Nelson Daily News

Vol. 54 — NELSON, B. C., CANADA—SATURDAY MORNING, MAY 7, 1955 — No. 14

WEATHER FORECAST

Kootenay: Warmer but with light frosts tonight. Light winds. Low and high at Cranbrook, Crescent Valley 30 and 65. Sunday outlook: increasing cloudiness.

Overwaitea To Build Supermarket

Site Bought at Corner Vernon, Ward Streets

Overwaitea Ltd., pioneer B.C. grocery firm with head offices in Vancouver, has bought the Superior Motors garage property at the corner of Vernon and Ward Streets, and will build a modern supermarket there.

The firm is the third to announce supermarket plans. Liberty has already opened its Food Centre, and Safeway Stores will erect a shopping centre in Fairview.

Announcement of the Overwaitea expansion program was made Friday by Carl Linden, manager of the company's present store at 471 Baker Street.

A frontage of 100 feet on Vernon Street and a depth of 120 feet to the alleyway will give the company ample room for its super market.

"It will be one of the most modern stores in the Overwaitea chain of 47 stores," Mr. Linden said. In layout and equipment it will be completely up-to-date.

A feature will be incorporation of a complete meat department in order to provide a one-stop food shopping service. This department, in line with the grocery department, will have the latest in equipment.

FAST CHECK-OUT

New to Nelson retailing will be special check-out fixtures. Customers deposit their purchases on a large turn table which, at the touch of an operator's foot on a pedal switch, moves the goods to weighing and wrapping position. For shoppers in a hurry, the system combines speed and efficiency.

Street level parking will be a feature. Parking space will be completely under cover to prevent discomfort to shoppers with cars in wet weather.

Opening date of the new Overwaitea Supermarket has not yet been determined, but renovations and reconstruction will start as soon as possible.

Disposition of Overwaitea's present location has not been decided upon as yet.

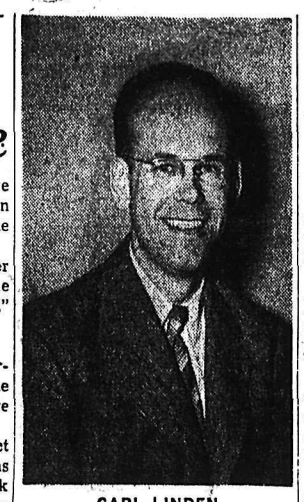
All over British Columbia, the "Sign of the Teapot" has since 1915 been synonymous with Overwaitea stores. The original Overwaitea store was opened in March, 1915, at 746 Columbia Street, New Westminster. Since that time Overwaitea has spread across the province to the point where it now includes 47 retail outlets. Overwaitea was founded in 1915 by the late R. C. Kidd.

MODEST START

The first store was a modest one just 10 feet wide on Columbia Street in New Westminster. In 1921 a second store was opened in Nanaimo; in 1922 the third and fourth stores were opened at Penticton and Kelowna respectively. From these early beginnings Overwaitea has grown steadily to its present size.

Not only has the number of stores increased rapidly over the years, but as the cities and towns in British Columbia have grown in size, so have the individual stores of the company in those towns, grown bigger and more modern.

"It is because of the growth of Nelson and confidence in its future, together with the desire of Overwaitea to provide the latest shopping facilities for the citizens of Nelson, that this modernization and expansion has been planned," Mr. Linden said.



CARL LINDEN
. . . expansion announcement.

Miniature Music Makers

BIG SHIELD for a little girl is displayed by Janet Anderson of Harrop, winner of the girls' junior vocal solo championship at the Kootenay Music Festival in Trail. Adjudicator Mrs. Murray Adaskin seems pleased, too, that Janet should have captured the Trail Amateur Musical and Dramatic Society challenge shield. The girl's parents are Mr. and Mrs. R. R. Anderson.

A PERFORMANCE described by adjudicator Murray Adaskin as "superb" gave Marilyn Benson of Rossland the junior pianoforte championship and the Nelson Rotary Club challenge shield, which Mr. Adaskin is presenting here. Marilyn, winner in the under 8 class, competed against winners of the under 9, 10 and 11 classes to gain the championship.—A. L. Fryling photos.

8 District Girls Nursing Grads

Eight Kootenay-Boundary girls are among 153 members of the largest graduating class in the history of Vancouver General Hospital. They will receive their diplomas during ceremonies to be held Monday in the armory of University of B.C.

The district graduates are Mona Videen Brennan of Erickson Loretta Marion Doisy and Edith Odessa Emily Clark and Beverley Ann Allan of Creston, Dorothy Mae Berry, Betty Dianne Gordon and Katherine Irene Hanson of Rossland, and Jacqueline Dawn Miller, daughter of Mrs. J. A. M. Moore, of Nelson.

Miss Miller and Miss Allan are graduates enrolled in University of B.C. school of nursing as candidates for the degree of Bachelor of Science in nursing.

Saskatchewan Asks Federal Aid

OTTAWA (CP) — Flood-ravaged Saskatchewan has requested federal aid for its inundated farm lands and communities while urging the government to declare this week's widespread flooding in the big grain-growing province a national emergency.

The federal government has replied it needs much more factual information on which to base possible assistance from the Dominion treasury.

These developments were reported Friday in the Commons by Prime Minister St. Laurent when he read the texts of telegrams he exchanged with Premier Douglas of Saskatchewan.

Mr. St. Laurent replied Friday to an urgent message he received Thursday night from the premier of the rain-sodden Prairie province, where estimates of losses to farmers have ranged up to $50,000,000.

REGINA (CP) — Saskatchewan's big civil defence organization went into action Friday to cope with the province's flood problem after the cabinet in an order-in-council declared the twisting Qu'Appelle valley a disaster area.

Big Uranium, Lead Find Made at Kokanee

Travellers on the Southern transprovincial highway 12 miles East of Nelson at Kokanee may not have known it, but the makings of a mine lie beneath the road there.

This was revealed Friday at Nelson as announcement was made of an "important" uranium and lead discovery on both private and Crown land there.

Twelve mineral claims have been staked and recorded by three Nelson men, Stewart Maines. long-time district prospector and mining man; W. Roy Hunter and Jack Boyce. The claims straddle Kokanee Creek, and extend over 600 acres from the lake shore to nine miles up Kokanee Creek.

With mineral locator and gieger counter, the trio have uncovered on all 12 claims uranium which gave counts of between 10 and 14 over the ground count. They were positive in identifying the radioactive ore as uranium.

Along the extensive lead vein widths of 200 feet were found. The vein, probably fairly deep, crosses the highway at one point.

The deposits are believed to have been formed in the upheaval of an iron dike which runs through the claim territory.

"People have been walking over the ground for 70 years, but no one has known of the wealth beneath," Mr. Maines said Friday.

DIAMOND DRILLING

Diamond drilling will be undertaken this Spring to determine the depth and exact range of the ore bodies.

Mr. Maines, prominent in district prospecting and mining circles, has done most of the exploratory work to date. He has opened mines for companies in the past.

Mr. Hunter, a retired CPR employee, has long been interested in mining, and is a past president of the Chamber of Mines of Eastern British Columbia. Mr. Boyce, former Nelson businessman, has lately become one of the district's most outstanding men in lapidary work.

Proximity of the discovery to power, water and road facilities is expected to be a vital factor in development.

Battling Bessie Has 2 Opponents

By ERNEST MARSH

LIVERPOOL, Eng. (Reuters) — Mrs. Bessie Braddock, 210-pound member of Parliament, has battered her way into Britain's national election and a chance of keeping the House of Commons seat she has rambunctiously filled for 10 years.

But on May 26, a slim lady Conservative housewife and a Socialist furniture polisher will compete for the votes in Bessie's Liverpool constituency, greatly dimming her chances of success.

The Labor party heavyweight — bust 50 inches, waist 40 inches, hips 50 inches — apparently brought this three-cornered fight on herself by her charges the Communists are tryinug to infiltrate the Labor party.

Opposing Mrs. Braddock will be Conservative Mrs. Anne Papworth, 47, mother of two teenage children. In the 1951 election the stout Miss Braddock, 55, polled 19,887 votes—6,835 more than her Conservative opponent.

Lawrence Murphy, a 37-year-old furniture polisher, has announced he will run as an independent Labor candidate. He might well capture enough votes from Mrs. Braddock's followers to keep her from returning to the House of Commons.

Employment Picking Up Faster This Year

By JOHN LeBLANC
Canadian Press Staff Writer

OTTAWA (CP) — Unemployment in Canada is falling off at a faster rate than last spring, informants said Friday.

Government statistics later this month will show that the unemployed peak—a post-war high—was reached in late March and that since then the number looking for work has declined substantially.

However, available information indicates the jobless still are numerically higher than a year ago, partly because employment has not kept pace with a growth of 100,000 in the labor force.

Normally employment starts picking up between March and April with the onset of warm weather that steps up construction and other outdoor work. For his year, the indications received by the labor department from across the country are that the jobless figures made public last month for late March represented the peak —or very close to it — for 1955.

WASHINGTON (CP) — Employment in the United States rose by 12,208,000 to 61,685,000 during March, the government estimated Friday. During the same period unemployment declined by 200,000 to about 2,962,000. The employment increase was the biggest on record for March.

CHOU MODEL OF DIPLOMACY AT BANDUNG MEET

LONDON (Reuters) — Chou En-lai, Chinese Communist premier, emerged as one of the dominating personalities at the 29-nation Asian and African conference at Bandung mainly through his moderate and conciliatory diplomacy, in the view of most delegates and political observers.

They thought that Chou's several skilful diplomatic victories were based on the strategy of trying to assure Asian and African nations that Communist China has no aggressive intentions or expansionist aims.

Chou climaxed his work at the conference by proposing direct talks with the United States for relaxing the tension in the Far East, and in particular in the Formosa area.

Finlayson To Try To Mend PC Rift

OTTAWA (CP) — Deane Finlayson, leader of the Progressive Conservative party in British Columbia, said Friday he will carry through today with a demand for a national leadership convention of the party.

He said he will also try to settle a party rift in B.C. which came into the open last summer when his provincial association voted non-confidence in Hon. George Drew, national leader since 1948.

The twin matters will be thrashed out behind closed doors today at a meeting here of the party's national executive.

To Continue With Inoculation Plans

SEATTLE (AP) — Salk polio vaccine is on the way for Washington's first and second grade children.

Dr. W. R. Giedt, state health department epidemiologist, said Friday a federal "hold" order on further releases of Salk polio vaccine would not affect the inoculation plans for Washington state. The U.S. surgeon-general said inoculations should proceed with the vaccine which has met specifications and has already been cleared.

CHICAGO (AP)— Rodney Brodie, who survived separation from his head-joined Siamese twin in 1952, was reported in "grave condition" Friday night with a hemorrhage inside the brain.

University of Illinois Research Hospital announced that Rodney now 3½, was brought in with the bleeding condition Tuesday.

Missing Trapper's Body Recovered

FORT ST. JOHN, B.C. (CP)—The body of Jack Andrews, veteran trapper missing for 22 days, was recovered Friday from the Pine river.

The trapper's rifle was found on the river's edge several days ago. A dead beaver, shot through the heart, was washed ashore about a week ago.

RCMP believe Andrews fell through the ice on the river's edge while attempting to retrieve the dead beaver.

"One World or None" — Campney

MONTREAL (CP) — Defence Minister Campney said Monday night that with development of the monstrous weapons of the atomic age, capable of rendering whole regions uninhabitable, "it must ultimately be for us all one world or none."

Coldwell Accuses Thatcher of Smear

OTTAWA (CP) — CCF leader Coldwell Friday night begged for United Nations action to stop further atomic and hydrogen bomb tests until scientists can determine whether radioactivity from the explosions will endanger future generations.

He also charged on the CBC program "The Nation's Business" that his party was "smeared" by Ross Thatcher when the member for Moose Jaw-Lake Centre explained his reasons for resigning from the CCF. It was the first public reference by Mr. Coldwell to Mr. Thatcher's resignation.

Western Europe Celebrates German Surrender

RHEIMS, France (Reuters) — The countries of Western Europe, many of them still recovering from the years of bombing and German occupation, Sunday celebrate the 10th anniversary of the German surrender in a schoolroom at Rheims May 7, 1945.

For all of these countries, the completion of the ratification of the Paris treaties restoring sovereignty to West Germany this week will mark the beginning of a new phase in relations with the former enemy—a phase in which West Germany will be welcomed as a new member of the North Atlantic Treaty Organization.

$211,000 Problem Facing Hume

VANCOUVER (CP)—Mayor Fred Hume will set out next week to solve two thorny civic financial problems—the $155,000 British Empire Games deficit and the $56,000 cost of repairing Empire Stadium field.

The mayor said Friday he will meet Premier Bennett in Victoria Monday to urge provincial government contribution to the BEG deficit.

$63,500 IN GRANTS FOR ALTA. HOSPITALS

OTTAWA (CP) — The health department today announced allotment of more than $63,500 to Alberta under the national health program.

A grant of $10,700 will help provide funds to equip a virus centre in the provincial laboratory at Edmonton.

Nelson Senior High School Dancers Win Top Marks

Rossland Senior Choir Gets Mark of 89; St. Paul's Junior Choristers Praised

TRAIL—That folk dancing is experiencing a revival ocally was impressively demonstrated when nearly 150 tudents performed at the Friday night session of the 1955 Kootenay Music Festival.

The program at the Junior High School consisted ntirely of folk dancing, adjudicated by Miss Nancy Ferguson of Victoria.

Miss Ferguson said "it is good to see so many dancing" nd explained that "folk dancing is for the enjoyment of he folks themselves." Nevertheless, the auditorium audience ertainly thrilled to the tripping of the young people from Castlegar, Nelson and Trail.

Nelson Senior High School team-A gained top mark f the night, an 88 and 86 in national folk dancing for senior ighs.

The winners danced an American and square quadrille and a square ance.

Nelson's B-team tied with Castlegar Stanley Humphries High group. Nelson earned 87 and 83 marks and Castlegar 86 and 84.

A Nelson Junior High School roup and a Trail Junior High roup tied for first in national folk ancing for junior highs. Both got and 86 marks.

Another Nelson group was second 83 and 80 and Stanley Humphries chool was third at 81 and 81.

Each group danced two numbers nd the adjudicator called them ery interesting combinations." umbers included several square nces, English and American nces.

Two very young groups competed the schools of dancing under 9 ass. The older group was awarded arks of 78 and 82 for their performance of La Raspa, a Mexican nce and a Virginia Reel. The unger group, doing the same mbers, were given marks of 74 d 70. Both were from Kate E. aw's school of dancing at Trail. Tarantella, an Italian dance, and rrido, a Mexican dance, as done by an older group from the same school earned top marks of 83 and 80 in the any-age class. Timing and spacing were commended by Miss Ferguson.

Second was a group from K. Andreashuk school of Castlegar, who got 82 and 80 for Double Reel of Tulloch, a Scotch number, and Russian Hopak. Third was Castlegar Dancers with 80 and 79 for Hard Time in the Old Town, a square dance, and Gathering Peascods, an English dance. Two other Kate E. Shaw groups also competed. There was "nice, light footwork" by all groups, the adjudicator said.

Tarantella and Corrido were performed by Kate E. Shaws' group in the open national folk dancing class, gaining marks of 86 and 83.

St. Paul's United Church Boys' Choir of Nelson received a mark of 86 and very high praise from adjudicator Mrs. Murray Adaskin. St. Paul's United Church Girls' Choir also came first with a mark of 83 with Knox United Church Junior Choir of Trail receiving 81.

St. Paul's United Church Boys' Choir retained the Nelson Business College Shield, which has never been away from them, with a mark of 84.

Junior and senior church choirs from Trail, Rossland and Nelson were competing in Knox United Church in Trail Friday night in a separate session of the Kootenay Music Festival.

Very high praise and high marks were handed out by Mrs. Adaskin to four Nelson boy soloists. Singing "Angels Bright and Fair" Martin Horswill received 85, Ronald Norman Fawcett 84, Alan Duncan Baker 83, Bill Harrison 82. They were all very delightful although all were terribly nervous, said the adjudicator.

Class No. 2 church choirs was a very difficult one to adjudicate said Mrs. Adaskin. While they were very close each choir had different personality and a different approach. Nelson had a very well disciplined choir, of excellent voices, very beautifully trained. Knox United Church had a flowing sound always, never forced. St. Andrews United Church Senior Choir of Rossland received highest mark of 89; Trail Knox United Senior Choir 88, St. Paul's United Senior Choir of Nelson 87.

False Alert Caused Confusion

VANCOUVER (CP) — Fear and confusion swept over parts of western Canada and seven states in U.S. Thursday when a flight of American B-47 bombers over British Columbia set off an "enemy plane" alert.

PATIENTS EVACUATED AS HOSPITAL BURNS

URANIUM CITY, Sask. (CP) — All six patients were evacuated safely when fire early Friday destroyed the seven-bed hospital at this mining town in northwestern Saskatchewan 450 miles northwest of Prince Albert. The hospital was valued at $50,000.

Ministers Meet To Ease World Tension

By STANLEY PRIDDLE

PARIS (Reuters) — The foreign ministers of Britain, the United States and France meet here this weekend to make a new bid to ease tension with Russia in Europe and to seek a common policy towards crises in the Far East.

One important question facing the officials will be to decide whether the time is ripe for a top-level, four-power meeting with Russia. Another will be to consider how stability can be restored in the war-torn Indochinese state of South Viet Nam before it falls to the Communists.

School Report Cards Unchanged

VICTORIA (CP) — Provincial government officials said Friday there will be no change in schools pupil report cards in the school term starting this fall.

The decision was made following a recommendation made by the curriculum advisory committee, a group comprising representatives of labor, business, and educators. The committee will give the issue further study.

PTA groups and other organizations had demanded a change to the old report card system, claiming the present system does not give parents a true picture of their child's progress.

Dogs Survive Blast in Shelter

By ELTON C. FAY

SURVIVAL CITY, Nev. (AP)—Civil defence experts examined the wreckage of this atom-blasted town Friday and learned where and how you would die—or survive—in a nuclear attack.

Debris of some homes, such as two which were standing less than a mile from Thursday's mighty atomic explosion, showed that none would have lived in them. The mannequin families in them "died" — to a man. Force of the blast was equal to 35,000 tons of TNT. The bombs that levelled Hiroshima and Nagasaki had the power of only 20,000 tons.

Two other homes, about equally near, bore up better. Their walls and flat roofs withstood the battering. But the awful force of the atomic storm had swept their interiors of fittings and furniture, making the houses hollow shells. The "people" there fared only a little better than those of the demolished homes.

Radiation would have been a powerful weapon against any persons above ground and exposed within the 4700-foot area.

Harold L. Goodwin, test director of the federal civil defence administration, said that "most people above ground within this area would have died." He estimated a probably fatal dose of 400 roentgens hit the front line of homes at 4700 feet.

SHELTERS VITAL

Some persons would have been hurt, perhaps fatally, by flying debris, too, he said. But those in shelters in the homes bore him out. In the two flattened homes on Doomsday Drive, four shelters were uncracked.

A test home 5500 feet from the explosion, built specially to withstand blast, showed a smashed front, all windows blasted into pebble-size shards of glass, the interior ripped by the passing of the shock wave. The roof was gone.

A civil defence exercise team began a survey to see how fast Survival City could be put back in livable condition if it were an actual town.

Out of a makeshift bathroom shelter came two cheerful, tail-wagging witnesses for survival. They were dogs. Several of them, plus mice and other small animals, were put into shelters a few hours before the explosion.

R. L. Corsbie, director of civil effects tests, said none of the animals was killed. They will go to laboratories for studies of possible radiation effects.

Test power lines were knocked down when the blast snapped off poles, but utility experts estimated that power could have been restored within eight hours.

And In This Corner . . .

RIDGEWAY, Ont. (CP)—A parakeet named Pretty Boy had a chilling experience but he appears to be none the worse for it.

One morning recently Mrs. Ella Chrysler, the bird's owner, took a bag of food from her kitchen table and placed it in the refrigerator. Then she noticed the bird was missing.

All day she worried about the disappearance.

Twelve hours later she decided to make a sandwich.

When she opened the bag of food to prepare her bedtime snack there was Pretty Boy, chilled but still chipper.

NEW YORK (AP)—Joe Hartman and Charlie Lee should have got together sooner. But they didn't meet until they turned up at the same time in a cell at police headquarters.

Hartman was held on charges of stealing several thousand dollars worth of corned beef from a meat concern where he worked. Lee was accused of making off with a truckload of cabbage from a vegetable market.

NEW YORK (AP)—Mrs. Hannah H. O'Connor is busy turning down offers of up to $100 for a freak bill she found recently in her pay envelope.

The bill is marked $10 on one side and $1 on the other.

The United States bureau of enrgaving commented that it was a mistake that happens maybe once in 150,000,000 times.

TOKYO (AP)—New approach to beer advertising:

Dr. Masayoshi Watanabe of Hotoku Hospital, Tokyo, told the annual convention of the Japan Vitamin Research Society that one bottle of beer a day will supply all the Vitamin C a person needs.

DVA Officer To Be Here Saturday

T. G. Forman of Vancouver, field officer for the Department of Veterans Affairs will be in Nelson Saturday at the Canadian Legion.

Manager Jack Brinley said Mr. Forman will be on hand for interviews on veterans problems throughout the day.

Decoration Day Service Sunday

Members of Branch 51 of the Canadian Legion Sunday afternoon will hold Decoration Day services at Nelson Memorial Park with Very Rev. T. L. Leadbeater, Rev. Father F. Monaghan and Mayor Joseph Kary being the speakers.

Decoration Day this year is being held on VE day and Mother's Day.

Nelson air and sea cadets and cadettes will be on hand for the service along with members of the Nelson High School band.

Sgt. Joseph Holland will act as parade marshal and Pat Duff will be the bugler. This is the first year that a piper will not be on hand for the service.

No Negligence in Brilliant Death

CASTLEGAR — A coroner's inquest held at Castlegar in connection with the death of Fred Maloff, 19, of Brilliant, brought a verdict that death was due to bronchopneumonia resulting from injuries he received in a motor vehicle accident at Thrums April 3. The Brilliant youth died in Trail-Tadanac Hospital April 13.

The coroner's jury ruled there was no indication of negligence on the part of any person or persons involved.

According to witnesses, a half-ton truck which the youth was driving overturned several times on a curve near the Thrums flats. The victim was thrown out of the vehicle onto the pavement. He was rushed to hospital after emergency treatment for shock at Castlegar.

Members of the coroner's jury were C. A. Anderson, R. T. Waldie, Tony Kiessling, Tony Denneus, Ivan Horie and Victor Misutka.

ADVANCING SHORELINE

Ravenna in Italy, once a leading Adriatic port, now is about six miles inland.

Bank Move Reflects District Growth

Work on the renovation of and new construction to the Bank of Montreal Nelson branch at a cost of approximately $120,000 has started. The work is expected to be completed by the middle of September.

Manager Archie R. Burnie stated the renovation and the addition has been made necessary by the expansion of Nelson and District.

The original building on the corner of Baker and Kootenay streets was erected in 1899. In 1944 the building was extended 18 feet. The additional 32 feet now to be constructed will give the building an overall size of 100 by 50 feet.

Already a new oil furnace and up-to-date heating system has been installed and a new night depository has been started. "The depository built for the convenience of those who wish to make late deposits will, to the best of my knowledge," said Mr. Burnie, "be the first to be installed in the interior of the province."

NEW VAULTS

On the basement floor four new storage vaults will be constructed with one being for the night deposits.

The main banking office will be completely renovated with new counter lines built throughout. An assistant manager's office will be constructed next to the present manager's office.

Customers will find speedier service as seven tellers' cages will be made available. The branch is already mechanically equipped for the expansion. The present staff of 25 will find their surroundings much improved with the addition of all new furniture. There will be accommodations for a staff of 45. The public floor will be entirely covered with new rubber tile flooring.

For the public there will be a spacious and convenient waiting area with new and modern coupon counters installed. A new second entrance to the building from Kootenay Street will make it convenient for those who use the five-car paved parking area at the back of the building.

To improve working conditions a new cash and safety deposit vault with the latest in equipment will be installed. All machine ledgers which make noise while in action will be placed in a sound-proof room. Another item which will reduce the noise in the office will be a suspended acoustic ceiling with recessed fluorescent lighting. Lighting will be worked on a clock switch, permitting fixtures to remain lighted until 12 midnight, thus brightening the bank corner.

A mezanine floor will be constructed at the back of the bank where there will be ladies' and men's rooms and a large lunch room for the staff. Throughout the branch will be modern in every way.

AUTOMATIC SYSTEM

To add to the renovation, the office will be equipped with a fully automatic telephone and inter communication system.

The outside of the building will get a face-lifting. Its surface will be steam-cleaned to add brightness to the exterior.

The entire architecture for the renovation and construction was by Sharpe, Thompson, Berwick and Pratt of Vancouver, the Bank of Montreal's architects for its work throughout the province.

Mr. Burnie said the management was pleased the local firms were the successful contractors for the work. T. H. Waters Company, Smith Electric, Vic Graves Plumbing and Heating, A. Mathiesen painter and Kootenay Decorators will do the work both inside and outside the building.

MANY HANDICAPPED

LONDON (CP) — Of a total school population of nearly 6,000,000 in England and Wales, approximately 16,700 are known to be physically handicapped, says The Practitioner, a medical journal.

Early-Day Indian Trader, Pioneer Howard Rosling, Dies Here at 82

A man who came to Canada from England to trade with the Indians in the Yellowstone Pass area and the first known white man to see the Athabaska Falls, died at Kootenay Lake General Hospital Friday He was Howard Rosling, a North Shore resident for the past 35 years. He was born at Reigate, Surrey, England in 1872 and was 82 years old. He came to Canada in 1894 to Edmonton to trade.

Mr. Rosling married in London, England, in 1904, then returned to Canada and entered the boat building business in Winnipeg.

He moved to Nelson and Willow Point in 1920 where he farmed. He spent the past several winters in Nelson.

He is survived by his wife, one son, Terrence D. and one grandson, all of Nelson.

SUNSHINE 126 HOURS IN APRIL

Through the clouds and showers of April the sun managed to shine 126 hours over Nelson.

Temperatures reached as high as 66 on April 6 and fell to 29.8 on April 4. Highest temperature in April, 1954 was 64 degrees and lowest 23. A total 2.97 inches of rain fell in 11 days.

The buckskin garments of pioneer days were made from the tanned skin of the white-tail deer.

Many at Funeral For Mrs. P. Perdue

Many friends attended funeral services Friday for Mrs. Isabella Pirie Perdue, who died at Kootenay Lake General Hospital May 2. She had been a Nelson resident 48 years. There were many floral tributes at the service held from the Thompson Funeral Home. Rev. G. W. Payne officiated.

Two hymns, "Unto the Hills Around" and "Abide With Me" were sung. Miss Rochelle Crawford was organist.

Graveside services were conducted by the Pythian Sisters.

Pallbearers were Charles Beltner, Jack Robison, Leslie Hall, William McDonald, Joseph Zanon and Andrew MacKay. Interment was in the Knights of Pythias Plot, Nelson Memorial Park.

Two Championships To Neil Perkins

TRAIL—At a session at which nine championships were awarded, Neil Perkins, brilliant young Trail pianist, continued to astound festival-goers by winning two.

Other awards made at the Friday afternoon session of the 22nd Kootenay Music Festival went to elocutionists from Trail and Tarrys, a Rossland trumpeter, two other Trail pianists, a Rossland pianist, and a Nelson vocalist. In other highlights, another 90 mark was given, and folk dancing competitions got under way at the Junior High School adjudicated by Miss Nancy Ferguson.

Neil Perkins first won the championship of the Bach junior pianoforte class and Argyle Cup. He was competing against John Barron and Lynne Rogers, both also of Trail. "Three beautiful performances of three difficult pieces," said adjudicator Murray Adaskin.

In the Beethoven intermediate championship class competing for the Edith Anthony Memorial Prize, the 18-year-old artist again took honors. Mr. Adaskin said performances of all four competitors were even better than previously. Others competing were Georgette Major and Douglas Skilton of Nelson and Ernestine Karpoff of Fruitvale.

ELOCUTION WINNER

Nadeen Perehudoff brought honor to the community of Tarrys by winning the Wood-Vallance Hardware Co. Ltd. Cup, as junior elocution champion. She gave the "most artistic" presentation among five contestants. Others were Thorold Fransen of Harrop, Gwen Hunter of Castlegar and Kenneth McArcolin and Kathleen Williams of Trail.

Two Trail elocutionists competed for championship of the intermediate class with Judith Cameron winning the Knights of Pythias shield. Billy Book was other contestant.

The Bud Greenwood Trophy, emblematic of championship of the intermediate vocal solo class, was awarded to Carol Coventry of Nelson. Mrs. Adaskin noted that all singers had taken note of her criticisms of earlier in the week.

Miss Coventry was singing in a class with Sheila McPhail, Dorothy Foster, Barbara Bea and Neil Horswill of Nelson and Margaret Fergusun and Doris Thatcher of Trail.

Anytime a performer creates "hushes" in his playing, it is superb, Mr. Adaskin said. For such a performance he declared David Dahlstrom champion of the Back junior piano class. He was awarded the Roy Pollard Cup. Other contestant was another Rossland pianist, Lucy Sutherland.

Barrett George Lawrie of Rossland, a trumpet player, won the championship of the intermediate wind instrument class. He was competing against Scott Owen of Nelson, a clarinet player and Robert Kinahan of Trail, a tuba artist, both winners in other classes.

ALMOST PERFECT

"An almost perfect performance," won for Gordon Service of Trail, the championship of the senior piano class. The under 16 winner was competing against under 17 winner Joanne Dunlop of Castlegar and under 18 winner Ernestine Karpoff of Fruitvale. It was "interesting to see how performances differ from day to day and from situation to situation," Mr. Adaskin stated. The Trail boy was awarded the Mrs. J. H. Wallace trophy.

Trail copped another championship when Jane Daly was declared winner of the intermediate piano class. Others seeking the MacDonald Consolidated Cup were Billy Cook of Trail and Janice Seafoot, Kathleen Moore and Donna Faye Haley of Rossland.

Kathleen Moore was the seventh this week to attain the 90 mark for her playing of "Concerto in A Minor, First Movement, in the concerto for piano forte and orchestra class for students. Second at 87 was Donna-Faye Haley and third at 86 Ethel LeFevre, giving Rossland a clean sweep. Others in the class were Frances Rhodes and Patricia Edwards of Trail and Geraldine Faye DeGirolamo of Nelson.

Judith Cameron of Trail, who won the girls under 15 elocution class Thursday with a 90, was credited with an 88 in the under 18 class. Five girls recited "A Beethoven symphony" by Edna St. Vincent Millay with second going to Wanda Lingren of Castlegar, 86; and third to June Killough. Barbara Anne Forse of Nelson and Corry-Ann Barnes of Kinnaird also competed.

Judith Cameron also won the under 21 class with an 86. Reciting "The Pit of Bliss" by James Stephens also was Corry-Ann Barnes of Kinnaird.

Mrs. James Stubbs Dies Here at 82

Mrs. Lydia Mary Stubbs, a Nelson resident since 1943, died Friday at Kootenay Lake General Hospital. She was 82.

Mrs. Stubbs was born at Wales, Ontario in 1873 and moved to the Leduc district of Alberta in 1905 where her husband, James Stubbs, engaged in farming. Upon her husband's retirement in 1943 they moved to Nelson. He predeceased her in 1945.

She is survived by one daughter, Mrs. A. Clyde Emory of Nelson; two sons, V. J. Stubbs of Winnipeg and A. C. Stubbs of Edmonton; and one sister, Mrs. E. C. DeRousie of Edmonton.

Funeral services will be held in Nelson Monday.

EXCEEDS SPEED LIMIT

A. Leonard Richichi of Nelson was fined $20 and costs in provincial court Thursday for exceeding the 30 m.p.h. speed limit on Granite Road. He pleaded guilty before Magistrate William Evans.

Cranbrook Cleric Speaking Sunday

At the Sunday evening program at St. Paul's Church the guest speaker will be Rev. Ray Woollam of Cranbrook. Mr. Woollam served the Smithers United Church after graduating, and while in that city a new church was built. He went to Cranbrook about a year ago and is doing outstanding work in that city.

The Ashmolean Museum, oldest in Britain, was built in 1679 by Oxford University.

O CANADA

O Canada! Our home, our native land,
True patriot love in all thy sons command.
With glowing hearts we see thee rise,
The True North strong and free;
And stand on guard, O Canada,
We stand on guard for thee.

O Canada! Glorious and free!
We stand on guard, we stand on guard for thee,
O Canada we stand on guard for thee.

TARRYS GIRL WINS WITH MARK OF 90 . . .

51 Girls Recite Same Poem

TRAIL — Nadeen Perehudoff of Tarrys topped a class of 51 elocutionists at the morning session of the Kootenay Music Festival Friday. The class took three and a half hours to complete and was the only one of the morning.

The Tarrys girl was awarded a mark of 90, sixth of the festival, for her reciting of "The Soul of a Child," author unknown, in the girls under 12 class.

Time ran out and two other elocution classes were delayed to the afternoon session.

Placing second, 89, were J. Frances Hutchinson and Frances Deptuck of Rossland and Trail respectively. Three 88s were Louise Churchill of Rossland and Diane Smythe and Elaine Petroni of Trail. It was "beautiful work," said Mrs. Eileen Parker, adjudicator. All marks were 78 or over.

Other girls under 12 included Shannon Aleen Norris, Shirin Ann McCullough and Kae Stewart of Nelson; Margaret Anne Black and Elaine Marie Chernoff of Castlegar; Pamela Brown, Sharon Snuggs, Jo-Anne Langman, Mary French, Patricia Burnett, all of Rossland; Georgette Black, Fay Moler, Karin Osmer, Lynda Williams, Heather Duncan, and Judy Bjorgan of Fruitvale.

Under 12s from Trail: Julie Bower, Louise McDonald, Sharon Lee Burdie, Dawn DeVito, Shirley Mary Ann Cook, Lillian Mary Bergen, Nellena Teresa Bertuzzi, Jo Anne Jarrett, Anne Mason, Andrea Merle Ruckstuhl, Patsy Downie, Susan Gagnon, Jane Daly, Linda Christie, Marjorie Fischer and Kathleen Jackson.

From South Slocan: Margaret Hill, Harriet Fisher, Beverley Anne Dempsey and Renie Street; from Tarrys, Lily Zeibin; from Kinnaird, Gail Le Faive, Janice Nixon, Marilyn Markel, Mona Anderson, Milly Taylor, Diane Haywood, Louise Fink and Linda Davies.

It was unusual to see 51 little girls all reciting the same poem, Mrs. Parks said.

RITES HELD FOR KARL LAKTIN, CANYON FARMER

CANYON — Karl Laktin died suddenly in the Creston Valley Hospital. He suffered a heart attack.

He was born in Russia, November 14, 1891, and came to Canada with his parents in 1893. When a young man he homesteaded in Bento, Man. and lived there until 1921. He then moved to Grand Forks with his wife and family. He came to Canyon in 1945 and did mixed farming until the time of his death.

He leaves besides his wife, two daughters, Polly in Creston and Helen at Billings Bay, and two grandchildren.

Funeral service was held at the graveside in Forest Lawn Cemetery. Rev. A. O. McNeil conducted the service and pallbearers were John Lebedoff, John Zarchikoff, Jr., Fred Lebedoff, John Zarchikoff, Sr., Karl Bilik and John Relkow.

READ THE CLASSIFIED DAILY

Grandstand Tenders To Be Called Shortly

TRAIL — At the regular monthly meeting of the Directors of the Trail District Recreational Projects Society, William Watson, chairman of the Butler Park committee, received approval to proceed with the purchase of structural and re-inforcing steel required for the foundations of the grandstand.

Working drawings are presently being prepared by the Society's architect in Vancouver and are expected within the next two or three weeks. Tenders will be called for the grandstand construction at that time. The Projects Society will also study the possibility of constructing the stands by use of voluntary labor along with a small paid supervisory staff.

Work is proceeding on the clean-up of Butler Park and the re-location of the fence. The response to date for volunteer labor has been very good according to Kenneth Pople, chairman of the volunteer labor committee.

$18,000 JOB

Rex McMeekin, chairman of the Memorial Centre committee, received approval of the directors to proceed with the completion of the interior of the lounge area between the new Cominco gymnasium and the entrance foyer. This area also serves as entrance to the gymnasium. It is expected that a contract to complete the lounge will be awarded shortly to the firm which has the contract to complete the gymnasium. In this way an appreciable saving can be realized as men and equipment are already on the location. Estimated cost of completing the lounge area is approximately $18,000.

Further studies will be undertaken regarding the completion of the area reserved for the Municipal Library.

Mattie Marshall, chairman of the membership committee, reported completion of the membership campaign which resulted in 363 new members representing an increase in annual revenue of $3150.

The directors expressed their appreciation of the recent fund raising project by the Warfield, Sunningdale and Shaver's Bench Recreational Societies which netted the Project Society more than $700.

OLD EXPLORERS

The Spitsbergen archipelago is believed to have been discovered by Norwegians in 1194.

PIONEER GOLDEN RESIDENT DIES

GOLDEN — A resident since she came here a bride 60 years ago, Mrs. Zepherine Mercier died at her home here Thursday at the age of 87 years.

She married Telesphor Mercier in Montreal in 1895 and they came West that year to settle at Golden. He prospected the Bugaboo Mountain area of the Purcell range, then joined the provincial public works crew with which he worked until his superannuation. He died several years ago. Mrs. Mercier was an active member of Sacred Heart parish, its altar society and for 30 years organist. She also taught music here.

Surviving her are two daughters, Mrs. H. Soucie of Maine, and Miss Yvonne Mercier of Golden, three grandchildren and eight great-grandchildren.

PLASTIC INDUSTRY

Gross output of Canada's plastic products industry reached $33,565,000 in 1952.

For 1957 Commemoration . . .

Boat Trip Suggested Along Explorer's Route

INVERMERE — D. H. Mollison of the department of trade and industry addressed the May meeting of the Windermere district board of trade on the planning of a 1957 celebration to commemorate the 150th anniversary of David Thompson building Kootenai House on Toby Creek near Wilmer.

This would tie in with other celebrations throughout the area traversed by the great explorer. It will also be the 100th anniversary of his death.

Paying tribute to Thompson as an explorer, geographer, astronomer, shrewd businessman and a great Christian, Mr. Mollison indicated that too little recognition had been paid to this man who was the first white man to visit this district.

Mr. Mollison suggested that the government might issue a special stamp series in 1957 as part of the commemorative celebration.

He suggested also that the Lake Windermere district Lions Club in 1957 sponsor a trip by boat retracing David Thompson's trip down the Columbia. This, he said, would focus the attention of the entire Pacific Northwest on the celebration.

He also suggested a pageant and a high school essay contest.

Mr. Mollison inspected the David Thompson Memorial Fort at Invermere and the Memorial Cairn near the site of Kootenai House. He said a museum of David Thompson mementos should be started here as a number of articles are already owned by the community.

LONG TENURE

Spanish colonial rule in Mexico lasted from 1521 to the war of independence starting in 1810.

More Salk Vaccine

WASHINGTON (AP) — The National Foundation for Infantile Paralysis has authorized shipment of an additional 1,115,000 cubic centimetres of the Salk polio vaccine. One cubic centimetre is enough to give one shot. The latest authorizations brought to 7,570,000 ccs. the amount the foundation has distributed or authorized in its program of free inoculations for school children.

Building Activity Continues Strong

CASTLEGAR — Both the number and value of building permits issued in the villages of Castlegar and Kinnaird during April increased sharply over the totals of other recent months.

In Castlegar, a total of nine permits were issued for $15,235 worth of new construction. Three of last year's projects were completed during the month, and work began on all but one of the nine new permits.

In Kinnaird, there were five permits issued in April for a total of $23,500 worth of new construction, as follows: D. L. McCreight, residence, $9000; P. Vaessen, residence, $6000; P. Mojelski, addition, $3000; J. M. Barnes, residence, $3000; and V. DeVerney, addition, $2000.

The Castlegar permits were issued to F. Bartsoff, garage, $175; F. Fomenoff, alterations, $75; E. Vitrov, garage, $500; R. Gemmill, residence, $6000; A. Zuckerberg, alterations, $3000; A. Denneus, addition, $4000; M. Infanti, residence, $4000; W. E. McCreight, addition, $160; and W. Shkwarok, steps, $25.

Marysville Sewer Decision May 17

MARYSVILLE — Voting has been set for village ratepayers from 9 a.m. to 7 p.m. May 17 on a money bylaw to issue debentures totalling $115,000 to finance installation of a complete sewerage system for this village of over 800 population. The issue would be self-liquidating over a 20-year period at an interest rate of 3¼ per cent at a total cost of $43,777.

Marysville was the original site of the smelter for ore from the Sullivan mine and existed before Kimberley, but failure of the smelting operation in the early 1900s resulted in only a handful of people remaining. Now it has become a residential area for employees at Cominco's fertilizer plant between Marysville and Chapman Camp and its permanent population is steadily increasing.

SEPTIC TANKS NOW

It became organized territory only a few years ago with a favorable flat townsite so far only partly built up. Present sanitary facilities are septic tanks, and East Kootenay Health Unit has strongly recommended more permanent facilities. Associated Engineering Services made a complete survey last year and have drawn up plans for the utility which will be completely independent of the sewer system of nearby Kimberley, together with rough estimate of cost.

Village indebtedness oustanding in debenture issues since incorporation at present amounts to only $24,500.

CUTS FARE

GLASGOW (CP) — The city council has distributed 65,000 permits entitling elderly citizens to a penny reduction in fare on all municipal transport vehicles.

And Now It's Decoration Day

It was this day ten years ago. In a schoolhouse in Reims a signature was put to a document and the Second World War in Europe was over. Officially the following midnight was the hour of unconditional surrender of the Nazi war machine that had terrorized the free world.

How many paid the price for that day? A complete toll may never be possible. However, Canada spent 42,000 of her manhood from the 1,081,000 who were in the services. Some of these lost their lives in the four months that followed to August 15 when the Japanese surrendered.

Still V-E Day, the day of Victory in Europe, because it marked the close of the greater part of the Canadian effort, has become the day of remembrance for those who now are in graves because of their defence of freedom. The closest Sunday to V-E Day has become Decoration Day.

Tomorrow, Canadians in the Kootenay as across the land will decorate the graves of the fallen. It is a commemoration that all those who enjoy the freedom the fighters bought should remember.

Safety Important Production Condition

Statistics of the Metropolitan Life Insurance Company for a two-and-a-half-year period show: Two per cent of employees are responsible for 30 per cent of the accidents in industrial and business plants. Sometimes 15 per cent of the employees are causing almost 100 per cent of the accidents.

Increased production in nearly every industry is accompanied by a decrease in accident rate; and the rate drops constantly with age. The rate is higher in those workers who are shifted from job to job than those who do the same job over a long period.

The tendency to have accidents passes with age; most accidents are due to the increased liability to accidents of youth; men are more liable than women; most accidents are due to infrequent solitary experiences of large numbers of individuals; those who suffer injuries year after year account for a relatively small percentage of all accidents; irresponsible or maladjusted individuals are more liable to accidents.

How can accidents be prevented practically? A Vancouver specialist in neurology, Dr. S. E. C. Turvey, is reported to have suggested these important factors to be stressed:

Systematic instruction in avoiding faulty habits.

Close observation of the details of an operation.

Study of the individual—encouragement, discipline, and, possibly, study of the circumstances of the home and an estimation of his personality by a trained personnel worker.

Constant review of the relationship between supervisor or foreman and worker. The foreman is the key man in preventing accidents. It is he who must believe the man and not the job is responsible for accidents. He must be taught the value of the correct psychological approach, of sustained interest in his workers, and encouragement.

Special attention must be paid to minor accidents, to those who suffer repeated accidents, and to those who visit the sick bay frequently.

It has been shown frequently that individuals will respond to new and sustained interest taken in them by management. Their problems can be discussed with them; they can be taught new lights about safety in new terms.

Give the worker pride in his work, obtain his willing co-operation in health and safety measures, is the specialist's advice to managers.

The logging and sawmilling unions and industry have been remarkably successful in reducing accidents and risks of sometime hazardous occupations. A safety week has been sponsored in mills and camps throughout the Kootenay and the province. Consolidated Mining and Smelting Company of Canada Ltd. this month is conducting a similar effort. All such emphasis on safety is management's acknowledgment that safety is an important contributor to not only employee welfare but in production and business practice.

LETTERS TO THE EDITOR

Letters to the Editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole, or in part, except over the signature and address of the writer. Unsolicited correspondence cannot be returned.

On Churches' Amalgamation

To the Editor:

Sir—I read with some interest in today's News the item regarding the vote to decide whether St. Paul's and Trinity Churches should amalgamate.

I note that these churches are supported by 800 families. Now, a family is at least composed of two people, so the least number involved is 1600.

Will you please explain how the combined boards will decide which church will be the successor should they decide to amalgamate, when the seating capacity of neither exceeds 400?

J. H. BORAH.

Granite Road,
Nelson, B. C.

Editor's Note: The ministers of the two churches concerned point out that total supporters and church attendance are entirely different things: certain churches would be doing well if a quarter of their supporters went to services. Some churches elsewhere which have not sufficient seating accommodation for their congregations have instituted as many as four services a Sunday morning. Should amalgamation of Trinity and St. Paul's come about, a joint board would map a program of unified control for future growth in Nelson and district which would be satisfactory—indeed, advantageous, the ministers say—to both churches as they exist today.

Press Comment

FIRST VISIT TO TORONTO

A Flesherton woman, who used to live in Toronto, got a surprise when she took her eight-year-old daughter to the city for the first time one Saturday. Seeing the Bay Street buildings, she exclaimed, "Oh, look at the big barns!" And noticing the street cars, she said, "Mummy, look at all the school buses!"—Durham Chronicle.

ROAD DANGER

Another road danger is the driver over 60 going under 30.—Vancouver Province.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

R. K. J., Nelson—Do you know of a simple, harmless recipe for home-made face cream?

The following has been highly recommended to us; it contains no harmful ingredients: Ten grams powdered alum, whites of two eggs, three grams boric acid, 40 drops tincture of benzoin, 40 drops pure olive oil or glycerine if preferred, sufficient quantity of rice flour to thicken as required, some simple perfume. The alum, boric acid and tincture of bezoin can be obtained through a druggist. Mix alum with white of eggs without addition of water, using an earthen—not metal—bowl, and hold over very gentle heat from very small flame, stirring constantly and evenly, until the aqueous content of albumen is completely driven off. Care must be taken to avoid coagulation, which occurs very easily. Let the mass obtained in this manner get completely cold, then put in porcelain bowl, add boric acid, tincture of benzoin, olive oil, solution of fine gelatine, and rub up together, thickening with addition of rice flour and a tiny dash of perfume.

Two Readers, Trail—When was the first theatre built on the lines of our present architecture—by that we mean with curtained stage and horseshoe seating arrangements?

The Teatro Farnese at Parma, built in 1618 or 1619, is generally called the first modern theatre. The stage was curtained off from the auditorium and was adapted to changing of scenes. Instead of semi-circular bank seats, the auditorium was U-shaped. Future architects combined this U-shaped auditorium with the curtained-proscenium form, and so determined the theatre form that was the basic plan for the now usual horseshoe auditorium.

V. L., Creston—Please print some information on the Canadian Army Cadets.

Royal Canadian Army Cadets: Colonel-in-Chief, Her Majesty the Queen. Address: Directorate of Militia and Cadets, Army Headquarters, Ottawa, Ontario. The Army Cadet organization stems from drill associations formed in colleges and schools during and after the American Civil War, 1861-1866. Such corps were first authorized by an amendment to the Militia Act, June 9, 1862. In 1942 the Department of National Defence expanded the Cadet movement and regularized training, clothing, equipment, and began association with the reserve forces. In 1951 this establishment was raised to 65,000, and the training was aligned more closely with the Reserve Force. Nearly all corps are now affiliated with the Army units. Cadets receive pre-military and citizenship training. In addition courses are conducted at summer camps for training about 3500 selected Cadets in a few Army trades or as Cadet leaders. The total strength of the Royal Canadian Army Cadets in June, 1954, was 64,000, in 520 corps. Many of these corps are still sponsored by secondary schools. The uniform is khaki with red maple leaf badge on upper arm and either a beret or a wedge cap with a red flash.

Mrs. X., Nelson—Do you think it would be possible to have a queen contest for identical twins at the mid-summer Bonspiel instead of crowning just one girl? Could you please find out? Say the ages ranged from 14 years to 18 years.

There seems to be no reason why identical twins should not be entered for the queen contest, but so far as this year is concerned it is too late. If you would be interested in future contests we advise you to submit names and address of the identical twins you may have in mind. For further information phone Albert Maida, 82 or 1146-R.

Your Horoscope

Gain may come to you in the next months in sudden, unexpected ways. Look for shrewdness, and a willingness to sacrifice for a loved one, in today's child.

FOR SUNDAY, MAY 8: In spite of opposition, you should achieve success during this next year. Today's child will be of an affectionate, sympathetic nature.

It's Been Said

She looketh well to the ways of her household, and eateth not the bread of idleness. Her children arise up and call her blessed.—Provergs 31:27-28.

They'll Do It Every Time — By Jimmy Hatlo

Today's Bible Thought

By faith Abraham . . . obeyed and went out, not knowing whither he went.—Heb. 11:8.

Even today some have driving impulses that they do not at the time fully understand. God is sending impulses for good all the time.

Aunt Het

I don't like Mother's Day much. It always makes me ashamed o' not bein' like my younguns pretend I am.

Seven Polio Cases In Toronto Suburb

TORONTO (CP) — Seven cases of polio in the metropolitan Toronto area—six of them involving children from suburban North York—were reported Friday by health offials. Dr. La. Pequenat, city medical health officer, said no cases of polio have been reported in the City of Toronto proper. None of those stricken had received the Salk anti-polio vaccine.

One Who Escaped in 1937 Recalls Hydrogen Blast That Killed 36

By CHARLES F. CAPALDO

RIDGEWOOD, N. J. (AP) — "It doesn't seem like 18 year ago. The awful memory of it seems like only yesterday."

So said Charles Barnes of Ridgewood, recalling that dark squally evening of May 6, 1937, when the dirigible Hindenburg, Germany's queen of the skies, blew up and burned with the loss of 36 lives at nearby Lakehurst, N.J.

But for the grace of God, he said, he would have been among the dead laid out in rows at the Lakehurst naval air station where the silvery airship crumpled to earth.

Barnes, 28 at the time, was a machinist attached to the station's airship training school and among some 200 American sailors, marines and civilians who made up the Hindenburg's ground crew.

TRIED LANDING

The ship, arriving on her first transatlantic flight, encountered squalls over New Jersey and cruised for hours before a landing was tried about 7 p.m.

The skin of the luxurious 803-foot "flying hotel" was soaked and weighted down by the rain.

"Three of us were directly under her huge horizontal rudders," said Barnes. "No lines had been dropped when there was a brilliant light. I felt an intense heat across the back of my neck.

"The ground began to steam like mist. . . . I looked back and the ship, a fiery mass, was drifting with me. I turned and started running the other way.

KNOCKED US FLAT

"The concussion from exploding Diesel fuel tanks knocked us flat. I looked up and the tail section, hovering about 100 feet above me, started to settle to the ground. . . . My foot caught in some twisted girders. . . . I gave one last desperate lunge and cracked right out of there.

One of the other fellows with me, a civilian, burned to death. One of the burning fuel tanks dropped right on him. . . .

"I think the only reason I wasn't burned to death was that my flight jacket had been soaked through by the rain. When I got free, the heat had dried it."

A static charge conducted from the ground to the ship by wet ground lines and lightning were among the causes listed for touching off the Hindenburg's highly inflammable, high explosive hydrogen.

MOUNTED CANDIDATE

LONDON (CP) — Charles Bleach 53-year-old Liberal candidate for the London county council, rode Marylebone district streets on a horse canvassing for votes.

CAMERA NEWS

By BILL RAMSAY

This is the time of year when a young man's (or woman's) fancy turns to thoughts of a little color photography. Whether you try framing a few choice shots of the redhead across the street or a pleasing shot in some out of the way spot, there are a few simple rules which will help insure tip-top results.

Let's forego a long-winded study of exposure calculations and color temperatures and take a quick gander at locale. Too many folks think they have to gas up the family buggy and traipse a hundred miles into the hinterland for interesting subjects. 'Tain't so. There are scores of interesting subjects near at hand. Search 'em out. From your back-door to the incinerator you'll probably stumble over a dozen likely subjects. Use a little imagination and, more importantly, use your eyes for something besides TV squinting. You'll be surprised at what stacks up as a worthwhile subject. Take pains to look for an arresting arrangement of shapes and a good distribution of color. Do this and you're on the way to a good day's shooting.

If you want to go into the subject of color photography a little more ambitiously come in and chew it over with us.

Here at RAMSAY'S CAMERAS we are always happy to kick around the subject of photography with our friends and customers. We feel that there are a few tricks of the trade which we might pass on to you.

Incidentally, we have a good selection of Mother's Day Cards as well as everyday cards. That's RAMSAY'S CAMERA STORE, 497 Baker St., in Nelson.

Salmo Auxiliary Pays Tribute To Mrs. Leahy

SALMO — At the May meeting in the Legion hall, Ladies' Auxiliary to Salmo branch of the Canadian Legion observed a two-minute period of silence in memory of Mrs. Eva Leahy. Mrs. Leahy was a past president and enthusiastic worker for the Auxiliary.

A motion was passed to forward a cheque for $100 to the Legion branch. The members made plans for a forthcoming tea and bake sale. Mrs. E. Henry will be official delegate to the provincial convention in Prince George, and members voted on the resolutions to be presented. Mrs. C. Roach won the booster prize and the meeting was followed by refreshments and accordion selections by Mrs. Bush.

Nelson Social

Fred Farrow, engineer for Pacific Western Airlines, has arrived in Nelson and will be staying with Mr. and Mrs. C. L. Rushby, 713 Carbonate Street, during the flying season. He will also be a valuable player on the Nelson cricket team.

• • •

Frank Elsener, Jr., has arrived home from Vancouver where he attended UBC. After a short visit with his parents, Mr. and Mrs. Frank Elsener, 518 Nelson Avenue, he will leave for Edmonton to work for the Summer.

• • •

Mr. and Mrs. E. Forbes, 715 Fourth Street, have moved to the City Power Plant, where Mr. Forbes will be employed.

Famous Blue Cheese Adds to Meat Dishes

By ALICE DENHOFF

The manufacture of American blue cheese is a growing industry. Since 1900, enterprising Americans, working for several interested manufacturers, have spent years of research and experimentation to develop a method of producing this famed cheese at home.

The quest has been very successful, and now the American version of blue cheese is obtainable at grocery stores or supermarkets virtually anywhere.

Try it in the following fine dishes, beginning with Braised Blue Cheese Short Ribs.

To serve 4-6, have four pounds beef short ribs cut in serving pieces. Sprinkle ribs with salt and pepper, and dredge with flour.

Melt ¼ cup fat and add a diced garlic clove. Saute until browned. Remove garlic and add ribs, cooking over medium heat until browned.

Add 2 cups water, one bay leaf, and ½ teaspoon thyme. Cook, covered, over low heat until ribs are almost tender, about 1½ hours.

Remove bay leaf and add 10 small peeled onions, 4 large, quartered carrots, 4 large, quartered potatoes. Cover and continue cooking until meat and vegetables are tender, about 30 minutes.

Arrange vegetables and meat in heated serving dish.

Combine ¼ cup all-purpose flour and ½ cup cold water. Mix well and add to stock. Cook, stirring constantly until thickened.

Add ½ cup American blue cheese (about 3 ounces) crumbled, stirring until melted. Season with salt and pepper. Serve meat and vegetables with this tangy gravy.

FOR MEAT OR FISH

To lend interest and extra flavor to meat or fish, melt 3 tablespoons butter and add 2 cups sliced onions. Cook over medium heat until onions are tender, about 15 minutes.

Blend in 3 tablespoons flour. Gradually add one cup milk and ½ cup light cream. Cook, stirring constantly, until thickened. Pour through sieve or food mill.

Add ½ cup crumbled American blue cheese and salt and pepper to taste. Cook, stirring occasionally, until cheese is melted.

NEW POTATO DISH

Tired of potatoes? Then try them this way:

Combine 2 cups seasoned, mashed potatoes and ½ cup crumbled American blue cheese, mixing well. Shape into croquettes and roll in fine dry bread crumbs.

Combine one beaten egg and 2 tablespoons water; beat well. Dip croquettes in egg mixture and in crumbs. Fry in deep hot fat (350 degrees F.) 1 to 1½ minutes or until browned. Drain on absorbent paper.

Mrs. Marshall. New President Of Kinnaird PTA

KINNAIRD — Mrs. J. Marshall was elected president of the Kinnaird Elementary School Parent-Teacher Association at the first annual meeting, succeeding Mrs. W. K. Fox who as president of the newly-formed PTA had guided it through its first highly successful year.

H. York was elected first vice-president, Mrs. Fox second vice-president, Mrs. J. Lamont secretary and Mrs. M. Verzuh treasurer. Committee chairmen elected were Mrs. T. Barnes, program; Mrs. W. Jacobson, ways and means; Mrs. D. Deverson, membership; Mrs. J. Leckie, health; Mrs. H. Taylor, publicity; Mrs. J. Pickering, hospitality and Miss B. Smith, film council representative.

TALK ON SWEDEN

Special speaker was Mrs. U. Lonergrin of Castlegar, who gave an amusing and informative talk on the recent 2½-month holiday she and her husband had spent in Sweden, her husband's native land. It was Mrs. Lonergrin's first visit and she told of the different customs she had found interesting and delightful. They had arrived shortly before Christmas and she told of the baking and cooking of traditional Yuletide foods and of the celebration of Christmas, and of attending Christmas morning service in a charming country church lit only by candles.

Meals were served with greater formality than is usual in Canada and toasts were drunk with propriety.

Mrs. Lonergrin commented on how many of the population could speak English. It has become the second language. She felt the standard of living was similar to ours in most respects. Although they did have such things as electric stoves, refrigerators and washing machines, they did not have the automatic timing devices and so on that so many of ours have. She found the people very interested in North America.

Mrs. Fox expressed the thanks of the PTA members for the entertaining talk.

$75 FOR BOOKS

During the business session the sum of $75 was voted toward the purchase of books and periodicals for the Kinnaird School library. It is expected that among purchases made will be a dictionary suitable for use by elementary school children.

PTA members agreed to assist the Stanley Humphries High School PTA by washing the dishes after the graduation banquet which the high school PTA will sponsor.

Mrs. Lamont donated an electric kettle for the use of the school staff and the PTA.

NONAGENARIAN Mrs. James Will observed her birthday recently at her home in the Kerr Block. Old friends and neighbors called in to recall old times in Nelson and to wish her well. Mrs. Will came to Nelson in 1910 with her husband and five children.

GRAND FORKS — Larry Cook, a student at UBC arrived to visit his mother, Mrs. Marjorie Cook for several days, before going to Vancouver Island where he will be employed with McMillan and Bloedel.

George Eremko is home from UBC for the Summer months.

Mrs. Robert Macgregor and children arrived from Salmon Arm to join Mr. Macgregor who has become the government agent for this district.

Redeemer Tea, Sale Successful

The Church of the Redeemer Service Club held a successful Spring tea and sale recently in the parish hall.

Snapdragons, daffodils and forsythia centred the tea table which was covered by a white lace cloth. Tiny lace doily parasols and spring flowers centred the individual tea tables.

Receiving the guests were Mrs. W. J. Silverwood and Mrs. Reg Taylor. The cashier was Mrs. A. C. VanSacker. Hall decorations were convened by Mrs. E. J. Bented, assisted by Mrs. C. Hughes. Servers included Mrs. R. Phillips, Mrs. E. Baker, Mrs. L. Hall, Mrs. H. Gumbert, Mrs. A. W. Gibbon, Mrs. W. DeFoe, Mrs. S. Morris, Mrs. T. Halsey, Mrs. A. McAdams and Mrs. E. G. Kidd.

Mrs. W. Motion was in charge of the kitchen, assisted by Mrs. C. Christie, Mrs. K. D. McRae, Mrs. R. Palmer, Mrs. E. K. Evans, Mrs. E. McLachlan, Mrs. J. Horswill, Mrs. E. Young and Mrs. J. Payne.

The work table was convened by Mrs. J. L. Dawson, assisted by Mrs. J. Taylor, Mrs. G. Coletti and Mrs. W. J. Ebdon.

Mrs. E. E. Hopwood convened the bake table, with the assistance of Mrs. T. C. Lambert and Mrs. E. J. Allen.

Busy Mothers and Soft-Hearted Men Upset Construction Works

DETROIT (AP) — Construction work on a huge power plant came to a stop recently because of four baby kittens.

The kittens were at the bottom of a 30-foot shaft. Rescue efforts took the entire morning until the improvised maternity ward could be moved.

A grey, tiger-striped mother cat had crawled into the bottom of a wood and steel form which is to be filled with concrete for the base of a huge generator.

The form is crisscrossed from top to bottom with steel rods.

Workmen first learned of the mother's problem when she began sniffing at the shaft and pawing at them. Electricians and carpenters ripped off a side panel and Frank Ellison, followed by the mother cat, wormed his way to the bottom of the shaft.

There, sealed off in a far corner, he could see the four two-day-old kittens.

After slats had been removed and the steel rods bent, Ray Miron slid down the shaft and pulled the kittens out.

AND THEN MRS. QUACKER . . .

CHICAGO (AP) — Two mother ducks have forced a change in plans for construction of Chicago's new $100,000 water filtration plant.

And if the mallard hens don't hatch their prospective broods within two weeks, work on the big project will be delayed.

When Phillip Connell, president of the job's contracting firm, visited the construction site along Lake Michigan Thursday, he noticed that work with two huge dredges and other heavy equipment was proceeding from the western end of the dike. The blueprints called for work to begin at the eastern end.

THE BOSS AGREED

Connell pointed out the discrepancy to a foreman, who then escorted the boss to the eastern end of the dike and pointed out something else.

There, nestled in a pile of clay and stone which is to be used in the dike construction, were two mother ducks, sitting on a total of 11 eggs.

"These softies," said the foreman with a gesture toward his men, "refuse to disturb the ducks."

"I'm a softy, too," Connell replied. "We'll change the blueprints."

Educated Goat Cleans Up Bar

SOUTH HAZELTON, B. C. (CP) — Sylvester, the persistent billy goat, now lives in exile, ushered out of town on a floater by police.

The trouble for Sylvester began when he decided to go to school. At first, the pupils thought Sylvester fun. But the teacher was dubious and his apprehensions proved well founded.

The goat's voracious appetite ranged from chalk and paper to shirt-tails. Meanwhile, the harrassed teacher found no success with attempts to expel Sylvester.

When teacher locked the door, Sylvester bunted the lock loose.

When teacher tied up the door with a rope, Sylvester just ate the rope and came right in.

NIGHTMARE TO TOPERS

In the meantime, some of the older students evolved a plot and Sylvester disappeared.

But what proved a relief to the school, became a nightmare for topers in the neighboring village of New Hazelton where Sylvester turned up in a beer parlor.

The goat looked balefully at the cluster of imbibers, then spotted the bartender and charged.

This time Sylvester went too far.

The chaos of screaming patrons and breaking glass attracted the watchful RCMP who quickly put an end to the revelry.

Thompson Named CPR Vice-President

MONTREAL, May 5 — The appointment of D. S. Thompson of Montreal as vice-president with jurisdiction over all lines of the Canadian Pacific Railway Company was announced today by N. R. Crump, newly-elected president of the company.

At the same time, Mr. Crump announced the appointment of R. A. Emerson, formerly chief engineer and a third-generation Canadian Pacific employee, as vice-president, operation and maintenance, the position formerly held by Mr. Thompson.

Uranium Found in Hills of Perth

LONDON (AP) — Two amateur prospectors have made the first discovery of uranium in Scotland, a government agency said Thursday night. James and Archibald Sinclair, brothers, found the radioactive deposit in an old lead mine in the hills of western Perthshire.

Army Engineers Put Up Vedder Wall

CHILLIWACK, B. C. (CP) — A fourth-month training scheme for Royal Canadian army engineers has ended with completion of a four-mile retaining wall along the north bank of Vedder river, east of the bridge.

The six bulldozer crews and student operators from the trades-training squadron straightened the river channel, removed snags and dumped logs and gravel along the sides for further protection.

Urges Ottawa to End Restriction On Immigration

OTTAWA (CP) — A government supporter says Canada should step up immigration to create a bigger home market for the country's increasing production and keep Canadians working.

Leon Crestohl (L—Montreal Cartier) told the Commons in the budget debate that the government should stop playing around with immigration categories and restrictions. A vigorous assault should be made on every possible source of immigrant.

". . . If we are really to benefit from our vast natural resources we should not deal with them (immigrants) in a dog-in-the-manger fashion," he said.

"Some countries live behind an Iron Curtain; let us not behave as though we have dropped at our ports of entrance a golden curtain behind which we Canadians can gloat and past which no one but the select can enter."

Mr. Crestohl said he does not share labor's view that more immigrants will put Canadians out of work. Increased immigrations would make more production necessary and provide more jobs.

Canadians Did Splendid Job In Nevada Test

By KEN METHERAL
Canadian Press Staff Writer

CAMP DESERT ROCK, Nev.—(CP) — Lt.-Col. Robert Klaehn of Ottawa was "very, very pleased" with the radiation monitoring work performed by Canadian troops following Thursdays' long-awaited atomic test shot.

"The unit for the first time went out after an actual explosion and came back with an excellent plot of the contaminated area," said Klaehn, officer commanading the tri-service radiation detection team based at Kingston, Ont.

He said he thought the unit, operating under Maj. Roderick MacDonald of Sydney Mines, N. S., had done "a splendid job".

Col. Klaehn emphasized that his remarks applied to the members of all three services making up the team.

"The men ran into conditions which their training had led them to expect they would find, and they performed like veterans."

READ THE CLASSIFIED DAILY

Car Accidents Preventable, Says Lyman Duff

MONTREAL (CP) — The dean of McGill University's faculty of medicine has urged creation of a national organization to study an increasing menace responsible for thousands of deaths annually in Canada, Britain and the United States.

The suggestion—formation of a new section of the Canadian Medical Association to study the problem of traffic accidents—was made Thursday by Dr. C. Lyman Duff at the close of an international medical conference on road deaths that brought together doctors, surgeons and psychiatrists from the three countries.

Traffic accidents are responsible for 3000 deaths a year in Canada, 34,000 in the U.S. and 5000 in Britain.

Dr. Duff said that for each death "about 20 to 30 other people suffer injuries, slight to severe," with the young bearing this toll heavily.

Traffic accidents were the first cause of death in the first 30 years of life.

He said that "theoretically at least" all traffic deaths and injuries are preventable.

"No doubt the best measures would eventually lead an an irreducable minimum, but we must approach the problem from the standpoint of prevention."

Find Uranium West Of Smithers, B. C.

SMITHERS, B. C. (CP) — Three prospectors report having staked several uranium claims 14 miles west of this central B. C. village.

Eddie Malkow, Hunter Simpson and Bill Yorke-Hardy said readings taken with a scintillometer showed low but definite indications of radioactivity.

Grim Alternative

OTTAWA (CP)—A clean-shaven member, injecting some levity into the Commons budget debate, told Canadian males to grow beards or face domination by women.

Irvin Studer (L, Swift Current-Maple Creek) said the downfall of men began when beards went out of vogue. This was the point in history when the influence of women began to increase.

"If this situation continues we are going to be dominated by women" he said. "The day is coming when we will be treated just the same as the male bees in a beehive."

The he-men of Swift Current-Maple Creek have started to wear beards once more.

"The men in Swift Current and in Maple Creek have beards such as you have never seen since the days of the Apostles," he said.

Mr. Studer said he doesn't wear a beard because he is "too busy being a member of Parliament to always have to carry a stick around to keep the women away."

Fund to Guarantee Annual Wage Proposed to Ford

DETROIT (AP) — A sum of $500,000,000 in "reserve funds" to finance a guaranteed annual wage at Ford and General Motors has been proposed by the CIO United Auto Workers.

Each fund—an unofficial estimated $135,000,000 for Ford and $335,000,000 for GM—would be created by company contributions of four per cent of the base payroll over a period of five years.

CIO president Walter Reuther's auto union made its proposal public for the first time Thursday.

It was the first indication of what the union's guaranteed annual wage might cost.

Neither Ford nor GM commented.

Two Men Rob Bus Driver at Loop

VANCOUVER (CP)—An old-time stagecoach robbery, with innovations, was re-enacted here when a city bus driver was robbed of approximately $100 in tickets and cash.

The two men who robbed the driver boarded the bus not far from a turn-around loop. One man drove the heavy, gas-powered vehicle while the other took the cash from the driver.

The pair jumped from the bus a short distance from the loop and made off in a car.

Concrete and Masonry Buildings Come Safely Through Bomb Tests

By ALTON L. BLAKESLEE

SURVIVAL CITY, Nev. (AP) — The Darlings of Doomsday drive are no more, but a preliminary survey of this atomic-battered test town indicates that civilians can survive nuclear attack if they have the right kind of home.

The Darling family — smashed mannequins—were buried in the explosion of their two-story brick-and-cinder-block house in Thursday's huge blast. A neighboring one-story frame "rambler" home on Doomsday drive also was a pitiful shambles.

MASONRY HOMES SAFE

But the powerful nuclear sledgehammer met with stubborn defiance from two masonry homes on the same street, only ⅞ of a mile—4700 feet-away. They stood today, hurt but fairly sound, as harbingers of survival in atomic war.

While the frame rambler burst apart, a special $500 concrete bathroom shelter came through all right. People in it would have survived, Harold L. Goodwin, test director of the United States federal civil defence administration thinks.

Goodwin reported on his tour a few hours after the blast.

BARMSTON, England (CP) — Durham county wants to build a bridge across the River Wear to Coxgreen, but it would put the ferry out of business. Because a royal charter protects the ferryman, an act is needed to annul the ferry rights.

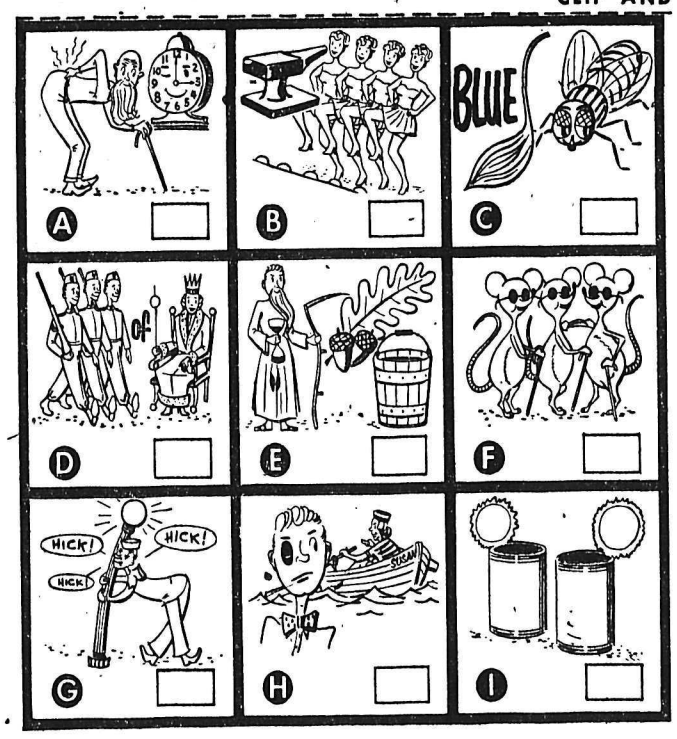
"NAME the SONG" CONTEST ENTER NOW!

JUST MATCH A SONG TITLE FROM THE LIST BELOW TO THE CORRESPONDING CARTOON

CLIP AND MAIL



Follow these simple rules to win!

1. From the song titles listed beneath the cartoons, pick the nine titles that you feel would correctly identify the nine cartoons. Indicate the number of the title you consider correct in the corresponding box in each puzzle.
2. Fill in your name and address and phone number on the coupon.
3. Mail the cartoons with your answer and coupon to the address indicated on the coupon.
4. Closing date of this contest is May 18, 1955.
5. Only one entry per person allowed. Any resident in B.C. over 18 years of age is eligible for these prizes, except our employees, the employees of our advertising agencies and their families.
6. One Grand Prize will be awarded to the winner with the correct or nearest correct answer. In the event of a tie, the awards will be made to the contestant with the most original entry to be decided by a Board of Judges whose decision will be final.
7. All entries become the property of State Vacuum Stores of Canada Limited.
8. Entries must be sent through the mail only.
9. Contest winners will be announced in this newspaper at the end of the contest.
10. Gift certificates will be awarded to runners-up.

Air Conditioning May Bring Change in Remodelling Plans

A great big all-purpose room is due to be added to thousands of older homes during the next few years.

It's a room that's always been there underneath the rest of the house, but has never seemed quite usable for anything but accumulating junk, due to the dampness, mildew, rust, dirt and apparent lack of space.

But with the coming of the age of air conditioning, many Canadian homes will start expanding into the basement.

Cloud Wampler, a leading spokesman for the air conditioning industry, has predicted a wave of rehabilitation and modernization involving air conditioning in older homes.

One of the primary reasons is that the great number of completely air conditioned new homes being constructed today, will lower the resale value of older houses not equipped for comfort. And Mr. Wampler points out that a home is normally the biggest investment a family makes in its lifetime.

But another big reason is the possibility of recovering so much space for the many activities that can't be engaged in so easily in the rooms a family now occupies.

One of the first problems, of course, is to seal the basement from leakage of water. But now dampness in the air which causes quick mildew destruction of fabrics and leather, warping of furniture and woodwork, and rust on precious tools, must be removed by air conditioning.

The fact that the basement never seemed quite comfortable or usable has in many cases encouraged its abandonment to dust, dirt and an accumulation of junk. In other cases the heating plant itself will contribute to the dirt and general mess, in contrast to a neat air conditioning unit removing floating dust and dirt from the air.

Many millions of basements have a monster heating plant sitting smack in the centre with huge air pipes like octopus arms angling in all directions. The furnace completely breaks up the floor space, and the ducts destroy headroom.

Now imagine that same basement with a sleek year-round weathermaker sitting off to one side, with streamlined ducts overhead opening up that whole expanse of space. The air is dry, clean, perfectly comfortable winter and summer, and no longer musty-smelling.

EVEN CARPETS

Can't you picture the happy heyday of planning and effort for the "do-it-yourself" enthusiasts, or for those who prefer to hire a carpenter? You can now have panelled walls, built-in television or hi-fi, a ping-pong table or an expensive HO train layout, an area for precise and delicate hobby pursuits, overstuffed chairs, and a tiled floor. You might even decide to lay wall-to-wall carpeting on the floors.

The basement is not the only area of the house where remodelling and air conditioning go hand in hand. In the old-fashioned house, windows break up the exterior walls due to the need for cross-ventilation, limiting the rehabilitation plans you might like.

But with air conditioning, you can make one wall all of glass, take the windows out of another wall and use it for built-in storage, or floor-to-ceiling bookshelves flanking a new fireplace. Your furniture doesn't need to be tucked between *window openings, but can be* arranged logically for conversation and utility.

Old-fashioned kitchens have been a real trial to housewives because of the windows and doors interfering with an efficient unbroken sweep of work areas and cabinets. Any family attempting to plan a sensible kitchen knows the problems wall openings can create. But with air conditioning eliminating the need for copious cross-ventilation in this hottest room in the house, windows and doors can be moved where desired to create the dream kitchen every housewife hopes for.

The old-fashioned bedroom has made necessary some of the most miserable compromises in the home with regard to efficient arrangement of furniture. Air conditioning with its possibilities of windows high in the wall under which beds and dressers can be placed, and glass walls looking out on secluded exposures offers new hope for sleeping areas that now seem crowded or awkward.

Redecorating alone should also be considered in relation to air conditioning. Those who like light colors should have clean air in their homes throughout the yearand avoid hot weather perspiration smudging so common around doors and windows and light switches in older homes. A whole new range of delicate fabrics can come into use in air conditioned interiors because they will not be subject to the frequent cleaning necessary in non-air conditioned homes.

"In any case where remodelling or rehabilitation of an older home is considered, air conditioning *should be considered along with it,*" Mr. Wampler said. "In fact, air conditioning should be considered first, because it will permit far more satisfactory remodelling results, and perhaps change such plans entirely."

VULNERABLE TREES

Of all trees, the types most likely to attract lightning are said to be the poplar, oak, ash and elm.

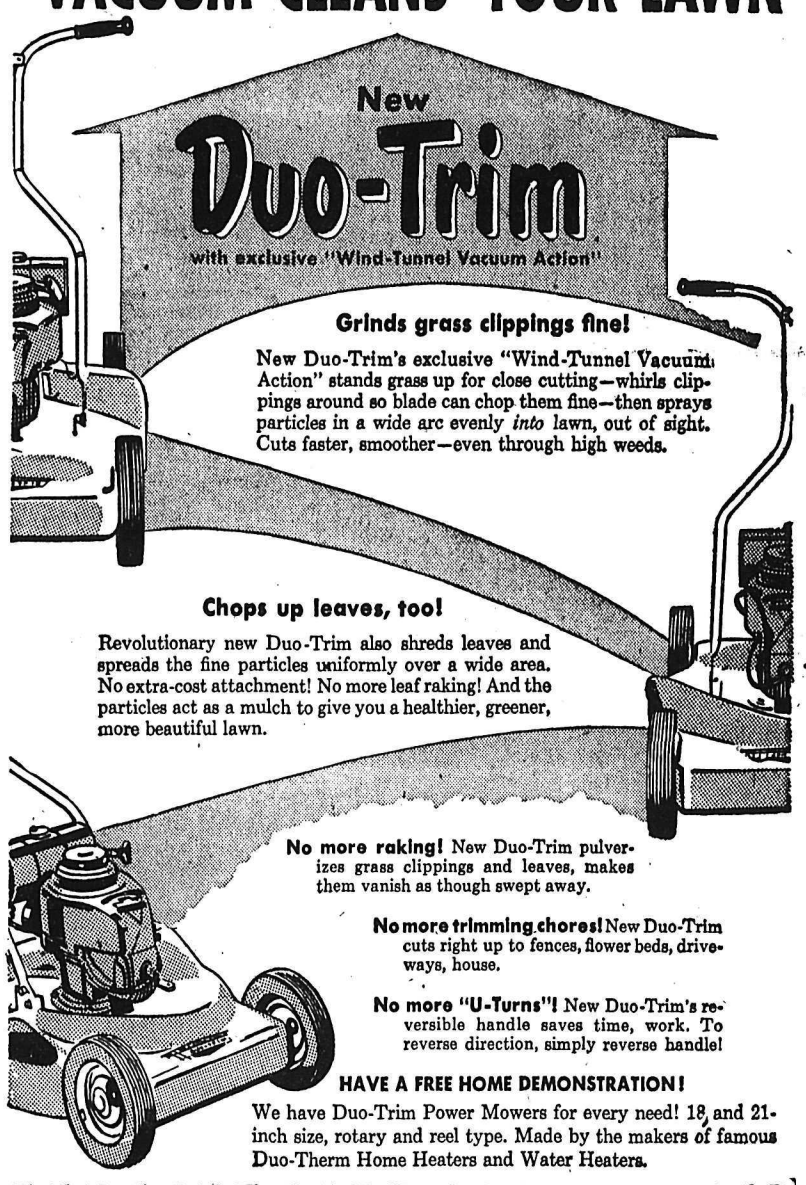
Revolutionary Power Mower
"VACUUM CLEANS" YOUR LAWN



Grinds grass clippings fine!
New Duo-Trim's exclusive "Wind-Tunnel Vacuum Action" stands grass up for close cutting—whirls clippings around so blade can chop them fine—then sprays particles in a wide arc evenly *into* lawn, out of sight. Cuts faster, smoother—even through high weeds.

Chops up leaves, too!
Revolutionary new Duo-Trim also shreds leaves and spreads the fine particles uniformly over a wide area. No extra-cost attachment! No more leaf raking! And the particles act as a mulch to give you a healthier, greener, more beautiful lawn.

No more raking! New Duo-Trim pulverizes grass clippings and leaves, makes them vanish as though swept away.

No more trimming chores! New Duo-Trim cuts right up to fences, flower beds, driveways, house.

No more "U-Turns"! New Duo-Trim's reversible handle saves time, work. To reverse direction, simply reverse handle!

HAVE A FREE HOME DEMONSTRATION!
We have Duo-Trim Power Mowers for every need! 18 and 21-inch size, rotary and reel type. Made by the makers of famous Duo-Therm Home Heaters and Water Heaters.

SPORTS

Nelson, Grand Forks Youths On Cinderella Rowing Crew

VANCOUVER (CP)—The Cinderella rowing crew from the University of British Columbia will compete in the Royal Henley Regatta in England this summer — thanks to the generous support of B.C. residents.

Dean Whit Matthews, chairman of the UBC - Vancouver Rowing Club Henley campaign, forwarded the 10-guinea entry fee to the secretary of the regatta after the fund passed the $18,500 mark of the $25,000 objective.

The fund was started with a $3000 contribution from the university student body. Since then the fund has been swelled by private contributions and a $2500 donation by the provincial government.

G. Nelles Stacey, trip manager for the 11-member crew, says Canada's entry in the regatta, June 29-July 2, will have the best possible accommodation at Henley-on-Thames.

Frank Read, coach of the fledgling crew that won the eights event of the British Empire Games here last summer, says his boys have earned the chance to compete in the British rowing classic.

"I know they'll put up a good showing in gratitude to the people who have made the trip possible," Read said.

The UBC crew will resume training in May after a month's layoff due to university examinations. The crew's big pre-Henley test will be the Newport regatta in California May 28 against some of the United States' best college teams.

The UBC crew will leave for England by plane on June 8.

Members are: Carl Ogawa, coxswain, Salmon Arm, B.C.; Glenn Smith, stroke, Grand Forks; Mike Harris, Abbotsford, B.C.; Tom Toynbee, Ganges, B.C.; Doug McDonald, Ganges; Lawrence West, Vancouver; Herman Zloklikovits, Prince George, B.C.; Ken Drummond, Burton, B.C.; Bob Wilson, Kamloops, B.C.; and spares Phil Kueber, Edmonton, and Bill Hughes, Powell River, B.C.

Donald Laishley, son of Mr. and Mrs. W. Laishley of Nelson, who has been team manager for two years, is also making the trip.

Score Leading With 50 Whiffs; Turley Edges Up

By THE ASSOCIATED PRESS

Bob Turley of New York Yankees and Herb Score of Cleveland Indians, fire-balling American League strikeout sensations, went to work Friday with Turley fanning 13 in a two-hit 6-0 victory over Boston and Score whiffing 10 while three-hitting Kansas City 4-1.

Turley, who now tops the majors with a 5-0 record in five starts, wound up with a total of 46 strikeouts thus far, gaining a little ground on Score who now has fanned 26 in two games for a total of 50.

Bullet Bob was within one out of his second one-hitter of the year when Billy Klaus beat out an infield roller. Then Turley whipped a third strike past pinch-hitter Sam Mele to end it.

Cleveland's victory left the Tribe all alone in first place. Detroit fell off the pace at Chicago as Virgil Trucks, a onetime fireballer himself, two-hit the Tigers in a 1-0 white Sox victory.

The other AL game, protested by both clubs, went to Washington 2-1 over Baltimore.

BROOKS DO IT AGAIN

In the National, Brooklyn continued its fabulous pace despite some difficulty, beating Philadelphia 6-4 in the 12th inning. Cincinnati Redlegs finally beat Chicago Cubs 4-2 and the precocious Pittsburgh Pirates edged New York Giants 3-2 for their sixth straight. At St. Louis, Milwaukee whacked the Cardinals 8-5.

Turley, who one-hit the White Sox last week, walked five and hit one batter, but otherwise was in command. The only solid hit off him was Jim Piersall's sixth inning single. Mickey Mantle got the Yanks started with a solo homer in the first off loser Frank Sullivan and Billy Hunter hit a two-run driver in the eighth.

At Cleveland, Score had a one-hitter until the seventh when singles by Bill Wilson and Joe Astroth and a walk broke up his shutout. Dave Pope and Hank Majeski each homered for three of the Tribe's runs.

HURLS 2-HITTER

Trucks slipped the White Sox 13 percentage points ahead of the Tigers, who dropped to third, by going the route for the first time this season. Detroit didn't get a hit until two were out in the sixth when Al Kaline singled. The only other hit was Bill Tuttle's single in the seventh. Loser Ned Garver's throwing error brought home Chicago's run in the seventh after Sherm Lollar's double.

At Philadelphia, Roy Campanella doubled home two runs in the 12th to break up a 4-4 ball game. Don Newcombe, just out of the Brooklyn doghouse, got the victory in relief. It was the 19th triumph in 21 games this season for the Dodgers, now 8½ games ahead of the second-place Cubs.

The Cubs lost their first game to Cincinnati in six meetings this season as the Redlegs supported Joe Nuxhall's six-hit pitching with a timely batch of seven hits, including Smoky Burgess' homer in the second. A two-run fourth won it with a walk and three singles knocking Paul Minner for the defeat.

Ben Wade came on in the ninth with some brilliant relief work to protect the Pirates' success at New York, working out of a bases-loaded none-out jam after rookie Ron Kline weakened. Three hits in the seventh and an error ruined Johnny Antonelli's one-hit job until then for the Giants.

Milwaukee took over third from New York, breaking a five-game losing streak with three hits, three walks and an error that scored five runs. Andy Pafko's two doubles drove home three of the Braves' runs in a nine-hit attack against five St. Louis hurlers.

Both Baltimore manager Paul Richards and Washington's Chuck Dressen protested interference rulings as the Senators' Dean Stone bested Saul Rogovin in a mound duel.

Fire Chief Owens To Coach Leafs

President Frank Hufty of the Nelson Maple Leafs baseball club announced Friday the appointment of Fire Chief Elwin Owens as coach for the 1955 season.

Mr. Owens, while back east had a great deal of experience as a player and in coaching. Due to his job he will be unable to travel with the club but will likely elect an assistant coach.

The club will swing into their first practice Sunday afternoon in preparation for the baseball tournament to be held in Fruitvale May 23 when it is expected several teams will be competing.

Mr. Hufty also said Bob Koehle, Red Wassick and Wendy Keller would be turning out with this year's team.

Newcombe Back With Dodgers

BROOKLYN (AP) — Repentant Don Newcombe patched up his quarrel with manager Walter Alston and Brooklyn officials Friday and rejoined the club as it left for Philadelphia and the west.

The 235-pound pitcher was suspended and sent home from the ball park Thursday after he had refused for the second time within 10 days to pitch in batting practice.

CHEAP SPRATS

WHITSTABLE, England (CP) — A sign on the harbor wall in this Kent town reads: "Sprats free, help yourself." Fisherman George Harmon explained: "I was trying new fishing gear and it caught too many small sprats."

Track and Field Clinic Continues

The second of two clinics on track and field conducted by the Community Programs Branch will take place Saturday in Nelson.

Instructions will be given some 40 representatives from 15 recreational commissions by H. Kruger of Fruitvale, Dave Shunter of Creston and Joe Haley of Rossland.

The morning session at the Junior High School will consist of warm-up, body work, massage and rules. Films will be shown on pole vaulting and discus throwing. Demonstrations on the sprint start, distance running, relays and shot put will be given by the instructors.

The afternoon session will take place at the Recreation Grounds where demonstration will be given in the high jump by Joe Haley, famed Olympic jumper. Mr. Kruger will give demonstrations in pole vault, broad jump ad javelin while Ed Kelter will show the hop, step and jump and the discus throw.

The clinics were planned to give prospective instructors a sound knowledge so they in turn could go back to their respective centres and teach it.

Manchester Favored 4-to-6

By ARCH MacKENZIE
Canadian Press Staff Writer

LONDON (CP) — Manchester City, seeking its fifth Football Association Cup triumph, reigned 4-to-6 odds-on favorites against Newcastle United on the eve of Britain's biggest annual sports event.

They're calling this 74th classic the "battle of the bandages."

With sickness and injury having impartially chopped down two players a side and slowed others, the two most shuffled Cup teams since the Second World War were to kick off at Wembley Stadium before more than 100,000 lucky ticketholders, and the Queen and the Duke of Edinburgh.

Thousands poured into the city from the north Friday night, while a drizzle fell on the springy green turf of the massive stadium.

NEST EGGS

KING EDWARD, Scotland (CP) — A farmer found 207 eggs underneath a hen house near this Aberdeenshire town. It was thought they had been stored up by weasels.

Rod and Gun Club At Salmo Started Under Henderson

The Salmo Valley Rod and Gun Club came back into existence this week when outdoorsmen held an organizational meeting in the Salmo Legion Hall.

Ken Henderson was elected president of the club with Jack Teague vice-president and Mrs. Carl Wilson secretary-treasurer. Directors of the club are T. R. Rotter, Carl Wilson, Bert Stevenson, George Long and Roy McLeish.

With about 40 in attendance the membership got away to a good start, one dollar being decided on for membership. It is expected the membership will rise to 100 before long as enthusiasm for the club grows.

A membership committee was selected comprised of Roy McLeish, Bert Stevenson, Frank Gould, Frank Rotter, Alex Ferworn and Carl Wilson.

In attendance at the reorganization meeting were John Welton of Trail the vice-president of the West Kootenay Zone, Tom Sadler, president of the Trail Club, Fred Whiteley, president of the Nelson Club, and J. J. McEwen, president of the B.C. Game Council.

Sherban, Marcoux Trial Opens

VANCOUVER (CP) — The long-remanded preliminary hearing of Eddie Sherban, 23, and Joseph Marcoux, 29, charged with the attempted murder last November of convicted drug trafficker William Semenick, opened in police court here today.

The packed courtroom heard police officers tell how they found Semenick, wounded in the groin after a gangland gun battle, in sprawling Stanley Park, about two miles from downtown Vancouver, shortly after midnight Nov. 3.

Several policemen testified that they dragged Marcoux shivering from the harbor at the plush Royal Vancouver Yacht Club's boat wharves about 15 minutes after Const. Lindsay found Semenick. The yacht moorings are about one-quarter of a mile from Lumbermen's Arch.

A threat of gangland violence against his family may seal the lips of convicted drug trafficker William Semenick, key crown witness in the case of two men charged with attempting to murder him last November.

Acropolis Favored 5-To-1

LONDON (Reuters) — Acropolis, the Derby favorite, was backed to win the £25,000 first money in the Epsom classic at Thursday night's Victoria Club call-over.

In spite of this heavy support bookmakers extended the odds against him to 5-to-1. Previously 7 to 2 had been the top offer.

Best supported of the others was Tommy Carey's National Anthem who stayed at 22 to 1.

Japan's farm population in 1953 was 37,900,000, of whom 15,860,000 ran their own farms.

DERBY DAY TODAY...

Ten 3-Year-Olds To Post In Richest Racing Classic

By JOHN CHANDLER

LOUISVILLE, Ky. AP) — Ten three-year-old colts have a fling at fame and fortune today in what will be the richest Kentucky Derby since the colorful racing classic was inaugurated in 1875.

A good portion of the 100,000 fans expected to jam Churchill Downs for the 1¼-mile classic are looking for another slam-bang duel between Nashua, the odds-on favorite, and his shadow, Summer Tan.

There were no surprise latecomers in the calculations when secretary Lincoln Plaut closed the entry box Friday morning, only the ten horses whose names have been on the lips of turf folk for days. The pot will hit $152,500, the winner collecting $108,400.

SWAPS CHIEF THREAT

The slim field comes through the courtesy of Nashua of William Woodward Jr.'s Belair Stud, and Mrs. John W. Galbreath's Summer Tan. It costs $1500 to race today, and few want to tangle with a pair of the best sophomore runners to come around in many a year.

Two weeks ago racing appetites were whetted when Nashua lunged up in the final strides to beat Summer Tan in the thrilling Wood Memorial at Jamaica.

Swaps, a California speed demon owned by Rex Ellsworth, looms as the chief threat should Nashua or Summer Tan run into difficulties. The Derby is a go-get-'em scramble, and sometimes the favorites wind up in the soup through poor racing luck.

There was strong support also for the Cain Hoy Stable entry of Flying Fury and Racing Fool, owned by Capt. Harry F. Guggenheim. Fans recall that Guggenheim's Dark Star got home first for a $51.80-for-$2 payoff in the 1953 Derby, when Native Dancer was supposed to win.

GOOD WEATHER LIKELY

The track oddsmaker listed Nashua, to be ridden by Eddie Arcaro, at 4 to 5, with Summer Tan and jockey Eric Guerin at 2 to 1. Swaps, with Willie Shoemaker up, was made 5 to 1. The Cain Hoy entry was 10 to 1.

Others in the race are Jean's Joe, owned by the Murcain Stable of Mrs. Clint Murchison and Mrs. Wofford Cain; Harvey C. Fruehauf's Blue Lem, Clifford Mooers' Nabesna; G. Rollie White's Trim Destiny, and Honeys Alibi, from the W-L Ranch of movieman Harry M. Warner. Jean's Joe was quoted at 15 to 1. You can almost name your price on the others. All starters carry 126 pounds.

Good weather, the rule all week, is forecast for today, but the weather man saw a chance of possible scattered showers later in the day or tonight.

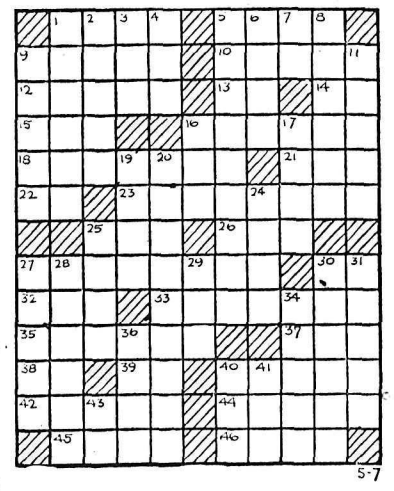
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

J B Y P Z X J Z K T W C P U , X U Q J Z P
Y S F J B J S Q P W N V P X M K J X S D Z J
G B K Q W Y I W Y X U C B U Q ! — K W S J Z P V .

Yesterday's Cryptoquote: LET HER SPEAK, AND WHATEVER SHE SAY, METHINKS I SHOULD LOVE HER THE MORE—SHENSTONE.

PUBLIC NOTICE

DOUKHOBOR LANDS ALLOTMENT INQUIRY ACT

NOTICE OF PUBLIC HEARING

His Honour, Judge Arthur E. Lord, sole commissioner appointed under the above named Act, will hold a public hearing at Nelson, B. C., in the Supreme Court room in the Court House, at 10:30 A.M. commencing Monday, May 16th, 1955, and at the same time each morning thereafter for the balance of that week, to inquire into, among other things:

(a) Whether the lands at present occupied by Doukhobors and owned by the British Columbia Land Settlement Board should be disposed of by that Board; and

(b) If it is desirable that such lands should be disposed of, what divisions and subdivisions, if any, should be carried out for purposes of such sale, and to whom, and at what prices and on what terms should such lands be sold; and

(c) If such sales should be made, what provisions, if any, should be made from the proceeds for the claims of the Government of British Columbia, and of the creditors of the Christian Community of Universal Brotherhood Limited.

Any person or organization wishing to submit a claim or evidence, in writing or by word of mouth, in reference to the above matters, is requested to communicate with the undersigned in order that arrangements may be made to submit such claim or evidence. No cost will be involved, and a Russian language interpreter will be present at all times. A further public hearing will be held at Grand Forks, B. C., at a later date, to be advertised.

April 15th, 1955, Nelson, B. C.

W. J. STURGEON
Secretary,
Doukhobor Lands Allotment Commission,
P.O. Box 260, Nelson, B. C.

AUCTION SALE

TIMBER SALE X66097

There will be offered for sale at Public Auction, at 10:30 a.m., local time, June 6th, 1955, in the office of the Forest Ranger, Castlegar, B.C., the Licence X66097, to cut 1,123,000 cubic feet of Cedar, Spruce, Larch, Hemlock, Balsam, White Pine and Fir and 14,600 Lineal Feet of Cedar Poles and Piling on an area situated on part of Lots 10176, 10177, 10178, 10179 and others, on Sullivan Creek, Kootenay Land District.

Six (6) years will be allowed for removal of timber.

Provided anyone unable to attend the auction in person may submit a sealed tender, to be opened at the hour of auction and treated as one bid.

Further particulars may be obtained from the Deputy Minister of Forests, Victoria, B. C., or the District Forester, Nelson, B. C., or the Forest Ranger, Castlegar, B. C.

LAND REGISTRY ACT
(Section 161)

IN THE MATTER OF Lots 3, 4, 5 and 6 in Block 5, of Lot 182, Kootenay District, Plan 486.

Proof having been filed in my office of the loss of Certificate of Title No. 15236-A to the above mentioned lands in the name of Domenico Maglio and bearing the date of the 15th November 1911, I HEREBY GIVE NOTICE of my intention at the expiration of one calendar month from the first publication hereof to issue Provisional Certificate of Title in lieu of such lost Certificate. Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

DATED AT NELSON, B. C., this 7th day of April, 1955.

L. A. McPHAIL,
Deputy Registrar.

Date of first publication April 9, 1955.

TIMBER SALE X67213

There will be offered for sale at public auction, at 10:30 a.m. (local time) on Monday, June 6th, 1955, in the office of the Forest Ranger, Slocan City, B.C., the Licence X67213, situated West of Winlaw, Kootenay District, to cut 31,000 cubic feet of sawlogs.

Four (4) years will be allowed for removal of timber.

Provided anyone who is unable to attend the auction in person may submit a sealed tender, to be opened at the hour of auction and treated as one bid.

Further particulars may be obtained from the District Forester, Nelson, B.C., or the Forest Ranger, Slocan City, B.C.

POUND DISTRICT ACT

Pursuant to the provisions of Section 11 of the "Pound District Act" Chapter 259, R.S.B.C. 1948, notice is hereby given that the appointment of J. L. GOSS as poundkeeper of the Taghum Pound District has been rescinded, and that FREDERICK McCAULEY, of Taghum, B.C., has been appointed in his stead.

The location of the pound premises is on Part of Lot 10427, Kootenay Land District.

W. MacGILLIVRAY,
Deputy Minister of Agriculture.
Department of Agriculture,
Victoria, B. C.
April 14, 1955.

THE BOARD OF SCHOOL TRUSTEES OF SCHOOL DISTRICT NO. 8 (SLOCAN)

SCHOOL LOAN BY-LAW REFERENDUM NO. 2

Question to be submitted to the electors entitled to vote on money by-laws requiring the assent of the electors of School District No. 8 (Slocan) on the 14th day of May, 1955.

"Are you in favour of the Board of School Trustees of School District No. 8 (Slocan) borrowing money, without further assent of the electors, at any time or from time to time within Two (2) years from December 31st, 1954, by the issue and sale of debentures bearing interest at the rate or rates not exceeding Four (4) per centum per annum and payable over a period or periods not exceeding Twenty (20) years from the date or respective dates thereof, in such principal amounts as the Board may from time to time deem necessary to raise net sums not exceeding in the aggregate One Hundred Seven Thousand Dollars ($107,000.00), after payment of discount, commission, brokerage, exchange, and other expenses with respect to such issue or sale, or acquiring and developing school-sites and purchasing, adding to, constructing, reconstructing, furnishing, and equipping buildings for school purposes or use in connection therewith, and other extraordinary expenditures for school purposes?"

The following in brief and general terms sets out substantially the proposed projects and the amount allocated for each:—

(a) Acquiring and developing school sites: Nil	$ Nil	
(b) Purchasing, adding to, constructing, reconstructing buildings, for school purposes or use in connection therewith:		
Mt. Sentinel Jr.-Sr. High Activity Room	$ 38,000.00	
W. E. Graham Jr.-Sr. High Activity Room	38,500.00	
Lucerne Jr.-Sr. High Activity Room Addition	14,000.00	90,500.00
(c) Furnishing and equipping buildings for school purposes or use in connection therewith:		
Mt. Sentinel Jr.-Sr. High Activity Room	2,250.00	
W. E. Graham Jr.-Sr. High Activity Room	2,250.00	
Lucerne Jr.-Sr. High Activity Room Addition	1,600.00	6,100.00
(d) Other extraordinary expenditures for school purposes:		
Plans and Supervision	3,000.00	
Contingencies	7,400.00	10,400.00
TOTAL ESTIMATE		$107,000.00

Resolution Passed the 21st day of April, 1955.

Approved by the Superintendent of Education the 2nd day of May, 1955.

Authorized by the Lieutenant-Governor in Council the 4th day of May, 1955.

E. E. MARSHALL, Chairman of the Board.
PAUL A. BARBER, Secretary-Treasurer.

NOTICE

Dental Services Said Better in B. C. Than in Other Provinces

VANCOUVER (CP) — Between 85 and 95 per cent of children in British Columbia have bad teeth, Dr. G. F. Amyot, deputy minister of health and B. C. Provincial Health Officer, told a dental health conference here Thursday.

Each child, he said, needed five hours of work by a dentist and B. C. has a shortage of 6,000 dentists.

"Although we cannot help but realize what an extensive problem we have in children's dentistry in B. C.," he said, "we are better off than other provinces.

"Here in B. C. we have 390 dentists among a quarter of a million people, or one dentist for 2,100 people. In Canada as a whole the figure is one in 2,800. Saskatchewan has one in 3,900, New Brunswick one in 4,600 and Newfoundland one in 12,000.

"In our present day and age with all our knowledge and facilities it is astounding that this condition exists. It is one of our big and unmet problems," Dr. Amyot said.

Welfare Council Elects Officers

WINDSOR, Ont. (CP) — W. M. McCutcheon, prominent Toronto businessman, Friday was elected president of the Canadian Welfare Council for 1955-56.

Mr. McCutcheon, vice-president and managing director of Argus Corporations Ltd., succeeds Lawrence Freiman of Ottawa.

First vice-presidents were elected including S. C. Cook, Winnipeg and Mrs. Gordon Selman, Vancouver.

A. E. Grauer, Vancouver and H. R. Milner, Edmonton, were among four persons named honorary vice-presidents.

Strikes Paralyze U.K. Coal Mines

LONDON (Reuters) — Two wildcat strikes in northern England paralyzed coal mines Friday for the 14th day and kept two passenger liners from sailing for North America.

More sympathy strikers laid down their tools in Yorkshire and Nottinghamshire mines, bringing to nearly 90,000 the total number of workers idle. The miners walked out to back wage claims of 8,300 coal loaders who went on strike two weeks ago.

Calgary Livestock

CALGARY (CP) — Bulk of the 866 cattle and 11 calves on offer at the livestock yards Friday were butcher steers and heifers of medium quality or lower. Prices were mainly steady, some firmer.

Choice butcher steers were fully stead, $18.50 to $19; good $17.75 to $18.25; medium $16.50 to $17.50; common $13.50 to $16.

Choice butcher heifers $17.75 to $18.25; good $16.50 to $17.50; medium $14.50 to $15.50; common $12.75 to $14.75.

Good fed calves $17.50 to $18; medium $16 to $17; good cows $13.50 to $14.75; medium $12.25 to $13.25; common $11 to $12; canners and cutters $7 to $10.50.

Good bulls $13 to $13.50; common to medium $10 to $12.50.

Good feeder steers $17 to $18; good stock steers $16.50 to $17.50; common to medium $13.50 to $16.

Good to choice veal calves $23 to $26; common to medium $12 to $20.

Hogs closed 25 cents lower Thursday at $21.75, but sows were firm at $13.50 to $13.75.

Good lambs steady to 25 cents higher at $17.75 to $18.75.

The Highways

Snoqualmie Pass: Clear, road bare and dry.

Stevens Pass: Clear, road bare and dry.

To Penalize All Late Arrivals In Post Offices

OTTAWA (CP)—All civil servants employed by the post office department will be penalized for lateness by deductions from annual vacations.

The ruling, which came into effect April 1, provides for deduction of one day for total lateness of three to five hours during the year, a day-and-a-half for five to seven hours and another half-day for each additional two hours.

Previously local postmasters dealt with latecomers more or less at their own discretion, a post office official said, although penalties usually took the form of deductions from leave.

"Some postmasters were more lenient than others," the official said. "The new system will ensure uniformity and prevent discrimination."

Duke of Windsor in Near Plane Accident

PARIS (CP) — The Duke of Windsor got a shaking up here Friday when a plane carrying him and other passengers from London had a tire blowout just after landing.

The British European Airways craft was taxiing down a runway when the blowout happened. The plane leaned over until one wing touched the ground. The passengers were removed without difficulty.

The duke was returning from a five-day private visit to Britain during which the duchess remained in France.

Housekeeper Identifies Dyck as Tudor's Killer at Drinking Party

REGINA (CP)—In one of Canada's most bizarre murder cases, a pudgy housekeeper pointed to the man she had been living with as the slayer of 74-year-old Mike Tudor.

Elizabeth (Tootsie) La Fleche testified that during a New Year's Day, 1954, drinking party, she heard Tudor shout, "Why?" three times after he was followed into his bedroom by 45-year-old Jacob Dyck.

She went into the room, she continued, found Dyck standing over Tudor's hammered body, then divided with Dyck the $2460 they found in the man's money belt.

CONFLICTING EVIDENCE

Mrs. La Fleche was a crown witness at Dyck's preliminary hearing on a charge of murder. She, too, is charged with Tudor's slaying, and her preliminary hearing will follow immediately.

Mrs. La Fleche's testimony conflicted with a statement given police by Dyck. Dyck's statements, read to the court—he did not testify—related several places he had been about the time Tudor was slain, but the illiterate laborer's three-room house was not one of them.

Dyck said he once inquired about Tudor and the housekeeper told him Tudor had left the house with another man and she was forwarding his pension cheques to Toronto.

TO STOP DRAFT

Mrs. La Fleche told him the bedroom had been sealed off to prevent a draft, his statement contended.

Police describe the murder, the first in Regina in 20 years, as one of the most gory in Canadian history.

Included in the 30 exhibits entered as evidence were tufts of hair taken from Tudor's clenched fist.

An expert from the RCMP crime detection laboratory here said he tested the hair against samples taken from six persons who were frequent visitors to Tudor's home. All but a sample from Dyck's head had dissimilar qualities.

Juveniles Help to Extinguish Fires

NEW WESTMINSTER (CP) — Jim Fife, son of George A. Fife, assistant chief of the Essondale fire department, always wanted to be a fireman. The 16-year-old boy's ambition was realized Thursday night. He and his friend, Ron Talbot, 17, pitched in and helped save adjacent buildings from flames when fire destroyed a building at the mental hospital. The boys put out about 12 spot fires started by flying sparks.

Saucers Said Bunk

TORONTO (CP) — Sir Harold Spencer-Jones, England's astronomer royal and "timekeeper of the world" as chief of Greenwich observatory, described the suggestion flying saucers come from other planets as "bunk." Sir Harold said in an interview he is certain no life exists in the solar system except on Earth and Mars. On Mars only primitive vegetation exists, he said.

Washington Halts Salk Release

WASHINGTON (AP) — Surgeon-General Leonard Scheele said Friday federal release of any additional Salk polio vaccine has been halted pending a complete study of the situation by top medical scientists.

Scheele told the House of Representatives banking commitee that that production of the vaccine is continuing but federal review and approval of adidtional supplies has been held off now "for several days."

Scheele, head of the U. S. public health service, said the program of releasing vaccine thus has been "brought to a standstill" for the time being.

Earlier, he said he felt confident that a conference of scientists now under way here will conclude that the vaccine is excellent and that country-wide inoculations should be continued.

Manufacturers send the government a sample from each batch of vaccine they prepare. The batch is not released until the government gives approval.
