RUSS FORCED BACK IN UKRAINE

African Air Force Pounds Dron[illegible] Marseille, Athens

By NOLAND NORGAARD
Associated Press War Correspondent

ALGIERS, Nov. 17 (AP)—Attacking on a front of more than 1,000 miles, bombers of the Northwest African Air Force struck their heaviest blow of recent weeks at the Nazi Air Force Tuesday when they smashed enemy airdromes near Marseille in Southern France and in the Athens area of Greece.

Blistering onslaughts against fields at Istres le Tube and Salon near Marseille were aimed primarily at the destruction of fleets of German long-range bombers that have been harassing Allid shipping in the Mediterranean. Many grounded bombers were left flaming at the two enemy bases.

Another force of medium bombers whipped Eastward from their Italian bases to blast the Elevsis airfield near Athens for the second day in futile support of British ground troops defending Leros Island in the Aegean Sea. Ten fires were started at Elevsis in hopes of reducing the Nazis' striking force in the Aegean, but the fight for Leros was then in its last hours and its loss was announced in Cairo today.

WEATHER HAMPERS GROUND OPERATIONS

Ground operations in Italy were impeded by dismal weather, with high winds, rain and snow hampering the movements of men and supplies. For a week Allied gains had been measured by yards instead of by miles, and resumption of major fighting did not appear imminent.

Several brisk patrol actions were reported from the various sectors. The most important resulted in Americans of the 5th Army regaining some high ground North of Venafro which had been lost the preceding day to two strong German counter-attacks.

Near the Tyrrhenian coast British forces intercepted a German patrol that had crossed the Garigliano River and shot it up badly.

Eighth Army troops improved their positions North of Alesia, on the Eastern flank.

The two Marseille Airdromes torn up Tuesday have become increasingly important to the Nazis since they lost their fields on Sardinia and Southern Italy, from which they once dominated the Central Mediterranean.

Heavy bombers hit Istres le Tube shortly after noon, and 15 minutes later two-engined bombers and their fighter escort swept over the nearby field at Salon. The four-engined bombers dropped Istres le Tube with bombs, and their machine-gunners shot down 12 out of 25 to 30 Nazi fighters that engaged them.

The mediums showered explosives on Salon, hitting grounded aircraft and destroying one enemy fighter in combat. Pilots said the force of one explosion indicated an ammunition dump had gone up. Three Allied planes were missing from all the day's air forays.

Rounding out Tuesday's operations, RAF Spitfire fighters returned to Albania to strafe enemy transport and bomb bridges near Durazzo while American mediums struck a blow in support of Yugoslav patriot armies by bombing harbor installations and a railway at Sibenik, from which the Nazis are conducting operations against Partisans holding near islands.

LOSS OF LEROS DRAWS FIRE OF PRESS

Ask Explanation; Scribe Says Troops Surprised

FALL SUDDEN

LONDON, Nov. 18 (Thursday) (CP)—London morning newspapers today were sharp in their criticism of the British loss of Leros, in the Dodecanese, to the Germans and the News Chronicle stated bluntly "it is hard to resist the conclusion that 'somebody has blundered'." (See story of surrender on page 3.)

All editorials were filled with questions and stressed the political set-back to the United Nations in Turkey and the Balkans.

"It would have been better never to have set out on the enterprise," said the Daily Mail. "Failure at this juncture is bound to have an unfavorable effect upon neutral and satellite opinions."

Morley Richards, military expert for Lord Beaverbrok's Daily Express, said there was only one way in which the maintenance of the Leros garrison could have been assured—by use of air bases on the Turkish mainland. He added "these air bases were not available to us."

The Daily Herald called for a full explanation, asserting "we shall gain nothing by glossing it over."

By JOHN F. CHESTER
Associated Press Staff Writer

CAIRO, Nov. 17 (AP)—British reinforcements landed on Leros almost at the 11th hour to try to save the tiny Dodecanese Island—and even the men who fought on under fierce bombing attacks until the end had no idea surrender was imminent.

The story of the action was told tonight by Marsland Gander, London Daily Telegraph correspondent, the sole journalist eye-witness on the island, who escaped during the early hours of Nov. 16. His were the first details since the bare announcement of the Nazi victory in the island off the Turkish Coast in the Aegean Sea.

Aboard a destroyer which brought him from the island after a five-day siege, Gander wrote: "Though the situation in the small island so close to German-occupied territory was always critical, no one expected such a sudden collapse of the defence. In fact, the tired defenders had pushed the invading forces, by counter-attack, off three important ridges."

Gander left the island the day it fell. He said that when he left, British and Italian forces still held two-thirds of it and had plenty of food but needed reinforcements and ammunition.

"The atmosphere in the island," Gander said, "was one of moderate optimism despite the fact that the number of German aerial sorties had risen to between 200 and 300 daily."

First a minesweeper and finally a destroyer landed troops and ammunition during darkness the night before the surrender, he said, while planes dropped supplies.

He left on a destroyer which, he said, participated in a successful attack on German landing craft. These apparently were part of a heavy Nazi reinforcement movement.

By RICHARD G. MASSOCK
Associated Press Staff Writer

LONDON, Nov. 17 (AP)—German seizure of strategic Leros Island in the Aegean Sea and the threat to the now-exposed neighboring base of Samos provoked some unofficial questioning tonight of Britain's Eastern Mediterranean tactics but military circles showed no great alarm at the turn of events and the Press cautioned patience.

"Small though it may be against the immense background of the war, this is an unpalatable reverse," the Star commented editorially and cautioned critics to "hold their fire" at least until the Government had an opportunity to explain.

The Evening News said that while all the facts are not known "it is obvious that we have suffered a reverse which if not of primary consequence is sufficient to merit further explanation."

London observers professed inability to understand why the British Command, with virtual dominance of the Mediterranean and with thousands of idle troops at its disposal, was unable to secure its hold on the string of islands which help bar the way from Middle East invasion bases to the Balkans.

British commentators, however, said the Allied Command apparently found it impossible or undesirable to reinforce the British-Italian garrison on Leros but nevertheless it was believed the Germans suffered heavy losses of picked, battle-tested shock troops and also weakened their Balkan, Russian and Italian front forces to recapture the Dodecanese.

The Press discussion of the campaign was coupled with some talk of replacing Gen. Sir Henry Maitland Wilson, British Middle East Commander, but this found no support in official quarters.

Quick Action Saves Disaster in Hospital Fire

MONTREAL, Nov. 17 (CP) — Fire, which at first threatened major catastrophe, struck the Hotel Dieu Hospital here tonight, but was brought under control within an hour after 45 patients had been evacuated to other parts of the 500-bed institution. The blaze was confined to the administrative wing.

Quick action on the part of the hospital staff and the Montreal Fire Brigade resulted in early control of the flames which originated in the cellar of the old four-storey gray-stone building but not before X-ray equipment, an operating theatre and administrative files had been destroyed.

Dr. Oscar Mercier, head of the Medical Staff, estimated damage at about $400,000, and said the gutted portion of the hospital would be entirely rebuilt.

City firemen speedily strung ladders to the windows of the old structure, pouring tons of water on the burning building.

Restlessness among the hundreds of other patients in the institution was quickly dealt with when interns and nurses went through the wards stressing there was no danger of the fire spreading to the other wings.

All other Montreal hospitals rapidly answered an alarm-call that brought more than 30 interns in a fleet of ambulances. When firemen, police and A.R.P. volunteers arrived patients in the threatened wing had been safely evacuated and hospital hoses had already been turned on the flames by orderlies, nurses and interns. This had been done within 12 minutes of the outbreak of the fire from undetermined origin.

Typhoon and Flood Paralyze Manila

NEW YORK, Nov. 17 (AP) — Manila has been paralyzed by a typhoon and flood which inundated electric power, gas, water and telephone services, the Japanese controlled Manila radio said tonight.

Suggesting that the disaster occurred 48 hours before, the announcement said the Manila radio had been off the air for two days "due to transmission difficulties caused by the storm."

"ALLIES HAVE ADVANTAGE OF INITIATIVE"

New York Forum Hears Messages From World Leaders

NEW YORK, Nov. 17 (AP)—President Roosevelt said tonight that the United Nations now have the "supreme advantage of initiative" and their progress could be measured by the fact that they are producing "the important events of the war."

"We must not lose this advantage—the supreme advantage of initiative," he said in a message to the closing session of the New York Herald Tribune forum on current problems.

Vice President Henry Wallace and Wendell Willkie addressed the session. Messages also were read from Prime Minister Churchill and Foreign Secretary Anthony Eden of Great Britain and Gen. Charles de Gaulle, President of the French Committee of National Liberation.

Mr. Churchill observed that the forum was meeting "in the glow of one of the most cheering developments in international affairs, the Moscow conference," and referred to the pledge of the United States, the United Kingdom, Russia and China "to work together not only in winning the war but in building the structure of a lasting peace."

Wallace said that loans made abroad by the United States after the war, if properly invested, could increase jobs in the United States and furnish millions of jobs for the whole world.

Certain private interests, he said, must not be "allowed to high pressure Congress into higher tariffs while other private interests are financing unsound loans abroad at the expense of the small American investor."

He said that "by lack of planning and the selfishness of the so-called hard-headed men we can turn Peace II into World War III."

Willkie hailed the Moscow agreement as "a sound foundation on which we can build" and urged that it be enlarged to include "economic as well as political and moral objectives" and participation by all the United Nations and eventually all nations.

Eden's message said the four-power declaration at Moscow "made it plain that there was and there would be no attempt to impose a sort of great power dictatorship on other states."

President Roosevelt said that "in the years—and perhaps the centuries of peace—that are to follow this war, the forces of civilization and common decency, the overwhelming majority of the human race, must always maintain the initiative."

FRENCH WARNED NEW AIR BLOWS COMING

LONDON, Nov. 17 (CP)—The Allies are going to launch a great new aerial assault against Nazi war plants in France, the BBC said tonight in a special warning to the French people. It listed for attack 36 places, including Paris. "These attacks will be carried out in addition to the ones that already are being made against enemy installations in general," the BBC said.

BRITISH SUBMARINE LOST

LONDON, Nov. 17 (CP)—Loss of the submarine Usurper was announced today by the Admiralty which said the vessel "is overdue and must be presumed lost."

ALLIED LEADERS FORM PLANS FOR INVASION

Hour of Offensive Expected to Be Decided Soon

By ROSS MUNRO
Canadian Press War Correspondent

LONDON, Nov. 17 (CP Cable) — Decisions of immense importance are believed to have been made recently by Allied leaders on the final plan for invasion of Northwest Europe and preparations have undoubtedly been pushed forward for a gigantic assault which will dwarf every allied military effort so far.

The day and hour of the grand offensive against Germany will probably be decided soon along with Germany's immediate future in defeat.

The allocation and organization of forces selected for the assault goes forward.

Recent conference at Moscow of British, American and Russian foreign ministers appears to have had a vital bearing on the intentions of the Allies and there are well-founded rumors here that the long-awaited conference of Prime Minister Churchill, President Roosevelt and Premier Stalin may be held shortly, perhaps before the end of the year.

The big three would put the finishing touches to the offensive plans for 1944 and their military staffs would link the detailed plans together. Close military planning is imperative to ensure that the Russians, British and American armies operate in concert in the attack that might well be the finishing campaign of the war in Europe.

United Nations leaders are believed to be so confident that the combined assault on the continent will succeed that they want an agreement in advance on how Germany and Europe are to be governed until they are capable of governing themselves.

According to some reports they may be expected to offer the German people some measure of political and economic freedom—though no military liberty whatever— if they oust Hitler and his gang and stop the struggle.

As to the physical assault itself, the success of the initial coastal invasion depends in large degree on air supremacy to protect shipping and blast selected bridgeheads in advance of the invasion troops, as well as to harass German communications. This supremacy seems assured considering the vast air force now assembled in the United Kingdom, a considerable portion of it is being held back for the big show.

Highly specialized formations including British, Canadian and American troops have been training for the assault. They are elite troops with spearhead assignments. A number of highly secret developments and new weapons have been adopted to help them land on the beaches and gain good bridgeheads.

Hit Jap Bases In Central Area

PEARL HARBOR, T. H., Nov. 17 (AP)—United States heavy bombers raided Jaluit and Mille atolls in the Marshall Islands and Makin in the Gilbert group the afternoon of Nov. 16, setting one enemy ship on fire and possibly hitting three others in Jaluit harbor, it was announced here today.

Many fires were started in hangars, shops and fuel dumps at the Jaluit atoll.

It was the third successive day on which bombers of Maj.-Gen. Willis H. Hale's 7th Air Force had struck against Japanese bases in the central Pacific area in an offensive which the General said would be continued until they become "completely untenable."

There was no enemy interception at any point in the Nov. 15 raid and no damage to American planes or personnel.

Vancouver Infant Mortality Rate Cut in Half

VANCOUVER, Nov. 17 (CP) — Vancouvers' infant mortality rate has been cut in half during the last 20 years and now is the lowest of any city of comparable size in the world, Dr. Stewart Murray, City Health Officer, reported today to the Metropolitan Health Committee.

In the five year period, between 1918 and 1922 the death rate among Vancouver infants average 58.8 per 1000 live births during the first year of life. Between 1938 and 1942 the rate had dropped to 27.8.

Improved methods of prenatal care and closer medical attention to mothers are chief reasons for the "remarkable record," Dr. Murray said.

FLEEING NAZIS FACE DOOM: Seeking escape in desperate flight over the Ukraine plain, following the Russian plunge through Kiev toward Rumania, a huge German force is running into a death trap, military sources report. The arrows on this map show how a "slaughter pen unrivalled since Stalingrad" is forming even as the Soviet forces rush on to the Rumanian border. The Southern army and the victorious Kiev hordes can form a seemingly inescapable ring. White area indicates Russian advances.

School Principal Charged With Assault

VANCOUVER, Nov. 17 (CP) — Walter Hardwick, Principal of Henry Hudson school here, appeared in police court today on a charge of assaulting Elmer Fenner, 10, a pupil at the school. The case was remanded to Thursday.

Elmer and a brother, Joe, eight, testified that Hardwick picked up Elmer by the shirt, shook him and let him go causing him to hurt his knee.

According to evidence Hardwick had called the brothers from their classrooms to question them about a letter he had received from their father which charged the principal with cruelty to the Fenner lads.

Hardwick testified the boys admitted then he had done them no harm.

Channel Ports Plastered by Typhoons

LONDON, Nov. 17 (CP) — R.A.F. Typhoons hit Nazi-held channel ports today, following up the U. S. heavy bomber attack yesterday that probably knocked out the highly important molybdenum plant at Knaben in Southern Norway.

Action against continental targets tonight was indicated. The German and Paris radios went off the air—often a sign that the R.A.F. is over the continent. A Reuters News Agency dispatch from Zurich said an air raid alert was sounded at Basle tonight.

Two minesweepers, a trawler and motor launch were damaged today by the RAF Typhoons despite intense anti-aircraft fire. A pilot said their cannon shells hit minesweepers lying at a dockside in St. Peter, a port on the channel island of Guernsey.

Other planes encountered heavy flak as they hit a trawler and a motor launch moored in the estuary at Lezardrieux, France, 11 miles Northeast of Brest. Two fighters are missing. R.A.F. Mosquitoes attacked Western Germany last night without loss.

MORE MEETINGS OF EMPIRE MINISTERS URGED BY MacDONALD

TORONTO, Nov. 17 (CP)— Rt. Hon. Malcolm MacDonald, United Kingdom High Commissioner, tonight urged more frequent personal meetings among Cabinet Ministers of the various members of the British Commonwealth.

In an address prepared for delivery to the Alumni Federation of the University of Toronto, Mr. MacDonald said the present system of consultation between nations of the Commonwealth needs development.

Gold Output Slides

OTTAWA, Nov. 17 (CP)—The Dominion Bureau of Statistics reported today Canada's Gold production of 382,804 fine ounces in September was the "lowest recorded in several years." Output has been falling off recent months. In September, 1942, output was 380,703 fine ounces.

Production by areas (totals for September, 1943, in brackets): Nova Scotia 287 (881) fine ounces; Quebec 74,396 (84,722); Ontario 156,352 (212,881); Manitoba and Saskatchewan 20,256 (25,602); British Columbia 17,637 (34,320); Yukon 7133 (14,772); Northwest Territories 4825 (6523).

Labor Shortage Hitting Base Metal Mining

VANCOUVER, Nov. 17 (CP) — Mines Minister Carson told the opening session of the Western meeting of the Canadian Institute of Mining and Metallurgy today that the labor shortage has hit British Columbia mines more than any other part of Canada. In two years 18 of the Province's 25 gold mines have shut down.

"Shipbuilding and the war industries," said Mr. Carson, "while doing a grand and needed job have thrown the labor situation out of gear here. In the East peacetime industries were converted to wartime industries without at first greatly affecting the labor supply. Ample labor was found in the marginal labor groups of Ontario and Quebec.

"In B. C. we did not have the large industries and the available labor was quickly taken up in the new industrial plants. There has ever since been a continuous drain of labor from the basic industries of the Province."

The Minister pointed out further, that absence of last year's special demands for certain minerals now leaves the industry groping.

"It is hoped that before another mining year we will have an indication of the metals which will be in steady demand so that we may be able to arrange an adequate program."

Mr. Carson announced representations had been made to the Federal Government by mining associations and the Provincial Government, and unless labor could be secured the situation would become progressively worse.

Base metal mining is getting so far behind, he declared, that even well-organized big mines are going to find that they have large development programs to undertake in the post-war period when they should be in the best physical condition to absorb labor and compete in world markets.

The Minister suggested Canada follow the United States' example and establish a stockpile for post-war.

Five Children Lost in Blaze

FORT COULONGE, Que., Nov. 17 (CP)—Québec Provincial Police today opened investigation of a fire which last night caused the death of five of the six children of Mr. and Mrs. Leo Bertrand.

The blaze, started when an oil lamp exploded after being overturned by two of the Bertrand children at play, took the lives of Salome Bertrand, seven; Claudette, four; Gaetan, five; Leonie, one; and Denise, three months.

Dillon Bertrand, eight-year-old son, was the only survivor of the fire which broke out while the parents were absent.

The blaze spread to the adjoining Bertrand butcher store and to the home of Richard Berube. Both buildings were destroyed.

Evidence at the inquest was to the effect the baby, Denise, was asleep in her crib in the kitchen and Gaetan, Leonie and Claudette sleeping in an upstairs bedroom when the lamp was overturned, apparently while the oldest children were playing.

Dillon summoned neighbors but was unable to rescue his brothers and sister.

Gains Continue in Dnieper Bend, Korosten Sector

By JUDSON O'QUINN
Associated Press Staff Writer

LONDON, Nov. 17 (AP)—A mounting German counter-attack with a field force reported to total 150,000 men sent the Red Army into reverse today in the Zhitomir-Korostyshev region of the Northern Ukraine—a small sector of the vast Eastern front—in the first Soviet setback since the Russian offensive began four months ago.

However, in the Dnieper Bend Soviet troops killed 2,000 Germans and seized several towns and in the Korosten rail junction area 60 more towns and hamlets were captured. Advances also were made in the Gomel-Richitsa area and a new Soviet drive was reported underway near Orsha.

The Germans concentrated large forces of tanks and infantry on a narrow sector of the front, the communique said, and after killing 1500 Germans and destroying 70 tanks and troop carriers, the Russians "under pressure of the numerically superior enemy forces abandoned a few populated places and entrenched themselves in new positions."

DEFENSIVE MOVE

The German counter-attack was seen in London as purely a defensive move and the Berlin radio itself, while talking of "growing German counter-pressure," said the Russians were forced to carry out "a certain backward movement which at the moment is not very considerable."

The Nazi push was directed at the underside of the Red Army's Westernmost salient at Zhitomir, an important rail junction announced captured Saturday, and Korostyshev, 15 miles Eastward on the Zhitomir-Kiev Highway.

One Berlin report said the highway had been reached by a German spearhead and a Reuters News Agency dispatch said Field Marshal Gen. Fritz von Mannstein had thrown 150,000 men and hundreds of tanks into the counter-blow. The thrust also appeared aimed directly at Zhitomir itself.

For several days the Russians have announced strong German counter-attacks even farther East of Zhitomir at Fastov.

The German communique claimed the counter-attacks were "making good headway and the enemy, despite stubborn resistance, was thrown back in several sectors."

(The German drive was called a "full-scale attack by new and reformed Nazi regiments with large numbers of tanks, armored cars and infantry" in a Moscow broadcast by CBS correspondent William Downs).

At the same time the Russians forged ahead in their drive to clear out the Dnieper River bend to the South of the Zhitomir region. Here the Red Army captured the town of Tomakovka, 22 miles Northeast of the great Manganese centre of Nikopol and an equal distance West of Zaporozhe. The Russians are already facing Nikopol from the South across the curving Dnieper River.

Seven other heavily-fortified German strongpoints were taken in the area West of Dnepropetrovsk and Zaporozhe.

North of Zhitomir, in the salient now under German attack, the Russians captured more than 50 towns and hamlets as they surged North and West toward Korosten, a major rail junction, and the Leningrad-Korosten railway. One of the towns captured, Narodichi, marked an advance to the North and was 19 miles East of the North-South railway it is 26 miles Northeast of Korosten.

Other Russian forces were only 14 miles from Korosten in the South and 15 miles from the town in the East, giving easy range to the massed Soviet artillery that has battered the Germans out of hundreds of cities and villages.

Farther North in the Rechitsa area where the Russians are in position to outflank Gomel and drive from the railway junction of Kalinkovichi, six German strongpoints were captured and the Russians drove into the Western outskirts of the town of Rechitsa.

North of Gomel where the Russians have a bridgehead across the Sosh River in further menace to this almost surrounded city, the Red Army improved its positions as it fought to extend the bridgehead area.

Moscow dispatches said Russian artillery is heavily shelling Gomel's outskirts and three of the six railroad lines that lead into the city have been cut. Threatened by the Soviet advance was the German major escape route from the City—the Gomel-Minsk railway.

Other Russian advances were made North of Kiev in the lower reaches of the Pripet River where Chernobil, 55 miles Northwest of Kiev, and nine other populated places were captured.

QUEBEC WOMAN MURDERED, THREE INJURED

Police Attempt to Question Dazed 14-Year-Old

MONTREAL, Nov. 17 (CP) — Mrs. Andrew R. Webster, wife of a prominent resident of neighboring Westmount, was beaten to death in her bed today and three other persons were in hospitals with serious injuries as the result of sudden early morning attacks that gave Westmount police their first murder case in 24 years.

Death struck in the heart of the exclusive Boulevard District of weakhy Westmount. Tonight police Headquarters officials were still trying to get a coherent story of what happened from 14-year-old George Webster, eldest son of the dead woman.

Throughout the day the youth remained dazed under attempts to question him—in a condition similar to that in which he was found sitting on his bed when police answered a telephone call to the comfortable, two-storey home early this morning.

In hospital in serious condition, were his 12-year-old sister Mina, his eight year old brother Andrew, and Miss Sylvia Cusp, 25-year-old house-guest of the Websters from Melbourne, Australia.

Mrs. Webster was found in her bed with her skull badly smashed, apparently as the result of repeated blows with a baseball bat found nearby. On the second floor were two younger children, both unconscious of head injuries.

Miss Cusp was found on the ground floor, also bleeding profusely about the head.

Police said that when they arrived they found eight-year-old Jeannette Brown, a guest from Britain, unmolested in her room downstairs, while the 14-year-old youth was sitting alone in his own bedroom in a dazed condition.

JAPS CAPTURE TOWN OF LISHIEN

CHUNGKING, Nov. 17 (AP)—The Chinese High Command announced tonight that the Japanese had captured the town of Lishien about 60 miles South of the Yangtse River port of Shasi, with both sides suffering heavy losses.

AMERICANS BOMB KOWLOON DOCKS

CHUNGKING, Nov. 17 (AP) — Bombers of the United States Air Force bombed shipping and the Kowloon dock area at Hong Kong Monday night, scoring many hits on the target, it was announced today.

Death of Voykin Caused by His Driving on Wrong Side Says Jury; No Blame Attached to Truck Driver

John A. Voykin of Brilliant, who was killed October 30 during a collision between his car and a truck driven by John C. Waldie of Castlegar and Nelson, came to his death as a result of the accident, "and caused the accident by failing to drive on the right hand side of the road," stated the jury's verdict at an inquest held Wednesday. "No blame is attached to the driver of the truck," the verdict further stipulated.

Mr. Waldie, who with his son William, was driving toward Nelson with a load of wood, testified that as he came up over a rise along the road just out of Shoreacres, he saw the lights of two cars coming toward him, and had pulled to the right to allow passing. "I passed the first car without difficulty," he said," but as the second one came toward me it seemed to swerve, and it came right into my front wheels."

Asked about the visibility that night, Mr. Waldie replied that it was "perfect—the night was very black and clear, and there were no obstructions. I could see two distinct cars coming, although I did not see them until after I had come up over the rise in the road.

"I had been driving on the right hand side of the road and as I passed the cars I continued that course, and the same rate of speed." He surmised that his speed was about 30 miles an hour. "It all happened in a flash," he said.

Mr. Waldie told how he had found three people outside the Voykin car, and a few minutes later found John Voykin lying near the rear wheels of the car. "I told my son to call the police, I felt Voykin's pulse but he was apparently dead. Several minutes later some soldiers in a passing automobile rendered first aid to those who were injured."

HEART RUPTURED

Dr. G. R. Barrett who performed the autopsy, established the cause of death as rupture of the heart, and shock.

William H. Waldie corroborated his father's evidence, and stated that he noticed the second car immediately after they had passed the first one, but "when it was about 50 feet away from us, I could see by the lights that it was coming inward towards us. I realized this only a fraction of a second before the collision," he said.

Eli W. Koozmetsoff of Brilliant, who was a passenger in the Voykin car, said he did not see the truck coming. Asked by Cpl. John White of the Provincial Police at Nelson if he or Voykin had been drinking beer in Nelson, Koozmetsoff replied that they had not.

There were four passengers in the car, Voykin ,the driver Koozmetsoff, Mary Chernenkoff and Alex Koozmetsoff.

Photographs of the truck were presented by Acting Chief Clerk J. L. Smith, B. C. Police at Nelson, as exhibits and Cpl. John White exhibited a plan of measurements taken after the accident.

Witnesses were Mr. Waldie, William Waldie, his son, Dr. Barrett, John W. Argatoff, Eli Koozmetsoff, Mary Chernenkoff, Cpl. John White, and Acting Chief Clerk J. L. Smith.

Dr. N. E. Morrison, Deputy Coroner, conducted the inquest. E. P. Dawson appeared for the family of the deceased.

The jury consisted of J. K. McRory, foreman, James Muir, J. W. Smith, J. A. Wright, Charles McDougall and A. J. Hamson.

Here's Right Way to Go After

Rheumatic Pains

Usually the Excess Acids Start To Leave System in 48 Hours Costs But Little—Guaranteed

Here's the swift, modern 48-hour way to get the excess pain producing acids out of your system.

Go to Mann, Rutherford Co., or any progressive drugstore—get a bottle of ALLENRU—and follow the weekend treatment for Stubborn Rheumatic Pains or Backache.

Start right in taking it Friday night—stay in bed as much as possible till Monday morning—Allenru acts double fast when the body is relaxed and rested.

So don't feel dispirited any longer; don't give up hope of getting real relief. Allenru acts and acts fast and in three distinct ways: 1) to relieve the pain; 2) as a diuretic for the kidneys to flush out excess acids and 3) to arouse the bowels to normal action.

Mann, Rutherford Co., and all good druggists have been instructed to dispense ALLENRU with the understanding that if the first bottle does not give you the relief you want and have a right to expect, he will gladly refund your money without comment.

Make Provision For Post Office Christmas Work

OTTAWA, Nov. 17 (AP) —Provision has been made under National Selective Service regulations for temporary employment of workers during the Christmas rush period by the Post Office Department and the Retail Trade, Arthur MacNamara, Selective Service Director, announced today.

From Dec. 13 to Jan. 5, they may engage women over 44 years of age and men over 50 without first obtaining Selective Service permits. If it is desired to retain any of these employees after Jan. 5, permits will be necessary.

Students and teachers may be employed during the Christmas vacation in post offices or retail stores without permits and in areas where there is no shortage of female employees for essential industries, Selective Service officers may permit employment of women under 44 years for the holiday season.

Que. Liquor Stores Open 2 Hrs. Longer

MONTREAL, Nov. 17 (CP)—Increase in the daily hours of Quebec Liquor Commission stores was announced today, giving the stores two hours a day extra open time.

Commission stores, starting next Monday, will open at 10 a.m. and close at 6 p.m. instead of 4 p.m. as at present. Saturday hours will be 10 a.m. to 5 p.m. instead of a noon closing.

TRAVEL RESTRICTIONS IN ALASKA EASED

HEADQUARTERS, ALASKAN DEPARTMENT, Nov. 17 (AP) — Easing of travel restrictions throughout most of Alaska, effective Dec. 1, was ordered today. After that date civilian travel within the territory, except on the Alaska Peninsula and in the Aleutians, will be virtually without restrictions. Dependents of military personnel will continue under entrance ban.

Nakusp Board to Sponsor Tree

NAKUSP, B. C.—At the monthly meeting of the Nakusp Board of Trade Monday evening, it was decided to sponsor the Community Christmas tree and party. The Dramatic Society will put on several small plays for the event.

Here's Speedy Relief For

Tender, Aching Burning Feet

Your feet may be so swollen and inflamed that you think you can't go another step. Your shoes may feel as if they are cutting right into the flesh. You feel sick all over with the pain and torture; you'd give anything to get relief.

Two or three applications of Moone's Emerald Oil and in a few minutes the pain and soreness disappears.

No matter how discouraged you have been, if you have not tried Emerald Oil then you have something to learn. Get a bottle today at Mann, Rutherford Co. and all druggists. (Advt.)

Says Beer Ration Boost Will Be Made This Month

VANCOUVER, Nov. 17 (CP) — The Province in a newspage story today said the November beer ration for British Columbia permit holders will be four dozen pints, an increase of a dozen pints over the present November monthly quota. Liquor Commissioner Kennedy said he could not deny the report and that he will study the question tomorrow at Victoria.

The Province said that in order that those who have already made their monthly purchase will not lose out on the additional ration, coupons will not be required for the additional case of beer. Customers will still have their choice of a 26-ounce bottle of liquor or three dozen pints of beer for their November coupons, but in addition will be able to buy the additional beer on their permits alone.

No date has been set for inauguration of the new policy but the Commissioner will have to officially notify the vendors throughout the province before it can be put into effect. It will likely be some time next week before the additional ration is available.

Road Delegation Will Meet Anscomb Tuesday

Nelson Board of Trade delegation which will go to Victoria to urge development of the present highway from Creston West through Nelson as opposed to a suggested route over Summit Creek to Salmo, has an appointment with Hon. Herbert Anscombe, Minister of Public Works, next Tuesday.

While urging the post-war development of the present road as most valuable from the tourist viewpoint, the delegation will also ask for improved ferry service on the main lake.

The delegation will consist of Lieut.-Col. G. A. Hoover, President of the Board; R. D. Barnes, Mayor N. C. Stibbs, and C. F. McHardy.

Mr. McHardy plans to leave Friday morning, driving to the Coast. The remainder of the delegation will leave by train Sunday morning.

Mayor Stibbs has also been called to a meeting of the Executive of the Union of B.C. Municipalities at Vancouver next week.

GUERILLA FORCES COUNTER ATTACK HUNS IN SLOVENA

LONDON, Nov. 17 (CP). — The guerilla forces of Gen. Josip Broz (Tito) have begun a counter-offensive against German troops in some sections of Slovenia. A communique of the Partisans said today they had broken up a Nazi drive that began Oct. 12 in that part of Yugoslavia.

In addition, the Cairo radio broadcast a report that heavy demolitions had made Trieste and Fiume unusable by the Germans.

Plan to Repatriate Canadian Seamen

OTTAWA, Nov. 17 (CP) — Shipowners whose vessels are not of Canadian registry and who engage Canadian merchant seamen will be required after Jan. 1 next to guarantee the cost of repatriating such seamen should they be found in distress out of Canada. An Order-in-Council published today provided that the Government is to arrange the return to Canada of any seaman domiciled in the Dominion for at least a year before beginning the voyage on which he was last employed, if the seaman is left behind on termination of engagement or agreement or otherwise discharged from a ship of other than Canadian registry.

Any money paid by the Transport Minister to provide for clothing, maintaining and treating repatriated Canadian merchant seamen shall be a charge on the ship to which the seamen belonged and a debt to the Crown from its master or owner.

To reduce production man-hours, cups are being made in Australia without handles.

Recruit Conviction Restored by B.C. Appeal Court

VANCOUVER, Nov. 17 (CP) — Conviction of Frank Paul of Vancouver, for an infraction of National Defence regulations was restored by the British Columbia Appeal Court here yesterday. The Crown appealed from Judge Bruce Boyd's decision Oct. 4 that Paul had been found guilty illegally in Police Court.

Magistrate Mackenzie Matheson sentenced Paul to six months imprisonment as a result of a letter he wrote his brother in Sault Ste. Marie, Ont., last March.

The Crown alleged the letter contained statements likely to prejudice recruiting.

Report Cairo May Be Meeting Place of Allied Leaders

LONDON, Nov. 17 (AP) — Axis speculation over a possible conference between Prime Minister Churchill, President Roosevelt and Premier Stalin was intensified today by a Budapest broadcast hinting that Cairo might be a likely place for such a meeting.

"Well-informed circles," the broadcast said, "are of the opinion that a meeting between Churchill, Stalin and Roosevelt will take place in the near future."

It then quoted "Cairo circles" as saying that the Mena House Hotel there was being redecorated and put into readiness for an "important conference."

Washington, the broadcast added, views the prospects of a meeting between the three Allied statesmen "with great confidence and even greater results are expected than at Moscow."

The Daily Mail, meanwhile, quoted the Ankara radio as saying that "according to well-informed Allied circles, a Churchill-Roosevelt-Stalin conference will take place in the near future."

No official comment on either broadcast was forthcoming in London.

Protest Free Electricity as Tax Evasion Plan

DUNCAN, B. C., Nov. 17 (CP) — Duncan Chamber of Commerce today sent telegrams to Prime Minister King and Premier Hart protesting the granting of free electical service to some customers of the B.C. Electric Railway Co., is a direct evasion of the Excess Profits Tax.

The Provincial Government passed an order-in-council which gives free electrical services during November and December on Vancouver Island and Kamloops during November in Vancouver and the lower Mainland. The move was recommended by the Public Utilities Commission as a means of equalizing previous excessive rates in those areas.

Members of Duncan Chamber of Commerce claimed the rebate, totalling $1,000,000, would have been taken by the Federal Government as Excess Profits and it was unfair to turn it over to one section of the community when it belonged to all the people of Canada.

VANCOUVER, Nov. 17 (CP) — Criticism of the Provincial Government announcement that electric bills of consumers of Vancouver would be cancelled for November, were made by the delegates of the Vancouver, New Westminster and District Trades and Labor Council (AFL) last night.

The subject was discussed when a report was made that the B. C. Electric could not see its way clear to grant free transportation to returned wounded soldiers.

William Burgess, representative of the Fishermen's Union, said, "The contribution of the Company is not the corporation's contribution. It is coming off their excess profits. So they are not giving anything away."

R. K. Gervin, Secretary, said: "It is ridiculous. The idea of giving one month off is ridiculous. It is up to the Utilities Commission to see that B. C. Electric gives the workers a low rate."

Interpreting The War News

By KIRKE L. SIMPSON
Associated Press War Analyst

Collapse of the British effort to pry open the Aegean route to the Balkans is indicated in the Nazis' recapture of Leros Island in the Italian Dodecanese group. Its fall leaves British forces on the Greek island of Samos, 90 miles farther North up the Turkish coast, cut off and in peril of the fate that has overtaken the garrisons on Leros and on Kos and Castelrosso Islands, previously retaken by German forces.

EXPECT REPERCUSSIONS

This first real setback in a year of unbroken Allied victories which began at El Alamein in Egypt probably will have repercussions in London. It could conceivably lead to a shake-up of the British command at Cairo covering the Eastern Mediterranean-Aegean-Balkan theatre of operations.

Thousands of British troops and cooperating Italian and Greek forces apparently have been lost.

Even though the military consequences may be minor, the blow to Allied prestige in Turkey and the Balkans is too obvious to be ignored. Explanations are in order and certainly will be demanded in London.

The first British landings on lesser islands of the Aegean, bypassing the Nazis stronghold on Crete, and on Rhodes, came last September.

Spokesmen for the Cairo Command insisted that major strategic objectives were concerned in the Aegean operations, not mere diversionary attempts. Press reports at Cairo at that time also pictured British armies in Egypt and Libya, as well as those East of the Suez Canal, as ready to roll.

Now the precarious Allied island footholds in the Aegean have been lost with the exception of gravely isolated Samos. The implication is that Nazi ability and readiness to fight for continued control of the Aegean was underestimated somewhere, or that a rather heavy price in British casualties has been paid for such minor diversionary effects as the Aegean operations might have had on the main Southern front in Italy.

Denies Allegiance to Mussolini Gov't

NEW YORK, Nov. 17 — Monsignor Evasio Colli, Bishop of Parma and Director-General of Catholic Action in Italy, has written a letter categorically denying a Nazi-circulated story that his organization had advocated loyalty to the puppet government of Benito Mussolini, the Swiss Telegraph Agency said today.

The letter, read from the pulpit by Italian priests, evoked an angry attack by Roberto Farinacci, published in Regime Fascista, said the Swiss dispatch, reported to the United States Office of War Information.

Farinacci declared Monsignor Colli's letter of denial "made common cause with Badoglio" and complained that certain priests had deliberately given the letter "undue prominence."

Bucharest Ready for Evacuation

LONDON, Nov. 17 (CP) — The Morocco radio said today that the Rumanian Government, apparently disturbed by the rapid advance of the Russian Army, had completed plans for evacuation of Bucharest and had removed all important documents to the provinces.

Police in the Rumanian capital were said to be patrolling the streets in full strength to disperse crowds assembling before the residence of Premier Ion Antonescu and other cabinet members.

The only metal which is liquid in its natural state is mercury.

Failure to Report at Work Camp Brings Sentence

CALGARY, Nov. 17 (CP) — In a prosecution arising from a joint effort of city police and National Selective Service officials here to enforce Selective Service Regulations, Charles R. Evans, Calgary, was convicted of failing to report for alternative service at a work camp, and sentenced to time in custody, today in Police Court.

He will be taken in police custody to an Alberta work camp today.

Commenting on the case, J. G. Talton, District Enforcement Officer for the National Selective Service here, said that the Selective Service Regulations will be rigidly enforced in Calgary and persons who violate the regulations wil be prosecuted.

Do You Suffer From Headaches?

It is hard to struggle along with a head that aches and pains all the time.

A headache need not be an illness in itself, but it may be a warning symptom that there is intestinal sluggishness within.

To help overcome the cause of headache it is necessary to eliminate the waste matter from the system. Burdock Blood Bitters helps to remove the cause of headaches by regulating the digestive and biliary organs, neutralizing acidity, regulating the constipated bowels and toning up the sluggish liver, and when this has been accomplished the headaches should disappear.

Paper States Movement of Japs East Part of Plan to Get Them Out of B.C.

VANCOUVER, Nov. 17 (CP) — The Sun in a newspage story today said that "the movement of single unemployed Canadian Japanese from interior points to essential industry in Eastern Canada is part of the General re-allocation program to disperse part of the Japanese out of British Columbia."

The Sun added:

"Movement of the Japanese is being made under National Selective service compulsory job transfer regulations which recently were extended to include unemployed single Japanese, naturalized or Canadian-born.

"At present some 492 Japanese are working in the logging industry while 110 are employed on railway track work. . . .

"A few work for farmers and some youths are echployed in stores. These figures are separate from the self-supporting Japanese who have gone into the produce farming trade from Lillooet East.

Approximately 16,000 Japanese remain in the Province of the original 23,000 moved out of the Coast defence area."

Soldier Miners to Be Paid If Work Unobtainable

OTTAWA, Nov. 17 (CP)—Selective Service officers now are authorized to pay members of the forces who have returned on leave to coal-mine work if such men "cannot for a temporary period be utilized in coal mining."

A Labor Department spokesman said this order, passed Nov. 6, is applicable in event of a strike which shuts down a mine and makes it impossible for men on leave from the forces to work.

The rate of pay under such circumstances is to be 40 cents an hour, on the basis of an eight-hour day and 48-hour week.

During the recent strike in Alberta and British Columbia coal mines, Selective Service granted permits to take temporary jobs to members of the forces thrown out of work by the mine shutdowns. Such permits may be issued in future similar cases, but if temporary work is not available the men may be paid by Selective Service, an official here said.

New under-arm Cream Deodorant safely Stops Perspiration

1. Does not rot dresses or men's shirts. Does not irritate skin.
2. No waiting to dry. Can be used right after shaving.
3. Instantly stops perspiration for 1 to 3 days. Prevents odor.
4. A pure, white, greaseless, stainless vanishing cream.
5. Awarded Approval Seal of American Institute of Laundering for being harmless to fabric.

ROYAL CITY CANNED FOODS

GROUP TO STUDY BEST PLAN FOR TEACHERS

OTTAWA, Nov. 17 (CP) — Labor Minister Mitchell today announced appointment of a Committee to advise National Selective Service on the most effective use of school teachers during the war.

The Committee, established in a consultation with the Canadian Teachers Federation, has six members. Arthur MacNamara, Director of Selective Service, is Chairman. The other members include R. E. Shaul, Edmonton.

GERMAN TROOPS CAPTURE LEROS

CAIRO, Nov. 17 (AP). — The island of Leros in the Dodecanese has been captured by German invasion troops "after very severe fighting and in spite of the most determined resistance," a Middle East communique announced today.

The Germans pounded the Aegean island with "an overwhelming air bombardment" yesterday, and landed fresh reinforcements.

"Organized resistance ceased in the evening," the Allied communique said.

Thus the Germans repeated a victory that earlier won them the Island of Kos, 20 miles South of Leros.

Possession of Leros gives the Germans excellent harbors, including the naval base of Lakki Bay and the deep harbor of Alinda on the East coast, across the sea lanes of the Dodecanese.

(A German broadcast reporting the capture of the island claimed 3000 British and 5000 Italian troops were taken prisoners, along with 130 guns.)

No further details on Leros — where yesterday the Allied position had been reported strengthened — were given by the Allied communique.

It said Allied fighter planes made extensive sweeps over the Aegean area yesterday, with enemy installations damaged on Crete, and an enemy plane down over Leros.

Bombers by night hit the airfields of Calato and Maritza on Rhodes "and preliminary reports point to both attacks being successful."

Beaufighters blew up a Seibel ferry West of Calinos. Three Allied planes were lost in all operations.

The British-Italian garrison was under constant assault from German planes based on Rhodes, 80 miles away. Leros is eight miles long and three miles wide. Deep, rocky inlets around the coasts made its defence difficult.

British occupation troops are still on Samos, Greek island less than 20 miles North of Leros. There have been unconfirmed reports that when they occupied the other islands British troops also moved into Castelrosso, Dodecanese island some 90 miles East of Rhodes.

Perhaps the main purpose of the Germans in waging a bitter and costly struggle for Leros was to keep Turkey, which is friendly to the Allies, in a state of non-belligerency. The fight came close after a meeting at Cairo between Foreign Secretary Eden and Numan Menemencioglu, Turkish Foreign Minister.

It remains to be seen what effect the German diversion in the Aegean will have on other fronts in the Balkans, Russia and Italy. British authorities recalled that air operations in the capture of Crete in the Spring of 1941 had an almost crippling effect on the German air force for a time.

Even before the loss of Leros was announced, the London Press criticized the Dodecanese operations and there was some talk of a change of the British Middle East Command as a result on the setbacks there.

Gen. Sir Maitland Wilson is Commander-in-Chief in the Middle East.

Relief Food Will Go to Gov'ts in Stricken Lands

By SIGRID ARNE
Associated Press Staff Writer

ATLANTIC CITY, N. J., Nov. 17 (AP) — The exiled governments of Europe got a new lease on life today from the rapidly evolving policy concerning the food that the United Nations Relief Administration will move into war stricken countries.

It has been about decided, a high source said, that title to the relief supplies will pass, at the Port of entry, into the hands of whatever existing government controls the territory.

Thus, if the first food boat into the Netherlands is followed shortly by a boat carrying Queen Wilhelmina and her cabinet, the distribution of the food will be turned over to them.

Only two countries are left in an uncertain position through the policy: France, because of the recent struggle between elements of her government in North Africa; and Yugoslavia beause of the present trouble between her forces on home soil.

Some consternation resulted for the smaller countries on news from working committees that the British and American delegations hope to preserve the existing combined wartime British-American boards which control food, transport and raw materials.

The British and Americans feel that through the combined boards they can put a stop to any world-wide inflation which might occur should all the countries with foreign trade balances be permitted to compete for the limited supplies which will be on the markets following the war.

But the countries with gold balances abroad—the Netherlands, Norway and France—are understood to be worried about the rationing that may eventuate through action of the combined British-American boards, because if they are in existence for the 18 months to two years through which UNRRA is expected to operate, all countries will have to share—and share alike.

The countries with gold balances abroad may find themselves in the positions of saving people living at the absolute minimum, with money to buy, but with no markets in which to buy.

The United Nations Relief and Rehabilitation Administration will send life saving teams of doctors and nurses into Europe behind the armies to fight disease and starvation, Dr. Thomas Parran, Surgeon General, of the United States Public Health Service, said later.

French Turn on Nazis, Kill 10

BERNE, Nov. 17 (AP) — Dispatches from Grenoble, France, to the Swiss newspaper La Suisse today said Grenoble citizens had attacked a German arsenal in that city, slaying 10 Nazis, and blowing up a powder magazine. Fifteen of the Frenchmen were reported killed.

The Grenoble dispatches said the attack was staged in retaliation for the arrest of between 300 and 400 persons following armistice day demonstrations Nov. 11.

The Swiss newspaper Journal de Geneve, said the Nazis clamped martial law on Grenoble. It added 12 German soldiers were killed by the explosion set off by French youths. It was so powerful a huge gas works more than half a mile away was set off, shattering every window in the city and causing great damage.

Thinking the city was being bombed, the populace rushed into the streets in panic.

Dispatches to Swiss newspapers also told of clashes between resistance groups and German forces in Lyon, France, and near Dimodossola, Italy.

Dispatches to the newspaper La Suisse said the Germans used planes and artillery against Italian patriots near Dimodossola, and then carried out mass executions of captured Italian prisoners.

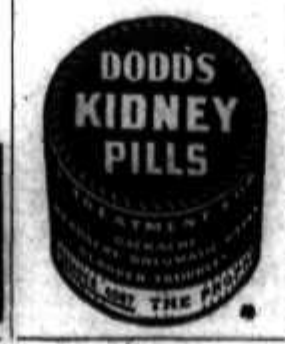
Italian casualties were reported as 120 killed and wounded and 200 captured. Total forces engaged were said to have been at least 3000.

The fight began when the Italians attempted to storm armories and seize munitions and guns.

In Lyon, a dispatch said, there was an hour-long fight on the main square in which nine French civilians were killed and more than 50 wounded. One German was reported killed and dozens wounded.

In Bucharest, Rumania, dispatches of Axis origin said 10 German soldiers had been shot mysteriously, causing tenseness in Rumania, already concerned by the rapid advance of the Russian army the Germans were reported to have ordered retaliatory shooting of hostages.

Spaniards landing in Mexico in 1519 found the natives of Yucatan using tobacco both for smoking and for snuff.



The Bay's
FASHION CENTRE WHERE NELSON'S FASHIONS BEGIN

Distinguished Collection of

FALL FASHIONS

It puts you in the spotlight, the way our coats and dresses are styled—Dramatizinz necklines—They are beautifully simple, but elegant, lines. The "Bay" has a full wide assortment for you to choose from.

Coldwell Gives C.C.F. Policy

ROSETOWN, Sask., Nov. 17 (CP) —"When we are in power, we shall deal with all opposition democratically and legally," M. J. Coldwell, House Leader of the CCF, said last night at a public meeting here.

"Political discussions will be encouraged and the right to oppose the CCF policies will be rigidly protected but violent opposition and sabotage will be dealt with as any government would deal with it."

Mr. Coldwell was commenting on the reported speech of Harold Winch at Calgary, Nov. 9, dealing with the use of police and military force. Mr. Winch is leader of the CCF in B. C.

The Dominion CCF leader said: "Any steps which we take to enforce or to amend the constitution will be in the best traditions of democratic practice, and when our critics imply anything else they are guilty of gross misrepresentation."

Mr. Coldwell claimed that Mr. Winch's remarks had been distorted by the Press.

He urged his audience to give every possible effort to any program which will bring success to the Allied Armies.

Earlier Mr. Coldwell was nominated by acclamation as CCF candidate for the Rosetown-Biggar federal constituency in the next Dominion General Election. He has represented the constituency since 1936.

Former Kootenay Doctor Dies

VICTORIA, Nov. 17 (CP) — Dr. Peter Harrold Paterson, 48, former Superintendent of Royal Jubilee Hospital here, died yesterday at Shaughnessy Military Hospital, in Vancouver. He was born in New Westminster, son of the late Capt. Donald H. (Dan) Paterson, well-known in C.P.R. shipping circles. He was a veteran of World War I and on his return from overseas practiced in Sandon and Nelson, B. C., for a time. In later years he was Public Health Officer at Lillooet.

He is survived by his widow and one son here and one daughter, Wren Geraldine L. Paterson, at Ste. Hyacinthe, Que., his mother, Mrs. D. H. Paterson and one sister, Mrs. R. W. Ellis, Vancouver.

FORMER PROPAGANDA CHIEF SLAIN

LONDON, Nov. 17. (CP) — Andre Bonamy, 63, former Propaganda Chief in the Vichy Govetnment, was slain Monday by "terrorists", the Berlin radio said today.

The broadcast quoted a Paris dispatch as saying Bonamy's body had been dumped into a gutter from a car.

No Blame Attached in Fireman's Death

VANCOUVER, Nov. 17 (CP.)—A coroner's jury found yesterday that William Daniel Wooton, 30, died Nov. 13, of injuries suffered in the execution of his duties with no blame attached to anyone.

Wooton, a fireman, died following a collision between a fire truck on which he was riding and a police patrol car when both vehicles were responding to false fire alarm call.

The six-man jury recommended that police cars restrict their speed to 30 miles an hour when answering fire calls.

Parchment was invented about 190 B.C.

GIRAUD AGREES TO WITHDRAW HIS RESIGNATION

ALGIERS, Nov. 17 (AP) —After a "satisfactory" conference with the French Committee of National Liberation and another meeting with senior Allied officers, Gen. Henri Giraud withdrew today, for a period of at least two weeks, his resignation as Commander-in-Chief of French armed forces.

His action was taken provisionally although the committee, controlled by Gen. Charles de Gaulle, has not given Giraud written guarantees of a free hand in running the French Army as he demanded.

Getting Tourists From the U.S.A.

Whether Kootenay profits from the new international tourist association which was projected last weekend in Spokane will depend upon how quickly good highway accommodation between the border and this part of British Columbia is provided.

Until such highway work is completed we are merely fanning the air. Spokane wants to use Kootenay as bait for tourist travel. It wants to be able to advertise that it is the gateway to the great tourist attractions of South-eastern British Columbia. It wants to build up Spokane's tourist business by being placed in a position to say that Spokane is the threshold across which travel can best pass to Glorious Kootenay and its supreme recreational attractions and to the Alaska Highway, via the road West of Nelson and North along the Cariboo Highway to Prince George.

Spokane cannot thus increase its appeal to the vast tourist travel of the United States, nor can British Columbia get its share of that travel via Spokane, until we build first class, paved highways to the border. The interest of Kootenay and Spokane is mutual.

That we did not build such highways years ago compliments neither our business judgment nor the wisdom of our legislature. British Columbia has shilly-shallied with the matter, building roads which let our own people out but scare tourists from coming in. Our danger is that there will be further delays, that instead of making the North and South connections a part of the general scheme for highway improvement it will be given second place. The people of Kootenay should insist that the North and South connections now be given equal importance with the East and West highway. If we do not, we will fail to profit from the rash of travel which will inevitably break out among the millions of Americans of all classes whose bank accounts have been fattened by the war.

Mr. Coldwell Tones It Down

Mr. Coldwell, national leader of the C.C.F. party, and Mr. Winch, provincial leader, should get together.

Mr. Winch declared the other day in one of his "let's go the whole hog" speeches that "when we become the government we will institute Socialism immediately".

Mr. Coldwell doesn't think that Mr. Winch could have said this and suggests that the actual words were "We would proceed with steps toward Socialism."

Quite a difference, but British Columbians won't have any doubt as to what Mr. Winch actually said. He nearly always goes so much farther in his threats as to what he would do if he governed British Columbia than does Mr. Coldwell in declaring policies he favors for Dominion affairs.

They both have been busy explaining Mr. Winch's declaration that if capitalists did not like Socialism when the C.C.F. got into power he would use the police and military to enforce it. Mr. Winch says he was simply stating that he would use existing legal powers to enforce democratically passed laws, and Mr. Coldwell says that any government would use the military to put down rebellion.

Of course, but if British Columbians were disturbed it was only natural. Mr. Winch declaims so vividly about revolution that talk of military force to put down opponents of his decrees, no matter how legal, can hardly fail to give us unpleasant thoughts of purges and firing squads, even though we feel that he really must be too decent a fellow to mean anything quite as bad as that.

PRONOUNCED UGH

In Drayton's time yew was spelled ewgh, which looks an appropriate way of spelling Ewgh-boat.—Toronto Star.

Letters to the Editor

All Nations Ills From Free Enterprise

To the Editor:

Sir—In your issue of Nov. 9, "Citizen" says that immigrants to Canada ran away from Socialist countries to enjoy the greater benefits of this capitalist one. Grandfather was an immigrant. It was 'free land' which drew him. Most others were drawn by the same lure, in the times "Citizens" writes of. "Citizen" may be interested in seeing what has happened to 'free land' since my grandfather went to his by 'Red River' ox-cart. It is only one of the many black spots in the story of Canadian capitalism.

In the Prairie Provinces the percentage of fully owned farms has been falling steadily ever since 1901. Take Saskatchewan. In 1936 fully 20.4 per cent of the farms were rented, and another 18.5 per cent were partly rented, partly owned. Only 17 per cent were owned mortgage free. In 1931, for Canada as a whole, only 65 per cent of the acreage could be classed as fully owned, and of this more than two-fifths was mortgaged, much of it, if my memory serves me, to as high as 40 per cent of its value. In Manitoba tenancy is now over 3½ times what it was in 1901; in Alberta, over 7½ times; in Saskatchewan, over 15 times. Banks and mortgage companies are taking over the once 'free' land, and their absentee landlordship is proving disastrous to the tenant farmer, to Canadian farm lands, and to Canada's national prosperity.

But what of the Canadian worker, immigrant or native born? Even though the farmer is being dispossessed of his land and his home, surely the worker has been prosperous, surely he owns at least his home? But it is not so. Home ownership, in two-thirds of Canada is decreasing in both towns and country. Throughout Canada, with the exception of only three provinces, over half of the homes are rented; in one of the excepted provinces, Nova Scotia, renting increases in the country districts. Take comparative figures for the whole of Canada. Between 1931 and 1941, owned homes increased by about 95,000, rented homes by about 226,000. In cities and towns, owned homes increased by about 18,000, but rented homes ran up to about 165,000.

For every five immigrants who came to Canada between 1920 and 1930 knowing little or nothing of Canadian conditions, four Canadians who did know of those conditions left Canada for the United States: 3,500,000 of them left between 1901 and 1930—more than one-quarter of Canada's present population lost to Canada in just 30 years.

Other figures throw even more light on what capitalist conditions in Canada have meant to the Canadian people. For instance, in the four years 1934-1937 inclusive, 70,000 Canadian children died before they had lived one year, died from diseases due to poverty, died in a country which had "unusable surpluses" of all the things those 70,000 children needed to keep them alive in good health. Canada had some 60,000 casualties in the four years of the last war, and Canadians thought that loss a national tragedy.

Figures are cold things, but the tragedies that are hidden in these cold figures measure the failure of the economic system "Citizen" continues to pull for, which capitalist Canada still approves, and which the influential and powerful figures of Canada's Big Business appear determined to maintain, if possible, when peace comes.

When the people of Canada ask, "Where do we go from here?", it seems "Citizen" joins with Big Business in replying, "You don't go anywhere; yo ustay put; what you've had is good enough for you."

There is an answer to "Citizen" and Big Business in the figures given above, figures that are only cold until they are thought of in terms of human lives. They show some part of what capitalism has done to the Canadian people, and if "Citizen" can still claim that the economic system which caused such disaster is the one to also cure it, this other citizen can only reply, "The old economics are as played out as the old order. The New Order necessitates a new economics. The C.C.F. points the way to the new one."

A. R. MUNDAY.

Trail, B. C., Nov. 12, 1943.

Thinks Hullabaloo Over Winch Absurd

To the Editor:

Sir—Not having seen your paper for a few days, I do not know what you had to say about the hullabaloo so many papers are kicking up over what Harold Winch said in his Calgary speech, which was merely that a C.C.F. government would enforce obedience to its laws by the same means as any other government.

Do the excited ones believe he should have said a C.C.F. government would pass new laws and then leave it to the free will of the individual whether he obeyed them or not? If he had, the only thing for them to argue about would be what kind of fool he was.

The irony of it is that the absurd clamor is led by Premier Drew, who prefers to govern Ontario without the help of a legislature, thereby creating a precedent in Canadian politics.

I do not belong to the C.C.F. and am not an admirer of Mr. Winch. I considered his speech unethical and also bad politics from his party's point of view. For he supported the strikers, whose action is likely to cause hardship and suffering to people with whom they have no quarrel.

But that does not give anyone the right to make false accusations.

R. B. W.

Trail, B. C., Nov. 16, 1943.

Words of Wisdom

care not so much what I am in the opinion of others as what I am in my own; I would be rich of myself and not by borrowing.—Montaigne.

J. M., Marysville—Will you please answer the following questions about a dental course: What education is needed? How long is the course? What is the approximate cost?

Senior Matric with five or six years if specializing at a dental college is required for a dental surgeon. It takes approximately 10 months to take the dental nursing course. The cost varies depending on where the course is taken.

Reader, Nelson—When was the last Dominion election held?

March 26, 1940.

S. N., Kimberley—Can you give me the information regarding the Noble Five Mine: A friend of mine was owner of 10,000 shares in this company. Some time ago he exchanged this 10,000 shares for 100 shares in Nelson Slocan Consolidated Mining Company. On inquiring from a bank, quite recently as to the value of these shares, the bank, after inquiry, informed him that the shares were not being traded in at the present time and had no immediate marketable value. It was inferred that this was due to reorganization not having been completed. Could you tell me what the present position is: are the shares of any potential value? If so, why are they not being traded in right now? When are they likely to become active, so far as trading is concerned?

The information received from the bank about reorganization not being completed is quite correct. We are informed that arrangements are being made at the present time for the shares to be traded on the Vancouver and Spokane Stock Exchanges. The property is working and the mill operating.

E. H., Cranbrook—Could you tell me when one should get a refund from 1942 income tax, by that I mean money due to me because too much was taken off my pay check?

The time for filing of obligatory tax returns was extended from March 31 to August 31 of this year, therefore it is likely to be a few months before refund is made.

Looking Backward

10 YEARS AGO
(From Daily News, Nov. 18, 1933)

Miss Ethel Lawson was accepted as teacher at the Hume School by the Nelson School Board Friday.

A letter to the effect that the Nelson Amateur Ski Club's application for affiliation with the Western Canada Amateur Ski Association was passed at the board meeting some time ago but was subject to confirmation at the annual meeting, has been received by Secretary D. W. McDonald.

Presenting a concert for unemployed men, Trail City band will go to Rock Creek Sunday afternoon.

25 YEARS AGO
(From Daily News, Nov. 18, 1918)

Rev. F. H. Graham, who is suffering from an attack of influenza, was much better last night.

Trail has exceeded its Victory Loan quota by $85,000, making its total $370,000.

Creston Valley, which has been in the grip of a severe Spanish influenza epidemic for the past two weeks, has the situation under control.

Today's Horoscope

Today's birthday child is dependable, thorough and has the will to see things through to a successful completion. You are honest and faithful to duty. A rigid sense of righteousness governs your thoughts and actions. You are vivacious and witty. The early morning hours of your birthday are an aspect for serene sleep. If you awake, however, plan the details of the Thanksgiving celebration. Around 5:40 a.m. think about your friends and the happiness you share with them.

War—4 Years Ago

By The Canadian Press

Nov. 18, 1939—Netherlands liner Simon Bolivar sunk in North Sea after striking mine and 35 lives lost. Egyptian Premier Ali Maher Pasha assured Britain of "all possible help." Britain placed $20,000,000 aircraft order with Inglewood, Cal. company.

Etiquette Hints

Don't be angry with the stores or the clerks because you have to wait to be waited on. It is not their fault that they are shorthanded, and they are doing the best they can. A pleasant smile and courteous manner will be helpful.

Test Yourself

1. Which contains more sheets of paper, a ream of writing paper or a ream of print paper?
2. In the words "automobile," "auto-intoxication" and "autograph," what is the meaning of auto?
3. From what did the state of Vermont get its name?

TEST ANSWERS

1. A ream of printing paper. A ream of writing paper contains 20 quires of 24 sheets each; a ream of printing paper contains 31⅓ quires.
2. It means "self," from the Greek "autos."
3. From the French, meaning "Green Mountain."

No Free Rides for Invalided Men

VANCOUVER, Nov. 17 (CP) — R. K. Gervin, Secretary of Vancouver Trades and Labor Council (AF-L) reported at a council meeting last night that the B. C. Electric Railway will not give free rides to members of the armed forces invalided home. The Council had instructed Gervin to make the request.

Gervin said W. G. Murrin, President of the B. C. Electric, told him that he was not a free agent to either reduce or increase fares.

Destroyer Bears Name of Kootenay River

Proudly carrying the name of one of Canada's great rivers is HMCS Kootenay, Canadian destroyer. She was formerly the Decoy, of the Royal Navy.

The Kootenay's displacement is 1375 tons and she carries a complement of 148 officers and men.

Her armament includes four 4.7 inch guns, one four inch anti-aircraft gun, six smaller guns and four 21-inch torpedo tubes, besides depth charge throwers.

She burns oil and carries 470 tons when her tanks are full.

Average speed of destroyers of the class of the Kootenay on trials was 36.7 knots, but some ships of this class are reported to have reached 38 knots. Her radius at 15 knots is 6000 miles.

DeMarigny in Court Again

By E. V. W. JONES
Associated Press Staff Writer

NASSAU, Bahamas, Nov. 17 (AP).—Alfred de Marigny appeared in Court again today — this time to plead not guilty to the illegal possession of gasoline which figured in his recent trial for the murder of Sir Harry Oakes.

He was charged in Magistrate's Court with being in possession of gasoline believed stolen and with obtaining gasoline from other than official sources.

De Marigny's close friend, Marquis Georges de Visdelou, pleaded guilty to the same charges, but Brice Pinder and Dan Knowles joined De Marigny in pleas of not guilty.

Banker John H. Anderson pleaded guilty to a lesser charge of violating gasoline rationing laws by assisting in the disposal of the gasoline, and was fined £50.

The hearing was recessed until tomorrow. De Visdelou was released under bond of £100.

Meanwhile, De Marigny explained that his scheduled remarriage in a Roman Catholic church was called off Monday because his wife Nancy has not attained the legal age where she may be wed without her parents' consent.

Nancy is 19, and the legal age in the Bahamas is 21.

"It's a strange situation when a man can't marry his own wife," said De Marigny. "But that's how it stands."

De Marigny indicated that one of the subjects his wife would discuss with her mother, Lady Oakes, was the remarriage situation.

She will go to the United States next week with Godfrey Higgs, De Marigny's counsel.

Meanwhile she is under the care of a physician, near collapse as the result of strain and the postponement of an operation on her jaw.

Gov't to Get B.C. Labor Men's Advice

VICTORIA, Nov. 17 (CP) — The Dominion Government now realizes British Columbia knows more about labor matters than any other part of Canada, Labor Minister Pearson said today on his return from a Dominion-Provincial Labor conference.

Proof of this, Mr. Pearson said, is the fact that B. C.'s Deputy Labor Minister, Adam Bell and James Thomson, Chief Conciliation Officer stayed behind in Ottawa, at the special request of Deputy Labor Minister MacNamara, to advise the Federal Labor Department on Labor matters, particularly collective bargaining.

It is not known, Mr. Pearson said, if a proposed Dominion Government Labor code, covering collective bargaining will include only war workers or will take in all workers.

This year 686,000,000 pounds of peanuts will be made into peanut butter.

"Build B. C. Payrolls"

PACIFIC, The Family Preference

"We live back in the bush," writes Mrs. B., "not just off the highway, but four miles from our nearest road. All our supplies are packed on packboards by manpower. We usually order four or five months' supplies at one time, and in each order there are always six cases of Pacific Milk."

War Weariness and Uncertainty Over Post War Conditions Part of British Strike Background

By BLAKE SULLIVAN
Associated Press Staff Writer

LONDON, Nov. 17 (AP) — Sporadic strikes have broken out within recent weeks in Britain, most of them local in character and in most cases lacking union backing.

In the case of a Vickers-Armstrong armament works strike at Barrow-in-Furness, the strikers criticized the Amalgamated Engineering Union bitterly, accusing it of "dilatoriness" in handling their grievance over the company's and a government arbitration board's interpretation of a wage agreement.

War weariness and uncertainty of conditions in the post-war world are contributory causes.

Lord Beaverbrook's Sunday Express in a front-page article charged "Trotskyites and anti-war agitators" with stirring up labor unrest where signs of war weariness appear. The men, the Express said, seek grievances and send agitators to the scene to urge strike action.

The Sunday newspaper, The People, which has a circulation of 3,000,000, including a large following among workers, declared "some of these strikes have been fanned by highly paid agitators who want to undermine the prestige of Unions."

The Ministry of Laobr has launched a quiet investigation.

The Express said: "It is proposed that special penalties shall be provided to deal with any person who by action or speech, either in public or by way of advice, help to start or continue a strike if he has not worked a specified time in the factory or mine concerned."

In the first seven months of this year, the Ministry of Labor said, working days lost through strikes totalled 681,000. In the same period last year the total was 914,000. Although these figures up to date, the Nottinghamshire coal strikes and Vickers-Armstrong strike will probably send the 1943 figure over last year's.

The Daily Herald, Labor Party publication, scoffed at the idea that strikers are stabbing fighting men in the back.

"War weariness," said the Herald, "is a prime cause of hasty and misguided action. War weariness of the people who have been working at top pitch—at tasks which are often sheer drudgery—is something beyond the comprehension of many of their political and journalistic accusers."

The Daily Herald suggested the best insurance against future strikes would be a clear-cut government declaration of proposals safeguarding the rights of Labor in the post-war years. This, it believes, will allay fears that conditions as bad or worse than followed the last war will be experienced again.

Hole in One on Fog Shrouded Green

PORTLAND, Ore., Nov. 17 (AP).—Carl Merrick scored a hole-in-one but he isn't boasting.

It was so foggy, he said, he couldn't see the green.

FAMILY TO DIE FOR NOT GIVING BEST TO HANOVER REFUGEES

STOCKHOLM, Nov. 17 (AP). — A family of three in the North German town of Norstaemmel has been sentenced to death by a Nazi court, advices from Germany said today, for failing to provide proper accommodations for bombed out refugees from Hanover. The accused were said to have quartered the refugees in a hall in their 10-room house instead of giving them a room.

There are more than 1,800 publications in Canada.

Cranbrook Asks for Airmen at Christmas

CRANBROOK, B.C. — For the third consecutive year Cranbrook people have undertaken to entertain a group of about forty overseas airmen training in Canadian Air Force schools for the Christmas holidays. Since this plan was inaugurated in 1941 over two hundred British airmen have visited homes here for periods ranging from three days to two weeks.

The committee which arranges the details for these visits has written to air force headquarters to ascertain from which school these visitors will be invited, and has suggested New Zealand and Australian airmen be included this time.

Heading the general committee to make the arrangements is Bill Hume, while Mrs. William Spence is secretary and Mrs. W. B. Johnstone heads the committee which will arrange to billet the visitors at homes here.

CARL LOCATELLI, FORMER NELSONITE ARRIVES OVERSEAS

Corporal Carl Locatelli, well-known in Nelson sport circles, has arrived overseas. News of his arrival was received by cable Nov. 10 by his wife, the former Miss Isabel Donovan of Nelson.

Mrs. Locatelli is visiting here, the guest of Miss Louise Coletti, Ward Street.

Before enlistment, Cpl. Locatelli played for the Nelson baseball team in the West Kootenay Senior League and for one or more seasons was Coach of the Nelson Rep softball team entered in West Kootenay girls playdowns. He was also active in baseball while on the staff of the Canadian Army training camp at Vernon.

AUXILIARY WHIST, DANCE AT NEW DENVER SUCCESS

NEW DENVER, B.C.—The Legion Ladies' Auxiliary Branch No. 101 held a successful whist drive and dance when 16 tables were in play. Prize winners were Mrs. J. Draper, Mrs. A. E. Avison, Mrs. L. R. Campbell, Miss Leslie Balbernie, J. A. Greer, F. Broughton, Robert Christopherson and J. Hambly.

Refreshments were served by the ladies followed by the dance.

CASTLEGAR

CASTLEGAR, B.C.—Miss Florence Stoegstra was a weekend Nelson visitor.

Lac. Lipmann Morrison has returned after spending his furlough with his mother, Mrs. J. Morrison.

Pete Homenoff has returned after a trip to Vancouver.

Miss Rose Englund has returned to Trail after spending the weekend here.

Mrs. D. Fye and infant daughter have returned from Trail-Tadanac Hospital.

Mrs. R. Knowler has returned to Gerry, Indiana, after spending a week with her mother.

Miss Mary Fawcett of Trail spent the weekend with her parents, Mr. and Mrs. G. Fawcett.

Mrs. M. Gallo and infant son have returned from Trail-Tadanac Hospital.

Mrs. C. Duncan has returned to Trail after spending the weekend with her mother.

Misses Evelyn Ball and Peggy Triggs spent the weekend at their homes in Nelson.

Miss Jean Innis of Trail visited Miss Mary Walker for a few days.

Mrs. A. Schiavon and daughter, Gerry, were Saturday shoppers in Trail.

Mr. and Mrs. W. Easton visited Trail at the weekend.

Miss Donna Muirhead of Nelson visited Mr. and Mrs. A. Schiavon at the weekend.

M. McPherson and son, Bobby, visited Trail Monday.

Mrs. M. Buckna of Trail spent the weekend with her son-in-law and daughter, Mr. and Mrs. D. Letoy.

Mrs. Isaac Pearson visited Trail Friday.

Miss Pearl Danes spent the weekend in Trail.

Lac. Alex Klemovich is spending leave with his parents here.

Mrs. A. Schiavon and Mrs. I. Peterson were hostesses at a surprise party held Saturday night at the home of Mr. and Mrs. Nels Bystrom in honor of Mrs. Bystrom's birthday. The evening was spent in bridge. High score was won by Mr. and Mrs. I. Peterson; consolation by Mrs. A. Lampard and A. Schiavon. Guests were Mrs. S. Rysen, Mrs. R. Fletcher, Mr. and Mrs. E. Howard, Mr. and Mrs. A. Schiavon, Mrs. A. Lampard, Mr. and Mrs. I. Peterson, J. Hafstead and L. Fitzsimmons.

NELSON SOCIAL

By MRS. M. J. VIGNEUX

Charge for Engagement Announcements in This Column is $1.50

● Mr. and Mrs. Frank Paddon have as guest Lac. Ewell of Medicine Hat.

● George Soucey of Vallican was in the city attending the funeral of his brother, Frank Soucey, yesterday. Others from there included Mr. and Mrs. E. T. Coleman, Mrs. C. Harrison, Thomas Hunter, Earl Fink, Chris Newcomen, Fred Moore and T. D. Edgar.

● Sigmn. C. A. Noakes, who has spent a two months furlough at the home of his mother, Mrs. A. H. Noakes, at Balfour, left Nelson yesterday for the Coast.

● William Winstanley and Peter Winstanley of Crescent Valley were in the city yesterday to attend the funeral of Frank Soucey.

● Mrs. David Renton and her infant daughter have left Kootenay Lake General Hospital for their home at 421 Stanley Street.

VISITORS FROM COAST

● Signalman Everett Kuhn and Mrs. Kuhn are guests of Mrs. Kuhn's parents, Mr. and Mrs. P. S. Beatt, 414 Falls Street, while Sgmn. Kuhn is on furlough from the Coast. They plan also to visit Sgmn. Kuhn's father in Courtenay.

● Mrs. S. J. Towgood who has spent a few days in the city, as guest of her son-in-law and daughter, Mr. and Mrs. W. J. Sturgeon, 209 Victoria Street, returned to Trail yesterday.

● Mr. and Mrs. W. Beaton of Castlegar were in the city yesterday to attend the funeral of Frank Soucey.

● Mrs. A. H. Noakes of Balfour returned yesterday after a couple of days at the home of Mrs. George Conrad, Latimer Street.

● Rev. Father Clement, in charge of the Japanese Mission at New Denver, spent Tuesday in Nelson.

● Henri Bourgeois, Miss Bourgeois, V. Kosiancic and Mrs. S. Reid of Crescent Valley were in the city yesterday to attend the funeral of Frank Soucey.

RETURNS TO PENTICTON

● Miss Josie Coleman, who has spent a few months in Nelson at the home of her brother and sister-in-law, Mr. and Mrs. H. Doyle, Fairview, has returned to her home at Penticton.

The regular monthly meeting of the Mothers Auxiliary of the Fourth Nelson Scouts and Cubs was held at the home of Mrs. Norbert O. Choquette, 1323 Stanley Street, Tuesday. Those present were Mrs. L. G. McCallum, Mrs. Bruno Bourgeois, Mrs. D. McInnes, Mrs. T. H. Bourque, Mrs. Robert Carney, Mrs. Ruth Lunn, Mrs. C. F. McDougall, Mrs. Houde, Mrs. Lawrence, Mrs. J. P. Duffy, Mrs. A. Petersen, Mrs. Edith Edgar. Due to the resignation of the Secretary-Treasurer, Mrs. Duffy, Mrs. Ruth Lunn was elected to that office.

● Mr. and Mrs. Gordon L. Thomson of Bonnington visited Nelson yesterday.

● Mr. and Mrs. Edgar Jamieson of Rossland were among those from out of town attending the funeral of Frank Soucey yesterday.

● G. F. Chapman of Brilliant was a visitor to town yesterday.

● Among those from Passmore to attend the funeral of Frank Soucey yesterday, were Mr. and Mrs. Frank Flynn and Mrs. M. Hoplind.

● Gordon Nelson of New Denver was in the city en route to Toronto.

● Mr. and Mrs. Leon Houle and small son, Lee, of Sault Ste. Marie, have taken up residence at 530 Second Street, with Mr. and Mrs. E. W. Paterson.

● Able Seaman David Lunn is visiting his mother, Mrs. Ruth Lunn, for a few days.

Engagements

● BOSWELL, B. C., Nov. 17—Mr. and Mrs. J. Hall of Boswell announce the engagement of their only daughter, Law. Joyce Hall, R.C.A.F., to Lac. J. S. Allistair McLaws, R.A.F., only son of the late Mr. McLaws and Mrs. McLaws, of Newcastle-under-Lynn, Staffordshire, England, the marriage to take place in Lethbridge in December.

Welliver Kiddie Still Improving

TRAIL, B. C., Nov. 17.—Barclay Welliver, five-year-old son of Mr. and Mrs. Barrie Welliver of Trail, continued to show improvement in the Trail-Tadanac Hospital this morning officials of the C. S. Williams Clinic announced. The child is suffering from an infection of the blood stream and is receiving penicillin treatment.

Doctors said that the child was not out of danger yet but that his progress was satisfactory.

The penicillin was rushed to Trail from Toronto Sunday by plane and car.

BOSWELL

BOSWELL, B.C. — Pte. Eric Bainbridge has returned to Vancouver, after spending a furlough here.

Rev. M. C. T. Percivall of Procter was a guest of Mr. and Mrs. D. V. West at the weekend.

Dr. and Mrs. W. N. Fraser of Creston visited Mr. and Mrs. D. V. West on Thursday.

H. Boyd, who is employed on the Putnam property at Creston, spent the weekend at his home here.

Jack Smith was home for the weekend from Creston, where he attends High School.

Canada's new 5-cent coin is 88 per cent copper, 12 per cent zinc.

VANCOUVER—Ernest H. Elsdon, driller in a local shipyard, came off the night shift recently to find his room burglarized and all his savings—$2750—stolen. "If I'd had the sense to put that cash in a bank, I wouldn't have lost the $2750 to a burglar," he said. He had been saving it to buy a house.

Fairview Catholic Women Hold Apron Sale and Tea

Fairview Catholic Women's League Wednesday afternoon held its annual apron sale and tea at 704 Fourth Street.

Mrs. A. W. Stubbs and Mrs. T. L. Marquis were in charge of the apron sale; while Mrs. Roy Hunter, Mrs. F. Dennison, Mrs. E. Doyle, and Mrs. P. J. Cote were in charge of the tea table. Mrs. H. B. Lindsay was cashier.

Mrs. A. van Ruyskenselde assisted in entertaining the guest by cup reading. A contest was won by Mrs. R. B. Venables, and the door prize went to Mrs. E. Doyle.

Deer Strolls Into Hunter's Camp Climbs Into Car

TRURO, N.S., Nov. 17 (CP) — Any doubters of Mrs. Muir Waller's deer-hunting story can find the evidence scampering around her farmyard.

On the final day of the deer season Mrs. Waller was in the woods when a deer strolled unconcernedly into her camp. She reached for an apple instead of her rifle, and the animal ate it out of her hand.

The deer hung around for the rest of the day and, says Mrs. Waller, when the party made ready to go home it walked over to the car, climbed into the rear seat and made itself comfortable for the trip to her farm at nearby McClure's Mills.

Mrs. Waller thinks the deer — a 1½-year-old buck—must have been previously tamed and wandered back into the woods.

NEW DENVER

NEW DENVER, B.C. — Percy Young of Nelson visited town.

Miss Pamela Heridge of Glen Bank visited friends in town.

Mrs. F. L. Beggs left for Rochester where she will enter the Mayo Clinic for medical treatments.

Mr. and Mrs. A. Schnaebele were called to Trail owing to the illness of the former's father.

Mr. and Mrs. Joseph Surina of Silverton were visitors in town.

B. W. Haggen of Rossland was a visitor here.

Mr. and Mrs. John Surina and son Kenneth of Kaslo visited friends in town.

H. Steven of Vancouver spent several days in town.

Mrs. George Teir returned from Nelson and Trail where she visited with relatives.

Mr. and Mrs. Jack Kelly of Silverton were in town.

R. Cook of Nakusp is spending a few days here.

Mr. and Mrs. A. E. Avison of the Lucky Jim Mine, Zincton, were guests of the former's mother.

Mrs. C. W. Nelson accompanied by her father-in-law, left by bus for Vancouver.

Mr. and Mrs. C. Isackson and son Eddie, Mrs. Beatrice Nyman and Mrs. D. Johnson were visitors in Nakusp.

Mr. and Mrs. E. Leveque and Mr. and Mrs. Joy of Rosebery were visitors in town.

Mrs. M. DuMont and sons Carl and Paul of Hunters Siding were visitors in town.

Miss Rose Kadra of Sandon visited her father, J. Cechelero.

District Waters Except Big Lakes Closed for Fishing

District streams and lakes including the West Arm and Kootenay Riven, are safe for the wily trout for another season. The fishing season closed midnight Nov. 14.

There are three exceptions to the closing regulations. Trout may be be taken in the Slocan and Kootenay Lakes the year round except for March and April; while the Arrow Lakes are closed to the sport fisherman only in April.

Char are similarly protected by the Nov. 14 closing affecting District lakes and streams.

Requiem Mass for F. Soucey

High mass of requiem was sung Wednesday morning at the Cathedral of Mary Immaculate for Frank Soucey, 78, resident of Vallican and Nelson for 30 years. Many from the Slocan were in attendance at the mass and at the Rosary, recited Tuesday evening at the Thompson Funeral Home. Spiritual offerings and floral tributes were numerous.

Very Rev. F. Flynn, Rector, was celebrant of the mass, and was assisted by Rev. Edwin McSherry, C.SS.R. Most Rev. Martin M. Johnson, D.D., Bishop of Kootenay, was present in the Sanctuary.

The body was borne to a grave in the Catholic Section, Nelson Memorial Park, by Pallbearers E. W. Kopecki, T. Hunter, C. Newcomen, H. Bourgeois, F. E. Poulin and J. O. Riesterer.

Mr. Soucey, who came first to the Slocan in 1904, and in 1906 settled at Vallican where he farmed, died at Nelson Sunday.

DIONNE FAMILY TO MOVE INTO NEW HOME

CALLANDER, Ont., Nov. 17 (CP) —Mr. and Mrs. Olivia Dionne and their 12 children — including the quintuplets—soon will move into their new $50,000 home which is almost ready for occupancy. This weekend may bring the move.

HARROP

HARROP, B.C. — W. May returned to Kimberley on Saturday after visiting his mother here for several weeks.

Mrs. F. Andrews has returned from a visit at coast cities. Enroute home she spent a few days with her son-in-law and daughter, Mr. and Mrs. J. E. Cox at Grand Forks.

Alan Serres is home from Innisfail, Alta., where he has been for several months assisting with the crops.

Mr. and Mrs. W. S. Ashby spent Friday in Nelson.

Blames Defective Diet for Youth Delinquency

LOS ANGELES, Nov. 17 (AP) — Defective preconception diet of parents, says Dr. Weston A. Price, is a direct source of juvenile delinquency.

Dr. Price, former staff member of Western Reserve University Dental College, Cleveland, Ohio, declared in an interview that his belief is based on 50 years of research, including observations among Eskimos, Polynesians, Malayians and Australian bushmen.

Laboratory experiments with animals, he said, also disclosed that abnormal behavior, such as extreme belligerency, can be produced in offspring by withholding certain minerals and vitamins from the parents. When these deficiencies are provided later in the diet of the offspring, however, virtually the entire litter reverts to normal, he asserted.

CASTLETOWN, Isle of Man (CP) —Because it was considered a danger to shipping, a 35-foot whale found dead off the Isle of Man was blown to bits by gunfire from a naval vessel.

Hints for Housewives

By BETSY NEWMAN

TODAY'S MENU

Cauliflower with Cheese Sauce
Potatoes on the Half Shell
Sliced Beets
Carrots and Cabbage Salad
Rice Custard Pudding Tea

CAULIFLOWER WITH CHEESE SAUCE

1 good sized cauliflower, 1 tablespoon butter, 1 tablespoon flour, 1½ cups milk, ¾ teaspoon salt, pepper or paprika, cheese.

Cook cauliflower in boiling water until almost done, tender but not falling apart. You can leave it whole or divide it into flowerets, as you wish. Place in a greased baking dish. Melt butter, add flour and blend well, gradually add milk and cook, stirring constantly. Season with salt and pepper or paprika and then add cheese ½ to 1 cup grated or chopped cheese—stir until dissolved then pour over cauliflower, sprinkle bread or cracker crumbs on top and bake for 15 minutes, or until brown on top.

POTATOES ON HALF SHELL

Select medium sized potatoes and scrub and bake in hot oven for 30 to 45 minutes or until tender. Cut in half lengthwise, scoop out inside, being careful not to break the skin. Mash very thoroughly, add butter, salt pepper, and hot milk, beat well and pile back into shells. Stand shells in shallow pan, return to oven and brown well on top.

RICE CUSTARD PUDDING

5 cups milk (4 hot, 1 cold) ½ cup sugar, ½ teaspoon salt, ½ cup rice, 1 teaspoon vanilla.

Mix sugar, salt and 4 cups milk in a saucepan, bring to boil. Wash rice and add gradually to boiling milk, stirring constantly while adding. Be careful rice does not boil over. Simmer very slowly, then cover and simmer until rice is very tender. It takes about 2 hours if cooked in a double boiler; over open flame, 1 hour. Turn into buttered deep dish and add vanilla and 1 cup cold milk, stirring to mix thoroughly, then let stand.

CUSTARD

3 cups milk, 4 eggs, ¼ teaspoon salt, 1-3rd. cup granulated sugar, 1 teaspoon vanilla.

Make custard in double boiler, pour through strainer on top of rice and bake in pan of water until done.

TODAY'S News Pictures

Helicopter—Power, has no propellor but has, instead, a power-driven main rotor determining speed and direction; lift, main rotor; minimum flight speed, zero, can hover or take off and land vertically.

Autogiro (gyroplane)—Power, propellor for forward motion; large rotor, no fixed wing, rotated by forward motion; minimum flight speed, 25-30 miles an hour, cannot hover or take off vertically.

Some confusion exists in the minds of many persons over the differences between the autogiro, a type of gyroplane, and the helicopter. Differences are indicated above. Most noticeable difference at a glance is lack of conventional wing surfaces in the autogiro and lack of wings and conventional tail surfaces in helicopter. Helicopter has small rotor on tail to counteract torque of the main rotor. This also is used as a rudder by changing the pitch of the blades.

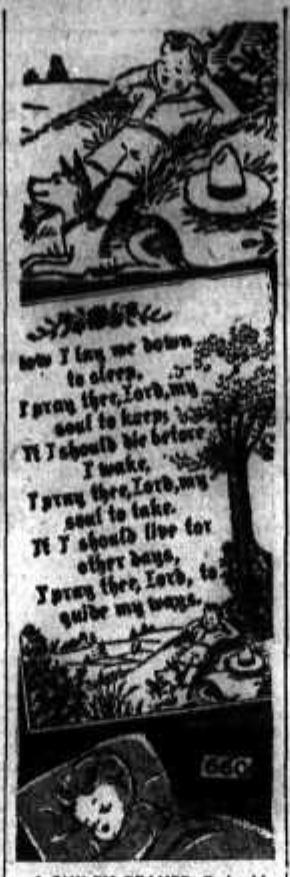
LISTENING IN: Godfrey Ludlow, famed violinist, utilizes his musical ear to help the Brewster Aircraft Corp. build military craft for the Allied Air Forces. By tapping metal parts with a hammer, he is able to detect imperfections by the sound.

HERE'S NEW "WATER BUFFALO": At home on land or water, U. S. Navy's newest amphibious craft, is shown on terra firma and on the briny. The craft, dubbed the "Water Buffalo," is officially the LVT (2), which means landing vehicle-tracked craft.

COUPLE OF BUNNY BOYS—Al Jolson (left) and Walter Winchell renew an old friendship at Miami Beach, Fla. Jolson is recovering from a serious illness.

SITTING PRETTY: Valerie Brownell, niece of Dmitri Shostakovich, noted Russian composer, is humming a merry tune. She has just been signed to appear as a featured player in a Hollywood extravaganza.

SALLY'S SALLIES



A CHILD'S PRAYER: Embroider this delightful panel with the words of the beloved prayer of childhood—cherish it forever as a memento of your little one's early years. The stitches are so easy that you'll enjoy genuine relaxation doing it. Pattern 560 contains a transfer pattern of a panel 14x17½ inches; color chart; list of materials required; stitches.

Send 20 cents for this pattern to The Nelson Daily News, Needlecraft Dept., Nelson. Write plainly pattern number, your name and address. Patterns will be mailed to your home in about 15 days. There may be some further delay in delivery because of the large increase in orders during the present season.

Marion Martin

SMART COVER-UPPER: Here's a cleverly designed, yet easy to make apron, Pattern 9561. Note the two distinctly different versions; one, a plain fabric with a print; the other, all one with ruffles and scallops. Smart gift!

Pattern 9561 comes in sizes small (32-34), med. (36-38), large (40-42), extra large (44-46). Small size, all one fabric, takes 1⅞ yards 35-inch; other version, 1⅞ yards 35-inch and ⅝ yard contrast.

Send 20 cents for this pattern to The Nelson Daily News, Needlecraft Dept., Nelson. Write plainly pattern number, your name and address. Patterns will be mailed to your home in about 15 days. There may be some further delay in delivery because of the large increase in orders during the present season.

AUNT HET

By ROBERT QUILLEN

"It ain't any diet fad that makes them eat raw stuff. She's too lazy to cook, and he'd rather eat it raw than the way she would cook it."

Contract... By Shepard Barclay

FAVOR ANY OTHER SUIT

ANY OTHER suit at least four cards long which contains probable stoppers for No Trump purposes is a better bid nearly always, in response to your partner's original minor suit bid, than a raise of his suit. Regardless of whether or not your suit is a major, the showing of your protection against it may be all your partner needs to hear in order to bid No Trump. If your suit is a major, that bid has the additional advantage of possibly finding a fit with your partner, so you may try for game in a ten-trick instead of an 11-trick project.

North: ♠ J 10 8 6 ♥ A 3 ♦ Q 9 8 4 ♣ 5 2
West: ♠ A Q 9 ♥ Q J 10 4 ♦ 10 6 ♣ Q 8 6 4
East: ♠ K 3 ♥ 9 7 6 5 ♦ J ♣ K J 10 9 7 3
South: ♠ 7 5 4 2 ♥ K 8 2 ♦ A K 7 5 2 ♣ A ●

(Dealer: South. East-West vulnerable.)

South	West	North	East
1♠	Pass	1♠	Pass
3♦	Pass	4♠	

Pairs which bid that way were the only ones that managed to make game in the duplicate where this deal developed. At a goodly share of the tables, North raised the diamonds. In all of those cases, the eventual contract was either 5-Diamonds, which got set with three spade tricks, or 3-No Trump, which got beaten by heart leads with three tricks in spades and two in hearts. The 4-Spade contractors, however, all scored game, losing nothing except three tricks in trumps.

After hearing the diamond bid by South, the canny North rightly figured that, if South required spade stoppers in order to bid No Trump, a call of that suit might land the side in a successful contract at that declaration. The bid had the extra advantage of possibly finding South with adequate spade support, which is just what eventuated.

That spade bid would never be made, however, by those players who are more interested in following the unsound dictum in many bridge books that a biddable four-card suit requires an honor trick or more at its top. All expert players, even the writers of those books, will bid a suit like that shown when there is enough honor strength elsewhere in the hand or an adequate distributional fit for the partner's first suit, especially if the opening bid had been in a minor.

• • •

Tomorrow's Problem

North: ♠ 10 9 ♥ K Q 10 9 2 ♦ 10 9 2 ♣ J 6 5
West: ♠ K 8 3 ♥ 7 4 3 ♦ Q 8 6 5 ♣ A 9 7
East: ♠ J 7 6 4 3 ♥ A 8 6 ♦ K 7 ♣ Q 8 3
South: ♠ A Q 5 ♥ J 5 ♦ A J 4 3 ♣ K 10 8 4

(Dealer: South. North-South vulnerable.)

If East had bid spades, what card should West lead against South's 3-No Trump on this deal?

Mosienko Takes Over N.H.L. Scoring Lead

MONTREAL, Nov. 17 (CP)—Chicago's Billy Mosienko put together two goals and four assists in three games last week to take leadership in the National Hockey League scoring race while Team-Mate Doug Bentley was only a point behind with two goals and three assists.

The Chicago's forwards ranked one-two in the official scoring records released today by the N.H.L.

Mosienko leads the list with 12 points, while Bentley is tied with Bill Cowley of Boston with 11, one more than the former leader Modere (Mud) Bruneteau of Detroit who is in a fourth-place tie with Art Jackson of Boston.

Play-making Cowley took over his familiar role as leader of the assist column with nine, two more than Mosienko and Bentley. Bruneteau maintained his margin in the goal-scoring department with eight markers in six games.

Murph Chamberlain is leading the penalty parade with 17 minutes in majors and minors, a minute ahead of Pat Egan of Detroit.

The leaders:

Montreal Fliers Take Quebec Aces

MONTREAL, Nov. 17 (CP) — Montreal Air Force scored a 3-2 victory over Quebec Aces here tonight in the first game of the revised Quebec Senior Hockey League schedule. Jack Stewart scored twice for Air Force while Pete Morin accounted for the other goal. Buch Stahan and Russ Rossignol tallied for the Aces.

LONDON (CP)—Sir John Anderson's first speech as Chancellor of the Exchequer was in French and it was his first public address in that language. He spoke at the opening of a French exhibition.

Market Trends . . .

LONDON, Nov. 17 (CP) — The stock market extended the recovery of the previous session but some sections of the list failed to carry their full gains to the close. Oils finished higher and Kaffirs and Diamond shares were steadier.

NEW YORK, — Prominent issues were behind fractions to more than two points on today's market.

Allied Mills, which has a liquor subsidiary, defied the lower trend and touched a new peak for the year. American Distilling slipped but tended to come back.

Trading was light in Canadian stocks.

TORONTO, — Selling was heavy in Golds on the stock market today. Net losses of 5 to 10 cents appeared for Kerr-Addison, Malartic Gold Fields, Wright-Hargreaves, MacLeod-Cockshutt and Pioneer.

Heavy selling in the base metals appeared in Steep Rock and the price slipped to 1.88. The price then moved up to about 1.95 for a net loss of 13 cents.

MONTREAL, — Lower in utilities were Catineau, Shawnigan, Winnipeg Electric and Brazilian. C.P.R. was off.

VANCOUVER, — Mines held fairly steady while Oils were still on the downward path.

WINNIPEG, — Sales of wheat to exporters, Mills and United States interests late yesterday and today were estimated at 3,000,000 bushels. It was reported today on the Winnipeg grain exchange.

Selling by locals early in the session brought about losses in the rye pit, but later scattered buying, promoted by reports a small amount of Canadian rye would soon be shipped to the United States, boosted futures over previous closing levels.

CHICAGO, — Strong demand for wheat in the cash market and a news dispatch quoting "informed sources" as saying subsidies for hard wheat millers will be announced some time this week sent the bread cereal into new high territory for as long as 18 years today.

Commerical interests were in back of the upturn, professional traders showing some reluctance to follow the advance because ceilings are also expected shortly.

Check Players for Exhibition Ball Participation

CHICAGO, Nov. 17 (AP) —Major League baseball players participating in exhibition games in the Southern California Winter League for as little as $3 a game were under investigation today by Kenesaw Mountain Landis, Commissioner of Baseball.

O'Connor disclosed that Johnny Lindell of New York Yankees, whose cut of the World Series pie amounted to $6139 reported to Landis that he got only $3 a game.

Air Force Team Withdrawn From Alta. Play

CALGARY, Nov. 17 (CP) — A veritable bombshell was hurled into local hockey circles this afternoon, when Air Vice-Marshal G. R. Howsam, Air Officer Commanding No. 4 Training Command RCAF, in a written letter to press and radio advised that the RCAF Mustangs will be withdrawn from the Alberta Senior League.

Contents of the letter signed by Air Vice-Marshal Howsam follows:

"It has been announced by No. 4 Training Command Headquarters that the RCAF Mustang Hockey Club, which was entered in the Alberta Senior Service Hockey League, is being withdrawn due to the loss of players being posted overseas and to other essential duties.

"It was pointed out by No. 4 Training Command that their team would not be strong enough to afford good competition to the other strong teams already entered in the League.

"Every endeavor is being made by No. 4 Training Command to afford competition for units stationed in the Calgary area in the Garrison Hockey League."

Withdrawal of the Mustangs will not break up the League, President D. P. McDonald hurriedly called Club representatives into conference and it was decided to carry on as a three club circuit, A-16, C.I.T.C., Currie Barracks, Calgary, HMCS Tecumseh Navy, Calgary, and A-20 C.A.S.C., Red Deer.

Ross Rolls 456 for Jacks

Bettering 200 in both frames, Margaret Ross of the Black Jacks in Ladies Bowling Club five-pins Tuesday night rang up the highest aggregate, 456 pins, of the ladies' season to date. Despite Ross' showing, however, the Jacks fell before the consistent trundling of the Gremlins, 1437-1509.

Another 400 bowler was C. Williamson of the Hurricanes. Her best single was 255, and her aggregate 437.

Dolphin's 18-Pounder in Ninth Place Tie in Gyro Trout Derby

"Squeeze play" at the top end of the Nelson Gyro Club's Kootenay Lake Rainbow Trout Derby tightened up Wednesday with the resipient of a delayed report on an 18-pounder caught by John Dolphin of Nelson. It tied W. E. Hanna's Nov. 7 entry in ninth place.

It is believed most of the entries are now in, though there have been few reports so far for last weekend. Derby officials are preparing to close the books and prepare the statistics for the season.

Two additional entries received Wednesday were:

John Dolphin, Nelson—18 pounds; caught Nov. 10 off Irvine Creek on Gibbs Stewart No. 4. Weighed in by D. Philpot, Balfour.

Ben Martin, Nelson—Nine pounds; caught Nov. 15 off Milford Creek, North of Kaslo, on Gibbs Martin plug. Weighed in by Mrs. E. H. Latham, Kaslo.

$204,900 to Yanks, $136,600 to Cards for Series

CHICAGO, Nov. 17 (AP) —Members of the New York Yankees Baseball Club, winners of the 1943 World Series, received $204,962 and the defeated St. Louis Cardinals $136,641 as their share of the total receipts of the five-game series this Fall, Commissioner K. M. Landis announced today.

The world series participants' share represented 70 per cent of the players' portion of the total receipts which amounted to $1,205,784 including $100,000 for broadcasting rights.

Distribution of the total receipts was made four ways: $102,078 to the Commissioner's office, $468,005 to the players, $307,324 to the Clubs and Leagues, and $368,373 to war and relief service Fund, Inc.

Hershey Tightens First Place Hold

HERSHEY, Pa., Nov. 17 (AP) — Hershey Bears swung back into winning stride tonight and whitewashed the Pittsburgh Hornets 4-00, tightening their hold on first place in the American Hockey League Eastern Division.

The Bears' scoring machine clicked almost at the first whistle and Gauthier scored at the end of 32 seconds of play. In the second period Hodgins spun through the Hornets' defence and stick-handled the puck into the net for a soft shot. Patterson added the third point by duplicating the play later in the period.

In the third period, Captain Wally Kilrea scored on a play set up by Hegert and Moe.

Money Assured for B. C. Spas

VANCOUVER, Nov. 17 (CP) — Sir Victor Sassoon, whose projected development of Provincial Health resources was announced yesterday, will come to British Columbia next February if his plans meet Government approval.

The British multi-millionaire, according to Dr. Arthur Paskins, head of a city naturopathic clinic and associate of Western States College at Portland, is only one of several wealthy persons who are ready to sink unlimited funds into spas throughout the Province.

"One woman in particular—one of the wealthiest women on this continent—has told us point blank to go ahead, and that she will sponsor us to any amount," Dr. Paskins said today.

He revealed that plans have been endorsed for 12 to 14 spas, and the many millions of dollars required for construction are assured.

Based on records of European health centres, the development would attract well over one million health-seekers and tourists to the Province annually.

Locations would range from the Gulf Islands, rich in brine flats and mineral springs, to the plateaux of the Interior and the wilds of the Skeena country.

"This thing isn't going to be put into the hands of the present medical profession," Dr. Paskins said. He explained that while every medical school in Europe has its physiotherapy branch, such facilities are lacking in Canada, and that it would be necessary to train doctors and personnel.

Women Teaching U.S. Canada Not Eskimo, Indian Land

NEW YORK, Nov. 17 (CP)—American tourists who in peace-time visit Canada in July equipped with skis are in for a rude shock at the hands of a group of unusually gentle women.

These feminine exponents of better international understanding on both sides of the border, known as the Canadian-American Women's Joint Committee on International Relations, have rolled up the sleeves of their charm and persuasiveness and with these weapons are digging in to educate the United States about the Dominion.

Members of the Canadian section of the committee are guests at the New York Herald Tribune pulic forum here, from which vantage point they are attempting to dispell the American impression that igloos line the main streets of Canadian cities.

Main job of the Canadian delegates is to get into the hands of their fellow organizers in the United States information concerning the Dominion. Realizing that this education must be sugar-coated, they do this by means of lectures, books and movies.

Personally, the women think the idea is going over fine. Mrs. Phyllis Turner of Vancouver and Ottawa says that soon the committee will have branches spread from Victoria to Halifax, adding "nothing can stop us."

Says Stalin Will Let Allies Carry Weight in Jap Blow

ROCHESTER, N.Y., Nov. 17 (AP) —After Russia's war with Germany is ended, a foreign correspondent said tonight, Premier Stalin "may quite probably sit on the side lines and let the United States and England bear the brunt of the Far Eastern attack."

"This would give Stalin an advantageous bargaining position for the kind of settlements he wants in Eastern Europe," William H. Chamberlin of the Christian Science Monitor told the opening session of the University of Rochester's conference of United Nations in the Pacific.

Expressing the opinion the Russian leader would "most likely" strike at Japan "when the island empire is reeling under air and naval blows," from the Anglo-Saxon powers, Chamberlin declared that "Stalin is not the kind of man who does something for nothing."

JOINS ACE SHARPSHOOTERS

MUNDA, New Georgia Island, Oct. 4 (Delayed)—(AP)—Marine Major Gregory Boyington, 30, former Flying Tiger now commanding a Marine fighter unit, today shot down his 19th, 20th and 21st Japanese planes to take his place among the leading aces of this war.

Chlorination of Vancouver Water a Safety Measure

VANCOUVER, Nov. 17 (CP) — Opposing reasons for chlorination of Vancouver water, furnished the Executive of the Vancouver, New Westminster and district trades and labor council (AFL) by the greater Vancouver Water District, the Provincial Board of Health and the Federal Department of Pensions and National Health, were read at Vancouver council meeting.

"Although at Vancouver water supply is now being chlorinated for the duration of the war, this is not because of any lack of purity in the water, but it is solely a precaution against pollution by enemy action," the Greater Vancouver water district communication said.

The letter from the Provincial Board of Health said that "In the three year period ending December 31, 1941, 705 samples of water taken from the greater Vancouver water district were found to be positive for faecal bacteria.

"The number of bacteria per unit volumn of water as shown by these results are considerably in excess of the maximum allowable number of bacteria in water considered to be safe for human consumption by the standards of the Federal Department of Pensions and National Health, and the U. S. Public Health Service."

Catroux Meets British Minister

BEIRUT, Lebanon, Nov. 17 (AP) —Gen. Georges Catroux, French Minister of State sent by the Committee of National Liberation to settle the Lebanese disturbances, conferred here today with Sir Edward Spears, British Minister.

There was no announcement concerning results of their talk, which fololwed a consultation between Catroux and French authorities after his arrival yesterday.

Beirut continued calm following the disorders of last week after the dissolution of the Lebanese Government and the arrest of many officials by order of Jean Helleu, French High Commissioner.

The Grand Mufti, Head of Moslems of Lebanon, said in an interview "I recognize no other Government than that of Habib Abichahla." This Government is the rump of the old Khoury Government and is said to be sitting somewhere in the mountains. The Lebanese Government which figured in the dispute with French authorities was headed by President Shoukri el Kuwatli Bey and Premier Riad el Solh. A provisional administration now has been set up by the French under Emile Eddeh.

Would Push B.C. Program on Reconstruction

VANCOUVER, Nov. 17 (CP) — The problems of reconstruction internally are to ensure a useful job for every returned man, every discharged war worker, every youth of our schools, said Education Minister Perry, at a Board of Trade banquet today for the Canadian Institute of Mining and Metallurgy.

"We must give them hope and opportunity, not regimentation, in the land they fought to preserve."

Mr. Perry outlined recommendations made in the postwar rehabilitation report. In the mining field, he favored establishment of a scrap steel mill first and of Federal subventions for research and development.

There should be mapping and geological surveys of the 80 per cent of B. C. not yet surveyed. Other resources in the mining areas should be developed along with mining in order to avoid ghost towns.

Evicted Family Sheltered by Soldier at Coast

VANCOUVER, Nov. 17 (CP) — Cpl. Edward Wilson of the Royal Canadian Ordnance Corps, who donned a uniform three days after the outbreak of war, gave Mrs. C. Pelzer and her four young children three rooms in his home when he learned the family had been evicted from their house in Vancouver's East End.

Mr. and Mrs. Pelzer came to Canada from Germany in 1928. Pelzer is at present in a Canadian internment camp.

The owner of the house in which the Pelzers have lived for the past six years, ordered them out so he could undertake necessary repairs after the city threatened to condemn the building. They were evicted into the street yesterday.

Our 1943 quota of Yardley's has arrived.

Mann, Rutherford DRUG CO.

Beta Sigmi Phi Tea, Musicale to Aid Red Cross

Nelson Iota Chapter of the International Sorority of Beta Sigma Phi are planning a musicale and tea, proceeds of which will go to the Red Cross Work Rooms. Many of Nelson's favorite artists are to be featured at the event, after which tea will be served.

It is a little over a year since a successful tea was sponsored in connection with the Red Cross display of work and the Sorority was enabled to donate to the Red Cross workers a cabinet model electric sewing machine.

Besides these local projects, Iota Chapter has contributed towards the war effort of the Canadian Chapters as a whole. A fully-equipped mobile canteen was sent to England this Spring from the Canadian Chapters of Beta Sigma Phi. The Nelson Chapter made up its quota by pledge money from the individual members. The national project this year is an ambulance unit, fully-equipped, and it is expected that in the near future the Nelson Chapter will be contributing towards this enterprise also.

Brilliant Power Plant Bond Total Is $42,000

Final results of the Fifth Victory Loan canvass among employees of the Kootenay Engineering Company show a total of $42,000 raised against an objective of $46,000. There were 522 applications.

"The large number of applications," commented H. A. Matthews of the District Headquarters for the campaign, "indicates very thorough coverage by the employee-salesmen who undertook the task of canvassing the entire plant. Doukhobor support was very good and contributed to a large extent in the successful campaign.

The following employees made the canvass: C. S. Guillaume, Pat Fowler, Thomas Mansell, Rhos Dyke, B. Lavigne, N. Nickvolodoff, E. Salmon, H. Doherty, H. Hiltz, F. Babaeff, P. Kinakin, B. Vant, P. Hucal, F. Resansoff Jr., W. Semenoff, D. Dar, Carl Pation, H. Grummett and K. Jenson.

Jap Air Base, Barges Bombed

ALLIED HEADQUARTERS IN SOUTHWEST PACIFIC, Nov. 18 (Thursday) (AP) — Thirty-nine more tons of bombs have been dropped on Japan's Kara airdrome on the Southern coast of Bougainville, headquarters said today.

Kara is one of Bougainville's often-bombed enemy bases which had been kept inoperative by constantly raiding planes of Admiral William F. Halsey in support of the invasion at Empress Augusta Bay. The American beachhead is Northwest of the Kara Airfield sector.

In other actions around Bougainville, Allied air patrols destroyed 10 barges, damaged seven others as well as a small cargo ship and set fire to two fuel dumps.

A 6000-ton merchant ship received a direct bomb hit from an Allied plane off Kavieng, New Ireland, and a 2500-ton merchantman was bombed and left sinking in Hanza Bay, New Guinea.

Seven Japanese planes definitely were shot down and five others probably destroyed in air actions over Wewak and the Ramu Valley, North eastern New Guinea.

PROCTER

PROCTER, B.C. — Mr. and Mrs. A. MacPhee have returned from a visit at Oscyoos.

Kenny MacDonald was a Nelson visitor on Tuesday.

Joe Mucha of Slocan City spent Sunday here.

Mrs. J. Renzie and children, Johnny, Rose and Dean were visitors to McConnel at the weekend.

Mrs. N. Macleod shopped in Nelson on Tuesday.

Mrs. J. P. Bourne has left for the East to visit her sister for the winter.

Mrs. F. Bachynski and daughter, Priscilla Anne, of Castlegar are visiting the former's parents, Mr. and Mrs. N. Shkwarok.

Walter Malahoff and Stanley MacCarthy visited Nelson on Tuesday.

LAC. Doug. Lynch, of the No. 2 Wireless School at Calgary, has returned to his station after spending a two weeks' sick leave at the home of Capt. and Mrs. M. MacKinnon here.

N. Macleod has returned from a visit to Vancouver.

Mr. and Mrs. H. Houck of Oscyoos are visiting their son-in-law and daughter, Mr. and Mrs. A. MacPhee.

Mr. and Mrs. J. Bonacci and daughter, Virginia, have left for Nelson, where they will make their future home.

Mrs. S. Malahoff and baby son, of Tye were Procter visitors on Sunday.

Mrs. S. Dorsey was a visitor to Nelson.

600 Hear Tim Buck on Policies of Labor-Progressive Party; Canada Not Ready for Socialism

Six hundred Nelson District residents braved the chill of the season, and the ice-chilled air of the Civic Arena, Wednesday night to hear Tim Buck, leader of the Labor-Progressive Party, declare the aims of this Party. Sharing the platform with him were Harvey Murphy, member of the Labor-Progressive National Executive and Organizer for the International Union of Mine, Mill and Smelter Workers; and Tom McEwen, Provincial Organizer for the Party. Harry Drake, District field man for the Party, was chairman.

Winning the war was still the first concern of Labor, Mr. Buck declared, but the war was "long past the turning point" and it was time to prepare for post-war years.

"Even Mackenzie King says it's time to start thinking about it, and when Mackenzie King says it's time to think about it, you can bet your boots it's time to do something about it," Mr. Buck asserted.

He feared an attempt to "force national economy" back to the basis of 1939, but as far as he was able to prevent it, men in the Armed Forces were not coming back to "so-called normalcy", under which one million were on relief, farmers were losing their land, small business men were going bankrupt, and 100,000 young men annually were leaving school with no immediate prospect of employment.

NO NEED FOR IT

"The war has shown there is no need of that sort of thing," the speaker stated. Canada could produce sufficient for all to enjoy a high standard of living. Every political party admitted this, but "admits it in different ways."

Mr. Buck described Premier King as between John Bracken and Arthur Meighen—more Conservative than Bracken but less reactionary than Meighen. Premier King, he insisted, "intends to get the people back to the basis of 1939 whether they like it or not." He has the backing of "big interests."

In the meantime, however, a great change was taking place. The labor movement was growing daily. Two million persons were in the employ of the government. All over Canada deep and far-reaching change of attitude toward conditions throughout the world was evident. In the past year and a half the change amounted almost to a revolution in thinking.

Russia's great achievements made hundreds of thousands think the Soviet must have "something that's good, something worth fighting for." Many felt they could learn something from Russia.

DIFFERENT EUROPE

Europe would be vastly different after the war when the people were free to set up the kind of governments they wanted. The new governments would call for a different foreign policy in Canada; foreign markets would be different and would demand a different home policy. It would be necessary for the Government to continue a large employer of labor.

Thousands of jobs needed to be done—the St. Lawrence waterways; power plants such as at Brilliant; irrigation, housing highways, schools hospitalization, elimination of slums and so on. A government committee estimated all this would require the labor of a million men for 10 to 12 years, and would require 15 billions, or 1¼ billions a year.

Canada's national income at present, measured by production, was nine billions a year. It was huge because Canadians were "producing everything we can." If Canada could do that to destroy, "why can't we do it to build?" Mr. Buck asked.

The majority of Canadians were not yet ready to vote socialism, but many were ready for advanced social reform. He urged unity between labor unions, the C.C.F., the Labor-Progressive party and Progressive-Farmer groups to place one candidate in nomination in each constituency for the election be expected next year.

TRANSITORY PERIOD

The only nation which had established socialism was the only nation which had stopped the Nazis," Mr. Buck asserted. Canada, was not yet ready for socialism. The war, however, marked the breakdown of capitalist economy and the beginning of the triumph of socialist economy, and a "great transitory period" was now in progress.

When a member of the audience asked "What is the quarrel between the C.C.F. and the Labor-Progressive party?" Mr. Buck declared that "So far as I'm concerned there is no quarrel." He made repeated appeals for unity between the two groups on things upon which they agreed, but the C.C.F. policy, he declared, was not socialism.

"My name means something in the labor movement and I am not willing to associate it with indorsement of a policy which is identical with the policies held to by the Social Democratic Party of Germany, with such disastrous results for the people," he concluded.

GREAT CHANGE IN INTERIOR

Mr. Murphy, who introduced Mr. Buck, stated a great change was taking place in Interior B. C.; that men who feared formerly to take a public part in labor movements were now coming to the fore. Establishment of unions in the mines had "opened up the interior". Under the former fear of discrimination it was "impossible for democracy to function" in this area, he declared.

Organized labor was "the safeguard of the nation", but "labor unorganized leaves the nation open to Fascism." The "bogey" of Communists and Reds "has been dispelled by what is happening abroad."

Mr. McEwen declared this was the time for the people to make a choice between going forward "on the basis of the four freedoms of the Atlantic Charter, or going back to the dark ages previous to 1939." Wishful thinking "will not win the Canada that Tim Buck has spoken of," he asserted.

The Organizer appealed for support for the Labor-Progressive Party.

Contributions totalled $150.

SUGGESTS ROAD BUILDING AS POST WAR PLAN

CALGARY, Nov. 17 (CP)—One of the "greatest traffic congestions on main travelled routes in the history of motor transportation" will have to be faced following peace and a return of normal motoring conditions, highway ministers of the various Canadian Provinces, their deputies and engineers were told today.

The speaker was Theodore G. Morgan, Montreal, Chairman of the Executive Committee of the Canadian Good Roads Association at the opening session of an interprovincial conference, sponsored by the Association, here today. The conference is discussing plans for post-war development of Canada's highway system with a volume of traffic greater than main highways will be capable of coping with, Mr. Morgan said.

Proceedings were devoted to a general discussion of highways and highway construction in the post war reconstrutcion period.

Sir Oswald Mosley to Be Released

LONDON, Nov. 17 (CP)—Sir Oswald Mosley, pre-war British Fascist leader who has been detained in prison under Defence Regulations since May, 1940, is to be released in a few days on medical grounds, it was learned tonight. His wife, placed in detention with him, also will be released.

The fiery, black-haired Sir Oswald advocated a totalitarian Britain while leader of the British Union of Fascists. He mimicked many of the stunts of Hitler's Nazis, wore black shirts instead of brown and imitated the Nazi salute.

Lady Mosley, formerly Mrs. Diana Guinness, is the sister of Hon. Unity Freeman Mitford, friend of Hitler.

W. R. Grubbe Leaves Hospital

W. R. Grubbe who was taken suddenly ill Saturday, has returned to his home, 621 Hendryx Street, from Kootenay Lake General Hospital. Mr. Grubbe is Manager of the Nelson Branch of the Imperial Bank of Canada.

PORTSMOUTH, Eng. (CP)—Guy Forester Bell stipulated in his will that enough money should be set aside after his death to buy a round of "double-whiskies" for all patrons of his local pub in Portsmouth.

Expects Beer Ration Increase

VICTORIA, Nov. 17 (CP.)—Liquor Commissioner W. F. Kennedy said tonight that if stocks of bottled beer for licensees are sufficient and he believes they are, permit holders will get an extra dozen pints of beer next week. The present B. C. beer ration is two dozen pints per month.

"I shall have to check over stocks of bottled beer on hand," said the Commissioner. "I am almost certain there is sufficient for licensees and an extra dozen pints for permit holders. I'll know in the morning and make an announcement. On Monday the extra dozen pints will be available if stocks permit."

The coupon system is a success and has brought about a more equitable distribuiton, hence the extra ration this month, he said.

"If a permit holder hasn't used a permit this month it will be possible to purchase one quart of spirits and a dozen pints of beer. If the permit has been used, vendors will be instructed to sell another dozen pints of beer and endorse the sale on the back of permit," he said.

Kaslo Ladies Golf Auxiliary Aids Various Clubs

KASLO, B.C. — The Ladies Auxiliary to the Kaslo Golf Club met at the home of the President, Mrs. C. R. Fahrni. Reports showed that 1943 had been the best of many recent seasons.

Five dollars were voted to each of the following organizations: Red Cross, I.O.D.E., Women's Institute and Legion Auxiliary.

The matter of having trophies engraved, was left until later, owing to the difficulty of getting this work done.

The Cup, the presentation of which had been delayed, was presented to Mrs. E. H. Latham to be held by her for one year. She was also presented with a small trophy to be retained.

Tea was served by the hostess, assisted by Mrs. G. Gibson.

$182 COLLECTED FOR SALVATION ARMY

INVERMERE, B. C. — O. A. McGuiness, Invermere, chairman of the Salvation Army Home Front Appeal reports that $182.92 was collected in the Windermere District. This sum included $20 donated as proceeds from a dance held at Wilmer. Last year the proceeds of the collection were $162.13.

Little Bonspiel Under Way to Open Curling Here

Initial victories in the Nelson Curling Club's Little Bonspiel, opening the Nelson season, were chalked up Wednesday night. The draw engaged 15 of the 22 rinks entered.

T. S. Jemsons' and A. J. Hamson's rinks rinks advanced by victories in both the 7 p.m. and 9 p.m. draws. Other initial triumphs in the knock-out event were gained by T. Swanson, William Marr, Robert Hickey, R. D. Wallace, L. S. Bradley and E. C. Hunt.

Play continues tonight and will wind up Friday.

One extra end game marked the opening night's matches. Robert Hickey battled E. C. Hunt to the eleventh end, going down finally 10-11.

Results were:

T. S. Jemson 8, Dave Laughton 7.
T. Swanson 8, A. Jeffs 6.
A. J. Hamson 11, A. H. Whitehead 10.
William Marr 10, F. Ewing 7.
Robert Hickey 9, S. Haydon 6.
Jemson 11, John Teague 5.
Hamson 14, Dr. T. H. Bourque 7.
R. D. Wallace 11, Marr 10.
L. S. Bradley 12, J. P. McLaren 7.
E. C. Hunt 11, Robert Hickey 10.

Draw for tonight is: A. T. Godfrey vs. A. Ronmark; R. D. Hall vs. T .A. Wallace; H. H. Sutherland vs. L. S Bradley; J. B. Gray vs. Ted Swendson; and E. C. Hunt vs. T. S. Jemson.
