EN ROUTE TO RUSSIA

That supplies in magnitude are flowing into Russia is evidenced by this photo which shows an American locomotive being unloaded from a lighter somewhere at a Middle East port, en route to Russia.

U.S. TROOPS CAPTURE MATEUR

Big Land and Air Battles Flare Up on Russ Front

LONDON, May 3 (CP)—Russian troops have killed 900 more Germans in violent fighting in the Kuban sector of the Caucasus, the Soviets announced tonight, bringing the toll of enemy dead within the last week in that area to nearly 8000.

Actions flared all along the vast front from the Caucasus front to Leningrad, with a total of 1280 Nazi troops killed today in land attacks and by artillery actions, said the midnight communique.

Tremendous dog fights swirled in the air over the Caucasian battlefields, the Moscow radio reported, with 54 German planes shot down in combat "West of Krasnodar" Sunday and today against a loss of 21 Russian planes.

These aerial battles apparently accompanied German assaults to broaden their bridgehead around Novorossisk, attacks which the Russians reported today had been beaten back after six days of fighting in which 7000 German troops perished.

Red Army units conducting "active military operations" Monday in this same area killed 900 more Germans, burned or disabled four Nazi tanks, destroyed nine blockhouses and seven dugouts, and silenced two artillery and five mortar batteries, said the midnight war bulletin.

In the Sevsk sector, Northwest of Kursk, Russian scouts in a surprise raid swarmed into German trenches, killing the defenders and capturing arms before returning to their positions. Snipers in this sector killed 80 Germans during the day.

On the Western front before Smolensk Russian artillery fire wiped out more than a company of German soldiers, destroyed eight machine-guns and silenced four artillery batteries, the communique reported.

On the Leningrad front snipers "exterminated over 100 Hitlerites," while artillery and mortar fire "destroyed eight blockhouses and seven dugouts, silenced two artillery batteries, and blew up an ammunition dump."

Guerillas in the Chernigov area repulsed an attack launched by a German punitive detachment. "The Hitlerites were driving in front of them peaceful citizens—women and children," the communique said. "The guerillas outflanked the enemy and opened up intense rifle and machine gun fire. Unable to withstand this fire, the Germans retreated. Fifty-seven dead remained on the battlefield."

The communique also declared that Russian planes in various sectors on Sunday destroyed or damaged at least 20 German trucks, blew up two ammunition dumps, destroyed an enemy freight train, and sank a patrol ship.

ALLIES BATTER FRENCH, DUTCH TARGETS

Planes Run Into Heavy Force of Nazi Fighters

LONDON, May 3 (AP.) — The R.A.F. and R.C.A.F. made two extensive sweeps over Northern France and Holland today at a cost of 11 bombers and two fighters missing, the heaviest loss in recent daylight raids.

Among the targets attacked was the power station at Ijmuiden, Holland, on which bombs were seen to burst.

The attack force encountered enemy fighters in considerable numbers. Five were shot down, two by Sqdn. Ldr. F. H. Boulton of Coleman, Alta, and Flt. Lt. R. A. Buckham of Vancouver, B. C., members of the R.C.A.F. City of Oshawa" squadron.

It was the second raid in two days in Ijmuiden, a Netherlands coastal city.

Today's heavy loss of aircraft, coupled with other recent announced losses, indicated a tightening of Nazi defences against both night and day air raids.

R.A.F. fighters and bombers shot their way through strong fighter opposition in raiding Ijmuiden yesterday, knocking down six enemy craft but lost four of their own fighters.

A 19-year-old R.A.F. pilot who shot down two of three FW-190s destroyed in the Ijmuiden raid said: "The Huns pounced on us from behind in great numbers and made for both fighters and bombers. There was fierce scrapping."

$49,200,000 in Bonds Sold in B. C. Drive

VANCOUVER, May 3 (CP.) — Including applications received from the general public and substantial orders from business firms, the B.C.-Yukon's Fourth Victory Loan campaign tonight reported $49,265,250 in bonds sold. The area's quota is $110,000,000.

Total number of applications received from the public are still considerably ahead of those taken in the third loan for the same period of time—51,706 as against 41,874. Applications recorded from the public total $14,654,150 while in the third loan at this time $11,780,150 had been received.

Vancouver City still held the lead over all divisions with 39 per cent.

Others in order are: Okanagan-Kamloops-Revelstoke 35; Yukon-Atlin-Peacer River 35; New Westminster-Fraser Valley 31; Coast 30; Vancouver Island 28; Vancouver Suburban 25; Northern B. C. 23; Kootenays 22.

Dawson-Mayo leads all units with 153 per cent taken in. West Vancouver jumped into second place over the weekend reporting 55 per cent. Powell River and District is third with 53 per cent.

Units running over 40 per cent are South Coast 45; Whitehorse 45; Revelstoke-Golden-Field 43 and Central Okanagan 43.

Canada's Butter Supply Growing

OTTAWA, May 3 (CP) —Canada now is a land laden with butter compared with the sparse supplies of only a few months ago.

A Dominion Bureau of Statistics report said at May 1, creamery butter stocks in Quebec, Montreal, Toronto, Winnipeg, Regina, Saskatoon, Edmonton, Calgary and Vancouver, totalled 5,591,193 pounds against 2,607,580 on the same date last year.

This statement of holdings compared with a report of 3,610,186 pounds in the same nine cities at April 1.

LEWIS BLAMES W.L.B. FOR MINE TROUBLES

Miners "No Longer Bound by No-Strike Pledge"

RETAINS DEMANDS

NEW YORK, May 3 (AP) — John L. Lewis declared today that the United Mine Workers demands on the Federal Government in the miners wage dispute will be the same as the original ones made upon the operators and added that he is "awaiting the initiative from Mr. Ickes."

The principal issues in both the bituminous and anthracite controversies, and which Lewis said still stand, are for a $2-a-day wage increase, underground travel pay and unionization of minor bosses.

At the same time he made his statement on the issues, Lewis broke his silence on President Roosevelt's speech of last night and reiterated the stand of the miners that they "were no longer bound by the no-strike pledge."

"There were many surprising things about the President's speech," Lewis said. "I would not care to say or amplify in any way on the statement I have given you here."

Lewis charged the War Labor Board contravened the no-strike pledge given by Labor in 1941.

Fuels Co-ordinator Ickes was directed by Roosevelt to run the coal mines for the Government.

In reviewing Labor's dealings with the War Labor Board, Lewis said:

"It is plainly evident that the adoption of the 'little steel formula' by the War Labor Board breached the understanding that Labor had with representatives of the public, employers and the Administration.

"The War Labor Board must accept the full responsibility for distress in the ranks of labor created by their contravention of the understanding and commitments arrived at in the December, 1941, conference."

The U.M.W. chief said the Policy Committee had approved the acceptance by several District U.M.W. Presidents in the soft coal area of positions as members of the Regional Advisory Board set up by Ickes.

THOUSANDS RETURN TO PITS

WASHINGTON, May 3 (CP)—Thousands of miners returned to the coal pits today under the 15-day truce in the coal crisis, with every indication pointing to full operation of the mines tomorrow.

They trooped to work in mines over which flew the American flag, symbolizing the fact that the United States Government is in the coal business as operator of every shaft affected by the strike. They went back on orders from John L Lewis and in accordance with the request of President Roosevelt.

In the next 15 days a fresh start will be made on the wage dispute that led to the strike. This time the man who has primary responsibility for settling it is Harold L. Ickes, the Solid Fuels Co-ordinator and President Roosevelt has made it clear that any settlement must be approved by the War Labor Board.

As the day advanced in mines taken over by the Government Saturday, it was not clear whether the full vanguard of returning workers was responding specifically to the call of the President or the call of Lewis.

The back-to-work movement was led by 350 miners at Gallitzin, Pa., who voted to go back to work even before the truce was announced. In some mines in Pennsylvania, the number reporting for early shifts was not sufficient to start work, but Labor leaders predicted both anthracite and soft coal mines would be going at full clip tomorrow.

In Ohio, nearly a full working force reported at eight major mines; in the Southern fields of West Virginia, 25 per cent of the mining personnel was back on the job; and in Harlan County, Ky., where several hundreds of the areas 13,000 coal diggers answered the whistle blasts, a Union spokesman said all 41 mines there would be operating tomorrow.

The National Policy Committee of the U.M.W. met in New York, apparently to discuss the next move. Lewis said the 15 days truce would be spent seeking new contracts to replace those expired.

The White House said no announcement of official word of Lewis' truce declaration had been received there.

SAINT JOHN, N.B., May 3 (CP) —Three men escaped last night from the County jail here were recaptured today by Police at nearby Woodstock after a widespread search.

Say Nazi Invasion of England Being Considered

LONDON, May 4 (Tuesday)—(CP Cable).—The Daily Mail today published a dispatch from its Madrid correspondent, Harold Cardozo, saying that "diplomatic and military circles in Europe" are discussing a possible reversal of Nazi strategy, calling for defensive warfare in Russia and an attempted invasion of Britain with hundreds of divisions, three-quarters of the German air force and power gliders carrying tanks.

Cardozo said these circles suggested such an invasion attempt would be accompanied by an air attack heavier than Britain's blitz and the protection of troop carrying barges by submarine packs.

The plan, Cardozo added, would be a gambler's last throw.

BOEING PLANTS AT COAST TO REOPEN TODAY

Authorized by Bell; Workers Vote in Favor of Return

NO REST PERIODS

VANCOUVER, May 3 (CP) — The four Vancouver plants of the Boeing Aircraft Company of Canada Ltd., will resume production tomorrow ending the dispute over rest periods which has kept the plants idle since Wednesday morning, it was announced here tonight by Don Tyerman, Public Relations Officer for Boeings.

Mr. Tyerman said authorization for reopening the plants had been received from Ralph P. Bell, National Director General of Aircraft Production. Mr. Bell gave his authorization for reopening upon receipt of assurance of Union officials that workers would return to work with a promise there will be no stoppage of work during regular work periods.

The assurance of no work stoppages was made in a letter sent to Boeing Aircraft and signed by members of the negotiating committee of Lodge 756.

The Union letter informed Boeing Aircraft that the employees at a mass meeting today had voted "overwhelmingly to return to work" under conditions of the current agreement with the Company which does not provide for rest periods during working hours.

Mr. Tyerman said it would be impossible to begin operation of the plants tonight but the 8000 employees of the four plants will return to their jobs gradually starting with the regular day shifts Tuesday.

Earlier C. H. Whent, President of Aeronautical Mechanics Lodge No. 756 (AFL) had announced 90 per cent of the employees had voted in favor of returning to work "on the Government's terms for the time being."

Whent did not announce how many of the 8000 voted. The employees were asked to say whether they are in favor of resuming production while "continuing your efforts until your just demands are attained."

Meanwhile there was no information as to any steps toward negotiations regarding rest periods. The Union's request for a commissioner to study the question still is before the Federal Labor Department.

WINNIPEG, May 3 (CP)—Delegates to the second National Aircraft Conference of the International Association of Machinists (AFL) today approved a statement "condemning the action of Ralph R. Bell in locking out some 8000 aircraft workers in the four Boeing plants in Vancouver.

The statement, containing a suggestion that Bell be removed by the Government, said delegates representing 40,000 organized aircraft workers in all major plants in Canada ask: "Who is this Bell who abrogates to himself the funcions of the management of Boeing Aircraft and who usurps the duties of the Minister of Labor?"

Sabotage Hinted in Prairie Railway Crash

WINNIPEG, May 3 (CP.)—Soldiers aboard the special Canadian Pacific Railway Soo Line train derailed near Arnaud, Man., during the weekend today told stories of miraculous escapes when the engine and five coaches of the 14-coach special overturned.

The Winnipeg Tribune said: "Indications of sabotage appeared in the official investigation. . . The train ran into an open switch leading to a siding. Reports indicated the switch had been tampered with."

The soldier-passengers said rails were twisted and knotted

Other Forces Push Within 15 Miles of Bizerte

By EDWARD KENNEDY
Associated Press Staff Writer

ALLIED HEADQUARTERS IN NORTH AFRICA, May 3 (AP)—American soldiers smashing back German troops in a 14-mile plunge, today occupied Mateur, one of the most important Axis strongholds in Northern Tunisia, and thus scored their greatest land victory in Africa.

French troops and other American forces to the North meanwhile stabbed to within 15 miles of Bizerte.

The capture of Mateur, strategic enemy communications and supply centre, brought the U. S. troops to the edge of the fan-like Tunis plain in which Allied armored formations can operate.

At last reports the bulk of the enemy forces in the North still were retreating, but it was not known how far beyond Mateur they had gone, nor exactly where they might attempt a new stand.

Seizure of the town definitely threatens both Bizerte and Tunis. In the extreme North before Bizerte the Axis still holds hills for defence, and the naval base is further protected by the twin lakes of Bizerte and Garaet Achkel.

The Algiers radio said the U. S. troops were continuing to advance beyond Mateur, with Allied fighter and bomber planes pounding at the retreating Axis forces.

LOSSES ARE HEAVY

The crash through the craggy hills to Mateur in two weeks of bitter fighting, marked by heavy losses on both sides, was mainly a feat of infantry supported by long-range American 155-millimetre artillery that had shelled the town for five days.

American infantry units seized Green and Bald Hills in the heavily fortified Jefna positions West of Mateur this morning to clear the way for the striking advance. Mateur had been held briefly by British forces between Nov. 27 and Dec. 4 in early stages of the Tunisian fighting.

The American and French advances give the Allies control of all territory West of a line between Mateur and Bizerte. This line bisects the great Lake of Garaet Achkel, and the only retreat for any enemy troops remaining in the area is through the narrow strips of land along the lake.

The fall of Mateur, 18 miles South of Bizerte, and 34 miles Northwest of Tunis, was announced by the Allied Command.

Axis defences collapsed at many other points before the powerful Allied push and the enemy was falling back over a wide area.

The advance on Bizerte at the coast, made by the French African Corps and Moroccan Goums, represented a four-mile gain from previously known French positions through some of the harshest terrain in Tunisia and more than 500 Axis prisoners were taken in that sector. Americans advanced with this force.

Below the Tunis-Bizerte zone, the fighting was indecisive about the Axis supply base of Pont du Fahs.

The French Command announced that a German counter-attack supported by tanks Southeast of Pont du Fahs had made a slight gain, but that to the East of this action French troops had occupied the Djebel el Dib, near Saouf, and thrust out to the outskirts of the town itself.

From the British 8th Army in the far South no action had been reported beyond its earlier repulse of an Axis counter-attack in the coastal region Northeast of Enfidaville.

In Northern Tunisia, the Germans were pulling out of their positions after a brief lull that had followed nearly two weeks of desperate fighting in which both sides had suffered heavy losses.

Mateur has been important to the enemy not only for its communications—a railroad leads to Ferryville the dynamo site for the great Bizerte naval base, and highways radiate from it—but also as a supply centre.

The fight over the rugged hills was a costly process and required bitter fighting, including a bayonet charge, before the Germans were wiped out or sent fleeing.

PRAIRIE MAN KILLED IN COAST ACCIDENT

NANAIMO, May 3 (CP) — Full military funeral honors were planned today for Capt. Ralph Campbell Jessup, 45, Macleod, Alta., and Lieut. Richard Alston Scott, 22, Melville, Sask., killed early Sunday when their army vehicle plunged off a bridge near Ladysmith, just South of here.

TIMOR CENTRE POUNDED BY ALLIED PLANES

Four Jap Planes Destroyed in Kupang Attack

ALLIED HEADQUARTERS IN AUSTRALIA, May 4 (Tuesday) (CP)—Two Japanese bombers and two fighters have been destroyed on the ground at Kupang, Timor, the Allied High Command said today. Kupang is 500 miles Northwest of Darwin, Australia.

"The airdrome personnel and barracks buildings were also strafed in numerous passes over the target," a communique said.

Three Allied pilots are missing as result of the Japanese attack on Darwin Sunday.

The Allied communique Monday said Allied losses in the Darwin engagement were heavy but gave no figures. Three Japanese fighters and one bomber were destroyed. Others were damaged.

The Allied losses were due principally to extreme weather conditions rather than to Japanese activity, a spokesman said.

A strong wind caught the Spitfires as they pursued the Japanese raiders Northwestward over the Arafura Sea and out down their speed on the return flight so greatly some were forced down at sea. Others crash landed on the shore.

In actual combat although outnumbered, the Spitfires, manned by Australian and British pilots, not only successfully diverted the enemy's main bombing attack but inflicted far heavier damage on the fighters than they received themselves.

Inclement weather which has hampered all air activity North of Australia for the last two weeks, prevented air operations yesterday, except for an attack by an American heavy bomber on the Lolobau Island area in the Bismarck Sea North of New Britain, and a low-level raid by a formation of bombers upon Gasmata, New Britain.

The heavy bomber strafed two small Japanese vessels near Lolobau Islands from an altitude of 2000 feet. One of the ships was sunk.

Medium bombers also flew in a low-level attack on the Gasmata, New Britain, airdrome and shot up boats and barges along the shore. In a follow-up to the Sunday attack on Koepang, a formation of Netherlands-manned medium bombers Sunday evening attacked the airdrome again, starting fires.

Gives Up Savings for Eye Operation to Buy Victory Bonds

PORT ARTHUR, May 3 (CP)—The blind 65-year-old wife of a worker at the Port Arthur Shipbuilding Company—Mrs. Patrick Morrisey—who gave up an operation to restore her sight in order to put her $900 savings into the Fourth Victory Loan, today launched "Hull 71," a naval escort vessel, at the company's plant here.

To Mrs. Morrisey the launching was "the greatest thrill of my life." She had been saving to go to Rochester, Minn., for an operation in an effort to restore her sight but, she said, "I will gladly give it up if my money may help save the life of one of our boys overseas."

Hitler's Purification Program Slipping

WINNIPEG, May 3 (CP)—Slave labor recruited from the occupied countries of Europe to work in Germany was creating one of the great factors which might swing the balance against Hitler's strength in his third Reich, Vernon Bartlett, British Member of Parliament, told the Winnipeg Canadian Club today.

"In spite of all Hitler's promises to purify Germany of non-Aryan blood, there are more foreigners in the country than ever before," he said. "Taken to Germany as slave labor, they form at least a silent if not an openly hostile population. Not a happy situation for a nation at war."

ARMED FORCES' SHOWING LOAN FEATURE

Army Over the Top; Airmen's Total $3,900,000

NAVY NEAR TOP

OTTAWA, May 3 (CP)—Hope that today's subscriptions to the Fourth Victory Loan would boost the total up to more than $430,000,000 when overnight wires are computed was expressed tonight by National War Finance Committee Headquarters.

The first week of the three-week drive brought in $372,544,900 and subscriptions have averaged about $62,000,000 daily. If the average is maintained through today, the $430,000,000 mark should be surpassed. Minimum objective of the loan is $1,100,000,000.

Loan Headquarters announced that 386,994 subscribers had bought bonds up to the close of business Saturday, against 331,229 in the first week of the Third Victory Loan last Autumn. On Saturday there were 102,509 subscribers for $59,785,550 against the previous loan's comparable figures of 71,254 for $53,642,850.

Loan Headquarters said officers and men of the Armed Forces had made a "notable showing", highlighted by the report late today from the R.C.A.F. To the end of last week, according to returns which have thus far reached Ottawa members of air force units across Canada have subscribed for a total of $3,931,950.

Further R.C.A.F returns are expected soon to put the figure above $5,000,000, well ahead of the grand total of $4,300,000 subscribed in the whole of the Third Victory Loan campaign by air force units.

The Army's weekend report announced subscriptions by units in Canada alone comfortably above the objective of $5,265,000 of domestic and overseas units combined. The Army figure to date is double the total subscribed in the whole of the last loan.

The Army's feat in taking just a week to oversubscribe its loan objective brought congratulations to all ranks from J. H. Crang, Army Loan Chairman. He reported subscriptions to date numbered 65,000, compared with 32,845 for the entire Third Victory Loan. As between the two loans, the average purchase has risen from about $81 to about $86.

Military District No. 4, Montreal, led with 195 per cent of its quota, followed by M.D. No. 12, Regina, 147 per cent; M.D. No. 1 London, 142 per cent; Petawawa, Ont., 141 per cent; M.D. No. 7, Saint John, N.B., 119 per cent.

The Royal Canadian Navy Atlantic Command has raised $900,000, or 90 per cent of its quota and the number of ships in port and at sea flying quota pennants has increased to 34.

BRANTFORD IN LEAD

Brantford, Ont., still leads cities striving to reach objectives for combined general canvass and payroll savings, with 57.3 per cent, followed by Summerside, P.E.I., with 56 per cent and Fredericton with 53.5 per cent. Other high percentages are: Moose Jaw, Sask., 42; Belleville, Ont., 41; Owen Sound, Ont., 38.7; Quebec City, 37.6; Sault Ste. Marie, Ont., 36; Moncton, N.B., 34; Sherbrooke, Que., 33.7; London, Ont., 33.5; Lethbridge, Alta., 32.6; Vancouver, 32; Saint John, N.B., 31.7; Shawinigan Falls, Que., 30.3.

Brantford also leads cities which have yet to reach their gross quota objectives, with 75.9 per cent. It is followed by Moose Jaw with 62 per cent, and Sherbrooke with 59.6 per cent. Gross objective percentages of other cities are: Shawinigan Falls, 53.3; Moncton, 51.2; Lethbridge, 51; Saint John 49.7; Edmonton, 46.5; Halifax, 42.1; Three Rivers, Que., 40.9; Fort William, 40.4; Calgary, 40.4; Charlottetown, 40; Montreal, 33.1; Sydney, N.S., 35.9.

Quebec Province has reached 35.06 per cent of its Fourth Victory Loan minimum objective with subscriptions of $102,746,250.

Restaurants' First Meatless Tuesday Today

OTTAWA, May 3 (CP.) — The Prices Board tonight reminded Canadians that the thousands who patronize restaurants will have their first experience with a "meatless Tuesday" tomorrow. The regulations, announced by the Board April 25 as a prelude to the rationing of meat, prohibit the serving of meat in public eating places from midnight Monday until midnight Tuesday. However, fish and fowl may be served.

Admiral Robert Protests U. S. Action

NEW YORK, May 3 (AP) — Admiral Georges Robert, French High Commissioner of Martinique, disclosed tonight that he had sent a note to the State department protesting the United States' action in breaking off relations with Martinique. He urged that the Department publish the text of his note.

Admiral Robert cabled this information to the Associated Press in reply to a query asking his views on the State Department's action, announced Friday, abrogating informal agreements with Martinique. Washington acted on grounds that the United States would not "recognize or negotiate with any French representative in the Antilles who remains subservient to or maintains contact with the Vichy regime.

Admiral Robert's message to the Associated Press tonight said:

"The American Government decides, in alleging a certain situation of metropolitan France, to annul an accord concluded at a time when this situation already existed.

"It offers nothing else in exchange and refuses, by recalling its consul general, all possibility of a fresh proposal on my part.

"I can only take note of such a decision, meanwhile protesting, which I have done in a note delivered May 1, and therefore I can see only an advantage in the full publication of the text in the American Press by the State Department."

"Admiral Robert.

"May 3, 1943."

Ford Plant Work Stoppaae Was "Unnecessary"

WINDSOR, Ont., May 3 (CP) — Loss of production at the Ford Motor Company's plant here during a work stoppage April 23 and 24 was described as "unnecessary" in an arbitration decision in the dispute, made public today.

The decision, accepted yesterday by the United Automobile Workers of America (C.I.O.), dealt with two points at issue in the dispute. It was made by Louis Fine, Chief Conciliation Officer of the Ontario Department of Labor.

Mr. Fine ruled that with hoisting equipment now installed in one section of Ford Plant No. 2, one operator can work two machines. The Union had protested asking one man to do the work formerly done by two on the grounds it was too heavy for one man. He also ruled that Jack Empey, a foreman in Plant No. 4 who had been booed by workers, should not be dismissed or disciplined but that grievances in his Department should be considered by some other individual.

Bombers Shot Down in Attack on Mediterranean Ships

CAIRO, May 3 (AP)—Allied fighter planes escorting a convoy in the Eastern Mediterranean shot down four enemy bombers which tried to attack the convoy Saturday and a fifth was brought down by anti-aircraft fire.

The attack took place at dusk. All the Allied planes returned safely to their base.

Chinese Beat Back Parachute Troops Three Times

CHUNGKING, May 3 (AP.) — Japanese parachute troops and planes attempted to capture the strategic rural village of Tofuchen three times but were driven out each time by hard-fighting Chinese troops in the bitter campaign for the Taiheng Mountains, the Chinese High Command said today.

"The Chinese now have the situation in hand," the communique added, although the combat in the rugged hills continued intense.

Japanese headquarters claimed that 20,000 Chinese troops were encircled on the Peiping-Hankow railway, and that picked Japanese units, strongly supported by air, were advancing North and East of Tanghsien, Northeast of Hopei Province, against Communist troops and the 3rd Chungking division.

Names Drawn Today

By Victory Loan Committee for Nelson

District Honor Roll

Nelson Victory Loan Committee in its daily bond program over Radio Station CKLN today is honoring:

J. R. Niven
I. F. Ruppel
J. C. E. Waterman
Stanley Horswill
A. S. McPhail
K. J. Robinson
E. G. Smith
E. E. Swanson
M. Latornel

These boys from our district are in the Royal Canadian Air Force and are all serving overseas at the present time. They require planes and blockbuster bombs. Will your money supply them?

ootenay-Boundary Is ver Three-Quarters f Million in Campaign

KOOTENAY-BOUNDARY VICTORY LOAN STANDING

General canvass:	Sales Monday	Total to date
t Kootenay	$ 50,650	$ 234,000
son Unit	26,250	165,750
ll Unit	54,000	367,400
Totals	$130,900	$ 767,150
Special names:		
lson Unit	$ 25,000	$ 175,000
ll Unit		3,675,000

Kootenay-Boundary on Monday passed the three-quarter million dollar mark in its drive to a Victory Loan general canvass objective of 00,000.

RNIE LEADS DAY'S SALES, ST KOOTENAY

RANBROOK, B. C., May 3.—th Fernie's report of $25,450 setg the pace for the day, and every b-unit in the district reporting bstantial subscriptions, East Kooay unit soared ahead in the urth Victory Loan drive Mony. The day's sales totalled $50,-.

Fernie today came close to the 50 r cent mark in its drive toward a 10,000 quota.

Kimberley today passed the 41 r cent mark with sales of $13,850 inging the total to $97,050. In acal sales Kimberley still leads East ootenay.

Gordon K. Towers addressed an thusiastic meeting of salesmen toght at Kimberley.

Cranbrook had an enthusiastic lly Sunday evening.

An appreciated gesture by Senor J. H. King put East Kootenay 500 closer to its objective. In a tter to organizing headquarters re he has subscribed for bonds that extent, with a request that e amount be allocated equally to ranbrook, Fernie and Windermere b-units for purposes of the recd. East Kootenay was Senator ing's original constituency when was elected to Parliament many ars ago.

Figures to date:

East Kootenay Unit—

General canvass:

	Sales Mon.	Tot. to dt.
Cranbrook	$ 2,500	$ 21,350
Creston	2,250	9,150
Fernie	26,450	92,750
Kimberley	13,850	97,050
Michel-Natal	3,500	5,050
Windermere	3,100	8,650
Totals	$50,650	$234,000

NELSON UNIT AT SAME POINT AS LAST LOAN

Nelson District Victory Loan total reached $165,750 Monday, exactly the same as on the corresponding day of the Third Loan campaign. Nelson itself stood ahead of the last loan, its current total being $142,750 against $136,950 at the same stage in the last campaign.

A $25,000 "special name" subscription listed Monday brought the total for this class to $175,000.

Figures follow:

NELSON UNIT

General canvass—	Sales Mon.	Total To Date
Kaslo	$— —	$ 4,400
Nakusp	550	4,850
Nelson	24,900	142,750
New Denver	— —	11,050
Salmo	800	2,700
Totals	$26,250	$165,750
Special names	$25,000	$175,000

TRAIL UNIT REACHES 37 PER CENT MARK

TRAIL, B. C., May 3 — With sales totalling $54,000 for the Trail District the Fourth Victory Loan reached $367,400 here this morning to bring the District's total over 37 per cent of the $975,000 quota. In the internal canvass of the C. M. & S. Co., of Canada Ltd., employees have subscribed $222,400 which is over 50 per cent of the $410,000 quota.

In the internal canvass inter-departmental competition the Electric Shop and Smoke Plant, Slag Plant, Boilers were tied for top place in Tadanac with 76 per cent of employees subscribing in each case. In Warfield Hydrogen Rectifiers was at the top with 73 per cent.

Salesmen in the downtown canvass made 396 sales during the week for a total of $91,100 in subscriptions. This was considerably higher than in the Third Victory Loan when 315 sales for $68,500 were recorded in the first week.

The figures follow.

Nelson Tax Rate for 1943 Set at 28.5 Mills

Nelson's tax rate for 1943 was set by the City Council Monday night at 28.5 mills.

Net revenue for the year was estimated at $493,774.27, of which taxes comprised approximately $120,000. Of that total tax levy, $87,941.18 was for schools.

Wage Earners Cause Boom on London Exchange

LONDON, May 3 (CP)—The stock market is in the midst of a boom—the boom of little men anxious to invest their shillings and pence left over after meeting government demands and obtaining necessities of life.

Two major reasons are cited by financial authorities for the current boom. Thousands of men and women are earning wages where they used to draw the dole, or they are making more money than they got during peace-time.

There isn't a great deal they can do with the money, except put it away for a rainy day and contribute their share to the Government to help pay for the war.

So people are dipping into the stock market. Brokers declare that increased purchases also reflect renewed confidence in the outcome of the war.

KASLO

KASLO, B. C. — Mrs. A. Bavington was hostess at a delightful party last Friday in honor of her small son David on his third birthday. The guests were Betty and Ruth Aldous, Tana Robinson, Barbara Ann Bavington, Teddy Cameron of Wasa, B. C., Billy Tinkess and Norman McCartney.

A. Vande Casteyen has left to take up residence at Duncan, B. C.

Miss Joyce Palmer has been a guest in Nelson of Miss June Jesty.

Miss S. Kydd shopped in Nelson at the weekend.

Miss Margaret Macdonald, who has been a guest of her parents for the holidays, has returned to Trail.

Mrs. G. McNicol has returned to Johnson's Landing after several days spent in Kaslo. Her daughter Jean, who received medical attention, also returned home.

Miss Clara Johnson left for Trail after spending a week at her home in Kaslo.

Mrs. Colin Cameron and little son Teddy have left for their home at Wasa. They were guests for two weeks of Mrs. Cameron's mother, Mrs. M. McQueen.

Mr. and Mrs. R. D. Gardner and daughter Geraldine of Trail arrived in Kaslo Friday and have taken up resident at the J. Paterson home on D Avenue. Mr. Gardner is Kaslo's new City Clerk.

Miss S. Pearson and the Misses Sheila and Maxine Gallo, who spent the past week at Argenta, have returned to Trail.

The Red Cross held its monthly whist drive in the Red Cross rooms Friday night. Mayor E. H. Latham won high score.

Miss Winnie Coleman and Miss Christine Miller, who were guests at Miss Coleman's home at Argenta over the holidays, have returned to their duties at Kimberley.

Miss Margaret Sinclair who spent the vacation at her home in Nelson, has returned to Kaslo.

Captain Henry Hincks, who spent the Winter at Mirror Lake, has returned to his home at Crawford Bay. Mrs. Hincks is staying at Mirror Lake for a while with her mother, Mrs. V. Trail.

KASLO, B. C.—Mrs. T. Glaholm and little daughter Jackie, have left to spend a month with relatives at the Coast.

Sgt. Mickey Adams, who spent his leave with his family in Kaslo, has left for Red Deer. Mrs. Adam accompanied him as far as Nelson.

Mrs. Guy Browell visited Nelson Thursday.

Visitors in Kaslo from Riondel included Mrs. George Davis, Mrs. Fred Watts and Captain J. Russell.

Mrs. J. Daem was in Nelson this week, going with her husband who left for New Brunswick.

Vere McDowall of Salmo was a visitor to Kaslo.

Pat Butler, who has spent some weeks in Nelson, is back in Kaslo. Mrs. Butler expects to join him here in the near future.

Miss Dorthy Amas is spending the holiday with her grandmother, Mrs. B. Sims, in Nelson.

Mrs. L. Besecker and her two sons Robert and Dana are spending a week at their home at Woodbury.

Mrs. McNicol of Johnson's Landing is in Kaslo, with her daughter Jean, who is a patient in Victorian Hospital.

Mr. and Mrs. Fred Sammons of Shutty Bench have as guests Mr. and Mrs. Rex Potter of Trail.

Miss S. Kydd entertained at tea in honor of Mrs. Asher of Vernon, who is visiting her son-in-law and daughter, Mr and Mrs. Paul Taylor.

Miss Irene Wove is visiting her friends in Trail.

Bracken Tells Nelson Citizens of 3 Responsibilities—Victory, Enduring Peace and Better World

In plain and homely language, but forthright and forceful, John Bracken, Leader of the Progressive Conservative Party in the Dominion, imparted to the gathering of residents of Nelson and District that filled the Hume Silver Room at his reception Monday night, some of the principles on which he felt this Nation should model its future. His tour of the country, he said, was for the purpose, not of speech-making, but of getting acquainted with the others than the three Provinces he knew already.

Previously Chairman C. B. Garland had observed that Mr. Bracken's record, as head of one of the Provinces for 20 years, had not been duplicated in the British Empire, and Howard C. Green, M.P. for Vancouver South, and a native son of the Kootenay, had called him a great Canadian, who had accepted this new burden of leadership as a call to further service that would be on behalf of all Canada.

Mr. Bracken said his tour, undertaken for the purpose of studying the country's economy, and for meeting the people, was proving most interesting and most heartening. There was actual danger of his being killed off with hospitality. But since he was here, and had been helped with his object, he felt he should leave some of his ideas with those present.

LIVING IN GREAT DAYS

"We are living in great days," he contended, and this generation was the most interesting that had ever been. Conditions were most critical and most challenging. Never before had men gained such a mastery over the forces about them, one illustration being the wonderful plant he had seen at Trail, which arose because certain men applied scientific knowledge and mechanization to refractory ores.

A civilization that had lasted a thousand years was challenged by the German philosophy that might was right, that war was glorious, that the German race was superior to every other, and which sent the eldest son in every German house hold to be trained for war. Because there was no room for the German philosophy and "ours", the world was having this Armageddon.

THREE RESPONSIBILITIES

He saw three responsibilities resting on the Canadian people and those of like pattern of life—responsibility for winning this war, so that "our" civilization should continue to exist; responsibility for making an enduring peace; and responsibility for laying the foundations for a better world. No generation before had ever had such responsibility, but also none had been so well equipped to do these things.

Twenty-five years ago there was such a war, to which Canada sent 600,000 of her sons. Out of every 10, one failed to come back, and two came back maimed.

When that war was over, a peace was made that was uneconomic, and now there was this war.

It could not be known how many would not come back from this war, or would come back wounded, as the result of the casualties that must be expected, but the financial cost at least was known. To date this war had cost, Mr. Bracken stated, as much as the whole cost of Canadian Government, including the last war, from the time of Confederation. This year's cost was expected to be five billion dollars. This was being met in part by a higher taxation than it had ever been previously thought possible for Canadians to pay, with the balance raised by loans.

"Neither Mr. Green nor myself, as members of the Opposition, have been consulted about the Government's plans for the war, nor have we been consulted on details of expenditure," explained Mr. Bracken, "but we are backing the Government in its request for this Victory Loan. I am not taking responsibility for all the expenditures the Government will make—I haven't been consulted—but our boys can't win without machines."

Pointing out that Hitler had six or seven years start in equipping for the war, he noted that Hitler also had solved his unemployment problem years earlier than other countries, for he put the German unemployed to work on armaments.

After the fall of France, Britain was left with only 40 tanks, and with only 200 guns of a certain type, and if Hitler had attacked in force then he probably would have won. But when he did attack by air, his attack was held off by an air force much inferior in numbers to his own.

Mr. Bracken noted that there were two kinds of soldiers—"our boys in uniform, and ourselves in civilian clothes providing the money to buy the equipment needed for victory."

MUST BE INTERNATIONAL POLICE

There must be an abiding peace, Mr. Bracken argued. Otherwise it would be doubtful if the children now being born would not later have to go over and fight again.

In the other war, about 60 nations signed a paper creating a peace organization but the organization was given no police. When Italy attacked Ethiopia, when Japan overran Manchuria, when Germany overran the small nations, there was no one to stop them.

"We are just as responsible for the nature of the coming peace as any other group of people in the world. It is not other nations' responsibility only, it is ours too," the Progressive Conservative Leader contended." There must be an international police organization formed, that would prevent aggression.

It would not be enough, either, to merely see that the Germans did not re-arm again. Steps must be taken to see that their youth was not taught the philosophy that led to wars of conquest.

Turning to the economic side, Mr. Bracken said the world of recent years had been a fairly comfortable one, but there were phases that should be cured.

WORK SHOULD BE ASSURED

It should be seen to that every young man had the opportunity to earn a living. In the world of recent times no one deliberately set out to keep people from getting jobs, but as it worked out, there were not sufficient jobs to go round. There were people receiving the dole and not doing any work for it, and the taxpayers whose money provided the dole did not like it, and those who were on the dole had a tendency to become communistic.

Every child born should be assured a fair day's pay for a fair day's work, when he arrived at a working age.

Ten year's ago it was Canada's experience to have a million on relief, as a result of the breadwinners not having jobs.

This was not the fault of the various governments in Canada. There were three alternatives—to let the unemployed starve, to give them a dole, or to give them jobs. Humanity forbade even considering letting people starve, and so it was a case of the dole or making jobs.

MANITOBA GAVE JOBS

The dole was much cheaper, but Mr. Bracken said his Government in Manitoba took the other alternative and provided work. This had to be done, of course, at the expense of the taxpayers' pockets, and his Government, for the only time in its 20 years, came near to being defeated.

After the war the Canadian electorate would have to face finding jobs for 500,000 returned soldiers, and also of adjusting industry so as to take care of 1,000,000 now in war industry.

There were just two places where jobs could be found—by free enterprise, or by the government.

Free enterprise had been kicked around a good deal lately, but the fact was that free enterprise could not provide jobs unless it received a profit.

Mr. Bracken devoted the last portion of his talk to the four rights that he considered must be recognized if Canadians were to make "a better world."

FOUR ESSENTIAL RIGHTS

First was the right to a job, as a fair wage for a fair day's work.

Then there was the right of free enterprise to receive fair treatment. If taxes were made so high that making of employment was discouraged, people would be thrown out of work, and the state would have to provide work more expensively.

A third right was that of depressed industries to a fair share of the nation's revenue. Here he spoke of agriculture.

The fourth right was to security. Mr. Bracken developed the idea of carrying social security to much greater lengths than at present, and proposed that the standard should be as high as possible consistent with ability to meet it.

He argued that the present national income of nine billion dollars, with everyone employed, could be carried into peace time with the proper kind of planning, and with the country's resources being given full development.

"A world of abundance is at the door of the human race, if the human race collectively has the capacity to open it," concluded Mr. Bracken, amid prolonged applause.

SAY IL DUCE ASKING HITLER FOR ASSISTANCE

LONDON, May 3 (CP)—The Morocco radio in a report credited to "Berlin correspondents of neutral papers" asserted tonight that Mussolini in a note to Hitler has asked for immediate military and economic assistance.

It said the note also asked that Italian troops be removed from Tunisia simultaneously with and under the same conditions as German troops.

YOUTH JAILED FOR SENDING EXTORTION NOTES

LOS ANGELES, May 3 (AP) — Roger Barker, 19, who pleaded guilty to sending extortion notes to former Gov. Culbert L. Olson and Film Stars Bette Davis, Rosalind Russell, Mickey Rooney and Deanna Durbin, formerly of Winnipeg, was sentenced to serve five years in Federal prison today. Judge Ralph Jenney also placed the Filer, Ida., boy on probation for another five years.

G. Blaine Heads Cranbrook Rotary

KIMBERLEY, B. C. — Garnet Blaine was chosen President at the annual meeting of the Rotary Club with E. D. Taylor Vice-President and M. A. Thomas as Secretary and T. A. Martin as Treasurer. Elected to the Directorate for two-year terms were W. Raynor, Garnet Blaine, J. R. Giegerich, Harry Walkley and M. A. Thomas.

Installation of the new officers will not take place until July.

Chief activity of the club since its organization over a year ago has been enthusiastic support of the Victory Loan drives. The club again is solidly supporting the Fourth Victory Loan in every way possible.

Representing the Kimberley Club at the annual Rotary District meeting at Victoria are Garnet Blaine and T. A. Martin.

Bison meat was a main item in the diet of gangs building the early railroads in the West.

YOUTH CONFESSES TO GIRL'S MURDER

ST. LOUIS, May 3 (AP)—Chief of Detectives Fred Egenreither said tonight James Franklin, 21, had confessed the murder of 13-year-old Mary Jane Tankersley a few hours after the girl's slashed and semi-nude body was found in a West Side pedestrian underpass.

The youth, who lives in the same block as the Tankersley family, led police to the underground passageway and made an oral confession to stabbing and criminally assaulting the girl, Egenreither said.

Giraud Invites De Gaulle to North Africa

ALGIERS, May 3 (AP) — Gen. Henri Giraud has asked Gen. Charles de Gaulle of the Fighting French to meet him in North Africa as soon after May 5 as convenient to conclude an agreement between their respective French elements, it was announced tonight. Giraud's message will be discussed in London by the French National Committee.

The main point at issue recently between the two leaders is understood to have been the form of ruling body that should be set up over French possessions pending liberation of Metropolitan France. De Gaulle has sought a Provincial Government. Giraud has rejected that idea in favor of a Joint Council which would exercise French National sovereignty until the French people themselves are free to choose their form of Government.

Fleming Gives Notice of Bylaw Changes for Store Closing

Ald. Ross Fleming gave notice at Monday night's City Council meeting that he would introduce shortly bylaw amendments to cover closing of stores—within the classifications applying—all day Wednesday instead of half a day. A petition is now being circulated.

ENTHRONED AS LORD BISHOP OF MONTREAL DIOCESE

MONTREAL, May 3 (CP.) — Rt. Rev. John Dixon was enthroned as Lord Bishop of the Anglican Diocese of Montreal at Christ Church Cathedral today in colorful ceremonies that followed his consecration in the morning.

He succeeds the late Bishop Arthur Carlisle.

LOS ANGELES, May 3 (AP.) — Sen. Mon C. Wallgren (Dem.-Wash.) today called for more United States action in the Aleutian Islands, where, he said, the Japs keep coming in behind the weather like ants to improve their positions on Kiska.

The Senator suggested a two-fold campaign in the far North—first, starve the Japs out of Alaska, and, second, to seize one of their Kurile Islands as a bombing base.

Reception Held at Rossland for John Bracken

ROSSLAND, B.C., May 3—A public reception was held Monday afternoon in the Velvet Hall for Hon. John Bracken, Progressive Conservative Party leader, and Howard Green, M.P., for Vancouver South. A large crowd attended.

Mr Bracken stated that his tour was for the purpose of studying conditions and seeing the country. He understood farming problems, having at one time been President of the Manitoba Agriculture College and having lived in the farming provinces of Ontario and Saskatchewan as well as 20 years in Manitoba. He hoped to gain an insight into all Canadian problems.

In speaking of the war he emphasized the need first of winning it. After it was won he hoped for lasting peace and social security.

Mr. Green conveyed greetings from W. K. Esling, M.P., to Rossland. He stated that the Kootenay West member was quite well now after an illness several weeks ago.

Mayor John E Gordon was Chairman, and Harold Clegg, President of the Rossland Conservative Association, introduced the speakers.

City Gives $200 to Cadet Band

Grant of $200 to the Nelson Junior High School Cadet Band was authorized by the City Council Monday night. Clarence Ward, Band Leader, stated assistance was necessary to complete payment for equipment on hand, and to buy additional equipment and uniforms.

Ald. George Turner said he had heard that Major W. B. Critchley, Cadet Inspecting Officer, stated recently when in Nelson that it was the finest band of its kind he had heard in British Columbia.

Ald. T. H. Waters expressed his pride in the Band when he heard it at the Junior High Cadet inspection.

Mr. Ward stated Major Critchley had been so impressed by the Band that he was endeavoring to arrange for it to go to the Cadet Camp at Duncan, V. I., as a unit.

TO ASK NEW TRIAL FOR NEGRO

PORTLAND, Ore., May 3 (AP)—Attorney Leroy L. Lomax said today he had prepared a motion asking a new trial for Robert E. Lee Folkes, 20, Negro dining car cook, convicted of murdering Mrs. Martha Virginia James, 21, Norfolk, Va., as she lay in her berth on a speeding train Jan. 23.

NEW YORK, May 3 (AP.) — Initiative and originality of the Omaha, Neb., World-Herald in planning a successful State-wide campaign for scrap metal which later was used on a national scale won for it today the Pulitzer award to the American newspaper rendering "the most disinterested and meritorious public service" in 1942.

HALIFAX BOOSTS LEAD OVER VICTORIA

HALIFAX, May 3 (CP)—Greater Victoria slipped further behind today in its Fourth Victory Loan contest with Halifax County. Loan Headquarters here announced tonight the Atlantic party to the Atlantic-Pacific duel was leading by $539,000, with the fight about one-third over

REPORT GERMANS ON ITALIAN ISLAND

LONDON, May 3 (CP)—The BBC broadcast reports from Istanbul tonight say that German troops have arrived at the Italian Island of Rhodes, in the Aegean Sea near the Turkish coast.

RAILWAYMEN—

URGENT !

Experienced railwaymen are urgently needed for the No. 1 Canadian Railway Operating Group, Royal Canadian Engineers. Enlist now in the first unit to serve in this capacity.

If you are experienced in the following trades, Canada needs you now: Trainmen and Yardmen, Locomotive Drivers and Firemen, Conductors, Fitters, Blacksmiths and Helpers, Boilermakers and Mates, Boiler Shop Workers, Car Repairers and Checkers, Electricians, Electrician Signals, Electricians maintenance, Electricians Diesel Locomotive, Machinists Metal, Crane Operators, Coppersmiths, Mechanical Draughtsmen, Millwrights, Linemen, Moulders, Operators Keyboard, Patternmakers, Riveters, Sawyers, Storemen, Stokers Stationery Engine, Toolmakers, Tinsmiths, Tubers, Turners, Welders, Millwright Laborers.

Regarding qualifications: Trainmen and Firemen must have a minimum of one year's actual experience. Chautemps Says Laval Intervention Prevented Petain Plan to Transfer Gov't to North Africa

NEW YORK, May 3 (AP) — Camille Chautemps, French Vice-Premier at the time of the German armistice, said in a letter to the New York Times, published today, that Marshal Petain arranged for him to transfer the French Government to North Africa in June, 1940, and that violent intervention by Pierre Laval, now Chief of Government, prevented fruition of the plan.

Admiral Jean Darlan "worked loyally" for the plan though he had no part in the decision, Chautemps wrote.

Chautemps, who now lives in Chevy Chase, Md., said that on June 19, 1940, two days after Petain became Premier, President Albert Lebrun informed the Marshal that the Germans were advancing on the provisional capital of Bordeau "and that his government would lose all liberty of discussion of the terms of the Armistice" which Petain had requested.

That evening, Chautemps was summoned for a long conversation with Petain.

"He reported to me the remarks of the Chief of State, which I supported as strongly as I could," Chautemps wrote, "we decided that he could delegate me to go to North Africa to direct the Government abroad, while he himself would remain in France to protect the people against the abuses of the victor.

"The next morning, supported by the President of the Republic and by me, he had our decision confirmed by the Council of Ministers despite a strong opposition led by Gen. (Maxime) Weygand (French Commander-in-Chief), as well as by Messrs. (Foreign Minister Paul) Baudouin and (Finance Minister Yves) Bouthillier."

Lebrun was to leave that afternoon with Jules Jeanneney and Edouard Herriot, Presidents of the *Legislative Assemblies. The Ministers* were to follow in the evening.

"Admiral Darlan took charge of having in the harbor of Port Vendres the destroyer on which the President and the Ministers accompanying me were to make the trip," Chautemps said.

"It was he also who put at the disposal of the members of Parliament the ship Massilia, which was to convey them to Casablanca. Moreover, he gave a naval division which was cruising in the Mediterranean the order to guard the presidential trip."

Darlan was the much-criticized French Commissioner in North Africa, who collaborated with the allies after they landed. He was assassinated in December after the landing and was succeeded by Gen. Henri Giraud.

The plan could not be executed Chautemps said, "because Laval, who was not yet in the Government, intervened violently against President Lebrun and Marshal Petain and because they surrendered to him."

"If the plan had been carried out, France would have remained at the side of the Allies with French unity and we would not have experienced the distressing quarrels that are now so cruelly dividing Frenchmen," he said.

Nazi Storm Troop Chief Dies

LONDON, May 3 (CP)—The Berlin radio reported today that Victor Lutze, 52, Chief of the Staff of the Nazi S.A. (Storm Troops) and an old-time follower of Hitler, died in a hospital at Potsdam from injuries received in an automobile accident.

Lutze succeeded Col. Ernst Roehm as Chief of Staff of the Storm Troopers after the killing of Roehm in the, ruthless purge of Nazi leaders by Hitler in June, 1943.

New York Sirens Shriek During Church Service

NEW YORK, May 3 (CP).—Britain's traditional holiday, St. George's Day, was celebrated in the Cathedral of St. John the Divine here yesterday when 5000 worshippers heard messages from King George and Queen Elizabeth and Lord Halifax, British Ambassador to the United States.

Music for the service was supplied by bagpipes and the cathedral organ, and the impressive ceremony opened with a procession led by a color guard from ships of the Royal Navy now in port.

The message from the King and Queen congratulated the sponsors of the St. George's Day celebration and was read by Sir Godfrey Haggard, British Consul General here, who also read the message from Lord Halifax, telling the people that the tide of war definitely is turning in favor of the Allies.

During the ceremony the wail of air raid sirens as New York underwent a surprise air raid precautions test was heard.

The people remained quietly in the church, but in Brooklyn an unidentified plane fired four or more .50-calibre machine-gun bullets into a residential district.

No injuries resulted from the shooting of which information offices of the Army, Navy and Marine Corps disclaim all knowledge.

WALSH APPEAL IS DISMISSED

VICTORIA, May 3 (CP) — Court of Appeal, following a hearing of less than half an hour, today dismissed the appeal of Joseph Arthur Walsh, Managing Director of Wo. Cathcart Ltd., and James Simmons, former Provincial Police Quartermaster, winding up the three cases which arose from charges of conspiracy to defraud the Provincial Government in Police Stores deals.

Appeals by Simmons and two other Victoria merchants, James G. Simpson and George H. Hall, convicted on similar charges, had been dismissed previously. Hall was sentenced to two years, the others to four years each.

Bombers Destroy 93,300 Tons of Jap Shipping

SOMEWHERE IN NEW GUINEA, May 2 (Delayed) (AP).—Allied bombers sank, otherwise destroyed or damaged 93,300 tons of Japanese shipping during April—a month marked by almost incessant bad weather prohibiting large-scale attacks.

Allied air officers, making this report today, disclosed additionally that heavy bombers, fighter planes and anti-aircraft batteries destroyed 68 enemy planes during the month and probably destroyed 28 more.

Of the 93,300 tons of shipping lost by the enemy, 27,500 tons were sunk or destroyed and 65,800 damaged to bring the grand total of Japanese vessels sunk, destroyed or damaged *in this sector to 654,980 tons since* last August, which marked the start of air operations from the New Guinea area.

The Japanese ship losses for April included vessels of all classes, but the large majority were merchantmen. No Allied heavy bombers was lost in combat during the month.

In Japan's heavy April raids against Port Moresby, Oro Bay and Milne Bay, New Guinea, and through Allied attacks on enemy bases, 26 bombers, 36 fighters and six dive-bombers were destroyed.

Ships Built in U. S. Exceed Cost Estimates

LONDON, May 3 (CP).—Costs of ships built in the United States for Britain materially exceeded estimates and appeared high in comparison with British costs, but deliveries were completed ahead of schedule in the year ended March 31, 1942, Sir Gilbert Upcott, Comptroller of the Admiralty, reported today.

The report did not supply specific figures on comparative costs of building ships here and in the United States.

The Comptroller disclosed that the Admiralty spent £39,000,000 ($173,550,000) in the United States during that year, of which £26,000,000 was for merchant ships, including the cost of constructing two shipyards which have been sold since to the United States Maritime Commission.

In a report on an investigation into the cost of building 32 warships, including a battleship, aircraft carrier and several cruisers, in Britain, Sir Gilbert reported rates of profits which ranged from between 10 and 20 per cent in five cases to over 80 per cent in one case.

The shipbuilders said that these were exceptional cases and that profit was less than 20 per cent at a later period.

The result of the investigation, however, was that shipbuilders waived claims totalling £2,250,000 for extra charges on 128 ships.

RUNS in Rayons Cut Down OVER 50%

Amazing s-t-r-a-i-n tests show NEW improved LUX cuts runs

A FAMOUS test laboratory made exhaustive tests—repeatedly washing rayon stockings, then testing them on an almost human machine which strains stockings the way you do in actual wear. Results showed:

Lux washing cut down runs over 50%!

The Luxed stockings showed far greater *elasticity*—didn't go into runs nearly so easily as stockings washed with strong soaps, or rubbed with cake soap. Tests on cotton stockings showed similar results!

Save *your* stockings. Join the Lux Daily Dippers and dip them in Lux after each wearing—dry rayons thoroughly.

TONIGHT DIP YOUR STOCKINGS IN NEW IMPROVED

Ask at your store for new improved LUX in the new, BIGGER package—you get MORE for your money!

A LEVER PRODUCT

Plan Price Increase for Strawberries Used in Processing

OTTAWA, May 3 (CP)—The Agricultural Food Board is considering a proposal to have higher maximum prices granted for strawberries used in processing and jam manufacture, officials said today.

A price increase, as suggested by the *Ontario Strawberry Growers'* Marketing Board to the Food Board, would encourage growers to enlarge their strawberry acreage this year. Last year's Ontario price ran about 11½ cents a quart box, and the Growers' Board urged that an increase of three cents be allowed.

Officials here said there had been overseas interest in the Canadian strawberry crop and export sales might be possible if a substantial surplus were produced.

Que. Labor Asks Withdrawal of Strike Pledge

MONTREAL, May 3 (CP) — A two-day emergency convention of the Quebec Provincial Federation of Labor passed a resolution asking the Trades and Labor Congress of Canada to withdraw its pledge to the Federal Government not to call strikes in Canada during the war.

Hepburn Goes to New York for Medical Treatment

ST. THOMAS, Ont., May 3 (CP) —Mitchell F. Hepburn, former Premier of Ontario, has been forced by ill health to go to New York City for treatment, it was announced here today.

REPORT CLASHES ON MAYU RIDGE

NEW DELHI, May 3 (CP)—Sharp ground encounters were reported to have taken place on the East side of the Mayu ridge and R.A.F. and Japanese planes exchanged fresh blows yesterday in the Battle of Burma.

A British patrol in the Mayu ridge zone ambushed an enemy party and killed seven without loss to themselves, while another enemy detachment was shelled by artillery.

United States bombers scored probable hits on Military establishments on Diamond Island, 140 miles Southwest of Rangoon and about 725 miles Southeast of Calcutta, in a raid last Tuesday.

Next of Kin May Give Casualties to Newspapers

OTTAWA, May 3 (CP).—While the names of missing Canadian airmen still will not appear on official casualty lists until five weeks after the operation from which they failed to return, there is no objection to next-of-kin giving information to the newspapers, an R.C.A.F. spokesman said today.

The aim in not publishing the names in the official lists immediately is to keep from the enemy complete information on the number of men missing as a result of a specific operation, this spokesman said.

However, there was no objection to the release of information by next-of-kin, since it was unlikely a complete list would thus be made available on any given day.

The five-week delay in publishing missing men's names in casualty lists follows the practice of the R.A.F., and the following paragraph from letters now being sent to next-of-kin after a man is reported missing is almost identical with a paragraph in R.A.F. letters:

"Your son's (or husband's) name will not appear in the official casualty list for five weeks. You may, however, release to the Press or radio the fact that he is reported missing, but not disclosing date, place, or his unit."

Germans Claim 21 Allied Ships Sunk

NEW YORK, May 3 (AP)—The German High Command today claimed German air and naval forces have sunk 21 Allied war vessels, ranging from motor torpedo boats to an aircraft carrier, and 63 merchantmen totalling 423,000 tons in April.

A German statement April 25 that a Nazi submarine sank the 14,500-ton U.S. aircraft carrier Ranger in the North Atlantic was promptly denied by the United States Navy Department. Nor was there Allied confirmation of the other figures.

Keep Up Heavy Pounding at Kiska

WASHINGTON, May 3 (AP)—United States fliers bombed Japan's Aleutians base at Kiska 13 times on Saturday, the Navy Department reported today, causing a heavy explosion at North Head, the mouth of Kiska harbor, setting several fires and damaging the airplane runway.

The same day other bombers attacked Attu a Japanese outpost 200 miles from Kiska, but results of the raid were not reported.

A memorial service for Cypriots who have died on war service was conducted at Limassol by the Bishop of Paphos.

STALIN MESSAGE LAUDS BOMBING OF GERMAN PLANTS

LONDON, May 3 (CP) — Prime Minister Churchill received from Premier Joseph Stalin today a message saying that "I welcome the *bombing of Essen*, Berlin and other industrial centres of Germany."

"Every blow delivered by your air force to the vital German centres," the Soviet Leader said, "evokes a most lively echo in the hearts of many millions throughout the length and breadth of our country."

The tenor resembled that of a section of his May Day order in which, reviewing the progress of the war, he said "the valient Anglo-American Air Forces strike shattering blows at military and industrial centres in Germany and Italy, foreshadowing the formation of a second front in Europe."

Sub Turbulent Reported Lost

LONDON, May 3 (CP)—The Admiralty today announced that the Submarine Turbulent is overdue and must be presumed lost. She was commanded by Cmdr. J. W. Linton, D.S.O., D.S.C.

There are 639 muscles in the body

You can't go "ALL-OUT"

If you feel "ALL-IN"

These days most people are working harder, worrying more, sleeping less. This strain on body and brain makes physical fitness easier to lose—harder to regain. Today's tense living lowers resistance—increases body and mental fatigue. Overwork; hasty meals; irregular hours; worry—any of these may upset proper kidney action.

When kidneys get out of order, excess acids and poisons remain in the system. Then backache, headache, rheumatic pain, disturbed rest or that "tired-all-the-time" feeling may soon follow. To help keep your kidneys in good order—to help guard against physical let-down—use Dodd's Kidney Pills, for over half a century a favourite remedy for faulty kidneys. Ask for Dodd's Kidney Pills at any drug counter. Look for the blue box with the red band. 126

Working Girl Is Likely to Get Her Own Meals

By IDA JEAN KAIN

When a man gets up to go off to work in the morning, his womenfolk prepare his breakfast, put up his lunch, and kiss him goodbye. All he has to do is his day's work.

And what about the working girl? She should be treated the same as the man but seldom is. There are so many instances in which she gets a such sendoff that a health-and-nutrition-minded supervisor in one of the big war plants has asked me to plead with the family for a better break. This is the way the non-war worker at home can help to cut down absenteeism.

To be sure, there is nothing to stop a girl from gettnig her own breakfast. She can fry an egg and make coffee. But when she has a long way to travel to work and the working day *starts* early, and *she* has to pack a lunch before she leaves, she doesn't have the chance to cook much of a breakfast.

This supervisor told me that very often she notices girls raiding their lunchboxes in the middle of the *morning for a bite to eat to tide* them over. If that turns lunch into an inadequate meal, the girls bog down in the afternoon.

You may not have anyone in your family doing war work but you can still make things easier for these girls. Don't market or shop at the hours they are free to go in the stores. This thought came o me the other afternoon, after five o'clock, when women were standing three-deep at the meat and vegetable counters in the store where I trade. When it came her turn, one woman glanced thoughtfully around the crowd and asked if there were a war worker among them. One weary looking soul away in the back spoke up and the woman invited her to change places. The war worker bought her carrots and whatnots and went on her way. That was a nice gesture and one that was appreciated. But perhaps the greatest favor we could do these girls is to do our shopping early.

New *under-arm* Cream Deodorant *safely* Stops Perspiration

1. Does not rot dresses or men's shirts. Does not irritate skin.
2. No waiting to dry. Can be used right after shaving.
3. Instantly stops perspiration for 1 to 3 days. Prevents odor.
4. A pure, white, greaseless, stainless vanishing cream.
5. Awarded Approval Seal of American Institute of Laundering for being harmless to fabric.

British Airmen Guests Here

Three British airmen from Medicine Hat are enjoying a leave with Nelson citizens. They are Lac. R. J. Bishop, Walsall, England, and Lac. R. W. Brown of Delwich, London, who are guests of Mrs. S. E. Mills; and Lac. J. R. Ross of Scotland, who is the guest of Captain and Mrs. J. A. McDonald.

Appeal to Nelson citizens by the Citizens Committee for billets for 55 New Zealand and Canadian airmen, who are expected to arrive here Thursday, has been answered. "It is a tribute to the hostesses the way they have responded to the appeal," Secretary Mrs. G. G. Lambert said Sunday night. The appeal was made only a few days ago.

An invitation has been extended the visitors to be guests at the Firemen's Ball later this week.

SLOCAN PARK

SLOCAN PARK, B. C.— Miss Joyce Greavison of Nelson is spending the holidays with her parents here.

Miss Lucy Ossachoff of Trail spent a weekend with her parents, Mr. and Mrs. Paul Ossachoff.

Mr. and Mrs. E. H. Greavison and family visited Passmore.

Miss Gloria Storbo of Nelson spent Sunday at the Park with her parents.

Miss Mable Zagtsoff visited Pass Creek Sunday.

Miss Ellen Reid of Nelson is a guest of Miss Joyce Greavison.

The Misses Marjorie and Doris Greavison are visiting Crescent Valley.

Mike Ossachoff accompanied by his sisters, Miss Lucy and Miss Martha Ossachoff visited Nelson.

Mr. and Mrs. S. Reid and family of Crescent Valley visited the Park.

Your heart is one-hundredth of your total weight.

Objections . . .

Why His Romance Went on Rocks

By BEATRICE FAIRFAX

Dear Miss Fairfax:

The other day I read in your column that a young man objected to his fiancee having certain girl friends. *In my youth I objected* to my girl going 'round with a certain young woman, whose reputation was not of the best. We quarreled and separated over this. I knew the girl I objected to was immoral. Well, neither of us married. My girl died an old maid, and I am, at 66, still a bachelor.

Sometimes we men have a good reason for wanting our girls to choose their company carefully.

J. H.

It's always a delicate situation when a man objects to his girl's friends, relatives or those who are likely to become in-laws. It is jealousy in so many cases that if there is any definite reason for objecting, a man would be on safer ground if he states it.

Crawford Bay

CRAWFORD BAY, B. C.—Mrs. M. Palmer was hostess to many of her friends Thursday afternoon, the occasion being her birthday. Among those calling were Mrs. L. Neale, Mrs. White, Mrs. Mooney, Mrs. Wadds, Mrs. Johnson, Mrs. Petersen, Mrs. McLachlin, Miss Lytle, Mrs. King and Miss Sylvia King.

Mrs. C. Wadds is a guest of Mr. and Mrs. W. W. Mooney.

Miss Sheila Fisher of Nelson visited her grandmother, Mrs. A. J. Watson of Kootenay Bay.

Miss B. Nichols, Crawford Bay teacher, spent the vacation with her mother in Rossland.

Mrs. D. McLeod and daughter Anne of Trail visited the former's parents, Mr. and Mrs. G. A. McGregor.

Mrs. R. S. Reilly and family were home from Gray Creek for the holidays.

Mr. and Mrs. Fraser had as guests their daughters Margery, who attends University of Edmonton, and June, a High School student in Nelson, and their son Robert, a medical student at the Alberta University.

Hints for Housewives

By BETSY NEWMAN

TODAY'S MENU

Breakfast:
Orange Juice — Cereal with Milk
Crisp Bacon — Toast — Jam
Coffee — Milk

Luncheon:
Chinese Eggs
Whole Wheat Muffins
Stewed Rhubarb — Cookies
Tea

Dinner:
Fish in Speckle Sauce
Shoe String Potatoes
Watercress and other Green Salad
Carrots and Peas
Fruit Sherbet
Coffee or Substitute

FRUIT SHERBET

¼ cup sugar, ½ cup evaporated irradiated milk and ½ cup boiling water, mixed, 1 cup fruit pulp and juice, ¼ cup orange juice (½ orange), ¾ cup evaporated milk, chilled, 2½ tablespoons lemon juice.

Dissolve sugar in hot milk, cool; add fruit pulp and orange juice. Chill evaporated milk and whip until stiff; add lemon juice and whip again, then fold into fruit mixture. Freeze in refrigerator at recommended position. Beat well every ½ hour until frozen to desired consistency; or you can freeze in hand freezer, using mixture of 8 parts of ice to 1 part coarse salt. Other fruits such as pineapple (canned), strawberry, raspberry, apricot, peaches, cranberry or a combination of many of these can be made into sherbet.

CHINESE EGGS

½ cup rice, 4 hard cooked eggs, 1 cup grated cheese, 1 teaspoon onion, chopped, 2 tablespoons green pepper, chopped, 2 tablespoons canned tomatoes, salt, pepper, ¾ cup milk.

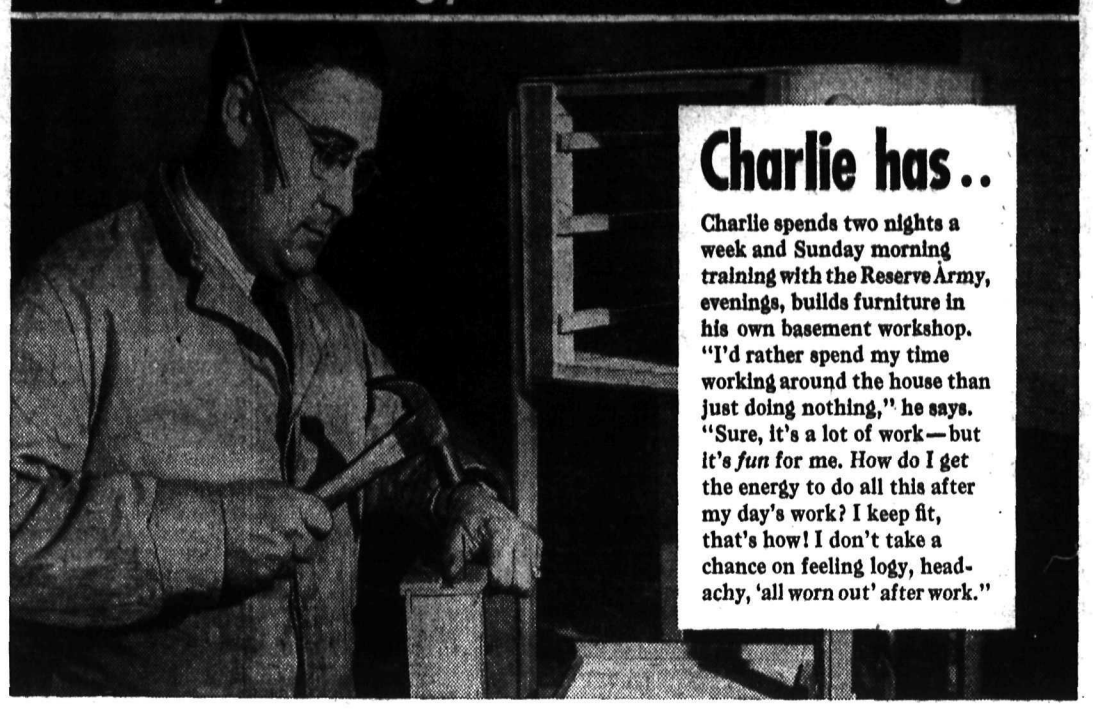
Cook rice in boiling, salted water until tender, drain well. Season in salt and pepper and spread on glass baking plate. Cut hard cooked eggs lengthwise, remove yolks and mix with ¼ cup cheese, chopped green pepper, onion, tomato, pulp and seasoning to taste. Stuff egg whites and arrange on rice, pour around them a sauce made of remaining cheese and milk, cooked in double boiler until cheese is melted. Place dish in moderate oven (350 degrees F.) for 20 minutes or until it is well heated and the eggs begin to brown. Serves 6.

FISH IN SPECKLED SAUCE

1½ pounds of fish fillets, 4 tablespoons mayonnaise, salt and pepper. 2 tablespoons chopped chives or parsley.

Use fillets about ½ inch thick. Place on greased broiler rack 2 inches below heat, sprinkle with salt and pepper. Broil 5 minutes, carefully turn over. Combine mayonnaise and chives, spread on fillets and broil 10 minutes or until tender and brown. Serves 4.

Have you energy for the EXTRA things?



Charlie has..

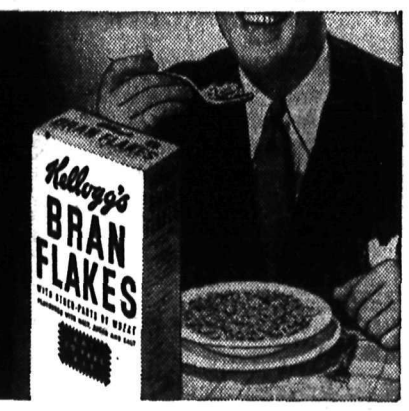
Charlie spends two nights a week and Sunday morning training with the Reserve Army, evenings, builds furniture in his own basement workshop. "I'd rather spend my time working around the house than just doing nothing," he says. "Sure, it's a lot of work—but it's *fun* for me. How do I get the energy to do all this after my day's work? I keep fit, that's how! I don't take a chance on feeling logy, headachy, 'all worn out' after work."

He makes furniture AFTER WORKING ALL DAY

"*I'm in and out* of an automobile all day, pushing production on war materials as fast as it will go," says Charlie. "It's hard work, but there's not much real exercise to it. So, I'm careful about my habits. But no harsh cathartics for me. Instead, I make sure of getting plenty of 'bulk' in my diet—the easy way. I start *every* morning with a delicious bowl of Kellogg's Bran Flakes. They help keep me fit to do the *extra* things I like."

If you want to keep fit for spare time activities, take these steps to health—1. To *get* well, see your doctor. 2. To *keep* well, watch your habits. Make sure elimination is complete. Gently laxative, Kellogg's Bran Flakes With Other Parts of Wheat help supply valuable minerals and proteins too. And they're so crisp and appetizing, you'll *want* to eat them *every* morning. Ask your grocer for the golden-yellow package—either the regular or the *new* Family package. Made by Kellogg's in London, Canada.

KEEP FIT WITH KELLOGG'S *every day in the year!*



ANNOUNCEMENT

Liquor Store Busy but No Tremendous Rush on First Day of Rationing

Nelson Liquor Store was busy but not over-rushed on the first day of rationing yesterday.

Number of customers has been running about 150 to 175 a day. Yesterday the number ran up to near 500. Nelson has about 4200 permits, between 30 and 40 new ones having been issued yesterday.

Each permit holder is entitled to one purchase a month. Limit is 26 ounces of spirits, though two 12, 13 or 16-ounce mickies may be taken instead of a reputed single quart.

The wine limit is half a gallon, which means two quarts, or a single half gallon. Those who purchase wine by the gallon at a time have their permits stamped to show that they have received their ration for two months.

Beer ration is one dozen.

Liqueurs and mixed cocktails are classed as spirits.

Administration of Saulnier Estate Granted Harper

Sheriff Montague E. Harper, official administrator, was granted letters of administration regarding the estate of James A. Saulnier of Ymir, by His Honor Judge W. A. Nisbet in Chambers recently. Mr. Saulnier died at Ymir Feb. 13, 1943.

Net amount of the estate was $1036.45 consisting of real estate in B. C., cash and personal property. There are no next of kin.

Leo S. Gansner was solicitor.

Urges Girls to Learn Nursing

Next week will be Nurses' Week in British Columbia.

His Honor W. C. Woodward, Lieutenant-Governor of British Columbia, has issued a proclamation to that effect.

Arrangements for the week's activities are in the hands of the Registered Nurses' Association of British Columbia.

In Nelson arrangements are being made for window displays, for a service at the Church of the Redeemer on May 9, and for special emphasis on Hospital Day to the need for more girls to go into training as nurses, state Mrs. T. E. Homersham and Mrs. A. M. Banks, in charge of publicity for the Nelson Committee of which Miss Honor Tregear is Chairman.

"Training in nursing is one of the best forms of insurance a girl can have. Once she possesses the training it is an asset she never can lose." said Mrs. Homersham.

All schools of nursing in British Columbia require applicants to be not less than 18½ years of age and to have at least Junior Matriculation standing in general education. Most schools will give preference to applicants with higher standing, that is in addition to Junior Matriculation, one or two years of university or a business course, provided they have the other necessary qualifications.

There are seven training schools in British Columbia. They are The Royal Columbian Hospital, New Westminster; The Royal Inland Hospital, Kamloops; The Royal Jubilee Hospital, Victoria; St. Eugene Hospital, Cranbrook; St. Joseph's Hospital, Victoria; Vancouver General Hospital, and St. Paul's Hospital, Vancouver.

DEATHS

MONTREAL —Sam Rubin, for many years prominent in activities of Montreal's Jewish community.

VANCOUVER—T. M. Henderson, 86, one of the founders of the B. C. Pharmaceutical Association.

Wife Is Executrix and Beneficiary of $7000 Estate

His Honor Judge W. A. Nisbet in Chambers Saturday granted letters probate to Mrs. Victoria Mary Mannarino, widow of Sirdar, in regard to the estate of her husband, James Mannarino, who died there April 3, 1943.

Mrs. Mannarino was sole beneficiary of the estate, net amount of which was $7118.39, consisting mainly of cash, and property in the Kootenay District.

W. L. Bell of Creston was Solicitor.

SET CEILING ON HALIBUT PRICES

OTTAWA, May 3 (CP) — The Prices Board in an order issued today, established maximum prices at which processors, wholesale distributors and retailers may sell Pacific Coast frozen halibut.

The top price at which a processor may sell frozen, dressed halibut f.o.b. any of the four principal markets in British Columbia,—Vancouver, New Westminster, Victoria or Prince Rupert—is set at 21 cents a pound for fish between 10 and 60 pounds in weight, or 20 cents a pound above or below that range. The prices are for halibut packed in wooden cases. For bulk sales the price is ½ cent a pound less.

To his laid-down costs, including transportation and sales tax, a wholesale distributor is permitted to add the markup he customarily obtained in the basic price period (Sept. 15-Oct. 11, 1941) not to exceed 20 per cent of his selling price. An additional handling charge of one cent a pound is allowed on sales of less than case lots.

A retailer's markup is limited to 33 1-3 per cent of his selling price.

NAKUSP CHILD DIES SUDDENLY

NAKUSP, B.C., May 3—Funeral services were held here Sunday afternoon from St. Mark's Anglican Church, for Jerald McQuair, four-year-old son of Pte. and Mrs. J. McQuair. The child died suddenly last Friday at the Arrow Lakes Hospital after he had been rushed to the hospital for an operation for acute appendicitis. Rev. Frank Gilbert conducted the funeral services.

Besides his parents, the child's survivors are two brothers and a sister.

There are 1000 times as many red corpuscles in the blood as white cells.

Interpreting The War News

By GLENN BABB
Associated Press War Analyst

The United States Army has just won its greatest victory of this war over Hitler's forces. The capture of Mateur is one of the outstanding achievements of the Tunisian campaign.

Mateur is a position of such importance that it is inconceivable that the enemy would have yielded it if he had had any choice. Through it runs the only railway link between Tunis and Bizerte. The loss of Mateur places the whole Axis position in peril; a further American advance like that just accomplished would split Von Arnim's forces in two.

Moreover it is likely to have important repercussions on other sectors. It indicates that the Axis Commander is near the end of his mobile reserves, which may have been pretty well spent in the vicious counter-attacks of the last few days. The units facing the 8th Army in the South and the 1st Army in the Southwest may have to withdraw to new lines, permitting the British tank forces to reach comparatively open country in which they can bring their full power into play.

BIZERTE MAY BE FIRST

The plunge to Mateur, coupled with the French advance along the coast to a point 15 miles from Bizerte, raises the possibility that the final Axis stand may be made in the Tunis-cape Bon region rather than at the great naval base on the North coast. Bizerte may fall first. Undoubtedly it has formidable defences but it is possible that the strongest of these, like those of Singapore, look toward the sea and were not raised against an enemy approaching by land.

In any event the American breakthrough suggests that the Tunisian campaign is nearing the final phase. As the Axis perimeter around the bridgehead contracts, drawing the defenders into an ever narrower space, the ability of the Allied Air Forces, already enjoying a broad margin of superiority, to inflict punishment will be greatly increased.

NELSON SOCIAL

By MRS. M. J. VIGNEUX

• Mr. and Mrs. I. Trinca, who were married in Kelowna, have returned and taken up residence on Falls Street. Mrs. Trinca was formerly Mrs. Frank Muto.

• P. Bushnel of Nakusp visited town yesterday.

• Mrs. D. Lyon, 912 Vernon Street, has taken up residence at 822 Victoria Street.

• Mr. and Mrs. W. A. Robertson, Silver King Road, had as guests for a few days, their son-in-law and daughter, Mr. and Mrs. B. L. Morris, and son Michael, also their two grandchildren, Willa and Billy Ternan, all of Rossland.

LEAVE FOR COAST

• Mrs. Alex Dingwall, Hall Mines Road, left Sunday for Vancouver. She was accompanied by her two nieces, Miss Margaret Dingwall, whose marriage to Don Craig takes place in Vancouver Saturday, and her sister, Donella Dingwall, who will be bridesmaid at the wedding.

• Pte. Paul Bourgeois of the R.C.A.M.C., Victoria, is spending his furlough at the home of his sister, Mrs. Henri Gagnon, Carbonate Street, also with his brother, Henri Bourgeois, in Crescent Valley.

• Mrs. O. W. Humphry of South Slocan was in the city yesterday.

• Shoppers in town yesterday included Mrs. Ida Gray of Salmo.

RETURN FROM COAST

• Mrs. F. M. Erskine and daughter, Jean, Victoria Street, have returned from visiting at the Coast.

• Mrs. M. M. Lane and Mrs. W. E. Lane of Ainsworth spent yesterday in Nelson.

• Mr. and Mrs. William Biker of Trail were city visitors yesterday.

• Mrs. Andy McIntyre, Victoria Street, has as her guest her sister, Mr. and Mrs. Howard Dewis of Silverton.

• Mrs. Walter Wright of Nakusp visited Nelson yesterday.

• Sunday afternoon the home at Willow Point of Mrs. Ira Marquis was the scene of a happy birthday party, when Mrs. Marquis and Mrs. John Marquis were co-hostesses, honoring the latter's daughter Patricia on her ninth birthday. Other guests present included Miss Dawn Greenwood, Miss Shirley Smith, Miss Ann McDonald, Miss Doris Talbot, Miss Audrey Norgrove, Miss Joy McEwan, Miss Sheila Paterson, Miss Alice Mathisen, Miss Joan Ramsay, Miss Billy Short, Miss Elsie Blair, Miss Peggy Darvins and Donald and Jackie Marquis.

• Mrs. E. H. H. Applewhaite has left Kootenay Lake General Hospital for her home at Willow Point.

• Mr. and Mrs. Walter Maxwell of Nakusp visited Nelson yesterday.

RETURN TO COAST

• Constable and Mrs. Irwin Walker, who spent the past two weeks with Mr. Walker's mother, 917 Vernon Street, returned to their home in Vancouver at the weekend.

• Mrs. Peter Sheloff and infant daughter left Kootenay Lake General Hospital Saturday for their home at Thrums.

• Mrs. Rheta Lolland has returned to Spokane after visiting her son-in-law and daughter, Mr. and Mrs. George H. Gelinas, Victoria Street.

• Mrs. N. E. Roberts, who has been a patient in Kootenay Lake General Hospital for a couple of weeks has returned to South Slocan.

• Mrs. William Fraser of Kootenay Bay, is a city visitor.

• Mrs. J. Vance was a recent visitor from Trail.

• Mr. and Mrs. Oleson who spent a week in Nelson, have returned to Trail.

CHRISTEN INFANT

• An interesting ceremony took place at St. Saviour's Pro-Cathedral Sunday afternoon when Ven. Archdeacon Fred H. Graham named the infant son of Mr. and Mrs. Robert Waldie of Robson, Robert Leslie. The godparents were Mrs. StJohn Madeley, Sgt. Duncan Carter, R.C.A.F., and Robert W. Taylor of Vancouver. Following the christening a few intimate friends gathered at the home of Mrs. Waldie's parents, Mr. and Mrs. Leslie Craufurd, Stanley Street, where a social hour was spent.

• Miss Helen Speirs has spent her Easter holidays with friends in Salmo.

• O. D. Donald McCallum of the R.C.N.V.R., Comox, is spending his furlough at the home of his mother, Mrs. L. G. McCallum, Stanley Street.

• Mrs. J W. Longworth, Silica Street, has returned from a fortnight spent in Lethbridge and Moose Jaw.

• Mrs. J. W. Jordan of Nakusp is spending a few days in town.

• A farewell party was given Saturday evening to Mrs. Fred Lipsack, who leaves tomorrow for Penticton, where she will reside. Guests assembled at Mrs. Lipsack's home, 314 Delbruck Street, and presented here with a gift of a picture. Among those present were Mrs. Elwood Clum, Mrs. R. Johnson, Mrs. John Sjoberg, Mrs. Jack Sheplack, Mrs. William Townsend, Mrs. A. Boyce, Mrs. E. Jordan, Mrs. George Lipsack, Mrs. P. Hamsen, Mrs. Robert Ridenour, Mrs. J. Boletti, Mrs. William Kachluba and Miss Audrey Jordan.

• Dr. M. A. Cameron of the staff of the University of B. C., Vancouver, is visiting his sister, Mrs. Walter Wait, Falls Street.

• Mrs. H. N. Smith and son Noel of Annable, are guests of the former's brother-in-law and sister, Mr. and Mrs. George Blaney, Innes Street, while here to attend the wedding of Mrs. Smith's cousin, Miss Lois Mansfield, last night.

• Mrs. A. McLeod and daughter have returned from spending the holiday at the Coast.

• E. Parkinson of Nakusp visited town yesterday.

• Sgt. Walter Nisbet, son of Judge and Mrs. W. A. Nisbet, Baker Street, has returned to Edmonton, after spending two week's leave here.

Most fresh vegetables consist of about 90 per cent water.

Stiff Penalty for Pilfering Rationed Goods

OTTAWA, May 3 (CP).—F. A. McGregor, Enforcement Administrator for the Prices Board, warned today in a Board statement that persons found pilfering rationed foods will be charged with "receiving rationed goods without coupons," the maximum penalty for which is $5000 and two years' imprisonment.

The statement said the action was being taken to curb an increase in theft of butter, sugar, tea and coffee reported by stores in some sections of the country. In cases of prosecution for shoplifting of rationed items, the Board will join the store in the complaint and ask for penalties as provided for contravention of Board rationing orders, Mr. McGregor said.

Fined $50 for Drinking in Public Place

Nick Poznikoff of Nelson was fined $50 by Magistrate William Brown in City Police Court Monday when he pleaded guilty to a charge of unlawfully consuming liquor Saturday on Vernon Street, a public place.

Acting Sgt. R. R. House laid the charge.

CANCEL SUNDAY SHOWS

EDMONTON, May 3 (CP)—Sunday shows for members of the armed forces, scheduled to begin here yesterday, were cancelled because of an Alberta statute ruling no Sunday shows may be held except for religious services and then only on approval of the Attorney-General. Alberta Government officials today said a statement would be issued later.

Rockefeller Appropriations

The scope of the Rockefeller Foundation, New York City, is indicated in the appropriations made during 1942 says the Toronto Telegram. These amounted to $8,227,867, which was a decrease from 1941 of $463,955. The appropriations were distributed for the most part in six major fields, roughly as follows: Public health, $2,700,000; medical sciences, $1,434,000; natural sciences, $815,000; social sciences, $1,326,000; humanities, $982,000; program in China, $122,000.

Canada, England, Scotland, Iceland, Switzerland, Sweden, Brazil, Mexico, Argentina and China shared with the United States in the expenditures. For Canada the appropriations were:

University of Toronto, for research in vitamins (three-year period), $20,000.

Canadian Institute of International Affairs, Toronto (two-year-period) $20,000.

Canadian Social Research Council, Toronto (two-year period), $20,000.

Canadian Library Council, for use in establishing microphotographic and general advisory services for Canadian libraries (three-year period), $17,500.

Dalhousie Unversity, Halifax, for teaching facilities for medical students at proposed new Provincial hospital, $150,000.

Ant Nests Provide Camouflage

American fliers in Australia have an odd ally—the tiny white termite that builds ant hills three times the height of a man and many times his girth. These termite ant hills rise in parched and almost treeless desert lands of Northern Australia. Soldiers, according to the National Geographic Society, find their shade makes valuable safety spots in which to hide bombs from spying Jap fliers.

Between Birdum and Australia's Northern port city of Darwin, the white ant—one of the most destructive of the termite family—has built its weird and castled city. Its "magnetic" nests—all pointing North and South like the needle of a compass—lift their thousands of heads like giant gray tombstones. The white ant builds its strange house after the sun goes down, but always works with an eye to the sun. It builds so that the broad sides of the hill face East and West, instinctive plan for insuring quick drying of the "mortar".

Hard and enduring as cement, these "skyscraper" dwellings are built by worker ants a scant quarter of an inch long. The queen ant is safely walled in six inches above the ground and well into the centre of the structure. Waited on, stuffed, and pampered, she frequently attains a length of four inches. She is one of the most productive of land creatures, laying at least 30,000 eggs a day and well over 10,000,000 a year.

In termite territory (Northern half of Australia) houses are built on high metal-capped stilts to baffle termite armies. But the white ant, spurred by its voracious appetite for cellulose, persistently gnaws its way through telegraph poles, house walls, fences, books, and everything containing even a hint of cellulose.

Today's Horoscope

Geniality, originality and mental sharpness are outstanding characteristics of the person who has a birthday today. You are humorous, have many staunch friends and have the ability to accustom yourself to change of fortune and environment. Go after something worth while today. If you leave home early, stop and talk to a neighbor who is also on the way to work. An amazing idea about a new invention may occur to you this afternoon. Invite a few friends to your home for refreshments and an exchange of ideas.

Etiquette Hints

When a young man goes into a restaurant with a girl, he should ask her what she wishes to eat and order for her, then order his own meal.

?? Questions ??
ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions will not be answered by mail except when there is obvious necessity for privacy.

F. M., Trail—What reduction in train fare would a soldier get when on leave?

A soldier making a trip on ordinary furlough would pay a one way fare for the round trip and if on special furlough, annual and embarkation leave, he can make the round trip for one-third of the one-way fare.

Reader, Canal Flats—To settle an argument please tell us which Province has the least population?

North West Territories—6507; Yukon—8152; Prince Edward Island—93,728; British Columbia—374,295.

A. B., Cranbrook—Is it true that Victory Loan bonds can be used as collateral for loans?

Yes. Victory Loan bonds are the best security at any bank for any loan you may require.

Reader, Nelson—Please tell me what is meant when one refers to the Orangemen?

Orangemen, who derive their name from having originally supported William III, Prince of Orange, are a society founded in Ireland to uphold Protestantism. They exist in great numbers in Ulster.

F. N.—What is meant by an agate line?

An agate line is a line of agate type, and the basis on which advertising matter is figured as to size, cost and volume. There are fourteen agate lines to an inch of space, one column wide.

B. W., Nelson—What is the best way to treat new linoleum and new hardwood floors so that they will look and wear well? How should they be cleaned?

Linoleum should be washed with mild soap and water. Do not use caustic soap and powders. A usual finish is water-wax (non-rubbing). If the wood floors have not been finished and the natural color is desired apply two or three thin coats of the best quality of floor varnish and then two thin coats of wax, each coat well rubbed in. If a darker color is wanted apply an oil stain of the shade desired, following directions on the container. When the stain is dry apply a thin coat of shellac, then varnish and wax. Wood floors should be dusted with a dry cloth or mop. Do not use water.

Fire Retardant for Textiles

The discovery of a new chemical fire retardant known as "CM" has put into the hands of man another potent weapon to keep fire, his most valued but least trusted servant, in check, according to John Harwood-Jones, in C-I-L Oval.

Clothing of all kinds, from little girls' frilly party frocks, sheerest negligees, velvet evening gowns, to arc welders' overalls and military uniforms may be made fire resistant by dipping or spraying them with the chemical so that, though they may char upon contact with fire, they will not burst into flame. Moreover, this chemical newcomer does not affect the "feel" or appearance of fabrics and it would take an expert, or a flame, to distinguish between treated and untreated materials.

The most immediate use of this fire retardant chemical, however, will be in the treatment soldiers', sailors' and airmen's uniforms, and of textiles for war machines such as tank linings, civilian use bowing once again to military demands.

Looking Backward

10 YEARS AGO
(From Daily News, May 4, 1933)

Kootenay's fourth annual Music Festival will open in Knights of Pythias Hall tomorrow morning at Trail.

The work on the irrigation system at Wynndel is progressing favorably. One branch of the system was turned on last week and it is expected that the main branch will be on in about a week.

J. B. Winlaw's sawmill, which has been idle for several years, is expected to start to work the first of the week.

The level of the West Arm continues to climb but not so rapidly as a few days ago. Wednesday's rise of three feet five-eighths inches brings the level up to 6.50 feet above zero.

War—25 Years Ago

By The Canadian Press

May 4, 1918.—Viscount French appointed Lord-Lieutenant of Ireland succeeding Lord Wimborne. Germans opened intense bombardment of British positions from Locre to South of Ypres; British made slight gains near Sailly-le-Sec and East of Hebuterne.

Words of Wisdom

Liberty cannot be established without morality, nor morality without faith.

Test Yourself

1. What famous naturalist was nicknamed "The American Woodsman"?
2. Who was called "The Father of American Ornithology"?
3. What noted American was called "The Hermit of Walden"?

TEST ANSWERS

1. John James Audubon.
2. Alexander Wilson.
3. Henry David Thoreau.

Plastics Are Mobilized

There are a great many people who still think that becase many of the vital metals have been diverted from civilian use to essential war production, plastics can step in and take their place as replacement materials. It is not quite so easy as that, according to the C-I-L Oval.

The replacement of metals by plastics for certain types of everyday articles may be all very well in normal times when they can do the job as well, if not better in some cases, and certainly more colorfully, but today, it is pointed out, plastics themselves are under strict control for two principal reasons, namely, that raw materials entering into their manufacture are scarce due to their prior need in other more important processes and plastics are more and more replacing metals as well as rubber for many of the smaller needs of the war production program and must, therefore, be withdrawn from civilian uses. For instance, plastic combs will still be available but plastic toilet sets; jewellery, salt and pepper shakers, cutlery and tool handles, etc. will gradually disappear from the retail dealers' shelves.

Press Comment

STUKA'S WATERLOO

Just as the Age of Chivalry came a terrible cropper before the grey-goose shafts of English archers at Crecy and Agincourt, so the Age of the Dive-Bomber has met its comeuppance before anti-tank guns and the field artillery fire of Gen. Montgomery.

In the first instance it took a little longer to do the job. Under Edward III on Aug. 26, 1346, some 11,000 British archers left 1554 men of gentle blood—not counting men-at-arms and other commoners—dead on the field of battle. The knights of neither France nor England were content to look upon this result as decisive. But at Agincourt on Oct. 25, 1415, some 6000 archers under Henry V repeated the lesson so decisively that the result of Poitiers (Sept. 19, 1356), could but strengthen and confirm it. At Poitiers some 6500 men, including many archers, under Edward the Black Prince, demoralized and defeated an army of 16,000 under King John of France. Here again the man on foot who could shoot the quickest, oftenest and with deadliest accuracy, proved his superiority over the armored man on horseback who placed his main hope on the momentum of a single, pulverizing charge.

History repeats itself with the dive-bomber. Swooping from the skies upon a surprised and unprepared enemy, it wrought moral and physical devastation. Presently the well-equipped artilleryman discovered, however, that with a gun firmly anchored on the ground he could shoot back at the dive-bomber and score half a dozen bull's-eyes to its one. A time came in desert warfare when a whole formation of Stukas could be shot out of the sky in a single passage at arms.

The Stuka is still a dangerous machine when it is operating against undrilled and unprepared ground troops. But when the men on the job have proper equipment and know their business, the Stuka is reduced to the comparatively inconspicuous field of medium-level bombing. Since this is something which the accurate high-level bomber can do much better, the Stuka, if not already out, may be on its way to the exit. Dispatches from London say it is no longer in production. The grey-goose shaft of disciplined preparation is still the most potent implement of battle.—New York Sun.

STRATEGY FOR WORLD WAR III

Hitler's hold-what-we-have strategy, described in his speech of Sept. 30, 1942, no longer can be followed to the letter. But part of that strategy still holds. The Nazis now must weary their attackers. Hitler will count on time's producing irritations among Allies and will try to propagandize these irritations into serious rifts. He must hope that the expectation of swift victory will cause us to begin to quarrel over matters that could wait as long as we were in danger of defeat.

The Nazi war aim must now be to win—through mental as well as military strategy—a chance to preserve German military power, even in skeleton form, for a military victory perhaps a generation hence. In such a strategy no loss of German life in a presently futile fight for Africa, no inch of Russian territory held, no slightest postponement of United Nations plans or impairment of United Nations unity is without reason for Germany.

Hitler must know by now that he cannot win this war. But he also knows that there is a difference between not winning it and utterly losing it. We, too, need to understand that difference clearly. The Nazis will not quite have lost if they can win a peace that will permit Germany to get ready for another war.

To do this they need not achieve a negotiated peace. This is now out of the question—or ought to be. What remains for the Nazis is to make sure they do not lose the war to a great solidified family of United Nations. They can as Germans, however, better afford to lose it to a bedraggled, weary, irritable band of disunited peoples. Such victors, because of mutual suspicions and recriminations, could hardly organize collective security for the world and so prevent German rearmament. And the Nazis, perhaps by some other name, could then prepare for another day.—Christian Science Monitor.

LONG MEMORY

The memories, both of college porters and hotel porters, are proverbial, but they occasionally astonish one none the less. I spent last weekend at Cambridge, and had a word with a porter, whose face I vaguely remembered, at my old college. He looked at me and observed, "You used to 'keep' in C. Second Court." I did; but it is nearly 38 years (I regret to say) since I vacated my rooms there, and I have never had any connection with them since.—London Spectator.

ERROR CORRECTED

The earlier impression passes that Jap battleships are top-heavy and unsafe. We recall that for years they said the same of Babe Ruth.—Detroit News

Passmore Airman Serving Overseas Is Commissioned

OTTAWA, May 3 (CP)—Commissioning of more than 75 R.C.A.F. air crew serving overseas, all of them graduates of the Combined (Air) Training Organization, was announced today at Air Force Headquarters.

The commissions were granted "in the field" for efficiency, meritorious service and leadership qualities.

The list includes the following:

Flt. Sgt. J. D. Banting, Richlea, Sask.; Flt. Sgt. J. E. Marvel, Swift Current, Sask.; Flt. Sgt. O. S. Comishen, Colfax, Sask.; Flt. Sgt. L. J. W. Honan, Benson, Sask.; Flt. Sgt. Alexander Bolton, Ardill, Sask.; Wo. Norman Fairhurst, Edmonton; Flt. Sgt. R. O. Fowlie and Flt. Sgt. J. C. Brown, Vancouver.

Pilots:

Flt. Sgt. J. M. Drake, Melaval, Sask.; Flt. Sgt. L. E. Gregory, Wo. J. M. Horan, Saskatoon; Flt. Sgt. F. H. McKnight, Wartime, Sask.; Sgt. L. A. Cartey, Sutherland, Sask.; Sgt. R. L. Clearwater, Welwyn, Sask.; Wo. B. E. Innes, Battleford, Sask.; Wo. R. A. Cassidy, Glenside, Sask.; Flt. Sgt. J. H. Wilson, Moose Jaw, Sask.

Flt. Sgt. K. J. A. Moderwell, Flt. Sgt. G. A. Cameron, Sgt. B. A. Quinlan, all of Edmonton; Sgt. L. G. Barnes, Calgary; Flt. Sgt. B. I. Gruenwald, Lethbridge, Alta.; Flt. Sgt. R. R. Flynn, Passmore, B.C.; Sgt. E. G. Booth, Osoyoos, B.C.

Wireless operator air gunners:

Sgt. G. G. Emlee, Erwood, Sask.; Flt. Sgt. J. M. Taylor, Vancouver.

German Flier Obliges Navy

LONDON, May 3 (CP).—Everybody knows how the Navy's ships enjoy a bit of signal back-chat now and again but it has reached the stage where even Goering's flying men are taking part in it.

The navy boys tell a story of a British warship exchanging wisecracks with a Focke-Wulf which was dogging a convoy, circling round and round.

"For God's sake go round the other way. You are making us dizzy."

"Anything to oblige the British," came the reply from the aircraft—and it went round the other way.

At that moment an armed merchant cruiser in the convoy let off an optimistic round in the aircraft's direction and the warship signalled the flier: "That anywhere near you?"

"Miles away," replied the Focke-Wulf, and then he sheered off.

There is another story about H.M.S Skate, Britain's oldest destroyer and the only three-funnelled destroyer in the Navy. She was challenged by another warship and asked: "Who are you?" The Skate is nothing, if not dignified, and she replied: "Churchill's secret weapon"

British Miners Return to Work

LONDON, May 3 (CP). — Some 1800 men returned to work after a five-day strike at two Warwickshire mines which authorities said cost the country's small fuel stocks 17,000 tons of coal.

The strike involved local issues and there has been no threat of a general stoppage.

Wages generally have kept pace with the rise in the cost of living index, which has advanced roughly 30 per cent since the war started. Both miners and owners agreed to submit their disputes to mandatory settlement by national and district tribunals.

The arbitration plan became effective May 1 and some difficulties in its operation arose immediately in Northumberland. The Miners Federation and the National Board of Investigation met in London today and an amicable settlement was expected.

Despite the national no-strike attitude, there have been occasional local walkouts such as that in Warwickshire, which was a sympathy strike on behalf of two young miners who were imprisoned when they would not pay a fine imposed by a local magistrate for refusing to work in the mines instead of joining the army, as directed by the Labor Ministry.

There are 5000 more men in the mines than at this time last year, but the British coal supply problem still is causing Fuel Minister Gwilym Lloyd George "serious concern," he said recently.

The production rate is now 100,000 tons a week lower than the level of last Spring. The Fuel Minister said absenteeism was "higher than it should be."

Afternoon papers, commenting on the United States coal strike situation, expressed gratification with President Roosevelt's "statesmanship" and, with a few sharp words for John L. Lewis, left American problems for American solution.

Winnipeg Labor Shortage Serious

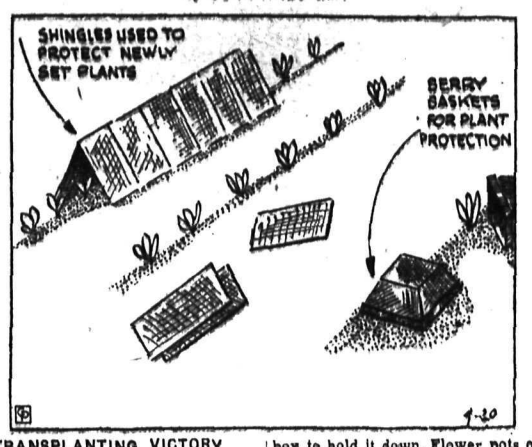
WINNIPEG, May 3 (CP)— W. H. Darracott, head of the National Selective Service office here, said today the employment situation in Winnipeg was rapidly becoming serious but that his office was doing "everything possible in keeping things on the move."

It was learned that a number of of city hotels have been forced to close their dining rooms one day a week due to insufficient help, and several restaurants which, in the past, remained open day and night every day, now close on Sundays and at midnight on week days.

Bakers, laundries and dry cleaning plants also have been badly hit by the shortage of labor.

Today's VICTORY GARDEN-GRAPH

By DEAN HALLIDAY



TRANSPLANTING VICTORY GARDEN PLANTS

The ideal day on which to transplant Victory vegetable seedlings outdoors to their permanent location is one that is cool, cloudy and calm. Such a day does not always happen when transplanting time arrives, therefore precautions must be taken to protect the young plants against the hot sun and wind.

As illustrated in the accompanying Garden-Graph, the newly set out plants can be shaded from the hot sun by means of a row of shingles up-ended together to form a "tent". The ordinary wooden berry box can also be used to place over individual plants for protection against sun and wind, as illustrated. On very windy days it may be necessary to place a stone on top of each berry box to hold it down. Flower pots or newspapers held in place by stones can also be used for plant protection.

It is always advisable to remove the covering after the sun goes down so that the plants will get the full benefit of the evening dew or any rain which may fall.

It is also advisable to continue to protect the plants for several days after transplanting. If the young plants can be kept from wilting after transplanting they will become established more quickly and grow just that much faster.

Some gardeners find it is a good plan to do transplanting in the evening so that the plants have the cool night to get their roots in working order after the shock of being moved.

THIS WAY TO SUCCESS

By the Career Engineer

Have your job problem answered by an expert counsellor. Write the Career Engineer, care of the Nelson Daily News. Only initials will be published.

My Dad wants me to go into his grocery store and learn the trade. I dont like the business. Id rather work in a machine shop —you get places that way—Tommy J.

I like your letter, Tommy. It's too bad your handicapped limb is keeping you out of the forces. They could use you to good advantage. It's not unusal for parents to want their oldest sons to inherit the family business. I imagine your Father is thinking of keeping you where he can see that you get the best he can offer you. It may never have occurred to him that you might fail at the grocery trade. It's true as you say "you never saw a grocer on a war poster!" but in your case the solution is quite easy. Your father is not old, and you could easily go into the machine shop for a year or two. By that time you will know whether you will make good at the trade. If not, you still have the opportunity of learning the grocery business. There will be groceries to sell long after the war plants are shut down.

Since both of these trades are new to you, you shouldn't shut your mind to either of them. Again let me emphasize the law, that Nature's O.K. on a job for you will be the one in which you feel happy and work easily. Don't let wishful thinking take the place of sound consideration. I'm glad you don't feel sorry for yourself on account of your lameness. You are young enough to let your life-work thoughts develop a bit more before you settle to your career!

Nixon Not Decided Yet on Election

TORONTO, May 3 (CP)— Harry C. Nixon, newly-elected leader of the Liberal Party in Ontario, said today he "will consult with friendly sources of information" before reaching a decision on a general election in the Province.

The former Provincial Secretary who was elected leader at a convention of the Ontario Liberal Association last week, denied a report that he would call a caucus of Liberal M. P.'s shortly to discuss an election.

Premier Conant, who was removed to hospital suffering from a physical and nervous breakdown on the eve of the Convention's leadership election, was reported today to be improving.

The average height of the human race has increased two inches since the Stone Age.

ALWAYS TIRED —Yet Sleep Didn't Help!

Doesn't it feel swell to wake up in the morning clear-eyed, refreshed, just raarin' to go? Yet so many people, especially over 40, get up tired all-over, never really feel their best.

The reason can often be traced to a very common cause—a sluggish system clogged with poisonous food waste. If you are like most people, you need help every so often to clean out your system, get back pep and sparkle that is rightfully yours. You can do this simply and so gently with the aid of the 4-way vegetable action of Bile Beans, the small, purely vegetable laxative pills that work on stomach, liver bile, upper and lower bowel.

For a peppier, brighter tomorrow, try Bile Beans tonight and prove for yourself their amazingly gentle action. Made in England—over 7 million boxes sold yearly, proof of sensational popularity. Only 50c at druggists. 3

U. S. WAR LOAN OVER THE TOP BY $4 BILLION

WASHINGTON, May 3 (AP) — The Second War Loan drive in the United States brought in about $17,000,000,000, or around $4,000,000,000 more than the goal, and most of it came from non-banking sources.

The Treasury expects to announce the final total about May 10. Banking houses were limited to $5,000,000,000 participation. Treasury Secretary Henry Morgenthau expressed satisfaction at the success of the drive, which ended at midnight Saturday and at the same time served notice of even greater goals for future campaigns.

NAIROBI, (CP.) — European farmers in Kenya are stepping up food production with 131,268 acres of wheat under cultivation, 85,930 acres of maize, 16,418 acres of flax and 3362 acres of rye.

Report Supplies to Be Routed Via Alaska to Russ

STOCKHOLM, May 3 (AP).—The Berlin correspondent of the Stockholm Tidnigen cabled through the German censorship today that Russia would receive a steady stream of war materiel via Alaska and the Arctic Ocean during the Summer months along a route free from the menace of German submarines and planes. The report said the convoys would leave Canadian and United States West coast posts and travel more than 6000 miles to Khabarovo on the Kara Sea and "will not lose one small thing."

The Russians were said to be pushing to completion of a 200-mile railroad line from Kharbarovo to Vorkuta to complete a connection with the supply line from Archangel.

The fact that the story was permitted to pass through German censorship was interpreted in some quarters here as evidence that Na leaders were laying a propagan groundwork for excuses should German campaign in Russia down this Summer.

Germans Claim Poles Were Shot Early in 1940

NEW YORK, May 3 (AP). — German commission reputed have been drawn from 12 count —all but one conquered or dom ated by the Axis—was reported the Berlin radio today to h claimed that Polish officers, w the Nazis alleged were killed b the Russians and buried near Smolensk, were shot in March and Apr of 1940, more than a year befor Germany invaded Russia.

"Seven of the mass graves have been opened and from them 983 corpses were recovered and examined," the broadcast recorded by the Associated Press said. "An inquest was held on part of the bodies, 70 per cent of which were identified. The cause of death was due to shooting in the nape of the neck."

The German propaganda agencies played up the story, continuing to exploit the rupture of relations with the London Polish Government by Russia.

Only one of the 12 countries from which the Germans asserted the Board was drawn was neutral. That country was Switzerland, but other sources said the Swiss on the Commission was a resident of Germany.

Jewett Stresses Art Importance to Rotary Club

F. A. Jewett, District School Inspector, addressed Nelson Rotary Club at luncheon Monday, and told members of the importance of art in Canadian life.

"Art is a most basic subject," he said, "it meets us as every turn—our manners, speech, behavior, and posture are all art-conditioned, and we are all artists whether we live in homes, work, play, confer in business, or whether we row a boat, fell a tree, skid logs—whatever we do we are artists measuring up to an accepted standard, surpassing it or falling short of it."

Mr. Jewett described the very beginnings of art as interpreted by prehistoric man and the caveman. He explained how man recognized the seven types of lines from the sun, the moon, the prairies, the horizon, the waves and lightning, and told of their value in painting pictures.

The speaker dwelt for some time on Canadian art, dealing with the group of seven men in Eastern Canada who have developed a characteristic type of art. "These men have set the style for Canadian pictures," he said, "it may be said that the most typical Canadian picture is of the wilderness, particularly the country of the Laurentian Highlands.

"The painters, writers of prose and poetry, dramatists and musicians have cooperated to present the Canadian scene," he said. Their themes were distinctly Canadian. There were stories to be told, stories to be written in prose and in poetry, stories to be dramatized and themes that were the inspiration of song and music.

"These artists make us see and feel pride in the Canadian heritage."

C. D. Orchard, Chief Forester of British Columbia, was a guest at the luncheon.

President K. C. McCannell was in the chair.

SCOUTS HOLD ROUND TABLE DISCUSSION

Boy Scouts held a round table discussion on trees, their distinguishing properties and uses at their monthly meeting last week.

The discussion was led by B. C. Affleck and useful information on the subject was supplied by E. K. Evans, Vice-President of the Association.

K. C. McCannell, scheduled to speak Tuesday, is expected to be the guest of honor at the next meeting.

ENTER ROTARY VICTORY GARDEN CONTEST

H. D. Dawson, Chairman of the Rotary Victory Garden Contest now being held among Nelson students, announced Monday at the Rotary luncheon that a total of 86 contestants had entered, with more still to come in.

Two separate classes are competing, one for junior students with gardens 100 square feet, and one for older students with gardens 150 square feet.

Camp Credit Union Seeks Permit to Purchase Loans

KIMBERLEY, B.C.—If local permission is obtained, the Chapman Camp Concentrator Employees Credit Union intends to follow up a suggestion by T. Switzer, Assistant Inspector of Credit Unions, regarding purchase of shares by loans, insurance and designation by signs, the directors decided recently.

The Credit Union Treasurer's report showed five applications for membershop had been approved during the month, and one was rejected since the constitution does not admit employees of the Sullivan Mine. Eight loans were endorsed during the month.

The limit of non-security loans was raised from $50 to $100. Insurance on loans and shares was agreed on. The union is purchasing a Victory Bond to cover the necessary outstanding reserve.

"Army Show" Unable to Come to Nelson Rotarians Learn

Efforts by Nelson Rotary Club to bring "The Army Show", now on current tour throughout Canada, to Nelson proved fruitless at least temporarily when the announcement was made Monday by G. A. Hoover that the group of entertainers would not be able to stop at Nelson.

Mr. Hoover received a letter from Brig. James Mess, Deputy-Adjutant General, Ottawa, saying that "due to requirements of the railroads and other considerations it is not possible to visit Nelson on the current tour—your interest is appreciated and it is hoped that the future may hold some possibility."

MOSCOW (CP) —Grandpa Vassilly, a 99-year-old Russian guerilla escaped from Nazis and reached Moscow. "My guard was a puny specimen so I settled with him and did about 20 miles without a stop to get to the guerillas' camp."

What Does The Future Offer?

The shape of things to come will be determined by what we do now.

We, of this generation are engaged in a struggle of barbaric cruelty. We are fighting that our way of life may survive—that the coming generation may enjoy freedom of speech—freedom to worship God as they will—freedom to determine their own destiny.

There must be no compromise—no appeasement—nothing less than unconditional surrender is our goal if the succeeding generation is to be spared the horrors of war. All post-war plans for a better world are but visionary dreams unless we smash through to Victory.

For over three years our men in the armed forces have trained faithfully for the day of attack. Now our leaders tell us the time for attack is at hand. We dare not deny our fighting men one single cartridge that may be needed to do the job.

It's our job—yours and mine—to supply the millions of tons of war materials that are essential to Victory. Let's buy Victory Bonds to the utmost of our ability—two ways—put our savings into Victory Bonds and buy all we can on the 6-month installment plan out of income.

TODAY'S News Pictures

SULLIVAN MINE COOKHOUSE GROUP 100 PER CENT BEHIND VICTORY LOAN

Signed up 100 per cent in the Fourth Victory Loan campaign by the second day of the campaign was the McDougall Cookhouse staff, pictured above with loan salesmen. This staff feeds 150 men employed at the famous Sullivan mine at Kimberley, the Consolidated Mining & Smelting Company property playing a major part in the United Nations war effort as the largest producer of lead and zinc in the British Empire. The poster bears Victory Loan honor certificates issued to the buyers. Front row, from left—Vera Price, Betty Price, Doris McKenzie and Madeline Gamache. Back row—George Scott, Victoy Loan salesman; Violet Harvey, Margaret Masich, Flora Spence, Helen Masich and Thomas Sweeny, salesman; and at rear, Mark Beduz, Head Chef. "Bring Him Home Victorious", the slogan on the poster, means a great deal to members of this group. Vera Price is the wife of Sergeant Richard Price, who went overseas with the 108th Field Battery; while Flora Spence is the wife of Ray Spence, now with a tank regiment overseas. Salesman Scott has two brother, Angus and Hamish, in a Canadian Highland regiment overseas.—Photo by Charles Warmington, Kimberley.

TRAIL, CRANBROOK, NELSON MEN WIN WINGS AT CALGARY

From left—E. S. Dwyer, of Trail, G. O. Ward of Cranbrook and W. Uchacz of Nelson, who were graduated at No. 3 S.F.T.S., Calgary, on Friday. Dwyer, a graduate of Trail-Tadanac High School, was a machinist before enlisting in the Royal Canadian Air Force. He is a former President of the Tuxis Boye at Trail; Ward went from Cranbrook to University of British Columbia, where he won his Bachelor of Science degree last year. Uchacz, graduate of Nelson schools, was a salesman and clerk prior to his enlistment.—R.C.A.F. Photo.

Nelson Family in Three Services

Private Edward Appel is in the Army.

Miss Olga Appel, left, in the Royal Canadian Air Force Women's Division; and Albert Appel, Stoker in the Royal Canadian Navy.

The three are the children of Mr. and Mrs. C. Appel, 512 Observatory Street, Nelson.

SUMMER ACCESSORIES

Take a stitch in time for Summer—and crochet this attractive beret and purse. They're the smart note today—theyr'e easy and inexpensive to make in straw yarn. The open shellstitch sections are a lacy contrast to the solid double crochet stitches. Pattern 594 contains directions for hat and purse; stitches; list of materials required.

Send 20 cents for this pattern to The Nelson Daily News, Needlecraft Dept., Nelson. Write plainly pattern number, your name and address. Patterns will be mailed to your home in about 15 days. There may be some further delay in delivery because of the large increase in orders during the present season.

9093

Marion Martin

BUTTONED BOW-DRESS

Marian Martin presents—a soft dress-up version of the button-front style you love, in Pattern 9093. It has slimming lines, a soft bodice and a panelled skirt. The two pretty bows that may trim the shoulders are a this-season fashion note. Optional roll collar.

Pattern 9093 may be ordered only in women's sizes 36, 38, 40, 42, 44, 46 and 48. Size 36 requires 3¼ yards 39-inch fabric.

Send 20 cents for this pattern to The Nelson Daily News, Needlecraft Dept., Nelson. Write plainly pattern number, your name and address. Pattern will be mailed to your home in about 15 days. There may be some further delay in delivery because of the large increase in orders during the present season.

AVOID THE LAZY WAY

ONE VALUE of trying a bit of duplicate bridge is that it gets you on your toes and makes you learn to play hands for everything that is in them. You get the habit of making safety plays to protect your good-looking contracts and going all out for extra tricks when your contracts appear reasonably safe. In a nutshell you get so that you consider more factors and so become more thorough and effective, which in the long run stands you in just as good stead at rubber bridge.

North: ♠ J 9 4 2 ♥ A 9 7 ♦ A K 6 4 ♣ 10 7

West: ♠ A K ♥ Q 10 3 2 ♦ 9 5 3 ♣ K J 3 2

East: ♠ Q 3 ♥ K J 8 6 5 ♦ Q J 8 2 ♣ 9 4

South: ♠ 10 8 7 6 5 ♥ 4 ♦ 10 7 ♣ A Q 8 6 5

(Dealer North. East-West vulnerable.)

North	East	South	West
1 ♦	Pass	1 ♠	Pass
2 ♠	Pass	3 ♠	Pass
4 ♠			

In rubber bridge, most players with that South hand would have jumped to 4-Spades after hearing North raise but that made no particular difference as all the Souths in a duplicate reached the game one way or another. At three tables where the hand was watched West led the heart 2. The first of the three declarers barely made his contract, losing two trumps and a club because the finesse of the latter suit failed to work. He played the hand the lazy way.

The other two did a neat job. It went thus—the heart A, ruff of a heart, diamond to the A, ruff of the last heart to get that suit out of the North hand, a diamond to the K and then the ruff of a third round diamond, which took the last diamond out of West's hand. Then came a spade lead, which West won.

At both tables, West then, to temporize, laid down his other spade, but then had to make the fatal play. One of the Wests returned his heart Q whereupon a club was discarded from the dummy, the trick being ruffed in the South. The club A, a ruffed club, a ruffed diamond and then the dummy's last trumps completed the hand.

At the other table after West took his second spade he led a club hoping his partner had the Q or A but he did not so the extra was made also by that declarer.

Your Week-End Lesson

In the new Laws of Contract Bridge new provisions have been made regarding the following matters

1. Who has the right to condone an irregularity in bidding or play or to select a penalty?
2. The right to require the lead of a specified suit?
3. Correction of an insufficient bid?

Are you familiar with these important changes? They will be summarized Monday.

Yesterday's Cryptoquote: THE GREATEST OF ALL SACRIFICES, WHICH IS THE SACRIFICE OF TIME—PLUTARCH.

Cryptoquotes are quotations of famous persons written cipher. A substitute character has replaced the original letter. For instance, an "R" may substitute for the original "E" throughout the entire cryptoquote, or a "BB" may replace an "LL". Find the key and follow through to the solution.

KING OF THE ROYAL MOUNTED

24-Pound Trout Catch Rumored as Season Opens

Reports of a 24-pound Rainbow trout being caught on Kootenay Lake circulated in Nelson fishing circles Sunday night, but could not be confirmed It is expected initial reports in the Nelson Gyro Club Rainbow Trout Derby will reveal the catch, if the reports have any foundation in fact.

The opening of the fishing season was hardly distinguished by big catches, however, though a number of Izaak Waltons reported minor successes. G. H. Grimwood is said to have landed "a nice trout" on the main lake. J. J. McEwen reported catching "a couple of lovely Dolly Vardens."

Mr. and Mrs. Jock Wallach and son had a fairly successful day on the Kootenay River below Nelson. William Brown, 210 Latimer, caught eight fine trout just below Taghum.

A party of six Nelsonites at Loon Lake, above Ainsworth, had a successful day, H. (Red) Wassick topping the scoreboard with eight Eastern brook trout. Other members of the party—Frank Beresford, George Kaiway, Jack Maber, Alex Clark and Jack Chambers—all caught trout.

BUY BONDS AT BALL GAME

SYRACUSE, May 3 (AP.)—The 5309 spectators at the Syracuse Rochester International League doubleheader yesterday purchased $740,525 worth of United States war bonds in a between-games rally at which three baseballs were auctioned off.

15 utils	20.14	19.72	20.06	up	.36

Market Trends . . .

LONDON, May 3 (CP)— There was a strong demand for home rails and steels. Other groups were steady but quiet.

Recent encouraging reports by the steel companies stimulated buying of those shares and keen investment interest kept rails on the advancing side.

NEW YORK—Buoyed by the coal labor truce, stocks generally pushed up fractions to a point, despite considerable profit cashing on the good news.

Heavy dealings in low-priced issues helped put the turnover at around 2,000,000 shares, best since April 9.

TORONTO—Utilities, industrials, golds and base metals were firmer in the indices and Western oils inclined to slip in dull trading.

Highlighted in the transfers were Canada Steamship stocks, both the common and preferred moving up fractionally to new 1943 highs.

MONTREAL—Minor gains peppered a broadening stock market list today.

Best performers in the moderately-active trading were the steels.

Buyers turned to the papers in late trades, and also in demand were the Canada Steamships issues.

The mining list was dull and inactive.

VANCOUVER—Although trading remained quiet, mines showed healthy gains and oils continued holding their own.

WINNIPEG, May 3 (CP)—Wheat prices moved within a narrow range as buying orders balanced selling on Winnipeg Grain Exchange today. The May future closed ⅛ cent lower at $1.00¾ a bushel, the July ⅛ higher at $1.01⅛ and the October ⅜ higher at $1.01⅝.

Export business in Canadian wheat to the United Kingdom was estimated at 500,000 bushels. In addition inquiry for Canadian wheat from the Irish Free State was reported but no sales were confirmed.

Good American demand sent all rye prices to new seasonal highs but offerings were light and only a small volume changed hands.

CHICAGO—Rye paced an upturn in grains today, going to new highs for the past five weeks on commission house buying and short covering by local traders. Wheat spurted about a cent at one time, but oats were inclined to lag.

Crosetti's Suspension Ends May 21

NEW YORK, May 3 (AP.)—Infielder Frank Crosetti joined New York Yankees today to begin training for play when his suspension ends May 21.

The little veteran was five pounds overweight, but said he had been working in a shipyard at Stockton, Calif., and was in fair shape. He had had a few workouts with sandlot teams at his home.

Crosetti was suspended by Commissioner Kenesaw M. Landis for the first month of the season as the result of pushing an umpire in last year's World Series.

B Girls Trim A in Exhibition

Girls Softball League B team trounced A team 28-16 in a Sunday afternoon exhibition, staged as a warmup to forthcoming league play. The match followed the Men's League opener won by the Spitfires over the Leopards.

With still another team to be formed before the girls league setup is complete, the lassies juggled lineups and gave each of the 23 turning out a chance in the game.

"There never was a better time for beginners wishing to play ball to get in the game," President Slim Porter emphasized Sunday. "The Girls League will be made up mostly of beginners, and new players will be starting out on an even footing with their teammates, and suffer no disadvantages by being up against veteran players."

Lineups were:

B team—B. Wigg, B. Moran, J. Hooker, A. Tate, A. Gillette, N. Wood, M. Kubin, A. Mackanin, A. Stewart and A. Trozo.

A team—P. Percival, L. Thors, V. Delucrezio, A. Hullinger, J. Carew, I. Arlt, M. Stangherlin, V. Blackwell, D. Colman, F. MacIntyre, B. Matheson, G. Procter and V. Matheson.

INTERNATIONAL NICKEL DECLARES DIVIDEND

NEW YORK, May 3 (CP)—Directors of the International Nickel Company of Canada today declared a dividend of 50 cents a share on the common stock, payable in United States dollars June 30 to record of June 1.

C.P.R. EARNINGS INCREASE 16.4 PER CENT

MONTREAL, May 3 (CP)—Increase of $1,118,000 or 16.4 per cent was today reported by Canadian Pacific Railway Company in earnings of $7,955,000 for the nine-day period ended April 30, compared with $6,837,000 in the compatable period in 1942.

SPORTS

SOFTBALL TEAMS ORGANIZED IN EAST KOOTENAY

KIMBERLEY, B. .—At least four teams have signified their intention of getting out to practice and taking part in the Sullivan Mill softball League season at Chapman Camp. Personnel of teams is likely to be different from the past two seasons, with a steady procession of men going off to the armed forces. However a number of veterans of other years are rejoining the lineup to make the league possible.

The official opening of play has been set for May 3. Games will be played twice a week throughout the season with a final playoff session similar to hockey playdowns for the championship and trophy.

John McKay will continue to be League President, with Tom Charlton Vice-President and Vincent Downey Secretary. The President will choose umpires.

Mort Cooper's Arm Trouble Due to Strain Says Doctor

ST. LOUIS, May 3 (AP.) — Dr. Robert F. Hyland announced X-ray photographs showed no bone fragments in the elbow of Mort Cooper, St. Louis Cardinal's pitching ace. His right arm developed severe pains in the sixth inning of a doubleheader opener against the Cincinnati Reds Sunday.

Fragments from the Olecranon it, sent Cooper to the operating table and the Cards to second place Process, just to be scientific about in 1941. When Cooper asked to be relieved Sunday, Manager Billy Southworth figured it could happen again.

But Hyland, who diagnosed Sunday's trouble as an upper arm strain, said:

"I don't consider the injury serious. hTe trouble this time is above the elbow."

Count Fleet Ready to Try Preakness

BALTIMORE, May 3 (AP.) — Count Fleet, apparently on sharp edge after his winning Kentucky Derby effort, arrived at Pimlico toda yto keep a date in the 53rd running of the Preakness Stakes Saturday and track experts began trying to name a colt which might push him to the wire in the $50,000-added event.

Blue Swords, which finished three lengths behind the Count in the Derby, made the trip in the same car from Churchill Downs.

Dodgers, Reds Capture Only Ball Games

BROOKLYN, May 3 (AP) — Brooklyn Dodgers continued to pick on Philadelphia Phillies today, rapping a dozen hits off Rookie Al Gerheauser and veteran Schoolboy Rowe to win 5-2 in one of the two games played in the Major Leagues.

Kirby Higbe made his second start of the National League season and pitched seven-hit ball. In the second inning he was touched for three safeties and two runs, but gave no hits in any other inning until the eighth, by which time Brooklyn had the victory in the bag.

The Phillies' runs in the second came as Jim Wasdell beat out a bunt and, with two out, Babe Dahlgren and Tommy Livingston hit successive doubles. Their other tally came in the ninth when Merrill May opened with a double and Dahlgren singled him home However, Higbe fanned the next two batters and made the third lay down an easy grounder.

Gerheauser was the victim of all the Dodgers' run-making as Dolph Camilli and Alex Kampouris led a concentrated assault.

In the second Camilli doubled for the first of his three hits and after two were out Kampouris also doubled. He was thrown out, though, trying to stretch it to a triple.

In the third Higbe opened with a single and was forced by Augie Galan, who took second on an infield out and scored on a single by Dixie Walker. Billy Herman walked and Camilli singled Walker across.

When Dee Moore led off with a double and Kampouris followed with a triple in the fourth Rowe replaced Gerheauser, but Kampouris scored on a fly by Vaughan.

Herman's 10-game hitting streak was Brooklyn's only casualty.

Philadelphia	3	7	0
Brooklyn	5	12	0

Gerheauser, Rowe (4) and Livingston; Higbe and Moore.

WALLOP 17 HITS

CINCINNATI, May 3 (CP)—Cincinnati hitting came to life today as the Reds, returning to their home lot and use of the not-so-dead 1942 ball, smashed out a 17-hit attack against four Pittsburgh hurlers to win 7-5 in the first of a three game series.

The victory went to Johnny Vander Meer, his third against one defeat, although he gave way to a pinch-hitter in the four-run sixth inning after being touched for eight hits.

The game started at 9:30 a.m.—an experiment to determine how baseball can accommodate itself to the varying hours of war workers.

With 2958 customers on hand, General Manager Warren Giles said "it was a success and we'll do it again, although the next morning game will not be on a Monday."

Vander Meer walked six—two of them, plus a single by Al Lopez and an infield play, knotting the score in the second.

Pittsburgh	5	11	3
Cincinnati	7	17	1

Butcher, Dietz (6) Brandt (6) Shuman (8) and Baker; Vander Meer, Riddle (7) and Mueller.

Postponements: National League, none; two games scheduled. American League, Boston at New York, Chicago at Cleveland, weather; two games scheduled.

Sports Roundup

HUGH FULLERTON, JR.
Associated Press Sports Writer

NEW YORK, May 3 (AP)—Sales talk: Latest "inside" dope in pro football circles is that Lieut. Dan Reeves is ready to sell his Cleveland franchise if anybody will meet his price . . . and if he doesn't sell, he'll move the club to Cincinnati, Boston or Los Angeles when he resumes operations after the war.

FIRST DOWN

The winner of the Derby heat
Was that speedy nag, Count Fleet.
He didn't show a single weakness,
And probably he'll win the Preakness.
He wan's the "triple crown" and so
It's Churchill Downs and two to go.

MONDAY MATINEE

When the Phillies beat Curt Davis last week they showed, at least, that they can shake off the jinxes from the Gerry Nugent era. They hadn't done the trick since 1939 and only once in 16 decisions since Curt left Philadelphia for Chicago in 1934.

Runs Extra ½ Mile But Wins Anyway

SAN FRANCISCO, May 3 (AP) —Cpl. Joe Wehrly, competing in the Annual Pacific Association 4½-mile run, got lost in Golden Gate Park and ran an extra half mile . . . He still won the race yesterday.

Far ahead of the field, he failed to see the marker which should have turned him back. His time was 29.20.

PAKEFIELD, England — (CP)— Coast erosion is eating away this small Suffolk parish. Already half the churchyard has been claimed by the sea and both the rectory and the parish church may go at any moment. The church is only a few yards from the cliff edge and the latest chunk to slide into the sea carried with it an empty cottage.

Bracken Outlines Plan for Future at Trail

TRAIL, B. C., May 3 (CP)—John Bracken Progressive Conservative Party Leader, outlined a four-point plan for the future world at a luncheon meeting here today. He said all Canadians who are not serving in the Armed Forces could prepare the way for a world of abundance after the war.

Mr. Bracken urged a greater measure of social security, a guarantee for a fair return on investment for private enterprise, the assurance of the right to make a living for every young man coming of age and the right of farmers for a fair share of the National income.

Mr. Bracken went to Rossland for a public reception following the luncheon meeting here and returned for a public reception in Trail. Later he left for Nelson.

Junior Board Skit, War Movies on Rossland Loan Show

ROSSLAND, B.C., May 3—War pictures were shown in the Capitol Theatre Sunday night at a Victory Loan program arranged to stimulate local interest in Canada's Fourth Victory Loan campaign.

Of particular interest were scenes portraying the war in Russia, life in the Royal Canadian Air Force, and the defence of Canada's coasts. The Rossland Junior Board of Trade presented a comedy skit. The performers were Chris Cohoon, Gib Hunt, Wilfred Woodhouse, William Darby and Irvin Gurevitch.

Mayor John E. Gordon, Chairman of the Victory Loan Committee, presented Winnie Bouchier and Ronnie Cameron, prize-winners in the Victory Loan poster contest, with $5 war saving certificates.

Elk River Men Win Wage, Working Condition Changes

VANCOUVER, May 3 (CP) — The National War Labor Board has granted a number of changes in wage and working conditions asked by the Amalgamated Building Workers of Canada to cover employees of Bennett & White Construction Company of the Elk River Colliery near Fernie, B. C., S. C. Baxter, General Secretary and Organizer of the A.B.W.C., said today.

Demands granted included a 95-cents-per-hour basic rate with $4.25 weekly cost of living bonus, that foremen receive $1 per day above the basic daily rate, that all overtime be paid time and a half for the first four hours and double time thereafter, and double time for Sundays and statutory holidays. The application was made jointly by the Company and Union.

One-Year-Old Son of Rossland Couple Dies

ROSSLAND, B.C., May 3—Warren, one-year-old son of Mr. and Mrs. Ernest Peck, Rossland Apartments, died in Mater Misericordiae Hospital Saturday. Mr. and Mrs. Peck are new residents in Rossland, coming from Toronto a few weeks ago.

Adjourn Inquest Into Woman's Death

NANAIMO, B. C., May 3 (CP) — An inquest into the death of Mrs. Margaret Hughes of Courtenay, found dead in her husband's car here early Sunday, today was adjourned until Thursday after Dr. A. B. Hall of Nanaimo advised the coroner's jury fractures of both skull and neck probably caused her death.

The husband, James Hughes, has been charged with murder, and will appear in Police Court next Saturday.
