TURKEY PREPARED AXIS POWERS WARNED

Britain's Bombers Raid Coast While Her Big Guns Roar

Long Clear Spells in London Mark Nazi Attacks

FIREMEN BURIED

LONDON, Oct. 18. (Friday). (CP) — Long, uneasy lulls between the boom of bombs and the blast of anti-aircraft fire early today marked the 41st overnight German air attack on London.

The raiders, who had come over in mass flights through Thursday, stabbed at the city by dark in small groups or singly.

Reaching up for the Nazis, the "ack ack" guns at times fired with a crashing roll that echoed through the deserted streets.

Five German bombs fell in one residential area, one of them hitting an apartment house under reconstruction. In another area a bomb smashed a water main and rendered houses uninhabitable.

Still another destroyed four houses and trapped some residents under debris.

One big bomb scored a direct hit on a big building, observers on the roof escaping injury by ducking behind sandbags.

A number of auxiliary firemen were buried by a hit on a messroom. While bombs still fell nearby, rescuers dug out a number of the victims, including three dead, but many more were believed still entombed.

Bombs in the same vicinity wrecked dwellings.

The Germans also harassed Liverpool, where a hospital annex and several houses were wrecked or set afire.

During the day hundreds of planes had been flung at the aerial line of defence drawn by British pilots over the Southeast coast and while most of them were beaten off some broke through to strafe the capital once more.

The Ministry of Home Security said casualties in London today "are not expected to be heavy". The greatest single disaster was the entrapment of an undetermined number of persons in an air raid shelter which was covered by the heavy wreckage of a three-storey building smashed by a bomb hit.

It was a day of mass attack—a change of tactic from the alternative Nazi technique of using small numbers of craft in quick and relatively formless thrusts—and much of the action was fought high above the clouds and beyond the sight of those on the ground.

Both the West and Southeast coasts were hit heavily. One town in the latter region was dive-bombed and machine-gunned and upon another dozens of bombs were loosed.

The Air Ministry emphasized the attackers were mainly fighter planes rather than bombers and declared that not a single invading formation was able to defeat the splitting-up process of the British defence.

Torpedo Boat Ringed by Shells Runs to Port

FIVE PLANES LOST

LONDON, Oct. 17 (AP)—British bombers knifed through a soupy fog tonight to smash the French "invasion coast" with a heavy bombardment that shook the Kentish shore on this side of the Channel.

The detonations rumbled across the Channel, carried by a light Southwesterly wind, blowing across the calm waters.

The Germans opened up early in the night with a bombardment of their own, from coastal batteries in the Dunkerque area.

In a broad daylight raid, British pilots heavily bombed the Nazi-held French naval base of Brest today, and from the Dover coast Britain's big guns made the Channel unsafe for German craft.

Two batteries of artillery erupted against a German torpedo-carrying E-boat, ringing the vessel with water spouts from falling shells until it sped off for home in a rising shower of spray.

The attack on Brest, made by planes of the coastal command over a now-familiar air trail, caused "extensive damage" to the base's vital power station, the Air Ministry announced.

It followed the same pattern of night assaults a few hours earlier on the German naval base at Kiel, where fires sprang up, and on the ports of Hamburg, Bremen and Cuxhaven — both bombed many times before.

Hit, too, was another favorite target of many a night foray, the synthetic oil production plant at Lutens, Germany, along with munitions factories and a power station in Saxony.

The loss of five British planes was announced.

The attack on Kiel, the Air Ministry said, lasted two hours. Tons of high explosives and incendiaries were rained on the Deutsche Werke and Germania shipyards and other bombs "straddled" a warship, but extent of the damage was hidden by clouds.

Three pilots, seeing the ship, let fly their sticks of bombs and fires were seen below, the Ministry reported. Fire broke out at the Luena plant after the first attack and later bombers were guided to the spot by the glare. From then on, the Ministry news bulletin said, heavy bombs were dropped at regular intervals with precision on the plant. Other fires followed and one pilot reported three or four big explosions.

To Station Nazi Troops in Finland

STOCKHOLM, Oct. 17 (CP)—It was learned here today that German troops, disignated for Northern Norway, may be stationed in Northern Finland throughout the Winter under the German-Finnish transit agreement.

Observers said the agreement gives the Germans an improved strategic position on the Arctic cap of Scandinavia, close to the Finnish iron and nickel mines and astride the vital Petsamo highway.

This is the area in which the International Nickel Company of Canada has extensive developments. Work on these developments was interrupted last Winter by the Russian-Finnish war.

Observers said the German troops could be massed in Finland in large numbers, and used ultimately, when moved into Northern Norway, either in an expedition to Iceland or Greenland or defensively against any possible British landing in the North.

To Call 800,000 In U.S. by June

WASHINGTON, Oct. 17 (AP)—War Secretary Henry L. Stimson disclosed a conscription schedule today which would call 800,000 men to the colors by next June 15 and added that beyond that date "only God and Hitler" know what will be conditions that govern the rate at which the men will be summoned to service.

The first group of United States draftees, a contingent of 30,000, will be sent to the training camps about Nov. 18, he said, adding that 60,000 would go on Dec. 2; 80,000 on Jan. 3; 90,000 on Jan. 15; 160,000 on Feb 10; 200,000 on March 5 and 200,000 on June 15.

At the same time, the Cabinet Officer said Wendell L. Willkie, the Republican Presidential nominee, had been "misled into making statements that were neither fair nor accurate" on the provision of housing for the troops. A "great majority" of the new housing facilities planned for an army of 1,200,000 would be ready by Dec. 15, he added.

Auxiliary Ships Sunk

LONDON, Oct. 17 (CP)—The admiralty announced tonight that four "small auxiliary craft" recently were sunk "by enemy action".

BERLIN, Oct. 17 (AP)—The German News Agency issued a claim tonight German dive bombers sank a British submarine in the English Channel this afternoon.

DEANERY INTERIOR OF CANTERBURY DAMAGED

CANTERBURY, England, Oct. 17 (CP)—The interior of the deanery of Canterbury Cathedral was damaged today by German bombs, but the old cathedral itself came through the raid unhit.

Three bombs fell in the cathedral environs, one in the front garden of the deanery. The dean, Dr. Hewlett Johnson, and members of his staff took shelter in vaulted passages and were not injured.

Jerman Hunt Succumbs to Heart Attack

Founded a Business of Own Here in 1935

Jerman N. Hunt, proprietor of one of Nelson's leading ladies wear businesses, died suddenly at his home Thursday morning, at the age of 54 years. He returned to his home, 415 Maple Street, after working at his store Wednesday apparently well. He was stricken suddenly about midnight with a heart attack, and died shortly afterwards.

He came to Nelson and established his business, Jerman Hunt Ltd in October, 1935.

Born in England, Mr. Hunt came to Canada 22 years ago. For some years he was engaged in the ladies wear business in Kelowna, and came to Nelson from there.

A consistent golfer, he was a member of the Nelson Golf and Country Club.

His widow, and a daughter Sheila in Nelson, and a son Bruce in Penticton, survive.

Soviet Star Sees Little Nazi Gain

MOSCOW, Oct. 17 (CP Reuters)—The Russian army newspaper, Red Star, commenting on the Battle of Britain, said today that "present actions show that air supremacy belongs to neither side," and added that the Royal Air Force "have not been 'downed' and have even extended the field of their operations."

"Despite the successful experience in destroying grounded planes in France and Poland by surprise attacks, the Germans seem unable to repeat these successes in England, owing to lack of information about locations of field and airdromes and excellent road systems enabling the British to use camouflaged field airdromes and well-protected hangars," the Soviet newspaper said.

"Therefore in their most successful attacks the Germans have only succeeded in wiping out 43 British grounded planes in a day compared with 300 or 400 a day in France."

Red Star estimated there were at least 100 aviation plants in Britain and said the Germans must drop 20,000 bombs to wipe out the industry.

Increased Gas Tax for Road Work May Be House Discussion

VICTORIA, Oct. 17 (CP)—British Columbia's highway problem is expected to hold a prominent place in the discussions at the forthcoming session of the Legislature, opening Oct. 29, Government circles said today.

Observers here believe that to meet the need for road funds, the proposal to increase the gasoline tax by two or three cents a gallon and earmark it for new construction may be revived. This would bring in $1,000,000 or $1,500,000 for roads.

The government is reported not anxious to increase any taxes at the coming session owing to the big increase in Federal war taxes, but proponents of the plan point out the Government has already saved the motoring public two cents a gallon by fixing the price of gas.

Biggest Mechanized Movement Today

PETAWAWA MILITARY CAMP, Ont., Oct. 17 (CP)—Preparations were completed tonight for the biggest road movement of mechanized artillery in Canada since the start of the war. Out of this artillery training camp tomorrow morning will roll three artillery regiments, bound for Montreal and other points East and South.

Drawing their field guns behind standard army gun tractors and escorted by scouts and despatch riders on motorcycles, the gunners will head for Ottawa where they will spend the night prior to another march to Lachute, Que.

The whole operation will be under the direction of Brig.-Gen. C. E. McCusig.

Prisoners Stage Roof "Sitdown"

MONTREAL, Oct. 18 (Friday). (CP)—Authorities at St. Vincent de Paul Penitentiary early today awaited instructions from Ottawa as to how they should dislodge eight unarmed prisoners fro mthe roof of the prison chapel where they had been staging a "sitdown" since late yesterday afternoon.

Shivering in the glow of powerful searchlights, the convicts refused guards' orders to come down and sat doggedly through the early hours of the night on a wooden scaffolding erected previously by other prisoners repairing the chapel roof.

CHINESE TRUCKS OF WAR AGAIN ON BURMA ROAD

Labor Squads Ready to Build as Fast as Bombs Destroy

CHUNGKING, China, Oct. 18 - (Friday) - (AP). — China's trucks of war are rolling again on the Burma Road under the threat of imminent Japanese bombardment.

At the stroke of midnight traffic was resumed across the border with Burma after having been closed three months as a British gesture toward Japan.

Instead of using the three months to seek a settlement of the three-year-old China War—or "China incident" as the Japanese call it—Japan won, with pressure on French Indo-China, nearer bases for an aerial offensive against China and the great highway itself.

Chinese labor squads were drawn up today at various points under orders to reconstruct as fast as the Japanese can destroy. As added measures of defence, the trucks will travel spaced apart and chiefly at night.

Once again the road, an improvement of the ancient "silk trail" which Marco Polo traversed in the 13th century, shook under the heavy tires of Gen. Chiang Kai-shek's motor transport, bringing in the supplies necessary to carry on against Japan and taking out the exports to pay for them.

The three-month closing gave China's Coolie Corps time to improve surfacing of the highway, widen it on the curves and reduce the grades.

Francis Pan, Director General of the Chinese National Transport Administration, said about 1600 trucks will operate. Capacities range from 2½ to six tons.

Pan said that necessary precautions against Japanese raids and sabotage had been completed.

Late Flashes

ALEXANDRIA, Egypt, Oct. 17 (AP)—A British seaplane guided an Italian hospital ship toward the wreckage of Italian destroyers sunk by the British cruiser Ajax off Sicily, British naval sources reported today.

NEW YORK, Oct. 17 (AP)—The Netherlands freighter Oscilla, 6341 tons, reported she was "being gunned" within 30 miles of the Spanish coast, near Cape Espichel, said a message picked up tonight by Mackay Radio.

LONDON, Oct. 17 (CP) — The Times today approved the suggestion of Lord Horder, noted surgeon and physician-in-ordinary to the King, that "a system of relief akin to that applied to troops in the line should be organized for those so continuously subject to the danger and noise of aerial bombardment."

Mackenzie Urges Full Prosecution of War

VANCOUVER, Oct. 17 (CP)—Hon. Ian Mackenzie Minister of Pensions and National Health asked Canadians tonight to continue wholehearted and unabated prosecution of the war until, in the words of Prime Minister Churchill, "the curse of Hitler is lifted from the brows of men."

Speaking over a British Columbia network of the Canadian Broadcasting Corporation, the Minister asked "how best can we serve?" and then answered by saying:

"By remaining united, by remembering the vital issue that unites us and forgetting the trivial and ephemeral things that may divide us."

King Visits Admiralty During Raid

Despite the fact that an air-raid was in progress at the time, the King refused to postpone his visit to the Admiralty. He is shaking hands with A. V. Alexander, First Lord of the Admiralty, outside the building, while Nazi bombs were bursting as little as a half-mile away.

GERMAN ENVOY IN TALK WITH MOLOTOFF

MOSCOW, Oct. 17 (AP) — Count Friedrich Werner von der Schulenburg, the German Ambassador, visited the Kremlin tonight and was understood to have conferred with Premier Molotoff.

Earlier today, the diplomatic sources disclosed the Turkish Ambassador, Haidar Aktay, had seen Molotoff Tuesday. Count Schulenburg, recently returned to Moscow from a leave in Germany.

R.C.A.F. to Train Own Mechanics

OTTAWA, Oct. 17 (CP)—While the Royal Canadian Air Force needs thousands of skilled mechanics to service and repair aircraft it hopes to obtain them without drawing men away from war industries, Air Minister C. G. Power said today.

Fresh from an inspection of the Air Force Technical Training School at St. Thomas, Ont., the Minister told a group of newspaper reporters at a press conference the Air Force hoped to train all the mechanics it needs at St. Thomas where 3000 men now are in training.

"I didn't think a good mechanic could be trained in 18 weeks, but our people tell me the boys who go through the course there are able to fit right into their jobs," he said.

Convict Yahk Doctor of Manslaughter; to Be Sentenced Later

CRANBROOK, B. C., Oct. 17 (CP)—Dr. A. G. Thompson of Yahk, B. C., was convicted of manslaughter by an Assize Court jury here today and remanded to the end of the court session for sentence. The charge arose out of the death of a young woman in Kimberley Hospital as the result of an illegal operation performed before she entered the institution.

VICHY TO CUT JEWS' ACTIVITY

VICHY, France, Oct. 17 (AP)—The Petain Government disclosed tonight that it intends to keep jews out of high positions in unoccupied France, but promised that their persons and property will be respected.

A government statement of policy blamed the Jews for contributing "in no small degree" to the French defeat, and foreshadowed certain forthcoming Jewish statutes, but it made it clear that the unoccupied zone will be a happier place for persons of Jewish birth than the areas held by the German army.

Besides barring the Jews from social leadership, the statement said they would be prevented from having a part in the "formation of news."

It described the impending Jewish statutes as "indispensible to security;" not "a mere question of vengeance."

Canada Plans War Posters

OTTAWA, Oct. 17 (CP)—Canada, it was announced tonight, is to have her own wartime posters and H. O. Murray, Director of the National Gallery, will head a Voluntary Advisory Posters Committee for the Director of Public Information. The plan is for a new war poster each month.

The office of the Director of Public Information said there are three types or groups of posters to be considered.

The first is inspirational, going back into the history of the country—"You Did a Good Job Before. You Can Do It Again."

The second group comprises posters dealing with such matters as giving away valuable information through careless talk and also the war savings campaigns.

The third will concern special campaigns, matters of Government policy. For example he held it conceivable there might be a drive for conservation of certain foods.

Red Cross Unable to Enter Joint Campaign for Funds

OTTAWA, Oct. 17 (CP) — Mr. Justice T. C. Davis, Deputy Minister of War Services, in a statement issued to the Press today said the Canadian Red Cross Society had "indicated that it could not at this time consent to entering into any joint appeal" for funds with other organizations.

Mr. Justice Davis' statement was issued after a meeting here yesterday for the purpose of canvassing the advisability and practicability of the major voluntary war service organizations in Canada uniting in one drive their appeals to the Canadian public for funds.

TORONTO, Oct. 17 (CP)—Because the Canadian Red Cross raises more money than all the other war service organizations combined, its position regarding any proposed merger of public appeals of such organizations is necessarily different, Dr. F. W. Routley, National Commissioner of the Canadian Red Cross, said today.

Nelson District Contribution to the War Effort $540,074 to End September

Nelson District contributed $540,074.68 in cash to the war effort up to September 30, E. A. Mann, President, told the Nelson Board of Trade Council at its luncheon at the Hume Thursday. This sum was made up as follows:

Stiff Resistance Can Be Expected; Await Conference

British Diplomats to Confer; Invaders Will Find Turkey Hard to Conquer She Warns; Charges Balkans Being Threatened

ISTANBUL, Turkey, Oct. 17 (AP).—The Turkish radio said in a broadcast tonight that if the Axis powers attempt to drive through Turkey or Greece to Egypt and the Suez they will find that Turkey "resembles neither Holland, Belgium nor France."

The commentator accused Germany and Italy of trying to conquer Yugoslavia, Bulgaria and Greece by various methods and said they had demanded that Greece give up her British guarantee or "she will be made to regret it."

Premier John Metaxas of Greece received the German and Italian Ministers at Athens today, the broadcast said, but it failed to say what transpired.

Commenting on the movement of German troops into Rumania, it said:

"In case of an Italian attack upon Greece, in which Bulgaria might later join, Germany may wish to have a strategic point of advantage from which to check a Russian move.

"Finally, it may be planned to get to Egypt and the Suez through Greece and Turkey. This last possibility seems to us far-fetched, because it is extremely difficult.

"Our resistance in the Dardanelles in the last war is recalled and there is no doubt our resistance this time will be even stronger.

"Just as we depend on our army, our terrain also has a special profit for us; for instance motorized troops can only move with difficulty here. And the Axis Powers want a short war, not a long one."

In view of Turkey's defiant stand, considerable significance was seen in a conference planned here shortly by British Balkan diplomats with Sir Hughe Knatchbull-Hugessen, Ambassador to Turkey, their host.

The British Minister to Bulgaria already is here and envoys from Yugoslavia and Greece are on the way.

Turkey, speeding defence preparations, decreed today all vehicles may be requisitioned in an emergency and authorized use of prisoners in digging air raid shelters.

BUCHAREST, Rumania, Oct. 17 (AP).—German circles said tonight that 150 Nazi bomber and fighter planes already are in Rumania and 150 more are expected tomorrow, accompanied by 800 pilots, mechanics, ground crewmen and instructors.

Seventy more Britons, including several newspaper men, left today and about 1500 persons staged a demonstration of Axis sympathy before the Italian and German Legations.

COAL MINERS STRIKE

BUDAPEST, Oct. 17 (AP).—Almost all the coal and iron miners in Hungary were reported on strike tonight, demanding more money to meet the higher cost of living.

A Nazi Member of Parliament claimed the strikers number 40,000.

(The German radio reported that the Hungarian Government had ordered "military occupation" of the coalfields in four districts).

Vichy Says Japanese Leaving Indo-China

VICHY, France, Oct. 17 (AP)—The Vichy Government announced tonight receipt of a report from Hanoi, French Indo-China, that 12,000 Japanese troops were being taken out of the country via Haiphong under terms of the French-Japanese agreement of Sept. 22, which limits Japanese forces in Indo-China to 6000.

Domei, Japanese News Agency, broadcast yesterday that some 10,000 Japanese troops who fought their way into Northern Indo-China would remain because of Chinese pressure on that border. Whether the French report supersedes this was not made clear.

New Head of Pacific Command at Coast

VANCOUVER, Oct. 17 (CP).—Maj.-Gen. R. O. Alexander, newly-appointed head of the Pacific Command, arrived here by plane from the East today and planned to leave on the midnight boat for Victoria to confer with military headquarters.

Previously General Alexander had planned to fly to Victoria immediately, but bad flying weather made the flight impossible.

Chapman Camp Veteran Gives $25 for Bomber

Gift of $25 for the second Kootenay Bomber Fund has been received by the Nelson Daily News from a returned man at Chapman Camp who declares: "It is a fine job you have done in the West Kootenay by the completion of your first Bomber Fund for Great Britain."

This gift brings the second fund to $55.82.

Four gifts have been received so far for the second fund.

OPEN TO WHOLE DISTRICT

The gift from Chapman Camp made this centre the most Easterly contributing to the Bomber Fund so far. The fund is open to contributors at any district points in fact, some of the gifts to the first fund came from points as far distant as Vancouver and Victoria. In the latter instances they were from men interested in this district.

It is anticipated that many district points from the Crow's Nest to the Boundary will be represented in the fund through gifts made by individuals and by groups.

Corvette Named After Trail City

A WEST COAST CANADIAN PORT, Oct. 17 (CP).—A trim corvette-type ship of war, named H. M. C. S. Trail for British Columbia's Interior Smelter City, was launched here today and soon will join a number of sister vessels in the service of the Royal Canadian Navy.

Mrs. G. G. McGeer, wife of G. G. McGeer, Member of Parliament for Vancouver-Burrard, acted as the sponsor in christening the ship.

Attending the ceremony besides Mr. and Mrs. McGeer were Mr. and Mrs. Thomas Reid, Mr. and Mrs. Harold Winch, Col. and Mrs. C. G. Beeston, Cmdr. and Mrs. B. L. Johnson and Wing Cmdr. and Mrs. H. Wilson.

Large Funeral Pays Tribute to John Evans

ROSSLAND, B.C., Oct. 17—A large number of citizens in St. Andrew's United Church Wednesday afternoon paid final tribute to John Evans, 83-year-old pioneer resident of Rossland who died Sunday.

Rev. Murray Cameron, who conducted the service, preached from Psalm LXXIII emphasizing the walk with God, illustrated by the extracts "I am continually with Thee", and "Thou shalt guide me with Thy counsel an afterwards receive me into glory."

The hymns "Lead Kindly Light" and "Abide With Me" were sung. Choir and organ were under the direction of Mrs. F. Mellor-Langdale."

Active pallbearers were Ernest Chesham, J. A. Wright, James Cooper, John Berg, Kenneth Martin and Wesley McKenzie, and honorary pallbearers were William McKay, N. Michaely, James Benson, W. T. Trembath, R. E. Fox, William Treverton, J. Wilmott, James Petrie, Phil Breen, A. Enderaby and Edgar Jamieson.

Interment was in Sunnyside Cemetery.

Archdeacon and Mrs. Graham Will Spend the Winter at Trail

Best wishes of the Board of Trade Council were extended to Ven. Archdeacon Fred H. Graham when E. A. Mann, President, stated Thursday's luncheon would be the last attended by Archdeacon Graham until the Spring. Archdeacon and Mrs. Graham are leaving to spend the Winter at Trail.

Liberalize Marriage and Divorce Laws

KANSAS CITY, Oct. 17 (CP)—The House of Bishops of the Protestant Episcopal Church today adopted a proposed new canon liberalizing marriage and divorce laws.

The new canon provides that divorced persons who have remarried may receive the blessing of the Church, provided approval is given by ecclesiastical authorities after an investigation.

Dokkies Prepare for Annual Dance

Preparations for the annual Hallowe'en dance of Nelson Dokkies are nearly complete. The big fun fest again will be held at the Civic Centre to accommodate the anticipated big crowd.

This year the masquerade is being given up since part of the proceeds of the dance will be turned over to the Nelson Women's Auxiliary to the Overseas Forces. This will leave no funds for costume prizes.

Annually one of the highlights of the dancing season, the D. O. K. K. dance is expected to draw another record attendance, and preparations have been made on that basis by the committee in charge. This committee consists of W. T. Calbick, James McIvor, A. Matassa, Stephen Maco, George Lester and Thomas Stenson.

Civilians Take Company Drill

Swinging into company drill for the first time, members of the Nelson Civilian Voluntary Training Corps marched around the floor of the Civic Centre Arena Thursday night as a unit for the first time.

Ninety men were on parade. Following a period of drilling on marching turns, the men were instructed in wheeling on the march, and for the final period they drilled as a company.

ARREST REPORT CLOSES MARKETS

BOMBAY, India, Oct. 17 (CP)—An erroneous report of the arrest of Vinoba Bhave, the man chosen by Mohandas K. Ghandi to start an individual disobedience campaign, received such wide credence today that the Bombay Cotton and Produce Market closed in protest.

Bhave was not arrested. He made a speech at Panaur, five miles from Wardha, in which he declared the All-India Congress (nationalist party) could not help Great Britain in the war on "ethical grounds."

Dill's Bowlers Win 3 Straight

Skip Walter Duckworth led his Dill's bowlers to a third straight victory, 708-652, 800-744, 753-666, over the Millionaires in a Fleury Trophy Tournament match Thursday night. He took high scoring honors for the night, rolling a 132-point single, and 321 aggregate score.

Reduced Hours Urged for Nurses

VICTORIA, Oct. 17 (CP)—Hours of nurses in training and graduates on hospital staffs should be reduced and they should have one day a week off duty in the interests of efficiency and the public, Mrs. Rex Eaton of the Board of Industrial Relations, told the 23rd annual convention of the B. C. Hospitals' Association today.

"I recognize the financial side, but I'm convinced that if every nurse worked all day every day for nothing, the hospitals would still have their fundamental financial problems. This is a case where money doesn't count in comparison with justice and right," Mrs. Eaton said.

Mrs. Eaton said she preferred 52 hours a week of six days, to 48 hours seven days a week—it was essential the nurses should have one full day a week to themselves.

The convention passed a resolution asking the Dominion Government to do something to treat tuberculosis among Indians on reserves.

Dr. A. K. Haywood, Medical Superintendent of Vancouver General Hospital said he was giving away no confidence by announcing a 170-bed hospital for Indian T.B. patients would shortly be opened in the Chilliwack district.

STORE WHEAT, COTTON IN U. S. LOAN PROGRAM

WASHINGTON, Oct. 17 (AP)—Farmers are storing millions of bushels of wheat and thousands of bales of 1940 cotton under loan programs which are expected to give the United States Government control over upwards of $1,500,000,000 worth of food and fibre supplies by mid-winter.

Similar loans will be made available on corn and possibly several other crops within a few weeks.

Decide Schedule Rossland Armory

ROSSLAND, B. C., Oct. 17—A tentative schedule governing the use of the Rossland Armory during the season about to open, which was drawn up at a meeting of the Rossland Armory Association last Friday, was entirely revamped at a subsequent meeting of representatives from the organizations affected on Wednesday night.

The new schedule, which becomes effective next week, is as follows:

Monday — Pre-Rec 7:00—10:00; Girl Guides 7:00—9:00 in basement.

Tuesday — Voluntary Defence Corps 7:00—8:30; Badminton 8:30—11:00.

Wednesday — Boy Scout Cubs 4:00—6:00; basketball balance of evening.

Thursday — Pre-Rec 7:00—8:30; Badminton 8:30—11:00; Boy Scouts 7:00—9:00 in basement.

Friday — Defence Corps 7:00—8:30; balance of evening is open.

Saturday—Basketball.

The schools will have the use of the building in the mornings and afternoons as they see fit.

R. J. Portman and J. A. Thompson are President and Secretary-Treasurer of this year's Armory Association.

$30,000 Fire Sweeps Gold Refining Plant

HEDLEY, B. C., Oct. 17 (CP). — Damage was set at upwards of $30,000 today in a fire which whipped through the big gold refining plant of the Kelowna Exportation Company here last weekend and completely destroyed the upper section of the mill.

The famous nickel plate mine, one of British Columbia's pioneer gold properties, has been forced to close temporarily because of the fire. Machinery destroyed in the blaze is being replaced and the plant will be put back in operation as soon as possible.

The blaze is believed to have been caused by sparks from a welding operation.

Naval Hero Is Given Promotion

LONDON, Oct. 18 (Friday) (CP)—Promotion of Sir Henry Harwood, hero of the battle of the River Plate, to be a Lord Commissioner of the Admiralty and an Assistant Chief of Naval Staff, was announced by the Admiralty today.

The appointment is effective next Dec. 2, shortly before the first anniversary of the historic battle in which the German pocket battleship Admiral Graf Spee was driven by British naval vessels into Montevideo Harbor where she was scuttled 48 hours later.

At the same time the Admiralty announced appointment of Vice Admiral John C. Tovey as Commander-in-Chief of the Home Fleet with the acting rank of Admiral, succeeding Admiral of the Fleet Sir Charles M. Forbes.

Appointment of 58-year-old "Jack" Tovey to be Commander-in-Chief of the Home Fleet was treated as a highly significant event by London's morning papers.

Young Peoples Hear 2 Speakers

A full and varied program was enjoyed by the United Young People at thier weekly meeting Wednesday evening, when they were privileged in having two guest speakers and being shown a moving picture.

Miss Betty Ross, United Church National Girl's Work Secretary from Toronto, spoke on youth development, Young People's program, duties of Young People to the Church and to the country, and enlarged upon the use and purpose of the Y.P. magazine, "The Pathfinder" in planning programs.

Greetings from the B.C. Young People's Conference at Victoria over the Thanksgiving weekend were conveyed by Rev. Horace Burkholder, Christian Education Field Secretary of the United Church for British Columbia and Alberta, who was passing through Nelson on his way from Vancouver. It was noted with interest that Miss Arla Saare, formerly of the Nelson Y.P., was elected Rrecreation Oficer at the Conference.

SEE $50,000 MOVIE

Gordon Nairne, head of the Life Underwriters of Canada, introduced and presented a $50,000 moving and talking picture entitled "Yours Truly, Ed Graham" produced in Hollywood illustrating the necessity of health and secrity in a person's life.

Miss Babs McDonald, President was in charge of the business meeting with Miss Marjorie Maber, Acting Secretary. Gordon Stewart reported that arrangements are being made for a United Young People's dance November 22. Miss Mary Heddle and Gordon Williams reported on the Nelson-Trail Young People's Rally to be held in Nelson November 2 and 3.

A letter from Miss Dawn Sharp, acknowledging flowers sent to her when she was in the hospital recently, was read. A Hallowe'en Masquerade was planned for October 30 and members were warned they must come in costume.

The Devotional Service was led by Miss Hazel Stout, membe rof the "One Man's Family" group, who took "Thanksgiving" as the theme for her message. Members fo the Trinity Young People were in attendance.

The evening closed with a rousing sing-song led by Mr. Burkholder and the singing of "Taps".

Trail Requires a New Method of Financing Kid Hockey This Year

Letter to Be Sent to Parents of Pupils

TRAIL, B. C., Oct. 17 — Due to war conditions, it will be impossible to finance the Boys' Hockey Club under the scheme used in past years. This was announced by the Executive at a general meeting of the club members and their parents, at the Memorial Hall tonight. Twenty six boys and nine adults attended.

It was decided to distribute circulars, setting the membership fee at $3, around the schools for parents to sign in order to find out the number of players, and the funds to be realized. In the meantime the present Executive has agreed to carry on until the results of the test can be ascertained, when a new operating program will be outlined and a new slate of officers elected.

The next general meeting will be Oct. 28.

The Trail Amateur Athletic Association, through President W. O. Williams, said the Association would assist as far as possible, but thought the club should be run by its own members, with the help of a few adults.

A number of adults who had previously taken an active part in sponsoring the youngsters activities, are no longer associated with the club, several having joined the C. A. S. F.

Plans were discussed for the Fall tea and bake sale by the East Trail Branch of St. Andrew's Women's Auxiliary Tuesday evening at the home of Mrs. Robert Curtis. It was decided to make a donation to the Red Cross. At the end of the business meeting, dainty refreshments were served by the hostess. Fourteen members and two visitors were present.

Prepare to Move German Children From Large Cities

BUCHAREST, Rumania, Oct. 17 (AP)—Preparations to house 200,000 children now being removed from Berlin, Hamburg and other large German centres to escape Royal Air Force bombing raids are being made in the Benat region of Western Rumania, it was reported authoritatively today.

The plan follows upon a Berlin announcement, widely publicized in the Rumanian Press, that German women and children are to be removed to "avoid imperilling their health."

Suspend Secretary to Food Ministry at His Own Request

LONDON, Oct. 17 (CP)—Robert Boothby, Parliamentary Secretary to the Food Ministry, was suspended at his own request pending an official investigation of his activities in connection with payments made out of Czecho-Slovak assets in Britain.

The call of Prime Minister Churchill for appointment of an investigating committee was approved quickly by the House of Commons.

Mr. Churchill said that after the German occupation of Prague the question arose of payment of claims against Czech assets in Britain and Mr. Boothy became chairman of a committee pressing for payment.

He said evidence had been placed before the Government indicating Mr. Boothy had a financial interest in one large claim. This appeared to be inconsistent, Mr. Churchill said, with statements by Mr. Boothy to a former Chancellor of the Exchequer.

Mr. Churchill told the House he did not consider it fitting to call for Mr. Boothby's resignation since that might prejudice the issue in the eyes of the public and declined to go into details of the matter until it was investigated by a select committee.

A Government motion in Parliament asked for a committee to report on "whether the conduct of the honorable member was contrary to usage or derogatory to the dignity of the House or inconsistent with the standards which Parliament is entitled to expect from its members."

Parliamentary observers said the motion was made to give Mr. Boothby a chance to clear himself against a "whispering campaign."

Roosevelt Allots $1,000,000 for Survey of St. Lawrence Power; Has Committee

WASHINGTON, Oct. 17 (AP)—President Roosevelt informed the United States Congress today that he allocated $1,000,000 for preliminary surveys looking to development of additional power for defence at the International Rapids section of the St. Lawrence River.

The money came from a $300,000,000 defence fund which Congress placed at the President's discretion and it was assigned to the Federal Power Commission and the Army Engineers Corps for core borings, test pits, soil analyses, and other preliminary work to be undertaken immediately.

"The preliminary investigations which I have authorized involve no actual construction or commitment to construct," the President said in his message and "in taking this means of advising Congress of the surveys I am having made, I wish to make it clear that Congress will be kept advised of such further steps as may be necessary."

The President also issued today an executive order creating the St. Lawrence Advisory Committee to advise him, he said, "in planning the work and to cooperate with appropriate agencies of the Canadian Government."

To its membership he named Leland Olds, Chairman of the Federal Power Commission, as Chairman; A. A. Berle, Assistant Secretary of State; Brigadier General Thomas M. Robins, Army Engineer Corps; and Gerald V. Cruise, representative of the Trustees of the New York Power Authority.

The President told Congress that surveys of the Power Commission and the National Power Policy Committee had convinced him that development of the international rapids section should be undertaken quickly "as a part of adequate provision to meet the continuing power requirements of the defence program in certain essential centres of war material production in the Northeastern States.

Board of Trade Commends CKLN and Daily News

A resolution commending Radio Station CKLN and the Nelson Daily News for establishing and maintaining a radio station in Nelson was recorded by the Council of the Board of Trade at its luncheon meeting at the Hume Thursday.

"For a great many years we had difficulty in getting radio at all," said Ven. Archdeacon Fred H. Graham. "Now we get a very great deal of up to date news, some of the finest music to be heard in the world.

"Between local and national features, war news, music and so on we owe very great thanks to The Daily News and the station," he said.

Mayor N. C. Sibbs agreed with Archdeacon Graham and added "they are striving day in and day out to get more features." He had discussed this at Ottawa, he said, advancing the argument that such features should be available to CKLN because of the difficulty of obtaining satisfactory radio in Nelson and district.

"CKLN is certainly a godsend, and we can be mighty thankful we have it," His Worship commented.

Archdeacon Graham said he desired particularly to voice his opinion in view of criticism of CKLN in letters which "The Daily News has published rather courageously."

LETTER IS FORWARDED

The following letter to CKLN was subsequently forwarded by W. G. C. Lanskall, Secretary:

"At meeting of Council of this Board held today attention was directed to the excellent service being rendered by Radio Station CKLN to the City of Nelson and District.

"It was recalled that, prior to inauguration of the station, radio reception in Nelson had been poor indeed, and that it required years of intensive effort to secure broadcasting license for this place.

"It was further pointed out that while some criticism had been made as to the quality of certain of the programmes put on the air, yet it appeared good policy to cater to all tastes, and that a very considerable number of the broadcasts were the world's very finest in music.

"Keen appreciation of the station's very complete coverage of world news in these trying times was expressed and I was directed to convey to you our warmest thanks, with best wishes for increased success in your operation of the station."

Expectant Mothers Leave London Daily

LONDON, Oct. 17 (CP)—Malcolm MacDonald, Minister of Health, told the House of Commons today that 500 expectant mothers are leaving London every week to escape the dangers of German air raids.

Air raid casualties at present, he said, are "slight" dspite "the strenuous and wanton efforts of the German airmen," and only some 5500 beds in hospital wards are filled by such casualties. More casualties may be expected, however, he said, "before the enemy is finally beaten back from London."

He also told the House that about 480,000 school children, or about 56 per cent of the school population, had left London.

The Minister said there had been "an ominous increase in the incidence of cerebro-spinal fever which should make us pause in contemplation of the coming winter," despite the discovery of new drugs to deal with the disease.

SANSON APPOINTMENT IS WARMLY WELCOMED

By SAM ROBERTSON
Canadian Press Staff Writer

LONDON, Oct. 17—(CP Cable)—Appointment of Brig. E. W. Sansom to command the Canadian 3rd Division was warmly welcomed today by the officers and men of Canada's overseas forces.

One officer summed up the general feeling when he said: "His long military experience and administrative ability makes him the right man for the post. He will be a great commander."

LONDON, Oct. 17 (CP) — The question of whether information is reaching Britain's enemies by way of Eire "is under constant review," Commons was told today by Harold Nicolson, Parliamentary Secretary for the Ministry of Information.

Devout Offering for Sanson Promotion

By SAM ROBERTSON
Canadian Press Staff Writer

LONDON, Oct. 17 (CP Cable)—Four tall tapers burn in a little French church near Trafalgar Square as an offering of devout thanks of the appointment of Brig. E. W. Sansom to command the Canadian 3rd Division.

They were lit by his batman, L.-Cpl. Albert Mayotte of Ottawa, who promised in his prayers last Sunday that "if my boss gets the promotion I'll make an offering to St. Anthony."

Mayotte appeared before Brig. Sansom today with an unusal request for two shillings. He told of his promise to St. Anthony and suggested that "as you were the one who got the promotion perhaps you should buy the candles." Brig. Sansom readily agreed.

As he hurried away to the church the batman admitted the new general's long military experience and ability had something to do with his receiving the appointment but said with emphasis that "you can bet my prayers helped."

Italians Attack Two Large Ships

ROME, Oct. 17 (AP)—Thursday's Italian high command communique:

"The commander of the submarine Toti which sank an enemy submarine of the Perseus type reported (yesterday) in bulletin 131 is Capt. Bannino Bantinis.

(The Italian claim of sinking a submarine has not been confirmed by the British Admiralty.)

"The English cruiser torpedoed by a torpedo plane reported in bulletin 130 is, according to the English Admiralty announcement, the Liverpool.

"In North Africa enemy aviation violently bombed the city of Tobruk with explosive and incendiary bombs, causing damage to some installations and to 45 dwellings and destroying nine sheds.

"In East Africa one of our bands attacked an English post southeast of the Daga River Post. The enemy fled hastily, abandoning arms, munitions and supplies.

"Another aerial formation attacked two large ships escorted by a warship in the Red Sea, hitting one seriously. Enemy aircraft which intervened were met by our bombers, which succeeded in bringing down one plane of the Blenheim type, and probably one of the Gloster type.

"Enemy planes bombed Diredawa, Decamere, Tenessenei, Kassala and Gondar, causing one death and several injured in the latter place only. There was slight damage. Successive raids in Diredawa and Harar were dispersed by our chasers which put the enemy planes to flight before they were able to drop their bombs."

"BRITAIN'S FARMS ARE FRONT LINE OF FREEDOM"

LONDON, Oct. 17 (CP)—Prime Minister Churchill wrote the President of the National Farmers Union today that "the farms of Britain are the front line of freedom."

Replying to criticism of fixed agricultural prices, Mr. Churchill sai dthat food rates were established to "meet exceptional needs of war," and if hardship was caused in some cases "the call to duty would still go out to the farms as it does to the factories."

Nearly 100 Do Not Report at Camps

EDMONTON, Oct. 17 (CP)—Approximately 100 young Albertans who were notified to go to compulsory training camps this month have not reported at the camps, Joseph P. McIsaac, Registrar of the Provincial War Services Board, reported today.

Majority of this group did not receive their notifications because they were working in harvesting operations, the Registrar said. No cases of men deliberately "dodging" the draft had yet come to the attention of the board.

As soon as the Board's check-up on the men not attending is complete, men who received their notices and then did not go to camp will be prosecuted, he declared.

Jealousy . . .

Step Problem Can Often Be Solved by Stepping Back

By CAROLINE CHATFIELD

The average stepmother has a hard row to weed and she doesn't get proper credit, either. The sympathy of the public is usually with stepchildren, rather than with the stepmother. Yet anybody that has had many closeups on "step" situations knows that as often as otherwise, the children, being jealous, suspicious and envious, erect a stone wall of resistance to their father's wife which she can't get over. Sometimes it is a result of their mother's warnings to them before she died.

There are other ways to account for children's animosity to stepmothers. They frequently feel, wrongly, of course, that number two has usurped their mother's place. Wrongly, they imagine that thier father's first and only duty is to them.

Dear Miss Chatfield:

I married my husband with some misgiving because he had three high-spirited children and I wasn't sure I could make them happy or that they would let me be. If ever a woman went at a job with conscientious determination to succeed I did then. I interceded with my husband for them when I thought him too hard on them. But whatever I did or didn't do I was met with stony resistance. The oldest girl is now seventeen, having dates (too many for her good, I fear) and she needs the counsel of a mother but she won't have it from me.

STEPMOTHER

ANSWER:

It is possible that in your zeal to fill the bill as mother to the children you have mothered them crowded them and tried to force their affection: Suppose you relax for a time. Withdraw from them and let them make the advances to you.

I know a stepmother who was in much the same fix with a 20-year-old stepdaughter. She called the girl in one day and said to her, "Now I had wanted to be a real mother to you but you plainly don't want me to stand in that relation to you. Until you are married the three of us have got to live together in this house. As it is we are all unhappy. Your father is the most unhappy of the lot. Can't we come to an understanding of any sort that will enable us to have a pleasant home life." The daughter agreed and from there out the surface was smooth.

MANCHESTER (CP)—The Germans cannot understand grim resolution which is not due either to fanaticism or blind obedience, says The Guardian, commenting on "the Spirit of London" in the air raids.

EMPIRE BODY HEARS OF CANADA'S FOOD SUPPLY

Beauty Baths for Dry and Oily Skin

By DONNA GRACE

Excessive dryness of the skin may not be quite so annoying as the oily type, but it demands lots of coddling. For instance, women feel they should never use water as they find it too irritating. They depend on oils and lotions even for bathing.

We can think of nothing more depressing than being denied the pleasure of a daily bath, and so far as we know there is no healthy skin that will not be benefitted by this ablution.

Instead of soap, a few cupfuls of starch can be added to the tub. This is first dissolved in cold water, then the warm water is run in. For this bath use the towel as a blotter and do not rub, jus press the towel against the skin until it is dry.

There are several of these soothing baths, such as borax, bran and oatmeal. The bran and oatmeal must be secured in gauze bags to prevent it from sifting about the tub. Make the bags large enough to hold from one to two cupfuls.

When the skin is bathed in these wajers, it will be smooth and soft as a baby's and will remain that way for some time.

Even though these beauty baths are the rule, dry skin will always need plenty of lubrication. We believe a cleansing cream is necessary, but another of the richer kind will be better for massage.

Oyster Season Is Here Again

By LOGAN CLENDENING, M. D.

"Oysters in their way," said Stephen Paget, "are quite as wonderful as poets, saints and men of science."

The season of the year has come again when, according to proverbial hygiene, it is safe to eat oysters.

Oysters are among man's oldest foods. They are fastened for life to one spot and an easy prey. The beetle-browed paleolith crept down to the water's edge of the dawn oceans and snaked him off its fine an epicurean feast as anyone could want. Great heaps of oyster shells—middens — piled up by prehistoric man can be seen, many on the coasts of Florida. Oysters were delicacies in Greece and Rome. Pliny records the scientific cultivation of oysters in the first century B. C. In the days of Augustus, one Sergius Orata made a fortune as oyster purveyor to the aristocracy of Rome.

GOOD FOOD

The modern scientific dietitian supports in every respect the epicure's delight in oysters. The composition of oysters is:

Water	88.1
Protein	6.1
Fat	1.3
Carbohydrates	3.0
Salts	1.6

The carbohydrates come from the liver, the dark mass in the centre. The high carbohydrate content must be reckoned with for diabetics.

The oyster is very easily digested if taken raw. Three medium sized oysters are disposed of by the stomach in 1¾ hours. Cooking makes them less digestible.

Their nutritive value is not high. Fourteen oysters have not quite as much nourishment as one egg. 225 equal a pound of beef. So it is not surprising to hear of enormous quantities of oysters being eaten at one sitting. Brillat Savarin relates of his acquaintance with a man who would eat a gross and then follow up with a heavy dinner.

When the Student Lags in Reading

By GARRY C. MYERS, Ph.D.

Beyond the fourth or fifth grade, and even in high school and college, there are some very poor readers. The books from which they are supposed to read and learn facts are far too hard for them. For anyone to make progress at reading skill, he must practice on materials easy enough for him to read with effectiveness.

You can help the poor reader if you can induce him to read to you or someone else from books several grades lower than where he is at school.

Be sure his pals are not present when he reads from such "easy" materials. Help him save his face and never to feel ashamed of his reading lag. Better still, you can induce him to read to a younger child to entertain this child.

If he has trouble with geography, history, science, his trouble is with reading. Children don't fail in these subjects, as a matter of fact, they fail in reading. Most of the school work above the first grade consists of reading. Preparation of a lesson is an exercise in silent reading, as a rule. Many high school and college failures are reading failures.

READ ALOUD

In addition to this procedure, the poor reader in the upper grades and high school should read aloud for at least half an hour a day from easy materials.

SERIAL STORY . . . By RUPERT GRAYSON

Before the Blitzkrieg

CHAPTER TWENTY
(Continued)

"But why knock THEM on the head, and let us live—and like fighting cocks, at that?"

"That's very simple. You're known as an inventor and designer of planes. And I'm supposed to be your assistant, remember! They think they can get something out of us—or out of you, at any rate! That's the answer!"

"By God, but they'll be unlucky," frowned Tommy, an ugly expression coming into his eyes.

"Steady, my friend," Gun admonished him. "Remember we're here for a purpose—and, in order to do that, we've got to play up to them a bit! We—"

But Tommy showed a sudden streak of obstinacy.

"That may be your job, Gun, but it isn't mine. I'm under no sort of orders. And, while I'm always prepared to hold a candle to the devil, I'll be damned if I'll hold so much as a match to a gang of bloody pirates and murderers."

Gun eyed him with some anxiety, foreseeing unexpected complications.

"Look here, Tommy," he said quietly. "Just be sensible, will you? You say you're under no sort of orders—well, you're wrong. You're under MY orders. You were told that before we went up. And—"

"Just a minute!" Tommy's mouth was set in a straight, thin line. "Your mistake! I was acting as your pilot, and under your orders while we were in the air. But we're on the ground now and, without offence, Gun, I don't hold myself at the orders of any civilian!"

And from that position, argue though he might, Gun could not shift him.

Suddenly Gun sat upright.

"Hullo, what's wrong now?"

Gun's face had taken on a peculiar expression. He seemed at once to be staring, listening and smelling.

"What the devil . . .?" Tommy began.

"Has it ever occurred to you that in some ways we possess a sixth sense?" Gun asked, rather dreamily. "A knowledge that comes to us without either seeing, smelling, hearing, touching or tasting—and yet, perhaps, is a combination of all five?"

Tommy looked concerned.

"Here, stow it, Gun. You're flying miles above my head. What are you getting at, anyway?"

"Just this," answered Gun. "If I've been in any part of the world once, and I get to that same part again, without any real knowledge of where I am, I believe that I can tell it. For instance, if I were suddenly transported to, say, Mexico, I believe I should know where I was, after a little while, without any definite clue of any sort. Or in America, or Germany, or England!"

"Well . . .?"

"Just this. Some time ago I happened to be in the Greek archipelago on—a little matter of business—and . . . well, somehow this place FEELS the same to me. That's the only way I can describe it—FEELS!"

"You think, then, that we're on an island somewhere around the Greek archipelago?" exclaimed Tommy, eagerly.

"That's about it!" Gun nodded.

"Well, that's useful—if it's right. If only we knew for certain . . .!"

"Ah," agreed Gun, "if only we knew . . .! Hullo . . .!" he broke off abruptly, then went on: "Here comes the Trent merchant, and not looking too pleased with himself, either. We'd better stroll inside—or we shall have him sticking microphones in the lawn, and we shall want SOMEWHERE where we can talk in safety! Come on!"

ROAST STUFFED SPARERIBS

2 sections spareribs, 1 cup breadcrumbs, ½ cup chopped celery, 1 teaspoon salt, ¼ cup chopped olives, ¼ teaspoon pepper, 1-8 teaspoon paprika, 1 chopped onion, 2 tablespoons bacon fat, ½ cup water.

Select a whole spareribs piece or part of 2, so that one piece can be laid over the other. Rub with salt and pepper, and spread one piece with bread stuffing, made as follows:

Brown onion lightly in fat, add to breadcrumbs, celery, olives, salt, pepper and paprika. Moisten with meat stock or water and mix thoroughly. Cover with remaining section of spareribs and sew two together, dredging outside with flour and placing stuffed ribs on rack in open roasting pan.

Sear in hot over (450 degrees F.) for 20 minutes or until meat is lightly browned, then reduce temperature to 300 degrees and continue to cook for 1 hour longer, or until meat is tender.

LEMON PUDDING

2 cups water, 1 cup sugar, 2 tablespoons cornstarch, juice 1½ lemons, 3 egg whites, ¼ teaspoon lemon rind.

Dissolve cornstarch in some of the water, add to sugar, lemon juice and grated rind, then gradually pour on rest of water, stirring to keep smooth, and put in double boiler.

Cook until clear and smooth (for about 15 minutes), then fold in stiffly beaten egg whites and pour into mold to cool. May be served with dash of whipped cream on top or plain.

Men Will Model at I.O.D.E. Show

"What the Well Dressed Man of 1940" is wearing will be a new feature introduced at the Fashion Show to be staged by Kokanee Chapter I.O.D.E. This was decided by the committee in charge when they met Thursday night to make final preparations for the sparkling program to be presented on the evening of October 30 at the Capitol Theatre.

Men will model the latest fashions in suits, coats, tuxedos, sports attire, etc. The latest styles in women's suits, furs, evening gowns, afternoon dresses will be modeled by women as usual at this annual affair.

A concert program of Nelson's leading artists has been arranged and "the show promises to be one of the season's most attractive entertainments" said Mrs. Harold Lakes, General Convener.

Scotch Kiddies Like the Sirens, Letter Reveals

That the school children in Thornton, Fifeshire, Scotland, think it a great lark when the air raid sirens sound and the classes are suddenly dismissed, and they rush for shelter, is the information Mrs. A. Harmston of Crescent Valley has received in a letter from her niece—near whose home incendiary bombs recently fell.

The young Scottish woman wrote in part:

NO EVACUATION NOW

"Talking of Evelyn (her little daughter) I have definitely made up my mind not to evacuate her to Canada or New Zealand; not after the sinking of that ship on Saturday with the 350 evacuated children on it going to Canada. God was kind and kept it afloat until all the children and the rest of the 600 aboard got safely off, also saw that they were safely landed. Nothing is too vile for the Germans to do; they were perfectly aware when they torpedoed the ship that it was evacuating children, but those are Hitler's orders, and the commanding officers in what are left of his submarines are as rotten at heart as he is or they would not do it. So Evelyn stays put beside me, and will take the risk along with her Dad and Mum.

"The worst part of the war is just to come yet. The Winter months will tell what we all have got to come through, but we are all prepared for anything, and are not in the least bit afraid of the aeroplanes or invasion; the latter part I do not see how he is going to manage, we are so well prepared all round the coastline of our small Island. One thing I will say about the children, they are not in the least panicky, and think it is great fun when the sirens go, to run home from school, those who can get home in three minutes time (and Evelyn can as we are only a public park distant from the school), or else run to the shelters. That is one thing Hitler has not done—put fear into our children. Thank God for that!

SHELTER UNDER STAIRCASE

"Jim is connected with the Ambulance Depot of the A. R. P. So when the sirens go through the night he has to run to the hospital and leave me, so I go with Evelyn downstairs, as our own air raid shelters have not been built yet. In fact, we have been waiting for a month now on the bricks and cement being delivered, and they still have not arrived. But downstairs under the staircase is as safe as anything.

"We have been getting a rest this wee while back, but poor England has been getting it hot. Of course it is only 25 miles across the water from France to Dover, therefore the reason of their day and night raids—they have a good bit further to come to get to Scotland.

BOMBS WERE HARMLESS

"Still we are not getting off for all that. There was a whole load of bombs dropped from a German plane two fields away from our house, and really I thought our last day had come. But all the damage it did was kill two cows, some hens, and smash all the windows in the farmhouse where they dropped. They were incendiary bombs, which was a good job, or else I would not have been here to write to you had they been high explosive ones."

NAVY GETS ITS CHANCE, AJAX SCORING AGAIN

Envied by the whole Royal Navy, and by the Australian and Canadian Navies as well, the British cruiser Ajax, of Graf Spee fame—fame which it shared with the cruiser Exeter—has added to its laurels by sinking three Italian destroyers, in two briefly-spaced engagements.

First meeting three Italian destroyers, it quickly sank two of them, the third getting away.

In the follow-up it had the luck to meet a mixed Italian force of five ships, one a heavy cruiser, which outpowered it. This time it crippled a submarine. Darkness enabled the Italians to make off.

But planes of the Ajax and the York, which had come up, located the retreating ships, and when the limping destroyer was abandoned to its fate, it was sunk by gunfire.

The first encounter took place within 80 miles of the port where the main Italian fleet lies at anchor, and the second was much nearer, but the Italian fleet failed to emerge and take a hand.

So the victorious Ajax, bearing a few honorable scars, is now being touched up in port, but in a condition to sail at any time, while three Italian detroyers are lying on the bottom of the Mediterranean, where the Italians claimed the Ajax was. The York, which got into the action when the crippled ship was overtaken, was unscratched.

Altogether, the Royal Navy has been having its share of the fun the last few days.

British submarines in the Mediterranean sent two Italian supply ships to the bottom.

In another action, British submarines wiped out a German convoy of five ships, location not named, but presumably in North Sea waters.

K. E. P., Trail—Could you tell me how to remove ink stains from towels and rust stains from both cotton sheets and towels?

To remove ink stains from towels use acetic or formic acid, followed by diluted mineral acids or oxalic acid. To remove rust stains from cottons soak the stains in a solution of tin chloride, and rinse immediately with much water.

M. J., Nelson—Can you tell me what days June 9, 1903, and April 3, 1920, were?

June 9, 1903, was a Tuesday and April 3, 1920, a Tuesday.

I would also like the words to the song "Play Mate".

Can any Daily News Reader supply these words?

E. S. D., Nelson—How long should one keep receipts received when making payment?

Receipts should be kept six years, although for a matter of record some people like to keep them longer.

If after eight or 10 years a debt is handed in to a credit company to collect, when should one use the limitation clause—when he receives notice from the credit company of intention to take action or after action has been started?

It would be advisable to write credit company immediately stating the account is outlawed, if the account is outlawed. If the case reaches court the Statute of Limitations could be pleaded in defence. It should be remembered that an account is not necessarily outlawed by age. Investigation shows that many accounts six years or more in age have been legally revived by admission, partial payment or some similar transaction.

A. S. D., Nelson—Will you please tell me how to make wine from small concord grapes?

Grapes must be ripe and of good quality for success in wine making. Crush the fruit to extract the juice and put in a wooden cask to ferment at room temperature of 59 to 80 degrees Fahrenheit. To every four to six pounds of fruit add one gallon of water and three to five pounds sugar. (One and a half pounds of raisins may be substituted for each pound of sugar). When fermentation ceases strain and put in tightly corked bottle and place in a cool place for several months before using.

U. S. Greets Draft With Enthusiasm

WASHINGTON, Oct. 17 (AP) — Clarence A. Dykstra declared in his first public statements as draft director today that "those who had thought we were soft and supine and, as a Democracy, could not move with effectiveness, may be disappointed."

The 57-year-old University of Wisconsin President, who had taken the oath of his new position in the office of Secretary Stimson in Washington but a short time earlier, added that "the news is that the registration went off more than happily —with enthusiasm."

"It shows the ability of a great democracy to rise to a occasion of this kind," he told a Press conference.

"We could only get one set of needles in the village, so I knit in the daytime this week and Winnie is on night shift."

CONTRACT . . . By Shepard Barclay

NOT THE RIGHT SPOT

THERE IS a right and a wrong spot for every artifice of the skilled cardsman. Plays that are eminently correct in one situation are utterly out of order in another. This is especially so of the "Bath Coup," the old tricky hold-up of an ace when also holding the jack, which was supposedly first used in that cradling place of Whist, now in the hands of a non-bridge player named Adolph.

North: ♠K 8 5 ♥4 3 ♦A 9 7 6 4 ♣K 10 4
West: ♠Q J 9 ♥K Q 10 7 5 ♦K 10 ♣Q 7 2
East: ♠A 10 4 2 ♥8 6 ♦8 3 2 ♣8 6 5 3
South: ♠7 6 3 ♥A J 9 4 ♦Q J 5 ♣A J 9

(Dealer: West. North-South vulnerable.)

West	North	East	South
1 ♥	Pass	Pass	Dbl
Pass	2 ♦	Pass	2 NT
Pass	3 N1		

West attacked this contract with the heart K. South had just recently learned about the Bath Coup, so decided to try it. He played low on the lead, hoping thereby to get a repeat of the suit and therefore two tricks in it. But West didn't fall so easily. He switched to the spade Q, and four tricks in that suit beat the contract.

South should never have tried the Bath Coup here. The only times for it are those when a switch to any other suit would help the declarer, or at least could not harm him. But this was not one of those times. To protect against danger in spades, he should have taken the opening lead with his heart A and then planned to finesse both diamonds and clubs toward East. From West's bid, it was pretty sure he had the threatening honor in each of his suits, in case he did not have the spade A. If he did have the spade A, then that suit was not so dangerous and would produce a trick.

As it turned out, this method of play would have furnished five tricks in diamonds, three in clubs and one in hearts, making the contract without a risk of having the spade K led through at once.

Tomorrow's Problem

South: ♠K Q ♥K 6 ♦A 8 ♣A K Q J 8 6 5

If you are all ready to bid 7-No Trumps on your next turn in the South, but West doubles your 5-No Trumps bid, should you redouble or go ahead and bid the big slam?

Tells of Fight With Man Flashing Light During London Raid

LONDON, Oct. 17 (CP Cable)—Sergeant Joseph Bibeau of Brompton-ville, Que., described in court today a fight with a man he said he saw flashing a hand lamp into the sky during an air raid on London.

Bibeau, member of a famous French-Canadian regiment, said he found C. H. Fisher switching the light off and on beside a house. The soldier started to call a policeman when Fisher struck him. Bibeau hit back and knocked his assailant down.

Fisher, charged with signalling, was remanded in custody.

Total Deaths 233 Since War Began

OTTAWA, Oct. 17 (CP)—A total of 233 deaths in the Canadian navy, army and air force showed today in a compilation of figures since the start of the war and supplied by the three services.

The total includes all deaths of men serving in the navy and the air force wherever they occurred but does not include army deaths in Canada, a few of which have occurred due to accident or natural causes.

The official army list showed 94 deaths, all overseas. The navy list contains 67 names and of these 54 deaths were the result of enemy action, eight were due to natural causes and five to accidents.

The air force list contains 71 deaths of which 66 occurred in Canada and five in the United Kingdom, in addition the air force lists the death of one army officer, not shown on the army list, as it occurred in a flying accident in Canada. That makes the total of 233. The air force also lists the death of one officer of the Royal Air Force which occurred in a flying accident in Canada.

The army has four men reported missing and one reported a prisoner of war. The air force lists two men as missing in Canada. The navy has no one listed as either missing or prisoners.

INTRODUCES BILL TO EXTEND PARLIAMENT

LONDON, Oct. 17 (CP)—Prime Minister Churchill introduced a bill in the House of Commons today to extend the life of parliament which, except for the war, would expire next month.

Under the Parliament Act of 1911, five years was made the maximum life of parliament but this period was extended several times during the first Great War when the so-called war parliament existed for seven years, nine months and 23 days.

The present parliament was elected Nov. 14, 1935.

TURKEY IS ACTIVE PREPARING DEFENCE

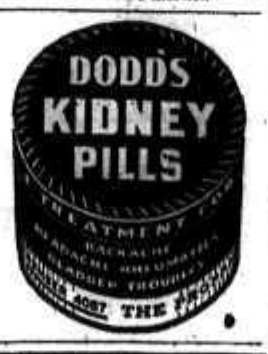
ISTANBUL, Oct. 17 (AP)—The Turkish Government, preparing its defences, published a decree today making all vehicles subject to requisitioning whenever the Ministry of Roads and Communications demand it.

The press announced the Ministry of Justice had granted permission for the use of prisoners in digging air raid shelters.

NAVAL MAN ARRESTED

MANILA, Oct. 17 (AP) — The arrest of Captain Rufo Romero of the Philippine Scouts on suspicion that he was preparing to give several confidential documents to unauthorized persons was announced today by the U. S. Army Intelligence Service.

Romero, a graduate of West Point, was held for court martial.



Many Questions Face U.S. Voters With Elections

NEW YORK, Oct. 17 (CP)—Approximately 150 state constitutional amendments, referenda and the like will be voted upon when the United States goes to the polls Nov. 5.

These issues will face the voter at the same time that he records his choice for president, members of the House of Representatives, and in many states senators, governors, state houses of representatives, mayors, city councils and a host of other offices, including judges, sheriffs and the like, ranging down to the village dogcatchers.

More than half the states will have on their ballots proposals dealing with liquor, old age pensions, taxes, horse racing, gambling and bond issues.

Colorado having provision now for one of the highest pensions for the aged in the country—$45 a month—has on its ballot a constitutional amendment to substitute a "guaranteed" $0 pension.

Arkansas will have a proposal to create a new pension system for persons over 60, the payments to come from revenues from sales, liquor, racing, pool hall and slot machine taxes.

Washington state will ballot on a minimum pension of $40 a month for those over 65, and Louisiana voters will decide whether to give pensions to aged state officers.

Five states will vote on liquor questions; Massachusetts, on a referendum to retain its present law; Oklahoma, a constitutional amendment to repeal its present bone-dry law and to legalize liquor sales; Oregon, on a referendum to regulate mixing of drinks in hotels, clubs and restaurants.

Four states are to settle racing and gambling questions; Arizona, to legalize gambling, with $4,000,000 of estimated annual revenues to go for social security and relief; Colorado, to legalize pari-mutuel betting on horse and dog racing; Oregon, to legalize pin ball games and bank nights; and Florida, to equalize distribution among counties of revenues derived from pari-mutuels.

Japanese Control National Church

TOKYO, Oct. 17 (AP)—Delegates of six of the largest Protestant churches here formally announced today formation of National Christian Church retaining the sectarian divisions and entirely in control of Japanese officers.

The results of two months of deliberations toward the formation of a new organism conforming to Japan's new religious law were announced at a meeting of 5000 Japanese Christians.

The new church embraces Presbyterians, including the Reformed Church; Methodists, including the Evangelical United Brethren Disciples; and Baptists, Lutrans and Holiness denominations.

Greek Catholics are included in the new organization, but not Roman Catholics. The Church of England is the only major Protestant church not at present included.

A preparatory committee composed of 85 representatives of the various denominations, all Japanese, was appointed to elect a head, choose a name for the church and formulate a creed.

BLOOD TRAIL ONLY CLUE TO DOUBLE SLAYING

OROVILLE, Calif., Oct. 17 (AP) —A dim trail of blood leading from a highway camp was the only clue police had today in the slaying of Frank T. Wilder, 33, and Doris Alger Wilder, 36. Mrs. Wilder, believed to be the wife of the slain man's brother, died as the result of two fractures of the skull and Wilder died of three bullet wounds.

The BBC announce an enlarged series of Broadcasts for Canada

"Air-blitz" or no "air-blitz", the BBC are carrying on and have recently enlarged their programme of transmissions to Canada. Every day approximately 6 hours of broadcasting will cross the Atlantic from the hub of the Empire. Not all these programmes will be carried locally — but all can be tuned in via short wave if you have a new Marconi receiver.

Overseas stations come in DIRECT—clear and strong—and Marconi super bandspreading eliminates complicated tuning. Keep abreast of world events with a new Marconi—visit your radio dealer and arrange for a demonstration. He will allow you a generous amount for your old set and extend liberal terms.

Terms were not revealed.

Players signed were Goalie Davin Kerr; defencemen Art Coulter, Ott Heller, Muzz Patrick and Babe Pratt; forwards Mac and Neil Colville, Alex Shibicky, Clint Smith, Phil Watson, Lynn Patrick, Dutch Hiller, Bryan Hextall, Alf Pike and Kilby Macdonald.

N.H.L. Backs Plan for Payment of Cash for Players

By H. M. PETERS
Canadian Press Staff Writer

NEW YORK, Oct. 17 (CP) — Governors of the National Hockey League, in probably their last session before the ice game gets under way for the Winter, today authorized President Frank Calder to sign an agreement with the Canadian Amateur Hockey Association under which the N.H.L. pays cash for amateurs who sign pro contracts.

The all-day meeting, attended by representatives of all seven clubs, discussed at length the referee situation but spent most of its time going over clause by clause the agreement with the C.A.H.A.

This agreement, accepted in principle at the last meeting at which Dr. W. G. Hardy of Edmonton, representing the C.A.H.A., was present, had as its principal clause the question of payment by the N.H.L. to the C.A.H.A. of a sum of money to reimburse amateur clubs for their expenses in training players.

It was agreed that the N.H.L. will pay $250 to the C.A.H.A. when any amateur player signs a contract offered by a professional club in a minor league affiliated with the N.H.L. If the player sings an N.H.L. agreement the C.A.H.A. receives an additional $250.

This money will be disbursed by the C.A.H.A. in the place or places where the amateur received his training.

It was also decided that in cases where the player after signing a contract is unable to find employment as a professional player, the N.H.L. will apply to the C.A.H.A. that the player be reinstated as an amatetur.

The new agreement also covers the other leading amateur bodies, the British Ice Hockey Association and the Eastern Amateur Hockey Association of the United States, so that similar sums will be paid in the event that amateurs under the jurisdiction of those bodies, all of which with the C.A.H.A. are members of the International Hockey Association, are signed to professional contracts.

Two New Players Join Roughriders; Argos Lose Player

OTTAWA, Oct. 17 (CP)—After two straight victories in the Interprovincial Football Union, there doesn't seem to be a reason why Ottawa Roughriders should want reinforcements, but they're getting them.

Two new players turned out with the champions as they went through a long drill, concentrating on a forward-pass offensive that they'll unleash against Toronto Argonauts in the East's big game here Saturday. The new men were Sid Hendrick, former Calgary Bronk outside, and Doug Nicholson, who played with Queen's University Intermediates last season.

Argos received another tough break in their drill. They already ha lost Big Red Storey, the galloping halfback, and Chuck McLean for Saturday's game and they went at a scrimmage so fiercely that Outside Roy Kent sufferd torn hip whipping the players into shape in so.

Five Bruins to Play Two Hockey Games

HERSHEY, Pa., Oct. 17 (AP)—After sending his Boston Bruins squad through today's double workout, Coach Cooney Weiland selected five players to play ironman roles when his National Hockey League Club opens its exhibition season Saturday against Hershey Bears of the American Hockey League.

The Bruins and Bears are scheduled to play a doubleheader, regulars against regulars and rookies versus rookies. The Hershey team, which serves as a Bruins' farm, cannot dress two full teams until Manager Art Ross makes his annual cut. Therefore Weiland has asked Flash Hollett, Red Hamill, Herb Cain, Art Jackson and Eddie Wiseman to play in both games.

Hamill will play defence for both Hershey teams but the other four Bruins will return to their own squad for the Varsity game after competing for Hershey Cubs.

Veterans all, Red Carr, Len Bicknell, Jesse Seaby and Jack Kilpatrick, whose names alone spell "hockey" to Nelson and Kootenay fans, will turn out for the Nelson Maple Leafs again this season. While Bus Algar and Jakie Mann, newcomers last season, have been lined up for the season, it is not known definitely whether the Smith brothers, Nick and Johnny, and Buddy Hammond will be out.

Red Carr, who made a brilliant comeback last season when he was transferred from his old position at left wing to right wing, will be starting his seventh season here.

Len Bicknell, Captain and defenceman, whose brilliant scoring rushes are old stories to Kootenay fans, came first to Nelson for the 1935-36 season and will be turning out for his sixth season here this year.

Both Jesse Seaby and high-scoring Jack Kilpatrick will be opening their fourth term here. They both signed with the Leafs in 1937 when Lethbridge and Coleman entered teams in a six city West Kootenay Hockey League.

Hockey Training Camp Notes

(By The Canadian Press)

There's no "soldiering" in the Toronto Maple Leafs Camp at St. Catharines with L. Cpl. Clarence Day in charge. Day, a member of the Toronto Scottish, N.P.A.M., is coach of the Leafs this year and is whipping the players into shape in good old army style.

Dead End Bingo Kampman and Bucko McDonald of the Toronto Leafs make quite a pair. There's only one thing they would rather do, sex, to eating and that is bash down opposing forwards from their defence posts.

Kampman and McDonald room together and the kibitzing is terrific. One night Kampman kept McDonald awake by extolling all the great deeds in a sporting way fashioned by men from Kitchener, Ont., which is Bingo's home town. Bucko finally fell asleep, then evened the score by waking up at 3 a.m. and munching apples in bed.

The old liniment bottle is seeing plenty of earvice with some of the veterans with Montreal Canadiens, who are practising at St. Hyacinthe, Que. Coach Dick Irvin sat in the lobby of the hotel and chuckled as some of them hobbled about.

"Heck," he said, "some of them are so stiff they can hardly move. I guess that must be new to a lot of them, who have been used to reporting and then settling down comfortably to work themselves into shape—by Christmas."

Leafs' Snipers Pile Up Goals

By DICK SHERIDAN

ST. CATHARINES, Ont., Oct. 17 (CP).—The snipers had their innings today as the Toronto Leafs set out to make up time lost to other National League hockey clubs which started training earlier. Two of the high marksmen were Gordie Drillon and Sweeney Schriner, veteran workmen, who, at one time or another, have led N. H. L. scorers. Drillon bagged at least five goals while Schriner got four.

Another player who shaped up well was Billy (The Kid) Taylor. Flanked by Nick and Don Metz, he displayed some of that uncanny stickhandling and playmaking that stamped him as the country's greatest junior two years ago.

Bob Copp, rookie defenceman, who played with University of Toronto seniors last year, injured the thumb on his right hand and was forced to the sidelines, first casualty of the workouts.

Copp, bidding for a defence spot, is a student in dentistry at the University of Toronto. He is the first U. of T. student to ever come to the Leafs' training camp.

Last year he played for Varsity seniors and started as a centre. Coach Ace Bailey had so many good forwards he decided to convert Copp into a defenceman.

Call to 22-Year-Olds to Be Mailed Soon

VANCOUVER, Oct. 17 (CP). — Registered letter call to take medical examination preparatory to summons to camp training will go out to all men of the 22-year class within the next day or two, it was announced today by Registrar C. G. Pennock.

This is in preparation for the listing of the men who will go to the second training camp expected to open about November 22.

Fishermen and farmers and ranchers will be called to the November camp, but loggers will not be called until later on, probably to the third camp in January or early February.

Urge 150 Constables to Prevent Vandalism

VANCOUVER, Oct. 17 (CP) — Chief Constable Donald MacKay and Alderman George Buscombe of the City Council decided at meeting today to recommend to the Police Commission meeting tomorrow that 150 special constables be hired to the police force to help prevent vandalism on Halloween. The specials would be taken from the ranks of returned soldiers as far as possible

New Pro Puckers to Play Saturday

WINNIPEG, Oct. 17 (CP).—Newcomers to professional hockey ranks will get a chance to prove their mettle in big time play here Saturday night when New York Rangers and New York Americans clash in a National Hockey League preview at the Ampitheatre Rink.

Americans' new "kid line" pivoted by Billy Benson of Winnipeg, with Bus Wycherley, Saskatoon, and Squee Allen of North Battleford on the wings, will make its professional debut by attempting to crash through last year's Stanley Cup winners.

Pete Slobodzian, Regina's contribution to the rejuvenated Americans, will team up with Charlie Conacher on defence.

Lester Patrick, Manager of the Rangers, announced tonight he would try Bill Juzda, star defenceman with Kenora Thistles last season, on defence with the Rangers. Juzda has signed a contract to play with Philadelphia Ramblers, Rangers' farm team in the American League, but Patrick said he was "anxious to see how he acted in major league company."

He said it was possible he would use some other Rambler players in later games at Regina, Saskatoon, Winnipeg and Port Arthur.

Creston C. Y. O. Plans Badminton Basketball Groups

Both basketball and badminton groups are being organized for the 1940-41 season by the Creston Catholic Youth Organization. A committee of Rene Archambault and Miss Margaret Torchia is in charge of organization.

While players have not been lined up for the badminton, three teams are expected to form the basketball group. These will include a senior boys, a junior boys and a senior girls teams. Arrangements have been completed for the use of the Lions Club Hall.

Detroit Red Wings Sign Jud McAtee

DETROIT, Oct. 17 (CP). — Officials of Detroit Red Wings of the National Hockey League announced today that Jerome (Jud) McAtee, left winger with Oshawa Generals, Canadian amateur junior hockey champions last season, had signed a Detroit contract.

At the same time, Jack Adams, Manager of the Wings, said that in his opinion McAtee would stick in the major puck loop in his first year as a professional.

McAtee last year had scored 40 goals and 31 assists in 33 games.

It was also announced today that two other former amateurs had been signed by the Wings. They are Art Herchenaiter, a centre with Windsor in the Michigan-Ontario League last year, and Bill Jennings, a right winger who played with Detroit Holzbaughs in the same league.

Illegal to Kill White Bear States Game Inspector

A rare albino or white bear about the size of a 2½ or 3-year-old black or brown bear was seen on the Kaslo-Nelson road near Queen's Bay by a party of men returning to Nelson from Kaslo, the bear being revealed by the headlights of their car. The party consisted of Ernest Collinson, J. J. Boyd and H. D. Harrison of Nelson; and Capt. James Fitzsimmons of Nakusp.

Inspector C. F. Kearns of the Game Branch pointed out Thursday that it was illegal to kill white bears. They were rare, he said, and were protected. Some three years ago two albino bears were killed in the Greenwood District when they were damaging an orchard, and the Game Branch investigated. Experts who examined the hides stated they were not pure white, but were in the first stages of albinism.

Regulations forbidding the killing of white bears were introduced to protect those native to the Northern coastal areas of British Columbia, Inspector Kearns continued. These were known as white or Kermodei. Whether they were a distinct species or merely freak albinos was still a subject of argument among experts, he added.

COAST ATHLETE DIES

VANCOUVER, Oct. 17 (CP).—Funeral services were held today for Jack Tyldsley, 20, prominent Vancouver swimmer and wrestler, who died in hospital Tuesday.

Legion, Ad News Win at Trail

TRAIL, B. C., Oct. 17—Edging Klines two points in their second game, Legion Band took a best of three decision in the Trail Ten Pin League bowling Wednesday night.

The Ad News team defeated the Zinc Melting Room, taking the first two games easily, and dropping the third.

Black Hawks Get Ice Drill at Last

HIBBING, Minn., Oct. 17 (CP)—Chicago's Black Hawks of the National Hockey League got in their first real workout today after a five-day lull caused by lack of ice.

Ninety-minute drills which included scrimmages were held both morning and afternoon. It was the first time the Hawks were able to bring sticks and pucks into use.

Baseball Chiefs Cross Fingers as War Draft Nears

By JUDSON BAILEY
Associated Press Sports Writer

NEW YORK, Oct. 17 (AP). — Baseball is going to take its draft medicine without a shudder, but the major league magnates are keeping their fingers crossed and their ears to the ground nonetheless.

Bob Quinn, President of Boston Bees, summed up the attitude of most of the club owners in a survey made by The Associated Press:

"I have been in the game over 50 years, during the Spanish and a few other wars. This is an American game and it never tried to hide. Baseball will be right there as always and do whatever America wants it to do."

There are approximately 500 players in the major leagues and some of these are almost certain to be summoned to one year's military service. However a majority of them are married, or have other dependents, so that on any one club no more than half a dozen are likely to fall into class one of the draft, subject to immediate call.

Warren Giles, General Manager of Cincinnati's World Champions, also expressed a common view:

"Baseball wants to do its part. We're not going to ask exemptions and if some favorite is drafted he'll go just as quickly as the bat boy. It probably will strike around about evenly. If we should lose Paul Derringer or Bucky Walters (both are married and have children) maybe our nearest competitor will lose somebody they need just as badly."

Kenora Thistles Seek Year's Absence Leave

WINNIPEG, Oct. 17 (CP) — Vic Johnson, President of the Manitoba Hockey Association, said today Kenora Thistles, Western Canada junior champions had applied for a year's leave of absence from the Southern Manitoba junior hockey group.

Thistles told him they had been very hard hit by player losses and of their last year's team had only three players left. Vic Lofvendahl, "Pinky" Melnyk and Dougie Lewis. Lofvendahl is seeking permission to turn professional.

In addition to this, the Kenora Club pointed out they faced the loss of 500 potential hockey fans to the armed forces.

Trail Guardsman Is in Hospital; 'Other Man' Held

TRAIL, B. C., Oct. 17 — Lance-Corporal Robert Hay, of the Veterans' Guard, Trail, is in the Trail-Tadanac Hospital suffering from a fractured skull, and Angus Edward McLeod of Trail, is charged with assault, as the result of a 2 a.m. encounter on the tracks near the C. P. R. depot, in which McLeod is said to have wielded a piece of 3" by 4".

McLeod appeared before Police Magistrate Parker Williams this afternoon charged with assault, but owing to the seriousness of Hay's condition the case was remanded to October 23.

Bail was set at $2000 by Magistrate Williams, the accused remaining in custody pending bonds.

Leslie Baker, of Trail, appeared for McLeod.

Mayor Stibbs Greets District Soldiers at Maple Leaf Gardens

At Maple Leaf Gardens, Toronto, where he saw the first game of the Vancouver-St. Catharines lacrosse title series, Mayor N. C. Stibbs met W. D. Ogilvie of Harrop, Louis Frano of Nelson, A. L. Brown of Castlegar and D. A. Barclay of Fruitvale among a group of soldiers who were cheering Burrards.

These men sent their greetings "back home", and said they were having "a great time," His Worship reported.

Half a glass of water UNFOLDS A GREAT INDUSTRIAL Romance

YEARS ago . . . a Canadian distillery set out to distill whiskies that, when aged and blended, would be smooth enough to require no mixer other than plain water.

Success was achieved and world approval of Seagram's Canadian whiskies has built a great international business.

The smooth, mellow and delicate Canadian whiskies of the House of Seagram require no mixer other than plain or sparkling water.

Whiskies distilled, aged and blended in the Seagram manner now outsell all others on the American continent.

Ships Turned Back Is German Claim

BERLIN, Oct. 17 (AP)—The German high command issued the following communique Thursday:

"Despite unfavorable weather, our air force carried out attacks on London and other military important points in central and south England.

"Planes laid mines at numerous places off the English coast.

"At the Channel's western outlet some enemy war vessels which tried to approach the coast again were forced to turn off by our naval artillery. A submarine sank three armed steamships totalling 21,000 tons, including an oil tanker of 10,000 tons.

"British planes on the night of Oct. 16-17 hurled bombs on the Reich's territory without military damage.

("Good results" were obtained by the R.A.F. in raids on the naval bases and docks at Kiel, Hamburg and Cuxhaven.)

Japanese Liner Held at Bermuda

HAMILTON, Bermuda, Oct. 17 (CP) — Naval authorities took charge of the Japanese liner Durban Maru today when she put in to Hamilton harbor.

The liner was bound from Lisbon to the United States. An Admiralty spokesman said the vessel would be held "for a short period" while part of its cargo is examined.

(No reason was given for the ship's call at Bermuda.)

Discuss Sending Canadian Firemen Overseas for Duty

OTTAWA, Oct. 17 (CP)—A proposal that Canada send firemen to the United Kingdom to help fight fires started by German raiders is being taken up in London with British authorities.

Mr. Justice T. C. Davis, Associate Deputy Minister of National War Services, made this known today when he said that Hon. J. G. Gardiner, Minister of National War Services and Agriculture, who is in the United Kingdom, is working on the proposal.

The Associate Deputy Minister said one suggestion placed before the Department by various cities and towns was that each fire brigade in the Dominion send one man and maintain him during his service in the United Kingdom.

KINGSTON, Ont., Oct. 17 (CP)—The active cooperation of the Dominion Association of Fire Chiefs has been promised the Dominion Government in the proposed sending overseas of a Canadian fire fighting force to assist British firemen in these strenuous days, Fire Chief James Armstrong, Association Secretary, said here today.

Claim Nazi Light Will Blind Raiders

BERLIN, Oct. 17 (AP). — The German propaganda machine today claimed a new defensive air raid weapon has been developed—a super searchlight which would blind British night raiders and make them fly directly into its rays, where they would be easy marks for anti-aircraft guns.

D.N.B., German News Agency, said the weapon was used successfully last night against a British bomber on the Dutch coast.

German Pilots Go "Anti-Nazi"

LONDON, Oct. 17 (CP). — The Daily Sketch, in its column "Inside Information," tells of a German airman who baled out somewhere in England and floated down to earth wearing a fur coat and carrying a suitcase full of personal belongings.

"He explained to the startled soldiers who arrested him that he was an anti-Nazi and had been given a 'suicide' job to do," the paper said, and added:

"Disclosures he made to intelligence officers included: 'Lufwaffe' morale has been undermined by the heavy losses the R. A. F. is inflicting and the devastating British A.A. fire; pilots protesting against 'suicide' bombing attacks are told retaliatory measures will be taken against their relatives.

"Dissatisfied Nazi pilots have been taken back to Germany from France as prisoners, and Gestapo agents have now been drafted into all airdrome ground staffs."

Slocan Enjoying Minor Revival of Mining; Zinc Tailings Are Being Recovered From Lake at Silverton

Crew Is Preparing Lucky Jim for Reopening; Molly Hughes and Highland Surprise Mine Gold; Base Metals to U. S.

Mill tailings that were dumped into Slocan Lake in the days of Slocan lead-silver riches are being recovered and milled again, this time for their high zinc content. At the time the tailings were dumped into the lake the presence of zinc in ore meant added treatment costs and most of the rich Slocan ore was thus penalized except where it was milled and the zinc extracted.

The tailings recovery operation is one feature of a minor revival of mining in the "silver Slocan". The base metal revival is based on shipment to the United States, but the Slocan is also producing gold and lessers are active producers of lead-silver ore which is going to Trail.

The tailings project has been undertaken by Western Explorations Ltd. at the site of the old Standard mill at Silverton. This mill was burned shortly after the First Great War. Western Exploration, under management of R. A. Grimes, built a new mill on the site just before the break in metal prices in 1929, planning not only to treat Mammoth ore but also to recover the Standard tailings. The Company obtained the Standard, largely for the mill site. Now it appears possible that the company may resume mining in the Standard, a producer of some of the richest lead-silver ore of the Slocan three decades ago.

Under management of Arthur M. Ham of Silverton, Western Exploration is using a dragline anchored to a "deadman" raft to bring the tailings up off the bottom of the lake. Three shifts are employed at the mill.

Another well known Slocan property which may join the list of producers shortly is the Lucky Jim at Zincton. Sheep Creek Gold Mines Ltd. of Sheep Creek recently purchased the mine and mill from the bankrupt Lucky Jim Lead & Zinc Company Ltd., the purchase price being reported at $30,100, and formed Zincton Mines Ltd. to operate it. A small crew has been sent to the property to prepare for reopening. A 200-ton mill is said to be in good shape and ready to go into operation at short notice.

At another famous Slocan centre of the early days—Sandon—a small crew was active during the Summer retimbering and doing general maintenance work in the Silversmith in preparation for resumption of operations should this be decided upon.

A large number of lessers are active in the Slocan. They have been working in a number of old properties, picking up "tag ends" of high grade lead-silver ore left behind when operations were on a larger scale.

The Slocan is also becoming a gold producer with two properties active. The Molly Hughes at New Denver is mining gold-silver ore and shipping it in the crude state to the Consolidated Mining & Smelting Company at Trail, where the silica content obtains for it a low treatment rate. Newest producer in the Slocan is the Highland-Surprise at Retallack a gold property, which is milling its ore at the Whitewater mill which it has rented for a year.

Trip to Slocan Is Proposed by Board of Trade

Proposal that the Nelson Board of Trade should visit the Slocan district was indorsed by the Board Council Thursday and placed in the hands of the Entertainment Committee headed by L. H. Choquette for a canvass of members with a view to organizing a trip. A joint meeting with Trail later on was also proposed.

These suggestions were made by John Learmonth after H. B. Gore urged steps to enliven interest in the Board and to increase attendance at meetings. Mr. Learmonth said the Slocan was enjoying a revival and that the different communities would welcome a visit by the Board.

Archdeacon Graham also urged that a meeting with Trail should be arranged, either in Nelson or Trail, not with any fixed purpose but chiefly for the sake of getting together.

Youths Seeking Work Not "Selling" Themselves, Nelson Junior Chamber Committee Finds; Seeks to Aid Them

Greater Use of Facilities Already Available Best Means of Promoting Employment for Nelson Youths

That more extensive use of facilities already at hand is the quickest and most efficient means to promote employment for Nelson youths has been discovered by the Nelson Junior Chamber of Commerce Committee charged recently with assisting boys and youths to find work.

The committee has undertaken as its first task the work of making the facilities more widely known.

One of the discoveries of the committee since it began to ask questions is that would-be employees are not "selling themselves"; that they are going after jobs with insufficient confidence in themselves and what they have to offer.

The Committee's inquiries have revealed that not only apprenticeships, but also Summer work and part-time work can be found for many.

HELP STAY IN SCHOOL

One of the most important conclusions reached is that boys should stay at school as long as they can; obtain all the education they can. To help in this direction by "lining up" part time work for individual boys is one of the objects of the committee.

Too little use is being made, the Committee found, of the Dominion Employment Bureau, and of the keen interest of James Dronsfield, Superintendent, in the youth of the community. For years Mr. Dronsfield served as District Commissioner of the Boy Scouts, and the interest in boys thus evidenced is continued in his work in the Employment Bureau.

Bliss W. Dysart, Provincial Government Wage Inspector, has also expressed the desire to assist the Junior Chamber Committee, believing that it can give material aid to boys and youths.

OBJECTS

The Committee has therefore set forth the following objects:

"To help local youths obtain jobs, positions, apprenticeships or part-time work, in cooperation with the Employment Bureau and the Wage Inspector. All boys seeking such help must register at the Employment Bureau, giving their experience and qualifications, if any, and what type of work they desire.

"To inform local and district firms of the service already existing and to clarify for those interested the conditions set by law to govern employment of youths.

"To give publicity by all available means to facilities already existing in order that they may be used more.

"To canvass local firms explaining the Committee's objective.

"To educate the general public to use the Employment Bureau when jobs of a temporary or permanent nature are available.

"To supply lists of boys available to interested firms."

The committee consists of William Moffatt, Kenneth McRory, Elias Fisher and Frank Becker.

Prices Aim Higher in Vancouver Trade

VANCOUVER, Oct. 17 (CP). — Prices pointed higher in late trading on Vancouver Stock Exchange today and at the close small gains were in the majority. Sales totalled 19,775 shares.

Privateer Gold added 3 to Wednesday's closing bid at 63 and Hedley Mascot gained 1 at 45. Grull Wihkane added a fraction at 3¾.

Home Oil jumped 10 to 2.05 and Pacific Petroleum held steady at 8½. Calgary & Edmonton dipped 4 to 1.30 and Royal Canadian eased ½ to 9.

Heavy Trade in Toronto Issues

TORONTO, Oct. 17 (CP). — Volume bettered the 300,000 share mark today on Toronto Exchange, the heaviest trade in more than a month and prices advanced.

Preston Gold led with an advance of 23 to 2.35 and other issues advancing 5 to 10 included MacLeod-Cockshutt, East Malartic, and Kerr-Addison, Malartic Gold Fields, McKenzie, Hard Rock and Perron.

The close was down narrowly for senior oils, foods and utilities. B. C. Power A and Consumers Gas lost a point or more. Abitibi issues reacted from morning highs.

Home Oil firmed 10 to 2.05 and Royalite gained a point to 22. Calgary and Edmonton and Davies weakened slightly.

London Firm

LONDON, Oct. 17 (AP). — Demand for gilt-edged securities helped to impart a firm tone to the stock market today. Prices were generally higher.

Tobacco store and provision shares were responsive to an improved buying interest. Heavy industries shaded off from the highs under profit selling. Home rails showed gains of ½ to 1 point. Oils were heavy, particularly Anglo-Iranian. Kaffirs showed some small gains.

Japanese issues recovered modestly in the foreign bond group.

Mayor Stibbs Urges War Work for Cranbrook, Grand Forks and Nelson to Offset Money, Population Drain

'Bewildering' Amount of Building Under Way in Canada

Hope that Nelson, Cranbrook and Grand Forks might obtain some benefit from Canada's war effort to offset the present drain was expressed by Mayor N. C. Stibbs when he told the Nelson Board of Trade Council Thursday of his visit to Ottawa during the course of a vacation trip to Ontario.

Mayor Stibbs stated he had argued not only on behalf of Nelson but also of Grand Forks and Cranbrook that population losses had been sustained through enlistment and through families moving to other centres as a result of employment on war work, and that there had been nothing to make up for such losses. Meanwhile the residents of these centres were contributing substantially to the war effort in the various campaigns for funds.

"I had no difficulty in approaching anyone I wanted to see," His Worship commented. "There is no question but that the executives at Ottawa want to do what's right, but they have a gigantic task."

AID IS POSSIBLE

I was possible assistance might be obtained in building for munitions manufacture if sufficiently strong representations were made, he said. Other cities across Canada were benefitting through the war effort.

The amount of building was "bewildering." Aluminum plants, munitions factories, hangars, housing huts and so on were being built at a great many centres. In Ontario "they are working night and day."

Even in Ottawa huts were being built for accommodation of the various staffs.

Mayor Stibbs stated he was in a crowd of several hundred thousand watching a mechanized unit en route to Camp Borden, in which Western units had banners on their trucks and were "whooping it up." He also saw a march of 3000 Air Force cadets at the Toronto Exhibition Grounds, "and were they snappy!"

Montreal Steady

MONTREAL, Oct. 17 (CP). — The stock market maintained a steady gait today.

Bathurst and Dryden newsprints chalked up small advances while St. Lawrence Corp eased narrowly.

Asbestos and Steel of Canada fell a point each. General Steel Wares sported a good-sized gain. B. C. Power "B" eased slightly.

Granby to Deal Tacoma Smelter

VANCOUVER, Oct. 17 (CP) — The Vancouver office of the Granby Consolidated Mining, Smelting & Power Company, in a statement issued today, announced the company has completed a deal with the American Smelting & Refining Company of Tacoma whereby Granby copper will be sent there for smelting instead of for sale to Japan.

The statement said that the contract provides that Granby will have the right to have its copper returned if either the Canadian or the British Government desires it.

"While this change will reduce Granby's profits somewhat, the directors realize that every Canadian company must do its part in the national emergency," the statement said.

The Granby Company was obliged to cancel its contract with Japanese interests for the supply of copper concentrates as a result of the Canadian Government's recent embargo action against export of the metal to other than Empire countries.

Shipping Demand for Wheat and Corn Lend Strength to Chicago

CHICAGO, Oct. 17 (AP)—A brisk shipping demand for wheat and corn imparted strength to the grain market today after a weak opening.

Price advances which followed announcement of the interest in corn offerings swept the May and July deliveries of wheat and corn, and all deliveries of oats to the season's highest points. Later profit taking erased some of the bulge but the gains were well maintained, and late rallies pulled the market to the day's best levels.

Gov't. Deposits Gain $2,067,000 in Year

OTTAWA, Oct. 17 (CP)—Dominion Government deposits increased by $2,067,000 to $27,744,000 during the week ended Oct. 16, it was shown today in the weekly bank statement of the Bank of Canada.

Chartered bank deposits increased by $13,658,000 to $231,496,000 while notes in circulation increased $192,000 to $336,924,000.

Admiral Gains

CALGARY, Oct. 17 (CP)—There was a fairly good demand for oil issues at unchanged prices on Calgary stock exchange today. There were few, however, willing to part with their stock at present prices and transfers totalled only 3450 shares. Admiral, up ½, was the only stock to show an advance.

Wall St. Steels Remain Steady

NEW YORK, Oct. 17 (AP). — Stock traders centred their interest on the steady steel group today, permitting most of the market to follow an irregular course.

Operations were mainly of a tentative, testing nature, held to a minimum by the uncertainties of war developments. About 600,000 shares were exchanged.

Leaders which demonstrated the greatest strength included U. S. Steel, Bethlehem, Youngstown, Douglas, United Aircraft, Chrysler, American Telephone, American Smelting, Air Reduction, Allied Chemical, New York Central and Loft.

Inactivity prevailed in the Canadian group. Distillers Seagram, about the only active issue, dipped ¼ point.

Nelson High School Cadets Organized as Regiment; Battalion in Each School

Drill Takes Place off Clubs; Girls Doing Red Cross Work

Nelson school cadets are organized as a cadet regiment.

Organization was completed when Lieutenant Critchley and Sergeant-Major Henry of Victoria visited the city during the course of a tour to District centres.

The Nelson Regiment consists of two battalions of three companies each, the High School group forming No. 1 Battalion; and the Junior High School No. 2 Battalion, it was explained Thursday by R. H. Temple, Instructor.

Each parades separately for the present, the High School Battalion on Wednesday afternoons and the Junior High on Fridays. Later on they will hold a number of parades together, and for ceremonial occasions they will parade as a unit.

Cadet work is taking the place—for the boys—of the clubs active in recent years. Girls of each of the schools are taking Red Cross work in the same periods.

In addition to the cadet training received during their Wednesday and Friday parades, students of both the High and Junior High are taking squad drill during half of their physical training periods. Their training is advancing fairly rapidly, the present stage being turning on the march.

Arrow Creek Area to Be Reforested

CRESTON, B. C.—The watershed of Arrow Creek, badly damaged by August forest fires, will be gazetted a prohibited area and reforested. Hon. A. Wells Gray, Minister of Lands, who was here at the end of the week and conferred with Reeve Mallandaine and Councillor Cook, gave this assurance.

This was the feature announcement at the meeting of the Village Council Tuesday, at which fire protection matters were to the fore in a report submitted by Fire Chief M. R. Joyce. He gained the consent of the Council to place the fire alarm switch at a location near the door of the Fire Hall and to have a night light at the same spot. His request for coats for the firemen, and better facilities for coping with possible fires in the vicinity of the cemetery as well as upper Victoria Avenue, along with quarters at the hall for a night fireman, will be discussed with the Reeve and a recommendation submitted at the next meeting.

Residents notified to replace tin chimneys with brick smoke conveyors will have a special conference with the Council.

At the request of the Junior Red Cross two tin containers will be placed in the business section for the reception of waste paper and other debris that now litters up the business section.

The sum of $25 was voted the Red Cross drive, and purchase of a $4 poppy wreath form the Legion Ladies' Auxiliary for Armistice Day observance, was authorized.

Cleanup Day, with free hauling of garbage, was set for October 23. The voters list Court of Revision was set for November 15.

Assurance was given that a meeting of the ratepayers would be called before the municipal election at the middle of December.

September accounts passed for payment were $649, leaving a balance of around $1800.

Water Department collections last month were $535. The new schedule of water rates becomes effective January 1.

Chairman Cook of the Streets Committee reported 1170 yards of gravel have been placed on the highways this year, a gain of 112 yards over 1939. Of $3300 voted the committee at the first of the year there was still $1300 unexpended.

Mr. Cook also reported on proceedings at the annual convention of the Union of British Columbia Municipalities at Revelstoke last month.

Warned Not to Spread German Movements

BUCHAREST, Rumania, Oct. 17 (AP)—The press published warnings today against spreading information about "the number of German troops in Rumania, what kind of food they are eating, where and how much."

The General Staff ordered several towns in Mildavia, which adjoins Russian-occupied Bessarabia, cleared out in preparation for the arrival of German army "instructors." At the same time 70 more Britons, including several newspapermen, left Bucharest.

The leader of the Iron Guard, Horia Sima, meanwhile urged his followers to join "the battle for iron," asking that they collect all kinds of metal, even shoe polish cans, and also old rubber.
