ITZSIMMONS HAS A MAJORITY OF 56

District Gyros Welcomed to Nelson

NISTER TELLS ROS OF GREAT ABILITY SERVE

Develop International rtesy Says Archdeacon Graham

ERNOR ARNOTT IS RECIPIENT OF PHOTO

ntion Banquet Winds Up Song; Dance Honor of Visitors Follows

of district number eight in convention concluded the first their meeting here with a ban- nd dance in Eagle hall last at which Dr. W. B. Steed, pres- f the Nelson club, presided.

Archdeacon F. H. Graham, stat- at the convention brought him es of his own youth, said that given him in his youth—a gyro- it was noiseless when whirling, hen ceasing to function it made . Drawing an allegory, he as- that as long as it was function- perly Gyro would be busy, and as it was busy it would be

nthusiastic Gyro, the archdeacon ied, wished to take a picture oung lady closely related to the acon by birth. The light was Another enthusiastic Gyro said, minute." This Gyro drew out arette lighter. The really wond- thing about it was that the lit while the picture was taken.

IDEA

istrict includes territory on both of the international boundary said Archdeacon Graham. He the word "service." It was a icient ideal with magnificient . It had caught the fever of nd propogation since the war, largely through the associ- of men in the Great war.

ough Gyro meant brotherhood in rvice of others, he feared mem- ight become "smug." This he a great danger.

nization counted more than the that one might render. An or- tion should never be bigger than . Service meant forgetting one's As long as the gyroscope kept g it would keep in its place. was not right to choose that which would bring the greatest True service was often unsung.

GER GENERATION

deacon Graham said the spirit therhood was needed more than ther thing in the world. "The r generation is jolly well able e care of its self. This is as uld be." Though many were try- arrange the lives of other people rinciple was wrong. One should help and guide other people.

country was more loyal to the Empire than Canada, and no y had more friendly feelings the United States, said the acon. Men and women in Can- nd the States were brothers and They would remain that way.

DA'S PLACE

one smiles at Canada now. what it did at the Olympics—four two boys and two girls."

s had a great opportunity to p international brotherhood and ational courtesy. The latter was more than anything else. Gyros faced with a great mission of up the North American conti- n Anglo-Saxon unity of purpose, acon Graham concluded.

iding officer Dr. Steed, read a m from C. Lougheed of Calgary his car had broken down at n and he was unable to catch row boat.

econd telegram from the Calgary wished the convention every suc- s its deliberations.

TEER HELP

R. Gibbons, representing the ted Canadian Travellers, ex- the good wishes of the Travel- d stated that if ever the Gyros help they had only to call on C. T. The club's motto was

Steed reciprocated this expres-

Leith, president of the Nelson of trade, stated that the board e might not be classed with a club, but it was really an or- ion for service. In years to he Gyro park would be recog- as one of Nelson's greatest he said.

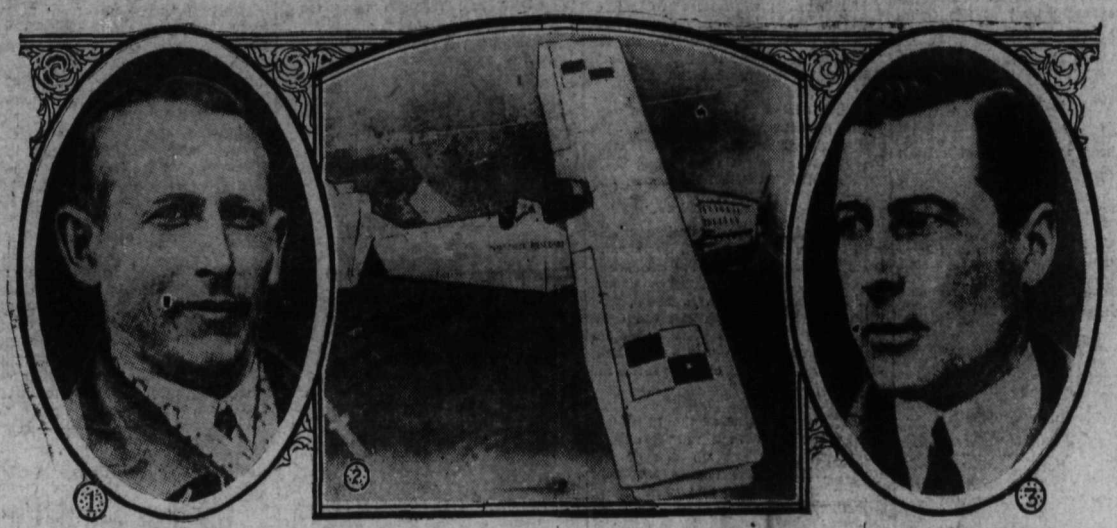
ict Governor Clair Arnott of declared that it gave him a deal of pleasure to attend the convention. Nelson hospitality atly appreciated by the visitors.

NT GOVERNOR

Nellie) Nelson of Calgary, dis- ecretary-treasurer, declared, when upon to speak, that he was in ition of Daniel in the Lion's

(Continued on Page 3)

DARING AVIATORS ESCAPE DEATH



The two Polish flyers, Majors Idzikowski (1) and Kubala (3) hopped off from Le Bourget Field, Paris, on their attempt to cross the Atlantic in the plane "Marshal Pilsudski" (2). The flyers planned to land in Mitchell Field, New York, by way of the Azores. A broken feed pipe forced them to fly for France after almost reaching the Azores. They were forced down 60 miles from the French coast.

Wright and Guest Lose to U. S. Rowers in Finals; U. S. Lead Never Overtaken

States Pair Sprint Near End to Beat Canadians by Three Lengths; Britain Breaks Even With U. S. A. in Three Events

AMSTERDAM, Aug. 10.—The story of the defeat of Joe Wright, Jr., and Jack Guest of Toronto by the United States pair in the final for the Olympic double sculls championship today is very similar to the story of the United States triumph over Toronto Argonauts in the eights semi-final yesterday.

Paul Costello and Charles McIlvaine of Philadelphia like their eight-oar compatriots, broke fast and went into a lead which they held practically for the rest of the race. They won by three lengths in six minutes and 41 seconds, fast time.

Wright and Guest today, as in all their races, gave everything that was in them. They started at 38 strokes to the minute, a fast clip, but the United States pair broke away at 42 strokes to the minute. As a result the Americans had a slight lead at the 250 meter mark, one-eighth of the distance.

The Canadians came even a quarter of the distance but could not hold the United States pair, who sprinted and obtained a lead of a length and a quarter at the half-way mark. They continued to draw away from the Canadians and finished three lengths ahead.

The close of the regatta saw the British Empire break even with the United States in four events. On the basis of scoring 5-3-1 for first, second and third, the United States with 17 points leads the field. Britain is second with 12, the points scored by the British Empire being 21, as Canada scored four and Australia 5. Other scorers:

Switzerland 8, Italy 6, Germany 5, France 3, Austria, Belgium and Poland one each.

Six Thousand Britishers Are Picked

LONDON, Aug. 10.—More than 23,000 unemployed have so far applied for harvest work in Canada, the minister of labor announced this evening. A large proportion of the applicants have not yet been given medical examination, but the authorities have accepted 6212. The remainder of the 10,000 men wanted should be obtained without any difficulty, it ws stated.

A contingent of 800 miners, each carrying their belongings, in a suitcase or parcel, sailed from Liverpool for Canada today, being bound for Winnipeg from where they will probably be distributed on the western prairies. The men starting today were chiefly from the north of England and South Wales.

COOLIDGE WISHES TO PROTECT U. S. DEFENCE

SUPERIOR, Wis., Aug. 10.—President Coolidge does not intend to allow the strength and efficiency of the United States army and navy to be tampered with or weakened on account of the anti-war treaty now under negotiation with 14 other nations. He looked upon the United States military establishment as moderate and as designed exclusively for defense. The anti-war covenant binds the signatory powers to refrain specifically from attack upon each other and therefore in the opinion of the chief executive has little connection with matters pertaining purely to national defense.

After the treaty will have been signed and ratified by the senate, will be time enough, he thinks, to consider whether any given legislative steps should be modified.

FRUIT SHIPPED AWAY AHEAD OF LAST SEASON

Associated Has Shipped 250 Cars to Date; 160 Year Ago

VERNON, B.C., Aug. 10.—The Associated Growers announce that to August 8 they had shipped 250 cars of fruits and vegetables while to a similar date in 1927 they had shipped 160.

Orchardists are complaining of the low prices set by the committee of direction. The committee claims the low prices are necessary to move the crop but some shipping agencies point out that many mixed cars are sold to country points and the small difference in price which means a profit for the growers is not a factor when the quantities to be ordered in the cars are being determined.

Though no release date has been set by the committee of direction it is stated that some of the Wealthies will be ready in 10 days time.

Sun scald is showing up on the apples with great differences of opinion as to the amount of damage it will cause.

No More British Miner-Harvesters Needed For Quota

LONDON, Aug. 10.—After a total of more than 23,000 unemployed had applied for harvest work in Canada under the joint scheme sponsored by the British and Canadian governments, officials of the ministry of labor announced here tonight that no more applications can be accepted by the various agencies set up for the purpose.

A thousand miner-harvesters sailed today and three thousand more will embark over the week-end. The last sailing is set for August 18. The number of men asked for was 10,000.

Socialist Laborites Demand Evacuation of the Rhineland

BRUSSELS, Aug. 10.—Immediate evacuation of the Rhineland by France, Belgium and England was demanded in a declaration of world policy adopted by the socialist labor international congress meeting here. Reestablishment of German sovereignty in the Saare region was also demanded.

The clause covering the demands was applauded by the French delegation which joined the Germans in a demonstration for its adoption.

Laborites Have Been Shown On Immigration; Libs Anti-Migration

MANCHESTER, England, Aug. 10.—In an address on immigration, Commissioner David Lamb of the Salvation Army, said that four years ago the British Labor party was opposed to migration; three years ago it was less opposed to it; two years ago it was silent on the matter and now it was asking questions about it.

"We might have to look to Labor for a solution but the traditional Liberal policy is antimigration," he said.

Movie Fan Plants Kiss on Lady; She Plants Blow on Jaw

NEW YORK, Aug. 10.—After fidgetting through an amorous scene depicted on the silver screen, William Schnelli turned around in his seat and clasping the nearest lady implanted a burning kiss upon her brow. Mrs. Sophie Sekukisky then cracked her unknown embracer upon the jaw.

It was all right with her, she said in court "let the man go." The magistrate agreed.

GRAIN SHIPS GO AGROUND TO TIE UP THE RIVER

Passenger Vessels Delayed by 12 Hours in St. Lawrence Channel

MONTREAL, Aug. 10.—Shipping in the St. Lawrence river was temporarily held up for several hours today when three down-bound grain laden freighters met with accidents near Varenes. Tonight two of the steamers had been released but the third was still hard aground on soft bottom.

Passenger liner sailings from Montreal were delayed for 12 hours. The three freighters concerned in the accident were the Illingworth, Innerton and Alderbaron.

The first two named went aground and the cable of the third was fouled in such a manner that the ship could not get away. Tugs released two of the boats but the Innerton remains aground on Isle Ste. Therese. It was reported in no danger.

Fog was given as the primary cause of the accidents.

CANOEISTS FROM EDMONTON LAND IN CITY, WINNIPEG

Complete 1500-Mile Journey From the Alberta Capital

WINNIPEG, Aug. 10.— The canoe "Canadian Friendship" paddled by John Nolan and Robert Copeman, two Edmonton youths, is here tonight having completed a 1500-mile journey from the Alberta city. They came up the Red river tonight and docked at the Winnipeg Canoe club.

Nolan and Copeman are seeking to establish the world's long distance travel record for canoeists, their ultimate destination being Mexico City, Mexico.

They left Edmonton on July 1 and after resting a week here, they will continue southward via the Red river Traverse and Big Stone Lakes in Minnesota, thence down the Minnesota river into Mississippi, to St. Paul where they will stop for a few days.

The trip from Edmonton over the western water courses in the 16-foot canoe was an eventful one. They had a mishap once and their canoe was swamped. Another time they had to argue with a bull moose and had a close escape from his sharp horns.

LORD LOVATT IS DELAYED BY FOG

OTTAWA, Aug. 10.—Lord Lovatt, chairman of the Empire settlement board, who was expected to be in Ottawa tomorrow for a conference with Hon. Robert Forke, minister of immigration, will not arrive here before Monday owing to the Empress of Scotland being delayed in the Atlantic by fog. The conference has been postponed until August 16.

Lord Lovatt will make a tour of Canada in the interests of British emigration and will be accompanied by G. F. Pland and Mr. Slevington, secretary and treasurer respectively, of the Overseas Settlement committee, who have been in Canada for some time.

The minister of immigration is on his way from the west for the conference.

MINERS REJECT THE OPERATORS' PACT, ALBERTA

Plan to Suspend Work Indefinitely Until Agreement Is Reached

DRUMHELLER, Alta., Aug. 10.—By an overwhelming vote tonight, the miners of the Wayne district voted to reject the proposed agreement with the operators. After the result of the vote was announced, the miners met and decided on a "suspension of work" from Saturday night. This suspension will continue indefinitely or until an agreement is reached between a committee appointed by the men and the operators.

Six mnes are concerned and at full running capacity, they employ 1000 men This, however, being the slack time of the year, the vote showed that 307 were involved. and these represent the miners of the district almost 100 per cent. Of these 307 who voted, 298 voted against the proposed agreement with the operators, eight voted for and there was one spoiled ballot.

Meetings after the vote had been counted in the theater, under the presidency of Frank Wheatley, president of the miner's union of Canada, the miners appointed a committee to meet the operators to discuss amendment of the proposed agreement. Peending favorable negotiations in this respect, they decided to work till Saturday and then quit until the committee was able to report.

The crux of the question at issue is the proposed introduction of screens in the mines and the recognition of the Canadian Miners' Union of Canada. If the question of the screen could be settled the other question, it was felt, could soon be overcome. By the introduction of screens through which coal mined would have to pass, it is claimed by the workers who have been used to putting up run of the mine, wages would be materially reduced, since there would be so much of their coal rejected.

TOOK MONEY TO SHIELD BANKERS

Such Is Story of Bank Employee Charged With Theft of $500,000

NEW YORK, Aug. 10.—After telling the district attorney that he took money belonging to his employers with the intention of helping them rather than benefitting himself, Cornelius Callahan pleaded not guilty today to indictment charging him with grand larceny. He is charged with stealing almost $500,000 from the Bancitaly corporation by which he was employed as assistant secretary.

Callahan told the district attorney that in more than two years, $300,000 in cash and 300 shares of the company's stock had been stolen from his office. He was afraid, he said, that if he reported the theft, he would be suspected even though he knew nothing of how the money had been stolen and so he concealed the loss deciding to make it good himself.

With a companion, he said, he opened a bank account for speculating. When they had profits of $200,000, the companion disappeared with the money. Desperate them, Callahan said he took checks pad for Bank of Italy stock and cashed them in an effort to make enough in the market to restore the stolen stock and cash.

When the stock subscribers insisted on delivery of their stock he went into the open market and bought it for them, using the bank's funds.

Gale Changes Its Course and Blows to South Georgia

ATLANTA, Ga., Aug. 10.—Changing it course after entering the Gulf of Mexico of the tropical storm which struck south central Florida mainland three days ago, was in southern Georgia tonight blowing back toward the Atlantic ocean. Gales and drenching rains caused minor damage. In Florida varied estimates were given, but the citrus industry was known to have suffered heavily in sections.

An extensive territory surrounding the Lake Okeechobee district, was inundated with families marooned.

Returning Officer Refuses Declare Him Elected, Kaslo-Slocan

Two Small Polls Yet to Be Heard From; Vote Stands: Fitzsimmons 1167, Leary 1111; Fernie and Rossland Absentee Ballots Not Accounted For

DR. BORDEN'S MAJORITY IN NELSON IS REDUCED TO 155 VOTES IN THE COUNT

In Nelson 2521 Votes Are Cast Out of List of 2964 on the List; Total of 48 Votes Rejected and Nine Are Spoiled the Count Shows

Dr. L. E. Borden's majority over Dan D. McLean Liberal candidate in the recent provincial election, was cut down to 155 when the recount conducted under Samuel Fawcett, returning officer, was concluded yesterday. The reduction was due mainly to 25 rejected absentee votes. William Douche represented Dr. Borden, Conservative, in the recount, and E. P. Wawson acted for Mr. McLean. George P. McLaren, election clerk, assisted.

The final check showed the ballots were cast as follows:

	For Borden	For McLean	Rejected	Spoiled
Nelson poll	974	881	21	7
Fairview poll	206	196	2	0
Absentee votes	158	106	25	2
Totals	1338	1183	48	9

A total of 2521 votes were cast, out of 2964 possible. Of 25 absentee votes, 12 were rejected because the voters were not on the list, 12 because of incomplete affidavits, and one who had already voted.

ABSENTEE VOTE

The absentee votes were cast as follows: Whitewater, 4; Castlegar, 7; Sirdar, 15; Queen's Bay, 1; Creston, 4; Wynndel, 1; Paulson, 1; Greenwood, 2; Trail, 24; Victoria, 14; Rossland, 4; Prince George, 1; Sicamous, 1; Boswell, 1; Michel, 1; Willow Point, 1; Kaslo, 8; Okanagan Landing, 5; Waneta, 1; Canyon City 1; Keremeos, 1; Richmond-Point Grey, 11; South Vancouver, 9; Harrop, 2; Field, 2; Salmon Arm, 1; Wacham Lake, 1; Trout Lake, 1; Kimberley, 2; Rosebery, 7; Silverton, 3; Lucky Jim, 4; Three Forks, 2; New Denver, 2; Midway, 4; Saanich, 1; Crescent Valley, 1; Julliette, 1; Ladysmith, 2; Invermere, 2; Capital Island, 1; Sandon, 6; Cranbrook, 6; Kaslo, 6; Edgewood, 2; Kokanee, 6; Nakusp, 3; Revelstoke, 4; Hot Springs, 1; Tranquille, 1; Rupton, 3; Arrowhead, 1; Oliver, 1; Grand Forks, 4; Vernon, 6; Penticton, 6; New Westminster, 1; Steveston, 1; Fernie, 2; Procter, 13; Ymir, 6; Salmo, 6; South Slocan, 2; Ainsworth, 2; Crawford Bay, 1; Bowen Island, 1; Howser, 3; Poplar, 2; Mirror Lake, 2; Burnaby, 2; Vancouver, 30.

Fitzsimmons Has Majority of 56 But Is Not Declared Elected Yet

KASLO, B.C., Aug. 10.—When the official count of ballots in the Kaslo-Slocan riding was completed today it was shown that Captain James Fitzsimmons, Conservative, had a lead of 56 votes over Captain C. S. Leary, Liberal. The vote stood as follows: Fitzsimmons, 1167; Leary, 1111.

Returning Officer Colin J. Campbell of New Denver, however, declined to declare the Conservative candidate elected as two polls, Fernie and Rossland, have not yet been accounted for.

Victims of Sub Disaster Are Laid At Rest

POLA, Italy, Aug. 10.—"Requiescat in pace," was the last prayer of Msgr. Pedrizolli, bishop of Parenzo, when he gave absolution today to the victims of the F-14 submarine disaster, imploring for them eternal peace.

Thousands of persons participated in the solemn funeral rites, crowding the route from the main entrance of the hospital where the bodies had been taken to the square before the Church of the Madonna of the Sea, where the cortege assumed a most imposing aspect. Bells tolled and flowers poured from windows, balconies and roofs covered the automobiles carrying the coffins.

All the sailors of the squadron anchored near Pola marched in the cortege beside detachments of Fascists.

Truck Driver Hurt In Crossing Crash Dies of Injuries

VICTORIA, B.C., Aug. 10.—Robert A. Cruchy, truck driver of Ladysmith, who was injured in a crossing accident near Chemainus yesterday, died today. He was 28 years of age and had been married recently.

VANCOUVER MAN DIES IN WINNIPEG

WINNIPEG, Aug. 10.—William G. Brown of Vancouver, who was en route to Montreal to meet his mother, who is expected to arrive in Canada shortly, died five hours after admission to hospital here today. He was taken suddenly ill while staying at a local hotel. Mr. Brown was 35 years of age and unmarried.

Hon. Ian Mackenzie's Majority Is Cut To Twenty-nine Votes

VANCOUVER, Aug. 10.—With Hon. Ian MacKenzie's majority in North Vancouver, cut to 29 by count of the absentee ballots ,Frederick McNaughton, agent for Jack Loutet, Conservative candidate, announced this afternoon that he will demand an official recount.

ATHENS, Aug. 10.—Brigands who recently kidnapped Constantino Mileas, a former deputy and now candidate for parliament, have sent a letter threatening to kill him unless immediate paymenet is made of a ransom of approximately $62,000. No reduction in the sum would be accepted the brigands wrote.

It is believed that the money will be paid.

CHINESE BOY WILL BOX JOHN WILSON HERE NEXT WEEK

Gee Soot, Nelson School Boy to Appear in Prelim to Harlow-Darr Bout

BRINGS HOUSE DOWN AT WORKOUT BEFORE FANS

All Bouts to Be Good; Seats for Ladies; Darr Here Next Wednesday

Gee Soot, 122 pound Chinese flash, who is to battle Johnny Wilson of Nelson in a special preliminary to the George Harlow-Orville Darr international heavyweight bout at the Opera house here next Saturday night, virtually "brought down the house" when he demonstrated his skill and punching abilities before a large crowd of local fans at the Canadian Legion gym last night. Soot, an all round athlete, having been a member of the baseball and basketball teams of the Central school at which he was a pupil last term, has been working out with Dean Pierce, welterweight of Kellogg, Idaho, and Frank Cox, heavyweight of South Slocan, who are training Harlow, for the past week, pleasing large crowds of fans every night.

Johnny Wilson, who received a broken thumb in a bout on the last Harlow-Darr card on May 30, which necessitated his staying off the Harlow-Nearing card on July 2, has also been working out at the gym and has received volumes of appreciation.

These two featherweights will be seen in action in a special three-round bout, which will be the second on the card.

"ROOF RAISER"

Besides being a curtain raiser, the first bout of the evening between Fred Burnett and Max Heckler, "the fighting red head," both of Nelson, is expected to be a "roof raiser." The boys have been anxious to get at one another for several months and gloves will be flying in all directions when they get in the squared circle next Saturday night. Neither of the boys are new to the game and although they have not appeared on recent cards here, they have been in evidence "behind the scenes" acting as Harlow's "punching bags." They will weigh in around 150 pounds.

SEMI-FINAL BOUT

The semi-final bout of the evening is expected to earn the honor of being placed next to the main bout, for two well-known local preliminary boxers will provide a ring full of action. They are Fred Edwards of South Slocan and Tim Paris, the colored "fighting fool" of Nelson. Both have been in evidence in preliminaries to all of Harlow's professional bouts and have won a place for themselves in the "fighting hearts" of local boxing fans. They will weigh around 130 pounds.

If an opponent for Jack Edwards of South Slocan can be found, a fourth preliminary bout will be staged. Jack has a record as good as his brother and that seems to have made local boxers a bit "backward in coming forward".

SEATS FOR LADIES

Every boxer on the preliminaries and both the main event boxers, Harlow and Darr, have earned names for themselves of being clean and aggressive boxers, and in view of this, R. E. Kirby, who with associates is promoting the card, announced last night that a section of the Opera house would be reserved, until the afternoon of the card, for ladies.

DARR GAME

Darr, battling eight of the 10 rounds against Harlow, with a rapidly closing eye on May 30, put up one of the gamest and cleanest battles witnessed in Nelson for years and won many supporters. The battle, although some believed Harlow should have got the decision, ended in a draw, and that decision seemed to have pleased the majority of fans.

If Harlow can put away Darr this time, he, Harlow, will be sent up against some coast boxer of good record, with an idea of sending him further up the ladder to higher boxing rewards. Next Saturday's bout will decide for George whether he hangs up a record of having knocked out al lfour of the men he has come up against since he turned professional in February this year. Darr is the only one of the four that Harlow failed to knock out before the end of the second round. He knocked two of his opponents out in the first round and the other early in the second.

Harlow has been working out regularly for several weeks and will continue with his training in earnest until Thursday. On Friday he will go through a last light workout.

DARR HERE WEDNESDAY

Darr, with his manager, Rex Farrell, will arrive in Nelson next Wednesday night and will work out at the Legion gymnasium that night at 7:30 and again Thursday and Friday nights. A good crowd was on hand when he went through his workouts here before his last bout with George and it is expected the crowd this time will surpass any yet gathered at a workout of an opponent of Harlow.

DON'T suffer headaches, or any of those pains a tablet of Aspirin can end in a hurry! Physicians prescribe it, and approve its free use, for it does not affect the heart. Every druggist has it, but don't fail to ask the druggist for *Bayer*. And don't take any but the tablets that are stamped with the "Bayer Cross."

Tablets Aspirin MADE IN CANADA BAYER Genuine
Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trade mark.

PREMIER OPENS PARK PLAYGROUND

Forest, Lake and River Lands Officially Opened Near Prince Albert

PRINCE ALBERT NATIONAL PARK, Sask., Aug. 10.—Premier Mackenzie King opened another of Canada's park playgrounds here today. Standing on the shore of Lake Waskesiu, where thousands of people had gathered in the summer sunshine, the premier dedicated the 1377 square miles of forest, lake and river which is Prince Albert National park.

From the city of Prince Albert, the trail to the park wound 72 miles northward. On it today moved a procession of motor cars swiftly to the country where once the canoe was the great vehicle of summer travel.

"In the building of Canadian national life and the moulding of our national character, it is of the utmost importance that we should cultivate an appreciation of all that is beautiful in our physicl environment," said Premier King in his speech opening the park.

"In a young country so amply endowed with material resources, there is always a danger that we may turn to the gods of the market place, and sacrifice the beautiful on the altar of utility. To be aware of the danger is a long step towards the application of the remedy. It is indeed cause for deep satisfaction that Canada in her youth has learned the wisdom of conservation. The existence of ten national reservations covering an extent of more than 11,000 square miles is the positive evidence.

PLANE CRASHES INTO MOTOR BUS

No One Injured; Stage Is Wrecked; Driver Escapes Injury

VANCOUVER, Aug. 10.—Striking an air pocket as it was flying low over the Pacific highway before landing at the Bellingham air service field just north of Bellingham, an airplane crashed into the rear end of a Vancouver-bound motor coach at 4 p.m. Thursday.

Though the bus was loaded, having 29 passengers on board, no one was injured.

The pilot of the plane, R. C. Graham, and a passenger, C. Barlow, who were returning from a flight to Anacortes, escaped with a shaking-up. The machine landed in the ditch and was badly damaged. Its propeller struck the rear end of the stage, smashing the glass in the rear window and going considerable damage to the coach.

The crash shook the heavy bus, but none of the passengers were injured.

WOMAN ASSAULTED AND BOUND AT VANCOUVER

VANCOUVER, Aug. 10.—Found bound head, hands and feet to her bed and with indications that she had been brutally beaten with a broom and a strap, Nellie Phillips, an Indian girl, was removed tonight frmo her Princess was removed tonight from her Princess treatment. She told police officers she had been assaulted by a man who roomed at the same address.

HUNDRED LIVES LOST IN ITALIAN EXPLOSION

VIENNA, Aug. 10.—The Abend says today that notwithstanding Italian official denials, it has direct reports that the explosion in a torpedo factory at the Italian naval base in Spezia last week took nearly 100 lives. The newspaper adds that several ships in the harbor, including a destroyer and two warships, were damaged, while the western portion of the town was consumed by fire starting from petroleum tanks.

VICTORIAN VICTOR MONTREAL SHOOT

Wins the Lieutenant-Governor's Match in Quebec Rifle Meet

MONTREAL, Aug. 10.—Lieut D. Fyvie of he 16th Canadian Scottish regiment, Victoria, won the Lieutenant-Governor's match, feature event of the fifty-third annual prize meeting of the province of Quebec Rifle association which concluded today.

Lieutenant Fyvie, who was a member of the 1926 Canadian Bisley team, scored 96 points out of a possible 100 in the second stage to bring his grand total for the two stages up to 197.

Pte. F. J. Glass, of the First Sherbrooke regiment, came second in the Lieutenant-Governor's match with a score of 195 and also won the grand aggregate with a total of 562 points.

A youth from Victoria earned a place for himself alongside Bisley veterans in the grand aggregate. He was Bombardier P. Wilkinson of the 56th Royal Garrison artillery, Victoria, who came second in the grand aggregate making 561 points.

Montreal Enters Challenge to B. C. On Grain Matters

MONTREAL, Aug. 10.—Recent statements credited to W. Lloyd Craig, retiring chairman of the grain exchange division of the Vancouver Merchants Exchange, that more grain passed through British Columbia ports during the season ended July 31, 1928, than through Montreal, Halifax and eastern ports, are combatted here.

Thomas W. Harvie, general manager, Montreal harbor commission, in a statement today said that while the Dominion statistical bureau at Ottawa had reported that 79,000,000 bushels of Canadian grain had been shipped from Montreal and Pacific coast shipments had amounted to 88,000,000 several factors regarding Montreal shipments had been overlooked.

The fact was, he said, that Montreal had shipped 105,491,763 bushels of grain in the period under review. Considering the shortness of the season and the shipments of American grain through Montreal, he felt that the port still retained premier place. At the same time, he did not begrudge the success of Pacific ports whose development was linked closely with that of the Dominion.

Man Declares He Was Attacked by Men on Train and Robbed

MOOSE JAW, Sask., Aug. 10.—George McKinley, whose home is in New Brunswick, is in hospital, suffering from cuts, bruises and several fractured ribs. He says he was attacked by several men while riding a freight train, robbed of $28 and thrown off the train.

One of Canada's Foremost Lawyers Dies at Edmonton

EDMONTON, Alta., Aug. 10.—C. C. McCall, K.C., one of western Canada's foremost lawyers, died at his home here late this afternoon following an extended illness. Mr. McCall, who came to the west in the 80's participated in many famous cases during his long and active career. He was author of numerous articles in scientific and legal periodicals. He was 70 years of age.

MANY ENTRIES FOR TRAIL CALEDONIAN GAMES WEDNESDAY

Leo Burke, Formerly of Gonzaga University, to Try Retain Aggregate

TRAIL, B.C., Aug. 10.—Leo Burke of Rossland, former Gonzaga university all-round athlete and football star, has announced that he will enter the highland games staged by the Trail Caledonian society here next Wednesday. He will compete for the grand aggregate which he now holds, having won the event last year.

It is reported that Burke is suffering from a strained ligament of the leg but in spite of this he claims that he will again win the grand aggregate.

While five Kimberley athletes and A. Enderby of Fruitvale, winner of the recent Kimberley Press 12-mile marathon race, have also entered, eight of Trail's fastest sprinters and best jumpers will try to cop the grand prize.

The latest entries with events each athlete will contest are:

Leo Burke of Rossland—220-yard dash 100-yard dash, 440-yard dash, high jump and broad jump.

A. Enderby of Fruitvale—one-half mile race and 1-mile race.

W. O. Williams of Trail—100-yard dash, 220-yard dash, and runner on rugby one-half mile relay team.

Jim Curtis of Trail—100-yard dash, 220-yard dash and runner on Rugby one-half mile relay team.

Dave Shaw of Trail—one-quarter mile one-half mile, one-mile race, high jump and runner on Rugby one-half mile relay team.

Bill Forest of Trail—High jump.

John Kavie of Trail—Pole vault.

Art Evans of Trail—220-yard dash, runner on Rugby one-half mile relay race.

Tom Weir of Trail—16-pound hammer throw, 16-pound shot and tossing the caber.

Pete Demidoff of Trail—one-half mile race, one mile race, pole vault, hammer throw, baord jump and runner on Rugby one-half mile relay team.

It is expected that several entries will be made from Nelson, Cranbrook and Fernie before the big day.

SWIM INSTRUCTION TRAIL IS POPULAR

Many Take Advantage of Classes Under L. C. Eckert, at Jubilee Pool

TRAIL, B.C., Aug. 10.—Several persons have already learned to swim after receiving careful instructions from Lou C. Eckert, instructor at Trail's new Jubilee swimming pool within the last three weeks. Mr. Eckert declared that the women bathers seemed more enthused with the classes and some of them learned how to swim quickly.

The class for men and women swimmers from 6 till 7 o'lock in the morning has an average attendance of 12, while the women's class from 10 till 11 o'clock in the morning is well patronized. Many men are learning the American crawl in a special class at 4:30 o'clock in the afternoon.

Mr. Eckert stated that during the hotter days there was an average attendance in the pool of about 200, while on the cooler days 100 was about the average.

CASTLEGAR BOY'S BODY NOT FOUND

Blasting for Body of William Lampard, Drowned Thursday, to Continue

TRAIL, B.C., Aug. 19.—Efforts to recover the body of William Lampard, nine-year-old son of Mr. and Mrs. Albert E. Lampard of Castlegar, who was drowned while fishing at noon yesterday, were again hopeless up to 3 o'clock this afternoon. The searching party will continue blasting.

ONTARIO RIFLE TEAM STAVES OFF DEFEAT

LONG BEACH RIFLE RANGE, Toronto, Aug. 10.—Manitoba and Alberta teams Friday forced the crack Ontario rifle team at the last day of the provincial meet to turn an aggregate score of 568 to stave off defeat in the Pellatt interprovincial match.

Manitoba totaled 549 for second money of $30, while Alberta took third with 544 carrying $20. There were six to a team.

Sergeant Frank Ho Lem, Calgary, captured the Ontario association silver medal and $25 to place first in the all-comers aggregate. He shot 317.

Captain R. Downey, Calgary, with a 69, came second in "our friends" match, although Lieutenant A. C. Carter, Toronto, had the same score to make a win on form.

In the Duke of Cornwall and York match shoot off, Private W. P. Graham of Innisfail, Alta., won the bronze medallion.

HUSBAND OF HAREM QUITE HENPECKED

WILLIAMSTOWN, Mass., Aug. 10.—A new picture of harem life in which the Turk was depicted as the most hen-pecked of husbands was given in the institute of politics today by Madam Halede Edib, Turkish feminist.

"The Turkish husband is a surprisingly hen-pecked one and Turkish wives make it their business he continues to be so," the Madam declared.

"Even in the old days, women ruled their husbands with a rod and even ruled the Sultan and the state."

Six Hundred Sail From Liverpool to Aid Canuck Harvest

LONDON, Aug. 10.—Six hundred miner-harvesters sailed from Liverpool today aboard the White Star liner Regina, and a further 400 aboard the new Canadian Pacific boat, the Duchess of Atholl, bound for the Canadian west to assist in the season's harvesting operations. Another 3000 will sail from Liverpool during the week-end.

KING SOLOMON BRED PURE BLOOD HORSES

CHICAGO, Aug. 10.—Evidence that King Solomon bred pure blooded horses for the chariot trade as stated in the Bible is now uncovered for the eyes of archaeologists.

F. L. O. Guy, field director of an expedition of the University of Chicago, has reported the discovery of the famous stables of Solomon in Palestine.

KILLED IN ACCIDENT ON LEVEL CROSSING

WINNIPEG, Aug. 10.—Mrs. Phillip Alexander St. Laurient of La Broquer, Man., is dead and her husband, a retired farmer is in hospital here seriously injured as the result of a level crossing accident near their home Friday. Both are 73 years of age.

A freight train struck their automobile at a crossing six miles from the St. Laurient farm.

BRANDON WHEAT YIELDS FORTY BUSHELS TO ACRE

BRANDON, Man., Aug. 10.—Threshing has started in Brandon district. J. A. Carnahan, who farms west of this city, has threshed some Garnet wheat which yielded 40 bushels to the acre and is a very fair sample. The wheat was sown April 24. Cutting operations are in progress on many farms and by next week should be general. Weather is ideal.

TRY A CLASSIFIED AD.

Rev. Mr. Mahood to Replace Pastor in Trail Church, Sunday

TRAIL, B.C., Aug. 10.—S. Mahood of Queen's Bay will give the service from the pulpit of St. Andrew's Anglican church here Sunday, relieving the rector, Rev. N. D. B. Larmonth, who will give a sermon at Kaslo on that day.

Following the evening service, Rev. Mahood will be the head of the Churchmen's club at a social in the parish hall.

DONALD MacDONALD RETURNS TO TRAIL

Tells of Enthusiastic, Business-like Convention Native Sons at Regina

TRAIL, B.C., Aug. 10.—Tired and worn out by his long motor trip, Donald MacDonald returned on Monday night with his wife after attending the national convention of the Native Sons of Canada at Regina on July 30 and 31 and declared that the convention was the most enthusiastic and business-like of any he had ever attended. Mr MacDonald was a delegate from the Trail order for the second successive year.

Mr. MacDonald, deputy district national president, stated one of the future events of the convention was the Indian office given the new national president, Dr. Cotton, of Toronto, in ow-wow ceremony at the annual fair. Dr. Cotton now carries the name of Chief Beaver and was given the feathercap and Indian wraps. Approximately 75 delegates attended stated Mr. MacDonald, there being nine delegates from Toronto, several from Montreal and the remainder from Winnipeg, Alberta and British Columbia

Mr. MacDonald was appointed to the resolutions committee and "never worked so hard at a convention in his life." He dealt with several resolutions. The convention tried to keep with resolutions of national interest and kept away from local items as much as possible. Some of the committee sessions lasted until long after midnight.

Mr. MacDonald was nominated for second vice-president, but a Montreal man was elected. He declared that the office was given to the Montrealer so as to give Quebec an executive office The entertainment program consisted of two lunches and a banquet. a trip through the city and parliament buildings, and a treat to the Regina annual fair, which was being held at that time.

Fred Wilson of Trail, who with his wife and daughter, Marion, were en route to Winnipeg, stopped off at Regina to attend the convention, although not a delegate.

Saanich Institutes Bursaries System For High Schools

VICTORIA, Aug. 10.—The first system of high school bursaries to be established in British Columbia will be instituted by Saanich forthwith. High school students past their 17th birthday become liable to a fee of $45. This will be waived if the annual examinations have ben passed without supplementals.

Pupils past their 18th birthday become liable to fees of $100 annually. This will also be waived where the tests have been passed. The plan has been devised to aid pupils who by illness or other causes were unable to enjoy free tuition provided by statute to students les than 16 years of age.

TINY TOT INSTANTLY KILLED AT COAST

VANCOUVER, Aug. 10.—Falling from an iron railing on the staircase of the Woodward departmental store here and landing on a marble step 30 feet below. Nelson Robson, two and a half years old, met instant death late this afternoon. He was the son of Mr. and Mrs. A. B. Robson, 2302 Vaness avenue.

Severe Hurricane Is Blowing Off the Coast of Mexico

SAN PEDRO, Calif., Aug 10.—A radio report that a severe hurricane was blowing off Cape San Lucas on the Mexican coast 1000 miles south of here was received from an unidentified ship this afternoon by G. A. Glassock, San Pedro resident manager of the Los Angeles Marine exchange.

THINGS NOT SO BAD IN BRITAIN

So Declares Premier Ferguson in London On Eve of Departure

LONDON, Aug. 10.—"I am going back better pleased than ever that I am a British citizen," declared Premier G. Howard Ferguson of Ontario today to the Canadian Press. He is returning to Canada Saturday.

Premier Ferguson has been in Britain and Europe studying migration possibilities, educational systems and agriculture since early in June.

"The man is a fool who says the old country is decadent," Premier Ferguson said. "Like every other country in the war, England lost a generation of the brightest and most promising men who were on the threshold of business or public life. The still younger group who were then below military age are now coming on. The next 10 years ought to be the most striking in the whole history of Empire development."

The premier said he found conditions in Scotland and Ireland greatly improved.

Speaking of agriculture in Britain, Premier Ferguson said that an all-round good crop meant ultimate prosperity.

TRAIL, ROSSLAND TO CLASH SUNDAY

An Important West Kootenay League Ball Game Is on Tap at Rossland

TRAIL, B.C., Aug. 10.—Trail and Rossland are scheduled to clash in an interesting game of the West Kootenay Class "A" Baseball league at the Golden City on Sunday afternoon The game is slated to start at 4:15 o'clock sharp.

While Rossland has won both games and Trail has won one and lost one, a win by the Trail nine will put them tie with the provincial champions for leadership of the series.

The teams will be:

Trail—Cobain, p; McTier, c; Houbriggs, 1b; Molisky, 2b; Reddick, 3b; Drew, ss; Shafer, lf; Croseriff, cf; F Lauriente, rf; Price and Ross, reserves.

Rossland—Pradolini, p; Morrison, c; Leo Burke or Dohlan, 1b; Matovitch or Burke, 2b; De Pasquale, 3b; Hall, ss; Woods, lf; De More, cf; H. Lauriente, rf; Marsters, reserve.

TRAIL OFFICIALS MOVED IN NEW HALL

New $35,000 City Hall Taken Over; City Officials Do the Moving

TRAIL, B.C., Aug. 10.—Garbed in overalls, wearing working gloves and showing beads of sweat on their brows, Trail municipal officers moved their offices into the new $35,000 city hall today. During construction of the municipal hall, city offices were held in the K. P. hall. The hall will be open for business tomorrow. The officials were more than pleased with the amount of space in the new offices, satisfied that the money was well expended and ready to get down to business tomorrow.

Yesterday was the first time the building had been used when the polling booths for the voting on the Trail creek channel and Tadanac school building debenture bylaws were located in the spare fire truck room. Both bylaws were passed.

Mail Contractors Deserve Better Treatment

There is a great deal to be said for the plea to the Dominion government of the Canadian Mail Contractors' association, which is asking:

(1) The abolition of the contract system, and the introduction in its place of a salary system at the rate of seventy dollars per mile, per year, for the rural mail contractors, and with permanency of occupation guaranteed (subject to good service being rendered).

(2) We ask for the same rate, namely, seventy dollars per mile per year, for the contractors engaged on the long distance contracts as between post offices and post offices.

(3) That for the contractors engaged as between post offices and railway stations, we ask for a substantial increase, in most cases it would require almost three times the present rate of pay. These contracts represent a very short distance, and a very trifling income, one entirely inadequate for the responsibility of the services rendered.

For many years the mail contractors have suffered losses, and in hundreds of cases have been reduced to the state of poverty and distress.

This is the only branch of the government service in Canada where men are employed under contract, and by tendering.

Some time ago the contract system was changed in the United States, and for several years the men employed on rural routes have enjoyed a permanent salary basis of engagement, and at the rate of seventy-five dollars per mile per year, as well as two weeks of annual vacation each summer, in addition to the regular statutory holidays.

It is stated that the average route in the United States is 24 miles, therefore the average income received is $1800. The average route in Canada today is 20 miles and the average income received is $732, whereas the city letter carriers, who have all their equipment furnished, including uniforms, etc., receive on an average from $1500 to $1600.

The New American Disease

A gold medal was presented to Dr. Edward Francis, of the United States Public Health Service, Washington, D.C., by the American Medical association during the meeting recently held in Minneapolis, Minn. The committee on awards considered the research work on tularaemia, a new disease of man, as the most important medical work of the year. Recognizing Dr. Francis as the nation's outstanding authority on this disease which has perplexed science for several years, the committee, in judging his work on the basis of originality, made the statement that the medal was being awarded to him for his thorough and important scientific contributions to the knowledge of tularaemia.

Tularaemia is primarily an epizootic of wild rabbits and is caused by bacterium tularense, which affects the liver and spleen, producing decay of the tissue cells in these organs shown by innumerable white spots from the size of a pinpoint to that of a pinhead to be studded over this surface and resulting in death. Of the wild rabbits offered for sale in the Washington, D.C., market Dr. Francis examined the livers of 1000 and found 10, or one per cent, to be infected with virulent bacterium tularense.

Man readily inoculates himself with the disease while dressing rabbits, the infection passing from the rabbit's liver through some wound on his hand, resulting in an ulcer on the hand, enlarged glands at the elbow or in the arm pit, and fever which confines him to bed for two or three weeks.

Cooks, hunters, housewives and market men are often infected in November, December or January, when, owing to relaxation of the game laws, it is permitted to hunt wild cotton tail rabbits for food.

Persons who skin and cut up jack rabbits for fish bait, coyote bait, fox feed, chicken feed, hog feed, dog feed, or for market, frequently become infected.

Tularaemia is "made in America" and has been staged from start to finish by an all-American cast. The discovery of a new disease is an important milestone in medical history. In the history of human medicine there is only one instance in which American investigators alone have discovered a disease of man, isolating its causative agent, determining its sources of infection and its modes of transmission to man, describing its symptomatology and pathology, and otherwise elucidating the many essential problems connected with the complete knowledge of a disease—that for instance is the story of tularaemia.

The disease was first discovered in a ground squirrel in Tulare county, California, in 1910, by Dr. G. W. McCoy, of the United States public health service. It became engrafted into the jack-rabbit population of the west, and then, as a disease of wild rabbits and of man it advanced steadily across the continent, invading state after state until now, in 1928, there remains only a solid block of six uninvaded states composed of the New England group.

Although a new disease of man, tularaemia has now been recognized in 42 states of the United States, in the District of Columbia, and in Japan, but in no other country. Of 614 reported cases, 23 have terminated in death.

Dr. Francis himself fell a victim to tularaemia while studying his first case of the disease in Utah. He is now devoting himself to its prevention and cure.

Prevention is the keynote of modern medicine. Keep your bare hands out of a wild rabbit—one per cent of them are infected with tularaemia. Rabbit meat, thoroughly cooked, is harmless for food, because a temperature of 133° F. kills the infection. Rubber gloves afford complete protection to those who must dress wild rabbits.

The Lighter Side

AUNT HET

"I got to lookin' at that fat drummer's neck on the train, an' I wanted to stick a fork in him to see if he was done."

Free translation of the French word on the menu: "Combined scraps left from luncheon."

—o—

A specialist is a man who looks you over, charges you $50, and tells you to have that tooth pulled.

—o—

Big business isn't so smart. U. S. Steel says it paid $111,000,000 too much takes in 1918, and you and I wouldn't make and error like that.

—o—

A hick town is a place where nobody has the crook arrested because so many relatives and neighbors would feel hurt.

—o—

"You can't hold the lead if you can't think fast." If only this were true in a cafeteria

—o—

Who ever expected to live to see the time when a woman could say "damn" without seeming that kind of woman.

—o—

Athletic girls are wonderful, but imagine a lovelorn swain passionately kissing a snapshot of a muscular dame going over a five-foot hurdle.

—o—

A quiet resort is a place where there's nothing else to do until dinner time except light another cigarette.

—o—

Modernism: Refusing to care a darn about corruption in high places so long as you are getting yours.

—o—

That renewed animation shown by host and hostess as you prepare to leave is just their joyous anticipation of relief.

—o—

You can tell the historic spots at a glance. Seven tourists are grouped there while another manipulates a kodak.

—o—

THE CHEAPER THE CAR, THE LOUDER THE HORN. THE MAN WHO YELLS ISN'T THE BOSS; HE'S THE FOREMAN.

—o—

Faith is the quality that prompts a girl to plant a vine to shield the porch swing.

—o—

"At least 50 per cent of the people are feeble-minded." That's right; you can tell by their unquestioning acceptance of statistics like this.

—o—

Free country: One in which you can do as you please if you don't offend reformers and if you pay gang leaders for protection.

—o—

A snob is a man who feels important because he got a college education or feels unimportant because he didn't.

—o—

One fault of the times is that our keen interest in the other fellow's private business seems to end when he gets robbed or shot.

—o—

Sorrect this sentence: "There were eight women present," said she, "And while any one of them was speaking the others remained silent."

High Temperature Down Nine Degrees Humidity Well Up

Mean temperatures yesterday showed the 24 hours were several degrees lower than the previous day. Although the sun was shining until mid-afternoon the sky became overcast for the remainder of the day. The maximum temperature of 87 was seven degrees below that of Thursday. The minimum was 49, the lowest since early spring.

The fire hazard caused by low humidity of Thursday abated somewhat yesterday. It ranged from 40 at 2 o'clock in the afternoon to 57 at 5 o'clock. The morning reading was 48.

Efficient Housekeeping

Supper

Cold Baked Beans
Catsup
Lettuce Russian Dressing
Leftover Apple Sauce
Layer Cake Gingerale

The old fashioned adage: "A place for everything and everything in its place" must be applied to housekeeping if the housekeeper is to become truly efficient. Our working equipment can be divided into three main departments—the cooking department, the cleaning department and the laundry department. We can simplify our work if we keep the cooking implements in the kitchen, the laundry implements in the laundry, and the cleaning implements in some special closet allotted to cleaning equipment only.

Many houses, however, have no such closet which can be used for the tools of cleaning. In such a case, the housekeeper should buy one of the moveable closets sold at all furniture and department stores, and in this keep vacuum cleaners, wet and dry mops, dusters, whisk brooms and dustpans—in fact all the articles she requires to do her cleaning.

But, alas, in many homes the vacuum cleaner is hidden in the front hall closet, the mops and pail kept in the back entry, the dustpan and brushes huddled, perhaps, in one corner of the kitchen! And, before starting her cleaning, the housekeeper must walk from front to back of her house collecting these various things! She must waste not only energy, but valuable time in getting together her cleaning implements.

And it is often the same in regard to the laundry supplies. Where one has no regular room in the cellar, or corner in the cellar, with set tubs, shelves for starch and blueing, etcetera—how many steps one must take, under these circumstances, before gathering together all that one needs to do noe's washing and ironing! It would pay such a housekeeper to hire a carpenter to build a set of shelves near her set tubs, and on these shelves keep all the supplies she requires for her laundry work—soaps and soap flakes, fluids for removing spots (a most necessary part of laundry work; for, how often a stain is set by the housewife's failing to remove it before laundering the garment!) and in fact all the necessary tools of laundry work.

Fortunately, the cooking utensils always have hanging space or standing space fairly near the kitchen range. Even the least systematic woman generally drives in a nail here and there on which to hang her pots and pans, within easy reach of the stove.

TWENTY YEARS AGO

(From The Daily News, Aug. 11, 1908)

The Kettle Valley Irrigation company has received space at the fair grounds to display fruits grown on irrigated ground.

BUILDING MATERIAL

Let us figure your bills of Building Material. Coast Lumber a specialty.

JOHN BURNS & SON

You Pay No Duty on KO-CO Naptha

Highest Grade Aviation Gasoline

There is only 15 per cent of the gasoline used in Canada produced in the Dominion, and as the small refineries making that 15 per cent do not turn out a product that we can recommend, we are bringing in a much higher quality from the Associated Oil Co. of California.

On our KO-CO Naptha we do not pay duty, as it is *THE HIGHEST GRADE AVIATION GAS MADE IN THE U. S. A.*, a much higher grade than is made in Canada, and the Canadian government recognizing this fact allow it to come in duty free, therefore the consumer gets the benefit and only pays 37½ cents per gallon, whereas some companies are selling a "doped gasoline" at 40 cents per gallon.

We are also handling the Canadian Oil Co.'s EN-AR-CO MOTOR OIL and the PENN EMPIRE 100 PER CENT PURE PENNSYLVANIA (sold under Licence No. L9) at a price that will meet with the approval of every dealer and motorist as well.

Try these oils, results are what you want.

Kootenay Oil Co., Ltd.

Sour Stomach

Sweetened instantly

Just a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective, yet harmless. It has been the standard antacid for 50 years among physicians everywhere. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes.

Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drug store.

Portland Doctor Makes New Archery Record

VANCOUVER, Aug. 10.—Dr. George Cathey of Portland, Oregon, made a new record for North America in archery shooting at Canada's Pacific exhibition here this afternoon. Using a yew bow with a ninety-five pound pull, he shot 363 yards and ¾ inches beating the previous record, set by himself at Cedro Woolley, Wash., July 14 last, when he shot 336 yards, nine inches.

Dr. Cathey is en route to the archery tournament at New York, starting August 21.

CHAPTER XLIX
ON THE YACHT

After the meal on the yacht the next day the men stayed down below a little longer, and Marietta went on deck and stood leaning over the rail, watching the myriad craft that made the water look like fairyland.

Marietta watched one family party in a row boat. Two little girls were assisting their father to unpack a picnic basket, while a pretty young woman, who appeared to be their mother, was attending to a baby.

As Lydia came up behind the Spanish girl, the latter turned to her, and, pointing, said:

"There's happiness for you."

"Where?" Lydia raised her beautifully pencilled brows. She thought it was impertinent for a mere dancer to so address her.

"Over there. The little family."

"Indeed?" The society woman's drawl was sufficiently insolent to put most 'upstarts' in their places, but it had no effect whatever on Marietta. "I dare say it would appeal to you, after the hard-working life you are forced to lead."

And then she added:

"If domesticity is what you're after, why don't you marry, and start a family of babies of your own?"

Marietta's lip curled.

"I suppose for the same reason that you don't."

This was too much.

"I fail to understand you."

"I think not."

Marietta shot her a queer glance from under her long, sweeping lashes.

"I don't think either of us would be much good to a man—a real man."

Lydia snorted.

"You flatter me! Speak for yourself."

But Marietta only smiled.

The two girls stood together, looking down at the kaleidoscopic scene.

"Queer thing, life!" The dancing girl spoke monosyllabically, in a staccato accent. "How much easier to end it all!"

Lydia drew away from her. Temperamental creatures, these Spaniards! Was it possible this woman cared for Landis? If so, mightn't it be on the cards that she would seek to do some injury to a rival,—and she, Lydia, was a rival from Marietta's point of view, if the latter fancied young Ridgeway.

Lydia sought to "sound" the foreign creature.

"Mr. Van Vorst's an old friend of yours, isn't he?"

"Old in wickedness, d'you mena? Or merely in years?"

It was a disconcerting and impertinent counter-thrust, thought Lydia. But why antagonize the creature?

"I only meant, had you known him a long time?" she forced herself to say, pleasantly.

"Oh, so-so."

Lydia went on:

"I saw you in the Cafe de Paris, didn't I, with Rupert Briscoe? I've known him for some time."

She saw Marietta's finely-chiselled nostrils quiver, and a dab of colour rise into her smooth olive cheeks.

She cared for Briscoe, then did she? Lydia would find out all about it.

But before she could continue, Marietta said:

"Yes, Mr. Briscoe is a friend of mine. That is to say, I thought he was. Since returning from Paris, I however, have not seen him. I am wondering where he has hidden himself."

"Probably in the wake of a charming young married woman," rejoined Lydia with a light laugh. "He's quite a squire of dames." And them she added:

"Rich bachelors can pick and choose, and Rupert really is rather run on. But I shouldn't call him spoilt. Should you?"

Marietta moved restlessly against the rail of the yacht, tapping a nervous tattoo with her long, slim fingers.

"I should call him as selfish as most men."

Lydia stared at her curiously.

"You're amazingly handsome," she announced, with an unusual burst of frankness and generosity. "You ought to have a wonderful time, with your looks, and 'verve', and all that sort of thing. And being on the stage is always rather an advantage."

"Is it?" Marietta shrugged her shoulders. Then she said abruptly:

"It depends on what you'd call advantages? Money? Perhaps. A kind of admiration? Yes, maybe. But has it never struck you—" here she wheeled around on her companion—"that I'd chuck the whole thing like a shot if a decent man whom I love, asked me to marry him?"

Lydia supplemented:

"If the financial inducement were strong enough, you mean?"

"I mean nothing of the sort," Marietta held her head up with a superb gesture of pride. "I'd marry a poor man to-morrow if I loved him."

"Then I wouldn't." Lydia eyed her in wonder. Was the woman posing? Had she an ulterior motive in these revelations? Maybe she thought this virtuous attitude, this point of view, might be only handed on to Landis or to Van Vorst and the speaker profit by the repetition?

As though she had read the thought in the other's mind, the Spanish girl said, quietly:

"You do not understand my race. We are emotional. You American women, you are cold. Amazingly cold. You marry for self-interest. This young man, Mr. Ridgeway, he is a bridegroom. Yet where is his loved one, I ask you? Where?"

Lydia repressed the impluse to blurt out:

"Probably down in the country at this moment, flirting with your precious Briscoe—if such a nincompoop as the Page chit knows how to flirt. Rupert, however, will doubtless do his best to instruct her."

Aloud she said, nonchalantly:

"You are interested in Landis Ridgeway, then?"

Tomorrow—Allure vs. Conscience.

Standard Six Coach $1395 F.O.B. FACTORY TAXES EXTRA

This startling LOW PRICE *now opens the way to ownership of a* SILENT KNIGHT

IT is true that Willys-Knight has long held front rank with the world's most luxurious cars. That it has long placed the seal of distinction upon its owners. That it has long been noticeably the car elect of the socially elect.

But today, by virtue of mounting sales and tremendous manufacturing facilities, it is possible to incorporate the world famous sleeve-valve motor in a low-priced Six containing all Willys-Knight's quality supremacy.

No other car has such lightning pick-up—such silky smoothness—such an unfailing flow of silent power, effortlessly delivered mile after mile, year after year. The Willys-Knight sleeve-valve engine is always at its best. Powerful and smooth at the beginning, it increases in power and smoothness with each succeeding mile. Remarkable freedom from repairs and carbon troubles are but a few of the many advantages enjoyed by more than 325,000 enthusiastic drivers of Willys-Knights.

With the new Willys-Knight Standard Six you will enjoy the satisfaction of owning the same type of engine which powers the cars of royalty and half the peerage of Europe. You will admire the beautifully designed bodies and rich colors, and you will be amazed that so many quality features can be offered for so little money.

Standard Six prices from $1395 to $1525; Special Six from $1575 to $1845; Great Six from $2365 to $3695; F.o.b. factory, taxes extra.

When *your* Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

Fletcher's CASTORIA

She couldn't leave town without thanking our operators

A lady living at Colquitz, Vancouver Island, was leaving to reside elsewhere, but so cordial had been her relations with our operating staff that she felt she couldn't depart without expressing her appreciation.

"I cannot leave the neighborhood," she said, in a letter to our Colquitz agent, "without thanking you for the very attentive and courteous service which I have always received when making telephone connections through your exchange. The service given by yourself and assistants has been such as to leave very happy memories."

B. C. Telephone Co.

That Body of Yours

By James W. Barton, M.D

Perspiring Hands and Feet

It is only natural that we should dislike the idea of a surgical operation; the interfering with a condition or conditions inside the body.

However, when we see how the life of a loved one is saved by the timely use of the knife, we are only too grateful for the knowledge and skill of the surgeon.

Just how complete is the knowledge of the surgeon as to the location of not only the large organs, but the smallest structures and their uses, was illustrated by some recent work of Dr. Bruecker of Berlin. A young woman had such severe perspiration of sweating of the hands and feet that she was not only unfit to do the usual work of a home or office, but was rendered very weak besides.

Doctor Bruecker injected a local anaesthetic into some of the small nerves that supplied the arm and hand and a portion of the skin of the hand remained dry for about three hours, while the rest of the hand sweated profusely in response to the use of heat, hot drinks and so forth.

This gave him the idea of just where the nerves controlling the sweat glands were located in relation to the nerves which controlled motion and feeling.

He therefore thought it quite possible to attempt to interrupt the course of the nerves that control sweating at a point where they would not interfere with the nerves of feeling and motion.

He first tried it by cutting a portion of the nerve supplying the hands, with the result that the hands became normal and free from the distressing perspiration that had made life so miserable.

After waiting a few months to see if the result was likely to be permanent, he cut two nerves supplying the feet on both sides. He reports a complete success, persisting, so far, for nine months. Now the success in this individual case must not give us the idea that anybody with perspiring hands and feet should undergo this operation.

By proper attention to diet, particularly avoiding the articles of food that you recognize as inducing an extra amount of perspiration, by proper exercise, rest of mind as well as body, most of these cases of excessive perspiration of hands and feet can be relieved. However in extreme cases such as that of Doctor Bruecker's, it is gratifying to know that it also can be corrected by his method. You can readily see then that a thorough knowledge of the body gives your doctor a great advantage in his treatment of ailments.

Foster's Weekly Weather Bulletin

WASHINGTON, Aug. 11.—Storm wave expected to cross continent in central transcontinental storm path during week centering on August 10 will be of severe intensity, causing greater than usual August temperatures extremes and above normal precipitation. Temperatures of this period will change from cool wave preceding storm center to heat wave during and following storm center. Heaviest precipitation during this storm period, relative to local normals, will be expected on north Pacific coast, Great Lakes region and southeast or section number six of cotton belt; in these areas, of greatest precipitation, excepting Pacific slope, conditions will be favorable to insect breeding during this period; after this storm period there will be little danger from such pests. A storm wave of moderate force will cross continent during week centering on 16th, of little importance excepting prolonged period of moderate heat that will accompany storm center.

Dates in these bulletins, when not otherwise specified, are dates when weather features will be expected to reach 90th meridian; such features would be expected to effect Pacific slope three days earlier and Atlantic coast three days later than dates given. The average storm wave or other weather feature crosses continent in about seven days. All enquiries should be addressed to Foster, Box 1930, Washington, D.C., and return postage enclosed.

August means to the agriculturist, among other things, a decision as to winter grains. These bulletins can only advise in a general way on such points, as each locality is almost an area unto itself. Winter grains for 1929 season will not average as profitable yields as they have during the present season; best yields will be expected on southern and western slopes and land approaching those slopes; northern and eastern slopes, while they will mostly enter winter with ample sub-soil moisture, will not be expected to hold sufficient covering during severe cold waves that are expected to alternate with open warm waves.

According to recent press articles, government meteorologists will study arctic storm waves and conditions, expecting to use them in an effort to improve their weather forecasts. Telegraphic reports of weather conditions in the Arctic would often be of some value; more often serve to interest the public and make it forget that real progress in past 50 years has been remarkably small. The real force of North American transcontinental storms which comprise the greater part of storms of this continent, does not come with nor through Arctic storms, in the majority of cases. It would take some remarkable guessing to approximate the effect an Arctic storm or cold wave would have further south, but many years can be spent accumulating data that may be useful to future generations who may know what to do with them.

CASTLEGAR NOTES

CASTLEGAR, B.C., Aug. 10.—Mrs. Speakman entertained Mr. and Mrs. Farmer of Castlegar, Mr. and Mrs. Percy Farmer and their two children of Enderby, Mrs. Shearman and Mrs. Ballard of Robson at tea.

James Davidson and family have started on a motor trip to the coast for a fortnight's holiday.

Mrs. Peter Hardie is ill. She has been compelled to keep to her bed for several days.

Mr. and Mrs. Lampier motored to town on a shopping expedition.

Mr. and Mrs. Christenson motored to town on a visit to friends.

W. Bennett Pays Fine Twenty-five Dollars for Being Intoxicated

W. Bennett, a city visitor, appeared in city police court yesterday morning before Magistrate William Brown on a charge of being intoxicated in a public place. He pleaded guilty to the charge and paid a fine of $25 which was imposed.

INSTITUTE HAS BUSY SESSION SOUTH SLOCAN

Discuss Conference, Fair, the Prize Money for Pupils and Other Matters

SOUTH SLOCAN, B.C., Aug. 10.—The Bonnington and South Slocan women's institutes held their monthly meeting in the public hall on Tuesday evening with a large attendance of members present, Mrs. Domnie presiding. The garments for the layette given out to the members at the previous meeting had been finished and returned. The plans for the exhibit at the Nelson fair were discussed. Mrs. Humphry convenor for publicity, reported on the plans for the district conference to be held in Creston in the fall.

Mrs. R. Greyson, convenor for education and better schools, requested that the money be voted at this meeting for the prizes for the pupils making the highest marks at the entrance examinations at the four district schools Bonnington, Slocan Junction, Crescent Valley and Belford, this was favorably responded to.

A request for provisions for the local and district boy scout camp, viz, fruit and vegetables, bread, cakes, jams and jellies, butter and eggs, was taken over by Mrs. Downie for collection and a list was started for promised supplies.

Mrs. Edward Watts offered to give a bridge tea at her home on Friday, the proceeds to go toward the Nelson rest room.

Mrs. R. C. Passmore of Pax-et-Copia ranch on behalf of Mr. Passmore and herself, offered to give their annual corn roast this year over to the women's institute when a collection or a charge could be made for institute funds, the date to be set later according to the time when the corn is ripe. These offers were accepted wih pleasurable comment.

Mrs. J. Murray, cenvener for public health and child welfare, gave her report which embodied several minor accidents being attended to as well as visiting.

The secretary was instructed to write the Thrums institute thanking them for their kind invitation to a garden party at the home of Mrs. R. W. Chalmers on August first.

A motion was passed that a request be sent to the post office inspector Vancouver, to have a mail box installed at the South Slocan depot. This was unanimously indorsed, as in the discussion it was felt to be a needy want. At the present time the only dispatch from the local office is on the early morning train to Nelson and the incoming mail is in the afternoon, in such cases where an urgent reply is necessitated, it sometimes means waiting hours at the station when the train is late, to dispatch on the mail car; also the steady growth and importance of this center demands a more efficient mail service.

An illustrated Brochure showing the progress made in the province and a hand book on the laws governing women and children were given out to the members. After the business of the meeting, a social time was spent and refreshments served by Mrs. J. Murray and Mrs. O. W. Humphry.

DOMINION CRICKET BODY APPROVED

Quebec and Ontario Wish to Enter Proposed New Body

WINNIPEG, Aug. 10.—Formation of a Dominion cricket association was approved at a meeting of the cricket authorities attending the western Canada association tournament here tonight. Satisfactory replies having been received from the provinces of Quebec and Ontario, it was moved by Major H. R. Cobbett of Vancouver, seconded by R. L. Baxter of Winnipeg, that "this meeting proceed to form a Dominion cricket association." This was accepted.

A provisional board of officers was then elected. George B. Woods of Toronto, was elected president; Harold Radcliffe, Vancouver, secretary-treasurer; and the following executive members chosen:

B. C.—M. M. Greaves, Vancouver; Alberta, A. C. T. Booth, Calgary; Saskatchewan—Samuel Grant, Regina; Manitoba—W. Stewart, Winnipeg.

No eastern executive officers were elected the choice being left to the respective clubs of Ontario and Quebec.

VANCOUVER MAN IS HURLED TO HIS DEATH

VANCOUVER, Aug. 10.—Hurled into the water by the force of an explosion which ignited the Canadian Fishing company's gas boat Nesto here early Tuesday morning, Albert Davidson, 32, died in hospital this afternoon from burns about the body.

"BUILD B. C."

Just Try One Can

Her change from other brands to Pacific Milk is told by a Vancouver lady in a lengthy letter. We take an excerpt:

"One day I noticed in a large downtown store a number of people buying Pacific Milk in preference to other brands. I was so intrigued I purchased a few tins right then."

She then goes on to say how much more pleased she was with its quality.

GOING UP

There's only one conclusion

IT MUST BE GOOD

THE FINE CAR OF LOW PRICE

WHEN a car wins success as quickly as this new Oldsmobile, there is only one conclusion—*it must be good!*

And the facts confirm this judgment.

Its magnificent new bodies by Fisher reveal the surpassing beauty and craftsmanship for which Fisher is world-famous.

Its great 55 h.p. engine provides high-compression performance without special fuels.

Its silenced chassis embodies every principle of fine-car design. Its complete equipment shows exceptional concern with owner satisfaction.

Four Lovejoy hydraulic shock absorbers, easy-acting positive four-wheel brakes, radiator shutters, bumpers front and rear, gasoline gauge and temperature gauge on the dash—in fact everything that contributes to comfort, convenience and easy riding—are included in its low price.

So the evidence rolls up—until your own good judgment tells you . .

"I must see this Oldsmobile, I must drive it myself. There's no denying, *it must be good!*"

THE FINE CAR OF LOW PRICE

B. C. CRICKETERS WIN FIFTH GAME IN SUCCESSION

Win Dingwall Cup for Fourth Year in Row; Beat Saskatchewan

MANITOBA SCORES WIN OVER THE ALBERTANS

Play Continues Today But the Results Cannot Alter the Leadership

WINNIPEG, Aug. 10.—By defeating Saskatchewan and gaining their fifth victory in succession, cricketers of British Columbia today for the fourth consecutive year, won the Dingwall trophy, emblematic of the western Canada cricket association championship. The coast players defeated the Saskatchewan team by a margin of 67 runs, the final score reading 150 to 83.

Manitoba scored a victory over Alberta by 59 run, the scores being 126 to 67.

Saskatchewan started well getting rid of the redoubtable Sparks, Cobbett and Wenman for 11 runs, the last named being responsible for 10 of them.

However the B. C. team is not a one-man concern and Leigh and Remnant rose to the occasion making 41 and 21 respectively. Later on Rivers made 32 in good style. Dicky Foster was again prominent in the attack capturing 4 for 26, a really good performance taking the total into consideration. Ball had four wickets and Smith two.

Rivers can lay claim to being the cause of their stainless record and he bowled remarkably well, six for 33 being his share, in spite of the fact that O'Hara hit him for 10 in one over. The two Moose Jaw players, Jones and O'Hara, along with no extras, were responsible for more than half the score.

Alberta never got going properly against the Manitoba bowling. Gillespie was on the job and that tells the tale. He took six wickets clean, bowling five of them. Robinson gave a plucky display going in seventh he was the best man out for more than a half hour. Schaumloffell bowled well but had no luck, MacFarlane taking two useful wickets.

Manitoba as usual this week started badly, the first three men only made five but Bligh and Gillespie added 20 runs while together and later on Mulloy, a newcomer to interprovincial cricket helped Bligh to add 46 to the score and win the game. Bligh's innings of 51 which was the highest of the day, was good and unmarred by an chance.

Salmon, another man making his debut, gave great promise for future things, making a nice 14, Schaumloffell with 10 being the only other man to get into double figures.

Perhaps the most outstanding event of the day was the wonderful catch in the slips made by Falck when he took MacFarlane very low down with his left hand. Falck got four for 40 and bore the brunt of the attack. Alberta had a second knock, going into bat after the tea interval, 95 runs being made for seven wickets. Percy Johnson being undefeated for 39. Keel got five wickets for 26 runs.

Play continues Saturday but the results will have no bearing on British Columbia's standing. At the end of play today the standing was:

Team—	Won	Lost
British Columbia	5	0
Saskatchewan	2	3
Manitoba	2	3
Alberta	1	4

The cricket throughout the day was particularly listless, giving the spectators very little to enthuse over.

ALL-SASKATOON IN GOLF EVENT

Millar and Morse Triumph in Semi-finals in the Provincial Play-off

SASKATOON, Sask., Aug. 10.—It will be an all-Saskatoon final for the amateur golf championship of the province as the result of the semi-finals played this afternoon for two local players. J. D. Miller and P. Morse triumphed over their golfing rivals to reach the penultimate stage of the amateur competition.

J. D. Miller eliminated the last out of town player by defeating George Bigelow, Regina, 3 up and 1 to play while Phil Morse triumphed over his fellow club mate, Bill Adam by six up and 4to ➡ The gallery followed the match between Morse and Adam and saw the winner shoot splendid golf.

Morse, who also holds the Alberta amateur championship clicked off three out of the first four holes and thereafter there was never any doubt of the outcome.

In the other semi-finals it was a ding-dong battle with first Miller having the advantage and then Bigelow. Bigelow won the ninth and 10th holes to go two up. Miller squared the match at the 13th then won the 15th and 16th to have Bigelow dormie two. He also took the 17th to end the match.

Semi-finals in all other events were also played today. All finals will be played Saturday. The amateur championships will be contested over 36 holes and the rest over 18. Mrs. G. H. Yule of Saskatoon carried off the Saskatchewan women's golf championship by defeating her clubmate, Mrs. E. H. Meyers in an 18-hole match over the Riverside country club course here this afternoon.

CANUCK SWIMMERS QUALIFY IN RELAY

Will Battle Against Great Britain in the Final Heat

AMSTERDAM, Aug. 10.—Albert Zorrilla of Argentine emerged triumphant Thursday in the 400-meters swim, considered the blue ribbon event of the Olympic water sports because it demands of the victor both speed and endurance. The graceful youth succeeded as champion, Johnny Weismuller of the United States, who defaulted his title without competing.

The women's 200-meter breast stroke was won by Fraulein Schrader of Germany with Marie Baron of Holland in second place.

George Kojac of New York captured the 100-meter back stroke final. Mermaids from the United States won the women's 400-meter relay championship. Helen Meaney, George Coleman and Dorothy Poynton of the United States won the first three places in the women's springboard diving. Canada and Great Britain both qualified for the finals in the 800-meter relay.

GIANTS RALLY, BEAT PHILLIES; CARDINALS WIN

Lindstrom Drives in Five New York Runs; Robins Subdue Braves

NEW YORK, Aug. 10.—The Giants rallied in the seventh today to rout the Phillies by 8 to 4 in the opener of a two-game series and so kept pace with the Cardinals who defeated the Pirates 2 to 1. St. Louis remains four games ahead on New York.

Fred Lindstrom drove in five of the New York runs.

St. Louis defeated Pittsburg 2 to 1 in 12 innings. Fussell and Mitchell, both southpaws, tied up in one of the best games played here in several seasons.

Dazzy Vance was at his best today and the Robins had little trouble in subduing the Braves 5 to 1 in the opener of a three-game series at Brooklyn. Bissonette opened the scoring in the fourth with his 19th homer.

Winner Loses and Jockey Barred in Calgary Racing

CALGARY, Aug. 10.—Excitement was intense during the third day of the Chinook Jockey club fall meeting Friday afternoon, when Virginia Carlton who finished in front, was disqualified and Jockey McCary was indefinitely suspended by George W. Schilling, presiding steward.

In this event, the third race of the program, Levulose, Shasta Comet and Queen Anna Marie, were placed one, two and three when the official numbers were hung up.

The disqualification of Virginia Carlton was due to foul riding on the part of the rider. Shortly after Virginia Carlton had taken the lead. McCary reached down and grabbed hold of Jockey Trimble's foot. Not content with this, he grabbed hold of the saddle cloth on Levulose and the latter had no chance for victory.

FINAL TRAFALGAR LOOP BALL GAME CALLED OFF

Trafalgar baseball league final game between the Married Men and Senators scheduled for last night, was called off when both teams failed to field a lineup. The game will probably not be played as it has no bearing on the championship, won by the Senators with 10 wins and one loss.

The Racer

I use Champion Spark Plugs because I know I can depend on them—no matter how tough the going.

Champion is the better spark plug because it has an exclusive sillimanite insulator specially treated to withstand the much higher temperatures of the modern high-compression engine. Also a new patented solid copper gasket-seal that remains absolutely gas-tight under high compression. Special analysis electrodes which assure a fixed spark-gap under all driving conditions.

An Economical Transportation

Announcing the NEW UTILITY TRUCK

-another Sensational Chevrolet Value-

4 Speeds Forward • 4 Wheel Brakes

NOW Chevrolet presents the New Utility Truck—a low-priced haulage unit embodying every feature of advanced engineering developed through years of experience in commercial car-building and proved by exhaustive testing on the General Motors proving ground!

Typical of the progressive design embodied in this sensational new truck are a four-speed forward transmission, powerful non-locking four-wheel brakes, full ball-bearing steering mechanism, front shock absorber springs, air-bound seat cushions and channel front bumper. In addition, it offers all those basic features which have been so largely instrumental in Chevrolet's tremendous success as the world's largest builder of trucks—rugged rear axle with one-piece banjo-type housing . . semi-elliptic springs set parallel to the load . . completely enclosed valve-in-head motor with air cleaner, oil filter and positive action vane type oil pump . . thermostatic control of water circulation . . low loading height . . generous road clearance and countless other features of comparable importance.

Visit your Chevrolet dealer and get a trial-load demonstration of this remarkable new truck! It has been developed to meet the modern conditions of business transportation and body types are available for every type of business.

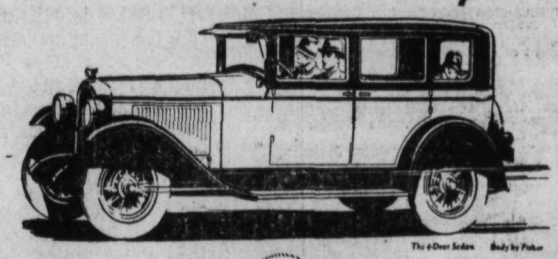
PRODUCT OF GENERAL MOTORS OF CANADA, LIMITED

SMOOTHNESS and ENDURANCE never before known at the price



The 4-Door Sedan Body by Fisher

WITH its sound basic design and its background of scientific development on General Motors Proving Ground—with its production advantages provided by the vast facilities of General Motors with its score of engineering advancements, including the famous G-M-R cylinder head—

—Pontiac Six offers a combination of smooth six-cylinder performance and high-speed endurance, the equal of which is found in no other car in the world selling for so low a price.

Its smooth, silent performance, combined with the beauty and luxury of its Fisher bodies, provides a measure of owner satisfaction unequalled in its field. And its tremendous endurance results in unparalleled length of life, which in turn, is expressed in consistently high resale value.

More important reasons for the selection of any car have never been found. That's why ever-increasing thousands are choosing the Pontiac Six . . why Pontiac sales for 1928 are far ahead of previous records.

HOWARD GROUP MILL PLANNED BY J. F. DUTHIE

Total of $600,000 in Ore Is Blocked Out; Tramway Is Contemplated

VANCOUVER, Aug. 10.—Since control of the Howard property, in the Ymir district, was acquired by J. F. Duthie, splendid results have followed the energetic development compaign. The Howard Mines, limited, with a capitalization of $3,000,000, has been formed by Mr. Duthie to operate the properties.

A conservative estimate of the ore blocked out gives a valuation of $600,000, the Duthie engineers reported, and in buying control of the property, Mr. Duthie found himself in spirited competition with eastern interests who have millions invested in British Columbia mines.

Erection of a mill, tramway and all other necessary buildings is planned by the new owners, who are proceeding now to thoroughly test the property by underground development and diamond drilling. With the installation of the mill the compressor will be replaced and tunnels connected by an aerial tramway with the mill.

Assay reports have shown an average value of $55.27 to $60.30 to the ton, in gold, silver, lead and zinc, with great reserves known to the engineers. The diamond drilling which has been going on since the begining of the year, has placed great additional tonnage in sight and helped in the decision regarding the Howard mill.

FIRST AID TEAM OF FIRST NELSON SCOUTS WINNERS

Wins Provincial Championship Ambulance Tests; Fifth in Dominion

First aid team of the First Nelson Troop of Boy Scouts earned fifth place in the Dominion tests for the Wallace Nesbitt junior ambulance trophy and first place in British Columbia according to advice received by D. Rees, instructor, from the St. John's Ambulance association at Vancouver. Thirteen teams competed in the Dominion tests in which the total number of points possible were 270, the Nelson boys receiving 201.

The boys, Jimmy Bates, captain; Jack Burns, William Gallicano and George Green, will receive medals for winning the British Columbia championship. They led the only other British Columbia team, to be mentioned—Fernie, by 14 points.

The Optimist club of Edmonton, Alta., was first in the Dominion with 228 points.

THIRD TIME WON

This is the third time in four years that a team from the First Nelson Troop of Boy Scouts has won the provincial title. The troop won it in 1925, in 1926, came second to Fernie by five points in 1927 and won it again this year.

The Nelson team was examined in June, with Edgar Wheeler as patient, by Colonel Hoggett of the St. John's Ambulance association, which conducts the tests.

NELSON

DISTRICT GYROS IN FIFTH ANNUAL CONVENTION HERE

Hear Report on International Convention by Arnot, District Governor

CLUBS THROUGHOUT THE DISTRICT ARE ACTIVE

Mayor Barnes Welcomes District Delegates First Business Session

Mayor R. D. Barnes, expressing Nelson's pleasure in welcoming district Gyros, described Nelson as the Queen city of the Kootenays. The new Slocan City-Silverton road, Mayor Barnes described as extraordinary for scenic beauty. The district also enjoyed wonderful fishing facilities.

President Dr. W. B. Steed of the Nelson club extended welcoming greetings of the host club. Citizens of Nelson were delighted to greet Gyros of district No. 8, he said. Though long familiarity with scenic beauties of the district perhaps lessened local peoples' admiration for them, they realized visitors' appreciation for district scenery, however, and would give visiting Gyros every opportunity to see it.

District Governor Claire Arnott, presiding, asserted that visitors would reciprocate the kind wishes expressed by Mayor Barnes and Doctor Steed.

Roy Fox of Spokane spoke on "The Newcomer to District No: 8," the Spokane club. He etold how Gyro, which means friendship, was started in Spokane through personal friendships between Spokane and Tacoma clubs.

Spokane, he said, was falling in line with Gyros. Its chief difficulties were attendance, and developing a line of civic enterprise. Recently the club gave a picnic for wayward boys in Spokane, the members taking a great deal of pleasure in this work.

Speaking on extension, Lyn Fairbairn of Lethbridge, lieutenant-governor stated Alberta and that secntol of British Columbia in the district offered no immediate opportunities for extension. Washington, Idaho and Montana offered the best opportunities to extend the Gyro sphere.

Bert Turner of Cranbrook reported on district finances.

TURNS OVER GAVEL

Governor Arnott, turning over the gaven to Mr. Fairbairn reported on activities of district clubs and on the recent Gyro International convention at Syracuse, N.Y.

CLUB ACTIVITIES

Edmonton raised $8000 to $11,000 a year with its annual carnival, using this in building playgrounds.

Lethbridge supported the Y. M. C. A. and sponsored a milk nursing station.

Nelson was active in a playground program.

Kimberley recently built a wading pool.

Calgary organized a baby clinic in conjunction with the Victorian Order of Nurses.

At Gyro International, the governor reported, the resolution of district No. 8, asking for a change of district convention dates passed without opposition.

The extension committee was organized; membership cards inaugurated, and the charter of one club rescinded. A. T. Smith of Halifax was elected International president, and Gordon Stobel of Winnipeg vice-president.

Stating Gyros were young men trying to make their mark in the world, Lieutenant-Governon Fairbairn declared a great deal of credit was due Clair Arnott for his work in district No. 8, performed at no small personal sacrifice.

A resolution submitted by Tom Wittingham of Kimberley and submitted to the convention by Roy Fox, chairman of the resolutions committee, proposed one delegate should be empowered to represent several small clubs at International conventions, his expenses being charged on a per capita basis. This resolution will be dealt with today.

Dr. Steed introduced P. H. Sheffield of Nelson, stating he drove from the coast since Wednesday, arriving at 2 a.m. yesterday to attend the convention.

Mr. Sheffield expressed his pleasure in being able ti attend. The Trail-Nelson road, he said, was as good as any highway between here and the coast.

Committees appointed for the business of the convention were as follows, the first named being chairman in each case.

Credentials—E. G. Matthew, Nelson; Howard Hapburn, Edmonton; and Ernest Bennett, Lethbridge.

Rules—Col. Lee Redman, Calgary; Bert Sang, Cranbrook; and Mickey Edmonds, Kimberley.

Auditing—W. J. Gerbracht, Nelson; and Bert Turner, Cranbrook.

Resolutions—Roy Fox, Spokane; Clifford J. Irving, Nelson; Gus Isaac, Edmonton, and Tom Whittingham, Kimberley.

WINNIPEG, Aug. 10.—In the best ball competition on the Southwood links here this afternoon, Archie Compston, English golfing ace, and Aubrey Boomer, French champion, swamped Jack Cuthbert and C. L. Hodgman, local amateurs, allowing them to take but one hole in the 18-hole round although seven holes were halved.

NELSON-SPOKANE-VANCOUVER AIRWAYS SYNDICATE

An airways syndicate consisting of 500 units, having a par value of $100.00 each, is now being organized for the purpose of inaugurating a fast passenger air transportation service between the cities of Nelson, Spokane and Vancouver, B.C.

It is the intention of the syndicate to secure the preliminary finance through the sale of these units, after which a limited company may be formed and syndicate units exchanged for common shares in a new company, on a basis of 500 common shares of $1.00 each for each $100 unit.

Transportation of passengers and mail by air is developing at such astonishing strides that it is impossible to predict its future. It is now featured as taking its place within the ranks of BIG BUSINESS, and it will be but a very short time when a city without an air service will be as far behind the times as a city without street cars.

BOOST YOUR CITY BY HELPING FINANCE THIS PROJECT—PLACE YOUR ORDER NOW—UNITS $100.00

Markets and Mining

LOSSES HEAVY ON MINING MARKET

Noranda Is Off $3; Teck Hughes Firm; Barry Holly Moves Up

TORONTO, Aug. 10.—Very little improvement in the general situation was noticeable on the Standard Mining exchange today, the majority of the higher priced stocks again breaking sharply. The volume of sales stood at 1,016,977 shares, and at the close losses outnumbered gains by 47 to 31.

Noranda at the opening moved up to $50.50. Its low point for the day was $47.90 and final sales were at $48.60, a loss of $3.65. Sudbury Basin finished at $6.25, down 40c. Treadwell Yukon was 50c lower at $16.50. Pend Oreille broke to $9.75, a new low for many months, but rallied to $10.25, down 75c for the day. Big Missouri ended at 44c, off 8c. Premier lost 3c at $2.46, and Lucky Jim was a cent lower at 29c. Hudson Bay Mining eased 25c further to $17.60, but Mandy Mines was steady at $3.20, while San Antonio moved to 42c.

Sherritt-Gordon dropped to $6.25 and Central Manitoba was down 3c to 82c. Jackson-Manion scored a gain of 2c to 97c. Howey touched $1 but reacted to 95c a loss of 3½.

Towagamac displayed strength and recovered 10c to $3.85. Amulet was 9c easier at $3.65. Abana was unchanged. Lake Shore gained 20c at $21.20, and Wright Hargreaves was 6c stronger at $3.24.

Teck Hughes closed at $9.10, off 13c. Kirkland Lake Gold declined 2c to $1.48.

Barry Hollinger moved up to 38c. Amity was 1½c better at 43½. McIntyre was 50c weaker at $21.50. Dome reached a new low at $7.70 a loss of 30c. Mining Corporation was 5c higher at $3.15.

TRADE UNSETTLED NEW YORK LIST

Chrysler Outstanding Feature; Dodge Jumps; Heavy Sales in General Motors

NEW YORK, Aug. 10.—Trading in today's stock market was unsettled by the marking up of the call money rate to 8 per cent, an increase in bankers' acceptances, bids of 6½ per cent for the time money and a break of more than 4 cents a bushel in wheat futures. With a few exceptions final quotations were lower with numerous declines of two to four points.

Chrysler was the outstanding feature, soaring 9¾ to a new high record at 94¾. Dodge Bros. preferred jumped 10⅛ points to 95½ also a new top. General Motors ran into heavy selling, closing 1⅞ points lower at 183½ after having dipped to 181¼.

Amusement shares received better support today, Warner Bros. "A" closing 3¼ points higher and Paramount Famous Lasky, two.

United States Steel common closed more than a point higher on the announcement of a drop of 66,086 tons in unfilled orders as compared with earlier estimates of a decline of 100,000 tons.

Total sales, 2,067,500 shares.

PEND OREILLE IN FURTHER DROP

Trade Volume Large at Vancouver; George Copper Is Weaker; Mohawk Leader

VANCOUVER, Aug. 10. — Further downward movement in Pend Oreille spread throughout the list on the Vancouver stock exchange, the close showing substantial declines in several issues.

Trade volume was large, Mohawk leading with total sales of 65,000 shares this issues closing at 6⅜, a net loss of 1½c.

Pend Oreille, opening at $10.65, an overnight loss of 45c, was freely offered on the decline with the close at $10.35 a net loss of 75c on a turnover of 1940 shares. Big Misouri fell away 4c to 45¼ on a moderate trade while Porter Idaho lost 6c to 75 on sales of 23,300 shares. Premier held steady at 2.45.

George Copper weakened 45c to $5, and Sunloch 20c to $2.50. Cork Province and Grandview held steady on fairly heavy trading. On sales of 26,500 shares, Woodbine eased off 2¾c to 22½.

Home Oil was in fair demand at $2.55, unchanged.

IRREGULARITY ON TORONTO MARKET

Trade Moderately Active; the Standard and Commerce Bank Shares Busy

TORONTO, Aug. 10.—Trading on the Toronto stock exchange was moderately active toward the end of the afternoon session today. What price changes there were, however, were infrequent and irregular. All in the mining group were again on the weak side and among the banks there was some selling of Standard and Commerce.

Commerce was down 1 to 296 while Standard was unchanged at 288. Toronto rose to 300, up 5, Walkers was firm at 51½, a gain for the day of 1½. Massey Harris, which has been another market leader this week, was up ½ to 40 on sales of 425 shares. International Nickel was firm adding ¾, making the closing price 97. Noranda was down $1.25 to $49 with sales of 3400 shares, and Pend Oreille down 50c to $10.50.

Drastic Decline in Grain Noted, Winnipeg Mart

WINNIPEG, Aug. 10.—In common with the English and United States markets, the Winnipeg grain exchange traders today witnessed a drastic decline in wheat values.

At the extreme low point for the day registered in the first hour of trading when offerings simply poured into the pit, wheat showed a drop of 5¼c a bushel from Thursday. Near the close of the session was a slight reaction, when selling pressure eased somewhat and net losses for the day ranged from 3¾ to 4c.

Butter—No. 1 pasteurized 38½c.

Eggs—Fresh extras 45c; fresh firsts 39c to 40c.

Grain Crashes On Chicago Market; Result Big Sales

CHICAGO, Aug. 10.—Every kind of grain crashed down today to below any price level heretofore touched this year with wheat becoming the cheapest known since 1924. Excited selling accompanied the general break in prices which came as a direct result of the United States crop report showing an unexpected big increase of 91,000,000 bushels over last month's official estimate.

After a maximum setback of 5⅝c a bushel, wheat closed unsettled 3½ to 4 lower, corn 1⅝ to 2⅝c off, oats ½ to ¾ down and provisions ranging from 5c decline to 17c advance.

STATES' METALS NET $854,659

Figure for 1927 Somewhat Lower Than 1926 Record, Which Was $931,491

WASHINGTON, Aug. 10.—Washington during 1927, according to figures compiled by the United States geological survey, produced $854,659 worth of gold, silver, copper, lead and zinc, as compared with a $931,491 metal output in 1926. There was a big increase in production of gold, 19,513 fine ounces last year, as compared with 9340 ounces in 1926; a slight increase in copper and zinc, and a big drop in lead production from 4,546,228 pounds in 1926 to only 955,003 pounds last year.

Ferry county was the big metal producer, having during 1927 turned out metals valued at $376,932, while Snohomish stood second with a total production of $222,577, mostly from 1,602,436 pounds of copper. The zinc output came largely from Pend Oreille county, which produced 936,576 pounds out of a total of 1,279,710 for the state, while Stevens led in lead production with a total of 662,788 pounds out of a state total of 955,003. Ferry county was leader in gold and silver, having produced 15,083 ounces of gold out of a state total of 19,513 and 114,063 ounces of silver out of a state total of 155,850 ounces.

Idaho mines produced gold, silver, copper lead and zinc during 1927 to the total value of $28,104,413, according to figures just compiled by the United States geological survey. As to each of these metals the output last year exceeded that of 1926, although the total value showed a decline, due to change in prices. According to the survey statistics the metal output for the two years was as follows:

	1927	1926
Gold	15,315 oz.	13,089 oz.
Silver	8,901,409 oz.	7,556,444 oz.
Copper	2,173,163 lbs.	1,337,442 lbs.
Lead	302,038,423 lbs.	272,980,212 lbs.
Zinc	53,556,345 lbs.	52,614,291 lbs.

Shoshone was the banner mineral county producing $26,091,273 out of the total of $28,000,000, and leading in all metals except gold, in which Boise County was the chief producer. Boise's gold output was 7365 ounces, while Elmore produced 4888 ounces.

TRADE REPORTS

WINNIPEG, Aug. 10.—Weekly trade report of the Canadian Credit Mens Trust association for the week ending Aug. 11, is as follows:

Halifax—Wholesale trade report a good volume. Retail trade satisfactory. Collections satisfactory.

Saint John—Satisfactory condition is reported by wholesale trade. Retail good. Collections good.

Montreal—Wholesale groceries are in good demand. Dry goods maintain satisfactory volume. Collections rather slow.

Toronto—A satisfactory volume is reported by wholesalers. Retail trade good. Collections fair.

Winnipeg—Wholesalers continue to transact a very fair volume of business for this period of the year. Retail trade has been good, especially in seasonable lines and tourists requirements. Collections somewhat quiet.

Regina—A good volume is reported by wholesale dealers in groceries, dry goods and boots and shoes. Hardware very good. Retail trade is fair to good. Collections fair to slow.

Saskatoon—Dealers in wholesale groceries and fruit and confectionery report business fair. Dry goods, boots and shoes and hardware good. Retail trade only fair. Collections fair to slow.

Calgary—Wholesale trade particulary those supplying country stores report active business. Retail trade satisfactory. Collections somewhat difficult to make.

Edmonton—Wholesalers generally are well satisfied with the volume of business being transacted. Retail trade good. Collections good.

Vancouver — Manufacturing fair. Wholesale dry goods, groceries, boots and shoes and gents furnishings fair. Ladies wear improving. Retail trade generally fair.

DIVIDENDS TALK
Our August 1st Market Letter Is a Reliable Guide for Summer Buyers. Write For Copy.
The proof of the pudding is in the eating and the success of a mine lies in its ability to earn dividends. During the first half of this year B. C. mines have paid $6,000,000 in dividends. The total for the year will run over the $12,000,000 mark.
We strongly recommend the purchase of stock in producing mines, such as Whitewater, Ruth-Hope and Lucky Jim. These properties are earning good money right today and will enter the dividend stage probably by the end of the year.

LIST OF ROWING CLUB'S EVENTS AT REGATTA OUT

Club Announces Swimming, Diving, Canoe, Rowing, Tilting Log Rolling Events

Full details of the Nelson Rowing club's program which will be part of the huge annual regatta to be staged here by that club and the Kootenay Launch club next Wednesday afternoon, have been announced and promise to provide lots of exciting competition for the younger people who take to water sports. Swimming and diving events will be in charge of Barney Archibald who, with Claire Bennett, swimming and diving instructor at Lakeside park, is receiving entries daily.

PRIZE FOR YOUNGEST

Kiddies have not been forgotten in the arrangement of events and for the three youngest children to finish any race special prizes will be given.

There are also swimming and diving events for girls under nine years and for boys under nine.

There will be swimming races and diving contests for girls and for boys under 12 years and under 16 years, as well as men's open 50 yard swim; ladies' open 50 yard swim; men's open swim from city wharf to launch club float; and ladies' open race over the same course.

LOG ROLLING CONTEST

The log rolling contest is expected to provide lots of fun for both contestants and spectators. This event is open to all—men, ladies, girls and boys.

The Rowing club has issued a challenge to all-comers to compete in a relay swimming race, four members to a team. Indications are that the challenge will be accepted by possibly three or more teams, as many swimmers are already looking around for likely team-mates.

The canoe races are expected to provide plenty of thrills. There will be three different divisions, one each for fours, doubles and singles. Scotty Notman and I. Cuthbert are already receiving entries for these events. There will also be canoe tilting which will provide lots of fun for all.

ROWING RACE

Rowing races will perhaps be the feature of the Rowing club's program, and will comprise races for four, doubles and singles. Douglas Forin's crew of four, which took second place to the Vancouver crew, north Pacific champions, at the Kelowna regatta on Thursday, will take part in this event.

Part of the rowing club program will be run off prior to the Launch club events, starting at 1:30 and the balance—the events that require only a small space of water—will be staged between the spectators' barge and the club boathouses during the launch club program.

LAUNCH CLUB PROGRAM

The main event of the launch club program will be the open motorboat race for the championship of the Kootenay lake and the Patenaude shield. Boats from across the line and possibly from the coast are expected to take part.

The bang-and-go-back race, "true race", outboard motorboat race, possibly a class B outboard motorboat race, an exhibition of aquaplaning and other features, are expected to help make the regatta one of the biggest and most keenly contested witnessed in Nelson since the early days, when the Nelson club led the northwest.

Home Grown Fruit and Vegetables

are now available in ample quantities to supply all demands. The quality is equal, the flavor superior, and the prices asked are substantially below the prices of imported lines. British Columbia growers and Kootenay growers in particular need the wholehearted support of the consumer in this district, but it is of almost equal importance to every other industry or local interest that the fruit grower should prosper. Therefore, in your own interest and the interest of the community, insist on Home Grown Fruits and Vegetables.

READY NOW
Apricots, Apples, Cantaloupes, Peaches, Plums, Pears, Tomatoes

TRIUMPH PEACHES are a yellow flesh clingstone variety, of delicious flavor; without doubt one of the best canning varieties grown, also excellent for slicing.

Your grocer will be pleased to deliver a case without delay.

Ask for and insist on getting B. C. Fruits and Vegetables.
