Five Killed, 13 Injured in Demonstrations

MADURA, India, June 23—Five persons were killed and 13 injured today when police fired into crowds of demonstrators in Madura. The demonstrations were held to protest the arrest last week of Jawaharlal Nehru, the President-elect of the All-India Congress party. Nehru since has been freed and has returned to New Delhi.

CONGRESS PARTY REJECTION BRITISH PLAN SEEN

NEW DELHI, June 23 (CP) — Statements by President Maulana Abul Kalam Azad and Mohandas K. Gandhi tonight pointed to rejection by the all-India Congress party of the Interim Government proposed by the British Government.

Dr. Azad, emerging from a three-hour meeting of the Congress Working Committee, said wearily:

"The thing is now over as far as the Congress is concerned."

Gandhi, the party's spiritual leader, addressing an evening prayer meeting, commented:

"Let us not look to the British Cabinet Mission, but let us ourselves become a Cabinet mission and develop that power and authority. We cannot build freedom in a hurry, nor can we get it in a hurry. We have to work patiently and preservingly."

The meeting, attended by Gandhi, followed immediately a 90-minute conference of the Committee leaders with Viceroy Viscount Wavell and the three-member British Cabinet Mission to India.

"The whole thing is made final now," said Dr. Azad. "The resolution is being drafted and will be ready shortly."

Nehru returned today to New Delhi to attend sessions of the Working Committee. Both Nehru and Azad joined in the discussions with the Cabinet Mission and the Viceroy.

Nehru criticized the Kashmir order banning him from entering the Princely State.

Arrest Seamen's Union Man on Inciting, Intimidating Charges

MONTREAL, June 23—A spokesman for the Canadian Seamen's Union says the charges against Conrad Saurus are intimidation and inciting men to desert their ships. Saurus, a C.S.U. business agent, was arrested by Provincial Police in Montreal Saturday, and so far no official source has revealed the charges against him.

An officer at Provincial Police headquarters in Montreal said the Union official was arrested on a warrant but he added that it is a special case and he can give no details.

A public relations officer for the Montreal local of the C.S.U.—Harry Gulkin—reports that Saurus was arrested at the Union's headquarters on St. Francois Xavier Street in downtown Montreal.

Says Gulkin: "We think this is an attempt to sabotage the efforts of the Government and the Union to end the 27-day-old tie-up on the Great Lakes." Gulkin says Saurus is a key factor in despatching the men to the ships on Monday morning.

The Federal Government has taken control of inland shipping effective Monday morning, thus ending the shipping strike.

WINDSOR, Ont., June 23 — The crews of three oil tankers tied up in the Detroit River near Windsor during the seamen's strike boarded the ships today and prepared to sail from their berths.

Earlier, Canadian Seamen's Union pickets were said to have refused to permit the crews to go aboard the tankers. At the time, however, Union sources said that all the men had applied to C.S.U. membership on their arrival in Windsor from outside points. When the crews did go aboard, C.S.U. pickets rowed them out to the ships.

MONTREAL, June 23 — Sixteen seamen who appeared in Montreal court on a charge of illegally parading on city streets were let off with suspended sentences. One other sailor was fined $5. The seamen held a "victory parade" last night to celebrate the end of the Great Lakes strike.

Eden Would Open Talks to All

By JACK BRAYLEY
Canadian Press Staff Writer

OTTAWA, June 23 (CP)—Looking grayer and noticeably older than on his last visit, Rt. Hon. Anthony Eden, arrived here today with a party of British parliamentarians en route home from the Empire Parliamentary Association conference in Bermuda, and said he wouldn't exclude any nation from the "profitable" conferences in future.

He recalled the Canadian section of the Association had established a "good precedent" several years ago by inviting United States Congressmen to the gathering, which previously had been confined to representatives of the various Commonwealth countries.

This custom had continued and the Americans had taken an important part in the recent conference in Bermuda.

After he had shaken hands with an official welcoming party, he was surrounded by reporters.

He smiled, said he was making a couple of speeches in Canada and added if he said too much while he was here, "you'll get very tired of me, I'm afraid."

When asked to comment "briefly" on the world situation, he chuckled and said: "You just take a look at the world situation and see if it can be commented on briefly."

It was a boiling hot day as Mr. Eden and the British party left their private car and walked up the platform. And the British members joked with Col. E. B. King, a Labor member, for having brought along a fur coat. "I guess he took Kipling too seriously," one said.

TORONTO, June 23 (CP) — Chancellor Dr. H. J. Cody of the University of Toronto said tonight that it is as "an architect of the United Nations structure" that Rt. Hon. Anthony Eden, former British Foreign Secretary, will be honored with presentation of an honorary degree from University of Toronto next Thursday.

BURGLARS LEAVE NOTE

NEWARK, N. J., June 23 (AP)—Burglars who stole a $50 wrist watch from the apartment of Mrs. Clea Hapgood yesterday left two dirty dishes and this note: "Sorry, lady. We had to rob you. We need the money." The dirty dishes had been used to consume two quarts of milk and some cereal.

Date Set for Miners' Strike

VANCOUVER, June 23—An official of the International Union of Mine, Mill and Smelter Workers (CIO) reports that a definite date has been set by the Union's Policy Committee for a strike of 2500 hard-rock miners in British Columbia.

The official—Ken Smith—stated that the deadline is being submitted to all locals throughout the Province for endorsation before it is made public.

The Union is seeking a 29 cents an hour increase, a 40-hour week, Union security and a master agreement covering the entire industry in the Province.

The operators have offered a six and one-quarter cent an hour increase, and contend that the 15 gold and copper mines affected should make separate agreements with individual union locals.

Trail Clinic Gives Notice to C. M. & S. Medical Committee

TRAIL, B. C., June 23—The C. S. Williams Clinic at Trail, B. C., has served 90 days notice of termination of its agreement with the Consolidated Mining and Smelting Company Employees' Medical Committee. This means that some 5000 of the company's employees at Trail will be without a medical aid plan after September 20, unless a new health plan is evolved.

Two plans acceptable to doctors at the clinic were turned down earlier this month following a vote of employees. Members of the Medical Committee report little progress toward a settlement satisfactory to both parties.

TROOP MOVEMENTS IN AREA OF TRIESTE

LONDON, June 23 (CP) — A British Foreign Office spokesman acknowledged there have been some movements in the area of Trieste occupied by British and United States troops.

But he said Yugoslav reports that the demarcation line would be moved five miles Eastward were "nonsense."

The Yugoslav press said yesterday British and American concentrations were taking place near the demarcation line in disputed Venezia Giula, that two British armored divisions were on the move, and that extensive military preparations were taking place.

INDIA LODGES CHARGE AGAINST SOUTH AFRICA

Complains Before United Nations of Discrimination

END TRADE PACT

By MAX HARRELSON

NEW YORK, June 23 (AP) — India filed a formal complaint with the United Nations tonight charging the Union of South Africa with discrimination against approximately 250,000 Indians living in South Africa.

The complaint, filed by Sir Ramaswami Mudaliar, head of the Indian U.N. delegation, called on Secretary-General Trygve Lie to place the case before the General Assembly which meets Sept. 3.

Sir Ramaswami said the difficulties already had caused India to terminate her trade agreement with South Africa and recall her High Commissioner. The situation now is so serious, he said it threatens "to impair friendly relations between India and South Africa."

Meanwhile, it appeared almost certain that the General Assembly also would be called upon to act on Poland's charges that Franco Spain was a threat to world peace.

Polish circles indicated that Dr. Oscar Lange, Polish delegate to the Security Council, planned two moves if the Security Council acts according to expectations tomorrow and rejects his demand for a worldwide diplomatic break with the Franco regime.

1. He would make an effort to keep the Spanish case on the Security Council agenda.

2. Regardless of what happened in the Security Council, he would bring the case before the General Assembly.

FRESH MEAT VANISHES FROM DINNER TABLES

"No Prospects of Improving, Future"

SKELETON CREWS

CHICAGO, June 23 (AP)—Fresh meat, hard to get in wartime with rationing in effect, has virtually vanished from most of the country's peacetime dinner tables.

With slaughtering operations of most of the big time packers at an historic low level, the shortage of fresh meat supplies is general throughout the United States. Urban areas have been hardest hit as the meat situation became more severe this week.

One spokesman for the meat packing industry said the consumer supply of meat in legitimate channels was lower than at any time in history. Another said there were "no prospects of the situation improving in the near future."

MANY PLANTS CLOSED

Most of the packing plants, large and small, maintain skeleton working crews. Many plants have closed. Butcher shops in many cities remain closed two or three days a week. The scanty fresh meat supplies butchers can get are sold out in a hurry. The usual supply of fowl and fish is the choice for about most of the customers.

Business at the big packing plants in Chicago and Kansas City, the country's two largest meat centres, is at an all-time low. There is only a trickle of supplies turned out as pens remain empty.

Since Monday Chicago packers reported slaughtering less than 4000 cattle, the lowest in the country's history, compared to more than 20,000 head slaughtered during the same days last year.

Reports from cities across the country were about the same—very small supplies of meat.

Los Angeles said meat industry spokesmen said only 10 per cent of the normal supplies were in butcher shops. San Francisco's butchers reported a critical situation with virtually no beef or pork, a fair supply of lamb and plenty of poultry. Similar reports came from New York, Boston, Detroit, Washington, Philadelphia, Pittsburgh, Kansas City, Milwaukee and Chicago.

The Agriculture Department in Washington and Economic Stabilizer Chester Bowles have said that farmers are withholding meat animals, anticipating possible higher prices. Mr. Bowles added there would be plenty of meat after the Office of Price Administration issue is settled.

The Agriculture Department said virtually all the marketed cattle were bought by local independent slaughterers and plants killing meat for hotels and restaurants. The big packers contend such buyers have paid prices above the O.P.A. ceiling.

RAINS INSUFFICIENT

PORT ARTHUR, Ont., June 23—(CP) — Rains which had brought hope to fire fighters battling blazes at a number of points in this district Wednesday night were insufficient to put out the fires, it was reported today.

One new fire was reported at Frank's Lake, Northeast of Lake Nipigon. The 3000-acre fire at White Birch Lake, also in the Nipigon area, was spreading slowly again today despite the efforts of more than 100 fire fighters.

PRACTICE BOMB BURSTS OVER BIKINI

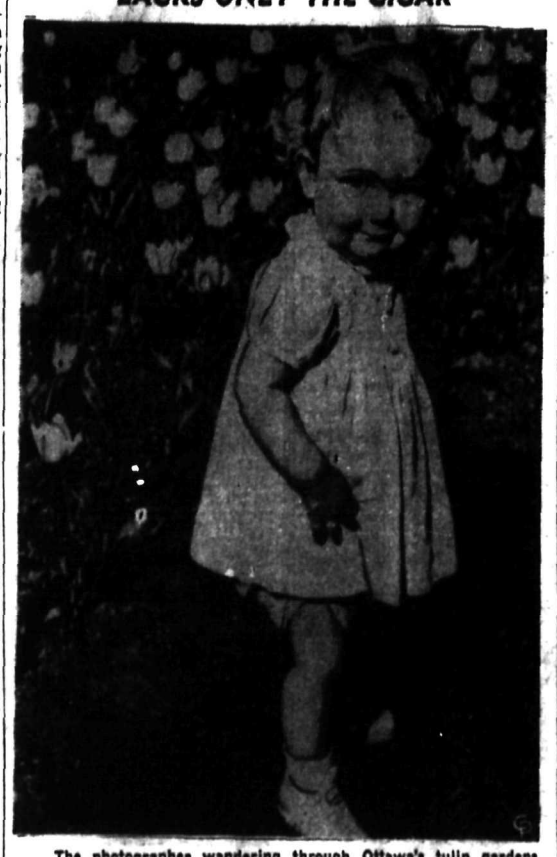
ABOARD THE U.S.S. McKINLEY, June 24 (Monday) (AP)—The "Queen Day" Atomic test practice bomb was dropped at 9:11 a.m. (Monday) Bikini time.

A ball of orange flame bursting from the practice bomb close to the centre of the target fleet off Bikini punctuated the final rehearsal for the "able day" test scheduled later.

Correspondents aboard the flagship at a distance of slightly more than 10 miles from the practice bomb said the bomb appeared to explode between the battleship U.S.S. Nevada and the light carrier Independence at a height of 1000 to 1500 feet. Observers on the flagship were unable to see the B-29 which released the practice bomb.

Task force high command officers were well pleased with the experiment.

LACKS ONLY THE CIGAR



The photographer wandering through Ottawa's tulip gardens came upon little Sandra Garland, 15 months old, who turned towards the camera to reveal a striking resemblance to Winston Churchill, England's wartime Prime Minister. The blooms, the finest that the Netherlands' famous tulip nurseries produce, are gifts from the Dutch government to the City of Ottawa.

NEW COALITION GOV'T FOR FRANCE

PARIS, June 24 (Monday) (AP)—A new French coalition government was formed early today, with President Georges Bidault retaining his portfolio as Minister of Foreign affairs.

M. Bideault's new cabinet differed little from that serving under his predecessor, Socialist President Felix Gouin. It gave virtually equal representation to France's three major political parties — A. Bidault's own Mouvement Republicain Populaire, the Communists and the Socialists.

M. Gouin and Maurice Thorez, Communist leader, were named vice-presidents of the Cabinet. Francisque Gay, M.R.P. leader, and Alexandre Varenne of the Union Democratique et Socialiste de la Resistance Party were named ministers of state.

M. Bidault's cabinet appointments left unfilled the important Food Ministry.

His other Cabinet appointees were:

Justice Minister—Henri Teitgen, MRP.

Interior Minister — Edouard Depreaux, Socialist Army Minister — Edmund Michelet, MRP.

Armaments Minister — Charles Tillon, Communist.

Finance Minister—Robert Schuman, MRP.

National Economy Ministry — Francois de Menthon, MRP.

Public Works Minister — Jules Moch, Socialist.

Agriculture Minister — Pieree Tanguy-Prigent, Socialist.

Industrial Production Minister—Marcel Paul, Socialist.

Education Minister — Marcel Naegelen, Socialist.

Communications Minister — Jean Letourneau, MRP.

Colonies Minister—Marius Moutet, Socialist.

Labor Minister—Ambroize Croizat, Communist.

Population Minister — Robert Prigent, MRP.

Public Health Minister — Rene Arthaud, Communist.

Reconstruction Minister—Francois Billoux, Communist.

Veterans' Affairs Minister—Laurent Casanova, Communist.

M. Bideaut said he himself also would take charge of the Information Ministry with the aid of State Secretary Andre Colin.

The new Cabinet will meet Tuesday and will be presented to the Constituent Assembly on Wednesday for formal approval.

J. Skinner, Trail, Appointed Official Administrator

James Skinner of Trail, who was appointed temporary official administrator for Kootenay county, including Trail, in July 1940, has been appointed Official Administrator June 15, according to the current issue of the B. C. Gazette.

Junior Chamber Endorses Relaxation Of Gov't Controls

EDMONTON, June 23 (CP)—The 11th annual convention of the Junior Chamber of Commerce of Canada at its concluding business session endorsed a principle of Government relaxation of controls when the need for them no longer exists.

The principle was contained in a lengthy statement of policy by the National Executive which the Chamber adopted.

It put the Chamber on record as in accord with Government policy in controlling inflation by maintaining wartime price controls but went on record as "not holding with the principle of Government control when the need becomes obsolete."

The policy statement said that while the Chamber itself was politically non-partisan, "it is in the Junior Chamber's own interests to concern itself with government, civil, provincial and Federal."

16 Killed, 70 Hurt When Dump Explodes

ROME, June 23 (AP)—Sixteen persons were killed and 70 injured Friday when a mine dump exploded near Campobasso, a dispatch to the Rome newspaper Avanti said.

Bennett & White Wins Contracts For Sullivan Work

TRAIL, B. C., June 23 (CP) — Contract for the four-mile haulage way and two-mile rock tunnel at the Kimberley operations of the Consolidated Mining and Smelting Co., has been let to the Bennett and White Construction Co., of Vancouver, the Company announced Saturday. No figure was given for the contract will be a major part of the contractwil l be a majorpart of the $3,000,000, which the Company announced June 14 it would spend at the Sullivan Mine and Mill.

The project is part of the "sink and float" process which the Company will inaugurate in its mining operations at Kimberley.

Work is expected to be completed in about one year.

Italy Issues Decrees Abolishing Senate

ROME, June 23 (Reuters)—Italy Saturday issued a decree abolishing the Senate, or Upper Chamber, which was created under the constitution of 1848 and retained during Mussolini's Fascist regime. It was composed of eight royal princes and an unspecified number of nominees of the King of Italy.

Courtenay Buildings Crumple as B.C. is Jolted by Earthquake

No Injuries; Island Highway Cracks, Ocean Waves Flood Fields, Hill Shifts; Felt in Kootenay and Olympia, Wash.

By GEORGE FINLEY
Canadian Press Staff Writer

VANCOUVER, June 23 (CP)—Across a wide stretch of British Columbia an earthquake, the heaviest in years, rumbled today taking heavy property toll at Courtenay, B.C., Vancouver Island lumber centre, where walls of buildings collapsed, crashing into the streets.

The tremor, of 30 seconds duration, extended from Olympia, Wash., to Kelowna, B.C., in famed Okanagan Valley fruitlands, 200 miles East of here. Slight shocks were felt in the Kootenay.

In Vancouver and Victoria business blocks, hotels and apartment buildings swayed crazily and occupants rushed into the streets, but only minor damage was reported and no one was injured.

Dr. J. A. Pearce, Director of the Dominion Astrophysical Observatory at Victoria, said the tremor was so sharp it threw the seismograph out as the light went off on the photographic recorder.

He estimated the epicentre in the immediate vicinity of Victoria, probably 25-miles distant.

FELT IN KOOTENAY

Residents throughout the Kootenay reported feeling slightly the earthquake which shook the Coast area Sunday morning. At Nelson reports of rattling dishes and rattling doors were received.

Accompanied by a low rumbling sound—like a deep growl—the earth quivered and swayed, the tremor striking at 10:14 a.m. (PDT).

At Courtney, 150 miles North of Victoria, with a population of about 2000, walls of buildings collapsed, showering bricks and shattered glass into the streets, causing damage estimated at thousands of dollars.

The heaviest damage was at the elementary school where a chimney crashed through two floors, wrecking a class room where 60 children would have been on a week day. At the post office, a whole section of wall swayed and collapsed, leaving a debrisplle of timbers. Scores of chimneys were swept into the streets, and shattered glass from store display windows and homes covered the ground.

"We are very lucky it was not worse," said Mayor Harry Simms of Courtney. "No lives have been lost and all the damage can be repaired."

FIELDS FLOODED

Damage to the interior of houses at Courtney was heavy, plaster cracking and falling from the walls and ceilings.

Eye-witnesses said that at the height of the tremor great waves swept in from the sea, rolling along the shoreline, breaching the Island Highway and flooding fields.

Police and fire brigade members worked throughout the afternoon cleaning the debris-littered streets of Courtenay.

At Campbell River, another Vancouver Island town 50 miles north of Courtenay, a 300-foot long hillside shifted, moving 35 feet closer to the water, while a house was moved five feet from its foundations.

Cracks appeared in the Island Highway in both Courtenay and Campbell River districts.

Thousands of people in Vancouver and Victoria rushed into the streets as homes and buildings swayed. Wall pictures swung first from north to south, and then appeared to swing outward, furniture shifted, and table and fireplace ornaments were knocked to the floor.

Street cars swayed on their tracks, rocking from side to side, and motorists, some apparently puzzled by the earth-quivers, hastily pulled into curbs.

LIONS GATE BRIDGE AFLUTTER

The giant Lions Gate Bridge, the longest suspension bridge in the British Empire, spanning the entrance to Vancouver harbor, shook and swayed like a leaf. Only two automobiles and two girl cyclists were on the 1550-foot-long roadway. The girls jumped from their bikes and the motorists made a speedy crossing.

In downtown Vancouver office buildings, mostly empty except for caretakers, there was an ominous creak of elevator cables, whipping from side to side. The elevator cars, too, swayed.

"I got out fast," said one elevator operator. "I was really scared."

At the Vancouver C.N.R. station, a 25-pound piece of masonry crashed to the pavement, narrowly missing several people entering the depot. Scores fled from the C.P.R. station, where ceiling plaster cracked but did not fall.

There were brief power interruptions in Vancouver and in one district a low pressure gas line snapped, but dams and power houses escaped damage.

EASE PRESSURE

"It was the most severe in several years," said Dr. Pearce, reporting on today's quake. "The minor tremors are beneficial as they prevent a major disturbance."

There is a "fault line" some 200 miles off the coast, and tremors like today's release pressure on the earth, preventing a major eastastrophe.

Back through the years British Columbia districts have felt a series of tremors, but in none was major damage caused.

N.Y. RECORDS SHOCKS

NEW YORK, June 23 (AP)—Two severe earth tremors were recorded today on the Fordham University seismograph, the Rev. Joseph J. Lynch, S.J., reported.

The first shock was recorded at 11:02:23 a.m. (C.S.T.) and the second at 11:25:58. The distance was about 2300 miles West of New York City.

NO TIDAL WAVE

PORT ALBERNI, B.C., June 23 (CP)—A report that a tidal wave had swept Great Central Lake, 15 miles northwest of here, during the earthquake which rocked British Columbia and Western Washington this morning has proved to be unfounded, police said late today.

They added that a boat in which four men had been reported missing had been seen after the quake and that there was no fear for their safety. The quake caused heavy waves but all boats on the lake managed to ride them safely.

Buildings in Port Alberni and neighboring Alberni suffered damage. The top of a brick front building in Alberni collapsed into the street but no one was injured. Four families living in suites on the top floor of the two-storey structure were forced to leave.

The Port Alberni post office tower was declared unsafe after being badly weakened by the shock. The clock in the brick tower stopped.

Rock slides were reported along the Esquimalt and Nanaimo Railway which connects Port Alberni with Nanaimo and Victoria.

SEATTLE, June 23 — The West coast earthquake was so strong it shook the needles off the drums of the University of Washington Seismograph. The quake also stopped the City Hall clock at Everett. No damage has been recorded.

Persons living 15 miles from Seattle said that the shock was strong enough to waken late Sunday sleepers, and chandeliers in downtown Seattle buildings swayed for eight minutes.

FEELERS OUT FOR MYSTERY CHIEF OF RING

"Most Powerful Warrant" Held for Smuggling Head

CHARGES LAID

VANCOUVER, June 23 (CP)—Police tonight still sought the exact whereabouts of the mysterious Chinese, reported somewhere in United States, as the key figure in the international lottery, smuggling and narcotics ring smashed Friday in a pre-dawn raid on this city's Oriental section.

Location of the Chinese will confront police with the problem of serving him with a write of immediate extent—described by Police Superintendent Walter Mulligan as the "most powerful warrant issued in Canada"—which was taken out Saturday for the probable Crown seizure of money and property of the Chinese suspected of income tax evasion in addition to his activities as a member of the smashed ring.

Under the Income Tax Act charges cannot be laid until a return is filed but the writ, said by Peter Godfrey of the Federal Department of National Revenue here to have been issued in Ottawa, overcomes this obstacle in the Act. Superintendent Mulligan, Chief of the Criminal Investigation Bureau of the Vancouver Police Department, said with this writ "we can take the hat right off your head."

CHARGES LAID

So far charges have been laid against four Chinese. Two are charged with possession of opium and two with keeping a gaming house but police said further charges will probably be laid as more details of the ring's operations are uncovered.

The raid netted a small fortune in jewels and money, including $47,000 in Canadian currency, $1200 in U.S. gold coins and precious jade and diamonds. Several pounds of narcotics and a ton of lottery tickets, the result of draws in the past week, were also seized by police who believe the ring was principally concerned with large-scale lottery operations.

Foreign exchange officials here probably will bring charges against the four Chinese for possessing the American gold coins, a breach of the exchange laws.

UNION FINDS MINISTER'S WORDS PUZZLING

VANCOUVER, June 23 (CP) — The International Typographical Union Local 226 whose members are on strike on the Vancouver Province, which has not published an edition since June 5, issued an answer yesterday to Labor Minister Mitchell's comment on the Union's laws in relation to the Federal code.

Issued over signature of Harry Finch, the Union's Canadian representative, the statement reads:

"In the House of Commons on Wednesday, Labor Minister Mitchell stated that rules of the International Typographical Union are in conflict with the Federal labor code.

"It is hard to understand this statement in view of the fact that last January he personally arranged for President Woodruff Randolph of the I.T.U. to come to Ottawa to discuss this very matter. From the discussion came the following interpretation and clarification of our laws: 'Local laws not affecting wages, hours and working conditions, and the general laws of the I.T.U. shall not be subject to arbitration, except insofar as such arbitration and results thereof are compulsory under Canadian law.'

"This qualification was accepted by Deputy Minister Arthur McNamara as bringing the laws of the I.T.U. within the scope of the labor code, and it was as a result of this agreement that Mr. Mitchell proposed the erection of a commission in the full expectation that the dispute was in sight of settlement."

Reports Improvement In B.C.'s Forest Fire Situation

VICTORIA, June 23 (CP)—General improvement in the British Columbia Forest Fire situation was noted in the weekly fire report released Saturday by Lands Minister E. T. Kenney.

While 19 fires were burning at the start of the week, and 19 fires occurred during the week, 29 were extinguished, leaving but nine burning today.

Only district reported dry and hazardous was the Kamloops forest district.

New Speed Limits For Street Cars

VICTORIA, B. C., June 23—Speed limits for British Columbia Street cars have been increased and other regulations governing their operation revised in line with modern traffic requirements.

Changes are announced in a new set of Provincial Government rules which replaces regulations in existence since 1929.

The speed limit for street cars in business districts is now set at 18 miles an hour instead of 12.

Crowding on street cars will be slightly cut down by a provision that in normal traffic hours standing capacity shall not be more than 50 per cent of seating capacity.

A strict check is to be made of persons riding in the front vestibules of street cars, the Railway Department said.

Two Kimberleyites To Serve Jail Terms Liquor Charges

KIMBERLEY, B. C. — Mrs. Joe Levesque was found guilty in police court here of keeping liquor for sale, and was fined $300 or in default three months. Joe Moerti, charged with selling the liquor when the place was raided, was fined $400 or four months in default. Both will serve the terms at Oakalla prison.

Charges arose as the result of a raid a fortnight ago. They pleaded not guilty. Sergeant W. J. McKay prosecuted the charges in police court before Magistrate R. T. Richardson. Mrs. Levesque conducted her own defense, while Moerti was represented in court by K. A. Pincott.

Teamwork, Hun Errors Won War Before Rhine Crossing--Eisenhower

By CLYDE BLACKBURN
Canadian Press Staff Writer

WASHINGTON, June 23 (CP)—"The war was won before the Rhine was crossed," Gen. Dwight D. Eisenhower said in a report published today.

The report credited victory to Allied teamwork and Nazi mistakes, termed Field Marshal Montgomery's handling of the tactical situation at Caen "masterly" and gave extended credit to the contribution of Canadian forces.

The former Supreme Allied Commander, now United States Army Chief of Staff, submitted a 90,000-word report to the combined chiefs of staff covering June 6, 1944 to May 8, 1945—D-Day to VE-Day.

Throughout the report there are numerous references to the 1st Canadian Army, its tasks and performances, particularly at Caen and Falaise in Normandy.

MADE ADVANCES POSSIBLE

Gen. Eisenhower described the fight at the "Falaise Pocket" as the "second vital battle" of the European operation, and said:

"Without the great sacrifices made here by the Anglo-Canadian armies in the series of brutal, slugging battles, first for Caen and then for Falaise, the spectacular advances elsewhere by the Allied forces could never have come about.

"Here (at Falaise) the enemy showed that fatal tendency to stand and fight when all the logic of war demanded a strategic withdrawal.

"By so doing he allowed his Seventh Army to be encircled and ground to pieces and the battle for France was decided among the bloody orchards and hedgerows of Normandy."

Gen. Eisenhower described the difficult task assigned the British and Canadian forces at Caen, retention of which was "the key to the main enemy strategy."

"Every foot of ground the enemy lost at Caen was like losing 10 miles anywhere else."

Dealing with the enemy's stubborn resistance in the Caen sector, Gen. Eisenhower said:

"Field Marshal Montgomery's tactical handling of this situation was masterly."

He frequently mentioned points of strategy in which he was supported by Field Marshal Montgomery's advice, particularly in the decision to use five divisions in the invasion instead of three as originally planned, and the Supreme Commander's determination to "pin down and destroy substantial portions of the enemy in our immediate front."

CRERAR MENTIONED

In his summing up the general comments that it would be impossible to single out individuals on his staff and under him for praise Field Marshal Montgomery's name appears repeatedly throughout the report in the record of his assignments and responsibilities and the name of Gen. H. D. G. Crerar is mentioned several times as Commander of the Canadian Army.

In general the report is written with a minimum of bouquets.

The report said that the European victory was clinched in three decisive battles by Allied might and teamwork and by Germans mistakes."

Hitler and Field Marshal von Rundstedt guessed wrong at D-Day, by holding the bulk of their forces in wait for a second assault which never came.

Then "the enemy played into our hands by his insistence upon fighting the battle where he stood."

As the most decisive episodes of the history-turning 11 months, Gen. Eisenhower listed:

1. Battle of the Normandy beaches, where the enemy was beset by difficulties of supply and communications "which were ultimately to prove his undoing." Because of air weakness and consequent lack of reconnaissance, the enemy was "completely misled by our diversionary operations, holding back until too late the forces in the Pas-de-Calais which, had they been rushed across the Seine when first we landed, might well have turned the scales against us."

2. Battle of the Falaise Pocket, where the enemy "showed that fatal tendency to stand and fight when all the logic of war demanded a strategic withdrawal."

3. The battles west of the Rhine during February and March, where "the armies which had been intended to defend Germany were shattered beyond recovery."

"Throughout the struggle, it was in his logistical inability to maintain his armies in the field that the enemy's fatal weakness lay," Gen. Eisenhower concluded. "Courage his forces had in full measure, but courage was not enough . . .

"For this state of affairs we had, above all, to be grateful to the work of the Allied air forces."

On the score of Allied might, it was noted that on the eve of the Rhine crossing Gen. Eisenhower had nearly 4,000,000 men in the armies under his command.

"In addition we had available nearly 11,000 fighter and bomber airplanes . . . and the striking and strangling force of two formidable naval fleets working as one."

Behind the combat units were the efforts of 3,000,000 other men and women in uniform, and "no army or navy was ever supported so generously or so well."

"At the time of the German surrender, I had under command a total of 90 divisions: 61 American, 13 British, 5 Canadian, 10 French, and one Polish. These . . . averaged about 17,000 in combat strength, well over twice the strength of Russian divisions."

National Unity Termed Most Worthwhile Aim

EDMONTON, June 23 (CP) — Delegates to the 11th annual convention of the Junior Chamber of Commerce of Canada, departed from Edmonton tonight with a message that there was no task more worth trying in Canada today than the consummation of national unity and goodwill.

The message came from L. W Brockington, former chairman of the CBC and one-time city solicitor for Calgary, who addressed the closing banquet of the four-day convention attended by "Jaycees" from all parts of Canada, the United States, New Zealand and Hawaii.

Believe Plane Missing Since 1943 Sighted

OTTAWA, June 23 — Searchers are bucking tangled mountain forests and cloudy weather to reach what may be the remains of a Liberator Bomber which has been missing since late in 1943.

Wreckage was sighted on a 2000-foot mountain in the Laurentian chain, Northeast of Ottawa, and it is thought that this may be the plane which disappeared on a routine flight from Dartmouth, Nova Scotia, to Rockcliffe Airport, just outside the capital. An extensive search was conducted at the time of the disappearance, but this was finally given up. Twenty-three men were aboard the craft when she vanished.

72-Year Heat Record at Tokyo

TOKYO, June 23 (AP)—A 72-year heat record was established here Saturday when the official thermometers registered 93 degrees Fahrenheit.

House Disappears

STEVENS POINT, Wis., June 23 (AP) — R. B. Lewis, County Welfare Director, sold a seven-room house, but when the purchaser went to move in the house was gone. "We finally found it piled up on a lot 20 miles away in the next county," Lewis said. "Someone dismantled and moved it."

LIGHT RAINS, MANITOBA

WINNIPEG, June 23 (CP) — Light rains were greeted by Southern Manitoba farmers Saturday. The showers averaged about ¼-inch throughout Southern sections of the province. Gimli, 55 miles North of here, reported .30 inches, Neepawa, 100 miles West, reported .36 inches while the Winnipeg area had .23 inches of rainfall.

Recent crop surveys reported that of the three Prairie provinces Manitoba was most in need of moisture.

TOAST-and-TEA
BY E. A. McARDLE

Cobden, the great English orator and champion of Free Trade, had this to say about public speaking: "You must not judge me by what I say at these tumultuous public meetings. I constantly regret the necessity of violating good taste and kind feeling in my public harangues. I say advisedly, necessity; for I defy anybody to keep the ear of the public for seven years upon any one question without striving to amuse as well as instruct. People do not attend public meetings to be taught, but to be excited, flattered and pleased . . . If they are simply lectured they may sit out the lesson for once, but they will not come again; and as I have required them again and again, I have been obliged to amuse them, not by standing on my head or eating fire, but by kindred feats of jugglery, such as appeals to their self-esteem, their combativeness, or their humor. You know how easily in touching their feelings one degenerates into flattery, vindictiveness, or grossness."

Requiem Mass Sung for Rossland Miss

ROSSLAND, B.C., June 23—Requiem High Mass was sung by Magnr. A. K. MacIntyre Saturday morning in Sacred Heart Catholic Church for Miss Ruth Teresa Foster, who died following a car accident near Prince George June 16. The senior choir under the leadership of Mrs. W. G. Mara assisted, with Miss Anna Marie Mara presiding at the organ. Two of Ruth's favorite hymns were sung, namely, "O Sacred Heart, O Love Divine" and "Jesus, Jesus, Come to Me." For many years Ruth had been a member of the junior choir.

There were quite a number of her former school friends in attendance and there were many floral and spiritual offerings. Interment was in Mountain View Cemetery. The pallbearers were Frank Conci, Ernest Cleverly, Jack French, Denis Lalone, Russel Birch and Lorne Buchanan.

Rubber Plants To Strike Today

TORONTO, June 23—The C. I. O. United Rubber Workers Union announced that it will call a strike tomorrow in all Ontario Rubber plants, with the exception of the Dunlop and Viceroy Companies. In all, some 12,000 union members will walk out.

The union explained that an agreement had been reached with the Dunlop Company by the Union Local in the plant, contrary to the advice of the Union Strategy Committee. A strike vote has not yet been taken at the Viceroy Plant.

Cause of the strike is a union demand for higher wages and shorter working hours.

Point Grey to Mark Choice

VANCOUVER, June 23 (CP) — After a rather short campaign which provided nothing in the way of fireworks, electors in the Vancouver-Point Grey by-election will register their votes tomorrow to elect two members to the British Columbia Legislature.

The ballot will decide successors for the former attorney-general and Progressive - Conservative Leader R. L. Maitland, K.C., and for J. A. Paton, member of the same party, both of whom died recently. Mrs. Tillie Rolston, a Progressive-Conservative and supporter of the Coalition Government, is the third member in the three-member Vancouver-Point Grey riding.

There are six candidates—A. R. MacDougall and Leigh F. Stevenson, Coalition; Mrs. D. G. Steeves, former member for North Vancouver, and George Isherwood, C.C.F., William Smith, Democrat; Peter McAllister, Liberal-Industrialist.

The constituency has been Conservative for many years and in the Oct. 25, 1945 general election Coalition candidates won handily by a vote margin of almost three-to-one over their nearest opponents, C.C.F. standard-bearers. Of the total vote of 56,647 cast, the three candidates received 41,000.

Present standing in the Legislature: Coalition 35; C.C.F. 10; Labor 1; Vacant 2—total 48.

VICTORIA, June 23 (CP)—Fong Wing, Chinese logger, was fatally injured when crushed between two logs during logging operations at Youbou.

Harrop Institute Plans Sports Day And Flower Show

HARROP, B. C.—The Harrop and District Women's Institute held its June meeting at the Harrop Church, nine members and one little guest being present, when arrangements were completed for the Children's Sports Day and Flower Show to be held Aug. 31.

The delegate to the recent Conference, Mrs. J. W. Hobson, read her report, which was full of interesting points. Health and educational improvements were explained. The Solarium and B. C. Handicrafts got their annual boosting and Institute members were asked to buy more B. C. and Canadian goods. The luncheon at Stanley Park was an interesting example of home grown food, Mrs. Hobson stated.

The National Clothing Drive was brought to the notice of members.

The Cancer Fund draw was taken up, the winner being Mrs. Serres. The tea hostess was Mrs. J. E. Fitchett.

This meeting was the last till September.

Annable-Warfield Defeat Plan of City Incorporation

TRAIL, B. C., June 23—Annable-Warfield property owners indicated such strong opposition to the District being incorporated within the City of Trail that those in charge have announced the failure of the plan. In a petition circulated aproximately 70 per cent of the tax payers were contacted and only 25 per cent signified approval.

Lower Annable and Upper Warfield were almost 100 per cent against incorporation. Most of the 30 per cent who were not contacted were residents of Lower Annable and, officials pointed out, when it became apparent that this area was definitely against the plan the canvass was stopped.

Officials of the canvass had hoped to secure 50 per cent of the property owners and then a petition would have been sent to the city of Trail seeking incorporation. Then the voters of Trail would have been asked to vote on the extension of the city.

Trail Clothing Campaign Almost Completed

TRAIL, B. C., June 23—With the Trail campaign of the National clothing drive almost completed, officials stated Saturday that it was hoped to ship the clothes Monday or Tuesday.

"Considering that there was a clothing drive only last Fall, the generous donations from all over the district are surprising," said Mrs. P. F. McIntyre who is in charge of the central depot in the Memorial Hall. Two boxes of brand new clothing had been secured through two substantial cash donations, she revealed.

Although the volume of clothing was not as large as last Fall's first clothing drive, they nevertheless hoped to have a carload to ship. Collections from Robson and Castlegar will also be included in the Trail and district shipment.

NEW EMPHASIS ON PHYSICAL ED.

JASPER, Alta., June 23 (CP) — The 1946 convention of the Canadian Physical Education Association wound up tonight after hearing a message from Dr. Josephine Rathbone of Columbia University, New York, that the war had opened up a new professional field of specialized physical education in which corrective exercise and recreation were co-partners.

Adviser to students in physical therapy at Columbia Medical College, she told the convention that all phases of physical education now have earned their place in the health programs of conditioning and re-conditioning. Many army hospitals had learned to group types of patients for wise doses of exercise in rehabilitation.

Maj. Ian Eisenhardt, Canada's National Director of Physical Education, told the convention of "Europe as I saw it." Just returned from Europe, he said little could be done on physical education programs there until the immediate threat of starvation was solved. It would be several years before the people of Europe had recovered sufficiently to take part in planned physical educational programs.

Nurses to Have Ringside at Bikini

ABOARD U.S.S. APPALACHIAN June 23 (AP)—Women will be at the Bikini atom bomb party after all.

Almost everyone has thought it would be a strictly stag affair.

The Navy disclosed today that among the 42,000 persons who will have ringside seats, so to speak, at the test will be a group of nurses.

The nurses will be aboard the hospital ships Bountiful and Benevolence, which will stand by with other task force ships outside Bikini Lagoon to give aid to any injured personnel in the Fleet.

ASK COMMISSIONER FOR COAST DISPUTE

VANCOUVER, June 23 — The Metal and Chemical Workers Union (CIO) has applied to the Provincial Government for appointment of a Commission in an effort to settle the 37-day-old strike in foundries and pattern shops in Vancouver and New Westminster. This was reported by the Union's Strike Committee Chairman—John Frame.

TOKYO, June 23 (AP)—Representatives of the Lower House of the Japanese Diet agreed today to ban heckling and hooting in the future as a measure of self-censure for yesterday's uproarious Diet session.

It was agreed that legislators especially should never shout "Baka!" (Idiot).

The word was used frequently during yesterday's stormy meeting during which members swung at each other and spectators screamed in the galleries.

Slump Seen as Warning Against Unchecked Boom

By SYDNEY GAMPELL
Reuters Financial Editor

LONDON, June 23 (Reuters) — Friday's break on the London Stock Exchange, the biggest since the Labor budget was brought down in April is attributed to Wall Street's weakness on Thursday.

The rallying tendency at the Friday close may presage a recovery next week if Wall Street maintains its rally.

Fears of an eventual slump in United States markets are widespread here, justifiably or not, but Wall Street's break is regarded in London as a false start which indeed may prove wholesome warning against allowing a boom to go too far.

With purchasing power abundant and many goods really scarce, the United States seems insured, in the British view, against any slump in 1946 and 1947, although many here are distinctly gloomy about both the United States and Britain for 1948 and 1949.

Wall Street's break was generally ascribed here to fears that industry's costs will outstrip selling prices. Even at present, Britain is not completely insulated from United States economic changes and congressional ratification of the loan, if and when it comes, will gear Britain fairly tightly to the United States cycle.

Both London's and Wall Street's breaks, however, are commonly regarded as technical and likely to create a healthier technical situation when the previous overbought position is corrected—as may have already occurred.

Claim U. S. Heads Suppressing Liberals in Korea

MOSCOW, June 23 — The Government newspaper Izvestia has charged United States authorities with supressing Liberal forces in Korea. Quoting a Tass dispatch the article declared that the Americans in Korea are replacing Japanese industrial firms with U.S. firms to continue the exploitation of Koreans. Another Tass dispatch this morning quoted so-called "informed sources" as saying that a new lend lease agreement under a different name had been signed by China and the United States. Under the alleged agreement, the Kuomintang, or Nationalist Armies will be armed and supplied until November, 1947.

Printer Quits Strike To Take Post

EDMONTON, June 23 — Picket lines appeared this morning in front of the Edmonton Bulletin and Edmonton Journal where printers and pressmen have been on strike for three weeks. The lines paraded for about two hours before dispersing, but there was no report of violence.

The Edmonton Journal carried a story Saturday saying that the position of composing room superintendent on the newspaper had been accepted by an employee previously on strike with fellow printers.

The paper said that the position had been taken by W. "Barney" Marskell, who went on strike with printers from the Journal and the Edmonton Bulleti nthree weeks ago. Marskell, assistant foreman prior to the strike, is said to have resigned from the AFL International Typographical Union.

War Bride Admitted To Indian Tribe

MANITOWANING, June 23 (CP) —The redskins of nearby Manitoulin Reservation have admitted a paleface into full membership of their tribe. She is attractive Erna Engelbrecht, who seven years ago fled to England from Germany, and is the wife of a full-blooded Indian, 26-year-old George Mindamin.

The 19-year-old "war bride" was initiated at a colorful tribal ceremony at which she received the Indian name of Oddawakwe, "A Woman of the Ottawa Tribe."

DOMINION DOES BEST JOB IN HANDLING PRICE, WAGE CONTROLS

NEW YORK, June 23 (CP)—The New York Herald Tribune in an editorial compared the handling of price and wage controls in Canada and the United States and concluded that the Dominion had done a better job.

"Canada showed the way to this country in bringing prices and wages under control during the war," the editorial said, "and is now, it would seem, giving us a lesson in how to handle the task of decontrol during the period of reconversion."

SALMO

SALMO, B.C.—Miss Nancy Olsen of Nelson was a guest of Mr. and Mrs. Carl Anderson.

Percy Wilde of Trail was a guest of his mother and sister, Mrs. V. Gibbon and Alta, prior to leaving for Spokane, Wash., where he will spend his two weeks vacation.

Mrs. Bill Batten and family have returned home after visiting the former's parents, Mr. and Mrs. Boates of Nelson.

Bill Millburn visited his wife in Kootenay Lake General Hospital, Nelson.

Boost Given Clothing Collection Here

As a result of Friday night's pickup, undertaken by the Kinsmen for the National Clothing Campaign, and the special matinee on Saturday morning to which admission was a clean garment, a very satisfactory amount of packing was done Saturday afternoon. However the packing was completed, which means the work will be at a standstill until further donations are forthcoming.

"If it could be realized how badly help is needed by these people in Europe," stated Mrs. T. W. Brewer, local chairman of the drive, "I am sure everyone would find something they could spare.

"Babies are being born without parents being able to prepare for them and children in many cases are almost nude."

There will be one more pickup which will be on Thursday evening next. Those who have parcels too heavy to carry have been asked to phone the Armory, collection centre.

Fairview Wallops E. Trail

The Fairview Athletic Club's junior baseball squad handed the East Trail juniors a 22-7 defeat on a muddy diamond in the third West Kootenay Junior Baseball League game in Nelson late Sunday afternoon.

Only a handful of fans were on hand to see the locals ride rough shod over the visitors in a game that was hard on the chuckers. Rain which held up the game at start forced a early closing at the end of five full innings.

Nelson scored five in the first inning, three in the fourth, four in the third and fourth and six in the final fifth. Trail scored one in the first and six in the second, being scoreless in the last three innings. The Nelson team had a considerable edge in the fielding. Bill Postlethwaite hurled the full game for the home team, chucking steadily all th way. He struck out five batters, walked two and gave up seven hits. Robertson and Broman shared the Trail mound work. Both chuckers were wild but they got little support in the field. Robertson struck out two batters, walked seven and gave five hits. Cathcart drove out a homer in the first inning and Fred Koehle got a double in the fourth for the F.A.C.s big hits. Martin collected the visitors biggest wallop, a double in the second inning. Herb Pitts led the squads in batting getting three hits out of five trips to the plate. Fred Koehle, McNabb and Bob Koehle paced the winning Nelsonites with four runs each. Hallbauer scored three, Todd and Cathcart two each, while Postlethwaite, Herb Pitts and Kraft scored one run each. Broman led the visitors with two runs, Mailley, Martin, Robertson, Crispin and Roberts scored one each.

Batteries were—Fairview A. C.—Postlethwaite and Cathart.

East Trail — Robertson, Broman and Smith.

Umpires—Malahoff, McGinn and Maglio.

Scorer—Scotty Mitchell.

Ban Paper for Red Army Slander

VIENNA, June 23—Soviet authorities have banned an Austrian newspaper (Burgenlaendische Freiheit) for, as the Russian authorities put it, slandering the Red Army. The newspaper, published in Eisenstadt, printed an article under the heading "Unbearable safety conditions—street robberies and other crimes."

Bingo Champion

OTTAWA, June 23 (CP)—Rodney Adamson, Progressive Conservative member for the York West, came out in the Commons as the champion of the game of bingo saying, among other things, it had the advantage over bridge in providing no post-mortems.

He said the status of the game should be clarified. Under law it apparently was an indictable offense if played regularly, but not an offence if played occasionally.

Justice Minister St. Laurent said he felt obliged to refrain from making a statement on bingo because from the sample of opinion he had received the country seemed to be divided on its merits and demerits.

Bond Houses Favor Securities Governing Role

By R. K. CARNEGIE
Canadian Press Staff Writer

ALEXANDRIA BAY, N.Y., June 23 (CP)—The Investment Dealers' Association of Canada took a favorable view of proposals by Mr. Justice C. R. McTague, chairman of the Ontario Securities Commission, that the association actively participate in governing the securities business of Ontario.

In the association's annual convention which concluded at nearby Thousand Islands Club today and at which every important bond house in Canada was represented, Justice McTague's plan found general support although it was decided further study would be required before the organization could commit itself officially.

Mr. Justice McTague's proposal is that instead of leaving all the governing of securities trading in Ontario to the government-created commission, a new Securities Act would be passed which would be administered by a body with representatives of the three associations concerned with the business — the investment dealers, the Toronto Stock Exchange and the security dealers, as well as reprentatives of the Ontario government.

The commission chairman frankly told the bond dealers that if the three associations directly interested did not help out in the governing they "would have to reconcile themselves to absolute control by a bureaucracy which would inevitably grow more powerful and autocratic as time went by."

While the 200 members represented bond houses in all provinces, several from outside Ontario expressed the importance in their business of a properly regulated security markets in Toronto because investors from all provinces bought and sold there. Also, if Ontario worked out successful controls, other provinces might follow the lead.

The Weather

Synopsis:

Cloudiness was general over the Province but the sun broke through frequently enough to cause normal temperatures for the month of June. A few rainshowers fell in the more mountainous regions and isolated thunderstorms occurred in the Kootenays where heavy clouds caused the afternoon TCA plane to return to Vancouver after climbing to over 20 thousand feet. Moist air is persisting over B.C. and the forecast is for little change in the weather.

Vancouver and vicinity:

Cloudy morning becoming clear in afternoon and evening. Light winds, little change in temperature. Maximum expected Vancouver Airport 68, Abbostford Airport 70, Nanaimo 67.

Okanagan:

Cloudy Monday. Widely scattered rainshowers in afternoon. Light winds. Little change in temperature. Maximum expected Penticton 75, Kamloops 72, Lytton 75.

KOOTENAY:

Overcast with rainshowers. Occasional thundershowers in afternoon. Light winds with squalls to 30 miles per hour in thunderstorms in afternoon. Little change in temperature. Maximum and minimum expected Monday Cranbrook 68-40, Crescent Valley 70-37.

St. Andrew's, Rossland, Farewells Rev. H. K. Johnston, Manchuria Bound; Many Tributes Paid

ROSSLAND, B. C., June 23—The annex of St. Andrew's United Church, Rossland, was filled to overflowing on Wednesday night when the congregation and friends of Rev. and Mrs. H. K. Johnston and family bade them farewell. Mr Johnston leaves in July to return to Manchuria, where he will be engaged in missionary work, and Mrs. Johnston, Dick and Shirley will make their home in Winnipeg. Summer flowers were attractively arranged about the rooms. R. D. Mitchell welcomed the guests at the door, and Thurlow Fraser was Chairman of the evening. A musical program was enjoyed.

WIRES FROM ABSENTEES

Telegrams were read from Mr. and Mrs. Fraser Mitchell, Mr. and Mrs. E. Jamieson, and Mr. and Mrs. W. Woodhouse, who were out of town.

Chairman Fraser said that the large attendance showed the appreciation that was felt for the services rendered by Rev. Johnston and family both in the Church and the community.

R. D. Mitchell, on behalf of the Session, said it was with a feeling of profound regret that it was necessary to say "Good-bye" to Mr. and Mrs. Johnston and family, as B. C needed ministers like Mr. Johnston, in Rossland and in the province. The Session's hopes and prayers would go with him for an abundant success in God's Kingdom.

PROGRESS RECOUNTED

On behalf of the Board of Stewards, J. C. Urquhart expressed appreciation for all the work both spiritual and manual that Mr. Johnston had done in his two years as Pastor of St. Andrew's. He said the Pastor had made things easier for all, and that he had led members to do things that seemed almost fantastic at the time, but he never wearied of working, and others assisted. In the two years a new Sunday school room was built, the front entrance to the Church improved, basement were built, and the Church property was greatly improved by his leadership. The congregation and membership had increased under him, not by driving by force, but through his leadership.

Mr. Urquhart said the Board of Stewards hoped it would not be long before Mr. Johnston's family would be united again.

Mrs. G. A. Benzies, on behalf of the Women's Federation of St. Andrew's, presented Mrs. Johnston with a lovely colonial presentation bouquet of red rose buds and carnations. She said the two years that Rev. and Mrs. Johnston and family had spent in Rossland could not be counted in years but in deeds, as they had accomplished much, and their kind personality and help would always be a great tribute and incentive to continue until the work was completed.

In replying, Mrs. Johnston said she never realized until then that she was leaving, but thanked all for the lovely gifts. They were two very happy years, everyone had been so kind and considerate.

PURSE OF GOLD

Charles Daly, on behalf of the Congregation, presented Mr. and Mrs. Johnston with a purse of gold and a beautiful illuminated address, expressing the appreciation of all for the services rendered by them in every department of the church work and stating that their leadership had meant much to the Church and the community.

Lance Whittaker presented Mr. Johnston with a lovely picture of the St. Andrew's United Church.

Mrs. Johnston said she would just imagine she was back in Manchuria, where no wife would ever think of making a speech, so would let Mr. Johnston reply for both of them.

Mr. Johnston said the illuminated address was lovely, money was always nice, but the souvenir picture of St. Andrew's Church was wonderful. He expressed regret that he could not stay to see the work about the grounds completed, but he was sure that the church and grounds could be made the most attractive in Canada. He said that in the profession he followed one always felt he had not completed the job, when he was called to another commitment, and he had seen many strange greetings and farewells. As a student at university he dedicated himself to the missionary work in China and now the call had come for him to return, he felt he must.

He told of receiving a letter from Manchuria telling of the wonderful work the missionaries were doing there.

He asked the members to give his successor the same kind of support they had given him, and he was sure much good would be done. He thanked the members for all the kindness shown them here.

The members were asked to sign the Scroll.

Miss Pat McCandless presented Shirley with a gift from the members of the Junior Choir, and Dick was presented with a gift from the Young People's Society. They both responded.

LENGTHY PROGRAM

The musical program consisted of: Community singing, with J. B. Carr leading and L. Freeman at the piano, a quartette, A. Nichols, G. Watson, H. Pepin and J. B. Carr sang "Drink To Me Only With Thine Eyes" and "Long Long Ago;" Shirley Davidson sang "Valley of Laughter" and "Green Pastures;" Mr. T. Reid of East Trail sang Irish songs and "One Fleeting Hour;" David Glover played several accordian selections, and Miss Wilkie's Junior Girls' Choir sang "In Lilac Time."

The Young People put on a short skit, "An Awful Tragedy," with Mirs Joan Bacon as commentator; Jim Douglas, the King; Enid Marsters, the Queen; Louise Martin, the Princess; and A. Nichols, the Lover. This was greatly enjoyed.

Miss Louise Martin entertained with several amusing readings.

Musical charades were enjoyed, with Mrs. A. H. Heffer at the piano playing tunes, and C. Daly, H. Pepin and H. K. Johnston acting out the charades, which depicted names of books, Mrs. P. L. Swift was Matron of Ceremonies.

At the close of the program, dainty refreshments were served. The tea table was covered with a lovely lace cloth and was centred with a crystal bowl of yellow tea roses in low silver sconces. Mrs. T. R. Davis presided at the tea urn. Those assisting were Mrs. G. A. Benzies, Mrs. A. H. Freeman, Mrs. P. L. Swift, Mrs. T. R. Davis, Mrs. R. Donaldson, Mrs. T. Kalhovd, Mrs. Rene Morin, Mrs. H. Davis, Mrs. Robert Rose, Miss Anne Redmond and Miss Louise Martin and others.

Rev. C. H. Daly gave an interesting closing address, and the members sang "Blessed Be the Tie that Binds," Mr. Daly giving the benediction.

2 of 5 Kidnapped British Officers Are Released

JERUSALEM, June 23 — British military authorities revealed today that two of the five kidnapped British officers have been released. The five officers were kidnapped from an officers' club in Tel Aviv June 16. Their identities still have not been disclosed.

Three officers still remain in custody of their abductors and the British Army refuses to divulge any further information. The two officers were freed within a few yards of the Tel Aviv Hotel building from which they were abducted.

TWO AMERICAN M. P.'s SHOT BY RUSSIAN

Receive Wounds in Head; Comb Vienna for Man

TABRIZ TROUBLE

VIENNA, June 25 — Two American military policemen have received head wounds during an attempt to stop a stolen jeep. The police were shot by a Russian who was reported riding in the jeep with three other Red Army soldiers. Later, one Russian soldier was shot by M-P's seeking to find the man who wounded the Americans.

The wounded Russian was removed to a Russian hospital and his condition was not made known immediately.

The American military policemen had received word to be on the lookout for a stolen jeep. When they saw it approaching the American district, they flagged it down. The Russian immediately opened the door of the jeep and began firing. One American, in addition to being shot in the face, was grazed by a bullet which went through his helmet and along his scalp.

Road blocks were thrown up about the area immediately and American military police and international police patrols combed the city throughout the night.

A number of Russians were brought in for questioning and one is being held by military authorities as an occupant of the stolen jeep.

TEHRAN, June 23—An American military attache to the Iranian Government has returned to Tehran to say that he and three aides were jailed for eight hours by Azerbaijan Democrats at Tabriz.

He said the Americans went to the Azerbaijan capital on a mission previously approved by all competent Iranian authorities, including customs and security officials.

Iranian Government officials meanwhile, asserted that Russians have retained control of the airport at a resort town on the Caspian Sea. The Russians also returned an Iranian group sent into Azerbaijan to assume control of the railways. One month ago, the Russians said they had relinquished all controls in Northern Iran on May 9.

Russ Object to Byrnes Proposal

PARIS, June 23—United States Secretary of State Byrnes was said to have made an unsuccessful suggestion that a European Peace conference be called on July 15. American informants said Saturday that Soviet Foreign Minister Molotov objected to the Byrnes proposal on grounds that draft treaties were not yet completed.

France may be trying to break the deadlock over Trieste at the Paris meeting of Allied Foreign Ministers.

Russia on the other hand and Britain and the United States on the other still are at odds over whether the Adriatic port of Trieste should go to Italy or Yugoslavia. According to persistent rumors, President Georges Bidault of France has offered a way out. He is said to have proposed that the Adriatic port remain an international city under control of the United Nations for ten years. Then the people of Trieste could vote on whether they prefer to be Yugoslavs or Italians.

If Bidault actually made that proposition, and it is accepted, the Foreign Ministers possibly could agree on peace treaties for Italy and the Balkans. And that might pave the way for a general European peace conference in July.

Indian Paddlers Add 4000 Metres To 100-Mile Jaunt

SEATTLE, June 23 (AP) — To the paddle-dipping Duncan, B.C., Indians who participated Saturday in Seattle's Lake Washington festivities, the collegians who rowed in the 2000-metre eight-oared shell race were just a bunch of pikers.

The Indians were scheduled to compete in a special pre-race dugout canoe event at 2000 metres. They looked over the course and pooh-poohed the distance. So they revised things by starting at the finish line, paddling to the starting line and back again.

While the collegians had flown to Seattle for their measly 2000-metre race, the 12 man Indian crew paddled more than 100 miles from Vancouver Island.

Near Records for Rail Shipments

MONTREAL, Que., June 23—With a record number of ships in the Port of Montreal, war-developed systems of trans-shipment and freight handling are creating near records these days as Canadian Pacific freight cars speed Canada's goods from inland points to the waiting vessels, unload them at the dockside and return for more.

Difficulties in other forms of Canada's inland transportation system have made doubly important the rapid movement of freight cars and speedy unloading.

RECORD STEEL OUTPUT

CLEVELAND, June 23 (AP) — Steel mills now are producing "greater tonnage for civilian goods than during any previous period in history," said the magazine Steel today.

Electronic equipment has been developed which removes dust from the air by giving an electric charge to the particles, which can then be gathered by an oppositely charged device.

Parents Spare Child in Double-Suicide

NEW YORK, June 23 (AP)—Mr. and Mrs. Lester Bedell, in taking their own lives Saturday by turning on the gas in the kitchen of their Brooklyn apartment, took elaborate precautions to spare the life of their one-year-old son, police said.

Police found Walter Bedell, the baby, playing happily in his crib while his parents lay dead on the floor of the kitchen. Three other children of the couple had been placed in a home.

The door of the baby's bedroom was tightly sealed with paper and the kitchen entrance and windows were sealed with blankets and newspapers.

Police listed it as a double-suicide.

Edda Ciano to Be Freed From Lipari Island

ROME, June 23, (CP)—Countess Edda Ciano, daughter of Benito Mussolini, will be freed from Lipari Island under the terms of the Amnesty approved by the Council of Ministers, Interior Minister Guiseppe Romita announced Saturday.

Countess Ciano, widow of Fascist Foreign Minister Count Galeazzo Ciano, was sentenced to two years internment on the tiny island North of Sicily for her efforts in behalf of Fascism.

The newspaper Espresso estimated that 50,000 convicts — political as well as common prisoners—would achieve freedom under the Amnesty.

In Zurich, Switzerland, it was disclosed the Countess has brought an action for libel against the editor of Die Nation, a Swiss weekly newspaper.

She demanded that the editor retract a statement that she is or was: A morally rotten wreck, an unprincipled adventuress devoid of conscience and an unmitigated liar; a courtesan in reduced circumstances, living with her children on stolen funds, indifferent to the news of her husband's death; perhaps the greatest female war criminal.

In addition to public retraction of these statements, she claims £500 ($2250) damages for defamation of character.

At a preliminary hearing, held to ascertain whether the suit could be settled out of court, the Countess' Counsel, Dr. Max Brand, said "epithets such as those used are bound to injure the reputation of any woman, even though her past be as turbulent as that of my client."

He said that besides Count Ciano's diary there existed letters in Switzerland proving that the relations between her and her husband had been good.

Count Ciano was executed on Mussolini's orders in 1944.

Hotel Changes Hands at Cranbrook

CRANBROOK, B. C.,—Raymond C. Lynch, former lunch counter operator at Cranbrook and Fernie, is now owner and operator of the Cosmopolitan Hotel following transfer of the city hotel license and the Provincial Liquor Control Board beer parlor license which has been pending since early June.

A pioneer business, the Cosmopolitan was operated for many years by the late William Steward, and since his death by Mrs. Steward. During recent years its roomers have all been permanent.

Under the new management it has been redecorated inside and out. It is now being operated entirely for transient trade and is supplying accommodation for the flood of tourists already travelling through the district.

Bevin to Sign Anglo-Egyptian Treaty in July

CAIRO, June 23 (Reuters)—Foreign Minister Bevin will come to Cairo to sign a new Anglo-Egyptian treaty in the first week of July, Akhbar el Yom, independent Egyptian weekly paper, said Saturday.

The newspaper said Viscount Stansgate, Secretary of State for Air and head of the British delegation, will return here next week to resume negotiations for the treaty.

Akhbar el Yom listed main points of the new treaty as: speediest possible evacuation by the British; Suez Canal zone defence plans to be fixed by British and Egyptian experts, bearing in mind the British request that some RAF units should be retained in the area; British stores and installations to be purchased by Egypt in the same way as United States facilities; and the new treaty to be on a basis of equality between two Allies.

The talks were interrupted nearly three weeks ago when Lord Stansgate left Egypt for consulations in Britain.

(In London, the suggestion that Mr. Bevin will visit Cairo in the first week of July to sign a revised treaty were officially described as premature).

War Prisoner Not Guilty

MEDICINE HAT, Alta., June 23—The third of the three German prisoners of war, Johannes Wittinger, to stand trial for the murder of a fellow captive, was found not guilty late Saturday by a six-man jury in Medicine Hat, Alta.

Wittinger was charged with the murder of August Plaszek. The murder took place in the Medicine Hat internment camp July, 1943.

Sergeant Werner Schwalb and Private Adolf Kratz, the first two to stand trial for the murder—were sentenced to hang in the Lethbridge jail on June 26—at the conclusion of their trials last March.

The first of four other prisoners of war—charged with the murder of Karl Lehmann in the Medicine Hat camp in September 1944—is scheduled to stand trial on Monday.

TO EXTEND LEND LEASE TO CHINA?

MOSCOW, June 23 — The Tass News Agency quoted today what it describes as "informed sources" as saying that American lend lease to China will be prolonged until November, 1947. Tass says the extension of lend lease, under an assumed name, will be made possible under a new agreement signed by China and the United States.

Campbell Loans
are life insured ... to $1000

INSURED LOANS

Here's the better, safer way to get ready cash. For your protection, Campbell Loans include Life Insurance to cover the unpaid loan balance. In case of death your family is thus relieved of all obligation for your loan. The complete balance is automatically paid off by the insurance company. Campbell Finance Corporation is the *only* loan company to provide this valuable protection. And there is NO EXTRA COST for this outstanding feature.

REDUCED RATES

Campbell loan costs are now at the lowest level in our history. Only a few examples are given here, of how practical it is to borrow at Campbell Finance. For details on any amount from $20 to $1000 phone or visit our nearest office. Remember, Life Insurance protection is included in all quotations. It costs you nothing extra. Private interview rooms are always available to allow the greatest freedom for discussion.

LONGER TERMS

For your greater convenience, Campbell Finance allow repayment terms up to 20 and 24 months ... On loans $300 and up 20 months are allowed, and 24 months for loans $501 and up. This means that you can repay your loan in nominal monthly amounts on a soundly planned basis. With the high level of taxes and increased cost of living, longer Campbell terms are most helpful in systematic debt reduction. From our many repayment plans a qualified Campbell expert can help you to choose just the right one to fit *your* special needs.

4 LOAN PLANS

Campbell Finance provides a wider choice for borrowers with four different types of loans. Married couples can borrow money quickly without endorsers. Loans on your signature only (up to $100) are fast and simple to get. Also loans on various common types of security require no endorsers. From our four kinds of loans you can easily select a plan that will fill every requirement. Of all the people in Canada who borrow from licensed lenders, 1 out of every 4 uses Campbell Finance—specialists in personal loans for over 18 years.

Hints for Housewives

By ALICE DENHOFF

Today every homemaker with a heart, and that means practically every one of us, is searching for recipes and ideas that will help her to conserve the wheat that is still needed overseas. One of the best ways to stretch wheat products, and all other scarce commodities, for that matter, is to combine them with other foods that are not on the emergency list.

Instead of just eating a plate of cookies, how about combining part of a package with fruit for a delicious dish. This has been a fine and protracted season for rhubarb and if there is some extant in your neck of the woods, or if you canned some, here an especially fine sweet recipe.

Prepare 1¼ cup crumbled vanilla wafers, and line the bottom of a greased baking dish with one-third of this amount. Add 8 oz. sliced rhubarb, and sprinkle lightly with salt.

Spread ½ of one-third cup of strawberry jam over the fruit. Cover with layer of crumbled wafers. Stand whole wafers around side of dish (10 whole vanilla wafers). Add another layer of rhubarb, salt and jam, using ¼ teaspoon salt in all. Top with crumbled wafers. Bake at 350 deg. F. for 45-50 mins.

When cold, cover with meringue made by folding 4 tablespoons jam into 2 stiffly-beaten egg whites. Bake until golden brown, 325 deg. F for 15-20 mins., and there you have a dessert that doesn't use a smidgin of precious sugar and makes good use of commercial cookies.

Dried prunes are available in the stores just about the year round and all sorts of delicious desserts can be made with this flavorful healthful fruit. A Mock Icebox Cake, for example, is easy to fix. It's good and it's economical, too. Good for Junior's lunch as well as Mom's bridge luncheon.

Mix 1½ cups cooked prune pulp, ¼ cup marmalade and 2 tablespoons lemon juice. Beat 2 egg whites until stiff with ¼ teaspoon salt. Gradually beat in 2 tablespoons sugar. Fold in prune mixture. Line bottom and sides of dessert dishes with vanilla or lemon wafers. Put in one-third of the prune mixture, cover with crushed wafers; repeat until dish is full. Chill in refrigerator for an hour or so.

May be served with plain or whipped cream, or, better still, with a custard sauce made with the 2 egg yolks.

For a real treat combine spicy gingersnaps with applesauce! Crush gingersnaps with rolling pin or put through food mill. One cup crushed gingersnaps is required. Sprinkle bottom of buttered casserole with layer of crumbs. Put in ½-in. layer of applesauce. Arrange whole gingersnaps around sides of dish. Then continue alternating layers of crumbs and applesauce until dish is full, using 3 cups lightly sweetened applesauce in all. Beat 2 egg whites until stiff and dry, then gradually beat in ¼ cup honey. Pile on top of pudding. Bake at 325 deg. F oven 15 mins., until light golden brown.

$266,854 CONTRACT AWARDED TO B.C. ROAD ENGINEERING CO.

VICTORIA, June 23 (CP)—At a figure of $266,854, contract for reconstruction of 7.1 miles of the Island highway between Red Gap overhead crossing and Craig's Crossing has been awarded to B. C. Road Engineering Co., Ltd., lowest of the three tenderers, A. L. Carruthers, Chief Engineer of the Public Works Department, announced.

Dawson, Wade & Co., Ltd., with a bid of $213,443, has been given the contract for reconstruction of the Cariboo Highway between Mile 57 and Mile 70. This firm also was the lowest of three bidders.

NEWCASTLE, Australia (CP)—The municipal council couldn't even give 5 gas-producers (charcoal burners on automobiles) away. First the council offered them for sale but there were no buyers. Then with other scrap metal they were advertised; the only offer for the scrap was £2 ($7.20) and the tenderer stipulated that he wouldn't take the producers.

Wandering Watch Coming Home

VANCOUVER, Wash., June 23—(AP) — Bert Ellison's Marco Polo watch today was en route back to the pocket of its owner after one of the longest and most involved "marches of time" on record.

Members of the San Francisco Baseball Club presented Player-Manager Ellison the properly inscribed timepiece at the conclusion of the 1924 season. It gave its owner good service until 1933, when it was lifted from his pocket in Kobe, Japan, when he was a crew member of an American ship calling there.

Two years later, Charles G. Graham, present Manager of the Pacific Coast League Ball Club, was informed by an unidentified marine engineer he had purchased the watch in a Hong Kong pawnshop—and what was Ellison's address, please?

The engineer sailed from San Francisco before Graham could answer and nothing more was heard of the watch until two weeks ago, when three boys found it in a Vancouver park. They attempted to pawn it and the watch was turned over to the police.

Graham was called on again and he located Ellison in San Francisco. Ellison identified the peripatetic present, and now it is headed for his pocket.

2628 Await Entry Hospitals

TORONTO, June 23 (CP)—Exclusive of obstetrical cases, 2628 persons were awaiting admission to hospitals in Toronto on June 1, an Advisory Committee on Hospitalization and Welfare told the Board of Control in a report today. General hospital accommodation contemplated by the civic administration "should prove sufficient for some time," but the report stressed that "much needed additional hospital accommodation for the chronically ill should be given prior consideration."

HARD HEART, MISS POOR BEAR WED

OMAHA, Neb., June 23 (AP)—The County Judge's office reported issuance of a marriage licence to Edward Hard Heart and Miss Ruth Poor Bear. They live in Minatare, Nebraska.

BRISBANE, Australia (CP)—Four ex-servicemen and a woman have established a shark fishing industry on the Queensland coast, with liver oil their main objective. The wife of the company's founder is the housekeeper for the party, which hopes eventually to establish a packing plant.

Pte. Robert Evans, who recently returned from overseas, and has been spending his leave here with his parents, Mr. and Mrs. Cyril Evans, left Friday to report in Vancouver for his discharge. He was accompanied to Castlegar by his parents.

Mrs. J. Ross and infant daughter left Tuesday for Vancouver, where Mrs. Ross will visit her mother, Mrs. D. J. McDonell, a former Rossland resident.

Major Sidney Buxton, M.B.E., who recently returned from overseas, is in Rossland visiting his brother-in-law and sister, Mr. and Mrs. Thomas Wood, Second Avenue.

Sgmn. Henry Fourt, R.C.N., accompanied by his wife, the former Miss Joan Harrison, and their son Brian, left Thursday for their home in Victoria, after spending 10 days in Rossland guests of Mr. Fourt's parents, Mr. and Mrs. Thomas Fourt. Sgmn. Fourt is a crew member of the Uganda training ship.

Mrs. J. R. Bryan entertained the members of her Bridge Club Thursday night. The living rooms were attractively decorated with vari-colored columbines. Two tables of bridge were in play. Mrs. Owen Proud won first prize, and Mrs. Fred Hawkins the consolation. It was decided to discontinue play in the holidays. Dainty refreshments were served by the hostess. The tea table was covered with a lovely lace cloth and centred with a mirror plaque and white water lily. Those present were Mrs. A. Simm, Mrs. G. W. Stephenson, Mrs. J. A. Williams, Mrs. J. Milligan, Mrs. R. Jones, Mrs. F. Hawkins, Mrs. O. Proud and the hostess.

An executive meeting of the ladies of the Rossland Consumers Co-Operative was held Wednesday at the home of the President, Mrs. W. Pollock Jr. An agenda was drawn up for the business meeting to be held June 26. Recommendations were received for the setting up of committees, and the report of the Board of Directors' meeting was outlined. Those present were Mrs. J. Chisholm, Mrs. M. Storie, Mrs. B. McLellan, Mrs. M. Santori, Mrs. B. Whitehorn and Mrs. W. Pollock Jr.

Imagine Walking Onto a Hollywood Stage and Meeting President Truman

By BOB THOMAS

HOLLYWOOD, June 22 (AP)—Imagine, if you can, walking onto a Hollywood stage and finding President Truman talking to a press agent.

The Truman, in this case, was a St. Paul, Minn., actor named Roman Bohnen who is portraying the President in the atomic "The Beginning Or the End". He bears a fair resemblance to the Chief Executive, especially at a distance.

"I can't see the likeness at all," he said. "My agent looks more like the President than I do."

Bohnen said he is a Democrat, having "voted myself into this job." That makes him better off than Lionel Barrymore, whom the Roosevelt family nixed for the FDR role. Barrymore stumped for Governor Dewey of New York.

The actor was performing his role in an exact replica of the President's office. The scene called for him to make the decision for the Hiroshima bombing.

"When I was Senator, I didn't know anything about the bomb," Bohnen told me, lapsing into character. "They told me the big plants were bubble gum factories. Whenever I tried to investigate one I would get a note saying: 'Dear Harry, please stay away. I'll tell you about it later. FDR.'"

Bohnen observed that he was getting more for impersonating the President than the President actually earns.

"How much?" I asked.

"See my agent," he answered.

Movie studios are becoming concerned about the lack of good story material. Prices for successful plays and novels are going sky-high, and the companies are trying to devise ways of developing new and cheaper writing talent. Some producers have been dipping into film vaults and you'll e seeing rehashes of such old films as "Ah Wilderness," "Little Women," "Alice Adams", "A Conecticut Yankee."

LONDON (CP) — Sqdn. Ldr. C. Elliott Sinclair Patterson, D.S.O., D.F.C., decorated in 1944 for "outstanding service in bombers," has been dismissed from the service by sentence of a general court-martial. No details were given.

NATAL

NATAL, B. C. — The members of the Junior Catholic Women's League concluded their series of home whist drives during which time each member was responsible for holding a two table whist drive at her home with the following winners being announced after all the scores of the different gathering were collected.

Ladies first: Mrs. J. Whittaker, Michel; second, Mrs. R. Marsh, Michel; third, Miss Elizabeth Gergel of Natal. Gentlemen's first: George Oley, Natal; second, Mickey Malinosky, Natal; third, Mario Pettoello of Natal.

NATAL, B. C. — A surprise shower took place in the Legion Hall at Michel recently in honor of Miss Mildred Thomason of Michel who became a June bride to Ray Marchi also of Michel. The shower was well attended by many ladies with the evening being well enjoyed by games of bingo and whist being played with prizes given to the winners. Refreshments were served. The guest of honor was the recipient of many beautiful presents.

R. Taylor, Sr., and son, Barney from Vancouver are present visitors at Michel where Mr. Taylor is spending his holidays with his three sons living at Michel. Mr. Taylor is a former Michel resident having worked in the mines for many years and before his departure was employed by the coal company as pit-boss or mine overman. All of his five sons, including the three from Michel are veterans of the Second Great War.

The Natal-Michel Band will attend the big rodeo to take place at Coleman on Saturday, Aug. 3. The big day, which is being sponsored by the Coleman Board of Trade, will commence with a monster parade and will include bands beside the Natal-Michel Band, the Bellevue Band and a pipe-band from Coleman. It is expected that the Crow's Nest Pass will witness for the first time in years a rodeo compared to that undertaken by bigger towns.

THE NEW B. F. Goodrich SILVERTOWNS
OUTWEAR PRE-WAR TIRES BECAUSE THEY'RE BUILT IN A COMPLETELY NEW WAY

They are made of a new kind of rubber, developed by B. F. Goodrich. Because of this, they run cooler and they wear longer.

A newly designed tire body permits the use of better cords and more of them. This gives the new Silvertowns 35% greater body strength . . . greater resistance to bruising.

Both the Life-Saver Silvertown with its famous quick-stopping, windshield-wiper action tread; and the L.D. Silvertown, with its quiet-running circumferential bars, embody all the new longer-mileage features.

They are the greatest mileage tires of all time . . . built by B. F. Goodrich, makers of over 32,000 articles of rubber, including footwear and industrial rubber products.

Believes Women Can Best Discipline Children

As an aid to reducing juvenile delinquency, a New Jersey woman is advocating that the laws forbidding corporal punishment in schools be repealed and that women teachers be given the right to chastise pupils when considered necessary. She is Miss Grace R. Lewis, who has been appointed head of the Juvenile Delinquency Committee of the National Association of Women Lawyers. She thinks that timely punishment, properly applied, has a therapeutic value for many delinquents.

Women, she thinks, have the God-given right to deal with wayward children. Miss Lewis is not only a lawyer but also a teacher in the Newark school system, and has some ideas which will meet with approval in many quarters. She believes that no man can handle a child as well as a woman, and she points out that if delinquency is going to develop it generally becomes apparent when the child is about nine and a half years old.

Evidently Miss Lewis favors spanking in an effort to keep youngsters close to the straight and narrow path. Of course, there will be sentimental opposition to her suggestions, but among older people there will be the idea that she has something which may be a solution to some of the present-day problems. The older generation can look back and review the past and judge for themselves just how beneficial corporal punishment was in their own cases.

Almost as Fast as the Sun

In the near future, John Wilmot, British Minister of Supply, predicts, large jet airplanes will be speeding passengers and mail across the Atlantic at the rate of about 600 miles an hour. He coupled with this an announcement that piston engines for airplanes have been officially labeled outmoded for British aviation, which is to pin all its hopes on jet propulsion. Some engineers are likely to feel that Wilmot is a bit premature in conducting obsequies for piston-driven aviation motors; and that the jet engine must prove itself further before many people will be anxious to trust their lives to it.

That, however, is something for experts to debate. It is the prediction of travel at 600 miles an hour that will intrigue laymen. Translated into actual performance on a flight from London to New York, such a speed will mean that the traveller leaving London after an early dinner when his watch says 6 P. M. will be arriving at LaGuardia Field when its clock says 6:45 and it will be just time for another dinner.

He will have the satisfaction of moving almost as fast as the sun in its daily course across the heavens. For the five hours and 45 minutes a 600-mile-an-hour crossing would require he will almost have made the sun stand still.

But such a pace may have its penalties. It may be necessary for dietitians to determine whether the traveler of the future can expect deleterious consequences to follow abrupt shifts from the cooking of one nation to that of another.

New Deal Men Nearly All Out

With nomination of John L. Sullivan to be Under-Secretary of the Navy the prospect nears that Henry A. Wallace will soon be the sole surviving Roosevelt appointee in President Truman's Cabinet. At a press conference, President Truman referred to reports of the imminent resignation of James V. Forrestal as Secretary of the Navy in such ambiguous fashion that his remarks bore either interpretation that Forrestal would soon resign or that he would remain at his post. It is no secret that Forrestal desires to leave as soon as he can be spared and the man nominated as his likely successor bears a reputation in Washington of being able and well acquainted with the duties that he would assume.

The nomination of John W. Snyder to be Secretary of the Treasury means, if the Senate confirms the nomination, replacement of one Truman appointee by another. Some factions of the Democratic Party would like to believe that translation of Snyder from Reconversion Director to Secretary of the Treasury would mean his removal to such a distance from the White House circle that the President could not hear his words of advice, but this seems an unlikely result. Snyder's new job is not likely to weaken the President's practice of consulting those in whom he has confidence, though as a good politician he may tacitly allow some affiliates of his party to believe what pleases them.

Likes Union Jack for Canadian Flag

To the Editor:

Sir—I was glad to read in the Daily News of June 13 that the Kokanee Chapter of the I.O.D.E. are in favor of the Union Jack as the true flag for Canada. I sincerely hope that all I.O.D.E. Chapters in Canada will back this idea, as we of British birth were born and hope to die under the good old flag, that has meant freedom, liberty and peace through many generations.

Let it wave forever, as a token that we as good Canadian citizens appreciate all the benefits we have and will continue to receive from our Motherland England.

Farmerette.

Ericson, B. C., June 18, 1946.

Editor's note—Kokanee Chapter I.O.D.E. seeks incorporation of the Union Jack into the new Canadian flag.

Takes More to Make a Flag Than to Fashion Its Design

To the Editor:

Sir—Your correspondent, A Canadian Canadian, in his or her recent letter to the Daily News, deplores the possibility of the Union Jack forming part of Canada's new flag, giving reasons therefor, but the inference of disloyalty of the I.O.D.E. in making the recommendation is not to be lightly passed over. Surely no women's organization has a more loyal and honorable record in peace and war.

One agrees with a Winnipeg suggestion that final decision should be reached by national plebiscite, but apparently this is now too late; the Government seems to be on the horns of a dilemma, and it is claimed this was one reason for the Prime Minister's rather hurried return from Britain! Your correspondent rather implies, too, there is something somewhat disreputable about the Union Jack, and desires no part or parcel with it at any price.

Yet, without carrying the torch for the Empire's flag, one feels like writing that it symbolizes the spiritual heritage of all British peoples, reminds them of heroic forebears, of the songs, poetry and language of their diversity of races; its three crosses tell of three great nationalities drawn together as one in a far-reaching consecration of free peoples uniting to move forward into surer ways and a larger freedom, and behind these crosses of Saint George, Saint Andrew and Saint Patrick, of which they are a pale shadow, stands yet another cross that nearly 2000 years ago stood starkly against Golgotha's storm-swept sky.

Your correspondent's colonial complex has been outdated since the first of the Imperial Conferences many years since, when the restraining ties that once bound the Dominion to Mother England's apron strings were definitely sundered. One legal string remains, and its elimination is now in progress. Possibly some day Canada may become a thoroughly independent nation within a Pan-American Union, but in this perilous post-war world, the shape of things to come is in no wise apparent. Come what may, it will surely never forget it owes its inception into nationhood, and its symbols of sovereignty, to the Mother Country, its ultimate preservation to the Britain that in the dark Summer of 1940 stood, the one lone citadel of freedom in a fear-struck, hesitant world.

Canadian Canadian's letter stresses a greater unity is possible with a purely Canadian flag, but may one suggest that unity is an affair of the spirit, independent of symbols—

"Whatever we are worth, the flag is worth,
Whatever we may dare to dream, or do . . . ."

And perhaps its message is this: "I am not the flag . . . I am its shadow, whatever you make of me, and nothing more. I am the day's work of the humblest, the wildest dream of the most daring. I am all that you believe I can be." Let us remember that it takes more to make a flag than fashion its design, as much more, indeed, to build a world than to tear it down.

This correspondence will cause no flutter in diplomatic dovecotes or shake the reeds at Runnymede, and the classic calm of Ottawa will remain unruffled; but whatever the decision arrived at by the powers-that-be, we know that Canada's flag will be something more than a strip of bunting in formalized pattern, colored by the dyes of a nation's tastes, and will express visually, we hope, what no number of words can say, a reminder too that in these flag-wise and flag-worthy days, Canada has a stake in the world widely beyond Canadian frontiers.

New Housewife, Nelson—Will you please give me a recipe for cooking beef heart?

Make a stuffing as follows: Two or three tablespoons melted fat, a tablespoon chopped onion, a cup dry bread-crumbs, a teaspoon salt, ¼ teaspoon pepper, one or two tablespoons milk or stock, ½ teaspoon each sage, chopped celery, parsley. Melt the fat in a frying-pan, add onion and saute till tender, then mix in crumbs, seasoning, etc., and mix well. Wash heart, fill cavity with stuffing, tie with twine and wrap in cloth, sewing ends to keep in stuffing. Place in small stewpan and nearly cover with water, cover, and simmer for three hours. Remove cloth, make thick gravy, and pour over heart. Serve.

Laundress, Castlegar—Is it right that seersucker is ruined if brought in contact with a hot iron?

Not exactly. Seersucker is a boon and a blessing to home laundries because it is not necessary to iron it, just to dry it being sufficient. Ironing gives a smooth, almost glossy surface, that is not as pretty as the original finish.

Looking Backward

10 YEARS AGO

From The Daily News, June 24, 1936

Watchmen have been placed on all rural schools which might be threatened by fanatical Doukhobors, it was announced today by Inspector John Macdonald. The police are employing the watchmen and stationing them at the schools instead of permitting Doukhobors to stand guard under sponsorship of the Christian Community of Universal Brotherhood, which has been held responsible for the schools for several years past.

King Edward and his brothers rode in a glittering procession today along the Mall to attend the traditional King's birthday ceremony of trooping the colors.

25 YEARS AGO

From The Daily News, June 24, 1921

Lord Curzon, British Secretary of State for Foreign Affairs, today attacked the language of the covenant of the League of Nations, stating that trained lawyers were sometimes unable to tell what it meant.

Ed Ferguson, Provincial Assessor from Nelson, was at Fruitvale yesterday on Departmental business.

40 YEARS AGO

From The Daily News, June 24, 1906

The country lying between Salmo and Champion is alive with bears. There are so many that they are becoming a nuisance to the ranchers.

Weather permitting, this afternoon the city band will give its regular free open air concert in the old tramway park from 3 to 5 o'clock. Both street cars will be run during the afternoon and there will probably be a large attendance.

Words of Wisdom

When you give, take to yourself no credit for generosity, unless you deny yourself something in order that you may give.—H. Taylor.

Etiquette Hints

A young woman never should try to impress her escort by talking of her popularity, by telling where other dates have taken her, and what smart places she has been.

Test Yourself

1 Where is the Levant?
2 Where are the Azores?
3 Where are the Antilles?

TEST ANSWERS

1 The name is applied to the Eastern coast lands of the Mediterranean. It extends from the Western part of Greece around to the Western border of Egypt.

2 A series of islands in the North Atlantic belonging to Portugal.

3 Two groups of islands of the West Indies are called the Greater and Lesser Antilles.

Today's Horoscope

A birthday today means that you are quick and have a good clear thinking mind. You sometimes are brusque in your speech, but without intention. You have strong determination and the conviction of your ideas. You make friends easily and hold them. The love you will compel will be strong and steadfast. Be methodical in whatever is necessary to be done today. You had better rest than be active. The moon enters Taurus at 10:52 a.m. If you think of an efficiency scheme, it should bring a reward, as recognition for initiative is indicated. Inspiration will be at somewhat low ebb later in the day. Keep your cash and valuables in a safe place.

Press Comment

COMMUNIST INNOCENCE

While Mr. Carr has been dismissed from party office, neither he nor Mr. Rose has been dropped from the party's roll of membership. That the party should delicately refrain from expelling them, or at least suspending them pending the final verdict of the court, is perhaps in line with the British principle that an accused is innocent until proven guilty. But it seems more in line with the long-standing Communist principle that any Communist is innocent no matter what the verdict may be.—Montreal Gazette.

AMERICAN PEOPLE WILL NOT SHARE ALL SECRETS OF THE ATOMIC TEST

By DON WHITEHEAD

ABOARD U.S.S. APPALACHIAN EN ROUTE TO BIKINI, June 23—(AP)—The American people will not share all the secrets of what happens to the guinea pig fleet in Bikini lagoon after the atomic bomb explodes early next month.

The United States is not ready yet to let everyone know all the effects of atomic energy loosed on the ships in the first experiment of its kind ever held.

Until international agreement is reached on atomic control it is unlikely that the full story of Bikini will ever be told. It will remain the exclusive property of the United States.

Scores of newspapermen headed for the Bikini test will be permitted to describe what they are able to see during and after the explosion. They will be allowed by Joint Task Force One to describe preparations for the test and the actual bomb drop—with reservations as to the description of the bomb and the height at which it explodes above the target—and to tell what they see of the fleet when they are permitted into the lagoon.

But this is only part of the story—the part which will not disclose any atomic secrets.

The most complete story of the Bikini experiment will not come from the newspapermen at Bikini. It will come from two reports to be released by President Truman and by the Joint United States Chiefs of Staff.

Capt. Fitzhugh Lee, Public Relations Chief of the task force, explained the situation at a press conference aboard ship today. He advised correspondents that full reports of the test will be made by men "with no axes to grind," who will be given the full story of the atom bomb's destructive force directed against ships at anchor.

Party Starts With Beer, Ending With Lemonade and Water

TORONTO, June 23 (CP)—Police swooped down on a party of nearly 100 young people gathered to toast the health of Tony DeLuca, who was being married Saturday evening. Police seized 15 cases of beer, allegedly purchased on beer permits other than the one held by DeLuca. The groom's father was arrested on a charge of illegal possession. The party continued with cheese and crackers, lemonade and water.

"Danger in Canada In Goods Unable to Compete in Markets"

WINNIPEG, June 23 (CP) — The great danger in Canada at present is that cost of production will become so high that Canadian goods will be unable to compete in world markets, Don G. McKenzie, Chairman of the Board of Grain Commissioners, said here.

Mr. McKenzie told the annual meeting of the Canadian seed Growers' Association that Canadian exports now were worth from two to five times as much as they were before the war.

Figures showed that exports in 1932 mounted to $82 a head, while head.

May Be Able to Release More Logs to U. S.

WASHINGTON, June 23 (AP)—The Canadian Embassy has informed the United States State Department that if production of logs from Crown Grant lands increases, the Dominion may be able to release more logs to the United States.

The Canadian Embassy statement said there was no prohibition on the export of cedar logs from Crown Grant lands in Canada.

"With respect to fir and hemlock logs, we have indicated we are prepared to permit at least 17,500 feet of fir logs, exclusive of r grade peelers, and 32,500,000 fee hemlock and balsam logs, exclu of high grade logs, to go to United States from Crown Gr lands in Canada during the ye 1946."

At Ottawa D. D. Rosenberry, Canadian Timber Controller, said prospect of increased export of logs to the United States has been redu d by the recent British Columbia loggers' strike.

Mr. Rosenberry said the Washington statement had been prepared before the strike became prolonged, and chances of increased exports had been reduced by the 37-day work stoppage. The statement was made in response to requests from the United States for an increased supply of logs from Canada.

In 1858 McGEE said:

"I see One Great Nation"

In 1858, with an inspired address to the Canadian Legislature, Thomas D'Arcy McGee began his crusade to unite Canada. President of the Council in 1862 and later Minister of Agriculture, D'Arcy McGee became the foremost apostle of Canadian unity and one of the Fathers of Confederation. Well may it be said of McGee . . . there was a man of vision, a clear-headed Canadian.

In 1622 CALVERT said:

"Preserve Unity...I see the Future"

OVER THREE CENTURIES ago, Calvert, famous English statesman and Secretary of State to King James I, founded pioneer colonies in Newfoundland and Maryland.

Man of vision, Calvert 300 years ago foresaw prosperity and growth through united effort. "Be partners and assist your neighbours," he wisely counselled his early settlers. "They are men of high esteem."

Far back in the 17th century Calvert may well have envisioned Canada's rich promise as a great nation when he said, "I see the future . . . it is a good country." Calvert's ideals of unity have been shared by all men of vision through the centuries since Calvert's time. Today . . . all Canadians can be men of vision . . . work earnestly together to make Canada "one great nation."

Upon unity of purpose depends the full measure of our stature as a nation. There is only one Canada for clear-headed Canadians.

The National League leading ooklyn Dodgers also came ough their toughest test with ing colors when they subdued challenging St. Louis Cardinals 7-5 in the opener of an important three-game series. The victory enabled the Flatbushers to increase their first-place margin to 2½ games over the Redbirds.

The third-place Chicago Cubs climbed to within 2½ games of the Cards by downing New York Giants 5-4.

Hal Newhouser, Detroit's sensational southpaw, chalked up his 100th mound triumph in his seventh major league season by pitching the Tigers to a 6-2 win over the Yankees.

Behind the three-hit hurling of Schoolboy Rowe, Philadelphia Phillies emerged from the National League cellar for the first time this season by downing Cincinnati Reds 2-1.

Mort Cooper scattered eight hits in pitching Boston Braves to a 3-2 triumph over the Pirates.

Cecil Travis' bases-loaded single in the ninth broke up a 1-1 hurling duel between Dutch Leonard of Washington and Denny Galehouse of St. Louis to give the Senators a 4-1 win over the Browns.

The Philadelphia Athletics also triumphed in the ninth, scoring two runs in the ninth to defeat the Chicago White Sox 5-3.

Trail Wins Cricket Opener at Nelson by 12 Runs

A steady downpour of rain greatly interfered with the opening cricket game between Nelson and Trail. The grass being slippery, the ball greasy, and generally contributing to the bowlers success, who were on top all through the game.

This was the first game of cricket since the World War started and most of the players showed evidence of being out of practice.

The honor of bowling the first ball was given to Robert Main, a veteran enthusiast, who showed that he could still make the ball spin.

Trail opened their innings disastrously, seven men being out with only 19 runs on the board. However, Jimmy Bains, another veteran, showed that he had not forgotten how to hit, driving one ball on to the roof of the skating arena, and with valuable assistance from the tail end, scored 30 out of a total of 57 runs.

Nelson's innings opened with the rain increasing. It was a dismal start as in the first over Drew was run out. The umpires then drew stumps with the score board showing three wickets for 17 runs. With the sky clearing, play was resumed, but the grounds favored the bowlers, and wickets went down quickly. Despite a last wicket stand by Chambers and McCulloch, who added 15 runs, Nelson players were all dismissed for 45, leaving Trail the victor by 12 runs.

India Scores 200, England 135 in First Day of Test Match

LONDON, June 23 (Reuters) — The first day of the three-day test match between England and India —which opened at Lords Saturday —ended with England scoring 135 runs for four wickets in reply to India's 200.

Segura Defeats Favored Pauls

LONDON, June 23 (CP)—Pancho Segura of Ecuador recorded an upset Saturday in the Men's Singles finals of the London Grass Courts Lawn Tennis Championships when he defeated Dinny Pauls of Australia, 6-4, 0-6, 6-4.

Pauls, Australia's "boy wonder" and top-seeded for the Wimbledon Championships starting next week, had been established a 3-1 favorite over the two-handed Segura.

In the Women's Final Pauline Betz of Los Angeles trimmed Margaret Osborne of San Francisco 6-3, 6-3, 6-3 in all-United States showdown regarded as a preview of the Wimbledon title round.

TORONTO, June 23 (CP)—The MacDonald stable's Tulachmore became undisputed leading Canadian-bred money winner of all time when the colt captured the Bloor Business men's handicap Saturday at the closing day of the Dufferin Park race meeting.

Tulachmore breezed in ahead of Sweep Lad with the Sheriff third on a field of seven in the feature race. The victory boosted Tulachmore's earnings to $54,220.

Smallest Trading Volume in History Of Chicago Pit

By WILLIAM FERRIS

CHICAGO, June 23 (AP) — The roar of the pit has dwindled to a weak whisper.

With futures trading in all wheat and rye eliminated and confined to the oncoming drop in corn and barley, the Chicago Board of Trade, once the world's most active grain market, this week recorded the smallest trading volume in modern history, less than 500,000 bushels.

Earlier this year volume aggregated about 15,000,000 bushels daily. Before the war daily grain turnover of around 30,000,000 bushels was considered normal.

The most active day in the Board's history was July 20, 1933, when 269,413,000 bushels changed hands.

Price ceilings and unprecedented demand have caused the present situation, grain men said. They foresee little change unless ceilings are removed, demand slackens or supply expands to a point where it will more than cover demand.

The Board no longer reflects world-wide grain conditions. In the past, prices chalked on the Board's walls were a synthesis of all the favorable and unfavorable factors throughout the grain growing world.

Putting grips vary in detail but here's the one that I like because it keeps the back of my left hand and the palm of my right hand square to the hole. I think this makes for accuracy and control. In the putting grip, I put the forefinger of my left hand over the little finger of my right hand. This detail of my grip differs from that of many fine putters. And whether or not it's best for you, you can determine with a little practice. I feel that this grip gives me the sensitive touch necessary to control and enables the wrists to do the work in the putt. The two hands work as one. Tomorrow we'll continue to discuss the putt.

Royals Blast Salmo 17-10 for 9th Straight

Nelson Girls' Softball Club, rolling up their ninth straight win, clubbed out a 17-10 victory over Salmo at the Civic Grounds Sunday. Building up a nine run lead in the first two innings, Nelson Royals were only threatened once, in the fourth frame, when the Salmo girls, led by M. Breeze who knocked in three runs with a homer, scored five times.

Francis McMullin led the way for the home team, scoring five runs in as many times at bat. Stangherlin got four in four attempts at the plate and Barrett four in five. Anderson topped the visiting team with three.

Lineups:

Salmo—M. Konkin, D. Gibbon, K. Gould, A. Walters, M. Breeze, H. Gray, O. Anderson, M. Lindow, Dauphinais.

Nelson — Barrett, F. McMullin, Churchsinow, G. Procter, M. Stangherlin, M. Kubin, V. DeLucrezio, D. Wallace, D. Colman.

Athletics Take Pee Wee Giants

Athletics moved up a couple of points in the Pee Wee Baseball League Saturday afternoon when they defeated the Giants 8-4. Both teams put up a good game despite chilly weather and slight showers. This marked the final Pee Wee League game with playoffs for the City Pee Wee title starting this week.

Bob Burns, Jackie Woodall and Dave Shunter paced the winners with two runs each, Joe Posnikoff and Clive Fleming scored one run each. The Giants runs were scored by Bill Jordan, Bill Hunter, Nels Sjoberg and Laurence Ludlow.

Batteries were:

Athletics: Langstaff, Posnikoff and Burns.

Giants — Ludlow, Sjoberg and Cooper.

CANBERRA (CP) — A group of business men will leave Australia for Japan soon to study Japan's industrial equipment and methods, especially in the textile industry. The Federal Cabinet is expected to appoint them to honorary rank in the services so that they can make the visit.

Cornell Scullers Take Regatta; U. B. C. Is Last

SEATTLE, Wash., June 23—The University of British Columbia finished last in the 2000 meter Lake Washington International Regatta held in Seattle Saturday.

Cornell finished first in the race against seven other colleges which included the University of B. C., the only Canadian entry.

The favored Wisconsin Eight, undefeated previously this year, finished in fourth place without ever having been a serious contender for the lead. The finish of the other boats was: Massachusetts Institute of Technology, second; Washington, third; Wisconsin, fourth; Harvard, fifth; California, sixth; Rutgers, seventh; and the University of British Columbia, eighth.

The winning time was seven minutes, 19 seconds while UBC's time was 7:55. The race was run against a brisk breeze on choppy water.

The time was more than a minute behind time trials rowed on more favorable water by some of the entries.

Cornell, which challenged Washington with a powerful "big ten" stroke at about the halfway mark, finished one-half to three fourths of a length ahead of M. I. T., which had a quarter length ahead of Washington.

PIKERS TO INDIANS

To the paddle-dipping British Columbia Indians from Duncan who participated today in Seattle's Lake Washington festivities, the collegians who rowed in the 200-meter eight-oared shell race were just a bunch of pikers.

The Indians were scheduled to compete in a special pre-race dugout canoe event at two thousand meters. They looked over the course and pooh-poohed the distance. So they revised things by starting at the finish line, paddling to the starting line and back again. Sure—the eleven man Indian crew won.

While the collegians had flown to Seattle for their measly two thousand meter race, the Indians paddled more than one hundred miles from Vancouver Island.

Set Dates for Koolaree Outings

Dates for the annual camps at Koolaree for Senior and Junior boys, Intermediate and Senior girls and Young People's were announced over the weekend.

Senior boys will go to Koolaree between July 2 and 11, while the Junior Boys camp will be between July 11 and 20.

Intermediate Girls take over July 22 to 31, while the Senior Girls camp commences Aug. 1 to Aug. 10.

Young people will start the round of camp fun Aug. 12 and their session closes Aug. 21.

Fred Robins, well known by former campers, will direct both boys camps. Intermediate girls camp will be directed by Mrs. Leslie Rimes and senior girls by Miss Betty Bowmann while Rev. W. H. H. Norman of Vancouver will direct the young people's.

Registration deadlines have been set for 10 days before the opening of each camp.

In Trail boys registration for both junior and senior camps is scheduled for next Monday and Wednesday at Knox United Church.

SAM BREADON LIKES PASQUELS

ST. LONIS, June 23, (AP)—Sam Breadon, owner of the St. Louis Cardinals, was back from Mexico today with praise for the Pasquel Brothers who run the Mexican League and word that he would have something to say about baseball down that way at the next National League meeting.

He would not elaborate on what that "something" would be but he called the Pasquels "real people" who "were very courteous to me" and whose "promises would be kept."

Breadon said he had no guarantee that the Mexican interests would make no further player raids on his Cardinals from whom they already have licked up pitchers Max Lanier and Fred Martin and infielder Lou Keith. But he said he sought none.

Breadon reiterated he went to Mexico "on my own" and not as a representative of other baseball owners.

Coast Girls to Motorbike East

VANCOUVER, June 23 (CP) — Aboard a motorcycle and sidecar purchased for $590, two Vancouver girls will set out Wednesday for Toronto by way of the United States, weather permitting, to satisfy "an urge to go East."

The girls are Doris Rose, 27, and Margaret Woodley, 23.

Bruins Get Pratt

TORONTO, June 23 (CP)—Sale of Walter (Babe) Pratt, defence stalwart of Toronto Maple Leafs of the National Hockey League, to Boston Bruins for a "large" amount of cash plus rights to Eric Pogue, 17-year-old scoring ace of the Oshawa Generals, was announced tonight by Conn Smythe, manager of the Maple Leafs. The sale also was announced from Boston, but the amount of cash was not disclo closed.

WINNIPEG, June 23 (CP)—Koraway, six-year-old bay gelding from the K. and K. Stable, Winnipeg, won the Western Canada handicap with its $1200 added purse at Polo Park here Saturday.

IRISH TOURERS WIN

MADRID, June 23 (AP) — Ireland's touring soccer team upset a Spanish squad 1-0 in an international match witnessed by a crowd of 50,000 including Generalissimo Franco and his wife and daughter.

Horseshoe Pitcher Throws 15 Straight Ringers

WASHINGTON, June 23 (AP)—Jimmy Risk, trick horseshoe pitcher, threw 15 straight ringers and performed other feats on the White House Horseshoe Court Saturday for the edification of President Truman and a group of admirals.

Admiral Chester W. Nimitz, Chief of Naval Operations, brought the 37-year-old expert from Montpelier, Ind.

Risk used 2½-pound shoes on the 45-foot regulation court. He lit matches and put them out with 40-foot throws, rung three pegs in close alignment with monotonous regularity and knocked a quarter off the top of a small lump of dirt on a peg without hitting the stick.

Football Team To Play Series For the "Ashes"

By JACK HOLDSWORTH
Canadian Press Correspondent

SYDNEY, Australia, June 22 (CP) —A British Rugby League Football Team has started a three-month tour of Australia to play exhibition games and in a series of three test matches with picked Australian teams decide possession of the "Ashes" which England has held since 1920.

The tour of the 26 English Footballers has revived interest in the Rugby League game in Australia though it is played only in the States of New South Wales and Queensland. The Englishmen make up the first test team to visit Australia in 10 years.

The "Ashes" for which the visitors and Australians will play strenuously is merely a term symbolizing supremacy in either rugby league or cricket tests between England and Australia normally held every two years with alternate visits between the countries.

The term "Ashes" goes back to the 1880's when England suffered a bad cricket test defeat. A London paper published an obituary of English cricket using the phrase "Ashes of Mourning" in its article, and originating the name by which the test titles are known.

Victorious test cricket teams have nothing more than the non-existant "Ashes" to show for their win but the footballers battle it out for the Courtney Cup as well.

Demaret and Hogan Triumph

TOLEDO, O., June 23 (AP) — Ben Hogan of Hershey, Pa., Mr. Moneybaks of 1946 golf, and handsome Jimmy Demaret of Houston, Tex., came from behind today to win the ninth Inverness invitational golf tournament with a margin of 20 holes won from their seven opponents.

The beat off their principal opposition today by trimming Byron Nelson of Toledo and Harold (Jug) McSpaden of Sanford, Me., one up, and then coasted in with a three-up triumph over Bob Hamilton and Dick Metz of Chicago.

The triumph in the resumption of this tournament—a wartime casualty—was worth $3000 to Hogan and Demaret and they picked up another $250 for having the most birdies.

The victory boosted Hogan's winnings for the year to a net $24,659.50.

Second place was worth $1700 to Nelson and McSpaden plus their split in the best ball prize kitty.

Nash Wins Ontario Open by Default

LONDON, Ont., June 23 (CP) — Jack Nash of London won the Ontario Open Golf Championship Saturday by default. Phil Farley, the Toronto Scarboro veteran who won his way into the finals, was unable to continue because of illness.

Farley had indigestion when he defeated Gerry Kesselring of Kitchener on the 19th hole in the championship flight quarter-finals. He was ill again when he eliminated hockey star Bill Ezinicki from Oshawa. His physician advised him not to continue.

Nash, 33, won his semi-final match on the 18th hole when he defeated Rudy Horveth, Windsor.

Smythe Promotes Jay Powell

TORONTO, June 23 — Manager Connie Smythe of the Toronto Maple Leafs of the National Hockey League, says that 20-year-old centre Jay Powell of Fort Worth of the U. S. Hockey League has been promoted. He has been taken by the Leafs for the coming winter season.

BRITISH CHESS MASTER SCORES SURPRISE

LONDON, June 23 (Reuters) — The Soviet Union defeated Britain by 18 points to six in the four-day radio chess international, which ended Saturday, but not before the British masters had surprised a Russian team acknowledged to be the strongest in the world.

The last day's play opened sensationally. Mikhail Botwinnik, Russian champion, resigned to C. H. Alexander, 36-year-old present British champion.

It was the top board match in the second round, and Alexander won in 40 moves.

DODDS COMES BACK

CHICAGO, June 23 (AP) — Gil Dodds of Boston Saturday ended a two-year retirement from the tracks where he once raced to records by winning the 880-yard race in the 45th annual Central A.A.-7 track and field meet.

The 27-year-old theology student won the half-mile race in the comparatively slow time of 1:55:6.

Homer-Hammering Yanks Outscore Heavy Hitting Tigers 10-8

By STEVE ROBERTSON
Canadian Press Staff Writer

When a team can bang out 17 hits to their opponents nine, they ought to win the game, but when six of those nine are homers its different.

Tommy Henrich's two-run 11th-inning homer, his second and New York Yankees' sixth in the game, brought New York a 10-8 American League victory over Detroit Tigers yesterday.

Elsewhere in the American League, Chicago White Sox broke even with Philadelphia Athletics, winning the first game 8-1, and losing the second of a doubleheader 6-1, at Chicago. At St. Louis the Browns split their doubleheader with Washington Senators each winning one game by the same score of 7-4. The Indians took double defeat from the Boston Red Sox at Cleveland, losing the first game 5-1 and the second 6-0.

BRAVES MOVE UP

In the National League, Brooklyn Dodgers increased their lead margin to 2½ games over the runner-up St. Louis Cardinals by taking the Redbirds 4-2 in the rubber contest of their three-game series. At Boston the Braves climbed into fourth place by taking both ends of a doubleheader from Pittsburgh Pirates, 4-3, and 4-0. At Philadelphia, the Phillies took the opener from Cincinnati Reds, 5-4, and tied the nightcap 3-3. In New York, the Giants split with Chicago Cubs, winning the opener 15-10, and losing the nightcap 9-4.

In the American League Joe DiMaggio hit two homers, and Johnny Lindell and Aaron Robinson one each for the Yanks, while Hank Greenberg homered during Detroit's five-run rally in the eighth.

Fireman Johnny Murphy, making his second relief appearance in two days, received credit for the victory and Hal Newhouser, fourth of five Detroit pitchers, was the loser.

The Tigers rattled a total of 17 hits off rookie Clarence Marshall, Randy Gumpert and Murphy before Spurgeon (Spud) Chandler came along to retire the last man in the 11th and cement the Yanks' sixth decision over Detroit in 10 meetings this year.

16 FOR HANK

Hank Greenberg's three - run homer—his 16th of the season — brought the Tigers from behind but Detroit's 15 singles, one double and one homer proved an unequal match for New York's nine hits.

DiMaggio blasted his 15th homer of the season off Newhouser in the ninth to tie the score and Henrich broke up the three-hour swatfest with his ninth four-ply count in the 11th.

The epidemic of circuit clouts fell two short of the Yanks' league record of eight homers in a game but hoisted their 1946 total to 67 home runs in 64 games.

Shower—But Not Rain Shower Cancels Ball Game

EASTHAMPTON, Mass., June 23 (AP)—A shower—not the kind you would expect—caused cancellation of the annual American Maids—United Elastic Girls' Sectional softball championship game.

The Maids reported they didn't have enough players because most of the girls were attending a pre-nuptial shower for the shortstop.

Nelson, M'Spaden Out in Front

TOLEDO, Ohio, June 23—Bryan Nelson of Toledo and Harold (Jug) McSpaden of Sanford, Me., jockeyed out in front today in the neck-and-neck race with Ben Hogan of Hershey, Pa., and Jimmy Demaret of Houston, Texas, for the top money of $3000 in the ninth Inverness invitational golf tournament.

Nelson and McSpaden, turning in a best ball score of 62, nine under par, gave the defending championship team of Lawson Little of Monterey, Calif., and Lloyd Mangrum of Los Angeles a five-up drubbing in the fifth round of the tournament after dropping a one-hole decision to Sam Byrd of Birmingham, Mich., and E. J. Harrison of Little Rock, Ark., in the fourth round.

Hogan and Demaret also had a best-ball score of 62 in licking Toney Penna of Cincinnati and Herman Barron of White Plains, N.Y., four up, after squeezing past Chandler Harper of Portsmouth, Va., and Herman Keiser of Akron, Ohio, one up, in the fourth round.

Bill Veech New Indians Owner

CLEVELAND, June 23 (AP) — Purchase of the Cleveland Indians was announced Saturday by Bill Veech, who will be President of the new organization.

Harry Grabiner, former Vice-President of the Chicago White Sox, will be Vice-President, said Veech.

Attorney Joseph C. Hostetler, a director, will remain in the new organization as Secretary.

Resignations of Alva Bradley as President and Roger Peckinpaugh as Vice President were accepted, said the new President.

TODAY'S News Pictures

"Death by shooting" for two and "fifteen years imprisonment" for the third were the sentences heard by these three Germans as they stood before the R.C.A.F. war crimes court at Aurich, Germany, recently. Convicted of the killing of a wounded R.C.A.F. airman who bailed out of his aircraft near the Ruhr town of Opladen in March, 1945, the three are waiting confirmation of their sentences. Flanked by members of the R.C.A.F. Service Police, at the left is Wilhelm Ossenbach, who received his sentence of 15 years' imprisonment without any show of emotion. Walter Weigal, in the centre, bowed his head in recognition of his sentence of "death by shooting," while Robert Holzer, on the right, buckled and had to be supported by service policemen just after this picture was taken. Both Weigal and Holzer broke down and wept outside the courtroom.—(R.C.A.F. photo).

JUST ANOTHER "PINUP" BOY: Adding his contribution to the vast collection of pins, buttons and other objects at the Children's Hospital, Boston, Mass., is 18-months-old Thomas Ethlier. Nurse Olive Smimard holds him as he places his memento in the cabinet. The objects were all removed from the larynges and bronchial tubes of children aided by the hospital.

Carol Ann Barry, 2½-year-old daughter of actress Joan Barry. An affirming Superior Court judgment in Los Angeles, Calif., ruled her the daughter of movie comedian and producer Charles Chaplin. The actor, who was hailed to court by Miss Barry for having her "banished" from California, and later to establish the child's paternity, must contribute to support of the child.

VICTIM OF HOLLYWOOD TRAGEDY: This photo of British screen star David Niven, with his wife and one of their two children, David Jr., was made when they came to Hollywood recently after Niven had served with the British forces throughout the war. Mrs. Niven died of injuries received in a fall at the Hollywood home of Tyrone Power. There was irony in the tragedy because Mrs. Niven had served during the war with the British Women's Auxiliary Air force, through fire and blitz. She was the former Primula Rolle, niece of the Marquis of Downshire. She met Niven during a Nazi air raid. Second child of the couple is James, who is seven months old.

JUST WEIGHING: Because Pembroke, highly bred Welsh Corgi, has to watch his figure, if he's going to be a prize-winner, he goes through more scales than a fish. Owned by Mrs. H. L. Green, Newton, Conn., breeder of thoroughbred dogs, this two-month-old pup is weighed regularly.

TO PROTEST TO KING ABOUT PROPOSED FOOD CUTS, BREAD RATION

LONDON, June 23 (Reuters) — Buckinghamshire housewives have decided to protest to the King against proposed food cuts and bread rationing. Other villages in South Buckinghamshire are organizing leagues of housewives and petitions are being displayed in village shops.

Blames Treaty Framers for Nazi Party and Second Great War

NUERNBERG, June 23 (AP)—Baron Constantin von Neurath said the framers of the Versailles Treaty and the League of Nations were responsible for the Nazi party and the Second Great War.

The 73-year-old German noble, Ambassador to London and Adolf Hitler's Foreign Minister before Joachim von Ribbentrop took over in 1938, opened his defence before the International Military Tribunal with the assertion:

"In the numerous and impossible provisions of the Versailles Treaty was the root of National Socialism and of the causes of the Second Great War. They brought the world into economic unrest.

"Its charter allowed for revisions but the League of Nations made no use of that possibility.

"When the United States, Russia and Japan were standing outside, this so-called League consisted only of a meeting of parties interested in maintaining the status quo. This was pointed out again and again and not only in Germany, but that Geneva playground of brilliant orators and politicians was deaf."

Von Neurath is accused of participating in a conspiracy of Nazi aggression in the role of Foreign Minister while Germany was rebuilding her war machine and also as "protector" of Bohemia and Moravia after the occupation of Czechoslovakia.

Stewardesses Find Flying More Work—But Less Glamour

By ENID NEMY
Canadian Press Staff Writer

WINNIPEG, June 22 (CP) — Waited on hand and foot by 11 charming women—that's the position I found myself in. Offhand I can think of dozens of members of the male sex who would have gladly traded places with me Friday when I went on a familiarization flight in a Trans-Canada Air Lines Lockheed Lodestar with 11 stewardesses.

Plane travellers who retain fond memories of each and every trip made so pleasant by the pretty, quick-witted, personable and capable stewardesses who fed them, answered questions and looked after other sundry needs with a smile, can well imagine how I felt with 11 hovering over me.

There are 20 young women in the new stewardess class at T.C.A.'s operational headquarters here. They have two things in common—a nursing degree and pleasing personalities.

Some of the new class served in the forces during the war years, others attended university, still others nursed in hospitals.

Although many of them started their training with thoughts of a "glamorous" profession in the back of their minds, they soon learned that their chosen work, although attractive, is also hard. Their four-week course includes everything from meteorology and geography to history of aviation and radio communication lectures. When they graduate on June 27 they will hold few illusions about their job.

The flight consisted of 10 of the trainees, Supervisor Betty Hemingson of Manson, Man.; Pilot Rene Giguerre, St. Boniface, Man.; Co-Pilot Al Wilton, Montreal, and Passenger Service Instructor Don Westman, London, Ont. We flew the return trip from Winnipeg to Regina in less than five hours, speeding along at 220 miles an hour at an altitude ranging from 400 to 10,000 feet.

PLEASURE TRIP

For me, it was a pleasure trip. For the girls, it was a practical demonstration of their future work.

They served coffee and lunch, distributed magazines, checked passenger lists, demonstrated oxygen masks, and generally made each other comfortable. They identified lakes and valleys, pointed out the places of interest and read air maps. There was little they didn't do.

The girls on the flight included: Violet Biasutti, Powell Rover, B. C.; Phyllis Campbell, Vernon, B. C.; Olive Mandzuk, Winnipeg; Betty Jane Ramsey, Gerndurf, Sask.; Claire Paetsch, Winnipeg; Maud Proctor, Winnipeg; Mary G. Hazlewood, Vancouver.

Garden Club Call Off Rose Show, Season Advanced

The rose show, planned by the Nelson Garden Club for bonspiel week, has been called off, it was announced at the June meeting of the club, Friday night in the Women's Institute Rooms in the Civic Centre. With the advance season it was felt that the quality and quantity of roses available would not represent best efforts of Nelson gardeners. The Committee had circularized citizens, who had rose gardens, requesting that they make blooms available and the response had been splendid.

Although the show will not be held, the Rose committee is planing to distribute rose buds early Monday morning and throughout the week to the curlers taking part in the bonspiel. It was felt that sufficient individual rose buds would be available for curlers and club members.

A. S. Read, chairman, reported that the Spring Flower Show was successful with hundreds of tulips and other spring flowers on display.

It was also reported that citizens of Nelson had bought and were using nearly all the earwig bait made available, at cost, by the City Council.

Schooner Collides With Iceberg, Crew Members Saved

ADVOCATES ADOPTION OF NURSERIES AND PLAY SCHOOLS

VANCOUVER, June 21 (CP) — Adoption in all communities of nurseries and play schools for "tiny tots" was advocated here by Ernest Winch, C.C.F., M.L.A., when he spoke in support of Mrs. Dorothy Steeves and George Isherwood, the C.C.F. candidates in Monday's Point Grey byelection.

Under his plan children would start attending school when two and three years old instead of being held back until the age of six.

By this method, said Mr. Winch, children would become more easily "socialized" by learning to mix with other children at an early age.

Moochers, Millionaires Mingle In Enigmatic Tehran

By DOON CAMPBELL

TEHRAN, June 22 (Reuters) — Tehran is a city of contrasts—caviar at $1.50 a portion and open drains, streamlined limousines and horse-drawn, archaic carriages, girls in Paris models and mothers in Moslem veils, diamond-ringed millionaires and ragged merchants, white marble palaces and thatched slums.

Torrid, dusty roads lace the base of snow-capped mountain in this political and economic rendezous of British, United States an Russian interests.

The smell of sewage mingles with the scent of exotic perfume.There are fountains and noble monuments to Reza Shah and the poet Ferdowsi; grandiose squares, pretentious buildings, Mosiac frontages and ornamental gardens — alongside opium dens, cabarets and dingy hovels below the gutters.

Tehran has everything — a bit of boom town, a flavor of Oriental tradition and a slice of eWstern sophistication and vulgarity.

In the summer residential areas on the outskirts of the city, there are swimming pools and artificial ponds by the acre. In the fly-ridden, furnace heat of Tehran, humans and horses, dogs and ducks wallow in a channel of water that runs down from the heights, getting dirtier every few yards of its passage through the city.

Drinking water is sold on a commercial basis by vendors with huge cans strapped to donkeys. Belt tightening is unknown in most clubs and cafes.

Priorities Will Take All 1946 Automobiles

Chances of getting a new car this year unless you have a priority are almost non-existent.

Nelson Wartime Prices and Trade Board had hoped that those who had obtained priority certificates would have their demands satisfied by September, but the reduced production, resulting from the paralyzation of the motorcar industry by strikes, will make it almost impossible for the ordinary citizen to purchase a 1946 automobile.

Excess of priority certificates over production became so great that May 8 the local and regional board offices were ordered to stop issuing them. In case of emergency, applications have had to be made to the Administrator at Ottawa. However, it is expected that certificates will again be released by July 1.

TWO CLASSES

Priorities have been divided into two classes, A and B. The favored group, Class A, consists of doctors, public health and visiting nurses, veterinarians, Government departments including the public police, fire, light, heat, power, telephone and mail.

Class B, the secondary group, includes those veterans who need cars for their businesses, subject to that need being established, incapacitated persons requiring transportation to and from work when other transportation is not available, full time employees of processors, canners and preservers of essential foods in connection with production only, superintendents and timber scalers engaged in the production of lumber, practising ministers, priests and rabbis regularly serving more than one congregation, and operators of taxi or U-drive businesses providing the vehicle is a replacement for one that has been in continuous use for the previous twelve months.

Car manufacturers, under the supervision of the Motor Vehicle Controller, are distributing the new automobiles on the basis of the 1941 quotas, with adjustments for population changes.

Notice of Appeal Against Rose Placed in Hands of Bailiff

MONTREAL, June 23 (CP)—Notice of an appeal against the conspiracy convition of Fred Rose, Labor-Progressive Member of Parliament for Montreal Cartier, to be filed in court of appeals June 26, has been placed in the hands of a bailiff to be served on Special Federal Prosecutor F. Philippe Brais, K.C., Senior Crown Prosecutor Oscar Gagnon, K.C., Mr. Justice Wilfrid Lazure and the Clerk of the Crown, it was announced Saturday.

Defence counsel for Rose said the appeal is based on questions of law, questions of mixed facts and law, and questions of fact alone.

At the same time a motion has been sent out with notice for the same day, June 26, that application will be made to a justice of the Appeals Court in chambers that bail be granted to Rose until the appeal is decided.

Rose was convicted last Saturday by a 12-man King's Bench Court jury on a charge of conspiring to communicate information to Russia. On Thursday Mr. Justice Lazure sentenced him to six years in pehitentiary.

Chief defence counsel Joseph Cohen, K.C., also said that an appeal against the sentence now is being considered, and that it may be lodged within the legal delay of 15 days from the date of sentence.

Death Result of Being Stabbed By A Knife by Elizabeth McLean

WINNIPEG, June 23 (CP) — A coroner's jury enquiring into death of Claude F. Salisbury in his two-room apartment here last Wednesday, returned a verdict Friday night that he "died as a result of having been stabbed by a knife in the hands of Elizabeth Maude McLean." The jury deliberated 15 minutes.

Miss McLean has been charged with murder and is scheduled to appear for preliminary hearing next Thursday.

Both Salisbury, a Canadian National Railways yardman, and Miss McLean are former residents of Fort William.

Eight witnesses testified at the inquest, and in a statement which police said had been given them by Miss McLean and which was read to the jury she said she had stabbed Salisbury in self-defence.

The statement said: "My husband, Frederick Salisbury, and I had been drinking all avening with Mr. and Mrs. Roy Coombes. The Coombes left my home about 11 P. M. on June 18. Fred and I had some more to drink after they left."

It added Salisbury then became quarrelsome and accused Miss McLean of running around with other men.

"Then I got very mad at him and he took hold of me and threw me against the wall. I picked up a knife to defend myself, which I have had to do often before. I had to poke him to keep him away from me. The knife entered his breast and he fell over on the bed. He was bleeding, but not very badly, and he spoke to me before he died, but I don't remember what he said. I didn't think he was going to die."

Nehru Temporarily Drops His Dispute With Kashmir Authorities

By PAUL MASON

NEW DELHI, June 23 (AP)—Mawalharlal Nehru, President-Elect of the All-India Congress Party, temporarily dropped his dispute with Kashmir authorities Saturday. The controversy had resulted in widespread strikes and disturbances and the death of two persons in looting in Madura.

Maulana Abul Kalam Azad, Congress Party President, received a telegram from the chieftain-elect, saying he was accepting Azad's instructions to drop the dispute and return to New Delhi, "on the understanding that I come back to Kashmir."

Nehru was arrested Thursday in the Princely State of Kashmir when he attempted to intervene in agitation by the Kashmir National Conference against Maharajah Sir Hari Singh, wealthy Hindu ruler of the overwhelmingly Moslem state. Sheik harapah, has been accused of sedi- agitating for abdication of the Maharajah, hahs been accused of sedition, and strikes and demonstrations occurred as a result of his arrest. Nehru was arrested when he defied a district magistrate's order banning him from the state.

The Congress Party's working committee has been stalled in its negotiations with the British Cabinet mission on Indian independence and interim Government proposals as a result of Nehru's detention.

A dispatch from Srinagar, capital of the Princely State of Kashmir, said Nehru had been freed and is at a bungalow at Chinari, 80 miles from Srinagar. This message said a plane, a state car and other facilities have been placed at his disposal.

Mohandas K. Gandhi, spiritual leader of the Congress Party, said Viceroy Lord Wavell is trying to have Nehru returned tto New Delhi as soon as possible.

NATIVE CANADIAN TO DIRECT FAMINE FIGHT

WASHINGTON, June 23 (AP) —Direction of the International Emergency Food Council—new organization created to fight off threats of world famine — today was placed in the hands of a lean, 43-year-old son of Western Canada, Dr. D. A. FitzGerald, as Secretary-General.

Fund for Relief Of Tornado Victims Sought

WINDSOR, Ont., June 23—A fund for relief of 50 families rendered homeless by the disastrous tornado which struck here last week is being raised by the Windsor Daily Star. At least $250,000 is sought.

The homeless families lost everything they owned, all being people of modest means, and none had insurance against such a disaster. The fund will be used to rebuild their wrecked homes. The response to the Windsor Star Tornado Relief Fund has been "magnificent," it is stated. Offers of assistance have come from many points.

So Excited Swims Out of Swim Pants

OMAHA, Neb., June 22 (AP)—Marty Kaplan, 13, was leading on the last lap of a swimming race, headed for an upset victory over the favorite. His final efforts were such that he swam right out of his swim pants, forgot his cause and finished an embarrassed second

Campaign for By-Election in Grey Point Ends

VANCOUVER, June 23 (CP)—A quiet campaign ended, candidates in the Vancouver-Point Grey Provincial byelection Saturday rested after final rallies Friday night as voters prepared to take over Monday for election of two candidates in the two-member riding.

The vacancies were caused by the deaths of Hon. R. L. Maitland, late Attorney-General, and A. J. Paton, both Coalition members of Premier John Hart's administration.

There are six candidates, A. R. MacDougal and Leigh F. Stevenson, Coalition; Mrs. D. G. Steeves and George Sherwood, C.C.F.; Peter McAllister, Liberal-Industrialist, and William R. Smith, Democrat.

It is the second byelection since the 1945 Provincial general election. In the earlier byelection C. W. Morrow, Coalition, was elected to the North Okanagan seat held previously by the late K. C. Macdonald, Agriculture Minister.

Domestic issues have featured the campaign in Point Grey, including demands for low rental houses and a larger share to Vancouver of gasoline and liquor revenues.

William R. Smith, the Democratic candidate, who was unsuccessful in the last Federal election, came up with the most novel proposal of the campaign. He advocated the building of an underwater "subway" to span the 80 miles from Vancouver to Victoria.

The voters' list has 12,950 fewer names on it than in the general election of October 11, 1945, total totalling 42,688.

The polls open at 8 A. M. (P.D.T.) and close at 6 P. M.

The present standing in the 48-seat Legislature is:

Coalition, 35; C.C.F., 10; Labor, 1; vacant, 2.

Says Not a Tree Remained Standing

THE PAS, Man., June 23 (CP)—Game Patroller Jed Reader of The Pas reported he had come across an area of timber, about one-half mile square, which had apparently been devastated in a cyclonic storm. He said not a tree remained standing, and in many cases the trunks had been shredded. The damage is believed to have been done during a severe storm which struck The Pas June 9.

Okay Freight Rate Boost in U. S.

WASHINGTON, June 23 (AP)—A 6 per cent general freight rate increase for rail and water carriers in the United States was authorized by the Interstate Commerce Commission pending a hearing on the railroad's request for a 25 per cent hike.

The increase, which excepts certain basic commodities, can become effective July 1 on three days' notice. The Commission will announce a date later for hearings on the requested 25 per cent increase.

820 Dead Rats After Fantastic Battle—Chickens

SACRAMENTO, Calif., June 23—(AP)—Adolphe Bufe, Wilton farmer, counted 820 dead large rats following a fantastic day and night battle reminiscent of the Middle Ages.

Aided only by a dog, two cats, a can of poison and a club, Bufe said he struggled a day and a night to save his flock of 50 chickens from the "invaders."

Bufe, said he was working in his ranch yard when he glanced over a hay field and beheld a sight "the like of which I had never seen before."

"Coming up the hill across the hay field was a gray horde of rats —first singly, then by twos and threes, and then in droves," he said.

"Not bothering to go around the hay shocks, but over them, they headed straight for my ranch buildings."

Bufe said he ran into a chicken barn, emptied all the feed from the hoppers, and substituted a quick-acting rat poison, then armed himself with a club.

The rats ignored Bufe, his dog and cats, and swarmed into the hoppers, devouring the poisoned food. They were soon running around crazily, he said, and he went to work on them with the club, while the dog and cats chewed them.

All day and all night they fought, with wave after wave of rats appearing. Suddenly the migration stopped.

Bufe believes the rats, starved by the current feed shortage, had sent out scouts, and picked his ranch as a promising spot for food.

"Young Men Don't Show Wives Who Is the Boss"

LONDON, June 23 (AP)—The trouble with the world today is that young men don't show their wives who is the boss, said the 93-year-old John Rouse as he celebrated his diamond wedding anniversary. "Young men contemplating marriage should immediately make it clear that they are to be the head of the family," he said. "Women should be ruled and not allowed to become the head of the house."
