SIX MORE ROMMEL SHIPS SUNK

R.A.F. Strikes Axis Convoy, Hits Dieppe Docks

LONDON, April 19 (Monday) (CP) — R.A.F. planes pounding at German shipping lashed at an enemy convoy of 15 ships off the Netherlands Coast and raided the docks at Dieppe Sunday, while air raid warnings early today in Western Switzerland indicated that heavy British bombers again might be en route to Italy.

London, meanwhile, had three alerts within 12 hours, one a false alarm, and the other two set off by nuisance raiders. One German plane approached the city last night and a small force penetrated to the city's outskirts early today before being chased back. No bombs were dropped but London's defences set up a terrific fire.

Beaufighters of the Coastal Command, escorted by Spitfires, struck at the convoy off the Netherlands coast, laying hits on several vessels and leaving the largest one on fire and listing.

While the Spitfires watched for enemy aircraft, the leading Beaufighters raked the ships with gunfire. Then a fresh wave plunged in with torpedoes.

The Air Ministry said the largest ship, a medium-sized merchant vessel, was struck by two torpedoes. Returning pilots said other ships "certainly" were torpedoed.

RINGSIDE SEAT

"It was like having a ringside seat at a world championship fight," said Wing Cmdr. Howard P. Blatchford, D.F.C., of Edmonton, who led the attack. "I saw eight tin fish hit the water and all looked as if their couldn't miss. The biggest ship was hit slap amidship. A shower of water and junk shot up in the air. The ship listed to port and seemed certain to sink."

"We arrived just in time to see one ship with bits and pieces falling from it," said one pilot. "I am sure it was blown 20 feet into the air."

"The air was thick with aircraft," another pilot said. "The flak was fairly accurate. I bombed escort ships and saw a big column of smoke pouring from one. Our fighters sat around us beautifully and there was no enemy fighter opposition."

Venture bombers escorted by fighters attacked the docks at Dieppe yesterday afternoon, carrying on the non-stop aerial offensive in which R.A.F. fighters and fighter-bombers shot up railways and power stations in Northwest Germany, France and Holland Saturday night.

Dieppe is the French coastal town where Allied forces, predominately Canadian, staged last August's big raid.

Although the R.A.F.'s heavy bombers were grounded Saturday night, its swift Mosquito bombers reached deep into Germany to attack several trains damaging at least three, while Whirlibombers, Beaufighters, Typhoons and Mosquitoes shot up and bombed freight trains in France and the low countries. Three fighters were lost over occupied territory.

Upsetting train schedules over a wide area in Germany, Mosquitoes struck near Celle on the Hannover-Hamburg route, at Neustadt on the Berlin-Hamburg line and near Sulingen, South of Bremen. Light bombers of the Army Co-operation Command hit four railway power stations between Paris and Le Mans. A Whirlibomber blew a locomotive from the track near Ostend.

A locomotive shot up North of Boulogne was the 100th hit by pilots of a single Typhoon squadron in the last three months.

R.A.F. fighters were reported to have destroyed an enemy fighter in a sweep over the Channel Sunday afternoon. One of the R.A.F. fighters was missing.

In smashing at German air power on the assembly line and in the skies, American bombers carried out their first attack of the war on Bremen itself. (See page 3 for further details).

An 8th United States Air Force announcement of Saturday's operations said hits were observed squarely on the target area.

A spokesman said the specific target was the Focke-Wulf Flugzeubau, the largest assembly line for Germany's best "yellow nose" fighters.

Returning airmen estimated the number of defensive fighters at more than 100, perhaps the largest force of enemy planes ever encountered by an American bomber group.

They said the anti-aircraft fire was so thick that at times they could not tell the fighters from the flak.

While the big bombers roared to their target deep in Northwest Germany, R.A.F., Canadian, American and other Allied planes slashed at Holland, Belgium and the Atlantic Coast of France.

Ventura bombers attacked Abbeville in France smashing important railroad yards.

Later, other Venturas bombed the railway centre of Caen in France and still others, escorted by American fighters, attacked an industrial plant at Zeebrugge in Belgium. Hits on a power station were seen in the Belgian raid.

An Air Ministry communique said four enemy planes were shot down by the attackers, while three Allied fighters are missing although the pilot of one is known to be safe.

OFFICERS' MESS BURNS

TORONTO, April 18 (CP) — Fire of undetermined origin swept through part of the officers' mess of the Queen's Own Rifles in the University Avenue Armouries early today. Col. J. Baptist Johnston, Commanding Officer, estimated damage at $10,000.

RUSS BEAT OFF 7 STRONG GERMAN ATTACKS

Nazi Air Loss High; Three Prussian Cities Are Raided

SEE BIG FIRES

LONDON, April 18 (CP)—Russian troops beat off seven German counter-attacks in the Northwestern Caucasus today and killed 1400 of the enemy to boost the Nazi death toll to 6200 in three days, Moscow announced tonight.

The seven German counter-attacks were launched in an effort to regain an important height seized by the Russians several days ago when they renewed their attempt to oust the Germans from their foothold at Novorossisk and on the Taman Peninsula opposite the Crimea, the midnight communique said.

The Germans also attacked the menacing Soviet forces in another sector of the Caucasian front. But although two infantry regiments supported "by big forces of aircraft" were hurled into the action the Red Army stood its ground and inflicted heavy losses on the invaders.

The Russians declared their air force had the upper hand both in combat and in the renewed long-range raids on East Prussian ports and German air fields.

DESTROY 302 PLANES

In the week ending Saturday the Russians said their airmen destroyed 302 German planes compared to 103 Soviet aircraft lost, and during today's operations destroyed 25 in the Caucasus and eight on the approaches to Leningrad in the North.

Russian smashes at German airdromes also destroyed or damaged 90 more enemy planes.

The hard-pressed Germans lashed out with futile counter-attacks Saturday on the Black Sea littoral, losing another 800 men and five tanks.

Russian dispatches said the latest Russian air attacks on the East Prussian Capital of Koenigsberg, Danzig and Tilsit were featured in the Soviet press today, along with enthusiastic accounts of Allied bombing of the Germans from the other side. Russians see the raids as preludes to a two-direction land squeeze on the Nazis.

Red Star said waves of Soviet bombers reached the three targets in East Prussia the night of April 16-17 almost simultaneously. Twenty fires were started at Koenigsberg in the fourth raid of the month there and 10 heavy explosions echoed up from the city.

The first Russian bombs were said to have started a "tremendous conflagration" which bubbled and flared throughout the entire two-hour raid on Danzig, bombed once before.

Tilsit was described as an important rail junction between East Prussia, the Baltic countries and Poland. It was the first recorded raid on Tilsit. The raid lasted two hours there also and pilots reported large fires.

Says Nazis Fear Coming Allied Invasion

LONDON, April 18 (AP) — A French nurse who escaped from France by fleeing across the English Channel say today German soldiers manning Nazi defences on the Brittany Coast live in constant fear of invasion.

When the invasion comes, said 28-year-old Mademoiselle Lucienne, it will find Frenchmen using pitchforks, shovels and clubs fighting side by side with Allied troops.

(The nurse's true name was concealed because of relatives in France.)

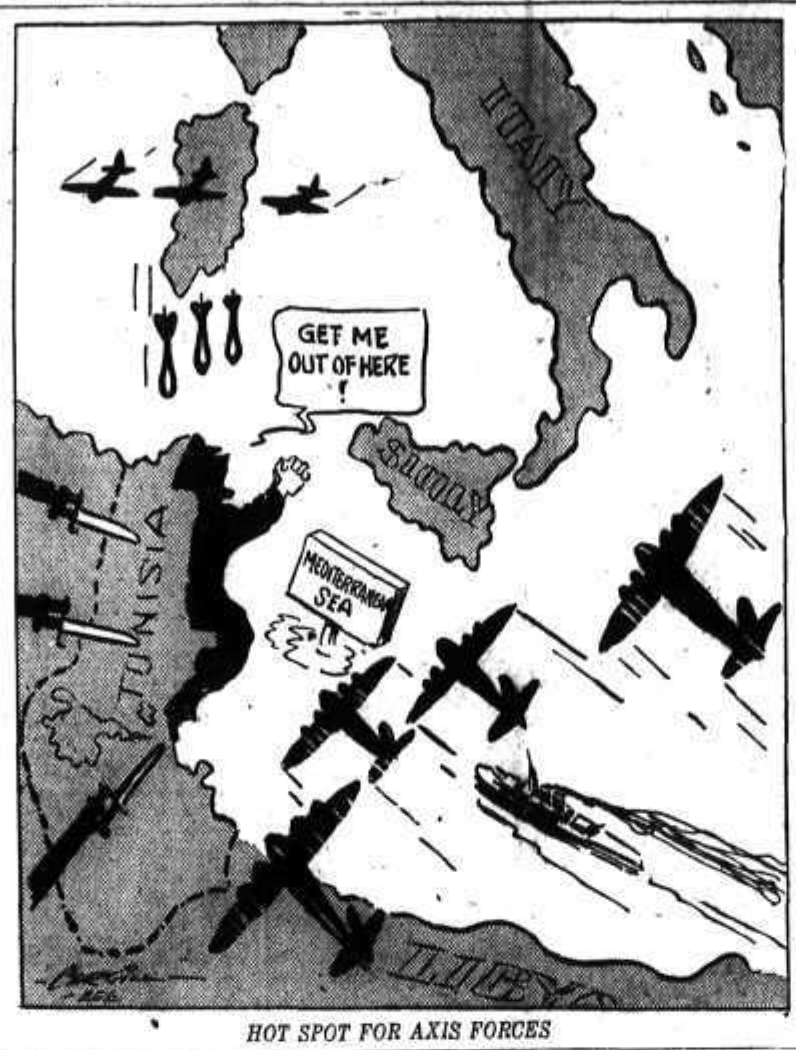
She described the morale of German troops as "very bad" and said the soldiers often got only one meal a day—a thick soup.

Concealing a bitter hatred for the Germans, she worked in a hospital caring for Nazi soldiers and learned much about what they were doing, before she escaped.

She related how the French people were disappointed when the invasion did not come in March and added that the Germans also expected it at that time.

The nurse reported that the forced conscription of labor was rapidly draining the country of young Frenchmen and said that "unless the second front comes soon, there will be no young men left to help fight.

"Germany knows this and it is as much a factor in taking them as to increase her own strength."



HOT SPOT FOR AXIS FORCES

5 JAP PLANES SHOT DOWN IN AIR BATTLE

Japs' Kahili Base and Shipping at Ballale Pounded

HIT KISKA, ATTU

WASHINGTON, April 18 (AP.)—Battling in the skies over a Japanese base, United States fliers sent five enemy planes—two of them bombers — plummeting to the ground, in an apparent effort to keep Japanese air strength earthbound in the Solomons.

The victory was won over Kahili, Japanese base on Bougainville Island. A flight of fighters, the Navy reported in a communique today, engaged two enemy bombers and their six Zero fighter escorts. The action occurred Sunday, Solomons time.

Both bombers and three of the Zeros were shot down. Then the American fighters, continuing their flight over enemy territory, met and engaged another Japanese bomber. It also was knocked down.

One United States fighter plane, the Navy reported, was missing after the two aerial engagements, fought after a light raid by Japanese planes on Henderson airfield on Guadalcanal Island.

In the Henderson field attack, two Japanese planes caused what the Navy described as "minor damage" to materiel and inflicted "light casualties" on personnel. One of the two raiders was believed to have been shot down.

The intensification of aerial warfare in the Solomon Islands also took American bombers and fighters out to attack the Japanese base at Kahili and then bomb shipping at Ballale, in the Shortland Island area.

Four-engined torpedo bombers took part in the attacks. Results of the raid on Kahili were not observed. At Ballale, bombs and torpedoes were believed to have damaged a Japanese tanker and a cargo ship.

In the North Pacific, Army bombers joined with medium bombers and fighter planes to carry out another 10 more attacks against the Japanese base on Kiska Island.

They scored hits in the vicinity of the runway the Japanese have been building on the rocky island near the end of the Aleutians chain. Additional hits, the Navy reported, were made in the camp area. Results were not reported.

Heavy bombers also hit at Attu Island near Kiska where a second small base has been established by the Japanese. That raid, plus the 10 new attacks on Kiska, boosted to 124 the number of times the two Aleutians Island bases have been bombed since March 31. Of that total, 106 of the raids have been on Kiska.

Naxis Say Western Coast of Europe Is Invasion-Proof

OTTAWA, April 18 (CP.)—The Canadian Broadcasting Corporation said tonight its listening post had picked up a broadcast from Berlin describing the Western coast of Europe as "invasion-proof."

The Berlin broadcast said "invasion-proof fortifications" had been established all the way from the tip of Norway to the Bay of Biscay, some 1700 miles. Berlin added that the fortifications "not only are safe from frontal attacks but also from the back," the C.B.C. said.

Lone Plane Hits Jap Ship, Downs Fighter

By VERN HAUGLAND

ALLIED HEADQUARTERS IN AUSTRALIA, April 19 (Monday)—(AP.)—A lone American bomber on reconnaissance flight bombed a 10,000-ton Japanese merchant vessel in Kavieng Harbor, New Ireland, Sunday morning and on its way home shot down an enemy fighter plane over Vitiaz Strait.

The major attack in a day of light air activity, reported in the noon communique from Allied headquarters, was a bombing raid shortly after dark Sunday night upon Penfoei airdrome at Kupang, capital of Netherlands Timor.

The attack was made by a large formation of Netherlands-flown medium bombers. Fires were started on the airdrome but reports of the raid were incomplete.

Meanwhile, another medium bomber and another heavy one bombed the town of Finschhafen and the airdrome there.

A medium aircraft late Saturday night bombed the Cape Gloucester airdrome in New Britain.

Aside from the Timor raid, the only other activity in the Northwestern sector was a bombing attack by an Australian-flown medium bomber upon the town of Malkoor in the Aroe Islands.

Alberta Flood Threats Subside

EDMONTON, April 18 (CP)—Reports reaching Edmonton tonight indicated a passing of the flood danger in most parts of the Province but in some areas citizens held themselves in readiness for a possible recurrence of high water.

Reports from Athabaska, Alta., 80 miles North of here, said ice was running freely in the Athabaska River with no threat of a jam while an aerial reconnaissance at Whitecourt, 115 miles Northwest of here where scores of citizens were forced to flee by train last week to escape a flood, indicated damage there not as widespread as first indicated.

ARVIDA STRIKE THREAT DISAPPEARS

Two Unions Come to Agreement With Company Men

CHICOUTIMI, Que., April 17 — (CP.)—The huge Aluminum Company of Canada plant at nearby Arvida was freed of a strike threat tonight following an agreement reached Saturday by three parties to a dispute over union recognition.

Raoul Trepanier of Montreal, Federal conciliator in the dispute, announced that differences between the International Union of Aluminum Workers (A.F.L.) the National Syndicate of Aluminum Workers, and the Company had been settled by an agreement satisfactory to all parties.

The agreement came when the Syndicate agreed to the third of three proposals made by Mr. Trepanier—that a referendum be held in November to determine which of the two unions should represent the workers when the present agreement between the Syndicate and the Company expires at the end of the year.

The I.U.A.W. had already agreed to the third proposal, while all parties had previously agreed to the first two proposals, that delegates from both unions join an interim union-management committee and that the I.U.A.W recognize the validity of the present Syndicate contract with the Company pending outcome of the referendum.

Mr. Trepanier said the Company assent to the three proposals followed immediately after that of the Syndicate.

The I.U.A.W. had at first threatened to call a strike if the Company refused its demand for recognition as bargaining agent. Later it submitted a proposal that a vote be held to determine which union represented the majority of the plant's 11,000 workers.

No Brazilian Troops on North African Front—Yet

RIO DE JANEIRO, April 18 — (AP.)—Oswaldo Aranha, Foreign Minister of Brazil, today denied a report broadcast by the Vichy radio that Brazilian troops have landed in French Morocco. He said a Brazilian military mission is at the North African front, but "we have not sent troops—yet."

Clark Gable in Overseas Station

LONDON, April 18 (CP.) —Capt. Clark Gable arrived in Britain recently and now is assigned to a United States 8th Air Force Bombing Station somewhere in England. The movie actor enlisted as a private Aug. 8, 1942, after his wife, Screen Actress Carole Lombard, was killed in an airplane accident. He was commissioned a Second Lieutenant last Oct. 28.

HITLER KEEPS UP BALKAN FENCE BUILDING

Hungarian Regent Concludes Two-Day Visit

NEW DEMANDS

LONDON, April 18 (CP.)—Admiral Nicholas Horthy, Regent of Hungary, has concluded a two-day visit to Hitler at the German dictator's headquarters and British quarters tonight interpreted the conference as a continued Nazi effort to build military and political fences against a possible Allied invasion of the Balkans.

It was the fourth recent conference of its kind. First, King Boris of Bulgaria was summoned before the Fuehrer. A four-day conference of Hitler and Mussolini last week was followed by a pilgrimage of the Rumanian dictator, Marshal Ion Antonescu, to Germany and Rome.

British circles said the obvious propaganda aim of all the meetings was to create an impression of solidarity and unity of purpose within the Axis.

It is presumed that Hitler increased military demands on Hungary, despite rumors of recalcitrance from the Axis satellite. Reports from Budapest recently have told of the Hungarians withdrawing troops from Russia and laborers from Germany. The Hungarian divisions have been handled roughly on the Soviet front.

British informants speculated that Hitler probably warned Horthy that Hungary could not keep territories it was awarded from Czecho-Slovakia and Rumania unless the country stands firmly with the Axis.

A statement broadcast by Berlin regarding the meeting said:

"The Hungarian people, who already have experienced the horrors of Bolshevism once, will fight side by side with their Allies, united in the tri-partite pact until this menace to our peoples is completely eliminated. Hungary will mobilize its forces for this lend for the liberation of Europe and for the security of the Hungarian nation."

Allies Whittle Away at Burma Railways

NEW DELHI, April 18 (CP.)—British and United States bombers made widespread attacks upon the Japanese in Burma Saturday, whittling away chiefly at rail communications, while land fighting in the Arakan sector between Akyab and India remained quiet, communiques said today.

Medium bombers of the 10th United States Air Force "achieved excellent results" against rail installations at Myitkyne, American headquarters reported. Direct hits landed on a railroad bridge and its Southern approaches and railway sheds were destroyed by oil fires.

Another bridge at Namti and another span at Kamaing were damaged. Fighters attacked Japanese anti-aircraft batteries in Northwest Burma and set two large fires with light bombs and machine guns at Nanyaseik.

British Blenheims, shepherded by Hurricanes, made a concentrated five-minute raid on seven Japanese villages in the Foul Point area and on Akyab Island. Other formations bombed enemy concentrations on the May Peninsula. Medium bombers hit Haba, in Northern Burma, "with good results."

No Allied plane was lost.

19 of 25 Convicts Still at Large in Georgia

REIDSVILLE, Ga., April 18 (AP.) —Three hungry, swamp-soaked convicts, part of a band of 25 which broke from the State penitentiary here Friday, were captured near here today. Still at large are Forrest Turner and Leland Harvey, notorious Georgia jail-breakers, and 17 others.

German Labor Head Shot by Pole

STOCKHOLM, April 18 (AP.) — The secret Polish radio in occupied Poland reported today that a Polish underground soldier on April 9 killed Kurt Hoffman, chief of the German Labor Office in Warsaw, and another official. Polish refugees reaching Stockholm lately reported that the Germans had been hounding Poles in Warsaw in the manpower mobilization drive, and the assassination apparently was one result of this campaign.

38 Axis Planes Destroyed in Aerial Duels

By WES GALLAGHER
Associated Press Staff Writer

ALLIED HEADQUARTERS IN NORTH AFRICA, April 18 (AP)—Six more Axis ships have been sunk or damaged and 38 planes destroyed in the ceaseless war of attrition in the Mediterranean area, Allied Headquarters announced today. Aground, Gen. Sir Harold Alexander's forces prepared for the assault on the mountain-rimmed defences of Tunis and Bizerte.

Although the Italian communique received here in broadcasts asserted that "intense and prolonged artillery duels" were taking place, the Allied communique mentioned only patrol activity along the 140-mile front.

A French headquarters announcement said operations continued in the mountain region South of Pont du Fahs and 70 prisoners were captured in local engagements.

The Royal Navy and United States heavy bombers combined in an attack on Marshal Erwin Rommel's sea lanes, with the navy's motor torpedo boats and torpedo planes shooting "tin fish" into two ships of an Axis convoy in the Gulf of Tunis, at the front door of Tunis, sinking at least one of the vessels.

The bombers scored direct hits on four more ships in Palermo Harbor, across the Sicilian Straits, and knocked down 17 German planes.

The intense pace of Allied air activity by day and night hit the Axis' African bridgehead from all sides and included an assault by the R.A.F.'s heavy Wellingtons on Bizerte naval base, a United States raid on Ferryville's docks on Bizerte Lake, a further shattering of Sicilian ports, new knock-out blows at the enemy's limited number of airfields, and ceaseless patrols along his roads and defence positions.

AIR LOSSES SIX.

Lt.-Gen. Carl Spaatz of the United States, Commander of the Northwest African Air Forces, said today his forces have gained "virtual supremacy of the air since the Mareth battle began" March 20 and have shot down 519 Axis planes since that date against a loss of 175.

Spaatz said nearly 1000 enemy planes were destroyed or damaged on the ground by a continual series of attacks against enemy air bases during that period, while Allied losses in this category were "less than two figures."

"This group of fliers struck probably the hardest blow in daylight ever delivered by an air force," he declared. "One-hundred Flying Fortresses, the largest formation of Fortresses ever in the air, attacked the docks at Naples, April 4, inflicting considerable damage on shipping. With the Fortresses playing a leading part April 10, 63 enemy aircraft were shot down, one Italian cruiser was sunk and a second damaged, while the total Allied losses were three planes."

The best the German air force could do this weekend was to strike at Algiers in a brief night raid during which a bomb fell on a convent some distance from the harbor and killed 15 nuns. One of the bombers was shot down.

Royal Navy motor torpedo boats, sighting a convoy in the Gulf of Tunis Friday night, penetrated a destroyer screen in another of the almost nightly foray's by Admiral Sir Andrew Browne Cunningham's sea forces and sank one of the merchantmen.

The fleet's dive-bombers and torpedo planes then attacked in the light flares and scored a direct hit on a tanker with a torpedo which sent up spouts of water.

The coming daylight saw United States four-motored bombers attack the harbor at Ferryville, where parts of the docks were blown to bits, and Palermo where three merchant ships, a tanker and a floating dry dock were blasted.

"Photographs taken by raiders over the target showed also that hits have been made and fires started in the industrial area East of the shipyards, among quayside stores and the powerhouse and warehouse area," said an official statement.

The fighter escort went back over the straits later in the day and shot down a twin-engined Junkers 88 and four other Axis aircraft.

Altogether Northwest African airforce sweeps accounted for 11 enemy aircraft in combats over the battle lines Saturday.

In addition, fighters from the desert air force patrolling the Gulf of Tunis shot down five Messerschmitt 110's, an Italian Savoia-Marchetti 81 three-engined "Bat" which is used either as a night bomber or troop carrier, and Macchi C-202 Italian fighter.

The R.A.F.'s heavy bombers, keeping up the constant assault on the numerous Sicilian bases from the desert, bombed Catania Harbor Saturday night, scattering more missiles on the quays and power station.

The Coastal Air Force from Malta contributed attacks on Biscari airdrome and seaplane base, a Syracuse factory and railways in intruder patrols over Sicily and Sardinia, and shot down at least two planes.

One Malta pilot who bailed out during the day's encounters, it was officially reported, "was machine-gunned by enemy planes as he was coming down in his parachute."

Altogether 13 Allied planes were lost—eight from the Northwest African Air Force, four from the Desert Squadrons and one from Malta.

New wedges in the enemy siege lines around Tunis and Bizerte were cut Saturday by British and French troops.

BIG EXPANSION IN AIR CADETS PLANNED

Training to Be Recognized on Enlistment

OTTAWA, April 18 (CP)—Canada's Air Cadet League requires an enrolment this year equivalent to that of 1941 and 1942 combined, it was announced today following a recent meeting of the National Executive Committee.

"This objective represents something over 18,000 new air cadets in the required classification, all senior cadets who are air-crew fit," said an air force headquarters announcement.

Arthur L. Melling of Montreal, Vice-President of the League, said:

"It is a very real and vital need, vital to Canada and to every Canadian. Canada has already played a big part in gaining air superiority in this war. To maintain that superiority and turn it into complete mastery, we must look to the air cadets—our future flyers of this war and the logical builders of Canada in the age of flight that peace will bring."

At the same time it was learned that provision has been made to recognize air cadet training on the enlistment of air cadets in the R. C. A. F.

Those air cadets who have completed 50 per cent or more of the syllabus of training are to be enlisted as aircrew and will not be obliged to sign an agreement for a six months' period of ground duty.

Up to Sept. 30 next, 50 per cent of the training will consist of successful completion of any six subjects, providing drill is one of them. Starting Oct. 1, 50 per cent of the training will consist of administration, aircraft recognition, mathematics, signals and drill; or navigation, meteorology, mathematics, signals and drill.

Naxis Kill Each Other in Hunting Paratroops

LONDON, April 18 (CP Cable).—A Reuters News Agency dispatch from Stockholm said today it was reported in the Swedish capital that German units searching for British parachute troops they believed had been dropped on the Hardanger Plateau in Southern Norway had fought each other by mistake recently.

The dispatch said a number of wounded Germans had been taken to Oslo.

Complete Exchange of Wounded Men

LISBON, April 18 (AP.) — An exchange of wounded British and Italian war prisoners was completed here tonight, with two trains taking 409 Italians home and the hospital ship Newfoundland sailing with 314 incapacitated British soldiers.

The two trains coming here with the British wounded barely escaped British bombs during a recent raid on Sperta, Italy, by running into the safety of a tunnel.

2ND U. S. CORPS TOOK 4680 MEN IN TUNISIA

Own Casualties Were 5370 Reports Gen. Eisenhower

PRAISES FLIERS

ALLIED HEADQUARTERS, North Africa, April 18 (AP)—Gen. Dwight D. Eisenhower disclosed Saturday that the 2nd U.S. Army Corps captured 4680 prisoners in recent fighting on the Tunisian front, destroyed or captured 683 Axis vehicles, destroyed or damaged 69 tanks and captured 150 guns.

At the same time he revealed that 2nd Corps casualties were 5370 killed, wounded and missing.

"The 2nd American Corps accomplished what it set out to do, drawing off the German troops from in front of the 8th Army and, at the time in the battle with Gen. Bernard Montgomery's forces broke through, was holding approximately 35,000 Axis troops in the El Guetar-Maknassy area," the Commander-in-Chief declared at one of his rare "on the record" press conferences.

In addition to the prisoners and other materials taken, the trophies included 150 machine-guns and 25,000 land mines.

American casualties were listed by Eisenhower as 903 killed, 3610 wounded and 859 missing.

The general reviewed the entire North African campaign from the first landings, saying that "astounding" results had been achieved in the air and on the sea.

"Admiral (Sir Andrew) Cunningham estimates that by combined Allied sea and air action, approximately 50 per cent of the shipping carrying supplies to Africa have been destroyed," Gen. Eisenhower said.

"It has been obvious since the start of the campaign that Tunisia is the key position of the African campaign," he added. "We landed and were mainly concerned only in securing Oran, Algiers and Casablanca. We did not bring along heavy forces, equipped for a drive Eastward."

The commander then explained that Lt.-Gen. Kenneth Anderson's British 1st Army was only a small force which had "taken great risk" in an effort to seize Tunisia late last Fall from under the noses of the Axis.

GREAT RESULTS

"That early drive did obtain great results, although it did not reach Tunis," he said. "It crowded the Germans into a narrow front and provided lines from which we were able to hammer Rommel's supply lines and never let him gather enough strength to stand against the British 8th Army.

"The results in the air have been astounding. For example on April 10, our air forces destroyed 63 German planes in the air, sank one Italian cruiser and damaged another."

Both Air Marshal Sir Arthur Tedder, Air Commander, and Lt.-Gen. Carl Spaatz, Chief of the North-west African air force attended the conference.

Gen. Eisenhower estimated the Allied air campaign had drawn 25 per cent of the German fighter strength to the Mediterranean and Air Marshal Sir Arthur nodded agreement.

British Submarine, Minus Periscope, Reaches Home Port

LONDON, April 18 (CP Cable).—The British submarine H.M.S. Ursula has reached her home port after a voyage which included six days of "blind" travel in the Mediterranean after an enemy destroyer sheared away her periscope.

The Ursula had its periscope and much of its bridge carried away by a charging destroyer soon after she reached the Mediterranean on patrol, but she managed to limp home, depending entirely on instrument for direction when she was submerged.

A few days before the encounter with the destroyer the Ursula sent three torpedoes into an Italian troopship between Sardinia and Italy. The Italians were seen picking up survivors.

Fire Department Answers Three Calls at Weekend

Three fire alarms at the weekend—two simultaneously—but none of them causing loss, were listed by Fire Chief G. A. McDonald.

The simultaneous outbreaks were a chimney fire at the Club Hotel, Silica Street, and a grass fire on the C.P.R. Flats.

First of the three alarms came Friday afternoon. It called the Department to a brush and grass fire in Rosemont, just on the edge of the City limits in the 1400 Block, Vancouver Street. A line of hose was laid from the hydrant at Gote and Vancouver Streets.

Reports of a large outbreak spread through the City Saturday afternoon as a result of the extensive grass fire on the C.P.R. Flats. Clouds of smoke visible in Fairview and from such high points as the 600 Block, Innes Street, gave rise to the reports.

Chief McDonald was watching this fire when the Department was called to the Club Hotel, and he responded when he heard the siren of the truck dispatched to the hotel. The chimney fire was extinguished with the master set on the truck and then the truck went on to the grass fire on the flats, and used the balance of the water in the tanks to wet down the edges of this fire.

FOREST BRANCH TAKES OVER

Only structure on the flats in proximity to the fire were the Forest Branch short wave radio station, and the Rod and Gun Club trap house at the skeet grounds. The Forest Branch was advised and took over the task of seeing that its station was not damaged.

Chief McDonald stated cleanup fires have been burning all over the City for the past fornight. Permit applications have averaged about 50 a day.

The work of the Department was greatly aided by these applications, he added, even though they were only by telephone, for they kept the Department informed.

But the psychological effect was probably of greater value than the technical and practical effect, he said, for the fact that a person telephoned indicated he was aware of danger, and thus being aware, often took safety precautions he might forget if he did not telephone the Department, said the Chief.

Collision With Kangaroo Kills Noted Flier

ALLIED HEADQUARTERS IN AUSTRALIA, April 18 (AP)—Major Kenneth McCullar of Batesville, Miss., one of the men responsible for the high development of ship bombing which has cost the Japanese many vessels, is dead.

Shortly after he was promoted from Captain, he was killed April 4 in a takeoff in New Guinea. His four-engined bomber hit a kangaroo and the impact broke hydraulic lines leading to the wheels. The liquid poured into the exhaust, enveloping the plane in flames in a matter of seconds.

Keith Lidgate Is Home on Leave

Keith Lidgate, of the R.C.A.M.C., is spending a furlough at his home in Nelson, visiting his mother, Mrs. J. A. Lidgate. He has been stationed in the East.

Ralph Oliver of Gray Creek Dies; First White Baby

Ralph Gray Oliver, of Gray Creek, who was discharged from the Army for medical reasons after a few months service at Work Point, and who was under treatment at various times for silicosis, died Saturday night at the age of 34 in Kootenay Lake General Hospital, which he entered a few days ago.

He was a miner, having worked at the Kootenay Belle and Queen mines of the Sheep Creek camp, and he also for a time operated the Lakeview Auto Camp at Gray Creek.

Born in 1908, the first white child to be born at Gray Creek, he was given the middle name of "Gray" by his parents, the late Mr. and Mrs. T. J. Oliver, in honor of the settlement then being founded.

Known as a sportsman and hunter, he won the Gray Creek Rod and Gun Club's Vice-President's Shield in 1941 and 1942 for target shooting.

He is survived by six brothers—George of Gray Creek, Thomas of Calgary, William in Saskatchewan, Edward of Vancouver, Charles on Vancouver Island, and Frank in the Canadian Army overseas; and three sisters—Mrs. Robert Nesbit, of Cassidy, B.C.; Miss Dorothy Oliver, nursing at Kodiak, Alaska; and Mrs. William Sargent of New Westminster.

C.C.F. Urges New Constitution

VANCOUVER, April 18 (CP)—Enactment of a Canadian Constitution to replace the British North America Act was urged by the annual convention of the British Columbia Branch of the Cooperative Commonwealth Federation here today.

"The B.N.A. Act should be superseded by a Canadian Constitution enacted to serve the requirements of modern life," the statement on "Dominion-Provincial" relations, declared, calling for a new Dominion-Provincial conference to be held immediately.

"At such a conference a C. C. F. Provincial Government would propose the Dominion be given jurisdiction to enact social welfare, labor, and agricultural marketing legislation" concurrent jurisdiction in these matters being left to the Provinces.

"Provincial right to levy income tax should not be relinquished unless the Dominion can provide a social security system and assistance to educational financing, which meets the needs of British Columbia."

Arnold Webster was reelected President for a third term.

Mrs. Dorothy Steeves, M.L.A., eliminated W. H. Herridge for First Vice-President, the latter winning the ballot for Second Vice-President, however.

Indicative of the definite expectation of the C.C.F. that the Party will be asked to form a Government after the next Provincial election, is one change, often repeated, in draft of the statement on Provincial policy.

Wherever the term "the Provincial Government must" occurred in the statement, the convention changed the wording to "A C.C.F. Provincial Government will".

After reaffirming the national policy of the C.C.F., the statement continued:

"Within B.C. Province C.C.F. will seek political power to apply the principles of Socialist planning of Provincial affairs."

The "win-the-war" policy of the Party, as passed by the convention, includes food distribution through a board to be set, fuel production and marketing in conjunction with municipal bodies, and definite program of housing.

British Sink 21 Ships in Mediterranean

LONDON, April 18 (CP)—British submarines have destroyed 21 enemy ships in the Mediterranean, exclusive of a number of small enemy craft, from the time of the preparation of the Mareth Line offensive, the Admiralty said in a statement tonight.

Five were large supply vessels and three were tankers.

The submarines damaged five other supply ships and three tankers. At least four of these were believed to have sunk later.

In addition, the submarines sank one naval auxiliary vessel, damaged another and attacked a Regolo Class Italian cruiser.

During the same period, Netherlands and Greek Navy submarines sank four additional supply ships, an auxiliary patrol vessel and a number of small craft.

Trainman Killed

MEDICINE HAT, Alta., April 18 (CP) — Edward White, 45-year-old Canadian Pacific railway trainman, was killed and conductor L. C. Copp of Medicine Hat was slightly injured today in the rear-end collision of two freight trains on the Canadian Pacific Railway line near Webb, Sask., about 150 miles East of here.

HOLLYWOOD, April 18 (AP)—Brunette Actress Linda Darnell and the cameraman who filmed her screen test and first picture four years ago, Peverell Marley, eloped to Las Vegas, Nev., today and were married.

Miss Darnell is 20 and Marley, now a technical sergeant in the army, is 42.

Nelson Airman Wins Commission for Superior Qualities

OTTAWA, April 18 (CP.) — Air Force Headquarters Saturday announced that more than 75 members of R.C.A.F. aircrew, all of them graduates of the Combined (air) Training Organization, have been commissioned in the field for efficiency, meritorious service and the display of qualities of leadership.

Those commissioned include: Sgt. H. W. Sandgran, Nelson.

Spring Assizes Open at Nelson Today

Spring Assizes for the West Kootenay area open at Nelson today with Mr. Justice Coady presiding. It will be His Lordships' first assizes at Nelson.

Two criminal trials and four divorce applications are on the docket.

The criminal cases are the charge against Donald John McGregor of Appledale of murdering his mother, Mrs. Greta Margaret McGregor; and the charge against H. T. Hartin, former Kaslo City Clerk and now of Trail, of theft from the City of Kaslo. E. P. Dawson of Brown & Dawson has been appointed Crown Prosecutor; and C. B. Garland of O'Shea, Garland and Gansner will act for the defence in each case.

Petitioners in the four divorce cases are Victor Claus Rehn, Rossland, represented by A. G. Cameron, Trail; Emil Batteli of Silverton, represented by Mr. Dawson; Mona May Prout of St. Catharines, represented by C. H. Hamilton of Wragge & Hamilton, Nelson; and John Wallach of South Slocan, represented by H. C. Irving, Nelson.

Many Citizens at Funeral of J. W. Graham

Profusion of floral offerings, a large attendance of citizens paid tribute to the memory of John William Graham of Nelson at funeral services held Saturday afternoon from the Thompson Funeral Home.

Rev. G. G. Boothroyd of Trinity United Church conducted the rites, both at the Chapel and at the graveside in Nelson Memorial Park. Congregational hymns were "Breathe on Me Breath of God" and "Rock of Ages", Miss Margaret Graham, Organist, accompanying.

Pallbearers were W. D. Smith, F. H. Smith, James Ball, George Ronmark, Percy Halliwell and E. L. Wright.

Mr. Graham, who lived 44 years at Nanaimo before making his home here 11 years ago, died Wednesday morning at the age of 87 years. While here he resided with his son-in-law and daughter, Mr. and Mrs. T. S. Jemson.

Says C.C.F. Ready to Take Gov't Responsibility

VANCOUVER, April 18 (CP)—The British Columbia section of the C.C.F. Party settled down to the agenda of its annual convention Saturday after hearing Provincial President Arnold Webster and Legislative Leader Harold Winch declare the Party was ready to assume the responsibility of government.

"The workers for the first time are within reach of forming a working-class government in B.C.," said Mr. Winch. "We are no longer in the evangelical stage but are definitely established as the working-class Party and we must accept that responsibility and prove ourselves as effective in government as in opposition."

Reverting from previous policy, the convention decided to exclude the press and public from its sessions on the ground that "while the results of this convention belong to the people of British Columbia, matters arising as to how we arrive at our conclusions belong to the C.C.F."

Trevor Crossley Instructor School Graduate

VULCAN, Alta., April 18 (CP.)—A class of flying instructors graduated yesterday from No. 2 Flying Instructors School, R.C.A.F. They included Pilot Officer E. Trevor Crossley, Nelson.

Bracken Leaves for Kamloops

TORONTO, April 18 (CP)—John Bracken, National Progressive Conservative Leader, left here by train last night for Kamloops, where he is scheduled to arrive Tuesday midnight for a two-week tour of British Columbia.

Mr. Bracken, who had just ended a week's round of Western Ontario after having been to New Brunswick and Quebec Province, will follow his British Columbia trip by visiting Prairie centres, then Nova Scotia and Prince Edward Island.

Two Airmen Killed

WINNIPEG, April 18 (CP)—The R.C.A.F. No. 2 Training Command announced tonight that Pilot-Sgt. J. G. Sullivan of Eggertsville, N.Y., and Lac. H. A. F. Smith of Davidson, Sask., formerly of Vancouver were killed Saturday when their training plane crashed near Girvin, Sask., about 95 miles Northwest of Regina.

Mrs. E. S. Pounder Dies Suddenly at Son's Home

Death came suddenly Sunday evening to Mrs. Annie Ellun Pounder, resident of Nelson for a third of a century, while she was paying a visit for the evening at the home of her son, Ernest Pounder, 8 Government Road. She was the wife of Edward Smith Pounder, their home being at 119 Silica Street. She was 52 years of age.

A native of Nottingham, England, Miss Turner, as she then was, came to Canada in 1903, and after spending a year in Slocan City, moved directly to Nelson, where in 1910 she married Mr. Pounder.

She is survived by her husband; two daughters, Mrs. E. Castleberry of Osborn, Idaho, and Mrs. J. Cryer of Vancouver; a son, Ernest Malcolm Pounder of Nelson; a brother, Edward Turner, of Nottingham, England; and nine grandchildren.

Civic Employees, Many Others at S. Couch Funeral

A large company, including many civic employees, gathered in Trinity United Church Sunday afternoon for funeral services for Samuel Charles Couch, 23 year a Nelson resident. A short address was delivered by Rev. W. J. Silverwood in assisting Rev. G. G. Boothroyd, officiating clergyman. There was a profusion of floral tributes, and a large cortege to the Nelson Memorial Park where interment took place.

"Jesus Lover of My Soul" and "Abide With Me" were sung.

Pallbearers were Jack Maber, A. A. Pugdih, A. Mutassa, Joseph Fox, George Atkinson and Robert Moffatt.

Mr. Couch, 46, died April 16 at Kootenay Lake General Hospital. For the past 13 years he was a civic employee.

Lac. Raymond Couch, son, of the R.C.A.F. arrived from New Brunswick for the funeral. A sister, Mrs. Ted Lock, from the Coast, and a sister-in-law, Mrs. Edward Couch of Calgary, also attended.

G. Bremner, Ymir, Passes at 73

George Leadstone Bremner of Ymir, retired, age 73, died late Saturday night at Kootenay Lake General Hospital. He had been a patient for some time.

Born in Renfrew, Ont., he came West to Manitoba in 1888 and spent two years there farming. In 1890 with his brother, Archie, now of Salmo, he went on to Vancouver, engaging in logging and prospecting on the Coast. In 1912 Mr. Bremner moved to Drumheller, Alta., where he was employed in the coal mines for 25 years. Five years ago he went to Ymir where he has lived in retirement.

A single man, he is survived by four brothers, Archie at Salmo, James at Ymir, J. F. Bremner at Hamilton, Ont., and E. H. Bremner at Brooklyn, N.Y.

R.A.F. AGAIN HEADS FOR NORTHERN ITALY

LONDON, April 19 (Monday)—(CP.)—Britain-based bombers of the R.A.F. took the long route over the Alps for the second time in less than a week to blast targets in Northern Italy, it was announced today.

Job-Wage Freeze Order Clamped on U.S. Workers

WASHINGTON, April 18 (AP)—War Manpower Commissioner Paul McNutt, acting under orders from President Roosevelt, clamped a modified "job-wage freeze" order Saturday night on about half of the 52,000,000 civilian workers in the United States. Violations were made a criminal offence.

His order, effective four hours after he announced it, was backed by penalties as heavy as a $1,000 fine and a year in prison for violations either by employers or employees.

Directly affected are the 27,000,000 persons now employed in essential activities, including agriculture.

These were forbidden to shift to a non-essential employer or from one essential employer to another at a higher salary or wage rate—determined on a pay-per-hour basis—unless they have been out of the first employer's pay for 30 days or more.

Drumheller Miners Ordered to Work

DRUMHELLER, Alta., April 18 (CP.)—Fred E. Harrison, Western representative of the Federal Labor Department, has ordered Drumheller's striking coal miners to return to work, members of the Strike Committee announced, but added there is no intention to call off the walkout.

The Committee said Mr. Harrison claimed the miners had violated the terms of their contract with the operators by walking out and consequently should return at once.

W. Briggs, Secretary of the Committee, said the Committee had discussed the request and there had not been any change in the decision to continue the strike.

32 Senators Oppose U.S. Participation in Post War Force

WASHINGTON, April 18 (AP)—Thirty-two Senators oppose committing the United States at this time to post-war participation in an international police force to preserve the peace.

Twenty-four Senators, one fourth of the Senate, favor such commitments.

Thirty-two additional Senators have not reached either a definite "yes" or "no" decision on the question. This group, together with eight Senators who could not be reached in an Associated Press poll completed today, apparently will decide this important issue.

ANOTHER SHAKEUP IN FASCIST PARTY

NEW YORK, April 18 (AP) — Mussolini shook up the Fascist Party again Saturday, naming Carlo Scorza Secretary of the Organization in a reshuffle that ousted Aldo de Vidussoni, the Rome radio reported tonight.

The broadcast, recorded by the Associated Press, said De Vidussoni was appointed President of a Council charged with assistance to the Armed Forces.

Scorza has been Under-Secretary of the Party. His new position elevates him to the highest Party rank, under that of the Premier himself.

The changes were announced after a meeting of the Party leaders at which Mussolini presided.

4 Fliers Adrift 30 Hours Are Rescued

SYDNEY, N. S., April 18 (CP.)—After nearly 30 hours adrift in a rubber dinghy and on a crumbling ice-cake in the Gulf of St. Lawrence, two Canadians and two Britons of the crew of an aircraft from an Eastern Canada R.A.F. station were rescued by a Government vessel Saturday morning about 15 miles off the West coast of Cape Breton Island.

The aircraft, reported missing Friday, was first sighted just before dusk that evening but the rescue vessel was unable to reach it before morning.

Air force officials gave no indication whether the plane was searching for another aircraft from the station that has been missing since April 8 with four Britons aboard.

The members of the crew are:

Pilot, Sgt. J. A. Beer, R.A.F., Northampton, England; First Navigator, PO. G. N. Kilgour, R.C.A.F., Shawville, Que.; Second Navigator, PO. O. H. Mennie, R.C.A.F., Timmins, Ont. Wireless Operator, Lac. E. A. Nash, R.A.F., Saundersfoot, South Wales.

Forced down by engine trouble, the plane pancaked on the sea just in sight of land and sank in 40 minutes. The fliers loaded their rubber dinghy with rations and supplies and launched it before the plane disappeared.

Cliff dwellers, formerly believed to be vanished race on the American continent are now recognized as early Pueblo Indians.

Over 600 Bombers Blast Skoda Works

LONDON, April 18 (CP)—More than 600 bombers roared out in moonlight Friday night to strike heavily at Mannheim, Ludwigshaven and Pilsen—the latter in German-occupied Czecho-Slovakia, the home of the Skoda Munitions Works—in what the Air Ministry today called "the biggest night operation this year." Fifty-five planes are missing in the raids.

Scores of Halifaxes and Wellingtons from the Canadian Bomber Group formed part of the big Bomber-Command force in the smash. The number of R.C.A.F. bombers engaged in the operations were believed to run into three figures.

The Air Ministry's description of the raid indicated it surpassed the 1000-ton bomb assault on Lorient, St. Nazaire and Essen in February and March.

Ten R.C.A.F. planes were among the 55 which did not return. Four R.C.A.F. Halifaxes are missing from the attack on the Skoda Works and six Wellingtons from the Mannheim-Ludwigshaven raid.

Thirty-seven planes are missing from the Pilsen mission which the Air Ministry said was accomplished by Lancasters and Halifaxes "in great force."

Pilsen also is the home of the world-famed Pilsen Brewery.

Another force of Wellingtons, Stirlings and Halifaxes attacked the armament works centred in that area and 18 bombers are missing from that raid it was announced.

"Preliminary reports indicate that both attacks were concentrated and successful," the communique said.

Bomber losses in Friday night's operation were the greatest suffered by Britain in this war. The previous high mark was 52, in the Bremen 1000-bomber raid June 25, 1942.

In other raids in force, 44 bombers were lost over Cologne May 30, 1942, and 35 over Essen June 1, 1942.

(The German radio early today indicated the Russians had made the night's operations a three-way bomb-showing with another raid on Northeast Germany. Russian planes raided Koenigsberg and Danzig Wednesday night. The broadcast was recorded by The Associated Press.)

The Skoda Works, which cover 400 acres, were rated with the Krupps and the Schneider-Kreusot Works in France as the largest arms plants in the world—before the R.A.F. went to work on them.

While the Germans were making weak attacks on Britain, considerably more Mosquitos, Whirlwinds, Beaufighters and Bostons from the R.A.F.'s hangars were carrying on their almost nightly intruder attacks on the enemy's transportation system.

Targets at Mondeville, in Northwest France, and railways near Carentan and Bayeux, both on the Cherbourg-to-Paris railway, were were attacked. The intruder pilots reported hitting 20 trains in occupied territory, some of them in the vicinity of Soissons, Pernay, Rheims Orleans, Fontainebleau, Compiegne, Noyon and Mezidon.

BY ALLAN NICKLESON
Canadian Press Staff Writer

LONDON, April 17 (CP Cable)—A large number of bombers from the Canadian Bomber Group took part in last night's heavy raids on Mannheim, Ludwigshaven and Pilsen, R.C.A.F. Overseas Headquarters announced today.

Ten Canadian aircraft were among the 55 which did not return.

The R.C.A.F. communique said in part:

"Our Halifaxes, four of which are missing, were part of a strong force which penetrated to the Skoda Armament Works (at Pilsen).

"At the same time our Wellingtons took part in an attack on the armament centre of Mannheim-Ludwigshaven. Six are missing.

"Yesterday evening aircraft of the R.C.A.F. Fighter Command attacked enemy shipping off the coast of Brittany. One aircraft is missing but the pilot is safe.

"Other R.C.A.F. fighters on offensive patrols during the night attacked and damaged goods trains and other targets."

For the Canadian crews attacking the Skoda Works it meant a gruelling round trip of about 1800 miles, mostly over enemy territory and one of the longest of the war.

Besides the R.C.A.F. Group there were scores of Canadians flying with the R.A.F. in the night's operations.

Squadrons led by Wing Cmdrs. M. M. Fleming of Ottawa and Tiny Ferris of Edmonton blasted Pilsen's Skoda Works with block-busters and incendiaries. Airmen said later the whole factory area appeared to be a mass of smoke with red glow of fires and flashes of high explosives lighting the scene.

Sgt. G. F. Clark of Summerland, B.C., was gunner in a Halifax which was attacked four times by two night fighters.

ONTARIO HIGHWAYS MINISTER TO BE LEADERSHIP CAND.

HAMILTON, Ont., April 18 (CP)—Hon. T. B. McQuesten, Ontario Minister of Highways, announced yesterday he will be a candidate for the Party leadership at the Ontario Liberal convention to be held at Toronto April 29-30.

Vanier Sees Benes

LONDON, April 18 (CP Cable)—The Czechoslovak Government in London announced Saturday that Maj.-Gen. George P. Vanier has presented his credentials as Canadian Minister to President Edouard Benes.

Vanier has also presented his credentials to the Polish and Belgian Governments here.

13 Raids on Kiska in One Day

WASHINGTON, April 18 (AP)—The furious aerial offensive against Japanese forces on Kiska Island hit another peak of intensity Thursday, the United States Navy disclosed today, when bombers of the Aleutians Command raided the island 13 times causing "numerous fires and explosions" among enemy positions.

Heavy and medium bombers and fighters took part in the raids which followed two attacks on Kiska Wednesday.

"Many hits were scored in the main camp and on the runway and hangar areas, causing numerous fires and explosions," the communique said. "One heavy bomber was shot down by enemy anti-aircraft fire."

This was the second report on operations of April 14. Friday's communique reported that eight attacks had been made on Kiska on the 14th resulting in damage to the enemy's camp, runway and revetments built to protect airplanes.

There was still no indication that the Japanese have been able to put into operation the airbase which they have been striving for many weeks to complete. Evidence that their anti-aircraft defences remain strong, if they have not actually been further increased recently, was found in the fact that an American heavy bomber was shot down by AA fire.

The present week has been the heaviest week of fighting so far in the Aleutians. It began Sunday with four raids against the enemy-held island and through Thursday, the island had been attacked 43 times. Since March 1 when the present offensive got under way, it has been attacked 98 times.

Special Grants to Rural Schools Will Vary With Needs of the District

VICTORIA, April 18 (CP)—Special grants to rural school districts to assist Boards in paying better salaries and to relieve land taxation for school purposes will vary with the needs of the district, said a statement released Saturday from the office of Education Minister Perry.

The lower the assessed value of property and the higher the school taxation for 1943, the greater will be the amount a district will receive, the statement said.

Districts with assessment lower than $40,000 will be in class A and receiving the highest amount; districts between $40,000 and $80,000 will receive $20 less than the highest amount, and each additional $40,000 of assessment will bring the district into a further classification and reduce its grant.

Districts between $280,000 and $320,000 will receive $55 per teacher while districts over $320,000 will not receive the special aid, for which $120,000 was provided in estimates of the current fiscal year.

The statement said it was recognized the mill rate was a factor that should be recognized. After districts have been placed in their assessment categories those where the mill rate is 8 to 9.9 mills will receive $10 extra per teacher and 10 extra thereafter for each additional two mills, with no district to receive more than $225 per teacher.

Coincident with passing of the order was one fixing minimum rural school salaries not less than $840 for first-year teachers, $900 for second year and $960 for third year, the statement said.

Six hundred and thirteen active rural school districts will receive special aid, the statement said.

Reduce Fees and Requirements for Entrance to Normal School

VICTORIA, April 18 (CP)—Hon. H. G. T. Perry, Minister of Education, said today the Government has decided to reduce normal school annual fees from $135 to $50, starting in September and to admit to normal high school students of good ability who complete university entrance, but without any senior matriculation credits.

There will be a large number of bursaries available to students, especially for those living in outlying parts of the Province who wish to attend normal next September, the Minister said.

"Students who graduate from the normal schools this year and in subsequent years during the war will not be required to attend more than one session of the Summer school and such attendance may take place at the convenience of the student at any time during the first three years after graduation from normal," Mr. Perry said.

The Government has steadily moved this year to create more teachers, by removing barriers which formerly stood in the way of young people entering that profession. At the recent session of the Legislature, Premier Hart announced teachers attending Summer school this year would not have to pay any fees.

Fleet Division May Mean Help for MacArthur

WASHINGTON, April 18 (AP)—Reorganization of the United States Navy into seven fleets, with one assigned to the Australian areas, strengthened the possibility today that strong reinforcements might be destined for Gen. Douglas MacArthur.

Meanwhile, a congressional controversy concerning Pacific and over-all Allied strategy was highlighted by a call from Senator George (Dem-Georgia) for shipment to Australia and China of "all the additional planes needed for those fronts".

There was no further official comment from the Navy on Secretary Frank Knox's disclosure Friday of the reorganization, but it was promptly pointed out elsewhere that there have been no previous reports of major use of naval forces by Gen. MacArthur.

It was presumed from previous Navy mention of separate commands that the fleet alignments might be in the North Atlantic, South Atlantic, European, Southwest Pacific, South Pacific, Southeast Pacific and Pacific.

On Capitol Hill, George concentrated on the Pacific phase of the Allied strategy squabble in which Senator Chandler (Dem-Kentucky) charged that the Pacific Theatre had been erroneously relegated to "a secondary affair." The Georgian told reporters:

"I've not offered any suggestion about the over-all strategy, and it may be that the nearest way to China and the Far East is through the Mediterranean.

"At the same time, I don't believe we have been given an adequate or conclusive answer to the question why we can't send 500 or 1000 additional planes to Gen. MacArthur and a like number into China, if they are necessary.

"I'm not convinced that we can't, in the light of the fact that we are producing from 5000 to 6000 planes a month."

Schwab Died "Broke"

NEW YORK, April 18 (AP)—Charles M. Schwab, who once turned down an offer of $50,000,000 for a half interest in the Bethlehem Steel Company, actually was 'broke' when he died, an estate tax appraisal disclosed. The appraisal schedules listed assets of $1,389,509 against obligations of $1,727,858 of which $1,670,015 were debts.

Churchill Praises Indian Soldiers

LONDON, April 17 (CP)—Prime Minister Churchill praised the valor of Indian soldiers everywhere in a message yesterday to the Viceroy of India, Lord Linlithgow.

"We watched with admiration the splendid achievements of the 4th Indian Division at the battle of Mareth and in the recent victory at Wadi Akarit," the message said.

The 4th Indian Division first went into action in Egypt in December, 1940. By the middle of last February it was reported to have suffered 15,000 casualties but to have captured 100,000 German and Italian prisoners.

To Help You Be at Your Best

HERE'S a breakfast cereal with a malty-rich, nut-sweet flavor that is really different—plus nourishment that goes a long way to help keep you at your best.

Grape-Nuts Flakes are made of *two* grains—not just one. They give you the grand taste and wholesome goodness of both sun-ripened wheat and malted barley. And the special process that both bakes and toasts them, makes Grape-Nuts Flakes extra easy to digest.

Make sure you get the high-quality nourishment everyone needs these days. Ask your grocer for the red and white package of Grape-Nuts Flakes—regular size or giant economy size.

KEEP your STEP FULL of PEP!

Help Keep Fit by Keeping THE KIDNEYS in Good Order

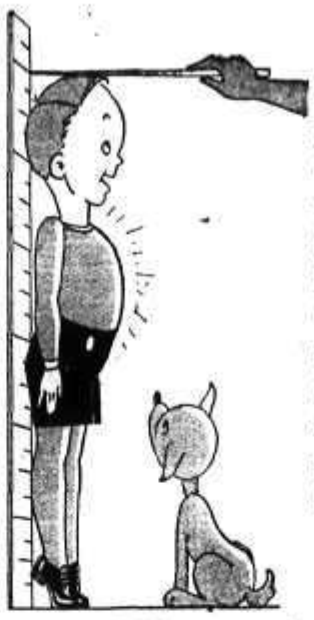
Nowadays most people realize that to keep well is usually simpler, safer, more pleasant and less costly than to try to "get well."

A healthy, well-regulated system resists many ailments to which a less sturdy constitution may fall victim. Because of this, more and more men and women are using Dodd's Kidney Pills at regular intervals. By so doing they feel that they are helping to keep their kidneys in good order, so that poisonous waste matter and excess acids may be cleansed from the system, and possible illness avoided.

It is a wise health safeguard to use Dodd's Kidney Pills from time to time. Dodd's Kidney Pills are not habit-forming, safe and easy to use.

FOOD Facts

Material adapted by permission of the Ministry of Food, London, England.



You may think your child is just playing about, but all day long he is growing as well. Because he is hard at work doing two jobs at once he needs the greatest share of body-building foods. See that he gets his fair share of whole grain cereals, meat, eggs, cheese and milk. Remember that Dad, even though he is the bread-winner, has only one job to do, but Billy has two all the time.

DO'S AND DON'TS FOR CHILDREN

DO'S

One quart of milk and some cheese occasionally.
One serving of whole grain cereals daily.
Five or six slices of whole wheat or vitamin B bread daily.
Potatoes once a day.
Two other vegetables daily—particularly green, leafy or raw. If cooked, quick-cooked.
Two fruits daily—citrus juice or tomato juice and one other, preferably raw.
If possible, one egg a day. Otherwise four a week and liver or heart or kidneys once a week.
Meat, fish or poultry once a day.
Two or three squares of butter every day.
Lots of variety—especially in cereals and vegetables. Also in method of preparation.
Set them a good example—a vegetable refused by a father will not be eaten by an admiring son.

DON'TS

No greasy or highly seasoned foods.
No fried foods except bacon.
No fresh bread or breadstuffs.
No pies, cakes or fancy cookies.
No ice cream.
No pork, veal, corn or cucumbers.
No coffee or tea. Partly on account of caffeine or tannin content, but largely because they replace milk.
No nuts—difficult to digest.
No sugar on cereals and fresh fruits. A well chosen diet with enough fruit will provide all the sugar needed.
No meals when they are over-tired.
A half-hour rest before meals is often helpful.

Five Jap Ships Sunk in Pacific

WASHINGTON, April 18 (AP)—Five Japanese ships, including three merchantmen, were sunk and two were damaged by American submarines during operations in the Pacific, the U. S. Navy announced today.

American submarines in the Pacific have now sunk 148 Japanese ships of various types, probably sunk 24 and damaged 42—a total of 214.

FORMER NAZI ENVOY TO [illegible] GETS SPANISH APPOINTMENT

AT THE GERMAN FRONTIER, April 18 (AP)—Dr. Hans H. Dieckhoff, former German Ambassador to the United States, has been named Ambassador to Madrid.

Baron Ernst Von Weizsaecker, former German Minister to Switzerland and Under-Secretary to the Foreign Minister, Joachim von Ribbentrop, will be sent to the Vatican.

Missing Nazi Seamen Found in Camp

SHERBROOKE, Que., April 18—Two German seamen who had been missing from an internment camp near here since Wednesday night have been found inside the camp, officials said today.

Camp officials would not elaborate on the statement, saying merely "the men were found inside the camp." It was learned, however, that the two seamen had been hiding in one of the camp huts when located.

The two men, Rudolph Altmueller, 20, and Stefan Gladys, 24 have been the object of an extensive search in which police and troops scoured the Eastern townships region of Quebec.

Quiet Play . . .

Not Wise to Let Children Run the Home

By GARRY C. MYERS, Ph.D.

As soon as your child begins to toddle, train him to be careful of the furniture. Spend time with him as he begins to use the metal toy, so he learns to run it only on the floor, not on the polished chair or table; when he first uses a kiddy car or cart indoors, to move it carefully among the articles of furniture there. Also train him not to jump up and down on the bed or stuffed furniture, nor to climb upon any furniture with his shoes on.

START TRAINING EARLY

As soon as he is old enough to run about, train him and his brother or sister not to play tumbling, running, chasing games indoors, unless it be in a large empty play room for this purpose. Have like restrictions when playmates come to your home. Be exacting. Send the offending playmate home, assign your offending child to sit in a chair doing nothing for 30 minutes. See that their rough play is limited to out of doors. If for safety you should supervise them there, do so. The time will be well spent.

Wholesome, educative play for these young children is in drawing, coloring, cutting, pasting and making all sorts of simple things from paper and cardboard.

With good training from his early years, your child at 10 or 12 or in his teens will have been educated to act with reasonable self-control in other people's homes, and elsewhere, with other children and youths.

SOLVING PARENT PROBLEMS

Q. I just can't get the medicine prescribed by my doctor into my five-year-old daughter.

A. Ask him or a nurse to show you how to do it effectively and then do likewise, always having an assistant to hold the child until the youngster volunteers to take the medicine willingly.

Q. Can a student concentrate while listening to the radio?

A. Some can but few do so very well, and when they do they utilize an excessive amount of nervous energy. Wise students do not mix lessons with radio.

Red Cross Auxiliary Has Card Party at Sheep Creek

SHEEP CREEK, B.C.—A Spring motif prevailed at the card party given by the Red Cross auxiliary in the schoolhouse last week.

Seven tables of bridge and whist were in play. Elliot Schmidt won the prize for high bridge score and Joe Slemp, the prize for whist.

Doughnuts and coffee were served by the hostesses, Mrs. Alf Watkins and Mrs. J. S. McIntosh.

Don't Go Short on Nutrition

By IDA JEAN KAIN

You always expected to eat and took your meals in their course. But suddenly food news is as electrifying as the stock market used to be—and to just about the same degree. You need all the inside tips you can get on nutrition. Here is this week's form.

Burnt toast is no longer a joke. If you toast the bread until it has to be scraped, you burn up too much of the vitamin value. Toast it lightly!

Use the outer leaves of cabbage, lettuce and celery. They are far richer in vitamin A than the bleached inner leaves. Butter and cream are the richest sources of vitamin A and usually you can count on them for your quota. But in these days of shortages, you can't afford to discard vegetable sources.

Nutrition experts reports that as a source of vitamin C tomato juice is likely to be superior to the mixed vegetable juices.

We are using so much ground meat these days, that it is an important nutrition item. If ground meat is to be kept for more than 24 hours, it should be placed in the freezing compartment of the refrigerator because it has so many surfaces that there is great exposure to bacterial contamination.

The dehydrated soups are an excellent buy. They are high in nutrition. Also, the concentrated soups can be diluted with an equal volume of milk to stretch points and nutritive value.

We'll very likely go back to a lot of the old fashioned ways, like eating apples as nature grew them instead of grating or chopping them up in salads. This causes an unbelievable loss in vitamin C value. Of course, apples are not one of our main sources of this vitamin but when food is scarce every source is important.

Starch is being called upon to fill quite a gap in our menus and it is up to us to use the starches which contribute materially to the diet. Whole grains are best. They not only furnish calories but vitamins, minerals and some protein. You can't beat the whole grain breads and cereals. And don't belittle the potato. It is an excellent food. To keep it high in the nutritive essentials, bake it or boil it in the jacket.

Now more than ever before we must take advantage of the season for foods. Eggs are plentiful now and we should give the family plenty of them for protein, iron and vitamins A, B1 and B2. Try to stretch the menu-plan so that each member of the family gets one egg a day.

BALFOUR

BALFOUR, B.C.—The Guild meeting was held at Mrs. Noakes' Wednesday.

H. Hudson of Trail visited his home here.

Private and Mrs. Haigland have returned to their posts. They have been visiting Mrs. Haigland's mother and other friends here.

Mrs. A. Cooper was a weekend Nelson visitor.

Mrs. W. McKay has returned from Nelson.

D. McPhail was in Nelson Monday.

D. Cameron visited Ainsworth.

South Slocan Aux. Names Spring Sale Committees

SOUTH SLOCAN, B.C.—The regular meeting of the Women's Auxiliary was held in the Parish Hall, Mrs. P. O. Bird presiding. Arrangements were made for the Spring sale of work to take place in May, for which some lovely needlework was turned in.

Mrs. O. W. Humphry was appointed to assist Mrs. G. Topliss, Dorcas Secretary, at the needlework stall; Mrs. E. J. Bowkett and Mrs. R. J. Kennedy tea convenors with Mrs. H. Stone and Mrs. E. Anderson assisting; Mrs. Bird and Mrs. Turner Lee, reception committee.

Mrs. Lee gave a reading.

Mrs. O. W. Humphry and Mrs. J. D. Yeatman were tea hostesses, assisted by Mrs. E. Anderson.

Jewett Graduates at Gordon Head

VICTORIA, April 18 (CP)—Graduates from Gordon Head Officers Training Centre Saturday, with rank of Second-Lieutenant, included G. F. Jewett of 1205 Robertson St., Nelson.

If you suffer MONTHLY
FEMALE PAIN
You who suffer cramps, headache, backache, and tired, nervous feelings—due to female functional disturbances — should try Lydia E. Pinkham's Vegetable Compound. It has a soothing effect on one of women's most important organs. Also a fine stomach tonic! Made in Canada. Worth trying.
LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Hints for Housewives

By BETSY NEWMAN

To save gas cook everything you can in the oven when you light it. If you serve fish, broil it, and bake the rest of the meal.

TODAY'S MENU

Broiled Fish
Oven Fried Potatoes
Scalloped Tomatoes
Watercress and Green Onion Salad
Cottage Pudding with Brown Sugar Hard Sauce
Tea

COTTAGE PUDDING

1½ cups flour, 1 cup sugar, 2 tablespoons baking powder, ¼ teaspoon salt, ¼ cup melted shortening, 1 egg, milk.

Sift flour measure and sift again with salt, sugar and baking powder. Melt shortening in measuring cup, add egg and fill cup with milk. Add to dry ingredients, beat well and bake in shallow loaf pan at 350 degrees F., for about 30 minutes. Serve with brown sugar hard sauce.

BROWN SUGAR HARD SAUCE

½ cup vegetable shortening, 1 cup sifted brown sugar, 2 teaspoons lemon juice, ¾ teaspoon salt, ½ teaspoon grated lemon rind, ½ teaspoon rum flavoring.

Cream shortening and gradually blend in the brown or maple sugar; add salt, lemon juice, lemon rind and flavoring. Mix until creamy and light. Makes approximately 1¼ cups sauce.

OVEN FRIED POTATOES

5 or 6 medium-sized potatoes, peeled and sliced, shortening, salt.

Peel and slice potatoes and sprinkle with salt. Heat shortening in shallow pan, put in potatoes and bake until done; turning when half done so as to brown on both sides. Allow about 45 minutes for baking.

B·C SUGAR REFINING CO·LTD·
Announces
THE NEW WARTIME CONTAINER

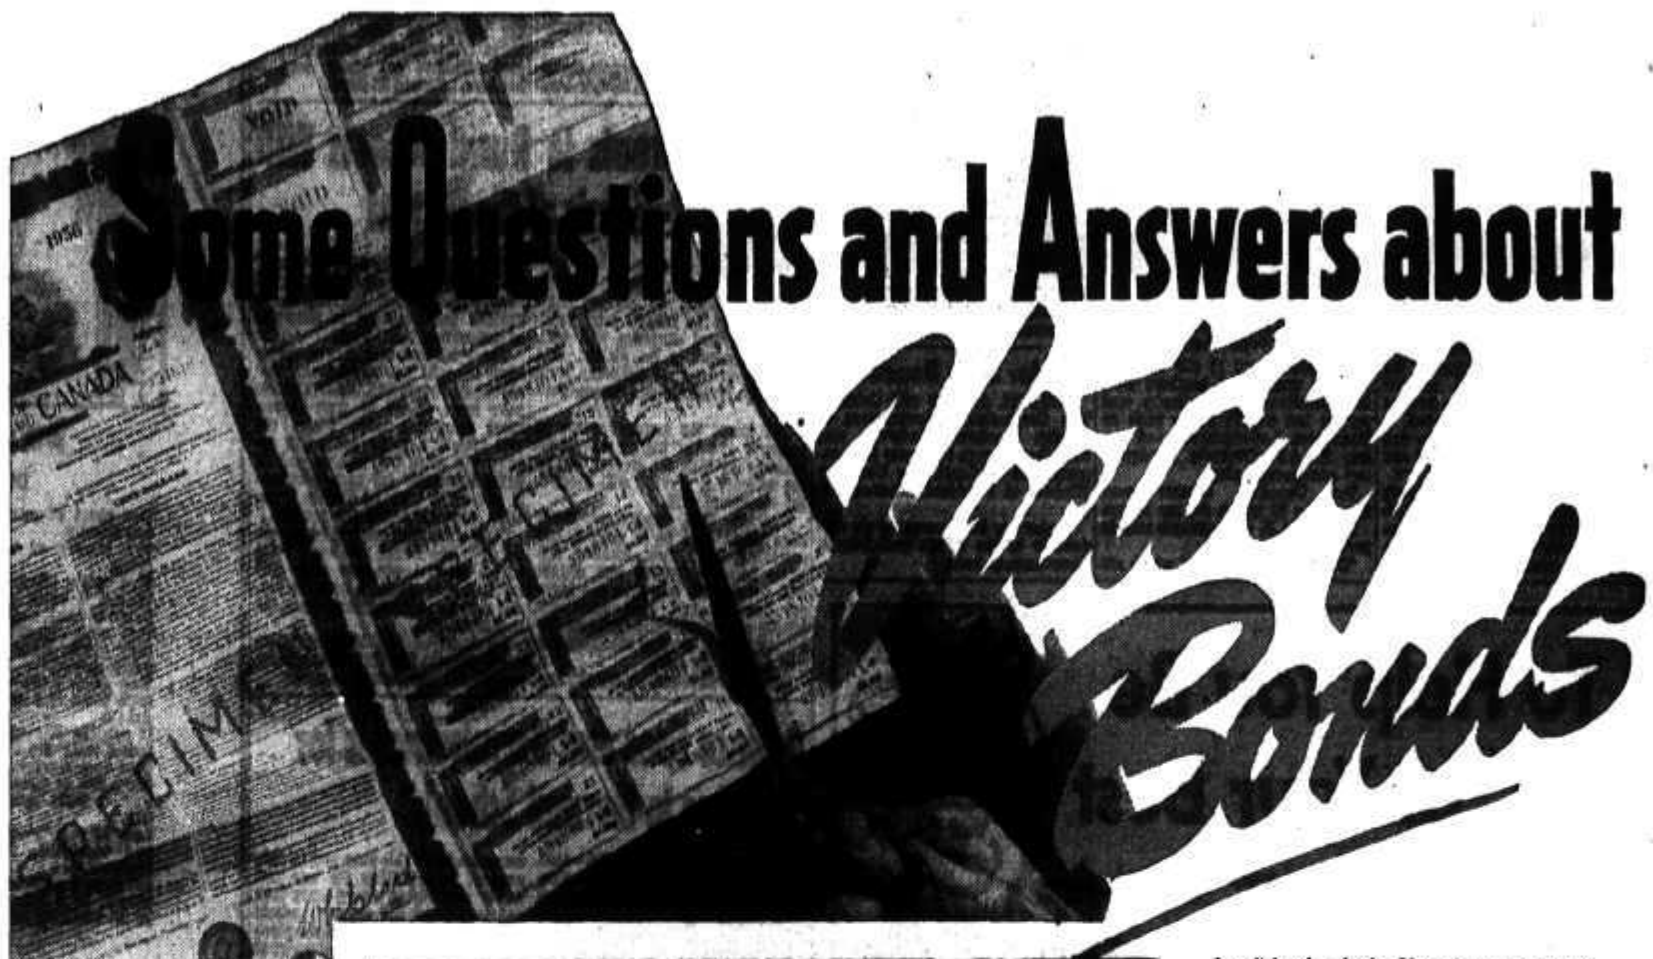
ROGERS' Golden Syrup may not now always be available at your local grocers and we realize the hardship that this causes our customers.

Because Rogers' Golden Syrup is made from pure cane sugar its production is therefore controlled, and limited by the Sugar Administrator for Canada.

Tin is no longer available for packaging and Rogers' Golden Syrup now makes its appearance in a new war-time dress—the handy 3½ lb. glass jar.

Roger's Gold Syrup is still the same high quality—still the same stimulating and delicious food; and when available, will still bring the same measure of satisfaction and enjoyment to its many friends.

B·C SUGAR REFINING CO·LTD·
VANCOUVER, B·C·



Hon. J. L. Ilsley
Minister of Finance
explains various points about Victory Bonds through this simple question and answer method

? What is a VICTORY BOND?

A Victory Bond is a document containing proof that you have loaned money to your country to help win the war, and containing your country's promise to return your money to you in a specified number of years, and, in addition, to pay you interest every six months on your money until it is repaid.

? When will Victory Bonds be paid off?

The money you invest in a bond will be paid back to you by your country when the bond reaches its maturity date, in the same way as Victory Loan Bonds of the First World War were paid. The maturity date of each bond is clearly stated in the wording of the bond.

? Is a Victory Bond a safe investment?

A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest when due.

? Can I borrow money on Victory Bonds?

Yes, it is very easy to obtain a loan at reasonable interest at any bank by using your Victory Bonds as security. In this case the interest on the bonds still belongs to you. It will pay a large part of the interest charges on your loan.

? How is interest paid on Victory Bonds?

Interest on all bonds is payable each half year. The dates on which interest is due are stated in the wording of the bond.

Bonds in bearer form and bonds which are registered as to principal, have interest coupons as shown on the right hand side of the bond in the illustration. One of these coupons falls due each half year, the date of maturity of each coupon being shown on its face. On each interest date, you cut off the proper coupon, and take it to your bank. Any branch in Canada of any chartered bank will cash Victory Bond interest coupons without any charge to you for this service.

No interest coupons are attached to bonds which are registered as to both principal and interest.

When the interest falls due on these bonds each half year, the Government of Canada mails you a cheque for the amount due. This cheque can be cashed at any branch in Canada of any chartered bank without any service charge.

? What is the difference between a Bearer Bond and a Registered Bond?

Bearer Bonds may be sold at any time by any person holding them, and the interest coupons attached to these bonds are payable to any person who presents them for payment. In short, bearer bonds are almost as liquid as dollar bills.

If you own registered bonds, your name and the numbers of your bonds are kept on record at Ottawa. Registered bonds are of two kinds—(a) those registered as to principal, (b) fully registered bonds, that is, bonds registered as to both principal and interest.

In the case of a bond registered as to principal, the bond can only be sold if you sign a transfer form. However the interest coupons on these bonds are payable to any person who presents them for payment.

In the case of a fully registered bond, the bond can only be sold if you sign a transfer form. Further, no interest coupons are attached to the bond. The Government pays the interest on these bonds by mailing you a cheque each half year.

Bearer bonds of any denomination may be registered as to principal, and in the case of bonds of $500 or larger amounts, bearer bonds can be exchanged for fully registered bonds. Similarly, registered bonds can be exchanged at any time for bearer bonds.

The main difference between bearer bonds and registered bonds is that registered bonds give you better protection in the event that bonds are lost, stolen or destroyed.

? Where should I put my bonds for safe-keeping?

As Victory Bonds in bearer form can easily be sold by anybody, you should keep them in a safety deposit box in a bank. If you have not a box of this kind, any bank will keep your bonds for you for a small annual charge.

Safe-keeping arrangements can also be made with many trust and loan companies.

If it is not convenient for you to place your bonds for safe-keeping with one of these institutions, be sure to keep them in a safe place at home, and be sure to keep a record of the serial numbers of the bonds in another place. These numbers will be valuable should the bonds be lost or destroyed at any time.

In any event if you keep your bonds at home or at your place of business, it is safer to have them in registered form.

? In what denominations are Victory Bonds available?

The longer term Victory Bonds, which are the kind most people buy, are available in denominations of $50, $100, $500, $1,000 and larger amounts.

Short term bonds, which are bought for the most part by business firms and corporations, are available in denominations of $1,000 and larger amounts.

? Must I pay cash for Victory Bonds?

Not necessarily. Victory Bonds may be purchased for cash or on a regular instalment plan. Many employers make it easy for their employees to buy bonds through a salary deduction plan. Or you may arrange to pay the instalments through your bank.

? Can Victory Bonds be sold easily?

Yes, you can sell your bonds in a ready market at any time. All you have to do is take them to any investment dealer, bank, stock broker or trust company. You will be able to get your money while you wait.

Victory Bonds are the property of their individual owners who have the right to turn them into cash at any time they may desire. When a person buys a Victory Bond, that person is making it possible for this country to get the men and material needed for war use, and is helping to fight the home front battle against inflation. When people sell their bonds they are withdrawing this help. Emergency needs for cash are legitimate reasons for selling bonds provided the person has no other forms of savings which can be used, or provided the person cannot obtain a temporary loan, to be repaid out of future income, to meet the immediate need for cash. Sales to get dollars to buy things that are not essential have not legitimate reason.

We must not only increase our voluntary savings and lend them to our country through the purchase of Victory Bonds; we must also continue to hold these securities at least until after the war, unless we need money for real emergency use. "Let us compete with our neighbours, in saving, not spending."

★ ★ ★

If there are any other questions you would like answered about Victory Bonds, ask any investment dealer, banker or Victory Loan salesman. Or if you prefer, you may write to me at Ottawa and I will see that your questions are answered.

A. McPhee and son Jimmie were visitors to Nelson on Thursday.

Mrs. A. E. Walker and Mrs. R. A. Heighton entertained at the home of the latter on Monday evening the occasion being Mrs. Walker's 71st birthday. The hostesses served dainty refreshments. A decorated birthday cake centred the table. Guests were Mrs. J. McDonald, Mrs. D. Bell, Mrs. Norman McLeod, Mrs. Sam Bonacci, Mrs. C. Cronin, Mrs. J. McLeod, Mrs. P. Bennett, Mrs. W. Eliuk, Mrs. A. Ogden, Mrs. Pete Bouer, Mrs. W. Ogden, Miss Marjorie Serres.

Mrs. Walker who is a guest of Mrs. R. Heighton is an old time Procter resident coming here from Fernie with her husband, the late J. H. Walker, in 1906 and were resident here until 1926 when they moved to Trail. In 1936 they returned to their home at Procter where Mr. Walker died the following year. Mrs. Walker has lived at Nelson for the past three or four years.

Stoker John Oliver, Home on Leave After Corvette Sinking, Refuses to Talk—Except About Spring Beauty

By MRS. LEONARD CLARK
Daily News Correspondent

GRAY CREEK, B. C., April 17. —"I can't talk—No, nothing for the record."

This was all that Stoker John Oliver, survivor of the sinking of the Canadian Corvette Weyburn in the Mediterranean, would say on his arrival home on survivor's leave. He is visiting his parents, Mr. and Mrs. George J. Oliver, Gray Creek.

Asked whether the sea he had sailed was blue or gray, Stoker Oliver refused to make a choice. In fact, he refused to make any statement that might in any way disclose a shred of information.

"We are supposed to keep our mouths shut, so please don't press me," he begged.

He did admit, however, to spending two days in socks, trousers and a borrowed coat.

That a corvette is a grand craft is his fixed opinion, and he hopes to be posted to a corvette again.

Stoker Oliver has had no troubles with seasickness. His chum promised to show him the ropes so as to stave off sickness, but instead was sick himself for three days while John carried on in the best of health. He arrived home looking hale and fit.

"I've seen many pretty places since I left home—but nothing half so lovely as the ride from Creston to Gray Creek with the Spring leaves coming out. And you may quote me on that," Stoker Oliver concluded.

NELSON SOCIAL

By MRS. M. J. VIGNEUX

• Mr. and Mrs. Douglas Cummins, 309 Victoria Street, have taken up residence in the Kerr Apartments.

• Mr. and Mrs. J. H. Chapman, who spent the Winter in Trail, were weekend visitors to Nelson.

• Mrs. H. H. Currie, who has been a patient in Kootenay Lake General Hospital, has recovered sufficiently to return to her home on Baker Street.

• Mr. and Mrs. G. F. Stuart and family of North Battleford, Ont., have arrived to make their home in Nelson.

• Mrs. Robert Thompson, High Street, returned last night from Robson where she spent the weekend at the home of her son and daughter-in-law, Mr. and Mrs. Malcolm Thompson.

HOME ON LEAVE

• Seaman Doug Winlaw arrived home during the weekend to spend a short leave with his parents, Mr. and Mrs. A. N. Winlaw, 719 Carbonate Street.

• Robert Clayton of Lethbridge is visiting his family on Kokanee Street.

• Norman Stewart of Vancouver, ex-resident of Nelson, is in the city, having come to attend the funeral of his relative, Miss Annie Fawcett.

• W. R. Jarvis and Mary of Procter spent Saturday in Nelson.

• Pilot Officer Norman MacLeod, who visited his parents, Mr. and Mrs. Norman MacLeod, Hall Street, for a couple of days has returned to duty.

• Miss Kay Streit was in town from Kaslo Saturday.

• Mr. and Mrs. J. Fisher of Hall, who spent last week in town, left Saturday for their home.

• Mrs. J. C. Robinson, who has been a patient in Kootenay Lake General Hospital, has returned to her home, 404 Houston Street.

• Mr. and Mrs. William McKay and the latter's mother, Mrs. Matheson, of Silverton, spent Saturday in town.

HINDLEY—NAHIRNEY

• The Greek Orthodox Church, Saskatoon, was the scene of a pretty wedding, when Jeannie Florence, daughter of Mr. and Mrs. M. Nahirney, Saskatoon, became the bride of Po. Rolf Hindley, eldest son of Mr. and Mrs. C. Hindley, Wynndel, B. C. The ceremony was performed by Rev. S. Hrebeniuk, assisted by Very Rev. W. Kudryk of Winnipeg. The bride, given in marriage by her father, looked lovely in a floor-length gown of white sheer and lace. Her Chapel veil fell from an orange blossom coronet and she carried a bouquet of red roses and carnations. Attending the bride were Miss Anne Nahirney, sister of the bride, and Miss Verna Derby. The groom was supported by the bride's brothers, Paul Nahirney and Pte. Steve Nahirney, Prince Albert. A reception was held at the home of the bride's parents. The happy couple left later for Wynndel, the bride travelling in a two-piece dress of blue crepe with matching accessories.

• James H. Gagnon of Trail visited his mother, Mrs. C. V. Gagnon, yesterday.

• Mrs. William Watkins and son Billy, who have been guests of Mrs. Rex C. Jarvis, Johnstone Block, returned to Farron yesterday.

• Miss Helga Augustine of Kaslo was a city visitor Saturday.

• B. W. Ford of Castlegar visited Nelson Saturday.

• Miss Joan Loundes of Sheep Creek spent Saturday in town.

• Miss Hamberg was in the city from Salmo Saturday.

LEAVING FOR MISSION

• Mrs. John Horlick, Three Mile, plans on leaving Wednesday for Mission City where she will spend a few weeks visiting her son-in-law and daughter, Mr. and Mrs. Leonard Lightburn.

• Miss Sheila Dunwoody, Silica Street, spent the weekend in Trail with her brother-in-law and sister, Mr. and Mrs. Albert Bush.

• Edward Haukedahl, mining man of Ymir, spent Saturday in town.

RETURNS FROM PRAIRIES

• Mrs. E. Y. Brake, Baker Street, who has been visiting since Christmas her son-in-law and daughter, Mr. and Mrs. Percy Coulter of Swift Current, has returned.

• Mrs. A. H. Noakes of Balfour was a weekend visitor to town.

• Mrs. J. C. Chambers has left Kootenay Lake General Hospital for her home on Victoria Street.

• Mrs. Robert Heddle of Blewett spent a couple of days in the city with Mr. and Mrs. E. McFarland, Baker Street.

• H. Beck of Kaslo visited Nelson at the week.

• Aw. 1 Sheila Fraser is here from Claresholm, Alta., on short leave and planned to leave on the Eastbound train this morning for her post.

• D. W. Guy, 226 Anderson Street, left yesterday for Vancouver.

• Mr. and Mrs. Thomas Mansell of Brilliant visited town Saturday.

• Mrs. R. H. Hassard of Creston has returned after a week's visit at the home of Mr. and Mrs. W. R. Dunwoody, Silica Street.

• Mrs. Howard Crysler of Medicine Hat is spending a few weeks in Nelson, visiting her parents and her brother-in-law and sister, Mr. and Mrs. E. J. Cook, 1320 Cedar Street, and Mr. and Mrs. Howard Murphy, 719 Latimer Street.

RETURN TO COAST

• Pilot Officer Thomas Johnstone and Mrs. Johnstone, who spent a couple of weeks at the home of the former's mother, Mrs. James Johnstone, Johnstone Block, have returned to Victoria.

• Mrs. L. G. Cox of Brilliant spent Saturday in town.

• Shoppers in Nelson Saturday included Mrs. Ballard of Robson.

• Mrs. Hyslop of Slocan City visited the city Saturday.

• Visitors in Nelson Saturday included Mrs. J. T. Yeatman of South Slocan.

• Miss Ida Graham, Josephine Street, who teaches at Slocan Park, spent the weekend at her Nelson home.

• Mrs. Duncan McDonald of Ymir visited Nelson Saturday.

• Eric Westman was in town from South Slocan Saturday.

• Shoppers in the city Saturday included Mrs. Ronald Greyson of Bonnington.

• Miss Dawn Sharp, who teaches at Salmo, spent the weekend at the home of her parents, Mr. and Mrs. Roy Sharp, Hoover Street.

• O. W. Humphry of South Slocan is a patient in Kootenay Lake General Hospital.

• Mrs. William McDonald, Annable Block, has returned from a couple of weeks spent in Fernie.

Nakusp Guild Plans Sale, Card Party

NAKUSP, B.C.—The April meeting of St. Mark's Anglican Guild was held at the home of Mrs. D. M. Hummon.

It was decided to hold the annual Summer sale of work June 3.

Easter flowers were to be ordered for the Easter Church decoration. Mrs. Gilbert, Mrs. Brown and Mrs. Hummon were named the decorating committee.

A St. Mark's Day card party will be held this month. Mrs. M. Baird and Mrs. D. Chadwick will be in charge.

The hostess, Mrs. Hummon, served tea, assisted by Mrs. E. Brown.

CASTLEGAR

CASTLEGAR, B.C. — Mrs. Nels Bystrom entertained a few friends at her home. The evening was spent playing bridge. High score was won by Mrs. K. Knoblauk and consolation by Mrs. C. Appleton. Guests were Mrs. A. Lampard, Mrs. Stan Wilson, Mrs. Karl Knoblauk, Mrs. E. Snell, Mrs. Ralph Fletcher, Mrs. C. Appleton, Mrs. A. Schiavon, Mrs. I. Peterson, Mrs. A. Carlson, Mrs. M. McPherson, Miss Norma Peterson and Miss Elizabeth Snell.

Mrs. Clara Smith has returned to Castlegar after a short visit to the Coast.

Mrs. M. McPherson, Mrs. K. Knoblauk and Miss Elizabeth Snell were recent visitors to Trail.

Wilfred Leduc and Phil Leduc, both of the Royal Canadian Navy, were Wednesday visitors in Castlegar en route to the Coast where they are stationed.

Martin Peterson visited Nelson recently.

Mrs. H. Merrifield was a Trail shopper Friday.

Andy Carr has left for Gull Lake, Sask., after spending the Winter months in Castlegar.

Mike Zubich of Winnipeg is spending a couple of weeks with friends at Castlegar.

L. Fitzsimmons was a Saturday visitor to Trail.

Fred Parent visited Trail on Saturday.

Kaslo Red Cross Campaign Funds Are $548

KASLO, B. C.—The regular meeting of the Kaslo Branch of the Red Cross was held in the Red Cross rooms Monday afternoon. The Treasurer, Mrs. R. C. Fabrni, reported a balance in bank of $22. Campaign funds received in March amounted to $548. A check for $56.76 had been received, returns from a car of salvage.

Mrs. Guy Browell, Work Convener, reported the following goods shipped to headquarters in March:

Two large quilts, 13 pairs of men's pyjamas, 2½ dozen towels, 6 baby night gowns, 1 child's wool skirt, 1 child's flannellette slip, 40 pairs of men's socks, 7 men's sweaters, 7 children's sweaters, 1 pair, child's wool pants, 1 navy scarf, 3 navy toques, 3 pairs rifle mitts, 1 pair child's mitts and 15 pairs child's stockings and socks.

Special donations — 1 woman's night gown, 1 woollen sweater and 2 handkerchiefs.

It was decided to hold a whist drive in May.

Michel Mine Union Gives $2599.48 to Red Cross Drive

NATAL, B.C.—Natal-Michel went over the top of the objective of $3000 in the recent Red Cross Drive. Final figures have not yet been released but it is known that this figure has been exceeded.

Simon Weaver, Secretary of the Michel Local Union reported that the sum of $2599.48 had been given by 700 members. This amount will be swelled when the final count of contributions from the mine officials and business people of the district is rounted.

Sirdar Soldier Is Instructor

SIRDAR, B. C.—Word has just been received from Sapper Charles J. Wilson, son of Mr. and Mrs. J. S. Wilson of Athara that he is instructing now at one of the larger camps in Eastern Canada. He is with the R. C. Engineers.

I.O.D.E. Asks Gov't to Protect Farm Land for Soldiers

VANCOUVER, April 18 (CP) — The Federal Government was asked to provide legislation to prevent the purchase of property, especially farm land, by those who by creed are unable to take a defensive part in the protection of Canada in a resolution passed unanimously by the Provincial Chapter, I.O.D.E., at the final session of the annual meeting here.

This motion was passed in an effort by the Provincial members to protect the rights of soldiers returning after the war to find their land sold to conscientious objectors during the present acute labor shortage, speakers said.

The meeting also advocated that the Government provide action to counteract the acute canned milk shortage prevailing in B. C.

Mrs. R. J. Sprott, President, was again chosen as delegate to the National annual meeting in Edmonton. Other elections included Member of War Memorial Committee, Mrs. Curtis Sampson.

Mrs. W. C. Woodward was elected Honorary President and Mrs. Frank Stead, Honorary Vice-President.

Provincial nominees for the office of National Councillors are Mrs. A. J. M. McFarlane, Mrs. H. M. Spedding, Mrs. F. Stead of Vancouver, Mrs. A. H. C. Phipps and Mrs Curtis Sampson, Victoria; Mrs. W. N. Martin, Burnaby; Mrs. R. H. W. Cruse, Kamloops and J. W. Dougan, Trail.

WEEKLY WARTIME NUTRITION HINTS

Martha Logan, Swift's famed home economist, whose weekly wartime cooking column is a regular feature of this page. Look for these valuable hints each Monday

by Martha Logan

It's Fun to Eat

articularly in wartime should avoid letting approach to nutrition become too grim

government's nutrition pro-, important though it is to rosecution of the war, is not ning to become *grim* about. *ust* an attempt to thrust unap- ing food down our throats because it's good for us. On contrary, all that we house- are asked to do is to see our families eat every day n basic protective foods— which we were accustomed ting anyway, though not al- in sufficient quantities or sufficient regularity.

the nutrition expert is the o say that if the food is not izing and interesting, we benefit from it as much as ould. That is why it is such lenge to us women of Canada ime of shortage such as the nt, to use our ingenuity to e nutritionally correct meals that are at the same time both interesting and appetizing.

You will find my book "Meat Complete" a real help in solving these wartime problems. If you haven't yet received a copy, do drop me a line—with 10¢ to cover mailing and handling costs—care of Swift Canadian Co. Limited, Dept. NC 14, Toronto.

EAT THESE FOODS DAILY

MEAT, FISH, EGGS: One serving a day of meat, fish or poultry. Liver, heart or kidney once a week. Eggs at least three or four weekly.

MILK: Adults at least ½ pint. Children: more than one pint. And some cheese.

FRUITS: Tomatoes daily or a citrus fruit or their juices. One other fruit (fresh, dried or canned).

VEGETABLES: (In addition to one serving of potatoes). Two servings of vegetables . . . preferably leafy green or yellow . . . frequently raw.

CEREALS and BREAD: One serving whole grain cereal. Four to six slices Canada Approved bread.

KOOTENAY CWAC GIRLS TO BROADCAST TONIGHT

A new radio programme entitled "Khaki Skirts" featuring personnel of the Canadian Women's Army Corps will be heard over CKLN commencing at 8:30 this evening. This is the first of a series of broadcasts to acquaint the public with the work of the women who "back the attack" by taking over non-combatant duties in the Army so that men may be released for the fighting units.

The programmes will feature interviews with various British Columbia girls who will tell of their experiences and work in the Canadian Women's Army Corps. In it will also be heard a CWAC Chorus, singing their favorite marching songs. The girls to be heard on these first broadcasts are from Nakusp, Revelstoke, Nelson, Victoria and Vancouver.

NO CHILD OF MINE
WILL WEAR CLOTHES THAT LOOK
HALF-WASHED

SO EASY TO GET
BRIGHTER WASHES
● YOU'LL NEVER KNOW how much brighter clothes can come until you try the wonderful Sunlight method. Even soiled cuffs, hems and edges come spotlessly clean—without hard work. And it's so easy, too. You just put a touch of Sunlight on those extra-dirty spots. At once a film of soap comes in contact with the dirt. Then, no matter how you do your wash, you'll find clothes come clean and bright —*all over!*
NO REASON FOR any of your clothes to look "half-washed." Get Sunlight today for spotlessly clean, sweet-smelling washes. See how its "extra-soapiness" speeds the clothes to the line—makes washday the easiest ever.
DISHWASHING'S DONE IN "NO TIME" with Sunlight. *It's all pure soap*—kind to hands. And Sunlight loosens grease so quickly, it cuts dishwashing time almost in half. And try Sunlight for clean-up jobs around the house. Fine for woodwork, tile and windows.

FOR A COMPLETE WASHING JOB
YOU CAN'T DO WITHOUT SUNLIGHT

Vaulting Ambitions Must Not Have Free Rein

Now we have a group of Canadians of Ukrainian birth or ancestry denouncing Poland and Polish aspirations, and demanding in the Europe of the future an independent Ukraine, that shall include all the "45,000,000 Ukrainians" to be found in the Ukraine and adjacent territories.

While it would seem that Canada's Ukrainians could best serve the cause of world freedom, and of freedom of Ukrainians in general, by devoting themselves to helping prosecution of the war, instead of voicing enmity of Poland, and raising one more dividing issue, possibly it is well that some of these animosities and divisions should come to light, so that the people of the United Nations may get a clear picture of the impossibility of basing the new Europe upon ethnic claims.

Federations seem the only logical way out of the morass of eternally conflicting claims and aspirations.

Ukrainians must be content to live in union with others—perhaps with Soviet Russia, perhaps with the string of late "buffer states" on Russia's Western border, perhaps with Poland, and other neighboring peoples.

As Europe was described by a brilliant University of British Columbia lecturer who spoke in Nelson about three years before the outbreak of the war, Poland was a nation in arms, its bayonets pointing in every direction. To the South, Hungary and Rumania, to the West, Czechoslovakia threatened. At that time the Little Entente had the backing of France, while Poland was supposed to be prepared to make common cause with Germany.

If the partnership of war could be developed into powerful federations capable of self-defence, and capable of contributing to the international police against aggression, then Europe could be assured stability for a lengthy period.

Racial hatreds must be buried. The best way they can be buried is in partnership harness, whereby widely inclusive new federations can devote themselves to the pursuits of peace, while keeping eternally and sensibly vigilant against the disturber.

Shortly after the First Great War, the people of Montenegro, who lost their separate identity when merged with Serbia and a portion of Turkey to make Jugoslavia, demanded restoration of their "freedom." But the day of the freedom of the tiny state is gone. Even Jugoslavia is not large enough to be sure of freedom by itself: it has been enslaved by a war not of its own making. A federation of the Balkans would be large enough to mass a tremendous volume of defensive power.

The Low Countries should be united. Scandinavia should be one country, not three separate states.

Self-preservation is the first law for nations as well as for individuals.

When peace comes, fearful lessons will have made former enemies willing to consider mergers abhorrent perhaps to their pride, but supported by sound common sense.

Today's Horoscope

High ideals and strong ambition rule your existence, if you are celebrating a birthday today. You have an artistic temperament, enjoy literature, music and travel, and with careful application could be successful in an artistic career. You will enjoy many loyal friends. On this birthday take care of matters which have to do with income and property because conditions beyond your control may bring about a shift in values. Vigilance is necessary to know when to buy and sell.

Words of Wisdom

With the fearful strain that is on me night and day, if I did not laugh I should die.—Abraham Lincoln

Etiquette Hints

Don't call to or talk to another person while someone is playing or singing. It is discourteous to the performer and disturbs those who want to listen.

?? Questions ?? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions will not be answered by mail except when there is obvious necessity for privacy.

S. P., Nelson—Is there a local traffic regulation permitting or prohibiting a car or truck from cutting through a funeral procession?

No, but it would be in very bad taste.

B. E., Trail—Could you tell me where I could obtain a good detail map of the Kootenay, showing streams, lakes, rivers, mountains and roads?

A detailed map of the Kootenay may be obtained at the Government Agent's Office, Nelson for 50 cents.

G. V., Robson—What is the mileage, by road, from Nelson to Calgary and from Nelson to Vancouver?

Nelson to Calgary via Crow's Nest is 436 miles, via Banff and Windermere is 430 miles. Nelson to Vancouver via Grand Forks, Princeton, 356 miles; via Nakusp, Vernon 563 miles.

A. T., Nelson—Please tell me how to make apple chutney.

Take one pound apples, quarter pound sugar, quarter pound raisins, quarter pound brown sugar, half teaspoonful pepper, one saltspoonful cayenne pepper, half teaspoonful coriander seeds, two or three chillies, one tablespoonful salt, and about half a breakfast-cupful of vinegar. Prepare the ingredients, put in pan with the vinegar and boil, adding the chillies when the chutney is thick. Bottle and cover.

R. B., Nakusp—Where is the male guest of honor seated at a dinner party

To the right of the hostess. If there is also a host, the principal lady guest would be seated at his right.

N. S. C., Nelson—In regard to your question, whether water glass in cardboard container that has solidified is safe to use in preserving eggs if dissolved in hot water, the answer should have been "Yes".

Marriages in U.S.

United States marriages will reach a new high in 1942, says Metropolitan Life Bulletin, with a total that will be near 1,500,000. This will mark the fourth year of successive increase in marriages in the United States and will be an increase of about 80 per cent above the number for 1932, the low point of the depression period.

One of the big events on the home front during the United States' first year of war was a bumper crop of new babies. At least 2,800,000 were born in the United States during 1942, according to preliminary reports received so far.

This is an all-time maximum of births in the United States; the previous highest point, 2,600,000, was reached in 1921—in the period after the close of the First World War.

Looking Backward

10 YEARS AGO

(From Daily News, April 19, 1933)

The United States swung away from the gold standard yesterday as President Roosevelt prepared to ask Congress tomorrow for new powers to effect a controlled inflation.

An 80 per cent embargo on Russian imports was proclaimed yesterday through King George as a result of the trial in Moscow of six British electrical engineers.

B. T. O'Grady, Resident Engineer of the Eastern Mineral Survey District, and Government Agent, 10 years a placer miner in the Yukon, the leading figures hitherto in the short placer course at Nelson, left Wednesday for East Kootenay, to lecture before gatherings at Fernie, Cranbrook and Kimberley.

P. G. Morey, newly elected Secretary of the Nelson Board of Trade, took over his duties this week.

25 YEARS AGO

(From Daily News, April 19, 1918)

Reinforced by French troops, the Allied line is holding hard against the further incursions by the Germans in the region of La Bassee, to the North of Ypres.

The Telegraaf reports that the German Socialist party in Austria-Hungary has decided that work shall be stopped on May 1 throughout the country and that demonstrations in favor of peace shall be held.

"The leaders of the Nationalists in Ireland, including Redmondites, who are now led by John Dillon, and the Sinn Feiners, O'Brienites, Laborites and Clericals are united in their determination to resist conscription by the most effective means at their disposal," is the wording of a resolution passed at a meeting of bishops at Maynooth yesterday.

War—25 Years Ago

By The Canadian Press

April 19, 1918.—United States forces, attacked near Toul on the Western Front, repulsed enemy and inflicted heavy losses. British recovered advanced trenches in Givenchy and Festubert area. Paris children evacuated because of German long-range bombardment.

Test Yourself

1. What is a hydrax?
2. What is a tarsier?
3. What members of the monkey tribe have no tails?

TEST ANSWERS

1. An animal about the size of a rabbit which is native to parts of Africa, Arabia, Palestine and Syria.
2. A very small animal which is native to the Malay Peninsula.
3. Chimpanzees, gorillas and orang-utans.

Alberta's Antelope

The other day the Herald carried a report from our Comrey correspondent to the effect that threshing is being cleared up in that area, but that antelope had done considerable damage to stooked fields during the Winter. Comrey is in Township 2, Range 6, in the Southeastern corner of the Province, in the belt ranged by Alberta's antelope herds.

Alberta's antelope bands, estimated a few years ago at a total of 10,000 head at least, have built up from an estimated 200 left after the hard Winter of 1906-07. That was the time the late Ed. McHugh of Nemiscam, a lover of the antelope, asked Ottawa to do something to preserve this native animal from becoming extinct, with the result that Nemiscam national antelope park was established on Chin or Forty-Mile Coulee just North of Nemiscam. Since that time the antelope have multiplied to such an extent that an open season on them was allowed a few years ago and has continued each Fall since.

The antelope can be a destructive animal, as the Comrey dispatch shows. The Herald correspondent visited the extreme Southeast tip of Alberta a few years ago, and while there a rancher friend showed us over his cattle lease. It was bare as a floor. It had been a dry Summer and the antelope had come into his range for grass and water. Nothing could keep them out, and, of course, he wasn't allowed to shoot them. Not only did they riddle our rancher friend's range, but they invaded his irrigated alfalfa fields and, during the Winter, fed at his alfalfa stacks. And, he told us not long ago, they're still a nuisance because they are hard on the native range pasture. Like sheep, antelope band up, some bands in Winter season running as high as 2500 head. In dry years such a band would not leave much vegetation in its wake.

Press Comment

WHY COL. THOMPSON RESIGNED.

Perhaps the Minister of National War Services, General LaFleche will quote Col. Thompson's letter in Parliament in an attempt to prove that he gave the Economy Controller full support in the Controller's efforts to eliminate extravagance and waste in Government offices. It is necessary to mention but one instance to show that in fact General LaFleche did not give Col. Thompson that support.

Col. Thompson heard that the Department of Public Works was buying some $600 rugs for Government offices, and as he had not been consulted—as he should have been—he wrote Mr. Fournier, the Minister of Public Works, asking for a list of the new rugs, with prices and locations. Some days later he had a letter, not from Mr. Fournier but from his own chief, General LaFleche, asking "why" he wanted to know about those rugs. Exactly what course the incident took we are not told, but the Thompson plan "for redistribution and economy in that field did not materialize."

One does not need much imagination, however to trace the course of events. No doubt Mr. Fournier complained to General LaFleche, probably said in effect that he wouldn't have this Thompson fellow butting in on Department of Works affairs, and the General, for the sake of amity, threw his support to Cabinet colleague, made its quite impossible in the future for Col. Thompson to do any effective work with officials of Mr. Fournier's Department. And this incident, perhaps one of many of the kind, must explain why Col. Thompson told the Journal he was "tired of being a rubber stamp," that he "refused to continue as window dressing."—Ottawa Journal.

BUT NOT FOR BRITAIN

The United Nations appear to have agreed that after the war, France will retain all her pre-war possessions; and it will be left for France to decide on what Government the French and their colonies and possessions shall have. That all seems fair enough.

But when it comes to the British Empire and Commonwealth, there are some who appear to think that there should be some pruning, and goodness knows why, seeing that the British were the first to recognize the danger of the Axis, and possessed enough co-operation, organization, and, yes, guts, to make a real stand against Hitler. The British Empire was started long before the days of Drake, and now today we see it growing into a Commonwealth of Nations. He would be a prophet indeed who'd venture to say what or where it will eventually grow into.

Who would have thought before the war that such a scheme as the Commonwealth Air Training could be put into operation with such wonderful success? Who would have foreseen General Smuts speaking to the British Parliament, and being applauded and honored by many present, on that historic occasion, who in the days of their youth probably did their share of "Mafficking"?—Capt. G. A. West in Kaslo Kootenaian.

THE REFUNDABLE TAX

Mr. Ilsley was wise in making it clear, in his budget speech, that the refundable portion of current taxes—"compulsory savings" is another phrase for it—is "just as binding an obligation of the Dominion as a Victory Bond or a War Savings Certificate." Moreover, said the Minister of Finance, official receipts or certificates will be issued, presumably one for each year, in acknowledgment of the Treasury's debt.

No doubt there has been a tendency to lump all wage and salary deductions as tax, with the money gone from the pay-envelope and nothing to show for it. Actually the part called refundable is as good as money in the bank, except that it cannot be spent until the war is over and that is not necessarily a bad thing.

And the more people who have a nest-egg of savings when the war ends the easier it will be to switch to an economy based on peace instead of war.—Ottawa Journal.

COOLING OFF

For that cooling-off period urged by Mr. Herbert Hoover, how does anyone feel about leaving Adolf out for an extra Winter on the steppes?—Stratford Beacon-Herald.

Today's VICTORY GARDEN-GRAPH

By DEAN HALLIDAY

PLAN ALL-SUMMER HARVEST OF SHORT SEASON VEGETABLES

In Column 1 is given the time during which the harvest from one sowing remains in top condition. In Column 2, the space in the garden row required to serve a family of four one meal. These figures are approximate, since gardening cannot be a precision job; but use them as a guide with broad tolerances, and they will help you avoid serious waste, and scarcity as well.

Crop	Column 1	Column 2
Beans, snap	4 weeks	1 foot
Beets	6 weeks	1 foot
Carrots	8 weeks	2 feet
Cucumbers	4 weeks	2 feet
Endive	6 weeks	1 foot
Lettuce	6 weeks	1 foot
Kohlrabi	3 weeks	2 feet
Turnips	2 weeks	1½ feet
Spinach	2 weeks	3 feet
Sweet Corn	10 days	4 feet
Onion Sets	4 weeks	1 foot
Peas	2 weeks	3 feet
Radish, early	1 week	1 foot
Summer	2 weeks	1 foot
Winter	6 weeks	1 foot

The most important purpose to accomplish in a Victory garden plan is to provide fresh vegetables all season long; not an overabundant supply in the early Summer, followed by scarcity the rest of the Summer and Fall.

Some crops, like Swiss chard, will remain in good condition all season and only one sowing need be made to produce a constant supply. On the other hand early radishes mature in about three weeks and in another week are too pithy to eat. If you sow more than a week's supply at one time, the rest will be wasted. This applies to all short season crops. Your sowing must be limited to the amount you can use during the period of good harvest.

How can this amount be figured? the above table lists these short-season crops. Column 2 gives the space in a garden row required to produce sufficient to make one serving to a family of four; column 1, the time which the harvest from one sowing will last.

HOW TO FIGURE IT

To determine the longest row of one vegetable to sow at a time, estimate the number of times your family will eat it during the period of harvest given in column 1. Multiply this by the number of feet in the garden row required for one serving, as given in column 2.

Take for example, beets. The period of best harvest from one planting is six weeks. How often will you serve beets in that period? Remember, three vegetable dishes a day should be the minimum next Summer, which means 21 family servings a week. Three servings a week, then, will be almost the minimum for any vegetable. At this rate, in six weeks you will need 18 servings of beets. Multiply 18 by one foot, the space in the row needed for one family serving, and you have 18, the maximum row that you should sow at one time. To allow for guests, and possible mishaps which may reduce your crop, sow 20 feet. And make two or three sowings, spaced about like this: Seven weeks between the first and second, five weeks between the second and third, because the second sowing will grow faster than the first and the third slower.

SPACE SOWINGS

Go right through the list of the short-season vegetables with this kind of calculation. Never sow at one time more than the amount you can use while the crop is at its best. Space your succession sowings far enough apart so that two harvests will not overlap too much, giving you a wasteful surplus, followed by scarcity. An hour or two spent in figuring this out may save you days of misdirected labor in growing crops you cannot use when they mature.

Remember in using the table, that gardening is not a precision operation. Do not try to cut the corners too closely. If your soil is not rich, give a little more space than the tables call for, and make liberal allowances for extra food for friends and guests.

Note also that food for putting up to use next Winter must be figured in addition to the Summer's supply for the family table.

Dr. Warren Tells Rossland of B.C. Potential

ROSSLAND, B.C., April 16—Professor H. Warren, Ph.D. of the University of British Columbia, was the guest speaker at the Canadian Club Tuesday evening, his topic being "Post-War in Canada".

Britain was getting ready now for the post-war period, stated the speaker. It was going to be a tough time and Canada also must get ready now for the tremendous post-war job of demobilization and reinstating.

Declaring that research must be started at once in order to have jobs for the vast number who would be returning after the war, he noted that B.C. Legislature had already appointed a non-party commission to study and report on the post-war possibilities. In addition, 15,000 residents of B.C. have expressed interest and willingness to do their part.

Professor Warren emphasized that the wealth of a nation was its raw materials and manpower.

The basic industries of B.C. were the products of the mine, the products of the farm and water power. B.C. had possibly 10,000,000 horse power. "Can we find use for it?" he asked. The water power had great possibilities, but the cost of development was not known.

"We must intelligently anticipate for the post-war period by having a carefully prepared plan, said Dr. Warren, who thought 30,000,000 a fair estimate of Canada's future population.

Declaring that this province was not beginning to use its private resources, Dr. Warren expressed the belief that after the war there would be a compromise between private enterprise and public ownership.

An interesting question period followed.

U. S. Bombers Keep Japs Out of Rangoon

NEW DELHI, India, April 18 (AP) — American bombardment squadrons have "practically denied" the port of Rangoon in Burma to the Japanese, Maj.-Gen. Clayton L. Bissell, Commander of United States Air Forces in India, said yesterday at a press conference.

He said this had been accomplished with negligible casualties, the Americans losing four killed and nine wounded on bombing missions since last October thanks to "protective armor and fine mechanical features" of their equipment.

Meanwhile Japanese railway supply lines were targets for bombers who struck at Mawlu, in Northern Burma, and for fighter planes that machine-gunned trains at low level in attacks yesterday, a British communique said Saturday.

Stallwood to Go to R.M.R. Camp

"Every member of the Rocky Mountain Rangers should go to camp," commented Trustee Fred T. Griffiths Friday night as the School Board granted permission to B. B. Stallwood, Hume School Principal, to attend R.M.R. annual camp at Vernon next month.

Mrs. Stallwood will take his class during his absence.

Superannuation Age Limits Raised

New superannuation regulations, under which women may be accepted in the scheme up to the age of 35 and men to the age of 40, are being studied by School Board members. Previously lower age limits applied.

Miss Crowell Resigns From Junior High

Resignation of Miss Charlotte Crowell from the Junior High School staff was accepted by the School Board Friday night. Miss Crowell, temporarily appointed to the Junior High staff, has been ill.

W. I. Ladies Hear Talk on Flowers Plants; Donate $10 to Crippled Children's Fund

The ladies of the Women's Institute learned how to care for cut flowers and plants at their April meeting Friday afternoon, when J. H. Coventry, florist, spoke to them briefly.

"It is a privilege and a joy to have flowers in the home," he said, "so they should be cared for specially, to make them last as long as possible.

"Bought flowers are always 'conditioned' from 24 to 36 hours before they are sold. They are put in a cool temperature since they absorb water faster in a cool place; in that way the flowers receive a surplus of water before being sold to a customer, and when they are brought into a warm room they stand the heat better.

"The best time to pick garden flowers is in the early morning, when the dew is still on them," he advised.

"It is also a good idea to cut a bit off the stems of bought flowers, since they quickly seal over at the stem base, and consequently prevent absorption of water through the stem. Cutting with a sharp knife is better than scissors since the latter leave a jagged edge.

"The foliage should be taken off that part of the stem immersed in the water to allow for free absorption of water and air, and at night flowers should be put in a cool place, but not in the domestic refrigerator, which is too cold.

PLANTS NEED LIGHT

"Plants and their care is a big subject," Mr. Coventry said, "but some of the general rules can be followed easily with most plants.

"Light is the most important thing to a plant. Heavy drapes in the house can prevent the sunshine from helping the growth of the plant. An ideal location, if it is possible, is a small conservatory or sun porch where there is plenty of light.

"Plants shouldn't be stood in water—it sours the soil. Fertilizers are good food for plants, and sour soil may also be a result of putting a small plant in a large pot, because the soil sours if roots are not spread throughout."

Mr. Coventry mentioned that "the Nelson Garden club competitors are now divided into two classes. Class A are those who have already won nickel cups, and Class B are those who have not yet won a cup. Class B competitors are entitled to enter the Class A gardens if they wish, but the Class A gardens cannot be entered in the Class B."

He stressed the value and need of growing vegetables and warned that "the labor shortage in California is forcing us to depend on ourselves for our vegetables.

"But it is good for the morale of the people to have flowers, and when you are growing or handling flowers, remember that they are God's smiles."

DONATED TO SOLARIUM

At their business meeting the ladies' voted that a donation of $10 be made to the Othoa Sc[illegible] dowment Fund, for the C[illegible] Children's Solarium.

The Institute is sending [illegible] Bundles of B. C. for mate[illegible] make clothing for the Polish [illegible]

Mrs. W. Postlethwaite, Se[illegible] called attention to the Insti[illegible] Day on August 28.

A bulletin was read [illegible] Provincial and Federal Co[illegible] of Women's Institutes, s[illegible] this year at Victoria, in Jun[illegible] not be held, because of tra[illegible] tion and accommodation [illegible] ties.

War stamps were sold [illegible] meeting, totalling $5.

The Tea Committee was c[illegible] ed of Mrs. C. A. McIr, Mrs [illegible] Penny and Mrs. H. E. Stuart [illegible]

Mrs. F. E Wheeler, Presid[illegible] in the chair.

Plan Broadcasts From Canadian Troops Overseas

TORONTO, April 18 (CP)—[illegible] for radio broadcasting from [illegible] front line with the Canadian t[illegible] have been announced by Dr. J[illegible] S. Winnipeg Rangers Slip 6-5 Victory Over Heavily-Favored Oshawa Generals in Junior Final Opener

By FRASER MacDOUGALL
Canadian Press Staff Writer

TORONTO, April 18 (CP.) — The fleet Winnipeg Rangers sped to a surprising 6-5 triumph over Oshawa's heavily-favored Generals Saturday night in the opening game of the best-of-seven series for the Memorial Cup and the junior hockey championship of the Dominion.

The fast skating Winnipeg squad ick-checked the powerful Eastern Canadian champions dizzy almost om bell to bell and cut loose with a all-out offensive in the second period of a thrill-packed game to score four goals which clinched the victory.

While the Generals scored two goals in the first period and got two more in the first half of the third, they weren't really rolling in high gear until the closing minutes of the game when they cut loose with a powerful attack which produced one goal and only fell short of equalizing the score because of the spectacular play of Doug (Stonewall) Jackson in the Winnipeg nets.

The two teams, who meet here tomorrow night in the second game of the series, maintained a dazzling pace all the way and the 12,739 fans were kept in an uproar.

The Generals, weakened by the absence through injuries of Winger Floyd Curry who may be out of action for the series, went into an early lead on a brace of first period goals scored by Chuck Scherza. The first was set up by Defenceman F. Bennett who stickhandled his way into the Winnipeg defence zone before passing to the winger. Don Battern, the only Oshawa native son to take part in the game, made the play for the other. He returned from serving a penalty in the midst of a Winnipeg power play and joined with Scherza in a goal-getting dash.

Act. Edie Coleman, a member of the R.C.A.F., provided the assist for Winnipegs' first-period goal, with Defenceman Bill Boorman firing the puck into the net.

Cal Gardner started the Rangers' second-period outburst on the first play. Taking the puck from the face-off he weaved right through to whip the puck past Harvey Bennett.

Coleman got the first of his two goals on a play with his linemates, Church Russell and Mickey McDonald. His second was scored unassisted after a sensational bit of stickhandling inside the Oshawa blue line. Russell got the Rangers' fourth of the period, assisted by Coleman and McDonald.

GOAL DISPUTED

Blond Ronald Nelson put Oshawa back into the game with a disputed goal in the third period, getting the puck into the net on a headlong rush in which he followed it right into the goal. The Winnipeg team disputed the goal vigorously and there were roars of disapproval from the fans.

Russell tallied for Winnipeg on a neat backhand shot with Coleman getting the assist. Nelson got his second of the game midway through the period, Eddie Reigle getting the assist. Ken Smith scored on Nelson's assist with less than two minutes to go as the Oshawa team turned on the heat.

There were five penalties. Batten drew two in the first period for tripping while Ben Juzda, brother of Bill of National Hockey League fame, got one for boarding. Russ Johnstone and Gardner were fenced for high-sticking in the second.

Lineups:

Winnipeg: Jackson, goal; Boorman, Irvine, defence; Russell, center; Coleman, McDonald, wings. Subs: Juzda, Peterson, Vickers, Gardner.

Oshawa: H. Bennett, goal; Reigle, Johnstone, defence; Nelson, centre; Batten, Scherza, wings. Subs: F. Bennett, Tilson, Ezinicki, Smith.

Officials: Hap Shouldice, Ottawa, and Ike Morrison, Moose Jaw.

Summary:

First period: 1, Oshawa, Scherza (F. Bennett) 7:29; 2, Oshawa, Scherza (Battern) 15:27; 3, Winnipeg, Boorman (Coleman) 17:28.

Penalties: Battern (2), Juzda.

Second period: 4, Winnipeg, Gardner :08; 5, Winnipeg, Coleman (Russell, McDonald) 3:51; 6, Winnipeg, Coleman 9:06; 7, Winnipeg, Russell (Coleman, McDonald) 14:16.

Penalties: Johnstone, Gardner.

Third period: 8, Oshawa, Nelson 6:40; 9, Winnipeg, Russell (Coleman) 7:57; 10, Oshawa, Nelson (Reigle) 10:13; 11, Oshawa, Smith (Nelson) 18:11.

Penalties: None.

First Big League Ball Game Scheduled Tuesday

NEW YORK, April 18 (AP)—Baseball opens another war-shrouded season this week with the curtain raised Tuesday at Washington when the Senators play Philadelphia Athletics a day ahead of the getaway for other clubs.

On Wednesday all 16 clubs are carded for action with this schedule:

National League—St. Louis at Cincinnati, New York at Brooklyn, Pittsburgh at Chicago, Philadelphia at Boston.

American League—Washington at New York, Boston at Philadelphia, Chicago at St. Louis, Detroit at Cleveland.

Canadian Runner Repeats in Boston Marathon

By BILL KING
Associated Press Sport Writer

BOSTON, April 18 (AP)—Little Gerard Cote, a Canadian infantry sergeant stationed at Valleyfield, Que., became the sixth repeater in the 47-year history of the famed Boston A.A. Marathon today when he finished a minute, 38 1-5 seconds ahead of Pfc. Johnny Kelley of the United States Army, 1935 winner. They had raced side by side over all but the last five miles of the hilly 26 mile-385 yard stretch.

Cote, native of Ste. Hyacinthe, Que., who gained his first B.A.A. victory in 1940 and finished eighth or better in all the other races back to 1937, was timed in 2:28:25 4-5, only a minute and 34 3-5 seconds slower than the world's fastest marathon time turned in by last year's winner, Joe Smith of Medford, now serving in the United States Coast Guard.

Most of the other favorites in the small starting field of 80, which included four other former winners, were among the earliest to reach the finish line. Fred McGlone if Boston, the current National Marathon titlist, was a close third in 2:30:41; Lloyd Bairstow of Boston, now in the United States Navy, was fourth in 2:33:47 and Leslie Pawson of Pawtucket, R.I., thrice a B.A.A. victor, was fifth in 2:35:58.

Thousands Mob Gates in Soccer Match

GLASGOW, April 18 (CP.) — (CP Cable).—Mob scenes believed unprecedented in British sporting history marred Saturday's international soccer match here in which England defeated Scotland 4-0 to gain its fifth victory in inen wartime starts. The crowd was announced as 105,000, 3,000 more than the police limit for Hampden Park, but observers said it was closer to 140,000.

When this wartime record throng rushed the gates as they opened hundreds were caught and jostled in the jam and 64 spectators were treated for minor injuries, including several who were hurt climbing the fences surrounding the stadium. One middle-aged woman died of a heart ailment while watching the game. There were many fainting cases.

Admission was not limited to ticket holders as is the custom in big matches held in London. Only 14,000 reserved seats were sold and the rest of the grounds were thrown open to the public through admission turnstiles.

Thousands of persons who had walked miles arrived at the park an hour before the game to find the gates closed and a mass of humanity clamoring for admission. A group of soldiers helped each other over the 10-foot fence and within a few minutes hundreds of others, including many women, joined them. The police finally gave up attempts to stop them.

One gate which was opened for women and 3500 members of the Boys Brigade was rushed by the crowd and hundreds forced their way through without paying admission.

Sports Roundup

BY HUGH FULLERTON, JR.
Associated Press Sports Writer

NEW YORK, April 18 (AP)—After a couple of days with nothing to do but think, this dept. is ready to nominate Branch Rickey as the most courageous cuss in baseball . . . Not content with having Bobo Newsom, Rube Melton and Ducky Medwick as the Dodgers' headache club, he takes on Johnny Allen, too . . . At that, the Deacon may be smart. Leo Durocher likely will be too busy running his own ball club to stir up much trouble with the rest of the League.

TODAY'S GUEST STAR

Bronko Kuhl, Berger (Tex.) Daily Herald; "With high school boys in Victory Corps and Army and Navy cadets in colleges, we wonder if during next Fall's grid season a 'buck private' will be busted or court-martialled for failing to make a first down."

IT'S A BET

Pat McNair, who has jumped from Class "D" baseball to a "Double-A" job with the Buffalo Bisons this Spring, doesn't want to be known as Eric McNair's kid brother . . . "Before I left home," says Pat, "I bet Eric that I'd be the best ballplayer in Meridian, Miss., by the end of the season and five bucks additional that I'd outhit him." P. S.: Eric played for Buffalo two years ago and hit .340.

Count Fleet Wins Easily Despite Injury to Foot

By SID FEDER
Associated Press Sport Writer

NEW YORK, April 18 (AP) — In spite of a gashed foot, Count Fleet mopped up just about all the Kentucky Derby's Eastern delegation Saturday by taking the Wood Memorial at Jamaica.

He came home four lengths in front of seven other Derby eligibles, after suffering the cut in his left hind foot in a schamble at the starting gate.

Although the wound bled considerably, it was not regarded as serious. So tonight the tall son of Reigh Count pointed to the $75,000 bank roll waiting at Churchill Downs May 1.

Mrs. John D. Hertz's entry won $30,150 Saturday and left Allen Simmons' Blue Swords four lengths behind, with Jockey Johnny Longden of Taber, Alta., easing him up from the eighth pole to the wire.

Although he had no competition, he hit the wire in 1:43 for the 1 1-16th miles, just two-fifths of a second off the track record. He ran, in fact, just as a 1-to-4 shot should run, and that's what the crowd of 24,074 made him—62.50 for $2—as they poured $196,192 into the mutuel machines on him, smashing all records for the "support" ever given one horse in New York. Previously, the high had been $149,000 "invested" on Whirlaway in the Suburban Handicap at Belmont last May.

Only two of the trainers said after the race that they were even sure they would go to the Derby. These were Don Cameron, who keeps the eagle eye on the Count, and Walter Kelley, Blue Sword's conditioner.

W. E. Boeing's Twoses came from far back to finish third, six lengths behind Blue Swords. Slide Rule, regarded as the No. 1 horse in Boeing's barns since Devil's Thumb was injured, finished fifth, a length behind Texas Ben Whitaker's Pop's Sick. Bringing up the rear were Modest Lad, Mrs. Payne Whitney's Four Freedoms and Vincentive, in that order.

With his victory, the Count boosted his earnings to $96,345.

Ocean Wave and No Wrinkles Look Like Derby Starters

LOUISVILLE, Ky., April 18 (AP) —Warren Wright's Ocean Wave and Mrs. E. V. Mars' No Wrinkles looked like definite Kentucky Derby starts as they finished one-two in Keeneland's Elmendorf Purse Handicap at Churchill Downs Saturday.

In the $1200 race Ocean Wave led No Wrinkles to the wire in a photo finish by a scant head. Two and a half lengths back came Valdina Farms Vardina Sol, which in turn outdistanced All Hoss by eight lengths for the show position.

Ocean Wave, now considered one of Derby favorite Count Fleet's strongest challengers, went the distance in 1:19 4-5ths, not considered overly impressive despite a slow track.

Senior Teams Set for Opener Tonight

WINNIPEG, April 18 (CP)—Both Ottawa Commandos and Victoria Army were confident tonight on the eve of the opening game of the Allan Cup Senior Hockey Championship series here tomorrow night.

Both clubs had workouts during the weekend, the Commandos displaying speed and passing before more than 300 railbirds while Victoria added the finishing touches to plays behind closed doors.

Hundreds of Winnipeg fans, anxious to watch former city players, who provide much of the attacking power of both clubs, in action tomorrow were disappointed when the "sold out" sign was hung outside the Amphitheatre rink four days before the series begins. More than 5000 other fans will fill the rink to the rafters.

Coach Alex Smith of Ottawa, while predicting a tougher struggle than the Eastern final last week, said his club is "quite confident and has a good chance". In the next breath, he added, "we haven't seen the Victoria Army play . . . they must be good to have put out Winnipeg."

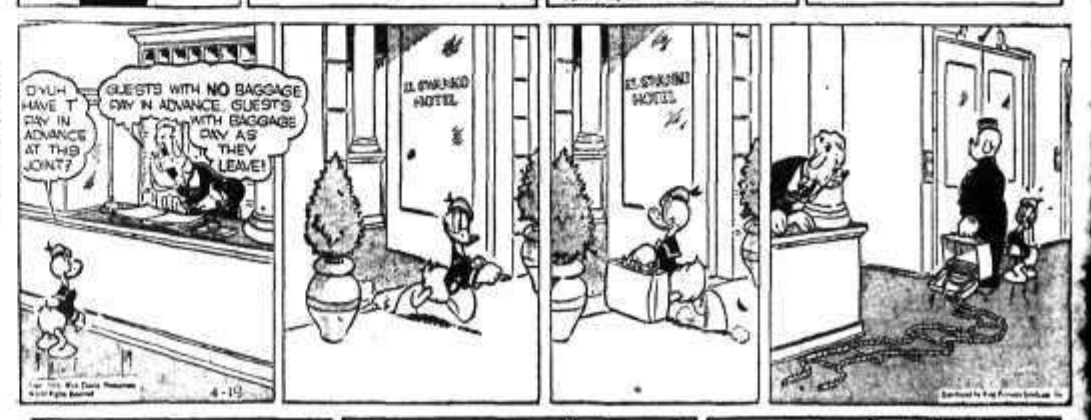
BRINGING UP FATHER

DONALD DUCK



THE CUMPS

BLONDIE

Contract ... By Shepard Barclay

FAVOR THE MAJOR

WHEN THERE is a suit in which your side possesses a total of eight cards, you can nearly always take ten tricks with it as trump more safely than you can take nine at No Trumps. That is not necessarily so if the dummy has a 4-3-3-3 distribution, with no short place to use its trumps. But when any other distribution prevails, you will usually find that an eight-card major suit offers a better game try than No Trumps, even when all suits are stopped.

North: ♠ 10 9 8 5 3 ♥ Q J 10 ♦ 4 ♣ K Q 10 6

West: ♠ K Q J ♥ K 4 ♦ Q 10 9 8 5 3 ♣ 7 4

East: ♠ 7 6 4 2 ♥ 8 7 3 ♦ K 7 2 ♣ A J 8

South: ♠ A ♥ A 9 6 5 2 ♦ A J 6 ♣ 9 5 3 2

(Dealer: South. Neither side vulnerable.)

South	West	North	East
1 ♥	2 ♠	2 ♠	Pass
2 NT	Pass	3 ♣	Pass
3 NT			

South blamed North, after this deal, for the side never reaching a heart game, which was unstoppable, as there was no need to lose anything in that contract except two tricks in clubs and one in trumps, as two diamonds could be ruffed. It was his contention that North should have raised hearts on his second turn instead of calling 3-Clubs. The fact that this raise was not given on the first round could not have misled South into thinking he had four-card support in case South had only a four-card suit.

South is really the one who fumbled, however. Not so much by bidding No Trumps on his second turn, but by not then rebidding at 3-Hearts when North's 3-Clubs came to him. That would have let North know he had a five-carder, and the latter would then have gone to 4-Hearts in rubber bridge, which it was.

The No Trump game was beaten quickly. The diamond 10, covered by the K, brought a hold-up from South, who took the third diamond. When he later lost to the club A, he was slaughtered by the rest of the diamonds.

• • •

Tomorrow's Problem

North: ♠ K J T 5 4 3 ♥ 8 6 3 2 ♦ K ♣ K 4

West: ♠ A 8 6 ♥ None ♦ A Q J ♣ Q J 10 9 7 6 3

East: ♠ Q 10 9 ♥ K Q J 9 4 ♦ 8 7 6 2 ♣ A

South: ♠ 2 ♥ A 10 7 5 ♦ 10 9 5 4 3 ♣ 8 5 2

(Dealer: East. Both sides vulnerable.)

What is the soundest bidding by East and West on this nasty mis-fit?

KING OF THE ROYAL MOUNTED

Carnations Are Offered on Farmers' Market

Bedding plants, already in the spotlight on the Farmers' Market at Nelson, held expanded interest on Saturday. Additional plants were offered, and the number of each variety of plants was considerably greater.

Carnations at 60 cents a dozen were new. Perrenials sold at 15 cents each and up.

The price of pansies changed. Where a week before they were quoted at 50 cents to $1 a dozen, the price on Saturday was three for a quarter for large plants and 50 cents a dozen for others.

Vegetables, eggs and meats were unchanged.

Cariboo Gold Quartz Production Drops

VANCOUVER, April 18 (CP.) — Reflecting the present manpower shortage, operations of Cariboo Gold Quartz Mining Company for 1942 showed a loss. Value of production declined to the lowest point since 1937. It amounted to $1,339,431, netting 8.1 cents a share compared with 1941's figures of $1,900,006 and 19 cents.

Estimated ore reserves on Jan. 31, 1943, were 423,311 tons with an average grade of .398 ounces of gold a ton. This includes 35,524 tons of marginal ore from the viewpoint of present costs. Value of reserves at $38.50 an ounce was $6,500,000. Net decrease in reserves for the year was 18,361 tons.

Sheep Creek Gold 9-Months Output $628,000

VANCOUVER, April 18 (CP) — Production of Sheep Creek Gold Mine in the nine months ended Feb. 28 was $628,309, the Company reports. This was from 31,201 dry tons of ore milled.

Cost of production, including mining, current development, marketing, treatment and general administration was $323,948. Operating profit before depletion, depreciation and taxes is estimated at $424,735 and provision for mineral, income and excess profits taxes, $107,263. Estimated net profit for the nine month period was $234,657 or 12½ cents a share.

ZINCTON PROFIT $67,000

Zincton Mine, in which Sheep Creek is interested, has estimated smelter returns from June 1, 1942, to February, of $334,671 and estimated profit was $67,119 equal to 3.6 cents a share on Sheep Creek stock.

Market Trends . . .

NEW YORK, April 18 (AP)—Buyers nibbled at selected oils, rails and specialties but further lightening of commitments retarded many leaders elsewhere.

Issues selling under $10 a share were the liveliest performers and this, brokers suggested, indicated that smaller investors and traders remained on the optimistic side and were putting idle funds to work in these stocks on the hope of larger capital appreciation than in the high-quoted blue chips and pivotals.

TORONTO—Prices were fairly strong for the industrial issues but the gold stocks were weak and other groups held about even, in the average, with Friday's close.

Utility, food, senior oil and steel stocks posted a margin of gains over losses and papers were lower.

MONTREAL—Price adjustments were irregular.

Brazilian was a feature and moved up to a new high in utilities.

Industrials moved irregularly and mines were easier in transactions on the curb market.

VANCOUVER — Oils took the spotlight on the Vancouver market. Trading was quiet.

WINNIPEG— May wheat closed one cent lower at 95¾ cents a bushel July 1⅛ cents lower at 96⅝ cents and October 1⅛ cents lower at 97⅜.

Prices slipped from early upturns on hedging sales and slackening of support late in the session.

Cash wheat trade was featured by the sale of more than 1,000,000 bushels of No. 1 Northern to shippers and exporters.

CHICAGO—Wheat advanced on a little mill buying and strength at Kansas City, imparting firmness to other grains. Trade reports from Kansas said demand for cash wheat was good, with prospects that little will be for sale after April 30, when government loans on warehouse stored grains are due.

Steamer, Buses and Trucks Maintain Railway Passenger and Express Traffic While Bridge Under Repair

Old and new methods of transportation are being used jointly to maintain railway passenger and express traffic through Southern Interior British Columbia. Freight traffic is temporarily tied up. This is the result of a settling movement of the railway bridge at Kootenay Landing. The East end of the bridge has dropped below its established level and until repairs can be effected the bridge is not being used.

Passengers, baggage and express in the meantime are being transported across Kootenay Lake by steamer, and then are being brought back to the railway by bus and truck. The Steamer Moyie is carrying them between Procter and Gray Creek, and buses and trucks are carrying them between Gray Creek and Sirdar.

TRAINS HELD BACK

The transfer is resulting in loss of time, the morning traffic from the East, due in Nelson about 10 a.m., reaching Nelson shortly before 5 p.m. The train from the West due out of Nelson at 1:30 a.m. is expected to leave about 4:30.

Meanwhile work of bringing the East end of the bridge back to its proper level is being rushed. The crews are working under considerable difficulty due to the rising level of Kootenay River, which empties into Kootenay Lake within a few feet of the bridge and also due to the nature of the ground—deep delta silt.

Settling of the bridge was noted early Saturday morning after a freight train had passed.

ATTEMPT TO WRECK TRAIN CARRYING NAZI CHIEF IN DENMARK

STOCKHOLM, April 18 (AP)—An attempt was made recently to wreck the train on which Gen. Hermann von Hannecken, Commander of German occupation troops in Denmark, was riding, it was learned today.

Horton Member of Timber Committee

R. E. Horton of the W. W. Powell Company Ltd., Nelson, has been appointed a member of the Timber Advisory Committee for Southern Interior British Columbia. Other members of the Committee are Henry Turner of Kamloops and J. G. Struthers of Vernon. Hugh Dalton is Secretary of the Committee, but not a member.

Mr. Horton is carrying on as a member of this committee the work he formerly performed in this district for the Timber Controller.

HITS SCORED IN RAID ON NAPLES

CAIRO, April 18 (AP)—Heavy bombers of the Middle East Command raided Naples again Thursday night, scoring bursts on the quays, moles and buildings of the harbor, a communique announced yesterday.

Messina, on the Northeast tip of Sicily across from the Italian "toe" and Rossano, in South Italy, also were targets, with bursts seen in the area of a power station and railway lines, it was said.

Gold Output at Sheep Creek Mine Is Higher

VANCOUVER, B.C.—Tonnage of ore milled at Sheep Creek Gold mine in March at 4398 was slightly below the recent average but grade of ore was up considerably with result that value of output at $76,791 was the best since last July. Per ton recovery was $17.48 against $15.04 in February and against $14.98 for three months ended Feb. 28. The March production compares with $61,493 in February. The March performance has not been bettered since last July when $85,045 was reported from 4872 tons, an average of $17.64. These figures do not include value of production from the company's Zincton Mine which, it is understood, is preparing for larger-scale output.

Change in Service

ARROW LAKES

England Defeats Scotland 4-0

LONDON, April 18 (CP Cable)—A record wartime football crowd of 105,000 Saturday watched England defeat Scotland 4-0 in an international soccer match at Glasgow's Hampden Park. It was England's fifth victory in nine wartime internationals.

Horace Carter, Sunderland forward, paced the winners with two goals while Arsenal's Les Compton and Wolverhampton's Westcott added the others.

The closing stages were marred by rough play. England led 3-0 at half time.

Other outstanding matches included first games of the League North Cup home-and-home total goal semi-final series with Blackpool defeating Aston Villa 3-1 and Sheffield Wednesday whitewashing York 3-0 before a crowd of more than 35,000.

Charlton qualified for the final of the League Cup South by edging out Reading 2-1 at Tottenham while 20,000 watched. Arsenal faces Queen's Park Rangers in the other semi-final next week end, with the winner meeting Charlton in the Wembley final.

Lovell's Athletic trounced Aberranman 3-0 in the League Cup West competition while Bath defeated Cardiff 4-3.

In the first round of the Scottish Northeastern League's Cup competition, Dumbarton beat Hearts 3-1 and Dunfermline upset Dundee United by the same score.

Scores in the Northern League scheduled games included the following; Manchester City 2, Chesterfield 1; Barnsley 4, Sheffield United 1; Manchester City 3, Oldham 0; Sunderland 1, Bradford 9; Liverpool 3, Southport 9.

Currie Army Team Takes Western Intermed. Champions

CALGARY, April 18 (CP)—Two clubs that sparkled with National Hockey League stars—some past and some present—provided over 2000 enthusiasts with an interesting display at the Arena Saturday night when Currie Army, Alberta Service Senior League Champions, secured the jump against Buffaloes, Intermediate Champions of Western Canada by taking a 7-4 decision in the first game of the best of three city title playoff. Second game is scheduled at the Arena Monday night with the third, if necessary, on Wednesday night.

Lorne Carr of the N.H.L. 1943 All-Stars, and Kenny Stewart, with two goals each set the pace for Army. Don Deacon, Tony Desmarais and Harold Scott also tallied for the Soldiers. Forsey, Hergert, Schriner and Cairns were the marksmen for Buffaloes.

Missing Football Flier Found

SAN JUAN, Puerto Rico, April 18 (AP)—Headquarters of the Antilles Air Force announced today that Lieut. Thomas Dudley Harmon, well known American football player, reported April 14 to be missing "in the South American area," has been found.

The All-America football player from Michigan crashed in a South American jungle, but the location was not further identified. The fate of other members of his crew was not disclosed.

Harmon, missing since April 8, reached a South American base.

Bonnington

BONNINGTON, B. C. — Mr. and Mrs. W. C. Motley were Willow Point visitors, opening up their Summer home.

Miss Bertha Ridge, who has been a patient in Kootenay Lake General Hospital, Nelson, returned home Thursday.

Mrs. M. MacDonald of Nelson visited her son-in-law and daughter, Mr. and Mrs. Jesse Ridge at Corra Linn.

Mr. and Mrs. R. Greyson visited Nelson.

J. H. Jerome and son Jack spent Friday in Nelson.

Mr. and Mrs. E. C. Johnson and their daughter Miss Dorothy Johnson, R.N., were Nelson visitor on Friday.

11 More Bond Workers at Brilliant Plant

Eleven more employees who will help to sell Dominion Government bonds at the Kootenay Engineering Company plant at Brilliant have been added to the roll of volunteer workers, officials at district headquarters at Nelson have been advised.

They are J. Bauer, H. Woods, W. Relbin, W. Dimiskoff, P. Hucal, W. Nixon, R. Dyke, D. Dar, T. Worley, S. Kulash and P. Procter.

Additional volunteers are handing in their names, and on Wednesday team captains, with the men comprising each team, will be announced.

An enthusiastic campaign at the Kootenay Engineering camp is gathering strength, reported H. A. Matthews of the headquarters office.

An additional incentive to buy the bonds has been provided by the posting of a $50 bond as a prize. Every purchaser of a $50 unit will have an opportunity to win the prize. Purchasers of $100 units will have two opportunities, purchasers of $500 unit 10, and so on.

Thompson, Jarrett Top Bowlers

U.I.C.'s Pinbusters' P. Thompson, reversing her performance of last week, rolled a 222 single and a 392 aggregate in Friday night's Junior Ladies Bowling Club five-pin series games, to climb into the high scorers bracket. She shared honors with Bertha Jarrett of the Savoys, who toppled the maples for 201 and 319.

Game scores were Pinbusters over Rookies 1609-1185, and Queens over Savoys 1284-1221. Teams and scores were:

PINBUSTERS	1st	2nd	Tot
H. Duclos	148	121	269

"Atonement" Subject of Lesson-Sermon

"Doctrine of Atonement" was the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday.

The Golden Text was: "Grace be to you and peace from God the Father, and from our Lord Jesus Christ, who gave himself for our sins, that he might deliver us from this present evil world, according to the will of God and our Father" (Gal. 1: 3, 4).

Among the citations which comprised the lesson-sermon was the following from the Bible: "Then he called his twelve disciples together, and gave them power and authority over all devils, and to cure diseases. And he sent them to preach the kingdom of God, and to heal the sick." (Luke 9: 1, 2).

The lesson-sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christians claim to be his followers, but do they follow him in the way that he commanded? Hear these imperative commands: 'Be ye therefore perfect, even as your Father which is in heaven is perfect!' 'Go ye into all the world, and preach the gospel to every creature!' 'Heal the sick!'"

Slocan Park School Beats Passmore 9-7

SLOCAN PARK, B. C., April 18—Slocan Park School soft ball team played Passmore School Friday and won 9-7.

TOMATOES COST $4 A POUND IN ENGLAND

LONDON April 18 (CP)—Tomatoes were priced at $4 per pound today in several outlying towns. They will sell for 35 cents a pound Monday when they come under the season price control.

Flood Possibilities Depend Upon Temperature, Precipitation; Above Normal Runoff Indicated

"Any menace from floods will depend upon temperatures and the precipitation during April and May—if both are normal the danger will not be great. However, high temperatures and heavy rains occurring at the same time will greatly increase the possibility of such a menace," states S. H. Frame, Hydraulic Engineer in a report to E. Davis, Comptroller of Water Rights for B.C., on snow surveys and run-off probabilities, as on April 1. His report covers the Columbia, Kootenay and Okanagan basins, and the Coastal Belt adjacent to Vancouver.

In his summary Mr. Frame stated "snowfall of the past Winter approached more nearly to that of normal years or to that which fell previous to 1940 . . . The water content of the snow is high . . . This would be due—to a considerable extent—to lower than recent Win-temperatures. There was no mid-Winter thaw . . .

"It is expected that there will be a good water season and that all reservoirs will soon reach their capacity amount. Stream flow should be well sustained."

Dealing with specific areas, Mr. Frame reported:

"Okanagan Basin:

"The depth of water in the snow cover in this area is 115 per cent of an eight-year average, and about 75 per cent greater than last year. Using a soil moisture index figure of 0.57, it is expected that the inflow to Okanagan Lake will be about 215,000 acre-feet during the period from April to July.

WATER IN SNOW HIGH

"Kootenay-Columbia Basin:

"The depth of water in the snow cover in this area is 185 per cent of that of 1942 and 138 per cent of average. There was no loss of water content during the Winter except for that lost through evaporation from the snow surface. There is every evidence of a heavy snowpack at high elevations with a consequent high water content.

"East Kootenay—The Elk River at Elko is expected to flow about 135 per cent of its average, giving about 1,575,000 acre-feet from April to August. The Kootenay River at Wardner is predicted to have a flow of 117 per cent of average, or 5,539,000 acre feet. Smaller streams in this area will probably have a little better than average flow.

"North Kootenay area—Inflow at the North end of Kootenay Lake is estimated at 118 per cent of average, or a flow of about 2,708,000 acre-feet, from the Lardeau and Duncan Rivers, between April 1 and August 31.

"West Kootenay and Arrow Lakes area—The Kootenay River at Glade should flow 122 per cent of its average, or 18,730,000 acre-feet during the April to August runoff. The Slocan River at Crescent Valley will probably give a discharge of 30 to 40 per cent above its average.

COLUMBIA AT TRAIL 106 PER CENT

"Columbia River—The water content of the snow cover at eleven snow courses varying in elevation from 1800 feet to 4500 feet is 67 per cent above that of last year and 131 per cent of average. The runoff at Golden is estimated at 116 per cent of average or about 2,434,000 acre-feet; 104 per cent at Revelstoke or 18,384,000 acre-feet; and at Trail 106 per cent or in the vicinity of 42,713,000 acre-feet. A 20-year average has been obtained for the runoff of the Columbia River at Golden and Trail for the period April 1 to August 31."

In the Coastal area, Mr. Frame reported, "there is a much greater accumulation of snow than for a number of years." He anticipates reservoirs "should soon come up to capacity and be well sustained throughout the season."

"The foregoing forecasts are intended to show what may be expected, providing normal conditions relative to temperature and precipitation prevail during the period April to August," Mr. Frame's report concluded.

Victoria Airmen Two Up in West Hoop Finals

VANCOUVER, April 18 (CP) — Victoria R.C.A.F. defeated Edmonton R.C.A.F. Devils 66-46 here Saturday night and took a two-game lead in their best of five series for the Western Canada basketball championship. Victoria won the first game Friday night 48-40. The third game will be played Monday.

The Victorians coasted to an easy victory, outscoring their opponents in every quarter.

L. Cpl. Ian McKeachie with 18, Olie Goldsmith 15 and L. Cpl. Ralph Pay led the Victoria attack. Goldsmith got 13 points in the first half while McKeachie sank all of his in the second half.

Ac. 2 Jimmy Bardsley paced the Alberta team with 16; Ac. 2 Johnny Kaminsky scored 13.

Honors Awarded to Windermere Men

INVERMERE, B. C.—Two certificates of the Royal Canadian Humane Society were awarded to Windermere men last night for the gallant rescue of one man and the attempt to rescue another from the icy waters of Lake Windermere almost a year ago.

The presentation was made by A. M. Chisholm, Government Agent for the Windermere District, to Stanley Haverland and Hal Bavin for heroism and presence of mind in the attempted rescue of Alfred Traschiel and the rescue of Richard Clement on April 21 of last year when their boat capsized during a storm.

A large audience of Windermere District citizens witnessed the presentation which took place in the Legion Hall, Thelmer.

GLASGOW (CP) — During the past 12 months 1,199,918 tons of pit props taken from Scottish forests, many of them hewn by Canadian forestry men, have been forwarded to British collieries.

15 GIRLS OUT FOR FIRST BALL PRACTICE HERE

Fifteen girls turned out at the Recreation Grounds Sunday afternoon for initial softball workout of the 1943 term. Slim Porter, coaching, put the candidates through a 1½ hour fielding and batting practice.

The turnout will form the nucleus for two teams, while a third, to make up the proposed league, will be entered by High School girls. The hope was expressed at the softball organization meeting last week that the students would be willing to enter into a pool from which three evenly balanced squads could be chosen.

The girls will practice again Wednesday.

Benoit Scores Three as Victoria Defeats Canadiens

LOS ANGELES, April 18 (CP.)—Victoria Navy edged out a 6-5 win over Montreal Canadiens here in the third game of an exhibition benefit hockey series. The National Hockey League team had won the first two games of the four-of-seven series.

Scorers for Victoria were Chuck Millman, Leo Lamoureaux, Doug Bentley, Charlie Sands, Howie Hill and Max Bentley.

Montreal snipers were Joe Benoit with three, Buddy O'Connor and Elmer Lach.

SLOCAN CITY

SLOCAN CITY, B.C.—Miss G. L. Reynolds, Matron of the Japanese hospital here, visited Nelson on Monday.

John Baillargeon, who is employed at Silverton, was a visitor here Tuesday.

H. D. Lea was a visitor to Nelson.

Cpl. M. E. Shannon of Victoria, who was on his way through to New Denver, called on his father-in-law, T. J. Armstrong, Tuesday.

Interpreting The War News

CARL C. CRANMER
Associated Press War Analyst

The North African battleground which has served as a bloody laboratory for development of Allied technique in mobile tank warfare and in aerial cooperation with troops may be the fiery test tube of British and American methods in yet a third phase—the scientific attack on modern systems of fixed fortifications under conditions of siege.

All the indications are that Hitler has ordered his forces in Tunisia to emulate the 6th army at Stalingrad.

If the Allies are successful in blasting open and capturing this bristling bridgehead with comparatively small casualties the result will be far more decisive than appears on the surface.

It would pretty well demolish Hitler's last dream—a successful defence of the Fortress of Europe and its system of forts within a fort.

On the other hand if they win all Tunisia but at terrific cost, Axis hopes will soar and for the Allies the red flag of danger will be raised along the banners of victory.

At this time the chances are good that the Allies will win in Tunisia their greatest victory of the war next to Stalingrad and will capture or otherwise eliminate close to 200,000 German and Italian troops.

But if the victory is at high cost it will raise the question as to whether United Nations manpower is equal to the drain of a succession of sieges all the way from the beaches of Dieppe or Marseille to the heart of Hitlerland.

The Germans have learned the strengths and weaknesses of all the systems of defence evolved by European military science. They captured the secrets of the Czecho-Slovak defence system intact. They have had an opportunity to study at first hand the advantages and disadvantages of the Mannerheim Line in Finland, the Maginot Line of France and the Mareth Line of Tunisia are well known to them.

They have learned much from the Russian system of defence, and they understand by now the heretofore unsuspected resistant qualities of a battered city whose every street, building and pile of masonry must be taken in a separate bloody operation.

They can be relied upon to put all these lessons to use and to try new methods of their own in preparing their defences.

It remains to be seen what plans the Allies have thought up to reduce steel and concrete forts and bunkers, protected by belts of mines, barbed wire, trenches, tank traps and other obstructions.

ARRIVES OVERSEAS

Signalman Leo McKinnon of Vancouver, formerly of Nelson, has arrived safely overseas, his grandmother, Mrs. F. McKinnon, Baker Street, has learned. Signm. McKinnon was active in junior sport circles in Nelson, especially in hockey and lacrosse. He is the son of Mr. and Mrs. Leo McKinnon of Vancouver.

Tenth Welder Held on Sabotage Charge

BALTIMORE, April 18 (AP) — The Federal Bureau of Investigation announced Saturday the arrest of a tenth Baltimore shipyard welder on a charge of sabotaging vessels by doing defective welding.

E. A. Soucy, Agent in charge of the Baltimore F.B.I. office, identified the man as Lester Bishop, 27, native of Warfordsburg, Pa.

Eight others were arrested Friday, and one man—jailed by the F.B.I. several weeks ago—already has been convicted on a charge of violating the Wartime Sabotage Statute. He is to be sentenced Monday, while the other eight are to be given further hearings before a U.S. Commissioner April 22.

Bishop will be given a hearing Monday.

The F.B.I. Agent also said that the Bureau's records showed that Bishop was sentenced to five years in the Maryland State Penitentiary Dec. 13, 1933, for robbery, and sentenced March 16, 1938, to two years in the Maryland House of Correction for carrying a deadly weapon and assaulting an officer. He was released in September, 1939, Soucy added.

Crawford Bay W. I. Gains $19 at Easter Novelty Sale

CRAWFORD BAY, B.C.— The monthly meeting of the Women's Institute was held in the Hall April 15. Receipts and letters of thanks for donations were received from the Queen Alexander Solarium and the local Cemetery Board.

The Institute decided it could not undertake the sale of war bonds. There was also a resolution from the Needles W. I. asking for Government permission for an extra ration of gas and tires to some responsible person to enable them to carry patients to a doctor and hospital from isolated districts. This resolution was endorsed.

It was decided to hold a small sale at the May meeting. Mrs. Mooney and Mrs Richardson were hostesses for the afternoon.

A successful sale of Easter novelties and miscellaneous articles was held following the meeting. Although the usual Easter candies could not be purchased, members showed what could be done in artistically dyeing and decorating eggs at home.

The table was in charge of Mrs. Watson, Mrs. Macpherson and Miss Rytle. The sum of $19.32 was realized for the W. I. funds.

Canadiens Edge Out 3-2 Win From Navy in U.S. Game

LOS ANGELES, April 18 (CP) — Montreal Canadiens scored a hard fought 3-2 victory over Victory Navy here Saturday night before a crowd of 6000 persons. The win gave Montreal a three to one lead in the series of exhibition hockey matches.

Montreal broke a two-all deadlock after 11 minutes and seven seconds of the last period and held the advantage despite a driving attack by Victoria, paced by the Bentley Brothers, Doug, Max and Reg.

Frank Eddols won the game with a score on a sharp angle shot from just inside the blue line on a pass from Buddy O'Connor. Other Montreal scorers were Harmon and Hiller.

Victoria scorers were Tomson and R. Bentley.

$23 Raised by Sheep Creek Junior Red Cross

SHEEP CREEK, B.C. A total of $23.50 was earned by the Junior Red Cross of the Lodore school at the card party held in the schoolhouse recently.

The 17 members, who call themselves the Maple Leaves, decorated the room with Easter plants and bunnies. The older children served the refreshments at the party.

Five tables of whist and five of bridge were in play. Prizes were won by Mrs. Jack Black and John Chrysler.

Of the proceeds, 25 per cent was donated to the Sheep Creek Auxiliary of the Red Cross, and the rest was divided between the Crippled Children's Fund and the Junior Red Cross War Fund.

CARD OF THANKS

Family of the late John William Graham wish to sincerely thank their many friends for kindness and expressions of sympathy extended to them in their bereavement; and for the many beautiful floral tributes received at the funeral.

CARD OF THANKS

Mrs. S. Couch and Raymond wish to thank all friends for kindness and expressions of sympathy extended to them in the loss of a loving husband and father. Special thanks to Dr. R. B. Shaw and to nurses of Kootenay Lake General Hospital for their kind care.

IN MEMORIAM

In fondest remembrance of my dear mother, E. E. Swift of Somerset, England, daughter of G. West of Maungakarmea, New Zealand. Died 1933 Woodgrange Park.

Also brother Raymond Swift of "The Queens Own" West Kent Regmt. Age 24 who passed away on Palm Sunday, Calcutta, India, 1933; and sister, Maude Ramsay, age 49 years, passed away six weeks ago, Woodgrange Park:

Where the river of life flows fast and sweet
Thru' the Garden of God so fair,
He has gathered them all, those broken links,
We shall find them waiting there.
And somewhere yet, on the Hilltops,
Of a country that hath no pain,
They will wait in that beautiful doorway
To bid us welcome again.

2nd Troop Has Feast of Wood

Second Nelson Troop of Boy Scouts Friday had two guests, C. D. Pearson and B. C. Affleck, who gave interesting comments on the games played.

A short talk by Mr. Pearson dealt briefly with the proposed Cub and Scout Camp to be held some time in August.

The highlight of the evening, a lecture by Mr. Affleck, was the determining by taste the different species of woods native to B. C. When finished, the floor was covered with well-chewed slivers of wood, the boys participating.

The meeting was closed with a silent prayer for those Scouts serving in the Armed Services.

K. C. McCannel of the Forest Branch will be guest of honor at the next meeting.

PLYMOUTH (CP) — George Coombes, believed to be Britain's oldest beltringer, died at Ryde, Isle of Whight, within a fortnight of his 100th birthday.
