B.C. Legislature Prorogues

Fourth Session Ends in Confusion; 11-Hour Sitting Longest in History

VICTORIA (CP)—The fourth session of the 24th legislature was prorogued by Lt.-Gov. Frank M. Ross here at 8:48 p.m. PST Friday night, in an atmosphere of confusion and unanswered charges.

It ended quietly after seven weeks of charge and counter-charge which saw a record $258,000,000 budget brought down and the longest continuous sitting — 11 hours—in the 85-year-history of the British Columbia House.

Since the legislature convened Jan. 17, there were more than four weeks of night sittings.

They were featured by the sensational resignation from the cabinet last Monday of Robert E. Sommers, minister of lands and forests and mines minister.

And they contained more than one hint of a possible election this year as Premier Bennett said his Social Credit government was ready to "go to the people at any time."

There was a record $64,000,000 road program announced—biggest single vote ever to be placed before the House—and there were charges of a Liberal conspiracy to wreck the forest management policies of the government.

A total of 74 bills were passed, ranging from adoption of the dogwood as B.C.'s official floral emblem to an entirely new milk act.

Central figure of the verbal opposition charges was Mr. Sommers, 44-year-old former school principal who sits for Rossland-Trail and was appointed to the cabinet in 1952.

Debate on his slander suit against Vancouver lawyer David Sturdy was ruled out of order time after time on the grounds that it was sub judice.

DEMAND INQUIRY

Opposition demanded both the minister's suspension until the suit is settled and a full-scale judicial inquiry into charges by Mr. Sommers that he was the victim of a conspiracy engineered by a section of the forest industry and the Liberal party and involving the Victoria Times and publisher Stuart Keate.

Mr. Sommers was also subject of criticism over construction of the Cassiar-Stewart mining access road, up near the southern border of the Alaska panhandle.

It was charged that the no-tender contract had been let to a firm named Wade and Wells of Trail, B.C., the directors of which had been personal friends of Mr. Sommers.

A legislative committee—which adjourned without making a report—was set up to inquire into the matter and led to another sensation, the suspension of Edgar A. Jamieson, a retired consulting engineer who had been hired by the government to make a report on the road.

Testfying before the committee, Mr. Jamieson, who had later been appointed to the $90-a-week post of sergeant-at-arms in the legislature, admitted he had said he was "out to break" Mr. Sommers.

He was suspended by Mr. Speaker Thomas Irwin, although decision whether he is to be fired rests with the cabinet which hired him.

The new milk act calls for more stringent control on the cleanliness of the product and arose from the royal commission into the dairy industry, headed by Mr. Justice J. V. Clyne.

Among other legislation were acts increasing government grants to municipalities; a law forbidding racial and religious discrimination; a bill forbidding sale or use of fireworks except for the week prior to Hallowe'en and legislation to increase the borrowing power of the B.C. Power Commission.

The fourth session of the 24th legislative assembly was featured by the colorful squabbles between Mrs. Lydia Arsens (SC—Victoria) and Dr. Larry Giovando (Ind.—Nanaimo-The Islands) over cancer cure.

Mrs. Arsens claimed one existed. Dr. Giovando said her claims were not only rubbish, but dangerous.

Mulligan "Lawful" L.A. Resident

LOS ANGELES (AP) — Walter M. Mulligan, former Vancouver police chief accused of accepting payoffs from Gamblers, is living here as a lawful permanent resident, the U.S. bureau of immigration and naturalization said Friday.

Royal commissioner R. H. Tupper reported Wednesday that he had found that Mulligan had accepted payoff money from Gamblers.

Mulligan was ousted four months ago at his own request during an inquiry into police and crime.

Immigration officals said Mulligan and his wife came here in January to an address listed on their visas. He appeared voluntarily at immigration offices to discuss the status of his residence here, officials said.

As far as they could learn, immigration officials said, the Mulligans are living here legally.

FIELD CROP ESTIMATES RISE

OTTAWA (CP)—Prairie grain production, cut to an eight-year low in 1954 by bad weather and rust, swelled in 1955 to offset declines in most other provinces and boost the value of Canada's field crops by more than $300,000,000 to $1,564,561,000.

The bureau of statistics said Friday this preliminary estimate of 1955 farm production value would rise when Prairie grain growers get further payments on their grain deliveries.

The estimate of field crop value, including grains, vegetables, feed and sugar beets, was well above the 1954 revised estimate of $1,242,829,000.

But it was below the 1953 figure of $1,806,346,000 and short of the record $2,330,000,000 in 1952.

The bureau estimated the farm value for Canada's 1955 wheat crop at $556,270,000.

Extend Deadline for Uranium Production

OTTAWA (CP) — Companies negotiating for the sale of uranium to the government have been given a six-month extension in the deadline for getting into production.

Trade Minister Howe told the Commons Friday that the deadline has been moved from April 1, 1957, to Sept. 30, 1957. There is no change in the March 31, 1956, deadline for completion of negotiations or the March 31, 1962, date for completion of deliveries.

Mr. Howe said the production time extension was given because it is evident some potential producers will be unable to meet the original date for starting output.

He added it is not expected total production under the arrangement will be increased greatly through the extension. For security reasons, this amount never has been disclosed.

READY TO EXPORT

Meanwhile, External Affairs Minister Pearson told the House Canada has let it be known this country will welcome the opportunity to market surplus uranium abroad within a suitable international framework under security arrangements.

Provision for the sale of uranium to all friendly countries is under discussion at Washington with Canada participating, Mr. Pearson said.

Earlier, Mr. Howe said any announcement on a Canadian export policy should await the outcome of the Washington discussions on a draft statute for an international agency for atomic energy.

Under the uranium-purchase plan announced last August, Eldorado Mining and Refining Ltd.—the government's agency for obtaining uranium—is committed to take all acceptable uranium concentrates offered under a published price schedule with deliveries to be completed in 1962.

Mr. Howe said Friday eligible applicants would be notified shortly after the cutoff date of March 31.

Children Sing To Pope Pius On Birthday

By FRANK BRUTTO

VATICAN CITY (AP) — Children from all parts of the world sang and danced around Pope Pius today to wish him a happy 80th birthday.

The papal audience for the children was the first of many events celebrating the pontiff's birthday and the 17th anniversary of his election as spiritual head of the world's 450,000,000 Roman Catholics.

The major observance will be a pontifical mass in St. Peter's Basilica on Sunday, March 11, the day before the anniversary of his coronation.

The meeting with the children was held in the Vatican palace's Consistorial hall. Vatican officials said it was the first time a head of the church had held such an audience.

EIGHTY CANDLES

The frail, white-clad Pope smiled *and at times beat his hands* gently to the rousing "Happy Birthday to You"—sung in Italian as "Tanti Auguri a Te." He beamed with pleasure when an Italian boy and girl brought him a white cake, topped with 80 candles and decorated with eight tiny pink-eyed candy doves.

CARDINALS WAIT

Outside the hall, 17 cardinals of the church and leading men of science gathered to present their birthday greetings. But the pontiff tarried with the children as though he could not leave them. Twice he got up from his chair in their midst—he did not use the papal throne—and each time began to talk to groups of the youngsters or to individual ones.

Finally the Pope moved on to his audience with the princes of the church.

Supreme Court Rules In Gov't Favor

OTTAWA (CP)—The Supreme Court of Canada ruled Friday that the British Columbia government has a right to charge a royalty on crown lands operations of Deeks Sand and Gravel Co. Ltd.

The lower courts in B.C. ruled earlier that the province had no power to exact royalties from the company because of the terms of an agreement whereby the federal government turned over crown lands to the provinces in 1930.

Kidnap Teller . . .

BANK ROBBED OF $188,000

PORT CHESTER, N.Y. (AP)—Two bandits robbed a drive-in bank of $188,000 Friday, after kidnapping a woman teller and questioning her through the night about the layout.

A policeman in a squad car looked on as a bank official — under the pistols of the bandits —carried the loot to a getaway car. He thought he was watching a routine transfer of funds.

The gunmen seized slight, brunette Mrs. Mary Kostolos, 52, a teller, at her home at 10 p.m. Thursday. They had a working knowledge of the bank's routine which they filled in with all-night questioning of the woman, a widow.

They used Mrs. Kostolos' key to enter the County Trust Co. branch. Then they pressed into service other employees as they arrived one by one for work in the morning.

As a climax, the bandits took almost every cent in the bank and sped away in their car, unmolested, unrecognized and without pursuit.

NO GUNFIRE

No shots were fired. No one was maltreated.

It was the biggest bank holdup since last April's record $305,000 cash haul from a Chase Manhattan branch in Queens, Long Island. It had the same precise touch, even to the kidnapping of an employee to gain entry.

34 Men Die in Mine Explosion

TETE, Mozambique (AP) — Thirty-four miners, including 32 natives and two Europeans, were killed by a fire damp explosion in a coal mine at Moatize, Portuguese East Africa, early Friday. A number of other men are missing.

Hussein Dismisses British Leader of Arab Legion

Dismissal Seen as Turning Point In Jordan, Britain Relations; Thousands Demonstrate, Cheer King

AMMAN, Jordan (Reuters)—Lt.-Gen. John Bagot Glubb, a Briton who had become an almost legendary figure in the Middle East, was dismissed Friday as head of the Arab Legion.

The 59-year-old soldier who developed the legion into the Arab world's most modern and compact fighting force, left for Cyprus by air shortly after his dismissal was announced in a royal decree by 20-year-old King Hussein.

As he left the country, thousands of demonstrators toured the streets of Amman, denouncing him as a traitor who had aimed to weaken the Arab Legion forces so they would be unable to meet any Israeli aggression. They cheered the young king who told them this was "a holy day on which we have succeeded in our movement by God's will."

Political observers here saw the dismissal of Glubb as a turning point in the close relations between Jordan and Britain.

The ouster came as a surprise to most people in Amman. It followed a campaign by anti-Western elements for removal of British officers from the legion, which Britain helps to finance with £8,000,000 annually.

In London, a British foreign office statement said Britain is "deeply concerned" over the dismissal and the "possible consequences—internal and external—of the action."

The statement came as Prime Minister Eden conferred on the situation in a two-hour emergency meeting with his top ministers and armed service chiefs.

ARABS HAIL OUSTER

The action was hailed in Arab countries, however. In Cairo, Dr. Raif Bellama, assistant secretary-general of the Arab League, lauded the "liberation of the Arab Legion from foreign influence," which he said would "prepare Jordan to play her full role in the face of the Israeli danger."

Glubb's chief opposition in Jordan has been from Arab nationalists, most of them refugees who came from Palestine after the war with Israel. Their opposition reached its height last year when Britain tried to get Jordan to join the Baghdad Pact.

Britain's move was met by anti-Western riots throughout the country in which at least 15 persons were killed. Jordan had four governments in less than a month before the disorders were put down by the Legion.

Glubb, who speaks all Middle Eastern dialects fluently, has immersed himself in the Arab way of life. He always ate and lived with the men he led.

He went to the Middle East soon after the First World War, serving first in Iraq and then joining the Arab Legion as second-in-command under its founder, Col. Frederick Gerrard Peake Pasha.

PRICE INDEX DROPS

Food Prices Cause First Change In Five Months

OTTAWA (CP) — The consumer price index dipped to 116.4 at Feb. 1 from 116.8 a month earlier, reflecting lower January food prices, the bureau of statistics said today.

The four-tenths of a point decline brought the index, based on 1949 prices equalling 100, close to the 116.3 at which it stood a year earlier.

The Jan. 3 index of 116.8 followed five consecutive months in which almost no movement was evident. The index reflecting November price changes was 116.9.

The bureau said food price declines during January were responsible for the change.

The food sub-index, under the impact of lower prices for eggs, pork and beef cuts, oranges, margarine, coffee, grapefruit and lettuce skidded 1.4 per cent to the lowest point since January, 1951.

At Feb. 1, the food sub-index stood at 109.9 down from 111.5 at Jan. 3.

The shelter index, indicating the costs of rents, mortgages and similar charges, continued its steady upward climb moving to 131.5 from 131.3 a month earlier.

The clothing index remained unchanded at 108.6 and the index for household operatons rose slightly to 116.7 from 116.5. The yardstick for other commodities and services also rose slightly to 119.3 from 119.

Hypnotized —Via Television

TORONTO (CP) — A Toronto reporter said Friday he went as "stiff as a stick" as he watched a hypnotist on a television show originating in Buffalo, 60 miles away.

Fred Hollett of the Toronto Telegram said he had to be awakened from a trance by telephone after Sam Vine, billed as the amazing Mr. V., put a girl to sleep on a telecast from station VGR-TV on Thursday.

When Vine put the girl to sleep Hollett, in the words of his wife, went "stiff as a stick." She yelled at him and clapped her hands, with no effect. So she phoned Vine.

On Vine's instructions she put the telephone to Hollett's ear and the reporter woke up to the sound of:

"Three, two, one . . . when you wake up you'll feel fine, you'll feel better than you ever have before."

Mr. Vine said "the average television viewer has nothing to fear."

DOLLAR HIGHER

NEW YORK (CP) — Canadian dollar was 3-64 higher at a premium of 7-64 per cent in terms of U.S. funds Friday. Pound sterling unchanged at $2.80 13-16.

"Simple Life" Her Key to Longevity

SHAWVILLE, Que. (CP)—A chipper centenarian-plus Friday celebrated her 106th birthday in this community 40 miles northwest of Ottawa.

Mrs. Mary Riley, believed to be the oldest resident of Quebec province, helped a Shawville service club kick-off its annual Easter seal campaign and then went home to receive a continuous stream of well-wishers.

She is still in good health, although she has been confined to a wheelchair since she broke her hip 10 years ago.

Her answer to longevity is good food, hard work, a simple life and walking for exercise.

CANADIAN JETS COLLIDE

Eyewitness Says 4 Pilots Dead in Crash Over France

BENFIELD, France (Reuters)—Royal Canadian Air Force headquarters at Metz said today four Canadian Sabre jet fighters from Baden - Foellingen, Germany, crashed near here this afternoon and all four pilots were believed dead.

A spokesman said three bodies had been found and one was still missing.

He confirmed first reports that the planes were flying low in close formation over Kertzfeld on the French side of the Franco-German border about 20 miles south of Strasbourg when one exploded and caused the others to collide and crash with it.

The names of the dead were being withheld until next-of-kin had been informed, he said.

An eyewitness said none of the pilots survived.

The planes crashed on the edge of a forest near this town in northeast France.

The wife of a forest worker saw the crash.

"I saw the four planes flying very low," she said. "Then they collided and within seconds there was nothing but fragments and burning wreckage."

She said it was unlikely any of the four pilots lived.

"I saw one body hanging from a tree," she said.

PARLIAMENT FRIDAY

Prime Minister St. Laurent said he has heard no plans for a visit by Princess Margaret to Canada this year.

Fisheries Minister Sinclair said Canada has asked the international Pacific Salmon Commission to reconsider a proposed ban on fishing "outside" Canadian waters.

Commoners viewed demands for extension of Canada's sovereignty over territorial waters on its seaboards, now extending three miles.

Carey Committed

VANCOUVER (CP) — A game of Russian roulette, played by one of two men charged with the slaying of police constable Gordon Sinclair last December, was described in court here Friday.

Mrs. Noreen Carey, wife of Donald James Carey, the other man charged, said Joseph Gordon, who has already been committed for high court trial, came to the Carey house in the late afternoon of Dec. 7.

"Joe . . . sat in a big easy chair in the livingroom and pulled out a revolver. He put one bullet in it and then spun the cylinder and put it to his head. He said the weight of the bullet made it go to the bottom of the cylinder.

"I took the bullet away from him."

Mrs. Carey, whose husband was captured in Toronto late in February, said that she went with her husband—whom she called Jimmy —and Gordon went and met a men called Bob Smith.

"Then we went down and parked *underneath the* Granville bridge."

Constable Sinclair was found shot to death in front of a building under the bridge. One leg was still in his patrol car. His bullet-shattered head was lying in the gutter.

Mrs. Carey said that while they were parked under the bridge, near a Fuel Company office, "Jimmy and Bob . . . wanted to make sure that if Joe was going to do anything that they make sure they had an alibi.

"The whole thing stemmed from this: If Joe was going to blow a safe, Bob and Jim needed alibis. Joe said he needed $500 by the next day."

She said Smith started to move the car when "he said he heard shots."

"I said not to go without Jimmy. We turned out of the alley and Jimmy and Joe jumped in. I saw a police car behind us and said we'd better stop. That's when Joe said: 'Let me out—I shot the guy.'

"Bob stopped and Joe and Jim got out. Jimmy told Bob to 'take off and get her out of here.' He was scared for me and the baby."

Mrs. Carey told the court earlier she had her four-month-old daughter Lesley in the car with her at the time.

"The next I heard from him he was in Fort William, Ont."

Magistrate Gordon Scott committed Carey for trail following Mrs. Carey's evidence.

Earlier in the day, Mrs. Clara McEwan told the court that Carey had slept under a house near the scene the night of the murder.

"He said he had slept under the house," said Mrs. McEwan, at whose home Mrs. Carey was staying.

Wheat Sales To Be Completed Soon

OTTAWA (CP) — Sales of Canadian wheat to Russia are expected to be completed within "a very few days" and the grain will move as soon as the Soviet can arrange its own ship transportation.

This report of the major feature of the Canada-U.S.S.R. trade agreement, signed only in midweek, was given to the Commons Friday by Trade Minister Howe.

Under the historic pact, first between the two countries, Russia agreed to buy a minimum of 44,000,000 bushels of Canadian wheat, worth roughly $60,000,000 at present prices. The wheat is expected to be shipped from Canada's west coast for use in Siberia.

Mr. Howe said he understands negotiations are in progress for the purchase of 400,000 tons of wheat. For the three-year life of the agreement, Russia agreed to take annual lots of between 400,000 and 500,000 tons, or 14,687,000 and 18,371,000 bushels.

HIGH SCHOOL STUDENTS had no classes Friday but had a busy day as they donned appropriate garb, slacks and jeans, and assisted in moving equipment from the old Nelson High School on Latimer Street to the new L. V. Rogers School in Fairview. Students carrying typewriters and adding machines, at left, had a heavy job, but those at right who volunteered to unpack chemistry lab equipment had a more exacting task. Boarding the bus with a commercial machine each are Mike Reikoff, Myrna Cain, Gordon Lowe and Donna Kemball. Sorting and reading labels are Barbara Moore, Lynne Leeming, Joan Evans, Carol Dozzi and Mari-Lou Harrison.
—Daily News photos.

And in This Corner...

NEW YORK (AP)—The Elmer de Golier family of Brockton, N.Y., breakfasted Friday morning and ate:

20 grapefruit halves;
40 scrambled eggs;
Several pounds of bacon;
Quarts of coffee and milk;
More than a score of rolls.

The de Goliers—he's 55 and his wife, Winona, 48—have 20 children.

"It's good to sit down at breakfast and not have to cook," exclaimed Mrs. de Golier when breakfast was over.

She usually cooks from 7 to 9 a.m. for the family who range from 3 to 27. Thirteen are girls and seven are boys. Three are married and live away from home. Two are in college and one works away from home.

The de Goliers, here in conjunction with the opening of the 53rd annual American toy fair Monday, live on a 30-acre fruit and vegetable farm about 20 miles from Buffalo. Fair officials call them the "biggest living family" in the United States.

Mrs. de Golier said her domestic duties were not too difficult because most of the children "look after each other pretty well." But she admitted to baking 20 loaves of bread a week and said a typical Sunday dinner would be two chickens with dumplings.

Trail Juveniles Dump Cranbrook

CRANBROOK—Trail Juveniles, West Kootenay hockey champions in this bracket, defeated East Kootenay champions, Cranbrook Juveniles, Friday night, 6-1, in the first of a two-game total-goal Kootenay finals series leading to the provincial championship. Second game will be played here tonight. Winner of the series goes into provincial finals on the home rink of the Kootenay winner.

Trail scorers were Fabro, Laurient, Aiken, Aitkins, Tantuso and Cobluk, and Cranbrook's lone goal was by Oleshko. Cranbrook had thirteen penalties and Trail eleven in a closely-called game.

132 Pre-School Tots Register For Polio Vaccine

A total 132 pre-school age children in Nelson and the immediate area have registered for Salk polio immunization this April.

This is considered a good number by Medical Health Officer Dr. H. T. Lowe but he reminds all parents with children who will start school in September that if they wish them to receive immunization they must register them by March 10.

Registration figures from other centres in the Selkirk Health Unit will not be available until after March 10.

Consent cards have been distributed to all students from Grades One to Nine who are also eligible for immunization this year, to take home for their parents to sign.

Only those children registered by March 10 will be immunized.

Nelson Rotarians To Spokane Meeting in May

A large delegation from Nelson Rotary Club is expected to attend the annual district conference of Rotary International to be held in Spokane April 29, 30 and May 1.

K. D. McRae, 1955-56 president, has been appointed "On to Spokane" chairman, and many of the club members have indicated their intentions of attending.

More than 1000 persons are expected for the conference which will commemorate Rotary's 51st anniversary, W. R. Green, district governor, has announced. The Davenport Hotel will be headquarters.

JOHN THURMAN
. . . Camp Chief at Gilwell Park will visit Nelson March 15.

World Known Scout Leader Here March 15

One of the Commonwealth's outstanding Boy Scout leaders, Camp Chief John Thurman will be in Nelson March 15 bringing his world-famed ideas of leadership to Nelson Scouts and officers.

A dinner will be held in his honor in the evening, attended by Boy Scout Association members, Scouts and interested parties.

Following the dinner he will speak at a general meeting, likely on leadership training.

John Thurman is becoming increasingly well known in world wide Scouting circles. As Camp Chief of the Boy Scouts Association he is responsible for directing and training Scout Leaders in all parts of the Commonwealth and Empire.

FLAIR FOR LEADERSHIP

His first full-time job in scouting was when he was appointed a field commissioner in 1942, a job which gave full play to his flair for organization and leadership. When Colonel J. S. Wilson retired from the position of Camp Chief to become director of the Boy Scouts International Bureau, John Thurman seemed the obvious man to succeed him.

The camp chief's residence and headquarters is Gilwell Park near Chingford, Essex, on the outskirts of London. "Gilwell", as it is known to Scouts everywhere, has been called the "laboratory and power-house of Scouting," which is an apt description of its functions. But it is more than that. It is the spiritual headquarters of the World Scout Brotherhood, a symbol respected and loved by Scouts everywhere.

TOURING CANADA

Mr. Thurman is visiting Canada this Spring and Summer and will attend a number of Canadian Gilwell courses. At present he is touring B. C. He will arrive in Nelson in the late afternoon of March 15 and leave the following day.

NEW SANITARY INSPECTOR HERE MONDAY

James Shannon has been transferred from Penticton to Nelson as sanitary inspector succeeding R. G. Scott.

Mr. Shannon, who is unmarried, will arrive in Nelson Monday. Mr. Scott has left to become senior sanitary inspector at Prince Rupert.

No Announcement On Grey Cup Venue

By JACK SULLIVAN
Canadian Press Staff Writer

TORONTO (CP) — The Canadian Rugby Union executive early Friday decided on the 1956 site of the Grey Cup final but declined to reveal recommendations before Friday's annual general meeting.

Toronto and Vancouver bid for the game no indication as to which city would get the Nov. 24 classic. A vote will be taken at today's meeting, which start at 10 a.m.

Toronto is heavily favored as host for the East-West game after an absence of one year. Vancouver was awarded the 1955 spectacle, breaking a 10-year Toronto monopoly.

The executive committee broke up soon after midnight after more than 10 hours of talks behind closed doors.

Will Require Week To Hoist Two Diesels Back Onto Tracks

BLAKE — Preparations to bring in a "ledgerwood" and a "dead man", needed to winch the two big Canadian Pacific Railway diesels, pushed off the tracks and piled in Kootenay Lake by two snow slides, were made by CPR officials Friday while other CPR crewmen cleared the big units of snow and prepared the site of the arrival of the equipment.

A CPR official estimated it would be a week before the two big units and two cars could be hoisted back on to the tracks. One box car has been re-railed and moved out of the area.

The "ledgerwood" is a machine run by steam with a long heavy cable and has the power to drag the diesels up the bank to the track. The "dead man" is hooked to the cable so the ledgerwood will pull straight.

The entire area is covered with masses of snow extending into the lake, almost covering the derailed cars and diesels.

The main line is open and trains are running on schedule.

Old High School Emptied of Last Furnishings

Teachers and students moved the last furniture and equipment from the 50-year-old Nelson High School Friday, leaving it to the younger generation of students who will take it over after renovation.

Much of the equipment was placed in the new building and Principal Gerald Lee said all would be ready to go Monday and students would attend regular classes.

Mr. Lee gave much credit to the teachers and students for the efficient move. They worked hard and showed a fine spirit of co-operation, he said.

Teachers will be working again today, placing the building in order.

Trail Teams Win Cage Tilts

Trail teams won both ends of a basketball doubleheader Friday night at the Civic Centre.

Hawks defeated Notre Dame Pups 30-25, and Hawkettes bested Nelson Eaglettes 32-19. It was the Pups' second loss in a row to Trail. High Pup scorers were Larry Wolfe 10, and Jerry Dougan, eight points. Larry Dolfo was top Trail scorer with 14.

Barbara Thom, seven, and Cecile Viau, five, paced Eaglette's scorers, and Nan Lyons with 16, and Linda Hanson with eight points topped Trail girls.

Forming AOTS Club in Nelson

An AOTS Club, a men's service club authorized by the governing board of the United Church of Canada, is being organized in Nelson.

Rev. A. R. T. Dixon and F. W. Doubt are accepting applications for membership.

When formed, the Nelson club would be an addition to the six clubs in the Kootenays which have a membership of 400 men.

AOTS, its name derived from the Bible quotation "As one that serves," offers men an opportunity to give their efforts to helping those in need. Although club membership does not require membership in any church, AOTS is a church organization and seeks by its policy to bring members under the influence of the church.

The club was formed by Dr. H. W. Riggs in Vancouver in 1923 and now covers all of Canada and some of the Northerly states of the U.S. Present chairman of the National Council is D. R. Poole of Vancouver. District Council officers are from Trail and Rossland.

Club projects are mainly youth work, Community Chest assistance and co-operation with other service clubs in community effort.

GAS BYLAW GIVEN FIRST TWO READINGS

A bylaw to set out terms and conditions for purchase and sale of propane gas by the municipality has been given first and second reading by city council. The bylaw includes purchase and sale of natural gas, propane, liquified petro gas and any natural manufactured or mixed gas, its derivatives and by-products. The bylaw was drawn up to conform to a government amendment to the municipal act a year ago.

Council has also given third reading to electric rates bylaw.

Juvenile Court Committee's Duties Explained by Silverwood

To the Editor:

Sir — For the sake of clarification to avoid any misunderstanding and for the information of the public I would be glad if you would make known, through your columns, the work and duties of a "Juvenile Court Committee."

Section 27 of the Juvenile Delinquents Act, chapter 160 provides for the establishments of Juvenile Court Committees.

1. There shall be in connection with the Juvenile court a committee of citizens, serving without renumeration, to be known as the "Juvenile Court Committee."

2. It is the duty of the Juvenile Court Committee to meet as often as it may be necessary and consult with the probation officers with regard to juvenile delinquents, to offer through the probation officers and otherwise, advice to the court as to the best mode of dealing with such delinquents, and, generally to facilitate by every means in its power the reformation and rehabilitation of juvenile delinquents.

3. Representatives of the Juvenile Court Committee, who are members of that committee, may be present at any session of the juvenile court.

4. No deputy judge shall hear and determine any case that a juvenile court committee desires should be reserved for hearing and determination by the judge of the juvenile court.

Members of the Nelson Committee are Canon W. J. Silverwood, chairman; Mrs. L. Gansner, secretary; Mr. B. Crawford, School Principal; Sergeant Bolton, RCMP; Mr. A. Garwood, Probation officer; Mrs. A. Stevens, school teacher; Chief of Police R Harshaw, and one member of the city council to be appointed to replace Alderman Coventry, and Rev. Father F. Monaghan.

Mr. F. Pearce attends as an observer.

CANON W. SILVERWOOD

Red Cross Flag Goes Up Today

The flag signalling the Red Cross campaign of this month will fly over Baker Street, starting today.

Mayor Joseph Kary will officiate at the flag-raising ceremony by Boy Scouts, Navy, Army and Air Force Cadets and representatives of the Junior Red Cross.

Nelson branch of the Red Cross which is aiming for $7500 in its current campaign for funds to help carry out the great work of the Red Cross in Canada, hopes that a large crowd will be on hand for the flag-raising.

This year's quota is the same as that of last year, when Nelson and district exceeded the requirement by about $100. Canvassers will be busy all month calling on householders and business concerns.

Findlay Settle Passes at 90

Findlay Settle, 90, First World War veteran and former Procter postmaster, died Friday at his home on the North Shore.

Born in 1866 at Bolton, Lancaster, England, he worked for his father, who was a doctor, before coming to Canada in 1913. He joined the Canadian Army at Moose Jaw in 1915 and served in England. When he returned to Canada he became postmaster at Procter and later lived at Winlaw and Dawson Creek, before coming to live with his nephew, Findlay Settle jr. in 1948.

Funeral services, in which Nelson Branch 51 of the Canadian Legion will take part, will be held Monday.

Lions, Stamps To Meet Aug. 1

CALGARY (CP) — Calgary Stampeders will meet British Columbia Lions and Hamilton Tiger-Cats in two pre-season exhibition football games at Calgary. In a long distance telephone call from Toronto general manager Bob Masterson said the Stamps will meet the Lions Aug. 1 and then play the Big Four team Aug. 11.

NO HURRY

LONDON (CP) — Unclaimed winnings on racecourse pari-mutuels totalled £35,534 in the latest official report.

Sawlog Scale Well Up, 87 Million fbm So Far

The tremendous surge in the Nelson Forest District sawlog scale which took place in the first month of this year was not sustained during February.

However, the total scale last month in the 11 species almost equalled that of February, 1955, being 37,611,327 f.b.m. compared with 37,685,145 f.b.m. in the corresponding month last year. Fir and large scales were down, but spruce took a sharp rise.

With the large gain recorded in January, last month's figure brought the total sawlog scale to 87,205,240 f.b.m., compared with 62,455,852 f.b.m. to the end of February last year.

Here are the figures:

SAWLOGS (f.b.m.)

	1955	1956
Fir	11,107,806	9,768,491
Cedar	3,295,874	2,615,878
Spruce	7,543,895	11,651,308
Lodgepole pine	596,634	946,788
Hemlock	1,917,847	1,353,651
Balsam	425,241	693,620
White pine	1,623,872	1,360,064
Yellow pine	910,880	460,275
Larch	10,259,362	8,516,162
Cottonwood	3,734	245,090
Totals	37,685,145	37,611,327
Totals to end of Feb.	62,455,852	87,205,240

MINOR PRODUCTS

	1955	1956
Poles and piles (l.f.)	479,210	233,962
Mine timbers (lf)	65,264	9,739
Mine props (cds.)	1,175	1,154
Cordwood (cds.)	534	221
Fence posts (cds.)	330	327

Collections for Handicapped May Hit $3500

Collections in the whirlwind campaign of Kootenay Society for Handicapped Children in Nelson have exceeded the fondest hopes of organizers.

To date the sum of $3318.16 has been handed in by the host of canvassers who covered the town on "blitz" night The total is made up of 549 $2 memberships amounting to $1098, outright donations of $1052.16, and six club memberships.

With several other memberships and donations promised, and the North Shore area still to be heard from, the committee expects the total will reach $3500.

The financial success was noted at a three-hour meeting at the home of D. M. Sample by the committee. Committee members are compiling a premanent register of members, under the direction of Mr. Sample and R. A. Phillips.

Sunday directors from Nelson and Trail will travel to the East Kootenay to wind up organization at Cranbrook and set the stage for formation of a society group at Creston. Nelson people who will be making the trip are R. B. Morris, Dr. G. R Callbeck and George Talbot.

Kiwanis Spiel At Castlegar

The first international bonspiel to be held in the Kootenays will take place in Nelson on Sunday when the Castlegar Kiwanis Club will act as host. Trail, Nelson, Castlegar and Creston will this year be competing with the Colville club also. This is the third inter-club meeting to be held, but with the addition of the American Kiwanis this year the event takes on an international air.

Castlegar Kiwanian Bill Sharples, who is in charge of arrangements, has announced these are now completed, and also stated the Castlegar club is donating a trophy both for annual competition and on a challenge basis. This would, it is expected, promote the inter-club visits. Mr. Sharples gave a description of the constitution that goes with the trophy.

Nearly all of the Castlegar club expect to be in attendance, either as competitors, or to assist in carrying out the arrangements for the bonspiel.

SOMMERS TO VISIT R'D'NG

TRAIL — The executive committee of the Rossland-Trail Social Credit League ware advised Friday the R. E. Sommers, MLA, will be in the district on March 8 and will be assisting the Hon. G. Williston in the opening of the new school at Castlegar.

Mr. Sommers will meet with the Rossland-Trail executive committee at that time.

ARMY JOURNAL

The Norwegian Military Journal marked its 125th anniversary in January, 1956.

Castlegar Aiders Receive Awards

CASTLEGAR — Secretary R. Rivers of the St. John's Ambulance Association in Castlegar, handed out eight medallions and eleven labels, at the regular Friday night lecture in the Twin Rivers School. These awards were earned during the classes held last year and have just been received by the association.

A medallion represents three years of successful study, and a label, four years. A number of those receiving labels, have earned 12 or 13 and C. H. King of Castlegar received his 14th label Friday night.

Those earning labels were J Makaroff, E. Schulte, T. Couch, F Richardson, C. King, N. Churches. C. Lahue, F. Morran, P. Obetkoff, J. Dalziel and K. Rigby.

Those receiving medallions were W. Dalling, R. Desaulniers, Mrs. M. Dalziel, Mrs. R. Hawkins, B. Horning, W. Hendy and C. Lahue.

Youth Charged With Contributing

A Nelson youth appeared in city court here on a charge of contributing to juvenile delinquency The case has been adjourned until March 14. He appeared before Magistrate R S. Nelson. B. K. Arlidge is crown counsel and R. B. Allan is defence counsel.

Pleads Not Guilty

Nick J. Gretchen of Crescent Valley pleaded not guilty in city court Friday when charged with driving without due care and attention. Hearing was adjourned until March 9.

A vehicle driven by Gretchen allegedly struck the rear of a car waiting for a green traffic light at Baker and Ward Streets.

JUNIOR RED CROSS DISPLAY SHOWS ART OF CHILDREN OF OTHER LANDS

In conjunction with the Red Cross campaign, a window on Baker Street contains an interesting display of children's art work.

These examples of the work of children throughout the world have been collected by the Junior Red Cross organization to foster and encourage a sounder understanding among the children of the world. Outstanding in this display is a panel entitled 'Searching', by a senior student in India. In sharp contrast to this mystical treatment are three water colors from Moscow, distinctive for the clear delineation and color. Water colors predominate. These show the different impressions of Italian, Austrian, Romanian, Yugoslavian and American styles. One very interesting piece shows the work of the designing of a rug from a Turkish school. The works are those of children from seven to 18 years of age.

Last year, the provincial director of Junior Red Cross chose two pieces of work from those of the art students of the Nelson Senior High School to go in the Canadian display to other countries.

FIDELITY LIFE APPOINTMENT

P. MELWOOD
Representative

Fidelity Life is pleased to announce the appointment of Mr. Peter Melwood as local representative for Nelson and District.

Mr. Melwood is well known throughout Southeastern B.C. and well equipped to render service to the company's many policy-owners in his territory.

Fidelity Life, a Dominion licensed company with head offices at Regina, offers a complete line of modern policy contracts including pension, educational, and mortgage protection plans, etc.

VERY SPECIAL congratulations to Major John Moll, retired Salvation Army officer at Kinnaird, who is to receive the Medal of Merit for outstanding service to the Cub movement, are those from his smiling wife. Major Moll had a varied career in Salvation Army work in the Prairie provinces before coming to Cranbrook and the Kootenays in 1946, and has always been organizing or leading Scout troops and Cub packs. With pony and saddle, then by road cart, and eventually in an old Ford car, he carried the Bible's message, his tracts and concertina into towns and villages. "If I were 25 years younger, the backwoods would be for me," he says now.—Pettitt photo.

Wind-Blown Sparks Raze Mill at Nakusp

NAKUSP — Purcell Lumber Company's planer mill was completely destroyed by fire early Friday morning. No insurance was carried.

The fire brigade was called out at 4 a.m., but the mill was completely engulfed in flames by the time the men and equipment arrived.

The mill was located just beyond the North limits of Nakusp, about three quarters of a mile from the centre of town, and was not supplied with water.

The brigade was able to save several piles of lumber by damping them with 300 gallons of water from the tank truck and the use of a bulldozer.

Erling Johnson, the manager, had started a debris fire Wednesday, and gusts of wind late Thursday afternoon caused some alarm. He called for the aid and advice of the fire brigade which went out twice on inspection trips. Everything was believed safe Thursday night. At 11 p.m. Otta Yanagasawa had checked, and at 1 a.m. Mr. Johnson himself had looked over the premises to see that all was right.

WIND STIFFENED

Between then and 3 a.m. a brisk wind arose which fire chief Ken Highland believes fanned the embers and blew sparks into dry shavings under the building. At 3:45 when the fire was discovered it was burning fiercely, despite the fact that the ground was covered about four feet of snow.

A stationery gasoline and a diesel motor were lost among other equipment.

Kimberley Man To Vancouver Bank

KIMBERLEY—K. H. C. May of the Bank of Montreal staff here for the past two years has received word of his new appointment by the bank to become accountant at its North Vancouver branch and with Mrs. May will leave for his new location this month.

He is currently treasurer of the vestry for All Saints' parish here, and is also charter president of the Kimberley Junior Chamber of Commerce which is nearing completion of its first year of activity here.

Montrose Man Fined

TRAIL — Appearing in Police Court here, Kenneth Smith of Montrose pleaded guilty to a charge laid under the Unemployment Insurance Act, and was fined $25 and costs, and ordered to repay the Commission the sum of $86, by Magistrate Parker Williams.

The charge arose out of a claim for unemployment benefits by the accused for a period he was actually employed. Case for the Commission was handled by M. T. Creighton, District Investigator at Nelson.

HOPES DIE FOR QUICK DECISION ON SUNDAY SPORT

VICTORIA (CP) — Last faint hope op the city of Vancouver to obtain commercial Sunday sport this year appears to be snuffed out.

With the current legislature session expected to prorogue, there was no move to introduce enabling legislation in the house.

It was reported last week that Sunday sport, approved by Vancouver voters in a prebiscite last Dec. 14, was a dead issue.

Hopes were raised this week when mayor Fred Hume, accompanied by corporation council Russell Baker, came to Victoria in a last ditch lobbying attempt to have legislation brought in. The mayor returned to Vancouver still hoping officially something could be done.

The issue has been kicked back and forth between the Vancouver city council and the government throughout the current session, with neither body apparently willing to make the first move.

City council declined to ask the government specifically for an amendement to the city charter and apparently hoped instead for a special act to bring it aboiut.

Civil Defence Exercise . . .

200 Evacuees to Move Into Cranbrook May 5

CRANBROOK — "Operation EVAC" a live exercise for East Kootenay area Civil Defence organizations has been planned for May 5, with the organizations in all seven cities and villages taking part.

Civil defence officers from each of the centres were present at the meeting at Fernie which drew up the plan under chairmanship of W. K. McRae of Kimberley, civil defence coordinator for East Kootenay Mobile Support Area, and approval by local governments of the plan, sharing of the total $300 cost will be necessary before it continues further.

In the plan about 200 people from Kimberley, Marysville, Chapman Camp, Invermere, Creston and Fernie will be evacuated by about 50 cars which will converge on Cranbrook, where Central School will be the emergency headquarters. The evacuees will be registered there by the clerical set-up in full operation to record the necessary data and assign each to a specific billet and meal depot system.

Howard Birch, Garage Man at Cranbrook Dies

CRANBROOK — Operator of Proc's Service Station here, Howard Birch died in St. Eugene Hospital after a short illness. Funeral was Friday under Canadian Legion auspices, Rev. F. D. Wyatt officiating, and burial was in the Legion cemetery.

He was born at Taber, Alta., in 1919. He grew up in Yahk, where he engaged in garage work until his enlistment in the Canadian Army. He served overseas in the Second World War with the First Tank Brigade, and after demobilization began his residence in Cranbrook in 1947. In addition to his garage work, he was a school bus driver in Cranbrook district. He was a member of the Canadian Legion.

Surviving him are his wife, Shirley, four small children, Nada, Leanna, David and Randolph, all in Cranbrook, his mother, Mrs. H. Matson at Yahk, his father, Michael Birch, at Salmon, Idaho, and two sisters, Mrs. Don Pratt, Cranbrook, and Mrs. Leslie Lythgoe, at Yahk.

NAILS ARE SURPLUS

LONDON (CP)— The army will auction 12,000,000 horse-shoe nails —they weigh 150 tons — because there are only 900 horses and mules in the army. "These nails are surplus to requirements," said a war office official.

Ferry to Be Back In Water Monday

NAKUSP — The MV Arrow Park, government owned and operated ferry which has been under repairs in the dock here for nearly two months, was set down in the water Friday and will probably be operating again on Monday. Minor adjustments must still be made to the vessel.

The Beaton ice breaker has got lodged on ice in the Beaton channel, and there is some doubt as to whether it will be available for opening the channel for the Arrow Park.

Steel tunnels have been installed to protect the shafts of the twin propellors, an improved cooling system for the engines has gone in, and some steel plate work has also been carried out.

Freight Hits Slide Near Revelstoke

VANCOUVER (CP) — A 36-car freight train plowed into a snowslide on the Main Line of the CPR early Friday 30 miles east of Revelstoke B.C. No one was injured.

Two of the three diesel engines were derailed, and the front trucks of the third left the rails.

Auxiliary crews worked throughout the night to clear the tracks of the giant slide, 550 feet long and 250 feet deep. The line is expecter to be cleared during the afternoon.

The Westbound Canadian, crack passenger train, is held east of the slide, and now is scheduled to reach Vancouver at 11:30 o'clock tonight, 14 hours late.

Scene of the slide is in mountainous country 300 miles east of here.

S. J. Cummings of Boswell, 64 Years in District, Dies

BOSWELL — Word has been received here of the death at Saughnessy Military Hospital in Vancouver of Sydney J. Cummings of Goat Creek, Boswell, a veteran of the First World War and old-timer of this district. He was in his 82nd year.

Mr. Cummings was known throughout Nelson and district. He came to Canada in 1891 with his brother, Frank, at the age of 16. He was born in Oxfordshire, England. After staying in Ontario one winter, he came to Nelson and Kootenay Lake in 1892.

He lived in Nelson for a time before settling in Boswell where he pioneered in mixed fruit growing. In his spare time he became an expert fisherman.

In the Great War he enlisted in the 27th Company, Canadian Forestry Corps, going overseas to France for two years.

He was one of the first members of the Kootenay Lake Union, which later became the Boswell and District Farmers' Institute, and was continuously a member.

He is survived by his wife, Bella; four sons, Frank, Raymond, Lloyd and Arnold, and two daughters, Mary and Ruth. His son Lloyd of Vancouver will accompany the casket to Boswell where funeral service will be held in the Memorial Hall and interment will take place in the local cemetery.

Nine Nakusp Scouts To Go to Victoria

NAKUSP — The Scout group committee has made arrangements to send nine of Nakusp's 10 Scouts eligible for Queen Scout certificates to be presented at Government House in Victoria in April.

Those going to the investitute are Denis Stanley, Bob West, Wayne Highland, Wayne Gardner, David Horrey, Brian Moseley, Bill Robison, Bill McMullen and Doug Baird.

EQUINE GUESTS

LYTCHETT MATRAVERS, England (CP)—Chief guests at a party in this Dorset town were horses. The celebration was in honor of Rosina Copper, 40-year-old horse which has won more than 100 show prizes.

HAPPY STATE

FERRING, England (CP) — Officials of this Sussex village decided not to levy any rates next year. They say their bank balance is large enough to cover estimated expenses.

Old Equipment Cripples Hospital Efficiency

The difficulties attendant upon government participation and local administration are well illustrated by the report of the hospital board, which states that the hospital is now under the handicap of working with worn-out equipment as well as in working in an obsolete building.

Apart from the necessity of a satisfactory hospital plant, the efficient working of a hospital depends on two factors, the quality of its personnel and the sufficiency and quality of its equipment. Even with a satisfactory personnel there is a loss of efficiency where the equipment is not up to a satisfactory standard.

Equipment covers a wide range of articles from iron lungs to bedside lamps. Some are used directly in the treatment of patients, others contribute to their comfort and speedy recovery, while others facilitate the work of the staff. All are important.

Working as they do on a 24-hour basis, it is obvious that the hospitals' equipment will need constant repair and replacement. Unfortunately hospitals find it difficult to live within their prescribed budgets, and in order to effect economies are apt to continue to use equipment which is past its usefulness or do without that which is unusable. This is economy for the moment, and as time goes on it renders a hospital more difficult to operate. It the end this false economy develops an acute need which cannot be denied.

Such an acute situation has arisen in Kootenay Lake General Hospital. Reports show that, among other things, mattresses, wash basins and a new stove for the diet kitchen are badly needed, as well as many smaller things which make for better living for the patients. The hospital is in no position to purchase these things from the funds available, and it is suggested that service clubs and other organizations should undertake to provide some of the badly needed equipment.

This is a plea which is not likely to fall on deaf ears, since such organizations have an excellent record in providing for the needs of the hospital. The new hospital will need new equipment, but any which is contributed now can be transferred when the new one comes into use.

At the time it seems unfortunate that there should be years of dealing with outworn and insufficient equipment and then a year of heavy outlay to compensate for the neglect. Some method should be arrived at to budget for probable repairs and replacement either with the co-operation of BCHIS or through the assistance of the general public.

General Looks Ahead

(Windsor Star)

Realizing that a surprise attack could also involve many surprise weapons and missiles, General F. F. Worthington, C.B., M.C., and bar, is trying to think ahead to vision what might come next in the way of warfare. As chief co-ordinator for civil defence in Canada, the general who worked his way up from the ranks in two wars is trying to impress on people that it is better to be prepared ahead of time, not to be waiting to put on sackcloth and ashes afterward.

It was General Worthington who trained Canada's tank squadrons for World War II. Seeing tanks in World War I, he caught the realization of the power the tank would be in another war. He was thinking ahead of his time and doing his best to be ready.

In the same way, the general hopes every town and city in Canada will appreciate civil defence men and women are not cranks or crackpots, but earnest people anxiously by a surprise attack.
hoping they will not be caught unprepared

Restraint Needed

Estimates tabled by Hon. Walter E. Harris, Minister of Finance, seem to preclude much in the way of tax cuts. When supplementaries are added in later, the total will approach $5 billions, not far off the peak of wartime spending.

There are two factors which cannot be ignored when considering this large amount. One is that we are to spend $1,775,000,000 on defense If it were possible, with safety, to reduce this sum substantially, one can see how much taxes could be cut.

The second is that Canada's population is increasing rapidly, by 27 per cent in the past 10 years. This automatically means an increase in government expenditures of various kinds, those which are related to the size of population. This, however, is no cause for concern. These extra people assist in carrying the load of taxation.

Mr. Harris has a word of advice, however. He urges business men not to overburden the government with demands. Everyone with experience in Ottawa knows that business and industrial groups and individuals constantly are after the government for concessions which either would increase costs of government or reduce its revenues. These, as all other groups in Canada, need to exercise restraint.—Windsor Star.

Mixing Metaphors

England should be grateful to Sir Vincent Tewson for an example of what today seems to be almost a lost art—mixing of metaphors.

"People," he said recently, "come to us to save their bacon when baby has already gone down with the bath water." Usually when a modern speaker makes a statement like that he hastens to add: "If I may be allowed to mix my metaphors." There is seldom the carefree, unconscious metaphorical mixtures which used to flow so freely from the lips and pens of our fathers. We miss such gorgeous English as this:

"Meanwhile the bureaucracy is spread-eagled on the horns of a rudderless dilemma, rushing hither, thither and whither, and leaving no stone unturned in a desperate effort to find green pastures in the valley of the moon."

And we recall with nostalgic regret the time when the London Morning Post could solemnly congratulate its readers upon having stripped off Cobbett's mask and discovered his cloven hoof—adding that it was high time to give the hydrahead of fiction a rap over the knuckles.

—Manchester Guardian.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. QUESTIONS WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

Student, Nelson—Can you please tell me how old a student must be to become a swimming instructor? Also, where can one go to get the qualifications needed for this, how long would instructions last, and how much would training cost? Where would one find out what qualifications would be needed to teach in Hawaii?

The age in Nelson for a swimming instructor, or assistant, is 16; age varies in different towns. The Red Cross holds a swimming training school in Trail yearly. It is a four-day course and students have to pass examinations when course ends. There is no charge. There is a possibility the Red Cross may give courses here in Nelson this year but arrangements have not yet been made. For information regarding Hawaii, write to the U.S. Consul, 355 Marine Building, Burrard Street, Vancouver, B.C.

"Reader", Salmo—Please inform us if the winner of a jackpot, awarded by maker of certain products, would have to pay income tax on amount received?

We have been told this would be tax-free.

F. C., Trail—Would you please tell me what should be done to change one's name? What would this cost, and also if issued a copy of a birth certificate after name has been changed, will new name be on it?

You must apply to Director of Vital Statistics, Parliament Buildings, Victoria, B.C., for information on change of name under the Change of Name Act. It is difficult to give costs as there are several small expenses to be taken into consideration — such as advertising application in local paper that circulates in district where applicant is resident; also advertising in the B.C. Gazette, and certain registration fees. Regarding birth certificate: Notations regarding change of name are made on original registration of birth.

Interested, Nelson—Last year a question was asked regarding entering twin girls in a Queen contest. Can you tell me if it would be possible or not to enter twins in a contest?

We have been informed it would be permissible in the Nelson Bonspiel but we have no information regarding whether the girls—if they won the contest—could go on to the PNE at the Coast.

Real Merger Issues

Municipalities concerned over amalgamation can grasp the relative smallness of their problems by making comparisons with India. Over there an attempt to make Bombay a separate state led to prolonged rioting. Yet Bombay represents only one of the lesser changes proposed for the map of India.

Present plans, a compromise, aim at consolidation of the country's 27 states into five—North, East, West, South and Central. One of them would be formed by amalgamating West Bengal and Bihar. Its population, 65,000,000, would exceed that of all but a few of the world's existing nations.

The other four states, of necessity, would be as great or greater. And from this one can get an inkling of the influence a "state's rights" issue would wield at the federal capital of New Delhi, under that setup.

The polyglot nature of those states, in a land having 10 major languages and hundreds of dialects, is easily imagined. In such confusion dissident elements must sometimes wonder what they're rioting about; but as that doesn't stop them, it simply adds to the tribulations of the federal authority.

—Windsor Star.

Watch Your Language

INDUCT (in-DUKT) — Verb transitive: To introduce, as into an office; install; specifically to introduce ceremonially into a benefice; to bring in; introduce, hence, initiate. Origin: Latin—Inductus, past participle of Inducere.

It's Been Said

Pray to God at the beginning of all thy works, that so thou mayest bring them all to a good ending.—Xenophon.

Your Individual HOROSCOPE

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

For Sunday, March 4, 1956

MARCH 21 to APRIL 20 (Aries) — Sun, Mercury, Venus and Pluto in auspicious aspects augur for sound and delicate matters, for high mentality, spiritual benefits. Attend church if able.

APRIL 21 to MAY 21 (Taurus) — Varied interests sponsored this Sunday. Don't be out of tune with the right activities. To God give His due, and bless the day you can pay homage to Him.

MAY 22 to JUNE 21 (Gemini) — An activating, helpful day but YOU must be mindful of duty to rightful activities. Sunday asks prayer, devotion to God's wishes; attention to family.

JUNE 22 to JULY 23 (Cancer) — We usually find blessings more numerous and happier inner contentment when we first and steadily attend to our spiritual needs. Join family in church, at healthy relaxation or due work.

JULY 24 to AUGUST 23 (Leo) — Can be an interesting, progressive day, especially favorable to your interests, with your capable help. Don't neglect family and spiritual needs, nor slight personal affairs.

AUGUST 24 to SEPTEMBER 23 (Virgo) — A happy outlook with vigor and stimulus in the air. Not necessary to indulge exciting activities but you can enjoy this day of rest.

SEPTEMBER 24 to OCTOBER 23 (Libra) — You, too, have encouragement, incentive to gain now. Necessary duties, even extra tasks can be pleasant and profitable. First, your church services, of course.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — Take things a lot easier, don't try to do too much for too many. Your energy is great, as is your will power. But you can tire, too. And so observe this essentially as a day of rest and worship.

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — Note Scorpio today, your aspects advise similar care of health, nerves particularly, to avoid strain which will unfit you for the work, duties you must perform.

DECEMBER 22 to JANUARY 20 (Capricorn) — No matter how excited others may get about an interest or project (or the lack of it), you remain calm or all may turn to confusion and ill-advised solutions. A day for thought.

JANUARY 21 to FEBRUARY 19 (Aquarius) — And you, like Scorpio and Sagittarius, should conserve your vitality and energies or you will spend far too much time undoing and redoing. Less tension stressed.

FEBRUARY 20 to MARCH 20 (Pisces) — Here is a day for home ingenuity and gracious living after church. Take interest in youngsters' affairs.

YOU BORN TODAY: A versatile and emotional Sign. Control emotions rightly, develop your versatility, then put consistency behind efforts daily, and you will go far. Your personality pleases, you get along with others well because you do not voice all the fault you find with them; you know the value of silence. Direct your imagination and idealism carefully; curb self-depreciation and fussiness. Birthdate of: General Casimir Pulaski (Polish), noted in American Revolutonary War; Sir Henry Raeburn, portrait painter.

Tupper Report Has Effect in Los Angeles

VANCOUVER (CP) — The Sun says Walter H. Mulligan, former Vancouver police chief, is being sought throughout the United States because of allegations be accepted bribes here.

"Search for Mulligan got under way after the report of R. H. Tupper, royal commissioner, was released in Victoria. Mr. Tupper found that Mulligan had accepted bribes," said the Sun.

"The announcement that Mulligan is being sought was made by Albert Del Guercio, district immigration officer in Los Angeles."

Earlier it was reported U.S. immigration officers wanted to question Mulligan because he had failed to register as an alien before Jan. 30 as required by law.

Mulligan entered the United States more than a month ago after he had been fired as chief constable, and was reported to have gone to Los Angeles as a landed immigrant.

On Good Citizenship

. . . F. B. Pearce

There is a movement on foot to have the mayor designate an individual each year as the city's best citizen. This is an excellent idea and I am entirely in agreement with it and as I know all the best citizens I am in a position to offer invaluable help in the selection. Not that I expect my selections to be greeted with rapturous applause by the council, despite that my candidate for the honor is a man who has spent many years in the district and has contributed largely to the education of the young through the indirect means of copious and frequent purchases of spirituous liquor. He is an outstanding member and well known around town.

But this annual award should have a salutory effect on many of our senior citizens. No longer will they be allowed to go around in "that old hat" but will be constantly admonished to bear in mind the dictates of good taste and to remember that they might be considered as a candidate for the best citizen of the year award. This, of course, will no doubt result in increased sartorial elegance among men but to a lesser degree than among women. Clothes, as every man knows, break a man but make a woman. Since every woman knows instinctively that she is potentially a contender for the honor, she would deem it more than necessary to dress for the part. Nelson's expanding economy should see a remarkable increase in the purchase of Easter bonnets.

MORE COURTESY?

Since much will depend upon the personal popularity of the competitor there should be a great improvement in manners. No longer will we receive curt notices saying "Please remit," but gentle intimations that doubtless we have forgotten that we have owed a bill for the last 12 months.

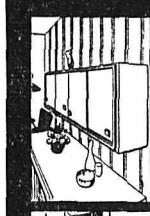
But this courting of popularity has its drawbacks. Not far away is a store which has a box in which the customers are invited to place ballots for the clerk they think is the most courteous. Before this was instituted it was a pleasure to go into that store. If a pretty woman smiled and made cheerful conversation while wrestling with the groceries you could lay it to your personal charm. Now, when you dump your stuff on the counter and she smiles at you, doubts arise. Is she smiling because she likes the look of your open manly countenance or does she do it because she wants your vote? In such stuff are the seeds of suspicion sown.

I see that in one place a teacher was designated the best citizen of the year. This is entirely wrong. This should be an amateur award and teachers are professional good citizens, poor things. They have to set a conscious example of rectitude and sobriety of conduct and, if they are like "the terrible Miss Dove", fear sticks to the children even when they are grown up. Great as Winston Churchill was, he still said "Sir" to the headmaster of his old school. At that, most of us still polish the apple for teacher long after school days are done.

Of course, the community is full of good citizens, many of whom are unrecognized, but it is as well to choose one each year who has shown good citizenship, if only for the purpose of emphasizing the importance of such people to our way of life. Democracy depends so much on the unselfish work of people whose only reward is the satisfaction of a job well done.

HAMMER-AND-SAW HOBBYISTS! improve your home 10 NEW WAYS-free SYLVAPLY plans make it easier than ever!

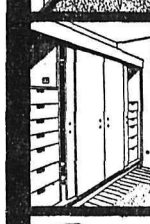
Peter Whittall, Canada's Mr. Do-it-yourself, gives you step-by-step directions how to make attractive units planned for you by designer Fred Hollingsworth.



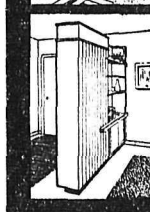
Cabinets & Shelving
Plan No. 120. A neat system of shelving — open or with doors—for living room walls, children's room or anywhere in the home.

Counter Height Built-in Cabinets
Plan No. 121. Modern design with cupboards and drawers for dining buffet, den, or any room where counter height storage is needed.

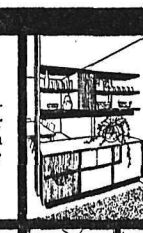
Wall to Wall Vanity
Plan No. 122. Another popular "built-in" easily made in units and installed. Banks of drawers and cupboards flank neat fold-away vanity.



Master-Bedroom Storage Wall
Plan No. 123. One end of the bedroom becomes a generous Mr. and Mrs. wardrobe with sliding doors and lots of drawers.

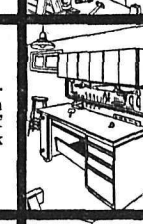


Living Room Entry Divider
Plan No. 124. This unit takes up only a 12 inch strip of floor space — has closet on entry side, shelving and storage on living room side.

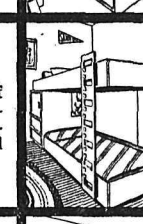


Dining-Living Room Divider
Plan No. 125. Storage buffet with pass-through space and open shelving over, designed specially for open plan dining-living room division.

Panelling and Extra Rooms
Folder No. 126. How to build attic or basement rooms, with panelling ideas for all through the home.



Work Bench & Cabinets
Plan No. 127. A sturdy work center for the home carpenter, so well designed you will want to paint it and make it a recreation room feature.



Bunk Beds
Plan No. 128. One of the most unique and attractive double bunks with storage ever designed—it's so easy to build. No springs required.

Modern Kitchen Cabinets
Booklet No. 113. Reprinted by popular demand! From a single cupboard to a bright new kitchen—16-page book tells you how to make kitchen cabinets in simple units.

Do it yourself or have it done—you save either way with

• • •

Miss Ann Confortin, formerly of Vancouver, has joined the nursing staff of Kootenay Lake General Hospital.

• • •

An ex-resident of Nelson, Mrs. M. McRae of Vancouver is visiting her brother and sister-in-law, Mr. and Mrs. J. Alexander, McQuarrie Avenue en route home after a visit in Fairfield, Connecticut, with her son-in-law and daughter, Mr. and Mrs. John Kaminski.

• • •

C. H. Lomax, North Shore, has been discharged from Kootenay Lake General Hospital.

• • •

Mr. and Mrs. MacLeod White of Elsa, Y.T., were the guests of Mr. White's brother and sister-in-law, Mr. and Mrs. Clyde B. White, Willow Point.

Recipes . . .

Bacon Entrees Fine For Lunches, Suppers

By MARGARET CARR

Though sliced bacon is famed as a breakfast meat and well known as a sandwich filling, vegetable seasoner and meat loaf topper, its possibilities as the main course for supper are too often overlooked. The savory goodness of quick-cooked bacon is a real appetite satisfier and an excellent budget stretcher.

There are plenty of tempting ways to serve sliced bacon for lunch, supper or dinner, and the ideas are limited only by the cook's imagination. Here's a trio of bacon entrees that might serve equally well for luncheon or for supper.

The first combines crisp brilled bacon with corn stuffed green peppers and buttery beet balls.

BACON AND VEGETABLE SUPPER FOR FOUR

Broiled Bacon: Arrange 16 to 20 slices of bacon on rack and boil 3 inches below heat source, 2 to 3 minutes a side, turning once. Serve immediately with corn stuffed green peppers and buttery beat balls.

Corn Stuffed Green Peppers: Spoon canned whole kernel corn into green peppers, cut into lengthwise halves and heat in a moderate oven (350 deg. F.) until peppers are cooked and corn is heated through, 25 to 30 minutes.

Buttery Beet Balls: Use small whole freshly cooked beets or canned beets and saute in melted butter, seasoned with a dash of nutmeg, until hot and buttery.

BACON SAUCE DEVILLED EGGS

½ pound bacon
1 tbsp. flour
½ cup milk
¼ tsp. pepper
8 devilled egg halves
6 bacon curls.

Place bacon in frying pan and cook over low heat. Separate the slices as they begin to cook so that each piece is flat in the pan. Turn slices often. When browned uniformly, drain on absorbent paper. Remove all but two tbsps. drippings from frying pan. Blend the flour into fat in frying pan; gradually add milk, stirring until thickened and smooth. Stir in pepper and salt to taste and crumbled bacon. Turn sauce into heat-proof platter or casserole, arrange egg halves in sauce, and bake at 350 deg. F. 15 or 20 minutes or until eggs are heated through. Serve garnished with bacon curls. To make bacon curls, pan-fry bacon as usual but before it is thoroughly cooked, roll each slice around the tines of a fork and stand on ends to crisp. Drain before serving.

"BACONIZED" MACARONI AND CHEESE

½ lb. bacon.
2 tbsps. flour
2 cups milk
½ tsp. salt
2 cups grated sharp cheese
1 8-oz. package macaroni, freshly cooked.
Cooked bacon for garnish.

Pan-fry, broil or bake bacon until crisp. Drain on absorbent paper. Remove all but two tablespoons fat from frying pan, then blend in flour; gradually add the milk, stirring until thickened and smooth. Add salt and grated cheese and cook, stirring until cheese is melted and blended into sauce. Arrange hot macaroni, cheese sauce and crumbled bacon in alternate layers in 1½-quart casserole. Bake at 375 deg. F. until top is lightly browned, 10 to 15 minutes. Garnish with cooked bacon and serve at once. Makes six servings.

Engagements

Mr. and Mrs. W. S. Henderson of New Denver, B. C., announce the engagement of her daughter, Elizabeth Anne Teir to Walter Gerald Wilson of Kelowna. The wedding will take place Saturday, March 31, 1956, at 2:30 p.m. in St. Paul's - Trinity United Church, Nelson, B. C., with Rev. A. R. T. Dixon officiating.

• • •

Mr. and Mrs. A. H. Hutson, 4049 West 27th Avenue, Vancouver, B. C., announce the engagement of their eldest daughter, Patricia Mary, to Mr. Joseph Stewart Temple Bourque, younger son of Dr. and Mrs. T. H. Bourque, 1004 Stanley Street, Nelson, the wedding to take place at Our Lady of Perpetual Help Church, Vancouver, on April 2, Rev. Father Tedlock officiating.

Boswell Notes

BOSWELL — John Wilson has returned to his home, after a short stay in Creston Valley Hospital, where he was a patient after an accident on the icy roads. In falling, Mr. Wilson sustained a broken nose, bruises, and suffered considerable shock.

Mrs. Paul O'Sullivan has returned after spending a holiday visiting relatives in Winnipeg, Saskatoon, Edmonton and in the United States.

Mr. E. West of Sanca, is the guest of Mr. and Mrs. Dunc Macfarlen.

BUSY WRITER

LONDON (CP) — Wally Reyburn, who writes a daily column of United Kingdom news for the Toronto Telegram, says he has sold two novels in the last six months, has a third in the publisher's hands and is 15,000 words in his fourth. Reyburn, born in New Zealand, has worked for newspapers and magazines in Canada.

VISITOR TO NELSON recently, Mrs. F. G. Solloway, above, has left for air trip back to her home in Sydney, Australia, after spending some time with her son-in-law and daughter, Mr. and Mrs. J. G. Allan, North Shore. The first white child born in Moyie, Mrs. Solloway attended school in Nelson in early days.—Daily News photo.

OTTAWA WOMAN GIVES AWAY ALL HER POT PLANTS

By CAROLYN WILLETT
Canadian Press Staff Writer

OTTAWA (CP) — The last four winters an 82-year-old Ottawa woman has been giving away lovely blossoms to friends and strangers alike.

Mrs. Irene Byers says she has no idea how many bulbs have grown and bloomed in her home nursary. But she does know "I've never sold a plant in all my life."

Mrs. Byers, who claims both English and Irish ancestory but leaves no one guessing about the Irish, chuckled and admitted she always gives her plants away.

"I get the good of them as they grow along," she explained during an interview in her small home living room.

She keeps a bit of ivy in this room; also catnip grown for her two cats, a Maltese called "Mrs. Pooze" and a chap of doubtful pedigree named "Smokey."

The room's only other vegetation was double-daffodil bulbs planted in stones and water in a dish, and these were a mistake.

"Should have been paper-white bulbs; the store got the tags mixed," said Mrs. Byers anxiously.

Down in her basement were 25 more bulbs in the chilly stage of growing.

She grows several varieties — hyacinths, delicate paper-whites, double yellow deffodils, double tulips, sometimes single rose-purple tulips, and crocuses.

Until last fall, when she was injured in a car accident, Mrs. Byers had another keen interest—singing in a church and a city choir. She sang in the Ottawa Choral Union's annual presentation of Handel's Messiah for 12 years.

Pointing to an antique rocking chair, Mrs. Byers said she's been thinking of "just sitting back and being an old woman."

"But I just never get time," she added.

Wynndel Notes

WYNNDEL — Gus Steiner of Frankin, Man., was a guest of his uncle, Otto Steiner, en route home from a visit with his parents at Chilliwack.

The home of Mr. and Mrs. J. W. Abbott was the scene of a happy gathering on the occasion of the 45th wedding anniversary of Mr. and Mrs. J. G. Abbott.

Following a family get-together, neighbors gave them a surprise party. H. F. Packman, celebrating his birthday, made a presentaton of an electric clock and scatter rug to the honored guests.

Grades 5 and 6 held a surprise party after school for their teacher D. Fawcett on his birthday. A presentation of cuff links and tie clasp was made.

The Women's Institute sponsored a bridge and crib party with 13 tables in play. Winners in the bridge were Mr. and Mrs. P. Fainor of Creston, and consolation, Mrs. S. Mosley and W. Cooper. Winner of the crib was Mrs. B. Maddison and consolation, A. Fletcher.

For Parents . . .

Parents May Helps to Make Child Selfish

By Dr. Garry Cleveland Myers

You and I were born selfish. Any unselfish ways or traits we might now have, we have learned.

Our selfish traits have helped in our self-preservation, but their gradual change toward unselfishness have enabled us to live more happily and usefully with others.

From the time the baby can reach for things, we parents constantly struggle to make him less selfish. We try to curb his urge to seize and appropriate others' things, teach him to wait and share and try, constantly, to help him respect the possessions, rights and feelings of others.

DEFEAT OWN PURPOSES

But often we defeat our own purposes.

From his early years, we are inclined to let him have or do what we know is not good for him. Ministering to his needs, we also cater to his whims and unnecessary wishes and cause them to grow. We often let him have his way to make it easier for ourselves. Thus, we may reward him for crying, doing or saying ugly things, even for tantrums, in order to protect our own selfish selves.

We often buy the tot or older child more things or give him more money than he should have. This builds up more wants and demands in him. We do this under the guise of being kind and unselfish toward him, when we ourselves have never been more selfish.

MAKE SACRIFICES

We readily go without dessert in order to let the child have a second. We stay home nights in order to let the adolescent son or daughter have the family car.

How many mothers wear an outmoded coat so that daughters can have new ones? If it is a choice between a hairdo for the mother or the daughter, the daughter usually gets it. Who launders, presses and repairs the clothes of the average high school son or daughter? Mother does.

WITHOUT HELP

The average mother does her own housework with little or no help from the children. She thinks it is easier to do it than to train them to help her. The mother mistakenly imagines she is proving herself very unselfish toward her children.

Many parents are puzzled because a child toward whom they have been so unselfish, is so selfish himself. They should know that the child who is winning self-gratification from his parents' unselfishness is being trained to grow more and more selfish.

Hope for Lost Man Almost Abandoned

LILLOOET (CP) — Hope has all but been abandoned for the safety of Angus McDonald, 36, of Big Bar, lost for three weeks in the interior wilderness, RCMP said Friday.

A 15-man search party headed E. J. Reynolds, a big game hunter and step-father of the missing man, has been searching since Monday in the Pavilion area 110 miles northeast of Vancouver.

The search started when McDonald's saddle horse showed up minus its saddle at a ranch near Pavilion.

The missing man was last seen Feb. 12 when he left his grandmother's home in Big Bar. He told no one where he was going.

Business Spotlight . . .

Russia's Wheat Order Will Bring Big Business to Vancouver Docks

VANCOUVER (CP) — This ice-free, deepsea port can more than handle Russia's new $60,000,000, three-year wheat order, shipping officials said here Thursday.

Capt. B. D. L. Johnson, port manager, told reporters "there should be no difficulty" in handling the new deal—estimated at more than 16,000,000 bushels a year—through Vancouver alone.

Ottawa dispatches said almost all the grain sold to Russia would go through west coast ports "if facilities can handle the load."

At present, 95 per cent of all British Columbia's deepsea wheat shipments leave from Vancouver.

In 1955, 1126 ship arrivals were recorded here, with 437 at New Westminster, 392 at Victoria and 240 at Chemainus, picking up all types of cargoes.

"Theoretically, Vancouver can handle 16,000,000 bushels a month," Capt. Johnson said, "and now is handling 9,000,000." The new order, if shipped entirely through Vancouver, would raise the figure to only 11,000,000 bushels, he said.

Last year shipments through Vancouver and New Westminster combined amounted to less than 100,000,000 bushels.

MEAN EXTRA SHIPS

William Sankey, secretary of the Vancouver Merchants' Exchange, said the Russian order would mean an extra 40 ships a year calling here for the next three years.

"It's too early yet to say where these bottoms will come from. One thing is certain—they won't be Canadian. The Canadian merchant marine is just about non-existent."

He said some of the ships coming to pick up wheat cargoes would undoubtedly bring shipments of other goods here for the Canadian market. Other ships would arrive in ballast or light after dropping cargoes at other Pacific coast Canadian or United States ports.

"Grain shipments through Vancouver have been on the decline during the last two years," one shipping spokesman said. "The increased shipments will bring us back to our record year of 1953 when 115,000,000 bushels were shipped."

Wedding Minus Groom Unites Happy Couple

CALGARY (CP) It was a beautiful wedding in picturesque Mallorca, Spain, but one thing was missing: The groom was in Calgary.

Mrs. Stanley Tokarski, the former Josefina Andrev, now in Calgary with her husband, a geophysicist, explained:

"You see, we were married by proxy. It was difficult. There were hundreds of documents and certificates travelling back and forth between Spain and Canada. It took 20 months before arrangements were completed."

Finally she was married in a traditional Spanish church wedding as her uncle repeated the vows for the groom.

RIGID CUSTOMS

Mrs. Tokarski met her husband-to-be when he visited Spain two years ago. She was a hotel receptionist. But the path of true love was not too smooth. Rigid Spanish customs allowed the pair to be alone for only one morning while he was in Spain, she said. Duennas no longer are common in Spain, but there is always a chaperone on hand.

Her first impressions of Calgary were favorable. In Spain, she said, only the wealthy have refrigeators and electric appliances. She is impressed also with modern furniture in Canada.

Ready-made clothing is another novelty to her. In Spain, she said, "we never buy anything ready-made. Spanish women do not like that. We select our own material and tailors make it according to our design."

Leader Fears Yearly Raise

VANCOUVER (CP) — To survive in the future business world, unions cannot restrict themselves to a fight for higher wages, shorter working weeks and better conditions, says a veteran North American labor leader.

John P. Burke, president of the International Brotherhood of Pulp, Sulphite and Paper Mill Workers (AFL-TLC) for 39 years, told the annual labor-management conference here unions must be a constructive force in the community.

"The union which is able to survive and hold the loyalty of its members if the day comes when it can no longer get yearly wage increases is the one that educates."

Mr. Burke said he could see no end to the yearly round of wage increases and other benefits which are being granted.

To be a constructive force, unions must learn to give as well as take, he said, and union members must realize that their success is bound closely to the companies for which they work.

Harmac pulp division workers from Nanaimo won the annual first aid competition trophy awarded at the meeting. The province's top safety team is made up of J. Hunter, J. Wilson, E. R. Stevens, team coach; A. Oliver, team captain; J. Taylor and D. Grondlund.

Top Safety Awards Presented at Coast

VANCOUVER (CP) — A top safety award has been won by the Nanaimo pulp division of MacMillan & Bloedel Ltd.

The five-man team was presented watches for efficiency first aid over eight other competing teams.

The team members are coach Ernie Stevens, Captain Art Oliver, Joe Wilson, John Hunter Jim Taylor and spare Dave Gronlund.

The Crown Zellerbach team from Elk Falls won second place.

The St. Regis Paper Co. (Canada) Ltd. won the safest converter plant shield for the fourth year in succession.

The best safety slogan — "Safety Rules Are Your Tools" — was written by Lon Whalen, a staff artist at Ocean Falls.

The awards were presented by Clifford Crispin, vice-president of MacMillan & Bloedel Ltd. at the sixth annual labor-management safety conference of the pulp and paper industry.

"Strong-Liquor Man" Not What One Suspects

CALGARY (CP)—The Dictionary of Occupational Titles lists more than 12,000 job classifications. It is a standard reference book in all National Employment Service offices.

Jobs listed are described in detail, from the "strong liquor man" to a "pea pusher" or "anti-squeak man." Through its coding system, the employment service knows immediately whether it is fresh out of "anti-squeak men."

The "strong liquor man" is not a fellow who likes his drinks straight. He pumps caustic soda, carbonate of potash and other chemical solutions to processing departments.

The "pea pusher" is someone who pushes unshelled peas along a chute with a long-handled rake in a canning factory.

The "anti-squeak man" brushes melted paraffin on a shoe outsole—to prevent squeaking.

S. J. Purdy, NES assistant manager in Calgary, says that, aided by the book, officials can fit a man or woman to the job he or she is qualified for.

"We can fit a square peg in a square hole, which suits the man, the employer, and us," he said.

Simpsons Ltd. Net Profit Higher

TORONTO (CP) — Simpsons Ltd. had net profit in the year ended Jan. 4 of $3,032,183 compared with $2,537,162 in the preceding year.

In addition a profit of $209,391 was made from sale of shares held in the employees' stock purchase plan, compared with $20,531, to bring earnings to $3,240,574 compared with $2,857,693.

Simpsons-Sears Ltd., in which Simpsons has an equal share with Sears, Roebuck and Company, had net loss of $2,445,351 compared with loss of $535,904 in the preceding year.

The Simpsons-Sears loss, the Simpsons' statement said, was due in large measure to non-recurring expenses in connection with new development.

Awarded $17,332 For Freak Accident

VANCOUVER (CP) — A B.C. supreme court jury has awarded a service station operator $17,332 in his damage suit against the city of Vancouver following a freak traffic accident July 22, 1953

Raymond Selzler had sued the city for $20,389 for a skull fracture and other head injuries suffered when a piece of angle iron protruding from a bridge pierced a car in which Selzler was a passenger.

The jury found the city 85 per cent negligent.

SPORTS

Here's John Speaking on SHORT SPORT

After their spine-tingling 2-1 victory over Trail Smoke Eaters in Civic Arena Thursday night, Nelson Maple Leafs were a completely different aggregation from the one which dropped the first two games of the best-of-seven Western International Hockey League semi-final series by lop-sided margins.

Leafs' victory was only enough to slice Smokies' margin to 2-1 in games but the attitude of the team in the dressing room indicated that perhaps the slump has been at least bent, if not broken. We hope so.

Consensus among fans leaving the arena after the game was that Leafs were fortunate to emerge with their lives, let alone victory. They were. But they would have won easily if the Trail goal posts did not appear to move into position to block at least three dangerous Nelson attacks.

Smokies, too, were victimized by the goddess of good fortune. The fickle hand of fate (and there's an over-worked phrase if ever we heard one) took delight in foiling first Smokies then the Leafs and then Smokies again.

The game was important. Of that there is little doubt. But it was so close as to literally forbid acknowledgement of changing trends. Leafs played well enough to win, but they also played poorly enough to lose at times.

FEW LEAF MISTAKES

Smokies found themselves in the same predicament. If anything, they dominated play in the last 30 minutes by an even larger margin than Leafs did in the first half-hour. Leafs made few mistakes at important points, and they were fortunate in that respect.

This writer believes whichever team scores the first goal will emerge victorious. Not only will they "emerge victorious", but they will win, triumph, or prevail, whichever word happens to hit the fancy of the reader.

Trail's offensive, a tremendously potent operation, seems, however, to be confined to a very few players. Gerry Penner, Norm Lenardon, Bobby Kromm, and of course, Mike Shabaga, seem to take special delight in bewildering the Leaf defence.

That those four high-powered scorers were held scoreless on Thursday night is a credit to the entire Leaf squad. Leafs' nifty net minder, Gus Adams, robbed each of them at least twice while the defence forced them to shoot wide or flip the puck into corners more often than ever before in the series.

This observer thinks, however, that the biggest improvement of the series has been that of Leafs' forwards, who, although unable to score consistently, checked as if they knew what they were supposed to do. It was a pleasant change over their last three games.

Fights

By The Associated Press

Los Angeles—Billy (Sweetpea) Peacock, 119, Los Angeles, stopped Pimi Barajas, 118¾, Tijuana, Mexico, 4.

San Francisco — Charley Que, 183, Los Angeles, and Ben Wise, 201, Oakland, Calif., drew, 10.

Miami, Fla.—Gus Rubicini, 185, Toronto, outpointed Chester Mieszala, 160, Chicago, 10.

Liverpool, England—Dai Dower, 116, Wales, outpointed Robert Meunier, 117, France, 8.

Shelve Proposal To Control Marathon Swims

TORONTO (CP) — The Ontario government has shelved proposed legislation to control long-distance swimming in Ontario waters, it was announced.

A government spokesman said it was felt such legislation would accomplish nothing as it could not be enforced.

The proposed legislation was intended to end "wild-cat" swims across Lake Ontario.

Chesser Rink Wins Bluebell Bonspiel

RIONDEL—Sixteen rinks from the Riondel Curling Club journeyed to Nelson for the second annual "Bluebell Bonspiel", with the John Chesser rink coming out with the primary event.

Chesser took first prize by downing the Louis Salvador rink in a hard-fought battle, while Wilf Kocher took the consolation event with a victory over Pete Rollick.

Smokies, Flyers Take 3-1 Lead

Leafs Shellacked 6-1

TRAIL—Trail Smoke Eaters skated Nelson Maple Leafs into a state of physical and mental exhaustion here Friday night as they rolled to a 6-1 victory and increased their lead to 3-1 in the best of seven WIHL semi-final series.

Gerry Penner, Bobby Kromm, Morris Saplywy, Yogi Kraiger and Norm Lenardon scored for Smokies before Herb Jeffrey scored the only Leaf goal. Shortly before the final buzzer, Frank Turik scored Smokies' sixth goal.

Leafs outshot Smokies 41-31 but most of their shots were hurried or from well out, or both. Seth Martin played a tremendous 60 minutes in the Smokie net, but he was aided by shots bouncing off posts and Leafs' general ineffectiveness around the net.

Leafs have been outscored 31-9 in their last five games, including their final regular schedule game in Spokane, which they lost 13-5. Smokies won the first and second games of the series, 6-0 and 5-1, before Leafs came back Thursday night with a 2-1 victory.

Friday, Leafs were inept and the forwards, except for Vic Howe and others who skated back only occasionally, played as if it were their second last game of the season. And if they lose tonight in Civic Arena, it might well be.

SCREENED GOALS

Four Smoke Eater goals were tainted in that they deflected in off Leaf players or were partially or totally screened. Leafs' Gus Adams had little chance on any of the shots which beat him, although Kraiger's booming shot from 20 feet out ripped between his pads.

Penner's goal, which started the rout, was a back-handed screened shot from well out.

It came after Leafs had forced Martin to make several spectacular stops and Red Koehle had fulfilled his once a game feat of whacking a shot off the goal post in the first period.

Don (Bozo) McGregor, who played perhaps his second best game in some time, was the unfortunate goat of the second goal. Skating at top speed to cover Bob Kromm, who had broken in with Mike Shabaga, McGregor intercepted the pass, but it deflected in off his stick.

SMOKIES GOT BREAKS

As they have done in every game of the series, during which they have held a lead, Smokies played kitty-by-the-door for the second and third periods. They played for the breaks and got all they could ever want.

Twice Adams made fine stops on lone Smokies who were behind the Leaf defence. But he, too was not as sharp as he has been at times. Turik broke away with Penner with little more than two minutes remaining, used the speedy winger as a decoy, then attempted a pass. It either deflected off the stick of Murray Parker, which was flat on the ice, or rolled up Adams' stick.

In either case, it put the third of four necessary nails in the Leaf coffin. Final nail may be driven tonight. Jeffrey's goal was a nifty individual effort after he took a pass from Wendy Keller at his own blueline.

Herb, who hasn't been effective of late, although skating harder than at least four other Leaf forwards, scooted down the right side and fired a quick shot that found the rigging behind Martin's left shoulder. It was the only mistake Martin made all night.

LINEUPS

Nelson — Goal: Adams; defence: Lofvendahl, McGregor, Parker; forwards: Hyssop, Andrews, F. Koehle, Jeffries, R. Koehle, Howe, Appleton, Bell.

Trail — Goal: Martin; Defence: Conn, Kraiger, Hamilton; forwards: Shabaga, Kromm, Demore, Burikow, Lenardon, Saplywy, Turik, Penner.

SUMMARY

First period — 1. Trail, Penner 13:47; 2. Trail, Kromm (Shabaga, Demore) 16:46.

Penalty: Kraiger 17:45.

Second period — 3. Trail, Saplywy (Lenardon) :51; 4. Trail, Kraiger 11:32; 5. Trail, Lenardon (Saplywy, Burikow) 16:23.

Penalty: McGregor 9:17.

Third period — 6. Nelson, Jeffrey (Keller) 4:15; 7. Trail, Turik (Kromm, Penner) 18.25.

Penalties: None.

Sofiak Blanks Dynamiters

KIMBERLEY — Backed by goaltender John Sofiak, Spokane Flyers outchecked and outfought Kimberley Dynamiters to registers a 3-0 score and take a three-game to one lead in the best of seven Western International Hockey League semi-finals. Approximately 1700 fans watched Flyers score three goals within a space of three minutes playing time and from that point held the edge in holding their margin.

The game opened fast with feverish end-to-end rushes by both clubs with Dynamiters holding the edge until penalties took their toll.

Norm Larson was banished with Tom Hodges following a roughng incident and Claude Bell followed with a hooking penalty. Playing four men against three, Lorne Nadeau deflected in Jack Lancien's blueline shot to open the scoring with two seconds remaining in the first period. With both teams again at full strength, Ralph Luke on a long shot and Art Jones, racing in and deking a lone defender to finish the scoring for the night early in the second frame.

CLOSE CHECKING

From that point on the game became one of typical playoff style, both clubs missing near goals but constantly being hampered by close checking.

Gordon Andre was a pillar of strength on the Dynamiter blueline while Earl Betker, despite being scored on three times, gave a fine display. For Flyers, John Sofiak, tested severly on several occasions, closed the gate and fully earned his shutout.

Referees Terry Cavanaugh and George Cullen officiated.

Flyers outshot Dynamiters 35-29.

Both clubs meet again for their fifth game Sunday afternoon in Spokane.

LINEUPS

Kimberley, Goal, Betker; defence, Bill Jones, Craig, Andre, Lebioda; forwards, Hockley, Barre, Mellor Knippleberg Bell, McTeer, McNiven, Larson.

Spokane, Goal, Sofiak; defence, Luke, Lancien, Pasqualotto, Rozzini; forwards, Tilson, Crullo, Art Jones, Nadeau, Kubasek, Miller, Toole, Hodges.

SUMMARY

First period: 1. Spokane, Nadeau (Lancien, Kubasek) 19:48.

Penalties: Toole 4:53, McNiven 8:20, Mellor 10:47, Hodges and Larson 18:35, Bell 18:48.

Second Period: 2. Spokane, Luke (Rozzini) 1:45; 3. Spokane, Jones (Tilson, Lancien) 2:20.

Penalty: Tilson 18:46.

Third period: No scoring.

Penalties: Andre 16:16; Hodges 17:48.

Stamps Offered Penticton Training Ground

PENTICTON, B. C. (CP) — The Calgary Stampeders of the Western International Football Union have been invited to train here this spring.

Howard Patton, secretary-manager of the Penticton Board of Trade, issued the invitation in a letter to Mervin Dutton, team manager.

The letter offered adequate accommodation, a large fenced field for practice and another field with night lights and controlled admission to seat about 4500.

Patton offered the B. C. Lions as an added enticement. He said he understood the Lions will be training at Kelowna, 40 miles away, and suggested the two could engage in practice games.

In Vancouver, Phil Webb, general manager of the Lions, said his club has not yet discussed a training site for this year. The Lions trained at Kelowna last summer.

Rossland Skiers Lead At Inter-High Meet

ROSSLAND (CP) — The host team jumped into an early lead here Friday in the ninth annual inter-high school ski meet.

Led by individual stars, the Rossland high boys' and girls' teams each had leads of about three points at the end of the first day.

About 100 skiers from 15 schools in Washington, Montana, Idaho, Alberta and British Columbia are competing.

Big victory of the day was racked up by Mickey Johnson, who recently won individual and alpine combined honors in the Canadian championships.

Johnson took the giant slalom by zipping down his home hill in a time of 1:17.0, more than one second ahead of Russ Amick of Roosevelt High, Seattle. Tied for third were two other members of the strong Rossland team, Don Bertera and Dick Thorpe. A total of 63 ran the tricky Red Mountain course.

Rossland's Elizabeth Greene led a field of 32 to win the girls' giant slalom in 1:27.2, followed closely by Lorraine Hitt of Roosevelt with 1:27.4, and Ginger Edwards of Rossland with 1:32.0.

Bertera became a double winner later in the day when he loped over the finish line of the cross country course in 24:32.0. Ken Paton of Wenatchee, Wash., was less than a minute behind with 25:14.0. Third place went to Jerry Kemp of Trail.

Girls' team standings show Rossland ahead with 97.7, Bellevue, Seattle, 94.1. Roosevelt and Lincoln of Seattle, Trail and West Vancouver followed in that order.

Rossland, Trail and Calgary hold the top three spots in the boys' team followed by Whitefish, Mont.; Wenatchee, Roosevelt and Kimberley (tied); Franklin of Seattle; Leavenworth, Wash.; Revelstoke; Lincoln; Ballard, Tacoma, Wash.; West Vancouver, and Bellingham, Wash.

The tournament continues today.

Canucks Whip Hawks 3-1

CHICAGO (CP) — Bernie Geoffrion's goal midway in the final period enabled Montreal Canadiens to whip Chicago Black Hawks 3-1 in a National Hockey League battle at the Stadium here Friday night.

The league - leading Canadiens were playing cautiously in view of their already having cinched the title.

Chicago was struggling to remain in the running for the Stanley Cup playoffs, but now seem hopelessly out of contention.

All of the Canadiens' tallies came in the final period after the Hawks had taken a 1-0 lead in the second frame on Ed Sandford's goal.

Early in the final frame Henri Richard beat Chicago goalie Al Rollins on a screened shot to pull the Canadiens even. Then at the midway mark of the frame, Chicago's Glen Skov was penalized for hooking. Geoffrion tallied on a nicely-worked power play shortly after.

The Chicago goalie was out of the net when Floyd Curry grabbed passes from Jean Beliveau and Gene Talbot and eased the puck into an empty net.

Official paid attendance was 8251.

B.C. REPRESENTED BY RINK FROM KIMBERLEY . . .

First Canadian Championship Rock To Be Curled in Moncton Monday

By GERRY MARTIN
Canadian Press Staff Writer

MONCTON (CP)—Curling has come to Moncton with a bang and whether they can tell the "hack" from the "tee" everybody is talking about the Canadian championships that open Monday.

Eleven rinks, representing every province and the traditional entry from northern Ontario, will be taking part in the week long round-robin bonspiel for the curling supremacy of Canada.

But the champion Campbell rink from Saskatchewan won't be on hand for this year's play. Garnet and his brothers lost out in their provincial playoffs to Jimmy Hill of Delisle.

"CURLERS' SPECIAL"

The rinks arrive here today on the "curlers' special" to be greeted by representatives from the Atlantic provinces.

The Newfoundland rink will fly here from St. John's to join Nova Scotia, Prince Edward Island and the Moncton rink, representing New Brunswick.

The curlers will stay at a hotel across the street from the railway station, eliminating the usual parade that marks the arrival of "Canada's best" at the bonspiel site each year.

But the city will get a chance to see them when they parade to the stadium for the opening of play Monday afternoon. For the first time, the curlers will ride rather than walk to the rink. The Moncton Junior Chamber of Commerce is running this part of the program and has lined up 11 floats, each depicting some feature of the representative province.

The curlers will travel on the floats through the downtown district, then to the stadium.

ICE READY

Special ice-makers moved into the rink Wednesday and have a perfect sheet of curling ice prepared. Curling ice differs from regular skating ice in that it has a fine pebble, giving better control of the rocks.

Rinks taking part in the week-long bonspiel will be from Kimberley, B.C., skipped by Harold Jordan; Edmonton, Matt Baldwin; Delisle, Sask., Jimmy Hill; Winnipeg, Bill Walsh; Copper Cliff, Ont., Steve Kuzmaskis; Toronto, Alfie Phillips; Thetford Mines, Que., Walter Smith; Moncton, Ralph Lister; Charlottetown, Dr. Wendell MacDonald; Truro, Gerry Glinz and St. John's, Nfld., Bob Goudey.

With Stane and Besom

The following draws are scheduled for next week at Nelson Curling Club. Should there be a WIHL hockey playoff game on *any of the dates shown*, that night's draw will be played Monday March 12. The draw:

Monday, 7 p.m. — W. Gold, vs L J Maurer, C H Parrish vs H. Greenwood, W. Tickner vs E. Ramsbottom, R. Palmer vs J. M. Strachan, D. M. Sample vs F. Carmichael.

9 p.m. — E. Mason vs W. Wait, A. J. Hesse vs J. Harvey, L. G. Peerless vs H. Moore, W. Gold vs J. Grieve, J. Hingwing vs R. Bruce.

Tuesday, 7 p.m. — D. Lord vs H. Moore, D. Benedetti vs W. Gold, A. Freeman vs J. Grieve, R. Carmichael vs E. Mason.

9 p.m.—M. B. Ryalls vs R. Carmichael, H. Farenholtz vs D. M. Sample, A. Sinclair vs A. S. Lockwood, J. Hingwing vs J. Thom, H. Ronmark vs E. Ramsbottom.

Wednesday, 7 p.m. — L. G. Peerless vs D. Meakins, J. Campbell vs W. Wait, A. Ronmark vs R. Carmichael.

9 p.m. — H. Ronmark vs W. Tickner, A. S. Lockwood vs J. Thom, R. Nash vs H. Greenwood, R. Bruce vs A. Sinclair, D. Lord vs V. Davies.

Thursday, 7 p.m. — V. Davies vs D. Meakins, S. Jeffreys vs J. Grieve, E. Leeming vs D. Cathcart, J. Leeming vs R. Palmer, R. Nash vs A. Freeman.

9 p.m.—W. Stern vs D. M. Sample, L. J. Maurer vs D. Benedetti, E. Mason vs J. Campbell, W Triggs vs C. H. Parish, W. Wait vs A. Ronmark.

Friday, 7 p.m. — A. Sinclair vs J. Thom, R. Bruce vs A. S. Lockwood, H. Greenwood vs W. Triggs, E. Leeming vs H. Ronmark, M. B. Ryalls vs H. Farenholtz.

9 p.m. — J. Harvey vs J. Leeming, H. Moore vs D. Meakins, D. D. Lord vs L. G. Peerless, D. Cathcart vs E. Ramsbottom, S. Jeffreys vs W. Gold.

Saturday, 7 p.m. — J. M. Strachan vs A. J. Hesse, W. Stern vs F. Carmichael, D. Cathcart vs W. Tickner, D. Benedetti vs S. Jeffreys.

Results Friday night:
D. Cathcart 9, H. Ronmark 7.
E. Mason 4, A. Ronmark 6.
V. Davies 7, H. Moore 6.
R. Carmichael 6, J. Campbell 8.
A. J. Hesse 6, R. Palmer 10.
J. Leeming 9, J. Strachan 6;
W. Tickner 8, E. Leeming 10;
M. B. Ryalls 9, W. Stern 7;
F. Carmichael 6, H. Farenholtz 8;
W. Triggs 9, A. Freeman 6.

Charles Out Of Top 10

NEW YORK (AP) — For the first time in about 14 years, the name of Ezzard Charles, former heavyweight champion, does not appear in the first 10 rankings of Ring Magazine.

The fading 34 - year - old Cincinati veteran, 10th a month ago, was left out of the rankings released today to make room for young Harold Carter of Linden, N. J. Carter was rated ninth.

Listed as top challengers to heavyweight champion Rocky Marciano are; 1. Archie Moore; 2. Tommy Jackson; 3. Bob Baker; 4. Johnny Holman; 5. Johnny Summerlin; 6. Nino Valdes, Cuba; 7. Willie Pastrano; 8. Bob Satterfield; 9. Harold Carter; 10. Young Jack Johnson.

Coffee Pot Hot At Victoria Night Session

VICTORIA (CP) — It was a strange scene in the legislature early Friday as the night-long sitting drew to a close.

Some of the members dozed in their chairs, others were sound asleep, and some slept in nearby offices as the marathon session went through the night.

Chairman Alexander Matthew caught forty winks on the settee in Attorney-General Bonner's inner office.

Highways Minister Gaglardi snoozed in his seat with an occasional staccato snort.

Premier Bennett slouched placidly; behind him, deputy Lands and Forests Minister John F. Walker kept his eyes glued to the House clock.

Weary waitresses in the parliamentary restaurant served up gallons of black coffee to streams of tuckered-out members. They ran out of bread and switched to soda crackers and cheese.

Dawn found Frank Richter (SC Similkameen) leaning out of a window, suffering from severe stomach cramps brought on by the flu. Close by stood friends ready to carry him into the House if there was a vote.

Dr. Lorenzo Giovando (Ind.-Nanaimo and the Islands) did a brisk business supplying scores of "keep awake" tablets to fellow legislators and exhausted reporters.

Calgary Livestock

CALGARY (CP) — Trade was active on light offerings on the livestock market today. Only 440 cattle and five calves were offered up to 11 a.m. Receipts were mostly medium quality cattle with a few choice butcher steers. The remainder were mostly cows. A good clean-up for the weekend is expected.

Choice steers 16.25-17; good 15.25-16; medium 14.50-15.25; common 10-14; choice heifers 14-14.50; good 13-13.75; medium 11-12.50; common 9-10.50; good bulls 10-11; medium 9-9.75; common 7.75-8.75; canners and cutters 4.50-7.50; good bulls 11-11.50; common to medium 8-10.50.

Stocker and feeder steers were steady to strong under good demand.

Good feeder steers 13.50-15; good stock steers 13.50-14.50; common to medium 10-13.

There were no choice veal calves offered early. Common to medium veal 13-17; good butcher-weight calves weighing 350-500 lbs., 15.50-16.50.

Hogs lost 50 to 55 cents Thursday 20 A grade; good sows 11.50 liveweight. Good lambs 17-18.

Market Trends

NEW YORK (AP) — The stock market pounded ahead to a record high Friday with a strong advance led by oils.

Canadian issues were mostly higher. Aluminum Ltd. was up 3½. Canadian Pacific, Distillers Seagram, and International Nickel all added ⅜, Hudson Bay Mining and Hiram Walker both gained ¼. McIntyre lost ¼ and Dome Mines fell ⅛. Granby Mining remained unchanged.

TORONTO (CP) — A closing swirl of buying pushed prices to their best of the session on the stock exchange Friday. Industrials were trading at record level and there was strong demand for medium priced producers in the copper group. Western oils kicked forward sharply and selected uraniums were firm.

Gypsum was top industrial winner with a $4 gain at $62.50. Up a point or more were Aluminium, Abitibi, Walkers, Canadian Locomotive, Canadian Oil Companies, Foundation and Stelco.

MONTREAL (CP) — Industrial prices held some substantial gains at the close of active trading Friday on the Montreal and Canadian stock exchanges.

Aluminium climbed three points to a new high, International Nickel added ⅝ and Noranda ½ in a strong base metal group. Steels were firm.

In oils, Imperial added ⅜ and Canadian Oil ⅞ as both established new tops. Shawinigan advanced a point in the utilities to reach a new high.

LONDON (Reuters) — London stock markets Friday were steadier than at any other time during the week with sentiment helped by the overnight firmness of Wall street.

Buyers, however, continued to hold off in advance of today's gold and dollar figures.

Gilt-edged issues opened fractionally higher but reacted slightly following the treasury bill rate which was virtually unchanged. Dominion and colonial issues were a shade better in quiet trading.

Winnipeg Grain

WINNIPEG (CP) — Winnipeg grain cash prices:

Oats, No. 1 feed 78⅞.

Barley, No. 1 feed 1.05⅞.

METALS PRICES

NEW YORK (CP) — Commodity spot prices:

Lead, N. Y. 16.

Zinc, East St. Louis 13½.

Silver, N. Y., 91.

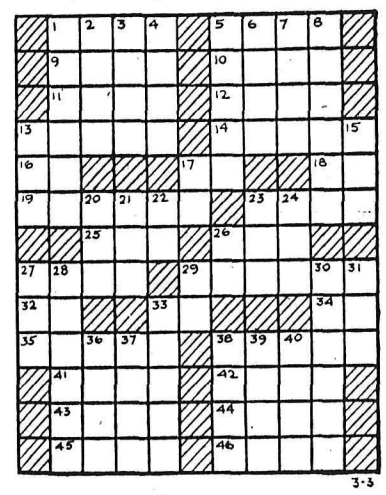
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's; X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

T C A A M H K V D T C A A - X C M T T F J H — H F I T J.

Yesterday's Cryptoquote: AS THOUGH A ROSE SHOULD SHUT, AND BE A BUD AGAIN—KEATS.

EXECUTIVE SECRETARY
BRITISH COLUMBIA
CENTENNIAL COMMITTEE
VICTORIA, B.C.

Under the direction of the B C Centennial Committee, to be responsible for the implementing of its recommendations and policies; the supervision of the work of the Centennial staff and the co-ordination and administration of all plans undertaken to provide for suitable celebrations of the Centenary in British Columbia during 1958. Duties will commence May 1st, 1956 or as soon thereafter as possible and will extend for approximately three years. This position demands good judgment, initiative, a high degree of tact in working with the public; practical experience involving administrative ability; an ability to speak fluently in public; some experience in writing articles and preparing material for distribution; an ability to assist in a program of public relations, to prepare reports of a comprehensive nature, to maintain liaison with the various sub-committees, community officials and public, semi-public and private organizations as required. Persons interested in this position should include in their applications summaries of their qualifications, experience, personal history and education as well as references and a recent photograph. Applicants are asked to state expected salary which will be commensurate with the experience and qualifications of the successful applicant. Applications should be mailed before March 24th, 1956 to the—

B C. Centennial Committee,
Parliament Buildings,
Victoria, B.C.

ATTENTION MEMBERS OF THE CANADIAN LEGION AND LADIES' AUXILIARY

Members of Canadian Legion and Ladies' Auxiliary are requested to meet at the Legion Hall Monday at 1:45 to attend the funeral of our late comrade, Findlay Settle.

CARD OF THANKS

Our most grateful thanks are extended to Dr. E. E. Tomashewsky and the nurses and staff of the Grand Forks Community Hospital for their care of Mr. Anton Lommel. Also our deep appreciation to Father Maglio, Mr. A. D. Halliday and to our neighbors and friends who sent expressions of understanding sympathy in the passing of Mr. Lommel.

The Owens and Lommel Families.

SWANSCOMBE, England (CP) —Severe cold caused 4000 bottles of soft drinks to explode while being delivered to this Kent town.

Houses Buried By Massive Idaho Slide

WALLACE, Idaho (AP) — A 10-year-old boy was killed and at least a dozen other persons injured early Friday by a massive snowslide that buried five houses in the sleeping village of nearby Mace.

The slide roared down the Burke Canyon five miles north of here and trapped residents in their beds.

Timmy Spencer, 10, was killed but his parents, Mr. and Mrs. J. Spencer and another son escaped after being buried by snow and debris.

Mr. and Mrs. Art Bell and their eight children were trapped and had to be dug out by neighbors.

The Burke Canyon has been the scene of frequent snowslides. A slide Feb. 27, 1910, killed 16 persons. A woman and her son were killed by a slide there Jan. 4, 1933 and a Feb. 11, 1949 slide did extensive damage but no one was killed.

Police said the slide Friday was a half mile long and it cascaded over some automobiles.

Deputy Sheriff Harry Rude got to the scene about a half hour after the slide.

"It was pretty well flattened down. There was snow up to the second storey of some houses," he said. "The Spencer house was lifted right off its foundation and pushed about 35 feet into a creek bed.

"Little Timmy was asleep and they found his body under his bed on the second floor."

Nearly all the men in the little community work in North Idaho mines.

STERLING RESERVES UP

LONDON (Reuters) — The sterling area's gold and dollar reserves rose by $61,000,000 in February, the treasury announced Friday. The reserves stood at $2,210,000,000 on Feb. 29.

This is the second successive month that the reserves have shown an increase.

During January, they rose by $29,000,000 to a total of $2,149,000,000.

PEEBLES MOTORS LTD.
SERVICE Department
