MONGREL SHIELDS 2-YEAR-OLD FROM IMPACT OF FREIGHT TRAIN

KIRKLAND, Wash., Feb. 23 (AP)—A dog's love for his baby pal saved the life of 27-month-old Judith Ann Cotton Saturday as she stood frozen with fear in the path of a Northern Pacific Railway freight train. He kept vigil last night by her crib, neither of them seriously harmed.

Engineer Jerry Sullivan and Fireman C. T. Mowrey, both of Auburn, Wash., said that as the child stood rooted on the tracks her dog shielded her with his body from the locomotive's impact.

The blow hurled the dog against the infant, knocking them both away from the track. Sullivan estimated the engine was travelling at 20 miles an hour when it struck the mongrel terrier and shepherd.

Mr. and Mrs. Raymond H. Cotton, parents of the child, said the dog has been a pet of the family for eight years.

Civil Servants and Miners May Add to French Strike Woes

Paralyzing General Strike Looms As 1,300,000 Government Workers, 50,000 Miners Threaten to Walk Out

PARIS, Feb. 23 (AP)—The threat of a general strike grew in France today at 1,300,000 Government workers and 50,000 miners declared they would walk off their jobs unless they received salary increases.

In Paris coal was lacking for stoves and no French language newspapers were being published. Approximately 2000 printers and 1000 gasoline station attendants remained idle in their strikes for higher pay.

The miners are demanding as a "minimum necessity" a wage of 7000 francs ($56) a month. There were indications that Premier Paul Ramadier might accede to the request.

The 7000-franc minimum was asked for beginners, who now make around 500 francs. Regulars in the coal districts of France make from 15,000 to 20,000 francs a month, plus bonuses.

UNDER $56 FOR 72,000

Government workers are asking a 20-per cent general increase. Approximately 72,000 Government employees are said to be making less than the $56 minimum. The 1,300,000 civil employees compare with 700,000 before the war.

A walkout would paralyze railroads, postal, telegraph and telephone communications and likely lead to a general strike throughout France.

Gasoline attendants in Paris remained at home for the third consecutive day in protest against a Government order that they must sell gasoline at 20 francs a litre with coupons and 60 without coupons. That leaves the operators a profit of 70 francs on 100 litres, or about 50 cents on 20 gallons.

The strike resulted in a shortage of taxicabs, but most of the 210,000 motorists in Paris could still get gasoline in the suburbs.

Gunman Flees

VANCOUVER, Feb. 23 (CP) — A timid, armed bandit, apparently frightened when confronted by two men, fled from the South Vancouver Army and Navy Club here late Saturday after forcing his way into the premises and striking a bartender over the head with a gun.

Meanwhile, less timid criminals robbed Vancouver residents of some $850 in cash and property in a series of minor weekend robberies.

James McNeil, bartender in the Army and Navy Club, said his assailant forced his way into the premises by a side door and brandishing a gun said:

"This is a stickup, gimme the works."

McNeil said he yelled and the thug struck him on the head with the gun, then fled from the premises without loot as two club members appeared. He was not apprehended.

GET STUFFED DEER

A 51-year-ol dwoman, Mrs. Mabel Woolsey of Vancouver, told police she was forced into a dark downtown lane Saturday night by a six-foot youth and robbed of her purse containing $15.

A stuffed deer, a $450 hydraulic hoist, engagement rings and tools were included in the loot garnered by thieves in other weekend robberies.

PLAN TO SPEED MEDIUM-COST HOUSE BUILDING

Gen. Young Appeals To Architects for Small Home Ideas

SEES SOLUTION

MONTREAL, Feb. 23.—Canadians in the low or medium income brackets are to benefit by a new alliance among housing organizations. The vice-president of the Government-owned Central Mortgage and Housing Corporation reports that his organization is teaming up with a committee from the Royal Architectural Institute of Canada, and they will work toward production of designs for small houses as an aid in easing the housing shortage.

The Housing official, Major General Hugh Young, said in Montreal that 70 per cent of those needing houses are in the low or medium income bracket. And, says General Young, it is very difficult to find suitable home when your income is $150 a month.

General Young said houses for the low income group could be supplied by subsidization and rental reduction funds. But he prefers to think that, with the aid of new materials and new methods of design, a suitable house can be built at low cost for the low income man.

General Young appeals to architects to get busy on small houses. He says that not more than 5 per cent of Canadian houses now are planned by competent architects.

FIRE DESTROYS WING IN VETS HOSPITAL

BRANDON, Man., Feb. 23 (CP)—Fire early Saturday destroyed the administration wing of the Department of Veterans Affairs hospital here. About 98 patients, all Polish soldiers who recently came to Canada, were safely evacuated to nearby homes.

The blaze started in the kitchen and flames crept across the roof of the wing before they were noticed. Firemen stopped the fire from spreading to other wings of the frame buildings.

There was no estimate of damage but it was reported that administration records and valuable X-ray equipment had been lost.

POLL GIVES LILIENTHAL SLIGHT EDGE

Appointtees May Turn Down Post if Nomination Rejected

RIFT THREATENS

WASHINGTON, Feb. 23 (AP) — David E. Lilienthal has a substantial—but not conclusive—margin of Senate support for confirmation as Chairman of the United States Atomic Energy Commission, an Associated Press poll showed today.

A check of all but four of the 95 qualified Senators disclosed these results:

Forty favor confirmation, including 22 stating their stand publicly and 18 who disclosed their position with the stipulation that their names not be used.

Twenty-eight oppose the nomination, including 16 who have publicly announced their position and 12 who desire to remain anonymous for the time being.

Twenty-three say they have not made up their mind.

Four were not reached for the poll.

It has been generally accepted that the five other nominations for the Atomic Commission will stand or fall on the Lilienthal vote, with the other appointees refusing to serve in the case of his rejection even if they are confirmed.

PARTY RIFT

Support and opposition to Lilienthal, former Chairman of the Tennessee Valley Authority, has cut across party lines and has even threatened to split the Republican leadership into opposing camps.

Senator Robert Taft of Ohio, Republican Policy Committee Chairman, has opposed confirmation, along with Senators Wallace White of Maine, the party floor leader, and Hugh Wherry of Nebraska, the Republican whip.

Senator Arthur Vandenberg of Michigan, the presiding officer, generally is expected to support Lilienthal, as is Senator Eugene Millikin of Colorado. Both are members of the Atomic Committee, which may reach a decision on the nominations late this week if it can close the hearings by the Wednesday deadline.

Russians Think Could Have Won War Alone

MOSCOW, Feb. 23 — Two Soviet commentators say today that Russia could have licked the Germans single-handed.

One commentator, in a radio broadcast, says the military situation in 1944 would have enabled the Red Army to seize all of Germany and drive the Germans out of France without any help whatsoever from the Allies. It was because of this fact, he says, that Winston Churchill decided on the opening of a second front in Europe and the Normandy invasion.

Earlier, a Russian colonel, speaking on the 29th anniversary of the Soviet Army, said the Allied forces did not invade Europe until they realized the Russians were capable of destroying the Nazi war machine without Allied assistance.

REBEL LEADER TO SEE MUFTI?

JERUSALEM, Feb. 23 (AP) — Fawzi El Kaukji, outlawed "generalissimo" of the Arab revolt in 1936, arrived unexpectedly in the Middle East Saturday night, prompting a British inquiry into reports that he was en route to join the exiled Mufti for appointment as chief of a new Arab army.

Traffic Accident Victim Is Bride

Clover Kerr, 29, who lost both legs and an arm in a traffic accident 10 years ago, walks down the aisle of a Roseburg, Ore., church just after her marriage to Clark Robert Taylor, 25.—(AP wirephoto.)

38 Perish in Air Crashes

By The Associated Press

Thirty-eight persons were killed and 11 others, all United States Army Air Force fliers, were trapped but awaiting rescue from the windswept North Greenland ice-cap, in plane crashes during the weekend in widely-scattered areas of the world's airways.

The crash of a Chinese Air Force twin-engined transport Friday in a suburb of Chungking brought death to all 21 aboard, Chinese reports said, ice forming on the wings of the aircraft was tentatively blamed for the disaster to the plane, bound for Chungking from Sichang.

Near Tiajuana, Mex., Saturday night a United States Coast Guard seaplane crashed, killing 10 of the 12 persons aboard. The plane was returning from San Diego after removing a fisherman, stricken with pneumonia, from a fishing vessel. The patient died in the accident.

Tex Rankin, prominent auto racer and stunt flier, and two companions were killed near Klamath Falls, Ore., Sunday in the crash of an amphibian Rankin was piloting. A fourth person was hurt.

In Greenland's far North, the 11 army airmen, engaged in a photographic mission, crash-landed their four-engined B-29 bomber Friday after their ship became lost and its gasoline supply exhausted.

The B-29 and its apparently uninjured crew were sighted by a search plane which dropped a two-weeks supply of food.

Rescue operations got under way Sunday when three C-54 planes, attached to the army's Air Transport Command, took off from Westover Field, Mass., carrying a Coast Guard helicopter and survival equipment.

Lost in a snowstorm and out of fuel, a French military transport cracked up near Offenbach, Germany, Friday night, killing all four of its crew.

The Coast Guard "mercy" plane—a two-engine PMB—was nearing the end of its 1400-mile flight when radio contact with it was lost at it reached fog-shrouded Lower California.

IN SERIOS CONDITION

The ship hurtled into the side of a mesa, scattering wreckage over a 200-yard area. The condition of the two Coast Guardsmen who survived the crash was reported as serious.

Rankin, who claimed the world's championship for stunt flying, and his companions died when their airplane struck an electric power line after taking off and plunged to the ground seven miles from the Klamath Falls airport.

2 Storm Deaths

By The Canadian Press

A sharp cold wave in Manitoba and Saskatchewan coincided with dropping temperatures in Northern Ontario and near-blizzard conditions in parts of Southern Ontario and Quebec over the weekend.

While main Ontario highways were kept open, heavy snow storms moving Eastward from Lake Huron slowed traffic and blocked some secondary routes. Train and highway service was interrupted in the Listowel-Palmerston area Saturday night and Sunday and bus service between London and Kitchener was halted. All traffic was tied up at Goderich, on Lake Huron's Eastern shore.

Almost six inches of snow fell in the Toronto district, whipped into huge drifts in some sections.

Two Ontario deaths were blamed on the storms. Archie Smith, 19, of Listowel, was struck and killed when a railway snow-plow struck his stalled car. John A. Wilton, 23, died before reaching hospital at Sarnia after being thrown from his truck which failed to negotiate a turn on the slippery road.

32 BELOW

Edmonton and Calgary temperatures did not go below eight and 13 above zero respectively, but it was 32 below at the worst in Prince Albert, 29 below at Saskatoon and 26 below at Regina. Winnipeg had five below zero and Northern Ontario points generally were at zero or a couple of points below.

London's low point was 12 above, and the coldest at Toronto was 16 above, dropping to five above at Ottawa and eight above at Montreal, which had blizzard conditions for a time Saturday.

The Kootenays enjoying balmy weather saw the mercury at Nelson up to 57 degrees, and at Cranbrook up to 49.

Lead Supplies Below Demand

NEW YORK, Feb. 23 (AP)—Copper consumers continued heavy purchasing last week while keeping a worried eye on next month when the Office of Metals Reserve's supply of duty-free foreign copper will probably be exhausted.

Domestic producers continued to sell at 19½ cents a pound.

Consumers said that copper in sight for March aggregates 91,000 tons, compared with January's shipments of 143,692 tons, of which 59,396 tons was foreign copper allotted by the Government agency.

Lead prices held at 13 cents a pound, New York, and 12.80, St. Louis. Supplies are still far below demand. Shipments for the month were expected to be around 65,000 tons.

Prime Western zinc held firm at 10.50 cents a pound, East St. Louis. Special high grade for export was priced at 11½ to 11¾ cents, Gulf of Mexico ports. Traders noted increasing competition in foreign zinc.

Four Candidates Indicated for Montreal Byelection

MONTREAL, Feb. 23 (CP)—Entry of at least four candidates in the Montreal-Cartier Federal byelection March 31 was indicated with an announcement by the Bloc Populaire that it will contest the election and a statement by City Councillor Dave Rochon that he will run as an Independent Liberal.

The Liberal Party already has named Maurice Hartt, member of the Provincial Legislature for Montreal-St. Louis, as its candidate, and the Labor-Progressive Party, which formerly held the seat, has entered City Councillor Michael Buhay.

Fred Rose, serving a six-year penitentiary sentence for espionage activities, was the former member. The seat was declared vacant by the Commons.

Premier Improving

OTTAWA, Feb. 23 (CP)—Condition of Prime Minister Mackenzie King, confined to his home with a cold, is "much better" and "improving steadily," it was disclosed tonight.

A source close to Mr. King said he spent a good weekend, but there was no indication when he would be well enough to leave Laurier House. For a time last week it had been feared Mr. King might develop pneumonia, but this danger had passed.

Seize Hundreds in Blow at Extensive Nazi Underground

Arrests Continue in Giant Joint Push Against Group Claiming Possession of Secret Germ Weapon

BERLIN, Feb. 23 (AP)—British and American troops cracked down today on a widespread Nazi underground movement which claimed possession of a secret bacteriological weapon to turn against the occupying powers. A former colonel in the German army section that worked on war-with-germs project was among the "hundreds" seized.

It was the biggest push against the underground since the war ended, and the first on a bizonal scale.

Authorities said they had not learned definitely whether the group actually possessed a bacteriological weapon. Lt.-Gen. Lucious D. Clay reported that American authorities did not consider the movement "particularly dangerous," while a British spokesman said it was "silly and pretentious" but could not be allowed to spread.

HUNDREDS SEIZED

Moving swiftly over ice-glazed roads and in a snowstorm, soldiers and intelligence agents picked up a number of former high ranking officers in the S.S. (Elite Guard) and other Nazi organizations. The Americans reported the arrest of about 30 suspects in their zone but said most of the raids were in British Germany. There authorities said hundreds of persons were seized by "thousands" of allied troops in what was described as "Operation Selection Board." With arrests continuing, they disclosed no specific totals.

British officials said the movement had tentacles in the Soviet and French zones, and that its aims included restoration of German militarism and a Nazi dictatorship "in order to lead the nations of Europe against Russia." The Russians and French were kept informed of the progress of the raids.

British authorities said "scarcely a single portion" of the American and British zones was exempt from the widespread raids.

The United States Army said a tremendous potential exists for formation of groups which aim at creation of military domination which "must naturally be expected from a people who were completely indoctrinated in nationalistic propaganda and who are now still smarting under a defeat. As long as we are able to maintain our army in Germany, detection and suppression of future subversive movements can be made before they become dangerous."

THE OLD ORDER CHANGETH . . .

WASHINGTON, Feb. 23 (AP) — During the war, this saying gained circulation among United States and some Canadian servicemen:

If it moves, salute it.
If it doesn't move, pick it up.
If you can't pick it up, paint it.

The shift to peacetime family concerns, Attorney - General Tom Clark told a Veterans of Foreign Wars meeting Saturday night, has changed the advice to this:

If it cries, change it.
If it's on wheels, buy it.
If it's hollow, rent it.

RUSSIANS LURE GERMAN ATOM EXPERTS

Scientist Says French Irked by Uranium Seizure

REVEALING REPORT

GOETTINGEN, Germany, Feb. 23 (AP) — Dr. Werner Heisenberg, foremost German atomic scientist, disclosed that Russia had made a standing offer of 8000 rubles a month to any German atomic expert who would engage in reasearch for the Soviet Government.

The Nobel prize winner in physics for 1932 said three Germans were known to have accepted the offer, equivalent to $500 monthly at the diplomatic exchange rate.

Heisenberg observed that the production of atom bombs "is no longer a problem of science in any country but a problem of engineering."

He said Germany possessed a uranium pile in the last phase of the war that American agents spirited it away from the territory that was to be occupied by France.

"Germany's uranium pile, which I was building up to create energy for machines and not for bombs, was located at Haigerloch, 40 miles South of Stuttgart," the cheerful little man with bushy brows and receiding sandy hair said in an interview.

FRENCH IRKED

"It consisted of two tons of uranium, two tons of heavy water, and 10 tons of graphite. As the world now knows, the explosive, plutonium, is produced in such a uranium pile.

"Haigerloch was within the zone which the French Army was in the process of occupying early in 1945. But the French didn't get the uranium pile. All of it was transported off by an American (scientific intelligence) force before, apparently, the French knew what was happening. I heard that the French were very irked when they found out."

Dr. Heisenberg, 45, and six of his associates whom he directed in uranium research sponsored by the Nazi Government, now are pursuing "research in the cosmic ray" here under British control.

REPORT REVEALING

The scientist said he had read the Smyth report on the American development of the atomic bomb and "now I know exactly what was done, except for some small technical details." The report had been critized in the United States for allegedly betraying military secrets.

"I estimate, on the basis of the Smyth report, that the bomb is about a 20-pound sphere of plutonium, say the size of a volley ball," he said. "It is separated in two halves. Each is completely harmless and can even be safely put into a stove. But bringing them together in a few millionths of a second created the greatest lethal explosion in the world."

Found at Foot Of Bluff

NANAIMO, B.C., Feb. 23 (CP)—George E. McCormick, Vancouver insurance man, is unconscious in hospital here after being found by police at the foot of a bluff on the beach just North of the city today.

Police are attempting to locate two men said to have been with McCormick before the incident occurred.

Fumes Kill Two

VANCOUVER, Feb. 23 (CP) — Mrs. Irene Yates, 34, and her son Peter were overcome by gas fumes in their downtown home here today and failed to respond to inhalator treatment. George Gallant, father of Mrs. Yates, discovered the bodies of his daughter and grandson lying on the kitchen floor. Police said the oven gas jet was open.

F-L-A-S-H

MILLION BACK ON JOBS

LONDON, Feb. 24 (Monday) (AP) — The Government, confident it was successfully restocking the country's dangerously depleted coal piles, lifted the two-weeks-old electric power ban in the rich industrial Midlands early today, sending nearly 1,000,000 men back to work.

To Hold Inquest Into Death of Ellen Wilkinson

LONDON, Feb. 23 (CP)—Dr. R. Neville Stafford, Westminster coroner, announced Saturday that he would hold an inquest next Friday into the death of Miss Ellen Wilkinson, Minister of Education in the Labor Cabinet.

"I can not tell you my reasons for ordering an inquest," he said to reporters.

Miss Wilkinson, short, red-haired Labor Party leader, died Feb. 6 in a Paddington hospital. Her death then was attributed to a heart attack. She had entered the hospital with bronchitis less than 24 hours before. Other Cabinet Ministers said she had been overworking.

Announcing plans for the inquest, Dr. Stafford said it would be "held in public in the normal manner."

"There is nothing unusual in holding an inquest after the burial. The whole matter will be completed on Friday without sensation," he added.

It is understood that evidence will be given about tablets which Miss Wilkinson bought before going into the hospital.

No Ambition to Be Movie Star

LONDON, Ont., Feb. 23 (CP)—Attractive Jean Hardie, 19, of Vancouver, second year science student the University of Western Ontario, Friday night crowned Queen of the Arts and Science Ball, said Saturday she was without any aspirations to be a stage or movie star.

"I want to be a doctor," she declared, "and haven't any idea why I was picked to be Queen."

Miss Hardie, Vice President of her year, was chosen from 10 of Western's loveliest coeds. Only girls with satisfactory scholarship standing and who take part in extracurricular activities were allowed to stand for election.

Make Record Penetration Of Antarctica

ABOARD U.S.S. MOUNT OLYMPUS IN THE ANTARTIC, Feb. 23 (AP)—By-passing nearly 1500 miles of unknown coastline and flying over three different oceans, aircraft of the Western Antarctic Task Force today made the deepest penetration yet of the South-Pole continent.

The Western Air Force led by Capt. Charles Bond sent two long-range seaplanes to scout Prince Olaf Land and Princess Ragnhild Land on the opposite side of the Antarctic continent from Little America.

In stretching out their flight so as to bring Olaf and Ragnhild Lands under aerial surveillance, the American fliers passed by three almost unmapped areas—Princess Elizabeth Land, Mac Robertson Land and Enderby Land. To reconnoitre their latest find in a long series of aerial finds, Bond's airmen had to pass over the Antarctic, the Indian and the Atlantic Oceans.

Their presence on the the other side of Antarctica may foreshadow a later air rendezvous between Bond's force converging toward the centre of that area from the West and the force of Capt. G. J. Dufek, last reported converging toward the area in the Weddell Sea to the East.

Rule Illegal Strikers Forfeit Protection

WASHINGTON, Feb. 23 (AP) — Reversing an earlier decision, the National Labor Relations Board Saturday reinforced its policy that strikers in the United States forfeit their "protection" under the Wagner Act when their walkout is "unlawful."

An unlawful strike, the Board said, is one where unionists strike to obtain recognition of their union when the Board has certified a different union as the collective bargaining representative.

ENDS FOOD CONFABS

OTTAWA, Feb. 23 (CP)—British Food Minister John Strachey completed conferences in the capital Saturday aimed at speeding deliveries of food supplies urgently needed in Britain and departed by train for Winnipeg.

Britons' Hopes of End of Crisis Nipped; Blizzards Return

LONDON, Feb. 23 — A shy and timorous sun came out in England today for the first time in three weeks, but it immediately went back into hiding. Hundreds of persons were so astounded by the brightness that they called newspapers to ask if the 22-day sunless period had really ended.

LONDON, Feb. 23—The people of Britain were hoping they could relax a little next week. The rigid power restrictions were being let up a little and the great industrial heart of the Midlands would start to beat again. Electricity is being returned to industry in that one area. Britons hoped that was a sign that the Winter crisis was beaten—that things would return to normal in due time. The Government's White Paper nipped that idea in bud. The Labor Government said bluntly that if Britons don't keep their noses to the grindstone, the very basis of national life will be destroyed.

Then blizzard conditions returned to Northern England and a lot of the savings accomplished by power restrictions was undone.

Sunday a spokesman for the Fuel and Power Ministry said that the situation during the next 48 hours will be extremely critical. The coal shortage is back again in full force. This time it has hit gas companies and people using gas for cooking or heating are asked to cut it down by 10 per cent. By Monday, the Fuel Ministry expects that new measures will have to be taken. Gas may be brought under the same restrictions that now apply to power or the Government may close down certain gas works altogether.

RAILWAYS, ROADS BLOCKED

Heavy snowfalls blocked rail lines and highways in a wide area, isolated villages in the Yorkshire dales and delayed coal shipments from South Wales to industrial areas blacked out by a shortage of fuel and power.

Temperatures throughout the British Isles ranged from 10 to 18 degrees below normal and weather forecasts said the severe weather would continue "at least" for several days.

On the continent, however, temperatures moderated after more than a month of bitter cold.

In Paris the mercury stood three to five degrees above freezing and it rose to 50 or 60 degrees Fahrenheit along the Roviera.

Meantime, a North Sea storm was blowing itself out, removing one threat to vital coal supplies for London and coastal industrial centres.

Mine union officials reported thousands of miners would work Sunday overtime tomorrow and that at least 65 pits in South Wales would be in operation.

BATTLE DRIFTS

NEW YORK, Feb. 34 (AP) — The Snowstorm that lashed most of the Eastern United States and cost 51 lives, turned on Northern Maine today as thousands of other communities continued to battle through drifts.

Skies were clear over a large part of the blanketed area but in the Northeast bitter winds tossed up drifts and hampered road travel.

BALTIMORE, Feb. 23 — Army wreckers, trucks and jeeps, loaded with blankets and food, have joined road crews pushing through deep snowdrifts to rescue stranded motorists in Northern Maryland.

Ten-foot drifts blowing across a road 25 miles North of Baltimore trapped some 500 motorists in their cars. Two big rotary plows are moving ahead foot by foot, and already have dug out more than 50 automobiles.

State Police say it will be hours before the scores of remaining cars can be reached. Many of the stranded have taken refuge in nearby schoolhouses and service stations.

GRAIN ELEVATORS ALMOST EMPTY

VANCOUVER, Feb. 23 — Grain elevators — capable of holding nearly 20,000,000 bushels — are practically empty in Vancouver today. And 16 ships are lying idle in the harbor awaiting wheat blocked to the United Kingdom. Meanwhile, the grain, lumber and poultry industries in B. C. are anxiously watching the current box car shortage which is resonsible for the shiping paralysis. The latest threat is to stock and poultry raisers which are faced with a shortage unless more cars are available to Prairie shippers. Administrator R. M. Bryan says that continuance of movement of feed will mean a shortage of millions of eggs for the British trade.

VANCOUVER, Feb. 23 (CP) — The grain trade, the lumber industry and poultry raisers in British Columbia tonight kept watch on the box car shortage which threatens to paralyze shipments to the United Kingdom.

Latest threat is to stock and poultry raisers faced with a feed shortage unless more cars are made available to Prairie shippers.

Continuance of the slow movement of feeds will mean a shortage in British Columbia, said R. M. Bryan, Feeds Administrator here.

Poultry raisers have been the suppliers of millions of eggs for the British trade, and a feed shortage would seriously hamper efforts made to maintain a steady flow to food-short Britain.

Late Sport

Spartans Trim L. A.

SPOKANE, Wash., Feb. 23 (AP)—The Spokane Spartans defeated the Los Angeles Ramblers, 6-3, in a rough Western International hockey match tonight which gave the league title to the idle Kimberley, B.C., Dynamiters.

The second place Ramblers, a game and a half back of the Canadians, protested an earlier match with the Spartans and league officials have not yet acted on the protest which if upheld would still give Los Angeles a chance. The Ramblers meet Spokane here Wednesday and again next Sunday.

Bob Porter took a pass from Sonny Barchyn after ten minutes for the first Spartan goal but Flett tied it up at 13:29. Spokane, hopelessly sunk in the circuit cellar, went behind in the second period on Max Labovich's goal at 8:13.

Then the locals counted twice within seven minutes and added three in a row in the third to cinch the contest.

Lineups:

Spokane — Laface; Hammond, Kirk; Proulx; Haldane, Cook. Subs —Porter, Barchyn, Edwards, McCartney.

Los Angeles — Kneeshaw; Labovich, Lambrecht; Guinan; Levine, Miller. Subs — Cavanaugh, Hayes, Flett, Stewart.

First period—1. Spokane, Porter (Edwards, Barchyn) 10:00; 2. Los Angeles, Flett (Miller) 13:29.

Penalty—Hammond.

Second period — 3. Los Angeles, Labovich (Guinan) 8:13; 4. Spokane, McCartney (Proulx, Haldane) 10:51; 5. Spokane, Haldane (Proulx) 19:02.

Penalties—Kirk, Labovich, Flett, McCartney, Hammond, Miller, Guinan.

Third period — 6. Spokane, Porter (unassisted) :47; 7. Spokane, Cook (Proulx) 6:33; 8. Spokane, Haldane (Proulx) 10:05; 9. Los Angeles, Lambrecht (Miller) 17:27.

Penalties—Hayes (2), Kirk.

Record Crowd Watches Bruins Rap Hawks 9-4

CHICAGO, Feb. 23 (ARP)—Boston Bruins moved into a third place tie with New York in the National Hockey League tonight by defeating Chicago Black Hawks 9-4 before 20,004 persons — an attendance record for the Chicago Stadium.

Black Hawk officials claimed the standing-room-only throng was the largest in the history of modern professional hockey. It bettered the previous mark of 19,749 also established by the Black Hawks here Jan. 20, 1946.

SUMMARY

First period — 1. Chicago, Ashworth (C. Smith, Hamill) :41; 2. Boston, Marquess (Flamon) 4:33; 3. Chicago, M. Bentley (D. Bentley) 7:33; 4. Boston, Schmidt(Dumart, Bauer) 7:49.

Penalties—Guidolin, Nattrass.

Second period 5. Chicago, M. Bentley (D. Bentley, Mosienko) 4:54; 6. Boston, K. Smith (Reardon) 9:45; 7. Boston, Dumart (Schmidt) 13:47; 8. Boston, Reardon (K. Smith, Crawford) 16:42; 9. Chicago, Gee (D. Bentley, M. Bentley) 17:44; 10. Boston, Bauer (Dumart) 18:51.

Penalties—Flamon, Gee Cowley.

Third period — 11. Boston, K. Smith (Reardon, Cowley) 11:01; 12. Boston, Guidolin 16:33; 13. Boston, Bauer (Schmidt) 19:55.

Penalties—None.

TROOPS OVERRUN YUNCHENG

CHUNGKING, Feb. 23— Dispatches from Nanking say Chinese Government troops have overrun the City of Yuncheng, 300 miles Northwest of Nanking.

Field dispatches say the loss of Yuncheng has split Communist forces in their seacoast stronghold of Shantung Province. At the same time, government troops are said to be encircling another Communist-held town—Tzeyang, on the Tientsin-Pukow Railroad 200 miles Northwest of Nanking.

SAN FRANCISCO, Feb. 23—The Chinese Communist radio at Yenan charges that Chiang Kai-shek's action to restore the Yellow River to its pre-war course is causing widespread chaos.

The broadcast, heard in San Francisco by the Associated Press, said 300,000 persons have been made homeless and 40 drowned because new dykes had not been completed.

TOAST and TEA

A distinguished actor had a large photograph of Wordsworth prominently displayed in his dressing room. A friend regarded the picture with some surprise and remarked: "I see you are an admirer of Wordsworth."

"Who's Wordsworth?" demanded the actor.

"Why, that's his picture," his friend pointed out. "That's Wordsworth the poet."

The actor regarded the photograph with a new interest. "Is that fellow a poet? I got him for a study in wrinkles."

BANTAM LEAFS BEAT CANADIENS 4-3 AT KASLO

KASLO, B.C., Feb. 23 — The Maple Leafs and the Canadiens, Coach Lind's Bantam teams, played the second of their exhibition games when the Leafs managed to edge out the Canadiens 4-3. Jimmy Garrett ad Larry McHardy, goalies, played wonderful games.

Lineups:

Leafs — Jimmy Garrett, Gibby Lind, Kenny White, Terry Thompson, George Shimiss, George Lind, Melvin Henkel.

Canadiens — Larry McHardy, Kiyoshi Kitagowa, Akura Furukawa, Ray Norberg, Tommy Oki, Clarke Borokev, Donald Rafuse.

Gibby Lind for the Leafs and Akura Furukawa for the Canadiens each scored one in the first period, in the second period Terry Thompson from Gibby Lind. Gibby Lind and Kenny White each scored one. Akura Furukawa netted one for the Canadiens. In the third period, Akura Furukawa from Ray Norberg scored one.

There were no penalties.

Officials were Kiyoshi, Furukawa, scorers; George Morton, Timekeeper; Charles Lind and C. J. White, referees.

Infant Daughter Of Nelson Couple Dies

Virginia Edith Nielson, three-year-old daughter of Mr. and Mrs. Alfred Nielson, 511 Silica Street, died at her home Saturday afternoon after a lengthy illness.

Born at Rabbit Lake, Sask., the tot came to Nelson three years ago with her parents.

Besides her parents, she is survived by one brother, Kenneth, and grandparents, Mr. and Mrs. M. J. Nielson of Nelson and W. Henkiwyz of Unity, Sask.

Gambling Student May Have Used Marked Cards

SEATTLE, Feb. 23 — A Seattle newspaper says that one University of Washington student has been expelled and one suspended over charges of "crooked gambling" in veterans dormitories.

A university official is quoted as saying that a factor in the action taken by the discipline committee "was the probable use of marked cards."

MacArthur Sees Danger in Cutting Relief to Japan

TOKYO, Feb. 24 (Monday) (AP) — Gen. MacArthur expressed confidence today that the United States Congress would not slash the budget to a point that would "prejudice fulfillment of occupation objectives," and warned that cutting off American relief would make starving Japanese "easy prey to any ideology, however evil," which offered food.

Mother, 5 Children Burn to Death

NEVADA, Mo., Feb. 23 (AP) — A mother and her five children, ranging from 8 months to 9 years of age, burned to death when they were trapped in one room of their home following a heating stove explosion.

Charles Graham, the husband and father, is in a critical condition. He suffered burns over his entire body in attempting to reach his wife and children. He told firemen that the explosion followed his attempt to start a fire in the living room heater by using kerosene.

Each station in Moscow's subway system is done in a different architeceural style and with different kinds of stone.

Former Rosslander Posthumously Awarded Gold Operational Wings

ROSSLAND, B.C., Feb. 23 — Mr. and Mrs. A. J. Cleeton, former Rosslanders now residing at Kamloops, have been notified that their son the late Flt.-Lt. Barrington Cleeton has been poshumously the "Gold Operational Wings."

Flt.-Lt. Barry Cleeton was attending the Rossland High School at the time of his enlistment and was flying with the Royal Naval Air Services Spitfire Squadron when he was lost in action over Sherbourg on June 25, 1944. Previous to going overseas he served as an instructor.

His grave was found in April 1946 and his body re enterred in Bayeau Military Cemetery.

Mr. and Mrs. Cleeton and family are well known in Rossland and District, having been in the employ of the C.P.R. at Trail, Rossland, Cascade and Brilliant and moved to Kamloops about a year ago.

FLT. LT. BARRY CLEETON

Deputies Agree On Austria's Air Force

LONDON, Feb. 23 (Reuters)—The Big Four Foreign Ministers Deputies meeting here to confer on Austrian and German peace settlements Saturday decided that Austria shall have an air force of 90 aircraft and 5000 personnel, but no agrement was reached on the size of the Austrian Army.

Almost complete agreement, however, was reached on a list of those persons who may not serve in the future Austrian army or air force. All the Deputies agreed on the following categories:

1. Persons not of Austrian nationality.

2. Austrian nationals who were German nationals before the Anschluss.

3. Austrian nationals who served as Generals in the German army between the Anschluss and April, 1945.

4. The following types of collaborationists: Members of Nazi Party organizations; authors of prohibited pro-Nazi works; leaders of industrial, financial and commercial undertakings who cooperated actively with Germany.

Today's session on the military clauses of the Austrian treaty completes the study by the Deputies of this section of the draft. The clauses, whether agreed or not, now go forward to the Moscow conference of Foreign Ministers next month.

On the important provision for the withdrawal of occupation forces, the four powers concurred on a period of 90 days after the treaty is in force.

Pastor Niemoeller Coming to Canada

TORONTO, Feb. 23 (CP) — The German pastor who dared to defy Hitler is to visit Canada.

Pastor Martin Niemoeller who lived for eight years in a Nazi concentration camp is coming to Toronto in March. He is now on a speaking tour of the United States.

Doctor Neimoeller is Vice-President of the Council of the Evangelical Church in Germany.

Mrs. Neimoeller who is accompanying her husband will address a Toronto women's meeting.

INFANT KILLED IN BED BY RATS

BIRMINGHAM, Ala., Feb. 23 (AP) —An infant boy was found dead in his bed, and City Detective C. L. Pierce said the child had been killed by rats.

The victim was 4-months-old Lonnie Eugene Mathews, son of Mr. and Mrs. James Mathews. The family lives in rooms atop a combination business and residence building.

Pierce quoted the parents as saying they placed the child's bed in the kitchen because it was warmer there. They heard no outcry during the night, the detective said.

Ask for Extension Of Occupancy of Community Centres

VANCOUVER, Feb. 23 (CP)—Five British Columbia community centres, functioning in property controlled by Central Mortgage and Housing Corporation, are fighting to get an extension of occupation after July 31, the eviction date named by the Corporation.

Mervin Kirkton, Chairman of the Sea Island Community Centre, said tonight a request was being sent to the Corporation asking that the centres be allowed an extension of occupancy.

"We have a real need of the centres, and we function in a purely community way," he said.

The centres are located at North Vancouver, James Bay, Esquimalt, Prince Rupert and Sea Island.

U. S. Farmers Face Fertilizer Shortage

WASHINGTON, Feb. 23 (AP) — Presidential Assistant John R. Steelman reported tonight there will not be enough fertilizer to meet demands of United States farmers this year.

"Serious regional shortages have already begun to appear," said his statement on inter-agency fertilizer, a report which shoved fertilizer to the first rank of Federal problems.

Arab Leader Makes Mysterious Escape

CAIRO, Feb. 23 — The leader of the Arab revolt of 1936 has arrived back in the Middle East.

He is Fawzi el Kaukji.

Kaukji and his wife were aboard a commercial plane which refuelled at a Palestine airport on a flight from Europe to Cairo. British officials explain that an investigation is under way to find why he was permitted to leave Palestine, where there is a reward of $8000 for his capture.

Further Plans For A. C. T. Amateur Nights

Associated Canadian Travellers of Nelson, who sponsored the first of the Association's Amateur Nights at Salmo Saturday night to raise funds for improvements of the Boy Scout camp at Kokanee, discussed the project at the Golden Gate Saturday.

It is planned to broadcast the first Amateur Night at Nelson over CKLN March 21. Talent is to be strictly local. After hearing the performers, listeners will telephone their votes on the talent and thus choose winners. A charge to be placed on each vote will go to the camp Busk improvements proceeds.

President C. T. Armstrong presented a Past President's pin to C. A. Cook. Two films, shown by J. M. Morley, were enjoyed.

Thieves Have 1920 Cans "Hot" Soup On Their Hands

VANCOUVER, Feb. 23 (CP) — Thieves who were active here have a problem—how to get rid of 1920 cans of "hot" soup.

The soup—all of it vegetable — was stolen from the W. R. Campbell, Ltd., after the huge warehouse doors had been jimmied. It was the second such theft in 10 days. On Feb. 12, $40 dollars worth of soup — again all of it vegetable — was stolen from the same warehouse.

Mind Subject Of Lesson Sermon

"Mind" was the subject of the Lesson Sermon in all Churches of Christ, Scientist, on Sunday.

The Lesson Sermon included the following passage from the Bible: "For they that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit. For to be carnally minded is death; but to be spiritually minded is life and peace." Romans 8: 5, 6.

Among the selections from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, was the following: "Let unselfnishness, goodness, mercy, justice, health, holiness, love — the kingdom of heaven — reign within us, and sin, disease, and death will diminish until they finally disappear."

CLAIMS TERRIFIC MISTAKE IN ARRESTING PASTOR ON ARSON CHARGE

MILWAUKEE, Feb. 23 (AP) — Counsel Harry V. Meissner Saturday described as a "terrific mistake" the arrest of Rev. Dr. John Lewis, 72, pastor of one of Milwaukee's oldest and largest churches, on a charge of arson in connection with a $150,000 fire at the church of which he has been pastor for nearly 12 years.

The elderly pastor of the Calvary Presbyterian Church appeared on the arson charge Friday and was released on $1000 bond pending a hearing March 10. Meissner, his counsel, said the District Attorney's office was "wrong as it could be in the interpretation it had placed on evidence in the fire."

New Malting Barley Yields More

WINNIPEG, Feb 23 (CP) — The story of a prolific new malting barley whose 50 bushels distributed as seed in 1945 have produced 74,000 bushels for planting this Spring and may yield 2,000,000 bushels by late 1948 became known Saturday.

It was told at the closing session of the National Barley and Linseed Flax Committee's convention last night by A. T. Elders of a Winnipeg (Canada Malting) malting company. Among those who listened were Prof. E. A. Lods of Macdonald College, Ste. Anne de Bellevue, Que., its originator, and Richard Platte of Nipawin, Sask., whose four original bushels have grown to 26,000.

The new barley, which threatens to supplant the old standard O.A.C. 21, is Montcalm.

FAMILY LIFE TOPIC AT P.T.A. MEET

Discussion under the title "Family Life" was conducted at the February meeting of the Nelson Parent Teacher Association in Hume School. It was decided to continue the topic, which evoked lively conversation, at a future meeting.

Plans for the P.T.A. Shamrock Tea and Program in mid-March were also discussed.

Announcement was made that the P.T.A. border conference will be held in Nelson May 16 and 17.

A letter from the National Film Board urging more frequent utilization of films was read.

Measles on Rampage; Indian Toll Rises

THE PAS, Man., Feb. 23 (CP) — The death toll in an epidemic of measles raging among Indians in the isolated Lac Du Brochet area, 250 miles North of The Pas, was reported to have risen to 20 with fears expressed it would continue to rise sharply.

The report, from Trader James Gowans, followed one from a Roman Catholic Missionary who indicated an epidemic other than the original one of measles had overtaken the Indians. The latest message said however, the most recent deaths followed measles or complications resulting from the disease.

It came as Dr. Robert Yule, Medical officer for the Indian Affairs Branch of the Federal Resources Department, was awaiting an airplane to return him to the area. None was expected to be available until sometime during the weekend.

Eleven Indians had died of measles or pneumonia which followed the disease before the original epidemic apparently was checked and Dr. Yule and two nurses, Aileen Kennedy of Flin Flon and a Miss Craig of Nelson House, also in Manitoba, returned South.

Latest word from the hunting-trapping settlement, however, said that nine more had succumbed but that none of these was a patient who had been treated with penicillin, quantities of which had been flown in. All nine were said to have died of measles or complications.

The original outbreak was blamed on harsh weather, primitive living conditions and a quest for caribou, which brought the Indians South are among carriers of the disease. Normally, the caribou would have been wintering farther North and the Indians would not have come near the settlement.

DEATHS

NEW WESTMINSTER, B. C.,—Dr. William A. Dewolf-Smith, 86, pioneer physician and prominent citizen of New Westminster.

ADA, Minn., (AP)—Kenneth McGregor, 62, of Ada, former President of the United States National Aberdeen Angus Cattle Breeders Association.

CHAMPAIGN, Ill.—John Lawson, 92, a newspaperman at the turn of the century and once active in Minnesota politics.

VANCOUVER — A former sergeant-major of the Northwest Mounted Police, Sidney Marshall, 80. Born at Saint Ives, England. He joined the Mounties in 1890.

Over 80 Attend Legion Meet At Castlegar

CASTLEGAR, B.C., Feb. 23—More than 80 delegates and visitors participated in the Canadian Legion West Kootenay Zone meeting here over the weekend, 10 resolutions of 13 brought forward being passed.

Branches from Edgewood, New Denver, Kaslo, Trail, Nelson, Grand Forks, Fruitvale, Salmo and Rossland as well as Castlegar were represented at the meeting.

The Sunday meeting was opened in the morning by Stanley Horswill, President of the Zone Council. Delegates were welcomed on behalf of Castlegar by Otto Walker, Commissioner, A. J. Clark of New Denver replying. Jack Webster of Rossland extended a welcome on behalf of Branch 117, Castlegar, Major P Mathisen of Trail, Department of Veterans Affairs, replying.

Many complements were expressed on the new Castlegar Legion Hall. Delegates were entertained at a smoker there Saturday night.

Next Zone meeting is to be held in Trail in June.

Chairmen of the various committees were, S. J. Newell of Nelson, Resolutions; W. H. Houston of Castlegar, Finance; and Mr. McKenzie of Fruitvale, Credentials.

John Mondini, In District 12 Years, Dies

John Mondini, resident of Nelson and District since 1935, died Saturday afternoon at Kootenay Lake General Hospital at the age of 48.

Mr. Mondini, who came to Canada from his native land, Italy, in 1922, settled first at Kamloops. He later moved to Britannia, where he was employed from 1924 to 1928. After a five-year stay in Vancouver, Mr. Mondini returned to Kamloops. Two years later he came to this District, where he worked in several mines. His home here was on the Upper Granite Road.

He is survived by his wife, three sons, Brian at Zincton and Raymond and Arthur at home, one brother, Andrew at Zincton and two brothers and one sister in Italy.

Last Rites for Mrs. A. Gill

ROSSLAND, B.C., Feb. 23 — Funeral services for the late Mrs. Annie Gill, 79, who died Thursday after a lengthy illness were held Saturday afternoon from St. Andrew's United Church, Rossland, Rev. T. B. McMillan officiating.

Mrs. E. A. Morris sang "The Old Rugged Cross" while the congregational hymns sung were "Jesus, Lover of My Soul," and "Rock of Ages." Mrs. E. Jamieson presided at the organ.

There was a wealth of floral tribute.

Pallbearers were A. Endersby, John Clair, R. McAllister, H. Singer, Philip Breeze, J. Burdon and J. Roscorla.

Interment was in the Sunnyside Cemetery, Rossland.

Two Tie for First Place in A.C.T. Amateur Show Held at Salmo

(Contributed)

History was written Saturday night when the Associated Canadian Travellers, Nelson Branch, held their first amateur show in British Columbia at Salmo.

The amateur show in aid of Girl Guides and Boy Scouts was played to a packed house in the K.P. Hall donated by the K.P. Lodge.

There were 19 amateur contestants, young and old, and the audience was favored with almost every type of entertainment known to show business and some until Saturday evening unknown.

The show was directed by a local master of ceremonies, assisted by Past President C. A. Cook of Nelson A.C.T. Club.

There were many highlights of the evening, beginning when the A.C.T. director of the show had a car mishap enroute, and failed to appear until later in the evening with equipment and special entertainers. However, the show must go on, and Charlie Cook was drafted without previous notice and ably filled the vacancy.

C. T. (Armie) Armstrong, President of the A.C.T., was introduced and welcomed the audience. He gave a short talk on the A.C.T. aid for youth movement and explained the Nelson club's present objective in building up the Scout camp at Kokanee.

Ed Chamberlain and Walter Jackson of Nelson, made the trip to Salmo and contributed some special entertainment. The climax of the evening was reached when C. A. Donaldson was requested to sing. He agreed providing the audience would put up $20 in aid of the Scouts. The money flowed in and Mr. Donaldson sang two lovely old Irish songs. The contestants young and old made an excellent showing.

The winners of the evening picked by popular vote, $1 for every 100 votes, were as follows:

First, George Beatty and Gloria Jean Grieves, tied for first honors; Second, Olga Jamaiff; Third, Rose Grieves. These winning contestants will receive a surprise by mail. The winners will compete in the final amateur show to be broadcast over CKLN for the grand prizes, against other contestants from other points at a date to be announced.

Don Ure, Commissioner of Boy Scouts, Nelson District, was present and gave an enlightening talk on what scouting means to the average boy and thanked the A.C.T. for their efforts on behalf of Girl Guides and Boy Scouts.

The next A.C.T. Amateur Show will be held in the Capitol Theatre in Nelson, March 21.

Surrey Lad May Have First Coast Blue Baby Operation; Heart Will Be 70 in Four Years

VANCOUVER, Feb. 23—The first operation to save the life of a blue baby ever attempted in Vancouver may be performed on a 9-year-old Surrey, B. C., lad—if funds can be raised to finance the cost of surgery. The boy is David Woods—and doctors say his heart will be 70 years old by the time David is 13.

David's plight is a heart condition that prevents his system from getting blood to keep warm and active. It came to the notice of neighbors when a cold snap hit the district last month. The lad couldn't manage the long walk to school. He had to sit down in the road and rest. He was so cold he hugged radiators in the local grocery store to keep warm. His fingers and lips were deep blue.

Trail Curling

Monday's draw for the four way final of the Warfield Competition of the Trail Curling Club follows:

6:00 p.m. — W. Rae vs D. MacLennan; T. H. Weldon vs C. W. MacBey; R. Somerville sr. vs R. C. McGerrigle; S. Biagioni vs R. McGhie.

7:30 p.m. — H. H. Miller vs R. E. Hill; J. D. Hartley vs L. Fortin; A. Robb vs S. Gray; A. E. Allison vs A. B. Clark.

9:00 p.m. — C. D. Stuart vs T. Nixon; J. Mark vs A. Crichton; Rege Stone vs R. Varcoe; J. F. McIntyre vs L. F. Wendel.

The Weather

Synopsis: Clearing skies were general over B.C. Sunday as an area of high pressure established itself over the Northern Coast. Mild weather was general over the Western slopes with temperatures reaching 60 in the Okanagan region. Across the border temperatures were five to 15 degrees higher than normal and San Francisco reported the warmest February 23rd on record. Continuing clear skies and mild weather are expected.

Kootenay: Clear. Light winds. Colder early with high temperatures at Cranbrook 48, Crescent Valley 55.

Vancouver: Clear. Fog patches in low areas persisting until late morning. Winds light. Colder early Monday with temperatures rising to a high of 50 at Vancouver and 55 at Abbotsford.

Okanagan: Cloudy in the valleys early Monday otherwise clear. Light winds. Little change in temperature. High Monday at Penticton 57, Kamloops 55, Lytton 55.

Teen Towners Return Landis

CASTLEGAR, Feb. 23—A big day in the lives of some 'teen-agers Saturday saw the second general election in Caslegar Teen Town. George Landis was returned as Mayor by a wide majority. Successful candidates in Ward I (girls) were: Carol Davis, Phoebe Flynn Joy DeFoe and Ara Reid. Those elected in Ward II (boys) were Floyd Boettger, Jack Smith, Pete Plotnikoff and Charlie Appleton.

The unsuccessful candidates were for mayor, Bill Saunders; for aldermen, in Ward I, June Sherbiko and Eileen Tupper; in Ward II, Bill Ozeroff and Gordon Parker.

Preceding the election the members enjoyed checkers, cribbage and other card games in the Parish Hall. The candidates were introduced and each stated his or her platform. Returning Officer Lloyd Groutage outlined the election procedure and then the members went through one of the important objects of Teen Towns: how to vote correctly; and to prove to the elders that they do learn. It was announced that there were no spoiled ballots. Mr. Groutage was aided by Deputy Returning Officer Mrs. C. Saunders and Scrutineers Lilian Waldie and Lorne Marshall.

Voting in Teen Towns is slightly different to enable the two groups to have equal representation. Boys elect the required number of boy aldermen (Ward II) and girls elect the same number of girl aldermen (Ward I). All the members vote for the mayor.

Out of the 45 eligible voters, only 25 used the franchise.

A dance followed. Mr. Groutage took movies of the happy 'teen-agers.

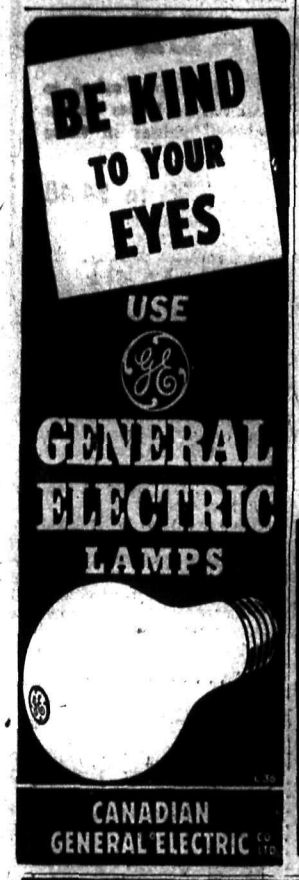
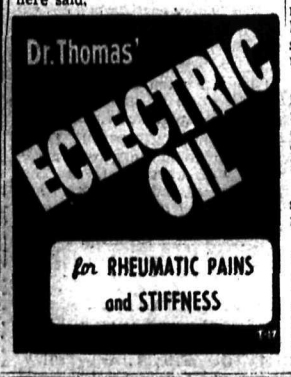
WILL NOT DIVERT CANADIAN AID TO CHINA SUPPLIES

EDMONTON, Feb. 22 (CP)—Medical supplies and other equipment sent to China by the Canadian Aid to China fund will not be diverted for special use by the Chinese government, it was announced at Fund Headquarters here today.

Press dispatches yesterday told of a Chinese government request to UNRRA for wheat and cotton instead of machinery originally earmarked for the relief program. Maj.-Gen. Lowell Rooks, Director General of UNRRA said the government apparently contemplated selling the grain and cotton in order to crack black market prices in China.

Canadian Aid to China Supplies however, will not be diverted under any circumstances and will not be used for purposes other than those directed by the Canadian Committee in Shanghai, officials here said.





Thinks N.S. Strike May Last 6 Months

GLACE BAY, Feb. 23 — The coal miners have received their last pay until after the strike ends. While the strikers were tramping through snow to pick up their pay enveloped, their leaders were making plans for a long strike. On Union man says it may last three to six months. Union officials—whose pay envelopes don't depend on the mines—have decided not to take their pay until the miners are earning again. Salaries for Union officials range down from the $300 a month paid to Freeman Jenkins, President of the Union.

The Union leaders have returned from Ottawa and they will tell the miners what happened at two mass meetings Monday. The Cape Breton Labor Council will also meet Monday. The Council represents 15,000 workers and it will discuss aid for the striking miners.

Dosco has offered a raise of $1 a day over current basic rates of $5.84. However, this offer is conditional on an increase i nthe output per man from 1.4 tons to 2.4. The union has rejected this offer. The union says the company is responsible for upping the output.

The Federal Government has offered a formula. It would give the miners their $1.40 including the company's offer of $1 with the same conditions. This offer also has been rejected.

There has ben no hint of the possibility of the early reopening of negotiations.

Independent coal mine operators, W. N. MacDonald, said he was willing to agree retroactively to whatever contract might eventually be signed if the union would send the miners back to his pit right now. The offer was refused.

In the United States, a 10-day sympathy strike of 6000 hard coal miners has been settled. The miners had walked out of the pits at Lansford, Pennsylvania, when 13 men staged a sit-down strike as a protest over a pay cut. A committee of A.F.L. United Mine Workers reached a settlement last night when the Lehigh Navigation Coal Company agreed to restore the pay cut.

Officials of the big steel plant at Sydney, Nova Scotia, have denied reports that they will close down because of the coal strike, but they admit that the coal strike has forced them to bite deeply into their coal supplies.

The Sydney plant ordinarily uses 1,000,000 tons of Cape Breton coal a year, and now that the coal supply has been cut off, they are making savings wherever they can—but they hope to keep the big plant open for as long as possible.

Predict Summer General Election

OTTAWA, Feb. 23 — There is some talk of a general election during the Summer. The talk is far from definite and only a few Members of Parliament subscribe it.

Those who predict a general election during the Summer base their forecast on the Liberals' narrow majority in Parliament.

Government forces only outnumber the opposition by five, and a Liberal member has told the Canadian Press that Prime Minister MacKenzie King is not happy about that small margin. According to this source, the Prime Minister feels that his government cannot carry out all its policies without a more comfortable majority.

NO OPPOSITION FROM LIBERAL

This source says most Liberals would not oppose an election within the next few months. It is said that the C.C.F. and Social Credit parties would like more time to organize. Feeling among the Progressive Conservatives is said to be mixed.

The Liberal member said the government probably would try to have the Redistribution Bill passed before calling an election. Under that bill the Commons membership would be increased from 245 to 255. Two of the new seats go to British Columbia.

BRITAIN MAY TAKE PART OF B. C. APPLE CROP

U. K. Market Fear Loss of N. S. Growers

HIGHLY PROBABLE

OTTAWA, Feb. 23 (CP) — Representations have been made to Britain that she take a "certain proportion" of the Maritime and British Columbia apple crops in 1947 and there is confidence here that she will agree, informed quarters disclosed Saturday.

Confronted with reports from Kentville, N. S., that Annapolis Valley apple growers feared loss of the United Kingdom market to which they sent 625,000 barrels worth almost $3,000,000 from the 1946 crop, a qualified source commented:

"We have never had trouble selling our apples to Britain—she wants them badly in fact. But such contracts have to be negotiated on a year-to-year basis because of the uncertainties of the crop."

As for lapsing of the Apple Marketing Board in Nova Scotia, set up under wartime legislation, it was expected here that it would not be allowed to lapse. Although no legislation now is before Parliament to provide for its continuance. It was expected. Agriculture Minister Gardiner would bring down a covering bill before expiry of the present legislation March 31.

It was noted that the throne speech mentioned agricultural marketing legislation. It was believed this would cover such agencies as the Apple Marketing Board in Nova Scotia and its counterpart in British Columbia.

It was learned that apple growers in Nova Scotia's Annapolis Valley, fearing loss of markets for their $6,000,000 industry, had proposed to the Federal Government that Britain contract to take a certain proportion of the Nova Scotia apple crop every year.

This proposal, a spokesman said, had been passed along to the British Food Ministry where it now was being considered.

A similar proposal was made to Britain on behalf of apple grower's in British Columbia's rich Okanagan Valley, which last year sent 2,500,000 boxes of apples worth close to $6,000,000, to Britain.

However, it was not expected a decision would be forthcoming from Britain for some time since it concerns the next crop.

Expect Appointments to Fill Diplomatic Vacancies This Week; Believe Miners Will Get Demands

By The Ottawa Staff
Of The Canadian Press

OTTAWA, Feb. 23 (CP)—A number of appointments to fill vacancies in Canada's expanding diplomatic service are expected to be announced shortly, possibly this week.

It is likely, for instance that the External Affairs Department will announce the appointment of a successor to John Kearney, Canadian Minister to Norway and Denmark, who is leaving that post to become the first Canadian High Commissioner to India.

Another post which will be filled soon will be that of Canadian Ambassador to Mexico. The incumbent, Hugh Keenleyside, recently was appointed Deputy Minister of Mines and Resources.

There also is the likelihood of an appointment of a Canadian Minister to Switzerland, a new post. The Department is understood to be looking for an appointee for the post of Canadian Minister to Czechoslovakia.

There are vacancies in the ranks of High Commissioners in South Africa and Australia.

There also is the question of Canadian diplomatic representation with the former Nazi satellites but with the possible exception of Italy, it is not expected that diplomatic relations will be resumed with those states for some time.

Strike: While the Federal Government is out of direct participation in the Maritime Coal strike, there is an inclination here to believe that the miners will get their wage demands, with a possible resultant backwash.

The suggestion is that the companies, to keep operations going and preserve their markets, will grant the pruning knife to their non-producing staff to counter-balance it.

One source estimated that a raise of this magnitude would be followed of necessity by a 500-man layoff. Some of these men, it was stated, might be transferred from surface jobs or non-productive jobs underground to the coal face, where the fuel is actually mined.

N. W. L. B.: Its job almost completed, the National War Labor Board will pass out of existence in a few weeks. It is expected that by March 31, or shortly after that, the Board will clean up all cases before it and will be able to disband.

RIVAL POLES IN BITTER TUG-OF-WAR

284,000 in West Europe Refuse To Return Home

CONFIRM FEARS

WARSAW, Feb. 23—A bitter tug-of-war is going on between rival Polish factions in the American zone of Germany.

On the one side are the 284,000 right-wing Poles in Western Europe who refuse to go home. This group dreams of the resurrection of the Polish Government in exile, disbanded long ago in London. It takes its inspiration from the remnants of the Polish army still in England.

The other side comprises the supporters of the Warsaw government, who work among the displaced Poles, trying to win them over. Authoritative American sources say the two groups have spun a network of spying, scheming, threatening and blackmail of each other.

The struggle extends across Europe from London to Poland. But it centres in the American zone, where 157,000 Poles are living in displaced persons camps or on the German economy.

The Warsaw Government has a reparations mission in the United States zone. One source says they spare no effort trying to get back every possible man.

Opponents of the Warsaw regime both inside and outside the camps send agents into Poland to report on conditions. An official states that the agents always assert that conditions in the homeland confirm their worst fears.

Cut U. S. Imports

CANBERRA, Australia, Feb. 23—Prime Minister Chifley has announced a cut in imports from the United States. The import reduction is intended as a measure of assistance to Britain. The cut amounts to nearly 52 per cent.

Australia would have imported $83,000,000 worth of goods from the United States and now will import only $35,000,000 worth.

Would Personally Execute Band Chieftain

ATHENS, Feb. 22 (AP) — The Foreign Ministry today released a cable Premier Demetrios Maximos received from Pericles Eliades of the Greek Parliament, saying that Eliades personally would "execute" band chieftain "Captain Markos" if the latter appeared before a Balkan Investigating Commission as proposed by T. G. Thomas, British Member of Parliament.

Eliades, whose 20-year-old daughter was slain recently by guerrillas, described "Markos" as a "blood-stained criminal brigand of the Communist Party" and said, "it is inconceivable that the commission could accept such a proposal" as was made by Thomas.

Meanwhile, press dispatches said one woman was killed and seven houses were burned by an insurgent attack on the village of Thouria, several miles North of Didymotichon near the Turkish border.

To Consider Foreign Influence on Students

DENVER, Colo., Feb. 23—A three-member faculty committee has been appointed at the University of Colorado to consider evidence of foreign influence in student organizations, including a chapter of the American youth for democracy. Appointment of the committee was announced in Boulder by University President Robert Stearns.

Three Accused On Trial Again For Dick Slaying

HAMILTON, Feb. 23 (CP)—Almost a year after tram-driver John Dick met his death and furnished Hamilton with its most celebrated slaying, the Crown moves Monday to bring to trial the three persons accused of the slaying.

To stand trial on a joint indictment for the killing and dismemberment of John Dick last March are:

Mrs. Evelyn Dick, raven-haired 26-year-old widow of the slain man;

Her father, red-faced, baggy-eyed Donald MacLean, 68 now, and former employee of the same street railway for which John Dick had worked;

Her friend of a year and a half ago, 27-year-old William Bohozuk, a big-framed steelworker.

For Mrs. Dick this is her second trial for husband-killing. Convicted after a nine-day trial last October, she was sentenced to be hanged Jan. 7, but successfully appealed her case and won a new trial, this time before Mr. Justice J. C. McRuer.

Bohozuk and MacLean have faced an Assize Court jury before this also. They stood trial for two days before Mr. Justice F. H. Barlow, who sentenced Mrs. Dick, but when the convicted widow refused to testify against her father and boy friend the Crown, over the protests of the defence counsel, obtained a postponement of the case against the two men.

Key to the Crown's case against Mrs. Dick was information she gave the police in statements which the trial judge ruled were admissible as evidence but which the Ontario Court of Appeal held were not proper evidence. Because these statements were held to have been taken without Mrs. Dick being given proper warning, the appeal justices ordered a new trial.

To date those same statements stand as the only story given the public on the manner in which John Dick died. Mrs. Dick's statement, given police last April while she took them over the alleged murder route, said she drove a borrowed car with John Dick beside her in the front seat while Bohozuk rode in the rear, and, at a lonely spot 15 miles from Hamilton, the steelworker killed Dick with shots from a gun provided by MacLean.

The woman added that the body later was placed in her garage, was dismembered, and the headless, limbless torso tossed on Hamilton Mountain, where small boys discovered it March 16. The limbs have never been found, but police claim recovery of pieces of burned bone from ashes taken from Mrs. Dick's home.

Why John Dick died remains a mystery so obvious that during hearing of the appeal Mr. Justice Robert Robertson remarked only part of the story had been told.

NO MOTIVE

He could find no motive in his review of trial evidence, and felt quarrels between Mrs. Dick and her Russian-born husband of five months might inspire divorce action but hardly murder.

Since last October the Crown is said to have uncovered new evidence and located a witness who saw the murder car on the road the day Dick was killed.

UNION STRIKE THREATENS STEEL INDUSTRY

Padgett Asks Workers to Follow Into A.F.L.

4900 JOIN

SYDNEY, N. S. Feb. 23—a fight between unions is shaping up in the steel industry. A former international representative of the C.I.O. union, Harold Padgett, resigned his berth with that union recently and he is asking workers to follow him into an A. F. L. union which will probably be called the Steelworkers Council of Federal Labor Unions. Padgett was defeated in an election for National Director of the C. I. O. steel union recently. Now he says that 4900 workers in steel fabricating plants have joined his new union and he says another 2900 in the basic steel plant at Hamilton want to join.

Gov't May Act Soon to Increase Commercial Rentals But Domestic Rentals Remain Same Till May 1

By GEORGE KITCHEN
Canadian Press Staff Writer

OTTAWA, Feb. 23 (CP)—Reports circulated in the Capital Saturday that the Government would take action shortly to increase commercial rentals, possibly by as much as 25 per cent, but that domestic rentals would remain unchanged until May 1.

These reports, unconfirmed in official quarters, said the upward adjustment in commercial rentals would be on a sliding scale which would range as high as 25 per cent. This may become effective at the month-end.

UNDER STUDY FOR SOME TIME

The Cabinet is known to have had increases in rentals under study for some time, but is thought to have decided to leave domestic rentals unchanged until the traditional moving period around May 1.

There have been reports that the Government has been under heavy pressure from landlords of both types of accommodation to make some adjustments which would give justice to owners of prewar accommodation which still is renting at prewar rates.

Saturday's reports coincided with recent indications that the Government already has printed, or is in the process of printing, forms to be made out by landlords in application for increased rentals if and when they are decided.

The Government is known to feel that there are many cases of injustice in the field of rentals, particularly among those owners with prewar homes and premises, but has been unable to find a formula which an equitable adjustment could be made.

But even if the Government does take some steps to increase rentals generally, it was not likely the vital eviction control will be removed.

Announcement on Check Off

By announcement in the press and elsewhere, officials of Locals 480 (Trail) and 651 (Kimberley) of the I. U. M. M. & S. W. have indicated that the Company's offerr made last January to these Locals concerning check-off is still open. In order that there may be no misunderstanding, the Company wishes to state that this offer, which was formally rejected by both Locals, IS NO LONGER OPEN FOR ACCEPTANCE. Mr. Harvey Murphy, Regional Director of the I. U. M. M. & S. W., and both Locals have been formally notified to this effect by the following letter:

Trail, B. C.,
February 18, 1947.

Mr. Harvey Murphy,
c/o Local 480,
International Union of Mine,
Mill and Smelter Workers,
Trail, B. C.

"Dear Sir:

"Since last Thursday, the 13th instant, we have discussed informally the question of check-off for Trail and Kimberley. I wish to confirm what I told you in our conversation this afternoon.

"Following the arrival of our President in Trail on Sunday, the 16th instant, we have reviewed the whole situation. In Kimberley on the 7th and 8th of January, and again by my letter of the 10th of January, we offered the check-off to Locals 480 and 651 under certain terms and conditions. Again, in Trail on the 22nd January, we repeated these offers in the presence of the Provincial Deputy Minister of Labour, who had been sent to Trail by the Provincial Minister of Labour, as the result of a request made jointly by the two Locals. On each of these three occasions, and formally by letter, our offers were refused by the Locals. Subsequently, on the 30th of January we were informed by the Minister of Labour that he was referring the matter to the Wartime Labour Relations Board in Ottawa for an opinion.

"AT OUR MEETING TODAY I EXPLAINED TO YOU THAT, BECAUSE OF THE CIRCUMSTANCES AS OUTLINED ABOVE, AND OF THE FACT THAT RENEGOTIATION OF OUR AGREEMENTS CAN BE COMMENCED ON THE 1ST OF APRIL NEXT, THE COMPANY CONSIDERS IT SHOULD NOT RENEW ITS OFFER, AND HAS DECIDED TO DEFER ANY FURTHER DISCUSSION ON THE MATTER UNTIL A REQUEST IS MADE FOR RENEGOTIATION OF OUR PRESENT AGREEMENT.

"I am sending copies of this letter to Locals 480 and 651.

"Your very truly,
"W. S. KIRKPATRICK,
"Assistant General Manager."

Problem of Disciplining Child Rises When Playmates Conduct Rules Differ

Every mother knows that when her child is expected to live up to higher standards of safety and conduct than his playmates, her problems of disciplining him increase. Yet if all parents had no higher standards for their children than many of their neighbors have, what would happen to children, to the community, to the nation?

One of the largest problems is that many parents who know better, don't have the courage to require their children to observe ways of behavior different from their playmates. Then there are parents who conscientiously try hard to discipline their children as they know they should, but the odds are too great in the examples of other children for them to succeed.

A MOTHER WRITES

A certain mother writes: "You have helped my husband and me very much with our daughter, 3½ years old. The jealousy problem about which I consulted you last year has cleared up. Our little girl is also learning to play nicely with other children. Moreover, she eats well, helping herself to foods offered her and has a clean plate before leaving the table.

"But we have another problem causing us great concern. We have been allowing her to play on the sidewalk by the house, permitting her to go each way as far as the next door properties. For a while she stayed within these boundaries, until other children began to come to play with her. They would ride farther down the street than she was allowed to go; also into the paved alley three doors West. None of these children have been supervised whatsoever, and they roam the neighborhood, their mothers instituting a neighborhood search for them at mealtime.

"How can I make my daughter understand that she must stay within certain boundaries when the other children may roam at will? We don't feel we should relax our standards because other parents are less careful."

OBJECTIVES ARE RIGHT

Here is virtually the way I answered this mother:

You are right in your objectives. But you are dead wrong in supposing your child cannot be trained to stay within designated boundaries, regardless of what the other children do. It can be done. I know from experience with our own children when they were also very young.

You are also wrong in your implied supposition that you should train your child to stay within the boundaries by some sort of persuasive talking. Decide on how wide the boundaries should be for your child's safety. Define them very clearly once. Then let everything else go for a few days so you can be outside near her when she is there. If necessary bundle the baby up and take him along. The moment that child goes beyond the boundary seize her and paddle her soundly. Be sure it really hurts. Limit all the punishment to your hand. Say nothing. Don't even explain that she must obey whether the other children do differently or not.

LEARN FROM EXPERIENCE

She must and will soon learn from experience that she is responsible to you for her acts, regardless of what her playmates do. Be sure there can be no exceptions to the rule that for each violation of the boundary limits, she will get immediate effective pain.

It should take only a few days to do this training, though you will need to be vigilant for some while thereafter. Read to her. Have good times with her when all is well. At certain intervals attract the other children into your home, a few at a time, and try to help them enjoy being there, but send them home as soon as they violate your necessary rules. Very best wishes to you young parents and that little child.

The Doctor

Atom-Splitting Machines May Produce Weapon to Combat Toxic Goitre

Atomic medicines may be the next great news in the never-ending fight against disease. Already one substance—radioactive iodine—made by use of the cyclotron or atom-splitting machine, shows promise of furnishing us with a swifter, surer weapon against toxic goitre than we ever had before. Thus, the same science which created the tremendous destructive forces of the atom bomb may be the future means of saving innumerable lives and preventing untold suffering.

It is too early yet to do anything but hope, but first results indicate that hope is well-founded, at least so far as the treatment of goitre is concerned.

ENLARGED THYROID GLAND

Goitre simply means an enlargement of the thyroid gland. Sometimes this enlargement takes place without producing any adverse symptoms. This condition is called simple goitre. In other instances, the gland not only enlarges, but produces an excess of its secretion to bring about the condition we call hyperthyroidism, or toxic goitre.

The symptoms include loss of weight and strength, rapid heartbeat, nervousness, and symptoms affecting the eyes. In some instances, the eyeballs protrude. Toxic goitre, if allowed to continue without proper treatment, may result in permanent damage to the heart and other tissues.

For many years the X-ray has been used along with other forms of treatment for hyperthyroidism. Studies have shown that with X-ray treatment about one-third of the patients are improved, one-third are cured, while the remainder are not benefited. Iodine also is used in the treatment of toxic goitre. When given in the proper dose it tends to relieve the symptoms at least temporarily, so that other measures may be employed.

RADIOACTIVE IODINE

Drs. Earle M. Chapman and Robley D. Evans of Cambridge, Mass., have used radioactive iodine in treating a number of patients with hyperthyroidism. The preparation is given by mouth. After it is administered, the iodine collects for the most part in the thyroid gland. The radioactive iodine in the gland delivers internal radiation which is much like X-ray treatment in its effect.

They treated 22 patients over a period of about three years. Fourteen patients responded well to just a single dose of the radioactive iodine. Three were given two doses and five three doses. Only two of the patients were not cured, and these two improved to a great extent.

Patients who did not respond to other forms of treatment reacted well to the administration of the radioactive iodine. Reactions much like those which occur following X-ray treatments were noted in six patients who were given large doses of the radioactive iodine.

It would appear from these results that treatment of toxic goitre with radioactive iodine is simple, easily carried out and without any serious dangers. Of course, the substance should be administered only under the directions of the physician.

IF everybody and everything irritate you, something should be done. F'instance—perhaps the caffein in tea or coffee is the cause. Perhaps you should drink Postum instead!

Postum is a grand drink! Not like tea, not like coffee, but so downright delicious you'll love it just for its own sake. And Postum contains no caffein, nor any other drug to affect heart, nerves or digestion. Made instantly in the cup, it costs less than 1¢ a serving. Try Postum today!

BARCLAY ON BRIDGE

By Shepard Barclay

"The Authority on Authorities"

NOT ALWAYS GUESSING

IT IS not guessing when a fine player selects the successful way to play a particular suit with two or more optional methods available. Clear-cut logic usually determines the preferential course. With considerable high card strength hidden from sight in the hands of the two defenders, the contract may depend on which the declarer counts on to hold the majority. Which had a chance to overcall cheaply, and which did not get a chance to call until the bidding was high? The answer to that can cause the declarer to play on the assumption that the second defender has the missing strength, but was shut out of showing it.

North: ♠ K J 9 4 3 ♥ J 10 5 4 ♦ A 9 7 ♣ K

West: ♠ A 6 ♥ A K 3 ♦ 10 8 4 2 ♣ J 7 5 4

East: ♠ Q 2 ♥ Q 9 ♦ K Q J 6 5 ♣ 9 8 3 2

South: ♠ 10 8 7 5 ♥ 8 7 6 2 ♦ 3 ♣ A Q 10 6

(Dealer: North. Neither side vulnerable.)

North	East	South	West
1 ♠	Pass	4 ♠	

South had made a typical expert use of the jump all the way to game with a hand whose values were predominantly distributional and thereby justified something of an overbid. After such a bid, the declarer must have more than a minimum hand—which he certainly did not—or else his share of luck, which he surely did.

East opened the diamond K, and North planned his moves. East having shown at least one quick trick with that lead, he decided to count West for the remaining big cards. With an ace on the side, he reckoned, East probably could have overcalled, whereas West could hold as much as three quick tricks and still get shut out by South's jump. The diamond opening—instead of a heart—was a lucky break for North, as he saw a chance now to discard a couple of hearts.

The opening lead was won by the diamond A, the club K scored, the diamond 7 ruffed, the club A and Q used for two heart discards and the spade 7 led. West played the 6. Now, as it turned out, if North finessed the J, he would be set, as East could win with the Q. But North, counting on West for the A, came in with the K. He ruffed the diamond 9 and led the spade 10, on which both the A and Q fell. That assured success, as he now had only two hearts to lose.

This is a good lesson hand. Remember the principle of it.

• • •

Tomorrow's Problem

North: ♠ K Q J 9 6 5 3 ♥ K 10 9 7 6 5 ♦ None ♣ None

West: ♠ A 8 2 ♥ Q 8 4 3 ♦ 7 ♣ J 7 5 4 2

East: ♠ 10 ♥ A 2 ♦ A K J 10 9 5 4 3 ♣ 10 3

South: ♠ 7 4 ♥ J ♦ Q 8 6 2 ♣ A K Q 9 8 6

(Dealer: North. North-South vulnerable.)

Would you open the bidding on North's hand? If so why, and with what call?

Tasty Recipes

By ALICE DENHOFF

Once in the week's menu I try to give you recipes for finishing left-over meat. Usually I plan this for Monday's menu, as one often has meat left over from Sunday dinner. If you've dined on chicken on Sunday, there are many delicious dishes that may be made of the left-over meat which may be combined with other ingredients to stretch what is left.

TODAY'S MENU

Chicken and Noodles
Chicken Pilaf or Baked Chicken Timbales
Potato Chips if liked
Cabbage and Celery Salad
Fruit Compote Cheese
Crackers Coffee

CHICKEN AND NOODLES

Half pound broad egg noodles, ¼ pound grated Parmesan cheese, salt and pepper, 2 tablespoons flour, 2 cups cooked chicken meat, 2 tablespoons butter or margarine, 1 cup cream or top milk, 1 cup chicken stock, 2 egg yolks.

Cook the noodles in boiling, salted water 15 minutes. Drain, rinse with cold water and drain again. Reserve 2 tablespoons cheese and mix the rest with noodles. Season with 1 teaspoon salt and 1-16 teaspoon pepper. Arrange in greased baking dish, cover with chicken. Melt butter or margarine, add flour, and cook and stir until well blended; add cream and chicken stock and bring to boiling point; add egg yolks, blend, and pour over chicken. Sprinkle with cheese, and bake until thoroughly heated and well browned. Serves 6.

CHICKEN PILAF

Two cups hot cooked rice, 3 tablespoons butter or margarine, ½ cup canned tomatoes, ½ teaspoon salt, ½ cup diced, cooked chicken, chicken stock or gravy or canned broth, dash cayenne.

Melt margarine in omelet or frying pan and add rice; cook 3 minutes. Add tomatoes, chicken, and enough stock or gravy to moisten. If you have it, add a chicken liver, sauteed in chicken fat or margarine, then separated into small pieces. Cook 5 minutes and season highly with salt and cayenne. Serves 4.

CHICKEN TIMBALES

Two tablespoons butter or margarine, ¼ cup stale bread crumbs, 1 cup chopped cooked chicken, 2-3 cup milk, ½ teaspoon salt, ¼ tablespoon chopped parsley, 2 eggs, slightly beaten, 1-16 teaspoon pepper.

Melt the margarine, add bread crumbs and milk, and cook 5 minutes, stirring constantly; add chicken, parsley and eggs, then season. Grease molds slightly and fill 2-3 full. Place in pan of hot water and bake 20 minutes or until firm, in a moderate oven (350 F.) Makes 6. Serve plain or with a sauce.

Beauty Hints

By IDA JEAN KAIN

Corrective Gymnastics for Special Needs Should Be Under Care of Physician

Not infrequently, this column receives requests for special medical gymnastics, many of which require guidance and should be done only under direct supervision. Recently there have been any number of requests for special exercises for dropped stomach, or visceroptosis, the medical term. Tosis means a dropping down of any part of the body, and in this connection it is displacement downward and forward of the abdominal organs with consequent backache and chronic fatigue.

All such cases most certainly should be under the care of a competent physician. A special type corset is advised, one that can be adjusted in such a way as to lift the abdominal organs. The patient is instructed to put on the corset while lying down, with hips elevated to counteract gravity and restore the organs to their proper position before the corset is fastened to hold them securely.

The most common cause of dropped stomach is improper posture. Not only should there be an uplift along the abdominal wall, but this must be carried through the ribcage and chest. Therefore the exercises should be directed toward strengthening the abdominal muscles and the muscles that cover the ribs and lift the chest, and all exercises should be taken in a special position to assist in replacement of the abdominal organs.

The following exercise is very simple and easy, but please consult with your doctor first. He may wish you to postpone exercise until later.

Position: The equipment is a straight chair without arms, placed sidways. Lie on the back on floor, with lower legs across the chair seat, so that the under part of the knee is at the nearest edge of the chair, which brings the back of the hips close to the chair. Arms should be down at sides.

Movement: Raise hips off floor to a straight line, pulling up and in with the lower abdominal muscles and at the same time stretching arms back on floor overhead. Hold. Return to position with hips on floor, arms down at sides on floor. Repeat six times, slowly, later increasing the number.

Some specialists recommend a board for the "inverted-lying position for all correctives of this nature. A sturdy board can be placed with the foot end elevated, opposite end of board on floor. From this position knees can be flexed and thighs drawn toward chest. Ask your doctor about such a board.

CARLYLE, Sask. (CP) — The eagle which attacked Dick Nahmexie and tore his coat on the Moose Mountain Indian Reserve apparently did so from hunger. The big bird, overpowered and put in an empty shack is being fed regularly now on rabbits trapped by Nahbexie.

PARKA GIRL — Maxine Branham, (above) chief hostess for Alaska Airlines, was an entrant in the contest to decide the queen of the Anchorage Fur Rendezvous.

Rookie Weds Childhood Sweetheart

Love Problems

By JANE ATKINSON

A Wayward Husband Has Brought a Wife to the "End of Her Rope"

There is no more desperate feeling in the world than that of being, as the saying goes, "at the end of one's rope."

Only those who have gone through the experience for which those totally inadequate words stand can appreciate the sense of utter desolation, of frenzied helplessness, that settles down on a person who, having run round and round inside the trap of an intolerable situation, seeking a loophole through which he might crawl to safety, he at last comes face to face with the fact that he sees no way of escape. And judging by the letters which come daily to my desk, I am afraid of there are many wives who will know just what the writer of the following letter is talking about when she says: "I'm about at the end of my rope as to what I should do, and as to what is expected of me, and I thought perhaps you could give me a new angle on how to cope with this situation."

Her story is the old and bitter one of the husband who betrays his wife and laughs in her face when she finds it out. She tells it this way:

"I am married to an army officer, and have been for some five years. He's a rather nice-looking fellow, and I'm not pretty but average-looking. I have found out that my husband has been running around with other women, and it nearly kills me. I've always worshipped him so very much.

"During the two years he was overseas, I was true to him. I worked hard in a defense plant, and supported his mother. I never went any place, but saved my money, except for the few clothes I bought so I could look nice when he came back. He has been back nearly two years now, and I'm still wearing the clothes I bought two years ago, while he spends our money on other women.

"We have an adorable baby three months old, whom I never neglect. I suffered the tortures of the damned to give my husband the son he wanted, and now he's ready to put me aside. He tells me he can get my son away from me and will go to all ends to do it.

"I love my baby and I love my husband, but I'm slowly learning to hate him. I've begged and pleaded with him to stop this sort of life, but he laughs at me. He knows I know he goes out with these low-type women, and it doesn't seem to bother his conscience a bit.

"Just what can I do?"

In a situation of this sort, begging and pleading accomplish just exactly nothing. As a matter of cold fact, I believe they actually only make things worse. Invariably such scenes end in violent quarrels, and quarrels only give the husband an excuse for going off and seeking what he feels to be more congenial company.

So the first thing to do — and almost the hardest — is to avoid accusations, reproaches or tears. Keep as silent as you possibly can on the subject until you are prepared to utter an ultimatum. Don't keep telling your husband you're going to leave him if he doesn't mend his ways. Constant threats of that sort weaken your position. He knows you know what he is doing. You've begged and pleaded with him to stop it. Now let the whole thing drop till you make up your mind what you want to do.

And there are, of course, only two alternatives open to you if your husband persists in his present behavior. One is to stay with him, accepting the situation as it is and sticking it out for the sake of financial support, your child, a conventional desire to avoid scandal or a desperate hope that he may change. The other is to pick up your child and leave. Go to another city, get yourself a job and start out to make a new life for yourself and your child.

Which of these two things you do depends on whether you want life to move, or to stand still; whether you prefer any sort of existence with the man you once loved, or peace of mind without him; whether you would rather stay forever dangling "at the end of your rope" and cut yourself down, get on your feet and go places again.

It's a hard choice, but it's one that's up to you.

Chess Replaces Hockey In Interest Of Hundreds of Teen-Agers

By HARRY ECCLES
Canadian Press Staff Writer

TORONTO, Feb. 23 (CP) — You think the kids are all gaga over hockey? Not so,

Hundreds of teen-agers jammed Central Technical School here Friday night for a chess tournament. I. A. Horowitz of New York, world chess master and editor of "Chess Review," was there to play 40 boards against junior players representing various Toronto schools.

Bernard Freedman, Secretary of the Chess Federation of Canada who devotes much of his time to encouraging younger players, was there too, to give the best replied he could to hundreds of queries from junior chess enthusiasts. He told them the Toronto junior championship will be held during Easter holidays and the kids can use time clocks if they want them. Fifteen high and public schools are contesting league games in three sections.

TWICE BITTEN

Johny Mitchell, Manager of Pittsburgh Hornets in the American Hockey League, probably wonders what he did to tire thieves. Home for a weekend visit recently he was able to make use of his car because an insurance company had replaced four tires stolen not long ago.

But when he went to get the car out again after leaving it in the garage overnight, he found the four tires stolen again—and this time the wheels had been removed as well. But the thieves did leave the bolts and hub caps behind. Maybe Johny can use them.

New Roles Have Hutton Sweet and Gentle, Bacall Soft and Feminine

By HELEN BANNERMAN
Canadian Press Staff Writer

Two of the screen's high-personality actresses are going to change their types in their next pictures—riotous Betty Hutton and sultry Lauren Bacall.

Miss Hutton's next will be "Dream Girl," about a gentle young woman who lives so much of her life in her imagination it nearly loses her a real-life romance. Reports from Paramount say we will scarcely be able to recognize Miss Hutton after her change of pace to this role.

Lauren Bacall is completely changed in "The Dark Passage," in which she now is before the cameras co-starred with her husband, Humphrey Bogart. The sultry toughness is gone and instead she plays a soft, feminine person.

MUSIC NOTES

Jan Peerce, the operatic tenor, will appear with Deanna Durbin in "For the Love of Mary" . . . Jack Leonard, a singer recently signed by Columbia, will make his screen debut in "Swing the Western Way," the first of four cowboy musicals the studio has lined up for him.

Original Brazilian songs, found in the wild Indian country where the film troup went on location, highlight "End of the River," a forthcoming J. Arthur Rank production, co-starring Sabu and Bibi Ferreira, South American beauty.

$64 QUESTION

When Deborah Kerr finished "Black Narcissus" in England she packed up and went to Hollywood for her starring role with Clark Gable in "The Hucksters." She offered her country home, "Mayfield," in Sussex, for auction but to her amazement there have been no bidders for the place, in spite of England's serious housing short-

ICE GATE STARTS TO CLOSE IN ON NAVY EXPEDITION

ABORD U.S.S. MOUNT OLYMPUS IN THE ANTARCTIC, Feb. 23 (AP)—A scouting plane Saturday found signs that a great ice gate was beginning to close in on the United States Navy expedition at Little America, where continuation of tent town life became a race against the swift approach of Antarctic Winter.

At Little America the sun set Friday night for the first time since last October, heralding the approach of the long Antarctic Winter.

Rear Admiral Richard E. Byrd, expedition commander, will make the decision of when to abandon the tent camp, and may seek further aerial scouting of the icepack as a basis for this decision.

McNUTT TO RESIGN AS U. S. ENSIGN TO PHILIPPINES

MANILA, Feb. 23 (AP)—Paul V. McNutt said Saturday that he would return to the United States soon to resign as Ambassador to the Philippines. This was believed to forecast early conclusion of an agreement on U. S. military bases in the Philippines.

Agree That Mixture Of Chemicals Caused Explosion

LOS ANGELES, Feb. 23 (AP)—Chemical experts agreed Saturday that a 300-gallon mixture of chemicals equivalent to 3600 pounds of explosive virtually as violent as nitroglycerin caused the downtown Los Angeles explosion which killed 15 and injured 158 Thursday.

A mixture of perchloric acid and acetic anhydride was the lethal potion which disintegrated the O'Conn electroplating plant, wrecked nearly a block of buildings and rattled a square mile of the city, said police chemists.

Workmen still searched for two others still missing.

Appointed Member Of N. T. Council

OTTAWA, Feb. 23 (CP) — Resources Minister Glen announced appointment of John G. McNiven of Yellowknife, N.W.T., as a member of the Northwest Territories Council.

May Deport "Lucky" Luciano to Italy

HAVANA, Feb. 23 (AP)—Charles "Lucky" Luciano, former New York vice overlord, was arrested Saturday and interned in an immigration camp for possible deportation to Italy.

An investigation had been ordered after the United States cut off narcotics shipments to Cuba on the ground that Luciano's presence here might lead to diversion of the drugs.

REELECTED PRESIDENT

MONTREAL, Feb. 22 (CP) — C. David of Montreal was reelected President today of the Royal Architectural Institute of Canada at its annual assembly.

J. Roxburgh Smith of Montreal was reelected First Vice President and John Porter of Vancouver was elected Second Vice President.

During his 15-day visit in the United States, President Barreta will call on President Truman at the White House. He will also stop in New York and Philadelphia.

Canada's Ace Secret Agent Leaves Post

OTTAWA, Feb. 22 (CP)—One of Canada's ace secret agents of the Second World War today left the Reconstruction Department and went back to his peace-time job as consulting engineer.

He is Lesslie R. Thompson, a former farmer of nearby Manotick, Ont., whose wartime title of "special liaison officer,, covered a host of underground jobs including acting as confidential agent for Reconstruction Minister Howe and as the key executive of a secret committee on atomic energy.

At one time Mr. Thompson was instrumental in helping in the organized escape of 500 Polish technicians and engineers from under the nose of the Gestapo. They were subsequently brought to Canada.

As a "private citizen" loaded with cold cash and a persuasive manner he purchased numerous yachts in the United States for use by the Canadian Navy early in the war. A neutral country, the U. S. could not have sold the ships to the Canadian government.

Mr. Thompson was also a member of the secret pre-Hiroshima Atomic Energy Committee, and acted as agent for Canadian supplies of uranium, thorium and other radio-active elements.

He is returning to his pre-war engineering work in Montreal.

Churchill Tests of "Unestimable Value" To Both Countries

WINNIPEG, Feb. 23 (CP)—Cold-weather experiments now being carried on at Churchill, in Northern Manitoba, will be of "unestimable value" to both Canada and the United States, General A. G. L. McNaughton and Fiorello LaGuardia said Saturday before their departure for the East.

Chairmen respectively of the Canadian and United States sections of the Canada-U. S. Joint Defence Board, they returned last night from a trip to the Hudson Bay army base where Canadian and U. S. troops are conducting the tests.

They stressed, however, that the results of the experiments will be as valuable from an economic, social and civil standpoint as from a military one.

"The North is as cold as a usurer's heart, but it has tremendous possibilities," Mr. LaGuardia said.

NO ROCKETS OR SPECIAL AIRCRAFT

General McNaughton added that if anyone in the party of military attaches and newspaper men scheduled to visit the base later this month expects to see "rockets which go to the moon, or special jet-propelled aircraft, he's going to be very disappointed."

The only aircraft there were being used to test navigation equipment or to land supplies.

"Our experiments this year are aimed chiefly at learning how to live under Arctic conditions — how much work a man can do and what special precautions are necessary to offset the rigors of the climate. The big thing is to solve the problems of living conditions and transportation."

"It's not just a question of keeping warm. We've got to consider comfort and ability to move easily. Clothing can't be heavy and bulky if a man is going to fight or work in the North." General McNaughton said.

There was no doubt the Arctic would be opened up to mining and other economic enterprises, Mr. LaGuardia said, "We can't go on with that great vacuum hovering over us."

FRESH WATER PROBLEM SOLVED

One major problem — supplying men with fresh water—already had been solved partially by use of "shaped charges"—explosives developed during the Second World War They will cut a hole two inches in diameter through 10 feet of ice on a river, and "it's much simpler than hacking away with a sledge hammer for a couple of hours."

12 Injured in Plant Explosion

UTICA, N. Y., Feb. 23 (AP) — At least 12 persons were injured Saturday when a terrific explosion demolished a two-story knitting machinery manufacturing plant and two other buildings and shattered windows in a seven-block area in downtown Utica.

Police listed one man as missing. Five persons are in hospital and the others were treated near the scene for cuts and minor injuries.

NELSON SOCIAL

By MRS. M. J. VIGNEUX

COLWELL-MANAHAN

Trinity United Church presented a charming scene Wednesday afternoon at three o'clock for the ceremony performed by Rev. T. J. S. Ferguson when he united in marriage Doreen Patricia, third daughter of Major and Mrs. R. M. Manahan, and John William Colwell, youngest son of James C. Colwell and the late Mrs. Colwell of High River, Alta. The bride, who was given in marriage by her father, was attended by her sister, Mrs. W. P. Kapak, as matron of honor, Miss Edna Peacock and Miss Barbara McLennan, as bridesmaids and by Miss Donna Mary Boothroyd as flower girl. The groom was supported by Bud Day of Macleod, Alta and the ushers included William P. Kapak and Arthur Godfrey. The Senior Choir of the Trinity Church of which the bride was a former member sang "Oh Perfect Love." Collin Baker rendered "Oh Promise Me" at the signing of the register. Mrs. C. W. Tyler accompanied the former selections and also played the wedding marches. For the marriage the bride was exquisite in a wedding gown of traditional white Duchess satin en train, full length veil and elegant headdress of white ostrich feathers, and carried a gorgeous bouquet of American Beauty roses and heather. The church was adorned in an artistic arrangement of yellow daffodils and colorful baskets of flowers. The reception following was at the home of the bride's parents, 712 Carbonate Street. The same floral decorations were carried out as in the church. Guests were received by the bride's mother. Unique again was the smart tea table covered by a cut work cloth, centered by a three tiered wedding cake, which was flanked by dark pink rose buds and silver and white candles. Presiding at the urns were Mrs. A. N. Winlaw, Mrs. J. H. Wallace, Mrs. R. L. McBride and Mrs. Maud Hanna, while guests were invited to tea by Mrs. H. A. Doak and Mrs. L. E. Borden. Others assisting *as serviteurs included Mrs. Alex Al*lan, Mrs. Vincent Fink, Mrs. W. K. Gunn, Mrs. C. F. Gigot, Mrs. W. Jeffs, Mrs. J. Ross, Mrs. K. Grenfell, Miss Dorothy Stewart, Mrs. Duncan Smith and Mrs. J. M. Armstrong of Larkspur, Calif. For the honeymoon to Calgary and Banff, Mrs. Colwell chose a smart black dressmaker suit, white accessories, platinum fox fur the gift of the groom and a corsage of pink roses. The couple eventually will make their home in Macleod, Alta. Alex Allan as a close friend of the family proposed the toast to the bride, ably responded to by the groom. This being followed by congratulations from Rev. T. J. S. Ferguson and the reading of the telegrams of felicitations by N. C. Stibbs. Out-of-town guests were Mr. and Mrs. Bert Charlton, Mr. and Mrs. Bud Day, Mr. and Mrs. E. Shelding, Frank Brewster all of Macleod, Alta. Mr. and Mrs. Clark Colwell of High River and Mrs. J. M. Armstrong of Larkspur, Calif.

FROCKLAGE-DAVIS

A pretty wedding of interest in the district took place at the Cathedral of Mary Immaculate Tuesday morning when Rev. Armando Maglio united in marriage Miss June Davis youngest daughter of William Davis of Vancouver Island and Albert Frocklage son of Mrs. Clara Frocklage of Nelson. The bride wearing a lovely white satin gown and a finger tip veil, carried a bouquet of white and red carnations. Her attendant was the groom's sister Mrs. E. Pounder and Mr. Pounder was best man. Following the cermony a reception for immediate relatives and friends was held at the home of Mr. and Mrs. E. Pounder.

● Mrs. Ian C. Campbell of Willow Point visited the Hon. Mrs. H. Perry Leake, Vernon Street, Friday.

● St. Saviour's W. A. members met Thursday in the Memorial Hall with Mrs. S. C. Latornell as President presiding and Mrs. C. R. Hamilton as tea hostess. Others attending included Mrs. C. E. A. Simmonds Mrs. F. H. Stringer, Mrs. A. Williams Mrs. J. Wood, Mrs. Wilson Whiteley, Mrs. F. P. Clark, Mrs. C. H. Burgess, Mrs. J. Draper, Mrs. C. E. Lister and Mrs. H. A. Doak.

● Honoring Mrs. George Harkness, nee Miss Honor Tregar, the members of the Hospital Women's Auxiliary, held a very pleasant evening party at the home of Mrs. H. M. Whimster, Fairview. The guest of honor was presented with a gift *of china. Guests included Mrs. Rob*ert Todd, Mrs. G. R. Bone, Mrs. W. Wright, Mrs. A. Brett, Mrs. G. C. A. Arneson, Mrs. W. Jeffs, Mrs. R. Scott, Mrs. N. C. Stibbs, Mrs. J. A. Wilson, Mrs. G. B. Russell, Mrs. Whimster, Mrs. R. A. Barnes, Mrs. G. S. MacIntosh, Mrs. J. H. Coventry, Mrs. H. Smith, Miss Gladys Ewing, Miss Carmen Horton and the honor guest Mrs. George Harkness.

Preserves Ear

R. D. Muegge, Longview, Tex., travelling man, points to the spot in his abdomen where he has carried his right ear since last October when a surgeon burried it there in an effort to keep it alive until he recovered from injuries sufficiently to have it grafted on the head again. He left Dallas, Tex., hospital after the first of a series of operations to replace the ear.

Three Killed in Traffic Tie-Up

SAN FRANCISCO, Feb. 23 (AP)—Three persons were killed and five injured in the pileup of six automobiles on the fog-shrouded San Francisco-Oakland Bay bridge early Saturday. The resultant tieup of traffic caused another automobile to ram the machine waiting in line ahead of it, setting it on fire and injuring a sixth person.

SOLDIERS BURN TO DEATH

REYKJAVIK, Iceland, Feb. 23—(AP) — Two United States soldiers were burned to death when a roaring fire, whipped by a 55-mile wind, destroyed two Quonset huts used as crash stations at Keflavik airport.

The fire was caused by an explosion of an oil-fuelled water heater in one of the huts.

FAMOUS EAGLE — Lois Jean McCullough admires a stuffed American eagle in Congress Hall, Philadelphia, which custodians believe was the model for the eagle on U. S. currency. It belonged to Charles Willson Peale, artist.

ORIGIN OF FLIN FLON'S NAME LOST IN MAZE OF AGE OLD LEGENDS

By NORMAN ALTSTEDTER
Canadian Press Staff Writer

FLIN FLON, Man. (CP)—Some say the name was Professor Flin Flon, others that it was Flintabatty Flonatin, but they agree that the name of the novel in which he was the hero was "The Sunless City" and that it was appropriate for this rugged mining town perched on the rock and muskeg of the Precambrian Shield.

The hazy history of the naming of this town of some 9000 miners, fishermen, trappers and lumbermen, 250 miles Northwest of Regina, is traced by one group of historians to a lonely prospector who found a novel on a Churchill River portage in 1914, in which a Professor Flin Flon was the hero. He liked the name and gave it to the present site of the town, the story goes. But no one today has ever come across a copy of the novel.

Partisans of the other explanation say the character in the novel was named Flintabatty Flonatin and that he descended in a submarine to the Sunless City where gold was used for all construction.

A group of prospectors are said to have remembered the story when they were doing early work on a claim which centred on a conical hole. They named it Flin Flon.

There are more than 2000 'Flintabatty Flonatins" descending into the mine of the Hudson Bay Mining and Smelting Company here every day now to delve not only for gold, but for copper, silver, aluminum, cadmium and the purest zinc in the world.

Although when anyone refers to "The Company" it is taken for granted that the H.B.M.S. company is the one referred to, the town is also a big fishing centre. More than $1,000,000 worth of fish from teeming Norhtern lakes were marketed through Flin Flon last year.

The fish find their way to markets across Canada and in the United States by air or along the Canadian National Railwys, the only methods of getting to the "outside."

HIGHWAY OUTLET

But there is tlk now of "The Road" — the 100-foot right-of-way being sliced through rock and muskeg between Flin Flon and Nipawin, Sask., 140 miles Southwest of here. The highway will provide a new outlet for fish and a new route for the products of the agriculturally rich Carrot River valley around Nipawin. The $1,000,000 road which it is expected will be completed in 1948, will open new lumber areas, also important to Flin Flon's economy.

Flin Flon is an infant which first began to grow in the late 1920s when the Hudson Bay Mining and Smelting Company made an initial outlay of $27,000,000 for the mine, mill, concentrators, smelter and power development, before a single ton of ore was treated.

Power comes from the unique wilderness community of Island Falls, 70 miles Northwest of Flin Flon where a huge dam on the Churchill River produces the hydro-electric power serving the plant at Flin Flon as well as cheap power to the town. Street lights are left burning the year around as the city believes bulbs last longer when not turned off and on.

Only 379 people live on the Saskatchewan side of Flin Flon but the ore body lies astride the border with most of it mined in Saskatchewan. When mining operations began in the early 1930s the Manitoba Government signed a 20-year agreement releasing the Company from pires next year.

tax obligations. The agreement ex-

The Saskatchewan Government, however, last year obtained $800,000 in taxes from minerals taken out of the mine.

10 Aircraft Carrying Parties To Lynn Lake Area

WINNIPEG, Feb. 22 (CP)—More than 10 aircraft are shuttling in and out of Cold Lake, Man., 100 miles North of The Pas, carrying staking parties and their supplies 120 miles Northward into the new Lynn Lake nickel-copper area.

Lack of fuel oil grounded most of the planes a few weeks ago, but reports reaching here today indicated that flights were now operating without delay.

Exploration of the area, which has attracted both veteran and tenderfoot mining men in large numbers, is expected to decide whether Lynn Lake will join Sudbury, Ont., and Petsamo, Finland (now Russian) as great commercial mining regions.

The area of favorable geological formation is reported in preliminary surveys to extend for 70 by 60 miles, centering on Lynn and Barrington Lakes and extending slightly over the Saskatchewan border.

The principle occupation of Austria is agriculture.

Quiz ... FOR CANADIANS

Every Canadian today is asking himself this question:
"How much more will it cost me to live tomorrow?"

The answer depends on us ... Living costs should not increase ...

IF—we all keep on resisting the temptation to try to get more than our fair share of available goods.

IF—we continue to restrict our purchases to what we really need.

IF—we keep on producing as much as we can at as low a price as we can.

IF—we continue to support to the full our Government's wise measures of control.

IF—we continue to walk the middle road, the road of moderation in all things—in our thinking, in our actions and in our pleasures.

IF—as The House of Seagram has always suggested, we continue to *think of tomorrow and practice moderation today!*

Men who Think of Tomorrow

Practice Moderation Today!

A Position That Should Be Above Politics

The appointment of William John McKell as Governor General of Australia, in succession of the Duke of Gloucester, has apparently not received general approval. R. G. Menzies, a former Australia Prime Minister, calls it humiliating, shocking and deplorable. The very fact that Mr. Menzies uses words as strong as these argues against the choice of Mr. McKell. If the office of Governor General is to retain its dignity and public value, the man occupying it ought to be universally acceptable.

The objection offered to Mr. McKell is not, of course, that he is Australian by birth and residence. Australia once before had a native son as the King's representative. Two men born in South Africa have been Governors General of that Dominion. It is not Mr. McKell's birthplace that is held against him, but the fact that he is, or was until the day of his appointment, an active politician of the same party as J. B. Chifley, Laborite Prime Minister of Australia. Mr. McKell is Laborite Premier of New South Wales.

A like situation would arise in Canada if Prime Minister King named Premier Garson of Manitoba as Governor General; or, to make the parallel more exact, since New South Wales is a populous state and a stronghold of the Australian Labor Party, if he had named Mr. Godbout, when he was Premier of Quebec. It is safe to say that neither of these nominations would be generally approved by Canadians. They will consequently have no difficulty in understanding how some Australians feel about Mr. McKell.

The most obvious argument against such a choice is that the Governor General has some discretionary power. It is power to be used sparingly, and perhaps only in very unusual circumstances, but it exists. The Governor General, according to most authorities, may refuse a Prime Minister's request for the dissolution of Parliament, if an alternative Government is possible. This doctrine may be disputed, but one who defends it strongly is Dr. H. V. Evatt, a member of the present Australian Government, and its spokesman on constitutional matters. And it may very well be argued that the Chifley Government, holding that the Governor General has powers which could affect its own political fortunes, should have been doubly careful to avoid selecting an active partisan friend for the post.

But the appointment of any one recently engaged in politics as Governor General seems contrary to the spirit of the parliamentary system as practiced in Britain and the Dominions. One of the essential features of this system is a national head, with a mainly ceremonial role, who is remote from party strife and equally respected by people of all opinions. He represents stability and permanence, while the party leaders represent controversy and change; and so long as he performs fittingly, the nation is likely to retain the social cohesion and respect for law which republics sometimes lose. That is the theory, and it works; but the system will inevitably be weakened by appointments which make the head of the nation just one more official of the ruling party.

Wild Duck Situation Is Becoming Serious

A pronounced deterioration in the wild duck situation in Canada is revealed in a statement issued at Ottawa by Hon. J. Allison Glen, Minister of Mines and Resources. The duck population has been falling off for a number of years because of surface water conditions on the far-flung mid-continental breeding grounds and of a large increase in duck hunting activity following the end of the war.

Reports from Dominion wildlife officers across Canada have shown that the duck migration in the Autumn of 1946 was much smaller than in 1945. Indicating the gravity of the situation, it was estimated that in an area of at least 35,000,000 acres in Southwestern Saskatchewan nesting conditions continued to be poor for waterfowl of all kinds, owing to a lack of surface water. In Southern Alberta a similar condition existed in a minimum of 25,000,000 acres. The duck situation in Manitoba was also reported to be critical.

Two abnormally cold seasons in the North have reduced the breeding of many kinds of geese, and Autumn flocks of honkers, waveys, and snow geese contained very few young birds.

Mr. Glen stated that concerted action by Government agencies, private enterprise and individual hunters will be necessary to prevent further losses to the country's waterfowl resources.

A continent-wide waterfowl inventory being carried on jointly by the Federal wildlife authorities in Canada and the United States is now nearing completion, it was pointed out, and information obtained from the survey will determine what measures it will be necessary to take to protect the remaining ducks from further serious depletion.

Letters to the Editor

Letters may be published over a nom de plume, but the actual name of the writer must be given to the Editor as evidence of good faith. Anonymous letters go in the waste paper basket.

Protests Monopoly in Nelson Theatres

To the Editor:

Sir—As a Nelson citizen newly returned from quite a long absence, I cannot help but add my voice to those already raised in protest against the virtual monopoly of the moving picture entertainment exercised by Famous Players Corporation. What seems more unfortunate is the fact that the City seems to be unwittingly assisting this flagrant restriction of normal entertainment opportunity by leasing the luxurious facilities of Nelson's Civic Theatre to a firm who have not, apparently, the better interests of the community at heart.

It was with chagrin that I noted the other night a message flashed on the screen informing me that I was seated in a "Famous Players Theatre". I had always been under the impression that the Civic Theatre, like the rest of the building of which it is a part, had been built by the energies and money of the Nelson citizens. About 13 years ago I can remember that almost any discussion of the Civic Centre, then under construction, would bring forth the remark; "Well, at last there is going to be a decent theatre in town for the Music Festival, High School activities, or the Little Theatre." Declamations were made pointing out that the cultural opportunities of the citizens and students would be immeasurably enhanced by the provision of this truly public theatre. Surely it is a shame if the high ideals and unexampled ambitions of our leaders and taxpayers to become a mockery.

If Famous Players, now in possession of both the city's theatres, find that they cannot operate them both profitably, let them vacate one or other building to some more adventurous spirit, or turn the unused theatre into badly needed living accommodation for some of the many homeless in the community.

The majority of Nelson firms seem to have a very deep sense of their responsibility to the city, and strive with every fibre to provide the best of service to the people. I, for one, would like to see a public statement from Famous Players assuring the people of Nelson and district that they are doing the same. It seems to me that we are being given "Hobson's choice" of the fare tendered to a second-rate suburb.

Let our movie people know that we want (like the citizens of Creston and Trail) to be able to decide which show we want to go to, and further, that we would like to see a first-class circuit of films being shown in at least one of the two theatres. Now is the opportunity for Famous Players, fully conscious that they control one of the most influential and popular forms of entertainment, to give us an indication that their interest in the welfare and progress of our city does not run a very poor second best to their desire to make a legitimate profit. "FILMGOER."

Today's Horoscope

If today is the anniversary of your birth, you are a sweet tempered person, kindly, acquiescent and retiring. You should choose a mate who is of strong character and robust to complement your quiet temperament. You enjoy sereniyt and like to be surrounded with luxury. Today's prevailing influences are doubtful, if pleasure is allowed to interfere. Relatives are helpful, however. The next year is indicative of financial, domestic and social troubles. Guard against lavish expenditure on friends and do not be careless in business and correspondence. Born on this date a child will not be very fortunate and success will be hard to attain. Disappointments and loss through relatives are foreseen. Marriage is also ill signified.

Words of Wisdom

We live too much in platoons; we march by sections; we do not live in our individuality enough; we are slaves to fashion in mind and heart, if not to our passions and appetites.—E. H. Chapin.

Etiquette Hints

The bridesmaid is not escorted to the church by an usher. She goes to the bride's home and accompanies the bride and other attendants to the church or other place where the wedding is to take place.

Reader, Kaslo—Would you please give me the dates of the last two home games of the Nelson Maple Leafs?

Saturday, Feb. 22, Los Angeles at Nelson, and Saturday, March 1, Kimberley at Nelson.

Subscriber, Kimberley—Will you please tell me in your column, Questions and Answers, if I can send gift or care parcels to the Russian occupation zone in Austria?

Parcel post service to Austria was resumed in September, 1946. Parcels up to 11 pounds may be accepted at rates furnished by the Post Office.

Reader, Nelson—Will you please give me the address of the Norwegian Consulate at Vancouver?

H. Worsoe, Consul, 991 Hastings Street West, Vancouver, B. C.

Looking Backward

10 YEARS AGO

From The Daily News of Feb. 24, 1937

Action was taken by the Roads and Bridges Committee of the Nelson Board of Trade Monday afternoon toward getting the district highway votes supplemented so as to finance the extraordinary volume of plowing necessary. A wire was sent to Hon. F. M. MacPherson, Minister of Public Works, by Secretary W. G. C. Lanskail.

Financial statement of the City of Nelson for 1936 shows a profit on utilities of $101,023.44, the net remaining after loss of $10,305 on the gas plant and street railway is deducted from aggregate profit of $111,328 on the electric light plant and water works.

25 YEARS AGO

From The Daily News of Feb. 24, 1922

Contesting a Provincial title series for the first time in history, the Nelson Cubs won the intermediate hockey championship of British Columbia when they were daclared the winners of the series over the Vancouver Bluebirds here last night.

Delegates to the convention of the Associated Boards of Trade of Eastern British Columbia were arriving in Nelson by every train and boat yesterday, and the prospects are for a fine representation from this territory, when President Noble Binns of Trail taps the gavel in the City Council chamber at 10 o'clock this morning.

40 YEARS AGO

From The Daily News of Feb. 24, 1907

A. P. Slade of the Winnipeg branch of J. Y. Griffin & Co. has arrived in the city and will take charge of the branch here. Mr. Fotheringham, who has been in charge of the Nelson branch, will leave the service of the company.

FERNIE, B. C., Feb. 23—W. R. Ross, M.PP., has announced the important information that in future sittings of the civil and criminal assize court will be held in Fernie, the court opening here for the first time May 8.

Press Comment

SOMETHING FOR TWO NATIONS TO PONDER

The demonstrations by Chinese students in Nanking, demanding immediate withdrawal of American troops from China, have had from the start the appearance of a carefully organized propaganda show to support the political purposes of the Chinese Communist faction.

A spontaneous popular movement doesn't march in orderly parade equipped with placards, signs and lettered banners prepared in advance, as the Chinese students have done on each of the several occasions they have left their classes to voice their protest and demands. Their parades have followed the universal pattern of Communist-organized demonstrations everywhere. In every detail they have been identical replicas of propaganda parades in nearly every large city of the world, from Tokyo to Berlin, and London to New York and Washington, D. C.

If there had been any doubt about the inspiration and political coloration of these demonstrations in Nanking, it has been dispelled by action of a majority of the students in Nanking's largest university. They refused to participate unless the demonstrators also demanded withdrawal of Russian troops from Dairen. That the organized demonstrators had not done to date. They have studiously avoided any reference to the presence of Soviet troops on Chinese soil, though there are reportedly no less than 10 times as many Soviet soldiers in Dairen as American soldiers in China, and they are there in violation of an agreement made by the Russian Government to turn over administration of the city to the Chinese and permit it to become a free port open to commerce of all nations.

There is this significance, however, in the position taken by the majority of students in Nanking's Central University: It discloses a readiness to join in demanding that all foreign troops be withdrawn and China left to work out its own destiny in its own way. That is something for both America and Russia to take note of, and in the light of it reappraise their positions and policies. They may then conclude that the solution of the Chinese problem calls for sincere cooperation between them instead of independent action that too often appears to be at cross-purposes. — Spokane Spokesman-Review.

Up to Individual To Fight Bureaucratic Authority—Justice

VANCOUVER, Feb. 23 (CP) — Chief Justice Wendell B. Farris of the British Columbia Supreme Court said Friday night that it was up to the "ordinary man" to fight Bureaucratic authority" which tends to take away the individual's right to place his case before the courts."

Chief Justice Farris told members of the Building and Construction Industries Exchange of B. C. at their 20th annual banquet that "lawyers are taking cognizance of the trend to continue putting too much authority into administration but it will be the ordinary men who will have to fight this encroachment on his freedom."

"Freedom of the courts is the important "fifth freedom" and is the only condition under which democracy can thrive," the Chief Justice said.

Porcupine Club Elects Officers

GRAY CREEK, Feb. 23 — The annual meeting of the Porcupine Club was held in Gray Creek Hall on the first Thursday of February. Mrs. Wolfhard gave a full report of the year's work.

The two projects undertaken were the Dental Clinic for school and pre-school children and the raising of money to put running water into the Gray Creek Community Hall. The required dental work had been performed and paid for and pipe for the Hall will be purchased as soon as available.

A bridal shower for Mrs. H. F. Wilmot had been given and a Welcome Home shower feted Miss Romary Peters on her return from England last Spring.

A joint shower for war-brides, Mrs. George Oliver jr., and Mrs. James Oliver was also staged. The Porcupine Club had been entertained by the Crawford Bay ladies at the May meeting of the Bay Women's Institute to which the members belong. The Club had in turn entertained Crawford Bay members at a W.I. meeting in September.

Members had also attended the special meeting in the Fall at Crawford Bay to hear Mrs. Gummow, Provincial Superintendent of the W.I. A Christmas party for the settlement with Christmas Tree and gifts for all the children was another activity by the Club, and a Bring-and-Buy Box in aid of Club funds, had made monthly rounds.

Mrs. Wolfhard was congratulated on her report and thanked sincerely for her great services as Secretary-President, from which office she has now retired.

After discussion, it was resolved to create two offices in order to split the work. Mrs. Robert Grant was elected as Secretary and Mrs. Wolfhard returned to that of President. The meeting then adjourned and tea was served by the hostess, Mrs. Wolfhard.

GRAY CREEK

GRAY CREEK, B.C. — Floyd Oliver has returned from an extended trip to the Coast where he visited relatives in Chilliwack and on Vancouver Island.

J. D'Arcy Bacon and Floyd Oliver, on their drive to the Coast in January, were forced to spend a night in a snowdrift in the Snoqualmie Pass, running the car engine from time to time and eating hard-boiled eggs.

J. D'Arcy Bacon expects to return to Gray Creek in April.

Mr. and Mrs. H. F. Wilmot who are visiting relatives in Brewster, Wash., after visiting Seattle and Coast points expect to return to their home in Gray Creek this week.

William Burge is guest of his mother, Mrs. Burge of Cariboo.

Mrs. Clark has returned home after visiting her sisters, the Misses Noel and Joyce Smith at Victoria.

SIRDAR

SIRDAR, B.C.—Paul Ehody has returned to his home at Sirdar, after an extended visit to points in the U.S.A.

Alice Mae Harlow, who attends high school in Nelson, spent the weekend at her home in Sirdar.

Mrs. Van Ackeren of Creston was a visitor at the homes of Mr. and Mrs. James S. Wilson and Mr. and Mrs. Jack Scott.

Bill Stewart, who has bee nemployed with the C.P.R. in Sirdar for the past few months, has left for Oliver where he will take up duty. Mrs. Stewart will follow within the next few days.

W. I. ANNIVERSARY NOTED AT WILLOW POINT

WILLOW POINT, B.C., Feb. 23—The 50th anniversary of founding of the Women's Institutes in Canada was commemorated at Willow Point by bridge and whist held at the home of Mrs. C. Shannon.

Prizes went to Mrs. A. Willey of Nelson and Dr. A. Norrington of Crescent Bay for highest and lowest scores in bridge and in whist Mrs B. Heddle and Mrs. Olson of Nelson were the winners.

Refreshments were served by the hostesses Mrs. C. Shannon and Mrs. E. C. Shannon.

The proceeds, seven dollars, will go to the Memorial Fund sponsored by the Women's Institutes.

SPRING BRINGS BIRDS, RANCH WORK TO SIRDAR

SIRDAR, B.C., Feb. 23—Owing to heavy rains and thaw, falling rocks litter the roadway between Sirdar and the quarry, making travel dangerous.

Ice on Duck Lake is breaking up, and considerable duck and geese have been seen on the open water. Songbirds are also beginning to appear.

With arrival of warmer weather pruning operations on District ranches is also under way.

F. Smith, Mrs. Gibbs Win Gray Creek Whist

GRAY CREEK, B.C., Feb. 23 — A whist drive, sponsored by the Hall Trustees, was held in Gray Creek Hall in aid of Hall funds. Six tables were in play and court whist was the order of the day.

The men's first prize was won by Frederick Smith and Mrs. Gibbs, sr., won the ladies' prize. Consolations were warded to Charles Jones and Tom Oliver (playing as a lady). The cake was won by Floyd Oliver and surplus cakes from the supper were auctioned off.

Miss Romary Peters and Mrs. Grant were in charge of the gate and Miss Peters, Miss Gwen Burge and Mrs. Peters superintended the supper.

REBUILD HUGE GLASGOW DOCK

GLASGOW (CP) — A £6,275,000 ($25,100,000) scheme to reconstruct Glasgow's great Queen's Dock has been approved by the Clyde Navigation Trust.

The job will take eight years and the new dock, when complete, will have nearly 3000 yards of berthage with depth of 32 feet at low water. Near the centre of the city, Queen's Dock will be provided with full shed and rail facilities and modern cargo-handling gear.

Deep-draught ocean-going ships up to 500 feet long will be able to use the dock. There will be 13 ocean berths.

Mouth breathing is often the cause of irregular teeth, according to the department of national health. Nose breathing warms the air properly and sifts out particles of dust.

P. J. McKIM AT NAKUSP K. P. BANQUET

NAKUSP, B.C., Feb. 23 — Members of the Knights of Pythias Lodge were hosts on Tuesday evening at a banquet in honor of their Grand Chancellor, P. J. McKim, who paid Nakusp an official visit.

The members of New Denver Lodge and of Lucerne Temple were invited guests, also members of Myrtle Temple No. 16, Nakusp.

Past Chancellor W. Shiell, introduced the speaker, G. P. C. McKim, during the supper hour when Mr. McKim gave a very inspiring address. P. C. C. S. Leary of Nakusp and P. C. J. Draper of New Denver also spoke on the work of the order.

Following the banquet the Knights held a meeting in the upper hall for initiation of new members. The ladies spending the evening in cards. At midnight, refreshments were again served.

Local Board Takes Over Education of Japanese Children

NEW DENVER, Feb. 23—Arrangements have been made with the local School Board to take over the education of the Japanese children in this community beginning March 1.

The Department of Labor is moving the required buildings to the local school grounds and are transfering all their supplies, such as domestic science, manual training equipment and text books.

This move affects about 100 Japanese children.

J. F. McKinnon, Commissioner of the Japanese Division of the Department of Labor and Mrs. C. B. Booth also of the Department of Labor were in New Denver on official business last week.

Nelson Garden Club Begins New Year

Nelson Garden Club members started the new garden year at their February meeting in the Institute rooms at the Civic Centre Friday night.

The gardeners were told of the progress being made on the club's Flower Show prize ribbon list booklet which will soon be completed. The committee stated that it is planned to make this year's booklet of more value to gardeners with the inclusion of hints for gardeners, along with the general prize list.

DISCUSS GARDEN ACTIVITIES

A discussion of timely garden activities, early seed sowing and propagation by slipping was led by Mr. A. S. Read.

The 1947 Flower Show is to be staged in conjunction with Nelson's Jubilee celebration during the week of August 4 to 11 and the citizens of Nelson will be asked to enter as many flowers as possible, to make this the best flower show ever presented in the Interior.

KIMBERLEY, B. C., Feb. 23—The Kimberley Dynamiters moved a step closer to clinching the Western International Pennant Saturday night as they downed the Trail Smoke Eaters 3-2 for home win number 15 without defeat and their 21st win in the last 25 starts.

Ice conditions were far from good following a two-day mild spell and the teams found the going tough. The clubs meet again on Monday in the final home game of the regular season for the Dynamiters who have two contests remaining, one in Trail and one in Nelson.

The game was a hard-fought battle all the way with both goalies doing great work as the teams batted and slugged at the puck which was difficult to control throughout. Scodellaro was in the limelight more than Nash, having considerably more to do, and his work was outstanding all the way. He had no chance on the three that beat him. Anderson and Christensen also played outstanding games for the Smokies. Harry Brown was sparking the Dynamiters consistently and Johnston also played a sound defensive game.

Redding juggled the Kimberley forward lines considerably throughout the game and there was little to choose among the players.

The first period was scoreless and the second stanza was almost half gone before Forsey beat the Duke cleanly on a flip shot after taking Redisky's pass. Christensen and Marshall broke through cleanly just a few minutes later and the defense man made no mistake in his parting shot to even things up midway through the final period. The Dynamiters again took the lead on a nice effort by Sandy Sanderson and five minutes later Sullivan took a pass from Calles and banged it home with a quick flip shot. Trail put on the pressure and was rewarded when Kwasney scored on a pass from Gardner, but that ended it.

Both teams deserve a lot of credit for a fine display under adverse conditions. Smokies were without Cronie while Dalzell was missing from the Dynamiters lineup.

The three stars chosen by Eric McKinnon of Cranbrook were Brown, Scodellaro and Sanderson.

Lineups:

Trail: Scodellaro; Shearer, Anderson, Christenson and DePaolis; Gardner, Nicol, Marshall, Clements. Kwasney, Stanton and Robertson.

Kimberley: Nash, Brown, Johnston, Swaney and Jones; Sullivan, Sanderson, Calles, Forsey, Kavanaugh, Clements Wilson and Redisky.

Officials—Sorensen and Young.

Summary:

1st period—No Score.

Penalties—Shearer.

2nd Period—1, Kimberley, Forsey, (Redisky) 7:28; 2, Trail, Christensen (Marshall) 14:25.

Penalties—Shearer.

3rd Period—3, Kimberley, Sanderson 9:04; 4, Kimberley, Sullivan (Calles) 15:21; 5, Trail, Kwasney, (Gardner) 17:15.

Penalties—Shearer.

Lowly Red Wings Batter Canadiens 7-3; Toronto Leafs Move Up a Step

DETROIT, Feb. 23—The League-leading Montreal Canadiens took beating from the fifth place Detroit Red Wings tonight. The score was 7-3. The victory does not change the League standings at all.

Summary:

First period—1, Detroit, J. Conacher (Couture) 7:09; 2, Detroit, R. Conacher 10:22; 3, Detroit, R. Conacher (Abel, Quackenbush) 13:39.

Penalties — Lundy, Lamoureaux, Reise.

Second period—4, Detroit, Taylor (Horeck) 11:58; 5, Detroit, Howe (Lundy) 14:43; 6, Montreal, Leger 16:02.

Penalty—Howe.

Third period—7, Detroit, R. Conacher (Stewart) 9:19; 8, Detroit, Bruneteau (Taylor, R. Conacher) 9:49; 9, Montreal, Filion (Blake, O'Connor) 18:36; 10, Montreal, Gravelle (Reay, Allen) 19:50.

Penalties—Allen, Reise (major).

LEAFS 2, RANGERS 0

TORONTO, Feb. 23 — Toronto Maple Leafs Saturday night downed New York Rangers 2-0 in a high-sticking, hard-fought game at Toronto's Maple Leaf Gardens. The victory puts Toronto just five points behind the League leaders—Montreal Canadiens.

Summary:

First period—1, Toronto, H. Watson (Apps) 4:40; 2, Toronto, N. Metz (Mortson) 11:35.

Penalty—Thomson.

Second period—Scoring, none.

Penalties—Thomson, Trudel.

Third period—Scoring, none.

Penalties—Barilko (major and 2 minors), Colville, Thomson (major and minor), Juzda, Hextall (2), Ezinicki, Trudel, Warwick (major).

TORONTO, Feb. 23 — Saturday night's N. H. L. games didn't change the League standing at all, but Toronto climbed one rung nearer to the League-leading Montreal Canadiens and Detroit negotiated another rung out of the cellar. Toronto defeated New York Rangers 2-0 in a high-sticking game in Toronto and Montreal Canadiens surprisingly enough bowed out to Detroit. The score in the Detroit game was 7-3.

The Habs didn't start to wake up until near the end of the third period. In the first two periods, Detroit scored five goals to Montreal's one. The beginning of the third period was the same old slaughter—in Detroit's favor—but the Habs did rally in the last minute and a half of play. It was too late to do any good, but the Canucks did score two that time—one by Bobby Filion and the other by Leo Gravelle.

The seven goals scored by Detroit constituted the highest score a Detroit team has piled up against Montreal's goalie—Bill Durnan—in four years.

The only two goals were scored in the first period—by Watson and Metz. From then on the game was a wild scramble, with the penalty box full and no more goals scored. The last period was featured by two fights—one between Thomson and Hextall, and one—a real blood and thunder duel—between Barilko and Warwick. Barilko drew three penalties in that period altogether.

Macken Gets Top Net Ranking

By DOUGLAS AMARON
Canadian Press Staff Writer

MONTREAL, Feb. 23 (CP)—Brendan Macken, stocky young Montrealer who was the most consistent of Canada's tennis players last year, gained top spot in the 1946 rankings of the Canadian Lawn Tennis Association, approved at the Association's annual meeting here Saturday.

Member of the Canadian Davis Cup team that bowed to Mexico in five straight matches, Macken was given the nod over Jean Marois of Quebec who dons pads in Winter and tends goal for Quebec Aces in the Quebec Senior Hockey League.

Marois failed to make the Davis Cup team, chiefly because of lack of practice, but performed brilliantly in later competitions and was placed ahead of Henri Rochon of Montreal, a cup team member who was ranked third.

Three veteran players topped the women's list, Mrs. Eleanor Young Connolly of Vancouver placing first, Jean Milne of Vancouver second and Jean Burritt of Toronto third. Mrs. P. R. Adams of Ottawa was placed in the fourth spot, followed by another member of the tennis-playing Macken family, Patricia.

Home Town Honors Howe

OTTAWA, Feb. 23 (CP)—The fans brought down the rafters Saturday night in tribute to a local boy who made good in the hockey wars—Syd Howe, for 16 years a star in the National Hockey League.

Setting for the ovation was the auditorium where Howe broke into professional hockey and where he now plays centre for Ottawa Senators in the Quebec Senior Hockey League. He returned to amateur ranks this season.

As a crowd of 7000 roared approval Howe stood at centre ice and received a number of gifts in honor of his long, outstanding career.

Howe took it all in his unassuming stride. Grinning and with hair tousled, he waved to the crowds and shook hands with officials. The fans voted it a gala "Syd Howe Night."

Syd started his career 20 years ago with the Gunner team of the old Junior League. In 1929 he signed with Ottawa Senators in the professional circuit, moved to Philadelphia in 1939-31 and in 1932 played for Syracuse of the International Hockey League.

He returned to Ottawa in 1933 and played for two seasons and then signed with St. Louis in 1935. Syd finished his professional career with Detroit Red Wings.

HOLDS GAME RECORD

Only a few weeks ago, Howe lost a record when Bill Cowley, of Boston passed his mark of 572 goals and assists in league games. Howe still holds the N.H.L. record of scoring six goals in one game against the Rangers.

Though Howe played rugged, hard-hitting hockey in the N.H.L. he never received a match or a match misconduct penalty and only two majors.

Hogan Outshoots Welshman

SAN DIEGO, Calif., Feb. 23 (AP)—Ben Hogan defeated Dai Rees of Wales, 6 and 4, in match play and outshot him for the day's individual medal honors to capture the $5000 International Golf Match before more than 2000 fans today at the San Diego Country Club.

The American star technically closed out the match on the 32nd hole with a birdie four, while Rees had a five.

They played out the medal part of the engagement, with Hogan sweeping the entire pot of $5000, including $3000 for the match play.

Hogan's medal score for today's 18 holes was 37-34—71, one under par 36-36—72 figures. Rees had 36-39-75. the day's medal score was worth $1000. Hogan won it yesterday with a 68 to Rees' 72.

Rees, two down at the end of the 27th hole, cracked on the 28th, taking a two-over-par six strokes for the hole to Hogan's four. The score cost him the hole and the one-stroke lead he held at the time in medal play.

Hogan birdied the 29th to go four up, they halved the 30th, and on the 31st the Yankee star had a par three to Rees' four, making it five up.

On the 32nd hole Rees got in a trap and Hogan birdied the hole, barely missing an eagle three.

Mild Weather Postpones Mountain Grind

ROSSLAND, B.C., Feb. 23—The annual Grey Mountain Grind, which was to be held Sunday has been postponed until March 2, owing to the condition of the route. The lovely mild Spring weather Rossland has been enjoying this week has made the course dangerous. An inspection made by the Ski Club Executive found that many of the rocks were bare and general conditions dangerous.

Paul Bolo (or Bolo Paha was a French traitor, brough to trial, sentenced to death and shot at Vincennes, France, April 17, 1918.

WITH STANE AND BESOM

Dissolve I.I.H.A.

By JACK SULLIVAN
Canadian Press Staff Writer

PRAGUE, Feb. 23 (CP) — The International Amateur Hockey setup, fraught with bickerings and uncertainties during the last five years with two international organizations — the International Ice Hockey Association in Canada and the Ligue Internationale de Hockey Sur Glace in Europe — appeared today to be on the road to future smooth operation.

The 11-day Congress of the L.I.H.G. ended Saturday with a five-hour session punctuated by acrimonious debate that at times threatened to widen the gap between the organizations. The situation was saved by forceful demands of Canada, the United States and Britain resulting in:

Admittance of the Amateur Hockey Association into the L.I.H.G. as the controlling amateur hockey body in the United States.

Acceptance of Dr. W. G. Hardy of Edmonton, President of the I.I.H.A. as Vice-President of the Ligue on motion of Hanson Dowell, President of the Canadian Amateur Hockey Association. Hardy becomes President of the Ligue in 1948 and Canada will be the international headquarters of hockey during his three-year term of office.

Dr. Fritz Kraatz of Switzerland, President of the L.I.H.G. until the next Congress during the Winter Olympic, said in an interview today:

"The I.I.H.A. will be dissolved as a result of the decisions taken Saturday.

"Immediately when the Hardy nomination was accepted, the I.I.H.A. ceased to exist. He (Hardy) could not hold office in the L.I.H.G. and at the same time continue as President of an 'outlaw' body."

Hockey Schedule

Hockey schedule of the Nelson Amateur Hockey Association for this week will be as follows:

Monday:

3:30 to 5:45—Panther Bantams and Midgets.

Tuesday:

Intermediate playoff game.

Wednesday:

5:00 to 6:00—MRK Midgets.

Thursday:

10:00 to 11:00—NAHA Juniors

Friday:

3:30 to 5:45—Dodger Bants and Midgets.

Saturday:

7:00 to 8:30—Dodger Juveniles.

8:30 to 10:00—Lion Bantams

10:00 to 11:00—Ranger Bantams

11:00 to 12:00—Bantam Pool.

E. Hearn Tops Badminton Club Tourney

Capturing the mens' singles, mens' doubles and mixed doubles—three of the five open events — Eddie Hearn of Salmo was acclaimed winner of the Nelson Badminton Club's 3-day tournament Sunday. His counterpart in the ladies' events, Mrs. P. Cornwall, took the remaining two sections. Other high place finalists who assisted in doubles were Ron Rutherglen, Mrs. W. S. Ramsay and M. McLeod.

In the handicap events, Hector Mackenzie gained two triumphs in doubles frames when he combined with Muriel Whimster and J. Morey. John Dunnett and Bernice Jones battled stiff opposition to take the singles, while June Fraser and Rosa Stewart clinched the ladies' doubles.

Presentation of the Club's trophies to winners of the open events climaxed Sunday's play. Prizes were awarded victors of the handicap events.

The tournament committee consisted of Betty Moran, W. S. Ramsay and Conway Rutherglen.

Results of Sunday's games follow:

Open events:

Mens' singles—E. Hearn beat R. Rutherglen 15-4, 18-17.

Mens' doubles—E. Hearn and R. Rutherglen beat H. Mackenzie and J. Morey 15-12, 15-12.

Ladies' singles—P. Cornwall beat W. Ridge 11-1, 11-1.

Ladies' doubles—P. Cornwall and I. Ramsay beat P. Wade and J. Morey, 15-2, 15-2.

Mixed doubles—E. Hearn and M. McLeod beat I. Ramsay and W. Ramsay 15-7, 15-4.

Handicap events:

Mens' singles—J. Dunnett beat G. Coletti 15-9, 12-15, 15-9.

Mens' doubles—H. Mackenzie and J. Morrey beat G. Coletti and J. Dunnett 21-16.

Ladies' singles—B. Jones beat P. Thompson 11-5, 4-11, 11-6.

Ladies' doubles—J. Fraser and R. Stewart beat J. Granberg and S. Paterson 21-13.

Mixed doubles—H. Mackenzie and M. Whimster beat G. Male and N. Ashley 15-12, 12-15, 15-11.

AUSSIES PLAN FOR '47 DAVIS CUP

By J. D. HOLDSWORTH
Canadian Press Correspondent

SYDNEY, Australia, Feb. 23 (CP)—Australia already is laying plans for 1947 Davis Cup play, in which her team will meet Canada in the first round, on the basis of lessons learned from defeat by the United States in last year's challenge round at Melbourne.

Tennis officials and sports writers agree that the United States players were too good for the Australians and that it may be years before Australia will have a team strong enough to seriously challenge the Americans.

In the meantime, an attempt will be made to improve training methods. Training for last December's games was thought to have pushed the Australian players too hard in the week before the matches. The Australians also regard themselves as victims of lack of international competition and failure to develop an attacking type of game.

Trail Junior Smokies Cop Opener Of B.C. Title Series From Cubs

TRAIL, B.C., Feb. 23 — The Trail Junior Smoke Eaters, 1944-45 Memorial Cup finalists, took the first game of a best of five series for the B.C. Junior hockey title here Saturday night by beating the New Westminster Cubs 7-2.

The game lacked some of the usual lustre and speed associated with junior playoff hockey because of the sticky condition of the ice and because the Queen City crew was travel-weary after a day-long trip from the Okanagan where the team had eliminated Vernon in the semi-finals. They arrived a few hours before game time.

Gerry Thomson's crew rammed in four goals in the first period before the visitors found their skating legs. The two teams played on almost even terms after that with Trail outscoring the Coast 3-2 in the last two periods.

Louis Secco, rangy first string leftwinger, collected four well-earned goals with teammates Cook and Scott scoring two more to give the flashy Trail line six of the seven goals. Bernie Petrie, second string centre collected the other Trail counter.

McGuire and MacLeod did the scoring for New Westminster. One goal was disallowed against the Cubs.

Steadiest man on the ice was blond-haired New Westminster rearguard, Hildebrand. He faltered only once when in the dying moments of the game he allowed Secco to take the puck away from him at the New Westminster blue line from where Secco streaked in on the helpless Hergert to score Trail's seventh goal.

The game was broadcast over CJAT by youthful Eric Bishop who was associated with the Los Angeles Ramblers hockey club in a similar capacity during the past season. His location in the press box was the only crowded spot in the rink as a smaller than average crowd turned out for the contest.

With the day of rest the Cubs are expected to be a much tougher club Monday night.

DISLIKES ARRANGEMENTS

Wilf Hill, manager of an iron works and sponsor of the New Westminster team, expressed his dissatisfaction with arrangements here and was somewhat chagrined when the Trail club failed to comply with his request that he be allowed to examine the birth certificates of the Trail team.

Penalties were few, five in all, of which two were majors. Langton drew a major when he accidentally hit Archie Scott in the mouth with a high stick breaking away a half a tooth. Scott in turn was given five when he tried to carry out the biblical belief, "an eye for an eye, a tooth for a tooth."

Lineups:

New Westminster — S. Hergert; F. Hildebrand, T. Stecyk, D. Barkley, D. Berry, N. McGuire, G. Reid, R. MacLeod, G. Langton, R. Ramsden, E. Peterson, J. MacDonald.

Trail — B. Hamm, C. Bell, E. Mondin, A. Scott, K. Cook, L. Secco, A. Camponi, B. Pasqualotto, R. Peebles, S. Harnation, B. Petrie, A. Ircandia, J. Mailey.

Referees — G. W. Wheatley and R. Marshall.

SUMMARY

First period — 1. Trail, Scott (Bell) :26; 2. Trail, Secco (Cook) 1:58; 3. Trail, Cook (Secco) 17:11; 4. Trail, Petrie (Pasqualotto—Ircandia) 18:48.

Penalties—None.

Second period — 5. Trail, Secco (Scott) 2:41; 6. New Westminster, McGuire 7:15; 7. Trail, Secco (Bell-Mailey) 18:42.

Penalties — Mondin, Langton, Scott (5 minutes), Langton (5 minutes.

Third period — 8. New Westminster, MacLeod (McGuire) 6:35; 9. Trail, Secco 18:57.

Penalty—Scott.

Double Tie In N.H.L.

MONTREAL, Feb. 24 (CP) — Rushing, colorful Kenny Reardon saved Canadiens from defeat tonight with a spectacular last ditch goal, rounding the net and poking the rubber past the corner with only six seconds left as the Montrealers battled to a 2-2 tie with Toronto Maple Leafs and kept their five point lead in the National Hockey League race.

Summary:

First period—1, Toronto, Meeker (Klukay) 13:36.

Penalties—None.

Second period—2, Montreal, Richard (Leger) 9:48.

Penalties—Stewart, Leger.

Third period—3, Toronto, Stanowski 11:36; 4, Montreal, Reardon (Leger) 19:59.

Penalties — Chamberlain, Apps (misconduct).

WINGS, RANGERS DRAW

NEW YORK, Feb. 23 (AP)—Detroit Red Wings and New York Rangers fought to a 2-2 tie here tonight in a listless National Hockey League contest witnessed by 15,925 Madison Square Garden fans.

Summary:

First period—1, Detroit, Couture (J. Conacher) 3:11.

Penalties—Warwick, Horeck, Hextall, Leswick.

Second period—2, New York, Pike (Watson) 1:46; 3, Detroit, Quackenbush (Horeck) 9:46; 4, New York, Warwick 18:42.

Penalties — Lindsay, Colville, Stewart, Howe.

Third period—Scoring, none.

Penalties—None.

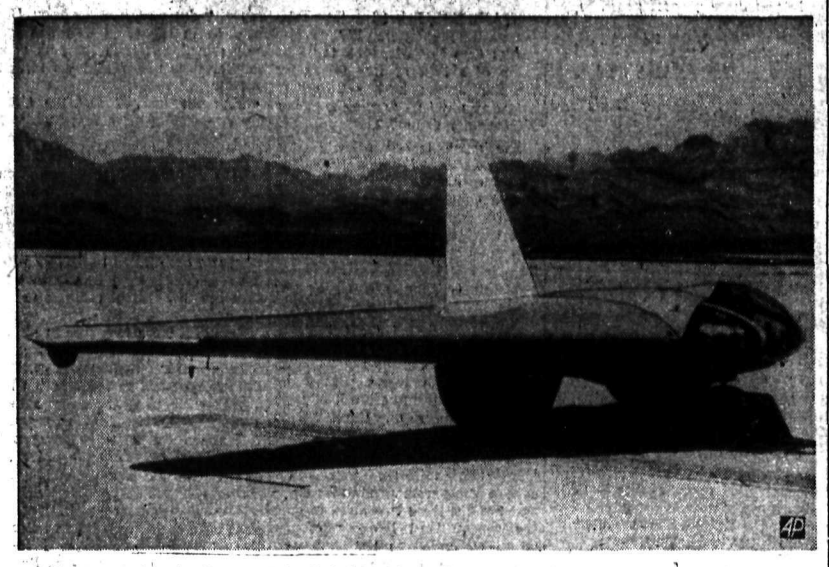
TODAY'S News Pictures

This is First U.S. Rocket Plane



Northrop Aircraft's "Rocket Wing," designated MX324, is pictured as it was prepared for a test flight on the desert near Los Angeles in 1944. Details of the plane's flight, once an Army top secret, were revealed by Northrop. The plane has a 30-foot wing spread and was the forerunner of a series of batwing planes, one of which is the Flying Ram XP79, a prone-piloted fighter with a heavy armored wing designed to shear off wings of an enemy plane without harm to itself.

Trial Scene in Jewel Theft Case

This was the scene at the Pentagon in Washington as the trial resumed in the case of Col. Jack Durant, who is charged with participation in the theft of $1,500,000 Hesse family jewels. In the witness chair (RIGHT CENTRE, back to camera) is Mrs. Martha Evans, Arlington, Va., Durant's former secretary. In background, jewels in question spread before them, are the judges, all Army Colonels. At LEFT is the defence counsel; at RIGHT, prosecution. Reporters are in the foreground.

Dead

Mrs. Donald Nelson (ABOVE), 28-year-old wife of the former War Production Board chief, died in a Hollywood, Calif., hospital of a chronic liver ailment. Her husband was at her side when she died.

Bring on the Champ

"Furor Film Star," year-and-a-half-old Boxer, is posed by her mistress, Mrs. Enno Meyers of Milford, Ohio, in preparation for the opening of the Westminster Kennel Dog Show at New York's Madison Square Garden.

PUBLIC NOTICE

Province of British Columbia
Department of Public Works

Regulating Loads and Speed on the Southern Trans-Provincial Highway and Other Highways

The undersigned being a person authorized by the Minister of Public Works in writing to exercise the powers vested in the said Minister under Part II of the "Highway Act" and being of the opinion that the Southern Trans-Provincial Highway from Laurier to Carson Corner, and the Christina Lake West Road from Cascade to Christina Lake are liable to damage through extraordinary traffic thereon, hereby make the following regulation pursuant to Section 33 of the said Act.

The following load and speed limitations are imposed on the above-described highways until further notice:

Trucks with pneumatic tires:
Payload—not to exceed 50% of authorized carrying capacity.
Speed—15 miles per hour.
Speed of passenger vehicles—25 miles per hour.

Signed: J. B. McDONALD,
General Foreman.

TENDERS FOR SUPPLIES

SEALED TENDERS, in triplicate, enclosed in the envelopes provided for the purpose, will be received by the undersigned up to 12 o'clock, Noon, Tuesday, March 11th, 1947, for the various supplies — excepting Groceries, required by the following Government Institutions — Provincial Mental Home, Colquitz; Prov. Infirmaries, Marpole and Allco; Prov. Industrial School for Girls, Vancouver; School for the Deaf, Burnaby; Oakalla Prison Farm, Burnaby; Prov. Mental Hospitals, New Westminster and Essondale; Prov. Home, Kamloops; Tranquille Sanatorium, Tranquille; Prov. Gaol, Nelson, for a period of six months only, April 1st, 1947 to September 30th, 1947; and for the coal required for the aforementioned institutions and Public Buildings in Victoria, Vancouver and New Westminster for the fiscal year 1947-48.

For further information, lists of articles to be tendered upon, tender forms and samples, apply to the undersigned or to the officials in charge of the above named buildings. It is essential that tenderers should themselves see at each institution the class of material on which they are asked to tender.

All supplies to be delivered to the above institutions and buildings, without extra charge, as directed from time to time, it being understood that quantities as given on contract are an approximation only.

Tenders must be signed by the actual signatures of the tenderers.

The lowest or any tender not necessarily accepted.

PLAYBOY THAW DIES AT 76

MIAMIA, Feb. 23—Funeral services for millionaire playboy Harry K. Thaw, who died at his Miami Beach, Florida, home Saturday night, will be held in Pittsburgh.

The 76-year-old Thaw, whose life was filled with turbulence died peacefully from the affects of a heart attack.

Thaw was the centre of a famous New York trial for murder in which he was accused of the killing of Stanfield White, noted American architect, who Thaw believed had been intimate with his wife, Evelyn Nesbitt Thaw.

5 INJURED WHEN CAR, BUS COLLIDE

NEW WESTMINSTER, Feb. 23—Five persons were injured in New Westminster last night when a car struck a bus. The driver of the car Frank Ogden and his wife suffered head lacerations. Neither was admitted to hospital. A passenger in the Ogden car, Mrs. F. Nordenmark suffered a fractured left leg and internal injuries. Hospital officials report her condition as fair.

Alexander Graham Bell tried to persuade Mark Twain to invest $500 in his telephone invention. Instead, the author loaned the money to a friend who went bankrupt later.

Armless Painter Keeps on Painting

Carl Fischer of Frankfurt-on-Main, 46-year-old German painter, who lost both his arms during World War II, has taught himself to hold the brush in his mouth. So expert has he become in this, that critics say neither his handwriting nor his painting has been impaired by the loss of his limbs. Here he puts the finishing touches to one of his latest works in his studio.

Taxes, Liquor to Provide Fireworks For Manitoba Legislature Tuesday

WINNIPEG, Feb. 23 (CP)— The $5,500,000 windfall received by the Manitoba Government in the recently concluded Dominion-Provincial Tax Settlement and the $6,000,000 Provincial Liquor profit are expected to provide fireworks when the 22nd session of the Manitoba Legislature opens on Tuesday.

The government announced last week that it would split the money received from the Dominion with the municipalities but members from Winnipeg have publicly announced they will take issue with the $0-50 division on the grounds that it was not fair to Winnipeg. The money to be given to the municipalities would be primarily in the form of education grants to alleviate the present tax rate in organized and unorganized territories.

More generous assistance for the University of Manitoba, a new division of dental hygiene as part of the Public Health Program, extension of health units, ratification of the Dominion-Provincial agreement and a change in the province's fiscal year to end on the same date as the Dominion's year, March 31, are all part of the program to be discussed by members.

Assistance to the University will be partly in the establishment of a nutritional laboratory. A $150,000 grant and another $150,000 loan is to be authorized for a student recreation centre.

Government expenditure for the 1947-48 fiscal year will be higher than for any previous year, as will provincial revenue. The province is expected to substantially extend its financial "pay-as-you-go" policy and include in current expenditures large items which normally might be capital expenditures. This will probably apply in part to road construction.

The rural electrification program, slightly retarded because of material shortages, will be extended in 1947.

LABOR CODE

Expected to be high on the list of contentious subjects is the question of an overall labor code for the province, whether it be a provincial or Dominion code.

Another subject which may arouse controversy will arise when estimates are brought down and proposed salary increases for Manitoba civil servants are tabled. Estimates are expected to be large enough to allow for the building of a $4,000,000 tourist road from Winnipeg to the International Boundary.

Other heated debates are expected to centre around the gift of 90 percent of the stock of the A. E. McKenzie Seed Company at Brandon. Mr. McKenzie made the gift to the province in the interests of higher education. Opposition members are also expected to inquire into alleged timber sales by the Resources Department, Provincial cement conditions and Lake Winnipeg Fisheries.

Raids Smash Attempts to Restore Nazis

FRANKFURT, Germany, Feb. 23—An attempt to restore Nazi military leadership to Germany was smashed last night in large scale raids in the British and American occupation zones in Germany.

United States Military Headquarters at Frankfurt says leaders of a secret Nazi underground organization have been arrested. The Nazi organization was said to be preparing to seize military power with the aid of new secret weapons.

American officials say the main target of the widespread raids last night was rather a loose knit movement which has been closely watched for several months.

The official announcement says all the leaders have a common background of Nazi ideas. The driving force, officials say, is the superrace theory. The leaders are said to believe that they and other persons like them are chosen people—chosen to make Germany again into a powerful nation.

An ancient mode of giving tenants notice of removal was chalking the door—this was used especially among the poorer classes.

May Discuss Plan for Japanese-Mandated Islands Wednesday

LAKE SUCCESS, Feb. 23 (AP)—United Nations Security Council would take up next Wednesday the Authoritative sources said today the American request that the Japanese mandated islands in the Pacific be placed under a U. N. strategic trusteeship.

Under the United States plan, the 623 islands—including the Marshalls Carolines and Marianas—would be administered by the United States, which would be allowed to fortify them.

But whether the Security Council approves the plan or not, the United States government has made it clear that she intends to keep this strategic chain of islands because she considers them essential to American security.

Meanwhile, the Big Four of the Security Council—the United States Britain, Russia and France—appeared near to naming a candidate for the governorship of Trieste—a tough polite job.

The Big Four representatives hope that the governor can be named before March 1, but there is no deadline, it was said.

Bioplasm is a name given a living protoplasm, especially that which is concerned in the process of reproduction.

GLASS BACKSTOP GETS TEST—While Bob Joyce of the San Francisco Seals holds a baseball behind a section of new-type glass, Del Young swings a bat against it in a test to see if it is suitable for batters' cage and backstop. Glass withstood the blow.

Musial Only Player Unsigned

By RALPH RODEN

NEW YORK, Feb. 23 (AP) —Stan Musial, National League batting champion and most valuable player, today was the only outstanding major league baseball player unsigned.

The hard-hitting St. Louis Cardinal first baseman became the lone dissatisfied star following the signing of Hank Greenberg, Hal Newhouser, Spud Chandler and Marty Marion by their respective clubs—Pittsburgh Pirates, Detroit Tigers, New York Yankees and the Cards.

Musial is sitting tight at the Card's St. Petersburg, Fla., Spring training base, reported to be seeking a $30,000 contract which is believed $8000 short of the offer President Sam Breadon of the Cards has tended his star slugger.

Meanwhile the signing of Greenberg stole the headlines from the rest of the baseball news.

The former home run slugger of the Tigers inked a one-year document in New York for an undisclosed sum which John W. Ralbreath, co-owner of the Bucs, said was "more than Hank received last year." Greenberg was reported to have received $55,000 from the Tigers in 1946.

Only a short while ago Greenberg, who was sold to the Pirates by Detroit Feb. 9, indicated he was considering retiring from the game.

LONDON (CP) — Minesweepers in the Mediterranean disposed of 3153 moored and ground mines during 1946, the Admiralty said.

Youthful Skip Wins West Canada Championship

REGINA, Feb. 23—The Franklin Manitoba rink skipped by 15-year-old Ron Montgomery Saturday won the Western Canada Curling championship and the Victor Sifton Trophy. The rink registered three victories and one loss in two-day double round Robin play against Camrose, Alta., and Saskatoon rinks.

Princeton's Irwin Slalom Champ

BEAUPRE, Que., Feb. 23— Bert Irwin of Princeton, B. C., zig-zagged through the flags in two fine runs to win the Slalom competition Saturday at the Canadian Ski championships in Beaupre, Quebec. Rhoda Wurtele of Montreal won the women's title.

Irwin covered the one-third mile distance down the slopes of Mont Ste. Anne in 1:02.7 on his first run. It was the best time of the day. On his second Irwin's time was 1:05.6 for a two-run total of 2:08.3.

Bill Irwin of Ste. Marguerite, Que., a brother of Bert Irwin came second with a total of 2:10.8. Pierre Jalbert of Que., was third, one-tenth of a second behind.

In the Slalom event Noel Paul of Vancouver came in 11th and Bill Robinson, another Vancouverite, was 19th. Robinson also figured in the combined downhill and slalom, coming in 15th. John Roocroft of Vancouver was 32nd in this event.

Babe Ruth Leaves Hospital

Babe Ruth is assisted down steps by nurse Agnes Kavanaugh and Charles Schwefel, a friend, as the former home-run king left the hospital for his home in New York City.

A. H. A. Admitted to L. I. H. G. to Clear Up International Hockey Scene

By JACK SULLIVAN
Canadian Press Staff Writer

PRAGUE, Feb. 23 (CP) — The clouded International Hockey situation was cleared up Saturday when the Amateur Hockey Association of the United States was admitted to membership in the Ligue Internationale De Hockey Sur Glace as controlling body of hockey in the United States.

Dr. W. G. Hardy of Edmonton, President of the International Ice Hockey Association, was nominated and accepted as Vice-President of the Ligue Internationale.

The decisions taken at the stormy, five-hour meeting of the L. I. H. G. will have far-reaching effects on world amateur hockey and mean that the International Association will be dissolved immediately.

A motion presented by Hanson Dowell, President of the Canadian Amateur Hockey Association, that the United States Athletic Union be excluded from the Ligue Internationale was not voted on. However, a proposal from Switzerland making a technical change in the Ligue's rules which automatically "threw out" the A. A. U. was adopted by a vote of 15 to 2.

The vote admitting the A. H. A. to membership in the L. I. H. G. was 9 to 2 with five abstentions.

Dr. Hardy will take over the Presidency of the Ligue Internationale during the Winter Olympics of 1948 in Switzerland and he will remain in office for three years.

The President names the Secretary and Dowell told the Canadian Press that George Dudley of Midland, Ont., G. A. H. A. Vice-President, "in all probability" will be appointed North American Secretary during Dr. Hardy's tenure.

Dowell was the dominating figure of the meeting with blunt, straight-from-the-shoulder statements which amounted to an ultimatum to the Congress to accept Canadian proposals favoring A.H.A. membership.

Tempers flared, personal arguments and bickerings cropped up among the delegates, but Dowell stuck to his subject — that the question of United States affiliation be settled "immediately."

At one stage he told the meeting: "If the A. H. A. affiliation vote is not taken today this will be the last meeting I will attend."

He interrupted other delegates who were straying from the subject to declare that he wanted the question settled—"and settled immediately without delay."

"I'm here to see this issue is voted on one way or another," he said. "I want to make it clear Canada is supporting the A. H. A."

A proposal by Paul Loicq of Brussels, retiring President of the Ligue Internationale, that the American situation be held over three months was voted down 10 to 6 and Dowell jumped in with a motion that the A.H.A. be accepted to membership.

Cats, Kittens Playoffs Today; Open Games in Points, Collinson Cup

Mrs. A. H. Whitehead, who emerged from the Cats and Kittens competition of the Nelson Ladies Curling Club as winner of the Cats, will have to spike Kittens' winner Mrs. J. Thom four points when they meet for the playoffs Monday.

Monday will also see play in the Points competition and Tuesday opening games of the Collinson Cup will be played. Rinks have been drawn up for both.

Mrs. A. J. Hesse, Mrs. R. Hale, Mrs. M. Olson, Mrs. D. Cathcart, Mrs. B. L. Gray, Mrs. M. DeGirolamo, Mrs T. A. Wallace, Mrs. R. Schade, Mrs. C. Norris, Mrs. H. M. Whimster, Mrs. T. Bishop, Mrs. C. F. Grant, Mrs. A. Lee and Mrs. B. B. Stallwood will skip rinks in the Points play Monday.

Rinks drawn for the Collinson Cup were:

Thursday—Mrs. A. Lee vs Mrs. W. Kline; Mrs. J. H. Argyle vs Mrs. C. F. Grant; Mrs. W. Simpson vs Mrs. T. S. Jemson; Mrs. T. A Wallace vs Mrs. A. H. Whitehead.

Friday—Mrs. B. B. Stallwood vs Mrs. W. Kline; Mrs. T. Bishop vs Mrs. A. Lee; Mrs. H. M. Whimster vs Mrs. C. F. Grant; Mrs. C. Norris vs Mrs J. H. Argyle.

BETTY MITCHELL, SPEED CHAMPION, TAKES SENIOR WOMEN'S TITLE

WINNIPEG, Feb. 23—Betty Mitchell, Canadian and North American Women's Speed Skating champion, was pressed hard by Eilleen Whalley, of Winnipeg, a former Canadian and North American titleholder, but she took the Senior Women's title at Manitoba Open Speed-Skating championships in Winnipeg Saturday. Gerry Scott, Minneapolis star, fell in both the one mile and the 880-yard events to spoil her chances at the title. Ken Bartholomew of Minneapolis took the men's title from John Werkett, of Minneapolis, by 10 points. Bobby Fitzgerald, of Minneapolis, did not skate following a spill in the three mile event Friday night in which he twisted an ankle.

Only one record was broken—skaters battled a 15-mile-an-hour wind in five below zero weather. Betty Moore of Winnipeg trimmed 1-10 second off the Manitoba Bantam girls 110-yards record.

Caves or caverns may be produced by the action of water or by the destruction and displacement of strata through an earthquake or landslide.

Didn't get in Race

Case of Johnny Roukema, speed skating champion who failed to get a chance to compete in the Eastern tryouts for the final Olympic test because the tryout was held on Sunday and he is a member of the Christian Reformed Church which forbids athletic participation on that day, has caused quite a stir in sports circles. Roukema, a protege of Irving Jaffee, the 1932 Olympic champ, offered to pay his own way to St. Paul to compete there Feb 4-9, but officials of the Middle Atlantic Speed Skating Association turned his request down, saying, in effect, he had his chance at Newburg, N.Y., Jan. 19 (Sunday) and didn't participate then.

Tatchell Held Up During Visit to Spokane

Spence Tatchell, Nelson Maple Leafs forward, generally enjoys the team's visits to Spokane, but it was a different story last Wednesday.

Refreshed after cleaning up at the Coeur d'Alene Hotel following the game there, he stepped forth from the hotel to seek a bite to eat.

Tatchell thought nothing of being accosted by a stranger, who asked him if he had a room, but the friendly atmosphere was dissipated when the man, continuing his questioning, asked him if he had any money, at the same time producing a gun.

Confused, the Leafian asked the gunman what he wanted. "Something to eat," the now sinister individual replied.

"Tatch" found 35 cents in his pocket and handed it over.

This apparently ended the "interview" satisfactorily, for the character then disappeared. So did Tatchell.

GILLINGHAM, Eng., (CP) — Within 24 hours Frederick Money, 57, and Frederick Shilling, 53, died here of natural causes.

Nelson Juveniles Off to Vernon For B. C. Semis

Nelson Amateur Hockey Association's classy Juvenile Rep Hockey team left Sunday for Vernon where they are slated to play the winners of the Okanagan series in the B. C. Juvenile semi-finals, Monday and Tuesday.

After Friday's win over the Fernie Gyros, the Nelson team was entertained by Alec Ringrose, veteran Nelson sportsman, at a chicken dinner at the Standard. Speakers at the feed included the host, Mr. Ringrose, team captains St. Clair Duffy and Lee Hyssop as well as Al Silverwood, Guil Brett, Manager Van Linden and the Club President Slim Porter. Meanwhile, Fernie Gyros were dined by Nelson Gyro Club at the Golden Gate.

Players making the trip to Vernon include: Silverwood, Powell, MacIntyre, Koehle, S. Duffy, E. Duffy, Maglio, Brett, Hyssop, Hallbauer, Kraft and Shrieves. The team will be accompanied by Manager Van Linden, Director Alec Ringrose, Jack Burgoyne and President Slim Porter.
