B.C. Mines Balk At Wage Arbitration; No U.S. Coal Strike

VANCOUVER, Oct. 28 (CP)—The four-months-old strike in British Columbia gold mines was deadlocked tonight with operators refusing to accept further wages arbitration as recommended by Chief Justice Gordon Sloan, mediator.

United Mine, Mill and Smelter Workers Union (C.I.O.), representing 1000 workers, previously agreed to further arbitration on wages.

The workers had rejected wage increase proposals, but had agreed to return to work pending negotiations between individual mining companies and local bargaining agencies.

C. H. Locke, spokesman for the operators, said the companies had accepted recommendations for a 14-cents-an-hour pay increase for timbermen and 12-cents for other mine employees as "the limit in wage increases."

There was no immediate comment from Union officials directing the 117-day-old strike.

AVERT U.S. COAL STRIKE; MARITIME TIEUP ENDS

By The Associated Press

The U.S. labor picture brightened Tuesday with a statement by President Truman that there would be no coal strike and with formal announcement of the end of the 28-day Maritime strike by the A.F.L. masters, mates and pilots against East and Gulf Coast operators.

The Maritime strike end was announced by the Union in New York. It said incomplete returns assured ratification of Saturday's peace settlement and resumption of Eastern and Gulf ship commerce.

The President's announcement was made to a news conference, and apparently had reference to a statement made by John L. Lewis, United Mine Workers' chief, that the Government and the U.M.W. would confer Friday and that meanwhile the present contract between Secretary of Interior Krug and the Union would continue effective.

Setting of the Union-Government meeting, in effect, postponed the threat of a walkout of 400,000 bituminous coal miners which Lewis had hinted at if the current Government contract were not reopened. Lewis is seeking higher wages for his miners. The coal mines have been in possession of the Government since last May, when they were seized to end a 59-day strike.

CANADIAN AUTO COMPANIES, UNION IN AGREEMENT

WINDSOR, Ont., Oct. 28 (CP)—Union - managements agreements, affecting three automobile and auto parts plants here, were announced today jointly by the United Automobile Workers (C.I.O.) and Ford Motor Company of Canada Limited, General Motors Corporation and Motor Products Corporation.

The agreements, resulting from extended Union-management negotiations, brought wage increases of 12 and 13 cents an hour, doubled vacations with pay for some categories of employees, and in one plant — Ford Motors — brought into effect a new insurance scheme.

Workers of the Ford Motor Company balloted 74 per cent yesterday in favor of the Company wage proposal of 12 cents an hour increases to all hourly employees. They approved also of vacation plans allowing employees with five or more years seniority an additional week's vacation with pay.

The plan provides also for hospital facilities, surgical benefits up to $150 for operations, and a weekly indemnity for sickness and accident.

Meanwhile, U.A.W. officials announced wage increases have been negotiated with the Motor Products Corporation and the General Motors Corporation here.

On Thursday the membership of the Motor Products U.A.W. unit approved increases of 12 cents, and Friday General Motors employees ratified increases amounting to 13 cents "across the board."

SEEK STRENGTHEN WEST-MARITIME COOPERATION

TRURO, N.S., Oct. 28 (CP) — Aimed at closer cooperation between coal miners of Eastern and Western Canada, the United Mine Workers District 26 convention today passed a resolution suggesting a uniform expiration date for contracts of District 18 in Alberta and British Columbia and the Nova Scotia - New Brunswick District.

Cooperation of that plan, it was felt, would strengthen the position of the U.M.W. in bargaining for wage and hour programs, and would assure equality of conditions for miners in the East and West.

At present District 26 is setting its policy for negotiations for a new contract effective next Feb. 1 while in District 18, a contract embodying a $1.40 a day increase was signed last Summer.

The two districts are the only U.M.W. groups in Canada holding contracts with major coal mining corporations.

Supporting the resolution, District President Freeman Jenkins informed the 98 delegates in the U.M.W. convention that the District Executive Board had been in touch with officers of District 18 on the matter.

"We have asked the International President (John L. Lewis) to set up a national office in Canada. Mr. Lewis agrees to this providing both districts indicate agreement on such a step. So far, District 18 has refused to agree to the move."

20 KILLED IN HAND TO HAND FIGHTING

Twenty-two Suffer Knife Wounds; Home Made Bombs Found

BUSES IDLE

NEW DELHI, Oct. 28 (AP) — Viscount Wavell appealed tonight on behalf of the new Indian Government for an end to Moslem-Hindu warfare, declaring that the communal strife which has cost thousands of lives in the last few months "now poisons the life and disfigures the fair name of India."

CALCUTTA, Oct. 28 (CP)— At least 20 persons were killed today in hand-to-hand fighting, stabbings and acid throwing during continued Hindu-Moslem clashes here. Twenty-two others suffered knife wounds.

Government authorities said 57 home-made bombs were discovered in a raid in North Calcutta. Buses and taxi cabs remained idle as workers refused to resume their duties until assured adequate protection.

Today's casualties, together with Sunday's 11 killings, brought the death toll to more than 70 since the latest outbreak of communal disorders began Tuesday. Thirty cases of arson were reported.

Additional British troops have been called in to patrol the city and police have extended the curfew hours in troubled areas in an effort to stem the disorders.

Meanwhile, in New Delhi, police today fired tear gas into a crowd of about 1000 Moslem League and Congress Party supporters battling in front of India's Legislative Building shortly before the Assembly convened for its Autumn session. Two persons were removed to hospital.

QUICKIES . . . By Ken Reynolds

"I feel kind'a immortal today—I found a house WITHOUT using a News Want Ad!"

DETECTIVES TELL OF FINDING DRIVER'S BODY

WINNIPEG, Oct. 28 (CP) — Testifying at the trial of Lawrence Deacon, 35-year-old serviceman who is charged with the slaying March 31 of taxi driver Johann Johnson, City Police detectives today told how they had found the victim's body in suburban Tuxedo early the same day.

The head had been badly bashed in by what they allege to be a large bloodstained railway bolt found in the bush near Johnson's taxi.

Outlining the Crown's case, A. A. Moffatt told how Deacon had been arrested after Mrs. Helen Berard, seen wandering around in the district, named the accused as her companion on a cab ride early that morning.

LONELY FLATS HOLD SECRET OF MISSING MAN

EDMONTON, Oct. 28 (CP)—The Grave Flats area of the isolated Brazeau Forest Reserve, 200 miles Southwest of Edmonton, has refused to give up its secret of the fate of Ben Knutson, veteran trapper and provincial forestry "lookout man."

Knutson was last heard from on Aug. 28 and Royal Canadian Mounted Police in Edmonton announced today that further search was futile. A continuous search has been carried on for 60 days. Chances of ever finding out what happened to Knutson are practically nil, so the search has been abandoned and the man has been given up for dead."

Missing with Knutson is the youngest of his two dogs. The older pack dog returned to the trapper's cabin high on a ridge in the area, 10 days after the forestry lookout was reported missing. The fact that one dog either died with its master or chose to revert to the wild life of a wolf has added to the mystery which confronted police and provincial forestry officials in their search.

U.S. LA[illegible]G BRINGS WORRIES . . .

More [illegible]anadian Strikes Seen If Price Ceilings Rupture

By JACK WILLIAMS
Canadian Press Staff Writer

OTTAWA, Oct. 28 (CP) — New labor rumblings in the United States are beginning to drift across the border in the shape of a hazy question mark over the Canadian situation.

Canadian industry, emerging from the most crippling strike period it has ever experienced, is not regarded as immediately facing new troubles but there is a possibility that repercussions from the current American situation may be felt in Canada.

Highlights of the new American wage drive are in coal mining, steel and automobiles — industries which were the centre of disputes early this year. Canada's strikes and the pattern of wage increases ranging about 12 cents an hour that followed them, came about six months after a similar wave in the United States which ended in an 18½-cent pattern.

The question that naturally bobs up is whether, presuming there is to be a new concentrated drive by American labor, a second chapter in post-war labor disputes can be expected in Canada next year.

The main point on which continued Canadian industrial peace appears to hang is prices. The second U.S. strike drive is based on increased living costs which American workers say they are facing. If Canadian prices go far out of line it would appear likely organized labor will make a new drive in an effort to have wages catch up.

So far Canada is regarded as being considerably more successful than the United States in holding prices but what effect recent wage increases are going to have on Canadian price levels is not yet clear.

There is always the possibility, however, that should American work stoppages become widespread they might interfere with Canadian production in industries dependent on the United States for materials.

TWO FEET OF SNOW COVERS WESTERN PRAIRIE; MILLION DOLLAR CROP HIT

WINNIPEG, Oct. 28 (CP)—Winter came to the Prairies during the weekend and today, while up to more than two feet of snow blanketed Western regions, the weathermen predicted more to come.

Heaviest hit was Lethbridge, Alta., where 24.4 inches has fallen since Friday morning and a $1,000,000 crop of sugar beets was feared a complete loss. Tonight's weather report indicated more snow for tomorrow. Low last night at Lethbridge was three degrees below zero.

Winnipeggers were out with their shovels early today cleaning off four inches of snow which fell during the night. Warm weather under an overcast sky made streets slushy later in the day.

Edmonton was one of the few Western points reporting no snow, but the weatherman promised some for tomorrow. A continuous fall over most of Alberta was expected to start tonight.

Yanks In China, Tommies In Greece Draw Kiselev Fire

White Russian's Attack Seen as Foundation for Molotov Address; Torrid Debate on Veto Power Issue

By FRANCIS W. CARPENTER

NEW YORK, Oct. 28 (AP) — Kuzma Kiselev, the White Russian Republic's foreign minister, today attacked the presence of United States troops in China and told the United Nations Assembly that American policy in that country was not calculated to maintain peace in the Far East.

Shortly after Mr. Kiselev's assault, Poland's Foreign Minister, Wincenty Rzymowski, put the occupation policies in Germany before the Assembly. Mr. Rzymowski declared that the people of his country "anxiously watch the Chauvinist tendencies of revenge being tolerated in certain parts of Germany."

Both White Russia and Poland vigorously defended the big-power veto in the hot Assembly debate in the wake of strong New Zealand charges that the veto system was a "shotgun wedding" forced upon the small states.

Eleven small countries are on record in the torrid discussion demanding elimination or modification of the veto system.

SETS STAGE FOR MOLOTOV

Mr. Kiselev also attacked the presence of British troops in Greece, the Middle East and Indonesia.

Mr. Kiselev's speech was regarded as a preview of the line that Vyacheslav Molotov, Russian Foreign Minister and chief delegate, will take tomorrow in his address to the Assembly.

The veto debate continued unabated even though the question has not formally been put before the Assembly in the shape of an agenda item.

One of those veto powers — China — spoke firmly against changing the charter now but counselled that the extraordinary powers granted the five great powers must be used sparingly.

Sir Carl Berendsen of New Zealand, electrified the delegates by lashing at the veto in the most scathing attack voiced since the general debate began last Thursday. He said the "great powers are trying to have their cake and eat it too."

Egypt opened the debate today with a demand that the United Nations guarantee the countries of the strategic Middle East against domination by the great powers. Egypt is involved in negotiations with Britain looking toward the removal of British troops from Egyptian soil and for the withdrawal of Britain from the Anglo-Egyptian Sudan.

CLAIMS B.C. ONLY COMPETENT TO END APPEALS

British Columbia Opens Case Against Bill in London

CONTINUES TODAY

By NORMAN CRIBBENS
Canadian Press Staff Writer

LONDON, Oct. 28 (CP Cable) — representations from the Attorney-General of British Columbia concerning the right of ultimate appeal in Canadian law cases today reached Lord Chancellor Jowitt and six other law lords of the Privy Council's Judicial Committee.

Wilfrid Barton, K.C., opened the case for British Columbia which with Ontario, New Brunswick and Quebec opposes a bill introduced in the Canadian Parliament in 1939 to abolish all appeals—both civil and criminal—to the Privy Council from Canadian courts.

Frank Gahan also will speak for British Columbia and later for New Brunswick. Earlier C. R. Magone, K.C., of Toronto presented the case for the Attorney-General of Ontario.

Supporting the bill are the Attorneys-General of Canada, Manitoba and Saskatchewan. If upheld by the Privy Council, the bill still would have to be passed by the Canadian Parliament. Under its terms, the Supreme Court of Canada would replace the Privy Council as ultimate court of appeal.

Mr. Barton said it should be emphasized that the system of appeals to the Privy Council formed a "fundamental part" of the law of the colony of British Columbia when it entered the Dominion.

Mr. Barton said the Attorney-General of British Columbia, Hon. G. S. Wismer, contended that only the Legislature of British Columbia was "competent" to abolish appeals to the Privy Council.

The hearing continues tomorrow. (See also story on page 2.)

GOURLAY PLEADS INNOCENT ON TWO CHARGES

Attack Air-Corps And British Chief Secretary

BAD IN LAW

CAIRO, Oct. 28 (Reuters) — Lieut. Kenneth A. Gourlay, 27-year-old Royal Army Ordnance Corps Officer, today pleaded innocent at the opening of his court martial on charges of defamatory libel against the British 6th Airborne Division and against Sir John Shaw, former Chief secretary in the Palestine Government.

Gourlay took the stand after the court rejected defence pleas that the libel charges were bad in law and that the military had condoned the offence by not placing Gourlay under arrest until May 2, months after publication of the alleged libel Jan. 18 in the army newspaper Citadel Courier.

Gourlay testified that he submitted the article in question to Cairo headquarters, which approved publication. He said that after it was published he was asked by his adjutant to participate Feb. 7 in an army Bureau of Current Affairs discussion on Palestine but that the discussion did not materialize for administrative reasons.

He said he was appointed editor of the Citadel Courier April 5 and remained in charge until placed under arrest May 2. On March 25, he said, his superior officer told him he was being recommended for promotion to captain.

The court martial, believed the first of its kind, was presided over by Col. Lord Bingham of the Coldstream Guards.

The first charge against Lieut. Gourlay alleged that January 18, 1946, he published a defamatory libel about the 6th British Airborne Division in Palestine in the form of a letter to the editor of the Citadel Courier, Army newspaper, which contained the following alleged defamatory phrases:

"Remove the 6th Airborne Division and other recently arrived British troops from the country at once, preferably to the United Kingdom, where if they go on behaving as they are allowed to behave at the moment, there will be such an outcry as will get it stopped immediately."

The letter to the editor added:

"If they must be replaced by police and troops, then let them be there solely to maintain order—not a body that has had it drilled into it before it arrived that its duty is to protect the poor Arabs from their enemies the Jews."

The second charge was that while on active service Lieut. Gourlay committed the civil offence of libel by publishinb defamatory libel about Sir John Shaw and members of the Palestine Government in the same letter, which contained the following alleged defamatory matters:

"Let the entire British administration in Palestine, from the Chief Secretary Sir John downwards, be recalled, and an inquiry made into their trusteeship. The results will no doubt be even more revealing than the Nuernberg trials."

Edward Halam, defence counsel, submitted that both charges were bad in law.

In English law, he said, it was not possible to libel a body of men, and the first charge could only be sustained if there were libel against an individual member of the 6th Airborne Division.

Similarly in the second charge, Sir John Shaw (then Chief Secretary) merely was mentioned as a figurehead and there was no charge of libelling an individual.

The Judge Advocate replied that this was a case of criminal libel, and that Mr. Halim's contention did not apply.

After retiring the Court rejected Mr. Halim's submission.

Can Expect Normal Peacetime in Six Months—Howe

WINNIPEG, Oct. 28 (CP) — The turning point from Canada's wartime economy to that of normal peacetime can be expected within six months, Reconstruction Minister Howe said here today in an interview.

Setbacks suffered through strikes of primary industries are beginning to diminish, he said, and materials, including those needed for housing, should start flowing soon.

The prospect of a very busy year industrially for the Dominion was described as another optimistic note. "There will be no letup in the demand for anything Canada can produce, both for her own use and also for export.

Nelson Girl Aids Montreal's 'Polio Battle

Miss Maude Dolphin, daughter of Mr. and Mrs. T. Dolphin, 1234 Ward Street, aided Montreal's recent battle against poliomyelitis, where epidemic cases reached greater proportions than in any other Canadian city.

Miss Dolphin's experiences started in August, which was to have been her holiday month before entering McGill University for a hospital administration course. At that time, however, she was offered the position of superintendent of the wing of Montreal's Alexandra Hospital, then set aside for 'polio cases. Although the extent of the epidemic was not then known, the number of cases grew during August, and by early September, when the outbreak reached its peak, Miss Dolphin and the other nurses were on duty, 12 and 14 hours some days.

The Institution treated 265 infantile paralysis cases, of which 80 per cent were completely cured. The remaining cases were sent to other hospitals for special care.

Russ Has No A—Bomb Replies Stalin; Only Puny Forces In Europe

Charges Churchill Among Instigators Of New War; Veto Not Misused; Premier Hopes for Cordial Relations

LONDON, Oct. 29 (Tuesday) (AP)—Prime Minister Stalin said today that the Soviet Union has not got the atom bomb and that Russia's entire military might in the occupied countries of Eastern Europe totals only 60 divisions, which soon will be reduced to 40.

Replying to a series of questions submitted by Hugh Baillie, President of the United Press Associations, Generalissimo Stalin named Winston Churchill, Britain's wartime prime minister, among the "instigators of a new war" who, he said were the greatest menace to peace at the present time.

The Soviet leader said in reply to the query as to whether Russia possessed the atom bomb that he had already given his estimate of the bomb as a weapon in his statement last Sept. 24 when he said he felt "strict international control" of the weapon was necessary.

Russia's Eastern European military force consists of 60 divisions, "most not fully staffed," instead of the 200 mentioned by Mr. Churchill in his "question statement" in the House of Commons last week. A demobilization order will cut that force to 40 divisions two months from now, Stalin added.

Naming Mr. Churchill when asked what, in his judgment was the current "worst threat to world peace," Gen. Stalin replied:

"The instigators of a new war, in the first place Churchill and others of a like mind in Britain and the U.S.A."

NO GROWING TENSION

He contended, however, in answering another question, that he did not agree with State Secretary Byrnes of the United States that there is growing tension between Russia and the United States.

In reply to other questions, Gen. Stalin said he did not think the big power veto had been misused in the Foreign Ministers Council or the United Nations Security Council.

The Russian leader declared he considers Poland's present Western boundaries to be "permanent" and went on record as saying he hoped for political as well as economic unity in Germany where, he believes, the industrial level should be raised.

The Soviet Union, Stalin stated, was "indifferent" to the presence of United States warships in the Mediterranean.

He said that the more extensive are the prosecutions of remaining German war criminals "the better."

The Soviet leader declared he hoped that current negotiations will result in peace treaties which will bring about cordial relations among the nations of the world who fought in the war against Fascism.

IMMIGRATION LIKELY TRUMAN, KING TOPIC

Believe Northland Defence, Inflation Fight on Agenda

AWAIT U.N. ACTION

By CLYDE BLACKBURN
Canadian Press Staff Writer

WASHINGTON, Oct. 28 (CP) — Prime Minister Mackenzie King conferred for an hour today with President Truman on a "wide range" of subjects, he said before leaving by train for Canada, and that was about all reporters could learn of the White House discussions.

Mr. King, en route to Ottawa via Montreal after a two-day visit in the United States capital, told newspapermen he had an understanding with Mr. Truman that the talks would stand as "purely personal."

A "great many things" of interest had been considered. In reply to questions, he said there were two things that had not been discussed—gold standards and Royal Commission's report on espionage in Canada.

There have been other occasions when the Prime Minister has made "social" calls at the White House only to reveal later that matters of high importance internationally had been under study. On this occasion, however, Mr. King did not bring any of his staff advisers and it was assumed the discussions likely were informal.

By GEORGE KITCHEN
Canadian Press Staff Writer

OTTAWA, Oct. 28 (CP)—Immigration, a problem of growing importance in this post-war world of homeless populations, is believed here to have headlined the subjects discussed by Prime Minister Mackenzie King and President Truman during Mr. Kings' visit today to the White House.

Washington dispatches quote Mr. King as telling reporters before his departure for Ottawa this afternoon that he and Mr. Truman spoke of a "great many things," including "topics of mutual interest," but add that the Prime Minister declined to give details.

Observers here considered it likely that the subjects discussed included, in addition to immigration, the question of joint Canadian-American defence plans in the Dominion's spacious and vulnerable Northlands and the complex problems arising in the two countries in the fight against inflation.

Closely linked with the discussions on the respective anti-inflationary programs would be the difficulties which Mr. King and Mr. Truman both face in their domestic spheres in recurring labor strife and delicate price control operations.

OLD WORLD SPUR

But of all these problems immigration is believed to have assumed the greater importance because of the increasing pressure being brought to bear on Canada and the United States, the two leading countries of the new world, by old-world countries seeking a solution to the displaced person problem.

It was thought here that Mr. King and Mr. Truman might have considered the possibility of the two countries drawing up immigration policies which, while they would be separate and unrelated, would be along similar lines.

At the moment, the Canadian Government has an inter-departmental committee working on a post-war immigration policy but Canada's plans likely will be governed to some extent by the decisions of the United Nations Assembly, which is exptcted shortly to establish an international refugee organization.

This new organization likely will develop a scheme by which Canada, the United States and other countries of the Western Hemisphere will absorb some of Europe's homeless peoples.

Apple Crop Doubles 1945

OTTAWA, Oct. 28 (CP)—The 1946 apple crop now is estimated at 16,[illegible]000 bushels, twice as big as last year's and 205 per cent greater than the 1935-44 average, the Dominion Bureau of Statistics said today.

Crops in Nova Scotia, Quebec and Ontario are heavier than anticipated last month.

The pear harvest estimate is 867,000 bushels, a six-per-cent increase over the September estimate. Another six-per-cent increase—and more than 50 per cent over the 10-year-average—is reported in the plum crop, now estimated at 680,000 bushels.

Peach production is 2,111,000 bushels.

Ottawa Uses Cash Bait To Lure More Stenos To Gov't Typewriters

By KAY REX
Canadian Press Staff Writer

OTTAWA, Oct. 28 (CP)—Perhaps the typewriter has lost its glamor. Or maybe Canadian women just don't like office work any more. At any rate the Civil Service Commission has rolled up its sleeves and launched a campaign to lure the girls into the more than 200 stenographic and typing vacancies in Government departments here.

"And remember that figure doesn't include the similar jobs open in district offices throughout the Dominion,' said one Commission official, adding that the Government wasn't the only organization suffering from the shortage. For months business firms throughout Canada have advertised in vain for stenographers and typists.

EFFICIENCY BONUSES

While the housing shortage and higher cost-of-living here has caused the Commission primarily to encourage girls in this area to fill the Ottawa vacancies, anyone passing the required Civil Service examination is eligible.

Money is the big drawing-card the Commission is using in its campaign. In September the Federal Government perked up salaries with a "proficiency allowance," which gives a grade one or two stenographer or typist anywhere from $5 to $35 a month extra in proportion to experience and qualifications. Officials report this already has brought "appreciable" results.

To qualify as a grade one typist a girl must type 50 words a minute. To quality as a grade one stenographer she must also make 60 per cent on a shorthand test, where words are dictated at the rate of 80 a minute. Her salary is $75 a month, plus her "proficiency allowance."

Grade two stenographers and typists can expect a basic salary of $113 a month, plus their allowance. The requirements are typing 40 words a minute and 80 per cent on the shorthand test.

Government clerks who have had some typing and shorthand training have been encouraged to take a refresher course.

Benning Case to Jury Today

OTTAWA, Oct. 28 (CP) — The espionage case of James Scotland Benning will go to a jury of 12 men tomorrow.

Chief Justice J. G. McRuer of the Ontario Supreme Court will first charge its members on points of law involved in the somewhat complicated passages of the Official Secrets Act of 1939, the statute under which the 33-year-old former Munitions Department official is charged with communicating confidential information to Russia.

Postage on Air Mail to Canada To Be Reduced

OTTAWA, Oct. 28 (CP)—Postage on air mail from Canada to countries in almost every part of the world will be reduced Nov. 1, it was announced today.

Postmaster General Bertrand said the reduction was made possible by adoption of a new weight unit of one-quarter-of-an-ounce to replace the former half-ounce unit.

A quarter-ounce air mail letter from Canada to the United Kingdom or Europe will require 15 cents postage compared to the 30-cent, half-ounce charge now in force.

Rates on air mail within Canada or to Newfoundland remain at seven cents for the first ounce and five cents for each additional ounce. Letters to the United States will cost seven cents for the first ounce and five cents—instead of six cents—for each additional ounce.

To Immunize Pre-School Age Children

An immunization program against diphtheria, whooping cough and small pox is being carried in the schools and on Nov. 1 one will be started in the Central school for infants and children of pre-school age. With the approach of the Winter months Health Authorities are recommending that parents be on the alert for infectious diseases, reported Miss Jean McVicar, Public Health Nurse.

The children will be immunized in the Music Room of the Central School on the first Friday of every month.

The diseases often attack children under 10 years, Miss McVicar said, and are often fatal to young children more than to adults. The greatest number of deaths occur among children under five years.

Cash in Savings Certificates at $2,750,000 Monthly

OTTAWA, Oct. 28 (CP) — During the last year Canadians have redeemed War Savings Certificates at an approximate rate of $2,750,000 a month but the figure is expected to drop considerably before long.

An official of the National War Finance Committee said: "We expect it to fall off because the tendency is for outstanding certificates to remain outstanding."

"The longer they'r held, the more incentive there is to hold them."

Denazification Court Bombed in Terrorist Outbreak

FRANKFURT, Oct. 28 (AP)—The American Military Government announced today that terrorists, striking for the second time eight days, exploded a bomb on a windowsill of the Denazification Board Office at Esslingen last night.

By noon today 10 persons had been taken into custody for questioning, including one person who was said to have been seen running from the building a few minutes after the explosion.

Security troops cordoned off the area and bloodhounds were called into action in an attempt to lead the investigators to the terrorists.

Last night's bombings damaged only the outside of the building at Esslingen, the announcement said. No one was hurt. The bomb was believed to be of the same type used in the Stuttgart explosions.

The explosion occurred just after an American patrol had passed the building near the centre of town.

Army agents said they believed the bomb was planted by the same man or group responsible for the previous triple bombing in and near Stuttgart, which is only six miles Northwest of Esslingen.

Soon after the blast rocked the town, security troops and German police rushed to the scene. Patrols were combing the area for the culprits this morning.

TOAST and TEA

BY J. V. McAREE

G. K. Chesterton tried to view his works with humorous objectivity when he said: "My real judgment on my own work is that I have spoilt a number of jolly good ideas in my time. I think The Napoleon of Notting Hill was a book very well worth writing; but I am not sure that it was ever written. I think that a harlequinade like The Flying Inn was an extremely promising subject, but I very strongly doubt whether I ever kept the promise . . . I think the story called The Ball and the Cross had quite a good plot. Considered as stories, in the sense of anecdotes, these things seem to me to have been more or less fresh and personal, but considered as novels, they were not only not as good as a real novelist would have made them, but they were not as good as I might have made them myself, if I had been trying to be a real novelist . . . I could not be a novelist; because I really like to see ideas and notions wrestling naked, as it were, and not dressed up in a masquerade of men and women. But I could be a journalist because I could not help being a controversialist."

Mayor Again Seeks Reduced Student Fare

Mayor N. C. Stibbs at City Council Monday night again recommended to the Aldermen that special student tickets be issued at 10 for 25 cents. This was the rate of student fare before prices were changed. The matter, brought before the Council for the second time, was referred to the Street Railway Committee.

The meeting, which was pushed through in record time so that members could attend the hockey game, granted a painters and decorators license to Max Falkner of Willow Point, and the Lions Club were given two days, Dec. 21 and 23, as Holly Tag Days.

VICTORIA, (CP)—B. B. "Ben" Temple, 84, one of the leading figures in organizing and promoting the Royal Victoria Yacht Club.

Sgt. Sends Home Autographs of Nazi War Criminals

CENTRALIA, Ill., Oct. 28 (AP)—Sgt. Robert E. Copeland has sent home autographs of the late Nazi war criminals explaining that he traded one cigaret each for signatures of Hermann Goering and others. Sgt. Copeland was a guard at the Nuernberg trials.

Report Man Crushed Between Two Freight Cars

MATSQUI, B. C., Oct. 28 (CP) — Provincial Police reported today that Brakeman James Church, 28, was killed when crushed between two freight cars at the Matsqui station Saturday night.

"NERVES"
She Called It

Losing interest—losing friends—she never went out any more—always too tired. "Nerves", she thought—but it was her kidneys—the filters of her blood—that needed attention. She used Dodd's Kidney Pills at once. The improved action of her kidneys helped to clear away blood impurities and excess acids. Fatigue, backache, headache, lack of energy disappeared. Dodd's Kidney Pills contain essential oils and medicinal ingredients that act directly upon the kidneys—and help restore their normal action. 144

Communists Win Bulgarian Election

Fatherland Front Assured Working Majority; 465 Members for Assembly

SOFIA, Oct. 28 (AP) — The Communist-dominated Fatherland Front was reported by the Bulgarian Government today to have won 296 assembly seats to 83 for the united opposition parties in returns from 99 districts in the Sunday elections.

The assembly will have 465 members and thus the Fatherland Front already is assured a working majority.

The announcement said most of the candidates elected were of the Workers' Party (Communists).

In Sofia, complete returns gave the Fatherland Front parties 277,323 votes to 95,535 for the United Opposition, election officials said.

Of the parties in the Fatherland Front, the Communists (Workers) were said to have polled 141,942 votes.

The election marked the first outright opposition challenge of the Fatherland Front's two-year rule.

Provisional President Vassil Kolarov, a Workers' Party leader, told correspondents: "I personally visited some polling stations and witnessed complete order."

An opposition spokesman said that up to 3 p.m. yesterday no complaints had been received about the conduct of the election.

Newspapermen who visited a number of polling stations found ballots of all parties, both of the Fatherland Front and the opposition, at the disposal of electors.

Voters — about 4,000,000 were eligible — cast secret ballots for 465 members of the national assembly of the new republic, proclaimed Sept. 15 after a plebiscite deposed King Simeon II. Twice in the weeks preceding the election, the American representative on the Allied Control Commission for Bulgaria — representing the United States, Britain and Russia—had proposed and the Russia had rejected measures of to guarantee a free and fair election. Diplomatic correspondence on the matter passed between the United States and Bulgarian governments.

PRIVY COUNCIL NOT SUBJECT TO OTTAWA REIN

Provinces Battle For Right to Appeal To Empire Court

ONTARIO'S CASE

LONDON, Oct. 28 (CP Cable)—The third day of a Privy Council inquiry into Canada's right to abolish appeals to the Council in Canadian law cases produced an argument today from C. R. Magone, K.C., of Toronto that the Privy Council "or any other court in England is not subject to any force that can be applied by the Parliament of Canada."

"Only a Canadian court could be subject to force of that law," said Mr. Magone, who is representing the Attorney-General of Ontario in the hearing of an appeal against a bill introduced in the Canadian Parliament in 1939 which would make Canada's Supreme Court the final court of appeal.

Ontario, Quebec, British Columbia and New Brunswick oppose the bill. In support are the Attorneys-General of Canada, Manitoba and Saskatchewan.

Mr. Magone submitted that the British North America Act in giving power to set up a Supreme Court in Canada did not give the Parliament of Canada the right to abolish the right of appeal to the Privy Council. (The Judicial Committee of the Privy Council has been the final Court of Appeal in Canadian law cases).

"If it is a British court hearing Canadian appeals it is an imperial court," said the Toronto lawyer. "The Statute of Westminster gave Provincial Legislatures the power to deal only with acts of imperial parliament which are law and force in the province.

Mr. Magone said the decision of the Judicial committee of the Privy Council in the British Coal Corporation case of 1935 was based upon the powers of Parliament to legislate in relation to the specific titles under section 91 of the British North America Act.

(Section 91 says it shall be lawful for the Queen by and with the advice of the Senate and House of Commons to make laws for peace, order and good government of Canada in relations to matters not assigned exclusively to the legislatures of the provinces).

Lord Macmillan, one of six law lords at the hearing, interjected: "What you are saying is that even though the Parliament of Canada are masters in their own house they still cannot legislate extraterritorially?"

Mr. Magone: "That is our submission."

Lord Wright, another law lord, said it appeared that the provinces of Canada had powers outside those of the Dominion Parliament. Mr. Magone said the Dominion Parliament had specific territorial powers. The limitation was that under a section of the BNA Act they had not the power to abolish the appeal from the Supreme Court of Canada to the Privy Council.

Viscount Simon asked whether the Parliament of Canada under that section of the British North America Act (Section 101) could have ruled that the Supreme Court of Canada should be the only court to which the Provinces could appeal.

"No," answered Mr. Magone. He pointed out that section 101 said the Parliament of Canada might provide not only a general court of appeal for Canada but "for the establishment of any additional courts for better administration of the laws of Canada."

"We submit that the Parliament of Canada has no power either to pass legislation giving the right of appeal to His Majesty's Council or to abolish the right of appeal."

Wash. Man Dies Of Injuries From Accident at Oliver

Morris Walmer, 22 years old, of Oroville, Wash., died at Oliver Saturday as a result of head injuries received in a motorcycle accident on the Penticton-Oliver highway immediately South of Vaseaux Lake.

There was no one else involved in the accident. The inquest was held Monday.

VANCOUVER, B. C., Oct. 28 (CP) — Thieves entered a new field here during the weekend. They stole 13 sheets from a hearse parked at Cambie Street early Sunday morning.

VICKS VA-TRO-NOL

Rossland Names Assistant City Clerk

ROSSLAND, B.C., Oct. 28—All the aldermen of the Rossland City Council with the exception of Ald. R. Allison, expressed their desire of attending the Association of the Kootenay Municipalities Convention to be held in Trail, Nov. 2.

The petition of Mrs. Mellor-Langdale and Mrs. B. McLellan for a light in the lane between First and Second Avenue near Kay's store was referred to the Fire, Water and Light Committee, and their request for the improvement of the lane was referred to the Board of Works.

The petition of the residents on the North side of Second Avenue between Spokane and Washington Streets for the estimated cost to connect up with the sewer on Washington Street, was referred to the Improvement Committee and Development Committee.

The application of Alfred Mason for a trade license for a cabinet making shop was approved by the Council.

Aldreman Harry LeFevre, Chairman of the Improvement and Development Committee, recommended that Mr. Wallace and Mr. P. Bateman be notified that owing to the lateness of the season and lack of material it was not possible to connect them onto the Washington Street sewer, and for them to apply again next Spring.

The Committee also recommended that Second Avenue residents also be notified to that effect and the matter be deferred until Spring when more information would be on hand. The Council endorsed these recommendations.

NAME ASSISTANT CLERK

Aldreman Harold Elmes, Chairman of the Finance Committee reported the Committee had interviewed the three applicants for the position of Assistant City Clerk and they recommended that R. Rose be put on three months probation starting Nov. 1. The members of the Council endorsed this recommendation. Mr. Elmes also reported that the appointment of a Sanitary Inspector was deferred for the time being.

Alderman W. Derby of the Fire, Water and Light Committee, reported that no new work was being contemplated this year and all requests on hand would be tabulated and deferred until Spring. The Fire, Water and Light Committee was asked to see about improving the street lighting on Hospital Hill.

The Council endorsed the Mayor's suggestion that special police be put on for Hallowe'en to prevent vandalism. The City Foreman was instructed to store the city benches etc., before the end of the month.

William Cunningham, Chairman of the Board of Works, reported the Committee had inspected the sidewalk on Hospital Hill, which was a great improvement. He also reported the bank between the English Church and the Catholic Church had been cleared of brush, and that work on the Park Street extension would start on Tuesday. The path to Cornation Height used as a short cut to town had been widened. He said the improvement of the sidewalk on View Street would be left over until next year. He reported that brush had been cut around the town and burned.

No Union Between Liberals and Liberal Nationals

LONDON, Oct. 28 (CP Cable)—Negotiations for a union between Liberals and Liberal Nationals in England have failed because the latter desired an anti-labor bloc rather than an agreement on independent Liberal principles, the Canadian Press learned today.

The Liberals have been divided since the early 1930's when the Liberal Nationals developed policies closely aligned with those of the Conservatives whom the 13 Liberal Nationals now in the House of Commons usually support in voting. In contrast, the Liberal Party has supported the Labor Government's program to a substantial degree, even in some nationalization projects. There now are 11 Liberals in the Commons.

The inability of the two groups in England to get together makes no difference in Scotland where the Liberals and Liberal Nationals are on the point of union. A joint committee there said it "regrets" the breakdown of negotiations in England.

Two Die in Plunge Of Red Cross Wagon

YOKOHAMA, Oct. 28 (AP) — Two American women died today in the plunge of a Red Cross station wagon from a crowded pier at a Navy Day celebration. Two men escaped but pressure of the 40-foot depth balked efforts by volunteer divers to free the women from the sunken vehicle.

The men, John Butler, Wilkes-Barre, Pa., and George M. Kirkland Albany, Ga., were picked up by boat and treated for shock. Names of the women, both employed at Allied headquarters, were not immediately announced.

U. S. Navy Learned A Whale of a Lot From the RCN

OTTAWA, Oct. 28 (CP)—The United States Navy "learned a whale of a lot" from the Royal Canadian Navy in teh North Atlantic Anti-Submarine Warfare before Pearl Harbor, Rear Admiral Leo H. Thebaud, Deputy Inspector-General of the U. S. N. said today.

At a luncheon marking U. S. Navy Day, Admiral Thebaud told high-ranking Navy, Army and R. C. A. F. officers that experience gained by the R. C. N. "The Hard Way" in the early months of the war was of great value to American sailors.

"And the striking thing about it was that in so many cases we learned from R. C. N. R.'s and R. C. N.-V. R.'s yours was truly a navy of civilians in uniform, even more than was ours . . ."

Admiral Thebaud paid tribute to H. M. C. S. Crescent, a Canadian destroyer "who so gallantly rescued recently the crew of an American floating drydock in distress Southeast of Kodiak, Alaska."

Visits such as the U. S. 14th Cruiser Division made recently to Halifax and Quebec and an American West Coast visit by H. M. C. S. Uganda should be repeated. In peacetime allied navies tended to "withdraw into our shells and to throw up a barrier of formality.

Says Concessions By Russia Didn't Indicate Much

NEW YORK, Oct. 28 (CP) — The "Little Concessions" by Russia in last week's United Nations General Assembly meetings "don't indicate much," L. Dana Wilgress, Canadian Ambassador in Moscow and a member of the Canadian U. N. delegation, said today.

He told a Press Conference:

"They want to give an impression of co-operation but I think when they come up against some issue vital to them they will be obstinate."

Of the controversial question of use of the Big Five Veto, opposition to which has been expressed by many representatives of the smaller powers, Mr. Wilgress said Canada's position now was the same as that she adopted at the San Francisco Conference in 1945: it should be used sparingly.

"It is necessary to get a clear definition of teh veto," he said, "or a redeclaration by its sponsoring powers. The United Kingdom and the United States at this point would not want to give up the veto power."

Present criticism of use of the veto might bring such a redeclaration the Ambassador said, adding:

The Soviets must realize they are in a weak position in their stand on the veto and they are sensitive to criticism."

LIFTS CEILINGS ON SOME SHOES

WASHINGTON, Oct. 28 (AP) —O.P.A. lifted ceilings today on some shoes made from imported leathers in an action it said will add about $90,000,000 to the nation's annual footwear bill.

The agency reported that the sharply increased costs of kangaroo, wallaby, jack buck and calabretta led to the boosts, ranging from 10 to 16 per cent at retail.

The agency said today's increase in shoe ceilings applies only to models that were being made in March, 1942, when prices were frozen, but that other models soon will be allowed similar increases.

Nelson Garageman Fined on Motor Regulation Charges

Mederic T. Major, Nelson garageman, was fined $15 Monday, when he appeared before Magistrate William Brown in City Police Court He pleaded guilty to selling used cars not equipped with a dimmer-switch on headlights or tell-tale light on dashboards as required by the Motor Vehicle regulations. Information was laid by Sgt. R. R. House.

Neighbors Credited With Saving Lives Of Four Children

NORTH VANCOUVER, B. C., Oct. 28 (CP) — Quick action of neighbors today was credited with saving the lives of four children of Mr. and Mrs. F. E. Deegan when fire broke out in their home Saturday night. From the smoke-filled house, Mrs. Sam Dean rescued the children. The parents were absent from home.

The Weather

Synopsis:

Rain on the coast and snow over the Interior have been general with the passing of a weather system that now lies across Southeastern B.C. and Lower Mainland. A Northwesterly flow of moist Pacific air following that system will result in generally cloudy weather with widely scattered showers. Highest temperatures for the Province were reported over the Charlottes North coast region with 48 at Prince Rupert and 49 at Massett.

Forecasts:

Vancouver and vicinity: Overcast in morning becoming cloudy by noon and clear by evening. Northwesterly winds 10 in morning increasing to Northerly 15 during afternoon. Warmer. Max. Tuesday Vancouver airport 50, Abbotsford airport 52.

Okanagan and Kootenay: Cloudy with widely scattered snow showers. Southerly winds, light early morning and Northerly 10 during afternoon. Warmer at night otherwise little change in temperature. Maximum Tuesday Penticton 46, Cranbrook 46, Crescent Valley 46.

Nelson Artists To Be Featured In Musical

Plans for the evening musicale to be presented early next month by B.C. Iota Chapter, Beta Sigma Phi Sorority, are well in hand, was the report of the Chapter's Ways and Means Committee at the regular Chapter meeting Monday evening. Sponsored by Trinity United Church Junior Choir, the affair will feature two of the Sorority's own members, both well known to Nelson music lovers. Mrs. Bain Oliver, mezzo-soprano, who has just returned from two years extensive study at the Toronto Conservatory of Music will present the vocal part of the program, while Mrs. Gerald Lee, L.R.S.M., popular violinist, will be heard in instrumental numbers. Assisting on the program will be C. C. Halleran, L.M., well known organist, who will act as accompanist and will also be heard in a group of organ solos. A reception is to be held in the Church Hall after the musicale to enable the guests to meet the artists and members of the Sorority.

Strike Action Against Printing Shops Shapes Up

TORONTO, Oct. 28 (CP)—Strike action against a number of Toronto printing shops, including several publication houses, the majority affiliated with the Graphic Arts Association and the Master Printers, began shaping up as a possibility last night when a meeting of members of the Toronto Typographical Union (A.F.L.) voted to request the international executive council for permission to take a strike vote.

The union will take strike action, if approved by the international executive, unless the shops in which the union has a majority of members grant a closed shop with prevailing union wage rates and hours of work. The union claims the Graphic Arts Association and the Master Printers and other shops employing union men have refused to recognize union rates and hours. A walkout would involve more than 200 men.

VANCOUVER, B. C., Oct. 28 (CP) —Police today are searching for the maker of a booby trap that cost 11-year-old Henry Johnston part of his thumb. The boy entered the rear gate at his home and was injured by an explosion. A piece of blasting fuse had been attached to the bolt of the gate lock.

MAYORALTY ELECTION PLATFORM

I. To preserve and maintain the Hydro-Electric Plant at its highest point of efficiency. To extend building and install new unit, as authorized by recent bylaw.

II. To give consideration and assistance to all phases of Veterans' Rehabilitation.

III. To formulate and support a comprehensive Public Works programme as related to streets, sidewalks, sewers, etc.

IV. To continue the programme of City beautification and put the prepared plan of Sportsman's Park into operation.

V. To re-organize any City departments that are not functioning up to standard.

VI. To insist on administration by the Council; and each Committee Chairman to assume sole responsibility for his department without interference.

VII. And finally to conduct the City's affairs in a business-like and dignified manner without Fear or Favor.

Between Now and Election Day These Points Will Be Elaborated On.

H. H. HINITT,
CANDIDATE FOR MAYOR.

Truman Sends Message Reiterating Belief Steps Should Be Taken to Ensure Immigration of Refugee Jews

WASHINGTON, Oct. 28 (AP) — President Truman has sent a message to King Ibn Saud of Saudi Arabia reiterating his belief that steps should be taken to ensure the immediate substantial immigration of refugee Jews into Palestine.

In a letter released by the White House today he reminded the Arab leader that no decision has been made on this proposal which he submitted originally to Prime Minister Attlee of Great Britain more than a year ago.

In the interim, he said, "It is only natural" that the United States Government should favor "at this time the entry into Palestine of considerable numbers of displaced Jews in Europe."

The President added that he is prepared to ask Congress for special legislation admitting to this country additional numbers of these persons, over and above the immigration quotas fixed by our laws.

He told the Arab leader that he could not agree with the latter's statement that there was inconsistency in the American position.

Replying to a letter received by Ibn Saud October 15, the President wrote:

"With regard to the possibility envisaged by Your Majesty that force and violence may be used by Jews in aggressive schemes against the neighboring Arab countries, I can assure you that this Government stands opposed to aggression of any kind or to the employment of terrorism for political purposes. I may add, moreover, that I am convinced that responsible Jewish leaders do not contemplate a policy of aggression against the Arab countries adjacent to Palestine."

The President said he still adhered to the belief, "widely shared by the people of this country," that nothing would contribute more effectively to the alleviation of the plight of homeless Jews "than the authorization of the immediate entry of at least 100,000 of them to Palestine."

To Head UBC Alumni Assoc.

VANCOUVER, B. C., Oct. 28 (CP) —Darrell T. Braidwood of Vancouver was elected President of the University of British Columbia Alumni Association at the annual "Homecoming" meeting Saturday. The Alumni presented Sherwood Lett, noted first among U.B.C. grads, with an honorary life membership.

Oil wells sometimes are as much as three miles deep.

U. S. May Not Get Agreement On Atomic Bomb

SEATTLE, Oct. 28 (AP) — The United States will probably not get an agreement with Soviet Russia on the atomic bomb, former Secretary of Commerce Henry A. Wallace said today, as long as Russia believes that "we, under the guise of international security, are preventing full peacetime utilization of atomic energy."

Addressing a University of Washington student audience, Wallace declared the United States was in a position of "holding the bomb over their heads."

"Ever since Churchill spoke in Missouri last summer, there has been a veritable wave of Soviet-baiting going on in this country," Wallace told the students.

"I'm sure that Russians, like Americans, are as anxious as we are for peace. But they are good baiters too."

He said one cure for Communism is abundance. "Why can't we have abundance now? We have the manpower and the techologocial and scientific resources."

He said that if abundance were not obtained and a great depression should begin in this country and spread over the world, then there would be danger of Communism engulfing Europe and a large part of Asia.

Disposing of Fleet of Five Steam Schooners

NORTH BEND, Ore., Oct. 28 (AP) —Irwin & Lyons Lumber Co. announced today it was disposing of its fleet of five steam schooners because lumber could be shipped more cheaply by rail.

The S.S. North Bend, tied up here by the AFL-CIO jurisdictional dispute which has blockaded Coos Bay to all domestic shipping since June 20, was sold to Gregoria Araneta, Inc., Philippine firm, for a reported $85,000.

Nome Clears Wreckage of 18 Buildings

NOME, Alaska, Oct. 28 (AP) — Scarred and battered Nome went about the grim business today of clearing wreckage of 18 buildings destroyed or damaged during an icy gale that swept in from the Bering Sea over the weekend.

As the storm roared Northward, property owers estimated their loss at between $300,000 and $400,000.

Six business buildings were wrecked and 12 seriously damaged. All were on the South side of Front Street, the town's main thoroughfare paralleling the waterfront. Basements were flooded in many others which withstood the pounding seas and 60-mile-an-hour winds.

For one thing Nome residents were grateful—their winter's food supply was intact and no lives were lost. A few minor injuries were reported.

Warning that the storm was approaching gave the townspeople time to form emergency crews and move merchandise and supplies from the danger area.

Damage was limited almost entirely to the business section and as a result no housing shortage is anticipated among the 1500 to 2000 wintertime residents.

Plan to Load Relief Supplies For Alaska

SEATTLE, Oct. 28 (AP)—Without protest by the A.F.L. Masters, Mates and Pilots Association, several small cannery tenders and fishing boats were loading or planning to load groceries and other relief supplies today for Alaska, hard hit by the maritime strike.

Among them was the seine boat, North Pacific, which was loading, and the cannery tender Isis, chartered for a Southeastern Alaska trip.

"We are clearing all boats of this type with relief cargoes," Capt. C. F. Peterson, acting agent for the Masters and Mates local, said. "We are giving all the encouragement possible to get food and feed to Alaska."

Saturday the union withdrew its previous protests and agreed at a conference with Lt.-Cmdr. Edward P. Chester Jr., aide to Governer Gruening, to man one large ship for a trip North. The C.I.O. Committee for Maritime Unity had approved it two days earlier.

Herring Fishing Losing Proposition

VICTORIA, Oct. 28 (CP)—Herring fishing, last of the major fisheries of the B. C. Coast for the season, has been a losing proposition to date this year but Provincial Fisheries officers still have hopes that the 30,000 ton quota will be caught.

The herring, which feed in schools off the coast during the summer, have not yet showed up in any quantity off the Southeast Coast of Vancouver Island, scene of major herring fishing operations in the past.

Provincial Fisheries Department officers said fishermen may suffer if the herring are late coming into the coastal waters because the fish are in better shape earlier in the season.

Quota this year is at 30,000 tons, the same as last year's original quota. A 10,000-ton extension was granted last year.

A considerable quantity of the herring production this year has been contracted for by UNRRA, which will take both canned and salt herring.

Fall salmon fishing for chums and coho has started but the weather during the past week has made fishing difficult.

Says No Change Contemplated In Status of Sudan

LONDON, Oct. 28 (Reuters) — Prime Minister Attlee told the House of Commons today that no change is contemplated in the status of the Sudan.

(On his return from London talks with Foreign Minister Bevin, Premier Ismail Sidky Pasha of Egypt was reported to have said in Cairo it had been decided to achieve unity between Egypt and the Sudan under the Egyptian Crown.)

Mr. Attlee today declared that statements on the Sudan attributed to the Egyptian Premier seemed to be "partial and misleading in so far as they seem to announce an agreement, while these are purely preliminary conversations."

FUR STORE BRINGS DISASTER TO COYOTE

MITCHELL, S. Dak., Oct. 28 (AP) —The lure of the city and—of all places a fur store—brought disaster to a coyote that strayed from his rural haunts. The animal was discovered jumping excitedly at a Mitchell store window in which fur coats were displayed. A bullet from a policeman's pistol made one more fur available for the display.

Hints for Housewives

By BETSY NEWMAN

Even little "bits of meat" pep up vegetable meals, runs a saying, or approximately that. It's true, too, unless you are an out and out vegetarian. Most people like their vegetables but with the pepper-upper of even a small amount of meat.

The main dish of the suggested menu today uses neck slices of lamb with vegetables, and it is named "Stylish Neck Slices with Vegetables."

Whether it is "stylish" or not, you'll like the flavor unless you are a confirmed stew hater.

TODAY'S MENU

Stylish Neck Slices with Vegetables
Tossed Raw Vegetable Salad
Vanilla Ice Cream
Rye Wafers Coffee

STYLISH NECK SLICES WITH VEGETABLES

3 lbs. neck slices of lamb; 3 tablespoons lard or drippings; 1 cup water; 2 teaspoons salt; ¼ teaspoon pepper; 8 small onions; 3 large potatoes; 6 medium carrots; 1 medium stalk celery.

Brown lamb neck slices in lard or drippings. Season with salt and pepper; add water, cover and simmer 1 hour. Cut potatoes and carrots in lengthwise strips. Cut celery in 3 to 4-inch pieces. Add onions, potatoes and carrots to meat and continue simmering. Add celery about 15 minutes before serving. Serves 6.

Other vegetables may be added to this "stylish" dish, as your garden or taste suggest.

VANILLA ICE CREAM

1 quart milk; ½ cup sugar; 1 tablespoon cornstarch; ⅛ teaspoon salt; 3 eggs; ½ cup corn syrup; 1 cup cream.

Scald 3 cups of the milk. Combine the sugar with cornstarch and salt. Stir remaining cup of milk into mixture slowly, and blend it in carefully to make a smooth paste. Stir into scalded milk and cook over boiling water, stirring constantly until mixture has thickened somewhat and is perfectly smooth, then stir occasionally. Cook 15 minutes longer.

Beat eggs, add corn syrup to them gradually, beating it in. Stir in hot mixture slowly, then remove from heat, add cream and vanilla and chill. Freeze in a crank freezer, using 6 parts ice to one of salt. Stir slowly at first during the freezing then quickly to give lightness.

Better Go Out With Other Boys

Dear Miss Atkinson:

I have been going with a boy for the past year and we were very much in love. But somehow we began to change. He fooled with other girls and I went out on a blind date.

Since I went on the blind date he has only called me up once, and then he said I had some nerve going out with another boy. I had told him a few days before that I was going on a blind date and he said it was O.K. Do you think it is really my fault that he doesn't speak to me? I feel that it is.

I have had a chance to go out with many fellows since he was mad, but I stayed in, thinking he would call. Now I have changed my mind and I am going to go out with other fellows. Do you think I am doing the right thing?

LONESOME.

Since you have already made up your mind that you're going out with other fellows, why ask me about it? Is your conscience hurting you? Or could it be that you're still interested in this first boy and would like to get him back, since he doesn't call you up you're going to act if you didn't care and try to get him jealous?

If you really like him, and feel that part of the trouble is your fault, as you say, why not be sport enough to tell him so? It might put everything right again.

However, I suspect that you just don't know what or whom you want yet, and shouldn't be trying to decide. It's probably much better to go out with other boys for awhile and be friends with a lot of them. You're undoubtedly young enough to have plenty of time ahead in which to find the right man.

Aid for Frequent Crying

By GARRY C. MYERS, Ph.D.

Many a child from twelve months to six years of age whines and cries excessively — very trying to the mother's nerves. Such behavior may begin when the youngster is ill and be encouraged by physical conditions which warrant the attention of the physician. Though begun for such reason, the habit easily can continue long after all physical causes have been corrected.

The most frequent cause of whining and prolonged crying by the toddler is inconsistency of his parents and uncertainty to him about what he may have or do. Often the forbidding or accompanying punishment is too mild to deter him, but just severe enough to irritate him. A gentle slap on the hand or bottom, that really does not hurt or deter him, is almost sure to arouse his ire. Or, if a gentle slap is followed by several more in succession, each one a bit harder than the one before, none may have the result desired but only cause more violent anger and howling.

Tots frequently get spanked on a bottom well-armored with clothing and may feel the jar to their whole body but no stinging pain at all. No spanking is better than such torment. If the spanking really "burns," is connected immediately with the act forbidden, and is administered consistently, it has deterrent effect without necessarily causing prolonged crying. Incidentally the youngster who is spanked effectively is spanked rarely.

Having been assured by your doctor there is no physical cause for the child's prolonged whining and crying, check on the efficacy of your punishments for other matters and your degree of self-control.

It is not just for saving the nerves of the mother and other adults that the whining youngster should be "cured," but also for the child himself. It is very desirable for his self-control. Trained from his early years not to persist long in whining and crying, the child is having good preparation for his self-control of anger at ten, fifteen or fifty.

I have been impressed with the way two of our grandchildren, about two and three, respond to an occasional chair-sitting punishment, showing no resentment, but forgetting the whole matter quickly. While in appearance it has been forgotten, there is indubitable evidence that the desired effect of the punishment has lingered in their muscles, bones and nerves — good proof that the discipline had been wisely chosen and administered. When there is pronounced resentment after punishment in a child, the punisher needs to check on his procedure and improve it.

A few children whine and cry excessively because they are starving for affection, or suppose they get less of it than a brother or sister does. Be sure to fondle the youngster abundantly when he is good and really cultivate affection for him. Enjoy his conversation, answer his questions, read to him and have many good times with him.

When you know he has been out of sorts for a long period, you should drop everything and rock and cuddle him, sing or read to him or go walking with him or create something with him. Such procedure should help you relax and be more calm with the child. Sometimes, as you know, his whining and crying only reflect the tenseness and irritation of some other one or all the rest of the family.

OUT-OF-LUCK FAMILY LOSES HOME, KIDDIE AS DREAMS FADE

DENVER, Oct. 28 (AP)—A Denver couple out of money and out of luck, have seen their dream of a little farm home for their five children turn to bitter dust in three short weeks.

Mr. and Mrs William E. West told a reporter Saturday that they would go into Denver Juvenile Court tomorrow and offer for adoption their children, ranging in age from 20 months to eight years.

This is the story of the 45-year-old painter told:

He sold their small Denver home early this month and, on a doctor's advice, took his family to Missouri. A sixth child was born unexpectedly in a hotel in Springfield, Mo.

West discovered a farm they had hoped to buy was run-down and 42 miles, instead of a reported two, from town.

He lost $100 to a confidence man.

The Wests made a desperate decision in the Kansas City Union Station to give the baby to a Kansas City couple for adoption. With the five older children, they returned to Denver to live with Mrs. West's mother.

They were notified from Kansas City Thursday that the baby had died. Then they were told by their mother's landlady they would have to move out Monday. West has been unable to find another home.

Elect Officers At Calgary Meet

CALGARY, Oct. 28 (CP)— The following officers were elected yesterday at a meeting of the Imperial Vetrans Calgary Branch 102, Canadian Legion D. E. S. L.: President, G. D. Marson; Vice-President, H. F. Jaggard; Executive members, F. B. Izzard, J. A. Gillespie, G. H. Mann, H. R. Small and E. Lackman.

David Fraser, Secretary of the Provincial Command of the Canadian Legion was chairman.

Propose Sainthood For Pope Pius X

BOSTON, Oct. 28 (AP) — Beatification and eventual sainthood for the late Pope Pius X, a "saintly pontiff" who died in the first year of the First Great War, was proposed to the eighth National Congress of the Confraternity of Christian doctrine tonight by Archbishop Richard J. Cushing of Boston.

The Archbishop, host to the five-day meeting of nearly 100 bishops and thousands of Roman Catholic laymen, coupled his plea "for hastening of the day when we may see Pope Pius X raised to the altars of God" with criticism of "some who seek constantly to embarrass and to impede the work of Christendom's most ancient faith."

Vandalism on Hallowe'en

By Garry Cleveland Myers, Ph.D

A great many adults dread the coming of Hallowe'en. They know it is the time when many children suppose it is fun to mar, destroy or carry off property. Too, some old people who live alone are disturbed often on Hallowe'en by prowling youngsters. Moreover, some little children are so frightened at this season that their fears may last for a long time.

It is amazing that, the nation over, most vandalism, as a rule, occurs in the better economic areas and at the hands of children living in those areas.

Of course, in recent years the harm done "just for fun" on Hallowe'en has been greatly reduced in some communities, thanks to the planning by local neighborhoods and larger communities for safe and interesting activities by the children. Moreover, more and more families seem to be providing wholesome parties for children on that evening.

Yet year by year the pranks associated with Hallowe'en start earlier and earlier so that for a week or more they may continue. Effective family or community parties hardly can extend over so long a period.

Anyway, the wanton destruction of property during the Hallowe'en season is merely an accelerated expression of vandalism by many children the year round. (My bulletin, "Teaching Child Care of Property" may be had in a stamped addressed envelope.

Great as is the economic loss from such destruction by children, this material loss is not the major issue. Damaged, destroyed or carried-away property can be repaired or replaced. But the harm to the moral fiber of the offending child is not so easily repaired. Indeed, this harm can last for months and years, even for a lifetime.

Most schools are growing conscious of their obligations to the child and the community. Some are making concentrated efforts just before Hallowe'en to lead children to see why they should not engage in destructive fun at Hallowe'en or any other time—and with good results. Character agencies and church groups of children also have emphasized the matter.

I have often thought that if I were a preacher I would, with strong convictions, preach a sermon prior to Hallowe'en in which I not only would appeal to youth but also to parents concerning a sense of responsibility toward the rights and feelings of other persons. Wouldn't there be obvious spiritual values in such appeal?

If we ever reach a level of social consciousness when state legislatures enact laws making parents as liable for the destruction by their children as by their chickens, of other people's property, more parents might awaken to their senses. Isn't it amazing that whereas a person can collect damages incurred by dumb animals from their owner, one practically never can collect damages perpetrated by children?

The time to begin to educate the child not to be a vandal at Hallowe'en or any other time is while he is very young (and then to keep on at it eternally), teaching some basic inhibitions and due regard for the rights of other persons, and by parents who themselves are good examples.

We all want children to have lots of fun, but not fun at the expense of other persons; nor pleasures that cause other people pain.

Tall Guys for Tall Gals

By IDA JEAN KAIN

If all the men were six feet tall or more, life would be heaven on earth for the tall girls. Actually, it's not being divinely tall that a girl minds, it's the fact that the cute little trick can date with short, medium or tall men. Being extra tall narrows a girl's choice of dates.

Well, why not join one of the tall clubs? In many cities, the tall girls and boys have organized in order to get to know other tall people. Perhaps you've heard of the Tip Toppers Club, a club for tall people. If you live in a good-sized city, there is pretty sure to be one. But if there isn't, why not start one? The first Tip Toppers Club was started in Los Angeles and last May it celebrated its eighth anniversary. It now boasts a membership of more than 200 persons who meet the height requirements of 6' 4" for men and 6' for women. Whew! But you can make your own rules. What's wrong with 6' 1" men?

The purpose of the Tip Toppers Club is to get tall people together so they may have a good time and cease being self-conscious about their height. But there is a practical side too. Through their efforts they can now find proper sizes in clothes. Moreover, a bed manufacturer in St. Louis plans to make all beds six inches longer. That reminds me of Victor McLaglen. When he goes to a hotel he has to order an oversized bed installed. The tall clubs contacted men's clothiers conventions and impressed upon them the need for longer tails and sleeves on men's shirts.

But the main purpose is just to have a good time, and they certainly do.

They have dances, bowling parties, picnics, roller skating parties, swimming, theatre parties, etc.

The New Jersey Tip Toppers recently asked me to issue an invitation to any tall person in that section to join "The Highest Society in New Jersey." Their secretary Agnes Liebhauser, says that it's amazing the way a tall boy or girl gains confidence after being with a group of similarly tall people. Their shyness and sensitivity disappear almost immediately. Before long they are proud of being taller than average. Their postures automatically improve, because as soon as a boy or girl stops being self conscious of height, the rest is easy.

ROY ROGERS RACES STORK

HOLLYWOOD, Oct. 28 (AP) — Roy Rogers, discarding Trigger temporarily for faster transportation, raced the stork today in a flight here from Chicago. He hoped to arrive before his wife, Arlene undergoes a Caesarean operation.

TRY THIS RECIPE...

BRAN MUFFINS

1½ cups bran, 1 cup pastry flour, 4 teaspoons baking powder, ½ cup brown sugar, 1 egg, ¾ cup milk, 1 tablespoon melted butter, 2 tablespoons SOYHART SPREAD.

Sift flour and baking powder together, add bran and brown sugar, mix milk with beaten egg, melted butter and SOYHART SPREAD and add to dry ingredients.

Fill greased muffin tins ⅔ full. Bake at 375° to 400° F. for 20 to 25 minutes.

A Recipe on Each Label.

COFFEE TIPS by Carol Drake

START WITH FRESH COFFEE. Never buy more than a week ahead; use your "oldest" coffee first.

BUY THE RIGHT GRIND. Be sure your coffee is the proper grind for the coffee-maker you use.

KEEP EQUIPMENT CLEAN. Every coffee-maker should be washed daily with soap and water.

MEASURE EVERYTHING. Measure water, coffee (1 heaping tablespoon per cup is enough) and brewing time.

Entertain with this hearty buffet supper

Cool, crisp days mean the football season is upon us. Fall evenings after the game are ideal times for buffet suppers. Plan plenty of hearty food, for appetites are sure to be ravenous. But make it simple, so the hostess can relax and enjoy the party too.

AFTER-THE-GAME BUFFET SUPPER

Cups of Hot Clam Broth with Snack Tray of Celery Stuffed with Smoky Cheese, Corn or Potato Chips with *Guacamole, Ripe Olives, and Carrot Sticks. (Serve in the living room while last minute touches are added to the supper.)

*Lima Bean and Ham Casserole
*Buffet Salad Platter
Toasted Hard Rolls Plum Jam
Deep Dish Apple Pie with Vanilla Ice Cream
Lots of Hot Coffee

*recipe below

GUACAMOLE—*Best if made just before serving, but it takes only a minute.* Cut a medium-size avocado in half, remove seed, peel, and sieve. Season with 2 tablespoons grated onion, 1 teaspoon salt, a tablespoon of salad dressing or mayonnaise, and 1 to 2 tablespoons lemon juice. Mix well. Serve with crackers or as a dunking mixture for corn or potato chips.

LIMA BEAN AND HAM CASSEROLE—*Make this in the morning or the day before. Reheat just before serving.* Soak 3 cups dried lima beans 6 to 8 hours or overnight. Add a 2 to 2½ pound piece ham shoulder or shank end and simmer until beans are tender. Remove ham from bones and cut in cubes. Drain beans and combine them in a 3-quart casserole with 2 chopped sweet red peppers, 2 tablespoons brown sugar, 1 teaspoon dry mustard and ham cubes. Pour 3 cups cooked tomatoes over beans and bake in moderate oven (375° F.) for 2 hours. Serves 8 generously.

BUFFET SALAD PLATTER—*Make salad in the morning, cover with waxed paper and place in refrigerator until serving time.* On a large platter arrange around a cooked, chilled head of cauliflower alternate groups of cucumber slices, tomato slices, and bundles of asparagus stripped with pimiento. Serve with French or Thousand Island Dressing.

NELSON SOCIAL

By MRS. M. J. VIGNEUX

● Honoring Miss Aileen Rahal, whose marriage to Alex Mann takes place in Nelson Wednesday, Mrs. Walter Palmer recently entertained at a miscellaneous shower at her home on Hoover Street. Contest winners were Miss Edna Steed and Mrs. Joseph Winkelaar, Miss Rahal was the recipient of many lovely gifts presented to her in a daintily decorated basket. Those attending were Mrs. P. J Rahal, Mrs. Walter Valin, Mrs. Clifford Smith, Mrs. C. F. Mangan, Mrs. A. A. Perrier, Miss Agnes Stewart, Miss Doreen Manahan, Miss Muriel Weatherhead, Miss Betty Emory, Miss Austria Stacho, Miss Steed, Mrs. Winkelaar and Miss Rahal.

● Mrs. F. F. Payne, who has been a patient in the Kootenay Lake General Hospital, returned to her home on Hoover Street, Saturday.

● Max Kasper has returned from Vancouver where he has received medical treatment in a military hospital.

● Mrs. A. McLeod, Mill Street, has returned from Vancouver, where she spent a fortnight visiting her daughter, Bessie McLeod, who is in training at the Royal Columbian Hospital, New Westminster.

● Mrs. Fred Wilmot of Gray Creek has been a guest of her mother, Mrs. Thomas Wall, Silica Street.

● Bert Auld, who spent the past couple of weeks visiting his parents, Dr. and Mrs. F. M. Auld, Nelson Avenue, left by bus for Montreal travelling via the Eastern and Southern States. He was accompanied as far as Spokane by his parents and sister, Lillian.

● St. Saviour's Mother's Club members met in Memorial Hall the latter part of the week when tea hostesses were Mrs. F. J. Hamlet and Mrs. M. J. Derrig. Others present included Mrs. Frank Phillips, Mrs. Thomas German, Mrs. F. Jasper, Mrs. F. B. Pearce, Mrs. F. W. Cartwright, Mrs. M. Jesty, Mrs. F. Freeman, Mrs. J. Rich, Mrs. W. R. Perry, Mrs. C. E. A. Simonds, Mrs. J. D. Allen and Mrs W. G. Lanskail.

● Mrs W. C. Leno, 1423 Stanley Street, is a patient in the Kootenay Lake General Hospital, has returned to her home on Stanley Street.

75 Kimberleyites Enroll in Handicraft Classes

KIMBERLEY, B.C., Oct. 28 — Prepaid registration of 75 adults in the University of British Columbia Extension 10-day course here in various handicrafts necessitated shuffling of classes but all will be accommodated at morning, afternoon or evening classes. The Parent-Teachers Association here is sponsoring the course.

Both men and women have enrolled for the course from Oct. 28 to Nov. 8. Morning and afternoon sessions will be at Oughtred Hall in Chapman Camp and McDougall Hall in Kimberley, and evening sessions will be at the High School.

Instructing the classes in leatherwork and painting will be Miss Jean Travis, and in home decorating and sewing Miss Eileen Cross, both well known staff members of the schools here.

"Quisling" Dies

ATHENS, Oct. 28 (AP)— John Rhallys, Greek Quisling who served as Premier during the German occupation, died Saturday. He was serving a life term for collaboration with the Axis.

KLUCHEVSKAYA ERUPTS

MOSCOW, Oct. 28 (AP)—Kluchevskaya, largest active volcano in Asia, has been in eruptiono since Wednesday. The 16,130-foot volcano is in the East Central section of the Kamchatka Peninsula which juts into the North Pacific from Eastern Siberia. It has erupted in January, 1945.

LONDON, (CP) — A "Road Safety" exhibition is touring British school.

Swift Current Miss Weds At Robson

ROBSON, B. C.—A quiet wedding took place on Oct. 14 at the home of Mr. and Mrs. Thomas P. Dohan of Swift Current, Sask., when their second daughter, Margaret Colleen Heard, became the bride of Frank Harold Foxlee, son of Mr. and Mrs. H. R. Foxlee of Robson.

The bridal party entered the living room which was tastefully decorated with Autumn flowers to the strains of the Wedding March played by Mrs. H. Fownes. The bride looked charming in an afternoon gown of misty grey crepe and wore a feathered hat with matching gloves and veil of deep fuschia. Her corsage was of dream roses.

The matron of honor was Mrs. Nancy Vandry. The grooms' attendant was William Bothwell of Regina.

During the signing of the register, Mrs. C. Smith sang "I'll Walk Beside You." Rev. Father Mordan officiated.

Following the ceremony a small reception was held. Dr. and Mrs. Foxlee left later for a short trip to Saskatoon. The bride travelled in a sky blue wool dress and blue tailored coat with black accessories.

Out of town guests included Mr. and Mrs. Foxlee of Robson, Mrs. Joyce Watterson and Miss Margaret Wigmore of Calgary and William and Robert Dohan of the University of Saskatchewan.

Dr. and Mrs. Foxlee will reside in Shawinigan Falls, Que.

80-YEAR-OLD MAN PRESERVES 196 QUARTS

MAPLEWOOD, N. J., Oct. 28 (AP) —Eighty-year-old Frank C. Harrison, retired business man, has a home canning record that might put a lot of women to shame. During the season just ended he canned 196 quarts of fruits and vegetables, most of them grown in his own garden.

Attractive Floral Wedding

Pictured left to right in this wedding group are Fred Thompson, best man; the groom, Ian Dingwall, son of Mr. and Mrs. A. Dingwall, 313 Hall Mines Road, and his lovely bride, the former Marjorie Howarth, only daughter of Mr. and Mrs. T. Howarth, 129 Baker Street, and Mrs. George Milne, bridesmaid. St. Paul's United Church was the scene of this quiet Summer wedding.—Renwick photo.

RUNS 30 MILES IN 3 HOURS, 16 MINS., 4 SEC.

LONDON, Oct. 28 (CP) — Jack Holden, 40-year-old star of the Tipton Harriers team, ran 30 miles in three hours, 16-4 seconds Saturday and claimed the world record for the distance.

Officials at White City Stadium, where Holden competed in a marathon, supported the claim and said he clipped 14 minutes, 62.6 seconds from a record set by George Mason in 1881.

BRANDON, Suffolk, England — (CP) — Men demolishing a house found three George III golden sovereigns, a George IV sovereign and two George III half-sovereigns buried in debris.

Robson Man Receives Ph.D. at McGill

At the Fall convocation at McGill University, Montreal, Frank H. Foxlee of Robson received the degree of Ph.D. The ceremonies were part of the 125 Celebration of Founders, and the University was honored by the presence of Governor-General and Lady Alexander. Degrees were presented by Dr. Cyril James, President of the University.

Dr. Foxlee received his high school education in Nelson and Trail. He obtained his B.Sc. and M.Sc. in Chemical Engineering at the University of Alberta and then went to McGill for further postgraduate work with fellowships under the National Research Council.

Cranbrook Film Council Chooses Officers

CRANBROOK, B.C., Oct. 28 — At its annual meeting here the Cranbrook District Film Council chose the Cranbrook firehall as the depot for its projector and library of films, and services will be booked by Fire Chief James Gordon. Available through the library at a small cost to any responsible organization through the Provincial branch of the Canadian Film Board will be films on every conceivable subject.

Elected new President was C. T. Rendle, with J. S. Allin as Secretary-Treasurer, Rev. Alan Gardiner, Screening Officer, and Directors W. A. Burton, Mrs. O. H. Wall and Donald Millar. Additional Executive members will be representatives of all principal city organizations of all varieties which will have occasion to use the film service.

Availability of its equipment and stock of films on any specialized subject was stressed by Charles Marshall, Provincial Film Board Representative who attended the meeting with the resident District Supervisor of the service.

G. Armstrong Named Judge of Juvenile Court at Kaslo

George Armstrong of Kaslo has been appointed Judge of the Juvenile Court for Kaslo Electoral District, it is announced in the latest edition of the B. C. Gazette.

Label Alaska's Prehistoric Animal a Whale

SEATTLE, Oct. 28 (AP)—Expert opinion today labelled Alaska's "prehistoric animal" a killer whale which they described as "hale and hearty" until a few days before it washed ashore in Cook Inlet.

Prof. Trevor Kincaid of the University of Washington, an expert on marine life looked at pictures of the animal and said:

"It wouldn't be anything else."

Earlier at Anchorage, Anthropologist Ivar Skagland said pictures of the spine bones resembled those of a whale or dolphin. He flew to Homer, where the carcass washed up, to study it over the weekend.

Many Applicants Turned Away

CALGARY, Oct. 27 (CP)— Although entrance age was raised from 16 to 17 almost twice as many applicants for Provincial schools of Agriculture have been turned away this Fall as last Fall, it was reported by Provincial Government officials.

Olds will have about 200 students and Vermilion 225. Almost 300 applicants were rejected because of overcrowding.

Nearly 300 now enrolled are ex-servicemen planning to engage in farming. They receivd som priority in enrolment.

Terms opened at both schools Oct. 22. The Vermilion School was reopened last Fall after a lapse of four years during the war but entry was restricted to first-year students. This year it has a full complement of classes.

The Carbon Monoxide Danger

The number of accidental deaths from carbon monoxide poisoning increases as the weather grows colder and extra precautions need to be taken against this hazard during the Winter months. An example was the death of a young man in an automobile in Manitoba this month.

Careless ventilation practices at home and in garages account for the increased toll taken by this poisonous gas.

The exhaust from automobile engines always contains carbon monoxide —harmless in the open but deadly in closed places. Careless habits often expose car drivers and garage workers to excessive concentrations of this gas. The precautions to be taken are simple and should be rigorously followed if accidents and fatalities are to be voided. A car engine should never be run in a garage unless the doors are open.

Many fatalities are caused by drivers becoming drowsy at the wheel. Good ventilation is necessary when driving, and windows should never be closed. Large garages should be equipped with mechanical ventilation whose efficient functioning is essential, especially during the Winter months when doors are usually kept closed. Exhaust from all motors should be piped outside the building and in the direction of the prevailing wind.

Furnaces and stoves should be checked before firing is started so that heating equipment, ill-fitting pipes, worn and corroded parts, and clogged chimneys will not cause dangerous contamination of the air by allowing direct penetration of coal gas from the burning fuel into the room. Premature checking and improper use of damper is a common cause of air contamination.

Another source of poisoning is illuminating gas which may contain as high as 40% carbon monoxide. Poor maintenance which allows leaking connections and loose taps to go untended, can lead to fatal accidents.

Carbon monoxide gives no warning of its presence, being colorless and odorless. The odor of any escaping gas from burning fuel should always put an individual on the alert against carbon monoxide. Early symptoms are shortness of breath, tight feeling across the forehead and dizziness. Collapse and suffocation will ensue unless the victim is removed to the fresh air.

All treatment begins with the prompt removel of the patient from exposure. A doctor should be called at once. If breathing is difficult or has stopped, articificial respiration should be applied. The patient should be kept warm with blankets and hot water bottles and prevented from moving until placed under the physician's care.

Synthetic Unrest

In an interesting editorial in the Canadian edition of Liberty Joseph Lister Rutledge under the heading "The Strength of the Zealot" makes some significant comments upon the state of unrest, largely synthetic, which is infecting North America.

"We are not one of those who have been quick to see a Communist behind every tree, nor have we been quick to agree with those — possibly more thoughtful or more nervous souls — who could. That more conservative attitude is not, we trust, the result of a blind credulity; it is based on the conviction that the best defense against a bad idea is a better idea, and that the best protection against the propaganda of unfriendly interests to be found in education," writes Mr. Rutledge.

"With such a viewpoint one can only reluctantly believe that, even granting the manifest shortcomings of our democratic system, anyone given the choice and the knowledge to use that choice wisely could possibly choose Communism where they could have democracy." he continues.

"Such a choice is possible in Russia, where even Communism was better for the average citizen than what preceded it, and where so vast a multitude of the common people have yet to be taught to think for themselves. That was a way of thinking that seemed wholly valid a short while ago but that is steadily growing less assured.

"The shocking evidence of the espionage trials robbed us of that confident belief. Those Canadians who had the opportunity to know and understand our way of life held another way of thought that was dearer than their birthright.

"There is a grcwing impression also in the minds of some thoughtful people that the same forces that have colored the thinking of those sellers of their birthright have been infiltrating many otherwise useful agencies. It is their belief that there is an "irrepressible conflict" developing in the ranks of labor. They see sober and right-thinking men moving intelligently toward a better day for the working man aligned against a small but powerful minority, greedy for power, whose ends are achieved when disorganization is achieved.

"Many small indications support this evidence of prejudiced thinking. It is startling to find, for instance, that it is possible to write on almost any subject, matters of politics or even religion, and arouse no more than a good-tempered debate. It is not possible to voice the faintest criticism of Russia or her leaders or her policies without bitter and angry protests. To these protestors Russia is a sacred cow that must not be criticized, must only be worshiped. And this is not in Russia. It is in Canada. And these protestors are Canadians, and they are more impassioned in their defense of Russia and her beliefs than they are of anything Canadian.

"In a recent address, Attorney-General Clark of the United States set a word for it, a word that we might remember:

" 'No one but a complete crackpot can be deluded by what we see going on today. We know that there is an national and international conspiracy to divide our people, to discredit our institutions, and to bring about disrespect for our government. Why should we blind ourselves to obvious facts? There is a deep-seated and vicious plot to destroy our unity. No country on earth and no government can long endure this vicious attack.'

"We have seen this attack begin in Canada. We have seen it grow in small if dangerously persistent ways. We must realize that we are dealing with persons who weigh no evidence and assess no values. We are dealing with zealots. We might as well admit the power that exists in one who would rather destroy a world than recant his views."

Looking Backward

10 YEARS AGO
From The Daily News of October 29, 1936

The Governments of Canada and the United States in the near future will select members of a commission to investigate the damage, if any, caused by sulphpur fumes wafted across the international border from the smelters at Trail.

F. B. Pearce opened the meeting in the Canadian Legion Tuesday evening for the purpose of forming a first aid centre in Nelson. W. Wood was elected Chairman. Mr. Pearce was elected Secretary, and C. O. Anderson as one member of the executive.

25 YEARS AGO
From The Daily News of October 29, 1921

Steps to enlist the aid of the whole district in support of the Kokanee Mountaineering Club's big ambition—that of inducing the Government to place a reserve on Kokanee Glacier district and turn it into a Prorvincial park, were taken by the Club at its special meeting in the Y.M.C.A. last night. A resolution urging this course on the Government was drafted and sent tot J. E. Annable, Chairman of the Publicity Committee of the Club, who is now at Victoria. A copy of the resolution will also be sent to each of the following men with a request that they seek its endorsation at the hands of all the public bodies in their respective districts: Thomas Nelson, New Denver; A. T. Garland, Kaslo; H. Giegerich, Ainsworth; Tom McNeish, Slocan City; Roland Ellis, Boswell; E. C. Brown, Silverton; and J. R. Hunter, Nelson.

40 YEARS AGO
From The Daily News of October 29, 1906

W. G. Gillett has a contract for paving the court back of the Post Office with concrete, it being found that the soft ground made teaming difficult in the Spring and Atumn months.

There was a fair audience at the Zinn Travetsy Company's presentation of the "Musketeers" last night. Some entirely new vaudeville features will be presented tonight during the course of "Morocco Bound".

Etiquette Hints

The dinner jacket is worn for restaurant and theatre wear, and on all informal evening occasions requiring more than street clothes but less formal than those that call for a full dress suit. A black or white waistcoat, black silk bow tie and plain, stiff-bosomed shirt are worn with the tuxedo.

?? Questions ??
ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except when there is obvious necessity for privacy.

T.C.—Could you supply me with names of B. C. poets you may know of; especially ones in Eastern B.C.

There is such a difference of opinion as wise to write to the Secretary of the Canadian Authors Association for an official list.

Here are some poets that we know of: Robert Main, of Nelson district published a book of poems last year. Francis White, former manager at the Bank of Commerce, published a volume of poems. There are no poets in Eastern B.C. who have books to their credit.

There are many contributors to newspapers and magazines—Mrs. Leonard Clark of Gray Creek, Mrs. Leslie Pickard of Trail, Margaret Hink now of Victoria, Mr. C. A. Butting, Mr. J. W. Nullholland, Allan Ramsden and others who could be classed as B.C. poets.

We are unable to list any Eastern B. C. names, however, if you were to write to the Cranbrook Herald we are sure you could obtain some information on poets of the Eastern District.

Press Comment

REACTION AGAINST LAWLESSNESS

There is a lull in the wave of big strikes as this is written, although a lot of little strikes continue to pop like firecrackers around the industrial landscape.

The dopesters have it that the big strikes will start up again sooner or later—maybe this Fall, maybe not till next Winter or Spring, depending on how fast the cost of living rises.

All strikers, present and expectant, would be wise, we think, to paste the following true story from real life in their hats:

In 1941, some organizers working for the United Steelworkers' Union beat up a Mr. Charles Titus at Gary, Indiana. Titus was employed at the Gary Sheet and Tin Mill, a U.S. Steel subsidiary. It was the organizers' feeling that all employees at this plant ought to join the union, whether they wanted to or not. Mr. Titus didn't want to; hence this assault on him with serious injuries resulting from it.

He sued the union for damages and at the first trial the jury awarded him $8000. A new trial was ordered and this time the jury raised Mr. Titus to $20,000—the original $8000 for actual personal injuries, plus $12,000 punitive damages to give the union an idea of how the jury felt about goons who assault people who don't want to join unions. This second jury was made up of six men and six women.

The story more or less writes its own editorial, we'd say. What it declares is that, while most Americans fully recognize and appreciate the necessity of labor unions and their enormous contributions to the general welfare, more and more Americans are getting wearier and wearier of union leaders and members who act as if they were above the law. If the boys persist in overriding the law, they can expect more and more kickbacks such as the one delivered in the Titus case. More and more persons will get up the nerve to sue unions for personal and property damage, and more and more juries will turn in verdicts that won't do the union treasuries any good.

Juries in this country have long had a fondness for soaking rich defendants. The knowledge is getting around swiftly that plenty of unions on slight pretexts could rather easily become a favorite indoor sport of American juries.—Colliers.

NEED COMBINATION SYSTEM

Voluntary enlistment for the regular forces must not, of course, be regarded either by the government or by the people as an alternative to national service in peace time. The Government who have their own internal party difficulties on this issue, must nevertheless make it plain at once that the two are complementary, and both essential. The peculiar nature of imperial defence makes an exclusively conscribed force less adequate for this country than for any other great nation. Some system of compulsory short-term service is indispensable; but no such system can provide either the men needed for stations in distant parts of the world or the experienced petty officers and non-commissioned officers and trained and skilful specialists and technicians for modern fighting forces. The regular forces, moreover, must always be the nucleus and powerhouse of expansion in war-time. —London Times.

Test Yourself

1. What industry is associated with the name of Spode?
2. With what article of diet do we associate the Republic of Colombia, South America?
3. With what food is Cuba associated in our minds?

TEST ANSWERS

1. Porcelain, made at the pottery of Josiah Spode, Staffordshire, England.
2. Coffee.
3. Sugar.

Today's Horoscope

If today is the anniversary of your birth, you are accurate, careful, conservative, have a great deal of ability in carrying out details, and act only after due consideration. You are a fairly good planner, but better in the execution of another's plans. Do not let things annoy you simply because they do not suit you. You are fond of children, enjoy the out-of-doors, and all sports. The money outlook is poor today. Keep your purse strings tied. The afternoon aspect is not favorable to the granting of wishes or fulfilling of hopes. Perform your regular tasks in your usual manner. The moon enters Capricorn

NEW DENVER

NEW DENVER, B.C.—Mrs. T. C. Clarke and Mrs. Mae Clarke, R.N., have returned home after a week spent in Osooyos.

Mrs. T. R. Flint and son Ivan and also her daughter, Mrs. Thomas Steenhoff visited Mr. and Mrs. A. A. Steenhoff in Nakusp.

Mrs. Thomas Oikawa who was a clerk in Mr. William Rutherford's drug store for some months has gone to Birch Island where her husband, Thomas Oikawa, is employed.

New arrivals in town are Mr. and Mrs. Quinton A. Forsythe of Saskatoon, Sask. They have taken up residence in William Rutherford's cottage, formerly occupied by Mrs. M. Cropp. Mr. Forsythe, who is a druggist is now employed at the Rutherford Drug Store.

Dr. J. V. Venables, who built his new office on the corner of Sixth and Kildare Streets, opened the new building with a house warming.

Herman Clever was a Nakusp visitor to meet his sister, Miss Dora M. Clever who returned by the Arrow Lakes from Revelstoke.

The parents of the High School and Public School students held two successful bee's during the week when they cleaned the yards and moved rocks where several trees were cut down.

Shower Honors Miss F. Larson

CRESCENT VALLEY, B.C. — A delightful shower complimenting Miss Florence Larson was held at the home of Mrs. Jack Godwin Friday evening.

Miss Larson, who is to be married Nov. 1, received a lovely boxful of useful household articles from the guests.

Delicious refreshments were served by the hostess, assisted by Mrs. A. Devorkin, Mariette Bourgeois and Mary Woikin.

Guests included Mrs. I. M. Cunningham, Mrs. C. Lovell, Mrs. Jack MacKay, Mrs. A. Devorkin, Mrs. C. Crowe, Miss D. Trefrey, Mrs. Lee Langille, Mrs. Carl Catton, Mrs. Robert Cunningham, Mrs. Henry Knowles, Mrs. W. Konkin, Mrs. M. G. Oliver, Mrs. Dave Nelson, Mrs. Betty Larson, Mrs. Arthur Larson, and the Misses Annie Smith, Florence Smith, Mary Veregin, Mariette Bourgeois, Mary Woikin and Barbara Cunningham.

Successful Novelty Bake Sale At New Denver

NEW DENVER, B.C., Oct. 27 — The St. Stephen Anglican Women's Auxiliary held a successful novelty bake and tea sale in St. Stephen's Hall. The Hall was tastefully decorated with Autumn foliage. The Japanese Ladies W.A. gave valuable assistance and helped to make the sale a success. The kitchen committee comprised Miss M. Clinch, Mrs. N. O'Reilly and Mrs. Stanley Thomlinson.

Other committees were:

Tea tables — Mrs. Ada Levy, Mrs. Dulcia Pearson and Mrs. N. C. Tattrie.

Novelty table — Miss Leva Meinardus, Mrs. Reilly and Miss Golliver.

Bake table — Miss D. Hamlinton, Mrs. May Crellin and Miss M. H. Butlin. Several Japanese Ladies helped with the tables.

Mrs. J. A. Roberts Heads Denver Parent Association

NEW DENVER, B.C., Oct. 27 — The New Denver Parent Association elected Mrs. J. A. Roberts as President and Mrs. Ledia Tier, Vice President at a recent meeting. F. B. Tessman was named Secretary-Treasurer and Miss S. Baynes, Mrs. William Clever, Mrs. Frank Fraser, Mr. Johnson and Mrs. W. Rowe members of the Executive.

IRISH SWEEPSTAKE CASH FOR CANADIANS

DUBLIN, Oct. 28 (CP Cable)—Two Canadians drew £100 consolation awards Saturday in the $5,250,000 Irish Hospitals Sweepstake draw on the Cambridgeshire, to be run Wednesday at Newmarket.

The winning tickets are:
"Good Luck Canada"—NP-04766.
"Canada"—CE-18768.

Two other Canadians hold tickets on two probable starters in the race, and stand a chance of "cleaning up."

PRIVATE PLANE PRODUCTION BOOMS

WASHINGTON, Oct. 28 (AP)—Production (of private planes is booming in the United States. The Aircraft Industries Association reported today that 12 manufacturers of aircraft for personal use shipped 3902 planes in September, which it said was more than were produced in all of 1939.

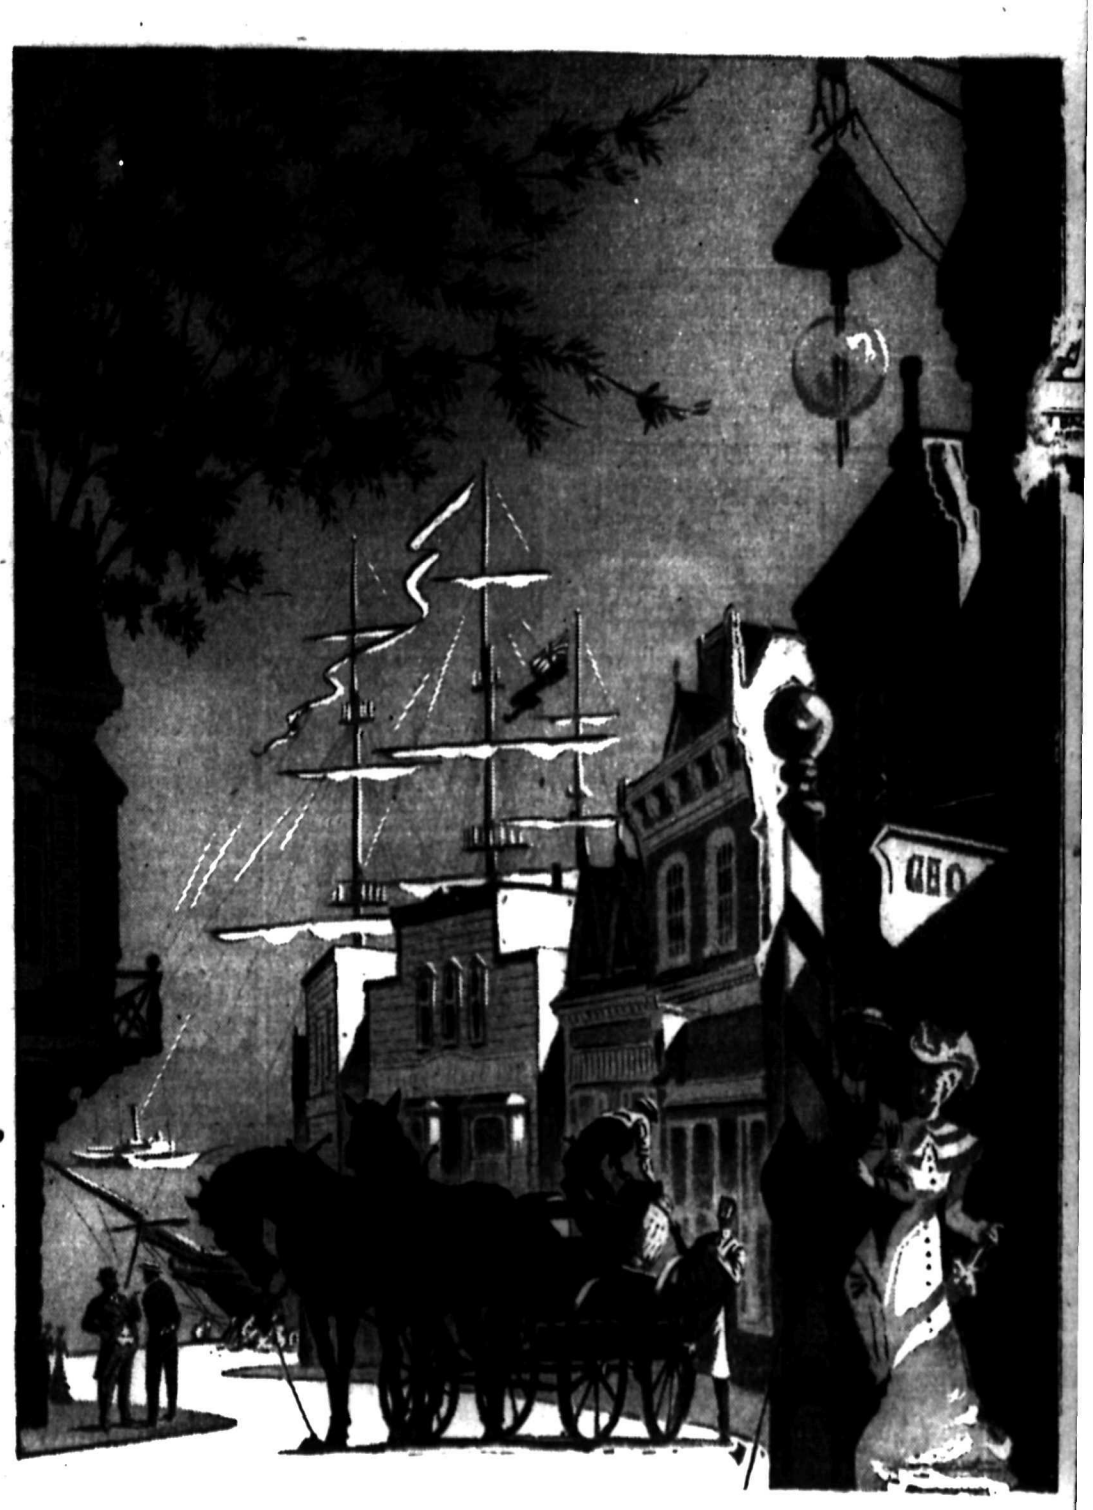
OF NELSON



50 Years of Growing and Serving

When Kelly, Douglas & Company Limited first introduced NABOB food products in 1896, Vancouver's business section looked like the picture above. In the intervening years Vancouver has made great strides of progress and Kelly, Douglas & Company have paralleled the growth of the city.

We who represent the Company today, now mark our 50th Anniversary with a feeling of pride that the name "NABOB" means purity, quality and value to so many Canadian homes. We are gratified that these products continue to make new friends from coast to coast.

ggressive Visitors ake Puck Opener

Rushing an attack almost continuously after a shaky start, Los eles Ramblers copped the opening game of the Western Inter-ional Hockey League by taking the measure of Nelson Maple Leafs the Civic Centre Monday night.

A huge crowd saw the start of the new five-team League, with ores having to stand. A large number of fans came from Trail and her District points.

Kenny Stewart, Joe Levine, Max Labovich and Harvey Barnes ere Rambler scorers, Levine and Barnes both picking assists for two oints apiece. Roy Allen and Clare Walsh picked up the Leafs' arkers.

With four prairie exhibition games er their belts, Ramblers gave fs plenty of trouble, although wing the homesters to take an y one-goal lead in the opening od. The visitors put on a two- spurt in the second period to go d 2-1, then saw Leafs even it early in the third period. They over completely in the latter of the period, however, to rap wo goals in fairly quick succes-.

ARS NAMED

efenceman Barnes and Goalie non Keenshaw of Ramblers and nce Tatchell of Nelson were en top stars of the night by gue President G. W. Wheatley. ey play was turned in for Ram-s by Coach Stewart, Benny es and Labovich, veterans of ice wars. The Ramblers "kid " of Terry Cavanaugh, Hass ng and Jim Fleming, three ng heavies, also turned in a d game.

elson fans liked new Leafians Allen, speedy forward with a e similar to Tatchell's, and Red hle, light but shifty and heady. idway through the first period, Angeles pounded Jesse Seaby. saved no less than eight times ss than 10 minutes during the erous drive. The Leafs took the , however, when with Ramblers t Cavanaugh and Young, Allen Keenshaw, assisted by Jack atrick and Johnny Arichuk.

CE TIED

ewart, assisted by Levine, tied less than two minutes after second period opened. The fornia team pressed as the fians seemed to tire and the tors went ahead four minutes re the period ended, Levine assisted by Dick Adolph and Miller in the play. Seaby down to save a couple of as the Leafians were hem- their own zone.

Nelson goalie blocked eight shots before his the puck up the ice, and Koehle combining. e many bad moments Nelson net, Labovich finally scoring the clincher, respectively. came just after Seaby blocked a couple of shots, then the puck go over him as he down.

ineups:

s Angeles — Keenshaw, Lam-ht, Adolph, Hayes, Labovich, wart, Levine, Guinan, Miller, nes, Flett, Fleming, Cavanaugh, ng.

Third period — 4, Nelson, Walsh (Koehle) 3:46; 5, Los Angeles, Labovich (Barnes) 15:00; 6, Los Angeles, Barnes 17:42.

Penalties—Levine, Barefoot, Barefoot, Miller.

ALWAYS GO 'ROUND WITH LAYER'S MILD CIGARETTES — HEY HAVE WETPROOF PAPER IT'S THE ONLY THING!"

Hockey Leaders Picture Good Year to Rotary

Three leading figures of the Western International Hockey League, Fred Holger, W. A. Duckworth and Len Bicknell, were guest speakers at the weekly meeting of Nelson Rotary Club, Monday, in the Hume Hotel. Each spoke briefly of hockey prospects for this season.

Len Bicknell. Acting Coach of Maple Leafs, expressed his belief that the Leafs would be much stronger this Winter after last season's eperiences together. Most of the team had returned, and with the new players he thought that they would be able to produce hockey that Nelson could appreciate.

Fred Holger, Manager of Los Angeles Ramblers, said that they had made every effort to bring a good team into the league, worthwhile to fit into the picture. He stated that this year had good prospects and they would do their best to give good hockey.

President of the Nelson Maple Leafs, W. A. Duckworth, described the new league. With five teams in the loop, Los Angeles, Spokane, Kimberley, Trail and Nelson, they expected 100 games in all. Instead of 10 home games, as last year, Nelson would have 16. Travelling expenses to Los Angeles would be footed by Mr. Holger, such as return plane fares from Spokane and costs while there.

Hockey this year, Duckworth went on, would definitely be a drawing card, with extra color and better hockey.

There were also ten extra seats on the plane chartered for the players, which were for purchase for anyone wishing to accompany the team. Reservations at Los Angeles would be made by Holger.

President of the Nelson Hockey Booster Club, Herb Peacock, spoke on the work they had done, with the raffle last year and the dance this season. They had changed the program system with the Boy Scouts distributing the cards among the people, rather than selling them at the door.

Major J. K. Mahony, V.C., of Edmonton, Commanding Army Cadet Officer, also a guest, spoke on the work of the cadets in Canada and their training.

tOher guests at the meeting were Lieut. E. R. Pellant, who accompanied Major Mahony, H. A. Mackenzie and John C. Peters and Gil Crawford of Edmonton.

Wants Movie of Ice Lane "Wrestling"

MONTREAL, Oct. 28 (CP)—Manager Frank Selke of Montreal Canadiens today threatened to have motion pictures made of next Friday night's National Hockey League game between Canadiens and Toronto Maple Leafs to show up the "wrestling tactics" he claims the Leafs' defence has adopted.

RAILROAD WORKER SNATCHES RODERICK TITLE

LONDON, Oct. 28 (CP)—Vince Hawkins, 23-year-old railroad worker, tonight won the British middleweight boxing championship from Ernie Roderick, 34, in a 15-round battle to a decision before a crowd of 8500 at the Albert Hall.

Hawkins weighed 159¾, Roderick 147½.

Roderick had reported an invitation from the United States National Boxing Association to meet Ray Robinson if he held his middleweight title tonight. He still holds the British welterweight championship.

Won't Risk Top Load for Wonder Horse

By WILLIAM STEWART
Canadian Press Staff Writer

MELBOURNE, Oct. 28 (CP Cable)—Bernborough, Australia's greatest race horse since Phar Lap, has been withdrawn from the historic Melbourne Cup Nov. 5 because his handlers—and racing fans generally—believe his allotted 149-pound package for the two-mile route might end the wonder horse's meteoric career.

"I won't go through the worry of seeing such a great horse strain every sinew and nerve to achieve what may be impossible," Trainer Harry Plant said today in disclosing that "dozens" of horse lovers have written pleading with him to cancel Bernborough's engagement in Australia's most famous race.

Plant said the tall Queenslander, who came from the obscurity of rural tracks to become known as the "Toowoomba Terror" with a string of 15 straight victories, would be reserved in future for weight-for-age races rather than straight handicaps.

Bernborough, now seven years old, started his winning streak last December when the Queensland Turf Club finally allowed his owner, Corsica-born Azzelin Romano, to race on other than bush tracks around Brisbane. The victory skein came to an end Oct. 19 when Bernborough finished fifth in the Caulfield Cup against 26 high-class horses.

Bernborough lugged 149 pounds in the 1½ miles of the Caulfield Cup, coming from last place with his usual late speed. He has been assigned the same weight for the longer Melbourne classic and Trainer Plant believes it could be done—but why take chances?

Army, Notre Dame Scribes' Choice

NEW YORK, Oct. 28 (AP) — United States sports writers stuffed the ballot boxes for the footballers of Army and Notre Dame today until they were busting out at the seams, leaving it squarely up to the collision of the cadets and the Irish two weeks hence to decide the year's national championship.

Army easily held onto first place in The Associated Press' weekly poll of writers to rank the country's gridiron powerhouses, while Notre Dame surged into a stronger grip on its second place spot.

Standings of the top 10 teams (first place votes in parenthesis, points based on 10-9-8-7-6-5-4-3-2-1 system):

1. Army (104) 1647; 2. Notre Dame (61) 1578; 3. Pennsylvania (4) 1100; 4. U.C.L.A. (1) 1018; 5. Georgia (1) 935; 6. Northwestern 659; 7. Texas 500 4-5; 8. Rice 465 4-5; 9. North Carolina 281; 10. Tennessee 191.

FAMED BRADMAN CRACKS OUT 76 RUNS

ADELAIDE, Australia, Oct. 28 (Reuters)—Don Bradman, once the world's No. 1 cricket batsman, scored 76 runs for South Australia today against the English touring team, Marylebone Cricket Club.

The English team declared at Saturday's total of 506 runs for five wickets and South Australia replied with 262 runs for nine wickets.

Bradman has been absent from high-class cricket for eight years.

Canadian Legion, W.A.'s First Social Tonight

Members of the Canadian Legion Women's Auxiliary, and their escorts tonight will hold the first recreation night of the season in the large hall. Bingo, whist and dancing games will highlight the night, as well as other games and refreshments. The social evening will be sponsored by the entertainment Committees of the Legion and the Auxiliary.

TOPS GOAL-GETTERS

NEW YORK, Oct. 28 (AP)—Norm Burns, right winger of New Haven Eagles, has taken over first place in the American Hockey League's individual scoring race.

Burns, who was third a week ago, tallied seven points during the second week of the campaign to boast a total of 13 points according to the official A.H.L. figures released today.

TITLE FOR McGILL

MONTREAL, Oct. 28 (CP)—McGill University won the East-West intercollegiate tennis championship today, taking four of seven matches from a strong University of Saskatchewan squad. It was the first East-West meet since before the war.

Bobby Duford, Breen Marien and Colin Ramsay chalked up singles wins for McGill while Dod Hodges and Johnny Leicester scored for the Westerners.

TO NAME CHAMPS

MONTREAL, Oct. 28 (CP) — Frank J. Hogan, President of the Canadian Boxing Federation, said today a meeting of that body will be held in Montreal next week or the week following. A list of Canadian champions in the various weight divisions will be drawn up.

FRODSHAM, Cheshire, England—(CP) — Celebrating her 100th birthday Mrs. Jane Fletcher had only one complaint—the poor quality of postwar bread.

$100 Payments From Jacklighting Hunters Are Deposits Returnable If Case Unproven, Say Officials

QUEBEC, Oct. 28 (CP)—The $100 payments that Quebec game wardens are demanding of hunters found with jacklights constitute a deposit, returnable when the case is not proven, according to Charles Fremont, General Superintendent of the Quebec Department of Game and Fisheries.

However, the burden of proof is on the hunter. He must show he had no intention of breaking the law. Although regulations do not state exactly what constitutes a jacklight, the wardens are taking action against any hunter in deer, moose or cariboo country who has a flashlight containing more than two small batteries.

When a jacklight is flashed into the eyes of a moose, it remains perfectly rigid and is easy prey for hunters.

Each case reported by game wardens is investigated by the Department and by a justice of the peace. If the hunter is unable to establish his innocence, the $100 deposit is turned automatically into a fine, of which the game warden collects $50 for his work.

In Montreal the Better Business Bureau said it had received only one complaint since the drive against jacklights began. That was from an American who claimed he was carrying only an ordinary flashlight.

Mr. Fremont said C. De B. Boutillier, Montreal sportsman, had written he was "fully convinced that 80 per cent of moose killed by so-called sportsmen are jacked."

An indication of the frequency of illegal hunting at night was to be found in the number of shooting accidents in the woods—many of them fatal—between one hour after sundown and one hour before sunrise, the hours in which hunting is forbidden.

HUNTER COMES HOME WITH A SILVER FOX

ST. CATHARINES, Ont., Oct. 28 (CP)—A versatile nimrod, William Partington went pheasant-hunting Saturday morning. Disgusted when he bagged no birds, he went rabbit-hunting in the afternoon, bagged no rabbits, but came home with a silver fox—the first shot near here in at least three years.

On the Legion Alleys

A. Ritchie's team bowled 1211 Monday evening to defeat R. Riley's quintet by 81 points, opening the second week of Christmas Tournament play on the Legion Bowling alleys.

A. Ritchie himself piled up an aggregate score of 290 for his team, while high single total went to Mrs. J. Edwards with 151.

Players and scores were:

A. RITCHIE				
Mrs. W. Simpson	119	137	—	256
F. Dalrymple	90	90	—	180
J. Drummond	135	145	—	280
Mrs. V. McGinn	96	109	—	205
A. Ritchie	148	142	—	290
Total	588	623	—	1211
R. RILEY				
Mrs. R. Olsen	94	118	—	212
J. Chambers	116	108	—	224
C. Cummins	128	84	—	212
Mrs. J. Edwards	121	151	—	272
R. Riley	90	120	—	210
Total	549	581	—	1130

NORMANS SNAP UP SENIOR SOCCER LEAD

Normans overcame a lead of the Vikings in a Senior soccer game played Monday on the Junior High grounds to win by a clean goal scored by Lorne Irwin. Hard-hitting Vikings lead by Allan MacDonald kept the play in enemy territory for the better part of the game but goalie Bruce MacLean held them in check.

Lineups:

Normans — Lorne Irwin, Keith Coskey, J. Gilken, M. Dunsmore, R. Carmichael, I. Anderson, B. Towkey, B. MacLean, G. Darrough, B. Stringer, J. Brummitt.

Vikings—J. Leshuck, J. Valentine, G. Pickering, R. Bennedetti, A. MacDonald, I. Welbourn, C. Maglio, P. Renwick, S. DesChamps, J. Vecchio, G. Davis, B. Bruneski, R. Lewis and A. Popoff.

Scorekeeper — Rudy Boates; referee—J. L. McMath.

Nelson Kiwanians To Attend Trail Club's Birthday

Several Nelson Kiwanians will attend the Trail Kiwanis Club's first birthday celebrations next week. This was decided at that club's weekly supper meeting on Monday in the Golden Gate Cafe.

Arrangements for the Club's second dance in aid of the underprivileged of Nelson and District privileged of Nelson and District were also made.

MEAT PRICES NOSE-DIVE IN NEW YORK

NEW YORK, Oct. 28 (AP) — Meat prices in New York City plummetted today with virtually the same momentum as they skyrocketted two weeks ago with decontrol.

Sirloin and porterhouse steaks were selling at 55 cents a pound compared with 95 cents one week ago at the same market, and butchers said they expected a "flood of beef" this week, driving prices down even more.

The long lines of shoppers were gone. Careful housewives eyeing the price tags, were buying only what they actually needed. One butcher, whose comment was typical of the situation, said:

"There's plenty of meat. What we need now are customers!"

Harrop Ferry To Start Winter Schedule Nov. 1

The winter schedule for the Harrop-Longbeach Ferry will go into effect Nov. 1 when the ferry will run from 7 a.m. to 7 p.m. during the week. Saturday hours are unchanged from 7 a.m. to 1 a.m.

At present weekday hours are from 7 a.m. to 11 p.m.

SLUGGER SOLD

TWIN FALLS, Idaho, Oct. 28 (AP)—Maury Doerr, President of the Twin Falls Cowboys of the Pioneer Baseball League, said today the contract of slugging Harry Heslet, a catcher, had been sold to Newark of the International circuit.

Name Committee For B.C. Bonspiel Play

The British Columbia Bonspiel will be held in Nelson from Feb. 10 to 15, J. B. Gray, President of the B.C. Curling Association said, following an organizing committee meeting, at which George Reimann of Trail, Permanent Secretary - Treasurer of the Association, was present.

Mr. Gray named the following Nelson curlers to his committee:

T. A. Wallace, H. M. Whimster, A. B. Gilker, A. B. Ronmark, A. G. Ritchie, John Thom, Al Jeffs, R. D. Hickey, W. G. Harold, Fritz Farenholtz and J. R. Bailey.

The annual meeting of the Association will be held in Nelson, Feb. 13

Resume Talks for U. S. Use of Alaska Highway

SEATTLE, Oct. 28 (AP)—The State Department has expressed willingness to resume negotiations on use of the Canadian section of the Alaska Highway by American truckers, Sen. Warren G. Magnuson announced here Saturday.

Magnuson previously had asked the State Department to investigate reports the Canadian government was refusing to permit "in-bond" truck shipments between the United States and Alaska over the highway.

A telegram received in reply from Dean Acheson, Assistant Secretary of State, said in part:

"The Department's view that the existing agreement provides for in-bond trucking over the Alaska highway was brought informally to the Canadian Government—if you would kindly furnish details of your information that our truckers have been denied in-bond privileges the Department would gladly renew representations immediately. The Department has no reason to doubt Canadian commitments will be honored in all respects."

Magnuson has protested to the State Department that the highway would be commercially useless to Alaska if in-bond truck shipments were barred.

Serve Notice to Oppose 30 Percent Freight Increase

OTTAWA, Oct. 28 (CP) — All Western provinces now have served notice on the Board of Transport Commissioners that they will oppose a 30 per cent increase in freight rates sought by Canadian Railways.

Latest opposition has come from Manitoba, the last of the Western Provinces to file its protest. Manitoba has notified the Board that it is objecting to the advances on the ground that they would be detrimental to the Canadian economy as a whole and because they are not warranted by facts set out in the railways' application.

Expectations are that hearings on the apliaction will be prolonged and will probably not get underway until next year. The application was filed jointly with the Board of Transport Commissioners and the Prices Board.

K.P. District Grand Chancellor To Speak Here

Philip F. McKim, District Grand Chancellor of the Knights of Pythias, will speak Tuesday evening to Lodge members and the Pythian Sisters. Mr. McKim is due to arrive from New Denver Tuesday, accompanied by Mark Bedux, District Deputy Grand Chancellor.

Mr. McKim will leave Nelson Wednesday to address the Knights of Pythias Lodge at Castlegar in the evening. He will visit the Trail and Rossland groups on Thursday and Friday.

TAYLOR JOINS PIRATES

PITTSBURGH, Oct. 28 (AP) — Zack Taylor, 48, veteran catcher and for the last five years a coach for St. Louis Browns, today was signed as a member of Billy Herman's Pittsburgh Pirate catching staff for 1947.

LONDON (CP) — Approximately 100 tons of copper will be required for campaign stars now being struck at the Royal Mint and Woolwich Arsenal at the rate of 15,000 a day.

FOREIGN EXCHANGE

NEW YORK, Oct. 28 (CP)—The Canadian dollar was unchanged at a discount of 4 per cent in terms of United States funds in closing foreign exchange dealings today. (Ottawa Foreign Exchange Board rates 1.00-1.00½ per cent dis.) The pound sterling was down 1-3 at $4.03 5-16.

NO CUT FOR TREASURY ON SWEEP WINNINGS

OTTAWA, Oct. 28 (CP)—It'll be "gravy" for the Canadian whose luck wins him prize money in the Irish Sweepstakes at Newmarket, England, next Wednesday.

A Revenue Department official said today that money won in the famous race is not subject to tax.

"It's just like going to a horse race here in Canada," he said. "We don't allow a tax deduction on the price of the ticket—so we don't seek to take your winnings."

Seven Canadians drew horses in the $5,250,000 event and two held tickets on "probable starters." The winner will we worth $125,000.

Lady Curlers To Open Competition Play Nov. 18

Nelson Ladies Curling Club will start its season Nov. 4 with a 10-day open house, it was decided Monday night at an executive meeting. The meeting, held at the home of Mrs. C. F. Grant, Mill Street, decided to start competition play Nov. 18.

Executive Committee will be host at a tea Nov. 22.

President for the season is Mrs. C. F. Grant with Mrs. E. N. Mannings, First Vice-President; Mrs. William Simpson, Second Vice-President and Mrs. W. J. Hipperson, Secretary-Treasurer, and Mrs. Thomas Bishop, Tea Convener, completing the executive.

Two Aussie Boys Write for Pen Pals in Nelson

More Aussie teen-agers want pen pals in Nelson.

In a letter to The Daily News from the Southport School, Southport, Queensland, Australia, two boys, both 15 years of age, asked for girl pen friends in Nelson.

"My name is Roy Firth," the letter read, "and I and my friend, Roy Nott, would be very grateful if you could obtain for each of us girl pen friends about our age in Nelson." The boys added that they would like photos of any girls who write them.

Roy Firth and Roy Nott live at the Southport School.

Any Nelson High School students who write these boys will be interested to learn that the Southport School motto is "Palman Qui Meruit Ferat," which is also the Nelson High School motto.

Spartans Defeat Vikings in Girls Volleyball

Score seesawed back and forth in the first period of the girls senior volleyball game when the Spartans defeated the Vikings in a hotly contested game. In the second period Lois Taylor with smooth serving surged the Spartans ahead and took the edge on the game. Both teams were supported by hearty cheering sections.

Upsets Leave Canadian Football Picture Re-Clouded After Weekend

By JACK MITCHELL
Canadian Press Staff Writer

Instead of the clouds lifting according to forecast from Canada's Senior Football scene, the playoff positions were as befogged as ever today after a weekend that featured upsets.

In the East's interprovincial union, Toronto Argonauts, Montreal Alouettes and Ottawa Rough Riders still had a chance for the two places, although Riders' hopes were reduced to the mathematical by their 8-5 loss to Argos. Hamilton Wildcats just missed a chance to confuse the picture further by a narrow 21-15 loss to Alouettes.

Windsor Rockets, whose loss would have settled the four Ontario Union spots, surprised with a 13-6 victory over Sarnia Imperials and still may catch the fourth-place Imps. Balmy Beach made sure of one of the other berths meanwhile by whipping the winless Trojans, 6-1, at Toronto.

In the league's big game, Hamilton Wildcats upset the unbeaten Toronto Indians, 20-17, before a home crowd of 14,000 and thus moved into a leadership tie with Brian Timmis' tribe.

Even in the East's intercollegiate circuit, which doesn't challenge for the Dominion title, prospects of a playoff clash were seen in University of Toronto's smashing, 39-7, win over hapless Queen's University.

The West's probable Grey Cup challenger remained a toss up after Calgary Stampeders; meeting Winnipeg Blue Bombers for the honor in a total-points series, came through with a 21-16 victory to carry a slim lead into the final clash on Winnipeg's home grounds next Saturday.

It was Joe Krol, still the King of the East's individual scorers, who led Argonauts out of their slump before a record crowd of 13,000 at Ottawa. The big half punted all his team's points on two placements and two singles. Riders, guilty of costly fumbles, got all their points on rouges punted by Bert Haigh.

The Ottawa team, who lost the day on Krol's last quarter placement after climbing into a 5-5 tie, now must defeat Hamilton in two goals while hoping for either Montreal or Toronto to sweep that two-game series. That would give Ottawa a second-place tie with the loser.

Each team counted three touchdowns at Calgary but a field goal by Bill Wusyk, the West's leading scorer during the regular season, provided Calgary's margin. For Stampeders, the major scorers were Hal Harrison, Jimmy Gilkes and Jack Holdsworth while Bill Ordway got two touchdowns and Wally Dobler one for Winnipeg.

Gem and Fur Thieves Strike Again

LONDON, Oct. 28 (CP)— Gem and fur thieves, striking again in London, looted two homes of some $20,000 in valuables during the weekend.

Adelaide Hall, American-born singer, was robbed of an ermine coat and cape, a silver fox fur and $12,000 worth of jewelry by burglars who jimmied open her front door while she and her husband dined with a neighbor last night.

David Lowe, British Customs official, lost $3000 in jewels to thieves who apparently climbed through his kitchen window Saturday night while he and his wife were out.

Meanwhile officials of St. Jame's Palace disclosed today that $3200 worth of diamonds reported stolen Saturday, "have been found intact in the palace."

A palace spokesman said, "It is now clear that the jewels had never left the apartments of Lady Legh," American-born wife of Sir Piers Legh, master of the King's household.

The jewels—a ring, bracelet and brooch, all set with diamonds—"were put away too carefully, so that they could not be found for two days," the spokesman said.

TORONTO, Oct. 28 (CP)—Burglars stole $2500 worth of jewels from the home of Murray Scheinman, diamond merchant, last night, working so quietly that three children sleeping in the next room were not disturbed.

The burglars entered through a second-storey window and took the jewels from a desk on the same floor.

Says Crerar Will Draw $3754 In Gratuities

OTTAWA, Oct. 28 (CP)—Defence Headquarters said today that Gen. Crerar, retired former 1st Canadian Army Commander, will draw gratuities totalling $3754, probably the highest amount paid a discharged serviceman. Gen. Crerar went overseas soon after war started, serving until after victory. In addition to the gratuities he is entitled to a re-establishment credit of $1002 and $100 clothing allowance.

MARCHILDON READY FOR CHANGE

PENETANGUISHENE, Ont., Oct. 28 (CP) — Phil Marchildon, ace pitcher with Philadelphia Athletics of the American Baseball League, said at his Northern Ontario home here today he was keenly interested in newspaper reports that he was being sought by New York Yankees and Boston Red Sox.

After winning 13 games with the last-place A's, Marchildon said in an interview that "it sure would be a lot easier pitching behind guys like Doerr, Williams, Pesky and DiMaggio."

In New York, President Larry MacPhail of the Yankees said tonight he "knows nothing" about published reports that the Yankees are after Marchildon.

"It's news to me," said MacPhail.

Toms of Wildcats Has Top Average

TORONTO, Oct. 28 (CP)—Rookie Halfback Don Toms of the Hamilton Wildcats in the Ontario Rugby Football Union has the best scoring average in Eastern Canada football although he is in a second place tie for total points, scoring statistics compiled by The Canadian Press showed tonight.

Toms has scored 11 touchdowns for 55 points in nine games for an average of slightly better than six points a game. Joe Krol of Toronto Argonauts in the Interprovincial Big Four has most points with 59 in 10 games and Virgil Wagner of Montreal Alouettes shares second place in the totals with Toms, with 55 points on 11 touchdowns in 10 games.

Lewis Says Gov't Agrees to Joint Meeting

WASHINGTON, Oct. 28 (AP) — John L. Lewis said today the government has agreed to a joint meeting on Friday Nov. 1 and that the present contract between Secretary Krug and the United Mine Workers will continue effective during negotiations.

TODAY'S News Pictures

First Mexican Cattle Arrives To Relieve Shortages

A few members of the first contingent of Mexican cattle to arrive in the Chicago Union stockyards from Mexico are shown in their pen shortly after arrival. They are Brahma cattle and should provide good steaks. Opening of the Mexican border for cattle buying is expected to help in making short work of the meat famine that has been causing all the sound and fury in the United States.

Off to the Tropics

The tropics are a familiar hunting ground to "Uganda", as evidenced by this photograph of her shell-case strewn decks, following the bombardment of Sakishimi Island, South of Okinawa, in the closing months of the war against Japan. "Uganda" will rendezvous with Warrior" in Magdalena Bay, Mexico.

Sets New Record

This white monster, a German V-2 rocket projectile, was photographed as it soared into the sky from the White Sands, N. M., proving ground by U. S. Army Engineers. The rocket reached a height of 102 miles, just short of the 150-mile record set by another V-2 last August, but it reached a record speed of 3600 miles an hour at a point 25 miles above the surface of the earth.

At Dominion-Provincial Talk in Ottawa

CHARLES DALEY

L. D. CURRIE

Hon. Charles Daley headed the Ontario delegation to the Dominion-Provincial Labor Conference in Ottawa. Other Labor Ministers attending included G. S. Pearson, British Columbia; C. E. Gerhart, Alberta; C. C. Williams, Saskatchewan; C. R. Smith, Manitoba; S. E. Mooers, New Brunswick; Hon. Antonio Barrett, Quebec, and Hon. L. D. Currie, Nova Scotia.

Confers With Truman

Lieut.-Gen. Walter Bedell Smith, American Ambassador to Moscow, is shown as he called at the White House for a conference with Mr. Truman.

They'll Do It Every Time

Registered U. S. Patent Office

By Jimmy Hatlo

Laura Wheeler

Market Trends

VANCOUVER, (CP) — Mines moved moderately upward in forenoon trading on the Stock Exchange on the heels of a rumor that the price of gold was going to jump to 52 dollars an ounce from the 35 dollars it is pegged at now. Oils were off slightly and industrials were unchanged. Sales in the mornings trading were 28,000 shares.

LONDON — The stock market was exceptionally quiet. With nothing in the weekend news to stimulate business, activity was confined to routine. Gilt-edgers were quieter, with prices 1-16th lower.

MONTREAL — Major securities were mixed and junior mines displayed strength in trading up to the last hour on the stock exchange and curb market.

NEW YORK — Stocks generally jogged over a losing trail in the market, although scattered issues, including gold mines, managed to contest the shift with some success.

TORONTO — The market for gold stocks perked up sharply on the exchange and the close was around the top. Golds had an index gain of about 4 points and the base metals firmed narrowly. Other groups were steady to lower. Volume was comparatively heavy at around 1,300,000 shares.

During prehistoric times the Pueblo Indian of New Mexico made cigarets by wrapping corn husks around the dry leaves of some wild tobacco plant.

Apartment House Owners' Strike Heads for Court

SEATTLE, Oct. 28 (AP) — The Apartment House Owners' Strike appeared headed for the courts today as Victor White, editor of the Apartment House Magazine, challenged Prosecutor Lloyd Shorett to act on his recent warning that he would bring conspiracy charges if a concerted move was made to hold apartments vacant.

"If the prosecutor really wants to find somebody who has apartments vacant and is going to continue to hold the mvacant, he shouldn't have a great deal of trouble doing it," said White, who predicted the prosecutor's warning would make owners "more determined than ever to prove they still have constitutional rights."

Says Car Thief Meanest In the Country

NEW YORK, Oct.28 (AP)—Police sought an auto thief today whom they characterized as the meanest in the country. The stolen auto was a specially constructed model the government had bestowed only 24 hours before on Walter Floch, 26, who lost his right leg fighting in France.

The antlers of all deer, elk, and even the giant moose are grown and discarded each year.

CONOLLY BREAKS OUT FOUR STARRED FLAG

LONDON, Oct. 28 (AP)— Adm. Richard L. Conolly broke out his four-starred flag aboard the speedy new 6000-ton anti-aircraft cruiser Spokane toady to make it his flagship as commander of the 12th fleet and of U. S. Naval forces in Europe.

Addressing the crewmen, Conolly urged them to "maintain your ship ready for battle." He told reporters later his request was "purely a question of efficiency."

Says Bevin Agrees To Recognize Egyptian Sovereignty

CAIRO, Oct. 28 (AP)—A highly placed Egyptian source said today that Foreign Secretary Bevin had agreed in treaty negotiations to recognize Egyptian sovereignty over the Sudan and to get all British troops out of Egypt within three years.

Disagreement over the Sudan has been the big stumbling block in negotiations for revision of teh 1936 Anglo-Egyptian alliance, concerning which Mr. Bevin and Egypt's Premier Ismail Sidky Pasha conferred last week in London.

The Premier said last night in a communique that new formulas resulting from his talks would be studied Saturday by the Egyptian delegation, which rejected previous British proposals.

Should the Egyptian delegation accept the latest British proposals, it was said, the British delegation will return to Cairo to sign a new agreement and it will be submitted to the Egyptian Parliament for ratification.

Message Says Communists Began Wave of Rioting

MIAMI, Fla., Oct. 28 (AP)— The Miami Herald today quoted a cable message from Manuel de Moya at Ciudad Trujillo as saying armed Communists befan a wave of rioting in the Dominican Republic's capital Saturday night.

The cable from De Moya, Secretary to President Rafaele Trujillo, said.

"Last night (Saturday) the Communists tried a coup d'etat. They notified the authorities of their intention to hold a meeting. In the early afternoon they distributed knives, machetes and clubs, and at 10 p. m., attacked foreigners and unarmed citizens.

"They have created disturbances throughout the city. The Mexican Embassy was violated.

"Prominent members of the so-called Communist Party did not take part in the meeting after ordering the disturbances."

The Herald said the Communist Party was organized in the Caribbean Island Republic within the last two months.

Service Personnel To Be Demobilized

LONDON, Oct. 28 (Reuters) — Eighty-four per cent of British service personnel who were serving on VE-Day will be demobilized by the end of 1946, Labor Minister Isaacs said today in a written Parliamentary reply.

Troops Moving Towards Port of Dairen

By TOM MASTERSON

PEIPING, Oct. 28 (AP) — Chinese Government troops in Manchuria today were reported by official sources to be moving along two routes toward the big Soviet-occupied free port of Dairen, apparently seeking to cut a suspected major funnel of supply for Chinese Communist armies in Manchuria.

There was no indication that Dairen itself was the goal of the drives South from captured Anshan, along the Mukden-Dairen railroad, and Southwest from Antung, the Manchuria-Korea border city seized two days ago.

Soviet Russia agreed under the 1945 Sino-Soviet Treaty to joint control of Dairen by the two powers but the Russians have maintained a large garrison there and have forbidden intrusion both by the Chinese Government and a United States Naval Party.

(Three American Press correspondents who managed to enter Dairen last February, only to be ejected promptly by the Russians, reported brisk Soviet Military activity there.)

Government capture of Chefoo, the main Communist port on the Shantung Peninsula of North China appeared imminent. Fighting was reported inside of the city itself, and government sources predicted its capture within three days.

In Nanking, peace negotiators retained some hope but made no report of progress. Generalissimo Chiang Kai-Shek still had not returned from an inspection trip to Formosa.

Phone Call Bull Loose, Led to Impromptu Rodeo

KITCHENER, Ont., Oct. 28 (CP) —Telephone calls that a bull was loose on a city street led to an impromptu rodeo Saturday night. Police in a cruiser hunted the animal for three hours and when it was sighted a constable leaped from the running board and in true Western style "threw" the bull—which turned out to be a seven-months old calf. Police are still seeking the owner to present him with a bill for cleaning uniforms.

Leopard Men on the Prowl Spread Terror

Over 200 Clawed and Mutilated Bodies Found in Jungle; Wait Beside Trail for Unsuspecting Villagers

JOHANNESBURG, South Africa, Oct. 28 (AP) — The Leopard Men of Nigeria are on the prowl again. Recent reports state that upward of 200 clawed and mutilated bodies, victims of the Leopard Men, have been found in the jungle fastnesses.

Nobody knows the exact origin of the Leopard Men, or "Anyotos," but they have given more trouble to white administrators than any other secret society in the history of African colonization. They spread terror among various tribes from Mozambique, across the Congo to the West African Coast.

The Anyoto wears a leopard skin over his head and down to his waist, with holes cut for his eyes. On each wrist is an ingenious iron bracelet with four sharp prongs which lie flat against the hand when open but project forward like claws when the fist is clenched. They often carry a stick with a replica of a leopard's paw on one end. By jabbing this into damp soil they give the impression of a leopard stalking a victim.

On the warpath, the Leopard Men wait beside a jungle trail until an unsuspecting villager comes along. Then, shrieking like the animals they emulate, they spring on his back and claw out his jugular vein with their iron hooks. The body is dragged into a convenient clearing and mutilated amid a frenzy of fanatical mumbo-jumbo.

BOFIMA KEPT "ALIVE"

The witch doctor takes what he needs for his "medicines," and then the bag of charms called the "bofima" is produced for the ceremony of keeping it "alive." The black bag of human skin about the size of a large sausage is kept "alive" by periodical painting with human blood. Finally, the Leopard Men eat parts of their victim to protect them from sickness and endow them with certain mystic virtues.

The Leopard Men often use a specially prepared ointment, containing an ingredient like pepper, which is pushed into the nostrils before a ritual murder and is supposed to cause violent excitement while dulling the senses. The Leopard Men believe that if they fail to kill their victim the ointment in their noses will swell and suffocate them.

INITIATION TERRIBLE

Initiation into the sect is a terrible ordeal, lasting for two months and including torture and mutilation which must be borne with stoicism. The witch doctors impress on the young men the vital necessity for complete obedience to the leader and for absolute secrecy. Death is the penalty for disobedience. In the final ceremony the Lake, or Chief Leopard, cuts the prescribed ritual marks in the flesh of the recruit, who then becomes a fully fledged Antoto.

Terrorism is a potent weapon and Colonial authorities find it almost impossible to secure reliable evidence against the Leopard Men, even from intended victims who may escape. They do not often escape.

News From Eire . . .

City-Dwellers Left Desks, Homes To Save Crops From Downpour

By STUART UNDERHILL
Canadian Press Staff Writer

DUBLIN, Oct. 29 (CP) — Eire's countryfolk now take a more kindly view of townspeople, who showed they were made o fthe right stuff by volunteering in thousands to get in rain-drenched harvests.

Stenographers, soldiers, civil servants, brocklayers and carpenters were among those who gave up their spare time to aid the farmers and prevented losses from being as serious as had been feared. The equivalent of 120,000 man-days was provided by Dublin workers alone.

A feature of the volunteer movement was the success with which women worked. One farmer who received a Dublin stenographer with doubts said afterwards "that girl was better than a man-and-a-half" after she stooked wheat all day, milked the cows, and then helped prepare dinner.

On another farm four women—two civil servants and two school teachers—worked all day in the fields, then milked 30 cows, enabling male milkers to continue stooking.

"Examples like these broke down the farmers' antipathy toward volunteer workers, especially toward women," said an official who organized the volunteers. "About 50 per cent of those offering help were women and they did anything and everything on the farms.

Come on over: Residents of Northern Ireland can hardly be expected to want to unite with Eire as long as the latter's social services and living standards are lower than those of the North, say members of Clann Na Poblachta, Eire's opposition party.

"Would a person of 65 who was receiving an old age pension of 26 shillings per week in the six counties be anxious to forgo that pension by coming under the benevolent rule of our Government?" said Sean McBride, in an address at Cork.

"In every phase of the social services, ours compare unfavorably with those that prevail in the six Counties."

He said the first step totward ending partition should be to invite elected representatives of the six Northern Counties to take their part in Eire's councils, with seats in the Dail. Members of the Dail should be given more voice in running the country's affairs, and services should be improved immediately.

7th Congress of Canadian Slovak League Open Meet

WINDSOR, Ont., Oct. 28 (CP) — The seventh Congress of the Canadian Slovak League opened a three-day session here today with delegates from all parts of the Dominion in attendance. Mayor Arthur J. Reaume welcomed the delegates at a banquet last night at which Andrew Potosky of Fort William was the chief speaker.

Forde Offered Overseas Diplomatic Post

CANBERRA, Oct. 28 (CP)— An authoritative government source said today that army minister Francis Forde, who was defeated in the recent General Election, had been offered an overseas diplomatic post by the Australian Government.

Informed circles expressed belief the post would be that of High Commissioner to Canada.

Hon. Alfred Stirling is the present High Commissioner for Australia in Canada.

Negotiations to Settle Strikes Conducted

MELBOURNE, Oct. 28 (CP-Cable)—Officials of Victoria State's Labor Government are conducting negotiations for settlement of strikes which for a week have immobilized state railway transport and street cars in Melbourne, Australia's second largest city.

The transport strikes entered their second week Monday with 27,000 railwaymen and Melbourne's 4500 tramway employees standing idle in hope of gaining demands for a 44-hour, five-day week and adjustment of overtime schedules.

The Melbourne Strike Committee today unanimously passed a resolution recommending a cessation of the street car and rail strike. The resolution is subject to ratification Tuesday by a mass meeting of workers. If accepted by the workers, public transport likely would be resumed Wednesday.

Rail transport between Victoria and the rest of Australia is tied up and workers and shoppers in Melbourne, a city of nearly 1,000,000 have to get about as best they can. Some buses still are running and stores and business firms reported comparatively few employees away from work last week.

However, the gas on which thousands of homes depend for cooking has been rationed because waterfront workers refuse to unload ships including those bringing coal from New South Wales, until the transport strike is over.

Victoria's stoppages, the recent 24-hour tramway and bus tieups in Sydney and Newcastle in New South Wales and a nine-day strike of Sydney Waterfront Workers are manifestations of labor unrest in Australia.

Senior Labor Union executives have counselled various unions, such as those of the tramway men and railway workers, to remain on the job while their cases and those of other workers for shorter hours and better pay in face of higher living costs were laid before the Federal Government. Individual unions some led by the "Left Wingers" of the Labor movement, have taken action on their own.

It costs less to PREPARE than to REPAIR!

Old Man Winter is a hard taskmaster for automobiles. He nips vulnerable spots of your car with disastrous effects unless you are prepared. Now is the time to protect your car against the ravages of cold weather ahead.

WINTERPROOF Your Car Now!

Here are the things to think about in getting YOUR car ready for winter driving:

Flush radiator and put in anti-freeze.
Have summer weight oil and greases replaced with lighter oil.
Have lights adjusted and lighting connections checked to avoid useless strain on battery.
Increase battery charging rate, if practicable.
Check windshield wiper for worn blade or broken arm.
Protect body paint against winter weather by waxing car.
Protect anti-freeze expense by tightening hose connections, pump packing and cylinder head gaskets.
Check starting motor, spark plugs and ignition to reduce drain on battery.
Adjust carburetor to proper richness for easy starting.
Have brakes adjusted and balanced to reduce chance of skids.
Check steering gear to insure safety on slick winter roads.
Tighten manifold and muffler connections to prevent leaks of unpleasant exhaust into car.
Be sure that tires are not too worn to give good traction on slick, treacherous roads.
Get your chains before you need them.
For winter comfort, have a heater installed in your auto.
