Yugoslavia May Buy Steel Mill

U. S. Sanction Biggest Step in Backing Tito's Fight With Moscow

WASHINGTON, Aug. 17 (AP) — The United States has granted Yugoslavid permission to buy the materials for a steel mill from an American company, Government officials disclosed tonight.

The decision marks the biggest step yet taken by the United States Government to strengthen Marshal Tito in his fight with Moscow.

It is the first time since the cold war began that the Truman administration has agreed to ship "war potential" goods to a Communist-ruled country.

The shipment was approved after months of argument between the State and National Defence Departments and other top agencies of the Government.

The mill, valued at approximately $3,000,000, will be built by the Continental Foundry and Machinery Company of Pittsburgh and is to be delivered in 12 months.

Government officials said it is a blooming and slabbing mill designed to process and refine steel ingots and would not increase Yugoslavia's steel capacity but only its ability to refine it.

"CALCULATED RISK"

State Secretary Dean Archeson, it was learned, led the fight for approval with the Truman Administration, arguing it was a "calculated risk" necessary to bolster Yugoslavia's recovery.

The Yugoslav Government, in appealing for the right to place an order for the mill, said it was vitally needed to turn out rails and other structural steel essential to the Yugoslav recovery program.

Believes Polio Peak Passed

VANCOUVER, Aug. 17 (CP)—Dr. Stewart Murray, Chief Medical Health Officer, told the Metropolitan Health Committee today that this year's polio peak appears to have passed.

The peak week for Vancouver and other British Columbia points, he said, was July 29 to Aug. 5.

Dr. Murray said the number of suspects has dropped sharply during the last few weeks, with none reported in Vancouver Tuesday until two were brought to General Hospital during the evening. However, four cases were confirmed.

Of the 94 cases treated in General Hospital this year there have been two deaths, both from bulbar polio, and 45 discharged from hospital.

Disorder Marks Indonesian Independence Day

BATAVIA, Java, Aug. 17 (AP)—Disorder today marked the fourth Independence Day celebration of the Indonesian Republic.

Several casualties were reported in Batavia.

Thousands of persons streamed into the city and put on an impromptu demonstration in Koningsplein Square, where in 1945 President Soekarno and Premier Mohamed Hatta had proclaimed Indonesia's independence.

Shouting "Merdeka!" (freedom) demonstrators pushed their way into the Republican delegation headquarters building, where a formal ceremony had been planned, and took over the place.

FESTIVALS BANNED

Dutch authorities had banned all outdoor festivals for the occasion.

In spite of the Netherlands order banning the appearance of Indonesian flags, thousands wore the red and white colors of the Republic.

In a one-hour speech, Soekarno said the condition for peace and security in Indonesia is the transfer of complete independence to the Indonesians. The people of Indonesia, he said, must unite, come what may.

A crowd of about 100,000 gathered in and near the Batavia headquarters of the Republican delegation. It began to disperse four hours later.

Sask. Family Allowances High

REGINA, Aug. 17 (CP) — The $1,587,842 sent out to Saskatchewan families during July was the second highest amount in this province since family allowances were established, J. J. McGurran, Regional Family Allowance Director, reported today.

The amount, $5661 less than paid out in the recent month of May, was sent to 260,701 children.

To Vancouver Church

CALGARY, Aug. 17 (CP) — Lawrence R. Cluderay, organist and choir master at Grace Presbyterian Church here for the last two years, has accepted a similar position at St. Andrew's Wesley United Church in Vancouver, it was disclosed today. He will take up his position at the West Coast in September.

QUITS IN PROTEST AGAINST RED POLISH GOV'T

Consul-General in Montreal to Seek U. S. Asylum

SURPRISE,

WASHINGTON, Aug. 17 (AP) — Arthur Bliss Lane, former ambassador to Poland, said today that the Polish consul-general in Montreal had resigned and was seeking "political asylum" in the United States.

The Polish diplomat is Tadeusz J. Rakowski, 47, who had held the Montreal post since 1947. In a statement released through Lane, Rakowski accused the Communist Government of Poland of serving the interests of Russia.

Rakowski also said in a statement that he is a Roman Catholic and "cannot accept the onslaughts of the Communist Governments upon the Catholic Church."

Lane said that Rakowski came here today, discussed the resignation with him, then started to New York by automobile and was therefore not personally available to reporters.

Rakowski was accompanied here by his 21-year-old daughter who served as an interpreter. His wife is in New York.

Rakowski's statement gave the following reasons for his resignation:

"I am a Pole and I cannot resign myself to the activities of the present Communistic Government of Poland, which does not act for the good of the country but in the interests of and according to directives received from a froeign power —Russia.

"Because of my profound conviction, I am not and never have been a Communist—but a sincere champion of democracy in the Western sense of the word. I therefore do not wish, however indirectly, to aid forces striving to bring about the Communistic domination of the world — a domination which destroys the liberty and value of individual man.

MONTREAL, Aug. 17 (CP) — Members of the Polish Consulate here tonight expressed complete surprise at the announcement in Washington that their chief, Consul-General Tadeusz Rakowski, had resigned.

Vice-Consul Zygfrid Wolniak said "Dr. Rakowski left last Friday on his holidays. He said nothing to us at the time. . . ."

YOHO SLIDE HALTS MAIN LINE RUNS

FIELD, B.C., Aug. 17 (CP) — A slide of rock and mud at Yoho, East of here, has delayed transcontinental service on the Canadian Pacific Railway, officials said today.

At its widest point, the slide covered an area of about 200 feet. No trains were in the area at the time. Westbound trains are being held at Calgary and Eastbound trains here while the tracks are cleared.

It will take about 17 hours to clear the tracks, C.P.R. officials said. Schedules should be back to normal by Friday.

Killed in Street Fight

MONTREAL, Aug. 17 (CP) — An unidentified man tonight stabbed and killed 26-year-old Aurel Bertin in a street fight in downtown Montreal near St. Lawrence Boulevard.

Police said the assailant fled with an unidentified woman companion.

Witnesses told police that the two men were fighting over the woman.

ACQUITTED ON CHARGE OF RETAINING BONDS

VANCOUVER, Aug. 17 (CP) — James E. Crossley of Vancouver was acquitted in police court today of a charge of retaining bonds valued at $450 stolen in the burglary of a Kelowna real estate office in 1947.

Magistrate Oscar Orr said he felt that Crossley may not have known the bonds were stolen.

ONTARIO MEN SAVE $400 EACH IN GOING TO U. K. FOR OPERATIONS

KINGSTON, Ont., Aug. 17 (CP)—Two Kingston aluminum workers are several hundred dollars richer today because of the British health program.

The two men, faced with expensive surgical operations which would cost about $700 apiece, decided it would be cheaper to cross the Atlantic third class and take advantage of the British plan which provides free medical treatment for the people of the United Kingdom and also for tourists.

The fare on the Cunard liner Ascania was about $300 each, considerably less than the men would have paid for the operation in Canada.

Back in Kingston after returning this week, the men figure they saved about $400 each. They're pleased with the results of the operations too.

Britain Completes Proposals for Monetary Talks

By ARTHUR GAVSHON

LONDON, Aug. 17 (AP)—British officials today completed a top secret four-part document setting out proposals for meeting the world dollar crisis.

The brief was hammered out by a committee of Treasury, Foreign Office and Board of Trade experts. It is to go before the Cabinet late next week. If approved, it will form basic British policy at next month's dollar-pound Washington conference.

Sir Stafford Cripps, Chancellor of the Exchequer, and Foreign Secretary Bevin will meet John W. Snyder, Secretary of the United States Treasury, in Washington Sept. 7.

Official sources said the four-part British brief comprised:

1. A study of the background to, and causes of, the critical unbalance between the dollar and sterling areas.

2. A review of what each of the three governments has done to meet and redress that unbalance.

3. A colse look at the situation as it exists now, underlining all the implications of a failure to agree on a solution.

4. A series of proposals aiming broadly at achieving some kind of world trade pattern which would allow a free flow of currencies between the dollar and non-dollar systems.

West Germans Advised Against Over-Criticism

By JOHN SCALE

WASHINGTON, Aug. 17 (AP) — State Secretary Dean Acheson cautioned the Western Germans today against too much criticism of the Western occupation powers.

Acheson told a Press conference that "constructive criticism" is to be expected in the new German state and that the Germans should not be denied this privilege.

But, he emphasized, "abuse of such freedoms" may alienate the sympathy of the Western powers and fail to serve the interests of the German people.

"The Germans may well be reminded," he said, "that they are exercising these freedoms only because they are privileged to live under the jurisdiction of freedom-loving nations."

Acheson told reporters that "some of the nationalistic and critical utterances" of the campaign can be viewed as normal, democratic speechmaking and "a release of long pent-up emotions after 16 years of dictatorship and military rule."

B. C. Packers Earnings Drop

VANCOUVER, Aug. 17 (CP) — B.C. (fish) Packers, in its annual report, lists today a drop of $582,917 in consolidated net earnings for the year ended April 30, 1949, as compared with the previous year.

Consolidated net earnings were $995,980 against $1,578,897 for the previous year.

Hopes for A. F. L., C. I. O. Merger

TORONTO, Aug. 17 (CP)— President William Green of the American Federation of Labor today expressed hope the A.F.L. and the C.I.O. would unite as a single labor body.

The head of the 8,000,000-member A.F.L. while declaring that no definite steps towards a reunion have been taken recently, said he has hopes for what he termed a "final adjustment" with the C.I.O.

Charge Shipyard Unions Ignored Suggestions

VANCOUVER, Aug. 17 (CP)—A charge that five Vancouver shipyard unions "refused to listen to suggestions" in a wage dispute with two shipyards has been made before a Conciliation Board hearing.

D. B. McLeod, representing Burrard and Pacific Drydocks, told the three-man Board yesterday that union leaders "refused to discuss the position of the companies, or to meet with remedial suggestions for the 1949 contract."

Foochow Lost

CANTON, Aug. 18 (Thursday)—(AP)—The Nationalists today admitted the loss of Foochow, Southeastern China port city and capital of Fukien Province.

Capture of Foochow, 430 air miles Northeast of Canton, by Communist armies came after the United States Consulate-General announced it expects to close tomorrow and pull out of Canton. It will go to Chungking which will be the new Nationalist refugee capital. But the British Consulate-General will remain in Canton.

The official Nationalist Central News Agency said the loss of Foochow was announced last night by a spokesman for Southeast China headquarters at Taipeh, Formosa.

Yellowhead Caravan Covers Toughest Part of Trip

BLUE RIVER, B.C., Aug. 17 (CP) —The "Yellowhead Route" 45-car motor caravan wound its way into Interior B.C. town of Blue River last night—the toughest part of its Vancouver-bound trip behind it.

$100,000 Damage To Officers' Mess In Coast Fire

VANCOUVER, Aug. 17 (CP)—An early morning fire today gutted the $100,000 joint-services Sergeant's Mess at the British Columbia area headquarters of the Canadian Army here.

The blaze, of undetermined origin, raged through the one-storey H-shaped building for nearly an hour before firemen and volunteers brought it under control.

Remanded on Murder Charge in Shooting

HAMILTON, Aug. 17 (CP) — "Irish Davey" Ambersley was remanded today to Aug. 29 on a charge of murder in connection with the Aug. 6 shooting at his suburban home of Richard Slifka, 23-year-old former resident of Vancouver and Brandon, Man.

Edward (Big Dempsey) Richards, 33-year-old beverage room waiter and wrestling timekeeper, has already been charged with murder and manslaughter arising from the same death.

Slifka was shot to death following a wild fight during a drinking party. The former junior hockey player with a Regina team was shot through the heart.

Seek Money in Radio War With Russia

WASHINGTON, Aug. 17 (AP)—The United States State Department is planning to throw heavy new reinforcements into the radio war with Russia if Congress will provide the money.

The Appropriation Committee of the House of Representatives took the first step yesterday by recommending an appropriation of $11,500,000. This still is subject to action by the House itself, and the Senate.

BERAN CLAIMS HELD CAPTIVE, FUNDS SEIZED

Unleashes Charges In Letter to State Prosecutor

FORCING BREAK?

By RICHARD KASISCHKE

PRAGUE, Czechoslovakia, Aug. 17 (AP) — Archbishop Joseph Beran broke a two months' silence today and accused the Communist Government of holding him captive in violation of his constitutional rights.

The stocky little 60-year-old Roman Catholic Primate has not appeared in public since June 19 when a sermon he tried to preach was shouted down by Communist hecklers. He claims now that he has been interned and isolated in his Prague palace.

Archbihop Beran accused the Government of illegally seizing his consistory (administrative office) and confiscating the funds of his Prague diocese.

He made the charges in a letter to the state procurator (prosecutor) which was given to the foreign press through church and diplomatic channels. In his letter, the country's leading Roman Catholic official asked bluntly:

"Is the Roman Catholic Church in Czechoslovakia still recognized by the State? If so, by what law was the Roman Catholic Church deprived of its legal independence in internal matters?"

Archbishop Beran's questions and charges indicated the church hierarchy might be trying to force a break in the deadlocked church-state fight. This was emphasized by the decision to give the Catholic leader's letter publicity through the Western press and through Western press and through Western broadcasts which are beamed back into Czechoslovakia.

The Communist-controlled Prague Press repeatedly has claimed the Archbishop was free to leave his palace but that he wanted to remain in seclusion and "pose as a martyr."

Inquiring newspaper men never have got past the ground floor reception desk of the palace where plainclothes police have been on duty. It is known, however, that the Vatican diplomatic representative in Prague has been getting in to see the Archbishop.

The Catholic Leader charged that Dr. Miroslav Houska, an official of the Ministry of Education has been installed in his palace consistory and is "acting in the name of the Archbishop of the diocese."

WILL TRY TO RESTORE "SQUALL" TO BABY

VANCOUVER, Aug. 17 (CP) — Doctors at General Hospital here today are attempting to restore a healthy, normal squall to a two-day old baby boy, unable to cry because of a throat ailment.

The boy, infant son of Mr. and Mrs. Paul Narchuk, was flown from Prince Rupert, B.C., last night for hospital treatment.

The child's mother is still in hospital at Prince Rupert.

FARM PRICES STILL LOWER THAN LAST YEAR

OTTAWA, Aug. 17 (CP) — For the first month in seven, farm prices of agricultural products took a noticeable jump in June, the Bureau of Statistics reported today. But the index was still lower than in June a year ago when it was rising to a record in August. Generally speaking it has been moving downward since then.

Churchill Would Delay Admitting W. Germany

Urges Special Session of Assembly To Take Up Problem; Surprise Action

By JOSEPH E. DYNAN

STRASBOURG, France, Aug. 17 (AP) — Winston Churchill urged the European Consultative Assembly today to delay consideration of the admission of the West-German republic until a German delegation is ready to take its seats.

Churchill's action was a surprise. He had been expected to move for prompt admission of the German republic.

Churchill, however, asked that the Ministerial Committee, Upper House of the Council of Europe, call an extraordinary session of the assembly in December or January to take up the admission of Germany.

Churchill called the question of the admission of Germany "the greatest and most important of all questions that are before us."

In his speech to the 101 delegates representing 12 countries Churchill advanced two other ideas:

1. Creation of a European Court before which cases of violation of human rights in the 12 countries "may be brought to the judgment of the civilized world." Such a court should not be able to enforce its decisions by sanctions, however, he said.

2. A major revision of the United Nations in which continents rather than countries would be represented.

He said he hoped the Council of Europe "shall become one of several continental units who will form the pillars of the world instrument for maintaining security.

"I hope that in due course these continental units will be represented in the world organization collectively, rather than by individual states."

On the other big question before the Assembly, creation of a United States of Europe, Churchill differed little from the view taken earlier by Herbert Morrison, British Deputy Prime Minister, who urged a go-slow policy.

"We may just as well see what a girl looks like before we marry her," Churchill said.

BECOMES NEW NEWFOUNDLAND LT.-GOVERNOR

Succeeds Walsh, Appointed Chief Justice

3 TO SENATE

OTTAWA, Aug. 17 (CP)—Sir Leonard Outerbridge of St. John's, Nfld., today was appointed Lieutenant-Governor of Newfoundland.

Prime Minister St. Laurent made the announcement after a three-hour Cabinet meeting.

Sir Leonard succeeds Sir Albert Walsh whose appointment as Chief Justice of the Newfoundland Supreme Court also was announced by the Prime Minister.

Sir Albert, whose resignation from the post of Lieutenant-Governor becomes effective Sept. 5, took that post when Newfoundland became a Canadian province last March 31 on the condition that he would be relieved after the Legislature had held its first session.

The session was prorogued a short time ago.

Mr. St. Laurent announced as well the filling of three of the six Senate seats to which the new province is entitled.

The new Senators are: Ray Petton and Maj. Alexander Boyd Baird, both of St. John's, and George Joseph Penny of Ramea.

Sir Leonard, a 60-year-old soldier, lawyer and sportsman, was born at Asheville, N.C.

D.S.O. WINNER

He won the Distinguished Service Order as a major in the first Canadian Infantry Brigade during the First World War. A keen sportsman, he won the Canadian Amateur Squash Championship in 1914 and in 1919. He also is an ardent fisherman, hunter, golfer and tennis player.

He was knighted in 1946 for his work as Chief of Civil Defence in the St. John's area during the Second World War.

The appointment of the three new Senators gives the Liberals 76 of the 102 seats in the Upper House. There are 15 Progressive Conservative Senators and 11 vacancies.

In addition to the three Newfoundland vacancies, there are three vacancies in Ontario, two in Nova Scotia and one each in Alberta, British Columbia and Prince Edward Island.

Judgment Throws Open Sunday Gas Sales at Coast

VANCOUVER, Aug. 17 (CP) — The question of Sunday gasoline sales here was thrown wide open today with a judgment handed down in City Police Court.

A city bylaw governing closing hours of gasoline and service stations was in effect ruled invalid in the judgment, handed down by Magistrate Oscar Orr.

He dismissed a charge against Lucas Motors, Ltd., for remaining open after 7 p.m., without having the 24-hour permit required by city bylaw.

A Lucas Garage attendant was recently fined $25 for selling gasoline on a Sunday and the Police Court decision was upheld in Supreme Court at Vancouver.

But Magistrate Orr's decision today infers all stations have the right to remain open after 7 p.m. without the 24-hour permit, apparently nullifying the bylaw.

It was felt today's Police Court ruling possibly would allow any service station to remain open after the closing time stipulated in the bylaw, and might result in all stations being opened on Sundays.

City Solicitor R. K. Baker declined to comment on Magistrate Orr's decision until city authorities study the judgment, but said they probably would "govern themselves accordingly."

Vancouver Gets Relief From Rain

VANCOUVER, Aug. 17 (CP) — Vancouverites took on the sparkle they love to don for tourists today as the weatherman promised spasmodic sun.

The sun came as a change. Because after a tolerable Spring and mid-Summer, August lurched into a succession of drizzly days that threatens the record for last Summer's good-for-ducks season.

No more than 62 hours of sunshine graced the premises this August to date compared to more than twice that in the average corresponding month. Last August, one of the evergreen playground centre's worst, had 153.

Rainfall already is twice last year's.

One Flight More Ahead of Mrs. Morrow-Tait

REYKJAVIK, Iceland, Aug. 17 (AP)—Mrs. Richarda Morrow-Tait landed at Keflavik Airport tonight after an 850-mile flight from Greenland.

The 26-year-old British housewife has only one more flight — from Iceland to Britain — to realize her ambition of becoming the first woman to pilot a single-engine plane around the world.

Mrs. Morrow-Tait began her adventure a year ago tomorrow when she waved goodbye to her husband and two-year-old daughter and took off from France on an Eastward flight around the globe.

Uranium to Move Across Great Bear Lake in Week

EDMONTON, Aug. 17 (CP)—The first direct shipment of uranium ore across Great Bear Lake will start in about one week's time, John F. Cunningham of Selkirk, Man., district superintendent of Dregoes, announced today.

The shipments will start upon completion of major dredging operations at the mouth of the Great Bear River, Mr. Cunningham said. The dredging is taking place about 100 miles East of Norman Wells, N.W.T.

He said Dominion Government crews are completing dredging near large Government docks at the mouth of the river. When completed, large barges will be able to transport ore from Eldorado Mines across the lake to the docks. Previously large boulders and shallow water made it necessary to transship the ore to smaller boats.

Predicts Tories Will Win Next Election

VANCOUVER, Aug. 17 (CP) — Beverley Baxter, Canadian-born British M.P., said in an interview here today there is "a real likelihood" of an early election in Britain "because of tremendous pressure from outside the country."

He predicted, too, the Conservatives will win the next election "if the Americans keep their hands off."

Travelling across Canada on a speaking tour, the 58-year-old former Toronto piano salesman feels Canada's position in the world today is "immensely important — strategic now that you have Newfoundland and Labrador."

Referring to the cold war with Russia, Mr. Baxter declared the Western democracies are breaking even. "It's a stalemate — which means a gain for our side—because a year ago Russia was winning."

Three Killed In Chilean Riots

SANTIAGO, Chile, Aug. 17 (AP) —Three persons were killed in riots that swept through downtown Santiago today and tonight the Cabinet announced it was asking extraordinary powers from Congress to put down a "revolutionary plot" inspired by Communists and other Star Arthur Godfrey and Eddie opposition groups.

The rioting—witnessed by Radio Rickenbacker, the American Aviation Executive—stemmed from protests over an increase in bus fares amounting to 20 centavos (about three cents).

President Gabriel Gohzales Videla rushed to Santiago from his Summer resident at Vina del Mar to preside over an emergency meeting of the Cabinet. He is recovering from a tonsil operation.

In addition to the three dead the Government hospital reported 21 persons wounded, four severely.

Three suffered gunshot wounds. The others were hurt by bricks and flying glass from broken bus windows.

Police fired above the heads of the mobs, but said in many cases they used blank cartridges.

The Government blamed the demonstrations on Communist agitators. Living costs have risen sharply in Chile recently and there were shouts against price increases from the crowds.

Merchants closed their shops and shuttered their windows by mid-morning. Tonight police blocked off downtown Santiago to pedestrian and automobile traffic.

Social Credit Records Burn

OTTAWA, Aug. 17 (CP) — Important political documents recording the history of the Social Credit Party were burned in a $12,000 fire which last night destroyed the suburban Ottawa home of Alex Denommee, a district organizer for the party.

Lightbown Pleads Guilty to Charges

BURNABY, B.C., Aug. 17 (CP) — Twenty-two-year-old William Lightbown pleaded guilty in Police Court in Burnaby today to charges of automobile theft and breaking and entering.

Magistrate George A. Grant remanded him to Aug. 29 for sentence pending more information in the charges.

Lightbown was recaptured in Golden, B.C., last week after five months of freedom following his escape from Vancouver City Jail.

And in This Corner—

VANCOUVER, Aug. 17 (CP)—County Court Judge R. A. Sargent believes Kwok Wing Wong will make a fine Canadian.

Kwok's qualifications as recited today:

"Workem hard. Pay the bill. No breakem law."

The Judge had no hesitation in recommending the 53-year-old restaurateur for citizenship.

ATLANTIC CITY, N.Y., Aug. 17 (AP)—Atlantic City race-track officials are hoping a certain mysterious lady stays away from their track.

She cost the track $4700 last Saturday when she calmly dumped $21,000 on heavily-favored Hill Prince, a 2-to-5 shot. The two-year-old romped in first and the lady's "show" bet created a $4700 minus pool.

New Jersey law requires the track to give the bettor back at least 10 cents on a dollar or $2.20. And that's where the "minus pool" comes in.

LONDON, Aug. 17 (AP)—Peter Lorre, Hollywood screen actor, plans to make so many ugly, frightening faces in a television show here the BBC has warned parents to send their children to bed beforehand.

"Mr. Lorre will be seen contorting his face in close-up and we fear that children watching the performance in a darkened room would find it too alarming," a BBC official said. "We are purposely putting him on at the end so that children may see the rest of the show before they go to bed."

Okanagan Peaches, Prunes and Pears In Nelson Market

Nelson wholesalers reported Wednesday that Okanagan peaches have been introduced into the stores for the first time this year. Italian prunes made their first appearance in limited quantities, and Bartlett pears also appeared.

There were also one carload of bananas and two of California oranges, lemons and grapefruit.

The six-week shortage of local eggs showed no sign of a let up. All eggs are being shipped in from Alberta. There is a good supply of butter and fresh and processed meats. Two carloads of meat were shipped in during the week.

Nelson Rated An Above Average Market

NEW YORK, Aug. 17 — Nelson stands out as a prosperous market, with earnings and purchasing power much greater, in proportion to its size, than most cities in Canada, according to the new survey of buying power, issued by Sales Management. The copyrighted study covers all cities in Canada and the United States above 10,000 in population.

The ability of the average Nelson family to buy luxuries as well as necessities is indicated by its effective buying income. With the total of such income, for the 3100 families in the city, amounting to $13,606,000 for 1948, the average income per family was $4389, an increase from the $4342 of the previous year. This figure is well ahead of family earnings in Canada as a whole, which averaged $3645. The family income figure in British Columbia was $3329.

On a per capita basis, the average "spendable" income in Nelson was $1417 as against $923 for Canada as a whole and $1025 for British Columbia.

Better earnings resulted in a high level of business activity. Retail sales in Nelson stores reached a volume of $10,151,000, a gain over the $7,950,000 of 1947. How well this stacks up against other cities is shown by the fact that Nelson did .1379 per cent of the retail business of Canada although it has only .0738 per cent of its population.

Rating the city on the basis of its business activity and other factors, the survey assigns to it a "quality of market" index of 153, meaning that it stands 53 per cent above the average city in purchasing power.

Feel Hospital Insurance Plan Change Necessary

Kootenay Lake General Hospital Board feels the B.C. Hospital Insurance Plan, under which patients admitted to hospital for less than 24 hours must pay their own expense, is unfair.

The Board is seeking amendment of this situation and has asked one of its members, Walter Hendricks, M.L.A.-elect for Nelson-Creston, to investigate the matter when he goes to Victoria.

At the Board meeting Tuesday night, it was pointed out that expense for the 24-hour period, which would amount to about $7.75, should be paid by the Government if the Plan was to work as it should.

Demand Hearing On Fare Boost Granted B. C. E. R.

VANCOUVER, Aug. 17 (CP)—An immediate public hearing by the Public Utility Commission on the interim fare boost granted the British Columbia Electric Railway Company was demanded today by the Vancouver, New Westminster and District Trades and Labor Council (T. L. C.).

The demand was contained in a resolution protesting against postponement of the hearing. It was passed at a meeting in Vancouver last night after a request by one group of delegates that the Council go on record as flatly opposing the ten-cent streetcar and bus fair was voted down.

Bible Subject of Nakusp Preacher

NAKUSP, B. C., Aug. 17—Introduction of the Bible made a great difference to the Christian world and missionary enterprise, Dr. Frank Allen said in a sermon at a special service in Robertson Memorial United Church here.

Since the 17th century the Bible had become an established fact and was now printed in over 1000 languages, he said.

Rev. A. L. Anderson of Nelson will be in the pulpit next Sunday.

Tenth Dog Dies Mysteriously

The tenth dog to die mysteriously in Nelson since a wave of deaths broke out here two weeks ago, was a four-month-old pup in the High Street vicinity.

The pet, Tiny, owned by E. C. Jackman of Rossland which had been left with his parents, Mr. and Mrs. E. T. Jackman, 87 High Street, was found dead about 11:30 a.m. Wednesday. Cause of death was unknown.

During the last two weeks, seven other pets along High Street, met their deaths through poisoning by pulverized glass and bone while two deaths were reported in the Victoria and Silica Street area.

Another dog, Major, owned by Mr. Jackman was found dead Aug. 7 from pulverized glass and bone.

REGINA (CP) — Mopping his brow in the Summer heat, Patrick Mulligan of Dublin, Ireland brought a wee reminder of Christmas from the old country recently. Sure, and wasn't he selling orders for Chrismas pudding among the local shops.

Truman's Military Aide Sharply Criticized

WASHINGTON, Aug. 17 (AP) — Senator Mundt (R.-S.D.) today denounced Maj. Gen. Harry H. Vaughan as a "finagling bargaineer" who applied "pressure, intimidation, bluff and bluster" in an attempt to get a Government worker to violate the law.

Mundt's bitter criticism of Vaughan, President Truman's military aide, drew a sharp reprimand from Senator Hoey (D.-N.C.), Chairman of the Senate's Special Investigations Sub-Committee.

Hoey said that if Mundt had made such remarks at a court trial, the case would be thrown out of court. But Mundt demanded that his remarks stay in the record.

LIFTING OF BAN ON W. GERMAN INVESTMENTS SEEN

LONDON, Aug. 17 (AP) — The big Western powers will lift the ban on foreign investments in West Germany within a month, United States diplomatic officials reported today.

At the same time Britain, the United States and France probably will release war-blocked foreign capital holdings in that part of Germany for reinvestment there, they added.

The moves are described as designed to spur West Germany's economic recovery.

Seek to Retain Rent Controls, Red Ensign

OTTAWA, Aug. 17 (CP) — An appeal to the Federal Government to keep the red ensign as the Canadian flag and to keep controls on rents was made today at the close of the 16th biennial convention of the Ontario Command of the Canadian Legion.

The red ensign now is flown by the Merchant Navy and from Government buildings.

New Magnificent Commander

OTTAWA, Aug. 17 (CP)—Capt. K. F. Adams, 46, will be promoted to Commodore and given command of the aircraft carrier Magnificent next month, Naval Headquarters announced today.

He replaces Commodore G. R. Miles who was dismissed from command of the 18,000-ton carrier after it ran aground off the East coast. The Magnificent now is being repaired in a Saint John, N.B., drydock and Commodore Miles has been appointed officer in charge of Montreal naval headquarters.

As new commander of the carrier, Capt. Adams becomes senior naval officer afloat.

A career sailor, he was born in Victoria, B.C., and joined the Navy in 1928. He now is director of naval reserves at naval headquarters.

During the war he commanded destroyers and auxiliary cruisers and held staff appointments.

While commander of the auxiliary cruiser Prince David, he won the Greek War Cross, Third Class. The Prince David was one of the warships that escorted King George II of Greece from North Africa to England in September, 1941.

He graduated from the Royal Naval College of Canada in 1922. But there were no vacancies in the Navy so he went into the Merchant Marine and won his master's certificate. He joined the reserve in 1928 and was commissioned in the permanent force next year.

He took command of the Prince David in April, 1941, and later that year became commander of H.M.C.S. Stadacona, naval barracks at Halifax. From Stadacona, he went to sea as commander of the Assiniboine, Ottawa and Prince Henry and went to naval headquarters as director of training in 1943.

Later in the war he commanded the destroyer Iroquois and H.M.C.S. Somers Isles, naval training base in Bermuda. In 1946 he took command of the cruiser Uganda for a year and was appointed to headquarters again in 1946.

THE CHEF'S TOMATO JUICE COCKTAIL

To make tomato juice cocktail with a very fine flavor, combine 2 (No. 2½) cans tomato, 2 medium-sized chopped green peppers, 1 chopped onion, the chopped tips 1 bunch celery, 3 tbsp. sugar, 2 tsp. salt, 2 bayleaves, 6 whole cloves and 4 peppercorns; simmer 10 min. Strain through a fine sieve (use remaining pulp in a soup or casserole.) Add ½ tsp. tabasco. Serve very cold in small glasses. Makes over a quart.

SHORT RIBS OF BEEF WITH VEGETABLES

Purchase 3 lbs. short ribs of beef and ask the butcher to crack them in three sections. Remove as much fat as possible. Brown the ribs all over in a large deep frying pan without adding any extra fat; then pour off all the fat that has fried out except 2 tbsp. Add 1 large sliced peeled onion, ½ tsp. thyme, ¼ tsp. salt and ⅛ tsp. pepper. Pour in 1½ c. soup stock or liquid drained from cooked vegetables. Cover and simmer 2 hrs., or until the meat is fork-tender. Thirty-five minutes before it will be done, add 8 small peeled onions, and 8 small peeled potatoes; or substitute carrots if desired. If celery is at hand add 1 c. cut in 1 inch pieces and finish cooking. To serve, put the short ribs in the center of a large platter. Surround with the vegetables and make a gravy from the liquid in the pan.

To Pressure-Cook: Read the preceding directions. The short ribs may be browned in the pressure cooker, then put on the rack. Add the seasonings and 1 c. hot water or liquid drained from cooked vegetables. Bring to 15 lbs. pressure and process 25 min. If vegetables for the meal are to be cooked with the short ribs, cool the cooker at the end of 15 min. pressuring; put in the vegetables, bring again to 15 lbs. pressure and process 10 min. longer.

NIPPY BEET RELISH

Peel or pressure-cook 15 medium-sized new beets. Remove the skin and chop the beets fine. Add ½ the quantity grated or fine-chopped raw cabbage, ½ a green pepper chopped, ½ c. fine-minced onion (optionl), ½ c. prepared grated horseradish, ½ tsp. black pepper, ¼ tsp. cayenne, 1½ tsp. salt, ¼ c. sugar, and cider vinegar to cover. Stand in a cool place 24 hours before using. Serve as a relish, or as a relish-salad in nests of lettuce.

BERRY MOLDS

Put 2 c. fresh blueberries or huckleberries, or 1 pkg. frozen blueberries, in a double boiler top. Add ¾ c. water or any fruit juice, except grapefruit juice, and bring to boiling point. Add the grated rind ¼ small lemon and ½ c. sugar. Mix 1-3 c. cornstarch and ¼ tsp. salt with ½ c. cold water. Stir into the first mixture; bring to a boil, then cook over hot water 30 min. Transfer to individual molds first rinsed in cold water. Chill and serve with whipped or top cream.

TRICK OF THE CHEF

Add ¼ tsp. dry mustard to the gravy for braised short ribs for fine flavor.

The Doctor

By HERMAN N. BUNDESEN, M.D.

Rich Foods Must Be Avoided By Those Suffering From High Blood Pressure

The importance of hardening of the arteries cannot be emphasized too strongly. Because this disorder affects so many people, particularly in the middle and later years of life, it is, perhaps, today's No. 1 medical problem. Certainly, its solution would mean the prevention of much illness and the saving of many lives.

Why should the mere passing of the years cause artery walls to lose their normal elasticity and grow hard and resistant? How is this process brought about? Why does it affect one person and not another?

Recently, we have obtained a promising clue, which may eventually help us to answer all these questions.

According to Dr. Bernard Sachs, there is an increased amount of hardening of the arteries in diseases where the cholesterol in the blood is increased.

Certain studies show that, when the cholesterol intake is increased there is an increase in the amount of cholesterol found in the blood. It is also stated that high fat diets may be accompanied by a high rate of hardening of the arteries, since, as stated, fats are rich in cholesterol.

Cholesterol is a chemical substance which is normally found in practically all parts of the human body. The foods which contain the largest amounts of this substance are egg yolk, cream, butter, oysters, sweetbreads, meat and cheese.

Certain racial groups which daily consume tremendous amounts of milk and meat, not only show overweight, but also early hardening of the arteries.

In the period between 1920 and 1930, high fat diets were used in the treatment of diabetes. It was found that when such diets were employed, there was an increase in the amount of hardening of the arteries, even in children. On the other hand, when the amount of cholesterol in the diet is decreased, the amount of artery hardening has been reduced. Thus, the diet of the Chinese contains only a small amount of cholesterol, and hardening of the arteries is a rare disease in the Orient. It has been found that hardening of the arteries is twice as common in the overweight as in the poorly nourished.

In animals, it has been shown that the development of hardened arteries is hastened further by the addition to the diet of a substance which elevates the blood pressure. In other words, if the diet is high in cholesterol, and high blood pressure is also present, hardening of the arteries will take place more quickly.

Thus, to help avoid hardening of the arteries, it may be important to make sure that excessive amounts of foods rich in cholesterol are not included in the diet of the middle-aged and elderly.

It would appear, however, that much further study of this problem is necessary before we can be certain just what role cholesterol plays in hardening of the arteries.

QUESTIONS AND ANSWERS

L.L.E.: What would cause the finger-nails to be dark and soft?

Answer: It is not clear what has caused this trouble. It may be due to some general disturbance of the circulation.

Examination of the nails by a skin specialist would be advisable.

MONTREAL, August 18.—Just in time for "Pickling Time"! . . . ***this free 16-page booklet of recipes called "Pickling Success"!*** It's compiled by the experts who have perfected Heinz Vinegar for every cooking purpose . . . and it's yours for the asking! ***Simply write to me*** — Barbara Brent, 1411 Crescent St., Montreal, P.Q. — ***for your free copy!*** With this — and HEINZ WHITE VINEGAR to help you with your pickling . . . it will not only be *easy* . . . it will be a sure success! Heinz White Vinegar is made from corn, barley, malt and rye — distilled and then aged in wood to bring out the full aroma and flavour. Just think! — just a few cents more will give you the flavour of Heinz famous White Vinegar — the flavour that has made Heinz own pickles famous!

Resigned To Dull, Lack-Luster Hair From Using Drying Shampoos? Cheer up! . . . here's your chance to get a 30c bottle of wonderful KREML SHAMPOO for just 10c! Kreml Shampoo has a natural oil base so it can't possibly dry or break your hair. In addition, Kreml contains the magic ingredient, "Folisan" ® . . . it cleanses your hair gently, yet thoroughly, and rinses away *wink-quick!* This amazing shampoo leaves even lifeless-looking locks *radiant* with natural sheen! Since only seeing is believing . . . ***why not take this grand opportunity to try Kreml Shampoo now?*** . . . Write to me — Barbara Brent, 1411 Crescent St., Montreal, P.Q. — enclosing 10c . . . and I'll send your 30c bottle of Kreml Shampoo — post-haste!

Enjoy Your Summer Golf — Or Tennis — Or Swimming . . . and for eyes that feel sun-weary or water-burned, do this: soothe and rest them with the cool, comforting refreshment of MURINE. Just 2 drops of Murine in each eye will give them a quick rest. And the best way I know to start each day with a feeling of eye comfort is to use Murine each morning. You see, Murine contains seven ingredients that combine to help give your eyes the care they deserve. Get a bottle of Murine and use it night, morning and, of course, whenever your eyes call for relief from that tired feeling.

Tea-Time, I've always thought, is one of the pleasantest of civilized customs. Whether you're working all day or feel the need of refreshment after an afternoon of golf or tennis — a *hot* cup of tea is a delightful "pick-me-up". But — oh! — the disappointment if it isn't *good!* That's why I urge you to choose your brand carefully for *extra*-good flavour . . . choose TENDER LEAF TEA! It's the tea that's made from the *little top leaves* and they give it that added touch of *zest* and *sparkle* that means real tea enjoyment! You'll find Tender Leaf Tea — rich — fragrant — grand-tasting — at your grocer's in convenient size packages. Ask for it — for "quick comfort" — for real tea-time satisfaction!

A Reader Writes: "I'd like a helpful hint or two on how to keep my skin fresh-looking and smooth in spite of its forty-odd Summers' maturity!" . . . Nicest "beauty treatment" I know for helping to keep complexions satin-smooth (be they youthful or maturing) is a daily "Woodbury Facial Cocktail"! Here's how! — Work up a creamy-rich lather with WOODBURY FACIAL SOAP. Massage thoroughly over face to cleanse and soften. Follow with two rinses — a warm and a cold. It's one of the most effective beauty habits I know! You see, Woodbury Soap contains a smoothing beauty-cream ingredient — leaves no dry, taut feeling . . . absolutely no "skin-burn"! Try it! — see and feel your *smoother* skin after a beauty-mild cleansing with Woodbury Facial Soap!

There's Nothing Quite Like golden, fluffy, piping-hot biscuits to add excitement to a cold Summertime meal! Your family will think you're pretty "special" when you can stir up a delicious batch of biscuits any time they want them! So try this biscuit recipe, with BENSON'S CORN STARCH . . . to-night!

Time: 12-15 min. Oven: 450 deg. F. Yield: 12 to 13 2" biscuits. Sift and measure 1¾ cups flour. Then sift together with ¼ cup Benson's Corn Starch, 4½ tspns. baking powder and 1 tspn. salt. Cut in ¼ cup lard or shortening rather coarsely. Make a well in centre of dry mixture and pour in ¾ cup milk all at once. Stir lightly with fork or knife, turn on lightly floured board and knead gently until smooth. Roll ½" thick and cut into desired shapes with lightly floured cutter. Place on lightly greased baking sheet and bake.

For Cool, Nourishing Milk Drinks . . . quick ice cream sundaes . . . this Chocolate Syrup, like *all* dishes made with BAKER'S CHOCOLATE, has the *real* chocolate flavour and deep-rich colour, everyone loves! Baker's Chocolate is *all pure chocolate,* satin-smooth, with nothing added, nothing taken away.

CHOCOLATE SYRUP

3 squares Baker's Unsweetened Chocolate
2/3 cup water
1/2 cup sugar
Dash of salt
1/2 cup corn syrup
1/2 teaspoon vanilla.

Place chocolate and water in saucepan. Cook slowly until thick and blended, stirring constantly. Add sugar and salt; bring to boil and boil gently 2 minutes, stirring constantly. Add corn syrup, bring again to boil. Remove from heat. Cool slightly; add vanilla. Keep in tightly covered jar, in refrigerator. About 1½ cups syrup.

BLAYNEY—FRASER

● The groom's parents, Dr. and Mrs. York Blayney, came from High River, Alta., for the wedding in pretty Crawford Bay Memorial Church at which Rt. Rev. F. P. Clark, M.A., D.D., Anglican Bishop of Kootenay, assisted by Rev. M. C. T. Percivall of Procter, united in holy matrimony Margery McLean, elder daughter of Mr. and Mrs. William Fraser of Kootenay Bay and Edward Bruce Blayney, eldest son of Dr. and Mrs. York Blayney of High River, Alta. White gladioli and phlox adorned the altar and sanctuary while the quaint window sills were graced by pink zinnias for the ceremony Tuesday at 3 p.m. Given in marriage by her father, the fair-haired bride was radiant in a wedding gown of heavy Duchess satin with a deep square neckline, cape sleeves, torso ending with a wide band of satin at hip line and full skirt. Her long embroidered silk net veil was held in place by a bandeau of braided satin flanked by white heather. Her mitts and sandals were also of matching satin, and she carried a sheath of white and shell pink gladioli. Miss June Fraser was her sister's bridesmaid, wearing an attractive orchid blue taffeta gown featuring high round neck line, wing caps sleeves and in the skirt centre an insert of old rose and pink taffeta which hung from waist to hem. A bandeau of cream pink flowers comprised her headdress and dark wine shaded down to pink gladioli completed her lovely outfit. The best man was Alan Blayney, brother of the groom, and ushers were W. Gladwin and Alan Blayney. The wedding marches and other music was played by Mrs. J. S. Fox of Crawford Bay. The reception was held at "Ledlanet" Ranch, Kootenay Bay, home of the bride's parents, where the bridal party was assisted in receiving guests by the mothers of the bride and groom. Mrs. Fraser wore a teal blue crepe dress, V necklined, draped skirt and white accessories, while Mrs. Blayney donned a smart two-piece light brown ensemble, matching accessories. Both wore corsages of Ophelia roses. Covering the dainty tea table was a large linen drawn worked cloth, centred by a three tiered wedding cake, flanked by flickering white tapers and low crystal vases holding dark pink roses. Presiding were Mrs. Leonard Clark of Gray Creek and Mrs. W. A. Harrison of Vancouver. Serviteurs included Miss Sheila Dawson of Nelson, Miss Margaret Clark of Gray Creek, Mrs. Rachuck, Miss Nancy York Blayney of High River, and Miss Katherine Hincks of Nelson. The groom responded to the toast to the bride proposed by Mr. Percivall. Telegrams and cables were read by the best man. Following this the guests assembled on the spacious lawns where luncheon was served. For a honeymoon in the United States and West coast the bride changed to a pastel green wool crepe dress with brown accessories and a corsage of blending yellow roses. On their return the young couple will make their home in Edmonton where the bride, who has completed her medical course, will intern in an Edmonton hospital, while the groom will resume his concluding course in medicine at University of Alberta. Out of town guests other than from Kootenay Bay, Crawford Bay and Gray Creek, included the bride's uncle and aunt, Mr. and Mrs. J. C. Ink of Trail, the bride's brother and sister-in-law, Dr. and Mrs. R. S. Fraser, Dr. and Mrs. Rattray, and Mr. and Mrs. Arder Cooper, all of Edmonton, Mrs. George Horstead, Mrs. F. P. Clark, Miss Alice Stevenson, Mr. and Mrs. David Proudfoot, Mr. and Mrs. W. A. Triggs, E. J. Unthoff, Fred Irvine, and Mrs. M. J. Vigneux, all of Nelson, Rev. and Mrs. M. C. T. Percivall of Procter and W. A. Harrison of Vancouver.

● Mrs. George Allen, Allen Hotel, has returned from a month's visit in Calgary, Revelstoke, where she visited her sister, Kamloops and Vancouver Island.

● Mr. and Mrs. W. Roy Hunter, Nelson Avenue, left Wednesday for Buffalo and other U.S. cities where Mr. Hunter's business calls him.

● Alderman and Mrs. Alex Sutherland, Carbonate Street, have left for the Okanagan District where they accompanied their grandchildren, Bobby and Margaret Ann Giddey, who spent a holiday with them.

● Mrs. Florence Campbell, a former Nelson resident, now of San Diego, Calif., is a guest of Mrs. E. Smillie, 310 Victoria Street. Mrs. Campbell in her two-month trip in B.C. has also visited Vancouver, Victoria and Grand Forks. The Campbells were owners of the Campbell Block and Studio, 715 Baker Street, 25 years ago.

● Miss Nora Hartridge of Vancouver has arrived in Nelson by plane having been called by the death of her father, Captain P. J. Hartridge. She is guest at the home on Houston Street of her brother and sister-in-law, Mr. and Mrs. G. F. Hartridge.

Mill Street, who plans on leaving Nelson the latter part of this month, Mrs. James Fraser entertained at the tea hour Tuesday at her home on Third Street, when an added honor guest was her sister, Mrs. M. Sinclair of New Westminster, who will be here a little longer. Assisting the hostess was Mrs. George Lambert, who presided at the smart tea table, while Mrs. W. K. Gunn acted as serviteur.

● Mr. and Mrs. Fred Denison, Kerr Apartments, are spending a week at Kootenay Bay after which they plan on spending another week around Balfour.

● Miss Eileen Mackenzie, Carbonate Street is holidaying at the Coast.

● At the christening ceremony in St. Saviour's Pro-Cathedral Aug. 10, the four-month-old daughter of Mr. and Mrs. Ronald Salter, 823 Gordon Road, received the names of Kathryn Anne. Rt. Rev. F. P. Clark, Bishop of Kootenay, officiated. Godparents are her aunt, Miss Madeleine Salter, Miss Theodora Neelands of Edmonton, and Eyre D. Welland of Vancouver, for whom Mr. and Mrs. Wilf Doolan stood proxy. The baby wore her mother's christening robe. Also present were the maternal grandparents, Mr. and Mrs. George Pyne of Calgary.

● On the occasion of her forthcoming marriage to Wilfred Uphill, Miss Effie Reid of Nelson was honor guest at a delightful affair which took place recently at the home of Mrs. Gordon Haskell, Mill Street. The bride-elect was the recipient of a lovely dinner set. Contests and games resulted in prizes going to Miss Reid, the guest of honor, Miss Dee Somby, Mrs. Walkden, Mrs. Beaton and Mrs. Coleman. Assisting the hostess were Mrs. Bud Whitfield, Mrs. Coleman and Mrs. Charles Graham. The rooms were adorned by fragrant sweet peas and snapdragon. An out-of-town guest included Mrs. Grievson of South Slocan, formerly of Slocan Park.

● Mr. and Mrs. J. G. Watson, Josephine Street, have as guests, Mrs. H. Gash of Vancouver. Miss Loretta Gash, and the former's sister of Calgary.

● Mr. and Mrs. Theo M. Youngberg of Vancouver, accompanied by the former's parents, Mr. and Mrs. E. F. Youngberg of Kamloops, and the niece of Mrs. Youngberg jr., Miss Lynnette McKay of Nelson, who has visited her uncle and aunt for a few weeks, arrived Tuesday and will visit Mrs. Youngberg's parents, Mr. and Mrs. Scott of Longbeach, formerly of Nelson.

● Miss Katherine Hincks, Union Street, has returned from a holiday spent at the Coast.

● Mrs. E. Lescuitta and children of Trail are visiting her mother, Mrs. A. Ling, Josephine Street.

● Mrs. Hector Mackenzie, Carbonate Street, has as guests her daughter and granddaughter, Mrs. J. C. Wilcox, and Eileen of Summerland.

● In honor of Miss Eva Rose, bride-elect, a miscellaneous shower was held at the home of Mrs. Stewart Redmond, 623 Mill Street. The social evening opened with a presentation of a corsage by Mrs. J. C. Eckmier to the honored guest. The group then participated in contests, the prizes for which were won by Mrs. S. McInnis and Mrs. J. C. Eckmier. Miss Rose was then presented with a beautifully decorated wagon, laden with shower gifts, wheeled in by Mrs. G. Pammier. A dainty luncheon was served by the hostess. Miss Rose thanked the 14 guests for their lovely gifts.

● Jimmie Jackman, 87 High Street, is spending the balance of the school holidays at Okanagan Landing with his brother-in-law and sister, Mr. and Mrs. J. G. Wiseman, former Nelsonites.

● Mrs. W. Vickers and Mrs. F. Goucher were co-hostesses Tuesday night at the home of Mrs. Goucher, when 24 guests honored Miss Winnie Houle, who is to be married to Neil McClennagan Sept. 3. Beautiful gladioli decorated the room in which the honoree was presented with gifts in a pink and blue decorated basket. Games were played with Miss Gwen Jones, Mrs. Archie Birse and Mrs. R. A. Hyssop winners. Mrs. W. Haldane assisted the hostesses in serving lunch.

● Miss Molly Jean Idiens, formerly of Nelson and now in Victoria, has returned to spend two weeks' holiday with her parents, Mr. and Mrs. A. W. Idiens, 807 Carbonate Street.

"Heavenly Chiffon Pie," says Mrs. Robert Blair, Toronto, former Hospital Dietitian, and Teacher

"MY FAMILY raves about Carnation desserts like this Chocolate Chiffon Pie," says Mrs. Blair. "No cooking, no baking. And it's easy on my budget because it's *velvet blended* with Carnation to save cream."

Mrs. Blair is well qualified to appreciate Carnation's convenience — undiluted in recipes that call for cream, mixed half and half with water for whole milk purposes. She appreciates Carnation's fine *nourishment*, because all three of her children were Carnation fed.

Try Carnation Evaporated Milk in *your* cooking. Ask your doctor about a Carnation formula for your baby.

CHOCOLATE CHIFFON PIE

1 cup wafer crumbs
3 tablespoons melted butter
1 envelope unflavored gelatin
¼ cup cold water
⅔ cup chocolate syrup
1 cup Carnation Milk, chilled to ice-crystal stage
¼ teaspoon mint extract or ½ teaspoon vanilla
Shaved chocolate

● Mix crumbs and butter; press firmly into buttered deep 9-inch or 10-inch pie plate. Chill 1 hour. Soften gelatin in water. Heat syrup just below boiling, add and dissolve gelatin; chill until cold but not thickened. Whip Carnation Milk; fold in flavoring and chocolate mixture. Pour into crust; chill. Decorate with shaved chocolate.

Gone With The Wind

Margaret Mitchell is dead. The author of "Gone With the Wind," which is probably the most famous novel of our time, was struck down by a careening taxicab while crossing Peachtree Street in Atlanta—the street made famous by Miss Mitchell in her great novel.

Margaret Mitchell's death is as tragic as that of any of the characters about which she wrote. Miss Mitchell was in the prime of life after making her great contribution to contemporary literature, she had a semi-invalid husband who needed her—and she was ignominiously struck down by a drunken cab driver as she and her husband were going quietly to a neighborhood movie. Truth is as tragic as fiction.

Like many great authors, Miss Mitchell seemed destined to devote a lifetime to one great work but not to live long enough to reap its full reward. "Gone With the Wind" was published 13 years ago, but if reports are true, the results of the book were not all sunshine. Margaret Mitchell, naturally a quiet person, struggled to live a life unchanged, but from the time the book was published she was besieged with letters, requests and calls, and was harried by legal entanglements that followed translations and overseas sales of the book.

After 13 years Margaret Mitchell and her husband might have been hoping for a little peace and quietness in their private lives—to be left alone to enjoy the fruits of the novel to which Miss Mitchell devoted precious years of her too-short life. This has been denied them.

Miss Mitchell began writing at the age of 6, started her career as a newspaper feature writer, and threw away many novels which preceded "Gone With the Wind."

The novel which won her the Pulitzer Prize almost, apparently, suffered the same fate as these earlier novels. She stuffed it into a drawer and left it there until a literary agent persuaded her to offer it for publication. Miss Mitchell must therefore have written for the love of it, and not for monetary reward, as some people may have done her the injustice to think. She wrote about what she knew—the Civil War stories she had heard as a child and the Atlanta in which she lived.

The great novel which was 12 years in the writing exacted its physical toll upon the diminutive Miss Mitchell, too. She was in bed much of the time during writing of the book, and reading the proofs so affected her eyesight that she spent weeks in a darkened room.

Now that her death has given us an insight into the life of Margaret Mitchell, many people will want to read "Gone With the Wind" again—not as just another novel but as an epic in the life of a woman.

Fragrance In the Autumn Air

Although September is regarded as the harvest month, especially for field crops, August sees the kitchen garden attain its peak of productivity. It brings out of cupboards and into use the kettles, jars and condiments with which the housewife preserves the bounties of today for the enjoyment of tomorrow. True, the deep-freeze has reduced the quantity of preserve cooking that is done, but on the farms, in the suburbs, and, yes, even around city apartments, the August air still is heavy with the fragrance of canning. The preserving of vegetables in their natural juices provides no special olfactory treat, but such canning is usually interspersed with the making of pickles. Now is the time when gherkins are just right for picking and when there are enough large cucumbers to make bread and butter pickles. Tomatoes for the making of chili sauce and piccalilli are coming to hand. All this calls for the blending of vinegar and spices, and benighted indeed is that person to whom the odor of these ingredients, simmering on a stove, does not bring enjoyment. It was of the rose that Shakespeare, in a sonnet, wrote, "Fairer we it deem for that sweet odor which doth in it live." Uundoubtedly much of the enjoyment this month's crop of pickles will add to next Winter's meals will be linked with memory of the sweet odor that accompanied the August cooking.

Looking Backwards

10 YEARS AGO
From The Daily News of Aug. 18, 1939

There will be no Fall Fair this year, it was reported at the meeting of the Fair Board Thursday night. However, efforts will be made at once to organize a "streamlined Fair" for 1940, basing it on changing conditions and changing entertainment demands of the public.

The Nelson Kinsman Club, who are in charge of arrangements for the first annual regatta and water carnival, Aug. 23, have a program lined up which would be hard to equal in many cities larger than Nelson. There will be swimming and diving contests, water skiing, and the main events of the day will be the boat races.

25 YEARS AGO
From The Daily News of Aug. 18, 1924

At their rally held Saturday night in the Gem Theatre, the Independent Party, opposed to Premier John Oliver, heard speeches given by their candidate, Harry Houston, and Mrs. W. Garland Foster, Thomas Connor, J. W. Holmes and Dr. E. C. Arthur.

J. S. Carter left Saturday evening by the Kettle Valley for the Coast to join the teachers' convention special train.

Hon. John Hart, Minister of Finance, Victoria, arrived in town last night by the Kettle Valley train.

40 YEARS AGO
From The Daily News of Aug. 18, 1909

C. McLean Fraser, Principal of the High School, received yesterday a list of successes in the late High School examinations for third class certificates. Those successful were Miss Mirian Chandler, 600; Miss Jennie Graham, 601; Mrs. Gertrude Mitchell, 600; Mrs. Mary E. Paddon, 715; and Miss Eleanor L. Redhead, 600.

The temperature yesterday varied between 48 and 86 degrees.

T. Brown, mining engineer, paid a visit to the Sheep Creek District yesterday.

It's Been Said

Try to make at least one person happy every day, and then in 10 years you may have made 3650 persons happy, or brightened a small town by your contribution to the fund of general enjoyment.—Sydney Smith.

Your Horoscope

In your next 12 months your fortunes are likely to quickly revive. A child who is born under these same influences probably will prove to be industrious and persevering.

W. B., Vancouver—What meaning is inferred from the quotation, "See Naples and die"?

The prevalent idea seems to be that if a person has seen Naples they have seen the ultimate, and might die without regret. Some members of a group here take a different view. To them the phrase is "Vedi Napoli et Mori," and they say it refers to the respective cities of Naples and Die, which lie not far apart. Travellers, it appears, should see both, since they represent the contrast between the sordid and the beautiful, Naples being neither sanitary nor beautiful, whereas Die is a model in these respects.

We have consulted an Italian friend, who states that she has always understood "Vedi Napoli et Mori" means seen Naples and die happy because you will never see anything else as lovely. She has never heard of a city in Italy called Die, or even Mori, as it would more likely be. We have looked up two reliable gazeteers, and can also find no mention of a city or village in Italy of that name.

Hopeful, Nelson—Do the customs officials allow one to send away to the United States by mail for merchandise? If so, what is allowed? How about watches, radios, clothing?

You must obtain a permit from the Department of National Revenue, Ottawa. When applying, state fully what you intend to purchase. The local customs office will give you further particulars.

W. B., Kimberley—If an automobile is sold twice or more within one week is it necessary for the tax to be paid and collected in each transaction?

WHITE BIRDS IN FLIGHT

Any bird, darting and soaring easily, gives the heart a lift, imparting something of its buoyancy. Its unfettered flight suggests freedom and the attainment of high objectives.

But white birds are the loveliest of all birds in flight. Swallows dart and dip. A lark mounts the sky on swift upward wing. But white birds have the finest message.

There is something peculiarly beautiful in the flashing of white wings. For whether they are white against blue skies, or pale against rose-tinted clouds, or silver wings in the darkness, they leave an exaltation in the mind.

They are like high thoughts brooding over the earth, winging silently, as prayer. They are charity, seeing no evil; pity, binding the broken-hearted; and courage, faith and patience.—Montreal Gazette.

POOR RECORD

Although the year 1948 was a record-breaking one in many respects in Canada, some of the records that were broken were not such as to stir any great enthusiasm. Death and injury on the highways were at the highest level of all time, fire wastage was one of the heaviest in the history of North America, and accidents of all kinds continued to mount with surprising rapidity.

In mentioning some of these facts in a recent statement, the Canadian Underwriters Association pointed out that the financial impact of many of these losses has been alleviated by insurance coverage. But this cannot replace the actual losses, in life and limb and in natural resources, suffered through the carelessness and lack of responsibility shown by many of those who must share the blame.

Fierce German, British Rivalry For West Europe Leadership Seen

By DEWITT MACKENZIE
Associated Press News Analyst

This column has expressed the view that the outcome of the Parliamentary elections for a new Government in Western Germany constitutes a rebirth of that country—a beginning of its revival as a power.

If we accept that as a valid premise it opens up startling possibilities. Foremost is the strong probability that we shall see development of a fierce rivalry between Germany and Britain for leadership of Western Europe. Britain already seems to be taking note of this likelihood. For example, the London Daily Express, after referring to charges of German abuse of the allied occupation powers, says bluntly.

"Before it is too late the British should get tough with the Germans, who have not given up the hope of working our humiliation and ruin."

The Daily Mail says: "German nationalism still lives and the influence of the Nazis is still great. The Western Allies must be more careful than ever to keep a watchful eye on future trends.

"Mr. Churchill's raising the question of German admission to the Council of Europe is of great importance. The Allies must keep Germany harmless but she should be inside the Western Union because, if allowed to stand alone, she might either enter the Russian sphere or make a third attempt to dominate her neighbors."

RAPID RECOVERY

Already Germany, which before the war was the economic keystone of Central Europe, is making remarkable strides toward recovery. She was a great industrial country, and bids fair to be one again in due course.

Thus the prospective struggle will lie between two industrial powers. Here the similarity stops, however, for as things now are the contest will in effect be between a Socialist state and a capitalist state.

The new Germany stands politically for "free enterprise," whereas Britain is in the midst of her "make or break" experiment in socialistic Government. Of course, both regimes might change in new elections, but that's the present situation.

So those who are trying to figure out which is better—socialism or capitalism—will have a concrete demonstration for guidance. It probably won't settle the argument, but it will be illuminating.

There are those who point to Britain's present economic crisis as a mark of socialist failure. However, as I see it there is little justification for such an estimate.

John Bull's difficulties are the result of the strain of two world wars, and not of any one political creed. The Socialists inherited the crisis.

Tourists Attracted To Arctic Lore; Run Special Trains

CHURCHILL, Man., Aug. 17 (CP) —Residents of this Northern Manitoba port are describing this Summer as the one in which the tourists are outnumbering the black flies.

That, to a Churchillian, is an achievement any way you look at it.

The black flies, vicious biting insects have been chased into partial hiding by colder than average temperatures. Tourists ,on the other hand, have increased in numbers until they almost double the town's population when their special trains are in.

So far this season two tourist trains have reached this town, 600 miles North of Winnipeg, each with approximately 300 passengers abpard. More trains are scheduled, apart from the normal weekly runs. The town's population, children included but excluding personnel at the military base seven miles away, is about 400.

Publicity devoted to Northern defence and to life in general within the fringe of the Arctic Circle is said to have awakened in both Canadians and Americans a desire to see the country for themselves.

Gulls have lived as long as 50 years.

Farm Buildings Burn While Fire Truck Idle

MEAFORD, Ont., Aug. 17 (CP) — Fire destroyed yesterday the farm buildings of James Wiley, Euphrasia Township farmer, while the Meaford Fire Department allegedly refused to send a fire truck because there was no mayor to give the necessary permission.

"If Meaford Fire Department had come when we called they could have saved everything but the barn," Mr. Wiley said.

"But they refused because the township has no agreement with Meaford, and Meaford has a bylaw saying the fire reels can't leave the town without the mayor's permission. They haven't got a mayor."

Movie Gossip

Will Rogers Kept Himself Folksy And Pain Because What Fans Wanted

By BOB THOMAS

Hollywood, Aug. 18 (AP) — The real Will Rogers has become overshadowed by the legend that has grown in the 14 years following his death.

But the memory of the "poet laureate" remains fresh in the minds of those who worked with him in the movie industry.

"He wasn't an actor," says one. "He was greater than that—a philosopher."

"He was a shrewd man under that shy exterior," says another. "He knew people liked him folksy and plain, and he kept himself that way."

"He would stroll through the Commissary and stop to chat with anyone," says another. "He always sat in the northwest corner of the place and Shirley Temple, Warner Bexter and Henry King had the other corners."

ONIONS FAVORITE

He was a millionaire who used to eat chili and raw onions for lunch. Lew Borzage, brother and assistant to Frank Borzage, who directed Will's first talkie, recalls how Irene Rich once asked Rogers to lay off the onions.

"We're doing a close scene this afternoon," she pleaded. That day he had a whole onion for lunch.

The studio built him a fancy Western dressing room, but he hardly set foot in it. He could often be seen sitting in his car on a studio street, hunt-and-pecking out his newspaper column.

NO CLOSE-UPS

"All I know is what I read in the papers," he said, and he read plenty of them to find news to comment on.

He could recall an insignificant news item that had been printed months before.

Rogers disliked close-ups.

"Give 'em to the girl," he'd say. "Nobody wants to look at this homely pan." Likewise he was a difficult man to hold still for a photograph, and he was no favorite with lensmen and reporters. He was a difficult interview.

BEAR RIVER, N. S. (CP)—Bear River's big drawing card is gone. It was a bear cub owned by Charles Balsor, and was popular with the crowds. But a circus went through — and the attraction proved too much of a drawing card for the cub.

JoEllen Kary, Brian Greenwood Best Stay-at-Home Campers; Parents Join in Final Pow-Wow

Boys and girls of the Stay-at-Home Camp and their parents joined in the final pow-wow of the camp session Wednesday night at the Civic Centre Badminton Hall.

On the same program was a handicraft display. Exhibitions of work done by the children included articles made from cork, pine cones, shells, pipe cleaners, veneer, buttons, bottles, noodles, felt, leather, sandstone and combinations of the various supplies.

The leading girl camper during the session was JoEllen Kary, Papoose of the Algonquin tribe. This was JoEllen's first year and officials described her as a "very good camper."

Best boy camper was Brian Greenwood, Chief of the Algonquins. Brian has spent two years with the camp and has helped considerable in orgnizing the younger children's sports. He has had perfect attendance since the camp began.

Th two winners were presented with cups by Mayor T. H. Waters after the boys and girls were brought together following their skating party and picture shows. They will retain their cups on which are the inscriptions, "Leading Camper 1949, Nelson Stay-at-Home Camp."

Although the Algonquin tribe carried off the best boy and girl camper cups, the Kootenay tribe carried off the trophy for the most points obtained throughout the entire camp period. The Iroquois were last year's winners.

Points were given each tribe daily for camp activities and handicrafts, and the track meet and pow wow program chalked up a few more points.

Final scores:

	A	K	I
Camp activities	143	142½	130½
Track meet	85	110	123
Handicrafts	25	32	26
Program	18	18	12
Final score	271	302½	291½

A survey of the camp showed that 60 per cent of the children who attended were those unable to take holidays or had nowhere to go. These were the children that the Commission particularly looked for. Some 251 youngsters attended the camp this year compared with 175 last year. This was the second year of organization of the camp.

FORM OWN PROGRAM

The kiddies made up their own program for the pow-wow which included piano solos and singing. They also decorated the badminton hall with colorful Indian designs such as hatchets, teepees, animals and four brightly colored totem poles.

Following the program, there was a skating party in the arena for those who wished to skate, and films for the adults and children who did not skate.

The children assembled in the hall after skating and films were over, and enjoyed hot dogs and pop, and a cracker-eating contest.

Program was made up of piano solos by Diane Lang, Dorothy Barrett, Norma Evans, Jackie Barrett, Dolly Fife, Kathleen Hollington, Jo Ellen Kary, Pat McMaster and Rochelle Crawford. Singers were Eleanor Ludwig, Barbara Gates, Ross Innes, Lydia Walton and the Algonquin Band.

Winning campers for the handicraft articles in order of first and second follow:

Noodle brooches — Diana Armstrong; Audrey Elmes.

Horses, made from cork, match sticks and scrap wool and felt — Carl Swan; Rodney Swan.

Pine Cone work — Ronnie Klein; Gordon Haggert.

Cork work, cannibal brooches — Jo Ellen Kary; Gail Horswill.

Felt work, memo pads with mounted figures — Hazel Young; Patsy Bird.

Salt shakers made from ordinary bottles—Joan Gibbon; Patsy Bird.

Shell work—Pat McMaster; Shirley Gustafson.

Sandstone brooches—Shirley Gustafson; Diane Paterson.

Earrings from buttons — Pamela Pratt; Doreen Evans.

Sandstone and shell — Gail Paterson; Barbara Williams.

Boats made from boards, tin cans, and elastic bands — Alex McClelland; Harvey Bell.

Ash trays—Eleanor Ludwig; Brian Greenwood.

Photograph albums — Eleanor Ludwig; Bill Swan.

Cork work — Richard Mason; Eleanor Ludwig.

Leather work — Richard Mason; Elaine Bell.

Miscellaneous articles including decorated match boxes and jewellery boxes — Bob Nuyens; Brian Greenwood.

First prize winners carried off blue ribbons while seconds took red ribbons.

Tigers' Last Ditch Stand Foils Oldtimers

By CLIVE FLEMING

Nelson Tigers saved their faces by almost doing the impossible, overcoming a 7-1 lead in the last inning, with Pitcher Les Hufty scoring the winning run with two out when Red Koehle clouted out his second hit of the inning, to beat the Old Time Pros 8-7 in a good exhibition game here Wednesday evening.

The challenging veterans led all the way from the first inning, with Lefty White's variety of slow pitches baffling the Tigers completely, limiting them to three hits till the last inning.

Roy Anderson and Al Euerby, first batters, led off with safeties, and Hughie Horswill connected solidly, sending the ball screaming over the left field wall for a double with all three scoring later. Catcher Gordon Richardson doubled into left field scoring Al Euerby in the top of the fourth, sending them in front 4-0.

Bill Haldane's Texas Leaguer double scored starting hurler Fred Townsend for the Tigers' first tally, but the Oldtimers got back with interest in the top of the fourth, scoring twice, with Joe Nuyens doubling.

RAZOR-TOTING BATSMAN

After Umpire Joe Kotch called Fred Tinling out on strikes on a "bad" pitch, the old "War Horse" took after Kotch with an oversized razor in hand, chasing him deep into centrefield before he got the "blindman" down to give him a close shave. After Tinling called for a doctor with on response, Kotch recuperated, and the two shook hands, and the game was resumed.

Lefty White drove out a two bagger and scored on Roy Anderson's single, upping the score to 7-1 in the top of the sixth.

After Red Koehle opened the last of the eighth with a hit, White issued two walks to load the bases, Swensen banged out his second hit, a two base blow into deep centre, which cleaned the bases. After Swensen and Madden had scored, Carl Locatelli pulled White from the game, sending Roy Anderson onto the mound, after five runs had scored, with the winning run on first base, and none away. With one away, Tiger President Red Wassick filed deep to Locatelli, with Fritz Koehle scoring from third, and Les Hufty moved to third. Red Koehle, up for his second time, got an infield hit, with Hufty scoring to send the Tigers ahead. The game was then called on account of darkness.

Lineups:

Oldtimers — Anderson, Euerby, Horswill, Richardson, Storey, Tinling, F. Hufty, McMillan, Nuyens, White, Locatelli.

Tigers—R. Koehle, Haldane, Larsen, Swensen, Madden, F. Koehle, Tatchell, Nash, Wassick, Townsend, L. Hufty.

Umpires — Joe Kotch and Ron Brown.

Campbell Fails in Attempt To Break Water-Speed Record

CONISTON, England, Aug. 17 (CP)—Donald Campbell touched a speed of 152 miles an hour at one point in his unsuccessful attempt today to beat his late father's world water-speed record of 141 miles an hour.

This figure was revealed in films of the instruments of his boat, Bluebird II, taken during today's runs.

After his failure, Campbell postponed indefinitely a further attempt to break his father's record because the Bluebird's engine was "badly damaged" in today's runs.

Drobny Just Average Player Says Buckna

TRAIL, B. C., Aug. 17 (CP) — A former hockey coach of Jaroslav Drobny, Czech tennis and hockey player who made hockey history by getting onto the National League's Boston Bruin negotiations list, said today he is "just an average player" by Canadian standards.

The word came from Mike Buckna, hockey player for a good many years in this country before he tackled the job of coaching Czechoslovakia's top hockey squad where Drobny played. Buckna fled the country just before the Communists took over.

Mike was commenting on yesterday's reports that the bespectacled Davis Cup star had been lined up by Bruins.

"He'll never make the big time," said Mike. "He'd be an average performer in a Canadian loop but no standout."

Buckna, a native Czech, called Drobny a fair skater with a hard shot.

Strangely enough, it was Drobny who scored Czechoslovakia's only goal against Trail Smoke Eaters in 1939 in the round-robin world championships overseas. Buckna played for Trail then and he was back with Trail last year. He was with the Western International League team when they bowed to Regina Capitals in the Western Canadian Senior finals last Spring.

Gonzales Shines In Overtime

BROOKLINE, Mass., Aug. 17 (AP) — The Wimbledon champions Pancho Gonzales and Frankie Parker, today were given a rude shock in the third round of the United States Doubles Tennis Tournament but their greater experience enabled them to out-last Arnold Saul of San Diego, Calif., and Jack Tuero of New Orleans, 6-4, 2-6, 3-6, 7-5, 8-6.

Saul and Tuero, the United States intercollegiate singles titlists, were a smooth-working combination throughout.

Gonzales, the United States singles champion, performed in spectacular fashion during most of the overtime match and his brilliant efforts were needed to offset his partner's miscues.

All the other favored men's teams moved into the quarter-finals,

Gardnar Mulloy and Billy Talbert, the defenders who are seeking their fifth doubles victory, defeated Al Everts and Don Manchester 6-1, 7-5, 6-1.

The Australian Davis Cup team's two tandems also were successful, as were the French, Italian and South African pairs.

Jack Bromwich and Billy Sidwell, the Australian aces, lost only one game in their three sets against Dick Sorlein of Philadelphia and Dick Gains of Edgartown, Mass.

The other Aussies, Frank Sedgman and George Worthington, eliminated Californians Earl Cochell and Herb Flam, 6-3, 6-2, 7-5, and South Africa's Eric Sturgess and Eustace Fannin had to go an extra set to eliminate Sam Match of San Francisco, and Vic Seixas of Philadelphia 3-6, 6-3, 6-4, 6-4.

Robert Abdesselam and Paul Remy moved France into the round of eight after tussling hard and long with Irvin Dorfman of New York and Bill Vogt of Philadelphia 6-2, 10-8, 4-6, 4-6, 6-3.

Italy's Davis Cuppers, Gianni Cucelli and Marcello Del Bello, survived by besting Art Larsen of San Francisco, and Dick Savitt of East Orange 6-4, 2-6, 3-6, 6-3, 6-4.

U.S. WOMEN WIN

All four members of the British Wightman Cup team were ousted as the women stars reduced their division to the semi-finals.

Defenders Louise Brough and Mrs. Margaret Osborne Dupont overwhelmed Mrs. Betty Hilton and Kay Tuckey 6-4, 6-0, and the other British girls, Mrs. Molly Blair and Jean Quertier, bowed to Doris Hart of Miami, and Shirley Fry of Akron, O., 6-4, 6-1.

Cavalcade to Precede Cranbrook Band to Vancouver

More than 60 Nelson Golf and Country Club members gathered for a mixed two ball foursome, potluck supper and dance at a farewell evening Tuesday for Mr. and Mrs. J. B. Stark, Mr. and Mrs. A. M. Parker and Mrs. M. E. Allen, all of whom are leaving Nelson. Mr. and Mrs. Stark are going to Toronto, Mr. and Mrs. Parker to Vancouver, and Mrs. Allen to Victoria.

In the match which preceded the supper Dr. T. H. Bourque and Miss Ruth Haslam tied with Louis Hanic and Miss Betty Moran for the low net score, both couples having a score of 28.

A. S. Aitken and Mrs. R. L. McBride won a prize for low score on number 5 and A. Warren and Mrs. J. G. McMurchy were presented with prizes for being the most honest golfers.

Following the supper the guests of honor were presented with parting gifts and received the well wishes of their many friends.

Dancing was enjoyed for the remainder of the evening.

Dodgers Drop Behind Cards

By STEVE ROBERTSON

The Philadelphia Phillies may not be going anywhere in the National League race this year, but the sooner they go way from Brooklyn the better the Flatbush fans will like it.

The Phillies yesterday made it two straight over the Dodgers with an 11-7 victory that shoved Brooklyn back into second place behind the St. Louis Cardinals. The Cards beat Cincinnati 4-3 in 13 innings.

Four Brooklyn pitchers yielded 11 hits, including three homers, and 11 bases on balls. The Dodgers spoiled a last-ditch rally with some screwy base running. Meantime Jim Konstanty, who made only one pitch to end the three-run Dodger rally in the seventh, was credited with the victory. Palica, third of the Brooklyn tossers, was the loser.

At Cincinnati pitcher Freddie Martin singled home Enos Slaughter from second with the run that beat the Reds. It put the Cards a half game up on the Dodgers.

AT THE CHAMBER OF MINES

By FRANK PENNOYER, Sec'ty

The following were visitors to the Chamber of Mines during the first two weeks in August. This is the largest number for a two week period for many years. All these visitors were interested in mining in one way or another, looking for leases, maps, government reports, and ore samples, chiefly uranium.

For the United States: Fred M. McGarry, Lester G. Howley, and Darrell D. Smith, all of Spokane, Wash.; G. J. Schlief, Oroville, Wash. Paul H. Knowler, and T. J. Hackett, Tacoma, Wash.; Mr. and Mrs. K. Locklin, Denver, Colorado.

PATSY HEARD IN QUARTER-FINALS

VANCOUVER, B.C., Aug. 17 (CP) —The bouncing high school student from Portland, 15-year-old Patsy Heard, smashed her way through to the quarter-finals of the B.C. clay courts junior ladies singles championship today, defeating Gail Robinson, of New Westminster, B.C., 6-0, 6-2.

Handicapped by a cut knee suffered in second-round play, and with her right wrist bandaged, Patsy outplayed the Vancouver girl with hard volleys and sweeping passing shots.

Vancouver's reigning Canadian junior singles champion, top-seeded 17-year-old Paul Willey, remained the Dominion's sole hope of staving off American opposition.

John Dupriest, of Tacoma, mooted to capture the title won last year by Davis Cupper, Lorne Main, entered the quarter-finals with an easy 6-1, 6-4 victory over Bill Rose, of Portland.

Top Canadian mixed doubles pair, Donalda Sparling and Willey, of Vancouver, had to go all out to beat Gail Robinson, and Dick Hamilton, Portland, 7-5, 6-1.

Prepare for Walker Cup Golf

MAMARONECK, N.Y., Aug. 17 (AP)—Playing assignments will be announced tomorrow for the Walker Cup matches between the cream of British amateur golfers and the best simon pures in the United States.

The matches will be played Friday and Saturday over the tree-lined Winged Foot Golf Club.

Willie Turnesa, National amateur champion, heads the 10-man United States squad from which non-playing captain Francis Ouimet will choose.

Almost sure to be selected besides Turnesa are Fran Stranahan, Skee Riegel and Ted Bishop, all members o the United States team which defeated the British squad, eight matches to four, at St. Andrews, Scotland, in 1947.

Delay Channel Swim

DOVER, England, Aug. 17 (AP)—Shirley May France will not attempt to swim the English Channel tonight, her Manager announced today.

She had planned to plunge into the Channel at Cap Gris Nez, France, sometime around midnight, but unfavorable weather conditions caused reconsideration.

My roof leaked like a sieve

★DUROID fixed it like this . . .

First — to aid in determining the required quantity—we checked our roof for size.

Then—my wife and I visited our local Sidney Dealer and viewed DUROID samples for color. She chose red. I picked green. That's right—the roof is red.

Easy-to-follow directions for application were contained in every bundle. So in no time at all we had finished the job. Bright DUROID Shingles were applied right over the old roof.

It was amazing—our home was new again! No more leaks—no more patching or painting. Our colorful DUROID roof provided a permanent end to expensive repair bills and seasonal upkeep.

★SOMETHING TO REMEMBER! Genuine DUROID Shingles are made only by Sidney Roofing and Paper Co. Ltd. See your Sidney dealer today.

PIPELINE WOULD SUPPLY HALF CANADA'S OIL NEEDS

WINNIPEG, Aug. 17 (CP)—Western oil is expected to supply about half of Canada's oil needs when the pipeline from Edmonton to the lakehead is completed, Resources Minister Colin Gibson said here today.

The superficial area of the earth is 196,950,000 square miles.

Girl, 15, Saves Seven From Fire Three Children Die in Flames

—Central Press Canadian

This dramatic photo shows ex-Mayor Gerald Woodley of Gananoque, Ont., carrying a dying girl from a flaming home at height of blaze. The child died in his arms. Fire broke out on the lower floor of the Ganonoque home while 10 children were asleep. A 15-year-old girl, Jean Running, saved seven children, three others perished. The parents, Mr. and Mrs. Orange Running, are in Kingston hospital from burns suffered while attempting to rescue the children.

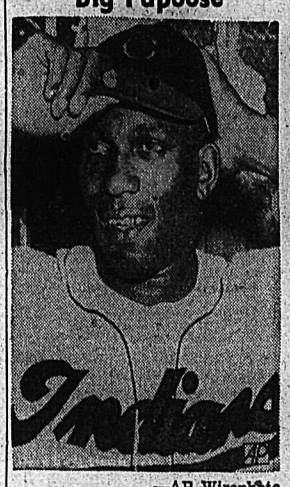
Engagement of Franklin D. Roosevelt, Jr., to blonde Suzanne Perrin has been announced. Miss Perrin is the daughter of the late L. J. Perrin, senior law partner of a New York law firm. Young Roosevelt, recently elected to Congress, was divorced from the former Ethel duPont in Reno last June. Miss Perrin served in the Marine Corps Women's Reserve during the war.

Big Papoose



—AP Wirephoto

Newest papoose in the Cleveland Indians' wigwam is six-foot-four, 240-pound Luke Easter, pictured above, who joined the world champions Aug. 11. When he came East June 19 for a knee operation, he was leading the Pacific Coast League in homers (25) and batting (.363). A first baseman with the San Diego Padres, a Cleveland farm club, he also plays outfield.

Yesterday's Answer

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

ORL BZTOOLS FLOOLZ ZLAITSD, ID ORL LAGOC BUZV GLZTDRLD—GZUMLZY.

Yesterday's Cryptoquote: LIBERTY IS THE POWER OF DOING WHAT IS ALLOWED BY LAW—LAW.

MONTREAL (CP) — Empty bottles in downtown alleys are not there for target practice, a judge told 34-year-old Roger Lajeunesse. Lajeunesse, who shot at the bottles, was sentenced to two years for illegal possession of a gun.

ST. JOHN'S, Nfld. (CP) — Big wild game in the White Bay area of Northern Newfoundland is so well protected that they are reported no longer afraid to remain around settlements. Bear, moose and caribou are so common that they attract little notice any longer.

Market Trends

NEW YORK (AP)—Snapping out of a sluggish rut, the stock market moved forward smartly by fractions to more than a point.

MONTREAL (CP) — Fractional gains were in the majority during light trading near the final hour.

TORONTO (CP) — Industrials forged steadily upwards in moderately active dealings. A few golds were also firmer while base metals continued their downward trend. Western oils were steady. Volume was about 760,000 shares.

Red Cross Blood Donor Clinic at Invermere Sept. 15

INVERMERE, B.C., Aug. 17 — Red Cross Blood Donor Clinic from Calgary headquarters will pay a second visit to Invermere Sept. 15 to accept donations from Windermere District residents. Donors numbered 72 on the first visit last August and it is hoped that 100 will turn out this time.

Members of the Windermere District Red Cross will assist with the registration of donors and will serve refreshments.

Creston Valley Anticipates Apple Increase

Revised tree fruit estimates for Creston District indicates the apple yield will rise from 231,216 boxes in 1948 to approximately 384,000 boxes this year, the fortnightly Horticultural News Letter reveals.

Crabapples are expected to total 3500 boxes, compared to 3096 last year, while output of pears will be 20,000 boxes, it is estimated, against 28,005 last year.

In stone fruits, peach plums have been harvested and Streets and Santa Rosas are being picked. Apricots are practically finished and a good crop was generally reported. Early peaches are moving.

Harvesting of Clapp's, Flemish and Dr. Jules' pears is under way and a few early Bartletts are reported ready. Uneven maturity is attributed to the after effects of the severe Winter.

In apples, the Transparent harvest is complete and Duchess, Rob Roy and Melba varieties are coming off. All later varieties are sizing satisfactorily and good quality and size are expected. Transcendent Crabs are being picked.

Tomatoes are being harvested in volume and cucumbers are starting. A good supply of all other vegetables is on the local market.

On the reclaimed lands the seed pea harvest is in full swing, with average yields reported.

CALGARY LIVESTOCK

CALGARY, Aug. 17 (CP)—Livestock market at Calgary was generally steady today particularly for good and choice kinds. Bulk of receipts were plain to medium finished animals. Buyers were grading more closely on in-between kinds. No strictly choice cattle were on offer.

Stocker and feeder steers of medium weight were in best demand but otherwise this class was draggy. A few better steers brought $21.50. Nearly all other classes needed pushing to clear.

Early receipts today: Cattle 400. Receipts yesterday: cattle 787, calves 122, hogs 394, sheep 42.

Hogs sold yesterday at $35.25 for A's at yards and plants; sows 18.25 live weight.

Good lambs 19.00-20.25; good ewes 6.50-7.50.

Good to choice butcher steers 20.50-22.00; common to medium 15.00-17.50.

Good cows 12.50-13.00; common to medium 11.25-12.00; canners and cutters 8.50-11.00.

Good bulls 15.25-16.00; common to medium 14.00-15.00.

Good to choice veal calves 18.25-19.50; common to medium 14.00-18.00.

Good stocker and feeder steers 16.00-17.00; common to medium 13.50-15.75.

Increased Apple Production Seen for District

Apple production of 65,000 boxes as against the 1948 output of 41,085 boxes is estimated for the Kootenay and Arrow Lakes Districts in the fortnightly Horticultural News Letter of the Department of Agriculture.

The letter, in part, follows:

Raspberries are being cleaned up. Blackberries are now moving in volume.

Apricots are still being picked. The crop has been a heavy one and fairly free of coryneum blight infection. Peaches are coming on well. Early varieties such as Fisher have begun to move from earlier sections. Early plums are being harvested and are quite free of brown rot at this time. Clapp's Favorite pears are moving from earlier sections of the district and Bartletts should begin toward the end of this week. Although Yellow Transparents and Red Astrichans are almost over, local Wealthy and Gravenstein cookers are now on the markets.

There is a good supply of local vegetables. The supply of sweet corn is good. Field tomatoes are being picked, but the cool nights appear to have slowed down their ripening.

Revised Tree Fruit Estimates:

	1948 Crop	1949 Estimates
Apples	41,085	65,000
Crabapples	950	1,000
Pears	9,861	8,000

Prominent Okanagan Fruit Grower Dies in Golden

GOLDEN, B. C., Aug. 17 (CP)—J. R. J. Stirling, prominent Okanagan fruit grower, died here last night of a heart attack while returning to Kelowna with his family, following a motor trip through the Kootenays and National Parks.

He had been President of the British Columbia Fruit Growers' Association since 1946 and President of Kelowna Growers' Exchange for the last five years.

Survivors include his wife, two sons, Peter and John, and one daughter Moira. He had been a resident of Kelowna since about 1911.

Invermere Group Returns From Alpine Club in Glacier

INVERMERE, B.C., Aug. 17 — A group of local young people who have spent six weeks with the Alpine Club of Canada in the Glacier country have just returned to their homes full of enthusiasm.

The local group consisted of Miss Eileen Tyler, Miss Joanne Watt, Miles Appleby, Teddy Fuller, Fred Howarth, Sandy Laird, and Freddy Hunt.

Prepare Athalmer Grounds for Fair

INVERMERE, B.C., Aug. 17—Fair grounds at Athalmer are undergoing their annual refurnishing for the third annual East Kootenay Agricultural and Industrial Exhibition, the thirty-eighth consecutive fall fair to be held on the grounds.

To accomodate the ever-growing Dates this year will be Sept. 2 and 3, attendance the bandstand has been removed this year and a new one is being erected across the racetrack.

Midway entertainment is planned and Indian tribal dances will be done around a campfire. Fireworks will be a highlight.

Saturday a parade will open festivities.

Interior of industrial building has been replanned to allow better display of exhibits.

Woman's Home Companion Cook Book

there is a recipe for

"DELICATE LEMON PIE"

The pastry when built according to the recipe is a tinted golden brown with a blistered surface. It is light, crispy and flaky, tender enough to break easily but does not crumble when cut—the under crust does not resist the fork and is not a soggy absorber of the filling.

The filling is firm but not hard, of exquisite flavor and withal a delightful, melting and satisfying confection.

We suggest that this one of 2600 recipes is in itself worth the price of the book.

PROBLEM FOR MATHEMATICIANS

VANCOUVER, Aug. 17 (CP) — Even world-famous mathematicians have to ponder seemingly simple problems before they get the answers — and if they get the answers.

A Vancouver reporter found this out today when he asked for an answer mailed to his paper (The Sun) by a reader. He asked a delegate to the Canadian Mathematical Congress here:

"Suppose cows sold for $10 each, sheep at $3 each and pigs for 50 cents each. If I want 100 head of stock and I have only $100, how many of each would I buy?"

It seemed a simple question. In fact, Dr. Leopold Infield, a Professor of Mathematics at the University of Toronto, passed it by. So did Dr. W. Simons, Mathematics Professor at the University of British Columbia, who pronounced it a "diophantine analysis problem" which could have several solutions.

Then Dr. Edmund Gough, of Montreal, Assistant Treasurer and Executive Assistant of the Canadian Mathematical Congress, took off his coat, loosened his tie and went to work covering a paper with figures.

He got one answer after 10 minutes; one cow, 29 sheep and six pigs.

But that doesn't add up to 100.

The Hindu religion claims over two-thirds of the 352,000,000 persons in India.

URGE GREATER SOCIAL SCIENCE EDUCATION

OTTAWA, Aug. 17 (CP)— Problems of human relations have reached a critical stage, the Canadian Social Science Research Council said today, but Governments, universities and the public are giving little attention to methods of tackling these problems.

The Council in a prepared brief urged the Royal Commission on Arts and Science Development to consider the need for greater emphasis on social science education and research in economics, geography and history.

The Council suggested six ways in which the importance of social sciences could be emphasized:

1. Federal grants for post-graduate fellowships and scholarships to social science students.

2. An immediate start on building a national library which could become a research centre for the students.

3. Making more Government documents available to research workers.

4. Better distribution of Government publications which provide the principal source of political, economic and social history.

5. Turning the National Museum over to a board of trustees. Research workers were alarmed at the status of museums in Canada.

6. Having Canada do more work in the United Nations Education, Scientific and Cultural Organization and providing a national commission for U.N.E.S.C.O. work in Canada with emphasis on social science work.

DRIVER CHARGED WITH MURDER IN AUTHOR'S DEATH

ATLANTA, Aug. 17 (AP)— Murder charges have been placed against the taxi driver who fatally injured Margaret Mitchell, world-famous author of "Gone With the Wind."

Miss Mitchell, whose novel of civil war and reconstruction days outsold everything in print except the Bible, died yesterday in Grady Memorial Hospital.

Death came five days after she was struck down by a speeding automobile on her beloved Peachtree Street, which her novel helped make famous. She died in an operating room as physicians prepared for emergency surgery to try to save her life.

Private funeral services will be tomorrow.

Earlier Rush of Grain Cars at Lakehead Expected

FORT WILLIAM, Aug. 17 (CP) — Early harvesting of grain from the rich wheatlands of the Prairie Provinces—spurred on by recent hot weather—has led to expectations that the annual rush of freight cars to the lakehead will begin early too.

The tempo of freight car arrivals began increasing this week. A spokesman for the Inspection Department of the Board of Grain Commissioners said today "a good 50 per cent" of current grain arrivals is made up of the new crop.

At midnight Monday the Canadian Pacific and Canadian National Railways had a combined total of 1840 cars of grain in the Fort William yards.

A. F. Hawkins, C. P. R. official, said the extent of the grain rush still is hard to determine.
