Nelson Daily News

Vol. 50 | NELSON, B.C., CANADA—TUESDAY MORNING, JUNE 19, 1951 | 5 Cents a Copy | No. 49

WEATHER FORECAST

Kootenay—Cloudy with showers. Little change in temperature. Light winds. Low and high at Cranbrook 40 and 72, Crescent Valley 37 and 72.

CANINE PAPER CARRIER is this Spaniel called Micky belonging to Mr. and Mrs. W. G. Armstrong of Kuskanook. Micky waits daily for the bus, jumps in and takes the Nelson Daily News from the driver and scampers home with his cargo. Greyhound bus driver Gordon McConnell of Nelson is shown with Micky, who knows a lot of other tricks as well.

Increased Grants to Municipalities For Gov't Property Urged in Commons

OTTAWA, June 18 (CP)—Members of the Commons today urged the Government to make greater payments to municipalities where Federal property is located.

Finance Minister Abbott, piloting a resolution preliminary to a bill putting the present grants-in-lieu-of-tax system on a permanent basis, gave no indication that the government intends to boost the payments. The resolution was adopted, and the bill received first reading.

The payments are made, under a government formula, to municipalities where there is a heavy concentration of tax-free crown buildings. They do not apply to parks, irrigation projects, canals and other works for the public good.

Mr. Abbott's resolution was given approval by the house after members from all sides of the chamber had expressed themselves in favor of one form or another of increased grants to the municipalities.

In a day devoted to cleaning up miscellaneous legislation, the house also:

1. Gave second reading—approval in principle—to a measure authorizing the Canadian National Railways to build a 155-mile rail line from Sherridon, Man., to tap nickel copper deposits at Lynn Lake, Man. The line is to cost $14,725,000.

2. Adopted bills aimed at avoiding double taxation for Canadians engaged in transactions with Sweden and France.

3. Made progress in clause-by-clause study of income-tax amendments resulting from the 1951-52 budget.

The house also heard Defence Production Minister Howe say nothing conclusive has been decided as the result of discussions about the accumulation of automobiles in the hands of a Canadian automobile producer. The company was believed to be the Ford Motor Company of Windsor.

In another statement, Transport Minister Chevrier told the Commons Great Lakes ships are being diverted from the iron ore-carrying trade to relieve a congestion of grain in lakehead elevators. Mr. Chevrier said it is expected 16,000,000 bushels will be moved down the lakes by June 23, enough to take care of the immediate situation.

Lumber Mill Sea Of Flames in Matter of Minutes

VICTORIA, B.C., June 18 (CP)—The raging $250,000 fire that destroyed the Hudson Lumber Company Limited mill on Garbelly Road today was started by a flash from a motor used to haul logs from the water.

Flames mushroomed into the air in a matter of seconds. Albert Travis, employee of B.C. Forest Products Ltd., who was about 100 feet from the electric motor, said there was a "big explosion and a belch of flame came whipping out."

George Brown, who was with him at the time, said the mill was a "sea of flames in a matter of two minutes."

Alex Lamont, (3084 Millgrove Rd.) foreman of the razed mill, phoned in the alarm.

"By the time I dropped the phone, flames were pouring out one end of the mill," he said. "I never saw anything move so fast in all my life."

He said as far as he knew only two men, Thomas A. Scarfe and Fred Johnston, were in the mill when the fire burst out.

Off shift firemen were summoned to assist in the fight and every available piece of equipment was rushed to the scene.

A slight shift in the wind direction would have ignited the new B.C. Forest Products plant.

T. H. Hunt of the Forest Products emergency fire-fighting crew had three lines of hose connected by the time city fire crews had arrived.

With his 16 man crew he fought desperately to save the Hudson mill which also threatened to lead to nearby B.C. Forest Products building and thousands of dollars of stacked lumber near their main mill building.

The plant was fully insured. It is believed to be one of the few lumber mills in this area not equipped with an automatic sprinkler system.

British Painter To Tour Canada

LONDON, June 18 (Reuters) — William Townsend, leading British landscape painter and art teacher, leaves tomorrow for a nine-week lecture tour of Canada. After seven weeks at the Summer school of the Banff School of Fine Arts of the University of Alberta, he will visit Eastern Canada.

NEW MUSIC CENTRE

LONDON, June 18 (Reuters) — A great music centre for London, with two concert halls and adjoining offices, is to be built in the area of Regent Street, a fashionable shopping area, it was announced today.

Hospice Toll Officially 35

MONTREAL, June 18 (CP) — The death toll in Friday's Ste. Cunegonde fire was officially placed tonight at 35 by coroner Dr. A. B. Clement.

Dr. Clement said there appeared no possibility of further bodies being found in the fire-wrecked home for aged and children. Firemen have completed moving and searching debris where bodies might have been hidden, the coroner said.

Seven bodies were taken from the building today to complete the count.

The figure agreed with the most recent compiled by the Mother House of the Grey Nuns, the Roman Catholic order which operated the hospice.

Meanwhile, preparations went forward for a civic funeral tomorrow for the victims.

Twenty-five bodies, in dark wood coffins, were carried into Notre Dame Church today. There they were placed in twos along the aisles and policemen moved along the hundreds of persons who passed through the church.

Among the bodies were those of the two nuns who died heroically in trying to save the lives of the aged residents of the hospice.

KILLED BY MINE

LORETO APRUTINO, Italy, June 18 (AP)—Five small children and a woman were killed near here today in the explosion of a buried land mine, left over from the war.

85 Per Cent District Support . . .

Creston Opens Hospital Tender, To Attempt Reduction of Details

CRESTON, B.C., June 18—The one and only tender to build a new hospital for Creston District came from Bennett and White Construction Co. Ltd. and was for the amount of $368,069.

The estimated cost of the new hospital from an architect's point of view was $342,000, made up of $318,000 construction, $19,000 architect's fees and Hamilton and associates $4000.

On the motion of H. L. Miller, new Hospital Committee building chairman, the Board accepted the tender of Bennett and White on the basis of $330,000 for construction. Added to this would be $19,000 for architect's fees, $4000 to Hamilton and associates, making a total of $353,000. Mr. Miller further stated in his motion the architects and contractors should get together and pare the tendered price of $368,069, and, meanwhile, the Board should explore every method possible to secure money for the completed hospital without in any way breaking the plesbiscite statements of the Board.

The Board, with receipt of only one tender, was faced with one of two alternatives, to open and morally accept the tender of the bidder or to extend the time limit on acceptance of tenders. Following a discussion, the Board moved the tender be opened.

As of Monday night some 394 Valley landowners had signed a petition as being in favor of forming a hospital improvement district, 66 signed against it and 52 were not able to be contacted. This gave the Board 85 per cent support, 10 per cent more than required by recent Government legislation.

With the addition of an estimated $58,000 for equipment, the entire project was expected to cost $411,000.

Mr. Baxter was quite confident the architects firm and the contractors could cut some minor features to the satisfaction of all concerned.

The difference in construction costs from the estimated $318,000 to $330,000 meant $12,000 more is needed.

Walter Hendricks, M.L.A. for Nelson-Creston, present to obtain first-hand information on the meeting, told the Board he would do everything possible to obtain more Government help. He complemented the Board and citizens on their fine work during the past months in hospital matters.

Present at the opening of the tender were A. R. Speers, Dr. L. Waldhovd, H. L. Miller, Mrs. A. Palmer, A. Andrews, Mrs. Kostuick, Mrs. W. Truscott, B. Lousley, A. Ness, Mrs. N. Wells, L. Messenger, Miss Davidson, matron, and D. McKay. Mr. Baxter, representative of the firm of Sharpe and Thompson, Berwick, Pratt, was present.

Detroit Transit Workers End Strike

DETROIT, June 18 (AP)—Detroit's 3500 striking streetcar and bus drivers voted tonight to return to work and mediate their wage dispute with the city.

Full service on the municipally-owned transit system is expected to be resumed tomorrow morning.

This will end a 59-year-old strike—the longest public transit strike suffered by a major American city.

The Union demanded an increase of 8½ cents an hour. The city said it could offer only five cents. The average base pay of the operators is $1.67½ cents but the city contended fringe benefits brought this up to $2.30 an hour.

KING EXPECTED TO MAKE TRIP TO AUSTRALIA

LONDON, June 18 (Reuters) — Buckingham Palace tonight hinted that the King, convalescing from a lung inflammation, is expected to be well enough by the beginning of next year to make his scheduled trip to Australia and New Zealand.

Though nothing was said officially on that score, an announcement said the King had approved the itinerary of the trip, to Australia, to start Jan. 22 from Southampton, England.

Today's report on the King's health said he is getting better. He has moved to historic Windsor Castle.

Could Not Consider Joining Atlantic Pact

DUBLIN, June 18 (AP) — Prime Minister Eamon de Valera of the Republic of Ireland said today his new Government could not consider entering the Atlantic Pact while Northern Ireland is separated from the Republic.

HONG KONG, June 18 (Reuters) —Five Chinese girls who last week ran away from a Singapore school in a bid to reach Communist China "to advance their studies" will be flown home tomorrow under police escort. The girls, aged 16 to 19, reached here after boarding the Netherlands ship Tjiwangi as deck passengers.

American to Command Southern Europe Forces

PARIS, June 18 (AP) — Gen. Dwight D. Eisenhower announced today—the day after the French election—the appointment of United States Admiral Robert B. Carney as Commander-in-Chief of Atlantic Pact forces in Southern Europe.

It left open whether an American or a Briton will command naval forces in the Mediterranean. Carney, 56, is Chief of the U. S. Naval Forces in the Eastern Atlantic and the Mediterranean.

Two of his chief subordinates, Eisenhower announced, will be Maj.-Gen. David M. Schlatter, 50, U. S. Air Force atomic expert, who will lead Southern air forces, and Italian Gen. Maurizio Lazzaro de Castiglioni, 63, who will head up the Southern army forces. Schlatter has been Assistant Deputy Chief of Staff for atomic energy operations.

Carney is a specialist in submarine defence and convoy protection who had extensive experience in combined operations.

When President Truman appointed him to command the U. S. Sixth Fleet it was widely assumed he would be Atlantic Pact Chief in the Mediterranean.

However, Winston Churchill raised a row over the nomination of an American, Admiral William M. Fechteler, as Supreme Naval Commander for the North Atlantic.

MAY BE DIVIDED

Now it may develop that the Mediterranean command may be divided, with a British naval man in charge of the Eastern Mediterranean and Middle East area.

Gen. De Lazzaro de Castiglioni in 1940 was Chief of Operations of the Italian army.

Eisenhower's staff of 23 now includes eight Americans, six Britons, five Frenchmen, two Italians, one Norwegian and one Dane, besides himself.

Eisenhower has called a conference for tomorrow of all his principal commanders-in-chief at his Paris headquarters.

Announcement of the appointment after the French elections indicated the difficult political nature of Eisenhower's command.

Reds Lose Heavily In Jet Battle

By DON HUTH

TOKYO, June 19 (Tuesday) (AP) — The Communists strengthened their lines in North Korea Monday for a possible new offensive but decisively lost a new test of strength in the air with American jet fighters.

The Reds hurled a total of 56 Russian-built jet planes at 37 American F-86 Sabres in "MIG Alley" just South of the Manchurian border in two spectacular actions Monday. Five Russian-built MIGs were shot down and two damaged without loss or damage to the Fifth Air Force planes. In one scrap, the odds were 16 MIGs to four U.S. Sabres but the speedy F-86's escaped without harm.

It was the second consecutive day of jet battles. Sunday, 20 Sabres outfought 25 MIGs, destroying one and damaging six without loss to themselves. The two-day total bag thus was six MIGs destroyed and eight damaged.

FRESH TROOPS REPORTED

As Communist planes showed more aggressiveness, fresh Chinese troops were reported near on the Western and Central fronts.

Other Red groups milled about inside the Chorwon-Kumhwa-Pyonggang triangle country, 17 to 29 miles North of the 38th parallel.

Field dispatches—so heavily censored that the war picture was blurred—said the Chinese were digging in below Kumsong, 29 miles North of the 38th parallel in mountainous Central Korea.

On the Western front, AP correspondent Stan Carter was told by an Allied officer: "Reports still indicate new Chinese troops are somewhere to the North."

Good-sized Allied armored patrols bulled their way through an increasing volume of enemy fire to hunt these concentrations. The tanks and troops drew heavy mortar fire over roads seeded with land mines. At one point North of Kumhwa an Allied patrol was forced to turn back without joining forces with another tank patrol.

ATTACKS BEATEN

The Communists hurled two attacks East of Kumhwa during the day, but each was repulsed. The second and larger attack involved about a battalion of Reds and raged four hours before Allied troops contained it.

The U.S. Eighth Army communique Monday night estimated 237 Reds were killed in the encounter, out of a possible 700 to 800 attackers.

Generally the Reds were content to remain in their hill entrenchments South of Kumsong.

Lines remained mostly unchanged along the Central front during the day.

Pakistan Cuts Rubber Shipments To Red China

COLOMBO, Ceylon, June 18 (AP) —The Pakistan Steamship Navigation Company has informed its agents here not to permit its ships to carry rubber to Communist China, saying such shipments would be against the opinion of the free world Pakistan abstained when the United Nations General Assembly voted to recommend a world-wide embargo on shipment of war goods to Red China.

FIND EXPLOSIVES

BAGHDAD, Iraq, June 18 (AP)—Police said today they had discovered large quantities of weapons and explosives in Izra Daoud Synagogue. Military sources estimated it was enough to dynamite all Baghdad. This was the latest discovery reported by police, who said Sunday they found a large store of machine guns, bombs and ammunition in the former home of a prominent Jew.

Higher Federal Subsidy For Gold Mines Approved

Hoped to Compensate for Reduction In Exchange Premiums on U. S. Sales

OTTAWA, June 18 (CP)—The Commons tonight approved legislation to increase by $700,000 the amount of Federal assistance to be given this year to gold mines which have a tough time meeting high production costs.

This will boost to $11,200,000 the amount of Federal subsidies going this year to the marginal low-grade gold producers, compared with $9,200,000 in 1950, $12,500,000 in 1949 and $10,500,000 in 1948.

The increase is being brought about by giving the mines the option of choosing 1948, 1949 or 1950 as the base year for their subsidy payment. Previously, it had been planned to fix 1949 as the base year for all mines. The change gives the subsidy more flexibility.

The subsidy is based on the following complicated formula:

The rate of assistance for this year will be one-half of the amount by which the average cost of production for each ounce of gold exceeds $22, with a maximum at rate of assistance of $11.50.

This rate of assistance will be applied to the number of ounces of gold by which the number of ounces produced and sold this year exceeds one-half of the number of ounces produced in the base year.

Where a mine has been unable to increase production in comparison with the base year, the rate of assistance will be applied to one-half of the number of ounces produced and sold during 1951.

The increased subsidy was put into effect through an amendment to a Government bill extending the Emergency Gold Mining Assistance Act, under which the payment is made, for another year.

Mines Minister Prudham introduced the amendment and Finance Minister Abbott estimated it will give eligible mines an average return of about $2.90 an ounce this year against $2.40 last year, assuming the same production in 1951 and in 1950.

Mr. Prudham said it is expected the amendment will compensate, at least in part, for the reduction in the exchange premium on sales to the United States Treasury, which buys gold at $35 an ounce. The premium went down when the Government freed the Canadian dollar from exchange restrictions last year.

"If the cost of production increases," he added, "the amount of cost-aid payments will likewise increase."

The decrease in payments was explained by the fact the Canadian dollar was devalued in relation to the U. S. dollar and, to offset the increased exchange premium, $3.50 an ounce was deducted from the assistance paid.

In 1950, the exchange premium received by the gold producers ran to about $1,500,000, bringing their benefits over and above the official price of $35 an ounce to $20,700,000. This included their cost-aid of $9,200,000.

In 1949, the exchange premium totalled about $3,100,000, bringing their benefits over and above the $35 official price to $15,600,000, including cost-aid of $12,500,000.

On the same production and same costs in 1951 as in 1950, it was expected that the amount of assistance that would be paid under the legislation as it now stands would be $10,500,000 for this year.

Also, on the basis of the same production as in 1950, the amount of premium going to the mines at a discount of six per cent for the Canadian dollar in relation to the U. S. dollar would be about $8,085,000. This would give the mines, from assistance and exchange premium, about $18,585,000.

However, over and above these totals, the mines were to receive "further substantial amounts" in cost-aid payments under the amendment to be introduced later.

Mr. Abbott said the amendment would deal with the "base year" in the gold assistance formula.

MORE ASSISTANCE

The increase was being made, he said, to meet requests of the industry either for further assistance or for access to the so-called "free" world market for gold.

Mr. Abbott said he felt the program now being proposed would be of more assistance to that segment of the industry that needed help than would be the case if they were permitted access to the so-called premium markets.

"Frankly," he said, "the Government feels that the possible benefits to be obtained at the present time by exporting gold at premium prices have been exaggerated."

He said that mines not eligible for assistance—those which produce other metals to the extent of at least 30 per cent of the total value of their production — have benefitted by "share" increases which have taken place in base metal prices.

"As a result of the changes now proposed, mines with a cost of production in excess of $45 an ounce would receive $11.50 in assistance per eligible ounce, or $5.75 for each ounce produced in 1951.

Britain Would Meet Iran Part Way

LONDON, June 18 (AP)—Britain has agreed to go part way in meeting Iran's demand for cash in order to settle the oil controversy, informed officials said today.

The British-owned Anglo-Iranian Oil Company's negotiators will offer about £10,000,000 as part of a general counter-proposal when they meet with the Iranian negotiating team in Tehran tomorrow, it was reported.

But Hossein Maki, right-hand man to Iranian Premier Mohammed Mossadegh, said at Abadan that unless Britain met Iran's full demands, "we'll shut off the valve."

Britain must agree by the deadline, tomorrow night, to pay Iran 75 per cent of its oil profits since March and set aside the rest in a bank to meet possible company claims for compensation, or Iran will prevent oil deliveries to tankers, Maki told reporters.

French Gov't to Be More to Right

By CARL HARTMAN

PARIS, June 18 (AP)— Nearly complete returns from France's general election tonight forecast a Government considerably farther to the right than the old one.

The middle-road parties which have governed France for the last five years emerged with a majority in the new National Assembly.

But this combination covers such a wide spread of economic and social views that it probably will have to lean to the right to stay in power.

These other facts emerged from the Sunday voting:

Gen. Charles De Gaulle's Reassemblement du Peuple Francais lifted from the Communists the title of "first party in Parliament." But the Communists can still claim the title of "largest party in France" on the basis of their popular vote.

It appeared as if the Communists would be down to about 110 seats from the 183 which they and their fellow travellers had in the old Assembly. De Gaulle probably has improved his standing from about a dozen seats to 115 or more in his first general election.

But the Communists still polled 22.2 per cent of the popular vote, down from 28.6 per cent they tallied in 1946.

So far the contests for 577 of the 627 seats had been decided. Returns from all the 90 departments, or counties, of France, the three departments of North Africa and three colonial constituencies were complete.

These gave the following divisions of seats:

Communists 96.
De Gaullists 107.
Centre Parties 370.
Others 4.

The 370 seats shared by the Centre Parties included:

Socialists 97.
Left Republicans (the Right-of-Centre Radical Socialists and the Democratic Union of Rene Pleven) 85.
Mouvement Republicain Populaire (Left-of-Centre Roman Catholics) 85.
Independent Republicans and Peasants 103.

De Gaullists had 18.5 per cent of the popular vote, Socialists 13.7 per cent, M.R.P. 11.2 per cent and Left Republicans 8.1 per cent.

New Wage Drive For U. K. Predicted

LONDON, June 18 (CP)—Warnings that a new drive will be launched this Summer for increased wages to meet steadily-raising living costs, have been given by powerful units of the British Trade-Union movement.

WOULD RUN FOR LIBERALS

VICTORIA, B. C., June 18 (CP)—Mayor Percy George said today he definitely would stand as a candidate in the provincial byelection in the Esquimalt riding "if the Liberals ask me."

The Esquimalt seat has been vacant since Cmdr. Charles Beard died last December.

FACING THE CARES of this world is just too much for Michael Denoven, 6, at "commencement" exercises of the District of Columbia Society for Crippled Children. But nonchalant Fred Brownholtz, his cap at a rakish angle, gets a laugh out of his classmate's tears.—AP Wirephoto.

Control Board, Coordinator Planned For West Kootenay "Reception" Area

Municipal heads from various West Kootenay centres will probably meet in Nelson Saturday to discuss establishment of a board of control for what in the civil defence program has been called a "reception" area, and to consider nominees for the post of coordinator.

The executive committee of the Association of Kootenay Municipalities decided to call the meeting at a meeting here Saturday, Ald. W. S. Smith, acting mayor, informed the Council Monday night.

The meeting will be held if a government representative arrives in time for the talks.

The reception area extends to Greenwood, the Slocan and Kaslo, and includes Nelson. Trail is a target area, and neighboring communities such as Fruitvale form a cushion area.

Mayors and reeves would attend the meeting, and Nelson has been asked to put forward names for coordinator.

COAST SEAMEN THREATEN STRIKE

VANCOUVER, June 18 (CP)—The Seafarers' International Union (A.F.L.) said tonight it will strike at midnight Friday unless the companies meet its wage demands.

A strike by the 900 seamen would tie up 22 vessels of Canadian National, Canadian Pacific and Union Steamship Lines on the British Columbia coast.

The union is asking $30 a month more. The companies' highest offer so far has been $13.87, which the seamen rejected in a referendum. Basic wage now is $153 a month for deckhands.

CRIPPS IMPROVING

ZURICH, Switzerland, June 18 (Reuters)—Sir Stafford Cripps, former British Chancellor of the Exchequer undergoing treatment for a tubercular infection of the spine, was reported by his doctors today to be progressing well.

250,000 Bottles of Insect Repellent Burn at Spokane

SPOKANE, June 18 (AP)—Some 250,000 bottles of insect repellent purchased from war surplus supplies, were destroyed by fire today. Another 50,000 bottles were saved.

The fire broke out right behind a Spokane Valley fire station and firemen pounced quickly on the blaze. Damage was estimated at $12,000.

Spokane Painter Falls to Death

SPOKANE, June 18 (AP)—A 60-year-old man who was painting a downtown building fell 35 feet to the sidewalk today and died a few minutes after he was taken to hospital.

Fred Holmdahl of Spokane lost his balance on the scaffolding at the Bell Furniture Company Building.

And In This Corner . . .

SLIGO, Republic of Ireland, June 18 (AP)—The old master of the fishing yarn, Izaak Walton, would have chuckled at this one.

The Fishing Gazette tells about an angler on the River Moy, in Sligo, who recently shot a cormorant.

He found inside the bird a 14-foot cast, complete with fly, which had caught a half-pound trout. Carefully extracting the cast, the angler mounted it on his own rod and landed 40 trout.

RANGELEY, Me., June 18 (AP)—A young merganser wild duck knew where to head for after coming down a Summer camp's soot-caked fireplace chimney. The grimy fowl was found today in the bathtub.

PARIS, June 18 (Reuters)—Transport officials think Frenchmen are getting taller.

Following numerous complaints from bus passengers about bumping their heads, they decided to raise advertising placards around the insides of the vehicles.

CALGARY, June 18 (CP)—A young man swayed up to the police station investigation department, dropped a key on the counter and asked for his money back.

"What money?" asked a puzzled detective.

"Two dollars and fifty cents," said the young man. "I paid for a room upstairs and I won't need it."

An inspector firmly informed him that (A) it was certainly not a hotel, (B) the only available rooms had bars in the windows, and (C) that if the young man got one, it would cost him more like $23.50 than $2.50, and there would be no refund.

The youth, a new armed forces recruit, smiled affably and lurched out the door to spend his leave elsewhere.

DETROIT, June 18 (AP)—Malcolm W. Bingay, Detroit Free Press editorial writer, led off his "Monday Wash Line" column with this blast from a reader:

"Bing, why don't you dry up and fade away?"

Bing's retort: "Old editors never dry, they just blaze away."

OAKLAND, Calif., June 18 (AP)—Love literally gave Willie Gerro a hot foot.

It all began, police said, with a quarrel between Willie, 49, and his girl friend, Carrie Carrington, 46. At the climax she jumped into her parked car, locked the doors, rolled up the windows and drove off.

Willie held to the door handle and trotted along. Carrie speeded up. So did Willie. His feet finally gave out after 13 blocks.

Police found Willie nursing his blistered feet—his shoe soles burned through, his socks in rags.

He was treated in hospital, then charged under a law that says: "No person shall ride on any portion of a vehicle not designed or intended for use of passengers."

Nelson's Borrowing Power Proposal Will Go Before U.B.C.M. Convention

A formula proposed by City of Nelson which would take utilities into consideration when a municipality's borrowing power is determined, was approved at the provincial municipal officers' convention in Victoria.

City comptroller W. A. Gordon informed Council of this Monday night in a lengthy report on city affairs which Council received for study.

The proposal will go before the Union of British Columbia Municipalities convention in Harrison Hot Springs for final aproval to consolidate sections 106 and 110 of the Municipal Act. As there are only about six municipalities interested in electric light, the Nelson delegate will have to "see that the resolution is approved". Mr. Gordon stated.

The Public Utilities Commission will not approve of Nelson imposing a $100 charge outside the city and a $50 charge inside for waterworks extensions, so Mr. Gordon suggested all water bylaws be checked and a just method of charging for extensions outside city limits arranged.

"It is possible that extensions outside the city could be arranged on a foot frontage basis and this would allow the pipes to be of a larger size to permit further extensions without reducing the pressure on those already served," he stated.

The Glacier Lumber Company, which is seeking more water, is giving the city an order for the pipe, will pay the total cost of installation, and will also give easements for any extensions the city may require. A matter which has to be decided is if $200 will be enough to charge annually to cover the water spray for the company's sawdust burner.

A new six-inch main has been laid on Front Street from Hall to Vernon Streets and its completion North to Chatham Street is underway. It was found that while a new main was laid on Vernon Street before paving, no new main was extended on Ward Street North to a point beyond the pavement, with the result that concrete pavement had to be cut. This is very costly, Mr. Gordon stated.

In Fairview, some grades are now established starting with Davies Street, and Mr. Gordon recommended that two or three bad streets with wooden sidewalks be graded, the wooden sidewalks piled up and either cement or asphalt walks constructed.

"I believe enormous savings will accrue if all projects can be made by avoiding duplication of work having sidewalks, water mains and sewers at a proper, established grade instead of following the natural of the street which has resulted in expensive work having to be destroyed or lowered at a further heavy cost to the city."

The Weather

SYNOPSIS—Shower activity was general throughout the Interior of B. C. and isolated thunderstorms were reported in the Kootenays. However skies are clearing over most of the Southern regions while considerable cloudiness is persisting over the Northern Interior. Another sunny day was recorded for the Southern coast and Lower Mainland although fresh winds kept the temperatures down at most places.

Strong Northwest winds which developed over the coastal areas rose close to gale force over exposed sections of the coast.

Although winds along the coast will be somewhat lighter there will be no marked change in the weather picture.

The most beautiful, low-cost asbestos shingle Johns-Manville has ever developed!

Durabestos Roof Shingles

What do *you* consider of first importance in a roof? Weather protection? Fire safety? Beauty? Permanence? If you insist on *all* of these qualities you will wisely choose Johns-Manville Durabestos Roof Shingles.

J-M Durabestos Roof Shingles are made of asbestos and cement. They are completely weatherproof; they can't burn, rot or wear out; rigid, they won't curl in high winds.

And with their distinctive graining, staggered butt lines and appealing colours, they become truly a roof of rare beauty and "a joy forever".

they're Beautiful — RICHLY GRAINED—ATTRACTIVE COLOURS — Fireproof, Rotproof — IN OVER 40 YEARS NOT ONE HAS BURNED OR WORN OUT!

FREE! For literature on Durabestos Shingles, see your J-M dealer or write Canadian Johns-Manville, Dept. N-13, 199 Bay St., Toronto.

FUNERAL HELD FOR PROCTER MAN

Funeral services for the late George Frederick Daniell were held from St. Saviour's Pro-Cathedral Monday afternoon. Very Rev. T. L. Leadbeater officiated.

"Jesus, the Very Though of Thee" was the hymn sung.

Members of the Nelson branch, Canadian Legion, served as pallbearers, Jack Brinley, Duncan Smith, John Drummond, Norman Brown, Joseph Gillis and C. R. Higgins.

Piper George Milne played the Lament at the conclusion of the graveside service following the reading of the Canadian Legion burial service by Norman Brown.

Mr. Daniell, a resident of Procter for many years, dies at Shaughnessy military hospital at Vancouver June 12.

First Readings Given Bylaws

First and second readings were given money bylaws totalling $350,000 by City Council Monday night. They will now go to Victoria for approval.

The Power Transmission bylaw would authorize borrowing of $300,000 at four per cent for renewal of the transmission line from the City Power Plant.

Another bylaw seeks $50,000 with which to carry out improvements to the Civic Centre.

Council also gave three readings to three bylaws providing for easements for electric light, sewer and road purposes. Easements cannot be registered without bylaw passage.

Shingling Fee Found in Order

Permit fee for shingling of the W. H. Foster home on Victoria Street by the Penfold Roofing Company was quite in order Building Inspector R. Jardine advised City Council Monday night.

The shingling was "definitely" an alteration, he said. The roofing company had contracted to cover the roof and front verandah with fireproof shingles. These came under a different classification than cedar shingles, which were on the roof, and left on. Therefore it was an alteration in the type and class of shingle used to the extent that certain fire insurance companies gave a reduction in the insurance rate when such alterations were made.

Mr. Foster recently visited Council to back his letter suggesting the City collected the $1 permit illegally. He argued that the work should have been classed as a repair job and pointed out that "repairs" did not come under the building bylaw. Hundreds of other permits may thus have been collected illegally.

Mr. Jardine said the City had to obey Statistical Act 45 of the Statutes of Canada 1948 which took precedent over all City bylaws on the question of permits. All repairs were required to be reported to the Federal and Provincial governments within five days after the end of each month. Without permits this could not be done.

There was a certain amount of office work entailed in filling out reports, and in checking permits to see what work was being carried out. A nominal fee was thus necessary.

He recommended that Bylaw 1091 be amended to conform with the Statistical Act which had been put into effect one year after the City had enacted Bylaw 1091.

Alley Sought

Two applications from Radio Avenue residents for an alley opening to their properties were referred by City Council Monday night to its public works committee. Mr. and Mrs. R. Newcomb and R. W. Mann were the applicants.

ADMIT STEALING FROM PROPRIETOR

VANCOUVER, June 18 (CP) — Two women pleaded guilty in police court today to stealing $2,850 from a cafe proprietor who had to sell his business because of the theft losses.

Pauline Rayburn, 38, a cashier, and Ruth Downey, 32, a waitress, were remanded until Friday for sentence.

The cashier was charged with stealing $2,500 from the Empire Cafe and the waitress was charged with stealing $320 there. Their lawyers said full restitution has been made.

WOULD PROBE HORSE RACING

VANCOUVER, June 18 (CP) — Chief Justice W. B. Farris of the British Columbia Supreme Court today suggested a Royal Commission be appointed to investigate horse racing in B.C.

WASHINGTON, June 18 (AP) — The government and the great bulk of the United States steel industry agreed today on a government order banning any price fixing agreements on thousands of steel products.

KIDNEY ACIDS Rob your Rest..

Many people never seem to get a good night's rest. They turn and toss—blame it on 'nerves'—when it may be their kidneys. Healthy kidneys filter poisons and excess acids from the blood. If they fail and impurities stay in the system—disturbed rest often follows. If you don't rest well get and use Dodd's Kidney Pills. Dodd's help the kidneys so that you can rest better—and feel better. 136

Dodd's Kidney Pills

Police Chief Says Blood on Shoe, Jacket Led to Meiorin Arrest

Two additional statements, said to have been made by Leo Meiorin while in police custody, were introduced in testimony offered at the fourth day of the Trail boy's trial here Monday. Neither were entered as exhibits, the admissibility of the third having not yet been established at the close of the Monday session.

Meiorin is charged with the ax-slaying of 15-year-old June Bradshaw, killed in her Trail home Nov. 29.

The first statement allegedly made to the police was entered as evidence on Saturday and said in testimony to have been made before the youth had been placed under arrest. The two introduced Monday were said taken after the boy had been charged.

Constable Louis Michelin said the second statement was made at 12:25 a.m. Nov. 30, a few minutes after the boy had been placed under arrest and about an hour after the first statement had been taken by Michelin.

In this statement, Meiorin reportedly said he left his home shortly after 8 p.m. and went to a Rossland Avenue poolroom. From there, according to the statement, he walked to the Tadanac station to pick up his pay check, then walked back downtown where he met two youths in a cafe.

The vein of the first statement was then followed closely with regard to telephone calls and his subsequent arrival at the Bradshaw home following discovery of June's body.

The accused had declined to sign this statement when given the option, Michelin testified. On the question of admissibility, Mr. Justice Whittaker ruled that the unsigned statement amounted to notes made by Michelin at the time, and could not be entered as an exhibit.

However, he ruled the evidence relating to the statement as admissible on the ground it was exculpatory.

Constable Frank Fernelli testified to taking the third statement at 11:30 a.m. Nov. 30 in the lock-up of the Trail police station at the boy's request.

DENIAL

In cross-examination by Defence Counsel Wetmore, Constable Fernelli denied he had told the accused that "what you need is a couple of slaps across the face to straighten you up." Wetmore suggested this had been said during the course of taking the statement.

Dr. W. C. Bradshaw, father of the slain girl, testified to being called by the accused to his cell about 5 a.m. and again at 11 a.m. Nov. 30. Dr. Bradshaw said he asked the boy to "tell me what happened" and to "make a clean slate of it". He said the boy had replied "I want to" and then repeated several times "I was scared."

Dr. Bradshaw testified to witnessing and signing the third statement which was signed also by the accused and Constable Fernelli.

The trial wtihin a trial on the admissibility of the third statement was adjourned by Mr. Justice Whittaker pending the arrival of a witness from Trail.

Earlier in the day, Tadanac Police Chief William Irvine testified that Meiorin had been arrested after the discovery of blood stains on the toe of his shoe and jacket.

Irvine said he noticed the stains while conversing with the accused following the taking of the first statement the night of the crime.

He said he had asked Leo to account for the stains and that the boy had replied that he had shot a deer on Nov. 19 and had cleaned it in his basement.

Irvine said he took the youth's jacket and shoes and gave them to S./Sgt. W. J. McKay, officer in charge of the Trail R.C.M.P. detachment.

S./Sgt. McKay testified that he had formally charged Meiorin with the murder a few minutes after receiving the clothing.

Former G. Forks, Nelson Girl With Elgar Choir

When the Elgar Junior Choir leaves Vancouver June 21 for a tour of Great Britain, travelling with it will be a former Kootenay-Boundary girl.

One of the choir members is Margaret Landon, daughter of Mr. and Mrs. G. L. Landon, of Burnaby. Margaret, 13 years old was born in Grand Forks, and is the granddaughter of Mrs. N. E. Landon of Armstrong. Mr. and Mrs. Landon are former residents of Nelson and Grand Forks.

The choir will sing at Grace United Church in Winnipeg on June 24 and will sail from Quebec City on S.S. Samaria on June 27 arriving at Southampton on July 6.

Concerts will be given at Southampton, Reading, Windsor, Wimbledon, Hendon, Luton, Port Cawe, Barry, Swansea, Cardiff, Oxford, Cheltenham, Sandbach, Sale, Stockport, Glasgow, Dumfernline and Edinburgh.

The choir is scheduled to sail from Southampton on S.S. Scythia on August 23, and the choir is expected back in Vancouver, Sept. 20.

In the 25-voice ensemble is also Flora Johnson of Nelson.

RELIEVED OF DUTIES

BUDAPEST, Hungary, June 18 (Reuters)—Imre Horvath, Hungarian minister in Washington, has been relieved of his duties, the Hungarian Telegraphic Agency announced today.

He has been replaced by Dr. Emil Weil, a prominent Communist and Secretary-General of the Physician's Trade Union.

Subdivision Granted

Application of John Burns, 1002 Kootenay Street, for subdivision of a lot, was granted Monday night by City Council.

Good Feelings Reported Among B.C. Liberals

VANCOUVER, June 18 (CP) — Everything is "jim-dandy" in the B.C. Liberal Party.

That was the word that came out of today's meeting of the Advisory Committee.

There were pre-session rumors of dissension within Liberal ranks over the Coalition issue and possibility of a vote of censure against President Harry Perry, who has been critical of both Coalition and hospital insurance.

But spokesmen said there was no battling.

It was intimated, however, that delegates got plenty off their chests about hospital insurance, the sales tax, Coalition and various aspects of party organization.

All Mr. Perry would say, however, was that there was "the fullest and frankest discussion of all party affairs."

The meeting was addressed by Premier Johnson, who repeated his stand that the B.C. government was elected on a Coalition ticket and that he would not be responsible for breaking the Coalition.

Possibility of a provincial convention to deal with major party policies was discussed, but delegates said there will likely be no convention this year. The regular yearly executive meeting will be held late this Fall.

JUST A GLIMPSE of the color and thrills that are to come with the staging of the first Kin Stampede here Friday and Saturday was given Nelson and District folks at the pre-Stampede street dance on Hendryx Street. Here the Junior Joymakers are caught by the camera during an exhibition of square dancing.—Daily News photo.

Civic Centre Record-Keeping May Be Changed

The Civic Centre financial statement for 1950 was approved Monday night by Council for publication with the City statement, and a recommendation was received from City Comptroller W. A. Gordon on future handling of Civic Centre records.

Mr. Gordon recommended in a written statement that Council arrange that "records be set up and maintained for the Civic Centre statement, including cash statements and cash assets and liabilities, all to be embodied in the proposed new bylaw."

No cash statement was included in the 1950 statement, Mr. Gordon said, but one was being prepared.

Acting Mayor W. S. Smith said that on visiting the Civic Centre office with Ald. Alex Sutherland and C. F. Hunter, City auditor, to ask for tickets Mr. Hunter had been trying to obtain, the tickets were immediately turned over. Request for the tickets had not been made at the Civic Centre office, it was explained.

Ald. Arthur Foster said Mr. Hunter had reported to Council that he wrote letters in February and March asking for the tickets. There had been "a lot of stalling."

Amalgamation Petition "Must Come First"

City Council cannot guarantee that sewers, street lights and other improvements will be immediately proceeded with in South Nelson if that area decides to seek amalgamation with the City.

Council Monday night instructed City Clerk Reeve Harper to also advise the group which has been taking steps to circulate a petition among South Nelson property owners that the petition should first be completed.

City Controller W. A. Gordon said he had already explained to the South Nelson group that it would be impossible to give such a guarantee.

The matter arose when Ald. Alex Sutherland asked what action had been taken in connection with a letter read at the last meeting of Council. The letter had been tabled.

The City controller said Nelson ratepayers also would be asked to vote on the question of amalgamation, and a bylaw authorizing improvements in the South Nelson area voted on, too, if amalgamation was approved. The possibility of defeat in either case had to be considered.

MRS. GRIFFIN, JOHNSON WIN LEGION CARDS

Twelve tables of players participated in the whist drive held in the Legion Hall by the Legion Merry Makers Friday evening.

Mrs. June Griffin won ladies first and Mrs. H. Cox second. Gents first prize was won by D. Johnson and second by William Sommers. Ald. S. J. Newell was master of ceremonies for the cards.

A dance and refreshments followed. Walter Bailey was M.C. for the dance.

Fairview Road Request Studied

Request of a group of property owners in the 400 block on Fourth Street for a road and sidewalk fronting their properties is being studied by the Public Works Committee for report back to City Council.

Monday night, Council was reminded in a letter from the property owners that no action had as yet followed their petition of January, when they had been advised the work would be considered during preparation of this year's estimates.

Up to the present, the letter said, there was no evidence that the telephone line was being moved to give the block, which faces the Fairview playground, a standard width. They were anxious the work be completed so there would be no repetition of the unfavorable conditions experienced through the use of the alley as the only means of access to the properties during Winter ..

In view of the upward revision of assessments, they felt they were entitled to front access to their properties in order to be assured of fire protection and to have the same facilities and enjoy the same privileges other taxpayers did.

Ald. Arthur Foster felt the group deserved some access, and on his suggestion Public Works Superintendent R. D. Hickey was asked to study feasibility of putting in a road.

Mr. Hickey said access could only be at the Behnsen Street end and that a turnaround would be required at the Cottonwood Street end. A wall from three to five feet high would be necessary.

Moving of the poles now in the center of the road right of way will also be studied.

Says No Basis for Reports Meals Poor at Hostel

Reports that meals were not all they should be at the City hostel for aged men were "unwarranted," City Controller W. A. Gordon told City Council Monday night.

Investigation of "complaints" had been asked at the June 5 meeting of Council by Ald. S. J. Newell, who said he had been told an insufficient amount of meat was being served and that no milk was given with porridge.

Mr. Gordon said the men staying at the hostel said they "always have milk for porridge and other times when required."

The article in the Daily News reporting Ald. Newell's action in calling attention to the complaint had resulted in the housekeeper leaving "as she felt it was a reflection on her," and the City had great difficulty in getting another, "even on a temporary basis."

Representatives of any and all organizations were welcome to inspect the establishment and talk with the men.

The City had a large ice box, but ice was too expensive and some of these organizations might assist the City in purchasing a refrigerator.

Ald. Alex Sutherland said one of the men had also come to see him to ask where the report came from. He said he had "no kick whatever." The housekeeper had been doing "a good job."

Weigh Scale Rates To Be Boosted

Increased City weigh scale rates are proposed in Bylaw 1152 given three readings by City Council Monday night. Present rate is a straight 20 cents per truck, and under the new rates truckers will pay 15 cents for the first ton and 10 cents each for every additional ton.

The bylaw will also set the hours of the attendant.

CONSTIPATION GONE—FEELS FINE!

Fernie Hospital Operating Costs Exceed Revenue

FERNIE, B.C., June 18—Operating loss fo $713.79 was reported for the past year at the anual meeting of the Fernie Hospital Society by Board Chairman Matt Whitelaw. Revenue was $84,817.66 from hospital insurance, $15,734.03 from other patient sources, and $6317.75 from other sources, to total $106,869.44.

Actual expenditures for the year totalled $95,052.77 with salaries and wages revised on a 44-hour week basis during the year to require more than half this amount. However, required accounts for bad debts and depreciation provision totalled $14,530.46 in addition to expenditures to put operations in the red. Financial statement was presented by Treasurer Frank Hughes.

Acknowledged by the chairman were substantial gifts for caiptal expenditure for Fernie Memorial Hospital from the Canadian Legion and its Ladies' Auxiliary, Holy Family parish Boy Scouts, and the Rotary Club.

Reelected to the Board of Directors from the general meeting of the Society were Mr. Whitelaw, Mrs. H. E. Miard, Miss M. E. Young, R.N., T. G. Ewart and William Martin. Appointed to the Board by the city were Mayor Tom Uphill, M.L.A. James Cameron and J. J. Haile, with Frank Hughes the required appointee by the Provincial Government.

Gypsy Concert Treat for Kaslo

KASLO, B. C., June 19 — St. Mark's Anglican Church Choir gave a gypsy concert in the Legion hall, that was a treat to everyone present.

Arrayed in colorful gypsy costumes, each number of the program was well done. The piano solos and chorus selections were very good. Of the outstanding numbers, was a saxophone and claronet duet by Murdith Moody and George Shimizu, a violin-cello solo by Miss Pat Halleron and a saxophone solo by Murdith Moody. Also an orchestra selection that earned the hearty applause of the audience,.

Mr. and Mrs. C. C. Halleran were in charge of the program and also the accompanists.

At the close of the concert refreshments were served by the choir, during which Mrs. M. Whittaker in gypsy costume, read the tea cups.

Dangerous Driving Charge Is Laid After Accident

J. O. Moxness of Vancouver has been charged with dangerous driving after his sedan was in collision with an English-made car driven by William Kalyniuk of Nelson at the intersection of Houston and Stanley Streets early Sunday morning.

Damage amounting to $400 resulted to the Kalyniuk car, which was proceeding West on Houston, and the Moxness car was damaged to the extent of $225.

Moxness will appear in city court Tuesday morning.

LARRY RATCLIFFE

WINNER of the Kimberley Parent-Teacher Association's $175 fine arts scholarship was Larry Ratcliffe, 18-year-old son of Mrs. Lois Ratcliffe and the late C. E. Ratcliffe of Kimberley.

The Dorothy Callaghan Memorial Scholarship each year is awarded to the student adjudged to have done the most for his school in one of the fine arts subjects, this year's award being made for journalism. The award winner has written news and sports stories for the Kimberley paper and the Nelson Daily News. — Photo courtesy Mrs. A. E. Oliver.

Slocan District Doubles Blood Donors' Quota

NEW DENVER, B.C., June 18—Over 300 volutneers arrived to donate blood at clinic held in Lucerne High School at New Denver. A few who volunteered were unable to donate, but a total of 293 donations were received. The original quota was 150.

All supplies including refreshments, stationery, postage, and so on were contributed by business firms and local clubs, and assistance of the operation of the clinic was given by local organizations.

Chairman Q. A. Forsythe, of the Slocan District Blood Donor Committee, stated that the day was a great success and expressed the thanks of the committee to all canvassers, donors, and voluntary workers.

The Slocan District Blood Donor Committee was formed under the leadership of the Slocan District Board of Trade, and received the wholehearted support of all sections of the Slocan District.

Former Fernie Policeman Dies

FERNIE, B.C., June 18—Funeral services were held for Harry Hughes, policeman, miner and Crow's Nest resident for 43 years, who died suddenly at the age of 75 years at the home of his son, Herbert at Natal. He came to Fernie in 1908 and served with city police until 1915 when he transferred to the Provincial Police with whom he served in Fernie district until 1922. Following this service he was employed at the Michel colliery of the Crow's Nest Pass Coal Company until retirement in 1936. He was born in England and prior to coming to Canada he served seven years with the 14th Hussar Imperial Army.

He was a member of the Oddfellows Lodge, and six past grands were pallbearers, with six past presidents from the Rebekah lodge as honorary pallbearers. Rev. J. M. Alexander officiated at services at the United Church. Survivors are a daughter, Mrs. J. Kozler of Qualicum, three sons, Herbert and Sidney at Natal and Harry at Penticton eight grandchildren and six great-grandchildren, and a brother and sister in England.

INQUEST WILL CONTINUE TODAY

Inquest into the death of a man whose body was discovered in Kootenay River below Nelson in May, tentatively identified as Charles William Keating, 21, resumes today in City Hall.

The coroner's jury heard the bulk of evidence June 5, but decided to adjourn on that date until findings on specimens from the body sent to R.C.M.P. laboratory in Regina could be given.

Perfect Bridge Hand Gives Cranbrook Fan 2040 Score

CRANBROOK, B.C., June 18—With a hole-in-one at golf already to her credit, Mrs. W. A. Fergie added another distinction here lately. She got a perfect bridge-hand in hearts, and what is more she and her partner, Mrs. R. S. Geddes, scored a maximum 2040 out of it.

They were playing against sisters, Mrs. James Logan and Mrs. Malcolm Belanger. Mrs. Geddes shuffled, Mrs. Belanger cut and Mrs. Fergie dealt. Hasty glance at the other three showed Mrs. Fergie that their hands were not out of the way, after she had registered her own 13 hearts. She recalled her husband's advice years previously on what to do with a perfect hand, and she went ahead and did it.

She opened with two hearts, and their opposition mentioned diamonds. Her partner switched to "no trump" and at four "no-trump" she took the jump to a grand slam in hearts, which Mrs. Belanger doubled, on the strength of complete diamond honors, and Mrs. Fergie redoubled. The tally came to 2040 as she slid her hand to the table.

Recipes . . .

Pack Picnic Hampers With Nutritious Food

By MARGARET CARR

A picnic meal should be planned for good nutrition, just the same as indoor meals.

The menu should be simple — not more than three or four different dishes, but plenty of each, for almost everyone's appetite becomes ravenous when the meal is served in the open. Modern picnic menus include all the protective foods needed by the various ages of the family — fruits, raw vegetables eggs, milk, fruit drinks, sandwiches with meat, fish, egg and other protein fillings.

Here are two picnic dishes that always win favor at picnic suppers.

SOUR CREAM POTATO SALAD

¼ cup thick sour cream
¼ cup mayonnaisse
3 cups diced cooked potatoes
1 teaspoon chopped chives
3 slices bacon, diced and fried
Salt and pepper
Lettuce or other greens

Blend sour cream and mayonnaisse. Add potatoes and mix well. Fold in chives and bacon. Season to taste with salt and pepper. Serve on lettuce or other greens. Makes four servings.

CABBAGE ROLLS

1 head cabbage
4 carrots, shredded
½ green pepper, slivered
1 teaspoon salt
2 tablespoons tomato catsup
¼ cup mayonnaisse
1 teaspoon prepared mustard
1 teaspoon horseradish

Cut cabbage in half lengthwise. Shred one-half, reserving the other half for making rolls. Combine shredded cabbage, carrots, green pepper and salt. Separate leaves from the remaining half of cabbage head. Spread two or three tablespoons slaw on each leaf. Roll up like a jelly roll. Place close together on waxed paper. Wrap in a damp cloth and chill thoroughly. Combine tomato catsup, mayonnaisse mustard and horseradish. Serve in a bowl for easy dunknig. Just before serving, stick toothpicks in cabbage rolls.

Mrs. Guy Lombardo Compares Blue Bonnet —Always Puts It On!

Here's a hint from Mrs. Guy Lombardo. Compare BLUE BONNET Margarine with any spread at any price. Like the band leader's wife, you'll love BLUE BONNET's fresh, sweet flavor! Rich nutrition! Real economy! BLUE BONNET is Canada's fine quality all-vegetable margarine. Use BLUE BONNET in cooking, on vegetables, as a delicious spread. Buy BLUE BONNET and get "all 3"—Flavor! Nutrition! Econom-e-e!

Blue Bonnet margarine is sold in two types — regular economy package with color wafer and also in the famous YELLOW QUIK bag for fast, easy color.

Cranbrook Loses Another Oldtimer In Mrs. S. Davis

CRANBROOK, B.C., June 18 — Elizabeth Susan Davis, widow of Richard Davis, who died last year, died suddenly June 14 at Vancouver where she had gone on a holiday. She was born Elizabeth Chatham at Gananoque, Ont., and her marriage to Mr. Davis took place there.

They came to this district in the early 1900s when Mr. Davis worked at logging operations in various East Kootenay points, including Bull River, and they had lived in Cranbrook for the past 31 years. Survivors are a son, Lee Davis at Elko and a daughter, Mrs. F. J. Dooling of Cranbrook and four grandchildren.

The body will be brought here for funeral services early next week at the Presbyterian Church, of which she was a member.

FOLKESTONE, England (CP)—A boy who stole a collection box told the court he wanted the money to go to the movies. The magistrate ruled he must not attend the movies for at least a month.

J. R. MILLS

COMINCO PROMOTIONS announced recently saw J. R. Mills, 25 years with the company, raised to chairman of the research board. Variously assayer, research chemist, chemical supervisor and senior research engineer, Mr. Mills has served both at the Tadanac plants and with Alberta Nitrogen Products Ltd. In 1945 he was loaned to the National Research Council at Ottawa and Chalk River. —Cominco photo.

ED BENSON

. . . who has become assistant manager of the personnel division of C.M. & S. Company Ltd., at Trail. Mr. Benson has been engaged in personnel and labor relations work with Cominco since 1944.—Cominco photo.

Rossland Staff Honors Principal

ROSSLAND, B.C., June 18—The entire staff of the elementary school in Rossland at a staff meeting in the library of MacLean School honored their principal, E. E. Perkins, who is leaving in September to take the position of principal of East Trail School.

Guests present were Mrs. E. E. Perkins, Mrs. S. R. Davies, Mrs. A. Nichols, Miss June Cornell and Mrs. R. Munn. Mrs. Hazel Davidson, who has been on his staff for the last thirteen years, presented Mr. Perkins with a complete fishing rod, wrapped to represent a class-room pointer. Mrs. Perkins was presented with a corsage of sweetheart roses and tiny carnations. Mrs. Davidson said they deeply regretted Mr. Perkins' departure but wished him and Mrs. Perkins and family every happiness in their new home.

Mr. Perkins then presented Miss June Cornell, Public Health Nurse, and teachers Miss Vivian Johnson, Miss M. Militich and Mrs. Lenore Brewin with wedding presents on the occasion of their coming marriages. Tea was served from a daintily decorated table centred with a fluted bowl of lily of the valley, roses and pansies. Hostesses for the afternoon were Mrs. B. McDonell and Mrs. L. Brewin.

Correction of Prisoner's Outlook Vital to Rehabilitation, Rotary Told

Rev. J. D. Hobden, regional representative of the John Howard Society, whose main purpose is the rehabilitation of discharged prison inmates, Monday was guest speaker at the Rotary luncheon. Sunday he had delivered an address before a St. Paul's United Church congregation.

Mr. Hobden stated that the outlook in rehabilitating men and women after release from prison was brighter than it had ever been in Canada.

"We look at life from a prisoner's viewpoint," he said. "We try to help them gain self respect, decency and to teach them to be good citizens. We have delinquent problems throughout Canada, in B.C. as much as in any province, and we must face, understand and solve them ourselves. Unless these prisoners' minds have been corrected and given some security upon release, they will be back again."

The Society, he said, was a friend of the prison inmate. The problem now was not getting jobs for the men and women, but rather to get them to keep these jobs.

He also spoke on the great improvement in penitentiary and jails where emphasis now was not on punishment, but rather on trying to educate prisoners for their release.

Exceedingly difficult cases cropped up in the mental institutions. There were drug addicts who had no desire to be cured; their minds, bodies and morals deteriorating over a period of time; sex degenerates who, if released before completely cured, would undoubtedly repeat their crimes and become a great menace to society. Rehabilitation of alcoholics and many others also proved a great problem. As far as dischargees were concerned, Mr. Dobson maintained, they had no need to feel friendless, without jobs or aid whenever necessary, as long as the John Howard Society continued to do its work throughout the Dominion.

Guests at the luncheon were M. McFadden of Revelstoke, M. Lennox of Vancouver, Frank Haliday of Calgary, Emmett Gulley of Newberry, Ore., James Allan and Allen Smith of Nelson, and R. Cawston of Vancouver.

Coal Creek Captures Top Award In East Kootenay Mine Rescue

FERNIE, B. C., June 19 — The biggest event of its kind in the province, the annual East Kootenay Mine Rescue Safety Association and First Aid Competitions were held in Fernie at the Mine Rescue Station and on the lawns in front of the coal companys' Fernie office.

The Fernie High School Band presented a concert on the lawns with an exhibition of one of their excellent drills, formations and marches.

Mr. Morgan, Inspector of Mines for Fernie, in his address stated that this was the 30th anniversary of the mine rescue and first aid, and competition was keen and high and it was the result of weeks of hard work.

Harry E. Miard announced and presented the winners of the essay contest, "How Can Accidents Be Prevented", sponsored by the Crow's Nest Pass Coal Co. First, Joyce McNaughton, $30; second, Delphine Bella and third, Helen Strauss.

The safety slogan winner was John Craig.

Mr. Carmichael, Superintendent of Railways, presented the Ryan Trophy award to Al Wright of the Morrissey, Fernie and Michel Railway, for the best safety in coal mines for East Kootenay regional for 1950.

In the absence of Inspector Arthur Francis from the Workmen's Compensation Board, Chief Inspector H. C. Hughes from the Department of Mines, presented Bill Wilson of Sparwood with best safety, class F, award for the Sawmill Safety. Mr. Wilson represented the Crow's Nest Pass Sawmill and Lumber Co. at Natal.

H. C. Hughes also presented the Ryan Trophy award to James Littler, Mine Superintendent at Elk River colliery, Fernie, for the best safety in coal mines in 1950. He presented the Ryan Trophy award to Joseph Giegerich, Mine Superintendent at Sullivan Mines at Kimberley, in the metal mines, for the best safety in 1950.

Minister of Labor, the Honorable John Gates, stated that the contestants were wonderful and the Fernie School Band was a credit to Fernie for its drill. Mr. Gates had to "take his hat off" to the mine rescue team for splendid performance.

Mr. Gates announced first aid winners while Chief Inspector H. C. Hughes presented the awards:

Junior girls, first, Marysville, No. 7, Captain Marilyn MacNeil, 98.5%; second, Marysville, No. 6, V. McLure, Captain, 87.5%; third, Kimberley High School, No. 3, Captain, Pat Morrison, 86.25%; junior boys, first, Kimberley, third troop Boy Scouts, Captain, Pete Felker, 98.5%; second, Fire Wardens, No. 2, Captain, Ralph Anderson, 93.5%; third, Kimberley boys, Captain, R. Mills, 91.5%; senior ladies, first, Marysville ladies, Captain, N. Lindenberger, 94%; second, Michel ladies, Captain, L. Kozler, 90%; third, Fernie ladies, No. 2, Captain, P. Quail, 93%; senior men, first, Sullivan Mine North, Captain, T. E. Plant, 93%; second, Blacksmiths, Captain, F. Skribe, 92.5%; third, Sullivan Mill, No. 1, Captain, J. Davis, 90.5%.

First award in the mine rescue competitions went to Elk River colliery team at Coal Creek, Captain, Dave Brown, 83%. This team was awarded the shield and the top trophy, the King Cup, presented by Senator J. H. King. These teams were six-men teams under simulated disaster conditions in the mines. Second, Michel No. 1, Captain, Mario Petoello, 75.4%; third, Kimberley East, Captain, A. Ingebrigtsen, 62%; fourth, Michel No. 2, Captain, H. Eberts, 58.6%; fifth, Fernie No. 1, Captain, Albert Littler, 52.4%; sixth, Kimberley West, Captain, R. Shannon. First Aid Kits were given to all first aid judges and entries.

Prizes are supported by Department of Mines, B. C., assisted by Compensation Board.

A banquet and dance followed the contests.

Love Problems . . .

He and His Best Pal Like the Same Girl

By JANE ATKINSON

Dear Miss Atkinson:

I have dated a girl several times who has also been taken out by my best friend. I thought he only regarded her as a girl to say hello to on the street or to pass the time of day with. Now I realize that he likes her very much but is too shy to keep asking her out. It seems plain to me by the way this girl acts that she likes him very much, so I now have the problem of deciding whether to try and get this girl myself or to get my best friend to go back to her without letting on how much it will hurt me to lose her.—W. A. R.

Dear W.A.R.:

It is nice to hear from a boy who shows such a spirit of real friendship and doesn't want to let his best friend down. At the same time, it seems to me that if he were really deeply interested in this girl, he wouldn't be too shy to show it.

If you want to be sure you are in the clear, however, then I suggest that you come right out and tell your friend that you think the girl likes him, and that if he wants to keep her interest, he should show a little more self-assurance. Then you might just as well tell him that if he doesn't do this, you will feel it's perfectly all right for you to take the girl out yourself.

As for how you will feel if you lose her, she might finally prefer you anyhow, and if not, somebody else will come along whom you'll like just as well or even better. You may not think so, but that really is the way things work when boys and girls are growing up.

She Plans Thesis On Guiana Tribes

GEORGETOWN, British Guiana, June 18 (CP)—Miss Audrey Butt, an Oxford graduate, is getting her doctor of philosophy degree the hard way.

She has chosen to make a survey of various social aspects of the American Indian tribes in British Guiana.

Flying into the Mazaruni jungle, she plans to remain nine months among the Arecuna and Akowoio tribes and later will fly to Chicago to consult with experts at University of Chicago.

Miss Butt, who already has written a thesis on the organization of Eskimos, then will return to British Guiana for a two-year survey.

Finally, she will submit a report on her findings to the government here and write her thesis for a doctor of philosophy degree.

New-Fangled Lorelie Lures Rhine Boatmen, Tourists

ST. GOARSHAUSEN, Germany, June 18 (AP)—Rhine River boatmen sail uneasily past this Rhine River city. The Lorelei is out again.

Legend has it that blonde, beautiful Lorelei used to lure boats to destruction on the rock named after her by sunning her charms where sailors could see.

Lorelei, 1951 model, is a little more down-to-earth. When she's not greeting tourists, or combing out her 40 inches of brown hair for their benefit, she is just pretty Gisela Koch.

The 19-year-old daughter of an innkeeper was chosen Lorelei over 12 other girls from St. Goashausen when tourist-minded wine growers decided not to let the legend go to pot. Her term of lure runs a year.

Being Lorelei has its drawbacks. It gets windy high on the rock and besides, who wants to comb her hair all day long? Gisela has cut down working hours at the job of being Lorelei and ventures to the fabled rock only for benefit of tourists.

She holds a double title, too. When the wine growers chose her they decide dot make it a two-in-one proposition and named her Rhine Wine Queen for 1951.

This job calls for sipping from a glass filled with wine when visitors arrive.

Since the new Lorelei took to sitting on the rabled rock, boatmen say there have been several minor boat collisions.

P.S.: Miss Koch is quite a curvy girl.

The origin of the many stone statues and platforms on Easter Island in the South Pacific has never been determined.

W. CARMEN HANCOCK

. . . whose Kin Stampede duties chiefly comprised arrangement of the stampede queen contest. Six Nelson lovelies are seeking the crown, and the chosen one will reign over the event here Friday and Saturday.

Little Theatre Plans 3-Act Play

Nelson Little Theatre executive has decided to choose a three-act play for presentation in the Fall. The reading committee will read various plays during the Summer, one of which will be selected for the production.

Harrop Pupils See Dubois Rabbits

HARROP, B. C., June 18—The pupils of the Harrop school, accompanied by their teacher Mrs. E. Irwin, made an excursion to Mr. Dubois' rabbit farm.

The excursion was made as a culminating activity on their study of "Our Home Province" and "Our Community".

Mr. Dubois showed the children his New Zealand white rabbits at various stages of growth. A number of questions prepared by the pupils were answered. The children were greatly interested.

Finland's timber industry exceeds in value that of any other European country exception Russia.

Suits to Be Less Severe For Autumn

MONTREAL, June 18 (CP)—Suits for the well-dressed Canadian girl this Fall will be less severe. Skirts are straight and slim, with one centre pleat for ease in walking.

This style was a feature presentation at Montreal's current fashion week show. The well-tailored suits were shown in many fabrics, particularly blends.

Melbourne flannel, a viscose blend, was shown. Lapels were made of a series of clever tucks to match pocket detail. Gabardine was chosen in a hunter's green for a slim suit, with revers sewn to the jacket for a vest effect.

Authentic wool tartans added color to the range. One suit was velveteen trimmed on the usual collar and again at the waistline pockets. One glen-checked blend model featured the slimming line by adopting the lounge lapels on men's clothes.

Hand stitching outlined a gabardine suit in Autumn wine, the jacket single-breasted with a suggestion of width at the hipline.

White featured blouses. In one collection most blouses were a frosty white with delicate detail in lace or tucking.

As a contrast there were dark shades. One blouse in navy blue had a centre box pleat with inserts of nylon marquisette in petal effect from the collar to the waistline.

Watermelon, a high shade for Fall, was made with lavish bishop sleeves caught in a deep tight-fitting cuff. Pearls on the cuff repeat themselves from the Peter Pan collar to the skirtline.

Salmo Notes

A.S. Bob Burns is spending a leave with his parents, Mr. and Mrs. Al Harris at Salmo. He arrived home from Fort Churchill and returns to Esquimalt June 20.

Tommy Lund, Edmonton, visited his parents, Mr. and Mrs. E. Lund, before leaving on a trip that will take him across the States and on to Europe, where he will visit friends and relatives in France, Sweden and England. While in Europe he plans on touring through Germany, Italy, France and England.

SOUR CREAM BUNS

MADE WITH

● It's such a thrill to make new yeast treats — now you haven't to worry about yeast that stales and weakens! Fleischmann's Yeast keeps *full-strength, fast-acting* without refrigeration. Get a month's supply.

SOUR CREAM BUNS

● Scald 1½ c. milk, ½ c. granulated sugar, 2 tsps. salt and ¼ c. butter or margarine; cool to lukewarm. Meanwhile, measure into a large bowl ½ c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Fast Rising Dry Yeast. Let stand 10 minutes, THEN stir well.

Sieve ½ c. cold mashed potato and mix in 2 unbeaten egg yolks and ½ c. thick sour cream; stir into yeast mixture and stir in lukewarm milk mixture. Stir in 3½ c. once-sifted bread flour; beat until smooth. Work in 3 c. (about) once-sifted bread flour to make a soft dough; grease top. Cover and set in a warm place, free from draught. Let rise until doubled in bulk. Punch down dough, grease top, cover and again let rise until doubled in bulk. Punch down dough and turn out on lightly-floured board; roll to ⅛" thickness and cut into 3¼" rounds and place, well apart, on greased cookie sheets. Using a floured thimble, make a deep depression in the centre of each bun. Brush rounds of dough with mixture of 1 slightly-beaten egg white and 1 tbs. water; sprinkle generously with granulated sugar. Cover and let rise until doubled in bulk. Deepen depressions in buns and fill with thick raspberry jam. Bake in hot oven, 425°, about 15 minutes. Yield — 3 dozen large buns.

It develops their delicious flavor and juicy sweetness.

That's just how Sugaroasting brings out the flavor of Post's Grape-Nuts Flakes . . . makes them crisper, more appetizing. Grape-Nuts Flakes supply nourishment for quick energy . . . they're economical, too.

LEADERS IN FOOTFASHION
Established 1902

Nelson Social . . .

. . . By MRS. M. J. VIGNEUX

● Dr. Carl E. Hookings of Memphis, Tenn., assistant professor of preventive medicine at University of Tennessee and director of maternal and child hygiene for Memphis and Shelby County, is visiting his parents, Mr. and Mrs. Charles Hookings, with his wife and son Peter. Director of health for Bermuda from 1938 to 1947 and former assistant director of V.D. division for Ontario, he attended Nelson schools and went on to Toronto University. The visit to Nelson is his first in 13 years, and he will return at the end of this week.

● Complimenting Mr. and Mrs. George Gray, who are leaving shortly for Kirkland Lake, Ont., where Mr. Gray has been transferred, Mr. and Mrs. James Cherrington entertained Sunday at an after five at their home on Mill Street. They were assisted by Mr. and Mrs. G. C. Wallach, Mr. and Mrs. Edward Stromstead and Mr. and Mrs. E. E. Hyndman.

● Mr. and Mrs. Earl Fitzpatrick who have spent the past 10 days visiting Mrs. Fitzpatrick's father, W. A. Hufty and Mr. Fitzpatrick's parents, Mr. and Mrs. E. J. Fitzpatrick, 415 Falls Street, have returned to their home in Seattle.

● L. G. White left Sunday for Cranbrook to make his home, accompanied by Mrs. White and daughter, Janet, and infant son, Richard John, the latter born in Nelson June 5. Also accompanying them was Mrs. White's mother, Mrs. Robert Straight of Vancouver, who will be with them on an indefinite visit in Cranbrook. Mrs. White has been guest of Mr. and Mrs. R. J. White, 317 Second Street, for the past several weeks.

● Miss Flora McLean of Cranbrook has taken up residence at 723 Hendryx Street.

● Mr. and Mrs. Harry Burns, Carbonate Street, have returned from a six-week trip East visiting mostly in Toronto, Niagara Falls. They made the return trip by motor through the States. In Toronto they visited Mrs. Burn's brother, Charles M. Smith, and her sister, Miss Mabelle Smith.

● Dr. and Mrs. F. M. Auld, Nelson Avenue, Fairview, have as guest Mrs. A. T. Carmichael and her daughter-in-law, Mrs. Robert Carmichael, of Edmonton, who are at the Auld Home, guests of Mrs. Carmichael's sister, Mrs. D. G. Smith.

● Dr. and Mrs. Norman R. Jennejohn and their three sons have left on a three-week holiday to be spent at the Coast, Seattle, Revelstoke and Edmonton.

● Lyman St. Denis of Trail visited his sister, Mrs. Edith Edgar, 518 Carbonate Street.

● Mrs. G. A. MacMillan and Mrs. J. A. Edwards of Vancouver are guests of their parents, Mr. and Mrs. R. E. Allen, Third Street, also visiting with their sisters, Mrs. J. W. Smith and Mrs. E. L. Vance while here.

● Mrs. G. W. Sterling Rosemont entertained at a small luncheon at the Nelson Golf and Country Club house honoring Mrs. E. T. Koch of Pendleton, Ore., who has been guest of Dr. and Mrs. R. B. Brummitt, 4th Street, Fairview.

Castlegar IODE Gives To Scholarship, Books

CASTLEGAR, B.C., June 18—Lillian Killough Chapter of Imperial Order Daughters of the Empire, decided at its last meeting before Summer recess to give $75 for a student scholarship at Stanley Humphries High School and $50 to the elementary school for books or equipment.

The treasurer's report showed a profit of $436 from Victoria Day celebrations staged by the chapter in Castlegar.

A surprise supper was held before the meeting, with Mrs. Jame of Vancouver Island as a visitor, and the committee in charge consisted of Mrs. V. Goresky, Mrs. M. Hesketh, Mrs. D. McGee and Mrs. M. Dalton.

CONVENTION HIGHLIGHTS

Mrs. James Deans, regent, reporting on the annual I.O.D.E. convention in Victoria, spoke of the "impressive" sight of 55 standard bearers dressed in white and carrying the national colors, marching to the strains of "Land of Hope and Glory". The delegates were also presented to the Lieutenant-Governor Clarence Wallace and Mrs. Wallace.

She told of how much food parcels sent overseas by the various chapters were appreciated, and of a demand for socks for Canadian soldiers in Korea. Each is issued a pair a day, and as no water is available for washing, the socks are worn and thrown away. Socks are flown over to try to keep up with the demand.

Mrs. Deans quoted part of the address of the provincial president who said "the greatest weapon we can hold against Communism is Christianity and action in the home and in our community."

Mrs. A. T. Horswill during the empire study period, gave an impromptu talk on matters of special interest including anxiety over the King's health, the achievement of the Festival of Britain and a visit to the California Art Gallery where works of a number of the masters are hung.

"Designing" Women Have Many Trades

PROVIDENCE, R.I., June 18 (AP) —There's much to be said for marrying a designing woman—if she comes from the Rhode Island School of Design.

Many a man spends a good part of his spare itme with hammer, saw and screwdriver fixing things because the little woman wants them fixed up. You can't expect her to do it herself, can you? You can, if she comes from a design school.

A visit to the school here showed a Canadian girl, Louise Knight from Grimsby Beach, Ont., running a drill press. In a corner was Nancy Reutti of Pittsburgh operating a band saw. She's one woman who can cut out her own cornice boards.

Carolyn Harris of Elwood, Ind., was busy operating a metal lathe and the girl at the work table, Christine Guarino of Providence, was building a chair which she herself designed.

This is because the school believes that women who know how to use hand or power tools make better designers than those who just sit around at drawing boards.

In their senior year the girls take shop practice in metal working alongside male students.

"The first semester is spent in learning the functions of tools," explained Earle Young, instructor in woodworking. "They also learn about various kinds of wood, how to measure it and how to dress it.

"During the second semester they construct projects of their own design: tables, benches and magazine racks, chairs.

"The project for this year is 'my room.' The student must think of his or her own problem—here in Providence—at a school with few dormitories, making it necessary to rent a room. She has such and such economic means. What fits her problem? What can she afford?

"The objects constructed in this shop are inspired by this situation."

LITTLE THEATRE MEMBERS HONORED

Nelson Little Theatre held a pot luck supper at "Valhalla", North Shore home of Mr. and Mrs. R. H. Dill, in honor of five members.

They were Mrs. Art Stevens, Bill Rozinkin and Bob Coventry, who have recently been married, and two brides-to-be, Miss Winnie Chandler and Miss Peggy Grimes.

Roy Pollard, president, introduced Frederick Wheeler who extended well wishes to the quintet. F. H. W. Chanter showed films.

MR. AND MRS. J. HANSON

MARRIED in Oslo, Norway, Mr. and Mrs. J. Hanson, residents of Castlegar for 38 years, have celebrated their golden wedding anniversary. Mr. Hanson came to Canada in 1905 and his wife followed him four years later. They first settled at Wardner, moved to Crescent Valley in 1912 and the next year to Castlegar, where Mr. Hanson has been employed by a lumber firm since 1921. Three of their five children are living. They are Nels at West Robson, Mrs. M. Johnson at Coquitlam and Mrs. J. A. Johnson in Kinnaird. There are 12 grandchildren and five great grandchildren.—Gordon Pettitt photo.

Notes from New Denver

NEW DENVER, B.C.—Dr. J. D. Robinson of Toronto, Ont., is the guest of his brother and sister-in-law, Dr. and Mrs. S. C. Robinson.

Miss F. I. Hamilton, Missionary, has left for a month's holidays in Toronto where she will visit friends.

The Knox Presbyterian Church, ladies aid was held at the home of Mrs. Karl Hansen with Mrs. Hilda George as hostess. The President, Mrs. Herman Clever presided. Four visitors were present for the tea hour, Mrs. James A. Greer, Mrs. Harry R. Mott, Miss Patricia Greer and Rev. Karl Hansen.

CLOTHING SENT BY KASLO W.A.

KASLO, B.C., June 18—Eight cartons of clothing amounting to 260 pounds have been sent to Toronto for overseas relief, memebers of St. Andrew's United Church Women's Association learned at their meeting at the home of Mrs. N. Hunter.

Arrangements were completed and committees appointed for a tea and bake sale. In the worthwhile period, Mrs. J. Tonkin read a chapter from "The United Church Reenters Japan", and two interesting readings were also given by Mrs. D. W. McDerby of Mirror Lake.

Mrs. H. Beck presented Rev. and Mrs. W. C. Mawhinney, who are leaving Kaslo, with a farewell gift.

RENATA W. I. PLANS PICNIC

RENATA, B.C., June 18—A basket picnic was planned by Renata Women's Institute at its meeting at the home of Mrs. Isaac Wiebe. Mrs. J. J. Reimer and Mrs. Wiebe will be in charge.

Handicraft convener, Mrs. Reimer, reported a successful tea and handicraft \ play at her home, and Mrs. Peter Warkentin citizenship convener, told of the addition of a 50-foot rope for the wharf life buoy. A house cleaning bee will be held at the teacherage the week before school reopening.

West Kootenay district rally in Kinnaird was reported on by Mrs. Warkentin. Mrs. Henry Friesen, Mrs. William Hale and Mrs. Warkentin attended from Renata.

Mrs. Kent and Mrs. Ralph Brigaman of Deer Park were guests at the meeting, last until September.

Kaslo Legion L. A. Makes Presentation

KASLO, B.C., June 18—Mrs. W. C. Mawhinney, who is leaving Kaslo, was presented with a farewell gift and a corsage at a meeting of Ladies' Auxiliary to Kaslo branch of the Canadian Legion in Legion Hall. Mrs. H. E. Singel and Mrs. W. F. Tyers, Vice-President, made the presentations.

Arrangements were made for sending food parcels to England in June and August, and for catering to a banquet with Mrs. W. F. Moody as general convener. There will be no meetings during July and August.

Here's How to Figure In Exhibition Prizes

Now's the time to start planning for entries in the West Kootenay Exhibition in Nelson Sept. 13, 14 and 15.

As a guide to what you can expect when the judges give your entries the once-over, The Daily News will publish in the next three months standards of perfection on which points are given.

Basis for judging in fruits, vegetables, honey and canned fruits and vegetables, home cooking and arts and crafts will be given. And as most people will be getting busy now on arts and crafts, here are the requirements for first place awards in this section:

CLOTHING

Pressing and preparation for display	10
Material, suitability to purpose	10
General appearance	20
Workmanship	60
Total	100

HANDWORK

General appearance and preparation	10
Value of article in relation to work done	25
Suitability of material	15
Workmanship	30
Design and/or color	20
Total	100

Movie Gossip—

Old Soldier Breaks Tradition By Giving Praise to Young Ones

By BOB THOMAS

HOLLYWOOD, June 18 (AP) — "New soldiers are better," observes Audie Murphy. "They don't fade away."

Murphy came up with this comment after returning from army duty for a film role (in "The Cimarron Kid.")

"I think today's army is better," he said. "Sure, the average soldier is a heck of a lot younger. But there are enough officers and NCO's with combat experience to give them the know-how. That's what we did not have in the last war—enough leaders with experience."

Murphy, who won more medals than any other American soldier in the Second World War, added that the new soldiers are better trained. Training methods have improved through the experiences of the Second World War.

13 WEEKS

"In the last war," he said, "we got 13 weeks of basic training and then were sent right into the front lines. In most cases the training period is unlimited now. . . ."

He added that conditions seemed to be better for enlisted men in the new army. "They don't have to salute officers off the post, for example," he obsevred.

Murphy will return for another tour of duty with the army in August.

Salmo L.A. Money-maker

SALMO, B.C., July 18 — A card tournament brought in $56 for organization funds, the Ladies' Aid learned at its June meeting at the home of Mrs. Fred Middleton, the last until September.

The tournament was organized by Mrs. Louis Anderson and Mrs. Smith Curwen. High score for bridge went to Mr. and Mrs. Parsons, and whist winners were Mrs. Rheindress and Miss Shelfontuik. Consolation winners were Mr. and Mrs. Lipsack.

Balance sheets for the June bazaar and catering to a Board of Trade banquet were given, the banquet netting $57. Report for high school banquet catering, which was done at cost, was also given.

Embroidery and prints are to be ordered so that members can start work for a Christmas bazaar.

The Dead—A Challenge

We are not inclined to rejoice in the pictures of heaps of enemy dead in Korea. They spell a victory of a kind, it is true. But do they not also spell out in growing, ringing tones a challenge? We are being forced to buy peace again with the lives of men, our own and our opponents'. But we know in our hearts, don't we, that a real peace can only be achieved by reaching the hearts of all men with something other than bullets?

We cannot allow aggression. History has taught us that much. Every time aggression has been allowed and an aggressor appeased, the final cost has been a greater loss in human lives than would have been the count if it had been halted at its outset.

But punishing and halting aggression is not enough. We must bend more energy to putting an end to the conditions that cause men to turn to the words of the aggression-minded. We must not only kill the weed, but chop out the root. The best method would seem to be the substituting of good for what is bad, to where there is hunger bring food, to where there is ignorance bring knowledge, to where there is distrust bring honesty. When democracy, in a full partnership with Christianity of which these methods are a part, has the will to so assert man's spiritual dominion, to reach out in compassion to the individual, then we will truly have cause to rejoice.

Plant Tours Valuable To Industry And to Community

Pointing up the value to the community of residents and visitors knowing something of the industries within its confines, the Canadian Manufacturers' Association has distributed a booklet urging business and industry operators to let the public see their plants.

"There is a barricade which separates the citizen of any community from local industry," the booklet, "Your Welcome", starts. This barricade may be the front office, a wall or gate. At any rate, the interesting facts, operations and machinery are not on view or available for public appreciation.

Of course, plant tours have been common enough; in fact, they are a regular part of the public relations policy of the Kootenay's largest industry. However, for business and industry generally, plant tours are an occasional occurrence more than a definite program.

The inside of most manufacturing plants is a place of fascination. There can hardly be a man so disinterested that he doesn't get a thrill from the rumble of giant presses, a sense of achievement at watching an assembly belt in action, or a curiosity satisfied by seeing a mill process metals from complex ores. Tours to such plants soon make them, to the general public, an interesting place where interesting people make their livings, and a warmer interest in the plants and its people can be expected as the natural attitude of a community that has become more familiar with both.

Let the Public Know —It's Their Money

Parliaments in Canada and Great Britain have gone into secret session in times of national and international crises. Such a procedure has been dictated by emergent circumstances. But when local civic bodies, especially those dealing with public funds, arrogate to themselves the right to exclude taxpayers from their deliberations, they expose themselves immediately to justifiable criticism.
—Victoria Daily Times.

The President's Undies

As tragic and deplorable as the attempted assassination of President Truman was, an amusing incident crept in.

It was the sight of the President standing in the window of his room at Blair House in his underwear. As explained, he was taking a nap when the assassins attacked the guards, and Mr. Truman jumped up to discover the why of the shooting.

The Associated Press reporter let it go as just "underwear". He didn't enlighten us as to whether it was a six-button model with long sleeves and long legs or a model with fewer buttons, short sleeves and short legs. It was just "underwear".

By just "underwear", we can only assume that it was a union suit. Whether it bore a Congress of Industrial Organizations' label or one of American Federation of Labor, we will never know—some reporters are so careless about costume details, especially men.

At any rate, it seems safe to assume that it was the good old long-handled union suit such as was worn to combat the Winter temperatures of good old Missouri. The good old long-handled union suit that used to flap on clotheslines. The good old long-handled union suit on which wives used to sew patch upon patch, until the shorts came along and ran them off clotheslines.

The union suit, today, is about as scarce as a horse. But apparently it is still a good old Missouri custom, and the President, if short on preparedness in defence, is long on personal preparedness in getting ready to meet Washington's wintry blasts.

Mr. Truman is apt to go down in history now as the only President of the United States who was ever seen in his "underwear". But for his wife, we might have seen him in a bathing suit when on a Florida vacation. But his "underwear" makes better news.

After this revealing incident, Mrs. Truman and Margaret will know what to give the President for Christmas—a bathrobe. They are good for napping.—Spokane Spokesman-Review.

Man and the Mob

What lies behind the craving for sensation that can turn a crowd of ordinary Americans into a mob of callous brutes? What made a laughing, jeering crowd chant "Jump, jump, jump," to a distraught youth hovering at the edge of suicide on the high ledge of a Boston hotel last week?

Democracy is founded on a respect for the dignity of the individual human life. Ultimately it is rooted in the conviction that man is more than an arrangement of atoms, a biological organism, a behavior pattern—that he is, in fact, the spiritual image of God. Behind all the disfigurements and distortions of the human scene this divine fact remains to give meaning and value to the individual—to even "the least of these my brethren".

Democracy today faces on the battlefield a foe which counts the individual human life of little worth. But within itself it faces a foe older than Communism; it faces that basic materialism which would rob existence of meaning, would cheapen and degrade purpose to a mere pursuit of sensation.

The lie has a thousand faces. It ranges from the spurious heroics of the gangster film to the glossy advertisements ceaselessly suggesting that life would be intolerable without endless luxuries, endless stimulants, endless things. It is found in the tribalism that prompts racial hates and national prejudices, judging the individual not by his actions but by his label. It is found in all the tendencies that turn a crowd into a mob, sweeping the individual into a torrent of emotion foreign to his own forgotten manhood.—Christian Science Monitor.

It's Been Said

That which is unsaid may be said; that which is said cannot be unsaid.—Danish proverb.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

"Farmer", Fruitvale—Could you give me the name of a B. C. company which would have small merry-go-rounds for rent?

Write to Millar & Coe, 419 W. Hastings Street, Vancouver.

Student, Nelson—Could you please print the names of the 10 cities having the highest mill rates in B. C., and what the mill rates are?

New Westminster, 96; Prince George, 95; Greenwood, 70; Kimberley, 69; Nanaimo, 67; Port Coquitlam, 65; Chilliwack, 65; Grand Forks, 63; Vernon, 58; Trail, 57. These figures, the latest we have, are to the end of 1949.

N. B., Castlegar—What are the addresses of G. Allen MacPherson, President of Dumac Mines Ltd., and Harvey T. Cowan of Craigmont Co.?

Dumac Mines address is 615 West Pender Street, Vancouver. The other address is not available.

Gardener, Canal Flats—Referring to your question on how to get rid of cut-worms, we have been informed that napthalene flakes scattered about the beds have proved very effective.

Reader, Salmo—Refefring to your question on how to get bats out of the attic, a reader has informed us that napthalene flakes scattered about will drive them away.

Mrs. A. M., Sunshine Bay—Where can I get some information on Cub Scouting? We are interested in trying to get a pack started. And do you know who played the part of the rangy cowboy in "The Outlaw"? Was it Zachary Scott or Randolph Scott?

Write to D. Ure, District Commissioner, 507 First Street, Nelson, who will supply you with all information on starting a Cub pack. The cowboy in "The Outlaw" was Jack Buetel.

Gems of Thought

CHEERFULNESS

Cheerfulness, in most people, is the rich and satisfying result of strenuous discipline.
—Whipple.

Happy are the people whose God is All-in-all, who ask only to be judged according to their works, who live to love.—Mary Baker Eddy.

Cheerfulness is health; its opposite, melancholy, is disease.—Haliburton.

To make knowledge valuable, you must have the cheerfulness of wisdom. Goodness smiles to the last.—Emerson.

Wondrous is the strength of cheerfulness, altogether past calculation its powers of endurance.—Carlyle.

Power Gun Shoots Things Together

A new type of gun which fastens wood, steel and other materials to concrete, masonry or steel is saving time and money on some types of construction jobs in Canada today, according to an article in C-I-L Oval.

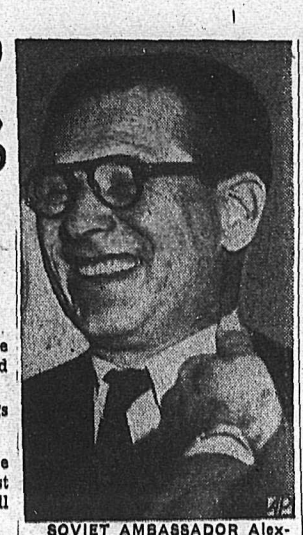
Known as a "power-actuated gun", it shoots a rivet or stud into the materials to be fastened. In a one-instant operation the stud makes a hole and joins the two. Thus steel plates, for example, may be fastened into position within minutes and without the use of power-lines, drills and other equipment.

The steel stud fired by the power gun resembles an ordinary rifle bullet. It is fitted into a standard brass cartridge which contains a powder charge similar to that in an ordinary rifle cartridge.

The gun has enabled one man to attach steel window frames in about one-eighth the time required by other methods, the article says. On another job requiring 4118 fastenings, a contractor is reported to have saved more than $2000 by the use of the power gun.

Your Horoscope

Creative activity is suggested by influences rife now. Friendly help should be forthcoming if you need it. Watch for cleverness in the arts, and fondness for gaiety in the child born under these auspices.



SOVIET AMBASSADOR Alexander S. Panyushkin is a far cry from the usual solemn, stolid, unsmiling, poker-faced Russian diplomat typified by Gromyko, Molotov and Vishinsky. He actually smiles while talking to newsmen after leaving the U.S. State Department in Washington, after a farewell visit. He sails from New York for a vacation in Russia. He said he hoped to return here after he's had his usual leave of a month.—AP Wirephoto.

No Statement Yet On Mrs. Felton

LONDON, June 18 (Reuters)—Attorney-General Sir Frank Soskice said in the House of Commons today he can make no statement as to whether Mrs. Monica Felton will be prosecuted on grounds of consorting with the enemy in Korea and spreading enemy propaganda in England.

Answering a question, he said he has not yet heard from the director of public prosecutions investigating the case of Mrs. Felton, 44, who has lectured to Londoners on alleged British and American atrocities in Korea.

Mrs. Felton recently visited North Korea with a passport not valid for Korea, Soskice said. She was dismissed last Wednesday from the chairmanship of the Stevenage Development Corporation, a government post, on grounds she neglected her duties.

Beer Takes Place of Rice Wine As Japanese Favorite Beverage

By ROBERT B. TUCKMAN

TOKYO, June 18 (AP) — Beer, first sold in Japan in the 1870's as a "wonder medicine," threatens to replace sake (rice wine) as Nippon's No. 1 drink.

One reason is the women's increasing fondness for the brew.

Another is the simplicity of consumption compared with the ceremonious drinking of sake from tiny cups.

Beer production has soared and brewing is a billion-yet industry. Last year's total output hit a post-war record of 38,800,000 gallons.

This year's production. At the rate of 44,000,000 gallons, is far short of demand.

Beer—known here as Biiru—apparently was first introduced by Dutch traders in the 17th century. It did not catch on.

One Japanese who developed a taste for beer cropped up during the visit of an American fleet in 1845. Dr. Komin Kawamot tasted it aboard ship, and later set up a private brewery in his back yard.

In 1872, the country's first commercial brewery was built in Yokohama by an American, but its product was only for the foreign colony.

About this time, some cases of beer were imported, possibly by mistake. Puzzled Japanese traders called in doctors for consultation.

The doctors decided the brew was a "a digestion-booster" and the shipment was sold at drug stores as a "wonder medicine". It popularity grew.

aIn 1876, the government set up a brewery at Sapporo, Hokkaido, where agricultural experts had discovered the soil was suited for barley and hop.

In 1887, an industrialist named Eiichi Shubuzawa bought the government plant to start the modern brewing industry. The firm operates today under the name of Nippon Breweries Ltd., the country's largest.

By 1936 there were 15 breweries with a combined output of 6,900,000 gallons a year.

Gen. Simonds Dines With Montgomery

PARIS, June 18 (Reuters)—Lt.-Gen. Guy Simonds, Canadian Army Chief of Staff, arrived today for a first-hand study of the progress and problems of Western defence.

Simonds dined tonight with Field Marshal Viscount Montgomery, flies to Germany tomorrow and returns later in the week for talks with Gen. Dwight D. Eisenhower, chief of Atlantic Pact forces.

In Germany, Simonds told reporters, he will examine the facilities available for the Canadian brigade group of about 6000 men coming to Europe under North Atlantic Treaty arrangements.

He could not give an approximate date of their arrival.

"Recruiting has gone well and when I left the numbers for the brigade were complete," he said.

DEATHS

By The Canadian Press

Kentville, N.S.—Mrs. William A. Smith, mother-in-law of Chief Justice J. L. Ilsley of Nova Scotia.

Hamilton—John Percival Hall, 79, manager-in-chief of Hamilton branches of the Canadian Bank of Commerce until his retirement in 1935.

Toronto — Rutheven Hay, 75, chairman of the board of Harold F. Ritchie and Co. Ltd.

Washington—Judge T. Alan Goldsborough, 73, who in two trials fined John L. Lewis and the United Mine Workers almost $5,000,000.

Northfield, Minn.—Dr. Curvin H. Grinrich, 70, editor of Popular Astronomy magazine and professor of mathematics and astronomy at Carleton College.

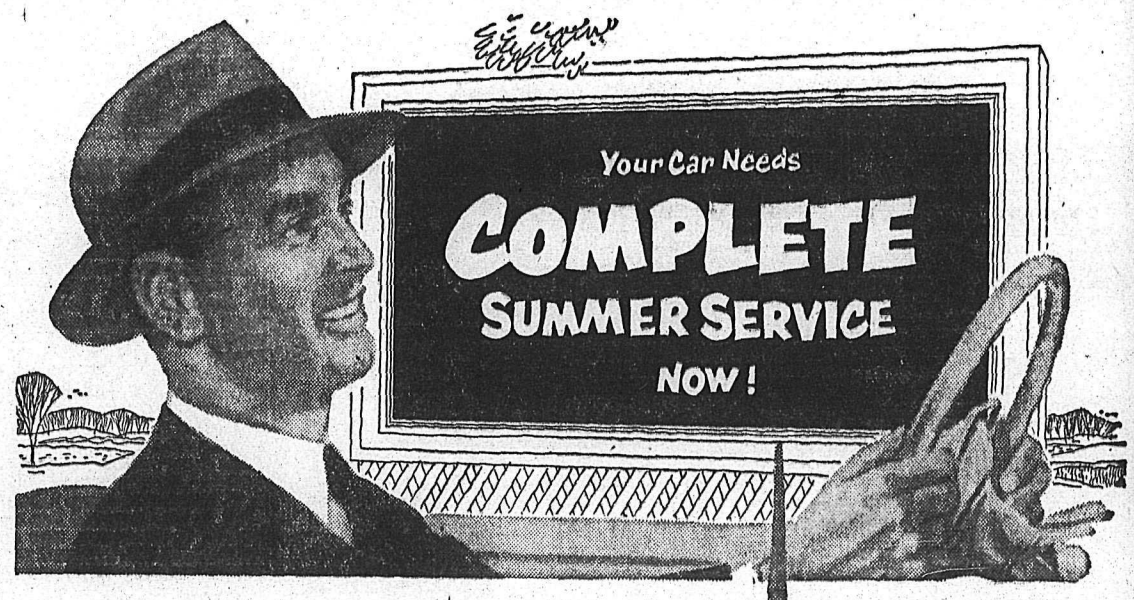
Today's Bible Thought

There are deep-seated laws that do bring this about. But God expects us to use industry and thrift and moderation too.—They shall prosper that love thee.—Psalm 122:6.

Aunt Het

Cousin Henry says he never argues with a fool. There's always the danger that listeners won't know which is which.

The sultanate of Muscat and Oman on the Eastern corner of Arabia has a coastline of nearly 1000 miles.



Don't take chances on annoying troubles that can spoil your driving pleasure—on costly repair bills that may cut into your vacation budget. Let your nearby Ford-Monarch Dealer or Mercury-Lincoln-Meteor Dealer put your car in tip-top shape for carefree, trouble-free miles in the warm-weather months ahead when you'll be doing plenty of extra driving, most every day.

It pays to take your car to your Dealer for service because *your Dealer knows your car best!* You can be sure of satisfaction because *expert servicemen* do the work—using *factory-approved equipment—factory-approved methods—and Genuine Ford Parts.*

HERE'S WHAT YOUR CAR NEEDS For Top Performance

- Complete, scientific engine tune-up.
- All wheels removed and brake linings inspected.
- Brake adjustment.
- Front wheel bearings cleaned and repacked.
- Oil filter cartridge replaced, if needed.
- Oil bath air cleaner cleaned and refilled.
- Cooling system drained—all connections tightened.
- Chassis lubricated completely.
- Engine, transmission and differential drained and refilled with factory recommended summer lubricants.
- Tires inspected and rotated if necessary.

Mainline-Okanagan League Splits; Coast Up In Arms

KELOWNA, B. C., June 19 (CP)—A new senior hockey league was born and another virtually dissolved here Sunday when delegates reconvened for the continuance of the annual meeting of the Mainline-Okanagan Amateur Hockey League.

Out of the hours of haggling, pleading and sometimes bitter debating, a four-team league arose, two other teams are on their own and the M.O.A.H.L. is practically no more.

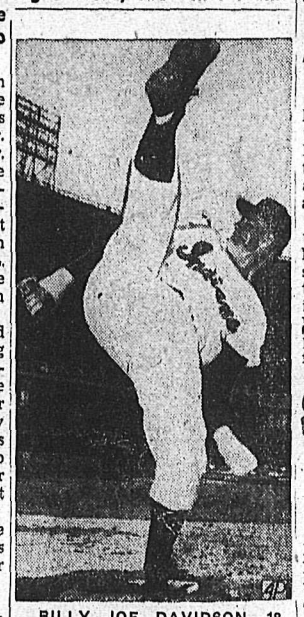
Despite ardent protestations from Nanaimo Clippers and Kerrisdale Monarchs and the M.O.A.H.L.'s president and vice-president, Dr. Mel Butler of Kelowna, and Dr. Ralph Hughes of Kamloops, the four Interior clubs, newcomer Penticton, and the three originals, Kelowna, Vernon, and Kamloops, went ahead with their avowed intention of withdrawing from the M.O.A.H.L. and forming their own separate league now called the Okanagan Senior Amateur Hockey League.

Nanaimo's Blair Cook, who said he wouldn't take this action "sitting down", and Kerrisdale's Fred (Cyclone) Taylor were faced with the dim prospect of finding other senior competition close at hand if they wanted to continue operating this coming Winter. Both had asked to retain the status quo for another year when conditions at the Coast would be better for more teams.

Dr. Hughes is the president of the new O.S.A.H.L. Art Crowe was elected vice-president, Dr. Butler was elected honorary president.

EXCHANGE GAMES

A shorter playing schedule with longer playoffs is planned. An Interior-exchange of games with the Western International Hockey League and also with Kerrisdale and Nanaimo will be worked into the schedule if the other parties agree.



BILLY JOE DAVIDSON, 18, who signed with the Cleveland Indians of the American League for what is said to be the biggest bonus ever paid, kicks high during a workout. Davidson may be sent to the San Diego Padres, a Cleveland farm team.—AP Wirephoto.

BOXING RESULTS

TORONTO, June 18 (CP) — Solly Cantor of Toronto tonight outfought and out-jabbed Montrealer Armand Savoie to win a unanimous 10-round decision in a lightweight feature bout at Toronto's Maple Leaf Gardens.

MILWAUKEE, June 18 (AP) — Light-heavyweight contender Harry Matthews of Seattle battered big Freddie Beshore and opened enough cuts tonight to win a technical knockout. Referee Dauber Jaeger stopped the scheduled 10-rounder at 1:55 of the seventh round.

FALL RIVER, Mass., June 18 (AP)—Lightweight champion Jimmy Carter of New York, knocked out Chuck Boucher of Newark, N.J., in 2:35 of the fourth round of their scheduled 10-round non-title boxing bout tonight at the stadium. Both weighed 140.

BALTIMORE, June 18 (AP) — Former middleweight champion Rocky Graziano of New York knocked out Freddy Lott of Newark, N.J., in the fifth round of their scheduled 10-rounder here tonight.

LOUISE BROUGH INJURES ELBOW

LONDON, June 18 (AP)—Louise Brough, the blonde Californian who won last year's Wimbledon women's singles title and shared in both the women's doubles and mixed doubles crowns, may be unable to defend her laurels in the big tournament starting next Monday, because of an injured elbow.

Louise withdrew from the London championships which opened at the Queen's Club today and said she would not know until Thursday whether she would be able to play at Wimbledon. Several pulled muscle fibres in her right elbow have kept her out of tournament tennis for the past month.

Reject Arbitration

VANCOUVER, June 18 (CP) — Horsemen here Sunday rejected arbitration of their purse dispute with track operators.

Attorney-General Gordon Wismer last week appointed Chief Justice W. B. Farris as arbitrator in the purse wrangle between the Horsemen's Benevolent and Protective Association and B.C. Turf, owners of Lansdowne Race Track here.

The chief justice had scheduled hearings for today—just two days before the 35-day meet is due to start—but the horsemen decided last night by a 133 to 31 vote not to attend.

The horsemen want minimum purses of $950. B.C. Turf says that $850 is as high as it will go.

White Sox Due For Four Against Yankees

NEW YORK, June 18 (AP) — The high-flying Chicago White Sox, fresh from a twin killing of the Philadelphia Athletics, slipped into town today for their four big ones against the Yankees, starting with a doubleheader tomorrow.

This might well prove the series that answers the question of the hour — is Manager Paul Richards' speedy crew really taking aim at the American League flag, or has it been playing far over its head? Many experts are beginning to suspect strongly that the Sox aren't fooling.

Sport Briefs

BROOKLYN (AP) — Brooklyn Dodgers announced the signing of Bob Lillis, 20-year-old shortstop for the University of Southern California, for a "sizeable bonus." The sum was not disclosed.

TO MEET KING

PHILADELPHIA (AP)—Paddy DeMarco, of Brooklyn, N. Y., signed to meet Arthur King, British Empire lightweight champion from Toronto in the 10-round feature event next Monday at Toppi Stadium.

MILAN (AP)—Italy's tennis team qualified to meet West Germany in the semi-finals of the European zone Davis Cup competition by defeating Poland in doubles.

The other semi-final series will match Sweden and the Philippines.

VANCOUVER (CP) — Eleven horses were entered in the $1200 Lansdowne Park Inaugural Handicap, scheduled for track opening Wednesday.

At the same time, however, there was still no settlement in the purse dispute between the Horsemen's Benevolent and Protective Association and British Columbia Turf and Country Club, track operators.

VANCOUVER (CP)— Vancouver women golfers defeated a Victoria team in the annual inter-city golf match for the Hunting Cup.

Played over the Marine Drive course, Vancouver golfers finished with a score of 8½ to 3½ in the match affairs featuring most of the stars entered in the provincial championship today.

Minoso Leads American Batters

CHICAGO, June 18 (AP)—Orestes Minoso, one of the new players who have made the White Sox the team to watch, took over the American League batting leadership today.

Statistics covering games through Sunday put the Sox outfielder in the top spot by 23 percentage points. He hit safely 14 times in 27 visits to the plate last week and hiked his average from .354 to .379, well above the .356 of Philadelphia's Ferris Fain who had been leading the league for several weeks.

JOCKEY WINS AWARD

NEW YORK, June 18 (AP) — Conn McCreary, the comeback jockey who rode Count Turf to victory in the Kentucky Derby, today was named winner of the May award in the Hickok Pro Athlete of the Year competition.

SPORTS

BEN HOGAN (left), winner for the third time of the National Open Golf Championship, receives the trophy from James Standish, President of the U.S. Golf Association. Hogan also got $4000 for his victory.—AP Wirephoto.

Guest Disappointed in New Shell Built for Henley Regatta

By ALAN HARVEY
Canadian Press Staff Writer

HENLEY-ON-THAMES, England, June 18 (CP)—Young Jack Guest, lean and lanky sculler who hasn't lost a race in his life, looked today at his tailor-made new racing shell and yearned for the "old tub" he left in Toronto.

Standing at the water's edge in this famous regatta town, Jack said sorrowfully:

"This new boat just won't respond. I can knock myself silly but it won't go any faster. Unless I can find a new shell, I'll need all the breaks in the world to get anywhere."

Jack Guest, Sr., who stroked his way to victory over these smooth waters 21 years ago and hopes to see his 18-year-old son repeat, agreed that training so far has been "upsetting."

He explained that the new craft—A 27-foot job fashioned from Honduras cedar—was built on order by a London firm, to carry Canada's hopes in the Diamond Sculls, amateur rowing's most sought-after award.

The event will be staged here July 4-7 as part of the Royal Henley regatta.

"I'm not sure what the trouble is," said the elder Guest. "At home, Jack used a boat that was about 15 pounds heavier. He can't seem to accommodate his style to a lighter craft."

Another factor may be difference in design. The British shell, say the Guests, is a bit too flat-bottomed near the bow.

Trainer Harry Arlett, an Englishman who guided Jack Guest Sr. to his Diamond Sculls triumph in 1930, said it's all a question of a contrast in styles.

"Jack is so used to a heavy boat," Arlett said, "that he can't get the feel of the lighter one but I hope we can iron things out in the two weeks we have left."

Tomorrow may bring brighter news. The Canadian camp will try out a shell owned by Dan Wallace of Ottawa Rowing Club, who sent it back to the British makers for repairs.

Giants Bring Up Ottawa Pitcher

NEW YORK, June 18 (AP)—New York Giants, searching for a top-notch relief pitcher, today brought up Frank Hardy from Ottawa of the International League.

Hardy, a righthander, has won six and lost only one so far this season, and among his victories are a pair of one-hit shutouts, and two two-hitters.

NEW YORK, June 18 (AP)—Stan Musial, the man who Manager Marty Marion of the Cardinals calls "our whole attack," is supporting that analysis.

Powdering the ball at an even .500 clip last week, Stan regained his usual spot at the head of the National League batting list with a .382 average up through Sunday's games. Meanwhile Brooklyn's Jackie Robinson, who had been above the .400 mark a couple of weeks ago, saw his average slip to the second-place level of .368.

FELLER WINS 10TH GAME

By The Canadian Press

Bob Feller became the major leagues' third 10-game winner today but the former speed king of the Cleveland Indians had stormy sailing.

Feller gained credit for the Indians' 9-7 victory over the Boston Red Sox in the only game scheduled in the American League.

The Indians piled up an 8-0 lead for Feller but the Sox scored two in the fifth, two in the seventh and chased Feller with three in the ninth.

Feller left with two on and one out and Mike Garcia and Lou Brissie finished up. Brissie entered with the bases loaded and one out. He fanned Billy Goodman and got Johnny Pesky to ground out to save the game.

The Indians pounded out 14 hits against four Boston pitchers including home runs by Al Rosen, Sam Chapman and Ray Boone. Chapman also added a double and two singles.

Feller, beaten only by the Red Sox, has won six straight games. Vic Raschi of the New York Yankees and Sal Maglie of the New York Giants are the majors' other 10-game winners.

The Chicago Cubs edged the Boston Braves, 5-4, in the lone Naitonal League day game. Bruce Edwards, recently acquired from Brooklyn, doubled and scored the winning run on Bob Borkowski's ninth inning single. Johnny Klippstein, third Chicago pitcher, was the winner and Sid Schacht, third Boston pitcher, the loser.

Tremendous Deal Only Chance for Louis-Charles TV

NEW YORK, June 18 (AP) — There will be no general television of the proposed Joe Louis-Ezzard Charles return bout unless a sponsor comes up with a "tremendous" offer.

"It will have to be big, real big," said Marshall Miles, manager of the Brown Bomber. "The fight figures to draw at least $500,000 with T.V."

"It will have to be a tremendous offer," said Harry Markson, managing director of the International Boxing Club.

Neither Miles not Markson mentioned any specific sum but to get an idea of what they mean remember that a sponsor of the first Louis-Charles fight paid $140,000 for the T.V. and radio rights.

That fight grossed $205,370 at the Yankee Stadium last September 27, making a total of $345,370 altogether. And that was for a Louis who hadn't fought in over two years and a Charles who hadn't caught fire with the public.

Charles, of course, has a July 18 date with Jersey Joe Walcott in Pittsburgh. An upset by Jersey Joe could scramble the whole picture.

Equals Record

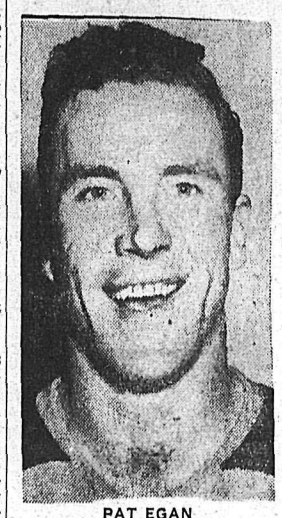
CHICAGO, June 18 (AP)—Johns Joy, speedy five-year-old son of Bull Dog, today equalled Arlington Park's six-furlong track record in winning the $17,350 Myrtle Wood handicap before an opening day crowd of 11,460.

The sprinter, holder of Churchill Down's seven-furlong track record, triumphed by two lengths over the favored Hasty House Farm's Roman Bath, in 1:09 1-5, a mark with Carrara Marble established two years ago. Third place in the 12 horse field went to Prop, winner of the race last year. Unbridled was fourth.

SAN FRANCISCO, June 18 (AP) —Charles (Tiv) Kreling, 80, noted sportsman and widely-known for his photographs of the Klondike gold rush, died here Sunday.

New Orleans was founded in 1718 a few years before Louisiana became a French crown colony under Louis XV.

Rangers to Man Mohawks This Season; Egan Moves to Cincinnati



PAT EGAN

NEW YORK, June 18 (AP)—New York Rangers of the National Hockey League entered into a working agreement today with Cincinnati Mohawks of the American League.

The Rangers sent Pat Egan, colorful veteran defenceman, to the Mohawks in the first move of the new deal.

In Cincinnati it was announced Clint (Snuffy) Smith, former star Ranger centre, had been named to succeed King Clancy as coach of the Mowhawks. Smith lead the Rangers' St. Paul Club of the United States League last season.

Clancy, former National League star and referee, may wind up as referee in chief of the American League. American League President Maurice Podoloff said "Clancy is being considered for the post."

The Mowhawks last year were a farm club of Montreal Canadiens.

Egan, 33, was a great favorite with Ranger fans. He had played in 403 consecutive games. Egan also saw service with New York Americans, Detroit Red Wings and Boston Bruins.

MONTREAL, June 18 (CP)—New York Rangers will furnish the complete team next season for Cincinnati Mowhawks of the American Hockey League.

An announcement tonight said the arrangements were completed after three weeks of negotiations between Gen. John Red Kilpatrick, prsident, and Frank Boucher, general manager, for Rangers, and Frank Selke and Tom Grace for Cincinnati.

Selke is general manager of Montreal Canadiens of the National Hockey League and also of the Cincinnati club, which was an affiliate of Canadiens until the deal just completed.

Unless Defenceman Ivan Irwin moves up to Canadiens, he and Trainer Gerry Roche will be the only members of last season's team to return to Cincinnati.

Irwin is the outright property of Cincinnati, many of whose players belong to Canadiens.

Selke said tonight other places will have to be found for his farmhands.

Aussies Permitted To Play in U. S.

MELBOURNE, June 18 (AP) — The Australian Lawn Tennis Association today decided to send its Davis Cup tennis team to the United States this Summer providing it plays a limited schedule and all expenses are paid from the day of its arrival.

Previously the Australian body had intended to have its stars return home directly from London after the Wimbledon championships in order to rest until time for defence of the Davis Cup in December.

Senior Ball Team to Practice in Fairview

Senior ball practice will be held on the Fairview grounds Tuesday evening. Civic Centre grounds are tied up with preparations for the Kin Stampede taking place Friday and Saturday.

PROGRESS REPORT

(Compiled from reports by)
WILLIAM BLAIR, M.E. — Mine Manager
G. R. McLAREN, M.E. — Consulting Engineer

1. A crew of approximately 25-30 men is engaged in carrying out the underground program aimed at blocking out sufficient tonnage for a large concentrator.
2. Drifting and diamond drilling is progressing.
3. Heavy machinery and equipment installed and working smoothly.
4. A considerable tonnage of ore is indicated based on previous underground development work, aggregating more than 13,500 feeting of drifting, crosscutting and raising.
5. The first diamond drill work is being carried out on the 500-foot level, drilling both to test the width and grade of the vein and also drilling every 100 feet to cut No. 6 vein.
6. Slashing and drifting is underway in the 6th and 7th levels.
7. An assay office is being built and equipped.
8. Footage figures on the various drifts and results of diamond drilling will be received at regular intervals.

Full information concerning Location, Extracts of Engineers Reports, Maps, etc., have been compiled in an "INFORMATION BROCHURE" which will be mailed free upon request.

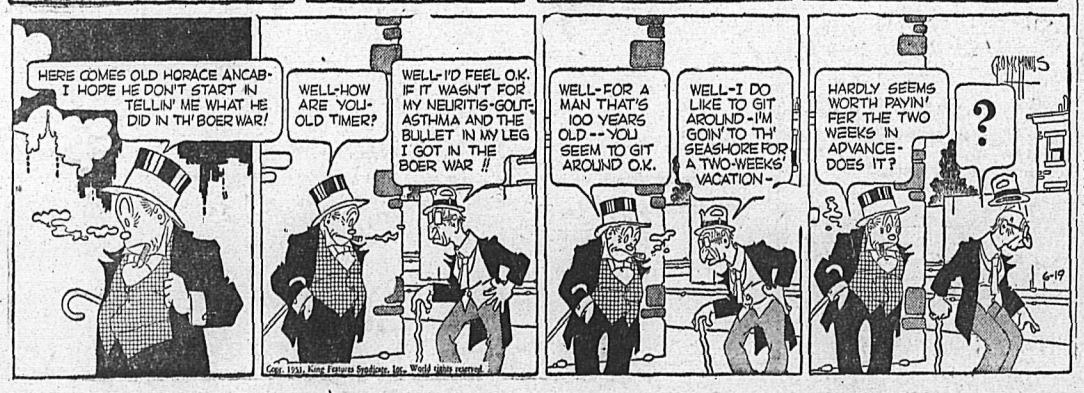
HENRY

KING OF R.C.M.P.

BLONDIE

SECRET AGENT X

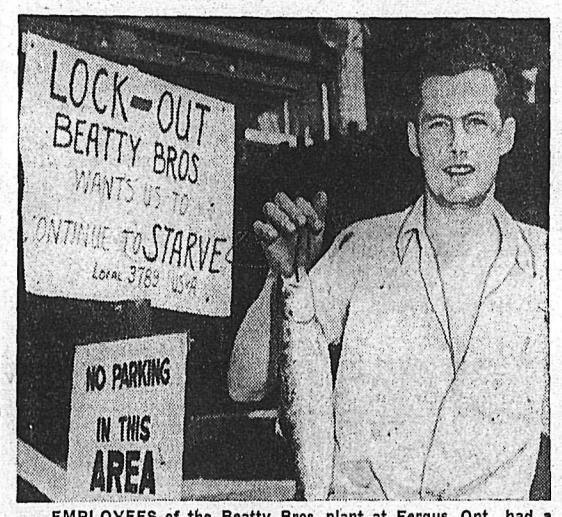
JIGGERS



FLIGHT-LIEUT J. OMER LEVESQUE, D.F.C., and (U.S.) Air Medal, of Montreal, was back in the cockpit again a few days after his return from Korea, where he has been on exchange duty with the U.S. Army Air Force. At the Canadair plant in suburban Montreal, he sits in a Sabre jet plane which is being mass-produced for the R.C.A.F. The veteran R.C.A.F. fighter pilot is credited with shooting down a Russian M.I.G. with a U.S.-made Sabre. Looking over his shoulder, above, is Al Lilly, chief pilot at Canadair.—Central Press Canadian.

SUBJECT FOR SPECULATION in Britain's court circles is the possibility that the King may retire from the throne because of ill-health. Britons have been shocked by recent pictures of the 55-year-old monarch, seen above, in which he appeared much older, strained and tired, suggesting a general deterioration of his health. The King has suffered since 1948 from a circulatory ailment in his right leg, and for the past two weeks has been confined to Buckingham Palace with a slight case of pneumonia.—Central Press Canadian.

MRS. CATHERINE MARSTON, editor and publisher of the Express of Elora, Ont., receives the Joseph T. Clark Memorial Trophy presented annually to the weekly newspaper in towns of 1500 and under judged the best in Canada. D. R. Wilson, representing the Canadian Weekly Newspapers' Association, made the presentation. —Central Press Canadian



EMPLOYEES of the Beatty Bros. plant at Fergus, Ont., had a "holiday without pay" when 600 union members walked out of the factory to attend a union meeting. The company suspended all those who attended, the union called the suspension a lockout. An agreement has been reached whereby the men return to work. One of the workers here shows the fruits of his labor during the "holiday". —Central Press Canadian

RECENTLY PRINCESS ELIZABETH has taken over many of her father's onerous official duties, which in the past the King insisted on performing himself. The present state of His Majesty's health has raised the rumor that the King might retire into private life and pass on the sovereign reins to his daughter, Princess Elizabeth, seen with her husband, Prince Philip.—Central Press Canadian.

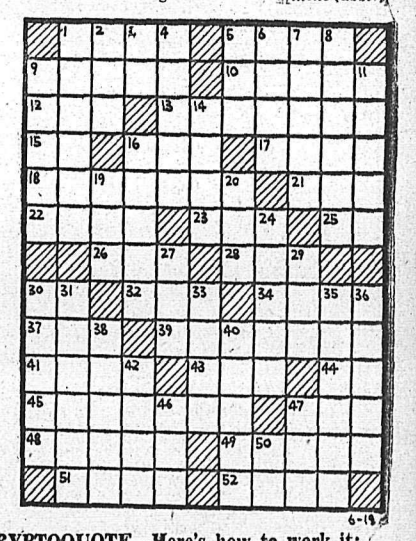
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

B T Z W T Q L A, C W Z X V A W P V X V
A L J P N Q L C R R A L V T B H V J T C R M T A X,
M R P D V Z T W D R V V H — D P N A L V X.

Yesterday's Cryptoquote: SHE ONLY KNOWS HOW JUSTLY TO PROPORTION TO THE FAULT THE PUNISHMENT IT MERITS—SHELLEY.

May Ration Copper and Aluminum

NEW YORK, June 18 (AP) — Word that the U.S. government will probably start rationing all copper and aluminum, as well as steel, on Oct. 1 caused little stir in the metals industry last week.

Under present plans, the National Production authority will soon allocate specific tonnages of copper, aluminum and steel for firms making military and essential civilian products.

Makers of consumer goods not rated essential will bid for whatever metal is left.

Prices of metals were unchanged except in the case of tin, which was slashed three times last week by the Reconstruction Finance Corp. For a total reduction of 18 cents a pound.

Major nonferrous metals prices:

Copper—24.50 cents a pound, Connecticut Valley. Foreign, 27.50 cents New York.

Lead—17 cents a pound, New York; 16.80 cents, St. Louis. Foreign, 21.50-22.50 cents, nominal, Gulf of Mexico ports.

Zinc—17.50 cents a pound, East St. Louis; 18.25 cents, New York. Foreign, 29 cents up, nominal, Gulf of Mexico ports.

Aluminum—19 cents a pound, ingots, shipping point. Pigs, 18 cents.

Nickel—56.5 cents a pound, electrolytic cathodes, Port Colborne, Ont., U.S. duty included.

Silver—87.75 cents an ounce, New York; 76.5 pence, London.

Tin—$1.11 a pound, New York.

Market Trends

NEW YORK, June 18 (AP)—Slow but determined selling hammered away and forced prices down.

Canadian issues were dull. McIntyre gained ¼, Distillers Seagrams Corporation ⅛. Hiram Walker dropped ⅜. Canadian Pacific, Dome Mines, and International Nickel remained unchanged. On the curb Lake Shore gained ¼, Giant Yellow Knife ⅛. Royalite oil lost ⅛.

TORONTO (CP)—Prices drifted in an irregular path. Changes were mostly small and trading extremely dull.

Following Friday's advance, prices opened with little trend and remained that way throughout the session. Trading volume was about 1,050,000 shares.

MONTREAL (CP) — Securities firmed slightly towards the close in a continuation of the trend of the earlier part of the day. Trading was moderate.

Fractional advances included Building Products, Canadian Celanese, Fraser, International Paper, Price Brothers, Consolidated Paper, Shawinigan, Consolidated Smelters, International Nickel, Atlas Steel and Canadian Locomotive.

LONDON (Reuters)—Selling by short-terms, bulls brought dullness.

Approach of the end of the trading period and expectations of difficulty in arranging carry-overs induced liquidation. This was most marked in recently-active shares. Most industrial groups and many miscellaneous leaders, including Dunlops and Imperial Chemicals, dipped to close with losses ranging from a few pence to 1s.

Word to the Wise

WITH BRITISH TROOPS IN KOREA, June 18 (Reuters)—British Tommies are leading a road-safety campaign in Korea with warning posters. Each line is painted on successive telegraph posts. One reads:

"There was a young man in Korea,
"Whose rotation was getting quite near,
"He ignored all the signs,
"Too many times,
"And now he is permanently here."

Kai-shek Warns U. S.

TAIPEH, Formosa, June 18 (AP)—President Chiang Kai-shek tonight insisted on Nationalist China's right to participate in a Japanese peace treaty.

He said if this right were denied "it may seriously damage the traditional friendship between the Chinese and American people."

Calgary Livestock

CALGARY, June 18 (CP)—Trade was not too brisk on the Calgary livestock market today, though receipts were only 441 cattle and calves.

Good to choice butcher steers and heifers were about steady, but in-between kinds were 50 cents or more lower. Cows were easier to 50 cents lower, bulls fully steady. Stocker and feeder steers were in good demand at steady prices, veal calves steady.

Last week's sales were 3769 cattle, 162 calves, 1508 hogs and 57 sheep.

Hogs closed 50 cents higher last week at $38.25, while sows were steady at $24.50.

Good to choice butcher steers 34-36.50; common to medium 29-33. Good to choice butcher heifers 33.50-35; common to medium 28-33. Good cows 28.50-30; common to medium 24-28; canners and cutters 20-23.50. Good bulls 33-34.50; common to medium 28-32.50. Good stocker and feeder steers 31-33; common to medium 28-30.50. Good to choice veal calves 36-40; common to medium 29-35.

Winnipeg Grain

WINNIPEG, June 18 (CP)—Winnipeg grain cash prices:
Oats—No. 1 feed, 79¾.
Barley, No. 1 feed, 1.15¼.

PRINCE ALBERT, Sask., June 18 (CP)—Edward Joseph Deraspe, who escaped from the Prince Albert jail Saturday, was recaptured by R.C.M.P. last night at Willow Bunch, Sask., near the international boundary.

Nothing Decided On Car Reserves

OTTAWA, June 18 (CP) — Production Minister Howe said today "nothing conclusive has been decided" as a result of discussions about accumulation of cars in the hands of a Canadian automobile producer.

Mr. Howe, replying to a question by Donald Fleming (PC-Toronto Eglinton), named no company but was believed to be referring to the Ford firm in Windsor which has said it may have to lay off thousands of workers because Government credit restrictions are halting sales.

Mr. Fleming asked what is being done in discussions with car firms to ease employment conditions by giving defence orders.

"There have been discussions with the motor car companies about defence orders," Mr. Howe said. "Development orders have been placed with two of the companies and it is expected that the third company will receive an order very shortly. They are exploring the type of vehicle we wish to build and as soon as the company indicates that it is ready to close negotiations we will be ready. There have been discussions with one of the companies about the accumulation of cars that is taking place but nothing conclusive has ben decided."

Says Commonwealth Has Saved Britain

LONDON, June 18 (Reuters)—Patrick Gordon-Walker, secretary of state for commonwealth relations, said today "there would be no Britain and no Festival of Britain" but for "the sacrifices and courage" of the commonwealth armed forces.

He told the biennial conference of the British Empire Service League that "we are conscious of the great debt to these people, a debt that can never be properly repaid."

The conference adopted a resolution by the British Legion saying that to safeguard the freedom and independence of the commonwealth and empire "it is desirable that they should be adequately armed" and calling upon Britain and all self-governing dominions and the colonial governments" to play their part in sharing the responsibility of the provision of the necessary forces."

D. G. Ross, South African delegate, said that South Africa would be "there again" if trouble came.

Union President Attacks U.K. Defence Program

BRIGHTON, England, June 18 — (CP)—Jack Tanner, President of the powerful Amalgamated Engineering Union, said today that fulfilment of Britain's rearmament program will involve a drop in the standard of living.

He told the annual conference of the 815,000-member union that criticism in the labor movement of the scale and tempo of rearmament cannot be ignored.

It was the first statement by a trade union leader on these lines since Aneurin Bevan resigned as Labor Minister on grounds the defence program is unattainable and will undermine social services.

American Ports Feel Strike

NEW YORK, June 18 (AP)—Ship sailing schedules were scuttled today as the first full impact of country-wide maritime stoppages, effective last Friday midnight, hit American ports.

The Maritime Union (C.I.O.) said that 80 ships slated to be on the high seas were "sitting still" on the East and Gulf coasts.

Except for military cargoes, West coast shipping also was blocked.

"We are still willing to negotiate provided the operators will put something on the table," said M.U. President Joseph Curran.

As the first real effects of the tie-up were felt, following a week-end when few ship departures were scheduled, Cyrus S. Ching, a native of Prince Edward Island, chief of the Federal mediation and conciliation service, stepped in.

His strategy was reported to be to try to bring negotiators of all three idle C.I.O. unions—the N.M.U., the Marine Engineers Beneficial Association and the American Radio Association — together with representatives of the 40 shipping companies.

All are seeking pay raises and other contract changes.

C.N.R. to Extend Lynn Lake Line

OTTAWA, June 18 (CP) — The Commons today gave approval in principals to the Canadian National Railways building a 155-mile rail line to tap nickel-copper ore deposits at Lynn Lake, Man. The House gave second reading to a bill authorizing the new line.

The $14,725,000 line will run from Sherridon, Man., to Lynn Lake, where the Sherritt-Gordon Mining Company is to locate its operations now centred at Sherridon, where ore deposits have become exhausted.

Howard Green (PC-Vancouver Quadra) said the Progressive Conservative Party supports the bill, believing the Lynn Lake development of great importance. He also commended the idea of establishing the refinery in Edmonton.

George Murray (L-Cariboo) approved the new line and said it emphasized the need of extending railway facilities into the Peace River area straddling the Alberta-British Columbia border.

Two Manitoba members—William Bryce (CCF-Selkirk) and George Weaver (L-Churchill) said the new rail line will benefit, not only Manitoba, but all of Canada.

Chemical Institute Honors Canadians

WINNIPEG, June 18 (CP)—Four prominent Canadian chemists were elected to fellowship in the Chemical Institute of Canada, it was announced today at the opening of the Institute's 34th annual conference.

Delegates from all provinces in the Dominion registered yesterday for the three-day conference.

The four new fellows are: Dr. N. H. Grace, biochemist, division of applied biology, National Research Council, Ottawa; Dr. Richard H. Manske, director of research, Dominion Rubber Co., Ltd., Guelph, Ont.; Dr. Norman Phillips, head of the electro metallurgical division, Aluminum Laboratories Ltd., Arvida, Que.; and Dr. Elwood V. White, professor of chemistry, University of British Columbia.

The Institute also announced the names of 12 new councillors. Among those elected is Dr. Robert H. Wright, head of the department of chemistry, B.C. Research Council, Vancouver.

Maple Leaf Goalie Hurt in Penticton

PENTICTON, B.C., June 18 (CP) —Goalie Al Rollins of the Toronto Maple Leafs today is nursing an injured hand

He suffered a deep gash on the fingers of his right hand in a baseball game here Sunday when he slid into third base head first It required two stitches to close the wound

Ford to Lay Off Men

WINDSOR, Ont., June 18 (CP) — Ford Company of Canada officials announced today that a slump, blamed by dealers on credit restrictions and higher taxes, is responsible for a cutback in production that will mean layoffs for an undetermined number of the company's 14,000 employees early in July.

President Rhys M. Sale said the company will suspend production of domestic vehicles June 25 and 26, the entire plant will be closed for inventory-taking June 27, 28 and 29, and a "curtailed manufacturing program will go into effect July 3, after the Dominion Day holiday."

"RECRUIT" FOR THE INFANTRY . . . Three Infantrymen of the U.S. 7th Division sit by a roadside in Korea and gaze at their new "recruit", a horse which is used as an ammunition and gun carrier.

Ford Employees Return to Work

WINDSOR, Ont., June 18 (CP)—Employees of Ford of Canada turned out for work today following Friday's cancellation of layoff plans. Company officials reported a normal attendance.

The proposed layoff was the result of the credit policies of loan companies that finance car-dealers. The company agreed to postpone layoff action until further discussion is held with government and dealer sources on the subject of credit restrictions.

Chinese Suspend Catholic Bureau

HONG KONG, June 18 (AP) — Chinese Reds have suspended the Roman Catholic Central Bureau in Shanghai and ordered its personnel to remain in that city pending investigation.

The bureau was a centralized advisory board. Its officials are charged with blocking the Red campaign to set up an independent church, "slandering the Chinese people," and "spreading reactionary literature."

Catholics ordered to remain in Shanghai include an American bishop, and priests from Canada, Ireland, Belgium, France and China.

Catholic sources here said the mission's closure might be a death blow to the entire Catholic movement in China.

The Canadian priest was identified as Rev. August Prevost, about 40, from St. Eustache, Que., head of the seminary department.

B. C. Cedarwood For British Church

LONDON, June 18 (CP)—A gift of cedarwood from a British Columbia lumber firm will help restore the spire of Eastwood, Essex, parish church.

The vicar, Rev. R. d'E. A. Byrn, a former lumberjack, was unable to obtain shingles in England for the repair of the dilapidated spire.

He wrote to the Canadian Government and was told a shipment of cedarwood shingles, donated by a B.C. company, was on its way under special export licence.

That part of the problem solved, Mr. Byrn has launched a campaign for funds to meet the cost of completing the repairs.

Dollars for Britain

LONDON, June 18 (Reuters)—A record total of 603,000 overseas visitors spent $163,520,000 in Britain last year, the Board of Trade announced today. The previous year's visitors totalled 549,000.

Berlin Gives Silver Award to N.F.B. Film

BERLIN, June 18 (Reuters)—Britain, the United States and West Germany today jointly topped the poll in West Berlin's first international film festival. Each won four awards.

A Jury based its decisions on a poll conducted among thousands of West Berliners.

Canada received a silver award for "Begone Dull Care", produced by the National Film Board.

Dope Ring Believed Smashed at Windsor

WINDSOR, Ont., June 18 (CP)—One of the biggest dope rings in the history of Windsor was believed smashed by the R.C.M.P. during the weekend with the arrest of four men facing a total of 31 charges of sale and possession of heroin.

The three arrested Saturday — Patrick Riley, 30, Philip Chiampi, 37, and Leonard Grimaldi, 35, all of Windsor — appeared in police court today where bail was set at $50,000. The fourth man, William Chiampi, brother of Philip, was arrested Sunday.

Order of Foresters Meets in Winnipeg

WINNIPEG, June 18 (CP)—About 500 delegates from all parts of Canada registered during the week-end for the 71st annual convention of the Canadian Order of Foresters.

Executive meetings were held Saturday and today. The convention will be officially opened tomorrow afternoon.

Epidemics Sweep Over North Korea

WASHINGTON, June 18 (AP)—Hundreds of thousands of North Koreans and Communists troops in North Korea are stricken by smallpox, typhus and typhoid fever epidemics, Brig.-Gen. C. F. Sams said today.

Sams, until recently chief of the Public Health and Welfare section at General Headquarters in Tokyo, declined to say whether U. N. troops were affected.

Commonwealth Unit To Go Into Action

LONDON, June 18 (Reuters)—The newly-created Commonwealth division will go into action in Korea as a unit during the second half of July, it was stated authoritatively today.

Until now Commonwealth troops have fought in Korea as brigades with the United Nations forces.

The division will consist of a Canadian brigade, two British brigades which include an Australian battalion, a field artillery unit from New Zealand, and an ambulance unit from India.

Hour's Video on Saskatoon Set

SASKATOON, June 18 (CP) — Television came to Saskatoon last night for one hour on the television set of Milton Fuhr, who had been experimenting for months to obtain a clear picture on his set.

Mr. Fuhr and some 25 other persons watched the one-hour show, tuning in on channel five originating from Detroit. Two other stations on channel four also were picked up but Fuhr was unable to separate the two on the screen.

"I think the next step will be to set the machine up in my car and put a small antenna on the roof and go find myself a high hill for further experimenting," Mr. Fuhr said.

Two-Seater Biplane Keeps Inchon Awake

EIGHTH ARMY HEADQUARTERS, Korea, June 18 (AP)—A pesky character—nicknamed "Bed-Check Charlie"—is keeping a lot of fellows up nights around here.

"Charlie" is a Communist two-seater biplane. It comes buzzing low on moonlight nights, hopping over hills and down the river valleys to harass Allied personnel.

"Charlie" made another appearance Sunday. Four small bombs fell in the tidal basin Northwest of the West coast port city of Inchon. Then the plane strafed the outskirts of the airstrip at Kimpo, Seoul's airport.

One man sits in the rear seat and strafes with a Russian-made Burp gun.

"He just seems to be interested in keeping people up nights." an Allied officer said.

"Mrs. America" to Remarry Husband

SAN DIEGO, Calif., June 17 (AP) —Mrs. America of 1949 said today she will remarry the father of her three children and get along with his faults.

Mrs. Frances Cloyd, 25, said she and Arthur T. Cloyd, Jr., 27, would renew their marriage vows here Tuesday. She had charged him with neglect and indifference. Their divorce became final May 14.

Mrs. Cloyd said:

"All men have something wrong with them, some faults. I've decided to get along with the faults of the father of my children."

NEWSPRINT SHORTAGE KILLS ALASKA PAPER

ANCHORAGE, Alaska, June 16 — (AP)—The Anchorage Times said today a newsprint shortage has forced it to suspend publication of the weekly Forty-Ninth Star, and curtail its own circulation and advertising lineage.

Publisher Robert Atwood of the Daily Times said the last issue of the Forty-Ninth Star would be published June 24. The weekly tabloid-size newspaper was a venture of the Anchorage Times Publishing Co.

Atwood said the Times would cut its circulation from an average of 12,000 daily to 11,000, freeze its advertising lineage and limit its size to a maximum of eight pages.

The Times has only a 16-day supply of newsprint on hand.

ACHING BACK?

Why suffer with backache or painful joints? Many find quick relief by taking Dr. Chase's Kidney-Liver Pills. Kiwanis' Chief Asks for Strong Friendship Ties

ST. LOUIS, Mo., June 18 (AP) — A plan to promote study of each other's country by Americans and Canadians was advocated today by Don. H. Murdoch of Winnipeg, President of Kiwanis International

In his presidential message to the organization's 36th annual convention, Mr. Murdoch said such a study would be a contribution towards building on this North American continent "a closely knit neighborhood."

"We are proud of the part Kiwanis plays in strengthening the bonds of friendship between our two nations," he said. "We must not take it for granted but we must constantly work toward keeping it in good repair. There are differences and the more complicated the international sitaution becomes, the more thinking men may differ in opinion.

"Let is be known that our organization stands steadfast in defence of freedom of speech, free enterprise, opportunity, the right to worship as we choose, and the freedom to be unafraid and at peace."

In his review of the organization's work in the past year, Mr. Murdoch said that Kiwanis membership is at a record 203,000 in 3300 communities.

Canada Plans 11 Jets for Europe

ODIHAM, Hampshire, England, June 18 (CP)—Canada hopes to have 11 jet-fighter squadrons operating in the United Kingdom and Europe by 1953, Air Marshal W. A. Curtis, Chief of the R.C.A.F. Air Staff, today told members of the Dominion's 421 Red Indian Squadron in training here.

His reference to Canada's proposed program of expansion in support of Western defence, was made at the close of an inspection tour, featured by a fly-past of the Canadian Squadron through a rain and hail storm.

The Air Marshal was accompanied among others by Air Commodore Martin Costello, member of the Canadian Joint Staff in London.

The Canadian fliers were highly commended for the efficiency of today's fly-past as every aircraft in the squadron participated with 100-per-cent serviceability.

Dies on Gallows For 1949 Slaying

WALLA WALLA, June 18 (AP)—Wayne Odell, 22, Steptoe, Wash., was executed on the gallows at 12 a.m. today at the state prison here for the December 1949 slaying of a Winona, Wash., farmer. Odell was pronounced dead at 12:17 a.m.

Governor Arthur B. Langlie denied a last minute appeal for clemency by Odell's parents.
