SOVIET RUSSIA KEEN TO JOIN IN CONFERENCE

International Finance Corporation Plans Vast Reconstruction Effort.

MUST SETTLE QUESTION OF FRENCH PROPORTION

Prospect of Accord Relieves France; Means Saving in Army Upkeep.

CANNES, Jan. 9.—Official announcement was made today that Soviet Russia would be represented at the forthcoming economic conference to be held at Genoa. This information was contained in a wireless dispatch received by the supreme council before a formal invitation to the Soviet government had actually been drawn up, and the speed with which the Russians have replied to the announcement that they were to be invited was construed to mean that they are keenly desirous of joining with the nations on almost any terms acceptable to the allies.

The subcommittee which will meet tomorrow to frame the text of the invitations for the gathering at Genoa was confronted tonight by the diplomatic questions of whether it should send out an invitation to a country which already has signified its intention to be present.

German Delegate Due.

Simultaneously with the making public of Russia's intention to have representatives at Genoa it became known that the German delegation, headed by Dr. Walter Rathenau, will arrive in Cannes on Wednesday to discuss the question of reparations with the supreme council.

The reparations experts and the commitee dealing with the proposed international financial corporation today outlined their program, which comprises a vast effort for European reconstruction. The reparations experts decided that Germany should be asked to pay 720,000,000 gold marks in 1922 and at least an equal sum annually afterward. Such payments, it is considered, will be sufficient to meet the interest on a series of German bonds of 20,000,000 gold marks, which thus will become negotiable.

Arrange International Corporation.

The economic committee decided upon an international corporation with a capital of £2,000,000, with its seat in London. This corporation will serve as a medium for credit transactions and facilitate the activities of private enterprises in all countries where the business field is now obstructed by lack of credits and disorganized finances. This plan presupposes the organization of affiliated companies in Germany, as well as in the United States.

There remains to be settled the question of what shall be the French share in the German reparations payments. M. Briand, the French premier, today asked the supreme council to give him time to consult with the finance commission of the French chamber of deputies and probably will give his answer tomorrow. President Millerand also probably will be consulted before the French finally accept the new scheme, only a few details of which have been given out.

French Circles Relieved.

There seems to be little doubt in either French or British circles that the conference will not adjourn before a pact has been agreed upon by France and Great Britain which will give the security to France that she has demanded ever since the peace conference. French circles tonight seemed very much relieved over the prospects of an accord that will permit France to make an immense saving in the upkeep of her army, while at the same time removing her preoccupations concerning her Near Eastern neighbor.

An exchange of views concerning Asia Minor is going on in private conversations between M. Briand, Marquis Curzon, the British foreign secretary, and the Marquis de la Loretta, the Italian minister of foreign affairs.

It was said in well informed circles that a settlement may be made in the form of an extension of the Franco-Turkish accord in Great Britain and Italy.

Women's Canadian Clubs to Subscribe Wedding Gift to Princess Mary

WINNIPEG, Jan. 9.—Members of the women's Canadian clubs from the Atlantic to the Pacific will be asked to contribute to a wedding gift fund for Princess Mary, whose engagement was recently announced, it was decided tonight at a meeting of the local club.

AUSTRALIANS VOTE FOR ONE BIG UNION

LONDON, Jan. 9.—It is unofficially stated, says a Reuter cable from Melbourne, that the Australian Workers' union have voted, seven to one, in favor of one big union.

BEER RESOLUTION IS ONE VOTE SHY

CALGARY, Jan. 9.—A resolution asking that the Alberta Federation of Labor urge the provincial government to legalize the sale of 3½ per cent beer was presented to the resolutions committee at the Monday session of the convention being held at Lethbridge. The resolution was discussed at some length and was finally turned down by the narrow margin of one vote. The liquor question in general will be discussed by the convention on Tuesday and if the resolution is presented on the floor of the house, the chances are that it will be defeated by a narrow margin.

ARMED POLICE MARCH TOWARD JOHANNESBURG

Strike Menace Serious; Government Guards Against Blaze From Spark.

LONDON, Jan. 9.—Outward indications of public recognition of the seriousness of the general strike menace is now apparent through the Union of South Africa, says a Reuter cable from Johannesburg.

Heavy coal trains now pass Johannesburg en route for the coast, where shipping concerns are anxiously replenishing their reserves. Even cattle cars are being used to haul coal.

A steady stream of police is moving toward Johannesburg to insure order there, while in Johannesburg itself the march of fully armed police is an hourly spectacle.

The situation is naturally regarded seriously in government circles at Pretoria. The Nationalist miners would gladly upset the present government if possible, but there is no threat against the constitution or of any revolutionary intent. Nevertheless, the government is taking measures to guard against the possibility of a blaze which might be caused by a spark, despite the efforts of the men's leaders to keep things in hand.

NO CANDIDATES IN COLDSTREAM

VERNON, Jan. 9.—Nomination day produced not one candidate for reeve or councillor today for the municipality of Coldstream. Ratepayers recently defeated a money bylaw. The 1921 reeve and council refused to stand for reelection and nobody else came forward. A new election will have to be ordered.

SUPREME COUNCIL INVITES HUNGARY

Creates Satisfaction; Possibility of Breaking Little Entente Hostile Ring.

BUDAPEST, Jan. 9.—The supreme council's invitation to Hungary to participate in the international financial and economic conference in Genoa early in March, which has just been confirmed here, is commented upon with satisfaction by the morning newspapers. Political circles see in this development the new possibility of a break in what is regarded here as the hostile ring of the little entente around Hungary.

The condition in the supreme council's resolution forbidding interference in the international affairs of other nations is considered of great importance as regarding Hungarian future independence. Industrial and banking circles are convinced that if the meeting succeeds in dissipating hatred among the states formed from the old Austria-Hungarian empire an economic alliance in eastern Europe must follow as the only measure to avert a general collapse.

Consider Transfer of Irish Administration to South Government

LONDON, Jan. 9.—The committee presided over by Winston Spencer Churchill secretary for the colonies, and which includes Austen Chamberlain, Sir Hamar Greenwood and several departmental officials, met today to consider the transfer of administrative powers to the new southern government in Ireland. Mr. Churchill authorized a statement that the committee would continue daily sessions, pending the arrival of Irish representatives.

MILITARY INSTITUTE ELECTS OFFICERS

CALGARY, Jan. 9.—Colonel George Macdonald, formerly D. O. C., military district No. 13, was unanimously elected president of the Alberta military institute tonight. Lieut.-Col. J. N. Gunn, D. S. O. was elected first vice-president and Lieut.-Col. G. S. Pearkes, V. C., D. S. O., M. C., was relected secretary. The institute has now over 100 members and contemplates a very progressive program for 1922.

RESERVE AIR WARFARE FOR FUTURE STUDY

Naval Committee Shelves Problem; Limitation Agreemeent Ready.

WASHINGTON, Jan. 9.—Only details of technical phraseology remain to be worked out before the treaty for limitation of armaments is ready for singnature by the plenipotentiaries of the five great powers.

Passing today on its last question of policy, the naval committee of the Washington conference decided against any present attempt to limit or regulate aerial warfare and voted to refer the problem to a continuing commission for future study. It is expected that the complete text will be ready for publication to the world at a plenary session of the conference on Thursday or Friday.

Balfour Plans to Sail.

With the armament end of the conference approaching final disposition the delegates are preparing to press the Far Eastern discussions also to an early conclusion. Some delegates took so optimistic a view of the outlook that they were predicting a plenary session for Saturday or Monday to announce completion of the Far Eastern treaty. Arthur J. Balfour, head of the British delegation, made definite plans to sail for home on Tuesday of next week, and his colleagues on the delegation declared it was entirely likely that he would sign the Far Eastern agreement before his departure.

The Far Eastern questions remaining in abeyance relate chiefly to the Chinese railroads and elements involved in China's request for abrogation of the agreements resulting from the "twenty-one demands." A declaration is to be made also with respect to Siberia, but no great difficulty is expected in reaching an agreement on that point. Both the Chinese and Japanese implied tonight that new and promising elements had been injected into the Shantung negotiations, but the exact nature of the latest move was not revealed.

Features Leak Out.

The draft treaty prepared by naval and legal experts covering the five power contract for reduction and limitation of naval armament was in the hands of the five delegations tonight and though the text was a jealously guarded secret, enough information leaked through the barriers of silence to show numerous new features are included in the draft copy.

New features include:

A proposal that the duration of the pact be until 1937; a proposal to limit the size of guns on merchant ships to 6-inch calibre; authority for the construction of warships on foreign account within the jurisdiction of the five powers, provided the size limitations laid down for the five nations in the treaty are not exceeded.

PROMINENT WINNIPEG GRAIN DIRECTOR DIES

WINNIPEG, Jan. 9.—Frederick William Young, general manager and secretary of the Lake Shippers' Clearance association which he organzed in 1909, died at his home here tonight after a brief illness, aged 59. He had been suffering from heart trouble. Mr. Young was a member of the Winnipeg Grain Exchange and Winnipeg board of trade and also a director of the Western Navigation company.

As organizer of the Lake Shippers' Clearance association, Mr. Young became prominent in the grain trade throughout the continent. The organizations revolutionized the shipping end of the grain business in the west, and millions of bushels of western Canada's crop is now moved each fall with machine like precision.

Mr. Young was born at Chrysostome, near Montreal, Aug. 31, 1862, and was educated in the public schools and Place des Armes, Montreal. He came to Manitoba in 1882 and to this city in 1886.

ACCLAMATION PROBABLE FOR HON. DR. KING

Beattie Willing to Retire From East Kootenay in Favor of Minister.

VICTORIA, Jan. 9.—Premier Oliver went to Vancouver on the afternoon boat today after receiving word from Hon. Dr. J. H. King that the latter would like to see him as soon as possible In Vancouver tonight the premier was conferring with Dr. King and others and returns to Victoria by the midnight boat.

The premier said he had learned that if Dr. King runs in East Kootenay on a byelection he will in all probability go in unopposed as minister of public works.

According to word which has been privately received in Vancouver, arrangements have already been made for R. E. Beattie, member-elect for the riding, to make way for Dr. King.

Conservatives Agreeable.

Prominent Conservatives and leaders of the party in Fernie, Cranbrook and Nelson are said to be working to give Dr. King an acclamation if he is successful in having the seat opened for him.

Word has been received that A. B. Trites of the Trites Wood company of Fernie, one of the leaders of the Conservative party in the riding, has expressed himself as being in favor of giving Dr. King an acclamation. It is understood that other party leaders are in line.

"Our interests would be well looked after by Dr. King," Mr. Trites is quoted as saying. "We may not like the policies of the Liberal party, but that party is in power and if we have an opportunity to get a representative in the cabinet I do not think we should pass up the chance."

Ottawa Not Surprised.

OTTAWA, Jan. 9.—(By Canadian Press.)—The announcement from Nelson, B. C., that Hon. J. H. King, British Columbia's minister of public works, was on his way to Victoria to consult with Hon. John Oliver as to his acceptance of the same portfolio in the cabinet of Hon. Mackenzie King caused no general surprise here. At the time the new cabinet was sworn it was intimated that Hon. J. H. King would later be asked to accept a portfolio and that he would likely succeed Hon. Hewitt Bostock as minister of public works. Much depends apparently on the result of Mr. King's interview with Hon. Mr. Oliver. If he does not accept the portfolio offered it is expected that Mr. Bostock will continue to administer the public works department for some little time at least.

DIPLOMATS ENGAGE IN GOLF GAME

All Square at Tenth Hole; Abandon Match for Supreme Council Meet.

CANNES, Jan. 9.—One of the most notable diplomatic golf contests in the history of the game was played on the Cannes golf club's links this afternoon. The players were Lloyd George, Premier Bonomi of Italy and Lord Riddell, on one side, and Premier Briand, Andrew Bonar Law and Sir Edward Grigg on the other.

Premier Briand teed off, while a huge gallery cheered. The question of reparations, the economic situation and European affairs generally were discussed between holes. When the tenth hole had been reached the golfers remembered they had called a supreme council meeting for 5 o'clock and had to abandon the game and hurry to the yacht club, where the sessions are held.

Honors were even when the players quit and every one agreed that Premiers Briand and Bonomi had displayed much skill for beginners.

UNLEASH BRITISH BULLDOG IF FRANCE AGAIN SUBJECT TO AGGRESSION BY GERMANY

Pledge Fullest Military and Naval Assistance to France in Event of Unprovoked Attack on Ally; Written Offer Greatly Heightens Spirits of French Delegation; Britain's Guarantee of Security Embodied in Simple Agreement Gives Confidence Against Enemy Effort.

CANNES, Jan. 9.—Great Britain's written pledge to France to come to her immediate assistance to the ... lest extent of her military and naval resources in the even... f unprovoked aggression on the part of Germany has been ...nbodied in a document by Lloyd George and submitted by te... raph to every member of the British cabinet for approval.

In British circles here tonight, the ...pectation was that replies endorsing the compact would be ...ceived by tomorrow evening, when the document will be g... n to M. Briand, the French premier. It was said that the ...t probably would be published Wednesday morning.

The proposed agreement is unders... l to be simple in form and to give France what that country is seeking, namely, a guarantee of security and the immediate aid of Great Britain should Germany attempt another war of aggression.

The general opinion that it will be put into force has greatly heightened the spirit of the French delegation.

UNIT OF REPRESENTATION UPON QUEBEC CENSUS IS NOW THIRTY-SIX THOUSAND

OTTAWA, Jan. 9.—Census totals for six of the nine provinces have been compiled, leaving totals for British Columbia, Ontario, Saskatchewan and the Yukon and Northwest territories to come. For the six provinces already totalled, the population reaches 4,545,275. Assuming that the remaining provinces will total in the neighborhood of four million—in the last census their combined population was a rather less than 3,400,000—this year's census will give a population for the Dominion of about 8,500,000. The total population as shown in the 1911 census was 7,206,357.

Decides Number of Members

Today's figures for Quebec are of particular importance as indicating the unit of representation in the next (fifteenth) parliament. This unit is reached by dividing Quebec's total population by 65, the fixed numbers of members which Quebec is entitled to send to the house of commons. Each of the other provinces is assigned such a number of members as is equal to the result reached when its population has been divided by the unit of representation. To this rule there is no exception. By an amendment to the British North America act, passed in 1915, it was provided that a province should always be entitled to a number of members in the house of commons not less than the number of senators representing such province. As a consequence, the representation of Prince Edward Island has remained at four members.

Maritime Provinces Lose

Following the last census, the unit of representation was 32,000. Today's Quebec figures, with their increase in Quebec population, bring the unit of representation to 36,000. On that basis, the Maritime provinces will, following the next redistribution, lose three members; Manitoba will gain one and Alberta will gain four. The representation of the six provinces will be:

Quebec, 65, (no change); Nova Scotia, 14, a decrease of 2; New Brunswick, 10, a decrease of 1; Prince Edward Island, 4 (no change); Manitoba, 16, an increase of 1; Alberta, 16, an increase of 4.

As the totals of the remaining provinces have not yet been computed, their representation in the next parliament cannot be accurately calculated.

Quebec Population Increases.

OTTAWA, Jan. 9.—During the last 10 years the population of Quebec Province has increased by 17.11 per cent. Census figures issued today show that Quebec now has a population of 2,349,067, as compared with 2,005,776, an increase of 343,291.

DE VALERA FAILS UPON BALLOT TO SECURE REELECTION AS PRESIDENT

DUBLIN, Jan. 9.—Ireland tonight is without a government of its own. Eamonn de Valera resigned from the "presidency" and the proposal for his reelection to that office, which includes the office of premier, was defeated in the Dail Eireann by a vote of 60 to 58.

De Valera made it clear that all the members of his ministry, whether they voted for or against the treaty, went out of office with him.

Lest there should be any doubt, William Cosgrave, "minister of local government," who daily, he said, was sending out letters from his department to Irish public bodies, asked if all that was to stop. De Valera replied that it must stop until the successors of the former ministers were appointed.

Doubtful Till Last.

The vote on De Valera's reelection was doubtful until the figures were announced. The London delegates who signed the treaty were divided, four of them voting against De Valera and one, Robert C. Barton, in his favor. De Valera himself refrained from voting, while Liam Roisite, member for Cork city, when his name was called said he would not take the responsibility of plunging Ireland into fratricidal strife.

Cheering followed the announcement of the figures. Both Arthur Griffith and Michael Collins were quick to pay tribute of admiration to De Valera, while the whole assembly rose and applauded him. A noteworthy feature of De Valera's later statement was that talk of fratricidal strife was all nonsense; the Irish people would know how to conduct themselves.

De Valera Pledges Support.

The course to which the former president, after his defeat, urged his opponents was to appoint a president in his place and let that president appoint his own ministers. He accepted defeat in good spirit and pledged his support to the new government so long as it was marching along the road to Irish independence. He explained that his reason for assenting to a motion for his reelection was the same as for declining to go to London on the delegation, his idea being to keep a reserve power in the interests

"My Experience as a Nurse"

has been that there is nothing known to medical science that can compare with Zam-Buk for the treatment of skin troubles or injuries." This is the opinion of Miss J. Keith, professional nurse, of Olds, Alta. She continues: "I have tested Zam-Buk personally, and have used it for my patients in a great number of cases—always with the same satisfactory results.

"Speaking professionally," Miss Keith concludes, "my advice to all sufferers from eczema or any other skin trouble is: Cleanse the affected parts thoroughly, and apply Zam-Buk freely and regularly. I am confident that this treatment will be found sufficient to cure even the most stubborn cases."

Zam-Buk, being composed solely of herbal essences, is so refined that it penetrates to the underlying tissues, which is where skin diseases have their roots. Unless a salve is capable of penetrating to the root of the disease it cannot permanently heal. This is why ordinary ointments which, owing to their coarse ingredients, never get deeper than the surface, either do not heal at all or only heal over the outer skin, with the result that the disease breaks out again. Zam-Buk cures, on the contrary, stay cured.

Zam-Buk is also unequalled for cuts, burns, scalds and all skin injuries. When Zam-Buk is applied, there is no danger of festering, and nothing ends pain and heals so quickly.

Zam-Buk should be used for ringworm, ulcers, abscesses, blood-poisoning, piles, boils, pimples, and all skin injuries and diseases. All druggists 50c. box, or from Zam-Buk Co., Toronto, for price.

DE VALERA FAILS OF REELECTION

(Continued From Page One.)

of the "Irish republic" behind the men in contact with the British ministers.

It soon became evident that the supporters of the treaty were not anxious to submit any name for the presidency. Richard Mulcahy, chief of staff, recalled that the Dail had got along for a considerable time without any president.

Suggests Griffith Form Government.

Michael Collins submitted a motion which he had been prevented from moving as an amendment to the motion for De Valera's election, that the Dail should request Arthur Griffith to form a provisional government.

This did not clear the situation and De Valera kept rising frequently, pressing his argument that they must act constitutionally, keep the "republic" in being, and give it a ministry. He objected to the creation of an alternative government which would suppress the Dail, and declared that if the republic as it existed were abandoned he and his followers would walk out.

De Valera's declaration of willingness to stand behind the new government if such action entailed no sacrifice of principle, and his further statement that he and his associates were ready to back the new government if it should require support against any outside enemy, were loudly cheered. Commandant McKeown cried out that De Valera's speech was the most statesmanlike he had ever made.

Republicans Hostile.

However, De Valera's words were not echoed by several of his Republican followers. Miss MacSwiney, David Kent and others displayed a determination to fight out the Republican cause. Miss MacSwiney was very forcible in her threat against any attempt by the new provisional government to adopt the Republican tricolor as the flag of the new Free State.

Mr. Collins apparently thought they could summon a ratifying body of members for southern Ireland, including the four Unionist members representing Trinity college. They could call it the Dail Eireann until somebody knowing Irish could find a better name for it.

All Out of Order.

Finally John O'Kelly, minister of education, argued that Mr. Collins' motion was out of order, because no notice had been given. The speaker sustained the argument, but pointed out that all the proceedings today were similarly out of order and could only be carried on by consent. Adjournment until tomorrow morning was moved and Mr. Collins said he would hand in notice of his motion.

Throughout the debate Mr. Collins showed that he realized the possibilities of a misunderstanding of their first steps as a provisional government. Some of them, of course, would have to go to Dublin castle at only to find out what was there. He provoked general laughter by saying that one of the first things they would do would be to try to get back £20,000 of the Republican funds that the crown authorities had appropriated. He drew a parallel between their entry into Dublin castle and the entry of General MacReady, commander in chief of the British forces, into the Mansion house.

Claims Credit.

The question of the Republican funds was ventilated lengthily. Replying to Harry J. Boland, Mr. Collins made it plain that loans collected for the "republic" would be repaid in accordance with the terms of the bonds; he would regard it as a breach of the treaty to object to this course. He declared that his side, in opposition to their colleagues had not used a penny of the Republican funds and hoped that the other side could say the same. Incidentally, in claiming credit for the efficiency of his finance department, he revealed the fact that the members of the Dail Eireann received compensation for their services.

He said his accounts were complete, despite all pressure on him, up to December 1, and the only irregularity consisted in paying weekly wages up to January 1, for which there had not been time to obtain authority from the Dail in the ordinary way. He suggested that the funds in the future should remain in trust in the hands of the existing trustees, these including Monsignor Fogarty, bishop of Killaloe, and De Valera.

"Just Suppose"

The play based on the Prince of Wales.

AT THE THEATERS

"Just Suppose."

With the same wonderful company that he presented last summer at the Royal Alexandra theatre, Toronto, when the Canadian premier of "Just Suppose" was given, Edward H. Robins will bring to the opera house, here his production of the prettiest little comedy romance for a special engagement of one night, the coming Thursday.

"Just Suppose" depicts just what might have happened if the propitious moment had arrived. The young Prince of Wales, tired of the ceremony that surrounds his every action, decides to slip away and spend one day just as any other young man would. To an old Virginia house he comes with his chum Bubbles. There he meets the one girl, and the inevitable happens. He falls in love with her, and his affections are returned, but they both realize that in his life the affairs of state are paramount. Comedy and pathos are so cleverly interwoven in the story that an evening of unalloyed pleasure awaits all who see "Just Suppose."

Maple Leafs Next Week

The famous fourth division "Maple Leafs" theatrical unit are now on a home coming tour of Canada, presenting their greatest overseas musical comedy success, "Camouflage," which they will offer at the opera house next Monday.

This clever aggregation of all-soldier talent are touring under the direction of Capt. M. W. Plunkett, whose "Dumbells" proved the big sensation of the Canadian theatrical world last season.

The "Maple Leafs" company includes a number of wonderful "girls" of all types, from the baby "vamp" to the grand society dame, and the piece derives its title from the way they fool the boys.

There are some 20 brilliant musical numbers interspersed throughout the action, while the costuming and staging leaves nothing to be desired.

AVALANCHE BOBS SCHOOL TEACHER

ST. JOHNS, Jan. 9—(By Canadian Press)—Sitting at the window of a first class car when an avalanche of snow, rolling down the mountainside at Rapid Ponds, swept the passenger coaches of the Reid Newfoundland railway express from the rails, Miss Margaret Matthews, school teacher of Springdale, had her hair bobbed as neatly as any barber could do it and without injury to her scalp. When dug out of the snowdrift she was found to be suffering only from a cut below the soulder.

A number of passengers were cut and bruised during the accident, which occurred Friday night, but none were seriously injured.

BOY BANDIT HOLDS UP STORE

SASKATOON, Jan. 9.—A boy bandit, stated to be about 15 or 16 years old, conducted a second successful holdup in Saskatoon tonight, getting away with $7 from a store. A man answering the same description held up A. Weinstein last week, getting $19. Police have made no arrest as yet.

UNEMPLOYED WOMEN SEEK RELIEF

REGINA, Jan. 9.—At a meeting of unemployed women, held here today, it was decided to petition the Saskatchewan government to establish a relief department exclusively for women. Employment of married women whose husbands are also working was denounced and employers will be requested to have them replaced by women who need positions.

MOTHER!

Open Child's Bowels with "California Fig Syrup"

Hurry, mother! Even a sick child *loves the "fruity" taste of "California* Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

HOW TO DARKEN GRAY HAIR

A Cincinnati Barber Tells How to Make a Remedy for Gray Hair.

A well known resident of Cincinnati, Ohio, who has been a barber for more than forty years, recently made the following statement:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce bay rum, a small box of Orlex Compound and ¼ ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is easy to use, does not color the most delicate scalp, is not sticky or greasy and does not rub off."

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at Once When Backachy or Bladder Bothers—Meat Forms Uric Acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and *your kidneys will then act fine.* This famous salts is, made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

CIVIC NOMINATIONS ARE HELD IN CITIES OF THE KOOTENAY

Three-Cornered Contest in Trail With Woman Candidate for Mayor; All Acclamations at Kaslo; Mayor Henderson Reelected at Fernie Through Opponent's Papers Being Rejected; Slocan City Has No Aspirant for Mayor, But Gets Woman Councillor; Rossland Has Mayoralty Fight With Acclamations in West Ward.

WANTED, ONE MAYOR FOR SLOCAN CITY

Slocan City elected a city council yesterday, lacking only a mayor, and also elected school trustees, according to word received from Slocan City last night.

William Clough, William Hicks, Harvery Fife and Mrs. Elizabeth Tattersell are the new council, Mrs. Tattersell being the first woman to hold this office in Slocan City. The new school trustees are M. Popoff and William Hicks.

Last year nomination day passed without either mayor or council being nominated, and a second nomination had to be held, at which leading citizens were persuaded to accept office.

KASLO REELECTS OLD SLATE STRAIGHT

KASLO, Jan. 9.—No new nominations at all were received for mayor and council, here today and the entire council is therefore reelected by acclamation, as follows: Mayor, James Anderson; aldermen, George Scott, D. A. McKenzie, S. H. Green, J. A. Riddell, Major J. H. Stubbs and W. N. Noble.

School trustees, also reelected by acclamation, are: H. Giegerich and W. J. Green.

Dr. J. Calvert, police commissioner, resigned office owing to ill health, and there were no nominations to fill the vacancy.

ARMSTRONG OPPOSES PITT AT ROSSLAND

ROSSLAND, Jan. 9.—Rossland will have a contest in the municipal election on Thursday, next, when Mayor Alexander R. Pitt will be opposed by J. T. Armstrong, who for several years until the last two terms served as alderman.

The only contest for alderman will be in the east ward, where Ald. W. Dunn, Ald. Robert Fox, Ald. Edward Langdon and Harry Robertson, filed nomination papers today, three to be elected, Ald. W. J. Garbutt being elected by acclamation today along with two new members of the council, Edward Stephens and Warren Innes, for the west ward.

James McDougall and Harry Robertson filed for police commissioner, one to be elected, to succeed J. A. Henderson, retiring.

Chairman R. J. Clegg and Trustee T. S. Gilmour, of the school board, were elected by acclamation.

RETURNING OFFICER AT FERNIE REJECTS PAPER

FERNIE, Jan. 9.—In civic nominations today, Mayor George Henderson was returned for a third term by acclamation. E. Marshall, formerly alderman up to the 1918 council, presented nomination papers, but Returning Officer A. J. Moffatt refused to accept them under the contention that inasmuch as Mr. Marshall is an employee of the city, he having held the position of fireman in the city electric plant for some considerable time, he was therefore disqualified to run for any elective office in the municipality.

Ten aldermanaic candidates will contest the six seats. The citizens' ticket has a full slate in the field, comprising H. E. Douglas, railway agent; J. S. Irvine, secretary of the coal company; Samuel Graham, butcher; William Robichand, gentleman; Joseph Aiello, merchant; and A. Corrie, wholesaler. The four indepent candidates are: William A. Harrison, teamster; Oscar Erickson, laborer; Daniel F. Markland, weighmaster; and J. E. Ward, machinist.

For police commissioner, William Hunter, coal miner, will oppose Harold A. Willson, clerk, who seeks reelection.

For school trustees only two nominations were received for the two vacancies on the board, William Gates, collector of customs, and John Pilsworth Lowe, undertaker, and they accordingly have been elected by acclamation.

TRAIL HAS CHANCE FOR WOMAN MAYOR

TRAIL, Jan. 9.—Trail has a three-cornered contest for mayor in sight, with Herbert Clark, shop foreman; Arthur J. Martin, barber, and Mrs. Charles Robertson in the field.

The nine candidates for aldermen are: Hugh Bell, Francis E. Dockerill, Harry A. Johnston, Arthur P. Lennon, Angus A. Macdonald, Thomas Meachem, James Pasta, Harold stone and George A. White.

F. E. Dockerill and James Williamson were elected school trustees, and Percy Walter Brady and George A. White, police commissioners.

RUNAWAY HORSE WRECKS SLEIGH

Chris Gansner, Jolted Out by Obstructing Monument, Miraculously Escapes.

Consternation and excitement was at a high pitch yesterday afternoon when a runaway horse drawing a sleigh dashed down Ward street with Chris. Gansner, the Granite road rancher, frantically trying to keep a seat and check the wild career. Mr. Gansner came within an ace of being seriously injured, if not killed.

With a backstrap unhitched the sleigh ran onto the horse's heels on Baker street. Down Baker street and Ward street the animal tore, swung around past the Hume hotel, cleared the sidewalk with the sleigh, circled the city bandstand there, doubled on its tracks and wrecked the sleigh on the Houston monument. Mr. Gansner, thrown out, miraculously escaped injury and jumped to his feet immediately.

But the terrified animal was again in wild career. Dragging the shalves and a single lashing runner, it mowed off the lamp on top of Smedley's gasoline standard, played havoc with Edward Kerr's flower pots and disappeared in the direction of the hospital, with Mr. Gansner, hatless, giving chase.

About an hour later the animal was brought back to the Houston monument, where Mr. Gansner unhitched the shalves to lay them with the wreckage of the sleigh.

OBITUARY

ALEXANDER WATERS.

TRAIL, Jan. 9.—Alexander Waters, who has been a patient at Trail hospital for six weeks suffering from Landry's paralysis, died at 7:00 o'clock Sunday evening. He was a native of Scotland, aged 41, and resided at Fruitvale. He leaves a widow and two children.

A sad feature of the case is that Mrs. Waters, on leaving the hospital after visiting her husband a fortnight ago, slipped on the pavement, fracturing a leg in three places. The doctors in charge of Mr. Waters brought the invalided wife to her husband's deathbed.

M'ARTHUR.

The funeral of Norman Wyatt McArthur, the 10-year-old son of Mr. and Mrs. E. E. McArthur of Salmo, who died in Kootenay Lake General hospital on January 5, took place from the family residence at Salmo on Saturday. Rev. James Barr Stirling officiated.

Among the floral tributes were those received from the following: The parents, sister Irene, brother Phon, brother Harry; the Salmo school comrades, a wreath; Mr. and Mrs. C. A. Cawley and family, a wreath; Mr. and Mrs. Isnor, a spray; C. Lindow and Iva Shrum, spray; Miss Keatley, spray; Mr. and Mrs. Fraser, spray; M. C. Donaldson and P. Mills, spray; Mr. and Mrs. Brenner, spray; George Johnson, spray; Mr. and Mrs. B. F. Anderson, anchor.

NELSON "CONTEMPTIBLE" RECEIVES RECOGNITION

Guy Smith, who was formerly a subaltern in the intelligence corps, First cavalry division of the "Old Contemptibles," yesterday received recognition from the war office for service under fire in the early days of the Great war—a bronze clasp to the 1914 star and two silver roses. The battles for which Mr. Smith earned this coveted distinction include Mons, the retreat, the Marne and the Aisne, in August and September, 1914.

ELECTS COUNCIL BY ACCLAMATION

VERNON, Jan. 9.—Vernon today elected its 1922 council and police commissioner by acclamation, but there will be an election for the school board. Mayor Costerton was returned unopposed as were four of last year's aldermen, namely L. J. Ball, A. S. Brandon, C. W. Corrigan and J. S. Galbraith. R. E. Berry was elected by acclamation, succeeding ex-Alderman Ellison.

F. B. Jacques was named police commissioner, no other being nominated. Four candidates are in the running for three seats on the school board. These are Mrs. B. Richards, John White, Dr. C. S. Dent and Jos. Harwood. Voting takes place on Thursday.

An attempt to introduce American musical comedy into Mexico was a failure.

To the Electors of Nelson

Ladies and Gentlemen:—

At the request of some of our responsible ratepayers I have decided to accept nomination for Alderman for 1922. I have served you for three years before, and if you should again elect me, I shall do all in my power to advance the interests and progress of the city, watch closely the expenditure of all monies and will see that all citizens get a square deal. On my record as an alderman and citizen I appeal to you for your vote and influence.

Yours sincerely,
A. S. HORSWILL.

Mayoralty Platform

1. A city that hopes to grow cannot limit its school expenditure to a definite, yearly amount. This would result in cutting the salaries of the teaching staff at the expense of efficiency.
2. An early decision should be made of what can be done to provide a suitable war memorial for Nelson.
3. Street car service has been made to pay and can be made to do so again.
4. Gas system will pay if mains are extended to attract more subscribers.
5. The new water system should be put in before much permanent street work is done.
6. Fairview sewer must be under construction as soon as possible.
7. Fairview and uptown streets can be vastly improved by early spring grading and rolling. Of permanent streets Vernon and High should receive early attention.
8. All sorts of clean sports should be encouraged for old and young to put a little more life into the town.
9. The natural beauties of Nelson should be kept carefully before the tourist trade. Increased poppulation will increase the profits of the public utilities.
10. A public meeting asked for by the rate payers for free discussion of matters concerning public welfare should be granted whatever the mayor's views on the matter. A public meeting for the open discussion of school matters should be held at least once a year.

All these matters I undertake to accomplish to the best of my ability. Municipal administration is only a matter of domestic economy. But in order to get the best results I ask the complete cooperation of the electorate not only before but after the election. In return I offer a just and impartial administration.

Mrs. W. Garland Foster.

TUESDAY, JAN. 10, 1922.

Now It Is Up to Ireland.

While the Dail Eireann has adopted the Anglo-Irish treaty by only a small majority, there is evidence that the majority of the people of southern Ireland who favor the treaty is very much larger. Many members of the Dail undoubtedly felt that as they had been elected as straight, uncompromising, republicans they could not consistently vote for an agreement which keeps Ireland within the Empire. Now that the vote has been taken many of them can be expected to become supporters of the new conditions, or at least to refrain from active opposition. It has, in any event, always been a big question as to what extent the people of southern Ireland voted for the Dail members in order to obtain a republic and to what extent they voted merely as a protest against the failure of the Asquith home rule bill to come into effect.

In any event, the people of the Empire generally, whether approving of the terms of the treaty in detail or not, are glad to see a settlement. Everyone is sick to death of the apparently never-ending strife in Ireland.

The essential thing now is for southern Ireland to settle their own differences and get their new government in operation. That is the first step. Whether unity between north and south is possible or not, it is certainly out of the question now until the south gives an appearance of tranquility.

Magnificent Achievements

The limitation of armaments conference at Washington has accomplished more than a great many of its enthusiastic supporters believed possible.

It has effected a definite and drastic reduction in the naval armaments of the naval powers, it has seen the Anglo-Japanese alliance give place to the Anglo-Franco-American-Japanese alliance, a four-parti agreement which guarantees the peace of the Pacific for the immediate future and probably for the next quarter of a century at least.

It has resulted in the banning of the submarine as a weapon to be used against merchant ships and the banning of the use of poison gas in warfare.

These are not all the concrete achievements of the conference, but they are the most notable.

Of greater moment, perhaps, than the magnificent definite steps to reduce armaments, lessen the probabilities of an outbreak of war and to remove from war some of its modern and most terrible horrors, is the progress which has been made toward an understanding among the nations. They have seen what can be accomplished by getting together around the conference table. They have learned something of other national viewpoints and, more important still, that apparently irreconcilable interests can often be reconciled.

EXODUS DOWN VOLGA

QUIT FAMINE STRICKEN REGION

If any convincing proof were needed of the reality of the Russian famine the flight of the peasants from the homes they have used for generations would be ample evidence, for it requires a very vital stimulus to make the peasant leave his own province. The Volga is the great highway by which the exodus from Samara and the other stricken areas is being made. The river steamers are busily engaged transporting the refugees and their few meager belongings southwards to comparative plenty. The river banks are lined by peasant families patiently waiting to be conveyed away from the desolate areas. This picture was taken at Kamishen, on the Volga, and shows the camp of refugees established on the river bank there.

TRUNK APPEAL NOT YET ENTERED

Privy Council Decision Due on Exportation of Liquor Case.

LONDON, Jan. 9.—(By Canadian Press cable.)—The appeal in the case of the Grand Trunk railway against the award of the board of arbitration appointed by the Canadian government for the handing over of the property to the Dominion, has not yet been entered for argument before the privy council, which opens next Tuesday.

The only two Canadian appeals for hearing are from British Columbia and are of minor interest.

Judgment in the case of the Manitoba government vs. Thomas Kelly & Sons, contractors, who built the parliament buildings for that province, is slated for delivery.

The decision in the case of the Nat Bell & Co., which involves the question of importation and exportation of liquor, is also scheduled.

RIVAL OF MAYOR IS DISQUALIFIED

Henderson Reelected by Acclamation for Third Term at Fernie.

FERNIE, Jan. 9.—(By Canadian Press.)—Mayor George G. Henderson was reelected by acclamation today for his third term as chief magistrate. The nomination papers of E. Marsham, who sought to oppose Mayor Henderson, were disqualified on the ground that he is an employee of the municipality.

Ten candidates will contest the six aldermanic seats in Fernie. They are H. E. Douglas, J. S. Irvine, Samuel Graham, William Robichaud, Joseph Aillo, A. Corrie, William Harrison, Oscar Erickson, Daniel Markland, J. E. Ward.

William Hunter will oppose the re-election of Police Commissioner Harold A. Wilson.

William Gates and J. P. Lowe were elected to the two vacant seats of the school board by acclamation.

QUEBEC TIGHTENS UP LIQUOR REGULATIONS

MONTREAL, Jan. 9.—Jail without the option of a fine is to be the penalty in future, not only for anybody convicted of bootlegging, but also for persons drinking in "blind pigs" or paying the rent of a house in which illicit liquor trade is being carried on, it was stated on good authority today. The same penalty also applies to any one convicted of printing or making plates in imitation of the Quebec liquor commission's literature.

Styles

Gray crepe de chine, with old blue duvetyn and a girdle of violet and coral crepe de chine, make a most unusual and highly decorative afternoon frock that is not the least bit "loud" despite the combination of so many colors.

Of course the secret lies in choosing just the right shades. In any event, it is a model with which a certain Fifth avenue costumer has had much success, and I suspect the sleeve, as much as the color scheme, has had much to do with it. The charming effect is accomplished with coral beads.

And is not this design a good foundation for the remodeling some wornout frock?

ANSWERED LETTERS

M. I. H.: "Can you give me directions for a really good game to play at a wedding anniversary party?"

Answer: Indeed I can. I know of no *jollier one than the following:*

Wedding Anniversary Game: This is a progressive game, played with large white squares of cardboard on which are written the letters of the alphabet. *There are five tables,* the *first* one being labelled, "Names of the Wedding Guests," the next one, "Flowers in the Bride's Bouquet;" the third table bearing the placard, "Foods Served at *the Wedding Feast;*" *the fourth,* "The Wedding Gifts;" and the fifth table being labelled, "Cities Seen on the Wedding Journey."

As there are four persons to a table, this game requires 20 players. If, however, the guests number less than 20, the hostess may simply omit one or two of the tables (it does not matter which). Partners are chosen as follows: Previously cut "wedding rings" out of cardboard, coloring these flat "rings" yellow (for gold) with a child's crayon. Now break each ring in two pieces unevenly, putting the two parts of each ring in a diffrent place. Give the men the one set of these ring-pieces to draw from, and the ladies the other halves of the rings. A man and lady whose two broken ring-pieces form a pefrect ring when matched together are partners.

On each table, face down, lies a set of 26 fairly large, white squares of cardboard, each square bearing one letter of the alphabet. The four players are seated about the table and must take turns turning up the squares. When "A" is turned up on the table labelled, "Names of the wedding guests," anybody who first thinks of a name beginning with "A" calls out that name ("Arthur" for instance, or "Anne" or "Amy"), and the player who *is first to call such a name gets* the cardboard square that was turned up. At the "Flowers in the bride's bouquet" table, when "A" is turned up, the players must try to think of some *flower beginning with "A"—such as* "Anemone." The pair of partners who have won the most cards at their table, progress to the next table, the unsuccessful pair remaining where they are. *After an hour or so of this game,* the hostess calls, "Time's up!" and the game is over. The couple who have progressed the greatest number of times, are the winners and may receive a suitable prize, each.

Answer to "A. E. S." and "Mrs. W. N.": I regret that I have accidently lost the self-addressed envelopes of two of my readers who wrote me personal requests for the address of the publisher of the candy book I mentioned in this colume, and also for my multigraphed article, "Receipes for Six Home Made Candies." Will these readers kindly drop me a post card giving me their addresses, so that I can mail them these things? I do not often lose a reader's self-addressed envelope, and I am very sorry for the delay caused by my having done it this time.

Happy Girl: "My parents gave me a piano for Christmas—and I never suspected they were going to do it! I think the world of it, as I wanted it more than anything else. Please tell me how to care for it. It is an upright with red mahogany case."

Answer: The very first thing for you *to do is to make* tiny white muslin bags, put a camphor ball in each bag, and hang these bags (about six of them) on the screws inside your piano; then the moths will never attack the *felts. Do not* wash the keys, when soiled, with water, as that turns them yellow. Ivory must be cleaned with alcohol. And keep it polished with a good piano polish, the name of which I will tell you if you write me a personal letter enclosing stamped, self-addressed envelope.

Tomorrow—Two Good Home Dinners.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

HONEY CARAMELS

Mix two cups granulated sugar, half cup cream or milk, a quarter cup of honey, a quarter cup butter. Heat and stir until sugar is dissolved, then *cook* without stirring until a firm ball forms in cold water. Beat the mixture until it crystallizes. Pour into buttered pans and cut into squares. *The addition of nuts* improves these caramels.

MARY MILES MINTER WINS SALARY SUIT

SAN FRANCISCO, Jan. 9.—Judgment for $4000 and costs awarded Juliet Reilly, known on the motion picture screen as Mary Miles Minter, against the American Film company for cutting her salary when she was unable to work because of engagements with the dentist or because recently shampooed hair made picture taking inadvisable, was affirmed today by the United States circuit court of appeals.

The film company contended that her contract for $2250 salary a week required a full week's work and was subject to deductions for absences. Miss Reilly sued for the amount of the deductions, which were made while she was at work at Santa Barbara, Cal.

The Railways of Canada Draw to Your Attention the

NEW RAILWAY RATES!

FOR PASSENGERS

The advance on sleeping and parlor car tickets authorized in 1920 has been cut in half—the advance made on ordinary fares at that time having been completely taken off many months ago.

FOR SHIPPERS

The percentage of advance granted to the Railways in 1920 has been reduced ten points. In addition to a five point drop at the first of the year.

These changes became effective December 1st

Your Cost of Living

YOUR cost of living should be directly affected. If it is **not** it is because (1) as the railways have pointed out before, the actual money paid for their services is an almost negligible factor in making prices, and because (2) even the huge sum now cut out of the railways' revenues and amounting to approximately—

$25,000,000.00*

annually—becomes a very small fraction of a cent when split up among the billions upon billions of small and large articles which constitute the freight traffic of Canada during a year. And because (3) the Court which has the power to control railway rates is **not** able to direct who is or is not to get the benefit of reductions. In other words, whether these savings in railway charges are passed on to you—or whether they are absorbed in marketing, cannot be controlled either by the railways or the public.

BUT this fact remains: a very great sum of money—enough to build every year a small city, or a Quebec Bridge, or four hundred and fifty of the newest and most powerful locomotives—is now removed from the revenues of the Canadian Railways and should be reflected, at least to some extent, in the family budgets of all Canadians!

WHETHER your railways can continue to function **without** the revenue thus lost to them, is an experimental problem facing the various managements. It depends largely on whether traffic keeps up or falls off—and whether costs rise or decline. But the managements are attempting the problem cherfully and with the determination to keep Canada's railway service the cheapest, mile for mile, and among the most efficient in the world!

MANY SURPRISES IN NOMINATIONS

Ten Candidates for Aldermen and Four for Trustee; Bell and Emory Retire.

NELSON NOMINATIONS.

For mayor—C. F. McHardy, A. I. Austin, Mrs. A. H. Foster.

For aldermen—L. H. Choquette, W. M. Cunliffe, George Turner, C. D. Shaw, J. C. Riley, Kenneth Campbell, A. S. Horswill, A. A. Perrier, W. R. Campion, Daniel Herb.

For school trustees—John Notman, G. R. Clerihew, Gilbert Anderson, Marcus Martin.

For police commissioner—Samuel Barton, Steven Enfield.

Candidates continued to enter the civic field yesterday up to the hour of the closing of nominations, and when City Clerk W. E. Wasson, as returning officer, finally announced that the nominations were closed no fewer than 19 sets of papers were in his hands. There were many surprises, five new candidates for the aldermanic seats appearing, A. A. Perrier, Kenneth Campbell, A. S. Horswill, W. R. Campion and Daniel Herb, while Aldermen A. D. Emory and John Bell did not seek reelection, and Ross Fleming, whose name had been mentioned, did not file papers. It was generally expected that there would be at least one application, but the appearance of Steven Enfield in the field for police commissioner assured that there would be contests for every office. As expected, there will be a three-cornered contest for mayor, as has often the case inthe past, Mayor C. F. McHardy, I. A. Austin and Mrs. Annie H. Foster being in the field.

No Wards This Time.

For the first time there will be an election without wards, and the aldermen will be elected by the entire vote of the city. Voters may vote for one candidate for mayor, six for aldermen, two for school trustees, and one for police commissioner. The school trustees and the police commissioner will hold office for two years. In the case of the school trustees the territory voting will be the entire Nelson school district, which includes areas all around the city and on both sides of the West Arm for a considerable distance.

There will be only one poll, and that will be held at the city hall on Thursday, the poll opening at 9 o'clock in the forenoon and closing at 7 o'clock at night.

Six candidates of the 19 in the field held office the past year, Mayor McHardy, Aldermen Choquette, Cunliffe, Shaw and Turner, and Police Commissioner Barton.

Many of the 13 new aspirants have either held public office or have stood for it in times past.

New Candidates Are Well Known.

A. I. Austin, now a mayoralty candidate, was an alderman for several years, was an unsuccessful candidate for parliament and was an unsuccessful candidate for mayor two years. He is manager of the Citizens' Cooperative association.

Mrs. Annie H. Foster, also standing for the mayoralty, was an alderman in the 1920 council, being chairman of the street railway committee, and she was in the field for mayor one year ago, but announced her retirement before nomination day. She was a nurse overseas and has held the presidency of the G. W. V. A. She is prominent in child welfare work.

A. A. Perrier, one of the six new candidttes for alderman, has served as alderman in different councils, the last one that of 1920. He is manager of the Poole Drug company and has always been a participant or a patron in sports of various kinds.

A. S. Horswill has also served on the city council and has been a trustee of the Hume school. He is a merchant and was the organizer of the Nelson Manufacturing company.

Kenneth Campbell has served on the Hume school board. He is a partner in the Campbell & Ritchie Monumental company. He is also president of the Nelson Liberal association.

W. R. Campion has been a resident of Nelson for 20 years, engaged in mercantile pursuits.

Daniel Herb is also an old resident and is engaged in the decorating business.

J. C. Riley is a well known miner, who has lived in the city and district many years. He is active in the British Columbia Prospectors' Protective association.

Major Gilbert Anderson, now offering for the school board, served for some time on it. He served overseas with the 54th battalion, which he helped to organize, and he is at present president of the Kootenay branch of the 54th Battalion association. He is in charge of the government employment bureau.

John Notman, who has been identified with the labor movement all his life and is a bricklayer by trade, has served as a member of both the city school board and the Hume board, now absorbed. He is an old resident.

George R. Clerihew, who resides in Fairview, was a member of the Hume board, acting as its secretary. He is in charge of the government ferry.

Marcus Martin is another well known resident. He is engaged in the delivery business. He offered himself for the school board one year ago, but was unsuccessful.

Steven Enfield, who is standing for the office of police commissioner, is a well known Nelson merchant, of long residence.

Nominations in Detail.

The following are the official nominations, in alphabetical order, as they will appear on the several ballots:

Mayor.

Irvin Amory Austin, manager, by J. C. Riley and J. Bradshaw.

Annie Harvie Foster, widow, by Gilbert Hartin, Margaret E. Weir, Margaret Brown, J. R. Hunter.

Charles Forbes McHardy, agent, by L. K. Larsen, W. S. King and Samuel Barton.

Aldermen.

Kenneth Campbell, manager, by Ross Fleming and J. A. Irving.

William Richard Campion, merchant, by Irvin C. Johnson, T. L. Bloomer and G. A. Hunter.

Ludger Hormisdas Choquette, merchant, by J. A. Gilker, W. Rutherford and Samuel Barton.

William Malloch Cunliffe, manufacturer, by Samuel Barton, W. E. Coles and Charles F. McHardy.

Daniel Herb, painter, by Hazen E. Stevenson and Marcus Martin.

Algernon Sidney Horswill, merchant, by Denis St. Denis, J. A. Gilker, Arthur R. Keefe, W. Rutherford and Hugh W. Robertson.

Arthur Eldedge Perrier, merchant, by F. J. Boles and S. Barton.

John Christopher Riley, miner, by I. A. Austin and T. L. Bloomer.

Charles Dee Shaw, railway conductor, by A. M. Winlaw, H. Procter, William Romain, Kenneth Campbell and J. A. McDonald.

George Turner, engineer, by W. T. Choate and Walter W. Shackleton.

School Trustees.

Gilbert Anderson, civil servant, by A. D. Emory and J. W. Holmes.

George R. Clerihew, ferryman, by J. J. Walker and L. K. Larsen.

Marcus Martin, delivery man, by I. A. Austin and A. H. Cassidy.

John Notman, bricklayer, by Glen B. Campbell, J. Bradshaw, Samuel Barton, W. Stanley Smith and John Smith.

Police Commissioner.

Samuel Barton, railway clerk, by Charles F. McHardy, W. S. King and W. E. Coles.

Steven Enfield, merchant, by D. H. Proudfoot and George Ferguson.

HEART WOULD BEAT LIKE A TRIP HAMMER

Heart trouble has of late years become prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips a beat, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst.

You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy normal condition as will

MILBURN'S HEART AND NERVE PILLS

Mrs. Chadwick, Delhi, Ont., writes: "I had palpitation of the heart, and the least exercise, such as going upstairs or up a hill, my heart would beat like a trip-hammer, and at times I was dizzy-headed and had a sinking sensation as if my time were near.

A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 66th year, I feel like a young girl; no dizziness or heart-thumping, and can walk miles without fatigue. At time of sickness I weighed 120 lbs., now I weigh 150."

PLANE SCOURS THUNDER BAY

Aids in Search for Commissioner Lost on Motor Boat Cruise.

FORT WILLIAM, Ont., Jan. 9.—(By Canadian Press.)—Eyes are turned skyward here in anticipation of the arrival of the Minnesota airplane ordered from Duluth by Governor J. O. Preus to scour the Thunder Bay reefs and barren islets for James Mahar, state commissioner at Grand Portage, missing 13 days, who ventured on a midwinter motor boat cruise through the ice floes. With steam up the icebreaking tug Strathmore awaits the airplane's signal to proceed to the rescue if the pilot finds trace of the 25-foot launch or its occupants.

Within 24 hours definite word should be known if Mahar is still alive. If airplane and tugs fail to find him in that time it is believed only two chances for life remain—that Mahar, cut off by floes, turned his craft toward Isle Royale, where he may now be in refuge, or he abandoned the open boat and made his way across the ice to the mainland. Even if he reaches shore his chances for escape are believed slim, as the country is infested with timber wolves, more numerous hereabouts than ever before.

Son Returns Home.

His mission accomplished, and the authorities stirred to the plight of his father, Donald Mahar, 15-year-old son of Commissioner Mahar, resolutely refused to stay longer at the twin ports at the head of Lake Superior and turned about on his tracks to walk the 47 miles back to his home at Grand Portage.

"My uncle, W. H. Mahar, will do everything to keep up the search at this end," declared the lad, buckling on his pack with provisions for three days. "I must now get back to my mother. She is at home with brother and sister, and I know she expects me to hurry along with the news. Goodbye, I will be home in three days."

Through the deep snow the little fellow trudged, waving farewell to his uncle, who had accompanied him to the city limits.

Icebreaking Tugs Proceed.

ST. PAUL, Minn., Jan. 9.—An airplane from the Curtiss field here probably will start for Grand Portage to join in the search for James Mahar, Cook county commissioner, who has been lost for two weeks in an open launch in Lake Superior, Adjutant General W. F. Rhinow said tonight. Ordering of the airplane and icebreaking tugboats was authorized by Governor Preus.

General Rhinow ordered icebreaking tugs to proceed from Port Arthur, Ont., as the tugs would be able to make the trip to Grand Portage in 24 hours less than tugs from Duluth.

PRINCE RUPERT, Jan. 9.—Fred Stork, Liberal, has a majority of 38 over Colonel Cy Peck, V. C., independent, in Skeena riding, according to the official count of R. W. Cameron, returning officer for the riding in the recent federal election.

The throat, breathing passages and lungs are the weak spots at which colds strike. And these are the very organs most difficult to treat, because only a breatheable remedy is capable of reaching the trouble lodged there.

Peps provide a breatheable remedy, and their superiority over remedies which are swallowed into the stomach is therefore obvious. For convenience, this breatheable remedy is condensed into tablet form. To take the treatment, merely dissolve Peps in your mouth, and the medicinal vapor that is released is carried by the breath to the remotest parts of the breathing passages and lungs, healing, soothing and strengthening every part with which it comes in contact. At the same time, by destroying all disease germs, these medicinal fumes prevent the development of colds, coughs and serious chest trouble.

Carry Peps with you, and when you go from an overheated building to the bitter cold of outdoors, put a pastille in your mouth. Also as a protection against germs, keep a Pep in your mouth, when breathing the impure air of a crowded theatre or store.

For colds, asthma, or chest troubles, which have already developed, Peps are equally invaluable; also for bronchitis, sore throat, laryngitis, etc. All dealers, 50c. box.

CALL MONEY AT MINIMUM

Easy Loans Fail to Strengthen List; Selling General; Oils Dominant.

NEW YORK, Jan. 9.—Selling of the general list, with few minor exceptions, made further progress in the stock market today.

Extreme reactions of from 1 to 3 points were effected on comparatively smaller offerings.

Little attention was given to the continued ease of money on call and time, the strength of foreign exchange and the more encouraging tone of advices from leading agricultural centers. Demand loans opened at 4 per cent, falling to 3½ at midday and to 3 per cent in the final hour. The minimum figure is the lowest rate reported on the stock exchange since November 1919. Offerings of time funds at 4¾ per cent applied to all periods, with freer purchases of commercial paper. Oils of all grades supplied fully 25 per cent of the day's business.

Pronounced weakness was manifested by low priced rails, especially Erie common and first preferred, as well as several grangers, notably Chicago and Northwestern, these establishing lowest quotations for many years. Strength of Reading first and second preferred was in striking contrast to the trend of other coalers. The moderate rally before the close was assisted by buying of mercantile marine preferred and Pullman and Haskell and Barker.

Sales were 535,000 shares.

Further consideration of the proposed economic conference at Genoa contributed to the strength of international remittances. Sterling rose almost 2 points and virtually all other European bills, Italy alone excepted, advanced 5 to 20 points.

The 3 per cent call money rate influenced the better tone of the bond market, where strength was shown by Liberty issues and other domestic offerings. The foreign division was irregular, however, Belgian, Japanese and Mexican issues advancing while French municipals reacted.

Total sales, par value, $17,500,000.

MONTREAL LIST

MONTREAL, Jan. 9.—A somewhat firmer tone was noted in the stock exchange today, but there were no outstanding features to the trading and price changes were unimportant.

Steel of Canada preferred led the list of gains, selling 3 points higher at 96, while the common sold up a point at 59. Ottawa Power also made a substantial gain of 2¼ points to 73.

Light selling in Lyall carried the price off a point to 32. Sherwin Williams preferred made a 1⅜ point point drop to 88¼.

The outstanding bond advance was a 4-point gain in Montreal Power, which sold up to 92.

Total sales: Listed 2939; bonds, $257,700.

TORONTO BOARD

TORONTO, Jan. 9.—A fair volume of business developed on the stock exchange today. Consumers' Gas, Mackay and Burt preferred were each 1½ points higher.

Maple Leaf sold up to 125 in the afternoon, a gain of 8 points, coninident with the announcement of election of a new president and a new vice-president. Steel of Canada, Toronto Railway and Canada Bread also advanced.

Among the mining stocks, Hollinger, Beaver, McIntyre were all unusually active and made good advances.

Government bonds were less active and little change took place.

Bank stocks were steady for the most part.

DECLARES BANK'S POSITION STRONG

Union Bank Reports Satisfactory Year; Carry Funds to Next Year's Profit.

WINNIPEG, Jan. 9.—"The position of the bank is at present a satisfactory one and our liquid position continues strong," declared H. D. Shaw, the newly appointed vice-president, at the annual meeting of directors of the Union Bank of Canada, held here today. The balance sheet shows total assets exceed $152,000,000. The readily available portion of these assets represents 53.70 per cent of the bank's total liabilities to the public.

A feature in the statement is the carrying forward of $541,686 into next year's profit account, this being $400,000 greater than last year and the largest carried forward in the bank's history.

Confidence in Canada's economic future was the keynote of the address at the meeting. W. R. Allan, the newly elected president, presided in the absence of John Galt, the retiring president.

Guard Exchange Fluctuations

The retiring president's address was in part as follows:

"Foreign trade still is in a disorganized condition and exchanges fluctuate so violently that international transactions are very largely speculative. This course of affairs was foreseen by your board and executive, and a cautious and conservative policy was laid down to govern procedure during the past year, with the result that the bank's position is strong and comfortable.

"While the crop year just past has not produced the result hoped for, indications are that there is at least no decrease, and perhaps even some increase in the acreage prepared for 1922. This is an encouraging feature."

An outstanding feature was the announcement of a memorial to perpetuate the memories of the 119 devoted officers of the Union Bank of Canada who were killed in the war. The directors made a $10,000 contribution to the Lakeside Fresh Air camp for children, which was initiated by Vice-President Shaw. The contribution takes the form of a presentation to the association of the deed of its property on Lake Winnipeg, and provides for erection of a memorial stone in an enduring place on the land.

MINNEAPOLIS GRAIN

MINNEAPOLIS, Jan. 9.—Flour unchanged to 10c. higher at 7.00 to 7.20 a barrel. Shipments, 38,763 barrels. Bran—$22.00.

REGINA VICTORIAS TAKE LEAD

REGINA, Jan. 9.—Regina Victorias went into the lead in the senior Saskatchewan hockey league here tonight, by defeating the Indian Head team 4 to 2 in a hard fought game. The performance of McCusker in goal for the local team was marvelous.

HEADS THAT ACHE AND PAIN

It is hard to drag along with a head that aches and pains all the time.

In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

BURDOCK BLOOD BITTERS

which has been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.

Miss Clara Murphy, Centre Dummer, Ont., writes: "My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in a similar condition and they all say it is a wonderful remedy."

MILLIONAIRES BLOT OUT THE ARISTOCRATS

Vancouver Again Takes Lead in Pacific Hockey; Climax Thrilling.

VANCOUVER, Jan. 9.—Defeating Victoria by a score of 4 to 0, Vancouver came back into the lead of the P. C. H. A. race here tonight for the third time this season. The game was a fierce battle from start to finish and grew to a thrilling climax in the last period, when the Victoria goalkeeper, Fowler, received a major penalty for fighting with Mickey MacKay. Both went to the fence for ten minutes and the veteran, Lester Patrick, once the headiest player in the game, jumped into the vacant nets without pads and kept them safe until the very second when Fowler returned to the ice, when Jack Adams scored.

It was a big night for Adams, the former easterner securing three of Vancouver's goals, with Duncan capturing the fourth. Skinner, formerly of Toronto, played a star game, as also did Frederickson, formerly of the Winnipeg Falcons and now Victoria's center. Once during the evening the game developed into a six-man contest, when both sides had received a penalty. The score is not indicative of the play, Victoria fighting hard throughout.

Summary.

First period—1, Vancouver, Adams, 5:32.

Second period—2, Vancouver, Adams, 16:15.

Third period—3, Vancouver, Duncan, 3:40; 4, Vancouver, Adams, 10:40.

Final score—Vancouver 4, Victoria 0.

VISITING CLUBS CURL TOMORROW

City Series Will Be Suspended for Day; Leaders Are Now Well Defined.

Leaders are well defined in the four sections of the city curling series, which is making good progress as a result of the nightly play at the curling rink. T. Otterburn, in section "B," has not yet lost a game, and has five straight victories to his credit. J. W. Holmes and Dr. E. G. Smyth divide honors at present in "A" section, each having won four and lost one game. W. Rutherford leads "C" section with a similar score, and Fred Ritchie leads "D" section, also with that score.

Tomorrow the series will be suspended for one day, and the ice will be devoted to entertaining the Trail and Rossland rinks, of which there will be six in all. The visitors will arrive in the morning, and play will start at 1:30 o'clock in the afternoon, with draws at 1:30, 4, 7:30 and 9:30 o'clock.

When curling in the city series is resumed, the games originally scheduled for tomorrow will be curled Thursday, and the games originally scheduled for Thursday will be curled Friday.

Last night's games resulted as follows:

Section "A"

Wasson	9	Whitehouse	8
Holmes	7	Bunyan	6
Smyth	7	Douglas	6
Graham	9	Steele	7
Bunyan	10	Steele	9

SINDEL IS LONE STAR ON BOWLING ALLEYS

Last night's play in the Y. M. C. A. bowling club's tourney gave Hunt's trio a victory over Bell's by 90 pins in the first fixture. Hunt was high aggregate with 493 and high individual with 190.

In the second fixture Sindel played a lone hand, but won the match for Buchanan's team over Armstrong's by 63 pins. His aggregate was 423, pretty good for a first.

The scores were:

CAPITALS BEAT CALGARY TIGERS

Win in Overtime After Gruelling Contest; Dick Irvine the Hero.

CALGARY, Jan. 9.—In as thrilling and well played a game as has ever been staged at the arena rink, the Regina Capitals beat the league-leading Calgary Tiges, 3 to 2, tonight, Dick Irvine accounting for the shot that decided the gruelling and nerve-racking struggle after 21 minutes and 15 seconds of overtime play.

To Dick Irvine, former Pacific Coast and Winnipeg Monarch star, is due credit for settling the issue, as his shot from the left side glanced off a stick and into the net beyond Goalkeeper Reid.

It was a wonderful victory for the Regina clan, and a heart breaker for the Tigers, and a game that kept the 3000 fans on edge during the 81 minutes and 15 seconds of play.

The attraction, quite the best of the season and really marvellous when it is taken into consideration that the ice was heavy and spotted with water at the finish, brought out a crowded house and it is doubtful if the Calgary fans ever got a better run for their money, nothwithstanding the fact that the home team lost.

Heralded as a wonderful team, Wesley Champ's rejuvenated red, white and black brigade lived up to their reputation.

Summary.

First period—1, Regina, Sparrow, 13:20.

Second period—2, Regina, Traub, 5:30; 3, Calgary, Oliver, 12:30.

Third period—4, Calgary, Stanley, 18:45.

Overtime—5, Regina, Irvine, 21:15.

REFUSES CRESCENTS' OFFER.

WINNIPEG, Jan. 9.—Joe Simpson, the former Selkirk player, is taking "Crutchy" Morrison, the Selkirk captain, back to Edmonton with him, it was announced tonight after the Brandon-Selkirk game. Morrison will play professional hockey for the Edmonton Eskimos.

Sandy McNeil, the brilliant Brandon captain, turned down an offer of $3500 to play for the Saskatoon Crescents, proffered by Bob Benson on behalf of the Saskatoon team.

The San Francisco mint coins approximately 260,000 silver dollars daily.

HONOR GUTHRIE BY A NEW CUP

Rossland Curling Club Suggests Constituent Clubs Found Memorial Trophy.

A proposal is emanating from the Rossland Curling club to found a new competition in the annual bonspiel of the British Columbia Curling association in honor of the late Chief Donald Guthrie of Nelson, former president of the association, who was one of the best known and most ardent promoters of the sport.

The Rossland club has written to the Nelson club asking for its views upon the mater and the executive of the Nelson Curling club during the week-end met and warmly endorsed the proposal. In the present form of the proposal it is suggested that the Nelson, Trail and Rossland clubs share equally the cost of founding and supporting the cup.

It is the desire to start the competition with the coming bonspiel at Rossland.

BRANDON BEATS SELKIRK.

WINNIPEG, Jan. 9.—Playing right at the top of their form by taking advantage of the opportunities offered them and putting up a stif defensive battle, the Brandon champions stopped the winning streak of the Selkirk team in the Manitoba senior hockey league tonight by 4 to 2.

The Citizens' Committee regret they were unable to endorse all last year's Council of seven men which did such excellent work, as Mr. John Bell and Mr. A. Emory for personal reasons declined the honor.

The names of Mr. K. Campbell and Mr. A. Perrier were suggested to fill the vacancies and same met with unanimous approval. The Committee endorses the following seven men and confidently asks for your whole-hearted support and cooperation at the polls, believing these seven men will duplicate the very excellent work done by last year's Council
