CANADIANS HIT NAZIS SOUTH CAEN

First Big Action as Separate Field Army Drives Along Six Mile Front

ALLIED SUPREME HEADQUARTERS, Aug. 8 (CP)—The 1st Canadian Army hammered forward five miles today through the strongest enemy defences left in Normandy while American forces pressed on to Le Mans, Southern gateway to Paris, 110 miles beyond.

The Canadians in their first big action as a separate field army jumped off by night and drove forward along a six-mile front through the deep defence lines with which the enemy has blocked the road from Caen to Paris.

The thrust carried them through Gaumesnil, a town more than seven miles down the 20-mile road to Falaise, and carried them to Cintheaux, almost nine miles Southeast of Caen. Other forces fanned out East of the Caen-Falaise highway and prepared to engage 20 German Tiger tanks forming for a counter-thrust.

The blow was described as "a full-scale operation by the 1st Canadian Army." A Canadian staff officer, expressing cautious optimism, said "If we do manage to break this hinge here, the whole German position will be precarious."

Canadian infantry after early advances dug in their positions while American aircraft duplicated by daylight the overwhelming aerial bombardment which more than 1000 RAF heavy bombers laid down last night before the offensive began.

Canadian tanks then went forward and were reported by Ross Munro, CP War Correspondent, to have made contact with the enemy at Cintheaux.

Behind the line of advance other infantry units were busy mopping-up operations and several by-passed villages fell to the Canadians during the day. They included Gaumesnil, Fontenay-le-Marmion, May-Sur-Orne and Tilly la Campagne.

The last two particularly have been the scenes of bloody battles for the Canadians, whose patrols often penetrated deep inside them only to withdraw when an enemy reaction exacted too costly a toll.

The Canadian drive carried them to about 110 miles from Paris, the same distance as the Americans who were reported closing in on Le Mans, key railroad and highway centre in Central France and vital to the Germans for defence of that area.

The Germans admitted the Americans were in the department of Sarthe, of which Le Mans is the capital, and an American field dispatch said advance columns had reached the city.

On the Orne River South of the Canadian fighting zone the British 2nd Army strengthened its bridgehead after beating off four counter-attacks in 24 hours. German tanks and infantry attacked throughout the morning along the Northern fringe of the Grimbosq Woods above Thury-Harcourt, 14 miles Southwest of Caen, but were repulsed.

In the Breton Peninsula American armor was reducing the defences of all five main ports.

These developments came on the 26th anniversary of Germany's blackest hour in the First Great War, when the Allies decided that from a military standpoint the war was lost.

The Germans South of Caen were stunned by night and day bombardment from hundreds of heavy bombers as Canadian tanks and infantry thrust forward.

Western infantry took Fontenay after a stiff fight and French-speaking Canadians fought at May-Sur-Orne, scene of a stiff battle last weekend. Rocquancourt fell to Ontario infantry and Quebec tanks in the first assault wave.

Tilly La Campagne remained to the last a hub of enemy defence but fell to British infantry of the 1st Canadian Army who overcame the Germans with flame-throwers and took 80 prisoners.

Other strongholds to fall as the Canadians smashed across the bald, undulating country South of Caen, were Garcelles and St. Aignan de Cramesenil.

Churchill Visits Normandy Again

ALLIED SUPREME HEADQUARTERS, Aug. 8 (AP)—Prime Minister Churchill visited the Normandy battlefront again today, headquarters disclosed tonight.

During his visit the Prime Minister received first hand information on the recent Allied advances from Gen. Montgomery and Lt.-Gen. Bradley.

Before Leaving for Normandy, Mr. Churchill conferred with the King.

Canadian Tanks With 8th at Florence

BY BILL BOSS
Canadian Press War Correspondent

WITH THE 8TH ARMY IN ITALY, Aug. 8 (CP-Cable)—Canadian tanks with the 8th Army are operating around Florence and have been supporting an Indian division, it was disclosed today for the first time.

Hitherto it had been permitted to mention only that Canadian armor was operating in an "undisclosed area."

Worst Riot In 25 Years Hits Montreal

MONTREAL, Aug. 8 (CP) — An estimated 19 persons suffered gunshot wounds today in election-day riots which were confined to one riding but which were described by police as the worst in 25 years in Montreal. No deaths were reported.

Five persons were in hospital and police estimated that about 14 others had been wounded but were carried away by members of their gangs before police could break up the riots. The two outbreaks left the committee-rooms of Liberal candidate Claude Jodoin and of Union Nationale Aepresentative Omer Cote with windows smashed and furniture wrecked.

The melees came within a few hours of each other in St. James Riding in the East-Central section of the city. Liberal headquarters were attacked first and later the Union Nationale Committee rooms were under fire. St. Catherine Street East was littered with broken window glass, smashed bottles which had been used as weapons, and debris.

Provincial police stepped in late today and arrested 71 persons while seizing what was described as an arsenal of knives of all descriptions, black-jacks, daggers and miscellaneous weapons. Those arrested were charged with illegal possession of arms.

City police earlier had broken up the two riots. Three persons went to hospital with gunshot wounds and 12 others wounded were carried away by friends after the melee in which several automobiles were overturned and windows of buildings surrounding Liberal Riding Headquarters were smashed.

By-standers said the riot started when a number of carloads of men drove up to the Liberal Headquarters and were immediately set upon by another gang which came pouring out of a nearby house. The fighting ended abruptly when police moved in armed with tear gas bombs which they didn't have to use.

The second affray was of much shorter duration, but before police could break it up two persons were taken to hospital and two others were carried away, apparently wounded by their friends. One of those in hospital was a 17 year-old youth who was caught between the rival factions.

Japs Must Strike Against Enemy in All Out Effort

NEW YORK, Aug. 8 (AP)—Premier Gen. Kuniaki Koiso was quoted by the Tokyo radio as warning the Japanese people that American advances in the Marianas and the New Guinea area, plus an apparent intention "to strike at our homeland," had confronted the empire with "national difficulties of unprecedented seriousness."

The broadcast said Koiso had told the nation that it had but one course to pursue—"to consolidate the resolution of our total strength to overcome all difficulties and thus win the war."

He was quoted as saying "The time has now come when military operations by our Imperial Forces on a grand and bold scale are expectantly awaited and, at the same time, when our 100,000,000 people must arm themselves and in obedience, strike against the enemy and destroy their evil designs."

BANFF, Alta., Aug. 8 (CP)—G. R. Rice of Edmonton today was re-elected President of the Western Association of Broadcasters for a third successive term.

Wanted on Hitler Death Plot, Former Mayor Still Free

LONDON, Aug. 8 (CP-Reuter)—Dr. Karl Goerdeler, former Lord Mayor of Liepzig, who is wanted by the German police in connection with the attempt on Hitler's life, is still at liberty.

The German radio today repeated the offer of 1,000,000 marks (about $320,000 at the pre-war rate of exchange) for information as to his probable whereabouts.

RUSS STEMMED AS NAZIS COUNTER-ATTACK

German Armies Being "Bled White" Moscow Reports

USE NAZI RESERVES

BY W. W. HERCHER

LONDON, Aug. 8 (AP)—The Germans are launching desperate counter-attacks along virtually all of the 1000-mile Eastern front but are being "bled white," Moscow reported tonight as it appeared that the Nazis had managed to stem the Red Army advance by drawing heavily on their dwindling central reserves.

A supplement to the Soviet communique under-scored the German counter-blows in nearly every sector but declared that all were repulsed and added: "Our troops are stubbornly advancing."

One such Nazi counter-attack has been smashed afte rseveral days of bitter fighting on the Lithuanian border and the Russians have resumed their push toward Riga, the communique said.

In this battle, part of the massive operation to annihilate the two German armies trapped in the Baltic States, the Russians said they destroyed 98 German tanks and 150 cannon and captured 16 tanks and 75 guns.

To bolster the lines and implement the desperation-born counter-attacks, the Germans are throwing into battle everything they have, "even road-building, airdrome and other rear detachments," Moscow said.

Penetrations were made by two Russian spearheads reaching into Latvia up both sides of the Daugava River toward Riga. One took the important railway junction of Krustpils on the East bank and got within 64 miles of Riga, while the other, near the West bank, moved North to threaten Jekabpils.

The Russians made no mention of the cintinuing siege of Warsaw or other sections of the front except to record a slight widening of their bridgehead across the Vistula toward Kielce and improvement of positions farther Southeast along the Carpathian foothills.

ASTORIA, Ore., Aug. 8 (AP) — Three railroad workers leaped to safety as a Spokane, Portland and Seattle freight engine plunged through the open draw of a bridge near here and disappeared into 25 feet of water yesterday.

Report Plot to Overthrow France

NEW YORK, Aug. 8 (AP)—A plot to overthrow Generalissimo Franco of Spain was reported today by DNB, the German News Agency, which asserted agents charged with engineering the coup had been arrested in Morocco. The rebroadcast of the report was heard by NBC.

SURINAMS JOIN IN FIGHT FOR FREEDOM

PARAMARIBO, Surinam, Aug. 8 (CP-Aneta)—A detachment of several hundred Surinam volunteers has left for Australia to join Allied forces in the fight to free the Netherlands East Indies from Japanese oppression, it was disclosed today.

Pineapples $16 Each, London

LONDON, Aug. 8 (AP)—Londoners had pineapples today for the August Bank Holiday—at a cost of from $16 to $21 each.

Watermelons were $7 apiece, grapes about $5 a pound and peaches 80 cents to $1.50 each.

Union Nationale Makes Big Gains

QUEBEC, Aug. 8 (CP)—Four hours after polls closed in Quebec Provincial elections, there was no definite indication of a majority for either of the two major parties tonight, with Liberals and Union Nationale candidates locked in a neck-and-neck race which indicated the possibility the election would end in a stalemate.

The Union Nationals had a greater number of seats than their Liberal opponents but it was obvious neither party would have an over-all majority over their opponents and the few candidates of other parties elected.

The elections which brought riots in which 19 persons were shot—none critically—in Montreal St James riding during the day, brought out the heaviest vote in the history of the Province, and that vote appeared to be split evenly between the policies of the Liberals and the Union Nationale.

PROVINCIAL RIGHTS

Main point of dispute between the two Parties was that of provincial rights and cooperation with the Federal Government. The Liberals have claimed that their policy of close cooperation in the war and in the post-war period was the policy which would best serve the interests of the Province.

The Union Nationale has claimed that the Godbout regime has surrendered many cherished provincial rights to the Federal Government under the guise of war necessity, and that only a change in policy could save the French-Canadian way of life.

The anti-conscription Bloc Populaire slipped far behind except in a few ridings.

CABINET MINISTERS WIN

Montreal Notre Dame de Grace returned Provincial Treasurer Mathewson early, and the neighboring centre of Outremont was right behind in reelecting Health Minister Henri Groulx. Montreal Mercier returned Joseph Francoeur, Minister Without Portfolio, while Montreal St Louis gave a 3000 margin to Maurice Harrt, only Liberal to vote against the expropriation of Montreal Light Heat and Power Consolidated at the last session of the Legislature.

Premier Godbout was returned in L'Islet and Union Nationale leader Maurice Duplessis was reelected in Three Rivers. The young leader of Bloc Populaire was also elected.

Attorney-General Leon Casgrain was returned in Riviere du Loup and Wilfred Hamel, Minister of Lands and Foresta and Acting Minister of Labor went back in St Sauveur.

Wilfred Lacroix, who gave up his Federal seat to contest the same district of Beauce as a Bloc Populaire candidate was elected there at the expense of Henri Renault, Minister of Municipal Affairs. Perrault Casgrain was the second Minister to meet defeat when Alphonse Pelletier took the seat for the Union Nationale.

Johnny Bourque, former Union Nationale Minister of Public Works, took Sherbrooke riding, defeating Maurice Gingues, who resigned his Federal seat to become a Minister Without Portfolio in the Godbout Cabinet.

ONE C.C.F. ONLY

Rouyn - Noranda, newly-created riding in Quebec's Northern mining district, elected the Province's first C.C.F. candidate today, when David Cote defeated eight opponents. No other C.C.F.'s won.

Maj. Paul Sauve, the only candidate now serving overseas—with Les Fusiliers Mont Royal in Normandy—was reelected in Two Mountains as a Union Nationale representative.

SITUATION BEFORE ELECTION

The Liberals polled 301,631 votes to win 69 out of 86 seats in 1939, with the Union Nationale getting 15 seats with 220,402 votes. Two independents completed the 1939 list. During the last Legislature a redistribution bill raised the seat total to 91. At dissolution, Liberals held 59 seats, Union Nationale 17. Eight seats were vacant, and Nationalist and Independent candidates held one seat each.

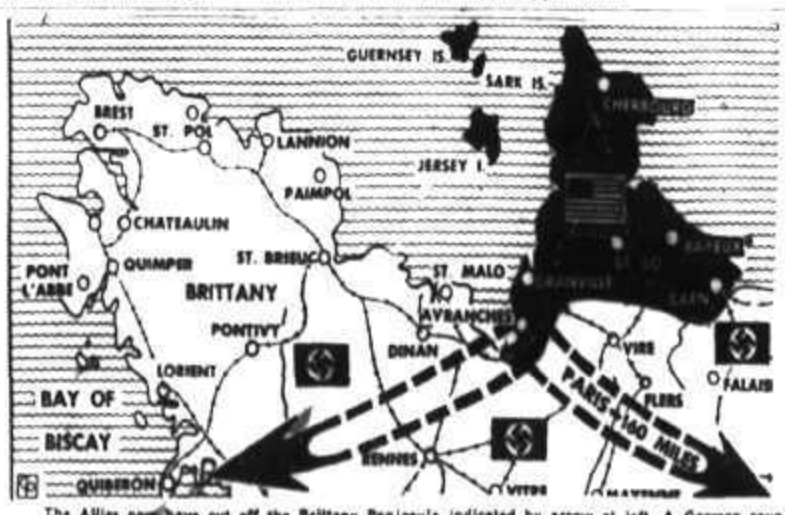
Main plank in the platform of the Union Nationale was a promise to restore provincial autonomy and to retrieve provincial rights which the Union Nationale claims the Godbout regime has surrendered to the Federal Government.

The Bloc Populaire, led by 32-year-old Andre Laurendeau, has described itself as the direct outcome of Quebec anti-conscription opinion. It promised that if elected it would do all in it spower to oppose imperialism "which gave us two wars in 25 years" and economic dictatorship "which gave us depression between the war" while at the same time it promised fair treatment for the English minority in Quebec.

Five Cases of Poliomyelitis in Medicine Hat

EDMONTON, Aug. 8 (CP)—Provincial Health Officers here said today seven cases of poliomyelitas have been reported from Medicine Hat, bringing to 16 the number reported in the South since June 28.

Five poliomyelitas cases were reported during the first three months of this year. Those cases bring the Provincial total for the year to 31.



The Allies now have cut off the Brittany Peninsula indicated by arrow at left. A German counter attack at Avranches was broken Monday by American troops. Canadians are hammering forward South of Caen.

4000-POUND BLOCKBUSTERS POUND COLOGNE

Air Armadas Smash German Front Line Positions

CONVOY ATTACKED

LONDON, Aug. 9 (Wednesday) (AP)— R.A.F. Lancasters and Halifaxes attacked targets in Northern France during the night while swift Mosquitos pounded Cologne with 4000-pound blockbusters, it was announced today.

LONDON, Aug. 8 (CP) — Allied aerial armadas which numbered well over 3500 planes, acting in strong support of the ground offensive driving toward Paris, smashed at German front-line positions, vital sea and land transportation and strategic supply areas during last night and today.

This evening a large force of R.C.A.F. heavy bombers attacked military objectives in the Paris area. Earlier R.A.F. mediums, many of them manned by Canadians, flew through heavy flak to bomb railway yards at Igoville, near Paris.

Late in the afternoon R.A.F. Halifaxes bombed flying bomb installations in Northern France while R.A.F. torpedo-carrying Beaufighters attacked a German convoy of 14 ships steaming North of the Southwest coast of Norway and three merchant ships and six escort vessels were reported damaged. Three of the R.A.F. planes were lost in the latter operation.

American fighters escorted the Beaufighters and shot up Norwegian airdromes.

Other American fighter-bombers concentrated on seven bridges in the Paris-Reims-Amiens area. The river-span Juigny Bridge over the Yonne River, 70 miles Southeast of Paris, was destroyed.

Thirteen American heavy bombers and 13 escorting fighters were reported missing from all of today's operations.

American fighters and fighter-bombers destroyed or damaged more than 1000 freight cars, 80 locomotives, 58 motor trucks, 4 additional trucks on railway flat-cars, 15 German staff cars, a number of oil tanks, flak towers and river boats and barges.

Britain and U.S. Sign World Oil Policy Agreement

WASHINGTON, Aug. 8 (AP)—The United States and Great Britain today signed an agreement on world oil policy looking toward a settlement of competitive problems, as a contribution toward post war international security.

The agreement was signed by Edward R. Stettinius, Jr., acting Secretary of State, for the United States and by Lord Beaverbrook for the United Kingdom.

It sets up an international Petroleum Commission charged with estimating world demand for petroleum and recommending how British and American companies can carry out their production with the view to orderly development of world resources.

Announcing conclusion of the pact, which presumably is not subject to Senate ratification, the State Department said it is "of an interim character and is preliminary to the negotiation of a multilateral agreement on petroleum to which the governments of all producing and consuming countries interested in the international petroleum trade will, it is hoped, become signatories."

Main points in the agreement are:

1. Assurance of adequate petroleum supplies to "all peaceable countries at fair prices and on a non-discriminatory basis subject to such collective security arrangements as may at any time be in force."

2. "Development of Petroleum resources with a view to the sound economic advancement of producing countries."

3. "Recognition of the principle of equal opportunity in the acquisition of concessions."

4. "Respect for valid concession contracts."

5. "Freeing the production and distribution of petroleum from unnecessary restrictions."

The agreement which is the first post war pact on international trade was viewed with satisfaction by the American and British officials.

They considered it a long step toward eliminating possible conflicts betweeen their two governments or toward establishment of a mechanism with which to enforce peace.

The provision that all "peaceable countries" should be able to obtain plenty of oil was the basis for a ready means of imposing sanctions on the most vital material for war against future aggressors.

Manning Gov't Sweeps Province

C.C.F. and Independents Almost Obliterated in Socred Victory

Social Credit leading: Calgary (2); Cypress; Lethbridge; Okotoks-High River; Pembina; St. Albert; St. Paul; Vegreville; Willingdon.

Ind. leading: Banff-Cochrane; Calgary (2); Edmonton (2).

C.C.F. leading: Calgary (1); Edmonton (1).

Veterans' Cand. leading: Edmonton (1).

EDMONTON, Aug. 8 (CP)—The Alberta Social Credit Government and all the nine members of its Cabinet were sent back to office in Provincial voting today.

With Government victory conceded less than half an hour after the last urban polls closed, the Social Crediters, led by Premier E. C. Manning, a 36-year-old Prairie-born orator, went back into office on the assurance they would continue their drive for money reform, first started in this Province by the late Premier William Aberhart who led them to victory in 1935.

The continuing count tonight indicated the Social Credit majority in the next Legislature would be greater than in 1940, when the Party elected 35 members compared with 19 for the next strongest party, the Independents. At dissolution last month, the Legislature had 35 Social Credit members, 15 Independent, three Liberal, one Labor, one Independent-Social Credit, one C.C.F. and one vacancy.

In Edmonton, reelection of Mr Manning who had piled up a major lead over the 19 other candidates seeking election to the five City seats, was conceded. His surplus over the quota necessary to elect probably would assist the election of one or more of the other Social Credit candidates in the five-member seat.

All other eight members of the Cabinet were elected before 10.30 p.m., M.D.T. (9.30 P.D.T.) only three hours after city polls closed.

Among the ministers returned was Hon. Solon Low, Provincial Treasurer, who, as National Social Credit leader, will guide the organization of his party on a national basis.

The C.C.F. which won the Saskatchewan provincial election in June with a thumping majority over the Liberals, made a strong bid for power in Alberta, entering a candidate for each of the 57 legislature seats, as did the government party.

But at 11 p.m., M.D.T., no candidate other than those running under the Social Credit banner had been elected.

In winning election in Warner, Mr. Low defeated James H. Walker, who was leader of the Independents in the last legislature.

Although Mr. Manning was assured reelection in Edmonton, names of the other nine successful candidates in the Edmonton and Calgary ridings probably will not be known until tomorrow.

The proportional representation system of elections used in these ridings and returning officers must have all first-choice ballots available before they can establish the quota necessary for election.

Perhaps 4000 Alberta men and women in the services within Alberta cast ballots at army, navy and air force establishments yesterday. The ballots have to be sent to a central distribution station at Edmonton, but late tonight seven of the 33 ballot boxes still had not arrived. When they come, ballots marked for Calgary and Edmonton will be distributed first and rushed to the returning officers in these cities. Only when these ballots are received can the counting proceed.

Hon. N. E. Tanner, Minister of Lands and Mines, was the first cabinet minister reelected, being returned for the Southern constituency of Cardston.

Other ministers reelected:

Hon. D. B. MacMillan, Agriculture (Lacombe); Hon. Dr. W. W. Cross, Health and Public Welfare (Hand Hills); C. E. Gerhart, Municipal Affairs (Acadia-Coronation); Hon. Lucien Maynard, Attorney-General (Beaver River); Hon. A. J. Hooke, Provincial Secretary (Rocky Mountain House); Hon. W. A. Fallow, Public Works (Grouard.)

Does Not See Necessity for Radio Licence

OTTAWA, Aug. 8 (CP)—The Senate Banking and Commerce Committee today passed without amendment the bill providing for a full-time chairman of the Canadian Broadcasting Corporation Board of Governors.

The bill for the incorporation of an export credit insurance corporation, discussed by the Committee previously, also passed was with some minor amendments.

Senator John T. Haig (P.C.—Manitoba), speaking of the C.B.C. Bill, said with the increase in advertising revenue the Corporation enjoyed he did not see the necessity for continuing the licence fee at $2.50 a year. He also suggested more effective means of collection should be instituted.

War services Minister LaFleche said money collected in licence fees was turned back to the public in the form of programs. The C.B.C. did not go out to take money from other bodies in the advertising field, but broadcasting had become a necessity in the eyes of many advertisers.

Senator Edward Michener (P.C.—Alberta), suggested commercial radio advertising be eliminated on Sundays.

General LaFleche said he was sympathetic to this view but doubted whether any action could be taken by the C.B.C.

Commissioner Injured in Ambush, Palestine

LONDON, Aug. 9 (AP)—Sir Harold MacMichael, outgoing British High Commissioner for Palestine, was wounded in Jerusalem today by an ambush attack on his car, the Colonial Office announced.

Sir Harold is being succeeded by Lord Gort, whose transfer to the Palestine and Trans-Jordan Commissionership from the Governorship of Malta was announced July 19.

The Colonial Office announcement said:

"Information has been received from Jerusalem that this afternoon the High Commissioner and Lady Carmichael were motoring to a farewell function when their car, under police escort, was ambushed.

"Fire was opened from the side of the road. The High Commissioner was only slightly wounded and Lady MacMichael was unhurt but two members of the High Commissioner's staff were seriously injured.

"Police are taking all appropriate measures."

Air Marshal Boyd Killed in Action

LONDON, Aug. 8 (CP)—Air Vice Marshal Owen Tudor Boyd, 38, has been killed on active service, it was announced today. Captured by Axis troops after a forced landing in 1940 Boyd escaped after the Italian surrender last year, with two other high ranking British officers, Lt. Gen. Philip Neame and Lt.-Gen. Sir Richard O'Connor.

Blaylock and Murphy Issue Joint Statement on Vacation With Pay Negotiations

Following is a joint statement by S. G. Blaylock, President and Managing Director of the Consolidated Mining & Smelting Company of Canada, and Harvey Murphy, International Representative of the International Union of Mine, Mill & Smelter Workers, on the results of their recent negotiations followed by two supplementary paragraphs by Mr. Murphy on policy:

Officials of the Consolidated Mining & Smelting Company of Canada Ltd., and Local 651 of the I.U.M.M. & S.W. bargaining agents for the Company's day-pay employees at Kimberley, met on Aug. 1 and 2 at Kimberley to discuss the putting into effect of the Findings and Directions of the National War Labor Board on the questions submitted to them by Local 651 on Dec. 17, 1943. The Findings and Directions follow:

"NATIONAL WAR LABOR BOARD"

"FINDING AND DIRECTION"

"The National War Labor Board hereby directs Consolidated Mining & Smelting Company of Canada, Ltd., with effect from Jan. 1 1944, to amend, for the employees covered by the application, its vacation with pay plan to allow vacations with pay being granted to such employees as follows:

"After 1 year's service but less than 7 years service, 6 days.

"After 7 years service but less than 8 years service, 7 days.

"After 8 years service but less than 9 years service 8 days.

"After 9 years service but less than 10 years service, 9 days.

"After 10 years service but less than 11 years service, 10 days.

"After 11 years service but less than 12 years service, 11 days.

"After 12 years service and over 12 years service, 12 days.

"With the understanding that, in respect of future operations of the Company, should the Company revert to a five-day week during the duration of the war the conditions of service applicable to the vacation with pay plan will be reviewed, and "dismisses the remainder of the application."

The above is dated July 11.

"NATIONAL WAR LABOR BOARD"

"SUPPLEMENTARY FINDINGS AND DIRECTION"

"The National War Labor Board hereby amends its Finding and Direction of July 11, 1944 (Case File 2N-461 and directs Consolidated Mining & Smelting Company of Canada, Ltd., with effect from Dec. 17, 1943, to:

"(1) Pay occupational classifications covered by the application engaged in its mine and mill at or near Kimberley, B. C., at the rate of time and one half basic wage rates when required to work on the statutory holidays specified in Order in Council, P.C.4671 dated June 7, 1943, namely:

"New Years' Day.
"Good Friday.
"Dominion Day.
"Labor Day.
"Thanksgiving Day.
"Christmas Day.

"(2) Pay its employees covered by the application at the rate of time and one half basic wage rates when required to work on their regularly assigned seventh day off duty, or the equivalent thereof as established by practice or by mutual arrangement between representatives of the Company and the employees, provided that an employee shall be paid at such rate for work required on his assigned seventh day off duty only if he has worked six shifts in the seven day period to which his assigned seventh day of rest applies, or the equivalent thereof, except that the six shift requirement shall not apply to the extent that in any seven day period there falls a statutory holiday established by agreement or practice for work on which day punitive rate is allowed or in which an employee has been absent from any shift with the authority of the employer and also provided that an employee who works on a statutory holiday established by agreement or practice for work on which day punitive rate if required to work on his seventh day off duty, or the equivalent thereof, only if he has worked the remaining regular shifts in his seven day period or the equivalent thereof."

The above is dated July 27.

COMPANY ACCEPTS FINDINGS

Early in the proceedings on Aug. 2, Mr. Blaylock handed the following letter to the Secretary of the Union.

"Secretary, Local 651
"I.U.M. & S.W.
Kimberley, B.C., Aug. 2, 1944.

"Dear Sir: You will remember that in the agreement arrived at last Fall between the Local and the Company, it was agreed that all matters concerning wages including holidays and overtime would be referred to the National War Board. This has been done, and we have received Findings and Directions from the Board giving directions for holidays and overtime, and dismissing the application in all other respect. In order that there can be no misunderstanding between us, this letter is to inform you that the Company accepts the Findings and Directions of the Board, and is prepared to incorporate the same in the agreement with you and our Kimberley employees, thus completing the agreement.

'S. G. Blaylock'

DISMISS REQUEST FOR WAGE INCREASES

Questions submitted to the National War Labor Board were for a complete change in the wage scale set-up with a considerable increase in wages, changes in the holiday scheme, changes in overtime payments, and a 5-cents-an-hour increase on afternoon and night shifts.

The requests for a change in the wage structure and for the 5 cents an hour increase for afternoon and night shifts were dismissed.

As will be seen from the Findings and Directions, the Company was directed to modify it holiday scheme by increasing the holidays for men with one to seven years service. In considering the Company's holiday scheme the clause regarding absenteeism was found to be vague and, consequently, it was agreed to rewrite this clause to conform with Directive Bulletin D.B. No. 17 which states:

"A vacation with pay should be granted only after the employee has completed one year's continuous service, i.e., a minimum of say, 300 days of actual work, the vacation to be allowed for and during the following 12 months' service."

It was also agreed that "continuous service" would mean that a man would have to work 28 days in any calendar month containing 31 days before he was eligible for the holidays for that month, 24 days in any calendar month of 30 days, and 23 days in February. Shifts lost through accident, sickness, bona fide leave of absence and holidays count as days worked.

PLAN FOR 1944

Although the Directions state that this modification becomes effective on Jan. 1, 1944, and would therefore control the number of holidays given in 1945, it was agreed that the holidays given in 1944 would be on the basis of the days worked in 1943. It was also agreed that on account of the lateness of the season, permission would be asked from the National War Labor Board to pay cash instead of holidays, or to allow the holidays to accumulate, in cases where both the workmen and the Company agree. The Union questioned the holiday basis for barmen and the Company agreed that until further notice the holiday rate for barmen would be $7.37.

At a meeting held in Kimberley on the night of Aug. 2, these conditions in the agreement were all passed unanimously and the Company was notified to that effect.

(Signed) S. G. Blaylock,
Pres. & Managing Director
C. M. & S. Co., of Can.
Harvey Murphy,
Int. Representative of
I. U. M. M. & S. W.

Mr. Murphy's Addition

During the negotiations the Union notified the management that we will be taking up the matter of the base rate, as there was no agreement with regard to the interpretation of the National War Labor Board's reasons for decision. In dismissing our application, they had taken for granted that there was in practice a unfluctuating wage rate of $7.32 for contract miners. This we were willing to accept as a basis for negotiations.

We were fully agreed on the holiday with pay system worked out, which has been accepted. We notified the management that we could not agree with the provisions remaining from the old Consolidated scheme of holidays, and that is, that "holidays will be granted if in the preceding year the Company received a net profit of $4,500,000."

Int. Representative

Pan-American Clipper Crashes

HAVANA, Aug. 8 (AP)—A four-engine Pan American Clipper, carrying 26 passengers and a crew of five from San Juan, Puerto Rico to Miami, Fla., crashed today into Nipe Bay in an attempted takeoff from Antilla, on the Northeast coast of Uba.

At least one person was killed, salvage operations were begun immediately to determine if there were other bodies in the hull of the plane.

$300 in Prizes for District Water Sports August 23

A prize-list of $300 is in promise for District-wide swimming and diving competition at Nelson's annual water gala at Lakeside Park Aug. 23. The finance section of the Gala Committee Tuesday met with a generous response in its appeal for support from Nelson business and professional men, Hans Farenholtz states.

A large prize list is being posted with the objective of attracting a wide entry from throughout the District. Posters inviting competitors and residents to spend the day in Nelson will go out to Slocan, Arrow Lakes, and main lake centres, Trail-Rossland and Salmo areas and to the East Kootenay.

The day will have attractions for all. Tiny tots will have their hour in the spotlight in the morning, their sports program being arranged by Ald. H. H. Hinitt, Parks Committee Chairman. The big afternoon program has been drafted by Ed Kelter, Managing Director. K. C. McCannel and E. Hopwood will be masters of ceremonies for these district competition events.

A number of novelty features are being planned by W. G. Harold and his committee for the evening entertainment on the beach.

MacAvity, Breen Back In Cells

John F. MacAvity and George S. Breen, the two men who broke out of the Provincial Jail at Nelson July 18, and were at large until arrested in a Cranbrook beer parlor Monday, were brought to Nelson Tuesday under escort, and returned to the cells to await their speedy trial in County Court for burglary charges originating at Nakusp.

The two men also face a jail breaking charge.

They were conducted to Nelson by Sgt. W. J. McKay and Constable A. Roberts, the Provincial Police officers who arrested them.

Sky-Line Hikers Complete Trek

BANFF, Alta., Aug. 8— Sixty-six Canadian and American hikers were back in town today from their four-day camp at Sunshine Lodge, the famous ski resort which is in Summer paradise for nature lovers, most of them were wearing the new button signifying membership in the Sky-Line Trail Hikers of the Canadian Rockies. Qualifying by making daily hikes into the surrounding peaks along the Simpson Summit, high above timberline.

Their leader was Mrs. A. O. Wheeler of Sidney, B. C., wife of the noted mountaineer and surveyor—who was the second woman to hold the office of President. Mrs. James Simpson of Banff, was the other.

Graham Nichols of Montreal was elected editor of the official bulletin which is issued regularly through the year to hikers in all parts of the U. S. and Canada.

Elected to council of the Skyline Hikers were Tom Speakman, Winnipeg; Helen Ramsay, Edmonton; Beth Riddoch, Calgary; Ruth McEvoy, Detroit; Mary Weeks, Regina; Mrs. Carvel Preston, Salmon Arm, B. C., and Mrs. Clara Maxwell of New Westminster, B. C.

British Have "Knocked Hell" Out of Japs

BY CHARLES A. GRUMICH
Associated Press War Correspondent

KANDY, Ceylon, Aug. 8 (AP)—An Allied spokesman declared today that 42,000 Japanese had been killed and four of the enemy's nine Burma divisions had been liquidated in their drive into Northeast India and in Lt.-Gen. Stilwell's successful campaign in the jungle-girt Burmese mountains.

"They have had the hell knocked out of them," the spokesman said in closing the books on the Japanese incursion into India.

He speculated that the Japanese might retreat as far as Mandalay.

Brush Fire at Warfield Now Under Control

Two forest fires and one brush fire in the Nelson Forest District were reported on Monday night, two of them being well under control and the other one out by Tuesday afternoon.

A crew was still fighting the outbreak in the St. Mary's River area near Cranbrook and another was on the brush fire at Warfield. The fire at Trout Lake in the Lardeau is now out.

Germans Cling to Foothold Near Florence

By NOLAND NORGAARD
Associated Press War Correspondent

ROME, Aug. 8 (AP)—The Germans clung tightly to a foothold in the hills South of the Arno River in the Great Bend East of Florence today after counter-attacking sharply against Indian troops of the British 8th Army advancing through the mountains North of Arezzo.

In the two great cities bisected by the Arno—Florence and Pisa—the positions of the contending forces remained virtually unchanged, the Allies holding the regions South of the stream and the Germans still in control of the North banks.

The Allied Command announced that both sides suffered heavy casualties Sunday when the Germans counter-attacked in force and recaptured Monte Grilla, nine miles North of Arezzo and a little West of Highway 71, from an Indian Division.

The only considerable action on the Allied 5th Army front came in the area of San Winisto where the enemy fired approximately 325 rounds of shellfire at the Allies, then attempted to infiltrate.

An official source declared that air photographs taken at low level disprove completely German claims that Allied guns have shelled Florence. Meanwhile German shells continued to fall in the Southern sections of the city but civilians were going calmly about their pursuits.

Towners Take High With 26-14 Score

CRANBROOK, B. C., Aug. 8 — Towners hauled out their second softball trim of the season tonight in definite style over High to a 26-14 score. Errors accounted for much of the activity, though each team played the other hitless for two innings. Hotel meet Lumber, Jacks Wednesday.

GIANT STABLEMATE TO B-29 NOW IN PRODUCTION

SAN DIEGO, Calif., Aug. 8 (AP)—The Office of Censorship today authorized disclosure that a giant stablemate to the B-29 Superfortress was in production at the Consolidated-Vultee Aircraft Corp.

Details of production status, performance and size of the new bomber, the B-32, have not been released.

Races Highlight Women's Auxiliary Picnic

Races for both old and young were the highlight of both afternoon and evening events at the basket picnic held by the Women's Auxiliary to the Active Forces at the Lakeside Park on Tuesday. Mrs. H. H. Currie was general convener of the affair and Mrs. A. Shrieves acted as cashier. Those in charge of the races were Mrs. R. Lunn, Mrs. S. Colman, Mrs. G. Sutherland, Mrs. B. N. Gillett, Mrs. Van Ruyskenvelde and Mrs. A. D. Oliver was recorder. Expenses of the picnic as usual were met from the organization's social fund, contributed by the members.

After supper and the final races, the picnic was wound up by a sing-song led by Pte. K. Wallace of the Veterans Guard of Canada. A prize for the youngest baby at the picnic went to little Miss Noreen Major, three months old daughter of Sgt. and Mrs. William Major.

Himmler Killed Goering Wounded, Rumors Claim

By WADE WERNER
Associated Press Staff Writer

LONDON, Aug. 8 (AP) — A rumor— unsubstantiated by German or by Allied authorities—that Heinrich Himmler had been killed and Hermann Goering wounded in a new outbreak against the Nazi regime came from the British front in Normandy. This report received with the utmost reserve in London, said a newly-captured German intelligence officer related that Himmler had been killed and Goering, Hitler's second in command, wounded. Other prisoners offered to corroborate the officer's story, but all the captives' information was based on hearsay.

Mrs. Banks Rescues Drowning Lad

A drowning tragedy at Ross' Point involving nine-year-old Billy Tiffin was averted by the quick action of Mrs. A. M. Banks, parents of the lad said here Tuesday.

A cry by one of a group of youngsters, accompanying Mr. and Mrs. Banks on a Saturday outing to the nearby down-river beach, was the first intimation that Billy was in trouble. In her first dive Mrs. Banks was unable to reach the lad, who had gone down out of sight, but was successful in reaching him on a second attempt. Her husband aided her in bringing the boy to the beach, and revived him by artificial respiration.

Mr. and Mrs. R. T. Tiffin, 718 Silica Street, expressed themselves as deeply appreciative of Mr. and Mrs. Banks' act Tuesday. Bill, in bed since, was out and around again Tuesday.

Interpreting The War News

By KIRKE L. SIMPSON
Associated Press War Analyst

Unrelieved by a desperate but futile counter-attack in four division force aimed at Avranches, the plight of the main strength of the Nazi Army between the Loire and the Seine in France is growing hourly more critical. Its whole centre segment from the punctured Orne line to Le Mans, 70 miles to the South, appears in grave danger, caught between converging Canadian and American forces in a position to close in behind it and cut it off from escape.

The exact location of Allied spearheads to the North and South was not officially revealed. Field dispatches indicated, however, that through German thick-set defences East of the Orne in a power drive that was approaching Falaise if it had not reached that important town. To the South one of three fast-moving American armored columns was reported in Le Mans. Thus both ends of a 60-mile strip of the fine Caen - Le Mans highway - which runs through Falaise, Argentan, and Alencon, 35 miles in the rear of the enemy centre sector of which the counter attack in the Mortain-Sourdeval area was the Eastern apex—are in Allied hands.

There seems no question that the Canadian drive, shepherded by a furious night and day mass air bombardment, is pointed down the Caen-Le Mans highway to cave in the Northern flank of the German em-

Commits Suicide to Be With Wife

SAN FRANCISCO, Aug 8 (AP)—Several months ago Mrs. Mildred McReynolds received notice that her husband, John K. McReynolds, had been killed in a Merchant Marine torpedoing. Mrs. McReynolds fell dead after reading the telegram.

McReynolds returned home shortly afterward.

Yesterday his body was found in his gas-filled automobile. A note beside the body said: "My new address will be with Millie."

LONDON (CP) — There are 7000 dogs serving with the British Army today. It takes 60 days to train each one, and on completing the course each animal goes to a unit with his trainer, where the duties comprise guarding airdromes, depots, dumps, installations, power plants and secret enclosures.

it's the truth!

You CAN have brighter teeth!

Impartial laboratories made hundreds of tests. Scientists checked their findings with photo-electric measuring devices and authorize this statement: *Pepsodent Powder produces a lustre on teeth twice as bright as the average of all other leading brands . . . brighter than any of them — her none!* These results have been double-checked by identical twins who made practical in-the-home tests . . . by technicians in dental clinics . . . by dentists in their own offices. The result is always the same: Pepsodent Powder makes teeth far brighter. Get Pepsodent Powder to make your teeth brighter . . . today!

You CAN have a new smile!

A smile that's marred by chipped or broken teeth need not be a permanent handicap. Today, modern dentistry can do much to make that smile attractive. For, like the movie stars, you can have chipped or broken teeth recapped. Even crooked, misplaced teeth can be straightened by a series of corrective treatments. Your dentist will tell you what needs to be done and how quickly you can expect results. Yes, it's the truth — your dentist can help you have sound, good-looking teeth, but it's up to you to keep them clean and bright!

Slow and Inexpensive Airline . . .

Provide New Air Route After War

OTTAWA, Aug. 8 (CP) — The Hudson Bay chain of war-time air bases may provide a route for a slow and inexpensive airline to Europe after the war, Munitions Minister said: "It is intended to use all war airports for civil aviation as far as possible."

It was possible Trans-Atlantic aviation might fall into two classes, a high speed luxury type of traffic such as that now being carried and a slower, less expensive type of traffic which would require a number of stops. The latter type might well use the chain of air bases extending through the Pas, Man., Churchill, Southampton Island, Frobisher Bay, Greenland and Iceland.

Answering questions from John Diefenbaker (PC-Lake Centre) during consideration of civil aviation estimates, Mr. Howe said arrangements are being made to have war assets corporation act for the United States Government in the disposal of movable assets at the airports.

Mr. Diefenbaker also asked about reports that lumber and other supplies at the aircraft overhaul plant of Prairie Airways Ltd., at Moose Jaw, Sask., had been improperly disposed of. Mr. Howe said the plant was operated by Canadian Pacific Airlines for the Government which had taken it over from the original company.

He had no report on any disposal of supplies but if any were disposed of and they belonged to the government the disposal was illegal. If they belonged to the company the government was not concerned.

The minister said he could not give a date for the opening of the proposed new air service between Edmonton and Winnipeg. The beams were nearing completion and the fields were being improved, but Trans-Canada Air Lines was short of equipment.

Mr. Diefenbaker urged that steps be taken to improve the airport at Prince Albert by hard-surfacing the runways. He said the city did not have the air facilities to which it was entitled.

"The constituency of Prince Albert is very ably represented in this House," said Mr. Howe, (Prime Minister Mackenzie King is the member.)

"I am the Prime Minister's constituent," said Mr. Diefenbaker who lives in Prince Albert.

He said he had not raised the matter in a partisan way.

Mr. Howe said there were plans for development of airport at Prince Albert and other points after the war, but it was impossible now to divert labor from war projects to the hard surfacing of runways at civilian airports.

Asks Hart Better Conditions in Mining Camps

VICTORIA, Aug. 8 (CP)—A delegation from the B. C. District Local of the International Union of Mine, Mill and Smelters Workers today asked Premier John Hart and his Cabinet to enact legislation improving living standards in mining camps.

They asked that all bunkhouses in camps be built to accommodate only two men; that ventilation be good; modern plumbing installed, and that camps supply blankets and bedlinen.

They asked for amendments to the Workmen's Compensation Act, providing for blanket coverage of all industries and blanket coverage for all injuries; that rate of compensation be increased from 66 to 100 per cent; that compensation for dependent children be increased from $12.60 to $20 a month; that maximum compensation be increased to $20 a week during period of disability and that the maximum compensation of $2500 be removed.

The brief asked that the B.C. Government "fully investigate the industrial hazards of the plants at Tadanac and Warfield of the Consolidated Mining and Smelting Company and proper procedure be followed for the betterment of these hazardous conditions."

DEATHS

LOS ANGELES, Aug. 8 (AP)—John Steven McGroarty, 81, kindly and colorful poet who romanticized the history of California with his writings and included in his career two terms as a Representative in Congress.

The writer was Poet Laureate of California and for many years a Los Angeles Times columnist.

Probably his best known work was "The Mission Play," estimated to have been seen by more than 2,500,000 in 3200 performances since it was first staged at the Old Playhouse in San Gabriel, April 29, 1912.

WASHINGTON, Aug. 8 (AP)—Rear Admiral Don Pardee Moon, 50, who commanded a task force in the Normandy invasion, apparently from self-inflicted wounds.

Apparently Rear Admiral Moon had taken his own life as a result of combat fatigue.

KNIFE WIELDER KILLS ONE, INJURES ANOTHER

MONTREAL, Aug. 8 (CP)—One person was stabbed to death and another was taken to hospital with critical wounds today, following an attack by knife-wielding assailant in a restaurant at the busy St. Catherine-Bleury Streets intersection.

Shea Taflar, 50, was fatally wounded in the stabbing, and police said he had been stabbed 10 times. His sister, Mrs. Sam Miemaeowski, was stabbed five times and medical authorities held out little hope for her recovery.

Police said that the two had been attacked with an eight-inch bread knife, and that Sam Miemadowski, owner of the restaurant and husband of the woman, had later given himself up at Police District Headquarters a few blocks away.

Contract for $514,448 to Build Fishway

VANCOUVER, Aug. 8 (CP)—Contract for building of a fishway at Hell's Gate Canyon, 135 miles up the Fraser River, has been awarded to Coast Construction Co., of Vancouver, the International Sockeye Salmon Commission announced today.

Amount of the tender is $514,448. The contract has not yet been signed pending arrangements with the Canadian Pacific Railway regarding use of a site for operations.

This is the first contract to be let on the famous construction and others will be awarded later. Canadian and American Governments have put aside $2,000,000 for this work to complete 37 separate projects on the Fraser River watershed. Work should be finished by March, 1945, before the Spring run of salmon.

WE CAN'T HAVE ALL THE GAS WE'D LIKE!

CANADA is able to supply only 15% of her own petroleum needs. The balance must come from the common pool of the United Nations. Seventeen gallons of every twenty used by this country must be imported in the form of crude oil from this barely-adequate petroleum products pool. Six gallons of every ten must be shipped to us by ocean tanker — at the risk of men's lives, at the risk of precious ships.

Today, with great military campaigns in full swing in Europe, in the Pacific, in Asia—every possible tanker is needed to keep up the pressure of attack by the Allied fighting forces. Every drop of this "fighting" gasoline and fuel oil must be carried vast distances across dangerous seas. Tankers must travel slowly in convoy; they must travel circuitous routes; they must return over thousands of miles of submarine-infested oceans, empty.

Today, war is making insatiable demands upon the crude oil resources and transportation facilities of this hemisphere. Here in Canada we dare not ask for quantities of petroleum beyond our bare, essential needs. We cannot justifiably ask for more than we are using now. This is why gasoline stocks on hand in Canada, as of March 31st, *this year*, were 55,000,000 gallons less than at the start of rationing on April 1st, 1942.

From Canada's total ration must come all the needs of the Dominion's armed services at home, all the needs of our war industry, of agriculture, and of essential transportation. It is not surprising that little is left for other civilian use — for our motor cars and trucks.

Keep these facts before you at all times. Remind yourself that every gallon we can do without means just that much more for the Allied fighting forces—that it means the release of vital tanker transportation to move Victory gasoline and fuel oil to the battlefronts of the world.

A "Military Objective" Attacked for Unusual Purposes

"Military importance" of an objective attacked by Allied airmen may have a wide variety of meanings. An example was the destruction of a bureau of vital statistics at The Hague. The purpose was to assist the Dutch underground.

When R. A. F. Mosquito bombers destroyed the Nazi Central Bureau of Vital Statistics housed in the former Kleykamp Art Gallery at The Hague, German and Dutch Nazi propagandists proceeded to vilify the "monstrous Anglo-Americans" who had "needlessly destroyed many private dwellings and killed large numbers of women workers." One controlled newspaper called the attack an "unscrupulous assault which had nothing whatever to do with war, while the fliers moreover took pleasure in firing their machine guns haphazardly at innocent Dutch citizens."

That the destruction of the Bureau was of tremendous importance to the entire Dutch population, however, was confirmed by the underground newspaper Vrij Nederland (Free Netherlands). "In contradiction to reports in the German-controlled press," the secret paper stated, "we stress that not one house occupied by civilians was hit." The paper explained that the loss of a number of workers in the building was inevitable, "since the population registers were carefully stored in a large safe on Sundays and holidays so that the raid had to be staged when activities were in full swing."

"This attack is a grand solution for many thousands of people," the paper continued. "All files and correspondence of the Central Population Administration were wiped out, together with photographs and fingerprints. The destruction of these records will prove a tremendous handicap in the ceaseless Nazi efforts to hunt from their hiding places thousands of patriots who have gone underground, or to impress other thousands into labor corps for deportation to German war plants. In passing, the raiders made a few hits on the Alexander barracks close by, in which the German 'Green Police' was housed." Sixty-two members of the Nazi police force were killed.

The Monopoly Question

Arguments about monopolies are older than civilization. They come down to us through the ages. Monopolies in their effect on the public weal can be good; they can especially if they gain too much power, be bad.

Monopolies were a controversial subject in the Roman Empire.

Primitive Sumerians of 6000 years ago in their village tribal socialism found that monopoly problems arose.

In modern history, the Tudor monopolies, usually under the euphemistic name of "guilds," and which were generally organizations of employers and employees that were given exclusive control of certain business and industries in return for contributions to the royal treasury, contributed to the progress of England, but had to be curbed.

The United States had its "trust-busting" era under Theodore Roosevelt, and its Sherman Anti-Trust Act, whose principles still govern United States courts in trust case decisions.

A monopoly may be a single corporation.

It may be a combination of corporations, usually called a trust or a cartel.

It may be a labor union.

It may be an association of individuals in a profession or business which has gained legislation enabling it to keep others out of that occupation or keep up prices by preventing competition.

Our C.C.F. with its socialistic program of government monopolies is the greatest theoretical monopolist of all.

In the "white paper" from Lord Woolton's Ministry of Reconstruction in Great Britain, and which sets out the policy of the government at Westminster, the problem is faced realistically. It declares:

"Such agreements or combines do not necessarily operate against the public interest; but the power to do so is there. The government will therefore seek power to inform themselves of the extent or the effect of restrictive agreements and of the activities of combines, and to take appropriate action to check practices which may bring advantages to sectional producing interests as work to the detriment of the country as a whole."

We have announcement from Ottawa of a similar policy of inquiry with a view to whatever action may be necessary in the public interest. We already have, of course, our legislation against combinations in restraint of trade.

Cutting Building Costs

Cost of construction of homes is the chief factor in rental values, and the housing subcommittee of the Advisory Committee on Reconstruction at Ottawa, which recommends low-cost loans, backed by the Federal Treasury, to stimulate a wide measure of home construction during the post-war period, also makes the following recommendations under the heading of "Reduction of Housing Costs":

(a) Discussion should be inaugurated with representatives of the building crafts and industries on the subject of wage rates and employment regularity. Revision of labor costs and elimination of restrictive practices should be explored only in relation to policies directed at providing more employment through reduction of seasonal slackness and of unemployment between jobs and through the assurance of employment provided by long-term housing program.

(b) Encouragement of factory methods including pre-fabrication and mass assembly, and of adjustment of labor supply between construction and production seasons.

(c) Tariffs on imported materials and equipment should be reviewed. Sales taxes on building materials and equipment should be removed as soon as possible. The conditions under which building materials and equipment are marketed in Canada should be investigated under the Combines Investigation Act. The basing points system should be examined with a view to eliminating inequitable regional differences in costs.

(d) Government encouragement to the building industry and professions for adoption of principles of design and better standards of building materials. Specific powers to be given the national Housing Administration to construct and operate experimental projects for the demonstration of low-cost construction and equipment installation.

FRANCO'S NECK

The thing to remember, when that bloody dictator, Franco, bobs up with a peace plan, is that he is not trying to save Europe from Bolshevism, as he says, but is trying to save his own neck from the noose. The tyrant of Madrid, who extinguished Spanish democracy with the aid of German and Italian armies, once believed the Axis was winning the war and piously expressed the hope that it would succeed. Naturally. For only by an Axis victory can Franco save his own battered dictatorship.

When the Allies win, when the dictators are thrown out all over Europe, democracy will return to Spain. Nothing will suppress the revolt of the Spanish people and the Allies will certainly do nothing to impede it. As Mr. Hull has pointed out repeatedly, we are fighting against Fascism anywhere, and nowhere has it been more brutal, more mean and ore bestial than in Spain.—Vancouver Sun.

Curious, Trail—Is it possible for a person to get oil stains off wall paper?

Make a medium thick paste of pipe clay and water, applying it carefully flat upon the oil stain, but avoiding all friction. The paste is allowed to remain 10 to 12 hours, after which time it is very carefully removed with a soft rag. In many cases a repeated action will be necessary until the purpose desired is fully reached. Finally, however, this will be obtained without blurring or destroying the design of the wall paper, unless it be of the cheapest variety. In the case of a light, delicate paper, the paste should be composed of magnesia and benzine.

Today's Horoscope

You have definite likes and dislikes, but your love is sincere and strong. Your somewhat domineering, opinionated and moody nature makes you seem ungracious under opposition. However, you are very honest and just, but are unsympathetic to the injustice of others. Art, literature and music are your great interests. Provided you overcome irritability, good fortune will be realized in the next year, financially and socially. You may safely court, marry and push business. Children will bring happiness. Persistent, practical, optimistic, artistic, affectionate and hard-working will the child be who is born today. He or she will, however, also be quick-tempered and overbearing. Tolerance should be taught early.

Eight German Officers Hanged for Plotting to Kill Hitler

LONDON, Aug. 8 (CP) — Field Marshal Erwin von Witzleben and seven other German Army officers were hanged today, Berlin announced, after a trial in which they confessed plotting to kill Hitler and surrender Germany to the Allies.

This brought to 16 the announced deaths of alleged conspirators in the Berlin-proclaimed plot which culminated in the July 20 bomb explosion at a Hitler headquarters.

Today's executions took place two hours after conclusion of the trial of Van Witzleben and the seven others, all of whom had been expelled previously from the Army.

An official account of yesterday's trial, broadcast by D.N.B., disclosed the alleged plot against Hitler had been hatching since last Summer. Col. Count Claus von Stauffenberg, named by Berlin as the actual assassin, was declared to have brought explosives into Hitler's presence twice before July 20—but to have refrained from letting them go because Heinrich Himmler, Gestapo Chief, was not with Hitler—"He was to be finished at the same time."

Three former generals and four lesser officers were tried with Von Witzleben, who was quoted as testifying that he and Col.-Gen. Ludwig Beck were to have headed the military under the coup.

Beck, former chief of the German general staff, committed suicide, Berlin said, after frustration of the conspiracy. Berlin announced earlier the death of seven other accused officers—four by execution July 20 and three more by suicide.

Berlin said Maj.-Gen. Stieff, one of those on trial, told the Himmler-ruled people's court, he knew the details of still another abandoned plot to kill Hitler. This calls for the placing of time bombs in the packs of three private soldiers—without their knowledge—and setting the bombs to explode when they appeared before the Fuehrer for a demonstration of new equipment.

On trial with Witzleben and Stieff were former Maj.-Gen. Erich Hoeppner, former Lt.-Gen. von Hase, former Lt.-Col. Bernardis, former Capt. Fredrich Karl Klausing, former Lt. von Hegen and Former Lt. Count Yorck von Wartenburg.

Stieff's answers implicated his immediate senior, former artillery general Wagner (reported by Berlin to have committed suicide after the plot's failure.) When Stieff termed Wagner an "old comrade", the court President snapped that it would be better to call him an "old criminal."

Witzleben frankly admitted in the court he had been "involved in this matter."

Says No Slackening in Air Training

VICTORIA, Aug. 8 (CP) — Air Marshal Robert Leckie, C.B., D.S.O., D.S.C., D.F.C., Chief of the Canadian Air Staff, today vigorously denied any suggestion that the RCAF was easing up in the training of aircrew personnel because of the favorable trend of the war.

"We're stop o. the Hun; the Luftwaffe has faded out, but we're not slackening our efforts in the slightest degree in our determination to maintain adequate manpower in order to hold our superiority in the air," said the Air Marshal when asked if the British Commonwealth Air Training Plan was losing its force.

WOMEN PROVE SKIN BEGINS ELASTICITY

How often a woman wishes . . . that her face looked as young as her shoulders. You see, shoulders stay smooth, soft, *elastic*—while faces have pores clogged with make-up, unable to breathe for hours at a time. And when pores can't breathe, skin becomes wrinkled and prematurely aged. But this needn't happen to *your* complexion. Palmolive offers a *proved* way to help keep it young and lovely.

You can look younger in 14 days! Each time you wash, (use a face cloth) massage warm, rich, vitalizing Palmolive lather thoroughly into your skin for . . . one full minute. Now, a quick rinse and pat dry. Palmolive's 60-*second* Beauty Massage has been scientifically tested by 2,501 women and 36 doctors. Their reports prove conclusively that . . . in just 14 days, it brings lovelier complexions.

150-Ton Plant Leaves Nelson for B. Guiana

Shipping two cars of mining machinery to Georgetown, British Guiana, the Nelson Machinery & Equipment Company has branched out into a new enterprise which has great possibilities for the future.

The shipment is a complete 150-ton cyanide mill, and includes filter pumps, precipitation plant, electric motors, etc. The plant, which has all been assembled and reconditioned in the company's own shops at Nelson, has been sold to the Cuyuni Goldfields, Limited, through the latter's representative, Giant Mahood, the deal being closed by J. H. M. Greenwood.

The shipment will go via the Panama Canal to Georgetown, British Guiana, and will take from three to five months to reach its destination.

Kimberley Girl Weds at Calgary

KIMBERLEY, B.C. — On July 30th Ida Alberta, youngest daughter of Mr. and Mrs. E. N. Spinks of Kimberley, became the bride of Herbert Huber, eldest son of Mr. and Mrs. Huber of Regina, Sask. The ceremony was performed at Calgary by Padre Ashford. Mr. and Mrs. Huber will reside in Calgary.

Recruit Office Aids Families, Returned Men

Functions of East and West Kootenay Army recruiting offices, with headquarters at Nelson under Capt. E. T. Koch, go far beyond the recruiting of men and women for the various army services.

Capt. Koch is Chief Recruiting Officer for the district with Sergt. W. A. Spickernell at Nelson, Sergt. H. H. Frizzelle at Trail and Sergt. E. C. S. Freeman at Cranbrook.

Miss Winnifred Kinahan is C.W.A.C. Recruiting Civilian Advisor at Nelson.

Enlistments for all Army services and the C.W.A.C. are accepted at these offices, but Capt. Koch also gives advice to dependents, and has assisted a number of returned men to rehabilitation by advising them as to suitable types of jobs. The idea is to enlist men and women, do everything possible to smooth out difficulties for their dependents while they are away, and to aid them in returning to civilian life on their return.

POLICE MUST NOW NOTIFY UNIONS ON DEATH INQUESTS

VICTORIA, Aug. 8 (CP)—Attorney General R. L. Maitland announced today British Columbia Police have been instructed to notify a representative of the union involved when an inquest is held into a death occurring in the mining or logging industry. Such representative will have the right to examine and cross-examine witnesses.

Raymond Massey to Tell C.W.A.C. Story at Civic

Over 200 different jobs are being done in the Army by the C.W.A.C., Canada's women soldiers, and the story of what they are doing and the real part they are playing in Canada's military effort is told in "Badge of Honor" which is to be shown at the Civic Theatre Thursday, Friday and Saturday.

Information concerning this picture, of which the narrative is done by Raymond Massey, distinguished Canadian star of stage and screen, has been received by Capt. E. T. Koch, Chief Recruiting Officer for East and West Kootenay with headquarters at Nelson, and Miss Winnifred Kinahan, C.W.A.C., Recruiting Civilian Advisor.

Five thousand more are needed in the C.W.A.C. and Actor Massey tells why in this short picture.

Temperatures

Extremes of temperature at Nelson during the 24 hours ending at 5 p.m. Tuesday were 52.3 and 80.1 degrees. The showers mentioned so frequently in the weather forecast do not seem to have made connection here yet.

BAKED CORN WITH PEPPERS

2 cups corn, 2 green peppers, salt, 1 cup rich milk, 1 beaten egg, 1 tablespoon melted butter.

Drop peppers into boiling water for 5 minutes then cut open, remove seeds and chop very fine. Put corn and peppers in layers in buttered baking dish, season with salt; pour milk over it in which beaten egg is mixed, add melted butter and bake in quick oven (400 degrees F.) 40 minutes.

BLUEBERRY GINGERBREAD

1 cup molasses, 1 cup sugar, 1 teaspoon ginger, ½ teaspoon cinnamon, 3 eggs, ½ cup shortening, 1 cup sour milk, 1 teaspoon soda, ½ teaspoon salt, 2½ cups flour, 2 cups blueberries.

Cream shortening (it may be half butter and half lard, add sugar and cream well. Stir sour milk and molasses together, add salt, soda and spices to sifted, measured flour, and sift again, add alternately with sour milk and molasses. Add beaten eggs last, then stir in berries, pour into large greased dripping or ginger cake pan and bake in 325 degrees F. oven until done, about 1 hour.

SUNSHINE CAKE

Whites of 7 eggs, yolks of 5 eggs, 1 cup granulated sugar, 2-3 cup flour 1-3 teaspoon cream of tartar, pinch of salt, flavoring.

Measure, sift and set aside flour and sugar; beat whites of eggs, add cream of tartar and beat stiff; beat yolks, stir sugar lightly into whites, then the yolks, then flour, flavor to taste, and bake in angel cake pan about 40 minutes in 350 degrees F. oven.

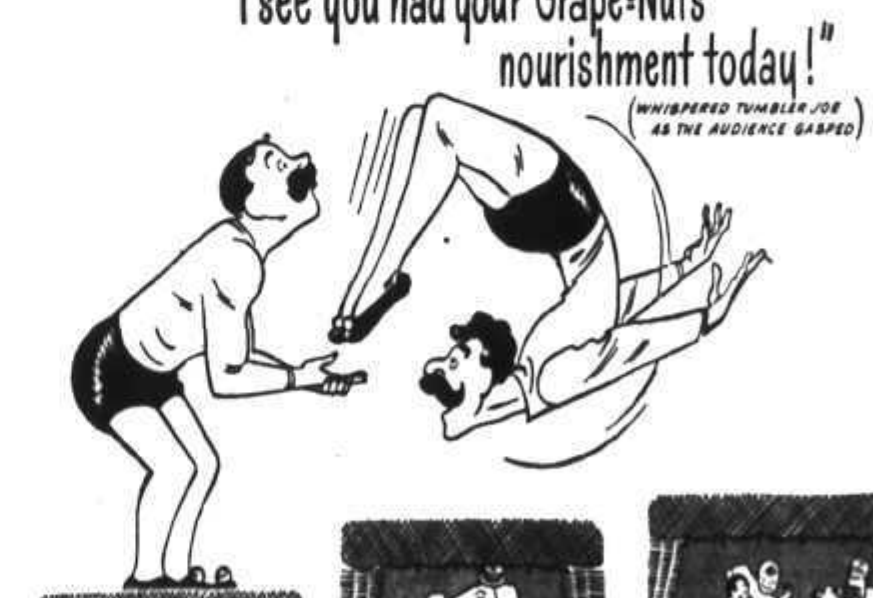
"I see you had your Grape-Nuts nourishment today!"
(WHISPERED TUMBLER JOE AS THE AUDIENCE GASPED)



1 In the hey-day of vaudeville, along came another headliner: Grape-Nuts. Brought a new and really different flavor—and such valuable nourishment as carbohydrates for energy, proteins for muscle, iron for blood, phosphorus for teeth and bones.

2 Today Grape-Nuts has a big-time partner—Grape-Nuts Flakes. With all that famous malty-rich flavor—and good Grape-Nuts nourishment—in crinkly, golden-brown flakes.

3 Grape-Nuts Flakes "bring down the house"—in a hurry to breakfast! All credit to two grains—golden wheat and malted barley. Blended, baked and toasted for glorious flavor and easy digestion.

4 No scarcity of Grape-Nuts Flakes at your grocer's. They're a grand food for war-busy folks that you can enjoy as much as you please. Get a giant economy package.

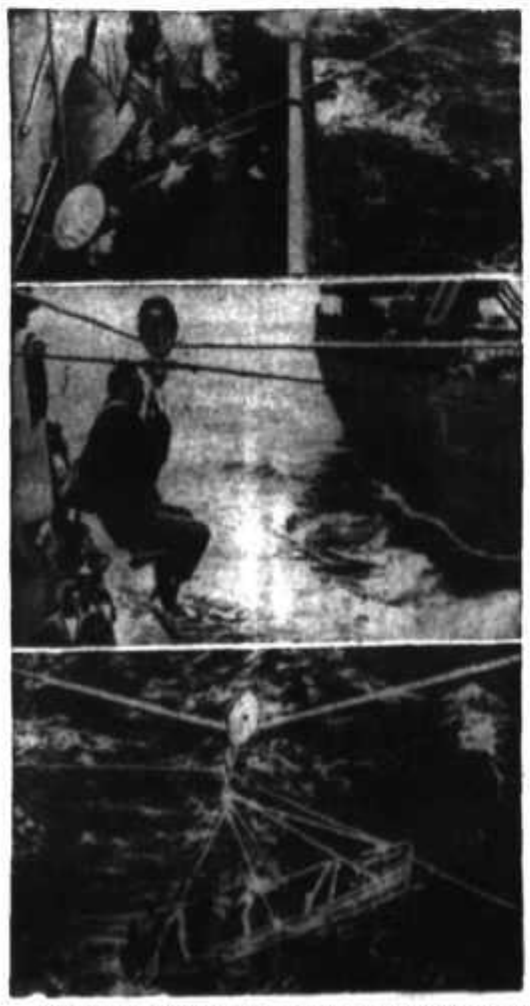
FRENCH STATION SUBS AS MESS HALL FOR CANUCKS—Temporarily out of commission as a railway station, the depot in Vaucelles serves as an emergency mess hall for hard-fighting Canadians.

OFFICIATES AT FIRST PUBLIC CEREMONY: Princess Margaret Rose attended her first public ceremony when she received purses of money from pupils of the Princess Margaret Rose School, toward a collection for an extension to their school.

STRIKE ONE: These two cats were rescued from beneath tons of debris after a flying bomb hit their home in London during a recent raid. Both mother and child were injured. It can be presumed that they lost one life each, which leaves them each eight more to go.

TO DAVEY JONES: Heavy shains snap and the 35-foot bow section of the ill-fated destroyer Turner settles back to the bottom mud in 45 to 50 feet of water off Rockaway Point, New York. The 1700-ton destroyer was ripped into two pieces and sent to the bottom by an explosion last January 3. Salvage operations are being conducted from U.S.S. Crane ship No. 1.



MEDICAL AID AT SEA: Among the many duties which befall the coast guard craft on convoy work is that of supplying medical aid to seamen aboard the merchant vessels whenever needed. The above series of photos were made by a coast guard photographer as a destroyer escort, one of the protecting vessels, answered a call for medical aid by one of the ships. Top—Chief Gunner's Mate George E. Drew of Seattle, Wash., shoots a light line to the merchant ship by means of a lyele gun. This line will be used to draw heavier lines to bridge the gap between the two vessels. Centre—James E. Tyrrit of the U.S. public health service, crosses the turbulent sea between the ships by means of a traveling block rigged to a heavy line. Bottom—The ill seaman is drawn to the destroyer escort in a litter after his illness was diagnosed as acute appendicitis.

RUSS GENERAL: Gen. Ivan Cherniakhovsky, above, is the 37-year-old tank expert who sent his 3rd White Russian army troops crashing into the Suwalki triangle, former Polish soil that Adolf Hitler made part of Nazi Germany in 1939.

Market Trends . . .

LONDON, Aug. 8 (CP)—A moderate reaction set in toward the close of stock market trading with prices somewhat below the day's best levels. Trading continued quiet.

NEW YORK—Junior stocks, mainly motors, again held the speculative play in the market while many veteran leaders found difficulty in attracting buying attention.

Canadian issues were quiet but Dome and Lake Shore gained ¼.

CHICAGO—Short-covering threatened to recover some of the recent losses in grain futures but selling pressure was too great for much headway. All oats and rye futures dropped at times to new seasonal lows for the second consecutive day, rallying to around the previous close at time. Wheat showed more resistance most of the session.

MONTREAL—Minutes were ahead of gains in light trading up to the final hour on the stock exchange and curb market. Miscellaneous issues were generally higher.

TORONTO—Stocks slipped into a downward drift in fairly active trading. The slump in the gold group was led by the Yellowknife stocks and was the announcement that the Noghs mill would close until the labor situation improved was evidently a factor in the selling. Trading speeded up and volume for the day was close to the 800,000 share mark. Negus was sold for a loss of 30 to 36 cents and about 50,000 shares of the stock changed hands. The shares of O'Leary Malartic Mines Ltd. were listed today and they sold around 33 cents. Base metal stocks had a weak day.

WINNIPEG—United Kingdom interests purchased 450,000 bushels of high grade wheat on the Winnipeg grain exchange.

Traders also reported that Eastern Canada buyers took 100,000 bushels of low grade wheat and coarse grain.

Rye futures sagged to new seasonal lows as prices broke sharply following declines at Chicago. Stop-loss orders also aided in the slump.

VANCOUVER—Bidding on leading golds and oils was generally down on Vancouver Stock Exchange. Total turnover was 90,680 shares.

Giants Double Score on Bucs

PITTSBURGH, Aug. 8 (AP) — Rookie Bill Voiselle grabbed his 14th victory today of the season today as he pitched and batted the New York Giants to an 8-4 decision over Pittsburgh to strengthen his mates' fingertip hold on fourth place in the National League.

The Giants opened up a half-length lead on the idle Chicago Cubs in the day's only Major League tilt.

Voiselle's double touched off a game-winning three-run spurt in the Giants' sixth.

McGeer Tangles With Ilsley In Bank Discussion

OTTAWA, Aug. 8 (CP) — Issues debated for many weeks in the Banking committee reached the floor of the House of Commons today as G. G. McGeer, Liberal member for Vancouver Burrard constituency, renewed his attacks on methods of governmental financing under the present banking system.

Mr. McGeer found himself at once at issue with Finance Minister Ilsley who argued there was little difference between the methods for McGeer proposed and those followed by the government and went on to express complete confidence in Canada's ability to carry its debt.

Net annual debt-carrying charges on March 31 last, he said, were $183,509,335, compared with $149,651,990 on March 31, 1939, and $164,349,572 on March 31, 1920.

"What is there in figures like these to justify these alarmist utterances (by Mr. McGeer), this talk about a Niagara of bankruptcy, the fear or repudiation and so on?" he asked.

"This country will not repudiate. It is nowhere near the place where there is any cause for alarm."

Mr. McGeer said the government had given away the greatest power it possessed, the power to issue money when the law permitted chartered banks to enlarge their deposits and lend the money to the government.

The power had been given to a group of men whose business was lending money for profit. The result was a natural tendency to keep money scarce so that it would always be in demand.

Mr. McGeer said he did not plan to run for parliament in the next Dominion General Election.

He made the remark while the Commons was in committee on the Bank Bill which extends the charters of the chartered banks for another 10 years.

Speaking on clause 39 of the bill, which deals with cash reserves of the banks, he said he was sorry the bill was brought down at so late a date.

There were many things in the Canadian banking system which should have been investigated. Passage of the bill meant members of parliament would not have a chance to discuss the banking system for another 10 years.

Mr. McGeer said he did not plan to contest another election and for that reason wished to leave his ideas on record.

Larry Dwyer.

Mr. and Mrs. T. R. Wilson and Mrs. J. Scais of Silverton were visitors in town Sunday.

Mrs. L. D. Irwin and Miss Norma Broughton returned Sunday from holidays in Kaslo, guests of Mrs. Frank Hill.

John Hambly of Silverton was a visitor in town.

Rev. and Mrs. W. Dovey and daughter Marcia of Nakusp were visitors Sunday.

Neil Tattrie and Jack Taylor were visitors in Silverton Sunday.

D. Hood of Slocan City was a visitor in town.

Robert Fairhurst of Silverton was a visitor during the week.

Constable W. Cooper has left to spend the holidays in Moose Jaw, Sask.

Roy Kreuger spent the weekend in Kaslo.

Mrs. M. Kennedy of Silverton and her daughter, Miss Irene Kennedy, of Penticton were visiting Mrs. Annie Avison during the week.

Tourist Queries Here Mostly for Cabin Camps

"Where can I find tourist cabins?"

This question more than all others has been asked by holiday visitors to Nelson, calling at the Board of Trade since the first of the month.

Directions to main lake fishing spots, to Arrow Lakes and Slocan centres, and information on the City's attractions have also been sought.

Thirty-four visiting parties signed the register in the first eight days of August, 16 from Alberta, seven of British Columbia, five from Saskatchewan, five from Washington and one from California.

One enquiry from an Alberta man seeking employment and a permanent home in Nelson was also received.

LONDON (CP) — Seven British padres lost their lives and 12 were wounded in the Normandy landings, bringing the total of army chaplains killed since the war began to 57. Sixty-nine have been wounded, 127 taken prisoner and seven are missing.

Hengyang Falls to Japs After Heroic Stand

By SPENCER MOOSA
Associated Press Staff Writer

CHUNGKING, Aug. 8 (AP) — A grim, dramatic message from within walled Hengyang left little doubt today that the city after a heroic stand of more than six weeks, was completely in the hands of Japanese forces and the way open for the Japanese to drive down the remainder of the Canton-Hankow Railway to secure their control of a 1,000-mile band across China.

The Commander within the city notified General Chiang Kai-shek at 7 p.m. Monday that the Chinese defenders had been killed almost to the last man, and concluded:

"I am afraid this may be my last message to you."

(The Tokyo radio today claimed complete occupation of the embattled city, and said Gen. Hsien Chiao, Commander of the 10th Chungking Army, had surrendered. The broadcast asserted that four Chungking divisions and supporting American forces were wiped out and the city was occupied at 8 a.m. yesterday. Sixty American officers and men took part in the final battle, Tokyo said, but there was no confirmation from Allied sources.)

Although the length of the siege has reduced somewhat the present strategic value of Hengyang, the loss still is regarded as the most serious blow to the Chinese since the capture of Hankow and Canton in 1938, as scarcely any barrier remains between Hengyang and the Japanese forces about 170 miles to the South, driving up from the Canton area in Kawangtung Province.

Closing of this gap would give the Japanese an overland rail route all the way from Peiping in the North to Canton, making the enemy in a measure independent of tenuous sea lanes and dangerous river supply as soon as they could rebuild the wrecked railway.

Conquest of Hengyang apparently has cost the Japanese dearly. On July 23, after a month's fighting, the Chinese High Command claimed 14,000 of the invaders storming the city had been killed.

Nelson I.O.D.E. Sends Gifts to H.M.C.S. Kokanee

A beautiful carved oak chest made by M. T. Roberts of Willow Point has been sent to H.M.C.S. Kokanee from Kokanee Chapter I.O.D.E., it was disclosed at the monthly meeting on Tuesday. A consignment of gifts from the Chapter to the ship has also been shipped, Mrs. E. C. Wragge reported. The shipment consisted of 12 thermos bottles, one dart board and darts, 10 sets checkers and boards, 10 cribbage boards, 24 new packs playing cards, three packs used cards, 104 pairs mitts, 100 combs and six brass ashtrays. The cost of the shipment was $106.26, instead of the $200 voted for this purpose at an earlier meeting.

The H.M.C.S. Kokanee flag which was sent to the Chapter for safekeeping has been placed in St. Saviour's Pro-Cathedral and the shell case from the first gun fired by the ship has been placed in the City Hall.

Work is still being carried on at the I.O.D.E. rooms, and the last shipment sent to Headquarters consisted of 109 articles valued at $94.25, Mrs. Wragge reported. In addition 29 blankets valued at $50.75, 104 books and eight bound serials have also been shipped.

MILK FUND

A letter was received from H. W. Probyn of the Whitewater Mine, Retallack, stating that a milk bottle filled with coppers collected from the men at the mine was being forwarded to the Chapter. The amount collected was a little over $7. Mrs. Harry Burns reported that $22.21 had been collected in the milk bottles distributed in public places in Nelson, bringing the total for the Milk Fund to approximately $30 during July.

Nursery bags for children in Britain were distributed to the members who volunteered to fill the bags with the necessary articles.

Mrs. E. T. Koch was appointed convener for the Miss Canada Girls.

Mrs. John Cartmel, Regent, conducted the meeting.

Tea was served, the hostess being Mrs. J. McDonald. Those assisting Mrs. McDonald were Mrs. R. L. McBride, Mrs. B. Lowery, Mrs. G. F. Lynch, Mrs. McIntyre, Mrs. G. S. MacIntosh and Mrs. J. McDonald, Sr., and Mrs. D. D. McLean.

Trailite Killed in Air Action

TRAIL, B.C., Aug. 8—Pilot Officer Walter William Cooper, 32, of Trail has been killed in action with the Royal Canadian Air Force according to word received here by his wife, Mrs. Edith Cooper, 1140 2nd Avenue. It was believed that PO. Cooper was killed on one of his first operational flights as he had been overseas only a short time.

PO. Cooper has one daughter, Norma Anne.

Before enlisting in March, 1943, PO. Cooper was an operator in the sulphate plant of the C.M.&S. Company of Canada, Ltd. He had joined the Company in 1930 after receiving his education in Trail schools.

PO. Cooper, son of W. H. Cooper and the late Mrs. Cooper, was born in Butte, Mont., but came to Trail in 1918 where his father is still employed by the Consolidated. He had one brother, Richard, a former Company employee now at the Coast.

Mrs. Edith Cooper is the daughter of Mr. and Mrs. Harold Crombie of Trail. PO. Cooper was an active member of Knox Young Peoples in Trail.

With the Scouts and Cubs

By SCOUT BOB WASSICK

FRIDAY

Well, to keep you informed, our camp proceeded as usual.

Inspection winners for Friday were Tent 13 for the Scouts, and Tent 6 for the Cubs. Members of Tent 13 included Owen Brown, Allen Hood, Don Purdy, Bob Bland, Bob Harkness and Gordie Pickering. Cub tent winers were Harold Casemore, Thomas Marshall, Arnold Sherwood, Jimmy Ballantyne, Bruce Bradshaw, Sam Emenoff and Bobby Walsh.

The afternoon featured a softball game between the cookhouse gang and the leaders, resulting in a win for the cookie's helpers, 18-8.

At the camp fire tall bear stories by Mr. Affleck and Mr. Ballantyne dominated.

SATURDAY

Tent No. 13 again was awarded tent inspection honors, while Tent No. 7 for the Cubs was judged the best, the personnel of the tent being Doug. Nagle, John Longstaff, Jerry Pickering, Pat Collinson, Charlie Burdette, Bob Burns, Mike Meagher and Alfred Ife.

SUNDAY

Well, for once they really slept in. Breakfast was late. In fact, everyone was late, excepting the Catholic boys who were up bright and early to attend mass at Lourdes Camp.

After the flag break and prayers, came breakfast, and then tent inspection. Scout tent 14 and Cub tent 1 walked away with the bacon as on the first day.

Visitors started pouring in. An enjoyable day was spent with the boys' folks and friends, ending up with a softball game between visiting leaders and camp leaders against the cookhouse staff. The teams were:

Leaders—Boyd Affleck, pitcher; J. A. Ballantyne, catcher; Les Brownell, 1b; Don Ure, 2b; Bob Bradley, 3b; Charlie Bland, ss.; Herb Batey, c.f.; Ivan Lewis, r.f.; and Scouts J. Pickering and C. Casemore.

Cookhouse gang—J. Wilson, pitch; J. Wilson, catcher; J. Holmes, pitcher; J. Todd, 1b; J. Bone, 2b; Bob Wassick, 3b; Cookie Johnny Weaver, ss.; F. Walgren, c.f.; Ivan Walgren, c.f.; H. Barkenshaw, r.f.

The score was 15-11 for the cookhouse gang.

The game was followed by a monstrous camp-fire with Commissioner R. R. Brown officially presiding. A very entertaining program was put on by the boys, who were greatly assisted by Scout Leader H. Batey, R.A.F., stationed at Medicine Hat, now visiting in Nelson. He really had the boys going with new ideas in camp songs and yells. Other entertainers were Dick Grayson, solo; Ross Barnham and Ralph Lewis, duet; Clive Fleming, solo; Stan Skinner and Billy Hunter, duet; special duet by Geoff. Burkinshaw and Fred Walgren, with "Cookie" Weaver on the accordion. Camp Leader Boyd C. Affleck held the boys spell-bound with another interesting yarn of the woods. Camp was brought to a close by Mrs. Ballantyne leading in the Scout hymn, and closed by R. R. Brown. The boys then said good-bye to parents and friends and went off to bed.

Visitors to camp were Irene Fleury, Mrs. Sadie Hunter and daughter Pat; Mr. and Mrs. Sam Seminoff and Hazel, Mary Hlookoff, Mrs. Olsen, Mr. and Mrs. R. I. Walker, Mrs. A. R. Wolf, Sheila Boyd and Iris Boyd, Mr. and Mrs. Les Browett, Marion Bradshaw, Verna Blackwell, Betty Andrews, Mrs. J. H. Gruisell and Joy, Mrs. E. B. Bradshaw, Mr. and Mrs. G. K. Burns and daughter Betty, Mr. and Mrs. A. Gibson, Doreen Abbot, Mr. and Mrs. G. Richardson, Mr. and Mrs. C. I. McDonough, Mr. and Mrs. E. Sjoberg, Mrs. J. Sjoberg, Mrs. A. Miller, Mrs. George Mermel, Mr. and Mrs. Sladen, Mr. and Mrs. H. Wassick and daughter Dot and Emil Kelter, Mrs. I. Welbourne, Mrs. J. Annable and daughter Joan, Mrs. Clam and daughter Audrey, Mr. and Mrs. C. Walgren, Scoutmaster Don Ure, Mrs. Meagher, Mr. and Mrs. Bland, Mrs. D. Nagle and daughter Joan, Mr. and Mrs. Grayson, Mr. and Mrs. R. Hood and sons Neil and Jim, Allan, Buddy and Marg. Ward, Agnes Myers, George Benwell, Commissioner and Mrs. R. R. Brown and sons Roddy and Colin, Mr. and Mrs. H. Barns.

Donations received at camp were from Mrs. Thomas Clem, Mrs. Meagher and Mr. and Mrs. C. Burns.

MONDAY

"Blue" Monday started out with several sick as per usual after visiting day. Due to excitement and other happenings throughout the previous day, and maybe a little too many sweets and cherries.

Mrs. Ballantyne, the camp nurse, and Bob Wassick and Herb Batey, First Aid Scouts, were kept busy. But there was nothing serious, just too much of the day before.

There wasn't much work done today, that is manual labor, but a great deal of Cubbing and Scouting went on. Several boys passed their badges in all lines under the supervision of B. C. Affleck, Camp Leader, Mr. Lewis and Mr. Ballantyne, Assistant Leaders.

The Cubs had a ball game tonight.

Visitors were Mr. and Mrs. T. N. Halsey, Mr. and Mrs. J. B. Corner and daughter Joan and son Ian, Mr. and Mrs. Tom Bishop, Mr. and Mrs. Les Browett, Mr. and Mrs. E. Sjoberg, Mr. J. C. Muir and Jimmy Horswill.

$300 Damage in G.N. Engine Fire

An improperly closing valve causing an overflow of fuel in the fire box, was blamed for a fire Tuesday that caused an estimated $300 damage to the underparts of a Great Northern Railway engine at the C.P.R. yards. The fire was quelled in about 15 minutes by the Nelson Fire Department men employing a fog nozzle and line.

Crew members were absent from the engine during the lunch hour when the blaze started.

Repairs will be effected immediately, and the engine, it was expected, would be ready for its run this morning.

A pall of smoke rising over the yards drew a large crowd to the scene.

Victoria May Adopt Nighthawks

WITH RCAF NIGHT FIGHTER SQUADRON OVERSEAS— Nearly three years of Hun hammering by night, and a considerable role played by them in the Allied air umbrella over Europe, since D-day, have earned the RCAF nightfighter squadron, the "Nighthawks," sufficient grounds for adoption by the City of Victoria, B. C., which, it is learned here, is under consideration.

The Nighthawks, who operate under the motto "Midnight is our noon" are one of the few Canadian squadrons in the R.C.A.F. Bomber and Fighter groups overseas still lacking a foster parent back home. One by one, Canadian organizations, cities and towns have taken squadrons under their wing, assuring them of special attention in the way of shipments of good things, everyday necessaries, and periodicals in which they are lacking nowadays.

British Columbia fliers in the Nighthawk squadron are Warrant Officer R. F. Henks, Pilot, Trail; Fo. A. B. MacPhail, Pilot, Nelson; Fl. W. L. Marr, Pilot, Fort Langley; Fo. W. H. Vincent, Navigator, Vancouver; Wo. E. F. Cole, Pilot, West Vancouver, and Wo. Norman Jess, Pilot, Vancouver.

Open Fastball Final Tonight

Race for the City fastball championship opens tonight when Humes and Boelings clash at the Recreation Grounds in the first of a best-of-five final series. To assure a nine-inning match the teams will be called to the field at 6:30 p.m.

Second game is slated for Friday, the third for Monday.
