WEATHER FORECAST

Kootenay: Clear Friday night and Saturday morning, a few clouds Saturday afternoon. Little change in temperature. Light winds. Low and high at Cranbrook and Crescent Valley 35 and 70. Sunday outlook little change.

PROVINCIAL LIBRARY, B.C. VICTORIA AUG 31 March 54

Cost of Living Up For Third Month

OTTAWA (CP) — The consumer price index, a barometer of living costs, rose by three-tenths of a point during July to 115.7 from 115.4, the bureau of statistics reported Thursday.

It was the third consecutive monthly jump, powered by price boosts mainly in items other than food. Price increases were shown for men's clothing, rent, fuel oil, gasoline, hospital rates and knitting yarn.

Within the food group a substantial drop in the price of vegetables, coupled with decreases for fresh fruits and beef, was overbalanced by increases for bread, coffee, eggs, pork products and lamb.

The index, based on 1949 prices equalling 100, reached a peak of 118.2 in December, 1951. Previous to the recent three monthly increases, the index had dropped for six consecutive months.

The old cost of living index, based on 1935-39 prices equalling 100, rose during July to 186.4, a jump of 2/5 of a point from 186.

This was the third consecutive increase for this yardstick, but it was still below the all-time high of 191.5 in December, 1951.

In the consumer price index, the food sub-group which had been the main propelling force in previous advances, edged ahead only slightly to 112.8 from 112.7.

The shelter column, which reflects changes in both rents and home ownership costs, rose to a new high of 124.1 from 123.9.

The clothing column also made a slight advance to 110.4 from 110.3. This was still below the all-time high of 115.2 in November, 1951.

But the biggest group index change was shown by the column "Other commodities and services" which moved up three-fifths of a point to 115.8 from 115.2, reflecting higher prices for gasoline and hospital rates.

Threatens To Advance Troops

Dulles Draws Criticism

By JOHN SCHALI

WASHINGTON (AP) — State Secretary John Foster Dulles found himself in hot water in three world capitals Friday.

Critics in West Germany, Italy and India assailed his stand on key issues affecting those countries.

There were signs that he may also have ruffled the feelings of a fourth foreign government, Japan, with his comment that the United States is carrying too big a load on behalf of Japan.

Dispatches from Bonn, New Delhi and Rome cited angry reactions—virtually without parallel in recent years—arising from Dulles' statements in a speech before the American Legion convention at St. Louis on Wednesday, and at his press conference here Thursday.

Veteran American diplomats were obviously distressed at the denunciation of their chief for his plain-spoken language.

Here is a country-by-country roundup of the picture as reported by overseas dispatches:

WEST GERMANY

The German Socialist party, led by chairman Erich Ollenhauer, denounced Dulles' endorsement of Chancellor Konrad Adenauer's bid for re-election Sunday.

"It is a vicious attempt by the American government to interfere in the German elections," the party said in a statement.

INDIA

Angry newspapers and some political figures attacked Dulles for his St. Louis speech in which he commented on India's persistent neutrality in the Korean war. Dispatches from New Delhi reported American popularity plunged to a new low in the wake of this criticism.

ITALY

Italian tempers flared over Dulles' remarks about disputed Trieste. At his press conference, the secretary obviously angered the Italian government by saying the United States is open-minded about a Trieste settlement.

JAPAN

Dulles called on the Japanese at his press conference to increase their internal security forces to guard against possible subversion. He said the United States is carrying too big a load on behalf of Japan at a time when the Japanese government hoped to find money to spend on non-essential projects.

RUSSIA DID THIS TOO

LONDON (Reuters) — Moscow radio Friday claimed three-dimensional movies are a Russian invention. Reporting on the "amazing wonders" of Russian 3-D, Moscow radio said cinema audiences can see the films without social spectacles and the "effect is astounding."

Justice Clyne to Report on Whatshan

VICTORIA (CP) — Premier Bennett announced Friday Mr. Justice J. V. Clyne has been appointed a one-man royal commission to investigate the rock slide that knocked out the Whatshan power project in the British Columbia interior Aug. 11 and 16.

Mr. Justice Clyne will report his findings "with the utmost dispatch" to the lieutenant-governor in council.

The B.C. Supreme Court Justice has the authority to call in any outside help he wishes in probing the circumstances of the slides that knocked out the $6,000,000 project.

VICTORIA (CP) — S. R. Weston, chairman of the British Columbia power commission, Friday welcomed the appointment of a royal commission to Whatshan power-plant disaster.

"I'm very glad to hear about this," he said. "This will provide an opportunity for all the facts to be brought out and to be separated from rumors and that kind of thing."

Drinking, Driving Cause of Concern

VANCOUVER (CP)—City police are taking drinking drivers off Vancouver streets at the rate of 18 a week, Chief Constable Walter Mulligan said Friday.

The tremendous total of arrest prove our theory that the drinking driver is the greatest menace," Chief Mulligan said. He issued statistics to show that such drivers were responsible for almost 10 per cent of city accidents.

His report covered both drunken and "impaired" drivers.

Cominco Worker William F. Lewis Electrocuted

TRAIL — A Cominco employee was fatally injured Friday morning at the company's hydrogen plant.

William F. Lewis, 28, of 2071 Valleyview Drive was electrocuted while working in the rectifier room about 9:30. An attempt was made to revive him by pneolator and he was rushed to Trail Tadonac Hospital where he was pronounced dead shortly after.

Details were not available but an immediate investigation was launched and an inquiry started in the afternoon.

Mr. Lewis was born in Creston. He was married and had one daughter.

He joined the Smelter Yard gang with Cominco in 1949. In April of 1952 he was transferred to power operations.

Rain Dampens Ontario Fires

TORONTO (CP) — A rainstorm swept over forest fires in the North Bay area Friday night, dampening some of the blazes, but lightning struck trees and started some new fires.

Rangers, however, say they believe this may be the break they have been waiting for since the rash of fires across northern Ontario's timberlands became serious 10 days ago.

A forestry pilot, flying over a 2500-acre blaze at Gladman township, said the rain's effect was noticeable immediately.

Hundreds of men hacked and burned fire breaks in the paths of fires. Seven of the 111 blazes were out of control Friday night.

Twenty fires broke out in stands of jackpine, hardwood and white birth Thursday night and Friday. Some have been extinguished.

Jack Dillon of the lands and forests department said the firefighters won't depend on the rain to put out any blazes. "It helps," he said, "but the men will have to extinguish every fire. Often the rain will only dampen the tops of the trees while the fire still burns lower down."

A forester in the Gladman township area said: "This is our big chance. Every hour's work now is worth 10 later on."

Forest rangers and firefighters have battled at least 1132 outbreaks so far this year. Eighty per cent of the fires have been blamed on careless campers. Lightning started the others.

TORONTO (CP) — A shunting engine and a Canadian National Railways passenger train collided headon in suburban Scarboro Friday.

Thirty-three of the 71 passengers were shaken up and several were treated for minor injuries at the scene.

TLC Seeks National Health Insurance Plan

OTTAWA (CP)—Percy R. Bengough, president of the 580,000-member Trades and Labor Congress, said Friday in a Labor Day message that a major objective of the TLC is "health insurance on a broad national scale."

The TLC "is hopeful that Parliament when it assembles later this year will establish a special committee to consider this matter and before which we may place our views.

"In our opinion, this measure is long overdue and should not be delayed any further.

A. R. Mosher, president of the 370,000-member Canadian Congress of Labor, said in a similar Labor Day message that despite any possible cut-backs in defence production "there is no justification for any lack of employment at good incomes for Canadian citizens.

"Obviously nothing but our failure to use our collective intelligence in handling our affairs would permit our nation to suffer a serious economic setback," Mr. Mosher said.

Mr. Bengough listed these TLC objectives besides health insurance:

1. Unemployment insurance benefits to workers who become unemployed through illness.

2. Lower age limits and higher monthly payments for old-age pensions "in order that this existing part of our Canadian social security provisions can be brought into line with today's costs and living standards."

3. Uniform labor relations laws "throughout the Dominion and all 10 of the provinces."

Fire Hazard Climbing

VICTORIA (CP) — A skyrocketing fire hazard Friday prompted a British Columbia forest service warning to be careful in the woods. A spokesman said the hazard is climbing steadily and "extreme drying conditions" are expected to continue over the Labor Day weekend.

There are 21 fires burning in the province.

All logging and industrial operations on forest lands in Washington's Vancouver district were ordered shut down from Thursday evening to Saturday midnight.

All burning permits in the district have been cancelled.

Police Search For 4 Youths

VANCOUVER (CP) — Police throughout the lower B.C. mainland have been alerted to watch for four boys missing from the Vancouver Preventorium.

The boys, all bed patients under observation for tuberculosis, are believed to have set off in a spirit of adventure to see the PNE. Officials said a fifth youth who participated in the walkout had returned voluntarily.

Adenauer Asks Security Pact

By IAN FRASER

BONN, Germany (Reuters) — Chancellor Konrad Adenauer Friday proposed an East-West security pact within the framework of the United Nations — after West Germany joins the European Defence Community.

The chancellor's last-minute proposal before Sunday's West German general election was aimed at puncturing a furious Socialist campaign, portraying him as a servant of U.S. foreign policy.

The Socialists in their attacks on Adenauer have seized on State Secretary John Foster Dulles' declaration in Washington Thursday that Adenauer's defeat at the polls would have a "disastrous effect" on German unity and independence.

The West German Social Democratic Socialist party cried out against Dulles' "brazen interference" in the election and shoved their publicity machine into high gear. Within 12 hours, thousands of posters blossomed throughout the country, showing a giant President Eisenhower lifting a midget Adenauer onto a dummy horse marked "West German elections."

Adenauer's defence proposal sought to counteract Socialist charges that his pro-Western policies would spell an end to all hopes of reuniting Germany.

Socialist leader Erich Ollenhauer claimed West Germany's integration into the European Defence Community would create the danger of a third world war. He proposed instead that Germany should be reunified and its security guaranteed by a defence arrangement within the UN.

Adenauer's statement Friday, released by the government press office here, said West Germany could join the West's defence program and still reach a security agreement within the UN.

To satisfy Soviet security fears, he suggested a "treaty-like relation" within the UN between the Western defence alliance and the Eastern regional alliance.

Moscow radio declared Friday night that the reunification of Germany "will become impossible" if West Germany joins the Western Defence Community.

BRITAIN MAY CUT TIMBER IMPORTS

LIVERPOOL (CP)—A. P. Long, director of the British forestry commission, said today that Britain might not be able to import so much of her timber requirements from abroad in coming years.

Rising timber costs and reduced availability combined with increased demands in Britain making it essential that Britain replant her own depleted forests, he said.

U.N. FEARS FOR OFFICERS

Exchange Over Sunday

PANMUNJOM (CP) — Operation Big Switch drew toward a close yesterday, but the United Nations' command expressed concern about a handful of officers and men named by the Reds as "confessing" they waged germ warfare.

While the Reds said they would release all prisoners, it was feared that some of these men might never be seen alive and that their true story might never emerge.

There was a possibility the Reds might deliver these men at the last moment among large groups, hoping their stories would be overshadowed by the drama of the final days of the exchange. Most of them are airmen.

Saturday was the second last day of the prisoner exchange and the Reds said they were sending back 313 men—including 275 Americans, 25 Britons and 13 South Koreans, bringing to 12,316 the total repatriated to date.

Sunday, when the exchange operation is scheduled to wind up, about 200 more Americans and more than 300 South Koreans are expected.

Thirty Canadians have been returned, 12 more than originally promised by the Reds. One returning Canadian, Capt. Joseph Liston of Ottawa, said Friday he knew of no other Canadians still held.

The UN command was releasing 2400 North Koreans today and was reported moving up 14 Chinese Red officers, 90 other ranks and 81 civilians for repatriation.

These Chinese are believed to include many held for offences committed in the strife-torn POW camps. These Chinese presumably will be returned Sunday, the last day of the exchange.

Through Friday, the Allies had released 65,505 North Koreans and 5502 Chinese—71,007 of the approximately 74,500 promised.

GOV'T TO HEAR DELEGATIONS

VICTORIA (CP) — Premier W. A. C. Bennett said the government will hear as many delegations "as we possibly can" during the forthcoming session of the legislature.

Last session the government refused to meet delegations because, the premier explained, the government had only 19 members and cabinet ministers were required to sit on house committees and had no time for delegations.

PLAN MARPOLE BRIDGE BY-LAW IN DECEMBER

VANCOUVER (CP) — A $200,000 bylaw will be placed before the public next December, to cover Vancouver's contribution to a new Marpole bridge, Mayor Fred Hume said Friday.

The bridge links suburban Marpole with Sea Island and is the main artery toward Vancouver International Airport.

Italy Blames Yugoslavia For Trieste Tension

By ALEX SINGLETON

BELGRADE (AP) — President Tito of Yugoslavia is believed preparing to force a showdown on the sizzling dispute with Italy over the future of the Trieste Free Territory.

Tito's government Friday sent a stiff note to Rome—the fourth Yugoslav note in three days — threatening to march troops to the Italian-Yugoslav frontier north of Trieste unless Italy withdraws troops which Belgrade said are manoeuvring on the other side of the border.

Italy countered with another note of her own, disclaiming all responsibility for the present tension.

In reply to Yugoslavia's latest threat, the Italian note said:

"Italy places with Yugoslavia the full and exclusive responsibility for the adoption of such measures. Measures already taken by Italy in this area have been purely precautionary and protective."

Italy said Tuesday in reply to the first, Yugoslavia note, that "precautionary and protective measures" were taken in the border area only because of Yugoslavia's threats to annex the Yugoslav-occupied zone "B" of Trieste.

Yugoslavia's latest note protested that Italy undertook a military demonstration along the border "when normal diplomatic channels exist through which an explanation could have been sought about differences between the two countries."

SHOW OF FORCE

Yugoslavia charged that Italy rushed two divisions to the border area last weekend as a show of force under a pretence of fear that Yugoslavia intended to annex her occupation zone of Trieste. Zone B is occupied by 5000 Yugoslav troops under the 1947 Italian peace treaty. Zone A is occupied by Britain and the United States.

"If the Yugoslav government establishes that the Italian government continues to adhere to the abnormal situation on the border, it will be forced to undertake corresponding measures on its territory," the note said.

The Italian-Yugoslav exchanges served to heighten international interest in a speech which Marshal Tito planned to make Sunday at the Austrian village of Okrajaglica, near the Italian border.

CLAIM TRIESTE

Some observers said Tito might ask the Western Big Three to rescind their 1948 declaration calling for return of all the Trieste Free Territory to Italy. He might even claim all of Trieste for Yugoslavia, as a bargaining point, or he might ask either the United Nations of the signatories of the Italian peace treaty to review the whole Trieste situation.

The 1948 declaration on Trieste by Britain, the United States and France came at a time when the Western powers were worried over a possible Communist victory in the Italian elections. Obviously the situation changed with the Moscow-Belgrade break.

There was still little inclination on the part of diplomats in Belgrade to regard the Italian-Yugoslav exchange (as dangerous. The feeling seemed to be that the tension would provoke nothing more dangerous than strained relations, and the relations of the two countries have been strained for a long time.

More Primary Pupils Forseen

VANCOUVER (CP) — School board officials forsee a heavy increase in primary school attendance by 1959 as the 1953 birth rate moved steadily upward.

Latest figures show the number of resident births in July numbered 699 bringing the year's total to 4550. If this average continues a new record for births will be set in Vancouver.

Highest to date was in 1947 with 7654 resident births. Officials estimate total enrollment in 1959 will reach 62,000 — or 15,000 higher than the number of primary students expected to register Tuesday.

And in This Corner . . .

BURBANK, Calif. (AP)—Two boys who stole first, second and third at McCambridge Park playground were caught at home by two detectives.

Other boys at the park gave an assist by noting their auto license number. The detectives trailed the car to a home where, they said, they found the boys and the base pads.

The youngsters were turned over to juvenile authorities.

LONDON (Reuters)—William Shakespeare is not going to have to stand on one leg in London's Leicester Square much longer. During the war a blitz bomb amputated one foot from the statue of the poet-dramatist. Friday sculptor Cecil Thomas announced that he is making a new plastic marble right foot which will be ready soon.

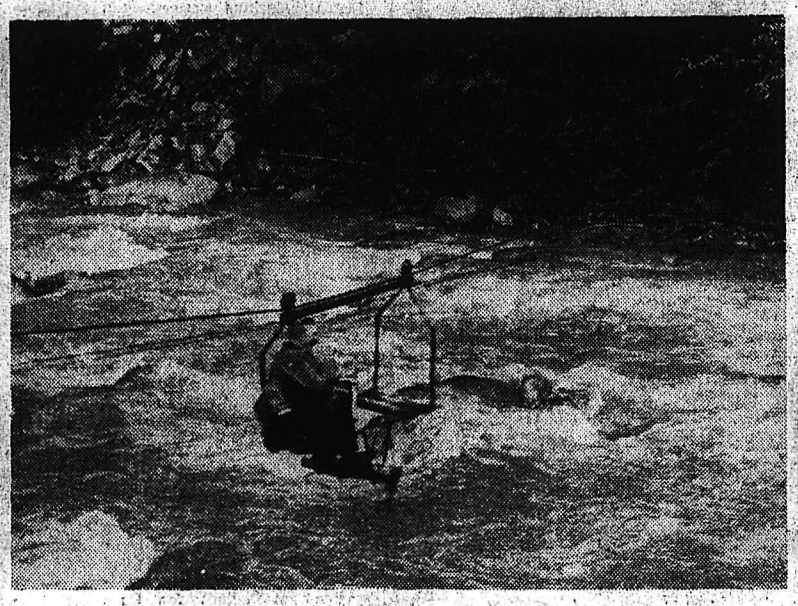
VANCOUVER (CP) — Frederick Cyril Barker, 43, Kitimat construction worker, went to jail Friday for three months for chasing the flamingoes in Stanley Park.

He was captured by zoo curator Allan Best Saturday night after, Best said, he climbed the flamingo-enclosure fence and took out after the birds — valued at $458 each.

Barker said he was a bird-lover and was petting one of them when it bit him.

Earl Grey Pass Area Land of Mountain Meadows, Glaciers and Adventure

Some idea of the wild beauty on the Hamil Creek trail can be seen from this shot of a flat meadow land about 20 miles upstream. The camera was looking back down the trail. The creek is in the brush off to the right and flows out left centre. When the hikers of the Earl Grey Pass survey party broke out of the brush approaching the meadow they would have been willing to swear the water was flowing the wrong way. The sudden flat of the meadow after climbing up the trail makes an observer think the water should flow towards the right. Seven elk were seen here.



Boyd C. Affleck, 71-year-old surveyor, crosses Hamil Creek about three miles from the kick off point on the Earl Grey trek. Although Affleck's feet are well out of the water here, they'd get wet in high water. The surveyor crossed slippery logs, fought his way through brush, and climbed hills that tried the stamina of men half his age. When asked how he walked across logs with such icy calm, he replied, "I've got a clear conscience." Always up near the head of the procession, he's shown here with his hatchet and haversack which carried his surveyor's equipment.

Just dead ahead are the glaciers and snow packs that feed the head waters of Hamil Creek, scene of the recent Earl Grey Pass trek. The survey party travelled about three miles from this point before they found themselves in a canyon that apparently had no way out except back. The men had just crossed a large flat area which was covered with wild strawberries.

Object of the surveys is to prove highway possibilities through the passes between Lardeau and Windermere valleys.—Daily News photos.

Freedomites Spoil Immigration Plan, Dean Andrew Says

At Vancouver, fears that the Doukhobors have spoiled their chances to emigrate to Uruguay were expressed today by Dean Geoffrey Andrew, vice-chairman of the Doukhobor Consultative Committee.

Dean Andrew was commenting on a letter from the Freedomites to another committee member, Emmett Gulley of Nelson, demanding that Gulley leave the Kootenay.

"Sorokin's absence has left a leadership vacuum and the Sons of Freedom are upset with the committee and particularly with Mr. Gulley," Dean Andrew declared.

Mr. Gulley is an American Quaker who has devoted the past three years to seeking a solution to the Doukhobor problem in B.C.

"We have been in communication with Sorokin and advised him to return," Dean Andrew revealed.

He said the abusive letter to Gulley stating "our request to you is—go ye in peace from us" is a result of the Freedomites' frustration at Sorokin's absence.

He added that Uruguay is turning a cold shoulder to the prospect of a Doukhobor migration.

"It looks as though recent depradation in the Kootenay have spoiled their chance to emigrate," he said.

At "Polatka", Sons of Freedom tent settlement near Perry's Siding, more and more tents are springing up. By Friday night 60 tents were raised and stores in Nelson were completely sold out of tents.

The Slocan Valley School Board indicated Friday they intend to enforce the School's Act among Sons of Freedom.

NELSON AUGUST BRIGHT MONTH

Except for a few rainy days at the end of the month, August in Nelson was almost as sunny as July. Crescent Valley radio range station recorded 265 hours of sunshine. Temperatures soared to 93 at Nelson on August 15, the month's high, and dropped to 40 on the two coldest nights, August 9 and 10. Rain fell on eight days of the month totalling three inches. Skies were clear during the first three weeks and most of the rain fell during the last eight days of August. Average temperature for August was 65.8.

The wild leek, a herb with white flowers, is found in deep woods from Labrador to British Columbia.

Denis St. Denis to See Hometown He Left for Life in West in 1896

Denis St.Denis Monday will return to his birthplace, Vankleek Hill, Ont., for his first real homecoming in 57 years.

It was on August 17, 1896, that Mr. St.Denis, then a lad of 18, left Vankleek Hill on a harvest excursion to Manitoba. Another passenger on that train, he found many years later, was D. H. Proudfoot, Nelson oldtimer.

He stayed in Manitoba 16 months, and then went directly to Nakusp, starting his 56 years of continuous residence in the Kootenays.

One of his sisters was nine and a half years old when he left Vankleek Hill. Now she is 67, and she will be one of three sisters he will visit in Montreal. Another he last saw in 1904, and the last time he saw his third sister was in 1909 when she visited Nelson.

Mr. St.Denis was in Vankleek Hill for a day in 1904 during the course of a business trip to Toronto. The trip he is about to take is his first to Eastern Canada in all those years.

He will also visit his son in Calgary, J. O. (Tony) St.Denis, employed by Alberta Nitrogen of the Consolidated Mining and Smelting Company, and a grandson Robert Edgar, who is with the department of agriculture at Ottawa.

And when he's speaking of Nakusp, Mr. St.Denis likes to tell of a coincidence that only became apparent a couple of months ago.

He cast his first vote at Nakusp June 9, 1900. He also voted in the last provincial election — also on June 9. As a matter of fact, Mr. St.-Denis has not missed voting in a single dominion or provincial election since that day he first marked a ballot.

In Ottawa he will also see the superintendent of bankruptcy, under whose office he worked as a trustee for 32 years until his retirement December 31 of last year.

Entry Deadline Set for Tuesday

The deadline for entries to the West Kootenay Agricultural and Industrial Exhibition has been extended to Tuesday. The time limit was originally set for today, but the extension has been made to encourage those who may have let it slip by.

The entries have been coming in rather slowly but the same situation has been experienced before. A last minut rush is anticipated in the face of the final deadline.

Exhibition officials have issued an invitation to those having pet hobbies. A place to display the hobbies will be granted if requested since it is felt that a number of fine spare time pursuits may be found in Nelson.

An official expressed the idea that the Exhibition is for the people of Nelson and District and unless they provide the exhibits, the fair won't be a complete success.

P.O. Transactions $267,961 in August

Total transactions at the Nelson Post Office in August amounted to $267,961. During the month, 3409 money orders were issued and 5936 money orders paid. Postage sales totalled $8649.96 and other revenue was $461.96.

Last year during the same month, $193,685 was transacted.

KP Contest Finals Announced

Winner of the Knights of Pythias speaking contest finals was Barbara Massey of North Carolina. Miss Joan Watson of North Vancouver won third prize in the international essay contest choosing as her theme, "My Favorite Character in History."

FINED FOR SPEEDING

Two men were fined a total of $35 for speeding on the North Shore.

Kenneth Oliver Doerksen of Nelson was apprehended by RCMP during a check of traffic after close of the drive-in theatre. He entered a guilty plea and was fined $15 and costs by Stipendiary Magistrate William Evans in Provincial Court here.

Bill Sookerukoff of South Slocan was fined $20. He pleaded not guilty and told the court he was travelling at 50 miles per hour. Highway Patrol officers testified they clocked Sookerukoff exceeding the speed limit for three quarters of a mile.

Charles Jacques Montmagny, governor of New France from 1636 to 1648, previously fought against the Turks and the Moors.

BACKACHE May be Warning
Backache is often caused by lazy kidney action. When kidneys get out of order, excess acids and wastes remain in the system. Then backache, disturbed rest or that tired-out and heavy-headed feeling may soon follow. That's the time to take Dodd's Kidney Pills. Dodd's stimulate the kidneys to normal action. Then you feel better—sleep better—work better. Get Dodd's Kidney Pills now. 61

MAN INJURED IN JUMP FROM CAR

A passenger, who apparently jumped from a car when a wheel was broken off, received serious head injuries Friday afternoon. Taken to Kootenay Lake General Hospital, Arthur Harrison of Trail is reportedly in good condition.

The auto, driven by James B. Howard also of Trail, struck a boulder off the road. According to police, the left front wheel was ripped off and the car skidded to a halt. Howard, his wife and child, who were in the front seat of the car, were not injured. Police are investigating the accident.

Moderate Polio Cases Here, Kaslo

Dr. H. T. Lowe, Selkirk Health Unit director, confirmed Friday evening that there were two cases of polio in the Kootenay. One is in Nelson and the other in Kaslo. Both cases however are moderate, said Dr. Lowe.

These are the first cases reported in this district so far this year.

VICTORIA (CP) — British Columbia's 1953 polio total Friday stood at 318, including 10 deaths.

This compared to a total of 266 cases and 18 deaths up to the week ending Sept. 6 last year.

The total was 593 for the whole of 1952, which was B.C.'s peak year.

Provincial centres which reported new cases to the health department during the current week included Vancouver 3; New Westminster 5; Vernon 2; Fraser Valley 4; West Summerland 1; Alberni 1, Nelson 1, and Kaslo 1.

$3000 Quota for Red Shield Drive

The annual Salvation Army Red Shield drive opens October 15 in Nelson, Chairman of the committee is Alderman Elizabeth Wallach.

Quota for Nelson and district is $3000, unchanged from last year. Canvassers will call from door to door. The money will be used for the maintenance of work here and some will be placed in a "central fund" which is used by the Salvation Army for assistance in case of flood, mine and similar disasters. Salvation Army also operates old folks' homes, homes for unmarried mothers and parentless children and fresh air camps during the summer.

Aerial Survey Before Trekkers Tackle Jumbo

An Invermere-to-Lardeau trek through Jumbo Pass of the Selkirk Mountains will have three representatives from Nelson. Boyd C. Affleck, surveyor, who recently returned from a reconnaissance trip towards Earl Grey Pass, has accepted an invitation from the Invermere Board of Trade to join the party.

Accompanying Affleck will be two of the men who spent six days with him on the Hamil creek trail, Alex Jacobs, his daughtman, and Graham McMullin, Daily News reporter, will fly over to Invermere Saturday with Affleck. They will attempt to fill in from the air the portion of the trail they were unable to cover on their recent trip.

Continuing on to Invermere, they will join up with the Board of Trade representatives and head for Jumbo Pass early Sunday morning. The party is scheduled to come through Jumbo, down Glacier Creek, and arrive in Lardeau Tuesday.

The main purpose of the treks through Earl Grey and Jumbo Passes is to determine the best route for an alternative highway to the Big Bend which is snowbound in the winter months.

Lauzon on the St. Lawrence in Quebec was first named Pointe de Levy by Champlain in 1625.

E. Kootenay Hunters Prepare for Season

CRANBROOK — Shotguns and rifles are being put in shape throughout the East Kootenay, in anticipation of hunting season. In most areas, season opens September 15. Last season's lengthy Fall resulted in the lightest take for deer in many years. Hunters hope for better results this season with possibly increased deer population.

Deer season this year opens through all East Kootenay September 15, one buck only, and continues to include November 30. Game regulations note a possible season in some sections of the Interior East of the Cascade Mountains at a later date on doe deer.

Big game season partly opened September 1, starting date for goat season which runs to November 30, grizzly bear to June 30 with bag limit one. Mountain sheep season for Fernie and Columbia districts runs September 15 to October 15 except for the closed portion of Stanford Range between Columbia and Windermere Lakes and the Kootenay River south of the Banff-Windermere highway.

MOOSE SEASON

In Fernie, Cranbrook and Columbia districts moose season is from October 1 to 31, except in the area west of the Columbia River between Bugaboo and Forster creeks. Elk season is from September 15 to November 30 in Columbia and Fernie districts and the part of Cranbrook district northeast of Mather Creek, and the rest of Cranbrook district is open for elk October 1 to 31. Game course of Pickering Hills area from Gateway on the American boundary northwest along the East bank of the Kootenay River to the Bull River and Eastward to the Elk River, is continuing closed for moose.

East Kootenay season on birds opens in general September 15. Season on ducks, coot and geese in Columbia, Fernie, Cranbrook and Creston continues from that date to December 3. Season on blue and Franklin's grouse through the area is September 15 to October 31, and on willow and sharptail grouse October 1 to 31.

HIGHWAY PAVED

GRAND FORKS — The highway forming part of the 10-mile "loop" was surfaced within the city limits here. Work was carried on under heavier-than-average traffic.

Downtown 'Forks Gets Parking Lot

GRAND FORKS — Three downtown Grand Forks lots have been cleared, filled and gravelled to make way for parking areas and buildings. A large storage garage will be built to house cars and trucks by owners, Mr. and Mrs. Oscar Pennoyer.

Additional parking space is being rented out and demand for space in this central location is growing now that one-hour parking on Main Streets will be enforced by City Council.

To meet the demand in the ever-expanding meat business, a smokehouse for Boundary Enterprises. The curing of local meat will be carried out here.

TRAIL SOLDIER TO PPCLI CEREMONY

TRAIL—Princess Patricia Canadian Light Infantry will holds its annual trooping of the color at Currie Barracks in Calgary, Sept. 11, RSM Ian Selkirk, regimental sargent major here will attend the ceremony. Lady Patricia Ramsay, Colonel-in-Chief of the regiment, will arrive by air from England to attend.

BRITISH COLUMBIA INTERIOR VEGETABLE MARKETING BOARD

Kelowna, B. C.
September 1st, 1953

NOTICE

Producers and others concerned are asked to note the following regulations applicable to the marketing of produce in the cities of Nelson, Rossland and Trail, effective as from September 15, 1953.

1. Producers are not permitted to market their produce direct to retailers. Orders for produce, as required by wholesalers, will be placed with Mr. Arpad Pallay, 920 Falls St., Nelson, B. C. (Phone 509Y), who is the representative of our Marketing Agency. Retailers may obtain their supplies from any of the wholesalers licenced to operate within the district.
2. All producers are required to register their names and acreages with the Board.
3. No produce may be marketed which does not meet requirements of Government grades.

Through these regulations it is our intention of ensuring (1) a fair share of the market for each producer (quality being equal), (2) fair returns for producers.

Further particulars may be obtained from the Board Office, 1476 Water Street, Kelowna, B.C.

Successful Year Forecast By Grand Forks Growers

GRAND FORKS — Though 1952 was a successful year, even better growers' results are expected this year, the annual meeting of the Grand Forks Co-operative Growers' Exchange learned.

The co-operative works in conjunction with the B.C. Tree Fruits Limited and the Interior Vegetable Marketing Board and fruits and vegetables are disposed through them.

Some figures of interest concern the 1952 crop. $350,000 worth of growers' produce was handled through the local concern. Handling charges were reputed to be the lowest of any packinghouse in British Columbia.

Retail sales amounted to $109,000. Income profit before taxes was $5573 and the income tax paid out amounted to $1200.

BUILDING RENOVATED

In anticipation of the heavy produce to be handled this fall, renovation of the building was started this summer during the slack period and is now near completion. An extensive building, the city block long warehouse has floor space of 30,000 square feet.

Included in the renovation is the construction of a new cement basement in the warehouse to replace the wood basement.

A rough estimation of this year's crop has been made at 2000 tons of seed potatoes and 3000 tons of table potatoes. The apple crop is given at 30,000 boxes, a drop from last year's 40,000.

The first carload of apples leave this week for Prairie points.

DIRECTORS NAMED

The the board of directors' annual meeting, Pieter Tjebbes was re-elected president; Ray Orser, vice-president; Y. Sugimoto, secretary-manager; board members, W. T. Starchuk, Ernest Diepenbeck and Henry Negraeff.

Office staff includes John Ogloff, superintendent, and Miss Doris Jmaeff, bookkeeper-accountant.

Waneta Project in Final Stage

WANETA — Cominco's $30,000,000 Waneta power plant project, 13 miles south of Trail is entering its final stage.

Amid the clutter of catwalks, forms, heavy equipment and temporary shacks on the construction scene a mighty colossus of concrete has grown. Its 950 feet of width along the top has been filled out, and it is beginning to reach its full 250-foot height above bedrock in the river. Less than 20 per cent of the concrete remains to be poured.

The race to get the concrete in place has shifted to heavy activity on the installation of equipment — the last stage of construction.

High above the operating floor in the power plant a huge 400 ton crane runs back and forth on its tracks in the installation of scroll casing and speed rings. It will lower the big water wheels and generators into place, and remain for maintenance and eventually the installation of two more units. High above the river, work is going ahead on the installation of spillway and head gates.

Nearby, West Kootenay Power and Light Company crews are starting to string the finger-thick aluminum power cables on the 1.9 million power line. These will carry Waneta's power along the west bank of the Columbia River to Cominco's distribution system at trail.

The Waneta site, a vicious tangle of rock and river a scant two years ago, is well on its way to being an orderly power production unit.

Natal Pioneer, Mrs. S. Letasy Laid at Rest

NATAL — Funeral services for Mrs. Susan Letasy, who died at the coast after a brief illness, were held here. Father John Zapka officiated at the service in St. Michael's Church.

A pioneer of Natal-Michel, she was born in Czechoslovakia in 1888. She came to Canada in 1905 and has been a resident of Michel ever since.

Surviving is her husband at Michel, a brother, S. Kubinec who left for Czechoslovakia only two years ago from Coleman, Alta., four sisters, Mrs. J. Kovacik, Mrs. S. Lehosky of Coleman, Mrs. A. Gall Nampa, Alta., and Mrs. S. Hlavy in Czechoslovakia along with ten daughters, Mrs. A. Klemak, Mrs. A. Sinatar, Mrs. Joe Halko, Mrs. S. Tolley, Mrs. D. Billy, Mrs. R. Deharnier of Natal, Mrs. P. Konderka, Mrs. J. Konderka of Granger, Alta., Mrs. V. Arychuk of New Westminster, and Mrs. J. Stelmack of Vancouver; four sons, John, Steve, Jr., Pete and Alex.

The First Canadian Slovak Society under president P. Karas of Natal was in charge of the funeral arrangements. The pallbearers were J. Siska, J. Jarina, J. Hyduchak, J. Vantruba and A. Galla. The many floral tributes showed that the long-time resident of Natal-Michel district was held in high esteem.

Highway Link Hard Topped

INVERMERE — Work was completed on the hardsurfacing of Bruce Avenue, main thoroughfare of the village of Invermere and part of arterial highway. The black top also extends west of Third Street. The black top work had been delayed until the new water system for the village was completed. Laying of pipes for the new system had involved tearing up Bruce Avenue.

The highway is now hardsurfaced from the Radium-Windermere-Athalmer crossroads on the main highway, through Athalmer and on to Invermere.

Largest of the six Australian states, Western Australia covers 975,000 square miles.

Brock Markle Retires From Cominco Post

KIMBERLEY — Brock Markle, who is 45 years has served the public in Kimberley and district, is retiring. He was born in Vienna, Ont., 1888, and came West to Wardner where he operated the Crow's Nest Lumber Company store. He then went into business for himself in Bull River operating his own general store. Mr. Markle also acted as postmaster, magistrate and was appointed justice of the peace.

In 1928 he joined the Cominco Mark Creek store as manager of the shoe department and has held that position until his retirement.

A sports enthusiast, he organized hockey, baseball and curling at Bull River. "We used to curl with wooden rocks previous to receiving a shipment of stones from Scotland which took 10 months to come around the Horn," he recalled.

Mr. Markle will continue to live at Kimberley.

Children's pictures—E. M. Fowler, A. E. Fowler.

Adult pictures—D. Avery.

Pets—L. Carr, K. Owens.

Scenery—D. Avery, K. Owens.

Good Season Behind, Minto Looks to '54

The Rotary YMCA Camp Minto camping season came to an end this week when the 9 to 11 years boys group returned to town.

Five 10-day camp sessions including two girls' camps and three boys' camps has been held during July and August.

In the boys' period which has just closed, Gilbert Shellard, 10, of Fruitvale, won the honor campership. Cabin No. 1 won the honors as the best cabin, including Duane Brothers, Scott Hamilton, David Evans, Ronnie Lakes and their leader, Fraser McAlpine.

On Sunday, visitors' day, about 35 parents visited the camp and were impressed with the whole set-up, officers reported.

A campers' reunion is planned for this winter and the camp leaders are also expected to meet regularly during the winter to make plans for the next season's camping. With the success of this year's camp it is expected that Camp Minto will be more popular than ever next year. Ken Johnson is chairman of the camp committee. Roy Holmes, physical director of the Kitsilano High School at Vancouver, who was camp director at Minto, returned to Vancouver last night. Mr. Holmes will submit a complete report to the camp committee, making recommendations for the future.

Cranbrook Agent To Winnipeg Post

CRANBROOK — Canadian Pacific Airlines has named E. C. McLaren agent here. He is formerly of the company's Northern service station at Fort Vermilion.

Agent here since the schedule service started four years ago, A. B. (Jimmy) Wilkinson was promoted in July and has been transferred to CPA Winnipeg headquarters where he is operator-dispatcher. His wife and two daughters accompanied him to Winnipeg.

KINGSTON, Ont. (CP) — One of Canada's best-known newsaper women, Carolyn Cay Cornell, 77, a staff member of the Winnipeg Tribune from 1914 to 1942, has died here.

Miss Cornell was president of the Canadian Women's Press Club in 1922 and 1935. After her retirement in 1942 she joined an Anglican Sunday school caravan as a teacher in the Peace River district and settled in Smiths Falls in 1946.

Make Labor Day a Deathless Holiday — Drive Carefully

New Chances for British Investment

It was a welcome move that Ottawa made which lets British investors play a freer role in this country's growth.

It won't be easy for the British to buy dollar investments—Canada has nothing to do with that—but at least those U.K. residents and companies which have holdings here can now sell them and buy something else as they please.

A new agreement has been made for the U.K. repayment of the 1942 Canadian loan. As things were, if a U.K. resident or company had investments in Canadian securities and sold them, the dollars had to be turned in to be credited against the loan.

For years British investors, once the leading source of funds for Canadian developments, points out the Financial Post, have been denied the right to take part fully in this land's unfolding story. Now at least those who have holdings here will be able to switch them as they wish. Because of the previous ban against switching, the British have had little chance to invest in new fields in petroleum and mineral development and manufacturing. No one can guess what switches would have been made. But there are some $1800 millions of British investment in this country. And out of that total some changes are bound to come.

There are other considerations. Anything that helps to free international trade and capital transactions is good for Canada. As a nation, we have more to lose from barriers than any other.

It's You

Let us never forget what is Government? Government is people and people are you. We can't sit here and transfer our responsibility to some vague sort of entity. Each of us has a very definite part to play in everything that is here because that is the heart of our country. In it we can expect to see living happy families, families who because of their standard of living are our nation's best weapon against Communism. More eloquent defence against that insidious doctrine than the most eloquent tonque of any lawyer, preacher or teacher; a more sure defence than any battleship or any plane or any gun or any bomb of whatever kind—that is the kind of thing that will preserve this nation.

—Dwight D. Eisenhower.

Your Horoscope

During the next year some good fortune and happiness is signified. Today's child should be ambitious.

SUNDAY, SEPT. 6

Look for your secret hopes and ambitions to be realized. Today's child seems likely to become an idealistic individual.

LETTERS TO THE EDITOR

Letters to the editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole, or in part, except over the signature and address of the writer. Unsolicited correspondence cannot be returned.

Helping Youngsters Is Objective

To the Editor:

Sir—Once again the British Columbia Parent-Teacher Federation is making plans for the observance of "Better Parenthood Week," September 13 to 19.

During this week we make an appeal to all parents with children in our schools to become members of our Federation by joining their local Parent-Teacher Association. We emphasize our responsibility towards the child and bring before the community the work our organization is doing towards the mental, moral, social, spiritual and physical development of the child.

The objectives are:

(1) To make fathers and mothers more fully aware of the importance of using the best possible methods in the training and care of their children and to acquaint them with the many sources of help and information available to them in handling their family problems.

(2) To encourage the formation of groups for study and discussion of child rearing problems.

(3) To promote more co-operative understanding between parents and teachers, and between the school and community at large.

(4) To lend active support to all community efforts for better schools, child health, recreational facilities, vocational guidance, and the prevention of delinquency.

Our provincial chairman for this observance this year is Mrs. Fred A. Jones. Goal of the membership committee is 40,000 members in B.C.

(MRS. H. C. F.) CONSTANCE SPRING,
Public Relations Chairman, B.C.P.T.F.

Betty's Weekly Letter to:

Dear Jane:

Dear Jane:

Do you remember a poem we used to have called "Success?" I can't think of the lines, but the meaning was something like this —

If you're determined to have it,
And let nothing stand in the way of getting it;
Iif you put your whole heart into it,
Plan for it ,fight for it, live for it;
If you scheme, connive and sweat for it
And forget everything else and work for it
Then you very likely will get it —
But are you sure you will want it?

Reading the advice given by Lord Beaverbrook in one of the book "Success." He makes success sound easy and lovely if you can just get that first $20,000 which he says counts the most.

Ah, there's the rub!

For those of us who can't or don't get that first twenty thousand, here's a little item I happened on. Don't know if it will make us feel better or worse. It was called "Food for Thought."

"In 1923, a very important meeting was held at the Edgewater Beach Hotel in Chicago. Attending this meeting were nine of the world's most successful men. At least, men who had found the secret of "making money." Twenty-five years later let's see where these men are.

The president of the largest independent steel company, Charles Schwab, died a bankrupt and lived on borrowed money for five years before his death.

The president of the greatest utility company, Samuel Insull, died a fugitive from justice and penniless in a foreign land.

The president of the largest gas company, Howard Hopson ,is now insane.

The greatest wheat speculator, Arthur Cutten, died abroad, insolvent.

The president of the New York Stock Exchange, Richard Whitney, was recently released from Sing Sing Penitentiary.

The member of the president's cabinet, Albert Fall, was pardoned from prison so he could die at home.

The greatest "bear" in Wall Street, Jesse Livermore, died a suicide.

The head of the greatest monopoly, Ivan Krueger, died a suicide.

The president of the Bank of International Settlement, Leon Fraser, died a suicide.

All of these men learned well the art of making money, but not one of them learned how to live."

Gosh, I don't feel half so badly about not having that first twenty thousand.

BETTY BLYTHE.

? Questions ? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

Homeless, Nelson—Can you tell me where I can get pre-fab houses in this district?

K. W. Dixon Company, 812 Front Street, Nelson, supplies pre-fab houses.

Reader, Cranbrook—Could you please tell me how to cure tobacco at home?

The leaves are first dried, then cut into small pieces, moistened and compressed, and in this form is known as "shag" or cut tobacco. When moistened with molasses and pressed into cakes it is "chewing tobacco," when twisted into string form it is "twist" or "pigtail." It is sometimes dried in hot sun when it has to be carefully watched and turned; it is also dried in well-ventilated barns. This is the only recipe for curing we can find. Other readers may be able to supply a better one.

H. J. W., Nelson—What is the seating capacity of the new Episcopal Cathedral of St. John the Divine in New York City, also how does it compare in size with other cathedrals of the world?

We have written away for this information and are waiting for the reply.

B. A. M., Creston—Would you tell me the name of the tall, beautiful bright red flower in Lakeside Park, Nelson? How does it grow, from bulb or seed?

The flower is the canna lily. It grows from bulbs that can be purchased at any florists.

A. J. W., Trail—Is there any way to clean piano keys at home?

Wipe them with soft sponge which has been soaked in denatured alcohol, then wring out sponge and wipe keys dry. Never use soap—it turns the keys yellow.

Looking Backward

10 YEARS AGO
From The Nelson Daily News, Sept. 5, 1943

Boeing Aircraft of Canada Ltd. will establish a sub-assembly plant here.

Reg Stone of Trail won the Nelson and District golf championship Monday. He defeated his brother Roy, also of Trail, in an anticipated all-Stone final.

25 YEARS AGO
From The Nelson Daily News, Sept. 5, 1928

Building permits issued in Nelson during August totalled only $3900, as against $43,800 in July.

Members of the Nelson branch of the Canadian Legion made merry at a corn roast at the Legion building last night when selections by a four-piece orchestra, community singing, duets and quartettes provided entertainment for nearly two hours.

50 YEARS AGO
From The Nelson Daily News, Sept. 5, 1903

At a meeting of the City Council it was decided that a ten-box fire alarm be installed.

The exhibition building is nearly completed and ample time will be allowed for arrangements of exhibits before the fair opens.

Nicknames Passing

By Dorothy Garbutt in the Winnipeg Tribune

What has come over the children of today? Take a walk down any street and you see them playing the same games, hear them chanting the same rhymes as we did in the springtime of our lives.

But listen to them conversing with each other and what do you hear—why, little girls politely addressing each other as Darlene or Cheryl or Sandra and grave little boys beckoning to each other with David or Peter or Chares—not Chuck, mind you—just straight Charles. These youngsters are wild enough and mischievous enough, yes, and rude enough, in all conscience, in all other things but this gravity of the given name defeats me.

Wasn't it one of the old cartoonists, McCutcheon or Webster, who ran a popular cartoon under the caption "Yoohoo, Skinny!" I wonder where he'd get today with a cartoon called "Hi, Daryl!" See what I mean?

The Beginner

. . . F. B. Pearce

Is your beginner a boy or a girl. It makes a difference. If it is a girl you should have no difficulty in persuading her to attend on the first day. Just doll her up in a new dress and fluff up her hair and she will be quite happy, but your boy is different. He won't appreciate new clothes and slicking his hair won't give him the lift that a hairdo gives a girl. In the end you may have to wear down his resistance by telling him his friends Tom and Dick will be there. Years later his wife will be using the same argument to enveigle him to a party.

Both boys and girls soon settle down to the routine of school. Physically and mentally they are ripe for the new experience, and they expand rapidly. If your beginner is a girl you will enjoy grade 1 for she will tell you all that she hears, does and sees and make you feel a part of school too. Your boy on the other hand will tell you little and a direct question, "Do you like school?" may bring the non-commital answer, "It's O.K."

It is remarkable how much is learned by our six-year-olds in a short time. Starting from scratch they learn in one short year the elements of reading and a good deal of number work beside the many habits of work and play which make up school behavior.

There is no great difference in the average intelligence between girls and boys but at this age, and for many years girls seem to head the class. The chief reason is that girls learn to speak early and talk faster. With attractive manners and engaging ways they hold the spotlight, while the boy plods behind without benefit of admiration. Eventually, however, the boys outstrip the girls, but that is not until years later.

Injured Newsman's Wife Dies, Spokane

SPOKANE, Wash. (CP) — Mrs. Laura Dell Scott, 69, wife of Harry Scott, public relations officer for Sicks' Breweries in Calgary, and former sports editor of The Albertan, died in a Spokane hospital Thursday night, less than three days after she and her husband were severely burned in a motel explosion near Spokane. Mr. Scott's condition remains critical.

The Scotts were on a holiday when the accident occurred. They sustained first, second and third-degree burns when the gas stove in their motel exploded as Mrs. Scott lit a match after having left the burner open for a short time.

Venezuela exported 625,000,000 barrels of oil in 1952, largest national oil export in the world.

Civil Service Federation Makes New Request for Salary Increase

OTTAWA (CP)—The Civil Service Federation, representing some 65,000 of Canada's 130,000 civil servants has made another request to Prime Minister St. Laurent for salary increases.

In a letter made public Friday, Fred Whitehouse, federation president, said civil servants across the country are disturbed that the government, in turning down requests last June, "apparently abandoned its policy of maintaining public service salaries in parity with those of industry."

SITUATION UNCHANGED

"The federation believes," he added, "that the situation today of disparity between civil service and industrial wage rates parallels that prevailing in December, 1951, when the last general increase was granted. At that time a 12.6-per-cent increase in the index of industrial wage rates had taken place during the 12 months since the general increase in 1950, while over the same period the average weekly wages and salaries in industry had increased by $5.78."

The industrial wage index at October, 1952, had shown a further gain of 3.1 per cent and there was nothing in the current situation suggesting that the upward trend had not continued.

Denies Enterprise, Salvage Halted

GENOA, Italy (AP) — Owners of the salvage ship Rostro have denied reports that operations on the derelict ship Flying Enterprise have been halted. They said they will continue to try to reach two postal bags supposed to contain large quantities of British and U.S. currency. A spokesman for the company said salvage operations were suspended Wednesday because rough seas hampered the work.

HOME AGAIN . . . Mrs. Frank H. Lippingwell, Sixth Street, recently returned from a holiday in Vancouver.

By ALICE ALDEN

SWEET silk dresses, soft, pliant, wearable, appear in many of the major collections, a boon for the wardrobe whether lavish or carefully edited. A dress, such as the one depicted here, is of the type that can take its place smartly, gracefully yet unobtrusively in any smart setting. This afternoon frock features supple softness across the shoulder in a crescent effect, and has a binding of peau de soie around the slashed, jeweled neckline. The silk is also used for the buttons and bound buttonholes at the front closing of the blouse and for a fitted cummerbund, setting off the dull crepe nicely. Tiny waistline tucks give a formal arched hipline to the slim skirt.

Kimberley Scene of Whalley-Grainger Vows

KIMBERLEY — A beautiful wedding was solemnized in All Saint's Church, August 22, when Shirley May Whalley, daughter of Mr. and Mrs. Ralph Whalley of Kimberley and Raymond Stewart Grainger, Kimberley, were united in marriage.

The Rev. E. Bibbey officiated. Mrs. Lillian Evans sang "I'll Walk Beside You" to the accompaniment of Mrs. M. Wallinger's organ playing.

The bride chose a lace over satin gown with a double bouffant skirt, puff sleeves and a satin bodice. A satin and lace headdress inset with seed pearls held her cascading veil. She carried a bouquet of American beauty roses, stephanotis, gladioli and lily of the valley.

Matron of honor was Mrs. E. J. Beauchamps, sister of the bride. She wore green taffeta with matching gloves and a bandeau of net and carried yellow carnations. The Bride's matron was the groom's sister, Mrs. T. Hamilton. She wore pink net over taffeta with a matching net bandeau and carried blue carnations. Bernice Whalley, the bride's sister, was junior bridesmaid. She wore blue net over taffeta with a matching bandeau and carried pink carnations. Flower girl was Arlene Whalley, sister of the bride. She wore yellow organdy and carried carnations and rosebuds.

The best man was Mr. Bert Gaskell. Ushers were Mr. Earl Dixon and Mr. Gordon Rauch.

The bride's mother wore navy blue sheer with blue and white accessories.

A reception was held at the home of the bride's parents. It was decorated for the occasion with pink and white streamers, bells and summer flowers. The table was centred by a three-tier cake with silver sconces and pink candles embedded in pink tulle. It was surrounded by bouquets of sweet peas.

For the honeymoon to Banff, Jasper, Edmonton and Calgary, the bride donned a suit of grey worsted with black and mauve accessories On their return, they will reside in Kimberley.

Out-of-town guests were Mr. and Mrs. George Todhunter of Elko; Ms. and Mrs. H. Neidig of Wardner; Mr. and Mrs. A. D. Hondt of Rossland; Mrs. E. C. Letcher, Mr. and Mrs. H. Hark and family of Waldo; Mr. and Mrs. W. R. McIntyre of Victoria; Mrs. B. Grainger of Goldbridge; Mr. J. Scott of Invermere; Mr and Mrs. C. Howell, of Edmonton; Mr. and Mrs. F. S. Elliott, Mr. and Mrs. E. Dickson, Mr. and Mrs. B. Gaskell, all of Calgary; Mr. and Mrs. H. Briggs of Seattle; Mr. and Mrs. J. Langill of Bremerton, Wash., Mr. and Mrs. W. Whalley, Sr.; Mr. W. Whalley, Jr., Mr. Bill Whalley, Mrs. Bob Baker, Mrs. G. Irwin, all of Fernie; Mr. and Mrs. H. Deman, Mr. and Mrs. A. Deman, Mr. and Mrs. J. Deman, Mrs. C. Ryde, Mr. and Mrs. F. Vanlerburg, all of Cranbrook; Mrs. T. Hamilton and Mr. and Mrs. D. Parsons of Salmo.

Sunshine Bay

SUNSHINE BAY—Mr. and Mrs. George Giakovmis, their daughter, Miss Helen Giakovmis, and Dick Werner, all of Spokane, were house guests of Mrs. Giakovmis' brother, A. A. Dosenberger of Sunshine Bay. They visited another brother, Nick Dosenberger, then continued on to Banff and other Alberta points.

Miss Ivy Starritt and her daughter, Lorna, of Cranbrook, were visitors at the home of Mr. and Mrs. N. Dosenberger of Sunshine Bay. Other recent visitors there were Mrs. Sam Ratcliffe of Nelson and W. Ratcliffe of Kimberley.

Mr. and Mrs. E. Bryan of Vancouver spent two weeks at the home of Mr. Bryan's brother and sister-in-law, Mr. and Mrs. Stan Bryan, who moved here recently from Kamloops.

Mr. and Mrs. J. Riley of California were visitors at the home of their uncle and aunt, Mr. and Mrs. Jack Riley. Mrs. Riley is the former Audrey Heddle of Willow Point and came back to Canada to attend the recent Heddle-Kleef wedding.

Mr. and Mrs. J. Richard, Sr., of Regina spent the past two weeks at the home of Mr. and Mrs. Jack Riley. Mrs. Richard and Mrs. Jack Riley are sisters. Mr. and Mrs. J. Richard, Jr., are holidaying in Nelson and visited the Rileys before returning to Regina. Mr. and Mrs. Russell Riley of Calgary were also present.

Mr. and Mrs. Ralph Brianton and their daughter, Miss Doris Brianton, of The Pas, Manitoba, were overnight guests of W. Adam at Sunshine Bay.

Jeannette Muir Wed in Double Ring Ceremony

Trinity United Church was the scene of a lovely wedding when Jeannette May, only daughter of Mr. and Mrs. J. C. Muir of North Shore, formerly of Nelson and Jack Frederick, only son of Mr. and Mrs. Frederick Sparks, 3131 Carman Avenue, Victoria, were united in marriage at a double ring ceremony.

Rev. A.R.T. Dixon officiated. The church was decorated with gladioli in white baskets. John Taylor sang "Because" to the accompaniment of Mrs. W. C. Tyler.

The bride entered the church on the arm of her father. She was lovely in her ivory embroidered, triple sheer over taffeta dress with a picture collar, sweetheart neckline and lily-point sleeves. Her full length veil cascaded from a taffeta headdress. Her only jewelry was a pearl necklace and earrings, gift of the groom, and she carried a cascade bouquet of red roses with white satin ribbon.

Matron of honor was Mrs. Jean Cumming, who wore yellow nylon sheer over taffeta, gold sequined tiara and yellow net gloves. She carried a bouquet of mauve gladioli. The bridesmaids were Marjorie Young, Jacqueline Avis, cousins of the bride. They wore similar dresses of blue nylon over taffeta, blue sequined tiaras and blue nylon net gloves. They carried cascade bouquets of shell pink gladioli. Yynne Young, cousin of the bride, was the flower girl. She wore an apple green taffeta dress, gloves, matching headband and carried a colonial bouquet of pink roses and sweet peas.

The best man was Mr. John Cumming of Balfour. The ushers were James Muir, Jr., brother of the bride, Glen Twells, Tom Scales and Laurie Dodds.

The reception was held at the Hume Silver Room. The couple were piped to the reception by Mr. Gordon Halsey. Mr. Dixon proposed the toast to the bride, and Mr. John Cumming proposed a toast to the attendants. The three-tier wedding cake, imbedded in tulle, was cut with a white gold heirloom knife belonging to the groom's great grandmother. The cake was made by the aunt and uncle of the bride, Mr. and Mrs. J. C. Young and given to the bride. Little Doreen Spiers danced the Highland Fling while the bride was changing. Buffet dinner was served.

For the honeymoon to Okanagan points the bride changed to a tailored suit of rose gabardine with a white lace hat and white accessories. The bride's corsage was a mauve orchid. Mr. and Mrs. Sparks will reside at 1258 Montrose Avenue in Victoria.

The groom is employed by the Palm Dairies. The bride is on the teaching staff of the Dr. James Douglas School.

Telegrams were received from Bellingham, Wash., and Victoria. Out of town guests included Mr. and Mrs. F. L. Irwin of Dawson Creek; Mr. and Mrs. Jack Young of Oliver; Mr. and Mrs. Twells of Emerald Mine; Mrs. John Avis and Jacqueline of Cranbrook.

Our Father's Business

The Christian way of life is a Positive Way of life. The Christian Gospel is the Great Affirmation, the affirmation of God, of spiritual values, of immortality and eternity. It is the Good News.

Not all news is good news. In fact, very often, the opposite is the case. Calamitous happenings, murders, suicides, robberies, accidents, the products of hate, greed and bitterness, these are the items that often fill the pages of our newspapers.

But the pages of the New Testament are the records of glorious things, the stories and accounts of the accomplishments of people who had caught the positive approach to the problems of life.

Just read a few verses from the 12th chapter of Romans. One or two are sufficient to keep us going a lifetime. Note:

"Be ye transformed by the renewing of your mind!"

"Rejoicing in hope; patient in tribulation; continuing instant in prayer."

"If thine enemy hunger, feed him; if he thirst, give him drink!"

"Be not overcome of evil, but overcome evil with good."

Jesus lived the Positive Life. In His time there were plenty of problems, temptations, heartbreaks for the land in which He lived. They had famine and poverty, exploitation and sin in all its aspects.

But Jesus seldom speaks in a tone of complaint, never nags, or predicts that human nature will come to utter ruin. Rather, He proclaims the possibilities of human nature when touched by the nature of God. Everywhere He carries a note of optimism, a shout of hope rather than a whine of despair. Seeing the situation for what it is, but always master of the situation, Jesus asks His followers to follow His example, and never to murmur or waver, for:

"In the world ye shall have tribulation; but be of good cheer, I have overcome the world."

CONSTRUCTION INCREASE CONTINUES

Construction contract awards for the month of July, 1953, standing at $152,156,500 have bolstered the cumulative total for the first seven months to $1,130,689,000. This billion dollar figure shows a cumulative increase of approximately $86,000,000 over the 1952 figure ($1,044,176,300) and continues the upward trend in the cumulative total which was established in April, 1953.

The figure for July, 1952, as compiled in the records of MacLean Building Reports Limited was $139,397,000 as compared to the July, 1953, figure of $152,156,500. This represents an increase for 1953 of $12.7 million, and indicates that the construction industry should prosper steadily for the balance of this year.

Dominion totals for July, 1953, show increases in residential and business for the same period last year, but the industrial and engineering categories again show a loss from last year's figure. Business shows an increase of $12,268,400 over July 1952, and residential is up $7,979,400 for the month. Comparative figures for July for each category (1952 figures shown in brackets) were as follows: Residential, $72,713,000 ($64,733,600) up $7,979,400; business, $51,521,200 ($39,252,800) up $12,268,400; industrial, $8,590,300 ($11,487,500) down $2,897,200; engineering, $19,332,000 ($23,923,100), down $4,591,100.

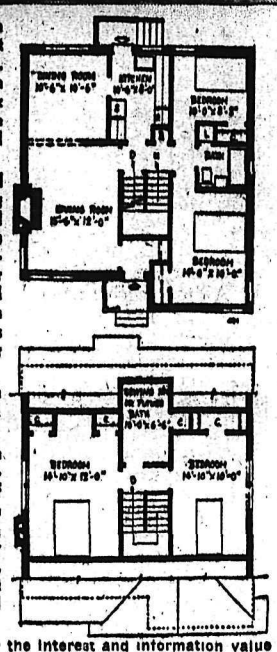
On a regional basis, the breakdown of the July, 1953, total shows that, except for Ontario, all regions showed an increase over last year's figures. Although the Dominion totals for industrial and engineering categories show a decrease from the July, 1952, totals, the Western industrial figure is up $1,358,100, and the Maritimes engineering figure is up $1,674,300.

KINISTINO, Sask. (CP) — The 100th anniversary of the founding of the Anglican mission at Fort a La Corne in northern Saskatchewan was observed with special services. The founder was Rev. Henry Budd, first Indian clergyman in northwest Canada.

The world's first ocean-going motor vessel, the Selandia, was launched in Denmark in 1912.

The Modern Home

Superfluous embellishments have been avoided on the exterior of this house yet the general effect is one of artistic design. The exterior finish calls for stucco with wood siding on the gables while brick is used to good advantage below the window sills and for other ornamental purposes.



A four-bedroom house, it is well suited to meet the needs of a growing family as the two large bedrooms and the future bath or sewing room upstairs can be left unfinished until they are required. The stairwell is located near the center of the house, a practical engineering feature which is popular with both house-builders and home-owners alike. The gable over the front first floor bedroom also shelters the front porch.

The lattice work on the front porch matches the windows which have the lights seperated horizontally.

The floor area of the house, which was designed by H. C. Jervis and associate architect A. Martineau, both of Ottawa, is 1,511 square feet and the cubic measurement is 23,500 cubic feet. The exterior dimensions are 32 feet by 31 feet. Working drawings for this house, known as Design 401, are available at minimum cost from Central Mortgage and Housing Corporation.

These plans are published for the interest and information value only. The Daily News cannot supply detailed blueprints or specifications. Those contemplating building homes should consult a local architect, designer or builder.

HOMEMAKER TIPS

When two boards are to be glued together, edge to edge, it is important to have the edges smoothed for a tight fit. This is vital whether dowels are being used, whether a special joint has been made or whether you are placing braces under the parts being joined.

The glue will not do its job effectively unless the edges fit perfectly. There is no problem if you have a jointer, which is a form of power planer. Most home workshops do not have them. But there is a way to get 100 per cent fit.

Place the two boards together the way you want them to be joined. Nail pieces of wood to their undersides, just enough to hold them together firmly. These pieces of wood will be removed later. Now saw through the entire assembly exactly where the edges of the boards come together. This may seem silly, because what you have done is attach the boards together and then saw them apart again. But what happens is this: the saw will take a little off each edge . . . enough so that the edges will fit together tightly. Now go ahead with your gluing, following whatever original plan you had in mind. The two perfectly matched edges will make your job easier and better.

Light travels from the moon to earth in 1½ seconds, but takes four years to come from the nearest star.

Urges Farmers to Feed the Hungry

FORT WILLIAM (CP) — Canada can do more to further world peace by distributing her wheat surpluses to the hungry people of the world than by arming for war, Welfare Minister Goodfellow of Ontario told the Ontario Association of Managers and Matrons for Homes for the Aged Friday.

He suggested that Canada "write off as surpluses" any exces wheat stocks she may have and send them to needy peoples.

"There is something wrong with an economy when there is talk of controlled acreage when people are hungry," he said.

GRIMSBY, England (CP) — A dog-loving resident here installed an inter-communication system between his bedroom and the kennels. Now he can hear any restless barks and quieten the dogs by microphone.

Turkey expects to produce 26,000 tons of copper in 1953, compared with 14,000 tons in 1951.

More than three-quarters of Pakistan's 76,000,000 inhabitants depend on the soil for their livelihood.

Check Cutting Bar on Mower

Many people spend countless hours top-dressing, rolling, fertilizing, watering and weeding their garden lawn, and then in half-an-hour with a lawn mower undo much of the good by cutting the grass too short. Most lawns are fully exposed to the sun, and the shorter the grass the more the roots will be burnt by its scorching summer rays; the more quickly the moisture in the soil will dry out; and the more easily will weeds encroach.

The cutting bar of the lawn mower should never be set lower than 1½ to 2 inches from the ground—except for creeping bent grasses which are seldom used for garden lawns. Frequent cutting is preferable and then the clippings can be left on the lawn where they will be a good source of rich nutrient. If the mowing is infrequent and the grass long, the clippings should be removed, because they smother the grass roots and cause dead patches in the lawn.

Merely sprinkling the lawn with water won't do much good except to encourage the shallow-rooted weeds. Watering should be continued until the soil is thoroughly moistened to a depth of four inches. A good soaking once a week is better than a light sprinkling every other night.

It's a smart idea to drill holes along the base of concrete retaining walls to allow the water to drain out. If the water builds up enough pressure it will crack the wall. Use a one-inch star drill for this job.

Wide cracks between the bottom edge of doors and the floor can be fixed by nailing a strip of wood the same thickness as the door along the edge. The strip of wood should be wide enough to come about one-quarter inch from the floor.

Many of the Atlantic islands such as the Azores are actually the tops of old underwater volcanoes.

Dodgers Reap Victory

By The Canadian Press

Leo Durocher was chased, bean balls were thrown, the Giants equalled a major-league home-run record—and also made four errors—as Brooklyn Dodgers defeated their New York National League rivals 8-6 before 29,736 at the Polo Grounds Friday night.

The wild victory, combined with Milwaukee Braves' defeat by St. Louis Cardinals, left the Dodgers 10 games in front in the pennant race.

Five of the Dodgers' runs were unearned as the Giants' defence crossed up every effort of the Giants' offnce to gain the lead and stay in front of the league leaders.

Umpire Bill Stewart ousted Wes Westrum, New York catcher, for arguing a ball-and-strike call in the sixth inning, then banished Durocher as Westrum trudged across the field to the clubhouse.

In the eigth inning, after Roy Campanella hit the dirt when a pitch from Larry Jansen sailed over his head, Stewart brought manager Charlie Dressen of Brooklyn and coach Bill Rigney of the Giants to the mound, warned them about bean balls and then had to part them forcibly when they began arguing with each other.

All in all, an average Brook-Giant evening.

The Braves lost out when Stan Musial slammed his 23rd homer of the year over the 397-foot mark into the St. Louis bullpen to give the Cards a 4-2 victory over the Braves in the opener of a four-game series at Milwaukee.

The crowd of 34,902 raised Milwaukee's home attendance to 1,484,143 for 53 dates, shattering the club's all-time high set in the 1948 pennant year at Boston.

That was all the National League action. Cincinnati and Chicago Cubs were rained out of a doubleheader and Pittsburgh and Philadelphia weren't scheduled.

In the American League, Cleveland and Chicago White Sox battled to an 11-inning stand-off with the game halted by rain with the Indians at bat. They will play a twi-night doubleheader tonight.

The teams are deadlocked in second place, 10 games behind New York Yankees, who were idle Friday night along with Philadelphia Athletics, Washington Senators and Boston Red Sox.

In the only other game, St. Louis Browns, apparently rejuvenated by the cool weather, pounded Detroit Tigers for 10 runs in the fifth inning to take a 14-6 victory.

Kootenay Amateur Golf Crowns At Stake Over the Weekend Here

Men golfers, 52 strong, will get away early Sunday morning at the Nelson Golf and Country Club course in the race for the Ken McBride trophy emblematic of the Kootenay amateur championship.

Later in the morning, the women will tee off—playing for the Kootenay Breweries Cup, won last season by Mary Juriloff. She will be defending her title again this year.

In all, entries from eight towns and cities will be competing.

Play will commence Sunday and will continue Labor Day. It is expected the semi-finals and the finals will be run off Monday afternoon.

Nelson Fastball Teams to Play in Kinnaird Monday

Both Nelson fastball champions, the Royals and Humes, will enter tournaments in the Kinnaird sports program to be held Labor Day.

The Royals, this year's West Kootenay champions, will meet the Castlegar Kats in the first game of the women's tourney. Five teams will be vieing for the $35 top prize money. They are Salmo, Castlegar, Kinnaird, Rossland and Nelson.

The Royals, fresh from their four straight championship flight over the Rossland team, feel confident of a prize.

It is expected that Coach Ed Tolman will send either Mary McGinn or Verda Pratt to the mound for the opening game. Geordie Procter will be doing the receiving.

The men's tourney will see six teams after top honors that carry a prize of $50.

Besides the Humes, a second team from Nelson, the Maddens, will also be competing with teams from Kinnaird, South Slocan, Castlegar and Sunningdale.

In the Humes first game either Morris Renwick or George Barefoot will get the nod for mound duties.

The Maddens will probably chuck Len Bicknel.

Nelson Juniors to Play in Fruitvale

The Nelson junior baseball club under Slim Porter Labor Day will enter the four-team junior tournament at Fruitvale.

For teams, Rossland, Trail, Fruitvale and Nelson will be going after the top prize of either $75 or $100. Each team, win or lose, will collect $25.

The Juniors on their last outing split a doubleheader with Grand Forks. After winning the first game 15-9 Tom Marshall lost a tough 3-1 game after pitching a one hitter. The Nelson crew managed to pick up three hits, but errors beat them.

Those making the trip to Fruitvale will be Frank Elsner, Barney Henderson, Bill Pearson, George Benwell, Al Dawson, Tom Marshall, Arnold Sherwood, Wilf Marquis, John Moore, Sam Simnoff, and Jack Jacobson.

Lions Advance to Final With 13-5 Win Over Kiwanis

Lions of the Little League eliminated the Kiwanis team from the playoffs Friday with a 13-5 win at Queen Elizabeth Park.

The Lions won the series two games to one and now will meet the Gyros in the finals, with the first game scheduled for today.

For the Lions it was a great win for they dropped the first game and then came back strong on Wednesday to even up the series with a 7-4 win.

Fred Wah and Don McLean teamed up to allow just three hits. The Lions in the meantime jumped on the offerings of Tom Balfour and Hugh Hooker for a total of seven hits, all singles.

The Lions started things off by counting four runs in the first frame, parading 10 batters to the plate before they could be retired. The Kiwanis got these runs back in the second when they routed Fred Wah, when his mates came up with three costly errors.

Lions picked up their remaining runs with two in each of the third and fifth and then five in the sixth, while the Kiwanis crew were held to a singleton in the fifth.

Lions ..... 402 025—13 14 5

LA MAY JOIN NATIONAL LEAGUE

ST. LOUIS (AP)—The Sporting News, in a copyrighted story, Friday put the finger on Los Angeles as an eventual National League city.

J. G. Taylor Spink, publisher of the baseball weekly, said the earliest date for the expansion of the National League would appear to be five years away.

CLASSIFIED ADS GET RESULTS

Rossland Girls Down Kinnaird

The Rossland Slickers outscored the Kinnaird Flyers 17-8 Friday in a regular Trail league game.

Elaine Penny proved to be the big gun of the attacking Rossland team with five hits in five trips to the plate. Penny hit a triple, two homers and two singles, batting in six runs for her mates.

Shirley Veysey on the mound for Rossland gave up seven hits in coasting to her win. She struck out one and walked three.

Rossland got to Anne Marshall for a total of 15 hits. She walked four and failed to get a strike out.

Marion Walters was carried from the field in the bottom of the fourth frame when she twisted her knee on a play at second base.

The old Roman Wall which extended three miles around the City of London was built about 75 to 85 AD.

B.C. Athletes Take Honors at CNE Meet

By JACK SULLIVAN

TORONTO (CP) — Athletes from Ontario and B. C. practically ran away with the titles at the first Canadian interprovincial track and field championships in 90-degree heat here Friday and in possibly the wierdest conditions Canadians have experienced. They were co-attractions with clowns, trained seals, dogs and acrobats.

The meet, first to draw an entry list representative of provinces from Newfoundland to British Columbia in more than 15 years, was held at the Canadian National Exhibition grandstand and it developed into a three-ring circus. While the perspiring athletes ran around the quarter-mile cinder track—only 100 yards of which was visible to the spectators and most officials— the vaudeville acts on the infield stage kept the 15,000 crowd yelling and screaming.

The stage-show props obliterated the back-stretch section of the track, resulting in some odd manoeuvrings.

Twelve events were run off Friday, first of the two-day championships sponsored by the CNE in an effort to improve the standards of Canadian athletes. British Columbia won six and Ontario five. The other went to the Winnipeg girl in the 220-yard sprint.

The B. C. team was made up of sprinter Bruce Springbett in the lead-off spot, followed by distance runner Bill Parnell, David Stafford and Terry Tobacco. And it was a big day for two of them.

Springbett won the 100-yard final in 9.9 seconds, just 3-10ths seconds off the Cnaadian native record and Parnell won the gruelling mile in a close finish over Dick Carmichael of Toronto.

Other B. C. titles were won by Alice Whitty of Vancouver in the women's high jump with a leap of five feet, ¼-inch⅛ Doug Clement, also Vancouver, in the 440-yard race with a time of 49.8 seconds and John Pavelich, New Westminster, in the men's 16-lb. shot-put. Pavelich's distance was 48 feet, 4¾ inches.

STENOGRAPHER GIVES UP CHANNEL SWIM

DOVER, Eng. (AP) — Freezing waters forced Florence Chadwick, California stenographer ,to give up her round-trip swim in the English Channel Friday, but not before she swam from England to France in the record time of 14 hours and 42 minutes.

Miss Chadwick swam 2¼ miles from France on the return journey when she was forced to leave the ice-cold water.

Not in the Game

LIVERPOOL, England (AP) — Roger Bannister, Britain's star miler, said Friday the first man to run the four-minute mile may turn the trick by toting a lightweight oxygen supply system.

"The mountain climber has resorted to using oxygen to conquer Mt. Everest," Bannister pointed out in an address prepared for the 115th meeting of the British Association for the Advancement of Science.

"If the runner could find a practicable way of doing this it is clear that no records would be beyond his grasp.

Whether such assistance is justifiable in what is, after all, a sport belongs more to ethics than to physiology."

Ross MacSorley Heads Bowlers Mixed League

A meeting of the Mixed Commercial Bowling League Friday evening installed new officers headed by president Ross MacSorley. Vice-president is Bob McDonald and secretary treasurer is Doreen Allan.

The 18 teams will commence competition the second week in September. The 12 Thursday night teams will start September 10 and the six Friday night teams September 11.

It was announced that a change in the times would be in effect this year. Last season the teams played on the same night every week. This year they will change about.

There will be a few new entries this year and Salmo will enter a team led by Ernie Colman. The schedule is expected to be drawn up within the next few days.

A discussion of the new five pin bowling rules took place and the changes were endorsed.

Something new has also been added this season. An award committee will see to it that an award is posted every week.

McAvoy Joins Penticton V's

PENTICTON, B. C. (CP)—Grant Warwick, newly appointed coach of the Penticton Vee's of the Okanagan senior hockey league, announced Thursday the signing of George McAvoy, 22-year-old defenceman. This brings to two the number of players who have been signed to the club for the 1953-54 season. Right winger Angelo Defelice, 22, was signed last week.

At the same time, Warwick announced Don Culley and Don Johnson have been given their unconditional releases from the club.

Culley, a forward, and Johnson, a defenceman, have been with Penticton for the past two years.

Warwick said he expects to meet this weekend with a first class amateur player who has turned down professional offers.

Fights

By The Associated Press

NEWARK, N. J. — Pete Adams, 150, Newark, outpointed Willie Johnson, 149, Lumberton, N. C. 8.

COPENHAGEN — Jorgen Johansen, 130, Denmark, drew with Werner Handke, 131¼, Germany, 15.

DETROIT — Allie Gronik, 150, Lincoln Park, Mich., stopped Jimmy Lunn, 147, Chicago, 8.

FRESNO, Calif. — Aberdeen Lynch, 136½, Los Angeles, outpointed Jim Savala, 139, San Francisco, 10.

Orphans Trample Legion 13-5 to Even Pony Series

The Orphans of the Pony League evened their best-of-five series with the Legion Thursday evening with a convincing 13-5 win. Each club now has one game in the finals.

The Legion at the start seemed headed for their second straight win. They took a 4-3 lead after three frames, but a four-run outburst in the fifth and six more in the sixth gave the Orphans all the runs they needed to cop the win.

Blair Olson on the mound for the Orphans was the winning chucker taking over from Ray Nadeau in the third inning. He struck out seven and gave up six hits.

Fred Nudd worked on the mound for the Legion giving up 12 hits which included a homer by Wayne Waters in the third which drove in two runs and a three-run triple by Denham Drew in the fifth.

Wayne Waters also collected a double and two free passes to give him a perfect day at the plate.

The two clubs will meet in the third game tonight at Queen Elizabeth Park.

Lineups:

Legion — Mike Borch, Gordon Wood, Don Holms, Don Ball, Fred Nudd, Dick Frazer, Wayne Farenholtz, Barry Waters, Norman Murphy.

Orphans — Blair Olson, Norman Bond, Johnny Chernenko, Burnie Monteleone, Wayne Waters, Ray Nadeau, Fred Chapman, Bingham Drew, Charlie Jeffs.

Orphans 102-046-13-12-1
Legion 202-001-0-5-15-2

NEW BEG STADIUM PLANS OKAYED

VANCOUVER (CP) — New plans for the long-delayed British Empire games stadium were approved here Friday and construction will begin at Exhibition Park Tuesday.

City council, Pacific National exhibition and games officials agreed on the plans, the sixth set presented since the stadium ran into a financial muddle, and awarded the contract to Marwell Construction Co. Ltd., original low bidder. First phase of construction will be an immediate start on grandstand footings.

Mainly, the original design will be followed, but corners were cut to bring down the cost.

GIFTS FOR VETERANS

WINNIPEG (CP) — The will of William H. Dimock, Winnipeg painter who died recently, provides about $8000 to go to veterans of the South African War in the form of $10 Christmas presents as long as they live. There are between 100 and 120 of the veterans in Manitoba.

Naramata Cricket Team to Trail

On Saturd v the Naramata cricket club retained their unbeaten record against Trail at Naramata.

This Sunday the Oknagan eleven will be the visitors on the Tadanac pitch. The Trail club hopes to break the run of annual losses against this club.

In the Trail lineup will be Ted Young and Tom Middleton of Nelson who will be guarding the wicket for Trail due to the injury to Bill Evans, and possibly Fred Farrow of Nelson.

An annual game may be arranged between a team selected from members of Nelson and Trail against Naramata.

TOURING AUSSIES TAKE 14TH WIN

LONDON (AP) — The Australian cricketers defeated the South of England by an innings and 163 runs Friday. It was their 14th victory of the tour and their 10th win with an innings to spare.

Worcestershire left-hander P. E. Richardson score 90 and with the score at 121 for three wickets, the South looked like making a fight.

Then Aussie skipper Lindsay Hassett, who rarely bowls, took two quick wickets and Bill Johnson finished the South of England innings by taking three wickets in four overs for 13 runs.

WINNIPEG (CP) — Some of the city's parking meters have been increased to two-hour capacity. Traffic engineer Harry Burns says they are a boon to women drivers who often "think they'll take less time to do something than they actually do."

PUBLIC NOTICES

AUCTION SALE

Timber Sale X60859

There will be offered for sale at Public Auction, at 1:00 p.m., on Monday, September 28, 1953, in the office of the Forest Ranger, Kaslo, B.C., the Licence X60859, to cut 635,000 Cubic Feet of Spruce, Hemlock, Cedar, Balsam, Fir, Larch and White Pine and 105,000 Lineal Feet of Cedar Poles and Piling on an area comprising of Vacant Crown Land situated on Woodbury Creek, Kootenay Land District.

Three (3) years will be allowed for removal of timber.

"Provided anyone unable to attend the auction in person may submit tender to be opened at the hour of auction and treated as one bid."

Further particulars may be obtained from the Deputy Minister of Forests, Victoria, B.C., or the District Forester, Nelson.

PUBLIC NOTICES

LAND REGISTRY ACT
(Section 161)

IN THE MATTER OF Lots 23 and 24 in Block 24 of Lot 206A, Kootenay District, Plan 622A.

Proof having been filed in my office of the loss of Certificate of Title No. 90647-I to the above mentioned lands in the names of Walter William Hansen and Doris Hansen and bearing date the 13th of June, 1952, I HEREBY GIVE NOTICE of my intention at the expiration of one calendar month from the first publication hereof to issue Provisional Certificate of Title in lieu of such lost Certificate. Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

DATED AT NELSON, B.C., this 4th day of August, 1953.

DEPUTY REGISTRAR.
G. A. STEWART.

DATE OF FIRST PUBLICATION Aug. 6, 1953.

Yesterday's Answer

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

CQR MYLOC UABYPR Y QUBR CZ JYBR CQR KULCH YO CQUC YC OQZGTA PTRUX YCO OTUCR—LZORVRLH.

Yesterday's Cryptoquote: BETTER TO HAVE A LOVING FRIEND THAN TEN ADMIRING FOES—MACDONALD.

ZINC PRICE DROPS

MONTREAL (CP) — Prime western zinc sold Friday at $10.25 per 100 pounds, off 25 cents from Wednesday's price.

Zinc fell ¼ cent Thursday following a ½ cent drop in the U. S. Wednesday.

The decline was believed due to an overflow of foreign zinc on American markets.

THE CORPORATION OF THE CITY OF NELSON

PUBLIC NOTICE

The Corporation of the City of Nelson and the CIVIC EMPLOYEES FEDERAL UNION LOCAL 339 have agreed on a 40-hour five-day week effective September 1st, 1953.

The City Hall will be closed all day Saturdays commencing Saturday, September 5th, 1953

New office hours to be 8:30 a.m. to 5:00 p.m. Monday through Friday.

THE CORPORATION OF THE CITY OF NELSON

Victoria City Council Votes To Pay Back Tax

VICTORIA (CP) — Victoria city council, after defying the federal government to do its worst, has backed down and voted to pay $1000 in back excise tax.

Earlier this year council refused to pay taxes levied on street signs and multigraph printing done by the city for its own use.

In April W. C. Haw, chief of excise tax collections, department of national revenue, threatened legal action unless $468 in back taxes was paid. The city voted later to invite legal action.

Council was told by city solicitor Arthur Patton it could not win a court case so it voted to pay taxes that now amount to almost $1000.

The United Kingdom 1951 census showed population of 53,000,000, almost twice as large as in 1851.

B. C. Cairn to Mark Traders' Meeting Place

OTTAWA (CP) — The meeting place of fur traders on the Columbia river will be marked by a stone cairn to be unveiled Sunday, the resources department announced today.

The cairn will be unveiled near the historic Boat Encampment where boats from Fort Vancouver, not Vancouver, Wash., waited on the Columbia river for pack trains to take their furs on to Jasper House.

The spot first was visited by David Thompson, the explorer, in 1811 and served for almost 50 years as a meeting place of the fur brigades of the North West Company and later the Hudson's Bay Company.

When the railways went through the Rockies, the spot was bypassed but became accessible to the public when the Big Bend highway was completed in 1940.

The cairn commemorating the boat encampment is about two miles from the actual spot where the fur traders met. It is located where the highway crosses the Columbia River.

The unveiling will be under auspices of the Golden, B.C., Board of Trade. Erection of the marker was made on the recommendation of the historic site and monuments board of Canada.

Production Up In Industries

OTTAWA (CP)—Sharp gains in Canada's industrial production in June and during the first six months of 1953 were reported Friday by the Bureau of Statistics.

The bureau said the index of industrial production for June rose to 257.0, a gain of 7.8 per cent over the same month a year ago. For the first half of the year production was up 9.6 per cent over the corresponding period last year.

The bureau said the supply of a large number of commodities showed an increase for the half-year period as a result of higher domestic production and a greater volume of imports. Exports of many durable commodities also were down in the six-month period.

CARS Prepares for 2000 Patients, '54

VANCOUVER (CP) — The B.C. Division of the Canadian Arthritis and Rheumatism Society will spend $306,209 for treatment of an anticipated 2000 patients next year, the Board of Directors said Thursday.

Since its beginning in 1948, the Society has treated 5667 patients in 21 treatment centres from Alberni to the Alberta boundary.

None Injured in Train Collision

TORONTO (CP) — A Canadian National Railways passenger train sideswiped a freight train at a track switch in Toronto's eastern outskirts Friday. The freight engine was derailed but no one was hurt.

The passenger train, en route from Belleville to Toronto, hit the eastbound freight at Danforth and Midland avenues. Several persons aboard the passenger train were shaken up but none required medica treatment.

Pipe-Smoking Child Razes Entire Farm

GRAZ, Austria (Reuters) — The pipe-smoking habits of a five-year-old boy caused a fire which razed an entire farm, police said Thursday. Josef Tschemmernigg, taught to smoke a pipe when three years old by his grandfather, emptied his glowing tobacco ash near a bale of hay on the farm where his father was working. The hay caught fire and the farm and most of the crop were destroyed.

Why Did He Want It?

VANCOUVER (CP) — Fred Cyril Barker, 43, was in jail today following an episode in the Stanley Park zoo last Saturday.

The charge? Attempting to steal a flamingo.

Curator Allan Best told police Barker climbed the zoo fence and took out after the [illegible] bird.

ALWAYS SOMETHING

ROUEN, France (Reuters) — Twelve men were charged here today with tearing up railroad tracks with a bulldozer and selling them for scrap iron.

Melbourne, Australia, was laid out in 1837 as a city of wide streets, Park lands and public gardens.

BARRACKS RENOVATED

REGINA (CP) — The historic RCMP barracks here are being brought up to date by a $1,365,000 construction program. Near completion is a combined riding school and stable. The old riding school has been converted into a drill hall.

Market Trends

NEW YORK (AP) — Prices advanced quietly with the Labor Day holiday in the offing.

Gains extended to around a point at best, but most of them were small. Losses also were small.

Canadian stocks were mixed.

TORONTO (CP)—Steadier prices and light trading marked activity.

Strength in pivotal industrials netted the group an index rise of about ¾ of a point. Western oils also drew selective support following Thursday's decline. Golds and base metals joined in the moderate advance but trading in all groups was on a very narrow front.

MONTREAL (CP) — An irregular tone ruled in light afternoon dealings.

Carriers, banks and beverages held steady while steels, papers and miscellaneous industrials were mixed. Senior metals and senior oils were a little lower while utilities were slightly firmer.

LONDON (Reuters) — London was extremely languid. This slowing down in active interest was attributed to the imminence of the West German elections and to the fact that American, Canadian and South African markets will be closed Monday.

British government stocks showed no real change in prices, though in common with most other sections the tone was firm.

Calgary Livestock

CALGARY (CP) — Cattle and calves 825; steady to 50 cents or more lower.

Hogs unsold Thursday, bidding $30.50; sows $15.50; good lambs $18 to $18.50.

Good to choice dry fed butcher steers 19-20.50; good grass steers 16.50-18, common to medium 10-16; good butcher heifers 15.50-17, common to medium 10-15; good cows 9.50-10, common to medium 8-9.50; good stocker and feeder steers 15-16.50, common to medium 10-14.50; good to choice veal calves 18-20, common to medium 13-17.50.
