6000 March in Protest of Italian Treaty

LONDON, Aug. 11—More than six thousand persons demonstrated today in Monfalcone, big shipyard centre, against their return to Italy. They carried red banners and Yugoslav flags. The rally was authorized by military authorities and went off without incident.

PARIS, Aug. 11.—The addrecs of Italian Premier Alcide de Gasperi at the Peace Conference is being reported with mixed reactions by the French Press. Most of the Paris newspapers commented upon the sober demeanor with which De Gasperi defended Italy's cause on Saturday.

The newspaper L'Aube of French President Georges Bidault remarked that the defeated nation could not have found a better pleader. Another paper, L'Epoque, referred to the Italian Premier as the first real orator heard by the 21-nation parley. *The paper said this was because* De Gasperi was the first person who had gone before the meeting to defend a difficult cause—that of his conquered country.

De Gasperi was the first speaker to represent a former enemy. Romania will be heard either tomorrow or Tuesday. Three other conquered nations will present their cases later. They are Bulgaria, Hungary and Finland

ASKS EASIER TERMS

PARIS, Aug. 11 (AP).—Italy's Premier Alcide de Gasperi urged the Peace Conference Saturday to ease the terms of the proposed peace treaty and postpone for a year the solution of the problem of Trieste, *claimed by both Italy and Yugoslavia.*

Mr. de Gasperi said the treaty draft drawn up by the Foreign Ministers Council was "a hard treaty" indeed with the limitation upon weapons jeopardizing "the defence of our very independence."

As for Trieste and the Istrian Peninsula, the Italian pleaded:

"*What good will come of clinging* to a solution which only bids for new trouble?"

Under the treaty, the important Adriatic port of Trieste would be internationalized under the United Nations, while the border line between Yugoslavia and Italy would be shifted. Mr. de Gasperi said that, counting the population of Trieste, this would sever 646,000 Italians from their country.

LEAVES IN SILENCE

There was a stiff and stony silence in the chamber as the Italian statesman left the speaker's stand after his 41-minute address.

Only State Secretary Byrnes of the United States relieved the coldness of the occasion. He reached out as De Gasperi passed him and shook the Italian's hand.

The morning session adjourned in a scene of disorder with Mr. Molotov's assistant, Andrei Y. Vishinsky, attempting to hold the floor against the will of Chairman Georges Bidault. The French President banged his chairman's gong and asked Mr. Vichinsky to respect "the privileges of the chair."

Premier de Gasperi spoke the case for the former Axis power before *the conference after a morning ses*sion devoted to an inconclusive debate over an invitation to Albania to attend. In the course of that debate Foreign Minister Molotov of Russia walked out on an address by Constantin Tsaldaris, chief Greek delegate and foe of the Albanian regime.

Mr. Molotov left the chamber in *similar fashion when Mr. Tsaldaris* was speaking, in opposition to the Yugoslav proposal that Albania be invited to the peace negotiations with a "consultative" voice.

Mr. Molotov remained away throughout the remainder of Tsaldaris address and the two translations of it which followed.

At the time of Mr. Molotov's departure, Mr. Tsaldaris said that the inviting powers had not "wished to carry their generosity toward former enemies" too far.

"They recognized the dangers of such a policy. Mr. Molotov recalled that the other day in the Rules Committee."

Mr. Tsaldaris also criticized a statement of the Ukrainian delegate. Dmitri Manuilsky that Albania had made "an important contribution to the Allies" as "completely contrary to the truth."

Joseph Korbel, Czechoslovak delegate, declared that "in our opinion Albania was during the war and now is de facto an ally" and asked whether it "would not be in the interest of peace and of solidity in the Mediterranean area to hear the words of Albania."

The Czechoslovak delegate introduced a resolution inviting Albania "to state her point of view at the plenary session and at the appropriate commissions regarding the peace treaty with Italy in which she is interested.

Mr. Tsaldaris took the floor after Poland had supported the Yugoslav proposal to invite Albania and Britain had demanded that the question be turned over to a committee, along with proposed invitations to Cuba, Egypt and Mexico.

Mosha Pijade, Yugoslav delegate, said Greek "policy always has been to foment and start war in the Balkans" and to divide Albania.

Andrei J. Vishinsky, a Soviet delegate, declared "the Albanian people have not help the enemy." He reviewed the Partisan movement in Albania and said it had grown from a force of 10,000 men in 1942 to 70,000 in 1944.

Approval of Outer Mongolia's U.N. Membership Application Jeopardized by Time Shortage

By MAX HARRELSON

NEW YORK, Aug. 11 (CP)—The Membership Committee of the United Nations Security Council tonight *faced a serious time problem as* a result of delay in sending a proposed questionnaire to Outer Mongolia on that country's application for U.N. membership.

Unless both the committee and the Mongolian Government act with *the greatest promptness*, the committee may not have the necessary information in time to decide on the application before the Aug. 21 deadline on which it must report to the Security Council.

The problem is complicated by *the failure of the Mongolian Gov*ernment to designate a representative in New York to act on its behalf as requested by Acting Secretary-General Arkady Sobolev, July 31.

As a result, the committee's questionnaire will have to be transmitted by radio or cable to Ulan Bator, the capital.

Although the question of Mon*golia's fitness for membership was* first raised by China 10 days ago, the dispatch of a list of questions ao Mongolian Government was not authorized by the committee until last Friday. At that tmie a subcommitteew as directed to draft the *questions.*

If the committee approves the draft and sends it to Ulan Bator tomorrow, the Mongolian Government will have only eight days to draft its reply and get it back in time for the committee to act.

A similar list of questions was submitted to the representative of the Albanian Government on his replies since then, but was not sure tonight whether he would have them completed by tomorrow when the committee meets.

Hunting Season for Waterfowl Cut in Canada and U. S.

OTTAWA, Aug. 11 (CP) — Resources Minister Glen announced Saturday that in no part of Canada will the hunting seasons for waterfowl exceed 2½ months this year.

Mr. Glen said shooting hours would be limited to the period from half an hour before sunrise to half an hour after sunset. Reductions in bag limits for both ducks and geese were decreed.

The hunting seasons for waterfowl will begin at various dates across the country but nowhere earlier than Sept. 1.

A decrease in waterfowl was attributed partly to drought but chiefly to an upswing in hunting following the end of the war.

Even closer restrictions were announced in Washington. The United States hunting season will extend for 45 days only, the daily bag limit for ducks is seven, and the daily shooting hours are an hour shorter than in Canada.

Resources Department officials, elaborating on the minister's announcement, said the Canadian limit for the waterfowl season last year was 3½ months.

In Ontario, Quebec and Manitoba, the new shooting hour limits would mean no change but in the others hunters had been free last year to shoot from an hour before dawn until one hour after sunset.

The daily bag of ducks has been set generally at 12 except on the Prairies where an extra three mallards may be added.

Seasonal totals vary according to regions.

In general, five is the daily bag limit for geese with 25 for the season except in Manitoba and Saskatchewan where the total may only be 20.

As usual detailed regulations for each province, for the Yukon and the Northwest Territories will be published in those regions as soon as possible.

"Why not get one of those jobs in the News Want Ads—where they don't have grindstones?"

PREMIER KING WELCOMED IN NORMANDY

Moving Scene as Thousands Show Admiration

PAY TRIBUTES

CAEN, France, Aug. 11 (CP Cable) — Prime Minister Mackenzie King late tonight completed a two-visit to the Canadian battlefields of Normandy *where thousands of Normans*, in a score of towns, welcomed him with demonstrations of admiration and friendship.

Tributes to the Dominion and her fighting men who fought through Normandy two years ago *featured the tour, which probably* was the biggest event for the Caen sector of the Northern French Province since the campaign which smashed the Germans.

Everywhere the party drove Mr. King received a warm and moving welcome *from the staid Normans* who were touched by the visit of the Prime Minister.

Mr. King and Health Minister Claxton left the Paris Peace Conference to make the trip. Mr. Claxton said in an interview over the Paris radio before he left:

"Mr. Mackenzie King asked me to thank Parisians for the warm reception they gave him. He is delighted to be in Paris, at the very heart — these are his own words — of that French civilization which has so large a share in the civilization of our own country. His wish is that France may be completely restored as soon as possible and that friendship between Canada and France may *ever grow.*"

Mr. Claxton said he had found Paris much better recovered than he had anticipated "and still the finest city in the world."

WANT GORDON AND MITCHELL RESIGNATIONS

Labor Meet Also Wants Labor Boards Abolished

PATIENCE URGED

VANCOUVER, Aug. 11—The resignations of both Federal Labor Minister Mitchell and Prices Board Chairman Gordon was demanded Saturday by the B. C. Federation of Labor during its convention being held in Vancouver. The convention also demanded the abolition of the National and Regional War Labor Boards.

An amended resolution asked for the resignation of the two public officials as the first step towards dissolution of the Boards and a return to free collective bargaining.

The Provincial Deputy Minister of Labor, Adam Bell, hinted during an address to the convention that—some revision on policy may be expected—from efforts to be undertaken by Provincial Labor Minister Pearson. He advised Labor organizations to have patience.

The convention also received a wire from Mr. Pearson stating that some clarification of the situation is expected next week.

The resolution on the resignations also provided for setting up of a convention committee to conduct a public campaign and prepare for province-wide demonstrations protesting the ten cent limit.

Leslie Campbell, Labor representative on the B. C. Regional War Labor Board, earlier promised to resign when asked.

"Strongest action possible" was urged on the Canadian Congress of Labor and all affiliated unions to defeat the Federal Government 10-cent wage boost policy, in an officer's report to delegates.

The executive committee urged the convention to demand that the Provincial Government declare itself against the 10-cent limit, observing that the action of the Regional War Labor Board "is to be viewed with disgust."

AFFECTS TRAIL, KIMBERLEY

It feared that 15 cent raises granted to Woodworkers, Longshoremen, Pulp and Sulphite workers, Trail and Kimberley miners and steel workers will be jeopardized by the policy.

It commended establishment of the Provincial Labor Committee, which it credited for passage of the 44-hour week, but added:

"The keystone to offsetting the third World War which re-actionary forces in Canada and throughout the world are promoting, can be accomplished by similar unity on a much higher level."

It advocated formation of a genuine labor and farmer party.

There were 79 delegates at the opening session representing 58 unions.

Body Is Washed Ashore

VANCOUVER, Aug. 11 (CP) — The body of John Kozak, 31, was washed ashore early today at Second Beach, in English Bay, where he drowned last night.

A friend, Miss Kay Prybyski, told police Kozak disappeared shortly after he entered the water about 7 o'clock Saturday night.

U.S. Has Strong Fleet in European Waters

WASHINGTON, Aug. 11—Government officials have disclosed that the United States has quite a fleet in European waters under a policy of showing the American flag.

American strength in Europe consists of one aircraft carrier, *four cruisers and seven destroy*ers. Of these, two cruisers and two destroyers are at the Adriatic port of Trieste, scene of recent disorders and demonstrations.

America's newest big carrier, *the Franklin D. Roosevelt*, is en route to the Mediterranean on what the Navy calls a training cruise.

GHOST ROCKETS COMMON OVER SWEDEN

Country Target Area For Experiment Officials Believe

WARN PAPERS

LENNART STRID

STOCKHOLM, Aug. 11 (AP)—Ghost rockets — —mysterious spool-shaped speeding objects with fiery tails — have become a common sight in Sweden, and military officials no longer doubt that the country is in a target area for experimentation with remotely-controlled missiles.

Since July 1, newspapers have published reports of the flying fireballs nearly every day.

In the beginning many believed *excited eye-witnesses had seen* nothing more ominous than meteors. However, between July 9 and July 12 military authorities received 300 reports of the missles and since that time added reports have poured in daily. Fragments examined by scientists gave little in the way of clues, except to indicate the prescence of coke and other common materials.

Authorities, promising a communique on the results of the investigation within a few days, have cautioned Swedish newspapers not to publish the names of places where the ghost rockets appear, so that the senders would not be provided with important data. Official quarters declined to speculate on the source of the missiles, but it was believed elsewhere that the rockets came from some place along the Baltic Coast of Germany.

The Swedish public has taken the rockets with surprising calm. Fears that a missle might do damage in a densely-populated area have not been realized.

The people are puzzled at Sweden's being in a target area when an unlimited amount of uninhabited area must be available for experimentation.

The Stockholm Tidningen labelled a recent editorial "Ghost Rockets and Future War," and said the appearance of the missles pointed up a necessity for preparedness.

Only in a few cases is it known that the missles actually landed in Sweden. Military personnel have been busily dredging a small lake in Lapland.

Military authorities said the missiles evidently passed over Sweden in a huge durve. Some reports indicated the objects carried a device for self-destruction, and military experts said some apparently had exploded in the air. The longest *flight of any of the missles, so far* as military experts could determine, was about 600 miles, as compared with the range of 35 to 45 miles for the first German V-2 rocket bombs.

MERCY FLIGHT FAILS; NO PLACE TO LAND

KAMLOOPS, B.C., Aug. 11 (CP)—A mercy flight into interior British Columbia failed last night when the pilot was unable to find a suitable lake on which to land.

Pilot H. H. Marcoux had intended to land on Silence Lake, in the Raft River country, to pick up an injured forest fire fighter. However, he was forced to turn back when he was unable to find a safe landing.

The unidentified man is said to be walking to the nearest railway, his broken shoulder having been set by fellow crew members.

22 INJURED IN SCENIC RAILWAY CAR RUNAWAY

Flat Car Dashes Down Mountain, Hits Train

MT. WASHINGTON

GORHAM, N.H., Aug. 11 (AP)—Twenty-two persons were injured — one seriously — in a train wreck on the Cog Railway Saturday night 600 feet from the summit of 6293-foot Mount Washington, New England's highest mountain.

Mrs. Norman Fagerquist, Worcester, Mass., the most seriously injured, suffered fractures of both legs and possible internal *injuries.*

Fifteen other persons also were taken to hospital with minor injuries. Six were treated and released. Five passengers were shaken up but required no medical attention.

A spokesman for the Mount Washington Park Railway, which operates the scenic Cog Line, said a flat car broke loose at the summit of the mountain and sped down the track into an up-bound passenger train.

"It is believed by the management that someone either as a prank or through curiosity released both safety devices on the flat car, although it is not yet definitely known," said Railway Manager Arthur F. Peague.

The Cog Railway is a one-track line heavily used by winter and summer vacationists to the White Mountains.

The first train climbed the three miles of track in July, 1867, and its manager said it *is the first moun*tain climbing line in the world.

It took four years to build at a cost of $139,000 and averages 10,656 passengers a year.

The line reopened this year after being closed during the war. *It runs on a grade of an estimated* 1000 feet to the mile and at "Jacob's Ladder," its steepest point, the grade is one foot for each advance of three feet.

250 Fight Blaze Near Vallican; Threat to Cady

Fire fought by 250 men on Koch Creek, near Vallican, is expected to be brought under control shortly, B.C. Forest Service officials announced Sunday night. Twenty-three fires are burning in the district, ten in both the East and West Kootenays and three in the Boundary District.

Employees of the Cady Lumber Company, operating in the area, and members of the Forest Service have thrown all their weight against this blaze, *one of the worst in B.C. this* year, which was threatening valuable lumber stands. An erroneous report on Saturday stated that only five men had been recruited to fight the blaze. At that time 100 men were on the job.

The hazard continues to be high and a warning has been issued by the Forest Service to everyone in or near forest areas to be extremely careful.

Prepare Plans For International Trade Fair

OTTAWA, Aug. 11 (CP) — Plans are being prepared for an International Trade Fair to be held in Canada probably in the Summer of 1948, Trade Minister MacKinnon announced today.

While the Government and Canadian exporters previously had participated in International Trade Fairs in other countries, this would be the first occasion on which such a fair would be held in Canada, he said.

Mr. MacKinnon explained that the "purpose of the fair would be to provide an easily accessible meeting place for buyers and sellers from all parts of the world." It would not be an exhibition open to the general public.

He said the Coliseum and adjoining buildings of the Canadian National Exhibition in Toronto probably would provide the most suitable facilities for the proposed fair.

Sees Heartening Implications In Montreal Newsprint Reports

LONDON, Aug. 11 (CP)—Sydney Gampell, Reuters News Agency financial editor, said in a news dispatch today there may be "heartening implications" for Britain's 1947 newsprint prospects in Montreal statements that 160,000 long tons of Canadian newsprint forecast for export to Britain next year represent deferred shipment of a quantity previously ordered by British publishers.

(In Montreal Thursday, a spokesman for the Canadian International Paper Company said the 160,000 tons represented deferred shipment under a contract whereby Canadian and Newfoundland newsprint producers agreed to sell to Britain 224,000 tons during 1946.

(Subsequently, the spokesman said, the British Government notified the publishers that only 50,000 tons could be imported in 1946, with the remainder deferred for possible shipment in 1947 and 1948.)

Gampell said the 1660,000 tons thus is Britain's only definite commitment from Canada and Newfoundland for 1947, but added that the Montreal paper company spokesman's statement might be interpreted in a more encouraging light.

"If it (the Montreal statement) meant that, besides the deferred 160,000 tons, Britain might get a fresh 1947 contract equalling the original 1946 contract, namely 224,000, Britain would get a total of almost 400,000 tons of Canadian newsprint in 1947—which is what she had been asking—compared with only 50,000 this year . . ." said Gampell.

"World-wide pressure on Canadian supplies is manifest, but London feels that those who, because of the war effort, have starved themselves most ought not therefore to be kept starved longest."

British to Seize Any Ship Carrying Jew Immigrants

Maintain Navy, Air Patrols; City of Jerusalem Tense Fortress; Barbed Wire Barricades Erected

LONDON, Aug. 11—*The British are maintaining nav*al and air patrols of the Mediterranean in advance of expected London announcement of interception of Jewish refugee ships. A Foreign Office spokesman has disclosed that the British Cabinet will announce to the world that the Royal Navy will seize, search and arrest vessels of any nation carrying illegal Jewish immigrants to the Holy Land.

Today it was reported that Royal Air Force planes have spotted a ship off Haifa and it is believed to be carrying Jewish immigrants. The ship is said to be one of four now on the way to Palestine with immigrants.

The warning will come in an official cabinet statement on Palestine policy which will outline plans to effect a European clampdown on illegal Jewish immigration.

A spokesman at a foreign office Press Conference today said he could not comment on the reported British intention to intercept or search ships flying foreign colors, "as this will be dealt with in a statement to be issued shortly."

The British Government, he added, was "pleased" with the measures being taken by the French and Italian Governments to stop illegal immigration at its sources. The Soviet Government, he said, had conveyed an oral reply to British representations but he would not indicate whether this was "favorable."

No information was available on the attitude of the Polish or Czech Governments either, he said.

In Jerusaler., an authority predicted today that "things in Palestine will get worse before they get better."

"Immigration is the key to the future, at least the immediate future of Palestine," this source told AP correspondent Carter L. Davidson. "If the British stop it the Jews will cause trouble. If they let it continue there will be trouble from the Arabs, and it must come within weeks.

JERUSALEM, Aug. 11 (AP)—Jerusalem has become a tense and *nervous fortress city with the* imposition of new security measures daily.

British troops and Palestine police made a house-to-house search of a small Jewish community in the Southwestern suburbs during which five Jews were reported arrested. Police said no arms were found.

WORKERS JITTERY

A requisitioned hotel housing the government's Public Works Land Office and other departments was evacuated when a telephone call warned of an impending explosion.

Nothing happened and government workers returned, jittery, to work.

A similar incident occurred at the British Overseas Airways Office, *located a few yards from King Dav*id Hotel which was blasted July 22. Airways passengers were evacuated into the street.

New barbed wire barricades were erected across fields and olive groves in the vicinity of government buildings and hundreds of yards of barbed wire are now being installed along sidewalks leading to gov*ernment offices. The army banned* all photographing of the offices.

Minor government officials speculate that offices may be reshuffled to put some departments now outside the centre of town into the "fortress" being formed in the heart of Jerusalem in buildings being evacuated by nearly three dozen private businesses, shops and offices.

NICOSIA, Cyprus, Aug. 11 (AP)—British soldiers have erected tents to augument 20 stone huts within a detention camp near ancient Famagusta—apparently to house Jews caught trying to enter Palestine illegally.

The soldiers worked in sweltering heat within the mile-square enclosure, ringed by a double fence of barbed wire. The tents, expected to total 500, went up in two orderly rows.

Planes circled this British Crown Colony, constantly, covering the beaches and approaches.

Laborers said their work on the camp would not be completed for a week, but it was reported that the *first batch of illegal immigrants* was expected Monday.

Inhabitants of the island reacted uneasily.

Mayor Adamos Adamandos of Famagusta declared "the great secrecy maintained in preparing the concentration camp must and does lead the people to suspect an attempt by the British government to weaken the Greek majority by "an influx of foreigners."

Famagusta was the scene some 2000 years ago of a bloddy series of Jewish-Gentile riots that supposedly caused 250,000 deaths.

PALESTINE BOMB TIP-OFF THOUGHT HOAX

2nd Warning Received by Gov't. Building

STAFF EVACUATED

JERUSALEM, Aug. 11 (CP — Police combed out the headquarters of the Palestine Broadcasting *Service in the centre of Jerusa*lem tonight following a warning telephone message that a bomb had been placed in one of the studios. The staff was evacuated.

No bombs were found and police believe the message was a hoax. However, *police and arm*ored cars have cordoned off the area surrounding the studios.

The anonymous telephone caller, speaking in English, warned the broadcasting authorities to evacuate the building, which has nine main studios and is situated in Queen Melisande's Way.

It was the second such warning received by a Palestine Government building within 24 hours.

Meanwhile, it was reported of*ficially that two ships believed to* be carrying illegal Jewish immigrants were approaching the Paeestine coast.

The report followed unofficial notification by the British Government in London that the Royal Navy would intercept, search and arrest any vessels of another country carrying illegal Jewish immigrants to the Holy Land.

Other developments in the stiff-tense country were connected with an unsuccessful attempt today by five men to liberate three members of Irgun Zvai Leumi, illegal Jewish Underground Army, from a Government hospital in Jaffa.

The men were officially identified as Jews and were thought to belong to Irgun Zvai Leumi. The Jews exchanged shots with guards and were driven off. No arrests were made.

The R.A.F. spotted the supposed immigrant ships off Haifa.

Hints That Bevin And Byrnes to Confer on Jews

LONDON, Aug. 11 (CP)— A British Foreign Office spokesman hinted strongly Saturday that Foreign Secretary Bevin and State Secretary Byrnes of the United States would confer soon in Paris on the Palestine problem, as President Truman disclosed in Washington that the proposal to partition the troub led Holy Land was still being negotiated.

The Foreign Office spokesman said the conference of Messrs. Byrnes and Bevin was "extremely probable, almost certain." Such a conference was expected to deal particularly with Britain's reported plans to blockade Palestine by land, sea and air to prevent further unauthorized immigration from Europe. Mr. Bevin went to Paris Friday to attend the peace conference.

President Truman said at his Press conference in Washington Friday that Henry F. Grady, special representative of the State Department and one of the authors of the partition plan, was still on the job *and that the whole matter was still* in process of negotiation.

The President said he had actually not received any specific recommendations on Palestine and that he did not know when he would make a decision on the partition proposal.

Brush Fire Under Control

OROFINO, Idaho, Aug. 11 (AP)—A 300-acre forest and brush fire which threatened for a time to engulf this entire town of 2000 people was brought under control early today after nearly a thousand volunteers battled it through the night.

Flames for a while licked close to the buildings of the State Memorial Hospital, North, and the Orofino Cement plant, but were beaten back by the fire-fighting crews.

Heaviest loss was reported to *logs and timber owned by the* Riverside Lumber Company.

Later, a blazing tree toppled into tall grass and started another blaze, but this was soon brought under control.

Fire Chief Chester Hanson said he was investigating a report that children playing with matches caused the fire.

Britain, U.S. Begin Educational Campaign To Persuade Exiled Poles To Return Home

By JOHN M. HIGHTOWER

WASHINGTON, Aug. 11 (AP)—Born of Europe's confusion, a strange "educational" campaign has been ordered by the United States and British Governments to try to persuade 500,000 or so bewildered and unhappy Poles in Western Germany to go home.

The intensified drive is being launched now, diplomatic authorities disclosed today, because of the approaching end of the United Nations Relief and Rehabilitation Administration and the heavy costs which maintenance *of displaced* persons in Germany imposes on American and British taxpayers—considerably more than $100,000,000 a year.

At war's end, there were many more Poles in Germany than now, transported there for slave labor. By last November all but the estimated 500,000—some authorities say *more* nearly 400,000 — had gone home. They are the ones for whom the decision to go is most difficult.

First they were subjected to years of Nazi propaganda, beaten down with ideas as well as by physical suppression. Liberated from the *Germans* they came under the influence of the so-called "London Poles," the former Polish Government-in-London which was bitterly opposed to the present Soviet-sponsored regime at Warsaw. During that period they were subjected to the London propaganda, anti-Russian and anti-Warsaw.

Gradually this situation has been altered until today, according to information at the State Department, the Warsaw Government has access to the camps where the displaced Poles exist. Giving *them this access* by arrangement among the American, British and Polish Governments opened the way under the general cooperative banner of the United Nations Relief and Rehabilitation Administration for the present drive to persuade the Poles to go home.

What makes it such a strange campaign is that neither the United States nor British Governments professes any enthusiasm for the present Government and the present political situation inside Poland. However, *authorities* have long since ceased to talk of the Poles in Germany as being anti-Polish Government. The present official view of them is that as largely peasant people who have survived years of slave labor and internment they *should be able to get along almost* as well under one regime in Poland as under another.

SENTINEL DOG FOUND DEAD

DRUMHELLER, Alta., Aug 11 (CP)—The faithful dog which stood *sentinel three days over the body of* a springer spaniel killed on the highway near here Tuesday evening, lay dead itself at the roadside Saturday. Beside it was the corpse of a third dog, a mongrel.

Presumably the collie, unwilling *to forsake the spot where its erst*while playmate was run over, even after the springer's remains were removed for burial Friday, had sworn vengeance on all passing motor vehicles. The mongrel apparently allied itself to the cause for the *sheer adventure of the thing.* Both, it is believed, were hit by the same vehicle and caromed off into the ditch.

Detroit, New Orleans Resident

Mrs. Jean Alger of Detroit and New Orleans is at the home of her sister, Mrs. E. I. Walker, 917 Vernon Street, for an extended visit. Mrs. Alger is the widow of Edward C. Alger, one of the brothers of the George F. Alger Trucking Company, of Detroit, and the Kirk Transportation Company, known as the largest Trucking Company in the West

Phillies Edge Dodgers Twice as St. Louis Cuts Lead to ½ Game; Hot White Sox Take Tigers Twice

By JOE REICHLER
Associated Press Staff Writer

The surging St. Louis Cardinals narrowed Brooklyn's National League lead to one half game yesterday when they swept both games of a doubleheader from Cincinnati Reds 15-4 and 7-3 while the Dodgers were losing twice to Philadelphia Phillies 7-6 and 6-4.

A near capacity crowd of 32,288 paying fans say Johnny Beazley hold the Reds in check with six hits in the second game after Enos Slaughter had enjoyed a field day in the opener with seven runs batted in on five hits, including a home run.

Stan Musial, with four safeties in each game, took over the league batting leadership, raising his percentage to .369, while Dick Sisler, who lost his first base job to Musial early this season, played left field and banged out three hits in the nightcap, including a home run.

Held to six hits in the opener by Murray Dickson, the Reds, however, tied a major league record when Grady Hatton, Ray Mueller and Max West lined out successive home runs in the eighth inning.

The Phillies shattered a season-long jinx when they downed the Dodgers twice. Prior to today's meetins, the Brooks had beaten the Phils in each of their 12 meetings, this season and had not lost at Shibe Park in their last 18 games dating back to Sept. 10, 1944.

A crowd of 30,015 which hoisted the Phillies home attendance mark over 800,000 saw the home team turn back a Dodger ninth inning rally to enable Charley Stanceu to become the first Philly pitcher to beat the Brooks this year. Del Ennis' two-run homer won the nightcap.

The Boston Red Sox retained their 13-game American League lead by dividing a long drawn-out doubleheader with New York Yankees which took five hours and 11 minutes. Darkness limited the second game to six and a half innings. Boston won the opener 7-5 and New York the second 9-1.

New York's largest crowd of the season—72,320 paid—watched a parade of 10 pitchers, five for both teams—in the opener with 21 bases on balls interspaced among 17 hits. Catcher Hal Wanger, with three hits and as many runb satted in, led the victors at bat. In the nightcap, Lefty Joe Page held the Sox to two hits and received great batting support from George Stirnweiss who belted two doubles and a triple and batted in three runs.

The Chicago White Sox hung defeat number five on Hal Newhouser, Detroit's 20-game winning southpaw star when they whipped the Tigers twice 3-0 and 4-3 in 12 innings. Eddie Lopat held the Bengals to four hits while the Sox made 10 off Newhouser in the opener. Earl Caldwell racked up his ninth relief victory in the nightcap with three innings of flawless hurling after Eddie Lake had put the Tigers back in the running with a ninth-inning homer.

Bobo Newsom gained his 10th victory, his seventh as a Senator as Washington split with the Philadelphia Athletics. Newsom gave up seven hits in winning the opener 3-1 but the A's pounced on four Nat hurlers for 15 hits to win the nightcap 12-5.

The cellar-dwelling Pittsburgh Pirates overcame a 9-1 Chicago lead to nose out the Cubs 10-9 in the *first game of a doubleheader and* then came back with two runs in the eighth to earn a 4-4 tie in the nightcap. The second game was halted by Pennsylvania's curfew law.

After Johnny Sain had won his 13th game for the Boston Braves with a 10-2 victory over New York, the Giants came back to win the second game 9-6 when Sid Gordon hit a ninth-inning three-run homer.

For the second time in two days Bobby Feller was called in as a relief pitcher as the Cleveland Indians earned a split with St. Louis by winning the second game 4-3 after dropping the first 3-2. Feller relieved the tiring Allie Reynolds with the tying run on second and two out in the seventh and final inning of the nightcap and retired Walt Judick on one pitched ball, a fly to left field. Hank Edwards' homer accounted for two Cleveland runs. In the opener Tex Shirley took over for the Browns after starter Jack Kramer was ejected by Umpire Red Jones in the first inning and held the Tribe to seven scattered hits to win his sixth game.

Late Boundary Gives Nelson Cricket Win

Knocking the third ball of the last over for a boundary four, H. Dickens helped the Nelson Cricket Club gain a one-run victory over the visitors from Trail at the Ball Grounds Sunday afternoon.

At five-thirty when the umpire called last over, the home team were at bat, nine wickets down and trailing by three runs. Carefully blocking Parker's first two balls, Dickens drove the third straight to the fence to give Nelson a 97-96 win.

R. Mulloy of Nelson had the highest score of the day, including a six, for a total of 42. Bowkett of the home team and Baines of Trail both knocked up 27. Parker took four Nelson wickets for 24 runs and Green and Main both took three of the visitors wickets.

4000 Tons of Bacon and Ham Arrives on Liner

LIVERPOOL, Aug. 11 (CP Cable) —A record cargo of 4000 tons of Canadian bacon and hams was aboard the liner Cavina which arrived today. The ship carried 145 passengers.

Receives Head Injuries in Auto Accident

NEW WESTMINSTER, B.C., Aug. 11 (CP) — Twenty-year-old Edward Matiko of South Westminster, is in Royal Columbian Hospital here tonight with severe head injuries suffered in a traffic accident Saturday night. Hospital attendants report his condition as poor.

Matiko is reported to have been struck by an automobile whose driver failed to stop.

Macken Wins Montreal Cup

MONTREAL, Aug. 11—Brendan Macken won the much-coveted Montreal Cup at the Concordia Tennis Club Saturday. He trimmed Henri Rochon 1-6, 8-6, 6-0, 6-2 in the men's singles final match of the Province of Quebec Lawn Tennis Association's Montreal Cup Tournament. Both men were members of the 1946 Davis Cup team.

Pat Macken, sister of Brendan, won the Ladies' Singles Finals by defeating Mrs. A. R. Porter 6-0, 6-4.

Peace Maintained

ATHENS, Ala., Aug. 11 (AP) — Fifty State Highway patrolmen after a riot in which white mobs maintained peace in Athens today chased Negroes off the street, injuring an undetermined number in the melee. Ten white persons, nine of them boys in their 'teens, were arrested.

TOAST-TEA
BY L.A. MARLE

Uniforms are instinctively accepted as a badge of authority, as this story illustrates. In a crowded train a chauffeur in his blue uniform was sitting beside a pretty girl, and discovered that she had lost her ticket. "Where was the ticket for?" he asked. "Winter Haven," she replied. "All right, I'll see what I can do about it," he said, and left the seat. In five minutes or *so he returned and placed a* ticket to Winter Haven in her lap. "There you are," he said proudly. "Oh, thank you so much," exclaimed the young lady. "Where did you find it?" The chauffeur replied: "I just went through the train bawling out 'Any tickets for Winter Haven?' and an old lady gave me this."

ALL STARS SHARE WINS WITH STIFFER COMPETITIONS

NATAL, B. C., Aug. 11—The Crow's Nest Pass All-Stars baseball team, comprised of players from Natal-Michel, Coleman, Hillcrest and Blairmore, continued to win their share of games played against stiffer opposition, when they travelled to Lethbridge recently and split a twin bill against the highly touted Galt miners.

Behind the steady pitching by the veteran Krall, the All-Stars won the first game 9-5 but were set back in the second game by a 12-5 score. Precviously in a double header played at the Hillcrest stadium the All-Stars were defeated 14-4 and tied the other 8-8. In nine games played to date against such teams as the Calgary Purity '99', Sceptre and Lethbridge Miners, the 'Pass All-Stars have won three, lost four and tied two.

They also boast one of the few wins over the strong Sceptre team from Saskatchewan. Efforts are being made to try and arrange a series with the Picture Butte mine.

HOUSEKEEPER CHARGED WITH MURDER

MADISON, Ind., Aug. 11 (AP) — Mrs. Lottie (Tot) Lockman, 62-year-old housekeeper, was charged with murder tonight after the State Toxicologist reported finding mercury in the viscera of Mrs. Minnie McConnell. Mrs. Lockman was arrested and taken to jail.

She already faces a charge of attempting to murder a daughter-in-law of Mrs. McConnell with mercury.

This arrest last week set off an official investigation and the exhumation of Mrs. McConnell's body.

Coroner Sidney E. Haigh said he planned to dig up bodies of four other persons who had died while being cared for by Mrs. Lockman.

Mrs. McConnell was under Mrs. Lockman's care when she died in 1945.

Makes Plea to Give Festival Serious Guidance

VICTORIA, Aug. 11 (CP) — A plea to give the International Drama Festival considered, serious guidance was made by E. G. Sterndale Bennett, the adjudicator, at the final honor performance of the festival here Saturday night.

"The International Drama Festival is a most important movement," he said. "The standard has been placed high and they cannot be lowered for there would be no inclination to do better."

At the honor performance the three prize-winning plays were given repeat performances and trophies presented.

Vice-President of Grandkeepers Association.

TULSA, Okla., Aug. 11 (AP) — Fred J. Harding of Vancouver today was elected a vice-president of the Grandkeepers Association of the Knights of Pythias. Election of officers was held prior to the opening tomorrow of the Biennial Convention of the Pythian Supreme Lodge.

7 COLLAPSE AFTER EATING; INVESTIGATING

TORONTO, Aug. 11 (CP) — Army officials said tonight an investigation had been started into the collapse Saturday of seven persons after a meal at the Army's No. 2 District Depot at suburban Long Branch. Hospital authorities said the condition of the Army personnel was satisfactory. One of those in military hospital is Cpl G. P. Cole, Calgary. An Army spokesman said some 40 other persons who ate at the same time were not affected.

Food Supplies To Be Larger

WASHINGTON, Aug. 11 (AP) — The United States Department of Agriculture said Saturday that, as a result of seasonal increases in production, food supplies for the remainder of 1946 would be slightly larger than those available so far this year.

The Department in a food report said that in general the situation in the United States would be much the same as it was in 1945 after VJ-Day, when most foods were taken off rationing. Compared with a year earlier, there may be somewhat less of some foods, including chicken, sweet potatoes, but more potatoes, fresh fruits and vegetables.

FIND DEATHS ACCIDENTAL

FLIN FLON, Man., Aug 11 (CP) —A coroner's jury inquiring into the deaths of two tractor drivers, Herbert Herod and Grant Asmus, who were drowned in Reindeer Lake last Winter, returned verdicts of accidental death in both cases here Friday. Herod drowned last January 26 when the tractor he was driving plunged through the ice on the lake. Asmus was drowned in a similar accident last March 6.

The soldiers of ancient Rome once sold the empire at public auction.

Hogan Blasts Out Four-Under-Par 68 to Capture P. G. A. Tourney

By WILF GRUSON

WINNIPEG, Aug. 11 (CP)—Little Ben Hogan of Hershey, Pa., won his ninth tournament this year to bring his earnings to $29,500 when he captured the Canadian Professional Golfers' Association open tournament at Niakwa course Saturday with a 72-hole total of 281.

The game's leathery-faced 'mighty mite' turned in a four-under par *68 over the final 18 holes to nose* out Dick Metz of Arkansas City, Kan., by one stroke and take the $2000 first-place prize money.

Metz pulled even with the 133-pound shotmaker twice on the back nine after being one down on the outgoing stretch, but he made a bad iron shot on the final hole that led to a bogie five instead of the par four. Thus he had to accept the $600 less offered for second place.

Both players tied for the runner-up spot at the three-quarter way mark with 54-hole totals of 213 and the top spot for the full four rounds *was in sight for either one after* British open champion Sammy Snead of Hot Springs, Va., who started his final round as leader with 211, and bespectacled Ellsworth Vines of Chicago finished their final 18 holes tied for third place with 283.

They had to settle for a third-place tie as Hogan and Metz came home in their sub-par rounds in the wake of Snead's par-matching 72 for the final 18 holes and the three-under-par 69 of Vines, the leader after the first and second rounds. The third and fourth place money of $1000 and $800 was pooled and split between them.

Henry Ransom of Houston, Texas, winner of the $10,000 St. Paul open a week ago, finished with a one-under 71 for a four-round count of 287 and fifth place that was worth $700. One stroke behind in the sixth spot came Freddie Haas, Jr., of New Orleans, La., with 288 for $600 and following him Jim Ferrier of Chicago with 289 for $500.

Freddie Wood of Vancouver, carrying the hopes for a Canadian victory on his final tour of the Niakwa Golf Club's 6504-yard layout, ended up in an eighth-place tie with Clayton Haeffner of Charlotte, N.C., and between them they split $950. Wood, who played his last 18 with Hogan and Metz, fired a four-over par 76, three more than what Haeffner did on his final round, to finish with a 72-hole tally of 290.

The slim pro from the Vancouver Shaughnessy Heights Club went out with Hogan and Metz on the last lap tied with Vines and Haas for third place with a 54-hole total of 214 and, although the gallery of 4000 was behind him, he was unable to match the par-shattering golf of the two Americans in his draw.

Never Too Old for Marriage

VANCOUVER, Wash., Aug. 11 (AP) — Hite Imus, 84-year-old pioneer Washington publisher, and Mrs. Jeannette Carraway, 82, were married today.

Imus, first mayor of the city of Kalama and editor of the Kalama Bulletin for 40 years, met his bride at the home here a year ago.

All the wedding principals, except one, were residents of the Old People's Home. Rev. J. C. Lawrence, 85, a college chum of Imus', read the marriage rites. The best man was 92-year-old Wald Clark.

After the wedding, bride and groom left for a honeymoon in Seattle and Victoria.

Hop, Skip, Jump

WASHINGTON, Aug. 11 (AP) — The Navy said today it's only a hop, skip and a jump until people will be able to fly to the moon.

Of course it's a pretty long hop, skip and a jump. First the Navy has to perfect its jet propelled, pilotless aircraft. From this research the Navy will learn a lot about the interplanetary system.

"Then, a little farther in the future, are satellite vehicles, circling the earth hundreds of miles up, like moons," the Navy statement said. "Interplanetary travel, in case some one feels the urge to visit far places, is only a short step from the satellite vehicle."

The forecast is contained in a review of the Navy's guided missile program. One of the weapons of this type under development is a pilotless aircraft that is sent into the air to "sniff out" its own enemy target. When it "smells" an enemy plane or ship it dives on it, exploding as it strikes.

This weapon has its water twin. A missile that will "dive deep and speed unerringly to a fast manoeuvring target" is being worked out. It also can be fired against shore installations from a submerged submarine.

ORDERED TO GIVE VERSION OF SLAYING

CHICAGO, Aug. 11 (AP) — Mrs. Doris Murray, 36-year-old brunette who, her husband testified, was *hiding nude in the hotel bathroom* of Maj. John R. Fletcher when he shot the Canadian officer to death, was ordered by the court Saturday to give her version of the slaying.

Judge Julius Miner directed the sheriff Saturday to "procure her attendance" at the trial tomorrow after Murray, 36, rested his defence on a murder charge with testimony he drew his pistol and killed the 41-year-old Fletcher May 27 when his "best friend," attacked him with a chair to keep him from discovering Mrs. Murray's presence.

Fletcher was stationed at Vancouver.

Alberta Coal Company Wins Judgment Against Government

OTTAWA, Aug. 11 (CP)—Rosedale Collieries Limited of Alberta won a $59,403 judgment against the Government by a decision of the Exchequer Court Saturday in connection with emergency war coal development.

The company had sought a total of $133,986 but the judgment of Mr. Justice J. Charles A. Cameron whittled the amount down to the final award.

The case hinged on negotiations between the Emergency Coal Production Board, a wartime Government agency, and the Rosedale firm for increase in coal production.

The company had complained the mine was losing money but the Board said it could not permit the diggings to be closed and suggested new developments.

The case was an attempt by the company to recover money expended in the subsequent development. The award was in two parts—$38,986 made up of expenses incurred by the company in development made at the request of the Board and $20,417 made up of a loan with interest made by the Board to initiate the development.

Slim Figures While Improve Chances for Cups

SAULT STE. MARIE, Ont., Aug. 11 (CP) — Forty girls from *this city practise three nights* a week for an International Regatta Labor Day with sister rowers from the neighboring city of Sault Ste. Marie, Mich. Not only are they improving their chances to sweep the three cups at stake but they say they are slimming their figures.

This girls' rowing club is believed the only one of its kind in Canada. Its coach, Bill Leverette, defines the ideal member this way:

"The ideal girl rower is 18 years old, weighs 118 pounds and measures five feet six. One essential to rowing success is balance. An overly-tall girl would completely demoralize a fine crew.

"I'd turn thumbs down on a 175-pound Amazon because she couldn't win races by herself and wouldn't fit in a shell with anybody *else. On the other hand,* a petite miss shading 100 pounds would have to overstrain to keep up.

"I keep telling the girls that rowing will not guarantee a perfect figure but it will distribute the weight more judiciously. In other words, through displacing and replacing, one is apt to develop—er—curves."

Blue Again Entered in Free-for-All

TORONTO, Aug. 11 (CP) — The rich Futurity, worth approximately $3000, will feature a one-day harness racing stand at Dufferin Racetrack August 21, bringing together some of the best standard-breds in Canada.

However, the free-for-all is attracting much interest due to the fact Blue Again, winner of the $50,000 Santa Anita Derby in April, is entered.

Additional free-for-all entries include Count B, Sir Peter M, Callie G, Dan Axworthy, Peterene and Audrey Scott.

Deaths

CHATHAM, Ont. (CP) — Robert William Angus, 68, Editor of the Chatham Daily News.

Scottish Teams Open Old Country Soccer

LONDON, Aug. 11 (Reuters) — Scottish Soccer teams Saturday played their first games of the 1946-1947 season, launching a nine-month schedule under which Britain's big-time football returns to pre-war standards.

English and Welsh teams will start regular league play Aug. 31.

It was a good day for the Division A elevens which topped the Scottish standings last season. The league-leading rangers opened the season with a 4-2 victory over Motherwell; Hibernians scored a spectacular 9-1 win over Queen of the South; and Aberdeen won handily, 3-0, over Third Lanark.

Airdrieonians won 2-1 from Ayr United in Division B while Raith Rovers beat Arbroath 3-2 and Dundee defeated East Fife 6-2.

With 16 teams in Division A and 14 in Division B, the Scottish League Organization is not the same as before the war. The Southern teams, however, are back to the old lineup of four circuits with 22 teams each.

War-damaged grandstands which have not yet been prepared and the absence of many players killed on active service will be reminders of the six-year break in normal football operations.

Held in Jail Without Formal Charges Brought

FRANKFURT, Germany, Aug. 11 (AP) — A smuggled appeal for help brought a disclosure today that 13 American civilians and soldiers have been held in a United States Army jail as much as two months without formal charges being brought or legal counsel being provided. Two of the prisoners charged also they were struck by agents of the Army Criminal Investigation. One Chicago civilian, jailed since June 23, said he did not know why he was held. Army officials were unable to find any record on him.

Queen Elizabeth Suffers Cuts and Bruises

BALLATER, Scotland, Aug. 11 (CP) — Queen Elizabeth suffered cuts and bruises on her left leg yesterday when she slipped and fell while stepping across a brook near Balmoral Castle. She was walking with *the King and Princesses Elizabeth* and Margaret in Glen Cairn when the mishap occurred. Dr. George Middleton, the King's physician, said her injuries were not serious, but advised the Queen to rest for several days.

IDLERS BECOME LIABLE FOR COMPULSORY WORK

SOFIA, Bulgaria, Aug. 11 (AP)—"Bar flies," "drugstore cowboys" and other "idlers" have become liable by Parliamentary decree to compulsory work for a six months' period.

A bill passed by Parliament Thursday defined "idlers" as men from 16 to 50 years of age and women from 16 to 45 who are proved to spend their time idling in coffee shops, bars and sweet shops.

Hello Nelson! and Salmo!
This is station B U S K reporting for another year.

Twenty-eight Scouts from Salmo and Nelson and three leaders, Camp Leader Don Ure; and Camp Assistants Scout Master Gordon Pickard and Cubmaster Bib Edgar, arrived for an enjoyable week at Busk. With us in Camp Busk is our regular cook Johnnie Weaver, and the mascot of the camp, Johnnie Weaver, Junior.

Salmo Scouts were let in on the secrets of the scouting camp life and soon fell into stride with the old campers.

To start off the first campfire of the season nine Salmo Scouts and two Nelson Scouts were invested as Tenderfoot Scouts by Commissioner R. R. Brown. The Salmo Scouts included Lawrence Kraft, Raymond Mandin, Carl Drugge, Raymond Larson, Bob Gray, Archie Gray, Billy Bush, Louie Moir and Lyle Sauter, while the two Nelson Scouts were Tom Scales and Stan Skinner.

The evening passed very quickly singing old favorite songs of scouting that have not been heard at Camp Busk for a year.

Just before the close of the campfire, Camp Leader Don Ure presented Jack Burgoyne with two of his King Scout badges.

With the "lights out" whistle the *evening ended the first day of a* wonderful week of fun.

This is station B U S K signing off and this is your reporter Bob Wassick saying god night.

Barn, Hay, Wheat, Bull and Chickens Destroyed by Fire

TILLSONBURG, Ont., Aug. 11 (CP) — Fire yesterday destroyed a barn, more than 60 tons of hay, 350 bushels of wheat, a bull, 200 chickens and several implements near here on the farm of Leonard Hewer. Damage was estimated at $9000. Unestimated damage was caused today when a second blaze destroyed a tobacco kiln and its contents of this year's tobacco on the farm of Andrew Kish.

"Britain Must Be Prepared for Land Battles"

LONDON, Aug. 11 (CP) — Britain must be prepared for land battles as in the past despite new weapons, Field Marshal Viscount Montgomery said today.

Newspapermen asked the Chief of the Imperial General Staff if he thought ground forces, particularly infantry, would be obsolete in the possible "scientists' wars" of the future.

The veteran of North African desert warfare responded:

"A revolutionary conclusion of this nature cannot be accepted unless the evidence in support of it is uncontestable. No such evidence ish yet available. We must therefore be prepared as in the past for battle on land."

Lord Montgomery, meeting this week with 180 of his generals said offensive warfare would be first on the agenda as "merely one of the methods of waging a war if and when such a calamity should be forced upon us." Lt.-Gen. Charles Foulkes of Kingston, Ont., Chief of the Canadian General Staff, also will attend the Army Conference at Camberley Staff College.

Fortune Teller Questioned in Mysterious Death

DENISON, Tex., Aug. 11 (AP) — A fortune teller who, police said, predicted with some accuracy the spot were the body of a missing woman would be found, was questioned today in an effort to unearth further clues in the mysterious death of an 82-year-old grandmother. Police said it appeared unlikely the woman fortune teller was involved, but that officers were checking all possible leads in the death of Mrs. N. O. Kreager, 82, whose badly-decomposed, lime-covered body was found in an abandoned well Aug. 7.

Herb Jackson, Trail Smelterman, Honored at Retirement Party

TRAIL, B.C., Aug. 11—A large gathering in the shops of the Consolidated Mining and Smelting Co., at Tadanac, honored H. L. "Herb" Jackson on the occasion of his retirement from the service of the Company. Mayor Herbert Clark of Trail, Master Mechanic of the Company, spoke in appreciation of Mr. Jackson's services over a period of 35 years in the Smelter shops, and made the presentation of money on behalf of the Tadanac Plumbers Social and Benevolent Club.

Throughout his long residence in the Kootenays, Mr. Jackson has been known as an untiring community worker. He transferred to Trail in 1911 and soon afterward joined the armed forces for service overseas in the First Great War. On his return he was instrumental in organizing the Navy League of Canada Sea Cadets and was the commanding officer of the first group of cadets ever to be trained in Trail.

He also took an active interest in the formation of the local branches of the Canadian Legion and has been active in Legion work from 1918 until the present day. His particular interest has been in the Legion Cheer Fund which he administered during the Second Great War.

Speakman Tops Medical Class at U. of Manitoba

FIELD, B.C., Aug. 11 — Doctor *Thomas John Speakman graduated* with honors from the University of Manitoba this year with the M.D., ranking first in his class.

He spent his boyhood years at Castlegar, where his father, J. Speakman, was Agent and Justice of the Peace for many years. He received his early education there and later went to the Christian Brothers' College, Vancouver, St. Paul's College, Winnipeg, and took his medical course at the University of Manitoba.

Three Liners Due at Halifax

HALIFAX, Aug. 11 (CP)—Three more liners, carrying troops and dependents, are due next week.

The Queen Mary is expected to dock sometime Sunday. She is carrying close to 2000 dependents and a small group of army personnel and civilian passengers.

The former hospital ship Letitia is due Monday with some 850 dependents aboard.

Another big movement is that *of the Aquitania, expected Thurs*day with more than 1300 troops and airmen and more than 1100 wives and children aboard.

Find Soldier Insane at Time Committed Murder

LONDON, Ont., Aug. 10 (CP) — Private Kenneth Howitt, 21, of Guelph, Ont., who was tried at a general court-martial here May 27 and 28 on a charge of murdering Pte. R. D. Kippen of Renfrew, Ont., at Bienen, Germany, on March 28, 1945, committed the act "but was insane at the time," the sentence of the court as published Saturday in routine orders of the Army stated. The court made a "special finding" in the case.

Howitt was transferred from Military District No. 11 (London, Ont.) detention barracks to hospital and Ottawa has issued a directive that he be confined there "during His Majesty's pleasure."

According to evidence at the court-martial, the men were members of a platoon resting in the cellar of a bombed house at Bienen. Howitt picked up an American semi-automatic carbine he had acquired and Kippen remonstrated with Howitt for pointing the weapon at him. A few seconds later a shot was fired and Kippen died.

Strikes Lay Off Over 1000 Workers

TORONTO, Ang. 11 (CP)—J. S. Duncan, president of Massey-Harris Company, Ltd., plants in Toronto, Brantford, Ont., and Woodstock, Ont., said Friday night these plants have been closed down for a minimum of three weeks because of the strike-caused shortages of steel and other vital materials.

As manufacturers and distributors here warned that danger of industrial paralysis throughout Canada increases each day the strikes in steel, rubber and electrical plants continue, another report from Hamilton said more than 1000 industrial workers have been laid off in the last few weeks since these strikes started.

From Sault Ste. Marie, Ont., it was learned that lack of steel and other products manufactured by the strike-bound Algoma Steel Corporation had led to restriction of operations of other industries in that city and *layoffs of 450 men in all.* The other industries affected are Chromium Plate, Northern Foundry, Sault Structural Steel, Industrial Welding, Ltd., and Industrial Boat Building, Tractor and Trailer Corporation.

In the same district, electrical industry strikes have hampered operations of the Abitibi Power and Paper Company and the Great akes Power Company.

Strikes in Hamilton in the steel, *electrical and rubber industries* directly affected 10,000 men and are starting to cut production in fabricating plants.

One Killed, Three Hurt in Princeton Fire

PRINCETON, B.C., Aug. 11 — One man was killed and three persons were injured today when fire broke out in the home of Mr. and Mrs. Mike Batie at Princeton, B.C.

Roy Martin, a veteran of the First Great War, died in the burning house.

Promoted to C.P.R. Car Accountant

MONTREAL, Aug. 11 — Oscar J. Donaghy, Chief Supervisor of perishable traffic and weighing for the Canadian Pacific Railway here since 1942, has been promoted to car accountant for the system succeeding the late R. H. Dunlop, it is announced by J. H. Main, General Superintendent of Transportation.

Hamilton Union Executives to Aid Newspaper Strikers

HAMILTON, Aug. 11 (CP)—Executives of all Hamilton unions affiliated with the American Federation of Labor Friday adopted three recommendations aimed at obtaining assistance for the International Typographical Union in its strike against newspapers of the Southam Company.

Local 129 of the I.T.U. has been on strike at the Hamilton Spectator for more than two months. The same union called strikes at the Ottawa Citizen, the Winnipeg Tribune, the Edmonton Journal and the Vancouver Province, all Southam newspapers.

The recommendations urged Percy Bengough, president of the Trades and Labor Congress of Canada, to make a public statement condemning the Southam Company for "sponsoring a union made up of strikebreakers;" requested A. R. Mosher, president of the Canadian Congress of Labor, to cooperate in aiding the striking printers, and asked the A.F.L. locals to put the Southam papers on their "unfair list" and to engage in a "cease-circulation" campaign against the Spectator.

Protest Romanian Detention of U. S. Employees

WASHINGTON, Aug. 11 (AP)—The United States has protested strongly to the Communist-dominated government of Romania against detention of Romanian citizens employed by the United States Military and Political Missions at Bucharest.

Diplomatic officials who disclosed this Saturday consider the arrests to be part of a Romanian government attempt to smash political opposition of a kind which Britain and the United States accept as "democratic."

Teh incidents go back to last May 26 and involve three persons.

On that night Romanian government agents arrested Miss Elvira Olteanu, a clerk in the American political mission headed by Minister Burton Y. Berry.

Despite persistent efforts by Mr. Berry to obtain her release, Miss Olteanu is still held incommunicado allegedly on a charge that she gave some sort of information to the United States.

Also held incommunicado is Teodor Manicatide, an employee of the U. S. Military Mission. He also is accused of membership in three secret terrorist organizations and espionage for a foreign power.

Another incident that night was the disappearance of Alexandru Stenecscu, another employee of the military mission. His fate is a mystery.

Standard Oil Executives Here

E. A. Bence, Assistant to the President and Managing Director of Standard Oil Company of British Columbia, and Ivan Trousdale, Advertising Manager, both of Vancouver, are visiting Kootenay. They *were in Nelson Saturday with* Frank D. Rodway, District Manager.

Find Elderly Patients Chained to Beds

INDIANAPOLIS, Aug. 11 — Officers said today they found elderly patients chained to their beds behind locked doors in a nursing home on Indianapolis' near North Side.

Prosecutor Sherwood Blue, who led the raid, filed charges of assault and battery, malicious mayhem and operating a nursing home without a license against Mrs. Margaret Colvin, 50, who operated the home.

Mr. Blue saidt he officers who entered the establishment, found "a house of horror."

He said some of the 29 patients were chained to their beds. Many of them were mental cases, he said, and some were recipients of old age assistance from the department of public welfare.

Drowns at Coast

VANCOUVER, Aug. 11 (CP) — The body of 31-year-old John Kozak, was washed ashore early today at Second Beach, in English Bay, where he drowned last night while swimming.

RACE RIOTING FLAREUP AGAIN QUIET

Negroes Trampled Down by Mobs of White Men

10 ARRESTS

ATHENS, ALABAMA, Aug. 11 — Quiet has been restored in the Alabama Agricultural centre of Athens where race rioting flared Saturday night.

The chief of the State Highway Patrol, Van B. Gilbert, said that ten men have been arrested and placed in the county j..l in connection with the outbreak. He added that the Athens Company of the State Guard had been demobilized after standing by for several hours. Other guards units at Gadsden Huntsville and Florence had been alerted but Gilbert stated that the Highway Patrol has things well in hand and that the guardsmen will not be *needed.*

The rioting was touched off by a fist fight between two white war veterans and a negro. In the disorders that followed, an undetermined number of negroes were injured, *some of them knocked down and* trampled by mobs of white men roving the streets.

Law enforcement officials declare that it has been almost impossible to check the number of injured, be*cause many negroes left town or* went into the seclusion of their homes.

Gilbert estimated that 15 or 20 negroes were injured. But county Judge D. L. Rosenau said he believed between 50 and 100 negroes were hurt by the mobs which were said to have reached a total of 2000 at times.

Gilbert said that patrol cars were sent through the negro district to assure residents there that they will be protected.

Roosevelt, Churchill Tops Eisenhower's List of War Leaders

RIO DE JANEIRO, Aug. 11 (Reuters)—Gen. Eisenhower said Friday the outstanding leaders of the Second Great War were Franklin Delano Roosevelt and Winston Churchill.

The former Allied Supreme Commander, on a five-day visit to Brazil, as United States Chief of Staff, said all his war leaders were good men, but the late President and the former Prime Minister topped his list.

Kimberley Logger Dies Suddenly

KIMBERLEY, B.C., Aug. 11 — While engaged in logging work on Matthew Creek near here P. Rondesvedt, age 64, was taken ill suddenly and died a short time later. Death was due to natural causes.

Mr. Rondesvedt came to Kimberley two years ago from Saskatchewan and has been engaged in woods jobs since then, working from Marysville and Kimberley.

Surviving him are his wife, three daughters and two sons at Kimberley, his mother and three brothers in Saskatchewan, and two brothers in the United States.

Woodward Awaits Appointment of Lt. Governor

VICTORIA, B. C., Aug. 11 (CP)—The five-year term of His Honor, W. C. Woodward, Lieutenant-Governor of British Columbia, officially ended Saturday but he is continuing on the job until his successor has been appointed.

In Ottawa, where it is speculated that Charles Arthur Banks, Director, will succeed Mr. Woodward, it is considered unlikely that the appointment of a new Lieutenant-Governor will be made until the return of Prime Minister King from the Paris Peace Conference.

French Reject U.S. Proposal

PARIS, Aug. 11 (AP) — The French Government announced rejection of the United States proposal for partial economic fusion of occupation zones of Germany and put *forward a compromise plan intended* to embrace all four zones.

The French plan, outlined at a Press Conference by Herve Alphand Director-General of Economic Affairs of the French Foreign Office calls for creation of allied bureaus to co-ordinate transportation, communication, banks, industry, agriculture foreign trade and prices in all German territories occupied by Britain, Russia, United States and France.

Flahiff to Take Over Timber Control

OTTAWA, Aug. 11 (CP) — Reconstruction Minister Howe announced Saturday in the Commons that Terrence Flahiff, co-ordinator of housing, will take over timber control Aug. 15.

Mr. Flahiff succeeds David Rosenberry who has been connected with the timber control for the past six years. Mr Howe said Mr. Rosenberry had been overworked and was in need of a rest before returning to private business.

STEAL $2000 FROM P.O.

WINNIPEG, Aug. 11 (CP)—Cash, postage stamps and War Savings Certificates valued at about $2000 were stolen from the post office at suburban St. Vital early Saturday *by safecrackers who smashed a* door into the back room and then cracked the safe.

Says Central B.C. Now Holds Major Supply of Timber

TERRACE, B.C., Aug. 11 (CP) — Predictions that hopes of those who had been attracted to this part of British Columbia soon would be realized were made by Lands Minister E. T. Kenney in an address at the Associated Boards of Trade of B.C. annual banquet.

Central British Columbia now held the major supply of the Province's timber, he said. In future much of this timber would be used in pulp, paper and such products.

Three of the best pulp sites were in the Lower Skeena, the Prince George area and in the vicinity of Quesnel. With depletion of Douglas fir, no longer was hemlock and balsam to be despised.

"It will no longer be necessary for us to give concessions to pulp mills to come here and locate. They will be only too glad to come of their own initiative."

Central B.C. forests would be the salvation of the timber industry in days to come and would be the basis of other industries providing work for many thousands.

Trail's First Liquor Vendor To Retire

TRAIL, B.C., Aug. 11—With a record of 25 years behind him as Trail's first and only liquor vendor since the inception of the Government Liquor Act in 1921, H. C. Caldicott is retiring on Aug. 31.

Born in Birmingham, England, Mr. Caldicott, with his wife and family came out to the United States in 1916 and settled in Butte, Montana, where he was employed by the Butte and Superior Blackrock Copper Mine in the mineral separation department. Mr. Caldicott was employed on the chemical staff of the C.M. & S. until his appointment as Government Liquor Vendor in 1921.

A staunch member of the Anglican Church, Mr. Caldicott has served on the executive of the Kootenay Diocese and is an executive member of the Council of the General Synod in Canada. For the past *25 years Mr. Caldicott has acted as* both peoples and rector's warden.

A member of the Rotary Club, Mr. Caldicott has also been connected with the Curling Club for over the past quarter of a century and spent many years as secretary and also as president of that organization.

Mr. and Mrs. Caldicott plan to take an ertended holiday before they retire in Victoria.

Mr. Caldicott is being succeeded *by George A. Benzies, Liquor Ven*dor from Rossland. Mr. Benzies is a veteran of the First Great War, and was formerly assistant to Mr. Caldicott in Trail before taking over the Rossland liquor store in 1940. When Mr. Benzies assumes his duties in Trail, Sept. 1, he will be replaced at Rossland by R. B. Wallace of Greenwood.

Declares Shirts and Shoes Were Not Destroyed

OTTAWA, Aug. 11 (CP)—Allegations of the destruction of usable *property such as shoes, shirts and* towels in the Montreal area have been found to be "wholly without foundation," Reconstruction Minister Howe said Saturday in the Commons.

He was replying to John Diefenbaker (PC-Lake Centre), who asked about the possibility of establishing a commission to inquire into the reported dumping of shoes in Montreal's Pointe St. Charles district and the destruction of a quantity of khaki blue shirt and towels.

"Great Dictator" Finds Unfavorable German Criticism

BERLIN, Aug. 11 (AP)—Charlie Chaplin's "The Great Dictator" was shown experimentally for the first time to a German audience Friday night and met with a generally unfavorable reaction.

The chief criticism by the Germans was that the Nazi terror was still too fresh in German minds to be satirized.

INVESTIGATE STORE BREAK, TRAIL

TRAIL, B.C., Aug. 11 — When the City Police were making their rounds Saturday night they discovered that the premises of James White Ltd., had been broken into and the till robbed of approximately $19.

The rear outer door of Zagin's furniture store had been tampered with and when the police investigated further they found that entrance into the store had been obtained by breaking a window in the rear of the shop. No goods were missing but $12 in bills had *been taken and about seven dollars* in silver. Police investigations are continuing.

"Spirit" Subject Of Lesson Sermon

"Spirit" was the subject of the lesson sermon in all Churches of Christ, Scientist, on Sunday.

The lesson sermon included the following passage from the Bible: "God is a Spirit: and they that worship him must worship him in spirit and in truth." John 4:24.

Among the selections from the Christian Science text book, "Science and Health with Key to the *Scriptures*" by *Mary Baker Eddy*, was the following: "The belief that Spirit is finite as well as infinite has darkened all history. In Christian Science, Spirit, as a proper noun, is the name of the Supreme Being. It means quantity and quality, and applies exclusively to God."

When frightened the mother woodcock often flies off with a chick between her legs.

The ancient Egyptians used lassos in hunting game in the desert.

301 CASES OF POLIO; 156 IN MONTREAL

Urge Precautions in Other Parts of Canada

NONE IN B.C.

By The Canadian Press

Canada today had 301 cases of infantile paralysis under treatment—more than four times as many as during all of 1945 but less than one-tenth of the 3700 of the *epidemic year 1937—a survey by* The Canadian Press showed.

Montreal still was the hardest hit with 156 cases, an increase of 35 over yesterday's total, and health authorities there admitted they considered the situation serious.

Elsewhere in Canada the incidence of the dreaded polio—which authorities say is most apt to strike in August—was not as great but health officials urged precaution.

Manitoba, Saskatchewan and Alberta, where the 1937 epidemic was severe and where a combined polio and encephalitis (sleeping sickness) epidemic caused almost 100 deaths in 1941, had a total of only 35 cases. A two-case increase brought the *Ontario total to 67.*

The total of 301 was up 86 from yesterday's total but there were not 86 new cases in the last 24 hours. The survey showed that, while some were new, it was apparent that many cases had not bee accounted for in press reports earlier this week.

A more serious outbreak of polio in the United States—more than 5000 cases are being treated — was seen as a danger in some Canadian border communities. But in Windsor, Ont., near Detroit, the total of 20 cases was not increased yesterday.

Canada's 307 cases were spread across the country as follows:

Nova Scotia, three, New Brunswick, 12; Quebec, 184; Ontario, 67; Manitoba, 10; Saskatchewan, five, and Alberta, 20.

There was no polio cases in British Columbia or Prince Edward Island.

Steel Mediator Plans Meetings

OTTAWA, Aug. 11 (CP) — —L. W. Brockington, mediator in the steel strike, announced that he will spend Monday in Hamilton, where the Steel Company of Canada, one of the plants affected by the strike, is located. He will return to Ottawa Tuesday for further conferences with the United Steelworkers of America and the companies.

Mr. Brockington did not disclose who he would meet in the city where one of the companies affected by the strike — Steel Co. of Canada — is located.

He also disclosed that he had asked all parties to the dispute to be in Ottawa Tuesday. That includes the United Steelworkers of America (C.I.O.) and the three companies involved in the strike which started July 15 — Dominion Steel and Coal Corp., Sydney, N.S.; Algoma Steel Corp., Sault Ste. Marie, Ont., and Stelco of Hamilton.

Recommendations on Restaurant Sale of Beer To Be Made

VANCOUVER, Aug. 11 (CP) — Attorney-General Gordon Wismer arrived back in Vancouver Saturday after a visit to London where he represented the Province at the Privy Council hearing of an appeal against Dominion Government reg*ulations governing repatriation of* Japanese. Mr. Wismer said he has "no idea" when the decision will be handed down.

Mr. Wismer is to make recommendations which are planned as a basis for proposed legislation permitting sale of beer and light wines in restaurants in British Columbia. He said the liquor distribution system in Britain is good, but that they have very little to distribute.

MARRIES FOR SAKE OF BIRTH CERTIFICATE

SAN FRANCISCO, Cal., Aug. 11 (AP)—Gustav Woerner, 78, wealthy San Francisco business man, said Saturday that he had married Juanita Smith, 45-year-old negress, in Albuquerque, N. M., after a romance of 30 years "in order to get a birth certificate" for their 15-year-old daughter.

The unusual romance was revealed after the Woerners returned here by plane from their Thursday wedding.

Woerner is vice president of the Schlage Lock Company. He was divorced by his first wife, Lillian, for *the second time in 1914. In 1910 she* obtained an interlocutory decree, but they were remarried in 1911.

Sirdar Men Quell Fire Resulting From Electric Storm

SIRDAR, B.C., Aug. 11 — During the height of a severe electric storm here, lightning struck a tree which burst into flames and then spread to the brush. Mr. Rohde and another person happened to see the fire and promptly set out to quell the fire. By four a.m. all the flames were extinguished. The *C.P.R. tool house was in immedi*ate danger at one time.

CAPTURE ESCAPED CONVICT AT HOME

CHATHAM, Ont., Aug. 11 (CP)—Archibald Primeau, 19-year-old convict who escaped from Kent County jail last night by threatening a turnkey with a butcher knife, was captured tonight by City and Provincial *Police as he stood talking to his sis*ter on the verandah of her home at Raincourt, seven miles west of here.

Repairs to Crescent Valley Road Almost Completed

CRESCENT VALLEY, B.C., Aug. 11 — Repairs to the Government bridge over the Slocan River have been almost completed. The entire deck has been relaid and the approaches rebuilt.

The bridge that was damaged by dynamiting last year, it serves the West end of Crescent Valley, the *radio range station on Krestova* hill, the Krestova settlement, and Goose Creek area.

S.A. WINS RIFLE TROPHY, CANADA COMES SECOND

LONDON, Aug. 11 (CP-Cable)—South Africa won the King George *V Trophy for miniature rifle shoot*ing among British Empire boys, the National Rifle Association which organized the tournament announced Saturday. Canada placed second.

South Africa's average out of a *possible 100 was 79.667.* Canada's 76.848, Britain's 66.572 and Australia's 50.182.

Canada had the greatest number of individual high scores, winning 19 silver and bronze medals.

HEAR CLEARLY IN 1800 MILE CALL

PARIS, Ont., Aug. 11 (CP)—The voice of John C. Miller, 90, of Santaluta, Sask., Saturday came over the 1800 miles of wire to the offices of the Bell Telephone Company here and Mayor J. P. McCammon chatted for a few minutes with Mr. Miller, one of the two men left alive who were present when the original call was received in Paris by Alexander Graham Bell, 70 years ago.

The voice of Mr. Miller came over the wires clearly and sharply Saturday, unlike the other day when the blurred voices broken by static noises came over that other wire to a small group of listeners.

Mr. Miller was 20 when the first call was made. As he was unable to attend Saturday's ceremony at the unveiling of the plaque here to commemorate the first telephone call, his participation was his talk with Mayor McCammon. A recording was made of the conversation.

MONTGOMERY CHOOSES SHIELD FOR COAT OF ARMS

LONDON, Aug. 11 (Reuters) — Field Marshal Viscount Montgomery, Chief of the Imperial General Staff, has chosen a conventional shield for his coat of arms, but the supporters reflect his unorthodoxy. One side is a Crusader—reminiscent *of the Crusader's badge worn by his* famed 8th Army—and the other is a British Tommy in battle dress, wearing a black beret of the type favored by the Field Marshal.

The shield proper shows two lions and lilies, and is surmounted by a helmet and broken spear, featured for centuries in the arms of Montgomery families. The motto, also shared with the other Montgomerys, reads: "Gardez Bien" (Guard Well).

Severe Electric Storm, Lashing Wind Hit Ontario

LONDON, Ont., Aug. 11 (CP) — Damage was still being estimated as hydro and road crews cleared debris of broken trees and power lines from the London district following a severe electrical storm and lashing wind which swept the area early Saturday morning.

Near Dutton, 25 miles from here, more than 100 trees were felled and the cement wall of a garage was blown over. Almost every able-bodied man in the small village was removing tangled wreckage from the streets and Reeve V. S. Tripp said he hoped all roads would be open Saturday night.

Two London cab drivers were credited with preventing an explosion which firemen said would have shaken the city, when they discovered flames licking at gasoline storage tanks in East-Central London. The fire, believed to have been caused by lightning, gutted coal sheds and flames were coming dangerously close to tanks containing more than 200,000 gallons of gasoline, when the two drivers spotted the flames and drove to a nearby fire station.

Firemen estimated fire damage at almost $10,000.

Total damage caused by the storm was believed to be light considering the storm's violence, but several barns were reported burned after being struck by lightning. The storm swept through from Western Ontario into the Hamilton area where two homes were struck by lightning and city streets were flooded by heavy rainfall for a brief period.

STRALLA LOSES FIRST LEGAL TILT

LONG BEACH, Calif., Aug. 11 (AP)—Tony Cornero Stralla, fighting to resume operation of his gambling ship, the Bunker Hill, lost his first legal tilt Saturday.

Superior Judge Leslie Still denied an application for a temperary restraining order which would have freed a fleet of impounded water taxis used to transport customers between here and the ship, anchored eight miles out.

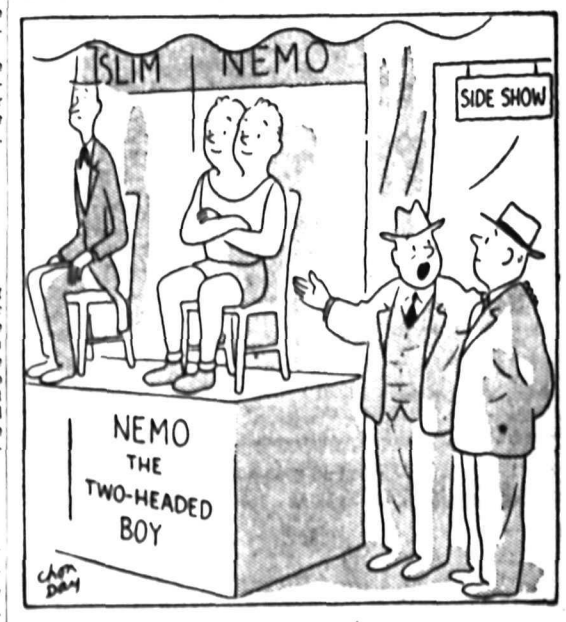
The application was made by George Garvin, operator of the water taxi service.

Denying the order, the judge said: "You want me to restrain the officials so you can carry on an activity repugnant to the laws of the state and city."

The last of Stralla's 800 customers, stranded on the gaming boat when water taxi service was cut off, were brought to shore last night under an informal truce.

Flown From Alaska

EDMONTON, Aug. 11 (CP)—Officials of North West Air Command announced Saturday that Leo Ralph Morris, former army private given just one month to live by doctors, was flown from Whitehorse, Alaska to Vancouver Wednesday. Morris, suffering from tubercular meningitis, is now at Shaughnessy Hospital.



"Lucky guy—he can drink two cups of Fort Garry Coffee at the same time!"

The Launching of the Anscomb

The special committee which President R. A. Peebles of the Nelson Board of Trade has appointed to arrange for appropriate ceremonies to mark the launching of the new Kootenay Lake ferry Anscomb has a noteworthy job to perform.

Launching of the new ferry will mark an event of no small importance in the development of the Southern Trans-Canada Highway in British Columbia. For years we have suffered through inadequate ferry service to convey traffic East and West across Kootenay Lake. It has slowed down business, it has decreased business. Tourists would hear that on occasions cars could not be accommodated. They would take another route rather than risk becoming victims of the poor service. Others would hear that friends had had to wait a long period before being able to be accommodated for the crossing. They also would take another route.

Nelson Board of Trade not only has a very direct interest in the improved service, which involves not only the new ferry but the new highway connection between Gray Creek and Kootenay Bay, and a total expenditure of more than three-quarters of a million dollars, but it has a very special interest because it was the Nelson Board which organized the campaign throughout the district which resulted in the decision of Mr. Anscomb to make the expenditures upon improving these connections, so important to the whole of Southern British Columbia.

The launching of the ferry can be made an event of even more than Province-wide interest. It will be of importance to Alberta and Saskatchewan, whose people have suffered from past poor facilities or have shied away from them, and to the people of the heavily populated American States to the South of us.

Publicity that will be effective in developing greater traffic over the Southern Trans-Canada route in the future can be obtained.

Britain Getting Back Into Its Stride

For the first time in seven years the number of workers employed in British civilian manufacture is up to the pre-war level.

By the end of May 5,789,000 men and women were working in industries and manufacturing for the home and export markets. This figure, a 30,000 increase on the preceding month, shows up well against the 5,174,000 recorded in June, 1939. In manufacture for export, the labor force is now 1,266,000 strong—a 28 per cent increase on the mid-1939 total of 990,000.

In all, industrial workers (including those employed in the basic industries, building and civil engineering, distributive trades, etc.) total close on 16,000,000. This is still 700,000 short of the last pre-war figure, but the gap can be expected to be made good with continued demobilization. In the 12 months since V-E Day nearly 6,000,000 men and women have left the forces and ceased to work in war factories. The vast majority have already been re-absorbed into peacetime industry, but at the end of May, 800,000 ex-forces personnel were still enjoying demobilization leave and had yet to return to civilian employment.

Labor being the key factor of the British production drive, it is noteworthy that within the last 12 months civilian industry has gained 3,630,000 workers. The effects of this influx have penetrated to every branch of production, even to the cotton mills, where the labor shortage has since the end of the war been particularly acute. In January the number at work in the spinning and weaving mills totalled 194,000. Since then the number has been slowly but steadily rising each month. The biggest increase took place, however, in May, when an addition of 7700 workers brought the total labor force to 217,000.

This increase in man-power has had an immediate effect on production—the weekly rate of yarn output during May was higher than in any month for over two years. The cloth output too was the highest for a long period.

The rise in production is also reflected in exports for the last two months. During April the value of British exports of cotton yarn and manufacture was £5,245,000 compared with a £4,140,000 monthly average in 1938. In May, the figure was just under £5,700,000.

The man-power shortage in the cotton industry is one after-effect of the war. When the industry was concentrated to minimum production, large numbers of operatives transferred to aircraft and other branches of war work. Today many of these people are unwilling to return to the mills, partly because wages are lower than in many other industries, partly because they prefer working in the more modern conditions of the aircraft factories, etc.

What is remarkable about any reluctance to return to the pre-war job is not that it exists—but that it has made itself felt on so small a scale. During the war years a million men and women in Britain changed their occupation, either by entering the forces and arms factories or taking up other forms of war work. A high percentage were uprooted from the old life. Since then these people have had new forms of work and new experiences which might well be expected to influence them against a return to normal working conditions. In addition, as in Canada, there are the hundreds of thousands of young people who entered the forces straight from school or college, thus missing a more or less routine entry into factory or workshop.

Looking Backward

10 YEARS AGO

From the Daily News of August 12, 1936

Adventures of 54 Nelson Boy Scouts when paying a week's visit to Pullman, Wash., were described by various Scouts at the Rotary luncheon Monday.

Approximately 1¼ feet is the lake's decline in the last fortnight, bringing the level to one of the lowest stages recorded for years so early in the season. It was 4.22 above the low water mark August 10.

Funeral service for James Webster, 703 Silica Street, who died at 86 years of age, was held at St. Paul's United Church Monday afternoon, Rev. T. J. S. Ferguson officiating.

25 YEARS AGO

From the Daily News of August 12, 1921

Buena Vista Ranch at Willow Point was the scene of a gay assemblage Wednesday afternoon when A. Clyde Emory was united in marriage with Miss Vera Stubbs.

Over 70 more people spent an enjoyable day yesterday picnicking at Curson Park.

A. F. McQueen of Kaslo, Provincial Assessor, is a city visitor.

40 YEARS AGO

The entire valley of the Kootenay River is hazy with the smoke of various forest fires around here.

Pringle's famous Georgia Minstrels have arranged a program at the Sherman Opera House.

Test Yourself

1. Who is the present President of the Philippines?
2. Who is President of the Argentine Republic?
3. Who is President of France?

TEST ANSWERS

1. Manuel Roxas.
2. Col. Juan Peron.
3. Georges Bidault.

Words of Wisdom

A quiet conscience makes one so serene. — Byron.

Etiquette Hints

If you are out in company, don't answer in monosyllables and act totally uninterested in the conversation. If you can't join in the talk, at least listen attentively. If you cannot do that, don't complain that no one likes you and you are neglected.

Today's Horoscope

You have more than ordinary ability, if you have a birthday on this date, and you also have self confidence and ambition, and work and plan in a methodical manner. You sometimes speak quickly, but do not intentionally hurt others. You love travel and good times, and want your family and loved ones to share all your pleasures. You are affectionate and loving. An argument today may prove very unpleasant, so try to smooth things over cleverly. A message may bear disappointing news. Trying new methods is not advisable today, but listen to the advice of a clever fellow worker. This evening devote some time to your hobby, and later check bills, insurance, and the budget.

Reader, Nakusp—Can you give me a recipe for sweet mixed pickles, with onions, cauliflower and cucumbers?

Following is one recipe using all three ingredients: Two quarts small cucumbers, one quart large cucumbers, cut in chunks; one quart cauliflower broken into sections, one quart small pickling onions. Sprinkle well with salt and let stand over night. Then take 2 cups vinegar, 2 cups water, three-quarters cup sugar, 2 teaspoons celery seed, 2 teaspoons mustard seed, one teaspoon ginger and ½ teaspoon tumeric. Bring this to the boiling point, then pour over the cucumber mixture after salt brine has been poured off. Bring it to a boil again, pack in jars and seal. A small portion of alum may be added if desired.

A. P., Nelson—Does your question of July 26 concerning drillers' wages include the diamond drillers?

The 20 per cent increase does not include the diamond drillers, or any industry or trade where a minimum wage has been set. The decision on the 44-hour week has not yet been settled. For further information, we suggest that you write or contact B. W. Dysart at the Nelson Court House.

H. F. D., Rossland—Where could one write to obtain information regarding possibilities for a Canadian subject in Canada of joining the American Army Occupation Forces in Eastern Europe and Germany?

Write to: United States Army Recruiting Centre, Spokane, Wash.

Press Comment

IS CANADA RULED BY AMERICANS?

The U. S. strike situation is probably worse than the Canadian. Still, our neighbors have this consolation—their strikes are wholly and entirely American, both in origin and in direction. All the men involved in an American strike, whether on one side or the other side or right in the middle of it, are responsible to the people and to the Government of the United States.

Not so in Canada. Because most of the union men in Canada take orders from an international organization—i.e., one with headquarters in the United States—unnecessary and illegal strikes may be called in Canada at the behest of Americans. That is precisely what is happening right now in several daily newspapers of Canada.

Six months ago, printers of the two Winnipeg dailies went on strike under orders from Indianapolis, headquarters of the International Typographical Union (A.F.L.). The I.T.U. officials in that city ruled that their Winnipeg members could not accept the findings of an arbitration board appointed by a Canadian Government. The Winnipeg printers accordingly quit their jobs, their fealty being to Indianapolis rather than to Canada. Next Indianapolis ordered the printers in Hamilton, Ottawa, Edmonton and Vancouver to stage an illegal strike in defiance of the Canadian Government. Like sheep, the printers in those four cities did so. Theirs not to reason why: theirs but to do the bidding of the union big shots.

This dictatorial direction from outside Canada is not confined to the printing trades. It is announced that employees of Canadian packing firms will present new wage demands to the companies some time in July. This announcement comes from the United Packinghouse Workers of America (C.I.O.), with headquarters in Chicago. These new demands, according to Canadian stooges of the U.P.W.A., "will be defined in accordance with the success met by the U. S. section of the union in its demands."

Everywhere in Canada, in the basic industries, in the factories, and along the routes of transportation, Americans control our labor and our labor policy. There is dictation from New York, from Washington, from Chicago, from Detroit, from Indianapolis. The authority of our own Provincial Governments and our own Federal Governments is not only challenged; it is openly defied.

How would Americans feel if the situation were reversed—if labor policies in St. Louis were determined by officials in Toronto, if a strike could be called in Atlanta by a union with headquarters in Winnipeg, if Cleveland could be plunged into chaos by a decision made in Regina? We know how Americans would feel about it. And we know what they would do about it—fast.—Calgary Herald.

THE ABUSE OF STRENGTH

On the recommendation of its president, the Vancouver Labor Council will ask the Dominion Government to disband the Canadian Manufacturers' Association and seize that organization's funds and property. The anomaly of such a demand appears to have been overlooked by the Labor Congress.

The Canadian Manufacturers' Association is an organization of management to further the special interests and promote the welfare of the manufacturers. The Vancouver Labor Council is an organization of labor to further the special interests and promote the welfare of labor. The Vancouver Labor Council accuses the manufacturers' group of being a fascist regime but forgets the Association and the Vancouver Labor Council have identical purposes in respect to their own restricted membership.

There was a time when a great body of Canadian management had somewhat the same view of organized labor which organized labor now appears to have about management. Through due process of time, however, the value of organized labor and of unions and councils of labor has been admitted, and management's changed attitude is reflected in the lengths which some firms go to foster and protect the union movement.

When the Vancouver Labor Council suggests that a union of manufacturers must be disbanded, however, it strikes at the very essence of its own being. The laws of the land can never be applied to just one group. They must be universally applicable.—Trail Times.

Hollywood Gossip

LON CHANEY, SCREEN'S ACE CHILLER, DESERTS HAUNTS FOR HARMLESS PART

HOLLYWOOD, Aug. 11 (AP)—Lon Chaney, the spine tingler, is scared.

"All these strange faces on the set," he shuddered. "I'm used to knowing everybody on a picture. And these boogie men I'm working with—Peter Lorre, Jack La Rue, John Hoyt. They've got me scared."

The screen's ace chiller, you see, has deserted his haunts at Universal to play a harmless hospital attendant in "My Favorite Brunette."

But he recovered from the shakes sufficiently to explain why he left Universal City after eight years of curdling blood and tingling spines. It was the usual one—money.

Lon said he was the only horror man left who can stand the long hours of applying torturous makeup.

"The others are on the other side of 40 now," he remarked. "So am I, but I'm crazy enough to take it."

It's a pretty safe bet that Lon will be back at his home lot one of these days. He says:

"Some day they're going to need a goon, and they'll have to send for me."

See what a bad picture can do for you——Ronald Coleman and Marlene Dietrich are working after three-year absences. They didn't want another "Kismet" . . . Maria Montez heard from Santo Domingo that her family survived the earthquake with only minor damage to the crockery.

In the film palaces: "The Strange Love of Martha Ivers" is a bang-up melodrama told with skill and restraint. A bit too long, it is nevertheless a thrilling piece, almost in a class with "Double Indemnity." Barbara Stanwyck and Van Heflin perform ably, but most impressive is Kirk Douglas.

Boiling Mountie's Patience Snaps, Flees From Autograph Hunters

OTTAWA, Aug. 11 (CP)—The day was exceedingly hot and this particular Mountie was mumbling to himself when the car from Pennsylvania drove up the hill. The Mountie had signed 633 autographs, had shaken 735 hands, had found his way into 1033—no, 1035—snapshots and achieved 1333 miscellaneous achievements already that week, and there were two days to go.

The sun was bright in his eyes, and his red jacket was tight against his neck as the car drove up. Suddenly, with a wild look in his eye, he couldn't face the car, and he ducked behind that corner of the Parliament Buildings nearest the Senate door.

Sweating, he watched three women and three men climb out of the car.

The sweating, watching Mountie—torn between his instinct for duty and his mad desire to flee—saw the Pennsylvanians sate their thirst on two or three Members of Parliament and a uniformed member of the Public Works Department.

But one of the women, a chubby young thing, saw him, and, screaming, "There's one!" came charging toward him.

Then, almost as the chubby one rounded the corner, the Mountie's nerve broke. (He later said: "I don't know just what happened, but something snapped.")

He took to his heels, heading toward the Parliamentary Library overlooking the Ottawa River, with the chubby young thing in pursuit.

Panic-stricken, he plunged down a slight but steep slope into a clump of bushes.

She thrashed through the bushes and dragged his limp and beaten form into the clear, thrust a pencil into his right hand, an autograph book into his left. As her friends came puffing into sight, she was lining him up for a camera shot.

C.C.F. Pass Six Resolutions at Close of Meet

REGINA, Aug. 11 (CP)—Resolutions expressing whole-hearted support to the British Government in its Socialist activities and asking that the Canadian Government instruct its delegates to the United Nations Assembly to support a break in diplomatic relations with Spain, highlighted the closing session of the ninth annual convention of the C.C.F. Party Friday night.

A heated discussion took place during consideration of the resolution of support to the British Government during which it was suggested that the words "on the home front" be inserted after "Socialist activities."

Mrs. Grace MacInnes of Vancouver, however, said she did not "want to be forced into a corner in order to whitewash everything the British Government does or damn everything it does."

"Too much of the C.C.F. policy in recent years has been to sit on the sidelines and damn the British Government.

Other resolutions passed included:

1. That the Economic and Social Council of U. N. recommend measures without delay to abolish world cartels.

2. Manufacture of atomic bombs be discontinued and those already made by neutralized. By establishment of the Atomic Control Board, Canada should undertake research, development and use of atomic power as a national and publicly-owned enterprise whose objective must be that of service to all our people and those of the world.

3. Severe criticism and condemnation of the Canadian Government's action in permitting an increase in farm machinery ceiling price without providing a compensating revenue to the producers of farm products.

4. Civil servants be accorded the usual rights of citizenship including open participation in trade unions and political activity.

The convention went on record as favoring the socialization of airlines and communications and that "judicial appointments be removed from the sphere of political patronage."

A resolution condemning the Canadian Government for allowing 44,000 Polish soldiers of Gen. Anders' army into Canada was tabled after National leader M. J. Coldwell said:

"We cannot condemn a whole army which has fought side by side as our allies during the war . . . I am opposed to this wholesale condemnation."

Named to the National Council were: Lloyd Shaw for Nova Scotia; Andrew Brewin, David Lewis, C. H. Millard, all of Ontario; Stanley Knowles, Member of Parliament for Winnipeg North Centre; and A. M. Nicholson, Member of Parliament for MacKenzie, Sask., for Manitoba; Mrs. Gladys Strum, Member of Parliament for Qu'Appelle, and Percy Wright, for Saskatchewan; F. J. McKenzie and Mrs. Dorothy Steeves for British Columbia.

NAKUSP

NAKUSP, B.C.—Mr. and Mrs. E. Lamberton of Vancouver, former Nakusp residents are renewing acquaintances in town and are guests of Mr. and Mrs. R. J. Humphris.

Gene Leveque of Kaslo was the guest of his brother-in-law and sister, Mr. and Mrs. J. Parent, Jr.

Albert Kubala who recently returned from overseas and has visited his parents, Mr. and Mrs. J. Kubala is in Vancouver to receive his discharge from the R.C.A.F.

Mrs. Boulter and Miss Marjorie Boulter of Calgary are guests of Mr. and Mrs. D. M. Hummon.

Mrs. M. Baird met her daughter-in-law, Mrs. Herbert Baird a war bride from overseas in Revelstoke.

Operation After Death Saves One of Twin Boys

DENVER, Aug. 11 (AP) — A caesarian operation, performed 30 seconds after a 31-year-old Colorado farm mother had died of poliomyelitis, was successful in saving one of twin boys, it was disclosed Saturday at Colorado General Hospital.

The mother, Mrs. Frances Carvell, was brought to the hospital Thursday.

Relax Ruling of Bringing Cameras Into Parliament

OTTAWA, Aug. 11 (CP)—Speaker Gaspard Fauteux Saturday announced in the Commons relaxation of the Wartime Rule prohibiting the bringing of cameras into the Parliament buildings.

The suggestion had been advanced earlier this week by Gordon Graydon (PC-Peel) who urged that tourists be allowed to take cameras into the House so they could take pictures from the peace tower.

Deaths

NORWAY HOUSE, Man., Aug. 11 (CP)—Rev. Dr. F. G. Stevens, aged 77, known among his United Church colleagues as "Stevens of Fisher River."

Victoria Actress, Portland Actor Win Top Awards

VICTORIA, B. C., Aug. 11 (CP)—A Portland actor and a Victoria actress won top awards in the adult section of the International Drama Festival announced by the adjudicator, E. G. Sterndale-Bennett, Friday night.

Best actress award went to Miss Bessie Tang, who played Koongsee in the Golden Arrow Theatre Guild's presentation of the "Romance of the Willow Pattern."

The adjudicator said he "did not catch this actress in one bad movement. It was a wonderful, rhythmic performance."

Cup for best actor, since the award was open to professional players, went to M. Andre Frere, of the Paris Legitimate Stage, who presented most admirable performances on two occasions during festival week.

An award for the best performance by an amateur actor went to Kenneth Root, who played St. Anthony in the Portland Civic Theatre's "The Miracle of St. Anthony."

The Portland Civic Theatre, in addition to winning the best-amateur actor cup, was awarded the shield for the best adult play of the entire festival, Maeterlinok's "The Miracle of St. Anthony." Shield for the second-best play went to teh Golden Dragon Theatre Guild's presentation of Van Der Veer's "Romance of the Willow Pattern."

Cup for the best English play other than shield-winners was won by the St. Barnabas players with their presentation of K. S. Goodman's "Dust of the Road." Cup for the best foreign play, other than the shield winners, was won by the Moongate players of Vancouver with their presentation of Clare Kummer's "Chinese Love."

DEATHS

TORONTO, Aug. 11 (CP)—Llewellyn H. Washington of Toronto, for many years Western Canadian Superintendent for Bradstreet (now Dun and Bradstreet of Canada) Ltd.

NELSON SOCIAL

By MRS. M. J. VIGNEUX

Charge for engagement announcements on this page is $1.50

● Dalton Boomer, who has been in Shaughnessy Hospital at Vancouver for some time, has arrived to spend a holiday with his parents, Mr. and Mrs. L. L. Boomer.

● Mrs. Frank Quirk and her son Clark who have been spending a fortnight at the home of her brother-in-law and sister, Mr. and Mrs. Ed Quirk, High Street, return today to their home in Seattle.

● Mrs. Leslie C. Hughes, Baker Street, has returned from several weeks spent in Vancouver.

● Mr. and Mrs. F. Osborne, 816 Fifth Street, have as guests Miss Grace Osborne of Winnipeg.

● Rev. D. W. Martin of Calgary is spending a couple of days in Nelson and will also visit while in the district his brother, Rev. Father Ernest Martin in Trail.

● Mr. and Mrs. George Scott, 115 High Street, have as guest for a couple of weeks their daughter, Mrs. T. M. Youngberg of Vancouver.

● Mr. and Mrs. H. G. Bamford of Seattle and Miss Dorothy Bowman of Vancouver recently spent a vacation at Holiday Haven on the North Shore.

● Miss Jean Campbell and her hister, Miss Kay Campbell, of Portage La Prairie, who were guests at the home at Sunshine Bay of Captain and Mrs. James Ferguson, have left to visit Vancouver and Victoria en rout home.

● Mrs. A. E. Cobus of Vancouver, who has been guest at the home on Hendryx Street of Mr. and Mrs. D. Tye, returned to Sun Hill last night accompanied by her young daughter, Mona, who has been a patient in Kootenay Lake General Hospital.

● Miss Mary McDougall of the staff of the C.P.R. Telegraphs has left to spend her vacation with relatives in Edmonton.

● Harry Ling of Vancouver, who is en route to visit relatives in Nova Scotia and New York is guest at the home of Josephine Street of his sister-in-law, Mrs. A. Ling.

● P. J. Vecchio, Innes Street, has returned from spending his vacation in Spokane and various Idaho cities.

● R. E. Stretton left yesterday on a business trip to the Coast.

● Mr. and Mrs. A. L. Garven and family of Trail are spending their vacation at Holiday Haven on the North Shore.

● Miss Lois Hawes, who attends Junior High School in Nelson, has returned from Ainsworth where she spent July at the home of her parents, Mr. and Mrs. J. Hawes. She was accompanied by Miss Anthea Foster, who spent the last week as her guest.

● Mrs. Jack Maber, Park Street, is a patient in Kootenay Lake General Hospital.

● Dr. and Mrs. John Brigden of Spokane, who are guests at the Willow Point home of Mr. and Mrs. C. P. Yaeger, were city visitors Friday.

● Mr. and Mrs. Elmer Gelinas have returned from their honeymoon spent at Paradise Beach, Kaslo.

● Mrs. A. Ling, Josephine Street, has returned from 10 days spent in Rossland and Trail, where she visited her son and daughter, respectively.

● Mrs. D. A. McPherson, Latimer Street, was a visitor to Camp Lourdes.

● Mrs. Ida Deschamps, Central Apartments, leaves to spend a week with friends in the Okanagan district.

● Miss Dorothy Williams and her sister, Miss Elizabeth Williams, of Sydney, Cape Briton Island, who have been guests of their cousins, Mrs. Leslie C. Hughes, Baker Street, and Mrs. B. H. Pearson, 502 First Street, for a few days have left for the Coast en route to their home in the East.

● Mr. and Mrs. Stewart Mitchell and daughters Sharon and Linda have returned to their home at Annable after holidaying for a few weeks at Holiday Haven on the North Shore.

ROSS SPUR

ROSS SPUR, B.C. — Minnie B Hunt and son Howard, are visiting here with Mr. and Mrs. Tom Tremblay. They left Ross Spur for Oregon in 1932. Howard has been diamond driller for the dam sites on the Columbia River, and Mrs Hunt is checking data on life in B.C., for a series of articles for a U.S. publication.

Mrs. Ted Rundval of Parks is a patient in the Trail-Tadanac Hospital.

Mr. and Mrs. Harry Remming and children and Mr. and Mrs Lejeunese and family all of Trail were visitors here.

Mrs. Helen Halpin of Fruitvale has returned home after visiting here for a few days with her sister-in-law, Mrs. Harry Tremblay

Mr. and Mrs. Jack Benton of Benton Siding were visitors to Trail accompanied by the latter's sister, who left for her home in Rock Creek after visiting here.

Kenneth Doreksen has returned to his home at Nelson after spending a holiday at the home of Mr and Mrs. J. Beetstra.

Laura Forch of Meadows was a visitor at the home of Mr. and Mrs. Ted Rundval, Park Siding

Mr. and Mrs. Bill Hlookoff have returned after a visit to the latter's home at South Slocan.

Mr. and Mrs. Sandy Bell and family were Sunday visitors to the home of Mr. and Mrs. Leonard Woods, Meadows.

Mr. and Mrs. J. Beetstra and children, Danny, Billy and Gladys were visitors at the home of Elmer Ross at Fruitvale

Ronald Horswill of Nelson is visiting at the home of Mr and Mrs. J. Beetstra

Ed Soligo and his son, Leo, 685 Dickens Street, Warfield, were weekend visitors to Ross Spur.

Marco Sterk was a visitor to Fruitvale.

Z. LePage of Park Siding has left for Pincher Creek, where he will spend a vacation with Mr. and Mrs. Kline.

Mr. and Mrs. Harry Smyth of Trail were visitors at the home of Mr. and Mrs. J. Beetstra.

Pete Hlookoff has returned from Nelson where he visited his wife, who is a patient in the Kootenay Lake General Hospital.

Elmer Ross of Fruitvale was a Sunday visitor at the home of Mr and Mrs. J. Beetstra

NATAL

NATAL, B. C.—Mr. and Mrs. J. Gaskell and family of Michel are spending a two week vacation at Lethbridge at Henderson Lake.

A total of four births have been announced during the past two weeks at Natal. Mr. and Mrs. F. Poch announced the arrival of a son; Mr. and Mrs. M. Eberts a son; Mr. and Mrs. Jock Myles a son and Mr. and Mrs. J. Carvetta a daughter.

Mr. and Mrs. Robert Sherwood and family of Puyallup, Wash., returned to their home across the border after spending a short holiday at Natal at the home of Mr. and Mrs. J. Kaisner.

Mr. and Mrs. Les Smith and family of New Westminster, B. C., are spending a two week holiday at Natal at the home of Mrs. M. Chala. They were accompanied on the trip by Miss Susie Chala and Mr. Al McCrae of Vancouver, B. C.

Bevin Under Doctor's Orders

PARIS, Aug. 11 (AP)—Foreign Secretary Ernest Bevin of Britain remains under doctor's orders against over-exertion and will take only a limited part in Peace Conference negotiations, a member of the British Delegation said today.

Mr and Mrs Harold Watson, accompanied by their children, Harold, Leonard and Rose Marie, Fruitvale were visitors at the home of Mr and Mrs J. Beetstra.

Hope Faulkner of Park Siding, who is employed here spent Sunday at her home

Mr and Mrs J. Beetstra had as their guests, Mr and Mrs. W Barkley and daughter, Diana of Fruitvale

GIVES WORLD CHANCE TO APPROVE INTERNATIONAL AGRICULTURE PLAN

WASHINGTON, Aug. 11 (AP) — A proposal that an international agriculture adjustment administration be set up to protect the world's farmers against future depressions has been advanced many times during the last 10 years.

The countries of the world will be given a chance next month to say for the first time whether they favor the proposal.

A bushy-browed Scotsman, Sir John Boyd Orr, will advance the proposal at the second annual conference of the Food and Agriculture Organization of the United Nations scheduled to open at Copenhagen Sept. 2 with delegates from more than 40 countries including Canada present.

Sir John is the head of the F.A.O. It may seem odd to many that Sir John would bring up the matter of a possible agricultural depression at a period when prices of many commodities are at record levels and supplies are far short of demand.

Pointing out that farming is an activity which must be planned two or three years in advance, Sir John says steps should be taken to deal with surpluses of some farm products which may develop within a year or so.

The proposed international agency —which Sir John would call "the World Food Board"—would strive to develop more and better farmers in areas where malnutrition has been a problem.

Under Sir John's plan, the board would have authority to buy farm products moving in international trade when surpluses accumulated and prices declined.

Board buying would be undertaken when prices dropped below a specified minimum. Board selling would be undertaken when prices reached a specified maximum. Thus, the plan is designed to protect commercial farmers against unduly low prices and consumers against unduly high prices. The board would have authority to sell surplus food and farm products to needy and impoverished areas at cut-rate prices.

KEEP REGULAR NATURALLY

Find no Peaceful Settlement of Chinese Civil War

NANKING, Aug. 11 (AP)—Peaceful settlement of China's spreading Civil War appears impossible, Gen. George C. Marshall and U. S. Ambassador John Leighton Stuart declared Saturday in a frankly pessimistic statement issued even as U. S. marines in North China exchanged fresh shots with Chinese who blew up a coal train they were guarding.

Whether the two American Peace negotiators, were throwing in the towel after numerous fruitless conferences with eGneralissimo Chiang Kai-Shek and Communist Gen. Chou En-Lai was not yet clear. Their dour statement said "every possibility" had been exploded toward ending the conflict and developing a democratic form of government for China.

They said the fundamental issues unsolved concern the type of local government to be maintained in areas evacuated as the result of the redisposition of troops of both sides.

Marine headquarters at Peiping announced that four marines riding the caboose of a coal train were fired upon by 50 Chinese (presumed in Peiping to be Communists) after charges placed on the tracks derailed the locomotive and eight cars. The marines, unhurt, were picked up by an 80-man rescue patrol. Two Chinese casualties were reported.

An UNRRA agricultural expert from Tientsin, Carrol Deyoe reported at the same time that he and his Chinese interpreter were fired upon Thursday by mor than 40 Chinese dressed in the blue-grey uniforms of Communists as they rode in a jeep 10 miles from Tientsin after agricultural talks with Communist leaders in Jehol Province. Neither was hit but the jeep was holed by bullets.

HEART DISEASES CAUSE HIGHEST B.C. DEATH TOTAL

VICTORIA, Aug. 11 (CP)— The Provincial Board of Health said Saturday diseases of the heart continued as the leading cause of death during the first half of 1946, while cancer continued in second place.

The 1569 deaths caused by heart diseases decreased from the 1583 recorded during the corresponding period in 1945, but cancer deaths increased from 670 in the 1945 period to 691 for the first six months of this year.

Accidents hold third place as a cause of death the total for the first six months being 298 in comparison to 347 for the corresponding half of 1945.

Motor vehicle accidents caused 62 deaths, compared with 50 during the six-month period in 1945.

Intends 20 Cent Demand As Negotiation Basis

OTTAWA, Aug. 11 (CP)— Joe MacKenzie, Director of the United Rubber Workers (C. I. O.), Saturday told the Commons Industrial Relations Committee his union's demand for a 20-cent wage increase was intended as a basis for negotiations.

Mr. MacKenzie said should the Committee recommend a form of settlement the decision on whether it should be accepted would rest with the workers themselves.

Mr. MacKenzie, replying to questions by David Croll (L-Toronto Spadina), said the average hourly wage in United States Rubber Factories was $1.34 while in Canadian plants it was 72 cents.

"There are similar methods of operation and work, yet tires cost approximately $4 more in Canada while wages are only approximately 50 per cent," he added.

George Burt, Windsor, Canadian Director of the United Automobile Workers (C. I. O.) followed Mr. MacKenzie as witness. He reported to the committee that in a strike involving 4000 workers at the Windsor and Chatham, Ont., plants of Chrysler Corp., the union had reduced its original demand of 25 cents to 18½ cents. The highest offer received was six cents.

The union was also involved in a strike at the Brunner, Mond Plant in Amherstburg. No offer had been made, the union sought 25 cents There was also a 25 cent demand in a U. A. W. strike at the Canadian Industries Ltd., plant at Windsor.

B.C. DIVORCES

VICTORIA, Aug. 11 (CP) — The record of 200 divorces granted in British Columbia during one month was smashed in June when 245 decrees were granted by B. C. courts.

During the first six months of this year 1105 divorcee have been granted, more than the 12-month total in 1944.

Marriages rose sharply in June of this year when 1206 certificates were filed with the division, against 929 in June 1945.

In June, 1707 births were registered, a decrease from the all-time high of 1860 in the previous month but a considerable increase over the June, 1945, total which was 1628.

The death rate, however, dropped from 9.41 in June of last year to 9.111 in June of this year when 713 deaths were recorded.

Illegitimate births had increased by more than 100 during the first six months.

Thanksgiving for a Miracle at Ste. Anne De Beaupre

Theresa Arsenault kneels in a church at Chelsea, Mass., and offers prayers of thanksgiving after she had received a report that her crippled mother, Mrs. Henry Arsenault, 51, had dropped her crutches and walked unaided for the first time in 20 years during a visit to the shrine of Ste. Anne de Beaupre in Quebec. Mrs. Arsenault went to Quebec with a party of Boston pilgrims. While she prayed there, her daughter prayed at home. Theresa is now awaiting the return of her mother.

Britain, Canada Sign Wheat Agreement

Hon. James MacKinnon, Minister of Trade and Commerce, signs wheat agreement between Britain and Canada in his office in the West Block of Dominion Parliament Buildings, Ottawa. Sir Alexander Clutterbuck, British High Commissioner to Canada (seated, left), signed for U.K. Standing are (left to right): Sir Andrew Jones, head of United Kingdom food mission in Canada; M. F. Wershof, Department of External Affairs; Dr. C. F. Wilson, director of wheat and grain division, Department of Trade and Commerce; Oliver Master, Assistant Deputy Minister of Trade and Commerce.

Widowed by a Bolivian Revolutionists

The widow and two daughters of President Gualberto Villarroel of Bolivia, who was killed and his body hung from a lamp post in a public square as a revolutionary regime swept into power. She and the girls are at present under protection of the Papal Nuncio in La Paz.

Rodway Heads Committee On Launching

A special committee of the Nelson Board of Trade to prepare plans for a launching ceremony when the new Kootenay Lake ferry Anscomb takes to the water has been selected by President R. A. Peebles.

The Committee includes F. D. Rodway, Chairman, John Learmonth, W. G. Harold, S. A. Maddocks and R. D. Barnes. Mr. Learmonth is Chairman of the Roads and Bridges Committee, Mr. Harold Entertainment Committee Chairman and Mr. Maddocks Publicity Committee Chairman.

The launching ceremony will be conducted in cooperation with West Coast Shipbuilders. Invitations will be sent to Provincial Cabinet members and various representatives of B.C., Alberta and Washington organizations.

Grave Lake Now Accessible To Sportsmen

NATAL, B. C., Aug. 11—The large membership of the Natal-Michel Rod & Gun Club have finally fulfilled their long sought ambition to travel to beautiful Grave Lake, situated only some sixteen miles West of Natal up the Elk Valley, when a road was put through some two miles from the swinging bridge through the use of the big coal company bull-dozer.

Last year, through volunteer labor by the members, the swinging bridge was built over the Elk river at only a cost of $700. Through a contract bridge builder it was estimated that the same bridge would have cost some $5000. At the same time a private road was put through from the main road at the Big Ranch to the bridge, a distance of over a half-mile.

The members of the Natal-Michel Rod & Gun Club, which number well over 200 members for an all time record membership, are much pleased with their splendid efforts in making it now possible to travel by car right to Grave Lake which is ideal for a summer resort and is well stocked with Kamloops trout. The lake is nearly two miles long and about three quarters of a mile wide.

Previously the only way to get to the lake was by trolley over the Elk River and on foot the rest of the way making it difficult to carry a boat or much equipment. Efforts are now being made to have the necessary equipment built for camping. To date the many picnic goers and lake fishermen were forced to travel some fifty miles Westward to enjoy themselves at one of the many lakes situated in the Elko district.

Inquest Into Rossland Death Is Postponed

ROSSLAND, B. C., Aug. 11—The inquest into the death of Robert Edward Fox, called for Saturday afternoon at 4:30 in the City Hall, was postponed until Wednesday afternoon. Prior to adjournment, the jury viewed the body at Clark's Funeral Home. The body was identified by John T. Fox, son of Mr. Fox. The jurymen are John Melville, Charles C. Miller, S. J. Deimder, J. R. Bryan, J. A. McKenzie, R. L. McAllister. Dr. E. E. Topliff is coroner.

20 Injured In Mile-High Wreck

GORHAM, New Hampshire, Aug. 11—Twenty persons have been injured in a train wreck on a cog railway more than one-mile high on the side of Mount Washington, New England's highest mountain. Two of those injured are said to have suffered broken backs.

A flat car broke loose from a train on the summit of the mountain, 6293 feet high—and plunged down into a passenger train only 600 feet from the top. The passenger train was headed up the side of Mount Washington.

Police said that a high wind at the peak of the mountain probably tore the flat car loose from the freight train and started it on its downward plunge.

The manager of the scenic cog railway, Arthur F. Peague, had this comment:

"It is believed by the management that someone—either as a prank or through curiosity—released both safety devices on the flat car, although it is not yet definitely known."

Panic Grips Quake Zone

CIUDAD, Trujillo, Dominican Republic, Aug. 11—The Government of this Republic is taking stern measures to quell the panic throughout the earthquake zone. More than 80 persons have been prosecuted for spreading false rumors of new quakes and tidal waves.

An international relations director from New Orleans has returned from the island's capital with news that the worst damage was the shock to the people's morale. The observer, Rafael Urrusta, said those who were calm at first were quickly whipped into a frenzy by others. The area has been shaken by new tremors ever since last Sunday, leaving 75 persons dead and thousands homeless.

Warns Dominion Gov't Overloaded With Work to Point of Breakdown

KENORA, Ont., Aug. 11 (CP).—A blunt warning tha the Dominion Government has been overloaded witth work "to the point of breakdown" was given by Ontario Premier George Drew in an address here Friday night. Coupled with the warning was an assertion of Ontario's belief "in the Federal system of government."

He said there was now ample evidence that the Dominion Government, House of Commons and committees were finding it difficult to dispose of business they are called upon to handle. The remedy would be found in returning to well established principles of the Federal system and leaving to Provincial Governments and Provincial Legislatures responsibility for dealing with local affairs.

The Premier challenged what he called "planned propaganda" to the effect that Ontario has been unwilling to adopt measures which would strengthen the hands of the Dominion Government in meeting the important problems which Canadians must face.

Concerning the attitude of the Prairie Provinces on Dominion-Provincial relations, Premier Drew said "A great deal of false propaganda has been directed to convey the impression that Ontario has opposed their interests. This is untrue. The proposals of the Ontario Government were better for every Province than were the Dominion proposals, from the financial point of view giving the Provinces more financial and economic independence.

"The impression that Ontario had adopted an attitude of poor relations with the less populous Provinces was shameless misrepresentation," the Premier said. "We made it perfectly clear at the recent Provincial-Federal Conference that Ontario wished to share the advantages of its natural resources with Provinces that have not the same financial advantages."

Russians About-Face on Industry Nationalization in Austria

VIENNA, Aug. 11 (AP)—A Soviet about-face on the nationalization of industry threatened Saturday to dismember Austria, as the Russians bluntly "reserved the right" to invalidate four-power control by following a separate set of rules for their own occupation zone.

Col.-Gen. L. V. Kurrasov, Russian commander in Austria, called for a showdown by demanding an Allied veto of Austrian nationalization legislation as an "unfriendly act," after having supported it on a general Communist principle until discovering that it would nationalize several Eastern Austrian assets in the Soviet zone which the Russians now claim as their own.

Gen. Mark W. Clark, United States commander in Austria, refused to comply with the Russian demand. He announced flatly that he would withhold his veto. Unless all four commanding generals veto legislation, it becomes effective by default in 31 days.

Gen. Clark said his Government recognized the right of Austria to nationalize industry, including that of foreigners, provided it was done by democratic process, fairly and with equitable reimbursement to owners.

If the Russians refuse to permit Austria to carry out the nationalization law in the Soviet zone, they probably will be charged in the Allied Control Council with violating the Allied control agreement, which provides that the various commanders may take independent action in their respective zones only in the absence of combined action by the Council.

Excellent Airplane Route

Editorial in Vancouver Sun, Aug. 7, 1946

Cities and towns of Southern British Columbia have been condemned to remain the comparative prisoners of their own mountainous terrain. Not for them the swift service of the airplane to and from the travel arteries of the world. For them the laborious journey by rail or the tedious routes of the bus — by indefinite sentence of the Air Transport Board of Canada.

Three applications to fly the feeder line between Vancouver and Lethbridge have been refused. Experts for the Board have concluded that it would be uneconomic to serve the people of Princeton, Penticton, Nelson, Trail, Cranbrook and Fernie and the populous areas tributary to them. The Postmaster-General is also unwilling to pay the air-mail rates required to launch a private company in this new territory, although he was willing to pay higher rates to finance Trans-Canada Airlines in the period of their development.

How much business might be offered is a matter of business estimation; enlightened guess-work at the best. But the spokesman for the Interior communities, who appeared in Vancouver in January to urge the Air Transport Board to grant a feeder franchise immediately, had no qualms about its value to the places from which they came.

They supported fully the position taken in Parliament last November by Hon. C. D. Howe, when he said that "this is considered an excellent airplane route." The Minister of Reconstruction went on to say that "rail transportation . . . is not the best and weather conditions are such that from time to time highways are blocked. Another fortunate feature is that the area is well equipped with airports so that a well-equipped and well-financed company should be able to give an excellent service and should find it a profitable undertaking."

The community leaders, did, however, have qualms about the request of Canadian Pacific Airlines that the Air Transport Board should deny any franchise until C.P.A.L. is divorced from its parent company, the C.P.R. and is legally empowered to apply for the route in question. In the meantime, the spokesman could see, the Interior would continue to patronize the Kettle Valley Railway, also owned by the C.P.R.

Dismissal of the three applications brings about that very result. It also repudiates the opinion of Mr. Howe, who is the Minister responsible for the establishment of the Air Transport Board in the first place.

More important still, it calls into question the sincerity of the Dominion Government's assurances of post-war encouragement to private enterprise, and demobilized R.C.A.F. crews, to pioneer the development of air transport. Prime Minister King was one who said that "there will remain a large field for the development of air transport in which private companies may participate."

Southern British Columbia is not included, by the Air Transport Board, in the "large field" to which Mr. King spoke. It encompasses 475 airline miles across the Cascades, the Selkirks and the Rockies. The Air Transport Board notes that "the route followed by the railway and the bus is circuitous, having to overcome three mountain ranges and many precipitous rivers," but it concludes that even the present infrequent schedules "undoubtedly are commensurate with the traffic offered."

Such stand-patism is not consistent with Western ideas of pioneering in a new era of transportation. But it is the unanimous finding of Mr. R. A. C. Henry, Mr. J. P. Romeo Vachon and Air Vice-Marshall Alan Ferrier, the first two from Montreal and the third from Ottawa, who comprise the Air Transport Board.

Undoubtedly the Members of Parliament from British Columbia will find the conduct of this all-Eastern trio to be least likely to impress the home constituents with the prospects of Federal compliance with British Columbia's needs. It is now essential that the M.P.'s from this Province shall demand, either a Government statement in modification of its promised policy, or a Government reversal of the feeder line decision.

16 Year Old Public Mischief Gets Suspended Sentence

CALGARY, Aug 11 (CP)—A 16-year-old youth of East Arrow Park, B. C., who appeared in juvenile court Friday on a charge of delinquency in that he committed public mischief by making a false statement to the police, was given a six months suspended sentence.

He was turned over to the custody of his father, who has promised to provide employment for the boy.

The youth admitted that the statemen he had made to police regarding the Donnie Goss murder July 24 was untrue. He had said a man by the name of "Paul" had told him of the slaying of the six-year-old boy, at St. George's Island, four hours before the stabbed body was discovered.

The youth will return home with his father, but not until he has given evidence in the case of Paul Kramer, charged with vagrancy. Kramer, who was arrested July 29, is being held without bail and will appear in police court Monday.

Meanwhile another possible lead to the murder of the Goss boy has come from British Columbia, Calgary police said. They report a man being held in Victoria will be interrogated in connection with the murder when he appears in police court there Monday on a juvenile delinquency charge.

The late Harry Greb, middleweight prizefighter, would not go to sleep in an unlighted room.

100 Private Planes Invade Vancouver

VANCOUVER, Aug. 11 (CP) — More than 100 airplanes staged an invasion of Vancouver's civic airport on Sea Island Saturday.

The light, privately-owned planes flew from Seattle on a "breakfast flight" to Vancouver. The flight was organized by the Seattle unit of the Aircraft Owners and Pilots Association, and pilots and their passengers were guests of the Organization's Vancouver unit.

The Association is campaigning for new customs regulations that would simplify border crossing by private aircraft.

FILM TO SHOW CANADIAN AIRLINES IN COLOR

WINNIPEG, Aug. 11 (CP)—R. Anderson, National Film Board representative, said here that a film, now being produced, will show Canada from an entirely new air perspective. Shooting began here a week ago, he said, and when completed, the picture will show Canada's airline system in color on 16-millimetre film. It will be shown on National Film Board circuits throughout the country.

THIEVES SENTENCED TO YEARS HARD LABOR

FLIN FLON, Man., Aug. 11 (CP)—Keith M. Taylor and Edwin H. Harvis, both of Brandon, Man., were found guilty on a charge of theft in police court here Friday, and sentenced to one year hard labor in Dauphin jail.

First Ship Since '39 From Europe At Churchill

By ROBERT LAWTON

CHURCHILL, Man., Aug. 11 (CP)—The first ship to arrive here from Europe since 1939, the English cargo vessel Mount Revelstoke Park, docked in Churchill Harbor Saturday. She will begin loading a cargo of lumber and grain immediately.

Machinery at Churchill's 2,500,000-bushel elevator, idle during the war, will soon be humming again as the Revelstoke takes on the initial load of 1,800,000 bushels of Canadian Wheat stored here since 1939. Five other ships, the Essex Trader, Hillcrest Park, Whiteshell Park, Belswood Park and Dalcross, are expected to arrive before early next month.

One again, members of the Hudson Bay Route Association are attempting to prove that prairie grain should rightfully take the shortest route to Europe, "out the back door" through Hudson Bay. Members of the Association urge that Churchill be given a chance to prove its worth. They contend that Western farmers could save millions of dollars by shipping their grain over the Bay route.

Weather, ice and insurance rates have long been the port's greatest problems in promoting it as the shorter and cheaper way, but newly-developed navigation aids, particularly radar, may make a difference.

How useful Churchill is as Western Canada's seaway to the Atlantic will probably be measured by the success or failure of the first six ships to arrive since before the war.

Adjourn Trial of Union Men Charged With Violence

HAMILTON, Aug. 11 (CP)—Trail of four union men charged with intimidation with violence in connection with a picket line clash outside the newspaper plant of the Hamilton Spectator Aug. 1 was adjourned until Aug 16.

Crown witnesses testified that a newspaper delivery truck driven by Howard Mann, 18, was overturned in a short-lived melee outside the Spectator.

Crown Attorney Harvey McCulloch told the court that police were called to help Mann get his vehicle through the picket line. Police witnesses, including Inspector Fred Eddenden, said they twice ordered the pickets to allow the truck to pass.

BLOOD CURDLING TALES NO MORE TERRIFYING THAN BEDTIME STORIES

CALGARY, Aug. 11 (CP)—Blood-curdling stories in comic strips and over the radio are no more terrifying to a child than some of his Mother Goose tales, in the opinion of J. R. Finlay of Winnipeg, Prairie regional representative of the CBC, who was in Calgary Friday.

Mr Finlay believes there has been unfair criticism of radio programs which enact stories of underworld life, and he thinks they are no worse than "Little Red Riding Hood worse than "Little Red Riding Hood," with wolves eating grandmother, and "Fee, Fi, Fo, Fum, I smell the blood of an Englishman."

"Red-blooded adventure is not harmful to a child; in fact it is necessary to satisfy his imagination and for his emotional development. What we have to guard against is a suitable time to present them."

MOSLEM LEADER WEIGHED IN DIAMONDS

BAR ES-SALAAM, Tanganyika, Aug 11 (CP)—Shouts of "Aga Khan zindabad" (long live the Agah Khan) swelled from the throats of almost 70,000 East Africans Saturday as the spiritual leader of 20,000,000 Ismaili Moslems was weighed in diamonds.

The ceremony duplicated an Indian observance last March of the Aga Khan's diamond jubilee. The Mohammedan leader weighs more than 240 pounds, and the diamonds placed in the scales to balance his weight were valued at $2,736,000. He will receive their cash equivalent as the gift of his followers.

Approve Plans For Ottawa Beautification

OTTAWA, Aug. 11 (CP) — The Commons Saturday approved a government bill embodying plans for the beautification of this national capital after passing an amendment to give each province representation on the Federal District Commission. The body will have the task of superintending the development.

The amendment was moved by George Cruickshank (L-Fraser Valley) and was accepted by Acting Prime Minister St. Laurent.

As it stood, the bill would have provided for five members for the various regions of Canada, made up of one for the Maritime Provinces, one for Quebec, one for Ontario, one for the Prairie Provinces and one for British Columbia.

Mr. Cruickshank moved the amendment after Mr. St. Laurent said the government had no objection to the increase, which had been proposed by many members during a debate Friday night on second reading of the measure.

Replying to criticism that a Canadian rather than Jacques Greber, Parisian Planning expert, should have been given super-vision of the development plans, Mr. St. Laurent said it was wise to have the best possible advice available.

Mr. Greber had studied the development of other capitals, had seen the mistakes made and knew what should be avoided. Working under him were Canadian architects and draftsmen.

Mr. St. Laurent said the Federal District Commission now owned or maintained some 1311 acres in Ottawa and in addition owned some 16,000 acres of National Park in the Gatineau Hills Northwest of Ottawa.

Would Atom Bomb Ripple Rock

OTTAWA, Aug. 11 (CP)—A suggestion that a small-sized atomic bomb be used to blast the Ripple Rock menace of navigation out of Seymour Strait on the Pacific Coast was made in the Commons Saturday.

The long-discussed problem of Ripple Rock came up when the House turned to Work Department estimates and it was Tom Reid (L-New Westminster) who made the suggestion about the use of a miniature atomic bomb.

He told of a recent row-boat investigation by a practical engineer who thought the removal of the rock was a possibility.

Works Minister Fournier explained that already $250,000 had been expended in successful attempts to move the rock. If anyone had a practical suggestion as to how it could be done ,the government would be willing to try further.

Howard Green (PC-Vancouver South) said the government must accept the responsibility of moving the rock which was a constant threat to the lives of mariners who sailed in those waters.

Veterans Minister MacKenzie, who is also a Vancouver member, joined forces in demanding that some method be found to move the rock. He described the attempts so far as being "anaemic."

George Pearkes, V. C. (PC-Nanaimo) said he endorsed what the Minister said.

An amendment to the Immigration Bill on Citizenship was carried with a concession to British Columbia members of all parties who won deletion of a clause which would have given permission for the return to Canada of persons who had left their country to fight on the side of Canada's enemies to be dealt with by court action.

Mr. Green said this meant that Canadian-born Japanese who had fought for the Japanese army could demand the right to return to their native land. Other British Columbians, including Mr. MacKenzie, supported Mr. Green when he demanded deletion of the clause.

R. R. Knight (CCF-Saskatoon City) said it was up to Canada to accept responsibility for its citizens and they must be able to claim as an inalienable right, the right to return to Canada.

Mr. Green described Mr. Knight's plea as "sloppy sentimentality."

Thought of Lives Only When Ordering Abandon Ship

NEW YORK, Aug. 11 (AP)—Capt. Arthur P. Cronin, skipper of the collision-damaged American Farmer which was boarded by the crew of an American vessel after a British ship had taken her in tow in the North Atlantic, said Saturday he was thinking only of the safety of passengers and crew when he ordered the ship abandoned.

"I felt she was going down and I certainly wasn't going to gamble with lives," Capt. Cronin said when he arrived aboard the Liberty ship Benjamin Goodhue.

"It was miraculous she didn't go down," he added.

The ship, now undergoing repairs at Falmouth, England, is the centre of a controversy over salvage rights claimed by the 2000-ton British vessel Elizabeth and operated by the British Ministry of Trade.

Commission on Dyking, Irrigation Districts Sits at Creston

CRESTON, B. C., Aug. 11—Frederick Moore Clement, Royal Commissioner inquiring into and determining how much certain dyking, drainage and irrigation districts can pay annually in respect of their indebtedness to the Province, heard representatives with briefs from the Wynndel Irrigation District and the East Creston Irrigation District on Thursday, in the Knights of Pythias Hall. In attendance were Mr. Davis, Water Controller of B. C., and Mr. Hogg, Legislative Council.

Alf Spencer, Secretary to the Trustees of the Wynndel Irrigation District, presented the brief for that District, stressing the amount of the 1938 agreement, the interest paid, production of berries and small fruit and of the climatic conditions which lowered production. The Legislative Council informed the District that their payment annually was $1534, with the District receiving Government credit for $1860. The figure reported as a loan to the District amounted to $30,000.

Witnesses heard for the Wynndel District were Mr. Wigen, Mr. Hackett and Elias Uri, the latter one-time director of the system. All witnesses testified that the years of 1932 and 1936 were disastrous years for the district because of storms and frosts. All believed that production was decreasing in this area.

Following the dinner recess, Guy Constable presented the brief for the East Creston Irrigation District, showing that the area contained 1730 acres with an approximate 117,583 fruit trees.

E. A. Fowlie, Secretary to the Trustees of the District, explained the understanding of the irrigation district with the village, with the latter paying $100 per month for water conveyance and ⅛ of 1 per cent of the maintenance, and ⅛ of ½ per cent for office upkeep, etc.

He pointed out that the District paid the Government last year $6658 and the Government in return gave credit of $1566 to be applied on the indebtedness.

W. McL. Cooper, Manager of the Creston Co-Operative Fruit Exchange, felt that irrigated land gave heavier production. He pointed out that fruit was not as large on unirrigated land, possibly had more color than fruit irrigated, but that in packing there might be more rejects in the fruit from unirrigated areas.

Since he took office, Mr. Cooper felt that the fruit production had doubled due to more plantings and irrigation. He felt that within the next few years tthe area would produce 500,000 boxes, having a present production of between three and four hundred thousand boxes annually.

He showed where climatic conditions made the raising of fruit for the farmer a gamble with such years as 1942 when the production was 60,000 boxes, as against the 1944 production of 200,000 boxes. He named the six wanted varieties by the trade and their priority.

The Commission heard from new and old growers, and in the former from Mr. Gilbert, owner of approximately 4½ acres; W. Schofer, 10 acres; A. Kemp, 15 acres; R. Dewar, 8 acres; and V. Phillips, 4¾ acres.

In each of the above cases the Commission asked if they knew the indebtedness of the District to the Government was $137.38 per acre, the answer to this question being in the negative. In this connection it was reported that the system borrowed $164,000, with the debt now estimated considerably higher.

Older growers in the district heard were W. G. Littlejohn, 20 acres; Mr. Murphy, 15 acres; H. A. Dodd, 10 acres. These men showed irrigation was essential to productivity, and W. J. Truscott, 15 acres, told of the hardships encountered by conditions, and felt that consideration to this district should be shown.

In concluding the hearing, Mr. Clement stated that both sides of the question would be judged very carefully when considered at Victoria.

NEW GOV'T LEADERSHIP AND CABINET SHUFFLE STILL TOPIC OF CONVERSATION

By JACK BRAYLEY

OTTAWA, Aug. 10 (CP) — New Government leadership and a consequent Cabinet shuffle still is the No. 1 topic of conversation in Parliamentary circles and Cabinet - making is one of the most popular lobby games.

There is a strong move by a section of important Liberals to complete formation of the new Cabinet as soon as possible so it will gather experience and national prestige by the next general election.

The recent departure of Walter Tucker, Parliamentary Assistant to Veterans Minister MacKenzie, from the Federal field to lead Saskatchewan Provincial Liberal forces, may be an indication that an early shuffle in party leadership across the country is in prospect.

There also have been reports that James Sinclair, young Vancouver member, may follow Mr. Tucker's example and try for the leadership of the British Columbia Liberal Party. It has been said that Premier John Hart is scheduled for a Senate appointment.

Another consideration in any political punditing is the matter of by-elections that would be needed if certain widely-named persons were brought into the Cabinet. For instance, if the suggestion has any foundation that either L. B. (Mike) Pearson, Canadian Ambassador to Washington and native Westerner, or Premier Stuart Garson of Manitoba, were to be drafted for Cabinet service, they might enter the House through Mr. Tucker's Rosthern riding or the vacant seat of Portage La Prairie, caused by the death of Harry Leader.

There are three vacancies in the House at present. Besides Portage La Prairie, there are Toronto Parkdale and Pontiac. The Quebec seat is the only one for which a date has been set for voting — the election being called for Sept. 19.

A line-up has been drawn up by a pair of Liberals who hope it will turn out to be at least 75 per cent correct. It will be noted the only present ministers who remain in the new Cabinet with their present posts are: Mr. MacKenzie, who is rumored as in line as well for a new Canadian appointment as President of the Privy Council; Agriculture Minister Gardiner, Labor Minister Mitchell, Works Minister Fournier, Postmaster-General Bertrand, Solicitor-General Jean and Hon. Wishart Robertson, Government leader in the Senate and minister without portfolio.

Here is the lineup:

Mr. King to retire and be succeeded for an interim period by Justice Minister St. Laurent. Health Minister Claxton to take the External Affairs portfolio and be in line to accept leadership at a national convention which would be held after Mr. St. Laurent had served during the interim period.

Finance Minister Ilsley to retire either to the bench or to the law firm of Hon. J. L. Ralston and be succeeded by Defence Minister Abbott, his former Parliamentary assistant and who recently piloted the budget through the House.

Reconstruction Minister Howe to retire to private industry and be succeeded by Transport Minister Chevrier.

Trade Minister MacKinnon to retire to the Senate and be succeeded by Hon. Stuart Garson.

Air Minister Gibson to go to the post of either Lieutenant - Governor of Ontario or High Commissioner to Britain or one of the other diplomatic posts and be succeeded by either Ross MacDonald, Deputy Speaker, or L. O. Breithaupt (L-Waterloo North).

Justice Minister St. Laurent to be succeeded. by State Secretary Martin.

Health Minister Claxton to be succeeded by Revenue Minister McCann, a physician who has held Mr. Claxton's portfolio in an acting capacity on many occasions.

Resources Minister Glen to go to the Senate and be succeeded by Ralph Maybank of Winnipeg who has been chairman of the important Radio Committee and vice-chairman of the important Labor Relations Committee.

Transport Minister Chevrier to be succeeded by George McIlwraith, Ottawa member and Parliamentary assistant to Mr. Howe.

State Secretary Martin to be succeeded by G. Edouard Rinfret of Montreal, son of Chief Justice Thibaudeau Rinfret.

Defence Minister Abbott to be succeeded by Fisheries Minister Bridges.

Revenue Minister McCann to be succeeded by David Croli, Toronto member and former Provincial Cabinet Minister.

Fisheries Minister Bridges to be succeeded by J. W. McNaught of Queen's.

CALL ARMISTICE ON CHINA'S WESTERN FRONT

PEIPING, Aug. 11 (AP)—An armistice on China's Western front until August 26 was announced Friday by executive truce headquarters, which ordered Communist and Government troops in Hupeh, Honan and Shansi Provinces to withdraw immediately distances of 10 miles.

The truce, local in nature, has no bearing on Manchuria or the most recently reported heavy fighting in Kiangsu Province North of Nanking and Shanghail.

Truce teams headed by Col. Howell L. Hodgkins of Rupert, Idaho, and Lt. Col. Van R. White of Mebane, N. C., were placed in charge of field arrangements.

Despite this local truce, the Chinese situation continued tense.

Love of Humanity World Peace Basis Says Jap Christian

TOKYO, Aug. 11 (AP)—Permanent world peace, based on "love of humanity" is possible "if every Christian throughout the world unites in abrogating war," Toyohiko Kagawa, prominent Japanese Christian social worker, told interviewers Saturday.

Kagawa, recently appointed to the World Council of Churches, said he felt it significant that representatives of defeated countries have been invited.

Japan, he said, has a right to urge the outlawing of war because she renounces war in her new constitution.

Royal Commission on Coal To Be Completed Soon

OTTAWA, Aug. 11 (CP)—Report of the Royal Commission on Coal will be completed "at an early date," Reconstruction Minister Howe told the Commons Saturday. The Minister read a letter from the Commission saying that a large part of the report had already been completed and it was expected to finish at an early date. The Commission started its investigation early in 1945.

Raise Fines for Beach Train Romeos

WINNIPEG, Aug. 11 (CP) — The Lake Winnipeg Beach train Romeos who turn off coach lights, thereby providing themselves with a better atmosphere for their pursuits, will be dealt with more severely in future, Magistrate D. G. Potter warned in police court yesterday.

Early in the Summer, the fine imposed was $10. Yesterday it was $20. The next young gent who appears before him will be clipped $40, the Magistrate said.

CLOSE BORDER AGAINST SPREAD OF POLIO

FORT FRANCES, Ont., Aug. 11—(CP)—In an effort to prevent possible spread of pilomyelitis, now prevalent in Minnesota, American immigration authorities have closed the international border at Baudette, Minn., to Canadian children under 16 years of age, unless accompanied by parents, it was announced Friday.

Language One of Big Difficulties At Conference

PARIS, Aug. 11 (CP Cable) — More problems than mere differences of opinion harass the Paris Peace Conference and the most important ones are Russian language difficulties, the near-exhaustion of some senior delegates and the heat of the senate chamber in the Luxembourge Palace where the plenary sessions are held.

These factors all lead to irritations and short tempers among the peace-makers and go a long way toward explainingt he uneven progress of the conference.

The focal point of language trouble is a difficulty always found in international meetings where the Soviet Union is represented. The big job is providing accurate, clear and rapid translations from English and French into Russian and from Russian into the first two languages.

Delegates who were at San Francisco say that Russian translators at Paris are not as expert as they were at the birth of the United Nations.

The problem is extremely hard on Russian-speaking delegates and also on the French and English-speaking representatives. Several times debates have dragged on aimlessly in a morass of misunderstanding until somebody discovered there had been a wrong interpretation.

The Soviet delegation made a special effort to facilitate underer, the studious and youthful Wlader,t the studious and youthful Wladzimir Pavlov, do all the Russian-to-English translations for Foreign Minister V. M. Molotov, who makes all his speeches in Russian.

But even this star interpreter frequently stumbles. He is overworked and weariness now seems to reflect in his work. In addition to interpreting all speeches by Mr. Molotov and usually those of Andrei Vishinsky, the deputy foreign minister, as well, Pavlov sits besides Mr. Molotov and gives him a running translation of all important speeches as they are made. The Russian interpreter probably is the hardest working man at the conference.

Delegates who understand Russian say Mr. Molotov repeats himself time after time in his speeches as he seeks clarity to avoid misinterpretations.

Philadelphia To See Canadian Art

By MICHAEL O'MARA

PHILADELHPIA, Aug. 11 (CP)—Canadian actors succeed on their merits in New York and Hollywood. Canadian writers get a fair hearing in the United States, but exhibits of Canadian paintings are rare in American galleries.

Philadelphians, however, have had a chance this Summer, to look at what one type of Canadian artists—the water colorists — are doing. They like it.

The annual Spring show of the Philadelphia Water Color Club features a number of Canadian works selected by H. O. McCurry, Director of the National Gallery at Ottawa, and critics have been generous in their praise of the gurst-exhibitors while local art-lovers came in greater numbers than usual to the exhibit.

The Canadians' work on display here falls roughly into two categories: that inspired by the recent war and that distinctively Canadian in content.

Along war lines are "Bombed Naval and Military Hotel" by Jack Shadbolt of Vancouver, B.C., and "Bombed Church and House at Ste Agathe" by Maj. William A. Ogilvie of Montreal.

The value of the show is not in the paintings themselves—the standard is not uniform and some of the work bears marks of war-haste—but in the interest it has given this art-conscious town in Canadian painters. Those who have seen this show want to see more Canadian work.

Vancouver Woman Hurt in Accident

VERNON, B. C., Aug. 11 (CP) — Mrs. Elaine Swannell of Vancouver is in Vernon Hospital, having sustained injuries in a car accident late Friday night. The automobile in which she was riding careened down the bank on the West side of Okanagan Lake road. Three other occupants escaped with bruises and shock. The accident occurred about 11 p. m., but was far from any habitation and 24 miles from Vernon. Mrs. Swannell's condition was fair.

ONLY 4500 GERMAN PRISONERS IN CANADA

LETHBRIDGE, Alta., Aug. 11 (CP)—In a newspage story Saturday the Lethbridge Herald said it has learned there are only some 4500 German prisoners-of-war remaining in Canada. The majority are helping to supply labor for sugar beet and other form crops in Southern Alberta, Southern Manitoba and Ontario.

Only four camps now are in operation, being situated here, at Hull, Quebec, and Monteith and Fingal in Ontario, the Herald reported.

Says Canadians Better Mannered Than Americans

TORONTO, Aug. 11 (CP) — In the eyes of Karel Zieris, visiting Czechoslovakian newspaperman, the people of Canada compare most favorably with those of the United States.

"The people of Canada are more peaceful, more inclined to pay attention to the niceties of life," he said today. "In the United States they are always hunting the dollar. They are brutal and reckless. They call it rugged individualism, but I call it bad manners. Canadians are better mannered."

Few Natal Michel Miners See Lewis

NATAL, B. C., Aug. 11—Only a few of the miners throughout Natal-Michel had the opportunity of either seeing or speaking with John L. Lewis, President of the United Mine Workers of America, who made a sudden appearance from across the border to attend the annual convention of delegates of District 18, U. M. W. of America.

While passing through the Crow's Nest Pass on his way to Calgary, he made a brief stop at the Michel mine where he spoke to a few of the employees who were on shift at the time before heading Eastward.

One of the reported 80 delegates attending the convention was that of Simon Weaver of Natal, a board member representing the miners at Michel and Fernie-Coal Creek and secretary of the Michel Local No. 7292, U. M. W. A. Mr. Weaver has to date been connected with union work for over 20 years.

LABRADOR POLLING RESULTS NOT TO BE KNOWN TILL SEPT.

ST. JOHN'S, Nfld., Aug. 11 (CP-Cable)—Result of polling in Labrador for election for the first time of a representative to Newfoundladn's National Convention would probably not be known until September, electoral officials said last night as voting in Labrador got under way.

The 2147 registered voters will elect one member from the five candidates who have come forward. They will cast their ballots aboard a motor vessel which began Thursday to ply the length of Labrador's 800-mile coastline.

The voting will not end until Sept. 4 after the ship has called at each of the sheltered bays, islands and fishing villages along the rugged shore. Then the ballots will be brought to Battle Harbor, 40 miles North of the Strait of Belle Isle, for counting.

The remainder of Newfoundland voted for its representatives on the 45-man body June 21 but because of weather conditions, polling in Labrador was postponed.

DISSOLVE TWO JAP OFFICERS' ORGANIZATIONS

TOKYO, Aug. 11 (AP)— Allied headquarters Saturday ordered dissolution of two organizations of former Japanese army and navy officers under a directive abolishing associations with military backgrounds.

Headquarters said the groups enjoyed "privileges not available to ordinary Japanese citizens" and maintained centres near former Japanese military and naval installations.

Bevin, Byrnes Want to Get On With the Job

By DEWITT MACKENZIE

Britain's outspoken Foreign Secretary, Ernest Bevin, who has been ill in London, flew back to Paris Friday to resume his place at the so-called "peace" conference, and as he was leaving for France declared:

"We must try to get peace established and put an end to all wars. It is time to stop talking and get on with the job."

Mr Bevin thus demonstrated that great minds do indeed run in the same channels (sometimes), for at about that same hour American State Secretary Byrnes was telling the delegates at the conference in heated terms:

"The people want us to get on with the peace."

Mr Byrnes' statement came after he had delivered a stinging rebuke to Russia, characterizing as "loose and wicked talk" the Soviet charge that voting procedure for the conference was directed by an "Anglo-Saxon bloc."

BOY DROWNS AT PORT ALBERNI

PORT ALBERNI, B. C., Aug. 11 (CP)—Kenneth Olsen, 16, was drowned while swimming in the Somas River near here Friday. His body was recovered and brought here pending an inquest.

DISCONSOLATE WIDOW COMMITS SUICIDE

YOUNGSTOWN, O., Aug. 11 (AP)—Mrs. Ruth Allen Barber, 60, disconsolate since the death of her husband, Homer, four years ago, committed suicide by toppling a tombstone down on her head at her husband's grave, it was reported Saturday by Coroner Dr. David A. Belinky.

Dr. Belinky said examination indicated Mrs. Barber tried twice before she crushed her head.
