Find Bodies of Two Chinese After Fire Here

Third Man in Hospital After Flames Destroy Hall Street Buildings; Considerable in Bonds, Cash Said Lost

Blackened ruins of a two-story frame building destroyed by fire Tuesday night at Nelson, early Wednesday morning gave up the bodies of two Chinese. Reported earlier as "unaccounted for" the two men were Fong Wing and Mar Chow, one of whom, eyewitnesses claimed, had attempted to jump from his second story room. He hesitated a second too long, however, and fell back into the room, where his body was later recovered by firemen. The other was found on the stairway between the two floors.

A third Chinese, Ceto (Frank) Fooke, is in Kootenay Lake General Hospital recuperating from severe facial, head and hand burns. He was said to be between 75 to 80 years of age.

The fire, although under control within an hour of the Fire Department's arrival, smoldered through the night. Flames completely enveloped the three Lake and Hall Streets buildings when the call was sent in at 9:50.

Firemen worked at the scene well into the morning keeping charred and broken framework from reigniting. The last hose was taken away at noon Wednesday after fighters made sure that the huge piles of debris were completely free of smoke. Burning of heavy articles, such as mattresses, delayed removal of the hoses.

BONDS, CASH LOST

The buildings were a total loss. An estimate of the value of the buildings cannot be given until their owner, Wo Kee, returns from Dawson Creek. It is rumored that large values in bonds and money went up with the flames. All contents and personal belongings were lost.

No damage was done to a nearby laundry when hoses were trained on it to prevent the flames from spreading, but the next building nearer the fire was slightly water-damaged. Walls of the Old Men's Hostel were blistered.

DEFECTIVE CHIMNEY

A defective bracket type chimney in one of the rooms was believed to be the cause, Fire Chief G. A. MacDonald said Wednesday.

What remains of the ravaged buildings will be torn down and the grounds cleared.

Fong Wing, a 73-year-old Chinese who, according to associates, had been in Nelson "a long time," worked in the City as a general gardener and janitor. He was a member of the Chinese Masonic Lodge.

Sixty-year-old Mar Chow formerly owned the Wing Lee Importing Agency and a cafe on Vernon Street. During the past year he operated the Burma Cafe in Creston, but a short time ago sold out and returned to Nelson.

Lorne A. Campbell's Death Severe Loss to Province–Canada, State Company Heads; Funeral on Friday

MONTREAL, April 30 (CP)—Tribute to Lorne A. Campbell, President and Managing Director of West Kootenay Power and Light Company, who died in Rossland, B. C., late yesterday, was paid today by R. E. Stavert, President of the Consolidated Mining and Smelting Co.

Said Mr. Stavert:

"The death yesterday in Rossland, B. C., of Lorne A. Campbell, President and Managing Director of West Kootenay Power and Light Co., Ltd., will come as a great shock to his many friends and business associates all across Canada. An outstanding electrical engineer and business executive, Mr. Campbell had been closely associated with the engineering and industrial development of British Columbia for the last 50 years.

"Mr. Campbell conceived and initiated the production of electrical power on the Kootenay River in Southern British Columbia and eventually built up one of the largest and most important hydro electric power company in Canada. For many years he has been distinguished as an eminent authority on all power production and transmission.

"His fame and attempts in the field of engineering recently received highest recognition in the award of the Sir John Kennedy medal by the Engineering Institute of Canada. Plans had been made to present this medal to Mr. Campbell at the annual meeting of the Institute in Toronto next week.

"In addition to his power interests, Mr. Campbell occupied an important position in the coal mining industry in British Columbia being President of two of the leading coal mines in the Province.

"He was also a director of the Consolidated Mining and Smelting Company of Canada, Ltd. During his career he was a member of the Provincial Legislature for several years and at one time served as Minister of Mines. He was always deeply interested in the social life of the Province and devoted his energies particularly to community affairs in Nelson, Trail and Rossland.

"He took an interest in hospital matters through his kindness and generosity he endeared himself to a great circle of friends and acquaintances. Mr. Campbell's death is a severe loss to British Columbia and to Canada."

TADANAC, B. C., April 30—R. W. Diamond, Vice-President and General Manager of the Consolidated Mining and Smelting Company of Canada, Ltd., today paid tribute to L. A. Campbell, President and Managing Director of West Kootenay Power and Light Company, who died at his home in Rossland Tuesday.

Mr. Diamond said:

"Although I knew Mr. Campbell was critically ill, word of his death came to me as a distinct shock. In his passing the Province of British Columbia, the companies with which he was so prominently associated, the engineering profession in Canada, and his multitude of friends have sustained a great loss.

"He will always be remembered as a pioneer, a builder, a colorful and forceful character, and as a man with a great heart. He has left behind him splendid power plants on the Kootenay River that will endure for all time and that will constitute working monuments to the man who gave them birth.

"To his engineering abilities the Engineering Institute of Canada recently paid tribute by selecting him as recipient of one of the highest honors within their power to bestow. Truly a great man has gone from our midst and all who knew him will mourn his loss."

TRAIL, B. C., April 30—Hon. R. C. McDonald, Provincial Minister of Mines, will arrive in Trail tomorrow. He and James L. Webster, M.L.A. Rossland-Trail, will represent the Government at the funeral of L. A. Campbell, who died at his Rossland home yesterday.

Funeral services will be conducted from St. Andrew's United Church Rossland, at 2 p.m. Friday and interment will be in Mountain View Cemetery.

OLD AGE BEGINS WHEN BONE PRODUCTION HALTED PHYSICIANS TOLD

CHICAGO, April 30 (AP) — If you think you feel old age in your bones, you are right, for a discovery reported to the American College of Physicians today showed that bones are of the first points of attack by the fellow with the scythe.

The aging bones become lighter in weight or mass. The reason is a battle between sex hormones and a recently discovered sugar hormone. This sweet hormone finally wins the battle and in so doing brings on some of the mysterious changes that are old age.

The report was made by Dr. Fuller Albright, the sex hormones help to build strong bones.

The sugar hormone remains constant from childhood apparently up to death. Relatively more abundant, it reduces the production of bone and old age begins.

MERCHANTS SLICE PRICES 10-50 P.C., HAVE BEST DAY SINCE WAR'S END

POTTSTOWN, Pa., April 30 (AP) — Price slashes ranging from 10 to 50 per cent today ended a Springtime buying slump in this Eastern Pennsylvania town of 20,000 with many merchants reporting the "best business" since war's end.

Virtually al lstores cooperated in the community profit-sharing plan to boost customer sales. O Chamber of Commerce spokesman called the one-day sale "an out and out attempt to clean out our merchandise so we can plan for a permanent reduction in the next few months."

Jack Hoffman, operator of the town's largest department store, told a reporter:

"Today was the biggest one-day sale in the 26-year history of my establishment.

"I've never had people standing in line to get into the place before."

Customers crowded into the store to take advantage of a 10-per cent reduction on all items—plus cuts up to 50 per cent on others.

PENDLETON, Ore., April 30 (AP) — Milk will drop a cent a quart here tomorrow, in response to the Truman 'cut prices' drive dairymen disclosed today. The new price will be 17 cents a quart.

QUICKIES . . . By Ken Reynolds

QUICKIES . . . By Ken Reynolds "Another thing I like about News Want Ads—they're steady!"

TO U.S. KILL... AT LEAST 20

Whips Across Three States Flattening Missouri Town

DAMAGE HIGH

FAIRMONT, N.C., April 30 (AP) — A tornado swept through a thickly-populated rural area about two miles South of here today, killing at least one person.

C. B. Stafford, Secretary of the Fairmont Chamber of Commerce, said that the storm, which struck at about 4:30, destroyed from 50 to 100 houses, leaving an estimated 200 persons homeless.

Stafford said that the only known dead was Annie Powell, four-year-old daughter of Earl Powell.

WORTH, Mo., April 30 (AP)—Tornadic winds whipped through small towns in Arkansas, Missouri and Iowa leaving at least 20 dead today, injuring more than 50 and causing thousands of dollars in property damage.

Hardest hit was this Northwest Missouri town with a population of 233. Thirteen persons were killed and approximately 45 injured. Only half a dozen buildings in the town were left standing.

At least seven persons were killed in Arkansas where vicious winds last night lashed the small community of bright water and swept close to Garfield, not far from the Missouri line.

A tornado also struck Clio, a town of about 200 population in Southwestern Iowa, causing extensive property damage. No loss of life was reported, however.

The tornado that hit Worth swept through the centre of the town wiping out the entire business district. Two of the town's three churches and its brick schoolhouse were among the buildings demolished. Practically every tree in town was clipped off.

The community was in darkness until late last night when a mobile generator arrived. Both the Salvation Army and the Red Cross set up stations and homeless were being cared for in the few remaining residences still standing and in nearby towns.

Mrs. N. A. Combs, 59, a nurse, said she first saw the tornado high in the air.

"It had a long tail," she said, "When it hit the ground there was a swirling dark cloud. The point seemed to broaden and sweep everything before it. There was a terrifying roar."

TEACHER HERO

WORTH, Mo., April 30 (AP) — A 37-year-old school teacher was the heroine today of this tornado-battered and sorrowing town where almost one quarter of the population was killed or injured by yesterday's devastating winds.

Mrs. Anne Trump was credited with saving the lives of her pupils by herding them into a cave just before the tornado struck, demolishing the school house.

Recapture Stoker

VANCOUVER, April 30 (CP)—W. T. Anderson, 22-year-old RCNVR stoker, was recaptured aboard the S.S. Maquinna here late last night after escaping from custody of the shore patrol.

Anderson jumped from a train minutes before it left the station. He was being taken to Calgary under guard.

Makes Last Run

John A. MacMillan, Canadian Pacific Railway engineer of Nelson, who made his last run Wednesday when he brought in the Trail-Nelson "local" at 12:30 p.m. Mr. MacMillan started with the C.P.R. in October, 1903, in Revelstoke, and has spent the last 15 years in Nelson. He was born in Souris, P.E.I., April 24, 1882.

GUARD CLAIMS HEARD MESSAGE FROM PLANE

Ground, Air Searchers Chase Down Clues, Comb Islands, Coast

SECOND DAY

By BRUCE LEVETT
Canadian Press Staff Writer

VANCOUVER, April 30 (CP) — Trans-Canada Airlines officials are checking a report received late today that a message was picked up from First OOfficer A. A. Stewart, aboard the airliner missing for two days with 15 persons aboard.

Arthur Hilton, gate guard at Sea Island Airport and uncle of Mrs. C. P. Nugent of Winnipeg, passenger on the missing plane, said he picked up the message at 1:22 a.m. Tuesday, almost an hour after the last official word was heard.

Mr. Hilton, who said he heard it over his step-son's "ham" set, said he recognized First Officer Stewart's voice saying "I have 14 people aboard and I can't make it."

He gave no reason for the delay in reporting, and airlines officials said they were inclined to doubt that such a message could be picked up by a "ham" and not by the high-powered sets at the airport control tower.

CLOUDS HINDER

Meanwhile, low-lying cloud banks covered the ice-clad peaks North of Nanaimo, slowed down the air search, while pilots, picking their way between the treacherous, sky-scraping mountains and fighting dangerous down-drafts over the canyons, had little to report other than a fresh fal lof snow.

On the ground, a five-man R.C.A.F. search party, under the command of Flying Officer Jack Gibson landed on Gabriola Island under a cover of searching aircraft to comb the Straits of Georgia in an island-to-island hunt.

Clue after clue was exploded.

BELIEVE 8 TRAPPED

TERRE HAUTE, Ind., April 30 (AP) — Eight coal miners were believed trapped by an explosion in the Spring Hill Mine late today, and three others who escaped joined rescue squads tonight in penetrating 400 feet into the blast-torn lateral shaft.

INDUSTRY HEADS APPROVE BUDGET SPEECH

Disappoints Jewelers; Union Leaders Wanted Bigger Cuts

STOCKS STEADY

By The Canadian Press

Steadiness on the nation's leading stock exchanges today seemed to indicate that financial men regarded the new Federal budget as neither a help nor a hindrance to Canadian industry.

There was little or no immediate effect of the budget indicated in trading on either the Montreal or Toronto exchanges, and prices established no particular trends.

A Canadian Press survey of Dominion-wide reaction revealed qualified approval by industrial heads; disappointment of trade union leaders that income tax cuts were not greater.

Jewelers were "disappointed" that the budget did not alter the 25 per cent luxury tax on jewelry. Norman J. Leach, Secretary of the Canadian Jewelers' Association, said in Toronto. The last three months had shown a downward trend in jewelry sales.

The women had things to say about the budget, and some of them didn't seem too pleased. Mrs. F. C. Brunke, President of the Toronto Council of Women, protested lack of relief for working wives.

Financial and industrial spokesmen cheered the announcement that the excess profits tax of 15 per cent will be dropped next Dec. 31, although some thought it might have been dropped immediately.

Labor spokesmen were bitter in linking the removal of the excess profits tax with the reductions in personal income tax. They said the reductions would not halt the campaign for higher wages. They complained that the exemptions in the lower income brackets had not been changed.

Among labor critics, C. S. Jackson, Canadian Director of the United Electrical Workers (C.I.O.), said at Toronto that the income tax exemptions should have been raised to $2500 for married men, $1500 for single men. The rates, as before, start at $1500 for married persons, $750 for single.

Dave Archer, Secretary of the Toronto Labor Council (C.C.L.), saw the budget as an incentive for wage demands to give workers a greater share of the profits accruing to industry when the excess profits tax is removed.

Another typical labor comment was that of Cleve Kidd, Research Director of the United Steelworkers of America (C.I.O.), at Toronto: "The companies could well afford to continue paying excess profits taxes and cut prices at the same time."

On the other hand, C. H. Carlisle of Toronto, Treasurer of the Goodyear Tire and Rubber Company, said that while repeal of the excess profits tax was good for industry, it should have been made effective immediately. Income tax reductions were sufficient to ease the burden substantially "and yet retain the interest of the citizen in the Government," he said.

At Montreal Blair Gordon, former President of the Canadian Manufacturers' Association, said the personal income tax cuts should help keep up purchasing power in the face of higher prices.

Also at Montreal, A. W. Rogers, K.C., Secretary of the Canadian Bankers' Association, said the reductions in income tax would be particularly encouraging since they are effective July 1 instead of next year.

One budget feature that met with unqualified approval of mining officials was announcement that tax benefits in connection with exploratory work will be continued through 1948.

At Winnipeg the Secretary of the Manitoba Chamber of Mines, J. P. de Wet, said "The ability to deduct sums spent on financing prospects has been a valuable inducement in the past, and I am glad the Minister of Finance has decided to continue it, since the need to prospect for mineral developments was never greater."

Cut Export, Up Price B.C. Coast Lumber

Will Make Available Additional 100,000,000 Board Feet at Prices in Line With Other Species

OTTAWA, April 30 (CP)—A reduction in lumber export quotas with an accompanying price increase of from $12 to $25 per thousand feet board measure was announced tonight for the vast British Columbia coastal timber area, the second such move within two weeks.

Reconstruction Minister Howe said lumber mills in what is known as the Vancouver Forest District will be required to ship for domestic consumption 40 per cent of their production or shipments, whichever is the greater. Previously the percentage was 35.

Price increases granted in the area are $12 per thousand f.b.m. on commons and $25 per thousand f.b.m. on uppers of clears.

He said the object was to encourage production for domestic consumption and to effect wider lumber products distribution in Canada. He anticipated about 100,000,000 additional board feet of high grade lumber would thus be made available.

On April 22 the Minister announced export quotas of lumber from the B.C. Northern Interior and the Prairie Provinces had been placed at 32 per cent of total production and at 32 per cent of total shipments for producers in the Southern Interior of B.C.

EQUALIZE PRICES

In his announcement tonight, Mr. Howe said the new domestic prices for the B.C. Coastal area brought that area more in line with the prices prevailing for other species of lumber. For example two by four Northern Alberta spruce, delivered at Winnipeg, sells for $53.50 per thousand and two by six of the same type at $50.50 per thousand. British Columbia coastal fir of the same dimensions, delivered in Winnipeg, will now sell at $52.75 for both sizes.

The Minister also gave the following table of comparisons of the new domestic prices for the B.C. Coastal area with export prices:

Prices in order of Canada, United Kingdom and United States.

Canada—$38.00; $60.00; $59.64.

Timbers—$39.00; $60.00; $55.00.

Three by four floor strips flat grain—$67.00; $108.00; $140.00.

Six inch flat grain flooring — $70.50; $118.00; $150.00.

Four inch vertical grain flooring —$78.00; $132.00; $150.00.

One inch by ten clear fir—$78.00; $118.00; $111.00.

The statement said most of the U.S. prices given were average.

Pass Creek Man Killed in Logging Accident

TRAIL, B.C., April 30 (CP)—Nick Pereverizoff, 25, of Pass Creek, was killed instantly in a logging accident Tuesday near Rossland. He was breaking down a deck of logs when they fell upon him.

A coroner's jury viewed the body this morning at Clark's Funeral Home at Rossland and also visited the scene of the accident this afternoon. Dr. E. C. Topliff, Coroner, presided. The members of the jury are Leo Grinaird, O. Bisson, F. Shorthouse, A. Endersby, L. Camozzi, S. D. King.

Mr. Pereverizoff was born at Pass Creek, April 29, 1922. He was single and is survived by his mother and three brothers at Pass Creek.

BALK AT RETURN TO WORK PLAN

WASHINGTON, April 30 (AP)—The United States telephone strike picture grew even dimmer tonight with refusal of at least part of the members of a New York union to go back to work under an announced settlement, and a recess in a key part of negotiations here.

An announcement of progess had been hoped for in the Washington talks affecting the country's long-distance workers, but these negotiations were recessed until tomorrow.

Strike settlements earlier had been announced covering 43,000 workers — 37,000 in New York and 6000 in Pennsylvania.

Urge Buyers Strike Against Increase In Butter Price

TORONTO, April 30 (CP)—A buyers' strike in protest against increase in the price of butter was urged tonight by the Housewives Consumer Association of Toronto.

Mrs. Lily Phelps, President of the Association, said a telegram had been sent to all similar associations in Ontario saying "the Association urges you buy no butter at increased prices for one week from the date of the increase."

An increase of 10 cents a pound was announced by Agriculture Minister Gardiner at Ottawa tonight.

(See story on page 2.)

To Re-Open Famous Kootenay Claims

A group of 40 claims on West shore of Kootenay Lake, well-known in the pages of District mining records, will soon again be under production. The Yale Mining Co. Ltd., has underway a development program of the two important British Columbia mineral groups.

Krao vein is the immediate objective of development work, Directors, of whom C. B. Garland is one, reported at Vancouver. The Krao is the largest and richest known to date of the Ivanhoe, Highlander, Little Mamie, Dictator, King Solomon, Lady of the Lake, and the rest of the famous group situated one mile South of Ainsworth.

The property is South of the Kootenay Florence mine and opposite Bluebell Mine on the East shore of Kootenay Lake. In past years mills have been operated on the Ivanhoe and Bobtail claims. Four main veins are known on the group including the Highlander-Banker, Spokane-Maestro, Krao and Little Mamie.

The properties are predominantly silver-lead-zinc lodes with the Krao veins carrying the highest proportion of silver.

It is planned to ship high-grade ore as it is mined and mill the lower-grade ore together with an accumulation of mill-grade material now stored in former dumps at a later date.

A group of Vancouver and San Francisco investors incorporated the Yale Company with authorized capital of 5,000,000 shares of a par value of 50 cents each. More than 2,000,000 shares have been alloted for plant, equipment and mineral claims. The Company has ample funds for the program in hand and anticipates no public offering at the present, it was reported from Vancouver.

Board of Directors includes R. B. Lamb, Samuel Kerr and Dr. W. J. Dorrance of Vancouver; C. B. Garland of Nelson; and Joseph F. Buckley, Vernon Allen and W. T. Wecskull of San Francisco. Mr. Lamb is President and Managing Director.

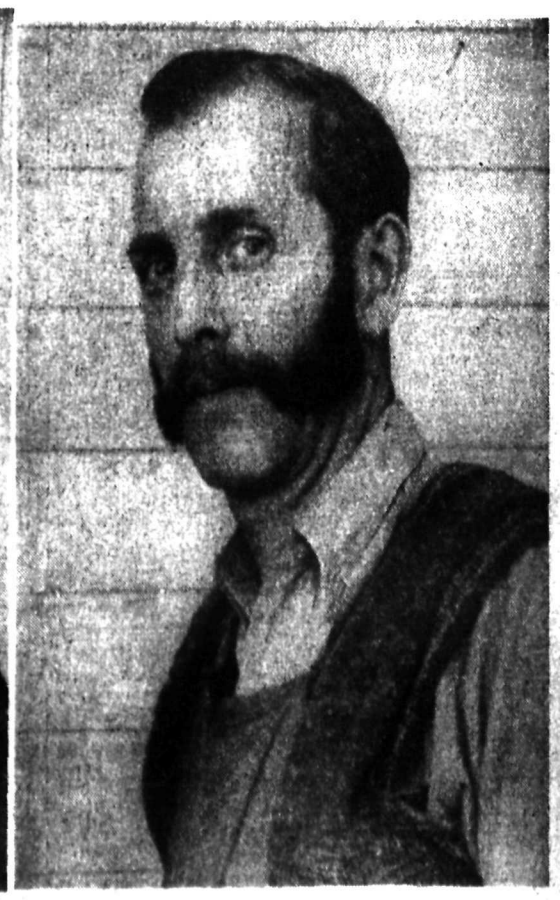
SMOTHER REVOLT

ASUNCION, Paraguay, April 30 (AP)—The Government claimed in a communique this afternoon that a revolt in the capital has been "completely quashed by loyal forces" and that numerous prisoners and abundant war material had been captured.

ARABS DEFEATED

NEW YORK, April 30 (AP)—The Arab countries were beaten late tonight in their first attempt to throw the issue of Palestine independence before the special session of the United Nations Assembly.

Even Their Best Friends Don't Know Them!



It took a nerveless cameraman to approach these hardy characters, but all was well. Reading from left, they are Ted Forbes, W. H. (Bill) Burns and Theodor Frantzen, and they should be well up among beard contestants when entries are judged Aug. 4 during Nelson's Golden Jubilee Week. Those who left their efforts until the May 1 deadline—yes it's today—will have to use plenty of hair tonic to catch up to these luxurious growths.—Daily News photo.

HERE is the thrilling adventure of youth in love... keyed to the heart-beats of an orphan boy who fought to realize his dream of being a doctor... and glowing with the warm beauty of the girl who helped him triumph against great odds!

Kootenay Poultry Association May Set Up Co-Operative; To Set Up Machinery To Dispose of Surpluses

Members of the Kootenay Poultry Association at Nelson Wednesday delegated a committee to investigate the task of setting up a co-operative egg purchasing agency. The committee will take steps to dispose of a local egg surplus and a report will be submitted at the next meeting in June concerning the establishment of a permanent grading station.

The resolution was an outgrowth of recent price reductions brought about by a surplus in local egg supplies which were sent to Alberta processing plants. Returns from shipments were not, in certain cases, sufficient to meet producing costs, it was stated. Some chicken ranchers had "taken the ax" to their flocks as the bottom virtually fell out of prices, it was disclosed.

A vote called to give an indication of support for the proposed co-operative showed that the 40-odd members present were fully behind the movement.

It was explained that in some cases when eggs were sold direct from producer to retailer, the producer would incur a small loss, but in the end the rancher would stand to gain by dealing through a co-operative agency. Thorough support was urged and it was pointed out that "sales to other markets would cut the feet from under the co-operative."

Older members of the association recalled previous attempts to sell eggs under marketing acts. Due to insufficient backing from the egg producers the plan was abandoned in favor of individuals fighting it out with the buyers for higher prices.

Mr. King of the Special Products Board at Vancouver described West Kootenay as the "largest and most disorganized egg industry in all of Canada." He said in early years eggs sold in the Kootenays brought the highest prices in the Dominion, maintaining that the egg industry here was a "gold mine to anyone intending to start a co-operative."

The speaker stressed that there would always be an export market for eggs, as enlargements of food ration in Britain had put a heavier demand on the Canadian producer than ever before.

He explained further that elsewhere no eggs can be stored for an export market. The Kootenays was not considered an exporting community thus making it possible to keep eggs in storage in a co-operative, to be shipped out when market conditions were favorable.

It was stipulated that a co-operative must be composed of a steadfast group of producers or the co-operative would collapse.

The committee that will investigate the co-operative matter is made up of the directors of the Kootenay Poultry Association and three appointed association members. They are S. M. Walsh, P. Green, I. V. Nash, A. Godtfredson, D. Lancaster, N. Moller, J. H. Dolmar, M. J. Patapoff, W. J. Smiley and C. E. Tutt.

The Weather

Synopsis — Southeast gales and continuous rain are expected along the Coast. The rain will spread Eastward across the Interior Thursday morning.

Forecasts:

Kootenay—Continuous rain commencing Thursday morning. Light winds. Little change in temperature. Maximum Cranbrook 55, Crescent Valley 55.

Okanagan—Overcast in morning. Light rain Thursday night. Little change temperature. Winds light becoming Southerly 10 to 15 afternoon.

Vancouver — Continuous rain. Southeast winds 15 increasing to 25 Thursday morning. Little change in temperature. Maximum Vancouver airport 55, Abbotsford airport 55.

CHARGE CHINESE SEAMEN WITH POSSESSING DRUGS

VANCOUVER, April 30 (CP) — Three Chinese sailors today were charged with possession of narcotics following their arrest by Royal Canadian Mounted Police officers last night.

The three, Siew Ah Kwang, 32; Howe Yee, 29, and Yean Yean, 38, all seamen aboard the freighter Suva which arrived yesterday from Australia.

Police were called by K. S. McKenzie, a customs guard, after he allegedly found them in possession of the narcotics.

R.C.M.P. officials would not comment on the value of the drugs, but it is reported to be between $25,000 and $100,000.

Whiskers To Bring Pioneer Spirit To City

Beards, sideburns, Van Dykes or moustaches are "the style for 1947" in Nelson. Cooperation of citizens in making such a contest a success is asked by Mayor T. H. Waters, with all male residents asked to grow some facial adornment as a publicity stunt in connection with Golden Jubilee Week.

"This will result in Western Canada and our neighboring States becoming conscious of the fact that in 1947 Nelson is celebrating its Golden Jubilee."

Three prizes are offered for the best beards and judging is to take place Monday, Aug. 4, at the official Jubilee opening.

Wednesday marked the last day on which most Nelson men will shave until the celebration, and the comment, "Thursday I throw away my razor," was heard in many quarters. Some were prepared to purchase permits which will allow them to continue to shave, but generally it is expected the majority of men will enter into the spirit of the occasion.

Chinese residents have already promised full cooperation — in the purchase of permits. Few are able to grow beards, but all are anxious to help put over the stunt.

AGAIN C.P. HEAD

TORONTO, April 30 (CP)—F. J. Ker, publisher of the Hamilton Spectator, today was reelected President of The Canadian Press, Canada's cooperative national news service.

Victor Sifton, publisher of the Winnipeg Free Press, was reelected First Vice-President and Herve Major, Editor of Montreal La Presse, Second Vice-President.

Senator W. Rupert Davies, President of the Kingston Whig-Standard, was reelected Honorary President. George McCullagh, Toronto Globe and Mail, and Roy H. Thomson, Timmins Press, were named to act with the President and the Vice-Presidents on the executive committee.

Officers of the association were chosen by the Board of Directors following the annual general meeting of members.

Members elected to the Board included: British Columbia—O. Leigh-Spencer, Vancouver Province; H. P. Hodges, Victoria Colonist.

Call Off Strike At Yarrows

VICTORIA, April 30 (CP) — The C. C. L. Marine Workers, Machinists and Boilermaker's Industrial Union Local No. 3 today called off the strike at Yarrows Limited after 20 days of picketing at the local shipyard.

The strike called April 10, was in protest over the discharge of members of the C. C. L. Union, including steel crew, crane operators and hyster operators.

The announcement of the strike end was made by H. A. Wallace, President of Yarrows, and T. A. Mitchell, business agent for the union, following a meeting of C. C. L. members this morning, after company clarification of an offer for settlement first considered at an earlier union meeting Tuesday evening.

GETS 15 YEARS ON JEWEL THEFT

FRANKFURT, April 30 (Reuters)—Col. Jack W. Durant of the United States Army was found guilty today by an Army court-martial and sentenced to 15 years hard labor for his part in the theft of the Hesse crown jewels valued at $1,500,000 from Kronebrg Castle near Frankfurt in the Autumn of 1945.

NENAGH, Eire (CP)—Two British business men plan to reopen disused silver mines here. Heavy machinery will arrive shortly.

Crow Miners To Mark May Day

LETHBRIDGE, April 30 (CP)—Coal mines in Lethbridge and other fields will be idle Thursday in observance of May Day, a union holiday. While no special attractions are planned here, there will be a May Day celebration at Coleman, where miners and their families will gather from all parts of the Crow's Nest Pass for festivities.

A special train will carry groups to Coleman from Fernie, B.C., Michel and Natal. Included on the program will be a parade, sports events, and a meeting at which miners union officials will speak.

Ghost Plane Aviation Mystery In Britain

LONDON, April 30 (AP)—Recurring reports of a midnight "ghost plane" swooping out of the East at tremendous speed gave newspapers a sensational aviation mystery today but the R. A. F., while admitting the whole thing was "slightly mysterious," refused to get excited.

Eyewitness accounts said mystery craft, first plotted by radar early in January, zooms over the East Anglia Coast—as though it came from the continent—and disappears inland at a speed of 400 miles an hour or more.

Capt. Leigh Wins Aviation Trophy

OTTAWA, April 30 (CP)—Defence Minister Claxton today announced the award of the McKee Trans-Canada trophy for 1946 to Group Capt. Z. L. Leigh, commanding officer of Air Force station, Goose Bay, Labrador, "in recognition of continuous outstanding performance in his duties as an officer and pilot of the RCAF, coupled with a record of 20 years of exceptional achivement in both civilian and service aviation."

Jewelry Still Carries Tax

OTTAWA, April 30 (CP)— The 25-per-cent tax applying to jewelry and other luxury items remains unchanged.

There had been expectations that Finance Minister Abbott, in his first budget speech read tonight to the Commons, would announce either reduction or elimination of this war-induced tax. However, the Finance Minister made no mention of the levy.

Stomach Disorders May Cause Bad Headaches

Often a headache is caused by an ailment of some other part of the body far removed from the pain. It may be an upset stomach or some intestinal disorder.

If you are troubled by such headaches why not try Burdock Blood Bitters? For Burdock Blood Bitters is a favourite remedy for minor intestinal disorders. It helps to regulate the digestive organs, tone up the liver and aid the natural action of the bowels. As a result, there may be an improvement in the general health.

For the past 60 years Burdock Blood Bitters has helped thousands of Canadians. It should do the same for you. Burdock Blood Bitters is sold at all drug counters.

TOAST and TEA
BY J. V. McAREE

We suppose that Lady Gregory could be as assured of her immortality in the history of the theatre as much as Sarah Bernhardt could. Without her there would not have been the Abbey Theatre of Dublin, of which she was one of the playwrights and directors. We have two portraits of her from the not unmalicious pen of George Moore, who wrote in Hail and Farewell: "And my thoughts moved back to the first time I saw her some twenty-five years ago. She was then a young woman, very earnest, who divided her hair in the middle and wore it smooth on either side of a broad and handsome brow. Her eyes were always full of questions, and her Protestant high school air became her greatly and estranged me from her." And again he wrote: "She came into the room quickly with a welcoming smile on her face . . . a middle-aged woman, agreeable to look upon, perhaps for her broad, handsome, intellectual brow enframed in iron-gray hair. The brown wide-open eyes are often lifted in looks of appeal and inquiry, and a natural wish to sympathize softens her voice till it whines."

Charlottetown Dealer Lowers Prices 20 Per Cent; Efforts Dominion Wide

By The Canadian Press

Announcement of income tax cuts in the Dominion budget today plopped into the middle of a rising clamor over high prices and reports of scattered efforts by individual Canadian merchants to do something about voluntarily lowering prices.

Amid sporadic talk of buyers' strikes, especially in Western Canada, where some Saskatchewan housewives decided to abstain from buying high-priced commodities, a Canadian Press survey showed one Charlottetown dealer lowering prices as much as 20 per cent. Included in centres where stores reduced prices 10 per cent were St. Catharines, Kitchener, Ottawa, Guelph, Woodstock, Ont., and Vancouver.

Some centres reported efforts to still the outcry against the eight cent chocolate bar which until recently sold for six cents, by reducing its price to seven, to six, or even to the pre-war five cents.

Most merchants were not happy about the situation. In Toronto their attitude was summed up by dealers who said they could not sell nationally-advertised goods at reduced prices for fear of being cut off from supply by the manufacturers.

Action swelled the anti-inflationary chorus at Regina, where late last night Regina and Moose Jaw branches of the Saskatchewan Housewives Consumers League announced they would stage buyers' strikes throughout May on such articles as chocolate bars, clothing, butter, "luxury" fruit, jams and syrups.

Action was well underway in individual stores across the Dominion where the price drops were announced. In Charlottetown the music store of Miller Brothers Limited, announced it was slashing prices on all but nationally-advertised stock from five to 20 per cent in its attempt to fight inflation.

In Vancouver a downtown hardware store cut established prices across the board by at least 10 per cent. The reductions will affect radios, refrigerators and regular hardware supplies. In the same city teen-agers organized to boycott the eight-cent chocolate bar and the Army and Navy stores announced they had quit buying them because of high prices.

Change in Service

BEARDS—SIDEBURNS—VAN DYKES MOUSTACHES are the Style for 1947

THE CONTEST IS OPEN . . . WHO WILL GROW THE FINEST FACIAL ADORNMENT FOR NELSON'S GOLDEN JUBILEE?

As a means of publicizing the 50th Anniversary of the City it has been decided that citizens be asked to grow some form of facial adornment. This will result thereby in Western Canada and our neighboring States becoming conscious of the fact that in 1947 Nelson is celebrating its Golden Jubilee.

AS A PUBLICITY STUNT, ALL MALE RESIDENTS ARE THEREFORE ASKED TO COOPERATE BY GROWING EITHER A BEARD OR MOUSTACHE

THREE PRIZES ARE OFFERED

First, (Best Beard)—Greenwood Hardware Trophy valued at $100.00 plus a cash prize $50.00

Second—A cash prize of $25.00

Third—A cash prize of $15.00

Judging will take place on Monday, August 4th, at the official opening of the Jubilee celebration.

The publicity resulting from such a competition will in no small measure aid the publicity of the Jubilee. I therefore invite the cooperation of the citizens in making such a contest a success.

T. H. WATERS, Mayor.

Former Rossland Alderman Dies at Penticton

ROSSLAND, B.C., April 30—Word was received in Rossland of the funeral held Monday at Penticton for the late George Talbot, 81. There was a wealth of floral tributes and the Odd Fellows and Rebekahs were in attendance.

Mr. Talbot was born in Sommerset, England, and was 81 years of age. He came to Rossland in the 1890's and was a stone mason by trade. He worked for the C. M. & S. Company here and in Tadanac for a great many years until failing eyesight caused him to retire about 15 years ago.

Three years ago Mr. and Mrs. Talbot moved to Penticton to make their home. He had been ill in bed a month and died Friday night.

He was predeceased by his first wife and a son, Thomas, who was killed in the First Great War. He is survived by his second wife, the former Mrs. Elizabeth Cox, and a daughter, Mrs. Charles Richard, both of Penticton, and another daughter, Mrs. W. Harry, Rossland and eight grandchildren and a sister in Sommerset, England.

He was an alderman on the Rossland City Council in 1900 and again in 1903.

4 NIGERIAN BOYS SEEK PEN PALS

"I have a keen desire to have pen pals of both sexes from your part of the world,' read the collective letters from four youths in Lagos, Nigeria.

A similar letter was received at the offices of the Daily News in December and it is probable that this person was successful in obtaining pen pals in the Nelson district as the recent letters quote a friend expressing that his "needs were satisfied."

Names and addresses of the four seeking pen pals follow:

Captain Y. S. Burahimu, Ada, 27 Koila Street, Lagos; Billy Taiwo, 23 Ricca Street, Lagos; Taofuki Disu 21 Ricca Street, Lagos and Jack Nelson, 3 Saba Court, Lagos.

How New Tax Rate Affects The Wage Earner

$57 Donated To Home by Students Of St. Joseph

Acknowledgement of the debt owed by the young to the old was given at Nelson Wednesday when a representative of each of the grades of St. Joseph's Academy called at the Campaign office of the Mount St. Francis appeal to give a $57 donation. Sales had been conducted among the school children to raise the funds to all to personal offerings.

Duane Bourgeois represented Grades one and two and gave a donation of $5. Grades three and four, with Michael Tye making the presentation, of $12, had sponsored a pie sale while Grades seven and eight raised $5 through a cookie sale. Michael Morrison on behalf of Grades five and six donated $10.

Students of St. Joseph's High School arranged a Co-Ed dance, promoted by the High School Sodality of Mary, to donate $25 to the Mount St. Francis fund.

Pianoforte, Mixed Groups To Appear At Kootenay Music Festival Thursday

After a four-year intermission, a pause necessitated by war years, the Kootenay Music Festival will officially open Thursday morning to revive the glories and musical traditions established by its 13 predecessors. By Saturday night some 215 entries will have displayed their talents before attentive adjudicators and audiences.

Participants from Nelson, Rossland, Grand Forks, Creston, Kaslo, Castlegar, Chewelah, Erickson, Fruitvale and Brilliant will converge during the three-day sessions on Trail, which has the majority of total entrants.

Rev. A. L. Farris of Trail will deliver the invocation early Thursday, and in the evening Mayor James E. Bryan will welcome visiting artists and spectators.

Ifor Roberts, Assistant Supervisor of Music in Vancouver schools, will adjudicate all choral and vocal classes; Mrs. Ethel Ferguson, former London stage professional, will judge elocution classes, and Kenneth Ross, competent Vancouver artist, will preside over all instrumental classes. In the later frame, pianoforte classes will commence Thursday morning and continue through the afternoon. Contestants in group singing, elocution, violin, vocal and brass instrument classes will also be heard Thursday.

Accompanist will be Mrs. R. L. W. Spinks.

Morning and afternoon sessions Thursday and Friday will take place in the Knights of Pythias Hall, while evening and day-long sessions Saturday will be held in the Trail-Tadanac High School auditorium.

Trail Festival officers are G. E. Mason, Chairman; B. S. Thurber, Secretary; William Evans, Treasurer; with an Executive Committee consisting of P. C. Hiles, A. E. Craig, W. R. Thompson, William Fromson, S. M. Whitehead, Charles Glasson, W. E. Lucas, J. Skinner and T. W. Lazenby.

THURSDAY PROGRAM

Today's program follows:

9:00 a.m.—Invocation by Rev. A. L. Farris of Trail; Class 49, pianoforte under 10 years, six entries; Class 51, pianoforte under 12 years, 12 entries; Class 52, pianoforte under 13 years, nine entries.

1:30 p.m.—Class 5, group singing by Girl Guides, Brownies, Boy Scouts or similar organizations competing for the E. R. Humphries Trophy, one entry; Class 50, pianoforte under 11 years, eight entries; Class 54, pianoforte under 14 years, nine entries; Class 112, elocution under 11 years, five entries; Class 61, pianoforte duet under 11 years, seven entries; Class 71, violin under 16 years, three entries; Class 22, lyric soprano open, three entries; Class 89, brass instrument under 18 years, two entries.

7:00 p.m.—Class 66, Bach pianoforte under 16 years, one entry; Class 20, young vocalists, low voice under 21 years, one entry; Class 23, dramatic soprano open, one entry; Class 74, violin open, one entry; Class 29, bass open, two entries; Class 44, ladies' trio open, one entry; Class 63, pianoforte duet under 19 years, five entries; address of welcome by Mayor James E. Bryan of Trail; Class 10, church choirs open (16 to 36 voices), competing for the Associated Canadian Travellers Shield, two entries; Class 24, mezzo soprano open, three entries; Class 94, brass instrument quartette open, one entry; Class 86, accordian solo open, two entries; Class 25, contralto open, one entry; Class 75, duet for violin and piano under 21 years, one entry; Class 64, pianoforte duet open, two entries.

Conduct Reorganization of Elks Lodge Here; Installation Planned

Reorganization of the Nelson Lodge of the Benevolent and Protective Order of Elks neared completion at a meeting at the Golden Gate Wednesday night, when plans for an installation ceremony to be held May 15 were laid.

Attending the meeting was M. A. Moran, Ruler of the Trail Lodge, who has taken an active part in the reorganization. Mr. Moran explained the procedure attendant at installations, and said that Lodges from Kimberley, Trail, Penticton, Keremeos and Oliver would be represented.

He outlined work of the Elks, which centered mainly on helping children. Lodges sponsored such welfare activities as wading pools and playgrounds for children, milk supply depots for poor and undernourished children, corner rinks, hockey and baseball clubs, Boy Scout troops and other youth movements.

During World War II, the Order had contributed $130,000 to the Save the Children Fund, which gave much needed help to British children, refugee children from Malta, the Channel Islands and the devasted countries of Europe. The Fund, adopted and sponsored in 1942 by the Elks, is now concentrating on supplying food, clothing and medical supplies for the thousands of children in former occupied countries of Europe.

Installation ceremonies at Nelson next month will be conducted by Harrison Peile, of North Vancouver, Grand Ruler, who has just completed a tour of Canada and Newfoundland.

Officers to be installed at Nelson are:

Jack Morrison, Ruler; W. Hamilton, Leading Knight; F. A. Stuart, Loyal Knight; W. Brown Jr., Lecturing Knight; M. Ryalls, Treasurer; James Harvey, Secretary; N. Saardich, Inner Guard; W. Heffernan, Tyler; Alderman A. H. Allan, Past Ruler and Life Member, Trustee; A. H. Sereda, Past Ruler, Trustee; and G. F. (Bud) Stevens, Trustee.

Committees were tentatively named to make arrangements for the ceremonies, which will include a banquet and dance.

Friends, Lodge Members at Rites For Mrs. Petty

A large gathering of friends filled the chapel of the Thompson Funeral Home Wednesday to pay last tribute to Mrs. Dacy Petty, well-known Nelson resident who died here Monday. She was proprietress of Petty Apartments, Falls Street.

Rev. A. Stewart conducted the services, at which members of the Queen City Rebekah Lodge were present in a body. The lodge members formed open ranks at the Chapel doors, through which the casket was carried. The same ritual was carried out at Nelson Memorial Park where lodge burial rites were conducted. Mrs. F. J. McAvinn acted as Noble Grand, Mrs. Leslie Bealby as Vice-Grand and Mrs. T. M. Towriss as Chaplain.

At the funeral services Mrs. J. A. Fraser accompanied the congregation in the singing of "Rock of Ages" and "Unto the Hills Around."

Pallbearers were J. T. Brown, W. J. Hipperson, Horace Kay, D. L. Kerr, D. H. Proudfoot and George Steele. Interment was in the I.O.O.F. Section, Nelson Memorial Park.

Coast Boy Dies From Gunshot Wounds

VICTORIA, April 30 (CP) — Thirteen-year-old George D. Lamb, died in hospital early today from gunshot wounds suffered yesterday. Provincial police were not acquainted with the full details surrounding the accident, but it is believed the youngster was playing with a gun with a companion when it accidentally exploded. An inquest will be ordered by Dr. E. C. Hart, coroner.

$27,737 Subscribed Toward Mount St. Francis $40,000 Objective

With Nelson, Cranbrook and Robson reporting, contributions Wednesday to the Mount St. Francis campaign amounted to $650, bringing total returns to $27,737. Less than $13,000 is now required to reach the objective set for Kootenay-Boundary—$40,000.

Campaign Headquarters at Nelson in releasing the late subscriptions, announced that canvassing in the Yahk and Kingsgate area will start before the week is out. Other East and West Kootenay centres are in the midst of canvassing operations now.

Wednesday's receipts follow:

Nelson donations	
J. J. Steele	15.00
Mr. and Mrs. J. Potrisky	10.00
W. J. McCann, Vancouver	10.00
S. Klein	5.00
Nelson Civic (CUF)	100.00
James Langley	3.00
Mrs. D. F. Rollins	5.00
Miss Frances Boucher	5.00
Mr. and Mrs. George Trainer	40.00
Students of Grades 3 and 4, St. Joseph's Academy, Nelson	10.00
Students of Grades 5 and 6, St. Joseph's Academy, Nelson	12.00
Students of Grades 1 and 2, St. Joseph's Academy, Nelson	5.00
Students of Grades 7 and 8, St. Joseph's Academy, Nelson	5.00
Beta Sigma Phi (Nelson)	10.00
Stan Horswill	10.00
Mrs. W. Allan	2.00
Harry Burns	100.00
Mr. and Mrs. G. F. Stevens	100.00
Nelson Rotary Club	100.00
Nelson Soroptimist Club	25.00
Robson donation	
S. Humphries	10.00
Cranbrook donations	
Mr. and Mrs. H. J. Brock	5.00
Henry Bertoia	2.00
Hector Daoust	6.00
F. J. Malone	50.00
Angelo Pellegrin	1.25
Mrs. Minnie Quinan	3.00

NELSON, B.C.

Dock Workers to Return to Work

LONDON, April 30 (AP)—About 1000 of London's 10,000 striking dock workers voted today to return to work tomorrow, and leaders of the other strikers planned meetings to consider the government's back-to-work appeal.

The strike, now three days old, was denounced last night by Labor Minister George Isaacs as "without justification."

The Labor Ministry, meantime, intervened to try to end a strike of 1000 City of London employees whose walkout halted garbage collections, delayed funerals, snarled city produce markets and closed the tower of London drawbridge over the Thames, disrupting traffic.

Will Open Newhaven Borstal School In Burnaby

VANCOUVER, April 30 (CP) — Attorney-General Gordon S. Wismer said last night that the Newhaven borstal school in Burnaby, B. C. would be reopened as soon as a qualified superintendent could be found and repairs completed.

Education Minister Weir said his department would assist the borstal system in British Columbia by assisting in the selection of qualified personnel; free access by borstal inmates to educational facilities of the Department and UBC and help from Pro-Rec and physical education officials.

Hope They've Seen The End of Mr. Bruin

WEST VANCOUVER, B. C., April 30 (CP)—Residents here hope they have seen the end of Mr. Bruin. Last night Herb Williamson shot a 150-pound black bear in the bush behind his home. On Saturday scores of hunters, to the annoyance of disgruntled home-owners, scoured the area for bears, finally shooting one and wounding another.

1 can "Royal City" diced beets
2 strips bacon, diced
¼ cup chopped onion
2 tbsps. chopped parsley
1 cup tomato juice
¼ teaspoon salt
Dash of pepper.

Fry bacon crisp. Add onions and parsley; cook until the onions are soft, not browned. Add other ingredients; simmer very slowly one hour or until sauce is thick. Serves 6 to 8.

For Parents

By GARY CLEVELAND MYERS

Most Parents Are Unaware Of Their Child's Jealousy

Very Few parents understand the nature of jealousy in a child and *how, on its account, he may have* heartaches and incline to all sorts of undesirable behavior.

Ignorance about jealousy obtains among the highly educated as well as among the poorly educated. I don't know how many hundreds of parents who are professional persons or have college or university degrees I have talked to face to face about a problem of jealousy in their child only to discover, perhaps, that they did not have the slightest notion that any jealousy existed. Besides, I get letters in almost every mail which reveal a similar lack of parental insight. Often, too, the highly-educated parent will insist there is no jealousy in the child, even when it is pointed out on the basis of his own accounts.

I have seen parents become violently angry when jealousy was suggested as a highly probable cause of their child's problem. One college professor, for example, exploded with the statement, "You mean to say we don't treat our children all alike?" But after he *had calmed down* I was able to convince him that although he and the mother had always tried to be impartial, they had not been, in spite of their efforts to the contrary.

Moreover, many parents will write something like this: "It can't be jealousy for we carefully prepared him for the new baby," meaning that they had told him that the baby was expected, as if that sufficed. Or, "It can't be jealousy, for he loves the baby and wants to hug and kiss it." Then they may add that he will sometimes strike the baby. If they didn't watch he might kill it, indeed.

Fine to "tell" of the expected baby. Yet this but a drop in the bucket. How independent has this child been of the mother? How much is done by both parents, the neighbors and relatives, to give the older child assurance he is loved after the new baby comes and for months and years thereafter?

Naturally the tiny infant gets no *rebukes nor punishments. The more* this older child is punished, therefore, the less he is loved, he thinks. This supposition makes him do more bad things to bring upon him more punishment and so on. Yet he must be disciplined. To balance it he will *need all the more proof that he has* his parents' affection.

A bright mother recently wrote that her child of two gets fits of crying and wanting to be petted and comforted, "when I can't find out what she is crying about and it vexes me." She casually referred to the baby three months old. It is pretty safe to guess what was happening in the heart of that tot.

When one child, usually the elder of two children, seems often to be unhappy, grows more excitable, or more stubborn, or harder to manage in other ways, his parents should ask themselves: "Does he feel emotionally secure? Does he feel he is loved and wanted as much as the baby is?"

No matter what we think, it is what the child thinks that really matters. Nor is jealousy limited to the younger child. Adolescents may suffer untold agonies from it. They may grow hard to live with or they may shut up like clams and live a very unhappy lonely life within themselves. So may adults.

My special bulletin on jealousy may be had in a stamped self-addressed envelope sent me in care of this paper.

AT YOUR DEALER'S

BARCLAY ON BRIDGE

By Shepard Barclay

"The Authority on Authorities"

NO SENSE IN CROWDING

CROWDING the bidding unnecessarily is bad bidding as a rule. There is no sense in it if your side has yet to locate the best declaration in which to play the hand, and may require several other calls before you can be sure regarding the best suit or No Trumps. When such problems remain to be solved, the best bidders take it easy whenever possible and give plenty of time and space to learn salient facts before the pair gets beyond its depth.

North: ♠ 8 3 ♥ 8 ♦ K Q 6 4 2 ♣ K 10 5 3 2

West: ♠ J 10 9 5 4 ♥ A 9 7 2 ♦ J 9 ♣ A 7

East: ♠ 7 6 ♥ 10 6 4 ♦ 10 8 7 3 ♣ J 8 6 4

South: ♠ A K Q 2 ♥ K Q J 5 3 ♦ A 5 ♣ Q 9

(Dealer: East. East-West vulnerable.)

East	South	West	North
Pass	1 ♥	Pass	2 ♦
Pass	3 ♠	Pass	4 ♣
Pass	4 NT		

North decided—in which he was correct—that South's 4-No Trumps was not meant as a Blackwood convention slam try, but an effort to play the hand at that contract. It proved just one level too high.

Despite the spade bid, West opened the J of that suit to the Q. South led his club Q to the A, took the spade 9 with the A, led to the club K, gave up the 10 to the J and played his heart K on the returned 10, the A winning. The spade 10 removed South's last honor in that suit. He cashed the heart Q and J, then ran three top diamonds. But, when the suit failed to break, he had only nine tricks, so had to give up the setter to East.

It was unnecessary for the side to get too high. South could have prevented the crowding by bidding only 2-Spades on his second turn instead of three. That "reverse" would have been a one-round force, to which North could have responded with three of either minor and then South could have bid just 3-No Trumps. But North was also at fault. After South's powerful bid of 3-Spades, North should have taken a chance on 3-No Trumps, even with his bad fits for the majors. The combination of sins by both partners beat them deservedly out of a game which was there for them to score.

• • •

Tomorrow's Problem

North: ♠ 7 3 2 ♥ K 8 4 ♦ Q 6 ♣ Q J 10 8 3

West: ♠ Q 8 6 4 ♥ Q 6 5 3 2 ♦ 10 7 ♣ A 6

East: ♠ 10 ♥ 10 7 ♦ K J 9 4 3 2 ♣ K 7 5 2

South: ♠ A K J 9 5 ♥ A J 9 ♦ A 8 5 ♣ 9 4

(Dealer: North. Neither side vulnerable.)

If West leads the heart 3 against a No Trump game and South lays down the spade A, K and J to the Q, what should East discard?

Tasty Recipes

By BETSY NEWMAN

Springtime is egg time. During Lent we ate many eggs in place of meat, and as the weather grows warmer, diets should be lightened occasionally with due respect to the nutritional needs of the family.

An omelet can be a gastronomica delight or mess. There are several different versions of the omelet too from plain puffy and French to quite elabrate ones with meat, fish, mushrooms, etc., tucked into them.

Today's Menu

Omlet Boiled or Steamed Rice
Buttered Asparagus
Raw Vegetable Salad
with 3-min. mayonnaise
Strawberries Tea or Coffee

White Sauce Omelet

1 c. thick white sauce; 4 eggs; salt and pepper.

Mix white sauce and egg yolks season and fold in beaten egg whites. Cook in greased frying pan or omelet pan, over low heat, until brown on under side and finish in the oven until done through.

Thick white sauce is made with 3 tbs. butter, 3 tbs. flour, and 1 cup milk, blended and cooked until thick; season.

Now for variations: when the omelet begins to set, spread it while cooking, with finely chopped cooked ham, veal, chicken or grated cheese. When done, fold and serve.

Cook peas, asparagus, cauliflower or flaked fish may be added to the white sauce of white sauce omelet.

For dessert you may serve a sweet omelet which is made by adding 4 tbs. powdered sugar to a foamy omelet mixture, which is made without white sauce. After baking, spread with softened jelly, and after folding, sprinkle with powdered sugar.

French Omelet

1 egg; tbs milk; ½ tsp salt; dash pepper; 2tbs. butter.

Beat eggs slightly, just enough *to blend the yolks and whites*, add milk and seasonings. Put butter into pan. As it cooks, prick and pick up with a fork until the whole is of creamy consistency. Cook over slow fire, raising the temperature slightly at the last to brown the omelet quickly. Fold and turn on hot platter.

Three-Minute Mayonnaise

1 whole egg; 3tbs. lemon juice or vinegar; ½ tsp. salt; ½ tsp mustard ⅛ tsp. paprika; 1½ c. salad oil; ½ tsp. sugar.

Put egg, seasonings, 1 tbs. of the lemon juice or vingar and ¼ c. oil in a bowl and beat. Add remaining oil ¼ c. at a time, beating vigorouly. Remaining acid is added a little at a time during the mixing .

Love Problems

By JANE ATKINSON

Question of Insanity in the Family a Problem for a Doctor

Dear Miss Atkinson:

I am in love with a fine young *man, and plan to marry him this* Fall. But I'm worried because I have not told him that there is insanity in my family. One of my mother's two brothers is in an institution, and the other has been in and out of one for years.

Should I tell this young man about this? I'm afraid of how he would feel about it.

"ANXIOUS"

Dear "Anxious":

This is a very distressing problem that you are facing, and I think it is one that you should talk over with your family doctor. You might ask him if you and your fiance could come and discuss it with him together. That would seem to me a wise thing to do.

It would be somewhat risky, I think, to marry this young man without telling him about the situation. He would be almost certain to hear about it, one way or another, after he had become a member of your family, and then he might feel more upset because you had kept him in ignorance than he would be if you were frank beforehand.

An unfortunate family inheritance is not necessarily the hopeless fate it used to be considered. Modern medical research and knowledge make it possible to handle many predispositions and trends much more successfully than in the past. But in order to do so, it is very important that people understand these things, and be guided by advice and suggestons that doctors can give them. And a couple who plan to be married should work together in such a matter.

SAY BLACK MARKET THRIVES

VANCOUVER, April 30 (CP) — Contractors in Vancouver today charged that a black market in plumbing, bath tubs, electrical fittings, lumber and flooring is thriving in British Columbia stronger than at any time since the end of the war.

The contractors said some builders are buying nails at prices ranging from $10 to $15 for a 100-pound keg.

CAPETOWN (CP)—A special blinds, windows and interior partition are all operated electrically, and smoking and writing fleet of cars seating eight persons has been built for the Royal Family's visit to South Africa aids are concealed in the arm A transparent panel in the roof, rests.

The Doctor

By HERMAN N. BUNDESEN, M.D.

One-Sided Facilian Paralysis Is More Common Than Most Realize

The one-sided paralysis of the face, known as Bell's palsy is a much more common ailment than most people realize. It may be due to a disease or accident, but by far the most common cause is exposure of this side of the face to a draft of cold air as in drinving

I has been estimated that 75 per cent of the cases due to cold recover even without treatment Drs. H. P. Pickerill and C. M. Pickerill of New Zealand state that the other 25 per cent end up with permanent paralyzed muscles and real disfigurement.

PROPER TREATMENT

Since it is impossible to say in advance who will recover and who will not, it is important that all those with Bell's palsy be given proper treatment. The chief thing which interferes with recovery of the paralyzed muscles is their continued overstretching by the normal muscles on the opposite side of the face.

In order to keep this overstretching from occuring it is suggested that the face muscles be strapped. In doing this, the lower half of the paralyzed side is first covered with a thin layer of *oil petrolatum. Then two strips* of adhesive tape about half an inch wide are applied on the opposite side of the face starting at about the level of the lip. These adhesive straps are then brought around to the opposite side and fastened back of the ear. This tape is not removed until the condition is overcome. If it becomes soiled, fresh adhesive tape can be applied over it. At the end of a week or ten days the patient attempts *to make movements of the para*lyzed side of his face.

MASSAGE AND EXCERCISE

Massage and excercise often do no good because this may result in overstretching of the affected muscle. At the end of the third week if it does not look as if the patient is recovering the muscles may be stimulated witth a weak electrical current. However, this must not be overdone since it will cause tiring of the muscles. If the current causes any painful sensetion, it is too strong. This treatmentis carried out daily. It may be necessary to carry out the treatment for a period of two to three months although some patients may recover within a week.

Bell's palsy may be produced by injuries or tumors. Of course, in such cases surgical treatment may be needed.

New Treatment for Stomach Ulcers

By HOWARD W. BLAKESLEE
Associated Press
Science Editor

CHICAGO, April 30 (AP)—A new treatment for stomach ulcers, which in effect dusts a soothing powder over a distressed stomach, was described to the American College of Physicians today by Doctors Leo L. Hardy and Leonard P. Brout, of Loyola School of Medicine, Chicago.

The medicine, in the form of tablets, are compounded of powdered aluminum, powdered magnesium, (the two lightweight metals) and mucin, which is one of the stomach's natural secretions.

All are common medical preparations, but the technique of opplying them is new. The two metals are in use as antacids, meaning chemicals that counteract acidity. The mucin is mixed with them because when the powder gets into the stomach the metals cause the mucinto form a sort of paste that spreads over the stomach membranes. It does not coat completely but it concentrates somewhat on the face of the ulcers.

There is no direct medical effect. Instead the paste neutralizes stomach acids to some extent, and slows down the digestive action of the natural pepsin in digestion. Given in tablet form the paste remains in position for several hours. If given in liquid form it does not work, but leaves the stomach promptly.

Dr. Hardt said that 34 ulcer patients have been treated. The tablet remedy was given for four to 12 weeks to each person. He said that relief from pain and discomfort was almost immediate. Since completing their treatments, the longest three months ago, these people have been free from discomfort. In two cases large ulcers disappeared.

No Change in Working Wives Provision

OTTAWA, April 30 (CP) — Husbands with working wives still take it in the neck, so far as income taxes are concerned.

It had been expected—and hoped—that Finance Minister Abbott, in his budget speech to the Commons tonight, would announce a change in last year's provision that taxpayers whose wives earn separate incomes would be taxed as single if their spouses earned more than $250 a year. However, Mr. Abbott made no mention of the provision.

The expectation that change would be made was based on widespread criticism of the arrangement and charges that it had led to many wives, including badly-needed nurses, leaving their work.

DeMarigny Claims Wife Let Him Down

MONTREAL, April 30 (CP) — Alfred de Marigny charged that his wife, the former Nancy Oakes, let him down by failing to sign papers which would have enabled him to become a Canadian citizen.

De Marigny, ordered deported to Mauritius Island in the Indian Ocean, said in an interview that "all my wife Nancy had to do was to sign the papers that would have made me a Canadian citizen and given me the right to live as any other human being."

"But she wouldn't do it," said de Marigny, acquitted of the 1943 slaying in the Bahamas of his wife's father, millionaire Sir Harry Oakes.

Immigration authorities said de Marigny was being deported because he "was not admissible under the regulations."

OTTAWA (CP)—Production of leather footwear in 1946 totalled 43,245,050 pairs compared with 38,955,725 in the preceding year, it has been reported by the Dominion bureau of statistics.

BUYS AND WHYS BY Barbara Brent

A weekly advertising and information service for today's woman

M-mmm! And I do mean for food flavoured with HEINZ Sauces! It's wonderful the way even the simplest of dishes take on new taste excitement when you know a few flavour tricks with HEINZ *Mustards—Worcestershire Sauce—57 Sauce* . . . all of course, backed by that very famous HEINZ reputation for quality! And speaking of flavour tricks—here's a recipe for *Mexican Sauce* that's bound to be a family favourite . . .

Saute 2 medium sized onions, finely chopped and 1 finely chopped green pepper in ¼ cup butter or dripping until tender. Add ¼ cup HEINZ *Tomato Ketchup*, ¾ cup water, 2 teasps. HEINZ *Worcestershire Sauce*, and heat until boiling. Pour sauce over rice and pork chops. . .

and listen to your family rave about your good cooking! For more flavour formulas every bit as good as this one—simply write to me, Barbara Brent, 1411 Crescent St., Montreal, P.Q., for your free booklet . . . "New Uses for HEINZ Sauces".

A WORD TO THE WISE

Want to make your husband think you're the most wonderful wife in the world? Try this—it's so simple and such a good idea . . . open a Savings Account at your nearest branch of the BANK OF MONTREAL. Any member of the bank's staff will be glad to assist you in opening a Savings Account *for any amount* from a dollar up. In dealing with the B of M you will enjoy that feeling of confidence that comes through arranging your affairs at a bank where more than a million Canadians do their personal financing. Money in a Savings Account not only earns interest but is available wherever you want it. A Savings Account provides the best way to save for future investments—for travel—for the payment of rent and taxes—and as a safeguard against emergencies! This is why I know you'll be pleased with yourself when you see the money you've saved . . . practical, wonderful you!

RECIPE MAGIC!

More exciting than pulling rabbits out of a hat are the recipe tricks—like *magic*—you can perform with CROWN BRAND *Corn Syrup*, for CROWN BRAND is a corn syrup to make down-to-earth food taste out-of-this-world! So-oo if you want to be a magician in your kitchen—try a bit of CROWN BRAND magic! Trick 1—to bring a wide-awake gleam to your husband's eyes at breakfast—sweeten his cereal with golden CROWN BRAND. Trick 2—spread CROWN BRAND on Junior's toast when he comes home from school as hungry as two bears.

Trick 3—use CROWN BRAND as a sweetener in baking—it gives a delicious, distinctive flavour that you don't get with sugar.

Ask your grocer for a tin of CROWN BRAND tomorrow. It *tastes* delicious *and* it provides quick food energy for a healthy family!

SPEAKING OF BRUSHES . . .

It's the bristles that do the work, as you know . . . and worth remembering is the fact that when your brushes have NYLON BRISTLES—you have brushes to out-bristle, out-shape, out-work all other types! For NYLON BRISTLES, as I've said before in this column—and honestly can't say too often or too enthusiastically—are *best*. Well . . . *what!* Bristles—they're smooth, rugged—keep their shape—wear many times longer than other bristles. They can be boiled and sterilized, losing none of their strength or stiffness. They stay fresh, clean and sweet-smelling. So-o-o . . . whether it's a bath brush, clothes brush, vegetable brush or any other personal, kitchen, paint or household utility brush—be *sure* it has NYLON BRISTLES!—the bristles made by *Canadian Industries Limited*—all types of these brushes are made by a number of Canadian manufacturers wise in the ways of making good brushes!

MEAL TALK

Here are 2 cooking hints using beefy OXO. Try them.

One tin of vegetable soup does the work of two when you add an extra tin of water and two OXO cubes.

Add fluid OXO to your tomato juice cocktails. M-mm-m! so good, such flavour!

And, of course, OXO makes wonderful gravy . . . delicious! . . . *fast!*

TRY THIS RECIPE...

BRAN MUFFINS

1½ cups bran, 1 cup pastry flour, 4 teaspoons baking powder, ½ cup brown sugar, 1 egg, ¾ cup milk, 1 tablespoon melted butter, 2 tablespoons SOYHART SPREAD.

Sift flour and baking powder together, add bran and brown sugar, mix milk with beaten egg, melted butter and SOYHART SPREAD and add to dry ingredients.

Fill greased muffin tins ⅔ full. Bake at 375° to 400° F. for 20 to 25 minutes.

A Recipe on Each Label.

SOYHART

J. L. TRUMBULL LTD., Vancouver, B.C.

NEW BLEND HERE!

Improved Chase & Sanborn thrills Coffee Lovers!

Thousands of Canadians have felt Chase & Sanborn is "tops"... that it would be mighty hard to improve!

But now the makers of Chase & Sanborn have created an even finer new blend!

It's even richer, mellower and more deeply satisfying than the coffee which has made Chase & Sanborn a Dominion-wide success!

It's going fast—so order a pound from your grocer right away! You'll *love it! You'll call it the finest coffee you ever tasted! You'll pass your cup* for more!

APPROVES POLICY OF SELECTED IMMIGRATION

Nelson City Council Monday night approved a resolution sent out by the Canadian Federation of Mayors and Municipalities asking that Canada adopt a policy of selected immigration. The circular, seeking to define the general stand on immigration of municipal councils across the country, will be presented in summary form at the next Senate Committee sitting.

The recommendation urged "admission to Canada of selected immigrants from Europe with the view of relieving distressing conditions on the European Continent and especially of adding to the population in an orderly and well-regulated manner, a group of citizens from who this country could expect to receive heavy dividents in the arts, sciences and other departments of life."

Council members, in adopting the resolution, expressed dissatisfaction with the present policy of "exclusion."

Take Off From Road

VANCOUVER, Wash., April 30 (AP)—Two Spokane fliers, who ran out of gasoline and landed on the four-lane Pacific Highway North of here, took off successfully from the road today after refueling

FERNIE TO BE HOST FOR MINE RESCUE CONTEST

FERNIE, B. C., April 30— The East Kootenay Mine Rescue and First Aid competitions will be held in Fernie on June 14. This was decided at a weekend meeting of the East Kootenay Mine Safety Association held in Fernie. The event is the largest of its type in the Province. Six mine rescue teams, two each from Michel Colliery, Elk River Colliery and Kimberley will compete for the championship shield and prizes. Members of the winning team will be presented with gold medals. The First Aid competitions include Senior and Junior events, both ladies and men. The officers elected were President Bob Bonar, Mine Inspector, Fernie; Vice-President Joseph Shaw, Kimberley; Secretary-Treasurer Ed Chappell. The Executive Committee will be composed of representatives named by the local branches at Fernie, Coal Creek, Michel and Kimberley.

South Slocan

SOUTH SLOCAN, B. C.—The bi-monthly meeting of the Women's Auxiliary of St. Matthew's Church, was held at the home of Mrs. W. D. Ridge, Sunnyside Ranch. The Not Unpainful Process of Decontrol

We all know that while wartime controls of prices most efficiently in Canada performed the purpose toward which they were directed they could not continue indefinitely after the victory had been won. There were always powerful economic and human forces operating against controls, but during the stress of war necessities it was possible to a satisfactory degree to make these subservient to the necessities of the war emergency. When we are faced with the danger of defeat, of becoming slaves of the physical might and ideologies of the enemy, we will accept any alternative. With that danger over and with normal economic forces again operating in other parts of the world, controls cannot for long be successful maintained.

The process of decontrol has its difficulties, itts hardships and its inequities but Canada on the whole is handling the situation well. The plan has been one of gradual decontrol, of orderly retreat against normal economic forces rather than, on the one hand of immediate and complete abolition of controls immediately after the defeat of Germany and Japan or, on the other hand, of hanging on to controls so long that they would be destroyed by almost nation-wide and popularly approved lawbreaking.

The situation is well put, and a timely warning against unnecessary price increases, in a circular from the Canadian Chamber of Commerce to its members. Says this circular:

"Since the termination of hostilities The Canadian Chamber of Commerce has continually urged the removal of controls as rapidly as possible consistent with avoidance of widespread dislocation and of unwarranted price inflation due to scarcity. In adopting this policy, the Chamber recognized that some price increases would be inevitable upon removal of those price ceilings that had not been adjusted during the control period, during which time costs of labor and materials had increased to a degree far more than offsetting any decreases in costs consequent upon higher volume.

"The Government also, in dropping controls and reducing subsidies, recognised that some increases would necessarily have to be made, but relied in large measure upon the business leaders to restrict price increases to cases of real necessity; in short, to examine each case on its merits and not to follow any general pattern of price increases upon removal of controls, and to defer increases wherever possible.

"The Canadian Chamber of Commerce fully endorses this policy and urges its members to be guided by it in the critical period of orderly decontrol. It is a testing period during which the eyes of the nation are on business and during which private enterprise has great opportunities to demonstrate its awareness of the responsibilities that go with freedom.

"That a number of price adjustments must be made because of the unbalance between costs and prices that has grown up during the control period is obvious, but the Chamber urges its members and business leaders generally in making such adjustments to restrict them to the minimum necessary to restore a reasonable relationship between costs and prices, rather than to anticipate further increases in costs which may occur. Furthermore, in those cases where a substantial increase in volume has materially improved the margin of profit, consideration should be given to reducing prices as some offset to the inevitable increases that must occur in many instances.

"The Canadian Chamber of Commerce wholeheartedly endorses the policy of orderly decontrol and believes that the policy outlined above of restricting price adjustments to the minimum necessary at this time, is conducive to the best public interest and maximum employment. It believes, also, that such a policy is in the best interests of greater production and the development of industry in Canada."

Lance H. Whittaker

PAGING THE ANSWER MAN

There is something wrong with me.

Oh, it's nothing very serious, just a fairly common disease that afflicts hundreds of ordinary people.

I never finish anything.

Take the time I started to redecorate the house. That was over a year ago, and Moppet is still hoping for an eventual end to it.

In the living room there is that strip of wallpaper between the bottom of the South window and the baseboard. It was a perfectly natural omission (the radio was in front of that window, and I had to hear the Happy Gang), but the tag ends of wallpaper had been burned before it was noticed—and how can one possibly order a half-yard of a particular wallpaper design? Besides, the radio is still there, and none of our friends appear to have noticed anything.

Then there is the piece of baseboard in the bedroom. I don't know how it was overlooked, except that it is behind the door. Painting that yard-long piece of trim will be a major operation (you know, hunting up the right color in all those old paint cans; cleaning out paint-hardened brushes). Anyway, it is nearly time the room was painted again.

Perhaps the most miserable reminder of my affliction is the East gable. It was a sudden week of rain that was responsible for THAT. Moppet is sweetly reasonable about it (almost every day), but the effort required to bring out ladders and scaffolding again, just to do a smidgin of painting on a gable, is simply beyond me.

There must be a cure for this painful business. Perhaps it could be referred to the all-knowing Question and Answer Department of The Daily News.

Looking Backward

10 YEARS AGO

From The Daily News of May 1, 1937

The appointment is announced at Vancouver today of James Charters, at present Chief Clerk to the General Freight Agent here, to the position of Division Freight Agent for the Canadian Pacific Railway, with headquarters in Vancouver.

Registrar R. G. Stewart of the Pharmaceutical Association of British Columbia announced today nine candidates had been awarded diplomas as Pharmaceutical Chemists. Among them was C. L. Phillips of Nelson.

25 YEARS AGO

From The Daily News of May 1, 1922

The Fourth International Mining Convention is to be held in Nelson, June 3-7. Convention Manager is Fred A. Starkey.

The Corinthians and McLearies are due to meet in the first clash in the City Senior Soccer League series at the Recreation Grounds this afternoon. T. Middleton will be in goal for the Corinthians and L. Desjardins for the Macs.

40 YEARS AGO

From The Daily News of May 1, 1907

Nelson and Trail Junior Baseball squads will face each other in the first game of the season Tuesday afternoon. The Nelson team consists of R. Bard, W. Brown, T. Stevens, S. Newitt, M. McCandlish, L. Jackson, J. Miller, A. Lacey, F. Miller and D. Keefe.

The Queen Cigar Store changed hands, W. H. Smyth selling the business to G. B. Matthews and Howard Bush.

With the strike of mine worker in Fernie and district continuing many of the Boundary mines have been forced to suspend operations.

Today's Horoscope

You are strong-willed, energetic, impulsive, a good planner with fine executive ability. You are blessed with a vivid personality. You love intensely, but in love your path has its ups and downs, but you will find a great happiness. The day is adverse regarding new ventures, distant, past and secret matters; also marriage or romantic attachment. Be discreet in all your dealings. In spite of some disappointments in the home circle or through love or friends, good fortune will be realized, often unexpectedly. Adopt ultra-modern, original business methods and forge ahead. The child who is born on this date will be resourceful, energetic, ingenious, inventive, of quick perception, methodical, good-natured, jovial, and generally lucky, although minor love troubles are likely.

Test Yourself

1. Can you name the boundaries of Greece?
2. Can you give within 200 years the time of Greece's greatest glory and power?
3. When did Greece win the overturnors of the monarchy and the establishment of a republic, and how long did the republic last?

TEST ANSWERS

1. It occupies the Southern peninsula of the Balkans stretching down into the Mediterranean Sea, with the Ionian Sea on the West, the Aegean Sea on the East, Albania on the Northwest, on the North Yugoslavia and Bulgaria, and on the Northeast Turkey.
2. In the fifth century B. C.
3. In 1925 and it lasted 10 years.

Words of Wisdom

Laughter and tears are meant to turn the wheels of the same machinery of sensibility, one to lubricate, and the other to water [illegible] O. W. Holmes.

?? Questions ?? ANSWERS

E. U. L., Nelson—Could you please inform me in your Questions and Answers Column what procedure a person would have to take for adopting out a child (meaning to give a child away for adoption)?

Contact the Social Welfare Branch, 556 Ward Street, Nelson, B. C., for this information.

J. W., Nelson—Would you please print in your Questions and Answers column the population for Rochester, Minn.?

The 1940 census lists the population of Rochester, Minn., at 26,312.

J. F. F., Nelson—Will you in your Questions column please give the date of birth of the Dionne Quintuplets?

The Dionne Quintuplets were born near Callander, Ont., May 28, 1934.

Curious, Kimberlrey—Would you explain how "pin money" came to be so called?

The expression originally came from the allowance which a husband gave his wife to purchase pins. At one time pins were so expensive that only the wealthy could afford them. The manufacturers of pins were permitted to sell them only on January 1 and 2 of each year, and when those days came around the women whose husbands could afford it secured pin money from them and went out and got their pins.

Verse

ST. GEORGE

St. George, he stands for England
And all that England means,
The deep and leafy byways,
The shady village greens.
The "backs" along the river,
The bells at eventide,
The cliffs along the Channel,
The weald all spreading wide.

St. George, he stands for England,
The grimy roaring towns,
The eager crowds at Wembley,
The sweep of Epsom Downs.
The black lands of the Midlands,
And the grey moors of the North,
The little stone built harbors
Where the fishing boats go forth.

St. George, he stands for England,
Emblem of truth and right
First to bear the brunt of battle
And last to leave the fight.
Since Drake first ploughed the Channel
To singe King Phillip's beard,
Her fleets have ruled the ocean
And dreed their lordly weird.
Nor any charted waters,
Nor yet uncharted floe,
But have seen its red crossed banner
Undaunted come and go.

Not flood nor desolation
Have stricken her brave heart,
And she shall rise more powerful
Again to play her part.

St. George, he stands for England,
And all that she shall be,
Mother of many nations,
Still Mistress of the Sea.
Her sons, full grown to manhood,
Bound now by love, not tied,
Showing a front unbroken,
Through fire and battle tried.

St. George for Merrie England,
How that old cry did thrill!
Please God, down through the ages
She may be Merrie still!

"ETTRICK"

Press Comment

STANDARDS OF VALUE

Your average Canadian earns a lot more money, but translated into what he can buy in the way of food, clothes, refrigerators and whatnots, he is not as well off as he was in 1938. So that real wages (which is the amount of things a man can buy with his earnings) bear no real relation at all to money wages. So let's forget wages for a minute. First of all the banks and the rest on earth have changed that naive elementary fact that men are traders and that the only demand they have on another's goods is enough to what they produce themselves. Size has not altered the essential pattern. Hamilton Spectator.

FREE PORTS OF THE AIR

[illegible] free port for [illegible] to the [illegible] section of the [illegible] airport will be set aside as a free zone in which neither passengers nor goods in transit would be subject to customs regulations. Only when leaving the zone for other parts of [illegible] all passengers be required to undergo customs examination. Within the special area would be hotel accommodations, the only local regulations that would apply would be those involving public health and control of currency. The idea of free ports for goods in transit is [illegible]. It has been employed widely and successfully; at present there is agitation for the enlargement of New York's free port area, [illegible] employed to meet the needs [illegible] passengers. A free port [illegible] would prevent [illegible] tangle their passengers in red tape. If it worked successfully it could pave the pattern for numerous transfer points in world air routes. New York Sun.

MIND CURE

You can tell whether an ailment is something to worry about if it disappears when you forget it. Washington Times-Herald.

Etiquette Hints

It is [illegible] good [illegible] engaged girl a [illegible] and [illegible] or set of [illegible] for a gift.

DISCUSS PLANS FOR LIBRARY AT CASTLEGAR

CASTLEGAR, B. C., April 30—A meeting of the Booster Library Committee and representatives of various organizations was held in the United Church Hall to discuss new developments in the library project.

Mrs. L. Davis gave an outline on the start and growth of this public institution. "The idea started when the Sunday school members collected books suitable for juvenile reading. The group felt that this service should be made available to all boys and girls because most were unable to obtain good reading material. A Booster Library Committee was formed to handle this growing project.

"Letters were written to the Public Library Commission and other organizations connected with library work. It was learned from the Commission that adult juvenile books could be procured. Other communications revealed the fact that the government will assist with grants if a library board is formed and registered.

The committee decided to call a meeting of representatives to get the support of all organizations, and to take advantage of the opportunities."

Mrs. N. Ball, who met officials of the Public Library Commission in Vancouver, said prospects of a library appeared to be "very hopeful." She quoted some passages from The Library Act and a pamphlet dealing with library plans for the Province.

The unanimous opinion of the delegates was to call a meeting on May 9, when Mr. Robinson, Chairman of the Public Library Commission, would be present to assist in organizing.

SIRDAR

SIRDAR, B. C. — Pat Woods is a patient in Creston Hospital where he is progressing favorably.

Miss Loraine Cooper of Kuskanook was the guest of Miss G. Rehmann for the weekend.

Mrs. R. Heap left Nelson for Vancouver, accompanied by her sister, Mrs. Whiteside, and is now in St. Paul's Hospital, undergoing treatment. Her daughter, Mrs. Haynes of San Francisco is visiting her while in the hospital.

The school is undergoing some repairs and playground equipment is being installed, which will be much appreciated by the pupils.

CRANBROOK DAIRY LEADS MILK PASTEURIZATION

CRANBROOK, B. C., April 30—First milk pasteurized in the Cranbrook District is being distributed this week by the City Dairy, owned and operated by Matthew McCrindle. All city dairy products in future will be pasteurized well in advance of the August 1 deadline following which retail and distribution of unpasteurized milk in the City is prohibited under a City Model Milk Bylaw.

Over recent weeks the City Dairy has installed its pasteurization equipment which will handle 320 quarts of milk at a time. Installations required construction of a boiler room, elevation of ceilings in plant room and other alterations. Milk now being distributed is not labelled as pasteurized, and will not be until the present supply of bottle caps is exhausted.

LANGHAM, Rutland, England (REUTERS)—Maj.-Gen. R.E. Urquart, who commanded the British 1st Airborne Division, recently unveiled a memorial tablet to the "Red Devils" who fell in the Battle of Arnhem.

400-Foot Drive by Nicholson End Brooklyn's Win Run

By STEVE ROBERTSON
Canadian Press Staff Writer

Bill Nicholson's two-run homer in the ninth inning that landed in a parking lot some 400 feet from home plate gave Rookie Boyle Lane and Chicago Cubs a tight 3-1 National Baseball League victory Wednesday that snapped Brooklyn's six-game winning streak. It was Nicholson's third homer of the year and came with one on base at Ebbett's Field.

In New York the Giants shoved St. Louis Cards deeper into the National League cellar by coming from behind with two runs in the ninth inning for a 4-3 triumph.

Cincinnati was clubbed for 15 hits at Boston when the Braves overwhelmed the Reds 10-3 for their sixth victory in seven home games. Johnny Sain struck out 10 for his second victory. In the other National circuit struggle, *Pittsburgh Pirates* unlimbered their bats, also for 15 hits, to down Philadelphia Phillies 11-4 at the Quaker city. Frank Gustine led the attack with four singles.

14 HITS

Four home runs, including one with the bases loaded by Jeff Heath in the first inning, were chalked up by St. Louis Browns as they waltzed to a 15-5 American League triumph over New York Yankees. The *Brownies cuffed* Allie Reypolds and five relief hurlers for 15 blows.

At Detroit Boston Red Sox won their first game in five starts, chasing Hal Newhouser to his third straight defeat with an 11-hit assault that beat Detroit Tigers 7-1.

Outfield Bob Kennedy proved Pitcher Johnny Rigney's good little helper at Chicago as the White Sox defeated Washington Senators 5-2. Kennedy punched out two doubles to drive in three runs and scored another himself.

WINS FOR HOME FANS

Toronto Maple Leafs opened their *International* Baseball League season at home with a 4-1 victory over Baltimore Orioles. Collecting a brace of runs in the first and third innings, the Leafs gave Luke (Hot Potato) Hamlin sufficient support to have him win his third opened at home in three starts.

At Buffalo a grand slam by Les Layton highlighted an eighth-inning rally that enabled Jersey City Giants to down Buffalo Bisons 12-7.

Two passed balls scored the winning run at Rochester when Claude Wright came home after doubling in the eighth to Give Rochester Red Wings a 6-5 victory over Newark Bears.

Boxla Clubs Square Off May 8; Redmen at Spokane, Bears at Nelson

TRAIL, B.C., April 30 — All four teams of the newly organized West Kootenay Lacrosse League will see action May 8, according to a report today by League President Cecil Pitt.

Rossland Redmen **play in Spokane and Trail Golden Bears meet Nelson Maple Leafs in Nelson on that date.**

Other dates definitely agreed upon are:

May 11—Trail at Spokane.
May 13—Nelson at Trail.
May 15—Nelson at Spokane.
May 15—Trail at Rossland.

Balance of May and June dates, which will make up the first half of the schedule, will be filled in a few days.

Of some concern to the Rossland club is the fact that they will not have a floor available in Rossland for some time and will have to practice and play their home games in Trail. The Rossland club have usually been able to draw good crowds to their home games.

A rink is being built on the site used by the lacrosse team in former years.

MAY RECOMMEND CLOSED SEASON ON WATERFOWL

CHICAGO, April 30 (AP) — Dr. Clarence Cottam, Assistant Director of the United States Fish and Wildlife Service, asserted today that "if the North American waterfowl situation continues as bad as it is *now I will recommend a closed or* extremely limited hunting season" this Fall.

Addressing the first of 11 regional conferences called by the Service, Dr. Cottam said that the North American waterfowl situation "is in the third great crisis of this century."

He said the first crisis occurred about 1900 when drainage of marshes to provide agricultural land eliminated 100,000,000 acres of duck habitat. The second was during the drought of the 1930s which cut waterfowl population to 27,000,000. From that low point the population rose to 125,000,000. It can be added that it is now going down precipitously."

ALLAN CUP PLAYOFFS

By The Canadian Press

Allan Cup playoff Thursday:

Calgary Stampeders at Montreal Royals, third game of best-of-seven final, tied 1-1.

YORKSHIREMAN UPSETS ROTHWELL

GANTON, Yorkshire, England, April 30 (AP) — A major surprise in the English golf championship on the Ganton course today was the third-round defeat of James Rothwell, heralded as a discovery for the Walker Cup match against the United States at St. Andrews next month.

Rothwell, nominated by B. M. Wishart, 47-year-old Yorkshire golfer, 3 and 2.

Bargains today in the Classified.

STILL HOLDS SUSPENSION NOT JUSTIFIED

By GAYLE TALBOT

NEW YORK, April 30 (AP) — An *uncontrite* Larry MacPhail ate a final hearty meal today and prepared to take off for Cincinnati where tomorrow he is scheduled to appear before Baseball Commissioner A. B. Chandler and, presumably, answer charges of "insubordination."

The President of the Yankees, talking with newspaper men before a *luncheon gathering at which he* spoke against juvenile delinquency, left a strong impression that he *didn't intend* to back down an inch in anything he had said since Manager Leo Durocher of Brooklyn Dodgers drew a year's suspension from the Commissioner.

"Why should I feel contrite?" he demanded. "I don't even know what I should feel contrite about. All I know is that I received a telegram from Chandler telling me to come to Cincinnati. *I assume I'm charged* with insubordination.

"I repeat what I said last week in Newark — that so far as any evidence developed . . . is concerned, there was nothing to justify even a five-minute suspension of Durocher."

FARM MORTGAGE DEBTS CHOPPED

TORONTO, April 30 (CP) — Farm mortgage debts in the three Prairie Provinces now are less than one-third of what they were at the end of 1937, says a report issued by the Dominion Mortgage and Investment Association. The reduction in 1946 for the three provinces was 21 per cent.

Since the end of 1937, Prairie farmers have reduced the total amount owing to 30 life insurance, trust and loan companies — from whose experience these estimates are based — on farm mortgages and agreements for sale from $168,000,000 to $52,000,000. The amount owing in Manitoba has declined from $29,500,000 in 1937 to $7,400,000 at the end of 1946; *in Saskatchewan*, from $99,300,000 to $33,800,000; and in Alberta from $39,700,000 to $10,600,000.

The report states thousands of Prairie farmers have paid off their mortgages entirely, resulting in a sharp increase in the number of farmers who own their farms entirely free of debt.

Open Western League After 15 Year Lapse

DENVER, April 30 (AP) — The Western League, one of the oldest of the minor baseball circuits, will be revived tomorrow as six member teams from Colorado, Nebraska and Iowa open a 130 game schedule.

Elaborate ceremonies are planned to celebrate the return of class A baseball to this section of the West after a 15 year abandonment.

Counting and mating of the prairie chicken is at its peak in the eastern U. S. in April, and egg laying begins.

Province-Wide Publicity Plans For Jubilee

With arrangements progressing for Nelson's Golden Jubilee and celebration week August 3 to 9, the Jubilee Publicity Committee announced Wednesday discussion of *tentative plans for a souvenir program*, road signs and general Province-wide advertising, which will include automobile and window sticker eye-catchers, beard-growing publicity and street decorations. Local merchants may be approached with a view of adding to the panorama with window decorations depicting fashions in wearing apparel *common 50 years ago.*

For all dissenters from the beard-growing swing, permits will be sold, the meeting decided. Attending were C. D. Pearson, Publicity Committee Chairman, Frank Pennoyer, John Erb, Malcolm Nelson, P. E. Poulin, *William Kapak, Mayor T. H. Waters* and General Jubilee Chairman, Alderman T. S. Shorthouse.

Stamps, Royals Draw Giant Crowd

MONTREAL, April 30 (CP) — Fans lined up early today for tickets for Thursday night's big third game between Montreal Royals and Calgary Stampeders when the teams' deadlock, following a split in the opening contests of the best-of-*seven series, will be broken.*

The Forum management, trying to meet a demand as great as for any Stanley Cup game, limited customers to two tickets apiece and a crowd surpassing last night's paid attendance of 10,841 was expected.

Royals, favored to cop the series after winning the first game 7-3 in Toronto Saturday night, found themselves no better than even money as a result of the Stampeders brilliant 2-1 win last night. They *had the better of the play in the* second game but couldn't master the Calgary defence.

SPORTSMEN'S SHOW TO AID CONSERVATION

WINNIPEG, April 30 (CP) — Sportsmen and hunters are flocking to the first annual Manitoba Sportsmen's Show here this week. Sponsored by the Manitoba Federation of Game and Fish Associations, the *show, which opened Tuesday and* runs until Saturday, is the first of its kind to be put on as a civic and provincial enterprise. All proceeds are to be used to further the conservation of wild life in the province.

There are lots of new flies to keep anglers happy.

The bait casting and duck calling competitions have a Manitoba flavor. Sportsmen compete for the provincial championship in each of *the fields, the winners to be* crowned on the final night.

Clarence Hauwiller of Minneapolis, a professional retrieving dog trainer, puts five dogs through a routine of "control work."

Uncle Mike Jacobs, who has a monopoly on all the big boxing bouts in New oYrk, may not be among the socially elect, and may have a zero ranking for most popular American, and probably no one in the Kootenay-Boundary is suffering any headache because the New York State Court of Appeals has refused to interfere in the $200,000 slander and libel suit brought against him by Representative Donald L. O'Toole of New York and dismiss it before it has come to trial in the lower court.

But at the same time I hope he is not soaked by a jury of morons for calling names at this Congressman, who abused all privilege, either official, or instinctive in men, by publicly declaring the Louis-Conn bout a "stinkeroo," and proposing legislative action as a remedy.

"Stinkeroo" is a fighting word; it means, not just a poor exhibition, but a win by arrangement — to put it politely.

In other words, this self-professed *protector of clean boxing is* expressing the opinion that the second best heavyweight boxer in the world entered into and carried out a deal to be defeated by the best heavyweight boxer in the world, and holds this opinion so emphatically that he proposes to father legislation for control of promotion, to prevent such "stinkeroos" in future. By implication, Louis, Conn, Jacobs, and the fighters' managers, would all be in on it. They would *have to be. When the newspaper* boys promptly drew Uncle Mike's attention to the O'Toole combined blast and announcement, no wonder Uncle Mike blew his top and called a few names.

Before Louis and Conn were called up by their draft boards, they fought, and Conn showed himself to be probably the world's best heavyweight boxer — as of that date — by staying out of reach of the terrific Louis sleep-makers and *piling up such a lead of points that* the reporters were sending over the wires, and the commentators were sending over the air, that Louis had lost the title unless he could get a surprise knockout. Which is what Louis did when Conn, grown egotistic with success, decided to crown his impending win by slugging with Louis on even terms instead of lashing at him from a distance. *Conn was virtually within a round* of winning the world's title.

The recent return bout had to be *staged, the American boxing public* wouldn't have accepted anything else. Conn was a potential world's champion; he had demonstrated his skill against Louis himself; he had previously demonstrated his power against Lou Nova and other contenders; and he had kept in shape.

If Conn had won, he would have been on top of the boxing world, with an immense new earning power his for not even the asking—film, radio, endorsements, public *appearances, a European tour, all* coining money for him, with a million-dollar gate assured for at least one more fight in New York.

Does anyone imagine Conn could be either persuaded, or "induced," to fight less than the best he knew how? For that matter, could anyone imagine the justly confident Louis requiring any inducement to meet Conn — Louis, who had defended his title two dozen times, and had never yet avoided placing *it on the line? As for Jacobs, his* highest hope would be for an even fight and a close decision, such as would call for another meeting between these two splendid paychecks.

Whether the loud-mouthed Congressman made his attack on the integrity of the fight in a fit of anger at the result, or alternatively, was seeking a spot of publicity for himself and din't care what mud he threw, only those close to him *would be likely to know. But at* this distance he looks like a pretty poor sport, and a very dumb "Dumb Dora" to boot.

Old Hoss.

Tudor Minstrel Wins Classic

NEWMARKET, England, April 30 (Reuters)—Tudor Minstrel won the 2000 Guineas, first of this season's British flat racing classics, here Wednesday.

Saravan was second. Sayajirao was third.

So close was the race for second and third positions that a photo-finish was called—first time the camera has been called in to decide a major Britsh turf event. The wn*ner was eight lengths ahead.*

TEXAS BASEBALL THRIVES ON RUNS, UMPIRE BAITING

By HAROLD V. RATLIFF

DALLAS, Tex., April 30 (AP)—You just haven't seen baseball until you see it in Texas.

Sometimes it's the wee hours be*fore the boys get through knocking* the ball and the umpires around. The weather troubles some. They tried to play in 32-degree temperatures. It got so cold even those hardy folks quit at the end of seven innings.

One night in the Longhorn League, the newest circuit, there were 86 runs in three games. Big Spring beat Odessa 27-10 and Sweetwater edged Ballinger 20-18 in a couple of "pitchers" duels—about every pitcher got into the act.

Then last night this circuit outdid itself by producing 93 runs with Odessa downing Sweetwater 22-14 and Midland licking Vernon 27-11.

Guy Sturdy, colorful manager of the Sherman Club of the Big State League, another new circuit, got flung into the hoosegow, fined and suspended after making fun of the umpire and then mixing with a policeman who tried to take him out of the park.

But the troubles haven't been confined to the "bush" leagues. The austere Texas League, a class AA circuit, has seen a parade of players and managers pitched out of the park for getting sassy with the arbiters and the other night one umpire made the wrong ruling and President J. Alvin Gardner ordered the game replayed.

The West Texas-New Mexico League thinks nothing of 90 to 100 tallies an evening.

DAY CONTRACT NOT DISCUSSED

TORONTO, April 30 (CP) — As Clarence (Hap) Day today stepped aboard an airliner taking him and his wife vacationing to New York, he said "the matter hasn't been discussed" when asked if next Winter he would coach Toronto Maple Leafs, the team which earlier this month he led to the world hockey championship.

Conn Smythe, Managing Director of the Stanley Cup winners, wasn't much more definite, although he remarked "wherever I am in hockey and whenever I am in hockey I hope to have Hap Day by my side."

BALANCE OFF

OTTAWA, April 30 (CP) — Sales of Canadian securities to other countries in February approximately equalled purchases, the Bureau of Statistics reported today.

The month's sales totalled $24,880,000 and purchases $24,918,000. The figures compared with January net sales of $3,200,000 and $34,900,000 in February, 1946.

ENGLISH HOPE

BOURNEMOUTH, England, April 30 (AP) — Tony Mottram, Britain's foremost tennis player, defeated C. Spychala of Poland, 6-1, 6-3, 6-3, today to establish himself as the principal English hope in the British Hard Court Tennis Championships.

Yes, we have a good stock of *bicycle spokes, softball equipment, fishing tackle.*

B.C. LAWN BOWLERS MAY TOUR AUSTRALIA

VANCOUVVER, April 30 (CP) — *Plans are underway here today for* an 11-week combination bowling and goodwill tour of Australia and New Zealand by 35 lawn bowlers—and some wives—from all over British Columbia, A. D. Grant of Vancouver, head of the party, and President of the B.C. Lawn Bowling Association announced.

The party, which will leave here either in late November or December, will carry messages to dignitaries in the Antipodes from offi*cials in B.C.*

After a stay in New Zealand as hosts of the lawn bowling councils, some of the party will go to Australia for an unofficial tour.

Capitol Theatre To Reopen

Word that the Capitol Theatre at Nelson will reopen has been received by C. J. Hughes, Manager of the Civic Theatre. The opening date will be May 12, F. H. Gow, British Columbia Manager for Famous Players Corporation, advised Mr. Hughes.

Cricket Critics Bemoan Passing Of Speed Bowler

By JACK SULLIVAN
Canadian Press Staff Writer

LONDON, April 30 (CP)—Harsh words have been spoken and written about the "decline" of big-time cricket in England and the critics are unanimous in bemoaning the absence of fast bowlers. A Sunday Observer writer has joined the *clamor for the speed boys and asks* "What the deuce has happened to them?"

But the writer, who signed his article merely "R.C.R.-G," had an answer ready: "They have been murdered by circumstance Cricket, big cricket, needs them, but does nothing to invite them in. Indeed, it does all it can to keep them out. It is a house-that-Jack-built pyramid."

The fast bowler, he said, is "the richest dispenser of emotion in cricket. He is our money's worth in one over, sometimes in one ball. He is fear, admiration, expectation, surprise . . . .

"Nowadays, we are never slapped, we are tickled by ingenuity, titillated by spin, lulled by the arts of the plain. We long once more for the cool silver shock of speed."

Dividends Likely

VANCOUVER, April 30 (CP) — Possible dividend for shareholders for the last quarter of 1947 by Bralorne Mines Limited was noted yesterday by Austin G. Taylor at the annual meeting.

He said if present production rate continued, it should be possible to spend $350,000 on capital improvements and new properties this year and will leave with more than $1,000,000 working capital.

The company had $511,000 cash and $177,000 in concentrates on hand of $688,000.

This year's net profit would be about 61 cents per share, but much more could be earned if adequate manpower were available for full production.

WHEAT PROSPECTS BRIGHT

OTTAWA, April 30 (CP) North American wheat prospects for the 1947 crop are "very bright" the Dominion Bureau of Statistics reported today in its monthly review of the world wheat situation.

Until new crop wheat from the United States becomes available in June and July, however, the world supply promises to remain tight the report said.

The earliest American railroads were built of wooden rails capped with a thin surface of iron.

STRIVE TO MOVE WHEAT TO EUROPE

TORONTO, April 30 (CP) — The energies of Canada's railways are being directed toward quick movement to Europe of Canada's urgently-needed wheat crop, W. M. Neal, Chairman and President of the Canadian Pacific Railway, said today at a luncheon marking the 30th annual meeting of The Canadian Press.

If farmers were freed from interference necesary in wartime, they would be able to move their grain to elevators quickly and the railways would speed it to seaboard. There might be a freight car short*age in the Fall as a result but every* effort was being made to prevent it.

Mr. Neal said sub-soil moisture conditions in Western Canada's wheatfields are "exceptionally good." Seeding had been delayed but should be finished by mid-May.

F. I. Ker, Publisher of the Hamilton Spectator and President of The Canadian Press, compared railways costs some years ago with those of today. He could remember when railway box cars could be built for $350. *Today they cost $5000. Wages* had gone up to unprecedented levels. There had been no such increase in freight rates.

COAST COAL PRICES RISE

VANCOUVER, April 30 (CP) — Increases of from 60 to 75 cents a ton in coal price were announced by the Greater Vancouver Retail Fuel Dealers' Association here today.

Main Alberta coal jumped 60 and 65 cents a ton, while the price of Vancouver Island coal increased 75 cents. King Anderson, Secretary, *said that the new prices includes* both mine and dealers' increases.

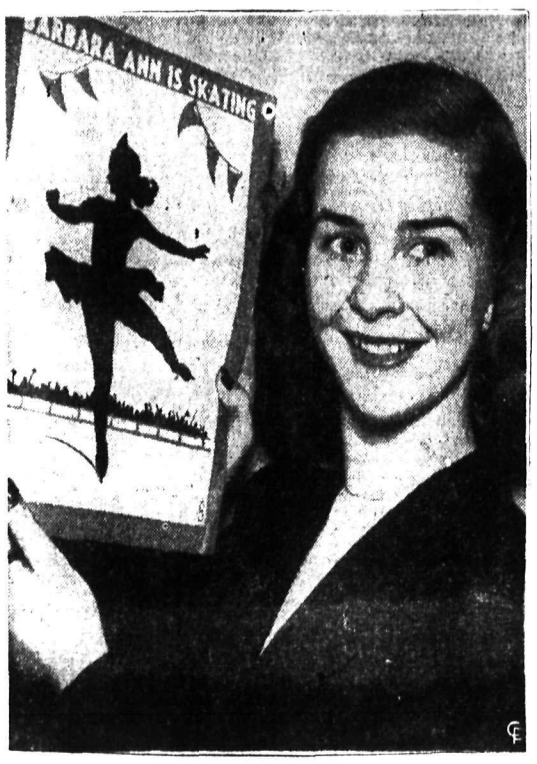
TODAY'S News Pictures

Barbara Ann's Own Song Banned



Barbara Ann will be skating at the Maple Leaf Gardens, Toronto, next week but the song, "Barbara Ann Is Skating," to which the world's champion has been rehearsing, will be missing from the program. The song, written in Ottawa, has been banned by the Minto Skating Club of Ottawa and the Canadian Figure Skating Association because it was written for profit. Barbara Ann is shown with the music of the song.

In Paraguay

Word is awaited by members of the Mennonite Church at Coaldale, 10 miles East of Lethbridge, Alta., from Bishop B. B. Janz, ranking Mennonite Church leader, of Coaldale, who is now in Paraguay, recently torn by civil war. Bishop Janz some time ago left Lethbridge by train for Chicago where he travelled to plane to South America to serve as spiritual adviser from Canada to refugee Mennonite families from Europe who are being settled on lands in Paraguay. Mennonite churches in Canada and the United States are financing the colonization scheme. Bishop Janz may be away until July. During the past Winter Alberta Mennonites have donated liberally to European relief. Large quantities of beef have been gathered throughout the Province, processed at Coaldale and shipped via New York to Europe. All the work has been on a voluntary basis.

For Lower Prices

Former O. P. A. Administrator Chester Bowles is shown leaving the White House, after he had urged President Truman to name a business men's committee to work with the Government in a U. S. industry-wide lowering of prices. As a result of a recent statement by Canada's Minister of Finance, Douglas Abbott, that a reduction in the cost of living is necessary to the Canadian economy, business establishments in Toronto and Sarnia, Ont., have started the policy of selling merchandise at 10 per cent less than the regular price as their contribution to price stabilization at proper levels.

They Talked of Many Things

Treasury Secretary John W. Snyder warns the Senate Finance Committee that income tax cuts now would disrupt President Truman's campaign to halt the price spiral. He repeated the Administration's opposition to tax cuts of any kind.

Secretary of the Interior Julius A. Krug, appearing to answer John L. Lewis' charges of negligence in mine precautions, tells the House Committee investigating mine disasters that most of the Federal Safety Inspectors are U.M.W. members.

Divorces a Vanderbilt

Socialite Mrs. Maria Feliza Vanderbilt, 29, is shown in the Los Angeles Superior Court after she was granted a divorce from Cornelius Vanderbilt Jr., 49.

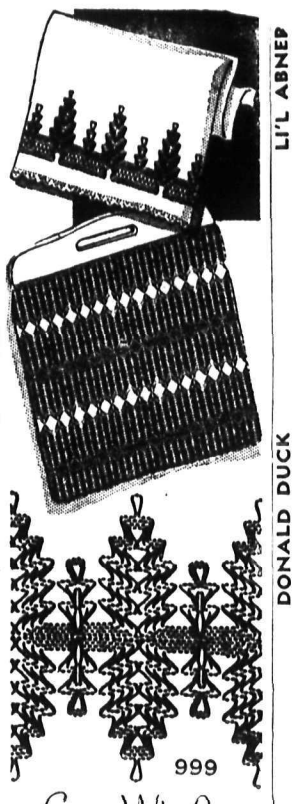
It's Lawyer Byrnes Now

James F. Byrnes, former U.S. Secretary of State, opens the door leading to his law office in Washington. Byrnes has joined the legal firm of Hogan and Hartson in the capacity of counsel. And his name's on the door, too!

They'll Do It Every Time

Registered U. S. Patent Office

By Jimmy Hatlo



Laura Wheeler

A FAVORITE RETURNS

A former favorite which has come back and is sweeping the country! No wonder—weaving on huck towelling is fascinating work, so useful!

Three designs multiply into many variations. Make towels, mats, bags. Pattern 999 has charts; directions.

Laura Wheeler's new, improved pattern makes needlework so simple with its charts, photos, concise directions.

Send TWENTY-FIVE CENTS in coins (stamps cannot be accepted) for this pattern to Nelson Daily News, Needlecraft Dept., 266 Baker St., Nelson, B. C. Print plainly PATTERN NUMBER, your NAME and ADDRESS.

Marian Martin

KNOWING LINES

Here's a frock with know-how! Pattern 9490 knows all the slants to give you a lovely figure! And for a very faltering sidelight, it buttons at shoulder and left side!

This pattern gives perfect fit, is easy to use. Complete, illustrated Sew Chart shows you every step.

Pattern 9490 comes in sizes 12, 14, 16, 18, 20. Size 16 takes 2¾ yards 35-inch material.

Send TWENTY-FIVE CENTS (25c) in coins (stamps cannot be accepted) for this pattern. Print plainly SIZE, NAME, ADDRESS, STYLE NUMBERS.

Send your order to Nelson Daily News, Pattern Department, 266 Baker St., Nelson, B. C.

Market Trends

TORONTO—Stocks did not respond noticeably to the 1947 Federal budget released last night as volume was lower than usual and prices irregular—unchanged to slightly up for industrials and down for mining issues. Western Oils were a little more active and edging upward. Volume for the day was about 700,000 shares.

NEW YORK—Steels and motors led to a slow rally that lifted selected stocks fractions to around three points.

Montreal—Individual issues posted gains ranging from fractions to around a point while majority of stocks were about unchanged in only moderately active dealings.

VANCOUVER— Mines and oils shared the busy trading spotlight the latter moving up in value and the former holding form. Industrials were quiet and unchanged.

LONDON—Trading volume showed some expansion entering the first day of the new account and the tone was generally cheerful.

CALGARY LIVESTOCK

CALGARY, April 30 (CP)—Cattle market is active at steady prices.

Tuesday's receipts: 75 cattle, 18 calves, 826 hogs, 33 sheep. This morning: 45 cattle, 21 hogs, 200 sheep.

Hogs sold Tuesday at $20.25 for A's at yards and plants. No sows sold.

Good to choice butcher steers 14.25-15.00; common to medium 11.50-14.00. Good to choice butcher heifers 13.50-14.50; common to medium 10.50-13.00.

Good cows 11.00-11.50; common to medium 9.00-10.75. Canners and cutters 6.00-8.50.

Good bulls 10.75-11.25; common to medium 9.50-10.50.

Good to choice veal calves 13.00-14.00; common to medium 10.00-12.50. Good stocker and feeder steers 12.00-12.50; common to medium 10.50-11.50.

Good lambs 13.00. Good ewes 6.50-7.00.

V.O.N. HEAD RETIRES

OTTAWA, April 30 (CP) — The Dominion's first lady joined today in tribute to Miss Elizabeth Smellie, wartime chief of Canada's army nurses, who after 25 years with the Victorian Order of Nurses is retiring as chief superintendent.

Throughout Czechosovakia ruins of ancient castles rise on rocky heights, and in the valleys are mansions of beauty and interest.

Irrigate Nature's Way
A WORLD OF PUMP EXPERIENCE
THIS IS THE CALCO PORTABLE IRRIGATION RAINMAKER IN ACTION...

INSURE YOUR CROPS • INCREASE YOUR INCOME
TIME SAVING • LABOR SAVING • MONEY MAKING

Two famous names combine to bring you the finest in irrigation equipment. CALCO Portable Irrigation Rainmaker equipment—leader in its field! FAIRBANKS MORSE Pumping Equipment—leader in its field.

ALUMINUM OR LIGHTWEIGHT GALVANIZED STEEL

The heart of every portable system is the pipe coupling.

Note the EXCLUSIVE Rapid Action Coupling that makes the CALCO RAINMAKER quick and easy to use. The Rapid Action Coupling (Patented) of Rainmaker pipe is unequalled.

The coupling is an integral part of the pipe—there are no loose parts and nothing to lose.

This strong fastener can stand up to and above 100 pounds per square inch even when the pipe is flexed at the joints to conform to rough, uneven ground. The CALCO Rapid Action Couplings are flexible. The only part of the CALCO Rapid Action Coupling which does need replacing is one small, inexpensive rubber gasket.

Remember . . . no matter what your irrigation problem . . . . FAIRBANKS MORSE offers a complete engineering service to help you . . . write us or get in touch with your nearest authorized representative.
