PROPOSE FEDERAL CONSTITUTION, INDIA

COL. SPENCER DEFENDS B.C.'S ROAD PROGRAM

Claims Expenditure Justified in Expectation of Tourist Traffic

WOULD URGE MEN TO TAKE TO HILLS

Attacks Frauds Prevention act; Hopes for Removal of Clauses

VICTORIA, March 17 (CP)—Colonel Nelson Spencer, Conservative, Vancouver, was the only speaker on the budget debate in the legislature this afternoon and confined his remarks in the main to a defence of the road building program of the Tolmie government.

"Never was there a time when people were so concerned about their governments," said Colonel Spencer. The motives, ability and sincerity of all governments are being questioned by a puzzled and baffled citizenry. But it must be conceded that governments, like corporations and individuals, were entirely too optimistic from 1923 to 1930 and could not foresee the present troublous times.

REVIEWS EXPENDITURE

"Let us review the expenditures of this government. When we took office British Columbia had a gross debt of $104,000,000 and a net debt of $82,000,000. Today it has a gross debt of $154,000,000 and a net debt of $120,000,000. How was that debt piled up?

"In 1928 there was a general demand for good roads to handle the ever-increasing tourist traffic that was bringing millions of dollars to this province yearly from across the border. We find on looking at the public accounts report that $22,000,000 was spent on roads and bridges, $12,000,000 on running expenses of the government, $1,700,000 on betterment of the P.G.E. railway, $4,000,000 on social services and $9,000,000 on unemployment relief.

"Of the $50,000,000 increase, $13,000,000 was put into sinking funds.

VOTE $70,000 FOR SCIENCE CONGRESS

Canada to Prepare for Meet in Vancouver This Year

OTTAWA, March 17 (CP) —Approximately 100 scientists will attend the fifth Pacific science congress to meet in Vancouver this year, Prime Minister R. B. Bennett told the house of commons today. A vote of $70,000 for the meeting was quickly passed.

Two of the former meetings were held in Japan and Java, Japan had expended $250,000 during the period the organization met there and Java, where a meeting was held in 1929, had expended $130,000. Twice Canada had bid as the meeting place and in 1929 the Pacific science congress had decided it would hold its next meeting in Canada, the prime minister stated. Postponement of the meeting, which was to have been held in Canada last year, had been made until this year. The Canadian figures were modest in comparison with previous expenditures for annual meetings.

EXPECT CANADA IMPROVE EXPORT WHEAT POSITION

OTTAWA, March 17.—(CP)—Canada will in all probability greatly improve her wheat export position in 1932-33 as compared with the previous year, the monthly review of the wheat situation, issued today by the department of trade and commerce, says. Scarcity of wheat in Russia and partial failure of the Danube crop are given as grounds for this prediction.

MAY BUILD STORAGE TANK AT CALGARY

CALGARY, March 17.—Construction of a 450,000 bushel concrete storage tank by Robin Hood Mills, Ltd., of Calgary at an estimated cost of about $75,000, was under consideration today. This will be the first major building job in Calgary this year and the largest for some time.

ARE POSITIVE OF MANNING IDENTITY

VANCOUVER, March 17 (CP) — Photographs of George Manning, under arrest in Yreka, California, for alleged murder of two men, were positively identified today by three witnesses as one of the two bandits who held up the Bank of Montreal, at Fourth avenue and Alma, January 13 last, when $3000 was taken.

GIVES MEMBERS IRISH POTATOES

WINNIPEG, March 17.—(CP)—As orders of the day were called in the Manitoba legislature today all members were discovered busily chewing candy. F. G. Taylor, Conservative leader, celebrated St. Patrick's day by presenting each member with an Irish potato filled with sweets.

PLANES FAIL TO BREAK DEFENCE

Chinese Resist Bombardment Attack of 40 Japanese Planes

PEIPING, March 18 (Saturday) (AP)—Seeking to break the Chinese hold on Haifengkow, an important great wall pass, Japanese forces in the last 24 hours have sent 40 air bombers over the Chinese lines but the heavy bombardment failed to crack the defenders' resistance, official Chinese dispatches said early today.

(Japanese reports Friday said Chinese troops attacking Japanese positions at the pass suffered heavy punishment from bombers.)

Haifengkow pass is 100 miles northeast of Peiping, and is a strategic point in the central portion of the wall along the Jehol border. Chinese reports frequently have said continued activity at the pass might lead the Japanese to extend their conquest of the Jehol province into Chinese territory south of the wall.

DUFF IS NAMED CHIEF JUSTICE

Replaced Chief Justice F. A. Anglin

OTTAWA, March 17 (CP) Mr. Justice Lyman P. Duff, puisne judge of the supreme court of Canada, has been elevated to the post of chief justice. The new chief justice replaces Chief Justice F. A. Anglin, who died recently.

Frank J. Hughes, K. C., Toronto, has been appointed puisne judge of the supreme court of Canada. Mr. Justice Hughes will fill the vacancy caused by the promotion of Mr. Justice Duff to chief justice.

Eric Armour, K. C., Toronto, has been named a judge of the supreme court of Ontario. The new member of the judiciary will replace Mr. Justice G. H. Sedgewick, who has been appointed chairman of the tariff board.

Official announcement to this effect was made late this afternoon.

Plane Strikes Fence

Burns Later When Pilot Attempts to Move It

QUESNEL, March 17.—The third aircraft accident of the season occurred here today when the Canadian Airways Ltd., amphibian plane in charge of W. S. Holland, struck a fence while taking off from Baker's field.

The engine took fire when Pilot Holland was attempting to move the machine after the accident, and the plane was destroyed. It is a complete wreck.

CANADIAN HAMS ADVANCE SHARPLY

OTTAWA, March 17 (CP) —A special cable advice to the Dominion livestock branch reports a sharp advance in prices of Canadian hams on the British market this week. Quotations were from five to six shillings higher with the range at 64 to 67 shillings per 112 pounds. The market for bacon was also firm and some slight increases on value were reported although Canadian bacon did not share in these.

INCREASE STAFF IN FLOUR MILL

BEAUSEJOUR, Man., March 17.—(CP)—Eastern Manitoba Flour Mills and Beausejor Creamery have found it necessary to increase their staffs to handle improving business. The flour mill will start operating on a 24-hour basis, the second increase in its schedule since it opened a year ago.

MAYOR TELEGRAPHS AGAIN FOR GOLD

CALGARY, March 17.—(CP)—Failure of the Dominion administration to reply to a previous request, caused Mayor Andy Davison today to again telegraph the federal government for sufficient Canadian gold to retire $751,000 city debentures held by the Royal Bank of Canada.

FEBRUARY TRADE IN U. S. FAVORABLE

WASHINGTON March 17.—(AP)—United States had a favorable trade balance of $17,000,000 in February, exporting $100,000,000 worth of merchandise and importing $83,000,000 worth.

SUSPECT FIRE BUG IN MOUNT ALLISON FIRES

Fires Break Out Simultaneously in Two Old Buildings

FIGURE LOSS AT $130,000

Suspicions Aroused Over Mount Allison Academy Fire on March 1

SACKVILLE, N. B., March 17—(CP)—Before the ashes of two Mount Allison university buildings were cold today, investigations were under way into what seemed to be the possibility of incendiarism. University authorities, Royal Canadian Mounted police and the town marshall were all inquiring into this angle of the $130,000 loss.

The fires broke out almost simultaneously in two of the oldest buildings on the campus and appeared tonight to be the principal circumstance pointing to an incendiarist.

The fires today, and attendant circumstances, aroused suspicions that the loss of Mount Allison academy on March 1, was the work of a "fire-bug."

Details of today's loss were: Engineering and physics of "Old Science" building, with equipment, $65,000—insurance, $35,000; Centennial hall, with equipment, $65,000—insurance $47,000.

Arrangements have been made to carry on class work in the other university buildings.

Clarence "Spec" Peebles, of New Glasgow, N. S., well-known college athlete, was overcome by smoke while attempting to save furnishings from the hall, or stone college, as it was known. Companions found his unconscious figure a few minutes before flames swept the place. He suffered no serious ill effects.

CLARK ESCAPES

Man Wanted for Murder Substitutes for Another Prisoner

GLENDALE, Calif., March 17.—(CP)—Joseph E. Clark, held in jail here along with a man tentatively identified as a Vancouver bank robber, both now charged by United States authorities in connection with the slaying of two men at Eureka, Calif., and the kidnapping of a customs officer, escaped today by substituting himself for another prisoner about to be freed under bond.

Today, Clark assumed the identity of a cell mate who lay in a drunken stupor. He called for a bondsman and when $250 was supplied as bail for appearance on an intoxication charge, he walked from the jail to freedom. Clark even simulated a hangover while being unwittingly freed.

Against Exemption for Private Schools

Municipal Committee Favors Taxing Them

VICTORIA, B. C., March 17.—Private schools in British Columbia should come in the same class of any ordinary profit making business and the municipalities should not be forced to grant them tax exemption was the opinion voiced by members of the municipal committee of the legislature today.

A resolution asking the government to force the cities to give them taxation exemption was defeated. Dr. J. J. Gillis, Lib., Yale, unsuccessfully fought to have schools supported by churches eliminated from the class of ordinary private schools and granted exemption.

The application of the Union of B. C. Municipalities for cities to have the right to refuse trade licenses to persons they considered undesirable was approved with the added provision the refusal must be with the unanimous consent of the council.

The committee approved the principle of giving municipalities the right to tax property under the harbor board.

Recommendations under the infants' act were referred to the provincial secretary.

The same action was taken on a recommendation that pension allowances for children be made to a guardian when a mother in receipt of a pension died. Comments on the tightening up in allowances under the act with charges that in many cases it worked unfairly on those who were entitled to allowances were made.

The committee rejected recommendation to increase the poll tax and to lower the poll tax age. Taxation increases were driving people to Communism which would not do them any good, J. Loutet commented.

JAPAN IS AND MUST CONTINUE TO BE FRIEND OF CHINA, SAYS JAPANESE DELEGATE TO GENEVA

Declares War Between U. S. and Japan Would Be Madness

LONDON, March 17. — (AP)—Yosuke Matsuoka, chief Japanese delegate at recent league of nations meeting at which the Sino-Japanese conflict was considered, declared today before his departure for the United States, war between the United States and Japan "would be an act of madness."

Mr. Matsuoka, who will pass through the United States on his way to Tokyo, asserted Americans have "condoned the fault of Chinese misgovernment and magnified those of Japanese good government."

To explain his analysis of the United States public attitude, he used American slang, saying the American people "fall for appeals to their emotions; this is what they have done regarding China." He made these statements in the course of an interview.

IMPORTANT MISSION

"The United States and Japan have an important mission to fulfill for the sake of humanity in building up the coming era of Pacific civilization, in which the east and west will unite in peace for the first time in history," the Japanese diplomat said. "Understanding and friendship between these two advanced countries is essential to the welfare of our Pacific. It will be of benefit not only to ourselves but to others as well, and particularly to the people of China.

"Paradoxical as the statement may

(Continued on Page Eight)

Price Fluctuation Limits Unneeded

BY GILES L. FINDLEY
Associated Press Staff Writer

CHICAGO, March 17.—(AP)—Limits on price fluctuations were not needed by the Chicago grain market today, except on barley at the opening. The trade was unsettled by statements from grain men that proposed united farmers legislation would tend to lower demand and hamper export of any surplus.

MAKUCH GETS THREE YEARS

Convicted of Attempted Murder; Recommend Deported

LETHBRIDGE, Alta., March 17.—(CP)—John Makuch, charged with attempted murder of James Boulton, Lethbridge taxi driver, was convicted by a jury in supreme court of Alberta here today and sentenced by Chief Justice W. C. Simmons to three years in the penitentiary. A recommendation for his deportation at the end of the term was made.

Makuch was charged last February after he chartered a taxi and ordered Boulton to drive him to country points. During the ride he shot at Boulton with a revolver, inflicting a flesh wound. Boulton is fully recovered.

CALLS AUSTRIAN ARMY RESERVES

President Calls Part of Reserves to Fill in Gap

VIENNA, March 17 (AP) —It was officially announced tonight that President Miklas has called in a part of the army reserves to fill a gap in the present Austrian army.

The treaty of St. Germain, it was recalled, allows Austria an army of 30,000 men and officers. The actual present strength, however, is only 23,000. Recruiting and training new men to bring the army to full strength "would take too long," it was explained.

Firemen Helpless as Bed Clothing Burns

Nurses Carry Injured Firemen to Safety

TORONTO, March 17.—(CP)—Firemen Billy Dundas and Ernie Garrett, critically injured in the Pullman warehouse fire last week, were today further endangered when the clothing on Garrett's hospital bed suddenly burst into fire. Nurses discovered the blaze in the nick of time and braved the flames to carry the helpless men to safety. The nurses, Miss K. Lavis and Miss H. M. Sexton, assisted by Kevin Doyle, night orderly, extinguished the fire with an emergency hose.

Garrett, his spine fractured and helpless in a plaster cast, gazed horror stricken as the blaze licked around his feet, burning them slightly. Dundas, weak from the effects of a fractured skull, lay in an adjacent bed, equally helpless to aid his friend. Owing to the quick action of the nurses neither firemen suffered serious harm. One of the nurses suffered painful burns on the arms.

It is believed an electric vaporizer used on Garrett's bed as a pneumonia preventative, came in contact with the clothing.

TEN CARLOADS OF BEER BOTTLES ARE ORDERED, SPOKANE

SPOKANE, Wash., March 17.—Ten carloads of beer bottles, 11 and 22 ounce sizes, of the old amber color, were ordered yesterday by the Spokane Malting & Brewing company in connection with the proposed resumption of production of beer at its plant on Broadway and Lincoln.

USE EMERGENCY SUPPLY OF COAL

LONDON, March 17.—(CP)—As an economy measure in the face of high exchange rates, the C.P.R. has decided to use the 53,000 tons of coal stored in the yards here. The coal has been kept as an emergency reserve for 15 years. It will be used only in freight engines. Similar coal stores are located at Windsor, Tillsonburg and Toronto.

DR. R. E. McKECHNIE NAMED U. B. C. CHANCELLOR

VANCOUVER, March 17 (CP) — Dr. R. E. McKechnie has been unanimously reelected as chancellor of the University of British Columbia by members of convocation.

MANHUNT OF 14 YEARS CONCLUDED

Follows Publishing of Picture in Detective Magazine

JACKSON, Mich., March 17.—Officials of Michigan state prison said today the arrest of a respected citizen of Butte, Ont., after his picture had been published in a detective story magazine, has ended in the greatest manhunt in local prison history.

The man, they said, is Harry Bushnell, 48, alias Vern Sevren, who escaped from the prison farm on July 6, 1919, shortly before the bodies of a man and woman, brutally slain, were found near the farm. The officials said they had been informed that Bushnell, after being finger-printed, had admitted his identity.

It was reported though he denied all knowledge of the deaths of the couple.

Committee Approves Bounty Resolution

Agricutural Body Also Okayes Resolution on Pre-Exempted Lands

VICTORIA, March 17 — The agricultural committee today approved a resolution of the advisory board of the Farmers' institutes asking for a bounty of $2 on coyotes and $10 on cougars.

The committee also approved a resolution asking that vacant pre-empted land be immediately made available for repre-emption. Approval also was given to the suggestion that exemption be given bona fide settlers taking up reverted land from payment of 10 per cent down, and ask them to pay only the taxes for a period of two years and be required to make the necessary improvements. After two years taxes and payments must be made.

The committee approved the resolution requesting seed grain be furnished settlers in Peace River and central British Columbia areas who suffered a crop failure last year.

Complaints made that chain stores and large grocers are selling certain agricultural products at less than the wholesale cost were brought up in another resolution and the suggestion made that all jobbing buyers be bonded.

Some members of the committee stated certain buyers in the Fraser valley had purchased hay, butter and eggs from farmers with small payments down and the balance was still outstanding. Farmers should be protected from such irresponsible buyers, it was argued.

The selling of commodities below wholesale cost will be brought up on the floor of the house by resolution, it was decided.

Call Confidence of Match Manufacturers

OTTAWA, March 17.—(CP)—A conference of all Canadian match manufacturers has been called for next Tuesday at the office of the Dominion fire commissioner, J. Grove Smith, for the purpose of discussing the tightening up of regulations respecting match factories.

Poor Little Rich Girl

Little 7-year-old Lucy Cotton Thomas (pictured here) must go on living on her $3000 monthly income. Her mother, Mrs. Edward Russell Thomas, sought to increase the child's income, derived from the estate of her millionaire publisher father, to $3600 monthly, but a New York court has ruled that the $3000 income is sufficient. Lucy told reporters that, when she becomes 21, she'd like to share her wealth with others less fortunate.

TO OPEN HEARING ON ARMS EMBARGO

WASHINGTON, March 17.—(AP)—Chairman McReynolds today said he would open hearings before the house foreign affairs committee on next Tuesday on an administration proposal to authorize President Franklin Roosevelt to place an embargo on shipments of arms and munitions in any country in the world.

SHARP MUNICIPAL REACTION, BUDGET

Loutet Says Municipalities Gradually Being Ruined

VICTORIA, March 17 —Sharp reaction to the budget announcement of eliminations of pari-mutuel and liquor grants to British Columbia cities was seen in the municipal committee of the B. C. Legislature today when members commented that municipalities were being rapidly placed in the position where they could not carry on. The need for an immediate revision of the whole scheme of muhicipal taxation and its relation to government taxation was emphasized.

"Municipalities are being gradually ruined. Governments are making it impossible for them to carry on." J. Loutet, Cons., North Vancouver, commented. "North Vancouver has thrown up its hands."

"What is needed is a complete revision of the whole system of taxation of the province to make it equitable," he remarked at another stage of the meeting. "This has been advocated long enough and nothing has been done."

MARKIN TO WAIT IN OAKALLA IN PLACE OF NELSON

Under instructions from Victoria, Philip Markin, who was sentenced at Penticton recently to one year at Oakalla for distributing counterfeit money, and whose charges here were withdrawn, will spend at Oakalla the interval before testifying at the assize trial of Nick Posnikoff, Grand Forks merchant, accused of counterfeiting, instead of waiting in the Nelson jail as an economy measure.

Markin left for Oakalla Thursday morning in the custody of Provincial Constables D. Halcrow and J. L. Smith, who also had in their care an insane man from the Creston district.

TAXI-DRIVERS FACE BREACH OF BYLAW

HAMILTON, March 17. — (CP)—Fifty-eight taxi drivers appeared in traffic court today charged with carrying passengers at lower rates than permitted in police commission bylaws. Cases were adjourned until next Friday. Prosecutions are part of the street railway's efforts to eliminate competition from the city streets.

C.P.R. DINING CAR CHEF DIES

MONTREAL, March 17.—(CP)—F. H. Huguenin, 58, dining car chef with the Canadian Pacific railway for 35 years, died here today after a short illness.

U.S. UNDECIDED ON COMMITAL

Shy at Becoming Involved in Disputes of Other Nations in Pact

BY F. G. VOSBURGH
Associated Press Staff Writer

WASHINGTON, March 17.—(AP)—American statesmen poring over the far-reaching British disarmament proposal tonight found themselves facing a vital decision as to whether the United States should commit itself to join in solving any disputes which might arise between nations which have signed the famous pact of Paris.

This question stood out as the most important from an American viewpoint of all the matters covered in the plan presented yesterday by Prime Minister Ramsay MacDonald of Great Britain.

On the provisions dealing with specific steps toward reduction of armies, navies and war materials, the American government found itself in general accord.

Part one of the MacDonald plan dealing with "security" brought up for decision the whole perplexing problem of American participation in the solution of disputes which might involve purely European countries.

DIFFER ON BEER ALCOHOL CONTENT

Quick Compromise Is Predicted

WASHINGTON, March 17 (AP)—With the United States house of representatives insisting on 3.2 per cent beer and the senate standing for an alcoholic limitation of 3.05 by weight, the Cullen beer bill tonight was in the conference stage with a quick compromise predicted.

Nothing could be done formally until Monday, because the senate was in adjournment until then, and had yet to appoint its conference managers. However, action was planned that would get the measure to the white house by Monday night.

President Franklin Roosevelt is ready to sign the bill at once. Fifteen days after his signature is placed upon it, the measure will become operative. The estimated federal revenue from the bill's tax of five dollars a barrel is $150,000,000 a year.

In addition to the difference on alcoholic content, disagreements on two other senate amendments must be composed. The first of these would prohibit sale of the legalized beverage to persons under 16. The second would legalize wine of 3.05 alcoholic content.

DEFEAT AMENDMENT TO IMMIGRATION ACT

OTTAWA, March 17.—(CP)—The bill to amend the immigration act, introduced by J. S. Woodsworth (Labor Winnipeg North Center), designed to prevent deportation of aliens solely because they become dependent upon direct relief was defeated on second reading tonight by a vote of 50 to 20.

INDIAN ROUND TABLE PAPER GIVES SCHEME

Proposes Federation of Autonomous Provinces and Indian States

STIPULATES BANK FREE OF POLITICS

Confirms Existing Rights and Services of Imperial Government

LONDON, March 17 (CP cable)—Proposals for the creation of a federal constitution in India consisting of autonomous British Indian provinces and such Indian states as choose to enter the federation are contained in the government's white paper on Indian constitutional reform, published today. The scheme is the result of the three Indian round table conferences held in London in recent years.

Any act approved by the governor-general may be disallowed by his majesty in council within 12 months. In the event of disagreement between the two chambers the governor-general would be empowered to secure a joint sitting of both chambers. In the exercise of his special responsibilities, the governor-general may introduce a bill in either chamber. If such a bill should not be passed by a date specified, the governor-general would be empowered to enact it as a governor-general's act.

FORCE OF LAW

The governor-general's responsibilities may also be implemented by ordinance which would have the force of law. In the event of a breakdown of the constitution, the governor-general may by proclamation assume to himself all the powers vested in any federal authority.

The white paper stipulates a reserve bank free from political influence should be successfully operating before the federation is inaugurated.

All subjects, including law and order, will be transferred in the provinces to the control of popularly elected ministers. The governors of the states, like the governor-general, will have special responsibilities and powers.

EXISTING RIGHTS

The white paper confirms the existing rights and services of the imperial government which would continue to make appointments to the Indian civil, police and ecclesiastical services but an inquiry into future recruitment would be held at the end of five years.

In the central federation and the provinces, council ministers would be constituted who would be responsible to elected legislatures. The

McKenzie Questions Attitude on Evictions

Asks What Steps Dominion Would Take

OTTAWA, March 17 (CP)—Critical conditions in the city of Vancouver, with relief funds inadequate and wholesale evictions taking place were described to the house of commons today by Hon. Ian MacKenzie (Lib.-Vancouver). They had not been brought directly to his attention, Hon. W.A. Gordon, minister of labor, stated. Mr. MacKenzie asked what steps, if any, the federal government would take.

The attitude of the government toward such situations had been often stated, Mr. Gordon said. The government would act wherever necessary, but only through the provincial administrations. He did not believe it was the duty of the federal government to prompt the provincial authorities in respect to their treatment of the situation in Vancouver.

CAMP LISTER RESIDENTS MUST PAY BACK SCHOOL AND LAND TAXES; ARE GIVEN TWO YEARS TO MAKE PAYMENT

Must Pay Interest Charges; Official Visits District

CRESTON, B. C., March 17.—The provincial land settlement board is going to quit playing Santa Claus at the Camp Lister settlement, according to E. C. Hopper, the board secretary, who was here attending the annual meeting of the Lister Waterworks district of which he is a trustee, along with Col. Fred Lister, M.P.P., and W. P. Edwards, the latter of whom has just completed a three-year term and has been pressed into service for another term.

In the absence of the board chairman, Col. Lister, who is at Victoria attending the legislative session, the chair was taken by Frank Baker, and Fred Powers was elected secretary. After routine business Mr. Hopper laid down new terms that have been decided upon in connection with the area.

The oldtime residents are to be required to pay up back school and land taxes as well as the waterworks district rates and are to be given a moratorium of two years as to payments of principal,, but the interest charges must be met,.

With the new comers, most of whom have not been in the area more than two years, a demand was made for prompt liquidation of all land and school tax arrears along with the overdue water rates, as well as arears of principal and interest payments, on completion of which the same two-year moratorium will be granted.

If the announcement made by Mr. Hopper is strictly enforced it will mean practically every newcomer, as well as some of the pioneer residents will be forced out. The new arrivals, in most cases have been living on relief the past two years and as one of them who is in arrears o the extent of only $150 remarked, "There isn't that amount in the possession of the whole newcomer population combined."

C. P. R. EARNINGS DOWN $265,000

MONTREAL, March 17 (CP)—Earnings of the Canadian Pacific railway for the week ended March 14 were: 1933, $2,011,000; 1932, $2,276,000; decrease $265,000, according to a company statement.

A motor fuel distilled from rubber is being investigated in British Malaya.

LESLIE ROWE HAS LEFT CRESTON FOR SHANGHAI, CHINA

CRESTON, B. C., March 17.—Leslie Rowe, who has been a visitor here for almost the past two years with his uncle, Hilton Young, at the ranch, east of town, left on Wednesday for Vancouver where he sails almost immediately for Shanghai, China, where he will resume steamship work. His enforced vacation was on account of eye trouble from which he has received much relief.

Mr. and Mrs. Mesinger are back from a three weeks' visit with old friends at Vulcan, and other points in southern Alberta.

R. W. Long was a Nelson visitor a couple of days at the middle of the week.

Miss Donna Tillotson has returned from Prince Albert, Sask., where she has been a visitor with relatives for a couple of months.

E. Swensden of Nelson is a visitor at Creston this week, a guest of his friend, R. Walde.

JUNIOR FALCONS BEAT OLDTIMERS

War Horses of Former Day Start Out Well; Are Beaten 23-25

Staging a furious rally in the last two minutes to score six points, the Junior Falcons overcame a four point deficit and defeated the Fairview Old-Timers 25-23 in a close and exciting challenge game played at the Junior High school last night. Considerably outweighed the Falcons found themselves down four points before the game had hardly started, on nice shots by Roynon and Farenholtz, but fast combination between Baker and Smith gave the Falcons and 8-6 lead at half time. Play became faster in the second half and the score rose rapidly. Ioanin tied the score half a minute after the start, and the teams alternated in the lead until about half way through the half, when the Old-Timers took a commanding lead on fast baskets by Chapman, Roynon and Farenholtz, but towards the end found the speed of the youngsters too much to handle, and Smith and Baker shone, the former showing great floor generalship in controlling his players, and was given splendid support by Baker and French. The Old-Timers showed good condition but lacked practice and missed many chances to score.

The teams and scorers were:

Falcons — Smith 11, C. Baker 10, A. French 4, J. Bishop, A. Bishop, L. Skinner, G. Haines.

Fairview Old-Timers — H. Chapman 6, 'Dutch' A. Ioanin 4, G. Roynon 6, H. Farenholtz 5, Jim Ringrose 2, Toodles St.Denis, W. Chrishop.

Referee, Joe Wallach.

Hoover dam will create the largest artificial reservoir in the world, holding water enough to cover New York state to a depth of one foot.

Headaches and Dizzy Spells Nerves In Bad Condition

MILBURN'S HEART NERVE PILLS

Mr. Neil Crawford, Hamilton, Ont., writes:—"My nerves were in such bad condition I found it almost impossible to get a good night's sleep.

I was also bothered with headaches and dizzy spells.

I tried many different remedies, but they did not seem to give me much relief, but after I had taken Milburn's Heart and Nerve Pills I could hardly believe the change they had made in my condition."

Social Events of Trail City

TRAIL, B. C., March 17.—The Catholic Women's league of St. Francis Xavier church entertained this afternoon in the parish hall at the annual tea and sale of work. St. Patrick favors and shamrocks were appropriately used in the decorations. The entertainment committee arranged for Irish airs to be given during the afternoon. Tea was served by the East Trail circle. Mrs. Charles Gallagher, assisted by Mrs. A. C. Archibald, Mrs. Harold Lynch and Miss Marian Driscoll, acted as servitors. Irish linen cloths, pretty china and sprigs of shamrock were arranged on the tea tables. The Tadanac circle had charge of the home cooking stall with Mrs. John Campbell, Mrs. A. J. McDonald and Mrs. George McKay as saleladies. Mrs. A. Vannucchi, assisted by Mrs. C. Lauzente and Mrs. A. Coris, served at the apron booth. Mrs. A. Farnum was in charge of the kitchen. She had the assistance of Mrs. T. Kolbluk and Mrs. John Carins. Mrs. James Leckie, head of the entertainment committee, was assisted by Mrs. William Fitzgerald and Mrs. B. N. Harrop. Mrs. William Baril read the tea cups. Mrs. Sam Hepworth was general convener of the affair which proved successful both socially and financially.

• • •

A. M. Thompson of Revelstoke arrived here today to visit his parents, Mr. and Mrs. G. R. Thompson of Tadanac. He was called by the illness of his father, Mr. Thompson being a patient in the Trail-Tadanac hospital.

• • •

Miss Becky Sinch of Fruitvale was a visitor in the city today.

Exceptions Taken to School Amendment

Withold Amendment for Further Consideration

VICTORIA, March 17 (CP)—Exceptions taken from both sides of the house today caused Hon. Joshua Hinchliffe, minister of education, to withhold for further consideration an amendment to the public schools act basing teachers' grants on the assessed value of taxable property in the district.

A. M. Manson, L. A. Hanna, Liberal, Alberni, T. H. Kirk and Colonel Spencer, Conservatives, Vancouver, opposed the plan and favored a grant on the teacher and pupil basis.

Assessment varied so much throughout the province they could not be taken as a fair basis, speaker claimed. Mr. Kirk claimed assessments were presumed wealth and in Vancouver they had an instance where property owners were trying to get assessments reduced while the city sought an extension of the present assessments. As set out the amendment would work a great hardship on the city, he said.

ROGERS GIVES NEW PLAN FOR HIGH PUPILS

Advocates finishing Classes in Place of Forcing Pupils, Matriculate

Plans to create finishing courses for pupils from grade 10 and on as a substitute for the regular matriculation classes that could be carried on at practically no greater cost, were submitted to the school board Friday night by L. V. Rogers, principal of the high school. Mr. Roger's plan was discussed and then laid on the table for consideration later.

Mr. Rogers claimed that there were approximately 29 grade 10 pupils this year that were not going to make the grade and that the $3 penalty for repeaters would be a hardship upon them. To give them a trial pass and thereby escape from the penalty would not be fair to the pupil or the class. A great percentage of trial pupils failed to make good, he stated.

The finishing courses would eliminate this difficulty. Every pupil was not fit for matriculation and other courses would be more useful to them and could be given without an increase in expenditure, declared Mr. Rogers.

C. S. Latornell asked what the object of the classes were. "What will they lead to? Will they only be a blind alley?" he asked.

In reply Mr. Rogers declared that a pupil would be given credit for the study or work he or she put in and upon graduation would receive a certificate, issued by the principal or the board. This would be equal to a matriculation certificate in lines other than academical. Chairman J. D. Notman asked if it would have to be put into operation through the Trustees association and the certificates of graduation be issued through the department.

Mr. Rogers thought that a certificate bearing the principal's signature was as good as a departmental certificate. In many instances the principal was written asking about a pupil's standing even after a departmental certificate had been presented. Mr. Rogers outlined a number of special courses and alternatives in each course.

MERCURY HITS FIFTY DEGREES

Snow Goes at Rate of Nine Inches; Flowers Out

Changing again to sunny weather temperatures soared Friday to the season's high of 50 degrees. Thursday was the first damp day in almost a week. In the open snow disappeared at the rate of 9 inches in the 24 hours and much of the snow left was honeycombed. Streams ran freely from the upper streets while the lower ones were dry. At the hospital the crocuses are in bloom and the snow drops have been out for three weeks. Friday's low temperature was 32 degrees and the rainfall which was registered during the previous night and the early morning amounted .11 inch.

Vaccination Goes Ahead at Schools

Miss Kathleen Gordon, school health nurse, reported a prevalence of goitre in the Nelson schools at a meeting of the school board Friday night. Tablets were given to those suffering on the permission of the parents.

Miss Gordon also reported a steady program in vaccination. Circulars sent to the parents had been a great help in educating them to the need of vaccination.

A report of the milk and cod liver oil distribution was also given.

Miss Gordon was given permission to secure a couch and screen to be used at Hume school in connection with the examination of pupils. She was also given permission to secure a screen for Central school.

REPAIRS NEEDED, CENTRAL SCHOOL

G. E. Sparkes, principal of Central school, reported to the school board Friday night that repairs were needed on the school steps and that a bracing in the boys' lavatory had decayed to an extent that the partition would fall if it were not attended to. Both repairs will be made.

CUT TRAIL END OF STAGE RUN

Road Conditions Force Castlegar Temporary Terminus

Bus traffic between Trail and Castlegar was suspended by the Central Canadian Greyhound line Friday in consequence of road conditions, after the small bus had got in from Trail. The heavy busses, it is said, were breaking through the snow surface to the hubs.

In the immediate future the Nelson-Trail stage route will have only a local service between Castlegar and Nelson, a bus coming to town in the morning and returning to Castlegar at the end of the day.

The extra bus on the Nelson-Nakusp route is still in use—and will be required until the highway is dry enough for drivers to be able to keep schedules—and the Crow busses are restricted to the territory between Nelson and Creston, as announced Thursday.

At present the best road in the district is that from Nelson to Kaslo, traffic getting through with less difficulty than elsewhere.

Resumption of frosty nights—as instanced Friday—will improve conditions, District Engineer William Ramsay suggests. An early closing of the Nelson-Castlegar road west of South Slocan to heavy traffic is likely, to prevent highway damage. If that occurs, permits will be required before trucks can operate in the closed area.

Will Drive to Meet MacDonald and Simon

Mussolini Expects to Get Preliminaries Over That Way

By ANDREW BERDING
Associated Press Staff Correspondent

ROME, March 17 (AP)—Premier Mussolini intends to drive to Ostia tomorrow noon personally to welcome Prime Minister Ramsay MacDonald and Sir John Simon, secretary of the British foreign office, to get the preliminaries of their conference over with during the 40-minute drive back to Rome.

This will enable the premier to launch directly later in the afternoon into the discussions which, it is hoped will lead to the settlement of Europe's political difficulties.

RELEASE DOUKHOBOR WOMAN AT THE COAST

VANCOUVER, March 17—Following nine months' imprisonment, several of them spent on Piers Island, Mrs. Nastasie Potepolkin, Doukhobor, passed through Vancouver Thursday night en route to her home in Nelson.

Simply, the Doukhobor woman expressed her happiness. Waiting to meet her were her daughter and a grandson, just released from the industrial home at Port Coquitlam.

NEIL McINNIS FOUND DEAD IN ROADWAY

VANCOUVER, March 17.—Neil McInnis, 68, of East Twenty-Third avenue, was found today lying dead in the roadway of the 4200 block, Victoria Drive. Death is believed due to natural causes, police say.

SAINT LEONARDS, Sussex, Eng., March 18.—(Saturday)—Francis Cardinal Bourne, who has been recuperating here from a recent illness, suffered a relapse Friday.

400 DANCE AT NURSES' BALL

Graduate Nurses Association Stage Unique Irish Cabaret

Graduate Nurses association of Nelson were hosts Friday night to the outstanding cabaret dance of the season honoring the memorable saint, Saint Patrick. Making their headquarters at the Hume hotel the graduates entertained in royal Irish style over 400 guests. The proceeds were in aid of furnishings for the nurses' ward in the Kootenay Lake General hospital, and the pathological laboratory.

Nothing was left undone to lend the traditional Irish atmosphere. Decorations in the Silver room of the hotel were in Paddy green with a large Irish shamrock centering the scheme. In the lounge room of the hotel green was predominate. Tables in cabaret style were appropriately placed to allow freedom for dancing guests and also those who wished to play cards.

Supper was served in the main dining room of the hotel which had as an auxiliary the lounge room. Tapered lights lent a homey effect to the whole scheme.

Besides the wonderful dance program which was Irish in nature, the Graduate Nurses provided a wonderful program between dances. Young and old shared in the program. Here and there Irish ribbons lent the trend of Auld Erin. And there were a few Irish clay pipes just to show that Erin has a place in the hearts of Nelsonites.

Patron and patronesses for the affair were Dr. and Mrs. H. H. MacKenzie and Dr. and Mrs. J. H. Bennett. George Fleury was master of ceremonies. The entire entertainment was under the able convenership of Mrs. (Dr.) J. P. Gussin.

Between dances the guests were entertained at a fine program which included such numbers as a feature number by the orchestra led by Robert Hall; an Irish jig by the Stout children accompanied by the pipes; a tap dance by Tiny Pat Plowman and Dave Wade. The youngsters drew rounds of applause. Mrs. J. T. Andrews in her usual happy style presented a medley of Irish songs.

Of particular interest to radio fans were numbers by Kate Smith and Bing Crosby. These two radio highlights were taken off in professional style by Miss Edna Earle Buchanan and Victor Owens. At the intermission before the supper proceedings Mr. and Mrs. Goodwin presented dreamy Hawaiian melodies. Max Baskin was a solo number. A tap dance by Brian Horstead and a skit by Miles Riddle, Walter Kitto, N. Brooks and H. Kraft rounded a fine program.

Extend Time for Badminton Season

Gyros and Rotarians to Hold Tourney

Dealing with requests for the use of the Central and Junior high school floors for badminton, the school board Friday night granted the clubs the use of the school halls until the middle of April. The extention was asked to permit the playing of the final tournament games.

The Gyros and Rotarians were granted the use of a floor for an inter-club tournament. The Nelson Badminton club wrote advising the board that they were taking steps to see that juveniles would be kept from defacing school property while the buildings were opened for play.

MRS. TIMOTHY EATON IS ILL

OAKVILLE, Ont., March 17 (CP)—Mrs. Timothy Eaton, widow of the founder of the T. Eaton company and mother of Sir John Eaton, was seriously ill at her home here tonight with pneumonia.

No Use Arguing with a Woman, States Policeman, When She Wouldn't Even Buy Food When She Had the Money

NEW YORK, March 17. (AP) — This is just the way detective Harry Sloan told the story today:

"Well, we got the call to 695 Park avenue. The woman—wait a minute, I've got her name here—Mrs. Allegra Marous—well, she and her boy, Max—he's six—were lying in bed groaning. So was the father, John.

"We sent 'em to the hospital and then looked over the place. No poison. Not a bit of food. Then what do you think we found under the mattress? A pocketbook with $1,600 cash, two money orders and a bank book showing deposits of $400.

"At the hospital they said all of them were suffering from malnutrition. So I went over and talked to the woman. I asked her why they were starving when they had that dough and she said it was her husband's job to support the family, and the money was hers and she wasn't going to spend any if he didn't support them.

"So I talked to the husband and he said he hadn't been able to get a job for seven months. Then I tried to argue with the wife, but she sounded so positive I gave up.

"When a woman lets the electric company turn off the lights and gets an eviction for not paying the rent and won't even buy food, with two grand under the mattress, there's no use arguing."

ASKS RIGHT TO SHOW PICTURES

Mr. Butler, representing a sewing machine firm, appeared before the school board Friday night and asked permission to show the company's film, "Modern Industrial Methods," in the schools here. He explained that it contained no advertising and was purely an educational picture depicting factory and industrial work. The board granted him permission to show the picture at the schools after school hours. A show will be held within the next month or two.

ESTIMATES APPROVED

OTTAWA, March 17 (CP)—Supplementary estimates for the fiscal year ending March 31 were passed in the house of commons today. The total was $54,380,809.93.

Deficit of Canadian National railways for 1932, $53,841,106.43; Royal Canadian Mounted police $357,500, and miscellaneous $71,460, all were quickly approved. The miscellaneous item includes a grant of $70,000 to the Pacific Science association toward expenses of the fifth Pacific Science congress and $1400 as a grant to Phillip Campbell regarding illegal warfare claim. Salaries and contingent expenses for the senate and house also were approved.

TO SEND PUPILS HOME FOR FEES

The question of those in arrears in their school fees was raised at a meeting of the school board Friday night and the members voted the principles of high school and Junior high school the right to send pupils home for the fees. Five delinquents were reported for High school and a number for junior high.

MR. PICOBAC TAKES TO THE ROAD . . .

Having bidden good-bye to his wife and literally torn himself out of the arms of his home town cronies, Mr. Picobac, ensconced at last in the smoker of the day coach, felt just a wee bit flurried.

"Going up to London on a little business," explained he to his fellow-passengers—"Picobac business."

"Seemed to have a hard time getting away," remarked the drummer for a line of synthetic silk stockings, guaranteed to wear and wash like iron.

Mr. Picobac smiled. From his vest pocket he produced a pipe and blew through the stem. From a pocket under his coat tail he extracted a handy pocket tin of Picobac, and held it out.

"Do any of you gentlemen smoke Picobac?" enquired he. "The pick of Canada's Burley Crop, grown right here in sunny southern Ontario. Try it. We've got lots of time now for a mild . . . cool . . . sweet smoke."

Handy pocket tin, 15¢
½ lb. Humidor Tin, 75¢

Mr. Picobac has accepted a commission from Imperial Tobacco Company of Canada, Limited, to make an investigation of pipe smoking conditions in Canada. He is now on tour. He will report what he finds as he finds it. Watch for his first report in this paper. Meanwhile, try Picobac if *you* want a mild . . . cool . . . sweet smoke.

—and don't forget, you get more tobacco for your money.

Good for making cigarettes, too.

"IT *DOES* TASTE GOOD IN A PIPE!"

Picobac

"KOOTENAY RAINBOW BEER"
ON SALE
RIGHT AFTER EASTER

Springtime is coming, prosperity is near,
From the Sunny South robins are winging,
Snow from the Selkirks will soon disappear.
The songbirds at the Legion are singing.

Buds in the forest are swelling up fast,
Willow grouse in the thickets are drumming,
The anglers are fixing up a fresh cast
For the season of Rainbow that's coming.

All this is nothing this happy New Year.
Ring-a-Ling, set the old bells ringing,
Let her go, my boys, let the whole world hear
That the springtime a new beer is bringing.

Fill up your glasses, boys, right to the top,
Let us toast this new Brew, it's a winner,
Here's to KOOTENAY RAINBOW from Rice,
Malt and Hops,
The finest on earth, brewed by Biner.

Kootenay Breweries LIMITED

TABULATE ALL UTILITY ITEMS

City Is Taking Census of Electrical, Gas Fixtures

A census of all electrical and gas equipment in the homes of Nelson, in addition to in the business establishments and factories, is being launched by the city, as a first step in its sales campaign for ranges, heaters, and other electrical goods, and an employee of the electrical department began his rounds for this purpose Thursday afternoon in Fairview.

There are nearly 20 items in the electrical list, to be tabulated, and the gas list is also a healthy one.

On the questionaire for each house are spaces for electric range, water heater, washer, ironer, refrigerator, radio, vacuum cleaner, fire-place, floor polisher, hot-plate, batter mixer, clock toaster, rangette, sun lamp, percolator, and iron, which comprise the chief current users. *Mere lighting is not listed nor such* lesser items as electric trains, curling irons, and Christmas tree lights.

In the case of gas, there are gas ranges, combination gas and fuel ranges, water heaters, plates, gas logs, and various other items paralleling some electrical ones, and also such special ones as vulcanizer, clothes presser, and Bunsen burner.

A second man will be put on the enumeration on Monday, also working in Fairview, and the census will be pushed with all energy.

MAY REGULATE RELIEF CASES

Rossland Welfare Body Discusses Purchase of Luxuries

ROSSLAND, B. C., March 17—The question of the right of those who are in receipt of assistance, either under "direct relief" or through the Welfare bureau, to attend pay dances, frequent pool rooms and beer parlors, attend the picture show regularly, and spend money in other ways which do not come under the head of necessities, was discussed at the general meeting of the Rossland Welfare Association, Wednesday evening. Some of those present were of the opinion that money spent in such fashion was depriving someone else of the necessities of life. Another instance of the abuse of the assistance given, was shown in the case of a local woman, who had been sent the regular grocery order, containing articles which the committee deemed necessary for the sustenance of the family for a stated period. The order in question was promptly taken back to the grocer and the articles exchanged for others, which were a nearer approach to luxuries. It was the consensus of opinion that relief should be limited to certain staple articles of food, and no exchanges be permitted.

33 GET RELIEF

Arthur E. Trafford, in charge of the Welfare bureau, reported that during February, cash donations to the amount of $39 had been received at the bureau. Twenty-three cases had been received relief amounting to $149.13. Of this amount $46 had been spent for fuel.

Secretary F. Cooper reported a satisfactory conference with the city council on Monday evening, in which the council expressed its willingness, to give the use of city owned lots to the unemployed for garden purposes. Arrangements were being made to secure timber limits from the government on which the unemployed may cut *fuel for next winter. The case* of one local woman, who with the assistance of her children had cut eight cords of wood last summer, was instanced and it was felt that any able bodied man on relief could do at least as much as that.

Those in attendance were Mayor William A. Turner, H. H. Johnstone, James F. Cooper, Arthur E. Trafford, Mr. and Mrs. E. R. Palmer, Mrs. H. deL. Reaney, Mrs. John Freeman and Mrs. Howard Ferguson.

Firm Undertone on Bond Market

U. S. Government Department Makes Best Showing

NEW YORK, March 17 (AP)—The bond market displayed a firm undertone today despite numerous irregularities occasioned by profit-taking flurries.

In the adjustment process, following two days of the most sweeping advances ever recorded by listed loans, the trading volume diminished sharply. Sales totalled only $11,377,000 par value, against $14,953,000 yesterday.

The United States government department, aided by the further easing of money rates and indications the administration's drastic economy program would be put through, made the best showing. Prices of the federals moved up 2-32 to 28-32 of a point with the turnover expanding late the afternoon. The low-coupon the series were in the greatest demand.

PIONEER CLOSES 25 POINTS HIGHER

Active Issues All Lower But Three

VANCOUVER, March 17 (CP)—Active issues with three exceptions showed an easier tendency at the close of trading on the Vancouver stock exchange today. Bralorne, Pioneer and Bridge River Consolidated were the firm issues. Opening strong at 2.25, Bralorne climbed to 2.30 where it closed, up five. Pioneer was up 35 to 5.85 while Bridge River at 9¾ gained a fraction.

Other issues followed the trend of the gold leaders in early trading but lack of interest in the afternoon session turned small gains into losses of around a point or more. George Copper sold up four but closed unchanged at 40.

SAMUEL MILLER LAID AT REST

Familiar Figure at Wynndel Crosses Divide

CRESTON, B. C., March 17.—The sudden passing of Samuel J. Miller has removed quite a familiar figure from the village, as well as Wynndel, where he was first employed with the Winlaw company on coming to the district from Norwich, Ontario, about eight years ago. Deceased was a member of the Masonic lodge in his Ontario home town, and the funeral was under Masonic supervision, the exercises at Trinity United church being in charge of the lodge chaplain, Rev. Andrew Walker, while at the graveside the impressive Masonic burial service was creditably taken by W. W. Fraser. The pallbearers were four members of the lodge, S. A. Speers, C. O. Rodgers, W. H. Crawford and R. J. Long. There was a large turnout of Masons. At the time of his death, which was due to a heart attack, he was employed as cook's helper at the government road camp east of Kitchener.

Charles Cotterill of Creston Takes Position in Nelson

CRESTON, B. C., March 17.—Mrs. Douglas Putman, nee Vera McGonegal, was honor guest at a miscellaneous shower tendered her by the village young people, at the home of Mrs. E. W. Payne, with Mrs. D. Weston and Miss Kate Payne as hostesses. The evening was spent at bridge, with the prize scores being made by Mrs. J. Levirs and Miss Betty Kemp. The bride was the recipient of many attractive gifts, and a delightful lunch was served at the evening's close.

Mrs. W. Belanger has returned to Jaffray, after a week's visit with her parents, Mr. and Mrs. George Johnson.

Charles Cotterill, who has dissolved partnership with Cecil Moore in Central Motors, has left for Nelson where he is joining the staff of George Dill.

C. W. Allan of the fruit shipping firm of Long, Allan & Long, was a business visitor at Nelson at the middle of the week.

Miss Phyllis Hamilton of the nursing staff of the New Denver hospital, is a visitor here this week with her parents, Mr. and Mrs. J. W. Hamilton.

Col. Mallandaine and Frank Staples were Bonners Ferry visitors at the village the first of the week, and report that owners of dyked lands in that section are apprehensive of exceptionally high water this year.

R. Harris of Cranbrook, the district plant superintendent for East Kootenay Telephone company, limited, was here on his quarterly visit. He states that with the exception of Fernie, the number of phones in East Kootenay towns show but little falling off as compared with March, 1932.

Mrs. W. DeFoe returned to her home in Nelson after a short visit with her parents, Mr. and Mrs. W. Ferguson this week.

All the signs of an early spring are now here. The bluebirds and meadowlarks made their appearance at the first of the week, and a full bloom crocus was plucked in a village garden on Wednesday.

Mrs. W. M. Archibald is back from a month's visit with her daughter, Mrs. J. F. Warren at Calgary, and is accompanied by her two grandchildren, the Misses Marylin and Carol Warren.

Joseph Heath of Invermere is renewing acquaintances in Creston this week, and is a guest of his daughter, Mrs. F. C. Rodgers.

Mrs. R. Dodds is home from a few weeks' visit with her daughter, Mrs. Percival, at Cranbrook.

C. N. R. GROSS REVENUES DECREASE

MONTREAL, March 17 (CP)—Gross revenues of the Canadian National railways for the week ended March 14 were $2,079,557, as compared with $2,550,573 for the corresponding period of 1932, a decrease of $471,016.

SEEK FURTHER SCHOOL CUTS

Council Finance Committee Wishes Meet Board Committee

Further reductions in estimates from the Nelson school board have been asked by the city council of Nelson. The council meeting in committee on Thursday night went over the school board estimates thoroughly and instructed City Clerk W. E. Wasson to write to the board asking for a meeting of the board's finance committee and the council's finance committee to consider further reductions in the estimates.

The letter was read to the school board at its meeting Friday night.

Estimates from all departments are now in and the council on Thursday sat until Midnight going over them and suggesting drastic cuts. In all likelihood reductions in wages in all departments of the city will result before estimates are finally adopted.

ANOTHER SLIDE APEX SECTION

Covers Road With Snow for 60 Feet, Is 12 Feet Deep

Another snowslide came down at Clearwater, between Apex and the Golden Age, Friday afternoon, blocking the Nelson-Nelway highway. Harold Lakes, who was coming in from the Golden Belt mine on Sheep creek, reported to the public works department at 5 p.m. The slide is 50 or 60 feet in width, and covers the road to about 12 feet depth Mr. Lakes left his car on the further side of the slide.

District Engineer William Ramsay will start his relief crew working Saturday morning on shovelling it out.

Two slides, aggregating 270 feet in length, and about 12 feet deep, came down at nearly the same point just 15 days earlier, and took a couple of days to clear.

FLOUR ADVANCES

Up Another 10 Cents at Vancouver

VANCOUVER, March 17 —Flour continues to advance with the rise in price of wheat. Another 10 cents per barrel rise took place on the Vancouver wholesale market today, making it the third in 10 days.

For wholesale, less than carlots, the new flour price is $4.75 per barrel for first patents, or $1.18¾ for the 49-lb. sack, which is the most popular measure in domestic use.

Eggs, Butter Lower

Increased Production Sends Fresh Eggs Down a Cent

MONTREAL, March 17 (CP) — Eggs and butter prices continued their downward trend on the Montreal produce and dairy market today.

Increased production with the nearness of the spring season caused fresh graded eggs in carlots or less to decline a cent a dozen. Extras were quoted at 19 cents, firsts at 18 cents and seconds at 17 cents a dozen. Receipts were 1,607 cases.

No. 1 grass butter in carlots or less lost a quarter of a cent to 25 cents a pound. Receipts were higher, totalling 677 boxes.

Stocks Pause as Volume Tapers

All Interlisted Shares Finish Lower

TORONTO, March 17 (CP) — Stock markets introduced a definite pause in the upward march of listings which began with the reopening of the Wall Street market Wednesday. On the Toronto stock exchange today trading tapered off sharply, although volume in International Nickel and Smelters held up quite well, and prices gradually *sought a lower level.*

All the interlisted shares finished lower, losses of half a point appearing for Nickel at 10¼, Brazilian at 8 and C. P. R. at 10¾. Consolidated Smelters dropped ¾ to 69⅝ after being up to 72⅝ around mid-day. Ford of Canada slipped back only ⅛ to 6⅞.

STERLING AND DOLLAR LOWER

Both Move Narrowly at New York

NEW YORK, March 17 (CP)—Demand for the pound sterling on New York foreign exchanges declined slightly today and the currency closed ⅜ cent off at $3.46⅝ for cables. The Canadian dollar also eased, selling ⅜ cent off at 84¼ cents, representing a premium in United States currency as against Canadian funds of 18¾ per cent.

Opening at $3.46¼, the pound ranged during the session between $3.46 and $3.46⅞. The Dominion's currency also moved narrowly.

MINES CHURN IN A NARROW RANGE

Modest Gains in Big Gold Shares

TORONTO, March 17 (CP) — Listings on the Standard mining market were not all sure about their directions today and churned about considerably without getting very far up or down. As groups the base metals weakened, the big golds firmed slightly while the cheap gold shares eased off minor amounts. The turnover was low in the regular traders but operators playing ring-around with McLeod River added 312,000 shares to the total. *McLeod dropped ⅞ and closed at* 4½.

Modest gains were recorded for the big gold shares, 25 cents for Dome to $15.25, 5 cents for Lake Shore to $32.30, 25 for Pioneer to $5.85 and 2 cents for Wright Hargreaves to $4.22 while Teck Hughes finished at $4.11, off a point and Hollinger broke even.

International Nickel closed off 60 cents at $10.15. Little more than 5,000 shares were traded against 30,000 yesterday.

CAR LOADINGS UP A LITTLE

OTTAWA, March 17 (CP)—Car loadings on Canadian railways for the week ending March 11 amounted to 34,371, an increase of 160 over the previous week, but a drop of 7392 from the corresponding week a year ago.

The red wood used in pencils, fence posts and cedar chests is not cedar, but juniper.

HEADACHE
Here's Quick Relief:

Aspirin brings you immediate relief. It acts before you can feel any effect at all from the slower forms of relief.

Do not hesitate to take Aspirin tablets because of this speed. Their quick action is due to the fact they dissolve immediately. They are perfectly safe. They do not depress the heart.

That's the beauty of a remedy like Aspirin. Anyone can take it, as often as there is any need of its comfort. In sufficient quantity to get complete relief. *You could take Aspirin every day in the year without ill effects.*

When you want relief from headaches, colds, neuralgia, or neuritis, periodic pains, etc., stick to Aspirin. You know what it will do, and you know what you are taking.

The new reduced price on bottles of 100 tablets leaves no reason for experimenting with any substitute for relieving pain. Insist on Aspirin.

PROTEST CUTS CITY'S GRANTS

Wires Go to Wells Gray and Dr. L. E. Borden From City

Nelson city council, realizing that the municipality will suffer a decided loss in revenue through cancellation of liquor profit and pari-mutuel grants, Friday sent a wire of protest to A. Wells Gray, M.P.P., of New Westminster, secretary of the Union of British Columbia Municipalities, and to Dr. L. E. Borden, M.P.P., Nelson.

The wire sent under signature of Mayor S. H. Smythe was as follows:

"City of Nelson emphaticaly protests withdrawal of pari-mutuel and profit grants. Trust you will use utmost influence to prevent this unfair and arbitrary action. Loss of these grants and imposing social service costs on the municipality means serious consequences to this city."

BOSWELL WILL KEEP YPRES DAY

Guild Plans Service of Commemoration

BOSWEL, B. C., March 17—The fortnightly meeting of the Church Guild was held on Tuesday afternoon at the home of the president, Mrs. Charles Allen.

A beautiful bedspread, embroidered by the members is now completed, Mrs. W. Van Koughnett having done the finishing touches. The spread is to be raffled.

The Guild is arranging to hold a commemoration service in the Memorial hall on Ypres Day, April 23.

The committee in charge of arrangements consists of Mrs. C. Allen, Mrs. Lawson Hepher and Mrs. M. MacGregor.

Those present were, Mrs. C. Allen, Mrs. A. Kennedy, Miss E. H. Smith, Mrs. A. Dunford, Mrs. F. Boyd, Mrs. J. R. Higgens, Mrs. W. L. Hepher, Mrs. M. Mac Gregor and Mrs. W. Van Koughnett.

BOSWELL'S ORIGINAL STORE IS CLOSED

BOSWELL, B. C., March 17.—Boswell's original store, opened by James Coupland nearly 20 years ago, is now closed. When Mr. and Mrs. Coupland and family moved to Trail early in 1927, the store was leased by F. Kunst. Mr. and Mrs. Kunst moved last week to the property which they have taken over from Capt. C. R. Higgens.

Mr. and Mrs. Boyd expect to leave at the end of the week to reside in Nelson.

Mrs. Donald West returned on Tuesday from Winnipeg where she has been visiting friends.

Miss Phyllis Sampson, who has been the guest of Miss Kay Hughes has left to take up a position in Creston.

E. C. Hunt, district horticulturist, was in the village to conduct a pruning school.

England's oldest tree, a yew in Beltingham churchyard, near Bardon Mill, has been bound with chains and iron bands to keep it from falling.

MR. TAGGART OF INVERMERE HURT

INVERMERE, B. C., March 17—E. W. L. Taggart of Windermere let a tank of gasoline slip from out of his hands, so that a heavy weight fell on his left foot, crushing one of his toes to a pulp.

Three of the competitions of the Invermere Curling club have been competed for and finished, they are the cup presented by the Columbia Valley Irrigated Fruit Lands which was won by E. Tunnicliffe, skip. W. H. Kirkpatrick, J. S. Dunn, Alex Martin; the Grand Challenge cup, won by William Hillier, skip, F. E. Green, R. McDonald, J. Frater and the cup presented by the Canadian legion, won by W. H. Cleland, skip. C. Thornton, T. Gallagher, B. Chubb.

BEHIND THE COUNTER AT 66
No Thought of Giving Up
WHILE KRUSCHEN KEEPS HER FIT

"The following facts may interest you," writes a wonderfully active woman. "I am 66 years of age, and for the last 15 years have been an assistant in a very busy dry-goods store. At the moment, I am serving behind the counter between the hours of 9 a.m. to 7 p.m., and up to 8 p.m. Fridays and Saturdays. During the last year I have only had 14 days' absence, due to a severe cold. It is some three years now since I commenced taking Kruschen, and I firmly believe that my present vitality is due to the daily dose. Prior to commencing Kruschen, I suffered from bilious attacks and general tiredness, and felt I should soon have to give up my work. However, I have no thought of this now, except that I may soon be superannuated. The date could easily be put ahead five years for all employees if only they took Kruschen."—(Mrs.) E. W.

Whether you are still in your 'teens or past your prime, it is neither too early nor too late to start on the "little daily dose." Just a tiny, tasteless pinch of Kruschen Salts every morning! That's the Kruschen rule for complete and constant fitness.

Kruschen is a combination of various natural salts which stimulate your liver, kidneys and digestive tract to healthy, regular activity. They ensure internal cleanliness and keep the blood-stream pure. New and refreshed blood is sent coursing to every fibre of your being. Rheumatism, headaches, indigestion and backaches all pass you by. Depression and lassitude vanish like mist before the morning sun.

Kruschen Salts is obtainable at all Drug Stores at 45c. and 75c. per bottle.

FREE TRIAL OFFER OF KRUSCHEN

Try Kruschen now at our expense. We have distributed a great many special "GIANT" packages which make it easy for you to prove our claims for yourself. Ask your druggist for the new "GIANT" 75c. package. This consists of our regular 75c. bottle together with a separate trial bottle—sufficient for about one week. Open the trial bottle first, put it to the test, and then, if not entirely convinced that Kruschen does everything we claim it to do, the regular bottle is still as good as new. Take it back. Your druggist is authorised to return your 75c. immediately and without question. You have tried Kruschen free at our expense. What could be fairer? Manufactured by E. Griffiths Hughes, Ltd., Manchester, England. (Established 1760.)

ELEPHANT BRAND FERTILIZERS
"Power to grow"

The Chemical Fertilizer

—gives quicker germination and faster growth, better weed control and less loss from disease and insect pest, earlier maturity, higher quality crops and increased yield at lower cost.

"Elephant" Brand provides a complete range fertilizers from which the Orchard Grower may select a mixture suitable for any kind of fruit or any soil condition.

Test Cricket and the Mythical Ashes

One of the puzzling expressions used in connection with the recent test matches between English and Australian teams was "The Mythical Ashes." The "Ashes" was the prize for which the players were competing and as England won four out of five matches they were reported to have gained possession of the "Ashes," which would accompany them to England. Not so many students of cricket know the exact derivation of the peculiar use of the word "Ashes" as denoting supremacy and therefore the explanation given by Mr. R. F. Pulteney, formerly of Calgary, but now of Victoria, will be of interest. Mr. Pulteney, writing in the Colonist, states that the term came into use following the sensational test match between England and Australia, played at Kennington Oval, August 28 and 29, 1882. The Australians defeated England by seven runs and the Sporting Times published the following obituary:

"In affectionate remembrance of English cricket, which died at the Oval, August 29, 1882. Deeply lamented by a large circle of sorrowing friends and acquaintances, R.I.P.

"N.B.—The body will be cremated and the ashes taken to Australia."

Mr. Pulteney adds that a little later some Australian ladies presented to the Marylebone Cricket Club an urn containing "Bulli" soil from Sydney to commemorate the first victory of their countrymen on English soil. This urn is one of the most treasured mementoes at Lord's cricket grounds.

Women as Smokers

It has been said that women first took up cigarette smoking for a "jaunty stage effect." It is certain that they have continued to smoke, and in an ever-increasing way, because of the solace they derive. It is only in comparatively recent years that the cigarette has become a habit among women. They have now, in large numbers, yielded themselves to its enticement. Of all habits smokings has become the most confirmed. Whatever its opponents say it is obvious that it has some soul-satisfying characteristic as has been in evidence since Sir Walter Raleigh demanded a pipe to solace himself with on his way to the scaffold.

A writer in The Boston Transcript says that women smoked at first "in quotation marks." In other words, they were not sure that they liked what they were doing. They tried the narcotic attraction and were conquered by it. Now some women are even more inveterate smokers than men. They no longer puff the cigarette for stage effect but because they enjoy its influence. They have yielded to the snare. Whether women are better or worse, or just the same, is a moot point. Normally women are more nervy than men. Smoking in moderation soothes the nerves. In immoderation, it has the opposite effect. Women's gift of intuition has, as yet, been able to tell the world nothing of why satisfaction should be derived from burning a weed in front of the nose.

Banks Sound in Canada

In the United States, 9200 banks closed their doors, with varying percentages of loss to customers, in ten years up to December 31 last.

In Canada, with our sound banking system, bank failures in the same period could be counted on one hand. There has not been a failure since that of the Home bank. Canadian banking today is on a sounder basis than at any time in its history, as comparatively weak members have in the last twenty years passed out of the picture, chiefly by absorption by the larger banks.

In this connection it is noted in the last bank statement that while Dominion notes in circulation in January were $15,000,000 above the figure for January, 1932, note circulation of chartered banks was nearly $27,000,000 lower.

Savings deposits are $22,500,000 greater than in January of last year, though demand deposits, as a result of contraction in business, are, of course, down.

One thing can be said for jig-saw puzzlers—they have to have a sense of the fitness of things.

The fellow who starts things on a shoestring can't complain if he has to take a lacing.

From the pictures we've seen of them, rubber bathing suits are going to have to take a lot of strain—from rubber necks.

You can't keep a fellow in hot water and expect him to cut much ice.

"Between You and Me"

By "J.B.C."

I was sitting in the baggage room of the Canadian Pacific railway station early the other morning waiting for the late Kettle Valley train. It was due at 2:45 and then 3 and finally wheezed in with pilot piled high with snow at about 3:15. While waiting naturally a lot of railwaymen breezed into the room and listened to Bert Allen answer the telephone. He swore that the same person called him every five minutes. Constable Brown was there and so was Conductor A. J. Balment of Cranbrook. He was figuring what time he would get home and the conversation was naturally all about railroading. But despite the tall stories some of our loca. railroaders tell they can't come up to the following from South Africa, written to an eastern publication. It goes like this:

* * *

A letter in the Bluenose:

Dear sir:

"I am an inspector of foreign boilers at the Baldwin Locomotive Works. I was travelling through Africa some time ago and I saw the most powerful locomotive in the world. I want to tell you about it so that you can let your readers know that they have larger engines there than they have here.

* * *

"This engine had five acres of grate bars, four acres of netting in the smoke box and it took a man a day and a half to walk through the cylinders. Every time the engine exhausts it rains for 20 minutes afterward. There is an elevator that goes to the headlight to hoist the oil, as it requires five barrels of oil to fill it. It takes two men 40 minutes to light one signal lamp.

* * *

"The engineer had to us x-rays to watch for signals, and after running six months he goes blind. It takes two astronomers with a powerful telescope to see her going.

* * *

"It took nine carpenters four months to build the pilot. They use a steam shovel to give her coal. The tank holds 27 carloads and every time they wash the boiler it is necessary to drain the sewer grates. The roundhouse force holds a picnic in the fire box every summer.

* * *

"She carries 860 pounds of steam and 360 pounds of air on the train line. She can haul 720 loads and in good weather she might walk away with 722. She runs from Kimberley to Johannesburg, a distance of 900 miles. The wind of the train has been known to knock down monster trees of the forest, as she makes the run in three hours and 11 minutes.

* * *

"When she leaves the track there is an earthquake in China four days later. The throttle is pulled by a stationery engine in the cab. The lubricator holds four barrels of oil. The train goes so fast that when she is stopped she is still going 10 miles an hour.

"This is a true story, Mr. Editor; I can vouch for it."

* * *

Can you beat it?

* * *

LIFE

To the preacher life's a sermon,
To the joker life's a jest;
To the miser life is money,
To the loafer life is rest.
To the lawyer life is trial,
To the poet life's a song;
To the doctor life's a patient
Who needs treatment right along.
To the soldier life's a battle,
To the teacher life's a school;
Life's a great thing to the thinker
But a failure to the fool.
Life is just a long vacation
To the man who loves his work,
But it's constant dodging duty
To the fellow who's a shirk.
To the faithful, earnest worker
Life's a story, ever new.
Life is what we try to make it,
Brother, what is life to you?

* * *

It sometimes takes the children to beat the old folks when it comes to making humor. I am indebted to a gentleman in Rossland for the two following yarns:

* * *

My brother-in-law, living in Vancouver, had planned for several weekends to make a trip to Seattle, but each time something occurred to prevent. On one occasion when he had spoken at home of going to Seattle, his little son remained thoughtful for some time and then asked his mother, "Mother, what does Attle look like?" his obvious inference being that if people talked so much of going to see Attle, then Attle's appearance must be something out of the ordinary.

* * *

Little Mary, aged 3, had never seen blood. One day she and her little brother, the latter aged about a year and a half were playing around the front door of their home, when the little boy fell, striking his nose on the step. Their mother, in the house, heard piercing screams from them both, and little Mary calling, "Mother, come quick, there's somethin' awful spilling out of Willie!"

* * *

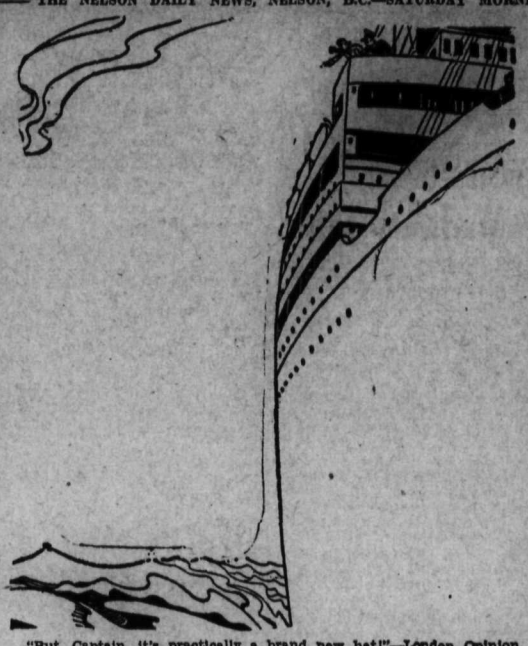
Belleville resident, according to the Stratford Beacon-Herald, hasn't had his watch cleaned for 20 years, yet it keeps perfect time. He has a buttonhole worked in his vest pocket, and he says this idea keeps the watch clean by letting the dirt out. It reminds us of the man who hasn't bought ink for his fountain pen for 15 years. He lives beside a post office. But that Belleville man seems to go to a lot of trouble. He's probably the sort of chap who would wear a woollen cuff on his arm to keep his wrist watch clean.

* * *

Careful count of the population reveals that the average Canadian family consists of three and four-tenths members. The missing six-tenths is accounted for by the fact that father is a little shorter than usual these days.

AUNT HET

"Bill won't divorce her. He's so stingy he wouldn't turn loose nothin' unless he got a good trade-in value."



"But, Captain, it's practically a brand new hat!"—London Opinion.

STATION L-O-V-E

By CRAIG CARROLL

INSTALMENT 15

Judy listened to Elton Day's explanation.

"I said yesterday I was running the show," Day said. "I was wrong. No writer ever runs anything. The client cuts in whenever he feels like it. And this particular client—well things were said."

"Things were said? What things?" Judy asked.

"I can't tell you."

"And then?"

"Then the client said he liked another voice."

"So Lona gets the job?"

"Lona? Why—" Day turned away nervously, tapped the chair arm with his thin fingers. He took out a cigarette, studied it, dropped it, rubbed it into the carpet with a slender foot.

"So your message was final?" she asked finally, knowing what he would say, wishing she had not spoken.

"Far as the Beauty Builders job is concerned, yes."

"I see."

She got up, and he caught her hand, but she drew away. "Please don't, Mr. Day."

"Mister! Why—"

"Or isn't that your real name?" she asked, wishing she could think of something truly devasting. "Anyhow—"

"Hello, Judy," Dick said, coming past the pillar. "Oh you have company Hello, Day."

Elton Day did not answer. He turned neatly, like an automaton, and hurried down the corridor, not looking back. Judy realized that Dick was about to follow him.

* * *

"No, Dick," she said quietly. "No."

"Oh." He grinned ruefully. "Almost forgot. Mustn't muss up the handsome author. Not while he's around the shop, anyhow. Come along to the studio, Judy."

"But there's no use, is there?"

"Why not?"

"Elton—Mr. Day—just said the client had ordered another girl into the part. And there wouldn't be any use in my trying for the job."

"Never mind. We'll talk about it in a minute. But not out here. Too many people listening. Here, let's go into the studio."

He opened a heavy door. Judy saw a narrow, tall room. At one end, band instruments and music racks, ranged around two enormous grand pianos. Along one wall, a few small chairs. Hanging from the ceiling, on long tables, round things which she knew were microphones. Under one of these, a table about waist high.

"Won't you sit down?" Dick asked. "Here. Nobody will bother us for a few minutes, anyhow. Day told you part of the truth, but not all of it. Here's what happened, Judy. The client called up and ordered a new audition on the whole business today. And I think I know why."

"Why?" Judy asked, dutifully.

"Because Lona Burdette did her usua. dirty work. Went to see the client. Made a fuss about the audition. Said that—that—"

"That what?"

"Well—" he moved uneasily. "You've got to get used to funny things in this business. People seem to be meaner when they're after a job like this than if it where—well, an office. Or—"

* * *

Judy began to understand.

"You mean Lona told the client that Elton arranged it so only I had a chance for the job? Is that it?" she demanded.

"I guess so, Judy."

"But it's not so. I did'nt even know him until after the show, when he came to our table."

"Of course you didn't, Judy. But suppose Lona threatened to make trouble for Elton on some of his other programs. She could. She knows too much about him, I guess. Suppose she did? It would be easy enough for Day to get out of giving you the job on the audition itself. Then he could tell you not to report. And I think that's how it works."

"But he couldnt." 'I don't know, Judy. Don't know at all. Only— you are here. And I've already talked to the client. And there'll be a half dozen others here, too. So we'll put on a new audition, straight through. And if he likes your voice better that the others—"

"I'd better not. I'd better go now," Judy said quickly, Frightened, puzzled. "It's only $40 a week. That isn't enough money to do so much plotting about. Is it Dick?"

"No But the job is. Because if a girl can say she's a success on one of the first-string programs she can get other good jobs. Why, I know a woman who's working on eight different shows at different stations. Making $500 a week, somebody said."

Five hundred dollars a week! Judy caught her breath. It couldn't be possible. Nobody could earn that much. Except artists. People who get $1000 a night in concert, perhaps; as she had hoped she might. But just for talking! New vistas opened at once. If she could earn a lot of money, if she could go home just for a visit, saying casually, "I have five different radio jobs," or, "I'll have to pay a big income tax this year."

Judy knew her father. Success had only one test with him and that was how much money you got for it and how much you could put in the bank. Even when she was giving little recitals he wanted to know why she would not charge admission.

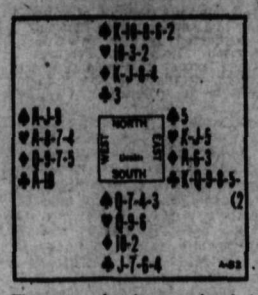
George Benwell was elected president of the Nelson Lacrosse association at a meeting last night.

Auction and Contract Bridge

By the World's Leading Authority MILTON C. WORK

A SAFETY PLAY



The above hand was played in New York City at eleven tables of Mitchell-plan duplicate Contract. The bidding at most of the tables was: South pass, West one No Trump, North pass, East three Clubs (a game-demand take-out), South pass, West three No Trumps.

With West the Declarer playing three No Trumps, North's opening lead was the Six of Spades; and South's Queen was overtaken by West's Ace. At every table but one, the Declarer started immediately to run the probably-established Club suit—only to realize that the improbable 4-1 division of five adverse cards does occur. He won with the Ace of Clubs but on the Second round found to his sorrow that North was exhausted and South had the suit stopped. With no other play for game available, he won with East's King and Queen, and threw South in the lead on the fourth round. He knew that South held one of four Spades—the King, 10, 8 and 7) and hoped that it was the King or Ten as that would give Declarer another Spade stopper. But the fickle goddess decided contra and North-South captured four Spades and a Club, setting the contract one trick. Do you see how one Declarer made game by simple, logical play?

THE CORRECT PLAY

Mr. Robert Rau, reasoned that he had an easy game if he could keep South from leading through West's Spades. He realized that he could surrender one Club trick and still make game, provided that trick was won by North and the presence of a singleton in dummy suggested the probability of a single Club in one adverse hand. He therefore played safe for game, guarding against the possibility of South's holding four Clubs.

Dummy was put in with the King of Hearts (the dangerous finesse being refused) to lead a small Club. West played the Ten and Mr. Rau was quite pleased to see it hold the trick. West cashed the Ace of Clubs and after that dummy was put in with the Diamond Ace to run his Clubs. Declarer thus won ten tricks—one more than he needed. Had matchpoint scoring been in use every possible trick would be needed for a top score, so the Club finesse which might lose a trick unnecessarily would not have been advisable, the odds being 68 to 32 that the adverse Clubs would be divided 3-2.

Told in Rime

VANISHING FREEDOM

"Never again!" I heard you cry,
As you cut your frocks to your silken knees,
"Never again, as in times gone by,
Will I bow to Fashion's absurd decrees.
Henceforth I'll do as I jolly well please;
I'll tell the world I am off the chain.
What, give up the joys of freedom and ease?
Never again! Never again!"

It was much the same when you cropped your hair,
Your beautiful locks had been much admired,
But you vowed you were busy—you could not spare
The time that luxuriant growth required,
The notion of combing it made you tired;
But that was, of course, some time ago.
A change of fashion is now desired,
And tresses and dresses must longer grow.

Not too swiftly, but inch by inch
The joy of freedom is filched away;
The skirt may hamper, the shoe may pinch,
But the slaves of Fashion have naught to say,
And perchance in the course of time we may
Return to the good Victorian age,
And you'll be contented your part to play
As a dear little bird in a gilded cage.

—TOUCHSTONE.

25 Years Ago

(From The Daily News of March 18, 1908)

Clearing activities are in full swing at Procter and work will commence soon on the construction of the new boarding house for the mill workers.

* * *

James Stewart has been appointed customs officer at Carson in the Boundary.

* * *

The summer movement across the lake has already started. Captain Robertson has leased the Wine ranch and A. Sutherland is moving across the Arm at the end of the month.

* * *

Work of dismantling the old Methodist church to make room for the new building is under way.

—AND RIGHTLY SO

"Doesn't your choir sing at the prison any more?"

"No several of the prisoners objected on the grounds that is wasn't included in their sentences."

LOVE, HONOR AND—

"Do you wish the word 'obey' cut out?" asked the clergyman.

"M'yes!" she replied with a twinkle in her eye: "Please substitute 'Love, honor, and—supply.'"

That Body of Yours

By JAMES W. BARTON, M.D.

SINUSITIS—INFLAMATION OF LINING OF THE SINUSES

It is only a short time ago since the word sinus became familiar to the majority of people. It was known of course that there were little hollow places adjoining the nose in the upper jaw or cheek bones, but that there were other sinuses on caverns in the bones of the face was not well known.

These sinuses can give trouble just as can other parts of the body, and it is admitted by the majority of nose and throat specialists that infection of the sinus in the cheek, the antrum as it is called, is responsible for most of the nose complaints.

This does not mean that pus is formed in all cases, nor does it mean that if no pus is found in the antrum these is really no trouble there. There can be inflamation that thickens and swells the lining of the antrum, an inflammation that forms a hard fibrous lining instead of the moist soft lining, and an inflammation with the formation of pus.

Many of these cases require a simple operation such as enlarging the opening so that mucous or pus will drain out easily, while others require more serious methods, even to the removal of the entire lining, and allowing a new lining to form.

Naturally this is delicate work and particular care must be taken to prevent damage to nerves and blood-vessels.

It is inflammation of these sinuses in the cheek, forehead and about the eye socket that may cause a rise in temperature without the cause being suspected.

What are the symptoms of sinusitis?

A pain over the cheek bone, over the root of the nose, or above either eye, may be due to infection in the sinuses in these regions.

Tenderness or pressure over the cheek bone or over the forehead just above the eye, should cause the patient to suspect sinusitis and report immediately to his physician.

In some chronic cases with mucous or pus formation, residing for a number of months in a dry climate often brings about the healthy condition of the lining membrane of these sinuses.

WEEKLY WEATHER BULLETIN

For Western and Central Canada, embracing British Columbia, Alberta, Saskatchewan, Manitoba and Ontario.

Monday, March 20, 1933—Clear and cold generally, but tending to moderate in western parts of the central provinces. Light precipitation about southeast near the great lakes.

Tuesday, March 21—Most parts of the country clear and temperatures definitely rising. Along southern borders some indication of light precipitation.

Wednesday, March 22—Probably some precipitation today, especially in southern parts of central provinces and to the southeast. In general throughout the country temperatures higher.

Thursday, March 23—Not much indication of rain or snow except about the southeast sections, and temperatures should remain nearly stationary or slightly lower.

Friday, March 24—Weather probably warmer and in most sections clear, but may be spots of rain or snow in the northwest and mountain regions.

Saturday, March 25—Slightly colder and unsettled in most of the country, with precipitation along southern borders and the southeast sections.

Sunday, March 26—Probably a mild storm disturbance about the northwest, where temperatures are falling, but elsewhere generally clear, fair weather.

Week of March 20 to 26, 1933, in central provinces begins with clear and cold weather in west, but somewhat warmer to the southeast. By middle of week it should be rather warm for the season, or at least moderate, and while not much snow or rainfall is expected, near last of week there are indications of cloudy weather and some precipitation about southern sections and east near the great lakes. In the west a sudden cold spell is due about the 26th or 27th.

In all the central provinces, killing frosts may be expected throughout the month of March, and this year low temperatures are practically certain until the last part of April, after which time many of the more protected localities may become free of devasting frost danger. However, even in the basins of the Qu'Appelle and Assiniboine rivers the records show cold days and frosty nights up to the first part of June, and in the plateau sections there is always some danger of killing frost until past the middle of June.

What the Press Is Saying

SOUTH AFRICA

The baboons down Noordhoek and Simon's Town way ought to be grateful to the divisional council. The council yesterday decided to protect them, although Councillor Kemp expressed strong doubt about the wisdom of doing so. His main charge was that they were too destructive; they came by night into the mealie lands and carried away the farmers' cobs.

But fortunately the friends of the baboon outnumbered his enemies, and the proposal went through. And rightly; a few ravished mealie lands cannot be turned into a pretext for withholding protection from the Peninsula's tribe of baboons. They are aristocrats. They are not common baboons like those of the mainland; indeed, they have had no dealings with the up-country baboons for more than a century.—Cape Times, Cape Town.

NICARAGUA

There has arrived in this city from Granada the young gentleman, Don Tomas Romero, who has come with the object of patenting his invention, a new sort of Nicaraguan candy made of melon-rind, goat's milk and hickory nuts to which he had given the name "paleta." It is reported that this delicacy has already won a wide-spread acceptation in Granada, and is pronounced by the epicures of that capital and department as enjoyable as any of the best imported candies. The apparatus which Don Romero uses in the manufacture of his confection is likewise of his own devising, and has been constructed in this country. We believe that the ministry of industry, in accord with its desire to stimulate nationa. products, will grant the patent which young Don Romero solicits.—La Noticia, Managua.

EGYPT

It is a pity some of the "conscientious objectors" to smallpox vaccination in England cannot pay a visit to the Alexandria municipality's fever hospital at Hadra. There they might see, in the persons of the victims of the present smallpox epidemic at Alexandria, the consequences of neglecting to make use of one of the most beneficial discoveries that medical science has given us. Smallpox is not a pleasant disease and the spectacle of a patient with a bad attack is calculated both to cure a lot of so-called conscientious objection and to arouse to action those who have failed through laziness to avail themselves of the safeguard which vaccination affords.—Egyptian Gazette, Alexandria.

"You mean how many weeks do wear a collar!" retorted his poor ation.

FERNIE DOCTORS SEEKING HELP

Wish Reimbursement for the Treating of Jobless

FERNIE, B. C., March 17.—Drs. McKenzie and Kelman sr., representing the doctors of the city, waited on the Fernie city council on Wednesday. Dr. McKenzie said they were there to ask if the city could assist them in the cost of looking after the families of the unemployed. They said they were willing to give their services if they could be reimbursed for the cost of medicine and other expenses. Up to date they had attended the sick of the unemployed and not received a cent to cover expenses. Their incomes had fallen so low that they could not carry on further in this manner. They suggested a rate of $1 a family per month to cover their costs. They thought there was about 300 families on relief.

The council considered this request later and decided to lay it over to a future meeting and in the meantime to get a precise statement form the doctors as to the number of these families they attended each month.

POSSESS DEER MEAT—FINED

GREENWOOD, B. C., March 17—D. Hood and A Michaud of Beaverdell appeared before stipendiary magistrate C. Nichols on Saturday at Greenwood charged with being in possession of deer meat out of season. They were found guilty and fined $12.50 each and costs. The charge was brought by game warden, J. W. Stewart.

Social News of Rossland

The following column of social news and happenings in Rossland is conducted by Mrs. Bessie B. Ferguson. Phone Mrs Ferguson at her home in Rossland and give her details of events of interest to this column.

ROSSLAND, B. C., March 16—Mrs. William Blackwell and Mrs. James Porter entertained with a delightful social gathering at the home of the latter, Tuesday evening, the affair being under the auspices of the Women's Friendly Circle. Games contests and community singing made the time pass all too rapidly. Solos by Mrs. Ernest Morris, Mrs. W. M. Gresly-Jones, and Mrs. Alfred Hale were much enjoyed. Refreshments were served, the hostesses being assisted by Miss Lily Gill, Miss Mildred Bosworth, and Miss Amy Porter. The guests included Mrs. Harold Evans, Mrs. Harold Fox, Mrs. Ernest Morris, Mrs. C. R. Grose, Mrs. J. Gill, Sheep Creek, Mrs. W. M. Gresly-Jones, Mrs. William Buick, Mrs. Thomas Woods, Mrs. Herbert Martin, Mrs. Robert Clelland, Mrs. W. F. McNeill, Mrs. Noble W. Armstrong, Mrs A. Nichols, Mrs. Alfred Hale, Mrs. John E. Gordon, Mrs. John Newman, Mrs. E. R. Jones, Mrs. A. Johnson, Mrs. William Cunningham, Mrs. William Coulter, Mrs. Arthur Littley, Mrs. R. E. Ackerman, Mrs. J. A. McMillan, Mrs. C. Larsen, Miss Annie Larsen, Mrs. J. Leeson, Mrs. C. H. Daly, Mrs. Edgar Jamieson, Mrs. Smith, Mrs. Basil Littley, Mrs. John Cox, Mrs. James Gunn, Miss Lily Gill, Miss Mildred Bosworth and Miss Amy Porter.

• • •

Mrs. R. K. McAllister entertained with two tables of bridge at her home on Tuesday evening. Those present were Mrs. A. C. Ridgers, Mrs. B. G. Lees, Mrs. D. S. Catchpole, Mrs. Walter Griffiths, Mrs. J. van der Est, Mrs. Samuel Irvin, Mrs. Robert Anderson and Mrs. R. K. McAllister.

• • •

Mrs. Frank Gibbs, who has been visiting in Victoria, is the guest of Mrs. Robert Anderson, Kootenay Ave., en route to her home in Victoria. Mrs. Gibbs is the widow of Frank Gibbs formerly general manager for British Columbia, of the Brackman-Ker Milling Co.

• • •

Mrs. John Gill of Sheep Creek is visiting in the city, the guest of her daughter, Mrs. Cyril Evans, Victoria Ave.

Armaments and Warfare Debated

BOSWELL, B. C., March 17—About 40 people attended the debate held in the Memorial hall.

The subject was: "That National Armaments are conducive to Warfare." Mrs. F. M. Hughes spoke in favor of the notion, Capt. H. E. Thain against.

Each speaker gave a splendid address, the judges deciding in favor of the speaker for the affirmative, by a small number of points. Following the announcement of the judges decision, the debate was thrown open, and a lively discussion ensued in which considerably more than a third of those present took part.

Indeed there was more general discussion at this debate than at any previous one held huring the winter

At the close of the evening, W. L. Hepher proposed a vote of thanks to the two speakers of the evening, and the hearty applause of the audience testified to their appreciation. Mrs. Hughes and Mr. Thain each expressed their enjoyment of the evening and their pleasure at the interest aroused.

B. H. Smith was chairman, while the judges were: Mrs. J. H. Smith, S. S. Frank and A. Hepher.

PYTHIAN SISTERS HONOR MEMBERS

NAKUSP, B. C., March 17—After the meeting of the Pythian Sisters Tuesday evening, 10 members who celebrated birthday anniversaries during the months of January, February and March, were feted. Each guest of honor was presented with a fancy-work bag embroidered in K. P. colors. At the supper hour a birthday cake with 10 candles was served. Prize winners for the evening were E. J. Leveque and Mrs. F. Johnson.

Society

This column is conducted by Mrs M J Vigneux. All news of a social nature, including receptions, private entertainments, personal items, marriages, etc; will appear in this column Telephone Mrs Vigneux at her home, 519 Silica street.

The Church Helpers association of St. Saviour's church held a very pretty spring tea yesterday in the Memorial hall with Mrs. P. C. Richards as general convener. Presiding at the dainty tea table with its center of pussy willows and daffodils were Mrs. Fred Graham and Mrs. William J. Sturgeon. Others assisting in serving tea were, Mrs. Reginald H. Dill, Miss Jean Hunter, Miss Beryl Graham, Mrs. Arthur Collinson, Mrs. William Taylor, Mrs. Charles H. Hamilton, Mrs. R. W. Dawson, Mrs. Richards, Mrs. W. T. Fotheringham acted as cashier. Mrs. A. T. Stephenson was in charge of the raffle which was won by Mrs. A. J. Dunnett. Mrs. Hugh W. Robertson, Mrs. George Schupe and Mrs. R. A. Aldersmith supervised the work table, while the always popular culinary table was in charge of Mrs. George Horstead, Mrs. Ernest W. Steel and Mrs. F. R. Pritchard. The candy was disposed of by Mrs. Harry Gore and Mrs. A. J. Cornish.

• • •

Mrs. William De Foe, Robson street, returned yesterday from Creston where she has been visiting her parents.

• • •

M. McKay of Procter paid a visit to the city yesterday.

• • •

Among shoppers to Nelson yesterday was Mrs. John Gilroy of Willow Point.

• • •

Mrs. T. L. Marquis, Fairview, who has been spending the past three months visiting relatives in Walla Walla and her daughter, Mrs. McTerman in Spokane, returned home Thursday night.

• • •

A. McLeod of Salmo paid a visit to town yesterday.

• • •

Mrs. J. Wray and family have left for Spokane

• • •

D. L. Kerr, Kerr apartments, returned last night from Vancouver where he has been for the past couple of weeks.

• • •

Mrs. A. W. L. Holmes of Crawford Bay spent yesterday in Nelson shopping.

• • •

George Hyde, mining man of Falls Creek, was among shoppers to the city yesterday.

• • •

Maurice Preece of Sunshine Bay is spending the week-end in the city with friends.

• • •

Mr. and Mrs. Bud Rose of Bosun ranch, New Denver, paid a visit to town yesterday.

• • •

Mrs. Everett Brasch of Procter spent yesterday in Nelson, the guest of her parents, Mr. and Mrs. J. Ryan, Vancouver street.

• • •

Mrs. Walter Bradshaw of Trail and infant son, Norman Donald, left the Kootenay Lake General hospital yesterday for the home on Silica street of Mr. and Mrs. Joseph Bradshaw where they will visit for a few days before returning to Trail.

• • •

E. Fitchett, Mrs. W. W. Britton, Mrs. F. Andrews, Mrs. H. Fairbank, Mrs. L. C. Piper, Mrs. W. S. Ashby, Mrs. C. D. Ogilvie and the group leader, Mrs. A. R. Johnston.

YOUNG PEOPLE AT BALFOUR HOSTS AT WHIST DRIVE

BALFOUR, B. C., March 17—The Young Peoples club of Balfour held a whist brive on Saturday. In spite of the bad weather, quite a number turned out and had a pleasant evening after which refreshments were served by the ladies.

The Anglican Ladies' guild held their meeting at the home of Mrs. George Conrad on Wednesday March. 15.

Miss Queenie McQueen has been sick in Kaslo. John Peachy is substituting at Balfour school during her absence.

Mr. and Mrs. C. A. Gray were visitors to Balfour on Monday.

Mrs. H. Johnson and two children were visitors to Balfour on Wednesday the guests of Mr. and Mrs. Peachy.

LOF, SLOCAN CITY TAKEN TO HOSPITAL

Carl Lof, of Slocan City was brought to Kootenay Lake General hospital in Somers' Ambulance Friday morning. Lof was suffering from pneumonia.

Frogs and toads prefer living food, and the more lively an insect, the more attractive it is to them. A frog would starve to death, sitting in the midst of a swarm of insects, if they continued to remain motionless. Insects are captured by the snapping out of a long, sticky tongue which is attached at the front end of the frog's mouth.

FERNIE SEEKS FURTHER LOAN

Raise Grant for Indigent Funerals; Grant Board Money

FERNIE, B. C., March 17.—J. V. Rewers, undertaker, met the Fernie council with a request that the payment for indigent funerals be raised from the present charge of $50. He said that he had to bear the cemetery charges which amounted to about $25. This was not usually the case in other cities. The council raised the rate paid to $65.

The council made application to the provincial government for a further loan of $7500 for unemployment relief to cover the cost of this distribution during April, May, and June. The council was of the opinion that relief needs during these months would be greater than at the present.

The final reading of the bylaw borrowing $2000 from the provincial government for relief costs during March was passed.

The bylaw permitting the city to borrow from the bank up to $50,000 as a temporary loan until taxes come in was passed.

Mayor Douglas gave a short report of the motions dealt with at the meeting of Municipalities at Victoria which he attended.

The Workmen's Compensation board wrote stating the unemployed city workers would be covered on a basis of earning $8 a week.

The Fernie board of trade request for a donation of $100 was granted.

Salvation Army headquarters at Vancouver asked for a donation to assist in their general relief work. The council felt that the local situation required all the city could spare for this class of work.

MRS. K. RENTON HONORED AT HARROP

HARROP, B. C., March 17—Mrs. H. Fairbank, Mrs. J. Berry and Mrs. W. J. McConnell were hostesses Tuesday evening at the home of the latter, entertaining in honor of Miss Katherine Renton who leaves Thursday morning to spend several months in Victoria. The affair was a complete surprise to Miss Renton, who was also the recipient of a handkerchief shower from her friends. Several contests were enjoyed. Those present were Miss Ruby Whitfield, Miss Jean McDonald, Miss Sadie McIntosh, Mrs. C. J. Bowley, Mrs. W. S. Ashby, Mrs. E. Harrop, Mrs. L. C. Piper, J. G. Whiteside, C. Major, W. D. Ogilvie, B. S. NEW YORK LIST WEAKENS SOME

Stocks and Leading Commodities Withdraw; Volume Down

By JOHN L. COOLEY
Associated Press Financial Writer

NEW YORK, March 17 (AP)—A partial retreat from the advanced positions occupied on Wednesday and Thursday occurred on most financial fronts today. Stocks and leading commodities withdrew, in some instances a considerable distance from previous final prices. Weakening money rates offered friendly assistance toward offsetting losses in quoted values.

Speculative markets were presumably due for a reaction, since so feverish a rise as had been experienced in this week's trading seldom continues without inroads by profit-takers. Confusion over proposed farm relief legislation appeared partly responsible for lower grain and cotton markets; and stocks during the afternoon turned sympathetically downward after early uneasiness. Losses ranged from fractions to 2 points or so, with a few exceptions.

Sales, 1,726,580 shares, were little more than half yesterday's volume.

Realizing found buyers less responsive on Thursday. In the last hour bids were lower noticeably and the closing tone was heavy, losses of 2 points, or slightly larger, occurred in American Telephone, Union Pacific, Consolidated Gas, American Can, Allied Chemical and Public Service of New Jersey, while U S. Steel, Westinghouse, Dupont, National Biscuit, Woolworth, North American, and Santa Fe sagged 1 to nearly 2. Case lost 4. Rails fought the trend for a while, but finally sold off. The "wet" issues looked rather subdued, though some sugars and the gold mining group established, and held, higher prices.

MONTREAL MAKES ORDERLY RETREAT

Consolidated Higher at 72; Nickel Lower

MONTREAL, March 17 (CP)—The stock market made an orderly retreat today from the high peaks reached in yesterday's turbulent session and at the close losses ranging from fractions to two points outnumbered gains three to one. Volume was of moderate proportions, upward of 12,000 shares changing hands.

Base metal shares headed an abortive rally around mid-day but it did not hold and prices resumed their downward course. Consolidated Smelters held up well, however, closing two points higher at 72, its top for the day was 72¼, a new high. Other interlisted stocks were lower. International Nickel lost ⅜ at 10¼, Brazilian ¼ at 8 and Canadian Pacific ⅛ at 11⅛.

Bell Telephone dipped 2 to 88¼. Bank of Nova Scotia made its March debut at 245, down nine points. Fractional losses occurred in Dominion Bridge, Shawinigan, Power Corporation, and B.C. Power.

Sales totalled 12,330 shares, bonds $14,300.

BAR SILVER LOWER

LONDON, March 17 (AP)—Bar silver easy, ¼ lower at 17⅝d.

LEGAL NOTICES

NAVIGABLE WATER PROTECTION ACT
R.S.C. 1927, CHAP. 140

The SCHAEFER HITCHCOCK COMPANY, hereby give notice that they have under Section 7 of the said Act, deposited with the Minister of Public Works at OTTAWA, and in the Office of Registrar of Lands Registry District of NELSON at NELSON, B. C., a description of the Site and Plans of a BOOMING ground proposed to be stretched and driven in the West Arm of KOOTENAY LAKE near NELSON, B. C., in Lot 14562 and in front of Lot 97, both in KOOTENAY DISTRICT. And take notice, that after the expiration of One month from the date of the first publication of this notice, the SCHAEFER HITCHCOCK COMPANY will under Section 7 of the said Act apply to the Minister of Public Works at his office in the City of OTTAWA for approval of the said Site and plans, and for leave to construct the said BOOMING grounds.

SCHAEFER HITCHCOCK COMPANY.
Per G. V. CADY, Superintendent.
March 11th, 1933. (5939)

GRAIN PLUNGES

Selling Pounds Winnipeg Wheat Down Over 2½ Cents

WINNIPEG, March 17 (CP)—The closing bell today brought relief to wheat futures as they crawled from the Winnipeg pit bruised and battered from a session-long pounding by selling.

Driven steadily downward by selling pressure of every description, futures finished as much as three cents lower. Prices were near the day's bottom most levels at the close, May option at 51⅝, July 52⅞, and October 54½ to 58, an all-around setback of three to 2¾ cents.

From the start, profit-takers ran rampant. Elevator interests unloaded hedging sales and speculators liquidated their holdings. The decline continued throughout the session and prices at no time showed signs of recovery. The hard-won two-cent gains of yesterday were more than obliterated.

Chicago traders, selling futures here at the opening against purchases in their own market, started the debacle. Scary buyers of yesterday soon followed as they sought to protect their profits.

Little export business was done in Canadian wheat today.

LONDON CLOSE

LONDON, March 17 (AP)—Closing quotations: American stocks quoted in dollars at four shillings per dollar: Brazilian Traction 69⅝; Canadian Pacific $13⅛; International Nickel $12¾; British American Tobacco £4⅝; Distillers 54s 1½d; Ford Ltd 18s; Hudson Bay 17s 6d; Imperial Chemical 24s 3d; Imperial Tobacco 92s 6d; Shell T & T £2⅝; Vickers 6s 9d; British 3½ per cent war loan £99¾; British 4 per cent loan 1960-90 £111¾.

AUREEN ORCUTT BEATS MRS. HILL

UGUSTA, Ga., March 17 (AP)— oting sub-par golf all the way, Maureen Orcutt of Englewood J., today won the Augusta Wo- 's Invitation golf tournament Mrs. O. S. Hill, Kansas City, a margin of one up.

BOAT CREWS PRACTISING

PUTNEY, Eng., March 17 (CP cable)—The Oxford university eight went the full course in practice for the annual boat race classic with Cambridge this afternoon in 21 minutes and 39 seconds, creditable time although far from the record of 18 minutes 21 seconds for a practice race set by Oxford in 1929.

Both Oxford and the light blues have been practising ... great event which will be rowed on April 1.

AMERICANS WILL BE REORGANIZED

High-Salaried Players to Be Sold or Traded

NEW YORK, March 17. (CP)—Virtual elimination of New York Americans from the Stanley cup play-offs has stirred Gotham hockey critics to speculate to the extent of columns as to what changes will be made to the hapless Amerks before next season rolls around.

All high-salaried players will be sold or traded and the team completely reorganized before next season, says James Burchard in the World-Telegram.

One club official is reported to have become extremely pessimistic following last night's Amerk-Boston Bruin tilt which ended in a one-all stalemate.

"Six or more of those fellows will not be with us next fall. We will barter most of them if we can get youngsters who will show some spirit. We need youth and spirit on this club and we are ready to trade or put out cash. More radical changes are in store for the Americans than you can imagine," he is quoted as saying.

BIRD CHAMPS TO MEET, KIMBERLEY

147 Enter for East Kootenay Championships

KIMBERLEY, B. C., March 17—The entry list for the East Kootenay badminton championships which will be played at McDougall hall Friday and Saturday on Wednesday stood at 147, exceeding last year's entry by 29.

The defending champions are Miss M. Flett and G. Barr ... doubles; Mrs. Fergie and Mrs. McIntosh, ladies' doubles; C. B. Cunningham and O. A. Mustart, men's doubles; Mrs. Willis, ladies' singles. J. Kimpton, who won the men's singles last year, has recently been transferred to Alberta and will be unable to defend his title.

H. F. Stanton, president, O. A. Mustart, secretary of Kimberley, and D. Donaldson and E. Dingley of Cranbrook comprise the committee handling arrangements.

AMERICAN ASSOC. PLAYOFF SCHEDULE

KANSAS CITY, March 17. (AP).—A completed schedule for the American Hockey association playoffs was announced here today by W. F. Grant, league president. Three teams, Kansas City, Tulsa and St. Louis meet in a round robin series of six games, with the opening game in St. Louis tomorrow night.

THE SCHEDULE

At St. Louis, March 18—Kansas City vs. St. Louis.

At St. Louis, March 19—Tulsa vs. St. Louis.

At aKnsas City, March 22—Tulsa vs. Kansas City.

At Tulsa, March 23—Kansas City vs. Tulsa.

At Tulsa, March 25—St. Louis vs. Tulsa.

At Kansas City, March 27 — St. Louis vs. Kansas City.

MEMORIAL CUP

At Toronto: Newmarket vs Sudbury (first of two-of-three series).

AGUA CALIENTE RACES RESUME

AGUA CALIENTE, Mexico, March 17. (AP).—The ponies galloped again here today after a lay-off of 12 days but the first day of the resumed winter meeting brought out little class.

The dynamite was reserved for tomorrow when a special overnight handicap will bring together such Agua Caliente handicap favorites as Pillow Fight, Gallant Sir, Lemon Hills and Prince Pest at a mile and 70 yards.

EXHIBITION BASEBALL

At St. Petersburgh:

New York (N)	6	10	1
Hollywood (PCL)	5	11	1

Shore, Fitzsimmon, Spencer and Mancuso, Richards; Sheehan, Gardner, Campbell and Patterson.

Hoop Upsets Are Made, Kimberley

KIMBERLEY, B. C., March 17—Basketball has received a good start for the second half of the schedule and several upsets have been recorded. Notably was the defeat of the Pirates at the hands of the Tillicums. The same evening two other unexpected victories were registered, the high school boys defeating the Falcons by a wide margin and the Meteors trimming the winners of the first half of the tourney, the Ex-high.

Moncton Hawks Maritime Champs

Will Meet Champions of Quebec

SAINT JOHN, N. B., March 17—(P)—Moncton Hawks won the senior hockey championship of the Maritime provinces tonight, defeating Saint John Beavers 4-2. Moncton took the round 12-2, and as a result will meet the champions of Quebec in the Allan cup playdowns at Moncton next Monday and Wednesday.

HOOP PLAYOFF CAUSES TROUBLE

VANCOUVER, March 17—The B.C. Basketball association faces a problem in the intermediate "A" boys' section where Victoria, after having eliminated Columbia Optical, mainland champions from Vancouver, declines to travel to Penticton for the British Columbia final or to put up a reasonable guarantee to take the Penticton team to the island. The association is considering a plan whereby the Columbia Optical-Victoria, B.C., semi-final game would be thrown out and the Opticians sent to Penticton for the final.

IF IT WASN'T FOR—

By AL DEMAREE

"Spec" Meadows, the Old Cardinal and Pittsburgh pitcher, was the first ball player to crash the gate wearing "cheaters".

In the old days you would find an occasional one-eyed player and there were even one-armed athletes, but never a player who trusted himself in spectacles.

I have often wondered how many ball players with weak eyesight were kept out of the game, before Meadows blazed the trail for them. After him came Carmen Hill, another pitcher and Torporcer, an infielder and later Chick Hafey had to wear them. These are a few of the stars, but there have been numerous others both in the major and minor leagues.

"The only handicap he noticed in wearing glasses," said Meadows "was perspiration running down the lenses on a hot day."

TEN YEARS AGO TODAY

March 18, 1923.—Rogers Hornsby of the St. Louis Cards and George Sisler of the Browns were insured for $100,000 each by their respective clubs.

RED DEVILS TIE UP BICYCLE RACE

Peden and Road in Tie for Second

CHICAGO, March 17 (CP)—The Red Devils of bikedom, Alfred Letourner of France and Gerard Debaets of Belgium, and the American pair, Freddie Spencer and Dave Lands, were tied for first place at the end of 120 hours of riding in Chicago's six-day grind. Torchy Peden of Victoria, B.C., and his Chicago mate, Mickey Rodak, were tied with Jimmy Walthour and Ritter for second place, a lap back.

The pace-makers had covered 1758 miles, nine laps. Two laps behind them came Jules Audy of Montreal and the veteran American, Willie Grimm. Henri Lepage, Montreal, and his side-wheeler, were four laps behind the hustling leaders.

STUDENTS AGAIN BEAT NELSONIANS

Score Is 23-18 as "Jinx" Holds Arla Saare, Student Star

Surging ahead in the last three minutes of the game, Junior High girls once again sent the league-leading Nelsonians down to defeat at the junior high gym Friday night, this time by a score of 23-18.

The last time these two teams clashed, about two months ago, the students came out on top after a whirlwind battle by the exceptional score of 33 to 31.

Last night's game did not come up to their last battle in form nor excitement. It was hard fought throughout, but close checking made the first half exceedingly dull, and the hard grind of that first canto apparently took something out of both teams. The play was more open in the second chapter but lacked pep.

The feature of the game probably was the "jinx" that seemed to have perched on Arla Saare's shoulder. All season the top-scorer of the Junior High, if not of the entire league, Arla failed to notch a single point until she converted a free throw three minutes from the end, and quickly added a field basket.

Nelsonians were off form, although bolstered by the addition of Isabell Oughtred and Marjory Coffee, stars of the Maulerettes, who although top-players, seemed to have trouble teaming up with the others.

Eva Smith did most of the scoring for the students with 10 points, although it was Elvera Matheson, scoring all of her six points in the last 15 minutes, who brought the students from behind to tie the score and then to increase the lead, grabbed by Arla Saare, in the dying minutes. Eva Smith had the "honor" of both opening and closing the scoring, notching the first basket of the game and the last, to put "it on ice" for the Junior High.

Doreen Dunnett netted 12 points for the Nelsonians and but for bad luck at the basket must have rolled up more. Sue Wilson, generally a star, was checked so closely all the way through that she bagged only four points for the Nelsonians.

Don Lucas handled the game, Joe Wallach acting as scorer.

ROARK STEERS POLO TEAM TO WIN

DEL MONTE, Cal., March 17. (AP).—Aiden Roark steered a strong hurricane polo team to a 12 to 7 victory over San Mateo, winner of the Pacific coast high goal handicap, in a special match here today.

DUNDEE AND JEBY DRAW

Fans Boo Decision; Favored Dundee as Took Command, Fifth

By EDWARD J. NEIL
Associated Press Sports Writer

MADISON SQUARE GARDEN, New York, March 17 (AP)—Ben Jeby, recognized in New York state as world middleweight boxing champion, was given a draw by Referee Ed Forbes and two judges tonight at the end of a 10-round title battle with Vince Dundee, of Baltimore, before a crowd of 11,000. The decision was soundly booed.

For 15 minutes after bellerin' Joe Humphries, as surprised as everyone else in the big battle pit, announced the decision, the crowd stood around the ring and hooted.

It was the first title defence of Jeby, who won his recognition as champion here by technically knocking out Frankie Battaglia of Winnipeg, and for Dundee it marked the opportunity of becoming the second member of one family to hold a world title, something never before accomplished in ring history.

DUNDEE WON

As far as the crowd and the ringside critics were concerned, Dundee won by himself. Coming into the duel with a blackened left eye, Vince, brother of Joe Dundee, former welterweight champion, warmed up after a slow start to dominate the battling after the fifth round.

Snapping left jabs continually into Jeby's face, crossing him almost at will with rights to the jaw, out-generalling the champion every bit of the way from the fifth round on, Dundee seemed to have an edge in at least nine of the 15 rounds, with Jeby winning but four, and two even.

Jeby's left eye was cut in the eighth round and he bled freely from the nose from the 10th round on. Dundee's left eye was almost closed at the finish.

Jeby weighed 159¼, Dundee 159¾.

EDMONTON PLAYS CALGARY TONIGHT

First of Five Game Series for Western Pro League

CALGARY, March 17. (CP).—Chief rivals throughout the 60-game schedule, Calgary Tigers and Edmonton Eskimos will meet in the first of a five-game series here tomorrow night for the Western Canada Professional Hockey league.

The teams will step onto the ice o'clock. Indications tonight were for with Pete Sande as referee at 9:15 fair ice, although temperatures have been high. The late start is expected to give better ice than opening at an earlier hour.

Billiard Tourney Started, Gelinas

Four games were played in the spring billiard handicap tournament at Gelinas Recreations Thursday night and Friday night with the following results: E. Pickard receives 25, beat T. R. Wilson, scratch, 200-196; H. Talbot, receives 25, beat F. Phillips, receives 50, 200-182; F. E. Wheeler, owes 75, beat W. Gelliçano, receives 50, 200-173.

DOUBTS LEAD TO WHEAT DROP

Many Traders Believe the Farm Legislation No Benefit

By JOHN F. BOUGHAN
Associated Press Financial Writer

CHICAGO, March 17 (AP)—Unsettlement resulting largely from expressed doubts of many traders that proposed farm legislation would prove of benefit led to sharp setbacks in grain prices late today.

Reports on market tickers that the house agriculture committee at Washington might rewrite and simplify the bill offered by President Roosevelt were only in part effectual toward checking price breaks that followed an early transient wheat market advance of 2 cents a bushel.

Wheat closed weak at almost the day's bottom, ¼ to ⅜ under yesterday's finish, corn ⅛ to ⅝ off, oats ¼ to ½ down, and provisions varying from 12 cents decline to a rise of 5 cents.

Accumulated purchase orders which would not be filled yesterday were sufficient, however, to hoist wheat values for a moment 3 cents a bushel. Unlike yesterday, nevertheless, the market failed to go in an instant to the maximum limit allowed, 5 cents advance.

MORE ABOUT INDIAN PAPER

(Continued From Page One)

governor-general will have special responsibilities in matters relating to peace, public order, financial stability, credit, minorities, the protection of members of the public services, protection against commercial discrimination and the rights of the Indian states.

In these matters he would have full discretion to act as he thinks fit.

The federal legislature will consist of a council of state and a house of assembly. The council would last seven years and the assembly five years, unless sooner dissolved. The council of state would consist of not more than 260 members of which 150 would be elected from British India and not more than 100 appointed by native rulers, and not more than 10 nominated by the governor-general.

375 MEMBERS

The house of assembly would consist of 375 members, of whom 250 would represent constituencies in British India and not more than 125 would be appointed by rulers of the various states. No bill would become law until it was passed by both chambers except in the case of a reserved bill introduced by the governor-general.

The secretary of state's council would be abolished and replaced by six advisers.

It is understood parliament will be asked at the end of the month to appoint a joint select committee made up equally of lords and commoners to examine the white paper before it will be presented in the form of a bill.

3 Crews Ready for Race at Seattle

B. C. Varsity Boys to Represent Canada

SEATTLE, March 17. (AP).—Three crews, the University of Washington Freshman, the Washington Lightweights and the University of British Columbia varsity, were ready tonight for the regatta tomorrow over a course of about a mile and a half on Lake Washington.

The visiting Canadians have been here two days, familiarizing themselves with water conditions.

Harrow, the famous boys' school near Windsor, has just created a new mastership—Careers Master—and has appointed Dr. E. D. Laborde to fill it. It is a sixth form, with a curriculum definitely aimed, not at anything academic, but at guiding and equipping boys for careers for which they are psychologically best fitted.

HAMILTON PATS BEAT TIMMINS

HAMILTON, Ont., March 17 (CP)—Holding Timmins Gold Diggers impotent after the second period, Hamilton Patricias advanced another step in the Allan cup playdowns here tonight when they scored a 6 to 2 triumph over the senior N.O.T.A. champions and won the round by a total count of 9-3. They now meet Niagara Falls for the Ontario title.

OLYMPIC CHAMP HURT IN SMASH

Bill Carr Suffers Injuries to Ankle and Hip

PHILADELPHIA, March 17. (AP).—Bill Carr, Olympic champion and world's record holder in the 400-meter runs, suffered injuries to his right hip and left ankle in an automobile accident tonight.

Lawson Robertson, coach of the University of Pennsylvania, reported from the University hospital that Carr was riding on the running board of an automobile and another car had crashed into it, throwing the Arkansan to the street.

"There are no bones broken as far as we can learn yet," Robertson said. "His ankle was sprained and cut. We do not know yet the exact injuries to the hip."

SECOND WORK RECOMMENDED

Public Works Committee Approves for Current Program

At a meeting of the public works committee of the city council, unanimous endorsation was given to the Second street fill and grading as a relief project, proposed recently by Mayor S. H. Smythe, and made the basis of a report by the city engineer to the council at its last session.

On authority of the committee, City Engineer Boyd C. Affleck has placed the grade stakes, so that the work can be started as soon as the council gives its approval, which no doubt will be at next Monday's session, as the finding of relief work is urgent. There is little doubt of this approval, as the project's sponsors now constitute a majority, apart from support it may receive from other members

LARGE WORK

The work to be done is on Second street, between Elwyn street and Kootenay avenue, and embraces a fill 140 feet in greatest length requiring 2400 cubic yards of material, for a road width of 20 feet, and on the southern end, a cut 240 feet long, removing 2000 cubic feet of material. Where the fill is to be made, the sewer will be carried, as at present, on a trestle 90 feet in length, which will be renewed and placed on stone piers. To round out the improvement, the new grade will be carried east on Elwyn street to the alley, giving nearly a uniform grade from Nelson avenue. On the western side of the intersection the cut will be carried through to reduce the steep grade.

Probable cost is put between $3000 and $4000.

MORE ABOUT JAPAN

(Continued From Page One)

seem at the present time, Japan is and must continue to be a friend of China. To the United States friendship for the colossal country across the Pacific is largely a matter of sentiment; it has not vital interests in China. To Japan, on the other hand, the welfare, security and progress of China is essential. We cannot escape from our duties to the great neighbor beside whom we must live continually, and for us to allow ourselves to become an enemy would be the height of folly.

HARD REALITIES

"We Japanese, because of our geographic propinquity, have to deal with the hard realities of conditions brought about by the Chinese war lords and cannot accept the fictions expounded by American educated Chinese politicans. The real enemies of China are the Chinese, not foreigners, certainly not the Japanese. Unless the Chinese were their own enemies a country the size of theirs, the largest in the world, would not be in its present pitiful plight."

"It is true that Japan seeks to avoid a clash with Soviet Russia. It is also true, I fully believe, the U.S.S.R. seeks to avoid a clash with Japan. On the other hand Japan is opposed to the sovietization of the far east, which means the sovietization of China.

"Japan is prepared to open direct negotiations with China. The Chinese minister is still in Tokyo and the Japanese minister in Nanking."

GRANT USE OF SCHOOL LANTERN

The school board Friday night granted the senior high school pupils the use of the junior high auditorium for their play at the end of March.

Permission was also granted the Chamber of Mines for the use of the Hume school picture lantern to be used in connection with placer mining courses.

MONTREAL ROYALS TO MEET MONCTON

QUEBEC, March 17 (CP)—Montreal Royals tonight captured the amateur hockey championship of the province of Quebec and made preparations for a weekend journey to Moncton, N.B., to meet the high-flying Hawks in Allan cup play. Royals, senior champions, defeated Quebec Granites, intermediate titleholders, 3-2, and took the two-game home-and-home series by a round score of 8-4.

MORE ABOUT BUDGET

(Continued From Page One)

leaving an actual increase of $37,000,000, over half of which was spent on roads.

EXPENDITURE JUSTIFIED

"I claim," continued Colonel Spencer, "that the huge expenditure on highways was fully justified by expectation of continued heavy tourist traffic. The gasoline tax was jumped three and then two more cents a gallon to provide interest on sinking funds for bonds sold to pay the cost of these roads, and when normal times return the gasoline and motor licence fees will more than meet the debt charges on roads."

"Had wheat growers of the prairies been able to maintain the price anywhere from $1 to $1.50 a bushel, more money would have come into the western provinces than they owe, contended the speaker. He was sorry he could not see any immediate ray of hope for ending the depression. He believed the leaders of federal and provincial governments should lose no time in getting together in an endeavor to solve the problem.

Colonel Spencer believed the government should go out of its way in stimulating young unemployed men to take to the hills in quest for gold.

ATTACKS FRAUDS ACT

The Vancouver member attacked the Security Frauds Prevention act again, stating there was a general demand for modification of some of its objectional clauses and he hoped the government would bring in remedial legislation at this session.

He closed by congratulating Hon. J. W. Jones, finance minister, for his courage in bringing down the budget, saying his frank admission of a deficit and his courageous attempt to curtail expenditures would meet with the approval of every thoughtful citizen in the province.

NELSON BRIDGE PLANS TO OTTAWA

If Wooden Structure Used Money Can Be Saved

Giving consideration to estimates of the cost of construction of a wooden bridge across the West Arm at Nelson, which show that such a structure could be completed for annual carrying cost lower than the cost of maintaining the present ferry, the public works department at Victoria is preparing plans for such a bridge, and is submitting them to Ottawa.

In answer to a telegram from the Nelson Daily News, Hon. R. W. Bruhn, minister of public works, explains the position with reference to the bridge as follows:

"Unable to give any definite information at present. In order to base estimate of bridge compared with ferry costs, I am submitting tentative plan of bridge to Ottawa, as this comes under the *Navigable Rivers Protection act*. Type and cost of bridge depends on requirements of federal authorities."

The old-time knights in armour carried light loads, compared to the World War soldier. World War soldiers often carried equipment weighing considerably more than 100 pounds, yet the ability of the armored knight to carry on under the weight of a 60-pound load still excites wonder.

INSTITUTE HAS NEW PRESIDENT

Mrs. A. McLeod Resigns; Mrs. Crossley Takes Charge

Mrs. A. H. W. Crossley, vice-president of the Nelson Women's Institute, will guide the destinies of the organization for the balance of the year following resignation Friday of Mrs. Alan McLeod who is leaving the city within three weeks to make her home in Vancouver. Mrs. D. C. Fraser was elected director to fill the vacancy.

The institute endorsed the resolution from the Salmo institute complaining of bad road conditions in the district. The resolution called for road improvements between Nelson, Nelway and Trail. It was pointed out that the Nelway road would be used more frequently from now on owing to the establishing of an airport at Salmo.

Mrs. A. H. W. Crossley gave a demonstration of making tea biscuits and Mrs. J. W. Smillie gave a demonstration of corset fitting.

Mrs. C. F. McHardy, reporting for the child welfare committee, stated that a home had been found for a child left at the local hospital. The visiting committee chairman reported numerous calls. The Irish concert was reported as a success between $11 and $12 having been raised. The exchange report given by Mrs. R. Eunson was favorable.

An easter egg sale is planned by the institute. The grocery draw arranged by Mrs. J. C. Hooker was won by Mrs. M. E. Watts.

Following the presentation of her resignation Mrs. McLeod was wished every future happiness in her new surroundings. Expressions of regret were numerous.

DOUKHOBORS GET KIDDIES CUSTODY ON UNDERTAKINGS

Twenty-eight children whose parents are serving sentences at Piers island penitentiary for nudity, and who have been under official care at the coast, have been released into the custody of relatives and friends in the Doukhobor settlements in this district, on the formal application of such friends, and on their undertakings that the children will given proper care.

The children, who range fr little tots up to 18 years in a arrived Friday night in a spec coach on the Kettle Valley tr under the care of a matron, a were put off at their several d tinations.

A radical change from the mul ple knitting machines is a n stocking machine which knits ju one stocking at a time, and woo almost twice as fast.
