THREE THOUSAND DIE AS DYKE BREAKS

YMIR FIRE CLOSES HIGHWAY; TRAINS HALTED

TRAIN RUSHES THROUGH FIRE AT TOP SPEED

Freight Train, Too, Is Held for Some Hours, Unable to Reach Nelson; Trees Fall on Tracks

BOULDER MILL AND SPUR THREATENED

Sheep Creek Fire, Near Rossland, Forces Dwellers to Move From Homes

FIRE SITUATION IN BRIEF

Porto Rico-Salmo fire closes Nelson-Spokane highway.
Government telephone lines burned out.
Great Northern passenger train delayed by falling timber.
Culvert on highway near Porto Rico burned out.
Auto tourists turned back by authorities.
Boulder mill and spur threatened.
High winds start numerous new fires.
Sheep creek country ablaze.
Velvet mine and buildings threatened.
Families at the Velvet move out.
Ross Spur fire better.
Situation at Grand Forks easy now.

Burning timbers falling on the Great Northern railway track between Ymir and Porto Rico interfered with the train service yesterday, and the Great Northern gas-electric passenger car did not arrive in Nelson until 8:50 o'clock last night, three hours late. The blaze threw out intense heat, and the train was forced to speed up in going through the flames. The freight train was forced to remain at Salmo for some hours, as the situation was too dangerous for a slower train to make an attempt in getting by the fire.

The passenger train arrived at Salmo on its scheduled time, but the section between Ymir and Porto Rico was too hot, and the train remained at Salmo for three hours waiting for the fire to cool off. The railway bridge gang were kept busy for a couple of hours clearing to line to let the passenger through. Northern officials last night stated that if the situation became worse before morning they would in all probability be unable to make the run to Marcus from Nelson.

Highway Closed

So fierce was the fire raging on either side of the Nelson-Spokane highway between Ymir and Porto Rico that the road was yesterday afternoon and last night too dangerous for traffic. William Ramsay, district engineer of the public works, last night ordered the highway closed. He stated that on the north side of Porto Rico a big culvert had burned under a fill which left a bad depression in the highway. A gang will be sent out this morning, and it is expected the highway will again be open for traffic by tonight.

Motorists Play With Life

Motorists traveling between Ymir and Porto Rico yesterday afternoon merely played with life in the fires. Douglas Cummins stated that when he got within two or three blocks of the fire at Porto Rico with his car he was forced to turn back to Nelson. He stated that the heat was so intense and the smoke so thick at that point that he could go no further. Just as he had turned his car around, he stated, an American touring party came speeding out of the smoke.

They told him they had to traveling as fast as 50 miles an hour in some places, and that at times they could not see the road. A fire was burning under a small bridge south of Porto Rico on the highway, they told him.

Boulder Mills in Danger

High winds fanned the fires in the Salmon valley all day yesterday, and crews were unable to stop the flames. The Boulder creek fire swept down to the railway track, jumped the track, and is now burning on both sides of it. Both the Boulder mill and a small lumber spur north of it are in the path of the raging fire, and were in danger last night, the fire being about 300 yards from them.

The fire is burning on three sides of Ymir. It was late last night reported as burning pretty briskly around Ymir and three or four miles north of Salmo. R. C. St. Clair, district forest ranger, last night stated that the ground in that section is covered with dead timber and trees which were burned two years ago, and should the fire reached that area the situation will be much more dangerous.

The government telephone line, between Ymir and Salmo, was last night believed to have been burned down. Service could be connected from Nelson to Ymir, but connections could not be made beyond Ymir.

Although the mill at Porto Rico was reported safe for the time, and backfiring had been done, the fire was burning hotly on either side of the track about a mile north of Porto Rico.

Velvet Mine Threatened

A new fire which started Sunday on the Sheep creek camping grounds and close to the Velvet mine, west of Rossland, was last night playing havoc in that area. The Velvet mine and buildings are threatened by

HOPES SAME STATE EXISTS ONCE MORE

Miss MacPhail Would Not Like to See Any Party in Power

ALLISTON, Ont., Aug. 4.—"A person who lived 200 years ago returning to earth would not recognize any of our modern methods except in the house of parliament—where they would be perfectly at home," stated Miss Agnes MacPhail, former member of parliament for Southeast Grey, speaking here this afternoon at the Dufferin-Simcoe Progressive convention, which chose Mrs. Sidney Banks of Shelburne as candidate in the coming election.

Criticising the present form of government, Miss MacPhail charged that funds were supplied by breweries for the campaign funds of the old parties.

She hoped the next parliament would be like the last, with no party having complete control. Then a new form of government would be inaugurated having cooperation as its keynote. An alliance between the Liberal and Progressive parties, Miss MacPhail said, would mean the older party swallowing up the Progressives.

PEACE RIVER INVITES GALE TO RUN THERE

Kootenay West Nominee Has Sent No Further Word as to His Plans

Harry Gale, ex-mayor of Vancouver, and Liberal nominee for Kootenay West riding, who wired the local Liberal body on Tuesday that he may not be able to accept, has other lines angling for him. According to coast reports, Liberals of the Peace river are seeking him to contest that riding.

However, Mr. Gale his given them no satisfaction as yet, and it is stated that if he enters the campaign it will most likely be in Kootenay West. Business pressure and health are Mr. Gale's excuses offered the Kootenay West Liberals for non-acceptance so far of the nomination offered.

Local Liberal officials when approached last night stated that no further word had been received from Mr. Gale.

CHURCH WILL GO TO CALVARY IF IS NECESSARY

So States Catholic Bishop; Never Approve of Armed Rising in Mexico

MEXICO CITY, Aug. 4. — The archbishopric of the Roman Catholic church will never approve of an armed uprising, but the church will "go to Calvary" if necessary, in the present religious struggle in Mexico, Pascal Diaz, bishop of Tabasco, today told the Associated Press.

MEXICO CITY, Aug. 4.—The movement among Roman Catholics to exert the pressure of an economic boycott against the attitude of the Mexican government in enforcement of the religious regulations is being watched with keen interest in Mexico.

Business circles are plainly worried over the consequence of a boycott or even a slowing down in purchases by the public under the plans of the league for the defence of religious liberty. Although there have been no serious evidences of an economic boycott in Mexico, reports from elsewhere in the republic state that the volume of business has been reduced in some places.

Meanwhile both the government, with its supporters in its present stand on religious laws, and the Roman Catholic episcopate, as well as Catholic leaders, are both standing firm in their respective poistions. The government's adherents maintain that President Calles is only enforcing the laws, which the Catholic authorities have openly announced they intend to "disobey."

Red Literature Is Distributed Across Canada

LONDON, Ont., Aug. 4. — Someone in Toronto favorable to the soviet is sending out "red" literature to all parts of the Dominion, Mayor Ralph Webb of Winnipeg stated here tonight at a banquet tendered some 140 visiting delegates to the Union of Canadian Municipalities.

"We've still got to fight for the thing we fought for in the great war," he declared.

FLAMES WIPE OUT VILLAGE, OLD QUEBEC

Hundreds Homeless; 80 Houses Out of 92 Are Total Loss

WATER SUPPLY NIL; VILLAGERS RUINED

Church and Convent Standing on Hill Are Saved From Flames

QUEBEC, Aug. 4.—The village of St. Come de Kennebec, 72 miles from here, was practically destroyed by fire this afternoon. Eighty houses out of a total of 92 were destroyed. News of the fire reached Quebec tonight.

The church, presbytery and a convent and several residences in the extreme end of the village were saved.

The flames were first discovered in the creamery of Cote and L'Oignon in the center of the village. The flames were fanned by a heavy wind and in less than two hours the whole village was ablaze. When the second house took fire, the wind scattered blazing cinders for a half a mile.

There was no fire fighting service in the town and the aqueduct which supplied water had been practically dry for 15 days owing to dry weather.

Everything Burns

The flames swept through the village like a train of powder. Everything was in a parched state and fell easy prey. All the principal buildings except those mentioned were destroyed. Only their situation on a hill saved them.

The devotion of the parishioners was triumphant in saving the church buildings. The loss is estimated at $500,000, and there is insurance of about $150,000. Many citizens are completely ruined.

The village of St. Come de Kennebec is about 10 miles from the United States border, in the county of Beauce on the Levis-Jackman highway.

Large numbers of the hundreds of homeless were given refuge in the church buildings and the few houses remaining, while an emergency refugee accommodation took care of the rest. The warm weather was an ameliorating factor in this respect.

Following is a partial list of the buildings destroyed: Banque Canalienne Nationale; The Parish Trust company, Bureay hotel office, drug store and home of Dr. L. A. Poliquin, two stores, factory and house of M. L. Dewers, tinsmith, telephone exchange, post office.

SOLUTION OF TWO MURDERS AT HAND

Arrests Expected in 48 Hours on Charges of Murder Committed in 1922

SOMERVILLE, N.J., Aug. 4.—Solution of the Hall-Mills murder mystery within 48 hours and "arrests all around" were predicted tonight by Special Prosecutor Simpson.

The state senator announced he had questioned a new witness, a woman, who told him she had witnessed the murder of Rev. Edward Hall and Mrs. Eleanor Mills, and had recognized their slayers.

Her story was straight-forward and entirely credible and was believed by Senator Simpson.

The new witness, whose name is being withheld while detectives check the veracity of her story, told Senator Simpson, he said, that she knows both the woman and the man she saw bending over the bodies and could identify them instantly.

Tore Up Letters

After the crime they tore to shreds the love letters of the choir singer to Mr. Hall and scattered them over the rector's body, the senator quoted his witnesses as saying.

"When I asked the witness why she had not come forward at the time of the first investigation shortly witnesses in the case were 'put on said, "she replied that she heard that the rack' by the authorities and after the murder in 1922,' the senator practically made defendants."

The love letters scattered upon the bodies had been removed from a tin strong box which Rev. Hall kept in his study of his home in New Brunswick, the senator said his special investigator had discovered.

BRITANNIA ATHLETE DROWNED IN LAKE

BRITANNIA BEACH, Aug. 4.—Bert Pitt, 22, member of the Britannia Beach baseball team, was drowned in a small lake one mile and a half east of here, yesterday, when his canoe overturned. A companion made his way ashore.

Bulgars Attempt to Stop Raids by Troops in Jugo-Slavia Areas

SOFIA, Aug. 4.—The Bulgarian government replying to protests from Jugo-Slavia against raids by comitadji bands (irregulars) into the latter's territory denies that the raiders have received any support from Bulgaria.

On the contrary, the reply states, the Bulgarian government is doing everything that is possible to compel the Macedonian revolters to cease activities which are likely to create hostilities.

HON. DR. KING IS NOMINATED, EAST KOOTENAY

Member in Last House Is Cheered at Liberal Nominating Convention

CRANBROOK, Aug. 4.—At the Liberal convention held tonight Hon. Dr. King was the unanimous choice at the enthusiastic convention of his supporters from all points of the riding. A. I. Fisher, K.C., of Fernie presided at the meeting.

Dr. King's name was advanced by T. J. Doris of this city and seconded by Mr. Tompkins of Invermere. Others from different points of the riding spoke later in support of Dr. King.

When he entered the meeting after being tendered the unanimous nomination. Dr. King was cheered and delivered a strong speech outlining the Liberal position in the present campaign and giving a resume of what Mackenzie King government had accomplished during the session. Musical selections were rendered at the close of the evening and refreshments were also served.

SIBBALD GOES TO JAIL FOR LIQUOR SALE

Trail Man Unable to Raise $300 Fine Imposed by Magistrate

TRAIL, Aug. 4.—Unable to raise the $300 fine imposed when he was convicted of selling intoxicants in police court on Monday, John Sibbald was today removed to Nelson to serve the alternate sentence of three months' imprisonment. He was convicted of selling whisky to two provincial police officers, on liquor law enforcement duty, William Gibson and Thomas Sheares, in his shack on the Bowery here on Friday.

Vancouver Mayor Says New Hotel Will Be Built in That City

VANCOUVER, Aug. 4. — While no confirmation of a special dispatch from Ottawa to the Morning Star, stating that "The government had instructed Sir Henry Thornton to proceed with the construction of the Canadian National hotel in Vancouver; had been received at the city hall today, Mayor Taylor said he was "satisfied that from private advices I have received from the east that the hotel project will be ratified at Ottawa within two or three days."

The proposed hotel, it is understood, would cost $5,000,000.

Lieutenant-Governor Opens Up Vancouver's Annual Exhbition

VANCOUVER, Aug. 4. — Hon. Randolph Bruce, lieutenant-governor, today officially opened the seventh annual fair at Vancouver exhibition. Weather conditions were ideal. It was children's and Elks' flag day, and huge crowds of children were in attendance.

H. M. Light Cruiser Curlew, accompanied by H. M. C. S. Patrician, steamed into the harbor this morning and tomorrow the United States battleship Seattle, flagship of the Pacific fleet, will arrive. The naval craft will remain several days, and a round of functions has been prepared for the entertainment of officers and men.

VICTORIA, Aug. 4.—With plans for developing the gold deposits in the bed and valley of the Sombrio river, between San Juan and Jordan rivers on the west coast of Vancouver island, John Hickey, Victoria and Jerome B. Eberts, Vancouver, have left for Fort Renfrew.

The prospectors before leaving declared they had information which conclusively proved the existence of an immense body of placer gold in the district.

RUTLEDGE TO RUN AGAINST HON. DR. KING

Is Unanimous Choice of Conservatives in East Kootenay Race

DR. CORSAN OF FERNIE REFUSES NOMINATION

Over 50 Delegates Attend Rousing Convention; Rutledge Strong Candidate

CRANBROOK, Aug. 4.—Dr. J. W. Rutledge, veterinary surgeon of this city, was the unanimous choice of the Conservatives' nomination convention held here this evening, and attended by over 50 delegates from Cranbrook, Fernie and Columbia ridings.

An effort was made to induce Dr. D. Corsan of Fernie to accept the nomination and after he had been nominated by B. McCollum of Fernie and J. A. Young of Cranbrook, the convention adjourned for a short time to allow Dr. Corsan to reach a decision. After he had persisted in his refusal other names were brought forward. J. A. Young, Cranbrook, M. McLean, Michel; A. M. Chisholm, Windermere; were all nominated. But each declined to consider the nomination. Dr. Rutledge's name was first proposed and was put forward in a fighting speech made by A. M. Chisholm of Windermere and seconded by S. McDonald of Golden.

Urges Support

Amid much enthusiasm the convention made the selection unanimous and in a short speech of acceptance Dr. Rutledge pledged his best efforts for the fight in front of him. After reviewing briefly the big issue he said he felt that if the fullest support of the Conservatives was accorded him he would go in as East Kootenay's next representative at Ottawa.

Officers for the federal association were elected at this meeting as follows: President, A. A. Robertson, Cranbrook; vice-presidents, A. M. Chisholm, Columbia; S. Herchmer, Fernie; A. C. Bowness, Cranbrook; secretary, W. Stewart, Cranbrook; treasurer, F. Dezall, Cranbrook; executive, C. Warren and C. H. Rayson, Columbia; M. McLean and N. McCallum, Fernie; J. A. Young and Captain Bell, Cranbrook riding.

A. A. Robertson presided at the meeting and W. Steward acted as secretary.

Refreshments were served at the close.

Many Delegates

The delegates were: Fernie riding—Dr. Corsan, N. McCallum, H. A. Bryant, J. Skilly, S. Herchmer, H. Minton, T. Hamilton, D. G. Harvey, J. R. Wallace, M. McBean, Mrs. Moon, M. McLean, R. Winstanley, W. A. Carlin, F. Winter, T. Letcher, F. L. Archer, S. Norton, G. Furneaux, J. R. Wiseman.

Columbia riding—E. H. L. Houston, Mrs. H. A. Wheeler, S. McDonald, J. Henderson, J. Henderson Jr., Mrs. W. Fish, E. Walkins, H. C. Rayson, C. Binning, Mr. and Mrs. Lockwood, A. M. Chisholm, A. A. Saylor, G. Erickson, H. Beardwell.

Cranbrook riding—Mr. and Mrs. F. H. Dezall, Mrs. W. B. McFarlane, Mrs. A. Shankland, Mrs. J. Norgrove, S. Taylor, O. N. Jacobson, Dr. Rutledge, R. S. Walker, J. A. Young, W. S. Cameron, H. Tipper, J. Hughes, J. Bell, A. A. Ward, Mrs. A. Brooke, W. S., Green, J. Pooler, A. A. Robertson, B. Kerr.

NOMINATIONS

Peace River, Alta.—D. M. Kennedy, United Farmers association.

Kindersley, Sask. — J. A. Dowd, Liberal.

Kootenay East, B.C.—Hon. J. H. King, Liberal; F. W. Rutledge, Conservative.

Vancouver South, B.C. — Leon J. Ladner, Conservative.

DUGGAN AND PLANE ARE FINALLY FOUND

BUENOS AIRES, Aug. 4.—A dispatch to La Nacion from Porto Alegre says Bernardo Druggan, Argentine aviator, and his companions have been found by a searching party in the vicinity of the Bay of Mastardas, about 70 miles north of Rio Grande Del Sur. Druggan's plane disappeared between Ararangua and Rio Grande Del Sur, Monday. He is flying from New York to this city.

McGeer May Enter the Field Against General McRae Now

VANCOUVER, Aug. 4.—The possibility of G. G. McGeer, K.C., entering the political fight against Gen. A. D. McRae, in Vancouver North, was mooted here today by prominent Liberals.

The Liberal convention will be held on Saturday.

BELIEVE JOHNSON REAL MURDERER

Man Who Confesses 14 Killings Believed to Be Murderer in Minneapolis

SEATTLE, Aug. 4.—Detective Tom McGuire of the Minneapolis police, announced here tonight after talking with Thomas Johnson, confessed murderer of 14 persons, that he was convinced that Johnson killed Leonard Erndahl in Minneapolis last December.

Johnston declared that he will not return to Minneapolis without a legal fight.

"I want to be hanged," he declared, "I have taken a life and expect to pay the price. I don't want to wait around in a prison the balance of my days—that's the reason I won't return to Minnesota for the Erndahl killing without a legal fight. They have not any death penalty, there.

"I'm crazy, I am tired of life, and am useless to society, so I want to die and I'd like it. I have told you fellows I'd commit suicide and that goes if I get the chance."

McGuire said that despite Johnson's plea, extradition will be asked immediately.

FIRE BLAZES AT EDGE TRAIL CITY LIMITS

Bear Creek Fire Bad but Not Threatening Smelter City

TRAIL, Aug. 4.—Directly east of the city the whole mountainside is ablaze with a forest fire that is now almost at the city limits. It is a continuation of the Bear creek fire, which came over the summit two weeks ago and burned its way down the slopes through what little standing timber remained. Latterly its progress has been almost obscured by the pall of smoke overhanging the whole district. No apprehension is felt locally.

To the north of the fire, a line formed along the mountain crests marks the path, cityward of the Stony creek fire, on which a force of over 100 men have been working to save valuable timber.

Southeast, a few miles from the city, low haze indicates the locality of another fire over the summit. Its dimensions and menace to property could not be ascertained here tonight.

TWO KILLED BY BOLD ROOTLEG MURDER GANG

Three Enter Hotel Lobby, Shoot Down Two Men and Make Escape

LOS ANGELES, Aug. 4. — Two men were murdered today in what police to believe the outbreak of a bootleggers' war. One was slain outright and the other died two hours after the shooting. The victims were identified as D. Munson and Harry Moran.

The shooting occurred in the lobby of a fashionable residential hotel. About 20 guests witnessed the shooting.

Munson and Moran were engaged in conversation when three men entered. Moran, apparently sensing trouble, darted out the door, but was brought down by a volley of bullets from a gunman stationed at the hotel entrance. The other headed for Munson and riddled his body with bullets.

Munson's body was picked up by the gangsters, who forced their way through the hotel attaches and guests, placed it in an automobile, and sped away. The car containing the body was found a short distance from the hotel.

Ontario Mining Area Is Faced With Bad Fires

TORONTO, Aug. 4.—In a special dispatch from Hudson, Ont., the Toronto Star says today:

"Word reached Hudson late last night from Pine Ridge that some alarm was being felt regarding the fires in that district and that every available man had been called out to assist the rangers."

"One fire with over a mile front was burning on Pakawash lake, which is the first body of water out of Pine Ridge, Ont., on the way to Red lake, the other which was burning was reported at Keg lake on the same waterway near Red lake. Today the [illegible] branch have called for men and equipment from Hudson.

HEAVY RAINS SWELL RIVER AND DYKE GOES

Quarter-Million Farmers Make Hasty Exit; 3000 Drowned

CHINESE CITY OF HANKOW IS FLOODED

Sand Bags Used to Bank River Banks; Two Square Miles Flooded

HANKOW, China, Aug. 5.—Bursting of dykes on the Yangtsze river in southeastern Hupeh province has caused the loss of 3000 lives. Two square miles is flooded. There was an exodus of quarter of a million farmers. The city of Hankow which already was inundated was saved.

Recent rains had swollen the river and reversing the current of the sewers caused the waters to overflow the city. The burst of the dyke released the backing up water.

The river front is being banked with sand bags, all available equipment having been taken for strengthening the banks and pumping out the streets.

Refugees are pouring into the larger centers. The loss of crops following upon the famine of last year, it is feared, forecasts a worse disaster in the way of food shortage the coming autumn.

Twenty Calgary Cow Punchers Off to the Stampede at Vancouver

CALGARY, Aug. 4.—In great riding shape, 20 of Alberta's best cowboys are leaving for Vancouver Thursday to battle for the $1500 in gold and championship belt which is being awarded as the feature of the Vancouver stampede, to be held at Hastings park, August 9.

The party is headed by Pete Knight of Crossfield, the world's champion bronk rider, and included is Pete Vandermeer of Calgary, the Prince of Wales' cowboy. The party is in charge of Fred Kennedy, secretary of the Vancouver stampede.

Woman Who Shot at Mussolini Declared Menace to Society

ROME, Aug. 4.—The Hon. Violet Gibson, sister of Lord Asborne, who attempted to assassinate Premier Mussolini in April 7 of this year, is suffering from chronic hallucinational paranoia and was completely irresponsible for her act, medical experts testified today at the opening of the trial.

The experts said that she would be a public menace if she were released and that, therefore, they advised that she be confined to an insane asylum.

Government Strikes Blow Against Any Irregular Booze

NEW YORK, Aug. 4.—The government struck a blow against alleged bootlegging under the guise of medical prescriptions. Seventy-six doctors, whisky salesmen and agents, druggists and drug corporations were indicted by a federal grand jury for prohibition violations in this city. Seventeen indictments were returned naming 25 physicians, 30 druggists and 15 whisky agents. Four drug corporations also were indicted.

HEADS MUNICIPALITIES

LONDON, Ont., Aug. 4.—Lieut.-Col. Ralph H. Webb, D.S.O., mayor of Winnipeg, was elected president of the Union of Canadian Municipalities here today. Mayor Taylor of Vancouver, B.C., was made third vice-president.

TROUBLESOME STOCKINGS

One Mother says:

In this day of many colored stockings to match dresses of various shades, I found that my daughter's stockings were always all over the room. Pairs that had been worn but once and were not ready to be washed could not be found when needed. I placed a towel rod on the back of the clothes closet door, and now stockings that can be worn again are hung on this rod. This keeps the room tidy and saves time in finding the pair that is desired.

PRINCE PREACHES VALUE OF SCIENCE

Addresses Famed British Body of Scientists; Science Key to Prosperity

OXFORD, England, Aug. 4.—The Prince of Wales came back to the scenes of his student days today and delivered an address before the famed British association—a formidable audience of gray heads made up from the most learned minds in England.

The prince, who was making his presidential address, is the first member of the royal family to be honored with this distinction since 1859, when his great grandfather, Prince Consort Albert, held a similar post. The prince spoke on the relationship between science and the state. He indicated his belief that science is the key to prosperity and hinted that science might play the part of the world's industrial healer.

He declared that in things military and naval, in factories, workshops, mines and railroads, in contact with every day problems of education, health, land settlement, transport and housing—in all such varied departments of life—it had been borne more and more upon him that if civilization was to go on it could only progress along a road on which the foundations had been laid by scientific thought and research.

The prince made a serious face, although his hearers laughed when he cited the advice of science to the laundry business.

"This will be good news to those of us who may have suffered or even may be suffering tonight from the torture of a collar which comes back from the wash with its edges like a surgical saw," he said.

KING ATTACKS MEIGHEN UPON RAILWAY PLANS

Demands That Premier Announce Probable Minister of Railways

CLAIMS IS USING RAILWAY AS PAWN

King Declares Conservative Leader Has No Right to Dictate Policy for C.N.R.

REGINA, Aug. 4.—Rt. Hon. W. L. Mackenzie, flanked by his Saskatchewan lieutenants and by the members of the provincial cabinet, tonight made a sharp attack of Mr. Meighen's attitude toward the national railways.

It had been said, declared Mr. King, that Mr. Black of Halifax had only been a temporary appointee to the portfolio of railways.

"Mr. Meighen has already begun to use the national railway as a pawn to secure political support from one section of the country. He is already making it wholly apparent that he intends to dictate part of the policy of the railway.

"If Mr. Meighen intends to keep Mr. Black in office only a short time, he owes it to the people of the maritimes and to the people of the country as a whole to say who will be the next minister of railways.

"Already it is clear," said Mr. King, "that the policy which the Liberal party laid down—of no interference with the president and board of directors of the railway—is one that he does not intend to carry out."

Was Improving

Under Liberal administration the national railway was becoming "one of the greatest national assets." As minister of railways, Mr. Dunning had proven that he was second to none as an administrator.

"I believe that the people of Canada feel that no better choice could have been made."

The former premier returned to the constitutional question, defending his advice of dissolution to his excellency, and appealing for the preservation of the British constitution.

For two weeks, said Mr. King, Mr. Meighen alone had ruled over the domestic and foreign affairs of Canada.

"Is that Mr. Meighen of Mr. Mussolini?" called out a voice.

"Mr. Mussolini would not have dared to do such things," retorted Mr. King.

"Talk of a smuggling scandal, it is the prime minister who smuggled himself into office through the doors of government," he added.

Says Like Cromwell

Hon. J. G. Gardiner, premier of Saskatchewan, declared that the electoin would confirm the principles of Liberalism as nothing else had done in many years. Mr. Meighen had not sent soldiers into the commons and closed the house himself, but "he sent the janitor up to lock the doors in the night, and sent little boys in the morning to tell the members." He compared Mr. Meighen's methods with those of Cromwell.

Mr. King, in opening, referred to his "old and dear friend, Mr. Motherwell," and his "younger but equally dear friend, Mr. Dunning." As minister of railways, Mr. Dunning had taken hold of his portfolio and expounded the government's policy "in a manner not equalled by any minister," Mr. King had no personal criticism for Hon. M. Black, but he was 79 years of age, he said.

Mr. King thanked F. N. Darke and Charles McDonald for resigning their seats in the commons to allow Mr. Dunning and himself to stand for election in byelections earlier in the year. Mr. King also recalled having met in St. Mary's, Ont., during the present campaign, Mrs. Gardiner, mother of the premier of the province.

Heckler Busy

"Why did not you stay and face the music?" called out a heckler. The crowd endeavored to shout him down, but Mr. King asked that he be allowed to give his question in full.

"A vote of censure was hanging over you and you did not stay to face it," called the interrupter again.

"That is typical of one form of Tory propaganda," retorted Mr. King.

"There was no vote at any time in the house which had the word censure in it," he added.

Mr. King continued, saying that the customs committee had brought in its report unanimously, without a reference to censure. When the government resigned, it had the assurance that the amendment to provide for a commission of three judges to investigate customs matters could have been carried.

"If I had been afraid of censure do you think I would ask the governor-general to let the people censure me?" asked Mr. King.

Denounces Campaign

Dealing with customs matters, Mr. King denounced the whispering campaign of slander against men in public life. He was prepared to meet any man who, in the open, would make charges against any member of the administration. Mr. King went over the features of the Robb budget. "You know—you have not to be told—of the return of prosperity."

Today Canada had a favorable trade balance of $401,000,000. The policy of wider world markets promoted by the late government should be proceeded with. The same kind of effort should be put into the securing of foreign markets for agriculture as had been used to secure markets for manufactured products.

Dunning Busy

"As I told you a few months ago as a minister of the crown," said Hon. C. A. Dunning, during the course of his address, "I have responsibilities beyond the confines of Saskatchewan, and I intend to carry them through if given an opportunity."

"The people are seeing the issues of the campaign more clearly than on any other occasion," he added.

TRAIN RUSHES THROUGH FIRE AT TOP SPEED

(Continued From Page One.)

the blaze. Fast winds blew there all day yesterday and people living in that area were ordered to move out and take their personal property with them. For a time the fire threatened several ranches, but after hard combating they were saved.

Road Closed to Traffic

With the blaze burning hotly on either side of the road there, the road was officially ordered closed to vehicle traffic. Much valuable timber is threatened by this fire. Every available man is being summoned to combat it.

Sid Ross' Spur and the Beaver Creek mine and buildings which have been threatened for four days, are still safe. Officials of the forestry branch report that the wind was quiet in that region yesterday, and the situation looked much better. Crews have been lined up around the spur and the mine and buildings are ready for any serious outbreak.

Very little wind blew in the Grand Forks district and the fires there are reported to be quiet.

Reports on the fires in the Kaslo district and the fire at Nelway, at the international boundary, were not given to Nelson officials last night.

DEATH FROM BROKEN HEART

BRISTOL, Eng., July 30.—A broken heart is believed to have caused the death of Rajah, the Clifton Zoological garden elephant, who has just died as he was passing through the gateway of the gardens on his way to a new home. He was only 29 years of age, and was the pet of all Bristol children. He carried his daily burdens cheerfully until the war took away his keeper. His temper then became uncertain and he struck work.

The authorities decided that as he would not earn his keep he must be sold. He was persuaded to enter a great cage which was placed on a lorry, but just as it passed through the zoo gates Rajah gave a deep sigh and died.

A post mortem is being carried out by the zoo veterinary surgeon and the Bristol university, and an inquest will be held.

RED RASH ON FACE AND NECK

Formed Eruptions. Suffered Much at Night. Cuticura Heals.

"I was troubled with a rash that broke out on my face and neck. It was very red, and the irritation caused me to scratch it in my sleep. After scratching, little, sore eruptions formed. I suffered much at night, and my sleep was broken.

"It looked hopeless until I began using Cuticura Soap and Ointment. After a few days the eruptions started to heal, and after using five cakes of Soap and five or six boxes of Ointment I was healed." (Signed) G. Harding, 2233 Florian St., Montreal, Que.

Daily use of Cuticura Soap, with touches of Cuticura Ointment now and then, keeps the skin fresh, smooth and clear. Cuticura Talcum also is ideal for the skin.

AVOIDED AN OPERATION

Mrs. Dayman Gives Lydia E. Pinkham's Vegetable Compound the Credit

Colborne, Ontario.—"When I was first married I was very thin and weak. The doctor said I was weak and would never be able to have a child, but I did, and from the time my baby came I suffered all the time and doctored and took medicine. Life became a burden, and doctors said an operation could help me, but my husband was opposed to that. I had seen Lydia E. Pinkham's medicine advertised, so I told my husband that I thought I would try it, that I might get some relief. I had not taken one bottle when I could feel it helping me. I took five bottles and had better health. Now I have three girls and a boy and have done my work up to confinement. I am now at the Change of Life and owe my good health to Lydia E. Pinkham's Vegetable Compound. I take a bottle when I think I need it."—Mrs. SUSAN DAYMAN, R. R. No. 5, Colborne, Ontario.

RANGERS WIN FIRST GAME, TRAIL LEAGUE

Rangers Defeat Uneteds 3-0 in Opening Game of Cup-Tie Series

WINNERS PLAYING AGAINST THE WIND

Wheat Opens Scoring; Rangers Have Best Team; Play Slow at First

TRAIL, Aug. 4.—After scoring the only goal of the first half while playing against the wind, Trail Rangers added two more in the second and won 3 to 0 from the Uneteds in the opening game of the new City Soccer league cup tie series at the ball park tonight. There was a fair turnout of supporters.

The Uneteds left the field a well beaten team for the three goals won by the Rangers were in every way deserved.

Wheat Opens Score

Wheat, outside left, opened the score after 25 minutes with a brisk return from wing of a partial clearance. Armstrong, the custodian, caught unaware, handled but dropped the shot.

Garrett, taking a pot shot five minutes after play was resumed in the second half, made the second goal. Kitchen, Uneteds left back, fluked his intercepting kick while covering the goalie at short range, and the ball went through.

Goal Rushed In

The third goal was rushed through by Wheat when Armstrong, saving a difficult angle shot, stumbled and fell.

As might be expected until the players find their soccer legs, play was somewhat ragged. Corners were kicked behind, or else away down the field, and wing shots at goal were frequently kicked over by both teams.

Throughout the Rangers had the better of play with an evenly balanced team. Their defence men were aggressive and tenatious when opposed. Their custodian, Marshall, showed fine form, and made two exceptionally daring saves that won him golden opinion. Their forward line showed good team work and seemed to find no great difficulty in penetrating the Uneteds defence which in the recent series was the strongest in the league.

The Uneteds chief weakness, however, lay in their forwards. They, to no point, showed so good combination or individual tactics as did the opposing line. Something might be allowed them in view of the fact that they had not previously played as a unit. The halves, though playing good soccer, did not display their former aggression. The brunt of the Rangers hammering was born by Routledge and Kitchen, backs.

The teams were:

Rangers—M. Marshall, goal; Hayes and Forbes, backs; Marshall, Thomson and Lundie, halves; Prasch, Garrett, Yule, Hardie and Wheat, forwards.

Uneteds—Armstrong, goal; Routledge and Kitchen, backs; Williams, Bowkett and Adams, halves; Rowlands, Mason, Best, Broadhurst and Elmer, forwards.

Referee—John McHardy.

WIND SPEEDS THIRTY-FIVE MILES HOUR

But Only Blows in Gusts; Continued Fine and Warm Is Forecast

A strong wind from the north yesterday afternoon blew at times from 20 to 35 miles an hour. But it was only in gusts. The wind was common at Nelson and Procter, and at Procter caused a little inconvenience to the crowds of picnickers.

There was a trace of rain. The minimum for the 24 hours ending at 5 o'clock yesterday afternoon was 46, and the maximum 78.

Continued fine and warm weather is the forecast for today.

BROKEN PISTON RINGS HOLD UP NELSON FERRY

NELSONITE WALKS OFF END OF DOCK

W. Betts Walks Into the West Arm; Cries Draw Many Excursionists

While hurriedly walking down the Canadian Pacific railway dock to watch the steamers land at about 9 o'clock last night, W. Betts of Nelson, former mate on a Kootenay lake steamer, walked unconcerned off the end of the dock in the water.

Hundreds of people, who had departed from the Procter excursion steamer, rushed to the end of the dock. Mr. Betts was able to swim enough to keep himself above water until he was rescued by George Kemmerling and a mate on the steamer Kuskanook with the aid of a life belt.

According to Mr. Kemmerling, Mr. Betts walked hurried down the wharf looking to his right, and suddenly dropped off the end of the dock. His cries for help drew the many excursionists to that point. He was taken to his home by Mr. Kemmerling.

CHAPTER LXXIV

It had been with a feeling of en-e satisfaction that, following his her's partial recovery, Miss Midian d seen Mark take his departure m home. She was always bitterly lous of his presence in the house, n though she knew—none better—t scarcely more than half a en words were ever exchanged ween father and son. Miss Mi-n loved Mark's father with a iously warped sort of passion, d it came as a very real shock to when one evening about a tnight after Mark had returned to don, John Hellaby said abruptly—

"Martha, will you kindly wire to rk and ask him to come home?"

Miss Midian looked up at her ther blankly, the color staining thin cheeks in unbecoming ches. She laid down her eternal tting and rose stiffly to her feet.

"Ask Mark to come home!" she oed, with the slowness of stupe-tion. "Why, is anything the mat-John? I thought you were so ch better!"

ohn Hellaby frowned impatiently.

"I am perfectly well," he said ir-bly, "and there is nothing the ter. I only wish Mark to come e. Kindly see that the wire is immediately."

e went out of the room without ing for further objections and Midian stood staring after him, thin lips tightly compressed hide their trembling.

ut she sent the wire, as curt a age as her jealous brain could eive: "Your father requests you return immediately," and then dispatched a message for the or. She instructed the maids to him into her private sitting , and as soon as he arrived she n agitatedly—

h, Dr. Broughton, I am sure rother is ill again, or is going to You know how strangely he behaved lately, refusing to go with me when everything had arranged for him, and even the s taken, and now what do you he has requested me to do?"

e doctor shook his head.

doctor looked puzzled.

son? Do you mean Mark? that is a perfectly natural thing surely, and certainly does not arily mean that he is feeling any worse than usual. However, I will see him, and if——"

Miss Midian interrupted agitatedly—

"You will not tell him that I sent for you? He would be so angry, but if—if you could just convince him that excitement of any kind is injurious, and that if Mark is allowed to come it will be against your express wishes——" She stopped speaking, struck by the expression of the eyes bent upon her. "Of course, if you think it will do him no harm," she added waveringly.

The doctor answered decidedly.

"On the contrary, I think it will be a most excellent thing. I have always considered it a pity, a great pity that Mark and his father are not better friends."

Miss Midian bridled indignantly.

"Mark and his father have nothing in common, I regret to say. Every one knows that my nephew has invariably preferred to lead his own dissolute life in London rather than do his duty and stay at home. The country bores him; we—his father and I—bore him. All his life it has been the same; there has never been an ounce of affection in the whole of his composition; he takes after his mother, and she——"

The doctor interrupted once again.

"I think, Miss Hellaby, you forget that I knew Mark's mother." His eyes were steely in their coldness; after a moment he turned to the door. "I think if you will excuse me——" He did not wait for her to reply, he went across the hall and knocked on the door of the study.

John Hellaby sat by the fire, his long, blue-veined hands resting on the arms of his chair, something infinitely pathetic in the harshness of his face.

The slightest frown bent his brows as he saw who was his visitor, then he smiled.

"You Broughton! I suppose Martha sent for you?"

Dr. Broughton laughed breezily.

"Women are always over-anxious," he said indulgently. "Well, and how are we today?"

John Hellaby seemed not to hear the question; he went on speaking in the voice which was the only resemblance between himself and Mark.

"I have sent for my son, and so, of course, my sister thinks I am about to die, that's why she has sent for you? Come, be honest."

The doctor shrugged his shoulders.

"Well, well!—what of it? I was passing the house, anyway. And as for Mark, I hope he will come; I like the boy!"

Newspaper Advertising Attracts Tourists

Ontario has joined the provinces and American States which are using newspaper advertising to attract tourists.

Maine has been successful in building tourist traffic by paid publicity. Testimony of Harrie B. Coe, manager, Maine publicity bureau, is to the effect:

"Twenty-five thousand dollars appropriated by the Maine legislature in 1925 for advertising the state resulted in 30 per cent increase in resort and tourist business over any previous year.

"Each person vacationing in Maine that year averaged to spend $90.53, thus the tourist business brought into the state of Maine last year nearly $100,000,000. One summer hotel alone had receipts of over $500,000, chiefly from out of state people.

"What has all this brought to the state of Maine? In addition to the $100,000,000 left by the tourists, which seeps through all the channels of business life, the records of the register of deeds offices throughout the state show more than 2000 sales of land and buildings to non-residents during the past year.

"Industrial and recreational projects under way are estimated at $175,000,000.

"That is the story of Maine in a nutshell. It shows merely a start of what has been done to back industrial and agricultural development, for the best way to bring such opportunities before the people is to bring them to Maine to play and our slogan has been 'Bring them to play, persuade them to stay.'"

Putting His Party in Rather a Difficult Position

Harry Gale of Vancouver is putting the Liberal party in West Kootenay in rather a difficult position.

They had received, before the convention opened, assurance of his readiness to accept the nomination if it were offered him. He was then nominated after a vote in convention, in which he defeated a resident of West Kootenay.

This was on July 29, and now Mr. Gale comes along with a statement that on account of a sore throat, pressure of business, etc., he does not know whether he can accept or not. But he will advise them definitely "as soon as possible."

"As soon as possible" is rather good in a riding like this, where it takes some time to call a new convention, if one should be necessary, and where it takes weeks to cover the district properly.

Where the Shoe Would Pinch Kootenay

Iniquitous maladministration of customs affairs is sufficient reason for voting against the party headed by Mr. Mackenzie King.

But Kootenay will not forget that there are other reasons. It is on the Conservative party that the district must depend for the maintenance of protection of fruit and other produce, of lumber and of metals.

Always the Liberal party has been given to tinkering with the tariff. Just now it is making an especial effort to strengthen its association with the free traders of the prairies, the prairie politicians who demand free fruit and free lumber.

If left to itself, the Liberal party would long ago have wiped out the protection Kootenay industries enjoy. We all know what it would mean to this district if the next assault on the tariff happened to hit our own industries.

With Mr. Meighen, Kootenay is safe. Mr. Meighen and the Conservative party stand four-square for the protection of Canadian industries and Canadian products.

The increasing popularity of electrical appliances which enable the housekeeper to cook at the dining table, has brought about a demand for dainty, out-of-the-ordinary waist aprons. The "chafing dish apron" has been an institution for many years; but now we have the "waffle iron apron," the "electric grill apron" and the breakfast apron which the fastidious housekeeper dons when she makes toast on her electric toaster, in the morning, and coffee in her percolator. Here are some of the new models which I have lately seen for these uses:

Scrim Waffle Apron — This was made simply of a piece of scrim 16 inches square, smocked onto a scrim strip (which formed the ties in the back), the smocking done in red, yellow and blue mercerized cotton, with a foreign peasant effect. Mercerized cotton was used to buttonhole the scrim square at sides and bottom edge, and the same cotton (all three colors) were used in cross-stitch to embroider three small waffles across the lower part of the square! The effect was very pretty and dainty.

Wash-Silk Grill Apron—White wash-silk was used to form the square in this case. Lavender inch-wide old-fashioned "pinked" or picot-edged ribbon slightly gathered, had been cut in half lengthwise and used to decorate the edges at sides and bottom, and also run across the top of the pocket. The cut edge of the ribbon was covered, on the under side of the apron by silk binding tape, machine-stitched in place. This simple apron would be most effective if worn with a lavender dress. Or the maker could choose a "pinked" ribbon, for the decoration, which matched one of her dresses of some other color.

Breakfast Apron—Like the others above described, this was also a waist apron. It was made of yellow dimity, in a solid color, square-shape. A patch pocket in a yellow- and lavender-pattern (floral) was made in the shape of a tea cup, buttonholed in place. A strip of the same gay cretonne about two inches wide decorated bottom and sides of the dimity square, and the ties and waistband were also of this cretonne.

Tomorrow—Contributed Recipes.

EXHUME CHURCH UNDER RAILWAY IN OLD LAND

Merton Priory, Where Kings Crowned Before Reformation, Is Found

LONDON, Aug. 4.—Merton Priory, in Surrey, England, fell into ruin at the time of the Restoration and became so completely lost that for centuries men have speculated as to its exact whereabouts. At length, however, the famous old structure has been discovered—or rather the lines of its foundations have been unearthed; and another laurel goes to the somewhat heavily laden brow of archaeology.

Sic transit—for in its day Merton Priory church figured quite glitteringly in the worldly sphere of princes and sovereigns, of dynasties and statecraft; played, as a contemporary observer in England recently phrased it, "no inconsiderable part in the national life. Here archbishops were consecrated and a king was crowned." That same monarch, Henry III., in the thirteenth century, held in the church of Merton Priory his grand council of the realm, "close predecessor of parliament, that enacted the statutes of Merton with which our statute book opens." Thomas A. Becket—afterward archbishop of Canterbury and murdered—was educated at Merton, and there De Burgh took refuge when in difficulties with the throne.

Then the winds of fortune blew adversely. The Reformation brought about a whole new orientation and Merton Priory sank into the dust of the countryside. The last traces became obliterated. Time passed, many years. The little dreaming village grew larger. A modern metropolitan area spread itself out about London, and commerce set its mark. But in the minds of the curious a memory, handed down from father to son, was not effaced. And the last three years have witnessed the successful termination of a long quest. Merton Priory has been found.

Even the Site Obliterated

A bit of concrete foundation was exposed, quite by accident, and naturally this stimulated fresh archaeological activity.

It appears to have been a great church 300 feet long. The east end was square, a sturdy Norman face; and there was a thirteenth century extension with transpets and chapels. Small patches of stone paving have been laid bare, fragments of what was once a noble aisled nave. There used to be a cloister on the south side, and indications of convent buildings have yielded themselves to the shovels of research.

The diggers have by no means easy picking. Unfortunately this one-time haunt of kings and archbishops, of pageantry and politics, does not lie buried beneath a convenient daisy-strewn meadow. The Southern railway traverses part of the historic precinct. Indeed, we learn, in order to burrow down into the secrets of the past it was in one place necessary to excavate between the ties of the tracks — literally between trains, as well. The railway company—though not, conceivably, confessing any overpowering interest in antiquity or the genius of Norman builders—cooperated in this connection. Passengers looking out from the windows of a passing train no doubt mistook the learned delvers, lined up and resting on their spades, for repair men.

Vestiges of the southern half of the once majestic pile are, it seems, irrevocably entombed beneath roads, tracks and the modern station buildings. As regards the northern half, fate was more kindly disposed toward archaeologists, for this is privately owned land, purchased some years ago for a factory site. The projected factory scheme has not yet been fully worked out, and the structures thus far erected, designed as domicile for the machine, lie east of what now proves to have been the main body of Merton Priory church.

A movement has been started to buy up this land, snatching it in the nick of time from the industrial octopus. It is proposed to turn the area into a public park, with the ground plan of the northern half of the church marked out as an enduring monument to brave days that are no more.

Funds for the purpose are scarce. The neighborhood is a poor one, and those who would directly benefit by the creation there of a park cannot be called upon to donate very extensively. But archaeologists are by nature optimistic, despite that spirit of caution engendered by their science. Merton is almost a part of London, and students, it is argued, would find the spot delightfully accessible. Besides, in great London, almost anything may, with a will, be accomplished.

The railroad will go on about its destiny, but where the mechanics of a workaday world have not yet encroached a little plot may be set aside in the midst of all this murk and grime, where the learned (yes, and the romantics, too) may muse upon the past, and where toddlers of Merton may race about in their play — small sons and daughters of the empire.

That Body of Yours

By JAMES W. BARTON, M.D.

Preventing Seasickness

Perhaps you have thought of an ocean trip, have dreamed of other lands, and suddenly the picture has become dimmed because the thought of seasickness crossed your mind.

And anyone who has been seasick, and those of us who have only seen seasickness, know something of its terrible effects upon the sufferer.

However, the companies who handle ocean traffic are looking about them all the time to try and prevent, or at least allay, seasickness.

The medical officer of the United Fruit company has been giving some new thoughts on the matter, beside supporting the old ideas regarding the cause or causes of seasickness.

As you know, Nature has supplied that body of yours with a balancing apparatus which is located in the inner ear. There are nerves, arteries, and so forth, and also three semi-circular communicating canals so placed that the fluid in them enables your brain to receive the sense of balancing. It is thought that the motion of the boat overstimulates these balance organs in the ears, and there is an actual "overflow" of stimulation to the nerves of the organs that supply the digestive apparatus.

He tells us, however, that eye strain and constipation also frequently enter into the causation of seasickness.

He suggests a few points for passengers about to take a trip that are worth passing on to you. For a week before you sail you should get outdoors and take some real exercise, plenty of sleep, and the intestine should establish a regularity of habit.

The diet is important. You should cut down on meat, pastries and candies, and eat plenty of fruit and vegetables instead.

The wearing of wide abdominal belts to limit the movement of the abdominal organs has been of great help to some individuals.

Personally, I believe the hurry, worry and work of preparing for a sea trip is a frequent cause of the trouble.

There are indiscretions in diet, irregularity of meals, and lack of sleep.

The advertised remedies seem to be of help in some cases, but preparing for the trip as above, and resting quietly if you do get seasick should give results.

Off your feed and feeling blue? —Then Kruschen's just the thing for you!

How's *your* breakfast appetite?

Are you one of the bright and breezy folk that the joyous savour of the bacon brings hot-foot down to breakfast? Or is yours that melancholy eye which wanders from the morning paper no further than the toast-rack?

Is your breakfast a square meal? Or a mere nibble?

Not much doubt about which is the proper way of starting a proper day, is there? Not much doubt that you need the square meal. If you don't want it there's something wrong. It isn't anything subtle or secret or difficult to trace. It's merely that your system has lost tone in these tricky days between winter and spring. You need bucking up. You need the "little daily dimeful" of Kruschen Salts.

A "dimeful" every morning, tasteless in your first cup of tea, is nature's own prescription, for this little pinch is a scientific combination in nature's own proportions of the six mineral salts that your eliminating organs need to keep them in perfect trim.

When harmony and efficiency are restored to your inside with Kruschen's gentle aid, your present listlessness and sluggishness will very soon give way to "that Kruschen feeling." With refreshed virile blood pounding through you like a mill-race, you'll wake up every morning with such a zest for life — and such an appetite for breakfast — that you'll almost feel like standing up on your hind legs and letting out a joyous "Whoopee!" every morning when you get up.

Start the "little daily dimeful" to-morrow, and wire into the eggs and bacon every morning like a regular fellow. It's the little daily dimeful that does it! Prove it to your profit.

Tasteless in Coffee or Tea
Put as much in your breakfast cup as will lie on a 10 cent piece. It's the little daily dimeful that does it.

Kruschen Salts

Good Health for Half a Cent a Day

The dose of a dimeful taken every morning is found in practice just the right amount of a most invigorating daily tonic. The medicinal dose for persons suffering from pains of rheumatism, gout, lumbago or sciatica, or habitual constipation, with inactive liver, etc., is half to one teaspoonful in a tumbler of hot water before breakfast. Every druggist sells Kruschen. A 75c bottle lasts three months. This works out at half-a-cent a day for health and happiness. Get a bottle at your druggist's to-day and start to-morrow. It's the little daily dimeful that does it!

FIRE RAGING FIVE MILES FROM NAKUSP

Hundreds of Men Battle Flames; Valuable Timber Is Total Loss

NAKUSP, Aug.4.— The forest fires situation in the Arrow lakes district is still most serious notwithstanding the efforts of several hundred men for several weeks to combat them.

North of Nakusp in the Lardo and Trout Lake district, fully 14 separate fires are raging, with large gangs of men employed in an effort to save the timber. In the Kooskanux valley immediately east of Nakusp and within five miles of the town, seven fires are converged into one. All are entirely out of control, and about 40,000,000 feet of valuable timber will be destroyed.

On Monday morning over 200 men were engaged in the district. Men were conscripted from the local sawmills, and on Tuesday the men from the C.P.R. shipyard and Lindsley Brothers' pole yard were commandeered. The peak of the mountain to the left of the Kooskanux creek on Saturday and Sunday nights was a veritable Vesuvius and gave an impression of an active volcano.

There is no danger to the town or to the farms in the outlying districts but the loss in years to come from the destroyed timber will be very large.

NAKUSP COUPLE SILVER WEDDING

Mr. and Mrs. George Keys Honored by Townspeople on Saturday Last

NAKUSP, Aug. 4. — On Saturday afternoon the ladies of the Eastern Star lodge of Nakusp gave a lawn tea in the pretty grounds of Mrs. E. H. S McLean in aid of the province fresh air fund. A large number attended and produced a substantial sum toward this well deserved object.

During the tea advantage was taken also of the celebration of the silver anniversary of the wedding of Mr. and Mrs. George Keys. They were presented with a sterling silver marmalade spoon by the members.

Later in the evening the popular couple were surprised at their home when members of the United church, both Nakusp and Glenbank, invaded the home, about 30 people being present. Here a presentation of a sterling silver bread tray was made.

The couple were married on July 31, 1901, at Nelson by Rev. Dr. White, superintendent of the Methodist church missions, at the home of Mr. and Mrs. George Steele. Mrs. Keys was formerly Miss Jane McCoy, and, as did Mr. Keys, came from Owen Sound.

They have made their home here for the past 10 years. Mr. Keys is foreman of the C.P.R. shipyard. Mr. and Mrs. Keys have also been busy receiving the congratulations of a large number of their many friends on the important occasion.

SCOUTS PUT OVER CONCERT AT FALLS

Bonnington Hall Scene of Annual Concert by Boy Scout Body

BONNINGTON FALLS, Aug. 4. — The boy scouts' annual concert was held in the hall on Monday. The Rev. Roy Thompson of Regina was made an eloquent chairman. The local Jazzateer orchestra gave the opening selection followed by the investiture of Billy McIntyre and a scout drill.

Mr. and Mrs. D. Cretney of Nelson gave several musical numbers from "Iolanthe," and were enthusiastically received. The male quartet — Alex. Macdonald, Ivor Jones, J Hawkins and E. McDougall, rendered "There Was a Boy," which brought down the house.

A reading by Mrs. G. K. Ashby, "The Prince in Disguise," made a variation in the excellent program. Mrs. R. Greyson and Mrs F. H. Russel sang in their usual charming style. Alex. Macdonald was a vocalist who received hearty applause.

The women's institute provided the refreshment, Mrs. M. Downie, Mrs. E. Anderson and Mrs. J. Murray pouring coffee. The scouts assisting were Frank Martin, Henry Whieldon, Arthur Dedrick, Tom Anderson, Douglas Ridge, Sidney Harris, Harold Rhodes and Billy McIntyre, who also acted as ushers for the entertainment. Frank McDonald, scoutmaster, thanked the artists and all who had helped in the success of the concert.

Dr. Bernhard Friedlaender of Detroit successfully removed a bullet from the heart of a patient, Patrick Klein.

His Honor Mr. Bruce Passes Cranbrook

CRANBROOK, Aug. 4. — Hon. R. R. Bruce and niece, Miss Helen MacKenzie, passed through Cranbrook Friday night, traveling by car, accompanied by W. H. Cleland of Invermere, who has charge of Mr. Bruce's interests there. They were on their way to Invermere, where Mr. Bruce was a speaker at the big farmers' picnic which was held on the experimental farm grounds in Invermere. It was attended by a large number of farmers and others from all over the district. Several cars went up from Cranbrook.

Pile Sufferers

Can You Answer These Questions?

Do you know why ointments do not give you quick and lasting relief?

Why cutting and operations fail?

Do you know the cause of piles is internal?

That there is a stagnation of blood in the lower bowel?

Do you know that there is a harmless internal remedy discovered by Dr. Leonhardt and known as HEM-ROID, now sold by Canada Drug & Book Co., and druggists everywhere, that is guaranteed?

HEM-ROID banishes piles by removing the cause, by freeing blood circulation in the lower bowel. This simple home treatment has an almost unbelievable record for sure, safe and lasting relief to thousands of pile sick sufferers, and saves the needless pain and expense of an operation. Don't delay. Try HEM-ROID today. It will do the same for you.

Rheumatism

If So Crippled You Can't Use Arms or Legs Rheuma Will Bring Quick Relief or Nothing To Pay

If you suffer from torturing rheumatic pains, swollen, twisted joints, and suffer intensely because your system is full of dangerous poison that makes thousands helpless and kills hundreds years before their time, then you need Rheuma, and need it now.

Rheuma acts with speed; it often brings in just a few days the relief you have prayed for. It helps antagonize and drive from the system the deadly poisons that cause Rheumatic agony, twisted swollen, unsightly joints and sore muscles. Rheuma is harmless—quick acting and one discovery that has forced Rheumatism to yield and disappear.

Don't continue to suffer Rheumatic torture—get a bottle of Rheuma from Canada Drug & Book Co. or any druggist today. It must rid you of all Rheumatic pain or money back.

STOCK PRICES REACTIONARY

Heavy Volume of Selling Hits New York Market; Pool Operators Aided

NEW YORK, Aug. 4.—Stock prices turned reactionary just before the close of today's market under a heavy volume of selling for both accounts. Previously the market had fluctuated in an erratic manner with speculators making efforts to keep prices pointed upward.

From a stock market standpoint the most interesting incident was the publication of a statement of Thomas Cochrane denying that he predicted an advance of 100 per cent in that stock, but admitting that he gave an interview prior to his departure for Europe and that he had spoken with enthusiasm of the General Motor stock.

That stock closed around 214 points. Total sales of this stock ran close to 226,000 shares. Pool operations were aided by the lowering of the renewal rate on call money to 4½ per cent.

Rails were sluggish.

Total sales—2,515,100 shares.

Business Facts

Banking houses select their investments with great care.

* * *

The wisdom of buying your securities from an established banking or bond house is emphasized if you realize the care with which these establishments pick their investments. The reputation of a company selling securities depends upon the character of the securities it sells. Naturally, it guards this reputation with the utmost care.

The better banking houses turn down over 90 per cent of the stock and bond issues that they are requested to put out. Innumerable investigations and analyses are made before any issue is accepted. It stands to reason, therefore, that when one is accepted, it is as nearly perfect as the bank and the issuing company can make it.

There are so many securities offered to an investment house for sale that those it accepts are almost sure to be the best available. Therefore, the small investor will not go wrong in consulting such a house when he wishes to invest his money.

WESTON SOCCER TEAM WINNER CANADA TITLE

Lone Tally Beats Cumberland in Last Minute of Play at Winnipeg

THREE PREVIOUS GAMES WERE TIES

Johnny Lang Is Hero of Contest; Both Goalies Bear Charmed Lives

WINNIPEG, Aug. 4.—The Dominion football championship for 1926 and the new Football association trophy will remain in Winnipeg for the next 12 months at least. United Weston footballers made this possible by defeating Canadian Collieries of Cumberland 1 to 0 tonight in the fourth games of the playoff. The three other encounters were draws, one going 30 minutes' overtime.

Tonight's attraction witnessed by about 10,000 cheering humans, was undoubtedly the most thrilling soccer final that has ever been played before a Winnipeg crowd. The winning count was scored in the final minute of play, when Johnny Lang got himself untangled from a melee in front of the Cumberland net, connected with the ball and crashed it into the net past Tate for the lone tally.

Goalies Lucky

Both goalies seemed to have a charmed life. Eddie Derby, the Weston guardian, certainly has not had such a busy time of it for some time. Time and time again he was obliged to run his way clear to avoid disaster but the one time that he came close to losing was when Hitchens, outside left of the visitors, crashed in a hot one which Eddie did not even have a chance to see. It hit him square on the chest and rebounded into play, being eventually cleared. That was just one instance in Derby's career last night.

Tate, guardian for the visitors, was also blessed by the gods of fortune. In the dying moments, when Weston pressed, there were many thrills.

Dunc Watson headed in a beauty from Scotty Lang. The ball hit the cross-bar with Tate easily beaten. Then from a corner kick, McNeill secured and rammed in a fast shot which struck the upright and bounced back into play. These were only incidents that led up to the counter for in another scramble for points, Scotty Lang emerged from a scramble with the ball and there was no doubt about the counter.

Heaps in Good Form

Weston started off defending the south goal, leaving the sun in the Cumberland players' eyes. This did not bother the visitors much as they executed their kicks and passes with more confidence than the locals. Heaps, the dashing center forward of the visitors, uncovered his usual dash and was a regular thorn in the side of the Weston defence.

Weston forced the early play, but the Cumberland defence proved sound. Slidders took a foul kick just outside the penalty area, but Tate grabbed it off. At the other end Derby had to fist out shots. The first half ended with no serious damage, but with a pleased crowd.

The second half had another tale. Hutchinson gave the folks a scare early, his shot missing by inches. Then Derby started bouncing them off his chest. F. Strang was injured and had to take a rest. Cumberland again outplayed their opponents badly for a while, but disaster was averted by Derby. It was Weston's turn in the last five minutes, a regular barrage being peppered on the Cumberland net with the desired result coming just at the finish. It was cup-tie football all the way, Weston winning with their dogged attack which bewildered the visitors long enough for the title to be decided.

Before a crowd that numbered in the neighborhood of 10,000 people, Cumberland and United Weston started their fourth game to try and settle the argument as to which team will hold the football trophy emblematic of the championship for 1926.

The sun was in Cumberland player's eyes and there was no wind to speak of. Weston carried play to the other end and forced a corner. Weston continued to force the play, but found it difficult to get through. Slidders took a shot from a foul close in, but Tate saved. Cumberland kept up the attack for five minutes, but were unable to score.

Cumberland got in some nice shots, but Derby was safe and half time arrived without score.

Cumberland, 0; United Weston, 0.

Second Half

Cumberland, playing well, Watson badly, but Derby seems to have a charmed goal. Only occasional breakaways got as far as the Cumberland goal. Scotty Lang missed a close one and Weston headed a pass which just missed the post. Cumberland went down again and Jack MacNeill cleared a dangerous situation. Miller had a shot from the corner, but missed. Weston continued hard pressing and just missed another. From a corner Weston hit an upright and with a minute to go Lang got in with the winning goal.

Final—United Weston, 1; Cumberland, 0.

Lineups

Cumberland—Tate, Strang, Anderson, Monoghan, Mortimer, Brake, F. Strang, Heaps, Davis, Fowler, Hitchens.

United Weston—Derby, D. King, A. King, Slidders, McIntyre, MacNeill, W. Lang, Hutchinson, Watson, J. Lang, Miller.

Referee—Hetherington, Regina.

B. C. CRICKETERS WIN AGAIN IN EDMONTON PLAY

Mark Up Third Straight Victory in Three Starts; Alberta the Victim

EDMONTON, Aug. 4.—British Columbia's representatives shot to the front in the race for the western Canada cricket championship here today by marking up their third straight victory in as many starts, defeating Alberta by the narrow margin on four runs by a score of 141 to 137. At the same time, Manitoba was taking second place by winning from Saskatchewan 161 for 8 to 101.

The Alberta-B.C. game was the most exciting to date and the issue was in doubt until the last wicket fell. After compiling 103 in the forenoon up to lunch time, British Columbia made a fine last wicket stand in the afternoon, Dawson and Ivamy compiling around 40 between them before being dismissed.

Alberta Starts Well

Alberta opened well and the first fell at 14. Thompson batted forcefully. Parker contributed five before succumbing and with the score at 104 for 4, prospects were bright for an Alberta win. Things went badly shortly after and Thompson was out to a great catch by Wenman after contributing 53. The rest of the batsmen brought the score up, but could not get enough and were out at 137.

Saskatchewan scored 101 against Manitoba in the forenoon. Manitoba went to bat in the afternoon and it looked as if Saskatchewan's total would be enough. Runs came very slowly. After three were down for 14, Bligh and Davis made a fine stand and carried the total to 72 and later on a partnership between Bingham and Gillespie raised it from 95 to 161.

Scoring:

Saskatchewan—Smith, b Schaumloffel, 2; Wade, st Davis b Bingham, 16; Strutton, b Bligh, 38; Page, b Bligh, 0; Foster, b Gillespie, 22; O'Hara, c Schaumloffel b Bingham, 2; Rowley, c Gillespie b Bligh, 2; Ball, run out, 8; Keymer, b Gillespie, 2; Woodham, not out, 2; Orchard, lbw b Gillespie, 4; extras, 3. Edmonton Boys Make Cycle Record From Calgary to Edmonton

EDMONTON, Aug. 4.—Shattering all previous records by four full days, two Edmonton lads have just completed a cycling trip from Calgary in the marvelous time of 21 hours and 45 minutes.

Speeding into Edmonton at 12:45 this afternoon, Marion McCarthy and Eugene Ewing entered the cyclist's hall of fame by a feat not likely to be duplicated for some time.

PIRATES AND BRAVES SPLIT DOUBLE BILL

Boston Runs Wild in First to Gather in 14 to 0 Victory; Cards Win

NEW YORK, Aug. 4.—The Pirates, National league leaders, split a double bill with the Braves at Boston today, the home team taking the first, 14 to 0, and the world's champions the second 5 to 2. Boston sluggers ran wild in the first game and connected for 19 hits off the offerings of four opposing pitchers. The Braves continued their heavy hitting in the second game and outhit the Pirates 12 to 9, but three errors paved the way for the 5 to 2 Pittsburgh win.

The Cardinals were at Brooklyn and defeated the Robins 8 to 4, Bill Sherdel chalking up his fourth straight victory besides hitting a homer, a triple and a double.

The Phillies were at home to the Chicago Cubs and went 12 innings before bowing to a 7 to 5 defeat. Three runs in the 12th settled the issue.

The Giants and Reds were idle.

Rogers Hornsby Says Hitting Is Ninety Per Cent Confidence

By AL DEMAREE
(Former Pitcher New York Giants)

Rogers Hornsby, the great slugger of the St. Louis Cardinals, tells me it makes him a better hitter when the opposing pitcher tries to intimidate him by dusting him off with a "bean ball" to drive him away from the plate.

"First of all," says Rogers, "everytime the pitcher shoots a ball at your head he puts himself that much in the hole. If he lets go two balls at your head he has to groove the next one and you are always sure of getting a good ball to hit. Hitting is nine-tenths confidence, anyway, and when the batter knows the pitcher must come through with a ball it adds to his confidence.

"There is also the extra determination of the batter to consider. He knows the pitcher's idea of throwing at his head is to intimidate him and if he is the right sort he is doubly determined to get even with the opposing hurler by low bridging him with a base hit."

INDIANS CUT DOWN LEAD OF YANKEE TEAM

New Yorkers' Lead Now Only Nine Games; Ruth Singles Twice

NEW YORK, Aug. 4.—Cleveland opened its home series with the Yankees today by winning 4 to 2. Twenty thousand fans saw the Indians cut the New Yorker's lead to nine games. The visitors played loose ball, committing four errors behind Hoyt. Uhle twirled good ball for the Indians. Ruth made two singles in four times at bat, fanning on the other trips.

Barrett's homer with the bases occupied gave the White Sox a victory over Boston at Chicago today. Barrett's drive came in the eighth with the score standing three-all. The final score was 7 to 3.

The Athletics continued to become less of a factor in the American pennant race when they lost to the Browns at St. Louis today 3 to 1. Detroit and Washington divided a double-header today, both games going into extra innings.

FAVORITES WIN ALBERTA TENNIS

EDMONTON, Aug. 4.—Good progress was made in the tennis tournament today and as a result the main events have narrowed down to the stage where practically all the survivors are players of note. Wednesday failed to produce any outstanding surprise, the favorites all showing good form and won their matches.

The victories of Ernie Anderson and Jack McNaughton of Calgary and Winnipeg, respectively, were probably the outstanding events of Wednesday's program. Anderson sent Roy Halliburton skidding from the singles by 6-3, 6-2.

SEATTLE CYCLIST WINS PACIFIC RACE

VANCOUVER, Aug. 4.—Chester Mills of Seattle today won the 25-mile road bicycle race for the Pacific coast championship from a field of 20 starters. His time was one hour 13 minutes and eight seconds.

Australians Roll Up Great Total in Birmingham

BIRMINGHAM, Aug. 4.—With a score of 417 for eight wickets down, the touring Australians today hoisted a larger figure for Warwickshire to shoot at. The chief feature of the game was the appearance of H. L. Henry, who was ill with scarlet fever late in May, and who had since been an absentee from the Australian lineup.

The Warwick attack was, for the most part, in the hands of Quaife, Santall, Partridge and E. Hewitson, but the visitors' defence was too good and their supremacy over the bowling too well marked.

W. H. Ponsford was the most prolific among the Australians, accumulating 144 runs before he was finally dismissed by Hewitson. Ponsford batted three hours and three-quarters.

Woodfull was again a strong factor in the Australian lineup and reached over 50 runs.

Australians, first innings—Woodfull, b Partridge, 51; Macartney, c and b Quaife, 35; Bardsley, c Fiddian-Green b Hewitson, 17; Ponsford, b Hewitson, 144; Collins, lbw b Hewitson, 44; Taylor, c Partridge b Quaife, 18; Gregory, b Wyatt, 22; Hendry, not out 31; Ellis not out, 17. Extras, 25.

Total for eight wickets, 417.

EDMONTON WINS

EDMONTON, Aug. 4.—In the first of the home and home games for the provincial lacrosse championship, the Edmonton Native Sons defeated the Calgary Canucks by 9 to 1.

HUGE CROWD AT SUNDAY SCHOOL PICNIC, PROCTER

Over 500 Take in Outing of St. Saviour's and Church of Redeemer Schools

WEATHER MAN IS GOOD, ALTHOUGH THREATENING

Scrambles, Races and the Feeds Keep the Young Folk Busiest of All

One of the largest and most successful excursion picnics held in the Kootenay for some years was the joint picnic of St. Saviour's and the Church of the Redeemer at Procter yesterday. It was estimated there were at least 500 persons.

Two boats were run from Nelson, one leaving at 9 a.m. and the other at 2 p.m. The greater crowd went up on the morning boat, but their numbers were considerably swelled by those who came in the afternoon. And there were several carloads of persons who arrived in the afternoon. These had been delayed at the Nelson ferry which was not run from 11 a.m. to 3 p.m., and so did not get to Procter until most of the sports were finished.

Over 180 Fed

Over 180 children of all ages sat down to lunch and supper at two long tables set in a grove, west of the wharf. There were two sittings at each meal, 90 being served each time. An army of ladies and young women worked like Trojans to feed the hungry horde. A staff of men were kept busy boiling water for the adult picnickers, who spread cloths on the grass beneath overhanging willows, and feasted on such luscious things as pie, cake and sandwiches with every conceivable kind of filling.

Running off the sports took up all the afternoon. Tiny tots who could hardly think for themselves and boys and girls in the late 'teen ages competed with equal interest for the prizes offered.

Several hard-working staffs were worked to the point of exhaustion at the refreshment booth and there was not a minute of the day that some kiddie had not an ice-cream cone or a bottle of some soft drink in his or her chubby fists.

Scrambles Make Fun

Then there were the scrambles. Several pails of candy and a huge sack of peanuts were thrown to the wind and ardent seekers for sweet stuffs crawled and fell and ran about the grass, picking them up as fast as they fell.

At the close of the day Rev. N. D. B. Larmonth mounted a soap box and harangued his audience of children, beseeching them to clean up the waste paper lying about, and promising as a reward more candies and peanuts. The ground immediately assumed the appearance of a bee-hive and within a few moments not a scrap of rubbish was to be seen. But one mishap occurred during the scrambles.

Only One Injury

A small boy was hit under the chin by a wooden bucket when one of the candy distributors swung it about to empty out the few remaining candies. The boy experienced some difficulty in talking but rough and ready first aid soon fixed him and in a short time he was as active as his fellows.

In the course of the afternoon a few drops of rain fell but they soon ceased and the small panic quieted immediately. A high wind came up late in the afternoon and for a short time clouds of dust blew over the grounds. But even this threat of bad weather vanished and for a few minutes the sun lent its radiance to an already perfect day.

Scouts Attend

On the morning trip the boat stopped at nearly all the lake points between Nelson and Procter. At Kokanee a large contingent of boy scouts went on board and later they helped materially with the transportation of the foodstuffs and sweet-stuffs from the boat to the stalls at Procter. They did not have to work as hard taking the sweet stuff back to the boat.

At 7 o'clock the boat left Procter and shortly after 9 a tired, but extremely happy human cargo disembarked at Nelson.

Results of the races were as follows:

SMITHERS MINE HAS GOLD STRIKE

Shoot Entered 30 Feet; Topley Mine Reports Huge Values

The big topic of conversation in interior British Columbia is the strike in the Topley mine, in the Smithers region, according to Edward Pohlman, who, with F. Cushing Moore, mining engineer, passed a month on the Cassiar Crown.

"Ore, containing gold and silver, struck in June, had been penetrated for 30 feet by crosscut on July 21, according to the reports," said Mr. Pohlman yesterday. "Every inch is in good ore, it is declared. We did not see the property although it is but 18 miles east of the Cassiar Crown."

The Interior News, published at Smithers, says "the values are improving with every foot. It has come to be looked on as the wonder gold and silver strike. Residents of Smithers who inspected the property recently, found the tunnel in 30 feet in good ore. The conditions suggest the Topley will be the mining sensation of the year.

"The tunnel is getting into a solid formation, although, at 30 feet, it is still in stratas of decomposed quartz. In this, boulders of ore assay as high as $300 to the ton. When the tunnel was started the ore was flat, but it now has a dip of 80 degrees.

"At no point in the 30 feet has there been the slightest weakening of body or values, and F. H. Taylor, the locater, is confident that ore will be found across the 300-foot dyke. At any rate, he is playing for the big thing.

"The ore is exceptionally free. A greater part of it can be removed with pick and shovel."

Brother Looks for Victor Barrett to Clear Up an Estate

James Barrett of East Templeton, Que., has written to Mayor J. A. McDonald asking information of his brother, Victor Barrett, who he thinks is in this district. When last heard of Victor Barrett was working on a ranch in the Kootenay district. There is money due to him and minor rights of an estate to be settled. Anyone knowing the whereabouts of Victor Barrett is asked to inform Mayor McDonald.

MEIGHEN WOULD DEVELOP MORE ONTARIO POWER

Policy to Meet Ontario Government to Get Something Done on Matter

MEIGHEN CLAIMS TWO REASONS, DISSOLUTION

No Vote of Censure and British Precedent on Side of Premier, He Says

NORTH BAY, Ont., Aug. 4.—Standing at the "portal of the great north"—as he himself put it—Premier Meighen tonight declared his readiness to cooperate with the Ontario government in a practical plan to "get something done" in the development of northern Ontario water power. "You want your water powers developed," he said, and referring to legislation adopted by the King government, he added, "I want to give assurance here that upon the expiry of any grants or rights made by statute—when those do expire—it will be the policy of any government of which I am the head to meet at once the government of this province and cooperate with them in a practical plan to get something done to meet the aspirations of the people of this district and to bring results, not only to northern Ontario, but to the wide community of which you are the center."

Sales Tax Higher

Mr. Meighen had trenchant phrases for accomplishments of the King administration. Liberals were waving flags and shouting hallelujahs "over reducing taxes, while the sales tax was two-thirds higher than when they took office. They want to get your blessing," he said, "for raising taxes on the masses of the people and reducing them on the rich'.'

He described Mr. King as struggling desperately for some issue other than the customs report. "There's no effort he won't make," Mr. Meighen exclaimed, "to hide the welter of wickedness."

"Did my grandfather fight for responsible government," Mr. Meighen went on in satirical reference to Mr. King. "Then I am going to fight for responsible government, even if I have to burst through an open door—put him out of office, and he says: 'The constitution is going to wreck.'

"And he says the governor-general had to do whatever his prime minister advises, all the time, even to the extent of enabling him to be supreme over the commons, and refusing the house of commons the right to censure. No prime minister in the history of parliamentary government in any country has ever asked for a dissolution when there was a motion of censure pending against him."

Two Reasons for Dissolution

Mr. Meighen held that he, himself, was entitled to dissolution on two grounds:

1. No motion of censure was pending against him.

2. A government which came into power between one election and the next was entitled to dissolution by every British precedent.

"There is no more constitutional uqestion in this fight than there is in the anatomy of the sun," Mr. Meighen declared.

Mr. Meighen referred to his proposal to raise the agricultural schedule of the Canadian tariff as high as that of the United States. He declared that whose who bought things out of season could afford to pay a duty.

"But don't be frightened by the bogies of Liberal leaders," Mr. King says that we are proposing a higher and higher and higher tariff. That is the language they use. We don't use it, and we don't intend to use it. We believe in a reasonable tariff.

Revise Tariff

His government, Mr. Meighen added, would revise the tariff on the protective principle at once, making it applicable to every activity of the Canadian people on a policy of Canada first. "Then," said Mr. Meighen, "we will leave it alone and give enterprise and industry a chance."

"Shame is written on every article or policy they ever adopted," said Mr. Meighen, in reference to the King government.

GERALD M'LEARY GIVEN CLUB BAG

Presented at Kootenay Kilties Band Supper; McLean Tells of Starting Band

Gerald McLeary, piper in the Kilties' band, was the recipient of a club bag at a presentation and farewell supper given by the executive of the Kootenay Kilties' band to him last night.

Mr. McLeary is leaving shortly for Trail. W. R. McLean, one of the originators of the band here, made the presentation. He spoke for a short time on the early history of the band in Nelson, and dealt with the faithful service to band interests offered by Mr. McLeary.

DISMISS THEFT CHARGE AGAINST TWO DOUKHOBORS

Forest Fire Cook Corroborates Story as Claimed by the Accused Men

A charge of theft against Mike Gretchen and John Mokennen, Castlegar Doukhobors, was dismissed by Stipendiary Magistrate John Cartmel in district police court yesterday afternoon, after the camp cook corroborated the story of the accused. The Doukhobors were charged with the theft of a can of tomatoes and a can of corn from the camp of a forest fire gang in the vicinity of Castlegar. E. G. Matthew was retained as their counsel, while Constable C. F. Oland of the provincial police prosecuted.

Gretchen and Mokennen claimed the food was given them by the cook when they were sent up to the fire, and that they did not get a chance to eat it. They were returning to camp when arrested.

The statement was corroborated by the cook, stating that he gave the corn and tomatoes to the accused men. The case was adjourned twice owing to the cook not being available.

Gretchen is the son of a Daukhobor who was killed while fighting fire at Porto Rico two years ago. His brother-in-law was recently seriously hurt and is in the hospital.

NEW POTATOES FROM OKANAGAN

Local Growers Not Offering Enough Spuds for Demand; Oliver Cantaloupes In

Nelson wholesalers are not being offered by growers in this immediate district enough new potatoes to meet the demand, and have found it necessary to bring in some shipments from Grand Forks.

The first cantaloupes from Oliver, B.C., have arrived by express. They are of medium size and of splendid quality.

This week the first mixed car of small fruits from Yakima has been unloaded. It contains peaches, Bartlett pears, Tragedy plums, cantaloupes and apricots, with some onions.

CITY BAND AT PARK CONCERT

Fair Crowd Attends; Picnic and Weather Keeps People Away

Because of the Anglican churches' excursion picnic to Procter yesterday, and probably also because of the weather, Nelson City band had only a fair crowd at its concert at Lakeside park last night. There was a good tournout of bandsmen and their music was up to their usual style.

The program was as follows: March, "Old Home Guard," by Fred Jewett; selection, "The Fortune Teller," by Victor Herbert; baritone solo waltz, "Thelma," by Ralph C. Jarrett, played by Bandsman Ross Fleming; overture, "Alda," by W. Dwight McGauley; overture, "Sunshine," Fred Jewett; characteristic slide solo, "Trombone Smiles," by A. A. Nelles, played by Bansdmen W. Brown, F. Simonds and C. Catalano; overture, "Western World," by Ed. Chenette; waltz, "Always," by Irving Berlin.
