ALMOST-CONQUEROR OF MEXICO ASSASSINATED

THREE MINERS' LOCALS VOTE FOR RESUMING

A Fourth, in Sydney, After Stormy Session, Awaits Word From Old Heads

NEARLY TWO THOUSAND STEEL MEN ARE WORKING

Labor Mass Meeting at Sydney Demands Inquiry Into Steel Corporation

SYDNEY, N. S., July 20.—Solidarity of the miners of district No. 26, United Mine Workers of America, in their strike as a protest against the presence of troops in Cape Breton in connection with the strike of employees of the steel plant of the British Empire Steel corporation, appeared to be shaken tonight, when reports of three locals having voted to go back to work were received.

By heavy votes, two Glace Bay locals decided to go back to work, while a New Glasgow local was almost unanimous in its decision to obey the instructions of International President John L. Lewis and abandon the strike.

Deposed Executive Is Mum

The deposed Livingstone-MacLachlan executive of district No. 26 held a meeting tonight, but refused to make any announcement.

A Sydney local, after a stormy session, decided to await a statement from their old officers.

There was considerable excitement at No. 11 colliery at Dominion No. 4, today. A man was held up by about 200 miners. Two Mounted Provincial police were sent to the scene and escorted him into the plant. Coming out, the police had stones thrown at them, but they charged the crowd, which dispersed.

The British Empire Steel corporation reported 1825 men working in the steel plant today.

Three thousand tons of coal were moved from No. 2 colliery bank to Sydney.

Labor Aldermen Call Mass Meeting

A mass meeting called by the aldermen of the city council representing labor, passed a resolution tonight to the effect that the government of Nova Scotia be requested to appoint a commission to investigate the affairs of the British Empire Steel corporation. Another resolution protested against Premier Armstrong "accepting the word of a few irresponsible individuals as reflecting the opinion of the citizens of Sydney," during his recent visits here. The resolution further said:

"We extend a respectful invitation to the premier to resume his efforts to secure industrial peace."

Grand Secretary Is Elevated to Grand Mistress

WINNIPEG, July 20. — Mrs. Jean Gordon, Toronto, for 14 years grand secretary of the grand lodge of the Ladies' Orange Benevolent association, was elevated to the office of grand mistress, by acclamation, at the afternoon sessions of the order today, in succession to Mrs. Flora Burrows, of Hamilton, Ont., who held office two consecutive terms.

Others elected were:

Deputy grand mistress, Mrs. Margaret Moffat, Regina; junior deputy grand mistress, Mrs. Stewart, Winnipeg; grand chaplain, Mrs. G. Taylor, St. John, N. B., reelected; grand treasurer Mrs. M. Scott, Toronto; grand secretary, Mrs. Edith Lang, Ottawa; director of ceremonies, Mrs. J. McQuaig, Winnipeg.

The election will be completed Saturday morning.

Miss Mary Cullum, Toronto, one of the founders of the association, was the recipient of an honorary membership of the grand lodge.

Government Purchase of States Wheat Crop Won't Pass Congress

WASHINGTON, July 20. — Senator Brookhart's plan, under which the government would purchase part of the wheat crop at a price to equal cost of production, and would increase the wheat tariff so as virtually to exclude imports, and the application of the same plan to other basic farm products, will not pass congress, in the opinion of leaders. They predict that President Harding will not call an extra session as proposed by Brookhart.

The result of the failure of congress to take action, however, and failure to make the tariff of benefit to the farmer, means extension of the revolt among the farmers against the existing tariff law, which was indicated in the Minnesota election, according to agricultural bloc members.

Further Flight in Maughan's Plane Is Impossible Just Now

ROCK SPRINGS, Wyoming, July 20.—Further flight in the air plane piloted by Russell Maughan, army aviator, until he was forced down here yesterday on the fourth leg of his proposed ocean to ocean daylight flight, is impossible in its present condition, and to repair the motor would require an indefinite period, he announced tonight.

Railroad Worker and Coal Dealer Leaves Big Estate

MOOSE JAW, July 20.—Probate of the will of C. W. Milestone, former Canadian Pacific railway employee and coal dealer, who died last year, filed here, shows the testator left an estate of $622,830. Nephews and nieces are the principal beneficiaries.

Alleged Murderer Is at Last Handed Over

SIDNEY E. MURRELL

Will Return to London

SAN FRANCISCO, Cal., July 20.—Sidney E. Murrell, wanted in London, Ont., in connection with a bank hold-up and murder there, was handed over to the Canadian authorities by the San Francisco police today. Murrell was arrested in Susanville, Cal., two months ago.

STORM WIELDS FLAIL AGAIN IN SASKATCHEWAN

Several Districts in the Moose Jaw Belt Are Devastated

REGINA, July 20.—Neil McLennan, a farmer of Harptree, near Bengough, was killed, several buildings were razed to the ground, hundreds of acres of crop were damaged, and machinery and implements blown about, by a hurricane and hailstorm which struck the Bengough, Viceroy, Ceylon and Harptree districts yesterday morning between 8 and 10 o'clock.

From meager details obtained it is estimated that property damage will run into the thousands, and hundreds of acres of crop were laid low by the hail and lodged by the wind.

Buildings Roll on Prairie

At Bengough the Agricultural society fair buildings were demolished, the Anderson implement warehouse totally wrecked, and the curling rink razed to the ground. Wagons, automobiles and outhouses were rolled about on the prairie, gardens were ruined, but no one was injured.

Farmers report hail losses in the district, and at Viceroy, ranging from 25 to 50 per cent over large areas. At Viceroy many window-panes were broken. The barn and stable of H. O. Stewart were blown to pieces and spread all over the property. In the church building three windows were blown in. The car of the pastor was blown against the front door of the house, and the padre had to climb through a window to get out, after the storm had calmed down.

Telephone lines between Viceroy and Una district, to the south, were all put out of order. At the farm of Irwin brothers a large machine shed was blown to kindling. At another farm the roof of the barn was blown off and carried several hundred feet.

Smuts Suggests a Union for German Southwest Africa

GENEVA, July 20. — An interesting suggestion with regard to government-mandated territory is contained in a letter received from Premier Smuts of South Africa, and read at the opening of the third session of the permanent mandates commission of the League of Nations.

The South African premier suggests that a legislative council should be formed for the German section of Southwest Africa, some members of which would be appointed by the South African government, and others would be elected by the white population, the latter to enjoy the right of sending representatives to the South African legislature.

Buy a Barrel of Flour Is New Slogan Coined to Help Boost Wheat

OMAHA, Neb., July 20.—More than 80 of Omaha's business men, including bankers, manufacturers, merchants, professional men and farmer representatives, met in an organization meeting here today and adopted a slogan which is intended to enlist the aid of every housewife in the United States. The new slogan is, "Buy a barrel of flour." This byword was added to that of, "Buy a thousands bushels of wheat," with the idea of helping the grain growers to obtain higher prices for wheat.

RESISTANCE IS TO RECEIVE A REAL ACID TEST

Ruhr Commodity Stocks at Minimum; Prices Still Multiplying

WILL HAVE TO PAY DUTIES TO GET FOOD

Factories Close for Want of Raw Materials; Yet Germans Sanguine

DUSSELDORF, July 20.—The Ruhr occupation is entering the stage in which passive resistance is to be given its first real test, in the opinion of observers here. Hitherto, they say, passive resistance has been productive of only slight annoyance and inconvenience, but now the gradual application of stricter methods by the French and Belgians is beginning to involve real hardship and privation.

The Germans claim their people will never yield, but the French point to Thursday's increased train movements as a proof of weakening in passive resistance.

Prices Double in Three Days

Indications of a real test may be seen in the tremendous increase in prices, and the decrease in stocks. The prices of many articles have more than doubled within the last three days, and shopkeepers are opening their doors only a few hours daily.

In the face of the depletion in stocks, shopkeepers are confronted with three alternatives—first, to import, by paying the French customs; second, to smuggle, which obviously is impossible on a large scale; and third, to close the shops, which would spell immediate privation.

Up to recently, most of the factories had continued to run on their large reserve stocks, but now many have been forced to close.

Many of the industrialists, including the Krupps, are paying off their men in their own special issues of emergency money, owing to the shortage in German currency.

Notwithstanding these conditions, the Germans persist in their optimism over the situation. One Krupp official said the minimum demands of the population before it would think of ceasing passive resistance, were:

First, Bring back all expelled persons; second, cancel all court martial sentences; third, return the railroads, telegraphs and telephones; fourth, give up the customs frontier; and fifth, agree to make occupation invisible.

"In short," the official said, "the territory must be restored to complete German sovereignty, and that before passive resistance ceases, and not as a promise after its cessation."

HURRICANE CUTS SWATH ACROSS NORTH ONTARIO

Haileybury and New Liskeard Have Buildings Damaged; Destruction in Townships

COBALT, Ont., July 20.—A heavy thunderstorm which swept over parts of this district last evening is responsible for the destruction of considerable property in Temiskaming, including the recently-completed market building and curling rink at Haileybury, which was blown down, with an estimated loss of $2500. Two houses in that town were struck by lightning.

In New Liskeard, chimneys and trees were blown over, windows were smashed, and gardens suffered the worst in years.

Houses and Barns Demolished

UNO PARK, Ont., July 20.—A terrific hurricane, accompanied by heavy rain and sharp lightning, swept down from the northwest yesterday, after leaving destruction in its wake across Kerns and Hudson townships.

With a large number of its poles laid low by the gale the Kerns municipal telephone system is practically out of use. Some houses and quite a few barns were demolished.

HIBERNIAN LADIES PASS RESOLUTIONS

Declare Two Thousand Women in Irish Jails; Ask States Government to Investigate and Relieve

MONTREAL, July 20. — Alleging that 2000 women are being detained in the jails in Ireland under the most unsanitary and cruel conditions, the Ladies' auxiliary of the Ancient Order of Hibernians, at their closing session here today, passed a resolution urging the government of the United States to make an investigation for the purpose of extending some measure of relief.

States Tennis Star Admires Englishmen

NEW YORK, July 20. — Englishmen are the greatest men in the world, and most hospitable to United States athletes, Vincent Richards, United States tennis star, said today, when he arrived on the Aquitania. He won the city of London tennis championship, and was congratulated by the King.

JAPAN AND CANUCK TEAMS AT WEEK-END

MONTREAL, July 20.—R. N. Watt, chairman of the local Tennis association, received word tonight that members of the Japanese and Canadian teams would arrive here over the week-end.

Willard Crocker, Rennie, Jack Wright and A. S. Milne, comprise the Canadian team.

NEW YORK SHIPS GREAT BULK OF CANADA'S WHEAT

Handles Out Four Times as Much as Montreal, Thornton Admits

COMMISSION URGES ALL-CANADA ROUTE

Head of National Agrees to Consider Lowering Grain Rate to Canada

SASKATOON, July 20. — Officials of the Canadian National railways will consider favorably the possibility of reducing the grain rates from Edmonton to Quebec by the Armstrong, or all-rail route. As far as the present is concerned, however, there will be no reductions.

This sums up the reply of Sir Henry Thornton, president of the Canadian National railways, when a request was made to him at the royal grain inquiry here today whether the rates could be reduced, to make competition between Quebec and United States ports possible. Sir Henry said the officials of the Canadian National could not commit themselves until they had an opportunity to consider the matter.

The request, presented formally by D'Arcy Scott, Ottawa, counsel for the commission, was made following requests heard by the commission *from farmers in western Canada,* that the rates be reduced.

Sir Henry On Branch Lines

Concerning the rejection by the senate of the National railways extension bill, Sir Henry said:

"I can only feel that the branch lines program was prepared in the interests of Canada. I believe the amount of revenue derived from these lines would compensate the capital outlay. We intend to continue our efforts to secure adoption of the branch lines program, and I am confident that early in the next session of parliament the program will be authorized. I hope the farmers of western Canada who were depending upon the senate adopting the program, and were sorely disappointed as a result, will not despair. It would be a pity for the farmers who have waited so long for the lines, to give up on the eve of their construction.'

Mr. Scott, presenting Sir Henry's figures, showing the rates between Edmonton and the east, pointed out that the proposed reductions would give the port of Quebec an advantage of four cents over New York, which would be clear profit to the farmers. At present, he said, New York shipped nearly four times as much Canadian wheat as did Montreal.

Extend Crows Nest Pass Rate

He thought the rates under the Crows Nest Pass agreement, extending as far as Fort William, could easily be extended to Quebec.

Asked why New York got the preference, Sir Henry said probably there were several reasons but he was not prepared to give them. In lowering rates, he said, the finances of the government railway had to be considered. It was conceivable that the lower rate would mean an increase in traffic, which would naturally follow in a result of increased income. Also, the reverse might be true.

Chairman Turgeon remarked that the grain commissioners were anxious to have Hir Henry hear what the farmers of the country had been saying. He thought a reduction would be profitable to the C. N. R. as that railway would handle the majority of the grain shipments.

Merchant Marine Rates Higher.

Sir Henry admitted that rates on the Canadian government merchant marine on the Atlantic were higher than the American shipping firms, but that the United States ports, by virtue of their superior handling facilities, would be able to offer lower rates. The Canadian government merchant marine was suffering from a deficit which the management greatly desired to overcome.

Discussing the western route, Sir Henry said the Canadian National railway, because of its better grades, might be able to offer better grain rates than the Canadian Pacific. He was of the opinion that time would see the development of a traffic divide in the west, from which traffic would naturally flow to eastern and western outlets.

VANCOUVER WINS OPENING EVENTS ON SHAWNIGAN

Her Oarsmen Cross Lake Ahead of Crews of Victoria and Portland

VICTORIA, July 20. — Oarsmen of the Vancouver Rowing club this afternoon won the three events of the first day in the regatta of the North Pacific association of amateur oarsmen, rowed at Shawnigan lake against crews representing clubs from Victoria and Portland, Ore.

In the junior singles, W. H. Fletcher, Vancouver Rowing club, won by four lengths; A. Abraham, Portland, second; W. Locke, Victoria, third.

W. Fletcher and G. H. C. Finlayson Vancouver, won the junior doubles, defeating J. Riddell and H. C. Watson, Victoria, who finished second. Homer Martin and Oscar Miller, Portland, were third.

The most exciting contest of the afternoon was the junior fours event, in which Vancouver defeated Victoria by two lengths.

The senior events will be rowed tomorrow.

COCHRANE, Ont., July 20.—Police officers stated tonight that there had been no fresh developments in the investigation into the slaying of Monica Foster. Saplings in the bush in which the girl's body was found have been cut down, and the finger prints found on the trees will be examined by the authorities.

CANUCK YOUTH SMILES WHEN DOOM AWARDED

Army Deserter Found Guilty at Old Bailey of Taxi-Cab Murder

JURY REACHES VERDICT IN FIFTEEN MINUTES

Remarkable Scenes Attend Conclusion; Mason Says Trial Was Fair

LONDON, July 20. — (By Canadian Press Cable) — Remarkable scenes marked the end of the protracted Brixton taxicab murder trial at Old Bailey, when Alexander Campbell Mason, a youth of 22, and a Canadian army deserter, today was sentenced to death for the murder of Jacob Dickie on May 20 last. Dickie, who was a taxi driver, was shot down by his fare after an argument.

After the jury returned to announce the verdict, the prisoner was perfectly composed and stood up straight ,facing the judge.

When the foreman of the jury pronounced the word "guilty," Mason closed his eyes a moment, and then looked the judge straight in the eye.

Asked if he had anything to say, Mason replied with great deliberation:

Knew Would Be Found Guilty.

"I am not surprised at the verdict. I was sure that, taking the evidence at its face value, I would be found guilty. I have nothing to say against the verdict. I have had a fair trial."

When the judge passed the sentence, Mason, still smiling, bowed deeply, and walked unconcernedly from the dock.

The jury took only 15 minutes to decide.

In summing up, the judge criticized the failure of the police to follow up certain clues.

The condemned man admitted in the witness box that he had been convicted in Ontario for house breaking, and sentenced to a three-year term, and also that he deserted from the Canadian army during the war.

ST. JOHN FEELS WORRY AT PORT OF VANCOUVER

Takes Up With Commissioner Fixing Differentials to Hold Trade

ST. JOHN, N. B., July 20.—Vancouver's bid for the trans-Atlantic grain shipments from Canada is receiving the attention of both the local board of trade, and T. H. Bullock, commissioner of trade. Mr. Bullock said today, that he was investigating differentials, etc., in an effort to see what could be done to insure this port receiving fair treatment in the matter of the grain traffic from the west.

According to information received from the C.P.R., the ocean rates from St. John last winter averaged 1s. 9d. a quarter, or about 8s. 2d. a ton from Vancouver.

Comparative Rates

Through rail charges from central and western points, however, via St. John, against those via Vancouver, compared as follows:

	Via Van. (cts. a bl.)	Via St. John (cts. a bl.)
From		
Moose Jaw	40.14	40.66
Lethbridge	37.14	43.66
Kerrobert	38.94	44.26

Mr. Bullock said he saw no reason why the differentials should not be adjusted so as to at least even up the through rate, and he felt that if this was done, St. John, being in a position to make more rapid delivery from point of shipment to destination, would be able to hold its own in the handling of this trade.

The Weather

CONSTANCE COLLIER

The noted actress, according to the cables, attributes her recovery from diabetes to insulin, after the best physicians of Europe had despaired of curing her.

LIQUOR BOARD PLANS TO WAIT UPON HARDING

Will Take Advantage of His Visit to Broach Alaska Transit

VICTORIA, July 20.—The contention of British Columbia, that liquor should be permitted by United States officials to cross the Alaskan strip of land into the Canadian Yukon, will be taken direct to President Warren G. Harding during his visit to Vancouver next week, officials of the liquor board announced tonight.

The argument will be that large quantities of Chinese liquor are being shipped into the United States for medicinal purposes, and that it should therefore be permissible to handle liqor in transit across American territory between this province and the Yukon, which has been forced into involuntary prohibition as a result of Alaskan dry laws.

WON'T POSTPONE CHARGES PROBE

Grain Commission Turns Down Request of Independent Firms to Delay Their Hearing

SASKATOON, July 20.—Attempts to have the Morrison charges made before the royal grain inquiry transferred from Moose Jaw to Winnipeg failed today, when Chairman Turgeon ruled that the charges must be heard at Mooss Jaw. This action followed on the request of Travers Sweatman, counsel for independent grain firms, to have the hearing changed, a telegram containing this information being received by the commission at this afternoon's session here. The wire was read at the meeting, and the commission reserved decision until afterward, following which J. F. Fisher, counsel for the commission, wired the commission's decision.

Many Crimes Alleged

In Mr. Sweatman's wire it was stated that details received by him from A. R. Tingley and W. W. Rose, acting for the Grain Buyers' union, were too meager for an adequate defence to be prepared. It was stated no particulars were given regarding alleged blacklisting, blackmailing, theft, compounding a felony, and extortion, which were contained in the charges.

Mr. Tingley said Mr. Sweatman had little to complain of; that he had been furnished with the requested details two days ahead of the time agreed upon, and that if there was anything further he wanted he should have asked the counsel instead of going to the commission.

"Mr. Sweatman is hollering before he is hurt," Mr. Tingley said. "I would speak more freely of this if he was here. He received all the details he wanted in plenty of time to prepare for the charges being heard at Moose Jaw."

Frank British Policy Will Be Considered

If Allied Crisis Comes, Conference Within Empire Will Occur, Says London Telegraph

LONDON, July 20. — Discussing the draft of the British reply to Germany, the London Daily Telegraph's diplomatic correspondent says that should an interallied crisis arise, despite the conciliatory attitude the British have displayed, a question involving a frankly British policy would then be brought to the fore when, he understands, it would be considered, not only by the British government, but by the governments of the dominions and of India.

There would, in effect, be a consultation within the Empire, a prelude to which was already embodied in the recent exchange of views on the European crisis between London and the dominion capitals.

"Indeed, the weight of dominion opinion has made itself very strongly felt on this occasion," adds the correspondent. "This new Imperial solidarity is a feature our allies should not overlook."

PANCHO VILLA FALLS TO LEAD OF ASSASSINS

His Secretary, Two Bodyguards, and His Chauffeur Share Fate

GREAT BANDIT LEADER MADE CARRANZA SHIVER

At One Time He Seemed Destined to Be Conqueror of Mexico

CHIHUAHUA, Mexico, July 20. — Official telegrams received at military headquarters confirm the death of Francisco Villa near Parrel, this morning, and free his secretary, Miguel Trillo, of all blame for his death, early telegrams having stated he was killed by his secretary.

According to official reports, Villa left Parrel accompanied by Trillo, two guards, and a chauffeur, early this morning. While going over the Guana Juanito bridge near Parrel, the party was assaulted from both sides by a number of men.

Villa and Trillo were killed at the same instant, together with their companions, the official dispatch says.

Three of Assassins Caught

EL PASO, Texas, July 20.—Three members of the band of bandits responsible for the death of General Villa, his secretary and two bodyguards, were captured late today by a detachment of federal soldiers under the command of General Martinez, a short distance from Parrel, according to information received at Juarez military headquarters tonight.

A Picturesque Career

"General Francisco Villa, or "Pancho" Villa, one of the most picturesque bandits of recent history, for years was close to being dictator of northern Mexico in the days of the Carranza government, against which he revolted. He regularly defeated every Carranza general with whom he came in contact except Alvaro Obregon, now constitutional president of Mexico, but Obregon finally obtained a mastery, and Villa made peace.

For the last four years Villa has behaved as a good citizen of Mexico should. At one stage of his career it was generally considered, he would arrived at the presidency by conquest.

Dainty Braslau Thinks Rockies Near to Heaven

VANCOUVER, July 20. — "Wholesome unaffected, enthusiastic and ever so friendly,"—these words describe Sophie Braslau as she stepped from the train at the Canadian Pacific railway station this morning. She is the youngest prima donna of the Metropolitan Opera company, New York, and in spite of this is as unspoiled as the most unassuming girl.

"I felt actually near heaven in the Canadian Rockies than I have ever felt in all my life," she told reporters here, and the animated description she gave of her first impression of western Canada had such expressions as "limitless," "stupendous," "overpowering."

"In New York everyone advised me to keep Lake Louise for my honeymoon," she continued, and the reporters pressed for further details of the romance, but the young prima donna only laughed, and announced that she had made up her mind to see both Lake Louise and Banff en route east from Seattle, "because," she explained, "there is always the possibility of missing that honeymoon, and, well,—safety first, you know."

Miss Braslau left on the Princess Adelaide for Seattle, where she will take part in the Americanus on July 27, taking the stellar role in Cadman's opera, "Shawnewis," and singing, by special request, for President Harding his favorite song, "The Sweetest Story Ever Told."

Harding Will Have Whole Tenth Floor of Vancouver Hotel

VANCOUVER, July 20. — When President Harding is the official guest of the Dominion during his visit to Vancouver, he will occupy the same suite of rooms at the Hotel Vancouver in which H. R. H. the Prince of Wales was entertained. The whole 10th floor of the big Canadian Pacific railway hotel will be reserved for the presidential party, and during that day the corridors will be patrolled by a special detail from the United States secret service, assisted by the secret service of the Royal Canadian Mounted police which will be on duty in the lobbies and around the hotel generally. In addition, a number of Canadian Pacific railway secret policemen will be on duty.

German Government Denies Proposals on Passive Resistance

BERLIN, July 20—The attitude of the German government as concerns passive resistance is "quite unchanged."

This statement was made at the foreign office today, when it denied, as unfounded, reports that Dr. St. Hamer, German ambassador at London, had handed Marquis Curzon, British foreign secretary, a memorandum, elucidating Germany's June 7 reparations proposals, and that the ambassador had made proposals in behalf of the German government relative to passive resistance.

CALDER CLAIMS ALIBI EVIDENCE SHOWS PERJURY

Claims Raoul Delorme Was Murdered by Priest-Brother While in His Own Home

CRIME PREMEDITATED; CAREFULLY HIDDEN

Prosecutor Addresses Jury in English and French for Five Hours . .

MONTREAL, July 20.—Building up his case against the priest, Rev. Adelard Delorme, charged with the murder of his brother Raoul, R. L. Calder, K.C., crown prosecutor, took five hours in his two addresses in English and French to the jury here this afternoon.

As to the last-minute testimony offered by the defense witnesses to the effect that Raoul had been seen in the vicinity of St. Michael, a suburb, on the night of the murder, Mr. Calder maintained that "if evidence bore internal evidence of perjury, that evidence did."

Richer by Fifth of Million

The motive for the crime was that "the moment Raoul Delorme dropped dead, the abbe was $18,000 richer."

Mr. Calder's theory was that this man (Abbe Delorme) planned a simulated suicide. The boy struggled, seizing the abbe's pistol hand. He passes the pistol into the other hand and shoots the boy into insensibility.

Mr. Calder's view of the crime was that it was a "premeditated, cold-blooded, carefully calculated and hidden murder." His proof was necessarily circumstantial around the crime, and the circumstances after the crime.

After reviewing the testimony submitted by both the crown and the defence on the bullets taken from the body of Raoul Delorme, and the tests carried out with the abbe's Bayard automatic, Mr. Calder brought up the question as to where the fatal shots had been fired.

Not Going to Visit Girls

Yet another point was that the victim had had his best suit pressed prior to returning to Ottawa. It had been suggested he had girls' addresses in his pocket, and was going out for the night. Yet the body was found dressed in an old suit and old boots. If he were going out as suggested, he would have dressed in his best. Further, the victim was found with his head wrapped up in a bed quilt or pad. Two bed pads exactly similar were found in the house. They had been there as long as Rosa Delorme could remember.

"On accou t of the rubbers, on account of the old clothing, on account of the bed pads around the boy's head, I say he was killed at 190 St. Hubert street," declared the counsel.

There was only one person in that house that could have committed that murder.

He suggested that the finding of the pieces of string or rope, and the addressing of the parcel containing the watch to Chief Lorraine, had been manipulated by the abbe with the idea of implanting in people's minds the idea that it was all done by Detective Lajoie to create a case.

Baby Cutting Teeth Was Very Sick With Diarrhoea

When the baby starts to cut its teeth, especially during the hot weather, then is the time that the poor mother is under the stress and strain of great anxiety.

There is no remedy so safe and effectual, for the teething complaints of infants, as is Dr. Fowler's Extract of Wild Strawberry, no remedy that has had the endorsation of so many Canadian mothers during the past 78 years it has been on the market.

Mrs. C. W. Myers, Clanwilliam, Man., writes: "My baby girl was very sick with diarrhoea when she was cutting her teeth. I tried several different remedies, but nothing did her any good. She was getting worse when my mother sent me out a bottle of Dr. Fowler's Extract of Wild Strawberry. I gave her a few doses and the next day she was much better, and in a couple more days she was as well as ever.

"Now, I always keep 'Dr. Fowler's' in the house and recommend it to all those troubled with diarrhoea."

Price 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

DEMAND ENVOY BE WITHDRAWN FROM VATICAN

Imperial Grand Orange Council of World Urged to Take Action

STATES WET AND DRY FIGHT REACHES FLOOR

Convention Seats Dry Faction After Finding Conciliation Impossible

WINNIPEG, July 20. — Featured by the presidential address of Rev. David Ness, Glasgow, in which he appealed to the 120 accredited voting delegates of the Imperial Grand Orange Council of the world, to demand the immediate recall of the British envoy to the Vatican, whom he described as "useless today as his predecessor was in the years of the great war," and in which he declared it was high time "that the British government was brought to book on the subject," the 18th annual triennial convention of the Imperial Grand Orange Council of the World opened its sessions here today, making history in the annals of the Orange order in western Canada.

Incensed at King and Queen

Orangemen all over the world, said Mr. Ness, were incensed at the recent visit of King George and Queen Mary to Rome, and these were not the days in which constitutional safeguards should be flouted.

Beyond hearing reports of the officers of the council, the only matter of moment discussed at today's session was the existing disagreement between the "wet" and the "dry" factions in the order in the United States. It was found impossible for the imperial council to settle the differences of the opposing forces, and the "dry" party, headed by Rev. G. T. Lemmon, D. D., was formally recognized.

Beach Antidatod Volstead

The dispute arose between the Orangemen of the United States before the Volstead act was on the statute books of the union, when several lodges were suspended by the supreme grand lodge of the United States for permitting a "glorious 12th" celebration to be held in a park in Philadelphia, where intoxicating liquors were sold.

INSTITUTE HAS MUSIC AND TALK

Miss E. Nipou Heads Excellent Program; Assisted by Local Ladies

A record for membership has been established by the Nelson women's institute this year, already 212 members have been enrolled, while at yesterday's meeting in the Knights of Pythias' hall 100 members were present. Mrs. C. F. McHardy, in the absence of the president, Mrs. H. H. Pitts, presided over the meeting.

Much interest was displayed by the members in regard to the afternoon's program, which was lengthy and ably presented. Probably the outstanding feature of the afternoon was the wonderful playing, at the piano, of Miss Eloise Nipou, a Nelson girl who received her primary musical education in this city and who has just recently returned from studies in New York Miss Nipou will return shortly, to resume her studies there.

Two bueautifully rendered pieces were presented by the young artist, who was heartily encored and received two beautiful boquets of flowers from the institute members. The first number was "Love's Awakening," by Moszkowski. Her second number was "A Polish Dance," by Scharwenka.

Mrs. A. Dolphin also ably presented a monologue, "An Old Maid's Thanksgiving," which was greatly enjoyed.

Preserving of Fruit

Mrs. Gibbs also helped make the program one of the best for some time with her talk on the preserving and crystalization of fruit. Her talk was instructive and to the point, and several excellent formulas were given by the speaker. Mrs. Gibbs stated that she was sorry that she did not have any samples to demonstrate the work.

The ways and means committee reported that arrangements had been made for a garden party, in aid of the child welfare work. The work of this branch of the institute is carried on in conjunction with the city medical health officer, Dr. Isabel Arthur, and funds secured go toward the treatment of local children suffering from tonsils and adenoids.

A request from the Nelson Horticultural society that the institute take over the refreshment booth at the flower show on August 15 was dealt with and accepted.

PLAN TO TAKE STATES WHEAT OFF THE MART

Farm Bureau Federation Would Store Fifth of Billion Bushels on Farms

USE NEW CREDIT ACT . . FOR THE OPERATION

Would Have Granaries as Bonded Warehouses and Issue Paper on Them

CHICAGO, July 20.—A plan to withdraw 200,000,000 bushels of wheat from the market and store it on farms until prices advance, was announced today by President Bradfute of the American Farm Bureau federation. The bureau plan provides for financing the project under the new Intermediate Credit act, by which, Mr. Bradfute estimated, $600,000,000 could be made available to lend farmers for storing their supplies. He estimated that $150,000,000 would be ample to secure 200,000,000 bushels of wheat, and thereby remove it from the market.

Mr. Bradfute declared that farm wheat bins, under the Intermediate Credit act, must be designated as government bonded warehouses, for which bonded warehouse receipts could be issued, against wheat stored on the farm.

Would at Once Boost Prices

The withdrawal of 200,000,000 bushels of wheat from the market and binning it up under government seal in farm warehouses, Mr. Bradfute said, would have an immediate effect on prices.

"We are now at work on a national cooperative grain marketing policy," Mr. Bradfute said, "under which the growers of the nation will, in effect, place their grain in a common bin and will merchandise in an orderly way over the consumptive period, instead of dumping it on an already overloaded market during the four months following harvest. Cooperative marketing of wheat will unquestionably solve the price problem, to the benefit of both producer and consumer."

WANTS INSPECT WESTERN GRAIN RURAL POINTS

Ex-Elevator Manager Tells Grain Commission Earlier Inspection Is Needed

SASKATOON, July 20.—Before the grain inquiry today James R. Wilson, ex-M. P. and former manager of the terminal elevator at Saskatoon, advocated a government grain inspection service at this point. He was convinced that the main trouble with agriculture today was overproduction and that farmers should be able to get their wheat on the market more cheaply. Canadian wheat should not pass through United States ports, he said, and urged completion of the Hudson Bay route. He also urged decent realiziation of selling facilities.

W. L. Noyes complained of a judgment of the board of grain commissioners against his company, the Goose Lake Grain company, in a controversy over dockage with the Saskatchewan Cooperative Elevator company, in which he stated he was unjustly assessed $100 dockage by the board.

Would Restrict Fluctuations

He favored restricting fluctuations of track prices between Winnipeg and Fort William. The grain board should have power to restrict licenses of country elevators, where it was thought too many elevators would be harmful to the trade. He said the fallacy of too many elevators, working for the farmers' advantage, was demonstrated when the Saskatchewan Cooperative Elevator company, after erecting hundreds of elevators, was forced to ask for an increase in the handling charges from 1¾ to 2½ cents because of increased overhead costs. Stating that farmers shou'd have facilities to ship wheat all over the world, he favored shipping through United States ports. Bonding of country buyers, he said, should be changed, and he favored a system more like the fire insurance system than the present.

Ovdrage Fund for the Old

William Horden, a Saskatoon farmer who came to Canada with the Barr colonists, 20 years ago, favored the government setting aside money derived from overages, for the benefit of indigent farmers and their wives who had grown too old to earn a living. He was dissatisfied with farming conditions, he said. He favored cooperative marketing, but did not approve of the method of Aaron Sapiro, the California marketing wizard, on the ground that he made prices too high for the consumer.

GRAVEL FALLS IN ON WORKER

Fred Julien Is Half Buried While Working on Fairview Sewer

Buried up to his elbows, when timbers of part of the Fairview sewer near the corner of Second and Davies streets yesterday, Fred Julien sustained severe bruises, and was only rescued by valiant efforts on the part of his fellow workmen.

The latter came to his rescue in force and promptly, when it looked as though he would be completely buried and his life crushed out.

Julien was clearing up the trench, preparatory to the laying of the pipe, and, as he reached one point, the timbers beneath him gave way. Immediately the side shoring slipped and allowed the trench to fill from both sides with gravel. He was quickly buried up to above the waist, though fortunately the material which fell in contained no large rocks.

No Internal Injuries

The whole gang turned in to remove and hold back the gravel, and in a short time pulled him from the trench. He was removed to the hospital, where Dr. David Hartin reported that there were no internal injuries or bones broken.

Regret that the accident occurred is expressed by W. M. Myers, in charge of the job, on behalf of Green Bros., Burden & Co. Mr. Myers stated that the timbers at that spot had been carefully inspected but a short time before the accident occurred and had, at that time, been found quite safe. Inspection of these timbers is part of the duties of several men employed.

INSTITUTE GETS AID OF COUNCIL

Doukhobor Cripple Will Receive Aid for Treatment Through Local Body

Nationality, religion, or anything else, will not hold up the good work of the child welfare council of the women's institute at Centrhl park, according to a communication read at yesterday's meeting of the Nelson women's institute. The communication from the Central park organization dealt with the case of a crippled Doukhobor child, 9 years of age, who is at present a member of the Community of Universal brotherhood, and whose case was recommended for treatment through the local child welfare branch of the institute, which has already contributed $25 toward this work.

Mrs. R. L. Bayley of the Central park council, in her communication stated that the case of the crippled child was being dealt with. The council recognized no distinction of race, color or anything else, its sole object being to help any suffering children. The writer asked for particulars as to the child's age, and the funds available. The funds of the organization were at present very limited, and, if possible, she recommended that the child's fare to the coast be paid, where all assistance available will be given to the cripple.

The local branch has gone fully into the matter, and the secretary has written, giving all the necessary information.

COMPANY TAKES OVER Y.M.C.A.

Nelson Branch of Association Passes Out of Existence

After having been established 14 years, the Nelson Young Men's Christian association formally passed out of existence last night, when a meeting of members adopted a resolution, turning over the property to the Nelson Community buildings, limited, which was recently incorporated for that purpose.

The action of the Young Men's Christian association membership was necessary, owing to the fact that a mortgage on the building had been foreclosed. The mortgage was held by W. Whitely of South Slocan and J. Murray of Vernon.

The new syndicate secures the building and its contents for $14,000, and will endeavor to have it run as a community center. Should this prove impossible, other plans will be made for its utilization.

J. R. Hunter, president of the association, presided at the meeting, and the syndicate was represented by C. F. McHardy. As it was the last meeting of the Young Men's Christian association a unanimous vote of appreciation was passed to H. Blundell, who has been in charge of the building. The resolution stated that the services of Mr. Blundell had been particularly valuable in trying times. He remains runping the building for the Nelson Community buildings, limited. The resolution was moved by R. Smillie, secretary, and E. Y. Brake.

Bonnington School District Decides Against the Nurse

BONNINGTON FALLS, B.C., July 20.—The second annual school meeting was held in the school on Saturday evening, when the retiring trustee, W. C. Motley, and the auditor, Collingwood Gray, were reelected. These, with W. D. Ridge and G. L. Thompson, secretary, are the standing trustees for the year.

The matter of joining in with other districts to have a health nurse was discussed, and turned down, as it was thought that with the train service, the number of motors available and the proximity to Nelson, the services of a health nurse were not required.

Mr. and Mrs. W. Clinton Baddeley and little daughter, of Willow Point, are the guests of Mr. and Mrs. G. Noel Brown, at Cora Lynn, for a couple of weeks.

PERRY SIDING NOTES

PERRY SIDING, B.C., July 20.—Miss Freda Dawney of the British Columbia telephone staff at Nelson, is spending her vacation with her parents at Ashford ranch.

Mrs. D. Main of Lethbridge, accompanied by her daughters, Isa and Chrissie, arrived on Monday to spend a holiday at their ranch here.

Miss Ward of Nelson was visiting Mr. and Mrs. Schonberg between trains on Monday.

G. F. Wood was a visitor to Nelson by the stage on Tuesday last.

Nurse Spencer of Nelson arrived on Wednesday to take charge of Mrs. P. Schonberg.

Miss Dorothy Parker of Slocan City has been spending a few days at the Avis ranch, and returned home on Wednesday last.

CRESTON AREA SCHOOLS HOLD THEIR ANNUALS

Nearly All of Nine Local Districts Show Economical Budgets

CANYON, ERICKSON, CLEAR ADDITIONS

Wynndel's New School Makes Higher Levy Needed; Sirdar's Surplus

CRESTON, July 20.—From most all points in Creston Valley comes word that unusual interest in education matters was indicated in the larger-than-usual attendances in evidence at the annual school meetings held, in every case, on Saturday night. Efficiency with economy appears to have been the slogan of the ratepayers in all the school districts, with Creston, where the 1922 levy for $8200 was reduced to $7320 for the coming twelve months, leading the way in the direction of parting school expenditures to the bone.

Level Kitchener Grounds

At Kitchener the annual session was presided over by G. A. Hunt and the ratepayers were so well pleased with the conduct of affairs the past term that B. Johnson was returned as trustee for another three year term, with L. Howard the choice for auditor. A sum of $400 was voted to finance the school, of which amount $200 will be used in levelling up the grounds and making some other needed improvements. At Kitchener a new principal will have to be secured, as Miss Helen Hunter, of Silverton, who had charge last year, will be attending the University of British Columbia this year.

Now that the Canyon City district is clear of paying for its new one-room addition to the school accommodation, only $1600 was asked at the annual session. New blood was infused into school affairs there this year, Jim Batman, being the choice to succeed G. E. Van Ackeran as trustee, while Mr. A. Spencer replaces William Searle as auditor. The other members of the trustee board are Arthur D. Pochin and Thomas R. Mawson Canyon is one of the very few sections that is retaining its last year's staff, both Mr. Kolthammer and Miss Sadie Wood remaining as teachers for the coming term.

Like Canyon City, the Erickson district is also out from under in paying for its one room addition to the Erickson school accommodation, and in consequence this year's vote was cut to $1600, as compared with $2000, 12 months ago. Erickson is so well pleased with the efficiency of the trustee board that no other name than R. M. Telford was mentioned, and he succeeds himself for another three-year term. E. J. C. Richardson succeeds himself for the sixth time as auditor. The other trustees are Walter Hall and Elvin Cartwright. The trustees are now looking out for a new principal to replace Miss Edith Green, of Kaslo, who will be on the Nelson public school staff next term.

Alice Siding Reduces Levy

Due to the fact that the Alice Siding section has no building expense to take care of this year, the estimates were cut to $300, as compared with $500, last annual meeting. So general is the satisfaction with the trustees' effort that William H. Mather was returned for another three years, and Guy Constable takes his eighth successive term as auditor. John Miller and Victor Carr are the other members of the Alice Siding school board.

At Wynndel $2000 will be needed for school purposes this year, the higher levy being due to financing a fine new two-room school, which was only opened last September. Wynndel is the only section, outside of Lister, to have a lady trustee, Mrs. Thomas Dunseath being selected at the Saturday meeting for a three-year term on the board, with Harold F. Packman, the 1923 auditor. Walter J. Cooper and John Wigen are the other trustees, and they are faced with the problem of securing an entirely new staff, as both the principal, and her assistant, Misses M. G. Topliss and Grace Comfort, retired at the end of June.

Townsite Exempted

At Sirdar careful husbanding of finances last year resulted in a cut from $250 to $200 for school requirements this term, the year closing with a surplus of $123. However, the assessment will be quite heavy enough as, due to the fact that the townsite residents are not taxpayers, the full levy has to be made up by the handful of ranchers and other off-the-townsite ratepayers. Tom Rogers was the unanimous choice for the trustee vacancy, with Mrs. Jones of Kuskanook, selected as auditor, and Arthur North and S. Pascuzzo, completing the trustee board.

With the opening in September of the Corn Creek-West Creston new seat of learning, the Valley now has nine school districts employing a total of 18 teachers, of which at least nine will be new to the Valley.

South Slocan Ladies Hear Valuable Paper on "Home Industries"

SOUTH SLOCAN, B.C., July 20.—Mrs. O. W. Humphry gave a very interesting paper on "Home Industries" at the monthly meeting of the women's institute, held in the hall on Wednesday, enumerating many of the industries of British Columbia, and in particular those of the Kootenays. She also showed the possibilities of new industries which could easily be tried and perfected in the home first, such as evaporating apples, crystallizing and drying cherries, making designs for Christmas cards, getting up a compendium of useful knowledge, etc. Mrs. Humphry was accorded a heatty vote of thanks for her paper.

Mrs. Turner Lee presided over the meeting.

After the business, a social time was spent, refreshments being served by Mrs. F. L. Watts and Mrs. F. Sheppard.

SENT TO JAIL UPON A DRUNKENNESS CHARGE

William Bortoff, aged 19, of Castlegar, has been arrested by the provincial police on a statutory charge in regard to a 13-year-old girl, also residing at Castlegar.

WILL COMPETE IN INSTITUTE WORK AT FAIR

Nelson Institute Abandons Plan of Holding Own Show in City

At yesterday's meeting of the Nelson women's institute a communication was read, from the directors of the Nelson fall fair, which was the source of much discussion and, in the end, the abolition of a separate women's institute show during the summer.

A committee of the institute had been organized to look into the matter of holding a separate show of canned goods, lace and fancywork, and other institute work, and had reported favorably as to the success of the venture.

At yesterday's meeting, following the reading of the report from the fair board, the idea of a separate show was cancelled, and the institute will, as usual, show at the Nelson fair.

The following letter from the fair board which has been forwarded to all women's intitutes of the interior, tells of the competition to be held in connection with the fair. It reads:

"The directors of the Nelson fair take pleasure in announcing that the following competition will again be one of the features of this year's Nelson fair:

"For the best women's institute exhibit of needlework in all its branches, home cooking, preserves, canned meats, poultry, fish, vegetables, dairy produce, smoked meats and all other things incidental to the unbuilding of home and country life, the products exhibited to be the work of the members of the institute entering the same for competition. Fresh fruit and vegetables will be allowed, but may be optional.

"Exhibit to be staged in booth, space not less than 10 feet by 15 feet.

"Suitable ribbons will be awarded for first, second and third prizes, and, in addition to this, each institute exhibiting which scores 60 per cent or over of the total score will be given $50 toward defraying expenses.

"All exhibits must be in place by 8:30 a. m. on Tuesday, September 18. Any infringement of this rule will debar exhibit from competition.

"When entering for this competition the institute must give the number of their active membership. Institutes having a membership over 29 will be handicapped 5 points for every 20 members or major portion thereof.

"The following score card will apply: Fresh fruit and vegetables, 100 points; home cooking, 100; canned vegetables, 100; canned meats and fish, 100; display and arrangement, 100; sewing, 100; canned fruits, 100; jams and preserves, 100; smoked meats, 100, and dairy produce, 100. Total, 1000 points.

"In judging the individual sections the score cards for women's institutes, as adopted by the British Columbia department of agriculture, will be used, and all rules will be strictly enforced.

"The exhibit this year will be staged in the main building. Entries for this competition will close on Saturday, September 16, 1923."

CHANGE OF LIFE LOSES TERRORS

For Women Who Rely upon Lydia E. Pinkham's Vegetable Compound

Greenville, Pa.—"I took your medicine through the Change of Life and it did wonders for me. I was down in bed when I started to take it and weighed 95 pounds. I had hot flashes and was so nervous and weak that everything would get black and I could not see. I would sit and cry and did not know what I was crying for. Since I have been taking Lydia E. Pinkham's Vegetable Compound I feel younger than I did ten years ago, and my friends all tell me I look younger, and I owe it all to the Vegetable Compound. I do all my housework for a family of seven now. I will be glad to answer any woman who writes me in regard to my case."—Mrs. JOHN MYERS, 55 Union St., Greenville, Pa.

Many letters similar to this have been published testifying to the merit of Lydia E. Pinkham's Vegetable Compound. They are sincere expressions from women who describe as best they can their feelings before and after taking this well-known medicine.

Many times they state in their letters their willingness to answer women who write them. It is an offer dictated by gratitude and a desire to help others.

Write for Recipes

We maintain a recipe department in the interest of those who cook. Not only do we have on file hundreds of recipes, but if anyone should ask for something different we shall be happy to find it for them. On the other hand we are grateful for recipes which you find folks like. These are kept to give to other cooks who inquire. Write us any time.

Ingersoll

Reliable Watches at Low Prices

The Famous Maple Leaf
More men use this Ingersoll than any other watch. Sturdy, reliable, good looking. $2.00

This Maple Leaf Tells Time in the Dark
The famous Ingersoll Maple Leaf equipped for telling time in the dark. Convenient under the pillow at night. $3.00

Ingersoll Waterbury—$5
The 12-size, jewelled Ingersoll. Enamel dial. Also comes with Radiolite figures and hands, and "silver" dial at $6.00.

Reliance $7.50
A real 7-jewelled watch. Same solid bridge-construction as used in expensive watches. Also in gold-filled case at $12.

HAVE you a good watch?

If not, go see the Ingersoll line of timekeepers at any store that carries Ingersolls.

Ingersolls keep good time—and that after all is the real purpose of a watch. They are good-looking, but not fancy—unless you would call a Reliance in a beautifully engraved gold-filled case "fancy."

The prices range from $2.00 to $12.00. About half the models are Radiolites that tell time in the dark. You can choose to fit your own needs and pocket book.

The Singapore Vote

Opposition in the British house of commons to the vote for the development of the Singapore naval base may be accepted to a large extent as a gesture against increase of armament, rather than as a serious attempt to prevent the appropriation of the money.

Singapore involves no increase in the British navy. The base is a necessity, unless the British navy is to keep out of far eastern waters. Undoubtedly most of the members who opposed the grant were conscious of this. It is likely that if the appropriation had been in danger of defeat the majority of the Liberals of both sections would supported it.

The vote, however, gave an opportunity for expression of the feeling that, while the British navy must be maintained at adequate strength, it should not at present be developed beyond the one-power standard which was established at the Washington conference.

For the moment this appears a safe enough policy, though Russian or even French naval developments in the future might make it essential that the British Empire should again possess a two-power navy. The British navy must be adequate to protect the seas against any combination which can be foreseen. That must be an axiom of British naval policy. Anything less might be suicidal.

When Bankers Gamble

Failure of three Montana banks has started gossip, connecting their collapse with the prize fight fiasco on July 4. The presidents of the financial institutions were among those who interested themselves in the pugilistic enterprise, and one of them has admittel suffering heavy personal loss as a result. Investigation may prove the ring show's collapse was not directly responsible for the bank failures; that is, that bank funds were not improperly diverted to bolster the speculation in fistiana. But the bearing of one upon the others appears quite clear from statements that have been made.

What basis for confidence is laid by a banker who is taken in by prospects of great profits in a venture that has not a single business characteristic of merit to recommend it? Hard-headed people, with due appreciation of safety for their money, are not likely long to entrust their funds to banks whose officers can be lured away from sound principles by lust for riches, the gratifying of which involves great risk.

Reasonable chances a banker must take, but, when he plunges on a gamble like the Dempsey-Gibbons boxing bout, the terms of which made it doubtful from the beginning if "sports" in great numbers would attend, he forfeits respect and confidence.

Under our Canadian banking system such an incident is impossible. Our banks realize more deeply the the trust imposed in them by their depositors whose money they loan.

OTTAWA DENIES BIG CROP STORY

Department of Agriculture Has Not Estimated Half-Billion-Bushel Crop and Will Not

OTTAWA, July 20. — In a statement issued tonight, officials of the agricultural branch of the Dominion bureau of statistics deny that estimates by them ever set the forthcoming Canadian wheat crop at 500,000,000 bushels.

"According to various communications from the United States and Europe," reads the statement, "there is an impression that the bureau has estimated the wheat crop at 500,000,000 bushels. The bureau desires it to be known that up to the present no such estimate has been published upon the part of the Dominion government."

Would Mean Very High Yield

The statement points out that a yield of 500,000,000 bushels, figured upon the estimated acreage to be harvested, would mean an average crop of 23 bushels to the acre, a record set in 1915 and never equalled since. The decennial average is 15¾ to the acre, and the latest crop report of the bureau, issued on July 11, forecasts a yield of 5 per cent above the decennial average. This would mean a total production of 366,000,000.

On August 10 the bureau will issue a harvest forecast, based on reports of crops at the end of July.

The Lighter Side

The more folly there is in a cause, the more blind and ecstatic enthusiasm there is in its devotees.

—o—

The rich father of useless children need not worry. Fighting for the inheritance will develop some shrewdness in them.

—o—

Daughter doubts the efficacy of any daily dozen except sundaes.

—o—

And yet if it wasn't for the war's reaction, people would find some other alibi to excuse their natural cussedness.

—o—

Another reason why daylight driving is safer is because it isn't customary to hug the driver in daylight.

—o—

A conscience would be all right if it would talk louder when it says "Don't" and not so loud when it says "I told you so."

—o—

The world grows more prosaic as the years pass, and now the only kissing game left is French diplomacy.

—o—

It is not probable, however, that men who figure large in history gave much anxious thought to the crease in their trousers.

—o—

"Imagination affords us our thrills," says a writer. Sure; just imagine you are kissing another man's wife instead of your own.

—o—

Correct this sentence: "One reason why I admire him so," said the young lady, "is that he doesn't throw away his money on girls."

When I get alone with my dishes (quite a frequent occurrence!) I like to think about the other women all over the country who are washing their dishes at the same time. And I generally find myself wondering if the majority of them are happy.

As I polish the last china plate, I usually arrive at the conclusion that the majority of those other dish-washers are happy. Why? Because they live active, busy lives. And keeping busy is one of the secrets of happiness.

If you disagree with this statement, just think for a moment about some friend of yours who has nothing to do. She is the complaining type of woman, isn't she? Or the worrying type? Or the quarrelsome type? In other words, the woman who has plenty of leisure has more time to think about her troubles. Of course, we all have our own particular little troubles; but we busy housekeepers haven't time to sit down by the hour and dwell upon them and magnify them. We are blessed with a "daily grind" of work which mercifully takes our minds off the thing that bothers us.

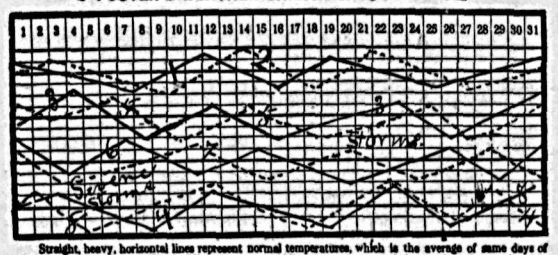
Then, too, I think we workers become self-sacrificing through our work. We work for those we love — and the more we work for them, the more we want to do for them. We develop the habit of putting ourselves in the background. "If she has everything she wants, I guess I can get along somehow," we think to ourselves, when it's a question of buying new clothes or new music or new pleasures for the young girl of the family. I know of a mother who gladly wore her three-year-old straw hat another summer so that she could afford to buy her son the kind of baseball glove he wanted.

So, really, in the end, the woman who sacrifices for her loved ones is the happy woman. For, asking nothing for herself, she is never disappointed! On the contrary, she is generally surprised by receiving more than the woman who is selfish and who demands things for herself. For the unselfish woman's family and friends see her unselfishness, and appreciate it. Sooner or later her self-sacrifice flowers.

When I think of these things, as I wash my dishes, I am sure that I am right in believing that the average housekeeper is a happy woman, in spite of her burdens and her self-effacement.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be inclosed with the question. Be sure to use YOUR full name, street number, and the name of your city and province.—The Editor.

Foster's Weekly Weather Bulletin



Straight, heavy, horizontal lines represent normal temperatures, which is the average of same days of the year for forty years. Crooked lines above normal lines mean warmer; below, cooler; that marked 1 is for section 1, north of latitude 47, between meridian 90 and Rockies crest—2 for section 2 on my section map is for east of meridian 90, north of latitude 47—3, between latitudes 39 and 47 and between meridian 90 and Rockies crest—4, east of meridian 90, between latitudes 39 and 47—5, south of latitude 39, between meridian 90 and Rockies crest—6, east of meridian 90, south of latitude 39—7, north of latitude 43½, west of Rockies crest—8, south of latitude 43½ to Mexican line and west of Rockies crest.

WASHINGTON, July 21. — The center of the north magnetic pole is about 20 degrees northwest of Winnipeg. The elector-magnetic forces that control our weather operate through that pole. It is of the universal form that controls throughout the universe. The straight line electric force comes down in the center of that pole and spiral magnetic rising circles go up as they circle around the downward moving electric force. These forces are not constant, but, similar to the heartbeat in animal life, throb, or pulsate, about once in every 5.8 days and each of these pulsations organizes a storm which consists of storm center and warm wave, anti-storm center and cool wave. These storms start southwestward from the north magnetic pole about every 5.8 days, turn southward, then eastward toward northern Europe. The force of these storms varies as the 10 electro-magnetic solar system bodies — sun, moon, earth, Jupiter, etc.—disturb each other by their magnetic forces. The relative positions of sun, moon and earth cause these storms to vary their paths across the continent as they move eastward.

Section 1: North of 47, between 90 and Rockies' crest; normal temperatures July 21, lowest 25, highest August 1; average normal; severe storms and increasing rains near August 3; moderate storms and threatening rain July 21 to 25.

Sec. 2: North of 47, each of 90; normal temperatures July 23, lowest 27, highest August 3; severe storms and increasing rains near August 5; moderate storms and threatening rains July 23 to 27.

Sec. 3: Between 39 and 47 and between 90 and Rockies' crest; warm July 23 and 31, cool 26; average normal; moderate storms and threatening rain July 21 to 25; severe storms and increasing rains August 3.

Sec. 4: East of 90, between latitudes 39 and 47; warm July 23 and 31, cool 26; average normal; moderate storms and threatening rain July 23 to 27; severe storms and increasing rains August 5.

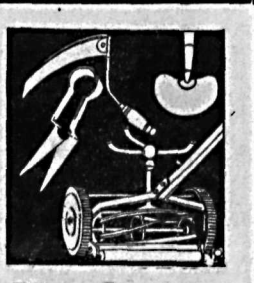
Sec. 5: South of 39, west of 90; cool July 21 and 27, warm 25 and 31; moderate 21; average minus; moderate storms and rain 21 to 25; severe storms and increasing rain August 3.

Sec. 6. South of 39, east of 90; cool July 23 and 29, warm 25 and August 2; average minus; moderate storms and rain 23 to 27; severe storms and increasing rain August 5.

Sec. 7.: North of 43½, west of Rockies' crest; warm July 21 and 29, cool 24; average minus; moderate storms and rain 21 to 25, severe storms and threatening rain August 3.

Sec. 8: South of 43½ to Mexican line, west of Rockies' crest; warm July 22 and 30, cool 26; average minus; moderate storms and rain July 22 to 26; severe storms and threatening rain August 3.

Scientists of prominence predict a very cold winter because Mount Etna threw vast clouds of volcanic dust into the atmosphere which will be over North America during the winter, cutting off the heat of the sun. The great scientists hold to theories that are not supported by common sense. They tell us that space between earth and sun is 460 degrees below zero. How can sun heat get through that cold space? They also tell us that it is energy — electro-magnetism — that comes from sun to earth, changing to heat when it reaches solid earth. Volcanic dust gathers moisture similar to clouds and, as an electric conductor would aid energy in getting from sun to earth, warming the dust as it comes through, the dust would aid and not obstruct. The great winter drouth in North America will tend to warmer weather, and I believe the winter will be near the 10-year average.



Hardware for Summer

MAKE your home beautiful this summer. Our full stock of tools, garden implements and equipment is now on hand, ready for your approval.

Nelson Hardware Company
NELSON, B.C.

Styles

BY LENORE

A lovely hot weather restaurant frock may be made of orchid and rose flowered chiffon, combined with white, as in the illustration. The long drooped shoulders and gently curving neckline create a graceful bodice. The deepest tones of the chiffon are accented in the corsage.

Worth Knowing

Choker necklaces of double and even triple strands of beads are said to be a coming fad.

Delightful pocket pieces to give a vivid note of color to a neutral cos-

tume are squares of dark crepe de chene brilliantly printed over the entire surface with a life-size "still-life" of a bunch of violets, a cluster of lilacs or carnations. Just in from Paris!

Veils now to be seen in Paris, it is reported, have brilliantly embroidered borders. America, next stop.

Moire silk is mentioned as one of the favorites for fall wear as planned by fashion creators.

Still another hint from Paris—straight lines are smart for fall coats.

Told in Rime

WE'RE SWEET

Miss Royal Anne Shone on the tree,
And as she gazed around
She saw her many bright-red friends
All strewn upon the ground.

She wondered why the children stood
And gazed at her on high,
When those "morileas" scattered there
Made such delicious pie.

And as she hung her blushing cheek
To meet the sun's bright ray
She say her cousin Bing close by
Was bidding her good day.

"Dear cousin Bing please tell me why
They think that we're so nice—"
"Oh! It's because we're sweet, my dear,
And sugar's such a price.

Ten Years Ago

(The Daily News, July 21, 1913)

Construction of the link in the Nelson-Balfour road near Kitto's has been practically completed, and by Tuesday the force of men at the stretch near Waldie's Point will be increased to 60.

• • •

With part of the machinery installed, the provincial ferry which is to be operated across the West Arm at Nelson, to connect with the road to Balfour, has been lanuched.

• • •

About 125 men are to be employed at the Gerrard mill of the Western Canada Timber company.

• • •

Doing a successful business for the first half year, the Citizen's Cooperative store has made a profit of $963.31.

• • •

After one of the most exciting finishes ever witnessed in Nelson, the Nelson senior ball squad yesterday defeated the Chewelah team, by the close score of 3 to 2. Sellen and Chapman were the Nelson battery, Holly and Cannon the Chewelah firing line.

• • •

The first Nelson Rose festival paid its way and was entirely self-supporting. Receipts were $312.75, and expenses, $291.03.

That Body of Yours

By James W. Barton, M.D.

Like a House—Your Library

(Registered in accordance with the Copyright Act)

Even the smallest home has its library, its collection of books or just a portion of the house where you go to do your reading and your thinking. It is to that spot you retire when you wrestle with problems, cares and worries. You keep your papers and documents there also.

Now, the library of that body of yours is the brain. 'Tis there you direct all the affairs pertaining to the body. Every act, every thought, every fancy has its origin there.

You plan your work for the day; you learn some new fact; you work out some new problem; you learn a new popular song; you tuck away a good story, perhaps, sometimes, a bad one.

Just as in the library of the house you file away books and papers, so likewise do you file away all the above things in your brain.

Books and papers you once considered valuable, you throw out as you go over them from time to time. I met a professor a while ago who said that he never tired to remember a name or a date, or similar things. That suited him insofar as his work was concerned.

I met a policeman shortly afterwards and, as he congratulated all the members of a championship football team, he was able to address them all by name, Christian name, and all. You see, that suited him insofar as his work was concerned.

So, take stock of your library—your mind. You know better than I do what you want to do with it. But keep it up-to-date, like a set of books, where you remove the old useless matter and put in the new up-to-date useful matter.

And don't forget that the brain is repaired by fresh blood, removing the tired blood. This can only be done by exercising the body, the increased circulation making the changes for you.

Twenty Years Ago

(The Daily News, July 21, 1903)

One of the richest leads ever opened upon Forty-Nine creeg has come to light on the Red Top, one of the claims composed in the May and Jennie group. The claim is owned by A. H. Kelly and L. S. Lennie.

• • •

Mrs. George Bartlett left yesterday for Winnipeg, to visit relatives.

• • •

A daughter was born, July 18, to Mr. and Mrs. S. Radcliff.

• • •

Capt. W. W. West of the tug Holys arrived yesterday with a tug in tow carrying four families from Idaho, with their cattle, farm implements and household effects. All are bound for Sidley, a settlement 30 miles north of Midway.

• • •

The Nelson boat club team for the 12th annual regatta of the North Pacific association of amateur oarsmen, left yesterday for Vancouver. The fours consists of G. C. Hodge, bow; C. B. Winter, 2; G. H. Jesse, 3; A. V. Mason, stroke.

• • •

By a score of 7 goals to 5 the Vancouver Lacross club yesterday defeated the New Westminster champions, and are now hailed as the provincial champions.

Auto Season Is Reported Better Than Last Year

Local auto dealers report business satisfactory and, if anything, better than last season.

Among recent sales of cars are. W. W. Ross, Edgewood, Star; Walter Brodie, Trail, used Ford, and P. E. Taylor, Rossland, Oldsmobile.

LOCAL .. ..

The modern dances have their faults, but they seldom are more vulgar than the criticisms.

TRADE REPORT IS FAVORABLE

Retail Stocks Are Being Reduced; Begin to Anticipate Fall Trade

WINNIPEG, July 20.—(By Canadian Press.)—The weekly trade report of the Canadian Credit Men's Trust association states:

Halifax—Wholesale trade conditions generally fair. Retail trade slightly improved Collections fair.

St. John—Wholesale conditions holding seady; retail trade fair to good. Collections slow to fair.

Montreal — Wholesalers report slight improvement in trade conditions over last week, with prices advancing, and are looking for good fall business. Retailers are finding business good, and are gradually reducing stocks. Collections only fair.

Toronto — Wholesale trade conditions fairly satisfactory, with prospects for improvement in the near future, which is a reflection of the retail conditions. Collections fair.

Winnipeg—Wholesale trade fair with prospects for good business in the fall. Retailers holding their own. Collections slow. Crop prospects are very satisfactory throughout the west, which creates a better feeling generally.

Regina—Wholesale trade fair; retail conditions show slight improvement over last week; collections slow.

Saskatoon — Wholesale trade generally fair; retail trade good; collections poor.

Calgary—Wholesale conditions remain much the same, though prospects for fall fairly promising. Retail trade fair, not much improvement in collections to be expected until after the crop has been cleared.

Vancouver — Wholesale hardware good, dry goods and groceries fair. Volume of business being done fair. Boots and shoes, both wholesale and retail reports business brisk in summer wear. Leather goods very quiet. Retail dry goods fair in summer goods; groceries not satisfactory.

Egg Markets

OTTAWA, July 20.—Toronto firmer; specials, 36c to 37c; extras, 34c to 35c; firsts, 29c to 30c.

Montreal receipts liberal, demand good, no surplus; specials, 35c; extras, 31c to 32c; firsts, 26c.

British Columbia, 21c country points, with 25c offered for specials.

VANCOUVER WHEAT.

VANCOUVER, July 20. — Closing price for wheat, basis No. 1 northern, delivered f.o.b. cars Vancouver, for export:

	Bid	Asked
In store	$0.98¾	$1.00¾
En route	.98¾	1.00¾

Dominion Live Stock

WINNIPEG, July 20. — Receipts at the yards up to 9 a.m. today were 49[illegible] cattle, 535 hogs and 15 sheep.

Sheep—Fair to good, $4.50 to $6.25.

QUEEN'S BAY NOTES

QUEEN'S BAY, B.C., July 20.—Bert Ryley, who has been staying with his family at Queen's Bay for a few days has retutrned to Cranbrook, accompanied by his mother. Mrs. Ryley has been unwell for some time, and will reside for the present with her son at Cranbrook.

Mr. and Mrs. A. T. Cornish and their son, Roger, are spending the summer vacation in the cottage above Spooner's Beach.

Mrs. P. C. Hayman of Grand Forks is visiting her sister(Mrs. R. J. Bashford.

Major A. J. Budd is expected to return shortly from Vancouver, where he has been attending the races in an official capacity.

W. J. Astley is enjoying his holiday encamped near the lake. He spends most of his time in piscatorial pursuits.

Dennis Budd, who has been laid up for several days with a serious cold, is up and around again.

Mrs. R. L. Codd is attending the summer school for teachers at Victoria.

Mr. and Mrs. Percy Watson of Creston, who are spending their honeymoon at various points on the lake, paid a visit to Queen's Bay on Saturday, looking up several of their friends here.

Miss M. E. Cox has just arrived from Calgary on a fortnight's visit to Mrs. J. S. Mahood.

Miss E. M. Oatts arrived from Boston well on her way to Spokane and spent a day with Mrs. J. S. Mahood.

Mrs. Gordon of Nelson motored to Queen's Bay on Saturday and is staying a few days with Mrs. H. Scott Lauder.

WINLAW HOLDS ITS SCHOOL ELECTION

WINLAW, B.C., July 20.—The annual school meeting was held here Saturday and two new trustees were elected, Mrs. H. C. Derrig, secretary and Mr. McKeen, auditor, to take the places of J. Stenson and Mr. Stewart.

A BEAUTIFUL HOME AND HALF INTEREST IN WATER WORKS FOR SALE

A 10-room two-story house, with all modern conveniences and necessary outhouses, with a small orchard with all trees bearing, and a good-sized vegetable garden, also a half-interest in the town waterworks.

The waterworks has been a good paying investment and is in good condition, and the half cost a good deal over $8000.00. The price of the whole property is $5500.00, and is well worth a good deal more. The location of the house is the beautiy spot of the Kootenay overlooking Slocan Lake.

The reason for the sale is that I have too many houses and do not want to hold them.

The photo gives a good idea of the place, but does not begin to do it justice. Apply

BOX M. A. P., DAILY NEWS.

Weight and Balance

WHEREVER you go and whatever you do this summer, Weight and Balance play their parts.

You weigh the attractions of various holiday resorts. You balance the pleasures you derive from one sport against the other.

Whether it be the casting of a trout fly; the swing of golf club, tennis racket or paddle; or the delivery of a lawn bowl; you get the weight and balance which exactly suits your strength or style of play.

So—with the pen you will take on your summer vacation.

There is a

Waterman's Ideal Fountain Pen

made for your hand; balanced to suit your grip and style of writing; a pen that you can use for hours without tiring wrist or forearm; and a point that is yours and yours alone.

With your help, the Waterman dealer will find this pen for you and will be mightily pleased to do so. His knowledge is helpful; his service real and lasting.

Selection and service at best dealers everywhere.

DEMONSTRATION PLOT IS ASKED FOR THE FORKS

Board of Trade Will Take Up Matter With Dominion and Province

TEACH BEST USE OF IRRIGATION

Major Graham, Engineer of Irrigation District, Propounds the Matter

GRAND FORKS, B.C., July 20.—Reviewing the features of the irrigation convention at Penticton, to a meeting of the Grand Forks board of trade, Wednesday evening, Major D. A. Graham, engineer for the Grand Forks irrigation district, and who was in charge of the construction here, proposed that the Dominion or provincial government should be urged to establish an irrigation demonstration plot here, in order to assist the local ranchers in the proper use of water in growing crops.

It was pointed out that every area has its own peculiar conditions, which would require experimental work, and since Grand Forks is so far removed from other experiment stations it was essential to have an irrigation plot here if the ranchers were going to make adequate use of the expensive system which has recently been installed.

Would Like Use Next Year.

The board passed resolutions, and will press the governments for action for next year, as it was felt that such a station would be equally important to the government in offering practical instruction to irrigationists.

An invitation to the Western Canada Irrigation association to hold its 1925 British Columbia session at Grand Forks will be forwarded through the proper channels.

CRESTON FIRST AID LADIES ALL SCORE

Twenty Members of Women's Institute All Graduate; Demonstrations in September

CRESTON, July 20.—The July session of Creston Valley Women's institute, which was largely given over to musical and literary entertainment features, attracted a large turnout of members and several visitors, and was presided over by Mrs. Henry Lyne, who succeeds Mrs. C. B. Garland as president.

The whole of the class of 20 ladies who early this year took the course given by the St. John's Ambulance association, under the direction of Dr. Henderson, in first aid work, successfully graduated. Mrs. J. W. Hamilton, topping the class with a showing of 100 per cent, it was reported.

The institute voted $10 for special prizes at the 1923, Creston fall fair, with the suggestion that it be used in the ladies' sections of the premium list.

Mrs. C. B. Garland, retiring president, was accorded a very hearty vote of thanks in appreciation of her work as president over a period of 18 months.

In addition to a freewill offering of $3 in connection with the tea, another $1.55 was raised on a raffle of a bouquet of sweet peas donated by Mrs. James Cook. The two amunts will be forwarded to the fund for crippled children at Vancouver, to which good cause all the tea collection money of the institute goes this year.

Enjoyable Program

The program, prepared by Mesdames P. G. Ebbett and R. B. Stapler was as follows:

Piano solo, Mrs. Capt. Crompton; recitation, Mrs. E. Mallandaine; vocal solo, Miss Frances Knott; violin and piano duet, Misses Louisse and Evelyn Bevan; vocal solo, Capt. J. A. P. Crompton; recitation, Mrs. Mallandainee; solo, Miss Frances Knott; solo, Capt. J. A. P. Crompton; piano and violin duet, Misses Louise and Evelyn Bevan; piano solo, Mrs. Capt. Crompton.

At the close tea and lunch were served by a committee composed of Mrs. Thomas Goodwin, Mrs. J. W. Hamilton, Mrs. Hopwood and Mrs. Henderson.

Preserving and Dressmaking

Arrangements are under way for a demonstration of preserving and canning by the conservo at the September meeting, which will be given by Mrs. James Maxwell. In September, too, it is expected, the class in dressmaking and needlework will be taken charge of by Mrs. H. Dunk of Nelson, quite a large number of the members having already signified their intention of taking this course.

Social Happenings In Nelson

This column is conducted by Mrs. M. J. Vigneux. All news of a social nature, including receptions, private entertainments, personal items, marriages, etc., will appear in this column. Telephone Mrs. Vigneux.

Mrs. M. Krautz of Spokane, formerly of Nelson, arrived by the Crow boat, Tuesday night, and is the guest of Mr. and Mrs. James Weir, 1102 Stanley street.

• • •

Mrs. W. H. Shore and daughter, Miss Edna Shore, leave this morning via the Crow boat for Melita, Man., where they will visit with relatives for the next few months.

• • •

• • •

Miss Dorothy Hodgson of Cranbrook and Miss Tooty Hay of Trail, who have been visiting at the home of Mr. and Mrs. A. T. Walley, Stanley street, for the past week, left last evening for Miss Hay's home, where Miss Hodgson will make a visit.

• • •

Miss Georgia Gomm, daughter fo Dr. and Mrs. W. E. Gomm of New Denver, arrived in the city via the Great Northern Thursday evening, and left via the Slocan train yesterday morning for her home.

• • •

A. G. Langley, resident engineer, of Revelstoke, spent yesterday in the city and left last evening via the Arrow lakes for his home.

• • •

William Clark of Ymir spent yesterday in town to attend the funeral service of the late Mrs. S. F. Ross.

• • •

R. G. Sutherland and wife and three children, of Calgary, were city visitors yesterday.

• • •

Mrs. J. Paterson of Kaslo spent yesterday in town.

• • •

Mr. and Mrs. J. T. Andrews of the north shore were hosts at a delightful picnic at the park the first part of the week to the members of the Fairview Mission circle. Races, games and, of course, swimming, were the order of the afternoon's enjoyment, after which a sumptuous meal was enjoyed. Among those present were Miss Dorothy Devine, Miss Edith Ogden, Miss Dorothy Vyse, Miss Juliana Melneczuk, Miss Eva Massey, Miss Nellie Thompson, Miss Grace Young, Miss Louise Milburn, Miss Kathleen Massey, Miss Margaret Hawkins, Miss Ruby Young, Miss Edna Chapman, Miss Maggie Morgan, Miss Mary Morgan, Miss Dorothy Smith, Miss Lillian Smith, Miss Betty Lewis, Miss Sadie Smith, Miss Edna Balcom, Archie Bishop, Victor Melneczuk, Thomas Bishop, Horace Cyril Brant, Jack Horswill, Joe West, Lyle England, Neil Parker, William Morgan, Thomas Milburn and Garland Leitch.

• • •

Mr. and Mrs. S. G. Blaylock of Trail, accompanied by Mr. and Mrs. McPherson of Lowell, Mass., arrived in the city from Trail, Thursday, by motor.

• • •

Mrs. S. J. McDonald, 620 Mill street, left last evening via the Arrow lakes for Vancouver, where she will spend a few weeks visiting with her father and two sisters.

• • •

Mrs. M. M. Fraser of Crawford Bay was a city visitor yesterday.

• • •

R. J. Anderson of Bonnington spent yesterday shopping in the city.

• • •

Maxwell Cameron, son of Mr. and Mrs. T. H. Cameron, 923 Carbonate street, arrived in the city last evening via the Crow boat from Regina, where he has been taking the junior matriculation examination prior to visiting with friends there. He will spend the balance of his holidays here.

• • •

A. P. Hudson and daughter, of Longbeach, spent yesterday in the city shopping.

• • •

Chief and Mrs. Downs of Trail arrived in the city yesterday and left on the afternoon boat for Kaslo.

• • •

Mrs. A. J. Miller, 701 Latimer street, has relatives from Nakusp visiting her.

• • •

Mrs. Metcalf of Willow Point spent yesterday shopping in the city.

• • •

Miss Catherine Stark, daughter of Mr. and Mrs. Charles Stark, 804 Silica street, has left for Vancouver, where she will spend her vacation with her uncle and aunt, Mr. and Mrs. Thomas D. Stark, of Shaughnessy apartments, Vancouver.

• • •

Mrs. Devlin of Balfour spent yesterday in the city.

• • •

Miss Lizzie Leslie, who has been a patient at the Kootenay Lake General hospital recently, is visiting at the home of her uncle and aunt, Mr. and Mrs. T. S. Jerone, 912 Victoria street.

• • •

Fred T. Griffith, C.P.R. superintendent's chief clerk, left last evening via the Arrow lakes for Revelstoke, where he will join his family, who have been holidaying at the coast. They will return in a few weeks' time to the city, where he will take up residence on Silica street.

• • •

Mrs. Crichett of Northport, accompanied by her two cousins, arrived in the city Tuesday evening and spent Wednesday with the Presbyterian picnickers at Procter. They left via the Great Northern yesterday for their home.

• • •

Arthur Smith, assistant accountant of the C.P.R. division office, is enjoying a week's holiday.

• • •

Ven. Archdeacon Fred H. Graham, Ward street, who has been holding services at Slocan City, New Denver, Rosebery, Kaslo and Diondel during the past week, returned to the city yesterday afternoon.

• • •

Mr. Harrison of Howser was a city visitor yesterday.

• • •

M. J. Boyd of Creston was admitted to the Kootenay Lake General hospital, Tuesday, suffering from a ruptured appendix.

• • •

J. Doyle, superintendent of the Great Northern railway, with headquarters in Spokane, arrived in town Thursday evening in his private car. He was accompanied by J. H. Moran, customs officer at Northport, and August Alstrom, travelling passenger agent of Spokane.

PASSMORE NOTES

PASSMORE, B.C., July 20. — Mrs W. H. Saunders spent Saturday in Nelson.

Mrs. W. R. Perry left on Monday to visit relatives at the coast.

F. Downing is spending a vacation at Vancouver.

H. Nelson forest ranger, is in the district on business.

Lister Decides to Get Male Principal

CAMP LISTER, B.C., July 20. — The annual school meeting of the Camp Lister district was held in the school house on Saturday, when 20 qualified voters were present, the small turnout being accounted for by the fact that the majority of the residents are working away just at present. John Bird occupied the chair.

The auditor's report showed a credit balance of $12.05.

E. L. Langston was elected a trustee, vice C. Frampton, time expired. E. J. Malthouse was elected, vice Mrs. Jacks, resigned. John Bird was elected auditor for the ensuing year.

It was decided that an effort should be made to secure a male principal in view of the difficulty experienced in maintaining discipline in the senior boys' room in the past.

City Drug & Stationery Co.; Canada Drug & Book Co.; Poole Drug Co.

LISTER GARDEN TRUCK CHIRKS UP SETTLERS

Season's Unusual Moisture Shows Land of the Settlement Is Equal to Anything.

CAMP LISTER, B.C., July 20. — The heavy hay crops and the splendid showing of garden truck at Linden this year have created a distinct improvement in the morale of the settlers.

Egg plants and peppers have been tried out by a few ranches, and are making a great show, while tomatoes are doing wonders everywhere, thus proving beyond a doubt that, given sufficient moisture, Lister can and does grow anything and everything that the older sections of the valley have ever produced.

Fred Weston and Jack Burgess left on Wednesday last for Kellogg, Idaho, where they have secured positions at the smelter in that town.

Fred Powers was a week-end visitor to his ranch here, leaving on Wednesday for Spokane and points south.

Jackson Is Head of Creston Board; Seek a Principal

CRESTON, B.C., July 20. — The new trustee board at Creston had the inaugural session on Monday night, when Frank H. Jackson was chosen chairman of the board and Capt. J. A. P. Crompton secretary-treasurer. Applications are being sought for a new principal to replace G. P. Smith, and a teacher to succeed Miss Katherine Moore in Division IV., and Miss Creighton of the primary room. Bids are also being called for the janitor work, whilst $10 has been appropriated for school prizes at the 1923 fall fair.

Slocan City Lodge Installs Officers

SLOCAN CITY, B.C., July 20.—Officers were installed by Slocan lodge, No. 40, I.O.O.F., last Thursday evening as follows: F. Hufty, N.G.; A. Schneabile, V.G.; W. E. Graham, secretary; R. E. MacMillan, financial secretary; A. S. Morley, treasurer; William Clough, chaplain; Clifford Swan, warden; R. J. Johnson, R.S.N.G.; A. Merry, L.S.N.G.; William Greenwood, R.S.V.G.; J. Terry, L.S.V.G.; John Belargeon, inside guard; W. A. Jackson, outside guard; William Hicks, conductor.

The Great War Veterans entertained their wives and daughters at an oyster supper, Saturday night, in their "Dugout." A most enjoyable time was spent.

SOUTH SLOCAN NOTES

SOUTH SLOCAN, B.C., July 20.—Mr. and Mrs. R. M. Alexander of Edmonton, who are touring the Kootenays, were visitors here on Tuesday.

Mrs. J. Harris, Miss Margaret Harris and Miss Blanche Harris of Vancouver arrived from the coast, Wednesday, to spend a few weeks at Stonebyres. James Macaulay accompanied them, and will stay for a few days' fishing.

Miss R. E. Bloomer of Nelson, who has been the guest of Mrs. O. W. Mumphry this week, left for a visit to her brother at Castlegar.

Mr. and Mrs. J. D. Yeatman and family motored to Nelson Wednesday on a shopping trip.

Baptists of World Assemble for Great Stockholm Council

STOCKHOLM, July 20. — Representative Baptists from every continent on the globe were assembled here tonight in readiness for the opening tomorrow of the third congress of the Baptist World alliance. The delegations from every country where the Baptists are organized, with the exception of Russia and Great Britain, have arrived, and the others are due early tomorrow.

FREE STATE WILL HAVE A LEAGUE DELEGATION

Representative at Geneva States That New Dominion Will Have an Independent Row in Assembly

GENEVA, July 20. — President Cosgrave, with a strong delegation from the Irish Free State, will probably come to Geneva for the annual meeting of the assembly of the League of Nations in September, when the Free State is expected to be elected a member of the league. This announcement is made by Michael MacWhite, prominent representative of the Free State here.

"Rest assured that Ireland will have her own independent program toward the league," said Mr. MacWhite. "We are not tied up with other European nations, and we feel, by our independence, that we can make good."

Passmore Selects Two New Trustees

PASSMORE, B.C., July 20. — At the annual school meeting, Saturday, a very satisfactory report was rendered as to attendance and general efficiency.

On account of the resignation of H. C. Nichols, who has left the district, two new trustees had to be elected, the vacancies being filled by the election of W. J. E. Jamieson, J.P., and C. Newcomen. The former is secretary-treasurer to the board.

Fraser, L. B. DeVeber, William Irvine, S. Allebone, L. M. McCandlish and Jack Hume.

WILLOW POINT NOTES

WILLOW POINT, B.C., July 20. — Mr. and Mrs. H. Rosling left Friday morning by car to spend a short holiday visiting Spokane, Seattle, Victoria and Vancouver.

Miss Dorothy Farmer is a guest for the summer of Mr. and Mrs. D. H. Bayley.

Ven. Archdeacon and Mrs. F. H. Graham have taken up residence in their summer cottage on the north shore.

Harold Matthews of Nelson is spending his summer holidays as the guest of Mr. and Mrs. G. Greenwood.

Master Jack Campbell has been visiting in Fairview the past week, being the guest of Neaole Tomlinson.

Open Up Preemptions on Little Slocan Flats

PASSMORE, B.C., July 20. — A. L. Levy, general road foreman, was in the district recently, surveying a new road to open up the preemptions on the Little Slocan flats.

Miss G. Wilford was a visitor to Nelson on Saturday.

Markets and Finance

STOCKS UP IN SPITE OF PROFIT-TAKING

Upward Trend That Started Thursday Is Still in Control of Price Movements.

NEW YORK, July 20. — While there was some profit-taking sales in today's stock market, the definite upward trend which started yesterday again controlled prices, and closing prices were near the high levels of the day.

The course of prices gave evidence of the switching of many bear traders to the bull side and while occasional selling orders were put into the market, all such offerings found ready buyers at current prices.

Gains in the rail group were not large, but covered a considerable list, including Chesapeake & Ohio, Illinois Central preferred, Reading first and second preferred, Union Pacific and Rock Island preferred, each up a point or more.

The usual market leaders were quite active but net changes were largely nominal.

Short interests ran into difficulty in their efforts to cover in Stewart Warner, which was placed on a definite $10 basis and to 73¾, or to close at the year's highest point of 94¼. The stock closed at 93⅝, where it was up 5⅝ on the day.

The foreign exchange market was featured by the drop of German marks to a new low record of .0062½ cents, or 1,000,000 marks for $2.50. Demand sterling improved fractionally to $4.59¼, while francs eased 1½ points to 5.83c.

Total sales were 712,000 shares.

Montreal List

MONTREAL, July 20. — The local stock market continued to give a good account of itself today as far as price tendency went. Brompton was the market leader, closing 1⅜ up, to 39¼.

Laurentide was up ⅛, at 97. Quebec Railway gained ½, at 22.

The greatest gain of the day was in Toronto Railway, which, on a single board lot, was up 4¼ points, at 80¾. Car preferred, Steamships preferred and Twin City were among other strong spots.

Trading in bonds fell to the lowest ebb of the week and was featured by a 2½ point gain in Steel of Canada, while Quebec Railway 5s were a strong spot with a gain of ½, to 80½.

Total sales — Listed, 4373; Crown Reserves, 500; bonds, $61,000.

Consolidated Shares.

MONTREAL, July 20.—Consolidated Mining & Smelting, 25 bid.

Zinc—Spot, £29 15s; futures, £29 12s 6d.

Toronto Board

TORONTO, July 20.—The local market continues to be benefited from the improved position of Wall street.

Brompton was bid up to 39½ for a net gain of 1¼ points. The announcement that the directors had cleared off the dividend arrears on preferred and had declared a regular distribution for the current quarter provided the stimulus for the buying.

Toronto Railway was another feature, this issue climbing from 78¾ to 81 and closing at 80⅝ for a net gain of 2⅛. British Empire Steel second preferred sold up 1. Canadian Car preferred sold at the year's high at 78. Canadian General Electric common was active and firmer at 133½.

Montreal Produce

MONTREAL, ouly 21.—Eggs lower; potatoes slow; butter down; cheese fair.
Cheese—Finest easterns, 17c.
Butter—Choicest creamery, 31c.
Eggs—Selected, 32c.
Potatoes—Per bag, car lots, $1.15 to $1.20.

PRESSURE OF NEW WHEAT DEPRESSES

Revised Reports on Alleged Canadian Rust Also Have a Bearish Influence.

CHICAGO, July 20. — Increased pressure to market newly harvested wheat led to lower prices at the last in the wheat market today, as did the fact that Canadian reports about black rust failed to mention any important damage. The close was weak at ½c to 1¾c net decline, with September 98¼c to 98⅝c, and December $1.01½ to $1.01⅝.

Corn finished ⅛c to 1⅛c down, and oats from ¾c off to ¼c gain. In provisions the outcome ranged from 2c setback to 2c advance.

SILVER IS DOWN TO EVEN MONEY

NEW YORK, July 20.—Silver, 63c.

LONDON, July 20. — Silver, spot, 30 15-16d; futures, 30⅝d.

Canada Bonds

WINNIPEG, July 20.—Bid and asked prices for Dominion war issues:
War loans — 1925, $100.50 bid, $100.75 asked; 1931, $101.35 bid, $101.50 asked.
War loan renewals — 1927, $101.50 bid; 1932, $102.60 bid.
Victory loans — 1923, $100.40 bid, $100.50 asked; 1924, $100.60 bid, $100.85 asked; 1927, $103.10 bid; 1933, $105.20 bid, $105.25 asked; 1934, $103.45.

Minneapolis Grain

MINNEAPOLIS, July 20.—Flour 20c higher, at $6.10 to $6.20; shipments, 51,238 barrels.

Ex-Service Man Gives Special Facts in Case

W. BROWN DECLARES TANLAC RESTORED HIM TO PERFECT HEALTH THREE YEARS AGO—GAINED 10 LBS. AND HAS FELT FINE EVER SINCE

W. Brown, well-known ex-service man, 156 Kate street, Winnipeg, Manitoba, Canada, recently gave his personal tribute to the effectiveness of the Tanlac treatment in his case. He was a member of the 25th Nova Scotia Infantry in the World War, and is now identified with the "Imperial Veterans" of Canada.

"It was about three years ago that I took the Tanlac treatment," said Mr. Brown, "and it gave me so much new strength and energy that instead of dreading my work I never felt like quitting. For sometime my work had been very hard, and as I was eating scarcely anything, I got down to a badly-run-down condition. Even after a hard morning's work I often couldn't eat any dinner. When I would stoop over black spots would come before my eyes, and I would get so dizzy everything seemed whirling round me. Headaches troubled me, too, and I felt completely exhausted.

"Tanlac was recommended so highly all around me that I went to taking it. Five bottles did the work in my case and put me in A1 shape. It set me eating heartily. Now I feel fine in every way—in fact, like an altogether different person. Tanlac is a great medicine, and I give it my highest endorsement."

Tanlac is for sale by all good druggists. Take no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

OUR CANADIANS IN KING'S FINAL

St. George's Challenge Vase Competition Also in the Second Stage

BISLEY, July 20.— (By Canadian Press Cable.)— Four Canadians will be in the final stage of the shoot for the King's prize tomorrow—Private White, Toronto; A. E. Ashe, Victoria; Major Crowe, Gueiph, and Sergeant-Major Hawkins, Toronto.

Included in the 100 competitors in the final shoot for the King's prize tomorrow is Colonel Marshmont, last year's winner of the King's prize, and Fulton of Queen's, Westminster, also a gold medalist.

Lieut. E. L. Good, late of the Flying Corps, who was tied with three others for the silver medal in the second stage of the King's prize today, won in the shootoff this evening.

St. George's bronze cross, a special prize for the competitor making the eight score in the St. George's challenge vase match, was won today by Commander Clark of the navy.

Lieutenant-Colonel Morris, and Private Caplin, in a shootoff, scored fives in the second stage of the St. George's challenge vase.

Old-Timers-Senior Baseball Game Is Off for a Week

Owing to several of the Old-Timers team being in poor shape, the baseball game scheduled for Sunday afternoon, with the Nelson senior team has been called off.

Several of the Old-Timers had been working out steadily in preparation for the event, Bob Bell especially doing overtime getting his wing in shape. It is expected that the game will be staged within a week's time.

DULUTH STOWS AWAY LIPTON

Wins So Many Firsts on Opening Day of Regatta Winnipeg Little Chance

FORT WILLIAM, Ont., July 20.—Duluth practically stowed away the Lipton trophy, emblematic of the grand aggregate championship of the Northwestern International Rowing association's annual regatta this afternoon, when they won first in the junior eight, bantam four, senior four, junior doubles, and first and second place in the junior singles.

Only by winning first and second in the remaining contests can Winnipeg, their keenest rivals, wrest away the honors that the Duluth club has retained for the past two years.

Port Arthur's two work-boat crews and junior four were successful in their heats, which places them in the finals tomorrow.

Fort William Work-Boat Fast

Of the four crews entered by the Fort William club, the work-boat four, stroked by Harold Hillis, was the only successful one. This crew set the fastest time for the work-boat event, in which four heats were run. By a foul, Fort William bantam four won third place in the bantam race.

Regina won its heat in the work-boat event against Kenora.

The bantam four was the only other event that Kenora was entered for. In this they lost a possible second by fouling Winnipeg.

Villa Beats Friedman in Ten-Round Battle

BOSTON, July 20.—Pancho Villa, world's flyweight boxing champion, tonight decisively defeated Abe Friedman, Boston, in a 10-round bout.

News of Sport

NANAIMO GETS ONE-GOAL LEAD

British Columbia Champs Win First Game of Playdown With Coleman

CALGARY, July 20. — Nanaimo, British Columbia champions, took a one-goal lead in the first of the two-game semi-final of the Connaught cup when they defeated Coleman, Alberta champions, 2 to 1, in a hard-fought and interesting football game here tonight before a crowd of 2000 people.

While the Coleman eleven went down to defeat there is not much to sadden the hearts of their followers. Their team might be said to be victorious in defeat. They saw a dashing eleven opposing a scientific combination machine, which was forced to face a strong sun during 40 minutes of the first half. The losers played bang-up soccer of their own style, which in cup-tie games usually finds results, but everything Coleman had, Nanaimo had a little more, and the were worthy of their triumph.

All goals were scored in the final half, Coleman saving a shutout when Redfern went through on a solo rush, with but 10 minutes to go

CAMPS OF BOXERS PREDICT KNOCKOUT

Lew Tendler's Left Punch Is Going Strong; Leonard Has Trained With Four Southpaws

NEW YORK, July 19.—Followers of both Benny Leonard, lightweight champion of the world, and Lew Tendler, Philadelphia's challenger, predict that their fight next Monday night at the Yank stadium for the world's title will end in a knockout.

Tendler's southpaw punch, the blow that had Leonard backed on his heels in their battle at Boyle's Thirty Acres, a year ago, is working to perfection, according to advices from the challenger's training camp. He is confident it will bring him his long-sought goal, the lightweight crown.

Leonard, however, believes he has perfected a style of battle calculated to offset Tendler's port side advantage and has trained daily for a month with four left-handers. He expects to scale a pound under the lightweight limit when he and Tendler weigh in at 2 o'clock Monday afternoon.

GIANTS WIN BY A GREAT RALLY

Seven Runs Behind, They Hammer Six Runs in Sixth and Win by Run

NATIONAL LEAGUE STANDING

Team	W.	L.	Pct.
New York	56	31	.644
Cincinnati	52	31	.627
Pittsburgh	50	34	.595
Chicago	46	42	.532
Brooklyn	43	41	.512
St. Louis	45	43	.511
Philadelphia	25	59	.298
Boston	24	60	.286

Giants Bump Toney

NEW YORK, July 20.—The Giants won in a late rally here today in the second game of the series from St. Louis, 10 to 9. The Giants were seven runs behind when they went to bat in the sixth inning when they drove out Toney and scored six runs.

	R.	H.	E.
St. Louis	9	12	2
Neew York	10	13	1

Batteries — Toney, Stuart and Ainsmith, Clemons; Scott, Ryan, McQuillan and Snyder.

Mitchell Wins Duel

PHILADELPHIA, July 20.—Mitchell won a hurling duel from Kaufmann today, giving the Philadelphia team a 1 to 0 victory over Chicago. With two out in the ninth and a runner on third, Holke hit the wall in right field for a single that won the game.

	R.	H.	E.
Chicago	0	7	1
Philadelphia	1	7	0

Batteries — Kaufmann and O'Farrell; Mitchell and Wilson.

Cincy Bunches Hits

BROOKLYN, July 20.—Cincinnati bunched 15 hits off Ruether and Schrieeber today, defeated Brooklyn 11 to 4 and making the series stand two to one in favor of the Reds. Caveny hit a home run with two on.

	R.	H.	E.
Cincinnati	11	15	1
Brooklyn	4	14	5

Batteries — Rixey and Hargrave; Ruether, Schreiber and Taylor, Deberry.

Genewitch Pitches Victory

BOSTON, July 20. — Genewich's pitching aside from home run drives by Gooch and Russell, with a man on base each time, was good enough to enable Boston to defeat Pittsburgh today 8 to 5.

	R.	H.	E.
Pittsburgh	5	9	2
Boston	8	11	0

Batteries — Hamilton, Kunz, Bagby and Gooch; Genewich and O'Neill.

ATHLETICS WIN WITH SLUGGING

Pound Four Brown Pitchers and Get Many Extra-Base Hits

AMERICAN LEAGUE STANDING

Team	W.	L.	Pct.
New York	57	28	.671
Cleveland	48	40	.557
St. Louis	43	42	.506
Detroit	41	42	.494

Chicago	40	42	.488
Washington	35	49	.417
Boston	30	50	.375

Root Better, Gets Home Swat

ST. LOUIS, July 20. — Pounding four St. Louis pitchers hard, Philadelphia defeated the Browns 9 to 6 today. Extra base hitting featured the contest, Williams who has been out of the lineup with an injured foot, returned today and hit his 16th home run. Miller duplicated the feat.

	R.	H.	E.
Philadelphia	9	14	1
St. Louis	6	15	0

Batteries — Rommel and Bruggy; Davis, Root, Pruett, Bayne and Severeid.

Senators Win Postponed Game

CLEVELAND, July 20. — Washington and Cleveland took advantage of an off day to play off a postponed game, which the visitors won 12 to 5 by timely hitting, coupled with the Indians' poor fielding. Speaker and Rice hit home runs.

	R.	H.	E.
Washington	12	12	0
Cleveland	5	12	4

Batteries — Zachary and Ruel; Uhle, Boone, Shaute and O'Neill.

Red Sox Bunch Hits

CHICAGO, July 20. — Piercy held Chicago safe in the pinches, while his mates bunched hits and Boston defeated Chicago 5 to 4.

	R.	H.	E.
Boston	5	5	3
Chicago	4	7	0

Batteries — Piercy and Picinich, Walters; Blankenship, Leverett and Schalk, Graham.

JUDGES ORDER RACE RUN OVER

Allege Collusion, Foul Riding, Pulling, and Other Infractions of Hoyle at Edmonton

EDMONTON, July 20. — Following the running of the second race of the day, which finished with five horses bunched so closely a blanket would cover them, the judges ordered the race to be run over again on the ground that there was collusion, foul riding, pulling, and other things not according to regulations. When the horses were again called, Red Monk and Novice refused to come to the post, and their owners E. Edwards, of Calgary, and T. Williams, of Midnapore, were fined $100 each.

Jockey Neale won three firsts, a second and a third out of five starts in the final day of the exhibition.

Summary

First race—Five furlongs, Masama, won; Rainbow second; Merry Marquis, third. Time 1:05 1-4.

Second race—Six furlongs, Dick, won; Cradle Bow, second; Nancy B. third. Time, 1:31.

Third race—Five furlongs, Camouflage, won; Walterina, second; Wortham third. Time, 1:04 1-2.

Fourth race—Five furlongs, Prairie, won; Black Spray, second; Buddy, third. Time, 1:04 1-2.

Fifth race—Five furlongs, Shelk, won; Humma, second; Miss Sedalia, third. Time, 1:05 1-2.

Sixth race—Five furlongs, Ringleader, won; Certain Point second; Paddie, third. Time, 1:05 1-4.

Seventh race—Half mile, ponys, Queen of Spades, won; Gay Paree, second; Trinkett, third. Time, :59 1-2.

Eighth race—Three furlongs, lady or gentleman rider—Miss Violet Bode, won; F. Matthews, second; Major Coles, third. No time shown.

SMOKE OLD CHUM TOBACCO

Little Lessons in Big Sports

GOLF

What should be the position of the elbows in the drive?

Answered by

BOB MacDONALD

Veteran tournament player, winner of the Metropolitan open championship, 1921, and the Texas open championship, 1922. Famous the world over for his long distance driving.

* * *

The position of the elbows varies, but there are several fundamental rules concerning them which do not. The elbows should never separate at the half-way point of the swing. Both must hug the body at the start, and although they leave the body on the upswing, the distance between them must not vary.

Gentlemen and Players Draw a Second Match in the Current Season

LONDON, July 20.—Following are today's county cricket results:

Nottinghamshire defeated Sussex on the first innings.

Yorkshire defeated Leicestershire by an innings and 173 runs.

Lancashire defeated North Hants by 10 wickets.

Kent defeated Somersetshire by 73 runs.

The second match of the season between Gentlemen and Players was drawn. The amateurs scored 451 for nine wickets, and the professionals scored 228 and 190 for one wicket.

SALTASH WINS THE ECLIPSE

Famous English Classic Won by Chestnut Colt; Filly Teresina Second

LONDON, July 20.—(By Canadian Press Cable.)—Three-year-olds won all the honors in the 36th renewal of the rich Eclipse stakes which was run this afternoon over a mile and one quarter course at Sundown park.

From Astor Stable

Lord Astor provided the winner in the speedy little Saltash, a Chestnut colt by Sun Star out of Hamoaze, and trained by A. Taylor of Manton. H. H. Kahan's Tracery Blue filly Teresina, who finished second in the Newmarket stakes, and third in the Oaks, the Epsom classic for fillies, was second, with Sir John Robinson's Duncan Gray, a Pommerin-Sibel Grey colt, in third place. Trump P., Buck's Hussar, Psychology, Bold and Bad, Miltiades, and Star Chamber also ran.

The small field was not long at the post.

Keeps the Lead

Saltash took the early lead from Star Chamber and Teresina, and kept this order for the first mile. A quarter of a mile from home, Bold and Bad made an effort to join the leaders, but failed. Saltash went on to win comfortably by a length from Teresina, with the strong finishing Duncan Gray, capturing third place from the tiring Star Chamber. The time was 2:10.

Lord Astor, who owns both Saltash and Bold and Bad, made no declaration to win.

Macs and Saints Play Game to a Two-Goal Draw

Two all was the ending of the exhibition footer game between the McLeary's and the St. Saviour teams last night. Owing to little being at stake, the game could not be termed as fast and exciting.

Junior Lacrosse Team to Play in Trail, Wednesday

Trail on Wednesday next will be the scene of the second West Kootenay junior lacrosse league game, when the local lads will journey to the smelter city.

Trail has a strong aggregation at present and according to word received yesterday are out to trim the locals, who held them to a draw game on Dominion day.

The local lads have been practicing steadily for the game and will work out tomorrow morning. The team will be chosen from the following players: Ringrose, Freno, Benwell, Cryderman, Madden, Madden, Long, King, McLean, Curran, Ritchie, Irwin, Marquis, Armstrong, Waldie, McVicar.

Raspberries Move From Perry Siding in Large Volume

PERRY SIDING, B.C., July 20. — Raspberries, of which there is a big crop, are commencing to move in considerable volume.

Miss Ruby Carle of Winlaw is spending a few days at the ranch of C. Cummings.

Mr. and Mrs. McNeish of Slocan City were visiting at the Avis ranch on Thursday.

C. L. Cummings left here on Monday for Bonnington.

A little son has arrived at the home of Mr. and Mrs. Walter I. Anderson of Lemon Creek.

Wynndel Child Fails to Rally From Operation

The death occured last night in Kootenay Lake General hospital, of Clifford Moon, aged four and half years, son of Mr. and Mrs. W. Moon, of Wynndel. The body will be shipped to Creston this morning, for interment there. The little fellow, who was the third of four children, was operated upon him for appendicities Tuesday.

AUTOISTS MAY HAVE RAIDED BOATHOUSE

Destruction of Launch and Theft of Gasoline on Sunday Night May Be Due to Joy Riders

The theory that the parties who raided the boathouse of T. E. Homersham on Sunday night last, stealing about 20 gallons of gasoline and starting a fire which resulted in his launch being practically destroyed, may have been autoists seeking gasoline, is being investigated by the provincial police.

There are said to be several facts in connection with the case that point toward joy riders.

NELSON PLEASES CALGARY VISITOR

A. E. Fisher, barrister, of Calgary, with his wife and three sons, is spending a holiday in Nelson and has been so strongly impressed with this city as a holiday center that he is likely to purchase a summer home here.

CONCENTRATOR NEARLY READY

Equipment of Consolidated at Kimberley Will Be of Best

"The Sullivan concentrator, which is being constructed at Kimberley by the Consolidated Mining & Smelting company, is rapidly nearing completion," stated A. G. Langley, district mining engineer, who was in Nelson yesterday after a visit to the East Kootenay district. Mr. Langley stated that the plant embodies the most modern metallurgical practice and that it is a credit to the engineers and metallurgical staff of the company. The plant, he pointed out, is really of great national importance, because its operation will have the effect of largely increasing the output of lead and zinc in Canada.

Mining activities in the Windermere district, said Mr. Langley, promise a good season. The Paradise mine has a good showing of ore and will resume shipments shortly. A slight delay was caused by the condition of the mountain roads, resulting from the wet weather. Work has started, or is about to be started, at a number of properties in this district, chiefly at Boulder creek, Horse Thief creek and Number Three creek.

Farther south, in the Fort Steel division, Mr. Langley found the usual activity among prospects.

He stated that O. C. Thompson will shortly commence construction of a 100-ton concentrator to handle ore from the Stem-Winder mine, where there is a large tonnage of ore similar to that of the Sullivan.

Mr. Langley mentioned also that Dr. Bancroft of the Dominion geological survey has a party working in the hills near Windermere, gathering data for a geological map.

Mr. Langley was much impressed by the heavy motor traffic through Cranbrook and the Windermere valley, many of these tourists going to the famous resorts at Fairmont, Radium Hot Springs and those in the Lake Windermere district. It is estimated that about 100 cars are passing through Cranbrook a day. The city has provided an excellent camping site for motorists, with water and cooking facilities. Thirty-five cars were parked there one night recently.

"This is only the beginning of the great tourist travel which the country may expect in the near future, as the Americans are full of praise for our British Columbia roads and the scenic attractions we have to offer to tourists," said Mr. Langley.

INJURED WHILE AT WORK AT MACHINE

Striking her head, while operating a cherry pitting machine at the McDonald jam factory yesterday morning, Christine McLeod sustained a slight scalp wound. She was treated by Dr. L. E. Borden.

PLANS PROGRESSING FOR ROAD OPENING

Organizations Will Cooperate in an International Celebration at Ymir, August First

Much interest is being manifested in plans to hold an international celebration to mark the opening of the Ymir road. The Nelson board of trade and the Nelson & District Auto association have appointed committees, and the Rotary club will take action at its next meeting.

It is likely that a number of other organizations will be invited to cooperate.

Sunburst Oil Wells

Do you want to have an interest in our Oil Wells?

We expect to be in a position to get a contract for the first well next week.

When we bought our 40-acre tract in the Sunburst Oil fields three months ago there were then 51 wells producing oil; now there are 92 wells producing oil in this field, and 55 drills working on new wells.

Our 40-acre tract is now in the midst of oil wells.

The two Empire wells are quite close to our ground, and they are both big producers.

Send me your subscription for shares, we will take any amount from $10.00 up for a few days. $10.00 will get you 1000 shares. Telephone or wire me and I will send you full particulars and application forms.
