Vol. 51 — NELSON, B. C., CANADA—WEDNESDAY MORNING, JANUARY 14, 1953 — No. 214

New Budget May Be $144 Million

"Pay as You Go" Policy Holds Budget Down to Last Year's Level

VANCOUVER (CP)—The Vancouver Sun said Tuesday in a newspage story that British Columbia's Social Credit government is planning a 1953-54 budget of no more than $144,000,000.

This budget would be about the same as the Liberal government's last year and the first in post-war years which hasn't risen by at least $12,000,000 over the preceding year.

The Social Credit party was elected on a "pay as you go" policy. Since then, cabinet ministers have ordered their departments "to cut out the frills." Examples have been fewer government cars and reduced staffs in some departments, such as the hospital insurance service.

Previous reports have said the government would increase revenue by a resources tax on logging and mining companies.

The Sun said government leaders "won't talk about the plan because they don't want to discourage investment in B.C."

Meanwhile, the Vancouver Province in a newspage story estimated revenues of $150,000,000 in the year ending March 31. Total revenues in 1940 were $32,826,000.

Last year, the then premier Byron Johnson estimated revenues for the current fiscal year at $141,900,000. In the last five years, actual revenues have exceded estimates by an average of $10,300,000 a year.

The breakdown for the main sources of revenue: sales tax, $31,500,000; gasoline tax, $14,300,000; motor licences, $8,275,000; liquor, $18,300,000; tax rental agreement with Ottawa, $40,000,000.

The story estimated a "substantial" surplus of revenues over expenditures. In the seven post-war years the surplus has averaged $6,400,000 yearly.

TEN NOMINATED TO LABOR BOARD

VANCOUVER (CP) — Members of the new part-time B.C. labor relations board will be chosen this week from 10 representatives of labor and business nominated by their respective organizations.

Labor, as represented by B.C. Federation of Labor CCL and the provincial executive of the Trades Union Congress TLC has nominated nine to the labor board. Three business men have been nominated by the Canadian Manufacturers Association, B.C. division.

Nominated by the TLC are: Tom Duilop, Jim Barton, Jack Stevenson and Everett King; CCL: George Home, Gilbert Schofield and Lawrence Vandale; Canadian Manufacturers Association: F. W. Smelts, J. C. Munro and F. A. Hammitt.

Stages One-Man War Over Potatoes

VANCOUVER (CP) — Lorne Dainard, a storekeeper in nearby Surrey, says he plans to give away a ton of potatoes in his one-man campaign against the provincial vegetable marketing board.

The marketing board recently seized 300 sacks of Dainard's spuds because the sacks were not tagged in accordance with board regulations.

Dainard contends board regulations keep prices to consumers higher than necessary. "In rolling up a strong support from consumers everywhere in my fight against marketing board policies and I'm going to see this thing through even if they put me behind bars," he said Tuesday.

STUDENT TAKES OVERDOSE OF DRUGS

MEXICO CITY (Reuetrs) — A 19-year-old girl medical student, who slept for 216 hours from an over-dose of drugs taken because she was unable to sleep after cramming for her examinations, awakened Tuesday in hospital. Inez Abrego Franco was brought to the hospital Jan. 4, after her parents found her unconscious.

SEARCH PARTY AT CRASH SCENE

Bodies, Bits of Bodies Scattered On Mountain Ridge

FISH HAVEN, Idaho (AP)—The first search party to reach the desolate mountain ridge where a C-46 carrying Korean war veterans to their homes crashed, found only parts of bodies and bits of clothing in the shredded wreckage.

Deep snow covered the icy tombs of the 37 veterans and three crew members.

"There are bodies all over," said Air Force Capt. E. W. Morris, who directed Tuesday's grim operation. "An arm, a leg, a piece here and a piece there. You would have to dig all the snow off the mountainside to get the bodies out."

The ground crew rode three snow vehicles to the wreckage, which was spotted Monday on the heavily-wooded mountain seven miles West of here.

The big transport lumbered out of the pre-dawn mist last Wednesday, travelling almost in the opposite direction from its scheduled course between Seattle and Fort Jackson, S.C.

Shearing off trees at heights ranging from 80 to 100 feet, the plane smashed into a ridge at about 8700 to 8800 feet. It cartwheeled, and literally disintegrated, before it bounced to a stop near another ridge about 200 feet below.

Parts of the bodies were still covered by khaki uniforms. Also found were pieces of clothing, boots and a pair of women's red shoes. Dorothy Davis, 21, San Antonio, Tex., was the plane's stewardess.

Federal-Provincial Commission Asked

QUEBEC (CP)—Premier Duplessis has proposed the setting up of a royal commission to inquire into federal-provincial relations.

In a bill given first reading Tuesday by the legislative assembly, Quebec's Union National government proposes to set up the commission to study:

"1. The problem of the distribution of taxes between the central power, the provinces, municipalities and school corporations.

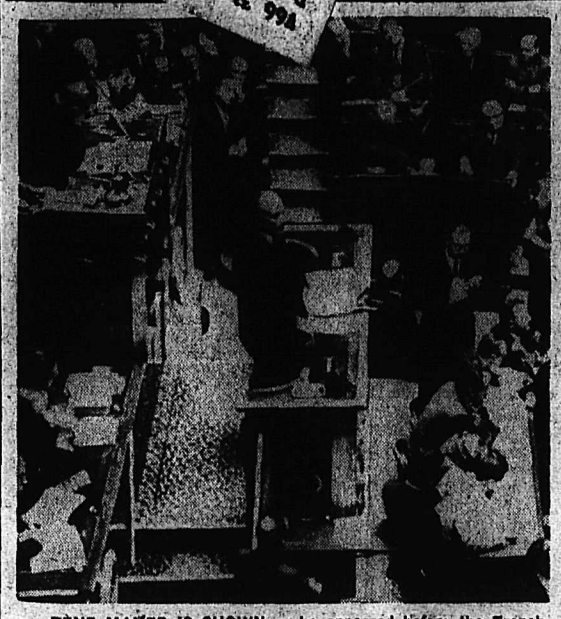
"2. Encroachments by the central power in the field of direct taxation . . . in matters of income and corporation tax and succession duties.

"3. The repercussions and results of such encroachments in the legislative and administrative regime of the province and in the collective, domestic and individual life of its people.

"4. Constitutional problems of a legislative and financial nature in general."

The proposed inquiry is another step in Premier Dulpessis' fight against what he has repeatedly called "invasion of provincial rights by Ottawa."

Quebec is the only province which has not signed a taxation agreement with the federal government. Under these agreements, the provinces agree to suspend taxation in certain fields in return for federal subsidies.



RENE MAYER IS SHOWN as he appeared before the French National Assembly in Paris to seek confirmation as premier and to present a program that would cut military and civilian expenditures for 1953. He was confirmed by a vote of 389 to 205, thus ending a 15-day government crisis and becoming the 18th French premier since the end of World War II.—Central Press Canadian.

Bowness May Expect Flood if Cold Persists

CALGARY (CP)—The Bow River flood threat to the city of Calgary is believed over. But the town of Bowness, eight miles West, can expect flooding in two or three days if the weather continues cold.

That was the word Tuesday from Calgary's public works commissioner after the ice-choked Bow spilled its banks Monday night, forcing 26 persons to flee their low-lying homes West of the city limits.

It was good news for Calgary, which saw 3000 residents forced out of their downtown-area homes by a Winter flood in 1950. The last two Winters haven't been pear as bad.

The head of the ice pack on the river is moving farther upstream daily, away from Calgary's limits but posing a threat to Bowness, which last Winter suffered one of its worst floods. Some 30 families had to be evacuated in the wake of icy flood waters and damage was estimated at $100,000.

Like the floods of previous years, the one which inundated the Lowery Gardens district occurred in sub-zero weather. It was 16 below zero when the Bow rose seven feet in less than two hours to send three feet of water cascading over the "shack town" district, a peninsula jutting out from the South bank of the river three miles West of Calgary's city limits.

Nine evacuees, some of them babies wrapped in blankets, were carried to safety by firemen in a rowboat. Police and volunteers helped the others to wade to safety. Even household pets were rescued.

The Lowery Gardens district is flooded almost every year. Because of the threat, Calgary's City Council has attempted to have the area vacated. But the land is privately-owned and rents are cheaper than in the city, so up to 17 families have stayed put despite threat of the yearly ordeal.

POWER DEMAND

The heavy demand for power that always occurs in Calgary when industry starts up on a Monday called forth a larger flow of water from the Ghost River power dam in the foothills to the West of the city. This, coupled with the severe cold which speeds up building of ice packs, prevented the Bow from staying inside its normal channel.

A provincial royal commission on Bow flooding last year recommended construction of an ice trap at Bearspaw dam 10 miles West of Calgary to alleviate ice jamming and flooding. The ice trap will not be completed until later this year.

ISLAND'S PEOPLE ALL IN BED WITH 'FLU

STOCKHOLM (Reuters) — The 83 inhabitants of Ek Island, off the south coast of Sweden, all were in bed today. They all had influenza. A flu epidemic has been raging in south and west Sweden for the last two weeks.

U.S. AWARDS CONTRACT TO GERMAN FIRMS

WIESBADEN, Gemrany (AP) — The U.S. Air Force has awarded contracts totalling $210,000 to German firms to build rocket adapter asesmblies and igniters for its jet planes. The rocket launchers will be installed on jets here for practice firing.

Little Faith in Women's Reasoning

TORONTO (CP)—The prospect of women jurors apparently hasn't done much for the morale of Toronto's crown prosecutors, and they're determined to use every legal advantage to keep them out of the courtroom.

"Even if they do arrive at the right verdict," said one crown attorney, "it is by a process foreign to a man. They might decide an accused looks like a 'nice boy' or another one looks like a thug."

ASK CABINET TO ALLOW HOSPITAL BUDGET INCREASE

VICTORIA (CP) — The 3000-member Hospital Employees Federal Union today asked the provincial cabinet to allow hospitals to increase their budgets when wage increases are granted through negotiations or arbitration.

W. J. Black, union business agent, said 11 hospitals had already signed contracts granting wage increases and eight others were being negotiated when the government brought in its order freezing hospital budgets to 1952 level.

Mr. Black said the freeze order denied bargaining rights to hospital employees.

These rights "will be effectively denied hospital employees unless the present instructions are withdrawn or modified to enable hospital boards to secure additional funds, if and when the legal processes of negotiations result in awards of increased wages.

Coldwell Discharged From Ottawa Hospital

OTTAWA (CP) — M. J. Coldwell, CCF leader, Tuesday was discharged from Ottawa Civic Hospital where he has been recovering for the last two weeks from an operation. He is expected to resume his political duties in about two weeks. Meanwhile, Angus MacInnis (CCF-Vancouver East) has been leading the CCF in Parliament.

LEAVE FOR AIR DUTY

OTTAWA (CP) — Seventy-one RCAF personnel are scheduled to leave this month by sea for duty with RCAF units in Europe. The men will serve with the RCAF's air division with headquarters in Metz, France.

POUND STERLING OFF

MONTREAL (CP) — The U.S. dollar today closed at a discount of 2 27-32 per cent in terms of Canadian funds, off 1-16. Pound sterling $2.73 3-16, down 1-16.

Commission Recommends Cocktail Lounges, "Taverns"

Old-Style Beer Parlors on Way Out; Better Hotels Main Liquor Outlets

VANCOUVER (CP)—The old-style hotel beer parlors may be on their way out in British Columbia.

The Vancouver Province in a newspage story Tuesday said B.C.'s three-man liquor commission has recommended all existing hotel beer parlor licences be cancelled and only a limited number be re-issued under improved conditions.

The Province says the present law demanding rooms in the same building as beer parlors will be thrown out, permitting a modified form of "tavern" in B.C.

Under the recommendation the new beer parlors will have to meet rigid standards, including the service of light lunches, music but not floor shows, and maintenance of high standards of ownership and services.

Other commission recommendations reported by the Province:

Some form of local option to decide on neighborhood liquor outlets.

Cocktail lounges—carefully limited in number and mostly in hotels. Hotels to be divided into two classifications.

Alcoholic beverages with meals in a few "high class" restaurants.

Prohibition of brewers' loans to hotel outlets.

All-night liquor stores.

Prohibition of sale of liquor in auto courts.

The commission's recommendations were turned into Attorney-General Robert Bonner Dec. 31. Mr. Bonner would not disclose the contents of the report, but he is expected to release it Friday.

The Province says: "Hotels will be the main purveyors of liquor by the glass."

TWO CLASSES

They will likely be divided into two classes: Class A hotels, those with 80 per cent or more of their trade transient; and class B, those with 50 per cent or more transient trade.

Class A hotels would be permitted to have cocktail lounges, beer parlors and serve liquor with meals.

Class B hotels would be somewhat restricted.

"This would mean that better hotels throughout the province will become the main outlets for liquor. In most interior centres they will be the only outlets."

The provision prohibiting brewers' loans to hotels follows disclosures during commission hearings that B.C. brewers had lent almost $1,000,000 to hotels.

Other recommendations included:

A three-man liquor commission to replace the present one-man board.

Local option for ridings—Chilliwack, North and South Okanagan and Salmon Arm — that rejected liquor by the glass in the June election plebiscite.

Premier W. A. C. Bennett appointed the three-man commission last September after a sizeable majority of voters approved liquor by the glass.

Seguin Committed For Trial Tuesday

WILLIAMS LAKE, B.C. (CP)—Henry Seguin, 34-year-old murder suspect, was committed for trial Tuesday on a series of charges laid following an attempted bank hold-up here Dec. 16.

He is wanted in Ontario to face a murder charge in the Aug. 18 slaying of taxi owner Leonard Hurd at Maxville, Ont. Hurd was killed during a hold-up.

Moscow Demands Quick Death For Nine Doctors

By EDDY GILMORE

MOSCOW (AP) — Soviet newspapers are demanding a swift trial and execution for nine doctors charged with killing two Russian leaders and trying to kill others. The government said most of the nine in the "terrorist group" were tied up with a Jewish organization and linked with British and U.S. spying.

An official announcement—broadcast and discussed all over the Soviet Union Tuesday — said the doctors admitted ending the lives of Andrei Zhdanov and Alexander Scherbakov through faulty treatment of heart ailments.

Zhdanov, a leading politburo member, died four years ago at 52. Sherbakov died seven years ago at 44. He was head of the army's political administration.

The official accusation said the nine doctors tried to weaken Soviet defences by treating three marshals, a general of the army and an admiral so that they would eventually die. Others not named also were declared marked for death.

MacIntosh Quits Labor Board

VICTORIA (CP)—Lt.-Col. Macgregor MacIntosh today announced he had withdrawn from the labor relations board.

"I told the labor minister I wanted no part of the board under its present setup," he said. "I do not believe it is favorable to industrial harmony in British Columbia."

Col. MacIntosh joined the board in January, 1948, at its inception. He was one of three candidates chosen by the Industrial Association of B.C. for the new part-time board.

MAU MAU TRIAL TO CONTINUE

KAPENGURIA, Kenya (CP) — The prosecution completed its case Tuesday against Jomo (Burning Spear) Kenyatta and five other Africans charged with directing the anti-white Mau Mau terror cult. The trial, which began six weeks ago, is expected to move into its defence phrase today with D. N. Pritt countering charges that Kenyatta led savage Mau Mau initiation rituals.

CREW OF ELEVEN DEAD IN CRASH

4-Engined Plane Crashes in Marshy Field

OROVILLE, Calif. (AP)—A B-29 crashed Tuesday 12 miles West of Gridley, Southwest of here, and officials said there were no survivors among the crew of about 11 men.

The big four-engined plane appeared in trouble about a mile from the marshy field into which it plunged.

The ship went into a dive and crashed into a semi-flooded area. There was an explosion and flames enveloped the wreckage.

Much of the surrounding land is covered by water and the wreck scene was accessible only by jeep and by waders.

Australian Radio Set Revolutionizes War Communications

CANBERRA (Reuters)—Australia has developed and is putting into production a new radio set which will revolutionize field communications during war, Supply Minister Howard Beale said Tuesday.

The new set weighs 17 pounds compared with the 34-pound sets now in use. It could establish contact with base in 50 seconds compared with 10 minutes now.

He said it can be carried in two pouches on a signaller's belt and its batteries are half the weight and twice as powerful as those of present sets.

The set is being considered for use by all Commonwealth armies, the British War Office in London said today.

Brodie Boys Near First Month's End

CHICAGO (AP) — The Brodie Siamese twins are nearing the end of their first month as separate individuals, but their chance for survival still is a big medical question mark.

Rodney Dee, the stronger, is responding well after two plastic procedures to build a skin cover over his exposed brain. However, about a quarter of his brain top still is bare and he will remain on the critical list until it is completely covered, and the danger of infection is removed.

Roger Lee has been unconscious since the 15-month-old head-joined twins were separated Dec. 17. Doctors are amazed that he continues to live.

Doctors found only one membranous brain cover and one main brain drainage vein serving both twins and they gave them to Rodney in the separation operation because he was the stronger.

Roger's entire brain top is unprotected by living tissue, but a plastic cap is serving as a substitute.

2-Hour Question Gets Short Reply

VANCOUVER (CP) — A lawyer took two hours and 17 minutes to ask a question of a witness in a case which ended Tuesday after an 11-day run in Supreme Court.

The witness answered in 12 words.

T. G. Orris, QC, counsel for the Royal Trust Company in its suit against Montreal engineer Alfred Diamant, put a hypothetical question to Dr. R. B. Whitman, a psychiatrist.

The question concerned the mental condition of 81-year-old Mrs. Annette Diamant, late mother of the defendant. Dr. Whitman replied: "I am of the opinion she was suffering from a senile dementia."

Royal Trust is suing Diamant for possession of two parcels said to have contained more than $21,000 worth of his late mother's jewelry and silverware. The company contends Mrs. Diamant was not aware of what she was doing when she signed over power-of-attorney to her son.

Mr. Justice Norman Whittaker reserved judgment.

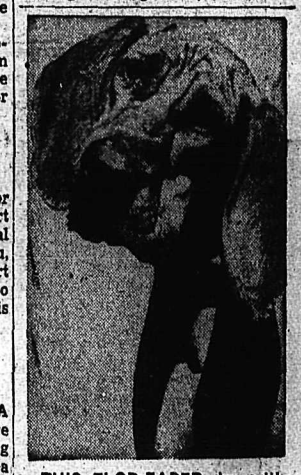
MP to Run Again

VANCOUVER (CP) — Angus MacInnis, CCF member of parliament for Vancouver-East, said Tuesday he will run again but this time in the new riding of Vancouver-Kingsway.

Arnold Webster, high school principal, will probably be the CCF candidate in MacInnis' present constituency. Nomination meetings in both ridings will be held Friday.

CANADIAN DOLLAR UP

NEW YORK (CP) — The Canadian dollar was 1-16 cent higher at a premium of 2 15-16 per cent in terms of U.S. funds Tuesday. Pound sterling unchanged at $2.81 3-16.



THIS FLOP-EARED dog with the wise look in his eyes is something entirely new in the canine world. Dan Moore, Tucson, Ariz., dog trainer, crossed bloodhounds with foxhounds and developed a breed with noses sufficiently keen to follow an old trail across even the most arid of deserts. The new strain, unnamed as yet, is said to have the best qualities of the foxhound and the bloodhound.
—Central Press Canadian.

EMPEROR BARRED FROM BROTHER'S FUNERAL

TOKYO (Reuters) — Emperor Hirohito, who was barred by court officials from attending the funeral of his brother, Prince Chicibu, visited the grave Tuesday. Court etiquette allows the Emperor to attend only the funeral of his mother and grandmother.

FIRE LEAVES 4000 HOMELESS

HONG KONG (Reuters) — A blaze ripped like a bush fire through 800 wooden huts in Hong Kong's crowded squatters' area Tuesday night, leaving 4000 Chinese homeless.

VANCOUVER (CP) — James Gordon, 14-year-old school boy, had a busy month.

In city police court Tuesday he tersely admitted he burglarized six homes and stole 10 cars during December. He was remanded a week for sentence.

Claxton Says Defence Department Following Currie Suggestions

OTTAWA (CP) — Defence Minister Claxton says the defence department has done or is doing most of the things the Currie report recommended, and pledges that there will be no scapegoats as result of its findings.

In delivering the government's main rebuttal to the spectacular report, he disclosed Tuesday that the RCMP have been put to work to investigate how the CCF got hold of an advance copy, and said this action has the approval of George S. Currie, the Montreal accountant who signed the report.

The minister was given prolonged acclaim by Liberal members both before and after his hour-long speech.

Mr. Claxton made these points in replying to statements in the Currie report itself:

1. He is responsible for the three armed forces and I have no intention of trying to dodge that responsibility . . . There has not been and there will not be any effort made to find a scapegoat. When we found there had been wrongdoing, we laid prosecutions. When it appeared there had been grave irregularities, I appointed Mr. Currie to investigate the cases and to suggest some means to prevent recurrence."

2. In any operation of the size of the defence effort, there were bound to be mistakes, thefts, fires and frauds. Every effort was made to crack down on wrongdoing. If he had been over-enthusiastic in defence of the forces, it was because of his admiration for them.

3. The Petawawa irregularities cost about $50,000 but most of the materials stolen were recovered. Mr. Currie had not uncovered those irregularities — the RCMP did — and he had not found any others in his examination of the works services.

4. The main cause of what happened — he would not agree with the term "breakdown" — in the works services was the big expansion and the fact skilled men could not be obtained. The service now was short 1700 civilian and 250 military personnel. Until these people were available, the situation could not be completely rectified, but every effort was being made to get them. This shortage had prevented full implementation of a new accounting system which Mr. Currie had approved.

5. Of Mr. Currie's 44 recommendations for strengthening the existing set-up, 27 were being put into effect before the report was received. Four more were urgent and would be introduced as soon as manpower was available. Others needed further consideration or were not considered advisable.

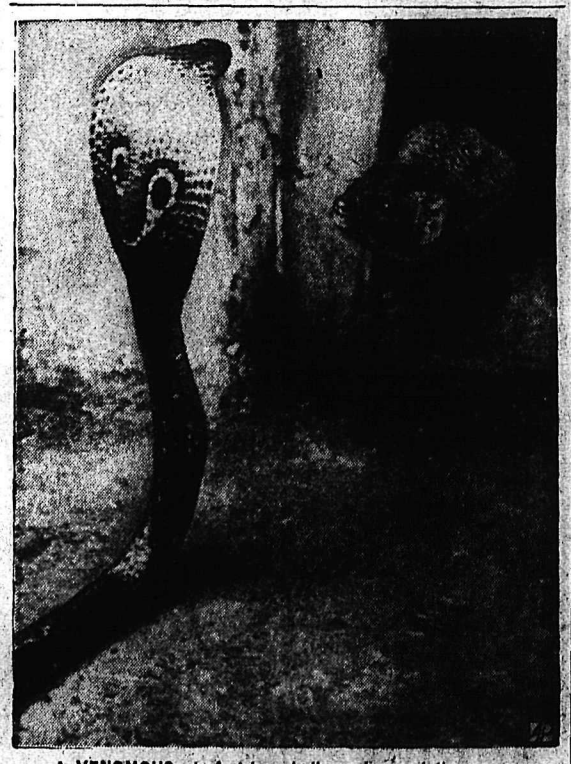
6. The department itself—along with other government agencies — was making a survey of the works services manpower situation when the Currie investigation started. This investigation was suspended at that time.

7. The department's chief auditor reported in March — before the Currie investigation began — that the new accounting system for the works service was good but skilled men to run it were so short that even tradesmen and laborers were doing accounting and stores duties. But the auditor had said corrective measures were in train and all possible was being done to remedy the adverse conditions."

8. Many of Mr. Currie's recommendations for tighter security regulations had been put into effect, but the costs of full security measures were often "out of all proportion" to what they achieved. Capital costs for adequate security measures in the works service alone would run to $1,774,000 and it would cost another $1,106,000 a year to maintain them. And none of the Petawawa losses was due to lack of security.

9. It was the defence minister who suggested that a draft of the Currie report be submitted to the defence department to be checked purely for factual errors before it was completed. Mr. Currie agreed to this, although there was some disinclination on his part at first. Some changes arose from this.

10. Opposition suggestions that this was wrong "arise from a misconception of what Mr. Currie was asked to do . . . He was not carrying on a criminal investigation . . . not investigating the department of national defence and he was not investigating the minister of national defence."



A VENOMOUS, six-foot-long Indian cobra and tiny mongoose size one another up before their battle to the death in the Shimshapura area of Mysore State, India. The battle was extremely short. In a split, unguarded second, the mongoose rushed from the doorway and delivered a fatal spinal bite on its traditional enemy.

And in This Corner . . .

BERLIN (AP)—Communist "self-criticism" has got around to ladies' hats on sale in the state stores.

The East Berlin National Zeitung Tuesday singled out the Proskauer Street store and declared its hats, as well as the gowns and coats, "appear to have been modelled after hte 19th century." Besides being ugly and out of date, the newspaper declared editorially, their prices are too high.

SHERIDAN, Ind. (AP)—Sixteen employees of a local factory can clip their boss for $1600 if they don't smoke.

Ken Biddle, non-smoker and owner of the plant, last month offered the smokers among his 90 employees $100 each if they would refrain from smoking until the company's Christmas party next December.

Nineteen accepted the challenge. Three dropped out after only two days.

"Sixteen have gone through more than one week, which is half the battle, and I believe, as it looks now, it may cost me $1600 come next Christmas," Biddle said.

CONCORD, N.H. (AP)—As the 1953 legislature rolled into high gear Tuesday, two "freshmen" members, both from the University of New Hampshire, had a problem—to cut classes to attend sessions or not.

They cut.

The law-making students are Joseph P. Ford, 23, a university freshman, and senior Bernard J. Robinson, 24.

The legislature convenes three times a week and a college spokesman said reduced credits would be given them at the end of the term for all classes out.

Verigin Says Pavlukoff Not A Doukhobor

John J. Vergin, secretary of the Union of Spiritual Communities of Christ Doukhobors, in a wire to the Daily News charged that reference to Walter Pavlukoff as a Doukhobor is an "unjust reflection." Pavlukoff is charged with the murder of a bank manager at Vancouver. The wire read:

Sir—With regard to recent news releases Walter Pavlukoff is not a Doukhobor. This was brought to attention of the press in 1947. Reference to accused man as Doukhobor is unjust reflection. Request you check your source of report and upon establishing fact Pavlukoff is not Doukhobor print correction. Please stop stigmatizing Doukhobor name and misleading the public.

John J. Verigin,
Secretary, Executive Committee Union of Spiritual Communities of Christ, Members of the Union of Doukhobors in Canada.

The Canadian Press reported that it is unable to get a statement from Pavlukoff on his religious beliefs and that since January 9, Pavlukoff has not been referred to as a Doukhobor member.

Crawshaw Wins Pupils' Applause

Peals of laughter rang through the Nelson Junior High Auditorium Tuesday afternoon as students heard Frank Crawshaw, the "One-Man Theatre" give his rendition of the poem "Dreaming of Thee."

Truly a man of a hundred faces, Mr. Crawshaw had characteristic gestures to accompany each one, and as his humorous poses drew gales of merriment his more serious pieces commanded a hushed silence from the audience of some 450 students and teachers.

Mr. Crawshaw's program included excerpts from Charles Dickens' "Bleak House," and "David Copperfield," Shakespeare's "Julius Caesar", and Alfred Noyes' poem "The Highwayman," a humorous skit entitled "Walnuts and Wine" and a farce called "Continued in Our Next."

Addressing the students Mr. Crawshaw stressed the necessity of culture appreciation, calling it "a shell into which we may crawl when life gets hectic and from which we may emerge refreshed." He quoted the words of a former English prime minister: "The power today is with the man who can speak" and was emphatic on the need of everyone to have a vocal personality in making his way in the world.

W. H. Biner Was Brewmaster Here

W. H. Biner, 63, who died at his home at Manhattan Beach, Calif., Jan. 5, was formerly brewmaster at Kootenay Breweries Ltd. here. He spent five years in Nelson following a year at the Trail brewery.

He came to Nelson in 1929, was a curler and fisherman. He left in 1935, and lived at Portland before his retirement a year ago.

Olives and citrus fruits flourish in southern Italy, and snow is rarely seen around Naples.

Coronation Year Coinage

Canadians, since last Monday, have been handling the new Queen Elizabeth coins, bearing the uncrowned effigy of Queen Elizabeth.

The coins, pictured here, made Canadian history when their master die was made for the first time at the Canadian mint. It was reproduced from a plaster die sent from London.

All denominations of Canadian coins have been minted.

Queen Elizabeth is the fourth monarch to have her effigy on coins minted in Canada. Queen Victoria coins used here were made in London.

A committee, presided over by the Duke of Edinburgh chose the model, made by a 71-year-old English sculptress, Mrs. Mary Gillick, from 17 designs.

Scottish SA Officer Here

Lieutenant George Allan, a Scottish officer with the Salvation Army has been transferred to Nelson and will assist Lt. E. C. Stokes.

Lt. Allan come to Nelson from Drumheller when Lt. Otis Ford, formerly of Nelson, left for Toronto. He came to Canada and Chilliwack with his family about three years ago. In Toronto, he attended the Salvation Army college. While in his native Scotland, he was tenor horn player for the Hamilton Temple Band.

This territory extends south to the international border, to Edgewood, Kaslo, and Balfour.

Ice Show Opens In Nelson Today

"Ice Fantasy of 1953" opens here tonight. At Trail Monday and Tuesday, the show was warmly applauded by crowds.

Star of the show, Miss Gloria Dawn was lauded for her artistic ability and polished, professional style.

Trail audiences were held spellbound as the "Flying Vendettes" performed dangerous and almost impossible aerial feats high over the ice without the precaution of a safety net.

The performance here will include popular and classic numbers, comedy and acrobatic entertainment.

Greenwood Mayor To Represent District At Police Costs Meeting

The question of increased RCMP policing rates by the Federal Government was under discussion Tuesday afternoon when the executive of the Association of Kootenay Municipalities met in Nelson. Represented at the meeting were four mayors from four Kootenay municipalities—Joseph Kary of Nelson, W. E. McArthur of Greenwood, E. G. Fletcher of Trail and R. E. Sang of Cranbrook.

Mayor McArthur was appointed as delegate to attend a special meeting with Attorney General Robert Bonner Jan. 20 in Vancouver to discuss and protest proposed Royal Canadian Mounted Police increased costs.

R. N. Chester, city clerk of Cranbrook, was appointed secretary-treasurer of the Association with President McArthur and Vice-President Kary being signing officers. Mr. Chester succeeds the late W. E. B. Monypenny of Nelson, who was secretary-treasurer for many years.

TAXI PARKING UNDER STUDY

Two letters of protest against taxi parking spots in downtown Nelson and an application for a Baker Street stand were read at a City Council meeting Monday. Council is going to study the parking situation, and, if necessary, introduce an amendment to the parking by-law.

The complaints came from the C.P.R. Ticket office on Ward and Baker Streets intersection and from the Madden Hotel Company next door. City Council recently granted a permit on a trial basis to a taxi firm for a one-car parking space.

The application was from Seven Taxi who asked for a parking space on Baker Street near the Ward intersection. The request was denied.

Council felt that although it was not necessary to secure approval of the businesses located near the parking spaces, they should be given consideration.

J. Lebedoff Denounces Sons of Freedom Sect

Stating that he had actually tried to stop nude parades and bombings, John L. Lebedoff in a letter of protest to the Daily News proclaimed innocence. The letter was postmarked Hillcrest, Alberta.

He divorced himself from the Sons of Freedom sect of which he was once a leader. The letter followed a Daily News story in which was quoted experts from a letter written by four Reformed Sons of Freedom. The letter proclaimed Lebedoff's innocence and accused the courts of accepting testimony without investigation. In part, the letter stated:

"Today, John Lebedoff is the victim of our false talk . . . Why did not the authorities investigate our Doukhobor history instead of just simply believing what we said and putting the blame upon one innocent man? We are telling you that John Lebedoff is not to blame for the unrest among the Doukhobors. All the statements we made at court about him was just for the purpose of proving your court of justice."

The letter was signed by Fred Hadikin, William G. Konkin, Alex Datchkoff and Pete Zaroubin. It was published in full in the Daily News December 9.

Lebedoff's letter to the News said:

"I would like to look up this matter published in the Daily News January 9, 1953. Now I would like to tell you, the people of the public, Colonel Mead, Mr. Emmett Gulley, Commissioner Shirras, the Consultative Committee on Doukhobor Problems. Mr. H. Herbison and all other concerned authorities and Attorney General Robert Bonner, and I would like to tell the truth to all the public that I am not to blame for burning, bombing and nudist parades. It was happening for the past 50 years. I didn't tell anybody to do it. I wanted to stop them so that there would be no more burning, bombing and nudist parades. I would like to mention once more that I am not guilty. We are against any military service. I told that before and I am telling you now that we are against any military service.

"I am not a Son of Freedom. Now, I belong to the Spiritual Communities of Christ."

"JOHN LEBEDOFF,
"Hillcrest, Alta."

"Man With 100 Faces" Delights Crowd of 300 Here in Novel Show

An excellent command of acting and the ability to slip between character roles without interruption brought Nelson theatre goers two hours of drama and comedy entertainment here Tuesday night.

Frank Crawshaw, widely-known English actor of stage, screen and television, sponsored by Nelson Kiwanis Club, won approval of a Nelson audience with his performance, "One Man Theatre".

Nearly 300 watched the program at the Capitol Theatre, which touched on the tragedy of Julius Caesar and drama of Hamlet, then slipped into the easy comedy of "The Twelve Bottles".

SEES CULTURE NEED

Speaking at the close of his performance the English actor said all Canada lacked to become a great nation was culture. With her vast granary and unlimited natural resources, Canada, he predicted, would, one day, be the leading country.

To help bring alive living entertainment and increase culture, Mr. Crawshaw is on his fourth tour of Canada.

"Young people today are surrounded by radio, movies and sport. They need the fourth corner, cultural training, to complete the square, for "until a nation develops its artistic soul it cannot be great."

The "man with the 100 faces" opened the program with the oft-quoted forum scene from Julius Caesar (Shakespeare).

The romantic, poetical drama, "The Highwayman," by Alfred Noyes, formed a highlight, brought to life by the actor's quick character changes and interpretation of the poem.

Perhaps what brought the most laughs was his portrayal of the man who drank the wine in "The Twelve Bottles."

"Boots", by Rudyard Kipling held the audience tense as the versatile actor unwound the drama of 10,000 marching feet on the endless desert during the Boer War.

Hamlet and Robert Service's well known "Cremation of Sam McGee," also highlighted the performance.

Up to $70 Month Hike Asked By Nelson Electrical Workers

City Council Monday was confronted with a "disappointing" wage schedule from the City electrical employees. Council told the six-man delegation Monday they had hoped their members would be satisfied with last year's wage scale. The demand is up to a $70 per month increase.

On a monthly basis, the demand in wage boost is as follows:

	1953	1952
Town foreman	$446.94	$391.55
Line foreman	$446.94	$391.55
Journeyman lineman	$408.74	$363.35
Apprentice lineman		
1st year	$318.24	$257.85
2nd year	$336.16	$280.77
3rd year	$360.99	$305.60
4th year	$389.64	$334.25
Groundman utility man	$343.80	$278.86
Substation operator		
1st year	$303.94	$245.70
2nd year	$333.06	$274.82
Subsequent years	$364.76	$305.76
Hydro plant operator	$396.76	$337.63
Floor man		
1st year	$320.32	$249.07
2nd year	$345.80	$274.90
Subsequent years	$373.10	$302.58

Mrs. Maragret Oliver Re-Elected Nelson Women's Liberal President

Annual meeting Tuesday night of the Nelson Women's Liberal Association re-elected Mrs. Margaret G. Oliver as president. Mrs. Oliver has headed the organization with the exception of four years since 1930. For 14 years she has been secretary for the Nelson-Creston Liberal Association.

Others elected were Mrs. Margaret Patterson, first vice-president, Mrs. Margaret Towriss, second vice-president; and Mrs. Margaret Romano, third vice-president; Mrs. Isabel Cunningham, corresponding secretary; Mrs. Emily McPherson, recording secretary; Mrs. Robert Morrison, treasurer; and Mrs. Alan R. Ramsden, press secretary.

An executive of six comprises Mrs. Mary DeFerro, Mrs. Margaret Bell, Mrs. Elsie Morgan, Mrs. Charles Stark, Mrs. Janet Bandy and Mrs. Hilma Mills.

Telephone committee is Mrs. McPherson and Mrs. Towriss; chairman of the social committee is Mrs. Morrison.

The meeting also made plans for representation at the Provincial Liberal Association annual conference at Vancouver, Feb. 27 and 28, and to the B.C. Women's Liberal Association on Feb. 26. Arrangements were also made for the visit here Friday of Hon. James Sinclair, who will meet the Liberal executive at 1 p.m.

Annual meeting of the Nelson-Creston Liberal Association will be held at Nelson January 28.

A pot luck supper at the home of Mrs. Oliver preceded the meeting.

MRS. MARGARET OLIVER

Report Increase In Water Storage

Level of Kootenay Lake has risen one and a third inches since Monday increasing the water storage for power production by 12,500 acre feet. Total rise since Friday was two and a half inches, an abrupt change in the downward storage trend which started October 3.

As the effect of unseasonable mild weather is being realized by increased water storage in Kootenay Lake, there are further encouraging reports on volume runoff well offstream in the drainage basin of the Kootenay River. Water levels are up and although colder weather is predicted, runoff already, in the large feeder streams and main course of the river should continue to add to storage.

Water storage in acre feet in 1952 at this time was 938,750; last week, 552,270, Monday, 547,700 and Tuesday 560,200.

The name Kawartha for a group of Ontario lakes is an Indian word meaning "bright waters and happy lands."

WARFIELD SETS DOG LICENCES; TRUCK ON HAND

TRAIL—Village of Warfield Commissioners in an extra meeting Monday evening dealt with many items, including giving final approval to taxing of dogs. Charge will be, starting at April 1, $2 for males and $5 for females. Pups under six months will not be taxed.

Further discussion took place on trades licences. The new $5500 truck has arrived and stands outside the community office with the village name inscribed on the side, the first equipment to bear the name. Snowplow attachment is expected to arrive soon.

Norway has governed Spitsbergen since 1925.

Roofs Ripped, Trees Felled In January Gale at Nakusp

NAKUSP — Heavy winds caused considerable damage here as freakish temperatures dawdled in the 50's and intermittent rain and sunshine lent an air of "Spring in January."

Trees were felled by raging winds, one falling on Pine Lodge. None caused serious damage. Shingles from a downtown business establishment were blown throughout the townsite and an asbestos roof on a home was shifted noisily in the mild gale. The force of the wind tore the roof from the high school, but several pieces were salvaged a few blocks away.

Aerial poles, garden arches and flag staffs went down with the force of the wind.

A Greyhound bus slipped off the road causing several hours delay. The mishap occurred about a half mile from town.

Last Rites Held At Kaslo For Mrs. M. Greenlaw

KASLO — Funeral services for Mrs. M. J. Greenlaw, who died here Friday, were held from St. Andrew's United Church Tuesday. Rev. W. B. MacIntosh officiated. He was assisted by Mrs. S. H. Green at the organ. The altar was banked with many beautiful floral tributes. Two hymns were sung: "I've Wandered Far Away From God," and "Abide With Me."

Mrs. Greenlaw was born in Dublin, Ireland, in 1881 and studied in England. She moved to Boston and later settled for a few years in New Brunswick. She came to the Lardeau with her family 23 years ago. In 1950 she was predeceased by her husband, Malcolm L. Greenlaw.

Surviving her are four sons, Archie and John of Lardeau and Ranson and King of Athabaska Landing; and two daughters, Mrs. Margaret McKinnon of Rossland and Mrs. Gladys Salmon of Vancouver. Interment was in the family plot of the Civic Cemetery.

Pallbearers were John Galas, R. Carson, R. Collier of Lardeau; Andrew Jardine, Harry Greensword and K. Bovier.

DEATHS

By The Canadian Press

Compiegne, France — Countess Jeanne de Belleville, 86, a companion of British nurse Edith Cavell, who was executed by the Germans in the First World War.

Washington—Felix Nelto del Rio, 65, recently-resigned Chilean ambassador to the United States.

Binghamton, N. Y. — Jerome Keogh, 80, five times holder of the world's pocket billiards championship.

Montreal—John Livingstone, 81, retired fire department captain credited with saving 21 lives when the old Herald building collapsed in Montreal in 1910.

Jonzac, France—Nelly Marchat, 106, believed to have been the oldest woman in France.

London — Sir Edward Marsh, 80, former private secretary to Winston Churchill and other British leaders.

The quantity of blood in the normal human being averages about eight per cent of the body weight.

Field Anglican Church Dedicated

FIELD — A new Anglican church was dedicated here by Rt. Rev. F. P. Clark, DD, MA, Bishop of Kootenay, to St. John the Evangelist.

In the procession to the church were the Bishop; Rev. Canon T. Montgomery, vicar of St. George's Church Banff; the Rev. K. E. L. Cushon, vicar of St. Paul's Church, Golden; Mr. Orville Endicott of the Anglican Theological College, Vancouver; Mr. J. R. Brucker, vicars warden, and Mr. H. Tallis, peoples warden.

The altar cross and hymn board were given as a memorial to their son, by Mr. and Mrs. Charles Bradshaw; the candlesticks as memorial to their son, by Mr. and Mrs. morial to her husband, by Mrs. L. Norman; and flowers in the memory of her husband, by Mrs. G. A. Cheeseman of Victoria. Flowers were also sent by St. Paul's Guild of Golden, Mr. and Mrs. J. Woodward, Kamloops, and Mr. and Mrs. J. Brown of White Rock.

Altar hangings were given by St. Paul's Women's Auxiliary of Golden, B.C.; brass vases by the Field St. Stephen's United Church Women's Auxiliary; the Bishop's chair by an anonymous donor.

The completion of the building was made possible by contributions of cash and material, labor and skill by a number of friends, together with the efforts of church members.

A reception was held in the YMCA following the service.

Spring Weather Fills Reservoir

ROSSLAND — The spring-like weather which has come to Rossland in the past few days has brought more than one blessing and one of the biggest is easing of the water shortage in the golden city.

At the Monday night meeting of the Rossland city council Ald. Williame Keane reported that if the water keeps rising at its present rate he might even be able to let the rink have some water for ice making purposes.

It's great news for Rosslanders that the water supply is improving, as the arena is one of many which felt the effects of having no water for gardens and lawns throughout a large portion of the summer months, with the drought continuing till almost Christmas with a local brush fire being reported just one week prior to Christmas day.

Births, Marriages Up, Deaths Down in '52 in Windermere

INVERMERE — Vital statistics for the Windermere District in 1952 show a large increase in births, more than double the marriages and a decrease in deaths compared to 1951 statistics.

Last year's recorded 45 births was a record for the district in one year but this year the stork outdid itself and 70 babies were recorded. Marriages numbered 14 in 1952 against six in 1951 and deaths were 12 in 1952 against 14 in 1951.

The stork has neglected to leave any baby at the local hospital to date in 1953.

The ancient Aztecs enjoyed an ear of corn best if it was full of borers.

Cranbrook Club Reports Successful Year

CRANBROOK—Highly successful year of community service, fellowship and financing was reported by Guido Beneditti, Kiwanis Club president, at the annual installation of officers which preceded a cabaret supper at the K.P. Hall.

Community service included presentation to the hospital of a baby incubator, an artificial respiration machine constructed by club members, and called into emergency use during the polio epidemic, and a special piece of equipment for treatment of convalescent polio victims. Its youth work included establishment and sponsorship of an air cadet corps at the high school at a cost of about $500, and also the children's Santa Claus show for which admission was groceries for Christmas hampers. Another service was support in getting out the vote for the provincial election.

Financial support was given the annual Red Cross, Red Shield, and Arthritis Society drives, and a tag day by the Kiwanis Hostess Club returned $446 for the Canadian Polio Foundation. A Cranbrook girl was financed for special treatment at Vancouver which resulted in recovery, and other individuals received similar aid. Principal fund raising event was the Spring auction which returned $1200. The annual apple sale was also profitable.

Officiating as installing officer was District Lieutenant Governor Sigrud Wollan of Post Falls, Idaho. The new officers are President Harold Dingman, Vice-President William Haynes, Secretary-Treasurer E. C. Kraft, and Directors William Busch, Robert Eagle, Bud Nunn, William Carston, Ben Bennett, Eldon Westling, Verne Askew and past-president Beneditti.

Highest peak in Argentina is 23,081-foot Mount Aconcagua.

Arbitration To Settle E. Kootenay Board-Teachers Wage Disagreement

CRANBROOK—Cranbrook, Kimberley and Windermere School districts have amalgamated in seeking arbitration with regard to teachers' contract renewals.

Arbitration, sought under the Public Schools Act, is designed to settle differences between school boards and the Teachers Association. The contract expired December 31.

The Cranbrook Board and the Teachers Association, in negotiations last week, failed to arrive at satisfactory terms for a new contract.

T. E. H. Ellis has consented to act on behalf of the Kimberley board in hearings there late this month, and will represent the Cranbrook board. Teachers Association has not yet named its representative in the proceedings. Findings of the board are binding on both sides.

Rossland Council Reports 'Model' '52

ROSSLAND — It looked like the biggest year for receipts on record commented Mayor Harold Elmes of Rossland at City Council meeting here. He pointed out that the 1952 budget would be a good guide for 1953.

Cash on hand at the start of 1952 was $10,899.84, and at the close of the year totalled $12,013.52.

LOW FIRE LOSS

The total fire loss to buildings and contents during 1952 amounted to $6,418.25, and of this total $3290 was ecovered by insurance leaving a net fire loss for the year of $3,128.25.

The report noted that there was a total of 45 fires reported during the year, which was 16 more than the previous year. Brush and grass fires accounted for ten fires, chimney fires for seven, faulty electrical appliances for five and the balance was due to such threats as careless smokers, children playing with matches, careless disposal of ashes and other causes.

Fire Chief Dave Bisset pointed out that grass and brush fires had increased during the past year, due possibly to the extremely dry spell during the summer months.

Improvements were made to the fire hall premises during the year including a new tile floor in the dormitory, and the front entrance was coated with blacktop.

Recommendations were made by the chief to replace the present alarm system which has been in continuous service since 1916. He reported all mobile equipment to be in good condition, with only minor running repairs needed during the year. Permits had been issued to 45 householders for chimney construction, oil burning equipment, and propane gas units.

Korea Casualties

OTTAWA (CP) — A Korean casualty list Tuesday included two men killed in action and one wounded. The last list was issued Jan. 10.

The army list brought to 1277 total casualties so far suffered by Canadian troops in Korea, including 243 dead, 920 wounded, 28 missing, 85 injured and one captured.

In addition, the navy has reported three dead and three injured in action and the air force one missing.

No B.C. names were on the latest list.

Byrne Gives Creston Liberals House Report

CRESTON — James Byrne, MP for Kootenay East, was guest speaker at a meeting of the Liberal Association here.

Mr. Byrne gave an interesting account of his attendance as a Canadian observer at United Nations meetings at New York. He was impressed by the earnest attention given by the responsible representatives to the world-important subjects under discussion.

It was evident that in that Assembly and in other world circles Canada's representatives, Hon. Lester Pearson, and Hon. Paul Martin, stood out prominently as leaders in the world of today, he said.

The resolution offered by India was approved by 54 of the UN delegates, including Canada, with only five of the U.S.S.R. group, and one other opposing.

Mr. Byrne defined Liberalism as being based on Christianity. The steady leadership pressure of the Liberal Party and Government had been toward legislation progressing toward the goal of human welfare and the brotherhood of man.

Mr. Byrne also drew attention to the Federal grant to the provinces as announced by Federal Minister of Health and Welfare, Hon. Paul Martin, in 1949. By this enactment, the provinces, per capita, shared in a five year grant of $160,000,000. This continues to greatly assist the provinces in all health and welfare cases.

Referring to the situation in which B.C. hospitals find themselves today, he stated that according to recent reports by the present authorities in charge, the overall financial situation of B.C. hospitals some eight months ago was much better than it was today.

Regarding criticism of the federal fiscal policy, about which much had been said and written for and against, he believed there was abundant evidence that Canada and Canadians all were enjoying benefits because of what most of us do not like—high taxation."

"But," he said, "we should consider that of the taxes collected, over two billion dollars are necessary for defence commitments and preparations, and over one billion dollars for health and welfare and pensions, etc.

Mr. Byrne stressed that throughout all Canada the tremendous industrial development, financed largely by Canadians, but with huge amounts of capital coming in from other countries, has "a double barrelled effect," in that it was inflationary, to both price and wage. It was estimated that over five billion dollars was invested in a new industrial development during 1952.

The federal government was continually searching for a stabilizing price control that would be an overall benefit.

Mr. Byrne said federal grant toward the Trans-Canada Highway was $150,000,000 or more in a 50-50 project with the provinces. Of this, over three million would be spent in East Kootenay.

He said favorable progress on the proposed Libby Dam, which means much to Creston Valley, will soon be reported.

Mr. Byrne, referring to the much publicized Currie Report on Petawawa, said that "it stinks." However, he urged the B.C. public to withhold judgment until the full and true facts are known and judged by Parliament in session. It should be known, however, that some six months ago, months before the Opposition decided to attempt to make a "smear case" of it, the government officials concerned ordered an investigation which resulted in the arrests, convictions and sentencing of all of those found guilty.

LEADERS IN FOOTFASHION
Established 1902

Nelson Social

PHONE 144

Showers and social gatherings are taking the place of travelling for some Nelson residents.

LONG DISTANCE . . . A rather unusual shower, in that the honoree was not present because she now makes her home in Port Alberni, was held at the home of Mrs. M. Auno, 416 Gore Street, honoring Mrs. Eric Jurell, the former Kristine Moen. Mrs. I. Moen accepted the gifts for her daughter. There were 25 guests present and the hostess was assisted by Mrs. A. K. Olson. A novel feature of the party was a telephone call put in for Mrs. Jurell at Port Alberni when she received the good wishes of the guests.

• • •

VANCOUVER VISITOR . . . Leo McKinnon of Vancouver is visiting his mother, Mrs. F. McKinnon, Medical Arts Apartments.

• • •

HOSPITALIZED . . . Mrs. E. Tinant, 402 First Street is a patient in Kootenay Lake General Hospital.

• • •

AT CONFERENCE . . . J. A. B. Will, 706 Mill Street, is at Edmonton to attend a dairy conference.

• • •

ON LEAVE . . . Corp. George Landis, on seven days leave from his RCAF post in Montreal, stopped in Nelson en route to his home in Castlegar Tuesday. He was accompanied by three other airmen, AC1 Dick Bruce of Kelowna, AC1 Robert Cameron and LAC Hugh Smith, both of Victoria who were also en route to their respective homes.

• • •

TWINS CHRISTENED . . . At a christening ceremony in Church of the Redeemer, Fairview, twin daughter and son of Mr. and Mrs. Donald E. Sweet, were named Jennifer Leigh and Jeffery Donald. Rev. Canon W. J. Silverwood performed the ceremony following Sunday services at the church. Mr. and Mrs. A. Euerby, Mr. and Mrs. F. Burgoyne and Mr. and Mrs. A. Myers were named godparents of the three-month-old twins. During the afternoon 20 guests visited Mr. and Mrs. Sweet, 614 Fourth Street, for tea.

Fete Nakusp Bride-Elect

NAKUSP — Miss Norma Woods, bride-elect, was guest of honor at a *miscellaneous shower* here at the home of Mrs. H. Maxwell.

Miss Woods, popular staff member of a local grocery store, received a number of lovely gifts, brought to her in market buggies by Paul and Arthur Maxwell.

Mrs. Charles Hurry assisted her sister in opening the gifts. The bride-elect also received a corsage of carnations.

A favourite recipe was written out by each guest and placed in a loose leaf cook book for the honoree.

Refreshments were served by the hostesses, Mrs. S. Williams and Mrs. Maxwell assisted by Mrs. R. Blyth and Mrs. W. Murison.

Miss Woods cut the bride's cake which was decorated by Mrs. B. Crowell.

New Denver

NEW DENVER — Mr. and Mrs. Harry Butler entertained at their home in honor of their daughter, Sharon Butler, on her 14th birthday. Cutting of the large decorated birthday cake followed an evening of dancing.

Dennis Clarke has returned from the Lethbridge, Alta., curling bonspiel where he skipped a rink from Mount Royal College at Calgary, winning two prizes.

Miss Anne Teir and Miss Berle McLean have returned to St. Paul's Hospital in Vancouver where they are in training for nurses, after spending a month's vacation with Miss Teir's parents, Mr. and Mrs. William Henderson.

Miss Marjorie Phillips has returned to her teaching duties here after a holiday visit to the Coast.

Miss Leona Boss of Nelson has been a guest of her brother-in-law and sister, Mr. and Mrs. William Henderson.

Mr. and Mrs. Clifford Olson and family have left for Vancouver, where they will take up residence.

Mr. and Mrs. R. McGorman and son of Nelson have taken up residence at New Denver.

Miss Schi Uchida, who has been the guest of her parents, Mr. and Mrs. T. Uchida and family, has returned to South Dakota. On Jan. 30 she will sail for Japan as a missionary.

Mrs. K. Ellertsen of New Westminster is visiting her son-in-law and daughter, Mr. and Mrs. R. M. Evans, here.

Church Groups Names Officers

NEW DENVER — Mrs. John A. Bonner was elected president of St. Stephen's Church Helpers here at the annual meeting held at the home of Miss Monica V. Butlin.

Mrs. C. H. de'Pfyffer was named vice-president and Mrs. Ole D. Johnson, secretary-treasurer.

Rev. M. C. T. Percival, guest at the meeting, gave a brief resume of the church budget.

Mrs. S. C. Robinson presided. Annual reports of the group were given.

June is the most popular month for weddings in North America largely because the ancient Romans considered it the most propitious month. May, on the other hand, is considered the ideal marriage period in some European countries.

Airplanes landing on the Sea of Galilee, 680 feet below sea level, or the Dead Sea at minus 1286 feet, are flying far lower than submarines can dive in the oceans.

Crawford Bay Couple Celebrate 56th Anniversary

MR. AND MRS. GEORGE McGREGOR of Crawford Bay, both still keenly interested in local affairs, this January celebrated their 56th wedding anniversary. The couple are pictured here with a grandchild.

They were married in Cleveland, Ohio in 1897 later moving to Medicine Hat where they homesteaded 13 years before coming to Crawford Bay in 1910. Up until a few years ago they managed a farm there. The parents of eight children, seven of whom are living, they have 13 grandchildren and two great grandchildren.

Mrs. McGregor, 73, each year enters baking and fancy work in the Fall fair and has won many firsts. Mr. McGregor is 82.

The canal lock, which makes it possible for canals to run through land of various levels, was invented in 1481. Italy and Holland both claim to have been the site of the first canal lock.

Mrs. Taylor Heads New Denver Club

NEW DENVER — New slate of officers for 1953 were named by the Ladies' Auxiliary to the Slocan Community Hospital here at their annual meeting.

Mrs. John Taylor was elected president, succeeding Mrs. Q. A. Forsythe. Miss Dora M. Clever was named vice-president and Miss Marjorie H. Butlin, secretary-treasurer.

Other executive named were Mrs. James Draper, representative to the Hospital Board; Mrs. James A. Greer and Mrs. Charlie Parker, buying committee; Mrs. Fred A. Johnson, Community Club representative; Mrs. Walter G. Thring and Mrs. Q. A. Forsythe, membership committee.

Arrangements for the annual Valentine's Day ball were made and committees appointed during the meeting.

Following the meeting refreshments were served by Miss Naomi Pow, matron of the hospital, assisted by Miss Betty Hopkins, R.N.

Each year insects destroy enough United States wheat in storage to fill the wheat needs of 16,000,000 people.

Trinity Church Club Names '53 Executive

Trinity United Church Service Club Monday elected Mrs. Harold H. Hinitt president of the group for the coming year. She succeeds Mrs. Vincent Prior.

Annual meeting, held at the home of Mrs. George Hoover, 907 Fourth Street, was preceded by a pot luck supper. About 28 members were present.

Other executive named were: Mrs. George Burns, vice-president; Mrs. Jack McClelland, secretary; Mrs. J. C. Loomer, assistant secretary; Mrs. Jack Teague, treasurer; Mrs. Gordon Burns, assistant treasurer.

Named to committees were Mrs. Kenneth McRae, gifts; Mrs. William Young and Mrs. A. F. Lockwood, catering; Mrs. Joseph Graham, Miss Gladys Ewing and Mrs. Charles Powers, sick and visiting; Mrs. J. A. B. Will, press and publicity; Mrs. George Hoover, church representative; Mrs. R. G. Richards, Mrs. N. Freeman, Mrs. E. C. Hunt and Mrs. Kenneth McRory, phoning.

Mrs. Jack Teague gave the devotional, reading from the new revised edition of the Bible.

William Gilkison was the founder of the town of Elora in Wellington County, Ont., in 1832.

Nakusp Lodge Celebrates 32nd Anniversary

NAKUSP — A hard times party and box supper commemorated Nakusp Pythian Sisters 32nd anniversary.

Gathering in the Knights of Pythias Hall, about 50 guests enjoyed an evening of dancing, games, bingo and cards. The birthday party is an annual affair of the Temple.

Prizes were won by Mrs. G. McMullen for the most attractive basket, second prize going to Mrs. N. A. Herridge; Mrs. R. A. Stanley and Arnie Jansen won best costumes prizes; Mrs. C. Kershaw, musical chairs; P. Hurry, swatting contest; Mr. and Mrs. W. Jupp, balloon dance; Mr. and Mrs. P. Hurry, spot dance. Door prize for the 32nd guest, in honor of the 32nd anniversary, of the Temple, went to Mrs. D. Speirs.

During supper Past Chief Mrs. Bert Gardner cut the birthday cake she had made for the Temple. Most Excellent Chief Mrs. Horrey gave the address of welcome.

English Women Look To Bargain Counters

By MURIEL NARRAWAY
Canadian Press Staff Writer

LONDON (CP) — After the biggest Christmas booms since 1939, British women greeted the new year with a headlong plunge for the annual sales bargains.

Prices ranged from luxuries such as a ranch mink cape-stole selling at £425, almost half price, to canvas holiday shoes originally priced at 55 shillings, going at 5s. There were suede shoes at £1 instead of £6, model coats and dresses cut in price by almost one third.

A welcome increase was noted in bargain furniture and furnishings. With furniture released from government price-control late in 1952, shops were more daring in cut-price lines than for many years. It was possible, for instance, to buy a three-piece suite at less than £80, reduced from £180. Axminster and Wilton carpet remnants tempted buyers at less than half price.

KEEN ON CHINAWARE

Interest also was keen in chinaware sales. In 1952 patterned china was once more sold on the home market, which had for years seen only "export rejects." Women jostled and pushed to get one of the 500 tea sets offered at 5s each in one department store. A 45-piece combined dinner and tea set was reduced from just under 90s. to 69s 6d.

QUEUES

Despite wet weather queues outside most big West End stores started well before daylight. Last year's big price-cuts in clothing, due to a textile slump late in 1951, were partly responsible for increased interest in this year's sales.

Competition was keen. Sales picked up during the year and fewer garments reached the bargain counters. However, those with th stamina to stand for hours in rain and cold picked up coats and dresses at £1 and less.

MEN IN LUCK

Men were not left out. Cut-price articles included poplin pyjamas in quiet stripes reduced to 25s. from £3. There were white jacquard silk scarves, 54 inches by 12 inches, going at 30s., pure silk ties, cashmere socks, shoes, overcoats and suits.

Business was brisk at counters sporting underwear at half price, tweed trousers at less than 17s., shirts cut from 29s. to 14s.

Cut-price bed and household linen, curtain materials and kitchen ware drew larger-than-usual crowds of young marrieds and engaged couples.

Dress Up With Marian Martin

Get Carnation... IT'S CREAMIER

Carnation Milk is always full bodied and creamy colored. That's your assurance of complete satisfaction when you use it in coffee or on cereals and fruits. You'll never find watery consistency or thin color in Carnation. We buy top quality milk and process it with the greatest of care (52 years' experience at it too) in order to give you rich, creamy, heavy Carnation Milk. Get Carnation — IT'S CREAMIER.

MAKE THIS 7 DAY TEST — for just one week use Carnation Milk in place of your present brand. Once you have used Carnation, we are sure that no other brand will satisfy you.

MORE PEOPLE IN CANADA USE CARNATION THAN ALL OTHER BRANDS COMBINED

A Statement by CANADA'S FIRST BANK...

To those who want to get ahead

It's good to go into debt... to yourself

It's the streamlined way to make financial progress. Some of our most successful customers use this system. It's the very heart of Personal Planning — the B of M's method of family-financing which Canadians from coast to coast are finding practical and stimulating.

It means putting yourself on your own pay-roll... making up your mind that you yourself have a claim on your income just as much as the landlord, the butcher and the tax-collector.

You'll do this, of course, because you have a definite objective — a strong reason for saving. It may be a general goal like family security... or it may be something specific like a new refrigerator, a house, or even a place in the country.

You can go into debt to yourself in two ways — by saving and by borrowing.

Saving comes first, of course... so much a pay-day *owing to yourself*.

A bank balance gives you personal confidence as few other things can. It gives you a good foundation for your financial plans... and it makes it easier for your B of M manager to lend you money when you want to realize an objective sooner than you otherwise could.

When you have a sound financial program, but need money for some useful purpose, borrowing at the B of M is just as sound as systematic saving. Indeed, it is another form of saving. And it is the B of M's business to lend you money, when it's good business for you to borrow.

A B of M Personal Loan simply enables you to enjoy sooner the things you plan for... and you pay it off in regular instalments just as you have built up your savings balance.

Why not make up your mind to get what you want this streamlined way — and open your special-purpose savings account at "MY BANK" tomorrow. And while you're in the Bank, have a chat with the Manager or Accountant. You will find them ready and interested to discuss your plans and problems.

Economy That Could Be Costly

Management and organized labor are the two sections of the public most concerned with the Labor Relations Board. Insofar as the Board is concerned, the outlooks of these two groups constitute what might be considered public opinion. So far not a voice has been raised from either circle in support of the Provincial Government's reduction of the Board to part-time status. If the Social Credit Government is to carry out its much-voiced intention to be guided by public opinion how can it maintain its obdurate stand in regard to the Labor Relations Board?

There is none who will argue with economy in government if it is true, honest economy. But there is great danger that in the penny-pinching to save a possible $10,000 a year the lessening of the effectiveness of the Board will cause much greater losses by delaying settlements in labor-management affairs. No one need be told how costly a strike is to the general economy. Anything that goes to shorten a strike is an honest economy, a very real savings sometimes in the tens or hundreds of thousands of dollars.

With British Columbia's economy expanding daily, the likelihood is that the Labor Relations Board will find more and more to occupy itself instead of less. The Government has offered nothing to suggest that the Board on a full-time basis was not keeping itself busy, or that the future would see any decline in its work. The Government cannot, surely, consider that it will perform the miracle of doing away with labor strife.

The first performance called for in the Government's maintenance of the Board is the upholding of satisfactory labor and management situations so that the economy can flourish. Industrial disruption can cost business and the worker much in lost output, orders and paychecks, and it can cost the Government heavily in lost tax revenues. The Board should be so designed as to minimize these losses.

Press Comment

PROFIT, NOT EXPENSE

A cynical friend observes that, in view of the expense attached to the game of golf, it is hard to believe that it originated in Scotland. But please note that Scots have become rich by selling it to other countries of the world.—Oshawa Times-Gazette.

LUCKY CHILD

The youngest child in the large family is the lucky one. He has all those discarded books on child raising in which to draw pictures.
—Edmonton Journal.

JUST ONE THING

The assistant chief constable of Nottingham was very unkind to lady drivers when he offered advice to city bus drivers: "If a woman driver puts out her hand it means one thing—her car window is open," the official declared.

Strathcona Park Act Can't Be Set Aside by Commission—Stevens

To the Editor:

Sir—The report of a recent speech in Nanaimo by Mr. Charles W. Nash, district manager there for the B. C. Power Commission, has been drawn to my attention, and I believe his remarks on the subject of damming Buttle Lake should not go unchallenged.

Mr. Nash, according to this account, said that anyone opposing the damming of this lake, in Strathcona Park, Vancouver Island, was either selfish or ignorant.

He thus, to quote the words of an editorial in the Campbell River Courier, "stamps himself as a man of considerable ignorance, or, at the very least, he fails to credit those who oppose damming Buttle with having convictions or with being willing to fight for those convictions."

It will be recalled that the Premier announced in October that a committee would be set up in the Spring to deal with the Buttle Lake question, but Mr. Nash apparently ignores this official action.

It seems hardly appropriate for a subordinate official in the Government's employ to call opponents of a Government scheme ignorant or selfish in the face of the decision to appoint a committee, which is sound democratic procedure.

I have stated before the belief of this organization, backed by the opinions of professional engineers, that Upper Campbell Lake, not Buttle Lake, should be dammed for the additional power the Commission needs.

Upper Campbell is already ruined by logging, whereas Buttle remains a sportsman's paradise; it is not at all certain that the proposed dam site on Buttle would stand up; and in any case, Strathcona Park was set up by an Act of the 1911 Legislature. Surely even the Power Commission can scarcely hope that an Act of the Legislature can be set aside by a mere administrative body.

Thus we thoroughly approve Premier Bennett's move in proposing to set up a commission of inquiry.

HON. H. H. STEVENS, President,
B. C. Natural Resources
Conservation League.

Deplores Lack of Interest In Attracting Customers

To the Editor:

Sir—I have only last Summer returned to Nelson after an absence since before the war. I wonder if it is realized by those who have not been away just how much Nelson has changed as a shopping town. In the old days there was always something doing, some new attraction, something being staged to attract and hold the interest of the visiting people from the rural areas about and from the mining camps. There were shopping excursions, concerts, programs of one kind and another, and so on. But especially there was a friendly atmosphere about the stores and cafes, and a real desire on the part of everyone to serve and be pleasant. The attitude is not entirely gone, but it is not what it once was. The old competitive spirit seems lacking, too. No longer does one man seem eager to match the other fellow down the street; rather, now, the customer can go down the street if he doesn't care for price and service here. But this is a fairly general outlook now, except in the United States, where competition still reigns supreme and the merchant and cafe man are still anxious to please the customer with politeness, a smile and friendly help that makes the outstretched palm more acceptable. But I feel the really deplorable thing is the lack of those things that used to distinguish the Nelson shopping centre, the campaign for "welcome" street lights, efforts for more colored stringers on the main streets, the flags on holidays—and a Santa Claus parade at Christmas time. Why, this holiday season there was only the sound of the cash registers' ring; no sleigh bells ringing, no contest for yard and house decorating, about which I read in past years—not even a prize or gift to welcome the first baby of the New Year.

I am not one of those who wants to retain everything of the "good old days", but I do think we should retain the things that were pleasant and worthwhile.

SHOPPER.

Balfour, B. C.

To see a thing and tell it in plain words is the greatest thing a soul can do.—Ruskin.

Sunday Sports Rejected

(Toronto Star)

Commercialized Sunday sports were voted down on Monday in Ottawa, Gananoque, Kingston, Smiths Falls, Oshawa and Neelon-Garson, the last-named a Sudbury suburb. In most cases the "No" majorities were substantial. The Star believes that these places are to be congratulated.

In Ottawa it is claimed that the verdict will imperil the continued existence of the Ottawa Athletics of the International Baseball League, Ottawa Senators of the Quebec Senior Hockey League, and Ottawa Rough Riders of the Big Four football loop. But the voters knew all about that, and refused to sanction Sunday commercialism. The principle at stake is more important than the revenues of commercial clubs. The votes taken on Monday should serve to discourage any widening of the open Sunday which Toronto electors mistakenly endorsed when the issue was presented here.

Views from the News Fronts

By J. M. ROBERTS JR.
Associated Press News Analyst

The British campaign for "trade, not aid", predicated on a demand for removal of United States tariff barriers, has gone into high gear—perhaps prematurely.

Britain wants to try to bridge the dollar gap and thus bring sterling back into the fold of hard currencies. Her top leaders, right up to Churchill, have joined the effort to convince the United States that it is to the general benefit of everyone.

R. A. Butler, Britain's Chancellor of the Exchequer, says "the right policies of a creditor country like the U.S. include readiness to receive imports, and to let foreign goods compete in their domestic markets without artificial obstructions."

British negotiators are expected to take their proposals directly to Washington soon, perhaps even next month. If they do, they are likely to run into an American situation which has not jelled.

They will have the support, in the main, of the United States Council of the International Chamber of Commerce. But there is a strong movement in both business and Government circles to consolidate all U.S. activities in the international economic field under one agency. The argument over this seems likely to keep policy unsettled for a much greater time than the British are inclined to wait. And if the idea is ultimately adopted, organizational delays will be added.

The British, unless they are to add to the natural hesitations of a traditionally protectionist country, must also be prepared to answer promptly a pointed question. That will be, "What commitments are you willing to make against trade with the Iron Curtain countries?"

Andrei Gromyko, Russian ambassador to London, has spent a great deal of effort trying to make a new trade deal with the British. The U.S. takes a dim view of anything which helps the Communist economy and thereby eases the pinch put on Iron Curtain peoples by the Kremlin's emphasis on heavy, or war, industry. Britain takes the view that she benefits more by her imports from Eastern Europe than the Communists do by her exports. Only 2.5 per cent of her imports come from there, in return for 1.5 of her exports.

It's not so much the size of the kind of business done there in which Britain is interested. But she may have to agree to restrict it further—war materials now are banned—in return for U.S. concessions in other fields.

Privy Council Supports Alberta Supreme Court on Farmers' Rights

LONDON (CP) — The Privy Council has clarified the position of Alberta farmers owning land where petroleum rights belong to other persons.

The effect of a Privy Council decision permits those entitled to petroleum to remove it even though natural gas—owned by the farmer—is extracted unavoidably in the process.

Clarification came Monday when the council dismissed a cross-appeal—brought by an Alberta farmer, the Canadian Pacific Railway and Imperial Oil—against a judgment of the Supreme Court of Alberta.

Farmer Michael Borys owns 160 acres in the Leduc oilfield south of Edmonton. It was purchased by his father from the CPR in 1906. When the land was sold the CPR reserved rights to petroleum that might be found on the land.

Later the CPR sold these petroleum rights to Imperial Oil.

But when Imperial Oil began to drill for petroleum, Borys asked the Alberta Supreme Court to grant him an injunction stopping the drilling.

The court said the CPR and Imperial Oil could go ahead and extract the oil, even if it involved wastage of some or all of the free natural gas belonging to Borys.

The Privy Council Monday affirmed this decision.

The council held that:

1. Petroleum and natural gas are two different substances.

2. Reservation to petroleum rights includes the right to work those rights.

3. The companies are under no obligation to conserve Borys' gas.

In recent years land titles reserving petroleum rights to others have specifically mentioned oil and natural gas in reserving mineral rights.

Although appeals to the Privy Council now have been abolished in Canada, this appeal was allowed because it started in November, 1949, before the Supreme Court of Canada became the highest court for Canadian matters.

Spellman Asked to Intercede on Rosenbergs' Behalf

ROME (AP)—The Communist party newspaper L'Unita Tuesday did not report the creation of 24 new Roman Catholic cardinals. But it did ask Francis Cardinal Spellman, of New York to intercede in behalf of condemned atomic spies Julius and Ethel Rosenberg. Spellman is here to attend the ceremonies investing the new cardinals.

Crews Free Boom From Harrison Lake Drawbridge

VANCOUVER (CP)—Emergency crews were working early today to free log booms which rammed the Canadian National Railways drawbridge at Harrison lake after they were wrenched from their moorings by a torrential rainfall.

Seven booms of logs were launched against the steel bridge at noon Monday after the water level climbed five inches in 24 hours. The bridge is about 65 miles east of Vancouver.

Seven tugs and dozens of men were at the scene and a midnight report said all but a few of the logs had been forced clear of the bridge.

Railway officials said they feared underwater communication lines may have been damaged.

Among early Anglo-Saxons a bridegroom was given a shoe by the bride's father and the custom dictated that he strike his bride to show her he was the master.

By LEN WALKER

Who said that the Allan Cup was *hockey's symbol of supremacy in* Canada? Whoever did can now take it back, for after a long hard battle Spokane Flyers have finally made the grade as participants for the coveted trophy.

I was rather surprised to see that the other three clubs in this league had, as the wire stories put it, successfully sought CAHA approval for Spokane's entry into the Allan Cup race. It has aroused much talk around the WIHL circuit and I believe that the general feeling of fans is that they should not have been allowed to compete for a cup that after all is for Canadian teams, or so we thought.

Now that the cards are on the table, and Spokane along with Trail, Kimberley and Nelson are all on equal terms, it might be a good idea for the league heads to see fit to have every team play a similar number of games—or is Spokane still to be given a little shot in the arm towards handing them the league championship on a silver platter by allowing them so many home games? Everybody knows that a team plays much better before their home town fans than they do away from home. This has been proven throughout this league year after year.

Some fans have the idea that if Spokane must have all those games at home in order to operate, then only one of the two games played on a weekend should be a regular leauge game, the other being an exhibition game only. This sounds like a splendid idea except that on the game that wasn't to count, just who would pay for any injuries to players of the visiting clubs if there were any? Also who would pay all the bills for the team to stay over another day in Spokane?

To me, this move by the Spokane club to enter into the Allan Cup playdowns is just another step towards bigger things for them. I believe that the day will come when the Spokane club, after possibly winning the cup, and drawing larger crowds, would move on into professional hockey with the Coast teams, leaving the WIHL right back where it started a few years ago.

I overheard a remark last week to the effect that Spokane was not out to make money, but to promote the sport in that city. If this is true, it is a wonderful gesture on the part of the management of the club, but I can't for the life of me see a club playing hockey as it is played today just to promote the sport and not giving a thought towards the money angle.

It has been my contention that the Spokane club has never played its best hockey while on the road, nor shown the hockey of which I am sure the team is capable of performing.

Shuttlers Ready For Club Title Tourney

With play started once again after the holiday recess, the Nelson Badminton Club has found that due to a larger increase in membership the board that allots a court to every four players is being operated once again.

This weekend will see the first tournament, the Club Championship, staged. A new system will be tried for this event instead of the open and handicap events used in previous years. A flight system will be used whereby all entries will start out in A-flight. After losing a first game they will automatically drop into the next flight; should they lose here they then would be put into C-flight.

It is hoped by using this method that all competitors will come into their own level, thus giving both the novices and the juniors a better opportunity for better competition.

One of Nelson's players, and a triple winner several times, Eddie Hearn will once again be defending his crown in the singles. In the doubles he this year will be teaming up with a new member to the Nelson Club, Murray Creighton. Murray, from the Coast, brings with him a wealth of experience. He has played with some of the finest in British Columbia.

With the entry deadline but a day away, already a good number of entries have been received.

CHARLES, BASCOM FIGHT FOR TITLE

ST. LOUIS (AP) — Ezzard Charles, the former heavyweight champion trying for another chance at the title, is a heavy favorite over youthful Wesbury Bascom for their 10-round fight tonight at the St. Louis Arena.

The 23-year-old Bascom, who ran up a string of 13 straight victories in 1950-51 only to lose three out of four bouts last year, says he has no faith in odds that have Charles a 4-to-1 favorite to win by a decision and a 2-to-1 favorite to score a knockout.

TAMPA, Fla., (AP) — Welterweight champion Kid Gavilan danced, clowned and occasionally fought his way to an easy decision over Aman Peck, an obscure young Tampa club fighter, in the 10-round main event here Tuesday night.

Gavilan weighed 150, Peck 151.

BOB PAT GREG RAY GORD BILL BUD

MEMO TO HOCKEY SCOUTS: The law of averages indicates that out of a family of seven boys, at least one will become a puck hound. The Hannigan family from Schumacher, Ont., go six better, for there are seven hockey-playing sons spread through leagues ranging from public school hockey to the NHL. Prize of the pack is Gordie, the 22-year-old rookie left-winger with the Maple Leafs. "Hopalong" is one of the leading candidates for "rookie of the year" honors in NHL. The oldest, Bob, at 26, is a husky defenceman on a Toronto hockey league major series team. Ray, 25, is a member of the Edmonton Flyers, a Chicago Black Hawks' farm team. An ex-Leaf, he was traded to Chicago in four-for-one deal for goalie Harry Lumley. Bud and Bill, 19-year-old twins, play OHA Junior "B" hockey, while Pat, a 16-year-old right winger with Schumacher Lions' juveniles, is rated as pro material. At the bottom of the Hannigan ladder is Greg, 12, who plays public school hockey. The Hannigan clan bids fair to carry on in the tradition of the Conachers and Bentleys, who each contributed three players to the NHL cause.

Marlene Stewart Is Top Woman Athlete

By BRUCE PHILLIPS
Canadian Press Staff Writer

TORONTO (CP) — Marlene Stewart, the Fonthill, Ont., youngster whose meteoric rise to stardom stunned the golfing world in 1951, has been chosen Canada's outstanding woman athlete for the second year in a row.

The 19-year-old sensation won going away in the annual Canadian Press poll of sports writers and broadcasters. She polled 81 votes on a 3-2-1 voting system, 51 more than her closest competitor.

Youth was the keynote in the 1952 listings. The top three places were taken by athletes 20 years of age or under. Several others on the list were also in the teen-age bracket.

Miss Stewart's selection was almost a foregone conclusion. She captured the National Women's Close golf championship for the second year in a row, and her all-round performance in 1952 was only slightly less amazing than her first year in the big leagues, when she gathered in the Ontario Women's Open, the National Open and the National Close.

Second-place winner was another golfer, 20-year-old Mary Gay of Kitchener, Ont., whose performance in the 1952 Open eclipsed even Miss Stewart's. She forged through to the final match, losing out to Edean Anderson of Helena, Mont. Miss Stewart was eliminated in the semi-finals.

The third choice was 16-year-old Shirley Campbell of Fergus, Ont., winner of the 1952 world's title for the women's three-mile swim at the Canadian National Exhibition.

Olympic stars were favored. Nine of the 24 names gaining a berth on the list were on Canada's Olympic teams in 1948 or 1952.

Among them were sprinter Eleanor McKenzie of Vancouver, shot-putter Mary Lawrance of Toronto, hurdler Shirley Eckel of Toronto and swimmer Irene Strong of Vancouver.

Tennis, which usually gives several women to the list of outstanding athletes, this year placed only one. She was Marlette Lafrombolse of Montreal, Canadian junior champion in 1952.

Two perennial choices who again made the list were Ada McKenzie of Toronto, five-time winner of the Canadian Women's Open golf championship, and Barbara Ann Scott, former world's champion figure skater now on the professional ice show circuit.

Johnson Wants Try at Archie Moore's Title

By JACK HAND

NEW YORK (AP) — Harold Johnson can't escape the shadow of Jersey Joe Walcott, who knocked out both halves of a father-and-son Johnson act with 14 years between knockouts.

"All I want is a shot at Archie Moore's light heavyweight title," says Johnson "I fought him four times. I'll fight anybody, but I'd rather stay in my own class and fight for the lightheavy title."

Johnson has a point, too. He is ranked with Joey Maxim as logical contenders for Moore's title by the National Boxing Association.

He is a solid fighter with an impressive record. But mention Johnson to the average fan and he'll say "Oh yes, Johnson. Isn't he the boy who was knocked out by Walcott, who also knocked out his old man?"

Harold, a 24-year-old Philadelphia Negro, claims his father actually was not knocked out by Walcott in 1936. "He broke his nose and they stopped it," he said.

In his own fight with Jersey Joe in 1950, Harold collapsed from a back injury in the third round and was on the "ill and unavailable" list for several months.

Moore has been the most consistent opponent of Johnson since he started boxing in 1946. They first met in 1949 with Moore winning a unanimous decision, snapping Johnson's 25-fight victory streak.

Moore won again in 1951 but Johnson turned the tables later the same year. On Jan. 29, 1952, Moore won another unanimous decision.

Johnson's record includes a knockout win over Bob Satterfield and an upset decision over Clarence Henry, highly-rated heavyweight contender.

Friday night Johnson meets Jimmy Slade of New York at St. Nicholas Arena here. Slade has knocked out Don Cockell, British light-heavy champ, and fought a draw with rugged Yolande Pompee in London.

Robinson's Last Year?

NEW YORK (AP) — This may be the last year for Jackie Robinson, highest salaried player in Brooklyn history and the Dodgers' greatest drawing card.

Although he said: "I hope to have another year after this one," the brilliant second baseman indicated he might call it quits after the 1953 season.

He made this statement during a press conference Monday. The conference was staged by the Dodgers to announce the signing of Brooklyn's "big three"—Robinson, Peewee Reese and Roy Campanella.

"I'm certain I have one more good year left," Robinson said after putting his signature to a contract calling for an estimated $38,000. "I hope to have another year."

Dodger vice-president E. J. Buzzie Bavasi declined to disclose the figures but admitted Robinson was the highest paid player on the club and that the salaries of the trio totalled just under $100,000. It was estimated that Reese would draw $[illegible],000 and Campanella $25,000.

Robinson, who is spending a busy winter operating his own department store in New York's Harlem district, heading a housing project, and serving as a radio executive, said he has no designs to stay in baseball once he is through as a player.

"I have a goal," he said. "I want to build a boys' club in Harlem. That will take a lot of money. I'm trying to do this through my store. If the store is successful, then my future is secure."

Asked whether he would accept a baseball job as a manager, Robbie replied: "I'd have to consider it. Of course, it would have to be in the big leagues. I might go back to Montreal for one year in appreciation for the wonderful treatment the Montreal people gave me during the one season I played there."

Robinson, who'll be 34 on Jan. 31, will be playing his seventh consecutive season with Brooklyn this year. He joined the club in 1947.

Getting back to his future as an active player, Robbie said he was hopeful of playing in 1954 but the possibility was still there that he might have to hang up his spikes at the end of this season.

"It all depends on my physical condition during the coming season," he said.

Strikes 'n' Spares

Government League play produced no less than seven members bowling in the 600's. Betty Wicken of the Mis Fits led the ladies with an even 600 while Jo Anne Morrison copped the singles with a 248, Johnny Melville of the Odd Fellows took the singles with a high of 292 and Doug McKeen of the Tamaracs won the aggregate with a 648. Others bowling in the 600 class were Bill Wicken 643, Johnny Melville 627, Al Paulson 611, Bill Day 640, and Jimmy Watson 605.

The Purple Skunks with their 55 points won the first half of the schedule. With the second half just started, the Odd Fellows are holding down first place with six points, followed by Joe's Jerks with four and the Purple Skunks with three.

Currently leading all bowlers in the league are Jo Anne Morrison of the Tamaracs with a 186 average and Jimmy Watson of the Purple Skunks with a 194.

In the Mixed Commercial League Helen Belyk of the Laquitas took top honors for the ladies with a single of 278 and an aggregate of 646. Dyne Macrae of Orange Crush took the singles honors for the men with a 240 and Doug [illegible]ll of Wiginton copped the aggregate with a 676. Eve Macrae also scored in the 600's with a 602. Team honors went to the Vanguards with a single of 1073 and an aggregate of 2994.

The league standing shows Dynamos in the lead with 47 points followed by Palm Dairies and Wiginton with 43 points apiece.

In the Men's Commercial League Art Boyce of Bush's News took top honors with an aggregate of 733. Singles honors went to Butch Hamakawa of the Pickups with 333. Also bowling in the 300's was Charlie Burdett with a 317 and in so doing he sparked Royal Hotel to a new season record for the team singles with 1223. Superior Motors previously held the record with 1215.

Sixteen members bowled in the 600's, led by Carl Locatelli with 686. Team aggregate honors went to OK Bakery with 3127.

Over 100 Attend Pro Rec Classes

Membership for Pro Rec classes at the Civic Centre is steadily increasing, and more than 100 women, girls and boys are attending, Stan Payne said Tuesday. Interest has been high in the women's division for the keep-fit exercises, with 37 taking part.

The boys and girls are maintaining a fair turnout for tumbling and spring-board work. It is hoped to start a class for men in the near future.

Plans are under way to stage a show consisting of pro-rec and basketball in an activity night for the general public, to demonstrate the work that is being carried on.

Old Baseball-Great Sick and Penniless

BALTIMORE (AP) — Charles (Buck) Herzog, one of baseball's all-time greats with the New York Giants and Chicago Cubs, was taken to hospital Tuesday, penniless and sick.

A native of Baltimore, he was reported to have been down on his luck for the past several years.

He was a contemporary of some of the greatest names in baseball—John J. McGraw, Christy Mathewson and Ty Cobb. At one time he was manager of the Cincinnati Reds. He played in four World Series and was field captain of the Chicago Cubs for two seasons.

Sir Walter Scott wrote his famous novel "Guy Mannering" within six weeks in 1815.

ARMSTRONG BACK ON LEAF LINE-UP

TORONTO (CP) — Rookie right winger George Armstrong will return to the Maple Leaf line-up tonight against Chicago Black Hawks after a layoff of three weeks owing to a knee injury.

Club officials also announced Tuesday that Ray Timgren, utility forward called up from Pittsburgh Hornets under the emergency recall rule, will be returned.

Armstrong will provide sorely-needed front-line power. Ted Kennedy, Rudy Migay and Howie Meeker are still on the hospital list. Max Bentley is back on skates but still unable to play.

Fights

By the Associated Press

Toronto — Kid Alfonso, 163½, Warren, O., stopped Gordon Wallace, 165¼, Brantford, Ont., 5.

San Francisco — Eddie Chavez, 138, San Jose, Calif., outpointed lightweight champion Jimmy Carter, 136, New York, non-title, 10.

Brooklyn — Bob Baker, 216¾, Pittsburgh outpointed Billy Gilliam, 207¼, Orange, N.J., 10.

Syracuse, N.Y. — Carmen Basilio, 147, Canastota, N.Y., outpointed Ike Williams, 148, Trenton, N.J., 10.

St. Paul Minn. — Corky Gonzales, 128, Denver, stopped Jackie Graves, 127, Austin, Minn., 3.

Nelson Women's Rinks to Curl In B. C. Championship

At least two Nelson rinks will be attending the B.C. Women's Curling Championship in Kamloops on February 23, 24, and 25.

The rinks will be skipped by Mrs. T. A. Wallace and Mrs. E. N. Mannings.

READ THE CLASSIFIED DAILY

Walcott Won't Fight In Chicago

NEW YORK (AP) — Jim Norris, promoter for the International Boxing Club, has issued an ultimatum to manager Felix Bocchicchio that Jersey Joe Walcott must meet heavyweight champion Rocky Marciano in Chicago April 10 if he wants an indoor shot at the title.

The manager of the former heavyweight king met with Norris Tuesday, then told reporters as he left that Walcott would not fight in Chicago.

Bocchicchio said he wanted to hold the bout in Atlantic City's Convention Hall or in Miami's Orange Bowl in April, but Norris said he objected to both sites.

Norris said Felix indicated he wanted an indoor fight in April and an outdoor bout in June, believing that Walcott would regain the title in the first one.

British Soccer

LONDON (Reuters) Burnley defeated Portsmouth 3-1 Tuesday in a replay of a third-round Football Association Cup match. Burnley will meet the winners of the Sunderland-Scunthorpe replay in the fourth round.

ENGLISH LEAGUE

Nearly 100 Attend Figure Skating

With the Nelson Figure Skating Club in full swing once again under the direction of George Manual, the club's new skating pro, attendance at classes has reached close to 100 members.

Plans are also under way to hold ice dances with members from the Trail Figure Skating Club in attendance.

DeSpirito Has Virus Attack

OLDSMAN, Fla. (AP) — Tony DeSpirito, record-holding jockey, won't be around when Sunshine Park track opens Thursday.

James H. Carr, who holds DeSpirito's riding contract, reported the young rider is suffering from a virus attack.

Chevrier Blasts At Sob-Sisters

OTTAWA (CP)—Prisoners should be given every chance for rehabilitation, Mr. Justice E. R. E. Chevrier says, but they shouldn't be given a life of luxury.

"If people would stop being sob-sisters and mollycoddles, and deal with crime and criminals as they should be dealt with, there would be far less crime in this country," the Ontario Supreme Court justice said Monday at the opening of the Winter Assizes here.

No Red Associations

MONTREAL (CP) — Montreal Local 176 of the International Typographical Union (AFL-TLC) has announced that all its members have subscribed to a new obligation, requiring them to affirm they are not associated with the Communist Party. The obligation was authorized at the ITU's last convention.

Mossadegh's Bill Passes First Test

TEHRAN (AP) — [illegible]emier Mohammed Mossadegh's bill to extend for a year his extraordinary powers to rule by decree passed its first parliamentary test Tuesday and was referred to a committee for study.

Only about 10 members of the Majlis (lower house) of Parliament remained seated [illegible] on the measure was presented for a standing vote. The committee must report back to the next session of the Majlis and a final vote will be taken.

The premier's bill is marked "double urgency" meaning it can be passed in two sittings of the Majlis instead of the usual three.

It would extend the powers granted Mossad[illegible] August for six months over financial, economic military and government administration matters.

FIGHTING RECRUIT

CALGARY (CP) — Irish Jimmy Nolan of Calgary, former Western Canada welterweight and middleweight boxing champion, ended his professional boxing career this month when he reported for duty with the 1st battalion, Princess Patricia's Canadian Light Infantry.

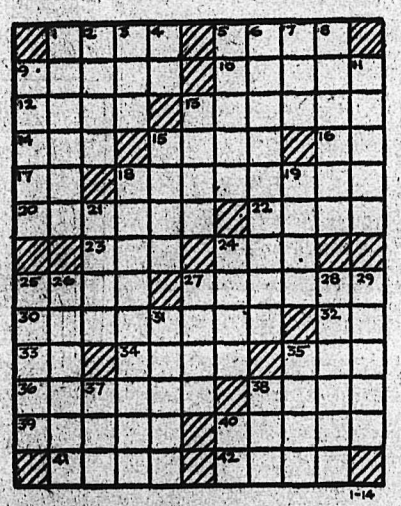
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

is L O N G F E L L O W
A X Y D L B A A X E

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

E L Z G D M M F M D W O T U A O S E Y U F Y.
Z D S D G G E S O — J F Y D L.

Yesterday's Cryptoquote: THE DOING EVIL TO AVOID AN EVIL CANNOT BE GOOD—COLERIDGE.

Market Trends

NEW YORK (AP)—A broad demand s nt prices rolling ahead in a general advance.

Canadian stocks were mixed.

Canadian Pacific gained ⅜, McIntyre ½ and Distillers Seagram was unchanged. Hiram Walker slipped ⅛ and International Nickel ¼.

TORONTO (CP) — Trading increased but prices continued mixed. Senior golds held firmly to a list of small gains and junior producers advanced.

MONTREAL (CP)—Prices moved irregularly higher. Trading tapered off to a slow pace.

Advances outnumbered declines two to one while a fair number of issues traded unchanged.

LONDON (Reuters) — End-account considerations caused quiet conditions.

Markets took on an irregular appearance. British government securities showed a trace of dullness reflecting lack of interest.

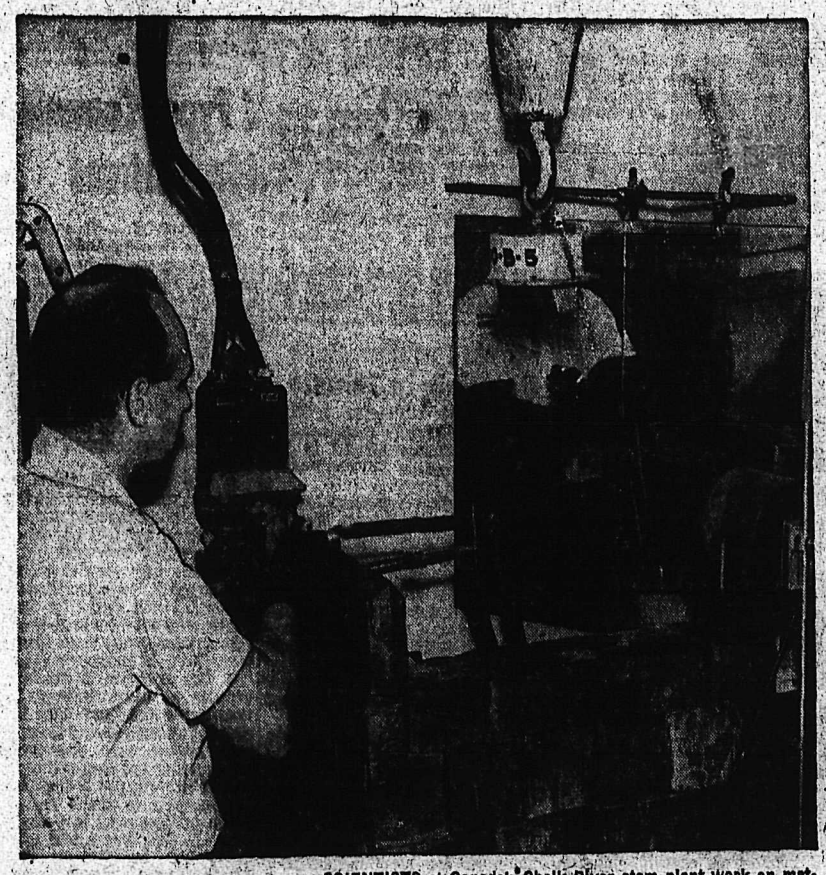
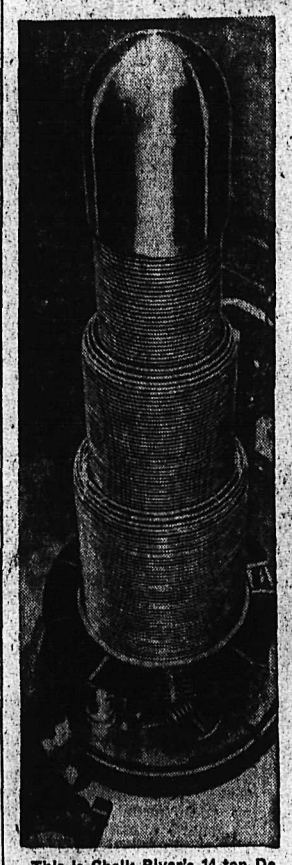
A LEAK of radioactive fission products at Canada's principal nuclear fission station at Chalk River, Ont., has brought most of the research work there to a halt while men with Geiger counters trace the source of the leak. Visitors to the station saw, for the first time, how the vast project functions in the manufacture of fissionable materials for use in industry, medicine, agriculture and experimental research. This diagram shows the process by which radioactive materials are produced. The efforts of all the scientists are realized when a small ball of metal is made radioactive in the interior of the reactor, and can be utilized for various purposes because of its controlled radioactivity.



SCIENTISTS at Canada's Chalk River atom plant work on matter they never see and have to protect themselves against "bullets" they cannot feel. The radioactive materials, such as cobalt 60, produced for cancer treatment, are handled by remote control by use of mirrors, as shown here, metal claws and other gadgets. The radiation from the fission products are the invisible bullets which can cause death. No one at Chalk River has suffered radiation burns due to the elaborate precautions taken.



This is Chalk River's 14-ton De Graff generator, which hurls high velocity particles to alter the structure of the atom. It is one of the largest of its kind in the world.
—Central Press Canadian photos

THE DESTRUCTIVE POWER of the atom, as demonstrated by this A-bomb explosion, advanced at Canada's Chalk River project. There research is devoted to purely peaceful adaptation of the atom-splitting principles. In this respect Chalk River leads all the world's known nuclear fission stations, says Dr. W. B. Lewis, the plant's research chief. The experiments there, according to Dr. Solandt, head of Canada's Defence Research Board, did play a part in the production of Britain's A-bomb development.

Bond Prices

MONTREAL (CP) — Firm to stronger prices prevailed Tuesday in fairly active trading on the Montreal bond markets. All Government of Canada's were improved. On the corporate side, Atlas Steel convertibles was the feature, moving up two points. Canadian Breweries convertibles were also stronger by ¼ point.

The average life of a guinea pig is four or five years.

Business Spotlight

Bank President Claims Credit Buying Risky for Average Family

MONTREAL (CP)—A reasonable use of credit is commendable, but its abuse is dangerous, Charles St. Pierre, president of La Banque Canadienne Nationale (National Canadian Bank) said Tuesday.

Addressing the bank's annual meeting, he recalled abolition of credit restrictions last May, and commented:

"As soon as this restraint disappeared, credit and installment buying experienced a rapid expansion, which is still going on . . .

"Easy terms offer obvious advantages, but sometimes they induce people to acquire goods for which they are unable to pay, and to undertake engagements which, perhaps, they will be unable to keep without upsetting their budgets. It is a good thing to look twice before mortgaging future income."

INFLATIONARY FACTORS

Mr. St. Pierre said that despite a trend towards lower prices, "several inflationary factors are still at work, notably the growing expenditures on behalf of national defence and social security, and the tremendous investments for development of natural resources, as well as extension of the country's financial equipment."

Mr. St. Pierre said the foreign trade picture towards the end of 1952 showed it is "more timely and more urgent than ever to diversify our outlets" and congratulated Trade Minister Howe "for his initiative in sending a commercial delegation to South America."

Noting revival of competition from countries which had been out of trading markets because of the war, Mr. St. Pierre said:

"Federal legislation protects national industry against unfair competition . . . but the lower price of certain imported articles is not always the result of dumping . . .

"When we find ourselves faced with foreign exporters of good faith whose competition we cannot meet, should we, by means of customs duties, equalize prices?

POSSIBLE OBJECTIONS

"Such a protective measure would doubtless raise objections at a time when the United Nations are agreed to lower tariffs as far as possible with a view to fostering resumption of world trade. Moreover, this would only be a short-range solution, seeing that the Canadian manufacturers concerned obviously would have to face these same competitors on foreign markets."

As a result, he added, "revision of cost prices is perhaps one of the most difficult and most urgent questions demanding the attention of all Canadian industrialists . . ."

Mr. St. Pierre said economic activity cannot be kept at a maximum indefinitely, and "it would, therefore, be timely, in 1953, to endeavor to put our house in order so as to be in a position to provide for all contingencies."

Mill at Duncan Bay Only One Since War

NEW YORK (CP) — R. A. McDonald, chairman of executive committee of East Texas Pulp and Paper Company, announced Tuesday that H. A. Simons, Ltd., of Vancouver, will design and build the pulp mill to be constructed by that company at Evdale, Tex.

The Simons firm has designed three other pulp and paper mills during the post-war period. The most recent plant, located at Duncan Bay, B.C., is the only new newsprint mill built in Canada since the war.

Calgary Livestock

CALGARY (CP) — The market was relatively active with cattle and calves on offer at the livestock exchange Tuesday. Good to choice light butcher steers and heifers brought 25 cents more. Hogs sold Tuesday at 23.75 a hundredweight while sows were up $1 at $12.

Choice to good butcher steers 21.50-22.50; common to medium 18-21. Good to choice butcher heifers 20-21; common to medium 17-19.50. Good cows 14-15.50; common to medium 12-12.50; canners and cutters 9-11.50. Good bulls 14-14.75, common to medium 12-13.50. Good stocker and feeder steers 17.50; common to medium 15-17. Choice veal calves 20-25.

Confidence Men Face Sentences for Fraud

TORONTO (CP) — Confidence men who entice strangers into gambling games by deceitful means can be guilty of fraud although the actual games are played fairly, the Ontario Appeal Court has ruled. The court Monday dismissed an appeal by John Broddy, who was sentenced to two years in penitentiary for defrauding George Nitscke of $100 in cash and a certified cheque for $500 in a poker game held in an Ottawa hotel.

REGINA (CP) — Regina's 14 credit unions with a membership of 7324 report assets totalling $4,662,000. For Saskatchewan as a whole, 57,076 credit union members have assets amounting to $19,726,000.

Nova Scotia Wins Fire Protection Award, Western Cities in Class A

BOSTON (AP)—Kentville, N. S., Tuesday won the National Fire Protective Association's grand award for Canada—the first time it has gone to the Province of Nova Scotia.

Memphis, Tenn., won the United States grand award in the International Fire Prevention Week contest.

Runners-up in the Canadian judging were Ottawa, Calgary and Hull, Que., in that order.

The contest is held to stimulate competition and encourage the use of Fire Prevention Week as a "springboard" for year-around fire prevention.

SPECIAL B. C. AWARDS

Special recognition awards included these Canadian Government installations: Royal Canadian Navy (Pacific Command), Esquimalt, B. C.; Royal Canadian School of Military Engineering, Vedder Crossing, B. C.; Provincial Mental Hospital, Ponoka, Alta.; Provincial Mental Institute, Edmonton; and Fort Saskatchewan Jail, Alta.

Canada had the following class winners:

Class A (population 100,000 and over): 1, Ottawa; 2, Calgary; 3, Vancouver; honorable mentions included Edmonton.

Russian Planes Warned to Keep Away From Japan

By ROBERT TUCKMAN

TOKYO (AP) — Japan, irritated by "at least 20 or 30" violations of its orders, Tuesday warned Russia against sending planes over Japanese territory.

A foreign office spokesman said U. S. planes would shoot down intruders if necessary.

The United States approved Japan's ultimatum in advance.

Japan thus in effect rattled a U. S. sabre against its old enemy to the north. It did not name Russia, but left no doubt that's the country it meant.

Shortly after the blunt warning, Gen. Mark Clark's headquarters announced the Far East commander had ordered his defence chiefs in Japan to take "all measures necessary to prevent further violations of Japan's security or acts which endanger U. S. forces."

BLUNT WARNING

A Japanese government spokesman said planes flying without permission over Japan would be ordered to land.

"When they don't follow our orders," Mitsuo Tanaka of the foreign office told a press conference, "if necessary we will shoot."

The warning could be aimed only at Russia. Only six miles of water separate Hokkaido, Japan's northernmost main island, from the Russian-held Kurile Islands.

The spokesman for the Japanese government said foreign planes had intruded over Hokkaido "at least 20 or 30 times since last summer." He expressed the belief that the planes came from Soviet bases.

Japan added:

"The Japanese government takes this opportunity to caution the foreign power concerned against the repetition of such violations and to declare that hereafter, for any consequence of the measures to be taken to repel intruding aircraft, the entire responsibility will rest with the country to which the aircraft belongs."

Tanaka said decisions on defence measures would be made by U. S. commanders.

The U. S. has the only air force in Japan. Under terms of the U. S.-Japan security pact, the U. S. is charged with defence of Japan.

A U.S. embassy spokesman said Japan's warning carried the concurrence of Ambassador Robert Murphy and Gen. Clark.

The international language esperanto was invented by a Warsaw oculist, Dr. L. L. Zamenhoff.

Aussie Regular Army At Highest Level

CANBERRA (Reuters) — Australia's regular army, with a strength of 28,000 men, is at its highest peacetime level in history, Army Minister Josiah Francis said Tuesday.

The army's final target is 33,000 men.

In addition, the Citizen's Military Force (militia) is halfway to its goal of 97,500, Francis said.

Australia has a population of 8,500,000.

Edmonton Plant Turns Out New Wonder Plastic

By FRED CHAFE
Canadian Press Staff Writer

A $13,000,000 plant near Edmonton will soon be turning out a wonder plastic which has found uses in everything from unbreakable drinking glasses to insulation for submarine cables.

The new product, considered one of the most versatile and useful plastics yet produced by modern science, is called polythene.

It first proved its qualities as insulation in wartime radar equipment. Sir Robert Watson-Watt, British radar wizard, credited polythene with transforming "the design, production, and installation and maintenance problems of airborne radar from the almost insoluble to the comfortably manageable."

TRANSLANTIC CABLE

Peacetime communications operators have since become enthusiastic about its commercial value. More than 1000 miles of polythene-insulated cable was used last summer when the cable ship Monarch revamped the old submarine link between Halifax and Porthcurno, Cornwall.

Officials saw increased speed along with a sharp reduction in distortion and power loss, and are convinced polythene is in the communications field to stay.

Canadian Industries Limited picked Edmonton for the site of Canada's first polythene plant because the area's oil fields are rich in ethylene-producing natural gas. The plant, scheduled for production late in 1953, will turn out eight times the amount now available through imports from the United Kingdom and the United States.

1933 EXPERIMENTS

Polythene dates back to 1933 and an English laboratory experiment which at first looked like a flop. Two scientists wanted to make benzaldehyde react to ethylene, a simple constituent of coal and refinery gases.

They didn't get what they wanted. Instead they produced polythene. After four more unsuccessful experiments, they evolved a sure-fire manufacturing process.

The product of their research was tough and flexible even at sub-zero temperatures, lighter in weight than any other known plastic, tasteless, odorless and non-poisonous. A polythene plant came into operation the day the Nazis invaded Poland and was promptly shunted over to war production. Only in 1945 did it become available to peacetime industry.

PROLIFIC PULLETS

GALT, Ont. (CP) — Dr. H. W. Mason has a collection of pullets that really produce. In recent weeks their egg production has included 12 double-yolk eggs, all unusually large.

Moscow Accuses Jewish Doctors of Killing Two Top Military Leaders

By THOMAS P. WHITNEY

MOSCOW (AP) — The Soviet press and radio Tuesday announced the arrest of nine doctors—most of them Jews—on charges of killing two top Russian leaders and plotting the deaths of others on instructions from British and American intelligence services and Zionist organizations.

The announcement said the doctors admitted killing Andrei A. Zhdanov, one of the leading members of the powerful politburo until his death in 1948, and Alexander S. Scherbakov, head of the chief political administration of the Soviet Army, who died in 1945.

The announcement by Tass, the Soviet news agency, said others marked for death included War Minister Marshal Alexander M. Vasilevsky; Marshal Ivan S. Konev, commander-in-chief of Soviet ground forces, and his chief of staff, Gen. S. M. Shtemenko; Marshal Leonid A. Govorov, who commanded Red armies in Finland during the Second World War, and Admiral G. I. Lvchenko, deputy party minister.

DOCTORS IDENTIFIED

The nine doctors were identified as Professors M. S. Vovsi, V. N. Vinogradov, M. B. Kogan, B. B. Kogan, P. I. Yegorov, A. I. Feldman, Y. A. Etinger, A. M. Drinshtein and G. I. Mayorov.

Tass said they "criminally undermined" their patients' health, "deliberately made incorrect diagnoses and then, by incorrect healing methods, destroyed them."

Tass said the doctors were "hired agents of imperialist intelligence" who received their instructions from "Joint."

The Russian accusations against the doctors and the Jewish agency coincide with a wave of anti-Semitic purges and trials reported throughout Soviet-controlled Eastern Europe.

Britain "Unknown Country" to Many Canadian School Children

TORONTO (CP) — A questionnaire on Canada, submitted by The Canadian Press recently to a group of school children in England, brought some startling answers.

The same questionnaire—with the word "Canada" substituted for "England"—has been submitted to a group of children of a similar age in a Toronto school. The answers were just as startling.

Thirty-seven students ranging in age from 10 to 12 years were given the following question:

1. What is England?
2. Where is it?
3. What language is spoken there?
4. What nationality are the people?
5. Name four towns in England.
6. What does England send to Canada?

PART OF AMERICA

The majority of students classified England as a country, three called it "our motherland" while four others called it only "the motherland." Four called it an island.

Most of the English children knew that Canada is a country, though one said it was a continent and one said it was "a part of America."

The English children were not sure where Canada is. Sixteen put it as in or near the north of America while five said it was in the United States.

The Canadians were virtually agreed that English is spoken in England, though one thought the language was Canadian and another said the "people spoke with an English accent."

The English, however, were less certain. Only three specified English and French as the languages spoken here.

All the Canadian children agreed that the people of England are English or British and the English pupils knew that Canadians lived in Canada but spelled the term with diversity: Canadon, Canadin, Canadeun, Canian, Candolean.

Maple Problem Pops Up Again in Toronto

TORONTO (CP)—The brilliant red associated with Canadian Autumn has finally arrived in Toronto, but not on University Avenue's maple trees.

Blushing City Councillors learned Monday that to replace the red maples that were really Norway maples on the wide avenue, they'll have to pay $25,000.

The trouble started last Fall when City Council discovered the Holland Bulb Company had supplied them —for $650—with a variety of maple that produced a dull yellow leaf instead of the brilliant red that was to lend color to Toronto's proudest thoroughfare.

Monday a committee of experts, convened last Fall to deal with the matter, recommended that 127 Norway maples imported be replaced with red and sugar maples. The cost: $200 a tree.

Said Mayor Allan Lampo: "We're not throwing good money after bad."

4 Types Commit Most Crimes

TORONTO — There are four groups of Canadians who commit a major proportion of the crimes that keep our courts busy and our prisons full, according to Dr. Robert O. Jones, professor of psychiatry at Dalhousie University; and our present system of legal procedure does not deal adequately or wisely with these people.

In an article, "Crime Is a Major Industry Here," Dr. Jones summarizes the four criminal types as follows:

1. The mental defectives, who have not developed enough intelligence to allow them to understand the general rules of society—they see something they want and can't appreciate why they shouldn't be able to get it. These people are very easily led into crime by smarter people who use them to do the dirty jobs and frequently shove them into the position of getting caught.

2. The psychotic, or insane, who because of upset feelings inside them have developed false beliefs about the people around them. They may believe very strongly that other people are persecuting them, and in this situation it doesn't seem unreasonable to attack the persecutor perhaps even in a way that will kill him. Not a few murders occur under such circumstances.

CONSCIENCE DEFECT

3. Then there is the individual who seems to have some defect in that part of his character called conscience. These may be people of good intelligence who are certainly not mentally ill in the legal sense of the word, but they never show the ability to take responsibility or to appreciate how anti-social their acts are. These people are, technically, called psycopaths, or people with character disorders, and a great many commonly repeated crimes are committed by them—such as signing false cheques, swindles of all sorts, profitable impersonations, and sex crimes. According to Dr. Jones, the facts now show that locking this sort of person up in jail for six months or six years is probably not going to make any difference to him. The only thing that may help is to confine him for an indefinite period to a place where he can be given all the advantages of modern psychiatric treatment.

4. Then there is the group of persons who have minor emotional disturbances. They don't develop false beliefs, but they may be uncomfortable and guilty within themselves and feel as if they need punishment. One way to get punishment is to commit a crime and make sure you get caught. This neurotic sort of criminal can only be helped with adequate treatment.

NEW ATTITUDE

If public opinion can be swung around to a new viewpoint that does not regard any change in the punitive "eye for an eye and a tooth for a tooth" attitude as equivalent to "mollycoddling" and "making crime more attractive", then Dr. Jones has some specific suggestions to put forward.

"If this change of attitude were accomplished, then the next thing would be provision of psyciatric help—consultation services in the various courts, and especially in the juvenile courts, where treatment can be most effective," concludes Dr. Jones. "It would also mean observation services, so that the psychiatrist would have opportunity to observe the prisoner for a period of time in proper surroundings. Once this has been done, we should have treatment facilities for suitable patients. This is not revolutionary. The Archambault Report suggested it years and years ago, but I think to date there is one psychiatrist in the whole Canadian penitentiary system!"

B. C. Ballet Enters Canadian Festival

TORONTO (CP) — Eleven ballet groups have entered the fifth Canadian Ballet Festival to be held at Ottawa's Little Theatre April 27-May 2.

Mrs. H. E. Ransom, secretary of the Festival Association, said Tuesday a 12th group, from Vancouver, may be entered.

Groups already entered include the British Columbia Ballet Company at Vancouver.

Mrs. Margaret Lloyd, prominent critic of Boston and New York, will begin regional adjudications Feb. 16 in the various Canadian cities.

RCMP's List of Wanted Men Is Slowly Reduced

OTTAWA (CP)—Donald Mickey McDonald, Toronto hijacker who broke out of penitentiary 5½ years ago, has been dropped from the RCMP's new list of Canada's 10 most-wanted criminals.

An RCMP spokesman said Tuesday McDonald is "presumed dead." He declined to elaborate.

The 44-year-old Toronto hoodlum held the top spot on the list all last year, except when Toronto gangsters Edwin Alonzo Boyd, Leonard Jackson and Steven Suchan were being sought.

His place as Canada's No. 1 bad man is taken by 35-year-old Hugh Kennedy of Winnipeg and Toronto. Kennedy, alias McIntosh, has been wanted by Toronto since his escape Nov. 27, 1948, while on the way to Kingston penitentiary to serve eight years for forgery.

The RCMP says he tops the list because he has a long record and is considered dangerous.

LATEST LIST

The country's 10 most-wanted criminals:

1. Hugh Kennedy.
2. Donald Winslow Henderson, 36, of Calgary, wanted on a charge of murdering Yvonne Levesque Aug. 11, 1949.
3. Michel Sisco, alias Antoine d'Agostino, 45, wanted in Montreal on narcotic charges, and by France which sentenced him in absentia to death for treason, July 23, 1948.
4. and 5. John Mallock, 37, and his brother George Michael Mallock, 38, both of Winnipeg, wanted in Vancouver for unlawfully selling narcotics and conspiracy.
6. William Patrick Ryan, 63, of England and New Zealand, described as an "international swindler." He is wanted by both Vancouver and Toronto police for defrauding by swindles in horse race payoffs. He allegedly took $5000 in Vancouver April 4, 1951, and $10,000 in Toronto Oct. 11, 1951.
7. Isaie Aldy Beausoleil. The RCMP says it is cooperating with the FBI in seeking him for the murder of Rose Trahan in Monroe County, Mich.
8. William Adams, alias Wasely Sombroski, alias Joe Lacheau, 30, wanted in St. Catharines, Ont., on a charge of murdering his father, whose body was found buried in the basement of a shoe repair store in June, 1949.
9. Richard Joseph Lavoie, alias Phil Martin, 38, wanted in Montreal for armed robbery of $19,668.
10. Harry William Hedderson, 45-year-old Toronto machinist, wanted in Sudbury, Ont., on a charge of stealing three gold bricks valued at $90,000 on May 29, 1952. Two associates: John Clifford Buckley and Jack Dawson Meldrum, have already been sentenced to prison for their part in the theft.

Drug Trade Doubles

GENEVA (AP)—The United Nations permanent central Opium Board reported gloomily Tuesday that the number of narcotic drugs has almost doubled in the last five years. It called for a tightening of drugs control through the world. The world manufacture of morphine reached a record total of 72 tons in 1951, the Board reported.

Technical Revolution Needed to Bring Hollywood Back, Says Obler

By BOB THOMAS

HOLLYWOOD (AP) — They laughed when Arch Obler sat down to make a picture in three dimensions.

The Hollywood skeptics scoffed when they attended the premiere of the film and had to view it through special glasses. Three top studio executives walked out in the middle. The press reviews varied from condescending to brutal.

But Obler doesn't care. He's making millions with it.

The picture is a happy collection of hokum called "Bwana Devil." It is expected to draw $8,000,000 at the box office, according to Obler's reports and Obler owns 60 per cent.

A group wants to buy his interest in "Bwana" for $2,000,000 but this high finance almost seems to bore him.

"The money is convenient to have," he remarked, "but only so I can make more pictures. The only person I am striving to please is myself."

HAPPY TRIUMPH

Even so, the financial success of "Bwana" represents a happy triumph for Obler over his scoffers.

"The experts said it couldn't be done, the banks said it couldn't be done," he commented. "But the public has seen three-dimensions and they say it can be done."

Obler's own faith in what he calls 3D was so great that he mortgaged his own home to get the film started. The first third of the picture was financed by his own money, except for $10,000, when he had shot a third of the script, he showed it to theatre men and others in order to raise enough money to finish the picture. Right up until the Los Angeles premiere, there was hardly enough money for prints of the film.

His next project will be called "Spear in the Sand" and will have 3D sound as well as sight. Sound will be projected realistically from loudspeakers in various parts of the theatre.

He advises the major studios to start scouting new horizons, too.

"Hollywood keeps expecting to pull itself up by its own bootstraps," he observed. "But not even another world war could bring movie business back to its previous peaks. I will take an entire technical revolution."

5-Year Highway Plan Asked of B.C. Government

VICTORIA (CP) — The B.C. Chamber of Commerce in a brief Tuesday asked the provincial government to start a broad five-year highway construction program.

The brief stressed that reduction in government expenditures should not be at the expense of a program of public works "adequate to our tremendous growth and vital needs."

The brief noted the Doukhobor problem and urged early government action to "alleviate as many as possible of the frictions in this complex problem."

Dulles, Stassen To Tour Europe

NEW YORK (AP) — John Foster Dulles, state secretary designate, and Harold Stassen will go to Europe at the end of this month to gather information for President-elect Eisenhower on political trends there.

The decision was reached Tuesday at conferences Eisenhower is holding with his cabinet designees and other top officials of the new administration.

Eisenhower's press secretary, James Hagerty, said Dulles and Stassen, who will be director of the mutual security agency, plan "to gather information in relation to U.S. participation in NATO and in economic assistance" abroad.
