DRIVE 5 TO SEVEN MILES INLAND

NAZI REMNANTS PUT UP FIGHT AT TIP OF LAKE

Pour Fire at U.S. Tanks, Infantry at Bolsena Approach

VALENTANO FALLS

By LYNN HEINZERLING
Associated Press War Correspondent

ROME, June 13 (AP) — Remnants of the German 14th Army, fleeing Northwest from Rome, have dug in before the road junction town of Bolsena, on the Northeastern tip of the lake of that name, and for the last 48 hours have been offering stiff resistance to the Allied 5th Army, a front dispatch said tonight.

Bolsena is 60 miles from Rome and eight miles from the important centre of Orvieta. The Nazis have been pouring anti-tank and machine gun fire at the American tanks and infantry since Sunday.

The enemy's position commands the only approach to Bolsena by highway.

Allied forces driving up the Western shore of Lake Bolsena had smashed through an enemy defence line and again threw the Germans into retreat.

The Allies captured Valentano, highway junction on the Western shore of the lake, and pressed on toward Latera, four miles farther North. In a bloody engagement East of Orbetello, on the Tyrrhenian coast 71 miles from Rome, the 5th Army captured 142 prisoners from the German 162nd Turcoman Division and killed 100.

Lt.-Gen. Clark, Commander of the 5th Army, told the troops they had broken the German armies opposing them in Italy.

East of Rome the 8th Army had all but cleared Highway No. 5 the broad transpeninsular route leading from the capital to the Port of Pescara on the Adriatic Sea.

Opening of the highway from captured Pescara to Rome would greatly facilitate the supply of Lt.-Gen. Leese's 8th Army just as it once formed the backbone of the Nazis' communications behind their defence line across Italy.

Front dispatches said German forces in the Adriatic sector now were in almost as precipitate retreat as those along the West coast, fleeing through many towns and villages without putting up a fight.

Move Japanese From Sandon

VANCOUVER, June 13 (CP) — The B.C. Security Commission has opened the door for 600 Japanese evacuees to move from the arid mountain valley at Sandon to the greener fields of B.C.'s other Interior allocation centres, but Japanese spokesmen indicated today the process might take until well past Summer's end to complete.

The movement to date, according to a report in the New Canadian, evacuee newspaper, totals 50 "old men," resettled at Harris Ranch, New Denver, and three families, who have also gone to New Denver.

The resettlement followed an announcement by George Collins, Superintendent of the B.C. Security Commission, that the Japanese would be permitted to leave Sandon, but would not be forced to do so, and move to other evacuation centres in B.C. or travel to Eastern Canada.

Commission spokesmen said today Sandon is an area where the Japanese were unable to grow produce owing to poor soil conditions.

TO ASCERTAIN LEGALITY EXCLUDING JAPS

BURNABY, B.C., June 13 (CP)—Councilors set up a committee Monday to ascertain whether a municipality would have the legal right to exclude Japanese.

This move was taken after Municipal Council had received a resolution from Canadian Legion No. 83 asking that Japanese should be prevented from owning, leasing or renting any Burnaby property, regardless of whether it was business or residential.

Although V. J. Lewis expressed some sympathy for the Legion's viewpoint, other councilors expressed doubt as to whether municipalities could take such action.

Name Men Missing From Coast Crash

VANCOUVER, June 13 (CP)—Flt. Lt. C. M. Amos of Port Elgin, N.B., escaped with slight injuries and eight other crew members were reported missing, presumed drowned when their amphibian R.C.A.F. aircraft crashed into the sea June 9 near its Vancouver Island base, Western Air Command announced tonight.

Names of the missing include Flt. Lt. J. G. McKee, Vancouver; PO G. B. Morrison, Tuxedo, Arty. WO2 C. F. Coleman, Victoria; Sgt. A. F. Rydholm, New Westminster, B.C.; Sgt. E. O. Herlen, Saskatoon, Sask., and Sgt. C. M. Edwards and Flt. Sgt. J. C. Barlow, both of whose wives live near the air station.

Name of the eighth missing airman has not been released.

NAME McNAMARA WHEAT DELEGATE TO WASHINGTON

WINNIPEG, June 13 (CP)—W. C. McNamara has been appointed Washington representative of the Canadian Wheat Board, it was announced here today.

Invasion Masterly in Execution Declares Stalin

MOSCOW, June 13 (AP)—Premier Stalin paid tribute tonight to the Western front, declaring:

"The history of war does not know any such undertaking so broad in conception, so grandiose in scale and so masterly in execution.'

The Marshal of the Red Army added:

"History will take note of this achievement."

Stalin's statement was given to foreign correspondents at the Soviet Press Department.

Stalin described Hitler as "an hysteric" who bragged for two years that he would cross the Channel but never risked the attempt. He also pointed out Napoleon failed in his plan to cross the Channel and conquer Britain.

123 to 8 Vote on 2nd Reading Mutual Aid Bill

OTTAWA, June 13 (CP)—After a brisk debate the House of Commons tonight gave second reading to the $80,000,000 Mutual Aid Bill by a vote of 123 to 8.

Opponents of the bill just managed to muster the five members necessary to call for a formal division and on the vote eight opponents were in the House.

Interest in the debate centred on the speeches of two Quebec members, a recently appointed Minister and a former minister. Hon. P. J. A. Cardin, the dean of the House who sat in the Cabinet at the start of the war and resigned in 1942 on the conscription issue, opposed the bill and said Canada should not make gifts to countries which were richer.

Justice Minister St. Laurent answered him by quoting Mr. Cardin's own speeches as a Cabinet Minister to the effect that Canada should make an all-out war effort.

The bill, he said, was merely another step in implementing the policy of an all-out effort. It was just financing the contribution of materials to a common cause.

"This bill is not a gift to any one," he said. "It is a financing of part of the productive capacity of this country for the purpose of making instruments of war to be used to serve our cause, to defeat our enemies."

Finance Minister Ilsley, in closing the debate, said it was an exaggeration to describe Britain as an extraordinarily rich and powerful country and Canada as a very small and poor country. Britain, to a greater extent than any other country, had disposed of its foreign investments to carry on the war.

Canada, while its population was small, was a country of great actual and potential resources. More important, Canada was removed from the scene of the conflict and in a position to undertake production on a great scale. It was unthinkable that Canada should produce less than was possible.

Unity Hope of World – Churchill

LONDON, June 13 (CP)—Prime Minister Churchill, in a United Nations Day message, declared tonight that as final victory is approached it is fitting "we should emphasize unity which alone can make it possible."

"We honor the cause of the United Nations," Mr. Churchill said. "This is the cause of good men throughout the world. It is the cause which inspires energies and claims the loyalties of the greatest alliance that history has ever assembled to do battle against the powers of evil.

"As we draw towards the final victory for which we long, it is fitting that we should emphasize unity which alone can make it possible.

"Divided we can await nothing but confusion and ruin. United we have brighter hopes than have ever cheered mankind.

Torture-Robbers' Victim in Serious Condition

FORT FRANCES, Ont., June 13 (CP)—Mrs. Viola Jamieson, 48, of Flanders, Ont., victim of three torture-robbers, was in serious condition tonight in hospital here.

She is suffering from severe burns on her body, hands and arms as the result of tortures inflicted by the robbers at her home, 80 miles East of here, last Saturday.

Reports to Ontario Provincial Police told how three men entered her home, demanded money and when she refused to disclose its hiding place, administered a "fire treatment." Search for the men continued today.

U. S. Task Force Downs 141 Planes

13 Jap Ships Sunk, 16 Damaged in Powerful Operation in Marianas

PEAR HARBOR, June 13 (AP)—A United States carrier task force, operating for three days within 1500 miles of Tokyo, sank 13 ships, damaged 16 others and destroyed 141 planes with loss of 15 American aircraft, Admiral Chester W. Nimitz, Supreme Commander of the Mid Pacific area, announced today. The operation extended from last Saturday through Monday in the Marianas Islands.

The powerful force loosed its carrier planes Saturday on Guam, Saipan and Tinian Islands. The enemy sent scores of fighter planes aloft to contest the strike and lost 124 while attacking planes bombed and strafed ground objectives.

Aircraft of the carrier force struck again Sunday at the same islands, and extended the attack to Rota Island. Sixteen more Nipponese planes were destroyed. Two small cargo ships were sunk at Saipan, and a small oiler was sent to the bottom Northwest of the island.

A formation of Japanese ships, attempting to flee from Saipan, was surprised and 10 sunk and another 10 damaged. Those sunk were a large oiler, a destroyer, three corvettes, one large cargo vessel, one medium cargo and three small cargoes. Damaged were five medium cargoes and five escort vessels of unidentified type.

A second formation of enemy ships was spotted Monday several hundred miles away. Navy aircraft heavily damaged a destroyer escort, three destroyers and two cargo craft.

Win Heights in Kohima Push

KANDY, Ceylon, June 13 (CP)—The Allies have won a two-months battle for control of heights North and South of their East India base of Kohima with the capture of Aradura on the South and Japanese withdrawal from Naga Village on the North, it was announced today.

Removal of the Japanese menace to Kohima was described officially as "of vital importance to operations throughout the whole of the Eastern theatre."

CHINESE TAKE RANGE

NEW DELHI, June 13 (AP)—Press dispatches from Allied Headquarters said today Chinese troops have occupied the rifle range in Myitkyina, main Japanese base in North Burma, and other Allied units have taken an enemy strong point in the Southern part of the town.

To the Northwest Kamaing is under attacks by Chinese units which have pressed down the Mogaung Valley, and other elements are strengthening a circle around the town, these dispatches said.

Says Canada Will Stand at Australia's Shoulder

CANBERRA, June 13 (CP Cable)—J. Gordon Ross, Liberal Member of the House of Commons for Moose Jaw, and leader of a Canadian Parliamentary delegation now touring Australia, said at a state dinner here tonight that "any time there is trouble in the Pacific the Dominion of Canada will stand shoulder to shoulder with the Commonwealth of Australia."

Lt.-Col. E. T. Wickham, leader of the British delegation which is making the tour with the Canadians, told the gathering that at the earliest possible moment Britain would mobilize all its resources against the Japanese.

Nazis Claim Capture of Montebourg

NEW YORK, June 13 (AP)—A Berlin broadcast tonight recorded by NBC claimed that "Montebourg was captured by our forces" late today.

Montebourg, 14 miles South of Cherbourg was taken by Americans forces today after a bitter two-day fight.

4 EXILED GOV'TS RECOGNIZE FRENCH LEADER

Seek Recognition From Others; Unrest Increases

LONDON, June 13 (AP)—General Charles De Gaulle today won recognition of his Committee of National Liberation as the "Provisional Government of the French Republic" from four governments in exile.

Poland, Belgium, Czechoslovakia and Luxembourg announced their actions, as dthe French leader was seeking the same recognition from all United Nations.

De Gaulle was expected to pay an early visit to France, where the Allied invasion has spurred resistance of the underground forces, in the hope of winning public support for his Committee and to strengthen his hand before leaving for Washington to seek recognition by the United States.

De Gaulle conferred yesterday for a fourth time with President Wladyslaw Rackiewicz of the Polish Government-in-Exile, lending color to speculation that the latter plans to recognize the French Committee. Several other exile Governments were reported considering similar moves.

Reports from Spain, meanwhile, said that a German order that Frenchmen caught with arms would be shot had boomeranged and that thousands of new recruits are joining the underground. Many Frenchmen who took their arms home after the 1940 armistice have joined the guerillas, since they figured a search of their homes would mean death anyhow, the dispatches said.

Vichy officials were reported hiding in all areas outside localities garrisoned by the Germans while the underground organized for new blows against the Nazis.

Forts around Garonne in the Bordeaux area were packed with thousands of prisoners, word from Irun on the Spanish border said. Trains reaching the border brought reports of rail lines being knocked out by saboteurs, and dynamiting of some bridges.

One report from Spain said the Nazis were adding rigid food control to repressive measures against occupied France.

Mokmer Airdrome in Biak Island Now in Operation

ADVANCED ALLIED HEADQUARTERS, New Guinea, June 14 (Wednesday) (AP) — Mokmer Airdrome in Biak Island in the Schouten Group has been put into operation, Headquarters announced today.

Infantry troops on Biak pushed Westward toward Borokoe Airstrip as airplanes started using Mokmer Tuesday.

Mokmer strip is approximately 880 miles from the Philippines, closest Allied-held point to that enemy stronghold.

The Japanese raided Biak Sunday night with six planes, damaging an American destroyer and causing several casualties on land. Three planes were shot down.

MAJOR R. CHURCHILL REPORTED IN ROME

NEW YORK, June 13 (AP)—Marshal Tito's Free Yugoslav radio said today that Maj. Randolph Churchill, son of the Prime Minister, had gone to Rome. He has been a British liaison officer with the Yugoslav Partisans.

RUSS CRASH 2nd BELT OF FINN LINES

Great Army Within 30 Miles of Vital Viipuri Port

SEE FAST END

BY RUSSELL LANDSTROM
Associated Press Staff Writer

LONDON, June 13 (AP)—The second belt of Finnish defences, guarding the approaches to the old Mannerheim Line across the Karelian Isthmus, has been cleared and the onrushing Red Army now is less than 30 miles from Finland's vital port of Viipuri, Moscow dispatches said tonight.

Enemy broadcasts said Russia's whole Northern front from the Arctic to the White Sea and Gulf of Finland was blazing into action.

Finnish and German radio reports said the Russians were attacking in the Lisa sector between Murmask and Petsamo and there was strong reconnaissance activity in the Kandalaksha and Loukhi sectors some 250 miles Southward. Berlin also asserted the Russians were striking Southwest of Narva.

Kandalaksha is on the shore of the White Sea and Loukhi is farther South on the railway from Archangel across Finland to the Gulf of Bothnia.

Other Moscow accounts of the Northward drive by the troops of Col. Gen. Leonid A. Govorov called the attack by artillery, tanks, infantry and planes one of the mightiest combined operations the Soviets have yet attempted.

Finnish troops were fleeing so fast before the Red Army's advance that the Moscow radio said towns were being abandoned intact and there were predictions that Finland would be knocked out of the war by July 1.

Through Stockholm came advices the Finns were resentful of the fact that no help was being given them by the Nazis. The Finns, it was said, were ready to evacuate not only Viipuri, but virtually the entire Isthmus.

Reports from Stockholm and Berlin said the Finns admitted there was little doubt of the result. Soviet forces already had reached points beyond captured Raivola about 36 miles from Viipuri, Finland's second largest city.

A Stockholm dispatch said the Finns had begun evacuating Viipuri and other regions in the path of the Soviet offensive, although Helsinki dispatches reported Finnish troops were in process of "stabilizing the front."

30 Year Sentence Morals Charges

SANTA ANA, Calif., June 13 — (AP)—Capt. Morrison J. Wilkinson, United States Army flier, tonight was convicted by an army general courtmartial on morals charges involving a number of women and was sentenced to 30 years imprisonment at hard labor.

The flier was convicted on six specifications and acquitted on four.

Wilkinson stood stiffly at attention as Col. John C. Platt, Jr., president of the courtmial, read the findings and also notified him he was dismissed from the army.

The 28-year-old flier was found guilty of statutory rape charges made by Caprice Capron, 17-year-old nightclub dancer, who claimed he forced his attentions on her. He was acquitted on a specification of lewd and lascivious conduct in connection with her accusations.

French Appoint Administrator for Normandy Areas

ALGIERS, June 13 (AP) — The French Committee of National Liberation, serving notice that it expects the Allies to respect its authority within France, named civil and military administrators today for liberated regions of Normandy.

Francois Coulet was appointed "Regional Commissar of the Republic for the region of Bouen" to handle civilian administration and Col. Pierre de Chevigne was named "Commander of the Third Military Region." (Normandy).

Nazis Report Allied Ship Movements in Bay of Biscay

LONDON, June 14 (Wednesday) (CP)—The Nazi-controlled Vichy radio quoted a Berlin military spokesman today as saying that important Allied shipping movements had been observed in the Gulf of Gascony, in the Bay of Biscay near the Spanish frontier, in the last few hours.

Civil Service Reclassification Not Dealt With

VICTORIA, June 13 (CP)—Reclassification of the entire civil service, now awaiting government approval by order-in-council, was not dealt with at today's meeting of the Cabinet, Provincial Secretary George Pearson said.

The Daily Colonist said today that sweeping reorganization in the provincial civil service, which by reclassification may affect a majority of all permanent officials with salaries of from $3000 yearly down and bring pay increases to many, may be decided upon by the provincial executive.

Observers close to the administration said the cabinet has had a revised salary schedule and reclassification under advisement for three weeks.

The sum of $500,000 was set aside for the purpose in the estimates presented at the last session of the Legislature.

It is known that a committee of senior civil servants presented its final report to the government some weeks ago, and the cabinet's own decision must come shortly.

The recommendations are believed to be far-reaching and are said to include immediate reclassification for a majority of all permanent civil servants in the lower and middle income brackets.

At the last session of the Legislature the Coalition Government promised early steps to bring a revised list into effect.

Pacific Rangers to Carry on

VANCOUVER, June 13 (CP) — While any danger exists on the Pacific Coast, the Pacific Coast Militia Rangers, through their knowledge and experience, will serve the people of Canada, Lt.-Col. Thomas A. H. Taylor, Rangers Commanding Officer, said today.

Col. Taylor was commenting on resignations of three P.C.M.R. officers in Nanaimo, who said they felt the emergency had passed and that their usefulness was at an end. They agreed to serve again should the need arise.

Col. Taylor said his organization had proved its military value in many ways and he cited the recent finding of a missing plane crew.

"There has been no change in policy as far as we are concerned," said Col. Taylor. "Nor is it considered that there is no longer any threat to this coast.

"Until all danger is removed from this coast I do not anticipate any departure from our present arrangement," he said.

Escaped Nazi Air Force Prisoner Gives Himself Up

PORT ARTHUR, June 13 (CP) — Police announced tonight that Harry Abt, 27-year-old escaped German Air Force prisoner-of-war, walked into the police station here and asked to be locked up. Abt escaped yesterday from a lumber camp at Peninsula, Ont., 180 miles Northeast of here.

He was dressed in German Air Force grey trousers and blue coat and indicated that a heavy rainstorm was too much for him and wanted shelter.

WELL KNOWN B.C. LUMBERMAN DIES

VANCOUVER, June 13 (CP) — William Bruce Macdonald, 68, well known British Columbia lumberman and son of Hon. W. A. Macdonald, retired Justice of the B.C. Supreme Court, died today. Born in Brandon, Man., Mr. Macdonald lived in 34 years in Vancouver.

Penetrate Nearly 20 Miles

Front Stretches 90 Miles; Germans Smash Back at Carentan, Montebourg

By JAMES M. LONG
Associated Press War Correspondent

SUPREME HEADQUARTERS, ALLIED EXPEDITIONARY FORCE, June 13 (AP)—Spearheads of British armor and United States infantry stabbed five to seven miles today through broken woodlands midway between the German strongholds of St. Lo and Caen for the deepest penetrations of the invasion bridgehead—almost 20 miles inland.

The newest gains stretched the Normandy fighting front to 90 miles and gave the Allies a 600-to-700 square mile foothold in France.

American-captured Carentan and Montebourg—reached by the United States 4th Division stabbing toward Cherbourg—were under German counter-attacks of increasing strength with the battle line swaying to the impact of blows by both sides. Although the situation in that area was regarded as fluid, the Allied commanders viewed the overall picture as satisfactory.

Running their total of prisoners past the 10,000 mark, Allied troops "advanced generally in all sectors, particularly South of Bayeux between the Forest de Cerisy and Tilly sur Seulles," said tonight's midnight communique from Supreme Headquarters.

COMMANDER PLEASED

As the second week of invasion got under way, General Eisenhower, Allied invasion commander, said a message to his hard-fighting commanders and troops that "the accomplishments in the first seven days of the campaign have exceeded my brightest hopes."

Canada's troops in the great attack on the Western front also came in for praise from Lt.-Gen. Crerar, Commander of the Canadian 1st Army, who told correspondents at his headquarters that it "will be difficult if not impossible to exaggerate" the importance of the Canadian contribution to the Allied assault.

Montebourg, 14 miles from Cherbourg, fel lafter a bitter two-day street fight, field dispatches said. German troops rally at Valognes, four miles North of Montebourg and 10 miles from Cherbourg, counter-attacked American patrols reached the outskirts of Valognes.

The greatest Allied penetration was between Cerisy forest and Tilly sur Seulles where the American and British-Canadian wings join. The United States 1st and 2nd Divisions joined up with a British armored force to stab forward East of St. Lo. Great numbers of surrounded German troops surrendered there, field reports said.

At the Eastern end of the long Allied line moving into Normandy, which field dispatches said now extends 90 miles around the bay of the Seine, British troops lanced six miles across the Orne River estuary and outflanked the German anchor point of Caen by capturing Troarn, road junction seven miles East of Caen.

Fierce fighting by British-Canadian troops was reported at Tilly sur Seulles. The Canadian 3rd Division, the British 3rd and 50th Infantry Divisions and the British 6th AirBorne Division were in action in the Eastern end of the front, pitted against the German 21st Tank and 12th Elite Tank Divisions and the 716th Infantry Division.

Allied warships and planes kept German E-boat interference to a minimum as reinforcements poured into the widened invasion area on the eighth day of attack.

The capture of Troarn by the British and Canadian troops cut Caen's East-West communications on both sides of the city, but Field Marshal Rommel's troops still had possession of several roads leading into Caen from the South.

The British forces were fighting what was described as a terrific "road-blocking" and offensive action at the Eastern hinge of the front, keeping German reserves of Rouen and other inland areas from interfering with the American drive to choke off the top of the Cherbourg peninsula and grab Cherbourg as a means of speeding the landing of Allied equipment and reinforcements.

Fierce tank battles still raged at Tilly sur Seulles, midway between Cae and the Cerisy forest. Tilly continued to change hands with each British-Canadian attack and German counter-attack, dispatches said.

REPORT BIG ADVANCE

A "big advance" was reported Southeast of Bayeux in the Tilly direction as the Allies strove to get commanding high ground around that junction.

It was estimated officially that the Germans had hurled 250,000 men into the Normandy fighting—one-fourth of the total Axis strength in Western Europe.

German broadcasts said the Americans again had landed air-borne troops during the night on the West side of the Cherbourg peninsula near Coutanes. This would be at the rear of the Axis troops fighting near Carentan, 20 miles to the Northeast. It was known that the United States 9th Air Force troop carrier command had dropped more American troops in the battle area, but the sector was not officially disclosed.

As the United States 4th Division spread out on the approaches to Cherbourg, engulging Le Ham, 3½ miles Southwest of fallen Montebourg, other American troops striking up the coast apparently were beyond Quineville, four miles East of Montebourg, and nearing St. Vaast-la-Hougue, 15 miles due East of Cherbourg.

A German broadcast said fresh Allied troops had landed by air and from the sea near St. Vaast under cover of the big guns of Allied warships hammering Nazi coastal fortification.

Six American divisions now are known to be in action. Besides the 4th, there are the 1st and the 2nd Division. The 1st and 2nd are teamed up in the push on St. Lo. The others, operating in the middle of the American lines and fanning out across the narrow part of the peninsula, are the 29th Infantry and the 82nd and 101st Airborne Divisions.

The American seizure of Ponte L'Abbe put the Americans within five miles of the mid-peninsular road between Valognes and la Haye du Puits, and with in eight miles of La Haye which is a junction on the Western coastal road leading into Cherbourg.

Caen in the East, which has been an Allied objective from the beginning, was rocked Monday night by a heavy bomber attack, and the Allies also were shelling it with their artillery. The capture of Troarn was the first big gain in this desperately defended area since the British 6th Airborne Division landed on D-day, June 6.

GIVE THIRD READING TO AID BILL

OTTAWA, June 13 (CP)—The Commons tonight gave third reading on division to the $800,000,000 mutual aid bill shortly after the measure had been given second reading by a vote of 123-8.

The bill moved quickly when it advanced to the clause by clause study stage, and when it was adopted the House gave second reading to the Quebec Savings Bank Act.

British Lumber Delegates at Coast

VANCOUVER, June 13 (CP) — Headed by J. C. Patteson, Canadian representative of the British Ministry of Supply, four representatives of the British Government arrived here today to negotiate post-war shipments of B.C. lumber to Great Britain.

Mr. Patteson said the group hoped for a two year program which would call for a slightly larger total than now is being shipped overseas from Canada.

PRISONER ESCAPES

BRANDON, Man., June 13 (CP)—Royal Canadian Mounted Police today announced that Harold Lawson, a prisoner at the Provincial Jail here, escaped via a coal chute yesterday.

Lawson was serving a one year sentence on a charge of false pretences, with a concurrent one year term on a theft charge.

RHINO FERRY SHUTTLES BACK AND FORTH ACROSS ENGLISH CHANNEL TO COAST OF FRANCE: Above is a "Rhino Ferry" in profile as it moves toward the shore with a full cargo topside. They can handle every type of cargo and land on almost any type of shore. These self-propelled pontoons are today shuttling back and forth under fire, providing highroads for men and materials to roll ashore on Fortress Europe.

I.O.D.E. Donates $1000 to Kokanee; Hear of Canteen Work Overseas

Mrs. Robert Thompson, wife of Gunner Thompson, who recently returned from overseas service, spoke briefly on a day in a canteen in England at the Kokanee Chapter I.O.D.E. meeting in the Legion Tuesday.

She said that the women work from about 9:30 to 1:30 at the Canteen, then they were off till about 6:30, during which time they visit the sick and wounded in the hospitals, writing letters for them or assisting in whatever way they could. At 5.30 they returned to the canteens and worked till about 9:30. At the Field Headquarters canteen about 9,000 men go through daily for their cups of tea, etc. At night these same women were on call at all times during raids.

The speaker said that they were often called out of their beds several times during the night to help put out fires, etc. Mrs. Thompson asked that the women of Canada remember this and help in every way they could by sewing and knitting articles which are greatly appreciated when received in England.

APPROVE DONATION

It was reported that at a special meeting held in May a motion had been passed to send $1,000 to the adopted ship H.M.C.S. Kokanee, $500 of this going to canteen work and $500 to the wardrobe. The meeting approved this report.

A letter from Commanding Officer W. H. Wilson of H.M.C.S. Kootenay, the second ship adopted by the Chapter and the City of Nelson, was read. He mentioned the following articles as being welcome gifts: ash trays, cribbage boards, darts, checkers, playing cards, phonograph records, combs and thermos bottles. The Chapter hopes that some of these will be donated but they are giving $200 towards buying electrical appliances and larger items which were mentioned by the Commanding Officer.

A letter of thanks was read from the Junior High Cadets for the Union Jack given them on Empire Day.

A letter from Mrs. G. S. Godfrey's daughter, who is with the Wrens in Quebec, was read telling of the hostel which the I.O.D.E. Chapter there maintains for the girls in the services.

PLAN HONOR ROLL

Mrs. Williams offered to make an honor roll for the Chapter. This will be framed and hung in the meeting room.

It was decided to donate $25 to the Red Cross for their jam making this year.

Mrs. George Lambert read several letters from pupils of the LaFrance School, thanking the I.O.D.E. for the assistance they are giving.

Mrs. A. S. Read reported on the work of the Girl Guides. Two of the girls had won the Gold Cord. She said that the girls are studying for their Guide badges and that Mrs. H. Houston is to test them for their sewing and Mrs. A. L. Creech for their cooking.

Plans were made for seeking a renewed interest in sewing and knitting and the Regent, Mrs. John Cartmel, expressed the hope that the members would do all they could in this important work.

Mrs. G. F. Hunter was Convener of the Tea Committee with Mrs. Waters, Mrs. H. H. Fehner, Mrs. C. F. Hunter, Mrs. W. Holmgren, Mrs. Hanna, Mrs. G. Hover and Mrs. R. Horner assisting.

Review I.O.O.F. War Work

VANCOUVER, June 13 (CP) — Meeting on the 80th anniversary of the I.O.O.F. in British Columbia, the 53rd annual session of the Grand Encampment got under way here today with Grand Patriarch Arthur Webb of Trail, B.C., in the chair.

The war work of the I.O.O.F. was reviewed, covering the period from June, 1940, to June, 1944. During this time the Order in this Province has contributed $32,372 to the Red Cross, British and Allied charities.

Included in the gifts to help the war effort were three ambulances, a six-bed unit in Taplow Hospital, England, two utilicon kitchen vans, a kitchen trailer, one surgical unit, two hospital units, blood donor equipment valued at $1,000 for use in British Columbia, and prisoner-of-war parcels totalling 4500 and costing more than $11,250.

The Grand Encampment was urged to fully support the Grand Lodge in the necessary drives for funds. The objective last year was set at $7,000 and $10,000 was collected. The objective has been again set at $7,000 for the coming year.

The Rebekah Assembly meets Tuesday, Wednesday and Thursday. More than 200 men and women delegates are in attendance.

Accept Resignation of Principal of Knox College

TORONTO, June 13 (CP)—The General Assembly of the Presbyterian Church in Canada tonight decided to accept resignation of Rev. Thomas Eakin as Principal of Knox College, Toronto, effective on Sept. 30, but adjourned until tomorrow the debate on appointment of a successor.

Prof. W. Harvey Jellie, previously asked to retire from the Presbyterian College at Montreal, asked permission of the Assembly to be heard tonight.

Prof. Jellie said he "threw himself on the mercy of the Assembly" and that he wanted his case to remain "in status quo for another year." He said there was no retiring age in the Presbyterian Church.

Short Circuit Sets Pole on Fire

A short circuit on a transformer pole near the Nelson ferry at Lakeside Park set the pole ablaze Tuesday night and the Nelson Fire Department was called to the scene. Little damage was caused.

PRINCIPAL FINED FOR ASSAULT OF PUPIL

NORTH VANCOUVER, B.C., June 13 (CP)—Frederick C. Stevenson, principal of Queen Mary's Junior High School here, was fined $5 and costs in police court today when convicted on a charge of common assault against a 14-year-old pupil.

Police said the pupil had been whistling in the corridor of the school. The principal told the boy to stop whistling and, according to evidence, ordered him to his office where he struck him on the nose, drawing blood.

Heads Scout Council

OTTAWA, June 13 (CP) — Dr. H. J. Cody, President of the University of Toronto was elected today as President of the Canadian General Council of the Boy Scouts' Association at the annual meeting here. He succeeds the late Sir Edward Beatty.

Ranger Unhurt as Train Passes Over Him

SALMON ARM, B.C., June 13 (CP) — A freight train passed over Forest Ranger Paul Neilson of nearby Sicamous yesterday but he suffered only a few minor bruises.

Neilson's foot had become caught in the open ties of a railway bridge. He saw the freight train coming and immediately threw himself as flat as possible between the rails.

The train passed over him.

"When that cow-catcher came near me it sure looked awfully wicked," was all he would say today of his experience.

D. McCuaig of Nelson Aids in Invasion Landings

Among the thousands of naval personnel who manned the landing craft which took the first troops to their landing points on the invasion beaches of Europe was Motor Mechanic Dewett McCuaig of Nelson. Some 24 other B.C. boys in the Royal Canadian Navy took part in this first wave of Allied might against the invasion beaches.

McCuaig, who has sailed on the H.M.C.S. Trail, H.M.C.S. Lachine and the H.C.M. LC1 (Ls), is the son of Mrs. Elsie McCuaig, 621 Houston Street. Another son, Alex, is serving with the 18th Kootenay Forestry Company while a third son, Duncan, has been in the Navy for 12 years.

Germans Hire Women Snipers

A BRITISH PORT, June 11 (Delayed) (AP)—A Frenchwoman declared to have been shot while serving as a sniper for the Nazis in the Cherbourg Peninsula sector was brought into this port today on a United States hospital ship carrying 279 other wounded, mostly American soldiers but including 38 injured Germans.

Her name was Audette Chraud and she said she was 31. She denied she had aided the Germans and asserted she had not fired on American troops but her status as a hired German sniper was accepted without question by the Commanding Officer on the ship, Maj. Edward Wagenaar, Constantine, Mich.

Sitting in his cabin after bringing his shipload of wounded across with but a single death—that of a 16-year-old Nazi soldier — the Major told bitterly:

"Our own men over there have told us of scads of Frenchwomen who get so much a head for killing Yanks. You'd be surprised at the number of casualties that were hit by women. It just looks as if in that particular area there are too many Frenchwomen who are pro-Nazi."

Warns Allies Not to Set Up Civil Gov't in France

WASHINGTON, June 13 (CP) — A Washington spokesman for the French Committee of National Liberation, which now calls itself the temporary Government of France, said today the Committee would not recognize any civil administration which the Allied armies set up in France.

The spokesman added if the Allies attempted to set up civil Government in France without the co-operation of the De Gaulle Committee, they would "get into trouble up to their necks."

Temperatures

Rain continued in Nelson Tuesday with the fall during the day measuring .23 inches. Temperature extremes for the 24 hours ending at 5 p.m. were 62.1 and 43.7 degrees.

Miss B. Oliver Weds at South Slocan

SOUTH SLOCAN, B.C.—A very pretty wedding was solemnized at St. Matthew's Church in South Slocan, June 8, when Beatrice Mary, only daughter of Mr. and Mrs. W. J. O. Oliver of South Slocan became the bride of Henry Roy, son of Mr. and Mrs. R. Mills of Nelson. The church was prettily decorated with Spring flowers. Rev. Mr. Silverwood of Nelson officiated.

Given in marriage by her father, the bride chose a flowered silk jersey dress with a Juliet cap of Irish needlepoint held in place by a wreath of white pinks. The brides only ornament was a string of pearls, gift of the groom. Her bouquet was white carnations with maiden-hair fern.

Miss Jessie Paterson of Nelson was bridesmaid and chose a brown and white flowered dress with a head dress similar to the bride's. Her bouquet was of pink carnations and maiden-hair fern. The groom was supported by his brother, Robert. Mrs. Harvey Stone played the wedding march and during the signing of the register Mrs. H. Stone sang "When Song Is Sweet" accompanied by Miss Mae Bowkett. After the ceremony a reception was held at the home of the bride's parents. The toast to the bride was proposed by Rev. Mr. Silverwood. For travelling Mrs. Mills wore a two-piece brown dress with white accessories. Her corsage was of gardenias. After a short trip the couple will reside in Nelson.

Roman men used to tattoo the veins in their arms with blue paint.

Two German Leaders Have Quarrel

SUPREME HEADQUARTERS, Allied Expeditionary Force, June 13 (AP)—Reports reaching here from the Continent tonight indicate a new quarrel has broken out between Marshal Rommel, Immediate Commander of the defending forces, and his superior, Marshal von Rundstedt.

Reports that Rommel had been removed from his command was received here with skepticism.

Rommel was reported by underground forces to have insisted Von Rundstedt, overall German Commander in the West, throw in strategic reserves to break the Allied beachhead.

Von Rundstedt, however, fearing further Allied landings, is said to have declined, ordering Rommel to get along with what he had. Hitler himself was reported to have arrived on the scene and set up a headquarters at LeMans, about 100 miles behind the lines, where the two leaders took their quarrel to him.

It was considered unlikely here that Hitler removed his old favorite Rommel, who long has been one of his closest Nazi henchmen.

Many Friends Pay Final Tribute to Alex Grant

With St. Andrew's Church well filled and a long cortege of cars accompanying the remains to the Kaslo cemetery, honors were paid to the late Alex Grant of Ainsworth, Monday. Many life long Kaslo friends were in attendance and citizens of Ainsworth attended en bloc testifying to the sterling character of Mr. Grant who had spent upwards of 40 years in the District.

Rev. H. J. Armitage, in his address, stated that on enquiry, he met the universal testimony that Mr. Grant was a "good man". As all good emanates from God, he described Mr. Grant as a God-fearing man, delighting in the simple and true qualities of nature and those about him.

Among the mourners were a nephew, Patrick Murphy of Vancouver, and Alderman and Mrs. Ross Fleming of Nelson, the latter a second cousin of Mr. Grant.

A wonderful wreath from "Ainsworth Friends" featured a fine display of flowers. Hymns sung were "Unto the Hills Around Do I Lift Up My Longing Eyes" and "Abide With Me". Mrs. S. H. Green officiated at the organ.

Pallbearers were George Hobbs, Jack Fletcher, John Cosetta, H. S. Currie and Thomas Hawes, all of Ainsworth.

King Leopold Carried Off to Germany

LONDON, June 13 (AP)—Nazi-occupied Europe was in ferment tonight as the puppet Vichy Cabinet was reshuffled to hold down the lid in France and the Germans carried off Belgian King Leopold to captivity in Germany—an act apparently inspired by fear the Allies will soon drive into Belgium.

Official French sources reported patriots had smashed German communication lines and were increasingly attacking the Germans in the Interior of invaded France.

Premier Hubert Pierlot of Belgium told his homeland in a broadcast that the removal of King Leopold was "one of a series of measures decided upon by the Germans in anticipation of the arrival of the armies of liberation."

No Change in U.S. Policy on French Committee

WASHINGTON, June 13 (CP) — President Roosevelt told a Press conference today there has been no change in the United States' policy of non-recognition of Gen. de Gaulle's French Committee of National Liberation, and capital reports said the American policy had the backing of Great Britain.

It is understood the United States is willing to give the committee full opportunity to administer liberated French areas where the population accepts it but is opposed to recognizing the committee as a provisional Government until a liberated French people can make its views known.

East Kootenay Power Has Deficit

VANCOUVER, June 13 (CP) — East Kootenay Power Co.'s annual report for the year ending March 31 shows a deficit of $3219 against $9569 the previous year. It operates in the coal district of East Kootenays, with headquarters at Fernie.

Gross revenue was highest since the war at $750,381, up $18,520. Operation costs were $364,775, up $44,273.

Taxes and interest were about $13,000 from the previous year.

Surplus is $63,373, against $70,192.

"Difficult to Exaggerate Importance of Canadian Contribution" - Crerar

BY LOUIS V. HUNTER
Canadian Press War Correspondent

FIRST CANADIAN ARMY HEADQUARTERS, Somewhere in Britain, June 13 (CP-Cable)—Lt.-Gen. H. D. G. Crerar, Commander of the 1st Canadian Army, told correspondents today "it will be difficult if not impossible to exaggerate" the importance of the Canadian contribution to the "vast and decisive" assault on France.

The genial Commander made the statement at the conclusion of a comprehensive off-the-record conference with Allied war correspondents and gave permission for this portion of his remarks to be reported.

"I do not need to emphasize the eagerness with which I and all ranks of the Canadian Army, wherever located, have been following the fortunes of all the forces engaged in the assault landing and the pride which we share in the magnificent part played by Canadians.

We knew beforehand how well these specially - trained Canadian troops would carry out a difficult and vitally-important task. The enemy certainly shares that knowledge now.

"I believe that when the time comes that the complete story of the preparations and plan for this vast and decisive Allied assault landing can be revealed the importance of the Canadian contribution to its success will be fully realized.

"It will be difficult if not impossible to exaggerate it.

"During the last year in Sicily and Italy and now in France, Canadian troops have shown their great and inherited qualities. You can count on it they will continue to do so until the end and will spare themselves nothing to ensure that final victory suffers no delay."

Other Assaults to Come

WASHINGTON, June 13 (CP)—A promise from Gen. Eisenhower that fighting strength would be poured into France, not only through the present beachhead but "through others yet to come" was the highlight of revelations made by President Roosevelt today at a press conference.

This intimation that other assault upon Nazi Europe are pending was contained in a communication received by the President yesterday from the Supreme Allied Commander.

Eisenhower said the "first great obstacle" had been surmounted and, "satisfactory as is the progress of this battle to date it is but a mere beginning to the tremendous struggles that must follow before final victory is achieved."

Vast as these operations were, he added, they were "only a part of the far larger pattern of a combined assault against the fortress of Germany by the great Russian armies from the East and our forces from the Mediterranean."

Approve Happy Chong Application for Naturalization

Application of Happy Wong Chong, Christian Chinese, well known in Nelson and Trail, for naturalization was recommended Tuesday morning by His Honor Judge W. A. Nisbet in County Court. The application must be finally approved by the Secretary of State, Ottawa, before citizenship is granted.

The applicant, who came to Canada from his native China first in 1919, is resident at Vancouver. Previously he operated the Savoy Cafe at Trail and then the Star Cafe at Nelson. He had visited China in 1924 and again in 1933 since making his home in this country.

Vernon Saw Mill Destroyed by Fire

VERNON, B.C., June 13 (CP) — Fire of undetermined origin today destroyed a saw mill near here with damage estimated at more than $10,000. In addition to the mill, the blaze flashed through half a freight car full of ties and 25,000 feet of lumber. There was no insurance to cover the loss. The mill had a capacity output of 1,000,000 board feet annually.

R.C.N. Assumes Heavier Work

OTTAWA, June 13 (CP)—Canada has assumed "considerably increased responsibilities" in North Atlantic escort work, Navy Minister Macdonald said today in the Commons a few hours after announcing that th frigate Prince Rupert had helped to destroy a German submarine and captured 14 prisoners.

Mr. Macdonald did not elaborate on his reference to increased responsibilities but it was believed the Canadian Navy had assumed a major portion of convoy duty in the Atlantic now that virtually all available British and American warships were needed to keep open communications across the English Channel. It previously had been announced that Canada was responsible for 4[illegible] per cent of escort duty.

Referring to Canadian naval participation in the invasion, the Navy Minister said that out of 100 Canadian ships involved only a few landing craft had been lost and of 10,000 naval personnel participating losses had been "negligible."

Wants Reduction Passenger Travel

TORONTO, June 13 (CP) — A four-point program designed to cut down unnecessary passenger travel was outlined today by T. C. Lockwood of Montreal, Transport Controller, in an address to the 73rd annual convention of the Canadian Manufacturers' Association.

Mr. Lockwood suggested: Greater use of mail, telegraph and telephone rather than the seeing of a representative to transact business;

When it is found necessary to send a personal representative, that one, rather than two or three, or the fewest possible number, be sent; and that any travel which leads to or augments heavy concentrations of travel, such as weekends and holidays, be scrupulously avoided.

Mr. Lockwood said that a 20 per cent decline in week-end travel had been recorded this year and as the movement of service personnel has remained "more or less stationary," the reduction has been entirely in civilian travel.

Morley J. Pape, President of the Canadian Automotive Transportation Association, said nothing must be allowed "to hinder the natural growth and use of highway transportation" in the post-war period.

L. A. W. Doherty, General Freight Traffic Manager of Canada Steamship Lines, Limited, said there is a "serious waste of time and effort" in the receiving and delivery of package freight, largely due to the shipping facilities of many industrial plants being inadequate to deal with the increased business.

Inspector G. B. McClellan of the Royal Canadian Mounted Police, Toronto, outlined the steps taken by the Force for the protection of wartime industry, while Fire Chief G. C. Maitland of Victory Aircraft Limited, Malton, Ont., told of fire brigade oganization at the plant.

W. L. Clairmont of Ottawa, Dominion Fire Commissioner, said cities should be rebuilt to make them immune fro mthe danger of sweeping fires without the need of manual fire fighting methods to prevent the spread of fire from building to building and from block to block.

He recommended a campaign for further recognition of the "personal responsibility" for preventable fires. General acceptance of this responsibility would be "a major factor in decreasing loss of life and property."

CHURCHILL AND U.S. NAVY CHIEF RECEIVED BY KING

LONDON, June 13 (CP)—Prime Minister Churchill and Admiral King, Chief of United States Naval Operations, were received by the King today.

Nazi Tortured U. S. Paratroopers

NEW YORK, June 13 (AP)—Stanley Richardson, NBC reporter from London, said in a broadcast from London last night that there is "indisputable evidence that the Germans tortured and murdered" American paratroopers during the early hours of the Normandy landings.

Richardson, who had just returned from Headquarters of an American Airborne Division near Carentan, said in one instance the bodies of three American enlisted paratroopers, stripped to the waist, with their hands bound, were found in a heap beside the wall of a former German Command post.

"There is every indication," said Richardson, "that these Americans were executed after they had been captured, in violation of the rules of war."

In a second case the body of a Second Lieutenant was found with his throat cut and a German Army knife beside him. Richardson said that according to the men of the Command Post who discovered the body, the officer "landed in a tree and was murdered as he hung helpless there."

A third case concerned a Major who was found in a village "dead of multiple stab wounds," Richardson declared.

Students, Married Women Are Main Source for Increasing Workers

TORONTO, June 13 (CP)—More strenuous measures regarding the employment of school students and married women are the only main avenues remaining to increase Canada's working population, Arthur MacNamara, Director of National Selective Service said today.

Mr. MacNamara, speaking at the annual meeting of the Canadian Manufacturers' Association, warned that Canada is headed into the most acute labor shortage the country has ever faced—a shortage that will probably reach a peak in October.

At Dec. 1, 1943, some 57 per cent of the Canadian population, 14 years and over, were in the armed forces or employed and now the figure has probably reached 62 per cent.

"We will increase that 57.3 per cent in 1944, but to a limited extent, for we are nearing the peak of our capacity, unless we resort to more strenuous measures regarding young people at school and married women," he said.

There could be no assurance that labor requirements would be met.

Mr. MacNamara appealed to employers to meet their labor problems, as far as possible, in their own plants.

At June 2, there was need of 134,117 men to fill job vacancies, other than logging and farming, and the figure—double that of February—was mounting rapidly, he reported. In addition there were 67,323 vacancies for women. Beyond this need was the requirement of the armed forces for 98,000 men in 1944.

Sweden to Reduce Nazi Shipments

WASHINGTON, June 13 (AP)—Sweden has agreed to make a very substantial reduction in shipments to Germany of ball-bearings vital to the Nazi war effort, it was learned today.

The agreement was negotiated by Stanton Griffis, special representative of the Foreign Economic Administration, directly with the SKF Ball Bearing Company.

It is a compromise between the British, American and Russian demands that Sweden eliminate all ball-bearing shipments to Germany and the argument of the Stockholm Government that it could not make any reductions.

Good Showings From District Fruit Crops Indicated; Bees in Demand

VICTORIA, B. C., June 12 — Showings for a heavy crop of strawberries in some Kootenay and Arrow Lakes fields, and indications of good crops in cherries, apricots, peaches, pears and most varieties of apples are reported in the Department of Agriculture fortnightly news-letter.

Weather of early June was beneficial. The moisture was of great value to most crops, the hot weather crops being the exception, but with hotter weather these would come on with a rush, it was expected.

CATERPILLARS TROUBLESOME

"Strawberries are still in bloom but the peak in most sections is passed. Some fields are showing a heavy crop and have come through the blossom stage without any frost damage," it was reported. "Some berries are starting to show color in the early sections and on early varieties. Sovereigns, however, will not reach the markets in quantities much before June 25. Some early berries should be available by June 15. Raspberries are showing a heavy bloom which is now about the peak stage. Currants and gooseberries are developing satisfactorily.

"The set on cherries appears to be quite heavy, but the usual June drop is yet to come. However, under good weather conditions the cherry crop will be a very large one. Apricots and in most cases peaches, have set well, as have pears and most varieties of apples. The McIntosh set in some orchards has not been good, with most other varieties fair to good.

Orchards generally are quite free of insect injury. Apple scab so far has not caused any serious trouble, and fruit and foliage are quite clean in sprayed orchards, and the unsprayed orchards are much cleaner than usual of this disease. Caterpillars are causing some trouble where no spraying has been carried out. Calyx sprays for codling moth and apple scab control have been completed and the first cover sprays have been applied by June 10.

Pastures and meadows of the Creston area have benefitted greatly from the cool and showery weather. Bush fruits were sizing up and gave promise of good yields. Early gooseberries are expected to be ready shortly. The coolness had delayed the maturing of strawberries. Raspberries were recovering from effects of winter freezing, and a good average crop is expected.

Cherries are just beginning the June drop and seem to have set well. Plums promise well, but prunes are spotty, as the set appeared poor in many places. Poor pollenization might partly be blamed for this, but Winter frost in the soil might have more to do with the early drop. All trees bore a heavy crop last year and may consider themselves entitled to a rest this year. Pears, especially early varieties, have set well, and a record crop can be expected, but to insure better quality and size the grower may have to thin Bartlett trees to prevent limb breakages. Apples, according to latest reports, vary a lot, but the consensus of opinion is that all the younger trees, especially McIntosh, hhve an excellent set, but older trees are only average. This may mean that an increase can be looked for in the average size of the fruit, and less expense to the grower in thinning the crop.

BEES IN DEMAND

Small fruits gave indication of being slightly heavier than last year in the Grand Forks section.

Tree fruits looked fair to good and orchardists were able to get the necessary sprays applied without being unduly delayed by weather conditions. Indications now point to a fair to good crop of apples, although first showing with profuse quantities of blossom gave the impression of crops being much heavier. There is also the June drop to consider. Foliage is clean and so far free from scab.

Seed crops, annual and biennial, were making progress. Onion seed heads were forming rapidly, and carrots looked healthy. Seedling onions were battling with the usual insect pests, and were retarded slightly in growth because of cooler weather and low soil temperature. Wireworms are especially numerous.

Package bees have been in great demand. Some buyers have been disappointed in not being able to get delivery on account of shortage of bees and queens. Interest in bee-keeping throughout the seed growing district is on the increase.

GERMANS DENY WOMEN SNIPERS AT FRONT

LONDON, June 13 (CP-Reuter)—A German High Command spokesman, taking note of Gen. Montgomery's statement at an Allied press conference that women snipers had been in action on the German side, declared, according to the German Transocean Agency:

"There are no women snipers at German strongpoints on the Atlantic wall.

"It may be that some women employed as auxiliary signallers were seen at these points."

Bombers Blast Munich, Ruhr

By GLADWIN HILL
Associated Press Staff Writer

LONDON, June 13 (AP)—Targets in Germany were bombed today as hundreds of other aircraft on the West front provided support for Allied forces in Normandy.

Italy-based bombers in strong force, escorted by fighters, attacked targets in the Munich area and at Innsbruck in Austria.

Several hundred British-based heavyweights pounded German airdromes behind the battle lines in France—following a night attack by more than 1000 R.A.F. and R. C. A. F., bombers against German transport facilities and the synthetic oil manufacturing centre of Gelsenkirchen in the Ruhr.

Lighter planes gave the beachhead forces tactical support by smashing at targets in the Normandy peninsula as well as far inland.

Supreme Headquarters of the Allied Expeditionary Force announced that five landing strips were in use on the Normandy beachhead. Yesterday's sorties from England and the beachhead totalled more than 700. In air borne operations last night, skilled air personnel and combat troops were flown to the beachhead.

Striking at the Munich area for the second time within a week, 15th Air Force bombers pounded airdromes, factories and railyards as well as oil plants.

Rail yards at Innsbruck and oil factories at Porto Marghera, near Venich, were attacked by other formations.

After the R.A.F.-R.C.A.F. night raids, which included a 1568 ton load of explosives and incendiaries on Gelsenkirchen, the daylight precision bombers went out and medium bombers also attacked.

The giant bombers, escorted by fighters, rained explosives on airdromes at Evreux-Fauville and Reux-Illieres-L'Eveque. Clear weather made possible visual bombing.

The mediums attacked railroads, fuel dumps and other targets in close-up support of the beachhead forces.

The Berlin radio told of heavy air battles raging over the whole invasion area and said Allied planes had penetrated to Bavaria and Franconia. Other daylight raiders were reported in small numbers over Western and Northern Germany.

The R.A.F.-R.C.A.F. force included in its overnight targets bridges near Caen, centre of some of the heaviest fighting in the Allied invasion drive, and Cologne in Western Germany — an important railway hubs.

The Luftwaffe sent a few planes over Southern and Eastern England, and got one lone plane through to London for the first time since April 27.

Twenty-three heavy bombers—including 13 Canadian craft—were lost in overnight attacks on railroad centres in France and 17 more in the attacks on Cologne and Gelsenkirchen.

Four of the medium bombers and fighter-bombers were shot down. Ten German ships fell to the Allies—six to Canadian marksmen. Three of these were shot down by Canadians in assaults on French railyards and another three were downed by R.C.A.F. beachhead Mosquito patrols.

One of the German raiders over Britain was shot down.

"A Real Leader!" Russians Enthuse Over Churchill Visit

MOSCOW, June 13 (AP)—The Russians obviously were deeply stirred today by news of Prime Minister Churchill's visit to the Normandy beachheads.

"A good fellow! What a person! A real leader!" were some of the exclamations heard from a long line of those buying newspapers.

TWO VANCOUVER FLIERS KILLED AT MACLEOD

LETHBRIDGE, Alta., June 13 (CP)—Two Vancouver airmen stationed at No. 7 Service Flying Training School at Macleod were killed in a mid-air collision yesterday, Royal Canadian Air Force officers announced today.

Dead are PO. Gilbert W. M. Breeton of North Vancouver, and Lac. Morris Zuback of Vancouver.

Occupants of the second plane involved in the collision were unhurt.

The MILDEST CIGARETTE YOU CAN SMOKE

A Buckingham is the mildest cigarette you can smoke, because it is mild, where mildness counts most – *in the throat*. A Buckingham is "*Throat Easy*" because it is blended from tobaccos that are naturally cool-burning, cool-smoking.

For a *milder* smoke, and a more satisfying cigarette in every way, try Buckingham. You'll never again be satisfied with anything less in a cigarette.

JUST WATCH YOUR YOUNGSTERS come pelting into the house lickety-split once they get to know what "Campbell's Chicken Noodle" really means. For boy-oh-boy, this soup is rich with the flavour of fine, plump chickens.

Just taste that delicious broth — slow-simmered the way they made chicken noodle soup in the good old days! Look at those pieces of tender chicken meat! Yes sir — and good egg noodles — plenty of them in every bowl.

That's the kind of hot dish that "peps up" cold summer meals. It sure is tasty — and better still, it's downright nourishing. The kind of good wholesome soup that folks need for energy in war-time days.

Remember — this isn't just noodle soup, it's *Chicken* Noodle Soup. Look for Campbell's familiar Red-and-White label.

B.N.A. Act Need Not Bar a Just Old Age Pensions Plan

When Hon. J. L. Ilsley the other ay gave his blessing to the idea of ontributory Old Age Pensions for all, e again raised the difficulty of proincial rights.

Altogether too much is being made the constitutional angle of Social ecurity problems. The British North merica Act is being used as a sort of scape hatch. Once the Dominion overnment makes up its mind to intitute federal Health Insurance, fedral Old Age Pensions and similar easures there need be no insuperable ifficulty with the provinces.

In the case of Old Age Pensions he provinces today are contributing art of the cost. That obviously makes he question one of federal-provincial elations, but it should not be anything of the sort. Pensions should be s completely federalized, except for dministration, as Unemployment Insurance, with one law, one scale of ontributions, one scale of benefits for ll Canada.

It is not so many years ago that the Government at Ottawa took the view hat unemployment relief was purely provincial and municipal responsibility. The Federal Government was not going to "put up a five-cent piece" for relief. The course of events forced a change in viewpoint. It was not long before the Dominion Government began to contribute; it was not long after that before the Dominion increased its percentage of contributions. In addition it loaned to the provinces a large share of the provincial contributions and if it ever gets back much of this money from some of the provinces it will probably be a surprise to the Department of Finance at Ottawa.

Finally, we did the logical and the sensible and the practical thing. We introduced Dominion-wide Unemployment Insurance.

It is true that in this instance the question of provincial rights was not raised. The provinces were glad to get rid of the liability. Old Age Pensions are different in that the provinces would like to retain the power to administer them. There is no real practical barrier to conforming to that desire. Let the Dominion pass the legislation necessary for establishment of a just contributory Old Age Pension scheme; make the contributions and the benefit the same in every province in Canada, and let the provinces continue to administer pensions through their Social Service departments as at present.

Why Is Kootenay Overlooked?

Hon. Ian Mackenzie, Minister of Pensions and National Health, stated at Vancouver that the choice of a site for a British Columbia health and occupational centre for returned airmen rested with the real estate section of the Department of National Defence.

He stated that sites had been considered at Burnaby, White Rock, Haney and on Vancouver Island.

Evidently no consideration whatever has been given to any part of the interior of British Columbia for this health and occupational centre.

There may be good reasons for the apparent neglect of consideration for the obvious advantages of Kootenay or the Okanagan as compared with such areas as Burnaby and Haney, but if so we would like to know them.

For the purpose in view, Kootenay's climatic and scenic advantages are outstanding, to which are added good transportation facilities and a wide variety of opportunities for healthful outdoor recreation.

Sportsman's Park

Again, local sportsmen are undertaking the job of constructing a rearing pond at Cottonwood Park, Nelson's growing centre for the propogation of fish for planting in district lakes and streams.

It is the fourth rearing pond that is now being undertaken. The city built one. Voluntary work by community-minded citizens has completed two.

Attorney-General Maitland was so impressed by the work which has been done that he arranged for a special grant in its aid. West Kootenay Power & Light Company has appropriated funds which will also be applied to building up the Cottonwood Park enterprise.

It is growing in stature and importance every year, and now is becoming very definitely worthy of the name "Sportsman's Park," which has been applied to it.

"Billy Esling" Will Be Missed

By Torchy Anderson in the Vancouver

Here's a little wisp of a man; someone once said of him that he was the smallest man in the Commons, with the biggest heart.

If you happened to follow him along one of the parliamentary corridors you would see a little man who marches along with his head up. He would be neatly dressed and from the way he used his black cane you might guess that his eyes had long been failing him. You would not follow him long before somebody stopped and greeted him as "Billy."

From the Prime Minister down to the newest page in the Commons William Kemble Esling is known and loved.

Billy Esling, whose 76 years make him a mere youngster compared with some of the senators who live at the other end of the building, has told the electors of Kootenay West that he will not be a candidate at the next election. Since the election of 1925 he has been returned four times.

When Billy Esling closes his desk in the Commons for the last time his colleagues in the Progressive Conservative party will have lost a shrewd, conscientious hard-working team-mate and a great many other people hereabouts will miss a great friend.

Maybe it was the twilight of growing blindness, maybe it was just the natural big heart of Billy Esling that made him a champion of people afflicted by deafness. Not very long ago Mr. Mackenzie, Minister of Pensions and Health, paid Billy a tribute for the work he had done in making possible the introduction to the Canadian market of a first-class hearing device at reasonable cost.

That was only one of the many public services that Billy has worked away at in his quiet persistent way. It happened to come to light. For years he has been protesting against the high prices charged Canadians for hearing devices. He worked away at the task until he convinced a big U.S. corporation to market an instrument in Canada at a price within reach of many who could not afford more expensive apparatus.

Billy Esling was born in Philadelphia and for forty-eight years he has been a Canadian. He wandered West first to Olympia, Washington, and after some youthful adventures there, first as a printer and then as a reporter, he came to the Kootenay country in its roaring boom days. When in doubt Billy always started a newspaper.

To hear him tell about his experiences now it must have been a lot of fun. The trials and tribulations of drunken printers disintegrating flatbed presses and irate subscribers all seem like a lot of fun to this kindly little man who can sometimes be tempted into reminiscences.

The Trail Creek News, The Brooklyn, B.C., News, The Rossland Miner, The Rossland Record—these are some of the Kootenay newspapers established, purchased and sold by Billy Esling in the days when the Trail smelter was building up from the modest little plant to the industrial giant it is today.

He went to the British Columbia Legislature in 1921. He was first elected to Ottawa in 1925 and has been returned regularly in four elections since that time.

In the face of protests from his many friends Billy persists in his decision not to run for Parliament again. Regardless of party, regardless of political rank, a great many people will be sorry to pass the office on the sixth floor without dropping in to have a chat with Billy.

For all his increasing blindness this little man from the Kootenay knows as much about what was going on behind the scenes as any back-bencher in Ottawa. He is a shrewd politician but politics never modify dictates of broad human sympathy and a kindly heart.

Looking Backward

TWENTY-FIVE YEARS AGO

(From the Nelson Daily News, June 14, 1919)

Friday the thirteenth did not prove altogether an unlucky day for the Women's Auxiliary of the Y.M.C.A., for the members cleared $50 at their tea held yesterday in the "Y" parlors.

Directors of the Kootenay Lake General Hospital have acknowledged with thanks the receipt from the Provincial Government of a grant of $5000 toward the cost of the new building.

Mrs. Fred Este of Calgary is in the city visiting Mrs. M. J. Vigneux and Mrs. Sturgeon.

TEN YEARS AGO

(From the Nelson Daily News, June 14, 1934)

Nelson Rotarians, 35 strong, were guests of the Trail Rotary Club at an inter-city meeting in the Crown Point Hotel Tuesday.

Mrs. L. Milburn of Nelson visited in Salmo yesterday her son and daughter-in-law, Mr and Mrs. W. Milburn.

Government Agent Ronald Hewart was a Nelson visitor Monday. He was accompanied by Mr. Jones, Government auditor of Victoria, who will spend a week in town looking over the books in the local Government office.

Interested, Trail—Can you tell me of any glue on the market that would be satisfactory for putting leather soles on leather shoes?

The B.C. Leather Co. Ltd., 117 West Pender Street, Vancouver, handles a glue-cement product for this purpose.

Interested Reader, Okanagan Landing—Where can I obtain a good work-plan for a septic tank, which will have an outlet connecting with a waste-water pipe?

Write to the City Engineer of any city in the Okanagan or Kootenay, they will be able to supply you with the plan.

I would also like to know if there is any danger of Red Devil Soot and Carbon Remover causing a chimney fire, when used for cleaning chimneys?

The Nelson Fire Department advises this column that so far they have found no chimney fires resulting from the use of this product. If the cleaner is used as directed on the container, there should be no trouble. The fire burns with a bluish flame at first after using the cleaner on the chimney, but this is not permanent, and not dangerous.

X.Y.Z., Trail—Further to your question re the address of anyone in Nelson who has ducks or ducklings for sale, write Mrs. Agnes Renwick, 400 Sixth Street, Nelson.

W. B., Nelson—When was the Prince of Wales in Nelson and how many times did he actually visit in Nelson and the dates? Can you tell me who was the cornet player who blew the calls on the bugle on his arrival at the C.P.R. station?

The Prince of Wales visited Nelson on October 1, 1919, and August 27, 1927. A. A. Perrier of Nelson, and J. A. Laughton of Nelson, both of whom were in the City Band at the time of the Prince of Wale's visit, state that as far as they remember the cornet player who blew the calls was Albert Brown, formerly of Nelson, and now living in Taunton, Massachusetts. He is a brother of William Brown, 736 Third Street, Nelson, and J. T. Brown, 721 Victoria Street, Nelson.

Calgary Family Moving to Nelson Soon With Tropical Fish Display

To the Editor:

Sir: We are receiving your paper O.K., many thanks. We were quite interested in it, as we are moving to your beautiful town to live, around the 24th of this month. While reading your paper we noticed in your "Questions and Answers," an inquiry from Trail about "Tropical Fish." Being more or less a tropical fish fancier, I would like to say some three weeks ago we travelled to Victoria, Vancouver and New Westminster searching for new varieties of tropicals to add to my collection, but no fish did we find. All or part of my collection will be in Nelson around the 24th of June, but if the inquirer wishes to write me at 1027-10th Ave. West, Calgary, I will be only too pleased to write him anything he wishes to know.

Hoping you will pass this information on to your reader in Trail.

Canuck Frigate Nabs Nazi Sub

Take 14 Prisoners; Wellington Bomber First Spotted Raider

OTAWA, June 13 (CP)—Fourth U-boat victim of the Canadian Navy in 10 weeks was announced today by Navy Minister Macdonald when he disclosed a recent action mid-Atlantic in which the new frigate Prince Rupert nabbed an undersea raider and brought back 14 prisoners.

First spotted and damaged by a Wellington bomber, the latest Nazi victim was finished off by a barrage from Prince Rupert's guns after it had been blasted to the surface by depth charges. Two United States ships, a destroyer and a destroyer escort and a grumman avenger plane from an American aircraft carrier shared in the kill.

Only six seconds after the submarine broke surface, Prince Rupert's gun crews were plastering it with high-explosives and oerlikon shells. The oerlikons' deadly cross-fire prevented the Germans from making any attempt to man their deck guns, while shells from the frigate's four-inch guns smattered the U-boat's conning tower and ripped a dozen holes in its hull.

The battered submarine sank, stern first, with its survivors plunging into the water. Of the Prince Rupert's prisoners, two were officers, one 23 years old and the other 30. Other survivors were rescued by the American ships.

Captain of the Prince Rupert, Lt. Cmdr. Robert W. Draney, of New Westminster, B. C., described the final minutes of the chase after nine depth charge attacks had been carried out with U. S. ships.

"The weather was perfect," he related. "Up came the U-boat off on our port quarter, still under way and listing to starboard, within six seconds one of our four-inch guns was flashing and red tracers from our oerlikons were caroming off his conning tower and hull. He did the best part of a hairpin turn and then stopped, and we altered course to starboard to bring both our four-inch guns to bear on him.

"Some of the Nazis poured out the side, away from our fire, and jumped into the sea. Meanwhile the American warships were banging away, too. Then—and this was a final Hollywood touch—the Avanger aircraft came zooming down low, about 50 feet over the sub, and let go with a couple of bombs. The U-boat went down stern first, with its conning tower shattered by our shells. It was quite a spectacle."

Lt.-Cmdr. Draney's official report revealed that the sub was first spotted on the surface at night, by a Wellington bomber carrying a Leigh searchlight. The plane attacked and forced the U-boat to crash-dive.

A second attack from the air the following morning damaged an oil pipe in the sub and it began to leave an oil track. Another aircraft took over reconnaissance and followed the oil streak.

Prince Rupert's gun crews—who were making only their second Atlantic crossing—got their first high explosive shell off in six seconds. "They did a grand job," Lt. Cmdr. Draney said. "I believe they scored three direct hits. The last one blew great chunks out of the sub's conning tower."

Lt.Cmdr. Draney joined the Navy in 1941, and before assuming command of the Prince Rupert, commissioned the corvette Dundas. His present ship was built in Esquimalt, B.C., and was commissioned August 30, 1943.

Says Sask. Gov't Is "Tammany Hall Machine"

REGINA, June 13 (CP)—Miss Agnes Macphail, C.C.F. member of the Ontario Legislature for York East, charged during a Saskatchewan general election campaign speech that the present Provincial Government "is a Tammany Hall machine."

She told a Weyburn meeting last night the "Tammany Hall machine is the most smoothly functioning piece of rascality on the American continent."

The C.C.F. came into being, she said, because the Liberals and Progressive Conservatives became "the mouthpieces" of big business.

There is no free enterprise today, she claimed. The small man was trying to compete with the "monsters" in the farm machinery field, the chain stores and the packing houses. The little people must organize and speak with one voice before Governments and monopolies would listen, Miss Macphail said.

Rev. T. C. Douglas, Provincial C. C. F. Leader, reviewed the C.C.F. Party's program at the same meting.

At Regina, John G. Diefenbaker, Progressive Conservative member of parliament for Lake Centre, charged the newspapers of Saskatchewan had failed to record the activities of the Progressive Conservative Party "in a fair manner."

The Progressive Conservative Provincial Leader, Rupert D. Ramsay, asserted national policies had not been developed to give Saskatchewan "a fair deal." There should be a lang-range program to develop agriculture, he said at a Dundurn meeting.

Mr. Ramsay also urged co-operatives to make clear immediately their movement was open to all and was not socialist. "The C.C.F. claims to be the father and mother of the co-operative movement, which is not right."

At Saskatoon, A. A. MacLeod, Labor-Progressive member of the Ontario Legislature for Toronto Beltwods, said "the C.C.F. is out of tune with Canada, organized labor, the Government of New Zealand which it extolls, the British Labor Party and the whole of advancing humanity. The C.C.F. policy would virtually make the Province and the nation an isolated island of depression. They would establish a mediaeval system of communism.

Complain Soldiers Limited to One Letter Form a Week

OTTAWA, June 13 (CP)—Defence Minister Ralston today promised to look into a complaint reported by Gordon Graydon, Progressive Conservative House leader, that soldiers overseas were limited to one letter form a week.

Col. Ralston said in the Commons that the inquiry probably referred to the airmail letter form which at one stage in Italy was limited to an issue of one a week, but later raised to two. If any limitation still remained it was desirable that it be removed if possible.

ROAST LOIN OF LAMB

Place a 2½ to 3 pound loin end of lamb in shallow baking pan, season with 2 teaspoons salt and dash of pepper, and roast at 325 degrees F. for 50 minutes per pounds, or approximately 2 hours. You can garnish it, if you like, with broiled apricots or pears.

LAMB STEW WITH TOMATO DUMPLINGS

2 pounds lamb neck, 4 cups water, 3 tablespoons lard, 1½ teaspoon salt, 1-8 teaspoon pepper, 1-8 teaspoon paprika, 6 small potatoes, 6 small carrots, 6 small white onions, 2 tablespoons minced parsley.

Cut meat into 2-inch pieces, brown in hot lard; add seasonings and water, cover and simmer gently until tender—about 2 hours. Add vegetables about 45 minutes before meat is done. (Cut carrots and potatoes in half lengthwise). Drop dumplings on top of meat and vegetables. Cover, cook 12 to 15 minutes without removing cover. Serve vegetables, dumplings and gravy around meat. Garnish with parsley. Serves 6.

TOMATO DUMPLINGS

1½ cup sifted all-purpose flour, ¾ cup tomato juice, 1 teaspoon salt, 1 tablespoon baking powder, 1 egg, 1 tablespoon lard.

Sift flour, measure, sift again with salt and baking powder. Beat egg until light, add melted lard and tomato juice to egg, combine liquid with flour, stirring only until flour disappears.

ROAST LAMB SHOULDER

Have a shoulder of lamb boned and rolled. Rub it with 1 tablespoon salt and ¼ teaspoon pepper and place on rack in uncovered roasting pan. Let cook without water or flour for approximately 35 minutes per pound, or until meat thermometer registers "well done" (oven temperature 325 degrees F.) During last hour baste frequently with this Barbecue Sauce: Melt 2 tablespoons butter, ¼ cup currant jelly and 2 tablespoons vinegar together with ¼ teaspoon dry mustard. Serve additional Barbecue Sauce with sliced roast. Serves 3 to the pound of boned meat.

God the Preserver of Man Subject of Lesson-Sermon

"God the Preserver of Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday.

The Golden Text was: "I am with the, saith the Lord, to save thee" (Jere. 30: 11).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Our fathers understood not thy wonders in Egypt, they remembered not the multitude of they mercies; but provoked him at the sea, even at the Red Sea. Nevertheless he saved them for his names' sake, that he might make his mighty power to be known." (Psalms 106: 7, 8).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As the children of Israel were guided triumphantly through the Red Sea, the dark ebbing and flowing tides of human fear—as they were led through the wilderness, walking wearily through the great desert of human hopes, and anticipating the promised joy—so shall the spiritual idea guide right desires in their passage from sense to Soul, from a material sense of existence to the spiritual, up to the glory prepared for them who love God."

RED CROSS PUBLICITY DIRECTOR VISITS KOOTENAY

Jap Freighter Sunk

CHUNGKING, June 13 (AP)—American heavy bombers sank a 16,000-ton Japanese freighter and damaged a cruiser off the Southwest China coast Sunday, it was announced tonight.

You can keep the youthful elasticity of your skin

Compare face with shoulder skin. You'll find shoulders look 5 or more years younger. That's because shoulder skin retains its elasticity—while facial skin pores are clogged with make-up, unable to breathe for hours at a time. And when pores can't breathe skin starts to age prematurely. But Palmolive can help retain youthful elasticity in your skin.

Look younger in 14 days! Each time you wash, (use a face cloth) massage warm, rich, vitalizing Palmolive lather thoroughly into your skin for one full minute. Now a quick rinse and pat dry. Palmolive's 60-second Beauty Massage has been scientifically tested by 2,301 women and 36 doctors. Their reports prove conclusively that . . . in just 14 days, it brings lovelier complexions.

Overseas Tobacco Fund in May $231

Nelson District citizens in May sent $231 worth of cigarettes overseas to men and women in the armed services through the B. C. Overseas Tobacco Fund.

Collection of the orders from Nelson retail stores and forwarding of them to Victoria was the work of Mrs. Syd Wade and Mrs. A. Purdy of the Women's Auxiliary to the Active Forces. For the next three months this duty will be undertaken by Mrs. H. H. Currie.

Persons wishing to send smokes or tobacco to service personnel through the Fund do so by placing orders at Nelson stores. These in turn are collected by the Auxiliary workers and forwarded to Victoria, from whence the orders go overseas as registered mail.

Cheese Roulades

In France they are called "ROULADES" . . . Here they are known as "cheese and meat balls". But anywhere, when made according to this new wartime recipe, they're delicious.

Blend 1 small package of plain cream cheese with 1 teaspoon of H. P. Sauce, 1 teaspoon of minced onion, ¼ teaspoon of salt and a sprinkle of pepper. Spread this mixture on 12 thin slices of bologna. Roll each slice tightly by itself and secure with a toothpick.

Buy a bottle of H. P. today and try this new economy dinner. There is never "fish taste" when H. P. Sauce is used. Serve H. P., that grand old British thick sauce—also with soup, stew, salad, sandwiches, fish and fowl.

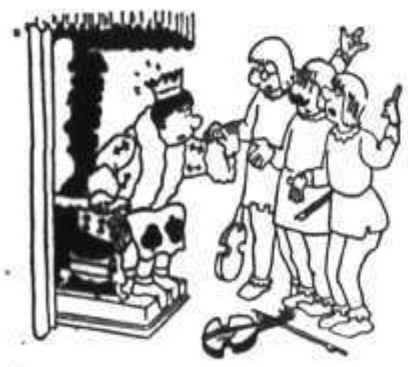
'IT'S FIT FOR A KING,' SAID KING RAINBOLT



1. Old King Rainbolt
was fairly morose.
He called for his men and he said,
"Stop your fiddling . . . where's my bowl of coffee?"

And the men said,
"The Crown Prince has lured Cook away.
Her Majesty is doing the marketing herself.
Sorry, Sire—no Cook, no Queen, no coffee."

2. So he popped off of his throne
and holding his crown behind him
so that he looked like a subject,
he smucked into line with the King's Guard
when they lined up for breakfast.
And the Queen happened by with her market basket.
So she said, "Get out of that line
right away. I've got some Postum."
And the King said, "What's Postum?"

3. So the Queen smiled and said,
"It isn't like coffee and it isn't like tea,
It's a grand mealtime drink
And it can't hurt anybody because it doesn't
contain any caffeine."
So they went into the kitchen and
the Queen made him a cup of Postum.
He smacked his lips over its rich flavor.
"It's fit for a King," said he.

4. And the Queen,
seeing that he was in rare good
humor, brought out a silly and
somewhat expensive hat
she had bought.
And the king said,
"You look cute as a button
in that new hat." And he
never asked her
what she paid for it.
But he did ask for
another cup of Postum.

POSTUM

Postum is a cinch to make. Instant Postum is made in the cup, just by adding boiling water or hot milk. Postum Cereal Beverage is the kind you boil, percolate or drip.

Invite SERVICE MEN and WOMEN to your Home

ENTERTAINING the boys doesn't call for elaborate refreshments. Serve Christie's Graham Wafers with cheese or fruit spreads and just watch the boys "drop anchor". And no wonder! It's the true "Graham" flavor of Christie's that makes everyone come back for more—and more. They're tasty eating anytime—try them soon.

PIES WITHOUT PASTRY

Place a layer of Christie's Graham Wafers on the bottom of a lightly-greased pie-plate, trimming some of them to fit the shape, and filling in any uncovered spaces with wafer crumbs. Cut other wafers in halves and stand them on edge around the sloping side of the pie-plate. And there's your pie-crust!

Fill Christie's Graham Wafer Pie-shell with chocolate, caramel, or any one of your favorite custard fillings. Chill and serve. You'll find that each individual wedge of pie comes out intact.

Says Jeeps Not Likely for Civilian Use

OTTAWA, June 13 (CP)—Munitions Minister Howe said today in the Commons that jeeps, now being used for a variety of purposes by the armed forces, probably were being overestimated as a possible post-war civilian vehicle.

A jeep's power of traction probably was being overstressed and the vehicle was likely to prove disappointing for civilian purposes, Mr. Howe said.

The National Research Council was making a thorough check on the qualities and shotcomings of the jeep. These findings would be made known.

"Then if you still want jeeps, I imagine they will be made available," he said.

Mr. Howe said the automotive trade had not protested to the Government against the proposed sale of the jeeps through the War Assets Corporation, set up to dispose of surplus and obsolete war materials.

Market Trends . . .

LONDON, June 13 (CP). — The stock market was firm and active at the close with volume slightly lower than yesterday. Industrials encountered profit-taking but it was well absorbed and this section closed higher. Oils met support, internationals were irregular and British funds firm.

NEW YORK — Pacemakers of the move at the close included motors, steels, farm equipments, amusements, chemicals, soft drink and merchandising shares and industrial specialties. Canadian issues were fractionally mixed. Dome and Seagrams showed gains of ½ while Hiram Walker slipped by the same fraction. Unchanged were McIntyre and Lake Shore.

MONTREAL—General Steel Wares, Gypsum and Dominion Tar reached new high ground in the industrial list. Other issues to improve included B.C. Packers. Principal issues registering gains included B.C. Power "A," Smelters and Nickel advanced in metals.

TORONTO—Industrial stocks moved up to a new high for the year. Lake Shore, up ⅛ to 17, led the gold group to higher levels. Strength was general in the base metal list.

VANCOUVER — Oils held steady while mines were lower.

CHICAGO—Wheat prices moved up as much as 2 cents at times from low points and rye was even stronger on reports that conditions in sections of the Southwest were conducive to rust. Wheat closed 1 to 2 cents higher, July $1.07⅝-1.08⅛. Oats were ⅛ to 1¼ higher, July 75. Rye was 1⅞ to 2⅛ cents higher, July $1.07⅛-⅜. Barley was up 1¼ to 1⅝ cents, July $1.18⅛.

WINNIPEG—Rye futures closed 2⅛-2⅜ higher with July at $1.08⅝, October $1.09⅝ and December $1.07⅝. Light offerings aided in the day's advance.

C.C.F. Candidate for Taber Withdraws

TABER, Alta., June 13 (CP)—G. E. Stauth, nominated some months ago as C.C.F. candidate for the Taber constituency in the Provincial election, said today he is withdrawing from the field because of ill-health.

Another Move Made to Free Wilby

VANCOUVER, June 13 (CP)—Another move to free Ralph M. Wilby is being made in Supreme Court in the third habeas corpus proceedings taken since Judge H. H. Shandley recommended his extradition to New York for trial on 17 grand larceny charges.

The latest step in what is rapidly becoming one of the most involved legal cases in the history of the province was made today when Defence Counsel W. H. M. Haldane obtained from Mr. Justice Coady an order directing the keeper of Victoria jail to produce Wilby in Supreme Court Chambers here next Monday.

Mr. Haldane will ask then for Wilby's release on the ground that Victoria police had no authority to take him into custody as they did on June 6, immediately after Mr. Justice MacFarlane released him from the custody of New York officers.

Mr. Justice MacFarlane decided that the order of the Canadian Minister of Justice, under which Wilby was handed over to the American authorities, was invalid because it was made while habeas corpus proceedings were pending.

This decision will be disputed by the State of New York before the Court of Appeal Wednesday.

Today's order by Mr. Justice Coady was based on an affidavit sworn by Wilby's wife, Hazel Ruth Wilby. It recited Mr. Justice MacFarlane's judgment granting her husband's motion for his discharge from the custody of George A. Salayka and Fred M. Haina, New York detectives.

It said also that Wilby was rearrested immediately by two Victoria police.

Wilby was arrested last March in Victoria on 17 theft charges involving $275,984.

Trail, Nelson Clash in First Intercity Boxla Here June 23

Intercity-boxla will make its reappearance before the fans at the Civic Centre arena here June 23. Trail's doughty band of boxla warriors will come to Nelson to do battle with the Lakeside squad that night.

The sport, long dormant, has received a real shot in the arm here in the last few weeks. Reorganization of competition in classifications from pee wee to intermediate has been forwarded, and already the principals are looking forward to possible entry into Provincial jousts come playdown time.

The Kootenay, it is planned, will be represented in the B. C. competition by a senior team of Rossland, Trail and Nelson players.

Mondays and Fridays at the Arena have been devoted to boxla promotion. This Friday the intermediate battlers will work out to 9 p.m. in preparation for the forthcoming intercity tussle. The Pee Wees will practice from 5 to 6 p.m., and midgets, juveniles and juniors from 6 to 7 p.m.

Principals in the reorganization have been Ed Kelter, Ian Dingwall, Tom Cookson, Nick Apostoliuk, Walter Thompson and Jack Morrison.

Hotel Gains Second Place

CRANBROOK, B. C., June 13—Hotel edged into second softball spot by a half game last night in their 8-7 win over school, who slumped to a last place tie, in a tight battle. Field supoprt was solid with school's Bill Ferguson in centre field catching eight outs.

School overtook Hotel to lead with four in the third then went behind four-six in the fourth. Hotel's two in the eighth on double hits appeared to cinch it. School rallied in the ninth on slugging for three runs and the potential tying run was out on a steal to second. Gyros meet Lumberjacks Wednesday.

School: McKenzie, Jones, Rauch, Ferguson, McIntyre, Purvis, Hambley, Biggs, Campbell.

Hotel: Elsalmo, Muirhead, Mitchell, Malcolm and Burgess, Steed, Harrison, Patterson, Giles, Archie.

Humes Hammer Bombers 16-8

Sparked by the fine flinging of Les Trainor, back for the Summer months, Humes set down the Bombers 16-8 in their Monday Men's Fastball League battle. Trainor came to the mound in the fifth, and from that time Bombers brought in only two runs.

Humes grabbed an early lead when they banged in seven runs in the second inning, and were never really in danger. Trainor's appearance put the clinchers on it, though Bombers never quit fighting until the last strike was called.

Bombers: Jim Ball, D. Buchanan, Bob Ahrens, J. Waldie 2, L. Rogers 1, B. Waldie 1, A. DesChamps 2, R. Lyons 1, F. Brown 1.—8.

Sailors Let Go With Blood-Curdling War Whoops as Firre on Nazi Sub

NEWFOUNDLAND PORT, June 13 (CP)—Title of "official cheer leader" for the gun crew of H.M.C.S. Prince Rupert which destroyed a German U-boat in the Atlantic went to leading steward William Castles, Victoria, formerly of Crystal City, Man.

During the action Castles was hoisting high-explosive shells to one of the big guns and had a clear view of the whole show.

"At least two of them were direct hits and did most of the damage," he said. The last one knocked the conning tower to smithereens."

"Every time we let fly I'd give a war whoop and I think our blood curdling yells must have scared them as much as the gun fire."

Sailors aboard the frigate from Columbia played a prominent part the prairie provinces and British in the battle.

There were 12 from Manitoba, 14 from Saskatchewan, nine from Alberta and 34 from British Columbia.

Two British Columbia officers were Lieuts. John Lake, Vancouver and Victoria, and Lieut. Andrew L. Murray, Vancouver.

The frigate was named after the war-crowded Northern port of Prince Rupert. Among her wardroom's prodest possessions is a hand rooms 'proudest possessions is hand T. D. Pattullo, Prince Rupert's Provincial member and former Provincial premier.

Leading sick berth attendant John Allan, West Vancouver, saw all the prisoners at close range when they were examined medically in Sick Bay. He said most of them were "pretty quiet" and only one resembled the movie-type heel-clicking Nazi.

"He was a big husky fellow with blazing eyes and a bear-trap mouth, he said. "Another prisoner made a few remarks in English implying pessimism about Germany's chances of winning the war. The big fellow called him aside and gave him a furious blast of German and the other chap gulped and then said in English that he was still quite sure Germany would have 'total victory inside two years'."

Other seamen from British Columbia included Ab. George Lowe, Vancouver; acting Cpo. Robert Cameron, Victoria; Ab. John Ray, New Westminister, and stoker pettyofficer John Molyard, Vancouver.

Finland May Be Knocked Out in Month

LONDON, June 13 (AP)—As Soviet troops surged ahead in their drive on Nilpuri and the Finnish capital of Helsinki, the opinion was freely expressed in many quarters in London today that Finland might be knocked out of the war by the end of the month.

To the British people the Soviet Karelian Isthmus offensive came as somewhat of a surprise, for many had believed that Stalin's strategy would be to strike first in Romania in the hope of shattering the last vestiges of Balkan allegiance to Hitler.

It was generally conceded, however, that Moscow probably was guided by more than East expediency in lashing out at a subordinate enemy. If they can neutralize Finland and quickly, thus eliminating the threat to the Red's Northern flank, the Russians will be in better position for a drive against the enemy elsewhere.

Furthermore, if able to base their planes in Finland, the Russians would strengthen their hand against German positions in the Baltic States. Soviet warships and submarines would be free to work out of the Gulf of Finland, which the Germans have laced with elaborate anti-submarine nets.

Reports from Stockholm and even from Berlin say the Finns admit frankly they stand little chance against the Red Army offensive, launched two months after the Helsinki Government rejected Moscow's armistice terms.

Believes War Will End in Two Months

EDMONTON, June 13 (CP)—Belief that "we shall see the end of this war within a couple of months" was one of two predictions made by Maj.-Gen. W. A. Griesbalh, here Monday.

"I venture to predict that the end of the war approaches. Within a couple of months we shall end this war, ending with a complete victory which is lasting," he said.

Canadians Win Awards for Valor

OTTAWA, June 13 (CP)—Stories of gallantry displayed by nine officers and other ranks of the Canadian Army during bitter fighting for objectives in Italy were told today with release by the Defence Department of citations covering awards for valor won by them and announced May 19.

Lt.-Col J. S. Ross, of Quebec won the Distinguished Service Order for defying snipers and shell, mortar and machine-gun fire to reconnoitre suitable positions while serving as artillery representative with an infantry brigade during the struggle for the important stronghold of Ortona.

"On one occasion, on Dec. 25, 1943, as he was making a reconnaissance in the outskirts of Ortona, a shell burst within 10 yards of him, knocked him to the ground and wounded his dispatch rider," his citation said. "Picking himself up he cooly went on and completed his reconnaissance."

Two Lieutenants, J. W. C. Biggs of New Westminster, B.C., and Stewart Lynch, of Vancouver, were awarded the Military Cross, Biggs for repulsing an enemy attack with his platoon though outnumbered at least four to one; and Lynch for taking a prisoner with a fighting patrol of 10 other ranks despite heavy enemy machine gun fire.

Gallantry while on patrol resulted in the award of the Military Medal to Sgt. Ernest Winding, of Dawson, Y.T., and L.-Cpl. H. B. Leppard, of Ottawa.

The awards:

D.S.O.—Lt.-Col. J. S. Ross, Royal Canadian Artillery, Quebec.

M.C.—Lieut. J. W. C. Biggs, New Westminster, B.C.; Lieut. Stewart Lynch, Vancouver.

M.M—Sgt. Ernest Winding, Dawson, Y.T.; Cpl. R. G. Cartwright Havelock, Ont., and Vancouver; Cpl. H. B. Leppard, Ottawa; Pte. (Acting Cpl.) A. D. MacLeod, New Aberdeen, N.S.; Pte. N. I. Jakel, Alexis Creek, B.C.; Pte. E. T. Ruck, Swansea, Ont.

FINLAND WANTS TO PAY U.S. WAR DEBT INTEREST

WASHINGTON, June 13 (CP)—Finlad is seeking permission to use some of her funds in the United States to pay a First Great War debt interest payment of about $140,000 due Thursday, Urho Toivola, Counsellor at the Finnish Legation, here said today.

Sgt. J. E. Howell of Trail Bags Messerschmitt

LONDON, June 13 (CP Cable)—The Canadian bomber group supplied the major force for attacks on two invasion targets in France last night.

The group operated in considerable strength, hitting railway yards vital to the efforts of Field Marshal Rommel to reinforce his front-line troops.

Canadian fliers said several enemy night fighters were shot down during the operations.

It was officially announced heavy Canadian bombers downed three enemy fighters during attacks on the railway yards at Arras and Cambrai and marshalling yards at Amiens.

Subsequent reports by returning fliers showed at least five enemy planes were downed by Canadian bomber crews.

Fifteen Canadian heavy bombers are missing.

Yesterday from early morning to late evening R.C.A.F. Spitfires flew almost continuous patrols over the beaches and fighting zones in Normandy, and an enemy craft seen sought to evade battle.

R.C.A.F. bomb-carrying Typhoons were active behind the German lines against military transport and troop movements.

During the night beachhead patrols of R.C.A.F. Mosquitos downed three DO217s.

WO. James McLeod, Winnipeg, shot down a Focke-Wulf 109, and Sgt. J. E. Howell, Trail, B. C., bagged an ME110.

Canadian Navy Invasion Losses "Negligible"

OTTAWA, June 13 (CP)—Royal Canadian Navy personnel invasion losses have been "negligible" while losses in ships have been confined to a "few landing craft", Navy Minister Macdonald said today in the Commons.

He said Canada is represented in the invasion operations by more than 100 ships and almost 10,000 officers and men. He added: "Almost every type of fighting ship in our navy is included: destroyers, frigates, corvettes, minesweepers, landing ships, landing craft, and motor torpedo boats."

He said the Canadian Navy continued "to fare well" in the invasion.

$2337 PENALTY FOR TAX EVASION

VERNON, B.C., June 13 (CP)—A penalty of $2,337.34 was imposed on Scott L. Freer, manager and shareholder of Orange Crush Bottlers Ltd., in police court yesterday after he was convicted on two tax evasion charges.

The Spanish explorer, Cortez, introduced cocoa to his own country where for years its preparation was a closely guarded secret.

German Trains on Time Despite Bombing

NEW YORK, June 13 (AP)—Larry Allen, Associated Press Correspondent repatriated last week after 20 months in Italian and German prison camps, said today that despite Allied bombings German trains "were running on time . . . and just as regularly as they do from Grand Central Station.

In an interview, Allen said the official slogan of the Nazi Party was "Freiheit und Brod" (Freedom and Bread.)

"Today the Germans have neither," he said. "We still have both—and they're worth making every sacrifice for."

Allen said that with the launching of the invasion "the war has begun."

"But we have a long costly and bloody struggle to face before Germany is beaten," he added. "Few people realize how little Germany has actually been hurt—in spite of the damage done by Allied bombing."

June Musicale to Assist Stricken Children

Plans are being made by a Nelson group to raise money for the Save the Children Society Fund, and proceeds of the forthcoming June Musicale to be held in St. Paul's Church will go to this fund. One of those interested in this work stated:

"Above the calls for help in war-ridden areas today, there comes the insistent cry of little children — tiny pathetic figures, gaunt, lean, sick, asleep — homeless, hungry, frightened, fear-struck.

"At the recent Atlantic City conference of United Nations relief workers, it was stated that the number of children dying quietly of hunger and cold in the occupied countries far exceeds the number of civilians killed in the deadliest air raids. The total exceeds even the hundreds of thousands hounded to death in concentration camps and ghettoes.

"Victims of war, of invasion, these children face a strange life. In wind and rain they beg, they search for food. Timidly they climb to would-be homes in gutted houses, fleeing the blitzkrieg, they fall by the roadside, too tired to trudge on.

"It is to meet such conditions as these that the Save the Children Society was inaugurated with headquarters in London, England. Canadian patrons of this society are drawn from our leaders in both church and state, in education and in social welfare circles. The British Columbia branch, with head office in Vancouver, is under the chairmanship of Lt.-Col., the Rev. C. C. Owen."

TO RELEASE PRISONERS IN MARSEILLE

LONDON, June 13 (CP)—The German-controlled Paris radio declared today that "because of the exemplary attitude of the Marseille population during recent events" Hitler has decided to free a large number of French prisoners of war whose homes are in that city.

Skunks are important to agricultural interests because they feed on insects, chiefly beetles, grasshoppers, grubs, and other forms of pest.

Says Women Face Crisis as Power for Good

PORT ARTHUR, June 13 (CP)—Women have won a position in the war that cannot be characterized as less worthy and less patriotic than that assumed by men, Mrs. Edgar D. Hardy of Ottawa, President of the National Council of Women, said here today.

In an address to the Council's 51st annual meeting, Mrs. Hardy said women have proven they are entitled to their rightful place in councils of government and even in discussions of deliberations at the peace tables.

Women of the world today faced their greatest crisis as a power for good. "Everything depends now upon our vision, our realization of values and our determinatio nof the goal towards which we are pressing."

Mrs. Hardy said that the increase in juvenile delinquency had been attributed by authorities to war hysteria, but contributory causes were lack of proper home life, lack of fundamental principles of religion, and lack of education.

Interpreting The War News

By KIRKE L. SIMPSON
Associated Press War Analyst

An Allied vise squeezed tighter on Nazi escape corridors from the Cherbourg Peninsula on the eighth day of the second-front invasion. This action raised the question as to whether any substantial portion of the German garrison in Cherbourg still could make its way Southward in safety.

St. Lo, main rail and road hub at the centre of the base line of the Normandy foreland, was within field gun range of American troops driving down the Bayeux-Coutances highway West of the captured Cerisy Forest. A push in the area of La Haye and Lessay junctions farther North, threatened to snap the last road or rail lines over which the beleaguered enemy garrison on the tip of the Peninsula could get out of the trap.

Nazi bulletins went even farther than jubilant Allied announcements toward confirming the impression that the Battle of Cherbourg is approaching the mopping-up stage. Gen. Eisenhowers Headquarters already was turning its attention from that sector to developments elsewhere on the deepening beachhead in Normandy.

Pozdnikoff Found to Be Member Unlawful Group

Gaston Pozdnikoff of Brilliant was covicted by His Honor Judge W. A. Nisbet in County Court Tuesday afternoon of being a member of an unlawful assembly. He was sentenced to the time he had spent in custody, 44 days.

While pleading not guilty, Pozdnikoff did not take the stand and did not conduct any defence. E. P. Dawson was Crown prosecutor.

Pozdnikoff was the third Doukhobor convicted on a charge in connection with the Sons of Freedom disturbance before the home of J. J. Verigin at Brilliant March 16. His brother, Jack Pozdnikoff, and William J. Koochin were previously convicted and sentenced similarly.

J. J. Verigin, Secretary, and three other members of the Union of Spiritual Communities of Christ, John Bloodoff, Annie Doubinin and Fred Rezansoff, all testified to seeing Pozdnikoff at the scene of the disturbance. Miss Doubinin, employee in the Verigin home, and Rezansoff, guard, claimed to have seen the defendant actually on the verandah of the home when the Sons of Freedom rushed the verandah.

Constable J. J. DeVoin of the Castlegar Detachment, B.C. Police, who laid the information, and Boyd C. Affleck, civil engineer, were also witnesses.

Pozdnikoff was taken into custody near Brilliant May 1.

Rehabilitation Office Opens at Trail

TRAIL, B.C., June 13—Opening of an office in the recruiting building near the C.P.R. station was announced today by the civic rehabilitation committee. Maj. P. Mathisen, chairman of the committee, stated that it was the hope of the committee to contact all men returning to the district from service. It was hoped, he said, that the central office would help and that parents and friends of men would assist in keeping the office posted on returned men.

Following the visit of Col. H. E. Molson, veterans' welfare officer to Trail, and after consultation with the civic rehabilitation and reconstruction committee, the Mayor and the President of the Canadian Legion it was decided to amalgamate existing committees so as to have one central group on rehabilitation.

On June 1 the citizens' committee came into being at a meeting in the city hall. The following were named as officers:

Maj. P. Mathisen, Chairman; Sam Stewart, Vice-Chairman and P. B. Young, temporary Honorary Secretary.

The committee has now been registered at Ottawa, Maj. Mathisen announced, and placed on the mailing lists to receive the names of all returning men to this district.

Fire Department Answers Call for Overheated Circuit

An overheated electric circuit at F. E. Wheeler's home, 916 Falls Street, brought the Nelson Fire Department out about 3 p.m. Tuesday. No damage was done.

Railroaders Pay Final Tribute to Norman MacKay

Fellow railroaders, C.P.R. officials, ladies of the railway auxiliaries and many citizens gathered in St. Paul's United Church Tuesday afternoon to pay a last tribute to Norman D'Arcy MacKay, well known Nelson conductor. The large display of floral tributes at the Church signified the high esteem in which Mr. MacKay was held by his fellow workers and citizens of Nelson.

Members of the Order of Railway Conductors and Order of Railway Trainmen and of the Ladies Auxiliaries to the conductors and trainmen brotherhood attended as a body. As a last salute, members of the organizations formed open ranks through which the casket was borne from the Church portals to the hearse.

Rev. H. Stewart Forbes conducted the service at the Church with Rev. T. J. S. Ferguson giving the address and the final rites at the grave.

Hymns chosen were "Abide With Me" and "O Love That Will Not Let Me Go." Mrs. T. J. S. Ferguson was the organist. C. M. Beltner, J. S. Edwards, W. E. Marquis, W. J. Robertson, G. L. Walmsley and O. C. Higgs, all railroaders, carried the casket to its final resting place in the Knights of Pythias Plot in Nelson Memorial Park.

Mr. MacKay, born in Woodstock, Ont. on Feb. 19, 1890, died in Vancouver on June 8. Coming to Nelson with his parents, Mr. and Mrs. J. S. MacKay, he joined the C.P.R. in 1910. In 1916 he went Overseas with the 72nd Battalion. Returning to Canada in 1919 he spent some time at Vancouver but came back to Nelson, rejoining the C.P.R. in 1927. Mr. MacKay was a conductor on both East and West Kootenay runs.

Besides his wife in Nelson, two sons, Robert N. in the Air Force at Boundary Bay, and Maurice W. in the Navy Band at Prince Rupert; and a sister, Mrs. Errol L. Wright of Nelson, survive.

LONDON — The British A. T. S., who will take part in the invasion, will be the biggest army of women in history—estimated at more than 200,000.

No Disclosure on Inner Bank Reserves

OTTAWA, June 13 (CP)—Argument over the disclosure of the inner reserves of the chartered banks continued today before the Banking and Commerce Committee but the sitting ended without a vote on the question when W. H. Moore (L-Ontario), committee chairman remarked: "It's one o'clock and I would just like to remind members that this is our 19th sitting."

A. G. Slight (L-Parry Sound) and G. G. McGeer (L-Vancouver-Burrard) continued pressing for the disclosure of the total reserve of the 10 banks to the committee which has bank charters under review but not annual reports on the inner reserve of each bank.

Finance Minister Ilsley said Mr. Slaght had modified his original proposal for annual disclosure for each bank considerably but there was no reason in logic why, if there were any disclosure, there should not be annual disclosure. He had serious objections to the proposal in any form.

"I base it (the objection) on the certain misinterpretation which would be placed on reserves," he said. "They are not shareholders' equity but they would certainly be regarded as such."
