R. A. F. SINKS TWO SHIPS, KILLS 3000 MEN

Three Italian Ships Sunk by British

Italians Claim Victory Despite Losses; Claim British Cruiser Sunk in Battle Picked by Italians

ROME, Oct. 13 (CP)—An Italian destroyer and two torpedo boats were acknowledged by the Italian High Command today to have been sunk during a naval battle near Malta, during which the Italians claimed a British cruiser was sunk.

(There was no confirmation in London of the naval battle and no immediate comment on the Italian claims.)

The Italians claimed also they damaged an aircraft carrier and another cruiser.

The High Command communique claimed the battle lasted through a day and night off the British island stronghold.

Although Italy lost three ships for one, the Italians counted it a triumph because, they boasted their losses totalled only 2600 tons against about 7000 for Britain.

Giovanni Ansaldo, Fascist Editor, boasted to the Italian armed forces in a broadcast that the engagement was a "clear success" for Italy.

The High Command's account of the engagement claimed:

"Our torpedoing ships (torpedo boats and destroyers) on patrol in the Sicilian Straits courageously attacked notable English naval forces near Malta during the night of Oct. 11 and Saturday.

"One enemy cruiser, probably of the Neptune type, sank. Other serious damages were inflicted on other enemy ships which steamed away.

"We lost two 600-ton torpedo boats and one 1400-ton destroyer. A large part of the crew were saved.

During the first hours of the morning our air formations sighting enemy ships came upon them as they steamed Eastward and subjected them to intense bombing. Notwithstanding extremely vigorous fire from an aircraft carrier which was accompanying the enemy naval formation, and in adverse atmospheric conditions, our aviation was able to obtain notable results.

"The aircraft carrier was hit on the prow by a heavy calibre bomb. One heavy cruiser was damaged on the port side. Two enemy pursuit planes were shot down. One of our planes failed to return."

Pushing still wider the curtain on Axis penetration of Rumania, the Roman information agency said Germany's dispatch of military instructors to the Balkan oil kingdom was intended as a guarantee to a steady flow from its wells, "essential to the warlike aims of the Axis not less than to the economic life of Rumania."

The statement claimed full agreement exists between Rumania and the Axis. It supplemented a claim by the agency Saturday night that British pressure on Turkey's uncertain attitude made necessary certain "preventive measures" against the menace of a British naval blow at Rumania in the Black Sea.

Princess Sends Message to All World Children

LONDON, Oct. 13 (CP)—Fourteen-year-old Princess Elizabeth said in her first broadcast today that Britain's children at hope are "full of cheerfulness and courage."

"We know, everyone of us, that in the end all will be well," said the King's elder daughter on the British Broadcasting Corporation's children's hour.

"And when peace comes," the Princess added, "remember it will be for us children of today to make the world of tomorrow a better and happier place."

The address, lasting four minutes, was heard throughout the world.

"I feel that I am speaking to friends and companions who have shared with my sister and myself many a happy children's hour," the Princess said. "Thousands of you in this country have had to leave your homes and be separated from your fathers and mothers.

"My sister, Margaret Rose, and I feel so much for you, as we know from experience what it means to be away from those we love most of all.

"To you living in new surroundings, we send a message of true sympathy and at the same time we would like to thank the kind people who have welcomed you to their homes in the country."

The King and Queen listened in the same room. Elizabeth spoke in clear, confident tones.

Radio officials commended her lack of "mike fright."

Before Princess Elizabeth concluded the broadcast with, "Good-night and good luck to you all," she had her little sister who was beside her at the microphone, say: "Good-night, children."

Bulgaria Defences Being Strengthened

SOFIA, Bulgaria, Oct. 13 (AP)—Bulgaria was reported tonight to be strengthening anti-aircraft defences on her Danube River frontier facing Rumania and on the Plovdiv railway line to Turkey.

The first Briton expelled from Bulgaria in years was a flying instructor in Bulgaria's army in the Balkan war against Turkey and was reported to have been the first military aviator to drop bombs.

There was no official explanation of the expulsion and the British Legation did not intervene.

Late Flashes

LONDON, Oct. 13 (CP)—An authoritative source said today Germany lost 66 planes in the week ending at midnight Saturday while the Royal Air Force lost 43 planes. Twenty-six of the R.A.F. pilots are safe.

NEW YORK, Oct. 13 (AP)—Shipping circles reported today that the Norwegian freighters Kem, 1706 tons, and Keret, 1716 tons, have been sunk by "enemy action". There were no details of the sinkings.

ISTANBUL, Turkey, Oct. 13 — (AP). — Turkish newspapers emphasized today the possible threat to Soviet Russia of Germany's military occupation of Rumania, and asserted Turkey was prepared to fight if invaded.

TORONTO, Oct. 14 (Monday)—(CP).—The Globe and Mail in a dispatch from Ottawa today said "Canada and the United States have reached an agreement to increase the diversion of water for power purposes at Niagara Falls and authorizing Ontario to proceed immediately with the Long Lac and Ogoki diversions.

Seven Air Bases on Pacific Coast

OTTAWA, Oct. 13 (CP)—Before the Royal Canadian Air Force maintained one seaplane training base in British Columbia but now there are at least seven fully-manned bases on the Pacific Coast, it was disclosed today.

"These R.C.A.F. air bases guarantee that any unwelcome visitors to Canada's Pacific shores will receive a warm reception," said a statement issued from the office of the Director of Public Information.

The statement said at least three of the seven bases may well be termed "outposts of empire", for they are entirely remote from any settlement. These three are at Ucluelet and Coal Harbor on Vancouver Island, and at Alliford Bay on the Queen Charlotte Islands, "the first line of defence for the extreme Northern coast area."

"To such stations as there are assigned huge flying boat bombers for reconnaissance out over the ocean," the statement said.

It said another R.C.A.F. base is established near Prince Rupert and the Northern Mainland Coast. This base would form the second line of defence in that area.

ZAY APPEAL ON CHARGE OF DESERTION REJECTED

CLERMONT-FERRAND, France, Oct. 13 (AP)—The military appeals court rejected today the appeal of Jean Zay, former Minister of Education, from a court martial verdict of perpetual exile on a charge of desertion before the enemy. Zay was one of four deputies who left France at the time of the Armistice for French Morocco

NINE KILLED IN WRECK OF EXPRESS

LONDON, Oct. 13 (CP). — Nine persons were killed Saturday night and six injured in the wreck of a London-bound express.

Although first reports were conflicting as to whether the wreck was caused by enemy action, reports today said a station luggage wagon falling on the track in front of the engine caused a derailment.

Victoria Man, 78, Is Killed in Car Plunge at Creston

His Wife Is Seriously Injured and Is Not Expected Live

CRESTON, B. C., Oct. 13—The car in which William Cooper, 78-year-old Victoria man, was killed and his wife seriously injured, plunged 100 feet down a bank four miles East of Creston and stopped against a tree. The tree prevented it plunging a further 300 feet down the bank at the foot of which Goat River flows.

At Creston Valley Hospital it was reported Sunday night that Mrs. Cooper was "doing as well as can be expected."

VICTORIA, Oct. 13 (CP)—Provincial Police here said that William Cooper, 78-year-old Victoria man, was killed at Creston, B.C., Saturday evening when his car plunged from the road. His wife was seriously injured and is not expected to live, according to the police report.

The elderly couple had been visiting friends in the Interior of the Province, and had been absent for about a month. A daughter, Mrs. Sidney Peters, lives at North Battleford, Sask.

Provincial Police at Nelson stated Mrs. Peters, the daughter, was en route to Creston from North Battleford Sunday.

Tom Mix Killed in Car Crash

TOM MIX

FLORENCE, Ariz., Oct. 13 — (AP).—Tom Mix, 60, cowboy-actor and hero of scores of Western thrillers of the silent film era, was killed near here Saturday as he was pinned under his overturned automobile on a highway detour.

Mix, whose colorful career as a circus performer, soldier, law enforcement officer and motion picture star made him the idol of millions, was travelling alone from Tucson, Ariz., to Florence and Phoenix.

Coroner E. O. Devine said Mix apparently died instantly after losing control of his car.

Local investigators said Mix was serving as advance agent for a circus scheduled to show in Phoenix shortly.

Mix worked as a cowboy in Texas, Arizona, Wyoming and Montana and won United States riding and roping contests at Prescott, Ariz., and Canon City, Colo., in 1909 and 1910.

During the years when he was identified with pictures, Mix always was cast as a hard-riding, gun-toting hero out to thwart unlawful acts in the days of the wild West.

In recent years, he has appeared in wild West circus shows and for a time operated his own circus, Tom Mix Wild West Show. Mix was married five times.

VETERAN SOLDIER DIES

TORONTO, Oct. 13 (CP)—Brigadier Joseph Bartlett Rogers, C.M.G., D.S.O., M.C., V.D., a distinguished veteran of the First Great War who rose from the ranks of th Canadian army, died today, aged 54

RUSSIANS MOVE ARMY, NAVY, TO FRONTIER AREA

Two Gunboats Sunk by Russians at Mouth of Danube

FEVERISH ACTIONS

BUCHAREST, Oct. 13 (AP)—Russia has mounted long-range guns at the junction of the Prut and Danube Rivers of the Russian-Rumanian border, has concentrated a large fleet of fast naval craft along both rivers and is moving great masses of troops toward the frontier, well-informed quarters in Nazi-dominated Bucharest said tonight.

These sources also claimed the Russians have sunk two Rumanian military patrol boats in hotly contested attacks in the vicinity of the mouth of the Danube River.

Word of almost feverish military activity in Cernauti, chief city of the Rumanian Province of Northern Bucovina which Russia gained last Summer by ultimatum, was brought by refugees from well-informed sources claimed Russian river monitors sank the two Rumanian patrol boats recently in almost simultaneous attacks and that Russian boats stationed at Chilia—on the boundary of Bessarabia—have violated Rumanian territorial waters during the last four days.

Reports received in Bucharest drew this picture of Russian army and naval movements just across the border:

1. All civilians are being cleared from Cernauti, chief city of the old Rumanian Province of Northern Bucovina.

2. All homes in Cernauti have been turned into military quarters for Red Army Officers and the surrounding area is being used as a huge Russian army encampment for troops moving steadily up to the border.

(In this position the Russians would be at the rear and on the flank of the Germans, should they advance toward the Dardanelles.)

3. Many Russian river ships of a special type not explained in the reports are massed on the Prut River at Leova, a Russian-help junction in Rumania's former Province of Bessarabia. Each ship was said to carry from 20 to 30 men of a special Soviet naval unit.

4. At Cernauti thousands of laborers are levelling the ground for an extensive military airport and the Russians plan to build hangars for a concentration of 300 fighter and bomber planes.

MOSCOW, Oct. 13 (AP)—Reports of the entry of German troops into Rumania have aroused no evident reaction in Moscow.

Expect New Nazi Drive in Balkans

BELGRADE, Yugoslavia, Oct. 13 (AP)—Authoritative Yugoslav circles expect Germany to follow up her military penetration of Rumania with increased pressure this week for military concessions from other Balkan countries.

Yugoslavia's attitude was divided between official indications of resistance to any German move for bases here and hints of compliance.

Informed circles interpreted the Nazis' Rumanian march—in as the first step toward attempted military organization of the Balkans into a great intermediate base for a drive through Turkey against the Near East.

One source said reports indicate Germany is planning to establish air fields and troop bases in Bulgaria as well as Rumania.

The recent heavy increase in shipment of German war materials down the Danube arose from consignments to Bulgaria even more than Rumania, he added.

In a speech at Novisad Saturday Communications Minister Nikola Beslic declared "Yugoslavia must please her neighbors.

"Germany is one of these neighbors and all our economic life is directed towards Germany—this is a living necessity and Yugoslavia's foreign policy must correspond."

GANDHI DISOBEDIENCE PLAN GAINS APPROVAL

WARDHA, India, Oct. 13 (CP)—The all-India Congress (Nationalist Party) working committee today approved Mohandas K. Gandhi's plan for civil disobedience by a limited number of individuals.

Under this plan Gandhi proposed that instead of widespread civil disobedience only two persons should seek arrest first to test the law banning the preaching of Pacifism.

Princesses Heard by World

Princess Elizabeth, left, who broadcast a message of cheer to the world yesterday, and Princess Margaret Rose, whose voice also was heard. It was the first broadcast for the daughters of the King.

15 Killed by Nazi Industrial Attack

LONDON, Oct. 14 (Monday) (CP)—German bombs killed at least 15 persons and wounded 20 others in a Northeastern industrial area, trapped an undetermined number of civilians in smashed Liverpool tenements, and splattered 24 capital districts last night and early today.

The thunderous anti-aircraft barrage lifted over London was sporadic and hourly gaps between Nazi attacks, and the heaviest damage apparently was rolled up in the two coastal areas in the Provinces. Authorities said military targets were unscathed. More than 100 persons were made homeless in Liverpool and the Northeastern city.

The casualties occurred when bombs struck two public raid shelters.

The Germans stepped up their attacks on London itself last night and early today to the regular roar of the nightly assaults and dropped bombs on 21 London districts up to midnight.

Putting up a barrier at the very entrance of England, from the continent, British night fighter patrols were reported over the East Anglian coast where the raiders were trying to sneak across.

The Germans hammered at London's defence ring in waves of four or five planes spreading fanwise.

One litter of bombs damaged nine houses, trapping four people under debris. They were quickly extricated and taken to hospital.

In a Southeastern town the mayor and his wife were trapped under debris.

The Press Association said planes raided Liverpool and a Southwest English district for the second time. Four high explosive bombs dropped in a Northeastern port caused some casualties.

Incendiary bombs were loosed upon another Northeastern town but they fell mainly in gardens. The Germans also were reported over a South Wales town.

Nazi bombs on London wrecked two houses on a square. Even while the raiders still were overhead and anti-aircraft guns were firing at them, rescue workers started searching the debris for people feared trapped.

One of the raiders, flying at about 10,00 feet, blew up in mid-air when it appeared to have been hit directly by a British shell.

A brilliant flash and a tremendous roar was followed by a series of about 10 violent blasts which indicated the raider's bombs were detonated by the hit.

Distant explosions were felt in the central area, and a cloud of smoke rose on the horizon during the second raid in which half-a-dozen bombs damaged a number of houses, shops and a chapel, and caused about a dozen casualties, some of them fatal.

A lone raider machine-gunned a seafront promenade and small boats at one Southeast coast town but only one casualty was reported.

Sunday afternoon white ribbons of exhaust vapor from horizon to horizon were the only signs that told Londoners of the battle going on over their heads during the first raid, so high were the bombers and fighters.

Coast Man Acquitted of Murder Charge

VICTORIA, Oct. 13 (CP).—Leading Seaman Ronald Myles was acquitted here Saturday of a charge of murdering his wife by an assize court jury that deliberated just over four hours.

Mrs. Myles was found strangled in the kitchen of their home in nearby Esquimalt last Aug. 30.

Principal Crown evidence consisted of two incriminating statements allegedly made by Myles to police officers prior to his arrest. On the stand Myles denied making the statements.

A burst of applause broke out in the gallery when the jury foreman announced the "not guilty" verdict.

SUPPORTS ROOSEVELT

ST. LOUIS, Oct. 13 (CP)—The St. Louis Post-Dispatch (Independent) which opposed President Roosevelt's reelection in 1936 and which often has been critical of his policies, announced today in an editorial its support of the President for a third term.

PARIS PAPER REAPPEARS

PARIS, Oct. 8 (Delayed). (AP) (Via Berlin) — The newspaper Le Petit Parisian reappeared today for the first time since the flight of the Government before the Armistice.

Teachers Pension Revision Planned

VICTORIA, Oct. 13 (CP). — The teachers pension scheme will be revised at the coming session of the British Columbia Legislature, Premier Pattullo said yesterday. The Premier declined to commit the Government at this stage to any precise pledge of assistance.

Still immersed in an actuarial investigation which has been proceeding for some time, and which culminated last week with the suggestion of alternative remedies, Hon. John Hart disclosed that virtual collapse of the original scheme impended, unless action was taken soon. A potential deficit to the extent of millions of dollars existed in the reserve of the scheme, and an actual overdraft in the neighborhood of $300,000 in the operating account from which several hundred pensions are paid, the Minister of Finance stated.

Mr. Hart made it clear that the Province did not consider itself responsible for the present scheme, and until further inquiry had been made, could not indicate what measure of Provincial assistance would or could be extended to a revamped and readjusted pension plan. The tangle was worse than had originally been supposed, he indicated.

Lorient, One of Invasion Bases, Scene of Attack

40 Targets, Including Berlin, Are Bombed Saturday Night; Krupp Armament Factory Raided Two Hours

LONDON, Oct. 13 (CP).—High explosive bombs falling on the Nazi held French port of Lorient sank two big ships and killed more than 3000 German soldiers in a single night raid recently, the Ministry of Information announced today in a statement sketching some of the effects of the deadly methodical work of the Royal Air Force.

Lorient lies on the Southern side of the Brittany Peninsula, Southeast of Brest, and is one of the "invasion bases" which Prime Minister Churchill said the German army has prepared for its contemplated sea-borne attack on Britain.

The Government, the Ministry declared, received its information from "a neutral source," which it did not name.

The R. A. F. carried on its steady campaign against Germany Saturday night by dropping bombs on 40 separate military objectives the Air Ministry news service said. These raids included one on Berlin, which the news service said was a "small part" of the night's work, and a two-hour attack on the Krupp armament factory at Essen.

The Ministry's news service said Krupp buildings were hit repeatedly by high explosive bombs, some of them the heaviest yet unloaded on Germany.

At the same time the Admiralty and the Air Ministry announced that R. A. F. reconnaissance flights over the transatlantic port of Cherbourg had revealed extensive damage to harbor facilities and shipping as the result of the Royal Navy's bombardment last Thursday night and a simultaneous attack by the R. A. F.

The Ministry of Information said that repeated R. A. F. raids on Berlin had left the population "badly shaken" and with weakened morale after Goering assurance "that no foreign aircraft can penetrate German defences."

As if to lend point to this statement which quoted undisclosed sources, the Air Ministry announced that Saturday night's aerial assault on the German capital lasted for more than an hour with a continuing rain of tons of explosives and incendiary bombs on "a number of military objectives" in the heart of the city.

An electric power station in the Moabit district, the Air Ministry said, "received special attention." A gas works and an important freight yard also were hit.

From varying heights and at regular intervals the British raiders dropped their bombs. Large fires broke out.

While this attack was going on, other R. A. F. bombers were busy elsewhere. The places they hit, the Ministry said, included an aluminum works at Heringen, an electric power station at Waldeck, the Krupp munitions plant at Essen, a blast furnace at Torgau, metals works at Bitterfeld, and the Fokker Aircraft Works at Amsterdam.

Others attacked oil plants at Cologne and Hanover, freight yards at Cologne and Hamm, the Dortmund-ms aqueduct and several airdromes, while still others made their nightly visits to the German gun emplacements at Cap Gris Nez, on the French Channel coast.

The Coastal Command attacked the power station at Lorient Saturday night and a German convoy off the Norwegian coast Saturday. A German supply ship near Trondheim, Norway, was set on fire.

The Air Ministry said Blenheim bombers of the Coastal Command, patrolling the Norwegian coast spotted two supply ships of between 2000 and 3000 tons bearing swastika markings. They had crates piled high on deck. The Blenheims dived, dropped bombs and raked the ships with machine-guns.

An hour later when they saw the ships agan one was burning. Then they spotted a third supply ship and machine-gunned it.

All of these operations were carried out without a single loss, the Ministry said, and added that a heavy German bomber had fouled a balloon cable on the East English coast and crashed into the sea.

Reporting on Thursday night's bombardment and R. A. F. raid on Cherbourg, the Admiralty and Air Ministry said the main seaplane base at Chantereyne had been hit and seriously damaged, and that the Colonial Infantry barracks near the outer harbor had been damaged along with torpedo boats, dry docks and repair slips in the Basin Napoleon

Hanson Denies He Knew Training Plan Was Secret

FREDERICTON, Oct. 13 (CP)—Conservative Leader R. B. Hanson said here tonight that neither Prime Minister Mackenzie King nor any member of his Government had intimated to him that there was "anything secret" about arrangements—first disclosed to the public in Mr. Hanson's Charlottetown speech Friday night—for training in Canada of British airmen additional to those under the British Commonwealth Air Training Plan.

Replying to Mr. King's Saturday statement that Mr. Hanson "himself believed he was betraying a military secret," the Conservative Leader said: "I am amazed that Mr. King should attribute to me anything of the sort."

"If anyone in authority had at any time given me the information it would have been kept secret. I heard the story on the street, heard it from Pressmen, and I had the information from departmental sources, and so far as I know every newspaperman and everyone on the inside knew all about the story. I verified the story before I ever referred to it.

"I have told Mr. King on more than one occasion that he should keep me informed for my own guidance but latterly he has not taken me into his confidence at all. I therefore feel free to exercise my own best judgment on any public question.

"I am not yet officially informed that the British Government desired this information to be kept secret."

Brother of Canal Flats Man Killed

VICTORIA, Oct. 13 (CP).—George Engstrom, a logger employed by the Malahat Logging Company in operations at Port Renfrew, met death by accident in the woods Friday, a coroner's jury decided at an inquest held at Port Renfrew. Engstrom leaves a brother, Sven Engstrom at Canal Flats, B. C. Details of the fatality were not learned.

Water level at Nelson Sunday was recorded at 5.86 feet above zero.

STATION STRUCK BY NAZI BOMB IN LONDON RAID

Night Attack Is One of Lightest of War

11 NAZIS DOWNED

LONDON, Oct. 13 (CP)—A station of London's underground railway was hit by a bomb Saturday night, the Government announced today. It said there were some casualties but "these were fortunately much less than was first feared". The missile caused some damage to the station.

The enemy's air attack suddenly lightened after midnight and, for the second straight night, the all-clear signal was given hours before dawn, at 2:30 a.m.

A statement by the Air-Home Security Ministries said that while the night attacks, most of which took place before midnight, were directed "mainly against the London area and certain Midland districts, bombs also were dropped at two places in the Southwest and at a number of points in the Eastern and Southern Counties."

The statement said another British pilot shot down Saturday is safe. The Nazis lost 11 planes over Britain while 10 British fighters were shot down but six of the R.A.F. pilots now are safe.

Only eight or 10 London areas had reported hits by midnight Saturday although the Germans began raiding in clear moonlight precisely at the same hour of their appearance on three preceding nights.

From rooftop observation posts, it seemed the lightest night of the air raids except for the single night last week when there was no raid at all because of heavy gales and rainstorms over Southern England.

One bomb fell in a famous London square, causing a number of casualties, some of them fatal. The explosive made a large crater near a well known statue. A large dry goods store, a club, and a bank were badly damaged by the blast.

LONDON, Oct. 13 (CP)—The German radio claimed that German bombers in daylight raids on London Saturday scored direct hits on Waterloo Station, objectives East of Victoria Station and on others in the Westminster district.

In May Canada's silver production rose to 1,997,247 ounces, from the preceding month's total of 1,769,839 ounces, and the May 1939 output of 1,809,769.

Fine Thanksgiving Cantata Thrills Many at Trinity

A large congregation in Trinity United Church Sunday evening thrilled to the beauty of J. H. Maundrell's Thanksgiving cantata "Song of Thanksgiving", as presented by members of the choir under C. C Halleran.

Feature parts were taken by soloists Mrs. M. J. Stallwood, Miss Amelia Hanna, Mrs. D. D. Townshend, Mrs. Verna M. Campbell, Mrs. James Johnston, A. A. Pagdin, W. S. Carlson and Arthur Stringer.

Hanson Speech May Lead to Political Fight

By C. R. BLACKBURN
Canadian Press Staff Writer

OTTAWA, Oct. 13 (CP)—Conservative Leader Hanson's disclosure of British plans to train additional airmen in Canada drew censure from Prime Minister Mackenzie King and tonight observers here believed the stage might be set for a first-class political battle in Parliament.

People of Canada and Britain would find it "difficult to understand and impossible to forgive" Mr. Hanson's disclosure, the Prime Minister said.

He said that Mr. Hanson in his Charlottetown speech Friday night, used "in a wholly erroneous and unwarranted manner" information which had been given him in confidence.

"Mr. Hanson's own words make clear that he himself believed he was betraying a military secret," he said, "and this at a time when secrecy concerning the movement of men and supplies (in this case especially requested by Great Britain) is vital.

"The people of Canada, and the hard-pressed people of Britain, will find a disclosure of this kind, from whatever motive, difficult to understand and impossible to forgive."

"I do not regard this as the proper time to enter into any controversy concerning Mr. Hanson's version of what is alleged to have happened a year or more before the war.

"At the same time I wish to deny most emphatically the accuracy and the implications of the statement he has made regarding my attitude towards the training of British pilots in this country."

PIONEER WOMAN DIES

CHILLIWACK, B. C. — Mrs. William Newby, 75-year-old pioneer resident of this district, died here Saturday.

Total Defence of Americas Policy Says Roosevelt

DAYTON, O., Oct. 13 (AP) — President Roosevelt enunciated a policy of total defence of the Americas against a total attack from any segment of the world last night and pledged the United States navy and air force to the defence of all the Western hemisphere

The President's address, one of his momentous declarations on International conditions and foreign policy, was broadcast to every nation of the hemisphere.

He said that the United States, as in 1798, insists on the peaceful use of the Atlantic and Pacific for trade, and commerce. The American nations were united in their determination to resist the threats of dictators and rejected the doctrine of appeasement.

He renewed assurances that Great Britain would receive all aid short of war.

He voiced confidence in the ability of the Americas, bound together in the spirit of good neighbors, to resis any infiltration of "alien political and economic ideas which would destroy our freedom and democracy."

"Where we speak of defending this Western hemisphere we are speaking not only of the territory of North, Central and South America and the immediately adjacent islands," the President said. "We include the right to the peaceful use of the Atlantic and Pacific oceans. That has been our traditional policy.

"We of the Americas still consider that this defence of these oceans of the Western hemisphere against acts of aggression is the first factor in the defence and protection of our own territorial integrity. We reaffirm that policy lest there be any doubt of our intention to maintain it."

Successor to Fraser at Sea

By LOUIS V. HUNTER
Canadian Press Staff Writer

LONDON, Oct. 13 (CP Cable)—Manned by gallant survivors of H.M.C.S. Fraser, a new Canadian warship has sailed for duties overseas.

She is a veteran of patrols around Narvik where she operated after seven years' service in the China Seas and with the Mediterranean and Home fleets.

She is the first destroyer command for Cmdr. J. W. R. Roy, Montreal, whose officers and crew are representative of all parts of Canada.

Fraser survivors among the crew, bolstered by the addition of new ratings from Canada, headed to sea undaunted by the loss of their old ship. Although they miss the Fraser, they are proud of their new seahorse.

Dictators Seek to Destroy Freedom

WINNIPEG, Oct. 13 (CP). —There can be no security for European dictators as long as any freedom remains so they must carry on the war until all freedom disappears or they themselves are crushed, John W. Dafoe, Editor-in-Chief of the Winnipeg Free Press, said tonight.

Mr. Dafoe spoke from Winnipeg over a national network of the Canadian Broadcasting Corporation.

He said Hitler and Mussolini, with their immediate followers, have been "thrown up from the dregs of society and in their ideas and their methods they personify human nature at its most tigerish level."

Joe Wallach Lands 18½-Pound Salmon

An 18½-pound salmon was boated by Joe Wallach of Trail Sunday afternoon while fishing near the West Arm outlet with friends. The big fish was hooked about 1:30 p.m., just minutes after Wallach put out his troll, Wilfred Chrishop of Nelson and George Fawcett of Trail were fishing with Wallach.

Fishermen were busy on the Arm and main lake during the weekend, but Wallach's was the only large fish reported. About 50 boats were said out on the main lake near Procter Sunday.

$21 Is Realized at Crawford Bay Sale

CRAWFORD BAY, B. C.— Mrs. Fisher and Mrs. Francis gave an entertaining afternoon at the home of Mrs. Fisher. Mrs. Watson was in charge of jumble sale and candy stall, Miss Lytle a contest which won by Mrs. Lyons. Mrs. Fisher was in charge of Dutch Auction, Mrs. Heal won the guess cake, Mrs. McLauchlan won a game, Mrs. Nelson secured the lucky tea plate.

The sum of $21.70 realized is to be divided between the Red Cross and Women's Institute.

Music and singing was enjoyed with Miss Lytle as pianist.

Over $60 have been raised for the Red Cross campaign in Kootenay Bay, Port Crawford and Crawford Bay.

Wheat Harvest Drops

SYDNEY, Oct. 13 (CP Cable).—As a result of the drought in New South Wales, preliminary estimates today at 38,000,00 bushels instead of of the wheat harvest were placed last year's 76,800,000.

KASLO Social . . .

KASLO, B. C. — Mrs. Watts of Riondel visited town.

Mr. and Mrs. Hugh A. Cameron of Huntington Beach, Cal., were weekend city visitors.

S. Didrikson of Poplar visited Kaslo.

Dr. and Mrs. T. E. Brown have returned to Lethbridge after a holiday in town.

Mrs. McKenzie, Mrs. J. Vallance and Mrs. Chester Speirs of Retallack visited Kaslo.

L. McLean is a patient in Victorian Hospital.

George McInnis visited Nelson.

T. J. Ainsworth of Howser, who has been visiting town, left to visit Nelson.

Mrs. A. L. MacPhee is a patient in Victorian Hospital.

Mrs. Fred McGibbon is spending a few days in Trail with Mr. McGibbon.

L. M. Johnson of New Denver visited town.

Mrs. O. Stenberg of Johnsons Landing visited Kaslo.

Carl Hild is visiting Nakusp.

Dr. and Mrs. F. S. Wilson of Trail spent a weekend in Kaslo.

King Greenlaw of Howser was a weekend city visitor.

George P. Horsley of Nakusp was a Kaslo visitor.

C. W. Applayard, Dr. Cameron and son of Nelson passed through the city, bound for Trout Lake on a fishing and hunting trip.

Robert Stevens of Rossland visited town.

J. Marshall of Trail is visiting in town.

L. H. Carver of Brilliant was a city visitor.

T. Martin of Rossland is visiting town.

George Soukoroff of Castlegar visited the city.

I. Flint of New Denver is a city visitor.

Rev. J. Fielding Shaw is around again after being ill.

Mrs. McKenzi of Retallack visited town.

Joe Gallo was in from the Highland-Surprise min.

King Greenlaw of Howser visited town.

N. Dosenberger of Procter was a city visitor.

Claude Dinney of Argenta was a city visitor.

Mr. and Mrs. A. S. Exler left to spend winter at Santa Monica, Cal.

Mr. and Mrs. Noel Bacchus of Birchdale visited town, coming in from Cranbrook, where Mr. Bacchus is with the Vete an Guards.

Mr. and Mrs. A. Coombs of New Denver visited Kaslo, where they formerly made their home.

Mr. and Mrs. Vambault of Lethbridge are holidaying in town.

U.S. Squadron to Fly for Britain

By G. H. P. ANDERSON
Associated Press Staff Writer

WITH THE U.S. EAGLE SQUADRON OF THE ROYAL AIR FORCE IN ENGLAND, Oct. 13 (AP).— I have just flown with the first United States pilots of the newly-formed Eagle Squadron over the English countryside they hope soon to defend.

They are not yet in the fighting lane but they expect to meet the German airmen before Christmas "and show them something."

There are 11 Americans here, the nucleus of the United States squadron. Others, already flying with R. A. F. coastal and fighter commands probably will not be transferred from their present units but further recruits enrolled in Canada soon will put the Eagles at their full strength.

Each American who volunteered to serve with the Eagle Squadron has been tested and graded according to previous experience.

Some are taking a brief ground course at an initial training wing in air navigation, gunnery, radio and other subjects.

When they are finished with the course, they will be ready to begin final training in air tactics and become a self-contained unit of Britain's flying forces.

Although all Americans training here were experienced pilots before coming to England, few have flown in military formations.

ROBSON

ROBSON, B. C. — Miss A. Thompson visited Trail.

Mr. and Mrs. T. Cumming and daughter Dorothy and V. Gray visited Mr. and Mrs. G. M. Miller.

Mrs. H. Foxlee is visiting her son Edward at Vancouver

Marriage of Cameron of Trail Dissolved at New Westminster

The marriage of A. G. Cameron of Trail and Thelma G. Cameron of Los Angeles, Calif., was dissolved by decree of Mr. Justice Manson at New Westminster in June of this year.

Reality of Death Is Church Theme

"Are Sin, Disease and Death Real?" wks the subjects of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday.

The Golden Text was: "He that is our God and is the God of Salvation; and unto God the Lord belong the issues from death" (Psalms 68: 20).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Look upon Zion, the city of solemnities: thine eyes shall see Jerusalem a quiet habitation, a tabernacle that shall not be taken down; not one of the stakes thereof shall ever be removed, neither shall any of the cords thereof be broken. For the Lord is our Judge, the Lord is our lawgiver, the Lord is our King: He will save us" (Isaiah 33: 20 and 22).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Everything good or worthy, God made. Whatever is valueless or baneful, He did not make—hence its unreality. In the Science of Genesis we read that He saw everything which He had made, 'and, behold, it was very good.' The corporal senses declare otherwise; and if we give the same heed to the history of error as to the records of truth, the Scriptural record of sin and death favors the false conclusion of the material senses. Sin, sickness, and death must be deemed as devoid of reality as they are of good, God."

Dr. Green Is Deputy Coroner, Cranbrook

Dr. William Olis Green of Cranbrook has been gazetted a Deputy Coroner. He is authorized by this appointment to act during the illness or absence, or at the written request of Dr. G. E. L. McKinnon, District Coroner for Cranbrook.

British Oil Head Released, Rumania

BUCHAREST, Oct. 11 (AP)—The British Legation announced tonight that Alexander Miller, Director of the expropiated Astra-Romana Oil Company, one of six Britons arrested recently, had been released by the Military Police and cleared of suspicion of attempted sabotage.

The arrests were the subject of a diplomatic protest by the British Government.

Those still held include the Canadian Oil Engineer, Capt. Jonn Treacy, formerly of Calgary and Chatham Ont. Mrs. Treacy, who was also arrested, was released a week ago.

Minister Praises Navy on Pacific

A WEST CANADIAN PORT, Oct. 13 (CP). — Canada's Navy Minister Angus L. MacDonald and the chief of the Dominion's naval staff, Rear Admiral Percy W. Nelles, left this port today for a quick return to Ottawa, confident that all is well with the Royal Canadian Navy's war time watch on the Pacific.

Commenting on his expansive, two-day tour of naval establishments here, the Minister said he was quite satisfied with wartime naval work at this port. He added however the accommodations at the R. C. N. barracks are "not quite adequate," a matter that will be taken care of.

"When the joint Canada-U. S. Defence Board completes its surveys on the East and West Coast Canada will endeavor to do her allotted share of whatever work is deemed necessary — and will do it effectively," the Minister said.

The inspection trip included visits to the naval dockyard and barracks where ships are fitted for war and men are trained to man them. They visited shipyards in the midst of turning out fighting vessels and saw the navy's great graving dock, third largest in the world. Secret naval plants were inspected.

Episcopal Church in Favor of Affiliation

KANSAS CITY, Mo., Oct. 13 (AP) —The Protestant Episcopal Church took its first favorable action toward affiliation with the Federal Council of Churches Saturday after deliberating the question 20 years.

Reversing its previous stand dating from the Post World War period, the House of Clerical and Lay Deputies voted, 95¼ to 41½, for full membership. Heretofore Episcopalians have cooperated with the council only in a consultative capacity.

The measure now goes to the Church's House of Bishops for final action. Delegates predicted quick concurrence.

Transatlantic Air Service Is Closed

LONDON, Oct. 13 (CP Cable)—The British Transatlantic Civil Air Service, maintained by the flying boats Clyde and Clare, has ended for the season, it was announced here tonight.

The 1940 schedule which started Aug. 3 was concluded recently when the flying boat Clyde made a return trip from New York.

The flights were operated by the British Overseas Airways despite the fact they had lost two of their biggest flying boats, the Cabot and the Caribou, in the vicinity of Narvik several months ago.

Slippery Roads Ditch Cars Near Cranbrook

CRANBROOK, B.C., Oct. 13 (CP) —Slippery roads caused by a five-hour downpour here today resulted in six automobiles being ditched along a two mile stretch. Several of the cars were badly damaged but none of the occupants was seriously injured.

The accidents occurred on the Kimberley Road North of here.

AMERICAN DEPORTED

MEXICO CITY, Oct. 13 (AP) — Friends said Friday night they had learned Marlowe Merrick, young United States businessman in Mexico City, had been deported for unknown reasons and whisked away toward the United States border.

Service of God and Man First Urges Mr. Hopka

More Important Than Counting Blessings Lutherans Told

More essential than counting of blessings was the realization that they were given for the service of God and the welfare of fellow men, declared Rev. Erich Hopka, at a Thanksgiving service Sunday evening at St. John's Lutheran Church Nelson.

Using Luke 12: 16-21 as his text, Mr. Hopka said: "I am not going to name all the great blessing which we have enjoyed during the past year, even though at war. They are too apparent to require searching after. However, I should like to suggest this thought: What should be our position over against these great blessing which we have enjoyed?

"Let us not make the same mistakes so fatal to his soul life which the man in the text did. First, he forgot that God is the giver of all these blessings. In his entire soliloquy we find not a word of thankfulness or acknowledgment of divine benediction. His second fatal error consisted in this: that he did not use his blessings right. In providing for his body, he entirely neglected his soul.

"His third mistake was that he wanted to use his wealth and his goods only for his self-satisfaction. He forgot that God had given him these blessings to use for the service of God and the welfare, both bodily and spiritual, of his fellowmen. His final fault lay in that he told his soul a terrible lie, 'Soul, thou has much goods laid up for many years.' A few hours sufficed to show how ineffective his promise was. In a few hours he was called to the bar of judgment.

"He forgot that in the midst of life we are in death."

The service was enhanced by a choir singing in three parts a special adaptation of the 117th Psalm.

In the morning Harvest Home service Mr. Hopka used as his text II Corinthians 9: 10-11. His theme was "The Harvests of God."

About 40 jars of fruit which the ladies of the congregation had put up for Kootenay Lake General Hospital were brought to the church as a special harvest offering.

Naval Casualties

OTTAWA, Oct. 13 (CP) — The Royal Canadian Navy in its eighth official casualty list reported the death of Skipper Malcolm MacAulay, Royal Canadian Naval Reserve, and the death of Ordinary Seaman, J. A. E. Dompierre of the Royal Canadian Naval Volunteer Reserve.

Skipper MacAulay, whose next of kin is his widow, Mrs. Elizabeth M cAulay of Vancouver died as the result of an accident.

Seaman Dompierre, whose father, A. Dompierre, lives at Quebec was listed as "accidentally killed."

These casualties brought the Royal Canadian Navy's list of dead and missing in the Second Great War to 55.

Less Cars Crossing Border at Kingsgate

CRANBROOK, B. C., Oct. 13 (CP) — Immigration and customs figures from Kingsgate for September show a decline over totals for the same month of 1939, according to figures released here today.

Canadian cars into Canada so far in 1940 have been one eighth the total of 1939, while United States cars into Canada decreased from 783 to 644 and their passengers from 7443 to 3190. This includes bus travellers.

United States entrants into Canada included many hunters, who checked out of the immigration station with several trophies from this district. There were also a number of bird hunters headed for Alberta.

WHIST DRIVE PLANNED BY KASLO AUXILIARY

KASLO, B. C.—The St. Mark's Anglican Church Women's Auxiliary met in the Sunday School room. The President, Mrs. C. G Bowker, was in the chair with 15 members present.

Final arrangements for a whist drive were made.

An interesting letter from the Prayer Partner in Quebec told of his work in a far-flung parish.

The Secretary was instructed to order a wreath for Armistice Day, from the Women's Auxiliary of the Canadian Legion.

Tea was served by Mrs. Trail and Mrs. Waterston.

Economic Japanese Mission Foreshadows Extension of Interest

HANOI, French Indo-China, Oct. 13 (AP)—French authorities here are awaiting arrival of a Japanese economic mission in the expectation it foreshadows extension of Japanese interest in Southern Indo-China whose rubber supply now goes principally to United States.

Japanese military operations so far have been confined to Tonkin, the Northernmost of the five states which make up Indo-China, with the announced purpose of striking a fatal blow at China's vital Burma Road.

But Japanese spokesmen here say the mission will seek an increase in heretofore unimportant Japanese trade with all Indo-China—including Annam and Cochin-China which are within the economic and geographic spheres of the British Malays, the Dutch East Indies and the Philippines.

Kootenay Artists' Work Viewed at Recent Exhibition

One of the features of the recent B. C. Artists' Ninth Annual Autumn Exhibition, at the Vancouver Art Gallery, was the representation from the Kootenay.

Among the work hung from Kootenay artists were two paintings by Miss Lettie Fleet of Vancouver, formerly of Nelson; a watercolor by Will Bayliss of Crawford Bay; two watercolors by Mrs. E. C. Atiree of Queen's Bay; pastels and watercolors by Philip H. Amsden of Nelson; pastels by H. McLean Angus of Nelson; and a watercolor by Alan P. Allsebrook of Kaslo.

The judges commented on the very high quality of work submitted, and even of some that was rejected — and it was agreed among critics that it was the best exhibit yet put on by B. C. artists.

To Reduce Coal Prices, Ontario

OTTAWA, Oct. 13 (CP)—Immediate reductions in the price of coal at Fort William and Port Arthur and abandonment by coal dealers at the Lakehead of any agreements to maintain prices was announced today by the Wartime Prices and Trade Board.

Last Wednesday, it was announced the Commissioner of the Combines Investigation Act, F. A. McGregor, was launching an immediate inquiry into the alleged agreements.

On his return today from the Lakehead, Mr. McGregor reported to the Prices and Trade Board that the dealers had decided to reduce prices immediately. In addition, "realizing that their activities may have unwittingly brought them into conflict with the Combines Act," they had decided to "abandon their price arrangements immediately, thus restoring the trade to a competitive basis."

The extent of the price reductions has not been reported to Ottawa yet. Today's announcement said J. McG. Stewart, Coal Administrator, declined to fix any particular prices or spread, on the ground Government price-fixing in coal under present conditions was neither necessary nor desirable.

Hector B. McKinnon, Chairman of the Prices and Trade Board, said this is in keeping with the attitude taken by his Board. Its policy was to refrain as far as possible from direct fixing of prices in any commodity.

Rebels Revenge Selves on News Softballers, 14-8

Taking revenge for last week's trimming, the Junior Rebels dished out a 14-8 softball spanking to the News Sports Club softballers on Saturday.

Colman of Rebels and Jarrett of the News were the big guns of the game, each slugging out a homer. Jarret, however, was not alone in claiming hitting honors for the News, for Jardine on two occasions banged out doubles.

The teams were:

News—J. Ryley, J. Wallace, B Jarrett, C. French, Defeo, V. Davies, Ball, R. Burgess and E. Mathisen

Rebels—A. Smith, M. Mathisen, J. Hilliard, Art Mathisen, B. Peacock, C. Maloney, M. Norris and F. Christian.

Mrs. Laakso Tells Soroptimists of Finland, Customs

Mrs. Sylvia Laakso entertained the Nelson Soroptimist Club at its monthly dinner meeting Friday night with an interesting paper on Finland, the home of her people.

A country approximately half the size of British Columbia, it has an amazing store of traditions. The population is largely rural, following the age-old occupation of farming. Many native customs have been retained in the towns and rural communities. The practice of suffixing "son" and "dotter" to Christian names bower is continued only for records and not in common use.

Native costumes of three kinds, national, Provincial and local, are donned for festive occasions. The two important days of celebration are Midsummer and Christmas.

Midsummer is a happy time, marked by singing, dancing and feasting, lasting all night. It is an outcome of the ancient ritual of sun worship with a supplication to the sun for benefits to crops.

Christmas in Finland calls forth many kindly customs, she said, the Finns do not forget their animals, but give them a special Christmas dinner, nor is the house dwarf, the spirit who watched over happy homes, neglected. His Christmas treat, a bowl of rise, is left for him in the attic.

FINNS HOPEFUL

Finland's folk lore is compiled in an epic poem, "Kalevala." Of great beauty, it records the mythical beginning of Finland as a country Jan Sibelius, Finland's famous composer, drew his inspiration from "Kalevala," and in his music expresses the spirit and fortitude of Finland.

From the Finnish people, Mrs Laakso remarked, come messages of hope and belief that Finland will again become the country of her fine and courageous people.

An invitation to visit the Trail Soroptimist Club October 22 was accepted. President Miss Nancy Dunn expressed the hope for a full attendance at the Trail meeting. Members were urged to attend Tuesday evening meetings of the Refugee Sewing Committee.

CASTLEGAR

CASTLEGAR, B.C.—Mrs. D. A. Thea entertained at her home executive members of the Lillian Killough Chapter of the I.O.D.E. in honor of Mrs. Stead, Provincial President. Guests were, Mrs. L. Killough, Mrs. R. Devitt, Mrs. W. Houston, Mrs. D. Magee, Mrs. L. McArthur, Mrs. N. Miller, Miss M. Gorringe, Mrs. J. Holden and Miss B. McKinnon. The tea table was centered with rosebuds and dahlias.

Stanley Dams, Alfred Staudenger and Joe Lamphear left for Vernon Training Camp.

Ester Browman has returned to Trail after spending two weeks with Mr. and Mrs. Englund.

Mr. and Mrs. Smith of China Creek visited Mrs. J. MacKinnon.

Tom Lampard has returned from Trail after visiting Mr. and Mrs. J Kitchen.

C. P. R. Exhibit Wins a Medal

MONTREAL, Oct. 13 — A gold medal, earned by its outstanding exhibit, has been awarded the Canadian Pacific Railway by the Toronto Exhibition authorities. The medal, a handsome affair, mounted on a stand, bears a likeness of the Governor-General, His Excellency the Earl of Athlone, on one face, and on the other carries a scene depicting Canada's fighting forces.

The exhibit, which drew hugo throngs of spectators throughout the course of the Exhibition, had "Travel in Canada" as its main theme, but also featured Canada's war effort, new features of the company's freight service, and the operations performed in carrying Canadian Press dispatches over its wires, monitors and teletypes. It was prepared under the direction of E. T. Noltie, the company's Director of Exhibits.

8000 Canadian Airmen at Year's End

Arriving in Toronto to address the Canadian Club, Deputy Minister for Air James S. Duncan was greeted by a guard of honor. In his address to the club he disclosed that Canada has 8000 airmen in training at the present time, and by the end of the year this figure will have been increased by 2000 at least.

Spain Flirts With Axis

Resplendent in diplomatic uniform, German Foreign Minister Joachim von Ribbentrop, left, and Spanish Minister Raymond Serrano Suner, brother-in-law of El Caudillo Francisco Franco, are shown at the reception held in Suner's honor in Berlin. The Spanish diplomat conferred with the powers that be in Germany and later with the other end of the Axis in Rome.

Jail Kidnapper

William Jacob Muhlenbroich, confessed kidnapper of baby Marc de Tristan, is shown here as he entered San Quentin prison to start a life sentence. The kidnapped child was rescued unharmed from Muhlenbroich.

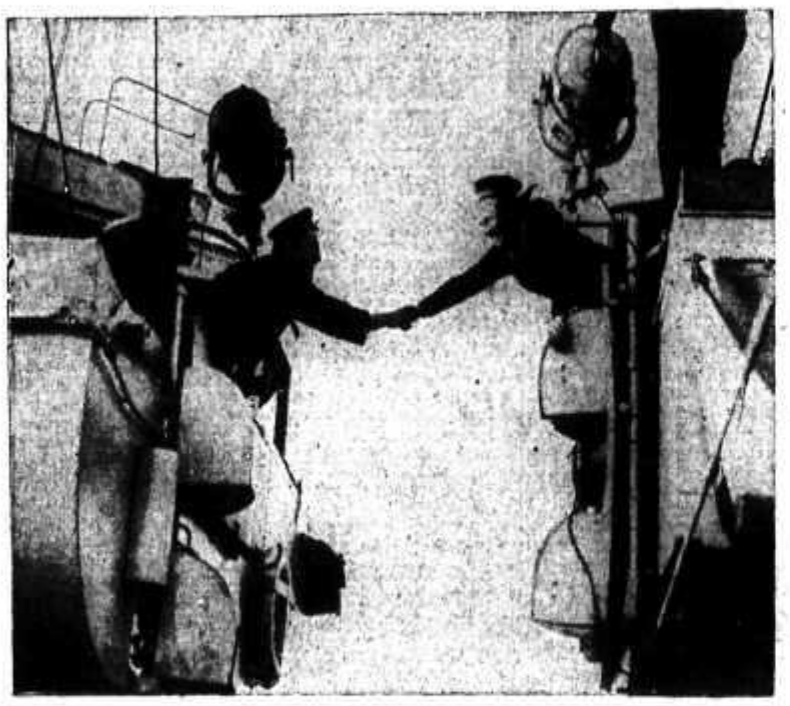
"No School Today"

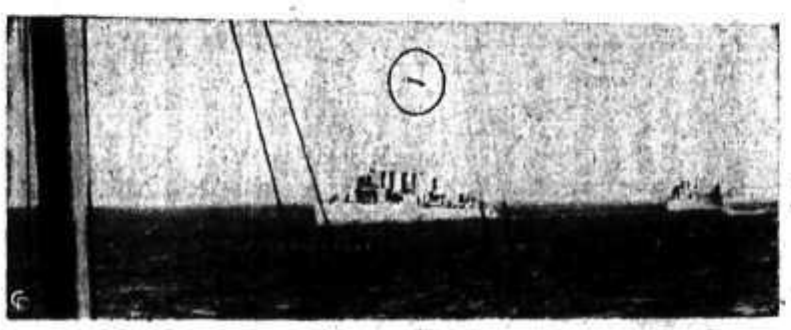
The unexpected has occurred for these children after a night of German air raids. The pigtailed, book-carrying young ladies had already reached the schoolhouse door when the building superintendent turned them away with a "No school today." A few days later the bomb wreckage was cleared and school was resumed.

Husband Honored

Mrs. Rose Bingham Fiske is shown as she arrived in New York from England. She is the widow of William Meade Lindsley Fiske, III, American bobsled ace who died of wounds sustained in an aerial fight against German raiders while he was flying as a member of the British Royal Air Force. Fiske had shot down several German planes in the Battle of Britain. In an unprecedented gesture, the British Government is to honor the memory of the young American hero by installing a plaque in Westminster Abbey, where the national heroes of England are buried.

Former U.S. Destroyers in England





British tars from different ex-U.S. destroyers congratulate each other, top, over the sides of their vessels on their arrival at a British port. The destroyers are the first flotilla of the 50 American destroyers recently transferred to Britain. Four of the destroyers, the leaders in the parade of the first flotilla are shown, bottom, arriving at a British port as an R.A.F. flying boat (circle) acts as watchdog.

Escapes Bomb

Prince Rudiger von Starhemberg had a narrow escape when a German bomb demolished a house next to that occupied by the prince in London. Von Starhemberg barely escaped with his life when Hitler took over Austria, of which the prince was Vice-Chancellor. He is wearing some kind of flying uniform here, but the British caption written fails to state what his status in England is—other than exile.

R.C.A. Gunners Have Job Manning Heavy Coastal Defence Batteries

By ROSS MUNRO
Canadian Press Staff Writer

SOMEWHERE IN ENGLAND, Oct. 13 (CP Cable). — In strategic British defence line positions, the Royal Canadian Artillery gunners manning super-heavy coastal defence batteries are ready to unloose a death barrage if German troops attempt to land on the shores of Great Britain.

This is a new and vital job for the R.C.A. The unit is composed of officers and men chosen from artillery regiments of the 1st Division and given special instruction of handling these British guns of the heaviest calibre. Nearly every section of Canada is represented in the new unit.

Between air raid alarms Capt. P. S. C. McMillan of Kingston and Lieut. D. D. Harper of Saint John, N. B., ordered the men to "uncover our baby."

Grimy gunners with clock-work precision threw off a huge tarpaulin, peeled back the camouflage, and revealed one of the most potent guns in the United Kingdom.

A 12-man crew stripped it for action, elevated the huge barrel into firing position and carried out the intricate movements involved in firing cumbersome shells which defend Britain's coasts and beaches.

The Canadians haven't fired at a real objective yet, but are ready at all times for any threat.

Troop Sgt.-Maj. J. A. Whitaker who said he is from "Vancouver, sir, God's country," declared "It is simple to operate and as easy to handle as a field gun."

Exceptional camouflage has been developed to conceal the guns. Sgt. Earl T. McLeod, Charlottetown, claiming that it is better than that used by imperial batteries.

The guns have not been spotted by enemy aircraft despite numerous raids over the area.

Two Trail Cars Turn Over In Solo Accidents; Third Collides Bicycle

Four Persons Treated in Trail-Tadanac Hospital

TRAIL, B. C., Oct. 13 — Three vehicular accidents occurred in Trail and vicinity during the week-end. Trail residents were involved in all three accidents, but none were seriously injured.

Friday night, about 9:30 o'clock, a car in which Wesley Allardice and Gerald Simpson were driving, went off the Schofield Highway near the Milk Creek Dairy and rolled down a steep embankment. The car was badly damaged, and both men were admitted to Trail-Tadanac Hospital with injuries. Mr. Allardice was later discharged, but Mr. Simpson is still a patient, though his condition is said not to be serious.

A car driven by Mrs. Hartley Fletcher, turned over on Merry's Flats, about 11 a.m. Saturday, and Mrs. Fletcher was taken to Trail-Tadanac Hospital suffering from bruises and shock.

The third accident occurred about 6 p.m. Saturday, when a car driven by Monty Brothers and a bicycle ridden by Fred A. Freeman collided at the corner of Columbia Avenue and McQuarrie Street, East Trail. Freeman was taken to the hospital suffering a broken finger and concussion. He is reported to be "getting along fine", but is being kept in the hospital for observation for a few days.

Kootenay Boys at Vernon Make a Good Showing

Nelson, Trail and other Kootenay trainees at Vernon camp stand high in the estimation of their officers and visitors to the camp for the good showing which they are making, stated Rolfe Brock, son of Dr. and Mrs. W. Brock of Nelson, who has been discharged from the camp on account of a heart condition and has returned to Nelson.

Nelson boys, he said, have been selected for the No. 1 platoon, and are already marching almost like veterans. They have a special instructor and have been delegated to lead parades.

Canadian Docks Fired by Germans

BERLIN, Oct. 13 (AP)—Saturday's German High Command communique follows:

"Bombing by units of light fighting planes Friday caused extensive destruction in the British capital. Resulting fires developed at several places into great conflagrations which, at the beginning of darkness, served as beacons for squadrons of heavy planes on retaliatory flights.

"Another great attack was directed against the harbor and industrial regions of Liverpool, Birkenhead and Manchester. Here a great fire broke out in refrigeration houses around Alexandra Harbor and Eastwards of the Canadian docks.

"Long distance artillery of the army and navy shelled an English convoy during the night off the coast of Dover and broke it up. At sea, a German plane attacked in deep dives a convoy of several armed merchant ships off the Scottish coast. One ship of 8,000 tons remained motionless with heavy smoke clouds. Another strongly protected convoy was bombed South of the Hebrides. Two ships were hit so hard that they were prevented from continuing.

"One submarine sank three ships of a total tonnage of 21,000 tons from an enemy convoy within a short time.

"The enemy lost yesterday 13 planes in all—10 in airfights, three by anti-aircraft. One German plane is missing."

Spain Resumes Chile Relations

MADRID, Oct. 13 (AP) — The Spanish Government observed the 448th anniversary of Christopher Columbus' discovery of America yesterday by announcing a resumption of diplomatic relations with Chile.

Gen. Franco's Government severed relations with the South American nation July 16 of this year as the result of a dispute dating back to the Spanish Civil War.

(Officials of the Chilean Ministry of Foreign Relations expressed surprise at the Madrid announcement and said they had received no official information of such a move. They speculated whether the announcement constituted an invitation to exchange ambassadors rather than an already accomplished reconciliation.)

Meanwhile, Marshal Emilio de Bono of Italy revealed Italo-Spanish friendship in a speech praising Franco as the leader of a nation which "is in full cooperation with the great renovating powers of Europe."

HUNTERS FIND BODY OF MISSING JUDGE

DETROIT, Oct. 13 (AP). — Two duck hunters found the body of Judge Robert E. Sage, sought for murder in connection with the fatal shooting of two business associates, on an island in the Detroit River yesterday. Judge Sage had drowned and the body had washed ashore.

VICTORIA PILOT KILLED

LONDON, Oct. 13 (CP Cable). — Pilot Officer George Henry Corbett, 21, Victoria, has been killed while on Active Service with the Royal Air Force, it was announced yesterday.

Canadian shipments of lime in May amounted to 61,917 tons, compared with 36,994 in April, and 44,369 in May 1939.

Thwarts Attempt of Vichy to Seize French Guiana

LONDON, Oct. 13 (CP)—Gen. Charles de Gaulle's headquarters broadcast yesterday an announcement that an official in French Guiana had averted an attempt by Vichy Frenchmen to seize the Government of the South American colony.

The broadcast said the French steamship Quercy arrived at Cayenne, the capital, from nearby Martinque Sept. 29 at the same time a German mission was reported to have reached the Brazil-Guiana border.

"The men of Vichy drew up a list of charges and announced their intention of deporting patriots (soldiers and officials) to Devil's Island," the broadcast said.

"Courageous action of a councillar—yesterday menaced by reprisals—seems to have prevented this reprehensible action. But for how long? . . . Germans are always at the gates of the colony."

WASHINGTON, Oct. 13 (AP) — State Secretary Cordell Hull said he had no information on reports that German missions had been active in French Guiana.

He told reporters, however, that he had received reports of movement among French in French colonies in American waters, but had no comment on them.

LUTHERANS CLEAR WAY FOR MERGER PLANS

OMAHA, Oct. 13 (AP)—Delegates to the United Lutheran Church in America cleared the way yesterday for union with the American Lutheran Church which would merge congregations of 2,000,000 members.

DEATHS

WINNIPEG, Oct. 13 (CP) — Dr. Alexander Neil McLeod, 73, Secretary on the faculty at the Manitoba Medical College from 1923-38.

CHESS CENTRE DESTROYED

LONDON, Oct. 13 (CP)—London's chess players regarded it as one of the minor tragedies of the war when the National Chess Centre was demolished by Nazi bombs which wrecked the great John Lewis store on Oxford Street. The chess centre was located in the Lewis building.

The explosion and fire destroyed the chess library, all the effects of the old City of London Chess Club and of the Southern Counties Chess Union.

COULDN'T SLEEP
COULDN'T WORK

What a relief to settle down to a real night's rest, and awake fully refreshed, ready for the day's duties. I was tortured by fretful nights—tossing, turning — never comfortable. Half awake days —over-tired, driving body and mind to work when they needed rest. "Try Dodd's Kidney Pills," said a friend — "it may be your kidneys". I'm glad I followed his advice as now I'm sleeping like a top—thanks to !!!

Will your final pay cheque bring tragedy or freedom?
An Imperial Life Pension Policy gives you the happy answer.

Job gone but his "pay" goes on

Back in 1927, Mr. T. realized that a man's job is uncertain at best. Wisely, he put his surplus earnings into an Imperial Life Pension Policy. Now, at 55, Mr. T. has forsaken both the market and business activity. His Imperial Life investment brings him in $100 every month.

He is old enough to appreciate freedom from routine business, and young enough to enjoy life to the full. For the rest of his life Mr. T's fun is paid for in advance.

THE day will come to every man when he must retire from work. To some, it will be a day of sadness—foreshadowing poverty. To others—wise men—the final pay cheque will mean the beginning of the first real freedom they have ever known; freedom from business routine, freedom from fear of losing their jobs, freedom to enjoy life with their families.

Thousands of these free men are those who own pension policies. Their pay will go on, but they will do no work—that's all over! Imperial Life makes it easy for wage earners to maintain an income when they can no longer earn money. Such a policy really costs the buyer nothing, because eventually all the money paid in comes back, bringing more with it—with day to day protection in the meantime.

Don't let the days, weeks, months slip by without this protection—and the peace of mind that comes with the assurance of a regular income whenever you give up work —either of your own free will or—otherwise.

Don't let your last pay cheque mean tragedy. See the Imperial Life man today. He will show you how to make old age income as inevitable as old age itself.

IMPERIAL LIFE

MEANING OF THE RAIN

"Substantial rains have improved prospects for the crop next year," says the Regina report in the Markets Bulletin issued by the Markets Branch at Victoria, under date of October 5.

We know that the Winter precipitation on the Prairies, in the form of snow, has a direct bearing on next year's grain crop, for the snow—except in the Chinook belt of Alberta—remains until the Spring, and then enters the soil, to produce what is technically called "a good seedbed."

But now it is October, and it is the Fall rain that we are talking about. Presumably under the surface gumbo in Saskatchewan there is a "hard pan" of clay or gumbo that has remained undisturbed, and that is impervious to water, and consequently makes the soil above it a reservoir for any excess moisture.

Such copious rains as we have had in the Nelson District in the last day or two suggest the question, "Do they influence our local agriculture?"

In certain sections, for instance, the Creston Valley, these rains enter the soil, to contribute toward the reserve of moisture above hard pan, for next season's plant and orchard growth. Snowfall in the Kootenay territory is far from evenly distributed. The Creston Valley is in a belt of light Winter precipitation. In some years there the snowfall does not provide enough Spring moisture to go down to the hard pan. Irrigation, and Summer rains, then have to make up the deficiency.

Thus, in the case of that area, and of any similar areas, the bountiful Fall rains certainly make a most direct contribution to agriculture.

But even in our best-watered areas, where deficiency of either ground water or rain is a rarity, the abundant rains make another contribution.

Rate of forest growth is almost directly proportioned to rainfall. In the neighboring State of Washington, the terrific cedars, of swift growth, in the Olympic Peninsula, are the product of the heaviest rainfall on the Continent—something like 150 inches a year. The Grays Harbor area is not far behind it, and it also is noted for its vast cedars, and for possibly the most massive logging industry on the Continent.

So, when we have an inordinately wet Fall, that fills the soil, and the rock crevices and cracks, with ground water, we can reflect that our forests are in for a good growth next year, if there is no Winter deficiency.

World Series Broadcasts Fine Diversion From War Says Hamer in Reply to Moore

To The Editor of
The Nelson Daily News.

Sir: I believe Mr. A. R. Moore's letter of October 8 in criticism of the CBC and Radio Station CKLN is deserving of a reply.

In particular he claims it is a disgrace that the World Series baseball games, as well as such music as Hawaiian, jazz, tango tempos, etc., should be allowed on the air since they do not appeal to him. He complains he was unable to get the noon news because of the World Series, and, apparently, thinks people should have no diversion because of the war.

As a matter of fact every decent, intelligent person in this country is vitally concerned with the progress and outcome of the war. At the present time any person may listen to three or four hours of news, talks on the war, etc., over Station CKLN if they so desire.

Unusual programs such as the World Series and the other forms of entertainment that Mr. Moore takes exception to are unquestionably a healthy diversion for the majority of people. Almost everyone knows that radio programs, as well as other forms of public entertainment, are designed to appeal to the public as a whole rather than to the individual, with as much variety as is possible. In looking over the program schedules of CKLN from day to day, one finds a well balanced program of music, plays, talks and other features that one may choose from.

Mr. Moore should keep in mind that radio programs are not designed to suit his or anyone else's individual likes or dislikes. He might also remember that anyone has the privilege of turning the dial. We are not compelled to listen to any particular program. What doesn't appeal to Mr. Moore another person may think is just "a little bit of all right", which is also his privilege.

FRED S. HAMER.

Nelson, B. C.,
Oct. 12, 1940.

?? Questions ??
ANSWERS

Open to any reader. Names of persons asking questions will not be published.

R. P., Nelson—What is the distance by water from Victoria and Vancouver to San Francisco?

From Victoria 838 miles, and from Vancouver 925 miles.

Inquirer, Trail—Can you give me a few suggestions for gifts to be given to a soldier at Christmas? How do you address parcels?

Suggestions:

Woollen socks, scarves, sweaters and leather or woollen gloves; khaki handkerchiefs and ties; leather tobacco pouch, pipe, cigarettes; folding leather picture frame (small); compact mending kit; pen and pencil set; manicure set; subscription to magazines; flask (metal); field glasses; fruit cake in tin, candies; cards, corkscrew and bottle opener in case; writing kit.

For soldiers overseas address letter as follows: Regimental number, rank, name and details of unit such as company or section, squadron, battery, holding unit, etc.; in addition to regiment or service. Base Post Office, Canada. For soldiers in Canada, name, etc., same as above, care of Field Post Office, Petawawa Camp, Ontario.

R. M., Cranbrook—Last Winter you published a method of preventing clothes from sticking to a clothes line during the cold weather. Would you please repeat this for me?

To prevent clothes from sticking to the clothes line, (if rope), boil line for half an hour in salt water. This will also prevent the line from tangling. The clothespins should be boiled in salt water too. Rub a wire line with a cloth soaked in coal oil.

S. J. F., Trail—Could you please advise me where I could obtain a ready reckoner book, estimating amounts of materials required for building purposes, including cement, gravel, etc.?

This book may be obtained at Mann-Rutherford Company, Nelson.

C. S., Nelson—Would like to know if the Kamloops trout are in the main Kootenay Lake?

Yes. The so-called Kootenay Lake "salmon", "rainbow trout" and "mountain brook trout" of the West Kootenay lakes, rivers and creeks are all Kamloops trout, as determined by the Biological Board of Canada from studies made at Nelson and Kaslo by Dr. Dymond and his assistant, Mr. Mottley. The "mountain trout" are merely a dwarfed form, which never lose their parr marks, but eggs from them—obtained by the Nelson Hatchery from Cottonwood Lake have produced 12-pound salmon when planted in barren lakes.

Nelson Unit of Canadian Women's Training Corps Smart on First Parade

Forty-six answered the roll call, nearly twice as many as registered at the organization meeting three nights earlier. Air force type caps and tunics worn with dark skirts, white shirts and blue ties will complete the uniform. This is the first interior unit of the Canadian Corps. —Daily News Photo.

SERIAL STORY . . . By RUPERT GRAYSON

Before the Blitzkrieg

"The protest was certainly a pointed one!" Gun agreed. "But I quite realize you went to a good deal of trouble, as you say, to arrange this meeting. You'll forgive me if I suggest that it is, so far, a rather BADLY arranged meeting!"

"How do you mean?"

"Well, it's an unequal one! I mean, you know perfectly well who you have met, but we don't! All we do know is one or two people you are NOT—Squadron Leader Trent of the Air Force, for one!"

The other laughed.

"Well, I guess you'll know all you need to know about us in good time. But meanwhile you are worn out and hungry, and the Spaniards have a good motto for the occasion—some sort of suggestion that tomorrow is also a day! Now, if you will come this way there is a good meal and a soft bed waiting for you both!"

He put a hand on each of their arms, and they walked forward in a row. The armed men moved forward with them, and Gun asked:

"Are we to consider ourselves prisoners?"

The man called Trent considered the matter and then shrugged.

"Hardly that—unless you wish to. Let us say that no more restraint will be put on your liberty than can possibly be helped!"

The rough path they were following led to a high fence, composed partly of wire netting and partly of barbed wire. As they walked along beside it, Gun noticed that it was newly constructed. They came to an open gate with a padlock hanging from it.

"Here we are," said the man called Trent. "In here!"

As they passed through the gate Gun became conscious of a pleasant garden with a lawn and flowers, and in the background a small bungalow.

"Allow me!" said Trent.

He walked forward toward the bungalow, Gun glanced back, and saw that the armed guards were packing the gate, some inside and some out. Their faces looked dusky, but that was all he could make out of them—except that they did not appear to be regular soldiers.

The front door of the bungalow stood open. Their conductor put his hand inside and touched a switch. Electric light sprang up and revealed a comfortably furnished sitting room. There were two arm chairs, four small ones, a divan and a square and a gate-legged table that Gun saw with satisfaction was laid for a meal.

"I think you will find your quarters quite comfortable!" Trent observed. "Let me show you around."

From the sitting room a door led to a narrow passage, on one side of which was an airy, comfortable bedroom, with two beds and on the other to a bathroom and a small room fitted out as a draftman's office.

"Ah!" Tommy breathed, when he saw this—the first time he had opened his mouth since they had landed.

Trent, who had opened the door and switched on the light to give them a view of the interior, made no comment and gave no sign of having noted Tommy's exclamation.

"And here is the kitchen—and your batman!" he said, opening a door at the end of the passage.

It was a small, but well-fitted kitchen, equipped with a modern electric cooker, from which pleasant smells emanated. Gun sniffed appreciatively.

A man was bending over the stove. As they stod in the doorway he turned and revealed his face—that of a full-blooded Negro.

"Sambo will look after you for the present," Trent declared. "He is, unfortunately, deaf and dumb, but apart from that, you will find him very efficient. If you don't know the deaf-and-dumb language, you'd better write your instructions. He's got a bedroom just outside—a sort of annex. And now, if you'll take my advice, you'll get out of that kit, by which time dinner will be ready. After which I recommend a hot bath—you will find an electric heater in the bathroom—and so, as Mr. Pepys would have said, to bed."

"That sounds good advice to me," said Gun amiably. "Come on, Tommy!"

(To Be Continued)

WAR — 25 YEARS AGO TODAY

OCT. 14, 1915 — Austro-German forces stormed Pozarevatz as invasion of Serbia gathered momentum. Russians inflicted second reverse on Germans at Hajvoronka, Eastern Galicia. On the Western Front, German troops regained trenches near Auberive in the Champagne.

THANKSGIVING DAY

The Pilgrims encountered many difficult problems in establishing their homes in a new land, but through steadily turning to their heavenly Father for help they were guided through them all. Is it any wonder that their sense of gratitude for their deliverance caused them to render thanks to the Giver of all good gifts? says the Christian Science Monitor.

As Thanksgiving Day recurs through the years, we are reminded of the Psalmist's statement (Psalms 26:6, 7), "I will wash mine hands in innocency: . . . that I may publish with the voice of thanksgiving, and tell of all thy wondrous works." Today our hearts go out in gratitude to God, divine Love, who is leading the people of many nations through the Red Sea and the wilderness of materiality, and who will deliver them as they seek His presence. In the face of "wars and rumors of wars," we can lift our thought in thanksgiving to God; for which we can be thankful? In "The is there not always something for First Church of Christ, Scientist, and Miscellany" Mary Baker Eddy writes: "Remember, thou canst be brought into no condition, be it ever so severe, where Love has not been before thee and where its tender lesson is not awaiting thee. Therefore despair not nor murmur, for that which seeketh to save, to heal, and to deliver, will guide thee, if thou seekest this guidance." The demonstrable truth that divine Love is with us and will guide us if we seek its guidance, is indeed cause for thanksgiving.

We must maintain this constant thanksgiving in our thought. As we acknowledge the one God, we begin to comprehend our true habitation in the kingdom of heaven, and are safe therein. This is our defense, which can never be taken from us, wherever we may be. We are safe and protected under all circumstances and conditions if we acknowledge God's allness and our unity with Him. Noah in the Ark, Joseph in exile, the Hebrews in the fiery furnace, Daniel in the lions' den, and Jesus — most glorious of all — understood and proved God's supremacy. They were protected through every trying experience and thus proved the powerlessness of mortal mind. z

Thanksgiving Day should mean that we give our whole-hearted praise to God, the omnipresent Mind, who loves and cares for all His children. It is not a day to be spent in wasting, wantonness, or in the gratification of the senses. Rather is it a holy day, in which thought should be lifted in thanksgiving to God, and to the men and women throughout the centuries who have given unselfishly to the cause of freedom and the betterment of mankind. In response to a request from a newspaper for "a sentiment on what the last Thanksgiving Day of the nineteenth century should signify to all mankind," Mrs. Eddy said, in part, it signified that "the Christ-spirit will cleanse the earth of human gore; that civilization, peace between nations, and the brotherhood of man should be established, and justice plead not vainly in behalf of the sacred rights of individuals, peoples, and nations" (Miscellany). This sets forth the glorious purpose of Thanksgiving Day.

"I never suspected what happened to Sue's figure till she wrote me she was goin' to the mountains this year instead of the sea-shore."

Telford Asks for Raid Shelters

VANCOUVER, Oct. 13 (CP). — Mayor Lyle Telford disclosed yesterday he is seeking from the Dominion Government authority to construct air raid shelters and provide "blackout" facilities in Vancouver. Such problems are a Dominion rather than a civic responsibility, he said.

In a letter to Hon. Ian MacKenzie, Minister of Pensions and National Health, the Mayor listed as essential wartime requirements for Vancouver the establishment of first aid posts; power to order demolition of damaged buildings; sufficient fire-fighting equipment to deal adequately with blazes that might occur at docks and wharves; air raid shelters and equipment and facilities for complete blackouts.

Mr. MacKenzie replied he would discuss the matter with the Mayor during a visit here next Tuesday.

Rossland's Cadet Corps Inspected

ROSSLAND, B. C., Oct. 11 — The Boys' and Girls' Cadet Corps were inspected at the Rossland High School Thursday afternoon by Lieut. R. Creichley, Officer in Charge of Cadets for British Columbia, accompanied by Sgt.-Maj. Henry from Military District No. 11, Headquarters in Victoria.

Marching and drilling by both Corps came in for review.

A promise was made that equipment would be forthcoming.

"BRITAIN FACES DANGERS BUT CANNOT BE BEATEN"

MANCHESTER, Oct. 13 (CP). — A. V. Alexander, First Lord of the Admiralty, in a speech here yesterday declared that while Britain "cannot be beaten," a "great many dangers" will have to be faced in the future.

"Suffering and tribulation are certain," the First Lord said, "but I see the situation in sharp contrast to when, last June, it was a touch and go if we lost the whole of the Expeditionary Force or not."

PLANE EN ROUTE FOR R.C.A.F. DUTY CRASHES

ST. PETERSBURG, Fla., Oct. 13 (AP). — A twin-motored plane on its way for duty with the Royal Canadian Air Force crashed in Tampa Bay yesterday shortly after it took off from Albert White Airport here.

Two Canadian aviators were rescued by a Coast Guard patrol boat. The plane sank.

U. S. LINERS WILL BRING AMERICANS FROM EAST

WASHINGTON, Oct. 13 (AP). — Secretary of State Cordell Hull said yesterday that the liners Washington and Manhattan would be sent to the Far East to evacuate Americans as soon as the vessels could be placed in commission.

SPEED UP ONLY APPLIES TO TRAINING PILOTS

OTTAWA, Oct. 12 (CP) — Air Minister Power, in a statement issued today said a mistaken impression that the whole British Commonwealth Air Training Plan was being increased on a 7 to 5 ratio—or by 9 per cent—had emanated from his Press conference of Thursday.

In his statement the Minister said he desired to corect the impression and added the 5 to 7 ration step-up does not embrace observers and air gunners but just pilots.

SHEDDEN TO COMMAND ARMED "PRINCE DAVID"

OTTAWA, Oct. 13 (CP). — Cmdr. W. G. Shedden, Royal Canadian Naval Volunteer Reserve, for the past five years Officer Commanding the Toronto Division of the R.C.N.V.R. has been appointed executive officer of the armed merchant cruiser Prince David, Navy headquarters announced yesterday.

In the Toronto R.C.N.V.R. command he will be succeeded by Lt.-Cmdr. A. C. Turner, R.C.N.V.R.

TURKISH AMBASSADOR RETURNS TO MOSCOW

MOSCOW, Oct. 13 (AP). — Turkish Ambassador Haidar Aktay returned to his post here today after a two-month absence. The Ambassador left Moscow Aug. 12, since then the Soviet Government has appointed Sergei Vinogradoff as the new Ambassador to Ankara. German Ambassador Count Friedrich Werner von der Schulenburg also is returning to Moscow this weekend after a three-week vacation.

R.A.F. TRAINEES SHOOT DOWN NAZI BOMBER

LONDON, Oct. 13 (CP). — A Royal Air Force bomber manned by youths in training shot down a German bomber off the Scottish coast Friday, the Air Ministry announced yesterday.

The encounter lasted 45 seconds and the German plane crashed from 2000 feet, leaving only a few pieces of wreckage afloat.

GAMBLER CONVICTED

CHICAGO, Oct. 13 (AP)—William R. Johnson, pictured by Federal prosecutors as the overlord of Chicago's organized gambling, was convicted yesterday on charges of evading income tax.

Report U.S. Stores Defences in East

NEW YORK, Oct. 13 (AP). — Domei, Japanese News Agency, declared in a broadcast from Tokyo yesterday that the United States armament industry is storing large quantities of tanks, trucks, anti-aircraft artillery, guns, bombing planes and other munitions at Manila and Singapore in readiness for transportation to China as soon as Britain opens the Burma Road.

The Chinese Government representative at Manila, in the Philippines, has been permitted to open an ammunition factory there, the Agency stated.

RESERVES JUDGMENT MURDER TRIAL REQUEST

WINNIPEG, Oct. 13 (CP)—Mr. Justice H. A. Robson reserved judgment here yesterday on a request made by Defence Counsel, A. J. Andrews, in the murder trial of John Ashton Barnett and John Andrusiak. Counsel asked that the jury be directed to bring in a verdict of acquittal in the case of Barnett.

Shuswap Indian Murder Case to Be Heard Tuesday

CRANBROOK, B.C., Oct. 13 (CP) — Frank Sylvester, 21-year-old Shuswap Indian, was committed for trial in higher court today on a charge of murdering John Lundy, 83-year-old pensioner whose bones were found in the ashes of 17-room house North of Wilmer, B.C.

The Indian was committed by Magistrate John Leask after he permitted Constable S. L. Jeeves to read two statements in which Sylvester admitted shooting Lundy and Harold Forster, owner of the house, last Sept. 26. The case will be heard at Fall Assizes which open here next Tuesday.

Evidence was also heard from Sgt. H. N. Wood and Constable John White of the Provincial Police who told of investigating the ruins of the $100,000 home and finding charred human bones in one corner and a body diametrically opposite.

In both statements Sylvester admitted he had been drinking when he stopped at the Forster home Sept. 26 and asked for a drink. In the first statement he said Lundy gave him a drink and then demanded payment, but in the second statement, made Oct. 9 after he had been charged with the aged man's murder, he said his request was refused.

Sylvester then left the house, the statement said, but returned later and shot through the kitchen window at Lundy, striking him in the head. Then he shot and wounded Forster in the shoulder. Forster disappeared into another part of the house and he did not see him again.

The Indian then entered the house, the statement said, and after drinking wine and beer, took the keys of Forster's car and drove away in it. The car was later found abandoned.

Rossland Armory Association Is Formed for Year

ROSSLAND, B. C., Oct. 11 — An organization meeting of the Rossland Armory Association was held in the City Hall Thursday night to appoint representatives to the Association from those clubs using the Armory facilities, and also to arrange a timetable for the ensuing season.

The financial statement presented for last year showed expenditures of $420, and receipts of $357, or a loss for the season of $63. This deficit has been offset by the amount of $133.52 in the bank at the beginning of November, 1939, thus leaving a balance on hand of $58 at the present time.

Mayor John Gordon, who presided, appointed the following representatives to the Association: Schools, E. E. Perkins; Basketball Club, Ace Bailey; Pro-Rec, Trygve Nora; Girl Guides, Mrs. A. F. G. Drake; Home Defence Corps, H. Reimann; Badminton Club, J. A. Thomson; Canadian Legion, R. Portman; City Council, Ald. J. Corner. A representative of the Boy Scouts has not yet been appointed.

PORTMAN PRESIDENT

R. Portman and J. A. Thomson were elected President and Secretary-Treasurer respectively of this representative group.

The Association fixed the membership fees at 50 cents to the Association, plus the individual assessment of each club to which a member belongs.

Some discussion of this year's financial situation took place due to the fact that the Defence Corps will require the use of the Armory during the Winter months.

The Association will advertise for applicants for the position of caretaker.

A tentative schedule was drawn up, but this will not be available in final form until approved with any necessary amendments by a meeting of club representatives to be held in the Armory October 16.

7000 JAPANESE TROOPS KILLED IN 6-DAY BATTLE

HONG KONG, Oct. 13 (AP). — Chinese sources reported yesterday that Chinese military forces had "annihilated" approximately 7000 Japanese troops in a six-day battle South of the Yangtze River in South Anhwei Province.

Sheep Creek Driver Pays $20 Fine for Dangerous Driving

Frank Pellizzair of Sheep Creek, appearing before Magistrate William Brown in Nelson City Police Court Saturday morning, pleaded guilty to a dangerous driving charge. He was fined $20.

Pellizzair was charged following a collision between his car and that of Sigrid Mathisen on Baker Street about 1:30 a.m. October 6. He appeared in court Monday, but at his request the hearing was adjourned until Saturday. Constable John Carpenter laid information.

Canadian Seaman Lost off France Is a Nephew Trail Man

TRAIL, B. C., Oct. 13—George Burnfield, 19, able seaman on the H.M.C.S. Restigouche, and grandson of Nils Carlson of Blueberry, lost his life off Bordeaux, France, during the rescue work conducted after the sinking of the H.M.C.S. Fraser.

Mr. Carlson said that he knew the boy was a good swimmer, but that they had had no word of how he died.

Burnfield was born in Holden, Alta. He lived in Edmonton with his parents, and later the family moved to Victoria, from where he joined the Canadian Navy.

"I am a Norwegian, but a Canadian, too," said Mr. Carlson. "I've been in this country 37 years. George died in the fight against Hitler, and we are proud of him."

Morrant, Trail Named Chaplain of Vernon Camp

TRAIL, B. C., Oct. 13—Rev. L. A. Morrant, for ten years rector of St. Andrew's Anglican Church, Trail, has received orders to report as Chaplain at the Vernon Military Camp, now in charge of Major A. C. Sutton, D.S.O., former recruiting officer for Kootenay West.

Mr. Morrant was Honorary Chaplain of the 109th Field Battery, R.C.A., before the unit went overseas, and since that time has been interested in military and recruiting activities in this district. He has been Chaplain of the Trail Branch No. 11 Canadian Legion for a number of years.

He has obtained leave of absence from his present incumbency to take up his new duties, and states that no definite arrangements are being made to fill his place until his appointment at Vernon has been officially confirmed.

Asked whether he expected to remain in Vernon, Mr. Morrant replied "Of course I do not know until the appointment is made official. I would like to go overseas, but that possibility hinges on future developments."

Mr. Morrant leaves Tuesday, and Mrs. Morrant is remaining in Trail until a definite appointment is made, when she will then join her husband at Vernon.

NELSON SOCIAL

By MRS. M. J. VIGNEUX

• Most Rev. Martin M. Johnson, Bishop of Nelson, leaves this morning for Cranbrook and will be absent about a week.

• Mr. Violoni and daughter of Cranbrook are holidaying in Nelson.

• Mrs. W. C. Mawhinney, latterly of Saskatoon, Sask., who has visited Nelson for a few weeks, left Saturday to reside in Regina, where Rev. Mawhinney will be stationed for several months.

• Mrs. William Winstanley of Crescent Valley shopped Saturday in Nelson.

• Mrs. J. P. Fink, Hoover Street, entertained members of No. 2 Circle of Trinity United Church last week, when those present were Mrs. G. B. Alexander, Mrs. H. D. Dawson, Mrs. H. C. Grizzelle, Mrs. G. F. Hunter, Mrs. John Lundie, Mrs. J. R. McLennan, Mrs. S. May, Mrs. D. H. Proudfoot, Mrs. W. M. Young, Mrs. James Woodall, Mrs. T. H. Willits, Mrs. R. T. Tiffin, Mrs. D. StDenis.

• Mr. and Mrs. R. S. Cornwall of Kaslo are guests of the latter's parents, Mr. and Mrs. A. G. Gelinas, Victoria Street, over the holiday.

• Mrs. James Johnstone, North Shore, has taken up residence in the Johnstone Block.

• L. C. Bushell, Clerk of the C.P.R. Telegraphs left to vacation in Vancouver and Victoria.

• Mr. and Mrs. George Porteous of Queens Bay spent Saturday in Nelson.

• Mrs. Andy Burgess was in the city from Ymir Saturday.

• H. M. Whimster, Fairview, left Sunday for Victoria to attend a hospital convention.

• Friday, October 11, Rev. J. A. Donnell officiated at the marriage at Trinity United Church of Leslie Thomas Gray of Trail and Helvie Aho of Vancouver.

• Mrs. J. Speers of Kaslo visited Nelson Saturday.

• Mrs. A. G. Gelinas, Victoria Street, and her guest, Mrs. Max Eitenborough of Spokane, were recent guests of the former's son-in-law and daughter, Mr. and Mrs. R. F. Cornwall of Kaslo.

• Circle No. 3 of Trinity United Church met at the home of Mrs. C. F. Hunter, Josephine Street, last week when those present were Mrs. Wilfrid Allan, Mrs. L. Hanna, Mrs. W. C. Kettlewell, Mrs. Ludlow, Mrs. J. Long, Mrs. R. L. McBride, Mrs. W. H. Smedley, Mrs. Robert Todd, Mrs. T. H. Glover, Mrs. Arthur Foster and Mrs. Hunter.

• Mrs. Wilmer McHardy of Balfour and her mother, Mrs. Frederickson of Matsqui, spent Saturday in Nelson with Mr. and Mrs. C. F. McHardy, Medical Arts Apartments.

• J. Scott-Wardle, ex-resident of Longbeach, now of Mobile, Ala., was in the city at the weekend.

• Mr. and Mrs. E. Emery, Josephine Street, have as guest their son, Gordon (Bud), of Calgary, who arrived Saturday.

• Miss Jean Ballard of Cranbrook was in town Saturday en route to spend the weekend with her parents, Mr. and Mrs. O. Ballard at Robson.

• Mrs. F. Linde, pioneer resident of Nelson who has been visiting her mother, brother-in-law and sister, Mr. and Mrs. Holme in Grand Forks, also friends in Nelson, left via Great Northern Saturday for her home in Portland, Ore.

• Mrs. J. F. Shaw of Kaslo was in the city at the weekend.

• Mrs. Margaret Harrop of Salmo is spending the weekend with her parents, Mr. and Mrs. Julius Riesterer, Robson Street.

• Ted Robson, Kerr Apartments, is spending the weekend in the Okanagan.

• Mr. and Mrs. Max Ettenborough of Spokane, who have been guests of Mr. and Mrs. A. G. Gelinas, Victoria Street, have returned.

• Miss Anne Kennett of New Denver was a weekend city visitor.

• Miss Vera B. Eidt, Superintendent of Kootenay Lake General Hospital, left to attend the hospital convention in Victoria.

• Mr. and Mrs. Frank Willis of Trail visited Nelson.

• W. P. Dickson was in the city from Willow Point Saturday.

• Mrs. D. McKay of Ymir shopped in Nelson.

Rossland Social . . .

ROSSLAND, B. C., Oct. 13 — A large number of members attended the meeting of the Red Shield Auxiliary of the Salvation Army held on Friday evening at the home of Mrs. H. Douglas. Following the usual war knitting, refreshments were served by the hostess. Those present were Mrs. G. Nixon, Sr., Mrs. S. Mason, Mrs. A. Mason of Haney, Mrs. R. H. Mason, Mrs. H. Douglas, Mrs. H. Evans, Mrs. R. Bell, Capt. E. Robertson, Lieut. M. Hutchings, Mrs. D. Funk, Mrs. A. Stevenson, Mrs. Christenson and Mrs. W. E. Thompson.

Mr. and Mrs. F. E. Batt returned Thursday from Needles, where they spent the last two weeks as the guests of Mrs. Batt's parents, Mr. and Mrs. Reid.

Election of officers was the main business conducted at the meeting of the Women's Auxiliary of the Canadian Legion in the Armory on Wednesday evening. The new executive is composed of Past President Mrs. William Gresley-Jones; President, Mrs. William Inglis; Vice-President, Mrs. H. G. Bathie; Second Vice-President, Mrs. E. E. Turner; Secretary, Mrs. M. Storie; Treasurer, Mrs. J. McCullough; Membership Secretary, Mrs. A. Powell. Members present were Mrs. William Gresley-Jones, Mrs. H. Conroy, Mrs. W. Buick, Mrs. W. Bradley, Mrs A. Powell, Mrs. M. Storie, Mrs. G. Townsend, Mrs. P. Taylor, Mrs. W. Inglis, Mrs. J. McCullough and Mrs. E. E. Turner.

Six Rossland young men have left for the camp at Vernon. They are Jack Tongue, Joe LaFace, John Irvin, Joe Simons, Eugen Profili and Bob Spencer.

Mrs. T. Smith was hostess Thursday evening to the Women's Benefit Association. It was reported that the afghan made by members has been turned in to the Red Cross. Those attending were Mrs. J. Longstaff, Mrs. H. Conroy, Mrs. A. McNiven, Mrs. J. Rutherford, Mrs. I. Corbett, Mrs. M. Fertich, Mrs. J. McCullough, Mrs. A. Woodward, Mrs. J. Shearer, Miss M. Fertich and Miss M. Dupperon.

Owing to the weather the St. Andrew's Young People's Society was forced to cancel its wiener roast, and instead enjoyed a social evening in the annex.

Members of the St. George's Church Tea Group were entertained Wednesday afternoon at the home of Mrs. R. Clark. Those present were Mrs. . K. Macalister, Mrs. W. Daly, Mrs. O. Drake, Mrs. D. Catchpole, Mrs. E. Topliff, Mrs. S. Davis, Mrs. A. Turner, Mrs. A. Ridgers, Mrs. F. Ransom, Mrs. L. M. DeLong, Mrs. S. C. Montgomery, Mrs. R. Ayres and Mrs. J. Ayres.

Mrs. H. Smith Sr., is visiting in Kimberley.

Mrs. J. Rose has returned to her home in Vancouver after spending the Summer here.

Miss L. Harper, who has been travelling in the East for the past month, has returned home.

At All Saints' Church, Kimberley on Saturday, Oct. 5, Rev. A. B. Resker united in marriage Ruth Smith, daughter of Mr. and Mrs. S. Smith of Kimberley and Joseph Chesham, son of Mr. and Mrs. E. Chesham formerly of this city. The bride wore a navy blue tailored suit with matching accessories and a corsage of Talisman roses. Her matron of honor, Mrs. K. Campbell, chose a dusty rose afternoon dress with wine accessories, and her corsage was of pink sweet peas. Kenneth Campbell acted as best man.

Mr. and Mrs. E. V. McGauley left Saturday for Oliver, where they will be the guests of Mr. and Mrs. A. Hardie. They were accompanied by Miss Cynthia Tilson.

Rev. T. T. Galbraith united in marriage on Sept. 23 at his manse in Kimberley, Miss Olive Helen Johnson, daughter of Mr. and Mrs. A. Johnson of Rossland, and Charles John Thorrogood of Kimberley formerly of Rossland. The bride chose an afternoon frock of blue, with wine accessories, and was attended by her sister, Miss Martha Johnson, who wore a brown afternoon dress with matching accessories. S. Ordway was best man.

Mr. and Mrs. John Vetere announce the marriage of their daughter, Eda Marie, to Corporal Elsiner Eugene Waggoner of Cheyenne, Neb. The wedding took place October 3 in Kimball, Neb.

Members of Exiled Belgian Gov't. Are Being Held in Spain

LONDON, Oct. 13 (CP)—Informed British sources disclosed yesterday that Spanish authorities, "acting under German pressure," had prevented Premier Hubert Pierlot and Foreign Minister Paul-Henri Spaak of the exiled Belgian Government from continuing on their way to Great Britain.

Pilot Kingwell Hurt in Motor Crash, England

TRAIL, B. C., Oct. 13—Pilot Officer Ian Kingwell, of the Royal Air Force, son of Mr. and Mrs. H. P. Kingwell, 1804 Topping Street, Trail, suffered a fractured leg and ribs, and head and face injuries in a car accident while on duty in England, on September 12.

Writing to his parents, he states he is making a speedy recovery and is "raring to get back again." The driver of the car was killed.

P.O. Kingwell, who joined the Royal Air Force before the war, has been flying consistently over enemy territory for months, and the night before the accident had made his first raid on Berlin. In letters he says that they encounter considerable anti-aircraft fire on their raids and that it is fairly accurate.

Six of the pilots in his squadron have been awarded the Distinguished Flying Cross.

Arthur Reading Trail Veteran Is Laid to Rest

TRAIL, B. C., Oct. 13—Arthur L. Reading, aged 60, who died at the Trail-Tadanac Hospital Thursday, was laid to rest in the Mountain View Cemetery, following services held from St. Francis Xavier Church Saturday morning.

A large number of friends, and members of the Canadian Legion, of which he had been a member, attended the services, and Rev. David O'Carroll officiated.

A. C. Archibald, J. Campbell, James Gagnon, J. R. McBride, Thomas Lennon, and E. J. Provost were pallbearers.

Sympathy . . .

Meddling No Help in Family Trouble

Dear Miss Chatfield:

I have a brother with a darling wife. She is a good housekeeper and one of the best cooks in the country. They have three precious children. Two older children are twin boys about three and a half years old, and the little girl is about two years old. The boys have violent tempers like their daddy. The trouble is I have seen him in a furious temper beat his wife and kick her, and then the twins see their daddy doing this and they think it's all right for them to go knocking their little sister down and kicking her.

I am worried about the effect the example of their father will have on the character of these children, and any advice or help which you can give will be greatly appreciated.

A WORRIED SISTER

ANSWER:

Your analysis and appraisal of the situation in your brother's home is one hundred per cent correct. But your meddling is one hundred per cent wrong. After you have once told your brother what you think of his performance, you've done your duty and from there out you'll only irritate.

There are two contributions you can make to the welfare of the little family and evidently you are making them; you can be the sympathetic friend of the brother's wife letting her feel your approval of her, at the same time giving her benefit of your advice (when asked) as to the best way of warding off the temper attacks of the uncontrolled brother. The other is to be the loving aunt to the children. Quick to sense reactions of grownups, they will understand where your sympathy lies without your uttering a word of condemnation of their father.

Two Criminal Trials Are on Calendar Fall Assizes at Cranbrook

Two criminal Assize cases are on the docket for the Cranbrook Assizes opening Tuesday, Mr. Justice Manson will preside.

The two cases are Rex vs. A. G. Thompson of Yahk, a manslaughter charge arising from the death of a girl after an alleged illegal operation; and Rex vs. Stewart, a breaking and entering charge arising at Invermere.

Knowledge . . .

Parents' Duty to Inform Children on Facts of Life

By GARRY C. MYERS, Ph.D.

When I learn of all the terrible worries and anxieties boys and girls have on entering manhood and womanhood because their parents failed to be real parents to them, I am amazed.

As I have said before in this column, it is not the facts of life that are so important as the parent-child relationship in the revelation of these facts.

Let me entreat my fellow parents of young children to answer the child frankly when at a very early age he evinces a curiosity about life.

Wise parents cultivate a confidence and trustful, wholesome relationship with the child from his early years. Accordingly he learns gradually that there are some things talked about in the family which are spoken of nowhere else—family secrets.

With such relationships between parents and child, the boy or girl maturing into manhood or womanhood will know what to expect in his or her own physical development. There will then be no severe shocks nor anxieties.

SOLVING PARENT PROBLEMS

Q. Should a teacher force a left-handed child to use the right hand in written work at school?

A. Certainly not; if she does, the parent should protest. Failing to win her cooperation, the appeal for justice should be in the order: to the principal, superintendent, courts of justice. In the best modern school systems teachers are instructed by the Superintendent of Schools not to tamper with the child's handedness.

Six Children Dedicated at Bethel Service

Dedication of six children was a pleasing feature of the joint Sunday School and Church Thanksgiving service at the Bethel Tabernacle Sunday morning. The ceremony was directed by Rev. C. A. C. Story, the children taking part being Ruth Lang, Eugene Bard Kraft, Clifford Bruce Kellogg, Charles Duncan Dunstall, Frank Robert and George Anderson.

Mr. Story gave a short talk and instructions from the Scriptures, basing his remarks on the story of the mothers bringing their children to Jesus and His words: "Suffer Little Children to Come Unto Me". A chalk talk, "For What Shall It Profit a Man If He Shall Gain the Whole World and Lose His Own Soul?" was given.

The hymn "When Mothers of Salem", was sung by the junior Girls Choir, led by Miss Esther Anderson and Miss Iris Kraft.

The evening song service was conducted by Thomas Bishop. The choir, directed by Miss Margaret Lang and the orchestra conducted by Francis Lang gave special music, while Mr. Story sang a solo, "My Sins Are All Forgiven."

"Pitching Toward Sodom" was the subject of Mr. Story's evening sermon.

Hints for Housewives

By BETSY NEWMAN

TODAY'S MENU

Cream of Carrot Soup
Pulled Bread or Crackers
Apple Sauce Brown Nut Bread
Cookies
Milk

CREAM OF CARROT SOUP

½ cup onions, chopped, 2 tablespoons butter, ½ cup bread crumbs, 4 cups broth, or water, 1 teaspoon salt, dash of pepper, 1 tablespoon sugar, 2 cups mashed cooked or grated raw carrots, 1 cup milk, (fresh or evaporated).

Cook chopped onions slowly in butter for 5 minutes, without browning, add crumbs, broth or water, salt, pepper and sugar, and simmer for 20 minutes. Add carrots and milk, reheat and serve at once. Serves 6.

PULLED BREAD

Cut ends off French loaf of bread and remove crusts. Cut in half crosswise, then pull bread into strips, using 2 3-tined forks. Put strips in dripping pan in slow oven until crisp and delicately brown.

BROWN NUT BREAD

2 tablespoons sugar, 2 tablespoons shortening, ½ teaspoon salt, ¼ cup boiling water, 1 cake yeast, ½ cup lukewarm water, 1 egg, ½ cup evaporated or fresh milk, 1½ cups whole wheat flour, 2 cups white flour, ¼ cup pecan nut meats, ¼ cup raisins or dates.

Pour boiling water over sugar, shortening and salt. Dissolve yeast in lukewarm water; beat egg, add milk and pour into sugar mixture, and when cooled to lukewarm, add dissolved yeast.

Next stir in flour, chopped nuts and chopped raisins or dates, knead until smooth and elastic. Put in greased bowl, cover and let rise until doubled in bulk—about 2 hours—then knead and shape into loaf and put in greased bread pan. Cover and let rise again until doubled in bulk. Bake in moderately hot oven (400 degrees F.) for about 45 minutes. Makes 1 loaf.

Trail Red Cross Asked for Naval Knitted Articles

TRAIL, B. C., Oct. 13—An increasing demand for knitted naval supplies has been communicated to the Trail headquarters of the Canadian Red Cross Society. Heavy seamen's socks, and Balaclava helmets, as well as ordinary seamen's socks and sweaters have met with heavy and constant use, and with the oncoming Winter, men on trawlers and serving on the seas have to be kept warmly clad, necessitating this general appeal to all branches of the Society.

Although a great response has been met with at the Trail Red Cross Rooms, a great many more knitters and sewers are needed. Other knitted goods necessary are aneo helmets and two-way mitts.

A nice type of wool has just been received to make stockings, mitts, scarves, caps and sweaters for refugees. Owing to the need for service knitting, a request has been made for home knitters, who make garments for their own children, to call in to the rooms for wool supplies and help in this work.

Sewing for refugees occupies a great deal of time, and supplies asked for include women's nightgowns, pyjamas and nightgowns for girls, pyjamas for boys, and white flannelette clothing for babies. Grey flannel suits for girls, size 14, are being made at the Red Cross Rooms. A scarf and sweater are needed for each outfit, and the junior girls are being asked to make little sewing and mending kits to be put in the pocket of each suit.

In the rooms are numerous children's garments, made over from wool scraps, and old clothing, and the demand for these is also very pressing.

The latest shipment from Trail, sent October 7, included 156 pairs of socks, 70 sweaters, 12 body belts, 12 scarves, 15 quilts, 77 pieces of refugee clothing, 12 sheets, 24 towels, 12 hospital bed gowns, 60 khaki handkerchiefs, 12 hospital handkerchiefs, 4 dressing gowns, and 12 slings.

Cosmetics Add Beauty to Skin

By DONNA GRACE

The very idea of cosmetics having an injurious effect on the skin seems ridiculous to girls of this day, but grandmothers remember when all beauty products were considered very daring, and possibly a little dangerous.

We believe that only trouble following the use of creams and make-up is the failure to use them correctly. For instance, leaving the skin covered with foundation and powder for days without removing it thoroughly with soap and water.

Stage and screen stars usually have lovely complexions.

Ann Sheridan makes her own bleach by mixing a drop or two of lemon juice with her cleansing cream and gently slapping her skin after the cream is applied. She removes it with a pad of cotton wrung out of rosewater and glycerine. This old standby is generally found in most toilet cabinets.

ACT FAST WHEN A COLD THREATENS

Use This 3-PURPOSE Medicine

At the very first sniffle, sneeze, or sign of a cold put just a few drops of Vicks Va-tro-nol up each nostril. If used in time, Va-tro-nol's stimulating action actually helps prevent many colds from developing.

. . . And remember this, when a head cold makes you miserable, or transient congestion "fills up" nose at night, spoils sleep—3-purpose Va-tro-nol gives valuable help as it (1) shrinks swollen membranes, (2) relieves irritation, (3) helps flush out nasal passages, clearing clogging mucus. Enjoy the relief it brings.

Buerre D'Anjou Pears Popular on City Market

Prices and Demand on Even Keel; Eggs Are 45 to 30 Cents

Buerre d'Anjou pears, popular seasonal variety, were in demand at the City Market, Vernon Street, Saturday. They were offered at seven pounds for a quarter and at 1.28 to $1.35 a box. Flemish Beauty pears, nearing the end of their season, were slightly cheaper at eight instead of seven pounds for 25 cents.

Prices and demand followed fairly even courses on the market, both being steady. Eggs were quoted at 45 cents per dozen for Grade A large to 30 cents a dozen for pullets.

Canada Revenue Up $110,000,000

OTTAWA, Oct. 13 (CP). — Increased customs, excise and income tax receipts brought total Dominion revenues from the six months ended September 30, 1940, to $383,104,854, an increase of nearly $110,000,000 over the same period in 1939.

Ordinary expenditures for the same six months period in 1940 were $169,194,544, a decrease of $16,000,000, but when special expenditures were added, including war appropriations, the total for the six months ended with last September reached $441,514,652, an increase of $186,500,000 over the grand total of expenditures for the same period last year.

AMERICAN AIRMEN PRAISE R.A.F. PILOTS

SAN FRANCISCO, Oct. 13 (AP)—Two California pilots were back from two months' flying in England for the British Government today with praise for the pilots of the Royal Air Force. They were Allen Crane and Fred O'Hanlon, both of San Jose, whose job was to fly assembled planes to points where they were armed, and then deliver them to their designated squadron.

COMMUNISTS BARRED ELECTIONS IN 10 STATES

WASHINGTON, Oct. 13 (AP) — Ten states have barred the Communist party from the Nov. 5 presidential election ballot—four of them on the ground that it favors overthrow of the United States form of Government.

The ten are Arizona, Arkansas, Georgia, Illinois, Indiana, Kansas, Kentucky, Ohio, Washington and West Virginia.

(The Communist party has been outlawed in Canada.)

SIX DROWN WHEN WATER MAIN BURSTS

LONDON, Oct. 13 (CP). — Six persons drowned yesterday in a basement shelter when a German aerial bomb broke a water main and demolished the house above them.

Said a man who was rescued: "Water rushed into the basement and there was not much chance. I was buried by debris. The water came up to my chest. Neighbors got me out in about half an hour."

APPLY FOR POWER FROM BONNEVILLE DAM

Apple Byproducts Plant at Kelowna Progresses—Vance

KELOWNA, B. C., Oct. 13—"We are moving right along. Give us two more years and we will have a by-products plant which will be a credit not only to the Kelowna Growers' Exchange but to the entire community," commented W. M. Vance, Manager. Mr. Vance stated a payroll of approximately $25,000 would result from the operations this year, as right now the monthly payroll is $6500.

Before operations are suspended next year, some 3000 tons of apples will have been processed. A large quantity of these apples will be culls, as to compete in the dehydrated market costs must be kept quite low, but for apple juice a higher grade apple on an orchard run basis will be utilized, thus providing more money for the producer.

In the earlier operations of the plant, dehydrated apples, apple juice and apple cider vinegar and apple butter were produced. This year, two more lines have been added. One line is composed of a number of types of pickles and the other is a white spirits vinegar, which Mr. Vance is hopeful will find a ready market.

A big saving in apples for the vinegar process has been contrived this year, as the pulp an . peelings from the dehydrated apples, instead of being carted away to the dump, are now going into the press and thousands of gallons of juice is being extracted for vinegar juice.

Mr. Vance was formerly Manager of Nelson Sub-Central of the Associated Growers.

Winnipeg Wheat Prices Unchanged

WINNIPEG, Oct. 13 (CP)—Interest in wheat dealings on the Winnipeg Grain Exchange was at a low ebb yesterday and closing prices were unchanged to ⅛ cent higher with the October future at 70⅛ cents a bushel and the December and May futures at their fixed minimum levels of 71⅝ and 75⅛ cents respectively.

Only a few trades were reported and there were no indications of export business.

In the cash wheat market, traders showed good interest in the lower grades and a small amount of No. 2 Northern changed hands. There was a slight increase in offerings but business generally was slow. Spreads were unchanged to fractions firmer.

Teck-Hughes Gold Is Profit Up 13 Per Cent

TORONTO, Oct. 13 (CP). — Teck-Hughes Gold Mines released their annual report here for the fiscal year ended August 31, showing a 13 per cent profit increase over the previous year. A preliminary statement of the year's operations, given a week ago, was substantially complete in its estimates.

The annual report shows a net profit of $2,293,558, equal to 47.7 cents a share, as against $2,023,392 or 42 cents a share in the previous fiscal year.

Trade Dull on Montreal Stocks

MONTREAL, Oct. 13 (CP)—Traders, faced with a long Thanksgiving week-end, almost completely ignored the stock market in Saturday's late trade.

Utilities were the only group to receive much attention as Bell Telephone, trading in odd lots, increased a point to 156. Brazilian slipped ⅛ to 4⅛ and Montreal Power was unchanged at 29½.

Howard Smith sold off ½ but Petroleum closed ¼ higher.

Smelters advanced ½.

DIVIDENDS

Dome Mines Ltd., 50 cents in Canadian funds (subject to the approval of the Foreign Exchange Control Board).

METAL MARKETS

MONTREAL, Oct. 13 (CP)—Bar gold in London was unchanged at $37.54 an ounce in Canadian funds, 168s in British representing the Bank of England's buying price. The fixed $35 Washington price amounted to $38.50 in Canadian.

Spot: copper, electrolytic, 12.75; tin 62.85; lead 5.50; zinc 5.65; antimony 13.25.

Silver futures closed unchanged today. Bid: Oct. 37.75.

SPORTS

Ottawa Riders Blank Montreal; Argonauts Win

(By The Canadian Press)

The power-laden Ottawa Rough Rider machine which had little trouble in winning the Eastern Canadian football championship last year, seems headed for its second consecutive title. They've smashed through to two easy victories in the two-week-old season and right now there doesn't seem to be a team in the East that can stop them.

The Riders ploughed through to a soft 19-0 victory over Montreal Saturday and today they share the Interprovincial Union leadership with Toronto Argonauts, Argos played listlessly to defeat Hamilton Tigers 17-6.

There was only one game played in the Ontario Rugby Football Union Saturday, Sarnia Battery defeated Hamilton Alerts 12-6 and now leads the group with two victories. Balmy Beach plays Camp Borden in Toronto Monday.

Although Ottawa and Toronto are deadlocked with two victories each at the top of the big four, experts call" the Riders for their all-round offensive and defensive play.

In the season's opener the Riders whipped through to a 21-1 victory over Hamilto nand the same day Argos had to fight hard for a last-play 9-8 decision over Montreal. Ottawa's line has not been crossed this Fall. They have compiled a 49-point total and have only one point scored against them.

Golden Eagles Have Lead Now on Red Devils

TRAIL, B. C., Oct. 13—Cowen's Golden Eagles climbed one game in front of the Trail Red Devils Sunday, when they downed their opponents 3-2, in the third game of the Trail City Junior Boys Softball best-of-five final series. The final game will be played next Sunday. If the Red Devils tie the series two-all, a doubleheader will be staged.

In Sunday's game, Totollo scored the only extra-base hit, registering a double in the opening inning. Tony Borsato, moundsman for the Red Devils, made no strikeouts, but allowed onl yone walk. Archie Martin, pitching for the Eagles, struck out 2 and walked one.

Score by innings:

Red Devils	100 000 100—2
Eagles	100 002 00x—3

Lineups:

Red Devils—Bill Dimock, ss; J. Hall, cf; Brick Edmunds, c; Al McAulay, 3b; Dick Baril, 1b; Bukovec, lf; Garth Barnes, rf; J. Delig, 1b; Jack Underwood, lf; Earl Dwyer, 2b; Tony Borsato, p.

Eagles—J. McKee, 1b; M. Sammartino, cf; J. Krowvesky, 3b; F. Pagnan, ss; I. Toffolo, rf; J. Monaldi, 2b; A. Ermacora, c; A. Cavallin, lf; A. Martin, p.

Umpires—L. Moro, plate; G. Gambin, base.

Scorer, Remo Morandini.

Sports Roundup

By EDDIE BRIETZ
(Associated Press Sports Writer)

NEW YORK, Oct. 13 (AP)—Auburn has a pair of backs named Lloyd Cheatham and Rufus Deal. . . . So Col. Salter, the demon press agent, never fails to crack, "We Deal 'em and Cheatham."

Dick Cullum suggests in the Minneapolis Times-Tribune that Indiana should be suspended for a week or two for costing the Western Conference a perfect record in intersectional competition. . . . Perhaps the first to turn down an offer to manage the Indians was Larry Gilbert of Nashville, who used to pilot the Cleveland farm at New Orleans. . . . Hirsch Jacobs, for seven years in a row the No. 1 trainer, seems to be on the skids. During the Aqueduct and Belmont sessions and the first four days of the Jamaica meeting, he has sent out 83 starters with only six winners. . . . It just missed being three years to a day since Bill McKechnie signed a Cincinnati contract that he delivered a world's series intact.

REMEMBER WHEN?

By The Canadian Press

Joe Primeau, former star of Toronto Maple Leafs and many years winner of the Lady Byng trophy, stepped out of active hockey a year ago today when he resigned as the coach of Marlboros of the Ontario Hockey League.

Leith Cup—Morris Sawyer, winner; John Fraser, runner-up.

Germans Install Danube Defence

SOFIA, Bulgaria, Oct. 13 (AP).—German-made anti-aircraft batteries and sound detection equipment to control their fire were reported yesterday to have been installed along the Bulgarian side of the Danube River and the lovdiv Railway line to Turkey.

Bulgaria's anti-aircraft defences were reported to have been especially strengthened opposite the important Rumanian oil port of Giurgiu, where German troops are being stationed.

Official circles declined to comment on the reports, but they said Germany has been selling considerable armament to Bulgaria in recent months in a plan of "military coordination" among Bulgaria, Hungary and the Axis.

URGE B. C.-ALASKA ROAD BE BUILT

SEATTLE, Oct. 13 (AP).—Comparing Alaska's defence problems with those of Norway, the Alaska-Northwest Emergency Defence Committee, organized here Friday night, urged that immediate steps be taken to construct the B. C.-Alaska Highway.

The committee said:

"The cost of the proposed highway, estimated at $23,000,000, is a small item in the total defence commitments for Alaska.

"Its location behind the coastal ranges makes it not only immune to attack but with spaced airfields along its route it can be an aid to defensive attacks upon any invading fleet—attack that is practically impossible to return."

Vancouver Burrards Out to Even Series Tonight

Vancouver Burrards, down two games to one to St. Catharines Athletics in the Mann Cup Lacrosse series, tonight seek to even the series in the fourth game. Above, Fitzgerald, 11, of the Athletics, and Johnny McDonald, 14, of the Burrards sprawl on the floor as Athletics were driving on the Burrard goal in one of the games.

Each Hand Wins Game in Trail's Double-Header

TRAIL, B. C., Oct. 13—The double-header between the left-handed and right-handed players of the Cardinals and Indians, Trail's senior baseball men, resulted in a tie. The left-handers won the first session, 9-8, and the second game, which started at 3 o'clock, ended in a 3-1 win for the right-handers.

Casey Jones was heavy-hitter, scoring a home run early in the game, with one on. Don McIntyre also scored a homer.

Lineups:

Left-handers—Angelmo, c; Demore, p; Bogstie, 1b; Cameron, 2b; Hall, ss; Rothery, 3b; Dimock, lf; Jones, cf; McGibney, rf.

Right-handers—Petrunia, c; Tulloch, p; A. Bilesky, 1b; Scheppert, 2b; J. Bilesky, ss; Martin, 3b; McIntyre, lf; Saprunoff, c; Christenson, rf.

Midwest Football Teams Hold Pace

NEW YORK, Oct. 13 (AP) — Northwestern's Wildcats bounced Ohio State, defending Western Conference champion, out of the undefeated United States college football list Saturday and Midwestern teams maintained their hot pace in intersectional warfare; the Southwest took two severe jolts on foreign fields, and Cornell's great array found Penn rising to challenge its ivy league leadership.

Paced by Bill de Correvont, Northwestern upset Ohio 6-3. Illinois' 13-7 defeat by Southern California was offset when Notre Dame bowled over Georgia Tech, 26-20 and Michigan sank Harvard 26-0.

Cornell, unbeaten a year ago, looked little short of colossal in a 45-0 rout of Army, worst defeat in the Cadet's history. Penn looked almost as good in a 50-7 defeat of Yale.

In the big nine, Iowa hurdled its first Conference hurdle, Wisconsin, 30-12, Indiana bowed to Nebraska 13-7 and Purdue lost to Michigan State 20-7.

The Texas Aggies helped bolster Southwest prestige by earning a hard-fought 7-0 decision over U.C.L.A.

Stanford's Indians nosed out Santa Clara 7-6 to become the Far West's only unbeaten, untied eleven.

"Nazis Get Oil From West Coast of Eire"

BELFAST, Northern Ireland, Oct. 13 (CP)—Dr. James Little, Member of Parliament for County Down, declared at a political meeting yesterday that Germans have been getting oil for submarines from the West coast of Eire.

He said a statement by the Eire Government that it knew of no such supply was "putting the glass to the blind eye with a vengeance."

Airfields in Channel Area Still in Use

LONDON, Oct. 13 (CP)—All advanced British airfields in the Channel area bombed by the Germans are still in use, British news agencies reported yesterday.

Reuters, Press Association and Exchange Telegraph correspondents "in the British front line" said these airfields are operating and declared the Germans had failed to inflict any serious military damage in cross Channel shelling and bombing. They assured Britons that the Royal Air Force is "giving German soldiers a dose of their own medicine."

French Monument to 'Black' Soldiers Destroyed by Nazis

BERLIN, Oct. 13 (AP)—France's monument of gratitude to her Negro soldiers for services in the First Great War has been blasted on German orders, Nazi sources disclosed today.

The Reims city administration undertook the job of blowing up the monument, said Nazi sources, "not entirely on its own initiative; it needed persuasion by the German military commander."

Tiny Thompson to Coach Buffalo Club

BUFFALO, N. Y., Oct. 13 (AP)—Cecil (Tiny) Thompson, former Boston and Detroit star goaltender in the National Hockey League, has accepted an offer to coach the Buffalo Club in the American Hockey League, General Manager Louis J. Giffels said today.

Giffel announced after a conference the Calgary Star agreed to terms which will make him in effect manager of the Buffalo Club. Contracts will be signed later.

The Buffalo Club will operate independently instead of as a Toronto farm, as first contemplated.

Winnipeg Takes Calgary Bronks

WINNIPEG, Oct. 13 (CP)—A pair of touchdowns in the last quarter gave Winnipeg Blue Bombers a 26-19 victory over Calgary Bronks here Saturday and lifted the Dominion champions four points above the second-place Bronks in the Western Interprovincial Football Union.

Regina Roughriders, who entertain Bronks in a Thanksgiving contest tomorrow, are in the union's cellar spot. Roughriders must win all three of their remaining games to reach the playoffs. They play Calgary again next Saturday and then close the Union's schedule with a game at Winnipeg Oct. 26.

Saturday's battle was a ding-dong tussle, with both teams assuming temporary leads as they drove back and forth across the sun-bathed gridiron at Osborne Stadium before 5000 fans.

Bomber touchdowns were scored by Halfback Andy Bieber, who crossed Calgary's line twice, Blonde Fritzy Hanson and Wayne Sheley. Jimmy Gilkes, with two, and Bill Wusyk got the Bronk touchdowns.

SWEDISH FIRM BUYS ESTHONIAN FREIGHTER

AN EAST COAST CANADIAN PORT, Oct. 13 (CP)—The Esthonian freighter Argos was sold at auction here yesterday. The lone bid made was on behalf of a Swedish firm, C. ScLoenmyer, of Stockholm

Civilians Defeat Vets Guard for Cricket Revenge

Win Final Match of 1940 Season by 120 to 73

All good days must come to an end. On Sunday the curtain was drawn on Kootenay cricket for the 1940 season, when Robert Main's eleven defeated the Nelson Platoon of the Veterans Guard at the Recreation Grounds 120 runs to 73. A week previous the Guards won.

The military side batted first and, with the exception of Parker, fared badly against the bowling of Mulloy, 4 for 21, and Deacon, 4 for 23. Going in first, Parker was undefeated at the close of the innings with a score of 38. He was the only Guard batsman to reach double figures and to appear at ease against the bowling, his innings being suggesting of the "never say die" British spirit.

EIRE'S BATTERS SWING SCALES

On going to bat the civilians were in difficulties forthwith when Bradley bowled Deacon in his first over with the score sheet blank. Matters were no better when two wickets were down for three runs. But Brabazon and Mulloy, Eire's representatives, carried the total to 64 to four. Then Bradley made Brabazon do a Kerry dance around a "Yorker" to finish in a perfect l.b.w. position.

Mulloy played a masterful innings for 30 not out, scoring all around the wicket. This was in marked contrast to Brabazon's 35, an innings in which the batsman scored two singles only on the off side of the wicket, and these came from missed catches. Mulloy's effort was second to Parker's 38 not out.

Other useful scores were made by White and Main, who contributed 18 each.

Scoring:

VETERANS GUARD

Parker, not out	38
Bradley, b Mulloy	6
Bennett, c C. Major, b Mulloy	1
Harrison, b Deacon	0
Talbot, b Mulloy	2
Webber, c Deacon, b Mulloy	8
McKeurns, l.b.w., b Deacon	1
C. Major, c and b Deacon	1
Leonard, b Deacon	0
Extras	9
Total	73

Bowling:

Deacon	4 for 23
Mulloy	4 for 21
White	0 for 20

R. MAIN'S XI

Deacon, b Bradley	0
White, c Parker, b Bradley	18
Smith, b Webber	1
Brabazon, l.b.w., b Bradley	35
Mulloy, not out	30
M. Major, b Webber	2
Main, l.b.w., b Webber	18
Yeatman, b Webber	4
Collins, s.t. Bennett, b Parker	2
Extras	10
Total	120

Bowling:

Bradley	3 for 53
Webber	4 for 49
Parker	1 for 8

With the 1940 season brought to a successful close the Nelson Cricket Club laid plans for a closing meeting at the Legion Saturday for all who participated in games during the season.

Wells Gray Makes Brief Visit Nelson

Hon. A. Wells Gray, Minister of Municipalities, was in Nelson at the weekend in the course of a trip through the Province. He arrived Friday night, and continued his trip Saturday morning.

British Gov't. Uses Nanaimo Man's Air Safety Invention

VANCOUVER, Oct. 13 (CP)—A Nanaimo, B. C., plumber, J. W. Southern, has already provided the British Government with a device allowing parachutes to be steered during descent, and now he's working on another invention "to add to the safety and comfort of the people during blackouts."

"The British Government has accepted my last war invention, a device which enables a parachute to be steered while it is floating to earth," said Southern.

Partridge, Pheasant Season Opens Grand Forks-Greenwood Area

Hunting season on European partridge and pheasants in a portion of the Grand Forks-Greenwood Electoral District opened Sunday for 18 days. The birds may be taken only in the portion of the district lying East of a line running North and South through Eholt.

According to game regulations, on the first three days of the season shooting of the birds is permitted only between noon and 4:00 p.m. and for the remainder of the season, between 7:00 a.m. and 4:00 p.m. The bag limit for pheasants is two on any one day or 12 for the season, while only four partridge may be taken during any one day or 15 for the entire season.

Former Trailites Try Out, Toronto

SYDNEY, N. S., Oct. 13 (CP)—Dick Kokcinak and Johnny McCreedy, former Winnipeg and Trail, B. C., stars, and new additions to Sydney Millionaires of the Cape Breton Hockey League, left for St. Catharines, Ont., to try out with Toronto Maple Leafs of the National League. Both boys played with Kirkland Lake Blue Devils, Allan Cup champions, last season.

Goofers Take Three Straight

Victory in three games straight over the Dill's bowlers, Friday night set Goofers well up in the Fleury Trophy tournament of the Nelson Bowling League. Scores for the match, played on Gelinas alleys, were 792-620, 790-766, 698-604.

High scoring honors were split between the teams, Wally Duckworth of the Dill's marking up the high single of 191, while Len Bicknell of the Goofers claimed the high aggregate score with 493 points.

'Greece Ready to Pull the Trigger'

ATHENS, Oct. 13 (AP). — High authorities, pushing defence measures as German military power spread in nearby Rumania, declared yesterday that Greece is ready to pull the trigger in case of any surprise attack.

The Greek army is mobilized along the frontier of Italian-occupied Albania where it is reported 120,000 to 150,000 Italian troops are being gradually reinforced.

No figures were disclosed, however, as to the number of Greeks under arms.

"War Coming Fast"

KANSAS CITY, Oct. 13 (AP). — The war is coming at the United States so fast that there is no choice in the matter, Rt. Rev. Frederick W. Beekman, Episcopal Bishop of Paris, said in an interview here today.

"The Axis Powers will have us in it, whether we like it or not."

He said Britain does not need United States troops.

"They've got all the manpower they need," he said. "What they need is more of every mechanical device possible."

WINNIPEG FLIER KILLED

WINNIPEG, Oct. 13 (CP) — Mr. and Mrs. C. W. Keeling of Winnipeg said yesterday they had received word of the death in a flying accident of their son Sergeant Ralph Keeling, of the Royal Air Force

345 Building Inspections by Firemen Feature Fire Prevention Week in City

Press and Radio Aid in Prevention Education

Nelson firemen made 345 building inspections during Fire Prevention Week.

When the week ended Saturday a checkup showed the intensive campaign of fire prevention education was highlighted by the inspections. They were carried out in public and business buildings and in homes—the latter at the request of individual householders. They performed a double service, educating the firemen in the type of buildings in which they may have to fight fire and how best to get about in those buildings; and educating the owners and occupants to fire dangers which could be avoided or eliminated.

FIRE DRILLS, TALKS

The emphasis was not confined to inspections, however. The Department held fire drills at Nelson schools and at Kootenay Lake General Hospital to check on organization for fire, and found a high standard of efficiency.

Fire Chief G. A. McDonald made seven radio talks over CKLN, and five addresses before schools and clubs.

"One of the most heartening things about it all was the fine cooperation from citizens of Nelson, particularly from business establishments," Chief McDonald stated. He thanked The Nelson Daily News for Fire Prevention Week editorials and news stories and CKLN for time on the air.

"If the effort of The Daily News and CKLN, together with the work of the firemen, has impressed upon everyone that fire prevention is a year-round job in which we must al participate, then Fire Prevention Wek has indeed been a success," he added.

TO RELEASE FRENCH WAR PRISONERS IN GERMANY

PARIS (Via Berlin), Oct. 13 (Delayed) (AP)—Nazi sources said yesterday that German and French officials have reached an agreement which will permit release in the near future of 140,000 French prisoners of war from camps in Germany.

Charges Hanson With Betrayal

OTTAWA, Oct. 12 (CP). — Air Minister Power in a statement today charged Conservative Leader R. B. Hanson with betraying a "secret not of the Canadian Government but of Britain."

Maj. Power was commenting on Mr. Hanson's speech at Charlottetown Friday night in which the Conservative Leader said 10,000 British airmen were coming to Canada for training outside of the British Commonwealth Air Training Plan.

"As I understand it, Mr. Hanson is presently engaged in the great war work of recruiting for the Tory party," said Mr. Power in a brief statement.

"I am not aware of the measure of his success but I should say that by betraying the secret not of the Canadian Government but of Britain, and tying certain facts into a shopworn political canard, he may have made one recruit. His name is Hitler."

The plan to move British airmen to Canada for training, apart from the British Commonwealth Air Training Plan schools, was disclosed to members of the Parliamentary Press Gallery confidentially on Aug. 14, by Air Minister Power.

In an off-the-record talk Maj. Power asked the cooperation of the newspapermen in meeting a request from the British Government that the movement be kept absolutely secret.

OTTAWA, Oct. 12 (CP).—Transfers of a number of Royal Air Force Service Flying Training Schools to Canada is already underway, it was learned yesterday. Students, instructors, and equipment are being moved to this country because of more advantageous training conditions prevailing here. The Canadian Government is providing the airdromes and buildings but the schools will operate under British control.

The schools will operate apart from the British Commonwealth Air Training plan although in some instances they will use stations originally prepared for Training Plan schools.

Italians Claim 2 Tanks Captured

ROME, Oct. 13 (AP)—Saturday's Italian High Command communique:

"In North Africa one of our motorized columns on a scouting expedition captured two tanks which had been abandoned by the enemy with all their armament.

"The enemy air force bombed Bengasi, Bardia and Sidi Barrani, injuring five persons altogether and causing considerable damage to dwellings and a cathedral at Bengasi and lighter damage elsewhere.

"In East Africa there were enemy air raids on Burgavo in Somaliland, Neghelli, Asmara, Gura, Adi, Ugri and Assab without casualties and with limited damage."

PAMPHLET SHOWS WILLKIE ANCESTRY

NEW YORK, Oct. 13 (AP). — Alvan Valentine, Director of the National Committee of Democrats-for Willkie, charged today that a pamphlet headed "Democratic Campaign Facts—1940" is being circulated to call attention to Wendell Willkie's "Geran ancestry."

In a statement, Valentine quoted from the pamphlet in part as follows:

"Wendell Willkie's father was born in Germany. Willkie's grandfather was born in Germany. Willkie's mother's parents were born in Germany. Willkie's wife was born in Kentucky of German parentage. His whole background is German."

Other excerpts from the pamphlet quoted by Valentine were:

"Willkie was never a candidate for public office until the present international situation arose. . . .

"Willkie was nominated in Philadelphia by the Hitler formula, otherwise known as the blitzkrieg method."

Valentine quoted another paragraph which said:

"The floor leader and spokesman for Willkie at the Republican National convention was Governor Stassen, Governor of the 'German' State of the Union—Minnesota."

Pat Egan Signs Up With Amerks

PORT ARTHUR, Oct. 13 (CP)—Squee Allan of North Battleford, Sask., has signed a contract to play with New York Americans in the National Hockey League, Red Dutton, Manager of the Club announced here.

Allan, who played last season with River Vale in the Eastern United States Amateur Hockey League, was the third amateur to sign since Dutton opened his school here. Bus Wycherley of Saskatoon and Billy Benson of Winnipeg signed contracts yesterday.

Dutton also announced seven of Americans' regulars had signed contracts for the 1940-41 season. They are Tommy Anderson, Murray Armstrong, Lorne Carr, Pat Egan, formerly of Nelson, Harvey Jackson, Art Chapman and Earl Robertson.

BAN PRODUCTION OF STEEL HELMETS

LONDON, Oct. 13 (CP). — The Ministry of Supply yesterday prohibited the production of steel helmets except under licence. The armed forces and defence industry workers are to be supplied before the helmets may be offered for sale to the public.
