Eden Flies to Washington for War Talks

WASHINGTON, March 12 (AP)—Anthony Eden, British Foreign Secretary, flew to Washington tonight for conferences looking toward discussions among all United Nations on the mutual problems of the war and of the peace to come.

The tall visitor, here at the invitation of the United States, hurried at once to the British Embassy. He will see President Roosevelt and hold a Press conference tomorrow. An inspection of United States war factories is planned before he returns to London.

ANTHONY EDEN

Said a White House announcement, the only official statement tonight on Eden's arrival:

"The purpose of his visit is to undertake a general exchange of views and to discuss the most effective method of preparing for meetings between the Governments of all United Nations with the United States Government on all aspects of the war situation, to consider questions arising out of the war."

Prime Minister Churchill's own plane brought the diplomat to Washington—accompanied by William Strang, Assistant Undersecretary of State; Oliver Charles Harvey, Private Secretary to Eden; Robin Cruikshank, Director of the American Division, Ministry of Information; Gladwyn Jebb, British Foreign Office Economic Reconstruction Director, and Michael Wright, who is joining the British Embassy here as First Secretary.

Eden was welcomed by a party headed by Acting Secretary of State Sumner Welles. Secretary of State Cordell Hull terminated a Florida vacation for a swift trip home.

It was indicated little is likely to be made public concerning some of the discussions, except as agreements may be reached. General conjecture tonight was that the question of future collaboration with Russia will loom large among them.

In their exploratory talks Eden and Hull may, observers here believe, seek to pave the way for United Nations conferences first on such problems as offer the greatest likelihood of concrete agreement.

One of these is the creation of a United Nations relief and rehabilitation agency which would organize the resources and personnel of all the United Nations Governments for the task of emergency and post-war relief. Even on this elemental plane there has been, as yet, no conference of all the United Nations.

With a precedent for United Nations conferences established through the arrangement of preliminary meetings of experts on such problems as relief, more ticklish problems such as postwar air routes might be tackled next, gradually leading up to United Nations conferences on all postwar problems, even the delicate and dangerous questions of post war frontiers.

Paralleling such preparations for general conferences of all the United Nations, it is expected various problems of vital and immediate interest to the United States and Britain will be discussed.

Eden's close relations with Russia were regarded by some observers as having more than passing significance in connection with his visit to the United States.

As recently as Feb. 21 Eden, in a speech commemorating the 25th anhiversary of the founding of the founding of the Red Army, told an English audience that Britain and Russia are agreed on the broad principles of collaboration for peace as well as on the utter destruction of the Axis.

Eden talked with Premier Stalin and Foreign Commissar Molotov of Russia in the latter part of 1941 and also visited behind the Russian lines.

"The experience of my visit and the talks that I had with Stalin and Molotov," he said on his return to England, "have convinced me that closer political collaboration between us can and will be realized."

By LEWIS HAWKINS
Associated Press Staff Writer

LONDON, March 12 (AP.) — Anthony Eden will seek at the Washington conferences to achieve a practical means for closer cooperation among all the United Nations in order to hasten victory and establish and safeguard a just peace, informed London quarters said tonight.

While there is no fixed agenda for the discussions with President Roosevelt and others, the Foreign Secretary is prepared to present the British views on all points of political contact among Britain, the United States, Russia and ther other Allies.

It is pointed out that while there have been many meetings of American and British leaders so far in the war, most of them have been concerned primarily with the problems of actual fighting operations, and Eden's mission is the first major one devoted solely to the increasingly pressing problems of the politico-economic plan.

The most immediate problem as viewed here concerns the search for an effective means to checkmate the Germans' desperate efforts to drive wedges of ill feeling and distrust between Russia and the other Allies.

STALIN "PLEASED"

The Press Association said Soviet Premier Joseph Stalin had been informed in advance of Eden's trip and "there is reason to believe he heard of it with pleasure."

Eden is expected to deal frankly with such points of potential Anglo-American conflict as post-war civil aviation, which already has provoked apprehensive speeches in the United States Congress and the British House of Commons.

Another important problem expected to demand attention is that of feeding and rehabilitating Europe to prevent chaos there after victory. Gladwyn Jebb, British Foreign Office Economic Reconstruction Director, was included in Eden's small official party.

The trip had been planned for several months but had been held up, first by the Allied landings in North Africa, then by Eden's taking over Commons leadership for the Government, and later by the illness of Prime Minister Churchill. United States Ambassador John G. Winant prolonged his visit home in order to be in Washington when the Foreign Secretary is there and may return to London with him.

Eden had a long conference with Mr. Churchill shortly before his departure.

Find Jap Sniper Is Woman

AN ADVANCED SOUTH PACIFIC BASE, March 2 (Delayed), (AP)—The first eyewitness account of the Japanese using women snipers on Guadalcanal was given today by Infantry Lieutenant Paul R. Brautigan of Chicago.

An unnamed man in Brautigan's platoon detected a sniper in a Banyan tree and fired eight or 10 shots until he was certain the sniper was dead. He then climbed the tree and cut down the body. To everyone's surprise it was the nude body of a woman—painted green in the usual Jap camouflage custom.

The woman had not so much as a sarong to cover her. She was slender, small breasted and no more than five feet tall.

Brautigan, who said he and several others in his platoon saw the body, related that the woman apparently had killed or wounded 11 Americans in the jungle pass she was guarding before she was killed. She was equipped with a .25 calibre Tommygun of Czechoslovakian make.

Men Acquitted at Trial Arrested on Leaving Court

CAPE TOWN, March 12 (CP) — Four men acquitted at the treason trial in which Sidney Robey Leibrandt was convicted and sentenced to death were arrested as they left the court room at Pretoria and it was announced today that they will be interned.

Officers identified them as Hendrik van Cittert, Francis van der Walt, Adrian Stadley and Ernst Annandale.

Two other men were convicted in the trial and were sentenced to five years in prison.

Russ Paper Says Hitler Sure of No Change in West

LONDON, March 12 (CP) — A Moscow English-language broadcast, recorded by the Soviet radio monitor here, said today that Hitler's transfer of troops from Western Europe to the Russian front indicated he is "pretty confident that the present situation there (in the West) will continue for some time."

The broadcast, by the radio commentator known as "Viktorov", contained overtones of the Rusian attitude toward the need for a second front.

ROMMEL FALLS BACK UNDER R.A.F. THUNDER

21 Tanks Smashed in Sweeping Aerial Attacks

ARNIM REPULSED

By WES GALLAGHER
Associated Press Staff Writer

ALLIED HEADQUARTERS IN NORTH AFRICA, March 12 (AP.)—Marshal Erwin Rommel's second attempt to beat back the Allied ring tightening around his Axis troops in Tunisia has failed under sweeping low-level aerial attack by the R.A.F. which forced his armored units to withdraw from Ksar Rhilane, 40 miles South of the Mareth Line, leaving 21 wrecked vehicles and seven guns on the battlefield.

The R.A.F. reported its Western desert force destroyed all but nine armored vehicles out of a total estimated at 30 in Rommel's attacking group.

"Rommel's futile attempt to break the Allied ring closing around him was coupled with three fruitless local assaults by Col.-Gen. Jurgen von Arnim's Axis troops in the Sedjenane sector of Northern Tunisia.

A French High Command communique reported a detachment of French infantry and Allied armored cars made a "strong raid" East of Ousseltia in central Tunisia, capturing German prisoners and returning to the Allied lines without a loss.

A communique also disclosed that Brig.-Gen. Jacques le Clerc's Fighting French forces participated in the fighting at Ksar Rhilane.

During the withdrawal of German forces in the recent abortive attack on the British 8th Army at Medenine, fighters and fighter-bombers gave Rommel's retreating panzers a severe pounding, destroying a large number of armored vehicles.

In yesterday's attack, a 27-year-old wing commander, referring to the assault at Ksar Rhilane, declared fighters and bombers knocked out eight vehicles in the first sweep, two in the second and 11 in the third.

"Then came 10 minutes of the speediest strafing I have ever seen," he said, describing the third attack. "We got 10 flamers this time."

A Canadian pilot said the greatest threat to the Allied planes was the danger of colliding with each other because there were so many of them in the air.

Allied aerial squadrons protecting ground troops near Ksar Rhilane were reported to have shot down four Axis planes.

DOWN 12 PLANES

While the R.A.F. was blasting German armored forces, United States bombers and fighters attacked Axis sea lanes, destroying 12 enemy planes and losing seven of their own.

Fighter escorts attacked a convoy of Axis motor barges in the Sicilian Strait. They blew up one barge and damage two others.

T. B. and Paralysis Only Things That Can Save Frenchman

BERNE, March 12 (AP)— Only paralysis or a severe case of tuberculosis can save a French youth from Germany's program of mobilizing French workmen for the Nazi war industries, under which France literally is being bled white of manpower, dispatches from France said today.

The Neue Zuercher Zeitung pointed out that, aside from the loss of more than 1,000,000 war prisoners in German camps French economy has suffered considerable losses because of the exchange of prisoners for workers.

In addition to 150,000 workers who emigrated before June 1942, another 350,000 left between June and the end of the year, including 150,000 skilled workers, it was reported. A new contingent of 250,000 demanded must include 150,000 of skilled workmen. Thus a total of 750,000 workers will have been removed from France, the dispatches said.

Report Thousands of Red Civilians Slaughtered by Huns

LONDON, March 12 (CP) — The Moscow radio said tonight in a broadcast recorded here that the Germans had shot or poisoned 15,000 to 18,000 men, women and children during their occupation of Rostov.

No details were given in the broadcast.

STEALING A MEAL AMID TWISTED TUNISIAN STEEL

An American soldier shelters himself in a bomb crater for a well-earned meal amid the twisted rails of the railroad leading to the central Tunisian town of Sened. For two days the Americans fought hard and gained control of the railroad station which is a strategic bottleneck.

EDEN TO VISIT OTTAWA BEFORE RETURN

Conversations With Mackenzie King Scheduled

OTTAWA, March 12 (CP)—Anthony Eden, British Foreign Secretary who arrived in Washington tonight, will visit Ottawa before returning to London, it was learned officially tonight.

He will be the first member of the British Cabinet to visit the Canadian capital since the visit of slightly over a year ago of Prime Minister Churchill.

The date of Mr. Eden's arrival was not known immediately but it was presumed in official circles he will hold conferences with United States authorities before coming to Canada. The Foreign Secretary had crossed the Atlantic at the invitation of the United States.

An External Affairs Department spokesman said Prime Minister King had been in touch with Mr. Eden in connection with the visit and that Prime Minister and the British Foreign Secretary would have conversations.

He added he could not say what topics they would discuss but it was assumed that all aspects of the war situation would be under discussion here, as at Washington.

The spokesman said he did not know how long Mr. Eden would remain in Ottawa.

Generals Reported to Have Taken Hitler's Command

LONDON, Saturday, March 13 (AP)—The London Daily Mail today printed an Istanbul dispatch which quoted "Budapest reports" saying Hitler had relinquished command of the German armed forces and had appointed a triumvirate composed of Field Marshals Ewald von Kleist and Erwin Rommel, and Admiral Karl Doenitz, Supreme Naval Commander.

Morning newspapers here displayed stories that Hitler usually made an address on "Heroes Day" celebrated each year throughout Germany but that no talk by him has been announced for today's anniversary.

Two Men Killed in Kimberley Mine Accidents

KIMBERLEY, B. C., March 12 — (CP.)—Separate accidents at the Consolidated Mining and Smelting Company's Sullivan mine resulted in two deaths today.

Pete Buzan, 50, barman, died from a fall from a ladder. He had been in the employ of the Sullivan mine since 1926.

The second fatality occurred when Harold Swan, 38, miner, fell down a raise in the mine. He had been working at the mine since 1906.

JAP SHIP HIT SQUARELY BY ALLIED PLANES

Wide Pacific Area Swept by Bombers

ALLIED HEADQUARTERS, Australia, Saturday, March 13 (AP) — Allied airmen scored a direct hit on a 7000-ton Japanese merchant ship, damaged two smaller vessels, and shot out of action six enemy fighters without the loss of a plane, a communique said today.

The 7000-ton ship was caught with a 500-pound bomb dropped over Ambon Harbor, Amboina Island, despite intense anti-aircraft fire. In a running fight with eight Japanese fighters four of the enemy were knocked out, and returning airmen said at least two of them were destroyed.

Heavy clouds prevented observation of the full results of the raid which also was directed at other shipping and harbor installations.

The other two Japanese fighters shot out of action attempted to stop a raid on Lautem on Timor Island where two smaller ships—a 300-ton motor vessel and a lugger—were strafed.

Parked enemy aircraft also were damaged at a Timor airdrome by low-flying Allied planes.

American, Dutch and Australian fliers kept the Japanese busy over a wide area, and the other main assault was a pre-dawn blast at Lakunai airdrome, the Japanese aerial nest at Rabaul in New Britain. Approximately 500 demolition and fragmentation bombs fell in the target area. All Allied planes returned safely to their base.

Heated Discussion Follows Winch Demand for Purchasing Explanation

VICTORIA, March 12 (CP.) — Heated discussion developed in the Legislature's Public Accounts Committee today when Opposition Leader Harold Winch endeavored to have F. H. Harrison, Government Purchasing Agent, explain the whole system of Governmental purchasing.

Committee Chairman E. T. Kenney said the committee is not empowered to deal with the general question of purchasing, but only with purchases of special items in public accounts.

"Am I to discuss these shoe purchases?" Mr. Harrison asked.

His reference apparently was in connection with Provincial Police stores shortages which led to the conviction of three Victoria men on charges of conspiring to defraud the Government.

"No, not as far as items before the courts," Mr. Kenney replied.

Mr. Winch asked Mr. Harrison if he supplies information on Government purchasing to anyone outside Government service.

"I think that's unfair," W. T. Straith (Lib Coalition-Victoria) commented.

Coalition committee members insisted Mr. Winch pick up specific items.

"In reference, then, to public accounts, which we have before us, has Mr. Harrison given any information on relating to these purchases to anyone outside Government service?" Mr. Winch repeated.

"You're absolutely fishing," Mr. Straith said. "You're asking hypothetical questions."

Mr. Winch then asked if Mr. Harrison had supplied to Arthur Cox of Victoria lists of firms with whom the Government has done business.

Mr. Harrison said he had had to answer such a question before the courts and he refused to answer Mr. Winch.

"He's dead right," Mr. Straith said.

"You mean you're dead happy," shot back Mr. Winch.

As Mr. Winch, Colin Cameron (CCF Comox) and W. W. Lefeaux (CCF Vancouver Centre) continued their pressure to Governmental purchasing systems explained in full there were cries of "you're fishing."

"I challenged you to show one item here that is not correct," said R. H. Carson, (Lib Coalition-Kamloops) waving aloft a copy of public accounts.

"Mr. Maynard," replied Mr. Winch.

"Well, name others," said Mr. Carson.

"There are two others but they're before the courts," returned Mr. Winch.

Vouchers covering a $2000 insurance policy, written by A. H. Cox were before the committee, when J. A. Craig, Comptroller-General was on the stand. Mr. Straith said this item was for a consolidation of three policies with subsequent saving, on the policy renewals, to the Government.

"Has Mr. Craig any knowledge whether this effected a saving?" Mr. Straith asked.

"I have no knowledge," Mr. Craig replied.

Mr. Straith said the committee has no power to go into the matter of how estimates are arrived at.

"This is an illuminating discussion, but it's none of our business—we deal with estimates in Estimates Committee and public accounts in Public Accounts Committee—this is entirely out of order," Mr. Straith said.

"Then I'm to be muzzled in this committee," Mr Winch said.

Coalition members said no attempt is being made to "muzzle" Mr. Winch or anybody else.

Wood Shortage Becoming Acute

OTTAWA, March 12 (CP)—The Munitions Department, making public the results of a survey of the wood fuel shortage in Canada, said tonight that some communities already are without firewood and others may be out of supplies before the end of March.

The announcement said that with the exception of most of Nova Scotia and Alberta, where domestic coal is available, the firewood shortage "is severe throughout the whole of Canada, and in some places is aggravated by an equally serious shortage of imported coal.

"In Ontario and Quebec, which annually consume millions of cords of fuel wood, supplies cut and piled for Summer seasoning are far short of next Winter's requirements and much of this green wood is being used now to meet the present emergency," it said.

Demands Unrestricted Conscription

OTTAWA, March 12 (CP)—A renewed demand for unrestricted conscription coupled with scientific allotment of civilian workers to essential occupations was made in the House of Commons today by Ross Gray (Lib. Lambton), former chief government whip.

Mr. Gray, speaking in the budget debate, forecast the possibility of Canadian forces overseas soon being in the forefront of the decisive battles of the war.

He questioned whether ample reinforcements were available to maintain the overseas army in action and declared this was a question that should be faced "not in the heat of battle but now before it is too late."

Desperate Battle Raging in Kharkov Streets

By EDWARD D. BALL
Associated Press Staff Writer

LONDON, March 12 (AP)—The Red Army captured Vyazma and killed 9000 Germans today in the powerful Central Front sweep toward the Nazi anchor of Smolensk, but in the South Moscow announced another withdrawal in the critical third battle for Kharkov which the Germans said was the scene of a bitter street struggle.

Outnumbered Russian troops again fell back West of Kharkov to new positions, the midnight Moscow communique said, while on the South side of the Ukraine stronghold eight waves of attacking Nazis were beaten down, the enemy losing 32 tanks and 800 men.

The German High Command had claimed earlier that its troops had broken into the city. Accounts from both sides made it clear that the battle was approaching the magnitude of he fight for Stalingrad. The Russians stressed that their troops were combatting "numerically superior" forces, reinforced by reserves brought from Western Europe.

Late tonight the house-to-house struggle still was going on, German radio reports said, and Rome's station quoted Berlin dispatches saying Nazi troops "occupy the Northern and Western parts of the town as well as the centre as far as the Red Square. Soviet troops were said still to hold the Southern part.

One Berlin propaganda agency, the International Information Bureau, earlier had been quoted by the German radio as saying that Kharkov was recaptured, but this subsequently was qualified to acknowledge "extremely fierce fighting is still in progress in South Kharkov."

The Russians were under assault not only at Kharkov but on a long line running Southeast of the city into the Donets Basin at a point South of Voroshilovgrad. In the intermediate Izyum sector, 75 miles Southeast of Kharkov, one Soviet unit killed 300 Germans and destroyed 11 tanks in repulsing another German attack.

Seven German tanks and a company of enemy troops also were knocked out in another unidentified sector in this area.

On the central front it was a different story. Although the Germans said they had abandoned Vyazma, the Russians said it fell only after a "determined assault" as the Red Army pushed on along the railway leading directly to Smolensk, 100 miles away.

Smolensk was threatened by other Russian troops striking down from the Bely sector, 80 miles to the Northeast, and auxiliary Red Army formations fanning out between Vyazma and Bely in the Sychevka sector. Aside from enormous booty seized at Vyazma, the Russians said their troops had taken more than a score of Nazi tanks, and large quantities of other equipment in the steady pursuit of the Germans.

The only other major action reported on the Russian front was a raid by Russian Stormovik planes on the Nazi airdrome at Orel, the hinge of the central and Southern fronts. Fifteen planes were destroyed and 20 damaged.

Coalmen Unable to Get Fuel for Homes Strike

SPRINGHILL, N. S., March 12 (CP)—All three coal mines in the Springhill area were idle tonight as 1400 miners left their jobs in protest because they claimed they were unable to obtain fuel for their own homes. The tieup is expected to continue tomorrow.

Blame for the local shortage is laid on the railwaymen at the pits, whose duty is to direct the coal into the railway cars. It was claimed, tonight that they refused to place coal on the conveyers supplying the town coal bins.

Manitoba Rejects Bargaining Bill

WINNIPEG, March 12 (CP) — The Manitoba Legislature today rejected a collective bargaining bill by a vote of 30 to 12.

Hon. Errick F. Willis, Minister of Labor, had urged the House to reject the bill and await a report from Prof. W. F. Lougheed of the University of Manitoba appointed by the government to study and outline legislation of other provinces and countries regarding employer-employee relations.

Putnam Tells of Complaints of Returned Men

VICTORIA, March 12 (CP)—The British Columbia Government Printing Bureau under Charles F. Banfield was praised by Opposition Leader Harold Winch during discussion of the Provincial Secretary's estimates in the Legislature today. Mr. Winch voiced "great appreciation of the most efficient and honest manner in which this department had been run," and held it up as an example of how other Governments should be operated.

The Civil Service Superannuation Fund vote came in for some debate. Frank Putnam (Lib Coalition Nelson-Creston) said he had had several complaints from returned men who had withdrawn their superannuation payments after enlisting, had returned to civil life and found themselves unable to obtain their old positions. They were told that withdrawal of superannuation funds was tantamount to resignation. This was not fair, Mr. Putnam said, and the matter should be corrected.

Opposition Leader Winch supported Mr. Putnam as did Louis LeBourdais (Lib Coalition Cariboo).

Premier Hart said that the Government was prepared to give jobs back to returned men. In cases where they had withdrawn their superannuation fund contributions the Government would allow them three years to pay back what had been refunded them.

High Educational Standard for Nurses Attacked

VICTORIA, March 12 (CP) — Many young women who were "born nurses" were precluded from taking up that profession because of inadequate education qualifications, the Legislature was told today as a measure redrafting the Registered Nurses Act was passing second reading. The Bill prescribes an admission age of 19 years and university entrance or its equivalent for all girls entering training schools.

The educational standard was opposed by members of all parties. Mrs. D. G. Steeves (C.C.F. North Vancouver) and Mrs. Grace MacInnis (C.C.F. Vancouver-Burrard) said matriculation had become a fetish.

Mrs. Nancy Hodges (Lib. Coalition Victoria) did not believe girls should have to pass examinations in languages or higher mathematics to qualify. H. W. Herridge (C.C.F. Rossland-Trail) pointed out that in Britain academic standards were considered as of secondary importance. Mrs. Laura Jamieson (C.C.F. Vancouver Centre) thought a high school leaving certificate was adequate.

E. E. Winch (C.C.F. Burnaby) thought the important point was not the standards for entry into training as a nurse but the student's ability to assimilate the practical and theoretical courses given in training.

Germany to Make Supreme Effort This Year Says Foot

LONDON, March 12 (CP)—D. M. Foot, Parliamentary Secretary to the Ministry of Economic Warfare, told a Croydon audience today that "Germany's supreme effort will be made this year and those efforts can only be frustrated by the utmost exertions by the United Nations."

"One of the most significant extras of the whole war is the recent decree ordering a still more drastic mobilization of German war industry," he said. "German authorities are preparing for the mobilization of the 1926 class and are demanding further contributions from industry and agriculture."

Nelson Board of Trade Commends Putnam on School Tax Stand; to Study Proposals by Teachers

Nelson Board of Trade on Friday commended Frank Putnam, M.L.A., for his "efforts to iron out maladjustments in school taxation in rural districts, especially in his own constituency," especially in his own constituency," and decided to telegraph him to this effect. Immediately afterward the Board agreed on appointment of a special committee to study the subject with the Nelson Teachers' Association.

These actions were the outcome of a brief address to the Board at its luncheon Friday at the Hume by Eldred Evans, representing the teachers. He spoke of a meeting of Mr. Putnam and representatives of the teachers, and read a recent Daily News report of a talk by Mr. Putnam in the Provincial Legislature in which he urged large administrative units in place of individual school districts.

PRESENT FIGURES

Mr. Evans presented tables of figures and stated that school districts, municipal or rural, were paying 67.8 per cent of the cost of educating children. The burden of education he contended, was a national responsibility. It had been placed under Provincial Governments and these passed it on largely to local districts, with the result that the land was bearing the burden, he said. The teachers sought to lift some of the burden.

In the years 1926 to 1941 inclusive government grants for education increased 26 per cent, but taxation within school districts increased 38 per cent. At the same time increased provincial revenue showed, Mr. Evans said, that the Province was the better able to bear a larger part of the load.

He emphasized inequality of educational opportunity for children resulting from lower salaries and inferior equipment in rural schools compared to municipal schools.

Expressing sympathy for the objective, C. B. Garland asked how the problem was to be met, and what alternatives were offered.

ARCHDEACON BACKS TEACHERS

Ven. Archdeacon Fred H. Graham offered indorsation of the teachers' campaign, declaring he had been greatly impressed at the recent meeting with Mr. Putnam by the attitude of the Nelson teachers, who were not seeking anything for themselves but trying to improve rural conditions.

R. D. Barnes proposed study of the proposals. W. R. Grubbe said they didn't go far enough, that the municipalities as well as rural school districts should be included. A. H. Allen and H. Radcliffe stated large administrative units, though opposed at first, apparently were proving successful in Alberta. J. D. Kerr suggested difficulties would be encountered in placing districts which had paid for their schools in the same units as districts which were still paying for them.

Sluggers Beat Trippers 4-1

Sluggers defeated Trippers 4-1 Friday afternoon in the sixth game of hockey between these two teams of High School Girls.

SUMMARY

First period—1, Trippers, Hunt (J. O. Young, Ambrose); 2, Sluggers, Wigg.

Second period—3, Sluggers, Boyes (Wood); 4, Sluggers, Boyes, 5, Sluggers, Wigg (Wood.

Penalties, Boyes, Sluggers.

Teams:

Sluggers — Porteous, Hammer, Wigg, Openshaw, Coleman, Duck, Hall, Brown, Boyd, Wood.

Trippers—B. McLeod, M. McLeod, Morgan, Goggin, Calbick, Bowkett, Fitzgerald, Dronsfield, J. O. Young, H. J. Young, Ambrose, Hunt.

Referee, D. Boomer.

JOHANNESBURG (CP) — Business men of the Rand have urged that every effort be made by the Union's director-general of supplies to import raw materials and enable the Union to produce as many manufactured commodities as possible.

Nakusp Hospital to Receive Aid for Japanese Patients

NAKUSP, B. C.—At the regular meeting of the Arrow Lakes Hospital Board Tuesday evening, H. L. Millar presided. The officers elected to the Board were:

President, H. L. Millar; Vice-President, A.B.S. Stanley; Secretary Treasurer, R. Islip; Finance, J. H. Dolman; A. B. Stanley, Mrs. E. C. Johnson; House Committee, A. N. Herridge, H. L. Millar, Mrs. W. Maxwell.

The Secretary reported that the inspector of hospitals and Miss Etna Wilson, Secretary of the Nelson Hospital, had visited the hospital during the month.

The Secretary also reported that the government was allowing $45 per month for the Japanese chronic patients with the grant also additional; $53 worth of sheetings has been received on loan from the commissioners to be used for the Japanese patients.

The Chinese probably first used gas for lighting by piping natural gas in bamboo tubes from salt mines.

Nelson to Be Given Radio Publicity at Spokane Shortly

A broadcast dealing with Nelson will be put on the air at Spokane shortly by the Inland Empire Relations Committee of the Spokane Chamber of Commerce, a communication received Friday by the Board of Trade indicated. The Committee is continuing its policy of making broadcasts of this nature.

An invitation to Nelson Board members to attend Spokane Chamber functions was also extended.

When the letter was referred to the Publicity Committee a suggestion was offered that the broadcast might include mention of the Board's forthcoming fiftieth anniversary.

Scouts and Cubs Stage Apple Day Drive Today

Nelson Boy Scouts and Cubs today will hold their annual Apple Day, seeking to raise funds for their work in Nelson and District. Part of the money raised will be used to keep Scout buildings in Nelson and at Camp Busk in condition.

The campaign will begin at 9 a.m. and continue through the day, with teams covering the city.

Floyd L. Irwin is Acting General Chairman. Committees are:

Advertising—S. E. Briard, President of Nelson District Scout Association; R. R. Brown, District Commissioner; and Scoutmaster S. P. Wade.

Preparing apples—Mothers' Auxiliary.

House to house canvass—Walter Elmes, Eldred Evans, J. C. Loomer.

Main Depot—W. H. Houston.

Finance and audit—Robert Strachan.

Transportation—A. Willey, C. E. G. Fisher, C. H. (Pat) Murray and R. A. Peebles.

Campbell, Miss M. Campbell, Mr. and Mrs. J. Taylor, Mr. and Mrs. J. Teir, Miss A. Teir, Mrs. George Teir, Mr. and Mrs. A. L. Harris, Mr. and Mrs. J. Draper, Mr. and Mrs. R. Joy, Mrs. Younge, Miss D. Mizuhara, Dr. Uchida, F. Clark, N. Tattrie, D. P. Morgan.

On Monday Mrs. J. Taylor entertained at the tea hour in honor of Mrs. A. Frances of Vancouver, who is visiting here. Guests were Mrs. T. A. Love of Grand Forks, Mrs. E. Kirkwood, Mrs. MacTavish, Mrs. J. Greer, Mrs. Wells, Mrs. Palethorpe Mrs. Earl Teir, Mrs. R. Crellin, Mrs. George Teir, Mrs. M. James, Mrs. H. Kelsall, Miss Joyce Butlin, Miss Gwen Suttie and Miss M. H. Butlin.

St. Stephens Guild was held at the home of the President, Mrs. Hope George. Members present were Mrs. C. Kennett, Mrs. G. Douglas, Mrs. N. C. Tattrie, Miss A. Teir, Miss W. Aylwin, Misses Joyce and Monica Butlin, Mrs. G. Teir was welcomed as a visitor.

Mrs. R. D. Hall Wins Ladies' First Prize at Old-Fashioned Skating Party; Wasp Waists, Bustles "All the Rage"

Mrs. R. D. Hall carried away ladies' first prize Friday night when belles appeared in the costumes of the gay nineties, wasp-waist dresses, beflowered hats and upswept hairdos at the oldfashioned skating party at the Civic Centre. James Madden, complete with top hat, dress suit, sideburns, cane, and even spring skates, won the men's first prize for the best oldfashioned costume. Four hundred spectators and skaters were in attendance.

The kiddies were out too, not only in oldfashioned costumes, but in bright country-dresses of Czecho-Slovakia, Switzerland, and Ireland; Little Miss Muffet was there, a contrast to the 1943 model of a "Wren".

'LAVENDER AND OLD LACE'

Little Miss Sydney Swingler, who literally stepped from the pages of an old family album in her oldfashioned costume of lace and ruffles, won the first prize for the girls' best costume,and Buddy Mayer, in a Broncho Bill outfit, won the prize for boys' best costume.

Mrs. A. M. Sturgess, Miss Pat Nicholson and Mayor N. C. Sibbs acted as judges.

The music of the old days was played for the skaters by the Nelson City Band among their selections were "It's Three O'Clock in the Morning", "Let Me Call You Sweetheart," and "When It's Springtime in the Rockies."

Roy and Edna McKenzie with the rythmic precision that has characterized their teamwork, were especially pleasing in their two numbers.

The entertainment was brought to a roaring finish when Walter Wait and Ed Kelter, in comedy act lurched and hurtled about the ice in clever spills, jumps, splits and tumbles.

Undaunted by the temporary loss of his goldilocks wig, Mr. Wait chased Mr. Kelter who was equally unperturbed by a mustache that constantly flitted off.

During the intermissions general skating was held.

Play Opens in Annual Nelson "Little Bonspiel; District Curlers in Action Today; Three Competitions

District curlers are deep into their annual "Little Bonspiel" at Nelson. Play opened Friday night with home rinks playing first to clear the way for the visitors today. Play will continue today and Sunday.

Three competitions are scheduled, the Primary, for the Putnam Cup; a Secondary; and a Board of Trade Cup competition.

NEW ENTRIES

The entries were swelled by two rinks today with Ken Martin of Rossland entering to represent that city and Don Archibald making up a third Creston entry. Roy Stephens of Rossland entered, but has had to scratch, and Frank Staples of Creston has thus won his first game without playing on Stephen's default.

The curlers face 100 games in two days on five sheets. This has led to establishment of a two-hour time limit and games will be concluded by the bell. Curlers have been warned not to ask favors as to time of play because "it can't be done." They are advised "if business interferes with curling, quit business."

Friday night's opening results were:

J. J. McEwen 8, H. M. Whimster 7.
G. Ronmark 12, C. Ward 8.
John Dingwall 12, Harry Harrison 10.
William Marr 10, W. Pond 8.
G. S. Godfrey 14, J. H. Long 7.
T. R. Wilson 9, Al Jeffs 7.
A. R. Moore 10, Art Waters 8.
Len Peerless 9, H. A. D. Greenwood 6.
A. Ronmark 10, John Thom 6.
J. J. McEwen 7, G. Ronmark 6.
R. E. Horton won by default from R. A. Peebles.

TODAY'S DRAW

7 a.m.—H. Chester vs P. D. Stuart Brown, K. Martin vs J. H. Allen, R. E. Horton vs T. R. Wilson, G. S. Godfrey vs A. Ronmark, H. M. Whimster vs C. Ward.

9 a.m. — Harry Harrison vs W. Pond, R. E. Horton vs Donald MacDonald, W. B. Robertson vs G. S. Godfrey, A. R. Moore vs Al Jeffs, A. G. Lang vs F. D. Cummins.

11 a.m.—C. R. Fahrni vs C. A. Cawley, Art Waters vs P. D. Stuart Brown, Donald MacDonald vs Russell Joyce, Don Archibald vs B. T. Hummon, W. B. Robertson vs P. A. McGrath.

1 p.m.—H. M. Whimster vs H. A. D. Greenwood, G. Ronmark vs Len Peerless, C. Ward vs M. C. Donaldson, John Dingwall vs C. A. Cawley, Russell Joyce vs T. R. Wilson.

Lt. Col. Aubrey Maurice Maude, died in London at the age of 90. As a member of the Horse Artillery he was a veteran of the Zulu and South African wars and was a son of Sir George Ashley Maude, credited with firing the first shot in the Crimean War.

Bolivia's flag consists of three horizontal bars of equal width of red, green and yellow.

Rossland Social . .

By MRS. HARVEY FLEURY

ROSSLAND, B. C. March 12 — A wedding of much interest to Rossland residents was solemnized in Calgary, Saturday, March 6, when Pte. Marion O. Cuyler, C.W.A.C., Calgary, became the bride of Pte. Joseph Cyril Gillis, Bandsman, Currie Barracks, Calgary, only son of Mr. and Mrs. Joseph Willis of Rossland. Both bride and groom were smartly attired in their Army uniforms. Following the ceremony the couple left for Rossland where a reception was held for them at the Empire Banquet Hall. Tuesday they returned to their respective barracks at Calgary.

Mrs. J. Gillis returned Monday from Calgary where she attended the wedding of her son, Pte. J. C. Gillis.

Word has been received in Rossland of the marriage of Miss Jean Allison, formerly on the nursing staff at Mater Misericordiae Hospital, to William Nellist of Johannesburg, South Africa.

Mr. and Mrs. H. Mellor-Langdale arrived in Rossland Monday evening from the Coast.

Ac. 1 Reg. Parker of the R.C.A.F. recently spent a short leave visiting his parents, Mr. and Mrs. Fred Parker.

Miss Helen Juba left Friday for the Coast, where she will reside.

Cyril De Kuyscher of the R.C.N.V.R., is spending his leave visiting his parents, Mr. and Mrs. J. De Kuyscher.

Mrs. David Rice and daughter Margaret left Tuesday for a month's visit with relatives at Victoria.

Pte. Roy Holmes is spending his leave visiting friends in Rossland.

Mr. and Mrs. Trygve Nora were Trail visitors Wednesday evening.

Glyn Langdale was a Trail visitor Wednesday evening.

Mrs. John Berg of Vancouver, who has been visiting in Rossland for the past two weeks, expects to leave for her home during the weekend. She will be accompanied by her mother, Mrs. Mary Berg, who will take up residence there.

Donald Dewar of Edmonton was recently the guest of his aunt, Mrs. Gladys Bathie.

Mr. and Mrs. J. H. Conroy were visitors to Nelson the first of the week.

Mrs. W. R. Fulton was hostess to St. George's Women's Auxiliary Tuesday afternoon when there were present Mrs. C. F. Orman, Mrs. J. Beley, Mrs. B. G. Lees, Mrs. S. E. Wilson, Mrs. Dann, Mrs. Thomas Tongue, Mrs. S. E. Thomas and Mrs. E. Jewell.

Pythian Sisters made plans to hold a social on the 23rd to celebrate their 42nd anniversary, when they met Tuesday evening. Present were Mrs. W. D. Wilson, Mrs. F. G. Bray, Mrs. P. G. Palmer, Mrs. Herbert Thompson, Mrs. H. Evans, Mrs. R. Mason, Mrs. F. M. McKenzie, Mrs. Richard Turner, Mrs. J. Bradley, Mrs. Basil Littley, Mrs. J. Woodward, and Miss Jennie Henderson.

Tommy Ham left last week for Macleod where he has been transferred.

Mr. and Mrs. B. Campbell of Salmo are guests of their son-in-law and daughter, Mr. and Mrs. William Ling.

Mrs. Fred Hewitt of Grand Forks is visiting her brother-in-law and sister, Mr. and Mrs. Bert Johnson.

Mrs. F. G. Bray entertained at her home Thursday night with a telephone bridge, under the auspices of the Rebekah Lodge. Five tables were in play with the high score being held by Mrs. Henry Metzgar and the consolation by Mrs. Anthony Zetner. Those attending were Mrs. Gordon McTeer, Mrs. Lawrence Hunter, Mrs. Jack Mowatt, Mrs. W. D. Wilson, Mrs. Jack Gendle, Mrs. Jack Henderson, Mrs. Gladys Bathie, Mrs. Alex Page, Mrs. Basil Littley, Mrs. P. G. Palmer, Mrs. J. Gordon, Mrs. W. K. Scotchard, Mrs. James Stevens, Mrs. William Turner, Mrs. Carl Troseth, Mrs. Al Keating, Mrs. Jack Leland, Mrs. D. F. McIntyre, Mrs. H. Fleury, and Miss Isobel Gordon. Mrs. Bray was assisted by Mrs. Henderson, Mrs. Page, Mrs. Stevens, Mrs. Turner, and Mrs. Gordon.

Dorcas Circle of St. Andrew's Women's Auxiliary met Wednesday evening at the home of Mrs. William Arrowsmith. Following routine business two completed crib quilts and two bassinet covers were displayed. Work was continued on the large quilt, following which refreshments were served by the hostess, assisted by Mrs. William Blackwell. Those present were Mrs. E. Nichols, Mrs. D. Martin, Mrs. S. Churchill, Mrs. E. Seccombe, Mrs. H. Keffer, Mrs. M. Clark, Mrs. A. E. Waldie and Mrs. Blackwell.

J. R. Bryan was transferred from the Trail-Tadanac Hospital to the Mater Misericordiae Hospital, Rossland, Friday morning.

Mrs. Walter Grubisic and Mrs. A. Zetner were co-hostesses at the home of the former Tuesday evening, when they entertained with telephone bridge, sponsored by the Rebekah Lodge. High score was held by Mrs. J. A. Williams. Others present included Mrs. Joseph French, Mrs. Frank Grubisic, Mrs. Arthur Erickson, Mrs. George Benzies, Mrs. Jack Leland, Mrs. A. E. Ewing, Mrs. Ira Henderson and Mrs. Walter Holmes.

F.D.R. Hasn't Time to Discuss a Fourth Term

WASHINGTON, March 12 (AP)—President Roosevelt told inquiring reporters today that he did not think he had any views to express on two White House conferences recently in which the question of a fourth term was mentioned.

Let's get on with the war, he suggested, when asked whether he had anything to say about the recent meetings. It was the first time that the fourth term question had risen, even indirectly, at a Press conference.

Town Salvage Depot to Be Abandoned

Red Cross Salvage Committee plans shortly to abandon the Josephine Street Salvage depot. When use of the depot is finally given up arrangements will be made to receive salvage at the building at the foot of Ward Street opposite the City Hall, now used as a headquarters in the paper salvage drive. The yards at the foot of Hall Street will continue to be used for receiving, sorting and loading scrap.

The building housing the depot on Josephine Street is to be dismantled. An up-town depot will be reopened if a suitable site becomes available.

Weekly collection of paper from business houses is continuing, and when the weather improves arrangements will be made to conduct a drive in the residential areas. Meanwhile householders can leave bundled newspapers, waste paper, and cardboard at the Ward Street centre. Here the paper is baled preparatory for shipment. About seven tons is already on hand, but 15 tons is required for a carload.

Response to the appeal for fats and bones has not been great, Chairman J. H. Aylwin said, and he pointed out that the need for these items of salvage was real. They will be required in quantity for the duration. Butcher shops are serving as collection centres for fats and bones, and payment is made to housewives turning in these items.

NEW DENVER

NEW DENVER, B. C.—Miss G. Suttie was a visitor to Lemon Creek on Wednesday.

Mrs. S. Aalton left to visit her family in Erickson for a week.

Miss J. Anderson, Matron of the Slocan Community Hospital, is spending a few days in Erickson.

L. Carter of the Van Roi, Silverton, is visiting his mother for a few days.

Dr. A. Frances was a visitor in Nakusp Wednesday.

James W. Butlin was a visitor in Nakusp on Wednesday.

Mrs. A. Frances arrived from Vancouver to spend a week here.

R. Crellin was a visitor to Nakusp.

Cpl. and Mrs. W. Durwin left on Thursday for Grand Forks.

H. Woolley, was a visitor to Nakusp on Wednesday.

James Draper was a visitor in Nakusp.

Cpl. W. F. Foster has arrived from Vancouver.

T. Flint was a visitor in Nakusp.

H. Kelsall was in Nakusp on Wednesday.

George Palethorpe has left for Spokane.

Mrs. A. Greenlaw is here from Lardo, to visit her mother, Mrs. E. Angrignon.

G. T. Robinson of Keals is spending a few days in town.

The Red Cross Bee was held in the Legion Hall on Friday with Miss M. Butlin acting as hostess.

Mrs H. Kelsall and Mrs. R. Crellin were hostesses at the former's home to the Pythian Sisters of Lucerne Temple No. 17, at a war effort card party. There were six tables in play. First prize went to Mrs. D. Powell, second prize to Mrs. Belle Pendry, consolation to Mrs. E. Angrignon.

The United Church Women's Association met at the home of Mrs. George Palethorpe on Thursday evening. Mrs. J. Taylor, President, was in the chair. At the close of the meeting, refreshments were served by the hostess.

CANON DIXON HOLDS SERVICE AT SLOCAN CITY

SLOCAN CITY, B. C.—The Rev. Canon Dixon, D.D., O.B.E., the General Secretary of the Missionary Society of the Church of England, in Canada, the Rev. W. H. Gale, on March 4. A service was held in the Church on Thursday evening at which Canon Dixon preached by interpretation. This was followed by a social hour in the Orange Hall when Canon Dixon gave interesting information about conditions for Japanese in Eastern Canada and took messages from parents whose sons are already there.

Canon Dixon visited the kindergartens and Clubs and saw all he could of the work. On Friday, afternoon, he had a conference with the missionaries working here. He and Rev. W. H. Gale, left for Nelson by the bus on Friday.

7000 Units of Living Space Provided by Housing Registries

OTTAWA, March 12 (CP) — Mrs. Harvey Agnew, Supervisor of Housing Registries for the Consumer Branch of the Prices Board, said today that in less than three months of operation housing registries under the Board have directed Canadians to more than 7,000 units of living space.

Complete up to date reports from all registries are not available, but at Feb. 1 total applications for space were 9404, of which 4429 were for housing units and 4975 for rooms. Total listings at Feb. 1 were 6490, of which 874 were housing units and 5616 were rooms.

Among cities in which registries now are operated by the Consumer Branch are Vancouver, Victoria, New Westminster, Port Alberni and Trail.

After the devotional period the business was attended to Mrs. R. Crellin presented report for visiting committee. Mrs. Crellin and Miss H. Pendry will remain on this committee during March and Miss Monica Butlin will attend to church cleaning this month.

The World Day of Prayer Service was discussed and Mrs. F. Browne, Miss Clinch and Miss Hamilton were asked to represent the St. Stephen W. A.

At the close of the business session refreshments were served by the hostess.

COAST WEDDING OF INTEREST IN BONNINGTON

BONNINGTON, B. C.—A wedding of interest in the district was solemnized in Christ Church Cathedral at Vancouver on Feb. 13. Rev. Cecil Swanson officiated at the late afternoon ceremony uniting in marriage Miss Margot Rangdale Hill, eldest daughter of Mrs. Roy Graham of Bonnington and Maurice Adlier of Vancouver, formerly of Alabama, U.S.A. Given in marriage by her mother, the bride wore a gown of Winter white jersey silk, with flowered hat in a Spring color blend of pale mauve to deep violet, her corsage was of violets and Talisman roses and she carried a white prayer book. The bride was attended by her sister, Mrs. O. Murrell of Trail who wore a gown of gold crepe with brown hat and accessories. Her corsage was of orchids and freezias.

The bridegroom was attended by Charles Ross. The organist was Mrs. Leslie Cooke formerly of Trail. A reception followed at the home of Mrs. McLeod, West Vancouver. On their return from a wedding trip Mr. and Mrs. Adlier will reside at 654-24th Avenue, West Vancouver.

Report French Guerillas Fight in Alps

BERNE, March 12 (AP) —The Vichy Government was reported by the Geneva Tribune to have sent 800 police guards in armored cars into the Haute Savoie region of the Alps tonight in an effort to subdue well armed guerillas whose ranks were swelled by French youths seeking to escape compulsory labor in Germany.

The tribune reported from Lyons that all youths between 20 and 23 were being drafted for factories and also for the Todt organization and sent immediately behind the German lines in Russia to work on fortifications and the like. As such they were forced to wear German uniforms.

The newspaper said the situation in the Haute Savoie, where Italian occupation troops have replaced Germans sent to the Russian Front, was becoming more and more strained. The fugitives who have taken their place in the Romme Plateau above Cluse, Araches, and elsewhere already number several thousand. The partisans are reported led by French army officers.

The youths for the most part are "very well armed and firmly resolved to defend themselves," the newspaper said. Some had 75-mm. cannon as well as machine guns. Officers of all grades headed them and they are said to have the moral support of many priests who also are fugitives.

Fourth Victory Loan to Open April 26

OTTAWA, March 12 (CP). — Canada's fourth Victory Loan campaign will open Monday, April 26 and close Saturday, May 15, it was announced today by G. W. Spinney, Chairman of the National War Finance Committee.

The minimum objective of the loan and details of the bond issues to be offered will be announced later, spokesmen for the War Finance Committee said.

The third Victory Loan last Autumn had a minimum objective of $750,000,000 and subscriptions were just short of $1,000,000,000 in a three-week campaign.

Last year two Victory Loans were held—one in the Spring and one in the Fall.

In his budget speech last week Finance Minister Ilsley estimated that total revenues during the fiscal year 1943-44, beginning next April 1, will be $2,732,200,000 and total expenditures $5,500,000,000—leaving an estimated deficit of $2,748,000,000 to be covered by borrowing.

In his speech the Minister said he would urge the people to appreciate the critical need for increased saving and for retaining their war bonds to the end of the war.

"All of us, individually and as people united in a common purpose, must determine our own ability to lend out of savings in accordance with the common objective and so manage our spending that we can achieve our share of the great task that is ahead of us in 1943-44," the Minister said in his budget speech.

One of the duties of the National War Finance Committee during the coming fiscal year, he said, would be "to organize and carry out . . . two Victory Loan campaigns directed patricularly to the mobilization for war of the personal savings of the people on a vastly-enlarged scale."

The achievements of the armed forces, he said, will be shared "by each Canadian who, this year, and to the end of the war, carries out unswervingly, skilfully, relentlessly the watchwords of this budget: 'Work and save'."

Arrest of French Sailors in U. S. Creates Problem

By R. J. ANDERSON

NEW YORK, March 12 (CP).—A delicate diplomatic situation was reported today to have developed among the United States and the French forces of Gen. Charles de Gaulle and Gen. Henri Giraud as a result of the arrest of 13 sailors from the 35,000-ton French battleship Richelieu, undergoing repair in a New York shipyard.

The men, taken into custody in a roundup Wednesday night by immigration inspectors, are held on Ellis Island on charges of illegal entry into the United States.

The Richelieu and other French warships arrived in United States waters from Dakar last month. Within a few days of their arrival members of the crew began enlisting with the Fighting French and were sent to Canada for transfer to Britain and service in Fighting French warships. Desertions from the Richelieu alone are reported to be from 15 to 30 a day.

The roundup of French sailors was reported to have been undertaken at the request of the naval mission of Gen. Giraud, recognized by Britain and the United States as French leader in North Africa. The Giraud officers took the view the sailors are absent without leave.

Fighting French officers said last night they have requested formally that the 12 men be released, on the grounds that they are accredited members of De Gaulle's forces and thus entitled to shore liberty as granted to seamen of other United Nations forces.

The Immigration Service said the men must await hearings before the Immigration Appeals Board in Washington. Further comment on the case was declined.

Goering in Rome

NEW YORK, March 12 (AP) — Reichsmarshal Goering arrived in Rome last Saturday and is conferring with Italian officials there, the Dakar radio said in a broadcast reported today to the U. S. office of War Information.

Heavy R.A.F. Raid Hits at Stuttgart; Huns Over London

LONDON, March 12 (CP).—The R.A.F. paid its eighth night visit of March to Germany last night, pounding the important industrial and communications centre of Stuttgart in Southwest Germany in a strong attack from which 11 bombers did not return, it was announced today.

Halifax squadrons of the R. C. A. F. formed part of the strong raiding force, R. C. A. F. headquarters announced. Of the 11 bombers missing, five are Canadian.

A strong formation of Allied planes was heard flying high across the English Channel toward France today and vapor trails looped about the sky between Calais and Boulogne, as if dogfights were in progress.

The Air Ministry, in a terse communique, described the Stuttgart raid as a heavy one, which usually means participation by several hundred bombers.

A large part of Stuttgart's population of 500,000 is employed in precision engineering, vital to Germany's war effort in the air and on the ground, an official statement said.

Only a few hours after the British bombers streamed back across the English Channel, German raiders in a sunrise attack soared over London's suburbs, dropping bombs in at least one area and machine-gunning trains and other targets.

By afternoon the death toll in the Greater London area had reached 12.

Two waves of raiders—12 planes in each—flew up the Thames Estuary and five planes sped out of the sun over a London suburb, firing cannon and machine-guns and spilling their bombs.

Five of the German planes were shot down. The German losses in a light foray thus were nearly half as large as the British loss of 11 planes in a full-scale attack on Stuttgart.

The Berlin radio announcer called the assault upon Stuttgart a "terror" attack—a term customarily applied to a heavyweight raid in which a large area is blanketed with fire and explosions.

The round trip from Britain to Stuttgart is about 900 miles, 300 miles shorter than the journey to Munich and return. Five hundred tons of bombs were dropped on Munich Tuesday night.

At least six persons were killed when the German raiders bombed and machine-gunned a shopping district in outer London. A bus driver burned to death when his bus was destroyed by fire. Three trains were machine-gunned and at one station waiting suburban dwellers stretched out on the station platform as machine-gun bullets struck nearby.

All five of the German aircraft shot down in the morning raid on England were accounted for by pilots of a Norwegian fighter squadron operating under the R. A. F. Fighter Command.

An Air Ministry said "their victories were won without incurring a single bullet hole in their own aircraft."

In addition to the bomber attack on Stuttgart, the Air Ministry said Allied fighters on intruder patrols roved over Holland and Brittany. Two of the aircraft were missing.

The German attack was largely confined to the suburban area and most Londoners saw no planes and heard no gunfire. The last previous day alert in London was March 9, but no bombs were dropped then.

During the night German bombers attacked targets in Northeast England and four enemy planes were shot down, D.N.B., in a broadcast claimed that Newcastle had been bombed.

It took more than an hour last night for the Germany-bound British bombers to cross the Channel coast, reports from residents in that area said. The planes were flying above the clouds.

Their return about 2:30 a.m. coincided with an exchange of British and German long-range artillery across Dover Strait. British guns opened the firing and the duel continued for more than an hour.

At least five of the raids on Germany this month have been of the heavy variety—those on Berlin, Hamburg, Essen, Munich and Nuremberg in the first 10 days of the month. More than 4000 tons of bombs were dropped on Germany and German-occupied territories.

The German High Command communique broadcast from Berlin and recorded by the Associated Press said the people of Stuttgart suffered casualties from the explosive and incendiary bombs.

"Great damage was caused in residential quarters and to public buildings and to several hospitals," it asserted.

The German communique credited fast navy bombers with a destructive raid yesterday upon the South coast town of Hastings. A violent night attack upon Newcastle, on the East coast, and a morning thrust at London in which "numerous heavy high explosive bombs" were loosed from low levels.

Gov't Assists 1918 Students in Year

OTTAWA, March 12 (CP).—Government financial assistance has been given to 1918 university students during the fiscal year which ended March 31, Labor Minister Mitchell said today.

Students receiving the benefits are pursuing courses essential to the war effort and their services will be urgently needed after graduation, Mr. Mitchell said.

It is anticipated that by March 31 the Dominion and provinces will have contributed a total of $200,000 in grants while the provinces will have loaned an additional $40,000 and the Dominion an additional $180,000.

Main estimates presented to the House of Commons recently include an appropriation of $400,000 for continuation of the scheme after April 1.

Of the total assisted, 402 students are studying medicine and 84 dentistry. Those given aid in these courses must be at least in their second year. Engineering students receiving assistance number 582 and science students 226.

To qualify for financial assistance students have to have "better-than-average" academic standing, be in need of financial assistance to continue their courses, and sign an agreement to make their services available, either in the armed forces or industry, on graduation. In some cases assistance is given by way of an outright grant, in others as a loan, and in some others as a combination of both.

The total number of students assisted, by provinces: Prince Edward Island one, Nova Scotia 105, New Brunswick 343, Quebec 472, Ontario 345, Manitoba 91, Saskatchewan 208, Alberta 191, British Columbia 264.

VICHY REPORTS DEATH OF DUCHESS OF BAVARIA

LONDON, March 12 (CP) — The Vichy Radio, in a broadcast recorded by the Associated Press, quoted advices from Vienna today as reporting the death of the Duchess of Bavaria, mother of Queen Mother Elizabeth of Belgium.

More than 100 heavy cyclonic storms have struck Northern Australia in the past 70 years.

Naxi Headquarters in Munich Damaged

LONDON, March 12 (CP)—The Brown House, Nazi Party headquarters in Munich, was badly damaged in the R.A.F. raid Tuesday night, an authoritative source said today.

Air photographs were said to show the damage. The source, who cannot be identified by name, also said "several important industrial targets" had been blasted.

Inform Russians of Speeches Made in America

MOSCOW, March 12 (AP)—The Soviet Press published today for the first time an account of the address made by American Vice President Henry A. Wallace last Monday in which he expressed his fear than another great war is inevitable "unless the Western democracies and Russia come to a satisfactory understanding before the war ends."

The Russian people also were informed through the Press of a statement by the lend-lease administrator, Edward R. Stettinius, Jr., detailing the aid sent to Russia by the U. S. under the lend-lease agreement. The statement has been broadcast by the Soviet radio.

The publication of the two statements followed by three days U. S. Ambassador William H. Standley's assertion in a press conference that the Russian people were not being told the full story of lend-lease help.

The Stettinius statement published today was made March 7. His statement of yesterday has not yet been published.

Would Let Schools Close to Force Gov't Financing

KAMLOOPS, B. C., March 12 (CP) —Ald. C. E. Scanlan, President of the Union of B. C. Municipalities, told the City Council last night he would go so far as to refuse to levy school taxes and let schools close in order to force the Provincial Government to adopt what he said were long overdue reforms in financing education.

The cost of education, he said, should be borne by the Province as a whole, and should not be based on land alone.

He admitted closing the schools might create a furore but such drastic action appears necessary "so long as a public body refuses to carry out its duty."

'Free Poland' Group Causes Anxiety

By WADE WERNER
Associated Press Staff Writer

WASHINGTON, March 12 (AP)—Activities of a "Free Poland" group in Moscow aroused anxiety in Polish circles and diplomatic concern in other quarters today for fear competing governments might spring up under opposing sponsorship within the United Nations.

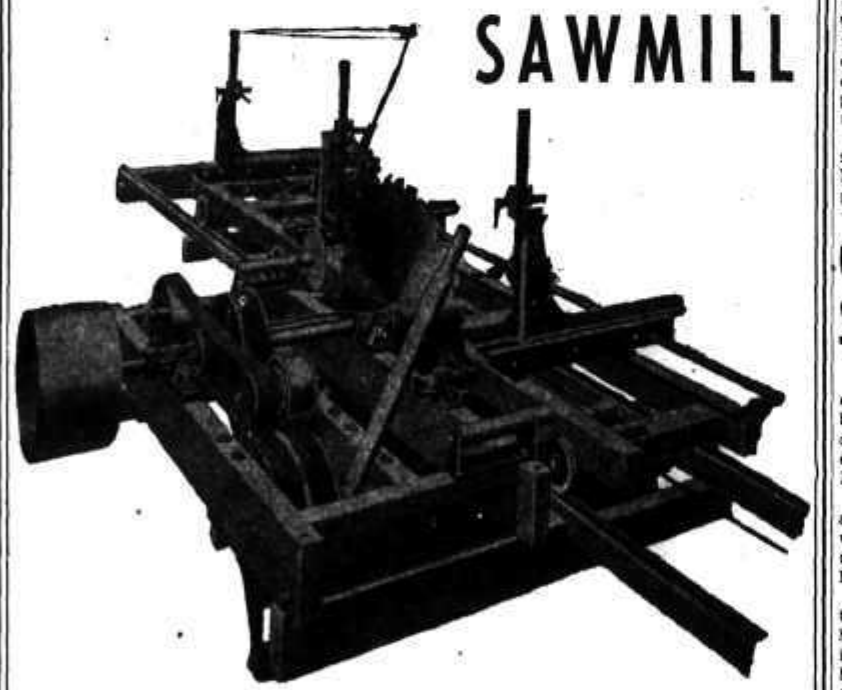
A statement issued yesterday by Polish Ambassador Jan Ciechanowski referred specifically to the Moscow newspaper "Free Poland", which recently repudiated Polish claims to Eastern areas taken over by Russia in 1939 and denounced the "Imperialists tendencies" of the Polish circles in Britain and the United States. The Ambassador said the newly-established paper was the mouthpiece of "a group of Communists from Poland who are Soviet citizens," and therefore was not qualified to express Polish opinions.

The "group of Communists" to which the Ambassador referred includes Wanda Wasilewska, General Secretary of the Communist Party of Poland.

Some Poles expressed fear the group headed by Wasilewska may arise as a Polish Government, rivalling the Polish Government in London.

War Workers keep regular by using DR. CHASE'S KIDNEY-LIVER PILLS

SAWMILL



HERE is a brand new, up-to-the-minute **Sawmill**, of sturdy construction and **Priced to Sell**. Let's look at the specifications:

Husky Heavy Duty, made of good fir, 3"x10" and 84" long by 42" wide. Angle-iron braced corners with 2 sets rods front and back. It has an improved **Variable Belt Feed**, which is powerful and sensitive, responding instantly to pressure on operating lever. This type of feed requires a minimum of upkeep, and gives an exceptionally fast gigback. Feed belts are the best material obtainable. Our **Mandrel** is 2 7/16" cold rolled, mounted in heavy, high-speed, adjustable babbit bearings and the Drive Pulley, unless otherwise specified, is 20" diameter with a 9" face. The **Saw Guide** is an approved type, easily adjustable. A **Splitter** and **Tail Roller** with the operating lever and drive for drum and cable completes this set-up.

Carriage 36" x 20' long in **2 sections**, 8' and 12' and mounted on **5 sets** of **7" trucks**, and substantially cross-braced and bolted. With the bossed hubs on the set works gears, the head blocks can be moved along the carriage for ties or bolts, and with one section removed, it makes a tie mill size carriage. Log Knees open 40".

Set Works equipped with quick hand receder, and six pawls on feed ratchet. Strongly built and the design permits both the setting and receding motions by means of a single lever.

Track Ways consist of a set of 4" x 6" cross-braced and reinforced with through bolts, easily set together, on which the Vee track and flat track is mounted. Quickly lined up and 16' is longest section which makes the outfit easy to move on a truck. Shipping weight about 4,000 pounds. Complete with feed belts and drive pulley ready for your saw and power.

Write us if you want further information, or see a mill at our warehouse. **$760.00 f.o.b. Calgary.**

Tens of Thousands of VOLUNTEER WORKERS make your Red Cross Dollars Stretch Farther

Toiling daily in selfless devotion, Canadian women labor to make YOUR Red Cross dollars stretch farther.

They sew and knit garments, pack food and supplies, fill precious boxes for our boys in enemy prisons.

Since the war began, Red Cross "Blue Smock" workers have made millions of articles from approved patterns, packed millions of cases, for fighter and civilian comfort and relief.

Other volunteer women, specially trained, drive cars, trucks, ambulances, help as nurses and nursing aides, office workers and dietitians. Hundreds of doctors, too, give their time freely to help relieve human suffering.

The 857,000 members of the Junior Red Cross also, are doing work of untold value.

These volunteers make YOUR Red Cross dollars go farther for material, food, medical supplies, preparation of blood serum, for our fighters and war victims on the world's war fronts.

This must go on. As the war expands, intensifies, the need grows. Never was the need for YOUR dollars so great.

Not Much Room Here for Families From Coast

Nelson Board of Trade housing survey emphasizes the fact that Nelson has no substantial surplus of vacant homes to offer to people from Vancouver. The same situation probably applies to Kootenay generally.

The Nelson Board obtained lists of rentals from all real estate agents and advertised to property owners to send in information as to non-listed accommodation. It asked for information both as to residences and housekeeping rooms. The result was the listing of 28 places. The majority of these are not of the easily rentable class. The demand is for the smaller bungalows that are fairly modern. Most of the 28 listings are of the very low rental class or of larger places for which the demand is never great.

We could accommodate a very few families from Vancouver but those wishing to live in Nelson had better lose no time in making their arrangements.

The truth of the matter is that while Nelson has little in the way of direct war industrial work, it has so benefitted from general activity in Kootenay that, as usual, it is in the front rank of the solidly prosperous cities of the Dominion.

He Arques for Higher Provincial Taxation

Intentionally or otherwise, Hon. T. D. Pattullo himself has stated pretty emphatically the other side of his argument that British Columbia should return to the dual taxation of incomes. We now have a single income tax, that imposed by the Dominion. Mr. Pattullo is afraid that when the war ends British Columbia may not return to the old plan under which both Federal and Provincial Governments collected taxes on the incomes of the people of this Province.

Many are afraid that it will, and Mr. Pattullo's statement illustrates why. "If we had retained the right to collect the Provincial income tax we would have nearly $30,000,000 instead of about $12,000,000 with which to carry on our various services." The $12,000,000 is a grant in lieu of income tax from the Federal Government.

If Mr. Pattullo's idea were carried out the people of this Province would put up $30,000,000 in addition to their Federal income taxes. It might be excellent from the viewpoint of the Treasury at Victoria, but not so advantageous to British Columbia taxpayers

Press Comment

HOW TO GET MORE "GAS"

Loud cheers may have been heard from the Michigan motoring public when that State's Highway Compissioner announced that he would eliminate one-fourth of the traffic lights on the public roads, and thereby save what he estimates will be a full month's gasoline ration for stop-and-go drivers.

Elimination of many lights made unnecessary by traffic reduction, or the substitution of such substitute safeguards as 'blinker' warnings, is being undertaken in scores of American cities; but motorists needn't be disturbed if local officials seem slow to look out for their interests. After all, there's a much bigger job to be done—and the doing of the job will automatically solve motorists' problems.

Take the question of gasoline alone; if Americans at home buckle down to their wartime jobs of turning out materials, save on food and consumers' goods, go without where necessary, buy bonds and stamps, and do everything in their power to help the lads in Africa, the answer will be simple. Ridding Africa of the enemy will enable the British to ship oil and gasoline from Palestine and Syria to the armies facing Hitler. This comes by pipeline from Iraq to the Mediterranean. When the African coast is freed, this oil can replace that now carried across the Atlantic by tankers which would ordinarily be supplying American domestic needs.

Simple, isn't it?—Christian Science Monitor.

Etiquette Hints

Think a little of others as you walk in the street, and try not to walk directly in front of an oncoming person.

?? Questions ??
ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions will not be answered by mail except when there is obvious necessity for privacy.

J. M. L., Natal—How much would a single person pay on 1942 income of $960? I had $84 taken off for National Defence Tax and $48 taken off on the new tax from September to December and $34 Compulsory Savings. How much do I owe for 1942?

We estimate on the basis of the above figures you should get about $8 rebate on the amount already paid. This sum will not be paid to you in cash but will be applied to your 1943 taxes.

R. M.—If an American citizen marries a Canadian, does she lose her United States citizenship and become a British subject?

In Canada she would be a British subject. We are not sure if she would retain her American citizeneship in the U. S. but should have more information on this point shortly.

Doer, Rossland—Can you give me the name and address of a large watch concern in Canada or the U. S., preferably Canada, where they manufacture these giant clocks which are put on the top of buildings in large cities?

Write Jacoby Bros. Ltd., 432 Hamilton Street, Vancouver.

Reader, Cranbrook—Is it against the law for a grocer to refuse to sell canned milk to a customer, when product is displayed on the shelves of his store?

A grocer may refuse to sell any commodity, if he so wishes. He may also ration certain products by limiting purchases or sell some product only with the sale of a certain amount of other goods, providing that such limitation is reasonable.

V. B., Riondel—Will you please tell me how old a girl has to be to join the Women's Division of the Navy?

Eighteen.

A. T., Castlegar—Please tell me from where the returned soldier's pension is sent?

Department of Pensions and National Health, Ottawa.

Reader, Trail—Please tell me how to clean wallpaper.

Mix one cup of flour and one-half cup cold water to a smooth paste. Add two tablespoonsfuls of salt, two of vinegar and one of kerosene. Boil until it thickens, stirring constantly. Allow to cool, then knead thoroughly. Another cleaner is made as follows: 2 lbs. whiting, 6½ ounces calcined magnesia, 6½ ounces fuller's earth, 2½ ounces pumice powder and one ounce citronella oil. Mix well together.

Looking Backward

10 YEARS AGO

(From Daily News, March 13, 1933)

Winston Churchill, former Conservative Chancellor of the Exchequer, urged before the House of Commons last night that Britain keep herself free from European entanglements.

A Nelson Ratepayers Association will be formed Tuesday at a special meeting and during the week a campaign for membership will be conducted by a special committee headed by A. Jeffs.

C. F. McHardy will again guide the destinies of Kootenay Lake General Hospital Board for 1933, having received Board's appointment by acclamation at the regular meeting in the City Hall Tuesday.

25 YEARS AGO

(From Daily News, March 13, 1918)

Fish for consumers at Nelson and other points in the Western Provinces at a reasonable price in comparison with the cost of other meats is assured through the recent order of the Canada Food Board to encourage the marketing of the Pacific Ocean flat fish and cods of every variety except halibut and black cod.

The advance guards of the Germans have entered Odessa, the greatest Russian port on the Black Sea and the centre of a great agricultural section, the products of which are desired to feed the hungry peoples of the central empires.

Mrs. R. L. T. Galbraith has just learned that her brother Capt. Flemyn who visited Fort Steel in September, was among the survivors of the sinking of the liner, Tuscania, when she was torpedoed recently off the coast of Ireland.

Today's Horoscope

If this is your birthday, start the day by doing things for other people. Visit the sick, or send a message of encouragement to a friend who is disturbed or troubled. Contribute to the local hospital, or help out a welfare organization. Though you may be restless this afternoon, do not make an impulsive change. Examine the reasons for your discontent and try to be philosophical about it. In character you can only be happy if you keep looking ahead, letting ambition carry you to your goal. Guard against a tendency to become discouraged when failure greets your efforts. You are loyal and honest and should have many true friends.

HOROSCOPE FOR SUNDAY

The person who has a birthday today is vivacious, energetic and marked for success because of an indomitable will to succeed. He makes friends easily, is fond of company, very considerate of his loved ones, an dtakes great interest in the home. He or she should not disagree with the family nor accuse a relative about being secretive on this day. This person is advised to go to church as a surcease from emotional pressure. Also it is a good idea to invite a group of friends to the home to sing or play games that are appropriate to the Sabbath. A collective letter to a neighbor in the service would be a generous and appreciated gesture.

On the Side

By E. V. DURLING

Drink ye to her that each loves best
And if you nurse a flame
That's told but to her mutual breast
We will not ask her name.
—Campbell.

"Slacks are an abomination. Shorts are all right, but skirts are better. Women just were not built for wearing trousers." So states Paulette Goddard. This brings to mind that a couple of years ago Darryl Zanuck of the 20th Century-Fox films ordered the contract stars of the company not to wear slacks at the studio or elsewhere. "Slacks are not glamorous," said Mr. Zanuck.

PLEASE NOTE

Said Foxhall Keene in his autobiography: "The beauty of Lily Langtry surpassed the most exaggerated description of her admirers. When she was in a room, though the loveliest ladies were there, men had eyes for no other. In all my life I have known but one woman who could be compared to her and that is my dear friend, Norma Shearer".—A Kansas pappy had to give up his job and stay home and take care of his three young children because their mother had left home to take a position in another State. A man can be prosecuted for family desertion, but a woman cannot be.

ABIDES

The father of William Jeffs was brought to the United States from County Mayo, Ireland, to work as a section hand on the building of the Union Pacific Railroad. His son George, became President of that railroad.—The first film star to win the Academy Award for the best performance of the year was Emil Jennings. That was in 1928. Jennings is now in Germany and is reported to be a very enthusiastic Nazi. He was born in Brooklyn, N. Y., of German parents and left this country at the age of three.

ASKING

Queries from clients: Q. How large was the Japanese air force that attacked Pearl Harbour? A. In the aggregation of flying rats you mention, there were 21 torpedo planes, 48 dive bombers, 36 level bombers and an undetermined number of fighter planes. Q. Let's have your idea of the six greatest American race horses of all time, named in order of their greatness. A. 1, Exterminator; 2, Man o' War; 3, Sysoonby; 4, Colin; 5, Seabiscuit; 6, Whirlaway. While his record of victories did not equal that of the six noble animals named, the gamest horse in American turf history was Irish Lad.

BABIES

"All medical authorities are agreed that the ideal time between the birth of one child and another depends a great deal on the individual stamina and health of the mother," says James H. Scull of the Planned Parenthood Federation of America. Mr. Scull adds: "No good builder erects a home before he is sure the foundations are firm. No mother should start building a life until her health is strong enough to insure it of a good chance to live. That is why a reasonable lapse between the birth of children is so essential. In wartime especially, the country needs not just more babies, but more healthy babies."

REMARKABLE FELLOW

Russia has been experimenting with the submarine as a war weapon for 40 years. In 1903 Simon Lake built his submarine The Protector, which had a series of remarkable tests. Turned down by the U. S. Government, Lake sold his submarine to Russia. This attracted the attention of the Germans, who finding the Lake patents not protected in Germany, promptly stole the American inventor's ideas. That was the beginning of the German U-boat fleet. At the age of 76, the still very active Lake wants to build submarine freighters with a 1500-ton carrying capacity for the U. S. He is getting no action.

ALMOST CONFIDENTIAL

Observed Cicero: "It is the peculiar quality of a fool to perceive the faults of others and to forget his own."—Daniel Swigart, a Kentucky sportsman, named one of his horses "Spendthrift" and said that he had named the horse after his wife, Mrs. Swigart then bought a yearling and named him "Miser," stating that she had named him after her husband. How right that man was, who made the immortal observation regarding "a woman scorned!"

SIDELIGHTS

In Tokyo recently Suburo Kurusu, of the Japanese Diplomatic Corps, suggested that his country not try to take San Francisco, New Orleans and Vancouver in this war. He advised that this action be postponed until the next war which he figures will take place 20 years from the end of this one.

War—25 Years Ago

By The Canadian Press

March 13, 1918.—Germans gained control of the Black Sea by capturing Odessa. Birtish troops made successful raid against German strong point near Polygon Wood; 37 prisoners captured. German Zeppelins attacked Hartlepool, Northeast English port.

March 14, 1918.—Abo, West of Helsingfors on the coast of Finland, occupied by German troops. Russian Soviet congress met at Moscow and ratified the treaty of Brest-Litovsk.

Test Yourself

1. What is a nuance?
2. What is necropolis?
3. What does hypercritical mean?

TEST ANSWERS

1. A shade of difference, a subtle variation.
2. A cemetery.
3. Too critical.

Words of Wisdom

There is no traitor like him whose domestic treason plants the poniard within the breast that trusted to his truth.—Byron.

Kenney May Have Brought Appeal for More Planes

By J. F. SANDERSON
Canadian Press Staff Writer

WASHINGTON, March 13 (CP).—Lt.-Gen. George C. Kenney, Canadian-born commander of Allied air forces in the Southwest Pacific, has arrived in Washington, giving rise to speculation he may have brought an appeal from Gen. Douglas MacArthur for more planes for that area.

Kenney is the man who directed the Bismarck Sea battle, perhaps the most complete and devastating attack ever made by planes against surface ships. When the American and Australian planes flew away, all the 22 Japanese ships, troop transports and naval craft in the convoy were sunk or sinking.

President Roosevelt told his Press conference today he expects to see Kenney within two or three days and to hear a first-hand report on the Bismarck Sea battle. It cost the Japanese 100 planes while the Allied forces lost only four aircraft and 13 men.

High Praise for Canada's Effort

BIRMINGHAM, England, March 12 (CP Cable).—Canada has donated to the United Kingdom money equivalent to the cost of the South African War, L. S. Amery, Secretary of State for India, said today in an address.

In addition to "the forces she has raised, the munitions she supplies, the ships she has built, the world's greatest air training scheme which she has organized, she has made this country the free gift of billions of dollars—the whole cost of the South African War," he said.

The role played by the British Dominions and India would one day be regarded as the war's "most significant feature," Col. Amery said. It is significant politically as evidence of the cohesive power of the Commonwealth based on freedom; significant militarily because if the Middle East had gone in 1940 the whole situation would have been irretrievable.

"It would have been too late for America to intervene," he said. "The forces which could then have been flung against Russia would have been too much even for her heroic defences."

Touching upon India, he asked if it was "idle to hope that India, at peace within her own borders and as free in control of her own destiny as any country in the world, may in the days to come prove a bulwark of our common peace and a link of understanding with Asia as Canada is with America?"

No Restrictions on Steel Industry in B.C.

VICTORIA, March 12 (CP)—Premier Hart said today he had been advised by Munitions Minister Howe no regulation of his Department or the Prices Board stand in the way of establishment of a steel industry in British Columbia.

Consequently private capital is free to invest in such a project, said the Premier, who had asked Mr. Howe that any such restrictions be removed.

ROSS MUNRO TO SPEAK OVER RADIO MARCH 15

TORONTO, March 12 (CP) — Ross Munro, Canadian Press War correspondent, who returned to London recently after a period of duty in North Africa, will be heard over the CBC National Network 1:45 to 2 p.m., PDT, March 15. Munro will speak on the North African front, on a BBC program rebroadcast in this country.

More than 2,000,000 seals annually navigate 3000 miles from the Southern California Coast to the Bering Sea.

Name Mountain Peak in Memory of Heroic Poles

OTTAWA, March 12 (CP)—Victor Podoski, Polish Minister to Canada, today announced that the British Columbia Government, as a monument to the heroism of the people of Poland, has named an impressive peak in the Canadian Rockies, "Mount Warsaw".

The peak, which rises in the bend of the Columbia River, is 9100 feet high and forms one of the edges of the New Hamber Park, created in the Rockies by British Columbia.

250 Tooth Paste Tubes Used to Make Bomber

OTTAWA, March 12 (CP) —H.S. Rosenbery, Deputy Administrator of used goods for the Prices Board today released statistics showing that in the past six months Canadians gave 14 tons of tin to the national war effort by returning used tooth past, shaving cream and other collapsible metal tubes to salvage agencies.

From 250 toothpaste tubes came the tin required for one Bolingbroke bomber. With the equivalent of tin from one ointment tube required to line 20 soldiers' water bottles, it is estimated that the water canteens being used by soldiers in Libya and Egypt absorbed a month's total salvage.

Tin now is a critical material in the war effort, the Department said. It is required in the manufacture of Bren guns, tanks, bronze bearings, main bearings, high pressure valves and electrical equipment for aircraft.

Under the present plan of tin salvage from collapsible tubes, the used tubes are turned in by consumers before they legally may buy toothpaste or shaving cream in containers.

MUST PREPARE FOR POST WAR WORK NOW SAYS RUML

VANCOUVER, March 12 (CP) — The burden of providing employment after the war will rest largely upon private industry and thousands of production jobs must be made available if free society is to be maintained, Beardsley Ruml of New York told a board of trade luncheon today.

Mr. Ruml is the author of the much discussed "Ruml plan" placing income tax on a pay as you go basis. He said in his address it was necessary to prepare a post-war blueprint now so that it would be easier to put the program into effect when it was required. But planning should not be confused with regimentation.

F.D.R. PUTS ONUS ON CONGRESS

By DOUGLAS B. CORNELL
Associated Press Staff Writer

WASHINGTON, March 12 (AP)—President Roosevelt said today that it is squarely up to Congress whether the United States would have a great post-war delay in providing jobs for men leaving the armed services and war industries.

The House of Representatives has refused to vote funds for continuing the work of the planning board, but the senate has taken no final action on the issue.

Mr. Roosevelt said that the board has listed about $7,000,000,000 worth of public works to take up unemployment which would affect a great many people upon demobilization and closing of war plants.

It is all very well for Congress to pass legislation, he asserted, but you don't start human beings to work on a project by passing an appropriation.

You have to have engineering and specifications completed beforehand, he remarked.

It is squarely up to Congress, the President declared, whether we are going to have a great hiatus, whether there will be jobs only on paper or jobs ready to start.

DEATHS

VANCOUVER—William R. Lewis 90, a pioneer of British Columbia printing and publishing.

U. S. Bombers Pound Kiska Bases in Violent Low Level Attack

WASHINGTON, March 12 (AP)—United States bombers and fighters blasted Japanese gun positions and buildings on Kiska Island in the Aleutians, the Navy announced today, in a violent, low level attack against the Jap outpost last Wednesday.

The Kiska raid was one of the heaviest delivered by the Aleutians air command in several weeks, although the Japanese base has been repeatedly pounded whenever the weather permitted. It has ben the target of five reported raids so far this month, counting the two actions disclosed in today's communique. Others may have been conducted yesterday.

Authorities said the damage to batteries and buildings when the heavy and medium bombers went over Kiska at low altitude undoubtedly was severe and that the Japanese would have much work to do if they were to restore their defences to the former level of effectiveness.

Their anti aircraft fire particularly has given American flyers much trouble in the past and while relatively few planes were lost over Kiska many a craft which returned to its base was virtually riddled with shells.

What happened Wednesday, naval officers speculated, was that the first flight of planes in the early morning discovered extraordinarily good visibility over the Japanese base and so reported to the Army flying headquarters in the Andreanoff islands.

A good weather condition is fairly rare in the islands at this season and the Army Command apparently decided to take full advantage of it by sending over a stout force of both heavy and medium bombers.

The fact the raid was conducted in part at least at low altitude was considered to be further evidence of the good visibility conditions immediately over the enemy base area

U.S. Planes Scare Off Hun Fighters

SOMEWHERE IN ENGLAND, March 12 (CP)—United States bombers with RAF and other allied Spitfire escort scared off German fighters for the second time in a week today and bombed railroad yards and oil stores at Rouen, 45 miles inland from the coast of France.

Direct hits were seen by Fortress fliers on a concentration of probably 1000 freight cars, and fires burst up from a nearby group of big oil tanks.

This time Focke-Wulfs and Messerschmitt's were kept at a respectful distance but could hardly be seen along the great swarms of Spitfires above, below and on all sides of the bomber formations.

The Spitfires were even more strikingly effective than during Monday's raid on railroad yards at Rennes.

Name Delegates to British Trades Congress

OTTAWA, March 12 (CP)—Names of representatives of Canadian workmen at a Dominion Trade Union conference being convened in London by the British Trades Union Congress were announced today.

They are Alfred Farmila of Edmonton, President of the Alberta Federation of Labor who will represent the Trades and Labor Congress of Canada, and Pat Conroy, Secretary-Treasurer of the Canadian Congress of Labor.

The two Canadian delegates will leave shortly for Britain.

It is expected that attention will be given to wartime legislation affecting labor and post-war reconstruction programs. Arrangements will be made for delegates to visit shipyards, factories, and munitions centres to gain a picture of what is being accomplished in Britain as a result of cooperation between organized labor, employers and the Government.

Low Level Attack Made at Donbaik

NEW DELHI, arch 12 (AP) — Blenheim bombers escorted by Hurricane fighters carried out a low-level bombing and machine-gun attack yesterday on Japanese positions at Donbaik in Western Burma.

Elsewhere RAF fighters on offensive patrol set oil derricks afire at Yenangat and sank a small steam launch. One plane was missing from these and other operations.

Four-motored bombers of the 10th U. S. Airforce poured many tons of explosives on an enemy airfield at Mingaladon, North of Rangoon, and then shot down three Zero fighters in a 40-minute running air battle on Wednesday, an American communique said.

RUSS OIL WELLS OPERATING AGAIN

MOSCOW, March 12 (AP)—The oil wells of Neftegorsk, 19 miles from Maikop in the Caucasus, have begun functioning and those of Maikop soon will start, Pravda, the Government paper, said today.

The newspaper repeated previous Soviet reports that the Germans never were able to operate the wells.

Approve 4 Per Cent Reduction on U. S. Taxes; F.D.R. Opposes Ruml Plan

WASHINGTON, March 12 (AP)—The House of Representative ways and means committee today approved a plan to reduce by as much as four per cent the tax obligations of Americans paying income taxes before they come due, thus encouraging individuals to go on a pay-as-you-go basis.

Word of this action came shortly after President Roosevelt expressed opposition to the Ruml skip a year tax plan on the ground that the net return to the government under that plan would be less. Under the Ways and Means Committee proposal a taxpayer remitting any part of the taxes on his current year's income by March 15 would be given a discount of four per cent on that part, by June 15—three per cent, Sept. 15—and Dec. 15—one per cent.

Thus if any taxpayer desired to estimate the tax obligation on his 1943 income and pay up before next Dec. 15, in addition to paying his 1942 tax obligation, he would get the discount depending on how early the payment was made.

By this method, Committee Chairman Doughton said, it was hoped to provide an incentive for taxpayers to achieve pay as you go—that is the payment of taxes in one year on the basis of income the same year, instead of on income of the previous year, as at present.

The President indicated to a Press conference his opposition to the Ruml plan of abating tax obligation.

The fact is, he said, and figures prove it, that persons especially in the higher brackets, would save a great deal of money in taxes through the Ruml system. That, he said, seems to be pretty well established.

In Britain, Mr. Roosevelt remarked, the more money people save the more they have to contribute to the government. He said he thought he did not need to bring out more than that simple fact.

Returning to the Ruml plan, a reporter asked how it would work out in such a way as to bring in less money, especially from the wealthy.

It does work, the President replied, and he said he had treasury figures to prove it.

"But you have no objeciton to pay as you go, you just object to the forgiveness?" he was asked.

Mr. Roosevelt gave no direct answer, remarking only that his questioner was getting into deep water. The high tax payer, he said, would pay less under the Ruml plan.

Informed that Beardsley Ruml, author of the plan, had taken the opposition view in testimony on Capitol Hill, Mr. Roosevelt said it was not a question of the view but one of taking figures on somebody's tax swer, he said, and it is a matter of mathetics.

The Royal Canadian Air Force Recruiting Unit Will Be in

NELSON

MARCH 15-16 – CANADIAN LEGION HALL

Interviews, Medical examinations, and Classification tests will be held mornings 10-12 afternoons 1-5, evenings 7-9. Applicants should bring Birth Certificates and any other documents applicable. Marriage Certificate, Naturalization Certificate of self or parents and birth certificates of children, etc. Aircrew quotas available for immediate enlistment. Some ground trades open particularly skilled building, mechanics and construction men.

Women Are Needed Immediately

No waiting and excellent opportunities for promotion. Wear the smart new uniform of the Women's Division this Spring and release a man for flying duties! Pleasant living conditions, congenial companionship, wholesome recreation make W. D. life the pleasantest way to serve your country. Talk it over conveniently when the Women's Division Officer is in your district.

Understanding . . .

Mother Should Study Psychology of Young Child

By GARRY C. MYERS, Ph.D.

Some of the mother's problems with the tot would not be exasperating to her if she understood the psychology involved. For instance, there's your 14-month-old tyke. You put him on the nursery chair. No results. You put his diaper on again and immediately he's wet. You probably supposed the youngster did it on purpose just to vex you. But he did not at all. It just happened and may happen again repeatedly.

PROVED BY EXPERIMENT

In a series of controlled experiments, for example, it was found that if a bell rang always when meat was presented to a dog for a number of times, and then the bell rang without any meat within the dog's sight or smell, the dog's mouth watered, just as on seeing or smelling the meat.

Nor do you have to be a dumb animal to have a similar experience.

Returning to the 14-month-old baby. He was long accustomed to the diaper. It was part of the forces which set off his reflexes. Remove his diaper and he may not void. Put the diaper back on and he may. This is nothing to get angry about. The problem is to help this baby get new associations so he will use the nursery chair.

SOLVING PARENT PROBLEMS

Q. My three year old girl does not go to sleep well at night. Should I discontinue the afternoon nap?

A. No indeed; stick to the nap religiously until it is interrupted by school attendance. My special bulletin on sleep problems may be had by writing me in care of this paper, enclosing a self-addressed envelope with a three-cent stamp on it.

CAPE TOWN (CP) — Herbert Vandyk, famous photographer who patrons' included five queens and four kings, died here. Aged 63, Vandyk came to South Africa from England in 1940 on the advice of his doctor.

LIFE can Begin AFTER 40, IF..

Around 40 our energy lessens. But, experience has taught us to do our work with less effort. The years ahead should yield the greatest accomplishments, the most enjoyment and happiness. They can, too, if we avoid the kidney and bladder disorders such as Backache, Headache, Rheumatic Pains, Lassitude, Loss of Sleep and Energy which so often attack those around 40. For over half a century Dodd's Kidney Pills have been helping men and women to keep kidneys and bladder in good order. If you are nearing 40, or past it, for the sake of your health and a happier future use Dodd's Kidney Pills today! 125

NELSON SOCIAL

By MRS. M. J. VIGNEUX

• Mrs. R. A. Peebles, Latimer Street, entertained Mrs. Margaret Bell's Circle of St. Paul's United Church Thursday afternoon when those present were Mrs. Hector Mackenzie, Mrs. H. E. Dill, Mrs. Alex Currie, Miss Margaret McCorkle, Miss Alice McCorkle, Mrs. Charles H. Stark, Mrs. Bell, Miss Grace Cash, Mrs. J. D. Foggo, Mrs. W. H. Stewart, Mrs Charles Kelman and Mrs Dave Macfarlane.

• Mrs. Gaskell of Willow Point visited Nelson yesterday.

• St. Saviour's Mothers Club met in Memorial Hall Thursday afternoon with Mrs. F. Jasper as tea hostess. Those present included Mrs. E. J. Boyce, Mrs. Frank Phillips, Mrs. F. B. Pearce, Mrs. M. Lun, Mrs. W. G. C. Lanskail, Mrs. J. Cadden, Mrs. F. W. Cartwright, Mrs. W. Middleton, Mrs. Thomas German, Miss Frances Ward and Mrs. G. R. Thompson.

HOME ON LEAVE

• R. J. Paterson, O.D., who is home on furlough with Mrs. Paterson, leaves today for Kaslo to visit his parents, Mr. and Mrs. J. Paterson, in Kaslo.

• Circle No. 4 of Trinity United Church met Thursday afternoon when those attending were Mrs. Wilfrid Allan, Mrs. J. R. McLennan, Mrs. W. E. Coles, Mrs. H. Cecil Grizzelle, Mrs. John Lundie, Mrs. J. P. Fink, Mrs. W. H. Smedley, Mrs. G. F. Hunter, Mrs. R. L. McBride, Mrs. E. Rowling, Mrs. W. A. Weatherhead, Miss A. Smith, Miss Ethel Smith and Mrs. Charles F. Hunter.

• Thursday afternoon Mrs. Joseph Sturgeon and Mrs. M. J. Vigneux were at home to the Circle of the Cathedral of Mary Immaculate when those attending were Mrs. Ann Adeddle, Mrs. J. N. Hunt, Mrs. I. Smelt, Mrs. Henry Lindblad, Mrs. Henri Gagnon, Mrs. F. Lawrence, Mrs. P. Rahal, Miss Albertine Choquette, Mrs. D. A. McPherson, Mrs Louis Coletti, Mrs. V. Doyle, Mrs. Harry Korolak, Mrs. J. Muraro, Mrs. A. O. Peterson, Mrs. W. G. Fullerton, Mrs. Norbert O. Choquette, Mrs. M. DeGirolamo, Mrs. Edith Edgar, Mrs. P. Wirstiuk, Mrs. A. G. Gelinas, Mrs. G. F. Stevens, Mrs. Tony Bell, Mrs. Lutkivitch and Mrs. Ruth Lunn.

• Henri Bourgeois of Crescent Valley spent yesterday in Nelson.

• Shoppers in town yesterday included Miss Dunlop of Crescent Bay.

• George Bird returned Thursday from Trail.

RETURNS FROM COAST

• J. B. Gray, Baker Street, has returned from New Westminster, where he was called owing to the serious illness of his aged father.

• George Stanley of Grand Forks is a city visitor.

• William Pratt was in town from Thrums yesterday.

• Mr. and Mrs. T. Allen of Kaslo, who have visited Mr. Allen's brother and sister-in-law, Mr. and Mrs. Ted Allen of Trail, were in the city yesterday enroute home.

• Mrs. W. Young of Passmore visited Nelson yesterday.

• Mr. and Mrs. W. S. (Duke) Harris of the Alpine mine are city visitors.

• Mrs. D. Nelson was in town from Crescent Valley yesterday.

• Mrs. Oscar B. Appleton of Sunshine Bay is a guest of her sister, Mrs. H. H. Pitts, Nelson Avenue.

• Frank Staples of Creston visited town yesterday.

• Arthur Larson and his brother, Albert Larson, were in the city from Crescent Valley yesterday.

LONDON (CP)—Mrs. E. M. Hubback, principal of Morley College for working men and women, said in a lecture that families of three or four children instead of the present average of under two are necessary to avoid race suicide.

Dieting . . .

Lent Is Good Time to Reduce

By LOGAN CLENDENING, M.D.

Reducing this Lent is more or less compulsory; you are going to live on pretty alien rations, whether you want to or not. On the whole, I think it will probably be good for all of us. The experience of life insurance companies in Germany during the last war was very peculiar, in the civil population, the death rate for those over 40 was far lower than it had been for years. This was ascribed to the fact that compulsory dieting had reduced obesity and had improved metabolic diseases, such as diabetes and high blood pressure.

There are several rules about dieting that should be observed. In the first place don't go on my Lenten reducing diet unless you need to. Women who are within the normal range of weight are particularly likely to try to reduce on account of vanity, and often weaken themselves and induce infections. You can find your proper weight by the following formula:

Multiply the number of inches over 5 feet in height by 5½ and add 110. For example, if you are 5 feet 7 inches in height without shoes, 7 x 5½ is 38½, plus 110 is 148½. If you are, then, 10 per cent overweight of this, you probably need to do some reducing.

A second general rule is that the only successful way to reduce is by dieting. Exercise won't do it, rubbing won't do it.

MOST FATTENING FOODS

In general, the foods which are most fattening are the fats. Butter, butter substitutes, gravies, fatty meats, cream, are all concentrated, fattening foods.

LENTEN REDUCING DIET

Breakfast

Cup orange juice (100 calories.) 1 Rusk, 75, 1 teaspoon butter 50, 1 cup coffee — no sugar or cream.

Lunch

Potato salad—1 potato, 1 small onion, French dressing or mayonnaise, made with mineral oil, 150, 2 soda crackers, 50, 1 cup cocoa, made with skimmed milk 100.

Dinner

2 slices broiled calf's liver, 100, 1 cup string beans 100, 2 tablespoons Spanish cream, 100.

Concentrated carbohydrates are also to be taken sparingly. This includes bread, toast, potatoes, sugar, oatmeal, and cereals.

If you follow the Lenten reducing diet I guarantee you will lose 10 to 20 pounds.

PRESIDENT OF CANADIAN NURSES TO SPEAK

In connection with a nation-wide survey to determine the "nurse power" in Canada, where it is, what it is, and the best use that can be made of it in time of warm, a talk will be carried on the national network of the CBC this afternoon at 4:15. The speaker will be Marion Lindeburgh, President of the Canadian Nurses' Association. The talk should be of interest to the public as well as to all nurses.

NELSON GIRL TO BROADCAST SUNDAY

According to a cable received here this week Mrs. Walter Ridley, the former Kitty Johnstone of Nelson, will take part in the programme "Reporting From London", to be heard on the CBC network and CKLN at 5:45 p.m. Sunday. Mrs. Ridley is the wife of Wing Cmdr. Walter Ridley, R.A.F., and is now doing Red Cross work in England.

CBC PRESENTS PREMIER PERFORMANCE

A unique honor has been won by the CBC, for it will present the authentic and long-lost Harpsichord Concerti of Bach in a series beginning Sunday at 7:15 p.m. Wanda Landowska, renowned harpsichordist, will appear in Toronto for the world premier of these concerti. She is coming from New York, bringing her own priceless 18th Century harpsichord for the occasion. The old manuscripts belong to Adolf Koldolfsky, Canadian violinist, who has established their authenticity. There will be seven concerts in the series.

Blood Brother to an unknown patriot

He steps away from his daily work, rolls up his sleeve and cheerfully donates his blood—so that some unknown brother or sister may come back again from under the black shadow of death. Through the efficient services of the Canadian Red Cross, his blood is speedily transported in dried form to be used for transfusions in Britain, Russia, Egypt or wherever war's shock takes its toll.

Ford of Canada honours all blood donors; especially those who come from the ranks of Canada's great army of production workers. At Windsor, in the Ford of Canada blood clinic, many thousands of Ford workers have already made more than 7000 blood donations.

So that this great work—binding Canada to her brothers and sisters of other nations with the strongest of all ties—may carry on, the Canadian Red Cross needs your help.

The need for Red Cross help is now greater than ever. Let Canada's response be quick and generous.

TODAY'S News Pictures

AUTO PINNED UNDER THIS TRAIN

Trapped under this Pacific electric train on its side in Los Angeles, Calif., is a second automobile, number of occupants unknown. Flood waters washed out the tracks and a section of the highway. Three were injured in the train. Driver of the car on the left escaped.

DEMOCRACY AT WORK

The gentleman peeling spuds at Fort Knox, Ky., is Private Cecil R. Middleton. Pte. Middleton is the mayor of Deridder, Louisiana. Shortly before entering the army he was reelected for another four-year term.

ORDNANCE CHIEF

Colonel J. I. McSloy of St. Catharines, Ont., has been appointed Chief Ordnance Officer of the Canadian Army's Central Ordnance Depot, Ottawa.

NAVY CURES "IMMERSION FOOT"

As "immersion foot" casualties of the Battle of the Atlantic became more numerous, it was necessary to devise a "refrigerator" with which to treat them. The Royal Canadian Navy's research specialists hold the theory that injury from cold should be treated with cold, and the box shown here was designed for this purpose. At the back is a fan which forces a blast of air through an ice chest. This refrigerator has saved many men from permanent injury or amputation.

BLOOD SERUM SAVES MEN

Pte. Chris Ellis of Toronto, badly burned and shocked during a bombing raid overseas, receives blood serum transfusion in a Canadian military hospital in England. Major. S. D. Gordon, Toronto, administers the transfusion, assisted by Lieut. (Nursing Sister) E. R. Campbell, Edmonton. The dried blood serum, collected and processed in Canada through the Canadian Red Cross, is bottled and packed in the airtight tins shown on the bedside table and sent overseas where it is available for Canadian and British servicemen.

NAZI TUNISIAN BOSS

Chief of the Axis armies in Northern Tunisia is Gen. Jurgen von Arnim, shown here, who succeeded Gen. Nehring in this post. He is noted as a panzer expert.

HER VILLA WRECKED

Shown here is Zarah Leander, glamorous Swedish film star, whose villa was hit and one wing destroyed in the giant R.A.F. thousand-ton bomb raid on Berlin. The fact that Zarah's home was hit would indicate that Babelsberg, 10 miles outside Berlin city limits, also was hit by the British raiders. Babelsberg, the Hollywood of Europe, now is the originating place of countless Axis propaganda films. Zarah herself escaped injury, being in a bomb-proof shelter with guests at the time of the raid.

BLONDIE

Contract... By Shepard Barclay

HAVE A GOOD RULE

IF YOU ARE going to use a rule to guide you in a certain kind of situation, try to have it be a good rule. It is not a good one for a declarer to play always the highest card of a sequence, in an effort to make the defenders think he lacks the lower ones. Sometimes the opponent already knows about one or more of those cards, and you can't fool him except by making him guess about the other one.

North: ♠ 8 6 4 ♥ 5 3 2 ♦ J 8 2 ♣ A J 7 3
West: ♠ A Q 10 2 ♥ Q J 10 8 4 ♦ 6 5 ♣ 8 3
East: ♠ 9 7 5 3 ♥ 9 7 6 ♦ A 3 ♣ 9 6 5 4
South: ♠ K J ♥ A K ♦ K Q 10 9 7 4 ♣ K Q 10

(Dealer: South. North-South vulnerable.)

South	West	North	East
2♦	2♥	3♣	Pass
3 NT			

Different bidding from that occurred at the other table of a team-of-four match, but the contract and opening lead were the same. The result depended on a simple thing—what was done by South on the very first trick.

At one table, South took the heart Q with the K. When East was in at the next trick with his diamond A, he returned the heart 9, having read that his partner might have led from a long suit headed by the A-Q-J. As a consequence, South got two tricks in the suit, plus five in diamonds and four in clubs, for a total of 11, making the contract with two tricks to spare.

At the other table, South used his heart A on the first trick and then led the diamonds to the A. In this case, East already knew that West did not have the spade K. The lead of the Q had told him so. Consequently use of the A by declarer made it clear the suit was still stopped by the K. East therefore tried the desperation lead of a spade. West won the J with the Q, dropped the K with the A and beat the contract with two more spade tricks.

• • •

Tomorrow's Problem

North: ♠ K 6 ♥ A Q 10 5 3 ♦ A K 6 4 ♣ J 5
West: ♠ J 7 5 2 ♥ 7 6 2 ♦ Q J 9 7 2 ♣ 7
East: ♠ 9 3 ♥ K J 8 4 ♦ 10 8 5 3 ♣ K 8 4
South: ♠ A Q 10 8 4 ♥ 9 ♦ None ♣ A Q 10 9 6 3 2

(Dealer: North. Neither side vulnerable.)

After North opens this deal with 1-Heart, why would 3-Clubs by South be a bad bid opposite an expert partner?

Barney Ross Given Ovation

NEW YORK, March 12 (AP)—They roared the roof off Madison Square Garden tonight when former Mayor Jimmy Walker, in a presentation speech to Barney Ross, one-time world welterweight, lightweight and junior welterweight champion, said "Barney, this is a homecoming; and all the neighbors are happy, because Barney has come home."

This was to welcome the little Marine hero of Guadalcanal.

The crowd made the walls shake when Walker handed over the Edward J. Neil Memorial trophy to "Boxing's Man of the Year" for 1942.

Bivins Smashes Out Decision Over Mauriello

By SID FEDER
Associated Press Sport Writer

NEW YORK, March 12 (AP)—Jimmy Bivins just about clinched his spot at the head of the parade of all active heavyweights tonight by pounding out a sleeping 10-round decision over Young Tami Mauriello before a jam-packed Madison Square Garden crowd. Bivins scaled 177½; Mauriello 187.

Making it two in a row over the kid from the Bronx, Jimmy came close to punching Tami's ears off through the middle rounds and then stood off his rival's closing rush to win by a narrow edge after 10 heats of the fastest heavyweight hammering seen here in months.

The Cleveland Negro did it the hard way, too, for he lost the seventh round for a low punch that caught Tami just below the belt line as he leaped up for a long left jab. At the finish, the Associated Press score card gave Jimmy six rounds for four for Tami. Referee Arthur Donovan and Judge Johnny Potter cast their ballots for Bivins while Judge Marty Monroe voted for a draw.

The biggest crowd of the season—19,983—contributed to the season's "hottest" gate of $74,715.

Armstrong-Jack Bout Approved; Ortiz Recognized

NEW YORK, March 12 (AP)—After receiving a favorable report on the condition of Henry Armstrong's eyes, the New York State Athletic Commission today approved the April 2, 10-round bout in Madison Square Garden between the former triple-crown holder and Beau Jack, New York-recognized lightweight champion.

The Commission also cleared up the bantamweight championship entrup by recognizing Manuel Ortiz of Los Angeles as the title holder. Ortiz knocked out Lou Salica of New York in Oakland, Calif., in the 11th round Wednesday night.

WYATT SIGNS CONTRACT

NEW YORK, March 12 (AP) — John Whitlow Wyatt, head man of Brooklyn Dodgers' pitching staff, has signed his 1943 contract.

Gaye Stewart Winner of Calder Trophy

By FRASER McDOUGALL
Canadian Press Staff Writer

TORONTO, March 12 (CP) — Gaye Stewart of Toronto Maple Leafs was named tonight winner of the Calder Trophy as the National Hockey League's outstanding rookie of the year.

Twenty-one of the 27 sport writers in N.H.L. cities who participated in the annual poll conducted by The Canadian Press gave the 19-year-old Stewart first place votes.

Glen Harmon, who has sparked Montreal Canadiens in their late-season drive for a play-off spot, stood second in the poll.

Points were awarded on a 3-2-1 basis and the vote was "weighted" to give equal voting power to each N.H.L. city.

Stewart, awaiting his call from the Royal Canadian Navy, led the League's goal-scorers early in the campaign. While he fell into a mid-season slump from which he has emerged in the last few games, his goal total so far is 23 while he has 21 assists for a total of 44 points.

He is the only hockey player to have played in junior, senior, minor league professional and N.H.L. ranks in one season.

Husky Cully Simon of Detroit Red Wings, who hailed from Brockville, Ont., was fourth in the poll and Bep Guidolin of Boston Bruins, who was born in Thorold, Ont., and whose home is now at Timmins, was fifth.

Stewart takes over as king of the rookies from Grant Warwick of the New York Rangers.

Mile Run Features New York Carnival

NEW YORK, March 12 (AP)—The Metropolitan indoor track and field season comes to a close tomorrow night at Madison Square Garden with the mile run again headlining the 24th Athletic Carnival of the Knights of Columbus.

The Columbian mile will bring together the five winners of a hectic campaign that has seen only New York's University's Frank Dixon capture more than one of the major miles. Dixon won the Boston A.A. mile in 4:11.4 and took the National A.A.U. title in 4:09.6. Gil Dodds, bespectacled Boston divinity student, captured New York A.C. mile, 4:08.8; Indiana's Earl Mitchell the Millrose classic in 4:08.5; Don Burnham of Dartmouth the intercollegiate A.A.A.A. mile in 4:16.2 and Jim Rafferty on the New York A.C. the Metropolitan A.A.U. championship in 4:17.8.

N.H.L. LEADERS

By The Canadian Press

Chicago's Bentley Brothers again threatened Bill Cowley's hold on first place in the National Hockey League individual scoring column when they added two assists each Thursday night to climb within a point of Boston's ace centre. Bill Taylor broke from a fourth place deadlock with his Toronto Maple Leaf teammate, Lorne Carr, and added one goal. Toe Blake of Montreal Canadiens netted two assists and polled into the seventh spot.

The leaders:

	G	A	Pt.
Cowley, Boston	25	43	68
D. Bentley, Chicago	30	27	67
M. Bentley, Chicago	25	42	67
Taylor, Toronto	18	40	58
Carr, Toronto	26	31	57
Patrick, New York	20	36	56

Market Trends . . .

LONDON, March 12 (AP)—The stock market's closing undertone was firm after a day of quiet trading. Industrials were mainly firm. Home rails improved. Oils were steady. Kaffirs and diamond shares were inclined to be reactionary.

NEW YORK—Led by rubbers and rails, the stock market today extended Thursday's rally by fractions to two points with a number of favorites recording highest quotations since November, 1940.

Canadian issues were firm. Dome Mines gaining ¼. Hiram Walker and Distillers Seagram ⅜ each and Lake Shore holding unchanged.

TORONTO—The price tone improved today on the Toronto Exchange and a margin of gains was netted by base metals, industrials and Western oils. Gold issues were slightly down.

Steep Rock featured the base metals with an advance of 20 cents to the $2.09 level.

MONTREAL—Selected Securities moved in a narrow trading band.

International Nickel and Aluminum were stronger in metals.

VANCOUVER—Prices showed little change but there was active trading in mines.

WINNIPEG—Wheat prices continued to advance for the eighth consecutive session on Winnipeg Grain Exchange where American houses and mills were credited with buying 2,000,000 bushels. The May future was up ¼ cent to 97⅝ cents a bushel while the July climbed ⅝ cent to 98¼ cents.

Approximately 1,000,000 bushels of Canadian wheat sold for export to the United Kingdom.

CHICAGO—All grains were under pressure today, wheat and rye dropping more than a cent at one time, as a moderate amount of commission house selling uncovered a scarcity of buying orders. Wheat sank to lowest levels in about two weeks.

The swing of the battlelines in Russia gives the appearance of a standoff, with Russian advances West of Moscow off-setting German success in the Ukraine. The Red Army has recovered Vyazma, last bastion of that menacing salient which has been pointed at Moscow for a year and a half. The Germans assert they have reentered Kharkov have even, according to one unofficial version, reoccupied it.

The fight for Kharkov, invaded by the Nazi army after only 24 days in Russian hands, seems at this juncture likely to have a greater effect on the coming spring and summer campaigns than the Red Army's triumph return to Vyazma. The comeback of the Germans in the Ukraine to their present position of dominance in the Donets Basin, must take rank among the Major Military achievements of the war.

There is grave danger that it will give them advantage in tactical positions and in morale that could carry them far in the climatic 1943 campaign. Much depends, of course, on the reserves Stalin is able to shift to meet this peril. The next few days or weeks may show how much striking power he was able to hold back from the winter offensive.

It is not intended to imply that the recovery of Vyazma and the reduction of its salients does not represent a victory of the first magnitude. But as a turn in the fortunes of war it does not rank with the Ukraine battle. But German abandonment of Vyazma lays bare Smolensk, Hitler's 1941 headquarters, to Russian thrust from the East, Northeast and North.

COMPETENT RETREAT

The German withdrawal at Vyazma has the appearance of a competent strategical retreat, a conservation of forces in the North at at time when the greatest passible driving power was being concentrated in the Ukraine. It has the trademark of the German General staff, so different from the Hitler brand on that semi-hysterical adventure of Stalingrad.

Today's situation indicates that the German army retains tremendous reserves and recuperative powers. Dispatches from Turkey report that Hitler is cracking the lash over his statellites and drawing further on manpower to put an army of 3,000,000 or 4,000,000 in the field this spring for one more terrific effort to destroy the Red Army.

Conant Discusses Beer With Mackenzie King

OTTAWA, March 12 (CP)—Premier Gordon Conant of Ontario today conferred for more than an hour with Prime Minister Mackenzie King discussing, among other matters, the beer situation.

The Ontario Premier was accompanied by his Provincial Treasurer, Hon. St. Clair Gordon who is also Chairman of the Ontario Liquor Control Board, and his Mines Minister, Hon. Robert Laurier.

At the conclusion of the conference he declined to reveal the nature of the discussions but said the beer situation was one of the matters brought up.

TODAY MARCH 13th.

Skating, Hockey, Curling, Over Here on March 20

Winter ice activities at the Civic Centre will close March 20. The City is renting the Centre for the last week of the season. Though the curtain will come down on skating, hockey, and curling, next weekend, Pro Rec classes in the Recreation Hall will continue until early April. A giant display is planned as a wind-up to the Pro Rec year.

Pipes and freezing apparatus of the Arena and curling rink are to be tested and necessary repairs will be made before the floor in the Arena is laid. The Pro Rec display, which is to be run off in circus style, will be held in the Arena.

NAKUSP

NAKUSP, B. C.—United Church Ladies' Aid met at the home of Mrs. E. C. Johnson. Mrs. G. Keys and Mrs. H. L. Millar were appointed on the visiting committee for next month.

G. P. Horsley left for Nelson on Wednesday.

Mrs. E. R. Spence and baby from Trail were Nakusp visitors.

Tea and Coffee Rations to Stay the Same

OTTAWA, March 12 (CP)—Examination by the Prices Board of tea and coffee supplies and the shipping situation has indicated that no upward adjustment in the existing ration can be expected in the immediate future, it was learned today.

Tea rationing was imposed after Japanese aggression in the Orient had placed a heavy strain on shipping to India. While there has been movement of war supplies to India within the past several months, officials said it did not follow that vessels returning from that country always were able to carry tea to the United Kingdom

Indications were that until large reserve stocks have been built up in Canada, no increase in the existing tea ration of an ounce a week will be permitted.

South American shipping difficulties also make imperative the maintenance without increase of the coffee ration of four ounces a week, officials said.

Recruits to Be Examined at Vancouver

TRAIL, B.C., March 12—Monday will see the institution of a new system of army medical examinations under which the prospective recruit will be sent to Vancouver for examination. There will be no more medical examinations given in Trail.

Information was not obtainable at the local recruiting office but, from word received from military headquarters at the Coast it appeared certain that not all men who applied for army enlistment would be sent to the district depot at the Coast. The local recruiting office will have discretionary power to send only those applicants who are not obviously unfit for enlistment.

The plan which is coming into force across the Dominion has been instituted to increase the speed and efficiency of induction. Under the centralized plan recruits will be given their entire medical examination, including intelligence tests, at a single centre where specialists in the various lines will handle different parts of the examination.

Army headquarters pointed out that where a man had not given up his job and was enlisted in the army upon completion of the medical examination, he would be given leave without pay and his transportation would be paid home so that he could settle his affairs.

WALLACE RINK IN SECOND PLACE IN COLLINSON CUP

Second place in the Ladies' Curling Club Collinson Cup fell to Mrs. T. A. Wallace's rink Friday when they defeated Mrs. T. E. Homersham in a playdown. Both Mrs. Homersham's and Mrs. Wallace's rinks won five of seven regular tournament games.

Mrs. Wallace's winning rink included Mrs. A. Hamson, third; Mrs. J. R. Bailley, second; and Mrs. M. Cathcart, lead.

Lady Curlers Open Knockout Event

Ladies Curling Club opened its annual knockout competition with three games, played Thursday and Friday.

Thursday Mrs. N. May's four defeated Mrs. T. S. Jemson; while on Friday Mrs. H. M. Whimster defeated Mrs. Charles Norris and Mrs. T. A. Wallace defeated Mrs. A. H. Whitehead.

Monday's draw will match Mrs. Whimster against Mrs. May, and Mrs. Wallace against Mrs. W. Simpson.

Mrs. H. Hughes, Mrs. W. Jones, Mrs. Mary Wilson, Mrs. T. S. Jemson and Mrs. B. B. Stallwood are scheduled to participate in the Points Competition Monday as well.

Rossland Asks if Work on Roads Proposed

Rossland Board of Trade letter asking Hon. Herbert Anscomb, Minister of Public Works, if any permanent work were planned on the Southern Transprovincial Highway between Rossland and Cascade, or on the Rossland-Paterson road to the Boundary South of Rossland, was referred by the Nelson Board of Trade Friday to its Roads and Bridges Committee, with power to act. Rossland asked Nelson's support.

The Rossland letter to the Minister pointed to the importance of the Southern Transprovincial Highway; and stated the road South to the border was also of great importance as it was the only road connection to the West when the Cascade was snowed in. It stated the Rossland-Paterson road was so narrow in places that it was difficult for two cars to pass.

White of Chapman Camp Photographs Partial Eclipse of Moon With 8½-inch Telescope He Built Himself

To construct his own telescope, grinding his own reflecting lens, and to photograph the partial eclipse of the moon the night of February 19-20 is the achievemen of a Kootenay amateur astronomer revealed in the accompanying photos. He is E. K. White of Chapman Camp, formerly of Ymir.

Mr. White has built two telescopes, making the reflecting lens for each. His first was a five-inch and his second an 8½-inch telescope. The eye pieces were purchased, and Mr. White had the telescope tube made for him, but carried out the remainder of the work on each telescope himself.

Making the lenses was an exacting undertaking. Mr. White obtained a flat disc of plate glass five inches in diameter, figured out how it must be shaped, and ground it down to the required shape. Then he polished it and silvered it for reflection, and used it in his first telescope. Successful with his first lens, he then tackled a larger one, using a disk nine inches in diameter. When he had completed it he had an 8½-inch lens, and with it built his second telescope.

The accompanying photos were taken with the 8½-inch instrument.

Writing to W. G. C. Lanskail of Nelson, another astronomy enthusiast, Mr. White described his observations in the following words:

"Kimberley and Chapman Camp residents were very fortunate in having a sky completely free from clouds on the night of February 19-20, when the 77 per cent partial eclipse of the moon took place. At my observatory here I made extensive observations of the whole phenomenon and took several photographs of the eclipse in various stages of its progress.

"I was impressed with the reddish color of the Southern portion of the moon's surface between about 10 p.m. and shortly after 11 p.m. The bright ray streaks that radiate from many craters, most noticeably Tycho and Copernicus, were plainly visible during the entire eclipse, even when these areas were deeply immersed in the umbra shadow. I also was pretty sure of some delicate physical changes in some craters immediatey after the umbra shadow left these areas. Such changes have been suspected by other lunar observers during previous eclipses, especially W. Haas of Pennsylvania.

"At the time of maximum umbra immersion the sky was very much darkened, and the Comet Whipple 2 . . . could be seen quite easily."

At the time of Mr. White's observation the Comet Whipple 2, of "naked eye brilliance", was near the bottom star in the bowl on the handle side of the dipper, and "could be seen quite easily." It is now further toward the projecting handle of the dipper and is barely visible to the naked eye.

Mr. White made his observations in 20 below zero weather.

"But I made the observation quite successfully, also the occulation of Theta Tauri (a naked eye double) on February 12," he added. This comet had been "fairly bright since early" in February, and had a tail that was "quite short and fan like," Mr. White said.

1—8:45 p.m., moon immersed in penumbra shadow.

2—9:15 p.m., moon immersed in umbra for 15 minutes.

3—9:45 p.m., in umbra for 45 minutes.

4—10:30 p.m., maximum umbra immersion.

5—11:40 p.m., 35 minutes before emersion from umbra.

Photographs above were taken by Mr. White during the partial eclipse of the moon the night of February 19-20, with the aid of the 8½-inch reflecting telescope that he built, grinding his own reflecting lens. The numbered remarks under each picture are Mr. White's notes as he took the photographs, giving the time and the stage of the partial eclipse. As the pictures are of the moon's reflection, they show conditions in reverse. Actually, as readers will recall, the earth's shadow obscured the lower portion, not the upper portion, of the moon's disk.

Board of Trade Rooms to Feel Touch of Spring

Nelson Board of Trade Publicity Committee plans an old-fashioned welcome for Spring this year. Next Wednesday, Chairman John Learmonth announced at the Board's luncheon Friday, a housecleaning will be held at the Board Rooms.

Old papers will be bundled for Red Cross salvage. If it is practical ore samples which have rested on shelves around the office for years will be sacked for shipment to the Consolidated Mining and Smelting Company at Trail, and if this is not practical the samples will be offered to the City for rock garden construction.

Silver cups won in past years in agriculture, mineral and other competitions will be dusted off.

Mr. Learmonth called for volunteers to assist with the Spring cleaning and obtained the names of Walter Hendricks, Robert Foxall, P. H. Bush, H. B. Gore, and H. H. Sutherland.

Two Committed for Trial From Jap Girl's Death

Yoshitaka Takashima, Japanese of Bay Farm, near Slocan City, Friday afternoon was committed for trial on a charge of carnal knowledge of a girl under 16, his sister-in-law; and his mother Mrs. Tsujiko Takashima, also of Bay Farm, was committed for trial on a charge of concealing a birth, in successive preliminary hearings before Stipendiary Magistrate John Cartmel. They will have a choice between speedy trial in County Court and jury trial at the Spring Assizes. These two and most of the witnesses are former Coast Japanese now occupying wartime homes in the Slocan District.

The girl involved, died January 6 at Slocan City, and at a subsequent inquest death was ascribed to septic pneumonia, abcess formations in the lungs, and acute peritonitis.

Mrs. Takashima was charged with concealing the birth of a premature stillborn baby by burning it in the kitchen stove of the Takashima house at Bay Farm on or about December 2. When he was committed Takashima reserved his own defence and asserted he was worried for his mother, Mrs. Takashima also reserved her defence.

STATEMENTS USED

Evidence by Takashima and his mother at the inquest following the girl's death, and statements made subsequently to Constable J.T.E. Dowling of the B. C. Police were highlights of the evidence.

Staff Sergeant H. N. Wood, N.C.O., in charge of West Kootenay District, British Columbia Police, was assisted by Constable Dowling in presenting the evidence before Stipendiary Magistrate Cartmel.

Serving as interpreter was Tadasu Ide, who has acted in similar capacity at Vancouver for 20 years past.

Japanese witnesses included Gunichi Kireto, father of the girl; Mrs. Yoshiye Takashima, wife of the accused man and sister of the girl; Mrs. Kazuye Doi, another sister; and Jiro Kumagaya, formerly teacher at a Japanese language school at Fanny Bay.

Dr. Arnold Francis of New Denver, Coroner, Mrs. Vera Kitchener, Stenographer, and Tadasu Ide, interpreter, gave evidence dealing with the inquest and Dr. G. R. Barratt of Nelson described autopsy findings.

Constable Dowling, Constable D. Alfred Deeks of the Royal Canadian Mounted Police, and George Shoji, interpreter, testified as to statements given by the two accused to Constable Dowling.

Telephone Bridge Results

ROSSLAND, B.C., March 12—Results to date of the Parent Teacher Association bridge tournament are as follows:

First flight—Mrs. J. Williams and Mrs. A. Ewing defeated Mr. and Mrs. E. Mitchel; W. T. Bishop and R. Rose defeated Mr. and Mrs. Jackson; Mr. and Mrs. T. Nora defeated Mr. and Mrs. T. Yoliand; Mrs. K. Markin and Mrs. T. Mara defeated Mrs. H. Clegg and Miss L. Barton; Mr. and Mrs. J. Thomson defeated Mrs. J. Mowatt and Mrs. G. Spielker Mrs. A. Page and Mrs. D. F. McIntyre defeated Mrs. B. T. Lee and Mr. Wilson; E. Meelett and I. Hendrickson defeated Mrs. H. Chernoff and Mrs. I. Gurvitch; Mr. and Mrs. R. Haggen defeated T. S. Knight and William Yowney.

Second flight—Mr. and Mrs. Frederickson defeated Mrs. Shobe and Mrs. Gladys Bathie; Mr. and Mrs. P. G. Palmer defeated Mrs. R. Morin and Mrs. G. McTeer; Mr. and Mrs. G. Dyson defeated Mrs. Stenson and Mrs. A. Lonsbury; Mrs. E. Morris and Mrs. Wutling defeated Mr. and Mrs. Corfield; Miss Kinney and Miss Volsey defeated Mr. and Mrs. C. Bacon; Mrs. Clark and Mrs. Montgomery defeated Mr. and Mrs. W. Griffiths; Mr. and Mrs. E. Perkins defeated Mrs. F. Fletcher and Mrs. L. Nicholson, Mr. and Mrs. A. H. Wood defeated Mrs. William Cunningham and Mrs. Wood.

BALFOUR

BALFOUR, B. C.—A. S. MacPherson and Mrs. MacPherson are visiting the latter's parents, Mr. and Mrs. H. E. Cooper.

Mr. and Mrs. R. Pueschell were Nelson shoppers.

Miss Alison Holt of Nelson is visiting her home here.

Vernon Hoskin of Nelson spent a week at home.

Kimberley Lady Heads Kootenay Missionary Group

TRAIL, B. C., March 11—The 29th annual meeting of the Kootenay Presbyterial of the Women's Missionary Society of the Presbyterian Church in Canada was held recently in First Presbyterian Church, Trail, when delegates attended from Cranbrook, Creston, Kimberley and Nelson. Miss Laura Pelton, General Secretary from Toronto, gave an interesting address on the work of the W.M.S. in wartime and also dealt with Auxiliary problems.

Kootenay Presbyterial exceeded its 1942 allocation. All phases of the work are being carried on. Kimberley was chosen as the place of meeting in 1944.

The following officers were elected:

Honorary Presidents — Miss M Emslie, Cranbrook, Mrs. M. Gibbs, Nelson.

President—Mrs. J. Torrance, Kimberley.

Vice-President—Mrs. T. E. Roulston, Cranbrook.

Recording Secretary—Mrs. D. W. Foubister, Kimberley.

Corresponding Secretary — Mrs. D. Leith, Kimberley.

Treasurer — Mrs. P. Robinson, Creston.

Mission Band—Mrs. D. W. Dow, Cranbrook.

Library—Mrs. J. E. Carter, Trail.

Literature — Mrs. J. Adamson, Trail.

Press—Mrs. W. E. Worden, Cranbrook.

Young Women's and Girls' Work —Mrs. T. E. Roulston, Cranbrook.

Glad Tidings—Miss A. C. Lanskail, Nelson.

Home Helpers—Mrs. H. McCreath, Creston.

Supply—Mrs. R. Roebuck, Creston.

Welcome and Welfare — Mrs. D. Sutherland, Kimberley.

A. S. Nicholson Visits Kootenay

A. S. Nicholson, who for two and a half years served Canada as Timber Controller at Ottawa and who recently resigned to return to his own lumber business, one of the largest in Canada, at Burlington, Ont., was in Nelson yesterday and called on old friends in the persons of R. E. Horton of the W. W. Powell Lumber Company and Harry Burns, of the Burns Lumber and Coal Company.

Early in this century Mr. Nicholson was in the lumber business in Cranbrook. He was one of five partners in the original Cranbrook Sash & Door Company. He is now Vice-President of the Crows Nest Pass Lumber Company at Wardner and spent several days there on his way West.

He left yesterday morning for Vancouver and California, from which he imports quantities of California pine.

HITLER REPORTED TO BE RECUPERATING FROM NERVE STRAIN

LONDON, March 12 (CP)—Reuters News Agency said today in a dispatch datelined "Inside Europe" that Hitler was reliably reported to be recuperating in seclusion at Berchtesgaden after recent nerve strain.

WASHINGTON, March 12 (AP)—The United States State Department has received unconfirmed reports that Hitler is suffering from a complete breakdown, Acting State Secretary Sumner Welles said today.
