Tales of Horror Told by Returnees

Castlegar Man Dies In Slocan Accident

Carl Brodman Crushed as Caterpillar Overturns on Hillside Logging Trail

SLOCAN LAKE, — A logging accident claimed the life of a Castlegar man here Thursday afternoon when a five-ton caterpillar he was driving overturned, pinning him beneath it.

Carl Brodman, 53, former resident of Slocan City, died a short time after his "cat" overturned while skidding poles on his timber limit near here. Local residents rushed to the accident six miles south of Slocan, but too late to give aid. Another machine was to be taken to the scene to lift the cat so Mr. Brodman's body could be released.

The Castlegar man, who has run his own portable sawmill here for the past five or six years, was skidding logs on a hillside logging trail when the logs apparently jammed against a tree, snapping the towcable and causing the cat to slew to the side and roll over on the incline.

William Kalmakoff of Perry's Siding, working alone with Mr. Brodman, unable to help him single handed, rushed for help to the nearest neighbor, Jack Lowenberg, four miles away.

CALLS RELAYED

Importance of the telephone to isolated areas was brought to focus in the way the call for aid was relayed through private phone lines to the main line and community spirit accented as citizens dropped all to bring help.

Jack Lowenberg, without a phone, rushed to a neighbor, Mrs. R. G. Warner, who relayed the message from her party line to Mrs. T. W. Cooper, who in turn phoned Mrs. W. E. Graham, wife of the city operator, who called immediately for doctor and police.

In the meantime, Mrs. Cooper hurried to town by truck to locate a first aid man. Mrs. John MacDonell, versed in home nursing and first aid, was called from her home and with a dozen men rushed to the scene.

Mr. Brodman moved from Slocan to Castlegar about 1940. He came here with his family from Switzerland.

Besides his wife in Castlegar, Mr. Brodman is survived by two sons, Charles of Nelson and Rene of Castlegar, and three daughters, Mrs. Leo Bosse, Mrs. M. L. Waite and Nettie, all of Castlegar.

Krestova Fires Leave 3 Families Without Homes

KRESTOVA — Two fires in the early hours of Thursday morning left three Doukhobor families homeless here. The fires were spotted about 2:45 a.m., Thursday by RCMP highway patrol officers in the area. RCMP said nearly all belongings and furniture were removed from the blazing homes. The homes, owned by Pete G. Zarubin and Edward N. Podmeroff, were situated in Krestova proper. Alex Saprikin and his family were also left homeless. They had been residing at the Zarubin home. Within the past week 16 homes have been destroyed in Sons of Freedom settlements, 14 of them at Krestova.

WEST BERLIN POLICE and riot squad trucks stand guard outside a food distribution station in the Neukoelln district of the American sector after East Berlin Communists staged an attack on the station. In the background an orderly line of applicants wait for distribution of the American food under protection of the police, who had broken up the earlier attempts by Communist sympathizers to prevent the distribution.

Torture, Beatings, Used by Sadistic Reds To Gain Information

By ROBERT EUNSON

FREEDOM VILLAGE (AP)—Americans and South Koreans freed by the Communists today told of beatings, burnings, death marches and starvation at the hands of their Red captors—horrors which they said killed countless fellow prisoners.

Lt.-Col. Thomas D. Harrison arrived on crutches with one leg missing. He said the Communists had starved him seven days, then repeatedly smothered him with a wet towel and revived him with jabs from a lighted cigaret in a fruitless attempt to get military information.

Harrison, from Clovis, N. Mex., is the second cousin of Lt.-Gen. William K. Harrison, senior Allied truce negotiator.

Thursday's accounts, if not so sweepingly lurid as ordeals described by sick and wounded POWs freed last April in Operation Little Switch, were all the more intense and personal. A new army censorship rule allows a liberated prisoner to tell only of atrocities he saw.

The accounts were grimly accented by the sight of pitiful, broken men who made up part of today's 392 returnees. Some could hardly walk. Others were terribly emaciated. One, a South Korean, was delivered dead.

Another South Korean died of tuberculosis aboard a southbound helicopter from Panmunjom.

Lieut. Samuel E. Massinberg of Detroit, Negro co-pilot of a Superfort shot down over Pyongyang last Jan. 11, said he was tortured for four days by North Koreans trying to get military information.

He said his frostbitten hands were bound behind him. He was given no food and was beaten. The beatings stopped only when part of his left hand rotted away from gangrene. He said they made a special effort to woo him to communism "because of my race."

"I understand communism better now. I hate it more," he said.

The returning prisoners presented grim evidence that some of the thousands of missing Americans never will return.

Shung Keum Shoon, a 25-year-old emaciated South Korean told of seeing North Korean Reds beat seven Americans so severely with rifle butts that five died within a few hours.

DEATH VALLEY

Cpl. Russel P. James of Auburn, Wash., said he was on a burial detail in the winter of 1950-51 at a notorious North Korean mining camp known as "Death Valley" and had seen more than 1500 fellow U.S. prisoners buried.

"Every day there were from 25 to 30 Americans soldiers who had to be buried. They died of their wounds. We had no medical treatment at all. They froze to death. And they didn't have enough to eat."

A pattern began to emerge from the soldiers' stories. Foot soldiers captured after the winter of 1950-51 told of somewhat better treatment, but they said food and medical care were inadequate.

On the other hand, airmen in the last two years of the war often were treated with utmost brutality, apparently in reprisal for the endless bombings.

It appeared from the POW's stories that conditions improved in some cases as the Chinese Communists took over from the North Korean Reds, and improved still more as the truce talks progressed.

"In the last two or three weeks it seemed like they emptied their warehouses and did everything possible to make us happy," said Maj. John C. Harlan, Institute, W. Va.

A South Korean doctor who examined Pte. Kim Chiang Duk, the 35-year-old RoK soldier who died en route of tuberculosis, said: "This man was terribly ill before Little Switch."

Skilled Labor Shortage Seen

SAN DIEGO, Calif. (CP) — The Western world is faced with a serious shortage of skilled workmen that can be offset only by strenuous efforts in the apprenticeship field, V. C. Phelan of Ottawa said Thursday night at the first North American conference on apprenticeship. dian branch of the International

Mr. Phelan, director of the Cana- Labor Organization, said that for the foreseeable future European countries will have "a shortage of the types of industrial workers requiring greater training and skill.

As a result, "it will be less easy in the future than it has been in days gone by to rely upon migration from Europe of skilled workers to fill up the gaps" in the North American labor force.

In Canada, a 1952 conference of government, workers and employers concluded that Canada "faces a shortage of skilled workers for the future unless successful energies are directed to increasing apprenticeship programs."

In studies of "underdeveloped countries, he said, it is found that underdevelopment and lack of skilled workers go hand in hand.

"One is entitled to conclude that if the world as a whole is to make the economic advances looked for in the next generation, hopes will only become realities if there be considerable stepping-up of this business of training young people into skilled industrial work."

"As long as the situation is taken care of without any government support, all well and good, but if the day arrives when some government leadership is indicated as necessary in order that apprenticeships shall be adequate to meet the public needs then a definite role for government is created."

SEATTLE POWER OFF 18 MINUTES

SEATTLE (AP) — There was an 18-minute complete power failure Thursday night in Seattle, a city of half a million people.

The cause was not immediately learned, but it was understood there was some trouble in the Skagit River area north of Seattle, where the city has a big power dam. There was speculation that a thunderstorm in the mountains might have been the cause.

PM Defends Abbott, Claxton

By HAROLD MORRISON
Canadian Press Staff Writer

MONTREAL — (CP) — The roar of a thunderous ovation swept over Prime Minister St. Laurent Thursday night as he wound up his campaigning in this metropolis with two humanity-packed market place meetings.

At Atwater Market, in southwest Montreal, some 3000 persons filled the second-storey meeting hall to overflowing. Another 2000 were in the streets below.

A similar crowd packed the St. James Market meeting in east-end Montreal. At both meetings, the crowds shouted, applauded and cheered the prime minister as he reiterated his single election promise: "To do my best."

Mr. St. Laurent chose the first meeting at Atwater to defend two English-speaking ministers from Quebec province and to make another attack on Mr. Drew's election promises.

He said the appointment of Defence Minister Claxton and Finance Minister Abott, both from Montreal and both English-speaking, to the cabinet marked a further development in the spirit of national unity spreading throughout the country.

The same spirit of unity showed, he said, in the appointment to the cabinet of Health Minister Martin and Transport Minister Chevrier, two French-speaking men from Ontario.

But he was getting tired, he said, of hearing the Progressive Conservatives continually criticizing Mr. Claxton as negligent and inefficient.

Clark Would Use "Every Weapon" If Truce Broken

WASHINGTON (AP) — Gen. Mark W. Clark said Thursday that if the Communists break the truce in Korea he would favor using "any and every weapon" in the United States arsenal to strike back at them.

He did not specifically mention atomic weapons, but presumably his words would cover such.

Clark, soon to retire as Supreme Allied Commander in the Far East, made the statement at a press conference.

Clark expressed neither exultation for the truce he signed nor much beyond a glimmer of hope for the recovery of all Allied prisoners who fell into enemy hands during the 37-month Korean war.

If the enemy breaks the armistice, he might not find himself fighting under restrictions imposed upon the United Nations command in the past . . .

"If the truce is broken," Clark said, "I would favor using any and every weapon at the disposal of my country."

Mormon Church Says Guilty Parties Dealt With

LETHBRIDGE, Alta. (CP) — The position of the Mromon Church in connection with polygamy practiced by a cult at Short Creek, Ariz., was outlined in a statement released here Thursday.

The statement was received from the first presidency of the Mormon Church in Salt Lake City.

The statement:

Having been approached for a statement with reference to the Short Creek (Arizona) situation, we merely state that all infractions of the moral code by individuals, which have been brought to our attention from that area, have been promptly dealt with by our ecclesiastical tribunes and that upon proof of guilt those who have been found guilty have been excommunicated from the Church of Jesus Christ of Latter Day Saints in accordance with its normal procedure, and the church has thus exhausted all its ecclesiastical powers with reference to such persons.

American, British POWs Less Gaunt Than S. Koreans

By MILO FARNETI

PANMUNJOM (AP) — In a smooth operation that clicked along well ahead of schedule, the Communists today handed over 100 Allied prisoners of war, including 25 Americans and 25 Britons, in 24 minutes. The other 50 were South Koreans.

They were the vanguard of 400 prisoners promised in today's return, including 81 Americans, 25 Britons, 25 Turks, 12 Filipinos, seven Colombians and 250 South Koreans.

The Americans and Britons appeared to be in good shape, in contrast with the wretched condition of many returned on the first two days of the big Korean armistice PoW exchange.

They waved and smiled from the trucks that carried them to Panmunjom from the north.

The South Koreans did not show the same alacrity and spirit. The gaunt faces and emaciated frames of some told of malnutrition. Some wore dirty gauze masks, the sign of tuberculosis.

Many had to be helped from the trucks.

As the freed Allied prisoners moved along to the comforts awaiting them, long lines of Chinese and Korean Red prisoners were going back to their Communist homelands.

With the return of today's 300, the Reds will have given back 1192 of the nearly 13,000 Allied prisoners they said they hold.

In Washington, Gen. Mark W. Clark, UN Far East commander, said the Communists may hold between 2000 and 3000 more Americans than the 3313 they said they would send home.

Clark told reporters "thousands upon thousands" of South Koreans still have not been accounted for by the Reds.

He said that the Reds denied having more prisoners than they listed during the truce negotiations, but he was authorized by Washington to reserve the right to "protest and pursue" the matter before the military armistice commission supervising the truce.

With Friday's scheduled turnover of 2752 North Koreans and Chinese war prisoners at Panmunjom, the Allies will have returned a total of more than 8000 of the approximately 74,000 Red prisoners held in UN camps.

The Reds Thursday returned 392 Allied prisoners instead of the stipulated 400. There was no announced explanation of the discrepancy. The full number of 70 promised Americans came back, including 42 sick and injured.

The others listed were 250 South Koreans, one of whom was dead on arrival at Panmunjom and another died shortly after; 25 British, 25 Turks, 10 Filipinos, five Australians and seven Columbians.

The Allies delivered 2752 Red PoWs, including 2152 North Koreans and 600 Chinese.

Some of the South Koreans sang as they arrived at Panmunjom, but they were on the whole a sick and pitiful lot. One of them spat on a North Korean officer. Another threw up his arms and said: "May God damn the Communists."

The belligerence of the Red prisoners boiled up again in the Thursday exchange. They tore off their clothes and hurled them, along with mess kits and other articles, at the Americans.

Drew's Theme 'Time for Change'

By ALAN DONNELLY
Canadian Press Staff Writer

TORONTO — (CP) — The Progressive Conservative election theme of "time for a change" was put before Toronto voters Thursday night by party leader George Drew in the last big election rally of his seven-week campaign.

Change is the only sure thing in politics, he said, and Canadians are "thankful" the Conservatives offer an alternative to the present Liberal government in Ottawa.

His speech, to between 5000 and 6000 persons in Exhibition Park, was a scatter-gun review of the main points he has made in a hard-fought campaign across the country.

The Progressive Conservatives were ready and able to form a government, he said, replying to Trade Minister Howe's statement that the party was in no shape to take office after 18 years out of power.

If the voters took Mr. Howe's word, "it means the end of the two-party system in Canada."

Mr. Drew pointed to the line of Toronto-area Conservative candidates with him in the Exhibition Park bandshell and said that among them were candidates "infinitely more capable of doing a job better than those I see occasionally on the other side of the House of Commons."

3 B. C. Fatalities

VANCOUVER (CP) — Traffic accidents in Vancouver and at Cultus Lake, 70 miles away, took two lives Thursday. A third man died in a fall from a wharf extension here.

The dead:

Robert Williamson, whose car was in collision with another automobile shortly after noon.

A. Bellikoff of Cloverdale, killed by a truck while attending the annual picnic of the Fraser Valley Milk Producers Association at Cultus Lake, and

Charles Anderson, 67, killed when he fell 35 feet while working on a wharf extension at the Evans, Coleman Wharf, Co. Ltd.

DOLLAR HIGHER

NEW YORK — (CP) — The Canadian dollar was 1-32 cent higher at a premium of 1 3-32 per cent in terms of U.S. funds Thursday. Pound sterling unchanged at $2.81 11-16.

KASHMIR GOVT DIVIDED ON INDIA RELATIONSHIP

NEW DELHI (Reuters)—A rift over Kashmir's relations with India is widening inside the Kashmir government and the prime minister, Sheikh Abdullah, may be heading for a fall after six years in power.

The "Lion of Kashmir" wants his state to remain semi-independent of India. Kashmir's last ruling Maharajah, Sir Hari Singh, a Hindu, acceded to the Indian Union in 1947 yielding up control of foreign affairs, defence and communications, but retaining a large measure of autonomy.

Since then the mountain state has been the object of a tug-of-war between India and Moslem Pakistan, embittering relations between the two countries.

Vancouver Traffic Toll Up to 22

VANCOUVER — (CP) — This city's traffic toll rose to 22 Thursday when elderly Robert Williamson died in hospital shortly after a collision in which he suffered only slight external injuries. It was believed the accident may have brought on a heart attack.

EDDY GILMORE, former Associated Press bureau chief in Moscow, looks over the New York skyline with his Russian-born wife and family on their arrival aboard the French liner Ile de France. Mrs. Gilmore, the former Moscow ballerina Tamara Chernashova, and their children, Vicki, 9, at left, and Susanna, 3, were given permission by Russian authorities last June to come to the United States with Gilmore. A previously planned family trip in 1950 had been forbidden.—AP Wirephoto.

Licence Tab System To Be Scrapped

VICTORIA — (CP) — British Columbia's system of tabs for car licence plates, instituted in 1951, will be abandoned, Attorney-General Robert Bonner said Thursday.

The government will revert to issuing new plates each year to commercial vehicles in 1954 and for private cars in 1955.

The present system is being scrapped, he said, because tabs provided insufficient identification and the aluminum plates, which were to last five years, are not standing up.

The aluminum plates were issued in 1951 and in 1952 tabs were issued instead of new plates.

Two Girls Arrested as Mob Of 300 Storms City Hall

PRINCE RUPERT, B.C. — (CP) —Two teen-aged girls were arrested here Thursday, for a total of 10 persons following a wild disturbance in which a mob hurled stones last weekend.

Nancy Conrod and Dianne Miller, both 18-year-olds who came here from Nanaimo, B.C., three weeks ago, were arrested by RCMP members and appeared in police court before Magistrate W. D. Vance. They were granted bail of $250 each.

Like the other eight charged, including two native men and one native woman, they were accused of taking part in an unlawful assembly. All will appear for preliminary hearing next Tuesday.

Meanwhile, two other men—not directly involved in the mob scene which occurred late Saturday and early Sunday—were sentenced for charges involving drinking, disorderly conduct and creating a disturbance.

RCMP members testified that Jack Veefkland, fined $100, shouted "heil Hitler" while they were making an arrest. Robert Taylor was fined $20.

The RCMP was taunted by a mob numbering some 300 who marched to city hall, tossed rocks through the window, and challenged the police with shouts of "gestapo — come out and fight."

The RCMP used tear gas to break up the melee, in which no one was injured.

Following an emergency meeting of city council, the RCMP and public were asked for co-operation to avoid any recurrence of the violence. It was the second successive weekend for violence to break out here.

One reason given for the outbreaks was the more-than-usual weekend night life in this northern town because of the booming fishing season.

The police was asked by city council to be "more courteous" in dealing with the crowds. Population of Prince Rupert is about 6000.

C. E. Rivett-Carnac, RCMP assistant commissioner, flew here Wednesday and held discussions with Mayor Harold Whalen, the inspector of the Prince Rupert RCMP sub-division and the Indian superintendent. There were reports the police detachment would be strengthened.

Mayor Whalen Thursday issued a proclamation advising that persons who attach themselves to a disorderly mob become lawbreakers themselves, subject to prosecution.

The proclamation said in part:

"We have the police for the protection of every one of us.

It is their duty to keep order and to make this a safe and decent place in which to live. It is our duty to co-operate with them."

Water Levels

Nelson	4.60	4.75

INCHON, Korea (AP) — The average United States soldier freed from a Communist prison camp has about $2200 back pay coming, the finance officer at the Inchon replacement depot said Thursday. The amount of back pay varies according to the size of a soldier's allotment to his family, his rank and the length of time he was a prisoner.

Raspberry Crop Said Exceptional

CHILLIWACK, B.C. — (CP) — Exceptional yields running to nine tons an acre were reported by Fraser valley raspberry growers Wednesday as bright, sunny weather continued to provide ideal harvesting conditions. No shortage of labor was reported.

VANCOUVER — (CP) — Charlie Anderson, 67-year-old employee of Evans, Coleman Wharf Company Ltd., died in hospital Thursday after he fell 30 feet from the third landing of a derrick upon a pile of lumber. An ambulance was held up 10 minutes by a freight train en route to take him to hospital.

LORNE CHEESEBOROUGH, of Kingston, Ont., was the driver of the bus in which 20 persons were carried to their deaths in a canal at Morrisburg, Ont. He was rushed to hospital as soon as police arrived on the scene.
—Central Press Canadian.

N. Korea POWs Stage Eve-of-Freedom Riots

KOJE ISLAND (AP) — United Nations guards quelled with rifle fire and gas, three riots by 12,000 North Korean prisoners who demonstrated Thursday—even as their compounds were being emptied for the big armistice exchange.

The UN prisoner-of-war command said today one prisoner had been killed and four had been wounded.

None of the allied guards was injured.

There were three "eve of freedom" riots in the North Korean compounds on this big prisoner island off southeast Korea, the POW command said.

The casualties all came in the first, which was put down with rifle fire and tear and vomiting-gas. The guards quelled the other two demonstrations with gas alone.

Chanting, screaming North Koreans threw rocks and barricaded themselves in their compounds. In one case they attacked a UN guard with a board.

Camp officials said the last-minute flare-up was planned deliberately by die-hard Red prison leaders in an effort to save face and to avoid possible reprisals from their Communist masters for the disgrace of having surrendered.

And in This Corner . . .

CAJON PASS, Calif. (AP)—The most pressing problem of nudists meeting here is how to get along without pockets.

Mervin Mounce of Spokane, Wash., president of the American Sunbathing Association, announced Wednesday a contest to determine the best solution. A prize will be awarded Sunday at the Association's 22nd annual convention.

CHICAGO (AP)—Taylor Samuel, who set off a grenade outside the building where a girl friend was at work to let her know he was waiting, learned Wednesday that a telephone call would have been much less expensive.

He was fined $25 and costs on a charge of setting off explosives within the city limits.

CUSHING, Okla. (AP)—Allen D. Fitchett, secretary-manager of the Cushing chamber of commerce, received a strange request from a Colorado woman.

"I hate to be such a bother," she wrote, "but I simply have been unable to find the brand of brassiere I want out here. It's the new inflated kind."

Fitchett's daughter easily located the article and the store mailed it to the Colorado customer.

DEVIZES, Eng. (AP)—George Dobson was barred by a court Wednesday from riding his motorcycle again until he is 98 years old.

This was not as bad as it sounds, however, because George is already 95.

He was convicted of riding "without due care and attention" for cutting across a road in front of a car. The arresting officer said a jug of whisky fell out of Dobson's pocket en route to the police station.

The judge's sentence was three years probation during which Dobson must stay off his motorbike.

Rossland Ousts Castlegar From Playoff Spot

CASTLEGAR — Rossland Flickers advanced to the next round of the West Kootenay women's fastball playoffs when they won the third and deciding game. Flickers dumped the Castlegar Kats 12-9 before a small crowd.

The Kats almost upset the applecart in their half of the ninth when with only one out they loaded the bases, only to have the next two batters pop out weakly to the infield.

The game was a close affair for six frames as Ann Kastrukoff and Shirley Veysey hooked up in a pitchers' duel.

Rossland took a two-run lead in the first, but the Kats battled back on even terms in the fourth and then the Flickers took another two-run lead in the fifth on the strength of Joan Molyneaux's homer.

The Kats evened it up again in their half, only to see Rossland come up with a three - run outburst in the sixth. After they had added three more in the seventh the Kats came up with four, but Rossland with two more in the eighth put the game away for keeps.

Shirley Veysey went the distance, giving up eight hits while walking nine, and striking out two. Ann Kastrukoff on the mound for Kats was hit more freely as she gave up a total of 10 hits. She walked two and struck out an equal number.

Rossland came up with six errors compared to five for the Kats. Joan Molyneaux was the big gun for the Flickers, getting three hits in five trips. Gerry DeFoe got two hits for the Kats in four times at bat.

Nelson District Has "Hot" July

July was a hot month for Nelson district. Sweltering under temperatures that climbed to within four degrees of the 100 mark, Nelson's average high was 85.3, compared with 83 for the same month last year. Sixteen days of the month were in the high eighties or nineties. During the nights of July 1 and 28 the mercury dropped to 46, the month's low.

Cresecnt Valley Radio Range Station recorded 331.3 hours of sunshine during July. It rained on six days during which precipitation totalled 8.6 inches. There were .19 inches on July 8.

West Arm Bridge Poll

Here are the statistics to date of survey forms returned to the West Arm Bridge Committee:

Total received	1377
In favor	1377
In favor of toll	1311
Against toll	60

Nelsonites in favor of the bridge total 843 and 468 district people voted for it. Against the toll bridge plan in Nelson were 38 and in the district 22. Two more petitions have been received, one from Ainsworth and one from the North Shore.

Bonner Draws Railmen's Fire

A statement made to newsmen by Attorney General Robert Bonner came under fire late Wednesday night, following a meeting of the executive members of the Brotherhood of Railway Trainmen Running Trades.

In answer to the minister's statement that "there are RCMP within quick call to handle mass disturbances from the Sons," a union spokesman said, "Railway men in this district are not greatly concerned with Bonner's plans to handle mass disturbances by fanatics. We feel quite sure the civil population in this area which includes a large number of railway workers, is capable of handling any such mass disturbances which the Attorney General envisions.

"What we are vitally concerned with are the individual acts of terrorism which endangers the lives of our men in the performance of their usual duties. One lone mad bull on the range," the spokesman continued, "requires a far closer method of control than a whole herd of peaceful, grazing cows."

Monday, at a meeting of union members, "vigilante action" was threatened.

Reliable sources said here Thursday "there is every indication Premier Bennett's eight-point policy will be put into effect in the near future."

$50 Fine for False Pretences

Guy Taron of Nelson and Trail was fined a total of $50 or 60 days imprisonment on two charges of false pretenses.

He pleaded guilty before Stipendiary Magistrate William Evans in Provincial Court here. The charges arose when Taron allegedly issued two worthless checks, one at the Riverview Service Station and the other to Frank E. Ozey. Both checks were for $10.

Many Visiting Kiwanians at Meet

It was "visitor's night" at Kiwanis Club meeting at the Hume Thursday.

Four Kiwanians from other Western clubs were guests. They were Alfred Atherton of Victoria, Dr. John Birrell, president of Calgary Southwest Club, P. C. Clement, past president of Lethbridge Club, and Douglas Rogers of Lethbridge.

Discussing a proposed project with the club were A. Farley, western manager of Planters Nuts and Chocolate Company, Calgary; and M. Williamson, company representative, Kelowna.

Climber Found "Well but Weak"

JASPER, Alta. (CP) — An ambulance waited here late Thursday for 32-year-old Alex McCourbrey to be brought out of the historic but treacherous Athabaska Pass area, where he was reported to have lived on mountain berries for nine days after becoming lost July 28.

He was found earlier in the day "well but weak" by search parties who were ready to abandon organized searching.

Reports by messenger from the search parties, which converged on an area about 35 miles south of here, differ as to the manner in which McCoubrey became separated from a climbing party. On July 27, he was one of a group that began an ascent on Browne Peak, near famous 10,762-foot Mount Hooker, as part of a camp program of the Alpine Club of Canada.

First reports indicated he turned back down the slope of Browne Peak after the party completed 6000 feet of the climb. Later word from the area said he disappeared during the descent. In both cases, his footprint was found in freshly-fallen snow.

McCoubrey, a Winnipeg resident who has been climbing with professional groups since the 1930s was to be brought as far as the Columbia icefield highway by litter. The party that found him was reported to have horses with them.

A messenger who brought the news here early Thursday said McCoubrey was found on the western side of the mountain. The party had begun the assault from the eastern side.

A non-smoker, McCoubrey was not thought to be carrying either matches or food when he disappeared. Mountain berries grow abundantly this time of the year and there are mountain streams in the area.

The only access to the area in which McCoubrey was found is a narrow trail first established by pioneer fur traders in their quest for an overland route between Edmonton and the Pacific coast.

Nelson "Posse", German Band To Play Part In Kaslo Jubilee

The Kaslo Golden Jubilee celebrations August 14 will get a helping hand from the Nelson Chamber of Commerce. A committee of eight under chairman E. G. Leveque, former Kaslo'ite, met Thursday night to round out preparations for Nelson's contribution to the festivities.

A Chamber of Commerce orchestra will help out at the dance that night, and a Nelson Sheriff's Posse will attempt to out-do the one appearing from Bonners Ferry, Ida.

Ten horsemen and 10 horses have been marshalled to take part in the parade and a musical ride is being worked out by the equestrians as part of the afternoon show. Music for the ride will be provided by a German Band and will consist of trombones, clarinets, and horns. The Commerce men insist that it's a good band, since they have been practicing regularly. It was not clear whether they've been practicing together, however.

The band will also make merry on the boat trip up from Ainsworth to Kaslo. The cars will stop at Ainsworth and everybody will board the SS. Moyie and don mustaches and sideburns supplied by the Chamber for the grand entry at Kaslo.

Actually it will be more like the Pilgrim landing at Plymouth Rock because the Moyie will nose up to the beach as it did in the old days. And as the gangplank goes down, the voyagers will be escorted ashore to the strains of the German band.

The Kaslo committee has suggested that box-lunches will be in order for all visitors. It is believed the eating establishments at Kaslo will be more than over-taxed and "Mom would be better off to pack a picnic lunch in the family car."

Other members of the Chamber of Commerce committee are J. McDonald, J. Learmonth, V. C. Owen, A. C. Morton, J. E. Watson, R. Foxall and J. J. McEwen.

Business at Peak At Post Office

Transactions at Nelson Post Office last month reached what is believed to be a peak.

Total transactions hit $296,702.68, far exceeding the monthly total for a number of years. Last month transactions amounted to $255,056.40, and in July, 1952, the total was $199,216.11.

The number of money orders issued was 3196, compared with 3769 last month, and 3271 in July of last year and the number of money orders paid was 6438, up from the 5719 of last month and the 4519 of July last year.

Postage sales fell off from $7982.80 in June to $7392.32, and the total of other revenue decreased from $569.91 to $449.42.

Jaycees Offer Cars to Voters

Nelson's tireless Junior Chamber of Commerce is offering free transportation to August 10 voters. Cars will be available throughout polling hours and will be dispatched from the Chamber of Commerce rooms at the foot of Ward Street.

Aside from the conveyance offered by Nelson's young business men, posters and signs have been set up by the Jaycees in stores urging the public to get out and vote.

Births Decline, Deaths Increase

The number of city births in the month of July shows a considerable decrease from the numbers recorded in July, 1952 and June of this year.

Thirty-eight births were recorded in July of this year as compared to 45 in July, 1952 and 58 in June of this year. The number of deaths in the city increased greatly with 38 deaths recorded in July of this year, an increase of 31 over the number in July, 1952, and 34 over the number in June, 1953.

Marriages in the city also show an increase in number. Thirty-nine marriages were performed in July as compared to 20 in July of last year and 10 in June of this year.

In the district there were no births recorded, three deaths, and two marriages.

Monashee Road Case Put Before Gaglardi

NAKUSP—The case for the Monashee highway was presented to Hon. P. A. Gaglardi, provincial public works minister, by no fewer than three boards of trade and one chamber of commerce Tuesday.

Delegates from Vernon, Lumby and Lower Arrow Lake Board of Trade, and Nakusp Chamber of Commerce met the cabinet minister at the Kettle River bridge on the Monashee highway.

They pointed out the importance of the road from commercial and tourist standpoints, as an east-west link. By re-locating part of the road near the Kettle River bridge, the elevation could be reduced by more than 500 feet, and therefore an all-weather highway could be maintained the year round.

Mr. Gaglardi was sympathetic toward the need for the work suggested, and promised to look further into the matter with a view to meeting the requests.

He intimated that it was possible the Monashee would be kept open during the winter if district boards considered that use of the road would warrant the upkeep expense.

Mr. Gaglardi was the guest of the Lumby Board of Trade as far as Kettle River, and then became the guest of the Lower Arrow Lake Board of Trade. Refreshments had been prepared for the minister and all board members who could attend a luncheon at Scarwood Lodge in Needles.

Road improvements were also a luncheon topic, and appreciation was expressed for work being done between Burton and Fauquier.

Later Mr. Gaglardi, who was accompanied by his wife and two sons left for Nakusp as guest of the Nakusp Chamber of Commerce.

SLOCAN ROAD

A. J. Butt, president of the Nakusp Chamber, presented the public works chief with a copy of a resolution proposed by the Nakusp Chamber and endorsed by the Associated Boards of Trade and Chambers of Commerce of southeastern B. C., at its last meeting, asking that the highway from the South Slocan junction to Edgewood be black-topped wherever it is standardized, and that otheer portions be brought up to standard and blacktopped. Mr. Gaglardi had no comment on the resolution which will again be presented at the executive council meeting of the Associated Boards in Kimberley Aug. 19.

Mr. Gaglardi went from Nakusp to New Denver for a meeting with the Slocan and District Board of Trade.

New Record Set At Radium Pool

INVERMERE — The swimming pool attendance record has been broken again at Radium Hot Springs with 49,866 paid admissions registered in July. This is an incerase of 8 per cent over the 42,276 recorded in July last year.

Attendance in one month is approaching the total attendance figure for a whole year a few years ago.

Popularity of Radium Hot Springs and Windermere District resorts is reaching an all time high, with all resorts filled to capacity throughout July. Private homes have come to the rescue when resorts have bulged at the seams.

The seasonal peak will drop after August 15, but many resorts are filled until Labor Day.

Kimberley Park Issue Flares

KIMBERLEY—City Council has been informed that the Kimberley Rotary Club has refused to do any more development work at Rotary Park until a definite understanding is reached regarding care of the area.

A popular play centre, the park equipment has suffered badly from vandalism. The Rotarians feel the Park's Board caretaker cannot look after all their projects and still give sufficient time to this park.

The Rotary Club has decided to hold a special work party to put the park in order, after which they will meet the parks board and council to discuss the matter.

Alberta Clerics Visit Japanese

NEW DENVER—Rev. Mr. Cook and Rev. Mr. Tamaki of Three Hills, Alta., conducted services at the Japanese hall and at the House of Joyful Tidings in the Orchard recently.

Mr. Cook spoke to the older Japanese and Mr. Tamaki to the younger Japanese. A picnic was held later at the sanatorium beach.

Invermere Eases Parking Situation

INVERMERE—A parking lot has been arranged by the parks and traffic committee of the Board of Commissioners for Invermere. It is situated north of Toby Theatre, and will prevent congestion on Bruce Avenue, the main shopping street.

Trucks with a wheel base over 126 inches will no longer be allowed to park on Bruce Avenue. The parking lot is to be levelled off and gravelled and signs are being erected to indicate its site.

VANCOUVER (CP) — The SS Princess Elaine struck a boom in Nanaimo harbor early Thursday and will be put into drydock in Vancouver for repairs.

Driver Fined on Two Infractions

CRANBROOK — A car collision with the rear of another car Tuesday evening at Eighth Avenue and First Street, led to city court appearance Wednesday morning of J. H. Walkley, who pleaded guilty to two charges before Magistrate Richard Shiell.

He was fined $100 and costs of $5 on an impaired driving charge, and $25 and costs of $2 for driving while his driver's licence was under suspension.

Damage to the cars was about $150.

PORT STANLEY, Ont. (CP) — Village councillors were really in the dark when the lights temporarily failed. Provincial constable Tom Killey came to the rescue with his flashlight and municipal business continued for the short interval.

WAVING WHEAT on this Creston flats farm of Henry Eastman almost obscures the car at right by its height. Inspecting the tremendous growth of Redman wheat are Allan Kuryff, Walter Eastman and Henry Eastman. Mr. Eastman has 40 acres of wheat planted on the flats.—H. M. Bucknall photo.

Castlegar Says Route Up to Gov't

CASTLEGAR — In view of repeated pressure being exerted by Rossland and Trail for standardization and improvement of the present Rossland-Cascade highway, instead of re-routing the road through Paulson and Blueberry Creek as has been proposed, the Castlegar and district Chamber of Commerce is urging hte Trail and Rossland Chambers to let the B. C. Government decide whether the road be re-routed or not.

Letters are being written to the Trail and Rossland Chambers and Grand Forks Board of Trade, reminding them of a meeting of the Castlegar Chamber on May 21, at which representatives of the Rossland and Nelson Chambers were present and had stated they were not opposed to the Blueberry-Paulson route but wanted a thorough survey of both the present and alternate route made before any decision is reached. They said at that time they were willing to abide by the decision of the B. C. Government as to which route was in the best interests of the province.

A resolution on the matter is also being sent to the Associated Boards of Trade and Chambers of Commerce for action at its quarterly meeting at Kimberley Aug. 19. The resolution asks that no pressure be brought to bear in favor of either of the two routes, but that the district let the government decide after a survey of both.

The local chamber is also urging much needed improvement to the east Robson wharf which, it is stated, is in very poor condition and now has a load limit of three tons. A resolution to the federal government urges prompt action on improving the wharf.

Cranbrook, Kimberley To Talk School Costs

KIMBERLEY—At the request of Leo Nimsick, MLA, city council at its last meeting decided to arrange a joint meeting with the Cranbrook council, to discuss education costs. This will give Mr. Nimsick some definite information for use at the next session of parliament.

A total of 106 trades licenses totalling $2135 were taken out in July to bring the yearly total to date to $9010. A total of 438 dog licences have been sold so far, compared to 341 for the whole of 1952. The finance committee of the city council has been warned that payrolls are getting higher and asked to check carefully to avoid over-spending.

Thirty applications have been received for building lots in the area below McDougall Hall, which the city is seeking to purchase from the Consolidated Mining and Smelting Company.

During July, police court convictions totalled 19, with $654.50 collected in fines.

A $100 grant was made to the Chamber of Commerce to assist in tourist bureau expenses.

Kimberley will support a motion to be presented by the district of Salmon Arm at the annual meeting of the Union of B. C. Municipalities that only accredited delegatesa be allowed to vote on matters taken up there.

The mayor and clerk will meet local Cominco management to discuss how the $60,000 left in the recreational facilities account set up by Cominco, can be divided among Kimberley, Marysville and Chapman Camp. In May, Cominco asked for a new play commensurate with money remaining and projects proposed by each of these centres, exceed the total funds available. Kimberley is trustee of the fund.

BOOSTS FISHING

SUDBURY, Ont. (CP) — Young speckled trout and pickerel have been placed in numerous choice spots on scores of Sudbury district lakes and streams. Conservation officers said some of the young fish were exceptionally large. As a result the natural mortality rate was not expected to be high.

Water Extension Plan Goes Ahead

KIMBERLEY—With a petition on hand from lower Blarchmont residents to be connected to the city water system, council will seek permission from the Lieutenant-Governor-in-Council to use the $13,800 realized from the sale of the Chapman Camp water system to extend its own system to include this area, at present served by a private system.

Preliminary plans, already approved by the health authorities, estimate the project will cost $21,300.

The $7000 balance would come from general revenue, and was budgeted for this year.

EAST KOOTENAY HEALTH NURSES CHANGE POSTS

INVERMERE—Miss Frances Hewgill, public health nurse for the Windermere and Golden school districts for the past two years, has left for Fernie. Her position in the Columbia Valley has been filled by Miss Helen Burt, who has held the same position in the Fernie area.

Miss Burt spent the weekend in Invermere as the guest of Miss Hewgill and accompanied her back to Fernie from which point both nurses left for their summer vacation.

Miss Hewgill will visit first at Rossland and then at Winnipeg returning to Fernie to start her duties September 1. Miss Burt left for Vancouver where she will be married August 15 to Wayne Lacy of the Invermere school staff. Both will return to Invermere at the end of August.

Moths, their eggs and larvae, can be killed by temperatures of zero or lower.

POSTAL BUSINESS UP AT CRANBROOK

CRANBROOK — Volume of Post Office business during July increased substantially from the previous month to total $59,810, according to the month's statistical summary by Postmaster E. T. Girling.

Revenue from postage stamps and meters for the month was $3769.40, compared with $3629.31 for the same month last year. A total of 2800 money orders were purchased, compared with 2126 last July. The identical number, 909 money orders, were paid in July of both years.

Unemployment insurance stamps sales at $3869.72 ran considerably behind the total of $5013.28 for the month last year.

Growers Urged to Spray Against Moth

CRESTON—The second brood of codling moths are flying, and officials of the B. C. Department of Agriculture here are recommending that growers apply control sprays by the end of the week.

Their recommendation applies to the Creston area and the Kootenay Lake district where codling moth is a problem.

Malak Karsh to Judge Photography at Show

INVERMERE—A distinguished Canadian photographer has consented to act as judge of the photography section of the third annual Windermere District Flower Show scheduled for August 15 the Lake Windermere Memorial Community Centre here.

Malak Karsh, known as Canada's finest industrial photographer and younger brother of the famous Yousef Karsh, will come to Invermere from the Banff School of Fine Arts where he has been instructing, to judge the work of local photographers in the Flower and Art Show.

The work shown by local camera enthusiasts last year, the first year that art and photography were displayed, received high commendation from the judges and is expected to reach an even higher standard this year. The presence of Malak Karsh will be an added incentive to local artists.

CHILDREN'S ART

A new section this year will be a classin the art section for children. Any child of school age is eligible for this and there will be no entrance fee.

No district competition is planned for the Flower Show this year, but keen enthusiasm has been expressed over the individual classes. The silver rose bowl previously awarded for the best district display will be awarded this year to the competitor winning most point in the show. The bowl will be retained for one year.

Bags of fertilizer have been donated by the Consolidated Mining and Smelting Company for the best collection of annuals, the best collection of sweet peas and the best collection of perennials.

A firm has given a $1.50 stock certificate for the best vase of gladiolus. A gardener's gift certificate will be given by a seed company for the best table decoration, and a second gift certificate by the same company for the most artistic flower arrangement.

Special rosettes will be awarded for the shows' best dahlia and gladiolus. Ribbons will be given to winners of all class competitions.

During Saturday evening colored films will be shown of valley gardens and scenic views of the district.

SUPPORT Social Credit

B.C. Industry Needs Social Credit Representation in Ottawa

to speed up the development of this province's resources. Social Credit policy is to encourage industrial enterprises in an effort to expand Canadian industry, and at the same time to protect the public against monopolies. If B.C. industry is to obtain the support it needs, Ottawa must be made to think in line with B.C., and only Social Credit representation can do this properly!

Coldwell Wants Agriculture Policies Revision

LLOYDMINSTER, Sask. — (CP) —CCF leader M. J. Coldwell says federal agricultural policies must be completely revised if Canadian farmers are to achieve reasonable economic security.

He said there is no fair or stable relationship between farm prices and farm costs. In the seven-year period up to last January costs rose twice as much as prices. Excessive price spreads, he said, harm both the farmer and the consumer and help only the large packing and processing industries.

The government's failure to arrange long-term markets to absorb our growing farm surpluses threatened to undermine the whole agricultural industry. The problems are too serious, said Mr. Coldwell, to be solved by the "stop-gap measures" the government had adopted in recent years.

He outlined the CCF program for forward prices based on parity, social ownerships of farm implement manufacturing, and marketing boards on which the producers would be represented.

He said that with the implementation off CCF trade proposals much could be done to restore permanent markets to absorb Canada's agricultural surpluses.

Koolaree Echoes . . .

KOOLAREE — The Landsports have been run off. There were seven events and every girl entered in at least two events.

The winners of the 25-yard dash were Paulette Gavrilik for cabin 6, Sonja Oets, cabin 4, and Jane Hamson, cabin 2. In the three-legged race, Joan Haymond and Patricia Kempston from cabin 3 came in first. Second and third were Lynn Robertson and Janet Eherle for cabin 7 and Lorraine Stallwood and Denise Abbot from cabin 2. In the Bunny Hop, Bev Shorenagel from cabin five was first and Marg Morris from cabin six was second. In the obstacle race, Judy Fost, Jeanie Campion, Sharon Vanderburg and Glenda Keys from cabin 5 came first. Second was cabin 6 and third was cabin 4. In the cabin relay, cabin 7 was first, cabin 4 second and cabin 1 third. The last event was not run off for lack of time. This was to be a tug-of-war and the winner was to be the one with the biggest smile.

After we had finished the land sports, we immediately left for the beach where we lit the fire and started to eat. We had hotdogs, watermelon, chocolate cake (yum) and milk to eat.

After eating, Cabin Four the Frogs, presented "The Mixed Up Girl" which the campers loved!

The leading role of Teacher was taken by Jeanne Thiel. The little girl was Maureen Thiel; The Mummy, Lois Hanson; the Daddy, Tannis Foxall; the Brother, Ann Marie Endicott; and the little sister was Marilynn Kary. The pupils were Jane Daly, Maureen Haworth, Elaine Helbey and Sonja Oets.

When the girls arrived back from the picnic, the Alabama Babes and the Kitchen Staff who are known as the Kitchen Hash Slingers were preparing for the Big Game.

The lineup of the Kitchen Hash Slingers was as follows: Dishwasher Davies (Gwyn Davies) second base; Pitcher, Bunns Bunny (Bev Lythgoe); third base, Bread Beetle (Mrs. Van); Back Catcher, Baby's Boots (Bob Van); shortstop, Margie Missit (Margaret Van); first base, Grease Trap (Wesley Van); fielder, Peter Pumpkin (Peter Archibald) and the little mascot who was Gary Van and was known as Mascot Mush.

Nearing the end of the first inning the score was 10-8 in favor of the Kitchen Hash Slingers: However, it was too dark for the Alabama Babes to finish their batting and so that was the official score of the game.

The Babes were definitely white but it was not believed to be from fear. The campers enjoyed the apparel of both teams and the so called "plays."

That night the campers had cocoa and cookies in bed.

HOTEL SPOKANE

Kootenay Lake and River Levels

Regulation of Kootenay Lake to store water for winter power generation will follow the normal procedure this year. Under an Order of the International Joint Commission the Main Lake will be drawn down to elevation 1745 and held at that level until August 9th. After that date it will be raised to elevation 1747.32, reaching its maximum level during the last week of August.

Effect on the Main Lake

After August 9th the Lake will rise several inches per day until the level is 8 feet above zero. It will remain at this level until it is necessary to withdraw the water for power generation.

Effect at Nelson

The level of the West Arm at Nelson will fall to approximately 4½ feet above zero and then rise to the six foot mark within a few days. It will then continue to rise at a more gradual rate until the level approaches 8 feet above zero.

Effect on the Kootenay and Columbia Rivers Below Corra Linn

River levels below Corra Linn will fall sharply after midnight on August 9th and remain at a low level for about two weeks. As soon as Kootenay Lake has risen to the 8 foot mark the rivers will again rise to their normal levels and will fluctuate according to weather conditions.

Pakistan a Good Investment Prospect

Although the United Kingdom has no more sterling to spare for uses abroad than she has dollars, she has found it a good investment in future trade to lend Pakistan ten million pounds. The purpose of the loan is to enable Pakistan to increase her food supply, by using the money for power and irrigation projects, as well as directly on agricultural production.

The terms of the loan are peculiarly suitable to the situation. The loan is to be used in two of three years, during which time interest only, at 4 per cent, must be paid. The capital is repayable over ten years. Such a loan serves two purposes: It expands Commonwealth production in a Dominion in need of development; and it guarantees growth of two-way trade between Britain and the borrower.

If Britain can find ten million pounds for these purposes, Canada should find it easy to extend an immediate credit of one hundred million dollars for the greater benefit of her fellow Dominion, says the Toronto Globe and Mail. We are one of the world's greatest producers of custom designed and built electrical generators, hydraulic dam equipment, and agricultural implements. Our products stand up against competition from any source. We would be well repaid by accepting products of Pakistan in settlement.

More than two-thirds of the population of Pakistan are agriculturalists. She exports products in good demand here, jute, rice, cotton, wool, tea, hides and skins. Irrigation is expanding sugar production. Tobacco, oilseeds and other crops are being grown in increasing quantity.

Since Pakistan became an independent Dominion a program of electrical development for the creation of new industry and to extend irrigation of farmlands has been undertaken. She is branching into shipbuilding and other medium and light manufacturing, to compensate for the effects of partition from India. With such a program, she already has become one of the best investment prospects in the Commonwealth.

Canada would be in the happy position of being able to supply basic metals for this industrial expansion, in addition to capital plant, in return for those things we need from Pakistan. If our Dominion Government would stop playing around with trade problems as though they were a game of canasta, it would be jumping at such opportunities for combined self-help and Commonwealth development, continues the Globe and Mail.

Apart from the British Caribbean areas which should become Canada's winter garden, Pakistan offers this Dominion the surest opportunities for financial and commercial co-operation. It should be one of the primary responsibilities of a nation like ours to make the initial moves, in the form of capital loans, toward the establishment of long-term trade connections which could become worth billions of dollars to us in little more than a generation or two.

Asks if All Bridge Angles Considered

To the Editor:

Sir—I have been reading about the new bridge for the North Shore, and I would like to add my two bits' worth.

I read a letter the other day from one of your subscribers saying that he thought the Federal Government should pay for the bridge, making it free of toll, since they are spending so much on defence. Don't you think a bridge should be considered a part of the defence program, as, can you imagine what would happen if the enemy landed on the west coast and thousands of people were forced to flee in this direction for safety?

Would our ferry handle this traffic? I think the safety of civilians comes first.

Has consideration ever been given to a floating bridge plan, similar to the floating bridge the U.S. has on Lake Washington? The cost should be about half of the cost of a built structure. After all, when the new road is built from Salmo to Creston the cost of the bridge project will interest us North Shore residents considerably, since we will be left to pay for the bridge.

Before we plunge into an expensive proposition, let's give consideration to all the angles.

GORDON SETTLE.

Looking Backward

10 YEARS AGO

From the Nelson Daily News, August 7, 1943

Meeting in members' homes weekly, and working quietly but effectively, the little-publicized Spitfire Club of Nelson has since its organization in 1940 made valuable contributions to the supply output of the Nelson District Red Cross Society.

Miss Dawn Sharp, who has been attending summer school at Victoria, has returned to Nelson.

25 YEARS AGO

From the Nelson Daily News, August 7, 1928

Miss Ella Robinson, Miss Jean Robinson, Miss Dorothy Goldsmith and Mr. Kingsley Fleck motored to Trail Sunday.

Miss Olive White has left for Montreal. She will sail on the Duchess of Bedford for Liverpool.

Miss M. H. Callahan, Victoria Street, and Mrs. A. Barclay, Falls Street, left for a two-week vacation to be spent in Vancouver.

50 YEARS AGO

From the Nelson Daily News, August 7, 1903

Unless the weather turns much warmer than it is at present, the public schools will reopen August 10.

The locks and other fittings for the post office boxes have arrived from Montreal, and will be placed in position at the new building as quickly as possible.

F. W. Ferguson and E. H. Sheppard have returned after a short fishing trip to the Narrows.

It's Been Said

An ounce of enterprise is worth a pound of privilege.—Frederic R. Marvin.

Your Horoscope

Do not spoil your chances of success and happiness by unfounded doubts and fears. Push all your affairs to the utmost, relying on advice of elders if in doubt. Many admirable traits may be manifested in the child born today.

A LEAKY CUP

The only thing about the cup of happiness is that it has a habit of springing a leak.—Sault Ste. Marie Star.

? Questions ? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

Visitor, Nelson—What is the address of the Daughters of Scotland in Canada, and the President's name?

Grand President, Mrs. Mary Collins, 1095 St. Clair Avenue, West, Toronto.

F. T., Kelowna—Who is the Director of the Canadian National Livestock Records?

R. C. T. Hitchman, 66 Queen Street, Ottawa.

Reader, Trail—Who is supposed to have been the first to say, "He preaches well that lives well"?

Sancho Panza in "Don Quixote."

Flower-Lover, North Shore—I have been told that flowers put into a bowl of wet sand keep fresher than those in water. Is this so?

Yes. Fill the bowl with fine sand to within an inch from the top, then soak with water—make very wet but not enough to make sand sloppy. Then push stalks into sand. Keep it moist and flowers will last much longer than in plain water.

Traveller, Nelson—Is there a way to dry-clean hair brushes?

Rub in some ordinary flour—rub hard—and leave for about five minutes, then shake out flour (which will be quite soiled), rub brush on clean towel until every trace of flour is gone, and brush should be ready for use. Nylon brushes are easily washed because they dry so quickly.

Friday Special

By BOB DENISON

VANCOUVER—The trouble with women is the fact that they are always feeling sorry for something or someone. Everything wild—and I'm speaking of animals and birds in a zoo—would be far better off if they were loose and had to forage for themselves in this hard, cruel world. Take, for instance, when we visited the monkey house in Stanley Park a few days ago. Here you see about fifty of them flitting and jumping about in a large glass enclosure. They have swings, ladders, trees and ropes to play with. They get all they want to eat at someone else's expense, and are protected from their enemies. They never had it so good in Africa or India. So what does my B. G. say when I'm getting a bang out of their antics? "Oh, Bob," she moans, "look at those poor creatures!" "Why, in heaven's name," I answer, "do you refer to them as 'poor creatures'?" "Oh, they look so sad!" is her answer. So there you go. Here are animals far from their natural habitat, having more fun than they ever had in their lives, and how are they looking? They look sad. And take it from me, brother, don't argue.

* * *

With the curiosity of a small boy I donned a pair of special glasses the man at the door gave me and ventured in to see my first 3-D (three-dimensional) picture show t'other evening. As I sat and watched the hero and heroine make love right on my lap (that's what it looked like), a little story concerning a gent viewing his first 3-D came to mind. He couldn't see the show, so he leaned over and spoke to the lady in the seat ahead of him: "Madam, would you please keep your head still? I can't see the picture." "Sir," she answers, I'm IN the picture!"

* * *

And then there's the one about the fellow out here who purchased a TV set because he heard "that all the good looking girls used Chanel No. 5."

* * *

JUST IN PASSING: I'm still at war with the street railway. My conductor forgot to holler out my street yesterday and I rode four blocks too far. . . . After threatening to purchase a bottle of cod liver oil and forget about the whole thing, the sun finally came out. . . . 'S funny thing, but you didn't hear much election talk on the street. . . . I'll take a chance and duck lest the advertising manager throws a rock at me and tell you that there's one scene in C. Chaplin's recent picture, where he and B. Keaton do a satire on a concert violinist, that's worth the price of admission alone. . . . Maybe I'm going blind, but it looks like all the pretty girls in Van. are hiding behind the smog.

From an Oldtimer's Notebook

By R. G. JOY

Historian, Nelson and District Oldtimers Association

Another oldtimer gone, Mrs. G. W. Bartlett, wife of the late George Bartlett, respected by so many oldtimers, especially Cousin Jacks (Cornishman). It is quite a story of how Mr. and Mrs. Bartlett were married. Both had lived in the Kootenays for some time.

There was a prize fight and the famous Bob Fitzsimmons fought against J. Corbett and won. The fight took place at Crescent City, Nevada. George Bartlett and his sweetheart were courting and George went to the United States, either to Spokane or to Nevada, to the scene of the fight and won considerable money by betting on Bob. Fitzsimmons was a Cornishman. Bartlett came back to Nelson and bought Mrs. Clark's hotel that was hitherto named the Tecumseh, one of the first hotels built in Nelson and run by Mr. Duhamel; it was also the home of Miss Rath for a time.

When Dr. Arthur and the late G. O. Buchanan, the first trustees in Nelson, met Miss Rath at the train she was introduced to Duhamel who said, "any teacher that will come to Nelson to teach kids will get free board." George bought the hotel, married, and went into hotel keeping.

Time passed on and Mr. and Mrs. Bartlett quit the hotel business and went on to their mineral claim at Ten-mile in the Slocan country and worked the claim for a while. The claim, I understand, is still in the Bartlett estate.

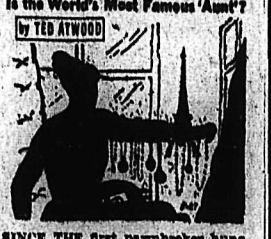
The Bartletts later came back to Nelson and bought out R. G. Joy, who was commission agent at that time on the Nelson market. The Bartletts had bought some acreage next to Jim Hill's farm on Granite Road. It was one of Monty Davis' copper claims in the early days.

Soon after, Mr. Bartlett died and Mrs. Bartlett cared for the Tarling family till they were able to fend for themselves. Mrs. Bartlett hired at different times Teddy MaGuire to do assessment on the mining property. We understand Mrs. Bartlett had several offers for the property which she refused. This scribe had great respect for both Mrs. Bartlett and her husband. They were a couple that filled an niche in the building of Nelson and the Kootenays.

Where on Earth

Is the World's Most Famous 'Aunt'?

by TED ATWOOD



SINCE THE first pawnbroker hung out his traditional trio of gilt balls, the American has dubbed his pawnshop "uncle." Despite the familiar title, however, a visit to the shop has always been a somewhat secretive affair. It requires not only a certain screwing-up of courage, but a hasty glance to left and right to make sure that no familiar face witnesses the entrance that spells financial embarrassment.

But in Paris, which is as wise as she is eternal, the pawnshop is a casual affair known without disgrace to rich and poor alike. There the institution is affectionately dubbed "aunt" and is municipally run at a standard rate of interest. Loans are made on anything from an automobile to an old mattress. The only formality required is adequate identification and a signature on a printed form which certifies that the property pledged belongs to the person receiving the loan.

As a result, some of the wealthiest and most reputable Parisian businessmen do not hesitate to deal with the hockshop when they are hard pressed. Not only are they spared any questions about their affairs, but the interest rate is lower than that demanded by many of the local banks.

In only five years, the indulgent "aunt" has been kown to handle 4,750,000 watches, not to mention 8,000 pairs of opera glasses. In her storerooms there is no favoritism and no class distinction. Inflated balloons rub against stuffed whales, while Toby mugs jostle against Dresden china and Russian icons stand next to seven-forked Jewish candleholders.

One legendary visitor to "aunt" hooked her blankets every morning and spent the proceeds on fresh flowers which she would then sell at a profit during the day. Every nightfall she would faithfully buy back her blankets and go cheerfully home for a warm night's rest.

Two Escape Injury In Crashed Plane

HALIFAX (CP)—A naval aircraft crashed and sank in Bedford Basin Thursday but its two occupants escaped in a rubber raft.

Sub-Lt. Ian A. MacKay of Saskatoon, and Vancouver and Sub-Lt. Robert H. Jones of Regina were picked up by a helicopter and landed near the naval hospital at Shearwater. They appeared to be unhurt.

The plane was practising for navy day celebrations Saturday when it developed engine trouble and landed in the water.

135,000 Attend Witness Assembly

Delegates to the world-wide convention of Jehovah's Witnesses July 19 to 26 are still returning home. The assembly proved to be the greatest in the history of the organization, Nelson delegates report.

Upwards of 135,000 persons attended from all parts of the world, 96 countries being represented. A grand total of 165,829 attended a public meeting Sunday afternoon to hear an address by the president of the Watchtower Society entitled "After Armageddon — God's New World." The estimated total of 18,000 Canadian delegates rose to nearly 20,000.

The delegates were well treated and well received by the citizens of New York. More than 48,000 were housed in private homes, Trailer City situated in New Jersey contained approximately 40,000 conventioners, while 35,000 were accommodated in 265 hotels.

A highlight of this Convention was the baptizing of 4640 persons. One of the amazing features of the assembly was the feeding of the great crowd. After the first day approximately 40,000 an hour were fed without difficulty. Many Civic officials visited this cafeteria looking for ideas. Among other visitors, an official of the New York state civil defense came to observe the cafeteria and traffic engineering techniques of Jehovah's Witnesses with a view to gathering points on mass feeding and crowd manipulation "in case of bombings or other disasters."

Que. Sergeant Wins Rifle Assoc. Medal

ST. BRUNO, Que. (CP) — Staff Sgt. M. W. Norman of Quebec Wednesday, won the Lieutenant-Governor's Silver Medal, top prize, at the 72nd annual meeting of the Province of Quebec Rifle Association.

He was "chaired" and paraded through the camp by his colleagues after a thrilling finish. Norman was in a three-way tie at the end of regulation shooting with Maj. A. J. Roberts of Montreal and Sgt. E. R. Jamieson of Vancouver.

Norman led after an extra five rounds were fired, but Roberts and Jamieson were still tied. They continued shooting until Jamieson had failed to centre his last shot, Roberts took second place and the Lieutenant-Governor's Bronze Medal.

My Personal Message

To the Electors of Kootenay West

Nakusp, B. C.

Fellow Citizens:

Although I have been travelling constantly since the day I was nominated, it is impossible to contact personally more than a small percentage of the electors of this extensive riding. This letter is directed particularly to those I have not been able to meet.

In the eight years that you have honoured me with your confidence as your Member of Parliament, I have devoted my whole time to your business in parliament and in the constituency. I have worked for, and supported, legislation designed to improve the living conditions of the Canadian people. As an opposition member I must credit the government with very fair treatment in the matter of appropriations. I have never failed to receive favourable consideration for an appeal for funds for any necessary public works supported by responsible organizations in the district. My knowledge of this country, of its resources, its people and its needs, based on long years of residence and work amongst you, has often proved valuable when making representations on your behalf at Ottawa. After each session I have travelled the countryside, endeavouring to reach every community, and report on the work of YOUR parliament, and my efforts to further the wishes of my constituents. The Co-Operative Commonwealth Federation, whose policies I endorse, believes in puting HUMANITY FIRST. Our whole program for Canada is an enlargement of this theme.

CONSERVATION . . .

The conservation of our natural resources being of primary importance in our national life, I will continue to urge the adoption of a NATIONAL POLICY of Soil, Forest, Water and Wild Life conservation, including Dominion-Provincial co-operation on the prevention of flood erosion of river banks.

LABOR . . .

I have supported and worked for amendments to the National Labour Code, that working conditions throughout Canada may reach the highest level. All representations made to me by Trade Unions in this Constituency have been brought to the attention of the House of Commons or minister concerned. I shall continue to work for legislation of vital concern to labour.

AGRICULTURE . . .

Our C.C.F. policy of guaranteed prices for farm commodities, a subsidized crop insurance, and expansion of overseas markets, has my strong support. As a Life Member of the Canadian Institute of Agriculture, my continued concern for the well being of the rural population is assured.

VETERANS' AFFAIRS . . .

My interest in the affairs of the many veterans in this riding will never flag. I shall continue to support the proposals of the Canadian Legion. My representation on the need for an increased staff at the V.L.A. Office in Nelson have met with success, and I shall continue to press for the reduction to half an acre of the minimum acreage required under the Small Holdings section of the Veteran's Land Act.

HEALTH, WELFARE . . .

A National Health Plan, which has long been in the forefront of the C.C.F. program, is now promised by several parties. I shall continue to work for such a plan, and for an increase in the Federal Government Grants toward Hospital construction.

TAXATION . . .

The C.C.F. believes in taxation according to the ability to pay, and that income taxation, fairly applied, provides an opportunity to redistribute the wealth of this country on a fair basis. I shall continue to work for higher basic exemptions from income tax for both single and married persons; for the deduction of ALL medical expenses from taxable income; for the exemption, for industrial personnel, of extraordinary travelling expenses from taxable income, and for other concessions for the lower income brackets.

HOUSING . . .

I shall continue to work for Federal Government loans to responsible individuals, to building societies, and to municipalities at 2% repayable over 30 years, with a 10% down payment.

CIVIL LIBERTIES . . .

I shall continue to advocate a Bill of Rights, and shall oppose any legislation which encroaches upon civil liberties and Trade Union rights.

INTERNATIONAL AFFAIRS . . .

With the C.C.F. group, I stand for full support for the United Nations, for support to the democratic elements in Asia, and technical assistance and other aid to under-developed countries. I will work for Canadian leadership towards world peace, and the development of world trade, so necessary for Canadian prosperity.

Friends, any knowledge or information that I have accumulated during my long association with this district, ALL my energies, and ALL my time, have been at the service of the people of Kootenay West. I ask the privilege of continuing to serve you as your representative at Ottawa, that we may again be partners in the building of a Co-Operative Commonwealth in Canada.

Sincerely yours,

Herbert W. Herridge

They'll Do It Every Time — By Jimmy Hatlo

Today's Bible Thought

Joy and laughter are contagious. Some imagine that a false solemnity is a sign of piety. There are times for laughter as well as for tears. But a merry heart doeth good like a medicine.

God hath made me to laugh.
—Gen. 21:6.

Aunt Het

I don't know as I blame the woman. When a man treats his wife worse than a yellow dog, most anything she does to him is just actin' in self defence.

New Denver

NEW DENER — Mr. and Mrs. Hallvard Dahlie and daughter, Branda were visiting in New Denver at the home of Dr. and Mrs. Trevor J. Harrop and family en route to Smithers, where Mr. Dahlie will be on the high school teaching staff.

Mr. and Mrs. J. Westley Coulter, who were visiting the latter's sister, Mrs. S. C. Robinson and family, have returned to Toronto.

Mr. and Mrs. R. J. Doble of Trail were guests of Mrs. C. J. Sinclair who accompanied them to Vancouver on a holiday. Mrs. Sinclair will visit her son-in-law and daughter, Mr. and Mrs. Harry M. Liebschere, and her son and daughter-in-law, Mr. and Mrs. Sinclair.

Mr. and Mrs. Thomas J. Bohan and Miss Frances Bohan and Terry Bohan returned from Vancouver where they holidayed for a week.

Dr. and Mrs. S. C. Robinson and three of a family have gone to Shawnigan Lake, Vancouver Island, for three weeks' holidays.

Mr. and Mrs. Walter G. Thring and family have left for a fortnight's holiday at Shawnigan Lake, Vancouver Island.

Miss Isobel McKay has left on a three week vacation to Riverhurst, Sask., where she will be the guest of her parents, Mr. and Mrs. J. W. McKay.

Mr. and Mrs. A. C. Peterson and family Miss Maureen Peterson and son Harry were Glenbank visitors to attend the celebration of the former's uncle, Elos Peterson, on his 75th birthday.

Mr. and Mrs. Todd of Whitehorse, Yukon, were visitors in New Denver. Mr. Todd will be the new principal of Lucerne High School.

Opium is obtained by drying the juice from the unripe seed capsules of the poppy.

CRESTON NEWLYWEDS are George Swift and his bride, the former Angeline Bekar, who were married at Holy Cross Church, Rev. Father E. Doyle officiating. The bride is the daughter of Mr. and Mrs. C. W. Bekar and the groom's parents are Mr. and Mrs. John Swift of Peterborough, Ont. They will live in Calgary.
—H. M. Buckna photo.

Silverton Shower Honors Bride-Elect

SILVERTON — A miscellaneous shower was held in the municipal hall here honoring Miss Doreen Nordbye, a Silverton bride-elect.

Many gifts were placed on a table decorated with flowers and streamers, and assisting the bride-to-be to open the parcels were Mrs. E. Detta, her mother; Mrs. Frank Broughton of New Denver, her fiance's mother, and her sisters, Mrs. L. Buttitude of Vancouver and Mrs. H. Detta. Mrs. D. Santano presented a corsage to the guest of honor, and Mrs. P. Harding and Mrs. K. Gordon gave corsages to the principals' mothers.

Wynndel Notes

WYNNDEL — A miscellaneous shower was held in the Memorial hall honoring Miss Mable Mather and AB. Ronald McInnis. The table was tastefully decorated with blue and white streamers, white wedding bells and summer blooms.

Mr. and Mrs. H. Roth were called to Calgary owing to the death of Mr. Roth's father.

G. Alexander has left for Lethbridge where he will be employed.

Mr. and Mrs. C. Bramm and family were visitors to Lethbridge.

Mr. and Mrs. A. Baker of Rochester, New York, are guests of Mr. and Mrs. T. Mountford.

Mr. and Mrs. L. Williams of Blairmore, Alta., were guests of Mr. and Mrs. T. Mountford.

Mr. and Mrs. G. Bustard and daughter, who have been visiting Mr. and Mrs. G. Lowden, have returned to their home at Brockett, Alta.

The Taj Mahal at Agra, India, was built by Shash Jehan as a tomb for his wife.

Salmo Legion LA Plans Activities

SALMO—Plans for activities to be held later this month were made at a meeting of Ladies' Auxiliary to Salmo branch of the Canadian Legion.

A "come and go" tea held recently at the home of Mrs. Rudy Ungara was a success, as was a pie sale held the same day.

Kaslo Notes

KASLO—Mrs. A. R. MacLanders and two children have returned from a three weeks visit with Mrs. MacLanders parents in Creston.

Fay and Jay Bartch, who have been visiting their uncle and aunt, Mr. and Mrs. A. B. Jacobs at Shutty Bench, have returned to their home in Calgary.

Mrs. Claude Carpenter and youngest daughter Joan, of Shutty Bench, have left for a visit with relatives in Calgary.

Procter Notes

PROCTER—Mrs. Frank Bonacci took her two sons Frank and George to Vancouver where they took in the sights, including Grouse Mountain and Stanley Park. Mrs. Bonacci and George have returned to Procter but Frank is beginning another long session in hospital. He is a patient in St. Paul's Hospital and will spend the next two or three months there. He is hoping for letters and cards from his playmates here. Frank is 11, and a Grade VI pupil.

Recipes . . .

Many Purposes Served By Quick Loaf Breads

By MARGARET CARR

Quick—loaf breads—breads made with a quick leavening baking soda and an acid—are great time savers.

They are also a source of remarkable variety in the menu. Fruits, nuts, spices, chocolate, all can be used to make these quick loaf breads tempting to the family, appealing to guests. And these breads are equally suitable for lunch box, tea or party sandwiches and for family meals.

APRICOT NUGGET BREAD

- 1 cup dried apricots, cut in small bits
- ½ cup hot water
- 2½ cups sifted all-purpose flour
- 1¼ teaspoons baking soda
- 1 teaspoon salt
- ½ cup sugar
- ¼ cup white vinegar plus apricot water and milk to make 1 cup liquid
- 2 eggs
- ¼ cup melted shortening
- ½ cup chopped nuts

Cover apricots with hot water; soak one hour. Sift flour, baking soda, salt, and sugar together. Measure vinegar, add water drained from apricots and milk to make one cup liquid. Beat eggs, and to them add liquid, apricots, shortening. Add all at once to dry ingredients; stir until flour is dampened; stir in nuts. Turn into greased 8¾ x 4½ x 2½-inch loaf pan. Bake 60 to 70 minutes or until done at 350 deg. F. Remove from pan; cool several hours or overnight. Makes one loaf.

CHEESE BREAD

- 3 cups sifted all-purpose flour
- 1½ teaspoons baking soda
- 1 teaspoon salt
- 1½ cups grated sharp, natural cheddar cheese
- 2 eggs
- 6 tablespoons white vinegar plus milk to make 1½ cups liquid
- ¼ cup melted shortening
- 1 teaspoon caraway seed (optional)

Sift flour, soda and salt into mixing bowl. Add grated cheese; mix well. Beat eggs and add to them the liquid and shortening, and blend well. Stir in caraway seeds, if used. Add all at once to flour mixture and mix lightly. Turn into greased 9½ x 5½ x 2¾-inch loaf pan and make 70 minutes or until done in moderate oven (350 deg. F). Remove from pan and cool several hours or overnight before slicing. Makes one loaf.

CINNAMON RAISIN-COFFEE BREAD

- ¼ cup butter or margarine, melted
- ½ cup sugar
- 2 teaspoons cinnamon
- 2½ cups sifted all-purpose flour
- 1 teaspoon salt
- 1¼ teaspoons baking soda
- ½ cup sugar
- 2 eggs
- 5 tablespoons white vinegar plus milk to make 1 cup liquid
- ¼ cup melted shortening
- ½ cup raisins
- ¼ cup chopped nuts

Combine butter or margarine, half-cup sugar and cinnamon. Set aside. Sift flour, salt, soda and other half-cup sugar into mixing bowl. Beat eggs, add liquid, blend well; then add shortening and raisins. Pour all at once into flour mixture; stir until flour is just dampened. Spread half of batter in a greased 8 x 8 x 2-inch baking pan; sprinkle with half the cinnamon mixture. Cover with remaining batter and draw knife through batter several times to distribute filling slightly. Sprinkle top with rest of cinnamon mixture and nuts. Bake 45 minutes at 350 deg. F. Serve warm, cutting in squares. Makes one loaf.

British Firm Shortens Hems

LONDON (Reuters) — A major London women's dress manufacturing firm announced Wednesday night that it has switched to the knee-length style launched by Christian Dior of Paris for all its autumn coats and skirts.

The firm, C. D. Models, said that "in accordance with the theme expressed by M. Christian Dior and in accordance with the undoubted trend that will ensue," all models are to be cut by two to three inches.

All models already ordered will be modified accordingly despite the longer length shown at the presentation of its own autumn styles, the company said.

Even the present short evening dresses will be cut by another two or three inches.

Lister Notes

LISTER — Mr. and Mrs. George Flech and daughter were visitors to Libby and Kalispell, Mont. While at Libby they visited Mr. and Mrs. R. Doneke, former residents of Lister.

Mr. and Mrs. Carl Larsen and son of Cranbrook were visiting Mr. and Mrs. Charles Lapointe and Mr. and Mrs. H. Demchuk.

Jim McKee of Kimberley is the guest of his grandparents, Mr. and Mrs. D. J. McKee.

Mr. and Mrs. Frank Renicker and son Wilbur arrived from Brooks, Alta., and will be the guests of Mr. and Mrs. Guy Ragsdale.

An English chef did one of the first big gas-cooking jobs in 1850, roasting 500 pounds of beef.

Castonguay Instructs Returning Officers On Quick Election News

OTTAWA (CP) — Returning officers and their deputies are urged to do all they can to aid The Canadian Press and other news media in promptly collecting accurate returns in the Aug. 10 election, Nelson Castonguay, chief electoral officer, said Thursday.

Special instructions aimed at bringing the Canadain people the fastest possible news of the election results were outlined by Mr. Castonguay.

In each polling station established in the locality of the returning officer's office, the deputy returning officer has been instructed ot deliver his ballot box and an accompanying envelope containing a preliminary statement of the poll to the returning officer as soon as possible after closing of the poll.

QUICK RESULTS

Every deputy returning officer for outlying polling stations has been instructed to telephone or telegraph the appropriate officer of the result from his poll as soon as the count is completed.

Mr. Castonguay said:

"The returning officer for each electoral district has been specially directed to prepare on election night a compilation of the votes cast in each polling station of his electoral district as the ballot boxes are received from local polling stations and as the results are telephoned or telegraphed to him from outlying polling divisions.

"This procedure will be uniform in all constituencies.

"The returning officers also have been directed to furnish the public and the representatives of The Canadian Press and other news media with progressive bulletins giving the state of the poll at various intervals during the evening of polling day.

MUST INFORM PUBLIC

"In order that the public throughout Canada may be informed of these progressive bulletins it is of the utmost importance that the returning officers and deputy returnofficers take care to see that their instructions on the subject are carefully carried out.

"Returning officers have been requested to present progressive bulletins, upon request, as soon as these are available."

Bennett Hints of Coming Change In B. C.'s Transferable Vote System

VICTORIA (CP)—The B.C. legislature may be asked to make "substantial changes" in the B.C. election act when it meets in September, Premier W. A. C. Bennett said in an interview Wednesday.

The premier said the contemplated changes would concern the alternative voting system used in the last two provincial elections, but he gave no indication of the changes his government had in mind.

"There may be substantial changes in the elections act at the coming session," said Premier Bennett.

DISAPPOINTING

"There is no doubt that the transferable or preferential voting system isn't accomplishing what it was expected to accomplish."

In provincial elections a voter is allowed to name candidates in the order of his choice. In order to be elected, a candidate must obtain a clear majority over all other candidates in the riding. If a majority is not obtained on the first count, then the candidate obtaining the lowest number of votes is dropped and his second-choice votes are distributed among the remaining candidates. This process continues until a candidate obtains the required majority.

LEADS TO CONFUSION

The system has been the target of widespread criticism since it was introduced in B.C. prior to the 1952 election. In 1952 the election was held June 12 and it was Aug. 1 before the new government, headed by Mr. Bennett, could be sworn in. This year the election was held June 9 and it was July 10 before it was definitely known that Mr. Bennett's Social Credit government had been returned to power.

Mr. Bennett said it was apparent many voters were not making full use of the system but were "plumping" for one candidate. Plumping is the term used for registering only a first choice.

"The result," he said, "is a lot of confusion without full benefit."

Royal Clothing Up for Sale

CAIRO — (AP) — Anybody will be able to step into ex-king Farouk's or ex-queen Narriman's shoes next week. Clothing belonging to the former moharch and queen is to be sold to the highest bidder at Alexandria, Monday, according to the Egyptian press.

Sick, Wounded Arrive In Tokyo

TOKYO (AP) — Seventy-one gaunt, sick and wounded Allied fighting men freed Wednesday from Communist prison camps arrived Thursday for medical treatment before returning home.

A giant C-124 Globemaster flew the first group of prisoners here from Korea.

Among the 71 were 21 Americans, 22 Turks, 12 Filipinos, seven Colombians, seven French, one Belgian and one Greek.

An unofficial passenger list indicated most were suffering from malnutrition and chest infections.

Stolen Car Ring In News Again

NEW YORK (AP)—A 29-year-old New Yorker was arrested Wednesday night as a member of a ring that brought stolen cars to the New York area from Toronto.

Police said the suspect, Emanuel Lieberman, of the Bronx, had been sought since last June 20, when he allegedly sold two Cadillacs, stolen in Toronto, to a dealer in nearby Nassau county.

Lieut. Maurice van Dyke, who led a group of Nassau detectives at the arrest, said the ring possibly was part of Toronto's notorious Boyd gang. Leonard Jackson, one of the gang, recently was hanged for the murder of a Toronto detective.

Capt. Thomas Curley, said the international ring stole new, American-made cars in Toronto and disposed of them at cut prices. Forged bills of sale were used to get New York registrations.

Authorities said they knew of 50 such illegal transactions, involving autos worth around $150,000.

Fish flour has been considered as a possible milk substitute in countries where cows are scarce.

Mormons Dedicate Swiss Temple Site

ZOLLIKOFEN, Switzerland (CP) —President David O. McKay of the Church of Latter Day Saints Wednesday dedicated the first continental temple of the church in a picturesque site on the outskirts of this village near Bern.

More than 200 members of the church watched the ceremony in bright sunshine.

The vistors came from Switzerland, Germany, Austria and France to see the beginnings of a temple just over 100 years after Mormon missionaries first came to Bern.

The dedication took place on a specially erected platform at the edge of a pine wood overlooking the site where work will begin on the temple in about three months. It will cost about 2,000,000 Swiss francs ($465,000) and take about 18 months to build.

The Church of Latter Day Saints has about 2640 members in Switzerland. There are 56 missionaries in the Austro-Swiss mission.

Two French aerial balloon corps were formed during the 18th century revolutionary wars.

27th Brigade To Be Sent To Antwerp

HANNOVER, Germany (Reuters) — Headquarters of the 27th Canadian infantry brigade, stationed here, announced Thursday the brigade's service troops will be transferred to Antwerp at the end of this month.

They include the supply unit, the administrative unit and signals. They will be stationed in the former Notre Dame de Sion monastery on the Avenue Arthur Goemaere.

Transfer of the units, which have been at brigade headquarters here since November, 1951, when the brigade came to Germany, was decided on after the Belgian Parliament granted permission for Canadian troops to be stationed at Antwerp, headquarters said.

The troops will co-operate closely with British supply troops at Antwerp.

The supply unit is commanded by Col. H. A. Phillips, of Victoria, the administrative unit by Lt.-Col. T. F. Flater, of Hamilton, and the signals section by Capt. A. R. Bowles, of Saskatoon.

KARACHI — (CP) — All textile mills in Pakistan which manufacture cloth will soon have retail depots of their own at which their products will be sold to the public at fair prices. Officials said the depots will bring retail prices down.

Dredging of Narrows Boon to Shipping

VANCOUVER (CP)—A $1,000,000 contract for the widening and deepening of the First Narrows channel here has been awarded by the public works department to two British Columbia firms — B.C. Bridge and Dredging Company and Northwestern Dredging Company.

The contract is for the first unit of a project expected to cost more than $2,000,000 and take 2½ years to complete.

Beginning of the dredging marks a personal victory for shipping and businessmen in Vancouver, who have been fighting for years to have the channel work undertaken by Ottawa.

The problem was brought to a head during the past year when the Trans Mountain Pipe Line neared completion and needed improved harbor conditions to handle deepsea tankers that will call here to pick up crude oil.

If the dredging had not been undertaken, Vancouver would have lost millions of dollars in trade and driven tankers to ports in the U.S. to load.

Golden Plow Contest Competes Oct. 6-9

COBOURG, Ont. (CP)—Plowmen from 12 countries will compete here Oct. 6-9 for the "Golden Plow," emblematic of the world championship it was announced Thursday.

J. A. Carroll of Toronto, president of the organization sponsoring the meet, said Thursday that entries had been received from Belgium, Denmark, United States, Britain, Northern Ireland, the Republic of Ireland, Norway, Sweden, Finland, The Netherlands, West Germany and Canada. It will be the first world championship meet.

Blame Fluorine For Thin Cattle

STOKE-ON-TRENT, Eng. (Reuters) — Farmer Godfrey Smith fought a losing battle for years on his farm near here but the harder he tried to fatten his cattle the thinner they got.

Now the government agricultural department has set up a research station to study the problem.

Experts Thursday disclosed that chemicals borne in smoke from nearby pottery furnaces and other industries settle in grazing animals.

Cattle waste away year by year. Fluorine, recently proved to be beneficial to human teeth, was shown to be mainly responsible for the emaciation.

Strange aspect of the case is the fact that the poisoned cattle lose their teeth after three years.

Hillary Receives Marriage Proposals

SYDNEY, Australia (Reuters) — Everest conqueror Sir Edmund Hillary said here Wednesday that he has received a number of proposals of marriage since he climbed to the "roof of the world." Said the New Zealand bachelor beekeeper: "Many aspirants sent along their photographs, including one who asked me to return her picture if I was not interested. I did."

MALDON, England (CP)—A plan to train boys from the London area for farm work is helping offset the loss of workers drifting from Essex farms. Since 1949 the farm labor force in Essex has dropped by more than 2000.

POPULAR PROGRAM

LONDON — (CP) — Britain's most popular radio program, "The Archers", a serial play based on the lives of a farming family, may be on the air for the next 10 years, a conference on farming broadcasts was told. It was stated the program has more listeners than news broadcasts have.

"... I haven't got a worry in the world!"

Movie Gossip

Hollywood Publicity Stories Make Lovely Janet Leigh Hopping Mad

By BOB THOMAS

HOLLYWOOD (AP) — The lady seemed just about ready to blow her blonde wig. She was that mad.

This was Janet Leigh. She was beautifully irate in a honey hairdo that made her look surprisingly like Betty Grable. The fake hair was for her role in Prince Valiant and she had to dye her own tresses the same color so they wouldn't show underneath.

But that wasn't what made her mad. It was some things that had been printed about her and her handsome hubby, Tony Curtis. Mean, unkind things. Like calling the Curtises publicity-mad exhibitionists who are never happy unless a camera lens is prying into their lives. When such comments appeared in a couple of magazines Janet composed a scorching letter.

"Then I had somebody correct the spelling and I sent it off," she declared. "Oh! I'm so mad!"

And well she might be. Last year she and Tony were the first husband and wife team to win the annual pat on the back from the Hollywood women's press club. They won the golden apples for being the most co-operative stars.

Now come the blasts that the Curtises are too co-operative. It's a bitter pill to Janet, who thought she was pleasing everybody.

She had some interesting comments on the fishbowl life of a movie star.

"Publicity is an important part of the business of being a movie performer," she observed. "Mind you, we don't think it's the most important part, as some critics claim we believe.

"Nothing, but nothing, is more important to us than our work. After all, that's the payoff, the reason for the movie business, what appears up there on the screen.

"Okay, so you can help sell personalities via publicity. But you have to give something, once you get the people inside the theatre. If they think you're a lousy performer, you're through, brother.

"Neither Tony nor I will allow anything to interfere with our work and that goes for publicity, too. If some publicity assignment comes up while I'm on a picture and I can do it without any trouble, okay, fine. But if it interferes with what I have to do in front of the cameras, I ask if it can't be postponed until after the end of the picture."

Janet said she even volunteers to come in after the end of the film at no charge to the company. Most other glamor girls would charge $100 a day to do publicity requests.

Strip-Tease Dancer Pays $5 Fine

TRENTON, Ont. — (CP) — A strip-teaser's scar, supposedly visible for 10 feet, was the fine line that led to the conviction of Lynda Corrori, Toronto, dancer, here recently.

Magistrate T. Y. Wills found Lynda guilty of inciting and depraving the morals of local citizens by taking off her costume at a carnival here last month.

The defence introduced medical testimony that a scar on Lynda's stomach was easily visible at a distance of 10 feet. Four defence witnesses said they saw the performance but they didn't see the scar. However, the magistrate accepted police testimony that Lynda was completely unclothed.

Lynda paid a $5 fine and $37.50 court costs as quickly as possible in order to get to Toronto where she is at present performing.

The Baltic Sea, 960 miles long and 400 miles wide, has 5000 miles of coastline.

Hornbill Flutters Wall Streeters

By ARTHUR EVERETT

NEW YORK (AP) — For Rufus the restless hornbill, Wednesday was a day of deep, ethereal satisfaction, heady with the taste of freedom.

For agent Joseph Schlesinger of the American Society for the Prevention of Cruelty to Animals Wednesday was a day of ups and downs.

Rufus was pining in a cage of the Trefflich Animal Co. in lower Manhattan as his big day dawned. He quit pining, however, and somehow managed to get out of the cage. Then he found an open skylight.

The Rufus hornbill comes from the Far East. It's about as big as a turkey, has a wingspread of around four feet, and is worth about $200.

ONLY RUFUS

In mid-morning, Wall street, often inclined to be bullish, spread a report that an eagle was overhead. But it was only Rufus, flapping hither and yon amid the skyscrapers.

Schlesinger arrived on the scene, complete with net. Several hundred peopel were waiting to tell him how to capture Rufus.

Schlesinger cornered the big bird outside a lawyer's eighth-floor office on Wall street, swung his net—and missed. Rufus moved on.

Schlesinger trailed Rufus to the 28th floor of another building, climbed out on a ledge, missed again.

WEARY MAN

So it went, back and forth across Manhattan as day gave way to early dusk. Schlesinger was bent and tortured as he plodded up and down.

Last word from Trafflick's was to try a banana as a lure. Hornbills love bananas.

But would Rufus barter away freedom for nothing more than a banana?

Apparently not — he was still on the loose Thursday morning when he opened his performance in the role of weather vane. With a magnificent sense of audience appeal he posed atop an instrument tower of the weather bureau in lower Manhattan.

Then he hopped onto a real weathervane, fouling it up so it recorded steady northwest winds. Actually, the winds were variable.

A pigeon, a regular tenant of the weather tower, started in for a landing. But he got one look at Rufus and his seven-inch bill, pulled up his flaps and wheeled off into the sky in terror.

Hours later, fate smiled on the perplexed Schlesinger. Rufus—or his twin—fell into his hands in ignominous fashion.

The hornbill blundered through a trap into a pigeon coop belonging to Frank Renda, a rubbish and ash collector, on down town Manhattan roof.

While Renda's pigeons fluttered nervously, Renda collared Rufus and took him to the cellar where he put him in solitary confinement in—of all things—a large canary cage.

Schlesinger arrived post haste, donned gloves, took a firm grip on the hornbill and took him in his truck to the ASPCA shelter.

BLAME ESCAPING GAS FOR COUPLES' DEATH

VANCOUVER (CP) — Escaping domestic gas is blamed by police in the death of an elderly couple whose bodies were found Wednesday night in their South Burnaby home. They had apparently been dead for three days.

RCMP said they found the bodies of Mr. and Mrs. Harry Wood, 70 and 67 years respectively, after neighbors reported the couple had not been seen for several days. The gas is believed to have escaped from a kitchen stove.

Unrationed Sugar For Britain Soon

COPENHAGEN (AP)—Britain's minister of food Gwilym Lloyd George said here Thursday that sugar will be derationed in Britain next month. He added he hoped to abolish rationing of meat and bacon next year. In addition to meat, Britain also still rations cooking fats, butter, margarine, some cheese and coal.

Who's been walking on our white cord pants? Oh well, what's the difference when you think of the price. Great scott, only **$6.39**

13 More Suits
created by Canada's favorite suit makers. There must be some mistake. — We laffed when we bot 'em—the salesman laffed too—as a matter of fact we all laffed together. We had a good time. The salesman's still laffing but we don't find things quite so funny anymore. Anyhow, instead of paying $69.50, you can buy one of these suits for only **$46.89,** then we'll all have a good laff.

Now for the sensation of the century . . .
15 pairs crepe soled Sport Shoes . . . Slip on with no hands—use your hands if you like—carpet soft soles like dwinity fudge. Creep around the house all day . . . Sneak out at night. Regular $11.50. — A soft touch at only **$8.49**

Blisters on the Hands, eh?
Slivers and stuff? . . . 6 pairs cream cowhide cowboy style work gloves. . . . Don't relax your grip—hold on like crazy. Reg. $3.15 — **$1.69**

These Salesmen Are Getting Slicker All the Time . . .
You should have seen the look on our faces when we saw these lulus they sent us . . . 24 pairs goshawful sox that nobody'd bite at at $2.50 a pair. You'll grin like mad when you pay only **$1.89** Make a hit with the wife . . . see the look on her face. 2 prs. for **$3.78**

So You Want Long Sleeves in Your Tee Shirts???
You don't like mosquito bites—you want to look like a turtle? O.K. Here's a heap of creations you can't afford to snub . . . Complete with large snug-fitting tastefully folded round collar that's pretty warm sometimes. Get hot under the collar for **$1.99** — Who cares about the heat at 2 for **$3.89**

Hold On to Your Bald Head Mister . . .
. . . Here come the Hats!! 7 Royal Stetsons, reg. $10.95, for only **$7.19** . . . 8 Premier Stetsons, reg. $8.95, for only **$6.19** . . . 11 Biltmores; fine feeling felts that sold up to $7.50 . . . going for only **$4.89** . . . Who ever heard of such a thing . . . Hats like these at such give-away prices . . . Oh, well, it's no use looking poor and being weak . . .

12 More Dazzling Sport Shirts.
Where did they all come from??? There should be a law against shirt makers. Gosh, and these were marked $7.95, too . . . There's a few other marks just to add to things . . . Oh, well, what's a few thumb marks between friends, at **$5.95** who's going to look that close. — Be a sport, play fair, wear a sport shirt, hit the ball.

Ride 'em Cowboy!!! Yipeeeee!
Right off the Western plains came these 6 pairs of 10 oz. Denim Rider Pants and we wish they were right back where they came from . . . They hung on like an ornery rattlesnake at $4.95. Go Western, your man, for only **$3.69**

NO PHONES PLIZ —
NO NOTHIN' — JUST CASH.
In fairness to our customers, we're asking you to see this stuff for yourself, 'cause it's not all mentioned here.

???Why Feel Like a Dope???
Do you get that creepy feeling when it's cold outside??? O.K. Here's 6 sizzling hot topcoats—real smoothies—Maybe not quite as smooth as the guy who sold them to us, but good sturdy cloth, fine colorings, good sleeves, etc. Hundreds of Kootenay citizens paid as high as $65.00 for them . . . Pay only **$44.89** and leave the Kootenays with the dough you'll have left over.—Clear out!!

6 Quilted Jackets for Winter
Already the days are getting shorter. Something keeps telling us Summer's anyway, what do you think? We shot. We didn't want any Summer think it's good ball to be ready for anything. Regular $19.50 . . . for only **$14.37**

Now That We've Got That Settled,
How's about Broadcloth Shorts. Silk and wool shorts, all fine underwear. Cardigans and sleeveless pullovers. Why not be comfortable??? Here's 5 pairs of dress shoes, too. Reg. $12.75, for **$8.97** . . . Oh, we've got loads of junk. Come in and look the place over. You'll be glad to go out again. What we mean to say is, you'll go away happy . . .

Here's a Mess to Clean Up!!!
15 Smuggs. Fitting pinchy sort of sport shirts—some real nice. Famous names like Arrow, Sun Valley, etc. Led to slaughter . . . The old price is forgotten, as a matter of fact, these have been here so long we've forgotten the old price. We think it was $5.50. You'll remember the new price tho', at **$3.89**

14 Sheepish Looking Merino Combinations . . .
The underwear of the Russian army. — Dash around in the cold weather. Stock up now. — Was $4.50 a suit, now **$2.99**

37 Pcs. Same Rosey Texture as Above
only in 2-piece. Bring a wheelbarrow. Shirts or drawers. — More than you could stand at $2.50 ea. Sit down in comfort at, each **$1.69**

When Are We Going to Toss in a Few Pants???
O.K., O.K. Quit twisting, Buster—we got scads of them . . . All shapes, sizes, colors and feels. 10 pairs Gabardine Slacks. Who'd wanna pay $12.95, when you can get 'em for only **$9.49** . . . 3 Pairs Glenn Checked ones—hung like dead fish at $21.50. Should hang good at **$15.49** . . . 2 Pairs Solid Wool Gabardine prime qualities . . . Should have sold like a glass of water in Arabia for $17.50 but wouldn't. Guaranteed to go like a scared kangaroo in Australia at **$14.49**

"Terrific Job . . ."
That's what the salesman told our buyer we'd do if we bought this mess of work shirts. 22 brownish and greyish hard-work type. He left town and we're left holding the sack . . . Now it's your turn. Reg. $3.25. Go big time at 2 for **$4.89**

Two-Year, $10,000 Sunningdale Lighting Project Starts Monday

TRAIL—Digging of holes for about 40 to 50 light poles will start in Sunningdale, Monday, beginning the first half of a two-year, $10,000 project to give lighting to the entire lower section of Sunningdale.

T. N. Stretton, building inspector for Trail, said the poles, 24 of which are to bear automatic lighting units, should be erected and ready for use within three weeks. He said that the 300-watt units will be in operation by that time.

A four-man crew employed by the city will start digging 10-foot holes for the poles Monday. Each pole will be 25 feet above ground, will have six-foot arms and the lighting units will be serviced by underground synthetic cable.

Ten thousand feet of cable will be buried this year. Total project calls for 30,000 feet.

The lighting units will be equipped with push-matic switches to protect the main switches and their operation will be through photo-electric cells which will energize heavy-duty relays.

AUTOMATIC TURN-ON

The photo-electric cells will automatically turn the lights on at dusk and switch them off at dawn.

When the poles are erected and the lighting units are in service $5000 will be spent, and the Viola Crescent, Diana Crescent, Sylvia Crescent, Olivia Street, and part of Hillside Drive section of Sunningdale will be illuminated during the night for the first time.

Second half of the job, to start next year and to cost the city another $5000, will complete lighting of the entire lower Sunningdale area.

Additional units will be ordered and 20,000 more feet of underground cable will be used to complete the project.

The present work was approved by city council in February. All equipment is here except for weather-proof boxes, which are reported in transit.

DROPPED FROM SKY

LONDON — (CP) — Two nine-year-old boys entered a warehouse by dropping 25 feet from a skylight. They were arrested by police, stationed in the building to investigate 10 robberies at the warehouse, and later were remanded in custody.

Cuba in Dread Of Sugar Cuts

LONDON (AP) — Cuba told the world's sugar producing nations on Thursday that any further cut in her sugar output might throw 500,000 workers out of jobs.

The Cuban delegation to the international sugar conference here distributed a statement by the delegation president, Dr. Amado Lopez Castro, saying Cuba needs to export 2,500,000 tons of sugar yearly to non-dollar markets if her economy is to be maintained.

The conference, sponsored by the United Nations, aims to boost the world sugar market; to impose export quotas sharing out this market among sugar producers and to fix a sugar price adequate to maintain fair labor standards in the sugar industry.

The Cuban statement said the 2,200,000 tons quota suggested for Cuba is below the average Cuban exports of the last three years.

Feels New Pool Answer to Trail Swim Problem

TRAIL—Joe Morris, president of the Trail Athletic Association, spoke to the Trail Rotary Club Wednesday on the program of his group and particularly the summer schedule which included swimming classes at the Jubilee swimming pool.

Mr. Morris said that despite the published report of the medical health office the water in the pool was in as good condition this season as any year for the last 20. The medical officer had reported last month that water in the pool was contaminated.

Mr. Morris said that attendance at the pool had fallen off 50 per cent since the medical officer's report appeared. He explained that warm water was supplied from Cominco and that this was chlorinated but that cold water from the city system was not.

"Certainly chlorination and recirculation of the water would be desirable," Mr. Morris said, "but this is expensive. He have asked the City of Trail for a chlorinator and recirculation unit."

Mr. Morris was asked if the TAA felt the city should supply this when the entire district was served by the pool. He said he believed 99 per cent of those using the pool lived in Trail.

A new pool was the complete answer to the problem, the speaker said, but this had been discussed by the Projects Society and it was felt that such an undertaking would be a long way in the future.

Mr. Morris said that swimming instruction was available for both youngsters and adults during the summer. Already this year eight adults had been taught to swim.

Of the playground schedule, Mr. Morris said that 14 instructors were employed to provide a program aimed chiefly at the six to 13-year-olds.

Deportation Order For Dick Haymes

WASHINGTON — (AP) — Actor-singer Dick Haymes was picked up Thursday for deportation to his native Argentina.

Attorney-General Herbert Brownell announced the arrest, made by immigration service inspectors at Los Angeles.

Brownell said the reason for the 34-year-old Haymes' deportation warrant was that during the Second World War he filed a certificate for exemption from military service as a citizen of a neutral country.

The attorney-general said Haymes thus is ineligible for naturalization under the McCarran-Walter Immigration Act "and therefore automatically deportable."

"The fact that he had obtained relief from military service was disclosed June 1, 1953, when he was examined at Los Angeles on his return from a trip to Honolulu," the announcement said.

Haymes was born in Buenos Aires, Sept. 13, 1918, and entered the U.S. for permanent residence May 28, 1937.

PETERBOROUGH, Ont. (CP) — Rev. Robert Macdonald, priest of St. Adolphus parish here for four years, is leaving to become rector of St. Patrick's parish, Quebec City. The latter parish consists of about 1600 English-speaking Catholic families.

TRUCKERS FINED

HAMILTON (CP)—Five striking truck drivers were each fined $35 and costs Wednesday on charges of intimidation. The men, members of the Teamsters Union (AFL-TLC) were arrested July 22 after a trailer truck was stopped on the highway just outside this city. They are part of the 1500 truck drivers in southwestern Ontario who went on strike July 20 for higher wages.

GOOD NURSING

REGINA (CP) — Grace Motta, acting president of the Saskatchewan Registered Nurses Association, told the annual convention that "the future of nursing depends on the ability of individual nurses to improve the quality of care given to patients — and to include in this care the education of the patient and families."

EAST MEETS WEST

LONDON — (CP) — Visitors to Greenwich observatory can span east and west in one stride by straddling a thin brass strip marking where the two halves of the world meet. The strip indicates the Greenwich meridian, universally adopted in 1884 as the line of zero longitude.

Kinnaird Lights Installation To Start Sunday

KINNAIRD — Installation of 77 2500 lumin lights in Kinnaird by the West Kootenay Power and Light Company will start Sunday morning. The installation will be completed in about two weeks.

The lights are to be installed on existing poles along a one-and-one-half mile section of the highway through Kinnaird in the Dumont subdivision and on Upper Bench.

The village and the power and light company made an agreement two months ago whereby the company will supply installation and power and the village will pay $9000 a year rental.

During installation Sunday, electric power in Kinnaird will be cut from nine a.m., to noon from the railway crossing to Milestone road and in the north end of Upper Bench.

Power will be off in the afternoon from 12:30 to 4 o'clock from Milestone road to the southern section of Kinnaird and in the south end of Upper Bench.

It will be interrupted in sections of Kinnaird at various times during completion of installation.

Fifty-three lights will be on the highway, 13 will be in Upper Bench and 11 will be in the Dumont subdivision. The lights will be connected by a special line.

Four Students To Represent Trail at Seminar

TRAIL—Four students from Trail will be representing this area at the high school summer conference of the United Nations at the University of B. C., from August 10 to 15.

Chris Bonde, son of Mr. and Mrs. C. Bonde, of 2385 Rockland Ave., will be sponsored by the Trail Rotary club and was chosen on recommendation by the teachers at the Trail school.

Chris Bonde is 16 and will be in Grade XI at school next year. Last year, Chris was active in basketball, badminton and other school organizations and belonged to the Junior United Nations the previous year. He has lived in Trail all his life.

The other three delegates from Trail—Jane Millican, Hillary Lee, and Marsha Moore, will be paying their own expenses.

Two Kinnaird students, Jack and Ed Collinson, will also travel to the conference.

Poison ivy is the only native plant that has three identical leaves and white fruit.

Redmen Win With 5 Goals in Final

TRAIL—Rossland Redmen made it 24 straight games Thursday night when they downed Golden Bears 12-10 before about 600 fans in Cominco Arena.

For a time it looked like Trail would cop the game and hand the Redmen their first loss as they outscored Rossland 9-3 in the first frame, but Rossland played a close checking game and held the Bears to but one more goal which they scored in the second quarter.

Trail fought gamely through the second and third frames allowing Rossland but two goals in each. Going into the final Trail held a three-goal edge but Jack Laface took it upon his own shoulders to assure Rossland of the win.

Laface at the 8:20 mark put Rossland only one goal away from a tie and then 22 seconds later evened up the game. Then 47 seconds after the tying goal Laface broke up the game when he scored what proved to be the winner, taking a pass from Bilesky. Don Davis finished up the scoring a few minutes later on a two-way play with Babe Laface.

The game was comparatively clean with but six penalties being called.

Leduc of Trail was packed off the floor in the third quarter after receiving a stiff check from Jim Scott. He injured his leg slightly. One other casualty saw Bert Bertola carried off the floor after hurting his back.

With but one game remaining on the schedule a meeting will be held before this game Saturday night to talk over the playoff situation. Trail will play Nelson in the final game at Rossland.

First quarter—1. Rossland, Babe Laface (Jack Laface) :47; 2. Trail, Lions (Robertson) 1:14; 3. Trail, Robertson (Lions) 5:05; 4. Trail, Moffatt 7:46; 5. Rossland, Joe Laface (Jim Scott, Babe Laface) 8:58; 6. Trail, Smith 9:05; 7. Trail, J. Mailey (Kendall) 9:12; 8. Trail, Moffatt (Klitt) 11:03; 9. Trail, Lions (Klitt) 11:38; 10. Rossland, Jim Scott (Page) 11:58; 11. Trail, Lions (Robertson) 12:37; 12. Trail, Leduc (Kendall, Kopland) 14:45.

Penalties: none.

Second quarter — 13. Rossland, Don Davis (Thorstinson) :50; 14. Trail, Smith (Barnes) 3:20; 15. Rossland, Page (Thorstinson) 14:50.

Penalty: Moffatt.

Third quarter— 16. Rossland, Dominici (Don Davis) 7:00; 17, Rossland, Jim Scott 8:48.

Penalties: Moon, 10 minutes misconduct, Moon, Bilesky, Scott.

Fourth quarter — 18. Rossland, Dominici 6:06; 19. Rossland, Jack Laface 8:20; 20. Rossland, Jack Laface (Jim Scott) 8:42; 21. Rossland, Jack Laface (Bilesky) 9:29; 22. Rossland, Don Davis (Babe Laface) 11:12.

Penalties: Exmer, Thorstinson.

Cricket Club At Trail Sunday

The Nelson Cricket Club this Sunday will play their third game of the season when they travel to Trail.

Nelson thus far has dropped two games to the lads from the Silver City but has improved vastly in later weeks and should give Trail a good match.

Nelson will hold a practice on Saturday afternoon at the Recreation Grounds.

Those making the trip will be Ted Young (captain), Tom Middleton, Fred Farrow, Ken Adcock, Bernie Ford, G. A. Butling, John Gleeson, Ron St. Eloi, Len Moss, Charles Rushby, Mike Rushby and Jim Christie. Alfred Baker will also make the trip as umpire for Nelson.

MAY STANDARDIZE GOLF BALL

NEW YORK (AP) — The captain of the Royal and Ancient Golf Club of St. Andrews, ruling body of British golf, says Britain and the U. S. may adopt a uniform golf ball in the next two years, probably the larger American version.

"The tendency of thought on the matter seems to be toward the larger ball if an agreement is reached" said Lord Brabazon of Tara, who runs the golf show in Britain. "The feeling is the smaller ball could be hit too far on American courses."

At present there is 6-100ths of an inch difference in the size of the American and British balls, with the British ball smaller (1.62 inches in diameter to 1.68). Under present rules, British players may use either ball. Americans permit use of the British ball only in international competition.

"There is reason for the difference in balls because of the difference in the conditions under which they are played," Lord Brabazon said. "But there is strong sentiment for standardizing the ball between our two countries now that we have a uniform code of rules.

Earl Wilson's Timely Triple Gives Maddens Playoff Berth

With one mighty blow of his bat, Earl Wilson gave the Maddens a playoff berth Thursday night in the Nelson and District Fastball loop.

With the score all even at 5-5 and two men out in the ninth with Don Porteous on first, Earl Wilson blasted a triple into centre field to score Porteous with the winning run.

For the Maddens, it marked a great victory, for twice they had to come from behind as the Transfers, who had been only one point back of the Maddens, fought gamely.

For the league, it was a great finish as Monday night the Humes won a close 4-3 game to take first place by one point. Sunday will see the first games of the playoffs get under way when the Humes travel to South Slocan to take on the Slocans, who ended up in third place. The Maddens are expected to take on second place Passmore at Passmore on Sunday.

The Maddens opened the scoring in the second when they got to Jones for two hits, one a triple by Jesse Seaby into deep centre, scoring two runs.

Transfer got back in the game in the fifth when some sloppy fielding by the Maddens got Len Bicknell into trouble. Jim Dennett opened the scoring for Transfer when he scored Miller with a timely blow. Two straight miscues by Keith Loewen and Jesse Seaby accounted for three more runs before the side could be retired.

Maddens managed to get another run in in the seventh, and then after Transfer scored one in the eighth, Maddens evened up the game with two in the eighth, setting the stage for Wilson's big blow.

Len Bicknell, in going the distance for the Maddens, struck out one and walked two, while Jones, on the mound for the Transfer, walked seven and whiffed three.

White Sox Still Five Games Behind Yanks

By The Canadian Press

Chicago White Sox completed a four-game sweep over Philadelphia Athletics Thursday with uphill 6-4 win that kept the White Sox five games behind the league leading New York Yankees in the American League pennant race.

The White Sox packed their gear and headed from Philadelphia to New York for a four-game series with the champion Yankees, who had little trouble Friday beating Detroit Tigers 5-2 as Bill Miller and Allie Reynolds teamed up for a five-hitter.

In the National League scramble the leading Brooklyn Dodgers and the second-place Milwaukee Braves split a doubleheader, leaving the Dodgers 7½ games in front.

Harry Hanebrink tripled with the bases loaded and two out in the last of the ninth to give Milwaukee a 3-2 victory in the second game after the Dodgers had taken the opener 3-2 in 11 innings. The Braves' win was only their second over Brooklyn in Milwaukee this season.

St. Louis Browns outbattled Boston Red Sox for a 10-inning 8-7 win in an American League game in which Ted Williams, Red Sox outfielder, had a chance to make a highly dramatic return to competitive baseball. Williams, recently discharged from the U. S. marines, was called on to pinch-hit in the ninth with the tying and winning runs on base and only one out.

He slammed one pitch into the right-field stands but it was foul by many feet as the Boston crowd roared for him to come through. They were deomed to disappointment, for Williams then popped harmlessly to first baseman Dick Kryhoski.

Cleveland Indians dropped 9½ games behind the Yankees when they lost 4-1 to Washington Senators. Frank Shea hurled six-hit ball for the Senators in handing Bob Feller his sixth defeat against the same number of wins.

In the other National League day games, New York Giants broke a six-game losing streak by walloping Chicago Cubs 12-6 and Pittsburgh Pirates made it three straight over Cincinnati Reds with a 4-3 decision. The Giants exploded for eight runs in the eighth inning and the Pirates won their game with single runs in the eighth and ninth.

In the White Sox-Athletics game, Joe Coleman, veteran Philadelphia pitcher, appeared to have victory in hand as late as the eighth inning when the Sox erupted for five runs and the decision.

Gene Bearden, who came on in relief of Mike Fornieles and Luis Aloma, gained his third win in six decisions. Harry Byrd, who replaced Coleman, was charged with the loss, his 13th against 10 wins.

Bill Miller, just recalled from the Yankees' Kansas City farm club, had a two-hit shutout up to the eighth when Reynolds came on the scene. Reynolds threw just one pitch to Walt Dropo, who bounced into an inning-ending double play.

Hanebrink's game-winning triple in the second game of the Brooklyn-Milwaukee doubleheader came off Russ Meyer who took over from Clem Labine in the ninth. Labine had given up only three hits through the first eight innings but two successive singles in the ninth sent him to the showers.

Pee Wee Reese was the Brooklyn star in the opener as he slashed a single with the bases loaded and two out in the top of the 11th to provide the winning tally.

Warren Spahn, the Braves' winningest pitcher, took the loss in the first game.

Eddie Mathews blasted his 34th homer in the first inning.

In the only night game in the majors, Harvey Haddix, St. Louis Cardinals' lefthander, held Philadelphia Phillies hitless for eight innings and then gave up two singles while recording his 14th victory with a 2-0 decision over the Phils and Curt Simmons.

Richie Ashburn proved the spoiler by leading off the ninth with a line single.

Overseas Teams To Be Chosen

KEMPTVILLE, Ont. — (CP) — Hockey teams which will get junkets to Europe and Japan early next year will be chosen this weekend at a meeting of the Canadian Amateur Hockey Association executive at Toronto, CAHA president S. H. George said Thursday.

So far, there have been applications from three intermediate teams for the European trip and three for the Japanese. George declined to name the applicants.

The CAHA chooses teams not only on the basis of good intermediate hockey calibre but also takes into consideration players who would conduct themselves on a "gentlemanly basis" even apart from hockey.

The European team will leave for Stockholm in February to play various teams in Europe for the International Ice Hockey Federation championship. There will be no titles at stake in Japan. The team chosen to play there will be on a goodwill mission.

Expenses for the Canadian team to Japan will be paid by the Japanese Ice Hockey Federation. It will be the first time a Canadian team has played against the Japanese in Japan.

The Canadian team in Japan will be overseas six or seven weeks.

Slo-Mo-Shun Gets Rush Repairs

SEATTLE (AP) — A flailing drive shaft, ripped loose by a snapped propellor, tore out rear bottom planking of the speedboat Slo-Mo-Shun V at 170 miles an hour Wednesday but owner Stan Sayres said later he was sure his big hydro could be repaired in time for Sunday's Gold Cup race.

"We have arranged for three shifts of crews to work around the clock on the V and hope to have her back in the water by Friday," the Seattle automobile dealer said.

The second of Sayres' Slo-Mo's was on a speed test near the east shore of Lake Washington when a blade of the propellor flew off. In an instant, the terrible vibration tore the drive shaft free and it pounded out the entire bottom back of the engine.

Driver Lou Fageol of Detroit escaped injury and was taken off by small craft from the nearby Sayres' residence as the V sank in shallow water.

A navy salvage boat pulled the saucer-shaped hydroplane out by late afternoon, and she was taken to the boatyard of her builder, Anchor Jensen.

The crippled Slo-Mo V, winner of the Gold Cup on the same waters in 1951, is entered with her sister ship, defending champion Slo-Mo-Shun IV, and five Detroit speedboats for the Sunday classic.

Kinnaird Flyers Fall by Wayside, Lose 14-8 Final

TRAIL — Shavers Bench Bartonettes advanced into the next round of the West Kootenay playoffs with a 14-8 win over the Kinnaird Flyers in the third of a three-game series.

Ev Wilmot, star shortstop of the Bartonettes, paced the winners, batting in eight runs with three singles and a long home run in the first frame that scored two runs.

H. Gwillam was also a big gun for the Shavers crew, getting three hits in five trips including a two-run homer in the eighth inning.

Shavers Bench took a three-run lead in the first frame and they never did look back on the Flyers in the remainder of the game. They counted three more in the third and then six big runs in the seventh. They added two more in the eighth that all but put the game out of reach of the battling Flyers.

Kinnaird managed to squeeze one run across in the first, one more in the sixth, two in the seventh and one in the eighth. In the final frame they made a strong bid to get back in the game with three runs, but their rally fell short.

Kay Ramsden went all the way for Shavers, giving up six hits. She walked seven and struck out six.

Phyllis Scala started on the mound for the Flyers but after giving two straight free passes she was relieved by Ann Marshall, who went the rest of the way, giving up 14 hits, striking out two and walking four.

It is expected that the draw for the next round will be held on Friday.

Nelson Leafs Host to Spokane This Weekend

Nelson Maple Leafs this weekend play host to a team from the Spokane Twilight League for three games.

The Parson Tile team, at present in fourth place in the eight-team league, will play one game Saturday evening and then wind it up with a doubleheader on Sunday.

The Spokane club, although holding on to the fourth spot, several times this season have dumped the league leaders, and once this season they won over the strong Spokane George Builders who all but trampled the Leafs in the second of their two-game series here some time ago.

The Leafs in the next week will be seeing much action. They travel to Trail Tuesday to take on the Smoke Eaters and then play a return game here on Thursday.

Also slated for some time next week is a three-game series with the Nelson Outlaws for the city championship.

This series has been in the making for some time and it was doubtful if it would ever be played. It was confirmed Thursday.

It was also reported that the Trail tournament, which was to be held some time ago but was cancelled due to unsettled weather, would be played on Labor Day. Nelson Leafs will be vying for the first place money along with several other teams from the district as well as the States.

Chess Tournament Won by Student

GLASGOW (CP) — Jonathan Penrose, 19-year-old student at the University of London, Wednesday was declared winner of the Glasgow chess tournament. Winnipeg's Abe Yanofsky finished in a four-way tie for second place.

Penrose gained five points in the seven-round tournament, which started July 27. Tied for second place with 4½ points were Yanofsky, W. A. Fairhurst and Harry Golombek of Britain and R. G. Wade of New Zealand.

Golombek and Yanofsky were to have clashed Wednesday in an adjourned game, but after analysis decided nothing more could be done and the match was agreed as a draw.

In London, a commentator in the Times wrote: "Yanofsky redeemed a bad start by a brilliant finish. A loss always seems to have the happy effect of spurring him on."

Tight Duel as Legions Win

The three-hit pitching of Fred Nudd led the Legions to victory Thursday night when they defeated Knights of Columbus 6-3 in the Pony Baseball League at Queen Elizabeth Ball Park.

Nudd, in going the distance, gave up only three hits, struck out 10, and walked 4, while opposition pitcher Peter Thom gave 8 hits, struck out 6 and walked none. The game was a pitcher's duel all the way and exhibited some nice fielding.

A big seventh inning highlighted the game when the Legions drove in 3 of their 6 runs and the KCs 2 of their 3.

Donny Ball was the big man at the plate with three hits, two singles and a double. The only home run of the game came from Peter Thom of the KCs who blasted a 250 foot homer over the right field fence.

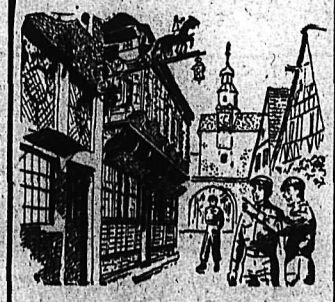
Serving Canada in the Army you serve...
Yourself

Never before has an Army career offered so many advantages to young men. Army life is for men who want to help guard Canada's freedom. It is not an easy life — but it is a rewarding one. You and Canada profit by the many opportunities and benefits of military service. Here's how you gain when you serve Canada in the Army: good pay, financial security and pension; 30 days annual leave with pay; opportunities for special training, promotion, adventure. For Canada, you will represent another trained soldier to help guard our freedom.
To be eligible you must be 17 to 40 years of age, skilled tradesmen to 45. When applying bring birth certificate or other proof of age.
Apply right away — For full information write or visit the Army Recruiting Centre nearest your home.
No. 11 Personnel Depot, 4201 West 3rd Avenue, Vancouver, B.C.
Army Information Centre, 119 AA Bty., RCA, Work Point Barracks, Victoria, B.C.
A1698-BC

Comradeship is one of the finest features of Army life. Ask any soldier! You take part in sports, live, work and face dangers with men who share your interests and ambitions.


Travel will give you wider experience and interests. There are many chances for travel in Canada and overseas. You see and learn more in the Army today than ever before.

Yesterday's Answer

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X B
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

V K V G O T U B C O T K O J V W O A W E K
J V U J E Y K K A D X W H K O W J E P Y
J V K N G T A W L X P P C — S G U Y A K O.

Yesterday's Cryptoquote: HOME-MADE DISHES THAT DRIVE ONE FROM HOME—HOOD.

Calgary Livestock

CALGARY (CP) — The Calgary livestock market was active Thursday with a keen demand for dry fed butcher cattle. There were 550 cattle and calves on offer.

Good to near choice dry fed butcher steers 18.50-20; common to medium 11-18; good to near choice dry fed butcher heifers 18.50-18.50; common to medium 10-17; good to near choice fed calves 19-20; common to medium 17.50-18.50; good cows 10.25-11.25; common to medium 8-10; canners and cutters 5-7.50; good bulls 11-12.50; common to medium 9-10.75; good stocker and feeder steers 16.50-18.50; common to medium 10.50-14.50; good to choice veal calves 17-19; common to medium 13-16.50.

Market Trends

NEW YORK (AP)—Higher prices encouraged expanded buying in steels, motors, railroads and oils. Gains ran to around a point at the best.

Canadian stocks were mixed. Canadian Pacific and International Nickel both slipped ⅛, Dome Mines and Distillers Seagram each advanced ¼.

TORONTO (CP) — Priced edged higher toward the close of another listless session.

Industrials drew support in selected issues, reflecting the firmer tone of New York trading.

MONTREAL (CP) — Trading continued to reflect a firmer undertone in slow afternoon dealings.

Papers, utilities, senior metals, senior oils, steels, carriers and banks were firmer.

LONDON (Reuters) — With Wall street resuming an upward trend trading continued active.

Among industrials, engineerings and textiles were supported.

Uranium Hunters Busy In Sask

URANIUM CITY, Sask. (CP) — Prospectors this summer are climbing over reddish gray rock lands and diamond drillers are piercing the surface to widen northwestern Saskatchewan's uranium region.

This year will see the greatest exploration of the infant industry as hundreds of prospectors scour an area about 30 miles in every direction from this hub town, 500 miles north of Saskatoon. The circle of development broadens daily, with some scatered exploration farther north.

The original uranium body and mine is at Beaverlodge lake, north of Lake Athabaska. This development is controlled by the federally-owned Eldorado Mining and Refining Corp., which processes all ore produced.

NEW STAKINGS

Radiating from the Eldorado holdings are the privately-owned companies, estimated to number more than 100. New stakings are recorded almost every day.

At least 10,000 uranium claims have been recorded so far this year in Saskatchewan compared with 4281 mineral claims of all kinds for all of last year.

Several mines have had to stockpile ore beside shafts because of the lack of processing facilities. The ore will be delivered to the Eldorado plant when it is ready to start on custom work.

The circle of exploration widened this year with the Gunnar-Gold discovery off Crackingstone Point, jutting out into Lake Athabaska beside St. Mary's channel. Said to be one of the most significant uranium properties in Canada, the find started a jump in the claim market.

GHOST TOWN BUILDINGS

Estimates place the ore body at 12 acres, extending 150 feet in depth. Its value has been computed at $65,000,000.

About 10 buildings from nearby Goldfields, gold-mining community turned ghost town, have been moved to the new property to house workers. About 400 persons are expected to be living in the Gunnar-Gold community within 18 months. Wharves have been built to land supplies hauled over the lake by barge.

American Climbers Try K2 Again

NEW DELHI (AP)—The United States expedition of Mt. Godwin Austen (K2) in Pakistani Kashmir established its fifth camp at 22,000 feet July 18, messages reaching here report. The party, which is trying to scale the 28,250-foot second-highest mountain, was held up a week by bad weather.

Bank Savings Higher

OTTAWA (CP) — Savings on deposit in Canada's chartered banks at June 30 last amounted to $5,126,015,000, against $5,100,083,000 at May 31 and $4,792,021,000 at June 30, 1952, the chartered bank statement for June showed Thursday.

Call loans in Canada amounted to $122,895,000 at June 30, as against $137,663,000 at May 31 and $137,557,000 at June 30, 1952.

Nickel Agreement Closed by Dept.

OTTAWA (CP) — An informal, two-year agreement between the defence production department and some Canadian metal manufacturers to conserve nickel supplies for the defence program ended Thursday.

Under the agreement the manufacturers in June, 1951, reduced the amount of nickel in stainless steel, low-alloy steels and copper and aluminum alloys produced for on-war purposes. Voluntary action by the manufacturers increased the amount of nickel available for the defence effort.

The defence production department said the agreement is terminated because of a major improvement in the nickel supply situation. Manufacturers now may increase the nickel content in alloys used to make engine pistons, flatware and other domestic products.

The department also revoked an order dated Nov. 17, 1952, under which major users of sulphur were required to make consumption reports. The reports enabled the sulphur supply situation to be kept under review.

Express Chairman Defends Canadian Newsprint Prices

LONDON (CP) — E. J. Robertson, Scots-born chairman of the Daily Express, wrote a letter to The Times Thursday defending the price charged for Canadian newsprint.

He said although it is true Canadian newsprint costs more than that from British or Scandinavian sources, primarily because of the depreciation of sterling, "no one engaged in the production and distribution of newspapers will forget that it was the supplies from Canada which kept the British press alive throughout the war years."

HEAVIER PRODUCT

Robertson, right-hand man to Canadian-born Lord Beaverbrook, added that from 1946 to 1952 the average price for British newsprint was £44 15s 9d a ton compared with £37 8s 6d for Canadian newsprint. In addition, the Canadian product was of heavier weight and better quality.

Robertson was commenting on a letter last Saturday from chairman G. Beckett of the association of makers of newsprint, setting out prices for Newsprint from British Canadian and Scandinavian sources.

WEIGHTY DIAMOND

BLOEMFONTEIN, South Africa (AP) — A diamond weighing between 200 and 300 carats and worth more than $140,000 has been discovered at the Jagersfontein mine in the Orange Free State.

Aussie Uranium Field Named For Coronation

DARWIN (AP) — Australia announced a belated Coronation gift Thursday for the Queen, the finding of a new uranium field that promises to be rich in the atomic ore.

The field was located June 2, the day the Queen was crowned in London. It's name, Coronation Hill. Unofficial reports said superficial surveys indicated it to be as rich, if not richer, than the Rum Jungle area in Australia's northern territorier.

Rum Jungle has been described officially as potentially one of the largest and richest uranium-bearing areas in the world.

The new field is on an isolated cattle station 230 miles southeast of Darwin and 80 miles east of the town of Pine Creek.

Important Matter

PERTH, Australia (Reuters) — Remember the Coronation photograph which showed the Queen Mother bending down to speak to her grandson, Prince Charles, during the service in Westminster Abbey?

An Australian disclosed Thursday that the topic of conversation was the little prince's brilliantine, with which he had slicked his hair for the first time.

"Doesn't it smell nice, Nanna?" he asked his grandmother during a lull in the proceedings. The Queen mother leaned over to whisper agreement. Just then the picture was taken.

F. C. Chaney, state president of the West Australian Returned Servicemen's League, told a meeting here Wednesday night he had the story from the Queen Mother herself.

Hungry E. Germans Break Red Railway Travel Ban

By RICHARD KASISCHKE

BERLIN (AP) — The Communist blockade on rail travel to West Berlin's free food stations was cracking Thursday under the pressure of East Germany's hungry millions.

The giveaway centres reported thousands of Soviet-zoners were joining the throngs of East Berliners lining up.

Many of the new arrivals reported they had been able to buy railroad tickets to Berlin for the first time since Saturday, when the East government clamped on its travel ban.

The East German government made no announcement it was lifting its ban, and in many places tickets still were not on sale. Relief officials, however, reported that that people were showing up from farther reaches of the Soviet zone. They said railway employees had sold them tickets at various stations.

SHIP THROUGH BLOCKADE

Cracks in the blockade became apparent Wednesday night after railroad workers in Brandenburg province, which rings Berlin, slipped through 40,000 of their hungry countrymen.

Others got around the travel ban by bicycling, hitch-hiking, or coming by bus to stations near Berlin and then on foot into the city. Railroad men also smuggled many food parcels for their families and friends.

The new influx from East Germany reinforced another big flood of reliefers from Soviet East Berlin sending the food stations off with a rush into their 11th day of distribution and heading for the 2,000,000-parcel mark. At the close of distribution Wednesday night nearly 160,000 parcels had been distributed, despite bad weather and the travel restrictions, to lift the 10-day total to 1,600,000.

FACTORIES TERRORIZED

As further evidence that Communist police control was breaking down, a record number of 51 men deserted from the Eastern "people's police" army and gendarmerie Wednesday and Wednesday night.

Perhaps due to this police sabotage, east zone reports said confiscation of food gifts appeared to be easing. But the Communists pressed their terror in the factories to keep restive workers in line and prevent a feared second revolt like that of June 17.

Chain Store President Replies to Victoria Milk Board Price Charge

VANCOUVER — (CP) — Victoria wants a milk hearing of its own if any major changes in Milk Board regulations are to be made, J. G. Gould, lawyer representing the capital city's distributors, said Wednesday.

Referring to the application of Canada Safeway Ltd. to sell milk at lower prices in its stores, the Victoria dealers called on the Milk Board to "stop any attempt by chain stores to dictate the milk policy."

Victoria at present has no milk price differential for stores. If such a differential were introduced, "it would disrupt the economic law of delivery in which we have to take into consideration the fact that the short haul pays for the long haul," the brief said.

Representing Safeway Stores, J. A. MacAulay, a Winnipeg lawyer who is vice-president of the company, presented a brief stating the milk board abandoned its plan to decontrol milk above the producer level after holding private hearings with distributors.

NOT INVITED

The brief said Safeways was not invited to those "private hearings."

"Evidence is available that at the private meeting of distributors held by the Milk Board in Jan. 21, 1952, the chairman announced the board's decision that there would be a fixed minimum price to producers and an open market for dealers above the producer price," stated MacAulay.

"The board's decision of April 10, 1952, provided not for decontrol but for a one-cent store differential. This decision implied that the plan for decontrol above producer level was abandoned because of the request by milk dealers for opportunity to voluntarily endeavor to lower delivery costs.'

"We submit that since the decision to decontrol above producer level was the board's actual decision on evidence given in public hearing, this is the proper decision and it should now be implemented."

MacAulay said his company wishes to sell milk in Vancouver at two cents below the home-delivered price.

Total cost of delivering milk from a plant to stores, plus store-handling charges, is less than two cents a quart, the lawyer said. Evidence has been given that selling and delivery costs for three Vancouver distributors ranged from 5.82 to 8.04 cents a quart, he stated.

"The present one-cent store differential does not adequately represent the saving which is possible in store distribution.

FIND NATURAL LEVEL

"Evidence has been given before the Milk Board that increased per capita consumption tends to result from increased store sales. If prices to consumer are determined freely by competition they will find their natural level according to costs of processing and distribution.

"Price fixing at retail level tends to reduce competition, and discourage modern economics in processing, packaging and retailing milk."

The hearing was adjourned until Friday.

Pipeline Longest Underwater Link

SAULT STE. MARIE, Ont. (CP) —The longest underwater link of a crude oil pipeline stretching across half of North America is scheduled to be laid under the Straits of Mackinac, 60 miles south of here, on Saturday.

The project is expected to draw thousands of spectators including engineers and government officials of both Canada and the United States.

The basic plan calls for a derrick to pull a two-inch wire cable across the 3½-mile stretch of water. The cable will be attached to the first 2500-foot length of twin 20 inch pipes and then hauled back towards the southern shore. As each section leaves the upper peninsula shorelines the next length will be attached to it.

TAKE ABOUT 54 HOURS

To overcome the weight of the pipe, 166 pounds a foot, a series of pontoons filled with compressed air will saddle the pipe at 80-foot intervals. Engineers are prepared to make immediate changes in tactics if any hitches develop.

Project manager Joseph Troxell estimates the job will take about 54 hours. The underwater section will be composed of the twin 20-inch pipes, and they will be joined to a single 30 inch pipe at the other shore.

When completed the entire project—from Superior, Wis., to Sarnia — will have cost $76,000,000. It will link with the $900,000,000 pipeline from Edmonton to Superior built in 1950.

The line is expected to be in operation by Dec. 1. Its capacity at the start will be an estimated 120,000 barrels of crude a day.

Most of the vitamin content of potatoes lies immediately below the skin.

Eisenhower Vetoes Movie Tax Repeal

WASHINGTON (AP) — President Eisenhower Thursday vetoed a bill which would have repealed the 20 per cent federal tax on movie tickets.

It was the first major piece of legislation Eisenhower has refused to approve. He said he was taking this step because the government cannot afford the loss of revenue and "it is unfair to single out one industry for relief at this time."

Drew Promises Trade Promotion

By ALAN DONNELLY
Canadian Press Staff Writer

ORILLIA, Ont. — (CP) — Two trade-building visits—to the United Kingdom and the United States—were promised Thursday by Hon. George Drew if the Progressive Conservatives are voted into office in Monday's federal election.

He said he would go to London with the new ministers of trade, finance and agriculture to "reopen British markets" to Canadian farm products.

Another conference would be held with President Eisenhower to discuss U.S. restrictions on imports of some Canadian food-stuffs and U.S. "dumping" of textile products in this country.

"There is only one way we can make our farmers prosperous—and in that way keep our villages, towns and cities prosperous," Mr. Drew told a picnic audience of about 350 in Couchiching Park here.

"That is to find export markets for our farm products."

Guatemala Banishes Salvation Army

GUATEMALA CITY (Reuters) — Guatemala has declared the Salvation Army cannot remain in the country and has refused Capt. G. Pingarron, head of the organization, permission to reside in Guatemala. Early last month the government refused the Salvation Army permission to use the word "army" in its name or to refer to its officers by army titles.

Bonner Appeals To Train Crews

VICTORIA (CP) — Attorney-General Robert Bonner expressed hope Thursday that train crews will not resort to threatened vigilante action, as a result of acts of violence in the Kootenays.

He said the government has taken all reasonable precautions in connection with safe passage of trains through Doukhobor country.

In recent months, he pointed out, guards have been placed on 11 bridges and lights installed on most of the structures. Thirty additional RCMP officers have been sent into the area, along with 12 radio cars.

He said the "running trade" is composed of reasonable and responsible men, many of whom he knows personally.

"I am certain they will not add to difficulties authorities already face in dealing with the Sons of Freedom, by committing a hasty or ill-considered action," Mr. Bonner said.

OLYMPIC PAVILION

MELBOURNE (CP) — A new pavilion costing about $700,000 is to be built at the Melbourne cricket ground, where Australia will play host to the 1956 Olympic Games. The pavilion will be 860 feet long and will enable the park to accommodate 119,000 persons.

MEAN THEFT

ST. CATHARINES, Ont. (CP) — A child's Indian teepee, favorite play spot for youngster, was reported to police as stolen from a vacant lot opposite the home of Mrs. J. K. Irving. She valued the tent at $11.
