Malenkov Butt Of Criticism

Former Premier Raked Over Coals by Deputy Premier Over Power Output

MOSCOW (AP)—The boss of Soviet state planning sharply criticized former premier Georgi M. Malenkov's ministry of electric power stations Friday for dragging its feet on putting new equipment into operations.

"The ministry of electric power stations is procrastinating too much with putting into operation new equipment and electric stations," first deputy prime minister Maxim Saburov wrote in an article for the Soviet press. "Because of this, 1,000,000 tons extra of fuel, in conventional terms, are consumed annually at high-pressure electric stations alone."

This was the first high - level criticism of the ministry since Malenkov took over just a year ago, after he declared himself inept in the premiership and resigned. The article revived speculation about the future of Malenkov, who succeeded Stalin in the premiership in 1953.

Malenkov already has spoken in the current 0th Soviet Communist party congress. He followed the policy laid down by party boss Nikita Khrushchev, including the concept of all-out priority for the development of heavy industry over consumer goods. Malenkov's name has been identified in the past with an attempt to give priority to consumer goods.

Although Malenkov sat with the ruling party praesidium during the congress, and to all outward appearances remained a member of the "collective leadership," the criticism of his ministry by Saburov, head of the state planning commission, stirred curiosity concerning Malenkov's actual role at the moment.

New Creed for Moscow —Dulles

WASHINGTON (AP) — State Secretary Dulles said Friday the Russians are junking a 30-year policy of violence and intolerance and "bringing their system and habits closer to ours."

He took the stand that Moscow, while still aiming at world domination, has been forced to make a big change in methods because of the "unity, firmness and determination of the free world."

Dulles made the assertions to an overflow audience at a "back-to-bipartisanship" public hearing of the Senate foreign relations committee.

Stoutly defending the recent shipment of 18 light tanks to Saudi Arabia, Dulles gave a generally optimistic review of world affairs —highlighted by his statement that the Soviet Union is developing "at this minute in Moscow" a new "creed."

FIREWORKS BILL INTRODUCED

VICTORIA (CP) — A bill designed to control the use and sale of fireworks in B. C. was introduced in the Legislature Friday by Attorney-General Bonner.

It limits the sale of fireworks to certain short periods of the year while children under a certain age will not be allowed to set off fireworks without special permission of the local fire marshal.

The regulations would apply to the whole province with special provisions for unorganized territories.

POLICE ARE SEARCHING for Malcolm Butcher, nine, of Toronto who has been missing from his home for four days. He was last seen in the vicinity of a railway yard and it is feared he climbed into a boxcar and was taken to an unknown destination.
—Central Press Canadian.

TWO TRAINS STILL TRAPPED

Saskatchewan Continues To Dig Out of Snowdrifts

SASKATOON (CP) — Saskatchewan was still digging itself out Friday night from snow dropped over the province in a storm that raged from Sunday until early Friday.

Two mixed trains were still trapped in deep drifts but a third Canadian National Railways mixed train was free.

Approximately five inches of wet snow fell over most of Saskatchewan Thursday, boosting to 7½ inches the total since Sunday. Blizzard winds, blowing into drift snow that had fallen previously, aggravated the situation.

Bitter cold was reported over most of Saskatchewan and Alberta Friday. Although clouds were expected to keep temperatures Friday night higher than Thursday night, there was no sign of an end to the cold spell.

CNR officials at Saskatoon said Friday that only two main trouble spots remained although there was still considerable clearing to be done on four other branch lines.

Parliament Friday

By The Canadian Press

The grain loans and wheat storage bills received approval in detail and now await only formal final reading and Senate passage to become law.

The Liberal majority defeated 88 to 52 a Social Credit attempt to reduce the interest rate on the grain loans from five to three per cent.

The government dropped a section of the grain loans bill which the opposition contended could send farmers to jail for debt.

Stanley Knowles (CCF—Winnipeg North Centre) said the government is dragging its feet on voluntary recovable checkoff of union dues.

NUCLEAR PLANT EXPORT URGED

VICTORIA (CP) — Now is the time for Canada to manufacture and export complete nuclear power plants to the rest of the power hungry world, UBC physics professor G. M. Volkoff said Friday.

"If we are not careful," he told the natural resources conference underway here "we will find ourselves sending raw uranium abroad for processing into fuel, and buying it back in the form of complete power plants manufactured in England or the U.S."

Record Boom Budget for Alberta

HURLING SNOW about 100 feet over roadside, this provincial public works snowblower being tested on Ymir Road here makes short work of heavy snowfalls of past week and keeps Nelson-Nelway highway open. The powerful machine has been in use almost daily since it was brought here from Fernie two months ago and has been used also at Castlegar airport.

Expenditures To Rise $20 Million; Tax on Property Sales Abolished

Highways, Education to Take Large Portions of Budget

By PHIL ADLER
Canadian Press Staff Writer

EDMONTON (CP) — A record prosperity budget was brought down Friday night in the Alberta legislature.

It called for expenditures of $242,421,585—equal to about $227 for each resident of the province—for the 1956-57 fiscal year, an increase of nearly $20,000,000 over last year's figure.

There was one tax change, the unearned increment tax, applied to property sales, will be abolished. The tax netted the government about $1,300,000 annually.

However, the government will recover some of the lost revenue by increasing registration fees charged under the Land Titles Act. The last revision was in 1914.

Income from natural resources in oil-rich Alberta is expected to account for nearly half total revenues. Highways and districts roads are expected to eat up nearly a quarter of expenditures with education running a close second.

Alberta's prosperity was underlined by Provincial Treasurer E. W. Hinman in delivering his first budget since his appointment last summer. It was the Social Credit government's 21st consecutive budget.

The buoyant economy continued in 1955 "beyond the most optimistic hopes of most of us," said the farmer-car dealer and former municipal affairs minister.

Natual resources contributed to the economic well-being of the province, industrial expansion continued, employment was high, labor-management relations remained "exceptionally good," population increased more rapidly than ever and retail trade continued active.

The only sour notes in an economy that has expanded for 10 years were detected in mounting surpluses of agricultural products and increase in instalment buying.

An overall deficit of $5,000,000 was forecast for the full fiscal year 1955-56 which ends March 31, compared with $45,521,557 estimated in last year's budget.

$31 MILLION REVENUE INCREASE

Mr. Hinman budgeted for $208,760,610 in over-all revenues, an increase of $31,319,095 over last year. Natural resources will provide an estimated $97,022,000, up more than 25 per cent from 1955-56.

Expenditures, exclusive of statutory provisions, were estimated at $192,521,585 compared with $179,963,072 last year. Statutory provisions for loans, which the government considers expenditures, will amount to $49,900,000.

The minister estimated a surplus of $16,239,025 for the new fiscal year. However, the addition of statutory payments will mean the province must dip into its reserves for $33,660,975.

A total of $58,988,870, an increase of $2,000,000, will be spent on highways and district roads. Education, the second largest item, will absorb $41,389,660 and $28,054,450 will be spent on public health.

The 15,000-word speech said "ample provision" has been made to implement any "acceptable agreement" made with the federal government on health services.

PUBLIC DEBT REDUCED TO $88 MILLION

The province had total reserves of $270,489,729 at Dec. 31, 1955, and a total public debt of $88,506,574 provisions for loans ,which the 027,144 a year after Social Credit was voted into power in 1935.

Basing his calculation on a population of 1,066,000, Mr. Hinman estimated the per capita debt at $83.03 compared with $216.15 in 1936.

COPPER RUSH AT COBALT

Race to Copper Field Much Like Klondyke Days

COBALT, Ont. (CP)—Copper-crazy prospectors staking claims in these hereabouts are giving Cobalt a pulse like the Klondike's when gold was the lure in the 90's.

S. J. Mason, nearby Timiskaming mining recorder, says the Cobalt area has seen nothing like it since 1908, when silver drew prospectors by the hundreds. Cobalt is 80 miles north of North Bay.

The rush started just before Christmas, near Timagami—south of here. A valuable copper-field find already has spread across 12 townships and made seven persons independently rich for life—through selling claims they staked on their own land.

Copper is sought today as feverishly as uranium—and as gold was in the 1900s.

One of the newly-rich stakers is Mrs. Sophie Friday, an Ojibway Indian widow whose husband willed her a group of copper claims.

Mrs. Friday, a hunting-lodge proprietor, says her claims already have earned her $150,000 to $200,000.

WORST BLIZZARD HITS SPAIN

LONDON (CP)—The worst blizzards in living memory Friday piled a huge paralyzing snow blockade across northern Spain and Portugal.

The death toll in the last 25 days of Europa's bitter winter rose to 835.

Adenauer Ousts Rebel Democrats

BONN (AP)—Chancellor Konrad Adenauer Friday expelled the rebellious Free Democrats from the West German coalition government.

This was his quick revenge for the humiliating political defeat inflicted on him by the Free Democrats in the rich industrial state of North-Rhine Westphalia earlier this week.

Adenauer was able to throw out the FDP because he was assured of Socialist support for constitutional amendments without the help of the FDP votes.

It cleared the way for completion next month of pending legislation to put into effect the program of raising 500,000 troops for NATO.

Adenauer wasted no time in getting rid of the partners who had turned against him after six years in his government.

The decision was taken at a four-hour meeting of Adenauer's Christian Democratic union leaders.

An announcement said the 80-year-old chancellor would keep in the coalition only a breakaway group of 16 FDP members who remained loyal to his pro-Western policy.

Suspend Three Police Officers

VANCOUVER (CP) — Three constables were suspended from the Vancouver Police department Friday following allegation of an assault upon a prisoner held in the city jail.

Police chief George J. Archer said the suspensions, for an indefinite period, were ordered following three weeks' investigation.

The suspended officers are all first class constables and all had worked as jailers, he said.

The chief also said, "all the facts in the case" have been forwarded to city prosecutor Stewart McMorran.

Mr. McMorran will study the possibility of laying criminal charges against them, he said.

Hand Quicker Than the Eye?

BERLIN (AP) — Communist East Germany came up Friday with a reliable method of censoring movies: Holding a hand in front of the projector lens.

The satirical East German weekly, Eulenspiegel, said the technique was recently employed by an exhibitor in Doebeln, during a show for children.

The exhibitor had no suitable children's films, so he was forced to show an East German movie that was forbidden for youths under 16. He solved the problem by ordering the projector operator to hold his hand in front of the projector lens for some scenes.

Budget Surplus $179 Million

OTTAWA (CP) — The government finished the first 10 months of the 1955-56 fiscal year with a surplus of $179,500,000, Finance Minister Harris reported Friday.

In the same period of the 1954-55 fiscal year, the surplus was $123,100,000. At the end of nine months of the current fiscal year, the surplus was $56,100,000.

Mr. Harris last April forecast a deficit of $160,000,000 on the government's financial operations for the year but later scaled down this estimate by about half.

With two months of the fiscal year remaining — February and March—Mr. Harris has a surplus of $179,500,000 to work with. However, a lot of bills usually pile up at the end of the year.

Tim Buck Lauds Soviet Congress

MOSCOW (Reuters) — Tim Buck, leader of Canada's Labor-Progressive party, Friday told the Soviet Communist party congress "the work of your congress touches the hearts of the working people throughout the world."

Apart 28 Years, Couple United

VANCOUVER (CP) — A 53-year - old Hungarian - Canadian stood with tears in his eyes as his wife stepped down from a Trans-Canada Air Lines plane.

It was the first time in 28-years John Hagedus, a construction worker, had seen his wife.

Mr. Hagedus left his home in Markas in 1928 to come to Canada and make a home for his family. He had been married four years and had one daughter at the time. Shortly after he arrived in Canada a letter informed him a son had been born.

His wife wrote at the same time she was afraid to come to Canada. Mr. Hagedus continued urging his wife to join him, but when the war broke out the three couldn't leave Hungary.

In 1949 Mr. Hagedus made another attempt — through government channels—to bring his wife to Canada.

Last year the Hungarian Red Cross stepped into the picture and the final steps were started.

This week Mrs. Hagedus arrived at the International airport. The couple paused for a moment, whispered a few words of greeting, then broke down and wept with their arms around each other.

Gaglardi Gets Pat on Back From Premier

VICTORIA (CP) — Highways Minister P. A. Gaglardi was praised by his boss Friday as a man "of tremendous energy, a man who gets things done."

The government, said Premier Bennett, has "great confidence" in the minister of highways.

Mr. Gaglardi has been under criticism recently because of top-level resignations in his department and his decision to build a $17,000,000 tunnel under the south arm of the Fraser River at Deas Island against some engineering advice.

He was under more fire in the Legislature Friday during consideration of estimates for his department.

Liberal Leader Arthur Laing claimed there was general dissatisfaction throughout the province over the highway situation. The minister has "grossly overstated" his programs, Mr. Laing said.

Leo Nimsick (CCF-Cranbrook) said a letter of resignation from chief engineer Neil McCallum, tabled in the house by Mr. Gaglardi, was an "indictment" of the minister for his policies.

Mr. McCallum claimed in the letter that the highways department had been reorganized without him being consulted, with the result that his position had become "untenable."

Mr. Gaglardi said two department engineers who resigned at almost the same time as Mr. McCallum did so because they had received better offers from private industry. There was no correlation between the resignations, the minister said.

URGES JUMBO SURVEY

Randolph Harding (CCF-Kaslo-Slocan) urged the government to survey the Jumbo Pass route through the Selkirks for the Trans-Canada Highway. Residents of his district were alarmed, the member said, at the proposal to use the Rogers Pass route because of the threat of snowslides. Mr. Gaglardi said the department has not yet selected a final route.

CENTENARIAN DIES

PENTICTON, B.C. (CP)—Paul Terbasket of the Similkameen Indian reserve in British Columbia's southern interior died Thursday at the age of 110. Relatives said the oldtimer took part in cattle roundups until he was 100 years old.

Excommunication Could Follow Segregation Act

NEW ORLEANS (AP) — A Roman Catholic newspaper says Catholic lawmakers preparing measures to force race segregation in private schools are subject to automatic excommunication if the laws are put into effect.

Catholic Action of the South, in its edition dated Feb. 26 but made available Friday, also says excommunication may apply to those who worked for and voted for the measures and those who sought the aid of civil authorities to put the laws into effect.

Excommunication is the severest punishment imposed by the Church. The excommunicated person is barred from receiving the sacraments of the Church, including communion and the last rites.

Catholic Action of the South is the official newspaper of the archdiocese of New Orleans.

SEEK WAGE HIKE

VANCOUVER (CP)—More than 2400 bus drivers and other transit employees of the B.C. Electric Co. will demand a new wage contract next week, a union spokesman said Friday.

Denies Hospital, Doctors at Odds

VANCOUVER (CP) — Dr. Gordon Ferguson, executive secretary of the B.C. Medical Association, said here Friday there is no foundation to charges of friction between the Vancouver General Hospital Board and the Medical Profession.

Arthur Turner, CCF member of the Legislature for Vancouver-East, said in the house Wednesday that the hospital trustees have formed "a pyramid of power" which doctors are afraid to challenge.

Mr. Turner criticized the Board's bylaw which, he said, regards the use of hospital facilities by a doctor as "a privilege rather than a right."

Dr. Ferguson replied that while "no doctor has a right to practise in any hospital, it is a privilege which is seldom refused."

Scholarship Plan

TORONTO (CP)—A. V. Roe Canada, Ltd., announced Friday it is awarding 14 $500 engineering scholarships as part of a student-assistance program at three eastern Canada universities. Eight scholarships, an aircraft-design prize and the $3000 loan fund are being established at University of Toronto. McGill University, Montreal, and Queen's University, Kingston, each is to receive three scholarships.

B. C. Future to See More Power, Rich Mines, Another Smelter

VICTORIA (CP) — Here are highlights of the various talks presented Friday at the ninth annual B.C. natural resources conference underway here:

Placer gold mining will never regain its former prominence in B.C., but should gold be revalued, an increase in activity will be seen in the old centres, and some new discoveries may be made.

Preliminary mining estimates for 1955 indicate total value of mining in the province will be about $175,000,000.

Apart from oil and natural gas, it is expected mining will employ 15,000 persons and 7800 in the smelter by 1975.

By 1975 B.C. will likely have another smelter.

B.C.'s 30,000,000 marketable horsepower is worth about $400,000,000 per year in perpetuity.

By 1975 forecasts indicate a 450 per cent increase in existing horsepower of 12,500,000.

The B.C. Electric is expected to double its load within six years, and the B.C. Power Commission expects to treble requirements by 1961.

Elk on Vancouver Island are estimated to number between 1200 and 1500 head; big horn sheep are numbered at slightly more than 1000 throughout the province.

Last year it was estimated there were 685,000 waterfowl wintering in B.C.

In 1954 there were 91,350 firearm licences issued in B.C., compared with 41,360 in 1930.

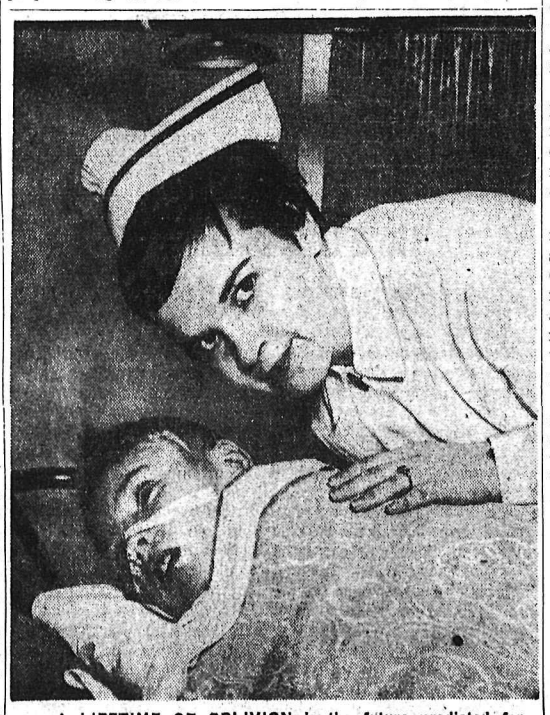
At last figures, resident hunters in B.C. purchased about $5,800,000 in equipment and transportation.

Fur bearing animals are a direct source of income to 2760 registered trappers and 3000 Indian trappers in B.C.

Approximately 130,000 anglers are licenced in B.C. yearly, and about 25,000 more who fish non-commercially in the ocean.

Catch of freshwater fish in 1955 was more than 8,000,000 fish.

In 1954 anglers spent $11,100,000 in the province while those who fished in salt water spent an additional $4,500,000.



A LIFETIME OF OBLIVION is the future predicted for 10-year-old Michael Oates of Hamilton, Ont. At St. Joseph's Hospital he has been staring at the wall for six months, his brain injured in an automobile accident which took his father's life. Doctors say he may live a normal life span, but will never regain consciousness. Nurse Julie Mulvaney is attending him.
—Central Press Canadian.

And in This Corner...

VANCOUVER (CP)—Patrick Trainer, 37, told the magistrate Thursday he could not raise $1500 bail.

"My only friend in the city is Patrick O'Grady and I haven't the gall to ask him," Trainer said.

Trainer is charged with wounding O'Grady, his roommate, with a shotgun. O'Grady had two fingers amputated in hospital following the incident.

The case was remanded for a week.

SPOKANE, Wash. (AP)—"You fools, you fools. You laugh while Troy burns."

This is Phil Thompson's big line in the last act of the Gonzaga University play, "The Women of Troy." He got some unscheduled special effects at dress rehearsal here Thursday night.

The hall caught fire.

The cast, in scanty Trojan costumes, was forced out in the cold as heavy smoke filled the student union building. The fire was blamed on a short circuit. Damage was minor.

Bishop to Hold Confirmation Services Here

Rt. Rev. Phillip R. Beattie, Bishop of Kootenay, will confirm 25 persons at Anglican Church services here Sunday. Very Rev. T. L. Leadbeater will present the candidates.

The Bishop will take the confirmation service of 20 boys and girls and three men at St. Saviour's Pro-Cathedral at 11:00 a.m. and of two men at Willow Point's St. Andrew's-by-the-Lake in the afternoon.

He will also speak at a breakfast in Memorial Hall following corporate communion for boys and men at 8:30 a.m. at St. Saviour's.

Sunday evening he will preach at Church of the Redeemer.

District Square Dancers Here For Workshop

Square dancers from Slocan City, Crescent Valley, Crawford Bay, Procter and Fruitvale will converge on Nelson today to take part in a square dance workshop.

Their instructor, who will teach them the intricate steps of round dances, two steps and waltzes, will be Leslie H. Boyer of Okanagan, Wash., who has become well known in the district as a caller and instructor. He is past president of the Folk and Square Dance Federation of Washington.

He will include in his workshop two of the latest round dances, a two step the "Carolina Capers" and a waltz, "Blue Orchids."

The workshop will be in the Junior-Senior High School auditorium tonight.

Nelsonites Plan Lengthy Journey

Leaving Sunday for a six-week holiday motor trip that will take them as far as Mexico are Mr. and Mrs. J. W. Graham.

Mr. Graham, manager of the Canadian Bank of Commerce branch here, will be relieved by Andrew Laurie of Vancouver, who retired as bank manager at Calgary a few years ago. Mr. and Mrs. Laurie arrived in Nelson on Thursday night.

Mr. and Mrs. Graham plan to visit Salt Lake City, Utah, Arizona, San Diego, Los Angeles and San Francisco, in California, and Vancouver, where they will visit their sons, Ronald, who is attending University of B. C., and Weldon, member of the RCMP.

No Buckaroos In Teen-Age Rodeo!

Opening date of a Teen Age Rodeo to be sponsored in Nelson by the Junior Chamber of Commerce remains indefinite but rodeo committee chairman Doug Brown said Wednesday that initial preparations for the event are underway.

The driving rodeo, part of the National Safety Campaign being staged in Nelson by the Lions Club, will consist of written examinations and the "acid test," driving through a tricky obstacle course.

Jaycees hope to enroll about 400 local drivers, who must be under 20 to qualify. Winner of the competition will receive an expense-free trip to a similar district rodeo.

Brown is being assisted by fellow Jaycees Earl Wilson, club president, Peter Siemers, Fred Westfall and Bill Freno.

LIBERALS TO NAME DELEGATES TO CONVENTION

Delegates to the B.C. Liberal Association convention to be held in Point Grey Junior High School auditorium in Vancouver April 6 and 7 will be chosen when the Nelson-Creston Liberal Association holds its annual meeting in Nelson, March 10.

The constituency Association will also elect officers and prepare resolutions.

The Vancouver convention will elect officers, consider party organization and constitution matters, and review the platform and policies of the B.C. Liberal Association.

Five Young Nelson Skiers Try Luck On Kimberley Slopes Today, Sunday

Five young skiers, the oldest 16, will be flashing down Kimberley ski slopes today, representing Nelson in the downhill race in Kimberley's first annual Snow Fiesta.

The lads' exceptional skiing ability lifted them out of the junior ranks of many new skiers who are taking lessons at Nelson Ski Club and put them on Kimberley's ski slopes sponsored by the Nelson Club.

With only six-weeks training behind them they are taking part more for experience than in anticipation of walking off with the honors.

The five lads are Tommy Ramsay, 12; Morris Donaldson, 16; Claire Palmer, 14; Dick Gelinas, 14; and Jerry Poulin, 15. They will also compete in the slalom event Sunday.

The Nelson Ski Club began giving lessons to all who appeared on their slopes with skis at Christmas time as part of a promotional campaign to spark enthusiasm for skiing. The club is also planning a bigger and better ski hill for Nelson complete with chair lift, a hill that will be an attraction for Summer vacationers and tourists as well as Winter ones.

Post Office Will Move On an April Weekend

There'll be no piece-meal moving for the post office staff when they discard theid old turreted stone building for the sleek new brick structure next door. The papers and files and the work they do is highly confidential and so there's little they can move ahead of time to make the big move lighter.

"We'll do it on one weekend in April," Postmaster Wilfred's Hall said Friday. "We won't interrupt service", he said, "but they won't be completely settled either when they begin to bring their letters and parcels into the spacious new lobby.

The post office has until the end of April to vacate the old building, Mr. Hall said, "but we will be tout before that." It is expected to be completed the end of March.

Though they can't move equipment or files and papers before hand there are a few things that can be prepared ahead of the great day and these are being done now.

The 500 mail boxes have been installed and all labels prepared for them, Mr. Hall said.

SEVEN OR EIGHT

And if you are one of the 500 with post office boxes and your box number ends in seven or eight (7,17,27,8,18,28) then you'll have a new number to memorize when the new office opens. For these boxes require a step to reach them and there isn't going to be one in the new building. The boxes will be stretched out further and not so high, the postmaster explained. Business firms have already been notified of number changes so any letter heads they may have printed, will be correct.

Mail sorters are happy that these will be more sorting cases in this new, sleek building, for it will speedup mail sorting considerably. There wasn't space to crowd them into the old building next door. These can be set up ahead of time and labels prepared for them, Mr. Hall said.

Cash tills along the line of seven wickets, will be interchangeable, the postmaster explained, and they will have special compartments in the vault so they can be pushed in each night and need not be emptied and re-filled each time as they do now, a timesaver for hard-pressed employees.

Probably the biggest timesaver will be the increased space, six times the present sorting area, two extra wickets for rush periods and a considerably bigger loading and mail storage area. It will give employees elbow room, where if they swing an elbow now, a fellow employee's ribs are endangered.

FIRST SERVICE

First service into the new building will be the postal delivery which must vacate the annex it is in across Vernon Street at the end of this month, for the lease expires, Mr. Hall explained. It will go into the new building next week.

Yeomen Heard By 600 Trailites

TRAIL—Music lovers spent an enjoyable evening at the Gilbert and Sullivan production "Yeomen of the Guard." at the Junior High Auditorium. Approximately 600 people attended the first of two Trail performances staged Friday evening by the Rossland light opera players.

The actors carried out their parts with ease and naturalness, successfully carrying through a difficult operatic venture.

The singers' excellent job was superbly backed by the supporting orchestra under the able direction of Winston Churchill and 17 musicians.

Produced and directed by John Roberts and Winston Churchill, the cast included Winston Groom, Ronald Groom, Larry Gasena, Vic Misutka, George Bourchier, John Roberts, Charlie Sutherland, David Rowe, Bryn Smith, Barry Fairbridge, Charlie Sutherland, Jean Ellison, May McDonald, Ella Heaven and Elizabeth Davies.

Chorus of the Yeomen of the Guard, Al Brown, Fred Cooper, Bob Eyre, Joe Guercio, Gerry Lewis, Arthur Turner, Arnold White, Bob York. Chorus of Citizens, Helen Augustinson, Margaret Bourchier, Barbara Campbell, Jean Carter, Violet Castle, Betty Cook, Mary Eyre, Betty Frederiksen, Rose Frost, Marion Hill, Shirley Humphries, Doreen Hoath, Joyce Hogan, Edith Jack, Elmarie Martin, Rigmor Miller, Grace Pearcey, Jessie Potter, Eleanor Rosinke, Muriel Salo, Evelyne Wilson, Louise Wotherspoon, Harry Douglas, Charles Clark, Harry Green, Syd Potter.

Nelson Squads Win Two Games

Nelson High School boys' and girls' basketball teams both registered victories Friday night at Civic Centre Auditorium. The Bombers dumped Salmo boys, 47-36, after their female counterparts—the Bomberettes—whipped Salmo girls 36-13.

Wayne Wharton and Terry Elmes paced Nelson's scorers in the nightcap with 17 and nine points, respectively. Billy Todd, with 14 and Ted Richards, with nine, directed the Salmo attack.

Lorna Farenholtz and Donna Dewar, with six points each, were tops for Bomberettes. Edith Kraft with four points was best for Salmo.

Many at Rites for Mrs. J. MacMillan

Many friends attended funeral services in Thompson Funeral chapel Friday afternoon for Mrs. J. H. MacMillan who died February 21 after a lengthy illness.

The service was conducted by Rev. Allan Dixon. Hymns sung were "Nearer My God to Thee" and "Peace, Perfect Peace", with Mrs. W. A. Manson at the organ.

Pallbearers included G. Wells, T. Moorcroft, C. Barwis, C. Hancock, J. Brinley and A. Anderson. Interment was in Nelson Memorial Park.

Mrs. MacMillan had resided in Nelson since 1947.

Task of VON Told in Trail

TRAIL — Pre-natal instructions for fathers as well as expectant mothers is in order and is encouraged. It is just a matter of inducing the fathers to attend classes. This was an answer to one of the questions asked at the public meeting held in city hall Friday in conjunction with V.O.N. week.

The Victoria order of nurses, a national visiting nursing organization, endeavors to meet the special requirements of the many patients who do not need or cannot afford the full time services of a nurse or for various reasons, cannot or need not go into hospital.

Mrs. Phil Gavrilik, representing the V.O.N., and Miss H. Wittington of the West Kootenay Health Unit were principal speakers. Dr. R. A. Love expressed the deep appreciation of the doctors for the work carried out by the two organization,s saying that many people are not a ware of the services carried out and that the community as a whole should be grateful.

In conjunction with the V.O.N., pre-natal classes were commenced through the West Kootenay Health Unit four years ago.

The infant program is also shared with V.O.N. On discharge from hospital if the mother does not indicate she wishes V.O.N. to visit, the public health nurses will visit routinely. Home visits are made within a week of discharge from hospital. If the public health nurse feels the mother needs closer supervision then are referred to V.O.N. Time is saved for the two agencies by an interchange of information.

School program, immunization, tuberculosis, travelling clinics, public health education records and reports, all part of the work carried out by the public health nurse under, the W.K.H.U. were outlined by Miss Wittington.

The work done by V.O.N. in nursing care and health instruction was outlined by Mrs. Gavrilik. In 1955, in Trail 1479 nursing care visits were made and 1132 visits for health instruction in the district.

Commission Told of Interior Forest Industries' Difficulties

More consideration of the difficulties facing the forest industries in the Southern Interior of B.C. was the main point stressed in the brief presented before the Sloan Commission on forestry by Kootenay Forest Products Ltd., of Nelson.

The brief, prepared and presented by R. B. Walkley, Forester in charge of logging operations for Kootenay Forest Products Ltd., supplements the one submitted by the Interior Lumber Manufacturers' Association.

Mr. Walkley pointed out that adverse climate, rugged topography, smal lsized timber and expensive transport, all combine to place the interior industry at a disadvantage in relation to coastal operations. As the forest industry is of vital importance to the region, every effort should be made by the government to stabilize the local forest economy

One recommendation was that more complete information and an improved system be used when appraising crown timber values. This would insure a fair return to the crown for stumpage and maintain a constant high level of production and employment.

Another suggestion was that certain provisions governing cutting on Forest Management Licenses be modified to meet the conditions found in the Southern Interior region.

Kootenay Forest Products Ltd., the largest manufacturers in the Kootenay Lake area, shipped over 35 million feet of lumber during 1955. The plant in Nelson gave steady employment to 260 men and the logging operations on Kootenay Lake employed another 200 on a seasonal basis. Total payroll was over $1,250,000 including payments to local contractors. In addition, over $560,000 was spent locally for miscellaneous services and supplies.

PROUD WINNER of the Canadian Boy Scouts Association certificate of merit for gallantry is Bernard Swendson, 11, above, 6th Nelson Cub Pack member who learned Wednesday that he had been listed by Governor-General Massey for his attempts to rescue Diane and William Kline from drowning at Balfour last July. He is the son of Mr. and Mrs. Ted Swendson.

Castlegar Fair Board Elects Officers

CASTLEGAR — Election of officers was held at Friday night's meeting of the Fall Fair Board, in the Canadian Legion hall at Castlegar.

President J. Webster was in the chair. K. Sharples was elected first vice-president and B. Hill, second vice-president. Treasurer is Mrs. A. MacDonald and secretary, Mrs. B. Hill. Letters will be written to Hon. R. E. Sommers, H. Herridge, MP, and R. W. Diamond, notifying them of their appointments as honorary presidents.

W. Waldie, K. Sharples and W. Shkwarok attended the meeting on behalf of the Kiwanis Club. The Kiwanis will take charge of section G of the fair. Pythian Sisters, in charge of section F, were represented by Mrs. L. Gruneyud and Mrs. C. Bradford.

Canadian Legion, branch 170, was represented by E. Norris, B. Hill, H. Pitts and H. R. Foxlee. Mrs. L. Quance and Mrs. S. Grant attended for the Robson Women's Institute. Representatives of the Farmers' Institute are R. Oborne and A. Smecher of Robson. The meeting appointed a committee on publicity, which included Mrs. G. Anderson, W. F. Shkwarok and Mrs. D. Peppard.

A number of prizes have been promised by various businesses.

The small memento cup, to be given to annual winner of the Pitts' Trophy, will be provided this year by the Robson Farmers' Institute.

September 7 was set as a tentative date for the fair opening, to carry over the full day on the eighth.

The fair board will welcome any suggestions towards the making of the fair a better-than-ever event, with a suggestion box being provided. It was suggested that the members should bring up suggestions for entertainment at meetings of the various organizations to which they belong.

The question of insurance on exhibits was discussed, and it was decided the chairman, Mr. Webster, should make inquiries into the subject.

Next meeting of the fair board is March 16.

Lefeaux New Chairman

Laurie Lefeaux, elected chairman of the Civic Centre Commission this week, will lead the five member body through it last year as the director of Civic Centre affairs.

The commission, first formed in 1935, was brought up to strength by city council last week when Alderman Elizabeth Wallach, F. A. Beresford, Dr. W. C. Murphy and Mrs. D. E. Bennett were elected as commission members. Lefeaux was appointed in 1955 to a two year term.

In 1957, the commission will be disbanded and its duties assumed by a Parks Board, to be elected in December. The Parks Board will also replace city council's parks committee.

Expansion of Kiwanis Told

The tremendous amount of work carried out by Kiwanis International headquarters at Chicago was described by Dr. Joe Vingo presenting the second of an educational series to Kiwanis Club of Nelson at the Hume Thursday night.

Dr. Vingo said the general office occupied an entire floor of the building while a big basement area was used for storage of supplies, shipping and so on.

The office had grown with the organization, which now had nearly 250,000 members in more than 4000 clubs, compared to 15-000 members in 130 clubs in 1919 It now had more than 13,000 square feet of working space compared to 250 square feet in 1919, and more than 3000 Kiwanians visit the office each year. Each day, 50 sacks of mail left the office, which handles more than 240,000 pieces of mail in a year.

He described in detail the office organization and how it served the various clubs.

A guest at the meeting was M. F. (Frank) McCann, service manager of Auto Electric Service (Pacific) Ltd., Vancouver, who has been conducting courses in Nelson and District.

PTA Finds Look Over 12 Years Gratifying

Junior-Senior High School Parent-Teacher Association members cast their glances back over the past 12 years at their February meeting and received a gratifying glimpse of how far the PTA has come in Nelson since its founding.

They were celebrating "Founders Day" and heard a resume of the organization's activities since foundation in 1943 from Mrs. C. H. Bradshaw.

The PTA was founded by Alexander Graham Bell in 1895 in Nova Scotia, Mrs. Bradshaw said. In 1943 a PTA was formed here at Central School with Mrs O. Tagah organizer, she continued and since then the organization's accomplishments have been long and varied her review showed.

In 1945 fine arts were introduced and artists brought in. There was no Fall exhibition in Nelson at that time and the organization also started a hobby show, she said.

In 1946 the first school drama festival was held and a cup was presented by the PTA and won in that first year by Rossland. An observance of Young Canada Book Week was started and the stationery stores co-operated by displaying good reading for young people, Mrs. Bradshaw continued.

Edusation week was also brought before the publir by the hard working parent-teacher group, Mrs. Bradshaw said.

In 1948 carol singing was introduced and has continued a success. The group in the same year also co-operated with the Juvenile Court Judge to keep juvenile offenders from being placed in jail Mrs. Bradshaw recalled.

The first big venture to raise money for a bursary fund was as a memorial to students killed in the war was started in the Shamrock Tea, now considered one of the main Spring social events in Nelson.

In 1052-53 the PTA split into three groups in the city, Central School, Hume School and Junior-Senior High School groups, Mrs. Bradshaw said.

John Applewaite gave an interesting reading of a skit on a family's reaction to the new high school.

Plans were made for the Shamrock tea with Mrs. Laine the Junior-Senior High School PTA representative.

A delegate is being sought for the Kamloops convention April 4-6.

Members decided to take up a collection at the opening of the new Leslie V. Rogers High School to assist students with their caps and gowns. The PTA will serve tea, assisted by the senior students.

Mrs. H. Peachey presided at the meeting.

Number of Patients Up . . .

Arrow Lakes Hospital Makes Good Progress

NAKUSP—The annual meeting of the Arrow Lake Hospital Society here Thursday night learned that 1955 had been an extremely busy year for the able staff, and that operations had run smoothly.

Four board members for two year terms were elected to take the place of retiring members. Re-elected were Mrs. J. O. Harper, Marsden Baird, Harry Maxwell, and W. Moseley was elected to fill the place of Ed Clark, whose present occupation made it impossible for him to continue.

The entire board consists of Vic Smith, chairman; R. Cook, administrator; C. Haire, Mrs. F. B. Maxfield, Mrs. R. Joy, Mrs. Harper, Mr. Baird, Mr. Maxwell, Mr. Moseley, J. McCormack for Burton and W. H. Mole for Arrow Park.

In his annual report the chairman expressed thanks to Dr. Maxfield, the matron and staff, the Ladies' Auxiliary and others who had helped the hospital during the past year. He mentioned the gift of beds and canned goods from the estate of the late Brigadier-General F. H. Burnham, through the kindness of Judge Whitla.

The past year the hospital had treated more patients than in the previous year. Out patients in 1955 numbered 304, compared with 234 in 1954. In-patients totalled 402 compared with 361 in the year before.

There were 40 new babies, whereas in 1954 there had been 34. Average hospital stay was 9.99 days, a considerable improvement from the previous year.

NEW EQUIPMENT

Over $1700 was spent on new furniture, the large portion being through the work of the Ladies' Auxiliary, Women's Institutes of Arrow Park and Burton and the Valhalla Club of East Arrow Park. The latter contributed over $200 for the purchase of a refrigerator for the nursery.

The board had bought a new auxiliary lighting plant, a lead screen for the X-ray room, a commercial washing machine and an aluminum awning for the case room window and numerous other smaller articles.

Staff problems were practically non-existent under the capable direction of the matron Miss Winnifred Keys, a full and efficient nursing staff was maintained.

The chairman drew attention to the urgent need for an amendment to the B. C. Hospital Insurance Service Act regarding provisions for elderly patients whose conditions change from acute to chronic. No arrangements have been made to take care of hospital costs while the patients are awaiting transfer to homes or infirmaries.

Last year the Arrow Lakes Hospital wrote off in bad debts $3500 incurred in this manner.

Resolutions had been presented to the B. C. Hospital Association at Vancouver and to the West Kootenay regional meeting in Nelson.

PLANNED WORK

Proposed improvements for this year include installation of a better call system, refinishing of two halls, including new and modern doors and soundproofing.

The Ladies' Auxiliary report by Mrs. Joy, president, showed a membership of 40 including four members of long-time standing, one a 40 year member. The group had been instrumental in procuring a very modern stretcher equipped with a foam rubber mattress, an electric fireplace and mantel with built-in book case for the nurses' recreation room, a large automatic toaster and a toy box for children. Money was raised by teas, bake sales, Valentine dance, telephone card parties, sale of holly and Christmas cakes.

Immediate objective is an electric sewing machine.

A PROPOSAL that Hon. W. D. Black, Nelson-Creston MLA and provincial Cabinet Member be made the first freeman of Creston has been put forth by his hometown people of the Creston Ratepayers' Association. The group has suggested to the Creston Commission that Blossom Festival time would be appropriate for the presentation. Mr. Black is already a freeman of the city of Nelson.

Switch Thrown to Set in Operation Nakusp's Modern Refinishing Mill

NAKUSP — Switch was thrown Friday afternoon to start the motors of the new Stanwood Lumber Company refinishing mill, first all-electric lumber plant on the lake.

The mill was started two and a half months ago. The size of the building is 20 and by 60 and 20 by 42 feet in its L shape. Everything is push-button controlled.

The plant consists of a planer, a resaw and a dry kiln to be installed when warmer weather comes. The planer is run by a 100 horsepower motor, and the blower has a 40 horsepower motor. A 75 hp motor runs the resaw.

The B.C. Power Commission installed a large 300 kilowatt transformer to supply to 250 horsepower installations in the mill.

The planer has a speed of 200 lineal feet per minute. This will be the only part working this week, but next week everything will be in full swing.

The company has also started construction of two dwellings on the property. A private airstrip is also planned.

Leaflets Show Off Kaslo's Attractions

KASLO — A new publicity folder, stating in capsule form all the attractions Kaslo offers as a holiday place, has been prepared by the Kaslo Board of Trade and printed for distribution in time for the tourist season.

Playing up the slogan "Follow the Raibow to Kaslo", in reference to the Kootenay Lake raibow trout, the pamphlet depicts in green-tint reproductions of photographs the scenic and recreation features of the city and the surrounding country.

The city itself, jutting out toward the high mountains of the East shore, the paddlewheeler Moyie steaming downlake, the golf course, Ainsworth pool, described as the Carlsbad of Kootenay Lake, and last, but certainly not least, Kaslo's cherries and Kaslo's Rainbow trout.

The folder also shows a map of the Kootenays and parts of Washington and Idaho as far South as Spokane and Coeur d'Alene. And as further directions to the tourist wishing to sample Kaslo's holiday fare there are Kootenay Lake and Arrow Lake ferries schedules.

Alta. Permits Commercial Lake Fishing

MEDICINE HAT, Alta. (CP) — Commercial fishing of lake trout and speckled trout will be permitted for the first time in Alberta at Cavan lake, 15 miles east of here.

Fishermen using gill nets will be allowed to take the surplus of 12-to-15-pound trout, which have been spoiling summer sport fishing.

Game guardian Henry Bertelson estimated there are 6000 to 7000 such trout in the lake. They are the suvivors of 15,000 fingerlings with which the water was stocked four years ago to become the first irrigation lake in the province stocked with fish.

Feed conditions have been ideal for rapid growth. The trout ran two to three pounds in size the first year.

Hansen Rink Gains Tie In Women's A Event

KELOWNA, B.C. (CP) — The Lytle rink of Capilano swept through the B Division of the Primary Event undefeated here Friday in the provincial women's curling playoffs.

Hansen of Kimberley and McAllister of Vancouver, tied in A division were scheduled to meet Saturday morning.

Lytle defeated Anderson of Vernon 8-5 for a record of four wins and no losses.

In other B division play, Alston of Kelowna turned back Ferguson of Peachland 14-7.

Fuller of Nanaimo, unbeaten in A division play until Friday, lost 10-9 to McAllister and then fell 13-7 to Hansen of Kimberley.

McAllister beat Stephens of New Westminster 8-6 in another A division clash.

VICE-PRESIDENT

At a meeting here Friday, Mrs. George Goode of Nanaimo was elected president of the curling association. Named vice-presidents were Mrs. Ida Hansen of Kimberley and Mrs. Betty Wills of Victoria. Mrs. Georgia Watson of Vancouver is secretary and Miss Nell Usher of Vancouver is treasurer.

Results:

Provincial women's championship "A" Division: Hansen, Kimberley 10, Johnson, Bralorne 8.

A division — McAllister, Vancouver club, 10, Fuller, Nanaimo 9.

B. Division — Alston, Kelowna 11, Miller, Pacific 7.

B division — Anderson, Vernon 10, Ferguson, Peachland 7.

Miss Furuya Joins Creston Health Unit

CRESTON—Mrs. Iva Truscott has resigned from the staff of the East Kootenay Health Unit to take up home duties.

Taking her place is Miss Chizuko Furuya, who is a graduate of the Royal Inland Hospital in Kamloops. Miss Furuya has had considerable nursing experience in Vancouver General Hospital and spent some time nursing at the Slocan Community Hospital in New Denver.

Recreation Group Formed At Arrow Park

ARROW PARK—A Recreation Commission has been formed here, one of its main objectives being the acquisition of a community hall for badminton, volley ball and square dancing.

The Commission, serving West Arrow Park, East Arrow Park, Glendevon, Graham's Landing and Bird's Landing, has W. S. Ritchie as chairman and Mrs. H. Reinoehl as secretary. Commission members are Mr. and Mrs. Lloyd Gibson, Mrs. Joseph Lee, Mrs. R. Roberts, Jesse Hall and Tage Wickstrom.

Organization followed talks between the Parent-Teacher Association and Robert Stangroom of Nelson, regional consultant for the Community Program Branch.

The Arrow Park Commission is the second to be formed in West Kootenay in recent months, and brings to 21 the total of commissions. The Warfield Commission was organized in December.

Edgewood Seeks Tents for Fair

EDGEWOOD — In a reply from the Department of Agriculture, the Inonoaklin Farmers Institute Agricultural Fair Board learned that no tents would be available for use for the fair on September 3. The members decided to write to a firm that rents large tents for this pupose for rental prices. If no satisfactory arangements can be made, the fair will be held in the Legion Hall as in the past.

The problem of obtaining judges was discussed and several suggestions were made. The government supplies one judge free of charge and in the past this has been the District Agriculturist from Vernon. If possible two separate judges will be sought for the domestic science and sewing sections. As the fair is enlarging, it was felt that it would be too large an undertaking for the same judges to do the two sections.

Arrangements for the printing of the prize list are being made and it is hoped the books will be ready for distribution by the end of May.

CRAWFORD BAY PTA MAY FORM NEW 4-H CLUB

CRAWFORD BAY — Decision to enquire into the possibility of starting a 4-H Club was taken by Crawford Bay and District Parent-Teacher Association February meeting in the school.

Bobby Levine presented the PTA with a frame for its charter made by boys of the Kootenay Bay Hobby Club.

An invitation was received from the Bluebell Mine PTA inviting entires in its arts and crafts display to be held in Riondel Wednesday.

W. Foster gave a short talk on the power line which stretches from South Slocan to Kimberley.

A panel discussion took place on homework, report cards and teacher-pupil relationship, the panel consisting of George Petrescu, Mrs. A. W. Lymbery, Robert Bayliss, Mrs. Foster, Mrs. K. Linn, Mrs. H. Halliday and Miss D. Johnson and David Wicklund representing the students. Great interest was shown by the audience and many questions were asked.

Entries Roll in For Creston Spiel

CRESTON — Entries are coming in better than expected for the 11th annual Butterfly Bonspiel staged by the Creston Curling Club.

Already there is a total of 65 rinks, John Salvador jr., Bonspiel chairman, reports. Outside entries to date number 31, from various in three provinces. Local entries number 34.

Deadline for entries of outside rinks is Monday, and there are prospects that the entry will go higher.

Rinks will complete in six competitions, three primary and three secondary events. Altogether there will be 100 prizes, including the grand aggregate awards.

The spiel will take place March 8, 9 and 10.

Sheep Creek House Destroyed by Fire

SALMO — Fire of unknown origin destroyed the dwelling of Otto Lindstrom at Sheep Creek about noon Thursday. All contents were lost in the blaze.

Mr. Lindstrom lived alone in the house.

WANT SAME MEDICAL FEES TO ALL

CHICAGO (AP)—About half the U.S. public feels doctors should charge the same fees to all persons, regardless of ability to pay.

But two-thirds of the doctors favor a sliding scale, charging some patients more than others.

These divergent views were shown in a report on a survey sponsored by the American Medical Association to determine what complaints people have about doctors and how services can be improved.

The public and the doctors are even more sharply divided on the question of whether advance news reports to the public on new experimental drugs and treatments are desirable or undesirable.

Four-five of the 500 doctors questioned in the survey believe such publicity causes more harm than good.

However, a majority of the public with an opinion on the subject contended such reports create interest and speed up research.

Forty-five per cent of the public approved such reporting while 35 per cent disapproved. The remainder of the 3500 lay persons questioned had no opinion.

Inonoaklin Mill Puts on Extra Shift

EDGEWOOD — The Arrow Lakes Lumber Company plans to put on a second shift at the mill in the Inonoaklin Valley. The extra shift will only work in the sawmill. The planer mill will continue to operate only on day shift.

This change will give steady employment to the planer mill crew who until now have only been working part time.

WIN EXAM HONORS

EDGEWOOD — Two local girls have received word that they passed their Grade 1 theory exam in music with honors. Darlene Nesbitt made 89 per cent while Beverley MacLeod made 84 per cent.

SALMO SCOUT BANQUET DRAWS LARGE CROWD

SALMO — Close to 100 guests, leaders, fathers and sons sat down to the Salmo Scouts' Father and Son banquet held in the Salmo elementary gymnasium.

The guests were Commissioner Archdeacon B. A. Resker of Castlegar, G. A. Gordon and son, Terry, of the Canadian Ex, and B. McLean of the HB mine.

Scoutmaster Bill McLay presented the Bushman's Thong to patrol leader Gerald Black and the Bronze Arrowhead to three Scouts, Tom Johns, Ken Erickson and Leslie Jensen.

Standard Clothing Sizes Coming

OTTAWA (CP) — Standard sizes for children's clothing inched closer to reality Thursday as a 22-member committee on standard garment sizes met to study the problem.

Average sizes and clothing dimensions have been determined. Sampling garments have been made. The next question: Will the garments fit?

"We hope to have garment trials sometime in June," said J. A. Hanna, committee secretary and a member of the Canadian government specifications board of the National Research Council. The specifications board set up the committee in 1952.

Thursday's meeting was attended by manufacturers, retailers, interested government officials and representatives of the Canadian Association of Consumers.

METALS PRICES

NEW YORK (CP)—Spot prices: Lead, N.Y., 16,
Zinc, East St. Louis, 13½,
Tin, N.Y., 1.02½,
Silver, N.Y., 91⅝.

New Floor Planned . . .

Creston Hospital Able To Meet Commitments

CRESTON—The 1955 president, Cliff Carr, in his report to the annual meeting of the Creston Valley Hospital Association Thursday night, stated that the hospital had had an active and successful year.

There had been a notable increase in occupancy, and the hospital had been in the fortunate position of being able to pay its accounts when due.

However, there are still problems to be coped with. A long overdue wage increase is now being paid to all staff members, as of January 1. The scale was definitely below the average for East Kootenay hospitals, and it was only by the hospital and medical staffs' co-operation that the institution was able to maintain such a high standard of efficiency.

Occupancy had been so high (over 100 per cent on many occasions) that it had been deemed wise to plan for an extra floor. Paul D. Smith, Trail architect, has been engaged to draw up plans for this work.

The building, now only two years old, was constructed with a view to adding another floor when the need arose, and has all the facilities for operation of this floor.

Regarding the old hospital, a landmark of Creston, he stated that a contract had been let for its demolition. The area will be filled in and seeded to grass.

He thanked the various auxiliaries, the staff and doctors, other board members and all individuals who had helped the hospital in the last year.

NAMED TO BOARD

Elected to fill three vacancies on the board of trustees were Mr. Carr, Lane Messinger, both of whom were re-elected, and D. H. Archibald. A vote of thanks was given to V. L. Mosher, who was resigning.

The hospital ended the year with a balance of revenue over expenditures of $357.22.

The meeting also discussed the definite need for a chronic hospital in Creston. B.C. Hospital Insurance Service does not support expenses for the care of chronic cases of which there are many in Creston, after a period of 30 days.

Battling Canada's Killer Diseases

Happiness and well-being are so dependent upon health that it is a matter of concern to every individual as well as to the nation. More and more attention is being given to it every year. This is particularly so in the case of wage agreements between management and labor where the provision of medical services is a fringe benefit of first importance. Canadians are becoming more health conscious every day.

Canada's health system has grown rapidly during the past few years. It is a combination of government and private enterprise, and, despite its seeming lack of coherence, functions well.

Canada led the way in the British Empire by establishing the first ministry of health in New Brunswick, an example which was soon followed by England and other parts of the world.

The provincial public health services are concerned with the health of the community as a whole, not the health of particular individuals. They are engaged in the prevention of disease, prolonging life, and the promotion of physical and mental health throughout the community. They deal with sanitation and co-ordinate with others to provide for disease-free milk and other foodstuffs. Probably their most important function is the mass immunization of school children against the many child diseases which leave such crippling after-effects.

Originally hospitals were private institutions founded by individuals, religious bodies, or through the efforts of communities. As such they did valuable if limited service, but the increasing need for their services made it inevitable that the government should take a greater share in their building and operating costs.

Despite the increased government participation in health services much of the advance is due to the medical profession which has consistently led the way in research and practice. In this they have been aided by voluntary organizations who have given of their time and raised money for particular projects. They have, in fact, provided the incentive and stimulus which has had such valuable results in dealing with the "killer" diseases. Through their efforts tuberculosis has decreased, polio is on the way to being conquered and we are learning more about such dread diseases as cancer. One after another private societies have been formed to promote research in particular fields, the latest and not least is the B.C. Heart Foundation, dedicated to ending heart disease as Canada's major health menace. With the death toll of this disease exceeding the combined total of the next four leading causes of death there will be no question of the need for research into its causes and cure.

Christmas Reflections of a New Canadian

The following letter to the Editor appeared in the Wednesday, December 21st issue of the Montreal Gazette. It is reproduced in full in the hope that it will enable some of us who are Canadians by birth to take a second look through the eyes of a new Canadian at some of the things we take for granted.

"Sir—What is democracy—in the true sense of the word?

Perhaps a few illustrations will help:

1. In this country signs on public lawns read: "Please" rather than "Don't" or "Forbidden."

2. The other day around 11 a.m. a streetcar conductor stopped for me alone, and in-between two regular stops, when I waved my hand. Later, he, an elderly man, rushed out of the car to help a woman get her child down the step. These are by no means isolated cases in Ottawa.

3. A driver could not stop his Ottawa Police car, after signalling twice to a pedestrian who was crossing Bank street at Somerset on a red light, and ran over him. The Police department was fined for damages more than $10,000.

4. In Toronto a young German refused to identify himself to two plainclothesmen who had shown him their badges. A broil ensued. The policemen were fined.

5. Two Montreal policemen entered a house where some forty members of a sect were assembled. The representatives of the law were later reprimanded by the law as trespassers, and finally condemned by the Supreme Court of Canada which is composed of Roman Catholics and Protestants, same religious denominations as the two policemen.

6. The Prime Minister of Canada returned from a round-the-world trip and, at his first appearance in the House of Commons, confessed his error in intimating an early recognition of a large power. He did not even attempt to allude that he had been "misquoted" by the press. No, he admitted that he had spoken out of turn and apologized for it.

7. Every time the undersigned has tried to prove to the Court of Justice, the police, the Customs officers, that it had not been his intention to break local regulations, he was invariably listened to, with patience and courtesy, and . . . exonerated.

To sum up: The lawn and the streetcar are for the public, and not the public for the lawn and the streetcar;

The police are for the citizen, and not the citizen for the police;

The Prime Minister is for the people, and not the people for the Prime Minister.

This is democracy. Democracy in practice. Democracy in its true sense.

A Pole by birth and education, who has lived 16 years in this country, the last 8 years as a Canadian citizen, has therefore full appreciation of, and takes pride in, the country of his adoption: Canada.

Victor Podoski."

Ottawa, Dec. 17.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. QUESTIONS WILL NOT BE ANSWERED BY MAIL, except where there is obvious necessity for privacy.

Interested Reader, Bonnington Falls—Would you please supply information for the following: A recipe for pepper pan oysters; address of firm at the Coast which makes rugs from old woolens?

Not one of our cookbooks gives the recipe for "pepper pan oysters". Maybe other readers can help? Meanwhile here is a recipe for panned oysters: One pint large oysters, quarter cup oyster juice, six slices buttered toast. Place oysters in shallow, baking tin and pour over them a small quantity of the juice, not sufficient to raise or float them. Place dish carefully in hot oven (425 F.) and just heat oysters through. Be careful not to bake them. Moisten hot buttered toast with hot juice from oysters and serve oysters on the toast. Address of Coast firm that makes rugs of old woolens: Fairfield and Company, 3176 Kingsway, Vancouver, B. C.

Constant Reader, Nakusp—Can you please tell me if there is such a company at Vancouver as C. M. A. Durland Drilling Co. (oil)? If so, what is their address? I have 25 redeemable preferred shares, and would like to know if they are of any value?

Write to the Superintendent of Companies, Parliament Buildings, Victoria.

C. H. B., Nelson—Are English hedgehogs ever found in Canada? Are guinea pigs raised in Canada?

English hedgehogs are not native to Canada as far as we can discover. Guinea pigs are raised in Canada, and can be purchased at any pet shop. Coventry's Flower Shop could give you further information.

G. W., Cranbrook—I have a pair of gabardine pants, and although there is a lot of wear left, the seat is shiny. Is there any process by which this shine can be taken out?

We have been told that a solution of vinegar and water sponged over the shiny spots will remove this problem. Also, garments should be ironed and pressed on the wrong side. Have you consulted a commercial cleaner?

Letters to The Editor

Letters to the Editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole, or in part, except over the signature and address of the writer. Unsolicited correspondence cannot be returned.

SPCA Plan Endorsed

To the Editor:

Sir—I should like to endorse Mrs. Dixon's plea for an SPCA in Nelson. It is badly needed.

This society plays a vital role in a community, not merely as a kind of policing in cases of cruelty, but also in many other aspects of pet care, including education. Many people are cruel to animals unintentionally, others suspect cruelty where there is none. The SPCA can bring peace of mind both to animals and animal lovers.

DORA CARNEY.

R.R. 1, Nelson, B. C.

By Yon Bonnie Banks of Igloolik

Three Eskimos from Churchill have gone up South to Winnipeg to enter the Manitoba Curling Association's annual bonspiel, and this fills us with a peculiar delight.

Here are two fine old cultures meeting *in what you might call a refrigerated melting* pot, and we are all in favor of more of it.

Let them eat haggis in Panghirtung.

Let them toss the caber across the ice of Padloping Island.

Those braw old Scots who gave this country its North would have liked to live to see it. And Canada will be a better place for it.—Vancouver Province.

Today's Bible Thought

This one thing I do. Philippians 3:13.

You can cut a giant up into twenty pieces and have twenty dawrfs. Paul was a giant because he did ONE THING.

Aunt Het

There ain't nothin' new about women workin' except they get paid for it now and don't have corns on their hands.

Criticism, But Kindly

. . . F. B. Pearce

Of course I am only an amateur columnist. I did not come up from the ranks of the newspaper world with all the trials and disappointments that entails. I only grew old in teaching, but in that I learned that it seldom does much good to hurt even a child's feelings, that reproof should be without malice and correction without unkindness.

As a rule I like to read columns by others. I like their differing points of view and I like their skill in the use of words and, as a rule, I learn much from them, but twice of late I have been disappointed.

Writers have a great deal of power in their hands. What they write is there for all to read and if they write to or at others, the victims seldom have the ability to respond in the same way. True, they can reply by letter, but there is always the feeling that the whole world is listening in. It is quite true that columnists receive virulently malicious letters, but that is no excuse for articles of the same kind.

Sometime ago I wrote an article in defence of the Grand Forks teacher who is conducting a one-man crusade for spelling reform. While I agree that English spelling leaves much to be desired I knew that such a campaign would *receive little support and probably* ridicule, but I was shocked at the bitterness of one writer. He is a brilliant man and has grown old in his profession and it seemed to me that he lacked tolerance. In my article I chose to represent the teacher as a young knight on a knightly errand. He has since written to tell me he is not so young. I knew that in point of years he is not, but when it comes to an encounter with a veteran newspaper man he is very much of a tyro. I should have liked to have told him when he set out on his crusade that the way of the reformer is hard, but I admired his courage and hoped that he would not be too disappointed.

Now we find another columnist berating a German immigrant for objecting to being locked up on a minor traffic offence with criminals. He may have a point there. I certainly would not class all my friends who have been found guilty of a traffic offence as criminals, but quite apart from that the columnist went out of her way to make a most unpleasant lecture to the unfortunate individual.

MEN, NOT MICE

As a former immigrant myself I am on his side. I think that however wrong he is he deserves nothing but politeness from everyone. Canada needs immigrants, but she does not want second class ones who are too quiet and docile. She wants those who when they have some complaint are not afraid to say so. She wants men, not mice.

For the first few years immigrants are not happy in this country. They are strangers in the land and often have to learn English and the ways and customs are new to them. No wonder that they often suffer from homesickness and yearn for the land of their birth. In the end they become good citizens and their children good Canadians. If in the meantime they are not fully integrated it is as well to remember that they will judge Canada, not by its magnificent mountains or its spreading prairies, but by the quality of its people. If we endeavor to treat them with kindness and consideration and the sincere wish to help them they cannot fail to respond and be happy here.

CD Control Shown To Visiting Party

VICTORIA (CP) — Insight to the operational intricacies of provincial civil defence control centre was given 50 volunteer government and outside personnel in a special exercise.

Particular emphasis was placed upon communications and message processing in the shiny, new, concrete-encased emergency control centre on Keating Cross road.

Deputy co-ordinator Brig. G. A. McCarter headed the staff from headquarters and conducted the party on a tour of the operations.

Also from headquarters were A Cathcart Bruce, Arnold Edmonds, W. J. Bowerman, chief administrator officer Morris Turner, chief of B. C. Welfare James Sadler, W M. Melville, Mrs. P. Cann and Mrs. B. McLean.

The communications officer, Mr. Bowerman, described his province-wide radio network which operates through B. C. Forest Service stations.

Chicken Thieves Clean Out Farms

HANEY, B.C. (CP) — A night-riding gang of chicken thieves which RCMP say has "cleaned out" at least two farms, is operating in the lower Fraser Valley

Losses have been estimated by police at $2,500 in raids on farms from Pitt Meadows 15 miles away to Ruskin during the last six months.

Liberals Join Socreds to Defeat CCF Bill

VICTORIA (CP) — A private members bill to make the 40-hour work week statutory in British Columbia was defeated in the legislature earlier this week.

The Social Credit government was joined by the Liberals for the first time this session in blocking the bill, introduced by Frank Howard (CCF-Skeena).

Labor Minister Lyle Wicks said the government was not opposed to the principle of the bill but "we do not feel that the time has yet arrived." The government favored an orderly and planned program of revision of labor legislation.

"We are moving in the direction on a gradual reduction of hours," he said.

CCF members argued that legislation to reduce the work week from 44 to 40 hours was "long overdue." It is already in effect in many industries.

Bruce Brown (Lib-Prince Rupert) said unions would prejudice their bargaining rights if everything was set down in legislation.

The mover of the bill, Mr. Howard, drew an angry ojection from Premier Bennett when he charged that government member Donald Robinson of Lillooet, a member of the railway brotherhood, was absent from the house so that he would not have to vote against the bill.

Mr. Laing also rose to the defence of Mr. Robinson, who is a locomotive engineer on the PGE and said the CCF member was unfairly imputing motives to him Mr. Howard then withdrew the statement.

The bill was defeated on a standing vote, 27-14.

Mill Workers Back on Job

CRANBROOK, B.C. — Work has resumed at the Colin Cameron Lumber Company planer at Wasa and the Company's Ram Pass sawmill and logging camp after a week-long interruption of production in connection with a management-employee dispute. International Woodworkers of America are certified bargaining agent for the employees, but no comment was available for their part-time office here with regard to the situation. Converging on Wasa to investigate the situation were a representative of the Labor relations office the Victoria, N. T. Daley, as agent for the Southern Interior Lumber Manufacturers Association in which the Company is affiliated, Joe Mitchell, financial secretary for the province for the I.W.A., and I.W.A.. Kootenay International Organizer, Ernie Boulet of Nelson. This was the second production interruption since the I.W.A. certification early in 1955.

Demand Vouchers On Sommers' Travel Expenses

VICTORIA (CP)—Opposition members demanded Friday that they be allowed to see vouchers covering travelling expenses of Lands and Forests Minister R. E. Sommers in 1953 and 1954.

The demand was made in the public accounts committee after Chairman George Tomlinson (SC-North Vancouver) ruled that the committee did not have the authority to produce vouchers covering that period.

Archie Gibbs (Lib-Victoria) replied that he would bring the matter before the whole house and demand that the vouchers be made available.

The meeting then broke up angrily as Mr. Gibbs, Liberal leader Arthur Laing and CCF leader Arnold Webster stalked out.

Lauds Kinsmen For Polio Work

ABBOTSFORD, B. C. (CP)—Kinsmenship is not a religion, but it does give young men the opportunity to fulfil their religious beliefs, Harold Rogers, Toronto, founder of Kinsmen clubs in Canada, said in address here.

Mr. Rogers was guest of honor at a founder's night banquet attended by representatives from 25 kinsmen clubs in the Fraser Valley and other B.C. points.

"Your first obligation is to your family, then to your means of livelihood, and then to your church," he said. "If you fail in any one of these obligations, we don't want you in Kin."

Mr. Rogers was presented with a 24-inch totem pole as a memento of his visit to British Columbia.

EASY

Spiralator WASHER

The Secret of a Faster Cleaner Wash!

It's the one big difference that makes all the difference between your new, modern EASY and old-style friction washers. — The smooth "spiral" vanes are scientifically designed to set up powerful "spiralling" currents throughout the entire tub . . 30% more clothes action than other methods. You can actually see this spiralling roll-over action at work . . . see your clothes being cleaned faster and more safely than ever before!

See the Comparison Test In Our Window

A big 10-lb. tub-ful washed really clean with exclusive Easy spiralator action.

Badges Presented To Brownies at Emerald Mine

EMERALD MINE — The First Emerald Brownie Pack members entertained their mothers at their last meeting

Margaret Clayton was enrolled as a Brownie by Brown Owl Mrs. Berte Wilson. Tawny Owl Mrs. Robert Weber presented the following with their second class badge: the Golden Bar, Caroline Beaton, Betty Ann Mather, Theresa Trachsel and Nathalie Smortchevsky. The observers' badge was presented to Wendy Anderson.

The mothers looked gay in the "spring bonnets" the Brownies made for them. The prize for the best model was won by Betty Ann Mather and her mother.

Refreshments were served by the leaders and the evening came to a close with Brownie taps.

Japan exported 179,000 canaries in 1954, most of the song-birds going to the United States.

RIONDEL GUIDES HONOR FOUNDER AT BANQUET

RIONDEL—The first Girl Guide mother and daughter banquet was held in the Riondel Recreation Hall on the day observed by Guides and Scouts all over the world to commemorate the birthdays of Lord and Lady Baden-Powell, originators of both movements.

Official Guide colors formed a colorful centrepiece for the tables, the floral decorations for the head table were donated by Mrs. D. Butler. Grace was said by D. S. Campbell. The banquet was prepared and served by the Ladies' Auxiliary of Local 220.

Toasts were proposed as follows: the Queen, patrol leader Judith Case; the mothers, Brownie Sixer Carol Crookshanks, the daughters, Mrs. W. Linville; Lord Baden Powell, Patrol leader Sharon Case; the Girl Guide movement, Mrs. I. Jensen.

Guide Captain Mrs. J. MacDonald presented Judith Case with her homemaker badge and four-year service star; Isabelle Lemmon, five-year service star, first class and handywoman badges; 3-year service stars to Sharon Case, Christl Carl, Brenda Brown, Cathy Maida; 2-year service stars Valda Downing, Donna Street, Lynne Butler, Anne Sweeny and first year service star Jill Fitchen. Brown Owl Mrs. Mary Gibney presented first year service stars to Gerry Etmanski, Edith Lowe, Margaret Morris, Penny Fiddler, Kathleen Gendron and Monica Linn, two-year service stars to Carol Crookshanks, Leonne Butler, Joyce Linville. Lynn Mattock, Marilyn Tod and Beverley Wills, three-year service stars to Eleanor Shannon, Marilyn Hurry and Lynn Lemmon, minstrel badges to Eleanor Shannon, Marilyn Hurry and Vera Christensen, Golden bars to Leanne Collins, Gerry Etmanski, Kathleen Gendron, Edith Lowe, Margaret Morris, Melinda Peitzsche, Helene Wacheck, Beverley Wills, Penny Fiddler, Monica Linn and Joyce Linville, the Golden Hand.

Mrs. Ethyl Christensen presented Mrs. Mary Gibney with a parting gift and expressed regret at losing such a valuable Brownie leader. Mrs. Gibney leaves soon to join her husband who has been transferred to Kimberley.

Willow Point PTA Plans Social Night

WILLOW POINT — Arrangements for a social evening to be held instead of the regular monthly meeting in March were made at the February meeting of the Willow Point Parent-Teacher Association. A social committee headed by W. Hamilton will be in charge of the program.

No delegate will be sent to the provincial PTA convention in Kamloops it was decided.

Mrs. E. Shannon and Mr. Hamilton will go as representatives of the sports day meeting at Procter, when plans for the school field day will be discussed. Mrs. John Arichuk read a pamphlet on Founders' Day. A quiz on popular quotations closed the meeting. Prize for having most parents at the meeting was won by Mrs. H. MacLean's room.

Savory Pot Roast Needs Slow Cooking

By MARGARET CARR

Some families prefer a pot roast of beef to an oven roast and no one can deny that a savory, tender pot roast is hard to beat.

Beef pot roast, as displayed in most self-service cases, is a rather sizable piece of meat which may weigh weigh as much as six pounds and seldom less than three pounds.

Shoulder pot roasts are not tender enough for oven roasting but these become fork-tender by long, slow moist heat cooking. Round-bone shoulder pot roast is a meaty cut. Blade-bone shoulder pot roast cut 1½-inch thick may weigh six pounds or more, though this is often cut to make two smaller roasts. The bone-in rump roast is difficult to carve and usually is soled boned and rolled in 3 to 5 pound pieces.

Keep a beef pot roast lightly covered or uncovered in the meat tray in the refrigerator. Use within 5 to 6 days.

Large beef pot roasts may be cut in two pieces and one portion properly wrapped and frozen at zero or colder for future use. Remember that the ice cube section of the refrigerator is cold enough to freeze water but not meat. Meat doesn't begin to freeze until the temperature drops to 20 deg. F. or lower. In fact, a zero temperature freezes the meat quickly and prevents excessive drip when the meat is thawed.

Pot roasting is sometimes called braising. Dip the roast into seasoned flower, if desired, then brown thoroughly on all sides in a little hot fat. Next, add salt and other seasoning and a portion of a cup of water. Slow, low heat is a must! This may be surface or oven heat. Most folk like vegetables cooked in with the meat, for the last hour or so. If many potatoes, carrots, and onions are chosen, it speeds cooking if these vegetables are heated to boiling, drained, and added to the pot roast kettle to finish cooking with the meat.

OVEN POT ROAST WITH VEGETABLES AND GRAVY

- 3 to 5 pound pot roast
- 2 tablespoon fat
- 1 cup chili sauce
- ¼ cup water
- 1 tablespoon salt
- 2 medium-sized onions, sliced
- potatoes, carrots, onions

Melt fat in deep kettle or Dutch oven. Brown meat well on all sides. Spread chili sauce over surface of meat. Add water, salt and sliced onion. Cover. Cook in a moderate oven (350 deg. F.) for two hours. Add prepared vegetables. Cover and continue cooking for an additional hour or until meat is fork tender and vegetables are done. To thicken broth, combine 3 tablespoons flour and ½ cup water. Stir half of this into hot broth. Add remaining flour-water mixture, if necessary, to thicken broth. Cook 5 minutes to completely cook the flour.

CREOLE POT ROAST

- 3 pounds beef pot roast
- 2 tablespoons fat
- 1½ cups tomato puree
- ¼ cup olive liquid
- ¾ cup sliced stuffed olives

Melt the fat in a frying pan. Brown the meat well on both sides. Slip a low rack under the meat. Add the tomato puree and olive liquid. Top the meat with onions and olives. Cover tightly and cook over low heat for 3 hours or until meat is tender. Serve with hot fluffy rice in true Creole style. If gravy is made with the pot roast, use only 1 tablespoon flour mixed with ¼ cup cold water for each cup of broth. A teaspoon of curry powder mixed with ¼ cup water, a few shakes of pepper sauce, and a dash of Worcestershire sauce, will give added evidence of the southern influence.

Needlework Sale at Edgewood Nets $82

EDGEWOOD — Saint Agnes' Church Helpers sponsored a very successful sale of needlework in the Legion club room when the sum of $82 was realized.

Cards were played following the sale when winners were: bridge, Mrs. N. Donselaar and Mrs. R. N. Donselaar; crib, Mrs. H. O. Smith and Dick Smith; canasta, Mr. and Mrs. J. Ewings. In charge of the various booths were Mrs. J. B. MacLeod, Mrs. H. T. Park, Mrs. R. A. Yeld, Mrs. F. Jackson, Mrs. F. B. Nesbitt and Mrs. J. S. Vrooman.

Queen Approves Seal

OTTAWA (CP) — Queen Elizabeth has approved the adoption and use by the federal government of a new Great Seal of Canada, State Secretary Pinard announced Friday in the Commons.

The new Great Seal, about five inches in diameter and of tempered steel, differs from those of the past in that it shows the Queen wearing St. Edward's crown, with which she was crowned.

New Denver

NEW DENVER—Mrs. Jean Onstire, who was the guest for a week of her brother and sister-in-law, Mr. and Mrs. C. W. Nelson, returned to her home in Spokane.

Mrs. T. W. Clarke left for Vancouver on a business trip. She will also visit her son and daughter-in-law, Mr. and Mrs. Crawford Clarke and two children in Nanaimo, and her son Dennis Clarke at UBC, Vancouver.

Miss Gunly Petersen, who was the guest for a week of her mother, Mrs. Petersen, and brother in Sandon, has returned to Spokane.

Mr. and Mrs. James Draper and N. Uphill were Nelson visitors to attend the funeral of Mrs. Lily A. Jewett. Mrs. Jewett was a past chief and charter member of Lucerne Temple Pythian Sisters at New Denver.

Juliette Adam, French writer whose salon was politically influential, was 100 years old when she died in 1936.

HOW TO GROW HAIR TO BE EXPLAINED BY EXPERT

Internationally Known Trichologist To Hold Clinic in Nelson

OFFERS WRITTEN GUARANTEE

(By Jack MacDonald)

TORONTO, Ont. (Special)—"When in the world will people realize that there is no need for baldness", says B. Gagnon, Director of the Dominion Hair and Scalp Institute of Canada, in an exclusive interview today. The trichologist told of many instances of successful treatment of loss of hair and emphatically states that the fear of baldness can be banished for good.

The trichologist further explained: "No man need be bald or look prematurely aged because he is losing his hair. This stigma of baldness need not affect his business and personal life. Science has shown that with correct treatment you can prevent baldness; turn colorless fuzz into healthy growing hair and look youthful again.

GLINIC TO BE HELD AT THE HUME HOTEL FOR ONE DAY ONLY

You are invited to see this modern method of home treatment for the hair, demonstrated at a free clinic to be held between 1:00 p.m. and 8:00 p.m. on Tuesday, February 28th. B. Gagnon, Trichologist, will outline how this treatment achieves healthy growth. Each interview is private—there is no cost or obligation for advice given.

"There is always a reason for baldness", continued this internationally known authority. If a scalp is infected with dandruff, excessive oiliness, or extreme dryness, hair simply cannot grow. The scalp that is exercised will produce healthy hair — and hair and scalp hygiene should be taught to children. If this were the case, baldness would be a rarity today."

HEREDITY ALONE IS NOT THE CAUSE OF BALDNESS

"The belief that baldness is hereditary is not founded on facts. Science has proven it false. No one need be bald because baldness runs in the family, but it is true that some families tend, to have unhealthy scalps."

The purpose of the Dominion Hair and Scalp experts is to teach the correct way to strengthen and nourish the weak scalp into a healthy vigorous condition. At each private examination a hair and scalp analysis, together with a diagnosis of the disorder is made. If there is any fuzz at all they can restore a healthy scalp condition and the hair will grow normally again as nature intended. Should there be cases where baldness is beyond help, these experts frankly tell the person the truth. All those accepted for treatment must be satisfied. If they are not delighted with the results at the end of sixty days any money which has been invested in the treatment will be gladly refunded.

If you are worried about your hair, call at the Hume Hotel between the hours of 1:00 p.m. and 8:00 p.m. on Tuesday, February 28th. The public is invited. Free examinations are private and the clinic is open to both men and women.

SPORTS

Presbyterian Minister Is Adept Puck-Hound

LISTOWEL, Ont. (CP)—A Presbyterian minister here is just as adept at chasing a puck as he is at preaching a sermon.

Rev. M. V. Putnam, 36, is pastor of Knox church and also playing coach of the Listowel Rotarpots of the Western Ontario Athletic Association's intermediate hockey league. Listowel is 20 miles north of Stratford.

When Mr. Putnam arrived in town the team's loop standing zoomed and so did attendance at church. Membership of the church is 750.

Born at Eaton's Corners, 25 miles northwest of Brockville, Mr. Putnam played hockey for Perth Blue Wings of the OHA Junior A league before serving overseas with the Ordnance Corps during the Second World War.

He has also played on Ontario Baseball Association and intercounty baseball teams.

CHURCH COMES FIRST

Although a great sports enthusiast, the hockey-playing cleric puts church duties first.

"I would never enter sport with the intention of promoting my church," he said.

"Sport ought not to become a religion, that is, the most important thing in life.

"I never pray for victory in sport but a believe that a Christian sportsman should pray for his team mates and for strength to play well.

Mr. Putnam, father of four children, said he doesn't believe sport is the complete solution to juvenile problems.

"Not all young persons can take part in competitive games for not all are gifted and interested."

Asked about rough play in hockey he said fights were unfortunate but understanable because of tension, provocation and weariness.

But, he added, habitual rough play can usually be traced back to team management.

"It is my experience that players will try to play as they are instructed. A lot of team management needs cleaning up today."

Former NHL Star Denies Criticism

PENTICTON (CP) — Phil Hergesheimer, former National Hockey League star and one-time coach of Kelowna Packers, Friday denied he criticized the Okanagan Senior Hockey League and Penticton Vs in Vancouver earlier this week.

"I'd never say anything like what I'm supposed to have said about the Vs," Hergesheimer said in an interview here.

"The Vs are the ones who made the OSHL what it is. As for Grant Warwick (playing coach of the Vs), he's my best friend."

Hergesheimer was quoted in Vancouver earlier this week, as saying the Penticton club "helped kill hockey in the Interior. They are complacent." He said of the amateurs in the league: "Those guys would have to take a cut to turn pro."

"I never tagged the Vs with paying any $600 a month," Hergesheimer said here today. "I did say wages were high and one player last week got as much as $150 a week. I know he did because I paid it."

"I've too many friends down Penticton way to go attacking the Vs. And don't forget I was in this league for five seasons myself and I'm not going to turn around and knock it just because I'm no longer in it."

Salvage Valuable Gear From Hilunga

VANCOUVER (CP) — Radar, radio, and other valuable equipment has been salvaged from the federal government survey vessel Hilunga which was dashed ashore in a northern B. C. storm last week.

Pacific Salvage Company's big tug Salvage Queen arrived back in Vancouver Thursday night with the wrecked ship's gear aboard.

A company official said they now are awaiting word as to whether or not the department of public works will try to salvage the Vancouver-based work ship.

Unbeaten Rinks Reduced to Two

PORT ALBERNI (CP) — Two rinks remained undefeated in the Alberni Valley Curling Club "Big Little Bonspiel" Thursday night.

Tony Gutoski of Victoria played four games with no losses while D. Hasen of Port Alberni had two wins and no losses.

Play reached the eights in the Edgar McKenzie primary event and was still in the sixteens in the Woodwars stores and Daily Colonist primary.

Results of Woodwards secondary draws: Wenezenki, Port Alberni, 13, Shroh, Nanaimo, 6; Wauthier, Duncan, 12, Shelly, Parksville, 6; Dunstan, Victoria, 9, Shillington, Victoria 7; Antrim, Parksville, 12, RCN Stettler, Victoria, 7; MacKenzie, Victoria, 11, Arthur, Port Alberni, 8; Glover, Vancouver, 7, Craig, Port Alberni, 4; Marshall, Victoria, 12, Coles, Port Alberni, 1.

Edgar MacKenzie primary results included:

Tang, Victoria, 9, Marshall, Victoria, 2; Gutoski, Victoria, 9, Colles, Port Alberni, 4; Harper, Duncan, 11, Hooper, Port Alberni 9; Gutoski Victoria, 12, Tang, Victoria 4.

Colonist event for the Miller Trophy:

Stirzaker, Port Alberni, 8, Harper, Duncan, 4; Glover, Vancouver, 13, Dunn, Nanaimo, 11; Houle Port Alberni, 9, Shillington, Victoria, 8; Wadsworth, Duncan, 11, Burns, Port Alberni, 7; Fuller, Nanaimo, 11, Watson, Port Alberni, 2; Gutoski, Victoria, 10, Hunt, Port Alberni, 5; Marshall, Victoria, 10, Antrim, Parksville, 9.

Revenge Fails, Madigan Slugged

KELOWNA, B.C. (CP) — If some hockey players can't fight on the ice here, they'll do it in the stands.

Thursday's OSHL tilt between Penticton and Kelowna saw Con Madigan—sidelined by Vs for the rest of the season—come out on the wrong end of his own jeering section.

It started last week when Madigan was injured by Kelowna defenceman Garnett Schai. Madigan had noised it about that retribution would be made Thursday.

Unable to carry out his plans, Madigan started needling Jack Kirk, who is still off through a Madigan-incurred injury in January.

A strapped shoulder prevented Kirk from doing anything about the remarks, but Bob Taylor, pormer Packer wasn't handicapped at all.

When the dust settled Taylor was on his way to the dressing room to have stitches put in his hand, badley cut when it ran into Madigan's mouth.

REGINA (CP) — Saskatchewan Roughriders of the Western Interprovincial Football Union today announced the signing of two young gridders from the Lakehead: Fullback Vic Marks and Tackle Bob Cameron who played last year with Fort William Redskins, western intermediate football champions.

They are the first Canadian players signed by Riders this year. Riders have signed eight imports, four of whom are newcomers.

IF LOOKS COULD KILL, Detroit's Alex Delvecchio would be ready for the embalmer, for Maple Leaf goalie Harry Lumley has a "murderous" glint in his eye. Lumley squelched this scoring attempt, but Lady Luck and his defence deserted him as the game progressed. Paced by Bill Dineen's two-goal splurge, Red Wings dumped Leafs, 6-1, in Toronto. The loss put Leafs back into a tie for the fourth and final playoff berth with Boston Bruins. Leafs, the league's worst road team, must play six of their remaining 11 games away from home. —Central Press Canadian.

ALBERTA INDIANS OFF TO PARIS

SAINT JOHN, N. B. — Minus the blood-curdling war-whoops, but packing with them full regalia which the wild and woolly West was so famous, a band of 14 Indians from Mobbema, Alta., will sail from here tomorrow aboard the Canadian Pacific liner Empress of France, en route to a circus engagement in Paris. The party, in charge of Bud Brewster, of Baiff, travelled across Canada from Calgary via Colonist Bar, the only type of railway equipment on which they could cook their own meals.

The Canadian "good will" ambassadors include nine adults and five children, there are five members of the Currie family, six from the Boysis family and Joe Saddleback, Joe Applegarth and Joe Rowan.

Plan Memorial To Connie Mack

PHILADELPHIA (AP) — A group of Philadelphians plan to erect a memorial statue of Connie Mack showing the baseball pioneer in a familiar pose—waving a scorecard in front of a dugout.

The stone statue would be located in Reyburn Park opposite Connie Mack Stadium. It would later be moved to a city stadium now under consideration.

Unconscious 13 Days Traffic Victim Dies

VANCOUVER (CP) — Alex Findlay, 53, who lay unconscious in hospital here for 13 days after he was hit by a car, died early today.

Findlay's identity, unknown for two days was traced through cleaning tags on his clothes.

Murray A. McKenzie, 42, has been charged with failing to remain at the scene of an accident. He is free on $1000 bail.

Lure Pro Golf Nomads With $649,000 Bait

CHICAGO (AP) — Golf's pay-for-pay nomads will be lured by a record $649,000 summer schedule of 22 tournaments, the United States Professional Golfers Association announced Monday.

Included are the Canadian Open at Beaconsfield Golf Club, Montreal. July 5-8 for $15,000 and a tournament at the Royal Quebec Golf Club July 12-15, for $26,800.

Two new Dallas, Tex., events with purses totalling $100,000 and the first New England appearance of the U. S. PGA meet since 1931 are on the list.

Although the Dallas International Open invitational, May 31, to June 3, bows in with a $70,000 purse, the year's biggest cash attraction remains the $101,200 "world" meet at Tam o'Shanter in Chicago Aug. 9-12.

Both of these shows are preceded by two lesser events on the same sites, the $30,000 Dallas Centennial Open at the Preston Hollow Country Club May 24-27, and the Tam o'Shanter $25,000 All-American Open Aug. 2-5.

The PGA championship will be held July 20-24 at the Blue Hill Golf and Country Club, Canton, Mass., a Boston suburb.

Golf's biggest prestige meet, the U. S. Open for $25,000, will be held at Oak Hill Country Club, Rochester, N. Y., June 14-16.

Offer Useless Without Ottawa

NORTH VANCOUVER (CP) — The provincial government's offer to underwrite up to 40 per cent for flood damage payments in last November. North Shore floods is useless, says Reeve Grant Currie, unless it is matched by the federal government.

Premier Bennett made the 40-per-cent offer in the Legislature.

Asked for comment here, Mr. Currie said the premier's statement that "a delegation headed by myself proposed to him that the municipality approach the federal government for aid is untrue. We were told by Ottawa to work through the provincial government, and this we did."

Reeve Currie said there is nothing to back up Liberal leader Arthur Laing's contention in the House that logging on the north shore was a major cause of the early winter flooding.

Weather Succeeds Where Strike Failed

LONDON (Reuters) — Britain's severe weather ended a proud record today when the oldest surviving English-Welsh Rugby Union club fixture, Blackheath vs Newport, due to be played Saturday, was called off for the first time in 63 years.

Both grounds are unfit for play because of snow and ice. The match was first played in 1879 and since 1893 has been staged each year without a break, apart from the war years.

In 1951, a rail strike threatened to prevent Blackheath travelling to South Wales, but Newport chartered a plane for the London team to preserve the sequence.

Styling standout wherever you drive...

proudest performer on the road

'56 Monarch

Everywhere in Canada the 1956 Monarch is being hailed as a "styling standout"! A glance at its low, sweeping lines tells you why in a second. Here's beauty—in line, design and style—that is *truly* distinctive!

But looking at a Monarch only tells you part of the story. *Get behind the wheel*, and you'll very quickly discover the exciting part of the story that's hidden under the hood. Naturally you'd expect something special from a great new engine by the world's most experienced V-8 builder—but you just can't imagine the kind of smooth, high-spirited responsiveness you get from a Monarch Y-block V-8 until you've tried it on the road!

You'll appreciate the *extra safety* that is provided for you and your family by Monarch's Safety-Planned Design—with new safety steering wheel and door latches, optional safety seat belts and expanded plastic padding for instrument panel and visors to protect you in the event of an accident.

Your Ford-Monarch Dealer would like to have you drive a Monarch—to savour its magnificent V-8 performance, to enjoy the incomparable ease provided by Monarch's modern power assists: power steering, power brakes, 4-way power seat and power window lifts—and, of course, the most versatile automatic transmission ever designed! Won't you accept his invitation soon?

SPORTS

Here's John Speaking on SHORT SPORT

Football moguls of the National Football League will breathe with less trouble today because Harry (Horse Trader) Sonshine has resigned as team manager of Toronto Argonauts of the Big Four Football Union.

Harry's free-and-easy manner of tossing around large chunks of the filthy stuff known as money has made him the most talked-about sports figure of this, or any other, year.

Berated, congratulated or laughed at, Sonshine did one thing. He focussed attention by the truckload upon Toronto Argonauts. Who can say whether his player-manipulating was a success?

Many of his higher-priced acquisitions, notably J. C. Caroline and Tom Dublinski, were ridiculed early in the season. Caroline was lopped from Argos roster and helped Montreal Alouettes. Dublinski made critics eat their statements that he did not compare with Etcheverry.

Nobody doubted Dubber could pass as well, if not better than Montreal's Sam "The Rifle." But fans were doubtful about the Detroit Lions' refugee's other qualifications. Can he run? Has he got Etcheverry's brains? Is he chicken?

All those questions, and many more, were asked of Dublinski and indirectly, of Sonshine's judgment. Dubber's late season performances against Hamilton and Montreal brought partial appeasement.

Those who crowded television sets all across the nation saw Dublinski excel in the sloppy going in the East-West All Star Game. Etcheverry, too, played in that game. But it was Dublinski who passed for the Eastern touchdown. Etcheverry was a forgotten man.

* * *

Yours truly thinks Dublinski vindicated Sonshine's judgment with those late-season efforts. Caroline, although a Montreal backfield mainstay, was much less sensational. Perhaps Sonshine over-rated the shifty J.C., who won all-America honors in 1953.

He was right on Dublinski, he was perhaps slightly off in his calculations about Caroline. But what football man hits for better than a .500 average over a season.

Methinks the issue was caused primarily by his premature release of the 1954 Argonauts imports en masse. Nobby Wirkowki, Al Pfeifer, Dick Shatto, Billy Cross, Cas Krol and others were all lopped from the roster without the courtesy of invitations to training camp.

The move was contrived to raise public controversy. It succeeded. That Shatto and Pfeifer were later invited to try out with Argos was another nail in Harry's coffin. That Shatto and Pfeifer became stars in the highest ascendancy was the event which, in the opinion of this reporter, spelled kaput to Sonshine as Argos team manager.

Yours truly believes Sonshine's departure was planned by "the trader" as early as the middle of last season. He said at that time Bill Early was being groomed as his eventual successor.

* * *

Had Sonshine's efforts been rewarded by success in the form of a Grey Cup championship in his first year, Harry would still be Toronto Argos' team manager. Forgotten would have been the catcalls the sarcastic, often drunken renderings of "You Are My Sunshine" by fans throughout the season.

Harry did his job to the best of his ability. He never accepted a penny for his own pocket to pay transportation and long distance costs.

I do not believe Sonshine's salary offers to imports were as exorbitant as those quoted in sports magazines and newspapers throughout Canada and U.S. I think his reputation as a fast man with a buck led to unnecessary abuse from league officials, graduates of American colleges, and Gus Q. Phan.

We rather facetiously picture American football officials dancing in the streets over Sonshine's move. American football can do without him, as can the Canadian game. But for Canada, it won't be easy.

Leafs Preserve Winning Streak With Sudden-Death Overtime Win

Nelson Maple Leafs stretched to seven games their Western International Hockey League winning streak Friday night as they downed Kimberley Dynamiters, 6-5, after 2:17 of sudden-death overtime. Leafs were making their final home appearance of the season.

Vic Howe scored the winning goal scant seconds after he had missed an opportunity to salt the game away. Wendy Keller carried the puck out of the Leaf zone and broke his stick as he was checked by two Kimberley players at the Dynamiter blueline.

Wendy kicked the puck out of the three-man tangle and Howe picked it up and slid it into the open side behind Earl Betker.

Leafs, for the third time in succession, overcame large opposition margins to post the victory. At one stage, early in the second period, Kimberley led 4-1. But Lee Hyssop scored a goal on a tremendous effort just before the seven-minute mark to shave the margin.

Hyssop earned assists on two goals by Bud Andrews to run his league-leading scoring total to 93 points. He has one game remaining, in Spokane against the Flyers tonight. Red Koehle and Don McGregor scored the other Leaf goal.

TOOK EARLY LEAD

Sporting a completely different arrangement of forward lines, Dynamiters looked, especially in the early going, as if they might chase Leafs from the ice. Ray McNiven scored three goals, Buzz Mellor and Ted Lebioda one each for Dynamiters.

Opposing netminders Gus Adams of Leafs and Dynamiters' Earl Betker were outstanding throughout. Gus made the best stop of the game with less than a minute elapsed of the first period. Norm Larson, who returned to the Dynamiter lineup Thursday night after having been deposed as player-coach, broke in alone and was promptly robbed for his pains.

Gus, however, appeared slightly shaky on Lebioda's goal. Anticipating the shot, Gus kicked out with his pad and the puck slithered through. Otherwise, Adams was great. He included several saves off Cal Hockley among his 39 stops total.

Kimberley overcame Andrews' first goal—at two minutes of the first frame—with two tallies with McGregor sitting out a minor penalty. McGregor's goal, a long floater from outside the red line, more than atoned for his misdemeanor as it evened the score, 5-5, and set the stage for overtime.

Previous to McGregor's goal, the feeling Leafs would once again stage a comeback was so noticeable throughout the noisy crowd that sections of fans were hollering, "Go, Leafs, Go!"

Lineups: Kimberley — goal, Betker; defence, ones, Andre, Lebioda, Craig; forwards, Hockley, C. Bell, Knippleberg, Larson, McNiven, Barre, McTeer, Mellor.

Nelson — goal, Adams; defence, Parker, McGregor, Lofvendahl; forwards, Hyssop, Andrews, F. Koehle, R. Koehle, Howe, Keller, Appleton, J. Bell, Jeffrey.

First period — 1. Nelson, Andrews (Hyssop, F. Koehle) 2:00; 2. Kimberley, McNiven (Knippleberg, Craig) 6:48; 3. Kimberley, Mellor (C. Bell) 7:13; 4. Kimberley, McNiven (Knippleberg, Hockley) 10:44.

Penalties: McGregor 5:43; Keller (fighting, five minutes) 14:42; Craig (fighting, five minutes, and roughing, two minutes) 14:42; C. Bell 15:27.

Second Period: 5. Kimberley, McNiven (Bell, Knippleberg) 4:01; 6. Nelson, Hyssop (F. Koehle) 6:53; 7. Nelson, R. Koehle (Parker, Bell) 12:40.

Penalties: Hockley 11:15; Hyssop 11:48.

Third Period: 8. Nelson, Andrews (McGregor, Hyssop) 5:38; 9. Kimberley, Lebioda (Larson, C. Bell) 7:14; 10. Nelson, McGregor (Lofvendahl) 8:49.

Penalties: None.

Overtime: 11. Nelson, Howe (Keller) :17.

Penalties: None.

MINOR HOCKEY SCHEDULE

Minor hockey schedule for the coming week follows:

Tuesday, 7:00—Nelson Bantam Reps vs Trail; 9:00—Nelson Midgets vs Trail.

Wednesday, 5:00 to 6:00—Black Hawks vs Red Wings.

Balance of schedule to be announced later.

Argos Sign Dublinski

TORONTO (CP) — Toronto Argonauts, lining up pass receivers for quarterback Tom Dublinski, Friday night announced the signing of Joe Stephenson, six-foot-two, 195-pound end from Vanderbilt College.

Stephenson, 20th draft choice of Detroit Lions, is the third new end the Big Four Football Union club has acquired for the 1956 season.

Service Clubs Vie in Annual Bonspiel Tonight

Winners two years in a row, Lions Club curlers tonight host the annual Nelson Service Club Bonspiel at the Civic curling rink.

Entrants from the Lions, Kiwanis Club, Associated Canadian Travellers, Rotary Club, Kinsmen Club and Junior Chamber of Commerce will vie for the Bud Day Cup.

Participants were urged to be on hand early, those taking part in the 8 o'clock draw to be on hand to support the early curlers and the 6 o'clock draw to encourage the late curlers.

The draw:

6 p.m. — Bagnall, Lions vs Sardich, Kiwanis; Melwood, ACT, vs Peerless, Rotary; Wah, Lions, vs Clark, Kinsmen; McDonald, ACT, vs Wicken, Lions; Graham, Rotary, vs Ellis, ACT.

8 p.m. — White, Kiwanis, vs Beresford, Lions; McLachlan, Jaycees, vs Eberle, Kiwanis; Kaiway, Jaycees, vs Muir, Kinsmen; Gilker, Rotary, vs Greenwood, Kinsmen; Duckworth, Kinsmen, vs Jemson, Rotary.

Another game is being arranged between Hingwing, Rotary, and Lions No. 5 team.

Kroll, Barber In Tourney Tie

HOUSTON, Tex. (AP) — Ted Kroll, Fort Lauderdale, Fla., knocked a stroke off par on four straight holes Friday for a five-under-par 67 and a tie with little Jerry Barber for the lead at the halfway mark of the $30,000 Houston open golf tournament.

The 36-hole 137 by Kroll and Barber, the first-round leader, left them one stroke in front of hometown favorite Jimmy Demaret and Jon Gustin, a 23-year-old newcomer from Charlottesville, Va.

Barber dropped to a 70 Friday. Demaret and Gustin joined Kroll at 67.

Joe Jiminez, Midlothian, Ill., put a 70 beside his first round 69 for a 139. Trailing him by one stroke at 140 were Jimmy Clark, Laguna Beach, Calif., and Deen Wood, Liberty, Tex.

Gerry Kesselring of Kitchener, Ont., had a 72 Friday for a total of 142 and a 15th-place tie with eight other players.

MIAMI, Fla. (AP) — Sixteen three-year-olds were entered Friday in the $149,800 Flamingo Stakes to be run over a mile and a furlong at Hialeah Park today.

With Stane and Besom

Rinks of the Nelson Curling Club swing into their final round of play Tuesday night and each section will be competing for a cup. Play up to this point has been mainly to get the various rinks in the section where they belong as to playing ability. Unattached members are to contact Ernie Ramsbottom immediately if they wish to participate, and they will be attached to rinks.

There are four sections, making four events. Play is expected just before the Little Bonspiel which will start March 15, or 16.

Tuesday, 7 p.m. — R. Bruce vs J. Thom; D. M. Sample vs M. B. Ryalls; H. Farenholtz vs W. Stern; W. Triggs vs R. Nash; W. Wait vs R. Carmichael.

9 p.m. — J. Campbell vs A. Ronmark; J. Grieve vs D. Benedetti; J. Hingwing vs A. S. Lockwood; E. Leeming vs E. Ramsbottom; J. M. Strachan vs J. Harvey.

Wednesday, 7 p.m. — J. Harvey vs R. Palmer; A. Sinclair vs J. Hingwing; D. Lord vs D. Meakins; women's games.

9 p.m. — C. H. Parrish vs R. Nash; W. Tickner vs V. Davies; J. Leeming vs A. J. Hesse; H. Greenwood vs A. Freeman; S. Jeffreys vs L. J. Maurer.

Friday, 7 p.m. — D. Cathcart vs H. Ronmark; E. Mason vs A. Ronmark; V. Davies vs H. Moore; R. Carmichael vs J. Campbell; A. J. Hesse vs R. Palmer.

9 p.m. — J. Leeming vs J. M. Strachan; F. Carmichael vs H. Farenholtz; M. B. Ryalls vs W. Stern; D. Lord vs W. Tickner; W. Triggs vs A. Freeman.

Santee Turned In Big Tabs

SAN FRANCISCO (AP)—Miler Wes Santee, barred from further amateur competition by the United States Amateur Athletic Union, was turning in daily expenses ranging from $25 to $38.50 while competing in west coast meets last spring, it was learned Friday.

"He explained to us that he had to be a 'good guy' and told us that he had to pick up the tab many times," said Carl Hansen of Oakland, national AAU president.

Hansen, who conducted the hearings in New York which led to Santee's lifetime disbarment, added that the former University of Kansas distance star's wife had "expenses" which amounted to $1158 last year.

The AAU forbids athletes from collecting expense money for their families and has a $15 top daily expenses of competitors.

Leafs Climb Two Up On Sloan's 35th Goal

CHICAGO (CP) — Tod Sloan scored his 35th goal of the season to give Toronto Maple Leafs a 2-1 victory over Chicago Black Hawks in a National Hockey League game here Friday night.

The Toronto centre's tie-breaking score came midway in the final period from a scramble in front of the Chicago net.

By winning, Toronto moved two full games ahead of Boston in the battle for fourth place and a berth in the playoffs.

Chicago fell 3½ games off fourth place by dropping its first game of the season to the Leafs on home ice.

Leafs' Ron Stewart opened the scoring early in the second frame, taking a pass from Brian Cullen and beating Chicago goalie Al Rollins as he swept past the net.

Ed Sandford tied the score for Chicago at the 3:19 mark of the final frame.

Both goalies, Rollins and Toronto's Harry Lumley, were kept busy. Lumley was credited with 32 saves while Rollins was forced to make 39 stops.

Gavilan, Waterman To Fight Again

LONDON (AP) — Kid Gavilan of Cuba and Peter Waterman of England will meet in a return fight at Earls Court April 24, promoter Jack Solomons said Friday.

Waterman was given a highly controversial decision over the former world welterweight titleholder here Feb. 7. The decision was so unpopular referee Ben Green was summoned before the British Boxing Board of Control for a hearing. The licence of the 71-year-old referee was revoked.

Skeeters Vie For Prizes in Sunday Shoot

Scattergun enthusiasts with itchy trigger fingers will get an early season workout at the Nelson Trap Club grounds on the CPR flats Sunday.

A new type machine is in operation, Rod McIndoe, veteran trap shooter explained Friday, and the expensive pasttime of shooting trap will be replaced by a system under which five rather than 25 rounds are fired.

Main event will be the Buddy Shoot for the Savoy Hotel Trophy, and there will also be ham and bacon and miss-and-out events. If there is time, a Calcutta sweep will also be held, in which contestants are listed and auctioned off to the highest bidder, who cuts in on the proceeds if his shooter is in the money.

Hot food and drinks will be served and shooters other than members will take part.

CASTELLANI GAINS DECISION

NEW YORK (AP) — Staggered in the second round, Rocky Castellani of Luzerne, Pa., came from behind Friday night to earn a unanimous 10-round decision over rugged Johnny Sullivan of England in a bout at Madison Square Garden.

Castellani weighed 159, Sullivan 161.

Scattergun Enthusiasts—

A new machine is in operation at the Nelson Trap Club. This is not a trap machine. In past years the trap club has stuck strictly to shooting trap which at the current price of shells and targets has become very expensive. Rather than firing 25 rounds for each event the club cut this to 5 rounds.

TOMORROW — FEB. 26

we are holding a Ham and Bacon shoot, also a buddy shoot and miss-and-out. Time permitting, we intend to hold a Calcutta sweep, which is similar to an auction sale where you buy your favorite shooter. All contestants who enter this Calcutta are listed and auctioned off to the highest bidder. If your shooter is in the money the buyer receives 70 per cent. the shooter 30. The Calcutta will be split into three pots, 50 per cent, 30 and 20 per cent. This event is really catching fire at all major shoots. It gives a non-shooter a chance to participate. Hot food and drinks will be served on the grounds. Shells and targets supplied at cost. Please take note: Everyone is welcome, you do not have to be a member. There will be up-to-date shotguns and competent instructors for new shooters. The main event of the day will be the Buddy Shoot for the Savoy Hotel Trophy.

Go to the end of Nelson air strip then follow the trap signs. For other information PHONE THE SAVOY HOTEL, 172

Argos Accept Resignation Of Manager Harry Sonshine

TORONTO (CP) — Harry Sonshine has resigned as team manager of Toronto Argonauts of the Big Four Football Union, the club announced Friday night. Bill Ross, club president, said the resignation was accepted at an executive meeting.

Ross said Sonshine's position will not be filled immediately. Assistant coach Bill Earley, who is being groomed for the job, will continue as public relations officer for the club during the off-season.

"Harry gave me his resignation quite some time ago," Ross said, "but I didn't present it to our executive meeting until last week.

We decided to accept it, because we knew the business pressure he was under."

Sonshine, 41, was not paid for the Argo job which he took over last year.

The club president said the results of Sonshine's work, which included scouting trips into the United States, sometimes at his own expense, will be reflected in this year's team.

"He said after last season that he would be too busy to spend much time on football, but he had everything al lset up for us, and was bringing Earley along, before he asked me to accept his resignation."

Ross said he regretted that acceptance of Sonshine's resignation followed so closely the bankruptcy of a company of which he is part owner, and emphasized there was "absolutely no connection" between the two events.

The Hart Equipment Corporation Ltd., a Toronto furniture company of which Sonshine is listed as secretary-treasurer, last week filed papers in bankruptcy court.

Vic Wertz Signs

CLEVELAND (AP) — Vic Wertz, 31, who overcame an attack of polio late last season, signed his contract with Cleveland Indians Friday.

The salary terms were not announced.

Your Individual HOROSCOPE

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars,

For Sunday, February 26, 1956

MARCH 21 to APRIL 20 (Aries) —A so-so day. Don't, however, settle for a so-so performance. Your pride in accomplishment is important.

APRIL 21 to MAY 21 (Taurus) —Make today different where it will help. Indulge in, if necessities don't prevent, other than routine weekend activities. A change is refreshing, generates new ideas, friendships.

MAY 22 to JUNE 21 (Gemini)—A good book, not-too-strenuous sport, civic and community affairs, and, of course, religious duties favored. Top off your efforts with a diplomatic touch.

JUNE 22 to JULY 23 (Cancer) —Don't feel sorry for yourself. Look around, and not the many whose road through life is much more difficult. Be grateful for God-given blessings, real friends, good surroundings.

JULY 24 to AUGUST 23 (Leo)— The month is practically over. Plan to clean up unfinished business as soon as possible. Don't underestimate the value of diversified activity over the weekend. Romance in limelight.

AUGUST 24 to SEPTEMBER 23 (Virgo)—Advice to Cancerites also yours today. A healthy outlook, augmented by earnest endeavor, can produce top results. Be interested in family, community programs. Keek a cheery smile evident.

SEPTEMBER 24 to OCTOBER 23 (Libra) — Avoid the sweet words of social climbers. An honest appraisal, a friendly attitude, concern for your fellow men, all pay well. In addition, these can be a source of great satisfaction.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — This day is a challenge. Big achievements may not come quickly, but well-planned projects and work will bring gains eventually. Pray hard at church.

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — Be especially careful in money matters. Day is friendly, however, for manual work, for the artistic and scientific professions.

DECEMBER 22 to JANUARY 20 (Capricorn) — Restrictions won't irritate or stymie you now, for you usually work patiently, and concentrate on achieving. Lay plans well.

JANUARY 21 to FEBRUARY 19 (Aquarius)—Don't adopt a careless attitude because you feel lethargic. This is the time to give yourself a pep talk and keep consistently on the line if you want to accomplish.

FEBRUARY 20 to MARCH 20 (Pisces)—Do not scatter your energies in too many directions. The day can be deceiving and you may think you can handle more than you safely can. Better to do less and do it well.

YOU BORN TODAY are idealistic, imaginative, industrious, well suited to work or professions that require inspiration, perhaps some emotionalism. You are very artistic, yet have sound common sense and practicality, too. You may tend to underestimate your value and capabilities. Squelch any notion that you can't compete with the best, the smartest. You can and should.

Birthdate: Victor Hugo, French poet, novelist, dramatist; William F. Cody, "Buffalo Bill", Indian scout, soldier.

(King Features)

Market Trends

NEW YORK (AP) — The stock market paced ahead Friday in its fifth straight advance with gains broadly distributed in the late afternoon.

Among higher Canadian stocks, Hudson Bay Mining gained ¾, Aluminum Ltd. ⅝, Granby Mining ¼, Distillers Seagram ⅛ and International Nickel ⅛.

TORONTO (CP) — The stock market bounced forward to its best of the session during the closing trading Friday. While bulk of the turnover was in speculative coppers, best gains were marked up to selected industrials and western oils.

Industrials leaders were Goodyear up $9 at $159, Canada Wire B, up $3 at $102 and PRM Inc. with a $2.75 advance at $38.75.

MONTREAL (CP) — Industrial prices advanced throughout the session Friday to close higher after active trading on the Montreal and Canadian Stock Exchanges.

Stelco climbed 1½ points in a firm steel section, establishing a new high. Algoma was one point better. In base metals, Aluminium gained 2 points and Hudson Bay ¼.

Economic Boom Said Due to West Europe

VANCOUVER (CP) — Canada's economic boom is largely due to the great industrial recovery of Europe since the second World War, says the former deputy minister of finance for the federal government.

John James Deutch, now head of the department of commerce and political science at the University of British Columbia here, called the 70 per cent increase of industrial production in western Europe since 1939 "a Godsend" to the Canadian economy. He told the annual Commerce Banquet here that currency restrictions are forcing Canada to a more regional trade ecenomy depending more and more on the U. S. market. The volume of exported manufactured goods has decreased while export of raw materials has increased greatly.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

Shapiro Wins Gov.-General's Fiction Award

TORONTO (CP)—Lionel Shapiro, Montreal-born newspaper man and novelist, today was named winner of the Governor-General's Award for fiction for 1955.

The winning book is "The Sixth of June," *his third novel*.

Two former winners repeat in the list of five announced by R. D Hilton Smith, chairman of the awards board.

OTHER WINNERS

The medal for academic non-fiction goes to Prof. Donald Creighton of Toronto for "The Old Chieftain" the second volume of his biography *of Sir John* A. Macdonald. The first volume, "The Young Politician," won the same award in 1953.

Prof. N. J. Berrill of Montreal wins in the creative non-fiction category with "Man's Emerging Mind." His "Sex and the Nature of Things" was judged best in the same class three years ago.

The award in poetry goes to Wilfred Watson, a teacher of Canadian and American literature at University of Alberta, Edmonton, for "Friday's Child."

Kerry Wood, free-lance writer of Red Deer, Alta., wins the award for books written for juveniles with "The Map-Maker."

Calgary Livestock

CALGARY (CP)—On offer up to 11 a.m. on the Calgary public livestock market, cattle 300, calves 25. Thurday's sales: cattle 1154, calves 23, hogs 457, sheep 28.

The bulk of offerings were butcher steers, heifers and cows of medium to near good quality. The cattle market was closing strnog and active.

Choice steers 16.25-16.95; good 15.50-16.25; medium 14.50-15.50; common 10-14. Choice heifers 14-14.50; good 13-13.75; medium 11-12.50; common 9-10.50. Good cows 10.25-11; medium 9-10; common 7.75-8.75; canners and cutters 4.50-7.50. Good bulls 11-11.75; common to medium 8-10.50.

Good feeder steers 13.50-15, with odd sales higher; good stock steers 13.50-14.50; common to medium 10-13.

Good butcherweight calves 15-17.50; good to choice veal 17.50-21; common to medium 13-17.

Hogs 1.00 lower Thursday, 21 A grade; sows steady, 11.25 liveweight.

Good lambs 17.50-18.25.

FUNERAL NOTICE
JOHNSON — Funeral services for the late Charles William Johnson will be held Saturday at 2 p.m. from the Thompson Funeral Home. Rev. Canon W. J. Silverwood will officiate and interment will be in the Soldiers' Plot, Nelson Memorial Park. In lieu of floral tributes friends are asked to make memorial donations to the Canadian Cancer Society, care of Mr. H.A.D. Greenwood, Nelson.

Loggers' Fear of Ghost Towns Allayed

VICTORIA (CP) — Fears of smaller loggers that their communities will become "ghost towns" under forest management are unfounded, the B. C. Resources Conference was told here.

"I can't see any logging community becoming derelict because of timber," said John G. Bene, president of Western Plywood Co. Ltd., Vancouver.

Mr. Bene, answering a question from the floor during a panel discussion, said there is still a lot of timber along B.C.'s coast and more efficient management will keep the yield up.

Small loggers have protested to the Sloan Forestry Commission the forest management policies will wipe them out.

Power Commission Buys WFIL System

LAKE COWICHAN (CP)—B. C. Power Commission has purchased the Western Forest Industries Ltd. electrical distribution system at Honeymoon Bay, which serves 140 residential and commercial customers at the Cowichan Lake mill community. The commission will extend its 23,000-volt power line from Lake Cowichan village to Honeymoon Bay, including reinsulation of about two miles of distribution line from Beaver point to the operation of the Hillcrest Lumber Co. at Mesachie Lake.

Civil Servants Bill Defeated

VICTORIA (CP)—A bill to give bargaining rights to B. C. civil servants was defeated in the legislature.

Labor Minister Wicks said the existing special act for civil servants is working well and relations between the government and its employees are at an all-time high.

The government could not accept the bill introduced by George Gregory (L-Victoria) and supported by the CCF, Mr. Wicks said.

Leo Nimsick (CCF-Cranbrook) charged present legislation makes civil servants "second class citizens" in a form of company union.

The bill was one of three submitted by private members and rejected by the government at the night sitting.

Attorney-General Bonner said a bill introduced by Mr. Gregory to allow right-hand passing on all B. C. highways was not practical at present because there are only a few places in the province where it could apply.

FAVORS HIGHWAY CODE

The city of Vancouver is the only place in B. C. which allows right-hand passing under a bylaw. Other municipalities are governed by the Municipal Act.

Mr. Bonner said the subject now is being studied on a national level and the government favors a uniform highway code for the country.

Another bill submitted by Mr. Gregory which was defeated would have repealed the licence for Forfeiture and Cancellation Act.

The Highways

No. 3—Rossland-Trail-Castlegar Nelson-Balfour — Plowing, slippery sections, sanding. Kootenay Bay-Creston-Goatfell — Plowing and sanding, very slippery; Goatfell-Cranbrook - Fernie - Crows Nest — Icy conditions, sanding. No. 3A Trail-Salmo — Plowing and sanding.

No. 6 Nelway - Vernon; Nelway - Nelson — Plowing, sanding; Nelson-South Slocan — Plowing and sanding, slippery sections; South Slocan-Nakusp-Needles — Fair, plowing and sanding; Needles - Monashee—fair, plowing, carry chains; Monashee-Vernon, fair, carry chains.

No. 95 Kingsgate - Cranbrook - Golden—Icy conditions, plowing, sanding.

Nelson-Kaslo — plowing and sanding, possibility of slides; Kaslo-New Denver, closed by slides; Kaslo-Lardeau — Fair, plowing and sanding; Lardeau-Gerrard — Fair, plowing and sanding.

Gracie Fields, Star of Two Nations, Explains Why Some Performers Flop

By BOB THOMAS

HOLLYWOOD (AP)—Why do some British performers succeed in the United States while others fail?

This question has long intrigued observers of show business. Some British stars can be comedy favorites in their own land, yet they lay eggs in the U.S. A few are hits on both sides of the Atlantic. A prime example is Gracie Fields, who can make any audience laugh or cry with her songs and stories.

Miss Fields reflected on the matter of intercontinental comedy over lunch at the at the hotel where she is apearing here.

"Most American comedy stars are well received in England, but the reverse is not always true," she said. "The main reason is that we in England are accustomed to all the American dialects through years of seeing your pictures. But Americans aren't familiar with all the English dialects."

"A performer has to have confidence," she explained. "When a comedian tells a couple of jokes and they aren't understood, he gets panicked and the rest of his performance is no good. That has happened to a lot of English stars."

On the other hand, some fail by trying too hard to meet American tastes. It almost happened to Miss Fields.

"I came over to play the Palace in 1937," she recalled. "They gave me a try-out and I sang 100 of my songs. They said Americans would not understand any of it and told me to sing standard songs.

"I opened at the Palace and I was a dreadful flop. After the second day, I said to heck with it and started singing some of my own songs. From then on they liked me."

Gracie, as perky and winsome as ever at 58, is playing her first night club date in 10 years.

"I'll keep working as long as the pipes are loud and clear," she said. "When they get rusty, then I'll quit."

No Tenders on Stewart Road

VICTORIA (CP) — One of two partners in a Trail construction firm hired by the government to build the Cassiar-Stewart Road, testified that he knew nothing of the project until he came to Victoria in the Spring of 1954.

Norman Wells, of Wade and Wells Ltd., said he went first to Mines Minister R. E. Sommers seeking work and was referred by the minister to his deputy, Dr. J. F. Walker.

It was in the deputy's office, Mr. Wells told a legislative committee investigating all phases of the project, that he first learned of the Cassiar-Stewart Road.

The firm later received a letter from the public works department, handling construction of the road for the mines department, that its equipment rental rates had been accepted. There were no tenders on the job.

Under questioning by Randolph Harding (CCF-aslo-Slocan), Mr. Wells denied that he had any knowledge of rates charged by the previous firm working on the road. McIsaac Construction Ltd., of Whitehorse, Y. T.

Asked by Bruce Brown (Lib.-Prince Rupert) how he could estimate his rates without previous experience in the northern part of the province the contractor replied:

"Dirt is dirt, wherever it is."

Mr. Wells denied a suggestion by Liberal Leader Arthur Laing that he had "snubbed" the government supervisor on the project, W. H. Forrest of Victoria.

Mr. Forrest had testified that his orders were ignored by Wade and Wells and that he attempted without success to see Mr. Wells in Vancouver to discuss the work before the start in 1954.

Mr. Wells said he knew Mr. Forrest had tried to get in touch with him at his hotel but he had "no reason" to see the supervisor.

Orders Park Benches From U.K.

EDMONTON (CP) — The city parks department had ordered 10 park benches from England in an effort to maintain a high number of benches in the city.

The new benches are made of iroka wood, an African oak, with sides and feet of solid welded steel — much heavier than the present benches of jackpine or spruce. And the new ones will be set in concrete slabs.
