Police Fail to Open Union Line; Battle Picketers

HAMILTON, Ont., Aug. 21 (CP)—Scuffles between police and pickets and six arrests Wednesday apparently ended the change in steel union policy which Tuesday had permitted passage of workers, cars and trucks through picket lines established by the striking United Steel Workers of America (CIO) around the sprawling Hamilton works of the Steel Company of Canada.

Tonight the picket lines were again closed tightly. One incident at the plant gates today resulted in arrest of Eri Dalrymple, union represenative charged with vagrancy, and John Gagiel, laborer charged with obstruction.

Late in the day a more threatening situation resulted in four more arrests and the closing of picket lines. Striking pickets lined up shoulder-to-shoulder had barred the way as a truck, escorted by two policemen, attempted to leave the plant with a load of finished steel.

POLICE FAIL OPEN LINE

All police in the vicinity united to try to open the path for the outcoming truck through the mass of about 600 picketers. Considerable shoving and jostling resulted but the picket lines held and the truck turned back.

Just before this incident, someone threw a stone through the window of a car which drove up with women workers entering the plant. When police chased after the stone-thrower the crowd closed in and a small-scale riot started which brought police reinforcements. When the air cleared two of the strikers' picket tents had been trampled to the ground. Two men were charged with assaulting police officers.

The final two arrests were made after eight police officers dragged two picketers into the police van after the melee resulting from appearance of the truck carrying steel.

A force of 75 police were on hand after this last incident, but the picket lines had been formed tightly across the main gates to the plant and the situation apparently was the same as it had been since the strike started July 15, when the company started flying in supplies to landing strip on the company property.

Albania Demands Seat as Equal

Claims Absolute Right in Determining Italian Reparations

PARIS, Aug. 21 (AP)—The Prime Minister of Albania, Enver Hoxha, demanded today that the Peace Conference seat him as an equal and asserted that the Balkan state never would consent to any changes in its borders "for those frontiers are sacred."

Many of his remarks were directed against Greece and its Prime Minister Constantine Tsaldaris, also a target of Soviet Russia.

Referring to Mr. Tsaldaris' mention of the Albanian Quisling Government during the Italian occupation, he asserted that all who remained had been killed, and "those war criminals who fled are in the best hotels in Rome."

Mr. Hoxha demanded the peace treaty "put an end to the aggressive, imperialistic policy of Italy."

He asserted that Italy caused 3,000,000,000 gold francs damage in Albania, and demanded "as an absolute right, to be allowed to determine the amount and payment of Italian reparations."

He received a long burst af applause, and so did Alfonso R. W. Diaz, spokesman for Mexico, who spoke next.

The Mexican ambassador to Paris expressed his country's hope that "a just and equitable peace will be concluded" with Italy that "will permit her to join with dignity in the concert of nations."

As the speeches droned on, an informant in the peace conference secretariat said 250 "fundamental" amendments to the draft treaties and an undetermined number of others had been presented by peace conference members. The deadline for filing amendments passed at midnight

Bulgaria issued a statement, asserting that the claims of Greece, one of the Allied victors, to $708,000,000 reparations were "fantastic and in contradiction" to the draft treaty's declaration that Bulgaria would pay "partial" indemnities to Greece and Yugoslavia.

The Bulgars asserted that the amount of railroad equipment, cattle and power installations which Greece asked "did not even exist before the war in all the territory (including parts of Greece) occupied by Bulgarian troops."

British Foreign Minister Bevin, making his first appearance at the conference, presided over the meeting, called to hear statements from Albania, Egypt, Mexico, Istria and Iran.

LEGISLATION UNIFORMITY CONFERENCE TO PRECEDE BAR CONVENTION

WINNIPEG, Aug. 21 (CP) — A conference of the Commissioners on Uniformity of Legislation in Canada will be open here tomorrow and run for five days as a preliminary to the convention of the Canadian Bar Association.

7 Foundations Completed for Wartime Houses

Seven actual foundations of the Wartime Housing Limited homes have been completed in the vicinity of Kootenay and Delbruck Streets. Decks for the main floors are being built in three of these. In addition, three more foundations are in the process of construction and another three are being excavated. A further area is being cleared and levelled, bringing to 14 the number of sites being worked on. Each site contains two lots.

"Lumber delivery is a bit slow owing to forest fires, and the nail situation is highly precarious," K. Jensen, Contractor in charge, reported Wednesday.

"In any case we intend to keep pushing the foundation and excavation work on the hill before the rain and snow sets in.

"The assistance we have had from the City is greatly appreciated," he continued, "they have put in temporary water and power lines to facilitate the pouring of the concrete foundations."

No authority has been set up here yet to deal with the applications of the veterans who hope to make these houses their homes. However, it is expected that Wartime Housing will arrange an agent to take care of them in the near future.

Eight Killed in Jet Plant Blast

AZUSA, Calif., Aug. 21 (AP)—At least eight persons were killed and more than a score injured Wednesday as a terrific explosion of volatile fuels wrecked the Azusa plant of Aero-Jet Engineering Corporation.

The blast, originating in a mixing plant, jarred the Los Angeles area, and was felt within a 30-mile radius.

The plant manufactures jet assisted takeoff (jato) units for navy aircraft, powerful explosives designed to give heavy bombers and fast fighters additional power on takeoffs by rocket-like thrusts.

Because of the danger attached to manufacture of its products, aero-jet built its plant around several structures instead of into one building. Fire, spreading quickly after the explosion, caused considerable damage to the property.

Sheriff's officers said there might be other victims in the wreckage. The fire was quelled within an hour.

Navy officers from the Bureau of Aeronautics took charge of the plant. Many of the products of the corporation are calssified by the armed services as secret.

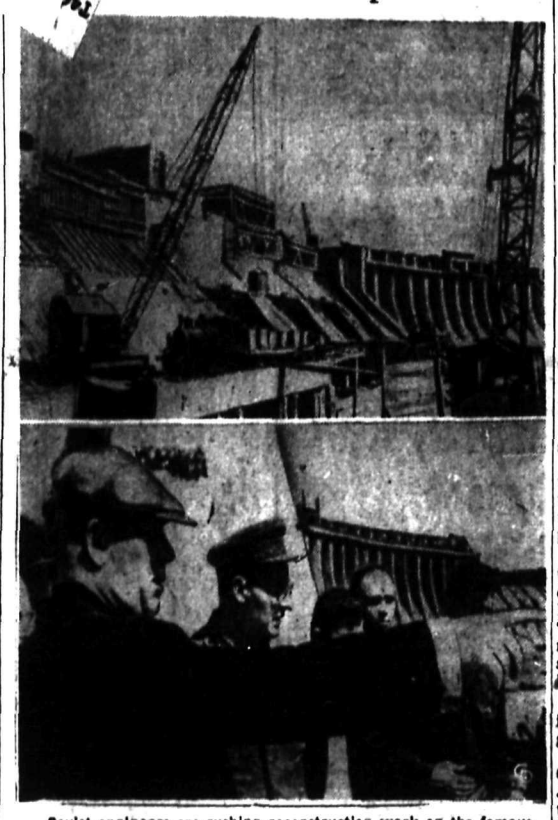
Russia Rebuilds Dnieper Dam



Soviet engineers are rushing reconstruction work on the famous Dnieper dam, destroyed by the Russians during the war to keep it from falling into German hands. Above cranes dump concrete into forms to restore the penstock while, at bottom, F. T. Loginov, chief engineer, reports on the progress of the monumental work.

Montreal in Grip Of Polio Epidemic; Safeguard Quints

By The Canadian Press

Montreal's reorganized City Committee on Poliomyelitis (infantile paralysis met Wednesday in emergency session to discuss the outbreak which has developed to 395 cases—more than half the Dominion's total of 661—but hospital officials warned parents not to become panic-stricken.

In Montreal the outbreak is considered to be of "epidemic proportions," but elsewhere across the country officials are more optimistic.

With the report of a case at Callander, Ont., home of the Dionne Quintuplets, extra precautions were taken to safeguard the famous five.

"We are always careful about the health of the Quints but you never can be too careful so we will take extra precautions," said Oliva Dionne, the Quints' father. "Mrs. Dionne, the Quints and myself hope that little Elaine (Elaine Ricker, the stricken Callander child) recovers quickly . . ."

The Ricker child is in hospital in Toronto ,where attendants said her condition is serious.

18 NEW CASES

Nine of the 18 new cases reported yesterday are in Montreal hospitals. Seven new cases were reported in Ontario and two in Saskatchewan.

Cases under treatment are as follows with deaths in brackets:

Nova Scotia, 6 (1); New Brunswick, 14 (1); Prince Edward Island, 18 (4); Quebec, 408 (24); Ontario, 123 (9); Manitoba, 15; Saskatchewan, 4; Alberta, 22 (4); British Columbia, 3.

Four other cases in Nova Scotia and two in Saskatchewan have been reported cured. Montreal authorities said some of the 408 in that city have left hospital and are considered cured. All three British Columbia cases were reported before June.

$142,000,000 in Estimates Tabled to Cover Demobilization, Reconversion, Wind Up Contracts

OTTAWA, Aug 21 (CP)—Acting Finance Minister Abbott today tabled in the Commons supplementary budgetary estimates totalling $142,644,296 to cover expenditures unprovided for in the regular estimates brought down earlier in the session.

The supplementaries raised to $2,911,994,111 the estimated expenditures for the fiscal year ending March 31, 1947. Expenditures for the 1945-46 fiscal year were estimated at $4,650,548,845.

The bulk of the supplementaries covered expenditures expected to arise out of the process of demobilization and reconversion.

Pension, allowances and discharge benefits are expected to cost the Veterans Affairs Department some $31,627,250 in addition to the $621,518,932 already provided for in the ordinary estimates of that department.

Also in the supplementary estimates was an amount of $37,250,000 to cover charges arising out of the termination of war contracts.

This is how the normal supplementaries were broken down by departments:

Agriculture, $1,424,098; Civil Service Commission, $36,290; external affairs, $474,680; finance, $5,567,885; fisheries, $532,500; insurance, $7700; justice, $240,593; labor, $149,651; legislation, $44,120; House of Commons, $77,000; library of parliament, $2390; mines and resources, $1,951,567; national defence, $102,675; national health and welfare, $790,561; national revenue, $182,689; post office, $4,399,214; Privy Council office, $142,980; public printing and stationery, $86,500; public works, $6,335,000; Royal Canadian Mounted Police, $169,949; Secretary, of State, $4500; trade and commerce, $675,179; transport, $1,187,832; veterans affairs, $14,134,979; total $38,680,513.

The demobilization and reconversion estimates were split as follows:

Agriculture, $1,500,000; Civil Service Commission, $180,206; finance, $2,980,001; fisheries, $186,000; labor, $3,040,468; mines and resources, $115,000; national defence, $12,736,361; national health and welfare, $657,433; Privy Council office, $36,673; public works, $68,200; reconstruction and supply, $37,250,000; transport, $3,596,191; veterans affairs, $31,627,250; total $93,963,783.

Also in the supplementaries was an item of $10,000,000 under the heading of loans and investments. The amount will be used for the purchase of land and equipment for veterans establishing themselves under provisions of the Veterans Land Act.

Appoint Richards To Deal With Packers Dispute

OTTAWA, Aug. 21 (CP) — Appointment of Justice S. E. Richards of Winnipeg as an industrial disputes commission to deal with a dispute between the United Packinghouse Workers (C.I.O.) and two companies was announced today by Labor Minister Mitchell.

The Union has threatened strike action in a move to enforce its demands for new agreements with Canada Packers Ltd. and Burns and Co. Ltd.

Mr. Mitchell said the appointment had been made following consultations with Labor Minister of British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, Quebec and New Brunswick where the company's plants are located.

Any tentative agreement on wage rates which is arrived at through the negotiations will be subject to approval of Regional War Labor Boards in the various provinces.

Justice Richards effected a settlement in a similiar dispute last year.

LONE BANK ROBBER GETS $15,000

LEVELLAND, Tex., Aug. 21 (AP)—A lone robber held up the Levelland State Bank at noon today and escaped with an estimated $15,000. Levelland is 30 miles from the Texas-New Mexico border.

COMMUNISTS ESTABLISH GOVERNMENT

Refuse Coalition Until Present Fighting stopped

DENY CHARGES

NANKING, Aug. 22 (AP)—China's Communists announced today establishment of their own government of Manchuria and said they would not discuss participating in any coalition government of China until all of the current fighting is stopped.

Some informed quarters here said that establishment of such a coalition had become "the last hope" of mediators seeking a permanent peace.

Communist spokesman denied that their party was calling for all-out mobilization against Chiang Kai-shek's forces, and said they "have no desire" to overthrow his national government — which is strictly a one-party regime now. But they added:

"The first thing is to stop fighting. Then we can talk about reorganizing the government."

Some observers here said that General Marshall and Ambasador John Leighton Stuart, having failed to stop the shooting first and talk politics later, now were trying to reach a political accord first.

Chiang, these sources said, had asked Marshall to request a list of ministries which communists would demand in any coalition government.

Manchuria's new Red Administration, the Communists' official radio at Yenan announced, is "the provisional supreme administration for democratic Manchuria," composed of 86 elected delegates from all sections, and aspiring to "a peaceful, prosperous Manchuria by uniting all . . ."

There was no report that it was operating directly under Yenan, the Communist capital, but its avowed goals were similar to those of the Yenan government.

Support of decisions reached by China's political consultative (government—communist unity) conference; support of China's friendship treaty with Russia; and support of the allies' Potsdam Declaration.

The communists have not declared war upon Chiang's forces, party spokesman Wang Ping-nan contended.

Sale of U.S. Dollars Profit $49 Millions

OTTAWA, Aug. 21 (CP)—Graham Towers, Governor of the Bank of Canada, was grilled exhaustively today as the Senate Banking Committee delved into the operations of the Foreign Exchange Control Bill.

Senator G. G. McGeer (L-British Columbia), an advocate of monetary reform, was the most persistent questioner during consideration of a measure to keep exchange control alive after March next when its powers otherwise would disappear with the end of emergency Legislation.

Senator Elie Beauregard (L - Quebec), Committee Chairman, ruled that Senator McGeer's questions were in order after objection had been raised that the business of the Committee was to find out whether Canada would need exchange control after next March, and not to probe the Board's operations.

From September, 1939, to October, 1945, the Exchange Control Board bought United States dollars at 10 per cent premium and sold them at 11 per cent. Last October it reduced the spread to one-half-of-one-per cent. It first allowed the chartered banks one-eighth of-one-per cent for their part in the buying but later reduced it to three-thirty-seconds-of-one-per cent.

The Board made a profit of $49,000,000 on these transactions in addition to paying the banks $25,000,000 for their services.

The Exchange Control Board suffered its biggest loss in July when the Government brought the value of the Canadian dollar on a parity with the United States dollar and thereby reduced the value of the gold and American dollars the Board was holding by 10 per cent in Canadian dollars. The total book loss, including the loss of sterling, was $139,900,000.

Mr. Towers said there should be set against this loss the profit on the reserves held in 1939 when Canada fixed the Canadian dollar at 10 per cent below the American dollar and also the gain in the value of the Canadian gold reserve when United States boosted the value of the gold to $35 an ounce in the early 30's.

MOTORCYCLIST DIES AFTER COLLISION

EDMONTON, Aug. 21 (CP) — Hurled from his motorcycle after being in collision with a truck on the Calgary Highway at Wetaskiwin, John Wilson, 26, of Edmonton, died in hospital during the night, R.C.M.P. reported today.

It was the third fatality among Edmonton motorcyclists this Summer, the second in three days Thomas Gilligan was killed in June when he collided with an R.C.M.P. truck, and Albert Joseph Brochu was killed Sunday on Kingsway.

MEMBERS SLAP GORDON WAGE BOOST LIMIT

Socred Says Rising Costs Cutting Living Standards

COLDWELL CRITIC

OTTAWA, Aug. 21 (CP) — Statement of Donald Gordon, Prices Board Chairman, that wage increases of 10-cents-an-hour were all that price control could stand complicated difficulties of the present industrial unrest, C. E. Johnston (SC-Bow River) said today in the Commons.

Mr. Johnston said the annual wage of $1750 sought by striking steelworkers was reasonable. Despite the cost-of-living index, which was not an accurate measure, the living standard of Canadian workers was going down rapidly as a result of price increases.

The Commons Industrial Relations Committee in its recent investigation had lacked authority to make recommendation on wages, that was still the responsibility of the Government. Mr. Gordon in suggesting a 10-cent limit on wage increases had placed the Government, labor and management in a difficult position.

Mr. Johnston supported the Committee's recommendation for Government conducted strike vote. He said the vote could be conducted without any interference with the rights of unions.

COMMITTEE FAILED

M. J. Coldwell, C.C.F. leader, said the report represented "complete failure" of the Committee in fulfilling what the Commons had intended it to do. For that reason he would oppose adoption of the report. He also objected to "certain obscurities" in the report.

"Certainly it is not the kind of report we expected or the country expected, in view of the situation," he said.

There had been expectation that the Committee would produce a formula or form of settlement which would result in immediate resumption of urgently needed production.

Mr. Coldwell placed responsibility for the present situation on the arbitrary and obstinate action of the Government and its agencies in placing a 10-cent maximum on the amount of wage increases that might be permitted.

Early Packers' Vote Favors Strike Action

By The Canadian Press

Preliminary results Wednesday showed a majority of Union members endorsing possible strike action by the United Packinghouse Workers of America (C.I.O.) against two of Canada's three big meat-packing chains—Canada Packers Ltd. and Burns and Company. Negotiations are still underway between the Union and the third packing chain, Swift Canadian Company.

The Union is seeking a weekly minimum wage of $35.60 for a 37½ hour week. According to the Union negotiations with Canada Packers and Burns collapsed last week and the strike ballot then was authorized among a claimed union membership of 9000 across Canada in the two companies.

L. A. Forsyth of Montreal, counsel for the two meat packers, said wage increases had been offered and he was surprised at the Union's action in asking for the strike ballot

First announcements of balloting results came last night from Hull, Que., Prince Albert, Sask., and Edmonton.

PLAN GIANT BUILDING PROGRAM FOR AMERICAN TELEPHONE

NEW YORK, Aug. 21 (AP)—Directors of American Telephone and Telegraph Company today approved plans for raising in the near future a record $351,000,000 of new capital to pay for the largest construction program in the history of the Bell system.

The board also paved the way for tremendous expansion of the communication system's capital resources by proposing to increase authorized capital stock to 35,000,000 from 25,000,000 shares. The stock is priced at present at nearly $200 a share

Stockholders will vote on the various proposals at a special meeting scheduled for Oct. 16.

Give Yugoslavs 48 Hours to Free Airmen, Allow Probe

Angry U. S. Ultimatum Threatens to Call for Security Council Action on "Violation of International Law"

WASHINGTON, Aug. 21 (AP)—*In an angry ultimatum,* the United States tonight gave Yugoslavia 48 hours to free imprisoned American airmen and to permit United States' diplomatic representatives to investigate the disappearance of an *army plane near Marshal* Tito's Summer home.

A bitterly cautic note — the sharpest issued by the United States Government since the Pearl Harbor attack — accused Yugoslavia of a "plain violation" of international law and the United Nations' charter and said the Yugoslav explanation was "wholly inadequate" and shocking to the people of the United States.

WILL CALL SECURITY COUNCIL

"*If, within that time* (48 hours) these demands are not acomplied with, the United States Government will call the Security Council of the United Nations to meet promptly and to take the appropriate action," the note said.

It was handed to Sergije Makiedo, Yugoslav's Charge D'Affaires in Washington by Dean Acheson, Undersecretary of State, shortly after 6 p.m. — a few hours after a transatlantic telephone conversation between Mr. Acheson and State Secretary Byrnes in Paris.

"The use of force by Yugoslavia (in forcing down American transport planes near Trieste)," the note said, "under the circumstances was without the slightest justification in international law, clearly inconsistent with relations between friendly states, and was a plain violation of the obligations resting upon Yugoslavia under the charter of the United Nations not to use force except in self defence.

"At no time did the Yugoslav Government advise the United States Government that if one of its planes, because of weather, be forced a mile or two outside the corridor or because of mechanical trouble should find itself outside of that corridor, the Yugoslav Government would shoot to death the occupants of the plane.

"The deliberate firing without warning on the unarmed passenger planes of a friendly nation is in the judgment of the United States an offence against the law of nations and the principles of humanity."

American Government made these "demands:"

1. "That you immediately release the occupants of these planes now in your custody and that you insure their safe passage beyond the borders of Yugoslavia.'

2. "The Government of the United States also demands that its representatives be permitted to communicate with any of the occupants of the two planes who are still alive."

The note dealt with the action of Yugoslav fighters in forcing down an American Army transport Aug. 9, in the course of which one passenger was injured, and the disappearance of a second plane a few days ago amid reports that it was seen descending in flames after cannon shots were heard.

"If within 48 hours from the receipt of this note by the Yugoslav Government, these demands are complied with the United States Government will determine its course in the light of the evidence then secured and the efforts of the Yugoslav Government to right the wrong done," the note said

"If, however, within that time these demands are not complied with, the United States Government will call upon the Security Council of the United Nations to meet promptly and to take appropriate action."

Such a course would mark the first time this country had raised an issue on behalf of itself before the Security Council.

ADVOCATES USE OF FORCE IF NECESSARY

BOSTON, Aug. 21 (AP)—Senator Styles Bridges (Rep. - N.H.) declared today that "the United States should not hesitate to use military force against the Tito Government of Yugoslavia."

The Senator, who yesterday critized what he called "wanton attacks" on American planes over Yugoslavia, said in an interview:

"This is no time to pussyfoot or for writing sharp notes. It's time for action, action that Tito and Stalin, his master, understand."

Senator Bridges described the Yugoslav Government as " a Red puppet dancing to Joe Stalin's tune," and continued:

"Stalin must be made to realize that our appeasing days are over and that we can be just as tough and maybe a little quicker on the trigger . . .

"If economic weapons fail, we should be prepared to use military force."

BELGRADE, Aug. 21 (AP) — A Foreign Office spokesman said today that the Yugoslav Minister to Greece, Isador Cankar, had been "brought back for an indefinite period of leave' because the Yugoslav Government had not received a satisfactory answer to protests against "insults to Marshal Tito in the Greek press."

The spokesman said the Yugoslav Minister had not been recalled and that the legation in Athens would still operate. He emphasized that diplomatic relations between the two countries had not been broken.

AMBASSADOR TO MEET TITO

BELGRADE, Aug 21 (AP) —The wreckage of the American Military transport plane which was shot down in flames by Yugoslav fighters North of Bled Monday lies approximately two miles from the Austrian border, it was learned tonight.

The wreckage was just inside Yugoslav territory

(This dispatch did not speculate on whether the air attack which forced the American plane down occurred over Austrian or Yugoslav territory.

(Yugoslavia has based its reason for the attack on the contention that United States aircraft have repeatedly flown over Yugoslav territory despite the protests of Premier *Marshal Tito's Government).*

Ambassador R. C. Patterson will confer tomorrow at Bled with Marshal Tito on the shooting down of unarmed American transport planes, an action which the Yugoslav premier defended. (See also story on Page 2.)

FARM PRICE INDEX UP 1.8 POINTS

OTTAWA, Aug 21 (CP)—Higher prices for meat animals, dairy and poultry products and potatoes contributed to June's 1.8 points increase in the agricultural products prices index, the Dominion Bureau of Statistics reported today

The index number of prices received by Canadian farmers, on the basis that 1935-1939 prices equal 100, was 186.2 in June compared with 184.4 in May and 178.1 in June, 1945

The index has shown a consistent rise from 1939, when the annual average was 91.8

Kilt-Clad Trailite Dances With Girl in Slacks; Band Wins Town

LEWISTON, Idaho, Aug 20 (AP)—The Trail, B. C., Highland Pipe Band, in its colorful Stuart plaid, has won Lewiston over during its visit to the current State American Legion convention.

In a tavern today occurred a scene which would have made Robert Bruce raise his Scottish eyebrows, had the famous Highland hero of old been alive to see it.

The bagpipe was skirling and the plaid was waving as a laddie danced, but 'twas an American girl in slacks whom he whirled around the floor in a waltz. The man wore the skirt, the woman the trousers

Furthermore, it was more than 100 degrees in the shade outside the tavern, a heat foreign to the Scotch Highlands.

A soldier wore jauntily a Scottish cap plume-decked Beside him stood a combination Bruce never dreamed of — a Highland laddie completely attired in kilts and white boots, but wearing a 10-gallon cowboy hat

Unnoticed in the corner, a juke box was playing a cowboy tune, all but drowned out by the bagpipe

The laddie led his partner through the steps of the waltz, a cigarette stuck rakishly over his ear

"I wish I Had Never Met Sunshine," wailed the juke box

"Skirl, skirl," droned the bagpipe

In the fringe of the crowd stood a soldier of Irish ancestry

"I'm gonna have them play 'Mother Machree' if it takes me all day," he said

It was a scene possible only in these United and slightly conglomerated States of America.

Find Fox Death From Injuries When Hit by Car Driven by Morsette

ROSSLAND, B.C., Aug. 21 — A coroner's jury today found that Edward Robert Fox came to his death Aug. 9 in Mater Misercordiae Hospital as the result of injuries received when hit by an automobile on Saturday Aug. 3 about 10 p.m. on Columbia Avenue in Rossland near the Orange Hall.

At the time of the accident, the verdict stated, the car was driven by Ernest Morsette, and at an estimated speed of 20 miles per hour. The accident occurred immediately after Morsette had driven his car to the left hand side of the centre line of the paved section of the highway, it continued.

J. Melville, foreman, J. R. Bryan, R. L. McAllister, J. A. McKenzie, C. C. Miller and F. J. Bienner composed the jury.

Dr. L. B. Wrinch gave the causes of death as in the preliminary hearing. These were terminal pneumonia, fractured skull, haemorrhage in the skull and severe brain injuries.

In the post mortem report by Dr. G. G. Morrison, evidence was given to show that all visible injuries were on the left side of Mr. Fox. They were bruises on the left side of the head, near the temple, on the left leg below the knee and fracture above the left ear.

J. H. Fox, the dead man's grandson, June Tortorelli, and Irma Hanson, R. C. Rose and Constable Dodds all repeated the evidence they gave at the preliminary hearing last week.

Warn Against Molesting Of Redfish

Mindful of their experiences last year when large numbers of redfish or Kokanees were taken out of district creeks, Fisheries Branch officials are keeping a sharp eye on the creeks in anticipation of the redfish spawning run which is expected to begin soon.

It is illegal to catch or molest the fish and officials, anxious to protect them, are urging parents to caution children against violating regulations. The redfish are valuable as food for trout, but their numbers have dwindled greatly in the past few years.

SPEEDING BRINGS $25 FINE

Alex A. Posnikoff, Nelson lumberman, Tuesday pleaded guilty in City Police Court to a charge of speeding when driving on Government Road. He was fined $25 by Magistrate William Brown. Charges were laid by Sergeant R. R. House.

TOAST-TEA
BY D.A.McARTHUR

There was the problem of the deserter's wife, Elizabeth Ferrars tells us in Murder Among Friends, who had kept her husband hidden in the house for eight months, feeding him on her own rations and never letting him out of doors except in the black-out, until suddenly the man, unable to bear the existence any longer, had given himself up, only to make the bitter discovery that he had received his discharge from the Army on the grounds of health only three weeks after his desertion. His sentence for desertion had not been heavy, but his wife had been drawing his pay all the time he had been in hiding, and now with her husband ill and two young children on her hands, had to refund all the money she had drawn . . . She hadn't meant to be dishonest but didn't the Army owe her husband something for ruining his health?

GOODERHAM & WORTS Limited
TORONTO, ONTARIO

A Holiday Hazard

This year, don't take a chance on summer complaint spoiling your vacation. Be prepared by taking along a supply of DOCTOR FOWLER'S EXTRACT OF WILD STRAWBERRY. At the first symptom of diarrhoea, intestinal pains or summer complaint, take the prescribed amount of this pleasant and effective remedy. You'll be agreeably surprised how quickly it works and how much better you feel. DOCTOR FOWLER'S EXTRACT OF WILD STRAWBERRY is an old family medicine, widely used for nearly a century. Price 50c a bottle at all drug counters.

TITO INSISTS UPON COUNTRY'S SOVEREIGNTY

Says Squadrons of U.S. Planes Flew Over Yugoslavia SAW DOWNINGS

By GEORGE PALMER

BELGRADE, Aug. 21 (AP)—Marshal Tito, in a speech published today, stoutly defended Yugoslavia's course in which two American planes have been brought down in 10 days, declared the country intends to insist upon its sovereignty, and shouted that Yugoslavia wanted peace, "but not peace at any price."

Saying he had witnessed the downing of one of the unarmed American transport planes, Tito denied the craft was lost in the clouds or was fired upon after it landed. He admitted, however, that an American plane had been forced to land. Previous eyewitnesses and official American accounts said the first plane strayed over Yugoslav territory from its course on a flight from Vienna, Austria, to Udine, Italy, August 9, and was forced land after Yugoslav fighter planes wounded one of the passengers.

Although Tito mentioned witnessing only one incident and did not mention the date, he was believed to have seen both. The second involved an aircraft brought down August 19 near Bled. Tito was in Bled August 19.

Tito spoke before the iron factory workers yesterday at Jesenice, near Bled. He charged that almost every day brought "incessant new violations of our frontiers and territory."

"You know, I repeat," he said, "that almost every day not only civilian but military planes flew over our territory — not single planes alone, but even whole squadrons."

The Premier charged that even while peace negotiations were going on, "we have come to realize that certain countries which during the war of liberation marched together with us do not wish a peace of liberation but an imperialistic peace."

He said the sacrifices of Russia, Yugoslavia, Poland and other countries, "and their tremendous contribution toward victory in having carried the main burden of the war," appeared now not to be recognized.

300 Fight Fire In Hope District

VANCOUVER, Aug. 21 (CP) — Fire which broke out Monday in the Silver-Skagit Company timber limits at Mile 23 in the Hope district, was reported under control on three sides today although it is burning up steep mountains to the East of the operation.

B.C. Forest Service reports said the unconfined portion of the fire was in scrub country, and that it was not doing any further damage.

The fire broke out near the camp and burned 500,000 board feet of felled and bucked logs. The camp itself narrowly missed destruction. Three hundred men are fighting the fire.

About 20 fires have been counted by forest watchers in the upper reaches of the Skagit and Chilliwack Rivers, and in high brush country East of the Hope-Princeton Highway.

Swivel Chair Saved Block Buster Developer

WASHINGTON, Aug 21 (AP)—A wartime mystery of the Pentagon Building grew deeper today when it became known that an unexplained bullet which just missed the army's top designer of secret weapons never was found. War Department officials, disclosed the incident for the first time today.

General Gladen M. Barnes, chief of the Ordnance Department's technical division was seated at a desk in his fourth floor office in the Summer of 1942, talking with a caller. By chance, he happened to swing around in his swivel chair as the bullet whizzed by.

Left unanswered was the question of whether Barnes, credited with developing the block buster bomb and other weapons, was the target of a spy or whether the shot was fired accidentally.

U. S. SEES RECORD CORN CROP

WASHINGTON, Aug 21 (AP)—The United States Agriculture Department, in a special report, today estimated this year's corn crop at a record of 3,442,202,000 bushels, based on conditions Aug. 15.

Dahlias Found Where Mussolini Was Executed

ROME, Aug. 22 (AP)—A bouquet of red and white dahlias was found tied to the girder of the Milan Gasoline Station from which Benito Mussolini's body dangled before a howling mob after his execution by partisans last year.

A ribbon around the flowers, found yesterday, said: "To the Duce from his most faithful."

Police arrested several suspects Milan dispatches said, and were on the trail of a young woman believed to have bought the flowers.

Officials investigating the former Dictator's holdings estimated his property in Milan alone was valued at more than 700,000,000 lire (about $3,000,000).

Enquiries at Tourist Bureau Double Last Year

Enquiries received at the Tourist Information Bureau here so far this year number 741, more than double last year's figure of 352 for the same period. Number of registrations for the first 21 days of August are 127, nearly 100 less than the number in the first 21 days of the previous month, and the same as in the corresponding period last year.

Most of the enquiring tourists this month have come from below the line, California and Washington travellers being the most predominant. Richland, Pennsylvania, was the home town of the tourist furthest from his native abode.

Big Beth Emerges From War Transport Role

SOUTHAMPTON, Aug. 21 (CP)—Mindful of the fate of the French liner Normandie, 200 firewatchers maintain a day and night patrol on the Queen Elizabeth, the world's largest ship, as more than 1400 workmen put the final touches to her transformation from troopship to Atlantic luxury liner.

Some 811,000 pairs of army boots, and the husky soldiers wearing them, did considerable damage in the six arduous years the Queen served as a troopship.

Heavy construction work and repairs were carried out on the Clyde.

Inside the ship public rooms were stripped, acres of deck space were recaulked and replanked. The 26 motor lifeboats were removed for overhaul. A major item was removal of blackout paint from more than 2000 portholes and windows.

The final stage of reconditioning was reached when the Queen Elizabeth arrived at Southampton from the Clyde June 16. More than 1000 workmen came South to continue their work on the vessel.

The Queen entered King George V graving dock Aug 6 for examination of the four propellers, each weighing 32 tons, and the 140-ton rudder and other underwater parts.

When the job is finished, the 83,000-ton liner will be virtually a new ship.

Nanaimo Puck Stars to Trail

TRAIL, B.C., Aug 21 — Trail Smoke Eaters' Hockey Club President Ed Benson today confirmed a rumor that Norm Kirk, starry centre ice man and Les Mitchell, 170 pound defenceman, both of the 1945-46 B.C. Junior Champion Nanaimo Clippers, are leaving for Trail shortly.

Kirk, a Saskatoon product, was a standout with Nanaimo in their playoff series with the Edmonton Juniors.

Governor-General Must Wait Turn for Nails

OTTAWA, Aug 21 (CP)—Suppliers of building materials play no favorites. Not even Canada's Governor General has any certainty of getting needed nails, cement and electrical conduits for improvements to Rideau Hall.

For the accommodation of Viscount Alexander's chauffeur and other members of their excellencies' staff, two wings of the old stable building at Government House are being converted into apartments.

Asked whether the Governor General was not entitled to some sort of priority, C. G. Brault, assistant chief architect of the Works Department, said that "he takes his chances with everybody else. And in the Works Department, we have no more claim on materials in short supply than you have yourself."

Vegetable, Meat Picture Unchanged

Fruit and vegetable situation was the same this week as last when cars of Okanagan fruits and vegetables were coming in, Nelson Wholesalers reported Wednesday. There were plentiful supplies of beef and lamb while pork still short.

There were 13 cars of grains, comprised of three cars of flour and feed, two of flour, cereal and mill feed and eight of alfalfa hay.

More Seating for Trail Rink Unlikely This Year; Ice in October

TRAIL, B.C., Aug. 21 — The Trail Rink Company did not come to any final decision at its annual meeting held Wednesday, Aug. 21 on its proposed plan to increase the seating capacity in the rink.

It was stated however, that in view of the scarcity and high prices of material and labor little hope could be held for such a project to be effected this year.

A new speaker system is being purchased.

Ice will be made approximately a month earlier this year with the opening being planned for the first week of October.

Officers re-elected were President, A. M. Chesser, Vice-President, P. F. McIntyre, Secretary-Treasurer, A. W. McDonald, additional signing officer, Fred Edmonds.

Only 18 of 53 Homes Started Here Completed

Permits for the construction of 53 houses at a value of $124,850 in the City of Nelson were granted in the past year, from Aug. 21, 1945 to the same day this year. Average value of construction of the homes was $2356.

Of the 53, only 18 have been completed. Highest estimated cost of construction of any of the homes was $8000 and the lowest, $500.

Rossland Lady To Visit Former Home in Finland

ROSSLAND, B.C., Aug. 21—Mrs. John Hermans, who left Finland in 1916 and came directly to live in Rossland, has gone to New York to sail to her former home in Tajarlak Narpas, Finland. She will also visit relatives in Sweden. Her daughter and son-in-law accompanied her as far as Spokane.

Trail Jury Views Scene of Fatal Accident

TRAIL, B.C., Aug. 21—A coroner's jury today inquiring into the death of George Koochin, 20, of Castlegar, who was killed Friday, Aug. 16 in an automobile mishap near Genelle Bluff, adjourned until 4 p.m. Thursday.

The jury, composed of Gino LeRose, William Legg, Benjamin Millar and V. Durnin, Douglas Robinson and Robert Smith, reviewed the scene of the accident, about 20 minutes ride from Trail on the Nelson-Trail highway, this afternoon. Dr. Stewart Daly is Coroner.

Occupants of the car in which George Koochin was riding, John Savinkoff, driver, Marie Bowen, Vida Nowlin and Helen Penner, escaped with minor injuries when their 1928 sedan plunged over the bank of a slight curve after a minor collision with a light delivery truck driven by Nick Koftinow, who together with his wife, his three children and three neighbor's children, were returning from a midway in Trail.

Koftinow, who has been charged with manslaughter, stated through his counsel, A. G. Cameron of Trail, that he did not wish to give evidence. He is at liberty on $3000 bail. The jury heard evidence from John Savinkoff, Helen Penner, K. McLean, local garageman, Vic Cheveldave, who testified regarding an alleged injury sustained by Koftinow on a carpentering job some time prior to the accident, and Constable R. McKay of the B.C. Police.

Races Feature Clan Picnic

Races, nickel scrambles for the children, and ice cream featured the basket picnic of the Clan McLeary Lodge at Lakeside Park on Wednesday afternoon. Clansmen, their wives, and friends attended the first picnic that the Lodge has held since before the war.

Results of the races were:

Four years and under for boys—Graham McDonald.

Six years and under for girls—Donna Dingwall.

Seven years and under for boys—Alan Stenson.

Eight years and under for boys—Robert Byers.

Ten and under for girls — Pat Carvell.

Eleven and under for boys — Jimmy Muir and Kenneth Norden (Tie).

Twelve and under for girls — Pat Carvell and Dolores McInnes (Tie).

Fourteen and under for boys—Norman Hamson.

Fourteen and under for girls — Merriday Brodie.

Men under 35 — A. Arnott.

Married Women — Mrs. Andrew McKay.

Men 35 and over — Mr. Robert McDonald.

Men 60 and over — Mr. James Kay.

Three - legged race for men — James and Bennie Sutherland.

FORMER NELSONITE MARRIES VANCOUVER GIRL

MOUNT VERNON, Wash., Aug. 21—Our Lady of Perpetual Help Church, Vancouver, was the scene of a pretty wedding August 17 when Nuptial Mass was sung by Rev. Father J. E. Bennett, C.Ss.R., for Vinetta Mary Burke, Vancouver, daughter of Mr. and Mrs. Gerald Burke, Toronto, and Hugh Joseph Lunn, Vancouver son of Mr. and Mrs. L. H. Lunn, Hamilton, formerly of Nelson. The groom was raised here.

The bride wore a pale yellow handwoven Scotian original suit with black accessories and carried a shower bouquet of brown-eyed Susan. Maid of Honor was Miss Mary Biner, Mount Vernon and best man, David Lunn of Vancouver, brother of the groom.

Before the couple left on a wedding trip to California, Arizona and Mexico City, by auto, a breakfast was held in the Vancouver Hotel. For travelling the bride added a black topcoat to her wedding suit. They will make their home in Vancouver on their return about Sept. 18.

DELAYS DIVORCE TO TALK ON "HOW TO BE HAPPY THOUGH MARRIED"

SAN FRANCISCO, Aug. 21 (AP)—Dr. Harold E. Morrison, operator of a Family Problems Bureau and Marriage Clinic here, asked the court if the opening of his divorce suit could be delayed.

Requesting the delay by letter to the presiding judge, Dr. Morrison said he had an appointment to address the Fairfield Lions Club on "How to be happy though married."

Honey Crop Here Smallest in Years

The 1946 honey crop for Nelson and immediate District was one of the smallest in a number of years, A. S. Homersham of the Kootenay Division of B.C. Honey Producers stated. Many of the hives will not have sufficient honey to carry them through the Winter and a few of the beekeepers have already caged the queens in preparation for closing the hives three weeks hence and saving the remaining honey and pollen for packaged bees next Spring.

No sugar, he said, is being allowed for wintering except where the beekeeper has honey to sell and turns in the coupons to the ration board. Five pounds of sugar has been promised each package next Spring and 15 pounds per colony for the commercial producer to Winter his bees.

While there are considerable blooms of various kinds bees are not getting sufficient nectar to feed their brood and earlier stored honey is being used for this purpose. A hive on scales showed a four pound loss of weight during the third week of the hot, dry weather, said Mr. Homersham. The continued rainy weather in June and up till the middle of July, which is the usual time for the main honey flow was the real cause of the crop failure in Nelson.

The Weather

Synopsis:

Clear skies and warm weather have again been general over the Southern Coastal areas and the Interior of B.C. Lytton again reported the high for the Province with a temperature of 97.

Vancouver and vicinity:

Clear. Light winds. Little change in temperature. Maximum at Vancouver airport 73, Abbotsford airport 85.

Okanagan: Clear. Light winds. Little change in temperature. Maximum at Penticton 83, Kamloops 92, Lytton 96.

Kootenay and North Thompson: Clear. Light winds. Little change in temperature. Maximum at Crescent Valley 80-92, Cranbrook 54-88.

Neal, "Very Much Improved," Leaves for East

W. M. Neal, Vice-President of the Canadian Pacific Railway, who has been in Kootenay Lake General Hospital since suffering an attack of acute indigestion a month ago, left Nelson by special train Wednesday morning for Montreal.

Mr. Neal boarded his private car Tuesday night, and the train pulled out of the City at 7 a.m. Accompanying him to Montreal is Dr. R. B. Shaw who attended him during his illness. Mr. Neal was "very much improved" it was stated.

Senate Okays Jurists Raises

OTTAWA, Aug. 21 (CP) — The Senate today passed Legislation increasing the salaries of Canada's jurists and sent to Committee, after second reading, bills providing a spur railway in Northern Quebec and amending the Income Tax Act.

In moving approval of increases in judges salaries, Senator Joseph Bench (L-Ontario) spoke of anomalies in public service remuneration which saw the Prime Minister get only $15,000 annually while the governor of the Bank of Canada got $30,000.

He did not think much of the recent Gordon Commission Report on civil service salaries. He said some sections of the report were "half-baked."

The report had presumed to make a differential on what salaries sholuld be paid the clerks of the Commons and the Senate. If this discriminatory recommendation ever came before the Upper House, he would oppose it.

"We seem to lack courage in providing proper remuneration for the people in public service," Senator Bench declared. "We seem to be afraid that we will be open to criticism."

Snator John T. Haig, Progressive Conservative leader, said he was supporting the bill, but he declared the Government was giving with one hand and taking away with the other, for the income charges against the boost would cut them down considerably. He said that the high income tax was the root of all industrial unrest and economic stress.

Senator Haig said his first criticism of the bill was that the effective date in 1947 was too far away. He also thought that income tax exemptions were too low and taxation on mining development should be further reduced.

He also was opposed to the section dealing with the taxation spread to fishermen and farmers. He thought this spread should be over five and not three years.

LONDON (CP) — Penicillin is to become available in Great Britain for the treatment of dairy cattle suffering from bovine mastitis.

I. T. U. CHARGES MITCHELL IS ANTI-UNION

Say Card Report Nullified By Lett Report

MIAMI, Fla., Aug. 21 (CP)—Canadian delegates to the International Typographical Union convention today wired Labor Minister Mitchell charging him with "anti-union leanings."

The delegates complained of the tabling in the Commons at Ottawa Saturday by Mr. Mitchell of the report of W. D. Card, commissioner in a dispute between the I.T.U. and two Winnipeg newspapers — the Winnipeg Tribune, a Southam paper, and the Winnipeg Free Press, a Sifton paper.

The union said the appointment of Mr. Card was "a reflection on the sagacity of the Labor Department, and his report justified the apprehension felt at the time in view of his inexperience and evident lack of understanding."

The union said the Card report findings—which placed responsibility on top International officers of the union for the breakdown in negotiations — had been "completely nullified by the report of the Lett Commission, which, investigating a dispute between the Southam-owned Vancouver Province and the union, had said there was no purpose in continuing negotiations with local officials, and they should be conducted with senior International officers of the union.

The Lett report was tabled in the Commons by Mr. Mitchell yesterday and had previously been made public.)

"The release of the Card report at this time can only be interpreted as further evidence of the anti-union leanings of the Minister and his subjugation of public interest to political expediency and pressure of the daily press," the telegram said.

It was signed by H. C. Simpkins, Toronto; George W. Jones, Vancouver; George Laverdure, Montreal; C. E. Chalifour, Montreal; Edward Pride, Halifax; A. Breazley, Winnipeg; J. F. Davis, Toronto, and G. Kennedy, Ottawa.

Police, Picketers Clash in Duluth

DULUTH, Aug. 21 (AP)—A score of men were injured today in a lake seamen's strike picket line clash with Duluth policemen.

The pickets, patrolling at the entryway to the Duluth, Missable & Iron Range Railroad's ore docks, scattered as approximately 65 policemen charged the picket line with drawn pistols and night sticks. No shots were fired.

GLASGOW, Aug. 21 (CP Cable)—Five candidates have been named for a by-election in Bridgeton Aug. 29 caused by the death last month of James Maxton, Independent Labor member of the House of Commons. They are Victor D. Warren, Unionist; John Wheatley, Labor; James Carmichael, Independent Labor; Miss Wendy Wood, Independent Scottish Nationalist; and Guy Albred, Independent Socialist.

Princess Margaret Celebrates Birthday Quietly

LONDON, Aug. 21 (CP)—Princess Margaret, younger daughter of Britain's King and QQueen, celebrated her 16th birthday quietly today.

Now at Balmoral Castle in Scotland with other members of the royal family, the princess will celebrate with a small private party there tonight.

U. S. Directly Opposes Russian Claim to Straits

By ALEX H. SINGLETON

WASHINGTON, Aug. 22 (AP) — In an historic claim to direct interest in Black Sea affairs, the United States today expressed its opposition to Russian demands for a share in military control of the Dardanelles.

An American note to Russia—drafted after consultation with Britain—was one of two factors that sent relations between the United States and countries within the Soviet orbit to a post-war low.

The other was the United States' protest to Yugoslavia over the "outrageous performance" of Yugoslav fighter planes which attacked and forced an American transport plane to make a crash landing. Premier Tito retorted that his country wants peace "but not at any price."

Bearing the signature of Dean Acheson, Under-Secretary of State, the Dardanelles note expressed the "firm opinion of this government that Turkey should continue to be primarily responsible for the defence of the straits."

It noted that the Russian proposal contained no reference to the United Nations—a reminder that an international organization has been set up to handle all such problems.

It was made clear that United States would not sit idly by in any Russian effort to establish herself in a favored, if not dominant position in the straits.

"This government cannot . . . agree with the Soviet view that the establishment of the regime of the straits should come under the competence of the Black Sea powers to the exclusion of other powers."

The note, however, did set its seal of "general agreement" on three of the Soviet proposals, namely:

"1. The straits should be always open to the passage of merchant ships of all countries.

"2. The straits should be always *open to the passage of* warships of the Black Sea powers.

"3. Passage through the straits for warships not belonging to the Black Sea powers shall not be permitted except in cases specially provided for."

Mr. Acheson handed the note to Fedor Orekhov, Russian Charge D'Affaires in Washington Monday. Its contents were not disclosed officially until 11 a. m. C. S. T. today.

Copies were sent to Britain, France, Turkey, Greece, Yugoslavia, and Romania who were, along with Japan, signatories to the Montreux Convention under which the straits are controlled.

Hope to Resume Route Between Churchill, England

NEWCASTLE-ON-TYNE, Northumberland, England, Aug. 21 (CP Cable)—Dalgliesh Line spokesmen said today they hope to resume two-way operation next year on the Hudson Bay route between Churchill, Man., and England.

Service would be provided by freighters carrying ordinary cargoes for the Dalgliesh Line, a leading Bay operator before the war.

One Dalgliesh ship was among seven visiting Churchill this year with a special mission evacuating wheat stored in the Government elevator during the war when commercial shipping on the Bay virtually was at a standstill.

The Dalgliesh ship carried some cargo for Western Canada but others are understood to have travelled empty to obtain wheat needed in the United Kingdom. Possibility of future cargoes has been discussed by the shipping company with Prairie Governments.

From time to time in the Canadian House of Commons and elsewhere, Western Canada spokesmen have urged increased use of the Hudson Bay route because the distance between Churchill and Liverpool closely approximates that between Montreal and Liverpool. The trip from Churchill can be made in shorter time because ships travel the smaller Northern circle while those out of Montreal are confronted with 325 miles of tortuous river navigation when ships make only half speed or less.

Lose your bristle the painless way—with "feather-touch" Pal shaving! New Pal Blades are *hollow-ground*—super-keen edges are *flexible* like a barber's razor. Rust-resistant—*dry themselves*. Ask for new PAL HOLLOW GROUND BLADES, 4 for 10¢, 10 for 25¢.

Says Canada in Front of Anti-Soviet Campaign

MOSCOW, Aug. 22 (AP)— Ilya Ehrenburg, writing in Izvestia, today said Canada's investigation of a Soviet espionage ring was intended to distract the average Canadian from his real difficulties: The in*creasing cost of living, strikes, and* unemployment.

"Canada is now in the front line of the anti-Soviet campaign and it remains for me to say that this is dangerous and no kind of honorable place," Ehrenburg said in an article telling of his recent visit to Canada.

He said Canada's dependence on both New York's Wall Street and London's city was strongly felt there.

"In their time the Americans tried to conquer Canada with arms and fought the English for three years," he said. "Afterwards the Americans understood that dollars were more in place here than field guns. Canada became a field of battle between English and American capital, it is difficult to state whose power here is more perceptible—the Crown of Great Britain or Wall Street."

Commenting on Canada's dual languages, Ehrenburg wrote:

"Even in the big shops, hotels and restaurants English is spoken—this is the language of local Bourgeoisie. French—these are the workers and the poor farmers."

He said the people of Toronto and Montreal met him hospitably but that he could not say the same about newspapermen.

"If we did not answer their questions," they cried: 'You are not able *to express your opinion,' that we* were 'slaves.' " Ehenburg said.

Canadians, he said, "do not live badly materially but spiritually they are still babies. Theer is only one salvation for Canada—a genuine spiritual independence and in strengthening the still unripe Canadian culture."

KIWANIS RESOLVE LEGISLATION CONTROL DISPUTES

WINNIPEG, Aug. 22 (CP)—A convention of Western Canada district Kiwanis Clubs ended here yesterday after passing a resolution that legislative bodies should enact legislation to control labor disputes and provide for compulsory arbitration of all disputes to prevent individuals or groups from disrupting the economy of the nation.

The resolution added that anti-trust laws should be expanded and revised to achieve that end.

Percy K. Clarkson of Winnipeg was elected Governor succeeding W. G. Strachan of Edmonton. Lieutenant Governors are John H. McLennan of Fort William, J. W. G. MacEwan of Saskatoon and Robert W. Manley of Wetaskiwin, Alta. The 1947 convention will be held at Port Arthur-Fort William.

Earliee the convention heard Prof. Grant MacEwan of the University of Saskatchewan say that the challenge facing Western Canada was to make the region "not the bread bas*ket of the world but the food bas*ket."

New Demand for Chlorination of Vancouver Water

VANCOUVER, Aug. 22 (CP)— A new demand for chlorination of greater Vancouver's water supply has been sounded, backed by another health authority.

Dr. Claude E. Dolman, Provincial Bacteriologist and foremost advocate of chlorination, has been joined by Dr. Herbert Baker, Medical Health Officer of North and West Vancouver, in the "fight for a safe water supply."

They state that repeated laboratory tests have proven beyond a doubt that the city's water is unsafe, that chlorination is necessary if the supply is to meet bacteriological standards of safety.

Dr. Colman believes the Federal Health Department, as a matter of duty, has already notified the United States Public Health Department that Vancouver's water must be regarded as unsafe.

Dr. Baker, a new voice in the chlorination controversy declared that all surface water should be *chlorinated. He has already recom*mended chlorination of North Vancouver's water; within a few days he will formally advocate similar steps to protect West Vancouver's supply.

Dr. Baker said the need for chlorination of North Shore water is increasing year by year.

Yugoslavia Chief Recipient of UNRRA

WASHINGTON, Aug. 21 (AP) — UNRRA figures showed today that Yugoslavia has been the chief recipient of aid from the International Organization whose finances are borne chiefly by the United States.

In response to questions, a spokesman for UNRRA said that the value in supplies delivered to Yugoslavia through June 30 of this year amounted to $315,778,000 as compared to $313,145,000 for Poland and $280,675,000 for Greece.

The whole program, as now contemplated, would put China in the lead, with total aid amounting to *$535,000,000. Yugoslavia would be* third, after Poland, with $429,500,000.

Earthquake Shakes Ciudad Trujillo

CIUDAD TRUJILLO, Dominican Republic, Aug. 21 (AP) — A strong earthquake shook this city today. The extent of the damage resulting from the tremor was not immediately determined.

The shock apparently was of shorter duration than that of Aug. 4.

Beginning with the Aug. 4 quake the Dominican Republic was rocked by a 10-day ordeal of earthquakes and tidal waves which killed 73 persons and left 20,000 homeless.

A minor shock was felt in Ciudad Trujillo yesterday.

Overdue Pack Train Arrives at Telegraph Creek

TELEGRAPH CREEK, B. C., Aug. 22 (CP)—W. D. Smith, 47, Coalition member of the British Columbia Legislature for Atlin, arrived here late yesterday after being 10 days overdue on a pack train trip through wild bush country from Hazelton to Telegraph Creek.

The party was overdue on the trip through this North-Central area of British Columbia because of time spent clearing a trail which had not been used for several years.

All members of the party were in good health. The pack train included 65 horses.

Japan Council Against Inviting Informal Visitors

TOKYO, Aug. 21 (AP)—The four-power Allied Council for Japan turned thumbs down today on General MacArthur's proposal that representatives of seven other Allies be invited in as "informal, unofficial" delegates.

The proposal was dropped after only one member, American Chairman George C. Atcheson Jr., had given it unqualified support. Atcheson said he was disappointed with the Council's response, and said he knew that General MacArthur also would be.

Russian delegate Lt. Gen Juzma Derevyanko called the proposal "an attempt to revise the terms" of the Moscow Agreement establishing the Council, and insisted it be removed from the Council agenda.

Accuses La Guardia of Baseless Remarks

BERLIN, Aug. 22 (AP)—Gen. Joseph T. McNarney accused today Fiorello la Guardia Director-General of the United Nations Rehabilitation and Relief Administration, of making "completely baseless" allegations that American occupation forces had deliberately opposed humanitarian and repatriation aims of U.N.R.R.A.

Mr. La Guardia left here today for Warsaw to continue his inspection tour of U.N.R.R.A.'s European activities.

In an unprecedented and blunt statement, the usually reticent Gen. McNarney categorically denied a charge which he attributed to Mr. La Guardia that the army was opposing U.N.R.R.A.'s aims.

The statement also disclosed one Russian secret agent had been known to operate "under the cloak *of U.N.R.R.A.*"

Commenting on published reports attributed to an unidentified British General, that U.N.R.R.A. was being used as an umbrella covering widespread activity of Russian secret agents, Gen. McNarney said:

"We know of very few cases of agents of any type who operated under the cloak of U.N.R.R.A.. Of these, only one has been positively identified as an NKVD (Russian) agent."

Gen. McNarney said he issued the statement to "clarify the entire situation" because Mr. La Guardia had made a "baseless and incorrect" charge at the Geneva U.N.R.R.A. Council meeting that the United States army in Germany opposes continuation of U.N.R.R.A. in connection with the care and repatriation of displaced persons.

New Incubator Would Help One Pound Baby

VICTORIA, Aug. 21 (CP) — If Lady Minto Hospital at Ganges, B.C., were equipped with a first-class incubator, the chances of survival for 10-day old prematurely-born Margaret Joyce Smathers "would be much better," Dr. George Meyer said today.

The baby who weighed one pound, 14½ ounces at birth and dropped to one pound, nine ounces Monday, is taking nourishment well and seems much stronger today than she has in the past, said Dorothy McDermott, undergraduate nurse.

"We are awfully pleased with her for she has been grand these last few days," she said. "Her head is the size of a peach with just about as much fuzz on it."

The incubator at the hospital is an old type one, which has been there a number of years.

"All we have is a box affair with an electric light bulb in it," said Miss McDermott. "There are no controls and it is hard to keep the temperatures level when we take her out of the incubator to weigh her.

"She is weighed only every four days, so as not to handle her too much. She is so bright today and we look at her every few minutes."

Mrs. Henry Smathers of North Pender Island, 20 miles Southeast of Ganges, saw her baby daughter for the first time this morning. Mr. Smathers works on a farm on North Pender Island.

INSECT, PLANT EXPERTS VIEW B. C. EXPERIMENTS

WEST SUMMERLAND, B.C., Aug. (CP) — Entomologists and plant pathologists from four states and one province gathered here today at the annual meeting of the North West Horticulturists, Entomogists and Plant Pathologists.

Delegates from Oregon, Montana, Washington, Idaho and British Columbia experimental stations and universities will observe experiments in progress here and travel through the Okanagan Valley.

CAPTAIN'S WIFE OCEAN VETERAN

SYDNEY, Australia, (CP) — The only woman to have sailed under the British flag as wife of a ship's master in wartime is a Sydney girl, Mrs. Jim Murray Watson, who wears the 1939-45 Star and Atlantic Ribbon for service with convoys.

Mackenzie King To Sail on Queen Mary Tuesday

OTTAWA, Aug. 21 (CP) — At Ottawa, it was reliably learned Mr. King is definitely sailing Aug. 27 on the Queen Mary, leaving Health Minister Claxton behind in Europe as Chief of the Canadian Press Delegation.

It was stressed Mr. King had originally planned to return home at this time and a reporter was advised his return had no special significance in relation to any domestic problems.

BACK FROM BERLIN

NUERNBERG, Germany, Aug. 21 (CP Cable)—Prime Minister Mackenzie King dined here tonight with Judge Francis Biddle and Tom Clark, United States attorney general, after arriving by air from Ber*lin in a two-hour flight.*

Tomorrow the Prime Minister will attend a session of the International Military Tribunal before leaving to return to Paris and the Peace Conference.

During the flight from Berlin in which the R.C.A.F. Dakota aircraft again was piloted by Flt. Lt. Joe Curtis of Ponoka, Alta., with a crew including Flt. Lt. Lloyd Boe of Manville, Alta., Mr. King told The Canadian Press he was "profoundly impressed" by his visit to Berlin.

At lunch at the Canadian Mission in Berlin with Marshal of the R.A.F. Sir Sholto Douglas, commander of the British occupation zone, and other control chiefs, Mr. King was given the latest high-level information on the German problem.

He felt this discussion provided him with an excellent background for a further study of the German problem and particularly for preparations for the peace settlement with Germany in which Canada will participate.

On his arrival at Neurnberg, the Prime Minister was met by an impressive guard of honor and the band of the 1st United States Division which fought alongside the 1st Canadian Division in Sicily and landed in Normandy on D-Day West of the 3rd Canadian Division.

Rehabilitation Committees Meet This Month

HARRISON HOT SPRINGS, B. C., Aug. 22 (CP)—Delegates from Citizens' Rehabilitation Committees from all over B. C. will meet here Aug. 26. A conference with officials of Department of Veterans Affairs, co-operating departments and other agencies will open Aug. 27 and continue until Aug. 29 under the chairmanship of E. B. Reid of Ottawa, Director of Public Relations for the DVA.

Speakers will deal with various aspects of the rehabilitation program and the role of citizens' committees, but "round table" discussion is a major feature of the conference this year. The value of this conference it is felt, will lie in its ability to clarify for the citizens the relationship of their role to that of the Department of Veterans Affairs.

Departmental officials will welcome this opportunity to express their thanks to the many committees for their generous and useful work during the past year, and will endeavor to show that this work is by no means over yet.

Says Diplomatic Posts To Be Filled With Career Men

OTTAWA, Aug. 21 (CP) — Hon. Louis St. Laurent, Acting Prime Minister, announced in the Commons today that the policy of the Government was that Canada's diplomatic posts would be filled with career men.

*He was replying to Gordon Gray*don (PC—Peel), who said there were at least six major posts in the diplomatic service vacant for periods up to six months.

Mr. Graydon, in introducing the subject, referred to a speculative story carried by The Canadian Press on diplomatic shifts. He said the story dealt with some of the vacant posts in the diplomatic service.

Mr. St. Laurent said he too had read the story which was a "mixture of speculation and inaccuracies." No decisions had been taken by the Government on the filling of the posts abroad which were now vacant.

The story had also mentioned that there were vacancies in New Delhi and in Europe, and Mr. St. Laurent said this was not in accordance with the facts.

(It was recalled, however, that Prime Minister Mackenzie King had stated that a Canadian High Commissioner would be sent to India and that Canada would send missions to European and South American countries which had already established missions in Canada.)

Mr. St. Laurent also said there was no foundation for a recent Regina report that Hon. William F. A. Turgeon, K.C., Canadian Ambassador to Belgium, was about to be appointed to head the Paris legation.

$160,000 Provided Farm Reclamation

OTTAWA, Aug. 21 (CP)—A total of $160,000 was provided in the supplementary estimates tabled today in the Commons for the reclamation of farm lands.

An amount of $100,000 was earmarked to reclaim and prevent the flooding of valuable agricultural lands in the valley of the Lillooet River near Pemberton, B. C.

ASK IF MILK SUBSIDY TO CONTINUE

OTTAWA, Aug. 21 (CP)—Acting Finance Minister Abbott said today in the Commons he would take notice of a question as to whether the Government would continue the 55-cent producer subsidy on 100 pounds of whole milk, payment of which is scheduled to end September 30.

Replying to Ronald Moore (CCF—Churchill), he said he would try to be in a position to make some answer tomorrow.

Denmark Restored Nearly 80 Per Cent Of Shipping Devices

VANCOUVER, B. C., Aug. 21—(CP)—Denmark has restored approximately 80 per cent of its pre-war shipping services, despite heavy wartime losses, Mogens Blach, Port Director of Copenhagen, said here today.

Mr. Blach and J. G. Rode, Port Engineer of Copenhagen, arrived here in the course of a North American inspection tour of harbor facilities. Arriving at New York, they have come via New Orleans, Los Angeles, San Francisco, Portland and Seattle to Vancouver, and will go from here to Montreal.

First Danish passengers to land on B. C. soil in seven years reached Vancouver last night aboard a Canadian Pacific steamer, after being disembarked at Nanaimo from the Danish-owned East Asiatic Line's motorship MS. Korea, inbound from Shanghai.

The Korea, resuming East Asiatic's trans-Pacific service, was the first Danish ship to reach B. C. since 1939.

DEALERS SAY LUMBER SITUATION GROWS WORSE

VICTORIA, Aug 21 (CP) — The situation among lumber retailers in the Victoria area is growing increasingly serious as wholesale prices now equal retail prices for lumber, dealers stated today.

Hardest hit are the firms which do only retail work in the lumber field, for they are finding that to carry on under the present ceilings they face a loss of $11 a thousand on common dimension lumber and shiplap one dealer said.

Since the increased wages brought about by the recent lumberworkers strike the prices have gone up approximately $6 and mill workers wages are up too so that the manufacturer cannot manufacture under the ceiling price.

Many builders in an effort to get the necessary materials to finish their homes, are buying rough lumber, at the ceiling price for finished lumber. They then finish it at a cost of approximately $11 a thousand.

Wild West Bandit Strikes Again

SASEBO, Japan, Aug 21 (AP)—Striking in Wild West style Sasebo's bicycle bandit held up another branch bank Monday and escaped with 130,000 yen.

The bandit parked his bicycle in front of the bank, walked in brandishing a pistol, pumped one shot into the manager and another into the ceiling to frighten customers, and dipped into the till.

Then he ran from the bank, leaped onto his bicycle, and pumped briskly away.

The branch manager, shot in the side, was in a critical condition.

The cries which a bat emits to direct it in flight vibrate at 50,000 cycles a second, far above the range of the human ear.

R.C.A.F. VESSEL GROUNDED

OTTAWA, Aug. 22 (CP)— Air Force Headquarters today announced the loss of the R. C. A. F. marine supply vessel Beaver off Cape Jones, at the entrance to James Bay approximately 600 miles Southeast of Churchill. No casualties have been reported to headquarters.

The 175-foot ship was abandoned after going aground and the crew of about 20 was picked up by the Fort Charles, a supply vessel of the Hudson's Bay Company.

Headquarters added that a further statement will be issued when more details are available.

Th Beaver, belonging to R.C.A.F. Eastern Air Command Marine Squadron, left Halifax in late July on an 8000-mile trip through Arctic waters to replenish emergency supply caches at various points along the coasts of Labrador, Baffin Island, Hudson Bay, and James Bay.

Provides Grants for Canadian Fairs

OTTAWA, Aug. 21 (CP)—Supplementary estimates tabled today in the Commons by Acting Finance Minister Abbott provided for a grant of $90,000 to Canadian fairs and exhibitions. Similar grants were discontinued during the war years.

The grant included $900 for the British Columbia Beef Cattle Breeders' Association Winter show and sale at Kamloops, B. C.

Prairie Teachers Help B.C. Shortages

VANCOUVER, B. C., Aug. 21—(CP) — School teachers from the Prairies are helping to alleviate shortages in B. C., but districts still short of teachers are liable to be without them when school reopens two weeks from today.

Quite a number have accepted posts in the last few weeks, and most who came previously are staying, Stanley Evans, Assistant General Secretary of the B. C. Teachers' Federation, said today.

"But the districts now without teachers are going to be stuck," he said. "The majority of teachers have accepted the jobs they want now.'

KILLED ATTEMPTING TO SAVE WIFE

GRAVENHURST, Ont., Aug 21—(CP)—Arthur Tryon, 56, was killed early today in an unsuccessful attempt to rescue his sleeping wife when fire razed their home at Barkway, 15 miles East of here. His 11-year-old grandson, Garnet LeMay, was rescued by his father, who sprinted a quarter of a mile to the burning building to waken the boy.

Mrs. LeMay said her husband was unable to mount the stairs because of the heat.

She said she thought her father could have escaped the flames had he not tried to save his wife. For some time he had been sleeping downstairs while his wife had occupied an upstairs bedroom.

Cause of the fire was undetermined.

There is no shortage of this pure sugar cane product, so rich in energy-giving qualities needed by young and old, alike. Your recipe book will suggest dozens of ways to use Rogers' Golden Syrup. Grocers have ample supplies now.

THE B.C. SUGAR REFINING CO. LTD.

Hints for Housewives

By BETSY NEWMAN

Recipes may tell you how to boil meat, but don't you do it. It's simply not done. When making stews, you simmer the meat gently until it is tender, never letting it boil. You may brown the meat before simmering, or just cover it with water, unbrowned. Stews may be flavored with herbs or spices, and vegetables may be added shortly before the stew is done, and cooked until just tender—not overcooked.

TODAY'S MENU

Brisket of Beef with Vegetables
Cabbage and Lettuce Salad
Cottage Cheese Pie
Coffee

BRISKET OF BEEF

3 pounds beef brisket.
1 bay leaf
1 large turnip or rutabaga
1 stalk celery
3 or 4 medium-sized carrots.
4 onions
4 large or 6 small potatoes
Pepper

Have the meat cut in uniform pieces and brown the pieces in hot fat, if you like. Cover with hot water, cover tightly and cook very gently 2 or 3 hours, or until the meat is very tender. If you have a pressure cooker, the time of cooking will be considerably less. Add the vegetables, all diced but potatoes, after you have seasoned the meat, and continue the gentle cooking until they are done.

This stew may be poured into a serving dish and served as it, or the meat and vegetables may be placed and arranged on a large platter and gravy thickened, or some of it, and served separately. The liquor that you do not use for gravy will make excellent soup.

COTTAGE CHEESE PIE

1½ cup smooth cottage cheese
1 cup finely chopped raisins or
1 cup moist coconut
2 tablespoons cream
½ cup honey, syrup or sugar
2 eggs
1 lemon, grated rind and juice
2 tablespoons fats.

Press cheese through a ricer, add other ingredients and mix thoroughly. Turn into a pastry lined pie pan and bake at 450 deg. F. until the mixture thickens slightly, then lower the heat to 325 deg. F., and bake until firm.

J. L. TRUMBULL LTD., Vancouver, B.C

A Cause of Swollen Ankles

By HERMAN N. BUNDESEN, M. D.

Nearly everybody has observed that sitting with the legs hanging down for long periods will cause swelling of the ankles, and perhaps, a slightly painful sensation of heaviness in the feet.

Since the war this condition has been dignified with the name "traveler's edema" because it was first observed as a mass reaction among the men who, in the course of their military duties, made long non-stop trips of thousands of miles.

As the name indicates, the inactivity to which travelers are subjected, whether they go by sea, rail, road or air, is one of the surest ways of provoking this condition.

It is well known that movements of the leg muscles assist circulation of the blood through the veins. When muscular movement is greatly lessened or absent entirely, the venous blood tends to stagnate in teh extremities and swelling results.

In traveler's edema, swelling is confined to the ankles and lower third of the legs. There are no signs of inflammation or injury and no fever or other symptoms to indicate a severe disturbance.

It is not difficult to diagnose, since the swelling is not accompanied by any of the symptoms which go along with the swelling of the legs caused by heart disease, kidney trouble or lack of protein foods, such as milk, meat or eggs, in the diet.

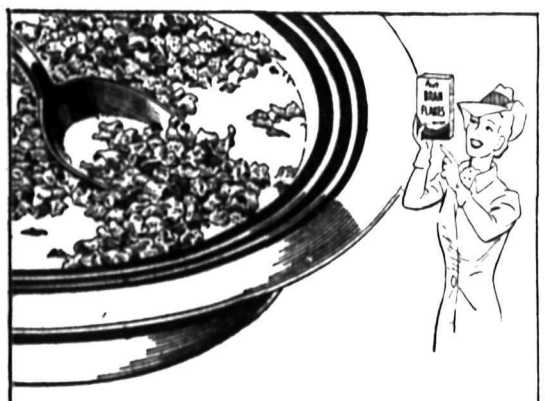
Forewarned is forearmed so far as traveler's edema is concerned. Exercising the legs before the swelling develops will prevent it entirely or clear it up if used as soon as the edema occurs.

Bathing the feet in warm water is helpful. Massage of the toes, ankles and calves of the legs is also beneficial. If response is not prompt with these measures, the wearing of an elasic stocking is helpful.

Of course, the condition can be prevented by warning travelers to keep active and not to sit with the legs hanging down for long periods of time.

Education, the Hard Way

VICTORIA, Aug. 20 (CP) — C B. Gooderham, Dominion Government Apiarist, came here from Ottawa to investigate the rumor that Squamish Valley bees are stingless He learned it was only a rumor He got stung.



This Bran puts Flavor in your Breakfast
...provides other important food benefits too

Post's Bran Flakes contain sufficient bran to help keep you feeling fit. They bring you added wheat nourishment, too, because they are made with *other* parts of wheat.

You'll really like these crisp, toasty flakes with their malty-rich, appetizing, and so-*delightfully-different* flavor. You'll want to have a big breakfast bowlful often—and try the delicious bran muffin recipe on both Regular and Giant Economy packages.

Reducing Can Be Aging

By IDA JEAN KAIN

It can happen. Just when you get the knack of dodging calories and have made a noticeable dent in the too solid flesh, some friend will warn, "Don't lose so much weight that it will make you look older" and then to save your feelings, add, "Not that you do of course."

If your reducing program hasn't helped you to look a good five years younger, or if reducing shows in your face, take different tactics. Try slimming. You'll get beautiful returns if you'll add two to four pounds of weight, while exercising twelve minutes a day.

Your aim should be to erase the strain without losing the streamlines. Boosting the protective foods will banish the strain by stepping up your vitality. Make sure to have two glasses of milk a day, or buttermilk. Some days have three glasses. Eat an egg or two every day, and plenty of fresh vegetables and fresh fruits, plus good protein in lean meat or fish or cheese. These foods pick up your spirits. And they help you to stay with a slimming food pattern. Keep the calories just enough above the margin of your requirements so as to gain a fourth pound each week. By taking the extra calories in good nutrition you'll gain a lot of sparkle with that fraction of weight. But a warning, don't slip back to your carbohydrate ways or you'll be on the incline to obesity.

And practice relaxation. Stop using your face so hard, and don't be grim about your reducing program. That doesn't get a gal anything but wrinkles.

Daily exercise will work wonders. Calisthenics is not much help in making old pounds hurry off, but it will keep new pounds from bunching up in middle-ageing spots. A daily half dozen will do beautifully . . . two standing stretch-bends for waist measure, a couple of contracting exercises to whittle the middle, and a couple of chin lifters.

Some of the best streamliners are taken from a lying down position, feet elevated to encourage a fresh flow of blood to the face and throat. Here is a streamlined set.

Position: Lying on back on floor, feet elevated to chair seat (the exact height is not important). Then from this position, bring alternate knees to chest, pulling up and in with the abdominal muscles. Then repeat exercise, with hips lifted off floor; raise alternate knees to chest; then raise alternate legs to right angles, stretching arms up on the floor overhead to increase the stretch.

These exercises will slim off inches while you add a pound or two to ease the strain. It won't be more than two weeks before that same friend will be remarking how beautifully well you look.

He's Too Stubborn to Speak to Her

By JANE ATKINSON

Dear Miss Atkinson:

I'm a girl of 18 and still going to high school. For three years I went with a boy but we broke up about five months ago. I haven't spoken to him since.

I started to go with another boy, but find that I like the first boy better. He's too stubborn to speak to me, and I want to invite him to a party and don't know how to go about it. Would it be wrong for me to ask him? I'd like to go with him again. Please tell me what to do.

I. Y. W.

The boy will probably be as glad to make up with you as you are with him. Why don't you write him a note and begin by paraphrasing the late President Wilson's "I'm too proud to fight," saying you will be glad to see him and mention the date and particular type of festivity you're having. If he continues "mad" let him make the next move.

BOSWELL

BOSWELL, B. C.—Sgt. M. Kennedy, R.C.A.F., is spending a vacation with her parents, Mr. and Mrs. A. Kennedy, after which Sgt. Kennedy will proceed to Vancouver for discharge and then take up her duties in the Government office at Rossland. Before joining the forces Sgt. Kennedy was for many years in the Government office at Cranbrook.

Mrs. W. I. Hunter and daughters Alice and Graeme are also guests of Mrs. Hunter's parents, Mr. and Mrs. A. Kennedy, en route from Vancouver to join Mr. Hunter at Golden.

C. H. Bebbington has left on a trip to Nelson and Grand Forks.

Miss Gloria Fisher of Calgary has returned home after spending the summer holidays with Mr. and Mrs. F. Davis at Destiny Bay.

Mr. and Mrs. Pryke of Vancouver are guests of their son and daughter-in-law, Mr. and Mrs. J. Pryke. Peter Pryke is a guest also.

Mr. and Mrs. Hutcheon of Davidson, Sask., were weekend guests of Mr. and Mrs. A. Hepher.

CAMP LISTER

CAMP LISTER, B. C.—Ellen Edith Phillips, wife of Norman Phillips of Camp Lister, English war bride arrived in Canada on the Aquitania.

After visiting for two months with his parents Mr. and Mrs. G. Gorril, Nelson Foss returned to Aneroid, Sask.

Mrs. John Huscroft and daughters Shirley and Dawn and Mrs. Leonard Huscroft spent several days in Calgary.

Mrs. John Bird has returned from Maple Creek, Sask., where she was the guest of Mr. and Mrs. Quick.

Mr. and Mrs. J. Preston of Trail were visitors of Mr. and Mrs. J. Jory.

Mr. and Mrs. Ray Ragdale of Louisiana, Alta., have purchased a ranch in Huscroft, the former home of Mr. and Mrs. W. Demchuk. Mr. and Mrs. Ragdale expect to reside there.

Robson W. I. To Provide Beach Safeguard

ROBSON, B. C.—Robson Women's Institute, meeting at the home of Mrs. D. Magee, appointed Mrs. C. E. Tutt delegate to the W. I. Rally which will be held in Nelson on Sept. 10.

The Red Cross Committee report was given by Mrs. O. B. Ballard.

Plans were made to again can tomatoes for the Queen Alexandra Solarium.

In view of the number of children who bathe at the dock, it was decided that a lifebuoy should be purchased and placed in a convenient location. The Public Health Committee was authorized to take charge of arrangements for instructing the children in the care and use of a lifebuoy.

A short program of pianoforte solos was given by the Misses Audrey Thorp, Lillian and Norma Jean Waldie and Shirley Berry. Hostesses for the afternoon were Mrs. Raine, Mrs. Scheupfer and Mrs. D. Magee.

SLOCAN CITY

SLOCAN CITY, B. C.—Bert Paul of Trail is here a guest of A. Paterson and family.

Mr. and Mrs. E. S. Covington of Spokane, who spent a week here with relatives returned to their home. Mr. Covington was just recently discharged from the Navy.

X-RAY UNIT AT NATAL-MICHEL

NATAL, B. C.—The chest X-ray Mobile Unit is at present at Natal-Michel. The clinic in Natal early in the week will be at Michel Thursday and Friday. All those living up the Elk Valley will be included in the Natal survey. Special arrangements have been made to allow all the miners on the three different shifts to be able to have X-rays examination.

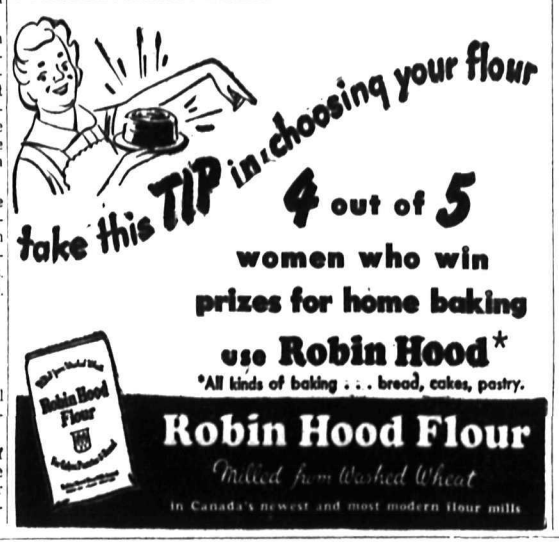
The smokestacks on some modern ships do not really discharge smoke—they are camouflage, and enclose such things as dog kennels or ventination shafts.

SHOT FOR TORTURING

PARIS, Aug. 20 (Reuters) —For torturing Marcelle Bidault, sister of Georges Bidault, the French President and Foreign Minister, during the German occupation of France, Jean Thomassin, a member of the French Gestapo, was executeed by a firing squad today, with six other members of the organization.

DEATHS

LONDON (CP) — Edgar Bateman, 86, who in his younger days wrote songs for Sir Harry Lauder, Marie Lloyd and many other Music-Hall stars. Among his songs was "Scotsmen Always Get There First."



Here's the "Know How"

IT'S very simple to know how to use Carnation Milk. Carnation is fine whole milk, concentrated to half the original volume by evaporating part of the natural water. Add an equal quantity of water, and you have the consistency and food value of whole milk.

But you'll find a great difference in the smoothness, rich flavor and fine texture that Carnation gives to foods. And here's something special—if the recipe calls for *cream*—use Carnation undiluted, as it pours from the can. Use Carnation also, to "cream" coffee and cereals. You'll love it. Carnation is Canada's largest-selling brand of evaporated milk.

Carnation Milk

NELSON SOCIAL

By MRS. M. J. VIGNEUX

● Mr. and Mrs. E. E. L. Dewdney, their daughter, Pamela (Dee Dee), and their son-in-law and daughter, Mr. and Mrs. Jack Fingland of Vancouver and children are camping for a few weeks at the Diamond cottage at Willow Point.

● Rev. Father Anthony, O.M.I., of Cranbrook was in the city yesterday en route home from the Coast.

● Miss Joan Annable of Ladysmith is visiting relatives in Nelson.

● Mr. and Mrs. W. K. Gunn, Silica Street, have left to spend their holidays in Seattle with relatives.

● Miss Shirley Herron, daughter of Mr. and Mrs. J. P. Herron, Stanley Street, plans on leaving Sunday for Toronto were she will attend the Toronto Conservatory of Music.

● Mrs. D. McInnes and her son, Pat, Stanley Street, have returned from Bellingham, Wash., where they went to attend the profession of Mrs. McInnes' daughter, Rev. Sister M. Marie Louise.

● Miss Catherine Argyle who has been taking music in Vancouver, has returned to spend her vacation at the home of her parents, Mr. and Mrs. J. H. Argyle. Miss Argyle is accompanied by her friend Miss Barbara McAskel also of Vancouver, who will spend a vacation with her at Argyle Point.

● Mrs. David Laughton and her infant daughter, Dianne, of Vancouver, are visiting at the home of Mr. and Mrs. Dave Laughton, Edgewood Avenue.

● Mr. and Mrs. Wagner of Edmonton and their son Grant are visiting friends in Nelson en route to the Coast.

● Mr. and Mrs. Stanley Rowe, who have spent a few days visiting at the home of Mr. Rowe's brother-in-law and sister, Mr. and Mrs. George Conrad, Latimer Street, have left for their home in Windsor, Ont. They also visited Coast cities on their trip.

● Mrs. Evelyn Hayes, Vernon Street, has returned from visiting at the home of Mr. and Mrs. C. R. Fahrni in Kaslo.

● Mr. and Mrs. A. D. Bruce of Red Deer, Alta., were in town Tuesday en route to spend their vacation in Vancouver where Mrs. Bruce's parents, Mr. and Mrs. H. R. Maundrell, reside.

● Rev. and Mrs. J. G. Holmes, accompanied by their sons Philip and Brian, who have been holidaying at Queen's Bay, left Tuesday for their home at Coeur d'Alene, Idaho.

● E. L. Hedley and son Edward of Cranbrook are guests at the Summer place of Mr. and Mrs. J. H. Argyle.

● Mrs. M. Gallpen of Chapman Camp is spending a few days at the home of her brother-in-law and sister, Mr. and Mrs. Joseph Holland, Silica Street.

● Mrs. Robert Laughton and her young son Robert, Front Street, have returned from a couple of weeks spent in Vancouver and Victoria.

● Mr. and Mrs. George Conrad, Latimer Street, have as guests Mrs. Conrad's brother-in-law and sister, Mr. and Mrs. Harold Thittenden of Paris, Ont., who have been visiting Coast cities and are spending a week in Nelson en route East.

● Rev. G. G. Boothroyd, Josephine Street, has left to spend a week at Camp Winlow, near Spokane.

● Mr. and Mrs. R. W. Diamond, their daughter Barbara, and Mr. and Mrs. E. W. Hazelwood of Trail were in the city Tuesday en route home from Kimberley where they went to attend the Roy Banks wedding Monday. Mr. and Mrs. Jack Fingland who also attended the wedding returned at the weekend.

● Mr. and Mrs. Peter Dewdney and their baby of Trail, were recent visitors at the home of Mr. Dewdney's parents, Mr. and Mrs. E. E. L. Dewdney, Stanley Street.

● Miss M. McLaren, accompanied by her niece, Ellenor McLaren, Stanley Street, has returned to Nelson after spending two months visiting New Westminster, Telegraph Cove and other Coastal points.

● Mrs. Gerald S. Rees, who has been visiting this past month in Victoria and vicinity, has returned.

Construction of New Schools Most Pressing Problem

EDMONTON, Aug. 21 (CP)—Eric Arthur, Chairman of the Ontario Committee on Planning, Construction and equipment of Schools, in an address last night to delegates attending the 23rd annual convention of the Canada and Newfoundland Education Association, said one of the most pressing problems faced today by educators is the construction of new schools.

He said that because of the cessation of school building during the war years, more than the usual number of schools must be built in the near future.

Costs of construction of traditional type of school buildings now are so high due to the rise in price of materials, shortage of labor and materials, that a tremendous outlay is necessary to replace old buildings and erect new ones, he said.

MOSSLEY, England (CP) — The front walls of two houses crashed into flood water here an hour after the families had been evacuated. A third house, also empty, also crumbled as a culvert underneath the houses was flooded.

NAKUSP

NAKUSP, B. C.—A miscellaneous shower was held in the Parish Hall Friday to compliment Mr. and Mrs. W. Gibbs, whose marriage took place recently in Vancouver. Mrs. Gibbs was the former Miss Marjorie Kirk of Nakusp. The hall was beautifully decorated for the occasion with a profusion of summer blooms and an archway had been erected from where the bride and groom received the congratulations of their many friends, after being introduced by Miss A. Bowes, a life long friend of the bride. Gifts were brought in on a miniature sail boat by Master Bruce Hopkins, dressed as a sailor while Mrs. E. J. Oxenham sang "When My Dream Boat Comes Home." The early part of the evening had been spent in table games and a short program when T. Reid of Trail, accompanied by Mrs. E. Brown on the piano sang "On the Road to Mandalay," E. J. Oxenham whistled "In the Gloaming," P. Henke sang "I Love You Truly," Miss Hamer and Mrs. J. Parent accompanying at the piano. Refreshments were served from a long centre table where the guests numbering 60 sat down. Mr. and Mrs. Gibbs thanked all present for the wonderful gifts and the bountiful supper served. Mrs. Harry Vauhan of Vancouver who is visiting in town and Mrs. J. Hopkins and Mrs. R. S. LaRue were in charge.

Mrs. M. McKenzie, who has been holidaying at Halcyon Hot Springs, returned Wednesday.

Mr. and Mrs. K. K. Munro and son Jack of Kelowna, who have spent the past three weeks as guests of Mr. and Mrs. W. L. Maxwell, left Saturday.

Cpl. and Mrs. David Whirter and two sons returned to their home in Abottsford Wednesday. They were the guests of Mr. McWhirter's parents, Mr. and Mrs. R. McWhirter.

Mr. and Mrs. Alec Kazlo returned from Vancouver Wednesday, accompanied by Wayne Highland.

Miss Marlyn Somers of Nelson is visiting her aunt and uncle Mr. and Mrs. W. L. Maxwell.

Mr. and Mrs. Albert Woodhouse and son Teddy of Vernon are guests of Mrs. Woodhouse's mother, Mrs. R. Patterson.

Mrs. Harxard Hiltz and baby daughter from South Slocan arrived Thursday and are guests of Mrs. Hiltz's parents, Mr. and Mrs. J. Parent, Sr.

Mr. and Mrs. L. C. Russell and daughter Loydene of Tacoma, Wash., are guests of Mrs. Russell's parents, Mr. and Mrs. J. Parent, Sr.

Miss Jean Elder returned from Nelson Thursday where she spent the week the guest of Mr. and Mrs. C. Morris.

Mrs. A. E. Fowler returned Saturday from a holiday spent at Trout Lake, guest of her son and daughter-in-law Mr. and Mrs. Gilbert Fowler.

Mr. and Mrs. A. B. S. Stanley and family left for a holiday in Vancouver as guests of Mr. Stanley's parents, Mr. and Mrs. A. B. S. Stanley, Sr.

V. Solberg of Kamloops arrived Sunday and is relieving the manager at the Overwaitea, Nakusp.

Donald Gillyean arrived Saturday from Winnipeg where he received his discharge from the armed forces.

Miss Hattie Ackerman of Carrolls Landing is holidaying at Pine Lodge.

Mr. and Mrs. George French of Chicago, Illinois, are holiday visitors at Pine Lodge, Nakusp.

Miss Marjory Staniforth, P.H.N. is spending her holidays at Trout Lake, B. C.

Mr. and Mrs. S. Hepworth, who have visited their daughter and son-in-law Mr. and Mrs. Richard Blyth left for their home in Trail Monday.

Dr. and Mrs. F. L. Wilson of Trail were weekend visitors at Pine Lodge.

Mr. and Mrs. A. W. Moore of Nelson and A. R. Moore of Vancouver were weekend visitors in town.

Mr. and Mrs. D. Hayward and niece of Vancouver arrived on the S. S. Minto Saturday and are guests of Mr. and Mrs. B. F. Crowell.

CRANBROOK

CRANBROOK, B. C.—Mrs. George McInnes and son, Jimmy McInnes, are spending a short holiday at Vancouver.

Mrs. R. B. Mitchell accompanied her brother-in-law and sister to Vancouver to spend a few weeks holiday.

Miss Joyce Letcher has returned to her home here after visiting relatives in Calgary for two weeks.

Mrs. Frank Smith and children have gone to Osoyoos to join Mr. Smith who was recently transferred there as C. P. R. operator.

Miss Joan Bowley of the Royal Bank staff is spending her holidays at Vancouver.

J. S. Manson has returned to Cranbrook after attending the Summer School session at Vancouver.

Dr. and Mrs. John Mugan have as their guest Dr. Mugan's sister, Mrs. Stewart and daughter. Mrs. Stewart is the former Monica Mugan of the C. B. C. staff at Toronto.

ROBSON

ROBSON, B. C.—F. Edmunds who has been the guest of Mrs. F. E. Oborne for the past week has returned to her home in Trail.

Mr. and Mrs. Blakeley of Red Deer Alta., and Mr. and Mrs. V. Jones of Peterboro, Ont., are guests of Mr. and Mrs. E. S. Martin.

Mr. and Mrs. R. Berry have as guests their nephew David Calder of Mannville, Alta.

Miss Jean Galbraith of Vancouver is the guest of Miss Lillian Waldie.

TO VOTE FOR VANCOUVER BUS FRANCHISE

NORTH VANCOUVER, Aug. 21—(CP)—A. E. "Dal" Grauer, President of the B. C. Electric Railway Co., last night told a meeting of the North Vancouver City and District Ratepayers' Association that the municipality will have buses "within 60 days" if the proposed B.C.E.R. franchise is voted into effect.

"We plan to have, eventually, a completely unified transportation system taking in Vancouver, Burnaby, New Westminster, Richmond and the North Shore," he added.

Mr. Grauer pointed out that North Vancouver, with 1590 persons per square mile, is more difficult to serve than Vancouver, with 8000 persons in the same space.

Ratepayers will vote September 11 on whether they favor the bylaw, approved by City Council, granting a 20-year franchise to the B.C.E.R. to operate a bus system here.

CAMP LISTER LADY DIES IN SPOKANE

CAMP LISTER, B. C., Aug. 22 — Word was received of the death of Mrs. Ludwig Sommerfeld of Camp Lister at the Spokane Hospital. Mrs. Sommerfeld was operated Friday morning. She leaves to mourn her husband and three sons all of Camp Lister. Her son Arthur (Ikey) only recently returned home from Germany where he had been in the C. A. S. C.

Accented Hiplines Settle Down to Tulip Skirts

By DENISE DALTROFF

LONDON, Aug. 21 (CP) — Britain's Autumn collection of model dresses for export showed a marked crystallizing of styles.

A definite feeling for rounder contours and more subtle cuts remains, but the extravagant draping and highly accentuated hiplines of last season have settled down, with Victor Stiebel concentrating on tulip skirts for afternoon and evening dresses.

These are like an inverted tulip with two large overlapping petals curving up to the waist on one side. There are several variations of this skirt, which include the back dipping petal for day.

On evening dresses this skirt produces swathed mummy-like drapery on a pencil-slim garment. Mannequins had their hair brushed sleek and coiled high on their heads to create a Grecian effect.

Bodies are still elaborately draped on both day and evening dresses. Shoulder padding is out, and necklines generally low.

Suits have changed little. Jackets are still long and slightly flared from the waist, skirts are tailored and very smooth and straight, with the opening at the back instead of the side. They are made in tweeds of vermillion and deep raisin, henna with grey, wine with oyster, blackberry and orchid pink.

Set Bowell Bail At $25,000

NEW WESTMINSTER, B. C., Aug. 21 (CP)—Bail of $25,000 has been set by Chief Justice Gordon M. Sloan in the case of A. J. Bowell, former City Comptroller, convicted of the theft of $60,000 in civic funds.

Bowell, who was sentenced to seven years, is in prison awaiting hearing of his appeal, set for late September.

Diamond cutters, who serve at least a two-year trial period before being trusted with a good gem, practise diamond cutting on potatoes.

Seamen Threaten Another Strike

MONTREAL, Aug. 22 (CP) — Threat of a possible second strike on lake vessels was contained in a telegram sent last night by the Canadian Seamen's Union to Labor Minister Mitchell charging that shipowners seemed hesitant in signing an agreement with the union to which they had already committed themselves.

"On Thursday, Aug. 15, the shipowners concluded negotiations with the Canadian Seamen's Union under the chairmanship of Mr. Justice (S. E.) Richards," the telegram read. "Complete unanimity was reached on all points of the agreement . . . we were to meet here today and sign the agreement. Mr. Justice Richards came here today for that purpose. However, we only met one shipowner and he tried to reopen negotiations. The others did not appear."

The telegram, sent over the names of two C. S. U. officials—J. A. Sullivan, President, and T. G. McManus Secretary—stated "We have now no alternative but to ask you to give the necessary power to the controller to sign the agreement with us."

A strike on lake vessels was called by the C. S. U. May 24 and came to an end June 21 with the appointment of Capt. E. S. Brand as shipping controller. Mr. Justice S. E. Richards of Winnipeg was named as commissioner to arbitrate the dispute.

Principal demand of the union during the strike was the inauguration of an eight-hour-day in place of a 12-hour-day.

3 COUNTRIES PASS MUSTER FOR U.N. MEMBERSHIP

LAKE SUCCESS, N. Y., Aug 21 (AP)—Sweden, Iceland and Afghanistan passed muster for membership in the United Nations in a screening report handed today to the Security Council.

The report carried the elements for future wrangles in the Council over the disposal of six other would-be members:

Albania—Supported by Russia, opposed by the United States and Britain.

Outer Mongolia—Sponsored by Russia, opposed by China.

Siam — Opposed by France and Russia.

Portugal, Ireland and Transjordania—Opposed by Russia.

Final approval of Sweden, Iceland and Afghanistan is up to the General Assembly, before which the applicants must get a two-thirds majority for membership.

Siam pressed for favorable consideration on her membership bid, declaring the Siamese are confident an agreement will be reached with the French very soon in Washington on the procedure for settlement of the Indo-China frontier dispute.

France replied it was premature to speak of talks being under way in Washington.

Manitoba Accident Rate Increases

WINNIPEG, Aug. 21 (CP)—Eighteen persons were killed and 231 injured in traffic accidents in Manitoba during July, compared to four and 156 respectively in July of 1945, W. Trevor Davies, Director of Safety for the Province, reported today. Seventeen drownings brought the year's total to 37. Up to June 30, 231 persons had been killed in traffic, industrial or other types of accidents, compared to 168 for the same period last year.

Maj. Anderson to Appeal Sentence

LONDON, Aug. 21 (CP Cable)—Maj. William E. Anderson, D.S.O., member of the Royal Army Medical Corps sentenced yesterday to dismissal from the army, will appeal the sentence, it was announced today. Maj. Anderson leaded guilty to five charges of sending letters threatening to murder Capt. J. V. W. Robinson of Calgary and a Mary Boon, who later marired Capt. Robinson.

NELSON WINS FIRST MATCH

PORTLAND, Ore., Aug. 21 (AP)—Defending champion Byron Nelson, Toledo, O., had no trouble winning his first round match in the Professional Golfers Association tournament here today, downing Frank Rodia, La Mesa, Calif., 8 and 7.

Mackenzie King Visits Bunker Where Hitler Died

BERLIN, Aug. 21 (CP Cable)—After a three-hour tour of Berlin ruins, including the Reichschancellory bunker where Hitler died, Prime Minister Mackenzie King today received an account of German problems and outlook for the future from highest representatives of Britain, France and the United States.

He received these views at a private luncheon attended by Marshal of the R.A.F. Sir Sholto Douglas, Gen. Lucius Clay of the United States, and Gen. Noiret Murphy of of France.

A highlight of a morning trip aroung the city was a visit to the wrecked Hindenburg Palace where in 1937 Mr. King had a 1½-hour interview with Hitler and former Foreign Minister von Neurath. At that time, Mr. King said that in case of war Canada and the other Dominions would enter immediately on Britain's side.

Earlier he walked through the smashed walls of the Reichschancellory and went downstairs to Hitler's bunker in the garden. This is under Russian control and no longer is open to the public, but special permission was granted by the Russians for Mr. King's visit. Two Red Army gunners followed the party with curiosity.

In the dank depths of the bunker Mr. King looked around at the wreckage and said: "It is an extraordinarily appropriate place for the Nazi leaders to meet their end. With the mentality of rats and vermin, they came back into this hole to die."

The Prime Minister's visit was front-page news for the Berlin newspaper Telegraf, which published a picture and a story.

Japan's Constitution Proposal Approved by Special Committee

TOKYO, Aug. 21 (AP)—Japan's proposed constitution outlawing war was approved by a special House Committee with amendments today, and will be presented tomorrow for formal House action. The only dissenting vote in committee came from the Communist member.

Expect Housing to Be More Critical

VANCOUVER, B. C., Aug. 21—(CP) — With 4000 veterans, a third of them married, anticipated at the University of British Columbia in September, officials of the U.B.C. branch of the Canadian Legion expect a housing situation "more critical" than ever before.

More than 600 applications for housing from married student vets are still unfilled, the Legion said.

Many of these students, it is feared, may be unable to continue their studies if accommodation is not found in private homes and boarding houses.

Deaf Mute Is Sensational On Dance Floor

TORONTO, Aug. 21 (CP) — A beautiful girl who is the sensation of a Toronto hotel floor show as a dancer has never heard a note of music in her life. She is Frances Woods, who was born a deaf mute.

Miss Woods has developed her "hearing" by means of her sensitive fingers and feet. When she and her partner, Billy Bray, devise a new routine, she puts her fingers on the piano, and, by feeling the vibrations, gets the rhythm. While performing, she receives the rhythm through the thin soles of her shoes, and can instantly tell the difference between a waltz and a rhumba, though she cannot tell what piece is being played.

Born in Girard, O., Miss Woods weighed only 1¼ pounds, and doctors feared she might not live. When she was 14, her parents took her to Billy Bray in Youngstown, O., to learn to dance. He taught her and finally they formed a dance team which has toured the country.

BRISTOL, England (CP)—Housewives looked enviously but didn't take a single one when thousands of packets of rationed dried egg powder fell from a passing truck.

Dardanelles To Be Free or Russ-Controlled

The Russian Government, in submitting to the Turkish Government its views on the manner in which the Montreux Convention governing the Dardanelles should be amended so as to bring it into harmony with present conditions, has acted in accordance with the decision reached between Britain, the United States and Russia at Potsdam.

It was agreed at Potsdam that the Montreux Convention was in need of revision and that an appropriate method would be for the United Kingdom, United States and Russian Governments separately to address a statement of their views to the Turkish Government.

Article 29 of the Montreux Convention provides that the Convention may come up for revision on the expiry of each period of five years from its entry into force on November 9, 1936. November 9 next is one of these five yearly dates.

In accordance with the Potsdam Agreement, the United States Government presented a note outlining proposals to the Turkish Government in November last. The United Kingdom Government, in its turn, presented a memorandum to the Turkish Government shortly afterward. Now the Russian Government has placed its views in writing before the Turkish Government.

Mr. Byrnes disclosed the main points of the American proposals, including notably that the Straits be open to merchant vessels of all nations in time of war, that the Straits be open to the passage of warships of Black Sea powers in all circumstances, and be closed to warships of non-Black Sea powers except in certain specified circumstances. The United States Government also suggested that Japan should be eliminated from among the signatories of the Montreux Convention. Mr. Byrnes added that the United States Government was entirely willing to become a signatory of the Convention.

The British memorandum was more general in tenor than the United States note, with which it expressed substantial agreement. It indicated that the United Kingdom Government would be prepared to put forward concrete suggestions at any international conference which might be convened to discuss a revision of the Montreux Convention.

Commenting on the United States note at a press conference last December, Mr. Sarojoglu, the then Turkish Premier, said that the American standpoint was in its essence reasonable and might constitute a basis for future negotiations. Mr. Sarojoglu added that United States participation in any future international conference on the Straits was not only desirable but necessary.

Russia has taken a different view. It proposes, in effect, that it should be given military control of the Straits.

Congratulations, Mr. Howe

When Hon. C. D. Howe in 1944 announced that it was the policy of the Government to insist upon the separation of railway and air lines, the Nelson Daily News was among the critics. It seemed obvious that as far as the C.N.R. and T.C.A. were concerned the separation would be illusionary, that in the case of the C.P.R. and C.P.A. it would hamper commercial air line development and that the chief effect of the policy would be to create a Government monopoly with consequent retardation if not stifling of enterprise and progress in commercial aviation in this country.

Mr. Howe now announces a change in Government policy. He has told the House of Common that he believes that the system which is operating today is the best for giving service to the public.

As Mr. Howe says, no man likes to change his mind, no Cabinet Minister likes to announce a reversal of policy, and for his moral courage in facing the realities of the situation and announcing that he favors continuation of railway-air line affiliation he is to be congratulated.

Canada's commercial aviation business is now free for development by the Government lines, by the railroads and by new aviation enterprises, though it is to be hoped that the Air Transport Board will soon develop a more liberal and more encouraging attitude toward those who wish to establish new air routes than that which was shown toward the three applicants who recently applied for franchises to operate a Coast-Kootenay-Lethbridge service.

The Crisis in India

It is of paramount importance, having regard to the tremendous issues which face India, that the proposed interim Government during the period of transition to independence shall be of a character fully representative of the political life of the country. It is, therefore, essential that the two major parties should cooperate in this task of putting the interests of India as a whole and the welfare of her millions, of whatever race aand creed, before any narrow question of party advantage.

Much will depend in the first instance on the method and determination with which the representatives of Congress seek a compromise with the Moslem League and eventually on the wisdom and statesmanship of Hindu Leader Nehru and Moslem Leader Jinnah.

At this moment, India is presented with the greatest opportunity that has ever come to that country of taking a step which can place at once great responsibility in the hands of her chosen representatives and can ensure her complete freedom within a period of her own choosing. It is equally a moment when, by failure to compose party difficulties and find a way of compromise, the course may be set toward chaos and even civil war.

Verse

PARADISE

Somewhere there's a place I know,
Where silver streams so silent flow,
Where every dream like wood smoke curls
Into the blue. A land that proud unfurls
Its banners of green and gold
Across its treasures, wealth untold
There in that lovely land will I build
My dreams, my castles, hopes unfilled

—ALAN RAMSDEN

Looking Backward

10 YEARS AGO

From the Daily News of August 22, 1936

Two Nelson girls of teen age are in Kootenay Lake General Hospital for typhoid and a third is under treatment at home.

Floyd L. Irwin, native son of Nelson, and educated in Nelson schools, will succeed Harold McArthur as Principal of Nelson Junior High School.

Maxie Baer, Buddy Baer, Manager Ancill Hoffman and secretary will arrive in Trail next Wednesday night.

25 YEARS AGO

From the Daily News of August 22, 1921

The abnormally early season is causing a great deal of serious congestion in Okanagan fruit shipping.

A full quota of C.P.R. employees and their friends went to Procter on the Nasookin yesterday for their first annual picnic.

E. E. L. Dewdney, Manager of the Rossland branch of the Bank of Montreal, was visiting in the city yesterday.

40 YEARS AGO

From the Daily News of August 22, 1936

Marquis Marco Doria of Rome, Italy, spent yesterday in the city enquiring into the situation hereabouts as a profitable field for his countrymen to emigrate to.

A practice of those who are to take part in the Japanese parasol scenes at the Fair has been called for this evening at 8 o'clock sharp in Fraternity Hall.

Today's Horoscope

A birthday on this date means that you have a winsome and off-handedly humorous way of getting your own way. You are somewhat fastidious, have self-reliance, are modest and amiable. You have the ability to make others see things your way, and you will compel a deep and tender love. Today jot down any ideas or suggestions that seem good. The moon enters Cancer at 5.06 A. M. Temporary depression may overtake you late in the afternoon, but fight it by working or taking exercise, and get over it. Aggression and temper can lead to strife and unpleasantness this evening, so try to control both.

Words of Wisdom

Justice without wisdom is impossible.—Froude.

?? Questions ??
ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except when there is obvious necessity for privacy.

G. R., New Denver—My two-year-old cocker spaniel is lately having trouble with his ears. He keeps scratching his ears continually and shaking his head vigorously. As he is highly bred, can you advise me what to do for him?

Judging from the above description, your dog may have canker. This disease of the ear is the most common complaint from which dogs suffer. It is recognized by intense irritation which causes the dog to scratch its ears and shake its head incessantly. A parasite, which sets up inflammation in the membrane lining of the inner ear, is the cause of the trouble. Many of the so-called cures for canker give only temporary relief, so it is best to take the dog to a veterinarian. It is generally recognized, however, that keeping the dog away from water, and not allowing any moisture into the ear, will relieve the irritation considerably.

F. S., Kimberley—Where can abdominal supports be procured in Nelson.

The City Drug, Fleury's Pharmacy, Mann, Rutherford Company and Smythe's Drug all sell abdominal supports or take orders for them.

W. B., Nelson—Where would I be able to purchase Wellington Mine stocks at Retallack?

These can be purchased at the office of P. E. Poulin, 582 Ward Street, Nelson.

"EARMARKED" IMMIGRANTS

Canada seems bent on making anew the same immigration mistakes of years ago.

Newest immigrants to this country are going to be 4000 Poles. Whether they are Fascists or not is beside the point. That is another argument.

They are coming into Canada to be agricultural workers. Unless they sign on the dotted line that they will stay on the land for two years, they will not be admitted, and, presumably, if they leave the land, out of the country they will go.

We submit this is a bad thing. When Canada admits new citizens there should be no strings attached as to how they can earn a living.

True, these Poles could be requested to stay on the land. The value of farm work should be explained to them and their cooperation asked. They should be given a thorough schooling in agriculture.

But to force them to remain on the land, on the penalty of deportation, will not make good citizens of persons from foreign countries. When such strings are attached, there is danger of these people setting up colonies—and colonies of foreigners in a new land are not good, either for the foreigners or for the country.

RUSSIA'S FREEDOM

Elmore Philpott, West Coast newspaperman and proponent of the Socialist program of the C.C.F., said in Calgary the other evening that the Western world should adopt a policy of "half way to Moscow." By this, he said, he meant that Russia should adopt the political freedoms of the Western world, but the Western world should adopt the "economic freedom and democracy" of Russia.

If there is any economic freedom in Russia we haven't heard of it as yet. A little handful of Communist top-rankers hold the 185,000,000 people of Russia in the palms of their hands because they, backed by the Communist Party and the Red Army, maintain a stranglehold on the economics of the country, reaching from the farm right through to the factory, a dictatorship which makes political dictatorship easy. To talk of the economic freedom of the Russians is to turn a blind eye to the whole trading setup of the country. In Russia one doesn't eat unless one keeps one's mouth shut or opens it only one way politically.—Lethbridge Herald.

FOR OLD SCHOOL TIE

Mr. Truman is being urged to cut loose from his old associates. But for one who was once an up-to-date haberdasher, he shows a strange preference for old ties.—Omaha World-Herald.

ONE PATENT LACKING

Science is wonderful, but there is work still to do. More than 3,000,000 patents have been granted by the Federal Government but doorknobs still come off in your hand.—Sabula (Iowa) Gazette.

Test Yourself

1. What is the longest river in France?
2. Helium was first discovered in the spectrum of the sun; where did it get its name?
3. What is mother-of-pearl?

TEST ANSWERS

1. The Loire.
2. From the Greek word "helois," meaning sun.
3. The opalescent lining of the shells of the large marine bivalve mussels that produce the precious pearls.

Etiquette Hints

If you accept a dinner or party engagement and later something comes up, such as a friend from out of town coming unexpectedly, etc., explain the matter to your hostess and ask her to excuse you from the first engagement.

Gems of Thought

Every man and woman should be today a law to himself, herself—a law of loyalty to Jesus. Sermon on the Mount.—Mary Baker Eddy.

Hollywood Gossip

Claims Blame Can Be Laid on Cantor if Zanuck's Picture Behind

By BOB THOMAS

HOLLYWOOD, Aug. 21 (AP)—Hey, Mr. Zanuck! If one of your pictures is behind schedule, you can blame it on Eddie Cantor.

I mention this at the risk of being termed a squealer. Here's how it happened:

Mark Stevens was telling me on the set of "I Wonder Who's Kissing Her Now" all about how he is going to retire in 10 years, come picked-up options or high water. Yes, sir, another decade at this racket and he is going to blow town and enjoy life by painting and travelling. Now that he is the big time he is living modestly and salting his money away for his retirement at 36. At least that's what the young man said.

Also on the set was June Haver, in dark makeup and a black wig, and looking pretty much like a road company of "Porgy and Bess." As I chatted with her, this guy Cantor walked on the scene.

He was escorted by his sidekick, George Jessel. Both of them could have given up this funny business for clipping coupons, but hams do not quit easily. They will tell jokes for any crowd, such as the one that gathered around on the set.

That's where the time loss came in. Nothing could be done since Jessell is producing the picture, and Cantor is also a big producer, having lost $300,000 on "Nelly Bly" last season. Everyone knows that doesn't interrupt a pro telling a story.

Hollywood has finally been given a peek at England's expensive "Caesar and Cleopatra," written by a chap named George B. Shaw. It holds up very well.

Gabriel Pascal spent considerable money in providing massive sets, clamoring crowds and much sand, but wisely allows none to overshadow the stars of the drama—Claude Rains, Vivien Leigh and this fellow Shaw's dialogue.

Rains makes you believe Caesar was a nice old guy after all, and Leigh makes you realize why Marc Antony was such a sucker. Although some may find it too intricate, the picture's script is refreshing. The author should go places.

Fag-Puffing "Stranger" at Members Meet Is Speaker in Mufti

By JAMES McCOOK

LONDON, Aug. 22 (CP) — Whitehall has the story of a member of Parliament at a "members only" meeting who was disturbed by the presence of a cigaret-smoking stranger and was saved from a dire mistake by his neighbor's comment that Speaker Clifton Brown certainly looked different in mufti.

He was one of the members who think of the speaker as always in dark robes and seated in an ornate chair in the House of Commons. Save on the occasion when Cromwell's men dragged a fighting occupant from the chair 300 years ago, respect for the office always has been present, although sometimes the speaker has to make his authority known.

Amid all the storms of a new Government with new policies matched against a knowledgeable Opposition, none has seen the speaker other than calm and precise. He sits aloof in the dignity of his office with the golden mace of his authority on the table before him, the servant of the House and at the same time its ruler and sopkesman.

Col. Douglas Clifton Brown, 67, first was elected as a Conservative member of Parliament in 1918 after service with the 1st Dragoon Guards and Northumberland Hussar Yeomanry. A Cambridge graduate, an able speaker and profound student, he plodded along the Parliamentary path as chairman of committees and in similar offices until he became Deputy Speaker in 1938, thus opening the way to his appointment as speaker in March, 1943.

Since then the Government has changed but Col. Brown, Conservative member for Northumberland-Hexham, remains the custodian of the Commons honor and dignity as speaker. In the chair he has no party. Probably no other man can tell strong personalities like Winston Churchill and Ernest Bevin to take their seats and be obeyed.

When the House became noisy and contentious on one occasion, his comment was mild but effective: "We want this House to remain dignified and if we merely cast insinuations and expressions across the floor of the House we do not get very near the truth."

Jasper Fish Hatchery Attracts Tourist Interest

JASPER, Alta., Aug. 21 (CP)—Rapidly proving a major interest to tourists of this Rocky Mountain resort, although it is not yet completed, is one of the largest fish hatcheries in Canada.

The main building of the hatchery, started in 1942 by the Dominion Government, has been completed, but work on nearly a dozen fish pools is still in progress.

The hatchery, located about three miles East of the town, is attracting hundreds of interested visitors each week, and the registration book already lists holidayers from Hawaii, South America, and various points in the United States and Canada.

Of importance to visiting anglers is the fact the hatchery is rapidly restocking many a nearly fished-out lake in the Jasper area. Capable of turning out 1,000,000 young trout a year, it has sent thousands in the last few months to such nearby lakes as Patricia, Edith and Pyramid.

Visitors at any time can see as many as 200,000 "fingerling" trout in the long hatching and feeding trays in the main building. Of the completed pools outside the building, several are stocked with giant-sized trout large enough to make any angler wish he could drop a fly into the pond.

Report More Than 5000 Cars of Grain Moved East

WINNIPEG, Aug. 22 (CP)—Canadian Pacific Railway Officials here announced today that more than 5000 cars of grain have been moved over their Western lines since Aug. 1, about 1000 cars contained new crop compared with two cars at the same time last year.

Shipments were ahead of schedule because of the early maturing of crops. Bulk of the grain loaded was being moved East for shipment to Europe.

Madame Curie was born Manya Sklodowska, and was a governess in Poland before she became a scientist.

University Women Open Convention

WINNIPEG, Aug. 21 (CP)—Approximately 300 women from all parts of Canada, leaders in cultural and professional life, are here today for the opening of the 10th Triennial Convention of the Canadian Federation of University Women.

The three-day meeting will be under the chairmanship of Mrs. Ursilla Macdonnell of Kingston, Ont., President of the Federation.

Among subjects slated for discussion are women's post-war problems, international relations, education, libraries, scholarships, price control, and the legal and economic status of women.

Treaty Acrimony Trifle Compared to Straits Question

By GLENN BABB
Associated Press Foreign Affairs Analyst

All the noisy acrimony of the Paris peace conference thus far has been concerned with trifles compared with a clash of wills between the Western powers and Russia classical manner of diplomacy, behind closed doors of foreign offices. The great powers are locked in a test of strength and nerves over one of the oldest issues of world politics, the Straits question, or, to use the popular name, the Dardanelles.

Since this may determine control of the vital Middle East, there is a grimness about this clash beyond anything yet developed at Paris.

The issue is this: Russia has served demands on Turkey, the guardian of the Straits—besides the Dardanelles these include the Bosporus and the Sea of Marmora—which neither Turkey nor the Western powers find acceptable. These are, first, that the Black Sea powers alone take over control of the Straits and, second, that Russia and Turkey jointly assume their defence.

The Black Sea powers are Bulgaria, Romania, Russia and Turkey. Since the first two are now firmly in the Russian orbit, and seem destined to remain there, Turkey would become a permanent minority of one in any Dardanelles councils. The second demand would mean that Russia would move in alongside Turkey in military occupation of the shores of the Straits. The junior partner in such an arrangement would have little chance to hold his own.

United States, Britain and France have ranged themselves behind Turkey in opposing the thrust through the Straits. They are not opposing all Russian desires, however. They are willing to alter the existing regime for control of the Straits, embodied in the Montreux Convention of 1936, so as to considerably facilitate the movement of Russian and other warships and merchantmen between the Black Sea and the Mediterranean.

The question worrying the other capitals is how much in earnest is the Kremlin in its demands, and how far it is prepared to go in pressing them.

OPPOSE POLISH SOLDIERS AS FASCIST ENEMIES

EDMONTON, Aug. 22 (CP)— A statement issued by the Alberta Executive Committee of the Labor-Progressive party said today that the proposed settling of 4000 Polish soldiers in Alberta will "meet with opposition from the progressive-minded people of Alberta."

The statement charged that the men are sworn Fascist enemies of anything dmocratic or progressive and that "men who have committed lesser crimes have been tried as Nazi-collaborators and war criminals.

"Canadian democracy cannot be served by Fascists. Canadian unity will not be fostered by them. We do not want them in this country. Let them go back to Poland to answer for their crimes there and help rebuild that country, so devastated by their kind.

"We are not opposed to immigration. We believe, though, that before large scale immigration is allowed, Canada must provide jobs and homes for her own people."

NANAIMO, B.C., Aug. 21 (CP)—When 14-year-old Bill Greenfield took the boat to Vancouver last weekend, his pooch, Skipper, went along. But Bill didn't know it.

The six-year-old dog stowed away on the boat and stayed out of sight until Bill had gone. Then he tracked the boy right through the city to where he was watching a game at the ball park.

Mr. Tradewell's ship is in!

(A SIMPLE TALE TO SHOW HOW BANK CREDIT WORKS)

THAT JAUNTY hornpipe means his whole year's supply of molasses has arrived from the West Indies . . . in good time, at a favourable price.

Quite a change from Mr. Tradewell's earlier days in the wholesale grocery business, when he bought his molasses month to month . . . in small quantities . . . and didn't do so well with it. Now he buys in bulk . . . barrels of it . . . and cuts his cost par gallon.

Of course this takes *ready cash*—often more than he has on hand at the moment. So he borrows what he needs from the Royal Bank. When the molasses is sold, he pays off the loan.

This is a simple example of how bank credit works . . . how by making working capital available it opens the door for enterprises large and small when opportunity knocks.

WHAT KIND OF BUSINESS MAY BORROW?

The answer is any kind—large or small—provided it's a sound business. Some of the Royal Bank's most valued customers are anything but "big". Among our larger accounts are many which have grown from small beginnings through the help of bank credit. This service is at your disposal, too. Your local Royal Bank Manager will be glad to talk it over with you, any time you say.

Last Inning Homer by Rookie Wins Game for Phils; Ferriss Takes 22nd

By STEVE ROBERTSON
Canadian Press Staff Writer

Clouting three Pittsburgh hurlers for 11 hits, Brooklyn Dodgers defeated Pittsburgh Pirates 8-2 Tuesday to retain their slim National League lead.

Held to four hits and shut out by Pittsburgh's Nick Strincevich Tuesday night, the rebounding Dodgers hopped on starter Ken Heintzelman at Pittsburgh for three runs for six hits in five innings and continued their attack on Jack Hallett and Fritz Ostermueller, scoring five markers in the last two frames on the latter.

HOMER WINS GAME

Del Ennis, rookie outfield star, used his home run bat at Chicago to produce a 1-0 National League victory for Philadelphia Phillies over the Cubs. Ennis smashed his No. 11 round tripper with two out in the top half of the ninth for the only run of the game. Ennis' hit enabled Dick Mauney to gain his third victory with a three inning one-hit relief stint.

At Cincinnati, Johnny Hetki pitched and batted Cincinnati to a 7-2 victory over New York Giants to strengthen the Reds' hold on fifth place in the National League. The 24-year-old rookie righthander limited the Giants to six hits while collecting three of 13 safeties yielded by a trio of New York hurlers.

Hetki started the Reds on their way to victory by doubling home two runs in a three-run Cincinnati second inning off starter Johnny Gee.

YANKS TAKE TWIN BILL

New York Yankees swept an American League doubleheader from Chicago White Sox, eking out a 12-inning 5-4 decision in the nightcap at New York after winning the opener, 10-1.

Pinchhitter Nick Etten drove in the winning run in the 12th after Johnny Lindell had opened with a triple and relief pitcher Earl Caldwell purposely passed the next two men to load the bases. A homer by Joe DiMaggio, his 22nd, tied the score in the seventh. DiMaggio also homered in the opener as did Charlie Keller and Aaron Robinson, to enable Spud Chandler to coast to his 16th victory.

Dave Ferriss went to the head of American League pitchers by winning his 22nd game against four losses as Boston Red Sox outslugged St. Louis Browns 12-9 at Boston.

Ferriss needed help, however, to move one victory ahead of Detroit's Hal Newhouser. Bob Klinger relieved Ferriss, who had been charged with seven runs, in the sixth and stilled the Browns' bats.

Jeff Heath, Fort William, Ont., product, led Brownie hitters with a triple, double and two singles. All Red Sox regulars hit safely.

Philadelphia Athletics knocked Virgil Trucks out of the box in the sixth inning to defeat Detroit Tigers 4-1 in the Quaker City. Trucks had beaten the A's five times this year.

Phil Marchildon allowed only seven hits and became the first Mack pitcher to win 10 games this season against 12 defeats.

British Soccer Results

LONDON, Aug. 20 (Reuters) — Stenhousemuir and Dundee United today played to a 2-2 tie in a Division "B" supplementary cup Scottish Soccer League game.

In Division "A", Queen of the South beat St. Mirren 2-1.

LONDON, Aug. 21 (Reuters) — Today's Scottish football results:

SCOTTISH A DIVISION

Celtic 2, Hearts 3.
Falkirk 0, Rangers 5.
Hibernian 1, Clyde 0.
Kilmarnock 1, Hamilton 1.
Motherwell 2, Aberdeen 2.
Third Lanark 1, Morton 3.
Partick Thistle 4, Queens Park 0.

SCOTTISH B DIVISION
(Supplementary Cup, First Round)

Albion Rovers 1, East Fife 4.
Dumbarton 2, Alloa Athletic 0.
Dundee 1, Airdrieonians 0.
Dunfermline 4, Ayr United 0.
Raith Rovers 1, Arbroath 0.
St. Johnstone 4, Cowdenbeath 1.

M'Donald, Demartino Fight 10-Round Draw

NORWALK, Conn., Aug. 22 (AP) —Ronnie MacDonald, hard-hitting Edmonton middleweight, and Joe Demartino of Bridgeport, Conn., fought a slashing 10-round draw here last night before 3500 fans at Arsenal Arena. The Canadian at 160 weighed three pounds more than Demartino.

Carries Off Handicap

EDMONTON, Aug. 21 (CP) — Helm's Pride, five-year-old black gelding from the H. P. Streeter stables of Stavely, Alta., today won the $700 Great Northern Handicap, feature race on the 10th day card of the 13-day fall race meet.

Pass Nine to Seek Title

NATAL, B. C.—At a special meeting of the Crow's Nest Pass Senior Baseball League at Blairmore recently it was decided that an All-Star team, chosen from the four teams in the Crow's Nest Pass League would represent the 'Pass' under the banner of the Hillcrest Miners in the coming Southern Alberta Senior Baseball Playoffs.

In all four teams have entered the playdowns with Medicine Hat playing the Picture Butte Royals while the Hillcrest Miners will tackle the highly touted Lethbridge Galt Miners in a best-of-five game series commencing at Hillcrest with a double header on Sunday. The return games will be played after Labor Day. The winners of the Hillcrest-Lethbridge series will meet the winners of the Medicine Hat-Picture Butte in the finals with the winners entering further playoffs for the Alberta Senior Baseball championships, either against the Calgary or Edmonton winers.

Racer Wins After Ceremony in Tribute To Late Owner

VANCOUVER, Aug. 21 (CP) — In a spectacular win, Delayed Action, with Jockey Alex Haller up, today won the sixth and feature race at Hastings Park after he had been the centre of a ceremony paying tribute to his owner, the late Harry Heywood.

Before the race, men of shed row formed a horseshoe in the infield, the bugle sounded the post call, and the Heywood horse cantered up, and then took his position at the starting gate. In an earlier ceremony, at sunrise last Sunday, Heywood's ashes were scattered over the home stretch at Hastings.

Delayed Action beat Chris Junior a rank outsider, and Muchkin to pay $10.30 to win.

RACER BREAKS DOWN

DEL MAR, Calif., Aug. 21 (AP) —Challenging, outstanding handicap horse at the Del Mar track grounds, broke down here in a morning workout with a bowed tendon. Trainer T. L. (Pinky) Grimes said the horse would be out of training for the remainder of the year.

WORLD'S RECORD PACER FAILS AFTER BAD START

TORONTO, Aug. 21 (CP) — In one of the year's biggest upsets in Canadian harness racing, Blue Again, holder of the world's record pacing time of 2:35½ for 1¼ miles, and recent winner of the $50,000 Santa Anita Derby, was defeated at Dufferin track here today by the Count B., owned by J. W. Brown of New Liskeard, Ont. The mile and sixteenth was in 2:22, the mile in 2:12.

The match race was the feature event of a 14-race card.

Blue Again, owned by R. W. Leatherdale of Windsor and driven by Cliff Chapman went into a break at the start and by the time the champion had recovered Count B had a lead that went unchallenged until the home stretch. Making a bid for victory in the stretch Blue Again fell short by a length after being up with the leader at the ¾ mark.

The Count B finished a close second to Blue Again at the Canadian Pacing Derby at New Hamburg, Ont., recently.

Only Dickens Returns Leaf Contract Unsigned

TORONTO, Aug. 21 (CP) —Conn Smythe, Manager of Toronto Maple Leafs, National League Hockey club, said today nearly all players have signed their 1946-47 contracts. He still is awaiting word from Frank McCool, Jackie Hamilton, Elwyn Morris and Doug Baldwin. Ernie Dickens is the only player to return his contract unsigned. Syl Apps, Gaye Stewart and Billy Taylor headed the list of those given increases with an additional $1000 each.

Better Golf

By SAM SNEAD

The backswing is started with an inward push of the left knee which starts the hip pivot. As the left knee bends inward the left heel rises so that both knees are kept in the same horizontal plane. There must be no dipping of the knee for that will cause a left side sag and your rhythm and co-ordination will be gone. At the point pictured the player is now ready to start adding the cocking action of the wrists to the swing. And it's important to notice how high his hands are before this cocking action begins. If this action is started sooner, the hands reach the fully cocked position before they are at the top of the backswing. This produces a tendency, an almost irrestible temptation, to start uncocking the wrists, putting in that priceless wrist lash action much too high in the downswing. And if you put the wrist throw into the stroke too soon, you are spending it in the air, and not on the ball where it contributes so much to distance, timing and accuracy.

Throughout the swing you must keep your eye on the ball for it is the target at which the club must arrive in the downswing. By keeping your eye on the ball you are far less likely to sway the head either in the vertical or horizontal plane and, it follows, that your shoulder pivot must be in a somewhat vertical plane too, to make it possible to see the ball over your lift shoulder when you are at the top of the swing. And so this rule of keeping your eye on the ball, serves the further purpose of virtually forcing the shoulder pivot to be in what approaches a vertical plane. And that's the plane it must be in for a good rhythmic co-ordinated swing. In the backswing, the left shoulder rotates under the chin as the right shoulder rises. The shoulder pivot should be decidedly more vertical than the plane of the hip pivot. Notice how the left heel rises as the left knee moves inward. This rising of the left heel keeps the knees on th same horizontal plane. And the left toe keeps a firm grip on the ground even though the bulk of the weight shifts to the right leg as the swing approaches the top.

(Editor's Note): A new printed diagram—Applying Backspin—may be had on request. Enclose a 3c stamped, self-addressed envelope.

Beau Listo Wins

SEATTLE, Aug. 20 (AP) — G. W. Ogle's Beau Listo closed strong to nose out wide-swinging Foiled in the $1000 feature seventh race at Longacres tonight. Lavengro, a long-time Longacres campaigner and the favorite, finished third. The winning time for the six furlongs was 1:10 4-5.

Beau Listo paid $7.20, $3.20 and $2.30 on a $2 mutuels ticket. Foiled paid $3.90 and $2.40. Lavengro paid $2.20 to show.

Six New Entries In Derby Bring Total to 205

Six new entries for the Kootenay Lake Gyro Trout Derby have been received to swell the number of entries to 205. Two of the latest fish entered in the Derby were big ones —one a 15-pounder boated by Capt. J. A. McDonald of Nelson and the other a 13-pound trout caught by Clarence Christenson of Creston. An angler from Texas tried his luck and brought in a nine pound, four ounce fish from Telegraph Bay.

Entries were:

Capt. J. A. McDonald, Nelson, 15 pounds on a Stewart No. 3 at Lime Quarry; weighed in by C. Brady, Procter.

Clarence Christenson, Creston, 13 pounds, on a XX at Canyon Creek; weighed in by Ray Cummings, Cummings Camp.

L. S. Pheffer, Coeur d'Alene, Idaho, 10 pounds, four ounces on a Royal Coachman Buck at Midge Creek; weighed in by Arnold Cummings, Cummings Camp.

S. E. Briard, Nelson, nine pounds, eight ounces, on a Willow Leaf, at Queen's Bay; weighed in by H. Merz, Queen's Bay.

Earl Lowe, Grover, Texas, nine pounds, four ounces, on a Pflueger Frog No. 4 at Telegraph Bay; weighed in by Arnold Cummings, Cummings Camp.

J. R. Bailey, Nelson, seven pounds, three ounces on a Stuart No. 5 off Bluebell; weighed in by C. Brady Procter.

Ekwips Tie Semis With Jacks

CRANBROOK, B. C., Aug. 21 — Typical blood and thunder playoff ball left the league semi's at one apiece Wednesday night as Ekwips ground out a 3-1 win over Jacks.

A walk, single and double in the opened reaped two Ekwip runs, with play tighter than the nylon situation for the other eight innings. Leyden homered in the lower ninth for Jacks ace, and two Jacks were left on base with the third out. Jacks Captain Ev Staples injured an ankle early in the game and masterminded his outfit from the sidelines.

Ekwips—W. Hughes, Bert Erickson, Conroy, Stevely, McNab, Knight, Mitchell, Jr., Mitchell, Sr., Allie Hughes.

aJcks: Staples Young, Ed Erickson, Leyden, Dave Reekie, Bacon, Bell Harrison, Webb, Archie Reekie.

Umpires: Cece Tiller, Jim Scott, Doug Mitchell.

WIDELY KNOWN SPORTSMAN DIES

MONTREAL, Aug. 21 (CP) — William Gathercole, 57, well-known locally and nationally for his interest in sport, died at home here today following a long illness. He had been president of the Royal Life Saving Society for 14 years and resigned only last week because of his illness.

He was Manager of the Canadian Olympic Swimming team in 1936, a past president of the Montreal Swimming Club, and a baseball and hockey league official here. He also played on many championship water polo teams. For the last 18 years he had been employed by the Montreal Trust Company.

LESNEVICH CONFIDENT CAN TAKE WOODCOCK

SOUTHAMPTON, England, Aug. 21 (CP) — Light heavyweight champion Gus Lesnevich came down the Queen Mary's gangplank tonight and told newspapermen that "I can beat that Woodcock easy and after that I'll fight anybody you can dig up."

Lesnevich will meet British heavyweight champion Bruce Woodcock in London's Harringay Stadium Sept. 17.

Armed Totes Top Weight For $31,225

CHICAGO, Aug. 21 (AP)—Armed, gallant handicap champion owned by Warren Wright's Calumet farm stable, flashed his characteristic stretch charge today and won the inaugural running of the $45,650 Whirlaway stakes at Washington Park.

This race honored another Calumet champ of a few years ago, and the world's leading money winner.

Carrying top load of 130 pounds and the 1-2 favorite of the crowd of 22,500, Armed finished 1¼ lengths in advance of Brolite farm's Challenge Me. Two lengths behind, in third, was Jake Lowenstein's Silvery Moon.

Armed's victory was worth $31,225 and placed him eighth on the list of all-time money winnings with lifetime earnings of $34,875.

The winner paid $3.00, $2.40 and $2.20. Prices on Challenge Me were $5.20 and $3.00. Silvery Moon paid $3.60 to show. Armed needed 1:51 1-5 to go the mile and a furlong.

Armed, with Doug Dodson up, never was worse than third. He rapidly forged to the front on the last bend but at the furlong pole Challenge Me put up a stiff fight. But the Calumet champion slowly pulled away near the finish.

Trail Lines Up Net Teams for Nelson Tourney

TRAIL, B.C., Aug. 21—Trail is planning to send several teams of tennis players to Nelson on Sept. 3 to take part in the revival of the once popular Nelson Labor Day Tennis Tournament.

Though the makeup of the teams has not definitely been decided upon, it was stated that the contingent would probably be comprised of Mrs. I. Hardy, Mrs. J. Yer, Mrs. B. Smith, Mrs. B. McManus, Mrs. M. Williamson, Miss M. Busby, Miss Anna May McLeod, Ned Rhodes, J. Kwasney, Don Brown, Len Evans, G. Catalano.

Hard Day for P.G.A. Favorites

PORTLAND, Ore., Aug. 21 (AP) —Led by the battling Bassler brothers of California, short-enders knocked out favorites right and left today in first round matches of the National Professional Golfers' Association championship.

Harry Bassler, Los Angeles, downed the United States Open champion, Lloyd Mangrum, Chicago, 1 up. His brother, Newton Bassler of Carmel, Ore., picked big game in the person of Melvin (Chick) Harbert, Northville, Mich., 3 and 1.

Dick Shoemaker, Pittsburgh, Pa., sidelined Sam Byrd of Redford, Mich., runner-up in this tournament a year ago, 3 and 2.

However, defending champion Byron Nelson, Toledo, O., aling back and all, swamped his first opponent, Frank Rodia, La Mesa, Calif., 1 and 7.

Vic Ghezzi, 1941 P.G.A. champion from Knoxville, Tenn., had a close call before gaining a 1 up victory over James Gantz of Detroit. Ben Hogan, Hershey, Pa., had unexpectedly tough opposition in Charles Weisner of Mukogee, Okla., finally winning, 2 and 1.

Lady Golfers Try For Brewery Trophy Holiday Weekend

Competition for the Kootenay Breweries Trophy, ladies' singles, is scheduled for Labor Day weekend, Aug. 31 to Sept. 2, at the Nelson Golf and Country Club. Entries are expected from Trail, Cranbrook and Kaslo.

Mrs. B. B. Townshend is last year's titlist.

Weekend Swim Gala For Kimberley

KIMBERLEY, B.C., Aug. 21 — The annual Swimming Gala sponsored by the McDougall Swimming Pool Committee will be held Sunday at 2 p.m., the best and biggest program ever offered to local fans. Efforts are being made to send the winners to Nelson for the Gala there on the 28th. All those who have taken the Pro-Rec Instruction Classes this Summer and who swim the width of the pool will be awarded prizes.

Kimberley Townsite Boys Win Softball

KIMBERLEY, B.C., Aug. 21 — The Townsite Boys won a junior softball from Camp Boys at Lindsay Park Saturday 7 to 1. Games have been played regularly all season between Townsite and Camp, with the age limit set at under 16 years. Cranbrook has been contacted with a view to having picked teams from both towns playing a home and home series.

Fight Champs To Box at Kimberley Show

KIMBERLEY, B.C., Aug. 21 — The Canadian Legion is staging a two day carnival at the Kimberley Arena Friday and Saturday in aid of the local Artifical Ice Project, featuring among other attractions are a number of boxing exhibitions. Main event will be between Frank Glover, Canadian and British Army Heavyweight Champion, and Golden Gloves, Champ of the Pacific Coast, and Earl Green, Amateur Champion of the Kootenays, 1943.

Several ex-service men will be on the card, and an 85 pound competition for boys, blindfold and comedy bouts will round out the cards. All donated their services. The boxing will be under the supervision of Herb Stanton, local Pro-Rec Instructor, who hopes to stage Amateur Cards with other towns in the Kootenays concluding with a big meet along the lines of the Golden Gloves Tournaments.

Intermeds, F.A.C. Clash Tonight

Nelson Intermediate Reps and the Fairview Athletic Club's Junior baseball team will meet in an exhibition game at the Civic grounds this evening at six o'clock sharp.

The Intermediates have been winning a series of exhibition games with various district teams and have shown consistent improvement. The Juniors have been idle for some time and this evening's game will be a stiff workout for them in preparation for their West Kootenay playoff game this Sunday in Nelson against the Rossland Juniors.

For this evening's game the Intermediate lineup will be chosen from Ron Nash, Lang, Brosino, Colman, Heatherington, Porteous, McDonald, Collinson, Brown, Ross and Bengert. The Juniors lineup will be picked from Cathcart, Pitts, Postlethwaite, Koehle, McNabb, Todd, Hallbauer, Colman, Clark and Anderson.

Asks Declaration Italian Sportsmen Represent Democracy

OSLO, Aug. 21 (CP)—A political note intruded today at the opening session of the International Amateur Athletic Federation when the Belgian representative, M. Hermes, asked that Italian delegates make a formal declaration that they rejected Fascism.

He asked that they say they were attending as representatives of a reformed democratic country.

Francisco Rusboli, on behalf of Italy, said sports organizations in that country now are remodelled.

The meeting adjourned after the chair ruled that there could be no political discussions.

KIMBERLEY WHIPS NATAL NINE

NATAL, B. C.—The Natal-Michel Sports Club, winners of the Crows Nest Pass Baseball League with only one defeat, suffered their second setback of the season when they journeyed to Kimberley over the weekend. They were defeated 9-5.

Th veteran T. Krall pitched four-hit ball for the losers, but poor support paved the way for the winning runs during the latter part of the game. 'Lefty' Scott pitched the last inning without allowing a hit. For Kimberley 'Lefty' Nichols although allowing ten hits, including three consecutive triples in the second inning, settled down in the pinches to strike out a total of 10 batters.

Youthful J. Katrichak with three hits was the leading hitter for the losers.

The return game will be played at Natal on Sunday.

Feller's Ball Travels 98.6 M.P.H.

WASHINGTON, Aug. 22 (AP) — Science has proved what American League batsmen have known for a long time—that Cleveland's Bob Feller has a whale of a fast ball.

A United States army chronograph a device used to measure the speed of a rifle bullet, timed Bob's fast one in a test last night at 145 feet a second, or 98.6 miles an hour. In 1939, Atleny Donald of New York Yankees threw a ball 139 feet a second, or 94 miles an hour.

Cricket Scores

LONDON, Aug. 21 (Reuters)—Bowlers predominated on drying wickets in the county cricket championships today with William Edrich, already chosen for the coming Australian tour, routing Worcestershire with his bowling for Middlesex.

Edrich dismissed six batsmen for 14 runs in six overs in the most interesting event of the day.

Closing scores. (All first innings)

Derby 211, Kent 173 for three wickets.

Warwickshire 284, Essex 94 for seven wickets.

Leicestershire 120, Hampshire 201 for eight wickets.

Glamorgan 292 for eight wickets, Surrey to bat.

Lancashire 342, for eight wickets, Sommerset 21 without loss.

Gloucester 106, Yorkshire 151 for seven wickets.

Worcester 128, Middlesex 233 for five wickets.

Northampton 186, Sussex 121.

Chops Course Record

BRIGHTON, Sussex, England, Aug. 21 (CP)—Reg Whitcombe, 48-year-old British professional shot an amazing 66 over the Hollingsbury Park course today to take a three-stroke lead in the opening round of the London News Chronicle's £1500 ($6000) tournament.

The veteran's round bettered the previous course record by five strokes and was seven shots under the accepted par of 73 for the exacting layout.

CANUCK DOUBLES SQUAD OUSTED IN NET UPSET

BROOKLINE, Mass., Aug. 21 (CP) —The second seeded Canadian entry in the National Doubles Tennis tournament was eliminated today, causing a mild upset, when Mrs. Pat Rappell Adams of Ottawa and Jean Burritt of Toronto lost to Gloria Butler of New York and Lillian Lopaus of City Island, N.Y., with top heavy margins of 6-0, 6-1 in the first round.

Lords, Kelly Rinks Kimberley Winners

KIMBERLEY, B.C., Aug. 21 — A mixed lawn bowling tournament was held at McDougall Greens on Sunday with six rinks representing Chapman Camp and McDougall Clubs competing. Winners were W. Lords, first and J. Kelly second.

District Junior Ball Playoffs To Open Sunday

The West Kootenay Junior baseball playoffs are slated to get under way Sunday, according to Carl Loeblich, Secretary of the Trail Senior Baseball Club. In Trail two Trail teams, the top place Colombos and the fourth place Trail Centre, meet in a first of a best of three series. In Nelson the Rossland juniors meet the Fairview Athletic Club in the first of a best of three series. The Nelson Club finished in second place and the Rossland club in third. The winners of these two semi-playoffs will meet in a final series for the championship of the Kootenays.

NATAL ORGANIZES FOOTBALL SQUAD FOR FERNIE MEET

NATAL, B. C.—After a lapse of nearly 10 years, a senior football team has been formed in Natal-Michel to enter in the coming Labor Day Football Tournament at Fernie.

Playing their first game of the season the Natal-Michel eleven went down 4-1 before a Fernie All-Star team chosen from the Fernie City League, at the North End grounds at Fernie in the first of a two game exhibition game series. Both teams were tied at 1-1 until the last 15 minutes when the Natal-Michel weakened to allow the All Stars to score three quick goals. Jock Myles scored the lone Natal-Michel goal.

WINS EVERY HEAT IN 3 EVENTS

MILWAUKEE, Aug. 21 (AP) — Harry Fitzpatrick, veteran harness horse driver, stole almost the entire show in the final day of grand circuit racing at the Wisconsin State Fair today.

Fitzpatrick didn't lose a heat as he drove three horses to victories in the three events of the four-race program he entered, winning three trophies and the plaudits of a crowd of 15,000.

With Algiers, bay son of Volomite, he won the 1500 2-14 trot easily. He came back with King's Counsel, a brown son of Volomite, to win the three heats of the free-for-all pace almost in a breeze, and then climaxed his successes with easy victories in the three heats of the $2000 free-for-all trot with Dr. Spencer, brown son of Spencer.

Protection
FOR SMALL ESTATES

Every estate deserves the safety of Trust Company protection. The smaller your resources, the greater the need to ensure to your dependants the utmost benefit from what you leave.

Any idea that a Trust Company is not interested in small estates, or that the fees of a Corporate Trustee are higher than those allowed an individual, may be dismissed.

The Royal Trust Company administers estates of all sizes; ten thousand or ten hundred thousand; each receives the same experienced care and attention, security and low-cost administration.

When you name The Royal Trust Company in your Will, as "Executor" of your estate, you afford added protection to those who depend on you.

Enquiries are always welcome.
Let us help you plan your Will.

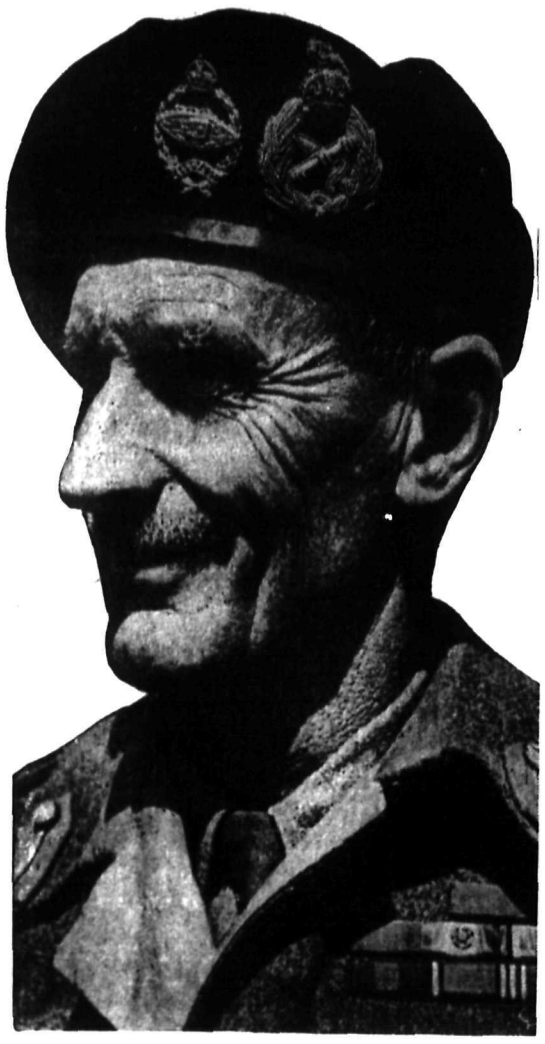
Looking Forward to His Visit



Coming to visit Canada on the invitation of Prime Minister Mackenzie King during the latter part of August is Field Marshal Viscount Montgomery, shown here in this characteristic pose. Humor and humanity are deeply etched in this study of the commander of the victorious Eighth Army in North Africa.

Proposed itinerary for Field Marshal Viscount Montgomery's Canadian tour was brought to England by Lieut.-Col. Trumbull Warren of Hamilton, Ont., who is in charge of checking the program and making it conform to Monty's well-known meticulous taste. This pose of Montgomery shows his incisive personality.

Field Marshal Viscount Montgomery's "Canadian brother" is D. S. Montgomery, a well-known barrister in Vancouver. A resident of Canada for over 35 years, he saw service in the last war with a Vancouver Island detachment after enlisting with the 72nd Seaforth Highlanders as a lieutenant. Mr. Montgomery last saw his famous brother during a visit to the family home at Moville, Donegal, Ireland, in 1937.

New Chief of the Imperial General Staff, Field Marshal Viscount Montgomery scans a world globe in his quarters in the War Office, Whitehall, London, England. Monty's Canadian tour will be from coast to coast, but will be limited in the number of cities the British military leader will visit.

Doubly Divorced

To Dorothy Norton, above, goes the unusual distinction of being divorced from two different men on the same day. The unusual decree was given by Judge Michael J. Manley in Baltimore, Md., against the absent Miss Norton, on whom bigamy charges have been filed. Two former servicemen, Herbert Malpass Jr., and William M. Effinger, testified that they were wed to her, Malpass first, and then, when he went overseas, Effinger. Explanation for this unusual procedure by the court has not been given.

Laserre to Head U.B.C. Architecture

VANCOUVER, B. C., Aug. 21—(CP)—Dr. Norman A. M. Mackenzie, President of the University of British Columbia, has announced that Prof. Frederick Laserre will head the new school of architecture at U.B.C.

Prof. Laserre is a graduate of the University of Toronto and studied architecture in Switzerland. He has been an associate professor of design and architecture at McGill University for the last two years.

The U.B.C. school of architecture, which opens in September, will be a five-year course.

FOR SALE—FEW HOLSTEIN AND Jersey cows. Good milkers. Best offer takes it. J. Logan, Poplar Creek, B.C.

FOR SALE — 9 YEAR OLD HORSE. Reasonable price. Apply A. Kinakin, Salmo, B.C.

LONGSHOREMEN WALKOUT HITS BROOKLYN

NEW YORK, Aug. 21 (AP)—The walkout of about 3500 longshoremen which started at a few piers Monday afternoon and spread to 26 yesterday, affected Brooklyn piers today for the first time, the War Shipping Administration reported.

All Manhattan and New Jersey piers previously affected by the walkout remained tied up today. The W.S.A. tabulation placed the total number of piers affected at 28, the number of longshoremen idle at 3500 and the number of vessels affected at 45.

Prepare for Air Training of Permanent Force

OTTAWA, Aug. 21 (CP)—An establishment is being created to permit of possible airborne training for Canada's permanent force brigade group, Lt.-Col. Hugues Lapointe, Parliamentary Assistant to Defence Minister Abbott, has informed the Commons.

He said he understood the establishment "proposes to have a joint training scheme with the R.C.A.F. in Carberry, Man."

He told Lt.-Col. Douglas Harkness (PC—Calgary East), "It is proposed that the group be brought together Summer and Winter, and I believe the present localities being considered are Wainwright, Alta., and Camp Borden, Ont."

Col. Harkness: "Do you mean this coming Winter?"

Col. Lapointe: "It will be necessary to get the group together first."

Saskatchewan Has Fourth Polio Case

REGINA, Aug. 22 (CP) — The fourth case of infantile paralysis in Saskatchewan this month was reported yesterday and now is in hospital at the Polio Clinic in Saskatoon, Dr. H. S. Doyle, Director of the Division of Communicable Diseases, Health Department, said today. Six cases have been reported this year.

Coast Has Two Mercy Flights in 24 Hours

VANCOUVER, Aug. 22 (CP) — Two mercy flights in 24 hours covering a distance of 1600 miles were undertaken Tuesday between Vancouver and the Queen Charlotte Islands.

A special aircraft was dispatched to bring J. Cramb, Jr., truck driver for Kelly Logging Company, from Skedans Bay to hospital here. Cramb suffered serious eye and head injuries when struck in the face by a block from a high rigging tackle.

Lee Loy, employed by a fishing company at Bella Bella, completely paralyzed by a stroke one month ago and whose condition has been growing continually worse, was brought to Vancouver last night after a 325-mile flight.

WINNIPEG SCHOOLS ACCEPT PRESS SCROLL

WINNIPEG, Aug. 21 (CP) — The Winnipeg School Board voted 7 to 3 last night to accept an offer by the Winnipeg Free Press and the Winnipeg Tribune to supply each school with a frame scroll entitled "Freedom of the Press" which had been prepared by the Canadian Daily Newspapers' Association.

Labor members who voted against acceptance said that if the offer had come directly from the C.D.N.A. it might have been considered, but "it would be an insult to the labor movement, an insult to the striking printers, to have this flowery tribute to the freedom of the press placed in the schools."

They were referring to the dispute between compositors of both newspapers who declared a work stoppage last November when negotiations between the International Typographical Union and the publishers broke down over the question of arbitration of union laws.

DOLLAR UNCHANGED

NEW YORK, Aug. 22 (CP) — The Canadian dollar was unchanged at a discount of 2⅞ per cent in terms of United States funds. The pound sterling was unchanged at $4.03½.

Phone 144 for Classified Ad Service

Market Trends

NEW YORK,—Individual stocks made a fair amount of headway while many leaders continued to lose in lower territory.

MONTREAL—Price adjustments indicated a firmer tone in transfers. Trading in junior mines was heavier than yesterday and tendencies generally easier.

TORONTO —Junior gold stocks had the main play and the display of strength resulted in gains ranging up to 10 cents or more.

WINNIPEG—Rye futures prices scored gains as high as six cents on the Winnipeg Grain Exchange on general buying, including some on United States accounts.

VANCOUVER—Trading showed an upward trend in mines, with oils and industrials still remaining quiet.

LONDON—A feature of the stock market was the firmness shown by all sections in face of comparatively idle conditions.

Calgary Livestock

CALGARY, Aug. 22 (CP)—Cattle market active. Prices steady at week's advance.

Tuesday's receipts: 1219 cattle, 90 calves, 455 hogs, 780 sheep. This morning's receipts: 367 cattle, 26 calves, 23 hogs.

Hogs sold Tuesday at $19.45 for A's. Sows $14.10.

Good to choice butcher steers 12.00-12.50. Good to choice butcher heifers 11.00-11.50.

Good cows 8.75-9.25. Canners and cutters 4.50-6.50.

Good bulls 9.00-9.50. Good to choice veal calves 11.00-12.00.

Good stocker and feeder steers 10.00-10.50.

Good lambs 12.75. Good ewes 5.00-5.75.

CNR REVENUE DECREASES

MONTREAL, Aug. 21 (CP)—Canadian National Railways today announced net revenue of $5,518,000 for the month of July, a decrease of $3,566,000 or 39.2 per cent for the like month last year.

During the first seven months of the current year operating revenues totalled $220,602,000, a decline of $33,112,000. Net revenues totalled $25,150,000, a decrease of $23,332,000 or 48.2 per cent as compared with the same period last year.

Eight hundred typewritten pages were required to set down the details of the U.S. Navy's part in D-Day.

CALLED BONDS

Almost every week notices are published announcing that certain bonds have been called for redemption. If you miss the notice calling a bond you own, then probably you won't discover it has been called until you present your interest coupon for payment. This being the case, you will have lost interest. As most investors cannot devote sufficient time to reviewing their securities regularly, details such as these are often overlooked.

Our investment service provides constant supervision of your investments by experienced personnel. Securities and holdings are regularly reviewed and analysed and you are kept informed of important information and developments.

We invite you to avail yourself of our investment service. Write or 'phone for further information.

POWER SAW SCHOOL FOR VETERANS

There are numerous jobs available in British Columbia's timber industry for qualified power saw operators. To enable veterans to take advantage of these jobs which pay excellent wages, a course of special training is available. Training is of short duration and under the supervision of experienced woodsmen. Applicants must be in good health, not over 35 years of age, about 170 pounds in weight. Classes commence monthly.

Apply in Person, or Write to Nearest Veterans Officer.
