, But Heavy Odds Demanded.

NEW YORK, June 30.—The fight wave sweeping thousands of enthusiasts from distant points, will engulf Manhattan tomorrow. Special trains, cars and extra sections of almost every first class train between western points and New York will deposit their quotas within the confines of the metropolis by evening, ready for the concerted advance across the Hudson river to Jersey City early Saturday.

One of the various special trains arriving from Chicago today will carry the Woodland Bards, Chicago's famous organization of sport enthusiasts. Many other cities in widely separated parts of the United States are sending delegations by special train. On every railroad entering the metropolitan district, sleeping car and general passenger service will be greatly augmented, the railroads being prepared to handle a greater throng than ever before has been accommodated for a sporting event in the United States.

Betting Very Light.

Betting on the outcome of the Dempsey-Carpentier contest in the field was very light today. For some reason, presumably to shorten the odds on Dempsey, followers of the champion withdrew their support almost entirely. At the same plenty Carpentier money was offered through several brokerage houses, the French fighter's supporters, however, demanding heavy odds.

One of the wagers reported during the day was on the proposition that Carpentier would not respond to the call for the sixth round. Money which was said to have come from the Dempsey faction was freely offered on this phase of the fight and was accepted in moderate amounts by Carpentier's followers.

Preliminary Bout One O'Clock.

The gates of the arena wherein Dempsey and Carpentier will box for the title on Saturday will be opened to the public at 8 a. m. on July 2. This announcement was made by Promoter Tex Rickard tonight in connection with the statement that the first preliminary bout would be started at 1 p. m. sharp and the principals in the headliner had been instructed to enter the ring at 3 p. m. sharp, eastern daying saving time, or 2 p. m. eastern standard time.

It is said that there will be a good sized crowd of patrons for the five dollar seats on hand when the gates are opened and for those occupants of the unreserved section the wait will be unusually long unless there is some early activity in the ring. All told there will be about 8000 five-dollar seats, although this section is only three tiers deep. Being at the very top edge of the arena, the rearmost row will have an approximate sweep of 1800 feet, as the arena is 600 feet in diameter.

Rickard Holds Gloves.

The gloves which Jack Dempsey and Georges Carpentier will wear Saturday are dark maroon in color and have blue tape wrist lacings. The best of leather and wool have been used in their manufacture. Carpentier has the choice of two sets, as the first pair received for him from San Francisco, where they were made, was thought to be a little too large, and as a result, a telegraph order was sent for a second set, which arrived tonight. All the mitts are tonight in Rickard's safe.

Special arrangements have been completed so that Europe may receive news of the fight as well as the fight pictures, in the quickest possible order. Transmission records between the two continents are almost certain to be broken.

How Europe Will Get News.

A radio corporation has been requested by the French government to flash the result of the bout from the ringside. Barring unforeseen delays, Paris will know the success or failure of Carpentier within three minutes of the end of the battle.

Photographs of the bout for London and continental newspapers will be carried out to sea by hydro-airplanes and delivered to an ocean liner on its way to Europe about 100 miles off eastern Long Island. The pictures will be developed on board ship and made ready for airplanes which will meet the vessel off the English coast and speed with them to London and Paris.

Legal Difficulties Settled.

JERSEY CITY, June 30.—Chairman Robert L. Doherty of the New Jersey boxing commission tonight issued the permit for the Carpentier-Dempsey contest to the New Jersey Athletic club and George (Tex) Rickard.

The issuance of the permit and the statement of Prosecutor Garvin that he will not present the complaint of the International Reform bureau to the grand jury unless further evidence of a conspiracy is presented virtually disposes of all legal difficulties in the way of the contest.

Commissioner Doherty issued the permit after he and Commissioner Lyons and Referee J. Harry Ertle had inspected the arena.

Doctors Wallace Pyle, J. R. Cameron and D. Hellstern were appointed as physicians to examine the boxers before they entered the arena.

Dr. Wilbur F. Crafts of the International Reform bureau, in a long letter to Governor Edwards, made public today, demanded that he prevent the bout. Governor Edwards before receiving the letter stated:

"You may say that the fight will go on and will be conducted absolutely within the law."

In his letter Dr. Crafts declared Governor Edwards would find himself in an awkward position if he attended the fight and it turned out to be a crime. Dr. Crafts also wrote Governor Sproule of Pennsylvania, who has been invited to the fight as the guest of Governor Edwards, asking him to stay away.

CARPENTIER GAINS MILITARY HONORS

Last Ring Battle With Gunboat Smith Before Becoming French Air Pilot.

Carpientier's bout with Gunboat Smith was his last important engagement before he entered the military service. He was in England when the call to arms sounded and is said to have hurried across the Channel on the first available boat, getting into uniform almost immediately after his arrival on French soil.

Joining the aeronautic corps as a chauffeur, he became a pilot in the aviation corps in the spring of 1915. He flew at the front for 18 months before being assigned to reserve pilot duty behind the lines. Later he was declared physically unfit for flight service because of minor wounds received in action.

By his comrades, Carpentier is said to have been a daring flier. For bravery in the air, he was decorated with the Croix de Guerre and the Medaille Militaire. The latter award is the most prized that can be given to a French soldier. Carpenier's bravery in flying low over a German fortress during one of the major French offensives resulted in this decoration, according to the official war records, recently investigated.

Carpentier's only boxing during this period was in exhibitions behind the lines for the pleasure of his poilu comrades. The only bout listed in his official record about this time is the exhibition with Jean Bicot in 1917. For some time it was planned to send Carpentier to America to box in exhibitions for the Red Cross benefit but this was abandoned.

NEW YORK, June 30.—Heavy rain today resulted in postponement of two open air boxing shows. The bout between Leach Cross and Jimmy Duffy, lightweights, scheduled for Ebbets Field tonight has been postponed until tomorrow.

The contest between Bob Martin A. E. F., heavyweight champion, and Frank Moran, scheduled for tomorrow night, was put over until July 14.

PAST BATTLES OF THE COMBATANTS

Both Champion and Challenger Have Long List of Ring Encounters.

NEW YORK, June 30.—Veterans of numerous gory battles, will face each other in the ring when Jack Dempsey defends his heavyweight title against the challenge of Georges Carpentier in the Jersey City ring, July 2. Through several campaigns, both have won and lost contests in nearly every possible manner. Both have won by knockouts, on points and by fouls; both have lost on points and by knockouts, although Dempsey never has lost a decision on a foul, as did Carpentier to Frank Klaus, when Manager Descamps climbed into the ring to save the Frenchman from further punishment.

Frenchman Grizzled Veteran.

Carpentier, fighting since 1907, is the more grizzled veteran of the two. In winning his way up from the bantamweight ranks to the heavyweight class, Carpentier, who started boxing at 14, has engaged in 85 battles. In 71 of these he emerged from the ring the victor. Thirty-four times he won by knockouts, 33 times on point decisions and four times on fouls by opponents.

The Frenchman has fought only five draws; has lost once on a foul and has been knocked out once. To a French youth named Gloria goes the credit for being the only opponent who has stood over the challenger and listened to the toll of the referee.

Carpentier's record, before the war, is one of the most active accredited to a leading boxer. Service in the French army curtailed his boxing for four years, but since the armistice, with a heavyweight title bout his main consideration, Georges has engaged in fewer glove contests.

Jack Dempsey has fought 64 battles, and 55 resulted in victories for him. The champion has knocked out 45 or almost three-fourths of his opponents in six years of boxing, a remarkable record. Five times he has won on point decisions and his only victory on a foul was over the ponderous Carl Morris.

Only Kayoed Once.

The champion has fought four draw decisions, has lost on points twice, and has hit the canvas only once to stay there for 10 seconds. "Fireman" Jim Flynn, in 1917, achieved that startling feat, but later the "Pueblo Fireman" was knocked out in less than a minute by Dempsey when the latter was on his way to the championship. Dempsey also has fought two no-decision bouts.

The complete record of the boxers follow:

The Most Beautiful Rural Picture Ever Screened

Harold Bell Wright's

Famous Rural Story Of the Ozarks

The SHEPHERD of the HILLS

MILLIONS of people have read the book, MILLIONS of people have seen the play, MILLIONS of people want to see the picture.

From "Preachin' Bill" down to "Little Pete" you will see all the remarkable characters of Mr. Wright's story. Filmed amid the beauties of the enchanting Ozarks.

A masterful visualization of both book and play.

Beau Brummel of the Ring, Idol of France, Hope of Countless Thousands

in tomorrow's world championship heavyweight bout.

GEORGES CARPENTIER in The Wonder Man

A lavishly staged drama of Washington society life.

See Carpentier, European heavyweight champion, in the most realistic four-round bout ever staged.

His training quarters and the methods used in preparing him *for this, the supreme effort of his career, all threaded upon* the most trilling plot, the most absorbing dramatic action.

Attention, Ladies

You are goin to like this picture, just as well as the men. Gorgeous Georges surrounded by dozens of ladies in gorgeous gowns, and a love theme of surpassing interest makes "The Wonder Man" a picture of particular appeal to the feminine portion of our patrons.

DOUKHOBOR NOW EATS REGULARLY

Sin Boshi, the Doukhobor hunger striker at the Nelson jail, broke his fast yesterday and accepted his grated carrots and raw oatmeal. He started his strike last Saturday in protest at being put on half rations for refusing to scrub out his cell.

The half ration regime is now over and all the Doukhobors are on full rations again. The weekly scrubing of the cells occurs tomorrow, and considerable interest will be evinced in the conduct of the eight Doukhobors imprisoned for refusing census information, when they are *next ordered to do some work* required by jail routine.
