$95,000 Apartment Block Planned Here

Excavation Starts Today; 16-Suite Building To Be Completed by March

A 16-suite apartment building which will cost between $95,000 and $100,000 will be built on the site of the old Club Hotel at the corner of Stanley and Silica Streets.

Roy A. Matheson, native Nelson resident who formerly owned tourist cabins at Balfour for six years and now has four apartments on Hall Mines Road, will construct the building.

Excavation of the site begins today.

Mr. Matheson expects to complete the building by March 1, 1956.

It will be two-storey, frame construction, with fireproofing between the suites, Mr. Matheson said. It will be finished with metal window frames, cedar siding and fir plywood. The front entrance will be textured brick and textured wood.

Of the 16 suites, 12 will be one-bedroom and four two-bedroom suites. All will have a kitchen-living room, bath and entrance hall. There will be storage space in a full size basement for each suite.

Architect is A. C. Morton of the firm of Williams and Fairbank. Mr. Matheson is doing his own construction work.

There will be off-street parking for the apartment block.

Mr. Matheson is awaiting final approval of his plans from Central Mortgage and Housing Corporation.

Adenauer To Accept Invitation to Moscow

By IAN FRASER

BONN (Reuters)—West German Chancellor Konrad Adenauer Wednesday decided to accept a Russian invitation to talks in Moscow provided the Western powers agree.

Adenauer and his cabinet made this decision in the face of overwhelming popular support for the proposed visit to Moscow, where Russia is expected to dangle the bait of a unified Germany in return for German neutrality between East and West.

The West German government's attitude was indicated in an official announcement after a three-hour cabinet meeting Wednesday had discussed Russia's bombshell offer of Tuesday.

The announcement said that West Germany "welcomed" the invitation and would have to study further "different questions which require examination." It expressed the hope this study would lead to a meeting between Adenauer and the Russian leaders.

TO CONSULT WEST

But Adenauer's spokesman told reporters the "questions" to be examined were the attitudes of the United States, British and French governments to the proposed Moscow visit.

An authoritative source said U.S. State Secretary Dulles already has agreed that the invitation should be accepted in due course. The source said Dulles was sounded on the matter by Heinz Krekeler, West German Ambassador to Washington.

Adenauer is due to meet Dulles and President Eisenhower in Washington next week. He leaves Saturday for the United States and will confer with Dulles and the British and French foreign ministers in New York. He also will see British Prime Minister Eden June 19 on his way home.

A reply to the Russian note may be postponed until the chancellor returns to Bonn from the U.S. visit.

Still up in the air was the question of when the Soviet visit might take place—whether it should be before or after the proposed July 18 date of forthcoming Big Four heads-of-government talks. Some influential Adenauer supporters suggested a meeting before the four-power conference.

Overwhelming sentiment in favor of accepting the Russian offer was reflected in statements by West German political leaders.

The Russian note, handed over in Paris Tuesday, called for establishment of diplomatic, trade and cultural relations between West Germany and Russia. It warned that West Germany's present course of rearmament inside the Western alliance was leading to war and urged "normalization" of the country's relations with the Soviet Union.

CHANCELLOR ADENAUER

The note hinted that the proposed talks would help pave the way for unification of West Germany and Communist East Germany — the overriding concern of West German leaders and their people.

The small Refugee party and the Free Democratic party, second largest in the coalition, both declared themselves in favor of acceptance. But the Free Democrats said there should be no undue haste about setting a date for the trip.

A statement by Adenauer's own Christian Democrat party held up the note as a vindication of Adenauer's previous policy and said no chance should be missed that offered opportunity to reduce international tension.

Postmaster General Returns To Commons

OTTAWA (CP) — Postmaster-General Cote, absent more than four months through illness, Wednesday was welcomed back to the Commons.

Commoners thumped their desks as the 52-year-old minister entered the House and waved to members. Mr. Cote suffered a heart attack Feb. 1.

Queen to Honor 2000 Subjects

LONDON (Ruters) — The Queen in her birthday honors list today gave decorations to about 2000 of her subjects, ranging from a famous athlete to a man who spends his life working in London's sewers.

In the seventh honors list of her reign, she created four barons, four baronets and 59 knights.

Athlete Dr. Roger Bannister, the first man to run a mile in under four minutes, is made a Commander of the Order of the British Empire (CBE), a royal wedding present on the eve of his marriage Saturday.

Sewer expert Alfred Chalk, inspector of flushing for London's local government body, gets the British Empire Medal.

Henry Moore, 56, controversial modern sculptor, is elected to the select band of Companions of Honor, an award which carries no title but is one of the most distinguished the sovereign can bestow.

Stage and screen actor Alec Guinness, 41, is made a Commander of the Order of the British Empire.

Among the new knights is William Bustamente, who was chief minister of Jamaica and Labor party leader until his party was defeated at the polls this year.

Through the list, the Queen allowed Sir Winston Churchill to say "thank you" to the people who served him closely when he was prime minister. His son-in-law and parliamentary private secretary, Capt. Christopher Soames, received a CBE and several members of the former prime minister's personal staff were given other awards.

(See also story on page 8.)

COLLIER SUNK

LONDON (AP) — The 1317-ton British collier Ferranti sank in the Thames estuary after a collision with the United States Lines freighter American Jurist. There were no casualties in either ship. The American Jurist, 7602 tons, docked for inspection but sailed later for New York. Damage was not serious.

NEW YORK (CP) — The Canadian dollar was 1/16 lower at a premium of 1 9/16 per cent in terms of U.S. funds Wednesday.

...ect Details

VICTORIA (CP) — British Columbia power commission has added details to Premier Bennett's announcement last week that the Whatshan power project in the interior will be expanded.

Work will start this summer on the $3,000,000 expansion plan, which will add a third 16,500 horsepower generating unit to increase the capacity of the plant to 49,500 horsepower.

The expansion will meet the increasing power needs of the Kamloops and North Okanagan districts.

The actual plant expansion will cost $1,400,000 and another $1,600,000 will be needed to construct a second 69-mile 132,000-volt transmission line from there over the Monashee pass to Vernon.

The commission also announced it has been authorized by the government to take over the privately-owned diesel plant and distribution system at 100-Mile House on the Cariboo highway.

BUSY TIMES are ahead for Toronto's Marilyn Bell, left, of swimming fame and, Sarah Wright, right, of Ottawa, as they prepare for their presentation to Queen Elizabeth and the Duke of Edinburgh next month. Some 64 Canadian debutantes along with others from commonwealth nations will ride to gilded gates of Buckingham Palace for presentation. An hour after they make their bow to society, they will join in another event that will be remembered for a lifetime—a garden party on the palace grounds. It will be attended by about 6,000.—Central Press Canadian.

Robbers Fire on Cops; One of Three Captured

ST. MARC, Que. (CP) — Three desperate bank robbers opened fire on a police posse late Wednesday, felling one constable with a single burst from an automatic weapon.

One of the gunmen—on the run since Tuesday—was captured in the brief stand in a heavily wooded district. The other two resumed their flight through matted evergreen forests, pursued by Quebec provincial police wearing bullet-proof vests.

The posse has been on the trail over rough, hilly terrain in this woodland district 45 miles from Quebec since Tuesday, when the Banque Canadienne Nationale was robbed of $3,000.

The armed fugitives fled by boat across a stream and then on foot after abandoning a stolen car.

"They're bad eggs, all of them," said Lt.-Col. Leon Lambert, chief of the provincial police.

REINFORCE POLICE

A force of 16 officers, carrying supplies of steel vests and tear gas guns, was sent to St. Raymond de Portneuf to reinforce the 30-man patrol already there, he said.

The wounded policeman was Constable Tony Lepine, 20, of the Quebec provincial police. Brother officers said the wound in the right arm was superficial.

Col. Lambert said the arrested man was surly and unwilling to talk. He was taken to Quebec for questioning while the search went on for his two companions.

There was no gunplay in the actual robbery Tuesday, although the three men — one masked — warned the single employee of the bank present with a revolver.

Parliament Wednesday

By THE CANADIAN PRESS

Trade Minister Howe announced the Canadian International Trade Fair will be discontinued by the government.

Hon. Earle Rowe (PC-Dufferin-Simcoe) hinted there is cabinet opposition to indefinite extension of defence production powers.

Defence Production Minister Howe said he'll cancel his statutory powers to procure defence supplies when the present emergency ends.

Stanley Knowles (CCF-Winnipeg North Centre) said there is need for continuing defence production legislation.

Social Credit Leader Low said the defence production department should be permanent but its powers should have expiry date.

The Senate gave final approval to a 10-year Canada-U. S. convention designed to stamp out sea lamprey in the Great Lakes.

CRASH DEATH TOLL IS SIX

EDMONTON (CP)—The charred body of a young mechanic was found Wednesday in the wreckage of an Associated Airways Ltd. Lockheed 14, raising the death toll in the test-flight crash to six.

The body of Eldon Johnston, 28, of Edmonton, was discovered by RCMP searchers. He was not reported missing Tuesday when the twin-engine aircraft crashed and burned in a small clearing on the Winterburn Indian reserve, 10 miles west of here.

Associated officials said Johnston, two other mechanics, and a third pilot "went along for the ride" when the plane was taken on the plane's 200-hour check.

The pilot was Philip Shallo, 33, of San Mateo, Calif., and the co-pilot was Elgin Barron, 29, of Edmonton.

The other men were Reagh Horne, 23, of Charlottetown, a pilot; John Paul de Long, 30, of Edmonton, an aircraft engineer; and R. W. Schneider, 24, of Edmonton, a mechanic's helper.

CAUSE UNKNOWN

Associated officials could give no reason for the crash. The plane had been used to carry passengers in connection with the DEW (Distant Early Warning) Line, they said.

Joe Rubenick, a Winterburn garageman, said the aircraft was in trouble before it crashed.

Prospects for Strike Settlement Improve

Union, Rail Leaders Resume Talks; End To 17-Day Dock Strike Also Seen

By ADRIAN BALL

LONDON (Reuters) — Prospects for an early end to Britain's paralyzing rail strike improved Wednesday as the boss of the government-run rail lines conferred with the leader of the strikers for the first time since the stoppage began 11 days ago.

The talks between Sir Brian Robertson, chairman of the British transport commission, and Jim Baty, secretary of the striking Railroad Engineers and Firemen's Union, were expected to smooth the way for full-scale discussions on a new railroad wage structure.

The two men met for five hours, and afterwards Baty told reporters: "We shall be back again tomorrow (Thursday)."

Although the initial talks did not touch on the basic issues of the dispute, a statement said "both sides are agreed that there is nothing which prevents them from dealing with each other in a spirit of mutual confidence."

The outlook for an early settlement of the 17-day dock strike, in which the small Stevedores Union seeks equal negotiation rights in ports outside London with the big Transport Workers Union, also appeared better.

CEASE POACHING

The stevedores agreed to stop "poaching" Transport Union members and accept arbitration of the dispute, which had 164 ships in six ports idle Wednesday.

The moves to end both the rail and dock strikes were the results of efforts made by the Trades Union Congress, which fears widespread unemployment if the strike continues.

The transport commission and the government also made concessions before Wednesday's talks between Robertson and Baty began.

The biggest one was the willingness of Robertson and government representatives to begin discussions before the strike ended. Hitherto they had said that there would be no negotiations until the strikers returned to work.

The 70,000 striking engineers and firemen on their part were determined not to go back until negotiations started.

The TUC put forth a settlement plan two days ago under which the strikers would go back after reaching agreement on minimum pay demands and continue working while broader negotiations were pursued.

2 NORTH SEA SHIPS ON FIRE

Freighter Fire Controlled; Tanker Still Abandoned

THE HAGUE (Reuters) — Two ships were reported on fire early today after a collision in the North Sea, 40 miles west of the Scheldt river estuary.

The Netherlands news agency said radio messages named one of the ships as the 7256-ton Panamanian freighter Buccaneer.

The second vessel was later named in radio reports as the Johannishus, a 10,788-ton Swedish tanker from Mamlmoe.

Ships in the area reported by radio they were picking up survivords from the sea.

Later reports said the crew of the Canadian-built Buccaneer appeared to have control of the fire aboard, while the tanker was still being abandoned.

Manitoba Flood Battle Eases

WINNIPEG (CP) — The month-long battle with floodwaters along the Assiniboine river east of Portage la Prairie eased Wednesday as farmers successfully refilled a gaping 1,500-foot hole that had been punched in the south bank of the river.

About 200 flood fighters stood by to reinforce the patched dike and J. A. Griffiths, chairman of the Manitoba drainage board, said the picture "is beginning to look much brighter."

The break in the dike formed a lake 30 miles long and six miles wide over the area, but officials expected it to be drained off "by the end of June" back into the Assiniboine through ditches and into the headwaters of the La Salle river and Mill creek.

Farmers and volunteers have been able to build up the natural barrier of the trans-Canada highway to hold back the lake from washing southward over another 200 acres of farmland.

A strip of floodwater isolating five Hutterite colonies was receding Wednesday night and a public works branch official went into the area to determine how quickly bridges can be thrown up to move supplies to the 500 marooned persons.

Less Vancouver Polio

VANCOUVER (CP)—City health authorities said Wednesday eight polio cases had been reported from the Greater Vancouver area during the year; four less than at the same time last year.

They said the number "is encouraging," but actually was "very little indication" of how the year may end.

"In 1952 we only had five on record at this time and finished with 169 polio victims," they said.

Of the eight polio cases, five are from the city. A total of 30 have been reported from throughout the province.

Gen. Graham to Replace Gen. Simonds as Chief of Staff

By DAVE McINTOSH
Canadian Press Staff Writer

OTTAWA (CP)—Tough, brilliant Lt.-Gen. Guy Simonds, 52, Canada's ablest field commander of the Second World War, will step out of his post as chief of the general staff Aug. 31 to be succeeded by a man four years his senior.

The army's new commander will be Maj.-Gen. Howard D. Graham, 56, head of central command since 1951. Gen. Simonds was born in England, Gen. Graham in the United States.

Also announced Wednesday was appointment of Air Vice-Marshal Frank R. Miller, 47, as deputy defence minister, succeeding Brig. C. M. (Bud) Drury, 43, who is going into private business. Air Vice-Marshal Miller will resign his RCAF commission and serve as a civilian. His appointment becomes effective Aug. 5.

TERM COMPLETED

Only reason given for Gen. Simonds' retirement is a 138-word press statement by Defence Minister Campney was that the army chief has "completed the normal four-year term."

Actually, there is no definite length of time for chief-of-staff appointments.

Gen. Simonds' predecessor, Gen. Charles Foulkes, now chairman of the chiefs of staff, held the post five years and seven months. Between 1935 and 1945, there were five army chiefs.

There were only three chiefs of naval staff between 1910 and 1944. There were three between 1944 and 1951. Air Marshal W. A. Curtis, predecessor of Air Marshal Roy Slemon, present chief of air staff, served in the post five years and five months.

Of the last 19 armed forces chiefs, only three, including Gen. Simonds, have served roughly four years.

Gen. Simonds, spare and erect, is believed to have wanted to retain his job. However, it was understood the cabinet wanted a new man.

Asked by a reporter about his future plans, Simonds said crisply: "I'm not commenting on that now, thanks."

He will draw a pension of about $10,000 a year. He will join in retirement here Gen. H. D. G. Crerar, wartime commander of the 1st Canadian Army and chief of the general staff from July, 1940, to December, 1941.

Bodies Recovered

HOPE (CP)—The bodies of two men were being slid down the side of a towering mountain near here late Wednesday after a 600-foot cliff defeated a borrowed helicopter.

Discovery of the bodies ended faint hope that Peter J. Fuhrmann, 26, of Weyburn and Estevan, Sask., and Jack Marshall, 25, of Kelowna, B.C., might be found alive.

Six RCAF men and an RCMP officers were dropped as close to the crash scene 15 miles east of here as possible by a United States coast guard helicopter from Port Angeles, Wash. The machine was borrowed to work at altitudes above the 6,000-foot level on Mount Outram where the plane piled in last Friday on a flight from Princeton to Vancouver.

The ground party roped their way down a 600-foot, overhanging cliff, then reported by radio that they would have to slide the bodies 1,000 feet to the 5,000-foot level where the helicopter can pick them up.

Arrest 74th Priest

BUENOS AIRES (AP)—The 74th Roman Catholic priest arrested in the quarrel between the church and the Argentine government was taken into custody Tuesday at Rosario. Police said Rev. Jose Cecilio Villaurreta and two other persons were distributing pamphlets containing "injurious expressions" against government authorities. All three were arrested.

John S. Bugas, left, vice-president for industrial relations, Ford Motor Company and Walter Reuther, president of the CIO auto union, are pictured in Detroit as they jointly answered questions on the new contract agreement. Reuther says Ford agreement is the biggest economic package ever negotiated by the CIO auto workers union. Bugas says Ford agreed to go along with the guaranteed wage plans after considerable debate among company officials.—(AP Wirephoto).

COMMONS TOLD . . .

Howe Will Cancel His Powers When Present Emergency Ends

OTTAWA (CP) — Defence Production Minister Howe said Wednesday he'll cancel his statutory powers to procure defence supplies as soon as the present emergency ends — not whenever a member of Parliament tells him to.

That was his reply to renewed opposition demands in the Commons that some limit be placed on powers under the Defence Production Act.

Mr. Howe spoke up during a speech by Hon. Earl Rowe (PC — Dufferin-Simcoe) continuing the official opposition's attack on a bill which would remove the expiry date of July 31, 1956, on the act under which the minister's department operates.

Mr. Howe hinted there is cabinet opposition to an indifenite extension of the powers.

"I cannot help but think there are rumblings in the mulberry bushes in the cabinet over this issue," Mr. Rowe said, noting that only two other cabinet ministers, External Affairs Minister Pearson and Fisheries Minister Sinclair, were in the chamber with Mr. Howe.

Stanley Knowles (CCF — Winnipeg North Centre) said the CCF will support the measure as a necessary one to meet present conditions.

BACKS CONSERVATIVES

Social Credit Leader Low said his party's stand is similar to that of the Conservatives: That the defence production department itself should be placed on a permanent basis but that a new expiry date should be set on the powers under the act.

Mr. Rowe said that Mr. Howe himself in 1951 had said some of the act's powers were special powers and should not be of a continuing nature.

Mr. Howe interrupted: "I believed that it should be continued as long as the emergency continued."

He said that in 1947 he "liquidated" an act with similar powers because he did not think they were necessary.

WON'T BE ORDERED

"When the emergency is through we will liquidate this," Mr. Howe said. "I do not propose to be told by any honorable member just when I will liquidate it."

Mr. Rowe said the issue is on parliamentary supremacy.

No emergency needed a permanent act. The bill was "a blueprint and a perfect pattern for a socialist regime."

Mr. Knowles said there is a need "in the national interest" for continuing defence production legislation.

And In This Corner . . .

EDMONTON (CP)—Scene in a busy Edmonton hospital Wednesday:

A credit manager (A) spoke only English, the outgoing patient (B) only Italian.

A painter (C) working nearby, spoke Italian and French, but no English.

The cashier (D) spoke English and French, but no Italian.

B told C who told D who told A, who got the information he wanted: How much to be paid on the bill.

VANCOUVER (CP)—Delegates to the Senior Citizens' Association annual convention here Tuesday night voted to ask the provincial government to allow pensioners to fish without a licence.

The resolution was drawn after a 70-year-old delegate said he had given up his hobby for 46 years because he couldn't afford the $2 licence fee.

TORONTO (CP)—A United Church woman minister chuckled Wednesday when she heard the suggestion that women might be allowed into the Presbyterian ministry on a vow of celibacy.

"Perhaps it would be a good idea if Presbyterians asked men not to marry too," Rev. Miriam Collins, assistant at Danfort United church, said.

Miss Collins was commenting on a statement made earlier by Prof. D. W. Hay of Knox Theological College to the 81st general assembly of the Presbyterian Church in Canada.

Dorothy Foster, Barbara Williams Win High School Major Awards

Top awards of the Nelson High School were presented to Barbara Williams and Dorothy Foster at the school awards day program Wednesday afternoon in the Capitol Theatre.

In presenting the school major awards to the girls, Inspector J. J. McKenzie outlined the qualifications considered in making the award: sportsmanship, social ability, scholastics, character and leadership.

NO. 1 CITIZEN

School prime minister, member of Bomberettes, twice cabinet member and member of school choir, Dorothy Foster also received a second-year athletic award, second-year social award and second-year scholastic award. "You can consider yourself the number one citizen of Nelson High School for 1954," Mr. McKenzie said as he handed Miss Foster her major award, a small shield.

"Congratulations for a job well done," Inspector McKenzie remarked as he presented Barbara Williams with her major award shield. Miss Williams was minister of social affairs on the school cabinet, has been a member of the cabinet for two years and parliament for three; member of Bomberettes basketball team and school choir. She was also winner of the Mr. Justice W. A. MacDonald scholarship upon graduation from Nelson Junior High School. Barbara was presented with a second-year social, athletic and scholastic award as well as the Lions Club award for the highest general course average in grade 12.

A total of 57 students received awards at the ceremonies.

Special athletic award crests were presented to Garth Strong, Settimo Zanon and Marjorie Elsener for outstanding athletic achievement, while Gerry Morch, Lorne Loomer and Shawn Harold received special social award crests for social participation and leadership.

The annual IODE history award, a book, was made by Mrs. A. Dalgas to Shawn Harold. W. S. Ramsay presented the Rotary Club Canadian History award to Myrna Skapple. The music award by the Nelson Music Festival Association for the student who contributed most to music in the school throughout the year was presented to Gerry Borch by F. W. M. Drew.

RECEIVE BURSARIES

Prime Minister Dorothy Foster presented the school bursary of $60 to Ron Garner while the PTA bursary, presented by Mrs. H. E. Doelle, went to Barbara Gates and Murray Armstrong. The $60 school board scholarship was awarded by Mrs. G. V. Fredriksen to Arlene Duxbury and Maurice Corbett.

The James Allen Scholarship, awarded for the first time last year was presented by Rev. Allan Dixon to two boys intending to enter the United Church ministry. Leonard Lythgoe received $337 and Gerry Borch, $678.

Award for the highest year's average in the grade 10 general course was made to Beverley Cote, with a 77.3 per cent average, by Miss D. Norfield on behalf of the Nelson Soroptimist Club; grade 10 university program, to Ruth Bambrick with a 85.4 per cent average, by H. H. Herbison of the school teaching staff; grade 11, general program, to Olga Stoochnoff with an 80.4 per cent average, by Nelson Kiwanis Club president Norman Buckley; grade 11 university program, to Myrna Skapple with a 94.8 per cent average, by Mrs. Young of the Beta Sigma Phi Sorority; grade 12 general program, to Barbara Williams with a 77.2 per cent average, by R. A. Phillips of the Nelson Lions' Club; grade 12 university program, Shawn Harold with 89.3 per cent average, by P. H. Hoskins of the Nelson Gyro club. Each winner received book awards.

Red Cross award crests presented by Miss Kennough, went to Margaret McLean, Frances McGregor, Ruth Husum, Charlotte Birch and Jane Bennett.

The house shield was presented to the president of House C, Bill Phillips, by J. Norris.

ATHLETIC AWARDS

Winners of the girls' minor athletic awards, crests, presented by Miss Tait, were: first awards—Marjorie Elsener, Mary Phillifent; second awards—Doreen Evans, Lorna Farenholtz, Dorothy Foster, Verna Strong, Barbara Williams; third awards — Margaret Farenholtz. T. Naka presented the boys' minor athletic awards to: first awards—Gary Beaton, Gerry Borch, Keath Harmsten, Ernie Mason, Arnold Sherwood; second awards — Terry Elmes, Jim Elsener, Bill Pearson, Garth Strong, Gordon Towhey; third awards—Settimo Zanon, Alfred Farenholtz, Bill Phillips; fourth awards—Lorne Loomer.

Social award, crests, presented by Miss Maguet, went to: first awards —Dinham Drew, Doreen Evans, Shawn Harold, Mitzi Hufty, Mary McRae, Bill Phillips, Philip Spencer, Mary Ann Swanson, Gordon Towhey; second awards — Gerry Borch, Dorothy Foster, Barbara Williams; fourth award — Lorne Loomer.

Winners of the scholastic award, crests, requiring that the student have a B average or better in all subjects, received their awards from W. H. Elmes. They were: first awards — Ruth Bambrick, Donna Barnes, Pauline Butling, Patrick Clark, Beverley Cote, Eleanor Crowe, Dinham Drew, Barbara Forse, Margaret Hawes, Harry Hufty, Garry Richardson; second awards—Arlene Duxbury, Doreen Evans, Dorothy Foster, Gwynn Hogg, Arthur Joyce, Zoe LeRoy, Barbara Leslie, Jill McDonald, Elaine Ogden, Myrna Skapple, Maurice VanSacker; third awards—Shawn Harold, Mary McRae.

Lorne Loomer is the only student in the history of the school to win two minor awards four times. Lorne is the holder of four minor athletic awards and four minor social awards.

In her last official duty as prime minister, Dorothy Foster introduced the incoming prime minister, Maurice Corbett who in turn introduced his cabinet for the 1955-56 term: minister of finance, Maurice VanSacker; minister of social affairs, Ruth Bambrick; minister of internal affairs, Doreen Evans; minister of records, Joan McRory; minister of citizenship, Bill Gibbon; minister of athletics, Dinham Drew; minister without portfolio, Muriel Louise Elmes.

$7000 in Fire Relief Fund

Approximately $7000 has been donated to the Strathcona Fire Relief Fund, finance committee chairman A. K. McAdams reported at a meeting of the relief committee in Trinity United Church hall Wednesday night. To date there has been about $2200 in expenditures with more bills to be received.

Five boxes of clothing and personal effects have been received from Fernie, Trail, Edgewood, Slocan City and Ymir.

The committee acknowledged a cash donation from the Shinmoto family of Kaslo who were bereaved in the fire.

Housing for all fire victims left homeless has been taken care of, it was reported.

NO INTEREST IN DRILL

MILWAUKEE (AP) — A scheduled civil defence evacuation drill in which eight northern suburbs of Milwaukee were to take part has been called off for lack of interest. Officials said Wednesday only 48 motorists volunteered to join in the drill. Plans had called for 1000 cars to flee in an evacuation test in connection with a national civil defence exercise June 15.

Coady Quashes Bootlegging Conviction

Mr. Justice James L. Coady has allowed the appeals of Mr. and Mrs. Peter Sofonoff and quashed their convictions of illegal sale of liquor The couple were sentenced to six months in jail by Magistrate William Evans in provincial court here in May. Six month sentence was because it was believed their second offence. A warrant of conviction for the first offence with the same names was produced as evidence at the trial.

Cases were appealed by way of stated case at the Spring assize here on a contention there was lack of evidence entered that the accused had been previously convicted of the same offence and that the bottles the couple sold contained intoxicating liquor.

Defence counsel G. B. Arnesen argued that similarity of names on the warrant of conviction was not sufficient proof of identity.

Reasons for judgment by His Lordship were:

"Several grounds of appeal are set out in the stated case herein. I shall deal with only one. In my view there was no evidence before the learned Magistrate from which he could conclude that the accused in the proceeding before him was the person referred to in the prior conviction, placed in evidence by the prosecution. This is fatal to the conviction herein, it seems to me. I adhere to the view expressed by me in the case of In re Won Sam, 1948 1 WWR 11-13.

The appeal will be allowed and the conviction quashed. There will be no costs.

Mr. Justice Coady held the same reasons for judgment in Mrs. Mary Sofonoff's case and quashed the conviction.

R. B. Allan was crown counsel.

Canada's two cruisers, the Ontario and Quebec, carry nine 6-inch guns plus smaller armament.

Eight Receive Citizenship

Eight new Canadians received their citizenship certificates during ceremonies at county court in the provincial court house here Wednesday. They took their oaths of allegiance and renounced their foreign nationalities before His Honor Judge E. P. Dawson.

At the same court sitting 12 petitions for citizenship were heard.

Those receiving their certificates of Canadian citizenship were:

Peter Abrossimoff, Thrums; Mrs. Irene Abrossimoff, Thrums; Mrs. Hilja Dorthea Auno, 57 View Street, Nelson; Johannes Ferdinand Fenger, RR No. 1, Nelson; Mrs. Joan Florence Fenger, R.R. No. 1, Nelson; Tsunejiro Ida, New Denver; Joseph Edmund Ostlund, Kinnaird, and Mrs. Karolina Zeleznik, Brouse.

"Fair Parking Conditions Only" Asked on Vernon

Complete recognition that the aspect of Vernon Street was changing and traffic, parking, loading zone and pedestrian safety measures must be revised "is all that is being asked" of City Council, a Nelson business man said Wednesday.

He was commenting on City Council reaction to a petition from eight Vernon Street businesses asking time limits on parking and metres on the busiest blocks. Safety zones for pedestrians at the Hall Street and theatre crossing were also suggestions. Marked crosswalks would be adequate, it was believed.

Fair parking conditions are all that is requested, George Kaiway said. Baker Street workers leave their cars all day on Vernon street and so handicap shoppers and drivers in that area.

There are frequent traffic tickets for double parking, but this condition was forced on motorists because of the lack of parking control, he contended.

Answering a remark by an alderman that customer parking should be provided by his business, Liberty Food Centre, Mr. Kaiway said this was in the plans for the future when city expansion and planning was known. Loading facilities had been made by installation of a conveyor and loading ramps at the rear of the supermarket, he said, but loose bakery products and heavy meat cuts had to be brought in from the front because of the 34-foot rise. A double loading zone at the front until 11 a.m. daily would be adequate to overcome this problem. "It was not a case of asking council to 'pull chestnuts out of the fire,' but to provide a solution for a situation that had developed along the three or four block area in which there was increased business and shopping traffic. He invited aldermen to visit the businesses first hand to be fully acquainted with the matter.

100 Beds Complete, 20 Incomplete Approved for New Hospital Here

A meeting "in the spirit of real co-operation" at Victoria has resulted in an agreement from the Department of Health and Welfare to approve planning of a 120-bed hospital for Nelson and the Kootenay Valley Hospital Improvement District. However, the new construction can be completed in detail only to a capacity of 100 beds, the space for an additional 20 being held for opening when need can be proven.

Approval of 120-bed planning was given by Hon. Eric Martin when interviewed at the capital by J. W. Graham, chairman of Kootenay Lake General Hospital Board. Written confirmation of the arrangement was received in a letter read Wednesday afternoon to the new hospital planning committee.

With members of the Hospital Insurance Service, the Health Minister and Hon. Wesley Black, member for Nelson-Creston, Mr. Graham reviewed statistics on hospital use here over several years. Hospital Insurance Service had recently contended, on the basis of figures up to 1954, that a 97-bed hospital would serve the city-district community.

Mr. Graham in Nelson Wednesday afternoon said he was impressed with the Service and Department attitude in the discussions and had "received real co-operation."

The minister's letter, confirming his decision, stated:

"This will confirm the assurance given to you at our meeting that I am prepared to authorize the planning of a 120-bed hospital at Nelson on the condition that only 100 beds are finished and prepared for the care of patients. The remaining space for 20 beds must not be more than a completely unfinished area or areas. It is understood electrical, plumbing, water and other services will be roughed in, but that no fixtures will be installed.

"It must be further understood that completion of the unfinished area at any future time cannot be undertaken without the specific approval of the Minister of Health and Welfare. I can assure, you, however that when definite need is clearly demonstrated for the use of the additional 20 beds to serve the people of your area, full consideration will be given any submission made by your hospital board.

WILL EXPEDITE

"I might add that I am well aware of the very urgent need for replacement of your present hospital, and the Hospital Insurance Service will do everything possible to expedite completion of your plans and the getting of the project under way. You will understand, of course, that a final commitment as to government funds can be made only when exact costs are known as a result of competitivet enders. I should appreciate indeed having at your convenience an acknowledgement of your understanding.

"Eric Martin,
"Minister of Health and Welfare."

Nelson Singers Leave for Coast On First Leg of European Tour

Nelson students Miss Dorothy Foster and Ronald Fawcett will leave today on a trip with the B.C. Elgar Choir that will take them across Canada, to France, Holland, Germany, Switzerland and the British Isles.

The two will arrive in Vancouver in time to participate in the final rehearsals which will begin Friday They are travelling to the Coast by car with Mr. and Mrs. Munro Spence. The choir will leave Vancouver June 21, bound for Quebec, where they will sail June 29. Stopovers will be made across Canada in Chilliwack June 18, Jasper, Ottawa, Montreal, and possibly Saskatoon.

Docking in La Havre July 7, the choir will sing for Army and Air Force units in France and Germany. The group will arrive in London August 6 in time to appear on the well known television show "In Town Tonight," after which they will be given a week's holiday. They will travel to Wales, Scotland and in their final overseas appearances will be in Northern Ireland and Eire September 1. They set out for Canada on the new Cunard liner "Ivernia" September 7.

Miss Foster is the daughter of Alderman and Mrs. Arthur Foster and Ron is the son of Mr. and Mrs S. N. Fawcett.

Low-Rent Housing Meeting Tonight

Representatives of a number of city organizations will meet in Eagle hall tonight to discuss the proposition of a low-rental apartment building for Nelson.

Idea behind the suggestion is the offering of modern, safe accommodation to persons with low incomes —old age pensioners and others—at cheap rent. An apartment building containing at least 40 suites and bed-sitting room units has been mentioned as a possible goal for a start. It would be financed by public subscription and perhaps by government grants.

W. G. Horvath, a former president of the Eagle aerie here, has contacted several organizations for their attendance at the meeting and will himself represent the Eagles.

Congratulations!

The Teachers of the province say "Good Luck and a Bright Future" to the high school graduates of this district!

★ ★ ★

These youngsters have been equipped with educational "know-how" — whether they stay on the farm or go into business or industry.

B. C. education is a flexible, ever-changing process which has kept pace with the growth and development of Canada and the province.

We are proud of the product leaving our schools. British Columbia's future is in good hands.

Creston Strawberries . . .

Inorease Anticipated In Small Fruit Yield

CRESTON—An increase in small fruit production is indicated for this year in estimates released by the department of agriculture in its latest horticultural news letter.

Creston's strawberry harvest is expected to reach 36,000 crates, compared with 29,867 last year, and raspberries may be up to 11,000 crates from 10,687 last year. Other important gain is forecast in black currants, where 1,000 crates are anticipated compared with 595 last year.

Kootenay and Arrow Lakes strawberry and raspberry yields are expected to stay about the same as last year, and in Grand Forks area, 1000 crates of strawberries are predicted against 500 in 1954.

"Prospects are for a better than average cherry crop, although much depends on the severity of the little cherry disease in most sections," the report says of the Kootenay, Arrow Lakes and Creston.

The peach crop appears good, although Vedettes will be negligible in the few sections of the district where peaches are grown commercially.

Tent caterpillars, which have been troublesome the past three years, are more prevalent than ever this year.

In the Grand Forks area, there appears to be a very heavy set of apricots, pears and cherries wherever these trees exist. A heavy apple crop is expected.

Judgment Pends In Trail Appeal

VANCOUVER (CP) — Judgment has been reserved on the appeal of a five-man Gyro club committee from Trail against a $14,800 award arising from a soap box derby accident four years ago.

The money was awarded to Mr. and Mrs. Peter Chubaty and Mr. and Mrs. Bruce King. The two women suffered permanent disability when struck by a derby racer.

TEETHING TROUBLES

At teething time, baby is often fretful because of irregularity or an upset tummy. Try Baby's Own Tablets. These mild, sweet little tablets are easy to take, taste good, and give prompt relief. Equally effective for constipation, digestive upsets and other minor infant troubles. In use by mothers for over 50 years. No "sleepy" stuff. No dulling effect. Get a package today at your druggist.

BABY'S OWN TABLETS

Two Trail Students Receive Degrees

TRAIL — Two students from Trail were among those receiving 1100 degrees and certificates at the 59th annual commencement at Washington State College recently.

They were George Alexander Merry, son of Mr. and Mrs. D. B Merry, who received his bachelor of arts degree in business administration, and William Ellroy Pattullo, son of Mr. and Mrs. V. Pattullo, who received his bachelor of science degree in metallurgical engineering.

Couple To Live In Royal City

GRAND FORKS—The first of three wedding ceremonies for Vera Swetlishnoff and Mike Chernenkoff was celebrated in Grand Forks at the home of the bride's parents where nearly 200 guests gathered for the occasion. She is the youngest daughter of Mr. and Mrs. Mike C. Swetlishnoff and prior to marriage worked at the Sunshine Valley Co-operative. Mr. Chernenkoff, who is employed in New Westminster, where their future home will be, is a native of Durban, Man., and the son of Mr. and Mrs. Mike Chernenkoff of that town.

The brunette bride was attired in a white Russian style frock of lace over taffeta and wore the traditional shawl. A corsage of red roses and white carnations complemented her outfit.

The couple left the same evening for Durban, the bride travelling in a navy suit with white accessories accented by a corsage. On their arrival there, in accordance with Doukhobor custom, a wedding ceremony will be held at the home of the groom's parents in the presence of relatives. The entourage from Grand Forks includes Mr. and Mrs. Carl Swetlishnoff and Mr. and Mrs. Mike C. Swetlishnoff, grandparents and parents of the bride, and Mr. and Mrs. Mike Bolinoff, relatives of the groom. Mr. and Mrs. Mike Konkin of New Westminster, brother-in-law and sister of the groom, who were in Grand Forks, will also proceed to the Manitoba town for the wedding rites.

The new Mr. and Mrs. Chernenkoff will spend a month's wedding trip on the Prairies and at United States points before going to New Westminster. A third ceremony for the principals will be held on their arrival home, to be attended by many relatives at the Coast.

Postal Business Up at Cranbrook

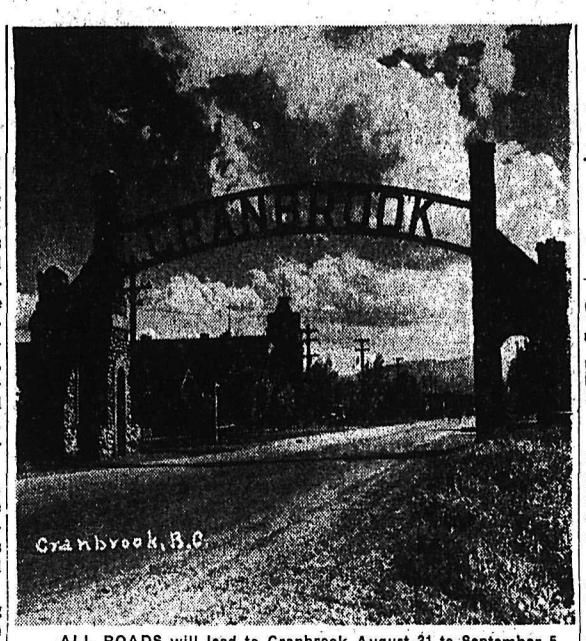
CRANBROOK — Unemployment insurance stamps sales at Cranbrook post office last month totalled $3985.06, nearly one-fourth higher than the $3179.42 total for May of last year. However the total was lowest for this year so far, due to logging camp shutdowns through the district, and delay in construction weather because of the late Spring.

Post Master E. T. Girling reports volume of business at the Cranbrook post office for the month was $52,084.50, up from last May's $50,176.62. Stamps and postage meter revenue was $3907.16 compared with $3843.04 last May, while money orders issued increased to 2809 from 2280, and money orders paid were 818 compared with 697 paid in May of 1954.

Four Men Bid To Head Michel Local

NATAL—Four members of Michel local of district 18, United Mine Workers of America, are seeking election as president, including Samuel English, who now heads the local. Others are Stan Grocutt, Tony Podrasky and Nick Rocchio. Voting will take place at the lamphouse June 14.

Nominated for recording secretary are Jonty Jenkinson and J. K. Mitchell.



ALL ROADS will lead to Cranbrook August 31 to September 5 inclusive when the East Kootenay city celebrates the golden jubilee of its incorporation November 1, 1905. All Cranbrook's former residents are being invited back to join its 4000 people for the week of pageantry and merry-making.

East Kootenay Fair To Have Old-Timers Theme

INVERMERE — The Fall Fair Committee for 1955, determined to make this year's annual East Kootenay Agricultural and Industrial Exhibition a return to the successful enterprises of some years ago, is already sparked with enthusiasm as to the possibilities of the old-timers theme which will highlight this year's event.

A change in program this year will keep Friday's entertainment at the Lake Windermere Memorial Community Centre at Invermere where a flower show and photographic exhibition will be held afternoon and evening. The old-timers' night will be Friday.

The fair grounds will be open Saturday afternoon and early Saturday evening. Judging of all exhibits other than flowers and art will take place Satruday morning.

Judges appointed to date are district agriculturist W. Awmack of Cranbrook for crops, Fred Harbinson of Fernie for poultry, J. E. Swales of Creston for fruits and vegetables and C. Hamilton for potatoes.

Prize lists will be ready for distribution in about two weeks.

Kaslo Discusses Street Paving

KASLO — At this week's meeting of the City Council, reports were heard and discussed.

A permit was granted to G. M. Doan to place a canopy on his drug store on Front Street, and a permit was given to A. J. Jensen to tear down an old building at the rear of his property.

A letter from the Kaslo Recreation Association regarding the employment of a lifeguard at the swimming beach was read. It was decided to advertise for a lifeguard. The Association to share expenses with the city.

Hard topping of city streets was considered, including Front Street to Third Street, from A Avenue on Fifth Street to the Cenotaph on Water Street, also on Fourth Street from A Avenue to Front Street.

Extra lighting has also been installed on Front Street and on Fourth Street to City Hall on the corner of Fourth Street and B Avenue.

The financial statement showed expenditures for April totalling $2833.40.

ADJUSTMENT TO GRADE 7 TOPIC OF PTA SPEAKER

ROSSLAND — Thirty-four members of the MacLean School Parent-Teacher Association turned out this week to hear Miss Norma Hawkes, girls' counsellor at the Rossland Junior-Senior High School, give a talk on "Entering Grade 7."

"With a good start," said Miss Hawkes, "the child will like high school, but there are usually many adjustments needed." Among the various things the child must adjust to, Miss Hawkes listed new building and equipment, the work shops, study hall and staff, with an abundance of men teachers and few women, in contrast to elementary school, where most of the teachers are women. The child receives a different method of instruction, moving from room to room to various teachers, each making slightly different demands on him. He uses a locker instead of a desk, and must always carry his needed equipment with him.

Psychologically, the counsellor explained, the grade 6 child is bewildered at going from senior man in elementary school to the bottom of the heap at high school.

Among the pleasanter aspects, Miss Hawkes mentioned the various clubs, school teams and parties.

A STUDY PLACE

The greatest help a parent can give the youngster is to create a study place free of distractions and encourage him to build up a habit pattern of study, which will become automatic and pay high dividends through high school life. A lively questioning period followed Miss Hawkes' talk.

During the business session, volunteers were enlisted to handle refreshments at the school's sports day.

The plaque for parent attendance was won by the class of Mrs Woodruff.

Trail Man Elected To Elks Executive

NEW WESTMINSTER (CP) — Verne Taylor of Burns Lake was elected president of the B.C. Elks Association as the 27th annual conference of the fraternity ended here Tuesday.

Other officers are Fred Warman, Port Coquitlam; G. T. Kinkade, Nanaimo and Arthur Van of Trail, vice presidents; Molby Stewart was re-elected secretary-treasurer; George Schisler, Princeton, esquire; H. R. Geddes, New Westminster, chaplain; Art Dodsworthy, Powell River, inner guard; Bill Thompson, South Vancouver, tyler and Bill Adolph, Williams Lake, trustee.

Delegates agreed that the existing committee to investigate the building of Elkhaven would continue in office.

This committee will select a site for the proposed recreation centre, estimate the cost of construction and maintenance and bring to the 1956 conference at Kamloops a full report on their plan.

PROCTER SOCREDS DISCUSS GARBAGE, SAVING TIME

PROCTER — The Procter Social Credit group met at the Procter Hotel with several guests present from Nelson, Willow Point, Longbeach and Harrop.

The Procter road was discussed and it was proposed that a letter of appreciation be sent to Hon. W. D. Black, MLA Nelson-Creston, for procuring the needed finances for this road. T. S. West of Willow Point spoke on the widening of the road and asked that residents be reasonable with prices for land when approached by the public works for compensation. The residents were asked to bear in mind that a petition had been signed by most of them asking for the widening of the road.

The lack of proper garbage disposal in the district was becoming serious. A motion was passed that the secretary write to Sanitary Inspector R. G. Scott re an approved site for garbage disposal.

The Harrop - Longbeach ferry hours came under discussion and the meeting was assured that the morning crossing would be advanced one hour immediately, as had been requested.

F. Hobson gave an interesting showing of his latest colored films taken during his recent trip through the Lillooet, also recounting many amusing stories of his travels.

Mrs. Van Maarion addressed the meeting, touching on various interesting items. She stated that on August 2, the Nelson-Creston Social Credit groups proposed to celebrate with a banquet at the Hume Hotel. Entertainment would be given by members of the groups.

The Nelson-Creston annual convention is slated for Sept. 10 at the Legion hall, Nelson. Mrs. A. W. Heibey of Willow Point is handling resolutions.

The meeting passed a resolution that daylight saving time be accepted for the year, making Creston and West Kootenay time the same.

16 APPLICATIONS OKAYED SO FAR . . .

Big Housing Year Shaping For East Kootenay Centres

CRANBROOK — East Kootenay office of Central Mortgage and Housing Corporation has so far approved 16 applications for National Housing Act financing of home construction in the area which is now well under way, with a considerable backlog of applications pending, and a new 50-lot approved housing subdivision at Kimberley ready for new construction the middle of this month.

Estimated value of the homes under way for the 16 approved applicants is approximately $167,000, with seven of the homes being built in Cranbrook, four at Chapman Camp, two at Invermere and one at Golden, and a combined Veterans' Land Act-NHA project at Fernie not included in the estimated total

EXCELLENT VIEW

Kimberley is expected to be largest factor this year in construction of NHA-financed homes now that the three-street plateau subdivision above Upper Blarchmont commanding a spectacular view is ready for building. Arrangements for this have been under way for two years, with clearing, bulldozing and leveling of the site and installation of required services of streets, water and sewer under joint dominion - provincial - municipal financing.

Prices for the lots will average $600 each, ranging upward or downward according to size, location and view, based on the amount necessary to pay for the installation costs. CMHC office in Cranbrook is agent for their sale, though information is also available to applicants through Kimberley city hall.

Applicants for purchase who have home-building plans independent of National Housing Act finance will be allowed to purchase these lots on conditions the plans and specifications of their proposed homes meet the minimum NHA building standards.

Subdivision last spring of the Kootenay office of CMHC formerly centred at Trail, and establishment of an East Kootenay office in Cranbrook with G. A. Thompson manager and extension of CMHC approval of chartered banks as lending agencies under NHA led to the home-building boom in Cranbrook in 1954.

Late Spring has held back building plans this year but work already under way and pending applications indicate an even bigger home-building program through the whole district this year.

Several Divorce Petitions Granted

CRANBROOK—At civil hearing following criminal hearings at the Spring Assizes for East Kootenay here, Mr. Justice J. M. Coady granted decrees of divorce to 14 petitioners, after separate hearings.

Decrees were granted: James Cole of Fernie from Dorothy Cole; to Orlando John Carolei from Vernita Carolei; to Elizabeth Citra from Thomas Citra, with Harry McKay of Fernie representing petitioner in each case.

Also to Mary Alvina Sebastian from Mark Sebastian, Cranbrook; and to Edward George May from Doreen Donaldson May with M. Provenzano representing petitioner; and to Ester Clara Stroh from Benjamin Stroh.

Also to Roy Minford Thompson of Wardner from Julie Mary Thompson with H. McL. Cooper representing the petitioner; to John Joseph Pattinson from Isobel Eleanor Pattinson; to John Griffioen of Kimberley from Josephine Marie Griffioen, to Donald McFarlane Bentley of Kimberley from Norma Margaret Bentley; F. W. Barry representing these petitioners, and also Gordon Frank Roper from Gertrude Mary Roper, with R. E. Read holding a watching brief for J. S. Aikins. Mr. Barry also represented Donald Allan Currie who received a decree from Winnifred Lois Currie.

Final award was to Yeden Ralph Helgren from Flora Mae Helgren with Alan Graham, QC, representing the petitioner.

Work Starts On Invermere Clinic

INVERMERE — Work has started at Invermere on the new Canadian Legion Club house and new Medical Clinic building. The Legion Club house is situated on Third Street below Bruce Avenue behind the Masonic Hall.

The Medical Clinic is on Bruce Avenue next to the Masonic Hall. It will be a one-storey structure. Besides the doctors' consulting rooms, examination rooms, office and waiting room it will have full laboratory and X-ray facilities to house the new X-ray machine.

When the clinic is open, probably in September, an X-ray and laboratory technician will be added to the staff.

A room will be available for the use of CARS and the psyiotherapist from Cranbrook will then be available for the treatment of arthritic and rheumatic patients.

Peach Leaf-Curl Found Prevalent

CRESTON — Peach leaf-curl is prevalent on peach trees throughout the Kootenays, is learned here.

While dry weather will do more to check this disease than any sprays, two sprays of Ferbam or Ziram will assist in checking the disease. It is suggested that the first spray be applied as soon as possible. A second spray should be applied as soon as the shucks drop from the developing fruit. Thorough spray coverage is essential. Ferbam or Ziram should be applied at the rate of two pounds per 100 gallons of water (2 tablespoons per gallon) in dilute sprays, or 10 pounds per acre in concentrate sprays. Where it is practical to do so, removal of all infected leaves and burning or burying of such leaves will help reduce the amount of infection.

A light dressing of a nitrogenous fertilizer to the soil will assist severely infected trees in outgrowing the disease, authorities say.

Crawford Bay PTA Elects Officers

CRAWFORD BAY—Victor Johnson was elected president of the Crawford Bay and District Parent-Teacher Association for next year, at the final meeting for this term.

The meeting brought to an end a very successful year. Projects set out at the beginning of the term, purchase of a record player and amplifier and a projector, were accomplished.

Mrs. A. W. Lymbery of Gray Creek was elected vice-president, Mrs. R. Morton Humble, secretary; W. Kocher, treasurer; Mrs. H. Halliday, publicity; T. Johnston, recreation; Mrs. H. Piete, program; O. Wirsig, member at large, and Mrs. Johnson, Mrs. Kocher, Mrs. W. Foster and Mrs. H. Brown.

The next meeting will be held in September.

Sun Shines for Lister Picnic

LISTER—Deer Lodge Club held its annual picnic at the grounds under clear skies. Races and contests were part of the successful event.

The refreshment booths did a good business. Those in charge were Mrs. M. Anderson, Mrs. C. Millner, Mrs. L. Sommerfeld, Mrs. A. Marzke, Mrs. E. Sommerfeld, Mrs. L. McKee and Mrs. N. Mahase. Harry Sommerfeld ando W. Huscroft were in charge of the sports.

Wynndel softball team played the Lister Royals, the score being 17-2 in favor of Royals.

Target shooting proved very popular, some keen competitors trying for the prizes. Lyle Wocknitz got first, while Allan Donaldson won second with Alfred Sommerfeld getting third prize. Helmut Rinus was in charge of shoot.

In a draw, Mrs. R. T. Millner won first prize, Mrs. B. Riehl won second.

The youngsters enjoyed new swings built this spring.

The Tories In

Sir Anthony Eden and the Conservative Party have won a secure and substantial mandate from the people of the United Kingdom. They have been returned to office with a good working majority in the Commons and also the larger share of the popular vote, neither of which they had previously.

The results thus confirm pre-election predictions. The outcome was no surprise even to Rt. Hon. Clement R. Attlee and the Laborites. The electors had decided, probably even before the campaign commenced, to give Sir Anthony's government an opportunity to handle their affairs.

The outcome was fairly evident from the moment returns started to come in, to those who know election trends in the United Kingdom. This was so even though Conservatives and Labor were running neck to neck until close to the halfway mark.

Early election returns in the United Kingdom are apt to be deceptive unless one understands their pattern. Labor strongholds, being in urban centres, are among the first to report. Because of the substantial majorities in them, many are conceded early.

In the 1951 elections Labor held a large lead when counting ceased for the night. But when it was resumed in the morning, and returns from the shires came in, the lead gradually faded away until the Conservatives forged ahead slightly.

Marginal seats and the independent-type voters gave the Conservatives their victory. There were few changes in either Labor or Conservative strongholds. Conservatives made their gains in the marginal constituencies.

Sir Anthony and his ministers now can proceed to govern, without being haunted by possibility of defeat on the floor of the Commons. Yet their majority is not so huge as to cause a complacent or dictatorial attitude. Labor still is a mighty force, and, unless the Conservatives give good government, can come back to win in the next elections.

Recession Over

Just at a time when Canadians were being told that the unemployment situation was getting out of hand, word comes from Ottawa that Canada's exports in April rose to the highest peacetime record in history—up 14 per cent over exports in April, 1954.

In the first three months of 1955 exports were up $100,000,000 over the first quarter last year, and in the last six months for which figures are available exports were higher in volume than in any six months in any peacetime year.

Those are refreshing figures. They should help to dispel some of the unwarranted gloom. They could well be taken as evidence that the 1954 recession is over.

Sap's Running

Quebec's rural economy receives a welcome infusion every spring from the sale of maple syrup and sugar. The maple sugar season lasts only four to six weeks but during that time, Quebeckers tap the sap from over 20 million maple trees to provide about 85 per cent of the total Canadian production of this delicacy. The Quebec product is acclaimed wherever it is sold and some of the credit for its popularity is attributable to the many ways in which quality-minded Quebec farmers have utilized non-toxic, non-rusting aluminum in their tapping, collecting, gathering and boiling equipment.

Each spring, the maple, in order to flourish once again, requires the nourishment and revitalizing effect of its sap which oozes from the roots of the tree and slowly permeates upwards. In the case of the sugar maple tree, however, Nature is not permitted to run her dependable course unchecked. In March, when the weather becomes warmer, Man intervenes, with apparently no deleterious effects on the tree, to make products almost as characteristically Canadian as her maple leaf emblem—maple syrup and sugar.

Healthy trees, over eight inches in diameter when measured at a point three feet above ground (smaller trees do not usually produce sufficient sap to warrant their tapping), are drilled with a bit, to suit the spout, usually 7/16 inches in diameter. Taking into consideration the snow depth, a hole is made from two to four feet above ground on any side except the north. This hole is 1¼ inches to two inches deep and slightly inclined to aid the flow of sap. A spile or spout is inserted and a pail hung. Once the sap is flowing, it is gathered and evaporated daily.

Since 1851—the first year for which figures are available—the Canadian maple sugar yield has increased from 13 to over 32 million pounds per season. In 1939, the gross value of Quebec maple products was $2,600,000; ten years later they were worth $7,400,000.—Rural Age.

Silver Bars Back From the Wars

Not only does the paper dollar now have its backing of silver, but the bullion itself now is going back where it can be seen and counted. Silver bars which went to the wars are being congregated at the United States assay office in New York city, then shipped in 16-ton truck loads up the Hudson river to Uncle Sam's silver depository, just outside the north gate of the West Point military academy.

In this cache, which is to silver what Fort Knox is to the country's gold, are piled the 1000-ounce bars, valued at about $850 each. There are about 550,000,000 ounces of them there now (worth about $468,000,000 in commerce), but this is only a third of the hoard that was kept before World War II. It will take another two years to get it all back.

Government departments and industry borrowed it from the treasury department during the war, for use in electromagnetic work because there was not enough copper available. The largest borrower was the atomic energy commission. Some of the silver now being returned to its hiding place helped to build America's stockpile of atomic bombs.

The vault has been seen by many travelers, from a distance. Built in 1938, it is a concrete and steel building, 22 feet high, 250x165, surrounded by concrete walls and wire fences. It can be entered only through a series of steel gates, guarded by soldiers, unless one would prefer to attack across country or from the air; in that case there would be an assortment of pillboxes and machine guns to watch out for.

The building isn't much to look at, but its contents would be "considered beautiful by many people. Sorry, though, absolutely no visitors!—Spokane Spokesman-Review.

The Bailey Bridge

When Sir Donald Bailey invented the now famous "Bailey Bridge" which played such a prominent part in World War II operations, little did he realize the many uses to which his invention would eventually be put.

The peacetime potential of the Bailey bridge was seen by British industrialist Tom Storey, who, in 1950, obtained from the British Government the world rights for the manufacture and sale of the bridge. Since then he has built up a $4,000,000 business serving more than 40 countries. In the first four years the bridge has become a jack-of-all-trades in the international civil engineering world, especially in "off the map" sites with access difficulties and shortage of skilled labor.

Canada is by far the greatest user of Bailey bridges. Wherever one goes in this country one finds these simple structures of girders and cross-braces which Field Mashal Bernard Montgomery called "one of the greatest single war-winning discoveries."

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

Reader, Creston—What is the name of the Dominion archivist?

W. Kaye Lamb, M.A., Ph.D., LL.D., F.R.S.C.

H. A. G., Nelson—Is the island of Malta controlled by the Parliament at Westminster?

Malta is a self-governing colony with a representative assembly and responsible ministers. The Maltese Legislative Assembly may not pass laws touching the public safety or defence of Her Majesty's dominions and the general interests of British subjects outside Malta. The Governor is assisted by two councils, the Executive Council, consisting of the Cabinet, and the Nominated Council, consisting of the Lt.-Governor, the Secretary, and three officers chosen from the army, navy and air force. There is a Privy Council which consists of the members of the Executive Council and the members of the Nominated Council, and the Governor may as occasion requires appoint a joint committee of the Privy Council consisting of three members of the Executive Council, nominated by the Prime Minister, and three members of the Nominated Council selected by the Governor.

Readers, Nakusp—Some of us recently were wondering where the first Sunday school started, and who started it?

Late in the 18th century educational problems due to an industrial revolution led to the establishment of the Sunday School movement. Robert Raikes established his first Sunday School in Gloucester, England, in 1780, though he did not originate the idea. An earlier pioneer in the field was Joseph Alleine, a Puritan father, who had founded Sunday Schools in England in the 17th century, and another pioneer was John Wesley, who held Sunday School classes in Savannah, Georgia, in 1737. It was due to Raikes' achievements in organization that he came to be regarded as the founder of the English Sunday School as it is today. Early in the 19th century the Sunday School movement became firmly established in the United States, and soon, from both America and Britain, Sunday Schools spread widely in all parts of the world. For your further interest, the figures, according to our last available source, are as follows: Sunday Schools in Europe, 90,621; in North America, 195,343; Central America, 381; South America, 2976; West Indies, 1930; Asia, 37,427; Africa, 13,143; Malaysia, 1422; Oceania, 12,898.

Miss R., Rossland—Could you tell me what I can do to whiten the yellowed keys of a piano?

Take a piece of chamois leather, dip it lightly in alcohol, and rub. A tuner told us that would clean all keys except the very badly discolored.

Prunes

We are indebted to a woman's magazine for a recipe called "Prune Stuffed Prunes." Take a package of prunes and remove the pits. Then stuff the bigger prunes with the smaller prunes, and roll in sugar.

I find it difficult to put my finger on the illusive nuances of this suggestion, but I feel strongly there is mischief afoot. Perhaps some great public principle may be served if we meditate briefly.

First, does this mean the prune is now making an ambitious play for social prestige? If so, we must look to our sense of balance. Understand, I have nothing against the prune, per se. Actually, I like prunes. However, we can't ignore that a prune is a prune, settled by fate into a positive and changeless category where it should remain. Any effort to lift the prune into a higher bracket is sheer pretense.

After all, there are things you don't do. President Eisenhower doesn't ride a unicycle, and the Boston Symphony doesn't play Three Blind Mice on sweet potatoes. Nor should the prune get into the magazines. I feel it, strongly. —John Gould in The Christian Science Monitor.

It's Been Said

Much of your success in the year ahead will depend on not allowing yourself to be sidetracked by plausible promises or attempted shortcuts to riches. Look for a kind, amiable, social nature in the child born today.

Your Horoscope

Intellect, talent, and genius, like murder, "will out".—Charles Simmons.

Demand for Metals and Newsprint Puts Canada's Industries on Top

OTTAWA (CP) — Canada's fast-growing manufacturing industry made a six-fold expansion in 35 years.

Powered by big oil discoveries in the west, the opening of uranium deposits and the world-wide demand for metals and newsprint, the manufactures rose from an annual production of less than $3,000,000,000 in 1917 to a record $17,000,000,000 in 1952.

This upsurge was no mere accident, said the bureau ofstatistics in a 174-page detailed analysis of the 35 years of progress.

"Such events as the discovery of a major oil pool on the Prairies in 1947, the discovery of large-scale deposits of iron and the successful search for uranium have given new dimensions to Canadian thinking and business planning.

"These are the factors that explain the records of capital expenditures year by year since the end of the Second World War. Yet it is not the mere rate of expansion that is significant.

REAL SIGNIFICANCE

"The real significance . . . is that never before has there been an advance on such a broad industrial front."

Millions of dollars were invested in Canadian oil, said the bureau, "because the Prairies can produce oil as economically as other great fields on the North American continent."

"Petro-chemical plants are being erected because the raw materials are readily at hand. Kitimat, in British Columbia, is based on the coincidence of abundant and cheap hydro-power and access to ocean transportation, both of which are essential to the low-cost production of aluminum."

As for uranium, said the bureau, "no country is in a more favorable position than Canada to supply uranium for the production of atomic energy."

Egypt Ready to Approach UN on Control of Disputed Gaza Strip

CAIRO (AP)—Egypt is ready and willing to put her case before the United Nations Security Council if the council discusses Egyptian-Israeli border troubles, a government spokesman said Wednesday.

The spokesman added, however, that it would have been better to put into effect the proposals of Maj.-Gen. E. L. M. Burns, Canadian head of the UN truce supervision organization, "without going into other matters."

He referred to a plan under which both sides would keep only regular troops in the disputed Gaza strip, would withdraw their forces one kilometre (five-eights of a mile) from the demarcation line, and set up joint Egyptian-Israeli patrols. Local commanders on both sides would also be empowered to meet to discuss local frictions.

MIGHT CALL MEETING

The spokesman's indication of Egypt's readiness to get the Gaza case before the Security Council came after American delegate Henry Cabot Lodge told members at UN headquarters in New York that it might be necessary to call a council meeting if Israel and Egypt failed to restore order. The president of the council said Saudi Arabia had joined Syria, Iraq, Jordan and Lebanon's pressing support of Egypt.

In a telegram to Premier Gamal Abdel Nasser, King Saud said "Saudi Arabia will give full military, financial and moral support for the defence of Egypt and the existence of Arab countries."

PERUVIAN COLLEGE

The University of San Marcos at Lima, Peru, was founded in 1551.

Fighter Planes To Cost More

By DAVE McINTOSH

Canadian Press Staff Writer

OTTAWA (CP) — Defence officials estimate future types of fighter planes will cost three or four times what they do today.

They say the department will have big problems in keeping the RCAF equipped with modern fighters and at the same time keeping defence budgets within reasonable limits.

One hopeful aspect is that new types of planes will be so much more effective than types now in operation that fewer may be required.

Canada's two main types of operational aircraft are the CF-100 all-weather, long-range jet interceptor for home defence and the jet-Orenda Sabre, standard fighter for the RCAF air division in Europe.

A CF-100 costs $900,000; a Sabre $300,000.

GREAT INCREASE

At current estimates, new types of fighters will cost $1,000,000 to more than $3,000,000 each.

The department this year has earmarked $319,534,000 for aircraft and engines.

The same number of planes Canada now is getting for this money may cost $1,000,000,000 in a few years.

The costly business of aircraft procurement arises from the fact that fighter planes go out of fashion almost at the time they're put into squadron service.

CF-100 squadrons in Canada are not expected to be fully equipped until the end of this year but designers have been working on a successor, the CF-105, for several years already. Millions of dollars have been spent on the CF-105 and a prototype is not expected to be tested for a couple of years yet.

Aussies Keen on Instalment Plan

SYDNEY (CP)—Nearly half of all Australian families are buying items for household or personal use on the instalment plan.

This is shown in the latest survey by the Australian division of industrial development on manufacturing activity in Australia up to April this year.

The survey also shows that Australians are spending more than ever before on automobiles and large electrical appliances for the home. This spending is due to high earnings.

"During 1954 there was an increase of one-third in the total value of new agreements for hire purchase," it says. "At present one household in every six or seven is buying an automobile on hire purchase terms.

Australia now has one motor vehicle for every 4.5 persons—a ratio similar to that in the United States before the war."

To Ask Return of Provincial Police

PENTICTON, B.C. (CP) — City council will ask Attorney-General Bonner to seek cabinet approval of a proposal to reorganize the provincial police force in British Columbia.

Council based its recommendation on a letter from the RCMP which indicated that a steep rise in police costs could be expected after June, 1957.

The proposal will also be presented to the Union of B. C. Municipalities at the group's next meeting.

Council said the expected increase in RCMP costs after June, 1957 would probably boost Penticton's policing costs from $20,000 to $60,000 a year.

CAIRO (AP)—Furnishings at the Kubben Palace, one of ex-king Farouk's gaudiest play spots, brought only $100,450 at last week's auction, sale officials revealed today. Pre-auction estimates of the government's takings ranged as high as $250,000.

John Galsworthy, English author, won the Nobel prize for literature in 1932, the year before his death.

CONFIDENTIALLY YOURS

—by Byrne Hope Sanders

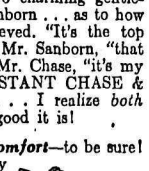
MONTREAL, June 9th — Be professional — the easy way! Use "SCOTCH" Masking Tape in your home decorating — *with wonderful results! It sticks* perfectly and peels off in an instant. So use it to paint stripe, or two-tone chairs, cupboards, walls, floors, recreation room or nursery! Use it to get a *clean edge* to your painting . . . to protect the unpainted surface from brush marks or dripping paint. Use it to mask off glass when painting window sashes . . . Ideal for freezer or locker packages . . . for sealing bulk packages! "Scotch" Brand Masking Tape comes in two lengths, at 39c and 98c — at variety and hardware stores *everywhere!*

Did A Stupid Thing . . . the other day, and rammed the garden fork into the edge of my foot. Nothing serious, luckily, so that when the cut was cleansed I could cover it with a CURAD Plastic Bandage. Fine now, thank you! Curads have that wonderful "Stick-Quick" adhesive, and a new polyethylene facing that whisks off *clean!* Curads have an exclusive new medication, too . . . the *germ-killer is right in the pad.* Won't curl or fray . . . and are completely water-proof! In this summer-time — when lots of cuts and scratches are part of any family's life — do keep a supply of Curads on hand, ready for that emergency!

I've Just Come In From The Garden . . . pulling weeds and admiring the rose-buds! And now, oh joy! . . . for a cup of refreshing Instant Chase & Sanborn Coffee . . . As I put away the tools I imagine the argument between those two charming gentlemen, Mr. Chase and Mr. Sanborn . . . as to how the superb flavor was achieved. "It's the top quality coffee beans!" says Mr. Sanborn, "that makes the difference!" "But you're wrong!" cries Mr. Chase, "it's my matchless skill in brewing which has perfected INSTANT CHASE & SANBORN COFFEE!" As I sip in enjoyment . . . I realize *both* are right! Do try a jar yourself — and *taste* how good it is!

Life Has So Many Irritations . . . we have to accept — so I believe in getting rid of *as many as* we can! No need, for instance, to have *any* trouble with burning corns or calluses. Use the quick cure — BLUE-JAY Corn Plasters. They *get rid of corns fast!* — because of an exclusive medication called Phenylium . . . which gets down *under* your corn and helps push it out from *underneath.* The makers of Blue-Jay put their Corn Plasters to careful tests — and proved that, with Phenylium, Blue-Jay went to work *faster* and *more surely* than other leading remedies. Get rid of your irritating foot troubles — today!

It's Such A Comfort—to be sure! That's the way you can feel when you use ARRID — the pure, white vanishing cream deodorant. Just rub Arrid in—rub odour out. Arrid contains Perstop—the really effective, exclusive new ingredient that makes *this such a safe deodorant!* Arrid stops perspiration 1 to 3 days. It keeps the underarms *really* dry . . . deodorizes *instantly!* You'll find that Arrid saves your clothes from unsightly stains . . . and that, as guaranteed, it will *not* dry out in the jar! All this adds up to the reason why more Canadians use Arrid than use any other deodorant—stops *both* perspiration *and* odour.



Summer Cottons Are Lovelier Than Ever This Year — gay, good-looking and money-saving. And, as most of us are finding out, they're *much more* good-looking and long-wearing if we follow the simple trick of using GLIDE LIQUID STARCH. And oh! But it's so *easy!* Just add water to Glide — hot or cold — *that's all!* There's blue in Glide to add whiteness, and wax to smooth your ironing . . . You'll find your cottons so much easier to iron — and looking so professional — that you'll have that glow of pride we all enjoy. Use Glide for your children's clothes — your own housedresses — for shirts and linens. In two sizes — 32 oz. and 64 oz. *giant economy size.*

I'm So Grateful . . . as a homemaker, for the new liquid detergent GAY — because it has so many virtues, it really makes dishwashing much less of a chore than it used to be! I'm grateful because it's so gentle on the hands — I can feel the difference. Then it has a delightful fragrance — and the *nicest* suds! You, too, will find that Gay has an extra grease-cutting power that cleans the *toughest* grease on pots and pans . . while china, silver and glass sparkles with a new beauty. It's *very* economical, too — one bottle of Gay does *fifty* washings — more than any two boxes of powder detergent. *Hooray for Gay!*

Tops In Happiness . . . for children, comes in the delight of *making their own* ice cream cones! They can have this pleasure with ROYAL INSTANT PUDDING . . . it's *the easiest, quickest* way there is to make ice cream! There's a simple recipe on every package — in chocolate, butterscotch, vanilla, or coconut cream! Best of it is — these ice cream cones, they love to make, are *nutritious* — as well as delicious! Your grocer has crisp, fresh cones on hand — so now that hot weather is coming, keep a supply on hand — and have an assortment of Royal Instant Puddings to make ice cream cones that are the *best ever!*

Partner In Good Living—that's what I feel about the BANK OF MONTREAL . . . for whether it's *in* our work-a-day world, or our holiday one—the B of M has a service to fit our every financial need. Here we are, for instance . . . with the peak holiday season coming next month. We've found the best and safest way to carry our holiday funds is in B of M Travellers Cheques. Travellers Cheques are readily turned into cash, yet only you can cash them. And they are refundable if lost or stolen . . . Another thing — while you're *away, why not take advantage of* a B of M Safety Deposit Box for the protection of your valuable papers and trinkets. See for yourself how "MY BANK" can be a real partner in good living.

Such Smooth Spreading — makes everyone enjoy using the *new* super-homogenized BLUE BONNET MARGARINE. This new spreadability — even when it's ice-box cold — *is really wonderful. There's the same famous Blue* Bonnet quality and nutrition — just as delicious whether it's spread on bread, melting through vegetables or simmering in the pan! Even the freshest bread won't be torn with this new easy-to-spread Blue Bonnet. And just *see* what it does for your cakes — cookies — pastry! They're light and flaky — delicious! Get Blue Bonnet in the convenient DeLuxe foil-wrapped quarters — the "quality-plus-convenience" way of buying!

Seems To Me—I reach for my package of BENSON'S or CANADA CORN STARCH time after time, day after day! There are *so many* things I need it for. It makes the *creamiest* sauces for vegetables; the *smoothest* cream soups. The flavour and texture of gravy is tops with this ever-popular product — and it's ideal for the clear, sweet sauces we serve with cottage pudding or ice cream. Pie Fillings are light and delicately textured with BENSON'S or CANADA CORN STARCH . . . and it's tops for those creamy puddings which taste so good after hot weather salads. Take my word for it — you can depend upon it for many economical and wholesome dishes.

A Comfy Baby . . . Is A Happy Baby. And, as you know, one of the greatest comforts to any baby is a soft, absorbent diaper. CURITY DIAPERS, you'll find, are made of full-weight gauze, and are comfy-soft after endless washings. They won't shrink; and won't wrinkle. And they're *full-size* with pinked edges that do away with cumbersome hems or thick edges which can chafe a little one so painfully. Across the land, wise mothers ask for Curity! ***Get your sample diaper.*** Just send 25c with your name and address to Curity Diapers, Box 123N, Toronto 16.

Dress Up With Marian Martin

LOVELY ENSEMBLE

You'll love this summer ensemble —it's so feminine, so very flattering! Cool scoop-neck dress in a s-m-o-o-t-h cover—perfect for town or travel! Sew them both now!

Pattern 9323: Misses' Sizes 10, 12, 14, 16, 18, 20. Size 16 dress requires 5⅝ yards 35-inch fabric; ½ yard contrast.

This easy-to-use pattern gives perfect fit. Complete, illustrated *Sew Chart shows you every step.*

Send **THIRTY-FIVE CENTS (35c)** in coins (stamps cannot be accepted) for this pattern. Print plainly **SIZE, NAME, ADDRESS, STYLE, NUMBER.**

NELSON'S HOME OF LUXURIOUS OUTDOOR LIVING

Deer Park WI Aids Strathcona Fund

DEER PARK—At the June meeting of the Deer Park Women's Institute held in the community hall, it was unanimously decided to send a donation of $5 to the Strathcona fire relief fund.

An old-time dance was planned for June 18 and committees were elected as follows: Preparation, Mrs. F. Briggeman, Mrs. N. Mottershead; reception, Mrs. G. Briggeman, Mrs. N. Mottershead and Mrs. J. Kent; clean-up, Mrs. Kent, Mrs. G. Briggeman; refreshments, all members to help.

Mrs. J. Kent gave a brief outline of a recent visit to Robson, where several of the members met Mrs. S. E. Gummow and Mrs. Shaw. The next meeting is to be held at the home of Mrs. Kent in October. Mrs. F. Briggeman was the winner of the contest.

MOSTLY ICE

About 132,000 square miles of Greenland's total 840,000 square miles is ice-free.

New Denver

NEW DENVER — An enjoyable birthday party was held at the home of Mrs. Percy Cutler, the occasion being the fifth birthday of her daughter, Lynn.

Mrs. Stanley C. Aylwin entertained at her home at a birthday party for her daughter, Dianne, age nine.

The New Denver Catholic Women's League of St. Anthony's Church held its meeting at the home of the first vice-president, Mrs. Ken Casley in Silverton.

Mr. and Mrs. Dan Bethel of Vancouver were guests of the former's sister, Mrs. Frank J. Boivin and family.

Dennis Yonge of Vancouver has been called here owing to the illness of his mother, Mrs. H. B. Yonge, a patient in the Slocan Community Hospital from Zincton.

Mr. and Mrs. Frank J. Boivin have as their guests the latter's sister, Miss Evelyn Bethel and brother, Ron Bethel of Vancouver.

WI Collects $260 To Help Edgewood Couple

EDGEWOOD — The sum of $260.15 was collected by members of the Edgewool-Inonoaklin Women's Institute in aid of Mr. and Mrs. E. Shields, who lost their hotel here by fire.

This report was given when the organization met at the home of Mrs. J. Klein. Mrs. Shields, who is president of the Institute, is at present staying with her daughter in Salmo.

Plans to present two one-act plays June 22 were made. Other items on the program will include square dancing by the school pupils, selections by the choir and other musical items.

It was decided to purchase uniforms for the local baseball team.

The secretary was instructed to write to the Minister of Education, objecting to the proposed change in the school bus route. Beginning in the new term, the bus will not travel any side roads which means that some pupils will have to leave home before 7 a.m. in order to catch the bus on the main road.

CGIT BANQUET AT FRUITVALE HUGE SUCCESS

FRUITVALE — The Intermediate CGIT held their annual mother and daughter banquet and affiliation service in the church hall.

Mrs. F. J. R. Haines, leader, introduced to the girls the representatives of the Women's Missionary Society and St. Paul's WA. Mrs. T. R. Karpoff, a life member and Mrs. W. Veitch, president of the WA.

Alice Haines proposed the toast to the Queen and in a delightful verse, "My Mother," Jacqueline Payette proposed the toast to the mothers.

FORTUNATE

Mrs. Stan Jefferson, responding for the mothers, said she felt the girls were very fortunate to have the opportunity to belong and work in such a worthwhile girls' organization, and felt that if they kept the motto of the CGIT through life, they would indeed be the girls that God would have them be.

Mrs. T. R. Karpoff spoke of the start of the Canadian Girls in Training movement started 30 years in Eastern Canada and told how she was a member of the first group formed in Alberta.

Mrs. Veitch also spoke briefly to the girls.

Following a short social hour, the girls and their guests adjourned to the church for their affiliation ceremony. The opening devotional period was conducted by the girls assisted by their leader, Mrs. Haines. Mrs. T. Karpoff as WMS representative and Mrs. W. Veitch as WA representative who sponsor the girls also participated in the ceremony, and Mrs. F. M. Peitzsche, Kootenay Presbytery WMS, assisted at the organ. Mrs. Karpoff presented each of the girls with their world friend badge.

TOUGH ON TARS

GLASGOW (CP)—Rev. W. Nelson Gray, 31-year-old ex-fleet air arm pilot, says the naval custom of "splicing the mainbrace"—a tot of rum on special occasions—plus the usual daily issue of rum should be abolished. "Young men," he says, "are getting into the habit of drinking."

Soroptimists Install New Slate At Impressive Castlegar Ceremony

CASTLEGAR — The new executive of the Soroptimist International of Castlegar - Kinnaird - Robson, which has Mrs. Laura Bridgman as president, formally took office at a candle lighting and installation ceremony at the group's last dinner meeting of the 1954-55 term.

The ceremony is built around the Soroptimist ideals of tolerance, wisdom, friendship, service and sincerity. Those taking part were Mrs. Ruby Maclean Angus, Mrs. Phyllis Robinson, Mrs. Gladys Collinson, Mrs. Mabel Creighton and Mrs. Florence Nixon.

Mrs. Art Anderson, out-going president, and committee chairmen, reported an active and successful year. The past president's pin was presented to Mrs. Anderson by Mrs. Bridgman.

Others on the new executive are vice-president Mrs. Ivy Ozeroff, treasurer Mrs. Lorne Lewis, recording secretary Mrs. Muriel Muirhead, corresponding secretary Miss Maude Bailey and directors Mrs. Irene Sharples and Mrs. Edna Marshall.

The officers were installed by Mrs. Marg Anderson, Mrs. Helen Richardson, Mrs. Grace Ackney, Mrs. Alice Fowler, Mrs. Irene Sharples and Mrs. Janet Reed.

Mrs. Anderson presented the president's pin to Mrs. Bridgman.

A new member, Mrs. Alice Anderson, was initiated into the club by Mrs. Fowler.

Guests from the Soroptimist Club of Rossland-Trail were Mrs. Edith Hargreaves, Mrs. Hazel Schultz and Mrs. Verna Campbell.

NOVEL AUCTION

A novel auction of small articles donated by the members under resourceful "auctioneer" Mrs. Hargreaves, provided a hilarious and profitable conclusion to the meeting, netting the club $12.79.

The opening of the "piggy bank" which has hoarded the club's "fines" for its three years of existence yielded $13.13.

It was decided to withdraw the club's Musical Scholarship from the Kootenay Music Festival and in its place to award a scholarship to the piano student who is most outstanding in the exams of the Royal Conservatory of Music of Toronto, taken in Castlegar centre.

Ross-Rothwell Vows Exchanged

FRUITVALE — After a motor trip through Montana, Thomas Alexander Ross and his bride, the former Betty Jean Rothwell, will make their home in Creston.

A double-ring ceremony in Coeur d'Alene, Idaho, united in marriage the daughter of Mr. and Mrs. J. H. Rothwell of Fruitvale and the son of Mrs. Ross of Lister.

The bride chose a pink linen dress with a matching jacket trimmed with pearls, and white accessories. She carried a white Bible overlaid with a white orchid and streamers.

Miss Norma Rothwell, the bride's sister, wore a biege suit accented by pink accessories and a corsage of pink tea roses. Mr. Harry Ostendorf of Creston was best man.

Mr. D. K. Knowler proposed the toast to the bride at a reception in Fruitvale Legion hall. A three-tier wedding cake embedded in tulle and rosebuds, was cut by Miss Reta Ferris of Portage la Prairie, Man. Mr. Wilfred Maze was soloist, and Miss Beverly Nelson, pianist.

The bride's gift to the groom was a pair of gold cuff links, and the groom presented his bride with a single strand of pearls.

The bride wore a rose wool suit, with white accessories and an orchid corsage, for going away.

B.C. Medical Fees Highest In Canada

VANCOUVER (CP) — British Columbia medical fees are the highest in Canada, spokesmen for the British Columbia Medical Association said here Wednesday.

The statement was made during a session of the Vancouver Medical Association summer school, where 65 doctors are taking refresher courses.

High cost of living in B. C. was blamed for pushing up the price of medical care which, doctors said was still 20 per cent below the top fees charged in the United States.

Minto Lake, on of the most beautiful lakes in the Ungala peninsula, covers 485 square miles.

FOR ROUND-THE-CLOCK ENERGY
PURITY OATS
ARE READY IN 5 MINUTES!
Rich in essential B vitamins and protein, Purity Oats is one of the finest energy foods you can serve your family. Specially processed for better flavor and quick cooking, Purity Oats is double-delicious served with honey or brown sugar, raisins or preserves. In tasty cookies, in meat loaves, in many ways— your family will enjoy the extra food benefits of Purity Oats.

OATMEAL CRISPS
1 3/4 cups Purity Flour
1/2 teaspoon Salt
2 cups Purity Oats
1 Teaspoon Baking Soda dissolved in 1/3 cup hot water
1 1/4 cups Shortening
1/2 cup Granulated White Sugar
1/2 cup Brown Sugar
Method
1. Sift flour, measure, add salt and sift again.
2. Cream shortening till very soft. Add sugar, brown and white and cream again.
3. Add Sifted flour & oatmeal, alternately with soda and water to shortening and sugar.
4. Blend well — then chill.
5. Roll thin on a lightly floured board, a small amount at a time and cut any desired shape or size.
6. Place on a greased baking sheet and bake 12 to 15 minutes in a moderately hot oven 375° F.
7. Remove from oven, set on a wire cake rack to cool.
8. Do not store until cold.

Winston Back In House of Commons

LONDON (Reuters) — Winston Churchill walked into the House of Commons Wednesday for the first time since he retired two months ago as prime minister.

Members broke into the traditional "Hear, Hear" form of applause and spectators in the public galleries set up loud clapping as the 80-year-old statesman entered.

Labor party leader Attlee was supposed to sign the roll after Prime Minister Eden and the Conservative government leaders.

Instead, he walked across the chamber, took Churchill by the hand and invited him to sign in his turn.

THE LEGEND OF DAVY CROCKETT

Davy Crockett was the son of a Tennessee Tavern Keeper. He grew up a strapping young fellow in the frontier day when America was young. He claims he shot 105 bears in nine months and from this and other exploits a legend grew up around him which raised him to the status of a national hero. By 1873 his popularity was already confirmed by a popular play of the day called 'Davy Crockett.' Today, nearly a hundred years later coonskin hats and popular songs are a fitting testament to his legendary exploits.

Now Davy was a man of parts. He was a scout, serving under Andrew Jackson in the Cree Indian War. He became a colonel in the local militia, was a justice of the peace and later ran for Congress and was elected. He met his Maker in 1836 when he was naturally attracted by the Texas Movement for Independence. Davy hightailed to the Alamo and died in its defense.

The Shopper's Guide

BORSCH — THE FINEST THERE IS

By Mabel . . . Checkout No. 2

This is the way I make my Borsch, made only of the finest ingredients to give the flavor and taste that this real gourmet's dish deserves. You are always sure of first quality greens for your favorite dishes when you shop at Liberty. Fresh every day, priced low, and picked at the peak of perfection.

5 or 6 potatoes
4 or 5 med. carrots
1 beetroot
Salt
½ lb. butter
1 large onion
1 tin tomato juice, 15 oz.
1 medium head cabbage
1 pint sweet cream
1 *green pepper*
Little parsley
A shake of pepper

FIRST MIXTURE
About 2 qts. water
5 or 6 potatoes
1 peeled beetroot, whole
Salt
Boil till vegetables are done.

SECOND MIXTURE
In frying pan put butter. Chop onions and fry a little. Then add ½ tin tomato juice. Also add ¾ head cabbage, chopped fine and fry till well done.

FIRST MIXTURE
Take out the beetroot and potatoes and mash and beat in 1 pt. sweet cream, pour back into the pot and then add the second mixture, bring to boil. *Then add the other ¼ head of* chopped cabbage and 1 green pepper, chopped, and chopped parsley, and a shake of pepper. Do not stir. Simmer a few minutes and see that the raw cabbage and parsley do not turn over. It must stay on the top. When you see the centre of the soup come up to break into a boil, take it off the stove and serve. Additional salt and pepper may be added if desired.

This is the real Russian Borsch, very different from any recipe in a cookbook.—MABEL.

Refrigeration for Perishables

See how quick and easy it is to shop at Liberty. You can protect yourself by buying only the best available and save. Liberty's rigid control makes sure all merchandise is the very top quality. We make certain they reach you in the best possible condition. For this purpose we have 17 walk-in and display refrigerators, to pre-cool perishables so they are dewy-fresh when they reach you. Long distance calls to the heart of the growing areas by our buying agents speed the merchandise to you. The merchandise is loaded in California on Mondays and arrives here Thursday evening for your table by refrigerated trucks. Liberty is the place for Grand Forks Asparagus tips; once you taste them you'll never want any other kind at **27¢** lb. Do you know that on the average Liberty's produce prices are lower? Take 10 items from where you now shop—go down and mark *Liberty's prices beside them.* Seeing is believing!

COFFEE and TEA Prices Slashed

Coffee prices have been slashed four cents and tea prices eight cents. This good news has been passed on to Liberty by Wholesalers. Liberty passes this saving along to you.

Have You Tried This?

Buy any brand name tin of advertised canned goods at *Liberty, then compare it with* a similar grade of another store carrying their own brand labels. Pour out in a bowl—drain water and check which contains the most solids. Have you saved anything? Which is the better buy in the end? Make this test and you will agree you are ahead when you shop Liberty for the brands you know and can depend on.

No Alternative to Higher RCMP Rates

BURNABY, B.C. (CP)—Attorney General Bonner believes that B C. municipalities have no choice but to accept 1955 RCMP contracts at increased rates.

This information was supplied to Burnaby Council in a letter from T. R. B. Adams, executive director of the Union of B. C. Municipalities.

Mr. Adams said in a letter he had talked with the Attorney-General about increased rates in permanent costs of the RCMP policing contracts. The Attorney General told him he had taken up the matter with Ottawa on a recent visit and was unable to obtain better terms.

Perfect Butler Loses Fortune in Exchange for Six Year Sentence

By KEN BOTWRIGHT

NORWICH, England (Reuters)—Patience, the perfect butler, is behind bars because of his lack of patience and his greed—two weaknesses which also lost him a fortune and a chance of becoming lord of one of England's statelest manors.

A high court judge here sentenced 46-year-old Rodwell Clifford Patience to six years for stealing family heirlooms from his dying master, Capt. Noel Thornhill, of ancient Diddington Hall.

"You were in a position of great trust," the judge told the butler. "You were treated with great generosity by your master. You betrayed that trust grievously."

WEALTH BEYOND DREAMS

Patience, immaculate in a dark suit, bowed deferentially and said: "Thank you, my lord." Then he was led off to prison to ponder the loss of what his lawyer called "wealth beyond his wildest dreams."

For under Thornhill's will, the butler would have inherited the vast Diddington estate in Huntingdonshire, more than £10,000 in cash, an annual income of £500 and a yearly allowance to care for the hall's dogs, three cars and his master's large wardrobe.

Thornhill made Patience the chief beneficiary under his will as a reward for 27 years of faithful service.

Although Patience earned only £5 a week, he was never short of money. He boasted his master had given him more than £100,000 "in one way or another," 30 cars in the space of several years, and a luxurious £10,000 home of his own.

PATIENCE COULDN'T WAIT

Then to top it all, the squire told Patience about the wealth he would inherit under his will. But Patience couldn't wait for his master—for years an invalid—to die.

He began to steal family heirlooms from Diddington Hall. He teamed up with ex-convict Ellis Davies, who helped him market the stolen valuables. Davies was jailed Tuesday for three years.

Among the things Patience stole was a 400-year-old painting with a legend that anyone who tried to steal it would reap trouble.

The butler scoffed at the legend when he took the picture down off a panelled wall. But, unknown to Patience, Davies during questioning by police, said the butler intended stealing the painting.

Police lay in wait for Patience, stopped his car one day and caught him with the painting from Diddington Hall.

Soon after Patience's arrest, Thornhill died at the age of 74. The executors of his will promptly had the butler disinherited.

Marilyn Bell To Be Presented to Queen Prior to July Garden Party

LONDON (CP)—More than 60 Canadian debutantes and matrons will be presented to the Queen at the July 14 Buckingham Palace garden party.

The debutantes, including Toronto swimmer Marilyn Bell who will be in Britain for a channel swim attempt, will appear before the Queen, curtsy and pass on. In accordance with custom, the names of the married women will just go down in the records, but it counts the same socially.

Later, the Queen, the Duke of Edinburgh and other members of the Royal Family will stroll across the crowded palace lawns to take tea and chat informally with some of the hundreds of British and Commonwealth persons attending the party.

Parents of debutantes, if in London, are permitted to be in the room where the girls pass before the Queen.

A number of the married women being presented are the wives of officers with the Canadian joint staff in London. Debutantes to be presented include Wendy Egbert of Calgary, daughter of Mr. Justice William Egbert of the Alberta Supreme Court and Kathleen Halton, daughter of Canadian radio commentator Matt Halton in London.

Here are the remainder of the western Canada debutatnes:

Alberta—Patricia Maitland, Geraldine Mason, Edmonton, Iseult Gunning, Peace River.

British Columbia — Elisabeth Creery, Victoria, Gail Robinson, Dorothy Kergin, New Westminster, Loraine Spencer, Esquimalt, Ruth Kidd, Dorothy Hobbs, Angela Wood, Vancouver.

Married women being presented include Mrs. Harold Dew, Vancouver, and Mrs. Ward Rennie, Kelowna, B.C.

Hooker Chemicals to Start Work on Coast Chlorine-Caustic Soda Plant

VANCOUVER (CP) — Hooker Chemicals Ltd. of Vancouver Tuesday announced it will start construction almost immediately on its proposed $11,000,000 chlorine-caustic plant in North Vancouver.

The decision to proceed with construction of the first chemical plant of its kind on the B. C. coast was announced here by R. Lindley Murray, president of Hooker Chemicals and of Hooker Electrochemical Co. of Niagara Falls, N. Y.

Clearing of the 75-acre site just east of Second Narrows bridge will start shortly. The plant is expected to be in operation early in 1957.

Chief customers of the plant will be the pulp industry, oil refineries, adhesive manufacturers for the plywood industry and chemical producers in B. C.

The B. C. Electric Co. will supply power for the plant and a half-mile spur line will be built by the Canadian National Railways.

Salt, the major raw material of the plant's operations, will be shipped here by boat.

About 100 men are expected to be employed in the plant.

Claim Uranium Find In North Dakota

WASHINGTON (AP)—A North Dakota group Wednesday claimed it has discovered a big uranium deposit in the state. It said the finding has been confirmed by an Atomic Energy Commission engineer's preliminary check.

The group conferred with Senators William Langer and Milton Young, North Dakota Republicans, and with D. M. Kentro, an AEC engineer, and Edward Heller, a staff member of the joint committee on atomic energy.

Dr. H. A. Wheeler of Mandan, N.D., chairman of the board of the Manidon Mining Co., told a reporter after the conferences that a geologist it employed stated the find was the largest in the U. S. outside of the Colorado plateau.

Lady Churchill Falls, Breaks Her Wrist

LONDON (Reuters) — Lady Churchill, wife of the former prime minister, broke her left wrist when she fell downstairs at her London home Tuesday night, it was revealed Wednesday.

Lady Churchill is 70. The accident happened at the Churchills' Hyde Park Gate home.

DEATHS

Toronto: Edwin Davis, 62, vice-president and general manager of Dominion Flow Meter Co.

London: Sir Charles McLaren, 56, the man behind Britain's armament drive during the Second World War.

U. S. Industry Prepares to Meet GAW Appeal

WASHINGTON (CP) —The guaranteed annual wage adopted by Ford may bring a rush of labor-management appeals to state legislatures for revisions of the rules governing employment compensation, especially if it spreads in industry.

In only a handful of states have the issues been raised, but in most of these the laws have been interpreted as forbidding payment of state unemployment compensation simultaneously with guaranteed annual wage benefits.

That is because guaranteed wage payments have been construed generally as wages paid by the employer, even when the worker is idle. And when employees are getting wages they usually don't qualify for state unemployment benefits if the wages exceed the amount payable under unemployment compensation.

MAY ALTER LAWS

The agreement reached by the CIO United Auto Workers and Ford Motor Company Monday provides for guaranteed wage payments to supplement unemployment compensation. The worker would get 60 to 65 per cent of regular pay for six months after the layoff.

CIO president Walter Reuther and Ford's chief negotiator, John Bugas told reporters in Detroit they were confident that the state laws and administrative rules can be altered to permit Ford's wage guarantee plan to take effect on schedule a year from now.

But to date only one state, New York, has a court ruling which permits joint payments. In other cases — mostly administrative findings rather than court decisions—combined payments have been barred.

Round Up 6 Burglary Suspects at Coast

VANCOUVER (CP) — Six burglary suspects were arrested overnight, bringing to eight the number held in a police crackdown on east end crime here.

The arrests, largest roundup here in recent months, led to recovery of $2500 worth of clothing stolen during a weekend robbery.

German Brewers Mad as Hops

MUNICH (AP) — West Germany plans to set up an atomic pile near Munich and Bavarian brewers are made as hopes about it.

The pile is to be small, for industrial research, and hardly powerful enough to do anything but quietly react.

Just the same, the men who make this the beer capital of the world are uneasy.

H. Eisenberger, deputy president of the Bavarian Brewers Association, voice public concern Wednesday over the project.

NO DANGER TO BEER

Waste water from an atomic pile might make the hop crop come a cropper, he claimed.

Not so, said Bavaria's culture minister, August Rucker. There is no danger that Bavarian beer—or anything else—would be adversely affected, he said.

But Eisenberger commented: "We wouldn't want people to think that our fine Bavarian beer contains a little atom bomb," he told a brewers meeting. There are some schools of thought which contend that Bavarian beer already has a little atom bomb in it.

DELEGATE TO FAIR LEAVES SUDDENLY

TORONTO (CP)—Joseph Brousek, national vice-president of the anti-Communinst Canadian Czechoslovak Association, said Wednesday he has learned that a member of the Czechoslovakia trade fair delegation has been sent back to Czechoslovakia because he expressed a desire to remain in Canada.

Mr. Brousek, who did not name the official because of a fear his family would suffer, said the official told him "I wouldn't mind staying in Canada."

The Toronto Czech community leader said that the Communist official, whom he befriended last week, admitted to him that "conditions here in Canada are far better than in my homeland."

Mr. Brousek said he went to the Canadian International Trade Fair Tuesday to tell the official he was willing to assist him in seeking political asylum in Canada.

Mr. Brousek said members of the Communist delegation informed him in a brusque manner that "he is probably on his way to Czechoslovakia."

Chrysler Overnight Work Stoppage Ends

WINDSOR, Ont. (CP)—An overnight work stoppage involving 2700 production workers at the Chrysler Corporation of Canada plant here ended Wednesday when the day shift reported for work.

The stoppage began Tuesday night when 37 workers on the motor production line at the factory left their jobs to protest what they called "unsafe and unsatisfactory" working conditions.

The company promptly sent 2700 other production line workers home although about 2500 men in other departments in the plant in which the walkout occurred were not affected.

An official of Local 195, United Automobile Workers (CIO-CCL) said the walkout was not authorized "in any way" by the union executive.

Steelworkers Demand Wage Raise But GAW Barred by June Contract

PITTSBURGH (AP)—The United Steelworkres Union (CIO) Wednesday carried its demands for a sizeable wage increase to two more of the largest American basic steel producers.

Union president David J. McDonald continued in personal charge of negotiations as the USW brought its wage requests before officials of the Bethlehem and Republic Steel Corporations. Bethlehem and Republic are the second and third largest producers respectively.

The demands are the same as those McDonald presented Tuesday in the opening steel wage talks with United States Steel Corp., the leading producer. Sessions with others of the "big six," who employ about two-thirds of the 600,000 basic steel workers in the U.S., are slated for Thursday and Friday.

Observers say McDonald's demands amount to approximately 25 cents an hour more than present average earnings of $2.33 an hour. The negotiations are limited, under a reopening clause in a two-year contract signed last June, to wage rates only. That bars demands for a guaranteed annual wage.

RCMP Saves Duncan 10 P.C.

DUNCAN, B.C. (CP)—City council estimated Tuesday they effected a 10 per cent saving in police costs by signing a two-year contract with the RCMP. City signed the contract at the new scale of $2379 per officer.

Convertible Issues Again Outstanding

MONTREAL (CP) — Convertible issues were again outstanding in generally quiet trading on Montreal bond markets Tuesday.

The BA Oil 31½s of '62 moved up 2 points to 113b, while the 3½s of '61 improved a point to 140-142b; the CPR 3½s of '66 and 4s of '68 were both a point stronger at 112b and 115b, respectively.

On the government market, the short-term Canadas were improved. Long terms were generally ⅛ firmer throughout the list.

Successor To Irvin . . .

Toe Blake To Coach "Fighting" Canadiens

By W. R. WHEATLEY

Canadian Press Staff Writer

MONTREAL (CP) — Hector (Toe) Blake Wednesday signed a one-year contract to coach Montreal Canadiens and promised that his old National Hockey League club will continue as a colorful, fighting team.

The man who toiled with Canadiens for virtually 12 full seasons and became one of the greatest left-wingers in the game succeeds veteran Dick Irvin. Blake played under Irvin for eight seasons and acclaimed him as the greatest coach he has known. Irvin, now 62 and 20 years older than Blake, moves on to Chicago Black Hawks under a two-year contract.

When asked the duration of the contract, managing director Frank Selke grinned and said: "One year, but it will be for a lifetime." Blake's salary was not announced.

After the meeting broke up Blake said his first job will be to "study the roster of the club." He gave no indication of any possible deals in prospect.

Selke said he has known Blake since Toe was 18 and had tried to get him—while Selke was in Toronto—for Toronto Marlboro juniors. "But it's a good thing we didn't because he would have wound up with Toronto Leafs."

FILLING BIG SHOES

"I am stepping into a big pair of shoes in taking over from Dick Irvin," said Blake. "I have always considered him the best in the league. With the help of Mr. Selke and Ken Reardon and the players we will continue to keep Canadiens' hockey name on top. The team won't let the fans down."

"I am not going to promise a Stanley Cup but we will continue as a great fighting club.'

Blake was born in Victoria Mines, Ont., Aug. 12, 1912. He played junior hockey with Sudbury and senior hockey with Hamilton Tigers. He turned professional with Montreal Maroons in 1934-35, playing three games. He went to Providence of the Canadian-American League in 1935-36 and was sold to Canadiens later that season.

He remained with Canadiens until Jan. 10, 1948, when he suffered a double fracture at the joint of the right ankle and leg.

Since the end of his playing career in 1948, Blake has coached the Houston Texas Huskies of the U.S. Hockey League, the Buffalo Bisons of the American Hockey League, and the Valleyfield Braves of the Quebec Senior Hockey League.

In the NHL Blake won the Hart trophy in 1938-39 as the most valuable player and the Lady Byng trophy in 1945-46 as the player best combining ability and gentlemanlike conduct.

He led the NHL in scoring in the 1938-39 season.

Blake was among the top 10 NHL scorers six times. His lifetime NHL record is 235 goals and 292 assists for 527 points. In playoffs he scored 25 goals and 37 assists.

Newcombe Wins 10th Game

By ED WILKS

Associated Press Sports Writer

Don Newcombe, one of the big guns who misfired in Brooklyn's 1954 pennant failure, became the first pitcher to win 10 games in the major leagues this season as he tossed a neat four-hitter Wednesday night to beat Cincinnati Redlegs 3-1 and remain unbeaten.

The big righthander, who was only 9-8 last season, was quick and effective despite rain and cold weather. He didn't walk a man, struck out seven and retired the last 16 men he faced.

By winning, the Dodgers picked up another full game and now lead the National League by nine games. The runner-up Chicago Cubs lost at Pittsburgh on Dale Long's ninth inning home run 2-1. And New York Giants reclaimed third place from Milwaukee in a day game, beating the Braves 5-4 in 10 innings.

Rain stopped St. Louis at Philadelphia, but the Cardinals took over full control of fifth as Cincinnati slipped from a tie.

In the American League, Chicago White Sox retained second place although beaten by Baltimore 3-2 in a day game as Cleveland lost to Boston 5-4 in 12 innings under the lights.

YANKS LOSE AGAIN

The first-place New York Yankees failed again to gain ground, losing their second straight at Detroit 3-1. And Kansas City scored a run in the ninth to beat Washington 3-2.

It was all Newcombe at Brooklyn. He singled and doubled, scoring once and driving in a run, in the Dodgers' 10-hit attack that gave Gerry Staley a 4-4 record. Frank Kellert's wind-blown pop fly that dropped for a double scored the winning run in the fourth.

Ted Kluszewski parked his 16th homer over the right field screen for Cincinnati's lone run.

At Pittsburgh, Long's solo shot with one out in the final frame came off Jim Davis, who appeared after starter Bob Rush — who fanned eight — was lifted for a pinch-hitter in the top of the ninth. Long also scored the Bucs' other run, hitting a double and coming home on George Freese's single in the second. Ron Kline was the winner.

The Giants almost booted away their game, committing two errors as the Braves tied it a 4-4 in the ninth with just one hit. Ray Crone, fifth Milwaukee pitcher, was the loser, getting tagged for a pinch single by Bobby Hofman that drove home the winning marker in the extra frame.

WIN ON HOMER

Hoot Evers' bases-empty homer in the eighth beat the White Sox and Jack Harsham, who allowed just four hits. Don Johnson won it, looking good in relief of Harry Byrd from the third inning on.

Cleveland tied the Red Sox at 4-4 on a Vic Wertz home run in the ninth, but Jim Piersall doubled and scored on an error in the third extra inning as the Indians lost their fifth in six games. Homers by Ralph Kiner and Al Rosen accounted for the other three Indian runs, while Gene Stephens hit one with two on for the Bosox.

Detroit beat the Yanks with two runs in the fourth on an infield out and Bill Tuttle's single after Bob Turley had walked the bases full. Turley, losing his fourth, walked 10 and fanned five matching the league high of 92 strikeouts by Cleveland's Herb Score — before leaving in the seventh. Frank Lary went all the way for his sixth victory.

At Kansas City, Enos Slaughter delivered a pinch single to score Gus Zernial, who had walked and moved to third on Harry Simpson's base knock. A second-inning homer by Clint Courtney with Johnny Groth on base provided Washinton's runs. Both Courtney and Groth were picked up Tuesday by the Senators in a trade with the White Sox.

Norris To Be Garden Manager

By MURRAY ROSE

NEW YORK (AP)—Jim Norris, multi-millionaire boxing promoter and part owner of Chicago Stadium, will take over as president of Madison Square Garden today.

The tall, husky president of the International Boxing Club will succeed Brig.-Gen. John Reed Kilpatrick with the latter moving up to the chairmanship of the board of directors.

Because Norris is a partner in the Chicago Stadium which owns the National Hockey League Black Hawks, Gen. Kilpatrick said a new corporation would be set up to run New York Rangers, another NHL club, owned by the Garden.

"I will be president of the Rangers and Mr. Norris will not be an officer," said Kilpatrick. "The Rangers will just be tenants of the Garden."

"I'll have no connection with the Rangers—no more than I ever had," said Norris. "I root for Chicago Black Hawks."

REPLACES GIMBEL

As the Garden's board chairman, Kilpatrick will replace Bernard Gimbel, department store owner, and will have a more active role, said Norris. The board of directors will also have its membership reduced from 15 to nine with the resignation of six directors, including Gimbel.

Gimbel has wanted to step down for "some years," to lighten his load of outside interests, both Norris and Kilpatrick said at a press conference Wednesday.

"This is no sudden move," said Norris, adding: "It is more practical to operate with a smaller group."

Norris said that the NHL does not permit ownership of two clubs and added that the six-club league has approved the change in the Rangers' setup.

Norris said he has no interest in the Detroit Olympia and the Red Wing hockey club owned by his two sisters and brother.

Norris and Kilpatrick both vigorously denied published reports that the resignations of the six directors had anything to do with Norris' testimony at boxing hearings that he knew Frankie Carbo, an underworld figure reputed to have a big say in the boxing business.

Ezzard Charles Decisions Holman

CINCINNATI (AP) — Ezzard Charles of Cincinnati, staying in close all the way, punched out an unanimous 10-round decision Wednesday night over Johnny Holman of Chicago. It was Holman's long right-handed shots that gave him a technical knockout over Charles, former world's heavyweight champion, in the ninth round of a bout in April in Miami.

Charles weighed 195½ to 202 for Holman.

Charles, boxing as well as he had in years, used all his 15 years' experience to outmanoeuvre the 27-year-old Chicagoan completely at times.

Holman, a terrific puncher, never quit trying and repeatedly shot his long right over Charles' left in an effort to repeat the April 27 knockout.

The former champion never was in trouble. Holman, on the other hand, was stunned with a hard straight right in the third round and was hurt again in the fourth and fifth from terrific left hooks.

Leafs to Trail For Night Game

Second West Kootenay baseball league game will be played in Trail tonight when the Nelson Maple Leafs travel to Trail to take on the Smoke Eaters in Butler Park.

Smoke Eaters will play a double header against the Leafs Sunday afternoon in Nelson. Leafs won their opening game here last week against Fruitvale 8-0.

Canadian Rugby Clubs Bank on Capacity Crowds as Costs Soar

By JIM BASTABLE

Canadian Press Staff Writer

The cost of living in Canadian professional football has skyrocketed to such a peak that the spectre of bankruptcy may hang over any big-league team that can't sell plenty of advance tickets.

Clubs in the Western Interprovincial Football Union and the Big Four need from $275,000 to $400,000 in the cash box to stay out of the red this season. A Canadian Press survey shows they must average from 15,000 to 20,000 paying customers a game to break even.

The teams are loosening the bankrolls in the scramble for high-priced United States imports and top-flight Canadian players. That means increased budgets.

LIONS' BIG BUDGET

Take Vancouver Lions, for instance. Lions, who finished last in their first season in the WIFU last year, will have one of the biggest budgets in the country. They will add nearly $100,000 to the $435,000 they spent in 1954.

This means that Lions, if they don't play any exhibition games, must average 20,000 fans for every league game just to make the books balance. They averaged 16,000 a game last season. So far, Lions have sold about 9,000 tickets to season subscribers.

The club is aiming at an advance sale of 13,000 tickets for Empire Stadium, which can handle a 25,500 crowd without supplementary bleachers or standing room.

In the East, the new-look Toronto Argonauts probably will have a budget of $300,000 or more. It's not hard to arrive at that figure.

Eighteen Canadian players, at eastern rates of pay, get an average salary of $4,000. That's $72,000. Ten imports average $10,000. Coaching costs are $45,000. And equipment, railway tickets, meals and hotel accommodation still have to be sought.

Although Montreal Alouettes, who spent a bundle in building up a powerful team that went to the Grey Cup final last year, have not disclosed their 1955 budget, it undoubtedly will run over $250,000.

Hamilton Tiger-Cats haven't struck their 1955 budget but there's little doubt they'll need an average of 15,000 a game to come out even. Tickets at 19,200-capacity Civic Stadium range from 50 cents to $3.50.

FIGURE ON DEFICIT

Ottawa Rough Riders, who finished last in the Big Four in 1954, are figuring on a deficit of about $40,000 this year. To break even on their $280,000 budget they must average 14,500 fans a game.

In the West, Winnipeg Blue Bombers lead the five-team league in advance ticket sales. They have sold 13,000 advance tickets to each of their eight home games. Winnipeg Stadium capacity is 19,000.

Edmonton Eskimos, Grey Cup champions, have sold 11,300 tickets, with an objective of 12,500. Stadium capacity is nearly 20,000. Saskatchewan Roughriders have sold 7,200 tickets, filling half their stadium. Calgary Stampeders have sold at least 6,000 advance tickets.

Rain Curtails Canada Cup Play

WASHINGTON (CP) — Eve-of-tournament practice for the first Canada Cup international golf championship held outside Canada was seriously curtailed Wednesday night by a heavy thunderstorm.

Only 10 of the 50 competitors ventured out on the rain-swept Columbia Country Club course.

The Canadian pair, Stan Leonard of Vancouver and Pat Fletcher of Saskatoon, will play the first 18 holes with the Egyptian team.

Following today's play each player will compete for the 72-hole low medal score, first-prize money of $2500 and an international trophy. Each player is assured of an honarium of $500 plus any prize money he might win. All expenses are paid by the International Golf Association.

The Canada Cup goes to the two-man team turning in the lowest combined score.

Holman Seeking $17,572 Back Pay

NEW YORK (AP) — Basketball coach Nat Holman has filed a claim against the city for $17,572 in back pay and interest during the period he was suspended because of a basketball scandal at the College of the City of New York, it was disclosed Wednesday.

The state commissioner of education ordered his reinstatement in August, 1954, with pay. He had been suspended Nov. 18, 1952, with out pay.

SWAPS, NASHUA RACE "PROMISING"

CHICAGO (AP) — A match race between Swaps, Kentucky Derby winner, and Nashua, victor in the Preakness, is in "the discussion stage and looks promising," a racing executive said Wednesday.

The race would be fore a $75,000 purse, winner take all.

UBC Rowing Crew Leaves For Henley

VANCOUVER (CP) — British Columbia's eight-man rowing crew left International airport at 7:45 a.m. Wednesday for Henley, England, and the Royal Henley Regatta.

The University of British Columbia crew will be the first Canadian group to compete for the Grand Challenge Trophy in the regatta, June 29-July 2.

Accompanying the crew are coach Frank Read, manager Don Laishley of Nelson, and Vancouver Rowing Club official Nelles Stacey, who is acting as tour manager.

Little Mo To Be Married This Week

SAN DIEGO (AP) — Maureen Connolly, who becomes a bride this week, said Wednesday she was renouncing tennis forever, except as a pastime.

"I will just be too busy," she said.

Her voice and manner expressed the same seriousness of purpose that made her U.S. women's tennis champion at 16 and carried her on to most of the world's important titles.

At 20, she is abdicating the coveted all-England crown and others she still holds, to marry Norman Brinker, 24, Saturday.

She announced her retirement last Feb. 23, along with the June wedding—saying: "I just don't enjoy playing any more. I've lost that old spark."

Ace Marine Concludes Queen's Plate Trials

TORONTO (CP) — Larkin Maloney's good colt Ace Marine breezed an easy mile in 1:42 3-5 Wednesday to conclude serious workouts for the 96th running of the Queen's Plate Saturday at Woodbine Park.

Ace Marine won two of his six starts last year, was second once and third twice. He is one of the favorites for the $20,000-added stake at 1¼ miles. He will be ridden by jockey George Walker.

Jockeys now have been engaged for all but one of the 17 three-year-olds expected to start in the oldest continuously-run stake in North America. Two, Pat Remillard and Johnny Dewhurst, have won the race previously. Remillard guiled Paolita to an upset win in the sloppy 1943 race and Dewhurst rode Kingarvie to victory in 1946.

Rome Likely Site Of 1960 Olympics

PARIS (AP) — There is an unwritten but seldom mentioned rule governing the Olympics that the summer games should be held in Europe at least two-thirds of the time.

If the rule governs again June 16 when the 1960 games site is selected—and there is no apparent reason that it will not—then either Rome, Lausanne, Brussels or Budapest should be selected as the site. They are the only European cities who have formally asked for the games.

Sixty members of the International Olympic Committee were assembling in Paris Wednesday for the 50th committee meeting to pick both the 1960 summer and winter games sites. Various meetings will continue until June 19.

One of the Olympic officials said "Rome and Lausanne are certainly the leading cities asking for the games. Of the two Rome has the better chance."

IKE GREETS GOLFERS

WASHINGTON (AP)—President Eisenhower Wednesday greeted players in the International Golf Association tournament for the Canada Cup opening here today.

He shook hands with the players and expressed the hope that "everybody breaks par."

KILLED WHILE SWIMMING

WEST VANCOUVER (CP) — Wendy Mortimer, 11, of West Vancouver was killed while swimming here Wednesday night when she was crushed between two breakwater logs.

Police said the girl was swimming at John Lawson park and passing between the logs when the wash from a passing boat sent them crashing together. She was dead on arrival at North Vancouver hospital.

An autopsy is scheduled today and an inquest will be held later.

Yanks Win Slocan Little League Opener 12-11

SLOCAN CITY — Yanks defeated Cards 12-11 in the opener of the Little League Baseball season here.

J. Doi, ho started on the mound for the Yanks, pitched steady ball until being relieved by D. O'Neil in the fourth. T. Fujubayashi started for the Cards and was relieved in the third by T. O'Neil, captain. Doi got credit for the victory, Fujubayshi was the loser.

Doi was also top hitter with three for three, two doubles and a single. T. Ward's long triple to left field was the best hit of the night. The Cards' T. O'Neil drove in five runs while Doi and Ward drove in four each for the Yanks.

Doi struck out five, D. O'Neil four, Fujubayashi two, and T. O'Neil four.

Next Little League action here will see the Cubs in action against the Yanks or Cards.

PODBIELAN HURLS 4 INNINGS WITH BROKEN WRIST

CINCINNATI (AP) — Bud Podbielan pitched 4 1/3 innings against Brooklyn Dodgers Tuesday with a broken right wrist and will be out of action for eight weeks, it was learned Wednesday.

The Cincinnati Redleg righthander broke the wrist while sliding into second base in the third inning. He continued in the game, however, until being lifted in the seventh with one out.

British Cricket

LONDON (Reuters) — Close-of-play scores of Wednesday's cricket matches:

Middlesex 133 vs. Kent (to bat). Rain halted play.

Derbyshire 36 for 3 vs. Gloucestershire. Rain halted play.

Sussex 251, Northamptonshire 21 for no wicket.

Essex 124, Hampshire 148 for seven.

Oxford University six for no wicket vs. Leicestershire. Rain halted play.

Worcestershire vs. Royal Air Force. No play, rain.

Nottinghamshire 139 for 8 vs. Glamorgan. Rain curtailed play.

Warwickshire vs. Lancashire, no play, rain.

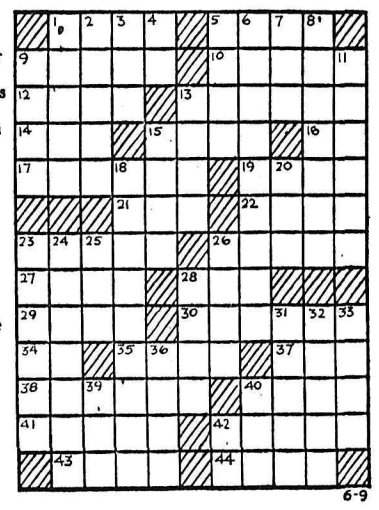
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Market Trends

NEW YORK (AP) — — The third straight record high mark was established Wednesday by a moderately advancing stock market.

Strong gains by a sizable list of individual issues were a feature of the session.

Canadian issues were generally higher. Gains included McIntyre, up a point, International Nickel, up ⅜ and Distillers-Seagrams, up ⅛. Canadian Pacific was unchanged.

TORONTO (CP)—Trading roared along at the fastest pace in almost two months at the Toronto stock exchange Wednesday.

Final volume, at 9,947,000 shares, was the heaviest since April 21.

Most uranium and lower-priced mining issues, which accounted for the biggest part of the heavy turnover, made moderate gains but many issues dropped in profit-taking.

MONTREAL (CP)—Prices gained strength at the close of very active trading on the stock market Wednesday.

Mines were irregularly higher as traded shares hit the million mark. Rayrock was 60 cents higher and Consolidated Sudbury up 50 cents.

Oils moved to higher ground with Great Sweet Grass advancing 65 cents.

LONDON (Reuters) — With sentiment influenced by hopes of an early settlement of the rail strike and the overnight strength of Wall Street, the boom in the London stock market continued Wednesday. Spasmodic profit-taking made no marked impression.

The stock position was acute in the better class issues and only small buying orders were sufficient to push prices up.

Calgary Livestock

CALGARY (CP)—On offer up to 11 a.m. Wednesday: 710 cattle, 12 calves. Tuesday's sales: 1073 cattle, 33 calves, 707 hogs, no sheep.

The cattle market was under pressure and most classes sold from 25 cents to $1 lower than the earlier week's trading.

The greatest loss was in butcher cows. All classes showing dropped 50 cents to $1.

Choice steers 18.75-19.25, good 17.75-18.25; medium 16.50-17.50; common 14.25-16.25; choice heifers 17.25-18, good 16.25-17, medium 15-16, common 13.50-14.75.

Choice fed calves 18-18.50, good 17-17.75, medium 15.75-16.75; good cows 13-14; medium 11.75-12.75, common 10.25-11.50, canners and cutters 6.50-10; good bulls 14-14.50, common to medium 10-13.50.

Stocker feeder cattle generally steady; good feeder steers 17-17.75, good stock steers were 16-17, common to medium 14.50-15.50.

Veal calves: Insufficient numbers on sale to establish reliable quotations.

OLD LANGUAGE

The Dutch language is a West Germanic language of Saxon origin, closely akin to Old English.

St. Laurent Mum On Pipeline

OTTAWA (CP)—Prime Minister St. Laurent sidestepped questions Wednesday of whether the cabinet has come to any decision on a change in pipeline policy.

He told reporters after a cabinet session that a great number of problems had been discussed but that no decisions had been taken that could be announced.

He made that reply when asked specifically whether the ministers touched on the pipeline issue, but he declined to amplify further.

It is known, however, that Trade Minister How is supporting a proposal by Trans-Canada Pipelines Limited which in its immediate effect would mean ditching the government's 1953 decision to back construction of an all-Canadian natural gas pipeline.

WOULD SELL TO U. S.

Trans-Canada, which has had difficulty financing an all-Canadian line, has proposed building the Canadian western link from the Alberta fields to Manitoba and from there selling it to the Tennessee Gas Transmission Company for sale in western U. S. markets.

Tennessee, in turn, would seek permission to ship American gas into eastern Canada to supply whatever eastern markets develop.

The cabinet is believed divided on the all-Canadian versus continental supply scheme. Mines Minister Prudham, for one, is believed to oppose strongly any shift from an all-Canadian policy.

CPR Announces Promotions

WINNIPEG (CP) — Promotions and appointments of Canadian Pacific Railway freight officials were announced here Wednesday.

Norman F. Cowie of Vancouver was named assistant freight traffic manager at Winnipeg to succeed J. N. McPherson. He will take over the area from western Alberta to the Head of the Lakes.

Mr. McPherson will take over the supervision of ocean shipping for all Atlantic ports and the traffic through Pacific ports to and from Quebec.

E. E. Bartlam of Calgary has been appointed general freight agent for the Pacific region. He served as division freight agent in Saskatchewan and Alberta prior to his new appointment.

W. H White of Vancouver, freight agent for the B.C. Coast Steamships, will succeed E. J. Wood in Winnipeg as division freight agent.

Toronto Man Heads Gas Association

NIAGARA FALLS, Ont. (CP)—Percy Walter Geldard, a Toronto gas company executive and professional engineer, Wednesday was elected president of the Canadian Gas Association at its annual meeting here. He succeeds S. B. Severson of Buffalo, president of the Dominion Natural Gas Company.

Mr. Geldard, 51, is engineer of distribution for Consumers Gas Company, Toronto.

H. L. Purdy of Vancouver, executive vice-president of British Columbia Electric Co., was elected second vice-president.

Kamloops Hospital Asks Larger Staff

KAMLOOPS, B.C. (CP) — Increased service in hospitals was called for by the medical staff of the Royal Inland Hospital at a special meeting with the board of directors.

Directors and doctors discussed the recent order of the provincial government freezing costs to the 1954 level.

The 17 doctors present said reducing services in hospitals by reducing costs was "a retrogressive step."

Medical science is advancing at such a pace that more services are required, they told directors.

Royal Inland hospital is one of three in the province which has not signed a 1955 wage agreement with non-professional employees.

Directors said there was not much point in continuing negotiations for wage increases due to the government order.

Cranbrook Man Elected . . .

Outlook Brighter for Pensioner, Laing Says

VANCOUVER (CP) — Old age pensioners are the "experimental generation," Arthur Laing told them here recently.

The leader of the B.C. Liberal party said the future looks promising for pensioners, thanks to work being carried on today.

Speaking to delegates to the second annual B.C. Senior Citizens' Association, Mr. Laing said "one-third of today's population are covered by company pension provisions. This alone is a strong indication of better things to come."

George F. Edwards celebrated his 77th birthday at the convention by being re-elected president at the conclusion of sessions.

Louis C. Bonnier of Cranbrook was re-elected vice-president and Rev. Otto P. Georgeson of New Westminster was elected second vice-president.

As the convention closed, delegates called for the resignation of the *Public Utilities Commission*, in which they voted "no confidence" because it "consistently granted increases in transit fares sought by the B.C. Electric."

FREDERICTON (CP) —A Fredericton woman now resident in Ottawa, Mrs. Ester Clark Wright has written a book titled "The Loyalists of New Brunswick" tracing the settlers from the old American colonies. The work lists 6,000 names of Loyalist families.

The Gothic cathedral at Leon in northwest Spain dates back to the 12th century.

Paper Workers Go On Strike, Minn.

INTERNATIONAL FALLS, Minn. (AP) — All production work was closed down Wednesday when some 1300 CIO production workers went on strike against the Minnesota and Ontario Paper Co. in a contract dispute.

About 600 AFL union members employed at the plant were honoring picket lines.

Members of Local 33, International Woodworkers of America (CIO) voted 500 to 171 Tuesday night to reject a management contract offer.

Lloyd Walls, head of the CIO union, said the offer was turned down because it was "inadequate," although substantially the same as that accepted recently by the AFL workers.

The AFL group signed a new contract calling for a general four-percent pay boost, more vacation allowances and additional fringe benefits.

PHONE 1844 FOR CLASSIFIED

Ike Has Faith in Loyal Adenauer

WASHINGTON (AP)—President Eisenhower said Wednesday he has the utmost confidence that West Germany's Chancellor Adenauer will stand by the Western World in any dealings with Russia.

Eisenhower made the comment at a present conference in taking note of Moscow's bid for establishment of diplomatic and trade relations with Western Germany. The Kremlin invited Adenauer to visit Moscow to discuss those matters.

Eisenhower said it is only natural that Russian would extend such an invitation, in view of what the president terms recent developments in western Europe.

He added that the decision whether Adenauer accepts is one which must be made exclusively by West Germany.

The president said he knows the German leader will stand by his allies and friends.

British Paint Plant Explodes

SLOUGH, England (Reuters) — A paint factory blew up here early Wednesday, causing widespread blast damage in the area.

The explosion, one of the biggest in Britain since the enemy attacks of the Second World War, woke the sleeping town.

Hundreds of windows were shattered, walls cracked, doors blown off their hinges — but only three persons were injured, including one fireman.
