Higher Uranium Prices Offered

Up to $6 a Pound Will Be New Pric[illegible] Hope to Encourage New Developme[illegible]

By FORBES RHUDE
Canadian Press Business Editor

TORONTO, April 18 (CP)—Development of uranium in Canada got a boost today with announcement of new guaranteed prices which are about double those previously offered.

Up to $6 a pound will be paid for uranium oxides—the atomic energy material—compared with a previous $2.75.

Under the old price the Government might pay more than $2.75, depending on negotiations, and they reserve this right under the new prices if special circumstances should make a still higher price desirable.

Actually there have been hardly any purchases to date at any price, because most of present production comes from the Government's own Eldorado Mining and Refining, Ltd., with properties at Great Bear Lake, N.W.T.

In the mining industry it was felt, and the Government has agreed, that the $2.75 price did not offer enough encouragement to either prospectors or developers.

Now a formula for higher payments has been worked out and was announced today by W. J. Bennett, President of Eldorado, to the annual convention of the Canadian Institute of Mining and Metallurgy.

The formula, under which prices are graded according to the richness of the ore, is designed to encourage low-grade properties, but at the same time it will also yield increased payments to higher-grade propositions.

The basic formula is this:

A .25 per cent grade of ore yielding five pounds of "contained uranium" per ton will be valued at five times $2.75, which is $13.75. To this will be added a milling allowance of $7.25 which means a total of $21 a ton.

Then, on the basis of a 70 per cent recovery of uranium concentrates the five pounds will yield 3.5 pounds. Divide 3.5 into $21 and you get $6 per pound.

Other grades are valued accordingly. A .5 per cent ore yielding 10 pounds a ton will bring $4.95 a pound; and a .75 per cent ore yielding 15 pounds will bring $4.62 a pound.

As the grade of ore increases the price per pound decreases, but at the same time the value per ton increases because of the more uranium yielded.

The price includes all radioactive elements in the ore, but arrangements will also be made for valuing other minerals which may be present, such as gold, silver, platinum, and payment made for them.

The new formula seemed to be generally well-received in mining circles.

True, the stock market has been expecting a price increase and recent advances of stock with uranium interests had already taken the value of an increase into consideration.

The immediate effect on uranium stocks was to depress them. This may have been because the new formula was not immediately understood and because there had been expectation of a more clear-cut increase.

Nicholson Mines, Ltd., for instance, with holdings in Northern Saskatchewan, traded 222,100 shares today on the Toronto Stock Exchange, opening at its high for the year of 75 cents, dipping to 63 cents but finishing at 70 for a loss of five cents on the day. It's low for the year was 40.

[illegible] WOMAN PLOT

Only [illegible] debtedness Behind Attempt to Kill Wife, Children

LOS ANGELES, April 18 (AP)—Heavy indebtedness, not "the other woman," Aeronautical Engineer John H. Grant told police today, caused him to plot the death of his wife and two children—along with 13 other persons aboard a commercial airliner yesterday.

But in a Hollywood hotel suite, red-haired Betty Suomela, airlines stewardess, told a press conference that Grant had proposed marriage to her and that she wants to help him, if possible.

Detective Ned C. Logsdon said Grant dictated an extensive statement about his plot to do away with his family, collect $25,000 in insurance, and square himself financially.

This morning jailers found Grant had torn strips of mattress from his cell bed and was trying to fashion a noose.

He was booked on suspicion of attempted murder.

Detective Jack Gouldstone quoted Grant as saying today:

"Let me stress that Betty Suomela was in complete ignorance as to my true intentions and my actions and particularly my future plans.

"I was not serious about her. I was stringing her along. Why, I lied to her so many times I cannot even remember my stories. Yes, I told her I had two children but that I was separated and living in a hotel. I told her I was getting a divorce.

"My relations with her were very friendly, but not intimate."

Side by Side on the Sidewalk

Used Car Dealer J. J. Charles Beasley, 43, and Frances Irene Mettle, 21, former night club dancer, are shown being married on a busy Baltimore, Md., sidewalk by The Rev. Alfred Holt. The ceremony was held just outside the Seventh Baptist Church instead of in it as orginally planned because the rector, The Rev. Henry Day, refused to officiate after learning that Beasley had been divorced twice.—(AP Wirephoto.)

C. C. F. Fails To Get Lid on Rising Prices

Coldwell Attacks Gov't for "Failure" To Live Up to Promise Made in 1948

OTTAWA, April 18 (CP)—The CCF Party thrust the price-control question back into Commons debates today and called unsuccessfully for the imposition of selective ceilings.

M. J. Coldwell, CCF Leader, introduced a motion criticizing the Government for "failure" to implement the "promise" made at the national Liberal Convention in 1948 to impose selective controls "in any field where prices proved to be unreasonable."

The motion was quickly defeated by a vote of 136 to 23, with Progressive Conservatives supporting the CCF and the Social Credit group siding with the Liberals.

Before the count was taken, James Sinclair (L-Coast-Capilano), Parliamentary Assistant to Finance Minister Abbott, noted that the cost-of-living index has gone up only about six points since August, 1948. That was considered to be pretty good.

The Chamber also opened study of a Government motion for establishment of a committee to consider amendments to the Elections Act and heard John Diefenbaker (PC-Lake Centre) urge steps to prevent "abuses" of the electoral laws.

At the night sitting, the Chamber approved the Election Committee motion, endorsed another to set up a committee on the National Research Council and gave first reading to a single bill to consolidate all Defence Department legislation and to another to improve the Militia Pensions Act.

Launching the brief cost-of-living debate, Mr. Coldwell recalled that Mr. Abbott had said in November, 1947, that he believed the cost of living index would rise to about 140 to 145 and settle there. If that happened, he would consider the picture good.

But, said Mr. Coldwell, the index had gone far beyond that. The latest official report—for March 1—placed the index at 163.7, the highest point in Canadian history. It had risen "drastically" during the last year or two.

The rise tended only to work hardships on thousands and thousands of low-income workers and pensioners, and others who lived on fixed returns. They found it hard to cope with rising costs.

It was time, he said, that the Commons gave some attention to living costs. The Government had ignored the problem despite the Liberal promise in 1948 and the recommendations of a House Committee which delved into the cause of high costs. The committee had made 14 recommendations; the Government adopted three.

Mr. Sinclair said there had been hope, when Mr. Abbott made his prediction about living costs, that the economy would adjust itself. But, for reasons beyond Canada's control, that had not happened. Prices abroad had climbed swiftly.

Mr. Sinclair said he believed that members of the House had received fewer letters this year about the cost of living than ever before.

R. R. Knight (CCF-Saskatoon) said if Mr. Sinclair was fortunate enough to have constituents who don't feel the pinch of the cost of living, he was not. Only during the Easter recess he had heard the "moans" of numerous people who could not make ends meet. The cost of living was a matter of serious moment.

TO CUT U.S. POSTAL SERVICE

Follows Decision Against Increased Postal Rates

WASHINGTON, April 18 (AP)—Sharp cuts in United States postal service, including a reduction to one delivery a day in residential areas, were ordered today by Postmaster-General Jesse M. Donaldson.

The orders, effective immediately upon receipt, each most postmasters tomorrow in the regular postal bulletin.

The orders come at a time when Donaldson is seeking increased postal rates and appropriations from Congress.

The postmaster-general said the reductions are necessary in view of Congress' decision against his recommendation for rate increases amounting to about $600,000,000 a year. The House of Representatives cut the rate raise to $100,000,000 and that increase is still pending in the Senate. Donaldson said that amount would be "wholly insufficient" to cover present operations.

Doukhobors Appeal for "Immediate Action"

Urging "immediate measures to put a stop once and for all to the terrorism and criminal acts of the fanatics," a mass meeting of the Union of Spiritual Communities of Christ has addressed a telegram to Minister of Justice Garson at Ottawa, Attorney General Gordon S. Wismer at Victoria, and to Commissioners John Shirras and Col. F. J. Mead.

The call for immediate "suppression" of violence from the Brilliant meeting was the second since the April 14 burning of the communities' organizational headquarters, the home of John J. Verigin, secretary, at Brilliant. A gathering of 2500 Doukhobors of the Grand Forks colony Monday made a similar appeal.

The telegram follows:

"To: The Minister of Justice, Ottawa; the Attorney-General of B.C., and Commissioners Mead and John Shirras.

"A large mass meeting of members Union of Spiritual Communities of Christ yesterday discussed the grievous event of April fourteenth last when a gang of fanatics 36 in number suddenly broke into our organizational headquarters at Brilliant, the residence of our secretary, J. J. Verigin, dragged him out in his pyjamas and totally burned down the home with all belongings and important organizational documents. Fanatics did not allow for anything to be saved from the building.

"We have suffered losses and destruction from burnings and bombings during the many years of our life in Canada. We have repeatedly appealed to the proper authorities of federal and provincial government to take measures to stop such criminal acts. As yet we have no satisfactory results from the government re suppression of said acts. The latest incident with our headquarters has particularly shocked all people. In the name of God and justice we beg you on behalf of our society of five thousand members to give this matter your serious attention and undertake immediate measures to put a stop once and for all to the terrorism and criminal acts of the fanatics.

"Chairman of meeting: F. N. Oglow.

"Secretary: A. J. Obedkoff.

"April 17th, 1950,
"Brilliant, B.C."

Urge Cooperation Between Canada, U.S. Exporters

VANCOUVER, April 18 (CP) — A plea for co-operation between Canada and the United States exporters to banish a threatened dog-eat-dog competition was made here at the two-day conference of the Pacific Northwest Trade Association.

The conference closed tonight after discussion of foreign and domestic trade problems and criticism of the United States policies in Economic Co-operation Administration spending in Europe.

Governor Arthur B. M. Langlie of Washington State said the U. S. Government's foreign trade policies sacrificed interests of the Pacific Northwest.

He said the outlook is discouraging fruit, lumber, flour and pulp exports.

"Where ECA dollars are available instructions apparently go along with the dollars to buy anywhere but in the United States."

John P. Herber of Seattle said there should be co-operation between British Columbia, Washington and Oregon in solving their foreign trade problems.

Mr. Herber, a director of the United States Chamber of Commerce, said exchange devaluation had given B. C. exports an advantage in the U. S. market.

Co-operation and teamwork will be necessary to throw off the growing "maze of government controls and restrictions."

TEMPERS FLARE

A flare of temper marked the usually quiet discussion when it was charged ECA funds were used to finance Canadian exports.

Mr. Herber asked: "Is it not true your high level of exports depends in large measure on ECA money?"

"No," said Thomas Braidwood of Vancouver. "Canada has done a good job of its own in assisting needy countries and has not received one buffalo nickel from lend-lease during the war. Canada wants to trade with the U.S., but you must provide us with a market.

Directors of the association were asked to form a committee to study trade problems between the U. S. and the Dominion.

Opinions differed on recognition of Communist China and a special committee was appointed to deal with the problem.

Opposition Holds Comment . . .

Speedy Endorsement of Latest British Budget

BY DON GILBERT
Canadian Press Staff Writer

LONDON, April 18 (CP)—Sir Stafford Cripps today tossed British taxpayers some crumbs of income tax relief but otherwise promised them a continued diet of austerity in the coming year.

Bringing down the annual budget in the House of Commons, the Chancellor of the Exchequer announced a minor income tax cut in the lower catagories and promised beer drinkers stronger but not cheaper beer.

After noting the good effects of devaluation Cripps said, "We have suffered a serious worsening of the terms of trade since devaluation."

The "terms of trade" is a phrase used to show the relationship between what the country gets for its own products and what it has to pay for imports.

Since last September, these terms of trade have become 10 per cent worse, he said. The index of these price relations stood at 98 in September and now stands at 108, he said.

Most of the controls of British economy must be accomplished by agreement ,pursuasion, consultation, and other free democratic methods.

A decrease in dollar spending was essential to bettering Britain's payments position because that was a "regular and controllable saving whereas the dollar earnings of the sterling area are more uncertain and not in our power to determine."

"It is the smallness of our reserves much more than the unavoidable degree of fluctuation in our earnings that is now our real trouble. That is why we must build up those reserves in every way," he said.

Cripps said Britain had gone a long way during the last year to remove restrictions on imports.

He said Britain was determined to play her full part in a European-payments scheme. But she must see that the position of sterling as an international currency was not jeopardized.

ANSWER TO UNIONISTS

The tax reduction appeared to be the Chancellor's answer to trade unionists demands for relaxation of the Government's wage-freezing policy. More than 5,000,000 trade unionists at present are clamoring for pay increases.

The car-owning public was given a doubled gasoline ration, enough for 180 miles monthly, but at the same time Cripps boosted the price of gasoline by one-third.

The modest income tax cut will benefit all taxpayers but the largest proportionate relief will go to workers earning less than £600 ($1860) annually.

The single man earning £6 weekly will find 2s. less tax deducted from his weekly earnings. On £8 the reduction will amount to about 3s 8d.

As the Chancellor sat down after speaking for more than two hours there was a whispered conference between Winston Churchill, Anthony Eden and other Conservative front-benchers.

Eden then announced that the opposition would reserve major comment of the budget for a day or so. The budget resolutions were promptly voted and the House adjourned.

The speedy endorsement of the budget was directly counter to London newspaper speculation that the Conservatives would attempt to force an immediate vote which might threaten the Government, holding a shaky majority of four.

Chinese Claim To Kill 2000 Reds

By FRED HAMPSON

HONG KONG, April 19 (Wednesday) (AP)—The Chinese Nationalists today proclaimed a complete victory over the Communist invaders of Hainan Island. The Red press and radio did not contradict them.

There still is the possibility that the Reds are holding on at the big Nationalist island off South China. There still is the possibility they may be reinforced and make the invasion stick. There still is the possibility the Nationalist claims are grossly exaggerated and the issue on Hainan remains in the balance.

By SPENCER MOOSA

TAIPEI, Formosa, April 18 (AP) — Chinese Nationalists claimed today their planes killed more than 2000 Red invaders of Hainan Island on invasion craft and beaches.

Air headquarters said the toll was counted only until evening of yesterday's fighting.

Nationalist defenders of the vital South China island, fighting back on the ground, sea and in the air, continued the battle today against more than 7000 Red invaders who have established two beachheads.

(A Hong Kong dispatch said the Chinese Communists have attacked and presumably occupied tiny Lintin Island five miles West of Hong Kong and only three miles outside British territorial waters).

ASK HERRIDGE AID IN AIRPORT GRANT

A letter calling attention of H. W. Herridge, M.P. for West Kootenay, to a request for a Federal Government grant of $25,000 for Castlegar airport is to be forwarded by Nelson City Council.

This was decided Monday night after Alderman Alex Sutherland reminded Council that "we got results," on past occasions when Mr. Herridge was asked for assistance on such matters as sale of Wartime houses and building of a floating wharf.

Last week Council, acting on recommendation of the Airport Committee, had decided to make an appeal for a grant to be used for airport improvements.

Revelstoke Slide Delays Trains

VANCOUVER, April 18 (CP) — Three Canadian Pacific Railway trains left Vancouver for the East tonight despite a rock slide at Revelstoke, B.C., 300 miles East of here.

A C.P.R. Spokesman said track crews expected to have the line cleared around midnight.

Three Eastbound trains and three Westbound trains are stalled on either side of the slide. The Westbound trains are expected to reach here tomorrow afternoon.

Canadian National Railway lines are not affected by the slide.

Strong Party Organization Stressed by Drew

OTTAWA, April 18 (CP) — The value of a strong party organization was stressed today by George Drew, Progressive Conservative leader, in speeches to sessions of his party associations' annual meeting.

He told a closed meeting of about 500 party supporters that strong organization had made it possible for the Conservatives in the United Kingdom to recover from their serious setback in the 1945 general election. In 1950 they had come within striking distance of forming a government.

And, he added, the British Conservatives suffered a worse defeat in 1945 than the Progressive Conservatives suffered in Canada in 1949.

At a luncheon which he tendered to Young Progressive Conservatives, he said they had in their hands the opportunity to lay the foundation of an organization that may play a more effective part than any other branch of the party in the next election.

He suggested that the Young Progressive Conservative Association be used as a training ground for entry into municipal politics. Municipal councils, in turn, provided excellent training and contacts for entry into federal and provincial politics.

Other speakers at the luncheon included Gordon Higgins, party member of the Commons for St. John's East; Leon Balcer (PC—Trois Rivieres), new president of the YPC's, and E. D. Fulton (PC—Kamloops), past president of the YPC's.

In a brief general session following the luncheons, delegates to the three-day meeting unanimously elected George C. Nowlan, 52, of Wolfville, N.S., as president to succeed J. M. Macdonnell, member of the Commons for Toronto Greenwood. Mr. Nowlan is former Conservative member of the Commons for the Nova Scotia constituency of Annapolis-Kings.

Manitoba Rivers Rising as Warm Weather Melts Snow in Hills

WINNIPEG, April 18 (CP)— The reinforced Government dikes at Rosenfeld, 60 miles South of here, fell tonight before a rush of water from the Pembina Hills.

Residents of homes in the town's low section worked in two feet of water to move belongings to higher ground. Stores in the business section and at least 50 houses were evacuated.

Eyewitnesses said the water was still rising, filling basements and creeping higher and higher up the ground-floor walls.

At Plum Coulee, about 10 miles West, more than 50 persons were evacuated when a local creek flooded their homes.

Meanwhile crews in Winnipeg detonated charges of dynamite at the foot of the Osborne Street bridge over the mounting Assiniboine River, which meets the Red here.

And at St. Jean Baptiste and Emerson, centres on the Red River near the border, volunteer crews were preparing for the worst. City Engineer W. D. Hurst of Winnipeg predicted the Emerson levels would soon be two feet above that recorded in the 1948 flood.

WINNIPEG, April 18 (CP) — Floods nit Southern Manitoba today as warm weather melted snows in the Pembina Hills and sent water coursing into rivers and creeks through the region.

The towns of Rosenfeld and Altona, only a few miles apart and not far distant from the Manitoba-Minnesota border, were among places reporting serious flooding. Residents reported the situation worse than in 1948—a bad Manitoba flood year.

At Rosenfeld it was feared some families might have to be evacuated from their dwellings by nightfall. The Western half of Altona was under water and fields were covered with surface water. Ice took out a bridge two miles from Altona.

C.P.R. THREATENED

Railway officials said tracks between Plum Coulee and Rosenfeld, about 10 miles apart, were unsafe for trains. Crews worked to keep water from cutting off the Canadian Pacific Railway line two miles North of Rosenfeld.

Government dykes to the West, North and South of Rosenfeld were broken. No. 14 highway West of the town was washed out in four places, and East of town a railway bridge was reported gone.

At Altona, a creek had swelled to a width of one mile in spots. Some farm homes in the district have been evacuated and farmers have moved livestock to higher ground.

North Dakota Floods Ease; Prepare for New Onslaught

BISMARCK, N.D., April 18 (AP) —Cool weather today eased the North Dakota flood situation in some areas, but many communities prepared for new onslaughts of rushing water.

Much of the attention shifted from Southwestern North Dakota to the Northeastern part of the state where many communities and farms were reported isolated in the area adjacent to Southern Manitoba, where floods also are causing trouble.

Jamestown, in Eastern North Dakota, watched the flooding Pipestem River go down slowly, but kept an eye on the rising James River.

Streams in Western North Dakota, which earlier flooded out scores of families, fell steadily throughout the day.

Discrimination One of Top Problems In Working Out Old-Age Pensions

OTTAWA, April 18 (CP) — The Dominion faces a "genuine dilemma" in working out a new old-age pensions scheme, the Parliamentary Old-Age Security Committee was told today.

Dr. G. F. Davidson, Deputy Welfare Minister, expressed this view when some Members questioned him on "discrimination" under the present pensions plan administered by the provinces under general Federal legislation.

F. D. Shaw (SC--Red Deer) and Donald Fleming (PC--Toronto Eglinton) suggested there was discrimination in varying administrative practices under the "means test" of determining eligibility for pensions.

Asked by Mr. Fleming if abolition of the means test would not reduce the area of discrimination, Dr. Davidson said that depended on the kind of scheme that might be introduced following the committee's recommendations.

There might be discrimination under a scheme of equal payments for everyone, since those with differing living costs would get the same amounts.

On the other hand, the Deputy Minister said, the "appearance of inequity" might be created if regional differentials were established.

"You face a genuine dilemma there," he added. "This is one of the key questions which the committee will have to determine."

The committee at the time was discussing variations in means test procedure in the different provinces. Dr. Davidson said the provinces had considerable latitude in making regulations within the Federal law in this respect.

Dr. Davidson presented tables showing variations in pensions procedure and payments in different problems. The average pension for Canada at the end of 1949, they showed, was $37.19. For various provinces:

Alberta, $37.39; British Columbia $37.26; Manitoba, $38.36; New Brunswick $36.01; Nova Scotia, $35.33; Ontario, $38.05; Prince Edward Island, $34.46; Quebec, $37.63; Saskatchewan, $37.29; Newfoundland, $29.19.

NAMED CANADA'S CINDERELLA

TORONTO, April 18 (CP) — A fairy tale came alive tonight for a little backwoods miss.

Donna Henderson, a pretty little 13-year-old who until last week had never worn a dress, was selected tonight as Canada's Cinderella. The Fort Saskatchewan, Alta., girl was named over nearly 8000 other entries in regional competitions from coast to coast and the finals here.

Donna, like her counterpart in the fairy tale, never had beautiful clothes or even what might be called a wardrobe. She habitually wore sneakers and jeans — even to the little one-room school she attended.

But now, after her selection from five finalists by a board of judges from the Telegram School Reporters' Club, she will be outfitted from head to toe with a complete new wardrobe, just as the real Cinderella was by her fairy godmother. But instead of a trip to a ball in a carriage, Canada's Cinderella will be rewarded with a flight for herself and a parent or guardian to the Caribbean for a week's holidays.

Kirk Delivers U. S. Note . . .

Charges Russians Shot Down Plane

WASHINGTON, April 18 (AP) — The United States charged today that Russian fighters shot down the missing American Navy patrol plane over open waters of the Baltic Sea.

It demanded that Russia punish those responsible and pay appropriate indemnity for the lives of the 10 men lost in the plane.

The charge and the demand were made in a formal reply to Russia's protest of April 11 that an American plane had flown over Latvia and exchanged gunfire with Soviet aircraft April 8.

The American note, delivered in Moscow by Ambassador Alan G. Kirk, demanded also that "the most strict and categorical instructions" be issued to the Soviet Air Force to prevent any new incident "so clearly calculated to magnify the difficulties of maintaining peaceful and correct international relationship."

A U. S. Navy privateer en route from Wiesbaden, Germany to Copenhagen, Denmark, has been missing with 10 men aboard since April 8.

Burnaby Refuses Wartime Houses From N. Vancouver

BURNABY, B.C., April 18 (CP)—The municipal council of Burnaby has turned down a proposal that wartime houses be brought into the municipality from North Vancouver because they feel it would result in future slums.

The council last night said such a movement would create future slum conditions and that if the buildings were desirable they would have been kept in the North Vancouver area.

PRINCE ALBERT, Sask., April 18 (CP)—Soggy mud over air strips has forced both the Saskatchewan Government Airways and the Canadian Pacific Airlines to suspend operations from the Prince Albert airport.

C.P.A. officials said all regular flights on daily schedules have been cancelled "for a week to 10 days." Pilots had reported the "soft" landings on the muck-coated field and service was immediately put on a day-to-day basis.

Meanwhile, Saskatchewan Government Airways have made tentative plans to use Emma Lake, still covered with firm ice, as a temporary landing base for Northern flights. Emma Lake is 25 miles North of Prince Albert.

And in This Corner —

NEW YORK, April 18 (AP)—A much smaller picket line was on duty last night outside the Waldorf-Astoria Hotel, where Northern Ireland's Prime Minister, Sir Basil Brooke, is stopping.

Judge Matthew Troy, leading the picket protest against the partition of Ireland, explained the reason:

His pickets had to divide forces, so some of them could picket the British Automobile Show at Grand Central Palace.

TOKYO, April 18 (AP)—Democracy's inroads aren't universal. The Japan Public Opinion Research Institute said today 28 per cent of Japanese husbands still yell "oi" to summon their wives.

"Oi," is the equivalent of "Hey, you!"

WEST BROMWICH, Staffordshire, England, April 18 (Reuters) — A married couple have lived here in "The Nutshell," for seven years without speaking to each other.

They are Mr. and Mrs. William Corbett, and The Nutshell is the name of their house here.

"When one goes into a room the other one comes out; but we don't seem to meet much, even on the stairs," Mrs. Corbett said. "At first I did the cooking and left the meals for my husband. Our only means of keeping touch was notes passed by our 16-year-old son.

"Then even the notes ended, and my husband took his own ration book and began to do his own cooking."

William Corbett appeared at a local court yesterday accused of stealing some electrical fittings handed over to the police by his wife. During the hearing of the case, which was dismissed, he said he and his wife had not spoken for seven years.

Salmo Board of Trade Executive Returned for Second Year

SALMO, B.C., April 18—The executive of the Salmo Valley Board of Trade was reelected to office for the second year at their annual dinner meeting here Tuesday night.

W. A. Taylor was returned as president; G. B. Beattie, vice-president, and F. T. Middleton, secretary.

The dinner was arranged and served by the Salmo Ladies' Aid.

Visiting guests besides Walter Hendricks, MLA, guest speaker, were T. D. Rosling, president of the Nelson Board of Trade, who promised cooperation in solving various problems existing in the area; J. B. Thompson, president of the Trail Board of Trade; J. A. Bracken, secretary of the Associated Boards of Eastern B.C., who stressed the need for cooperation and efforts in the Board of Trade work in the area; E. A. Mann of Nelson, who appealed on behalf of the campaign for furnishing of the Mount St. Francis Infirmary; H. M. Whimster, W. W. Salter, E. A. Norris, Gordon Cuthbert, R. D. Gilday, D. H. T. Mollison, E. Collinson, C. B. Garland, K.C., all of Nelson, and H. Laurinente, past president of the Trail Board of Trade.

The Salmo board officers were sworn in by Henry John, village commissioner and stipendiary magistrate of Salmo.

Interior's First Forest Management Licence for Passmore Lumber

First forest management licence to be granted by the Department of Lands and Forests in the Interior has been issued to Passmore Lumber Co. Ltd. The licence is for 100,000 acres of timber and covers the watershed of the Little Slocan drainage basin, about 20 miles Northwest of Nelson.

Terms of the contract according to Gordon K. Burns, general manager, call for a maximum cut of 10,000,000 fbm per year.

For fire protection and to provide timber access, the company plans the construction of six to seven miles of main road each year for the next five years. This will be in addition to the present 20 miles of logging highway.

The Burns Lumber Company is a major producer in the West Kootenay. It owns and operates the Passmore Lumber Co. Ltd., the Cady Lumber & Pole Co. Ltd., and the Taghum Lumber Co. Ltd., Harry Burns is president.

Total production per eight-hour shift is in the neighborhood of 100,000 fbm. The Burns Company is believed to be the only Interior operation shipping all its products kiln dried. It has an annual payroll of about $500,000.

Interior operators wrote H. M. Sedgewick in the Vancouver Province, voice great interest in the forest management licence granted to Burns Lumber Co. They say it may establish a pattern for other companies. There has been no organized opposition to the government's forest policy in the Interior.

On the coast, however, 95 per cent of the operators say outright ownership of timber land is a prerequisite to sound forest management. Under Section 46 of the Land Act sale of forest land in British Columbia is prohibited.

Driving Training Needed, Kin Told; Club's Aid in Bonspiel Sought

Nelson Kinsmen Club heard two guest speakers at their supper meeting in the Hume Hotel Tuesday evening.

A. S. (Pat) Aitken, Chairman of the Summer Bonspiel Committee, traced the growth of the 'spiel over a number of years. He stated that because of development of the Summer attraction it was now necessary, in order to carry on, to have assistance from the local service clubs and other groups.

It had been suggested that the service clubs with the Civic Centre Commission combine their efforts and each sponsor one attraction during Bonspiel week. The money realized would be divided between them.

Mr. Aitken asked the support and assistance of the club.

Constable N. H. Elphick, B.C. Police Highway Patrol Officer, presented films on "Drunken Driving," and a second entitled "What Do You Know?"

The film on "Drunken Driving" vividly showed the effects of alcohol on the person who drives a car. "What Do You Know?" made the comparison of the training given pilots of aircraft and the training given people who drive cars. He stressed that more time and effort should be put into proper training of car drivers.

Constable Elphick also reviewed rules of the road, care of a car and the hazards of driving.

Four guests welcomed to the meeting were Arthur Rockarie, Cecil Hughes, Sherwood Lewis and Jack Bagnalls.

H. A. D. Greenwood was appointed representative to the Navy League.

The Kinsmen discussed the District inter-city meeting to be held in Cranbrook May 13 and 14. Kinsmen from Trail, Rossland, Nelson and Cranbrook will attend.

DELIGHTFUL TO SMOKE

Salmo-Creston Survey in 1950 Road Program, Hendrick Tells Salmo Meet

SALMO, B.C., April 18—A brief report on the B. C. Legislative Assembly at Victoria, the road problems facing the district, the possibility that the Southern Trans-Canada Highway would be completed by 1953. These were some of the highlights of a talk to the annual meeting of the Salmo Valley Board of Trade Tuesday night by Walter Hendricks, MLA for Nelson-Creston.

Mr. Hendricks stressed that he represented all citizens in the riding, and dealt with the highlights of the opening of the Legislature. The appointment of a woman Speaker, Mrs. Nancy Hodges, and the admittance of a native Indian to the floor of the House had been impressive factors.

Mr. Hendricks made several comments on his speech in the House and said that he maintained his stand on the Doukhobor question in the Kootenays. He discussed briefly some of the more important bills transacted in the House and mentioned the budget, paying tribute to Finance Minister Herbert Anscomb.

The hospital insurance scheme was also one of the chief topics brought up for discussion. In his opinion, Mr. Hendricks stated the scheme would be "running smoothly" by next year.

Although Mr. Hendricks had a "very high regard" for the record of the B. C. Provincial Police, he supported the taking over of the policing duties in the Province by the RCMP. He felt the Provincial Police had done a good job, but since the Mounted would save the Province one and a half million dollars it was a good suggestion.

In stressing the road problems in British Columbia, Mr. Hendricks said that the Provincial road areas were equivalent to the States of Washintgon, Idaho, Oregon and part of California. Population of B. C. had increased from 800,000 in 1939 to well over one million this year. Considering the problem of highway maintenance and upkeep, he pointed out that Washington had only 6000 total miles of highways while B. C. had a total of 22,000 miles to maintain. Side roads would be given attention in the Government program while a finalized road program for the district would be forthcoming soon.

EFFECTIVE

The On-to-Nelson Caravan carried out in 1949 had a definite bearing on the final decision of the Federal Government in regard to the Trans-Canada Highway, he said and the Government had embarked on the Trans-Canada policy. He was disappointed to see the highway go on the Big Bend route, but realized after consultation with Provincial Public Works officials in Victoria that it was sensible from a financial point of view. With the exception of the Cascade section, the Southern Trans-Provincial Highway would be complete by 1953, he said.

In referring to the district roads, Mr. Hendricks said that a survey of the Salmo-Creston route would be made this year.

He favored a contributory old age pension on a self liquidating basis in connection with the social welfare.

Mr. Hendricks spoke highly of the work of the Boards of Trade in influencing general government policies and urged them to continue along those lines.

A. FLETCHER HURT IN BOSWELL LOGGING ACCIDENT

BOSWELL, B.C., April 18—A. Fletcher was injured here when he was knocked unconscious by a log which had broken loose after he had peeled it.

He suffered two broken ribs, a bad cut on his leg and severe bruises. He has returned home from Kootenay Lake General Hospital where he was taken by Ken Wallace for treatment.

Commercial Course Outlined

P. B. Pullinger, commercial teacher of the Nelson High School, commercial course offered at the gave an interesting talk on the schools before the Parent-Teacher Association's monthly meeting at the Hume School last night.

A student was offered at graduation a high school graduation certificate or university entrance certificate and the required subjects for both were English, social studies, and three periods a week split into physical education, health and guidance.

There was the general course for students who did not see fit to go on to university, and this course encompassed such subjects as domestic science, manual training and the commercial group.

"A student before he can receive a recommendation must have grades 10, 11, and 12, a completed course, and must be able to take shorthand, transcribe it, take 120 words a minute, have his typing and bookkeeping," Mr. Pullinger told the gathering.

"We are now trying to teach the students, how to use machines of offices, the commercial room has now a dictaphone, two calculating machines and a filing cabinet," he explained to the parents.

New Table for Minor Surgery Room Planned for Hospital

Purchase of a new operating table for the minor surgery room was approved by Kootenay Lake General Hospital Board Tuesday night. The action followed a report by Miss Marjorie Whitmore, Superintendent, on condition of the present table.

Cost of a new table would be $1000, but of this $600 would be borne by the Hospital, the balance by the Hospital Insurance Service, it was explained.

Hospital Board Acknowledges Debenture Debt

Debenture interest account of $2500, owed to the City of Nelson, was acknowledged by Kootenay Lake General Hospital Board Tuesday night.

Records had been traced back 29 years to locate the account, Chairman George Turner explained. The search began when City Council was recently notified by C. F. Hunter, auditor for both the City and the Hospital Society, of existence of the account. The Council notified the Board and asked payment.

Mrs. McAndrews, District Oldtimer, Dies

KASLO, B.C., April 18 — Mrs. Mary McAndrews, a long time resident of Kaslo, died April 10 at San Francisco, Calif.

Mrs. McAndrews, 72, was born in Northern Ireland in 1878. She moved with her sister to Colorado, U.S.A. in the late 80s. From Colorado she came to Nelson in 1891, then settled in Ainsworth. In 1892 she moved to Kaslo.

She married the late Adam McKay in 1893 and lived in Sandon until the death of her husband. Later she resumed residence in Kaslo with her young son and remained there for many years before her marriage to the late Michael McAndrews. She then moved to Greenwood where her daughter Agnes was born. She returned again to Kaslo for many years before moving to San Francisco where she resided with her daughter until her death.

She is survived by one son William McKay of Chicago, Ill., and one daughter, Agnes McAndrews of San Francisco.

Interment was in San Francisco.

The Weather

Synopsis: Kamloops led the Province when a maximum temperature of 68 was recorded as bright sunny weather continued over most of the Province. Prospects continue good. However a storm slowly approaching the coast will bring Southeast gales and rain to the Charlottes and increasing cloudiness to the South coast.

Temperatures should again reach to the high fifties or sixties at Interior and South coastal points.

Regional Hospital Meeting To Be Held Here

A West Kootenay Regional Hospital conference will be held in Nelson May 22, Kootenay Lake General Hospital Board was advised Tuesday night by Miss Vera B. Eidt, Matron of Trail-Tadanac Hospital and former Nelson Matron.

Percy Ward, Executive Secretary of the B.C. Hospital Association, would be present, she said, and asked that the Nelson Board be prepared to submit hospital problems.

The Board will be represented at the meeting which will take place in the Nurses Home.

HURT IN NORTH SHORE COLLISION

Raymond Hamilton, R.R. No. 1, is in Kootenay Lake General Hospital, suffering from injuries sustained in a motorcycle-truck collision on the North Shore at about 12-mile Tuesday night. Extent of his injuries was not known and further details were not available late Tuesday night.

JUNIOR HIGH TO RECEIVE NEW LOCKERS

A new set of lockers for the Nelson Junior High School will be an added feature at the beginning of the school term in September. The 12 lockers were budgetted for in the 1949 school budget, but arrived only a short time ago.

Floyd Irwin, principal of the Junior High, stressed the need for the lockers in accordance with the increase in student enrollment.

There were 431 pupils at the school with only 236 lockers to share.

Seek Meeting On Hospital Site Option Question

Clearing up of "misconceptions" over the option for a site on which the proposed new hospital for Nelson District would be built, is to be undertaken by a Kootenay Lake General Hospital Board Committee of Chairman George Turner, Vice-Chairman Walter Hendricks, M.L.A., Nelson-Creston, and Mayor N. C. Stibbs.

This was decided at a meeting of the Board at the Nurses Home Tuesday night after Mayor Stibbs' report of the City Council's action in connection with the option.

The Mayor said that Council had agreed on March 25 to exercise the option, which called for the City to pay the cost of laying the new sewer line to Mount St. Francis Infirmary, take over ownership of the line, and receive in return land West of the Infirmary on which the hospital would be erected.

Mayor Stibbs went on to explain that acting in accordance with a suggestion of Henry Whittaker, former Provincial Architect, a proposal was put forward that a covenant be included in the agreement between the City and the Sisters of St. Anne that no building which would obstruct the view from the hospital to Kootenay Lake be constructed.

In accepting the option, Council had notified owners of two other suggested sites, that their options would not be taken up.

On Monday, the Council had been surprised over receipt of a letter from the Sisters of St. Anne stating that as the City had failed to exercise the option, it was now withdrawn.

H. J. Witchell explained that exception had been taken to the covenant suggestion. However, the matter was still "open," he thought.

Mr. Turner thought letters dealing with the situation had been "unfortunately worded."

The Committee will arrange to meet Most Rev. Martin M. Johnson, D.D., Catholic Bishop of Nelson, and files of correspondence will be presented.

Herbert Wood, Oldtimer, Dies

Herbert Wood, 73, of 812 Fifth Street, died at Nelson Tuesday.

Mr. Wood was born in Birmingham, England, and came to Canada at the age of six years. He moved to British Columbia 25 years later.

From 1913 to 1923 as an engineer he worked for the Consolidated Mining & Smelting Company. He worked part of that time at the Silver King mine in Nelson. He was later employed with the West Kootenay Power and Light Company from 1923 to 1935.

He is survived by his wife, Alice Louise, in Nelson.

Interment will be in Nelson.

KASLO COUNCIL ACCEPTS AUDITORS REPORT

KASLO, B.C., Arpil 18—The City Council meeting held Monday night passed expenditures for the month of March for payment. The auditors report for 1949 was studied and accepted.

An application for a Trades Licence to open a photographers studio in Kaslo, was granted to P. Orrell of Mirror Lake.

NAMED CARETAKER

E. A. Wardle was appointed caretaker of the City cemeteries for 1950.

A grant of $25 was made to the Canadian National Institution of the Blind.

Meetings of the Council during June, July, August and September will be held on the third Monday of the month only.

Many at Funeral For Mrs. Francella

Requim mass for the late Mrs. Julia Francella was sung at the Cathedral of Mary Immaculate Tuesday morning.

Rev. Father W. J. Harrison was the celebrant at the Mass and the St. Josephs Girls Choir assisted in the service.

There was a large attendance and many beautiful flowers and spiritual offerings. Rosary was recited in the Thompson Funeral Home Monday evening by Father Harrison.

Friends acting as pallbearers were Angelo Volcano, Joseph DeGirolamo, John B. Vecchio, Joseph Trozzo, Nick Maglio and Frank Amatto.

Interment was in Nelson Memorial Park.

WATERTON LAKES, Alta. (CP) —News is abroad that A. H. (Pop) Harwood, postmaster at this national park resort for the last 23 years, is about to retire. "Pop" has seen the post office grow from its opening to a tremendous summer business.

Summer School of Fine Arts Here Is Mooted

The possibilities of establishing a Summer School of Fine Arts at Nelson is being studied by the Civic Centre Commission. The suggestions have arisen from the success shown by the Banff School of Fine Arts, which is subsidized by the University of Alberta Extension Branch.

It was felt that Nelson had as much in the way of tourist attraction as Banff and a school would provide for many enthusiasts.

The Civic Centre has facilities which would provide space for allied arts to the already popular Mary Rose Thacker Figure Skating School. It has been suggested that among the arts which could be provided for would be ballet, music, painting and handicrafts. The recreation hall, curling rink and the Women's Institute rooms would provide ample facilities it was felt.

If such a school was possible every effort would be made to obtain the best possible instructors. Mary Rose Thacker was one of the leading figure skating instructors in Canada, it was pointed out by Civic Centre officials.

The Civic Centre Commission, approaching the University of British Columbia Extension Branch on subsidizing such a school, had learned that as the budget had been drawn up nothing could be anticipated for this Summer unless the City undertook the project.

For the present the Civic Centre Commission hoped to lay the groundwork for a school for 1951.

Castlegar ferry will not operate from 6 a.m. to 2 p.m. Wednesday, April 19.

18 Register for Art Course

The total registrants in the U.B.C. Art Extension course reached eighteen as the course, under the instruction of the noted Canadian artist, Cliff Robinson, commenced Tuesday evening.

The course continues until Saturday, and includes instruction and practical exercises in oil painting and water-color, the elements of composition, drawing and color, for both the experienced and the novice artist.

Stresses Need for Uranium Oxides Price Increase

EDMONTON, April 18 (CP) — L. E. Drummond, Secretary-Manager of the Alberta and Northwest Chamber of Mines, today said price increases for uranium oxides were of real importance to Canada's Northern mining communities.

Commenting on the price increase announced today by W. J. Bennett, President of the Government-owned Eldorado Mining and Refining, Ltd., Mr. Drummond said the boost would affect holdings on Lake Athabasca and Goldfields.

These areas contained uranium pitchblende ores which possibly could be mined profitably under the new price, he said. There have been important discoveries in the last two years of radioactive ores but their grade and location were such as to make mining operations prohibitive at the former price.

He said the price increase may have been a result of a request from the Ontario Deputy Minister of Mines who urged an increase following discovery that deposits in the Sault Ste. Marie, Ont., area could not be mined economically at the old price.

"There is reason to believe that these new discoveries could prove substantial tonnages of uranium but it has become apparent that they are not likely to be worked unless additional price incentive is offered."

Committee To Meet Hospital Employees Union

With rejection by Local 296 of Kootenay Lake General Hospital Board proposals in negotiations between Hospital employees and the Board, a four-man committee has been appointed to meet the union.

The Board Tuesday night asked Chairman George Turner, Mayor N. C. Stibbs, C. H. Hamilton and W. T. Fotheringham to continue negotiations and report back.

The union had demanded a general 15 per cent increase plus $17.50 per month cost of living bonus, which was to rise or fall with the Government's monthly report; a seniority clause in the contract; a union shop, with all employees covered by the union certification being required within 30 days of signing of the contract to make application to join the union.

The Hospital Board proposed a general increase of $5 per month and a 44-hour week. The union shop clause was rejected.

The union letter stated W. M. Black, Business Agent for the Vancouver General Hospital Employees' Local, would be here to present their case. Rolfe Brock is President and A. H. Baker, Secretary, of the Nelson Local.

New Drug Store in Invermere Planned

INVERMERE, B.C., April 18 — If present plans materialize the Windermere District will have a drugstore situated at Invermere about June 1. There has never been a drugstore in the district.

Eugene Lambert, pharmicist of Vancouver, plans to settle in Invermere.

Mr. Lambert expects to come to the valley early in May to make final arrangements.

Dean Leadbeater To Receive Doctor's Degree at Regina College

Rt. Rev. T. L. Leadbeater, Anglican Dean of Kootenay, left Tuesday morning for Regina. At Convocation, April 27, St. Chads Theological College will confer on Dean Leadbeater the degree of Doctor of Divinity.

Dean Leadbeater was accompanied by his wife and young son David.

Dean Leadbeater has attended St. Pauls College, Burgh Lincolnshire, England, and St. Chad's College, Regina, Sask. He also attended the University of Pitt, Pittsburgh, Penn., U.S.A. He was ordained as Deacon in 1938 and as Priest in 1939.

He has held positions in St. Georges, Moose Jaw, with the Parish of Buffalo Lake and Tuxford, Parishes of Radville, Heward, Stoughton Creelman (Weyburn). He has been sub-warden of St. Chad's College at Regina, General Missionary of the Diocese of Qu'Appele, Assistant Rector at the Church of the Ascension at Pittsburgh while attending University and Assistant at Christ Church Cathedral at Victoria, B.C.

Before returning to Nelson about May 1, the Dean and his family will visit Mrs. Leadbeater's relatives at Shaunavon, Saskatchewan.

May Organize Against Sloan Line Extension

NEW WESTMINSTER, B. C., April 18 (CP)—Fraser River gillnet fishermen today were reported organizing to fight against extension again this year of the Sloan line, East of which seine boats cannot operate.

The line, running originally from the apex of the International boundary in Georgia Strait, to the Southern tip of Valdez Island, was for protection of gillnet fishermen.

A special Order-in-Council during the Second World War moved this imaginary line to the mouth of the Fraser River, greatly extending the area in which the seine boats could operate.

Gillnet fishermen say they fear the Fisheries Department will pass the Order-in-Council again this year when the rich Adams River salmon run is due to come up the Fraser. They maintain such action would seriously threaten their existence, allowing the big seine boats to get too large a share of the catch before the fish reached the river.

Fishery Department officials at Vancouver reported, however, they had received no representations regarding the Sloan line from either seine boat operators or gillnetters yet this year.

Keirn New Creston Dyking Trustee

CRESTON, B.C., April 18 — Reports on the general financial condition of the Creston Dyking District along with the engineer's report and recommendations and election of officers highlighted the annual meeting of the Creston Dyking District with Chairman D. K. Archibald in the chair. There was a fair attendance.

A. R. Speers, retiring trustee of the district, was replaced by William Keirn. The whole board now comprises Mr. Archibald E. Huscroft and Mr. Keirn.

V. L. Mosher of Nelson, Engineer for the District, gave the engineering report.

Clean Connaught Tunnel Without Interruption

GOLDEN, B. C., April 18 (CP)—A "Spring cleaning" job that took 5½ months has been completed on the Connaught Tunnel, on the main C.P.R. line between Revelstoke and Golden. The Tunnel is five miles long, 29 feet wide and 22 feet high. In the 30-odd years since the tunnel was built, soot and ashes from locomotives had accumulated. More than 1300 carloads of old ballast were removed and 550 carloads of new ballast spread. More than 120 men worked on the job. There were no accidents or interruptions in train schedules.

Near Settlement Of Victoria Strike Delayed

VICTORIA, B. C., April 18 (CP)—The four parties most concerned in the strike at Evans, Coleman & Johnson Bros., Ltd., were still pulling in opposite directions today, giving no indication of hope for quick settlement of the walkout, now in its 20th day.

The Canadian Brotherhood of Railway Employees, strikers' union, was continuing picketing of the firm's Wharf Street yard after rejecting an offer from the Company which would have boosted laborers to a $1.08-an-hour category and provided other workers with a five-cent-an-hour increase.

The firm was sitting tight. It has so far refused to consider the latest union proposal of an eight-cent-an-hour across-the-board increase, plus three statutory holidays with pay.

The Victoria Building Industries Exchange is standing by its decision to keep construction jobs closed until union workers are willing to work with any material contractors might provide. The Exchange maintains sand, gravel and cement could be had from a firm other than Evans, Coleman & Johnson, but that it would be useless to bring it here as the construction workmen would refuse to handle it.

Briefs From City Council . . .

City Council Monday night approved an application for subdivision of property owned by G. R. Zubick at the corner of Cedar and Latimer Streets.

Business referred to the Public Works Department included:

A letter from George Robertson asking if a retaining wall could be erected on Douglas Road at the foot of his property to enable him to further improve his property. He was willing to share the cost.

An application for water and sewerage by E. J. Vulcano, whose uphill property was partly inside the city limits, it was explained. Cost was estimated at $335.

Request by P. W. Genge, 919 Fourth Street, for removal of a horse chesnut tree on the boulevard fronting his property.

Repair of the sidewalk fronting the Civic Centre, which was described as "in dangerous condition."

An application for repair of steps broken by the weight of the Winter snowfall, by Mrs. L. Hanic, 124 Nelson Avenue.

Water service application of W. Price for his property at the corner of Tenth and Elwyn Streets. Mr. Price wished to draw water from the main on Elwyn Street, and offered to dig the ditch, and pay for the pipe and laying of the main.

Small Child Drowns In Creek, Duncan

DUNCAN, B. C., April 18 (CP)—Three-and-one-half-year-old Eileen Baker, daughter of Mr. and Mrs. Bert Baker, Glenora, was drowned when she fell into Glenora Creek near here yesterday.

Eyewitnesses to the tragedy were Henry Hyde, R. Berkeley and Arthur Harknett, who saw the child topple into the water, and immediately raced to the spot, but the swift current soon carried her out of sight.

The body was recovered when it struck a clump of bushes, and artificial respiration applied immediately, but without success.

The Duncan rescue squad of the Duncan Volunteer Fire Brigade followed with an inhalator, but the girl could not be revived.

Dr. Raymond Duncan pronounced life extinct.

NEW YORK, April 18 (AP)—A leading producer advanced the price of domestic copper a cent a pound to 19 1/3 cents today. It was the first change in the price of copper this year and established it at the highest level since a split price of 18½-20 cents a pound prevailed in May, 1949.

Join in Lions Anniversary Meet at Cranbrook

CRESTON, B.C., April 18—Mr. and Mrs. Gordon Alger and Mr. and Mrs. Gordon Thorpe represented the Creston Lion's Club at the second anniversary celebration of the Cranbrook Lion's Club in Cranbrook Saturday night.

Lions delegations from Kimberley, Creston and Nelson were present along with top Lions International officials from Idaho and Washington

Mr. Alger, a Vice-President of the local club, conveyed greetings and birthday salutations from the Creston Club.

Nelson Sees Garbage Unit Demonstration

Nelsonites had the opportunity this week of viewing a new compressor-type garbage disposal unit which has been on display throughout the city.

The 12-cubic-yard Pack Master unit is mounted on a truck and has been demonstrated to the city by the International Agencies and Machinery Company of Vancouver.

The equipment has been given a thorough test in all parts of the city during the last two days, and has been viewed by City Council members. One council member said Tuesday that the "very fine unit would be an asset to the city."

During the garbage loading tests, the unit loaded 10,210 pounds in 2½ hours. Capacity of the disposer is five tons. The present garbage unit holds about one-third of that.

Provision for purchase of such a unit was included in the $50,000 equipment bylaw passed earlier this year.

The garbage disposer will be demonstrated in Cranbrook and other East Kootenay centres, and then brought back to Nelson.

Coast Guard B-17 Spots Lost Tug

SAN FRANCISCO, April 18 (AP)—The United States Coast Guard said today a search plane had spotted the lost, disabled tug "Omar" 525 miles Southwest of San Francisco. There was no immediate word as to the condition of the six men aboard.

The 60-foot ocean-going tug, California-bound from Honolulu, was disabled in a storm a week ago.

A Coast Guard B-17 spotted the drifting vessel at 8:45 a.m. The cutter Chatauqua was about 90 miles to the Northwest of the tug, and should reach it in six hours.

The plane which found the tug was to circle above it until the cutter arrived and put a tow line aboard.

The Omar, with six men aboard, was found from Honolulu to San Francisco, towing the tug Golden Gate. The Golden Gate was cast adrift in a storm March 29, and was located yesterday near the Hawaiian island of Kaua.

The Omar's engine failed April 10. Nothing has been heard from the craft since its radio apparently went out two days later.

Worker's Death Ties Up Port

BREST, France, April 18 (AP)—A general strike tied up this Western France port city today as labor unions mourned a worker killed in yesterday's bloody two-hour riot.

Non-Communist and Communist unions joined in the 24-hour walkout which made idle 15,000 workers in the arsenal, building and metal industries, on the docks, and in shipping and transport.

The dead worker, 24-year-old Edouard Maze, was killed by a stray bullet fired by police, who also hurled tear gas bombs to disperse a howling, rock-throwing Communist mob. The rioting occurred when police prevented a demonstration growing out of a five-week building workers' strike.

SINGLE ACCIDENT IN SECOND WEEK OF SAFETY MONTH

TRAIL, B.C., April 18—The second week in safety month at Cominco's plants has come to a close with one accident being reported. The accident occurred to a silver refinery employee on April 13 and brings the total accident rate for the two weeks to two. The Safety Department reports that the safety month is progressing satisfactorily and expects continued success.

The four winning first aid teams who will represent the divisions in the Labor Day Sports Cup play-offs have been announced. They are the fertilizer group No. 2 team, the lead refinery No. 1 team, the Tadanac machine shop team, and the salvage yard team.

The fertilizer group team has won the Colls Cup for obtaining the highest marks of any team in the Chemicals and Fertilizers Division. Members of this team are: R. D. Craig, captain, coach F. Bailey. C D. Swetburg, J. H. Woodward, R. C. Stott and T. Moon.

The Tadanac machine shop team has won the Fleck Brothers Tyro trophy. This trophy is awarded yearly to a green team which has had no competitive experience in first aid.

Heward E. Willson, a fluent speaker on safety although he himself was blinded through an industrial accident, began talks on Monday. These will continue throughout the week.

New Hotel Possible for Castlegar; Board Not Happy About New Ferry

CASTLEGAR, B.C., April 18—A new hotel is a possibility for Castlegar.

A project for construction of a new hotel was outlined at the Castlegar and District Board of Trade meeting here by Mr. Andrea, who is interested in the prospect.

It was moved by R. A. D. West and seconded by Mr. Dalton, as the Board was of the opinion that Castlegar and vicinity has outgrown present hotel accommodations, a second hotel was justified, and that the Liquor Control Board be so advised.

On a motion by Mr. Bell and Mr. Campbell, the Airport Commission's application to the Dominion Government for a grant was endorsed.

APPLAUD TURNBULL BUT NOT FERRY

It was moved by Mr. Dalton and seconded by Mr. Oglow that the Board "express gratitude to A. D. Turnbull, MLA, for his prompt action in having improved the ferry service at Castlegar by replacing of the present ferry with a larger one, however, they did not consider there was any cause for celebrating the installation." The Board has campaigned consistently for construction of a bridge.

It was decided that April 26, be set aside as the big day in a clean-up campaign. The Secretary was instructed to write the Village Commissioners of Castlegar and Kinnaird in order that the Board might have the co-operation of all bodies and make a joint day of the affair.

A one minute silence was observed in respect to a late member, T. L. Bloomer.

Cranbrook Host to District Lions On Second Anniversary of Charter

CRANBROOK, B.C., April 18—Marking second anniversary of their chapter, Cranbrook Lions Club had guests from clubs at Nelson, Calgary, East Kootenay points, Idaho, Spokane and Seattle at a dinner and program at the Bluebird Inn here.

District Governor Gary Madsen of Spokane and Deputy Governor Frank Morrison of Bonner's Ferry were among the speakers who congratulated the Cranbrook club on its progress in International Lions affairs and community support of various projects. Musical entertainment included numbers by the Spokane club's quartet. A hundred guests attended the dinner.

Guests at the dance which followed included representatives of other service clubs of this city.

British Police Seek Mother of Lost Child in British Columbia

CANTERBURY, England, April 18 (CP) — Police investigating the disappearance of 3-year-old Pamela Poirier said today the child's mother was living in Vancouver when last heard from.

Pamela vanished from her bed in the home of her foster parents three days ago.

Squads of police and 100 soldiers are combing the woods and fields within five miles of Pamela's home. Chief Inspector P. W. Cory of the East Kent Police said: "This is the stickiest case I have ever come up against."

The Inspector said Pamela's mother went to Canada soon after the child was born, and was reported living in Vancouver 12 months ago.

She originally came from Gravesend, Kent. Pamela's father is believed to be in Britain.

NO REPLY

The Kent County Council said it has received no reply to a registered letter it sent some time ago to Pamela's mother regarding the proposed adoption of Pamela and her 5-year-old sister, Jean, by their foster parents, Mr. and Mrs. G. Gordon.

Police throughout Britain are on the lookout for Pamela. The child was put to bed Saturday night in a room by herself. In the morning she had vanished. Her clothes were still there except for her woollen undershirt and nightdress.

"I understand Pamela is a very friendly little soul, and would readily go with any stranger," Cory said.

Road Accidents Claim 2 Lives

NEW WESTMINSTER, B. C., April 18 (CP)—Traffic accidents claimed two lives in the Fraser Valley in the last 24 hours.

Eighty-year-old Ben Collins was killed when he and his 65-year-old wife were struck by a Pacific Stage Lines bus in Surrey Municipality shortly before midnight.

Mrs. Collins was taken to hospital, where she was reported in poor condition. She suffered a compound fracture of the left leg, cuts on the right leg, and severe shock.

Frank Howe of White Rock, driver of the bus, told investigating officers that the couple ran into the path of his Southbound vehicle on the King George Highway, near Bose Road.

The other fatal accident was at Chilliwack, where a 23-year-old soldier from the 23rd Field Squadron was thrown from his motorcycle on the Vedder Road. The soldier, whose identity has not been revealed pending notification of next-of-kin, died in a Chilliwack hospital.

Army authorities said a speed wobble in his motorcycle caused the accident.

Suggests Teaching Russian Language In School Classes

VANCOUVER, April 18 (CP)—School Trustee W. N. Wallace of Vancouver would like to see the Russian language added to the school cirriculum.

His suggestion met a mixed reception when made before a school board meeting last night.

Mr. Wallace said the language should be added "not necessarily for war purposes, but for future business over there."

School superintendent H. N. MacCorkindale said the Department of Education had looked into the question of teaching Russian and had found there was a lack of persons who knew enough about the language to teach it.

The board decided to make inquiries whether the Education Department contemplated including Russian language courses.

In Newfoundland fisheries capelin ranks next to cod in general importance.

Municipalities To Meet at Fernie

Association of Kootenay Municipalities will hold the Spring meeting at Fernie Saturday afternoon, May 20, W. E. B. Monypenny of Nelson, Secretary of the Association, advised City Council Monday night.

Orders Arrest of John Forbes, IWA Union Executive

VANCOUVER, B. C., April 18 — (CP) — An order for the arrest of John C. Forbes, a union executive, for contempt of court, was issued here by Mr. Justice A. M. Manson in British Columbia Supreme Court.

Forbes, a former International Woodworkers of America (C.I.O.) official, now is National Secretary and B. C. organizer for the Woodworkers' Industrial Union of Canada, a rival union.

Mr. Justice Manson found Forbes guilty of "gross contempt" in failing to meet Court orders concerning $11,000 in funds of I.W.A. Local 1-80.

On Feb. 23 Forbes was given a month to pay into Court the money and bonds. He claimed he had paid old I.W.A. debts with the funds.

"The only way he can purge his contempt is with a chech, preferably marked, for $11,000, payable to this Court, said Mr. Justice Manson Monday. "Perhaps we might add six months for intervening contempt."

Forbes was not available for service of a warrant, and presumably is not in Vancouver.

Extend Greeting '73's From VN'

VANCOUVER, B. C., April 18—(CP)—"73's from VN," the telegraphers' way of saying "Regards from Vancouver," will be extended April 22 when railway telegraphers join a network to celebrate the 159th birthday of Samuel Morse, inventor of the telegraph.

The local telegraphers, headed by President Ira L. Boomer, who has 59 years of railroading behind him, will open a circuit at 6:30 p.m. (P.S.T.) with greetings to Portland, Seattle, Spokane, Nampa and Pocatello, in Idaho, and Minneapolis.

Eight To Take Citizenship Oaths, Three Applicants

Today will be one of the most important in the lives of eight district residents, for they will take their oaths and receive their Canadian citizenship certificates as new citizens of Canada. Three other residents' petitions for citizenship will be heard by His Honor Judge Eric P. Dawson.

Those who will swear oaths of allegiance will include Julia Bodor of Creston, Joseph Der Hingwing of Nelson, Nick Kutasewicz of New Denver, Jiro Kobayashi of New Denver, Jay Bing Shuen of Nelson, Wong Shar Tun of Nelson, Konichiro Yoshida of New Denver and Orlando Piccini of Creston.

Petitions will be heard from Mrs. Haru Matsushita of New Denver, born in Japan in 1890 and who came to Canada on the vessel Tamba Mara in 1912; Lee Shing Mon of South Slocan, born in China in 1889 and came to Canada in 1914 on the Empress of Russia, and Hyozo Tabata of Midway, who came to Canada on the vessel Mexico Moru in 1914. He was born in Japan in 1894.

SENTENCED FOR TRESPASSING

Anthony Paull and George Britt of Nelson were sentenced to five days in Provincial Police jail Tuesday on a charge of trespassing on CPR property Monday night.

Both pleaded guilty to the charge before Police Magistrate William Brown in City Police Court.

The Way Things Happen To a Go-Ahead Couple

TORONTO, April 18 (CP)—Grace and Rod Brown have a habit of "getting into things."

Rod came here from Newfoundland when he was 16 and got into the ticket-selling business for the Canadian National Railways. Grace was Grace MacDonald of Edmonton, a concert pianist, who hustled between the Conservatory of Music here and her home town. Rod sold her her railway tickets, and they finally got into marriage.

They got into house-building, and built themselves a home at nearby Willowdale. Now they have got into the ceramics business.

Rod invested about $2000 in equipment, and they turn out ashtrays, ornaments, dishes and what-not. Rod built the kilns himself. They just make enough bunnies or penguins or pottery jugs to pay their way and put a few dollars aside for their 4-year-old daughter, Gayle.

Movie Gossip—

Movie Business Watches Video Carefully for New Talent

By BOB THOMAS

HOLLYWOOD, April 18 (AP)—The movie business, eyeing television closely these days, also is eyeing the new medium's talent. Evidence of that is Charlton Heston, new film discovery imported from TV.

Heston landed an important role in "Dark City" on the strength of his Video appearances. Producer Hal Wallis viewed him on a number of shows and signed the lad without a screen test. Naturally, Heston is hepped up about television. Says he:

"It's a wonderful new field for kids who want to act but have found the stage and screen closed to them." He pointed out that actors working in the theatre, radio and movies cannot do TV regularly. "That leaves it to the kids who aren't working."

NOTES 'N' STUFF

Friends of Rita Hayworth report she no longer signs her letters "Rita"—it's "M.A.K." now. That stands for "Marguerita Aly Khan," her real name.

Joan Crawford, one of the most famed of the Charleston dancers, says she won't join the revival of the craze. "I've done the Charleston," she says. "I'm looking for something new."

Eleanor Tennant, who coached many a tennis star to championship, will be technical adviser for Ida Lupino's "Loving Cup." The picture purports to take amateur tennis apart.

ODD BITS

Maria Montez reports that she has done a play on television in France. She says the medium has advanced in Europe, but of course does not have the popularity it enjoys in the U. S.

Aircraft is helping Hollywood make pictures these days. Chase scenes through Los Angeles streets were filmed from a helicopter by the "prowl car" company . . .

And down at the desert, they needed photogenic clouds from "Tripoli" scenes. So they sent up three sky-writing planes to sprinkle the clear skies with clouds.

Father Cain Transferred From Slocan, Arrow Lakes

NEW DENVER, B.C., April 18.—Rev. Father Robert Cain, C.Ss.R., who has served the Slocan-Arrow Lakes missions for the past two years has been transferred to Quesnel and is replaced by Rev. Father Mann, C.Ss.R., recently arrived from Edmonton and Charlottetown.

Father Mann visited Nakusp and New Denver during the weekend and states he likes the scenery and the people of the West very much, and hopes to make many friends here.

The Gaspe Peninsula is noted for its dried fish of the "Gaspe cure" type.

Coast Disciples Of Father Divine To Charter Plane

VANCOUVER, April 18 (CP)—About 50 of Father Divine's followers are expected to charter an aircraft here and fly to Philadelphia when the religious cult leader celebrates the fourth anniversary of marriage to a Vancouver girl.

Father Divine's proclamation invites the faithful to "come to the country seat of the world" April 20 where the father and the former Edna Rose Ritchings of Vancouver, his "spotless virgin bride," will be hosts.

So far 26 local followers have declared themselves ready to fly to the Philadelphia "heaven" for the ceremonies, but Mrs. Anne C. Harvie, a corporation executive and a "true follower," believes as many as 50 will make the trip.

"It should not cost more than $150 each," she said. "You can stay at the Father's hotels there for $2 a week if you do not drink or smoke. Meals can be bought for 15 cents each if you are a true follower."

Mrs. Harvie said the local "heaven" had not heard directly from Mrs. Divine since the pretty blonde married Father Divine in 1946.

"She is beyond that," said Mrs. Harvie.

WINNIPEG, April 18 (CP) — When tenant Henry Malanik and landlord Adolpha Kafka got mad at one another, each discharged a gun in his rage—but, not at one another.

Malanik was fined $50 with the alternative of a month in jail today for firing two shotgun blasts through a kitchen door. Kafka received the same fine a week ago when he pleaded guilty to firing a rifle into a kitchen floor.

"This apparently was a demonstration of how tough they were," commented Magistrate M. H. Garton.

Many Attend W.I. Pot Luck Supper At New Denver

NEW DENVER, B.C., April 18 — The Women's Institute held their annual pot luck supper April 12 with 37 members and friends present. Mrs. James A. Greer, President, welcomed the guests. Grace was said by Mrs. Ada L. Levy.

Tables were decorated with Spring flowers.

Three films were shown, one for fire protection and two of the Travel Bureau "The West Kootenay" and "Through Mountain Gateways." Jimmy Tateishi operated the projector.

A meeting of the executive called after the supper, made arrangements for transportation for rally day.

Los Angeles TV Screens V.I. Beach Picture

QUALICUM BEACH, B. C., April 18 (CP)—A vast tourist market in the United States may soon see the beauties of Qualicum Beach in their livingrooms.

F. George Walker, Secretary of the Chamber of Commerce, recently returned from a United States tour during which he showed a 16mm Government film of the district.

He said in an interview that the film will probably be screened by a Los Angeles television station and beamed to its big audiences, estimated at 50,000.

Mr. Walker looks for a big tourist year in British Columbia, but said it will be a year of tough competition from States South of the line, Europe and Mexico.

"They are spending thousands of dollars to lure the tourists," he said.

Johnson's Ldg.

JOHNSON'S LANDING, B. C.—Miss Jean MacNicol of Nelson and Jackie Sue Brokenshire and Doug MacNicol of Trail are spending the Easter holidays at the MacNicol home.

Mrs. A. Brokenshire and Lynn and Pat MacNicol of Trail are visiting the MacNicol home.

Mrs. C. Dinney and Sharon of Kaslo visited Mrs. R. Raper.

J. Dinney and Pat spent Saturday visiting Mrs. R. Raper and family, Pat staying over for the Easter dance and returning to the Kootenay Florence Sunday.

F. Kennedy, teacher, spent the Easter holidays in Nelson and Kaslo, returning Wednesday.

Marion and Lloyd Tarr of Argenta visited the Lake home.

A joint surprise shower was held for Miss Jean MacNicol and her sister, Mrs. Nell Thompson. It was held at the home of Mr. and Mrs. Stanley Lake. A lovely luncheon was served, and the bride-to-be received many gifts.

The Easter dance was held at the school. The Landing visitors made a much better crowd than usual.

Mrs. R. Raper and twins have left to visit Mrs. C. Anderson in Kaslo.

The first railway in Canada was built in 1836 from Montreal to La Prairie, Quebec.

Replaces Hospital Aid Secretary At New Denver

NEW DENVER, B. C., April 18—At the monthly meeting of the New Denver Hospital Aid, held at the home of Mrs. S. C. Robinson, Mrs. J. A. Clarkson and Mrs. M. Evans were welcomed as new members. Report for the Buying Committee was given by Mrs. James A. Greer in the absence of Mrs. F. Leo Beggs.

Report for the Serving Committee was given by Mrs. Greer, work having been done by herself and Mrs. Leslie Balbirnie and Mrs. S. C. Robinson. A list of discarded linen was handed in to the Secretary.

The report for the Visiting Committee was given by Mrs. E. F. Angrignon, a number of visits having been made. The new Committee appointed is Mrs. James Latto and Mrs. J. A. Clarkson.

The report from the Hospital Board meeting was handed in.

National Hospital Day, May 12, will be observed as in former years.

The President appointed Mrs. Fred H. Angrignon as Secretary for six months in place of Miss Marjorie H. Butlin, who leaves to visit her old home in England.

Refreshments were served by the hostess, Miss Marjorie H. Butlin pouring tea.

Coast Lawyer Likely Supreme Court Candidate

VANCOUVER, April 18 (CP)—A Vancouver lawyer, John V. Clyne, of the law firm of Campney, Clyne, Murphy and Owen, has been reported as a likely candidate for the seventh British Columbia Supreme Court Justice.

Mr. Clyne, flew to Ottawa yesterday, where "reliable sources" said he will fill the new post.

The appointment will be made from Ottawa when salary appropriations are passed by Parliament.

The new post was made available recently when the B. C. Legislature passed an act increasing the Court from six to seven judges.

Show Children Benefits Of Good Lunch Basket

VICTORIA, B. C., April 18 (CP)—After seeing what happened to rats that didn't drink their milk, children at one British Columbia school aren't turning up their noses at theirs.

The see-for-yourself experiment in nutrition has been carried out in a Grade VI class at Burnaby, a Vancouver suburb.

The experiment, discussed in the latest bulletin issued by the Provincial Health and Welfare Department, was to show children what constitutes a good lunch. It was conducted with six laboratory-bred rats.

The experiment was devised by Miss M. Pedley, class teacher, after she learned that 90 per cent of her class considered white bread, jam sandwiches, a chocolate bar, a piece of cake and a bottle of pop an ideal lunch.

She found 60 per cent of the class ate this type of lunch at least once a week, and 40 per cent more often.

The class voted as unpopular a lunch of brown bread, carrot stick, apple and milk.

The rats used for the experiment were six weeks old. Three were fed a diet of brown bread, a vegetable and milk, while the others were fed white bread, soft drinks and an occasional chocolate bar or piece of cake.

GOOD IMPRESSION

When the rats were 11 weeks old, the class found marked differences between the two groups. Rats on the brown bread and milk diet were growing rapidly, were sure of themselves, and easy to handle. Their fur was smooth and glossy.

Those on the other diet stopped growing, were nervous, and their fur was short and coarse.

The Health Department says study of the rats made a noticeable impression on the children. Now, 85 per cent of the class is having brown bread regularly, and almost all are drinking more milk.

Harrop . . .

HARROP, B. C. — Janet Neale, who has been spending a few days with her grandparents, Mr. and Mrs. T. Neale, returned to her North Shore home Saturday.

E. Dubois of Retallack visited his home here at the weekend.

Mrs. Paulhus and family returned Sunday from a holiday spent in Kimberley.

Defence Planners Fly to Vancouver

VANCOUVER, B. C., April 18 — (CP) — Top-level defence planners flew into Vancouver yesterday for a quick look at coastal military and industrial installations.

Headed by Lieut.-Gen. G. G. Simonds, the group will be here until Wednesday, when they leave for Victoria.

Major R. G. Kingston, Assistant Staff Officer to Gen. Simonds, said the trip was "all part of a course designed to familiarize high-ranking service and civilian personnel with the intricacies of defence."

Philippines Would Like Greater Trade With Canada

VANCOUVER, April 18 (CP) — The Philippines would like greater trade with Canada, Pedro Ramirez, Philippine Consul in Seattle, said here today.

"We buy a great deal of flour and plywood from Canada and we would like to buy more goods essential to our rehabilitation," he said.

"But in order to buy we must sell. Copra—used in soap making—and hemp, logs and lumber are our major export products."

Mr. Ramirez is here attending the Pacific Northwest Trade Association conference.

Entire Lower Island In Darkness 20 Mins.

VICTORIA, B.C., April 18 (CP)—A short in a transmission line from Jordan River to Victoria last night pitched the entire lower Vancouver Island area into darkness for 20 minutes.

No mishaps were reported. Operating rooms at Both Royal Jubilee and St. Joseph's hospitals were not in use.

FIND LOST PAINTING IN BRITISH ZONE

LUEBECK, British Zone, April 18 (Reuters)—German police have arrested two men and taken from them a valuable painting by the Dutch 17th century painter Adrian Van De Velde, believed stolen from a Berlin air raid shelter. The painting, a river landscape, is believed to belong to the Berlin Kaiser Friedrich Museum and is estimated to be worth 80,000 marks (about $18,500).

To Make Home at Willow Point

St. Andrews-by-the-Lake, Anglican Church at Willow Point, was the setting for the lovely Holy Saturday wedding of Doris Mary Phillips and Richard Haycroft. The couple plan to make their home at Willow Point.

The bride is the daughter of Mr. and Mrs. C. Phillips of London, England, and the groom, the elder son of Mr. and Mrs. C. E. Haycroft of Willow Point.—Alice Stevenson photo.

Naval Wedding for Nelson Boy and English Bride

A wedding of interest to Nelson and Coast cities took place in Stoke Damerel Church, Devonport, England, on April 11 when Miss Thelma Burrows, daughter of Mr. and Mrs. F. F. Burrows, Stoke, Devonport, became the bride of Lt. (E) E. J. Dawson, R.C.N., elder son of Judge and Mrs. E. P. Dawson, Nelson. The ceremony was performed by Canon W. L. B. Caley.

The bride, given away by her father, wore an Elizabethan-style dress of heavy white satin and carried a bouquet of cream roses, lilies of the valley, and maple leaves. She was preceded up the aisle by 12 choir boys and was attended by her three cousins, all in white taffeta, who held sprays of pink carnations and wore wreaths in their hair. Three little pages, also cousins of the bride, dressed in white silk blouses and blue velvet shorts, were train-bearers. The best man, Mr. Malcolm Dawson, is a cousin of the groom. Lt. Dawson was in full dress, with sword. His aunt, Miss Muriel Dawson, of Newark, N.J., and Willow Point, Nelson, represented her brother and sister-in-law, Judge and Mrs. Dawson, and signed the register.

An added interest was given by the church itself which is one of the oldest naval churches in Great Britain. The pillars are made from masts of ships and there are portholes among the traditional stained glass windows. The decorations—bowls of primroses and masses of other Spring flowers—had been gathered for the Easter services and were left in place as a tribute to the bride.

During the signing of the register a guard of honor was formed at the door by the groom's fellow officers and the happy couple left the church under the crossed swords of Lts. Bennett, Ogle, Hargreaves, Dickinson, Bardswell, and Midshipman James Creech, son of Mr. and Mrs. A. W. Creech, Nelson.

For travelling Mrs. Dawson chose a pale grey suit and matching accessories, and a white hat with floating veil.

Among the many gifts received were some from H.M.S. Vanguard, the groom's ship.

Rings on the scales of fish are used to determine their year class.

Gov't May Leave Butter Business

OTTAWA, April 18 (CP) — The government may get out of the butter business.

An announcement on new butter support prices is expected within the next two weeks. A dairy authority thinks it may contain a statement that the government will leave future marketing entirely to the butter trade.

This step may be taken as a result of talks between the government and the butter trade. Dairy organizations have asked that they be given full responsibility for the sale of butter, with the government supporting the price as it does in the case of eggs.

The new procedure, if approved, is expected to give butter manufacturers and distributors a freer hand in the sale of the product.

Last year the government, in announcing a price support of 58 cents a pound, undertook to buy all surplus butter as it became available and as a result ended up in December, 1949, with holdings of more than 45,000,000 pounds.

The new support price is expected to be slightly below—probably about three or four cents—the 1949 rate.

The new support plan, if it works the same way as it does for eggs, will mean that the government will guarantee a floor price for butter which will operate throughout the butter year but will allow surplus stocks to accumulate in the hands of private distributors.

Nice Problem for Judge to Solve

DUNCAN, B.C., April 18 (CP)—Judge L. A. Hanna has a problem to solve—the legality of cutting cards "double or nothing" in settlement of a debt of $539.

Counsel for Garner Bros. Ltd. argued in county court yesterday that a member of the firm, Joe Garner, was not authorized to act in its behalf.

Garner lost the card cut to Ted Robertson of Lake Cowichan, defendant, from whom the firm is trying to recover payment.

Dave Cochrane and Frank Ferries testified that they were present when the cut was made, but they said they knew nothing of the stake.

Judgment was reserved.

FOUR-YEAR OLD BOY KILLS BABY BROTHER

MIAMI, Fla., April 17 (AP)—A four-year-old boy today set fire to the clothing of his four-month-old brother, already dazed from a blow or fall, then put the baby in a wastebasket and set fire to the paper, the sheriff's office reported. The baby, identified by Deputy Sheriff Tom Ford as Joseph Wilson, died en route to hospital. The four-year-old brother, Rudolph, could give no explanation for his action.

Creston-Nelson Families United

A charming Easter wedding united Hazel Mae, youngest daughter of Mr. and Mrs. L. A. Davis of Creston, and Robert Alvin, son of Mr. and Mrs. E. T. Jackman of Nelson, at Trinity United Church at Creston. Matron of honor was Mrs. J. R. Killough, sister of the bride, of Castlegar while best man was William Jackman of Creston, brother of the groom.

Mr. and Mrs. Jackman plan to make their home in Nelson where the groom is employed by the Department of Public Works.—Larsen's Studio, Creston, B.C.

Nelson Social

By MRS. M. J. VIGNEUX

● Mrs. G. A. Bunting, Davies Street, Fairview, had as guest while here attending the West Kootenay Girls' Auxiliary Festival rally, Miss Dorothy Plant and Miss Barbara Frankish of Grand Forks.

● Miss Kitty Wilson, who teaches at Grand Forks, spent the Easter vacation at the home of her parents, Mr. and Mrs. J. A. Wilson, Hendryx Street.

● Mr. and Mrs. T. A. Wallace, Cedar Street, have with them their daughter, Miss Dorothy Wallace, who attends Normal School in Victoria and is now taking her three weeks practicing course at the Hume School, and Miss Anne Reinelt of Dawson Creek, who is in Nelson for the same purpose.

● Mrs. D. Boletti of Kimberley, ex-resident of Nelson, is spending a few days at the home on Granite Road of Mrs. J. Muraro and expects to visit her son, Joseph Boletti, at Trail before returning to Kimberley.

● Mr. and Mrs. Harry Wassick, 908 Vernon Street, have had over the Easter vacation their daughter, Miss Betty Wassick, who teaches at Kinnaird.

● Mr. and Mrs. C. F. Turner, Carbonate Street, their daughter and son, Miss Phyllis and Frank, have returned from a visit in Revelstoke where they were with friends. They were accompanied home by Norby Stier of Revelstoke who returned home yesterday.

● Don Stainton, who attends Victoria Normal School, is in the city taking his three weeks course in practice teaching.

● Miss Betty Brown, who teaches in Kelowna, and her sister, Miss Barbara Brown, both daughters of Magistrate William Brown and Mrs. B. Brown, Victoria Street, spent the Easter vacation in Vancouver visiting friends.

● Michael Kinahan, who attends Nelson High School, returned Sunday night from spending the Easter holidays at the Coast.

● Miss Grace Stainton of the teaching staff of the Hume School spent her vacation in Lethbridge.

● Mrs. Jesty, who has been a patient in Kootenay Lake General Hospital, has returned to her home, 502 Observatory Street.

● Mr. and Mrs. E. K. Eban, High Street, had as guests while here attending West Kootenay Girls' Auxiliary Festival rally, Miss Adell Hewitt and Miss Laurel Hewitt of Grand Forks.

● Harold Kinahan, formerly of San Francisco, Calif., who has spent several weeks at the Kinahan home, Silica Street, left Monday for the Coast.

● While here at the weekend attending the CGIT conference, Magistrate and Mrs. William Brown had as guests, Miss Jean Attaway, Miss Shirley Janzen of Trail and Miss Emily Hurry of Nakusp.

● ACT Ernest Briard is here on furlough from Toronto where he is in the accounting department. He is guest of his parents, Mr. and Mrs. S. E. Biard, Josephone Street.

● Mrs. L. E. Hamson of Vancouver, formerly of Nelson, is in the city enroute to join her husband, who has recently been transferred to Montreal. Mrs. Hamson, who is guest of her sister-in-law, Miss Emily Hamson, plans on leaving this evening for the East.

● Mr. and Mrs. Jess Seaby, Silica Street, were recent visitors in Spokane.

● Mrs. O. Van Ruyskensvelde, has returned to her home in Oldham, Alberta, after visiting her sister-in-law, Mrs. A. Van Ruyskensvelde, 304 Behnsen Street, whom she had not seen for fifteen years.

Engagements

Mr. and Mrs. E. H. Simpson, of Nelson, wish to announce the engagement of their daughter, Norma, to Gordon (Buzz) MacDonald, son of Mrs. W. R. MacDonald, of Nelson, and the late W. R. MacDonald, of South Slocan, B.C. Wedding to take place, St. Saviours' Church, Saturday, May 6th, at 2:30 p.m.

Cranbrook Man Takes Trail Bride

CRANBROOK, B.C., April 18—In a ceremony at the office of the registrar of marriages here, Constable Alec Krivenko of Cranbrook and Rita Melrose of Trail were married Friday. Constable and Mrs. G. W. Anderson and the bride's parents witnessed the ceremony.

They will make their home in Cranbrook. Constable Krivenko was transferred to Cranbrook detachment from Trail late in February.

Pretty Wedding for Couple at Cranbrook

CRANBROOK, B.C., April 18 — In a pretty morning ceremony at Christ Church Saturday Olga Hutchinson, daughter of Mr. and Mrs. S. A. Hutchinson of Fernie became the wife of Franklin (Tack) Wood, younger son of the late Mr. and Mrs. Franklin Wood of Cranbrook.

The bride wore floor length white satin with net yoke, seed pearl trimmed bodice, bridal veil, and carried roses, carnations and calla lilies. Her niece, Miss Lillian Hutchinson, was bridesmaid wearing a frock of light blue taffeta with short pink head-veil. Ted Smith was groomsman and Rev. Cyril Clarke performed the ceremony.

A wedding breakfast followed at the Cranbrook Hotel, with the bride's mother and the groom's brother-in-law and sister, Mr. and Mrs. W. G. Spence assisting the couple in receiving.

They left by car for Spokane and Vancouver, the bride wearing a grey gabardine suit with pink blouse and navy accessories. On their return they will make their home on Dewar Avenue.

The bride grew up at Hosmer and has lived in Cranbrook for the past five years. She has been with the staff of the Cranbrook Hotel. The groom was born and grew up here, and following service in the Navy during the war, has been with the Cranbrook Sash and Door Company here.

FIRST BAPTIST AUXILIARY READIES PARCELS FOR INDIA AND BOLIVIA

Young Women's Auxiliary of the First Baptist Church met on Monday evening with 10 members and one visitor.

Mrs. T. Miard, president, opened the meeting with reading of Psalm 15, followed by a devotional message by Mrs. Aubrey Wright based on Matthew 5:6, "Blessed are they that hunger and thirst after righteousness."

Mrs. Joseph Kary reported having sent the auxiliary allotment to the missionary budget, leaving a fair balance on hand in the funds.

White Cross convener reported on articles being prepared for mission parcels to India and Bolivia, quilts, scarves, bags, bible pictures being on display.

Mrs. H. R. Anderson, in giving news items from home and foreign mission fields, urged diligence in prayer and support of those who represent the members on the distant fields. A guest, Mrs. A. Bracken, gave items of interest and described beauty spots which delighted her on a recent trip to the States.

Delicious creamy mashed potato in one minute!

This creamy, delicious mashed potato is so easy to prepare! French's Instant Potato is made from top-quality potatoes—precooked for you! Just follow these easy directions and in 1 minute it's ready—best mashed potato you ever ate!

HERE'S ALL YOU DO
Wait until dinner is ready to serve; then bring some salted water to a brisk boil, add milk and French's Instant Potato according to simple directions on package. Stir for a few seconds until potato has thickened, add butter and whip until light and fluffy.

NO WASHING! NO PEELING! NO COOKING! NO MASHING!

Cakes that are Sure to Please!

● When you taste cake that's fluffy, tender, moist and feather-light—it's no surprise to hear that it's a *Swans Down* cake. Swans Down cakes are *sure* to turn out better — proud examples of the cake-maker's art.

Good cooks have depended on Swans Down Cake Flour for over 50 years. Made from the choicest of soft winter wheat, by an exclusive "Controlled Milling" process. Swans Down Cake Flour is 27 times as fine as ordinary flour. Get a package from your grocer.

WONDERFUL RECIPES ON THE PACKAGE

Black and White Marble Cake

3 squares Baker's Unsweetened Chocolate, melted
4 tablespoons sugar
¼ cup boiling water
¼ teaspoon baking soda
3 cups sifted Swans Down Cake Flour
3 teaspoons Calumet Baking Powder
½ teaspoon salt
¾ cup butter or other shortening
2 cups sugar
1 cup milk
1 teaspoon vanilla
6 egg whites

To melted chocolate, add 4 tbsps. sugar and boiling water; stir to blend. Add baking soda; stir until thickened. Cool. Sift flour once, measure, add baking powder and salt; sift 3 times. Cream butter, add sugar gradually; cream together until fluffy. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Beat egg whites until stiff enough to stand in moist peaks. Stir quickly well into batter. Halve batter. To one part, add chocolate mixture and blend. Put by tablespoonfuls into 2 greased pans, 8 x 8 x 2 inches, alternating light and dark mixtures. With knife cut through each batter once in a zig-zag course. Bake in moderate oven (350°F.) about 55 minutes.

CAKE TALK
by Frances Burton

Fine cake deserves a fine frosting! Here are a few success tips we use — ways of making cake look its delectable best!

Be sure to have your cake cool and free of crumbs. To protect plate while frosting, cut a large square of waxed paper into four triangles. Arrange on plate to cover rim. Set cake on papers and frost. Then carefully pull out opposite papers, leaving plate clean.

By the way, the cake plate should show about a 2-inch border around the cake. A larger plate dwarfs the cake, while a smaller plate tends to make the cake look clumsy.

Decorations should be kept proportionately small for small cakes, larger for big cakes. Any decoration placed on the cake plate itself should be low and show the base of cake at intervals.

For the actual technique of frosting the cake follow this simple procedure:

First spread frosting around outside of cake from top edge down over the sides, using sweeping strokes of broad knife, spatula or spoon.

Next, pile the remaining frosting in centre top of the cake and spread lightly out to the edges, working quickly.

The Cancer Fight: You Can Get On the Lineup

Do you want to join a good team? It's a team that may one day save your life, or that of a member of your family, or of a neighbor. This team's opponent is cancer and ignorance.

You can get in on the lineup by doing your share to inform yourself on the symptoms of the disease. Then, should you or a member of your circle be among the 25,000 likely to develop cancer in 1950, you'll recognize the danger signs while the disease can be successfully treated. Early treatment is a potent weapon against this opponent.

Then you can set your dollars to work against the disease. The fifth annual "Conquer Cancer" campaign asks only a dollar from each of 100,000 British Columbians, 10 per cent of our population. This $100,000 will finance research that will help to lift the curtain from one of the great medical mysteries of our time; it will help provide care for those stricken.

Your aid last year helped 11 patients of Nelson District; 210 in all of British Columbia who benefitted from the B. C. Division, Canadian Cancer Society, welfare fund. It helped the threefold battle of research, education and careful care of diagnosed patients.

Take a Stretch, Instead of Aspirin

The headache may be on its way out.

The immediate object of scientific attack is the migraine headache, popularly labeled "a sick headache." Sometimes, headache powders and rest bring relief; more often they do not. What causes a sick headache has been the subject of medical discussion for decades.

Dr. Murray M. Braaf, writing in the New York State Journal of Medicine, has come up with a new explanation and method of treatment, which, he claims, has proved successful in numerous cases. The source of a migraine headache, he argues, is in the neck, not in the head.

Its cause is an injury to the neck, as the result of a fall on the head, on the back, or on outstretched arms. The fall or injury may have occurred many years before the body is struck by the first migraine attack.

In the injury to the neck, ligaments were apt to give way, so that the disks between two vertebrae protruded. The displaced disk compressed the surrounding nerves and thus set up a neuritis, of which one symptom was a sick headache.

The answer, the Spokesman Review explains, lies in getting the protruding disk back into place by strengthening the ligaments and putting them to work. Dr. Braaf has set out to accomplish this through the assistance of a circus of pulley apparatus which stretch the neck in a most scientific manner, with, it is reported, excellent results.

That it may be possible to subdue the most vicious of the headache family through a series of delicate neck-stretchings will be welcome news to those already initiated with regard to migraine fury. Perhaps, in time, the principle can be scientifically adapted to other versions of headache attack.

Dr. Braaf's research, if successful, contains the seeds of relief and happiness for many. Indirectly, it may contribute to helping many more. As father of the magic stretch, he may write a welcome page into the annals of medical history.

LETTERS TO THE EDITOR

Letters may be published over a nom de plume, but the actual name of the writer must be given to the Editor as evidence of good faith. Anonymous letters go in the waste paper basket.

Asks for Show of Pioneer Spirit for Electrification

To the Editor:

Sir—I wish to add to Blair Scott's plea for a united effort on the part of the residents on the East side of Kootenay Lake to get a power line. No doubt capital investment may be large, but once power is available there is no question about it paying off.

Today everyone may put their estimates of lights required small, but there are many who would soon want power tools—saws, grinders, lathes, pumps. The home workshop either as a hobby or on a commercial basis is here, and it would only be a short time till more would put in these items.

This is another case where the Social Credit monetary system could help; if interest-free capital were used, all moneys received would go to pay off capital instead of interest plus capital.

There will always be the wet blanketers, but what we want are the optimists and those with vision for the future. So let's show there are more with vision and optimism that cold-feeters.

The West would never have been the bread basket it is if it had not been for those who were willing to venture, and they suffered hardships forgotten by so many now. No roads, no telephones, no weather forecasts, no tractors, bulldozers or gas shovels. But with oxen and horses, and strong muscles and minds, they broke down the barriers as they came to them, and fought mosquitos in the Summer and blizzards in the Winter to give this generation the comforts and conveniences we take for granted. We seldom stop to think of the pioneers who brought about these comforts.

It's up to us to keep up the fight for better things for the next generation.

Fight for an all-Canadian pipeline, and build up your Province and country—don't leave it for John; do your bit now, before it's too late.

C. H. B.

Boswell, B. C.

Press Comment

IT'S ALL RIGHT TO WASH

There has arrived in this country a copy of a report made by a certain Committee on Water Softening which has been sitting in solemn conclave to discover ways and means whereby young England may the better scrub its grubby neck and more efficaciously cleanse its grimy paws.

Ponderously and pontifically, this Committee preludes its report with this momentous statement:

"Within very wide limits," it asserts gravely, "washing is a desirable habit."

This is probably the greatest discovery made by any scientific body since the apple hit Newton on the head.

Then the Committee got down to practical details in this report, and commenced its dissertation on water softening with this remarkable disclosure:

"In order to wash an article, it must first be thoroughly wetted."

It's Been Said

The easiest person to deceive is one's own self.—Edward Bulwer Lytton.

Reader, Nelson—What years did Trail and Kimberley win the Allan Cup?

Kimberley Dynamiters, 1936; Trail Smoke Eaters, 1938.

E. J., Nelson—To settle an argument when did the Nelson Opera House burn down?

April 18, 1935.

Curious, Nelson—Why does the Daily News, in weather reports, sometimes state the variation in temperatures between Baker Street and uphill sections?

At the Great Northern station, uphill, the altitude is 2378 feet; on Baker Street the altitude is 1764. Because of this 614-foot difference in height there is usually a variation of several degrees in temperature.

April, Trail—Have you a recipe for making saffron bread? Who does plain, or fancy knitting, either by hand or machine?

Can any other reader supply a recipe for saffron bread? Mrs. Bradley, Tot-'N'-Teen Shop, Ward Street, Nelson, takes orders for knitting.

Looking Backwards

10 YEARS AGO

From The Daily News of April 19, 1940

Mrs. L. S. Bradley was one of the top lady golf scorers in the opening session Thursday afternoon. She won the draw with Mrs. A. Allen and Mrs. R. L. McBride.

A. G. Thompson Thursday was returned to the Presidency of the Nelson branch of the Canadian Legion.

25 YEARS AGO

From The Daily News of April 19, 1925

Miss Alfreda Woodburn, daughter of Mr. and Mrs. A. J. Woodburn of Kamloops, and A. G. Sullivan of the Rutherford Drug Store in Nelson were united in marriage at a quiet ceremony at the Coast Wednesday. Rev. W. P. O'Boyle officiated.

The water in the West Arm of the lake stood at 8.15 feet above yesterday's high water mark. During the week the water rose 2.7 feet.

40 YEARS AGO

From The Daily News of April 19, 1910

Launches, boats, canoes and many other types of craft dotted the West Arm of the lake Sunday afternoon as the lovely warm weather drew many a Nelsonite to enjoy it. Over 50 boats were pleasure cruising along the lake.

Mr. and Mrs. Joseph Gillett and family, who have been visiting their native home in Twilling, Nfld., for 10 years, have returned to Nelson.

Verse

The Postman

There's a jolly sort of fellow
Who comes around each day;
His bag is very heavy,
So he must be on his way.

We can hear him in the distance,
Coming whistling down the street;
His walk is firm and steady,
And his clothes look always neat.

He often brings us letters,
Many days throughout the year;
Some are filled with sadness,
Others love and cheer.

His route he travels daily,
'Neath Summer's sun and rain;
Through Winter's snow and icy blast
He gets here just the same.

At all the seasons of the year
He carries quite a load,
Bringing joy to many hearts
In their large or small abode.

—JEAN M. PICKARD.

Lie's Moscow Visit May Make Russia State Her Peace Terms

By DEWITT MACKENZIE
Associated Press News Analyst

Secretary-General Trygve Lie of the United Nations is considering the idea of visiting Prime Minister Stalin in Moscow in an effort to get Russia and her satellites to resume normal relations with the now hamstrung peace organization.

This is a part of the Secretary General's save-the-U.N. campaign, and so may be viewed in a different light from previous proposals for peace-appeals to Moscow. Most of the former suggestions involved officials of various Western governments, and immediately evoked cries of "appeasement."

However, Lie is in a unique position. As Secretary General of the U.N. he is a servant of all countries. He is in effect a "citizen of the world" whose job is to act as moderator in the effort of welding all countries together.

If Lie does carry his plea to Moscow, it will tend to put the Soviet Union on a spot where it may have to declare itself either for or against peace. Previous approaches by Western Statesmen have failed because of the fact that they were Western statesmen and therefore could be viewed by the Kremlin as having axes to grind.

The Secretary General is sailing for Europe next Saturday on what will be the most important mission he has undertaken since he became head of the U.N. four years ago. He expects to confer with British Foreign Secretary Bevin in London and with Foreign Minister Schuman in Paris, and then may head for Moscow.

There have of course been innumerable issues over which Russia and the Western powers have clashed in the U.N. One of the hottest revolves about the continued membership of Nationalist China.

The fight has got so bitter that Russia now is boycotting 20 U.N. organizations. Lie himself has been campaigning for the seating of the Chinese Communists, contending that this is the "common sense" as well as the legalistic approach.

One would think that the neutral head of the peace organization would be able to win Moscow over if anyone could. So if the Secretary General makes the trip to Moscow, his progress will be watched with intense interest the world over. But perhaps we shouldn't be heavily optimistic over the outcome.

ABOUT ONE IN A HUNDRED URANIUM DISCOVERIES LARGE ENOUGH TO WORK

By FORBES RHUDE
Canadian Press Business Editor

TORONTO, April 18 (CP). — About one in 100 of all those uranium finds you hear about have a reasonable chance of proving worthwhile, it was indicated today by A. H. Lang of the Geological Survey of Canada.

In an address to the Canadian Institute of Mining and Metallurgy, he said it is generally considered that less than 1 per cent of gold and base metal occurrences prove large and rich enough to become producing mines. There was no reason to suppose that this relationship will not also apply to uranium—out of which comes atomic energy.

However, he added, the high proportion of unsuccessful prospects has not prevented the establishment of important gold and base metal industries, and it should not discourage prospecting for uranium or the development of the better prospects.

Further, much territory favorable in a general way remains to be prospected and it is reasonable to assume that additional worthwhile discoveries will be made.

The Lake Athabasca region of Northern Saskatchewan has seen the most successful development work since the discovery of the Eldorado mine at Great Bear Lake, N.W.T. Ontario, however, including the Sault Ste. Marie region, has more known occurrences than any other Province.

Ninety-four per cent of all known Canadian occurrences are in the Precambrian shield, the old rock formation, rich in mineral wealth, which spreads over about half of Canada, sweeping down from the Northwest Territories, across Northern Saskatchewan and Manitoba, and across Northern Ontario and Quebec.

Known Precambrian deposits are almost entirely in its Western and Southern margins, chiefly in the Northwest Territories, Saskatchewan and Ontario, but with some in Manitoba and Quebec.

5 PER CENT IN B.C.

Five per cent of known occurrences are in British Columbia and the remaining few in the Gaspe region of Quebec and in Nova Scotia.

Phillip L. Merritt of the United States Atomic Energy Commission said progress is being made in the discovery of ore and the development of ore-finding techniques on the Colorado plateau, the most important uranium-producing region in the U.S. Other areas of primary and secondary uranium mineralization show promise for future production.

Deaths

Pity the Poor Sports Writer

By HUGH FULLERTON, JR.

NEW YORK, April 18 (AP)— If you think writing about sports is an easy racket, consider the guys who have to interview the Boston Marathon winners each April . . . in a four-year span, they've encountered a French-Canadian (Gerard Cote), whose command of the English language is none too good, a Korean, a Greek and a Swede, who spoke no English at all.

Ignore Law To Greet Communist

After two years of exile in Mexico, Manuel Mora (centre, wearing glasses), top Communist leader in Costa Rica, is welcomed at the San Jose airport by staunch supporters on his return to his native country. Although Costa Rica's new constitution has outlawed the Communist Party, it failed to halt this reception for Mora.—Central Press Canadian.

U. B. C. Veterans Ask for A National Scholarship

OTTAWA, April 18 (CP) — Two national cultural organizations today expressed fear that the world, moving into the atomic and hydrogen age, stands on the brink of undreamed-of devastation.

The Canadian Institute of International Affairs, emphasizing the need for better informad Canadians on the march of international events, said the world stands in "deadly fear of another holocaust."

The Toronto Pontifical Institute of Medieval Studies, urging Federal financial aid for its undertakings, said that man now was the master of a power "of a possible destrutiveness of hitherto undreamed-of dimensions."

U.B.C. DELEGATES

The two organizations were among nine appearing before the Massey Commission on Arts as the Canadian culture investigation body drove ahead in its efforts to clear up its Ottawa sittings this week.

War veterans studying at the University of British Columbia urged the prompt consideration of a national scholarship plan, along the same broad principles on which the veterans' affairs educational plan was founded.

"We feel, and intend to prove," said the students, "that the national movement in our education will be amply justified. We would urge that the soundness of the D.V.A. educational plan lies, however, not in the fact that it produces educated veterans, but that it produces better-trained young men and women eager to make a contribution to Canadian life."

Frequent Obituaries Within Russia Arouse Suspicions

By WILLIAM RYAN

NEW YORK, April 18 (AP) — Moscow has announced, in the last half year, the deaths of 15 Russian generals and admirals—some of them rather young.

The appearance of such obituaries so frequently in the Soviet press naturally arouses speculation in the West over the possibility of a new purge in the Soviet Union. However, there has been no hint in the advices which pass through Moscow censorship that a purge actually is under way.

The Russians also have reported the deaths of a considerable number of civilian, as well as military officials. The latest obituary of this type published by the Soviet Press was that of N. V. Egorov, 48-year-old official of the Council of Ministers, whose death was announced today.

Other high-ranking Soviet functionaries who have passed away recently include Peter Anurov, a Counsellor First Class in the Soviet Foreign Ministry and Anatoli Kopytov, 43, Minister of Cinematography.

Alexander Petukhov, Deputy Chief of the Communist Party Central Committee Organization Bureau, died April 13. Scientist Nikolai Luzin died suddenly March 3. He was once under fire on a charge of being servile to the ideas of Western scientists.

Russia's last big purge was in the mid-1930s, when a large number of generals and admirals were whisked off to firing squads. The supporters of Prime Minister Stalin managed by this to forestall an attempt to seize the power from him.

Why might there be a purge today? Stalin is ailing—possibly even ill. In the not distant future the mantle of power must be passed on.

Aggressive, ruthless Georgi Malenkov, boss of the Communist Party's apparatus, is a likely bet. And being a seasoned opportunist, Malenkov might not hesitate to put out of the way anyone who might thwart him.

Dewdney Leads Young P.C.'s Committee

OTTAWA, April 18 (CP) — The controversial question of a Government-operated sweepstake sparked a hot debate at the Young Progressive Conservative Association annual meeting Monday.

About a dozen of the 100-odd delegates gave their views before a resolution which would have put the organization on record as favoring establishment of a "Canadian National Sweepstake, administered by the Dominion Government." It was finally rejected by an approximate two-thirds majority.

Further discussion of resolutions brought in by a committee headed by F. H. B. Dewdney of Trail, B. C., was delayed an hour as delegates took time out to elect their new executive and to hear an address by Progressive Conservative leader George Drew.

NO SHORT CUT

Mr. Drew said there was no short cut to power. The main thing "is to find the things that should be done and then clearly convey to others things we think may advance the life of our country."

A resolution "deploring" the Government's policy in "violating the basic tenets of free enterprise" met with Y.P.C. approval.

Specifically the resolution noted the Government's policy in allowing T.C.A. "to monopolize the Canadian Trans-Continental air route" and the CBC "to monopolize national radio networks" and "to control its competitors in the radio field."

Ed Hudson of Moose Jaw, Sask., suggested that if the Association was going this far it should go the "whole hog," and should note the loss Canada is suffering in her wheat market.

Delegates approved another resolution advocating establishment of a P.C. Committee to study Senate activities and to recommend reforms which would enable it (the Senate) "to carry out its functions in the best interests of the Canadian people."

Delegates also elected G. T. Haig, Winnipeg, a Secretary.

Jet Covers 365 Miles in Hour

NEW YORK, April 18 (CP)—A silver-colored Canadian-built Avro jetliner landed at New York's Idlewild Airport at 9:33 a.m. today after flying from Toronto's Malton Airport in one hour and three minutes.

The four-engined jet-propelled aircraft took off from Malton at 9:30 a.m. for the 365-mile flight and was over Idlewild exactly one hour later.

It circled the airport three minutes before coming in for a landing.

Normal flying time by commercial air liners between Toronto and New York is one hour and 50 minutes.

The craft resembles an ordinary plane except for the lack of propellers. It is powered by two jet engines on each wing and bears the word "jetliner" lettered in red on its side.

Rangers Win 4-3 In Overtime

DETROIT, April 18 (CP) — New York Rangers, an underdog hockey team that won't stay licked, overcame a two-goal deficit in the third period tonight and kept going in overtime to shade Detroit Red Wings 4-3 in the fourth game of the Stanley Cup finals.

A 15-foot backhand shot fired by Don Raleigh as he fell to the ice ended the game after 8½ minutes of sudden deatth play. The goal stunned 13,557 fans who had established the Red Wings as prohibitive favorites to take the game.

The Rangers victory squared the best-of-seven playoffs at two games apiece and continued the in-and-out pattern of the first three games of the National Hockey League playoffs in which the Rangers, fourth-place finishers in the regular season, have looked alternately good and bad against the N.H.L. champions.

The Red Wings appeared on their way to an easy victory in the first period as goals by Ted Lindsay and Sid Abel gave them a comfortable margin. For Lindsay, N.H.L. scoring leader, it was the first goal in 11 playoff games.

Rangers fought back as centre Buddy O'Conner scored with a second left in the second period. But Marty Pavelich banged home a third Detroit tally early in the final frame.

LUMLEY PROTESTS

Five minutes later, Edgar Laprade sank a 30-footer and Rangers started a long drive for the tying goal. Goaltender Harry Lumley held them off till the 16:26 mark, when Gus Kyle bulled his way through to bang Alex Kaleta's pass by a protesting Lumley, who claimed the Ranger defenceman had interfered with him on the play.

The break in the torrid overtime period came when New York's Eddie Slowinski stole the puck from Joe Carveth behind the Detroit net and whipped it out to Raleigh. Off balance, the Ranger centre barely managed to get his shot away before falling.

The teams meet again Thursday night with the sixth game scheduled for Saturday. A seventh game, if necessary, will be played Sunday night. All remaining play will be on Detroit ice as the Rangers were dispossed by a circus from their home rink at Madison Square Garden early in the series.

TWO INJURED

Two Rangers suffered injuries in the heavy going and are uncertain starters Thursday night. Wingman Nick Mickoski dislocated his right shoulder in a tumble into the boards in the third period. Little Tony Leswick was helped off the ice in the overtime session with undetermined injuries after a heavy check from Detroit defenceman Jack Stewart.

Summary:

First period—1. Detroit, Lindsay (Stewart) 6:31; 2. Detroit, Abel (Lindsay) 16:48.

Penalties—Dewsbury, Leswick.

Second period — 3. New York, O'Connor (Kaleta, Mickoski) 19:59.

Penalties—Fogolin, Reise.

Third period—4. Detroit, Pavelich (Peters, Stewart) 3:22; 5. New York, Laprade (Fisher, Leswick) 8:09; 6. New York, Kyle (Kaleta) 16:26.

Penalties—None.

Overtime period—7. New York, Raleigh (Slowinski) 8:34.

Penalties—None.

Montreal Defeats Guelph for 3-1 Lead In Junior Playoffs

TORONTO, April 18 CP)—Montreal Canadiens held out against a sizzling last-period attack and then popped the puck into an empty net to defeat Guelph Biltmores 4-2 in the fourth game of the Eastern Canada junior hockey finals.

The victory gave Montreal a 3-1 lead in the best-of-seven series and sends them back home for a Thursday game with a good chance to move into the Memorial Cup finals before the end of the week.

Summer Program Set for Touring Golf Professionals

CHICAGO, April 18 —(AP)— A summer program of 19 tourneys carrying $335,000 in prizes for touring golf professionals today was announced in the P.G.A. which reiterated that all was peaceful in the group.

P.G.A. president Joe Novak, pointing out that three weekends still remained unfilled in the potential record-breaking summer slate, stressed that "harmony and understanding existed between the P.G.A. and its playing stars.

The last revolt of the stars, seeking greater tourney control, was quelled at the recent Masters' tourney in Augusta, Ga. At that time, the P.G.A. expanded its touring committee to include players Lawson Little, Jimmy Demaret, Toney Penna, Clayton Heafner and Chick Harbert.

Korean Top Favorite

BOSTON, April 18 (AP) Startling descriptions of secret workouts have made Kun Chil Choi of Seoul, Korea, the top-favorite in tomorrow's Boston A. A. marathon field and also a threat to break the 26-mile-385-yard course record of two *hours, 25 minutes, 39 seconds set* by his countryman, Yun Bok Suh, in 1947.

Choi and two other Koreans, Kil Yoon Song and Kee Yong Ham, will be in the starting field of 167 in Little Hopkinton at noon.

Reports are that Choi has been over the entire course several minutes faster than Suh completed it in competition.

As a result, Karl Gosta Leandersson of Wiladalen, Sweden, last year's winner in 2.31:50.8, has been given but little consideration; especially since an attack of hives hampered his training all last week.

LECKIES QUALITY WORK BOOTS

Yankees, Phillies Turn Out Biggest Opening Day Upsets

By JOE REICHLER

NEW YORK, April 18 (AP)—The 1950 major league baseball season opened in explosive fashion today with action featured by upsets, thrilling comebacks, lusty hittings, large crowds, and a deluge of balks.

The heaviest explosion occurred in Boston's Fenway Park where the world champion New York Yankees turned an apparent hopeless defeat into victory by blasting five Red Sox pitchers for a nine-run eighth inning. The big outburst enabled the Yankees to come from behind and defeat Boston, 15-10.

The defeat was a bitter one for Joe McCarthy's men and the 31,833 Red Sox fans since Boston led 9-0 after four innings and appeared on the way to a one-sided triumph over the team that edged it out of the 1949 pennant on the final day of the season. When the Yankees staged their big rally they were behind, 10-4.

Philadelphia's hustling young Phillies provided the biggest upset by shelling Don Newcombe off the mound in the second inning and going on to whip the National League champion Brooklyn Dodgers, 9-1. It was the Phils who acted as stepping stones for the Brooks' march to the flag last year, losing the final game of the year to the Dodgers.

Detroit's improved Tigers knocked Bob Lemon out of the box in the eighth inning to defeat the Indians, 7-6, in 10 innings before 65,744 in Cleveland. That was the biggest opening day crowd in the nation. Johnny Lipon's fly drove in Dick Kryhoski with the winning run.

HIT 5 HOMERS

In a game that featured five home runs, the Boston Braves pounded out an 11-4 triumph over the New York Giants before 32,441 opening day Polo Grounds fans. Rookie Sam Jethroe blasted a home run for the Braves as did Connie Ryan and Bob Elliott. Henry Thompson and Whitey Lockman hit four baggers for the Giants.

In another free-hitting game, the Washington Senators pushed across five runs in the first inning and hung on to outlast the Philadelphia Athletics, 8-7. A crowd of 31,548, including President Harry S. Truman saw Mickey Harris come to the rescue of winning pitcher Rae Scarborough with two hit pitching over the last four innings.

The Chicago Cubs, who weren't supposed to have any batting punch, clubbed out 13 hits, including three home runs, to down the Cincinnati Reds, 9-6. The Reds accumulated 14 hits, including a pinch hit homer by Bob Usher. An overflow Cincinnati crowd of 31,213 saw Johnny Schmitz top Lefty Ken Raffensberger on the mound.

Rookie Ken Wood smacked a pair of doubles and batted in three runs to help the St. Louis Browns defeat the Chicago White Sox, 5-3. Ned Garver contributed some fine clutch pitching to earn a triumph over Bill Wight before 9987 Chicago fans.

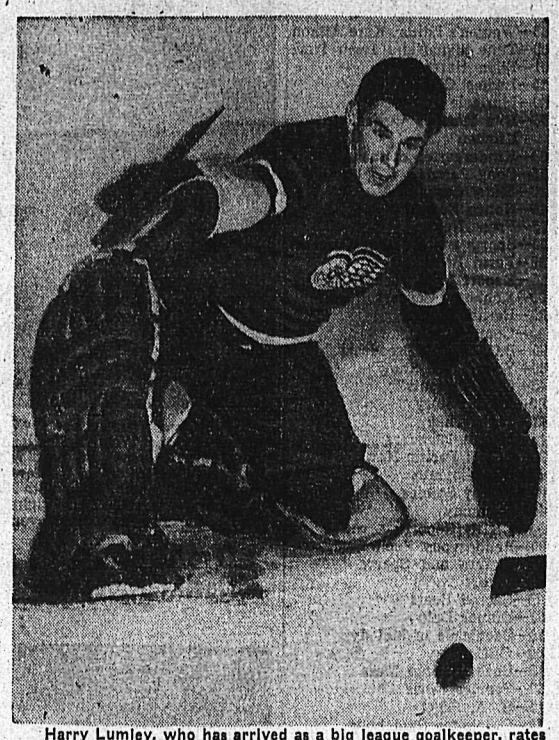
5 BALKS CALLED

As everybody anticipated, the new balk rule raised hob with the pitchers. Five balks were called, all in the National League. Umpire Ralph Pinelli called two against rookie pitcher Pat McGlothin of the Dodgers. Umpire Bill Stewart called one each against Johnny Schmitz and Dutch Leonard of Chicago. Umpire Lee Ballanfant called one against Kirby Higbe of the Giants.

Not a single balk was called in the eight 1949 openers. In fact, the entire season produced only 55 balks, 30 in the National League. The new rule calls for a one-second pause before delivery.

Over in the National League home runs by Red Schoendienst and Stan Musial sent St. Louis Cardinals off to a roaring start as they downed Pittsburgh Pirates 4-2 last night before an opening night crowd of 20,871.

Behind Wing's Bid for Stanley Cup



Harry Lumley, who has arrived as a big league goalkeeper, rates a place alongside Broda, Durnan and the rest of the great netminders. The apple-cheeked warrior, supposedly the weak link in the great Detroit Red Wing hockey machine, has been the heart of that club in its drive toward the Stanley Cup. Saturday night he got his first shutout of the final series and his third in this year's Stanley Cup playoffs. These standout efforts were in clutch games and Lumley rose to the heights to hold firm when his mates appeared ready to crack. Here Lumley is seen displaying the form which has sent him to the top.—Central Press Canadian.

Lead Favorites In Golf Tourney

PINEHURST, N.C., April 18 (CP) —Defending Champion Frank Stranahan and Medalist Harry H. Haverstick, Jr., led the parade of favorites safely through the first round of the North and South Amateur Golf Tournament today.

Stranahan, from Toledo, Ohio, shot some of the best golf of the day. He was two under par with an outgoing 34 over the 6952-yard country club No. 2 championship course. The Ohioan won five of the first seven holes against Mort Reed of Rochester, N.Y.

Windsor Defeats Stellars for First Win in Junior Series

WINNIPEG, April 18 (CP) — Windsor A.K.O.'s tonight re-entered the Canadian junior men's basketball picture, defeating Winnipeg Stellars 50-45 in the third game of their best-of-five series. Stellars won the first two games 46-41 and 43-41.

Next game is billed for Thursday.

A crowd of 1500 saw the Easterners play heads-up ball and turn on the heat in the last quarter to sew up the game.

It was a field day for the little men. Windsor's Eddie Niziolek, Al Deluca and Gerry Lemon, diminutive beside their taller opponents, racked up 11, 10 and nine points respectively.

Lanky six-feet seven-inch Borden Cirks led the Winnipeg attack with 12; Mitch Baryluk followed with nine.

Nine Stakes Stars In $50,000 Handicap

SAN BRUNO, Calif., April 18 — (AP) — Tanforan's $50,000 Added Handicap next Saturday appeared today to be shaping up as a race among nine stakes stars.

The field for the mile and one-quarter run, richest of the current meeting, has dwindled for various reasons, including weight and the expected fast condition of the track.

Calumet's great Citation was declared out because of the high impost of 132 pounds. The stable's crack filly, Two Lea, was withdrawn for similar reasons, 118 pounds.

Another doubtful starter is Huon Kid whose owner, Frank Papalardo, said his horse would go only in event of an off track.

Calumet Farm, however, will be represented by its last year's Kentucky Derby winner, Ponder, packing top poundage of 129. Steve Brooks will be up.

English-bred Noor, twice conqueror of Citation at Santa Anita, will carry 124 pounds and Johnny Longden.

After Ponder and Noor, the balance of the field is expected to line up as follows: On Trust, 115, Ralph Neves; Miche, 114, Jack Westrope; Old Rockport, 112, Gordon Glisson; Esprit de France, 108, Bill Pearson; Mocopo, 105; Under Oat, 104; Bomerang Boy, 103.

UNSUCCESSFUL WOMEN P. C. ELECTION CANDIDATES NOT DOWN-HEARTED

OTTAWA, April 18 (CP)—Women entering Canada's male-dominated *political field may have a tough* time ahead of them. But as far as three unsuccessful women Progressive Conservative candidates in the last federal election are concerned, it's worth the effort.

The three—Mrs. Leila Smiley of Moose Jaw, Sask., Sybil Bennett of Georgetown, Ont., and Mrs. Grace Sparkes of St. John's, Nfld.—told about their campaigning experiences at a meeting today of the *Women's P.C. Association.*

Not one of them was downhearted about the election results. All intimated they would do the job over again if they got the *chance.*

Mrs. Smiley urged women entering politics to "learn to say more in less time than a man can say it."

The women chuckled as Mrs. Smiley went on to say the woman candidate—because she's a woman—also must know what she's talking about, although "the men don't need to know a thing."

She felt women held an advantage over men because they could *get "right in close" to the public.*

Mrs. Smiley recalled that in her campaigning she made 50 to 100 calls a day, visiting farm-houses in the area and talking with the voters about everything from babies to canning and pickling.

Describing herself as an "ordinary garden variety housewife," Mrs. Sparkes told of going into parts of Newfoundland where there were neither roads nor trains. She travelled *most of the time via a 12-ton* boat. She said that wherever she spoke she had packed halls and no hecklers.

Sybil Bennett, newly-elected president of the women's group, said that "defeat is never so bad if out of it you can take some lessons."

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out about 2 pints of bile juice into your digestive tract every day. If this bile is not flowing freely, your food may not digest. It may just decay in the digestive tract. Then gas bloats up your stomach. You get constipated. You feel sour, sunk and the world looks punk.

It takes those mild, gentle Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 35¢ at any drugstore.

To Inaugurate Canada Amateur Hall of Fame

MONTREAL, April 18 (CP) — Official inauguration of the Canadian Amateur Athletic Hall of Fame will be held April 27 at the Montreal Amateur Athletic Association, it was announced today.

Viscount Alexander, Governor-General, will declare the Hall of Fame open and personally present certificates of membership in the organization to three members of the M.A.A.A.

The three, first-place winners in the past for Canada at Olympic Games, are Bert Schneider, boxer; George R. Hodgson, swimmer, and Myrtle Cook, sprinter.

The occasion will also be the annual dinner of life members of the M.A.A.A., with the Governor-General as guest of honor.

So far, memberships in the Hall of Fame have been awarded only to first-place winners at Olympic Games. Later this year it is expected a number of other outstanding Canadian amateur athletes will be honored.

Nominations for membership now are being sought from all amateur sport-governing bodies in Canada. The selection committee is being reorganized and eventually will be made up of representatives from each of the amateur sport bodies.

Other members of the Hall of Fame are Barbara Ann Scott, Ottawa, figure-skater; William J. Sherring, Hamilton, Ont., marathoner; Robert Kerr, Hamilton, sprinter; Percy Williams, Vancouver, sprinter; Ethel Catherwood, Saskatoon, high jumper; Bobbie Rosenfeld, Toronto, sprinter; Florence Bell, Toronto, sprinter; Ethel Smith, Toronto, sprinter; George Goulding, Toronto, walker; Horace (Lefty) Gwynne, Toronto, boxer; Earl Thomspon, Calgary, hurdler; Duncan McNaughton, Winnipeg, high-jumper; A. Desmarteau, Montreal, hammer-thrower; Frank Amyot, Ottawa, paddler.

DENVER HIGH SCHOOL OPENS BASEBALL SEASON

NEW DENVER, B. C., April 18—In the newly-formed three-team High School baseball league, Team No. 1 defeated Team No. 2, 3-0, Friday, to open their season. Jim Tateishi was captain of the first team while Iwao Saruyuma led Team No. 2.

Yohoyama, the winning pitcher, struck out 10 batters, allowed one hit and gave up five bases on balls; Hashimoto, the opposing pitcher, struck out 13 batters, allowed two hits and gave up six bases on balls.

In the first inning with two out Hashimoto filled the bases and calmly struck out Ted Roberts to retire the side. In the fifth, team No. 1 led off with Kireto banging a double, then Miyahar hit one through the box to score Kireto. Catcher Sakura threw wild to third while the second tally came in. Capt. J. Tateishi streaked to first where the catcher muffed the third strike. Several plays later, Tateishi reached third and sneaked home for the third run.

Team No. 2 threatened in the sixth by filling the bases with two down. Capt. Saruyama rapped the ball back to the mound and was thrown out.

TO PROBE CHARGES WORKERS REFUSED UNION

VANCOUVER, April 18 (CP) — The Vancouver city purchasing agent will investigate a city tire repairing firm following charges by Ald. R. K. Gervin that the company has refused to permit unionization of its employees.

The company submitted the lowest of three bids received by city council Monday for about $4000 city tire work for 1950.

Takes Screen Test

Somewhat embarrassed by it all, Leon Hart, Notre Dame's great end, takes actress Betty Adams in his arms for a screen test at Universal-International Studio, Hollywood. Hart has returned to his classes at South Bend while studio executives study the test to determine if he has a future in the movies.—AP Wirephoto.

Would Build 4-Sheet Artificial Curling Rink at Creston; Land Leased

CRESTON, B.C., April 18—High*lighting the April meeting was the* decision of the Board of School District No. 5 to enter into an agreement to lease the Northeast portion of new school property, 300 by 300 feet on which the Civic Centre building now stands, to the Civic Centre Association as long as the buildings remain as a community centre.

The discussion arose from representations by Adam Robertson, Secretary of the Civic Centre Association, who stated the Creston Curling Club wanted to erect a four-sheet artificial ice-rink on the East *side of the Civic Centre,* but before doing so sought some definite decision on the property.

Present at the meeting were Chairman N. E. Leveque, W. K. McL. Cooper, W. Fraser of Kootenay Bay, V. I. Johnson of Boswell, W. J. Trustcott, H. Anderson, Dr. W. N. Fraser and Inspector Frank Levirs of Kimberley.

The resignation of Mrs. D. White from the teaching staff effective *June 30 was accepted with regret.*

Accounts passed for payments totalled $25,361.

3 Baseball Fans Walk Into Cleveland For Opening Game

CLEVELAND, April 18 (AP)—Footsore but game, three Akron baseball fans hoofed into Cleveland today to see the Indians open the season with the Tigers.

Jim H. Leonard, 67, and white-haired L. W. (Tom) Crawford, 60, both unemployed painters, declared they had walked all the way from Akron, a trip of about 35 miles. The third man, Bill Kalman, 27-year-old furniture builder, rode the first few miles in a car and then joined the hike.

TODAY'S News Pictures

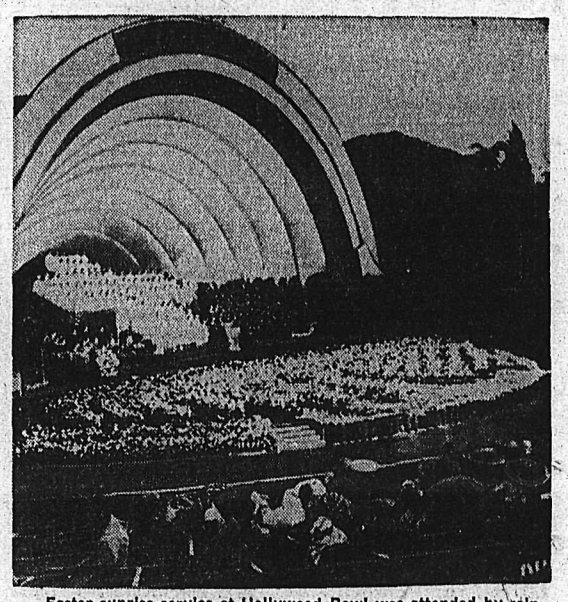
Truman and 'Women of the Year'

President Truman poses with the six women picked by the Women's National Press Club as outstanding during the past year. He rehearses the award ceremony just before the program began in Washington, D.C., with Mrs. Truman and daughter Margaret. Left to right: Martha Graham, dance; Dorothy Fosdick, Government, State Department planning staff; Dr. Pearl Wanamaker, education, Public Instruction Superintendent for Washington State; Miss Truman, Mr. Truman, Mrs. Truman; Olivia De Havilland, theatre, Hollywood actress; Dr. Mildred Rebstock, science, Detroit, for synthesizing Chloromycetin; Claire McCardell, fashion, New York designer.—AP Wirephoto.

Trail's End for Berlin Mobster

Werner Gladow, the 19-year-old ringleader of Berlin's most ruthless gang, is seen in an East Sector court where he was recently sentenced to death. Gladow and his gang have been charged with a total of 127 crimes, including two manslaughters, 15 attempted manslaughters, 19 robberies and other charges. At the time of Gladow's arrest, his mother filled the empty magazines of her son's pistol while Gladow shot it out with the police who were making the arrest. The boy's biggest aim was to become like Al Capone, or even better, he said.—Central Press Canadian.

Heavy "Dew" Marred Sunrise Service



Easter sunrise service at Hollywood Bowl was attended by raincoats, umbrellas and galoshes. The weather, chief feature of which was a California "dew", did not stop the service, but it did cut down on the number of persons in attendance.—Central Press Canadian.

COAL OUTPUT INCREASE HEAVILY

OTTAWA, April 18 (CP) — Canada has increased her coal production this year by more than 200,000 tons, the Bureau of Statistics reported today.

At the same time imports dropped in the first quarter to 2,038,568 tons from 2,369,355 in the corresponding period a year ago.

The Bureau reported the all-Canada output of coal during the first three months of this year was 5,439,000 tons, compared with 5,229,[illegible] the corresponding period a year ago.

Production in Alberta in March rose to [illegible] tons from 760,514 for March [illegible]. In Nova Scotia the output rose to 653,000 tons from 501,635. Output in British Columbia was 190,[illegible] tons from 189,644. In New Brunswick it was 52,000 tons compared with 39,[illegible]. Saskatchewan dropped from 1[illegible],014 tons to 182,300.

Snakes on Sale By the Pound

The normal housewife's choice for her shopping bag wouldn't include this squirming bundle being nonchalantly dropped on the scales by Miss M. Palmer at a London, England, pet store. But there are customers for these very much alive snakes. Non-poisonous, they will go, by the pound, as pets or pest-killers to English farms and urban homes.—Central Press Canadian.

Orders Misleading "Sales" To Stop

WASHINGTON, April 18 (AP)—Rexall Drug Stores have been ordered by the Federal Trade Commission to stop what the FTC calls misrepresentation of prices in connection with so-called "one-cent sales."

The order specifically applies to the Rexall Drug Co. and its wholly-owned subsidiary, the Owl Drug Co., both of Los Angeles, Calif.

The FTC said its order "specifically bans representations that two units of merchandise may be purchased for the price of one plus one cent when the advertised single-unit 'price' is actually higher than the price at which one unit is customarily sold.

A factory is being built in the Southern United States to process natural gas into gasoline and chemicals.

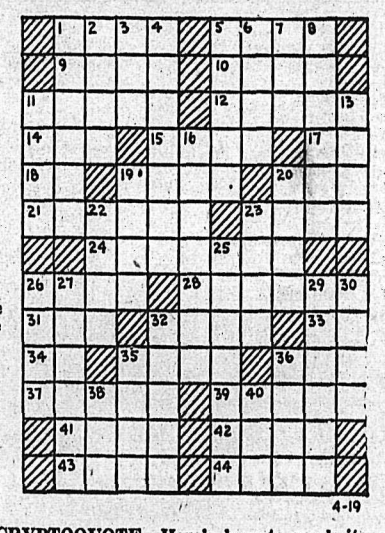
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

XM NVIHXOYYMT FH XOH DFKXMIH TOT FBT PMYK KXM DFOKX VD SXOATOHX TFJH—NXOKKOML.

Yesterday's Cryptoquote: THE GOD I KNOW OF, I SHALL NE'ER KNOW, THOUGH HE DWELLS EXCEEDING NIGH—WATSON.

PUBLIC NOTICES

TENDERS

LEGAL NOTICE

NOTICE TO CONTRACTORS

SEALED TENDERS, in duplicate, for the General Contract, including all Trades, endorsed "Tender for Camp Lister Elementary School, British Columbia" for the erection and completion of a two (2) room school, with services, located at Camp Lister, British Columbia, will be received by the Secretary-Treasurer, School District No. 5 (Creston), Creston, B.C., on or before 4:00 p.m., Monday, May 1st, 1950.

Working Drawings and Specifications will be available at and after noon of Thursday, April 13th, 1950, at the Office of the Secretary-Treasurer, School District No. 5 (Creston), Creston, B.C.

A certified cheque for five per cent (5%) of the tender submitted must accompany each and every tender and shall be forfeited if the party tendering declines to enter into Contract when called upon to do so. In lieu of a surety bond, the certified cheque of the successful tenderer will be retained by the Board of School Trustees of School District No. 5 (Creston), Creston, B.C., until the project has been completed and approved by the Board of School Trustees of School District No. 5 (Creston), and the Department of Education.

The Board of School Trustees of School District No. 5 (Creston) and the Department of Education reserve the right to reject any, or all tenders without explanation. Standard Forms of Tender will be furnished by the Secretary-Treasurer of School District No. 5 (Creston).

A deposit of Ten Dollars ($10) is required for each set of plans and specifications and will be returned upon receipt of same in good condition.

R. D. GARDNER,
Secretary-Treasurer,
For Board of School Trustees
School District No. 5 (Creston)
Dated at Creston, B.C.,
April 11th, 1950.

NOTICE OF APPLICATION FOR CLUB LICENCE

NOTICE is hereby given that on the 26th day of April next, the undersigned intends to apply to the Liquor Control Board for a Club Licence in respect of premises being part of a building known as the Nelson Golf and Country Club Limited clubhouse situate upon the lands described as Lot "A" of Subdivision of part of Lot 304, Group 1, Kootenay District, Map 1158 Nelson Land Registration District, in the Province of British Columbia, to entitle each member of the said Club to keep on the premises a reasonable quantity of liquor for personal consumption on the premises, and entitling the Club to purchase liquor from a Vendor and to sell by the glass the liquor so purchased to its members and guests for consumption on the Club premises in accordance with the provisions of the "Government Liquor Act" and the regulations promulgated thereunder.

DATED at Nelson, British Columbia, this 28th day of March, A.D. 1950.

NELSON, B.C.

Market Trends

NEW YORK (AP) — Strong demand for steel, automobile, copper and railroad shares developed today. Favored issues pushed up fractions to more than a point. The volume of business was one of the largest in the last couple of years.

Steels were in demand most of the day. Toward mid-day, buying orders spilled over into the auto group. Copper responded later to aggressive support and late in the afternoon railroad shares joined the move.

TORONTO (CP)—Prices climbed slowly in heavy trading today. A handful of mining stocks turned briskly to account for much of the heavy turnover. Volume was about 3,000,000 shares.

Base metals showed the strongest gains. Uranium stocks were comparatively active but price changes were small.

Fractional gains slowly appeared in leading industrial stocks. Western oils steadied.

MONTREAL (CP)—Stock prices continued to strengthen fractionally in active trading near the final hour today.

Volume showed industrials with 105,600 shares traded and mines 190,400 shares.

The industrial section, papers, base metals, steels and banks were dominated by plus signs.

LONDON (Reuters)—The London Stock Exchange was calm and rather mixed prior to today's budget speech in Parliament.

British Government stocks were bright with widespread gains of up to ¼ per cent on some safety-first investment and a reluctance to be short.

Set Sept. 15 For Waldo Livestock Sale

CRANBROOK, B.C., April 18 - Waldo Stockbreeders Association, founders of East Kootenay's steadily increasing beef cattle industry, have named Friday, Sept. 15, for their annual feeder livestock sale. The event held in September last year saw sale of close to 800 head at satisfactory prices. Each year has seen improvement in quality of animals with correspondingly better prices since this organization began a concerted campaign to improve the breed of district cattle. Breeds now raised through East Kootenay are Hereford and Angus. Two new registered Hereford bulls were recently shipped into Canal Flats by Captain W. A. Jeffrey for his herd.

The association expects to have Bill Durno of Calgary as auctioneer and is negotiating now for a qualified grader for pre-sale work. The association's permanent pens and sale facilities will be prepared in advance and no entries will be accepted at the pens after 9 a.m. Sept. 14.

Efforts will be made during the Summer to determine how many head will be up for sale so that buyers who come from a considerable distance can be appraised of the prospects.

A fair quantity of feeder animals were wintered by district livestock operators in spite of the high price of hay. Late arrival of snow balanced the handicap of extreme Winter conditions and in general the animals wintered well.

Plowing in the Southern part of the district around Newgate has started and some potatoes will be planted in that area this week. Delayed Spring weather is now clearing fields in St. Mary's Prairie district and Winter wheat is not yet showing. The season is a fortnight behind normal.

Earnings Increased

OTTAWA, April 18 (CP)—Average earnings of workers paid on an hourly basis in leading Canadian manufacturing establishments increased by $2.34 a week during January, the Bureau of Statistics reported today.

The average weekly wage of such workers was $42.68 at Feb. 1, the bureau reported. It compared with a weekly wage of $40.34 at Jan. 1 this year and $41.70 at Feb. 1, 1949. The peak average weekly wage was $42.90 at Dec. 1, 1949.

The average number of hours worked during the week ending Feb. 1 was 42.3 compared with 39.8 at Jan. 1 and 42.9 in the same week last year.

Calgary Livestock

CALGARY, April 18 (CP)—Trading on the Calgary cattle market remained steady today with buyers grading a little closer. All butcher cattle and cows were moving readily. The better-quality feeder cattle were from 25 to 50 cents higher.

Hogs sold yesterday at 26.75 for A's at yards; sows 16.90 live weight at yards; good lambs 25.75; good ewes 12.25.

Good to near choice butcher steers 25.00-26.00; common to medium 19.00-24.50. Good to choice butcher heifers 23.50-25.00; common to medium 18.00-23.00. Good to near choice fed calves 25.00-26.00; common to medium 21.00-24.00. Good cows 18.00-18.75; common to medium 15.50-17.50; canners and cutters 12.00-15.00. Good bulls 18.00-19.00; common to medium 16.00-17.50. Good to choice veal calves 25.00-28.00; common to medium 18.00-24.00. Good stocker and feeder steers 21.00-22.50; common to medium 18.00-20.00.

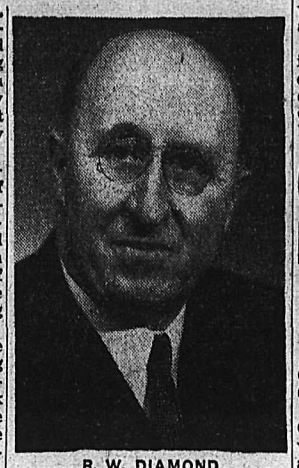
New Honors for R. W. Diamond; To Receive U.B.C. Degree May 11

Randolphe William Diamond, noted metallurgical engineer, vice-president, general manager and director of the Consolidated Mining and Smelting Company of Canada at Trail, will receive the honorary degree of Doctor of Science at U.B.C.'s Congregation Ceremony May 11.



R. W. DIAMOND

Mr. Diamond has a long and distinguished career in the fields of metallurgy. Shortly after his graduation from the University of Toronto in 1913 he became associated with the development of flotation processes for the concentration of ores that was to revolutionize ore production methods in the smelting industry.

In 1917 he was engaged by the Consolidated Mining and Smelting Company to take charge of experimental differential flotation work in an endeavour to separate the complex lead-zinc-iron ore of the Sullivan Mine. In 1919 the separation was successfully accomplished.

He remained superintendent of ore concentration until 1929 and in this year journeyed to Europe to study nitrogen fixation and chemical fertilizer production. On his return to Canada he cooperated in the design and construction of the huge chemical and chemical fertilizer plant at Trail. He took charge of the operation until 1936 and became Assistant General Superintendent of all Trail operations in 1936. In 1939 he became Assistant General Manager and in 1945 Vice-President and General Manager. He assumed a directorship in 1945 and was elected President of the West Kootenay Power and Light Company Ltd. in 1947.

His work in the field of metallurgy won him awards and recognition as early as 1934 when he received the McCharles Medal in recognition of his work on differential flotation of Sullivan ore. He won the Engineering Institute of Canada's Leonard Medal in 1935 and in 1948 was the first recipient of the Selwyn G. Blaylock Medal for distinguished services to Canada and the Julian C. Smith medal for "achievement in the development of Canada."

Council, Officials To Visit Mount St. Francis Sunday

Members of the City Council, Department heads, and their wives will visit Mount St. Francis Infirmarmy Sunday afternoon.

Invitation to visit the new building was extended to Council Monday night by E. A. Mann, Chairman of the Mount St. Francis furnishings campaign how in progress. Tea will be served by the Sisters of St. Anne.

City Employees Press for 1950 Contracts

Continuing negotiations with City employees faces Nelson City Council.

Civic Employees Union asked Council Monday night if a meeting with Union representatives could be arranged to discuss remaining concessions sought in the 1950 contract. Survey among employees was being taken to determine whether a sufficient percentage was interested in a Medical Services Association contract covering medical expenses, the letter said.

Council decided to call a meeting for 5 p.m. Thursday.

The Electrical Workers Union said in a letter that it had been "unanimously decided" the Council's proposed agreement could not be accepted, and an application was being made for the appointment of a Conciliation Board.

The matter was turned over to the Finance Committee with power to act.

Daily Air Service Started for Cariboo

VANCOUVER, April 18—A new trail into the Cariboo country was blazed on Saturday when Canadian Pacific Airlines inaugurated its new daily service into Kamloops, Williams Lake and Prince George.

Flying high over the rugged terrain which in former years had stopped many a hardy pioneer before the famous Cariboo Trail was finally hacked out of the wilderness a sleek DC carrying a party of CPA officials, Vancouver civic and business personalities, and newsmen, covered the route in a matter of three hours flying time.

Health Minister Martin Denies Giving Assurance on Means Test

OTTAWA, April 18 (CP)—Health Minister Martin told the Parliamentary Old Age Security Committee today he had not given any group an assurance that the means test was to be removed from old age pensions.

Under a series of questions by Opposition members, Mr. Martin said the only assurance he had given—or could give—was doing its best to devise the most satisfactory security plan in cooperation with the provinces.

Karl Homuth (PC—Waterloo South) had asked the Minister for a statement on the question, in view of a story in the Toronto Star April 11 which Mr. Homuth said was headed: "Means Test Abolition to Mean $95 Monthly by Ford Plan —Martin."

AVERTS STRIKE

The Progressive Conservative Member said that apparently Ford employees, who were voting on the question of accepting a $55-a-month pension offer from Ford Motor Company, had decided not to go on strike because, if they got a $40 old-age pension, that would give them a total of $95 a month.

Mr. Martin said he had seen the Toronto Star article for the first time on returning from a vacation. It did not quote him directly, but said he was understood to have said certain things.

When he had been told about it, he had authorized his office to issue a statement saying it was understood he did not discuss with the Ford Company or its employees "any specific proposals, either with regard to amount or any other detail of any proposed social security legislation."

3 Injured When Streetcar, Bus Collide at Coast

VANCOUVER, B. C., April 18—(CP)—Three persons were injured when a street car ran into the rear of a bus on Cambie Street Bridge here early today. Police reported the bus was forced to stop suddenly when an oncoming automobile veered to the wrong side of the road.

Two of the injured were taken to General Hospital. They were: Motorman Alfred Mackie, 39, who suffered injuries to the face and left knee, and Derek Bompton, 17, a passenger in the bus, who suffered injuries to the head and neck.

Morris Miller, 43, 252 West 23rd, also a passenger in the bus, suffered neck injuries, but refused hospital treatment.

Harold Wardell of West Vancouver was charged with driving while intoxicated. Police said he was weaving from one side of the road to another as he travelled North on the bridge.

Spring Underwear

With warmer weather you will be thinking of lighter underwear.

May we suggest shirts and shorts in broadcloth or jockey style.

Kaslo-Slocan Public Works Dept. Honors Mr. and Mrs. Dennison

NEW DENVER, B. C., April 18—The employees of the Provincial Public Works Department for Kaslo-Slocan District, their wives and friends, gathered in the Knights of Pythias Hall, New Denver, Saturday evening, to bid au revoir to their District Engineer, James A. Dennison, and Mrs. Dennison. After a year and a half spent in this District, where he has made many friends, Mr. Dennison recently has been appointed to the position of District Engineer in the Cranbrook District, and leaves shortly to make his home at that point.

District Clerk James W. Butlin acted as master of ceremonies for the evening, and presented Mr. and Mrs. Dennison with suitable personal gifts on behalf of the employees, expressing regret at losing such a good boss, and two good citizens, and wishing them both much success and happiness in their new job and home. Supporting speakers were Road Foremen Henry Aalten and Peter Nelson, and District Mechanic Mark Nicholson, together with Glen McMullen, Secretary-Treasurer of the B.C.P.G.E. Association, John Robins, Ferryman, Arrow Park, and J. Reyden, Bridge Foreman, and other fellow employees.

Music for a singsong was provided by Miss F. Moss, and other entertainment by the Wilford Orchestra, after which the guests did full justice to a bountiful table of refreshments. Mr. Dennison responded to the presentation and toasts to himself and Mrs. Dennison, and a pleasant evening was brought to a close with the singing of Auld Lang Syne.

Advance Polls Would Necessitate Saturday Elections

Civic elections would be required to be held on Saturdays, when arrangements for setting up machinery for advance polls are completed.

This was learned by City Council Monday night, when City Clerk W. A. Gordon asked what hours should be set for advance polls. He explained that they would be opened Thursdays and Fridays at hours set by the Council, and that the regular polling days would follow on Saturdays.

Council decided to study the matter further.

Ship Ahoy!

Monday's parade of Hampton Gray, V.C., Sea Cadet Corps began after the Easter holidays with an encouraging attendance of 24 cadets and four officers in the Armouries.

Short classes giving attention to stores and gunnery equipment were taken by Executive Officer Graves.

A new entry class in disciplinary training and rules of the road were conducted by Midshipman Warrior.

Quartermaster of the day was Mervyn Williams keeping log of the day's activities of the ship.

Navy League Committee members R. D. P. Gilday was on board for the evening.

Inspection of ship's company was conducted by X.O. Graves, with a view to completion of uniforms for the ship's company.

Ship's company—Stand fast!

Announce Farm Labor Agreements

OTTAWA, April 18 (CP) — The Labor Department announced today that 1950 farm labor agreements between the Federal Government and the Provinces have been forwarded to Provincial Labor Ministers for their signatures.

The farm labor program, first started early in the war, provides for Dominion-Provincial cooperation in moving labor to meet heavy seasonal demands. Last year about 3500 agricultural workers were involved in movements within Canada, the largest movement being the reciprocal swing of harvesters from West to East and East to West, involving about 1700 workers.

In addition, a number of international movements have been arranged. Last year 2150 tobacco workers from the United States came to Ontario, 1350 potato pickers from Quebec and New Brunswick went to Maine, and 350 sugar beet workers went from Saskatchewan to Montana.

To Remove 10 Trees in Park

Cutting down of 10 cottonwood trees in Lakeside Park is to proceed at once.

Alderman Joseph Kary, Parks Chairman, asked City Council Monday night for authority to have the work started. Council members had visited the Park in this connection.

Five trees close to the home of Frank Holt, City Gardener, others in the grandstand and checkerboard area and one near the entrance will be cut down. Danger of falling limbs from dead trees and rotting branches caused the action.

Electric light wires are attached to some of the trees and provision was made in the 1950 estimates for cost of changing the wires. City Electrical Superintendent A. C. VanSacker is studying th possibility of placing the wires underground.

Seek New Fence For Reservoir

Estimates on the cost of renewing the fence bordering the City reservoir are being sought by the City of Nelson. Council has been considering the advisability of building its own fence.

Alderman R. J. P. Riesterer, Water Committee Chairman, said Monday night that the high wind of Sunday night had "just about finished the fence.". One side was down. He felt that purchasing of a fence would be cheaper than building one. Cost of building a fence had been estimated at nearly $2000.

Gleaming Floors
Quickly...Easily
GENERAL ELECTRIC
FLOOR POLISHER

Here's why the G-E POLISHER is so quick

G-E Polisher's two 5½-inch brushes are flat on the floor, and the full 16-pound weight of the machine is on those brushes. An electric motor eliminates all the back-breaking labour by whirling the bristles over the floor at 600 revolutions per minute. This rapid rotation of the bristles with 16 pounds weight on them makes floors gleam in a hurry.

Easy to use... Light to carry... Gets into corners

The G-E Polisher takes the back-breaking labour out of polishing floors. Its counter-rotating brushes do a speedy, gleaming job on hardwood, linoleum and tile floors . . . right up to the baseboard, deep into corners, and close to furniture. Ask your neighbourhood dealer to demonstrate this great new labour-saving G-E Floor Polisher, soon!

You just guide... it does all the work—
