Vol. 53 — NELSON, B. C., CANADA—THURSDAY MORNING, NOVEMBER 25, 1954 — No. 182

WEATHER FORECAST

Kootenay: Cloudy and mild Thursday. Wind south 20 in a few valleys, otherwise light. Low and high at Cranbrook, 25 and 38; Crescent Valley 35 and 48.

Prairie Liberals After CCF Votes

By WILF CHISLETT
Canadian Press Staff Writer

SASKATOON (CP) — Major changes in policy degned to lure CCF votes to Saskatchewan's Liberal party ere expected to come from a party convention which ened here Wednesday.

New policies, to be hammered out of the many resolons to be submitted to the three-day meeting, are condered to be equally important as selection of a new party ader, the reason the convenon was called.

While Liberals weren't expected revamp their entire platform, portant changes will be made ng with plans for rebuilding rty ranks. Liberal officials who ve been doing a great deal of ul-searching in recent months tend new policies and better orization hold the only hope the rty has of beating the CCF govment in the next provincial elecn, expected in 1956.

Candidates for the leadership—ne of five will be elected to reace Walter Tucker who resigned ast year to enter federal politics—have stressed in their campaigning the need for a change in outook by the party.

They have plugged for a "posie" approach in election platforms her than one that is basically i-socialist.

One reason candidates and other peral officers advance for the cess of socialism in Saskatchen is not that voters have turned ialist but that they are anti-Libl. To win back CCF votes they Liberals must offer a strong ernative to electors.

ATFORMS ALTERED

Saskatchewan Liberals already ve made some changes in platms since the CCF was elected in 4. One of the most important s their attack on the governnt's crown corporations which ne under fire as threats to prie enterprise. Liberals now have pted the attitude that crown corations are here to stay and one eral official said it would be "political suicide" now to press for abolition of government enterprises.

Convention officials met Wednesday to start sorting out resolutions which will take up a good part of each day. Election of the new leader has been set for Friday afternoon, but the final result may not be known until early Saturday.

One major resolution reported to be considered by the 830 delegates is free farm electrification, a program which would cost millions of dollars annually. Other resolutions are likely to ask for measures to ities, further exemptions from the lighten the tax load for municipalprovince's three-per-cent sales tax, more aid for education and increased farm safeguards against crop failures general throughout western Canada this fall.

One resolution, to be presented by the 53-member Regina delegation, asks a royal commission to investigate sale and distribution of liquor in Saskatchewan. Manitoba now has a similar commission at work.

CANDIDATE

SASKATOON (CP) — L. B. Thomson, former director of the Prairie Farm Rehabilitation Administration, made his first appearance Wednesday as a candidate for the Saskatchewan Liberal party.

He declined comment on charges by one of the four other candidates that he is sponsored by Hon. J. G. Gardiner, federal agriculture minister, and made no mention of it in an address to the University of Saskatchewan's Young Liberal Club.

FOUR ROMAN CATHOLIC PRIESTS of the Passionist Order arrive in New York after five years of "house arrest" in Red China. Left to right, Rev. John Hotz of Brooklyn, New York; Rev. Linus Lombard, of Ipswich, Mass.; Rev. John Baptist Maye, Scranton, Pa., and Rev. Lawrence Mullin of Jersey City, New Jersey. —Central Press Canadian.

Malenkov Divisions Outmaneuvered Beria

Armed Showdown Settled Struggle For Power, Sent Police Boss To Doom,

By WILLIAM L. RYAN

NEW YORK (AP)—An armed showdown by Communist leaders in the Kremlin settled the Moscow struggle for power and sent police boss Lavrenty Beria to his doom, says a former officer of Beria's forces.

Writing in Life magazine, Lt.-Col. Yuri Rastvorov, who defected to the Americans in Japan last January, declares:

Beria, allied with Stalin's son, Lt.-Gen. Vasily Stalin, gathered forces during Stalin's final illness with the intention eventually of seizing the Soviet government by force. Marshal Georgi Zhukov and other military leaders, fearing a blood purge if Beria succeeded, joined forces with Georgi Malenkov and other Communist elements to thwart the intended coup, seize Beria and his cohorts and send them to death by execution.

Col. Rastvorov until last January was the head of an MVD (Beria's secret police) spy ring in Japan. Expressing conviction that Stalin died a natural death in March, 1953, he says a contest for power between the various blocs became inevitable. Rastvorov sketches the Kremlin events this way:

Malenkov, who had flattered and wooed Beria in the past, had his assistance in becoming premier, while Beria retained control over the secre police and the country's arms program. Beria realized the time was not ripe for a hated police boss to take over the top job, and thus joined a working agreement with Malenkov and V. M. Molotov for a governing triumvirate.

BUILT UP POWER

But Beria set out to build up his own power, quietly shaking up police forces throughout the country. He climaxed his moves by bringing about public acquittal of a group of doctors accused in February 1953 of plotting Soviet leaders' deaths.

Aligned with Beria were Stalin's son and several generals, none of whom has been heard from since Beria was seized. Rastorov reports all were quietly liquidated.

Malenkov meanwhile began to strengthen his position in the Communist party. Suddenly, with the help of army generals, Malenkov had young Stalin removed from his post. Beria realized the time for action had come, and two divisions under trusted officers were ordered into Moscow from the nearby provinces. But Communist spies in the army tipped off Malenkov.

Zhukov, along with defence minister Nikolai Bulganin and other high army officers, had secretly brought in two loyal guards divisions from the Urals region. They called a full meeting of the party central committee June 26, 1953.

Key Communist leaders were armed as they gathered for the meeting. They seized Beria on his arrival. With Beria gone, the plot collapsed.

Steelwork for Kokanee Bridge Is Completed

Last rivet was hammered home Wednesday noon in the steelwork of Kokanee bridge on No. 3 highway.

Three continuous beam spans were laid to set the stage for decking. When completed the new bridge will replace a narrow span over Kokanee Creek, about 12 miles East of Nelson.

Dominion Bridge Company crews began loading their equipment for departure yesterday afternoon. Earlier the company had raised steel for the Liberty Food Store new building on Vernon Street. The company will have equipment at work in Nelson again in the New Year raising framing for the $444,000 federal building.

Kenyon Construction Company did foundation work for the Kokanee Creek bridge before the steel gang moved in Nov. 16. The steel was unloaded and erected in under three days.

MARKETS AT 25-YEAR HIGH

Rising Stocks Dominate List; Profits Bring Losses

NEW YORK (AP) —The stock market surged upward to another 25-year high Wednesday, and it accomplished its feat on the heaviest volume in nearly four years.

The gain was not so pronounced as that of Tuesday. Profit-taking dotted the list and brought a sizeable number of losses.

Rising stocks dominated the list, however, with excellent leadership in oils, steels and railroads, together with many individual issues affected by corporate developments.

Business amounted to 3,990,000 shares, greatest since Dec. 18, 1950, when 4,490,000 shares changed hands.

The market rose through the first two hours, but thereafter it sold off on profit-taking until near the close when it perked up under demand for railroads.

The Associated Press average of 60 stocks advanced 40 cents at $146.30, its highest figure since Oct. 14, 1929.

ARMED BANDITS ROB BANK

Bold Vancouver Robbery Fourth Within Three Weeks

VANCOUVER (CP) — Three hasty, heavily-armed bandits escaped with $1500 in a bold daylight robbery of the Canadian Bank of Commerce at Renfrew and Grandview highway shortly after 11:30 a.m. today.

Two of the men, one carrying a deadly sawed-off shotgun and the other an automatic pistol, rushed into the bank and forced the staff and one customer to line up against the wall and raise their hands.

Both wore masks and one man was wearing a hearing aid.

The man with the pistol jumped behind the counter and grabbed the money out of one of the tellers cages while the other kept waving the shotgun at the staff and customer.

The bandit behind the counter hesitated for a second, snatched up one of the bank guns, vaulted the counter and sped out the door with his companion.

MAY BE ESCAPEE

Police thought one of the men might be Robert Bates, an escapee from the B.C. Penitentiary, after witnesses said one of the men was called "Bob."

The pair jumped into a waiting car at the curb after dropping the money once, and roared off. The car was abandoned about six blocks from the scene, and a witness said she saw the three men drive off in another.

J. E. Mennie, bank manager, said the exact amount of money could not be determined, but judged it at "less than $1000."

It was the fourth bank holdup in three weeks. A rapid-fire series of robberies saw three banks "hit" in as many banking days a short while ago. Loot totalled $12,000.

One of the bandits, armed with a revolver, jumped the counter and took the money, while the other covered the people with a vicious sawed-off shotgun.

Two Charged With Prisoner's Murder

LEWISBURG, Pa. (AP) — Two car thieves, prisoners in the federal penitentiary here, were accused Wednesday of murdering convicted perjurer William Remington in a prison dormitory.

Remington, former government economist convicted of lying when he denied handing secret documents to a Communist spy ring, died this morning at the penitentiary, two days after a mysterious beating.

Police identified the convicts as George McCoy, 34, and Robert Parker, 21. Both are serving three-year terms for transporting stolen cars across state lines.

Remington's death was announced by acting warden Fred Wilkinson. The prisoner suffered head injuries Monday when hit on the head with a stocking-covered brick in his dormitory squad room.

Remington, 35, a former commerce department official, was sentenced to serve three years for perjury after swearing that he had never been associated with Red organizations.

Reds Claim 106 Spies Killed

LONDON (AP) — Red China said Wednesday it has killed 106 American and Nationalist Chinese agents and captured 124 more air-dropped into the ountry in the years of war and truce since 1951. The claim was made in a Peiping radio broadcast.

In Washington, a U. S. state department spokesman said something along the line of Wednesday's Peiping broadcast has been expected as part of an effort to "plump out all the propaganda they can" in an attempt to becloud the condemnation of the 13 Americans Tuesday.

No Rush For Post Office Jobs

VANCOUVER (CP) — National Employment Service officials said Wednesday an expected rush for temporary Christmas jobs at the Vancouver post office failed to materialize. Horace Keetch said about 800 persons applied for the temporary jobs during a three-hour period Wednesday. The post office is seeking 3000.

Patience Rewarded

TORONTO (CP)—A Toronto woman got a $300 television set for $9.95 after an all-night vigil outside an appliance store.

Mrs. Joan Preston camped on the doorstep Monday after she learned the first customer in the new store at 11 a.m. Wednesday could buy the set for $9.95.

SEARCH UNSUCCESSFUL

VANCOUVER (CP) — Frogmen searched the waters of Burrard Inlet, near Pier H, in Vancouver Wednesday in an unsuccessful search *for the body of a sailor who disappeared Nov. 18.*

Nels Madsen, 60, is believed to have fallen overboard and drowned while on night watch duty on the coastal vessel SS Lillooet.

HUNDREDS HOMELESS

MANILA (AP) — A $500,000 fire Wednesday left hundreds homeless in the central section of Ormos on Leyte island in the central Philippines, the Red Cross reported.

Ground, Air Search

CLINTON (CP) — A ground and air search is underway near here for Hugh Nelson, 19, who has been missing since becoming separated from his hunting companions Tuesday. Police said the missing youth wore no coat and had no matches when last seen, and that they fear he may have been injured.

TO JAIL FOR SHOOTING

LONDON (Reuters)—Dr. Robert Strang, 43, wealthy London physician, Wednesday was sentenced to 18 months for shooting a Scotland Yard detective he found with his blonde showgirl friend. Strang, who said he was drunk and mistook the detective for a burglar in his apartment, wounded detective Sgt. Edsard Anning.

TO CONVERT PARTHIA

VANCOUVER (CP) — SS Parthia, grand old lady of the west coast shipping lanes and once one of the finest liners afloat, was towed into Vancouver harbor Wednesday to be converted into a self-loading bulk carrier barge.

Consider New Alaska Roadway

NOME, Alaska (Reuters) — Construction of a new highway in Alaska which would permit motorists to drive almost within sight of Soviet Siberia is under consideration.

The highway, which eventually would link up with Alaska's existing road system at Anchorage or Fairbanks, would terminate on the shores of the Bering Sea, near Nome, where Alaska and the Soviet Union are less than 200 miles apart.

A natural extension of the Alaska highway, which already allows motorists to drive from the United States and Canada as far north as Fairbanks, the new road would open a vast new area of the sub-Arctic to potential development.

WORK STARTED

Irving Reed, Alaska's territorial highway engineer, announced recently that work has been started on a short section of the proposed road in the Nome area.

Committed To State Hospital

BELLINGHAM (AP) — Mrs. Regina Dykstra, 47, charged with causing her daughter's death by beating her and forcing her to swallow poison, has been ordered committed to Northern State Hospital.

The victim was 9-year-old Ruth Carol Dykstra, who died three days after the alleged incident last July 25 at the family home near Ferndale, Washington.

Superior Judge Bert Kale ordered, however, that if and when she is released from the Sedro Woolley institution she must stand trial for first degree murder.

GUILTY

NEW WESTMINSTER (CP)— An Assize Court jury deliberated 80 minutes here Wednesday before finding 21-year-old Kenneth Harder of Vancouver guilty on a charge of criminal attack on a woman.

3 Nations Hunt Horsetrader Bert

VANCOUVER (CP) — A Vancouver man arrested in Los Angeles four weeks ago for Vancouver police on a charge of obtaining $1425 by false pretenses is again sought by police of three nations.

The man is Albert (Horsetrader Bert) Gage, 41, who disappeared from his Vancouver home May 4 with his wife and two children.

Following his arrest in Los Angeles he was turned over to immigration authorities there for deportation back to Canada. He was released on $1000 bail pending hearing on the deportation order Oct. 29, but failed to appear for the hearing.

Immigration officials in Los Angeles said Gage now is listed as fugitive and may be in the United States or Mexico. A check of border points showed he had not returned to Canada.

Pair Released

NANAIMO, B. C. (CP) — Ernest Wilfred Chernuz, Port Hardy, and Francis Johnny, Chemainus, were both released by Mr. Justice A. D. Macfarlane at the conclusion of fall criminal assizes here Wednesday.

Chernuz, charged with theft of a cheque and conversion of the proceeds, was given credit for two months already spent in jail and in view of his previous clean record was allowed to go under surety of $1000.

Johnny was originally charged with manslaughter following the death of his 3-year-old nephew when the car Johnny was driving turned over on the Port Alberni highway.

An assize court jury brought in a verdict of guilty of dangerous driving.

RADIOACTIVE SILKWORMS

TOKYO (Reuters)—A Japanese ministry of agriculture spokesman said Wednesday tests have shown mulberry leaves grown in some parts of Japan are radioactive and that silkworms which ate the leaves have also become radioactive.

Fear Strangler Prowling Again

TORONTO (CP)—A light which came on in a garage in a lane off east-end McConnell Avenue Tuesday night probably saved a 35-year-old immigrant mother from the hands of Toronto's strangler, police said Wednesday.

On her way to a meeting at Frankland school at 7:30 p.m., she was grabbed around the throat by a man who pulled her into a lane, police said.

Police think the man may be the strangler blamed for killing two women in 25 days.

Tuesday night's attack victim, who got away when the light went on, said the man started to remove her stocking.

There were finger-marks on her throat when she reached the school.

Police working on the strangulation slayings of Mrs. Marie Lipoweckyl Sept. 25 and Mrs. Olga Zacharko, 29, five weeks ago, interviewed the woman.

79 Years Married

SANGLE, Idaho (AP)—Ben and Drusilla Hartley, who were kids together in Tennessee and married at 16, celebrated their 79th wedding anniversary Wednesday with a hot cup of sassafrass tea. They are believed to be the country's longest-married couple.

Clerk Accused of Aiding Communists

LONDON (Reuters)—A 27-year-old clerk was accused Wednesday of obtaining information about Britain's anti-aircraft installations while co-operating with the Soviet diplomats in London.

John Clarence pleaded not guilty to a harge of violating the Official Secrets Act and was ordered to stond trial at Old Bailey at a date to be determined.

Clarence is charged with obtaining information about anti-aircraft defences in Northumberland between August, 1953, and September, 1954. The crown contends the information was calculated to be useful to an enemy.

BALTIMORE SAFE

KETCHIKAN, Alaska (AP) —The coast guard said here Wednesday that the 48-foot seiner Baltimore has arrived at Safety Cove, B. C., after being storm-bound for two weeks in the Queen Charlotte islands. Wilfred Hanbury, his wife and two-year-old son were aboard.

The seiner left here Nov. 8 for Seattle.

SIGNS TREATY

UNITED NATIONS, N. Y. (AP)—West Germany Wednesday deposited its ratification of the UN Genocide treaty outlawing destruction of national, religious, ethnic or racial groups. The republic was the 47th country to ratify the treaty.

CANADIAN DOLLAR HIGHER

NEW YORK (CP)—The Canadian dollar was 1-16 of a cent higher at a premium of 3 5-16 per cent in terms of U.S. funds. Pound sterling was down 3-32 of a cent at $2.79 1-16.

MONTREAL (CP) — The U.S. dollar closed at a discount of 3 7-32 per cent in terms of Canadian funds, unchanged. It took 96 25-32 cents Canadian to buy $1 American. Pound sterling, at $2.70 1-16, was down 1-16.

VANCOUVER (CP)—Civic nominations closed here Wednesday night and city clerk Ron Thompson said all indications pointed to a record vote. The voters' list totals 219,333 persons—47,000 more than last year.

-Year Term or Henderson

ALGARY (CP) — *Donald Wins-* Henderson, 37, Wednesday was nd not guilty of murder but ty of manslaughter in the slay- of his fiancee, Yvonne Leves-, Aug. 11, 1949.

e was sentenced to 14 years' risonment.

he reduced verdict was brought n during the eighth day of ings in the Supreme Court of erta trial before Mr. Justice d McBride and a jury of six.

riginally charged with murder, nderson, a graduate of the Unisity of Saskatchewan, was on as a result of the death of s Levesque in an East Calgary court. The girl died from k brought on by a beating.

hroughout the hearings, the par- of the accused man remained the courtroom, following the eedings closely. Mr. Henderson ever, was absent during the l summing up by trial lawyers sday and his wife sat alone.

CT APPROVED

ONDON (AP)—The House of ds Wednesday night announced roval of the Allied pacts to re- Germany. There was no recd vote. The House of Coms last week voted its approval, to 4.

ECTS INVITE

ERN (Reuters) — Switzerland nesday turned down the Soviet tation to attend an all-Euro- security conference in Mos- next week. Most Western na- s have indicated they will re- the Russian invitation.

German Youths Break Up Meeting

AUGSBURG, West Germany (Reuters) — Rowdy young political opponents hurled beer glasses Wednesday *night as Theodor Blank* was about to address a meeting here, and the West German defence commissioner was slightly injured.

Bleeding from a superficial cut on one ear lobe, the 49-year-old Blank was rescued by police, put in a squad car and driven to his hotel.

Police said some youths, chanting slogans against the proposed rearmament of West Germany, began creating an uproar and tossing beer glasses before Blank got up to address the meeting in the restaurant of a stadium.

3-Way Mayoralty Race at Coast

VANCOUVER (CP) — The mayoralty race in Vancouver's Dec. 8 civic elections turned into a three-way battle when Archie F. Proctor filed his papers before nominations closed Wednesday.

He will run against Mayor Fred Hume, seeking his third term as chief magistrate, and Albert Dunn, an independent.

It will be the second attempt by Mr. Proctor, also an independent, to gain the Mayor's chair. He ran third in 1952 when Mayor Hume was elected to his second term with the backing of the civic non-partisan association, which is again backing him this year.

Eleven candidates are contesting the four aldermanic seats.

lergy Will Approach Gov't for o-operation on Unemployed Relief

ASTLEGAR — *Increasing need* transient relief, the problem of nile delinquency and a clergy- s radio workshop to be held in were discussed at a meeting Kootenay Ministerial Associa- here.

e group, which included Ross- Trail and Nelson Associaitons, in the Parish Hall at Castle- at the invitation of Castlegar sterial Association to discuss lems and questions of mutual ern. Archdeacon B. A. Resker, dent of Castlegar Association, ed the meeting attended by *transient relief, indicating ways in* which police can assist the clergy. Very Rev. T. L. Leadbeater of Nelson outlined the problem from the government point of view.

The clergy viewed with alarm the increasing unemployment which results in a greater need for transient relief. A committee was set up under the chairmanship of Dean Leadbeater to approach government officials on the problem and investigate ways and means of sharing the relief. The clergy all felt that greater employment was the solution to the problem and "look to the government to do something about it."

GIRLS' HOME INTEREST

Canon W. J. Silverwood brought the meeting up to date on what a Citizens' Committee is doing in Nelson to establish a home for delinquent girls. The group believed this was something the church should assist and asked Canon Silverwood to bring further information to a meeting scheduled for some 18 clergymen.

RCMP Constable R. Mulligan of Castlegar opened a discussion on January.

The clergy also heard an interesting talk on observance of the Lord's Day by Rev. R. E. Redman, provincial secretary of the Lord's Day Alliance.

As the Lord's Day diminishes in significance, people use it less and less for the worship of God, Mr. Redman said, emphasizing that the Lord's Day Act was enacted to preserve man's rights to have one day free from the imperatives of toil. People are not content to use the Lord's Day for rest and re-creation; they find it tedious. Tedium is a common vice of the day, he said. People do not know how to use their leisure hours.

Rev. J. Taylor of Trail outlined the program for a radio workshop to be held in Trail in January. The workshop will assist the clergy of the district to understand technique required in broadcasting. It will last three days. A maximum 25 are enrolled. The workshop will be directed by experts in radio broadcasting.

A FORCE OF 25,000 combat-equipped U.S. marines, aided by 200 navy ships, charged ashore as Onslo Beach, N.C., by air and sea in one of the largest and most up-to-date amphibious manoeuvres ever attempted in North America. This group, carrying recoilless artillery, were theoretically wiped out by an atom bomb dropped by an "enemy" plane that penetrated the air defences.

And in This Corner...

DALLAS, Texas (AP)—After a 36-year absence, a book is back on the Dallas public library shelves today.

With it Tuesday came a letter saying not to expect payment of the $262.94 fine that had accumulated in overdue fees at two cents a day since the date of the checkout in October, 1918.

T. K. Irwin, who found the book while cleaning out an old law office, said he didn't check it out since "I was only two at the time and unable to read."

The title of the book—"The Model T Ford," by Victor M. Page.

PICTOU, N.C. (CP)—Town council tried for months to find someone to turn on the curfew whistle every night at 9 o'clock.

Now they're trying to find someone to turn it off.

The first search started when the curfew-blower quit the $85-a-year job.

The second search is under way because a newly-installed automatic curfew-blower won't quit once the time clock sets it off.

18 Rinks in Trail Playdown

TRAIL—Eighteen rinks have entered the Trail senior curling club playdowns competition, preliminary to the provincial championships which will commence on the weekend November 27-28.

Play will consist of two sections of nine rinks each with each section playing a round robin competition. The three top ranking rinks in each section will qualify as the six rinks to represent the club in the zone Four playdowns to be held the latter part of January.

Section A rinks: R. E. Stone, O. H. Gill, P. F. McIntyre, Max Gordon, Elgin Hily, R. Dockerill, G. K. Fairbairn, D. Somerville, R. K. Dunlop.

Section B rinks: W. S. Ross, T. D. Amour, A. M. Chesser, E. Montpellier, J. D. Rae, H. T. Beckett, R. Rose, R. E. Hill, S. Matovich.

This weekend draw:

Sunday, 1 p.m.—Stone vs Dunlop, Gordon vs Fairbairn, McIntyre vs Dockerill, Somerville vs Elgin Hill, H. T. Beckett vs Rae.

3:30 p.m.—Ross vs Matovich, Chesser vs Rose, D. Amour vs Beckett, R. E. Hill vs Montpellier, Dockerill vs Gill.

Nelson Woman's Story Unfolds at CARS Show

The story of how a Nelson woman, badly crippled with arthritis, regained the use of her limbs through treatment this year at Vancouver, unfolded Wednesday in Nelson.

Her handiwork—a beautifully-made toy ram called "Cordova," a tray, a basket and a rug—astonished nearly 70 people who attended the annual open house and demonstration of Nelson unit, Canadian Arthritis and Rheumatism Society.

The patient, Mrs. Edward Boyes, was there to see her own work on display.

And Mrs. Margaret Hahn, occupational therapist at the Association's Medical Centre at Vancouver, was also there, to tell of the slow upward pull that physiotherapists, occupational therapists and Mrs. Boyes herself exerted.

Work on the tray and basket helped restore use of the patient's curled fingers and arm. To make the rug involved leg movement, and thus another limb was brought back to power.

"In occupational therapy we start the patients on some handicraft for 10 or 15 minutes a day, and gradually increase the time," the young, attractive Mrs. Hahn said. "But the first day they are usually exhausted after five minutes."

She picked up a baby blanket. It had been made by a woman who had been bed-ridden six months before going to the Medical Centre. Now she is holding down a full-time job.

She laid across the palm of her hand a necklace, unusual in design, marvellous in workmanship. Another bad arthritis case, an Indian boy from Mission, made it at the Centre. A jewelery firm has engaged him as an apprentice, as a result of the Association's efforts.

The baskets and belts, jewelry and rugs, were on exhibition at a tea in the Nurses' Home, served by the Ladies' Auxiliary to the Associated Canadian Travellers, with Mrs. Peter Mathisen as convener. So were the Association's "self-aid devices" such as long, crook-handled hair brushes and fingernail cutters.

"Most people with arthritis of the hands cannot manipulate scissors," Mrs. Hahn explained. "And they don't like to bother relatives or friends."

The Centre, she said, also teaches patients techniques for performing kitchen chores and cooking, although partially disabled or in wheelchairs. "Some of our devices are so good they should be used by all housewives," she added, laughing.

EQUIPMENT DEMONSTRATED

In the newly-decorated clinic in the old isolation hospital, Miss Marguerite Boullet, physiotherapist, put all the equipment there into operation for the visitors.

The actual demonstration models were 12 patients, chosen specially to illustrate each piece of equipment. Exercises for arthritis of the spine were shown, the vibra-bath for arthritis of the feet, the wax bath for hands, the paradism machine for strengthening weak muscles, and the short wave diathermy, which applies to swollen joints deep heat of such intensity that it will cook an egg.

Mrs. G. A. Butling, physiotherapist for Kootenay Lake General Hospital, also took part in the eye-opening demonstrations.

It was the third annual "open house" of the Nelson branch of CARS, and organizers agreed at the end of the three-hour show that it had been the best yet held.

Crosswalk Is Ordered for Civic Crossing

Dangerous Civic Centre intersection, where citizens swarm "higgledy, piggledy" across the street to and from recreation activities, will have crosswalks painted in.

City Council has decided by resolution to paint in the crosswalks in hopes pedestrians would observe them and make the intersection safer.

The intersection at Hendryx and Vernon Streets was brought to the attention of council by Alderman Stanley Smith, who pointed out a pedestrian had been knocked down there not long ago.

Crosswalks will be painted with diagonal lines where they touch the sidewalks, warning motorists they cannot park. The crosswalks may have to curve around the boulevards.

Public Works Superintendent G. Q. Lake pointed out pedestrians would have the right of way when the new traffic amendments bylaw comes into force shortly, whether the crosswalk is marked or not.

But council hopes the marked walks will encourage pedestrians to stay on the crosswalks and make the street safer.

24,294 VEHICLE LICENCES ISSUED

A total of 24,294 licences for passenger and commercial vehicles were issued in the Kootenays from the first of the year to September 30. A total of 5817 were issued for Nelson and Castlegar.

Figures for the district, issued by the Motor Vehicle Branch at Victoria, are:

	Pass.	Comm.	Totol MV's
Kaslo	169	144	313
Nelson (includes issuance at Castlegar	3,977	1,840	5,817
Trail	4,507	1,318	5,825
Grand Forks	972	768	1,740
Rossland	688	178	866
Creston	1,117	930	2,047
Cranbrook (includes issuance at Kimberley)	3,208	1,701	4,909

FALSE TEETH LOST AT MOVIES

C. J. Hughes, Civic Theatre manager, is wondering whether the customers found his picture show very exciting or very dry.

Forgetful film-goers have left some strange things in his theatre, but none so out-of-the-way as a set of false teeth and an empty wine bottle which turned up recently.

Kelter's Display Troupe To Show Here December 18

The Nelson Leaders display team, coached and trained under Ed Kelter, will present their troupe to the public December 18 with a two-hour show in the Civic Auditorium.

All proceeds will go toward the proposed swimming pool fund, which is being organized by the Nelson Rotary Club.

The troupe has performed and received acclaim in Creston, Grand Forks, Fruitvale, Trail, Kaslo and Castlegar.

School Grounds Level By Weekend

Levelling of Hume School grounds which began Nov. 13 is expected to be completed this weekend. Third Street side of the grounds at rear of the school was cut down about seven feet and the earth removed used to fill on the Behnsen Street side where a house was torn down. Here a four to nine-foot fill was needed.

Topsoil which was scraped off before levelling began will be distributed over the grounds preparatory to sowing grass. Front part of the grounds will remain entirely level with a slope of five feet in the last 40 feet toward Third Street.

H. Learmonth, who is doing the levelling, said he will be starting on the Junior High grounds next week and expects the levelling job there to take from two and a half to three weeks.

Must Ask To Erect Banners Council Rules

Anyone wishing to hang banners on Baker Street must first receive permission from city council and the banner must be erected by the city electrical department, council has ruled.

Ruling was made after Electrical Superintendent A. C. VanSacker explained displays have been hung on traffic cables, high voltage street light wires. The Workmen's Compensation Board has said foreign attachments should be removed from power or communication lines and the Chief Electrical Inspector has instructed only trained personnel should work on the lines, Mr. VanSacker explained.

NO RING, NO HOUSE

DARTSORD, England (CP) — Preliminary applications from engaged couples for council-owned houses in this Kent town will be cancelled, the council says, if the engagement is broken.

End Widows' Collections by Safety Program, Woodworkers Are Advised

There is just no point in taking up collections for widows or spending sympathies on a dead man when a little prevention and co-operative effort can avoid both the death and the widowhood.

This is a view being expressed by IWA safety director John T. Atkinson to workers in the Kootenay logging and sawmill industry to emphasize the need for safety programs.

And it's proving a telling argument. The response of both management and workers in all Kootenay operations so far visited has been "remarkably good." Safety Committees and programs have been set up to start this section of the Interior industry on the way to matching the safety record of the Coast.

Safety programs in coast operations, joint effort of union, management and Workmen's Compensation Board, have reduced the accident rate 50 per cent in the mills and 38 per cent in the woods. Those figures can be translated into lives and limbs saved and family tragedies averted.

Mr. Atkinson, safety director of the B.C. District Council No. 1, International Woodworkers of America, CIO-CCL, is visiting Kootenay operations in company with International Regional Director Clayton Walsh of Kelowna and President Arthur Damstrom of Cranbrook Local 1-405 which covers East and West Kootenay. Management has welcomed the proposal everywhere they have visited. At Nakusp, Castlegar and Nelson operations were halted while the safety program idea was introduced and local committees set up. Mr. Atkinson will be in the East Kootenay until mid-December and will return to this area in the Spring.

MOST DEATHS IN INTERIOR

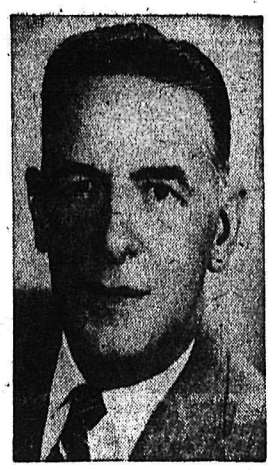
The need for the Interior program is illustrated by accident statistics. Last year there were 25 fatalities throughout the B.C. industry; 17 occurred East of the Cascade Mountains. The same ratio applied to compensable accidents.

Men on the job, Mr. Atkinson maintains, when encouraged by management can do more to create a safe operation and reduce the losses of accidents than all the periodic inspections it is possible to devise. For one thing the workers have more knowledge of their particular plant, machinery and hazards than an inspector could acquire.

At the coast, no man goes to work without safety shoes and "not a single self-respecting logger goes into the woods without a hard hat." So much has the hard hat become the badge of the skilled, sensible worker that on one occasion a logger, unable to be fitted by a real hat, manufactured a cardboard hat so that his fellows would not point to him as an irresponsible worker.

Lectures by Mr. Atkinson cover what accident prevention means to the working man, management responsibility, union obligation, Workmen's Compensation Board procedure, and specific injuries.

The problems of horseplay among workers (last year seven men died because of others' foolishness) safety committee functions, and use of safety equipment are all covered.



J. T. ATKINSON

Workers are urged to share their skills and experience with others to create safe operations. The safety programs cost no money, but they reap large dividends, the director declared.

The Interior is far behind the coast, but it has started on its way to catching up, Mr. Atkinson said. He forecast that there would be real examples of workers' ingenuity contributing to safety programs; "they are the experts when it comes to anything involving their work."

Mr. Atkinson was among the original designers of the safety program under way on the Coast for the past six years. An employee of 18 years standing with B. C. Forest Products at Youbou, he is on leave of absence to direct the province-wide safety development.

Trail Minors Here Saturday

Nelson minor hockey fans will have their first glimpse of outside competition Saturday when Trail sends over a midget and a juvenile team to do battle with the local lads.

Neither will be a rep team but just lads picked out of the various teams.

With the games set for the afternoon a change has been made in the schedule for Saturday. Gregoir's Rangers will cancel their practice time until the following week.

With the teams playing top-notch hockey this season, it is hoped parents and all interested fans will turn out for these first inter-city matches.

BIRMINGHAM, England (CP) — George Chilbs, 36-year-old factory worker who is father of two sets of twins and three other hildren is looking for a bigger house. His 32-year-old wife Beatrice has just given birth to triplets.

Kiwanis Turkey Shoot Tonight

The eighth annual turkey shoot sponsored by the Nelson Kiwanis Club will get under way at the Civic Auditorium.

Chairman Stan Morris of the shoot committee said Wednesday night that it is expected to be bigger and better than previous shoots held..

Workers have been busily preparing the auditorium for the event which will carry on for three days. He said that the noise problem of other years when the shoot was held in the Civic had been remedied.

Winners will not necessarily have to cart their turkeys home right away as a system of chits will be used. It was believed by the committee this must be done so those without a locker or deep freeze can keep the bird till Christmas.

Besides the shoot there will be a bingo game and many other attractions.

Move To Ross Spur . . .

Salmo Lumber Firm To Increase Operations

SALMO — Four brothers who are partners in a lumbering business at Salmo plan to move their operation from Remac to Ross Spur. The timber at their present locale is depleted.

Hearn Brothers Lumber Company Ltd. plan to enlarge their operation when they make their move. They employ 30 men at present and may increase the number of 50.

The four brothers — J. C., A. W., H. M. and F. B. — report that like most interior lumber operators they have enjoyed a very good year. They have shipped lumber as far away as Louisiana.

Below the border, lumberjacks and operators locked horns in a prolonged strike. As a result, British Columbia's forest industry — the province's top money-maker—experienced one of its most profitable seasons.

Industry leaders claim the backlog of lumber orders at coastal export mills is substantial and tending to increase as United States busines remains steady along the Atlantic seaboard. Also, firm orders are coming in from the United Kingdom.

Other Commonwealth countries are increasing their quotas of B. C. lumber. Both Australia and South Africa, which a year ago took relatively small amounts, are buying more than 10,000,000 board feet each month.

One of the prime factors for the banner year was a wet, dreary summer which kept the forest fire hazard to a minimum.

Trailite's Brother Buried at Coast

TRAIL — A brother of Mrs. R. D. McDonald of Trail, William Watt Porteous, has died at Arnprior, Ont., at 32 years.

Besides Mrs. McDonald he is survived by his wife Mary, another sister, Mrs. Florence Templeton of Vancouver, three brothers, Harry of Montreal, Russell of Los Angeles, Calif., and Earnest in Ontario. Funeral services were held Wednesday at Vancouver, Rev. J. R. Frizell and Rev. N. G. Robertson officiating. Interment was in The Abbey.

Mud Bogs Down Lumber Projects

INVERMERE — Unusual weather conditions for November have slowed activity in the Windermere district. Lack of frost in road surfaces has caused some shutdown of industry in lumbering projects.

Wilders' Lumber Camp, 22 miles from Radium, in the Settler's Road area, has closed, and some activity at the Columbia Contracting camps at Canal Flat has been slowed for the same reason.

Simon Ronacher Lumber Company at Athalmer will have to shut its camps unless frost comes immediately. A company official says roads are a "sea of mud."

One lumber operator said this is as bad as the spring break-up.

In Kootenay Park officials have announced that load limits on trucks including load and driver must not exceed 16,000 pounds. There was frost in Kootenay Park Monday night but thawing Tuesday erased the effect of the brief hardening.

Rain also curtailed the cutting of Christmas trees.

OTTAWA (CP) — Magistrate Glenn E. Strike Wednesday confiscated $3285 in sweepstakes betting money seized by morality officers in raids on railway express offices here.

Besides the cash, police seized 326 parcels containing 2118 tickets and 4763 stubs for the Army, Navy and Air Force and Irish sweepstakes.

Buy Sell, Trade the Classified Way

Cranbrook Faces Up to Growing Bread-Line

CRANBROOK — A joint service among congregations of all Protestant churches in Cranbrook is being arranged for December 5, for a special purpose—to establish a pooled fund to meet increasing applications by transients and unemployed for emergency meals and shelter.

Salvation Army fund for this purpose is close to exhaustion while needs are intensifying. Ministers of the various churches report frequent individual appeals made at their homes, but no general congregational funds existing for this purpose in most cases.

The decision to hold the joint service, with all collections to go to a general fund to be administered centrally, was made by the Cranbrook Ministerial Association. The new Cranbrook City Band has accepted an invitation to provide the music for the service and hymns, and there will be a brief address by Rev. William Black of Knox Presbyterian Church. Church services that night will be set for 7 p.m. so that congregations can continue to the joint service.

Fernie Keeps Pressing Work On Highway 93

FERNIE — Fernie Chamber of Commerce will continue its efforts to have Highway No. 93, Elko to Roosville on the International Boundary, brought up to a paved highway standard. A letter from B.C. public works minister Hon. P. A. Gaglardi said the road would receive consideration, no definite action was promised.

Representatives of the Waldo Stockbreeders Association, the Farmers' Institute and the Social Credit Group in the area through which the road passes, were present at the meeting. All agreed the road was a necessity, that the government should be urged to take action, and that the highway would be more beneficial to other East Kootenay centres than to Fernie and points east. Highway 93 would provide a direct route from Mexico north to Radium and Banff by way of Cranbrook and Kimberley.

PICNIC TABLES

Ross Colgur and Bill Quail will draw up a list of locations suitable for placing of roadside picnic tables where tourists and others could lunch or rest. The development of roadside parking campsites will be left to the provincial departments concerned.

Morley Obee, Ross Colgur and Jim Cameron were named as nominating committee to select a list of nominees for the positions of officers and directors in the Chamber.

A letter from the public works department showed that the installation of a wig-wag signal at the level crossing east of Michel was held up due to the expressed disinclination of the CPR to share costs. The Chamber will write to the CPR District Superintendent, George Phillips at Nelson, for information. A resolution requesting installation of wig-wag signals at all level crossings in B.C. will be presented to the quarterly executive meeting of the Associated Boards of Trade and Chambers of Commerce of Southeastern British Columbia in January.

George D'Andrea of Cranbrook, collector of the five per cent sales tax, outlined some of the difficulties regarding collection of the tax. Out-of-the-province purchases gave some difficulties in tax collection and such purchases also affected business in border towns. Mr. D'Andrea clarified the not very well known regulations governing purchases by non-residents. These are: A non-resident purchase accepted in the province is subject to the five per cent sales tax. If the purchaser takes the goods out of the province within thirty days he may apply for tax refund.

If a non-resident purchaser orders goods and such goods are shipped to his home address outside the province, the purchase is exempt of tax but seller must have proof that goods were shipped out of the province.

EAST KOOTENAY DOES UNDER FIRE

CRANBROOK — A week's season on shooting does in Cranbrook, Fernie and Columbia electoral districts opened Wednesday and runs until the last day of November. The season on bucks also closes then.

A big woods invasion of hunters is anticipated for the final week of the season by those who count on stocking their freezers with venison over the winter months. The buck season has been in effect since September 15, but extraordinarily mild weather through November, with only an occasional light dusting of snow at accessible levels during the month, has kept the herds at higher altitudes where they appear to retreat when the season opens. The number of bucks bagged so far is well below average.

Welsh girls in a factory in Glamorgan make strings for almost every known type of stringed instrument in the world.

Defence Volunteers Number Over 300 in East Kootenay

KIMBERLEY — The civil defence movement now has 305 enrolled volunteers, exclusive of municipal officers, in the East Kootenays.

Of this number 107 are classed as potential civil defence workers, Kenneth McRae, district co-ordinator, told delegates to the East Kooenay civil defence conference in McDougall hall here. The delegates came from Cranbrook, Kimberley, Fernie, Marysville, Chapman Camp, the Windermere and Radium Hot Springs.

Major General C. R. S. Stein, provincial civil defence co-ordinator, was in attendance. He told the conference that civil defence's greatest importance was at the local level: the heads might formulate plans but the local groups executed them.

Mr. McRae, in sketching the picture of East Kootenay civil defence progress, said there are 36 trained people in the area who have taken courses at provincial schools and at Arnprior College. It was up to civil defence officers to see that these people were given responsibilities.

There are heads of services in each municipality, and federal and provincial government heads who are specialists in their own lines. In this area, Dr. Watts is health head, Mrs. Burnam of Cranbrook, welfare head, and Fire Chief Dicken of Kimberley, fire head.

Dr. Watts informed delegates that this area was fortunate in having many opportunities for its people to learn first aid. In Kimberley alone there are 100 fully trained nurses willing to help in case of emergency.

Speaking for the Windermere, Dr. F. E. Coy of Invermere said it was difficult to obtain and maintain interest. Isolation of settlements hampered first aid courses.

As the East Kootenay is a reception area, the transportation department must have a complete list of all available equipment, Mr. Neale said.

Last year there were 47 buses, 800 three-ton trucks, 270 one and a half ton trucks, 1000 light delivery trucks and 8000 cars. There will be a survey of the number of passengers to each vehicle and of the vehicles that could be used as ambulances.

DEMONSTRATION

A welfare exercise was staged by Mrs. Virginia Adlard, Mrs. Rhea Montgomery and Mrs. Harvey Webber. The scene represented a welfare centre following a "disaster" at Chapman Camp. The centre was complete with registration desk, inquiry desk, first aid station, personnel services, food, billeting, clothing, and social service boards. Delegates were asked to portray the various victims, which ranged from babies to grandparents in all stages of injury and shock, those who couldn't speak English and those who were mentally deranged. Members of the Welfare Centre, who incidentally were recruited from among those who volunteered their services during the Spring flood threat, handled the various cases with efficiency and dispatch. Families were reunited, the injured treated, and all other coses handled with a minimum of confusion.

Sgt. W. H. Davidson of the Kimberley detachment, RCMP, spoke to the delegates after the exercise, and stated that he hoped to train 24 men as auxiliary police during the winter, who could be used in detachment, RCMP, spoke to the any emergency. They must be stable considerate men, who must be taught the rights and authority of auxiliary police.

Yule Tree Shipments Reach 100 Carloads

INVERMERE — Christmas Tree shipping from Lake Windermere station at Athalmer is reaching its peak this week. By Monday 100 carloads had been shipped to United States points.

Forest Service records indicate that 368,156 trees have been cut to date. It was hoped to establish a new record this year with 400,000 trees, but mild weather with rain has curtailed activity and it is possible that last year's cut of 379,119 trees may not be exceeded.

Agnes Maule Mahar, Canadian poet and novelist, died at Kingston, Ont., in 1927 at age 90.

CRANBROOK MAN GUILTY IN SLAYING

OKANOGAN, Wash. (AP)—A Cranbrook, B.C., man was found guilty of manslaughter Wednesday for the fatal beating of an apple harvest worker in a cabin last Oct. 10.

Lawrence Jacobs, 22, was convicted by a jury of 10 men and two women after an eight-day trial.

Carl Stalnaker, 42, was found dead in the blood-splattered cabin and police said he was beaten and then kicked in a brawl.

Two Toronto Men Nabbed at Fernie

FERNIE—Harold Kenneth Armstrong and Douglas Fedi, both of Toronto, were sentenced to 30 days in Nelson jail when they pleaded guilty to vagrancy charges. Further serious charges may be laid against the two young men.

Fernie RCMP received a telephone call from John Peter Wall of McMahon, Sask., who said that he had been thrown out of his car near Michel by two men he had picked up at Maple Creek, Sask. Police stopped the car as it arrived in Fernie where police arrested the two occupants, Armstrong and Fedi. A commando-type knife was found on the seat between the two men. The car had been reclaimed by the owner, Mr. Wall, who has returned to Saskatchewan where he may lay further charges. Mr. Wall alleges that he picked up Armstrong and Fedi, who were hitch-hiking. He claims that west of Maple Creek, Sask., they held him at knife point, kept him as a prisoner across Alberta and threw him out of the car near Michel.

In other police court cases, George Everette Hartwick of no fixed address, pleaded guilty to a charge of shoplifting in Rahal's store in Fernie. He was sentenced to 30 days in Nelson jail. Bill Letcher of Flagstone was fined $100 and costs and one day in jail. He was charged with stealing Christmas trees from Albert McGuire.

Natal Without Ice

NATAL — Due to the present warm weather, no ice is available at the arena at Natal. It is not known where and when the Natal-Michel Coalers will get into shape for the ABC Intermediate Hockey League which opens next month.

READ THE CLASSIFIED DAILY

Windermere School Delegates Elected

INVERMERE — Trustees for the Windermere school district for 1955 were elected at the annual meeting of representatives held at Windermere.

Re-elected for a term of three years were Oswald F. Young of Invermere and Melvin Moger of Windermere. A new member of the board is Jim Stone of Brisco. Remaining on the board with a further term to serve are Mrs. Ian Weir of Invermere, J. Alfred Laird of Sparkling Creek, Harry Erskine of Canal Flat and Mrs. Tommy Moore of Edgewater. Other representatives are Mrs. Ferd Rauch of Wilmer, Mrs. Duncan MacIntosh of Radium Hot Springs, Mrs. William Penner of Edgewater, H. Shuttleworth of Giant Mascot mine, A. Roberts of Spillimacheen and J. McIntosh of Mineral King mine.

Nelson Daily News

Established April 22, 1902

British Columbia's Most Interesting Newspaper

Published every morning except Sunday by the NEWS PUBLISHING COMPANY LIMITED, 266 Baker Street, Nelson, British Columbia.

Authorized as Second Class Mail, Post Office Department, Ottawa.

MEMBER OF THE CANADIAN PRESS AND THE AUDIT BUREAU OF CIRCULATIONS.

Thursday, November 25, 1954

The Public Must Know

The Press Council in Britain, which was set up primarily to judge newspaper ethics and point out questionable practices by newspapers, has made a report, and its harshest criticism is not for the press, but for municipal bodies which try to conduct official business in secrecy.

It remarked on the public officials' use of "private and confidential" to label any document they wished to suppress. "Many a fussy little Jack-in-Office would like to set up his own official secrets act in this way," the Council found. "Every experienced editor will refuse to be fenced off. If hushing up a matter is against the public interest, the duty of the press is clear: it must tell the public what is happening."

The Press Council declared "it is wrong for members of a town council to treat the public affairs entrusted to them as if they were their own private concern, and to make arrangements for the spending of vast amounts of public money without giving the ratepayers ample opportunities to have their own say in the matter."

The Press Council was originally set up after a Royal Commission investigation of the British press in 1947. There had been attacks on the press in Parliament and by public figures, but the Royal Commission inquiry did not reveal any serious violations of the freedom of the press, which is really an essential freedom of every citizen in a democracy. The Press Council has no disciplinary powers, because any such powers would of necessity place press control to some measure in the hands of the Council, rather than of editors. It is composed of working newspapermen, owners and editors, and members of the powerful National Union of Journalists, men of a variety of political faiths. Its members are men acquainted with the problems of day-to-day news gathering.

Best When Earned

There is only one thing that will really train the human mind, and that is the voluntary use of the mind by the man himself. You may aid him, you may guide him, you may suggest to him, and, above all else, you may inspire him. But the only thing worth having is that which he gets by his own exertions, and what he gets is in direct proportion to what he puts into it.—*A. L. Lowell.*

Hard To Ignore

An anthropologist reports that Canadian fathers show an amazing amount of interest in their young children. Well, somebody who is standing in your lap forcing pieces of a scrabble set into your mouth when you are trying to read the paper naturally arouses your interest.

Humbleness

I am embarrassed because there is so much good I could do, and I have so little to do it with.—*Sir David Eccles.*

LETTERS TO THE EDITOR

Letters to the Editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole, or in part, except over the signature and address of the writer. Unsolicited correspondence cannot be returned.

Demands Consideration For Pedestrian Students On North Shore

To the Editor:

Sir—Let's have some concrete suggestions from the readers of this paper on methods by which we can combat a growing menace on the North Shore.

I am speaking about the plight of the children attending the Willow Point School. They are forced to walk on the road and have no protection whatsoever from vehicles using the highway. The 35 m.p.h. speed limit so far has helped, but it is not sufficient. The width of the road is totally inadequate for both vehicles and pedestrians, particularly during the Winter when the width is narrowed considerably by the existence of snowbanks. Two very dangerous corners are Townshend's and Emory's. A child walking on the inside of these corners has no place to go if he is suddenly confronted by an oncoming vehicle. And don't think a driver can always stop in time! With our icy road conditions in the Winter the effort to stay on the road at all sometimes becomes almost superhuman.

We are told that we shall soon have a new bridge. With the advent of said structure we can expect an increase in traffic and a corresponding increase in the hazard to our children. We all revel at the prospect of a brand new bridge. But will we revel at the sight of our children lying dead on the road?

The Victoria brain trust has evolved a scheme whereby we can happily tootle our varied assortment of clunkers over a fabricated steel monster for which we shall be paying plenty through the proverbial proboscis. Perhaps our elected master minds can allot a few of our hard-earned tax dollars towards protecting our children. If we do not insist on protection we may be letting our Government stoop to murder. Then we would automatically become accessories before the fact.

Think it over.

W. HARRISON.

Nelson, B. C.

Disavow Proxy Leader

To the Editor:

Sir—This word is from members of the Christian Community and Brotherhood of Reformed Doukhobors, Krestova:

Due to absence of our spiritual leader, S. S. Sorokin, Anton Kolesnikoff was appointed as a chief executive of our Brotherhood Community. We now see he has showed himself a traitor to our Doukhobor ideals, taking sides with Emmett Gulley and the Government. We unanimously declare through the press, to all people, the Government and S. S. Sorokin, for his treason we are expelling him from his service to us. Therefore, from now on he cannot be our chief executive, and has no rights to speak a word for our organization.

We the under sign for all.

Krestova, B. C.

The Kaiser Dam

To the Editor:

Sir—Residents of the Arrow Lakes are fully aware of the powers of the Federal Government on navigable waters. Between the two portions of the Arrow Lakes, Upper Arrow Lake and Lower Arrow Lake, is a narrow channel of water known as The Narrows. These narrows have a tendency to become a natural dam and thus create two lakes. To prevent this the Federal Government has operated a dredging crew to keep the passage free for navigation.

Nature is not concerned in politics. If the Provincial Government persists in its right to build the dam and the Federal Government persists in its right of control, the two parties will have the right to appeal to the Supreme Court for a decision. If the court rules that the Federal Government has no control of navigable waters, then dyking and dredging of these waters will be a provincial responsibility.

Maybe the powers that be want provincial autonomy.

H. KERSHAW.

Nelson, B. C.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

Housewife, Nelson—Would you please give me a recipe for smothered fish steaks?

Two fish steaks, one cup milk, two mild sliced onions, one tablespoon fat, two slices bacon, half teaspoon salt, pepper, quarter cup flour. Combine pepper, salt, flour and sprinkle over fish. Place on bottom of greased shallow pan, add milk and bake in hot oven (425 degrees) for about ten minutes. Brown onions in fat, place bacon and onions on top of fish and bake ten to twelve minutes longer, or till fish is tender.

Puzzled, Nelson—Will you kindly outline the duties of the Police Commission and of the Chief of Police and all constables?

Police Commission duties, as defined by the B. C. Municipal Act: Board of Commissioners shall from time to time make such regulations as it may deem expedient for the government of the police force and for preventing neglect and abuse and for rendering the force efficient in the discharge of its duties. The Chief of Police and all constables must obey the lawful directions and be subject to the government of the board, and shall be charged with the special duties of preventing infractions of the bylaws of the municipality, preserving the peace, preventing crime, and apprehending offenders; and shall have, generally, all the powers and privileges and be liable to all the duties and responsibilities which belong by law to constables.

G. F., Creston—Is it known what caused the roof of the Vancouver Forum to collapse in 1953?

There was 18 inches of slush on the roof at the time, and the weight is believed to have caused the roof to cave in.

Anonymous, Nelson—Can you give me the correct address for Girls' Church Home in Burnaby?

Church Home for Girls (Anglican and United), Burnaby, B. C., is sufficient address.

K. J., Trail—Is there any society that helps poor people to pay money needed to get a divorce?

Write to the Secretary, Law Society, Vancouver, B. C., giving full particulars of applicants' problems. The Law Society will then refer the case to the Legal Aid Committee.

Gratitude is not only the memory but the homage of the heart—rendered to God for His goodness.—Nathaniel Parker Willis.

It's Been Said

It is reasonable to have perfection in our eye that we may always advance toward it, though we know it can never be reached.

—Samuel Johnson.

Your Horoscope

This should be a remarkable anniversary, promising a good deal of gain in all activities. Today's child may be of a forceful nature, fond of outdoor games and sports and proficient at them.

Capital Memo

BY JAMES K. NESBITT

VICTORIA—Liberal MLA Gibbs of Oak Bay, who knocked Tory power Herbert Anscomb out of public life in 1952, has come up with a new name for the dear old troublesome Pacific Great Eastern Railway, but using the same old initials, PGE, which is part of the game. Have you any entries?

Mr. Gibbs calls the PGE Poor Gunderson's Expense sheet!

Social Credit power Gunderson was also defeated, in 1953, by Mr. Gibbs, Mr. Gibbs being death on finance ministers, Messrs. Anscomb and Gunderson each being that important when Mr. Gibbs trampled over them.

Premier Bennett, determined to keep Mr. Gunderson close to the government, though Mr. Gunderson doesn't need a job, made Mr. Gunderson PGE vice-president, which he is now.

Mr. Gibbs evidently believes Mr. Gunderson, who has been touring Europe as special trade emissary for the Premier, has had his bills paid by the PGE. Maybe he has! Who knows?

So now, thanks to Mr. Gibbs, we have a new name for that old favorite, that poor relation that must be fed so the family's good name may be maintained. Yes, a new name — Poor Gunderson's Expense sheet! And not a bad name it is.

Let's see what else the PGE is called. The Please Go Easy is an old one. Then there's the Prince George. Eventually — though that's really out of date now, thanks to Byron Johnson, who, as Premier, pushed the PGE from Quesnel to Prince George.

When J. A. Kennedy was PGE general manager, he said his wife called the road Papa's Greatest Effort.

The PGE costs the people of B. C. plenty of money, but at least they get some fun out of it—costly fun! They haven't, either, any say when it comes to their money being dumped in it. The PGE lives in the future—perhaps, someday; not, indeed, that it's not a good railway, running through magnificent country. It is, and it does!

While on the subject of the PGE at a recent Liberal meeting, Mr. Gibbs grabbed at an inkling that Mr. Bennett may be getting ready to sell the railway to U.S. interests. Mr. Bennett and the Governor of Alaska recently had a conference here. Mr. Gibbs, sniffing suspicious-like outside the Premier's door, saw signs, or so he became convinced, that it was the PGE these two discussed. Neither the Premier nor the Governor would discuss in public what they'd discussed in private. That only increased Mr. Gibbs' overpowering suspicion.

Well, there's nothing new in a B. C. government discussing the PGE with U.S. interests. That has been going on for years. When a government wants to bathe the PGE in glaring lights it calls in somebody from the U.S. and lets on the PGE is about to be gobbled up.

That's supposed to be a come-on to the CNR, the CPR and the Federal government to hurry, hurry, hurry, or the PGE will be gone. So far the CNR and the CPR have paid absolutely no attention to the PGE. In fact, they couldn't care less about B. C.'s white-elephant railway. And the Federal government has snubbed Mr. Bennett about the PGE; a year ago Mr. Bennett asked Ottawa for some financial aid for PGE extensions, but what has happened? Not a yes or a nay from the Federal government; Mr. Bennett has been ignored, that's all!

Mr. Bennett, as a matter of fact, some months ago said that if he couldn't get the big Canadian railways or the Canadian government to do something about the PGE he'd certainly consider selling it to U.S. interests, if he could get a good deal for B. C.

But nobody in Canada so much as even nibbled on Mr. Bennett's PGE bait!

Mr. Bennett, however, won't be selling the PGE to U.S. interests. He, like other B. C. Premiers the last 30 years or more, likes being PGE boss too much for that. He wants to go down in our history as the greatest railway builder of B. C.

It's a strange thing, the way all Premiers delight in having a railroad to play around with, and pour the people's money into. However, it might some day pay . . .

It must be the small-boy streak in most men that makes them love to play with trains.

Rains and Snow Sweep Britain

LONDON (Reuters) — Flooding was reported in many sections of Britain Wednesday after a night of high winds and torrential rain buffeted eastern England and churned up ocean waters.

Some roads in Suffolk, the region chiefly affected by the severe east coast floods of two years ago, were under 18 inches of water and rivers were on the rise. Farther north in east Scotland a 24-hour rainfall turned to snow, blocking many roads through the hills.

THAMES RISES

The river Thames also rose sharply in its upper reaches, and extensive flooding was reported in the area of Staines, west of London.

Meanwhile, hundreds of firemen, police and troops relaxed after an anxious overnight vigil in many areas of western England. Rivers that burst their banks Tuesday night were reported receding, and persons evacuated from their homes in a 15-mile area around Plymouth were preparing to return.

At Sunderland, near Newcastle, a heavy swell tossed the 16,700-ton Panamanian tanker Duna Evgenia against a pier, damaging her bow plates and pushing in a section of her stern. The vessel, just departing on her maiden voyage, was ordered into drydock.

Standard Oil Plans A-Research Project

LINDEN, N. J. (AP) — Standard Oil Co., N. J., has announced plans for a major atomic research project.

An atomic radiation laboratory will be built here by the company's research affiliate, Standard Oil Development Co.

Experiments to be conducted at the new lab will aim at applying "the vast potential of atomic energy to the petroleum industry," Edgar V. Murphree, president of Standard Oil Development, said.

Colder Weather Hits Unemployed

OTTAWA (CP) — Unemployment is increasing with the arrival of cold weather, though the number of persons at work last month was about the same as a year earlier.

The bureau of statistics estimated Wednesday that 179,000 persons were without jobs at Oct. 23, compared with 167,000 a month earlier and 111,000 a year previous.

At the same time, the bureau estimated 4,819,000 persons were working full time on that date. This was almost exactly the same as the 4,820,000 a month before and compared with 4,830,000 a year earlier.

However, persons on part-time work swelled the total by 334,000, compared with 344,000 in September and 286,000 in October, 1953.

LABOR FORCE HIGHER

During the year, the labor force increased to 5,461,000 from 5,351,000.

In a simultaneous release the labor department reported that 259,270 persons were looking for work through national employment service at Oct. 21. This was up 15,753 from a month earlier and 67,324 from a year earlier.

A rise in the number of job hunters between this year and last was shown in every province, with the increase sharpest in Ontario. There 100,645 persons sought work in October compared with 62,711 a year earlier.

Figures for other regions with the 1953 comparison in brackets: Atlantic region 26,064 (24,814), Quebec 74,343 (57,708), Prairie 29,317 (20,542), Pacific 29,051 (26,171).

Mrs. Arsens' "Arsenisms" . . .

Lone Woman Member Is Colorful, Outspoken

By STEPHEN SCOTT

VICTORIA (CP)—Firm in her convictions, Mrs. Lydia Arsens, only woman member of the British Columbia legislature, has enlivened two sessions of the House with her colorful ideas.

Elected Social Credit member for Victoria in 1953, Mrs. Arsens has made many down-to-earth and sometimes unorthodox proposals during her House speeches.

DUBBED "ARSENISMS"

Many of her suggestions have been termed "arsenisms" by one Victoria newspaper.

One of 10 children, she was born in Didsbury, Alta., in 1906, and before coming to the coast 20 years ago taught school in Alberta.

At high school in Calgary, Mrs. Arsens was a pupil of William Aberhart, the school principal who was the founder of Social Credit in Canada.

She admired Mr. Aberhart so much that when he became Social Credit premier of Alberta "I knew he must be right."

But it wasn't until 1952 that she became active in the Social Credit movement. She was an unsuccessful legislature candidate in Victoria in 1951. A year later success came when she was elected at the general elections.

NOT DEMOCRACY

Health and welfare have been two of her big debating points in the legislature. And she has been firm in her opposition to chlorination and fluoridation of water supplies. These, she says, are against "true democracy."

Mrs. Arsens, who with her husband, James, operates a restaurant here, has told the House:

"The physician gives you pills which are expensive and break you. The surgeon cuts your parts out which God put there, but the physiotherapist or the dietician can prevent all ailments."

Termed an "arsenism" was her proposal that Victoria residents be "compelled" to keep their gardens neat and to have three garbage cans in every front yard—one for flattened cans, one for paper and the other for waste foods. The food would be composted for fertilizer for Victoria's famous Beacon Hill Park.

BY ALICE ALDEN

BRIDES ARE ALWAYS in fashion. We thought we'd show you a really lovely bridal gown designed by Jean Desses in a rich brocade that breaks down into a mixture of rayon, nylon and cotton. The color is the very palest mauve. The luxurious looking fabric is simply handled, the brief, long-sleeved bodice topping a skirt that is hip-smooth but with a tremendous fullness below that line, achieved through godets. Without the demure jacket the dress becomes a low-cut evening gown with the designer's favorite jewelled shoulder straps.

Recipes . . .

Chinese Food Easy to Cook In the Home

By MARGARET CARR

As more Canadians have travelled the Far East, or even eaten at some of our very fine Chinese restaurants, the taste for Chinese cooking has spread across the country into our own home.

And with the generally available supply of ready-prepared Chinese dinners. Vegetables and specialty items, these meals with a foreign air can be prepared in your own kitchen quickly and economically.

Chow mein and chop suey are canned in several styles—meatless or with chicken or beef. For a switch in the usual Friday fare, serve the meatless chop suey with shrimp, tuna, salmon or crab meat added.

Crunchy chow mein noodles have long been a must with chow mein or chop suey dinners. They also add crispness and flavor to creamed and casserole dishes of your favorite recipes.

Bean sprouts are popular in home cooking, too. Serve, well drained, in marinated salads, or add to scrambled eggs, stews and meat dishes for crisp extra flavor.

Chinese cooking offers great variety in food combinations for color, texture and flavor. Once you've begun exploring the seasonings and unusual food combinations, you'll find you will want to experiment on your own.

Bamboo shoots, another Far East favorite, are popular in extra fancy chop suey or in dressing up everyday creamed chicken, sea foods or vegetables. Again one small can will add crispness to a main dish to serve four to six people.

Soy sauce adds zip in Canadian-style dishes as well as for Chinese specialties.

Here's a suggested menu for a Chinese dinner in your own home.

CHINESE MENU
Ham Cantonese
Pineapple Coleslaw
Candied Ginger and Coconut
Almond Cookies
Chinese Tea

HAM CANTONESE

- 3 tablespoons butter or margarine
- 1½ cups cubed cooked ham or luncheon meat
- ½ cup minced onion
- 1 cup sliced celery
- 1 cup water
- 1 can mixed Chinese vegetables or chop suey vegetables, well drained
- ½ teaspoon sugar
- ½ teaspoon salt
- ⅛ teaspoon pepper
- 1 tablespoon soy sauce
- 1½ tablespoons corn starch
- 1 can sliced mushrooms
- 1/3 cup slivered almonds

Melt butter or margarine in large frying pan; add ham or luncheon meat, onion and celery; cook 5 minutes, stirring often. Add water; cover and cook 8 minutes. Add drained mixed Chinese vegetables or chop suey vegetables and seasonings; heat to boiling. Blend corn starch and two tablespoons water to smooth paste; stir into meat mixture; cook, stirring constantly, until slightly thickened. Add mushrooms and almonds, if desired. Serve piping hot, with chow mein noodles or fluffy rice. Makes 4 servings.

Shower Given For Newlywed

Mrs. Mel Tarr, the former Darlene Ward of Longbeach, was honored at a miscellaneous shower held at the home of Mrs. B. Schneider.

Games were played and the gifts were presented to the bride in a large imitation wedding cake. Lunch was served by the co-hostesses, Mrs. Arvid Shneider and Mrs. Maurice Bouillet.

Party Brings $50 For Yule Parcels

GREENWOOD — The Greenwood Women's Institute card party and auction was successful both from financial and entertainment viewpoints. The entire proceeds of nearly $50 will be used for Christmas cheer parcels, which the WI gives every year locally.

The winners of the whist were Mrs. H. Lawrence, women's first; Mrs. J. Ettel, consolation. Men's first was won by a woman playing as a man, Mrs. W. E. McArthur, Jr., and men's consolation was tied for by E. A. Johnson and W. Van Unen, with Mr. Van Unen winning the cut. The door prize was won by Andy McMillan and was donated by Mrs. J. Roylance. During preparing of refreshments, an auction of home-cooking was held, with F. Bell as auctioneer, assisted by C. Dunn.

Lister Girl Is Bride at Coast

LISTER — At a quiet wedding solemnized at New Westminster, Rev. Tudor Jones united in marriage the former Barbara Jane Yerbury, eldest daughter of Mr. and Mrs. Frank Yerbury of Yahk, and Roland Charles Wilson, youngest son of Mr. and Mrs. Charles Wilson of New Westminster.

The bride wore a light blue gabardine suit with navy accessories and a corsage of pink roses.

Her bridesmaid, Miss Margaret Gillis, wore a grey suit with mauve accessories and a corsage of yellow chrysanthemums. Junior bridesmaid was Miss Marilyn Wilson, sister of the groom, who wore a beige suit, a corsage of white carnations and tan accessories.

The bride was given in marriage by her father. Best man was Mr. Robert Wilson, brother of the groom.

A reception was held at the home of the groom's parents. Mr. Peter Jenkins, uncle of the groom, proposed the toast to the bride.

The happy couple left for the Interior where they will spend their honeymoon. They will reside in New Westminster. The bride was born in Lister and lived there until a year ago when she left to reside in Vancouver.

Willow Point WI Holds Card Party

WILLOW POINT — Five tables were in play at the monthly card party sponsored by the Willow Point Women's Institute, with hostesses Mrs. R. Thompson and Mrs. C. Haycroft.

Mrs. D. Belyk and Mrs. W. Spooner won prizes for high scores and Mrs. C. Shannon won a beautifully dressed doll. Tea was served by the hostesses, the tea tables centred with bronze and yellow chrysanthemums.

Crawford Bay WI Elects Officers

CRAWFORD BAY—Officers for the coming year were elected by Crawford Bay Women's Institute at its annual meeting. Mrs. M. Haverstock was re-elected president, Mrs. Norman Anderson was chosen vice-president, Mrs. E. Reilly was re-elected secretary, and Mrs. E. Vance and Mrs. H. Brown are the directors.

A children's Christmas party, to be held December 21, was planned. Mrs. K. Howell was put in charge of the supper.

Final arrangements were made for a bazaar to be held Friday. Conveners named were Mrs. F. La Plant and Mrs. Vance, novelty table; Mrs. William Fraser, aprons; Mrs. L. Pratte and Mrs. Brown, home cooking; Mrs. Haverstock and Mrs. M. Linn, Mrs. A. Foster and Mrs. Reilly, games.

It was decided to hold the regular WI meeting on the third Saturday of the month.

Mrs. M. Linn agreed to stay on the Sunshine Club.

Aussies Hope to Welcome Royalty

MELBOURNE (Reuters) — The Queen Mother and Princess Margaret will "almost certainly" visit Australia within the next two years, the Melbourne Herald says.

The paper says Prime Minister Robert Menzies will discuss such a trip when he is in London next year for a scheduled Commonwealth prime ministers' conference.

Queen Eilzabeth and the Duke of Edinburgh toured Australia earlier this year.

Woman Injured by Lawn Collapse

SHENANDOAH, Pa. (AP)—A 65-year-old woman was pulled to safety Tuesday when her front lawn collapsed and she was plunged 75 feet into a mine breach. Mrs. Catherine Murphy was injured critically when her front yard virtually disappeared in the cave-in. A fireman was lowered into the hole and pulled the woman to safety.

Sask. Coal Output Slightly Higher

OTTAWA (CP) — Canadian production and imports of coal continued to decline in October.

The bureau of statistics reported Wednesday output was 1,411,000 tons, down from 1,631,286 in October, 1953. Declines occurred in all coal-producing provinces except Saskatchewan which barely increased production to 250,000 tons from 249,904 in October, 1953.

Landed imports in October totalled 2,278,283 tons compared with 2,561,810.

In the January-October period production totalled 11,735,964 tons compared with 12,616,184 last year. Imports dropped to 15,666,879 tons from 19,996,447.

Princess Gravely Takes Greetings Intended for Her Royal Mother

LONDON (Reuters)—Bear hugs from Prince Charles and Princess Anne and kisses from the Queen and the Duke of Edinburgh welcomed the Queen Mother home to London Wednesday after the month-long visit to the United States and Canada.

Princess Margaret, who planned to be with the family to greet her mother, had to stay at home with a feverish cold.

SHINING EYES

The Queen Mother greeted her family—with her eyes shining with teaar—at London's Waterloo Station. Then she shook hands with Prime Minister Churchill, Foreign Secretary Eden, Norman Robertson, the Canadian high commissioner, and Winthrop Aldrich, the American ambassador.

The Queen, wearing a fur-collared blue coat almost the same color as her mother's chatted animatedly with the Queen Mother as they were helped into an open landau carriage for the state procession to Clarence House, near Buckingham Palace.

CHEERS ALONG ROUTE

There were more warm-hearted cheers and shouts of "Well done!" from thousands of Londoners packing the streets on the processional route as the carriage jingled past, escorted by a clattering detachment of the dashing Household Cavalry with plumes flying in the sunshine.

Four-year-old Princess Anne, her hands tucked into a warm fur muff which matched the fur on her coat collar and green bonnet, sat snugly between her grandmother and the Queen in the carriage.

Prince Charles, merrily waving to the happy crowds, sat with the Duke of Edinburgh, who was in naval uniform. The one empty seat in the carriage was to have been for Princess Margaret who was kept at home at the last moment.

All along the route the Queen Mother, smiling broadly and nodding her head, brought waves of cheers.

PRINCESS POPS UP

During the few minutes the Queen and her family waited for the Queen Mother's train, Princess Anne—who can never keep as still as her big brother on important occasions—trailed after her mother, shaking hands with the top-hatted dignitaries who towered over her.

Several times, just as the Queen was about to shake hands, the tot popped up in front of her and took the outstretched hand instead.

Crowds six and seven deep lined the broad, tree-lined Mall, the stately avenue which leads to Buckingham Palace, to catch a glimpse of the royal procession on its way.

As the carriage with its high-stepping dapple greys entered the grounds of Clarence House, the Queen Mother's personal standard was broken from the flagstaff, a sign to Londoners that she was home again.

DEATHS

By The Canadian Press

PRESTON, England—Nevill A. D. Armstrong, 80, gold prospector, trapper and big game hunter.

DUISBERG, Germany — Eugene Marchand, 94, once a celebrated tenor at New York's Metropolitan Opera.

LONDON — Sir Edward Keeling, 67, Conservative MP for Twickenham.

TORONTO — Lawrence Lee Anthes, 74, past president of the Canadian Manufacturers Association.

CEYLON'S PREMIER TO VISIT CANADA

LONDON (Reuters) — Sir John Kotelawala, Ceylon's prime minister, will visit Canada Dec. 2 to Dec. 5 at the invitation of the Canadian government.

An authoritative source says the Canadian government plans to send a special plane to New York to fly him to Ottawa Dec. 2 and later take him back to the United States.

The prime minister, now in Britain during a goodwill tour of 10 countries, is due to fly to New York Saturday.

Monty Advocates Caning Bad Boys

NEW YORK (AP)—What modern education needs is more of the old-fashioned cane, says Field Marshal Viscount Montgomery.

The British military leader says he ought to know: "I was well beaten myself, and I am the better for it."

Speaking at Columbia University, Montgomery said more corporal punishment for unruly boys in schools would help stop "the flow of hooligans and criminals in the world."

"A boy cannot be expected to imagine intellectually the misery and pain he has the power of inflicting on other people; he has no experience, no imaginative capacity, to enable him to do so."

But Montgomery hastened to add this qualification:

"I'm for beating the bad boys — not the girls."

The deputy supreme commander of the North Atlantic Treaty Organization received an honorary degree from Columbia.

PLAN GREENLAND TESTS

COPENHAGEN (Reuters)—Denmark has given the United States air force permission to carry out experimental rescue work on the ice-covered mountains of Greenland. The American planes will be fitted with plastic skis and with four jet rockets to assist takeoffs at high altitudes.

This group, carrying ... artillery, were theoretically wiped out by an atom bomb dropped by an "enemy" plane that penetrated the air defences.

Natal Latest Place To Join Recreation Plan

NATAL—The purpose of a public meeting, combined with the regular monthly Parent-Teacher Association meeting of Natal-Michel and held in the junior-senior high school at Sparwood, was to form a Community Recreation Commission which would help the various sport groups in the community, especially for the adults.

The Community Programs Branch of the B.C. Provincial Government will give assistance in the form of instruction and financial grants to such groups which are formed at public meetings, it was learned. All community recreation activity would be affected by the setup, including sports, drama groups, arts and crafts and square dancing.

Sid Hansen of Cranbrook, Community Programs Branch representative of the East Kootenay, explained the method whereby a local commission could be set up, and a motion was passed for forming a commission. The Michel-Natal Arena Committee, largest active committee functioning at present in the district, will take charge of the local commission setup.

Six members would be named from the arena committee at a later date, while five women were added to the committee: Mrs. Bea Mogielka, Mrs. R. Taylor, Mrs. L. Mullett, Mrs. George Sofko and Mrs. Ed. Bakken.

The arena committee decided to act as the operating body of the Community Recreation Commission but asked that any group receiving any other financial assistance in any other form should not ask for aid. Support will be given to groups not receiving financial assistance. Mr. Hansen stated that grants would be given to all sports and recreation groups each month, providing that two-thirds of the amount was spent as expenses. The grants would be payable every three months.

Films on sports and recreation and how a commission should be formed and operated were also shown by Mr. Hansen.

THREE OTHERS

To date community recreation commissions have been set up at Kimberley, Marysville and Cranbrook. It was pointed out that the more commissions that are organized the more clinics for recreation activities would be made available. Every year summer school courses are being held in Victoria, B.C., for the benefit of the commissions.

Slocan School Medical Officer To Be Appointed

SLOCAN CITY — The board of trustees of Slocan school district, at its November meeting in the W. E. Graham High School, had Dr. H. T. Lowe of the Selkirk Health Unit, and N. Scott, sanitation inspector, as guests.

Dr. Lowe gave a brief talk on four subjects; Slocan Park well, Perry Siding water supply, environmental inspections in the schools of the district, and appointment of a schools medical inspector.

Mr. Scott reported that he had chosen a site for the new well at Slocan Park, in consultation with the Board's secretary, who stated the well would be driven next week. He also gave a report on lighting, sanitation and heating of the various schools. Mr. Scott complimented the board on the very attractive interior and excellent lighting" in the new elementary school at New Denver.

A resolution was passed by the Board asking Dr. Lowe to appoint Dr. W. Chornobay as acting school medical inspector for this school district.

It was decided by the board to re-route the Slocan school bus down the highway direct to Winlaw, and return on the old road on the morning trip. This would avoid extra early catching of the bus in certain cases. Permission was also granted for the travelling instruction unit from the Provincial Fire Marshal's Department, to hold evening instruction classes in the W. E. Graham High School, periodically during the next six weeks.

Approval was given to the teaching staff of the Slocan City schools to show National Film Board films to the general public, in the W. E. Graham High School.

A donation of $5 per classroom in the district for Christmas treats for the current season was passed by the Board.

The resignation of J. A. Boyd of the teaching staff of the W. E. Graham High School has been accepted by the Board, with a statement of appreciation for his services during the past two and a half years.

COPS THIRD PRIZE AT WINTER FAIR

INVERMERE — A Windermere district farmer has won honors at the Royal Agricultural Winter Fair at Toronto.

F. R. Coy of Invermere, owner of Dutch Creek Ranch, came third in five entries in alfalfa, another B.C. man, S. Weston of Fort St. John, coming fourth.

Mr. Coy placed again in the orchard grass or cock's foot class, coming 18th in 26 entries.

Castlegar Woman's Brother Passes

CASTLEGAR — John Bath Rae, brother of Mrs. S. Drain of Castlegar, died at his Vancouver home at the age of 64.

He is survived by his wife Mary, a son James of Surrey, a daughter Mrs. R. Grice, Surrey; three grandchildren; a brother Thomas of Canoe, B. C. and another sister Mrs. C. H. Watson of Brittania Beach, B.C. Funeral services were held at Vancouver Wednesday, Rev. T. D. Barnett officiating.

WASHINGTON (AP) — The Office of Defence Mobilization announced Tuesday it has authorized the postponement of Canadian copper shipments totalling 2600 tons this quarter, to help relieve Canada's shortage of the metal.

Cub Packs Again Formed at Natal

NATAL — After a lapse of two years, Cub packs in Natal and Michel are being organized through the efforts of W. R. Sallis of Natal, who will act as Cubmaster.

Separate Cub groups have been organized, with the Natal group meeting every Thursday in the Union hall and the Michel group meeting in the United Church rooms. Already 30 boys, ranging in age from eight to 12 years have joined the membership in both groups. During the past two weeks the groups have enjoyed hikes.

Leaders will be appointed in the near future. The main problem at present is to name a group committee for both Natal and Michel. These groups will be formed through active volunteers.

As soon as the Cub packs are on their feet Boy Scouts will be started in Natal-Michel. Also assisting the Cub groups will be former Boy Scout members who have volunteered their services and experience.

INVERMERE BACKS RECREATION MOVE

INVERMERE — Sid Hansen of Cranbrook, regional consultant for East Kootenay of the community program branch of the Department of Education, attended the November meeting of the board of management for the Lake Windermere Memorial Community Centre.

Mr. Hansen explained that the community programs branch can assist community enterprises both materially and financially and advised that a local commission be set up to centralize activities and to conform with requirements of the department.

A committee was appointed consisting of the board of management president and secretary, Tom Cookson and Wayne Lacy respectively, and Mrs. R. B. Harris to start proceedings. Co-operation of the Invermere Village Commission will be sought and other members will be appointed to the commission, required by the department to work under the Community Programs Branch.

Board Tackles Power Problem

SLOCAN CITY—Ways of furthering its efforts to bring power to the Slocan were discussed by many members of the Slocan Board of Trade at its meeting in the WI hall here.

If the Slocan could obtain a greater supply of power, it would be an inducement to industry, it was felt.

Guest speaker Mayor Joseph Kary of Nelson gave a talk on boosting our country as a whole and every district within it. He enumerated achievements to date, and indicated achievements that could be expected in the future.

The Board renewed its membership in the Canadian Chamber of Commerce and the B.C. Chamber of Commerce.

Norman Brookes, chairman of the transportation committee, was appointed to attend the meeting of the Trans-Canada Highway Association (Crow's Nest Route) in December 6.

Greetings were extended by Owen, president of the N Chamber of Commerce; P. H. kins, vice-president; Rex L John Learmonth and C. W Harper.

The dinner was served by W en's Institute members.

Kinnaird Opening . . .

New-Type Heating at "Valley View" School

KINNAIRD — The new Valley View school in Kinnaird built at a cost of $30,000, was declared officially open by Inspector J. J. McKenzie of Nelson at a public opening ceremony.

Representing the department of education, Mr. McKenzie brought messages of congratulation and good wishes from the minister of education and his department.

J. G. Craft, chairman of the board of trustees of Castlegar school district, told of the steps involved in the planning and building of the school. He introduced the special guests at the ceremony, the school trustees, and the school principal and his staff.

Dr. D. C. Smith, inspector for the school district expressed his pleasure and satisfaction in the new school.

SPECIAL FEATURES

Paul Smith of Trail, architect, explained the special features of the building, the principle one being perimeter heating. Pipes extend from the furnace to the outer walls and are laid in the concrete slab on which the school stands. The walls are not only insulated above ground but the insulation extends below the ground for a depth of two feet The theory is that the ground below the concrete also become warm and that this warmth is retained within the area by the below-ground insulation, ensuring warm floors at all times.

The Valley View school and the new one-room school in Robson, also designed by Mr. Smith, was also officially opened Tuesday and were believed to be the first schools in B. C. to have this form of heating. Others however are now under construction.

Walter Jacobson, chairman of the board of commissioners, brought greetings and congratulations from the village of Kinnaird.

The key to the building which was handed over by the builder, G. Guido, was given to the principal of the school, H. Bate. Mr. Bate expressed his satisfaction with the design, attractiveness and functional utility of the school.

A highlight of the ceremony was the planting of two oak trees by Major John Moll, who had grown them from acorns. Major Moll, a retired Salvation Army officer, has been an active and very popular Wolf Cub leader in Kinnaird for the past few years.

Tea was served by members of the Kinnaird Parent-Teacher Association. Mrs. J. Kennedy was convener.

Have You Tried the West's Favorite Bread Yet?

Keller Scores Three in Leaf Victory

5-3 Flyer Defeat Here Moves Nelson to 2nd Spot

Nelson Maple Leafs moved into second place in the Western International Hockey League Wednesday night by defeating the Spokane Flyers 5-3 before a good mid-week crowd at the Civic Arena. Flyers had held second spot before the game.

A three-goal outburst in a little over three minutes in the latter part of the second period gave Leafs their margin of victory after the determined Flyers had gone ahead 2-1.

Wendy Keller was the big gun for the Leafs, picking up a goal a period to register his second hat-trick of the season. Linemate Bruce Carmichael also had a three-point night, picking up a second period marker and assisting on two of Keller's.

Centre Herb Jeffery was the other lamp-lighter.

Carl Currilo, Gino Rozzini and Larry Plante were marksmen for the visiting team.

* * *

	P	W	L	T	F	A	Pts.
Kimberley	13	7	5	1	46	53	16.7
Nelson	17	8	8	1	73	64	15.7
Spokane	14	7	7	0	60	48	14.7
Trail	13	4	10	0	56	69	7.8

Points awarded as follows, home and away respectively: Kimberley 2.1 and 2.66; Nelson 1.9 and 1.735; Trail 1.9 and 1.735; Spokane 2.1 and 2.1. (A tie shall count as one-half of a win.)

* * *

RAGGED OPENING

The first period was somewhat ragged, with most of the play being between bluelines. Leafs outskated the Flyers but failed to get many labelled shots at Spokane netminder Gerry Fodey. At the other end of the rink, Ray Mikulan turned aside most of the pucks to come his way.

Keller opened the scoring at the 7:13 mark when he drove home the puck from a maze of players in the Spokane zone. Vic Lofvendahl and Carmichael drew assists.

Flyers began to show better form late in the period and with less than two minutes to play, Curillo notched the equalizer unassisted. The Spokane drive continued into the middle frame and Gino Rozzini sent the Flyers into the lead on a play with Nadeau and Frank Kubasek near the 11-minute mark.

Leafs bounced back soon after when, with the teams playing four a side, Carmichael tied the game at 2-2 on passing play with Buddy McDonald and defenceman Don McGregor, who played another good game for the Leafs. Less than a minute later, with Rozzini and the Leafs' Garnet Schai still in the penalty box serving two-minute roughing penalties, Herb Jeffery scored on another pass from McGregor. Keller and Carmichael teamed up just over two minutes later with Keller notching his second goal.

With only two minutes gone in the third frame, Keller registered his hat-trick on a neat passing play with the flashy centreman, Jeffery.

Larry Plante closed the gap to two goals at the midway mark. The Flyers tried hard to score the equalizers but a stout Leaf defence and good goaltending by Mikulan kept them off the scoresheet further. Leafs had the Flyers hemmed in their own zone when the final buzzer sounded.

Tempers threatened to flare at times but referees George Crothers and Bill Vickers kept the game in hand, handing out 13 penalties, seven to the Leafs. Kubasek and Red Tilson of the Flyers both drew ten-minute misconducts.

Lineups:

Spokane—Goal: Fodey; defence: Luke, Plante, Hodges, McDougald; forwards: Curillo, Tilson, Rozzini, Ramsden, Nadeau, Kubasek, Johnston.

Nelson—Goal: Mikulan; defence: Lofvendahl, Gare, Schai, McGregor; forwards: R. Koehle, Carmichael, Keller, Jeffery, Kinasewich, Hyssop.

SUMMARY

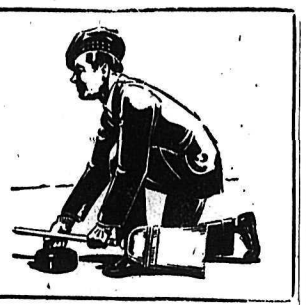
First period: 1. Nelson, Keller (Lofvendahl, Carmichael) 7:13; 2. Spokane, Curillo, 18:17. Penalties: Kubasek (10-min. misc.), Luke.

Second period: 3. Spokane, Rozzini (Nadeau, Kubasek) 11:02; 4. Nelson, Carmichael (McDonald, McGregor) 14:32; 5. Nelson, Jeffery (McGregor) 15:20; 6. Nelson, Keller (Carmichael) 17:45. Penalties: Lofvendahl, R. Koehle, McDougald, Gare, Nadeau, Rozzini, Schai.

Third period: 7. Nelson, Keller (Jeffery) 2:47; 8. Spokane, Plante (Hodges) 9:37. Penalties: Tilson (10-min. misc.), McGregor, Schai, Hodges, R. Koehle.

Behind the Glass

With MAX DES BRISAY



KIMBERLEY — Did my ears in after last week's "go" on the money Bonspiels? Well, to be k — no, they didn't. However, s get closer to home and talk ut the "B.C."!

rom our spot "Behind-the-Glass" feel that the "B.C." should con- e to draw the top notch rinks, those rinks who are going to 'Spiel for the comradeship y. (This has been the case in past.)

erience Rubs Off

he fact, that the tops are ered, is a drawing card to those ks who wish to gain the experi- e of tough competition! They have some "rub off" on them— will (they know) be better lers themselves for what they e learned.

hen, if the draw is made up the Trail draw was in 1953-54)— weaker rinks will group them- es, after the necessary primary secondary events, and, can (if y so desire) curl for the fun of — at the same time they can e home their fair share of the es.

kum!

ll of this talk that we hear ut the stronger rinks busting 'Spiel is bunkum!! All that is uired is a better publicity pro- m, so that all member clubs in B.C. Association — know that entries will get sufficient curl- (of the calibre each rink wants). We have yet to hear any other remark — at the 'Spiels and, except — "That was a swell 'Spiel! See you next year if possible!"

And the "Briar"!

There, also, has been a great deal of agitation to pull this top competition out of the 'Spiel — notably by a certain very fine coast curler and orator. We feel the Vancouver Club has not proferred to hold the "B.C." — mainly because of the drop in their revenue if they held it. This is simply a case of business, and obligation to their members to retire a certain amount of debentures each year. Understood by those to whom it has been explained.

On the other hand they would like to see this top competition, the B.C. playdowns held yearly at the Coast. They would be able to charge a small fee per head to watch the games and would break even, or lose little revenue.

Zonal Playdowns

We are all for zone playdowns, but also feel that a certain number of rinks should be allowed to qualify their entry into the Dominion Championship through the B.C. Bonspiel. As it happened in 1953-54 at Trail, when the Milt Ryalls and Reg Stone rinks did, when Northern B.C. reps did not show.

Only, and this is our point, there should be approximately 4 rinks from each Bonspiel primary qualified. Of course, this figrue should be adjusted from year to year in the light of the previous year or years' experiences.

Do I tie it in? Yes or no. Let's hear some of your viewpoints. Drop me a line care of the column.

Keep It To Yourself

Our old time friend and fine curler, "J. B." Stark now of the Toronto Telegram visited his old haunts and friends this past summer in the W.K. We met Jack and Helen in the Sliver City. Were you glad to be back in the West Kootenay, John? You should see the "Sun" in the East Kootenay!!

Sorry to hear that up and coming fine skip, Norm Bentley, is on the shelf this season. Hope your hand improves soon, Norm.

The Kimberley Shift Club has grown with the addition of 4 rinks from the fertilizer "A" shift and one from "B" shift. This makes it 12 rinks, now. Stan Nelson, John MacKenzie et al are to be warmly congratulated in getting this club going. Anyone interested can watch the curlers every Monday, Wednesday and Friday morning.

The first big "7" ender was scored on the first day of club curling in Kimberley, when, "Ex-hex" Jim Livingstone's crew pinned it on Jim McFarlane and his rink.

Hugh (Pop) Bates, spending most of his time at the rink since retirement last year, is now coaching the newer members of the Kimberley Women's Club — in the arts of the game. Nice going "Pop."

We hear Ina Hansen is taking on former teammate Isobel Leith, and a couple of more enthusiastic curlers to bring back the B. C. Women's Championship to Kimberley. Good luck! Watch out Lil.

EXPORT
CANADA'S FINEST CIGARETTE

Strikes 'n' Spares

Dot Waterer returned to the limelight in the Senior Ladies' League by capturing both the single and aggregate honors Tuesday night. She rolled a single of 288 and an aggregate of 673.

Team honors went to Speirs, with a 1029 single, and Korbin, with an aggregate of 2677.

Those hitting the 200 mark were Ethel Rogers, 226; Ruth MacKenzie, 228 and 218; Dee Anderson, 227; Lorna Speirs, 233; Maj Ines, 201; Betty Stewart, 204; Pearl Farenholtz, 200; Vivian Cook, 208; Wilma Stern, 205 and 200; Betty Wicken, 203; Jean Butler, 206; Flo Gill, 205; Elizabeth Korbin, 202; Flo Kelly, 200, and Mary McGinn, 223.

The league standing shows three teams tied for first with six points: Koehle, Wicken and Morris.

Whitey Ford Signs Yankee Contract

NEW YORK (AP) — Whitey Ford, one of New York Yankees' top pitchers, signed his 1955 contract Wednesday for what he said was a "pretty good" raise.

For the last two seasons he had been one of the club's most stubborn holdouts.

Ford won 16 and lost eight in 1954 and posted a 2.82 earned run average, best among the regular Yankee hurlers.

A Good Try, but . . .

Tiger-Cats Coach Out for New Blood

HAMILTON (CP) — Coach Carl Voyles of Hamilton Tiger-Cats Wednesday gave his team credit for a good try this year but said he is already after new blood for next season.

The Hamilton club, defending Grey Cup champions, were eliminated Nov. 20 by Montreal Alouettes.

Montreal meets Edmonton Eskimos Saturday in the Grey Cup final.

"The boys gave out with everything," he said. "They didn't win but they didn't lack much and we were never more than one completed pass away from victory."

It was the fifth season in a row Voyles led his club into the Big Four playoffs.

Voyles said Vince Mazza, all-star tackle, now in Hamilton Hospital with a spine injury, will get all the help the club can provide.

"If it requires specialists from anywhere, we'll go all the way with Vince," the coach said.

ASK ALL PLAYERS BACK

He said every member of the team will be invited back for a tryout. Defensive end Bill Quinlan and tackle Les McClelland will enter the United States armed forces but halfback Hal Waggoner and end Joe Shinn are expected back.

Voyles said he will try to get in touch with some Canadian and American college boys. He plans to talk with Steve Oneschuk, star halfback with University of Toronto and said he would be happy to acquire Oneschuk.

The meeting of Big Four teams to draft college players will be held Sunday, the day after the Grey Cup game.

Trail Curling

Draws in the Trail Curling Club for Thursday and Friday follow:

6:30 p.m.—R. H. Stone vs O. H. Gill; G. R. Balfour vs D. Sutherland; J. H. Mark vs J. D. Hartley; A. M. Chesser vs E. A. Todd; C. D. Stuart vs H. T. Beckett; J. Atwell vs E. Montpellier; T. Rice vs G. S. Ortner; A. R. Robinson vs A. A. Robb.

8:30 p.m.—T. Cumming vs H. Hargrave; J. Devito vs S. J. DelPuppo; M. Krause vs L. M. DeLong; P. F. McIntyre vs G. Morrison; J. A. Robinson vs A. B. Anderson; L. Landucci vs F. K. Fairbairn; J. D. Rae vs T. H. Weldon; R. D. Perry vs R. Bainbridge.

Friday, 6:30 p.m.—R. K. Dunlop vs W. A. Forrest; A. Crichton vs R. E. Hill; A. W. MacDonald vs S. Smillie; S. Matovich vs L. Fortin; A. Snowball vs R. P. Dockerill; A. G. McKinnon vs T. D'Amour; A. Forrest vs V. E. Ferguson; A. B. Ross vs W. L. Wood.

Pro-Rec Classes Doing Very Well

Ed Kelter, recreational director for Nelson, reported Wednesday that recreational classes this season are at a par with those held last winter.

Kelter stated over 300 youngsters were taking part and that every class but one was doing very well. He said that the senior men's class has again proved to be the difficult one, with very few showing up.

CLASSIFIED ADS GET RESULTS

Eskimos Away to Grey Cup Classic; Allouettes Favored

EDMONTON (CP) — Edmonton Eskimos leave by air today for Toronto and their Grey Cup final against Montreal Alouettes.

Their special plane, a 48-passenger Trans-Canada Air Lines North Star, is reserved each year for the champions of the Western Interprovincial Football Union on their oup trip.

The party is scheduled to leave Edmonton at 8 a.m. MST, set down for about 20 minutes in Winnipeg about two hours later and arrive in Toronto at 5:40 p.m. EST.

Two hot meals, inluding a roast-beef lunch after leaving Winnipeg, have been ordered by Eskimo coach Frank (Pop) Ivy to be served en route.

TORONTO (CP)—Montreal Alouettes are hot favorites to win the Grey Cup classic against Edmonton Eskimos here Saturday.

The Eskimos were 5 to 1 underdogs in many betting circles here Wednesday night. The bookmakers couldn't recall a Grey Cup game where the West had as poor a chance as Edmonton has against the Als.

Early in the week they quoted Montreal 2½ to 3½ favorites. That is, if you wanted to wager on Edmonton, the bookies would lay 2½ to 1. If you wanted Montreal, you'd have to give them 3½ to 1.

The odds went to 3 to 4 Tuesday. A fan had to bet 4 to 1 if he wanted Montreal or get 3 to 1 if he rode with Edmonton. Wednesday it went to 3½ to 5.

In Montreal the Alouettes remained solid 13-point favorites.

Almost all betting was being done on a point-spread basis. Bettors wishing to wager on the Als had to bet that they would win by a 13-point margin.

OPENING DINNER

TORONTO (CP)—The Grey Cup dinner, a $10-a-plate feast that attracts football fans from across Canada, will start the big Grey Cup celebration in Toronto this weekend.

At least 650 persons are expected for the dinner, held Friday night on the eve of the cup classic.

The dinner, begun five years ago by a committee of men connected with the game, will have G. Sydney Halter, commissioner of the Western interprovincial Football Union, and Frank Shaughnessy, president of the International Baseball League, as guest speakers.

Several me nwill be given plaques in recognition of their service to the game. They include Joe Ryan, former manager of Winnipeg Blue Bombers and Montreal Alouettes; Dave McCann, former coach of Ottawa Rough Riders; Dr. Andy Davies, former president of the Rough Riders and Sepi Dumoulin of Hamilton, former president of the Ontario Rugby Football Union, the Big Four Union and the WIFU.

With Stane and Besom

Thursday nights second draw will see a tie playoff and two sectional playoff games played.

In the tie playoff Ernie Ramsbottom will meet Max Sample while in the sectional playoffs Jim Leeming will play J. E. Young while Earl Hunt meets Rod Carmichael.

The section playoff will likely be completed Friday.

Rinks chosen from out of the hat for the second competition, the Sharp Cup, first named being skips followed by thirds, seconds and leads, follow:

J. Campbell, Sid Rogers, L. Wigg, D. Plumpton.

W. Defoe, E. Leeming, W. Shukin, E. Wallbank.

W. Gold, F. Ozey, R. Beaton, T. Fox.

Art Gilker, J. Strachan, W. J. Ebson, W. Joyce.

H. Hinitt, W. H. Riley, R. McIntosh, T. Thompson.

J. Leeming, S. Jeffries, J. Melville, H. Lange.

J. Milne, N. Sardich, F. E. Scott, C. J. Clark.

W. Marr, R. Edwards, A. Therrien, K. W. Dixon.

E. Ramsbottom, Mel Gee, B. Schneider, Spare.

Rangers Beat Bruins 3-1

NEW YORK (AP) — Wally Hergesheimer marked his first appearance of the season with the first goal of the game and Danny Lewicki followed with a pair as New York Rangers defeated Boston Bruins 3-1 Wednesday night in a bitter National Hockey League game.

The victory, breaking a five-game losing streak for the Rangers at home, bolstered their hold on fourth place, moving them three points ahead of the Bruins. Boston had a non-losing streak of four games.

Hergesheimer, top Ranger scorer, has been out of action since last March 11 when he suffered a broken leg against the Bruins. He scored on a solo effort at 13:35 of the first period. That broke a shutout streak of 180 minutes and 50 seconds by Bruin rookie goalie John Henderson.

Lewicki tallied his first goal at 2:12 of the second period. His second came at 4:11 of the finale.

Lorne Ferguson scored the Boston goal at 10:45 in the last period finally breaking through Johnny Bower who was subbing for the Rangers' injured Lorne Worsley, their regular goalie.

SUMMARY

First period—1, New York, Hergesheimer (Ronty, Irwin) 13:35.

Penalties—Lewicki, Labine and Howell (major), Irwin and Labine, Evans.

Second period—2, New York, Lewicki (Raleigh, Guidolin) 2:12.

Penalties—Flaman (2), Murphy.

Third period—3, New York, Lewicki (Prentice) 4:11; 4, Boston, Ferguson (Costello) 10:45.

Penalties— Irwin, Raleigh and Armstrong, Mohns and Chrystal, Mackell (major) and Chevrefils, Henry.

Cottonwood Lake Plan Waits for Springtime

If plans for Cottonwood Lake materialize, and they show every indication of doing so, then the area will develop into a family park next spring.

Bill Hepper in charge of parks and recreation sites for the Forest Service in Nelson stated Tuesday recommendations have been sent to Victoria for approval.

Although nothing can be done at this time next Spring will likely see the land developed by youth camp groups.

The park site will see picnic tables erected and a parking area for cars.

The Nelson Rod and Gun Club also plan to do a little work on the park by helping clear the logs from the lake and make it ready for fishing for the youngsters.

The game branch has also stated the lake would be stocked with fish.

Calgary Livestock

CALGARY (CP) — Facilities at the livestock yards were crowded, with 41,000 cattle and calves on offer.

Owing to unusually heavy receipts of cattle this week, yard officials have advised stock raisers to curtail deliveries during the next few days.

Good and choice butcher cattle were steady at Tuesday's levels. Plain anad in-between kinds about steady but draggy; medium butcher heifers slow to easier; cows and stocker and feeder steers steady; stock heifers slow to easier; butcherweight heifer calves steady.

Hogs gained 75 cents Tuesday at $24.75 A grade and $17.50 liveweight for export; sows up 25 cents at $14 to $14.75; good lambs $16 to $17; few tops $17.25.

Good to near choice butcher steers $19 to $20.50; common to medium $13 to $18.50.

Good to near choice butcher heifers $16.50 to $18.50; common to medium $10 to $16.

Good cows $8.50 to $9.25; common to medium $7.25 to $8.25; canners and cutters $4 to $7.

Good bulls $9.50 to $10; common to medium $8 to $9.

Good stocker and feeder steers $16 to $17.50; common to medium $10 to $15.50.

Good to choice veal calves $13 to $16; common to medium $9 to $9.50.

Market Trends

NEW YORK (AP) — The stock market reached ahead to new highs since the bull market peaks of 1929.

International Nickel, up 2⅛ following Tuesday's increase in the price of nickel, led Canadian issues higher. Distillers Seagram rose ¾, Hiram Walker ⅝, McIntyre ¼, and Canadian Pacific ⅛. Dome Mines slipped ⅛.

TORONTO (CP)—The stock market, after breaking 20-year highs in morning trade, added more strength in another direction toward the close.

The industrial index hit three successive highs and at 1 p.m. stood at 373.02, best in 20 years. Then toward the close base metals surged ahead, gaining almost two points on the day, and their index hit 155.73, highest since July, 1953.

MONTREAL (CP) — The stock market moved to higher ground in active trading.

International Nickel jumped 2¼ points and Ford 2. Algoma Steel was 1½ stronger while Asbestos improved ¾. Half-point advances were scored by Walker and McColl-Frontenac.

LONDON (Reuters) — The stock market remained selective, unaffected by the fresh advance on Wall Street.

Government securities continued dull with little disposition to enter the market until the government's loan intentions are known. Foreign bonds were mixed.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

H A R Q R W Q R B Y E R Y H A R Q, H A W H
W O O Y X D H G J P R W D T O A J C T Q R D
S X H W B S J C C B Y P O A W Q L R B—S W O Y D.

PUBLIC NOTICES

PUBLIC NOTICE

THE CORPORATION OF THE CITY OF NELSON

MUNICIPAL ELECTIONS

PUBLIC NOTICE is hereby given to the electors of the Municipality of the City of Nelson that I require the presence of the said electors at the City Clerk's Office, City Hall, 501 Front St., Nelson, B. C., on Thursday, the 2nd day of December, 1954, at ten o'clock, a.m. for the purpose of electing persons to represent them as Aldermen and Police Commissioner for the City of Nelson, and School Trustees for the City Area of Nelson School District No. 7.

The mode of nomination shall be as follows:

The Candidates shall be nominated in writing, the writing shall be subscribed by two electors of the Municipality as Proposer and Seconder, and shall be delivered to the Returning Officer at any time between the date of this notice and twelve noon of the day of nomination, the said writing may be in the form numbered 3 in the schedule of the "Municipal Elections Act," and shall state the names, residence and occupation or description of each person proposed, in such manner as sufficiently to identify such candidate, and in the event of a poll being necessary, such poll shall be opened Thursday, the 9th day of December, 1954, from 8 o'clock, a.m. to 8 o'clock, p.m. in the Badminton Hall of the Civic Centre, 719 Vernon Street, Nelson, B. C., of which every person is hereby required to take notice and govern himself accordingly.

Given under my hand at the City Hall, Nelson, B. C., this 25th day of November, A.D. 1954.

C. W. R. HARPER,
Returning Officer.

NOTE:
(Representatives to be elected):
3 Aldermen for two years.
3 School Trustees for two years.
1 School Trustee for one year.
1 Police Commissioner for two years

TENDERS ASKED

Bids will be received at the office of the City Clerk, City of Nelson up to Tuesday, 12:00 noon, Nov. 30, 1954 for the demolition and purchase of the City gasholder only, situated at the City Gasworks on Railway St. All metal must be removed from the installation. Demolition of concrete foundations will not be required. Interested persons are asked to contact the Gasworks Supt. regarding methods of demolition and the successful bidder must be prepared to commence demolition within one week of notification of tender acceptance and must have the site cleared by January 31, 1955 to the satisfaction of the Gasworks Supt.

C. W. R. Harper, City Clerk.

CORPORATION OF THE VILLAGE OF NEW DENVER

Canners' Strike In 2nd Month

VANCOUVER (CP) — Strike of United Packinghouse Workers' Union (CCL-CIO) at five B. C. plants of Canadian Canners (Western) Ltd., went into its second month Wednesday with a charge by a union leader that the company is "strike-breaking."

Bill Symington, union representative for B. C., claimed the company is shipping canned goods into B. C. from its non-union plants in Manitoba and Ontario in an effort to break the walkout.

CHARGE DENIED

The charge was immediately denied by a company official who said the firm normally brings in canned products from eastern plants and is not asking for extra shipments because of the strike.

Meanwhile, there is no sign of settlement in the 28-day walkout to back up the union's wage and fringe benefit demands.

The union is striking at Canadian Canners' plants in Vancouver, Mission, Penticton, Kelowna and Ashcroft. About 500 workers are involved.

The union seeks a 25-cent hourly pay boost and adjustment of hours during the peak of the canning season.

Canadian Mayors To Meet In Edmonton

OTTAWA (CP) — The 1955 general meeting of the Canadian Federation of Mayors and Municipalities will be held Aug. 28 in Edmonton the federation executive decided at a meeting here Wednesday.

The national executive, headed by Mayor Don Mackay of Calgary, president, is putting the finishing touches to a brief it will present to the federal cabinet Friday. It will consist largely of recommendations made at the September general meeting in Windsor, Ont.

Deposits, Loans At New Highs

Revealing the highest capital figures in Canadian banking history, the 137th anual financial report of the Bank of Montreal shows record levels for deposits and loans, with resources at a new high for the bank at $2,548,508,239. The report, covering the year ending October 31, was released this week by Archie Burnie, Bank of Montreal manager at Nelson.

The bank's paid-up capital, which for many years stood at $36,000,000, is now shown at $43,927,912, following the recent offering of new B of M stock, while the rest account stands at $87,855,824. When the new issue of stock is completed, the figures will reach $45,000,000 and $90,000,000 respectively — a total in shareholders' funds, exclusive of undivided profits, of $135,000,000—the highest figure for any of the chartered banks.

Beyond this increase in the bank's capital position, the most notable change in the balance-sheet figures is the enlargement of $139 million in deposits, which stand at $2,365 million, compared with $2,226 million a year ago.

Increases occurred in the holdings of government and other securities, now totalling $1,170 million, as ompared with $982 million in 1953. These holding comprise the largest part of the bank's liquid resources totalling $1,694,056,000, which equal 70.17 per cent of the bank's public liabilities.

"Commercial and other loans" are up from $787 million to $794 million, while call loans at $97 million compare with $70 million a year ago. A new item in the statement this year is "Mortgages and hypothecs insured under the National Housing Act, 1954" at $10,880,652.

The statement of earnings shows that, after provision was made for income taxes of $6,925,000, net profits amounted to $7,334,274, compared with $7,042,676 in 1953.

Divident payments to shareholders were $5,436,395 — about a million and a half less than the bank's tax bill — and represented the same rate of return as in 1953.

Electric Workers' Request Refused

VANCOUVER (CP) — Aldermen held firm to their decision refusing a demand by city electric workers and Ald. Birt Showler warned that a strike is unavoidable if the stand is continued.

Demand that payment be made for a statutory holiday which falls on a day not ordinarily a work day is being made by the International Brotherhood of Electrical Workers, representing 37 city-employed men.

The men do maintenance work on the fire alarm system, traffic lights and street lights.

Union business agent George Gee said a strike vote had been taken among the men, but disclosed no further details of it.

"No Patronage" Ban Considered, Coast

VANCOUVER (CP)—The possibility of putting a "no patronage" ban on five hotel beer parlors which allegedly refused to serve groups of mixed colored and white persons was being considered Wednesday by the Vancouver Labor Council.

Decision to discuss the ban at its next meeting was made by the council Tuesday night following a report on a survey made by the University of B. C.'s Civil Liberties Union, and a complaint by an East Indian research assistant at the university.

The UBC group said waiters in five beer parlors where service was refused mixed parties said it was the policy of the hotel.

Ather Ali, the research assistant, said he was refused service while with a party of white friends.

Soliciting Jars London Visitors

LONDON (AP)—A leading figure in Britain's tourist industry said Wednesday that prostitutes parading London streets disgust visitors from abroad and give the metropolis an unsavory aspect "without parallel in the Western world."

The charge was made by James Maxwell, chairman of the Association of British Travel Agents, at the opening of the association's annual convention.

A government committee is investigating vice conditions with an eye to giving the police more powers to combat prostitution. Maxwell expressed the hope that the committee will suggest "an effecutal remedy to deal with this grave problem" before it is too late.

Maxwell said many important visitors have commented to him "in most uncomplimentary terms" about the problem. He added:

"It is almost impossible for visitors to walk in the main thoroughfares of the West End at night without being accosted, or, at any rate, being brought face to face every few yards with the aggressive soliciting of street walkers, operating especially in the neighborhoods of leading hotels."

Ottawa's Monthly Payroll Higher

OTTAWA (CP) — Strength of the federal government service in August exceeded 185,000 workers with a monthly payroll of more than $48,000,000.

The bureau of statistics reported Wednesday that classified civil servants totalled 139,696, up from 139,475 in July and 131,835 in August last year. Their earnings rose to $35,912,345 in August from $35,861,032 in July and $31,334,757 in August, 1953.

Prevailing rate employees, casual employees and ships' crews numbered 45,476 in August compared with 43,166 in July and 40,166 a year earlier. Their earnings advanced to $8,879,743 from $8,751,131 in the preceding month and $7,716,631 in August, 1953.

Women were admitted to the faculty of arts at McGill University in 1884.

Labor Against Expelling Rebels

LONDON (Reuters) — Britain's Labor party Wednesday decided against expelling seven parliamentary members who defied party leader Clement Attlee's orders on the German rearmament issue.

The party's 28-member national executive board voted that no further action should be taken against the seven Socialists. Tuesday night they were banned from participating in the party's parliamentary organization.

That means they will not be invited to strategy meetings of Labor members of Parliament, nor be consulted in any way about the party's parliamentary activities.

Six of the seven "rebels" voted against ratification of the Paris treaties to rearm West Germany. The seventh voted in favor of ratification. Attlee had ordered all Labor members to abstain.

Arrest Over 125 Hot-Rod Drivers

COMPTON, Calif. (AP) — More than 125 youths from 15 to 21 years old were arrested and their "souped up" cars impounded early Wednesday as police squads sought to break up illegal and dangerous hot-rod racing on a divided highway here.

Some 60 officers in 16 patrol cars converged in a mass raid on the racing strip.

Several of the hopped up autos took off across bumpy fields, with police cars roaring in pursuit. Races up to 80 miles an hour developed.

All the youngsters, including four girls, were booked on suspicion of engaging in an illegal speed contest and abbetting such a contest.

Previously, when officers had tried to crack down on the hot-rod racing, the cut-down cars had managed to elude officers because only one or two police cars were involved.

Coast Defence Guns for NATO

VICTORIA (CP) — Modern progress has finally caught up with three mammoth artillery pieces, two of which have been providing protection for the entrance of the Strait of Juan de Fuca for almost 50 years.

It was reported here that the 9.2 calibre guns, installed in the early 1900's and never fired in anger, are to be sent to Europe.

In their long history the guns never did anything more hostile than arouse the ire of Greater Victoria homeowners by cracking plaster and smashing windows.

The three installations, said to have cost $1,000,000 each in 1938 when moved to Albert Head, 20 miles west of here, are being dismantled to be sent to Europe under the North Atlantic Treaty Organization's mutual aid program.

Army spokesman said the guns are no longer of use to the Pacific defence system.

The guns are powerful enough to lob a 385-pound shell onto the American shore 20 milse across the Strait of Juan de Fuca.

COAST POLICE INVESTIGATE REPORT

VANCOUVER (CP) — Police Wednesday were investigating a report by Lorne Mitchell, 26, who said that he was beaten up and thrown into False Creek here last night.

Mitchell staggered into the city police station and said he had been picked up by two men, driven to the vicinity of the B. C. Electric gas plant, attacked, and then thrown into the water.

He collapsed in the detectives office and was revived by a fire department inhalator squad and taken to hospital for further treatment.

The attack victim said he was not robbed.

Announce Dividend

VANCOUVER (CP) — MacMillan and Bloedel Limited Wednesday declared a dividend of 12.5 cents on class A shares and 20 cents on class B shares for the quarter ending Dec. 31, 1954. The dividend is payable Dec. 31 to shareholders on record Dec. 10.

No Post Office in "Heaven" This Year

LOY, Germany (Reuters) — Postal authorities Tuesday decided against reopening their branch office in "Heaven."

For several years, the tiny suburb of Himmel (Heaven) here has received letters addressed to Santa Claus. The branch post office is operated only at Christmas time by arrangement with a business man who tries to meet some of the children's requests.

The business man also founded a service enabling people to send their Christmas cards through the branch office so that they bear a "Heaven" mark.

But the post ministry announced it will not support the project this year because of protests from church authorities.

Armed Man Robs Truck Driveer

VANCOUVER (CP)—A city coal truck driver was robbed of $528 early Wednesday morning by an armed man who threatened to blow him "to pieces".

Victim of a lone gunman with a nickel-plated revolver was Fred Robertson. An unidentified friend was with him.

Robertson told police the man came up behind them as they were walking through a lane near the 300 block, Carral Street, and told him: "Give me your purse or I will blow you to pieces."

The man turned and fled down the darkened lane after Robertson handed over the money, part his and part belonging to the company.

Neither man could see the man clearly in the dark alley, but police describe him as about five feet, ten inches, and between 25 and 35 years old.

PARAGUAY JOINS UNESCO

PARIS (Reuters) — Paraguay has joined the United Nations educational, scientific and cultural organization, bringing the number of member countries to 73, UNESCO announced here Tuesday night.

Church Council Backs Mulligan

VANCOUVER (CP) — The Vancouver Council of Churches has expressed full confidence in Police Chief Walter Mulligan.

The council adopted a resolution saying "our relationship and dealings with Chief Mulligan have always been such as to inspire every confidence in the man personally and officially."

The council also said it "regards with grave concern recent action by sections of the press and certain members of the city council in voicing violent criticism of the Vancouver chief of police, substance for which criticism either does not exist or has been withheld."

The church resolution was forwarded to city council.

PHONY LOVE NESTS BRINGS ARRESTS

OTTAWA (CP) — Two Montreal private detectives, convicted of an attempt to set up a phony love nest to gather evidence for a divorce case, were sentenced Wednesday to 15 months.

Maurice Pichette, 36, an Paul Santerre, 35, were charged with attempting to fabricate evidence and operating as private detectives in Ontario without a licence. They pleaded guilty only to the latter charge, on which they were fined $200 apiece.

They were arrested after police alleged they installed a 25-year-old Ottawa waitress in a hotel room here and then attempted to arrange a rendezvous between her and a city man. But the intended victim became suspicious and police kept the rendezvous instead. The waitress was fined $50.

Crown attorney Raoul Mercier said the Ottawa man might have been trapped for alimony payments for the rest of his life.

STAPLE DIET

Rie, fish vegetables and plenty of fruit form the average diet in Thailand, old Siam.
