CCF MEMBER SCOFFS . . .

Car Licence Fee Cut "Popcorn"

Indians Losing Out on Flooded Trap Lines Socred Member Charges; Kiernan Says Agriculture Caught in Squeeze

VICTORIA (CP)—Robert Strachan (CCF—Cowichan-Newcastle) says the government plan to reduce auto licence fees by 10 per cent isn't "peanuts"—it's "popcorn."

The member, speaking in the throne debate in the legislature Monday, said the reduction meant only a saving of about $2.50 to the average driver.

He said the driver is carrying burdens—the three per cent sales tax, the registration fee, the five-year driver's licence, "exorbitant" automobile insurance and the 10 per cent on a gallon of gasoline—which were provincial government responsibility.

He asked why not take three cents off the price of gasoline.

There had been talk of "peanuts" in the legislative buildings when referring to money. He wouldn't say this reduction was "peanuts" but "popcorn."

Popcorn was "a small kernel of matter to which a great deal of hot air is applied to greatly increase its size but makes no difference in its worth."

BAD BREAK FOR INDIANS

Cyril Shelford (SC—Omineca) charged Monday that Indians in his northern B.C. riding were not getting compensation for trap lines flooded out by the Aluminum Company of Canada dam at Netchaka.

Mr. Shelford, speaking in the throne speech debate in the legislature, also said the beauties of Tweedsmuir Park would be lost for 150 years because of the damming of the Netchako River and the consequent flooding of lakes.

He said Indians in his riding were not getting help from the federal member of the riding because Indians do not vote in federal elections. Indians should have the federal vote.

He advocated a toll road between Prince George and the Jasper highway. He realized the government could not find the money to build the road at once and added that the people of the riding would not mind paying tolls for such a road.

KIERNAN CITES RISING FARM COSTS

VICTORIA (CP)—British Columbia agriculture is "caught in a squeeze play of the most disconcerting nature" which sees production costs increasing faster than production income, Agriculture Minister Kenneth Kiernan said Monday.

At the same time, the minister, speaking from a prepared text in the throne speech debate in the B.C. legislature, attacked Canada-United States "one horse for one rabbit" tariff agreements that gave American potato farmers selling in Canada a better deal than Canadian farmers selling in the United States.

Mr. Kiernan explained some of the problems facing B.C. farmers, discussed government policy and defended the government order decontrolling milk above the producer level.

The gross return to the farmer from 1949 to 1953 was up 11 per cent. Against this were increases of 17 per cent in equipment and building materials; 13 per cent in taxes and interest rates; 35 per cent in building materials; 24 per cent in hardware; and between 17 and 27 per cent in wages.

B.C. potato growers were "taking a beating" this year. The bottom fell out of the market just after the first and second early potato crops were harvested. Potatoes, at that time, came in from the United States, by "the dozens of carloads," at a price that forced B.C. farmers to drop their prices to 35 cents a sack below production costs.

Under the Tariff and Trade Agreements between the U.S. and Canada, American producers were required to sell potatoes at $7.50 a ton for six weeks but Canadian producers were forced to ask that price for the whole year in the States.

On milk decontrol, he said the present regulations were brought in during the war to ensure maximum production and the widest and most equitable distribution of milk.

The production picture had changed and milk production now was at an all-time high but consumption of fluid milk was "far from satisfactory."

He said the government's order to decontrol milk would: reduce consumption; increase cost of home deliveries; put small operators out of business if a price war developed; probably increase costs of the milk board and uneconomical routes in scattered areas would probably be dropped to cut distribution costs, leaving these people without a regular supply of milk.

Mr. Kiernan said in his speech later that consumption of milk would increase. In coastal areas at least the "fluid market" caused by decontrol would be the "only profitable market for the milk produced."

B.C. HIS

On B.C. Hospital Insurance service, Mr. Strachan said the government changes in co-insurance—from a flat $35 to $1 daily—meant $35 for 35 days just as the old system meant.

He assured the government the CCF would contest any riding that Finance Minister Einar Gunderson, defeated in the last election, might contest in a by-election.

OPPOSED TO SALE OF PGE

CCF Leader Arnold Webster said today it is untrue that his party is opposed to selling the Pacific Great Eastern Railway under all circumstances.

He said that the CCF is definitely opposed to the transfer of this public utility at this or any time to private capitalists.

"Furthermore, any contemplated sale should be based on a definite agreement that the line will be extended both ways—to North Vancouver from Squamish and into the Peace River area. The governmnt should set this objective as a minimum condition in all negotiations," he concluded.

B.C. TELEPHONE COMMISSION SUGGESTED

Bob Strachan (CCF—Cowichan-Newcastle) said Monday that telephone service in British Columbia is controlled from the United States and suggested forming of a British Columbia telephone commission which would operate along the same lines as the government-owned B.C. power commission.

There can be no extension of telephone service in B.C. "unless some joker back in Chicago says yes," Mr. Strachan charged.

The majority of B.C. telephone service was controlled by a monopoly, he said. The Anglo-Canada Telephone Co. controlled the B.C. Telephone Co. and was in turn controlled by the Associated Telephone and Telegraph Company of the United States.

U.S. Expects Business Slump

WASHINGTON (AP)— Forecasts of a "minor business drop" and a possible slump in new home construction dampened the prevailing mood of optimism at the American Bankers Asociation convention Monday.

Albert M. Cole, federal housing administrator, reported evidence that new home construction is headed downhill. He warned mortgage bankers that unless the flow of private mortgage credit is sustained, "direct government action may be necessary.

ESPIONAGE CHARGE

BERLIN (AP) — Eight East German executives in the hard coal industry were put on trial in East Berlin Monday on charges of espionage and sabotage. Conviction could carry the death penalty. The Communist prosecutor-general, Ernest Melsheimer, asserted in the East German Supreme Court that the defendants turned over valuable production secrets and research data to U. S. intelligence centres.

28,000 DUTCH LEAVE HOLLAND

THE HAGUE, (Reuters) — More than 28,000 Dutch citizen's left in the first eight months of 1953 to seek new homes overseas, it was announced Monday. The flow of Immigrants to Canada and other areas of the Commonwealth is expected to continue high through the remainder of the year. At least four more immigrant ship sailings are scheduled for Canada, with planes carrying additional loads across the North Atlantic.

TRAFFIC VICTIM NAMED

CLOVERDALE, B.C. (CP) — A man killed Saturday night when struck by an automobile on the Trans-Canada highway, at Johnstone road, was identified Monday by RCMP at Cloverdale as Sigfinnus Finnson, about 68, of Surrey.

Water Levels

Kootenay Lake water level, Saturday, 7.78 degrees above zero. Monday, 7.80 degrees above zero.

THE KEEL of the second atomic-powered submarine was laid with U.S. navy ceremonies at Groton, Conn., only a few feet from the soon-to-be-launched Natullus, the first craft of its type. Navy Secretary Robert B. Anderson is shown writing his initials into the keel plate of the Sea Wolf, to signal the construction of the revolutionary type undersea vessel. Built on the same general lines as the pioneer USS Natullus, the Sea Wolf has been estimated by the navy to exceed 32 million dollars in cost.—Central Press Canadian.

2 Largest Tunnels Near Completion

TORONTO (CP) — Two of the largest tunnels in Canada, part of Ontario's huge additional power development at Niagara Falls, are nearing completion.

The tunnels, 5½ miles long and 51 feet in diameter, are being driven through solid rock to divert part of the Niagara river for Ontario Hydro's new 1,200,000 horsepower Sir Adam Beck-Niagara No. 2 development.

Hydro chairman Robert Saunders announced Monday that all the rock has been excavated from the No. 1 tunnel and about 74 per cent, or some 1,525,000 cubic yards of rock, have been taken from No. 2 tunnel.

Initial power from the new generating station down the river at Queenston is expected to be available by late next spring, exactly three years from the start of the project. Full power is expected in 1956.

Says Bus Service Improved If Car Traffic Lessened

MONTREAL (CP)—The fight between private motorists and public transport companies spread to the floor of the International Municipal Congress Monday as some 800 Canadian and American mayors and delegates met to discuss traffic and transit problems. Morris Edwards, president of the Cincinnati Transit Company and first of four American experts to speak at the afternoon traffic session, called for strict regulation of the "unmanageable large number of automobiles" to clear the streets for faster bus and street car service.

The aim of traffic control should be to free the movement of people, not of cars and that was better achieved by speeding the flow of public transit vehicles.

Air Gun Bandit Has 3 Days Liberty

VICTORIA (CP) — John Hughes 60, the "air gun" bandit who tried to hold up the Government street branch of the Royal Bank of Canada here in 1951, was recaptured here today three days after he had broken out of a mental hospital at New Westminster.

He was arrested after he made efforts to gain an audience with Attorney-General Robert Bonner at the legislative buildings.

On the morning of Aug. 9, 1951, Hughes entered the bank and went up to the wicket, where Miss Marie Beale, cashier, was working.

He poked the nose of an airgun through the bars of the wicket and demanded that she cash a cheque for $15,000 made out to the "King of Kings."

Miss Beale hurriedly told the man the matter would have to be referred to the manager and that she had lost the key to the cash drawer.

Hughes then wheeled around and fled, but before leaving through the door turned and fired the airgun in the general direction of Miss Beale. The pellet missed her.

Hughes was picked up a few hours later by police.

NEW JET EXPECTED

BONN (AP) — The United States aircraft industry within four to six months will announce a new jet transport plane "bigger and faster than all present types," Hall Hibbard, an official of the Lockheed Aircraft Corporation, said Monday. The new American jets probably will enter commercial service in 1959 or 1960, Hibbard told a press conference.

TOT FOUND DEAD

HALIFAX, England (Reuters) — A country-wide search for six-year-old Marcy Hackett, who disappeared Aug. 12, ended Monday with the discovery of her body in a church only 40 yards from her home. Police said she had been murdered.

Reds Say 3400 POWs Were Never Captured

By ROBERT TUCKMAN

PANMUNJOM (AP) — The United Nations command has rejected as "totally unsatisfactory and unacceptable" a Communist preliminary report that 3,400 Allied soldiers believed still in North Korea were "never captured."

At a long and heated session of the joint military armistice commission Monday, the Reds not only shrugged off an accounting of the missing men at this time but demanded that the Allies account for 98,742 missing Chinese and North Koreans.

There were these other developments in a busy day in the truce zone:

1. The UN command called on the five-nation repatriation commission to prevent the Communists from using force or threats against some 28,000 anti-Communist North Korean and Chinese prisoners who have refused repatriation. The Allies maintained the unwilling prisoners should not be forced to submit to "explanations" by Red representatives during a 90-day period due to begin Friday.

2. The Allies said they would complete by Wednesday the last transfer o fanti-Communist prisoners to the custody of Indian guards. With the delivery of 1,479 North Korean prisoners today the allies complete the delivery of able-bodied prisoners refusing repatriation. About 1,00 sick and wounded will be taken to the demilitarized zone Wednesday.

North Korean Gen. Lee Sang Cho, senior Red member of the armistice commission, handed the Allies Monday a bulky roster of 82,158 Koreans and 15,504 Chinese he said have been in Allied custody and have neither been returned nor reported dead or escaped.

Queen Approves Uganda Program

KAMPALA, Uganda (Reuters)—The Queen has approved the program for a three-day visit to Uganda which she will make in April on her way home from a royal tour of Australia and New Zealand.

She and the Duke of Edinburgh will arrive in this British West African colony April 28.

They will attend an official welcome and investiture ceremony that day and later a garden party. In the evening, Ahcoli warriors from Northern Uganda will give a private dancing display for them.

April 29, the Queen will officially open the Owen Falls dam at the source of the Nile River.

The next day, the Queen and the Duke will spend touring the new Elizabeth National Game Park in Western Uganda.

COMPOSER DIES

LONDON (AP) Roger Quilter, 75, well-known composer, died Monday after a lingering illness. His "Children's Overture" was a favorite in Britain for many years.

B.C. NURSE DIES IN TRAFFIC MISHAP

MINOT, N. D. (CP) — Helen Kallio, 24, nurse at the Royal Columbian Hospital, New Westminster, B. C., died Sunday in hospital here of injuries suffered a few hours earlier when the car in which she was riding went out of control on a rain-slicked road near Norwich, N. D.

The victim's mother, Mrs .Selma Kallio, 64, of Haney, B. C., was also taken to hospital. Her condition was said to be no tserious.

Miss Kallio suffered head injuries when she was thrown from the car as it left the road.

U.K., Egypt Near Suez Agreement

KARACHI (AP) — Pakistan's foreign minister, Sir Mohammed Zafrullah Khan, said on his arrival Monday night that Britain and Egypt are close to an agreement on the Suez canal issue.

He returned from New York where he led the Pakistan delegation to the UN general asesmbly. En route to New York he talked with Prime Minister Churchill in London and Egyptian President Mohammed Naguib in Cairo, on the Suez dispute.

3 DIE IN MISHAPS OVER WEEKEND

NEW WESTMINSTER, B.C. (CP) — Accidents took three lives in the Fraser Valley area during the weekend. Two of the victims drowned in the Sumas River, about 10 miles east of Abbotsford. The other was killed in a traffic accident on the King George highway at Whalley.

The drowning victims were Paul Joseph Belland 30, and William Kenneth Knutson, 33, both of New Westminster.

They were starting out on a fishing trip with John and Elton Munro when their boat capsized as three of the men moved to the front simultaneously.

NO TRACE OF MISSING MEN

MONTREAL (CP) — An all-day search of Lake St. Louis opposite suburban Strathmore Monday failed to uncover any trace of five persons missing and presumed drowned when high winds upset their small boat Saturday night. The search was called off Monday night because of darkness, but will continue today. Police said no hope is held for the safety of the five, all of Montreal.

New Plane Changes Military Strategy

TORONTO (CP) — The coming ability of the United States to use the oceans as bomber bases "promises one of the most startling changes in military strategy since the invention of the atomic bomb," a report to the American Association of Port Authorities said Monday.

The report, drawn up by a committee on harbors and shipping, also predicted "a near-revolution" in transport operation because of the development of a jet hydroski wing seaplane.

"Currently on the drawing board," said the report, "is a sketch of what may be the ultimate in air transportation: a gigantic delta wing airliner with hydro-skis, fast as sound or faster. Seated in a watertight hull, high above storms, its passengers will ride in a sound-free cabin, able to fly to the ends of the earth with the comforting thought that boundless runways are accompanying them down below."

The hydro-ski, a development of the water ski, can be let down and retracted and is designed to enable the plane "to land and take off in seas far rougher than anything an old-time flying boat could handle."

Long-range bombers now are handicapped because of their dependence on overseas bases which could be destroyed in event of war. But a water-based bomber, which could meet submarines or surface ships for refuelling and taking on bombs, could not have its base destroyed and "there would be no need to commit enormously expensive carrier task forces to help out in strategic bombing."

Jet Airliners To Fly Atlantic in Five Hours

Britain Furthers Bid for Supremacy Of Airways; Plans Super Jet Fleet

LONDON (CP) — Britain's globe-girdling Overseas Airways Corporation is planning a fleet of long-range passenger super-jets to streak across the Atlantic in pace with the sun—arriving in New York at the same time by the clock as they leave London.

Sir Miles Thomas, BOAC chairman, explained in his annual report today that this will be the "third phase" in Britain's bid for world air supremacy.

To do it, the jet airliner of the future would have to fly the 3443 miles from London to New York in five hours, the time difference between the two cities, at a near-supersonic speed of 690 miles an hour. Such speeds already have been approached.

At present, BOAC piston-engined liners fly from New York to London in just less than 13 hours, averaging 270 miles an hour.

Thomas said the first phase in the battle was over when the Comet, the world's first jet airliner, was put into service on Commonwealth flights. The second phase is approaching with Comets and turbo-jet Britainnias providing express jet and tourist services.

For the first time since the war BOAC showed a clear profit of $290,000 for the year ending March, 1953. For the previous year BOAC reported a profit of $3,450,000 but since this had to be set against a government subsidy grant of $4,200,000, the year's result was actually a loss. No government grant was received last year.

Thomas said BOAC's passenger list had increased from 250,173 in 1951-52 to 290,629. "Total revenue was raised to £36,156,579 (about $110,000,00), an improvement of 7.7 per cent on the previous year."

The year ended March 1953 was marked by impressive progress, he said: Civil jet flying was pioneered; low-fare tourist services were launched; the payload capacity had been considerably increased.

During this winter, British Comets will begin exploratory high-altitude flights above the North Atlantic.

BERIA REPORTS BEING PROBED

WASHINGTON (AP) — Vice-president Richard E. Nixon and two senators confirmed Monday that U. S. agents are investigating reports that Lavrenty Beria, deposed chief of the Soviet secret police, has escaped from Russia. They agreed, however, the truth of the reports is far from established.

Senator Joseph McCarthy, quoting "people who claim to have been in contact" with the fugitive in a European hideout, told newspaper men:

"The man is a Russian who looks like Beria, who says 'I am Beria' and gives details of an alleged escape from Russia and is willing to talk."

In New York, Nixon said he heard about 30 days ago "from people who are supposed to have the story" that Beria had fled Russia. But he said he doesn't know whether the story is true.

Pearson Pays Graydon Tribute

UNITED NATIONS, N.Y. (CP) — Canada's delegation to the United Nations, led by External Affairs Minister L. B. Pearson, Monday paid tribute to the late Gordon Graydon, Progressive Conservative MP who died Saturday.

At a delegation meeting, Pearson expressed the sense of grievous loss the delegation felt on the death of a colleague of previous delegations and the foreign affairs expert of the Progressive Conservative party.

Pearson paid tribute to the construtive and useful work Graydon had done for Canada, both at the UN and in external affairs business in the House of Commons.

Graydon, who represented Peel in the Commons since 1935, was buried Monday at Brampton, Ont.

Bonds, Currency Salvaged From Sunken Freighter

OSTENDE, Belgium (Reuters) — About $140,000 worth of stocks and bonds have been recovered from the sunken freighter Flying Enterprise in addition to a small fortune in American and British currency, an agent for the Italian company which carried out the salvage operation said here Monday.

The stocks and bonds were brought here by the 536-ton Italian salvage ship Rostro. They were dried out in a customs shed under heavy guard and have now been packed in trunks pending a decision on where they should be sent.

3 Belgian Cadets Enter Royal Roads

OTTAWA (CP) — Three young Belgian naval cadets have entered the Canadian services college at Royal Roads, near Victoria, B.C.

A navy announcement said Monday this is the first time any naval cadets from another country have undergone training in Canada.

The cadets will undergo the regular two-year course prescribed for RCN cadets.

FORMER BANK SUPERVISOR DIES

VANCOUVER (CP) — Costello W. Frazee, 79, former supervisor for the Royal Bank of Canada, died here Saturday after a fall down a flight of steps.

Born in Dartmouth, N.S., Mr. Frazee came here from Montreal in 1935 after 45 years service with the bank. At the time of his retirement he was supervisor of Quebec, Eastern Ontario and New Brunswick branches.

VESSEL STRIKES SUBMERGED WRECK

QUEBEC (CP) — The 126-ton schooner Norsya struck a submerged wreck and foundered in the St. Lawrence river, 185 miles below Quebec early Saturday, it was learned here Monday night.

No loss of life nor injuries were reported among the seven crew members of the vessel that left Quebec Friday night with a load of wood for Frobisher Bay, N. S., via Sagelek, Labrador.

CANADIAN DOLLAR UP

NEW YORK (CP)—The Canadian dollar was 7-32 of a cent higher at a premium of 1 29-32 per cent in terms of U.S. funds. Pound sterling up 5-16 of a cent at $2.80¼.

MONTREAL (CP)—The U. S. dollar closed at a discount of 1⅞ per cent in terms of Canadian funds, off 3-16. Pound sterling $2.75 1-16, down 3-16.

MIG Pilot Didn't Know of Reward

SEOUL (AP) — A North Korean captain who landed a prized Communist jet at nearby Kimpo airfield Monday said today he did not know of the Allied $100,000 offer for a MiG in combat condition.

The reward was not what he wanted, the pilot told a press conference.

"I did not want to stay there," in Communist Korea, he explained.

The North Korean said he hopes to go to the United States to study.

"I have not had much education," he added.

The flier said he did not want to give the name of the base from which he took off in the dramatic flight.

Asked when he planned to escape from communism, the pilot said "a long time ago — ever since the Korean liberation from Japan in 1945."

He said he was on a training flight, not in formation, when he headed for Allied territory.

NUERNBERG, Germany (AP) — Pastor Ernst Schmidt of Nuernberg and 20 volunteers Sunday night sent 5000 balloons carrying religious tracts and Bible excerpts sailing over the Iron Curtain. The balloons were loosed near here and winds carried them over the nearby Czech border. The project is paid for by Evangical Lutheran Church authorities in the U. S.

HITCH-HIKERS CHARGED WITH ARMED ROBBERY

REGINA (CP) — Two knife-wielding hitch-hikers who held up and robbed two Cupar motorists at a lonely farmhouse near Whitewood Friday, pleaded guilty to a charge of armed robbery in court Monday. Remanded until Sept. 28 for sentence were Adre Ballard, 16, and Leslie Showers, 21, both of no fixed address.

"NO PICTURES?" asked the little girl, as the blind Braillist showed her how to decipher the dot system that is intelligible to the trained fingers of blind readers.

And in This Corner . . .

LETHBRIDGE (CP)—K. K. Bullock, Raymond business man, was drinking a glass of milk when he accidentally swallowed two teeth which were a partial dental plate. It took two operations in a Lethbridge hospital to recover the plate.

SANTA MONICA, Calif. (AP)—Mrs. Dean Martin, wife of the comedian of the Martin and Lewis team, gave birth to a seven-pound son Sunday night. A spokesman said mother and son were doing fine but "papa's not so good; he's worn out." The Martins have another son, Dino, 2.

LONDON (Reuters)—Alec Smith, a London accountant, looked out his kitchen window Monday morning and called to his wife: "Dear, there's an elephant in the garden."

June, a hefty three-year-old, had bolted from her escort Sunday night while on the way from her zoo home to appear in a show.

Her stomach full of Smith's apples, cabbages and tomatoes, she submitted placidly to capture when zoo attendants arrived.

NEW YORK (AP)—A couple of Russians tried the veto in magistrate's court Monday. Their "nyet" didn't stick.

The pair, John Sherbatyuk and Vasily Molev, employees of the Soviet UN delegation, complained that Pedro Mendez, 28, broke into their apartment Sept. 7 and took a radio, toaster and a suit of clothes.

When Magistrate Amedeo L. Alruitano set $1000 bail for Mendez and scheduled a further hearing for Sept. 28, the complainants chorused (translated):

"No, no, we are here now; we will not come back."

The case was adjourned.

$100,000 Extension Trail Bus Depot Okayed

TRAIL — Approval was sought and received from city council Monday night for improvements on the bus depot on Bay Avenue, R. C. Rose, agent for Kootenay Travel Service, said that alterations would amount to around $100,000. Two stories or more would be constructed to extend over an area to include the present bus depot and the old Salvation Army building.

Council voted five to two in favor of the alterations taking place. One reason presented against the extension was that it would increase a traffic and pedestrian hazard. Other sites suggested were too far removed from city centre and otherwise unsuitable.

7 Charges Out . . .

Borsch Lunch Ends Prison Hunger Strike

VANCOUVER—The end of a 12-day hunger strike was celebrated in prison Monday with a borsch luncheon by more than 100 Sons of Freedom.

Borsch, a native Russian soup with red cabbage as its main ingredient, is a favorite with the Doukhobors.

For the first time since they were placed in Oakalla prison in suburban Burnaby Sept. 10 the members of the radical Sons of Freedom accepted breakfast. They all took plates of porridge, along with a plentiful supply of fruit juices.

SEVEN CHARGES WITHDRAWN

Meanwhile, the trials continued in a Burnaby hall and by mid-afternoon 16 Doukhobor men and women had been convicted to bring the total to 45. Seven had charges of nude parading in public withdrawn.

The withdrawal of the charges brought the only incident of the day in court.

Dora F. Soukeroff, freed of the charge because of lack of evidence, protested, and made a vain attempt to strip off her clothing.

"Why are the charges withdrawn?" she asked the court.

"The Crown, is not satisfied it has sufficient evidence to prosecute in your case," said Magistrate Graham Ladner.

"I am just like any other brother or sister Doukhobor," she replied. "I want to stay with my brothers and sisters."

Screaming, she started to remove her clothes, but court officers halted the demonstration.

Interpreter Larry Spielsman, standing beside her, threw his arms around her, and RCMP constables hustled her out of the room.

She was one of the 144 Doukhobors arrested in the tent village at Perry Siding, near Nelson, 250 miles east of Vancouver, Sept. 9 during a nude demonstration.

There was no explanation as to why the prisoners ended their fast, started the night they were arrested.

For the end-of-the-fast luncheon, the Sons sent an invitation for Warden Hugh Christie to attend. He did not disclose his acceptance.

At the opening of court Monday, 29 of the accused convicted last week and scheduled to be sentenced, were remanded until Friday. The others convicted during the day also will be sentenced Friday.

Canadian Mark Topped in Trial . . .

Castlegar, Rossland, Nelson, Trail Athletes Share Honors in Meet

TRAIL—Trail's first major track and field meet in years saw 60 district athletes participating. Although no records were broken, many future stars of the cinder paths were tabbed.

Joe Zeeban of Castlegar carted home the aggregate trophy for the senior boys, while Mike Penny of Rossland took the junior boys' aggregate.

For the girls, the senior aggregate winner was Shirley Tjader of Trail, with Marjorie Elsner of Nelson taking the junior girls' aggregate.

Joe Haley, ex-Olympic track star, declared there were prospects for the British Empire Games to be held in Vancouver next year among the competitors.

Little Mike Penny of Rossland, 12 years of age, jumped higher than himself when he cleared the bar at four feet, nine inches. His broad jump was also terrific—15 feet 10 inches.

Shirley Tjader of Trail walked off with the 60-yard dash. It was reported that in trials before the meet Shirley beat the Canadian record for this distance with a run of seven and one-tenth seconds, one-tenth of a second better than the Canadian record.

Nelson entries did well. They had only 10 days of practice, but in the 22 events run off they carted home four firsts, three seconds and five thirds.

Lydia Hecker of Nelson was also given high praise for her leap of four feet, seven and a quarter inches in the junior girls' high jump.

FROM OKANAGAN

The meet this year had six entries from both Castlegar and Penticton, with Nelson, Trail and Rossland each sending over between 16 and 20. The crowds were not as good as was hoped for, but it is expected that as things progress in this field more fans will turn out to watch the performers.

Results:

Senior men's 880, open — Doug Byres, Trail; Barry Parker, Penticton;

Senior women's 100 yards—Shirley Tjader, Trail, 12.8 seconds; Elaine Penny, Rossland;

Junior girls' 100 yards—Marge Elsner, Nelson, 8:5 sec.; Elaine Penny, Rossland; Sharon Platt, Trail;

Senior 220 yards—G. Smith, Castlegar, 25.2 sec.; Ted Smith, Trail; Paul Jarvis, Rossland;

Women's 60 yards—Shirley Tjader, Trail, 7.2 sec.; Marge Elsner, Nelson; Elaine Penny, Rossland;

Men's open 100 yards—Paul Zanit, Castlegar, 11.1 sec.; Bob Rush, Trail; Ron McAulay, Rossland;

Men's open 440 yards—Bob Rush, Trail, 61 sec.; Barry Parker, Penticton; Dick Gont, Nelson.

Men's open mile — Joe Zeeban, Castlegar, 5 min., 57 sec.; Doug Byres, Trail; Barry Parker, Penticton;

Men's discus—Bill Wah, Trail, 94 feet 11 in.; Bill Peterson, Penticton; Ron McAulay, Rossland.

Men's high jump—Jim Patterson, Trail, 5 ft. 5¾ inches; Murray Barry Rossland; Bill Wah, Trail.

Junior girls' high jump—Lydia Hecker, Nelson, 4 feet 7¼ inches; Sharron Platt, Trail; Elaine Penny, Rossland;

Men's pole vault—Rudy Martini, Castlegar, 10 ft. 3½ inches; Joe Zeeban, Castlegar; Glen Cividen, Trail.

Junior girls' broad jump — Marge Elsner, Nelson, 14 ft 4 in.; Elaine Penny, Rossland; Sharon Platt, Trail;

Junior boys' broad jump — Mike Penny, Rossland, 15 ft. 10 in.; Ken Halsey, Nelson; M. Donaldson, Nelson;

Men's shot put — Bill Wah, Trail, 38 ft. 11 in.; Bill Peterson, Penticton; Ron McAuley, Rossland;

Women's high jump — Sharon Platt, Trail, 4 ft. 5 and one haf in.; Ann Gordon, Trail; Elaine Penny, Rossland;

Men's broad jump — Murry Barry, Rossland, 18 ft. 4 in.; Joe Zeeban, Castlegar; John Elsner, Nelson;

Junior boys' high jump — Mike Penny, Rosland, 4 ft. 9 and one half in.; Morris Donaldson, Nelson; Bill Gibbon, Nelson;

Women's broad jump open — Shirley Tjader, Trail, 15 ft. 9 in.; Elaine Penny, Rossland; Marge Elsner, Nelson;

Women's open relay — combination of Trail and Nelson first.

Men's open relay — Castlegar; Trail; Rossland.

Kootenay Drama Zone Plans '54 Festival for Trail

The West Kootenay Drama Zone (B.C. Drama Association) met Sunday at the home of Zone President F. H. W. Chanter, at Willow Point. Delegates present were Mrs. A. H. W. Busby, president, Miss Erica Johnson, secretary, and Mrs. J. G. Calder from Trail; Mrs. W. Sommerfield from Kinnaird; Mrs. F. Niven, John Applewhaite, H. C. Carne, president, John Gleeson, secretary, of Nelson. Members of the Nakusp group were unable to be present. Guests were Mrs. B. G. Ford of Nelson, Mrs. J. Fitzsimmons and Norman Main of Trail.

CERTIFICATES

A balance of $150 in the bank was declared. Mr. Chanter presented the following certificates: to the Trail Little Theatre for the best play at the Drama Festival, 1953; to Chris Wiggin, who was not present, of the Trail group, as best actor in the Festival; and to Mrs. Nesta Clark, also not present, of the Nakusp group as best actress.

F. H. W. Chantere was re-elected zone president by acclamation; H C. Carne was elected vice-president; John Gleeson was reappointed secretary. Both Mr. Chanter and Mr. Gleeson took office at short notice, Mr. Chanter after the death of F. H. Wheeler in Los Angeles before Christmas, 1952, and Mr. Gleeson when the former secretary, M. Rushby, left recently for Vancouver.

Trail is to be host city for the 1954 Festival. It was decided that this should be held at the end of April or beginning of May and deadline for entries and submission of plays was fixed at not later than March 15.

The next Zone meeting will also be in Trail in order to make final arrangements regarding the Festival. The annual meeting is to take place in Nelson in June. Refreshments were served by Mrs. Ford.

Anniversary Celebration Held At First Presbyterian Church

Over 100 people assembled at the First Presbyterian Church parlors Monday night to celebrate the 62nd anniversary of the First Presbyterian congregation in Nelson.

A large number of friends from other churches and denominations were in attendance including members of the Nelson Ministerial Association.

Anniversary services were held in the First Presbyterian Church Sunday and guest speaker was the Rev. William Black of the Knox Presbyterian Church in Cranbrook.

Very Rev. T. L. Leadbeater, Dean of Kootenays, was guest speaker at the banquet and kept the audience in high spirits with a lively account of his trip to Hollywood this summer in an exchange of duties with an Episcopalian minister.

He told the audience of his trips to the various studios where his clerical collar was an "open sesame" and his satirical descriptions of a commercialized TV program, complete with gestures, kept his audience chuckling.

QUEUE UP FOR CHURCH

The Dean soberly told his audience that although he had given them a talk on the gloss and glamour of the film capital, there was much more than that to the people who lived there.

He spoke of the vast thorngs that crowded into the Sunday services of the Presbyterian church in Hollywood, and referred to actual lineups to get into the second service Sunday morning.

He said it showed a sincere desire on the part of the Christian Church to express itself on the life of a nation, and to minister to souls in every quarter of the world.

Rev. L. S. Van Mossel, minister of the First Presbyterian Church, introduced the guest speakers, and led the singing of the Grace, "Be Present at Our Table, Lord".

ONE CAUSE

Rev. Gerald Payne, president of the Nelson Ministerial Association, brought official greetings from that body and said it was a pleasure to share in the anniversary occasion. He paid tribute to the ability, kindness and generosity of Mr. Van Mossel.

He spoke of the unique closeness of Nelson's Ministerial Association and said "We are all working for one Great Cause, that of Jesus Christ, our Lord and Master," even though "We do things in slightly different ways". He asked that the First Presbyterian Church be "extended God's richest blessings and that He will guide you in the coming year."

Rev. William Black brought greetings from the Knox Presbyterian Church in Cranbrook and wished "The best year this church has ever had with a clear witness and increasing usefulness."

Mr. Van Mossel said an anniversary is the history of a church and a time when "We should look back, review our mistakes, anr go on."

The banquet tables were decorated with candles and bouquets of fresh flowers and the arrangements for the dinner were made by the Ladies Aid of the Church and women of the congregation.

Thanks to the women was offered by E. Douglas, church elder.

Jaycee Confab For Nelson In 1955

It was reported Monday the provincial convention for the Junior Chamber of Commerce would be held in Penticton in 1954.

The following year the convention will be held here in Nelson with the Nelson Junior Chamber of Commerce acting as hosts. Last year's convention was held in Trail with about 150 delegates attending.

Norman MacLeod, Oldtimer, Former Public Works Foreman Here, Dies

Norman MacLeod of Victoria, former public works foreman in this district, died Saturday.

He is survived by his wife and two sons.

Mr. MacLeod, 80, worked as senior foreman for the Nelson district of the Provincial Public Works Department for more than 25 years, retiring in 1948. He joined the Provincial Public Works Department in 1921 as a compressor operator and three years later became senior foreman.

Mr. MacLeod was born in Scotland and came to Canada in 1904. Almost immediately he settled in Nelson, and therefore ranked among the real oldtimers of this city.

He was in the fish and poultry business, and also worked for the Loch Lumber Company. From 1910 to 1917, he operated the Silver King Hotel and before entering the Department was employed by the Eburn Engineering Works of Vancouver.

Dr. Norman MacLeod, chiropractor of Nelson, is a son.

Nelson Jeweler, H. H. Sutherland Passes at 72

H. H. Sutherland, Nelson jeweler, died Monday at Kootenay Lake General Hospital at the age of 72 years. Mr. Sutherland went to hospital Friday, where he suffered a brief illness.

Mr. Sutherland was born in New Brunswick and there he learned his trade as a jeweler. He moved to Regina, then to Trail for a few years. He came to Nelson 15 years ago, and had operated a Baker Street business since.

Mr. Sutherland liked to bowl, curl and hunt. He supported the Trinity Church and was a member of the Rotary Club for a number of years.

Theatre Manager Views Newest 3-D

Three-dimension in Nelson is a highly entertaining film feature, equalling 3-D showings in metropolitan theatres. Having a realistic effect, depth and roundness, 3-D brings objects from the screen practically into the audience's lap. Monday night's film here caused screams when men hurled themselves at the audience, scalpel and scissors appeared to plunge toward the person sitting in front of one—all through the effect of 3-D.

Still newer than 3-D is cinerama. C. J. Hughes, manager of Nelson's Civic Theatre, has just returned from Winnipeg where he previewed cinerama showings. Projected on a curved screen, cinerama gives the 3-D effect but does away with wearing of colored glasses. Difficult to describe, 3-D film actions and characters have the appearance of leaving the screen entirely. When viewed without glasses, the film is visible, but blurry and has the flat effect of ordinary movies.

Nelson Art Club Plans for Year

New president Howard Meredith called the first executive meeting of the Nelson Art Club to discuss plans for the coming year

Demand for Hasty Notes continuing, it was decided to add to the number of scenes in time for Christmas. Many purchasers have expressed the desire to use them for gifts.

It was also decided to call the Club meeting before the end of the month, so the membership will have a voice on the various subject they wish to take up. A number of projects are under consideration and the Club hopes to offer whatever the members require.

Shaver's Bench Fights One-Way Road

TRAIL — A delegation of four from the Shavers Bench Improvement Association appeared before city council Monday evening concerning the Fifth Avenue road up to the Bench and other problems.

Len Pople, J. A. Stewart, S. J. Jeffries and William Cassion were firmly of the opinion that the section on McBride Street should not be made a one-way road as requested by the bus company and claimed to have a large petition against such a move.

Mayor E. G. Fletcher said that any recommendation coming from the Association would be taken into full consideration before a decision was made. Answering questions concerning improvements to the Bench hill the mayor stated that further assistance had been promised by the minister of public works during his recent visit and an estimate for additional funds had been drawn up and was about to be sent in to the department. $6,000 has been spent on the road to date.

People on Shaver's Bench may be without bus service if McBride Street is not designated a one-way route.

Complaints from residents of Rossland Avenue concerning noise of sawing in a wood yard will be taken up with the owner in the hopes that a happy solution may be arrived at.

Violin Lake water supply line is progressing favorably, Finance Chairman Alderman L. A. Read looked for a balanced budget for this year including the cost of the line, Alderman F. A. Sindell hoped that some unforeseen circumstance such as heavy snow would not upset the calculations.

Re-assessment of the city is to begin in about two weeks.

Convention Re-Elects Bourque, Urges Bridge, Cutoff Action

E. W. Bourque of Nelson was re-elected by acclamation as president of Nelson-Creston Social Credit association at a two-day convention held here Friday and Saturday.

Also elected were B. Bens, Creston, first vice-president; William Kapak of Balfour, second vice-president; and Mrs. William J. Van Marrion, third vice-president.

A resolution was passed commending the present government for its firm stand on the Doukhobor problem. Another resolution commended the government for the recent improvement to local roads.

Other resolutions passed by the convention urged the government to expedite the survey and commence construction of the proposed Salmo-Creston highway, to proceed with the construction of the bridge across the West Arm at Nelson as soon as possible, and to improve service to the public by ordering an auxiliary Kootenay Lake ferry to the Anscomb and reducing the tariff to commuters on it.

A standing ovation was given to the Hon. W. D. Black, MLA for Nelson-Creston upon his arrival. Mr. Black explained that as a member of the government he represented all the people of the Province, neverthless he came to the convention "as an MLA to receive instructions as to Social Credit policy in the constituency for he felt it represented a cross section of the district, and not a faction."

Concurrent with the convention, a Ladies Auxiliary convention elected Mrs. J. O. Bates as president by acclamation. Mrs. Bens of Creston was elected first vice-president; Mrs. F. Searle was chosen second vice-president; and Mrs. J. Scott was elected third vice-president.

Girls' Gym Classes Well Attended as Program Started

Ed Kelter, Nelson's recreational director, found his first gymnastic classes for junior and senior girls highly successful.

The classes held in the Civic Centre Monday afternoon saw Kelter first take 51 junior girls through the gymnastics, spring board and trampoline exercises, and then follow it up with a class of 45 senior girls.

The classes which will carry on throughout the winter season will see the girls learn fundamental exercises, rhythmic gymnastics, tumbling, vaulting, pyramid building, trampoline tumbling, parallel bar work and indoor track and field.

The boys classes will get under way today and it is expected the attendance will be every bit as good as the girls.

Telephone Toll To Be Removed

TRAIL — Plans to eliminate the telephone toll charges between Trail and Rossland are a step nearer after recent balloting of area subscribers.

V. C. Owen, district commercial manager of the company, said Trail and Rossland subscribers cast 2390 favorable votes as compared with 853 opposed to the change.

The results will now be submitted to the Board of Transport Commissioners of Canada for approval. Of 5087 ballots mailed, 3390 were returned including 147 that were spoiled. This means that 70.5 per cent of the votes were favorable to the plan.

Mr. Owen said he was pleased with the results and while it would be some time before the plan could come into effect, it would mean faster service and would make the Trail and Rossland district one large free calling area.

Break down of results are: Ballots mailed — Trail, 4072, Rossland, 1015. Ballots returned — Trail, 2591, Rossland, 799. Favorable — Trail, 1779 or 68.7 per cent, Rossland, 611 or 76.5 per cent. Unfavorable — Trail, 704 or 27.1 per cent, Rossland, 149 or 18.7 per cent. Spoiled — Trail 108, Rossland, 39.

Punch on Nose Fixes Sharks

NEW YORK (AP)—Two U. S. Air Force men told Monday of fighting off sharks with their fists during 22 hours in the choppy Atlantic.

They were among six survivors of a B-29 which caught fire and crashed in the Atlantic Friday. They arrived here aboard the ship Nassau.

They told how they floated for 22 hours in their inflated Mae Wests. They had lashed themselves together with nylon cord.

The men said they developed a one-two punch to keep sharks away.

"They'd come up. I remembered something I had read, if you hit them on the snout they take off. It worked."

The coast guard is continuing the search for seven missing crew members.

Kimberley Concentrator Tops Suggestion Prizes

The Sullivan Concentrator at Kimberley led all operations of The Consolidated Mining and Smelting Company on the mid-summer list of suggestion award winners. Employees at the concentrator earned $400 of a total $970 paid out by Cominco for "on the job" suggestions which helped to increase safety and efficiency.

N. Gosselin of the concentrator boiler shop was the highest individual winner for all operations. He won $85 for suggesting that a rubber seal be placed between the feed shute and feed box on the rod mill. This improved operation and decreased clean-up labor.

J. McKay, a pipefitter, submitted a plan which resulted in hot water being fed back to the boilers while repairs were made on the holding tank. This resulted in a large heat saving. Mr. McKay earned $55 for the suggestion.

G. Webber, formerly employed at the concentrator, suggested alterations to feed boxes in the tin plant. Lower replacement costs and decreased spillage resulted and the idea won him $50.

Twenty-five other employees at the Sullivan Concentrator received smaller awards.

C & F RUNS SECOND

Cominco's Chemicals and Fertilizers Division at Trail ran second with $220 going to its employees.

F. G. Attaway of the electric shop won $50 for suggesting an improved type of interlocking equipment which eliminated "down-time" in certain sections of the operation. Ingenuity and safety value were credited to the suggestion. Mr. Attaway also split a $50 award with W. Miller a fellow employee in the electric shop. This award was for a novel installation involving a gasometer level indicator in the Coke Ammonia Plant.

OTHER AWARDS

Employees in the Metallurgical Division at Trail received $115 with A. CH. MacKinnon of the zinc tank rooms leading. He won $25 for suggesting that tank carriers be narrowed to prevent hand rail damage.

The Engineering Division employees at Trail earned $100. J. C. Davidson of the machine shop, was the highest divisional winner with $20 for a suggested improvement on narrow gauge rail cars which saved maintenance time.

The Sullivan Mine at Kimberley and the Con Mine at Yellowknife, N.W.T., tied with $60 going to employees at each operation.

Miscellaneous Divisions employees won $15.

A total of 88 Cominco employees shared the $970 total.

N. GOSSELIN OF KIMBERLEY

Says U. K. Seeks Trade, Not Aid

WINNIPEG (CP) — Trade, not aid, is what England is asking of Canada, Sir Archibald Nye, United Kingdom high commissioner to Canada, said Monday.

In an address to the Canadian Club, he said:

"We do not stand with a beggar's bowl asking other people to give us things. If England can get sufficient goodwill to be able to trade on anything like equal terms, particularly within the dollar area and particularly with this great Canadian nation, I feel we can look forward to the future with faith, courage and confidence."

TRADE DEFICIT

Sir Archibald said that last year Britain bought $745,000,000 worth of goods from Canada, while Canada bought only $360,000,000 worth of British goods.

"In brief, you sold to us twice as much in value as you bought from us," he said. "I am often asked why we do not buy more Canadian goods. Why do we not buy more lumber, more cheese, more salmon, more apples? Why are we not prepared to pay more for the wheat which we buy from you? I ask you, how can we in such circumstances? We simply have not got the money to buy your goods with."

The major problem to confront Britain after the war was that of exports, Sir Archibald said.

Calgary Opens New Depot For Patricias

CALGARY (CP)—A regimental depot based on the British Guards system and unique in the history of the Canadian Army is in operation at the Currie barracks here.

The first of seven to be set up across Canada, the depot is for the Princess Patricia's Canadian Light Infantry. All new recruits for the unit will spend their training period in the depot. There they will learn they are not only soldiers but Patricias.

Other depots are scheduled for the Royal 22nd Regiment, the Royal Canadian Regiment, the infantry, Highland and rifle regiments and the Royal Canadian Horse Artillery.

LONGER TRAINING

In Britain, a new recruit is kept in his depot until he is a trained soldier, a period lasting anywhere from eight weeks to four months. Here, the recruit spends a minimum of four weeks.

At the end of that time, he has been fully documented, can walk like a soldier and can fire a rifle.

He has also learned that he is a Patricia and not a "Pat," the regimental song is the "Rik-a-Dam-Doo" and the regimental march past is "Has Anyone Seen the Colonel?"

Patricia officers like the depot system because instructors can devote more personal attention to the individual.

FIRST DAY LONELY

"For the new recruit, a soldier's first day with his unit can be pretty lonely," they say. "The depot gives the recruit a firm base to stand on. If he gets into difficulties, it is easily spotted and sorted out."

The training program at Currie is tailored for 160-200 men organized on a three-platoon basis. The system can be easily expanded if necessary.

The depot sees that the colors are in safe keeping, looks after all regimental history, the museum and silver in the officers' mess. It is responsible for the paper work and the flow of recruits from the battalions at home to those serving overseas.

Symphonette First Of Concert Series

TRAIL — The Longines Symphonette conducted by Michel Piastro will open the Trail celebrity concert series on October 26. This symphonette was voted the outstanding orchestra concert in a year for the fifth consecutive year. This series of concerts is again being sponsored by the Women's Musical Club of Trail.

Taghum Pound District Formed; Name Keeper

TAGHUM — John Makasoff has been appointed pound keeper of the newly formed Taghum Pound District.t

Residents of the area have been successful after endeavoring for over a year to establish a pound district in that area. Dangerous not only to motorists, wandering cows and horses had been causing damage to individual properties along the highways and to gardens in the area.

The district is bounded by Bear Creek bridge to the West and the Taghum railroad crossing on the East—a distance of two miles and stretches from the Kootenay River to a distance of approximately one-half mile up Sproule Creek.

A pound district provides for the fencing and control of all livestock. No cattle are allowed to roam at large without supervision and any found on the highways, railroad right of ways or causing damage to properties will be impounded. Owners are required to pay a fee for their return.

Plot Against 3 Homes Rumored

By JOE McSWEEN

KRESTOVA, B.C. — Doukhobor sources said Monday a threat was made during the weekend to burn the homes of two prominent members of the Reformed Sons of Freedom and of the present Brotherly Council chairman.

The threat came from a fanatical faction which urges violent action by the Freedomites to protest the arrest of 144 of their number, currently facing trial in Vancouver on charges involving nudism.

No actual attempt was made on the homes and the owners were forewarned of the move to set the fires, it was learned.

One of the homes marked for destruction was that of John J. Perepelkin, chairman of the Christian Community and Brotherhood of Reformed Doukhobors.

Anton Kalesnikoff, confidant of Stefan S. Sorokin, spiritual leader of the group who now is in Uruguay, and Gaston Podznikoff were the other intended victims.

Full details of the scheme could not be obtained, but it was understood that saner heads were able to prevail among the "Sons."

Thirteen Doukhobor homes were put to the torch earlier to protest the arrests, which occurred when the Sons demonstrated against an edict to send their children to school.

Freedomites, even the victims of fires, will not divulge the names of the raiders. Advocating an extreme "turn the other cheek" policy, they say God alone has the prerogative of punishing wrongdoers, whatever the offence.

Key to Problems Said in Spiritual Understanding

Sunday the subject of the lesson-sermon read in all Church of Christ, Scientist, was "Matter". That a spiritual understanding of God provides the solution to all early problems is among the points dealt with.

The Golden Text was: "I will have mercy upon the house of Judah, and will save them by the Lord their God, and will not save them by bow, nor by sword, nor by battle, nor by horses, nor by horsemen."—Hosea 1: 7.

The lesson-sermon included the following passage from the Bible: "For if ye live after the flesh, ye shall die; but if ye through the Spirit do mortify the deeds of the body, ye shall live."—Romans 8: 13.

Among the selections from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, was the following: "Divine Science reverses the false testimony of the material senses, and thus tears away the foundations of error."

But He Might Be Wrong, Of Course

MONTREAL (CP) — One trip across the Atlantic, and a rough one at that, has convinced Evert Veroef, 76-year-old Dutch farmer, that seasickness is a state of mind —not an ailment.

The elderly Netherlander was on his way to Saskatoon to visit his daughter and her husband and he had waited 43 years to make the trip.

Veroef, who arrived with approximately 800 other Dutch settlers, was pretty pleased with himself. Despite his age, he says he is as fit as a man half his age and he attributed this to hard work and the fact he has never had to see a doctor.

NEVER MISSED MEAL

The ocean trip was rough but he never missed a meal and didn't lose a wink of sleep and "that's more than can be said for a lot of passengers."

At home, he looked after 40 cows, 40 pigs, so many chickens he was never able to count them and in his "spare time" attended to his duties in a large wheat field as well as looking after the barns.

"I've been trying to come to Canada for many years," he said. "But when I mentioned it to my mother many years ago, she put her foot down and told me I couldn't make the trip. But here I am at last and I'm really happy to be here."

Veroef said that his wife, eight years his junior, would make the trip next year.

One of his concerns was his yellow, wooden shoes and how they would react on Canadian streets.

Largest Sale for British Tabloid

By ALAN HARVEY
Canadian Press Staff Writer

LONDON (CP)—A tabloid newspaper called the Daily Mirror has the world's biggest daily circulation. Here are a few facts about it:

A director once went about slugging editors on the head with an eight-foot plank.

The paper received 3,758,441 letters in 10 years. Its daily sale exceeds 4,500,000 and is going up.

When launched in 1903 it was intended for "gentlewomen." Sales slumped from 250,000 to 25,000 in three months. Today the Mirror is still aimed at women but nobody would say its approach is gentle.

In fact, it is tough, breezy, arrogant, confiding sheet, revelling in its own admitted vulgarity, specializing in mass appeal through pictorial cheesecake, sledgehammer headlines and comic strips that are just that. Its famous cartoon character, Jane, a young woman easily separated from her clothes, was a wartime favorite of Canadian soldiers in Britain.

SPECIAL EDITORIAL

The Mirror celebrates its 50th anniversary in November and to mark the occasion its editorial director, Hugh Cudlipp, had written a book called "Publish and Be Damned!" It traces the paper's fascinating history from the unpromising beginnings to the "revolution" in the '30s when the editors turned to human interest, sex and crime.

"The plan which these young men evolved," he writes, "was simply this — to get under the readers' skin and stay there. They were all, in their way, lay psychologists. Most had come from working-class or middle-class families; they really knew and had personally experienced the aspirations and setbacks, the joys and the heartaches of the millions of ordinary people they set out to entertain and instruct."

Carrying the idea farther book reviewer Maurice Richardson writes in the Observer that the Mirror is a significant phenomenon marking the latest phase "in the vast social-levelling process by which 95 per cent of the nation has become middle, or to be precise, lower-middle class in habits and ways of life."

GAY FOR HOUSEWIFE

The newspaper makes life seem gay and exciting to housewives, says Richardson. Its reader symbol is a bus conductor "who daydreams of dancing the samba with Princess Margaret."

Record Crowds at Creston Fair

CRESTON—Creston Valley's Agricultural Fall Fair —in its variety and quality of exhibits—gave abundant proof of the fertility and favorable climate of the valley. Many varieties of fruits and vegetables and grains were on display and livestock on display depicted growth and improvement in number and quality of this branch of agriculture in the community.

A record number attended the fair and comment was favourable. Competition was keen and was of the best quality ever exhibited. Among the outstanding features of the 1953 exhibition was the showing of eight pure bred Suffolk sheep. Some 115 adults exhibited entries and 53 students displayed a good variety of entries.

William Saliken won high aggregate in the fruit section; Lou Truscott, best tray of MacIntosh apples; Frank Ingham, best tray of Delicious apples; Mrs. C. W. Churchill, high aggregate in the vegetable section; Mrs. F. C. Rogers, high aggregate in flower section; Mrs. C. R. Cotton, high aggregate in needlework; Mrs. R. MacEwen high aggregate in home cooking; Mrs. Cotton, high agregate in Poultry; Mrs. George Hurl and Mrs. Cotton high aggregate in Rabbit class. Mrs. Cotton won special award in needlework.

The Lister-Muscroft Women's Institute won the best district exhibit.

Mrs. C. W. Churchill won the Walter Jackson cup for the best male bird entry and Mrs. Cotton was high agregate winner in all classes with Mrs. Hurl runner-up.

Five Polio Cases at Kimberley

KIMBERLEY — Kimberley's polio cases rose to five over the weekend. Three women were admitted to hospital, all suffering a mild non-paralytic form of the disease. The first patient, a five-year-old boy, has now been discharged from the hospital.

Denies Split In Labor Party

BIRMINGHAM, Eng. (AP) — Left-wing leader Aneurin Bevan today brushed aside reports of a serious split inside the Labor party and said it will unite solidly after the forthcoming national convention.

UNITED SOLIDLY

Bevan told a party rally here that "when we have had our row and made up our minds, this movement is going to be a solid united movement behind the leadership."

The Labor party will hold its annual conference Sept. 28 to Oct. 2 at Margate. Bevan and his followers have indicated that they intend to stage a bitter struggle at the conference against the go-slow policy on nationalization advocated by the party's dominant moderate wing led by Clement Attlee and Herbert Morrison.

"It is inevitable that a party of the left is always going to make more row than a party of the right," Bevan said.

"Do not be too much influenced by all the headlines in the newspapers about disunity and differences of opinion inside the labor party.

PARTY OF MILLIONS

"We are the party of millions of people, and when we are making up our minds about what to do, it is inevitable that millions of people make an awful noise."

Bevan had this comment to make upon recent developments in western Germany:

"We have now let loose inside Germany many of the same elements which led to the rise of Hitler, financed by the same people, and we may still have to pay the price.

"I am astounded by the complacency of the editorial writers in the British capitalist press who are as stupid as ever they were. They don't seem to relize that what is happening inside western Germany may lead to a repetition of the hideous story of the inter-war years."

Egypt's Former Premier Arrested

CAIRO (AP)—President Mohammed Naguib's government arrested former premier Mustafa Nahas, his wife and 12 other one-time Egyptian bigwigs today. All 14 face trial before a special court created to deal with "traitors" to the revolutionary regime and corruption during the time of former king, Farouk.

No specific charges were announced against any of the 14. It also was not known when they would appear before the court.

Orthodox Will Not Open Homes To Sons' Children

BRILLIANT — Orthodox Doukhobors have turned down a request that they adopt the children of imprisoned members of the Sons of Freedom sect.

A letter was read at a meeting here Sunday from the Freedomites, asking the Orthodox group to provide foster homes for the 103 children of 144 persons now facing trial in Vancouver on charges involving nudism.

The adults were arrested following demonstrations against the British Columbia government's insistence that they send their children to school.

Spokesmen at the meeting pointed out that the Orthodox Doukhobors have no objection to education and foster children would be sent to school as a matter of course.

"Why don't the Sons of Freedom send their children to school and avoid all this trouble?" they asked.

It also was suggested that the children, now being cared for at a converted Sanatarium at New Denver, should be placed in Freedomite homes, rather than Orthodox.

John Verigin, secretary of the Union of Spiritual Communities of Christ Orthodox Doukhobors, was present at the meeting. The group includes some 7000 of the province's 10,000 Doukhobors.

COLDEST STATE IN U. S.

FRASER, Colo. (AP)—Colorado was the coldest state in the United States early Monday.

Fraser, where President Eisenhower spent a week of his Colorado vacation trout fishing and loafing, reported 15 degrees above zero. Next coldest were Big Piney, Wyo., with 25, and Eagle and Ledville, Color., both with 29.

The historic English sport of baiting bulls by dogs was abolished by law in 1835.

Cemetery Taken Over by Village

FRUITVALE — The Fruitvale cemetery will be turned over to the village for operation.

At a meeting of shareholders, plans were made for dissolution of the company. Authorization was given President R. F. Davis and the secretary to wind up the company's affairs.

The Fruitvale Cemetery Company was formed early in 1919 by several of the early district settlers. Five acres of land was procured at that time on the Columbia Road about half mile from the townsite. Difficulty in raising funds for improvement purposes was the chief reason the cemetery was turned over to the Village.

OXFORD, England (CP) — A new American radio base is to be built at nearby Groughton to speed communications for jet plane movements.

Take It Easy And You'll Get There

An automobile operator and a highway are considered equally guilty in compiling the fatality records, according to recent safety studies.

The Automobile Manufacturers' Association, the United States Bureau of Public Roads and others believe that from a third to a half of the lives might be saved by road improvements, including elimination of sharp curves, blind hill crests, intersections and buildings too close to the highway, and by better lighting, wider pavements and one-way traffic rules.

Those things would help, although removing all hazards from all the roads in the country is hardly a practical idea, both as to the expense and time that would be necessary to do the job. The removal of all blind hill crests alone is a project that staggers the imagination.

Certainly some changes ought to be made on the worst highway death-traps.

The fact remains there is little danger for motorists who drive carefully and do not meet other motorists driving recklessly. The number of cars in use increases each year, and the manufacturers are building them for faster and faster speeds; but anyone who continues to go where he wants to go at a reasonable speed, while constantly alert for trouble up ahead, is almost certain to get there soon enough and in one piece.

Watch That Trigger

There should be no need to urge sportsmen to continue their safety vigil. Protect yourself and your friends by seeing that your gun is never loaded in a car, that the safety catch is on in the field, and that in firing at birds, that the shot will clear well away from persons known to be in that area.

Another good rule to follow, as well, is to get the permission of farmers on whose lands hunting is to be done. Few farmers will object if permission is sought, gates are put back in position, crops protected. The goodwill of farmers is essential at all times, and it should be cultivated to the last degree.

Play safe every day of the hunting season.

The Greatest Means

The spectacle of a nation praying is more awe-inspiring than the explosion of an atomic bomb. The force of prayer is greater than any possible combination of man-controlled powers because prayer is man's greatest means of tapping the resources of God.

—*J. Edgar Hoover.*

"Decision is a sharp knife that cuts clean and straight; indecision, a dull one that hacks and tears and leaves ragged edges behind it."—*Gordon Graham.*

Unanimous Vote

A unanimous vote is one in which there is not a dissenting voice.

The ground is laid for such a vote when Jones is proposed for the new president of the organization. It gains headway when a person whose judgment is respected remarks confidentially that Jones will never do.

Jones, in the judgment of that person, lacks experience, has no force of character, is under obligations to undesirable elements which undoubtedly will control him. In short, he could not be a worse choice for the job.

* * *

A unanimous vote advances further when the person whose judgment is respected declares that every possible effort must be made to defeat Jones. He proposes Brown as a rival candidate. He gives publicity to Brown's virtues, his rare administrative talents and his honesty, which, he states pointedly, is not to be found everywhere. He builds up a respectable following for Brown.

* * *

A unanimous vote takes another step when the campaign gets into full swing. By now everybody knows this is a fight to the finish, with no holds barred. Jones is charged with double-dealing, failure to keep promises and corruption.

It is freely prophesied that if Jones is elected he will wreck the organization. Jones' private life is exposed. He is condemned as an unfeeling husband and father and an undesirable neighbor. It is freely stated by those opposed to him that they wouldn't vote for Jones for dogcatcher.

* * *

A unanimous vote nears when the election is held and the ballots are cast and counted by the judges, and, in spite of all the things that have been said, one is elected by a narrow margin. It arrives when the most ardent of one's accusers, who pulled none of his punches, rises from his seat and with a benign smile shouts: "Mr. Chairman, I move the vote be made unanimous."—Vancouver News-Herald.

Common Flowers

The experts among the amateur gardeners go in for all sorts of fancy flowers with long names and special times for blooming and all the rest of it. Some of these get magnificent results and have gorgeous displays in their front or back yards. They delight to have neighbors and friends view the results of their handiwork.

But for the ordinary person who does not have too much time to spend in the garden, there are common flowers that will give plenty of color all through the summer and autumn.

There are flowers like the petunias, cannas, nasturtiums, marigolds and similar blooms. They are hardy and they get in flower soon after planting. Best of all, they keep right on blooming for all they are worth right up to frost. People can pick them and the beds are again a riot of bloom before very long.

Maybe some of these flowers get a look down the nose from the experts who want something odd and different. But, for the chap who just likes to see plenty of color and lots of it, the common flowers fill the bill nicely. An inexpensive packet of seeds can produce a summer of beauty.

Gems of Thought

EDUCATION

Education is the knowledge of how to use the whole of oneself. Many men use but one or two faculties out of the score which they are endowed.—Henry Ward Beecher.

* * *

Education is our only political safety.
Outside of this ark all is deluge.
—Horace Mann.

* * *

All education should contribute to moral and physical strength and freedom.—Mary Baker Eddy.

* * *

Education makes a people easy to lead, but difficult to drive; easy to govern, but impossible to enslave.—Lord Brougham.

* * *

An educated man is not necessarily a learned man or a university man, but a man with certain subtle spiritual qualities which make him calm in adversity, happy when alone, just in his dealings, rational and sane in all the affairs of life.—Ramsay MacDonald.

It's Been Said

Though all the winds of doctrine were let loose to play upon the earth, so Truth be in the field, we do ingloriously, by listening and prohibiting, to misdoubt her strength. Let her and Falsehood grapple: who ever knew Truth put to the worse in a free and open encounter?—John Milton.

? Questions ? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

Interested, Nelson—Would you please print name and address of the business college in Nelson, and the phone number?

Nelson Commercial Training School, Front Street, Nelson, phone 1794.

Gardener, New Denver—Can anyone tell me how to get rid of buckweed in my garden?

A gardener we know says he has been trying to get rid of it for 30 years. Apparently the only thing to do is to keep it down by pulling up the young plants in the Spring, and, should any escape, eliminate them before seeding. Chemical sprays that would kill the buckwheat would also kill everything else near it. We are sorry to be so depressing.

Just Curious, Cranbrook—Have they ever had 3-D shows in the States before the present films? If so, when, and where?

Three-dimensional films, viewed through special glasses, were shown in many places in Canada (including Nelson) and the United States. This is the third or fourth time such films have been distributed. The latest pictures are, of course, an improvement on the earlier ones.

Housewife, Passmore—Please print recipe for canned corn, cream style.

Is there another reader who can help?

Press Comment

We don't need to worry about foreign capital flowing in, says the Quebec L'Evenement Journal. "If foreign capital benefits by exceptional security in Canada the profits it returns to its owners are not enormous. In addition to helping the development of the country, it contributes largely to the upkeep of the State. Taxes do not overlook it. Furthermore, in a few years foreign capital becomes really naturalized. It becomes Canadian capital."

Homes are not the first consideration with the majority of young people today, mourns the Owen Sound Sun-Times. "Unfortunately, the system of leaving the purchase of a home and the essentials to go with it, last, or nearly last, is not sound economy nor is it conducive to strong, healthy, sound young people for the coming years."

Their town has been fortunate in its industry, thinks the Gananoque (Ont.) Reporter. But many a town "that welcomed an industry with open arms many years ago has spent the rest of the time regretting the presence of a gouging, community-wrecking monstrosity that stays aloof from the community life, supports nothing outside of its own profits, and maintains an effective lobby to keep taxes down and other industries out."

Texas Is Wonderful

Texans always have known that their state is wonderful, but have had some difficulty in convincing the rest of the United States—and the world—that it is wonderful as they think. But it is wonderful. The most recent proof arises from a prolonged drought which burned up the pasture lands of many ranchers.

They began looking for new grazing grounds—and discovered 6,000,000 acres in an area which had been designated as a "forest". They believe that another 25,000,000 acres of such pasture may also be found, if they look hard enough. So Texans now go prospecting for pasture.

Unlike prospectors who hunt for metals with magnetometers and Geiger counters, the Texas rancher gets a resources map of his state and puts circles around large tracts marked "forests". Then he puts a halter on a hungry steer and leads him to the area. When the steer drools, he has struck it rich. Wonders never cease in the Lone Star State.—Toronto Globe and Mail.

Your Horoscope

Everything looks bright — romance and work — so do not feel anxious, but keep an eye on your finances, nevertheless. Today's child may display strong likes and dislikes, and be somewhat quick-tempered, although a generally happy and popular individual.

Capital Memo

BY JAMES K. NESBITT

VICTORIA—The mask of politeness that has so far this session fastened itself onto the Legislature may be gentlemanly and higher and finer, but it's apt to make for dullness.

The House has been sitting now for a week, and we've heard practically nothing but compliments, one side to the other. A whole week and not a cat-call or a howl of derision or an insulting remark. The tone may be lifted, but the entertainment value is almost nil, and so the galleries soon become bored and go to sleep or melt away.

Perhaps this politeness is natural enough this session. There won't be an election for four years, and so it's not necessary to impress the public with political oratory, desk-pounding, nasty name-calling, vocal gymnastics and fireworks.

Everybody's feeling sorry, so terribly sorry, for poor Attorney-General Bonner because he has to bring in a new Liquor Act. Politicians hate the very mention of the word liquor. Liquor can get politicians into awful hot water with the voters.

CCF chieftain Arnold Webster was sorry for the poor A.G., Liberal leader Laing was sorry for him, and so was Conservative house chief Larry Giovando, all sorry for Mr. Bonner about liquor. You see, they are probably getting ready to blame Mr. Bonner if anything goes wrong. It'll be all his fault!

Mr. Bonner looked somewhat astonished at this mass sorrow for him, but doubtless saw through it. He didn't appear one bit sorry for himself, as he listened to the opposition sorrow for him. He was glad of the oppositions' tears for him, and hoped they'll all be mopped up in time for some opposition co-operation when the Liquor Act gets into the House. If Mr. Bonner gets this co-operation he'll know then the opposition tears weren't crocodile.

NANCY THERE

Premier Bennett was filled with politeness, too, when he gave his Policy Speech. He spied Mrs. Nancy Hodges on the floor of the House, loyal Nancy, one of the few Liberals who turned up to hear their new chieftain, Mr. Laing, make his maiden legislative speech. If Mr. Laing had won his gamble and become the Liberal Premier, why, then, the galleries and guest seats on the floor of the House would have been bulging with beaming Liberals, many with their hands out.

Anyway, Mr. Bennett, with that gallant smile of his, pointed out Mrs. Hodges to the House. He said she was a fine Madame Speaker, had made a great contribution to B.C. One couldn't help but wonder why, if Mr. Bennett is convinced of this, he did his best to defeat Mrs. Hodges. Such, of course, is politics!

Beaming at Mrs. Hodges, the Premier recalled the happy old days of Coalition, when he and Mrs. Hodges, he said, worked so harmoniously together for the good of all. And he knew that everyone was glad, just delighted, to see Mrs. Hodges looking so well.

However, the Premier didn't go so far as to wish that Mrs. Hodges will one day be back in the House. Mrs. Hodges looked pleased at all this attention, though, being a good Liberal, she's probably quite convinced Social Crediters are just a bunch of upstarts who'll do the province no good.

The Premier held up Mr. Uphill of Fernie and Mr. Winch of Burnaby to new MLA's, his own side included, as shining examples of faithful and honest service to the public. He said how sorry he is that Education Minister Tilly Rolston and Finance Minister Einar Gunderson haven't seats in the House, but don't worry, have no fears, he said, they soon will have. By-elections, you know! This was in answer to CCF chieftain Webster who the day before said that surely the Premier could find an education minister and a finance minister from among his 27 House supporters.

The Premier, however, is a stubborn man; he's loyal to Mrs. Rolston and Mr. Gunderson, he's determined to get them into the House if he can, and so there'll be by-elections. Once more the Premier will take one of those political gambles that have so far paid off so handsomely for him. When will his luck run out? He said Friday that if Social Credit does its duty it's in for 50 years.

Mr. Bennett said how pleased, how delightful, how almost overjoyed he is that CCF chieftain Webster, Liberal leader Laing, and Conservative house boss Giovando (who has only himself to boss) were elected. Yes, it's good, said the Premier, to have Messrs. Webster, Laing and Giovando in the House.

TWO-PARTY SYSTEM BEST

Then he promptly announced Social Credit, plans he hopes will keep Messrs. Laing and Giovando, and all other Liberals and Conservatives out of the Legislature for all time — for those 50 years, anyway. He announced the alternative voting system will be scrapped. He said the two-party system is best — and the two-party system, to his way of thinking, is made up of SC and CCF.

The Premier was still polite, but cruel and quite factual, when he told the one Conservative and the four Liberals that if the old system of voting just one X had been used last June, they wouldn't have been elected, and there wouldn't be a Liberal or a Conservative in the House. Contemplation of this fact gave the Premier some political joy.

Doctors Gather For CMA Meeting

VANCOUVER (CP) — Between 400 and 500 doctors and their wives moved into Vancouver Monday for the annual convention of the B.C. division, Canadian Medical Association.

And though the sessions don't actually begin until today, about 100 general practitioners from all parts of the province are meeting to write a prescription for raising standards of the "family doctor."

TO SET UP ACADEMY

With Dr. J. F. Sparing of New Westminster in the chair, the General Practice Section of the association, will deal with a constitution that will set up the first Academy of General Practice in Canada.

The Academy would provide facilities for post-graduate work and the constitution will insist on "family doctors" taking brush-up post-graduate study at specified periods.

Details have yet to be ironed out, Dr. Sparling said, and the academy still is in the formative stage. The idea also will be discussed by the general convention.

Atlantic Gales Speed Air Service

LONDON (Reuters) — Air services from New York were arriving at London airport well ahead of schedule Monday, helped by 130-mile-an-hour gales over the Atlantic.

A British Overseas Airways Constellation touched down four hours, 44 minutes ahead of time. Other air services ran up to two hours ahead of schedule.

Weather forecasters said Britain would be swept by gales and squally showers during the next 48 hours. Ships along the southwest coast were running for shelter.

DEATHS

By The Canadian Press

Halifax—Dr. Herbert L. Stewart, 71, professor emeritus of philosophy at Dalhousie University and radio commentator on world affairs.

Vancouver—Canon H. L. Roy, 78, pioneer in the Church of England ministry and noted Canadian authority on chess. Canon Roy, was a former president of the Chess Federation of Canada.

Table mountain overlooking Cape Town, so called because of its flat top, rises 3640 feet.

Letters to The Editor

Letters to the editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole, or in part, except over the signature and address of the writer. Unsolicited correspondence cannot be returned.

End Communal Way

To the Editor:

Sir—About two years ago I suggested through the Press that, in my opinion, the only apparent solution to the vexatious Doukhobor problem was to get them away from their communal way of living. To many this would appear an undemocratic infringement upon their freedom to live as they choose but after all the facts are considered it would appear to be the only way out of a very difficult and costly problem.

As it now is Sons "demand" title to land and property without payment or even a thank you and also without accepting our established laws and customs.

Place each family or individual say at least 100 miles apart across Canada and the awful circumstances and results that have gone on for so long would vanish almost overnight.

If separated each person or family would soon be on their own resources, would have to behave themselves and become assimilated as Canadians. The constant close contact with the power, dictation and influences of their leader, leaders and followers is the real source of the trouble. If widely separated a better watch and control over their actions could be maintained, the young and the old would eventually appreciate the advantages to obtained in adhering to our Canadian way of life.

I know the B.C. Government committee with president of UBC at its head turned down this suggestion, but, as stated I still firmly believe that an enforced stopping of communal living on those who disobey our laws is the answer.

FRANK H. PARTRIDGE.
151 Beach Drive,
Victoria, B.C.

MOBS RIOT AS NATIVE BOY KILLED

DURBAN, South Africa (CP) — Mobs of natives set fire to eight Indian-owned stores and damaged and looted at least six others in a wave of rioting in Cato Manor — a native shanty area near Durban—Sunday night after an Indian bus killed a native boy.

Police fire don looters and one native was shot dead in the act of setting fire to a shop.

The riots were touched off, eyewitnesses said, when a native boy tried to board a moving bus, owned and driven by an Indian. The boy fell under the rear wheels and was killed.

The Indian driver ran to telephone a police station as hundreds of angry natives gathered at the scene of the accident.

Police who rushed to the spot found that the bus had been set on fire and several Indian shops were ablaze.

One of Canada's Oldest Twins Dies

VANCOUVER (CP)—One of Canada's oldest twins, Mrs. Mary Ann Foote, 88, died at her home here Saturday.

Mrs. Foote and her sister, Mrs. L. A. Mackenzie, were born in Stratford, Ont., and when seven years old in 1871 travelled by Red river ox cart and canoe to Winnipeg.

Mrs. Foote came to Vancouver in 1890.

Churchill Reported In Excellent Health

CAP D'AIL, France (Reuters)—Prime Minister Sir Winston Churchill Monday strolled in warm sunshine in the garden of Lord Beaverbrook's Riviera villa before settling down to work on state papers.

The Prime Minister, here for a vacation as guest of the Canadian-born newspaper publisher, was up early this morning despite a late night. He was reported in excellent health.

U. K. Calls Off Maclean Search

LONDON (Reuters)—Britain has called off its search in Switzerland for Mrs. Melinda Maclean, wife of a missing British diplomat, the foreign office disclosed Monday.

A spokesman said British security officers who flew to Switzerland last Monday to investigate Mrs. Maclean's disappearance with her thre children from Lausanne three days earlier had returned to London.

He declined to say whether the officers would set out again for a different part of Europe. But the Swiss phase of the search has ended, the spokesman said in reply to a question.

OFFICIAL VIEWS

The spokesman's comments were the first official views on the search for the 37-year-old wife of Donald Maclean, former chief of the foreign office's U. S. section. Maclean vanished after crossing by ferry to north France May 25, 1951. The spokesman said it was likely Mrs. Maclean crossed from Switzerland to Austria. He said it was thought she travelled in an easterly direction.

The prevailing theory voiced by the London press is that Mrs. Maclean has joined her husband behind the Iron Curtain.

Had your aluminum today?

CHANCES are you have, because practically everything we eat — grains, vegetables, meat, milk, eggs — contains aluminum. This is not surprising, since one-eighth of the earth's crust is aluminum.

Aluminum is most readily available commercially, however, in the form of bauxite ore. Alcan ships this ore from South America to feed its pot lines at Arvida, Isle Maligne, Shawinigan Falls and Beauharnois, P. Que. When the huge new Kitimat development is completed in B.C., refined ore will be shipped up the West Coast from South American or other abundant sources. Aluminum Company of Canada, Ltd. (Alcan).

Fruitvale LA Plans Bake Sale

FRUITVALE—Mrs. F. Frike was hostess to members of the Lutheran Ladies Aid when plans were finalized for a bake sale early in October.

The members will serve lunch to the congregation attending the Mission Festival at which principal speaker will be Rev. A. Lewis of Tonasket, Wash.

Rev. F. Fricke gave an interesting address on the aims and ambitions of a church society. A discussion on forming a branch of the Luthern Women's Missionary League followed. A report on a Trail meeting was given by Mrs. E. MacIsaac.

The first automobile powered by steam was produced by the French inventor Nicholas Cugnot in 1769.

Joined in matrimony at an impressive nuptial mass in the Cathedral of Mary Immaculate were Laquita Joy, daughter of Mr. and Mrs. Bennie Schneider of Nelson, and Maurice Bouillet, son of Mr. and Mrs. L. Bouillet of Harrop.

A trio of bridesmaids attended the charming bride, Gaylia Schneider, Darlene Ward and Vivian Bouillet. Arvid Schneider was best man, and Ray and Dennis Bouillet ushers. Ring bearer was four-year-old Darvin Schneider, nephew, and flower girl was Linda Lou Schneider, niece.—Renwick photo.

Mr. and Mrs. Boudreau To Reside in Nelson

The home of Mr. and Mrs. Albert E. Jones, 920 Falls Street was the scene of a lovey double ring wedding when Nihla Ardene Jones, only daughter of Mr. and Mrs. Albert E. Jones, and Louis Joseph Boudreau, only son of Mrs. J .E. Boudreau, 1060 Rochester Road, New Westminster, were united. Rev. A. R. T. Dixon of Trinity United Church officiated.

The bride given in marriage by her father was lovely in a floor length bouffant style gown of white rayon lace and nylon net over white rayon satin with lily point sleeves. Her floor length veil was of rayon net held by a floral halo. Her shoes were white satin pumps and she carried a bouquet of red and yellow roses and maiden hair fern tied with a satin bow.

Mis June Sutherland, maid of honor, wore a floor length formal of pink net over pink satin. Miss Patricia Davidson, bridesmaid, wore a floor length formal of mauve net over satin. Miss Loretta Sutherland, bridesmaid, wore a floor-length formal of pale blue net over satin. They all carried bouquets of white gladioli. Miss Lorna Craig in blue and scarlet nylon lace played the music for the wedding.

Attending the groom was Mr. Edmund L. Jones, brother of the bride. Mr. Emile Marriner of Edmonton, Alta., was usher.

The reception was held in the home of the bride's parents after the ceremony. The house was decorated with white streamers and bells, and large vases of gladioli and dahlia.

A toast to the bride and groom was given by Mr. Dixon and a toast to the bridesmaids by the best man. The bride's gift to the bridegroom was a cigarette lighter, the bridegroom's gift to the bride was a golden locket and to the bridesmaids and the maid of honor and Miss Craig, earrings. To the best man and usher he gave tie clips.

The bride's going away outfit was a mauve suit, gold coat and gloves and amber reptile skin shoes and bag.

Their honeymoon was a motor trip to points of the United States.

They will reside at the Kerr Apartments in Nelson.

Out of town guests were Mrs. J. E. Boudreau of New Westminster, mother of the groom, Mrs. E. Vachon of Vancouver, sister of the groom and Mr. L. F. Hascarl, Sr., of Nakusp, grandfather of the bride.

"Burnt-Orange" Is Latest Sherard Color for Fall Wear

LONDON (Reuters) — "Burnt orange" is designer Michael Sherard's new color for the fall and winter season and a very attractive color it is, too—combined with grey or black.

One of the most striking models in his fall collection is a ball gown with full outstanding skirt in which the burnt orange shade is used with black.

The fitted strapless bodice and two wide loose panels partially covering the skirt are in black velvet. The billowing skirt is in burnt orange poult shot with black. With the dress goes a long wide black velvet stole lined with the same shot poult.

EVENING ELEGANCE

Another luxurious-looking ball dress is made entirely of black velvet, with a simple, fitted, strapless bodice and billowing floor-sweeping skirt. A black chiffon sash ties at the back in a huge bustle-like bow.

One highly-practical and very chic "three in one' 'outfit consists of a short, full, burnt orange coat with wide sleeves and the newest dipping-at-the-back hemline, which has the advantage of being designed to fit any figure, worn over a suit in fancy grey shot orange worsted. The suit has a sleeveless, square-necked camisole top in the same material and looks exactly like a dress when worn with a wide sash of burnt orange satin.

Only two evening models depart from the burnt orange and black or grey theme. One is a lovely rich purple velvet evening gown with a full skirt and a cape collar high at the back and low in the front, on a fitted bodice. The other is a youthful-looking printed cotton ball dress with two shades of green ivy leaves in trails on a white background.

One daytime model also omits the burnt orange theme. It is a rose red velour top coat trimmed with black Persian lamb, worn over a matching wool georgette day dress.

JACQMAR COLLECTION

Suits cosy enough to be worn on the coldest winter day without a topcoat are featured in a collection by Jacqmar, well known also for fabrics.

One smart yet warm model is in a rough, hard-wearing tweed in several shades of green woven with black and white. Another has a red and black knobbly barrel-shaped jacket and a straight all-black skirt.

Characteristic of this practical collection, confined to suits and coats, are its three-piece ensembles consisting of a warm topcoat worn over a suit in matching but lighter-weight fabric. One delightful ensemble consists of a milk chocolate brown topcoat in a fine diamond weave velour worn over a darker brown tailored suit.

In another, the full topcoat in black tweed flecked with yellow matches a suit in yellow flecked with black.

A smart town ensemble consists of a black barathea princess coat with velvet collar and pockets worn over a matching black suit.

SHOWER FOR MISS MARCHI

FRUITVALE — Mrs. Oscar Johnson and her daughter Delphine entertained in honor of Miss Dianne Marchi, September bride-elect. Pink and white streamers decorated the living room. Miss Lucille Plamondon and Miss Johnson presented the gifts after an enjoyable evening of games. A delicious luncheon was served.

FRUITVALE — Mrs. C. Patterson and Mrs. F. Peitzsche were nominated official and fraternal delegates to the Zone council meeting at a meeting of the Ladies Auxiliary to the Canadian Legion here.

Branch President Charles Lilydale gave an interesting address on Legion matters. He informed the LA that a new kitchen would soon be ready in the Legion hall.

Love Problems . . .

Girl With Alcoholic for Mother Must Leave Home

By JANE ATKINSON

Of all the tragic things about which people write to me, the very worst, I think, is a mother who abuses a child either physically or mentally.

Any mother so unnatural, of course, is a sick woman emotionally, and in serious need of help. The difficulty is, however, to get such a person to realize this, and to be willing to seek the help she needs.

If she cannot be brought to such a realization, then something should be done to make the child secure against her abuse. If the child is small, and unable to help itself, it should be taken from such a parent. If the child is old enough to make plans of its own, he or she should certainly do that.

The "child" I have on my mind at the moment is a child only in the technical sense. Actually, she is a young woman in her early twenties, who says: "My problem all my life has been my mother."

To begin with, the mother is an alcoholic, and her daughter tries generously to defend her by saying: "That's sad, I suppose, but nothing to be ashamed of, and I must confess she has improved a great deal."

She then goes on to explain what the trouble is that has made her "really desperate for help."

HARD TO BEAR

"What is hard to bear is my mother's general attitude, even when sober, towards everyone except my kid sister. We are a very large family, but all her love and affection is just for one. She will go out of her way to make a difference, especially, where I'm concerned. When I was a little girl, I begged mother for music lessons, but was always snapped at with 'Can't afford it.' My kid sister asked for the same thing and her music lessons began the next week. All my life it has been the same thing over and over again. No matter what my kid sister's faults are, mother covers them up, but she raves day and night about the faults of the rest of us and how she thinks we'll never be any good.

"When mother's on a drinking spree, she'll say the nastiest things to me, things you would never expect a mother to say. Things that break your heart.

"I work and pay my mother for room and board. Also, I buy little things for the house. But no matter how much I do, it's never enough. If I run a little short before pay day and ask to borrow a few dollars from her it's always a frown and 'I'll see.' But my sister, who is married and has a little girl, lives with us and pays little or nothing, because mother says she doesn't want to charge her too much."

DISTRAUGHT GIRL

Then, after explaining the background of the real reason why she writes to me, this distraught young woman goes on to say:

"I have a good chance to go away and start life anew; but I don't know whether to take it and have Mother say I left when she needed me, or to stay with her and keep on taking her harsh treatment. I am really pleading for your help and advice, because I am so very heartbroken and nervous. I was badly upset tonight by Mother and that gave me the courage to write."

As I see it, there is only one answer that can be made to such a desperate appeal, and here it is directly addressed to the writer:

If you have a chance to "go away and start life anew," by all means take it. Whatever your mother may say can hardly matter, since, apparently, everything she says anyhow is as unjust as it is harsh. If your mother needs financial help, possibly you can send her a little money from time to time, but you say elsewhere in your letter that so far as finances go, "we are on our feet with money in the bank." Your life has been overshadowed far too long by your mother's alcoholism and inhumanity. She herself needs help, but does not know it, and almost certainly would not listen to anyone who tried to make her see it.

So, you have a right to make a life for yourself, free of this tyrannical woman's domination. Take this chance, and start making it as soon as you can.

HONORED TEACHER

CAPETOWN, South Africa (CP) —Madame Naomi Pape has been created a fellow of the Royal Academy of Music, which has only 150 such fellowships throughout the world. The well-known music examiner is on the staff of the Potchefstroom Conservatory.

Recipes . . .

Eggs Make Dandy Fall Supper Dishes

By ALICE DENHOFF

For your consideration here are some simple yet effective supper dishes. These are in demand about now, we find.

First an egg dish with a nice tomato sauce, to serve four.

HARD COOK THE EGGS

Cut 4 shelled, hard-cooked eggs in lengthwise halves; press the yolks through a sieve or mash fine. Season with ½ tsp. salt, ¼ tsp. pepper and dry mustard. Add ¼ c. grated cheese, blending well, then a few drops of sour cream, if needed, to mix smoothly. Refill egg whites.

Ad tsp. grated onion and 2 tbsp. minced green pepper to 1½ c. tomato sauce, and heat together about 8 minutes. Arrange 2 c. cooked rice in greased, shallow baking dish. Press the eggs into it, and pour tomato sauce over. Sprinkle wtih ¾ c. grated cheese. Bake at 350 degrees F. about 20 minutes.

TUNA OR SALMON

For another such dish, eggs combine with creamed salmon or tuna, the recipe for 4 servings.

Combine one c. flaked canned salmon or tuna fish and 2 c. medium white sauce; cook together 15 minutes in upper part of double boiler. Add 4 hard-cooked eggs, quartered or sliced, one minced, canned pimiento, ¼ tsp. pepper and ½ tsp. celery salt. Serve on buttered toast with a light sprinkling of paprika.

For a variation, use as shortcake filling on hot corn bread or biscuits; or use in pastry cases.

Vegetables seem to have their fashion cycles, too. Just now zuchini or Italian squash seems to be high in favor.

ZUCCHINI CASSEROLE

Not content with its use as a vegetable, we have been receiving requests for recipes using zucchini in a main dish.

The following, served with crisp rashers of bacon, is delectable, and full of zesty flavor.

For 6-8 servings, use 1½ pounds zucchini. Wash and slice the vegetable. Add tsp. salt to c. water and bring to boil. Drop in sliced zucchini, cover and cook until tender—about 15 minutes. Drain and save the liquor.

Pan-fry 12-16 slices bacon. Make a white sauce of 2 tbsp. bacon fat, 3 tbsp. flour, ¼ tsp. salt, 1 c. liquor from zucchini and 1 c. evaporated milk. Place zucchini and ½ c. grated cheese with a few gratings of onion in a buttered casserole. Pour white sauce over top and cover with one c. buttered bread crumbs. Bake at 375 degrees F. until crumbs are brown—about 25 minutes. Serve with crisp bacon.

REAL HELP FOR

Your Itching Piles

OR NO COST

If Hem-Roid, an Internal pile treatment, does not quickly ease the itching soreness and burning pain of your piles—it costs you nothing.

Get a package of Hem-Roid at any drug store and use as directed. You will be pleased at how quickly your pile trouble is relieved. To Reside In Quesnel After Wedding Here

St. Saviour's Pro-Cathedral was the scene of a lovely wedding when Dorothy Adrienne Rodgers and Melvin Arthur Campbell were united in marriage.

The bride is the daughter of Mr. and Mrs. D. S. Rodgers of Nelson and the groom the son of Mr. and Mrs. Arthur Campbell of Penticton. Very Rev. T. L. Leadbeater officiated.

The bride was gowned in a three-quarter length white dress of nylon taffeta with net overskirt.

Miss Blanche McLean was bridesmaid and wore a three-quarter length gown of blue nylon taffeta and lace. Matron of honor was Mrs. Kathleen Mulligan who was gowned in a green nylon taffeta and lace dress.

Mr. George Mulligan and Mr. Frank Brotzel attended the groom. A reception was held at the home of Mrs. H. McLean of 818 Eighth Street.

For a going away outfit, the bride chose a turquoise wool suit. The couple wil lreside in Quesnel.

MUSTARD PICKLED ONIONS

3 lbs. peeled, sliced white onions
1 teaspoon salt
3 cups vinegar
3 teaspoons Colman's Mustard
2 cups granulated sugar
4 tablespoons mixed pickling spices

Cover onions with boiling water. Let stand for 10 mins. Drain. Cover with ice water and let stand for 30 mins. Drain, sprinkle with salt, place in hot sterilized jars. Tie spices in cheesecloth, place in uncovered pan with vinegar, mustard and sugar. Simmer for 10 mins. Remove spice bag and pour hot liquid over onions. Seal immediately. Makes 4 pints.

North Korean Pilot Lands MIG-15 At Kimpo and Surrenders to U.N.

By SAM SUMMERLIN

SEOUL (AP) — A daring North Korean pilot handed the Allies a sleek MiG-15 jet fighter — the deadly Red warplane for which the United States offered $100,000 last February.

The MiG's guns were still armed when it raced unheralded from North Korea and made a perfect landing at sprawling Kimpo air base near Seoul.

It was the first MiG to fall into Allied hands in Korea. The Russian-built, swept-wing fighters never left their own air over Red territory during the war.

The UN command said the $100,000 reward offered for the first MiG to bolt to the Allies is still in effect.

NO REACTION

There was no quick reaction from the Communists.

In Tokyo, Gen. O. P. Weyland, Far East Air Forces commander, said the flier was a North Korean.

Weyland announced the jet was from a "North Korean air unit. It is being studied by U.S. Air Force officers."

The pilot's name will not be revealed unless he personally consents.

The pilot disappeared behind a tight wall of secrecy and Kimpo air base was closed to everyone but authorized military personnel.

A psychological warfare colonel near Seoul said American Sabre jets met the MiG over the southern boundary of the demilitarized strip across the Korean peninsula and escorted the Red fighter to Seoul.

An American pilot who met him said the flier pulled a picture of a girl from his blue flying suit and tore it up. The American pieced together the shreds of the picture, which he said "looked like a North Korean."

SMILING AND HAPPY

Col. Don. P. Hall of Kingsville, Tex., commander of the 4th Fighter-Interceptor Wing, said the pilot was "smiling and very happy it was over with."

Hall said the MiG pilot got out of his plane and immediately saluted U.S. Capt. Cipriano F. Guerra.

"The captain was quite surprised," Hall said. "He got out of his Sabre jet and walked over to the MiG-15, a crewman threw sandbags under the wheels.

"The MiG pilot shook hands with all the men.

"The captain pointed toward the gun on the MiG and the MiG pilot turned off the switch. Air police immediately surrounded the plane."

Asked why the pilot brought the MiG, Hall quoted him:

"I'm happy to leave communism."

"It is believed he knew of the reward," Hall said.

ENGLISH WORDS

The pilot's first words were reported to be "O.K." His only other word in English was "no."

The pilot was armed, but he turned over his loaded pistol to Guerra.

Hall said the Red pilot is about 25 years old and an officer.

Hall said the plane may be taken to the United States for testing, but indicated this had not been decided.

The MiG is not the first to fall into Western hands — two others were landed in Denmark by bolting Polish pilots — but it is the first ever taken in Korea and the first the West can keep for a thorough testing.

The two MiGs flown to Denmark were damaged in landing. They also had to be given back to Poland.

Apparently the MiG surrendered in Korea will be considered a war prize.

Where on Earth

Is The Toughest Paint Job?

By TED ATWOOD

8-4-53

WHEN Tom Sawyer had to paint that old board fence, he found it easy to lure sidewalk spectators into taking an active part in the job. But it's a long mile from Missouri to Paris, where it's absolutely certain there will be no audience participation in the toughest paint job on record.

This particular piece of work requires not only skill, but courage as well. For the object on the receiving end of the brush is no less than the 984-foot Eiffel Tower. Though spray guns would seem better suited to the monument's giant height, they are taboo because of the delicate tracery of the ironwork. Instead, sixty painters will spread on 70,000 pounds of paint with 1,200 short-handled nylon brushes.

The famous tower had its birth when Gustave Eiffel, a brilliant French engineer, designed it for the International Exposition in Paris in 1889. At first, Victorian opinion censured the revolutionary steel structure as a "vulgar monstrosity." With the years, however, residents of the French capital became increasingly fond of it, and today its silhouette is as characteristically Parisian as bookstalls along the Seine and pretty girls with flowers in their hair.

Actually, the paint job is a regular chore which turns up on the Eiffel agenda every seven years. But this time the painters are applying a "new look" in the form of a three-tone finish. When the work is complete, the steel structure will shine golden brown on top, a shade darker in the middle and even darker at the base. The reason for the new color scheme? It will, say French decorators, create the perfect complement to the blue Paris sky.

POLICE DENY CHURCHILL DEAD

CAP D'AIL, France (Reuthers)—French police have denied rumors said to be circulating abroad that Sir Winston Churchill, Britain's prime minister, is dead.

The prefecture of the Alpes Maritimes department at Nice issued a statement Sunday night that Churchill's health is causing no anxiety after talks with British detectives guarding the vacationing prime minister.

Churchill had a quiet Sunday lunch Sunday in Lord Beaverbrook's villa, where he is staying here. His guests were author Somerset Maugham, Sir Gerald Kelly, president of the British Royal Academy, and Lady Kelly.

Europeans Doubt Rumors of Beria

LONDON (Reuters)—A spokesman for the foreign office said Monday he had no knowledge of recent press reports that Lavrenty Beria, former Soviet minister of the interior, had escaped from Russia.

In Paris, French foreign office officials said they were "most sceptical" about the reports. They said the Soviet police force must have changed its methods "if a well known figure like Beria managed to make a getaway."

CLASSIFIED ADS GET RESULTS

Beria Believed To Have Escaped

WASHINGTON (AP) — A high United States Senate source says Senate investigators are convinced that Lavrenty Beria, deposed czar of the Soviet secret police, has escaped from Russia and is hiding, in terror of his life, in a neutral European country.

An equally high source in another department of the government was deeply skeptical of the report, however, saying the chances of Beria's having broken through the Iron Curtain were "one in a million."

The Senate source said Sunday the mysterious fugitive has been in contact with agents of the Senate investigations sub-committee, that he has asked for political asylum in the United States and is willing to trade the Kremlin's secrets for a refuge from Red assassins.

"Personally, I would not be at all surprised if it developed that the man is Beria, that he finds at least a temporary haven in this country, and that he gives us a great deal of valuable information —if he can be kept alive," this source told a reporter.

Elsewhere, informed American officials said they knew nothing at the present time which leads them to believe that Beria has managed to get out of Russia.

The Senate source predicted the state department would issue a statement on the matter "in the very near future."

LEAFLETS SMEAR MALENKOV

BEIRUT, Lebanon (AP)—Police have reported a mysterious smear campaign against Prime Minister Malenkov of Russia, is spreading in Lebanon. They expressed belief Sunday that it was sparked by Communists loyal to ousted police czar Lavrenty Beria.

The anti-Malenkov drive was first uncovered with the arrest of an unidentified man in a Lebanese village. Leaflets found on him spoke of "the socialist proletariat loyal to the principles of the great Stalin" and then belabored Malenkov.

Since then, police said, thousands of leaflets have been thrown from rooftops in Beirut and other Lebanese towns attacking Malenkov and praising Stalin.

Authorities expressed belief the leaflets were inspired by loyal Beria followers or independent left-wingers with a grudge against the present Kremlin hierarchy.

The leaflets said Malenkov began his rule by purging the Soviet state machinery of Stalin's loyal supporters — apparently alluding to Beria and his henchmen — and was leading the Russian nation "into a new policy — a policy of war and destruction."

Lebanon is believed to have the largest Communist organization in the Arab world.

$1,000,000 Bridge Destroyed by Fire

LOS ANGELES (AP)—The $1,000,000 Rosecrans Avenue bridge over the Los Angeles River, dedicated only last Aug. 15, was partially destroyed by fire Sunday.

Sections of the 1000-foot span buckled and collapsed in the intense heat as a column of black, oily smoke rose more than 2000 feet into the air. The flames burned out heavy timber understructure and twisted the stel framework.

Investigators of the fire department's arson detail said they believe the blaze was started by tramps or by horseback riders who use the dry river bed as a bridle path.

Around the KOOTENAY in Sport

By LEN WALKER

Is fastball the greatest drawing card in Nelson?

One would think so especially on hearing the price they pay for the Recreation Grounds.

At the start of the season the softballers paid a straight fee of two dollars per player. The baseball Leafs paid a straight $15 a game and the Outlaws 15 per cent of their gates.

This looks fair enough and yet when the Humes asked for and got the baseball diamond Sunday to play the Castlegar Cubs they were told they would have to pay 30 per cent. Imagine having to pay that amount and getting nothing in return.

For a baseball game the field is lined out and put in top playing condition by the grounds staff. When the baseball game was finished the Humes had the field and what did they get for their 30 per cent? They had to put in the pitching rubber themselves, draw up the lines and get things in playing condition.

On top of this they, like the other teams, had to foot the bill for the umpires as well as getting new balls for the game. If this is the way fastball teams are to be treated it's a wonder the sport doesn't fold.

The Humes with the other teams in the league dished up a grand style of ball for the fans this year and their showing against Castlegar proved that with a little more practice they could do well in the highly-touted Trail league.

Their treatment on occasions is rough enough, but the West Kootenay champion Royals get it even worse. They can never rely on getting the use of the grandstand diamond despite arrangements, championship games or come what may.

• • •

AROUND AND ABOUT

It looks like the Nelson hockey club has missed out on a good thing.

Only recently Earl Jorgenson, who did everything but swallow pucks last season while tending the nets for the Jaycee team in the Commercial Hockey League, signed to perform the duties for another season.

Earl, they tell me, instead of being paid to play pays the team the grand sum of two bucks for the honor of donning pads. If this isn't a money saver to a hockey club then I've missed my guess.

• • •

Word out of Vernon has it that both Jackie Miller and Dick Butler have signed to play with that Okanagan club this semester. Both played last season with the Spokane Flyers in the Western International League.

Three players from this league have gone to the Okanagan. John Sofiak, last season's net minder for the Trail Smoke Eaters, signed earlier with Vernon.

Could be that the Nelson boys will be rounded into shape early this season. Word has it that Ed Kelter, recreation director for Nelson, will put the fellows through some stiff gymnastics.

BCHA Puts Halter on Players Raiding; Junior Playoff Added

RED MATTHEWS

. . . has been signed by the Kimberley Dynamiters to play this season after the last couple of years in England. Before going to England Red played one season for Eddie Wares in the green and white of the Nelson Maple Leafs. He is also a fine baseball player, having had a tryout with Seattle in the Pacific Coast League. He played baseball with Kimberley this past summer.

PENTICTON — Dr. Mel Butler of Kelowna was elected president of the BCAHA at their annual convention here. He succeeds Dr. Giovando of Nanaimo.

Ed Benson of Trail was elected first vice-president and Jack Ryan, Nanaimo, second vice-president.

The constitution was amended to allow for the election of six, instead of five district representatives on the executive body. Elected were: E. J. Zack of Kimberley; C. W. McLean of Trail; Dr. R. A. Hughes of Kamloops; Frank Becker of Vernon; A. H. Jefferd of Vancouver and Ivan Temple of Victoria. L. G. Atwell of Nelson was returned as secretary treasurer.

A motion was approved to curb the mass transfer of players each season that is contributing to pyramiding salaries. The motion, that protects clubs from being raided, limits to two the number of players that may be drafted from any one club. A draft fee of $250 will also be charged for each draft. This will apply to teams in the BCAHA.

With the possibility of amateur hockey returning to the coast in the future, it was felt tha raiding teams in the interior leagues could cause serious damage to the clubs and some form of protection should be set up.

TWO-TEAM ADDITIOIN

The constitution of the Pacific Coast Amateur Hockey League was approved and the application of Vancouver and Victoria to have their commercial hockey organization embraced as full fledged members of the BCAHA, granted.

The first week in February will be advertised as minor hockey week to help promote the sport in the younger class. The Minor Hockey Committee decided and the constitution of the Okanagan Valley Minor Hockey Association was approved.

JUNIOR PLAYDOWN

A B.C. champion in the junior division will be declared this season to compete in Memorial Cup competition if financially possible and the team is considered strong enough. Playoffs will be held between the winners of the three B.C. district — Okanagan, Kootenay and Pacific Coast.

The Vernon Canadians of the OSAHL were granted permission to stage two exhibition games with Calgary Stampeders as part of the professional club's pre-season training this fall.

McMEEKIN SUSPENDED

A resolution was passed recommending to the CAHA that goalkeeper Roy McMeekin be suspended until such time as the Vernon Canadians were reimbursed in the amount of $150 paid to bring the player to that city.

The BCAHA convention will be held in Kamloops next year.

Chilly Weather Brings Talk of Basketball

Basketball for the coming winter is in the course of organization, reported Stan Payne Monday afternoon.

Enthusiasts of the court game are already looking towards a great season.

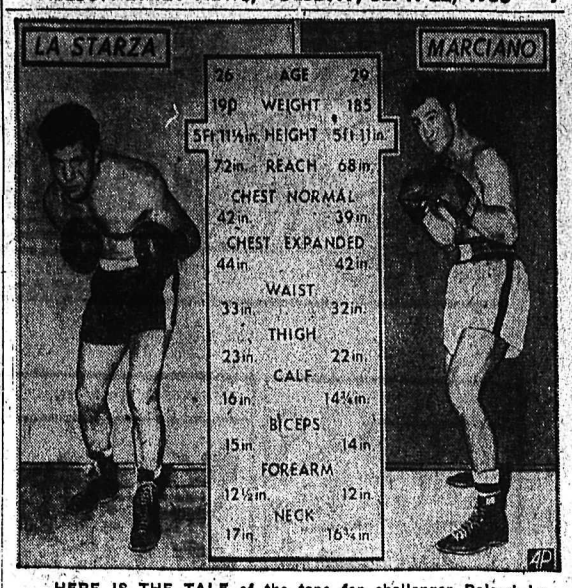
Four fellows who last season did much to put the game on a sound footing, Don McKinnon, Dez Cory, Bud Godderis and Stan Payne plan to have a meeting within the next few days to arrange for a city league. It is felt, said Payne that a good city league could be formed and possibilities are strong to form a team to enter the Trail league.

Don McKinnon suggested that a basketball school for boys and girls such as was run in Castlegar last year, would be a great help to the city. This suggestion will be looked into seriously.

Payne said that there have been quite a few inquiries regarding a women's league for this winter, and the Nelson Royals have already admitted their willingness to change from the fastball diamond to the court, if enough girls can be found to form a league.

It is felt that there should be many girls who have played basketball in school and now have forsaken studies to take jobs in the city. If they can be given a chance to play under good coaching it would be a great thing for the winter months.

A delegation will get in touch with Ed Kelter to see what can be done for the court game this year.



HERE IS THE TALE of the tape for challenger Roland La Starza of New York and heavyweight champion Rocky Marciano of Brockton, Mass., as they shape up for their title bout at the Polo Grounds in New York Sept. 24.—AP Wirephoto.

Haddix Deals 4-0 Shutout for Cards

ST. LOUIS (AP) — Harvey Haddix hurled his 19th victory Monday night, giving St. Louis Cardinals a four-hit 4-0 shutout win over Chicago Cubs in the only National League baseball game scheduled. He also drove in one of the Redbird runs with a triple and scored another.

It was the left-hander's sixth shutout. He has nine losses. The strongest blow for the Cubs was Hank Sauer's double in the second inning. Haddix held the Bruins hitless from then until Bob Talbot singled in the sixth. He fanned eight Cubs.

In the American League Monday, the only scheduled game — New York Yankees against the Red Sox at Boston — was postponed because of rain. It will be played later at New York.

Haddix drove his triple in the seventh after Steve Bilko had singled. A long fly by Solly Hemus brought the hurler home.

The Cardinals scored one in the opening inning when Rip Repulski crossed the plate on a high-bouncing infield hit by Enos Slaughter.

In the sixth, a walk to Hemus, a single by Stan Musial and a grounder by Slaughter drove Hemus in with another run.

Gwen Macrone and Don Iceton Set Torrid Bowling Pace as Variety Opens

Variety Club has opened their season on the alleys.

Gwen Macrone took all the individual honors rolling a 283 single and an aggregate of 691. Billy Moore was also in the 600 class rolling a 608.

The Rum Dums took the team single with an 876 while the Mad Hatters captured the aggregate with a 2444.

In the men's department it was Don Iceton with a 223 single and Gerry Koehle with a 652 aggregate. Others in the 600 were Don Iceton 647, Syl Benedetti 629, George Belyk 627 and Ian Corner 618.

In the mixed commercial league, Gwen had a good week. She also walked off with the women's honors tumbling the pins to the tune of 689. Her high single was a neat 314.

Don Iceton had scored both the single and aggregate honors with scores of 283 and 747. Iceton in two nights of bowling has a 240 average. He and Bruce Malcolm are fighting it out for the high average.

The Orange Crush team walked off with the team honors with a single of 1124 and an aggregate of 3117.

Bowling in the 600s were Bill Horner 658, Isabel Locatelli and Elizabeth Buhman 643 each, Carl Locatelli 642, Bill Day 636, Hank May 629, Doug Hall 616, Al Craig 613, Bill Hille 609, and Blanche Iceton 600 even.

In the Government League, Jo Ann Morrison took all the women's honors with her 260 single and 553 aggregate. Jim James copped the single honor with a 220 and Jimmy Watson won the aggregate with a 557.

3175 FOR HUME

Mixed Commercial League play Friday saw the Hume team capture all honors. Their single of 1179 and their aggregate of 3175 topped all other teams.

Lena Koehle scored the ladies high single of 304 and aggregate of 681, while Mickey Maglio topped the men with his 312 single and 691 aggregate.

Others bowling in the 600's were Fred Koehle 603, Dot Waterer 607, Ross MacSorley 609, Ollie Kelly 604, Len Woods 610. Bob Macdonald 677 and Shirley Lewis 638.

The standing of the Mixed Commercial League shows three teams Humes, Sparklers and the Orange Crush all in first place with eight points each. Malkins and the team of Hille and Liness are only one point back in second spot.

Outlaws Split Doubleheader With Waneta

Loath to call the season finished, Nelson Outlaws baseball club journeyed to Fruitvale Sunday where they split a doubleheader with the Waneta Hydros. Nelson won the first game 10-3, but dropped the nightcap 8-6.

Johnny Misuraca started for the Nelson crew almost coasting to his victory, but he needed help twice throughout the game. Help came by way of Ron Brown who twice came in from short stop to get the team out of trouble.

Nelson did half their scoring in a big fourth frame when they chased starting chucker Lefty Mike Slavick, import from Lethbridge. Mel Sadler finished the game for the Hydros but Nelson with these five runs plus five more scattered throughout the game won handily.

The Hydros scored their runs in the first and seventh frames.

In the second encounter Dave Ewing of Fruitvale on the mound for the Hydros found himself in trouble in but one inning, the first when the Outlaws nicked him for four runs. From here on he pitched great ball holding the run hungry Otulaws to only two more runs.

Ken White started on the mound for the Nelson lads, but gave way to Lloyd Swenson who pitched two frames. At this time the moon was starting to come over the mountain. With the rays not as bright as night lighting the umpire called the game at the end of six frames.

Smith Whiffs 12, Rossland Takes Pony Game 7-2

With the Nelson Pony Leaguers off to a 2-1 lead after two frames Saturday, Rossland elected to change chuckers, sending Gordy Smith to the mound. His superb pitching gave the Rosslanders the game 7-2.

Smith, in the final five frames whiffed 12 batters of the 16 he faced. Only one man reached base and he on an error. Wayne Waters in the third reached first when Allen Penny muffed his ground ball, but that was as far as he got for Smith, with his fastball breezing past the Nelson lads came up with a performance seldom seen.

Ken Blakeman on the mound for Nelson fared pretty well himself, but eight hits coupled with six errors gave Rossland all they needed for the win.

Rossland got away to a one-run lead in the first frame when Ron Molina connected with one of Blakeman's pitches placing it over the wall for a homer.

Nelson, after holding the invaders off the scoresheet in the second, came forth with their artillery to count two runs off starting chucker Lloyd McClelland.

With Mike Borch safe on a single and Dick Fraser on an error, Peter Thom doubled to score both runners.

Rossland took the lead for good in the third when they counted three runs on two hits. They added three more in the seventh on the strength of Denny Vaness' round-tripper chasing home Ron Molina and Lloyd McClelland who had reached base on errors.

Blakeman struck out seven and failed to issue a free pass.

Plans are under way to have Nelson return the games in Trail on Friday evening under the lights of Butler Park.

NEW YORK (AP) — Randy Turpin, British middleweight champion, arrived Monday for his Oct. 21 middleweight title bout with Carl (Bobo) Olson.

Turpin was in confident mood although he expressed no prediction of the outcome.

Snider Edging Furillo In NL Batting Derby

By SHELDON SAKOWITZ

NEW YORK (AP)—Duke Snider, having hit safely in 44 of his last 46 games for the Brooklyn Dodgers is staging a spirited stretch drive to overhaul teammate Carl Furillo in the National League batting derby.

Snider, in second place, is hitting .339, while idle Furillo tops the league with a .344 mark. Time, however, is against Snider as the Dodgers only have four more games remaining.

Furillo, meanwhile, has been sidelined for two weeks with a broken finger in his left hand.

In advancing from fifth, Snider increased his average four points during the week by going 9-for-19. Figures include Sunday's games.

Don Mueller of the Giants moved into third place with .336. Fourth a week ago, Mueller's average failed to change as he went 6-for-19.

Ren Schoendienst of the Cards and Monte Irvin of the Giants are tied for fourth at .333 each. Schoendienst, runnerup last week, lost seven points and Irvin slipped from third as he dropped six points.

Washington's Mickey Vernon continues to set the pace in the American League hitting race with a .336 average. The veteran first baseman, striving for his second batting title, went 7-for-23 and lost one point.

Runnerup Al Rosen of the Indians failed to narrow the gap and his average remains at .329. He collected seven hits in 20 trips during the week.

Boston's Billy Goodman ranks third with .312, followed by Minnie Minoso of the White Sox in fourth at .311. Jim Busby of the Senators rounds out the top five with .310.

Ed Mathews of the Braves has 46 homers and appears headed for his first National League home-run championship. Brooklyn's Roy Campanella is far in front with 142 runs batted in.

In the American League Gus Zernial of the A's has wrested away the home run lead from Rosen, 41-40. Rosen still regains his supremacy in the RBI department with 137.

Carl Erskine of the Dodgers has displaced Milwaukee's Lew Burdette as the National League pitching leader with a 20-6 won-lost record for a .769 percentage. Lefty Ed Lopat of the Yanks maintains his proficiency in the American League listings with a 15-4, .789 slate.

Canadiens' Coach Irvin Optimistic

MONTREAL (CP) — Coach Dick Irvin, usually a dour pessimist at the outset of every season, climbed out on a limb Monday and said he believes his 1953-54 Montreal Canadiens will be stronger in every position when the National Hockey League schedule opens Oct. 8.

He made the prediction as he watched his Canadiens, 1952-53 winners of the Stanley Cup, take the ice at the Montreal Forum for the opening of the fall training camp.

"We have more proven NHL talent on hand this year than ever before," said Irvin. "I think we'll be stronger in every position."

A total of 33 players turned out for a "loosening up skate." Among them was Jean (Gros Bill) Beliveau, starry centre of Quebec Aces in the Quebec Hockey League.

Beliveau, considered a top-notch prospect for the NHL, scored five goals in two games while playing with Canadiens on a lend-lease basis last year.

Irvin said most of the players reported in tip top shape.

The right wingers are Maurice Richard, Boom Boom Geoffrion, Floyd Curry, Eddie Litzenberger, Lorne Davis, Eddie Slowinski and Joe Lund. On the left side are Bert Olmstead, Dick Gamble, Paul Meger, Dickie Moore, Calum MacKay, Kaye Stewart and Eddie Mazur.

Beliveau and veteran Elmer Lach are the top-ranking centres.

Fastball League Has Great Year; Possibility of Affiliating Seen

Th teams of the Nelson and District Fastball League came through the completed season "no worse off" than when they started, it was stated at a meeting held Monday evening.

The league itself ended the season with a slim bank account, said Earl Jorgenson, secretary-treasurer. Team representatives reported that each team ended the year with money in the bank.

These facts alone proved to the league heads that the sport can be run on a business-like basis. There was some doubt at the start of the season as to whether the league could carry through due to the financing for a club to be fielded.

It was suggested that another meeting be held in early March to organize sooner next year and to get play away at an earlier date.

A good deal of discussion took place on the organization of next year's league. It was felt that after the showing of the Hume fastball club against Castlegar this league should affiliate with the British Columbia Fastball Association.

It was felt that a top notch team could come out of Nelson to enter class-A ball. They would then play off with the Trail league.

This will be discussed further at their spring meeting.

Plans are now under way to hold a dance and a buffet supper for the members of the teams and their wives or girl friends on October 10.

A committee was set up with one member from each club being elected to go to work on it. Those elected were Frank Kennedy, Bob Morton, Bill McLeod, Fred Shukin and Ernie Colman.

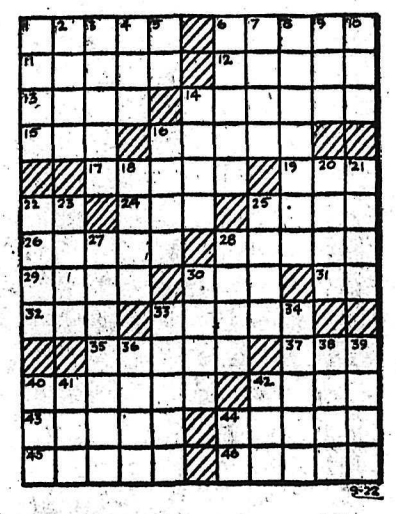
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X E
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

G A W H G R Q R Q R U R C G J H A Y X H G J D R ? G A W H G R Q R G J D R G J H A - Y X H W B Y D L ? — I A J C C J I R.

Yesterday's Cryptoquote: DEEP INTO THAT DARKNESS PEERING, LONG I STOOD THERE, WONDERING, FEARING—POE.

Winnipeg Bakery Had To Shop for Bread

WINNIPEG (CP)—A big Winnipeg bakery had to go shopping for bread for its customers after fire struck a wing of its plant Sunday night and forced 18 night-shift employees to flee to the street.

While the fire was still burning, officials of Weston Bakeries Ltd., arranged with other bakeries for a supply of bread and cakes and later delivered them in Weston trucks.

Unofficially, damage was estimated in the hundreds of thousands of dollars.

Back to Normal

DURBAN, South Africa (CP)—Cato Manor, a native shanty town on the outskirts of Durban, was almost back to normal Monday after Africans burned and looted Indian shops and houses in which hundreds of night of riots in which hundreds of shops and houses.

The riots began when an Indian-operated bus ran over a young African as he tried to board it.

Angry Africans set the bus on fire and burned five Indian stores and two houses. Police shot an African dead as he was setting fire to a shop. Twenty-six other Africans were detained.

U.K. Press Changes Tune, Advises Unity With U.S.

LONDON (Reuters) — Leading British newspapers urged Monday that the western countries close ranks and speak with a united voice in their attitude toward the conduct of the Korean political conference.

Though the British press last month almost unanimously opposed India's exclusion from the conference and objected to the United States concept of a "cross-table" meeting between "beligerents," Monday's editorials stated flatly that it is more important to maintai nharmony than resume bickering on a troublesome issue.

"The General Assembly decisions speak for themselves and there is nothing further to add," said the Liberal Manchester Guardian.

The independent Times declared: "Having put forward their terms the United Nations can now only stand firmly by them in the hope that China and North Korea will eventually agree to them rather than take the blame for wrecking the conference before it begin."

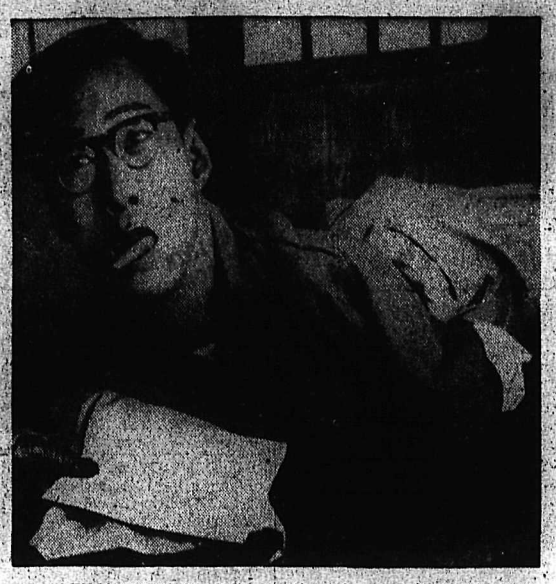
The Guardian, which previously accused America of being unduly influenced by stubbornness of President Syngman Rhee of South Korea admitted Monday that British criticisms were made "before knowing how absolute was Syngman Rhee's resistance.

The time may come for Britain to take a "firm" policy against the United States views, the Guardian added, but "at present we must wait to see what reply comes from the Chinese and North Koreans."

TIMES PESSIMISTIC

The Times observed that the weekend speech of Soviet Premier Georgi Malenkov "did not rule out all thought of a conference" despite official Chinese and North Korean objections to the present UN terms. But the newspaper was pessimistic over chances of emerging from a meeting and interpreted new Russian aid promises as evidence of Soviet intentions of strengthening her hold over the northern portion of a divided Korea.

The Conservative Yorkshire Post, bolstering the call for Western harmony, said Chinese proposals will continue to be dilatory "so long as China thinks she can cause a diversion between the United States and ourselves."



ALTHOUGH HE WAS born without hands or feet, this South Korean, Chung Wan Do, is said to have a finger in every illegal pie in Korea. Well known to the UN's criminal investigation department, Chung, who is known as "The Seal," because of the flipper-like stumps of arms and legs, directs a gang of thieves, smugglers and dope peddlers. The UN is powerless to do anything about the dope smuggling and black market operations of "The Seal," because he comes under jurisdiction of the civilian authorities. The latter don't want to bother with "The Seal" on the grounds that it would take several persons to take care of him in jail.

Charge Swedish Officer Helped Escaping Poles

STOCKHOLM (AP) — The Swedish foreign office said Monday the first officer aboard the Swedish ship Gunnel had been arrested at Gdansk (formerly Danzig, Poland) on charges of helping Poles flee their Communist-ruled homeland.

The announcement said Einar de Joung, the officer, was arrested Saturday after two Polish citizens were found hiding aboard the 3,015-ton vessel.

Sweden has been the refuge for a considerable number of Poles who have fled from the Communist regime.

The foreign office said de Joung denied charges that he hid the Poles on the ship after others helped get them aboard. The ship was permitted to leave Gdansk after a delay of 24 hours but de Joung remained in custody.

Old Costs Index To Be Discarded

OTTAWA (CP)—The Bureau of Statistics announced Monday that the old cost-of-living index will be discontinued early in October.

The index, based on the cost of consumer goods in the 1935-39 period equalling 100, will not be published after cost of living figures for September are issued.

The old cost-of-living index has been replaced by the consumer price index which has been in effect for a year. This index, based on 1949 prices equalling 100, gives a more accurate picture of living costs.

The bureau said, however, that a statement has been prepared to assist those who have the problem of converting escalator clauses in many contracts are based on the old cost-of-living index.

The bureau also announced that new consumer price indexes will be published early in November for Halifax, Saint John, N.B., Montreal, Ottawa, Toronto, Winnipeg, Saskatoon-Regina, Edmonton-Calgary, and Vancouver.

Masked Gunmen Get $10,000, Alberta

BEVERLY, Alta. (CP) — Two masked gunmen escaped with about $10,000 early today after they bound and gagged the night clerk of the Drake Hotel in this suburban Edmonton town and blew the office safe.

The loot consisted of $6,600 in checks and $3000 to $4000 in cash.

While one bandit covered Metro Westrouk with a drawn gun the other dragged him into an adjoining coffee shop, tied him to a chair and put a coat over his head. The clerk later managed to free himself and phone police.

Farmers' Income Shows Decrease

OTTAWA (CP)—Cash income received by Canadian farmers during the first half of 1953 showed a drop of $8,200,000 compared with the same period in 1952, the Bureau of Statistics reported Monday.

The bureau said cash income during the six months totalled $1,173,700,000 as against $1,181,900,000 last year. This year's figure also was $64,100,000 below the comparable total for 1951.

The cash income figure includes earnings from the sale of all farm products and from grain adjustment and participation payments on prevous, years' crops. The figure does not include income received by farmers in Newfoundland.

ASISTANCE LOWER

Supplementary payments to western farmers under the Prairie Farm assistance act amounted to $1,100,000 during the six motnhs, compared with $2,400,000 in 1952 and $9,300,000 in 1951.

The main gains in cash receipts were recorded for wheat, dairy products, eggs and interim payments for western wheat and barley. The offsetting declines were largely accounted for by oats, potatoes, tobacco and hogs.

WHEAT CARRY-OVER

A large farm carry-over of the 1952 wheat crop into the spring of 1953 provided marketings during the period almost equal to those of the same six months a year ago. However, a better quality crop in 1952 than in 1951 increased cash returns to $243,700,000 this year compared with $231,100,000 in 1952.

Cash income was down in all provinces except Nova Scotia and Saskatchewan, with Quebec and Prince Edward Island showing the largest decreases. Income was up three per cent in Nova Scotia and more than 14 per cent in Saskatchewan.

Claim Nationalist Guerillas Join Reds

RANGOON (AP) — Informed sources said Monday that hundreds of Chinese Nationalist guerrillas in northern Burma have been "bought over" by the Chinese Communists and organized into smuggling gangs.

These sources said 200 men of Nationalist Gen. Lee Htat-Chin's command escaped over the border early this month carrying two mule trains of contraband into Communist lines. Last month, Gen. Lee arrested 120 alleged deserters and executed 24.

The Communists apparently are not absorbing the Nationalist deserters back into China, the sources added, but are organizing them into gangs sent back into Burma to smuggle out opium and other goods. At least four such gangs are reported operating now in area held by the Nationalist guerrillas.

The 12,000-man Nationalist force includes many soldiers who fled across the border when the Communists overran south China. Burma has accused them of aggressive actions against Burmese territory and has demanded their removal to Formosa.

New Star in Pisces

BRUSSELS, Belgium (Reuters)—The Royal Observatory of Uccle here has discovered a new star in the constellation of Pisces which has been provisionally named "1953 Ra." Foreign observatories have been asked to watch for the star, which is calculated to be about four miles in diameter and about 31,000,000 miles from the earth.

Canadians Send Fewer Telegrams

OTTAWA (CP) — Canadians sent and received fewer telegrams in 1952 than they did during the previous year.

Despite an increase in the number of offices operated by the country's 11 telegraph and cable systems, the bureau of statistics reported today, 19,513,250 telegrams were sent last year compared with 19,693,085 in 1951.

Telegrams received from the United States during the same period dropped to 2,100,946 from 2,122,770.

Cablegrams handled showed an increase of 148,597. The total of 1,934,433 was well below wartime levels.

"Despite the over-all drop in the number of telegrams handled the gross revenues of the 11 systems reached a record $33,093,843 last year, some $3,965,370 or 13.6 per cent over 1951's revenues," the bureau said.

Five of the 11 systems operated in the red in 1952 as compared with six in the preceding year.

Missing Quesnel Girl Found Dead

QUESNEL, B.C. (CP) — The slayer of a 13-year-old school girl was hunted Monday by RCMP following the discovery of the body Saturday in the bush north of here.

Found strangled with a pair of shoelaces was Donna Lee Corbett. She had been missing from her Quesnel home for a week and was last seen at the fair grounds Sept. 13, where she had attended a circus.

The girl, daughter of Mr. and Mrs. Larry Corbett, had suffered a terrific beating, police said. The body was fully clothed.

It was found by B. F. Crick, Quesnel sawmill operator, while he was bear-hunting about 300 yards off the highway in the woods.

Dog Found Swimming In Georgia Strait

VANCOUVER (CP) — Lost — owner of a black Labrador dog, found swimming in the middle of Georgia Strait.

An unidentified fisherman who turned the dog over to SPCA officials at New Westminster, said he was en route to the fishing grounds last week when he saw what he thought at first was a sea-lion.

Checking with his binoculars he discovered the swimming object was a dog.

He dragged the tired animal aboard and proceeded on his course.

The animal, about one-year-old, is believed to have fallen from a boat.

Milk Board Turns Down Coast Plant

VANCOUVER, (CP) — B.C. Milk Board has turned down the bid of Canada Safeway Ltd. to operate its own milk processing plant in Vancouver.

W. J. Kraft, manager of the company's Vancouver division, said today the decision was "disappointing" and "could have a serious effect" on Safeway's plans.

The milk board gave no reason for its rejection of the application.

Red China Fires Two Ministers

HONG KONG (AP) — Red China ousted its finance minister and the secretary-general of the central governments' administration council in a week-end shakeup which observers here feel was ordered because the nation is lagging in the first year of its five-year plan.

The official Red New China news agency reported that radio Peiping made the announcement during the 28th meeting of the central people's government council.

In the reshuffle affecting 13 government bureaus, Li Wei-han, secretary-general of the administrative council, was replaced by Hsi Chung-hsun, a vice-chairman of the cultural and education committee.

Po Yi-po, minister of finance, was replaced by Teng Hsiao-ping, a vice-premier of the government council. Po had been minister for years. Chen Ko-tun, vice-minister of finance also was replaced. Other shifts were made in the ministries of post offices, foods, light industry, forests, labor, culture, banks and state planning council.

No reason was given for the changes.

However, the Reds have admitted that individual departments of industry have failed to meet their goals.

Report Slow Down In Halifax Yards

HALIFAX (CP)—A slowdown in operations of the transport division at the naval dockyard here was reported Monday, the outgrowth of a dispute on overtime pay and a 2½-year-old error at Ottawa.

The trouble started when federal officials announced that the 90 transport drivers would no longer receive time and a half or double rates for overtime. They now work a 40-hour week at $1.17 an hour.

Ross Anderson of the defence department's labor relations department, rushed to Halifax to explain that overtime paid during the past 2½ years had been a mistake.

The drivers meanwhile are refusing to work overtime and other unions in the dockyard have been asked to follow suit until the dispute is solved.

Essential dockyard services and operation of the NATO Exercise Mariner are not affected by the dispute.

Manufacturers Urge Standardization Of Training for Apprenticeships

By The Canadian Press

Standardization of apprenticeship training across Canada to remove provincial barriers to skilled tradesmen is urged by the president of the Canadian Manufacturers' Association, J. D. Ferguson.

He says it is "inconceivable" that a skill acquired through long training in one province should not be equaly acceptable elsewhere.

Mr. Ferguson's speech, recorded for broadcast this week over 70 Canadian stations, is the last of a series of five addresses on apprenticeship which have been sponsored by the federal labor department.

The five radio talks have described problems of trades training in Canada and suggested methods of improvement.

ONE PROBLEM

Mr. Ferguson, president of a company at Rock Island, Que., pointed to one problem—the lack of uniformity in apprenticeship training, which comes under provincial jurisdiction.

Each province has its own standards for various trades, and only in a few cases is there a reciprocal arrangement between provinces for recognition of each other's licensed skilled workers.

Industry should develop the outlines of standard training courses, he said, because it is the best judge of what it wants and is in close touch with technical progress.

NEED BASIC TRAINING

On-the-job training in basic trades should be co-ordinated with necessary academic training, which would be the responsibility of educational authorities.

National training standards, with provincial certificates recognized by employers across the country, was also urged by another of the five speakers, L. J. Sparrow, who heads apprentice training for the Canadian General Electric Company.

He said the present shortage of skilled tradesmen could not be met by immigration and might lower Canada's standard of living and even endanger her security.

The extent of the apprentice shortage was indicated by W. H. Clark, a vice-president of Ford Motor Company of Canada, who said industrial expansion is expected to create 30,000 new jobs each year in manufacturing industries alone.

EMPLOYERS APATHETIC

Canada needed at least 20,000 more apprentices at present, he said, and yet had 900 fewer apprentices than in 1948.

Unless industry paid more attention to training workers, Canada might not realize the full advantage of her economic expansion.

Joseph M. Pigott of Hamilton, head of a construtcion firm, said some emploeyrs are apathetic to training skilled workers. Of 709 plants usrveyed in three industry groups, only 88 had organized training programs.

Labor's interest in producing more skilled workers was emphasized by Percy Bengough, president of the Trades and Labor Congress of Canada and chairman of the National Apprenticeship Advisory Committee.

He said apprenticeship training is the best way to get the skilled artisans needed for Canada's industrial development.

Foreign Cars Hit Record in August

OTTAWA (CP) — The number of foreign vehicles entering Canada on traveller's permits reached a new record of 546,135 in August, the bureau of statistics said Monday.

The month's total represented an increase of two per cent over the previous record of 534,262 in August of last year. However, the percentage gain in August was the lowest recorded this year.

Cumulative entries in the January-August period totalled 1,854,792, compared with 1,753,278 a year ago.

BERLIN (AP) — Walter Ulbricht, East German deputy premier, promised in a speech Saturday that food rationing would be abolished next summer in Red-ruled East Germany. He also told an East Berlin party meeting that prices in state-owned food stores will be slashed.

Coast TV Outlet In Final Stages

VANCOUVER (CP) — Construction of the transmitter buildings for CBUT-TV, the CBC's long-awaited Vancouver television outlet is in its last stages.

Peter McDonald, head of CBC's TV operations here, said Monday that the building on Mount Seymour is practically ready to receive transmitter equipment expected to arrive here before the end of the month.

Already laid is a 16,000 foot power line which will supply juice for the transmitter after technicians from British Marconi install it.

McDonald said all work on the transmitter site is proceeding according to schedule. As a result the station will start transmitting a test pattern on channel 2 sometime before the end of November.

In addition to the physical installations CBC is also lining up and training staff to handle the operation.

McDonald said that all transmission will initially be from film. Live transmission from CBUT studios, now under construction is expected to begin in March.

Charged With Double Crossing

SEOUL (AP) — The South Korean defence minister, Sohn Won Il, said Monday a well-known South Korean newspaper man has been charged with espionage and with collecting and contributing $139,000 in war funds to North Korean Premier Kim Il Sung. Sohn identified the man as Chung Kook Eun, 36, one-time correspondent in Japan for the South Korean daily "Yunhap Shinmoon."

MRS. ATTLEE SUMMONED

LONDON (AP) — Former Prime Minister Clement Attlee has been known to boast that his wife is the best chauffeur in Britain—she took him on thousands of miles of campaign tours without scratching a fender. Saturday Mrs. Attlee had a summons to appear in court on charges of obstructing traffic and parking on a dark street without turning on the headlights.

RUSSIA'S ANDREI VISHINSKY smiling extends his best wishes to India's Mrs. Vijaya Lakshmi Pandit after the UN General Assembly named her as president to succeed Canada's Lester B. Pearson. At the opening session of the Assembly, the group quickly voted down Russia's proposal for the immediate seating of Red China. Others in picture are unidentified.—AP Wirephoto.

Market Trends

NEW YORK (AP) — Stocks had a difficult time today in holding to their small gains in a quiet market.

Prices moved about a point either way with gainers slightly more numerous than losers.

Canadian stocks were higher.

TORONTO (CP) — Prices continued lower and volume light toward the close. Base metals managed to regain slightly but others were a little lower.

MONTREAL (CP) — Prices continued along a steady to lower price path in slow afternoon trading.

LONDON (Reuters) — Adjustment to the new bank rate caused irregularity in the investment section.

British government stocks suffered fractional losses.

BOY KILLS SISTER

CLEVELAND (AP) — Six-year-old Nelson Schmidt, playing cowboys and Indians, Saturday accidentally shot and killed his three-year-old sister Patsy, police said. Police Capt. David Kerr said the boy told him he did not know the .32-calibre pistol was loaded. The bullet struck the girl in the chest.

Asiatic cholera may kill a sufferer within an hour of the first symptoms.
