Kootenay: Variable cloudiness and colder. Winds northerly 15. Low and high at Cranbrook, Crescent Valley 15 and 25.

Invasion or Civil War Is Question In Costa Rica

Air Raids, Military Engagements Halt As American Planes, AOS Arrive

By CARLOS ESCUDERO

SAN JOSE, Costa Rica (AP)—A United States Air Force plane brought a five-nation commission here Thursday to investigate Costa Rica's war, now in its third day. The big question was whether this Central American republic has been invaded, as its government charges, or faces a purely internal revolution, as neighboring Nicaragua contends.

Already the presence of American planes and the commission from the Organization of American States was having a pacifying effect. There were no recurrences of the air raids which developed Wednesday, or reports of military engagements.

On the northwestern front, loyalist troops moved out from Liberia in an effort to engage an opposition force holding La Cruz, on the inter-American highway 35 miles to the northwest, and some villages in between.

SITUATION UNDER CONTROL

The staff command said the government "maintains control of all national territory except certain points of northern Guanacaste," the province of which Liberia is the capital.

Foreign Minister Mario Esquival expressed pleasure at the arrival of the commission, but added that was not what Costa Rica had asked of the Western Hemisphere organization.

He said Costa Rica had asked invocation of the treaty of Rio de Janeiro which provides for joint action if any American state is invaded. President Jose Figueres has charged that exiles and others had prepared an invasion of Costa Rica from Nicaragua. But that northern neighbor rejected the accusation, saying Costa Rica was undergoing internal revolution.

"Arrow Park" Launching Soon

CASTLEGAR—It will probably be another 10 days before Interior Tug and Transport Company Ltd., puts the 95-passenger MV "Arrow Park" into service on the Arrow Lakes.

The vessel, pefabricated in Vancouver, has been assembled here by Allied Builders Ltd., of Vancouver. Plumbing, wiring and painting have yet to be completed before the boat is launched. Whether there will be an official opening will depend on ice conditions.

While the "Arrow Park" was being built, the company operated a tug and barge service on the lakes. The firm was awarded a $60,000-a-year franchise to operate the ferry service after the Canadian Pacific Railway's veteran sternwheeler "Minto" was retired last Spring.

Hammarskjold Meets Lodge

By FRANCIS W. CARPENTER

UNITED NATIONS, N.Y. (AP)—UN Secretary-General Dag Hammarskjold returned from Peiping Thursday night and what he called the "first stage" of his efforts for release of 11 American airmen jailed as spies in Red China.

He indicated the door is open to further contact and called for restraint on all sides.

Henry Cabot Lodge, Jr., chief United States delegate to the UN, said he was confident that Hammarskjold had made progress and "that our fliers will be free."

He made the statement after receiving a report from the secretary-general.

U.S. sources said Lodge will be in Washington today and is expected to inform the cabinet of his talks with Hammarskjold Thursday night.

BOON TO POSTMAN

PENTICTON, B. C. (CP) — Thomas Lee, tired out watching rural postmen delivering mail the old way, has improved on the whole thing.

The problem used to be for the mailman to drive to a cluster of roadside mailboxes then drive down the line, stopping every few feet to feed in the letters.

Mr. Lee eliminated the drudgery by mounting all the mailboxes in his neighborhood on the rim of an old wagon wheel. Now the mailman delivers the mail like a hostess serving cake from a rotating plate.

Auditor Raps CBC Accounting

OTTAWA (CP) — Watson Sellar, Canada's auditor general, has unearth edaun mber earthed a number of alleged cracks and weaknesses in federal agency accounts, including those of the publicly-owned Canadian Broadcasting Corporation.

In his annual inspection report, a document two inches thick, he charged that despite his demands that weaknesses in the CBC's accounts be rectified, its action has not been of a "nature to remedy the situation."

"The manner in which the accounts were kept during the fiscal year ending March 31, 1954, was not found to be conducive to satisfactory audit."

Saucer Mystery

QUEBEC (CP) — A Quebec newspaper says it has solved the mystery of flying saucers reported seen during the week over Quebec and suburban Ste. Foy. L'Action Catholique says it has learned a group of youths built kites in the form of saucers, six feet in diameter, covered them with silk and placed lighted candles inside. When flown during the night they looked like illuminated saucers, until the candles blew out, said the newspaper.

HUBERT HARRIS, 47, whose life hinged on a dramatic search for a rare type B-negative blood ended suddenly with his death early Jan. 10. More than 160 pints of blood had been pumped into Harris in a steady stream who doctors reported bleeding "everywhere" from a mysterious ailment. Keeping a vigilant watch before his passing, are his wife and Dr. J. Falco.—AP Wirephoto.

EUROPE GALES HIT SHIPPING

26 Dead, Missing As Ships Founder, Floods Rage

LONDON (Reuters) — Driving show and cold air swept over western Europe Thursday, leaving 26 dead or missing, one ship in distress and floods in some areas.

The storm covered the Scandinavian countries with deep drifts. It swirled across Britain during the day and onto the Continent. Temperatures dropped well below freezing.

The bad weather forced the RAF to stop its search for two of its Shackleton bombers, missing since Tuesday night. The planes, each with a crew of nine, disappeared about 100 miles southwest of Ireland.

A distress message was picked up from the Italian freighter Onorato saying her steering gear was out and she was drifting about 100 miles west-north-west of Quessant, Isle de France.

The Norwegian freighter Norania reached the Norwegian vessel Bohus, which reported she had cracked "aft of midship" in the North sea. The Norania said the Bohus needed no further assistance.

A Dutch helicopter made five trips to rescue 15 men from the grounded Norwegian freighter Gatt off the hook of Holland.

London was hit by heavy snow for the second time in nine days.

CNR Train Rolls Into Kitimat

WINNIPEG (CP)—A mixed train service linking the big aluminum centre of Kitimat, B. C., with the Prince Rupert line at Terrace will begin today, it was announced Thursday by J. R. McMillan, regional vice-president of the Canadian National Railways.

The 43-mile branch line will also serve an area of logging, dairying, market gardening, fruit, and fishing. Connection will be provided with Terrace airport.

Mixed trains, made up of passenger and freight cars, will be operated regularly Tuesdays and Fridays.

Little Immigrants Met by Grandpa

HUMBOLDT, Sask. (CP) — Two shy, brown-eyed girls stepped off a train Thursday into the arms of their grandfather they had never seen.

For the Pape sisters, Elizabeth, 14, and Barbara, 13, it was the end of a 10,000-mile trip from a Yugoslav orphanage to a new life on the farm home of Anton Pape, Sr., three miles south of here.

The 74-year-old grandfather kissed the children of his son, Anton, Jr., who died in 1950 in Hungary and his daughter-in-law, who died in a Yugoslav internment camp in 1944.

The trip to Canada was arranged by the Red Cross which gave the children warm winter clothing at Winnipeg. They had travelled as far as Winnipeg in summer wear.

The little girls, who speak only Croat, said they had been well-treated at the orphanage in Wershez, Yugoslavia. They smiled and laughed while their grandfather acted as interpreter.

The girls were then taken to the Pape home for a family gathering and dinner. The Christmas tree had been kept for their arrival.

ANTI-COMBINES BODY STUDYING BREWING FIRM

OTTAWA (CP) — Parliament's anti-combines body is studying charges that Canadian Breweries Ltd. is attempting to set up a monopoly trust to take over Canada's beer industry, it was learned Thursday.

The three-man restrictive trade practices commission may bring down a report on the Toronto company in a month or so. It is not known whether the commission will reject the charges or concur in them. A concurrence could bring court action ordered by Justice Minister Garson.

Canadian Breweries, headed by Toronto industrialist E. P. Taylor, has interests in the production of several brands of beer.

In their annual report, Mr. Taylor, chairman of the board, and president G. M. Black, Jr., disclosed the company was under investigation, but denied allegations as unfounded.

MADELINE PEDLEY, 8, Japanese-American war orphan, is presented to the doll-toting children of her foster parents, Mr. and Ms. Philip Pedley, after her arrival with four other orphans, first to arrive under the Refugee Relief Act. The Pedleys live at Glen Ellen, Calif., on a ten-acre ranch. From left is Diane, 8, and Barbara, 3. The tense moment of greeting dissolved in smiles and a sharing of toys.—AP Wirephoto.

Silverton Folk Rally To Fire Victim's Aid

SILVERTON — Silverton residents are determined that Jack Price will get back the home he lost by fire here recently.

Mr. Price lost everything but the clothes he wore. Even his hat and overshoes burned. He did not carry insurance on the house as he had only recently bought the property.

His friends are collecting money, building materials and household goods in an attempt to replace the loss. An estimate of cost of rebuilding will be made, and labor will be donated when reconstruction starts.

A "Jack Price building fund" organization has been formed, with G. Hegberg as president, W. Johnston as secretary-treasurer; R. Peachey in charge of plumbing, D. Santana, chimneys, and W. Postlethwaite, wiring. Donations of building materials will be in charge of James Fairhurst, and donations of household furnishings will be left at the fire hall.

The next meeting will be held Sunday.

Benefits Immediately....

Gov't Rushes Through Unemployment Bill

OTTAWA (CP) — Parliament Thursday gave speedy approval to the government's bill to extend winter unemployment insurance benefits, handling it as an emergency.

The measure—increasing and extending the duration of supplementary insurance payments—goes into effect immediately. Those qualifying for the new scales will start collecting as from last Monday.

By unanimous agreement, the Commons and Senate suspended their normal procedures to give the bill precedence. The Commons broke into its throne speech debate to give it second and third readings. The Senate promptly whipped it through three readings; usually, separate days are required for each stage.

In the Commons, the Progressive Conservatives — with the support of other opposition groups — tried unsuccessfully to extend the overall time for payment of supplementary benefits. They wanted it to go beyond the existing Jan. 1-April 15 period, which is not changed in the government's bill.

George Hees (PC — Toronto Broadview) accused the government of being "callous and cold" towards persons unemployed before Jan. 1, but Labor Minister Gregg said there is not much seasonal unemployment before that time.

DEFENDS TIME LIMIT

"On the whole, we feel that the present period, within the limits of the money available, is about right," Mr. Gregg said.

The bill has these effects:

1. Supplementary benefits, paid during cold-weather months of low employment to those normally qualified for benefits but whose benefit period has run out, will be increased to 100 per cent from about 80 per cent of regular payments.

2. Recipients will be entitled to a minimum of 60 days of payments. The minimum now is 18 days.

There will be no increase in employee-employer-government contributions to the $880,000,000 fund, which will bear the estimated $10,000,000-a-year additional cost of the extension.

"Dream House" Draws PC Fire

OTTAWA (CP)—A front-bench Progressive Conservative said Thursday there are "all the earmarks of a major scandal" in the entertaining of public officials in a private residence by a contracts-seeking company and suggested Revenue Minister McCann should consider resigning from the government.

A judgment of the income tax appeal board last Saturday disclosed a construction firm sought to deduct from its 1951 taxable income $27,789 spent on refurnishing a house for use in entertaining public officials prior to negotiating contracts. The hearing was held in private.

"This thing smells to high heaven," Donald Fleming, member for Toronto Eglinton, said in the Commons.

Prime Minister St. Laurent said Tuesday he will seek to ascertain whether federal officials were involved in the entertaining and that he plans to "go to the legal limit to get all the facts." The judgment did not name the company or officials or locate the residence, but it has been described as a Laurentian mountain retreat patterned after a Hollywood set-designer's dream.

Moral: Banks Should Hire Gridders

MONTREAL (CP) — A former football player made use of his gridiron ability Thursday to bring down a suspected holdup man shortly after two unsuccessful robbery attempts at different banks.

Hartland MacDougall, who played football in high school, tackled the suspect as he fled along a busy St. Catherine street from a branch of the Bank of Montreal shortly before closing time.

"Our employee, MacDougall, gave the bandit the most beautiful football tackle I've ever seen," said bank manager A. D. McQueen.

DOLLAR HIGHER

NEW YORK (CP) — The Canadian dollar was 1-32 of a cent higher at a premium of 3 21-32 per cent in terms of U. S. funds Thursday. Pound sterling down 1-16 of a cent at $2.78 9-16.

Police Nab 3 Suspects In Coast Bank Holdup

Almost All of $10,000 Haul Recovered; Ill-Fated Getaway Aids in Quick Capture

VANCOUVER (CP)—Three suspects were captured here Thursday, one with a bullet in his leg, after unarmed citizens fought a delaying action with a trio of masked, shooting bank bandits.

RCMP said "almost all" of the $10,000 stolen at gunpoint from the suburban Burnaby branch of the Royal Bank of Canada was recovered.

A fourth man, swept up in the action, was later released.

The robbery was the first bank holdup in the Vancouver area in just over a month. During a six-week period last November and December, eight banks were robbed at gunpoint of loot estimated at $68,000.

RCMP and city police, who cooperated in Thursday's gunfight and capture, said the $10,000 was scattered outside the bank and in rugged bushland nearby where it was thrown by the gunmen as they fled from police.

Police said the holdup happened this way:

Three men, masked and carrying a sawed-off shotgun and an automatic pistol, parked near the bank just after it opened. They ran inside and ordered the bank staff and four customers onto the floor, gathered the money into a bag and fled.

Then their troubles began. Spotted entering the bank, they were confronted by Martin Letang, 40, who ran at them with a hammer. The trio opened fire, two shots passing near Letang.

One man dropped the money and when he turned to pick it up, was surrounded by bystanders. He grabbed the bag and shouldered his way clear.

Then the trio found bulldozer operators John Howie and Ernie Astells had trapped their car against the curb with their huge vehicle. Two pistol shots forced them to back up, freeing the get-away car.

DIVES INTO DITCH

Telephone lineman Fred Sharp chased the car in his repair truck, forcing it up to 90 miles an hour, forcing it to leave the road on a curve.

Sharp dived for the ditch as police came up shooting.

One shot took the suspect in the leg and he fell close to a handful of scattered bills.

A second man was taken when he walked out of some bushes into the sub-machine-gun muzzle of Det. Sylver Armeneau. An RCMP tracking dog, later itself the object of a police hunt, flushed the third suspect from a thicket.

A fourth man was released after police found him hiding nearby. Asked why he ran, he replied: "I am just allergic to sirens."

Letang, burly veteran of Italian and German campaigns, ducked behind a car to escape bandit bullets. "I've been shot at before and wasn't too worried about the gun. I thought I could knock him out."

"One bullet ricocheted off the top of the car in front of me. I don't know where the other went."

Astells, whose bulldozer blade delayed the bandit car, said:

"They pointed their guns at me and fired two shots. I knew I had better do as they asked if I knew what was good for me."

Nearby, 200 children in tiny Schou Street school missed part of their lunch hour as they were kept indoors for their own protection, thereby missing a real-life game of cops-and-robbers outside.

SOVIET SENDS WEST NOTES

Still Tries To Halt German Rearming; Says Violates Pact

MOSCOW (Reuters) — Russia sent new notes to the Western powers Thursday in a further bid to prevent ratification of the Paris agreements rearming West Germany.

The notes cited an agreement reached at Geneva 30 years ago prohibiting use of poison gases or bacteriological warfare and said the Paris agreements were incompatible with it.

They said the Paris agreements provided for West Germany to be armed with chemical and bacteriological as well as atomic weapons.

The notes were handed to the British, French, Italian, Dutch, Belgian and Luxembourg embassies Thursday night.

All were signatories of the 1925 Geneva protocol on chemical and bacteriological warfare to which the Soviet note referred.

A total of 44 nations signed the agreement at that time.

In London, diplomatic circles described as "preposterous" Russia's charge that the projected Western European Union contravened the 1925 Geneva protocol.

Quebec May Get Tax Relief

By HAROLD MORRISON
Canadian Press Staff Writer

OTTAWA (CP)—A modified tax formula — under which Quebec could get its planned revenue and many, possibly all, of its taxpayers could be relieved of double taxation — may be offered to Premier Duplessis as a basis of setting the federal-provincial tax dispute.

The modification, it was learned, was considered by cabinet Thursday along with Mr. Duplessis' original proposals as the ministers met to decide on the draft of a letter Prime Minister St. Laurent plans to send the Quebec premier.

Under the modification, the central administration would offer to increase the deductibility allowance on provincial income taxes to about 10 per cent of the federal levy from the current five per cent. Provincial tax exemptions would be cut to the federal level.

NO CHANGES FOR LABOR ACT SAYS BENNETT

VICTORIA (CP)—Premier Bennett said Thursday the Labor Relations Act is working "wonderfully well" and the government does not plan amendments to it.

The measure took over from the Industrial Concillation and Arbitration Act after the last session of the legislature after strong protests from labor and opposition members of the legislature.

The act was described at the annual convention of the B.C. Federation of Labor (CCL-CIO) in Vancouver last weekend as "the most vicious piece of labor legislation in North America."

Labor representatives have asked for deletion of sections authorizing the labor minister to refer disputes to the courts.

Hair Over Five Feet Long

VICTORIA (CP) — Things are really getting hair-raising in Victoria.

Within 24 hours, two Victoria women have claimed the Canadian championship, thought to be held in Ontario.

Mrs. C. F. Doucett, Thursday claimed the longest hair in the country with 60½ inches. What's more she is training her eight-year-old daughter Cecilia's hair to hold future Canadian championships.

She beats by 1½ inches Mrs. Eileen Silvester who claimed the title Wednesday night with 59 inches.

The hair-do started when the title for the longest hair in Canada was claimed for 15-year-old Shirley Thomas of Toronto, Ont., whose tresses measured 41½ inches.

Gaglardi Makes Dam Statement

KEREMEOS, B. C. (CP) — Works Minister P. W. Gaglardi said here should the federal government block the Kaiser dam construction, the B. C. government would start on another project.

Speaking at a political rally at which Frank Richter, Social Credit member for Similkameen also spoke, Mr. Gaglardi told the audience there are 166 known undeveloped power sites with a potential of 11,000,000 horsepower.

He said as a good Canadian he must respect the federal government and he must co-operate but if the Kaiser dam project is blocked another will be started. He did not elaborate.

Jamaica Switches Gov't Control

KINGSTON, Jamaica (CP)—Thin white-haired Alexander Bustamants, one of the most colorful political figures in the Caribbean area, was swept from power Thursday as his first cousin and bitter political opponent, Norman Manley, gained control of the island's Parliament.

Bustamante's Labor party, which controlled Jamaica since it was granted universal suffrage in 1944, was jolted by the socialist people's Nationalist party. English-educated Manley, 61, will take over from Bustamante as chief minister with an unofficial 18-to-14 edge.

The island is a British colony but enjoys wide independence, although it remains answerable to the British-appointed governor.

Flat Tire Costs Man $3328

VANCOUVER (CP) — It cost Charles H. Morrison a permanent leg injury and $3,328 to change a flat tire.

In supreme court Thursday, Mr. Justice J. O. Wilson deducted 20 per cent from the $16,610 damages he assessed against John A. Wilson, driver of a car which hit Morrison while he was fixing his flat tire in the travelled portion of a city street.

Mr. Justice Wilson found Morrison, 30-year-old longshoreman, negligent in changing the tire on the travelled portion of road in November, 1953.

Wilson said he was unable to see the stalled car because he was blinded by the lights of an oncoming auto.

Silver Got Too Far Awaaaaaaay

VANCOUVER (CP)—It was a case of "Hi-yo, Silver, awaaaaay," Thursday as police chased bank bandits through suburban Burnaby.

The radio dispatcher told all units the RCMP tracking dog Silver was "hot on the trail." Then came the plaintive call: "Any car knowing the whereabouts of the police dog, please telephone the RCMP."

And in This Corner...

FORT WORTH, Tex. (AP)—A church-going tavern operator complained Wednesday to the city council that sidewalk preachers are harming business.

Ministerial students persist in preaching sermons in front of her tavern door, Mrs. M. E. Johnson said. Customers, whether or not they're swayed by the gospel, can hardly push past the preachers, she said.

PHILADELPHIA (AP)—Police Sgt. Wilhelm Neuhaus set out to catch two burglars Wednesday and ended up with a police captain, a lieutenant and 40 prisoners.

Neuhaus received a call that two men were breaking into the basement of a candy store. He rushed to the scene, found the cellar door open, heard voices and barged in.

He helped capture 40 men accused of illegal card and dice games. The two prowlers reported to Neuhaus were the captain and lieutenant about to surprise the gamblers.

TOSCEOLA, Ark. (AP)—It's a task keeping up with the questions of a four-year-old.

Mrs. Bettie Nelle Starr discovered that when she entertained her grandson at lunch recently.

Young Phil Starr, she said, was conducting a real inventory. Did God make the chair? Yes. Did God make the table? Yes. Did God make the hamburger they were eating? Mrs. Starr nodded.

"Well," Phil observed, "God sure got the hamburger too salty."

HUMPTY DOO, Australia (CP)—Massive clouds of geese, measuring as much as three miles across, are defeating efforts of an American-British-Australian company to make a barren tract of northern Australia bloom with rice. The geese eat the rice as fast as it is sown, and guns by day and lanterns, flares and explosions by night have failed to control the birds.

37-Year Procter Man Dies at 81

Harry Clift, a Procter resident since 1918, died at Kootenay Lake General Hospital Thursday. He was 81.

He was born at Exeter, England, in 1873, coming to Canada in 1901. He lived in Montreal for a year before coming West to Crow's Nest where he worked on the Frank slide in 1903. The same year he went to Fernie as engineer for Crow's Nest Coal Company and the municipal power plant. He also worked for a sawmill.

Mr. Clift moved to Procter in 1918.

There are no survivors.

Funeral services will be held at Nelson Saturday.

Power Plant Protection Lack Sets Off Probe

PRINCE GEORGE — The city's $500,000 power plant is covered by only $21,000 insurance and a special committee will attempt to fix responsibility for this "gross negligence."

The insurance situation came to light following a powerhouse fire last week which darkened the city for more than five hours and caused an estimated $13,000 damage.

Mayor Gordon Bryant has appointed Alderman Charles Cranston chairman of a special committee to "report why this insurance condition was allowed to exist and to fix responsibility."

The mayor said disciplinary action might follow submission of the committee's report if responsibility was pinned down to any municipal official. He said he had learned the same condition of inadequate protection exists in other city assets.

A temporary blanket insurance policy was negotiated to cover municipal assets up to 90 per cent of appraised value. Council will review the situation and replace the blanket policy with individual coverage as quickly as possible.

Mayor Bryant said last year's council recommended an appraisal of city assets with a view to proper insurance coverage of citizens' property.

PAPER DISTRIBUTION CASE ADJOURNED

A charge against C. J. F. Jackman of distributing a hockey newspaper without a licence, has been adjourned for the third time in city court. Thursday it was adjourned to January 20. Adjournment was granted by Magistrate William Brown to allow Jackman more time to consult legal counsel.

He was charged December 24 under the city licence bylaw.

School for Handicapped To Open in Nelson

A school for handicapped children in Nelson and district, will open here the end of January.

Mrs. M. Moore, at the annual meeting of Nelson Registered Nurses, told members the school, to be called Cedar Hill School, would open here.

Three classes will be held daily except Saturday and Sunday, in Memorial hall. A member of the Nelson Nurses Association will attend the classes.

The school is sponsored by Kootenay Society for Handicapped Children.

Twenty-five registered for Red Cross Home Nursing classes which started Thursday. Mrs. Norman Fawcett reported the classes were held in the Women's Institute rooms. Lectures for the course are given by association members. Mrs. T. Halsey was appointed assistant to Mrs. Fawcett.

Miss Flora McLean was re-elected president of the association. Mrs. Norman Buckley is vice-president, Mrs. D. Hunter, secretary-treasurer; Miss Joan Sutcliffe and Mrs. J. James, program committee; Mrs. James, press representative; Mrs. M. Moore, representative to the Kootenay Society for Handicapped Children; Mrs. N. Fawcett and Mrs. Halsey, representatives to the Red Cross Society, and Miss Flora McLean, loan cupboard custodian.

The chapter fund were augmented by proceeds from the annual dance, car-rug contest and the sale of rags.

Community work of the chapter included assistance at the Red Cross Blood Donor Clinic, registration of over 1000 persons for the Tuberculosis Chest Clinic, help with the handicapped children's booth at the Fall Fair.

The great demand for help from the loan cupboard necessitated purchase of two used wheelchairs and a pair of adjustable crutches. The donation of a new folding wheelchair and a pair of adjustable crutches by the Kinette Club and further donations from well-wishers of three pair of crutches, two bed pans and seven walking canes have improved loan cupboard services.

The Weather

VANCOUVER (CP) — A ridge of high pressure developed over B.C. Thursday and skies cleared in most areas. Temperatures will be colder Thursday night in the interior and a little colder along the coast. A disturbance now approaching the north coast will bring rain to that region Thursday night and spread cloud over the remainder of the province Friday. Light rain will reach southern coastal areas Friday night and snowflurries will accompany the passage of the storm through the interior.

Sons Protest To St. Laurent

Sons of Freedom are taking their protests against enforced education of their children to Ottawa.

They have already sent a petition protesting the B.C. government's policy to force their children to school.

Thursday the Christian Community Brotherhood of Reformed Doukhobors sent a telegram to Prime Minister Louis St. Laurent reminding him the petition had been sent and acknowledged, but the situation remained unchanged.

"Children in suspense with detrimental tension, being human, even if some are not looking upon them as such. Mothers are suffering, too," the telegram said. It is signed by John J. Perepelkin.

Labor Relations Act Described

Features of the Labor Relations Act of British Columbia were outlined for Kiwanis Club by J. G. James, labor inspector at Nelson, at the Hume Thursday night.

It was one of several talks on the subject Mr. James has given service clubs and other groups since introduction of the act, which replaced the old Industrial, Conciliation and Arbitration Act.

There had been much criticism of the new act, but as long as the labor economy changed, so must the labor acts change to meet the various situations, he said.

Mr. James spoke informally and his listeners accepted his invitation to interrupt to ask questions relative to the various points he was explaining.

Other guests were Vern Belfor and David Roberts of Lethbridge, both are Kiwanians.

Corra Linn Pair Move to Texas

Mr. and Mrs. Thomas Hunt and their children of Bonnington, have left by car to make their home in El Paso, Texas.

The couple have lived for the last seven years at Corra Linn, where Mr. Hunt has been operator and one of the floor men at the No. 4 plant of the Consolidated Mining and Smelting Company.

Mr. Hunt was brought up at South Slocan, and attended school there and in Nelson. His mother lives in Nelson.

They will be joining Mrs. Hunt's parents, Mr. and Mrs. John Resinger in El Paso. Mr. Resinger is chief of police in the Texas city.

Mr. and Mrs. Spain of Corra Linn entertained at a farewell party for the couple prior to their departure with their two children, Daryl and Wendie Lynn.

PLEADS FOR CARTAGE FIRMS

VANCOUVER (CP) — Harry V. Roberts, president of the Automotive Transport Association Thursday told a special city council meeting here many cartage firms will go bankrupt unless the city approves his organization's request for an average five per cent rate increase.

Potatoes, tomatoes and cattle are the chief exports of Jersey in the Channel Islands.

Trail To Clear Buildings for Post Office Site

TRAIL — Trail's new federal building took another step towards realization Thursday with the announcement that three buildings at 823 Spokane, and 1387 and 1375 Pine Avenue were up for sale and removal.

The sale of the buildings was being held through the Crown Assets Disposal Corporation and this company will receive bids for the sale and removal of the buildings until Feb. 11.

Also included is a garage and shed on the property of the proposed new federal post office.

The proposed building will be erected on the corner of Spokane Street and Pine Avenue immediately across from the city hall. It will contain approximately 29,000 square feet of floor space on two floors and a basement.

Main entrance is to be off Spokane Street, with a lane behind the building between Pine Avenue and the present lane. This will lead to a covered unloading area for the post office.

Basement is to include 10,000 square feet of floor space. It will house the unemployment insurance commission office, public works and washrooms.

First floor will have 11,300 square feet. It will project over the truck loading area. On this floor will be the public post office, a night box lobby, post office work area and the post master's office.

The second floor, with 7400 square feet, will provide for the custom's office, a reserved area and janitor's apartment.

Man Bribed to Avoid Testifying

VANCOUVER (CP)—Frank Peterson, 28, identified as a police informer, told in court Thursday how he accepted money and left town when he was scheduled to give evidence in a liquor case.

He gave evidence at the preliminary hearing of a bribery charge against Mike Knezo 41, and John Martin, 50.

Knezo and Martin were convicted on a liquor charge last November.

Peterson was to have been a crown witness, but he failed to appear at that time.

He testified Thursday Martin had asked him to "take a few days holiday," offering him $50 for every day he was away plus $200 cash when he returned after the liquor charges had been settled.

He said he refused to accept $50, but accepted a later offer of $75 every four days.

The hearing was adjourned until Jan. 19.

DRIVING CASE ADJOURNED

A charge against Peter P. Hlookoff, of being in charge of a motor vehicle while his ability to drive was impaired by alcohol, was adjourned to January 26 in city court Thursday.

Hlookoff pleaded not guilty to the alleged offence, said to have occurred December 10.

Hlookoff and two men who were in the car with him Dec. 10, appeared as defence witnesses, saying Hlookoff was not impaired. Witnesses were Kay Verigin and O. Hanson. Mr. Verigin testified he had been driving the vehicle before it was parked.

Constable A. B. Lundquist testified for the crown he had found Hlookoff behind the wheel of the parked car with the ignition key in, trying to start it. Car was parked on Josephine Street.

Case was heard by Magistrate William Brown.

G. B. Arnesen was defence counsel and B. K. Arlidge crown prosecutor.

EAGER COOKS

BIGGLESWADE, England (CP)—There's a long waiting list for the boys' cookery society at the grammar school in this Bedfordshire town. Because of limited facilities only 16 pupils can join at one time.

Six-Inch Snowfall Slows Traffic

No Serious Disruptions; Queen's Bay Slide

Slides held up one bus Thursday, bad roads made another an hour late and one plane flight to Castlegar had to land at Cranbrook as six inches of snow fell overnight making travel conditions hazardous.

No serious disruptions resulted from the sudden snow fall, the heaviest this year. All trains were travelling on time Thursday night, all buses were on schedule and planes were landing at Castlegar airport. Passengers left at Cranbrook in the morning, were picked up and flown to Castlegar in the afternoon.

Slides at Coffee Creek near Queen's Bay on the Kaslo road held up the Greyhound bus one hour, 50 minutes. Heavy going on the Slocan Highway put that bus an hour behind schedule.

Public Works crews worked around the clock and expected to have all main roads plowed by midnight Thursday.

NO ACCIDENTS

No accidents due to slippery road conditions had been reported to Nelson RCMP Subdivision up to Thursday night.

In Nelson, crews were also busy round the clock keeping streets and sidewalks plowed. Baker Street businessmen and city home owners all had shovels in their hands Thursday morning as they cleared the snow from sidewalks.

City buses, though operating five minutes off schedule in the morning, had little difficulty in the snow.

There were three accidents in the city attributed to slippery conditions. They resulted in about $300 damage and involved six cars.

John J. Marquis was in collision with a car driven by Herman Friedl of Vancouver on High Street late Wednesday night. Friedl's car received about $125 damage, Marquis $50.

Thursday, cars driven by Roger Gaines and Eugene O'Genski were in collision at the intersection of Baker and Stanley Streets. About $100 damage resulted.

There were many near accidents, city police reported, and there was a traffic snarl at the intersection of Vernon Street and Government Road following the Western International Hockey League game Wednesday night as cars piled up unable to climb the Vernon Street hill in the slippery snow.

Other motorists came from the game to find their cars stuck in their parking places

60 AT WORK

Trail also had its heaviest snowfall of the year, five inches, and 60 men were on the job Thursday digging the city out.

Castlegar Gets New CPA Agent

CASTLEGAR — H. J. Irwin of Edmonton has been appointed ticket agent for Canadian Pacific Airlines at the Ralph West airfield here.

He succeeds Lyle E. Langpap who has been transferred to a position with CPA at Vancouver Airport. Mr. Irwin has been employed with CPA since 1949.

New Oil, Gas Field

REGINA (CP)—Two new oil and gas fields have been defined by provincial order-in-council, it was announced today. The fields are South Illerbrun, covering nine square miles about 40 miles southwest of Swift Current, and Instow field covering nine square miles 45 miles southwest of Swift Current.

Four Aces Show, Buddy Reynolds, Skating Carnival To Show Here

"Imported" and local attractions will be featured in the Nelson Civic Arena in the next few months. The Commission sanctioned requests for use of facilities for the events at their January meeting in the Civic Centre office.

The rental of the arena on January 29 to the Con-Walt Atractions for the Four Aces show was set at $200. A deposit of $100 is to be paid seven days prior to the show.

Well known star of radio, Buddy Reynolds in February will stage a show in the Recreation Hall for which he will be assessed on a 70-30 basis after tax and advertising costs have been deducted.

The Nelson Figure Skating Club will stage their Carnival on March 11 and 12. A. Schneider of the club discussed the dates and means of promoting membership for the organization with the commission.

A public reception for Archbishop M. M. Johnson, who will be going to Vancouver, will take place in the Amusement Hall March 15.

April 1 and 2 will see a tea and fashion show in the Hall sponsored by the Nelson Junior Hospital Auxiliary. If the two days are taken the rent has been set at $125, while if one day is taken it will be $75.

The commission also approved the proposed Junior Square Dance Club working in conjunction with Teen Town.

A letter from Fire Chief Elwin Owen ordered suitable fire extinguishers be placed throughout the Civic Centre building. The commission decided to include the purchase of these extinguishers in their 1955 estimates.

A letter from Jack Elliot, secretary treasurer of the B. C. Arena Association, advised the commission the Association will hold its annual meeting in Victoria May 5 and 6. The Western Canada Association meeting will also be held in Victoria on May 6 and 7.

A request from the secretary of the Nelson Mid-Summer Bonspiel Committee for the use of the Civic Centre office during bonspiel week was granted.

Johannesburg is South Africa's largest city, with population of 880,000 compared to 571,000 for Capetown.

Year-Old Kaslo Library Has Membership of 200

KASLO—Kaslo's Public Library is only a year old, but it's a thriving institution, members of the Library Association learned at their annual meeting.

In the 10 months ending December 31, there were 2504 children's books and 1003 adult books in circulation. One night recently a record number of 93 books were borrowed by patrons.

Mrs. W. J. D. Walker was re-elected as chairman. Also returned to office by acclamation were Mrs. W. V. Drayton, secretary-treasurer, and Mrs. Walker. Mrs. Drayton and Rev. A. McNutt, librarian, as the book selection committee. N. S. Miller represents City Council and G. J. Dickson, the Kaslo Board of Trade.

Juvenile membership for 1954 was 144, and the adult membership, 50, Mrs. Walker told the meeting. Reading pace was slow at the beginning, but has steadily increased.

Tracing the formation of the Library, she told of how the Public Library Commission had offered to advance up to $250 a year if Kaslo could match the amount. City Council and Parent-Teacher Association granted $50 each and the Kaslo Board of Trade agreed to give $50 a year.

The Library Commission offered to advance $400 instead of the usual $250, and suggested that the library be organized in December, 1953, to qualify for the grant for that year.

Arrangements were made to use quarters in the city hall, shelves were made to specifications, old books were catalogued, and with the help of volunteers, the library opened February 27, 1954, with Rev. H. Howarth as librarian.

The Association then turned its attention to buying books. The commission specified that its grant be spent on children's books, and that local funds could be spent as the Kaslo Association saw fit.

There are 277 children's books, 423 adult fiction and 72 non-fiction books now in stock. Through the travelling library there are 100 books on exchange every three months.

No charge is made for children joining the library. The adult membership of $1, set at the annual meeting last year, was raised to $2. The librarian's salary is to be increased to enable him to have an assistant for busy Wednesday nights.

Mrs. Walker urged residents to help raise the local funds by taking out membership.

Cranbrook Cleric Going to Ontario

CRANBROOK — Canadian Presbyterian Board of Missions has named Rev. William Black of Knox Presbyterian Church here to a new post at Aldershot, Ont., where a new congregation is in process of organization to construct a new church.

With Mrs. Black and their two sons he will travel east next month to take up his new work.

He was formerly minister of the Langside and Shalands United Free Church in the vicinity of Glasgow, Scotland, and brought his family to Canada and Cranbrook two years ago when he accepted the charge of Knox Presbyterian Church here.

Windermere Births Number 70 in 1954

INVERMERE —Windermere District vital statistics for 1954 show births equal to the 1952 record of 70 babies. In 1953 the figure dropped to 66.

Marriages in 1954 reached an all-time high of 14, and deaths also reached a new high with 17, recorded compared with 12 registered in 1953 and 1952.

Greenwood Firemen Choose Officers

GREENWOOD — Greenwood Volunteer Firemen, at their annual meeting, elected a new slate of officers for 1955.

President is C. Dunn; fire chief, F. Thompson; first assistant chief, W. E. McArthur; second assistant chief, J. Forshaw; third assistant, J. Fukui; secretary-treasurer, Rev. Father M. Muller; honorary president, Mayor W. E. McArthur and honorary president, G. A. Bryan.

DR. W. N. FRASER

ANDREW TOTH

DOUGLAS ANDREWS

ELECTED to seats on the Creston Village Commission last month, the three commissioners above are busy on administrative duties for this year. Dr. Fraser is Commission chairman, and finance chairman; Mr. Toth heads roads and sidewalks committee, and Mr. Andrews, the water and sewerage committee.

—H. M. Buckna photos.

Alberta Bank Post For Cranbrook Man

CRANBROOK — Resident and staff member of the Royal Bank branch here for the past two years, Robert Poeping has been notified of his promotion to the position of account and his transfer to the Sexsmith, Alta., branch of the bank later this month.

He has been treasurer and an active member of the Kinsmen Club here. Mrs. Poeping, who is with Falkins Agencies staff, will join him at Sexsmith in February.

Film Course To Be Given at Cranbrook

CRANBROOK — W. P. Orr of Nelson, resident Kootenay representative of the National Film Board, will have a course here January 25 and 26 on utilization of the projector and other permanent equipment for the re-established Cranbrook Film Council. Equipment is now arriving and the Cranbrook Fire Hall will be its headquarters.

A Council librarian, who will be in charge of the lists of the thousands of film subjects available through the council, and will arrange to supply specific films on aplication of council member organizations, is still to be appointed.

3 Bid for Seats on Castlegar Commission

CASTLEGAR — Ten men have offered for election to the three Village Commission seats which became vacant here when the Commissioners elected in December found they lacked proper property qualifications.

In the race at Thursday's nomination deadline were W. O. Devitt W. E. Harris, J. E. Kraft, G. A. Kruegar, J. J. Schnell, B. Shealds, Frank Spencer, J. P. Taylor, J. E. Thiel and J. H. Westwood.

Voting will be held January 20 from 9 a.m. until 7 p.m. in the Legion hall. W. H. Toogood is returning officer.

J. A. Williams, David Campbell and George Acheson were the commissioners-elect whose resignations necessitated the new election.

City Employees Get 40-Hour Week

CRANBROOK — East Kootenay General Workers' Union, bargaining with the City Council on behalf of city works employees for renewal of the master contract, have won their chief point, a 40-hour work week with no reduction in pay from the 1954 44-hour week. It amounts to an increase of 12½ cents an hour.

Grounds for their proposal was the union contention that the provincial public works employees were working on this basis in 1955, and with a provincial order-in-council to this effect, the city conceded the point.

Other contract changes in 1955 increase sidewalk tractor driver's wages to the category of truck-drivers, and increase cement-mixer operators to tractor-operator pay category. The Union gave in on its medical coverage plan requested.

Department of Municipalities' approval has been given the three ratepayer approved bylaws totalling $115,000 for water, sewer and street extension in the new South-west corner of the city, and tenders for the debenture issues will be called immediately by the city, with January 27 closing date for bids.

Necessary 1955 licence tags for bicycles and dogs delayed in arrival are now available at the city office.

A delegation from the Cranbrook Hockey Association outlined plans for an exhibition game between Cranbrook Selkirks and a Calgary intermediate hockey team at the Memorial Arena.

Miss Vera Vesper has been added to the city hall clerical staff.

Cafe, Pool Room Open at Kaslo

KASLO—A resurgence in business here has been indicated by two premises opening their doors.

C. W. Taylor has opened "Taylor's Cafe," formerly known as the Musicland Cafe. The interior has been completely renovated, and the kitchen modernized. and as soon as weather permits, Mr. Taylor will make further improvements to the building.

"Pop's Pool Room" will open soon on Front Street, Southeast of the Kaslo Mercantile drygoods store. R. D. McKilligan, the owner, plans to include a soft drink and confectionery counter. Interior of the building is being redecorated, and in the Spring the exterior will be improved.

Dr. A. M. Barrera has completed a modern clinic in the basement of his residence. The consulting room is equipped with modern electric appliances including a dictaphone. The waiting room is also up-to-date

"BOMB" DROPS ON CASTLEGAR RANCH

CASTLEGAR — The mystery at Mrs. G. W. Anderson's Castle-Bar ranch home here has been solved.

A mysterious object swept from the skies, rolled down the roof, and landed 50 feet from the Anderson home.

"It sounded like snow falling off the room," said Mrs. Anderson, and seconds later young Lindsay Anderson shouted: "A bomb, Mommy, a big red one."

A bright red metal cylinder about 18 inches long was found at the foot of a tree.

It has been identified as part of a fire extinguisher used at the Ralph West airport. It apparently had hooked onto the undercarriage of a plane and was airborne, shaking loose over the Anderson ranch.

Airport officials declined to comment on how the extinguish might have become fastened to the plane.

Nelway Traffic Increases in '54

NELWAY—A substantial increase in traffic equal to that of the previous year, was recorded by the department of citizenship and immigration officials at this customs port last year.

A total of 45,289 passengers entered Canada here, compared with 39,757 last year and 33,836 in 1952.

Persons travelling through here en route to the United States numbered 44,760. In 1953 they totalled 39,475, and the year before, 33,162.

Similarly, vehicle traffic was up last year. Vehicles entering Canada here totalled 14,347 compared with 13,166 in 1953 and 11,920 in 1952, and those bound for U. S. points totalled 14,092 compared with 13,510 in 1953 and 11,970 in 1952.

"The increases were in spite of the adverse weather we had last Summer," the officer-in-charge noted.

KASLO'S FIRE LOSS ONLY $60; HENDREN CHIEF

KASLO — Kaslo's fire loss amounted to only $60 last year, W. J. Hendren, fire chief, told Kaslo Volunteer Fire Brigade at its annual meeting.

The chief, who was given a vote of thanks for his "efficient and attentive service" during 1954, was re-elected to office. Also named were D. W. Leyden, first deputy; Jack Morris, second deputy; E. G. Augustine, third deputy; R. E. Green, hose and ladder captain and H. E. Dahlquist, secretary-treasurer.

The Brigade recently celebrated its 60th anniversary at a dance.

HEADS CURLERS

INVERMERE — Annual meeting of the Windermere District Curling Club elected J. H. Peters of Invermere as president, Corbin Mitchell as vice-president and Mrs. Jos Pietrosky of Invermere as secretary-treasurer.

Old-time members made honorary members are Capt. J. S. Blakely, Radium Hot Springs; James McN. Scott, Invermere; William Weir, Invermere; Frank Richardson, Athalmer, and Alec Robb, Radium Hot Springs.

The annual three-day. bonspiel will be held January 28, 29 and 30, weather permitting.

JOHN NIAGARA *Talks about:*

EXTRA MONEY—would it help you RIGHT NOW?

This is the time of the month when bills come in bunches. Our own experience is that the postman occasionally brings a few too many . . . but there just isn't enough in the pay envelope to cover every bill. If you are in the same fix, then . . . how would you like to get yours cleared away? Well, you can—with a Niagara loan. We've a choice of loan plans at Niagara and many people can borrow up to $1500. Payment plans, up to 24 months, give you time to get back on your feet. Your family is protected because your loan is covered by a life-insurance policy, that costs you not one penny extra. But that's not the only plus you get at Niagara for, if you compare, you'll find that on many amounts our rates are lower. A Niagara loan is a clean-cut way of looking after too many bills instead of just worrying about them. If a Niagara loan would help you put your budget back in shape . . . just drop in or call.

How to KEEP FIT after 50

In the old days fifty seemed the signal to slow down—take things easy—watch your diet—get more rest. It's still good advice. But these days you can face fifty with many interesting and active years ahead,—active, that is, if you can avoid backache and the "tired-out" feeling, due to kidney and bladder disorders, that often develop around that age. For more than 60 years Dodd's Kidney Pills have been helping men and women of all ages to keep kidneys and bladder in good order,—helping them to feel better, to work better, and get more fun out of life. If you are approaching fifty, or past it, Dodd's Kidney Pills may help you, too. You can depend on Dodd's. 54

Home Improvements Ideal Way To Provide Winter Employment

Federal government could hardly hit upon a more apt means of stimulating winter employment without tapping the public till than through its new home improvement regulations.

There are countless numbers of sturdy old homes whose owners would be glad of a reasonable opportunity to improve and modernize. The new regulation can work toward community improvement as well as provide employment. The requirement that Central Mortgage and Housing Corporation must approve the proposed improvements should serve to prevent waste on structures not worth improvement and misuse of funds.

Moreover, the plan will ideally fit the situation of many home owners who built when the National Housing Act first came into being and who have retired or will shortly be retiring their mortgages. It will permit them to carry out projects that will maintain the modernity of their homes.

Building trades have licked many of the problems of Canadian winter construction, and projects impossible ten years ago are now carried forward without hesitation. New methods, new materials and new skills make them possible. With financing more readily available there can be much less slackening in the pace of all-year-round building because of seasonal difficulties.

Inconsistencies

The recent recession which is still dragging over from late 1954 in some areas should give both business and labor cause for some contemplation. Both have reason to consider some of their inconsistencies.

One of the inconsistencies of business, at least some of it, was that it had forgotten how to compete. It howled against government and other curbs that threw extra burdens upon itself, but called for curbs and mutual agreements that were to its own advantage. Associations developed out of protectionist instincts instead of out of a desire to elevate standards, and promotion had become a lost art, or at least something that might cause a little discomfort because of added activities. Some business, while critical of labor's demands for fewer hours of work, seemed to have reached a point where it was unwilling to go to work, even on its own behalf, for itself.

Labor's greatest inconsistency was in expecting demands to be met ahead of providing accomplishments to justify them. Labor in the war years and immediate postwar years had made great forward strides that were entirely justified; unquestionably in a great many cases prewar conditions were unfair. But now labor has reached the point where, if it is to be regarded as having organized responsibility, it must justify demands by showing that it can produce.

The most reasonable demands are those that are not ahead of accomplishment. Higher productivity, measured in terms of quality and volume, deserves greater return.

LETTERS TO THE EDITOR

Letters to the Editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole, or in part, except over the signature and address of the writer. Unsolicited correspondence cannot be returned.

Why the Dam Should Be Built

To the Editor:

Sir—A number of letters have appeared in your paper recently why the proposed Kaiser dam should NOT be built on the Arrow Lakes. Now let us look at a few points why it SHOULD be built, and right away, too.

Two main points against it seem to be that certain farm lands will be flooded. and that it will supply industries across the line with power rather than having the industries in Canada.

Let's look at the farms first. Our member of parliament has said that "thousands of acres will be flooded". This seems to be greatly exaggerated, for there will be relatively few settlements that will be affected. A great number of those affected are not being farmed anyway, as the owners obtain most of their revenue from logging or outside jobs. Some of the so-called farms would not produce enough to keep a gopher alive anyway, so their loss would not harm anything, and the owners would be compensated for the loss in any case. Considering what these farms might produce if worked, would it mean a revenue to the Province of a million dollars a year as the dam will do? Certainly not.

Then again, we do not know when nature will flood these farms again as it did in 1948. It may be this year or next, and what crops or compensation will the poor farmer get then? Nothing.

Now for industries. There is no place between Arrowhead and Castlegar that a power dam could be built, so naturally we cannot generate power in that area to offer to industries, but if the Kaiser Company use the water, which they will get anyway, and give us 20 per cent of the power generated by it say within the next year or two, we will have something to offer industries if they are interested in this district. What will that power cost us? Nothing, and we will get around a million dollars a year for something that has been running to waste for centuries.

Now someone has come up with the bright idea that a dam built between Castlegar and Trail, which I presume would be at Murphy Creek, and about 70 feet higher than the proposed Kaiser dam, would fill the bill. Well, if the Kaiser dam will flood the settlements on the lake, what would a dam over three times the height of the Kaiser dam do, to say nothing of putting the now operating Brilliant power site out of commission

Mica Creek will be a wonderful site for a power project, but supposing it could be built tomorrow, what revenue would we get from it, as we have no industries to use the power? If the Kaiser dam is put in now we get the cash revenue from the taxes, etc., and by the time the Mica Creek dam is built, which they say will be 10 or 15 years, enough industries may have come in to use our share of the Kaiser dam power, and then the Mica Creek would be ready to be put on a paying basis.

As for turning the mighty Columbia into the Fraser River, I think that is too fantastic for words. Look at the cost to start with, and then the farmers—and they are real farmers—in the Fraser Valley have trouble enough with flooding conditions now, so why make things more difficult for them?

Some of you may say, "Listen to that Social Crediter talking, and it is certain that he has nothing to lose." You are quite wrong there, because I am not a Social Crediter, and I will lose my home and business if the Kaiser dam is built, but I realize that with every advancement someone must suffer, and I am big enough to put up with the trouble that it will cause me for the benefits that it will be to the Province and the industries that it will bring in.

Let's get along with the work on the Kaiser dam and cut out this idea of making a political football out of it, for it seems to be what some are trying to do.

H. W. STONES.

Burton, B. C.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

Interested, Nelson—Can you tell me the origin of the expression "A-one", meaning perfect?

It stands for "first rate" at Lloyds of London, marine insurance company.

G. F. L., Nakusp—Supposing I wanted to write a letter to the Queen—how would I address her at the beginning, and how would I address the envelope? Also, would she be the first to open it?

You would begin your letter thus: "Madam . . . " or "May it please Your Majesty . . . " and you would close it with "I have the Honor to remain, Madam, Your Majesty's most humble and obedient subject . . . " All letters, other than those that go through Her Majesty's private mail service, are opened by secretaries, and, if considered suitable, presented to her later.

F. T., Cranbrook—What is the British Columbia address of Tungsten Ltd., of B. C.?

Tungsten of British Columbia, Ltd., 204-717 West Pender Street, Vancouver, B. C.

Old Maid, Trail—To settle an argument, what is the difference between Samba and Canasta?

Samba differs from Canasta chiefly in that three decks of cards are used, sequences are valid melds, two cards at a time are drawn from the stock. game is 10,000. It offers wider melding opportunities than the two-pack game, and for that account is preferred by many players.

H. B., Nelson—Is there a school where I can learn to read palms, teacups, etc.?

There is no school that we have heard of, but the Hobby Shop, 577 Ward Street, has a few books giving instructions on these subjects.

H. H., Nelson—Please print address of psychiatrist in Vancouver?

Dr. George A. Davidson, 925 Georgia Street West, Vancouver, B. C.

Capitalize on Winter

(Fort William Times-Journal)

Many people like snow. They find keen pleasure in bracing winter temperatures. They enjoy skiing, tobogganing, snowshoeing, skating.

Hundreds in this class are unable to participate in such winter sports because of the climate where they live. There have been winters in Southern Ontario, for example, when expensive ski equipment has had very little use all season because of the lack of snow. Thousands of Americans travel to the Rockies in the West, or to such places as Lake Placid in the East, to have their winter's fun. In Great Britain and Western European countries the enthusiasts go to Switzerland.

Here in Thunder Bay the winter climate is fairly consistent. Ski trails and jumps are in operation for weeks on end. Seldom is there a lack of ice. Sooner or later, enterprising individuals of this area are going to discover a big market for the use of our snow and ice. As airplane travel keeps on growing, this area is even now just a few hours away from large centres of population containing persons who have the desire and the money to spend a few days at a good winter resort.

Taxi Sage

Most taxi drivers seem to be getting more and more excited, which would be understandable enough as the traffic continues to thicken. A philosopher among taxi drivers recently stated, however, that his appearance of hysteria was not genuine.

"When people tell me to step on it, that they're catching a train," he said, "I squeal the tires, squeal the brakes; start up fast—but I never actually go over about twenty-five miles an hour. Not my fault if they started late."—Printed Word.

Your Horoscope

Your business should prosper exceedingly and gain come to you in many ways. Travel and romance are likely. A child born under *these stellar portents may be clever and generally* successful, with musical and artistic ability.

Childhood shows the man, as morning shows the day.—John Milton.

Bank President Stresses Need for Credit Extension to Export Trader

MONTREAL (CP) — "Before we can become a great nation we must begin to act like one," James Muir, chairman and president of the Royal Bank of Canada, said Thursday in his address to the bank's annual meeting.

Canada's future, he said, "depends not on what the rest of the world thinks of us; but what the rest of the world thinks of us depends ultimately on what we do for ourselves."

Canada's doubts, said Mr. Muir, should not be serious. "We have the natural resources to make our efforts worthwhile; and so in the end progress depends upon the quality and quantity of our human resources.

"I do not think we have many doubts about the high quality of our human resources. But it remains for far-sighted policy in business and government to ensure not only that this quality is fully and efficiently used, so as to realize fully our capacity to produce and prosper today, but that we achieve the proper degree of expansion in the quantity of these resources available for use tomorrow.

The true process of growth, said Mr. Muir, should not be confused with the mere exploitation of resources.

"Nowhere," he said, "is the age-old conflict of public wealth and private riches more painfully in evidence than in the combination of haste and greed that prompts owners of our resources to alienate what they own and control in return for short-run gain.

"In this process private fortunes may be made, but the public wealth may suffer, not only today but in generations to come, and our children may be denied the opportunities for creative enterprise that should be their rightful heritage."

Speaking of export trade, Mr. Muir said that in view of its importance to Canada, definite action should now be taken to provide traders with credit which they now lack.

"These might take various forms, but in general they could be provided by finance corporations owned partly or wholly by the government, with the power to discount paper of longer term than chartered banks can handle.

Ripple Rock to Be Blasted Out

OTTAWA (CP)—Works Minister Winters said Thursday that removal of Ripple Rock, a navigational hazard in Seymour Narrows 100 miles north of Vancouver, will cost an estimated $2,500,000.

He said in the Commons that the rock will be removed by blasting, and that the operation will be completed about two years after tenders have been let. Tenders were expected to be called about six months following the preparation of engineering plans.

Mr. Winters said a report by a special committee of the National Research Council stated the rock could be removed by surface or underground blasting. The committee recommends the underground method.

STUDY REPORT

The committee's report was studied by Victor Dolmage, an consulting geologist. and he found that removal of the rock by blasting is practical.

The Vancouver consultant has been retained to prepare the required plans and specifications, Mr. Winters said. It was anticipated tenders would be called and that the work would be done under Mr. Dolmage's general supervision for the works department.

Mr. Winters said funds will be sought this session to cover expenditures during the 1955-56 fiscal year.

Spain Claims Gold Held by Russians

MADRID (AP) — Spain has renewed her claims to $560,000,000 worth or gold held by Russia since the Spanish civil war.

Sixteen countries, including the United States, Britain and France, have been advised of the claim and warned not to accept gold in any international payment. A reliable source said the government is considering a suit against Russia before the international tribunal at The Hague in an effort to obtain its return.

The gold was taken to Odessa by the Spanish Republican government in October, 1936, a government spokesman said.

Coast Police Seek Man For Questioning

VANCOUVER (CP)—Police said Thursday they were searching for an ex-convict for questioning in Wednesday's $2100 robbery of the fifth-floor credit office of the T. Eaton Company.

The man escaped into shopping crowds when the store's alarm system twice failed to function when kicked by cashier Mrs. Mary Eylman.

Predicts Future Gas Shortage

EDMONTON (CP) — A power company executive warns there is a danger that natural gas will not always be available in Alberta as an economic fuel.

G. A. Gaherty, president of Calgary Power, Ltd., said the firm is building a new steam generating plant near coal mines at Lake Wabamum, 25 miles west of Edmonton, because of uncertainty surrounding the future supply and cost of gas.

He predicted:

"While it's easy to buy natural gas now, in time the price will rise as it has in Texas, and there will be conservation measures restricting gas to domestic use."

Mr. Gaherty appeared before the Alberta government commission on metropolitan problems in Calgary and Edmonton. The commission is hearing arguments on Edmonton's proposal to amalgamate with the suburban towns of Jasper Place and Beverly and the industrial area of Strathcona municipality just outside Edmonton's eastern limits.

Cut Coffee Prices

NEW YORK (AP) — Some chain stores cut prices on their own brands of coffee Thursday with reductions ranging from two to six cents a pound.

Alberta Pipeline Narrowed To 'Peg

TORONTO (CP)—Trans-Canada Pipe Lines announced Thursday its natural gas pipeline from Alberta to Winnipeg will be 34 inches in diameter instead of 36 as originally planned.

The company said in a statement the change is planned as the result of engineering studies and will have no effect on the company's plans to export 540,000,000 cubic feet of gas a day from Alberta.

From Winnipeg to Toronto the pipeline will be 30 inches in diameter. It will be 24 inches from Toronto to Montreal.

U.S. Retaining Far East Troops

TOKYO (AP)—The United States will keep decisive forces ready for instant launching in the Far East—if aggression comes—for as long as they are needed, Gen. John Hull, U. S. Far East commander, said Thursday.

Hull, speaking before the Tokyo Correspondents Club, said recent troop shifts in the Far East were made to exploit the full power of American weapons and troops and to provide the means of "shifting them within hours over great distances."

He also said Japan "has entirely within her power the means to develop the military strength" to deter the threat of Communist aggression.

Japan cannot be neutral, the general said.

Hull put on the record the long-known fact that Russia maintains combat planes only a dozen miles from Japan's northern frontier.

He described the "island of Kunashiri, a few miles off the northeast coast of Hokkaido, where Soviet Russia has some 50 airplanes on a field she has constructed there."

Kunashiri, plainly visible from Hokkaido, 12 miles away, is the southernmost of the Kurile islands which Russia took from Japan at the end of the Second World War. Japan still claims the Kuriles.

Kunashirie is only about 25 miles north of the area where an American plane was shot down by Soviet fighters while it was on a mapping mission over Japanese waters Nov. 7.

Dental Technicians Form Organization

EDMONTON (CP) — A national organization for dental technicians was formed at a convention of representatives of seven provinces. Provincial associations will elect two directors each to the national body with a meeting to be held later at Vancouver or Winnipeg.

Agassiz Bridge May Span Gravel

AGASSIZ, B.C. (CP)—The $4,000,000 Agassiz-Rosedale bridge is close to becoming a bridge over dry land. Right at the point where its highest span will be, a gravel bar is now breaking the surface of the water. Average depth of what was to be the ship channel is only a few inches.

If the river continues building its bars as it has been since this spring's high water, the bridge may span sand and gravel and perhaps even a few bushes, when completed in 1956.

Reason is that between the time that the bridge plans were drawn and the time work was started the river shifted its channel from near the north to near the south bank. Engineers say the river may shift back again before the bridge is finished.

Manley's Party Leads Jamaica

KINGSTON, Jamaica (CP)—Norman Manley's People's National Party takes a narrow grip on the Jamaican House of Representatives, qualifying for 16 seats in the 32-seat House.

Manley's party holds a strong majority in a seventeenth constituency.

Former chief minister W. A. Bustamante's Jamaica Labor Party had won 13 seats.

One seat was a toss-up.

Both party leaders won their seats by a comfortable margin but three ministers from the JLP cabinet were voted out.

It was the third election here under universal adult suffrage. Bustamante's JLO had a 19-13 majority in the last House. Bustamante's party has held power for 10 years.

LEADERS IN FOOTFASHION
Established 1902

Trinity Club Elects Officers

Members of the Trinity Service Club elected Mrs. R. G. Richardson as president at a pot luck supper meeting in the blue room of Trinity United Church hall.

Also elected were Mrs. P. O. Bird vice-president; Mrs. H. H. Hinitt, secretary; Mrs. K. D. McRae, assistant secretary; Mrs. G. C. Burns, treasurer, and Mrs. A. S. Lockwood, assistant treasurer. Committees are: phoners, Mrs. N. R. Freeman, Mrs. Ken McRory, Mrs. W. R. McCandlish and Mrs. W. R. Smythe; catering, Mrs. G. C. Arnesen, Mrs. G. A. Hoover and Mrs. Freeman; gifts, Mrs. G. K. Burns, Miss Leona Boss and Mrs. J. C. Loomer, and representative to the church board is Mrs. L. S. Bradley.

Plans were made for the Fall bazaar to be held November 19.

CONVENERS FOR 1955 APPOINTED BY HARROP WI

HARROP — Conveners for 1955 were appointed at a meeting of Harrop and District Women's Insitute at the home of Mrs. George McTavish at Longbeach.

They are: agriculture, Mrs. Joan McNown; citizenship, Mrs. J. Boyce; home economics, Mrs. Eric Smith; publicity, Mrs. M. McNown; handicrafts, Mrs. Frank Flagel, chairman, and helpers Mrs. McTavish and Mrs. M. Paulhus; and social welfare, Mrs. Jean Serres.

Members decided that the WI would "adopt" a child at the Queen Alexandra Solarium, by sending the child gifts on birthdays and at Christmas.

Mrs. Boyce read a letter from an institute in England; telling of its work and of the weather in the Old Country.

Members discussed the plan for B. C. delegates to attend the 1956 convention in Ceylon of the Associated Country Women of the World.

Members have been asked to take donations of jelly and jam for Mount St. Francis, to stores at Harrop and Longbeach, to be delivered by January 29.

Each member has been asked to make an apron for future events sponsored by the group.

The members will also attend a get-together at the arts and crafts workroom Tuesday at the home of Mrs. S. Hutchinson at Harrop, when hooking and weaving of rugs and a pot luck supper will take place.

Teacher Speaks To Rossland PTA

ROSSLAND — How the home and school must go hand in hand together as the two main influences in the life of the child, was explained by F. Koning at the Rossland High School Parent-Teacher Association meeting.

Mr. Koning, a member of the high school teaching staff, gave the parents a keen insight into the moulding of a child's character. Every child is initially good, but is influenced for good or bad as he grows up. By the time he starts school, Mr. Koning explained, he has already had quite an education. His first morals and habits are learned at home. Sooner or later he comes under the influence of films, radio, newspaper, television, and good or bad friends, but the home and school remain the biggest propaganda instruments to guide him.

The school tries to give the child the best of everything, said Mr. Koning, taking into account the different temperaments, the different degrees of attention, and the different methods by which children learn. Some learn by vision, some by hearing and some by doing. All these methods are used in teaching. More important, the school is trying to build good character, so the child will learn to fit into the society in which he lives. Singularity of purpose and ideals must be developed. Since life is based on discipline, it becomes necessary to use discipline in the home, and more so in the school, where there are so many to cope with.

GAIN RESPECT

Children should cultivate respect for all those over them, that they may eventually attain a position of respect for themselves. Skills are taught in school, for some who are poor book learners, may be excellent at doing different crafts and projects. In this way each child may develop the best that he is able, and pay his little due to civilization.

Mr. Koning was introduced by S. Potter, and thanked by the PTA president, Mrs. C. L. Brown.

DANCES PLANNED

A letter from Cook Avenue PTA mentioning the lack of dances and parties for the teen-agers, asked co-operation from the high school PTA in finding a solution. It suggested that permission might be asked of the school board to hold dances regularly in the high school auditorium under supervision of the parents, and with the co-operation of the students. A great deal of discussion followed the reading of this letter, as some teachers present felt that the senior students had showed a lack of interest in the school dances. The junior students are holding parties at regular intervals. It was decided to have representatives from the high school PTA and a member of the Student Council, meet with the other PTA organizations for further discussion.

The treasurer announced a bank balance of $76.18.

MR. AND MRS. J. W. RILEY —Vogue photo.

Procter Couple Mark Golden Wedding Day

PROCTER — St. Andrew's Presbyterian church, Winnipeg, was the setting for a quiet little wedding in January, 1905, when John Walter Riley and Dorothea Elizabeth Kline, both of Indian Head, were married. Rev. J. W. MacMillan was the officiating clergyman.

In January, 1955, Rev. G. W. Payne of Nelson congratulated this highly respected Procter couple on their golden wedding anniversary.

Mr. and Mrs. Riley were born at Bruce County, Ont. They homesteaded at Unity for 20 years, then headed a wheat farm at Dodsland until 1944 when they retired to Procter.

Mrs. Riley was a member of the Saskatchewan Homemakers' Club and is now an active member of the Procter Ladies' Aid.

The Riley's three children, H. G. Riley of Ocean Falls B. C., Mrs. V. Bratseth of Calgary, and Mrs. L. Dobson of Dodsland, Sask., came home for the anniversary. There are 11 grandchildren.

Mr. and Mrs. Riley held open house for their friends and neighbors and received many gifts, cards and telegrams of congratulations, as well as a bouquet of roses in a gold vase from San Jose, Calif. The wedding cake, baked by Mrs. Riley, was a fruit cake in three graduated squares iced in white, with gold leaves decorating the corners and topped by a gold 50.

At night the immediate family and relatives enjoyed a turkey dinner and held a reunion.

ROSSLAND CWL SPEAKER LAUDS MISSION WORK

ROSSLAND — The Catholic Women's League had a good turnout for a talk by Rt. Father F. Monaghan of Nelson, diocesan director of the CWL.

Father Monaghan outlined the principal aims of the CWL and urged the group to popularize and create more interest in the intentions of the Rosary. He mentioned how pleased he was at hearing the work the Rossland CWL had been doing in connection with the foreign missions, and stressed the importance of this kind of work.

78 MEMBERS

The membership convener now has a list of 78 members, and urged those intending to take out membership to do so as soon as possible.

Mrs. C. L. Brown, president of the High School PTA read the PTA-sponsored resolution on fluoridation of Rossland drinking water, and urged the CWL to lend its support.

The CWL will send a money gift to Rev. Father Pinto in the Orient, as a letter from this missionary indicated money would be acceptable.

A letter from the Sisters of the Good Shepherd in Vancouver, requested old Christmas cards.

Rt. Rev. Msgr. A. K. MacIntyre asked that the stamps from the Christmas mail be saved and placed in a special box at the church.

Mrs. B. Molinaro read many letters received from the foreign missions, expressing gratitude for books and magazines that had been sent them.

Proceeds from a bake sale the CWL is holding in January, will go to the seminary fund.

Mrs. J. Page was appointed to convene a St. Patrick's tea, and Mrs. P. Kennedy will be in charge of the work table.

St. Anne's Circle will make the tickets for the tea, and the tickets will be in charge of Mrs. H. Christian.

Kimberley Legion LA Names Officers

KIMBERLEY — Elected new officers of the Ladies' Auxiliary to Kimberley branch of the Canadian Legion are Mrs. Stewart Brown, president; Mrs. Margaret Barr, Mrs. A. P. Lilley and Mrs. Trevor Evans, vice-presidents; Mrs. J. H. Broadhurst, secretary; Mrs. T. H. Green treasurer; Mrs. Isobel Phillips, sergeant-at-arms, and directors Mrs. August Missal, Mrs. S. G. Ordway, Mrs. Isobel Sykes and Mrs. George Wanuk.

Only about one-third of the 322 islets in the Fiji Islands are inhabited.

Crawford Bay PTA Plans Social Night

CRAWFORD BAY — Plans for a social evening next month to raise funds for a record player and projector, were made at the January meeting of the Crawford Bay Parent-Teacher Association in the hall here.

Fred Webber, president, showed three films—a cartoon, a film on blister blight which has damaged white pine stands in the United States and Canada, and a film on the Christmas tree industry in the East Kootenay.

Keep in Trim . . .

Dieting Takes Perseverance

By IDA JEAN KAIN

Reducing is up to you. The doctor can warn you to take off weight, family and friends may urge you to lose — but until you personally make up your mind, you will not stay wtih a diet. The following letter shows that once you make that important inner decision, you can do anything:

"I am writing this to help someone else. When one has to break a lifetime habit of overeating, I do believe it is the mind that has to be made up first. I have always been heavy. At 10 I weighed 100 pounds, at 20 I weighed 196. I love to cook and love to eat. At 29 I weighed 334 pounds and wore size 53 dress.

"Like many others I never could lose — I suppose I never really gave it a good try. A visit to the hospital convinced me. I followed the doctor's orders for a year, and in that time lost 100 excess pounds.

"I have been on my own for two years now and hold my weight at 170 pounds. I have reduced 164 pounds and I feel fine. Every day at the same time I get on the scales. If my weight is up a pound, I leave off dessert for a day or two, and I will be down again. It is not difficult to control my weight now.

"Make up your mind what you want to do about desserts . . . to cut them out entirely, cut them in half, or have a generous piece of pie or cake once a week. Then follow the plan consistently. Do not starve . . . eat satisfying amounts of lean meat, eggs, vegetables and salads with vinegar and seasoning. Have two fresh fruits a-day and a glass or two of buttermilk.

"Today at 37 I wear size 18½ and weigh 170 pounds. I feel wonderful! I truly believe there is an attractive woman inside of every fat one."

The story of this courageous woman should inspire you to action. Here's the pattern by which you can become your slim, attractive self —make up your mind!

Choice Diet

Breakfast — 200-275 calories.

Tomato juice or mixed fruit juice. Choice of 1 or 2 eggs, or crisp bacon, 2 strips. Toast, 1 thin slice, butter, ½ pat, coffee, black.

For sweetening, use saccharine, sucaryl or sugarine.

Luncheon — 315 calories.

Choice of grilled cube steak on thin slice toast, or grilled cheese, 1 ounce on thin slice toast. Sliced tomato or mixed green salad, vinegar and seasoning. Buttermilk or skim milk.

Late-afternoon energy pick-up — glass of buttermilk or skim milk—80.

Dinner — 410 calories.

Protein choice — (broiled) 200 calories. Liver (beef or calves) 2 slices. Ground round steak, large pattie, fish with lemon.

Choice of 40 calorie count vegetable. ½ cup Brussel sprouts or beets.

Choice of 20 calories count vegetable, ¾ cup spinach, cabbage.

Bread, 1 thin slice, butter ½ pat.

Dessert grilled grapefruit with brown sugar, 1 tablespoon. Coffee, black.

Total calories for day 1005 to 1080.

Special French dressing (clip and save recipe).

1 cup white vinegar
½ cup salad oil
½ teaspoon paprika
Grated onion if desired
1 or 2 tablets saccharine or sucaryl, or liquid form.

Mix thoroughly before using. One scant tablespoon contains 20 calories.

Note: Man may have larger serving of meat, plus small baked potato, ½ pat butter, adding 225 calories to total.

Returns President

CASTLEGAR — Mrs. F. Woodrow was re-elected president of St. Alban's Evening Guild at a meeting here.

Ven. Archdeacon B. A. Resker who presided at the elections, voiced appreciation for last year's work. Mrs. J. P. Taylor was named vice-president, and Mrs. W. O. Devitt, secretary-treasurer. A donation was voted to the church committee.

Couple Pledge Nuptial Vows At Marysville

MARYSVILLE — A pretty wedding held in the Laura Keer Memorial Church here was that of the former Ina Elsie McWhirter, only daughter of Mr. and Mrs. Ed McWhirter of Marysville, and Nicholas Thomas Starchuk, son of Mr. and Mrs. William Starchuk of Foam Lake, Sask. The ceremony was performed by Rev. E. White amid an array of seasonal flowers.

The bride was gowned in blue net over taffeta in ballerina length, with a matching headdress. She carried red carnations and lilies of the valley.

Miss Valory McClure, as maid of honor, wore pastel green net over taffeta and carried pink carnations and lilies of the valley. Miss Joanne McWhirter, cousin of the bride, wore yellow net over taffeta and carried mauve and white carnations.

The best man was Mr. Alex Starchuk of Foam Lake and the ushers were ACI Jim McWhirter and Mr. John Cox.

Mrs. Godfrey White, organist, played the wedding march and Mrs. M. McLeod and Mrs. O. Cox sang a duet during the signing of the register.

The reception followed at the home of the bride's parents. The table was centred by a four-tiered wedding cake topped by a miniature bride and groom beneath a tiny orchid.

Mr. and Mrs. Starchuk will reside at Minsteral Island where the groom is employed by the Alice Lake Logging Company. The bride has been employed at Cranbrook.

For travelling, the bride chose a grey worsted dress with red accessories and a red rose corsage.

Out-of-town guests were Mrs. D. Terrill of Twin Butte, Alta., Mr. and Mrs. Jack Dennis of Pincher Creek, Alta., ACI J. E. WcWhirter of Cold Lake, Alta., brother of the bride, and Mr. and Mrs. J. L. McWhirter of Cranbrook.

Auxiliary Observes Silence For Bishop

NEW DENVER — A minute's silence in tribute to Rt. Rev. F. P. Clark, Bishop of Kootenay, who died last month at Cranbrook, was observed at the January meeting of St. Stephen's Anglican Church Woman's Auxiliary at the home of Mrs. S. E. Thomlinson.

Mrs. E. A. Reynolds gave a Bible reading, and Miss Lena Meinardus read an article appropriate to the beginning of 1955.

Trail Orchestra To Play in Castlegar

CASTLEGAR — Plans for a concert in Castlegar by the 30-piece Trail Symphonette Orchestra and guest artists, were made at the January meeting of the Lillian Killough chapter, IODE.

The concert will be held February 4. One half of the proceeds will be donated to the Kootenay Society for Handicapped Children.

Princess Margaret In Car Collision

ROYSTON, England (AP) — Princess Margaret, driving her own car, was in a slight collision with another car Thursday but escaped injury.

The 24-year-old princess was driving from the royal country home in Sandringham to London.

First reports said neither car was damaged in the collision.

The Australian Navy's depot at Sydney has a graving dock capable of accommodating battleships.

SPORTS

Sportorial

The hockey jamboree to be held tonight in the Capitol Theatre is one of the most significant steps ever taken in senior sport here since it marks the first time any hockey executive has given its full financial situation to the public.

Anyone who has been interested must have known that hockey teams faced large financial deficits on many occasions before.

The situation as it now exists is certainly more serious than any preceding crisis, but it is not altogether hopeless if further co-operation from players and fans is forthcoming.

Tonight is the opportunity for all fans who have been clamoring for good hockey to show their support.

In looking at the hockey information appearing on another page of this newspaper, it is well to remember several things:

First, that increased amusement taxes have been absorbed by the hockey executive, thus giving the fans hockey without an increase of price per game.

Second, that the general trend in hockey players' salaries has been up and up, and we might very well be seeing the peak of such salaries across the country this year.

Third, that there are some eight fewer games in the Maple Leaf schedule this year.

Last but not least, it can't be overlooked that the hockey executive through sickness, resignations, etc., was whittled down to the point where too much was expected of too few

We, among others, have felt the type of senior hockey we have been witnessing in the past few years has been in the luxury class for a community the size of Nelson.

The fact remains we have it. It has to be paid for and a few citizens in the community can't be expected to shoulder the full burden.

We of the Press and radio have continually pressed for the facts to be brought before the public. This has been done. If fans of Nelson want continuation of good hockey they will rally to the support of the executive. If they want some other type of hockey this is an opportunity to show it and also indicate if the Nelson Leafs will be able to complete the season.

The choice lies with you, the hockey fans.

President Hands Miller, Senick Suspensions

Two members of the Spokane Flyers of the Western International Hockey League were handed suspensions Thursday by president of the league Dr. Joe Vingo of Nelson.

Jackie Miller, centreman for the Flyers, was given a four-game suspension for his part in a fracas in Wednesday's game between the Flyers and the Leafs when he pushed Referee George Barefoot. George Senick has been given two games to sit out for his actions in the same game.

Miller's suspension became effective Thursday night and will continue until January 24, when he will be allowed to play against Kimberley. Senick will sit out the home games of Nelson and Trail on February 1 and 2.

The decisions were brought down by the president after conferring with his executive members, who reside in the four cities with teams in the league.

Trail, Nelson Reps To Tangle

Trail Midget and Juvenile Reps teams will meet the Nelson midget and juvenile Rep teams in a double-header exhibition affair at the Civic Arena this evening. First game between the midgets is slated for seven o'clock with the Juvenile set to follow immediately.

It will be a sort of preliminary go for these intercity teams as a feeler for future playoffs. The midget Reps who are coached by Bob Koehle will ice a strong midget team this year as there is plenty of material to choose from. For this evening's game Coach Koehle will make his selection from the following players: Gordy Wood, Don Holmes, Wayne Waters, Barry Waters, Gordon Jeffs, Wayne Farenholtz, Vern Eckstrom, Bernie Monteleone, Lloyd Atwell, Mike Borch, Vic Smith, Earl Farenholtz, Ron Benedetti, Bill Gibbon, Frank Perehudoff, Gene Kraft, Peter Thom, Harry Hufty and Mike Horswill.

For the Juveniles Coach Slim Porter will have veteran Bill Pearson between the pipes. Lionel Kearns, Allen Ball, Bill Defoe and Bob Maber will be on the blueline. The forwards will be chosen from Garth Lipsack, Bill Richardson, Dick Caunt, Bob Reid, Barry Wilson, Rege Skinner, Derrel Lipsack, Erling Eckstrom, Bruce Roberts, Ray Mondini and Walt Anderson.

UBC Plans Closed Swimming Pool

VANCOUVER (CP) — The University of British Columbia student council has approved plans to build a new enclosed swimming pool on the campus and leave Empire Pool unroofed.

Students will be asked to approve expenditure of $100,000 toward the $200,000 cost of the new pool. Roofing of the luxurious Empire Pool, scene of the British Empire Games swimming events last summer, would cost $300,000.

Desrosiers Scores Two As Smokies Drub Flyers

	P	W	L	T	F	A	Pts.
Nelson	32	16	15	1	144	123	30.7
Kimberley	24	13	10	1	102	97	30.5
Spokane	27	12	15	0	110	122	25 2
Trail	31	13	18	0	137	151	24.3

TRAIL—Trail Smoke Eaters came within half a game of the WIHL cellar door Thursday night when they trounced the Spokane Flyers 6-3 before one of the poorest Silver City crowds this year. Total attendance for the Thursday contest was 1432.

Big Don Fletcher scored his first goal in WIHL play at the three-quarter mark of the first period to start the ball rolling for the Smokies. Trail carried the play for the first frame, leaving the visitors fending off fast-moving attacks on Gerry Fodey's citadel. Ken McTeer left the ice early in the period when he caught a high stick on his forehead. He was back in the play in the second period.

Trentini made the play that gave their second marker at the five-minute mark of the second frame when he carried the puck the length of the ice and passed to wingman Frank Kuzma, who outwitted Fodey with a side pocket shot in the right-hand corner.

Wingy Johnston, playing one of his best games on Trail ice this season, retaliated less than two minutes later with a low-flying shot which tippled Reno Zanier's stick into the Trail payzone. With the score standing at 2-1 for the hosts, the game settled down to hard checking and fast-moving plays.

Gil Desrosiers, Trail's flying Frenchman, put on the heat at the 14-minute mark of this frame to score two fast goals and leave the Flyers on the defensive with a deficit of three goals going into the third period.

Trentini boosted Trail's lead at the three-minute mark of the final frame and it wasn't until 11.46 that Spokane could get near the Trail nets. Then Cirullo teamed up with Kubasek and Nadeau to narrow Trail's edge by one marker.

Johnston came through with a goal when Ray Hamilton took a two-minute penalty for tripping at the three-quarter mark, leaving the Smokies one man short.

Roy McBride, Flyer pilot, used strategy near the end of the third period when he pulled Fodey and entered another forward on the ice. However, his brainwork backfired when Hamilton slapped the puck the length of the ice and into the open nets.

Curly Wheatley and Jake McLeod, whistlemen for the tilt, issued 10 penalties for the fixture, with five going to each team.

Lineups:

Spokane — Fodey; Luke, Plante; Tilson, Johnston, Senick, Kubasek, Nadeau, Cirullo, Hodges, Rozzini, Toole.

Trail—Zanier; Hamilton. Fletcher, McTeer, Kromm, Andrews, Penner, Trentini, Desrosiers, Lenardon, Young, Kuzma.

First period—1, Trail, Fletcher, 14:30. Penalties—Kuzma, Kubasek.

Second period—2. Trail, Kuzma (Trentini, Kromm) 5:35; 3. Spokane, Johnston (Tilson, Senick) 7:12; 4. Trail, Desrosiers (Kuzma, Trentini) 14:46; 5. Trail, Desrosiers (Trentini) 15:32. Penalties—Plante, Luke, Desrosiers.

Third period—6. Trail, Trentini (Young, Kuzma) 3.20; 7. Spokane, Cirullo (Kubasek, Nadeau) 11:46; 8. Spokane, Johnston (Tilson, Luke) 17:32; 9. Trail, Hamilton, 19:58.

Penalties—Hamilton (2), Nadeau (2).

Wings Blank Bruins 4-0

DETROIT (AP)—Led by Bill Dineen's two goals, Detroit Red Wings cooled Boston Bruins 4-0 Thursday night and moved within two points of first place in the National Hockey League.

The loss was Boston's first in 1955. The Bruins had gone through seven games without a setback, but their streak came to an abrupt end when the Red Wings put on one of their flashiest shows of the season.

It was Detroit's third straight win and set up a Saturday night showing in Montreal with the league-leading Canadiens, who were idle tonight.

Dineen slipped in his sixth goal midway in the second period, then rifled his seventh halfway through the final.

Canada has both hard and soft pine trees, but all are evergreens.

Hockey's Survival Here To Be Decided Tonight

The question as to whether Nelson Maple Leafs will remain in the Western International Hockey League will be answered tonight when the jamboree being to help lift the club from its financial doldrums will be held.

With the club $15,348 in the red, it is hoped to get public support that will enable the team to carry on for the remainder of the season. should the support not come, there is a strong possibility senior hockey in Nelson will have to come to an end.

A wide variety of entertainment has been lined up for the jamboree which takes place in the Capitol Theatre with Jack Bagnall in charge.

The Melody Pals orchestra will play several selections and a sing song is also scheduled. A chorus made up of members of the Nelson Maple Leafs will sing several selections under the guidance of Coach Charlie Rayner, who already has proved himself as a leader in taking the Leafs to the top of the league standing.

E. A. Mann, president of the hockey executive, will speak on the club's financial troubles and how they can expect to fare in the remaining games of the league schedule. The program will have Bud Cooper, president of the Booster Club explain their activities and how they have aided the Leafs and to what extent they can add further aid before the end of the season.

Mayor Joseph Kary, Archie Burnie, a member of the executive last season, and Dr. Joe Vingo, president of the Western International Hockey League, will also be asked to make short speeches.

BROADCAST, FILM

Fans wishing to ask questions of the executive will have their chance. Because the jamboree is being broadcast over CKLN they will be asked to submit their questions in writing so they may be read over the air and answered. Any wishing to ask further questions will be asked to remain at the conclusion of the jamboree when the executive will publicly answer all queries.

At 10 p.m. when the broadcast is finished a show called "Here's Hockey" will be shown. The film was procured by the National Film Board, especially for the jamboree and should prove interesting to hockey fans.

In the 12-minute picture fans will see such stars as Rocket Richard, Doug Harvey, Gordie Howe and Terry Sawchuk of National Hockey League fame.

Booster club members will be on hand to man two telephones for any of the citizens listening to the broadcast should they wish to sign a note or give a donation. Anyone phoning in will be given immediate attention as two runners will be on hand to relay the address to those waiting with cars to travel to the homes of those phoning in.

Chairing the entire jamboree will be Vincent Fink, last year's president of the Senior Hockey Club and an honorary executive member this season.

An item appearing in the financial statement of the Booster Club showed a sum of $405.20 paid on a 1953-54 hockey account. This should have been 1954-55. The account was incurred this season.

Abuse of Referees to Bring Season Suspension —Dr. Vingo

"Players who abuse referees in the Western International Hockey League will be suspended from further league play," stated Dr. Joe Vingo, president, Thursday afternoon.

Dr. Vingo's ruling was brought about after several Spokane Flyer players abused referees in Wednesday's encounter between the American club and the Nelson Maple Leafs.

"From here on out," said Dr. Vingo, "we will not tolerate any more abuse of referees or league officials. We feel we must back them to the hilt and we also feel the public who are supporting hockey are entitled to witness the best play possible by both clubs."

"By endeavoring to do our best to provide good competitive sport," said Dr. Vingo, "we feel we must enforce rule 67, section B which states, any player, manager, coach or trainer who molests, strikes, injures or attempts to strike or injure an official, shall automatically be suspended and ordered to the dressing room for the remainder of the game by the referee who shall report in full detail to the president who may impose further penalties."

"Any player charged with that rule will be suspended for the remainder of the season."

"There are almost unlimited opportunities for the right men"

Says R.S.M. W. T. Seed, M.B.E.
First Light Anti-Aircraft Regiment

Twenty-three years in the Army, and all of them in the Artillery, qualifies Regimental Sergeant Major W. T. Seed as an expert — and an enthusiastic one — on the subject of a military career. Mr. Seed, who wears a bright new pair of paratrooper wings, is proud of a rather unique family record. At one time, he had three of his brothers with him in the Artillery — all of them in the same battery.

Looking back over his career, this R.S.M. says: "It's a two-way street. If you can give and are ready to work hard, you are going to get a lot out of your career in the Army. I think the Army — and the Artillery in particular — is a wonderful thing. If you are technically minded — if you like sports — if you just like the healthy outdoor activity — the Artillery can give it all to you. I would go so far as to say, there are almost unlimited opportunities for the right man in the Artillery. Below are just a few examples of the wide choice you will find."

Wireless and other forms of communications are taught in "Artillery".

Surveying — still another important skill to learn in modern artillery schools.

Driver-Mechanics trained in maintenance play their part in the RCA.

Radar is another of the many tools of modern Artillery.

Teamwork is the key to success of Canada's field gunners.

To be eligible you must be 17 to 40 years of age, skilled tradesmen to 45. When applying bring birth certificate or other proof of age.

Apply right away — For full information write or visit the Army Recruiting Centre nearest your home.

Richmond Resident Gored by Bull

VANCOUVER (CP)—H. H. McDonald, 63-year-old resident of suburban Richmond, was in fair condition in hospital here today after being gored by a rampaging bull. Police, who said they had been unable to learn how the accident occurred, said McDonald suffered a fractured pelvis and ribs and cuts and bruises.

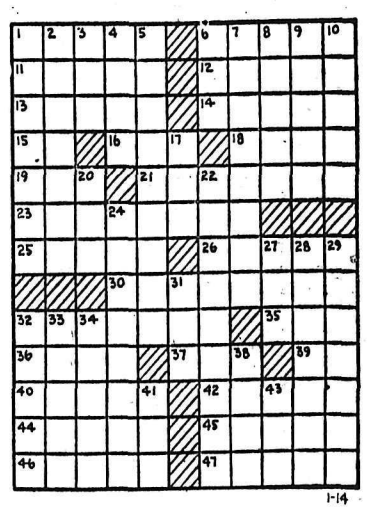
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

Z Q V J H P F Q S A X C O V Y W Y C D S O X X N B A W Z D E W P, F U A W E Z V Q X D E F Q S W O J W Y C D J H P F Q S—N X X P W.

Yesterday's Cryptoquote: FOR ME, THERE'S NOUGHT I WOULD NOT LEAVE FOR THE GOOD DEVON LAND — NEWBOLT

WANTED FIRST AID MAN, TIME and bookkeeper. Apply Box 1798, Daily News.

HELP WANTED--FEMALE

For

YOUNG WOMEN

Formal Training and Career Opportunities in Nursing

The Canadian Army now offers you training as Nursing Assistants, covering such subjects as psychology, anatomy, nursing procedures, care and treatment of the sick. After your training, you will work in one of the military hospitals across Canada or in Europe. If in good standing during your third year of service, you become eligible to qualify as a Certified Nursing Assistant. You receive the same pay, pension rights, leave and other benefits that are given to men in the Canadian Army.

Classes are being held at Camp Borden, Ontario.

If you are 19 to 29, single, have grade 10 or the equivalent, write to the Command Headquarters, Personnel Depot, or Recruiting Station nearest your home.

No. 11 Personnel Depot,
4201 West 3rd Avenue,
Vancouver, B.C.
Telephone CHerry 2111.

Headquarters Western Command, Kingsway Ave., Edmonton, Alta. Att.: Assistant Adjutant-General (Manning).

RELIABLE PERSON TO CALL new and renewal contacts by telephone from your own home 2-4 hrs. daily. No personal calls. Apply, stating age and education to Box 1902, Daily News, Nelson.

STENOGRAPHER FOR LUMBER office. Some lumber experience would be helpful but not essential. Apply Celgar Development Company Ltd., Nakusp.

WANTED — WOMAN FOR LIGHT housework for elderly couple in Nakusp, B.C. Modern home, bus fair paid. For further information Phone 1011-R.

YOUNG WOMAN FOR GENERAL office work with local firm. Typing and some sales ability an asset. Apply Box 1812, Daily News.

WANTED — ELDERLY WOMAN housekeeper prefer good home to high wages. Box 100, Wynndel, B.C.

PUBLIC NOTICE

AUCTION SALE

TIMBER SALE X65485

There will be offered for sale at Public Auction, at 10:30 a.m., on Monday, February 21st, 1955, in the office of the Forest Ranger, Edgewood, B. C., the Licence X65485, to cut 1,412,000 Cubic Feet of Spruce, Fir, Lodgepole, Balsam, Larch, White Pine and Cedar, on an area covering Vacant Crown Land adjoining the West boundary of Lot 4793 situated at the confluence of Stove Creek and Kettle River, Similkameen Division of Yale Land District.

Seven (7) years will be allowed for removal of timber.

Provided anyone unable to attend the auction in person may submit tender to be opened at the hour of auction and treated as one bid.

Further particulars may be obtained from the Deputy Minister of Forests, Victoria, B. C., or the District Forester, Nelson, B. C.

Tenders will be accepted at the office of the Secretary-Treasurer up until 5:00 p.m., January 24th, 1955, for the purchase of a one-storey building, and Lots 9 and 10, Block 29, Lot 206, Salmo, B. C.

The Board retains the right to reject any or all tenders and the highest bid not necessarily accepted.

Forward all tenders to Secretary-Treasurer, School District No. 7, (Nelson), 554 Stanley Street, Nelson, B. C.

CALGARY (CP) — Trade was moderately active on moderate receipts on the livestock market Thursday. A total of 1250 cattle and calves, including 600 head held over, were on offer.

Good to choice butcher steers sold readily at the week's advance, medium kinds steady; good to choice butcher heifers steay to strong; good cows steady; with top heifery kinds selling up to $10; bulls steady to strong.

Choice butcher steers $19.25 to $20.25; good $18 to $19; medium $16.50 to $17.75; common $14 to $16.

Choice butcher heifers $17 to $18; good $16 to $16.75; medium $14.50 to $15.75; common $12 to $14.

Good cows $8.75 to $9.50; medium $8 to $8.50; common $7.50 to $7.75; canners and cutters $5 to $7.50.

Good bulls $10.50 to $11.50; common and medium $8.50 to $10.

Light offerings of replacement cattle sold readily at steady prices; good feeder steers $16 to $17; good stock steers $15 to $16; common to medium $12 to $14.50.

Good stock steer calves $14 to $17.50; veal calves steady at the week's advance of $1 to $2; good to choice light veal calves $18 to $22; common to medium $14 to $18.

Hogs advanced 25 cents Wednesday at $22.75 A grade; sows steady, $14.25 liveweight.

Good lambs $17 to $17.75, with a few feeder lambs $12 to $15; good ewes $5 to $7.50.

WINNIPEG GRAIN

WINNIPEG (CP) — Winnipeg grain cash prices:
Oats—No. 1 feed, .77⅞.
Barley—No. 1 feed. 1.15.

METALS PRICES

NEW YORK (CP)—Spot prices:
Lead—New York, .15.
Zinc—East St. Louis, .11½.

PORTSMOUTH, England (CP) — Total haul of a thief who broke into four homes at this Hampshire seaport was 10s and a package of figs.

Market Tends

NEW YORK (AP) — The stock market ran into a flurry of selling Thursday and declined moderately into the late afternoon.

Canadian stocks were lower. Distillers Seagrams dropped ¼ and Dome Mines and International Nickel eased ⅛.

TORONTO (CP)—The stock market, after a strong session, turned irregular with light profit-taking toward the close.

Trading up to noon was the fastest in almost two years but the pace eased later.

MONTREAL (CP)—Prices fluctuated narrowly in active trading on Montreal stock markets.

Point gains were posted by General Dynamics and Consolidated Paper gained ½.

LONDON (Reuters) — Traders were cautious but the atmosphere was more cheerful, with selective buying resulting in many gains in industrials.

British-American Tobaccos, Dunlop, Courtaulds, Rolls Royce and Hoover were firm in industrials.

MEAT EXPORTER

Argentina, world's largest meat exporter, had 45,200,000 cattle in 1952.

Seeks Protection For ExConvicts

CHICAGO (AP)—An Illinois legislator says he will seek a state law forbidding newspapers, radio and television stations to refer to anyone as an ex-convict if the person has been a law-abiding citizen for 10 years. Representative Hector A. Brouillet (Rep: Chicago) said he is having the bill drafted for introduction at the current legislative session. A violation would be designated as libel or slander.

Ottawa Awaits Signed Agreement On Disabled Pensions From B. C.

OTTAWA (CP)—Health minister Martin says New Brunswick is the only province which has completed a federal-provincial agreement providing for payment of $40-a-month pensions to disabled persons.

Mr. Martin told the Commons Saskatchewan, Nova Scotia and Alberta also have signed agreements and they will be completed in a few days.

Prince Edward Island has signed an interim agreement and its government proposed to introduce legislation at the next legislature session to make the agreement effective.

DRAFTS SENT NOV. 18

Draft agreements were sent Nov. 18 to Newfoundland, Ontario, Manitoba and British Columbia but replies have not yet been received. A draft agreement also was sent to Quebec Nov. 18 and the government is awaiting return of the signed agreement.

Mr. Martin made the report after Elmore Philpott (L-Vancouver South) asked if the minister is aware that some persons in B. C. are complaining they cannot yet obtain application forms for pensions.

Canadian Breweries Under Investigation

OTTAWA (CP)—Canadian Breweries Ltd., manufacturers of several brands of beer, is under federal investigation for alleged attempts to set up a monopoly trust, it was learned Thursday.

It is understood the company, headed by Toronto industrialist E. P. Taylor, has been under investigation for a year or more and that the case is now in the hands of Parliament's anti-combines body, the restrictive trade practices commission.

Details of the case were not disclosed but it is believed the commission will make a report on the case, possibly in a month or so.

The investigation is believed to have started from complaints that the company has been attempting to gain control of the beer industry by buying up companies and shutting down some plants.

Mendes-France Arrives Germany

ROME (AP) — Pierre Mendes-France packed his bags Thursday for a visit to West Germany and talks with Chancellor Konrad Adenauer on post-war French-German differences. The energetic French premier carried with him partial Italian support for his controversial European arms-pool plan.

He is due in Baden-Baden, Germany, where Adenauer is vacationing, early today.

VANCOUVER (CP) — John Olynyk, 24-year-lod iron worker, was charged with vagrancy after police said he declined to tell them how he suffered a gunshot wound in the thigh. Olynyk, bleeding from the minor wound, took a taxi to hospital.

Pilot Assoc. Asks Safer Air Travel

WINNIPEG (CP)—The Pilot Association announced Thursday that a report on air "incidents" and recommendations for safer air travel will be placed before the transport department in Ottawa Monday.

A spokesman for the Association was quoted earlier this week as saying it had reports of 14 incidents involving mostly RCAF or military planes and civilian aircraft since a mid-air collision over Moose Jaw last April 8 took 37 lives.

A transport department spokesman in Ottawa said probably more than 14 incidents between military and civilian planes had come to the department's attention. All had been investigated. Some were trifling, but others required disciplinary measures by the RCAF.

Fair Success From Hamil Probe

Considerable success has resulted from work completed on the Hamil Silver-Lead Mines, Ltd., property at Argenta, it is learned in the company's progress report.

Drifting on the sub-level of the raise for a distance of 80 feet intersected four feet of high grade ore with eight inches assaying 47 ounces of silver and 70 per cent lead. Samples across the four feet assayed 7.8 ounces of silver and 13.1 per cent lead.

A parallel zone 70 feet East of the shaft across a width of eight feet assayed silver 30.2 ounces, lead 7.6 per cent and a high grade section across five inches, silver 45.2 ounces, lead 72.1 per cent and zinc 0.2 per cent.

A report by Dr. A. G. Pentland stated, in part:

"There is a much better chance of finding a large tonnage of ore in the replacement deposits. Nine mines in the Southeast corner of British Columbia have shown a sufficient tonnage of ore in this type of deposit to warrant the construction of mills. Among these are the Emerald, the H. B. and the Bluebell. Similar conditions have been shown to exist in the Hamil property in the neighborhood of the first crosscut; here a replacement deposit should not be passed over without further exploration. Therefore it is recommended that future exploration be concentrated in an attempt to prove the continuation of this ore and to find other deposits of a similar nature.

"The mine has been opened up sufficiently that a number of diamond drill holes can be located both to the North and the South of the crosscut.

"It is recommended that a program of diamond drilling be started to trace the replacement orebody to the North and South of the crosscut."

The managing director has recently returned from New York where he concluded arrangements for financing over the next year the development of Amex Uranium Company, Inc., holdings in Utah. The company has expended on the development of these holdings $40,000. The property has been taken over by the company's subsidiary, Amex Uranium Company, Inc., which is to pay the parent company the amount expended on development.

'Copter Rescue Unit Nets Drowning Men

LONDON (AP) — The Royal Navy disclosed Thursday it has developed a helicopter rescue system to snatch men from the sea in nets, like fish.

The aerial trowling gear was designed by Lt.-Cmdr. John Sproule.

The net, trailing a sea anchor to keep the open side forward, is lowered from the rescue helicopter by wires. The pilot slowly flies ahead, scooping the survivor to the helicopter by a winch.

The Highways

Launch Jets on 30-Ft. Platform

BALTIMORE (AP)—The United States Air Force doesn't need long runways any more to get its fighter jets into the air. It can launch them from a 39-foot platform on a truck.

The air force announced Thursday that it has launched F-84 Thunder-jets from what it calls "zero length" launching platforms during tests at Edwards air force base, Calif.

The tests, conducted by Air Research and Development Command and Glenn L. Martin, used the same principle and equipment employed to launch the Martin Matador, a pilotless missile.

GETS ROCKET KICK

A "booster bottle" filled with propellant is attached to an F-84 and the palen raihed into launching position on the platform by mobile cranes.

The plane's turbo-jet engines are raced at full speed, then the propellant in the "booster bottle" goes into action, giving the plane a rocket kick that sends it off so swiftly it is airborne almost instantly.

The "booster bottle" is dropped once the propellant is exhausted.

German Socialists Join Red Outcry

BONN (AP)—West German Socialists have opened a vigorous poster campaign against the Paris treaties to rearm West Germany. The Socialists have plastered 100 West German cities with posters showing a one-legged war cripple ilmping on crutches with bomb-ruined buildings in the background.

Queen Elizabeth Loses Watch as Dogs Go Ratting

SANDRINGHAM, England (Reuters)—Queen Elizabeth is missing a watch because she decided to let her pet Corgis go ratting.

Now staying at the Royal Family's country house here, the Queen and the Queen Mother stopped to watch farmers threshing barley in a field.

Because rats generally make homes in the stooks of grain, the Queen lifted her two dogs over the fence to let them go after the rats.

Her Majesty, her mother, and the dogs left after 15 minutes.

Ten minutes later they were back, looking for a watch the Queen lost when she pulled off her gloves during the hunt.

The Queen began probing under the stooks with her shooting stick—a kind of cane that opens up into a seat. Farmers joined in the search but it was given up after a half an hour.

Trains Marooned In N. Scotland

LONDON (Reuters) — Nearly 70 passengers from two snowbound trains were marooned in a lonely country station in the north of Scotland by a blizzard which swept across much of Europe.

The trains were snowed in on the coldest night of the winter about 20 miles from Wick, Scotland's northernmost town.

The passengers tramped through the blizzard to a nearby station where they huddled around a waiting room fire. Meanwhile, a snow plow tried to cut a path over the tracks to rescue them.

Vicious snow squalls hit many other parts of Britain after the coldest night in 10 months. Roads were blocked and cars stranded in 45 counties. By early morning temperatures had risen from 12 below zero to 30 above.

Fog added to the difficulties of travel, and incoming airliners circled over London airport for up to half an hour waiting their turn to land.

VERDEN, Germany (AP) — A freak two-train collision in the middle of a 30-foot trestle near here Tuesday killed two persons and injured nine.

It was West Germany's fifth serious rail accident in the last three weeks. The previous crashes took 23 lives.
