Nelson Daily News

VOLUME 45 — 5 CENTS A COPY — NELSON, BRITISH COLUMBIA, CANADA—WEDNESDAY MORNING, MAY 3, 1950 — NUMBER 10

WEATHER FORECAST

Kootenay: Variable cloudiness with showers along the ridges. Little change in temperature. Light winds. Low and high at Cranbrook 36 and 58. Crescent Valley 38 and 60.

New City Electric Rates Introduced

Many Domestic, Commercial Users To Enjoy Slightly Lower Charges

Application of new electric light and power rates in Nelson and District under a new bylaw approved by the Public Utilities Commission, began Monday.

Slightly lower rates will be enjoyed by many domestic and commercial consumers, for they were set largely with a view to uniformity. Free porchlights up to 60 watts will continue for all residents within the City limits from sunset to 8 a.m. daily.

The new domestic rates available for lighting, heating and cooking, hot air heating up to 1500 watts and motors up to one horsepower, follow:

	City (cts.)	Rural (cts.)
First 30 k.w.h.	7	8
Next 170 k.w.h.	2.5	2.5
Next 600 k.w.h.	.8	.9
All over 800 k.w.h.	1.1	1.1
Net monthly minimum charges:		
Light only	$1.25	$1.50
Range, lighting, etc.	4.00	4.00
Summer campers		2.50

DROP METER RENTAL

The policy of allowing a 10 per cent discount for prompt payment within 15 days of the due date of a bill will be continued. The meter rental of 25 cents will no longer be charged.

The previous city rate was eight cents for the first 20 k.w.h., 2½ cents for the next 200, half a cent for the next 280, and one cent for all over 500.

North Shore and other rural residents paid different rates under the old scheme. Rural rates, excepting the North Shore, were 10 cents for the first 20 k.w.h., 2½ cents for the next 200 and one cent for all over 220. North Shore rates were 10 cents for the first 30 k.w.h., 2½ cents for the next 200 and one cent for all over 230. Both areas received the 10 per cent discount and also paid the meter rental of 25 cents.

Examples worked out under the old and new rates show that domestic users will be charged slightly lower rates up to about 300 kilowatt hours, and only slightly higher rates above that figure.

The bill for 60 kilowatt hours under the old rate would be $2.59; under the new rate, $2.57. The consumer was charged eight cents per k.w.h. for the first 20, or $1.60; 2½ cents for the next 40, or $1, a total of $2.60. From this was deducted 10 per cent for prompt payment, but a 25 cent meter rental was added, thus making the net total $2.59.

The new rate will be seven cents for the first 30 k.w.h., or $2.100; 2½ cents for the next 30, or 75 cents, for a total of $2.85. The 10 per cent discount would reduce this to $2.57.

A consumer owning an electric range, refrigerator, etc., using 250 k.w.h., would have paid $6.33 against $6.08. For the first 20 k.w.h. under the old rate, the consumer paid eight cents, or $1.60; 2½ cents for the next 200, or $5; half a cent for the next 30, or 15 cents, for a total of $6.75. The net total after discount of 67 cents and addition of the meter charge would be $6.33.

The new rate would be seven cents for the first 30 k.w.h., or $2.10; 2½ cents for the next 170, or $4.25; .8 cent for the next 50, or 40 cents, for a total of $6.75, reduced to a net of $6.08 by the 10 per cent discount.

Comparisons of new and old net monthly city rates follow:

DOMESTIC	New	Old
20 k.w.h.	$1.26	$1.67
30 k.w.h.	1.89	1.92
40 k.w.h.	2.12	2.14
60 k.w.h.	2.57	2.59
80 k.w.h.	3.02	3.04
100 k.w.h.	3.47	3.49
200 k.w.h.	5.72	5.74
300 k.w.h.	6.44	6.55
400 k.w.h.	7.16	7.00
500 k.w.h.	7.88	7.45
600 k.w.h.	8.60	8.35
700 k.w.h.	9.32	9.25
800 k.w.h.	10.04	10.15
900 k.w.h.	11.03	11.05
1000 k.w.h.	12.02	11.95
COMMERCIAL		
100 k.w.h.	$5.40	$6.65
200 k.w.h.	10.80	12.25
300 k.w.h.	16.20	17.85
400 k.w.h.	20.70	22.65
500 k.w.h.	25.20	27.45
600 k.w.h.	29.70	32.25
700 k.w.h.	34.20	36.25
800 k.w.h.	37.80	40.25
900 k.w.h.	41.40	44.25
1000 k.w.h.	45.00	47.45
1100 k.w.h.	48.60	50.65
1200 k.w.h.	51.30	53.85
1300 k.w.h.	54.00	57.05
1400 k.w.h.	56.70	60.25
1500 k.w.h.	59.40	62.65
1600 k.w.h.	61.65	65.05
1700 k.w.h.	63.90	67.45
1800 k.w.h.	66.15	69.85
1900 k.w.h.	68.40	72.25
2000 k.w.h.	70.65	74.65
3000 k.w.h.	88.65	90.65
4000 k.w.h.	106.65	106.65
5000 k.w.h.	124.65	122.65

Truman Cleverest Politician, Worst President Ever Claims Stassen

NEW YORK, May 2 (AP)—Harold A. Stassen tonight called President Truman "the cleverest politician" and "the worst president ever to occupy the White House."

He said Truman is embarking on a political tour of the Western states "to try and get a puppet Congress."

Stassen, president of the University of Pennsylvania and former governor of Minnesota, called on Republicans to "meet the 1950 situation brought about by . . . his (Truman's) use and misuse of the great power of his office" by:

1. "Fighting back vigorously and hitting hard in the exposure of the condition of his administration."

2. "Bringing forward definite, sound, constructive measures to meet the problems of our country at home and abroad."

3. "Organizing and working and voting with a thoroughness and a drive such as we have never shown before."

Stassen said the president "will travel across the nation in a special train, with his trip paid for out of the taxes of the people."

Graziani Convicted Of Treason Charges

ROME, May 2 (CP)—An Italian military tribunal tonight convicted former Marshal Rudolfo Graziani, Fascism's "Lion of Africa," of treason charges. He was sentenced to 19 years in prison, but amnesties and credit for time already served in custody will cut the actual sentence to only one year and two months.

Graziani, 67, and failing, took the verdict without a show of emotion. His lawyers said the decision will be appealed to the Supreme Military tribunal, the the court of last resort.

Search to Continue For Trail Plane

VANCOUVER, May 2 (CP) — Search will continue for a light plane missing eight days with two youths aboard, the RCAF reported today.

A report that the search of interior British Columbia had run its course came last night when the RCAF recalled radio and helicopter equipment stationed in the vicinity of Princeton.

Missing on a 250-mile flight from Trail to Vancouver, B.C., are Pilot Tommy Chung of Vancouver and 17-year-old passenger, Phillip Smith of Trail.

DREW ASKS OUTLAW OF RED

Meets Liberal, CCF Opposition; St. Laurent Speaks

By GEORGE KITCHEN
Canadian Press Staff Writer

OTTAWA, May 2 (CP)—In a denunciation of Communism, George Drew, Progressive Conservative Leader, asked the Commons today to outlaw Communists in this country.

Branding the Red doctrine as the "anti-Christ" and the "most terrifying and brutal reality" the world has known, he pinned this amendment to a Government motion to go into supply:

"This House is of the opinion that appropriate legislation should be introduced so that Communist and similar activities in Canada may be made an offence punishable under the Criminal Code."

The Liberal and C.C.F. parties promptly declared their opposition.

The Communist Party was outlawed in 1940 during the Second World War. However, it later was reorganized under the name of the Labor-Progressive Party, headed by Tim Buck.

Prime Minister St. Laurent told Mr. Drew Canadian laws already were adequate to deal with subversive activity and said he felt the best way to combat Communism was to show that democracy could work for the betterment of the people.

"I would," he said, "be sorry to see it become a crime to hold opinions, unless one did something in consequence of those opinions to threaten the security of the state."

Angus MacInnis (CCF--Vancouver East), the C.C.F. spokesman, recalled that no country ever had saved itself from "revolution or overthrow" by oppression. And Mr. Drew's suggestions, he felt, could lead to nothing more than oppression, in which Communism was known to "flourish and prosper."

External Affairs Minister Pearson joined the debate at the night sitting and told the Chamber Canada should not be led into "hasty or ill-considered" action at home or abroad. Present Canadian laws were adequate to deal with Communism.

DREW BITTER

Mr. Drew launched his attack on subversive activity in a 90-minute speech — sometimes bitter, sometimes high-voiced—in which he also criticized the Justice Department for inactivity against Communism, called for prosecution of foreign-language Communist newspapers in this country and expressed his concern as to whether Canadians would "wake up in time."

Canada's tolerance of Communism within her borders, he declared, was "not tolerance, but sheer insanity."

To Face Trial on Charge of Conspiracy To Commit Arson

NEW WESTMINSTER, B.C., May 2 (CP)—James H. Pearcy and Frank Wells will be committed for trial on a charge of conspiring to commit arson, police court ruled yesterday.

Magistrate H. Johnson said he will make the committal Friday.

Pearcy is owner-manager of the Westminster Dredging Company and Wells is a former employee.

They are charged in connection with the destruction of a $50,000 river dredge by fire last August.

Gets Five Months For Stealing Orange

VANCOUVER, May 2 (CP)—So citrus fruit is good for you?

You won't get a testimonial from George MacDonald, 39. He was sentenced today to five months in prison for stealing an orange.

Ambassador Here

Stanley Woodward, close friend of President Truman and chief of protocol in the State Department, has been chosen new ambassador to Canada. He will replace Laurence A. Steinhardt, killed in recent plane crash near Ottawa. — Central Press Canadian.

61 Freedomites To Oakalla

Sons of Freedom numbering 61 were escorted to Oakalla prison farm near New Westminster by Provincial Police Tuesday.

Twenty-three of the men will serve prison sentences on charges of nudism while the remaining 38 have been committed for trial on arson conspiracy charges. These will be held at New Westminster pending the Nelson Spring assizes which have been set for June.

On Monday afternoon men, women and children of the sect packed the Provincial Police Court yard and bade farewell to the Sons prior to their departure by train.

The men were arrested by police during the recent outbreaks at Brilliant Krestova and in the Slocan Valley.

Corporal H. Smyth was in charge of the escorting party assisted by Constable W. Martin, Constable J. Donelly and Constable D. MacDonnell.

Gives Self Up in Newspaper Office

MONTREAL, May 2 (CP)—Nick Cooper, 24, who allegedly fled with $4300 stolen in last Tuesday's bank robbery in Northeast Rosemount, tonight ended a city-wide manhunt when he walked into the editorial office of the Montreal Herald and gave himself up.

At the same time, heavily-armed police were racing to a Summer cottage near Ste. Rose, a few miles North of here, on information that Cooper was hiding there.

The eight-day search came to a sudden end shortly after 11:30 p.m. when Ted Harris, Associate Editor of the Herald called police headquarters to say that the wanted suspect had given himself up.

May Whip Hospital Scheme Into Shape Without Higher Cost

VANCOUVER, May 2 (CP)— The Vancouver Sun says today in a newspage story that British Columbia's hospital insurance program "may be whipped into financial shape" without any increase in premiums for 1951.

"Although the Legislature at the last session gave permission to increase maximum premiums for $33 to $36 if it should be necessary," the Sun said, "administrators of the plan are now expressing confidence they can get by on the present rates."

The story said in any event "no decision will be made before August."

RAINS ADD TO FLOOD MISERIES

Appeal for Workers As Winnipeg Waters Surge Over Peak

WINNIPEG, May 2 (CP) — A steady, drizzling rainfall fell in Southern Manitoba tonight as volunteers feverishly constructed sandbag dikes to thwart the rushing Red River crest—expected in two days at Winnipeg.

But the rain—expected to continue through tomorrow—was more an added misery than a serious danger to flooded areas from the province's capital to the international border. The weather man said the volume would be slight.

Good news came from South of the border. Flood waters of the Red in North Dakota were declining steadily. At Grand Forks, N.D., 70 miles South of the border town of Emerson, the reading was down nearly nine feet from the flood crest of 44 feet last week.

An army spokesman said that 30 men would be sent to Morris, 41 miles South of Winnipeg, tomorrow morning to relieve a similar contingent which has been working to prevent flooding of the hospital.

If the race against the rising waters is lost the patients, about a dozen, may have to be evacuated.

A Canadian National Railways official said two trains scheduled to run through Southern Manitoba's flood areas have been cancelled for one trip.

Maintenance crews working on a badly-inundated 11-mile strip South of Morris had asked not to be interrupted.

There were some of the day's developments:

1. The Red surged 3.6 inches over its 1948 flood peak in Greater Winnipeg.

2. Mayor Elswood Bole of the Winnipeg suburb of St. Vital appealed for volunteers to help man water pumps and build dikes. About 50 men answered the appeal as the situation in St. Vital became hourly more critical.

3. Dikes protecting the Wildwood sector in suburban Fort Garry are holding but the water is nearly five feet deep against the barricades at some points.

4. Mayor Harry Shewman of Morris appealed to Winnipeg for more boats. An estimated 950 persons of Morris' normal population of 1100 have been evacuated. Water is 7 1/3 feet deep at the approaches to one bridge.

5. Combined waters of the Red and Roseau rivers swamped Dominion City, 60 miles South of Winnipeg. Measurements today showed that the water there had risen 28 inches since Sunday morning.

On other fronts, there were these highlights: The Canadian army earmarked nearly an additional 100 men for flood-fighting duties; Greater Winnipeg municipalities will meet Friday to consider the "entire flood situation"; provincial government sources said the government will wait until damage can be assessed before considering direct assistance to the flood-stricken.

One provincial government agricultural source said today that as a "guess" he figured the floods had inundated about 180,000 to 450,000 acres of farm land through the Red River district. He thought the lower figure might be more substantially correct.

Merritt Indian Found Innocent Of Manslaughter

KAMLOOPS, B.C., May 2 (CP)—After finding him innocent of manslaughter, an Assize Court jury today indicted Louis Lindley, a Merritt, B.C., Indian, on a charge of "dangerous driving."

Lindley was charged with being in charge of the automobile which killed Robert Alexander Smith near Merritt last Oct. 2.

Mr. Justice A. D. MacFarlane said he would pass sentence next Friday.

LATTIMORE BLASTS ACCUSER

Claims Senator Caught Out in Fraud and Deceit

By ROGER D. GREENE

WASHINGTON, May 2 (AP) — Owen Lattimore today denounced his accuser, Republican Senator Joseph McCarthy of Wisconsin, as a man who has "disgraced his party and the people of his state and the nation."

In a 15,000-word statement, punctuated by angry shouts and his fist banging the table, Lattimore demanded that a Senate Investigating Committee return a verdict notifying McCarthy that the Senator had been "caught out in his fraud and deceit."

"I suggest it is your solemn obligation," Lattimore told the committee "to warn such professional character assassins that they will not be permitted to run riot or publicly spread their venom."

As for the former Communist leader, Louis F. Budenz, who swore that Lattimore was a member of a "Communist cell" and helped betray China to Red conquest, Lattimore said:

"Hogwash — the product of a twisted and malignant personality!"

Regina Wakes to 6.8 Inches Snow

REGINA, May 2 (CP) — Regina district lay under seven inches of heavy, wet snow today after a surprise snowstorm in the early morning hours.

The Airport Weather Office estimated the snowfall radiated out from Regina for a distance of 50 miles.

Depth of the snow in Regina was 6.8 inches. At Moose Jaw it was five inches, and an unofficial recording at Lumsden showed three inches of snow.

The amount of snow in Regina was the equivalent of .7 of an inch of precipitation.

URGES CANADA TO CALL SPECIAL UN MEET FOR PEACE

OTTAWA, May 2 (CP) — Gordon Graydon (PC-Peel) said tonight Canada should take the initiative in calling immediately a special emergency meeting of the United Nations "in a courageous and determined effort to preserve the peace."

Mr. Graydon, Vice-Chairman of the Commons Committee on External Affairs, said the heads of Government should attend the meeting.

Speaking on free time provided by the CBC for political broadcasts, he said:

"Let these world leaders, rather than their deputies, put their feet under a common table for the first time since the last war and clearly delineate the frontiers of the free world and make effective provision for respecting them.

"The Soviets should be told in plain and unmistakable terms that there will be no modern Munich in this generation so far as the Western democracies are concerned, but that the free world is nevertheless prepared and anxious to enter into concrete and enforceable plans whereby the peace will be made to stick once and for all."

Expect Lie to Visit Moscow in Few Days

By NORMAN ALTSTEDTER

LAKE SUCCESS, N.Y., May 2 (CP)—United Nations officials said today that they expect the U.N. secretary-general will announce tomorrow that he will go to Moscow in a few days.

Secretary-General Trygve Lie has scheduled a press conference in Paris at which he will probably reveal his plans for a peace mission to the Russian capital.

During the last two weeks Lie has conferred with British, American and French officials in their own capitals.

Today the Russian delegate walked out of the statistical commitee, bringing to 22 the number of U.N. organs hit by the boycott.

NEW CBC APPOINTMENT FOR G. F. BRICKENDEN

HALIFAX, May 2 (CP) — Appointment of G. F. (Brick) Brickenden as Press and information services representative for the CBC's international service was announced today.

Mr. Brickenden, I. S. Maritimes representative for the last two years, will make his headquarters at Montreal. A former Winnipeg newspaper and writer, he joined CBC in 1945.

Hospital May Shelter Doukhobor Children

Gov't Turns Over Former RCAF Hospital at Patricia Bay for Homeless; Army May Supply Bedding

OTTAWA, May 2 (CP)—The Government has turned a former RCAF hospital at Patricia Bay airport on Vancouver Island over to British Columbia authorities for use as a shelter for homeless Doukhobor children.

The move follows a request from B. C. authorities for accommodation at the former RCAF station situated some 18 miles North of Victoria.

Transport Minister Chevrier has okayed the transfer.

It is understooo that the hospital will be used to shelter some 300 Doukhobor children left homeless following the recent outbreak of terrorism in Doukhobor settlements in the Kootenay Valley district.

In need of shelter are children whose homes have been burned by the fanatical Sons of Freedom sect whose nude parades and fire raids have spread terror through the Doukhobor settlement. Shelter also is needed for children whose parents have been arrested for participating in the parades and raids.

The B.C. Health Department will administer and look after facilities in the 112-bed hospital.

It is understood the army may be asked to supply beds and bedding for use in the shelter.

Defence Department officials said they had not received a request for such aid. However, should the B.C. Government request it, the army would "gladly" make available any surplus facilities on hand.

The Transport Department took over the former air station from the R.C.A.F in 1948. The field is now used as the municipal airport for Victoria. An R.C.A.F. marine squadron also operates from the field.

C.P.R. Announces Immediate Layoff

MONTREAL, May 2 (CP) — Immediate layoffs affecting about 500 shop workers in Western and central Canada were announced by Canadian Pacific Railway today.

Vice-President N. R. Crump said in a statement:

"Lower rail traffic and consequent slackening in demands for equipment maintenance will cause minor reductions in the staff of C.P.R. repair shops, particularly back shops, throughout the system."

Layoffs would be instituted immediately and would mainly affect temporary employees or those with less than six month's service.

Principal units affected will be main shops in Montreal, Toronto, Winnipeg, Calgary and Vancouver.

Water Level

Tuesday, Nelson Ferry — 1740.17, 85 feet above zero.

Two Liberals Named to Senate

OTTAWA, May 2 (CP) — The Government named Gordon Isnor, veteran Halifax Liberal Member, to the Senate today and announced that byelections for his Commons seat and two others will be held June 19. The other two are the Nova Scotia Riding of Annapolis-Kings and Quebec's Montreal Cartier.

Byelections for the remaining two of the five existing Commons vacancies will be held May 15 in Toronto Broadview and Hamilton West.

Mr. Isnor's appointment was announced in the Commons, an unusual but not unprecedented procedure, and was followed shortly after by announcement outside the House of the Senate appointment of a fellow Nova Scotian, Charles G. Hawkins, Milford Station lumberman and President of the N.S. Liberal Association.

Their appointments raised Liberal membership in the 102-seat Senate to 77 compared to 13 Progressive Conservatives and 12 vacancies, including three each in New Brunswick and Newfoundland, two each in Ontario and Quebec and one each in British Columbia and Prince Edward Island.

WAGES RISE TO ALL-TIME HIGH

OTTAWA, May 2 (CP)—Weekly salaries and wages paid to workers in major non-agricultural industries in Canada rose to an all-time high during February, the Bureau of Statistics reported today.

In the same period the number of workers employed in the same industries declined slightly. The bureau said the downward employment trend was common to all provinces except British Columbia.

U. N. Plane Forced To Land by Israeli

TEL AVIV, May 2 (Reuters) — An Israeli fighter today fired warning shots to force a United Nations plane to land at Lydda Airport, it was officially announced here.

The U.N. plane was intercepted while flying outside prescribed corridors and towards a forbidden area, the Israeli statement alleged.

It added that U.N. planes have been consistently infringing Israeli air-lane regulations for some time despite repeated Israeli protests.

Start Restoration of Berlin's Tiergarten

One time the biggest park in West Berlin, the Tiergarten, is being reforested and replanted. Within a large scale reforesting and replanting program covering all West Berlin parks and green spaces, the authorities hope to be able to provide employment for 60,000 unemployed Western Berliners. Here women as well as men harrow the ground in preparation for planting. —Central Press Canadian

London Dean Supports Mercy Killings

LONDON, May 2 (Reuters) — Dr. Walter Robert Matthews, Dean of St. Paul's Cathedral, tonight startled religious circles throughout Britain by suporting mercy killing.

Addressing the annual meeting of the Voluntary Euthanasia Legislation Society, the outspoken Dean said he believes love and compassion should lead intelligent Christian people to support voluntary Euthanasia as advocated by the Society.

The 68-year-old religious leader, who has been at St. Paul's since 1934, added:

"Surveying the arguments for and against, I have come to the conclusion that the Society's proposal is quite in accordance with the Christian conception of human right and duty."

The principle of the sacredness of human personality did not, in his opinion cover the case of a man who was incurably ill and relieved of pain only by administration of narcotic drugs.

"When we are confronted with suffering which, so far as we can see, can have no beneficial effect and which is wholly destructive in its consequences, there is, I urge, a Prima Facie duty to do what we can to bring it to an end."

Quoting arguments that legalization of voluntary euthanasia would be equivalent to legalizing suicide and murder, the Dean said suicide is wrong because it is the taking by a man of his own life solely on his own judgement.

And there was no real analogy between the true crime of murder and what was proposed under voluntary euthanasia.

Some people argued that it was never sure that any case was hopeless, and it was true that remarkable recoveries had apparently proved the doctors wrong.

"I would not rule out altogether the possibility of a miracle," Dr. Matthews said.

"But surely it is beyond question that there are cases which from the human point of view, are incurable and where nothing but useless agony can be foreseen."

And in This Corner —

PHILADELPHIA, May 2 (AP)—Mother kangaroo had one baby—wanted two.

Took her sister's in the Philadelphia Zoo.

The baby cousins seemed not to care.

Though they filled the pouch with no room to spare.

But the zoo men pondered long and loud—

With kangaroos—is two a crowd?

NOBLE, Okla., May 2 (AP)—What would you do if, while driving down a highway, a snake suddenly poked its head from under the dashboard?

That's what happened to 55-year-old Clarence D. Courley—and he just loosened his grip on the steering wheel and let his car spin in a ditch.

Farmer Courley said the snake was about two feet long, and green.

"And when I saw it I just let go and then scrambled out of the car and fast when it stopped."

There wasn't a serious casualty—either to Courley or the car. The snake slithered away.

RIVERSIDE, Calif., May 2 (AP)—If she follows her schedule, Mrs. George W. Ettinger soon will divorce for the fourth time a husband who has spent 18 of his last 22 years in various prisons.

Ettinger, 37, is headed for San Quentin today after being convicted on bad check charges.

Probation officers told the court yesterday that each time he has gone to prison, his wife has divorced him and married someone else. But upon Ettinger's release, she always has shed her interim husband to remarry him.

This has happened thrice since 1932.

Explained Ettinger to Judge O. K. Morton, "my wife loves me."

The probation report shows Mrs. Ettinger's marital score: Nine marriages, eight divorces and six husbands. By trade she is an accounting clerk.

LOS ANGELES, May 2 (AP)—You and the missus want to make a two-year tour of the 48 states, Canada and Mexico—for only $98?

Then follow the footsteps, rather the bicycle treads of young Mr. and Mrs. Phil Palaske.

The Denver, Colo., couple who started out in July, 1948, with their bikes, a couple of bedrolls, a few clothes and $98, leave tomorrow on the last stretches of their grand tour.

Thus far they have pedalled through 36 states, parts of Canada and Mexico. They have 12 more states to go before pumping up the last mile home in July.

Phil, 27 a miner and Audrey, 24, have paid their way by speeches, selling penny postcard pictures of themselves and enlisting the sponsorship of bicycle firms and sporting goods stores.

"We've been fed by opera singers and Senators," says Phil. "Once we even shared a can of beans with a bum."

And after they return home?

They hope to shove their bikes aboard ship and head for Europe this Fall.

NEW HAVEN, Conn., May 2 (AP)—A young man called the probation office today and said he couldn't get downtown to make his weekly alimony payment.

"Why not?" asked an assistant probation officer.

"My wife took my shoes," said the young man.

A Famous Players Theatre

Radio Play Cast for Tuesday Performance

A radio play to be produced over CKLN Tuesday night was cast at the Nelson Little Theatre general meeting Tuesday night.

The play, "Point of View," is a satire set in a radio station, the main character being a hotel clerk named Harry.

The cast includes Winifred Chandler as Elaine; Les Jordan as Harry; Alice Stevenson as a foreign lady; Mrs. Frederick Niven, an English woman; Dean Scott as a radio announcer; Blake Allan as an old man and a workingman; George Dick as a train conductor and hearty man. Connie Andrews will be in charge of sound effects.

David Scott wrote and will direct this radio play. Rehearsals will get under way Thursday night.

The Weather

Synopsis: Showers and temperatures ranging around 50 were general over Southern B. C. In the Northern half of the Province skies were mostly sunny and temperatures were in the sixties. The warmest spot in the Province was Quesnel with a high of 67.

Most regions will be sunny by tomorrow afternoon.

Remac Workers Accept Contract, Win Wages Hike, Six Paid Holidays

Strike action pending since a mid-April vote has been called off by Reeves MacDonald mine employees with the acceptance of an offered contract settlement. The terms are the same accepted recently by Canadian Exploration Company employees at the Emerald Mine, also in the Salmo area.

By a 43-22 vote the Remac workers accepted a contract included six statutory holidays with pay yearly and a six cent a day pay increase retroactive to September 1, 1949.

The decision of the members of the Remac unit was announced by John Moffatt, business agent for Local 901, Mine-Mill and Smelter Workers, here.

The workers in a Government-supervised vote in an earlier April vote 79-31 for strike action to support their demands for pay increases and other benefits.

L. F. Gilbert Again Launch Club Commodore; Light Waste Deplored

L. F. Gilbert, pilot-owner of the sleek racing launch Ladybird, has been Commodore of the Kootenay Launch Club for more years than he can probably remember.

And at the organization's annual meeting Tuesday night in City Hall, he was unanimously reelected to the helm.

So were the other officers: Dr. Ray Shaw, Honorary Commodore; Ed Stromstead, Captain; Guy S. Mayo, Secretary-Treasurer, and W M. Young, Auditor.

W. Motion, Len Batley and Fred Blakeman form the Board of Governors, and W. G. Hall, Ole Anderson and Mr. Young, the Property Committee.

The Club took in $907 in the last year, the largest item being $425 in annual dues, but expenditures amounted to $1153. Repairs to walks accounted to $569.

The city's proposition to meter electricity burned at the club drew fire from members who felt that power used at the city's walks as well as lights that burned day and night would go on the bill. Leaks in wiring would also send the bill soaring.

The metering is proposed under the city's forthcoming revision in light rates. Since a few years ago, when a flat rate of $3 a year was charged each boathouse operator, the club has been collecting the fee as part of membership dues and then turning the money over to the city.

Waste of electricity by boat owners who leave lights on unnecessarily was also regretted.

"Some burn 200 or 300 watt bulbs and go away for two or three days leaving those lights on in the boathouses," said Mr. Mayo.

The club's water bill also came in for mention, the feeling being that the quantity used was inappreciable.

As a number of collapsed boathouses have not been removed from the waterfront, notices will be sent the owners pointing out that under the club's lease boathouses must be kept in repair.

Cranbrook Custom Collections Down

CRANBROOK, B.C., May 2 — Cranbrook port collected $24,791.08 and its outport of Roosville $21.01 during April to total $24,812.09 for customs and inland revenue. Outport of Flathead is still snowed in and did not report. The total was down from the previous month's collections of $31,307.94.

At conclusion of the port's fiscal year March 31 the year's collections for Cranbrook and outports totalled $459,449.76, down substantially from the previous fiscal year's total of $525,878.

Drop Lighted Match Into Gasoline Barrel

PRINCE GEORGE, B.C., May 2 (CP)—Two 14-year-old school boys who dropped a match into a lighted gasoline barrel "just to see what would happen," are occupying adjoining hospital beds here today.

Both suffered second degree burns and were temporarily blinded by the explosion, which hurled them them some 20 feet. A passing motorist rushed the duo to hospital after they crawled 200 feet up a steep embankment.

In hospital are Joe Nemaier and Johnny Warner, who were "exploring" in a creek gully when they found the gasoline barrel. Their condition today was reported "improving."

Calgary Flier Under Influence of Liquor

CALGARY, May 2 (CP)—Testimony that a Calgary pilot was "under the influence of liquor but not drunk" two hours before the plane he was flying crashed into a North Hill dwelling Sunday was given today at a coroner's inquest.

The pilot, John Harper, 23, was killed in the crash at 3:15 a.m. after the plane "buzzed" the city narrowly missing several large buildings.

The statement on the pilot's condition was made by a friend, Neil Gilbert, when questioned by Coroner Dr. George R. Johnson. Gilbert was called to identify the body.

New-Type Period Jewelry for B. I. May Fair

LONDON (CP) — New "period" jewelry — historic figures painted on metal and china—will be seen at the British Industries Fair in May.

Beauties such as Nell Gwyn, Madame Pompadour and Lady Hamilton are hand-painted from original drawings and depict authentic costumes of the times.

In hand-painted china pendants, brooches, earrings and clips individually modelled in high relief will cost from 35s ($5.42) to 70s. Pendants and brooches are procurable in gold-metalled frames specially treated to prevent tarnish. These will sell for 32s 6d. to 47s 6d.

In china, there will be such combinations as a brooch showing the full-length figure of Queen Elizabeth and earrings depicting only her head and her famous ruff collar.

Man. Urges Freight Rate Equality

OTTAWA, May 2 (CP)—Manitoba, declaring the West is "subsidizing" central Canada in freight rates, today called for rate equality throughout the country as the Province opened its final argument before the Royal Commission on Transportation.

C. D. Shepard, counsel for the Prairie Province, also urged measures that would reduce some of the railways' powers in setting rates and registered objection to the principle of percentage rate increases such as have ben put into effect in the last two years.

Another Western lawyer — Saskatchewan Counsel M. A. MacPherson delivered a brief statement to the Commission on behalf of the Saskatchewan coal operators, asking that freight-rate increases on their lignite coal should be limited because of its low thermal quality and low price.

Wife of Chief Red Crow Dies

CARDSTON, Alta., May 2 (CP)—Mrs. Frank Red Crow, 62, wife of Chief Red Crow of the Blood Indian tribe, died in hospital here last night from burns and shock suffered during the weekend.

Her husband is the son of the famous Red Crow, high chief of the Bloods, who signed the great treaty providing for the settlement of his tribe on the reserve.

Todt Hill, on Staten Island, 409.8 feet, is the highest point on the Atlantic Coast between Maine and Florida.

Seems Nobody Wants Sons of Freedom . . .

VERNON, B.C., May 2 (CP) — Nobody, it seems, wants those rampaging Sons of Freedom.

City Council protested to the Provincial Government following a report that arrested Sons of Freedom would be detained in a former army camp here while awaiting trial.

The men and women were arrested in the West Kootenay village of Krestova on charges of nude parading.

Nanaimo made a similiar protest recently when it was reported the Doukhobors would be lodged in an abandoned army camp there.

Building Projects Reopen in Victoria

VICTORIA, B.C., May 2 (CP)—Most building projects in the Victoria area reopened today, putting back to work about 325 of the 500 building tradesmen thrown out of work three weeks ago by the city-wide construction shutdown.

A general back-to-work order was issued by the Victoria Building Industries Exchange following a special meeting last night.

SETTLE WOODWORKERS' LEGAL TANGLE

VANCOUVER, May 2 (CP)—Another legal tangle arising out of the split in the ranks of the International Woodworkers of America (CIO-CCL) was settled today in Supreme Court.

Chief Justice W. B. Farris awarded Local 217 of the IWA judgment for $15,603 against officers of the Woodworkers Industrial Union of Canada.

DOCTOR DIES OF BURNS

PENTICTON, B.C., May 2 (CP)—Dr. R. B. White of Penticton died early today from burns suffered in his home six weeks ago.

The 78-year-old doctor was the first "Good Citizen" of Penticton, and was the oldest practising physician in the province. He was at one time doctor for the Indians of the South Okanagan and had served one term as president of the B.C. Association of Physicians and Surgeons.

Name Conciliator

VANCOUVER, May 2 (CP) — A concillation officer was appointed today in the contract dispute between coastal logging operators and 32,000 coastal woodworkers.

Appointment of conciliator R. G. Clements of Vancouver in the deadlocked negotiations between operators and the International Woodworkers of America (C.I.O.-C.C.L.) was announced by the Labor Relations Board.

SIGN AGREEMENT FOR HAMILTON STEELWORKERS

TORONTO, May 2 (CP) — A new agreement between the Steel Company of Canada at Hamilton and the United Steel Workers of America (C.C.L.-C.I.O.) providing for a 13 cents an hour wage increase now is being sent to union locals at Sydney, N.S., and Sault Ste. Marie, Ont., as a pattern for union demands at the other basic steel producers.

Stelco is one of Canada's big three basic steel producers, the others being Dominion Steel and Coal at Sydney, and Algoma Steel Corporation at the Sault.

The Stelco agreement signed here reduced the working week from 44 to 40 hours. After June 1, overtime will be paid for hours worked over eight a day or 40 a week. The basic rate of wages is increased from $1.04 to $1.17.

Vacation provisions which called for two weeks after five years of employment, under the new agreement provide two weeks after three years' employment, and three weeks after 25 years. If a statutory holiday falls during a worker's vacation period he will be paid for the day at regular rates.

The Stelco agreement also sets up a joint company-union committee to study the company's contributory pension plan. Under a separate welfare plan the insurance provisions of the old contract are also doubled. The employee now will be insured for $2500 and pay on a 50-50 basis with the company. On retirement the company will maintain a $1200 policy in the worker's name.

MANY ATTEND LAST RITES FOR J. BERRY

Friends from Harrop, Procter and Nelson filled St. Paul's United Church Tuesday afternoon to pay final tribute to John Berry of Harrop who died last Saturday after a brief illness.

Rev. A. L. Anderson conducted the service.

One hymn was sung by the congregation, "O Love That Wilt Not Let Me Go."

Pallbearers who carried Mr. Berry to his final resting place, included Walter H. Elmes, Robert Foxall, Alderman Joseph Kary, Austin Moore, F. R. Pritchard and Jack Wood.

Interment was in the Nelson Memorial Park.

Mr. Berry was a former member of the Barney Merry Lodge A. F. and A. M. at Pawtucket, Rhode Island, and also a member of the Royal Arch Chapter there.

Filibuster Flares Again on Pipeline

OTTAWA, May 2 (CP)—The pipeline filibuster flared again briefly in the Commons tonight.

It developed anew during the private members' hour when the chamber resumed clause-by-clause study of a bill to incorporate Alberta Natural Gas Company, which proposes to build a pipe line from Alberta to British Columbia.

EXPECT ANNOUNCEMENT OF DIPLOMATIC CHANGES

OTTAWA, May 2 (CP)—A series of diplomatic appointments by the External Affairs Department will be announced shortly, probably this week, but will not bare Canada's stand on the Chinese Communists' bid for recognition, informed quarters said today.

One of the three or four appointments involved will be a new post for T. C. Davis, the Prince Albert, Sask., judge-turned-diplomat who appears slated to go down in history as Canada's last ambassador to Nationalist China.

Another appointment reported in the wind is that of R. G. (Gerry) Riddell, a native of Edmonton and Mr. Pearson's special assistant, as head of Canada's United Nations delegation. He would succeed Gen. A. G. L. McNaughton.

Does Not Want Personal Views On Senate Reform

OTTAWA, May 2 (CP)—A veteran Liberal Senator today said his leader may be "flying a kite" on Senate reform.

Senator J. H. King (L--British Columbia) told the Senate today that if there is to be "cohesion in Government circles" then he did not believe a Member of the Government should declare his "own personal views" particularly on a subject of "such magnitude as Senate reform."

He referred to the resolution of Senator Wishart Robertson, Government Leader in the Chamber, calling for the establishment of a special committee to investigate the efficiency of the Senate's standing committees.

Other speakers included T. A. Crerar (L--Manitoba).

Both Senators Crerar and A. K. Hugessen (L--Quebec) disagreed with the view of Senator King that Government estimates be considered in the Upper Chamber only after they had been approved by the Commons and that Cabinet Ministers should not appear before the Senate to answer questions on the estimates.

Senator King believed that Senate reform likely will form the subject of discussion at the forthcoming Dominion-Provincial Conference in September. He doubted, even then, that the powers of the Chamber would be "greatly enlarged."

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out about 2 pints of bile juice into your digestive tract every day. If this bile is not flowing freely, your food may not digest. It may just decay in the digestive tract. Then gas bloats up your stomach. You get constipated. You feel sour, sunk and the world looks punk.

It takes those mild, gentle Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 35¢ at any drugstore.

Daily Telegraph Blames Labor for Canadian Chagrin

LONDON, May 2 (CP) — The Daily Telegraph today blames "major ministerial blunderings" on the part of the Labor Government for the decline in some types of Anglo-Canadian trade.

The Conservative newspaper, commenting on a debate in the House of Commons yesterday on trade between the two countries, says in an editorial:

"The British Government has repeatedly cut and cancelled contracts to the chagrin of the Canadian exporter.

"The reason for these unfortunate changes has not, of course, been malice, but the shortage of dollars.

"But the shortage of dollars has been due partly, at least, to major ministerial blunderings and partly also to the desire for political reasons to sell to our enemies beyond the IronCurtain goods which our friends across the Atlantic would gladly have taken from us."

No other London morning paper commented editorially on the debate.

RCMP Confiscate May Day Banners At Drumheller

DRUMHELLER, Alta., May 2 (CP)—Three banners prepared for a May Day parade in this mining centre yesterday were confiscated by R.C.M.P. before the celebration got under way. The banners bore the slogans: "Fight for Peace," "Ban the Bomb," and "Workers of the World Unite."

John Brown, Secretary of subdistrict one and two, United Mine Workers of America, called the police action "shameful" during an address at a public meeting following the parade.

Miners from outlying areas were brought here by special train, buses and automobiles. More than 400 men and women marched in the parade, some carrying banners calling for "public works program at union wages."

About 1000 miners in this district are out of work as the result of coal mines closing from a lack of demand for coal.

New Sweeper For City Walks

Sand and gravel is being swept from Nelson's sidewalks and curbways by a new power sweeper just purchased by the City.

The sweeper will also sweep sidewalks of light snowfalls up to three inches in depth. It is a five horsepower Gravely tractor with a power brush sweeper in front and was purchased from Nelson Farmers Supply Ltd. at a cost of $726.

New Assistant Accountant Here

JOHN P. CLARKE

New assistant accountant at the Royal Bank of Canada branch here. Mr. Clarke succeeds L. Urquhart who advanced to accountant following the transfer of A. S. McKinnon.

Prior to taking over his Nelson post, Mr. Clarke was employed with the branch at Kamloops for one year. He has also worked as a bank employee at Brighouse, B.C., and at the Victoria Fort Street branch.

A native of Southampton, England, he came to Canada about 3½ years ago and has been in banking since. While in England he worked for a railroad office in Southern England.

Mr. Clarke began as assistant accountant here April 20.

Asks Written Arguments In Damage Suit

His Honor Judge E. P. Dawson requested submission of written arguments in County Court at Nelson Tuesday after cases had been presented in an action John Polonikoff, Slocan Park logger, has brought against John J. Konkin of Slocan Park.

Polonikoff is suing for cost of repairs estimated at $350 and damages of $200 claimed to have resulted from an accident involving a 1949 sedan belonging to him near Murphy Creek, six miles East of Trail, on February 18.

The car had been operated by Konkin without the consent of the owner, and was driven in a negligent manner, it is alleged.

W. P. Kapak is Polonikoff's solicitor, and J. H. Gordon of Cameron and Gordon of Trail appeared for Konkin.

Ship Ahoy!

Hampton Gray, V.C., S.C.C., held their usual Monday night drill in the Armories Acting C.O. Graves instructed his ship company division in knots and splices and other general rope work. Lieut. George Colletti instructed in marks of respect to new entry cadets called Benbow Division. Rifle drill was carried on with Able Cadet Graham instructing.

Heave Ho! mates.

Abandon Search For Trawler

LONDON, May 2 (Reuters) — Search for the British trawler Milford Viscount, missing with 13 men for 16 days, was virtually abandoned today for a second time.

Last night aircraft dropped flares over the Irish Sea, 20 miles from the British Coast, after a plane had reported wreckage in the area. But they found nothing, and no new air or naval search was planned today.

ROSA ACQUITTED

VANCOUVER, May 2 (CP)—Simon Rosa, 37-year-old steelworker, has been acquitted of an attempted murder charge.

An all-male jury ruled Monday that Rosa did not attempt to murder his eight-year-old daughter Sharon Feb. 25.

Evidence showed Rosa, after an argument with his wife, went into the kitchen with Sharon and Frances, 6, and turned on the gas jets. Mrs. Rosa called police and turned off the jets.

Two other charges arising out of the incident, attempted suicide and attempted murder of his son, were withdrawn earlier in police court.

Bus Driver Held On Charge of Murder

MOOSE JAW, Sask., May 2 (CP) —Royal Canadian Mounted Police said today that Thomas Grant, 45-year-old bus driver, has been charged with murder in the "shooting and cremation" slaying of Wenzel Wilhelm (Vince) Hartel, 35-year-old painter.

The R.C.M.P. said Grant was taken into custody last Sunday at his home by R.C.M.P. and Moose Jaw City Police.

Question Malan's Comment on King

Disclaim Story of Canadian Plan To Alter Royal Title

By ALAN HARVEY
Canadian Press Staff Writer

LONDON, May 2 (CP) — A change in the King's title may be discussed the next time the Commonwealth Prime Ministers get together, it was suggested today.

The Conservative Daily Telegraph said that although no formal proposals have been made, several Commonwealth countries and "particularly" Canada feel that the present style is not accurately descriptive of the King's position.

It said Canada is seeking an amendment by which the King could be described as "King of Canada."

Speaking in the South African Senate Monday, Prime Minister Daniel Malan said that changes in the Commonwealth structure left no doubt that there would be a change in the King's title. He said Canada was particularly dissatisfied with the present position.

If any changes were made, Malan said, South Africa probably would follow Canada's lead.

OUT OF DATE

In Ottawa, Canadian constitutional authorities said the King's title has become out of date and revision of its terms is regarded in the Dominion's capital as a likely future development. But the issue is not considered in informed circles to be of immediate importance and the Government is not pressing for any swift change.

A Canadian Cabinet source said he knew of no issue current or pending that would warrant the assumption expressed by Malan that Canada is particularly dissatisfied with the present position.

In London, British and Canadian spokesmen disclaimed knowledge of any Canadian move to have the King's title changed. A spokesman at Canada House said there have been no official statements or ministerial pronouncements on the question in the last few weeks.

An official at the Commonwealth Relations Office, also denying that Canada has made any official approach, recalled that when Eire became the Republic of Ireland, there was "a sort of hint" from Canada that the word Canada might be included in the King's title. But nothing came of it.

Under the Statute of Westminster, the King's title cannot be altered without the consent of all the Commonwealth countries. The last change in the Royal title was in 1947, when "Emperor of India" was dropped.

MacArthur Urges Outlawing Reds

TOKYO, May 2 (AP)—Gen. Macarthur today urged the Japanese to defend their new constitutional liberties against the "international political perfidy" of Communism. For the second time in 10 months he suggested the possibility of outlawing Japan's Communist party.

The Supreme allied commander in Japan took the third anniversary of Japan's constitution as the occasion for a statement denouncing anew Communism here and abroad.

Macarthur's attack on the Japanese Communists comes at a time when they have heavily lost prestige with most segments of the population.

BRADLEY ASKS TO HAVE DRAFT KEPT

WASHINGTON, May 2 (AP)—Gen. Omar N. Bradley today asked Congress to keep the draft law alive because, as far as he could see, "there has been no letup in the aggressive extension of Communism toward its goal of world domination."

The Chairman of the Joint Chiefs of Staff was the first witness as the House Armed Services Committee reopened hearings on proposals to extend the draft. It is due to expire June 24.

Speaking of recent events such as the Baltic plane incident, Bradley said the situation "frankly gives us little cause for comfort and little excuse for delay."

"Certainly it does not support discontinuing the Selective Service Act."

Lulu Island Dikes In Good Order

NEW WESTMINSTER, B. C., May 2 (CP)—Lulu Island dikes are "in good order," City Engineer Alan Stewardson told City Council last night.

He reminded the Council that the dikes were now the Royal City's responsibility, as the Fraser Valley Diking Commission was dissolved March 31.

Ald. Alec Courtney said: "There isn't much more we can do until we have a little rising water."

Leading Scientists Meet To Examine Holy Shroud

ROME, May 2 (Reuters) — Eighteen leading scientists meet here today to debate the authenticity of one of the most remarkable relics in the Christian world —the Holy Shroud of Turin, believed to bear the imprint of the crucified body of Christ.

The ancient relic, the authenticity of which Roman Catholics are not compelled to accept, has been subjected to scientific research since the first photographs of it, taken in 1898, revealed impressed on the age-old cloth the faint imprint of a body.

Each new meeting of scientists devoted to its research have revealed some new piece of evidence adding to the known facts.

The shroud is kept in an urn in the Chapel of the Holy Shroud in Turin Cathedral.

DOUBTFUL ELEMENT

Most doubtful element in the study of the relic is its early history. It appears to have remained in Palestine until the third century, when it was taken to Constantinople (now Istanbul) and held there until 1204.

That year it was taken to Cyprus and then to Chambery in France. Then it passed from one family to another.

Researchers have thus far established:

1. It is a linen cloth, 15 feet long and 3½ feet wide, blackened by fire and age.

2. It bears the double imprint of a human form seen from the back and from the front, as though the cloth had been wrapped lengthwise over the body.

3. There are imprints of drops of blood on the forehead and at the nape of the neck.

4. Wounds, as of nailmarks, appear in the wrists and feet.

5. The back shows apparent signs of scourging.

6. A large blood stain is imprinted in the cloth below the heart, consistent with a lance-wound.

111th Battery Orders

The Battery will parade at Nelson Armoury tonight at 1930 hours.

Dress, roll call order; training, as per syllabus; Orderly Officer, Capt. E. C. Whitelock; Orderly Sgt., Bdr. L. H. Amundson.

Personnel attending Summer camp will report to the B.Q.M.S. for Summer drill sizing.

Signed, Major E. W. White, O.C.

Oil President Favors Purchase Of Foreign Goods

WASHINGTON, May 2 (AP)—The president of the Standard Oil Company (New Jersey) told fellow business leaders today that, to win a stable peace, the United States must import greater volumes of foreign goods.

In an address for the United States Chamber of Commerce, oilman Eugene Holman predicted that widening the gates for imports will help, rather than injure, the prosperity of the U.S.

Moscow Repeats Charges About Lend Lease Ships

MOSCOW, May 2 (AP)—The Communist party organ Pravda today repeated charges that 27 lend-lease ships returned to the U.S. by Russia were being used to form the nucleus of a resurrected Japanese navy.

Pravda said an official U.S. denial of the original charges "had only made more clear the fact that the frigates now are commanded by Japanese naval officers and manned by Japanese sailors at the Yokosuka naval base."

GRANT WOMAN'S APPEAL AGAINST DEATH SENTENCE

QUEBEC, May 2 (CP)—Leave to appeal against her conviction on a charge of murder has been granted by Quebec Court of Appeals to Mrs. Elise Dube of Matane, Que., it was announced today.

The 45-year-old woman, convicted at Rimouski, Que., in March of killing her 17-year-old daughter, Irene, with a shotgun, was sentenced to be hanged July 7.

It is expected that Mrs. Dube's appeal will be heard in June.

Question That Haunts Glen Cove: How Many Beds Do Russians Need?

GLEN COVE, N.Y., May 2 (AP)—How many beds does a Russian family need to stay happy?

That's the question keeping folks awake in this pretty little Long Island, residential centre.

It's even got the United States State Department whistling the sleepy-time blues.

The question hinges on Glen Cove's strict residential zoning laws

The town began to open up its eyes the other day, when Soviet U.N. diplomat Leonid A. Morozov rented the old 47-room J. P. Morgan mansion for the Summer—at $3,650 a season.

And Glen Cove's slumbering suspicions were definitely aroused when it watched van after van of Morozov furniture arrive.

One Glen Cove resident counted 71 folding beds, 67 canvas chairs and eight big cafeteria tables.

To Glen Cove it all added up to one horrid thought—a budding Russian Summer resort in their suburban paradise. Yet all the house deeds are clear on this point: one house, one family.

It is true that Glen Cove hasn't found out exactly how big the Morozov family is. But still it's a lot of beds.

Mayor Luke Mercandante wrote the State Department to find out if diplomatic immunity extends to beds and zoning laws.

The State Department said that while the Russians would have to obey the health and safety laws, they can be sued only by their own consent. And the veto being what it is . . .

While the Mayor sat down to draft the letter, another piece of news reached him.

Jacob Malik, Deputy Foreign Minister, has rented the $100,000 Reynolds estate, about a mile from the Morgan home.

The Reynolds house has 24 rooms.

Now Glen Cove is wondering how many beds Malik is going to need to keep fresh and fit.

OLD MAN COAST'S 9TH TRAFFIC FATALITY

VANCOUVER, B. C., May 2 (CP) —A 75-year-old man, William Ewen, became Vancouver's ninth traffic fatality last night.

Police said Ewen was crossing the street when he was in collision with a car driven by David John, 26.

Police said bad visibility due to heavy rain may have led to the accident.

Tasty Recipes

By ALICE DENHOFF

Here is an early Spring bouquet of recipes, geared to the season, from which we hope you'll pluck a suggestion or two.

There's macaroni and macaroni, and for a de luxe version we suggest Macaroni Imperial. A nice Lenten dish, it does call for many ingredients and some effort, but if well prepared, you'll grant it's well worth it all. To serve 8, cook one cup macaroni, broken in 1-inch pieces in large amount of boiling, salted water, until tender, then drain. Combine ½ cup soft bread crumbs, ¼ cup melted butter, 3 tbsp. each red pepper and green pepper, both finely chopped, also 1½ tsp. scraped onion, 1½ tsp. salt and one cup grated American cheese. Add 1½ cups scalded milk. Pour over 3 egg yolks well beaten; stir well. Add macaroni, then fold in 3 stiffly beaten egg whites. Pour into well-greased casserole, place in pan of hot water; bake at 350 F. 40 to 45 min., or until firm.

SPRING LUNCHEON

Cheese Croquettes offer another excellent Lenten or early Spring luncheon or supper suggestion. To prepare 10 croquettes add ½ cup quick-cooking tapioca and ½ tsp. salt to 2 cups scalded milk; cook in double boiler 15 minutes, or until tapioca is clear, stirring frequently. Add one cup grated cheese, mix thoroughly, and cook a few minutes longer, until cheese is melted. Cool mixture, then shape into balls. Roll in sifted bread crumbs. Flatten slightly; make a depression in centre of upper side. Dip in one egg slightly beaten with tbsp. water. Roll again in crumbs. Fry in deep fat (390 F.) for one minute, or until golden brown. Place a cube of jelly or an olive in each depression.

Baked ham on the menu? Then perhaps you might like to give it that different touch, and serve the ham with jellied horseradish. To make 12 half-molds, dissolve one package lemon-flavored gelatin in one pint boiling water. Add 12 cloves and ¼ tsp. salt, then chill. When gelatin begins to thicken, remove cloves and add ½ cup prepared horseradish. Turn into individual molds, filling them half full. Chill until firm, then unmold.

New Denver

NEW DENVER, B.C. — F. Leo Beggs, Helmer Ekblad and Stanley E. Thomlinson were visitors at Blewett for several days.

Miss Sharon Butler has been discharged from Slocan Community Hospital.

Mr. and Mrs. George C. Palethorpe of Nelson, enroute from Kaslo, were visiting their many friends in New Denver.

Peter Swan of Slocan City has been discharged from Slocan Community Hospital.

Mr. and Mrs. K. Naruse and their son, Henry K. Naruse of Trail, were Sunday visitors of friends in New Denver.

Dr. and Mrs. S. C. Robinson returned from Nelson on Saturday.

Shigeo Kubota who left Canada for Japan, when four years of age to live with relatives, has arrived back in Canada and will make his home with his mother and stepfather, Mr. and Mrs. K. Matsumura at New Denver.

Mrs. L. S. Bradley Tells of Mexican Trip

Mrs. L. S. Bradley gave an interesting account of her trip to Mexico at a meeting of the Trinity Service Club at the home of Mrs. L. C. Hughes, 807 Baker Street, Monday evening.

Mrs. Bradley has just returned from a month's holiday with her husband in Mexico. She told of the beautiful scenes she had seen.

Mrs. J. MacLelland was co-hostess and a delightful lunch was served the 18 members present.

Boswell . . .

BOSWELL, B.C. — Mr. and Mrs. Charles Schaub and Kenneth have gone to Calgary, where Mr. Schaub is having medical treatment.

The Boswell Post Office, has now been moved to its new location on the Boswell Fruit Growers land about 200 yards North of the old site, and adjoining the highway.

Mrs. G. Howie has returned from Calgary where she visited her son and daughter.

Shirtwaist Classic

This is the big season for the classic shirtwaist dress. It is a boon to the business girl, the budgeteer, a grand travelling companion and at home in town or country. Pure silk in a blue and green geometric print is used for this model that is nicely detailed with large square buttons in navy patent leather to match the belt. A buckram lining gives the hips a slightly padded effect. The let-out pleats from the waist lend softness. It has a casual open neck and full sleeves with buttoned tabs at the wrists.

Dress Up with Marian Martin

Bishop Johnson Confirms Eight at Kaslo

KASLO, B.C., May 2—His Excellency Most Rev. Martin M. Johnson, Bishop of the Nelson diocese, assisted by Rev. Father J. Boyle, administered the Sacrament of Confirmation to a class of eight at the Sacred Heart Church May 1.

Immediately before the confirmation ceremony, the choir sang "Come Holy Ghost," accompanied by Miss Anne Surina as organist.

Those confirmed were the Misses Gilchrist, Solucki, La Vern Pradolimi and Skippy Pradolimi, all of Retallack; Virginia Surina of Shutty Bench; Miss Kuit of Kaslo, and Mr. Foster of Prince Albert.

The altar was beautifully decorated with daffodils and blue and white hyacinths.

A large congregation was in attendance.

Surprise Shower For May Bride

WILLOW POINT, B. C., May 2—A jolly evening was spent Wednesday at the home of Mr. and Mrs. H. Mawdsley when their granddaughter, Miss Vida, entertained at a shower honoring Miss Jean Hamilton, a bride-elect of May.

Contests were held, Mrs. F. Tees, Mrs. C. G. Duff, Miss Peggy Darwin and Miss Audrey Kleef, winning prizes, while at the piano Miss Pat Halleran led in the singing of popular songs.

After refreshments, served by Mrs Mawdsley and Vida, Miss Hamilton opened the parcels which were hidden in the prettily decorated fire-place.

The shower was a complete surprise to the bride-to-be and she was delighted with the many lovely gifts.

Included in the guests were Mrs. G. Hamilton, Jean's mother, and Mrs. W. Gold of Nelson, mother of her fiance.

EXCELSIOR CLUB PLAN DINNER

St. Paul's Excelsior Club discussed plans for a dinner to be held shortly at their regular meeting Monday at the home of Mrs. M. L. Craig, 520 Victoria Street.

The dinner will be for the Camp Koolaree Council which will make plans for this Summer's camp activities. Representatives will come from throughout the district and will decide the dates and leaders for this year's camping sessions.

Heading for B. C.

QUEBEC CITY, May 2—"We're off to live on a Canadian farm, laddie," was the comment of four young kilted Scottish laddies aboard the Canadian Pacific liner Empress of France, which nosed into her berth at Wolfe's Cove here shortly after noon today. Bound for settlement at the C.P.R.'s Fairbridge Estate on Vancouver Island with their parents, the four youngsters, whose ages range from 7 to 10, were a constant reminder to the nearly 600 passengers aboard ship of the country of their origin. The families of Mr. and Mrs. J. Brown and D. J. Matheson are among a group of 12 Scottish farmers destined for settlement on the Vancouver farms.

Two Dresses For the Atomic Age

TWO VERSIONS of what women are now wearing, seen recently in England. Left: Protective clothing worn by Miss Pamela Preston, of the British Women's Voluntary Service, at a demonstration of civilian defense methods against atomic warfare. Large, knee-high boots protect her feet as she "searches" with a Geiger counter (held in right hand) for the radio-active material of the bombs. She also wears earphones and has a gas mask slung from her shoulders. Right: Afternoon and evening dress by Gobert of London. In black faille with a velvet bodice, it converts to a strapless evening gown by the removal of the jacket. The skirt hangs in floating panels.

Slocan City . . .

SLOCAN CITY, B. C.—Mr. and Mrs. H. Warner of Nelson is visiting Mrs. W. E. Warner.

P. Swan is a patient in the Slocan Community Hospital in New Denver.

Miss M. Furukawa of Vancouver who has been visiting her parents, Mr. and Mrs. K. Furukawa for the past two weeks, has returned to the Coast.

Mrs. R. G. Warner has returned from Trail following medical attention at the Trail-Tadanac Hospital.

Mrs. D. Bay of Grand Forks who has been visiting Mr. and Mrs. W. Hicks has returned home.

Miss Elsie Storgaard of Nelson is at home recuperating after an operation at the Kootenay Lake General Hospital.

Mrs. D. Hood has returned from a trip to Trail where she was guest of her relatives, Mr. and Mrs. T. Hood.

Mrs. P. Barkley has returned from Rossland where she visited friends.

Dining Room Girls Resume Picketing

VICTORIA, B. C., May 2 (CP)—Picketing of the Royal Dominion dining room here was resumed today by Local 459, Hotel and Restaurant Employees' Union.

Two Union waitresses, bearing placards condemning the dining room as being unfair, began parading up and down in front of the restaurant at 7 this morning.

Mrs. Margaret Burgoyne, Union organizer, indicated that picketing would continue all day.

Picketing of the restaurant was prohibited last week by an interim court injunction. Monday, however, an application by the restaurant management for a renewal of the injuction was turned down, allowing the Union to resume its protest practice.

Lauquer, once solely a natural tree product, now is being produced from a nitro-cellulose base.

Movie Gossip—

Meet Virginia Kellog, Screen Writer Who Lives Her Scripts

By BOB THOMAS

HOLLYWOOD, May 2 (AP)—Virginia Kellogg is a comely, greying, soft-spoken screen writer of 42 years. You'd never suspect that she has been a prison inmate or that she packs a rod.

But she has, and she does. And the whole business has paid off well for her.

She is the only screen writer who "lives" her stories. "I will never take an assignment unless I can go right to the source of the story," she said. She does this for two reasons. To catch the lingo and the "feel" of her subjects; so people can't say, "That doesn't sound like real-life." She can show the doubters that her plots and dialogue are authentic

HOSPITAL STORY

The whole thing started back in 1934 when she wrote "Mary Stevens, M.D.", a story of a woman doctor. Virginia spent three weeks as a nurse observer at a Los Angeles hospital to gather material. Then she wrote "Stolen Holiday", about the Parisian fashion world. She attended the Sorbonne and was an apprentice in fashion houses in Paris.

She retired to be a housewife for a decade, and then returned to write "T-Man". She worked closely with Treasury agents on that one and through them uncovered Elaine Townsend, the former school teacher who now is a gambling operator in Havana. The Townsend yarn is expected to reach the cameras soon.

The Treasury agents also provided information for "White Heat", the tough Jimmy Cagney film. For this she conferred with several "ropers", the operatives who work themselves into gangs in order to make the pinch.

For "Caged", an expose of women's prisons, Virginia investigated three Eastern prisons, and was even an inmate at another one for three weeks.

Oh, yes—about Virginia's gun . . . She is an auxiliary policewoman, and she carries it in her purse at all times. Cute little thing, too.

MISS JEAN DAVIS, U.B.C. EXTENSION DEPT., DEMONSTRATES HANDICRAFTS, SLOCAN CITY

SLOCAN CITY, B. C., May 2 — A favorable crowd attended a leathercraft and handicraft meeting held by Miss Jean Travis from the Department of University Extension, University of British Columbia. This meeting was sponsored by the Women's Institute in the W. I. Hall.

Miss Travis discussed briefly the work she had been doing in other communities throughout various points in British Columbia. For the benefit of those desiring information in leatherwork, and other handicrafts, a number of books and literature were passed around, together with finished work in leather consisting of wallets, belts and handbags; also needlework and painting on cloth.

This interesting evening was highlighted by a practical demonstration in leather carving and completing leather projects by lacing.

Sinatra Suffers Throat Ailment

NEW YORK, May 2 (AP) — Crooner Frank Sinatra suffered a throat hemorrhage last night. He cancelled the remainder of a singing engagement at the Copacabana Night Club.

Dr. Irving Goldman said Sinatra will take a two weeks' rest.

Sinatra, suffering from laryngitis recently, had performed one show last night, when he was stricken.

Retired U. C. Missionary Offers Briefs on Chinese

OTTAWA, May 2 (CP)—In its 2000-word submission to the Senate Group, the Committee for the Repeal of the Chinese Immigration Law claimed that discrimination against Canada's Chinese on account of race still prevails in the immigration laws.

TWEEDLEDUM AND TWEEDLEDEE

"Of course, it may be said that the discrimination is not against our Chinese brethren as members of the Chinese race, but because of their membership in the so-called Asiatic race," said the brief.

"The distinction . . . is about as important as the difference between Heedledum and Tweedledee. Whether we discriminate against the Chinese as Chinese or as Asiatics, the result is the same. We treat them as second-class citizens on account of race."

The brief, similar to one which a delegation from the three-year-old organization presented in March to Citizenship Minister Harris, emphasized that no request was being made for implementation of a policy of extensive Oriental immigration.

It asked:

1. That the Chinese immigration law be repealed and everyone in Canada brought under one law, "free from the present form of racial discrimination."

2. That the new law provide for the admission to Canada of the wife and children—regardless of age—of legal residents of this country.

Under present regulations Chinese residents cannot bring children over the age of 18 into Canada, and a Chinese must become a naturalized citizen before he can bring his wife and children here.

Europeans and South Americans are permitted to bring children into Canada, regardless of age, as soon as they become legally resident.

3. That the law be extended "so that, in proper cases, a reasonable number of Chinese who do not fall within the class of wives and children may be admitted to permanent residence in Canada."

The brief was presented by Dr. William Noyes of Toronto, who recently retired as missionary-at-large to the Chinese in Canada for the United Church of Canada.

Kaslo...

KASLO, B. C. — Miss Elizabeth Giegerich returned from a few weeks' visit in Cranbrook, where she was guest of her brother-in-law and sister, Dr. and Mrs. McKinnon.

Mr. and Mrs. W. L. Swain and family of Nelson, have taken up their residence here.

Mr. and Mrs. G. C. Palethorpe were visitors here during the week.

Frank (Slim) Hatfield and E. Stephens of Howser were visitors here en route to Nelson.

Mrs. S. Surina of Shutty Bench had as weekend guests, her son-in-law and daughter, Mr. and Mrs. Trembly and three young daughters of Trail.

S. Jacobs of Calgary is visiting his son and daughter-in-law, Mr. and Mrs. A. Jacobs at Shutty Bench.

Mrs. Mary Meers of Shutty Bench had as guests for a few days, her daughter Mrs. J. Surina and two children of Nelson.

Mr. and Mrs. E. H. Morphet left by motor on a few weeks' holiday in the East.

Townsend Twins Prepare for Rare Operation

EDMONTON, May 2 (CP)—Beverley and Brenda Townsend, Canada's only Siamese twins, today were unhappy in Edmonton's Royal Alexandra Hospital. It wasn't because they soon will undergo a rare and vital operation. It was because they had no breakfast.

The nurse in charge of the five-month-old twins said X-rays were being taken this morning "of the stomach and gastrial intestinal tract," which means the baby girls, joined at the abdomen, couldn't have their breakfast.

For the next 12 days, the twins will undergo careful examinations, and then, on May 14, four skilled surgeons will attempt to separate the twin girls. There's just a chance examinations will force a further delay in the operation.

SOUTH SLOCAN YOUNG PEOPLE HEAR OF FORESTRY

SOUTH SLOCAN, B. C., May 2 — John Applewhaite of Nelson gave a talk on forestry to the newly-organized South Slocan Young People's Club.

Introduced by Rev. Canon W. J. Silverwood, Mr. Applewhaite also showed two films.

Jim Ostlin and Jean Gilker provided musical entertainment, and refreshments were served.

Canon Silverwood will be guest speaker at the next meeting May 26.

Hoffman Predicts Kremlin Crash On Stalin's Death

WASHINGTON, May 2 (CP) — Paul G. Hoffman, Marshall Plan administrator, today predicted that Russia's satellite states will break away from the Kremlin upon the death of Prime Minister Stalin.

In that event, "We will see the crack-up of the most evil dictatorship ever to dream of enslaving the world," he said in an address before the United States Chamber of Commerce.

"The power of a dictator has never yet been passed on to a successor without a period of great turbulence," the Recovery Chief said.

"I predict that such a period of turbulence will come to Russia and that when it does, the satellite states will break away from the Kremlin just as Yugoslavia has already done."

Loan Cupboard Articles Put To Ready Use in Homes
Kinette Club Donates Special Bed

Pictured beside a gatch bed, a donation to the Nelson Loan Cupboard by the Nelson Kinette Club, are members of the Nelson Registered Nurses Association and the Nelson Kinette Club.

A show of useful articles and the Loan Cupboard, which was made as a free gift by Gordon Webb, are on display in a store window on Baker Street.

The Loan Cupboard, maintained by the Nelson Registered Nurses Association and under the auspices of the Red Cross, makes available for loan small articles for use in the home. The articles are utilized by chronic patients, and to date everything given to the Loan Club has been put to use. The demand is in excess of the supply.

Donations of new or used medical equipment should be made to the Public Health Office in Nelson. Bed pans, bed socks, wheel chairs, feeders, drinking tubes, crutches, rubber sheets and back rests, and many other small articles, are needed.

Pictured above (left to right) are Mrs. Margaret Barwis, Public Health Nurse; Mrs. Roberta Stillwell, registered nurse, and executives of the Nelson Kinettes, Mrs. Jessie Stringer, Mrs. Sybil Gustafson, Mrs. Helen Mosher and Mrs. Joan Lefeaux.—Vogue photo.

E. Kootenay Seeks Tuberculosis-Free Herd District

CRANBROOK, B.C., May 2 — Clarification of prerequisites for establishment of tuberculosis-free herd districts is being asked of the Department of Agriculture by the East Kootenay Beef Growers' Association following its annual meeting here.

Dealing with public range conditions the meeting endorsed a resolution of the Waldo Stockbreeders' Association that appointment of the agent to shoot unclaimed horses during the range closure be made by the Forest Branch, and that this agent be authorized to shoot stallions on public range at all times of the year.

Nelson District Forester H. B. Forse and James Milroy public range supervisor, were both present and spoke on crown range conditions. The meeting elected C. J. Lancaster of Flagstone, Association secretary, as its delegate to the annual meeting of the B.C. Beef Growers' Association in Kamloops in which it is affiliated.

Election of officers was deferred because of the small attendance at the meeting.

Tug Fireman in Fair Condition

VICTORIA, B.C., May 2 (CP) — Condition of Lee Miller, fireman aboard the tug A. G. Garrish, injured in a fall into the inner harbor Sunday night, continued as fair, hospital officials said today.

Miller's head struck a log in an 18-foot fall. He suffered en extensive skull fracture over the right ear.

Snow Falls in East Washington State

SPOKANE, May 2 (AP) — Wet, sticky snow fell in many parts of Eastern Washington and Northern Idaho today.

Temperatures were in the low 30s or high 20s in a cold belt extending from far Eastern Washington into Montana.

The snow was staying on the ground in the higher elevations, but had turned to rain at the lower points late in the morning.

New Cases of Silicosis Becoming Rare as Scientific Methods Used

According to a report of the McIntyre Research Foundation, few if any cases of silicosis are developing in the Canadian mining industry. The Foundation developed the practice of treating workers exposed to silica with aluminum dust.

The report states that in the provinces where therapeutic or individual treatments are being administered, the same symptomatic improvement continued to be noted in a large majority of those treated.

"Of significant import is the fact that the compensation Board of B.C. have reduced the silicosis assessment rate to the mines of the province from six per cent to 5½ per cent in 1948 and again in 1949 from 5½ per cent to 3½ per cent. The inference is that such a reduction in the assessment rate is made possible by the decreased incidence of silicosis in that province. There is not any way at present to determine the degree by which the reduction in incidence can be ascribed to improved mining methods, ventilation and dust control or to aluminum therapy. It would appear, however, that the combination of all methods is having the desired effect of gradually eliminating this industrial disease in the mines of British Columbia.

The total number of men exposed to the silica hazard receiving treatment in Canadian mines now totals 16,000.

Testify Charged Woman Visited Slain Chinese

EDMONTON, May 2 (CP)—Testimony that Mrs. Marie Smith, 20, visited the living quarters of Wie Hon Pon about a week before the Chinese grocer was slain was given today at preliminary hearing of a charge of murder against Mrs. Smith.

A Japanese employee in Pon's store, Judy Nishikaze, said she had picked Mrs. Smith from a police station lineup as the woman who visited the Chinese for nearly an hour the morning of either April 13 or 14. Miss Nishikaze said she saw the woman sitting on a couch in Pon's back room holding a bottle of beer and a cigaret.

Pon's body, bearing multiple knife wounds, was found in the store after Mrs. Smith reported to police early April 20 that a man had been injured in a fight in the store and "may be dying." Police said the woman's husband who accompanied her to the police station alleged the Chinese had attempted to force his wife into the back room and had been struck several times with a knife in an ensuing scuffle.

David Ghormley, who occupied a neighboring suite to the Smiths', told of hearing a family quarrel in the Smith quarters the night of the slaying. He said Mr. Smith "was quite peeved" when his wife arrived home and asked her where she had been. He said he did not hear the reply.

Opens Hospital, Is First Patient

MINNEDOSA, Man., May 2 (CP) —Dr. J. N. Andrew, 82, cut the tape to open officially Minnedosa's new $200,000 hospital last week.

The next day he took ill and became the hospital's first patient. He has been a practising physician in this district for 55 years.

TUBERCULOSIS GOLDEN ANNIVERSARY MEET AT VANCOUVER

VANCOUVER, May 2 (CP)—The golden anniversary convention of the Canadian Tuberculosis Association will be in session here from May 15 to 20, it was announced today.

Fred T. Arnott, Executive Secretary of the British Columbia Tuberculosis Society, said many of North America's ranking tuberculosis and chest surgery specialists will be among the 200 delegates.

Engagements

Mr. W. J. Van Koughnett, Kaslo, B.C., wishes to announce the engagement of his youngest daughter, Beatrice Lorraine, to Carl Clifford, only son of Mr. and Mrs. C. E. Linn, Port Crawford, B.C. Marriage to take place on May 27th in the Crawford Bay Church, Crawford Bay, B.C.

Mr. and Mrs. Nick Caruk, Nelson, wish to announce the engagement of their eldest daughter, Margaret Olga to Mr. Henry John Aben, eldest son of Mr. and Mrs. Martin Aben, Bonnington Falls, B.C. Wedding to take place on June 10th in the Cathedral of Mary Immaculate, Nelson, B.C.

Kinsmen Club To Donate $200 in Furnishings Drive

The Nelson Kinsmen Club at their meeting in the Hume Tuesday night decided to donate $200 towards the Mount St. Francis Infirmary furnishings campaign.

Club President G. C. Wallach told the members that the infirmary would mean much to the district old folks who had no one to care for them.

H. A. D. Greenwood accepted nomination for District Deputy Governor to be elected at the Kinsmen convention scheduled to be held at Nanaimo June 3 to 6. Representative elected will succeed Percy L. Landucci of Trail, present District Deputy Governor.

Plans for the Club's July 1 celebrations were discussed.

It was also the decision of the Club to hold their annual queen contest during September in conjuction with the West Kootenay Agricultural and Industrial Exhibition.

Guests for the evening were Gordon Burgess, former Nelson Kinsmen, Ian McPhee of Penticton and Edward (Ted) Grey.

Safety Awards for Two E. Kootenay Lumber Companies

CRANBROOK, B.C., May 2—Two East Kootenay lumber companies have received annual awards certificates for safety performance records over the past year by the Workmen's Compensation Board.

Cranbrook Cartage Company Ltd, operated by the Jostad and Nelson partnership at Cranbrook, topped the safety record in logging operations East of the Cascades in the category of 50 to 150 men employed, while Columbia Contracting Company of Canal Flat rated top in logging operations East of the Cascades employing under 36 men with 30,000 to 70,000 man-hours worked.

Basis of rating is accident-frequency rate based on exposure in man-hours. Both these East Kootenay companies showed a record of no accidents in the past eighteen months.

Time's Healing

One of the last things any of us can afford is to underestimate the seriousness of the "cold war"—to cushion ourselves against its shocks or blind ourselves to its progress and mounting menace. The evidence of this is made all too plain in one sentence from the new book, "War or Peace", by John Foster Dulles, respected U.S. student of world affairs.

Here is his estimate of the advances by Communism in the 33 years since Russia's 1917 revolution: "Never before have so few gained so much so fast."

While remaining alert to the immediate meaning of the situation summarized so bluntly by Mr. Dulles, however, there is another and balancing side of the matter that also needs to be kept in mind—the realization that history, when judged on a long term basis, seldom looks quite the same as when seen close up.

An illustration of this is to be found in the New Yorker, in which a writer tells of picking up a magazine, turning to an article entitled, "A Better Remedy Than Communism for the Unhappiness of the Times", and reading:

"We live in an unhappy age. This is apparent on every side. Literature is full of unhappiness. Our most thoughtful novelists are gloomy. Our representative poets sing in a minor strain. Our deepest philosophers confess the mystery of life, the insoluble character of its problems. Art, too, is melancholy. What pictures rivet the modern gaze like those of pathos! What strains rivet the modern ear like those full of mystery and unrest! . . . Life is unhappy. The capitalist is insecure in his possessions. The laborer is discontented with his condition, professional life abounds in disappointments and heart burnings . . . the spirit of the time is one of sadness. We are continually advancing in culture and material improvements. But is there any advance commensurate in the art of happy living? No! If anything, there is probably a decline in this respect. No century, perhaps, is more characterized by unhappiness than this."

It happens, though, that the magazine "picked up" by the New Yorker was not published in the present century, but in one many writers have sought to convince us was much happier—the 19th century. The passage above is from the January, 1897, issue of the New Englander, published in New Haven, Conn.

Perhaps, then, at least a few of our present crises of the "cold war" can be expected to mellow appreciably, as the Prince Albert Herald contends, when fitted into the perspective of time, as has happened with many of the foregoing plaints from the "age of sadness".

Panorama

Too many people are relying on drugs to put them to sleep, says the Halifax Chronicle-Herald. "They would sleep as well, and with more benefit to themselves, if they tried a glass of warm milk or a breath of fresh air or a brisk walk before going to bed. Some of them would be better off to revise their daily schedules, to avoid much of their frenzied, nervous effort, and find, instead, some honest hard work."

* * *

Big budgets by the Province hardly cause a ripple nowadays, points out the Ottawa Journal. "Actually the combined budgets of our Provinces are now far in excess of what the Dominion's budget used to be before the last war, and nobody, apparently, bothers about it. The odd thing, though, is that while this expenditure soars some people still are naive enough to talk about lower taxes."

* * *

Increasing the output of arts graduates is questioned by the Montreal Matin. "It does not seem necessary to us to multiply thoughtlessly the number of Bachelors (of Arts). There is a whole host of activities in which young people, provided with a good early training in the higher schools, to be completed by courses in science and the applied arts, can employ their talents. In other words, would it be wise to train a numerous generation of Bachelors in Arts who would end up by cluttering up the labor market and would themselves be the first victims of a laudable diffusion of the higher learning?"

* * *

Government Departments, like private business, should be charged postage, and the overhead office expenses, says the Ottawa Citizen. If this was done, it is argued, "the tendency would be not to use more than is absolutely necessary."

* * *

Tougher justice is approved by the Chatham News, which says: "The heartfelt thanks of an exasperated public are due the Montreal judge who a few days ago took a resolute stand against concurrent sentences. 'Two crimes are two crimes,' the jurist declared, in effect, and, treating them as separate crimes, he made the sentences consecutive."

* * *

Alberta's soaring oil revenue will continue, thinks the Edmonton Journal, which does not agree with the official budget forecast of lower income from this source this year. "That estimated drop of more than $10 millions in revenue from oil development during the current year as compared with last year is what can be fairly described as understatement, or as overcaution. When he is not speaking as Provincial Treasurer presenting his budget, but as Premier extolling the present and future of Alberta, Mr. Manning himself, will tell you that we are 'just on the threshold of our development.' Mr. Tanner, Minister of Mines and Minerals, says so, too. The $14.8 millions of oil revenue officially estimated for the coming year is more likely to be $24.8 millions, or even $34.8 millions!"

Canada and the United Nations

"Canada and the United Nations, 1949," is the fourth in a series of reports on Canadian participation in the activities of the United Nations and its specialized agents.

That an authoritative annual report of this nature serves a useful purpose will hardly be open to question. Of all the topics which are today under discussion in the field of international affairs, there is perhaps none which has been so mishandled, by caustic critic and zealous champion alike, as the United Nations. This is the more unfortunate since by its very nature the U.N. is a thing of compromise and not of extremes. It is dedicated to too high a purpose to be irresponsibly ridiculed; and it has too many limitations to be unthinkingly praised. There is therefore a place for a sober and realistic annual appraisal of the progress made by the organization in the pursuit of its accepted aims and purposes.

"Canada and the United Nations, 1949," a volume of 320 pages, is designed to fill the gap which lies between the positions of those, on the one hand, whose faith has blinded them to the organization's imperfections, and those, on the other, whose scepticism has led them to underestimate its usefulness. Though this book does not presuppose a wide knowledge of U.N. affairs, it has been written as much for the student or specialist as for the general reader. As L. B. Pearson, the Secretary of State for External Affairs, stated in the House of Commons, "(this report) will show, if anything is needed to show, how seriously we take our membership in the United Nations. It will also show the contributions we are trying to make to the organization which still remains, and will remain, the foundation of our international policy, and in the long run our best hope for peace."

? Questions ? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

J. A., Kimberley—What qualifications are necessary to join the policewomen's force?

We would advise you to write to the Chief of Police, Vancouver, B. C.

Housewife, Nelson—Where can I have an eiderdown cleaned and reblown?

Nelson Bedding Company, Stanley Street, phone 1314.

S. M., Kaslo—Please give me a recipe for making dill pickles.

Put some dill, a few wild cherry leaves, and some horseradish in a crock alternately with layers of washed cucumbers. When the crock is full, cover with brine made with three-quarters of a cup of salt to one gallon of water, boiled and cooled. Put a plate over them with a heavy weight. Have the brine at least one and one-half inches over the pickles.

Sailor, Creston—Some time ago you printed the address of a firm that made aluminium boats. Would you please repeat that?

Chicoutimi Aluminum Company, P. Quebec.

Looking Backwards

10 YEARS AGO

From the Daily News of May 3, 1940

Two small forest fires have been reported in the Nelson Forest District in the past week but both were before the fire season opened May 1, and both were put out.

Tonight is the High School's annual Spring Dance which is the big event of the school year. It is also for old students of the school.

25 YEARS AGO

From the Daily News of May 3, 1925

For the first time in 130 days the Canadian Pacific Railway steamer Nasookin last night docked at the City wharf on her regular Kootenay Landing-Nelson run. Due to ice conditions in December, the boat discontinued her run and a train to Procter was the only connection between Kootenay Landing and Kaslo.

Mr. and Mrs. J. A. Irving, Hoover Street, had Mrs. Ashby Cooper of Wynndel as their guest over the weekend.

40 YEARS AGO

From the Daily News of May 3, 1909

The C.P.R. trains will run to the new City wharf for the first time tomorrow, instead of to the old freight wharf to connect with the inward and outward Crow boats.

The ladies named for May for the Charity organization are Mrs. J. J. Walker, and Mrs. Strachan.

Press Comment

BIGGER FARMS IN ALBERTA

A week or two ago, the High River Times drew attention to developments in a prosperous municipal district in Southern Alberta which has lost 30 families in a single year. In almost all cases, our contemporary remarked, "the homes have been vacated and the land has been absorbed" into other holdings.

In other words, the rural population is falling because farms are becoming bigger. The process can be observed all over Alberta; in one area not far from High River, one owner is now farming 10 sections of land. A few years ago, that land supported 10 separate and self-contained families; today, it supports one family plus a few employees.

The High River Times mentions that this process is regarded, by some people, as inevitable because of high operating costs.—Calgary Herald.

Demand for Black Gold Keeps Shipyards Busy

By DON GILBERT
Canadian Press Staff Writer

LONDON, May 2 (CP)—British shipyards are feeling the magic touch of oil. More than half the merchant ships under construction are oil tankers.

World-wide demand for the black gold is indirectly filling the pay envelopes of thousands of British shipyard workers. It is helping ward off the feared recession in the shipbuilding industry.

On a recent visit to the Tyneside, Princess Margaret launched the first of 10 giants of 28,000 tons, the largest tankers ever built in European shipyards.

Experts see the day not far off when oil tankers of up to 50,000 tons will be hauling petroleum from pipe-line termini to refineries in industrially developed areas.

Keeping pace with tanker construction, big new refinery developments are going forward in Britain. At a cost of £15,000,000 ($387,500,000), refining capacity is being expanded eightfold from 2,500,000 to 19,500,000 tons a year.

Each of the new 28,000-ton tankers will make eight round trips a year to the Persian Gulf and bring back annually some 200,000 tons of oil apiece.

Six of the monster tankers, which cost about £1,250,000 each to build, are for the British Tanker Company, shipping organization of the Anglo-Iranian Oil Company. Four, including the one launched by Princess Margaret, are for the Anglo-Saxon Petroleum Company of the Shell group.

The contracts are being divided among the United Kingdom's four main shipbuilding areas, Tyne, Clyde, Mersey and Belfast.

"But for the wonderful oil industry the state of employment in British shipyards today would present a very different picture," said J. W. Elliott of the Wallsend Shipyard where Princess Margaret christened the Velutina.

He recalled the vessel was the 31st built by his firm for Anglo-Saxon, which since 1945 had place contracts with that yard alone totalling £4,000,000.

The Velutina is named after a seashell found on the shores of North America, Greenland and Europe. The names carried on a tradition started when the father of the firm's founder traded in highly polished shells in the Far East more than a century ago.

In 1890, Samuel Marcus, founder of the Shell Companies, started trading in kerosene and ordered his first tanker, the 5000-ton Murex. Today the Company controls a tanker tonnage of more than 4,000,000 tons.

Island of Formosa Last Piece of Chinese Soil Left for Kai-Shek

By DEWITT MACKENZIE
Associated Press News Analyst

John Foster Dulles, Republican adviser to the State Department, says the capture of Hainan Island by the Chinese Communists calls for American action to keep the strategic Island of Formosa out of Red hands.

Dulles doesn't amplify that but leaves us to figure out why. One obvious answer is that Formosa not only is Generalissimo Chiang Kai-shek's headquarters but is the seat of what is left of the Nationalist Government—a castle with a ghost. It's about the last bit of Chinese soil Chiang has for refuge.

But supposing the United States maintains the Nationalists on the Island, what practical purpose will it serve? Does Chiang have a chance of retrieving his position and reconquering China?

A horse-racing addict perhaps would figure Chiang's chances as a long shot. However, the Generalissimo maintains that he still can turn the trick if he gets support. Here are some of his reasons:

While the Communists ostensibly have "conquered" the vast mainland, the Nationalists claim that actually there are many areas which still are in the hands of the Guerrillas who have no use for the Reds.

Then, secondly, it is essential that the Communists knock out the Nationalist Government and military headquarters on Formosa for economic reasons.

A Chinese Nationalist official says that it takes the tax on 30 peasants to keep one soldier going. He estimates that the Communists have more than 7,000,000 troops under arms. If Formosa can be knocked out, and the Generalissimo can be rendered helpless, the Reds can demobilize and thereby cut the taxation which is so irksome to the Chinese.

And finally we have to note that Formosa is a highly strategic stronghold lying 100 miles off the Chinese coast on traffic lanes between Japan, the Philippines and Indonesia.

SNAKE CHARMER—Eight-year-old John Whittington is at home with his pet five-foot King snake in an exhibition at a meeting of his Cub Scout Pack in Atlanta, Ga.

Kills Aged Mother, Then Suicides

NEW YORK, May 2 (AP) — A Brooklyn man killed his 81-year-old, semi-invalid mother with a blackjack and committed suicide yesterday.

Police theorized that the son — planning suicide because of poor health and financial losses — decided to kill his mother first rather than leave her without his care.

The deaths of Mrs. Mary Block, and her son, Gaston Block Jr., 47, were listed officially as murder and suicide.

The body of the aged mother, killed by blows on the head, was found covered by a clean white sheet in their home. The son died of an overdose of sleeping pills.

The son lost $20,000 in bad investments out of a $30,000 trust fund. The money had been left to him and his mother by his father, who died 10 years ago after making considerable money in the perfume business.

Urge Establishment of Steel Industry, Quebec

By JOHN TRACY
Canadian Press Staff Writer

MONTREAL, May 2 (CP) — A development which might have a big effect on Quebec Province's economy was made public last week when Premier Duplessis told of a plan for making steel from ungava iron ore and graphitic shale.

The Premier told reporters the Government's own scientists will start research on the process, and he showed them a fountain pen-sized bar of steel made from the iron ore, of which 300,000,000 tons have been proven in ungava, and the shale which occurs abundantly in Quebec.

Ever since it became known that Northeast Quebec held vast quantities of iron ore, rivalling Minnesota's once-great Mesabi Range, voices have been raised urging establishment of a steel industry in Quebec Province. With no basic steel mills at present, Quebec's fabricating industries bring their steel from other provinces or from the United States.

Several factors stand in the way of establishing a steel industry in Quebec. One is that the great steel mills, potential customers for Quebec's ore, lie in the mid-Eastern United States. To uproot a capital investment of billions of dollars to bring it closer to Quebec's ore is hard to imagine.

Another factor is Quebec's lack of coal which with ore is one of the two basic materials in steel-making. The nearest coal supply to Sept-Iles, the St. Lawrence Gulf port which is projected as the outlet for the ore is in Nova Scotia, 400 miles away.

Possibly, however, Quebec's graphitic shale might take the place of coal in refining the ore.

As Premier Duplessis said: "It is an interesting project, rich in possibilities and studies will be carried out by the Mines Department."

Should these studies show that shale may be used economically as a substitute for coal, it is conceivable that a part of the projected 10,000,000-tons-a-year output of the ungava ore might be refined into steel in Quebec Province.

Pearson Looks Forward to Social, Economic Plans at A-Pact Meeting

BELLEVILLE, Ont., May 2 (CP) —External Affairs Minister Pearson expects that next week's Atlantic Pact meeting in London will draw up plans for new social and economic cooperation between the nations in the alliance.

Addressing the Rotary Club here yesterday, he said the Atlantic Pact is the best reply to Soviet aggression the Democracies have yet been able to find in the political field. During the last year, plans for military defences have been made.

"At the meeting next week, we must face the realities of the difficulties of converting plans into performance," he said.

"But I hope that at this meeting we shall do more than create a military alliance. I hope we shall begin a social and economic progress that will produce a North Atlantic Democratic Union that will be above and beyond our sovereign states.

"Through the North Atlantic Pact, we have convinced the men behind the Kremlin walls that, if they attack one, they attack all. And this time the aggressor will know that he will not be able to destroy his victims piecemeal."

Mr. Pearson said the Russians are using the same tactics in current political conflict as they used in a military sense during the Second World War. He said they are provoking crises throughout the world so that the democracies must spread their forces thinly.

"We need a steady nerve and total diplomacy, so that we can be alert on all sections of the front."

Greek Seaman on Way To Recovery

VICTORIA, B. C., May 2 (CP)—Progressing favorably in hospital, Greek seaman George Malandris still has his sense of humor in spite of suffering 10 days in mid-ocean of intensive pain followed by a dash to port aboard the destroyer Sioux.

The 44-year-old wireless operator has been receiving blood transfusions since he was operated on Sunday for a perforated duodenal ulcer.

He quipped to a Navy doctor today, "Pretty soon I'll have so much Canadian blood in me I'll have to take out naturalization papers."

PERFECT HOST — The Duke of Edinburgh, presiding over a benefit ball for Sunnybank Anglo-American Hospital near Nice, dances with the Begum Khan in Cannes casino on Riviera.

SPORTS

Beavers Win And Lose in Junior Ball

The Beavers split two games over the weekend in the Junior Ball League, losing Saturday to the Pirates 7-5, then coming back strong to down the Seals 9-0 Monday afternoon.

In the Saturday contest George Sherbinin held the Beavers to three scattered hits, while his mates pounded out seven safeties off Lefty Grill. The win vaulted the Pirates into first place.

On Monday, Stan Grill with a complete reversal of form pitched the first no-hit, no-run game of the season. Stan struck out 12 and no Seal reached first base.

Bill Carmichael doubled for the only extra base hit of the game.

The schedule resumes Friday afternoon when the Beavers take on the league leading Pirates.

Lead standing follows:

Team—	W.	L.	Pct.
Pirates	2	0	1000
Beavers	2	1	.667
Seals	0	3	.000
Intermediates	0	0	.000

Red Sox Advance On Tigers

By JOE FALLS

NEW YORK, May 2 (AP)—Maurice McDermott, Boston's lanky 21-year-old pitching hope, hurled the Red Sox to their fourth straight victory today, a 6-1 decision over the Cleveland Indians. The triumph advanced Joe McCarthy's resurgent Sox to within a half game of the league-leading Detroit Tigers.

In the National League, Chicago Cubs outlasted Philadelphia's Phillies 10-8 at Wrigley Field.

The Chicago-New York and Detroit-Philadelphia games in the American League and New York-Cincinnati in the National were postponed because of bad weather.

McDermott pitched six consecutive hitless and eight straight runless innings. Larry Doby's infield hit in the seventh was the first safety off the 6-3½ southpaw slinger. Joe Gordon broke up his shutout in the ninth with a home run.

Boston iced the contest in the fifth with three runs, for a 5-0 lead. Walt Dropo first baseman recalled from Louisville to replace the injured Billy Goodman, supplied the big hit, a two-run triple to right centre.

Ted Williams hit his fourth home run in the seventh to help McDermott to his second victory against one setback. McDermott struck out eight and walked five.

The Philly-Cub game was a free-hitting affair, with the two teams combining for 12 doubles. The Cubs drove Ken Heintzelman to cover with seven runs in the first two innings. Righthander Bob Rush, though he needed help from Dutch Leonard in the eighth, picked up win No. 2.

Fights

By The Associated Press

MONTREAL—Laurent Dauthuille 158, France, stopped Steve Belloise, 161, New York (7).

PHILADELPHIA — Eddie Giosa, 142, Philadelphia, outpointed Johnny Greco, 148½, Canada (10).

Boswell Badminton Players Win in Creston Tournament

BOSWELL, B.C., May 2—Earl Wilson, Arnold Cummings, Ed Wiklund, Elva Wiklund, Russell Trenaman and Boyd Wallace, represented Boswell, at a badminton tourney, against Creston, over the weekend. Arnold Cummings won the men's doubles in open and handicap, and Boyd Wallace, won in the men's singles handicap.

Close Battle Between Calgary, Toronto Expected

CALGARY, May 2 (CP)—"This series looks as if it's going to be a mighty close fit," said Flash Hollet carefully.

"It'll be a toss-up . . . there's little to choose between the two teams," said the partly grey, former National Hockey League defenceman now guarding the blueline for Toronto Marlboros, Eastern Canada amateur champions.

"I felt we were going pretty well last night when we barely got by the Calgary Stampeders, 6-5," he said. "I don't know whether we can play any better—some of our fellows think we can. But I've also heard that the Stamps can go a better lick."

"The Calgary boys are a very fast and shifty club," said the Toronto veteran. "All in all it makes me think this is going to be a tough series."

That the Allan Cup final this year will be no cakewalk for either club was indicated at Victoria Arena last night when Marlies had to come from behind in the third period to gain a narrow 6-5 triumph.

Second game in the best-of-seven final for the Canadian senior hockey championship will be played here tomorrow night.

Strikes 'n' Spares

In the Men's Commercial League games rolled off on the alleys Monday night, Clyde Mills hit the pins for a high single of 337 while prize bowler Norm Nelson spilled them for a 844 high aggregate.

The Madden keglers again shot their way to the top of the high team list with their 3291 victory.

Scores follow:

BREWERY No. 2—B. Bennett 307, S. Grill 616, L. Chaluck 368, G. Lane 524, G. Corbett 555. Total—2475.

Four Centres To Compete Bowling Tourney Today

Balls will thunder down the Trail bowling alleys today as over 20 women's 5-pin teams clash in their annual West Kootenay Ladies' Inter-city Tournament.

Teams participating in the play will hail from Rossland, South Slocan, Nelson and the Silver City.

The opening 10 a.m. session will get off to a start when the Rossland-Trail keglers take to the alleys. Play will continue through until late afternoon.

At the windup of the tourney, bowlers will be entertained at a gala banquet to be held in the Legion Hall, when winning shooters will be presented their prizes.

Nelson and South Slocan players will travel to Trail by bus this morning and return tonight.

Schedule of the tournament follows:

10 a.m.—Rossland No. 4 vs. Trail Maple Leafs; Rossland No. 5 vs. Trail Cardinals; Rossland No. 7 vs. Trail Spitfires.

12 p.m.—Nelson Busy Bees vs. South Slocan Mechanics; Nelson Ross Polecats vs. Trail Smokies; Trail Shoes vs. Nelson Meteors; Nelson Smoothies vs. South Slocan Operators.

2 p.m.—Trail Crown Point vs. Nelson Babs Bowlerettes; Trail Rookies vs. South Slocan Carpenters; Nelson Bowleroos vs. Rossland No. 1; Nelson Sadd-Sakks vs. South Slocan Plumbers.

4 p.m.—Trail Lions vs. Nelson Pin Spinners; Nelson Dead End Kids vs. Rossland No. 3; South Slocan Electricians vs. Rossland No. 6; Nelson Pin Gals vs. Trail Demores.

CHARLES-BESHORE BOUT TENTATIVELY SET FOR JUNE 7

BUFFALO, N.Y., May 2 (AP)—The twice-postponed title bout between Ezzard Charles and Freddie Beshore was scheduled tentatively today for June 7 in Memorial Auditorium.

The new date depends on Charles, recognized by the National Boxing Association as heavyweight champion, passing a couple of physical examinations to determine whether he has recovered from a heart condition.

Third Major Baseball League May Be Formed

TORONTO, May 2 (CP) — Formation of a third major league is "as inevitable as tomorrow" the president of the National Baseball League said today.

Ford Frick, here for tonight's meet-the-ball-club dinner an annual event of the eve of the home opening for Toronto Maple Leafs of international League, said in an interview:

"It might even be that the National and American Leagues will first jump to 12 teams before splitting into three leagues. But it has to come."

Montreal Grabs Three Game Lead Over Pats

TORONTO, May 2 (CP)—Montreal Canadiens grabbed a commanding lead in the Canadian junior hockey finals by trouncing Regina Pats 5-1 here tonight for their third straight victory in the best-of-seven series.

The smooth Quebec champions who had won the first two games 8-7 and 5-2 at home established themselves as overwhelming favorites to finish off the series with a fourth win in Montreal Thursday.

A crowd of 8429 paying fans saw Canadiens clearly outclass the lighter and slower Western champions.

Don Marshall led the Montreal scorers with two goals while Art Rose, Herb English and Kev Rochford counted one apiece.

Paul Masnick got the lone Regina tally.

Murray Armstrong's Pats, eight of them still of juvenile age tried hard against the more experienced and steadier Montrealers, but although Regina outshot Canadiens in the first and third periods, the Western champions never appeared to have a chance.

Ernie Roche, long Montreal rearguard and team captain, and Bill Sinnet, Canadiens' winger both were given misconduct penalties at 16:45 of the third period.

Roche, given a minor for tripping Gord Cowan, broke his stick on the ice. It was announced a misconduct penalty had been added. Then before the game got going again Referee Lorne Lyndon of Winnipeg called Sinnett off the Montreal bench and gave him a misconduct. Apparently Sinnett had made some remark as Lyndon skated by.

Lineups:

Regina: Tyler; MacNeill, McGowan; McDonald; Little, H. Cowan. Subs: King, Bregg, Davis, Hall, Masnick, G. Cowan, Litzenberger, Sauve.

Montreal — Morrissette; Roche, Dawson; Goold; Moore, Rose. Subs: Hollingsworth, McCready, Rochford Conway, Nadon, English, Marshall, Sinnett.

Referees: Lorne Lyndon and Vic Lindquist, both of Winnipeg.

Summary:

First period: Scoring, none.

Penalties: Rose, Roche, Moore, McCready.

Second period: 1, Montreal, Marshall (Conway) 14:58.

Penalties: Sauve, Conway, Roche.

Third period: 2, Montreal, Rose (Dawson, Goold) :57; 3, Montreal, Marshall (Roche) 2:23; 4, Montreal, English (Conway) 2:43; 5, Montreal, Rochford (Roche) 6:27; 6, Regina, Masnick (G. Cowan, MacNeill) 18:13.

Penalties: King, Nadon, McGowan, Roche (minor and 10-minute misconduct), Sinnett (10-minute misconduct).

Connie Mack Returns To Straighten Out A's

PHILADELPHIA, May 2 (AP) — Connie Mack ignored doctor's orders today and went to work, admitting he's concerned about the lack-luster performance of his eighth-place Philadelphia Athletics, who have lost five straight games.

The 87-year-old owner-manager left his team in Boston last weekend after experiencing a little stomach trouble and fatigue. But rest and some of Mrs. Mack's home cooking have given him a new lease on life. He had but one problem on his mind:

"What's the matter with the A's?"

He made no reference to the first game with the Red Sox Sunday when the A's were humiliated 19-0. In fact he wasn't concerned with the past—only the future.

The boss ordered that from now on while the team is at home his players must report at Shibe Park for 11 a.m. hitting practice daily.

Prepare Plans For Fruitvale May 24th

FRUITVALE, B.C., May 2—At the executive meeting of the Fruitvale Recreation Association it was decided to start work on the grounds. Each evening there will be a man there in charge of work to get the grounds in shape for May 24. Everyone who is able was urged to attend the work meetings.

The committee is planning on a big open air dance to finish off the big day and plans are shaping up nicely. A good flooring has been promised for the occasion.

Good prizes for the May Queen contest and booster tickets have been ordered and these will be publicized very soon.

It was announced that A. Graham, F. Peitzsche, P. Sucee and P. Morrisette were the advertising committee for May 24.

Mrs. W. Veitch was appointed publicity convener for the F.R.A. for 1950.

Regarding the F.R.A. bulletin board at Davis' store, it was decided to remind the public that this board was not to be used for personal "For Sale" ads. It was specifically erected for the purpose of announcing meetings, organization sales and things which would be of interest to the community.

Kaslo School Softball Teams Beat New Denver

NEW DENVER, B.C., May 1—New Denver softball teams played hosts to Kaslo High School teams Saturday. In the first game Kaslo High School girls outscored New Denver girls 22-9.

The New Denver girls failed miserably on the defence, committing a total of 20 errors. With 10 errors plus three hits Kaslo scored an almost incredible 12 runs in the first. Kaslo tallied singletons in the third, fourth, fifth, sixth and exploded another six runs in the seventh with three errors and three hits.

The best the New Denver girls could do was one run in the first, two runs in the second, one in the third and fourth. In the fifth they came to life with three runs and another in the eighth for a total of nine runs.

The New Denver High School boys could do no better as they were trounced 20-9 by Kaslo High School boys. Kaslo scored 10 runs in the first with six hits, four walks and two errors, one with the bases loaded. Kaslo appeared to coll off as they scored a run in the second but again scored five in the third. They added one in the fourth, two in the sixth and one in the eighth.

New Denver scored two runs in the second, six runs in the fourth with four runs coming in with two out and five successive hits. They added a singleton in the sixth.

Ken White was the winner, the loser, Yokoyama.

There were two casualties as May Kumario, New Denver, was forced from the game after being struck in the face by the ball. I. Saruyama, New Denver, was taken out as he jammed his leg sliding into second base.

LA MOTTA TO DEFEND TITLE

NEW YORK, May 2 (AP)—Middleweight champion Jake La Motta today agreed to defend his title in Yankee Stadium June 14 against an opponent who will be named in two weeks.

The opponent will be selected from the following contenders: Ray Robinson, welterweight champion; Rocky Graziano former 160-pound king from New York; Tiberio Mitri, Italian holder of the European middleweight title; Dave Sands, British Empire middleweight champion; Laurent Dauthuille of France, who now fights out of Montreal; Tony Janiro, Youngstown, O., and the winner of the May 12 clash between Paddy Young of New York and Charlie Fusari of Irvington, N.J.

Perry's Downed By Slocan Park

SLOCAN PARK, B.C., May 2—Slocan Park ball team whipped Perry's players 16-2 in an action-packed game here Sunday.

Lineups:

Slocan Park — N. Zaytsoff, N. Swetlikoff, H. Chernoff, P. Zaytsoff, F. Shukin, N. Platnikoff, P. Cheveldaoff, P. Plotnikoff, J. Nestaroff, K. Poohichoff, F. Podovelnikoff and P. Poohichoff.

Slocan-Arrow Lakes Baseball Reorganized

NEW DENVER, B.C., May 2—A meeting of the Slocan-Arrow Lakes Baseball League was held in the Legion rooms April 30, with President A. Steenhoff of Nakusp in the chair. The following delegates were present: H. Couling, A. Steenhoff, Nakusp, B. Avis, Winlaw; R. Hambly, Jr., R. Harding and W. Gordon, Silverton, W. G. Thring, S. Kiyono and D. P. Morgan, New Denver. Slocan failed to send a representative.

A. Steenhoff was reelected President; W. G. Thring, Vice-President; D. P. Morgan reelected Secretary-Scorekeeper.

The rules for 1949 were to be in force with these additions:

"That teams tied for playoff positions at the end of the season, play one sudden-death game to break the tie—the place of the game to be decided by a draw."

"The semi-final game to be also a sudden-death game to be played on the ground of the team with the highest league standing."

"A copy of the ground rules of each team will be sent to the Secretary, D.-P. Morgan who will forward them to all teams.

"That any player who has been on the lineup for at least two regular league games, even if he does not play, is eligible for the playoffs."

"That $2 be donated for the expense of stamps and stationery."

The schedule will be the same as last year but one day sooner.

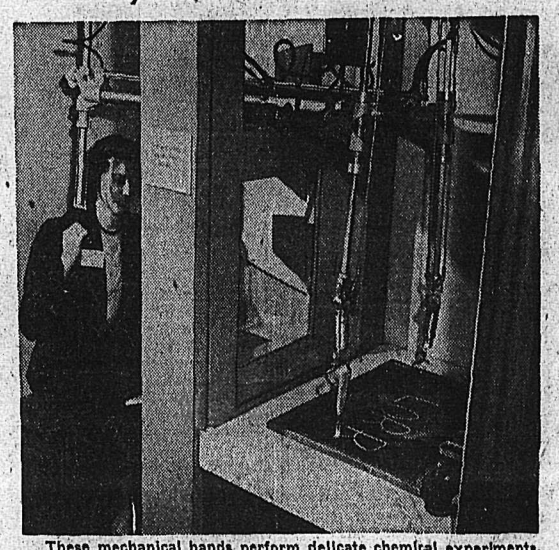
They Could Even Cook a Dinner



These mechanical hands perform delicate chemical experiments, operate machine tools, and do countless other tasks requiring great dexterity in dangerous radioactive areas where man cannot enter. The "hands" are operated by remote control, in this case by Lorraine Heitman. The hands are part of a travelling electrical exhibition touring the U.S.—Central Press Canadian.

To Sail to B. C. From Honolulu In Racing Ketch

VANCOUVER, May 2 (CP)—A veteran sailor and a youthful office worker tonight are bound for British Columbia from Honolulu aboard a sleek, 87-foot racing ketch.

B. R. Abrams, deepsea master and harbormaster at Nanaimo, and Allan Davis, 22-year-old amateur yachtsman of Vancouver, are making the voyage to Nanaimo aboard the Zodiac, owned by A. B. Cleveland, a wealthy California publisher.

FINED FOR FAILING TO GIVE SIGNAL

William W. Hlookoff of Nelson was fined $10 in City Police Court Monday on a charge of failing to give a signal when pulling out from a Baker Street curb Saturday night.

While pulling away from the 500 Block curb, Mr. Hlookoff crashed into the right rear fender of a car owned by Ole Gullickson also of Nelson. Police estimated damage at $30.

Hlookoff pleaded guilty before Police Magistrate William Brown and paid the fine.

Market Trends

NEW YORK (AP)—A last-minute selling drive docked radio-television stocks for losses running to about three points today and weakened the entire market.

Canadian issues moved downwards, with the exception of Canadian Pacific, which was up ⅛.

TORONTO (CP)—Prices climbed for a second successive session today. Industrials and Western oils led the upturn. Volume was about 2,650,000 shares.

Western oils showed an almost solid list of gains. Advances ranged up to about 15 cents. National Petroleum and coastal oil featured in activity with National up 30 cents at the opening but dropping later.

Base metals were slightly higher.

LONDON (Reuters)—Today was the last day of the current trading period and business was small and confined to a few sections.

British government stocks were uncertain; opening prices revealed a tendency to lower levels but small support developed in the later stages and many losses were recovered.

Calgary Livestock

CALGARY, May 2 (CP) — The cattle market remained active at the Calgary stockyards today with prices strong to 25 cents higher. Buyers were grading easier. One lot of strictly choice steers sold at $26.75 a hundredweight.

Bulls were about 50 cents higher with a fair number selling at $20 and better finished butcher steers were 25 cents higher.

Monday, 613 cattle were sold and about the same number were expected today with about 200 available at noon.

Butcher hogs were 25 cents higher Monday for A grade, and feeder hogs were steady at $19-$23.50.

The Dominion Livestock Market Service reported Monday saleable receipts: 693 cattle, 45 calves, 295 hogs. Today's saleable receipts: 75 cattle, 5 calves.

Hogs sold Monday at $25.50 for grade A at yards, sows at $17.15-$17.25 for live weight at yards.

Good to choice butcher steers $25.50-$26.50; common to medium $19-$25. Good butcher heifers $24-$25; common to medium $18-$23.50. Good to choice fed calves $25.50-$26.50; common to medium $21-$25. Good cows $18.50-$19.50; common to medium $16-$18; canners and cutters $12-$15.50. Good bulls $19-$20; common to medium $17-$18.50. Good to choice veal calves $25-$28; common to medium $18-$24. Good stocker and feeder steers $22-$24; common to medium $18-$21.

Nude Woman in Bus Arouses Problem

SALEM, May 2 (AP)—A naked 27-year-old Seattle woman, described by police as "cute and pretty," was in jail here today after riding in a bus from the California-Oregon line without any clothes on.

The bus driver, Richard S. Burchide, turned her over to police early today, after saying she took her clothes off as soon as the Northbound bus entered Oregon.

At the bus depot police forcibly wrapped her in a blanket and took her to the police station. There, she took off the blanket.

She consented to being taken to the State Hospital. But when she got there, still nude, she wouldn't go inside.

Then she was taken to the Marion County Jail. Her father, in Seattle, was advised to come and get her.

YEOVIL, Somerset, England (CP) —Yeovil's Road Safety Week was a disappointment—a record number of 21 accidents occurred.

PUERTO RICO JOINS 'MARCH'—Gov. Luis Munoz Marin and Paulette Goddard launch Puerto Rican "March of Dimes" for the polio fund at Governor's residence in San Juan.

Wellington Work Moves Ahead Under Spur of Satisfactory Assay Returns

Wellington mine, near Retallack, is about to undergo intensive development.

A sum of $100,000 has been made available for the work by Waddington Mining Corporation, under agreement with Wellington Mines, Ltd.

Satisfactory assay results have brought about reconditioning of the camp and underground workings, in the hope that productive operation may start as soon as possible.

Arrangements may be made with a nearby concentrating plant to treat a substantial tonnage for concentration. At the same time, all high grade crude ores would be shipped to the smelter at Trail and additional sampling conducted on all upper and intermediate levels.

J. R. Williams and Son of Vancouver assayed the silver, lead and zinc content of five samples at $101.88, $61.97, $65.93, $143.88 and $50.40 a ton. A specially picked sample showed 42 ounces of silver valued at $30.25; 38.40 per cent lead at $60.64, and 20.50 per cent zinc at $42.02, or a total value of $152.90.

Silver is calculated at 72 cents an ounce, lead at 10.5 cents a pound and zinc at 9.25 cents a pound, as paid by the smelter, which when converted into U.S. dollars increases 10 per cent.

Night Baseball

Three night games were scheduled, but the St. Louis-Washington tiff was postponed due to rain.

Brooklyn's Dodgers combed Howie Pollet for a triple, single and home run—in that order—to score six runs in the sixth inning and defeat the St. Louis Cardinals 10-3. Lefty Preacher Roe registered his second victory, though the Cardinals hit him for 10 safeties.

Wally Westlake's three-run triple in the first inning at Pittsburgh helped the Pirates whip the Boston Braves, 6-1. Murray Dickson won his second game, limiting the Braves to five singles. Warren Spahn was charged with his first loss after three straight victories.

Saw Log Products Show Increase During April

Saw log scale in April showed an increase in nearly all types of sawlogs and minor products for the month over the 1949 totals.

Largest increase in the sawlog production was in Cedar which jumped from 540,000 f.b.m. last year to 1,177,272 f.b.m. in April, while the greatest increase in the minor products was mine timbers which totalled 106,624 lineal feet compared with 39,919 in 1949.

Cottonwood sawlog production showed the largest decrease for that period when 17,316 f.b.m. were scaled, a drop of 106,477 from the previous year's total. In the minor products, a decrease was seen in the poles and piling. Production dropped from 93,548 lineal feet to 36,690 lineal feet last month.

Total sawlog production for the month reached 12,639,054 f.b.m. compared with 10,522,647 f.b.m. in April of last year.

Statistics follow:

	1949	1950
Sawlogs:		
Fir	8,038,470	2,904,827
Cedar	540,939	1,177,272
Spruce	2,851,406	3,180,951

Chinese Concede Loss of Hainan

Nationalists Hold 1284 Prisoners in Formosa Red Hunt

TAIPEI, Formosa, May 3 (AP)—The Chinese Nationalists today officially conceded the Reds had conquered Hainan Island but said they had evacuated troops and supplies with "better results than expected."

A Government statement said the last National unit was embarked Monday from the South coast Port of Yulin.

It did not say how many troops were withdrawn, but declared they would be used in other areas where the Communists would have to fight under less favorable circumstances (presumably Formosa itself and its screening islands).

The statement asserted the Communists suffered about 17,000 casualties in the Hainan campaign even before the successful invasion. It added that the Reds suffered far heavier losses on Hainan itself than the defenders.

FORMOST ARRESTS

TAIPEI, Formosa, May 2 (AP)—Chinese Nationalists in a Red hunt arrested 1284 persons Sunday on the big Island of Formosa, authorities disclosed today.

Reports from East coast centres and the Pescadores Islands off Southwestern Formosa are expected to swell the number.

Most were detained for entering Formosa illegally or lacking proper credentials.

In Taipei, 213 were seized. At Kaohsiung, the naval base on Southwest Formosa, 113 were arrested.

About 91,000 persons took part in the "census" between midnight and 8 a.m.

Send Maragon To Jail for Lying

WASHINGTON, May 2 (AP)—John Maragon, 57-year-old one-time hanger-on around the White House, was sentenced today to serve eight months to two years in jail for lying criminally to Senate investigators.

Maragon was convicted last Wednesday on two charges of perjuring himself about his bank accounts and former job.

Maragon's lawyer, Irvin Goldstein, asked for Maragon's release on bail, and said the case would be appealed.

Coast CCL Accuses Canada Of Abusing Human Rights

OTTAWA, May 2 (CP) — The Vancouver branch of the Canadian Civil Liberties Union called today for a Federal Bill of Rights to turn the "pious professions" of the people and Government into actual law.

In a brief presented to the Senate Committee on human rights the organization said present safeguards are not sufficient to protect Canadian rights.

Gaps in the laws have allowed them to be "seriously" violated in recent years. Pressures which threaten to infringe them continue to exist.

While Canada showed no evidence of being a hotbed of treachery or revolution, it had had more prosecutions for sedition since the enactment of the Criminal Code in 1892 than all other countries of the Commonwealth and the Empire put together, excepting India.

In Alberta there had been more such prosecutions in one year than in Great Britain during the previous century.

CITES EXAMPLES

The brief continued to cite instances where it considered Canada's human rights hadn't been upheld sufficiently.

It recalled the spy investigations of 1946 when "suspected persons were seized, denied bail or counsel, held incommunicado, and interrogated by the Royal Commissioners before any charge was laid against which they could defend themselves."

Under the Quebec padlock law the Attorney-General "may at his own discretion decide that a citizen is carrying on subversive activities, and without any trial . . . order his premises to be padlocked."

Since 1944, "hundreds" of members of a minority religious sect—the Jehovah's Witness—had been jailed in various cities of Quebec for distributing pamphlets without a licence obtainable only at the discretion of the Chief of Police.

The brief added that in no province except British Columbia have Canadian Indians been given the vote. "Even in British Columbia they are still denied many rights and Government services and assistances that belong as matters of course to other citizens of Canada."

Slaughter Sea Lions to Protect Oily Oolachan Fishing at Coast

KNIGHT INLET, B. C., May 2 (CP)—The Spring slaughter of the predatory, bewhiskered sea lion is in swing along the rocky British Columbia coast.

Their lust for the tasty oolachan—candlefish—has made the big, fawn-colored mammals the outlaw of Coast fishing grounds.

Every Spring two or three Dominion Fisheries patrol boats hunt the mammals in the inlets some 120 miles upcoast from Vancouver. Knight Inlet is one of these.

From March through May, the six- to 12-inch smelt-like oolachan head for the inlets and the glacial streams. The sea lions are waiting for them.

This year, the patrol boats, Atlin Post and Chilko Post, were, in turn, waiting for the sea lions. Armed with rifles, the five-man crews bagged 145 lions, all but 11 of them in Knight Inlet at the mouth of the Kleene Kleene River.

NO EXTERMINATION

"There is no intention of exterminating the sea lion population," said J. Frank Tait, Supervisor of Fisheries on Vancouver Island. "It is valueless as far as we know but is part of our natural animal population."

Once the lions are shot, they are allowed to sink below the surface. Only occasionally one is hauled aboard so a crew member can save a head as a souvenir. They weigh between 600 and 1000 pounds.

Decades ago, the oolachan runs, which occur from California to Southeast Alaska, were heavy. They provided the Indian population with oil as well as food.

Over the years, because of depletion of the runs, oolachan fishing faded.

Investigation showed sea lions were thronging the inlets to gobble oolachan. Sharp-shooters had driven them from the West coast of Vancouver Island and Queen Charlotte Sound where they had preyed on salmon and halibut.

Since the number of lions has been brought under control, the oolachan runs have increased.

Strike Name of Alger Hiss From Lawyers' Roll

NEW YORK, May 2 (AP)—Alger Hiss, former United States State Department official convicted of perjury, today was disbarred from practising law in New York State.

The Appellate Division of the Supreme Court formally struck Hiss' name from the roll of lawyers. It ruled that his two-count perjury conviction in Federal Court here constituted commission of felonies and that Hiss therefore ceased to be a qualified counsel.

Hiss was convicted by a Federal Court Jury Jan. 21, 1950, and was sentenced to a term of five years in prison. The case is being appealed.

The former State Department official was found guilty of lying under oath in denying that he ever gave secret Government papers to Whittaker Chambers, self-styled courier for a pre-war Soviet spy ring.

Hiss, who was an advisor to President Roosevelt at Yalta, declined to comment on the disbarment order.

Named Manager of CPR Sleeping, Dining, Parlor Cars

VANCOUVER, May 22—J. L. Sugden, OBE, of Winnipeg and formerly of Vancouver, is appointed manager of the Canadian Pacific Railway's sleeping, dining and parlor car department, with headquarters at Montreal. He succeeds T. M. McKeown who, retiring after 13 years as head of the department, also served at one time on the coast.

Von Luckner Sails Seas Again

BY GUNTHER MICHELSON

HAMBURG, Germany, May 2 (Reuters)—Count Felix Von Luckner, famous sailor who commanded the German privateer Sea Eagle in the First World War, is going to put to sea once more in a sailing vessel of his own.

After being in "dry dock" since 1939, the Count has begun to look for a crew for his 30-ton yacht, Sea Devil II, acquired from Swedish friends and being rebuilt at Kiel.

He has named it in memory of Sea Devil I, a sailing vessel with an emergency engine in which he travelled all over the world between the first and second world wars.

The stout, grey-haired adventurer plans to set out in October with a crew of five for Miami, Fla.

During the Winter the 68-year-old sailor hopes to visit the Galapagos Islands, in the Pacific West of Equador. Later he will tour South America to make about 200 speaches on life in Germany and on his many adventures on the high seas and in all parts of the world.

Here is the great new
G-E Floor Polisher

Easy to use
The G-E polisher is so well balanced that even a youngster can guide it easily with one hand. Brushes rotate in opposite directions to counter-balance one another.

You guide it, 2 counter-rotating brushes do all the work
The back-breaking job of polishing floors by hand or with a clumsy, weighted brush is a thing of the past! The General Electric Floor Polisher with counter-rotating brushes does a speedy, gleaming job on hardwood, linoleum and tile floors . . . right up to the baseboard, deep into corners, and close to furniture. Its full weight of 16 pounds rests on the 5½-inch brushes. This weight and the rapid rotating motion produce a long-lasting lustre on your wood, linoleum or tile floors. Ask your G-E dealer to demonstrate this great new polisher.

GENERAL ELECTRIC
FLOOR POLISHER

Gets in corners
As the brushes rotate they flare out making it possible to polish deep into corners, close to baseboards, heavy furniture and rugs.

Easy to carry
Weighing 16 pounds, it is light enough to be carried easily from room to room . . . yet heavy enough to do a lovely polishing job quickly.

Floors Gleam
Floors shine as never before . . . everyone will admire them.

You just guide... it does all the work—
$59.50
Complete with two polishing brushes and two lamb's w[illegible]ing pads
