DELAY SURRENDER CONFERENCE

New Jap Cabinet Has Munitions, War, Navy Ministers

NEW YORK, Aug. 16 (AP) — A Domei dispatch recorded by The Associated Press said tonight that Prince Naruhiko Higashikuni has completed the formation of a new Cabinet that includes Prince Fumimaro Konoye, Premier at the time of Japan's attack on China.

Prince Higashi-Kuni himself took the War Minister's portfolio in addition to the Premiership, the dispatch said. Emperor Hirohito had asked the Prince to form a new Government.

Prince Konoye was named Minister without portfolio and Mamoro Shigemitsu, a former Foreign Minister, returned to that post, the dispatch said.

Shigemitsu, who was Foreign Minister in the Cabinets of Hideki Tojo and Kuniaki Koiso, also will hold the portfolio of Greater East Asia Minister, Domei said.

Besides a Minister of War, Domei said, the Cabinet includes a Navy Minister and a Munitions Minister.

Appointees as listed in the dispatch included:

Admiral Mitsumasa Yonai, Navy Minister

Chikuehei Nakajima, Munitions Minister.

Iwao Ymasaki, Home Minister.

Juichi Yamasaki, Finance Minister.

Dr. Chuzo Iwata, Justice Minister.

Kenzo Matsumura, Minister of Education and Welfare Minister.

Kotaro Sengoku, Minister of Commerce.

Naoto Kobiyama, Minister of Transportation.

Taketora Ogata, Minister without Portfolio, President of the Board of Information and Chief Secretary of the Cabinet.

Naokai Murase, President of the Legislation Board.

Canucks May Serve in Occupation

BY C. R. BLACKBURN
Canadian Press Staff Writer

WASHINGTON, Aug. 16 (CP)—Canadians may form part of the Allied force to be used as occupation troops in Japan but the situation as yet is not sufficiently clear to determine the composition of that force.

(An Ottawa dispatch today said Maj.-Gen. Bert Hoffmeister was conferring with Defence authorities on disbanding of the Canadian Army Pacific Force of 30,000 volunteers. The dispatch said authorities were waiting to see whether Canada would be asked to supply a small token force for the occupation army.)

President Truman said, at his press conference today, that there would be no zoning of Japan territory for occupation purposes as was the case in Germany.

TO BE MADE UP OF ALLIED UNITS

But he said the details probably would be decided by the Supreme Allied Commander, Gen. MacArthur. He said also that the occupation force would be made up of Allied units as well as Americans.

So far as could be learned here no decision has been made regarding the plans already well advanced for training Canadian troops at Camp Breckinridge, Ky., in preparation for service in the Far East.

This training was to have commenced about Sept. 1 but it's assumed here that original plans at least will be scrapped although a smaller force may be trained there and attached to American forces to be sent to the Far East as occupation troops.

Presumably the men assigned to the original Canadian contingent for the Far East were seasoned fighters who now may be given the opportunity to return to civil life.

Meanwhile it is expected the advance guard of Canadian officers and other ranks already in the Far East, and others to be sent for that specific purpose, will aid in the release and return of Canadian troops captured at Hong Kong, and of some 2000 civilian prisoners in Japan hands who claim Canadian citizenship.

Wives, Volunteers Protest Move to Camps

VANCOUVER, Aug. 16 (CP) — A draft of about 150 Canadian soldiers, all veterans of the European war and volunteers for service in the Pacific Far East Force, left here tonight for Shilo Camp and Brandon, Man., under protest by many of their wives and sweethearts.

While there were no demonstrations, many of the women voiced objection to the mean leaving, following completion of their 30-days leave, now that the war is over.

Army officials said "about 50" of the original draft of 200 were missing when the train pulled out.

Some of the men also were of the opinion that they should not have to go to camps now that Japan has surrendered.

One private said "most of the boys were afraid that all the good jobs would be snapped up before they were released from service."

Another, wearing five-year service chevrons said: "Most of the boys here have been four or five years overseas. We don't see why we should have to stay in the army now that the war is over and let the Zombies (Home Defence troops) take all the good jobs."

Worker Killed in Explosion

NORTH VANCOUVER, B C, August 16 (CP)—Leslie Frank Cottrell, 33, shipyard worker, was killed today in an explosion and fire while working in the hold of a ship under repair here.

William D. Bell, who was also working in the hold at the time of the explosion, suffered serious burns. He was rushed to hospital, where his condition is reported as fair.

The explosion is reported to have been caused by an acetylene torch

QUICKIES . . By Ken Reynolds

"Gee! I hope my wife will let me get one with a Nelson Daily News Want Ad, too!"

JAPS HITTING AT RUSSIANS ON ALL FRONTS

MOSCOW, Aug. 16 (AP) — The Soviet High Command reported tonight the Japanese were counter-attacking on all three fronts in Manchuria.

The counter-offensive was reported particularly strong against the Korean port of Seishin on the Japanese Sea but the attacking forces were driven back.

JAPS DARE COMRADES TO SEEK REVENGE

SAN FRANCISCO, Aug. 16 (AP)—Tokyo radio in a Japanese language broadcast to the Orient Wednesday quoted the resigning Japanese Cabinet in a proclamation as calling on "our comrades to seek this revenge."

In the broadcast, monitored by the Federal Communications Commission, the proclamation had pointed out the Japanese in the days ahead faced further difficulties and hardships demanding greater endurance, then added:

"We, the Cabinet, here repress our tears of grief and dare request our comrades to seek this revenge."

There was no elaboration.

Not Withholding Stocks Distiller Says

OTTAWA, Aug. 16 (CP) — Candian distillers have about 40,000,000 gallons of proof spirits in their warehouses and they can release these stocks whenever they wish, providing duty is paid on them, a Revenue Department official said tonight.

The liquor was the property of the distillers and they could do what they liked with it. It was possible some of the stocks were being held for ageing purposes.

The liquor situation in Canada will be discussed next week when the heads of Liquor Commissionss from across the country meet in Toronto Monday and Tuesday.

MONTREAL, Aug 16 (CP)—Any liquor shortages in Canada are due to faulty methods of distribution by the provinces, combined with labor shortages and manufacturing restrictions, a distillery official said tonight, and not to any "withholding" of stock by distillers.

Asked to comment on an Ottawa dispatch which stated that Canadian distillers have about 40,000,000 gallons of proof spirits in their warehouses and can release these stocks whenever they wish, he said the figure seemed "greatly exaggerated."

Turkey Ratifies Charter

LONDON, Aug. 16 (CP) — The Ankara radio said today the Turkish National Assembly had unanimously ratified the United Nations charter.

ENEMY ACCEPTS CHIANG TERMS FOR SURRENDER

By SPENCER MOOSA

CHUNGKING, Aug. 17 (AP) (Friday)—Reliable reports said today that the Commander of all Japanese forces in China had sent word to Gen. Chiang Kai-shek accepting his terms for arranging the surrender of the enemy.

At the same time it was learned on good authority that Patrick J. Hurley, United States Ambassador to China, was prepared to fly to Yenan in an attempt to induce Communist leader Mao Tze-Tung to come to Chungking and discuss settlement of differences between the Communists and the Central Government which hold the threat of civil war.

There was good reason to believe that the terms of the Sino-Russian treaty, when disclosed, will have an important bearing on China's internal problems. Censorship has prevented publication of the terms here.

As for ending the fighting with the Japanese, Lt.-Gen. Yasutsugu Okamura was said to have agreed to send a representative to Yushan in Northeastern Kiangsi Province to take orders from Gen. Ho Ying-Chin, the Chinese Field Commander.

Ho is expected to insist that Okamura instruct his troops to surrender only to duly accredited Allied representatives, thus preventing them from turning over their arms or themselves to Chinese Communists.

The acceptance report came on the heels of a disclosure by American Commanders in China that United States Army Air Force units will undertake large scale re-deployment of Chinese troops to facilitate the disarming and interning of the Japanese and the implementing of the surrender terms.

The statements by the American Commanders were made as unofficial reports said clashes had occurred between Chiang's forces and the Communists near the key coastal cities of Tsingtao and Tientsin.

Okamura is reported to have told troops had already withdrawn from troops had alerady withdrawn from Nanking, where the Chinese plan to re-establish their capital, and that a small force of Japanese was left in the city to maintain order until the arrival of Chinese national troops.

Use of American planes in the redeployment was disclosed by Lt.-Gen. Albert C. Wedemeyer, Commanding General of United States forces in China, and his Air Commander, Lt.-Gen. George Stratemeyer.

Gen. Wedemeyer said he would seek to avoid use of American planes in movements that might bring on any clashes, saying "no American arms or planes will be used against the Chinese unless in defence of American lives or property."

Gen. Wedemeyer said lend-lease deliveries to China will cease everywhere by law when the peace becomes formal, and that subsequent delivery of equipment and goods to China is a matter or negotiations between China and the United States.

THERE'LL BE JOBS IF WORKERS WILLING TO MOVE

TORONTO, Aug. 16 (CP)—J. F. Dwyer, Regional Employment Officer for the Toronto area of National Selective Service, said today that if workers are as willing to move to different sections of Canada in peace time as they were in wartime "there should be little difficulty in arranging employment for any applicant."

Mr. Dwyer said the main problem is to get people where they are most needed. He stated there will be many jobs available to provide for most war workers if they're willing to move again. He said the reconversion of industry to peacetime production will not take as long as previously believed.

Mr. Dwyer said retention of National Selective Service will be a great advantage as the organization has its tab on every job available and every man seeking a job.

Trade 6 Days Freedom for Two Years' Imprisonment

PRINCE ALBERT, Sask., Aug. 16 (CP)—For six days of freedom Thomas Starr, 27, and Douglas Chalmers, 45, who escaped from the Saskatchewan penitentiary here on June 16, will each forfeit two more years of liberty.

Magistrate J. E. Lussier in R.C.M.P. court today imposed additional sentences when the men appeared on charges of escaping lawful custody and theft of a motor truck.

A third member of the escape-trio, Denny Goodwin, 26, was sentenced to an additional 18 months added to his original sentence of seven years. Starr was serving a term of eight years and Chalmers three years when they escaped.

The men sawed their way through cell bars, and with the aid of a rope scaled the penitentiary walls.

LONDON CELEBRATES FOLLOWING JAPAN SURRENDER NEWS: U. S. soldiers in London grabbed the first newspaper extras announcing Japan's intention to surrender, accepting the Potsdam peace terms. Here they are on a Victory spree marching drown Piccadilly Circus.

Must Still Carry Registration Cards; Convenience

OTTAWA, Aug. 16 (CP) — For convenience, rather than necessity, the use of National Registration Cards will be continued for a while, Arthur MacNamara, Deputy Labor Minister, said today.

As long as rationing continued, said Mr. MacNamara, the cards would provide a useful means of identification and also were almost a necessity for cashing Family Allowance checks.

He remarked wryly that Provincial Liquor Commissions had found the cards indispensable in checking identities.

No U-Turns Even When Carrying Surrender Paper

WASHINGTON, Aug. 15 (AP)—Even if you're delivering the Japanese surrender document you can't make a U-turn in Washington, make a U-turn in Washington.

Two RCA Communications employees learned that to their annoyance yesterday.

Here's the story as told today by Earl Allison 26-year-old former Staff Sergeant attached to the famed Flying Tigers, now an RCA mechanic:

At 4:15 p.m. E.D.T., yesterday 16-year-old RCA messenger Thomas E. Jones dashed from the RCA Building. Clutching the document the world was anxiously awaiting, he hopped into a waiting RCA automobile which, with Allison at the wheel, sped off in the direction of the Swiss Legation.

They had gone but a short way when a policeman pulled them up, charged they had made an illegal U-turn on Connecticut Avenue. The importance attached to the document made little impression on the strickler for the law. Routinely he wrote out a ticket.

Said Allison:

"He held us up for 10 minutes. Said that (the document) made no difference to him. We got to the Legation as soon as possible however."

21 New Fires Break Out in Nelson Forest District; 44 Now Burning

Forty-four fires were burning in the Nelson Forest District Thursday, with B. C. Forest Service officials reporting 21 new blazes. Only the New Denver District was able to turn in a "no fires" report.

Eight fires were burning in the Creston District, seven in the Kaslo, Nelson and Nakusp Districts, four in Kettle Valley, three in Fernie and Golden, two in Fernie, and one one in Invermere, Rossland and Grand Forks.

There were five new outbreaks between Sirdar and Erickson along the C.P.R. tracks in the Creston District. Four were under control and a crew of men was being rushed to the fifth. A crew was working on another new fire at Corn Creek. Another crew was on the way in to the Goat River fire and the Summit Creek fire was under control.

New fires in the Nakusp District were reported at the head of Bremner Creek, a tributary of Wilson Creek; at Five Mile Creek, Trout Lake; and at St. Leon, where a crew was headed. On a patrol basis were the fires above Cambourne at Arrowhead, Boyd Creek, Sable Creek and Mosquito Creek.

SEVEN IN KASLO

Seven fires were burning in the Lardo-Duncan River area in the Kaslo District. Progress was being made on these fires although strong winds made it hard to hold the fire lines.

A crew was working on a new fire at 49 Creek and crews were on the way to new fires at Wulf Creek, tributary of Sheep Creek, Lost Creek and Hidden Creek. On the Reeves McDonald fire the crew was reduced to a patrol basis, and under control were the fires at Kokanee Creek and Wildhorse Creek.

Crews went in to the new fires on Campbell Creek near Beaverdell and at James Creek, in the Kettle Valley District. One of the Upper Kettle fires was under control, while a crew from the Kamloops and Kettle Valley districts was working on the other fire.

Strong winds and extremely dry conditions made it difficult to hold the fire line at the blaze raging at the head of Lamb Creek in the Cranbrook District. A crew was worRing a new blaze at Gold Creek and a small new fire near Lumberton was under control.

The fire at Sheep Lake in the Rossland district was on a patrol basis while in Grand Forks District a crew was sent to the new fire at Boundary Creek.

A new blaze near Fernie was small and under control while a second fire at Flathead in the Fernie district was being dealt with by a crew.

A crew was on the way to the new blaze at Skookumchuck Creek in the Invermere District and a new one down the Columbia in the Golden District was being investigated. Two near Beavermouth were under control.

TASK FORCE READY TO STRIKE WHEN CALLED OFF

RANGOON, Aug. 16 (CP) — A powerful carrier task force of the British East Indies Fleet was poised to strike at Penang Island 375 miles Northwest of Singapore just as hostilities ceased, it was disclosed today as a cease-fire order ended land offensives in Burma.

The British task force, which sailed from Ceylon last week, contained "the largest number of escort carriers and naval aircraft to be engaged in a single operation by the British East Indies Fleet," a naval communique said.

Will Enter Japan Ready to Fight

WASHINGTON, Aug. 16 (AP)—Gen. Brehon Somervell, Chief of Army Service Forces, told a news conference today he didn't expect trouble but that American troops will move into Japan "fully prepared for combat."

Thailand War Declaration "Null and Void"

SAN FRANCISCO, Aug. 16 (AP)—The Japanese-operated radio at Bangkok reported today that the Regency Council of Thailand (Siam) had proclaimed its declaration of war against Britain and the United States "null and void" and not binding on the Thai people."

The English-language broadcast was issued in the name of King Ananda Mahidol, who soon will be 20 years old and has resided in Switzerland throughout the war.

Thailand was taken over by the Japanese as a puppet state. On Dec. 21, 1941, she signed a 10-year treaty with Japan agreeing to aid in the war against the Allies, and formally declared war against Britain and the United States Jan. 25, 1942.

No Thai troops ever took the field, however.

$300,000,000 in War Goods to Be Disposed of in B.C.

VANCOUVER, Aug. 16 (CP) — War goods in British Columbia worth more than $300,000,000 will soon be in the hands of War Assets Corporation for disposal, a survey here revealed today. Huge public auctions will be held to dispose of the stocks.

Major C. M. Montgomery, War Assets representative here, said inventories totalling hundreds of thousands of dollars are being received daily at the office. They include unused supplies as result of cancelled or complete contracts, machinery valued in the millions and equipments of all kinds.

Set Deadline for Counter-Attacking Japs to Disarm

BY HENRY B. JAMESON

LONDON, Aug. 17 (Friday) (AP)— The Russians today gave the Japanese Kwantung Army in Manchuria until noon Monday to disarm and surrender and charged that it had counter-attacked on several fronts "at the same time" that its Headquarters was appealing to Soviet troops to cease hostilities.

"As soon as the Japanese troops begin surrendering their arms, Soviet troops will discontinue war operations," Marshal Alexander M. Vassilavsky told Kwantung Headquarters in a broadcast order, the Moscow radio reported.

A Soviet war communique Thursday night said counter-attacks had been repulsed and the Russians had captured the prize communications cities of Wangchino, Kiamusze and Taoan. In addition, Soviet troops repelled an enemy attempt to recapture the Korean port city of Seishin.

Vassilevsky, the radio said, reported the Japanese did not "mention a word about capitulation" in their request to the Soviets to stop fighting.

The Soviet Commander was quoted as saying that he allowed until noon Monday to surrender in order to give the Japanese commander time to communicate wth all his troops

SAN FRANCISCO, Aug. 16 (AP)—Tokyo radio said the commander of the Kwantung Army in Manchuria is preparing to send "small-type aircraft" over the Manchurian front "to effect swift transmission of the order to cease all military activities and to surrender all arms."

Domei said the commander planned to send over the planes between 10 a.m. and 2 p.m., Friday, Tokyo time.

May Take 12 Days Enforce Cease Fire

By RUSSELL BRINES

MANILA, Aug. 17 (Friday) (AP) — Gen. MacArthur today postponed the Manila surrender conference at Japanese request and guaranteed safe conduct for members of the Imperial household flying to the battlefronts to enforce orders to "cease firing."

The Japanese asked for a delay in the meeting at Manila, at which they will receive the terms of the capitulation, and the Supreme Commander of the Allied forces replied that their messages had been received "and are satisfactory."

Gen. MacArthur's reply was surprisingly lenient for a conqueror, but behind him was a vast array of Allied power and it was obvious he would not allow Japan to take advantage of his tolerance.

NO NEW DEADLINE

In his reply he set no new deadline for the Manila Conference, evidently in recognition of Emperor Hirohito's problems in getting his firebrand warlords to accept defeat.

The Commander seemed bent on letting the Japanese solve their own problems to insure a minimum of hostilities before his occupying armies land on enemy shores.

The Japanese message said it might take as long as 12 days to make the cease-fire order effective on all the far-flung fronts The Japanese gave no further reason for the inability to send envoys to Manila as Gen. MacArthur had directed, but said the flight would be arranged "as soon as possible."

Unofficial observers believed the delay indicated either that there was trouble in Tokyo or that it was expected, and the Japanese wanted no trouble with the die-hards after the occupation.

A second message said the imperial party bound for the continent would leave Tokyo at 9 a.m. today, Japanese time, and the party bound for Southern regions would leave tomorrow.

Where the final signing of the articles of surrender will take place has not yet been disclosed. A dispatch from Guam indicated it would take place aboard the flagship of Fleet Admiral Nimitz.

Gen. MacArthur as Supreme Commander is expected to be joined by representatives of Britain, China and Russia. Admiral Sir Bruce Fraser, Commander of the British Pacific Fleet, may be Britain's delegate.

Russia, Poland Sign Pact

LONDON, Aug. 17 (Friday) (CP)—The Moscow radio announced today that Russia and Poland have signed a "treaty on the Polish-Soviet frontier and an agreement for compensation for damages caused by German occupation."

The treaty was signed Thursday after two days of negotiations in Moscow in which Polish President Boleslaw Bierut and Prime Minister Edward Osubka-Morawski participated, the broadcast said.

JAPS REPORT BOMBING OF 12 TRANSPORTS

SAN FRANCISCO, Aug. 16 (AP)—The Japanese informed Gen. MacArthur by wireless tonight, the Federal Communications Commission reported, that Japanese planes had bombed "some 12 Allied transports" off Shikoku at noon, four hours before the Imperial cease-fire order had been issued.

The Japanese broadcast said that the transports approached "extremely near" to Kochi, on the South Central Coast of Shikoku—one of the main Japanese islands—and that Japanese Air Forces "ventured to attack the Allied vessels, apparently causing some damage."

No Special Search for Jap Balloons in B.C.

VANCOUVER, Aug. 16 (CP) — Bombs and other evidence of Japanese balloons is "certain to be cropping up for years" in British Columbia, but no organized search for unexploded bombs is planned, an army official at Pacific Command said tonight.

He was commenting on a Seattle report that a painstaking, scientific search may be undertaken to find and destroy unexploded bombs believed scattered over the State of Washington.

Rough terrain and sparse population preclude such a search in B. C., the official said.

"We believe most of the settled areas have been cleaned out of unexploded bombs, but we follow up all clues. In the wilderness, most of the bombs will be discovered by experienced woodsmen who know enough to leave them alone."

Study Proposal for Peace Secretariat

LONDON, Aug. 16 (AP)—The executive body of the United Nations Preparatory Commission tonight considered a proposal to establish an International Secretariat to create the technical machinery for keeping world peace.

The proposal was made today at the opening session of the Commission's Executive Committee by its Secretary, Gladwyn Jebb of the British Foreign Office.

Representatives of Australia, Brazil, Canada, Chile, China, Czechoslovakia, France, Mexico, the Netherlands, Iran, Russia, the United Kingdom, the United States and Yugoslavia are serving on the Committee.

Air Council Should Work Continuously

BY FRANK FLAHERTY
Canadian Press Staff Writer

MONTREAL, Aug. 16 (CP)—The Interim Council of the Provisional International Civil Aviation Organization should be in "substantially continuous session" in Montreal, once its business affairs are set in operation, members indicated in informal exchanges of view at the second session of the first meeting today.

This, in effect, means that the representatives of 20 countries on the Council will make its business their full-time work and except for occasional trips to their own capitals, for consultation with their governments, will be in year-round residence in the Canadian city.

TO SET UP STAFF

Anson C. McKim, Canadian representative and temporary Chairman, opening a general discussion today, said an early decision should be taken on the continuity of the Council's work. He suggested that after the present first meeting ends with the election of a President and Secretary-General and the conclusion of other organization business it might adjourn for a time.

During the interval the working organization, including a Secretariat and a staff of experts would be set up. After the interval the Council should resume and begin its permanent work. Edward G. Warner, United States representative, said each country on the Council is entitled to name representatives to the three main committees the Council is directed to set up on Air Navigation, Air Transport and an International Civil Aviation convention. These members would need to be designated.

Mr. Warner, who is mentioned as a likely choice as President of the organization, saw several months of continuous work ahead of the Council and its Committee after reassembly. It would probably be impossible for the countries on the Council to designate permanent representatives until they knew whether there was to be continuous work in Montreal or whether they could carry on duties at their home capitals as well.

Balkan Situation Worries Churchill

LONDON, Aug. 16 (CP) — Conservative Leader Winston Churchill said in his speech in Parliament today that he was concerned about the situation in the Balkans.

He declared that "almost everywhere Communist forces have obtained or are obtaining dictatorial powers."

"That does not mean that everywhere has the Communist been established, nor does it mean that it will be established," he added.

To Form New Japanese Cabinet

SAN FRANCISCO, Aug. 16 (AP)—Emperor Hirohito has commanded Gen. Prince Maruhiko Hikashi-Kuni, uncle of Empress Nagako, to form a new Cabinet, the Japanese Domei Agency said today.

The announcement followed by only a short time another Domei broadcast which announced that Premier Suzuki, whose Cabinet resigned collectively with the acceptance of surrender terms by Japan, had been asked to remain in office until successors could be named.

"His Majesty the Emperor at 9:30 a.m. today commanded his Imperial Highness, Prince Naruhiko Higashi-Kuni, to form a new Cabinet, the Imperial Household Ministry announced at 4:15 p.m. today."

COMPLETE CABINET TONIGHT

Radio Tokyo said shortly after the Domei dispatch that the new Premier was expected to complete his new Cabinet by tonight.

The former Foreign Minister of the Koiso War Cabinet, Mamoru Shigemitsu, or Hachiro Arita, Foreign Minister in 1936-37 and in 1938 to 1940, would be given that portfolio.

"Indications are that Arita is slated for the post," the radio said.

The previous broadcast announcing Suzuki had been "commanded" by the Emperor to remain in ofice tend "state affairs", including "all tend "state affairs", incuding "all nenegotiations which are to follow with four nations of United States, Great Britain, Chungking and the Soviet Union in view of the acceptance of the Potsdam proclamation."

Pince Higashi-Kuni is 57 years old. He has been a Supreme War Councillor since 1940 and 1941 was Commander-in-Chief of the Home Defence General Headquarters.

Besides the complete Cabinet under Premier Suzuki, Japanese wartime officialdom was reduced still further today by the resignation of three Home Ministry officials, including Vice Minister Hirokichi Nadao, who also was President of the People's Volunteer (Civilian Suicide Defence) Corps. The others whose resignations were announced by Radio Tokyo were Ryo Mizuike, Director of the Police Bureau, and Kingo Machimura, Tokyo Police Chief.

Prince Higashi-Kuni is the head of one of the collateral branches of the Royal Family.

His eldest son, Prince Morohiro, married the eldest daughter of Emperor Hirohito, the Princess Teru, in 1943.

In October, 1942, Prince Higashi-Kuni was quoted by the Tokyo radio as declaring that any Allied airmen captured in the course of raids upon Japan, Manchuria or Japanese-controlled territory would be subject to trial and punishment—including the death penalty.

This announcement followed Tokyo's dsclosure that "heavy punishment" had been dealt to American fliers who, the Japanese said, had been captured in the famous Doolittle raid on Tokyo the previous April.

TOAST and TEA

BY J. V. McARTHUR

Medical science was at a low ebb in the eighteenth century, and as Joseph Wood Krutch tells us in his biography of Samuel Johnson, one result was that men dosed themselves in accordance with vague theories of their own while many others relied upon mysterious proprietary medicines. Like Horace Walpole Johnson was a great believer in one of the most famous concoctions, which was called Dr. James's Powder for Fevers and other Inflammatory Distempers. A woman named Joanna Stevens achieved such fame through her secret remedy for stone that in the public interest Parliament paid her £5000 to make the formula public. It consisted of a powder of calcined eggshells, and snails, soap and honey. Walpole had so much faith in it that he took a course of treatment in which it has been calculated that he consumed 180 pounds of soap and 1200 gallons of lime water.

No Damage at Mill Fire

Nelson Fire Department trucks were called to the R. A. Paterson Mill Thursday to put out a sawdust fire. The fire was burning down into a gulley but was put out with water and there was no damage. The alarm was sent in at 2:41 p.m. from the mill.

Censorship Issues Last Directive

OTTAWA, Aug. 16 (CP) — The Censorship of Publications issued its last directive today and cancelled all the others it has issued in nearly six years of war.

Ceasing operation, the branch still warned, however, that the armed forces "have asked us to say that certain Army, Navy and Air Force equipment is classed as secret and will remain in that category."

The last directive of the Chief Censors of Publications extended to news associations, newspapers, periodicals and radio stations their "sincere gratitude for the help and cooperation which has made the work of this bureau of censorship possible."

It added: "We are requested also to pass on to you the thanks of the Director of Censorship and the Armed Services for the vital contribution that has been made to the war effort through voluntary self-censorship in Canada during the last six years."

Fulgence Charpentier, Director of Censorship, said today writing of the history of wartime censorship and completion of other details would occupy him and assistants the next two or three months. As he has throughout the war, Mr. Charpentier will carry on his job as Clerk of Votes and Proceedings in the House of Commons.

Among the censors, Jacques Girouard will join a French-language newspaper in the press gallery of the House, Bert Perry is "uncertain" and Charles Shearer, radio censor, will return to the CBC.

British Soccer Results

LONDON, Aug. 16 (Reuters)—Results of football games played today in the United Kingdom were as follows:

Burnley 1, Blackpool 0.

Nottingham Forest 1, Derby County 4.

Wolverhampton Wanderers 3, Aston Villa 2.

SCOTTISH LEAGUE

Rangers 4, Partick Thistle 2.

Queens Park 2, Celtic 0.

St. Mirren 5, Morton 0.

Falkirk 4, Dundee 0.

Aberdeen 4, St. Johnstone 0.

ALBERTA RIDERS CARRY OFF CASH

VERNON, B.C., Aug. 16 (CP)—Alberta riders won most of the prize money at the annual Midsummer Rodeo here yesterday.

Event winners:

Bareback steer—Gordon Doan, Halkirk, Alta.; Harry Thomson, Black Diamond, Alta.; Carl Olson, Wally Lindstrom, both of Calgary, tied for third place.

Wild cow milking—Mike Carlin, Chase, B.C.; Ben Louie, Vernon; Gordon Doan, Wally Lindstrom.

Bareback bronc—Harry Thomson, Black Diamond; Frank Voros, Hardistry, Alta.; Wally Lindstrom; Charlie Chick, and Everett Vold, both of Calgary, tied for third.

Wild horse race—Carl Olson; Dave Clark, Osoyoos, B.C.; George Tronson, Vernon.

Saddle bronc—Frank Voros, Hardisty; Wally Lindstrom; Dave Abraham, Cache Creek, B.C.; Dave Clark.

Newsmen No Longer Need Permits

OTTAWA, Aug. 16 (CP)—Coincident with the lifting of censorship regulations, it no longer is necessary for newspapermen, photographers and others to obtain permits from the Munitions Department to enter mines, power plants, factories and other industrial buildings, Munitions Minister Howe announced tonight.

"From now on it will be up to the management of an industrial or commercial enterprise to determine whether or not the press and visitors shall be admitted," said Mr. Howe. "In the case of certain Government projects such as the Chalk River atomic plant, the Eldorado refinery at Port Hope and certain others, no newspapermen or visitors will be allowed."

To Lay Off 4200 Workers

MONTREAL, Aug. 16 (CP)—The cancellation of all production at two plants of Defence Industries Limited, upon instructions from Ottawa, was confirmed tonight by D.I.L. officials. The plants are located at Nitro, Que., near Valleyfield, and at Transcona, near Winnipeg, and have a personnel of 4200 employees who will be laid off by the cancellations.

Humble Senators

DETROIT, Aug. 16 (AP) — Working his "Indian sign" at Washington's expense again, Ral Newhouser pitched Detroit Tigers to a 9-2 American League victory over the Senators today for his 19th triumph of the season and his 10th straight victory over the Nats in two years.

Newhouser allowed only six hits, walked four and fanned seven men to bring his season strikeout total to 153.

Tigers increased their league lead to 3½ games.

F.O. Don Wilson Home From Overseas Service

FO. Donald Wlson, son of Mr. and Mrs. J. A. Wilson, 722 Third Street, has left for Christina Lake to spend part of his 30-day leave after service overseas. He volunteered for Pacific duty.

Flying Officer Wilson went overseas last Fall to take special training after graduating as a navigator from No. 10 Air Observer School, Chatham, N.B.

His wife and two children, Barry and Bobby, who came to Nelson to meet him, are with him at Christina Lake.

DE GAULLE TO VISIT CANADA

WASHINGTON, Aug. 16 (AP) — Gen. De Gaulle is scheduled to visit New York and Canada within a week after he meets with President Truman Aug. 22, it was learned today.

Gen. de Gaulle last visited Canada in July, 1944, after conferring with the late President Roosevelt in Washington.

The French Provisional President is expected to visit Ottawa, Montreal and Quebec.

Sapper Jensen on Way Home

ROSSLAND, B.C., Aug. 16—Mr. and Mrs. E. A. Jensen have received word their son, Sapper Edgar Jensen, had arrived in Canada on hospital ship Letitia, and they expect him to come home from Vancouver as soon as he can travel. Sapper Jensen received a broken hip and pelvis bone in a truck accident in Germany on May 10, and has been a patient in the Third Canadian General Hospita,, England, ever since.

He enlisted four years ago in the Royal Canadian Engineers, going overseas in May, 1942.

LONDON (CP) — One million elvers (young eels) were placed in the Thames River in April.

WHY NOT HAVE BABY SLEEP THROUGH NIGHT

YOU and your baby both need sleep. Here's the easy way many mothers manage it. Let Mrs. B——, Jr., of Winona, Ontario, tell you in her own words: "Night after night, as soon as we would get settled in bed, 'Baby' would start crying . . . Baby's Own Tablets changed all this. What a blessed relief."

They help give refreshing sleep by clearing away wastes and poisons that disturb rest. No "sleepy" stuff—no dulling effect.

Sweet-tasting, easily crushed to a powder, if desired — Baby's Own Tablets bring quick relief from teething troubles, constipation, simple fever, upset stomach, diarrhoea and other minor ills of babyhood. Try them. 25 cents.

Laski Speaks Only as Individual

By JOHN DAUPHINEE

LONDON, Aug. 16 (CP Cable)—Prime Minister Attlee said in the House of Commons today that Prof. Harold Laski, chairman of the Labor Party's Executive Committee, speaks as an individual citizen and that Government policy is determined solely by the Ministers of the new Labor Government.

"Any newspaper, or any foreign power or any politician who thinks that the policy of this Government is laid down by anybody but the Labor Ministers is making a great mistake," he declared.

This was the Prime Minister's reply in the House of Commons today to a renewed demand by Winston Churchill, leader of the Conservative Opposition, for clarification of the relationship between the former McGill University lecturer and the administration—a demand which formed a prominent part of Mr. Churchill's unsuccessful election campaign.

"Evidently Mr. Laski has great power and evidently he is keen to assert it," said Mr. Churchill. "The House and the country are entitled to know who are the spokesmen of the Government."

He quoted Prof. Laski as saying in Paris a few days ago that British policy in Greece "was to be completely changed" and that a Socialist victory in the coming French elections would result in a renewal of the June, 1940, offer "that Britain and France would become one nation with a common citizenship."

He criticized "invidious distinctions" made by Prof. Laski in saying "that the attitude of the British Government towards the United States is favorable whereas towards Russia it is a profound brotherly affection."

"I make no suggestion to the Government that they should endeavor to muzzle Mr. Laski," said the former Prime Minister. "Anyone can say anything in this country, however pernicious and nonsensical it may be, but it is necessary for the Government to let us know exactly where they stand with Mr. Laski."

TWO SMALL GIRLS DROWNED IN OKANAGAN RIVER

Two small girls, Joyce Moeller, 5½, and Sylvia Hewitt, 4½, both of Oliver, B.C., were found drowned in the Okanagan River near Oliver on Wednesday morning.

The girls were reported missing on Tuesday night, and B.C. Police searched throughout the night, but until Wednesday morning the search had proved fruitless.

It is thought the girls had gone in the river to bathe.

ELLEN HARRIS, C.B.C. ANNOUNCER, VISITS NELSON

Mrs. Ellen Harris, whose broadcasts of "A Women's Viewpoint" over CBC are well known, has been in Nelson. She and her husband, B. C. Harris, are staying at New Denver in their log house on The Old Bosun Ranch.

Named Mining Professor, U.B.C.

VANCOUVER, Aug. 16 (CP) — Leslie G. R. Crouch, Mining Engineer and Inspector of Mines for Manitoba, has been appointed Professor of Mining and Metallurgy at the University of British Columbia, Dr. N. A. M. Mackenzie, U.B.C. President, announced today

An expert on mine ventilation, dust control and mine safety, Mr. Crouch will conduct special studies on these subjects.

45 Issued Special Sprinkling Permits

ROSSLAND, B.C., Aug. 16 — Forty-five permits or special sprinkling hours have been issued in Rossland since the sprinkling restrictions went into effect, City Clerk J. A. McLeod reported to the City Council Monday night.

Mayor Gordon Named Rossland Delegate

ROSSLAND, B.C., Aug. 16 — Rossland Council Monday night named Mayor J. E. Gordon delegate to the convention of the Union of B.C. Municipalities at Qualicum Beach, Sept. 6 and 7.

Technology School to Get Planes

EDMONTON, Aug. 16 (CP)—Surplus airplanes and engines are to be provided by Air Assets Corporation for instructional purposes at the Alberta School of Technology at Calgary, Education Minister Ansley said here today.

Mr. Ansley, who returned from a trip to the East early this week, said that while in Montreal he had conferred with officials of War Assets Corporation concerning the availability of equipment that could be used in Alberta schools.

Spot Jap Balloons

THE PAS, Man., Aug. 16 (CP)—A large white balloon, believed to have been of Japanese origin, was sighted Tuesday near Wabowden, Man., 136 miles Northeast of here, by Game Guardian Jack Lundie and his son.

They reported seeing "something hanging down" from the high-flying bag.

Lundie also told of finding a fallen balloon in a large swamp early this year.

Senior Men's Golf to Start Saturday

Play in the senior men's tournament for members 45 years and over, will start on Saturday and continue on Sunday at the Nelson Golf and Country Club. H. A. Doak, Club Captain, and John Fraser, Secretary are arranging the draws and entries should be made to them before Saturday noon.

B. C. Junior Clay Courts Entries Sought

VANCOUVER, B.C., Aug. 16—The Jericho Tennis Club will hold its second annual B.C. clay court junior open championships at the Club, 3837 Point Grey Road, Vancouver, the week of August 20-26.

The following events will be held:

Under 18—Engles, boys and grls; Doubles, boys and grls; Mxed Doubles.

Under 18—Singles, boys and girls; Doubles, boys and girls; Mixed Doubles.

Entry fees will be $1.25 per competitor, for singles events, and $1 per person for doubles. Entries should be sent to E. L. Milton, Jr., Director, 404 West Hastings Street, Vancouver. No applications will be accepted later than Saturday, Aug. 18. Visitors are to register at the Club House not later than Sunday. Persons wishing partners, if any, for double events should specify the events. Outside players will be billetted.

110,914 Tons of Coal Produced in B.C.

VICTORIA, Aug. 16 (CP)—British Columbia collieries produced 110,914 tons of coal in July, compared with 151,341 in the same month last year, the monthly bulletin of the Mines Department shows.

Vancouver Island produced 43,716 tons as against 54,712 tons in July 1944; Nicola-Princeton 3122 tons as compared with 5164.

Northern District 2554 tons against 2849 tons and East Kootenay 61,522 tons as compared with 88,616 tons in July last year.

Michel turned out 5740 long tons of coke.

On the Island the Wellington Mine which produced 9049 tons in July, 1944, was closed. Offsetting this to a small degree was a new pit, the White Rapids Mine which turned out 3899 tons.

In the East Kootenay the Corbin colllery which produced 22,665 tons in July 1944, was closed down.

Stage Set for Fourth Annual Flower Show; Opens Tonight

Nelson Garden Club members were busy Thursday night setting the stage for the fourth annual Flower Show which opens tonight. The showroom was a busy scene as Nelson Camera Club and Nelson Beekeepers Club members joined the hard-working garden-lovers to set up separate exhibitions.

Mayor N. C. Stibbs will officially open the show, which is being held in the former Fink Furniture store.

More competitive entries have been received this year and the showroom is much larger than the room used last year. A large number of North Shore entries have been received. The exhibition will be open Friday and Saturday evenings and all day Saturday, a new departure.

About 40 prints will be exhibited by the Camera Club and also shown will be paintings by District artists.

SEE NECTAR FLOWERS

An added attraction will be the Beekeepers' exhibition, a popular feature last year. Of interest also will be the display of nectar producing flowers with which Alderman T. H. Waters has been experimenting at his North Shore home. These flowers are obtained from a bee flower farm in Ohio. The bee section will also contain an observation hive where the working bees are visible.

Judging will be carried out Friday afternoon by F. H. Chanter of Longbeach and M. Roberts, gardener at the North Shore Blaylock estate.

The flowers will be auctioned off Saturday night and proceeds of the show will go to the Red Cross Jam Fund. Tea will be served by the Womens' Auxiliary to the Active Forces.

COVENTRY, England (CP)—The Church of St. John the Baptist, which dates back to the middle of the 14th century, was severely damaged by fire.

IS THAT PALE YOUNG GIRL YOUR DAUGHTER?

Parents should not ignore the depressed moods, the listless, tired air, the pallor, headaches, fickle appetite—the crying spells—so many daughters exhibit during those years when they are passing into womanhood.

If her health at this stage is not maintained by a sufficiency of good rich blood, all kinds of weaknesses may arise to make her later life unhappy.

So should you notice any of these disturbing signs in your daughter, lose no time. Get some Dr. Williams Pink Pills at your druggist. They are wonderfully effective in helping to build up iron-impoverished blood and have helped to transform thousands and thousands of sickly, pale daughters suffering from simple anemia into happy active girls full of vitality and high spirits, hungry for meals, glad to help with the housework, attractive to others. Right now simple anemia may be undermining the strength and resistance your daughter needs so badly. Don't wait—get Dr. Williams Pink Pills today.

A STATEMENT REGARDING

GASOLINE QUALITY

Imperial Oil Limited will commence supplying ESSO EXTRA and 3-STAR gasolines of their pre-war high quality to motorists, farmers and other consumers throughout Canada at the earliest possible moment.

Due to production and distribution problems involved there will necessarily be some delay. Gasoline users can be assured that no effort is being spared to hasten this change.

Imperial Oil's extensive wartime research and development will result as soon as possible in Imperial gasolines surpassing pre-war standards.

Imperial Oil's production facilities are unqualified in Canada and motorists and others can consequently depend on Imperial Oil just as they have always been able to depend in Imperial Oil for the very best petroleum products available.

IMPERIAL OIL LIMITED

Harder Fight to Keep Japs Defeated

BY JOHN M. HIGHTOWER

WASHINGTON, Aug. 16 (AP)—It was a long, hard fight to beat the Japanese. In the opinion of military and diplomatic authorities here it will be a longer and harder fight to keep them defeated.

Tokyo pronouncements on the end of the war indicate that officials of the surrender Government do not regard the Allied victory as permanent. From the Emperor down they have given their people a heavy dose of propaganda about building for the future. Evidently they are still thinking in terms of the 100 years of war they have talked about ever since it became obvious they could not win this time.

These statements by Emperor Hirohito, the resiging Premier Suzuki and others are being carefully analyzed here for clues to the problems confronting Allied occupation forces. In the opinion of experts two facts stand out:

1. Japanese leaders show considerable satisfaction that in surrendering they have been able to save—at least for a time—the political structure of their state, built around the Emperor.

2. They show no signs of repentance of feelings of war guilt. They lost the war because the Allies were stronger, and the implcation is that they believe they now have a breathing spell in which to build new strength for themselves.

The seagull is a landlubber as compared with the real birds of the sea. While the seagull rarely gets far from shore, many a sea-bird spends most of its life out of sight of land.

Main at Sixth and in Hotel Vancouver

Across Canada Wednesday, Canadians halted in their V-J celebrating to give thanks for victory, and to honor the men and women whose sacrifices on the battlefronts won the peace.

95,544 Canucks Have Now Returned

OTTAWA, Aug. 16 (CP)—Approximately 95,544 of the 160,000 Army and R.C.A.F. men scheduled to be returned to Canada between V-E Day, May 8, and the end of the year, now have returned. There were 3394 Army men aboard the Cameronia, which arrived yesterday at Halifax.

AWAIT WORD IN REGARDS TO PACIFIC MEN

OTTAWA, Aug. 16 (CP)—Maj.-Gen. Bert Hoffmeister today conferred with the Defence Council on the matter of disbanding his Canadian Army Pacific Force of 30,000 volunteers.

It was understood Canada is awaiting word from Allied Supreme Headquarters in the Pacific on whether Canada will be asked to contribute a small token force to the occupation army.

Meanwhile, plans have been drawn up which will send all or a large part of the Pacific Force men back to the demobilization stream.

Deaths

SAULT STE. MARIE, Ont.— E. Ross MacKay, 53, editorial writer for the Sault Ste. Marie Star for many years and a widely-known newspaperman.

MADRID — Felippe Clemente de Diego, 79, President of Spain's Supreme Court. He was a member of the Falange Natonal Council.

EDMONTON—Veterinary Inspector for the Dominion Government in Edmonton for the past eight years, Dr. T. J. Stinson, born in Ontario, attended the University of Toronto and practiced as a veterinary surgeon in Saskatchewan for almost 20 years.

VANCOUVER—Ernest F. Helliwell, retired superintendent of the commercial department of the British Columbia Telephone Company. Lived in Vancouver since 1907. Prior to coming here foreman of a sawmill in Minnesota. Joined B. C. Telephone Co. in 1913 as Assistant Secretary-Treasurer.

Living Cost Down

OTTAWA, Aug. 16 (CP)—Economic conditions were uneven during the first six months of 1945, compared with the same period last year, the Dominion Bureau of Statistics reported today.

The index of physical volume of business was down 7.9 from the same period last year, while wholesale prices were up 0.4.

The cost of living declined 1.3.

LEEDS, England (CP) — Aircrew of No. 4 Bomber Group of the RAF have a new job. They have become No. 4 Group, Transport Command, with the job of training former bomber crews to maintain air communications and fly men and materials wherever they may be needed.

DISTRICT CITIES MAY ENTERTAIN AMERICAN MAYORS

VICTORIA, Aug. 16 (CP)—British Columbia Government officials are discussing the possibility of holding ceremonies to commemorate a century of friendly relations between B. C. and the United States. The Province of British Columbia, Oregon, Washington, Idaho and Montana States would take part in the celebrations.

The Native Sons of B. C. and the B. C. Historical Association have suggested that the centenary of the settlement of the boundary line dispute a century ago should be marked next June at a Government banquet in Victoria. At the same time Mayors from neighboring American cities may be entertained in Vancouver, New Westminster, Grand Forks, Rossland, Trail and Nelson.

Baby's teeth we mean. Give them thought *before* they appear—even before *baby* arrives. Good teeth start with the *mother's* diet . . . and through babyhood and childhood, *calcium, phosphorus* and *vitamin D* are needed to *build* and *maintain* sound teeth.

Carnation Milk with its extra vitamin D, is a splendid source of these building materials. It's a wholesome, nourishing milk for all ages. Write for free book "Your Contented Baby". Carnation Co. Limited, Vancouver, B.C.

Electricity and the Atomic Bomb

Lord Rutherford was one of the outstanding figures in pioneering work that led to the atomic bomb and to Japan's choice between capitulation and annihilation. His three great discoveries during his investigation into radio-active substances in the latter part of the nineteenth century and the first decades of the twentieth proved a powerful stimulus to the research which led finally to the atomic bomb factories in Canada, the United States and Great Britain. Lord Rutherford's first important achievement, in 1903, was the discovery that elements spontaneously disintegrate. This was followed in 1911 by the proposition of the nuclear theory; i.e., that since electrons are charged with negative electricity, there must be a nucleus of atom charged with positive electricity. Working on this new theory, Lord Rutherford in 1919 established the basis for the disintegration of the atom.

In this year Lord Rutherford transferred from Manchester University to the Cavendish Laboratory at Cambridge, now famous as a centre of atomic research. At Cambridge Lord Rutherford headed a brilliant team including James Chadwick, one of the British scientists who are world news today. In 1932 Chadwick, a Nobel Prize winner, announced a discovery which completely transformed the conception of the constitution of matter. This was the discovery of the neutron. The neutron has the power of penetrating the nucleus of atoms with extraordinary ease, owing to its lack of electric charge, which prevents it from being repelled as it approaches the core of atoms.

During 1932 the Cavendish Laboratory announced another major development. By bombarding hydrogen atoms with alpha particles of radium, Rutherford had produced swift moving hydrogen particles. Thus he had discovered a means of producing artificial disintegration of the atom and the energizing of particles. By working on this discovery, Professors Cockcroft and Walton finally succeeded in disintegrating the atom by machinery instead of by the costly radium process used hitherto. By bringing atom smashing within the range of industrial development, Cockcroft and Walton's work had major bearings on the industrial application of these developments. Their research was in fact largely instrumental in building up the great atom smashing machines, the most famous of which is the cyclotron invented by Professor Lawrence of California.

The main feature of atomic research in the years 1933 to 1939 was the construction of cyclotrons in Britain and the U.S.A. and later in Canada. The immensity of this work can be gauged from the fact that the cyclotron of the Cavendish Laboratory took four years to erect and weighed over 225 tons. A gift of £250,000 by Sir Herbert Austin also enabled the Cavendish Laboratory to complete the construction of equipment involving five million volts and 50-ton magnets for further development of this work.

In 1939, under Government auspices, atomic research was intensified and extended on the basis of Britain's nation-wide scientific research organization.

This research was for the first two years done in the main British Universities under the control of an organizing committee headed by Sir George Thomson. In accordance with British reverse lease-lend, all advances in the development were given to the U.S.A.

By 1941 so much progress had been made that the committee was able to report that an atomic bomb could be produced before the end of the war.

The Government Department of Scientific and Industrial Research which heads research throughout Great Britain then set up a special division at the Physical Research Laboratories at Teddington, near London. The cream of British science was then centred on this division. Members of the consultative council included Sir Edward Appleton, Secretary of the Department of Scientific and Industrial Research, and the Minister of Aircraft Production, while among the small panel of experts heading the technical side were Sir James Chadwick, Professor Cockroft and Professor Feather. Professor Feather, also of the Cavendish Laboratory, was the first to split the oxygen atom. Another member was Professor Niels Bohr, a Dane who had worked under Rutherford at Manchester and was closely associated with his investigations into the structure of the atom.

The progress made by this small group of scientific experts was so considerable that they were soon able to cross to the United States to give full assistance in the operation of a plant set up to produce ingredients for the atomic bomb.

The Navy's Debt To Industry

By ENGINEER CAPT. A. C. M. DAVY, R.C.N.
Assistant Chief of Naval Engineering and Construction

There has been a great deal of sense, and a great deal of nonsense, talked and written about the war effort put forward by Canada. There is no question whatsover that the Canadian Navy has played a tremendous part in the winning of the Battle of the Atlantic, which battle was, at all times, one of the major operations and which, had it been lost, would unquestionably have led to the loss of the war. It would have been utterly impossible for us in the Royal Canadian Navy to have chalked up any right to make such a claim had it not been for the wonderful way in which Canadian industry provided us with the necessary tools.

No one can deny that the quantity and type of equipment produced in Canada has been remarkable when one considers the experience, or rather the lack of it, possessed by Canadian industry in the production of armaments, using this word in its broad sense. Had our contribution consisted of such things as wheat, pulp and paper, unexcelled fighting men, minerals, forest products and other items figuring in our peacetime economy, together with, perhaps, certain of the simpler types of munitions, there would be little that was remarkable in the final score, but when one considers such things as warships, complex guns and mountings, optical instruments, tanks, and a host of other types of equipment that have been produced in this country in the past five and a half years, and when one realizes, not only the complexity of type, but also the magnitude of the production, then one is looking at a remarkable effort.

I well remember the early days of the war, late 1939 and early 1940. At that time I was appointed Director of Shipbuilding at Naval Service Headquarters, and what a state of turmoil existed! We needed convoy escort ships and we needed patrol ships and we needed them in large numbers and in a hurry. The Canadian ship-building industry had been having a pretty grim struggle to survive during the previous 15 years or more and I was somewhat apalled when I saw the program lined up for it to tackle. This was especially so when looking at all the magnitude of components involved, for most of which commercial standards weren't good enough (the old bugbear of salt water in large quantities) and for many of which there was no standard Canadian counterpart at any rate.

Most of our drawings and specifications originated in the United Kingdom and had that wonderfully helpful phrase, "For Guidance Only", and were really intended for use by firms schooled and steeped in the deep dark, mysterious ways of Admiralty. For many of the details we had no dope at all, and many the time I have had pleasant lunch sessions with you or your representatives in hotel bedrooms describing such things from vague memories and using the good old hands apart measurements of the fishermen. Some of the results were just as funny as would be a trout the size of the one that got away. However, liquor rationing was still ahead of us, and we managed to keep our sense of humor alive in the time-honored way, and we generally produced things that worked.

Out of all this initial fuss and flurry has grown a tremendous present day industry—shipbuilding and the manufacture of bits and pieces that go into a ship.

Not only has the industry grown but there has developed a reasonably orderly procedure when one wishes to acquire a ship, or ships. We arrived at the stage where, on our side, we have some idea of what can be produced and, on your side, you have some idea of what we want. I've no doubt that much the same story applies in hundreds of other lines.

To my mind, one of the most valuable results of all this has been the amount that we in the Service have learned from you in industry and the amount that I hope you have learned from us.

We have survived a host of technical arguments as to why such and such a specified requirement was necessary. That, in general, these ideas were sound has been proved by the astounding record of trouble-free service given under stress of war by ships built strictly to them. Such figures as one hundred and one days at sea, with time enough in harbor only for fueling and storing, in Atlantic winter weather, in a steam ship with an over-all machinery weight, including water in boilers and condensers of less than 30 lbs. per S.H.P., indicates pretty sound engineering. On the other hand, there were many cases where methods and materials were used simply because they had satisfied Grandad and in which Grandson had learned a quicker, cheaper, easier and more robust answer. Those we learned from you and for them we are eternally grateful. Let us carry over that mutual help spirit into the post-war era which looks as though it might have the odd difficulty for both of us.

?? Questions ?? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except when there is obvious necessity for privacy.

A. E. H., Nelson—To settle an argument, please state whether a steel plug exactly one inch in dameter would fit into a hole in a piece of steel exactly one inch in diameter.

It is possible to fit a steel plug one inch in diameter into a hole exactly one inch in diameter. In fact it is possible to put in a plug a ten-thousandth of an inch oversize if sufficient pressure is used.

H. M., Trail—What was the name of the first vessel in the British Navy?

The first war vessel in the British Navy was the Great Harry, a three-masted vessel built in 1509 at a cost of $72,414, the first double-decker to be built in England.

H. M. P., Fernie—Will you please publish the name of the background music that was played all through the recent show "Frenchmen's Creek", starring Joan Fontaine?

We are unable to find the name of the music, but perhaps some reader could supply you with the answer.

L. R., Creston—Further to your question as to the altitude of different places, the altitude of Ottawa is 215 feet above sea level.

Atomic Bomb Saved Over 1,250,000 Lives

LONDON, Aug. 16 (CP)—Winston Churchill told the House of Commons today that the atomic bomb was responsible for the sudden ending of the Japanese war and saved 1,000,000 American and 250,000 British lives which would have been lost in invading the enemy's home islands.

Prime Minister Attlee said subsequently that the atomic bomb discovery would force reorganization "in the sphere of international relations."

"We have to realize that we are living in a new world, now that we have seen the atoms, a new force, the consequences of which we find it difficult to grasp," said Mr. Attlee, who succeeded Mr. Churchill as Britain's Prime Minister as a result of the July election.

Mr. Churchill said Premier Stalin promised to enter the Pacific war three months after the German surrender and the Russian intervention on Aug. 8 after the German collapse May 8 was "but another example of the fidelity and punctuality" of the Soviet Union.

He disclosed that he and President Truman made elaborate plans at Potsdam for "great battles and landings in Malaya, the Netherlands East Indies and in the homeland of Japan itself," not knowing how long Japanese resistance would continue.

He insisted that the secret of the atomic bomb be kept from other countries. The bomb, he said, "more than any other factor," brought about the "sudden and speedy ending of the war against Japan."

Mr. Attlee described his predecessor in office as "one of the main architects of our victory" and added: "His place in history is secure. The victory was really the outcome of plans made under his leadership."

Mr. Attlee served notice that the new Government would look at "new problems, or old promlems, in a new light in a new House of Commons. . ."

Replying to Mr. Chuchill's attacks on foreign views expressed by Prof. Harold J. Laski, Chairman of the Labor Party's National Executive Committee, Mr. Attlee said Prof. Laski was a private citizen with the right to "express his own views."

Mr. Attlee's first formal pronouncement of the new administration's views on foreign affairs was "We look forward with hope to the emergency of democratic governments, based on free elections, taking part in the buiding of the shattered framework of the European continent."

Mr. Churchill spoke as Leader of the Conservative Opposition, a position to which he was relegated by the July election. He yielded his position as a Big Three leader late in the Potsdam Conference to Prime Minister Clement Attlee.

Premier Stalin was informed that "we contemplated using an explosive of incomparable power against Japan," he said. "It is to this atomic bomb, more than any other factor, that we may ascribe the sudden and speedy ending of the war against Japan."

"The fact that the German Army surrendered on May 8th and the Russians declared war on Aug. 8th is no mere coincidence, but another example of the fidelity and punctuality with which Marshal Stalin and his valiant armies always kept their military engagements," Mr. Churchill said.

The House cheered.

"We were n the presence of a new factor in human affairs—powers which were irresistible," he said of the atomic bomb. "President Truman and myself at Potsdam approved the miltary plans to unchain the dread forces."

The chunky, 70-year-old statesman declared that "there are voices which assert that the (atomic) bomb should never have been used at all."

JAPS WOULD HAVE USED THEM

But, he added bluntly:

"I cannot associate myself with such ideas. Six years of total war have convinced most people that, had the Germans or the Japanese discovered this new weapon, they would have used it upon us to our complete destruction with the utmost alacrity."

Cheers sounded from both sides of the House.

Mr. Churchill declared sharply: "I am surprised that very worthy people—but people who in most cases had no intention of proceeding to the Japanese front themselves—should adopt the position that, rather than throw the bomb, we should have sacrificed 1,000,000 American and a quarter of a million British lives in the desperate battles and massacres of an invasion of Japan."

Rising from the Opposition bench, he told the House of Commons which he led in Britain's darkest days, that the experiments with the atomic bomb in New Mexico were attended by "success beyond all dreams which crowned this sombre, magnificent venture of our American Allies."

Turning to foreign affairs, Mr. Churchill praised Anthony Eden, former Foreign Secretary.

Of Poland, he said that "there are few virtues that the Poles do not possess and there are few mistakes that they have ever avoided."

He referred to the evacuation of 8,000,000 Germans from Polish territory, saying that "it is not impossible that a tragedy upon a prodigious scale is unfolding itself behind the iron curtain which at present divides Europe in twain."

"Democracy," cried Mr. Churchill, "is on trial as it never was before. We must uphold it.

"In our foreign policy, let us strike the notes continuously of freedom and fair play as we understand them in this island and then you will find there will be an overwhelming measure of agreement between us in this House."

He told the House that the "assurances given to Japan in the ultimatum of July 26 about her future after unconditional surrender have been made generous to a point."

Then he shifted to the field of domestic policy.

He attacked Prof. Harold J. Laski, Chairman of the Labor Party's National Executive Committee, upon whose socialistic views he had concentrated during Britain's acrimonious election campaign.

CHIDES MR. LASKI

"What precisely is Mr. Laski's authority?" he asked. "What are the statements he is making about our foreign policy? Do his statements involve the agreement or responsibility of the Secretary of State for Foreign Affairs?"

He quoted Prof. Laski as saying the policy regarding Greece was to be "completely changed."

"I thought,' said Mr. Churchill, "that we were agreed on our policy in Greece."

He suggested that it would be "much better if declarations about foreign policy came from ministers of the Crown."

He chided Prof. Laski for his references to Spain:

"Mr. Laski appears to contemplate vehement intervention against Gen. Franco. Anyone who reads the letter I wrote, with the full agreement of my Coalition colleagues in the War Cabinet will see what a calumny it is to suggest that I and my friends are supporters, admirers or partisans of the present regime in Spain."

A mixture of "Ohs" and cheers punctuated his declaration.

He told Commons "It would be wrong to intervene in Spain in a forcible manner . . . it would be wrong to relight the flames of civil war in that country."

A moment later, cheer from the Conservatives echoed through the usually sedate chamber when Mr. Churchill cried out:

"We are proud to be the foes of tyranny in every form—whether it comes from the Right or from the Left."

As the Opposition Leader he told Commons the Conservatives did not propose to join the issue immediately on Labor's program of legislation, but would use debate to "prove" the Government's policy.

He said the Government's proposal for nationalization of the Bank of England "does not, in my opinion, raise any question of policy." Amid laughter he added "What matters is the use of it."

Then he added that, as Leader of the Opposition, he wished to assure foreign countries that British credit would be upheld "despite the language of the King's speech on that matter."

The speech from the throne, read yesterday by the King, was prepared, according to custom, by Prime Minister Attlee. It outlined the Labor Government's program.

Mr. Churchill disclosed his opposition to the new territorial plan for Poland. He said that the "provisional new Western frontier for Poland, comprising a quarter of the arable land of all Germany, was not a good augury for the future mass of the people." Mr. Churchill declared that a mistake had been made "by going far beyond what was necessary."

It is estimated that the production of chemicals in Canada has expanded three-fold since the beginning of the war.

It's Cooling

"SALADA" ICED TEA

Have milk anytime, anywhere

Says Elsie: "Whether you're travelling, visiting, or at home, you can give baby *uniformly pure, nourishing* milk with KLIM!

"You just add KLIM to water, whip briskly with fork or beater to make the exact amount of milk you need."

Pasteurized—pure!

KLIM is pasteurized whole milk in handy powder form. Retains all the vitamins, minerals and proteins of fresh pasteurized milk. Is more easily digested by infants.

Packed in vacuum-sealed containers, KLIM keeps fresh for a long time after opening. And it's so compact and convenient to carry when travelling. Economical, too! Ask your doctor about KLIM for your baby.

Women's Services Cutting Strength; Wives Are Given Discharges

OTTAWA, Aug. 16 (CP) — The end of the war with Japan has caused immediate cut-backs in some of the women's services and expectation of them in others, service officials said today.

The women's services will not be immediately demobilized, however, since many of the girls are needed for administrative jobs in connection with the return home of service veterans.

Nursing staffs from the three services also are still needed to care for wounded now recuperating in navy, army and air force hospitals and convalescent homes.

The women's Royal Canadian Naval Service, which at full strength numbered 6379 girls, and the RCAF (Women's Division), originally numbering 16,983, both ended recruiting some time ago. The (W.D.), first of the women's services to be formed, was the first to start demobilization. Its married members were returned to civilian life some time ago.

The W.R.C.N.S., youngest and smallest of the women's auxiliaries, instituted voluntary demobilization for its married personnel.

HOME-MAKERS FIRST

Both services have been concentrating on counselling, lectures and training designed to prepare their girls for home-making and jobs in civilian life.

The Canadian Women's Army Corps, largest women's service, with a total enlistment of 20,020, also has been quietly counselling its girls on post-war problems, but has said little about it since the service was at the same time conducting a recruiting campaign.

With the first signs of Japanese surrender the CWAC announced that married girls who wished to establish homes would be given an early discharge.

However, it is expected a large force of CWACS still will be needed to handle demobilization routine for their brothers-in-arms.

Demobilization plans for service nursing sisters have not been changed by the end of the war.

Married nurses of the Royal Canadian Army Medical Corps are receiving their discharge under a policy announced early this month. Originally this nursing service numbered 3361 and unofficial estimates today put the figure at "about 3000." It is expected the next few weeks will see a large increase in ths discharges.

"A large percentage of the army nurses with overseas service want to stay in the service and preference is being given to those with a priority release score of 70 or more," Army authorities reported.

Nurses with less than a year of service will complete this period.

The Air Force nursing service, which had a total enlistment of 477 and now numbers 376, is waiting for instructions on their future.

The navy nursing service, also releasing its married members and now including an estimated 300 nurses, expects to demobilize many by the end of September. Requirements of Navy hospitals and convalescent homes must be met first, however.

Many service nurses are planning to transfer to the nursing staff of the Veterans' Affairs Department, which gives medical care to discharged servicemen.

HINITT — SMITH

● The Church of the Redeemer, Fairview, was beautifully decorated Tuesday evening when Muriel Wilson, second daughter of Mr. and Mrs. R. B. Smith, exchanged marriage vows with Able Seaman Frederick Walter Hinitt, R.C.N.V.R., only son of Alderman and Mrs. Harold Hinitt, Rev. F. M. B. Gilbert of Nakusp, cousin of the bride, officiating. The bride, who entered the church on the arm of her father, looked lovely in a flowered jersey silk dress with large white picture hat and white accessories. She carried a bouquet of rosebuds, carnations and sweet peas mixed with gypsophila. Mrs. Leonard J. Batley was her sister's only attendant. The groom was attended by his uncle, F. Verne Irwin. During the signing of the register "O Perfect Love" and "At Dawning" were rendered by A. Pagdin. Ushers included Bill Crossley and Robert Graham. Following the ceremony a reception was held at the home of the groom's parents, where the guests were welcomed by the mothers of the bride and groom. The toast to the bride was proposed by Rev. Mr. Gilbert and was suitably responded to by the groom. The bride's table was beautifully decorated with a three-tier wedding cake embedded in white and pink tulle, surrounded by three china doll-shaped vases holding tall blooms and pink lighted tapers. The tea table was presided over by Mrs. A. H. Boss and Mrs. Fred L. Irwin. Those serving included Mrs. Floyd Irwin, Mrs. Verne Irwin, Miss Leona Boss, Mrs. McPherson, Miss Loy Dayman, Miss Lorraine Carew, Miss Olive Waters, Miss Jacqueline Waters, Miss Christine Habegard, Miss Beverley Irwin and Douglas Smith, Pat Carew and Lorne Irwin. The happy couple left on the Eastbound train for a honeymoon to be spent in Calgary and District.

● J. I. Peters, C.P.R. District Freight Agent, left yesterday to spend a few days at the Coast.

● Mr. and Mrs. G. Stuart McIntosh, Hall Mines Road, have as guests Mr. McIntosh's brother-in-law and sister, Mr. and Mrs. W. E. Hall of Lethbridge.

● Mrs. Charles F. McHardy of Balfour spent yesterday in town.

● Mr. and Mrs. F. W. Dickens, 618 Latimer Street, have taken up residence in their recently purchased home 619 Silica Street.

● Mr. and Mrs. W. A. Bennett, Chatham Street, Fairview, have as guests Mr. and Mrs. J. R. Marshall of Rossland, former residents of Nelson

● Mrs. Stella Petersen, Kerr Apartments, leaves on the Eastbound train this morning for Ottawa where she will visit relatives before joining her husband in Germany. Mrs. Petersen, who is accompanied by her son Donald, has spent the past three years in Nelson. Captain Peterson has been in the Imperial Army for nearly six years. Prior to her departure, Mrs. Peterson was the inspiration for many social affairs.

● Mrs. George Conrad, Latimer Street, returned at the weekend from a couple of weeks spent in Procter and Balfour.

● Mrs. Alma Byrnes, Carbonate Street, leaves this morning for Calgary where she will meet her husband, Major H. J. Byrnes, who has been overseas for some time.

● Mr. and Mrs. W. Ogden, 923 Carbonate Street, have returned from a few weeks spent at the Coast where Mr. Ogden received his discharge.

● Mrs. Thomas Moore of Vancouver, who has spent the past few weeks at the home of Mr. and Mrs. H. Lupton, Fairview, returned to the Coast yesterday.

● Colonel Mallandaine of Creston is a city visitor.

● Mr. and Mrs. Robert Todd, Front Street, have had as guest Flight Sgt. Roy Wall of Medicine Hat, who has been a prisoner of war for 15 months. He also visited his uncle in Creston.

● Pat and Mike Kinahan of Trail are visiting at the Kinahan home, Silica Street.

Nsonof guests

● Mr. and Mrs. Kenneth Boles of Winlaw were in the city enroute to Balfour where they plan on spending a few days with relatives.

● Miss Christine Fornelli, Baker Street, spent the V-J holiday at the home of her mother at Fife.

● Irving Kingsley of Christina Lake is a city visitor.

● F. S. Chandler was a shopper from Kaslo yesterday.

● Mr. and Mrs. Maurice Pierce and their little girl, who have spent a few months in Nelson, plan on returning to the Prairie today.

● Robert Sansbury of Salmo is a city visitor.

● Mrs. Robinson and her daughter of Revelstoke are holidaying at Balfour Beach Inn.

● Carl Lindow of Salmo visited town yesterday.

● Mr. and Mrs. A. E. Anderson of Medicine Hat have been guests of Mr. and Mrs. Robert Todd, Front Street.

● George W. Steele, Silica Street, has returned from a couple of weeks camping and fishing at Kootenay Bay. He was accompanied by his son and daughter-in-law, Acting Chief of Police Fred Steele and Mrs. Steele and family of Trail.

● Henry Merriam of Deer Park, Wash., plans on returning today after visiting relatives in the city.

● Frank Abey, merchant of Kaslo, visited town yesterday.

● Miss Norma Bundy of Vancouver, who visited her parents in Erickson, visited friends in the city enroute to the Coast.

● Mrs. P. Gansner of Taghum was among city shoppers yesterday.

● R. E. Kirby left yesterday on a visit to the Coast.

● Mrs. J. E. Bennett returned Wednesday from a few weeks holiday with friends in Vancouver.

SALMO

SALMO, B.C.—H. Doelle has returned to Sheep Creek from Vancouver.

Tommy Lund of Trail is spending a vacation at the home of his parents, Mr. and Mrs. Emil Lund.

Oliver Smith was a city visitor.

Mr. and Mrs. Walter Christianson of Sheep Creek were visitors in Salmo to meet the former's brother-in-law and sister, Mr. and Mrs. George Beattie.

Miss Helen Gray and Miss Sylvia Brulotte were Nelson visitors.

John Lodder was a visitor to Nelson.

Mrs. H. E. Doelle and daughter, Mrs. Jack McIntosh, Sheep Creek, were Nelson visitors.

Mr. Harret of Fruitvale spent a few days in Salmo.

Dr. N. E. Morrison of Nelson was a visitor to Salmo Friday.

Miss Sylvia Brulotte of Ymir is a guest of her brother-in-law and sister, Mr. and Mrs. Charlie Gordon.

Mrs. Ken Anderson and daughter Ann, and Mrs. George Beattie spent a day in Nelson.

Jack Meek of Sheep Creek was a visitor to Nelson en route to Bayonne where he is employed.

Mrs. Sam Mackie and two children, Bonnie and Mickey, were Nelson visitors.

Mrs. Hattie McEwing spent Thursday in the city.

Mr. and Mrs. Monty Turner's sons, Michael, Monty and Billy, who spent their vacation with Mrs. Turner's parents at Coleman, Alta., have returned to their home at Sheep Creek.

Mr. and Mrs. E. J. Avery, Mr. and Mrs. Ralph Gibbon were visitors to Nelson.

Miss Verle Bergman, who has been Miss Jean Avery's guest for two weeks, has returned to her home at Silverton.

Mr. and Mrs. I. Stirling of Vancouver are guests of the former's parents, Mr. and Mrs. John Stirling.

Mrs. R. C. Bush was a Nelson shopper.

Mrs. Vic Strandberg and son, Tommie, were Nelson visitors.

Bob Horswill of Trail was a visitor in town.

Mrs. R. Gardiner and little son of Slocan City visited her mother and sister, Mrs. J. Leaghy and Mrs. Gertie Waterstreet.

Mr. and Mrs. Howard Moore and family of Sheep Creek have taken up residence in Ymir.

Miss Jean Avery is visiting relatives at Vancouver and friends at Penticton, Steveston and Victoria.

Mr. and Mrs. George Bradley have as their guests their two granddaughters, Mrs. Eybuson and son Harry and Miss Eileen Coombes of Prince Albert, Sask. They will leave shortly to visit relatives in Penticton.

Buddy McIntyre and his brother, Ronnie of Nelson ,are visiting their father, J. McIntyre, Sheep Creek.

Mr. and Mrs. Howard Breeze have the former's brother, Pte. Johnny Breeze of Calgary, Alta., spending his furlough with them.

Mrs. Marshall McDearmid visited her parents, Mr. and Mrs. A. K. Olson, Nelson.

Bill Wilson of Fruitvale was a Salmo visitor.

KASLO

KASLO, B.C.— Mrs. Williams, Miss Dorothy Williams and Mrs. A. Goddard of Fruitvale were recent guests in the city.

Mrs. George Rasmussen and daughter Betty were in Nelson on Friday to meet Constable G. Rasmussen, who was returning from the Coast where he had been under medical care.

J. Nofield was a recent visitor to Trail.

Berley Lythgoe of Nelson is visiting with her grandmother, Mrs. A. Perkins, in Kaslo.

Mr. and Mrs. Dickson have left for Anaconda after a visit with Mr. and Mrs. Wallace who are on holiday in Kaslo from Walla Walla.

Included in weekend visitors in Kaslo from Riondel were Mrs. R. Patterson, Mrs. Stewart Dick and Mrs. Wood.

After spending several weeks at the Coast visiting her daughter, Mrs. John Alm has returned home to Kaslo.

G. S. Baker motored to Nelson on Saturday to meet Mrs. Baker, who has been visiting for the last month with her daughters, Mrs. Langill and Mrs. Mason and their families, at Prince Rupert.

Mrs. R. B. Dimock and son Kenneth have left for Trail after a two weeks visit with Mrs. Dimock's father, W. Murchison.

Mr. and Mrs. C. Vance and family have returned home to Chapman Camp, after visiting with Mrs. Alice Perkins in Kaslo.

E. A. Holmstrom returned home to Kaslo on Saturday after a visit to the Coast.

Miss Muriel Harper of Calgary is a guest of Miss Beatrice Fell.

Mrs. Ernest Garrett and son Jimmy were shoppers in Nelson on Saturday.

Kenneth Huscroft of Erickson has joined his wife and baby son and will spend a holiday in Kaslo, guests of Mrs. M. Riddell.

Mr. and Mrs. T. Horner have left to visit friends at Gem, Idaho.

Mr. and Mrs. A. E. Craig motored over from Trail at the weekend. Mr. and Mrs. W. A Curran and daughter, Joan, who have been guests at the "King George" for the past month, returned to Trail with them.

Donald McDonald of Trail spent the weekend with his family in Kaslo.

Mrs. George Fleury and son Harvey, were in Kaslo on Saturday en route to Lardo where they will visit for a while.

Mr. and Mrs. D. S. Wetmore and daughter of Trail are holidaying in Kaslo guests at the "King George."

Mrs. B. Hanson was over from Trail recently and was a guest at the home of Mr. and Mrs. George Johnson.

Miss Irene Wone left on Saturday for Nelson. She will receive further medical care at Kootenay Lake General Hospital. Her mother accompanied her to Nelson, returning to Kaslo that night.

Mr. and Mrs. E. W. Hazlewood of Trail are spending a vacation in Kaslo, guests at the "King George."

Mr. and Mrs. Jack Moryson left on Tuesday for Haney, B.C. after a holiday spent in Kaslo. They were guests of Mr. and Mrs. A. T. Moryson at the "King George."

After several weeks holiday spent at the home of her parents, Mrs. R. I. Cunningham and her husband have returned to their home at Red Deer, Alta.

Mr. and Mrs. Willie Pearce and daughter Marlene, have left for their home at Hedley, after a short visit at the home of Mayor and Mrs. C. W. Webster.

The Christening Service for the infant son of Mr. and Mrs. I. Kenneth Huscroft of Erickson was held on Sunday morning at St. Andrew's United Church, Kaslo, with Rev. H. J. Armitage officiating. He was named John Richard. He is the grandson of Mrs. M. Riddell and the late J. A. Riddell of Kaslo.

Miss Dilys Jones of Trail is spending two weeks holiday in Kaslo. She is a guest at the home of her uncle, Cameron Clarke and Miss Iris Clark.

Mrs. Pat Butler spent a few days with friends at Retallack.

Mr. and Mrs. George Johnson were visitors to Nelson on Monday.

Mr. and Mrs. E. Cook of Vancouver, B.C., who have been on a two month's tour of Eastern Canada, were guests for a few days at the home of Mrs. Cook's parents, Mr. and Mrs. E. F. Timms.

Ald. and Mrs. G. K. Sutherland have as guests their daughters, Miss Gladys of Trail and Doris of Port Alberni. The latter has just returned from Summer School at Victoria.

H. S. Whellams left to visit for a few days with friends at Willow Point.

EPSOM, England (CP) — One of Britain's rarest butterflies, the Bath White or Pieris Daplidice, was caught in a Surrey park.

I.O.D.E. Donates $25 to Jam-for-Britain

Nelson Chapter of the I.O.D.E. voted to donate $25 to the Red Cross Jam for Britain Fund, at its monthly meeting at the Canadian Legion Tuesday afternoon.

A letter from the Welcome Home Service thanking the Chapter for $10 donated, was read by the Secretary, Mrs. H. E. Thain.

KOOTENAY DE-COMMISSIONED

Mrs. E. C. Wragge, war convener, reported that specially built washing machine for naval use purchased by the I.O.D.E. for H.M.C.S. Kootenay, missed the ship, when it left Canada, and again missed it in England.

A letter from the Commanding Officer said that the Kootenay was to be decommissioned, and he suggested that as the washing machine was now in England, it should be turned over to one of three destroyers being built there.

Mrs. Wragge was voted permission to write the Commanding Officer, telling him to do what he thought best with the machine.

It was reported that a woman in hard circumstances, with four children, had been put on the milk list, and that I.O.D.E. almanacs had been sent to war brides in the Nelson district.

CANCER FUND RECEIPTS $225

Mrs. C. E. Lister gave a report on the distribution of cancer stamps. Altogether, 850 sheets worth $1 each, had been mailed out, and the returns so far had amounted to $255, with remittances still coming in. The cost of printing was $18 and the cost of the stamps $9, she disclosed.

The Regent, Mrs. G. S. MacIntosh, stated a letter of sympathy had been sent to Mrs. George Horstead, with reference to the death of her husband.

The garden party to be held on September 5, was briefly discussed, and a committee was named. Mrs. W. Laishley is Convener, and those named on the committee were Mrs. K. H. Grenfell, Mrs. L. H. Choquette, Mrs. N. R. Freeman, Mrs. W. A. Gordon, Mrs. R. B. Brummitt, Mrs. A. E. Murphy, Mrs. S. A. Maddocks, Mrs. H. Lakes and Mrs. G. Schupe.

Boswell Packing Shed Holds Card Party, Dance

BOSWELL, B.C. — The manager and staff of the packing shed were hosts at an enjoyable social and dance on Saturday in the Memorial Hall. Military whist was played until 10:30 after which supper was served and dancing enjoyed for the balance of the evening.

Winners of military whist were Mrs. A. Kennedy, Mrs. W. L. Hunter, Mrs. R. Shell and J. Wilson. Consolation, Mr. and Mrs. G Hill, Mrs Edna Vivian and C. Koch.

C. Koch was Master of Ceremonies for cards and F. D. Cummings for the dance. Music was provided by Mrs. Eakin, Mrs. F. D. Cummings and W. Johnson.

A number of visitors from Crawford Bay, Gray Creek and Creston attended. A silver collection was taken and $13.50 handed over to the Memorial Hall Secretary.

Manager C. H. Bebbington, Mrs. R. Shell, Mrs. F. D. Cummings, Mrs. C. MacDonald, and the Misses R. Miller, Joan Bainbridge and Mervyn Warren served refreshments.

LONDON (CP) — British decorations have been awarded 535 members of the Polish armed forces who went into action from Britain.

SPORT-TIPS # 6 ROCKER CURL by "Ace" Percival

formerly "Canada's most versatile athlete" in all sports. Played on many "championship" teams. Now "Ace" is our leading all-round coaching expert.

Part of every athlete's success is due to right training . . . part to right eating . . . part to knowing the 'inside' tricks. Here's a training stunt to help build a powerful back. To star in baseball, rugby—any sport—you need a strong back!

CLIP AND SAVE!

Part 1

The "Rocker Curl" will develop a strong, supple back. Lie flat on floor. Raise upper body far as possible, arms wide apart. Return to position.

Part 2

Next raise lower body and legs high as possible. Keep legs straight, knees locked together. Alternate upper and lower body lifts until tired.

Part 3

From same position as before raise both upper and lower body *at the same time*. Keep legs straight and lift hard. Repeat until tired.

WHOLE WHEAT helps build strong muscles. Kellogg's All-Wheat is whole wheat in its most delicious form. It's flaked, toasted, ready-to-eat! Get some *tomorrow* at your grocer's.

FREE! 8 full-colour cards in every package.

Consider Nationalization of Canadian Coal Industry

By JACK WILLIAMS
Canadian Press Staff Writer

TORONTO, Aug. 16 (CP) — The Owen Sound Board of Trade suggested today in a brief presented to the Carroll Royal Commission on coal that the time might be near when consideration should be given to nationalization of the Canadian coal industry.

The Owen Sound submission was the first heard by the Commission when it resumed hearings after a V-J holiday. Representations were also heard from the Lakehead Fuel Dealers' Association of Fort William and Port Arthur, Ont., and the James Murphy Coal Co. of Fort William.

Frank W. Smith, who presented the Owen Sound brief, said in evidence that if private interests failed to fully develop Canada's coal resources then nationalization would be necessary.

In its brief the Board of Trade advanced a plan for the construction of docking facilities at the Lakehead for transfer of coal from rail to ships and for a wholesale distribution plant at Owen Sound to promote sale of Alberta coal in Ontario.

Mr. Smith said before the war Alberta coal selling at $13 a ton against $16.50 for American anthracite held 15 per cent of the Owen Sound market and was satisfactory. He estimated 50 per cent of the market could be eventually filled by the Western coal.

"We contend that it is the duty of the Government of Canada to see that the Canadian coal deposits are developed so that every Canadian home and place of business can be guaranteed that the necessary fuel is always available when it is required for heating or industrial purposes," the brief said.

"The welfare of the citizens of any country should be the first consideration of its Government. After many years of trying to coordinate the coal mining industry for the benefit of the people of Great Britain, the British Government of today is moving toward nationalization of that great national asset. We would do well to learn our lesson from the experience and mistakes of others."

"You are contending that we are nearing the point where it might be necessary to nationalize the industry," Mr. Justice C. C. McLaurin, member of the Commission, suggested.

"Yes, it might," Mr. Smith replied.

Frank C. Murphy of Fort William submitted the Lakehead Fuel Dealers' brief and that of the James Murphy Coal Co. The fuel dealers advocated an increase in price ceiling to cover increased operating costs and the removal as soon as possible of subsidies and Government controls to allow free competitive trade.

Both the dealers and the Murphy Co. asked stabilization of Canadian and American currency at par and in his Company brief Mr. Murphy proposed removal of the present duty of 50 cents a ton on American coal. No action should be taken which would interfere with the movement of American coal to the Lakehead by water.

Interpreting THE WAR NEWS

By JAMES D. WHITE
Associated Press Staff Writer

Why the stall in Tokyo?

The suggested answers thus far fall in to two categories:

1. Japanese cussedness.

2. Tokyo is having trouble, or fears trouble, with the military.

Taking up first the business of Japanese perversity and stubbornness, it simply is not the Japanese way to agree to anything promptly and implement that agreement promptly—particularly when it involves something unpleasant.

The appointment of Prince Higashi-Kuni as the new Premier and the decision to send members of the imperial family junketing around Asia telling Japanese Field Commanders that the surrender order is the real Mccoy is the key to the second point—trouble with the military.

Higashi-Kuni has done this sort of thing before. The Army knows him well, as his record shows. He had to fly to Nanking in 1937 to stop the Japanese Army's orgy of rapine.

Prince Chichibu had to call the Kwangtung Army off in 1939 when it was too proud to stop fighting the Russians at Nomonhan.

BUILDING PRESTIGE

There have been other instances where only by brandishing the authority of the throne could imperial headquarters control willful field commanders.

To these two possible explanations for Tokyo's tardiness I would add a third which daily becomes more apparent—Tokyo is making hay while the sun shines, before the Rising Sun sets in the twilight of an occupied country.

Between the surrender announcement and the actual occupation it is doing everything possible to strengthen the influence of the throne and perpetuate its prestige in the minds of the Japanese people while it can still monopolize their attention.

Alberta Wheat Yield May Vary From 6 to 25 Bushels

EDMONTON, Aug. 16 (CP)—Wheat yields in irrigated Alberta districts may average 25 bushels an acre but the dry farming area in the Southeastern section of the province may not run more than six, says the Alberta Wheat Pool in a crop report issued today.

Crops in Central Alberta have been improved by rains in Western areas but average for wheat in the Eastern part will probably not exceed nine bushels.

The report says rains during the first half of the month bettered crops in Northern Alberta, filling wheat fairly well and improving the feed situation but the crops in that area will be "only fair to poor."

LUSAKA, Northern Rhodesia (CP)—Interesting experiments in fish farming are showing promise at Chilange, where a dam was built in 1942 to cover about seven acres supplemented by five experimental pools. One pool stocked with Bluegill will propably yield 500 lbs. to 700 lbs. of fish per acre, in comparison with the wild water figure of 30 lbs. per acre in a year.

Surrender Leaflets Dropped, Burma

PEGU, Burma, Aug. 16 (CP) — A C-47 R.A.F. cargo plane carrying leaflets with the news of Emperor Hirohito's surrender of all Japan's forces was fired upon today over Moulmein, headquarters of Japanese remaining in Burma.

Indications were that the Japanese were ready to continue resistance, either in ignorance or disregard of the Emperor's capitulation rescript.

The Commander of the British forces on this 300-mile front declared:

"We are ready for the Jap to do anything. He might even do a banzai charge. We are ready for that, too."

The order to stop offensive operations received today from 12th Army Group Headquarters does not necessarily mean to cease fire in local areas, Commanders here said. They declared that if the Japanese resumed shooting, they would get a reply in kind.

Returns to Nelson After 24 Years

Mr. and Mrs. W. A. Burton who left Nelson in 1921 have returned to the city from England.

Mr. Burton was with the Soldier Settlement Board after the last war, then went to Vancouver and later to California.

He has been employed by the War Office and by the American Forces Headquarters in England during World War II and has decided now to settle in Nelson.

NELSON BOY EXPECTED HOME SOON

FO. S. W. Stuart, who is to arrive in Canada on the Duchess of Richmond, is the son of Mr. and Mrs. R. J. Stuart, 1302 Crossley Avenue.

Two ways to deal with flies

Flies are costly. They pester livestock. They spread bacteria and germs. For the protection of livestock at pasture, use Hpyro Livestock Fly Spray. This product repels and kills flies.

If you want a product with high fly-killing efficiency for the barns, stable, milk-house, use Hypro. It has an AA rating and we believe it is unexcelled as a fly killer.

We can supply this spray in 1 gal. and ½ gal. cans.

Reds Come Out of Slump to Take Twin Bill

BOSTON, Aug. 16 (AP) — After losing 13 straight, Cincinnati Reds turned on the Braves today and took both ends of a National League doubleheader 5-3 and 8-3.

In the first game, Johnny Hutchings sailed along for seven innings, allowing only two hits, and had a two run lead thanks to Tommy Holmes' 21st homer with Vince Shupe on base.

But in the eighth a single, a home run by Al Unser and a double by Joe Bowman, the winning pitcher, was the end for Hutch.

A five-run fifth inning in which eight Reds went to the plate, gave the visitors enough margin to win the nightcap.

SEATS WINS FOR DODGERS

BROOKLYN, Aug. 16 (AP) — Tom Seats pitched and batted Brooklyn Dodgers to a 2-1 National League victory over Chicago Cubs today before the home team's largest paid attendance for a weekday, 27,882, to even the series at one game apiece.

Seats allowed seven hits and the Cubs' lone run, made in the eighth, was directly due to two errors by Shortstop Tom Brown. Hank Wyse, striving for his 19th victory, met his seventh reversal instead.

Chicago	1	7	1
Brooklyn	2	9	2

Chipman, Vandenburg, Wyse and Rice; Seats and Dantonio, Peacock.

CARDS BLANK PHILS

PHILADELPHIA, Aug. 16 (AP)—Two-hit pitching of Ken Burkhart and circuit clouts by Buster Adams and Pep Young brought St. Louis Cardinals a 4-0 National League triumph over Philadelphia Phillies today.

Only Vince DiMaggio and Andy Seminick were able to nick Burkhart for singles as he rang up his 13th win against seven defeats.

St. Louis	4	7	1
Philadelphia	0	2	1

Burkhart and O'Dea; Sproul and Seminick.

Wind Whips Up Fierce Fires About Cranbrook

CRANBROOK, B. C., Aug. 16—District fire situation apparently controlled this morning, roared into life in a fierce hot South wind this afternoon as curling columns of smoke spiralled high on three horizons.

Most serious outbreak was Southwestward about 20 miles at the head of Lamb Creek in the Purcell Range. It covered over 250 acres and more than 70 men were fighting it this morning. It is not yet in the timber stand of the Sash and Door Company which contains a 20-year cut.

Over 35 men are fighting an outbreak Southeastward on Gold Creek. Three lumber firms operate in the Gold Creek stand. This fire covered 40 acres this morning.

About seven miles Southeast of Cranbrook near Lumberton by the highway a fire in scrub growth spurted up during the afternoon. Most spectacular smoke column was on the Northwest horizon, in the Windermere Forest district said to be in Skookumchuck vicinity. All afternoon Forestry Service trucks were on the move taking men out to augment fire fighters and supplies to the camps. Smoke is folding in over the city tonight and the wind has died.
