JAP PLANE SETS FIRE IN OREGON FOREST

British Sea-Borne Troops Smash at Tobruk Defence

LONDON, Sept. 15 (Tuesday) (CP)—A small contingent of British troops, supported by light naval forces and heavy R.A.F. attacks, landed at the Axis-held Libyan port of Tobruk Sunday night "and inflicted casualties and damage on the enemy before withdrawing," the Admiralty announced today.

"Our force landed in the face of strong opposition," the communique added. "The withdrawal was not carried out without losses, which in view of the strength of the defences, were to be expected."

Other British light naval forces successfully bombarded enemy lines of communication at El Daba in Egypt, and emerged with neither damage nor casualties, the Admiralty said.

The Admiralty did not give the extent of losses in the raid on Tobruk, which is 75 miles West of the Egyptian frontier.

Tobruk, an important supply port for field Marshal Rommel's Axis army in Egypt, has been in Axis hands since June 22. It has been attacked by R.A.F. and U.S. planes repeatedly.

"Strong opposition" was met by the raiders, who were supported by planes, the Admiralty said.

REPORT PARATROOPS

The Italian communique said:

"Last night the enemy, after a prolonged air attack carried out by a large number of planes, attempted with the support of parachutists to effect a landing from light naval units in the Tobruk area.

"Immediately intervention of Italian-German defences frustrated the attempt. The attemp was suppored by six naval units, made up of cruisers and destroyers. Two of the enemy warships which were hit were set afire. One of them sank later."

The communique claimed that German fighter planes destroyed two planes in air combats which accompanied the landing attempt while Axis anti-aircraft defences shot down four more.

The High Command claimed the Italian hospital ship Arno had been torpedoed and sunk the night of Sept. 9 about 40 miles off Tobruk, although she was marked with the international sign of the Red Cross and strongly illuminated.

Explosions Rock Streamliner

CRESTON, Ia., Sept. 14 (AP) — Agents of the Federal Bureau of Investigation, railroad detectives and other law enforcement officers tonight blocked off the area approximately three miles east of Nodaway, Ia., where early today a series of 12 explosions rocked the Burlington Railroad's westbound Zephyr streamline train.

The blasts, which caused at least one passenger to believe the train "had been hit by lightning" caused no injury to the 187 passengers, railroad officials said. No cars left the track.

Damage to nine of 12 cars on the sleek train was estimated at $5,000 by railroad officials after a preliminary investigation.

When the blasts went off the train's air brakes were damaged, causing them to lock. The train slid 3600 feet to a stop, flattening the wheels on several of the cars.

Well-Known Hardrock Miner of Moyie, Tim Farrell Is Dead

MOYIE, B.C., Sept. 14 (CP) — Moyie lost one of its pioneer residents and best-known hardrock miners in the death of Tim Farrell, the last of three Farrell brothers who came here 45 years ago. He was 80 years of age.

Farrell, a native of San Francisco, moved to Moyie with his brothers, Charles and John, in 1897. During the boom days of this East Kootenay mining town he won many drilling competitions.

He leaves a sister, Miss Mamie Farrell, and a sister-in-law, Mrs. J. P. Farrell.

Kamloops Crowded for Convention

KAMLOOPS, B. C., Sept. 14 — (CP.) — Accommodation facilities were overtaxed in this interior city today as more than 100 delegates from all parts of the province arrived to attend the annual convention of the Union of British Columbia Municipalities and discuss the wartime problems of the province's civic and municipal governments.

NAZIS CHANGE THEIR VICTORY SLOGAN

NEW YORK, Sept. 14 (AP). — The BBC said today that Dr. Robert Ley, German Labor leader, has changed the tune of the Nazi slogan from "the certainty of victory" to "determination not to capitulate."

Introduce Bill to Stabilize U.S. Wages and Costs

WASHINGTON, Sept. 14 (AP).—Legislation specifically authorizing President Roosevelt to stabilize wages and salaries as of August 15 and farm prices at levels not below parity was introduced today in the United States Senate in response to the Presidents demand that Congress act by October 1 to control inflation.

11,400,000 Ration Books Issued

OTTAWA, Sept. 14 (CP.)—The Wartime Prices and Trade Board said today the ration books issued to Sept. 9 totalled 11,488,558, while 71,424 were held in abeyance pending the checking of applications.

PLANS TROUBLE FOR ROMMEL IN EGYPT

Lieut.-Gen. B. L. Montgomery, commander of the British 8th Army charged with the defence of Egypt, is shown bareheaded as he discusses a tactical situation in the Western desert. Under Montgomery's brilliant leadership Allied troops have stopped the Nazi General Rommel's drive towards Alexandria and Cairo cold, and have driven them back beyond the starting point of their last attack.

Russ Defenders Hold Firmly; German Casualties Severe

By EDDY GILMORE
Associated Press Staff Writer

MOSCOW, Sept. 15 (Tuesday)—(AP.—The Russian lines before Stalingrad held firmly yesterday despite repeated Nazi lunges that left a growing mound of German dead on the Western and Southwestern outskirts of that imperilled Volga River city, a communique said early today.

A Red army withdrawal in the central Caucasus at Mozdok was announced, however. On that front, less than 60 miles from the Grozny oil fields the Russians fell back to new defence positions after German tanks crossed a river, presumably the Terek.

Northwest of Stalingrad the Russians sent Red cavalry against two German infantry attacks, "wiping out about 500 enemy officers and men," in a successful repulse.

The steady Nazi attacks west of the city also were repulsed, the Russians said, citing one instance where Soviet artillrey and "tank busters" destroyed nine German tanks and about three infantry companies when two regiments supported by 40 tanks crashed against the Soviet positions.

In beating off five Hungarian attacks south of Voronezh on the upper Don, the Russians said 2000 Hungarians were killed, 20 tanks destroyed and prisoners taken.

On the Volkhov River in the Leningrad area the Russians said the enemy was dislodged from a populated place near Sinyavino and that 600 Germans were killed and five tanks and about 40 blockhouses destroyed.

Red army snipers fighting in the Caucasian foothills to bar the German advance at Mozdok, less than 60 miles from the Grozny oil fields, were said to have killed more than 1000 Germans in recent fighting.

The Germans were dangerously close to the high flat terrace on which Stalingrad proper stands. But the Red army's resolute stand was exacting perhaps the highest price the Germans have paid for any single objective.

Dispatches from the city, covering only a few of the many battles, have reported the slaughter of roughly 1000 to 1500 Germans daily.

NO AIR DEFENCE

Recent dispatches have failed to mention any Soviet fighter plane defence at Salingrad. The besieged city evidently is relying on anti-aircraft batteries and the rifles of Red infantrymen to cope with dive-bombers.

This is an ominous development. It is being closely scanned by United Nations officers in Moscow in the interest of getting more Allied planes into the country.

Cooler weather was sweeping the whole southern Russian front, reminder of the time that is being gained by all the Red armies toward the immobilizing conditions of autumn and winter.

(Axis broadcasts disclosed that three generals had been appointed to establish a German winter line in Russia and to protect Axis troops against the terrors of the Russian cold).

B. C. Regiment Chief to Command No. 1 Garrison Battalion

OTTAWA, Sept. 14 (CP)—Defence Minister Ralston tonight announced the appointment of Lt.-Col. Gordon Carmichael, 48, formerly Officer Commanding the 28th Armored Regiment (British Columbia Regiment) as Officer Commanding No. 1 Garrison Battalion, a unit designated for service in Canada.

C. C. F. Members to Meet Oct. 4

VANCOUVER, Sept. 14 (CP.) — Harold Winch, Provincial leader of the Co-Operative Commonwealth Federation, said here today that C.C.F. members of the Provincial Legislature will meet in Vancouver Oct. 4 to "consider a number of important questions.

"We will consider the Pacific Great Eastern Railway situation, the farm labor shortage, the position of organized labor in view of new Federal regulations, and a number of other important developments," he said.

Germans Report Raid on Harbor Town by British

BERLIN, Sept. 15 (AP)— British bombers attacked a harbor town of Northern Germany last night, DNB reported today.

"Fires were started and some damage was caused to buildings, mainly in residential districts," the news agency reported.

It said four of the invaders were shot down.

Republicans Elect Clare Luce

BRIDGEPORT, Conn., Sept. 14 (AP).—Mrs. Clare Booth Luce, author, playwright, war correspondent and wife of Henry Luce, editor of Time, Life and Fortune magazines, today was named by Republicans of Connecticut's Fourth Congressional District to be their candidate at the November election. She swept the nominating convention 84 to 2.

Say U.S. Pilots Sent Out in Inferior Planes; Ship "a Joke"

WASHINGTON, Sept. 14 (AP) — Army and Navy "brass hats" were accused in the U. S. Senate today of sending some American pilots out to meet the enemy in slow-moving, inferior planes, including one navy ship which Senator Mon C. Wallgren (Dem-Wash) said he regarded as "a joke."

The Weather

Except for a very short period in the morning, Monday at Nelson was cloudy and dark, with a few drops of rain around noon. The temperature of the 24 hours ending at 5 p.m., ranged from 50 to 72 degrees.

The lake attained a level of 7.00 feet, above the low water mark, at 1 p.m. Monday, a gain of .10 foot in the 48 hours since Saturday's reading of 6.90 feet.

Dominions Secretary Attlee Arrives in Newfoundland

LONDON, Sept. 14 (CP.) — It was announced tonight that Dominions Secretary Attlee has arrived in Newfoundland. No details were given.

Several days ago the Dominions Secretary advised the House of Commons that he planned to visit Newfoundland in the near future. It was not known whether or not his trip would be extended to include a journey to Canada. How he crossed the Atlantic was not immediately announced but presumably as so many prominent figures have done lately he crossed by aircraft.

OREGON ATTACK DESCRIBED BY WITNESSES

Area Well Known to Japs; Exported Logs From Country

BROOKINGS, Ore., Sept. 14 (AP) —Eyewitnesses told tonight of the incendiary attack of an unidentified seaplane, presumably Japanese that flew in from the sea last Wednesday

Residents of this town at the mouth of the Chetco River heard the plane circling in the mist at dawn, and a few caught glimpses of the ship.

Harold (Tazz) Gardner, forest service lookout in Mount Emily, saw the plane circling and later fire broke out. He brought the flames under control.

He reported to H. R. Dewart, Curry County air raid chairman, that he found bomb fragments and a sizeable crater. The bomb had sheared a six inch tree and set fire to a stump he said.

Ed Marshall, federal Forester, dug out of the crater what he said was the nose of an incendiary bomb. Attached was a steel shank bearing Japanese markings. Nearby were approximately 50 square pellets, each with a hole in the centre. They were of spongy material.

Where they fell the earth was fused into slag, Marshal said. This area is well known to Japanese.

Japanese exported logs extensively from the Chetko river country. Exporters often had their own men buying logs and arranging for rafting them downriver. They had plenty of opportunity for mapping the region. The countryside is heavily timbered, mountainous and sparsely settled. No highways extend into the interior and there are few trails.

It took a fire crew 4½ hours to get to the scene of the bombing from a forest lookout station.

Gardner, who know a shortcut through the dense growth reached the flames within two hours and had things under control by the time the crew arrived.

Nelsonites Heard on Broadcasts From Overseas

Nelson residents Saturday afternoon heard Leading Airwoman Jill Wigg, formerly of Nelson, who went overseas recently, speak on a radio broadcast from overseas. Law. Wigg addressed messages to relatives and told how she and Sgt. Donald Gibbon of the R.C.A.F., also formerly of Nelson, had been in a group photographed shortly after arrival overseas as representatives of British Columbia.

Another Nelsonite was heard on an overseas broadcast Sunday morning when Jack Annable of the Canadian army sent messages to his family here.

VISCOUNT BENNETT IN CALGARY

CALGARY, Sept. 4 (CP)—Viscount Bennett arrived unannounced in Calgary today. The former prime minister appeared fit and well and expressed a desire to spend his visit quietly.

Brig. Riley Resigns

OTTAWA, Sept. 15 (CP)—National Defence headquarters early today announced the resignation for reasons of health, Brig Harold J. Riley of Winnipeg, district officer commanding military district No. 10, headquarters at Winnipeg.

Believe Submarine Carried Plane; Incendiary Found

SAN FRANCISCO, Sept. 14 (AP)—Evidence that a Japanese seaplane, possibly operating from a submarine, may have attempted to set Southern Oregon forests afire in the first air bombing of the Continental United States was reported by the Western Defence Command today.

A communique issued by Lieut. Gen. John L. DeWitt, Western Defence Commander, said:

A small seaplane was observed over the area of Mount Emily, nine miles northwest of Brookings, Ore., Sept. 9.

A submarine was later sighted and bombed about 30 miles off the same shore by an Army patrol plane, with unobserved results.

A forest fire was started near Mount Emily and that markings on what appeared to be fragments of an incendiary bomb were Japanese.

Forest patrols, which extinguished the blaze, discovered a foot-deep crater, the communique added, and about 40 pounds of metal and small pellets.

The fragments bore Japanese ideographs.

Apparently, the Japanese, if they made the attack, selected one of the most heavily wooded sections of the Coast, frequently threatened by forest fires.

A few years ago a fire in the same general area swept out of control and virtually wiped out the Oregon coast town of Bandon.

Japanese submarines have twice shelled the Pacific Coast, at Goleta in Southern California Feb. 23 and near Seaside, Ore., June 22, but this was the first reported attack from the air.

The Goleta shelling caused slight damage to oil well insallations. The seaside shells buried harmlessly in a beach.

An attack on Canadian territory occurred early June 20 when a submarine of unknown nationality shelled Estevan Point, Vancouver Island.

General DeWitt's communique read:

The Western Defence Command is investigating the circumstances surrounding the discovery on September 9 of fragments of what appears to have been an incendiary bomb. These fragments were fohnd by personnel of the United States Forestry Service near Mount Emily nine miles northeast of Brookings, Ore. Markings of the bomb fragments indicated that the missle was of Japanese origin.

At about six a.m. Pacific War time, September 9, a small unidentified seaplane was observed coming inland from the sea and a half an hour later a plane was heard at the same point headed towards the sea. Due to poor visibility, the plane was not seen on its westward trip.

At 6:42 a.m. Mr. Howard Gardner, a Forestry Service observer on Mount Emily reported seeing an unidentified seaplane come from the West, circle, and return towards the sea. He described the plane as a small single-motored biplane with a single float and small floats on the wingtips. The plane appeared to be small and of slow speed. It had no lights, no distinct color and no insignia was visible. It is possible that a plane of this type might have been carried on a submarine.

BOMB SUBMARINE

About 11 a.m. Pacific War Time September 9, an Army patrol plane reported sighting an unidentified submarine about 30 miles off shore in the same general vicinity. The submarine was bombed by the airplane with unobserved results.

At about 12:20 p.m. Pacific Daylight Time, the same day, a small fire was observed about three miles south of Mount Emily. Investigation by Forestry patrols who extinguished the fire disclosed a small crater about three feet in diameter and slightly more than a foot in depth. The earth appeared to be scorched and examination of a crater and the area in the vicinity revealed about 40 pounds of metal fragments and a number of small pellets. The fragments disclosed markings of Japanese ideographs which may have been part of a code indicating the arsenal where the bomb was manufactured. A search of the area has failed to reveal the presence of any other indications of bombs having been dropped.

Passer-Boy Sitdowns at Vancouver End Temporarily

VANCOUVER, Sept. 14 (CP.) — Sitdowns by passer-boys [illegible] to rivetting gangs at the Vancouver shipyards were apparently settled temporarily tonight with promises by officials of the Boilermakers' and Iron Shipbuilders Union that their demands for wage increases would be sent to the department of labor at Ottawa.

Three hundred of the boys quit work for about an hour in a Vancouver shipyard this morning, following sitdowns Saturday and Sunday nights at two different North Vancouver yards.

Alcohol Anti-Freeze to Be Available for Canadian Autos

OTTAWA, Sept. 14 (CP)—Sufficient supplies of alcohol anti-freeze will be available for Canadian motors this Winter, despite rumors to the contrary, the Munitions and Supply department an- Chemicals Controller Sterne.

Would Separate Health Branch

TORONTO, Sept. 14 (CP). — That portion of the Department of Pensions and National Health which is concerned with health and Allied matters should be divorced and operated under a separate department, the Dominion board of directors of the War Amputations of Canada said in its report read today to the conventions of the Amps here.

"This would leave all strictly veteran services to be dealt with under the direction of one minister of the Crown, in a department which should be known as the Department of War Veterans Affairs, and which should be divided probably into two sections, one administering reconstruction services such as rehabilitation including vocational training, etc., and the other compensation (pension), treatment and allied services," the report stated.

Prices Board Clamping Down on Rationing Violators

BY JAMES MCCOOK
Canadian Press Staff Writer

OTTAWA, Sept. 14 (CP)—Hundreds of Canadians who are classed as "other than householders" who did not apply for sugar rations on July 1, now find themselves in an embarrassing position after applying for tea and coffee rations as industrial users, public catrerers or operators of institutions, The Canadian Press learned today.

Working on the assumption that institutions which require tea and coffee also require sugar, the Wartime Prices and Trade Board has taken the attitude that many of those who did not ask for sugar and now ask for tea and coffee either had stocks of sugar on hand which they failed to report as required, or else made purchases of sugar in the "black market."

These applicants are being asked by the Prices Board what they did for sugar supplies during July and August.

In applying for tea and coffee rations, theseapplicants are also asking that sugar rations be made available to them. Officials cited the example of one late applicant for both sugar and coffee registration who reported his stock of sugar at 50 pounds on July 1 and said he required 150 pounds for the month of September.

This application, said Board officials, left open the question whether the applicant actually had more than 50 pounds on July 1 or whether he obtained his apparent July and August requirements of 250 pounds from some "black market" source.

Registration of Kootenay Women Aged 18-24 Is Under Way

Registration of Kootenay women aged 20 to 24 inclusive began Monday throughout the district.

J. A. Millar of the Trail office of the National Selective Service Monday night reported 65 registrations, 10 of them being of skilled women.

At the Nelson office J. S. Livingstone, Manager, had 22.

Rossland Post Office reported 12 registrations.

Today it is expected the figures will increase considerably at each office and it is also likely that registrations at various district post offices will begin to come in. Post offices have been requested to report to the nearest Selective Service office.

The Nelson office asked women whose surname begins with A B or C to register Monday. Mr. Livingstone has called for those in the D to H group today. The office remains open until 9 p.m. each night this week for the convenience of those registering. This division of names, which continues through the week, is to facilitate registration and to avoid crowding. It is not compulsory.

All women born in the years 1918 to 1922 inclusive who do not already hold unemployment insurance cards are required to register.

Japs Still Held in Check in New Guinea Mountain Area

ALLIED HEADQUARTERS IN AUSTRALIA, Sept. 15 (CP)—Allied air units continued yesterday to strafe Jap positions in the Owe Stanley Mountains of New Guinea and patrol activity increased, but the general situation remained unchanged for the fifth day, the allied noon communique said.

The advance Japanese columns still were being held in check in the rugged mountains about 41 miles from Port Moresby, main allied base in New Guinea, toward which their jungle trained troops are driving.

There was a lull in the smashing bombing attacks, which the allied had been delivering on Japanese bases on the southeast coast of New Guinea. Today's communique mentioned no bombing except an attack on two enemy cargo ships at Saumlaki, in the Tenimber islands North of Darwin, Australia. Results were not observed.

"Real Profit Comes From Service" Lt.-Col. G. Wood Tells Rotary; Praises Canadian Youth In Uniform

"Real profit is not the profit shown on ledgers, real profit only comes from conscientious service" Lt.-Col. George Wood of the Salvation Army told the Rotary Club when he addressed it Monday at luncheon.

NOT A DEMOCRAT

Lt.-Col. Wood, who is on his way to a family reunion at Vancouver after visiting relatives here, related the story of his coming to Canada from Great Britain, his birthplace, and after his conversion to the Salvation Army, how he was sent to the United States as a missionary, and eventually became an American citizen.

"I was stationed for a time at Philadelphia," he said, "the city of brotherly love. I met a clergyman there who was the replica of Horace Greely. He introduced me to American politics telling me that Democrats are not horse-thieves but all horse thieves are Democrats. From then on, he said, "I have not been guilty of voting for the Democrats but as far as Franklin D. Roosevelt is concerned in relation to the way he has backed up Britain and the way he has handled the war, I am all for him, 100 per cent."

WAR SERVICE

Lt-Col. Wood told the story of the origin of the Salvation Army Huts, which developed during the First Great War. "I feel that every real Salvationist is a true Rotarian," he said, "in that we both believe that 'he profits most who serves best.' " Illustrating this, he told of the man who was a tramp in the depths of despair, how the Salvation Army sheltered and clothed him until he gained his footing in the world and how he later became an assistant to the Attorney-General of the United States.

"That same man," said ol. Wood, "was the one who later enabled the Salvation Army officers to procure a letter of recommendation from the Attorney General in order to approach Gen. John Pershing on the subject of establishing the Salvation Army Huts overseas.

"The officers of the Salvation Army saw that where help was needed was in front line, and, that's where it was sent. Everything was done to boost the morale of those boys at the front. Besides darning and mending for them, and feeding them, they made it possible for the boys to send money home, because it had been impossible for them to do so before.

"I hope that our new drive will be a success," he said, "the Salvation Army needs the money."

The speaker concluded his talk on the Salvation Army and commented on the war conditions in Canada.

LAUDS CANADIAN YOUTH

"I wanted to tell you that I am struck with the war conditions in Canada," he said. Travelling across Canada, I never saw a young man who was not in uniform. I happened to go into one of the banks in the East, and the only man I saw was the manager. The rest were all women. There are many young boys on the other side, who are not in uniform," he said.

"Canada has been doing her part for these last three years, and she will continue to do it and I want to express sincere appreciation and congratulation on such an effort.

"We are a little slow getting started, but Uncle Sam is waking up little by little, and with the spirit of the young people of Canada, United States and Great Britain, it's only a matter of time before we'll put Hitler where he belongs."

Captain James Fitzsimmons of Nakusp, Nelson Colville of Nelson, Eric Whistlecroft, Rotarian of Kimberley, Henry Wilson, Rotarian of Cranbrook and L. Carruthers, Rotarian of Vancouver, were guests at the luncheon.

Sgt. David J. Smith, who is with the R.C.A.F. of Charlottetown, and who is a guest of Mr. and Mrs. J.H. Argyle, was a guest at the luncheon.

President K. C. McCannell was in the chair.

BLACKHEADS
go quickly by a simple method that dislodges them. Get two ounces of genuine powder from your druggist, apply with a damp, wet cloth gently over the blackheads—and you will wonder where they have gone.

Nelson Golfers Play for Club Titles, Weekend

Match play for the Appleyard-Lowe Cup emblematic of the Club championship will start Sunday morning at the Nelson Golf Club. All entries should be in the hands of the match committee by Friday night as the draw will be made at that time. All players will be entered in the same flight giving everyone an opportunity to win the championship and those losing their initial game will have an opportunity to go on and win the second flight.

Play for the Ruth Armstrong Rose Bowl will start on Saturday afternoon when the women members of the club will be competing for the club championship also. The draws for both events will appear in Saturday morning's issue of The Daily News.

...and face the facts NOW!"
Sure the war costs money. Paying for it will be tough in the months ahead. Let's accept that fact—and face it. Now is the time to sharpen our pencils and figure what our taxes actually are... how we are going to pay them ... and how we can adjust our living habits to get along on what's left. This is a job for every patriotic Canadian... a job that must be done now.

SALMONBELLIES BOXLA CHAMPS

NEW WESTMINSTER, B. C., Sept. 4 (CP.) — New Westminster Salmonbellies smacked down Vancouver Norvans 10-6 here tonight to take the inter-city lacrosse championship four games to one.

Pete Neeban and Kip Routley paced the winners with two goals each while Johnny Douglas and Bert Bryant, former interior players turned in a nice evening's work for Norvans.

Salmonbellies will go on to meet Victoria Unifed Services next Monday here in the opening game of a playoff series.

Council to Seek Action, Sewer in South Nelson

"Greatly concerned over the inactivity of the Government" in remedying the open sewage condition outside the City limits at the High School, the Council directed Monday night that a telegram to this effect should be sent to the Provincial Health Officer.

This action was taken following a letter from Ernest Smith, District Public Works Engineer, stating he had no further word from Victoria.

Ald. T. H. Waters, who has consistently urged action to take care of septic tank leakage into a ditch above the High School, suggested telegraphing to Victoria, asserting "if we don't keep after that it will be the same old thing; it will go on for years."

Purchasing Agent Testifies at B.C. Police Case

VICTORIA, Sept. 14 (CP).—Arthur H. Cox, insurance agent and Secretary of the local Liberal Association, was supplied with lists of goods purchased for the Quartermaster's Department of the Provincial Police, F. H. Harrison, Purchasing Agent for the Provincial Government, testified in the preliminary hearing in police court today of conspiracy to defraud, charges against L. J. Simmons, former quartermaster, and John G. Simpson, Managing Director of James Maynard, Ltd., shoe merchants.

Questioned by P. J. Sinnott, counsel for Simmons, Harrison said he had followed the practice in force when he took over the position and called for tenders for boots from Maynard and William Cathcart, Ltd.

"Was there any outside interference?" asked Sinnott.

"No, no outside interference," replied Harrison.

Sinnott then cited excerpts from the Haldane Inquiry into alleged irregularities in the police stores where in Mr. Harrison said if there had been any political interference he had tried to overcome it and had been somewhat successful.

"Do you remember saying: 'The only person I would have discussed it with was Mr. Cox'?"

Harrison could not at once recall the incident but said the records of the Haldane Inquiry would show it.

"You said then that Arthur Cox represented more or less the considered thought of Liberal members in this constituency," continued Sinnott. "I quote you as saying: 'We can say to me, here, there are good people. I would like to see them get some business'."

Sinnott then asked: "Have you supplied Cox with a list of goods purchased from Maynards by the Quartermaster?"

Harrison: "Yes, I gave a list to Mr. Cox. I treat him as any member of Parliament."

Sinnott: "Is Cox a member of the Government?"

Questioned by Sinnot, Harrison testified he had had forwarded to Jack Forbes, Sales Manager for MacKenzie, White & Dunsmuir, Vancouver, some condemned stores for use by needy farmers in the Sumas Prairie.

TENDERS TABLED

Tenders from Bennett's Ltd., and Stevenson's Machine Shop for rebabbiting bearing on a City power plant turbine were tabled by the Council Monday night for consideration.

BRITISH WITHIN 100 MILES OF ISLAND CAPITAL

Expect Opposition Will Be Found on Tananarive Hill

ADVANCE QUICKLY

LONDON, Sept. 14 (CP)—British columns progressing steadily into Madagascar were reported tonight to have accomplished over half of their march and to have advanced to within 100 miles of Tananarive, inland capital of the big French island off the East coast of Africa.

Thus far opposition along the roads converging upon the capital has been light and confined more to wrecking bridges than to armed resistance but on the 4000-foot plateau around Tananarive the French are expected to put up whatever real fight they may intend.

Apparently forging closest to the capital was the column moving to the Southeast from Majunga port, one of three landings British troops made last Thursday.

A communique said this force had captured Maevatanana, 150 miles by road northwest of the capital. It is 230 miles by air from Majunga to Tananarive, but the road twists a longer course through forests along the valley of the Betsiboka river and up to the Plateau.

Information reaching some military circles here indicated that forces from this column had pressed more than 50 miles beyond Maevatanana. A communique said one force was moving across the mountains to the Southeast toward Andriba, about 125 miles North of the capital on another road.

The communique said two other columns also were progressing steadily from the other landings, one Northeast toward Tananarive from the port of Morondava, 350 miles South of Majunga, and the other South from Ambanja, in Northern Madagascar.

There was no definite information on the extent of the advances from these two landing points.

Hindu Party Asks Britain to Take Initiative

NEW DELHI, Sept. 14 (CP).—A committee of the Hindu Mahasabha, third largest political party in India, called upon the British Government today to "take the initiative without further delay" to bring India into a war-like move against the Axis.

The Committee acted after appealing to the authorities for permission to see Mohanda K. Gandhi, leader of the All-India National Congress Party, but it held little hope that this request would be granted. Gandhi has been in custody since starting his civil disobedience campaign.

Dr. Syamaprosad Mookerjee, Hindu leader and Finance Minister of Bengal, who called a conference of the Mahasabha Committee, told the group that representative Indian bodies from all over the country had responded to his proposal to bury the hatchet until after the war.

"We put the British Government to the test here and now," the Committee said in a statement, "and call upon them to part with power and not to persist in an authoritarian attitude to force down our throats a scheme which has been hatched behind our backs 6000 miles away without any reference to the people of India."

Roxan, Gunther, Feeney, Popoff Record 7 Claims

Seven mineral claims were recorded recently at the Mining Recorder's Office at Nelson.

William Roxan of Nelson recorded the T. S. and T. S. Fraction at the head of Hall and Forty-Nine Creeks, Joseph Gunther recorded the Gray Creek about a half mile South of Gray Creek Post Office, and the McFarland Creek on McFarland Creek; while B. Feeney recorded the Grand Canyon on Swift Creek, and the Stampede on the West slope of Marble Mountain. A single claim, the Tamarac, located three-quarters of a mile West of Boyer Creek and a mile from the Kootenay River, was listed by Pete W. Popoff.

Four Fliers Killed

OTTAWA, Sept. 14 (CP).—Four airmen were killed yesterday in a collision of two training aircraft near Richmond, Ont., and Royal Canadian Air Force Headquarters today announced names of three victims.

They were Sgt. Stanley Victor Patterson, 35, of Eastview, a suburb of Ottawa; WO2 J. R. Shanks, Sarnia, Ont.; and Lac. W. R. Dean, Birmingham, Ala.

Campbell and Mrs. Gibson Ask City Finish Work on Bank

Complaint of James Campbell and Gretchen Gibson that the City removed part of the bank in front of their properties; Elwyn and Fifth Streets, and failed to put in a footing or walk, was referred by the Council Monday night to the Public Works Committee. They stated they could not improve the properties and that Mr. Campbell had access only from the rear.

Yugoslavs Fear Another Wave of Terror Starts

LONDON, Sept. 14 (CP)—German reports of a revolt in Bulgarian Macedonia and the proclamation of a state of siege in Skoplje in former Yugoslavia aroused fear in Yugoslav government circles today that a new Axis wave of terror against civilians populating that area may be beginning.

The report, which came from German circles in Stockholm, was received with extreme suspicion by these sources, who pointed out that there was nothing to indicate any serious dissension among the Bulgarian people themselves.

The most recent demonstration of pro-allied action in Bulgaria was the dynamiting of the Gaprovo railway station which, DNB, German News Agency said brought the arrest of 100 Communist sympathizers.

Sixteen Italians and 11 Yugoslav soldiers were reported killed at Trebinje, near Agusa in occupied Yugoslavia, in a new outbreak of fighting.

BERNE, Switzerland, Sept. 14 (AP)—A state of siege in the district and city of Skoplje in Bulgarian, Macedonia, was declared after an attempt to assassinate Bulgarian interior minister Peter Gabrowsky and an outbreak of resistance through the Southern part of former Serbia, Balkan dispatches disclosed today.

A Sofia dispatch to the newspaper Neue Zuercher said that planes of undisclosed nationality swept over the district and dropped leaflets addressed to the population and war materials to the Macedonian insurgents. Bulgarian police and Axis occupation troops were rushed to the area in an attempt to maintain order.

At Smilevo and another, undisclosed village all Bulgarian officials were reported killed by Macedonian bands.

NEW YORK, Sept. 14 (AP)—The Berlin radio added a chapter today to the story of widespread and large scale fighting against the Axis in occupied Yugoslavia, reporting that 800 troops had been captured and shot in "mopping up operations" in Bosnia, the mountainous Western district.

"Order has been established in the district with the exception of some small local attacks on isolated farmsteads or groups of workers," the broadcast said.

Street Cars Carry 13,240 More; Receipts Up $470

Nelson Street Railway carried 51,309 passengers in August, 13,240 more than in August last year, a report to the City Council Monday night showed. Receipts for the month totalled $2132.45, showing an increase of $470.50.

TO PUT IN TIES

Installation of 40 new ties by the C.P.R. on the spur to the City Gas Works was authorized by the City Council Monday night. The city's stock of ties is exhausted.

The council decided that in future all ties purchased should be inspected before being accepted.

TO CALL 110,000 MEN TO AID LUMBER CAMPS

Farmers to Make Up Bulk of Men; on Voluntary Basis

PROTECT RIGHTS

OTTAWA, Sept. 14 (CP.)—As its first major industry-manning job of the war, National Selective Services will attempt to solve the Dominion's pressing lumber problems by making 110,000 men available to pulpwood and lumber camps throughout Canada, a spokesman said tonight.

To the lumber industry will go 64,500 men during September, 30,000 more in October and an additional 27,000 during November.

Bulk of the men will be farmers, made available to the lumber camps by the agricultural off-season following harvesting operations.

The farmers will be moved to the camps on a voluntary basis, and Elliott M. Little, director of National Selective Service, will appeal personally to every farmer in Canada.

Farmers' transfer to the bush will be made as convenient as possible. They will be transferred the logging camps on a regional basis wherever possible, and only where absolutely necessary will men be transferred beyond their own district.

Rights of the farmers will be protected in the move, they added. The farmer or his hired man who goes to the bush camps for winter work will not lose his right of deferment in the monthly call-up of recruits for compulsory military service.

Also, while National Selective Service regulations set out that a farm worker requires a permit for taking on any other work for more than 30 days, "it will be made simple and easy for farm workers to get the permits."

Trout Ponds Win Commendation of Commission

Appreciation of the B. C. Game Commission for the City's cooperation in the construction of trout rearing ponds at the Provincial Hatchery here was voiced in a letter received by the City Council Tuesday night from Commissioner F. R. Butler. The City built one pond and has assisted the Nelson Rod and Gun Club in a second, now completed, and a third which is under way.

Commissioner Butler stated Commissioner J. G. Cunningham, who recently inspected the work, described it as excellent. Improvement of sport fishing was sure to result.

Montreal Royals Drop Second

MONTREAL, Sept. 14 (CP) — Montreal Royals dropped the second straight game of the semi-final International League playoff to Syracuse Chiefs here tonight 4-2.

Syracuse	4 6 0
Montreal	2 6 4

Po. Edgar Wheeler Home on Leave

Po. Edgar Wheeler is visiting his parents, Mr. and Mrs. F. E. Wheeler of Nelson, while on leave. He won his commision only recently at Rivers, Man.

Interpreting

The War News

BY KIRKE L. SIMPSON
Associated Press War Analyst

Reports that Hitler has designated a trio of his top-flight Generals to fashion and equip a Winter line for his troops in Russia from the lower Volga to the Baltic sound highly credible.

They tend to explain, also, why he is lavishing his resources in manpower and materials, regardless of losses, to take Stalingrad. Even though the city's strategic value as a base for future Nazi ofensive action would be strictly limited, the bombed and shell battered ruins of Stalingrad could be invaluable as a pivot of a defensive Winter line.

They could be used to improvise Winter shelters for powerful forces. And weather-proof shelters for many thousands of men at the apex of the Nazi Don-Volga salient must be available if German 1942 gains are not to be risked when Winter comes. Caught by as severe a Winter as the last in the open steppes of the Don ben dand below it, the Nazis might be forced to abandon much of the salient so freely watered by German blood—just as they abandoned wide segments of hard-won territory last year about Moscow.

There is no prospect of good shelter for Nazi invaders anywhere in the Don bend. Winter conditions there and along the whole length of the Volga are bitter even in relatively mild years. Except for Stalingrad, the Donets Basin has the only populous Russian towns and cities to provide housing in Winter on the scale German forces must have if they are to halt and refit for a new campaign to destroy Russia's fighting power next year.

Unless he can anchor his lines to Stalingrad for the Winter, Hitler's 1942 campaign can be written off as an even greater and more costly failure than that of 1941. The Russian successive stands on the Don and now on the Volga have balked his hopes of a decisivevictory that would permit him to turn Westward against Britain or centre his Winter campaign on Egypt.

The German sweep to the Volga at Stalingrad has left the Nazis holding a dangerous salient. They have by-passed Russian-held bridgeheads South of the Don, far in the rear of the advance on Stalingrad. Only urgent necessity of taking the city before the Winter closes in could warrant that risk.

City Council Argues Rehabilitation; to Prepare Brief, Consult Other Bodies; Ask What Nelson Can Offer

Does the B. C. Post-War Rehabilitation Council want suggestions for work projects to be undertaken immediately after the war at public expense or does it want suggestions as to industries which might be established to provide employment for returning war veterans and workers released from war industry? What can Nelson offer?

These questions will be argued out by the Nelson City Council Wednesday at an informal meeting designed to assist in the preparation of a rough draft of a brief which then can be taken up further with representatives of the Board of Trade and other Nelson organizations interested.

This was the outcome of the council discussion Monday after H. D. Dawson, City Engineer, presented a lengthy list of possible projects ranging from storm sewers to a bridge across the West Arm and including Lakeside Park development a waterfront airport, a new city hall, and so on.

This list brought the question as to whether such suggestions were wanted by the Rehabilitation Council.

FEDERAL RESPONSIBILITY

Ald. G. A. Turner felt rehabilitation was a federal responsibility and saw in such projects a fine way for the Federal Government to transfer its headaches to the municipalities."

Small municipalities would be utterly unable to cope with rehabilitation of the men returning to them after the war, said Ald. E. A. Mann, and the Government would have to "look after them for some considerable time."

If the government were willing to finance municipal projects such assistance would be acceptable, suggested Acting Mayor Ross Fleming.

"Very acceptable," agreed Alderman Mann, "but it sounds to me like a fairy tale."

"This country is never going to be the same as it was previous to the war," commented Alderman Turner. "We can't take care of this sort of thing under our present system."

"How are we going to do it?" asked the Acting Mayor.

"It can't be done under the existing order," Alderman Turner replied.

"Are you going to throw up your hands then?" Alderman Fleming asked.

"No, we're certainly not going to throw up our hands," asserted Alderman Turner.

"SAME OLD WAY"

Municipal work projects appeared to Ald. T. H. Waters to be "something to keep us going the same old way."

Acting Mayor Fleming described them as necessary "to bridge the gap" until rehabilitation projects could be undertaken.

"Does anyone believe that after the war we can continue to bend every effort toward profit and at the same time take care of things as they are going to be? These projects might fill the gap temporarily but it would be like applying a poultice to a broken back," declared Alderman Turner.

"There's no doubt we must prepare for a new order," said the Acting Mayor, "but we still need something like this to bridge the gap."

"We need to envision something on the basis of cooperation. The competitive system will never take care of those men," Alderman Turner suggested. "When industry has found that one man and a machine can do the work of three men, it is not going back to the old way. And you are going to find when our men return that they'll get jobs only if they are as able and competent as the next fellow."

MORE TO SAY

"But they won't work for 20 cents a day," Aldeman Waters interjected. "And they'll have more to say about what is done."

"I sincerely hope so," Alderman Turner agreed.

W. A. Gopdon, Acting City Clerk, stated the average frieght rate for all of Canada was nine-tenths of a cent per ton mile. The average for B.C., omitting seaports, was six cents. He suggested equitable freight rates would assist in establishing industries. Alderman Waters related how his company put in a $10,000 plant for making clothes pins from local birch, but had to discontinue the venture because "freight rates killed it."

"I can't see our young fellows coming back and jumping with joy to get a job digging a storm sewer ditch," Aldermain Turner commented.

Ice Cleaning Machine for Civic Arena Authorized, Council

Purchase of an ice cleaning machine costing about $660, to help solve an expected labor problem at the Civic Arena this Winter, was authorized by the City Council Monday night. Ald. G. A. Turner, Finance Chairman, described it as a good investment from the cost viewpoint, and stated it might be even more important at this stage in offsetting labor shortages.

McDonald Elected President of B. C. Fire Chiefs

Learning from Ald. E. A. Mann that Fire Chief G. A. McDonald of Nelson had been elected President of the B. C. Fire Chiefs Association, the City Council Monday night directed that congratulations be telegraphed to him. The Fire Chief at present is attending a fire college at New Westminster.

Combines Win 10-6 From Athletics

ST. CATHARINES, Sept. 14 (CP) —Mimico-Brampton Combines, who led the senior Ontario Lacrosse Association circuit most of he season staged an upset tonight when they handed St. Catharines Athletics a 10-6 defeat in the first of the best-of-seven series for the Ontario championship.

Sutherland Asks for Walk, Street Work

Application of James H. Sutherland, 809 Kokanee Street, for a wooden sidewalk to his property, and for improvement of the street nearby, was referred by the city council Monday night to the Public Works Committee.

Farm Women Not Likely to Be Put in Other Work

OTTAWA, Sept. 14 (CP).—Farm women are not likely to be directed into other occupations because the work they now are doing has a high priority rating, Mrs. Rex Eaton, Assistant Director of National Selective Service, said today.

Farm women from 20 to 24 years of age, inclusive, are required to register this week with other women in the same age group. This registration is compulsory. Postmasters have been authorized to act as registrars in rural districts.

Women now working on farms will be registered as "farm women." But this does not mean that they will be "frozen" in their present jobs, Mrs. Eaton said. Farm work usually tapers off during the Winter, and Mrs. Eaton urged that young women who are free to turn to other work in slack seasons do so.

PRETORIA (CP)—Recent general rains have greatly enhanced the possibilities of a huge wheat yield. There was heavy seeding and a big crop is expected.

Urges Labor to Bury Differences and Concentrate on War Production for Duration

OTTAWA, Sept. 14 (CP).—A. R. Mosher, President of the Canadian Congress of Labor, in an address prepared for delivery to the annual convention of the Congress today called on labor to centre its entire efforts on essential war production and avoid disputes or other action which might hamper Canada's output of war materials.

"We must not endanger the war effort, no matter how great the provocation may be to do so, by strikes or slowdowns in war industry," he said. "Not a single days production of war materials should be lost through any action on the part of the workers, for that means a loss, not to the employer or the Government alone, but to the nation and to the Allied cause.

"Even though this may entail the acceptance of hardships, the endurance of unfair treatment in many instances, and the temporary abandonment of rights which have been won only by long and bitter struggle, I believe that this is the policy which the workers organized in the chartered and affiliated unions of the Congress ought to follow for the duration."

"There are many matters upon which we do not see eye to eye with the Government and we are not here to protect it from criticism or to justify many things it has done," Mr. Mosher said. "But it is our Government, democratically elected and holding office by the will of the people of Canada, and it is carrying on our war effort for the benefit of the whole nation and for the sake of all we hold more precious than life itself."

BUY WISELY ! . . get one coffee with all 3

To get the most for your money in buying coffee follow these simple rules: make sure it's freshly roasted and freshly ground. Buy at most a week's supply at a time. Airway fits this prescription exactly! What's more, Airway's practical paper package conserves vital metals and saves you money. Just check these advantages and see:

1. STORE-GROUND FRESHNESS

Complete control of every single step from roasting to last-minute grinding. That's the secret of Airway's oven freshness! It's roasted fresh every day—delivered to your grocer only in small quantities. Flavor is protected *in the bean*, nature's way. Not one pound is ground till the moment you buy! Few coffees can offer this important service. Airway does because it assures you fresher, better-tasting coffee.

2. GUARANTEED QUALITY

The world's finest mellow-mild coffees are blended in Airway! Coffees famous for deep body, smooth flavor, zesty aroma! Yes, here's the type blend Canada loves best! But you decide! Try Airway in your own coffee maker. Unless every glorious cupful pleases, it costs nothing. You can't lose. Airway is *guaranteed*.

SOLD BY SAFEWAY STORES, LTD.

3. WORTHWHILE SAVINGS

Airway's a smart buy! Every pound of this guaranteed-quality coffee saves you cash! Why? Because Airway has a fast, no-waste system of distribution, store grinding and a sensible package. Add up Airway's advantages: freshness, guaranteed quality and economy! You'll find it one of the best coffee buys in town. Don't miss it!

Gov't Committee Studies Liquor Situation

BELLEVILLE, Ont., Sept. 14 (CP)—Prime Minister Mackenzie King told a delegation from the general council of the United Church in Ottawa Saturday that a committee of the Federal Cabinet was studying ways "in which effective action could be taken" to curtail liquor consumption in Canada, it was announced here today.

The delegation from the council—now in session here—reported the Prime Minister told them he accepted their argument for curtailment of liquor as "clear and convincing" and that he would soon make an appeal for temperance in the Dominion in a national radio address.

OTTAWA, Sept. 14 (CP).—A committee of six members of the Federal Cabinet has been formed to study the liquor question in Canada with a view to reducing the annual liquor bill—estimated at $250,000,000 for the present year—it was learned today.

The committee is headed by War Services Minister Thorson and its other members are Resources Minister Crerar, Revenue Minister Gibson, Finance Minister Ilsley, Postmaster-General Mulock and Fisheries Minister Michaud.

On January 31, Mr. Thorson, as chairman of the committee, told the Federation that as their requests had to do with the regulation of the sale of liquor the matter was a provincial matter and therefore should be handled by the provinces, as no national situation existing beyond the power of the provinces to deal with.

Mr. Thorson said the resolution presented last Saturday to Prime Minister Mackenzie King, Mr. Crerar and himself from the General Council of the United Church was of a different nature. It asked that the quantity of alcoholic beverages produced in Canada should be drastically curtailed by limiting the amount of material which might be used by the distilleries, breweries and wineries.

The resolution further asked that the amount of alcoholic beverages released from bond should be reduced to two-thirds or one-half of the present rate in somewhat the same way as tea and coffee are rationed and, further, that the alcoholic content of beer, wine and spirits should be reduced, that liquor advertising and shipments of alcoholic beverages overseas should be stopped, and that a Federal-provincial conference be held to carry on an educational campaign for temperance.

It was the opinion of the Government, Mr. Thorson said, that these were requests which could be considered by the Dominion as likely to come within Federal administration.

Perfectly Matched

Each of the fine whiskies used in blending "Black & White" is carefully selected for its individual qualities, and then perfectly matched to achieve the distinctive flavour and character for which "Black & White" is renowned the world over.

British Dynamite Rommel's Tanks

READING, Pa., Sept. 14 (AP) — A U. S. army officer, Lt.-Col. John H. Snyder, who escorted Wendell Willkie to Egypt said today British forces are knocking out Gen. Rommel's tanks by placing dynamite under them.

Light motorized forces sweep out and plant charges under tanks that might have been only temporarily disabled by bombs and shell fire, said Col. Snyder, chief of the intelligence section of the air transport command.

The colonel, home for a brief rest said Gen. Rommel has excellent repair facilities but is "finding reclamation of damaged tanks a tough job now."

NO MORE JAPS WILL BE SENT TO ALBERTA

CALGARY, Sept. 14 (CP). — No more Japanese will be brought into Alberta from British Columbia this year, either for work in the grain fields or the sugar beet fields, W. Harry Ross, Superintendent of the Unemployment Insurance Commission, was advised today by the British Columbia Security Commission. The decision ends the possibility of Japanese harvest crews being brought in during peak harvesting operations.

Bomber Crew to See Moose's Mother

VANCOUVER, Sept. 14 (CP). — Five Royal Canadian Air Force fliers who took part in the last raid on Saarbruecken will entrain from Vancouver today for Kamloops, B.C., to visit Mrs. W. M. Fulton, mother of Sqdn. Ldr. "Moose" Fulton, leader of the famous R.C.A.F. "Moose" squadron who was recently reported missing after air operations overseas. The five—Po. J. B. Higham, Flt. Sgts. Karl Svetnson, S. C. Lee, Art Loach and Don Morrison—are visiting Victoria today at the close of a trans-Canadian tour.

Nurseries . . .

Children Cared For While Mothers Work

By Garry Cleveland Myers, Ph.D.

In many defence areas the public nursery school has been a great protection to young children and their mothers in war industries.

As new nursery schools open under the wartime program, mothers in increasing numbers are being urged to go into bomber plants, munition works and other production activities.

NEED OF TRAINED TEACHERS

For these rapidly growing schools trained teachers are hard to find (a good field for young women to enter for training).

Studies of work productivity made by industry reveal that those women whose children are cared for make a greater contribution to the war effort because they approach their work free from worry about their children. The women who operate these nursery schools will relieve many times their number of other women for production lines.

HOME BEST FOR SOME

I should like to say here, that while many mothers of young children are entering the war industries from a sense of patriotic duty and others from necessity, some mothers might render a more patriotic service by remaining home with their children, especially in areas where adequate nursery schools are not available.

You probably read the press report that some child care experts of England recently have said that the 10-year-old child is the one most ready to drift into delinquency. The PTA, Church and school might well consider the proper care of the child from 6 to 12, especially if his mother be employed.

SOLVING PARENT PROBLEMS

Q. Would you pay a child for helping about the home?

A. As a rule I would not. However, those parents who do and are sure they are getting good results should hesitate to change. My special bulletin on allowances may be had by writing me in care of this paper enclosing a self-addressed envelope with a three-cent stamp on it.

Rebekah President Visits Lodge at Slocan City

SLOCAN CITY, B. C.Mrs. Bessie Bridge of Revelstoke, President of the Rebekah Assembly of British Columbia, paid an official visit to Floral Rebekah Lodge No. 15, I.O.O.F.

Mr. and Mrs. David Proudfoot, Mrs. W. Shaw and T. Hunter of Nelson were visitors. At the conclusion of lodge a social hour was spent.

SLOCAN CITY

SLOCAN, B. C.—Mrs. T. Cooper, Mrs. D. Ewing and Merle Clough visited Nelson.

Mrs. Bessie Bridge of Revelstoke, President of the Rebekah Assembly while here was a guest of Mr. and Mrs. A. E. Clough.

Mr. and Mrs. F. Broughton of New Denver were visitors to town Friday.

Pte. John Madden left for Camp Borden, Ont., after spending a few days furlough here with his father, A. Madden.

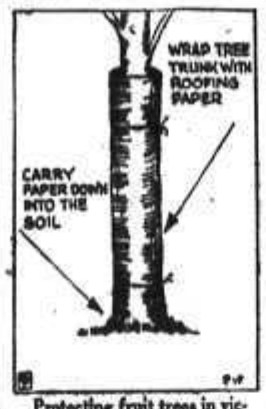
D. McKenzie and Mr. Larson of Kaslo were guests Thursday of Mr. and Mrs. John Graham.

Protect Trees From Animals

By DEAN HALLIDAY

In many sections of the country mice and rabbits cause considerable injury to the bark of young fruit trees.

It is not too early to start planning to outwit them this Winter.



Protecting fruit trees in victory gardens

As illustrated in the Garden-Graph an easy method is to wrap the trunks with strips of roofing paper, ted into position with grape twine. This paper can be saved and used year after year. When placing these protectors, push them down into the soil to keep out the mice that will go under if its is left off the sail.

Burlap, tar paper, wire screens or wood protectors can also be used.

Another method of protecting the trees is to use a repellant. This is painted or sprayed on the trees. It consists of sulfonated oil made by heating linseed oil to 390 degrees F. Place it out of doors and sift into it flowers of sulphur, stirring continually. Proportions are 9 parts oil to one part of Sulphur by weight.

KIMBERLEY

KIMBERLEY, B.C.—Mrs. L. Potter left for a holiday at Fernie.

Irma Maartman returned from Olds, Alta., where she spent holidays with her grandparents.

Mrs. McKim and Miss Ruth Stone returned from a visit to Rossland.

Mr. and Mrs. W. Redford have returned from a holiday spent at the Coast.

Mr. and Mrs. Loyd Griffiths visited Fernie.

Mrs. T. E. Plant and family are holidaying in Lethbridge.

Mr. and Mrs. J. Evans left to spend a few days in Calgary.

Mr. and Mrs. Jimmie Livingstone have returned from a holiday at Fernie.

Function . . .

Thyroid Gland Needs Iodine

By LOGAN CLENDENING, M. D.

What does it mean if the thyroid gland swells up? A swollen thyroid gland is called a goiter. When we examine goiters that have been removed at operation under the microscope we see a number of different kinds of changes.

The simplest kind of goiter is the one found in the so-called goiter regions. It is well known that in some regions a large proportion of the young adult population have enlargement of the thyroid. Switzerland is such a region and in North America around the Great Lakes district.

The cause of this relationship has been quite thoroughly worked out. The secretion of the thyroid gland is quite a complicated chemical structure, but it contains a large amount of iodine. Without iodine the gland cannot form this secretion at all.

SOURCES OF IODINE

In most parts of the world there is plenty of iodine in the soil. This gets into the drinking water, into vegetables and edible fruit, into cow's milk, etc., so that the human organism has plenty for its needs. So the thyroid in people who live in iodine-poor regions increases in the number of its cells so that every bit of iodine can be picked out of the blood.

This sort of goiter can be cured by giving iodine artificially in the form of iodine salt — sodium iodide. Only a very little need be taken—a few grains for 10 days spring and fall is sufficient to keep the body in equilibrium. Obviously these goiters are beneficial and not harmful and should not be removed.

None of the other forms of goiter are nearly so well understood as this simple physiological enlargement of the thyroid.

ACTIVE AND NON-ACTIVE

We can for convenience divide them into active and non-active varieties. Some of them, even though they attain great size, appear to elaborate no secretion that is absorbed into the blood stream, at least none that does any harm. They do not increase the basal metabolism. These are the colloid goiters and seem to be simply cysts of sluggish growth.

Another form oproduces a secretion that is absorbed and causes very disagreeable symptoms—protrusion of the eyes, nervous trembling of the muscles, fast pulse, loss of weight a sense of apprehension, sweating warmth of the skin and often a few degrees of fever.

There is an increase in the basal metalbolic rate (the basal metabolism was explained in the article yesterday) indicating great activity of the thyroid gland.

The treatment now most frequently consists in surgical removal of the over-active thyroid gland. That is a perfectly logical procedure and in most instances the results are excellent. But there are all varieties of the disease and gradations in severity and no condition needs more urgently the advice and judgment of a wise doctor than a goiter.

PRETORIA, (CP)—Aged and infirm South African natives have been found victim of rising living costs and to alleviate their condition a settlement is being established near Witbank in the Transvaal.

SERIAL STORY . . . . . By ADELAIDE HUMPHRIES

YOU ARE THE ONE

CHAPTER FORTY-SIX
(Continued)

Marg had not shed any tears; she had not grieved. She had accepted this news with quiet dignity. She said she knew that was the way John would have wanted to go. She did not think of him as dead. "I know," she told Tibby, "that he has his wings now—for always." The wings of the spirit of which he had spoken.

"I have decided to go back to nursing." Marg told Tibby now. "They say they need nurses and will be needing them badly. I said all along that that was what I would do if we got into this war. I'm glad that I'm needed, that there is something I can do."

Tibby knew how Marg felt, in service of her country she could lose her own sorrow. She said, "I think that's fine, if it's what you want to do, Marg, only I hope you won't have to go somewhere right away. I hope you'll be here a while —at least until I get out of this old hospital!" She knew Marg was not planning on leaving that soon, but Tibby was making an effort to contribute to the cheerful mood her friend contrived to maintain.

"As if I'd leave before that!" Marg's expression was reproachful. "Steena and I are planning a regular celebration to welcome you home, my pet. We may not be able to manage a brass band, but we certainly are going to do our best!"

Tibby said the brass band would not be necessary. It would be enough just to be allowed to return to the apartment. They treated her very well in the hospital — in fact she had never had so much lavish attention—but it was a hospital for all of that.

Marg said, "Do you know, Steena is a different girl! I can't imagine what's come over her! She's that sugar-sweet lately. It may not last of course—reformations seldom do. I always said our Steena had her good points beneath all that beauty. She was wonderful to me when the news came about John. Not one word of sarcasm or the like. She couldn't have been more understanding and sympathetic had she been my own mother."

Tibby did smile at this. Stena in the role of Marg's mother. But she knew what Marg meant, for Tibby had had a visit for Steena, too. They had a long heart-to-heart talk that had cleared up many things between them. Tibby had been right in thinking that Steena had courage, of her own kind. It had taken courage for Steena to tell Tibby all that she had confessed, that she had used Tommy as a foil, that the engagement between herself and Tommy had only been a part of a campaign, that it was all off and over with.

Tibby had not told Steena about the miracle, but she had thanked her for coming to see her and for all the things that she had said. When Steena had got up to go, Tibby had asked her if she would do something for her. She had not given her reasons. She had just asked it as a simple favor.

Steena had said she would be glad to do anything she could. She had said it almost humbly, eagerly.

Tibby slipped the ring off her finger, the magnificent pearl ring, with its surrounding sapphires, that did not belong on her hand that had never seemed to belong there. "I want you to keep this for me—until I come home," she said. She did not have to give the obvious reasons, that such a ring was out of place in a hospital, even a risk, since it might be misplaced or stolen. Her real reason for asking Steena, instead of anyone else, Tibby kept to herself.

No doubt Steena thought the ring could have been put in the hospital vault, or entrusted to another person, anyone, it would seem, rather than herself. Yet she was pleased that Tibby would entrust it to her. It must mean that everything was all right between them. She accepted the ring, saying she would take care of it until Tibby asked for it again.

But Tibby did not intend to ask for it, ever. She had other intentions in the back of her head. They might work out, and again they might not, but they were worth trying anyway. It was not a campaign that Tibby planned, as Steena had; but being feminine Tibby had her own way of trying to make things "pan out" as they really should, now that this was not, as she, and Tommy and Steena had thought, the end of everything.

Everything was not settled, by any means, since that something had happened that Steena had predicted. Steena, too, had been right —in a way.

Hints for Housewives

By BETSY NEWMAN

TODAY'S MENU

Breakfast:
Orange or Grapefruit Juice
Ready Cooked Cereal
Corn Meal Pancakes Syrup
Coffee Milk

Luncheon:
Macaroni Loaf Sliced Tomatoes
Whole Wheat Bread and Butter
Apple Sauce
Tea Milk

Dinner:
Veal Chops Baked Potatoes
Buttered Cabbage
Mixed Vegetable Salad
Gingerbread Apple Cake
Coffee

CORN MEAL PANCAKES

1 cup milk, 1 cup corn meal, 1 cup boiling water, 1 or 2 eggs, 2 teaspoons baking powder, ½ teaspoon salt, 1 cup flour.

Pour boiling water on corn meal and allow to cook. Beat eggs, add milk and add to cooled corn meal. Sift flour with salt and baking powder and add to first mixture, stir only until ingredients are mixed lightly. Bake on hot griddle.

MACARONI LOAF

½ pkg. macaroni, 1½ cups hot milk, 1 cup cracker crumbs, 1 teaspoon chopped onion, 1 tablespoon chopped green pepper, ¼ cup butter, 1 pimiento, 1 cup grated Canadian cheese, ¾ teaspoon salt, dash pepper and cayenne, 3 eggs.

Cook macaroni without breaking in boiling, salted water until tender drain. Scald milk and pour over cracker crumbs in mixing bowl. Chop onion, green pepper, and pimiento, grate cheese. Saute onion and green pepper in butter for 3 minutes, stir into cracker and milk mixture, add cheese, pimiento, and seasonings. Beat eggs and stir them in. Pour in cracker and milk mixture mixing it through carefully by using a knife and separating the p ieces here and there to let the sauce ru through. Set in pan of hot water and bake in 350 degree F., oven for about 50 minutes.

GINGERBREAD APPLE CAKE

1½ cups sifted flour, 3 teaspoons baking powder, ¼ teaspoon soda, 1 teaspoon ginger, ½ teaspoon cinnamon, ½ teaspoon salt, ¼ cup of shortening, ¼ cup molasses, ¼ cup milk, 2 cups chopped sour apples.

Sift dry ingredients together, cut in shortening with pastry blender or 2 knives. Combine molasses and milk and add, mixing with knife to keep mixture light. Spread in a 6 x 10 greased pan and sprinkle apples over top. Bake in moderate oven (400 F.), 40 minutes. Serve hot with lemon sauce. Makes 10 portions.

Lemon Sauce for Apple Cake

2 tablespoons cornstarch, ¼ cup water, ½ cup corn syrup, pinch of salt, juice 1 lemon, 1 tablespoon butter.

Combine cornstarch and water, add corn syrup and cook over low flame until mixture starts to boil, then boil 5 minutes, add salt, lemon juice and butter and stir until well blended.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

SAFEWAY Homemakers' Guide

★ Some grand ideas on preparing Fall produce ★ Safeway offers low advertised week-end prices Tuesday thru Saturday ★ A lesson on having fun

A new Safeway policy that saves you time, trouble and money

Safeway ads now run in your daily newspapers early in the week and Safeway's low advertised prices are now effective from Tuesday up to and including Saturday. This means you can get your big order early in the week when there are no crowds and still be able to take advantage of Safeway's low advertised prices.

Here are some wonderful ways to prepare Fall fruits and vegetables

They come from the Safeway Homemakers' Bureau and every one has been tested and proved in the Bureau's kitchens.

APPLES. Want a different kind of applesauce? Pour 3 cups unsweetened sauce into a well greased 1½ qt. casserole. Combine 1 cup finely rolled graham cracker crumbs, ½ cup sugar, ¼ tsp. cinnamon, and ¾ cup finely chopped walnut meats. Sprinkle crumb mixture over applesauce. Bake in moderate oven (375° F.) 20 minutes, or until crumb mixture is brown and crisp. Serve hot or cold with whipped or pour cream. Serves 6.

GRAPES. To vary familiar desserts, fold seedless grapes or halves of seeded table grapes into cooled blanc mange, custard, gelatin whip or rice pudding.

PEARS. If you like baked apples you'll vote for baked pears, too. Wash 6 pears. Leave whole; do not pare or core. Make syrup by combining 1 cup sugar, ¾ cup water, and 2 tbsps. lemon juice in saucepan; stir well until completely blended; boil rapidly 5 minutes. Or substitute 1¼ cups maple-flavored syrup for sugar syrup. Place pears in baking dish; pour syrup on top; cover dish. Bake in moderate oven (350° F.) until almost tender, about 30 minutes. Remove cover; increase heat to 450° F. and bake 10 minutes longer, basting frequently to glaze. Serve warm or chilled. Serves 6.

SQUASH, PUMPKIN, AND SWEET POTATOES. These vegetables are closely related and each may be used for the same type of recipes—baked, in puddings, pies, cookies, custards, and the like. Squash makes unusually delicious custard. Mix ½ cup firmly packed brown sugar, ½ tsp. salt, ½ tsp. ground cloves, ½ tsp. ginger, ½ tsp. nutmeg, and ½ tsp. cinnamon. Beat 2 eggs slightly. Add 1½ cups milk and 1 tsp. grated orange peel; add to sugar-spice mixture, blending well. Add 1 cup sieved steamed Hubbard squash; stir until combined and free from lumps. Pour into individual custard cups; sprinkle with nutmeg or cinnamon. Set in pan of hot water; bake in slow oven (325° F.) 1 hour, or until set. Cool and serve plain or with whipped cream or maple-flavored syrup. Serves 6.

Mart Kenny to Play at Nelson, Oct. 14

J. B. Stark, as chairman of the War Services Committee of the Kinsmen Club in Nelson, stated Monday that Mart Kenny and his orchestra, the Western Gentlemen, will play in Nelson at a dance sponsored by the club Wednesday, Oct. 14.

The proceeds will go to the Kinsmen Milk for Britain Fund.

Shoreacres Chinese Fined $25 for Fire Without Permit

Charged under the Forest Act with lighting a fire too close to wooded land without having a permit, Sam Low, Shoreacres Chinese, was fined $25 by Stipendiary Magistrate William Irvine of Nelson Monday morning. He pleaded guilty.

The charge was laid by Ranger George Schupe. The Chinese was burning garden refuse, largely pea vines, close to the woods.

NELSON SOCIAL

By MRS M. J. VIGNEUX

• Mrs. Joseph Sturgeon, 319 Silica Street, entertained informally at dinner last night in compliment to her guests, Mrs. Joseph Grant of Los Angeles, and her niece and grand nephew, Mrs. George Masart and son George of Seattle.

• Mrs. John Learmonth of Willow Point was in town yesterday, accompanied by her father, Charles Holmberg, also of Willow Point, who left yesterday for Winnipeg.

• Miss Pamela Dewdney left yesterday for Vancouver where she will attend University of B.C.

• Lady Aylmer of Willow Point shopped in town yesterday.

• James Eccles, Gore Street, returned Sunday night from Vancouver where he has been a patient in St. Vincent's Hospital, New Westminster.

• Mrs. B. Waterer and daughter Edith of Saskatoon, Sask., who have been spending two weeks with Mr. and Mrs. N. Waterer, Morgan Street, have returned to their home.

• William Winstanley and his son Peter of Crescent Valley visited Nelson yesterday.

• Mrs. Rowling and her daughter of Harrop shopped in Nelson yesterday.

• Mrs. Gibson of Slocan Park visited Nelson yesterday.

• Mrs. St. John Madeley of Willow Point visited Nelson at the weekend.

Bayonne Gives 25 Tons of Scrap to the Red Cross

Loading of about 25 tons of iron and steel donated to Nelson Branch of the Red Cross by Bayonne Consolidated Mines Ltd. is now under way at Tye.

J. H. Aylwin, Chairman of the Nelson Red Cross Salvage Committee, went to Tye early Monday morning and arranged with J. W. Mulholland for loading the salvage. Upon his return to Nelson Mr. Aylwin stated it included rails, drill steel, ball mill parts, castings and a variety of scrap metal common in mining camps.

The Bayonne Company, which is closing down its gold mining operation because of the labor shortage and inability to hire additional men, is the first firm to respond to an appeal issued by the Salvage Committee for metal scrap for war salvage.

It is now illegal for a company or an individual to hold more than 500 pounds of ferrous metal without a permit. Since the order was issued an individual who had on hand a quantity of pipe has donated it to the Red Cross.

Castlegar Boy Hurt When His Arm Caught in Wringer

CASTLEGAR, B.C.—Stanley Patton, son of Mr. and Mrs. Patton met with a painful accident Sept. 10 when his arm was caught in a washing machine. Stanley was rushed to Kootenay Lake General Hospital at Nelson where it was found no bones were broken. He had a badly crushed arm, however. He was able to return to his home where he is progressing.

Red Cross Needs 1200 Nurses

TORONTO, Sept. 14 (CP).—Canadian Red Cross headquarters here today announced that 1200 volunteers were required for the emergency nursing auxiliary reserve.

Officials said volunteers would be trained to do simple nursing in private homes under the supervision of a graduate nurse or a doctor. Volunteers would serve in emergencies such as fire, flood, epidemics or air raid.

The Red Cross said the organization required 200 graduate nurses to instruct trainees in the Auxiliary Reserve. Graduate nurses might be married or married and would be offered refresher course if necessary.

No age limit has been set for Auxiliary Reserve volunteers and no previous experience is required. Uniforms will be supplied volunteers—white smocks bearings the Red Cross insignia and regulation Red Cross caps.

Air Casualties

OTTAWA, Sept. 14 (CP)— The R.C.A.F. today listed 18 airmen as killed on active service overseas and 14 missing overseas.

Following is the latest list, killed on active service overseas: Fife, Fred James, Po., Toronto, Lavery, Kenneth Graham, Po., Toronto, Anderson, Roy H., Flt. Sgt., Ont., Andrew, Fred Norman, Sgt., Burgessville, Ont., Brovender, Jack Lionel, Sgt., Timmins, Ont., Colbran, Lester, Sgt., Maxville, Ont., Derbyshire, G. Edward, Sgt., Willows, Sask., Gilmour, Donald McMurtie, Sgt., Montreal, Murphy, James, Sgt., Walkerville, Ont., North, William James, Sgt., Toronto, Scott, Stanley Walter, Sgt., Montreal, Sage, William Bruce, Sgt., Lacombe, Alta.

Died of injuries sustained on active service—Lanceley, Charles H., Flt. Sgt., Calgary, Constable, Melvin Ralph, Sgt., Charlottetown.

Previously reported missing believed killed—now reported killed—Randall, Ernest, L., Sgt., algary, McMillan, Harold Ray, Sgt., London, Ont.

Missing, believed killed during air operations—McLean, Gerald, Po. Vancouver, Christie, Allen Fred, Flt. Sgt., Toronto, Pelletier, Joseph, Flt. Sgt., Ottawa, Andersen, Edward Allisen, Sgt., London, Ont., Caton, A. Ernest, Sgt., London, Ont., Harvie, Gordon, Sgt., Peterborough, Ont., Irish, Jack William, Sgt., Ottawa, Martin, Alistair Bruce, Sgt., New Wiltshire, P.E.I., Morrow, John Robert, Sgt., Woodville, Ont.

Prisoner of war—Trask, Noel B., Flt. Lt., Yarmouth, N.S., Wk, Henry, Sgt., Mrs. Lars Wik, mother, Kimberley.

McCabe, Vincent Wallace, Sgt., Owen Sound, Ont., Smith, Douglas Mark, Sgt., Lachine, Que., Weighill, Francis Churchill, Sgt., Davidson, Sask.

Previously reported missing—now reported prisoner of war—Hughes, Roderick Cooper, Sgt., St. Mary's, Ont.

Previously reported missing—now for official purposes presumed dead—Cawsey, John Nicholson, Po., Calgary, Lowe, Francis John, Flt. Sgt., Waweness, Man., Page, Walter David, Flt. Sgt., Lennoxville, Que., Mitchell, John Lewis, Flt. Sgt., Toronto.

Missing after air operations—Kreiting, Raymond Marenus, Po., Haney, B. C., Locke, Harry Gordon, Po., Stratford, Ont., Prince, Roy Campbell, Po., Bradford, Ont., Hopper, Earl Edwin, Sgt., Crossfield, Alta., Macaulay, William James, Flt. Sgt., Winnipeg, Shapter, James Aubrey, Flt. Sgt., Aylmer, Ont., Anderson, James, Sgt., Toronto, Brown, Harold Alex., Sgt., Chatham, Ont., Gammon, Rex Thomas, Sgt., Sarnia, Ont. Hall, George, Sgt., Tillsonburg, Ont., Love, Claud Lorraine Jr., Sgt., Asheville, N. C., Lynds, Alfred George, Sgt., Millerdale, Sask., Pearce, Robert Charles Sgt., Toronto, Price, Earl George, Sgt., Canterbury, N.B.

Car of Rubber Salvage to Be Loaded, Nelson

Next car of rubber salvage out of Nelson District will be loaded the week of Sept. 20. J. H. Aylwin, Chairman of the Salvage Committee of the Nelson Red Cross Branch, received the "go ahead" signal Monday from the Fairmont Company of Toronto, Government organization for salvaging rubber.

The car will include 8½ tons from the Creston Branch of the Red Cross, and two tons from the Kaslo Board of Trade. Mr. Aylwin urged everyone having scrap rubber on hand to make it available between now and Sept. 20 so it can be included in the car.

Last car of rubber out of this district included 2442 tires weighing 28,740 pounds; 3820 pounds of rubber boots and shoes; 2400 pounds of hose; 630 pounds of inner tubes, and miscellaneous articles. It is expected that while the number of tires in the next car may not be as great, the weight will probably be about the same as tires now on hand run heavy to truck tires.

NEED CONTAINERS

Mr. Aylwin also appealed for sacks, boxes and large cartons for packing the salvaged articles.

Under an arrangement with the city garbage collection contractors, boxes or sacks of salvage prepared by householders for the Red Cross will be picked up and delivered to the salvage depot. Such sacks or boxes, he pointed out, should be placed beside the householder's garbage can, plainly marked "Salvage."

Mr. Aylwin will arrange collection of quantities too large to be handled by the garbage truck when notified the rubber is available.

Scrap rubber is urgently needed for war purposes. It is used, in combination with crude rubber and with the object of making the available crude rubber go as far as possible, for military vehicle and airplane tires, military footwear, fire hose, detachable pontoons for planes, wire and cable, military signal apparatus, motorcycle tires, lifesaving jackets, navy hose, shock absorbing pads, gaskets munitions workers' non-spark galoshes welding hose, auto radiator hose, fire extinguishers, electric batteries, solid tires and so on.

CAPE TOWN (CP)—Official announcement says the South African Irish Regiment is being converted into a field artillery unit, and is operating with Union forces in the Middle East.

Constable Pye of B. C. Police Goes to Castlegar

Transfer of Constable D. H. Pye of Bonnington Detachment, B. C. Police, to the Castlegar Detachment, was announced Monday. The transfer will bring the Castlegar Detachment again up to strength.

So far Constable Pye's successor at Bonnington has not been named.

Songs of Donald Beattie Delight Audience Again

The tenor voice of Donald Beattie, who is now a graduate radio technician of the R.A.F., delighted his Nelson audience once again as he gave a recital of hymns and secular songs at St. Paul's United Church Sunday evening.

After a service dedicated to boys in the forces, conducted by Rev. H. Stewart Forbes, Don sang a group of sacred songs, "Comfort Ye", "If With All Your Hearts" and a poem by the Negro poet, Paul Lawrence Dunbar, set to music by Carrie Jacobs Bond, "Lay Me Down Neath de Willers in de Grass."

Miss Catharine Argyle, youthful violinist, displayed artistry in her interpretation of "Allegro Brilliant" by William Ten-Have.

Don Beattie and Don Brown blended voices in two duets splendidly sung, "Larboard Watch" and "Watchman, What of the Night?"

Concluding with four songs, Don sang "There is a Lady" the ever-popular "Duna" "Trade Winds" and beautifully fitting was the last selection "Hills of Home."

The congregation sang "For Travellers by Air" a hymn for airmen from the United Church Hymnal, each verse concluding with the lines "Hear Thou, O Lord, a nation's prayer for these Thy children of the air."

The hymn was followed by a prayer for all airmen led by Mr. Forbes.

Don was given a chance to say hello to all his friends at an informal reception after. His brother, Lac. John Beattie, who is finishing his course on bombing and gunnery at Saskatoon, was also at the recital, and saw many of his friends.

Four of the six Beattie brothers were in Nelson Saturday, Don, John George, who is in a war industry at Zincton and Ronald, of Trail. The other brothers, are Bob, who is employed in the Boeing Aircraft at Vancouver, and Norman, who is in the R.C.A.F. at Toronto.

Mrs. T.J.S. Ferguson accompanied the boys on the organ and piano, and Mrs. Gladys Webb Foster accompanied Miss Argyle.

"Miss Canadas" Sell $96 in War Stamps

Six "Miss Canadas" who sold war savings stamps in the Hudson's Bay Saturday morning, afternoon and evening, brought in $96.

The girls, Catherine Argyle, Jessie Patterson, Joan Carew, Jean Hooker, Satenig Papazian and Jocelyn Wragge, took their turns at selling them at different hours in the day and each donned the Miss Canada costume of red tunic, red cap, and white blouse, to sell their stamps at the entrance to the Hudson's Bay which was donated by Manager T. H. Glover.

The drive for the sale of war stamps in Nelson is sponsored by the War Finance Committee here, and the girls worked under the auspices of Kokanee Chapter I.O.D.E.

Cranbrook and Nelson Men Join R.C.A.F.

Enlistment of Frank W. Purvis of Cranbrook and Thomas James Lacey of Nelson in the Royal Canadian Air Force is reported by No. 2 Recruiting Centre, Calgary.

Ac2 Purvis, son of Mrs. Florence Mary Brown, 612 Fenwick Avenue, Cranbrook, will train as an aero engine mechanic. He was scheduled to report to No. 3 Manning Depot, Edmonton, Sept. 9. Previous to enlisting he was working in Cranbrook.

Ac2 Lacey is the son of Mr. and Mrs. Thomas Lacey of Creston. He has enlisted as an air frame mechanic trainee, and will be assigned to Manning Depot on completion of his course. He has been employed in Nelson.

What is a Palate-Tickler?
Something that stimulates the flow of gastric juices and so aids digestion, thus giving greater benefit from the food taken.
That "Something" is BOVRIL.
BOVRIL STIMULATES AND IS VERY EASILY DIGESTED

Is YOURS a "no-exercise" job?

THAT dull, tired, gloomy feeling is often only a symptom of incomplete elimination. If it spoils your work—and your fun, take these two steps to health: (1) To get well, see your doctor; (2) To keep well, watch your habits. Make sure you keep the food wastes moving promptly. But no harsh cathartics! Instead, get plenty of needed "bulk" in your diet. Do as thousands of others are doing. Start every morning with a crisp, mellow-flavoured bowl of Kellogg's Bran Flakes With Other Parts Of Wheat. Gently laxative, Kellogg's Bran Flakes supply valuable minerals and proteins too. And they're so good, so downright delicious, you'll want to eat them every morning. Begin tomorrow. Ask your grocer for the golden-yellow package of Kellogg's Bran Flakes. It comes in two convenient sizes. In restaurants, order the individual package with the inner, WAXTITE, sealed bag. Made by Kellogg's in London, Canada.

"SITTING ALL DAY answering questions may not look like work, but I'm tired every night. I have to be courteous, so I can't afford headachy, short-tempered days. Here's my answer. I keep fit, but no nasty doses. Instead, I make sure of getting 'bulk' in my diet by eating a heaping bowl of crisp Kellogg's Bran Flakes every day in the year!"

"DRIVING A TRUCK is no real exercise, yet I keep fit." Outdoor workers, too, need "bulk" in their diets to keep food wastes moving promptly. Kellogg's Bran Flakes supply this "bulk" in a form so delicious you'll want to eat it every day.

KEEP FIT WITH KELLOGG'S
every day in the year!

Stopping Discussion Won't Raise More Hogs or Beef

Public discussion of the beef shortage in Canada is causing the public to switch to buying pork in such quantities that it may be impossible to meet urgent British requirements for 600,000,000 pounds of bacon under an existing contract, according to Agriculture Minister Gardiner.

Mr. Gardiner seems to think that there should not have been any discussion of the beef shortage and says he wants such discussion to cease.

From where have the discussions been emanating? Chiefly from Ottawa, which at the same time has been giving point to the discussion by passing orders to control exports and taking other steps to relieve the beef shortage.

Anyway if there is a shortage of beef, and every butcher in Canada and nearly every housewife knows that there is, why attempt to stifle discussion?

Clamping down on the truth is no remedy. To stifle facts is to encourage rumors and exaggerations.

Mr. Gardiner's proper course is take over all the pork he needs to fill our obligations to Britain. We will still have left in Canada so much more pork per capita than the people of Britain that we won't suffer comparatively very much.

Let's Be Sure of Our Facts

The right to criticize is fundamental in a Democracy. Its loss would result in tyranny, in dictatorship.

But the right to critize does not include unrestricted licence to base criticism on false information.

Intelligent and constructive criticism aids and stimulates our war effort. Criticism that is merely bellyaching or based on false rumors or half-truths retards it.

Looking Backward

10 YEARS AGO
(From Daily News, Sept. 15, 1932)

Arthur Johnson has been elected president of the Rossland Co-operative Transportation Society.

Lieut.-Col. Fred Lister opened the 27th annual fall fair at Nelson yesterday, which is described as one of the greatest fairs in the history of Nelson.

Rev. Andrew Walker of Creston was elected chairman of the Kootenay Fall presbytery meeting of the United Church of Canada.

Miss Jessie Leitch, one of Cranbrook's earliest residents, and now residing in Regina, was the guest of Mrs. E. Home Tuesday at Cranbrook.

25 YEARS AGO
(From Daily News, Sept. 15, 1917)

Miss Ruby Gilchrist, a graduate of Kootenay Lake General Hospital, who joined the army hospital service, has reached France.

Mr. and Mrs. W. M. Cunliffe have returned to their Nelson home after having spent three months at their Summer home on the West Arm.

Word has been received by Mrs. E. West that her son, Fred E. West, who enlisted in the 225th battalion, has received several wounds.

The British Trades Union Congress meeting at Blackpool denounced the submarine war.

40 YEARS AGO
(From Daily News, Sept. 15, 1902)

A letter has been received by the Daily News, from Jack M. Slavin, Slocan City, asking what the prospects would be for a boxing show here in about two weeks. He states that he is willing to meet any man in Canada at 158 pounds for 10 or 15 rounds.

John Campbell left Sunday for Rossland to take charge of the branch of W. F. Teetzel's business there.

Charles Dempster of Rossland was in the city yesterday, accompanied by Ernst Krapp and H. Wunsch, directors of the Republic Group near Slocan City.

Frank Tremblyn brought in 22 trout Sunday from up the lake near the Narrows.

War—25 Years Ago

By The Canadian Press

Sept. 15, 1917—Five-man Russian war cabinet formed under Premier A. F. Kerensky. Battle centre in northern Italy transferred to Bainsizza plateau where Italians gained in the southeast. United States record war credits bill for $11,538,000,000 passed unanimously.

"The steps of faith fall on the seeming void, but find the rock beneath."—Whittier.

??Questions?? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service.

A. M., Salmo—I am a man with a regular occupation as a farmer but at present I am working in another job. Is it possible for me to go home and take in my crops, and do I have to secure a permit? I am a section hand.

You can go back to the farm, in fact if you own the farm you are obliged to remain on the farm while needed. You will have to obtain a permit from the National Selective Service officer at Nelson to take employment other than farm work for longer than 30 days.

L. P., Salmo—Will you please tell me if the girls between the ages of 20 and 24 years that have been called by the government to do war work will have their expenses paid by the government to train for the work they wish to do, for instance a girl going in training to be a nurse?

Registration of women between the ages of 20 to 24 years is taking place this week. The government has not yet announced specific plans regarding the training of women or when they will be called to do war work.

Anxious—When will the recruiting officers for the C.W.A.C. be in Nelson again? Where could I get in touch with them when they are at their headquarters?

An army recruiting officer calls at Nelson periodically. Write or call at the Nelson Armories for application form and you will be notified when the recruiting officer is in town.

P. S., Nelson—Would you please give me the names of all the experimental stations in B. C.?

There are Government Experimental Farm Stations at Summerland, Agassiz and Saanichton, B. C.

The Voice of the Kokanee Peaks

By ROBERT MAIN

Looking down from our majestic height, we view with pride and pleasure our wide and enchanting domain. Nature has bestowed in a lavish manner a charming countenance of varied, fascinating beauty to our realm unsurpassed in this great Canada. For many centuries we have beheld its seasonal wonders. Clad in our perpetual snow and ice, only in the last half century have we witnessed much material change, or much endeavor of human activity. Now, as we turn our gaze southward, we see the Queen City of Nelson, a crown jewel indeed in its admirable setting in the lap of the Selkirks. From its first crude beginning we have watched with interest the growth and expansion of this incomparable city reflected in the Lucerne-like waters of the West Arm of Kootenay Lake, its parks, its fine business and residential streets, its beautiful boulevards and everything that makes an ideal city the pride of its inhabitants:

The city of Nelson, set like a gem,
In the lap of the Selkirks! Oh for a pen,
To laud all her charms. Happy I'd be,
Far and wide to proclaim them, say, "Come and see!"

We view with pleasure the activities on the lake in summer homes and borders of bathing beaches, truly a great and refreshing asset. In looking in another direction our eyes meet a vista of health, woodland, lakes and creeks emanating from our base; home of the mountain trout and happy hunting grounds of all kinds of game. We can hear the rush of waterfalls reverberating through the otherwise silent landscape. We are gratified to observe trails being prepared to enable easier access to the surrounding beauty spots. Our rugged surroundings are softened by the alpine gardens we behold. The rocky terrains are relieved by areas of many charming varieties of flowers decorating the sheltered slopes and valleys, inviting the admiration of their too few visitors. Violets, forget-me-nots, columbines, everlastings, and many others grow in blended profusion. Lovely pink and blue anemones can be seen asserting themselves through the receding snows. Stone crops and saxefrages rival the Edelweiss of the Swiss Alps, giving color to the bluffs and scarps. Heathery heaths of different shades make a carpet round our base, reminiscent of the Scottish moors. Many shrubs of flaming shades complete a scene of enchanting beauty:

The mountain gardens need no human hand to cultivate,
For here Dame Nature reigns in royal state.

Looking further afield towards Kaslo, Sawtooth ranges give a sense of strength and security to our domain. The silvery Slocan, Lemon Creek, Springer Creek and many watersheds come within our vision.

We have recently been honored by being incorporated in The Kokanee Glacier Park, insuring protection to our flora and fauna. In the near future we predict a big influx of visitors to our playground, to become a valuable asset to the Queen City. Such a Mecca for nature lovers should be made as easy of access as possible by well defined trails.

And now, as the sun is setting in the West, its golden beams, our view is gradually being and topping us and contemporary ranges with obscured until the dawning of tomorrow, and in this twilight we say "Au Revoir!"

Press Comment

Having worked in the coal mines of Australia for 80 years, James McLuckie of Sydney is being forced to retire, under the terms of new legislation. These child labor laws catch up to everyone sooner or later.—Windsor Star.

Major-General Victor Odlum will these days be in commando-land in the spirit. Brigadier Lett and Colonel Merritt were in his outfit during the early months of the war.—Vancouver Sun.

Book Notes

Nelson Municipal Library

"SADDLEBAGS FOR SUITCASES", by Mary Bosanquet.

Across Canada on horseback. Many residents of Nelson will remember Miss Bosanquet travelling through the Kootenays upon Timothy, the sedately-mannered horse.

"HOOTING THE RUSSIAN WAR", by Margaret Bourke-White.

A sincere, and often humorous, account by the well-known woman photographer of her experiences in photographing the scene and the people in and about the great battlefield of Soviet Russia.

"CONDITIONS OF PEACE", by Edward Hallett Carr.

The future of this world lies with those who can face it with fresh understanding, courage and imagination. Professor Carr's book is a call for such leadership.

"FOR MY GREAT FOLLY", by Thomas B. Costain.

A novel based upon the character of John Ward, the Elizabethan pirate, who took upon himself the subjugation of the Spaniards. A long, romantic pageant for those who enjoy "Captain Hornblower".

"MRS. FRENSHAM DESCRIBES A CIRCLE", by Richmal Crompton.

The story of family life told against a background of the early days of the war. By the author of "Journeying Wave".

"THE NATIONAL NUTRITION", by Morris Fishbein.

The nation that best feeds its soldiers and its civilian population is the one most certain to endure a long conflict. Everyone needs to know how to separate facts from follies in the field of nutrition.

"THE CUP AND THE SWORD", by Alice Tisdale Hobart.

The author of "Oil for the Lamps of China", presents the lives and loves of the large family of old Jean-Phillippe Rambeau and their vast vineyards lying in the San Joaquin and Napa Valleys.

"PLASTICS", by A. J. Lockrey.

An expert gives simple and exact directions for every operation with plastics in the school and in the home workshop.

"UNEASY FREEHOLD", by Dorothy Macardle.

A "ghost story" that might also be taken more seriously than a thriller. Cliff End, a deserted house on the Devon coast, is bought and made habitable by Roderick Fitzgerald and his sister—Read on from there.

"ASSIGNMENT IN BRITANY", by Helen MacInnes.

When he landed by parachute near a small village in Brittany, Martin Hearne's task was to find out how and when the Nazis were going to use the coast of France. By the author of "Above Suspicion".

"I, JAMES BLUNT", by H. V. Morton.

"James Blunt's diary", says the author, "is dedicated to all complacent optimists and wishful thinkers, and to those who cannot imagine what life would be like if we lost the war."

"NO COMMON GLORY", by David Pilgrim.

James DelaCloche, born on the Isle of Jersey, was son of Prince Charles, later King of England. At eighteen he had cut a figure at Versailles, fought a duel, taken part in a famous sea fight, and been accepted as a secret agent of the English crown.

"HIGH STAKES", by Curt Riess.

The author of "Total Espionage" has written this novel of Nazi spying and sabotage in the United States.

"ONE SMALL CANDLE", by Cecil Roberts.

In this new novel the author of "Victoria Four-Thirty" has again taken a large international canvas and filled it with diverse characters.

"DRUMS O FMORNING", by Philip VanDoren Stern.

A novel dominated by the great ideal of American freedom, as shown in the anti-slavery movement. A struggle paralleling that of our own times.

"PLUME ROUGE", by John Upton Terrell.

In the time of this story, more than a century ago, the trip from St. Louis to the Columbia River had been made only once. Following the rivers, avoiding the Indians, searching for mountain passes, Plume Rouge led his little band over its 4000 mile stretch.

"ROOTS", by Baroness VanBoecop.

A story of the Netherlands East Indies based, not only on the lush background of the mysterious spice islands, but upon the hopes and fears of the Dutch people preparing to defend themselves against ruthless aggression.

Gems of Thought

FAITH

"While reason is puzzling herself about the mystery, faith is turning it into her daily bread and feeding on it thankfully in her heart of hearts.—Frederick D. Huntington.

"Faith does nothing alone—nothing of itself, but everything under God, by God, through God."—Stoughton.

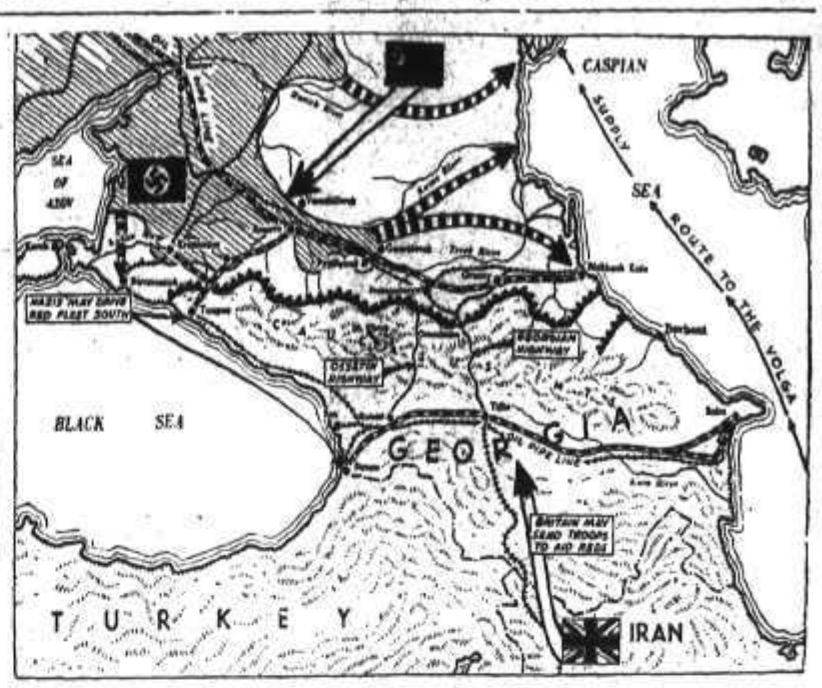
"A saving faith comes not of a person, but of Truth's presence and power. Soul, not sense, receives and gives it."—Mary Baker Eddy.

"There is a limit where the intellect fails and breaks down, and this limit is where the questions concerning God, and freewill, and immortality arise."—Kant.

TODAY'S News Pictures

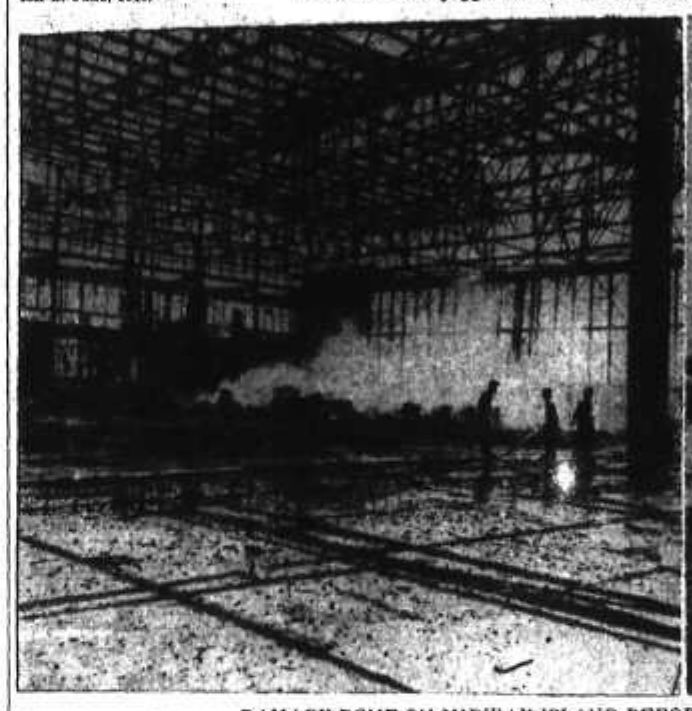
WARNS PETAIN

Edouard Herriot, president of the Chamber of Deputies of the French republic, who, with Jules Jeanneney, president of the French Senate, has signed a letter, written in the name of the French Parliament, accusing Marshal Philippe Petain of assuming unlimited dictatorship and warning him not to try to draw France into war against "our Allies". The letter indicates that France is facing its greatest crisis since its fall in June, 1940.



WHERE NAZIS FACE MOUNTAIN BARRIER

This map shows the Caucasus territory, the roughest, toughest and richest area in this part of the Soviet Union. Here the mountains and the men of the Red army stand a barrier to the Nazi drive down towads Iran and the Middle East oil. The jagged line shows defence line. Striped arrows show directions of Nazi thusts, while the stiped line shows present German position. Open arrow coming from the north shows possible direction of Red offensive that might put the Germans in Caucasus in a perilous position.



DAMAGE DONE ON MIDWAY ISLAND BEFORE JAPS BEATEN OFF

Pictured above are two views of the damage done on Midway Island during the battle of Midway, June 4, 5 and 6. The picture on the left shows the interior of one of the hangars damaged during the raid. At the right is a general view of damage done before the Japanese raiders were beaten off.

TO REPRESENT C.W.A.C.

Lieut.-Col. Joan B. Kennedy, Officer Administering the Canadian Women's Army Corps, who will attend a meeting of the American Business and Professional Women's Organization in the Hotel Astor, New York, Oct. 17. Col. Kennedy will represent her branch of the service at the meeting.

HEADS ROYAL REGIMENT

Lieut.-Colonel Arthur Hayward Fraser of Ottawa and Victoria, B. C., formerly major with the Princess Patricia's Canadian Light Infantry Regiment has been appointed Officer Commanding the Royal Regiment of Canada, Toronto, which took part in the Dieppe raid.

Downed Bomber Crew Rescued by British Destroyer

Survivors of an R.A.F. Sunderland flying boat, stranded at sea in their inflated rubber life rafts, are shown, left, as they waited rescue by the lifeboat of a British destroyer. At right, the men are pictured clambering up the side of the destroyer.

GETS IN TRIM

Clark Gable is shown working out on the parallel bars in Miami, Fla. Clark is trying for a commission in the army air force.

Ernest R. Johnson, Former Rosslander and Senior Hockey Player, Dies In Montana, His Recent Home

ROSSLAND, B.C., Sept. 14—Ernest Rudolph Johnson, who lived most of his life in Rossland, died Sunday morning at the Veterans' hospital at Fort Harison, Mont.

The late Mr Johnson was born in Michigan in 1896. He came to Rossland, with his parents, as a small boy, and received his education in Rossland schools.

He was always a keen sportsman, playing with junior hockey and baseball clubs, as a boy, and later with the Rossland Miners seniors, between the years 1920-1930. He was the goalkeeper during the years he played with the Rossland Hockey Club.

Mr. Johnson is well known in the Crow's Nest Pass, having played baseball and hockey for both Coleman and Blairmore, Alta.

He was President of the Rossland Aerie F. O. E. here.

In December 1925 he married Miss Emma Fox of this city.

RECENTLY IN MINING

A butcher by trade, Mr. Johnson was in business in Silverton prior to his partnership with W. C. Ward. The Ward & Johnson butcher shop in Rosland closed seven years ago, when Mr. and Mrs. Johnson and child moved to the United States to reside. They lived in several places in the States, but for the past few years made Butte, Mont., their home. Mr. Johnson had been in the hotel and butcher business at Butte, but more recently had been engaged in mining and leasing ventures.

Besides his wife and 12-year-old daughter, June, he is survived by his parents, Mr. and Mrs. Andrew Johnson, of Clayton, Wash., and by five brothers, and three sisters, Edwin of Kimberley, John of Spokane, Albert, Henry and Arnold at home. Mrs. Gus Hanson of Rossland, Mrs. Edith Pasta of Seattle, and Mrs Hilda Russatto of Butte, Mont.

Burial will be in Spokane.

Mrs. R. E. Fox and two sons, Harold and John, left Monday morning for Spokane. Mrs. Gus Hanson and son Walter left Monday. Mrs Harold Evans, sister of Mrs. E. R. Johnson, went to Butte Friday and will accompany her to Spokane for the funeral.

A veteran of the last war, Mr. Johnson served with the American Navy.

Mr. Johnson enjoyed excellent health until the first of this year, when it became necessary for him to enter hospital, where he remained for several months. This Summer he drove to Rossland and spent a few weeks visiting friends and relatives, leaving on Aug. 15 for his home. His wife and daughters accompanied him.

Lady Golfers Have Three Events on Tap This Week

First matches of the opening round in the ladies' Blanche Pollard trophy full handicap were struck Monday. First round play will continue today, and must be completed by 6 p.m. Wednesday.

The fairway femmes also have another event on tap. The eclectic competition to be played off during the coming month opens today. In this an entrant plays a nine-hole round, listing only what she considers her best score of for any one hole. After nine games a complete score card is filled. The player with the best card is the winner.

Another event on the card is the ladies Club championship for the Ruth Armstrong Bowl, opening the coming weekend. This tourney winds up Sept. 27.

Deer, Caribou, Elk Seasons to Open Tuesday

Hunting season for deer, caribou and elk opens in this district Tuesday the season for the other big game, bear, mountain sheep and mountain goats having opened Sept. 1.

Open season on deer is Sept. 15 to Dec. 15 inclusive, on caribou the season is Sept. 15 to Oct. 31 inclusive, and on elk in Fernie Electoral District only it is Sept. 15 to Nov. 15 inclusive.

Game regulations confine the kill to male animals, and limit the bag for elk and caribou to one each during the season, and for deer, to two.

Gun Club Elects Delegates; to Show Nature Film

Members of the Nelson and District Rod and Gun Club will meet tonight to elect delegates for the annual meeting of the West Kootenay Rod and Gun Clubs Association at Rossland Wednesday. Resolutions to be presented at the zone meeting will be framed.

A film on natural life, loaned by Ducks Unlimited (Canada), will be shown before the meeting, and an invitation has been extended for young sportsmen and women to see this picture.

Work on the nursery-pool construction project will be suspended tonight because of the meeting. The sportsmen volunteers will turn out again on Wednesday evening however. After Monday evening's work session it was reported the bed of the third pool was about completed. This pool, the second being constructed by the workers, is going to be considerably larger than the one recently completed. The first pool at the Cottonwood Creek site was constructed by the City last year.

The average time of the moon's circuit around the earth is 27 days, 7½ hours.

Jersey City Evens Series With Bears by 3-1 Win

JERSEY CITY, Sept. 14 (AP) — Behind the five-hit pitching of Hugh East, Jersey City Giants downed Newark Bears 3-1 today to even their international league playoff series at two victories apiece.

Newark	1	5	3
Jersey City	3	7	2

Gerheauser, Caldini 7, and Robinson, East and Poland.

Eighty per cent of China's population is engaged in raising farm produce and domestic animals.

Ladies' Five-Pin Club Lines Up for New Season Opening Next Week

Members of the Ladies' Five Pin club will soon be sending their balls rolling and the small pins tumbling in league play again. It is planned to stage the first matches of the opening round a week from today.

Almost the entire slate of 40 members of the 1941-42 season have signed up to play again, and several new players have indicated their desire to join the club. The ladies are looking for the season to equal the success of last year.

The Executive will meet tonight to line up teams and a schedule for the opening round. Four schedules of 14 games each are planned for the new term, the trophy competitions being run off in the Spring.

The Executive comprises Mrs. J. Waterer, President; Miss Monie Brewer, Vice-President; Mrs. Archie Hardy, Secretary; Mrs. Clarence Foster, Treasurer; Miss Betty Stangherlin, Miss Jessie Gentile, Mrs. Fred Dingwall, and Mrs. Thomas Shorthouse, Executive.

TORONTO (CP)— Ted Bishop, 24-year-old R.C.A.F. fighter pilot who played football with Queen's University and Regina Roughriders before enlisting has been promoted from Pilot Officer to Flight Lieutenant.

Cards Take Phils to Boost Lead to 1½ Games; Yanks Clinch Pennant

The Yankees made it official yesterday, clinching the 1942 American League pennant as they defeated the Indians, 8-3, behind the pitching of big Ernie Bonham.

No matter what happens from here on in, the Bronx Bombers have qualified for their second straight World Series and their sixth in the last seven years. With 98 victories and 47 defeats, they can lose all their remaining contests and still finish in front of the second-place Boston Red Sox.

Lanky Sid Hudson finally achieved his 10th victory by pitching and batting Washington Senators to an 8-6 decision over Detroit Tigers. Hudson tossed a three-hitter for 6½ innings of relief work, started a two-run seventh-inding rally and drove in a run in the eight with his third successive hit.

Boston Red Sox dropped a 4-0 contest to Chicago's White Sox in the third game of their series.

Each side made eight hits, but Johnny Humphries scored a shutout for his 11th victory of the season Heber Newsome was the victim of the Chicago team's attack.

The Browns battled 16 innings before downing the tenacious Philadelphia Athletics, 5-4, and mathematically clinching third place. Chet Laabs, Walt Judnich and Mike Chartak smashed home runs for the Brownies.

The Giants bunched all six of their hits in two scoring innings to beat Pittsburgh Pirates, 6-1, and sweep the three-game series.

A four-run inning, highlighted by Max West's third homer of th three-game series, gave Boston Braves a 4-2 victory over Chicago Cubs.

BEAT PHILS 6-3

PHILADELPHIA, Sept. 24 (AP)—Still weary and nervous from their struggle with Brooklyn Dodgers, St. Louis Cardinals had to scramble today to get in a 6-3 decision over the Phils.

But they made the grade with a great four-run rally in the ninth inning and increased their National League lead to 1½ games over the Dodgers as well as keeping alive their chance to move another half a game forward tomorrow while Brooklyn waits through two open dates.

Although Ike Pearson clamped down tight on the Redbirds afterwards, a first-inning tally on Terry Moore's walk and a double by Enos Slaughter looked authoritative.

Then the tail-enders tied the score in the sixth on a single. From that point on the game was as wild and wierd as any ever perpetrated in Shibe Park.

THE WAR RISK INSURANCE ACT, 1942

EVERY CITIZEN SHOULD BE WELL-INFORMED CONCERNING the DOMINION GOVERNMENT'S PLAN FOR WAR RISK INSURANCE

In the following Questions and Answers may be found information, in part—but every Citizen, Property Owner, Director of a Company, Trustee, is urged to seek full particulars regarding the Government War Risk Insurance Scheme.

Q. THE PURPOSE OF THE SCHEME?
A. To implement the Government's responsibility to the people of Canada. The Scheme provides a means of insurance at low rates—in the case of War Damage to Property.

Q. DOES THIS GOVERNMENT PLAN COVER PERSONAL INJURY?
A. Not at all. It is confined only to Property.

Q. WHAT IS MEANT BY "WAR DAMAGE"?
A. In brief—damage by, or because of, enemy action, and by accidental explosions of munitions.

Q. IS NOT THIS ENTERPRISE ONE THAT COULD BE UNDERTAKEN BY THE FIRE INSURANCE COMPANIES OF CANADA?
A. No. This type of War Risk is not being sold by private insurance companies, because of the magnitude of the risk involved.

Q. IS THIS WAR RISK INSURANCE AVAILABLE TO ALL PROPERTY OWNERS?
A. Yes. The Government has established a national scheme to make it possible for each citizen in Canada to purchase the sense of security that comes from knowing that if his property does suffer war damage (and the war has come much closer to Canada in the last twelve months) he can call on the resources of Canada to help him make good his property loss.

Q. HOW DOES A PROPERTY-OWNER GO ABOUT SECURING THIS GOVERNMENT WAR RISK INSURANCE?
A. To save costs of Administration, and to avoid setting up an extensive organization, the Government has accepted the services and facilities of the organized Fire Insurance Companies and their Agents, on a non-profit basis.

Q. I UNDERSTAND THERE IS A PROVISION FOR FREE COMPENSATION IN CERTAIN CASES OF WAR DAMAGE. WHAT KIND OF PROPERTY IS INCLUDED IN THIS CATEGORY?
A. War Damage to owner-occupied homes—and to the chattels of householders and others.

Q. WHAT IS THE AMOUNT OF "FREE COMPENSATION"?
A. Up to $3,000 for owner-occupied homes; $800 to a householder for chattels (personal effects); $400 for those of his wife; $100 for those of each child under 16; $200 for others.

Q. IS AN INSURANCE POLICY NECESSARY TO QUALIFY FOR FREE COMPENSATION?
A. No. Such home-owners and citizens are insured automatically for the Free Compensation feature.

Q. BUT SUPPOSE THE AMOUNT OF "FREE" COMPENSATION IS NOT DEEMED SUFFICIENT TO COVER THE DAMAGE?
A. Then the property-owner should contract with the Government now for an additional sum at a low rate of Premium.

Q. WHAT ABOUT OTHER PROPERTY—NOT BEING OWNER-OCCUPIED HOMES?
A. Owners of Factories, Stores, Offices, Farm Buildings (other than the Farm House) Stock in trade, etc., may contract for Government Insurance at low rates.

Q. IS THERE ANY DIFFERENCE IN RATES IN DIFFERENT TERRITORIES—SAY AS BETWEEN THE COAST AND CENTRAL REGIONS?
A. No, this is a National matter—a risk undertaken by the Government for all Canadian citizens across Canada. The rate is the same for similar properties in any part of the Dominion.

Q. IS INSURANCE OF PROPERTY COMPULSORY UNDER THIS GOVERNMENT SCHEME?
A. No. The Scheme merely sets up the plan and provides the opportunity for property owners to secure this Government Insurance.

Q. THEN DIRECTORS OF COMPANIES OWE IT TO THEIR SHAREHOLDERS TO PROTECT THE PHYSICAL PROPERTY OF THEIR COMPANIES UNDER THE GOVERNMENT SCHEME?
A. Yes, as the Insurance Companies cannot jeopardize their financial strength by undertaking so unpredictable a risk—and as consequently it has become the Government's obligation, it is surely unwise for Directors to jeopardize their own assets by inaction on this important matter.

Q. THEN THE SAME INJUNCTION WOULD APPLY TO TRUSTEES AND GUARDIANS TO INSURE THE PROPERTY FOR THOSE WHOM THEY SERVE IN TRUST?
A. Yes, if they do not insure they might be wrong; if they do insure, they can't be wrong. You see no Country, or person, can foresee the future or be sure of immunity from enemy attack. The world-wide spread of war zones in the last twelve months proves this.

Q. I SUPPOSE ALL PROPERTY OWNERS AND CITIZENS SHOULD GET ADVICE FROM THEIR INSURANCE AGENTS RIGHT AWAY?
A. Yes—every Citizen should consult his Fire Insurance Agent immediately and get fully informed about the Government War Risk Insurance. There are definitions of property, exceptions, rates and so on, that cannot be dealt with in this space.

It will be seen from the above that, simple and direct as are the provisions of the Scheme, it is in the interests of every citizen to enquire how it affects him, or her, personally. Your Fire Insurance Agent or Company will gladly acquaint you with details.

The information given above is not intended to be a complete resumé of the Scheme. Full information regarding conditions, exclusions, etc. is available elsewhere.

"I don't believe Amy will like the women's army. She never could stand it to be in anything she couldn't boss."

SALLY'S SALLIES

Contract . . . By Shepard Barclay

LOVE'S LABOR LOST

IN A GAME among a number of teams of four, there are two ways of scoring. One of them is to add up all of the scores made by one pair of a team playing the North-South hands of each deal, and those of its opponents, also add up all of the scores by the pair playing the East-West hands, and those of its opponents, and then subtract the total points of your two pairs from those by your opponents, to see how many net points you have, which may be either plus or minus. The other is "match-point" scoring. By this, if the score of your North-South pair on a deal, combined with that of your East-West pair on it, produces a plus result, you get one match point for winning the deal; if the contrary, you lose it and get no points, and if tied, you get a half of a point.

North: ♠ A 8 6 2 ♥ J 9 4 ♦ A 6 4 ♣ 10 8 5
West: ♠ K J 10 9 7 4 ♥ A 5 ♦ Q 10 2 ♣ Q 3
East: ♠ None ♥ 10 8 7 3 2 ♦ 8 7 3 ♣ K J 9 6 4
South: ♠ Q 5 3 ♥ K Q 6 ♦ K J 9 3 ♣ A 7 2

(Dealer: South. Both sides vulnerable.)

South	West	North	East
1 ♦	1 ♠	Pass	Pass
1 NT	2 ♦	2 NT	
2 1 NT	2 ♠	Dbl	

Without any brief in behalf of good bidding at either table, there is the way it actually went in a team game where the East-West pair of one team was at Table 2, and its North-South mates were at Table 1.

Both pairs got a fine result, and consequently the deal was won emphatically. At the first table, South was set one at his bid of 2-No Trumps, whereas in most cases South played at 3-No Trumps, was doubled and set two tricks. Thus the loss of 100 points for down one not doubled was a 400 point gain as against those who lost 500 for down two doubled.

At Table 1, West was fortunate enough to make his 2-Spades doubled, for a score of 120 for tricks, 500 bonus for game, total 620. That was 120 better than the score by the pairs who beat the doubled 3-No Trumps 500.

So the team beat most of the field 120 at one table and 400 at the other. That was not good luck, however, as it wasted two good results to gain one match point. If the team had made one of the two pairs' fine scores on one hand, while the mates were making an average, and the other pair's fine score on another hand, while its mates made an average, two match points could have been scored by the same amount of fine work. It is better to have two bad scores together, but your fine scores opposite ordinary ones.

* * *

Tomorrow's Problem

North: ♠ J 6 4 ♥ K J 10 7 3 ♦ J 10 8 2 ♣ 3
West: ♠ K 3 2 ♥ 2 ♦ A 6 5 4 3 ♣ A K 9 4
East: ♠ A 10 9 8 ♥ 8 ♦ K Q 9 7 ♣ J 7 5 2
South: ♠ Q 7 5 ♥ A Q 9 6 5 4 ♦ None ♣ Q 10 8 6

(Dealer: South. Both sides vulnerable.)

If South bids 1-Heart, West doubles, North 2-Hearts, East 2-Spades, South 3-Hearts, West 3 Spades, North 4-Hearts and East doubles, what is the correct defense?

LONDON (CP)—The Royal Navy School of Physical Training recorded an average increase of one-half inch in five days among its 500 boys 15-17 years old.

Strikes Have No Place in Canada War Effort

OTTAWA, Sept. 14 (CP).—There is no place for industrial strikes, inter-union strife or lockouts in Canada's war effort, Labor Minister Mitchell said in an address prepared for delivery today at the annual convention of the Canadian Congress of Labor.

"There is no complaint big enough to warrant ceasing one day in making the munitions required by those who are fighting for us," Mr. Mitchell said.

While there had been too many small strikes in Canada there had also been cause for complaint that some employers had discriminated against trade union," he added.

While workers could not match the contribution of those who offered their lives on battle fronts they could always work harder, remembering that in the final analysis work would make victory possible. Workers would also be called on to aid in the struggle through increased taxes and loans.

Mr. Mitchell reviewed the growth in industrial employment in Canada, an increase of 600,000 workers in three years, with per capita earnings of employees of some 13,000 plants at $26.55 July 1 compared with $25.49 weekly a year ago.

The wage stabilization policy which the Government had adopted was one of benefit to the worker, he said.

Price control and wage stabilization had been formulated "by sincere men who had primarily your welfare and that of the men and women of agriculture, commerce and industry at heart."

Pretty Wedding at Kimberley

KIMBERLEY, B.C. — All Saints Anglican Church was the scene of a pretty wedding Sept. 9, when Mabel Luciule, daughter of Mr. and Mrs. H. Hagen of Foremost, Alta., became the bride of Charles Irving Follows, son of Mrs. C. Bennett.

The bride, given in marriage by her brother, A. Hagan, was attired in a full length dress of white sheer with wrist-length sleeves and a full length veil crowned with orange blossoms. Her boquet consisted of pink and white carnations and snapdragons.

Her matron-of-honor, Mrs. A. Hagan, chose a full length blue sheer dress with white hat and accessories. She carried a bouquet of pink and white sweet peas.

The groom's mother was attired in a dress of lavender gray with black picture hat and a corsage of carnations.

The ceremony was conducted by Archdeacon B. A. Rescker.

The groom was supported by J. P. Robinson.

A reception was held at the home of Mr. and Mrs. J. P. Robinson, aunt and uncle of the groom. Only intimate friends of the bride's and groom's were present. Later, the couple left for a honeymoon trip to Banff and Calgary.

MONTREAL PRODUCE

MONTREAL, Sept. 14 (CP).—Butter, Que. 35¼, eggs, Eastern A-large 40-40½; A-medium 39-39½.

To arrive: butter unquoted.

Futures: Butter, Sept. and Oct. 35¼, Nov. 35½, Dec. 36¼, Jan. 37½, Feb. 38, March 38¾, eggs, Sept. 39.

CALGARY LIVESTOCK

CALGARY, Sept. 14 (CP)—Weekend cattle 144, calves 2, hogs 85, today, cattle 20, calves 20, hogs 50.

Cattle market opened with scant offerings. Best sellers 9-9.25. There were a few scattered sales in other lines about on a par with last week close. No hog sales.

Labor Congress Has Membership of About 150,000

OTTAWA, Sept. 14 (CP)—Membership of approximately 150,000 in the Canadian Congress of Labor was reported in the executive council report prepared for presentation to the congress today by Pat Conroy, secretary-treasurer.

Local unions chartered by the congress during the year numbered 66, the report said. The congress has 18 paid organizers, most of them in the larger industrial centres of Canada.

Report Landing Party Driven Off at Cherbourg

BERLIN, Sept. 14 (AP). — The German High Command said today that a British detachment of seven men attempted to land on the French coast East of Cherbourg Saturday night, but claimed their boat was sunk by shellfire and all were killed or captured.

LONDON, Sept. 14 (CP).—German commentators have pictured actions such as the seven-man landing attempt on the French coast, reported today by the Berlin High Command, as almost night occurrences along the shores of the occupied Continent.

Broadcast mention of these incidents, not usually covered in German communiques, have included the explanation that the forays are intended for collection of information. Usually there are quick getaways.

It is likely that today's communique covered the Saturday night incident only because of the claim that the landing was frustrated.

As in the past, both the War Office and combined operations headquarters declined comment on the German report.

Adjust Prices of Canned Goods

OTTAWA, Sept. 14 (CP). — A more uniform ceiling on canned goods in Canada is expected to result from a revised order on canned fruits and vegetables, announced today by the Wartime Prices and Trade Board.

Earlier price regulations had resulted in widely-varied prices as between different districts in the Dominion, and canners' maximum prices had been established on the basis of 1940 costs. The new order will overcome difficulties experienced by distributors of the 1942 pack who were "squeezed" by the prices fixed for canners, the Board's announcement said.

Also, through the former order, an artificial scarcity developed the Board said. The new regulation would ensure an adequate supply.

Canned tomatoes, tomato juice, peas, corn, green and waxed beans, peaches, Bartlett and Kieffer pears, plums and apricots, which together make up more than 80 per cent of the trade, have been subject until now to individual retail ceilings established in the basic period, while canners prices were governed by specific maximum rates, fixed in a Board order effective last July 1.

Slocan Y.P. Honors Student Minister

SLOCAN CITY, B. C.—A meeting of the Young People's Club was held in the manse of St. Andrew's Presbyterian Church Thursday evening. At the close of the meting a corn roast was enjoyed and as Mr Dobbie, the Student Minister, will be leaving soon to enter McGill University for the Fall term, the members presented him with a wallet as a token of friendship and esteem.

DOW JONES AVERAGES

	High	Low	Close	Change
30 Industrials	106.31	105.92	106.19	off .16
20 Rails	38.66	38.40	38.52	up .06
15 Utilities	11.45	11.35	11.38	up .01

Market Trends . . .

LONDON, Sept. 14 (AP)— The stock market held about steady today in quiet trading with operators apparently hesitant in the face of war uncertainties.

NEW YORK—Stock buyers today nibbled at rails and scattered specialties while showing little if any appetite for most leaders on the market menu.

Commodities rallied briskly on introduction of a senate bill giving President Roosevelt wide powers on wage-price controls, with Liberal treatment for farm staples indicated in a provision prohibiting ceiling below parity or the highest prices reached this year to Sept. 15, whichever is higher.

TORONTO—Gold and industrial stocks registered mild weakness as other groups held steady.

MONTREAL—Trading was lethargic today and price adjustments were irregular. A majority of issues recorded were unchanged.

VANCOUVER—There was little activity on the Vancouver stock exchange during today's early session with prices remaining generally unchanged from Saturday.

WINNIPEG—Wheat trading was relatively light and interest was centered in the coarse grain section where rye gained almost three cents. The October wheat future was unchanged at 90 cents a bushel.

Local mills took probably more than 300,000 bushels of wheat in connection with domestic flour sales.

In the coarse grain pit, there was considerable activity in rye and prices gained almost three cents at top levels, with southern buyers and shippers taking about 200,000 bushels out of the pit. Buying by the former was apparently in connection with inter-market spreading.

CHICAGO—Wheat and rye prices touched highs not reached since mid-July showed gains of 1 and more than 3 cents respectively, as buying expanded in the grain market today.

Start Production in Canada's First Magnesium Plant

OTTAWA, Sept. 14 (CP).—The Munitions and Supply Department disclosed today that the new Government-owned plant of Dominion Magnesium Company near Renfrew, Ont., a $3,000,000 project, now is in operation and "Canadian-made magnesium is available for the first time."

The metal, in heavy demand for making aluminum alloys used in aircraft construction, formerly came entirely from the United States.

The announcement production has begun at Renfrew followed a visit to the plant by Munitions Minister Howe, Metals Controller G. C. Bateman and C. A. Banks, Canadian representative of the Munitions Department in England.

Canada's entry into the field of magnesium production is based on discovery of a new extraction method applied to dolomite deposits at Haley's Corners near Renfrew.

The problem of supply became acute with increased wartime demand for aluminum alloys and with heavier needs for magnesium in the manufacture of flares, shell fittings, night bombs and pyrotechnics. In collaboration with the metals controller, the National Research Council at Ottawa tackled the problem of devising a new production method and research workers in Canada and the United States succeeded in developing a thermal process for extracting metallic magnesium from dolomite.

The discovery gave potential value to the largest deposit of dolomite in the Renfrew area.

Wartime Metals Corp., a crown company, was formed to supervise production and Dominion Magnesium Company was incorporated as a private concern to build and operate a Government-owned plant without sec or profit. The entire production is earmarked for war uses and will be stepped up as new plant units are completed.

Strong Allied Bomber Forces Smash at Bremen and Bucharest

LONDON, Sept. 14 (CP). — British, Canadian and Russian bombers, delivering a new twin blow to the flanks of the Axis 1000 miles apart, smashed at the Northwest German port of Bremen last night in an R. A. F.-R. C. A. F. attack probably hundreds of planes strong, and raided Bucharest and the Ploesti oil region of Rumania from bases deep in Russia.

Lone-flying British bombers were back over Northwestern Germany again at dawn in follow-up attacks, the Air Ministry reported, announcing a total loss of 19 British bombers.

The Air Ministry said the 100th attack of the war on Bremen was delivered by a "very strong force," a phrase taken here to indicate that bombers by the hundreds were used. Three R. C. A. F. squadrons participated.

Returning Canadian pilots reported visibility through rifts in the light clouds was good and said they unloaded their tons of explosives over the Weser River port by the light of raging fires whose red glow they could see for 101 miles on their flight back to base.

The Berlin radio, broadcasting the German communique, said Russian bombers were over Eastern Germany during the same night, and quoted dispatches from Bucharest that the Rumanian capital and Ploesti region to the North were attacked by Soviet bombers.

The dispatches described the Ploesti attacks as ineffective and said Bucharest had two alarms during the night and some bombs were dropped but that no damage was caused.

The German radio said British raiders had caused material damage and destruction to buildings, particularly in residential quarters in an attack on a "harbor town," but did not otherwise identify the target.

The Berlin radio also disclosed that Russian bombers had been over Eastern Germany, but it asserted that only slight damage at isolated places was caused.

Both the Berlin and Vichy radio stations reported Budapest and other points in Eastern Hungary, which the Russians bombed last Wednesday night, had air-raid alarms. The broadcasts reported no hostile planes had crossed the frontier.

Broadcasting stations at Bratislava, in Czecho-Slovakia, and in Rumania also went off the air during the night.

There was no German activity over Britain last night, but it was announced the Nazis have been employing a new type of sub-stratosphere bomber, powered with supercharged diesel motors in recent daylight raids.

MOSCOW, Sept. 14 (AP).—The Rumanian oil field centre of Ploesti was left in flames as a result of a bombing attack last night by Russian planes, the Moscow radio reported today.

Bucharest, capital of Rumania, and Koenigsberg in East Prussia also were said to have been Red air raiders targets.

Thirty-three fires, accompanied by heavy explosions, broke out in Bucharest, the announcement said. Five blasts were observed in the vicinity of a military barracks, arsenal and the Rumanian war ministry.

Roosevelt Warns America Must Produce More Goods for Victory

WASHINGTON, Sept. 14 (AP).—President Roosevelt told Congress today the United States is producing only a little more than 50 per cent of its maximum possible war production and solemnly warned:

"Not until we have reached the maximum—and we can do this only by stripping our civilian economy to the bone—can our fighting men and those of our Allies be assured of the vastly-greater quantities of weapons required to turn the tide.

"Not until then can the United Nations march forward together to certain victory."

The President's statement was in a letter transmitting the sixth quarterly lend-lease report in which he spoke of Britain as an "offensive base." The report showed such aid to the British Commonwealth of Nations and 35 other countries during the 8 months since the program began totalled $6,689,000,000, with actual exports amounting to $3,525,000,000. In the same time lend-lease countries purchased $5,900,000,000 worth of goods, including munitions, from the United States.

Lend-lease help now is being provided at the rate of $8,000,000,000 a year, with the maximum aid possible under 15 separate appropriation acts reaching almost $63,000,000,000.

At present, the report said, about 25 per cent of lend-lease exports are going to the United Kingdom, 35 per cent to Russia, and 30 per cent to the Middle East, Australia and other areas.

"Aid to China," it added, "has been limited by the difficulty of transportation, but the development of other means of transportation will relieve this situation."

Compared with their available resources, he said, Britain and Russia had produced more weapons than the United States.

"And they are continuing to produce to the limit in spite of the fact that Russia is a battlefield and Britain an offensive base."

The report said lend-lease funds now are being spent for many special projects, including further tests of the "seamobile," shallow draft cargo vessel originally known as the "sea otter," and for saving shipping space and refrigeration capacity by the development of dehydrated foodstuffs. (The "sea otter" is desirable as being virtually immune

Six Rossland Brownies Fly Up to Guides

ROSSLAND, B.C., Sept. 14—The first "flying up" ceremony ever to be held in Rosland was Monday afternoon, when six Brownies "flew up" to Guides.

The Guides opening ceremony included a march, the forming of a horseshoe, raising and saluting the Union Jack, and singing the National Anthem.

The Brownies' farewell ceremony consisted of them forming a ring around a toadstool and singing farewell to the Brownies who were to be in the "flying up" ceremony. Brown Owls, Mrs. C. Tindall and Mrs. William Ling, shook hands and bade farewell to the six leaving.

Rignor Nora and Betty Wood were put through the initiating rituals and were introduced to the Guide Captain, Mrs. A. F. G. Drake, by Kathleen Montgomery, patrol leader for the Poppy group.

Lita Camozzi and Patricia Ewing were put through the same ceremony by Ruth Waldie, patrol leader for the Lily of the Valley group. Patsy Bathie and Marie Scorgie were initiated by Pamela Topliff, patrol leader for the orget-Me-Not group.

Mrs. Drake gave a welcoming speech. The Guides were then dismissed in order that the patrol leaders could introduce the new Guides to the individual members of their particular groups.

The patrol leaders entered the names of the new Guides in the patrol book.

Later the Guides formed a circle and repeated the Guide laws and arranged a program for a Court of Honor and programs for future meetings.

parents that Brownies must pass

Mrs. Drake explained to the the Golden Hand Test to qualify for the "flying up" ceremony, and that the Wings badge was the only Brownie badge allowed worn on the Guide uniform.

Trooper Halliwell of Nelson Is Safely Overseas

Canadian Patrol Ship Raccoon is Lost

OTTAWA, Sept. 14 (CP). — Naval Service Headquarters today announced loss of the Canadian patrol vessel Raccoon with 38 officers and men, and the sinking of four United Nations merchant ships.

The Navy did not give the exact location of the sinkings but they were known to have occurred on the Eastern coast.

Loss of the Raccoon brought to eight the number of Navy ships lost by Canada since the war began.

Total number of Navy men officially reported missing since the outbreak of hostilities was raised to 615.

The Navy statement said the Raccoon "had been presumed lost through enemy action while guarding a convoy of merchant ships, and that it must be presumed that all hands were lost with her.

The statement, quoting Navy Minister Macdonald, continued:

"He also announced that there has been an increase in the tempo of enemy activity on Canada's side of the Atlantic.

"He regretted to have to report that four merchant ships had been lost by enemy action, with 10 of their officers and crew. The remainder of their personnel were rescued.

"For security reasons, the Navy Minister refrained from giving details of where and when H.M.C.S. Raccoon was lost.

"He did add, however, that she was one of an escort fleet with a convoy which came under attack from one or more enemy U.boats."

Toronto Beef Market Improves

OTTAWA, Sept. 14 (CP). — An improvement in cattle marketings at Toronto, one of the areas most severely hit by the beef shortage was reported to the Wartime Prices and Trade Board Food Administration Branch today.

About 3000 cattle were offered on the market tdoay with from 1500 to 2000 fit for slaughter, against about 1800 on the same day last week.

Although Agriculture Minister Gardiner has advised Canadians to keep down their beef purchases during the next few months so that heavier animals may be marketed next year, officials said they did not expect a ban on the marketing of calves would be imposed.

CAIRO (CP)—RSM. Arthur Page, of the Durham Infantry, was awarded the Military Cross for gallantry in holding a close fighting position with his men while severely wounded.

Fighting Comrades of the Skies

Knifing through a midnight sky at 300 miles an hour, they're "brothers in arms." Up there above the clouds they share a great adventure—working together as skilled "attack teams" to shower flaming destruction on the Axis.

Trained in Canada, R.C.A.F. air crews take the world in their stride. Smooth-working teams—bomber and fighter Pilots, Navigators, Bombers, Gunners, Wireless Operators—they're ready for action on any front! Seeking out and destroying the enemy wherever he is to be found, they do the job RIGHT. And after Victory? These keen young Canadians will lead the way to a bright new world. Our future is in their hands. Their future is in the skies.

The expanded Air Training Plan has room for men who want to join these fighting comrades of the skies in their great deeds of today and their great prospects for tomorrow. Applications are being accepted for air crew at R.C.A.F. Recruiting Centres throughout Canada.

WOMEN TOO—Join "that men may fly." Canadian women fill vital jobs in the R.C.A.F. Women's Division, releasing men for air crew duties. Recruits are needed, age 18 to 40, physically fit, with at least High School entrance. Many useful and fascinating jobs await you. No experience needed. The Air Force will train you quickly to take your place with Canada's airwomen. Full information at any R.C.A.F. Recruiting Centre, or write address below for explanatory booklet.

If you are physically fit, mentally alert, over 18 and not yet 33, you are eligible. Lack of formal education is no longer a bar to enlistment.
