U.S. May Lose Out In Bid for Seat For Philippines

Britain, Canada Favor Admitting Yugoslavia; Secret Vote Taken Today

By JACK BEST
Canadian Press Staff Writer

UNITED NATIONS, N. Y. (CP) — Indications mounted Tuesday that the United States will fail in its campaign to get the Philippines elected to the Security Council.

Britain was reported to have thrown its support behind Yugoslavia's candidacy, which Russia also is backing. Voting takes place in the General Assembly Wednesday.

Voting is secret, but informed sources said Canada also will probably line up behind Yugoslavia. Canada was reported to have voted for Yugoslavia in the final two ballots last Friday, when six votes failed to produce a result.

Yugoslavia emmerged as a contender after Russia dropped its support of Communist Poland, which it originally sponsored, and got behind the Yugoslav candidacy in an effort to stop the Philippines.

TWO-YEAR TERM

The election is for the two-year, non-permanent seat being vacated by Turkey at the end of this year. Election of two other non-permanent council members, Australia and Cuba, was accomplished on Friday's first ballot.

Seasoned diplomats who made a quick count of possible votes said the American side appeared in danger of taking a beating unless a political miracle occurred. They doubted it would.

One report said U.S. officials from Secretary of State Dulles down had tried unsuccessfully to persuade Britain to get behind the Philippines.

At issue is a "gentlemen's agreement" reached in 1946 providing that eastern Europe be represented on the council. The U.S. contends the agreement was binding for only the first election, while Canada, Britain and Russia still respect it.

Premier Smallwood Wants Better Treatment for Newfoundland

ST. JOHN'S, Nfld. (CP)—Newfoundland was described as a province with growing population, changing industries, promising natural resources and a crippling lack of public services to the royal commission on Canada's economic prospects Tuesday.

A comprehensive government brief probing into Newfoundland's past and future was summarized for the commission by H. Carl Goldenberg of Montreal, legal counsel for Newfoundland.

The commission wound up its first hearing Tuesday and headed for Halifax, where the second hearing is scheduled for today.

Before the government brief was submitted Premier Joseph Smallwood told the commission Newfoundland would withdraw from confederation if her people were treated as second-class citizens. He also suggested an all-Canadian "Colombo Plan" for the Caribbean islands.

BOYS BODIES FOUND

CHICAGO (AP) — The naked, mutilated bodies of three boys were found piled in a forest ditch northwest of Chicago's city limits Tuesday.

Discovery of the ghastly crime—attributed to authorities to either a madman or a gang of older youths — set into motion the area's most widespread investigation of its kind in perhaps a quarter century.

Messy, But Unhurt

MEMPHIS, Tenn. (AP)—A construction elevator plunged nine storeys Monday—and although R. L. Reid came out of it a mess, he wasn't hurt.

Reid was taking a big wheelbarrow full of fresh cement to the top when the elevator cable snapped. He *flopped down on the soft, wet* cement; it made an effective cushion.

MASTERPIECES ON EXHIBITION

FREDERICTON (CP) — More than 100 painting masterpieces—a part of Lord Beaverbrook's collection—go on public exhibition here today at the University of New Brunswick. They will be displayed until Nov. 4.

The Canadian-born publisher and philanthropist will attend the opening ceremonies at the second public exhibition of his collection. Last year 53 paintings were shown in one wing of the Bonar Law-Bennett library. This time the entire library has been converted into an art gallery.

Particular interest has been aroused in a Graham Sutherland series of paintings of Sir Winston Churchill. The five oils will be shown for the first time. The final choice for presentation to Sir Winston on his 80th birthday by a parliamentary committee was made from the preparatory series.

One of the series portrays him in Garter robes. Another shows him in a typical pose with cigar.

ACCOUNTANT, $6000 MISSING

KELOWNA, B.C. (CP) — Police Tuesday night were looking for Frank O'Neill, 28, an assistant accountant, who left his job at the city hall Tuesday and chartered a plane to Vancouver.

RCMP said O'Neill's car was found in downtown Kelowna. In it was $41,000 worth of cheques, part of tax receipts collected by the city Monday and Tuesday.

Police said $6000 in cash was missing.

Police said the accountant left to make a regular bank deposit before noon. His absence was not noticed until several hours latre.

Ralph Hermanson, proprietor of Cariboo Air Charter, told police O'Neill chartered a plane for Vancouver shortly after 2 p.m. Sgt. Irving of the Kelowna RCMP said no warrant has been issued.

LORD ISMAY, left, secretary general of NATO, who presided at the 15-nation session at the Palais de Chaillot in Paris, confers with Gen. Pierre Billotte, French minister of defence, before calling to order a meeting to discuss development of atomic war power.—AP Wirephoto.

Two Searches [illegible]ssful; Six Missing Men Found

PRINCE RUPERT, B.C. (CP) — Six men, missing in the wilderness of northwestern British Columbia, were found safe Tuesday after two searches.

Howard Fowler, pilot from Stewart, B.C., was found with his plane at Meziadin lake. Five unidentified members of a seismographic crew were located at a tiny, snow-driven camp in the Cassiar district near Atlin.

Fowler said he ran into bad weather and sat the plane on the lake to wait it out. No anxiety was felt for him until Tuesday — "I wasn't due back until Friday."

Tuesday, he was preparing to take off for home when pilot Mike McDonagh, searching for him in a mining company plane, landed.

Dr. E. F. Morrow, who treated the five seismographic crew, said by telephone they were in good condition and would be released from hospital shortly.

Dollar Drops Close to Par

By HAROLD MORRISON
Canadian Press Staff Writer

OTTAWA (CP)—Canada's high-powered dollar, acclaimed by many as the world's strongest, Tuesday dipped closer to par than at any time in the last three years.

After a busy whirl in the world's exchange markets, it finally settled at a premium of just 3-32 of a cent over the United States dollar, down from its one-quarter cent premium at the opening.

Another round of busy trading is expected today.

The dollar, cut loose from government control in 1950, has been at a premium of between one and four cents since March, 1952 — the last time it was at par with the U.S.

As it rose, Canadian exporters complained the boost was making it tougher to compete in world markets. Foreign buyers had to pay more for Canadian goods or alternatively exporters had to reduce prices.

For importers it worked to advantage. It meant Canadian could buy for less.

DOLLAR LOWER

NEW YORK (CP) — Canadian dollar was off 7-32 of a cent at a premium of 3-32 per cent in terms of U.S. funds Tuesday. Pound sterling unchanged at $2.79⅛.

Newsprint Price Hike Protested

By The Canadian Press

St. Lawrence Corporation Tuesday announced an increase of $5 a ton to its newsprint customers, and the announcement brought an opinion of "no justification" from the Canadian Daily Newspaper Publishers Association.

Other newsprint manufacturers declined comment on St. Lawrence's action.

The increase becomes effective Nov. 1, and the new price will be $131 a ton delivered in New York where the quoted price is in United States funds.

For some time there has been a traditional difference of $4 a ton between the New York and Canadian basis prices, and since 1951 there have been concessions of up to $5 a ton granted in Ontario and Quebec. The amount has depended upon the location of the delivery place in relation to newsprint mills.

In Vancouver, M. J. Foley, president of the Powell River Co. Ltd., a large west coast newsprint manufacturing firm, said:

"The Powell River Company has been concerned for some time with rising costs of newsprint production. Every effort has been made to keep costs down, but they are continuing to increase."

Court Order Asked For Hospital Data

VANCOUVER (CP) — Officials of the Vancouver General Hospital were criticized here Tuesday for delaying the trial of five men charged with attempted murder by declining to produce the medical records of the victim.

Mr. Justice A. M. Manson instructed hospital authorities to have the medical records down to the courtroom in half an hour where a subpoena would be waiting for the documents.

The records were produced.

Charged with beating Thomas Kinna, admitted former drug addict in the CNR yards here last June are: Robert Tremblay 33, Lucien Mayer 49, Marcel Frenette 28, and James Malgren, 28, all of Montreal, and Charles Talbot, 36, of Vancouver.

Dr. E. H. Funk told the court prior to Mr. Justice Manson's order that the hospital declined to release the records without a court order.

London Puzzled . . .

Archbishop of Canterbury To Entertain Royal Family

By TOM OCHILTREE

LONDON (AP) — The unfolding romance of Princess Margaret and Group Capt. Peter Townsend slowly brings a new figure toward the centre of the stage—a clergyman of stern principle and dry wit.

Dr. Geoffrey Fisher, Archbishop of Canterbury and primate of All England, becomes a part of this scene of royal romance by the nature of his ecclesiastical office.

As the senior prelate of the Anglican Church, the archbishop must protect the rules and traditions of that Church. And one paramount fact looms above all others—the church frowns on the remarriage of divorced persons while the two parties are still alive. And Townsend, the handsome fighter pilot hero of the battle of Britain, has been divorced.

This fact could place the princess and the 68-year-old archbishop in opposite camps.

Wednesday night the 2-year-old princess and the rest of the Royal Family, including Queen Elizabeth will dine with the archbishop and all the bishops of the Church.

This meeting of the princess and the archbishop will take place in Lambeth Palace, the archbishop's red brick home across the Thames from the Houses of Parliament.

Will the romance be discussed? No one can say for certain, except possibly the princess and the archbishop and they are saying nothing.

By RONALD MACLURKIN

LONDON (Reuters) — Group Capt. Peter Townsend Tuesday called on Princess Margaret at her London home for the second time, heightening public excitement over the fabbling royal romance.

Waiting hundreds saw the 40-year-old air attache drive through the main gates of Clarence House.

A few minutes later, Queen Mother Elizabeth drove from the house with a lady in waiting. She was away only a short time and Townsend was still there when she returned.

These developments—on a day which brought the Queen back to Buckingham Palace from her Scottish vacation—left Britain more puzzled than ever over the long-rumored romance. The princess now has seen Townsend every day since she returned from Scotland five days before the Queen.

Kiernan To Seek Protection For Canada's Spuds

VICTORIA (CP) — Kenneth Kiernan, British Columbia minister of agriculture, will press for anti-dumping duties on U.S. potatoes entering the Canadian market when he attends the Dominion-provincial agriculture conference in Ottawa Dec. 6-7.

"What is required, is an amendment to anti-dumping legislation, so that when a commodity, such as potatoes, is offered in on market below the cost of production, a graduate scale of tariffs would be applied," the minister said in an interview.

At present Canadian, and particularly B.C., potato growers have little or no tariff protection. For six weeks each year, $7.50 a ton is applied to U.S. potatoes, to give Canadian growers a chance to capture some of the early market.

For the remainder of the year, U.S. potatoes enter tariff-free.

New Rail Line To Serve Mines

TORONTO — N. R. Crump, president of the Canadian Pacific Railway, accompanied by members of the Ontario cabinet, Hon. J. N. Allan, Hont. P. T. Kelly and Hon. William Nickle, will officially open the railway's new 40-mile $3,300,000 rail line into the northern Ontario mining development at Manitouwadge, tomorrow.

The line will serve Geco's copper, zinc and silver mine at Manitouwadge and the newly built townsite five miles south of the mine. Construction was started in Septemmber, 1954.

Teacher Gone Home

CAMBRIDGE, Mass. (AP)—School principal Ross Vardon, who died Sept. 29, in a will filed for probate Tuesday, ordered that the headstone of his grave be marked:

"No School Session Today
"Teacher Gone Home."

DONNA

MRS. LeGRANDEUR

"If they had taken one of my own sons, I could feel no greater sorrow," says Mrs. Leo LeGrandeur, Wexford, Ont., after the Children's Aid Society had taken Donna, a little girl whom she had cared for during the past year, to another and unknown home. She says the society gave her no warning that Donna would be taken away from her and that she would have been glad of the opportunity to adopt the girl legally. Central Press Canadian photos.

ONTARIO BORDER STAKED OUT

OTTAWA (CP) — It took 74 years and 43 federal-provincial acts and orders-in-council, but the Ontario-Manitoba boundary apparently has been settled for good.

Both provinces accepted in 1954 the last word of surveyors on their boundary, but the mines department said Tuesday that only recently did the Ontario-Manitoba boundary commission turn over its final report on the 608-mile survey to the provincial and federal governments.

The department added its own description to the case:

"The report brings to a close one of the lengthiest and most difficult provincial boundary surveys ever carried out in Canadian history."

The boundary was first described in an 1881 act setting Manitoba's eastern limits at Ontario's western border. The catch was that no one was certain where Ontario ended and Manitoba began.

Stumpage Rates On Green Lumber Price Suggested

PRINCE GEORGE, B.C. (CP)—The Northern Interior Lumbermen's Association recommended to the Sloan royal commission here Tuesday a new method of computing stumpage.

Charges now are based on the price of finished lumber. This is unrealistic, the association said. It suggested stumpage rates should be based on the price of green lumber.

Faure Wins Support For Algeria Policy

Confidence Vote 308 To 254 After Urgent Appeal Saves Gov't's Life

By HARVEY HUDSON

PARIS (AP)—Premier Edgar Faure's government won a vote of confidence Tuesday night, 308 to 254, on its program for restoring peace and beginning political reforms in Algeria.

The National Assembly's vote, coming little more than a week before the four power foreign ministers convene at Geneva, saved the life of the French government at a critical moment in international affairs.

Up to the final moment the issue was uncertain. Just before the deputies started to vote, Premier Faure appealed for support, candidly admitting the possibility his cabinet might go under after eight months in office.

The premier said he was not asking the deputies to keep him in office just because of the Geneva meeting starting Oct. 27, or because France walked out of the United Nations General Assembly on the Algerian issue.

But he added: "In asking your confidence, I ask you to approve the position taken in the United Nations by Foreign Minister Antone Pinay."

Pinay and the French delegation walked out of the UN General Assembly after that body decided to discuss Algeria. France contends the Algerian question is purely internal since the North African territory is regarded as a part of metropolitan France.

Faure observed that any French government after about a half year in office "seems to fall victim to a pernicious ailment which soon is fatal."

MARGIN A SURPRISE

The margin he won — 54 votes—was a surprise even for his most optimistic supporters.

Several deputies went to the rostrum and explained their votes. Criticizing the governments program for Algeria, they said they would support the government because this would be a bad time for a ministerial crisis.

Socialists, Communists and a number of Social Republicans (followers of Gen. Charles de Gaulle) along with part of the independent Republicans and a scattering of others had announced they would oppose the premier.

REFORMS NEEDED

Faure gave a brief resume of his proposals for Algeria and said that "we must go fast and must go very far" in instituting reforms and in working to eliminate terrorist bands.

The biggest problem, he said, is to find a method of coexistence among the million Frenchmen and eight million moslems living in Algeria.

To find a formula which might be acceptable, the premier proposed a series of conferences between now and the end of the year with representatives of all sectors of Algerian opinion.

May Export Surplus Butter

EDMONTON (CP) — Possible export of 10,000,000 pounds of surplus Canadian butter to Europe is under consideration, Agriculture Minister Gardiner said Tuesday in an interview.

However, he said on his arrival here, he is unable at present to disclose the price or to whom the butter will be sold. It was purchased at 58 cents a pound under the federal government's butter stockpile policy.

Commenting on the butter situation in Canada, Mr. Gardiner said: "There is no surplus other than the 10,000,000 pounds we may export."

In Ottawa it was recalled the federal government has been considering several offers to buy surplus Canadian butter for export. The offer developed some months ago, shortly after Canada sold 300,000 pounds to Communist Czechoslovakia at a loss of about 27 cents a pound.

Officials declined to name the countries involved but it appeared likely that some of the butter, if exported, would find its way behind the Iron Curtain.

Judge Calder of Cariboo Dies, 87

VANCOUVER (CP) — Judge Fred Calder, a member of the county court in the Cariboo for 33 years, died Monday in New Westminster. He was 87.

He was born at West Bay, Cape Breton, P.E.I. He taught school there for a short time and was time keeper on the Inter-Colonial Railway construction job before attending Dalhousie University where he graduated in law in 1892.

Two years later he was admitted to the Nova Scotia bar where he practiced until 1899. The following year he went to Dawson City and in 1902 was admitted to the British Columbia bar.

Says Diversion Would Bring U.S. Retaliation

VICTORIA (CP)—The Victoria Times quotes a spokesman for the British Columbia government as saying federal government plans to divert Columbia river flood waters into the Fraser river system will result in a "deterioration in U.S.-Canadian relations."

The unidentified official said a move is reported under way to "retaliate" in the north, where the Frobisher group is undertaking engineering studies for a multi-million dollar hydro-electric metallurgical project.

"According to these reports," the newspaper says, "U.S. interests are attempting to have the Yukon river, which flows through Alaska, brought under control of the International Joint Commission.

"If this was done, the U.S. could claim substantial downstream benefits from the Frobisher group, an action which could seriously prejudice the feasibility of the project, which depends on cheap power.

The whole question of international river control is scheduled to be discussed later this month at a meeting between B.C. Attorney-General Robert Bonner and Senator Richard Neuberger of Oregon.

B. C. Captivates Princess Royal

VICTORIA (CP)—The Princess Royal said Tuesday she has found British Columbia "more beautiful and more splendid than I had imagined."

She spoke briefly at a luncheon given by Premier Bennett and Mrs. Bennett on behalf of the province. Cabinet ministers and other government officials attended.

Princess Mary, who is spending five days in Victoria and two days in Vancouver before returning home, said her stay here is "all too short."

"I should so much have liked to have seen more of the remarkable developments that are taking place in British Columbia . . . You are building up a great heritage for future generations."

The Princess' afternoon schedule called for a visit to Victoria city hall and an inspection of girl guides and brownies.

NORTH VANCOUVER (CP) — Fire destroyed a $150,000 sawmill on the waterfront here early Tuesday after firemen drove their trucks under a blazing ramp to battle the blaze.

Cause of the fire which destroyed the Parkside Lumber Co., building and equipment was not immediately determined. The mill employed 23 workers. Firemen fought the blaze for two hours.

Stunting Playboy Crashes Plane Into Apartment Building, 3 Die

NORTH HOLLYWOOD, Calif., (AP) — A speed-loving playboy, buzzing his plane over a crowded residential area, crashed Monday night into an apartment where a happy family was celebrating the christening of a baby.

The crash and searing explosion killed wealthy sportsman Joel Thorne, a longtime companion of speed and violence; an 18-year-old bride and the newly-baptized infant. Nine other persons were injured, seven critically.

Eighteen others were in the apartment building.

Thorne, en route to Las Vegas, Nev., crashed 12 minutes after take-off from nearby Lockheed air terminal. The 40-year-old scion of a New York banking family flew so low over the neighborhood that scores of residents fled from their houses in alarm.

The playboy, long known for his stunting in the air, on the highway and in Hollywood night clubs, was burned almost beyond recognition in the fire that took half an hour to control.

Lease B.C. Copper Claims To Toronto Mining Group

QUESNEL, B.C. (CP) — John McGowan and Clarence Fuller of this central British Columbia settlement have leased a block of 15 copper claims to a Toronto mining group, it was reported here Tuesday.

McFie Exploration and Harrison Minerals of Toronto are planning a diamond-drilling program in the area, 13 miles east of here. Quesnel is 250 miles north of Vancouver.

Mr. Fuller said an area of about 40 feet by 50 feet has been uncovered so far. Samples show an average of seven per cent copper and some gold and silver. He said about a carload of hand-picked high-grade ore had been recovered and he estimated it at about 10 per cent copper.

And In This Corner . . .

ALREWAS, England (AP)—Tom Hill, 76, was presented Monday night with a silver tankard for drinking 11,000 gallons of beer.

Tom began his marathon guzzle in 1895. He boasts he hasn't missed a night at the Crown Inn since—and has knocked back precisely four pints a night year in and year out.

Steve Chadwick, the inn's present owner, awarded the tankard.

CALAIS, France (Reuters)—Two French holdup men are in jail because they interrupted proceedings to chase their hats.

The two gunmen Monday leaped out of a stolen car in front of a grocery store, brandishing revolvers. Before they got any further, a sudden gust of wind blew off both their hats.

Pistols in hand, the gunmen raced down the street to retrieve their headgear. By the time they got back to the store, hats in hand, the grocer had called for help.

LEICESTER, England (AP)—Two hours after escaping from jail Monday night, 25-year-old Dennis Anson rang the bell at the front gate and asked the warden to let him back in.

"I'm tired, cold and hungry," Anson explained, "and besides I split my pants climbing over the fence."

WOLFBURG, West Germany (Reuters)—A German policeman spotted four men laboriously pushing a big car down the street here early in the morning. He asked what the trouble was.

"Nothing wrong with the car," came the answer. "But we've all had too much to drink and don't want to take a chance on drivng it."

The policeman pondered the problem, then waved them on their way.

Credit Union Celebration Planned Here

Nelson Savings and CPR Employees Credit Unions will celebrate international credit union day here October 20.

Guest speakers at the celebration will include George Sirling of Vancouver, field representative of B.C. and Al Martin of Rossland, director of the B.C. Credit Union League.

A special film, the credit union's own production, "Kings X," will be shown together with "Break Through" the story of the Kitimat.

The celebration will mark the growth of credit union membership from 3423 members in 1952 to 5967 in 1955 and a growth in assets from $843,380.87 in 1952 to $2,309,012.72 in 1955.

Howard Green Visiting District

Estimates Asked Prior To Hospital Plans Okay

Estimates of occupancy, operating costs and revenue of the proposed new Nelson District hospital, satisfactory to the British Columbia Hospital Insurance Service, have been asked of the board of directors of Kootenay Lake General Hospital Society by BCHIS prior to the latter approving plans for the new hospital.

Board building committee chairman E. M. Stiles, who recently attended the B.C. Hospitals Association convention at the Coast, reported to the board Tuesday night on discussions on this matter with BCHIS commissioner D. M. Cox. BCHIS has also asked that with these estimates, be sent endorsations from the Nelson city council and the trustees of Kootenay Valley Hospital Improvement District of the hospital board's developing of the double corridor plan for the new hospital.

Mr. Stiles will attend city council and district trustees meetings to bring this matter to their attention. When their approvals are received, the board will give approval to estimates required by BCHIS. Mr. Stiles stated satisfaction with his meeting with Mr. Cox, and that a "reasonable arrangement" with regard to getting the new hospital plans approved had been made.

Other committee reports were given:

Maintenance report of H. J. Witchell noted improvements suggested by the Fire Chief at the nurses' residence. Bids for this work have been called and Mr. Witchell and KLGH Administrator T. G. Reed were given power to act on accepting a bid.

Report of nurses' superintendent Mrs. Elizabeth Bucknell mentioned possibility of Notre Dame College students receiving rooming accommodation at the nurses residence. The board moved to leave this matter in Mrs. Bucknell's hands. Mrs. Bucknell also attended the BCHA meeting.

Reports were also given by honorary treasurer Harry D. Harrison for the finance committee; administrator Reed, and Mrs. A. C. VanSacker of the KLGH Women's Auxiliary.

A. Paquette of Appledale Dies

Andonias Paquette of Appledale died Monday in Kootenay Lake General Hospital at the age of 48.

He was born at Castleman, Ont., on Septembmer 27, 1907. Before coming to British Columbia in 1949 he was engaged as a contractor, cutting pulp wood and as a fire ranger in the Ontario Forest Service in the Devonshire district of Ontario.

Shortly after coming to Appledale he was engaged as a school guard until August 1954, when he retired due to ill health.

He is survived by his wife, the former Ethel Braum, two sons, Andonias and Donald, and two daughters, Dawn Anna and Leona Ann all of Appledale; four stepdaughters, Mrs. Warren Rogers of Sutter City, California, Mrs. Ken Bryce of Watford, Ontario, Mrs. O. J. James of Wardsville, Ontario, Mrs. Lyle Wilson of Alvinstone, Ontario; one stepson, Mike Bonner of Kelowna; two sisters, Mrs. P. LaToure of Tunis, Ontario, and Rev. Sister Philippe-de-la-Croix of River Valley, Ontario, and eight grandchildren.

35 CADETTES GET FIRST LECTURE

TRAIL — A group of thirty-five girls who will form the cadette contingent of 531 squadron RCAC received their first lecture Tuesday entitled familiarization from officer commanding Mrs. J. I. MacKenzie of Fruitvale. Preceeding the lecture the girls participated in active drill as part of the squadron. The squadron will consider new recruits for both cadets and cadettes till the end of this month.

Word has been received that J. R. Booth of Trail and D. C. Ryan of Rossland, charter members of 531 squadron have been accepted in the air crew as pilots by the RCAF and will proceed to Centralia, Ontario, to take first stage of pilot training. The boys qualified for flying training scholarships while participating in cadet activities in Trail.

Named B.C. Press Representative

VANCOUVER — John T. Coleman, formerly of Montreal, has been appointed assistant Press Representative for the British Columbia district of Canadian National Railways.

Mr. Coleman, a native of Vancouver, is well known in newspaper circles. He joined the Public Relations department of the company early this year.

Clothes on River Bank But Owner Is Safe

KIMBERLEY — An interesting incident occurred near Kimberley, when a local citizen, while fishing, found clothing, wallet and identification papers on the bank of the Kootenay River at Skookumchuck Prairie. The finding of the clothing and personal effects indicated the owner may have committed suicide.

After three days of extensive searching along the river bank and inquiry into Kimberley and Cranbrook, no trace of the owner was located. However, when inquiries were made further North in Windermere, the owner, a recent immigrant, was found working in a small logging camp. He apaprently lost, or had his personal effects stolen and neglected to report it.

$20 Million for Street Lighting

Twenty million dollars are to be spent over the next five years by Canadian cities, towns and villages in modernizing and extending their street lighting, according to a survey made by Electrical News and Engineering.

This will come on top of the tremendous amount of work done in the past decade in extending street lighting to new subdivisions and in bringing obsolete lighting up to modern standards. More than 40 per cent of all street lights in Canada have been installed or replaced since the war.

Old fashioned series circuits of the type which darken large areas when a break occurs in the lines, are being replaced by the more modern and efficient multiple circuits. Of 15,400 miles of street lights in Canada less than 5000 miles of series circuits remain.

The new mercury vapour lamp is gaining in popularity. Giving twice as much light for the same power as the familiar incandescent lamp, it is being used extensively for lighting business areas, and is finding a place on residential streets as well.

The editor of the magazine wrote "Street lighting should be engineered by a competent engineer and not on a hit and miss basis of picking out specific poles to put street lights on."

Students Vote for Caps and Gowns

The trend of graduation ceremonies toward lavish parties and the lack of emphasis on their more serious implications were discussed by a panel of three adults and two students at a Nelson Junior-Senior high school Parent-Teacher Association meeting here.

First speaker, Mrs. Louis Hanic said serious thought should be given to the true meaning of graduation. Society today is complicated, she said, and graduation is a physical change from child to adult. Parents must relinquish the child, she emphasized.

"We play up the party angle too much—the seriousness is not given enough consideration." She compared graduation to Christmas Day—some use it only as an excuse for parties, some seek the reason for true joy, the more religious viewpoint. Mrs. Hanic said it is good to have frivolity, but not submerge basic reasons for the occasion.

Student Dinham Drew gave the history of graduation exercises first held in 1949 when they were semi-formal. There has been a "big change," he said. In 1952, the girls wore formals and the boys suits. In 1954, some boys wore white dinner jackets. The ceremony is the same, he said, the dress more formal. "Should this be continued, altered, or reversed?" he questioned.

Mrs. F.W.M. Drew, speaking for parents felt "the trend is towards elaborate functions. Graduation is the attainment of scholastic achievement, acknowledgement of a class passing on, saying farewell. We should have some form of graduation to include the essence of all that is best, shared fun and acknowledgement of ideals of youth. We want a ceremony students will remember—also fun," she said.

What to wear was a contentious point in the discussion. Graduates are composed of a cross-section of the community and of income groups. The cost should not be allowed to get out of proportion, Mrs. Drew said. She favored semi-formal attire. She also suggested a school song be written and sung at all graduations.

Mrs. Whiteside spoke for teachers, giving the administration point of view. She spoke of the time consuming element and the detrimental effect of high excitement among students just before exams.

Rochelle Crawford also spoke for the students. Her class will be first to enter the new Nelson high school and accordingly the first to graduate. Therefore now is the appropriate time to make a change, she said. She said a poll had been taken and students decided the old form of graduation was highly competitive in dress and a hardship on some. The true meaning of graduation was that students graduate as a common lot, a group, not individuals.

She gave three reasons against formal wear: (1) true meaning of the ceremony is lost. It is more of a fashion parade; (2) too expensive; (3) students are unsure in their first formal attire. Poise and dignity of the occasion is lost. All would-be graduates voted 77 to 27 in favor of caps and gowns. Then they will be a common group and will say 'we have arrived; not I' ", she said.

PTA president Mrs. Ted Swendson assured if caps and gowns were agreed to, the PTA would assist financially and help make them. They would then be the property of the school and a tradition would be started.

R. A. Custer Dies at Coast

Robert August Custer, 62, formerly of Nelson, has died at Vancouver. Funeral services were conducted Monday from Nunn & Thomson's chapel by Rev. Keith Wollard.

A former Nelson resident, Mr. Custer had been in the Yukon before going to Vancouver to reside. His wife was extremely active during her residence in Nelson serving in leadership roles in the Women's Institute, Nelson Parent-Teacher Association, Institute for the Blind, Nelson Little Theatre, Girl Guides, the United Church, and the CCF Club.

Survivors are Mrs. Custer at 1357 Haro Street, Vancouver and a daughter Mrs. Walter Waring at Toronto.

50 at S. Slocan Scout Banquet

The annual Father and Son banquet of the First Bonnington - South Slocan Boy Scout troop and Cub Pack was held in the West Kootenay Power and Light Company hall at South Slocan with 50 fathers and sons taking part.

The banquet was prepared and served by the mothers of the boys. The tables were centred with low bowls of gold and blue flowers in the troop colors.

At the head table guests were Dr. Norman Jennejohn of Nelson, H. B. Maxwell of Emerald mine, both members of the Nelson District Council. Canon W. S. Silverwood, J. W. Graham of Nelson, Corporal A. Borodola, Scoutmaster G. E. Penniket and Cubmaster J. Street and C. H. Bland.

Mr. Bland, chairman of the group committee, gave a few words of welcome and thanked what he referred to as the fraternity of Scouters, including the fathers of the boys and Scout and Cub leaders for their great interest in this movement which he believes to be the greatest deterrent to juvenile delinquency in existence today.

Following the banquet, scrolls were presented to Queen Scouts Gary Jacobson, Murray, Bill and John Soukoreff by Dr. N. R. Jennejohn and H. B. Maxwell of Emerald. Canon W. J. Silverwood presented Gary Jacobson with his "A Cord."

Elected to the Group Committee for the coming year were Mrs. Stanley Marshall, secretary-treasurer; Mrs. Eric Box, Mrs. Norman Roberts and Thomas Jones, Grant Hall, Norman Roberts, Dave Bell, Axel Jacobson, James Stewart and Canon Silverwood. A chairman will be elected at the first committee meeting.

Corporal Boradula showed some interesting films of the work of the RCMP and Dr. Jennejohn also showed slides of the Jamboree contingent ceremonies taken prior to leaving for the World Jamboree last August.

Three Bridge Officials To Be at Sod Turning

Three top officials of Poole Engineering Co., Ltd., co-contractors with Raymond Construction Co., Ltd. for construction of the West Arm bridge will be in Nelson for the official sod turning of the West Arm bridge.

They are George Poole, vice president of Poole Engineering, Ivan Breunsbach, another company official and James Ward, bridge sponsor in charge of the bridge contract.

They will take part in the sod turning ceremonies with provincial cabinet ministers who will hold a cabinet meeting in the city earlier in the day and will attend a public civic reception in the evening.

There was an immediate demand for tickets when they went on sale at four points Tuesday morning. A request for 50 tickets was received from Creston.

Jaycees May Support Candidate

At a special meeting of the Nelson Junior Chamber of Commerce Monday night, a provisional motion to rent a vacant office in the Truck Terminus Building Front Street, was passed. The office has outside access and was considered by the Jaycees to be ideal in many other ways for their needs.

Committee chairman were announced: effective speaking, John Hanson; activities, Alan R. Ramsden and George Kaiway; ways and means, Douglas Brown.

A substantial appropriation was approved for the Civic affairs committee under Ernest McLachlan, who reported he was unable to receive definite replies from possible candidates for the civic elections in December, but stated a reply was promised by several individuals in the next week. The Junior Chamber discussed supporting a candidate in the election if one whose views parallel those of the Chamber could be found.

Several other motions were made, one to allow changing annual dues; one to inquire into closer co-operation with the Senior Chamber of Commerce; another to raise the amount of annual dues to $10.

Mayor Joseph Kary is to address the next regular meeting of the Jaycees on the possibility of a money bylaw for city utilities and public works.

Two guests of Monday night's meeting were Don Anderson of the Bank of Montreal and Ramsay Murray, resident engineer for A. B. Sanderson Company, engaged in work on the new bridge. Mr. Murray gave a talk on the purpose and operation of a "Toastmasters' Club" which he is interested in starting in Nelson.

FLYERS TAKE COUGARS 5-4

VICTORIA (CP) — Edmonton Flyers edged by Victoria Cougars 5-4 here Tuesday night in a Western Hockey League game before about 2500 fans.

It was the second straight defeat for the Cougars by the margin of one goal. They opened the season with four straight victories. For the Flyers, it was their second straight win and their second win in three games of their first trip to the coast.

READ THE CLASSIFIED DAILY

Mrs. Bach Wins Photo Prize

WASHINGTON (CP) — Two Canadians won $500 prizes in the 17th annual newspaper national snapshot contest.

Among entries of babies and children, Harry Shklov of The Pas, Man., won second prize for a picture entered through the Winnipeg Free Press.

In the activities division, a snapshot by Marena Bach of Boswell, B.C., entered through the Vancouver Daily Province, also won a second-place award.

Judging of the 393 entries from 99 participating newspapers in the United States and Canada was completed here Monday at the National Geographic Society.

Winners in each of the four divisions received $1000 and the runners-up $500.

Mayor Fletcher Tosses Ball to Open New $275,000 Gymnasium

TRAIL — Mayor E. G. Fletcher tossed a ball at the basket and the new $275,000 gymnasium was declared officially open. A gift from the Consolidated Mining and Smelting Company of Canada Ltd. it is the latest addition to the Memorial Centre with its Kid Hockey rink, Cominco Arena and curling rinks.

"Mere words are not enough to express the very sincere thoughts that we have in accepting this gymnasium as an additional project to our memorial centre," said His Worship in accepting the gift for the people of Trail and District. "The only way we can show our appreciation to Cominco is to use this building to the fullest extent."

R. W. Diamond, Cominco's executive vice-president, Western Region, in presenting the gymnasium congratulated the officers of the Trail District Recreational Projects Society for their foresight, good planning and persistence in overcoming obstacles in obtaining the great bulk of the objectives they set up for themselves. Speaking on behalf of the company and for its president, and directors he said in part:

"It is important to bear in mind that the gymnasium which the Company is presenting to the City of Trail today, is more than a gift, it is primarily evidence of a warm, human interest on the part of the Company in the needs and welfare of the communities surrounding its activities."

Others taking part in the ceremony were Dr. C. H. Wright, chairman, president of the Trail District Recreational Projects Society and G. S. Ortner, chairman of the Trail-Tadanac Board of Park Commissioners, the group which operates the memorial centre. Also in attendance were W. G. Leithead, representing architects McCarter, Nairne and Partners, H. Stange of Stange Construction Company, and F. Coccia of Fame Brick Construction, and B. H. McNamee of Dominion Bridge Co.

Following the presentation, the crowd packing the gymnasium remained to view a series of tableaus presented by the Trail Athletic Association, boxing, wrestling and barbell club and the Trail Basketball Association to give an idea of the number of uses which could be made of the latest addition. A tour of inspection followed.

With seating for 900 spectators the gymnasium section is 132 feet by 115 feet. Gym floor 113 by 59. Additional enclosed area between gym and Cominco Arena 94 feet by 132 feet.

It provides a regulation basketball court, badminton courts, or volleyball courts, facilities for high bar, rings, springboard and horse, etc. There are also showers, lavatories, weight lifting, boxing and wrestling rooms, area provided for squash and handball court and for a steam room. A club room is available for general use. An additional area between the gym and arena was enclosed by Cominco for the Trail District Recreational Projects Society's future program; for check room, lounge area and library.

The new gymnasium forms part of the centre which accommodates also the $500,000 Cominco Arena, given by the company in 1948, an eight-rink curling rink, and a children's artificial ice rink, the latter two erected by public subscription.

Selkirks Set For A-BC Play

CRANBROOK — With the hockey season just around the corner, the Cranbrook Intermediate and Commercial Hockey League Association is giving consideration to separation for the two functions, and will make its decision at a meeting here Friday. If the two separate, eligibility rules for players to register in both associations will be a principle topic of the meeting.

Cranbrook Selkirks, city entry in the Alberta-British Columbia Intermediate Hockey League along with Creston, Kimberley, Fernie, Natal and Coleman, are set to play again this season, and the annual A-BC meeting will take place here Sunday. Selkirk coach Odie Lowe is still available along with most of last year's players and at least two imports. Selkirks had a successful financial season last year.

Most of the Selkirk players were spread last year among the three teams which participated in the Commercial League on a twice-a-week schedule.

COAL CONVERSION

British consumption of coal to produce electricity rose from 14,000,000 tons in 1938 to 35,000,000 tons in 1953.

PREPARATION of a store window display in conjunction with a recruiting campaign is being carried out by Trail's 531 Royal Canadian Air Cadet Squadron. Nineteen cadettes who have just signed up watch with interest while Flight Sergeant R. Sandberg arranges papers. Airman in the parachute suit is LAC. R. Pisacreta. Guards are Sgt. P. Dalmas and LAC. B. Laurie.—A. L. Fryling photo.

SUCCESSFUL CONCLUSION to the Trail Welfare Society's drive for funds is nearing. President R. D. Ramsden said co-operation was "excellent" throughout the campaign. Objective was $80,000, an increase of $5000 over last year. Members of executive held many meetings to keep the campaign functioning smoothly. Left to right standing are N. Rhodes, R. D. Ramsden, W. G. Siddall, C. R. Shier, Rev. J. Scott; seated, Mrs. H. P. Kingwell and W. D. Crowder. —A. L. Fryling photo.

Attendance Areas Elect Trustee Representatives

CRANBROOK — In preparation for election late this week of a rural trustee for a two-year term on the Cranbrook District School Board, rural attendance areas have elected their representatives who will name the trustee from their own ranks. Present trustee is P. Williams of Yahk whose two-year term expires in December.

Yahk attendance district named Mr. Williams as its representative. Moyie named R. L. Stanton, Fort Steel Ben Niven, Wycliffe William Lye, Wardner Earl Johnson, Bull River B. D. Gauer, and Cranbrook extra-municipal area E. W. Hawkes. Mrs. George Creelman, midway in her two-year term as rural trustee, continues to represent Mayook attendance area.

Fernie Hockey Club Organizes

FERNIE — John (Nick) Ewanuick was elected president of the Fernie Rangers Intermediate Hockey Club at its annual meeting. Tom Shaw was elected vice-president. Alfred Crompton, who has been secretary-treasurer for the past several years, was returned to office. Executive members named were Jim DeGeorgio, W. S. Creamer and Norman Gill.

The financial statement for the 1954-55 season showed a balance of $227.70. Total receipts, including the balance of $323.57 from the previous season, was $2134.70, while expenditures amounted to $1906.77. New uniforms, injury costs and increase in travelling expenses resulted in higher expenditures.

Delegates appointed to attend the Alberta-British Columbia Intermediate Hockey League annual meeting to be held in Cranbrook on October 23 were Dick Furneaux, John Ewanuick, Alfred Crompton, Tom Shaw and Leon A. Rushcall. According to the constitution, Fernie is to provide the president and the secretary of the ABC League for the 1955-56 season.

The meeting decided not to continue the operation and sponsorship of a city league during the coming season. Experience of the past few years has shown the city league to be ineffective in the production of players. Instead the executive will consider the use of more practice time and the development of juvenile players.

KIMBERLEY ELKS INSTALL SLATE

KIMBERLEY — Kimberley Lodge No. 90, BPO Elks, has had its installation of newly elected officers at ceremonies in the clubroom of their hall followed by a social evening in which the Order of the Purple was included.

E. W. Jones became new exalted ruler succeeding Marvin Peterson, with Stewart Brown leading knight, Teddy Holt, loyal knight; Smoky Adams, lecturing knight; Puffy Kemp, esquire; James Shannon, secretary; Skipper Moody, chaplain; Harry Wells, Harvey Webber and Robert Eccleston trustees and Douglas Turner and Allen Keer, guards.

The Order of the Royal Purple has undertaken to sponsor a major event in Kimberley's first Snow Fiesta program of next February, which will be a Klondike Night.

Automatic Phone System for East Kootenay Cities

VANCOUVER (CP) — The telephone systems of Cranbrook and Kimberley will be converted to automatic operation on Nov. 2, the B.C. Telephone Company announced here today.

The Cranbrook numbers will begin with JUniper 6, followed by four digits, with Kimberley numbers starting LUdlow 2. The $1,000,000 system will link with the international dial scheme which will eventually cover the North American continent.

MANY COMFORTS

SANDEFJORD, Norway (CP)—The 34,320-ton Jaragua, largest oil tanker in Scandinavia, just delivered by a Swedish shipyard to a Norwegian company here, has a swimming pool on deck and single cabins for most of the 47-man crew.

In District 35 Years, Harrisons Leaving Natal

NATAL — A prominent Michel family, who have resided in the district for over 35 years, Mr. and Mrs. J. R. Harrison will be leaving at the end of the month to take up residence in Cumberland, B.C.

Mrs. Annie Harrison, who has been the post-office mistress at Michel for the past 36 years, is retiring to take up residence on Vancouver Island with her mother, Mrs. Rose Frew, who is 80 years of age being well known in the Michel district where she resided some 26 years ago. Mrs. Harrison was a resident of Michel for the past 48 years, coming from England in 1907. She was an active member of the Cassandra Rebekah Lodge, the Pythian Sisters, the Eastern Star, also a member on the board of the United Church and secretary of the Ladies Aid of the United Church. A farewell party was given in her honor by friends from Michel and vicinity where she was presented with a wallet and a sum of money.

R. (Dick) Harrison came to Michel from Blairmore, Alberta, in May of 1920 as a butcher, later working underground at the Michel mines for some years, ending his services with the Crow's Nest Pass Coal Company at Michel as weighman. He was also an active member of the Oddfellow's Lodge, the RAOB and was a past president of the Canadian Legion, Michel-Natal Branch No. 61. Mr. Harrison was presented, at a recent gathering, with a gift on behalf of the coal company officials and outside fellow workers. Mr. Harrison will accompany his wife to take up residence at the west coast.

Cape Breton island, 100 miles long and 87 miles wide, encloses the salt-water Bras d'Or lakes.

SHOT WITHOUT GUN

VANCOUVER (CP) — Albert Moffatt, 32, was shot and wounded without a gun in his downtown hotel room early Tuesday.

Police said the man apparently was heating the end of a bullet with a match when it exploded wounding him in the right wrist, left shoulder and abdomen. The injuries were not considered serious.

Trail Benefactor in New Gym Opening

Another fine addition has been made to the social buildings of Trail with the opening of the $275,000 Cominco gymnasium. It is a worthy adjunct to the splendid Arena, as anyone who attended the Tuesday evening ceremonies will agree.

Trail community is exceedingly fortunate in the generosity of the giant smelting and chemical company about which it is founded. Its facilities for sports, recreation and cultural activities must now be second to none for any comparable community in Canada. Trail is not the only community in the Consolidated Mining & Smelting Company of Canada sphere that benefits from its "self-help" plan in providing recreational facilities. Right at the moment a community hall is being erected as a gift to the settlement of Riondel. Castlegar, Fruitvale, Warfield and Kimberley, at least, are other centres of the company's interest that have been similar benefactors.

LETTERS TO THE EDITOR

Letters to the Editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole, or in part, except over the signature and address of the writer. Unsolicited correspondence cannot be returned.

Letters to the editor have been received with typewritten signatures. Actual signatures are required on all letters for publication as evidence of good faith.

Urges Public Works Plan of Action; Asks City Streets Be Cleaned For Sundays

To the Editor:

Sir—Kindly permit me a small space in your valuable paper to air some of my views.

While strolling along the main streets of our fair city on Sunday, October 16, I was amazed and disgusted to find them in such a filthy condition. Baker Street, one block of Stanley Street and three blocks of Ward Street were littered with paper of every description, sunflower seeds and bottles. Is our City Council so financially embarrassed they cannot afford to pay a couple of men a few extra dollars to clean up our main streets at daybreak on Sunday mornings? This I am sure would not take any longer than three hours to transform our city centre into a pleasing appearance to all concerned.

I am pleased to note that citizens are taking advantage of the free porch light. Doing this not only brightens up the streets, but is a deterrent to crime and accidents. In spite of this our City street lighting system is lagging far behind.

I can name a number of streets with sunken and heaving sidewalks. When walking along these at night one has to do the "goose step" as a prevention from falling on one's face, thus breaking a limb and landing in the hospital. (By the way, watch out this winter; our hospital space is very limited)

Well, it looks to me at the moment that the two business blocks on Vernon Street and one on Hall Street are getting ready to slumber for another year; and those two "Sweet Little Boulevards" on Vernon Street —what an asset! From my observation and conversations, most people think they are an asset to traffic hazard and inconvenience, particularly in a business section.

May I suggest to the City Council (I mean the incoming one) a definite public works plan of action covering a five, ten or twenty-year period, with a section of the city being properly completed each year. We are facing a serious situation that will have to be met very shortly. We are needing new and enlarged sewers, water and gas mains, street, sidewalk and street lighting improvements.

In order to finance a project of this nature without increasing taxes, I would suggest floating a bond issue. This, along with this year's unspent budget, would be the answer to a public works program to be carried to a successful and permanent conclusion. Also, this work should be done by contract.

Re the employing of a City Manager: Whether the City of Nelson is large enough to enter into this field is a question to be answered. I know the City of Lethbridge has had a City Manager for many years. He is answerable to the City Council; all his suggestions and recommendations are placed before and acted upon by the Council. A City Manager must be widely experienced in all civic matters. The venture has proved very successful in the City of Lethbridge.

Hoping this letter will serve as a stimulant with the civic elections close at hand.

HAROLD J. WITCHELL.

Nelson, B. C.

Growing Bursary Helps Cancer Fight

The B. C. division, Canadian Cancer Society, has taken another step to increase the odds against cancer.

It has set up a bursary at UBC which will help increase the number of doctors interested in the fight against the disease.

The money will go to help students in the faculty of medicine who have the required standing and are in need of financial help to complete their studies.

The bursary calls for the society to give $500 annually, which will be administered in the form of an informal loan service.

It was set up in this fashion after consultation with university officials who said that this form of bursary is finding increasing favor in academic circles.

The advantage of it is that although students are not formally bound to repay the loan, they gladly accept the moral obligation to do so, with the result that the amount of money grows, thus providing aid to many more students.

Gems of Thought

PREJUDICE

Ignorance is less remote from the truth than prejudice.—Denis Diderot.

* * *

Prejudice, which sees what it pleases, cannot see what is plain.—Aubrey de Vere.

* * *

Ignorance, pride or prejudice closes the door to whatever is not stereotyped.—Mary Baker Eddy.

* * *

A common prejudice should not be found in one whose trade it is to rectify error.—James Boswell.

* * *

Prejudices, it is well known, are most difficult to eradicate from the heart whose soil has never been loosened or fertilized by education; they grow there, firm as weeds among rocks.—Charlotte Bronte.

It's Been Said

As the sword of the best tempered metal is most flexible, so the truly generous are most pliant and courteous in their behavior to their inferiors.—Thomas Fuller.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

Reader, Nelson—Can you tell me on what date the Cambridgeshire is run in England?

October 26.

E. K. A., Queen's Bay—We are indebted to another reader for the following information regarding white pine blister:

"About 30 years ago U.S.A. biological officials inspected pine trees here (the Kootenays) but could find no trace of the disease. It was very serious in Eastern Canada, and destroyed many good stands of valuable trees. The black currant is its host, but a few years ago a black currant immune to the blister was produced in Canada. This, and a pollenizing black currant, is now available at certain B. C. nurseries."

A. J. M., Kinnaird—Please tell me where the consul for Finland lives. I want to get a copy of my birth certificate.

The nearest consul for Finland is Helge Ekengren, 890 West Pender Street, Vancouver, B. C.

Mrs. E. D., Rossland—Within the last two months you printed a recipe for clam chowder soup with tomato and no milk. As I have missed it, would you please repeat it? I would also like to know if there is anybody who remodels ladies' hats in Nelson?

We cannot trace this recipe, and have no recollection of it. Neither can we find it in our various cookery books. Perhaps other readers can help? Referring to the second question, Adrian Millinery, 259 Baker Street, specializes in remodelling hats.

Interested, Nelson—On what day this year will they observe Remembrance Day in Britain?

Sunday, November 6. On that date every town, village and hamlet will pay annual homage to the dead of the two world wars.

Taking an Oath

If an accused or a witness is a Jew, he must be sworn with his hat on and upon the Pentateuch. Mohammedans are sworn on the Koran. The right hand is placed flat upon the book while the left hand is placed on the forehead. He then brings his head down to touch the book, at the same time being asked if he is bound by this ceremony.

Chinese are sometimes sworn by the breaking of a saucer. The accused is addressed: "You shall tell the truth and the whole truth; the saucer is cracked, and if you do not tell the truth, your soul will be cracked like the saucer."

Sometimes he writes several characters on paper which he burns, praying that his soul will be similarly burned if he swears falsely. The most binding oath is said to consist of the person's cutting off a cock's head with a similar invocation. Canton Chinese, most of whom are not Christians, are sometimes sworn by this latter method.

Cougars

Cougars, in a natural environment, are always found close to deer herds because deer are their natural food. They play a part in keeping deer herds in check and have, in fact, affected the appearance and evolution of deer. Were predators not present, deer would soon increase to such an extent that they would destroy their food supply.

Press Comment

Current threat to the family-size farm through larger operations is deplored by the Farmer's Advocate and Canadian Countryman (London, Ont.). "The family size farm has exerted a stabilizing influence on the economy of Eastern Canada, and still does. The occupants having a stake in the welfare have contributed much to the welfare of the area as a whole. . . . The family size farm is the basis of a healthy agricultural industry in Eastern Canada, and every possible effort should be made to prevent the amalgamation of farms and the disappearance of industrious, contented, land-loving freeholders."

Watch Your Language

COLLABORATE — (col-LAB-o-rate) — Verb intransitive. To work or act jointly, as in writing a book. Origin: Latin—Collaborare, to labor together, from Col plus laborare, to labor.

Homework for Taxpaying Parents

. . . F. B. Pearce

Homework for Parents:

"Sharpen your pensils, take out your scribblers and we will do some arithmetic."

"Gee. Do I hate arithmetic!"

"Never mind, Mabel, we are only going to do some simple addition and substraction. Here is the book we are going to use. Kindly read the title, Herbert."

"Financial Report of the City of Nelson."

"No Mabel, it is not a cook book. It is a statement of all the business the city did in 1954, all the money it received and all the money it spent. Turn to page 26. What does it say at the top, Mabel?

"Particulars of Debenture Debt."

"Do you known khat that means, Mabel? No? Well, what about you Herbert?"

"Sure. That means the money the city borrowed."

"Do they borrow money? I thought we paid taxes."

"Tell her, Herbert."

"Look Mabel, we borrow, see, and then we have to pay it back. That's where the taxes come in."

"Not entirely, Herbert, some of our taxes go for other things, but now I want you to look at the figures under "Electric Light." How many bylaws are there Herbert? Five? That's right and what is the total? Yes, $685,000."

"Say, that's quite a mortgage. Isn't it."

"It is, Herbert., and now perhaps you will tell us how many years these bylaws have been running."

The first one started in February, 1940, and the last one will be paid in September, 1966."

"Twelve years to go before we own the house. Say, look at this interest, $23,100 a year. Boy, what cuold I do with that! Who pays for these bonds?"

"All the people who use electricity."

"Well, they sure get plenty from me. How much do they make in a year?"

"You will find that on Page 12 under "Utilities and Other Municipal Enterprises."

"Gosh. The total is $517,714.73. That's nearly as much as the bonds. What about the Hydro Plant? Do we add that in too?"

"Yes. Add them together and you tell us the answer, Mabel."

"I make it $520,229.73."

"Good. Now to find out how much profit is made we must go to the next page. Can you tell us what was spent, Herbert?"

"Sure, it is down right here. If you count in the Hydro Plant it is $337,454.69.'

"Mabel, if the city's electrical department takes in $517,714.73 and spends $337.454.69 how can you find how much profit was made?"

"Subtract."

"Well, what is the answer, Herbert?"

"$180,260.04. Say, what becomes of that money."

It goes into general revenue and is spent on such things as sewers and roads."

"Roads nothing. They have got one bond issue of $48,000 for roads and they spend nearly $600,000 on the electric light plant. I can't see where they have spent any money this year on new roads. Can you?"

"Yes, Mabel?"

"I think if they saved some of the money each year that they earn and put it aside they would not have to borrow."

"That's quite a good idea. We will discuss that in our next lesson."

HUGE FISHERIES

CAPETOWN (CP) — A total of about 650,000 tons of sea-food, not including whales, harvested annually in South African waters placed the Union among the first 10 fishing nations of the world. The national nutritional council was told by Dr. J. M. Marchand, director of fisheries for the South African commerce department.

Bennett Favors Coast Guards

VICTORIA (CP) — Premier Bennett says the British Columbia government is 100 per cent in favor of a Canadian coast guard service. He was commenting on a statement by Federal Transport Minister George Marler in Victoria that a coast guard service is unnecessary.

The Premier said that in 1954 all parties in the legislature supported a government resolution urging establishment of a coast guard service. The resolution was forwarded to Ottawa.

Mr. Marler, on a tour of west coast transport facilities, said people who urge a coast guard service are apparently unaware of the existing air-sea rescue facilities.

In Cumberland, T. S. Barnett, CCF MP for Comox-Alberni, told a CCF annual organization meeting the present air-sea rescue service is totally inadequate since there are at present no high speed well-equipped vessels available.

The federal member has been conducting a tour through his riding investigating the need for the service. He said B. C.'s services were inadequate compared to similar services in the U. S.

DEATHS

By The Canadian Press

Salem, Mass. Christian Lantz, 89, retired official of the Young Men's Christian Association who was credited with helping to found the playground system in the U. S.

Madrid—Jose Ortega y Gasset, 72, famed Spanish philosopher. He was noted for outspoken criticism of Spanish regimes of various color. He was originally regarded as a leftist, strongly opposed monarchy, and contributed through earlier works to the fall of the late King Alfonso XIII.

False Teeth Need A Special Cleanser

Don't Brush Your Plates! Soak Them in Polident As Dentists Suggest

Polident is the recommended way to clean dentures, banish Denture Breath. Just follow these easy rules.

1. **Never use a brush on them!** Your dental plates are much softer than natural teeth. Brushing wears down fitting ridges so they get loose.

2. **Never use soap or toothpaste!** They can leave film which collects bacteria and food particles, a major cause of offensive "Denture Breath".

3. **Use a soaking-type cleanser made for false teeth only . . . Polident!** Polident cleanser is recommended by more dentists than any other. No brushing, no handling of soapy plates. Polident gets where a brush can't reach.

Best of all, Polident always leaves false teeth odor free. Get the world's largest selling denture cleanser, Polident, at your drug counter. D-133

They'll Do It Every Time — By Jimmy Hatlo

Today's Bible Thought

That ye may be perfect and entire.—James 1:4.

The greatest masterpiece any one can create is not a painting, a statue, nor a book, but a life. We can work on that all our lives on earth and unto eternity.

Aunt Het

A philosopher said that marriage requires give and take. But after she learns to take, it's seldom necessary to give.

MR. AND MRS. JAMES S. TODD

Todd-Hopwood Vows At Redeemer Church

Josephine Ann Hopwood became the bride of James Stewart Todd in an evening ceremony at the Church of the Redeemer in Fairview, Rev. Canon W. J. Silverwood officiating. The bride is the daughter of Mr. and Mrs. Edward Ernest Hopwood of Nelson and the groom is the son of Mr. and Mrs. Robert Todd of Lethbridge, formerly of Nelson. Mr. and Mrs. Todd will reside in the city where both are teachers in Nelson schools.

The bride chose a gown of chantilly lace and net over satin with a fully bouffant skirt and fitted lace bodice with a scalloped neckline and lily-point sleeves. She wore a chapel length veil, held in place by a headdress of tulle and lily of the valley. She carried a bouquet of American beauty roses and white stephanotis.

Mrs. H. A. Single of Prince Rupert was her sister's matron of honor. She wore a ballerina length strapless gown of pale mauve nylon net, with sequined bodice and carried a bouquet of mauve carnations.

Mrs. John Hopwood, bride's matron, wore a strapless ballerina length gown of turquoise net over satin and carried a bouquet of yellow carnations. Both wore matching stoles and mittens, and headdresses of Frenched carnations.

Mr. Jack Todd of Victoria, brother of the groom, was best man. Ushers were Mr. John Hopwood, brother of the bride, and Mr. Fred Thompson, brother-in-law of the groom.

Organist was Miss Barbara Lea. Miss Pat Hooker, former pupil of the bride, sang "O Perfect Love" during the signing of the register.

At a reception at the Church of the Redeemer Hall, Mr. George Turner, uncle of the bride, was toastmaster. Canon Silverwood proposed a toast to the bride. Congratulatory wires were read from many distant points. Mrs. S. J. Hillyard, the bride's aunt, and Mrs. F. J. Thompson, sister of the groom, poured.

The bride's going away outfit was a midnight blue ensemble, dress with matching jacket, pastel, blue accessories, corsage of red carnations. Their honeymoon trip was spent at various United States points.

Natal Notes

NATAL — Mr. and Mrs. Mike Halko have returned to their home in Natal after spending a one-week visit at Lumby, B.C., at the home of their son and daughter-in-law, Mr. and Mrs. Robert Halko.

Mr. and Mrs. P. Schmitz of Fort Macleod were visitors at Natal at the home of their son and daughter-in-law, Mr. and Mrs. Andy Schmitz.

Mrs. Mike Anselmo and son Charlie of Natal were visitors at Spokane.

Bruce Thompson of Pontiac, Mich., who is spending an extended visit at Natal-Michel, returned after spending a two-week visit up in the Yukon and Alaska. He will leave shortly for his home.

Mr. and Mrs. George Webb of Penticton spent a few days visiting at Michel at the home of Mr. and Mrs. Roger Pasiaud.

A number of music lovers from Natal-Michel attended the Scottish concert held at Lethbridge with artists from the touring group from Scotland. In attendance were Mr. and Mrs. J. Myles, Mr. and Mrs. J. Fontana, Mrs. C. Kozler, Mr. and Mrs. W. Chapman, Mr. and Mrs. J. K. Mitchell, Mr. and Mrs. E. Tabor and Pete Gaskell. All reported the Scottish concert was well worth seeing.

Mr. and Mrs. Roger Pasiaud returned to their home in Michel after spending a two-week holiday with relatives. They visited the latter's brother in Penticton. Mr. and Mrs. George Webb, also spent a short visit in the United States with relatives in Ephrata, Wash., at the home of Mr. and Mrs. L. J. Womack.

Sirdar Notes

SIRDAR — Miss Arleen Harmon of Banff was visiting Mr. and Mrs. F. Bryant for a few days.

Miss Alice Hansler visited her mother at Cheam View, Alta.

Mickey Osborne has returned to his home in Vancouver.

Mr. Richards of the RCAF, stationed at Montreal, is vacationing with Mr. and Mrs. Sam Bysouth and Alfred.

Mrs. P. A. Rohde was a visitor to friends in Vancouver.

Says Pulpwood Waste Less On West Coast

OTTAWA (CP) — The amount of waste in west coast pulpwood operations is dwindling, Norman Terry of Vancouver said Tuesday.

"In British Columbia the integration of pulp-making with other industries has reached a refinement where it is possible for sawmills, plywood plants and other woodworking plants to secure an economic return from over 90 per cent of raw material delivered to them," he said. This was an improvement over the 60 per cent expectable some years ago.

Mr. Terry, president of the Canadian Sumner Iron Works, Ltd., Vancouver, which produces woodworking equipment, was speaking at the opening session of the annual meeting of the research coordinating committee on utilization of sawmill waste for pulpwood at the forest products laboratory here.

Some 30 delegates from Canada and the United States are attending the meeting.

West Germany today drinks more tea, but less coffee, than in prewar times.

CANBERRA (CP) — Australia's trade with the U. S. in frozen lobster-tails has grown from almost nothing in 1947 to about $4,000,000 in th elast fiscal year. Marketing experts said the trade should continue to grow.

To Hold Fruit, Vegetable Drive For Hospital

KASLO—Meeting of the Ladies' Auxiliary to the Kaslo Victorian Hospital at the home of Mrs. J. A. Jardine heard Mrs. Higgens, matron of the hospital report that sideboards for beds had been investigated. It was decided to defer the purchase of sideboards until a later date. It was also decided to purchase 18 pairs of pyjamas.

A suggestion of a fruit and vegetable drive for the hospital was also discussed and a collection day fixed for October 27.

All wishing to donate fruit and vegetables should notify the hospital or Mrs. A. H. Endacott and arrangements will be made to collect the donations.

SODALITY NAMES OFFICERS

NATAL — The meeting of St. Michael's Angel Sodality, consisting of 28 girls, was held in the St. Michael's Hall at Natal. Election of new officers was held at the third meeting and included the following members: prefect, Betty Schmaltz; vice-prefect, Catherine Corrigan. Lois Chala was re-elected as secretary while Joanna Eberts was re-elected as treasurer. As last year, the aim of the Sodality is to pray for the conversion of sinners of St. Michael's parish by reciting the office and litany of the Holy Angels. The first activity of the year by the Sodalists was a communion breakfast, held on the Feast of the Guardian Angels. Since Father Trainor was unable to offer Holy Mass for the Sodality on that day, another mass was said for the Sodalists. Monthly Communion Sunday for the Sodalists will be on the third Sunday of each month. Plans were also made to hold a social for all the children to help raise funds for the treasury. It was decided that a hike be held providing the weather is favorable. After the meeting each Sodalist was given Christmas cards to sell, the profits derived will be used to buy instruments and uniforms for a Sodality harmony band which is being formed this year for the first time.

DEWDNEY (CP) — A shortage of cedar logs has shut down the night shift at Stave Lake Cedar Ltd., shingle mill at Dewdney. The lay-off involves about 50 men and a monthly payroll of approximately $15,000.

Quickie Bran MUFFINS

ART LINKLETTER says: "one of my favorite All-Bran recipes!"
(Star of radio's "People Are Funny" Show)

1 cup Kellogg's All-Bran
¾ cup milk
1 egg
¼ cup soft shortening
1 cup sifted flour
2½ teaspoons baking Powder
½ teaspoon salt
¼ cup sugar

• Combine All-Bran and milk. Let stand until most of moisture is taken up. Add egg and shortening; beat well.
• Sift together: flour, baking powder, salt and sugar. Add to first mixture, stirring only until combined.
• Fill greased muffin pan ⅔ full. Bake in moderately hot oven (400° F.) about 30 minutes. Yield: 9 muffins.

SPORTS

Leafs, Flyers Jockey For Top Spot Tonight

It will be hands across the border or, more accurately, hockey sticks across the border, tonight when Spokane Flyers, only American WIHL entry, venture to Nelson to meet the Maple Leafs. The season's first Flyer hockey trek into Canadian territory last Saturday night resulted in a 5-3 victory for Kimberley, but Spokane retaliated on home territory, defeating the Dynamiters 7-5 Sunday afternoon.

The most productive line used so far by Spokane coach Roy McBride has been centred by Frank Kubasek with Lorne Nadeau and Jack Miller on right and left wings. This trio accounted for six of the ten goals scored by the Flyers in their two encounters with the Dynamiters.

Jack Miller is high point man with two goals and four assists.

McBride will also be relying heavily on four promising rookies, centreman Art Jones, left winger Dave Gordichuck, rearguard Cy Whiteside, and most of all, goaltender John Panagrot.

Art Jones is a 20-year-old junior from the Saskatoon Wesleys, described by McBride as a player "who does everything well and hustles both ways." Dave Gordichuck is another highly rated two-way forward.

Another addition to this season's Flyers is "Jarring Jack" Lancien, recently purchased from the Vancouver Canucks. Lancien is a top-rated defenceman and playmaker and captain of the Canucks for the last three years. He will probably start for the Flyers tonight.

BRUNO ON DECK

Also on hand for tonight's contest will be Bruno (The Bear) Pasqualotto, who has worn both Trail and Nelson colors in the past. The highly popular Bruno is the only Nelson player ever to amass a fan club. He has been *playing as both defenceman and* right winger for the Flyers.

With the Maple Leaf first line intact, Charlie Rayner hopes to gain sole possession of first place in WIHL standing, with a win tonight.

Fritz Koehle, Nelson front line left winger, will play his last game for some time, working with Lee Hyssop and Wendy Keller.

Ernie Gare and Gary Starr are both on the injured list and will not see action tonight. Rayner hopes to use Murray Parker, who is being troubled with a groin injury.

Here is tonight's lineup for Nelson:

Goal, Adams; defence, Lofvendahl, McGregor, Parker, White; forwards, Hyssop, Keller, Jeffrey, F. Koehle, Bell, R. Koehle, Haldane, Maglio.

Carter Knocked Out Only Once

CINCINNATI (AP) — The records show that Jimmy Carter, frequent champion of the lightweight boxers, has been knocked out only once in 98 fights, but Bud Smith, who dethroned him last, expects to do it here tonight.

"Almost had him when I took the title in Boston in June, and sure will get him this time," Smith, a Cincinnati boy, said *Tuesday. "I'm ready, and eager."*

So is Carter, accused of fighting best only when the big chips are down. And they are down for the scheduled title 15-rounder, because some say the little New Yorker is slipping.

Smith believes his left hook is better than that of the three-time champion, and that it carries more power.

But Carter has a reputation for calmness, patience, and the ability to take advantage of his opponents' mistakes. He said he has studied the motion pictures of the last fight with Smith and saw where he made mistakes.

4168 Grey Cup Tickets Allotted To Vancouver

VANCOUVER (CP)—The Canadian Rugby Union has allotted Vancouver 4168 tickets for the Grey Cup football classic in Empire Stadium Nov. 26.

Don Mackenzie, president of the B.C. *Lions of the Western Inter*provincial Football Union, announced the figure following a meeting of club directors Monday night.

SURE SIGN that the Grey Cup fever season is close at hand again is the selection of *beauty queens to represent the* various clubs when the game is played. Here is "Miss Winnipeg Blue Bomber," Corinne Williams.

"Miss Saskatchewan Roughrider" is Frances Stewart, a blonde from Swift Current. The *title will be bestowed on Nov.* 26. — Central Press Canadian photos.

NHL TRYOUT

EDMONTON (CP)—Eddie Stankiewicz, fiery right winger with Edmonton Flyers of the Western Hockey League, has earned a try-out with Detroit Red Wings of the National Hockey League, Flyer coach Bud Poile said Tuesday.

Winnipeg Opens New Arena, But Warriors Lose to Stampeders 5-2

WINNIPEG (CP) — Close to 11,000 hockey fans filled Winnipeg's new $2,000,000 arena to capacity Tuesday night, heralding the return of professional hockey to the city after an absence of 28 years.

Winnipeg Warriors began their home season against Calgary Stampeders of the Western Hockey League.

Ceremonies officially opening the new arena were directed by Stu McPherson of the Winnipeg Enterprises Corporation, owners and builders of the modern building. Special speakers were Frank Selke, managing director of Montreal Canadiens of the National Hockey League, and Hap Day, managing director of the NHL Toronto Maple Leafs.

Selke described the sprawling building as "magnificent—a credit to the city." He said he believed that some day both Winnipeg and Quebec City would be in the NHL but for the moment "train travel is the biggest stumbling block."

WELCOME TO LEAGUE

Al Leader, WHL presilent, welcomed the Warriors into the league and Mayor George Sharpe officially declared the arena, 11 months in the building, officially opened.

After the Winnipeg players were introduced to the crowd J. D. Perrin, Sr., president of the Warrior club, faced off the puck.

Warriors disappointed the crowd by dropping a 5-2 decision to Calgary Stampeders.

The loss was the third straight for the Warriors who were de*feated on the road by Stampeders* and Regina Regals. Calgary now has a 3-2 record.

Bill Shvetz, Barry Ross, Doc *Couture, Dave Duke and Jimmy* McFadden scored for the more experienced Stampeders, whose pattern passing kept the Warrior defence baffled throughout the dull and slow contest. For Ross, former Moose Jaw junior, it was his first goal in professional hockey.

Barry Cullen and Ed Mazur tallied for Winnipeg.

Stampeders piled up a 3-1 lead in the first period, split goals with Warriors in the second, then scored the only goal of the third period. The record crowd for the official opening bettered the old WHL attendance mark set at the Calgary Corral by 818.

Turpin Retiring After KO by Wallace

LONDON (CP) — The boxing career of Randy Turpin of Britain came to an abrupt end Tuesday night as the former world middleweight champion was knocked out by hard-punching Gordon Wallace of Brantford, Ont.

Wallace dropped Turpin with a terrific right hand punch to the jaw in the fourth round of their scheduled 10-rounder in Harringay Arena.

Minutes later Turpin, holder of the British and Empire light heavyweight title, announced his retirement from the ring.

The 26-year-old Wallace, unranked among the world's light heavyweights, knocked Turpin to the canvas four times before he applied the final crusher midway through the fourth. Turpin tried to rise at the count of nine but couldn't make it.

MATCH OFF

The defeat killed plans for a world light heavyweight title match between champion Archie *Moore and Turpin which has been* proposed for London Jan. 10.

Shortly after the fight promoter Jack Solomons announced that he was trying to get fourth-ranked Yolande Pompey of Trinidad a crack at the title.

On the same card Tuesday night Pompey knocked out Canada's light heavyweight champion, Yvon Durelle of Baie Ste. Anne, N.B., in the seventh round of another scheduled 10.

Durelle was down twice in the fatal seventh before Pompey knocked him out with a right uppercut after two minutes of the round in a hard-fought battle that had the crowd of 10,000 roaring with *excitement.*

The one-time lobster fisherman, who claims 59 knockouts in 63 fights, started out vigorously and exchanged blows evenly with Pompey.

But in the third round, he hurt his right hand. From then on, Pompey took command.

Toronto Happy to Host Grey Cup

TORONTO (CP) — Toronto would be most happy to be host to the Grey Cup football game next year, Mayor Nathan Phillips *said Tuesday.*

The mayor of the city that had regularly been the scene of the Canadian football championship game until this year, was commenting on a statement by Sydney Halter, western Canada football commissioner, that Vancouver lacked adequate, first class accommodation to handle visitors.

This year's game will be played in Vancouver.

"We'll have at least 4000 more hotel rooms available by next Grey Cup time," Mayor Phillips said. "We certainly would welcome the Grey Cup back. We have no hard feelings because Vancouver has the game this year. We wish them luck."

The 1956 game is scheduled for eastern Canada but the site will not be determined until the Canadian Rugby Union's annual meeting next March.

Kiner Leaves Trail of Records

NEW YORK (AP)—Home run slugger Ralph Kiner, who quit Cleveland Indians Tuesday to take a job as general manager of San Diego Padres in the Pacific Coast League, leaves his name solidly inscribed in baseball's record *books.*

Kiner holds the following records:

Most total bases, 30, for fewest consecutive times at bat, 11.

Most years leading the National League in home runs in his first *season.*

Most years 50 or more home runs, National League, two.

Most years 40 or more home runs, National League, five.

Most home runs, two consecutive seasons, National League, 101.

Most home runs, one monht, National League, 16.

Tied with five others for most home runs, two consecutive games, five.

Tied with two others most home runs three consecutive games, six (he did it three times).

Most home runs, four consecutive games, major leagues, eight.

Tied with five others for most home runs in consecutive times at bat, four.

Most times two or more home runs, game, National League, 10.

Tied with Rogers Hornsby for most home runs, bases filled, lifetime, National League, 12.

Kiner hit a total of 369 home runs in 10 major league seasons.

Vernon Edges Packers 9-8

VERNON, B.C. (CP) — Vernon Canadians eked out a 9-8 victory over Kelowna Packers in an Okanagan Senior Hockey League exhibition game here Tuesday night.

The Canadians' Willie Schmidt led the scoring in the penalty-loaded affair with three goals. Kelowna's Don Culley found the net twice.

Lineups:

Kelowna: Goal: Hall; defence: Koehle, Schai, Turner, Pyett, Hanson; forwards: Cully, Laieler, Roche, Keil, Durban, Lea, Middleton, Kaiser, Jones, Wilson, Young, Risso.

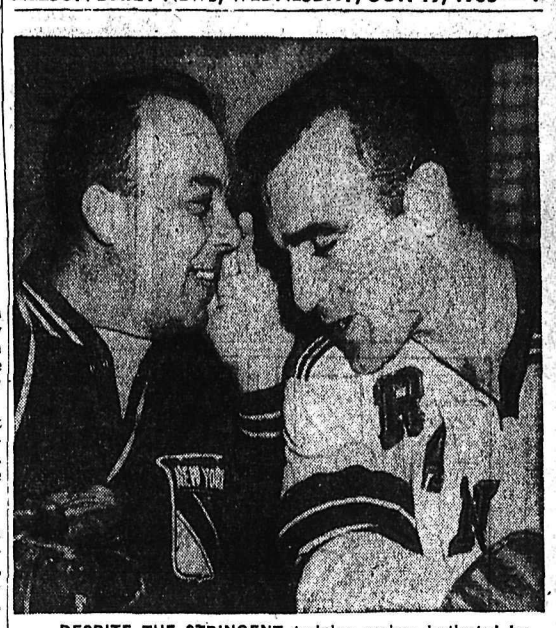
Vernon: Goal: Gordon; defence: Stecyk, Heindl, Schmidt, Lavell, Pyrhora; forwards: Lowe, Harms, Horbe, Blair, King, Bidoski, Davi*son, Agar, Hart, Trentini.*

SUMMARY

First period: 1. Kelowna, Culley (Lea, Wilson) 1:24; 2. Kelowna, Middleton (Roche) 4:02; 3. Vernon, Agar (King, Trentini) 4:35; 4. Kelowna, Roche (Middleton, Kaiser) 10:06; 5. Vernon, Harms (Agar) 11:14; 6. Vernon, Schmidt (Agar, Lowe) 12:24; 7. Kelowna, Durban (Swarbrick) 15:31. Penalties: Hart, Culley, Trentini, King, Hanson, Blair, Trentini and Schai.

Second period: 8. Kelowna, Laidler (Roche) 10:27; 9. Kelowna Young (Roche) 11:27; 10. Kelowna, Culley (Pyett and Wilson) 14:28; 11. Vernon, Trentini (King) 17:37. Penalties: Hanson, Trentini, Davison (minor and major), Schmidt *(minor and major), Hanson,* Swarbrick, Middleton, King, Schai, Schmidt (major and misc.), Laidler (major), Horbe.

Third period: 12. Vernon, Blair 4:46; 13. Vernon, Bidoski (Agar) 16:16; 14. Kelowna, Roche (Hanson) 13:45; 15. Vernon, Schmidt, 18:28; 16. Vernon, Trentini (Schmidt) 18:34; 17. Vernon, Schmidt, 19:17. Penalties: Harms, King, Trentini (major) and Agar (misconduct), Laidler (major and misconduct) and Lea (misconduct), Middleton (major and misconduct), Pyett.



DESPITE THE STRINGENT training regime instigated by New York Rangers' new coach, Phil Watson, left, Rangers' captain, Harry Howell, appears in a genial mood as he gets an earful of advice from his coach. Watson's "get tough" policy includes an 11:30 curfew, no beer or butter on toast, no oranges on the bench or smoking in the dressing room, not even by visitors. The result to date: Rangers, perennial cellar-dwellers, now are tied for second place with Chicago.—Central Press Canadian.

JACK KINNON COMMERK HOCKEY HEAD

A new slate of executive officers was elected by the Nelson Commercial Hockey League at a *meeting this week.*

The league's president for the coming season will be Jack Kinnon. League secretary-treasurer *will be Rudy Boates.*

Team representatives elected were Dunc Jamieson and Jeff Murray (Queen's Hotel); Rod Carmichael and Arnold Sherwood (Reuben Buerge); Johnny Bachynski and Milt Deno (unsponsored team.)

League games are expected to start next week.

VICTORIA—There will be more public works jobs available in B.C. this winter than ever before in the province's history, Premier Bennett said Monday.

The Premier said B. C.'s "pump-priming" construction—new roads, bridges and public buildings—will take care of much of the threatened unemployment this Winter.

"Never before in the history of B. C., have so many contracts been let in the fall months," the Premier said.

Shell out with Wrigley's Spearmint Gum!

Your Individual HOROSCOPE

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR THURSDAY, OCT. 20, 1955

MARCH 21 to APRIL 20 (aries)—Plan and study your day's schedule before acting. You can achieve more in a light-hearted manner than you can by being too rigid or strict. Mechanical trades, industry, are strongly favored.

APRIL 21 to MAY 20 (Taurus)—Auspicious influences for sound business, work and money interests, but do not be careless in legal matters. Seek sound advice if necessary. Be progressive, creative. Have faith in YOU.

MAY 21 to JUNE 21 (Gemini)—Ingenious ideas, promotions and skilled manual labor favored now. A good period for trying out new inventions, machinery, etc., and for investigating latest improvements; also for aeronautics.

JUNE 22 to JULY 23 (Cancer)—Building, general merchandising, construction, handling machinery, tools, mining, working with lumber and paper among the many matters highly favored now. Be up and doing.

JULY 24 to AUGUST 22 (Leo)—An impressive outlook. You may not acquire ALL that you seek, but you will net real gains if you put forth your best efforts. Labor and artistic interests honored.

AUGUST 23 to SEPTEMBER 23 (Virgo)—Animation and a spirited interest in your day's duties will quicken returns, give you more time for rest or diversion. Study, teaching, writing favored.

SEPTEMBER 24 to OCTOBER 23 (Libra)—Similar indications to Taurus now. Be as mindful of small but essential details as of bigger items. Both are necessary to the completion of a whole project. Help keep it a pleasant day.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — Be well informed if making investments, entering new business, partnerships. Extra study beforehand can save money, headaches later. You should make good headway now.

NOVEMBER 23 to DECEMBER 22 (Sagittarius)—Neither a sluggish attitude nor too much force wise. Steady, smart application all day will net good results, perhaps unexpected gains. A good day on the whole.

DECEMBER 23 to JANUARY 21 (Capricorn)—Friendly Sun, Jupiter and Moon rays should encourage your best efforts, intelligent management. Financial and occupational matters favored. Try new ideas of value.

JANUARY 22 to FEBRUARY 20 (Aquarius)—Excellent aspects for home, family affairs; for adding artistic skill to whatever you are doing. Added stimulus for financial gain in business, real estate, merchandising.

FEBRUARY 21 to MARCH 20 (Pisces)—Your efforts may extend profitably beyond your own particular field today. It often pays to branch out—wisely.

• • •

YOU BORN TODAY are suited to the intellectual professions, can gather knowledge quickly, know how to use it advantageously. You may have to curb a tendency toward harshness, wanting your way too often. Cultivate your talents, have tolerance for those less bright and spirited. You can attain unusual success in any field you particularly like and for which you are trained, but you must practise consistency of effort. Pray for guidance, inner contentment. Birthdate: Sir Christopher Wren, scientist-architect; John Dewey, American philosopher.

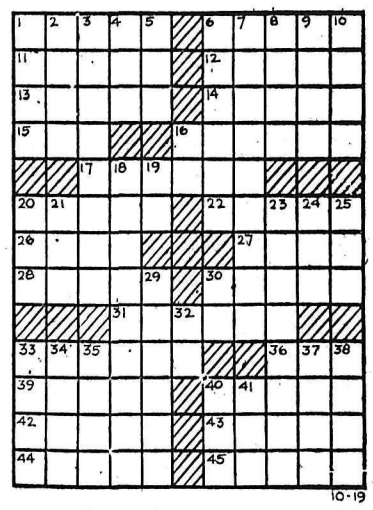
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

McIntyre-Porcupine Rejects Merger

TORONTO (CP)—The Telegram says proposals for consolidation of McIntyre Porcupine Mines Ltd., with Sheritt Gordon Mines Ltd., have been rejected by McIntyre directors.

The proposals, The Telegram said, were for consolidation by a group headed by Newmont Mining Corporation of the U. S.

McIntyre Porcupine is a major northern Ontario gold producer and Sheritt Gordon operates nickel-copper property at Lynn Lake Manitoba and a nickel refinery at Fort Saskatchewan, Alta.

Market Trends

NEW YORK (AP) — The stock market, buoyed by aircrafts, made a fairly good advance Tuesday in quiet trading.

Canadian stocks were higher. Hiram Walker gained ½, International Nickel ⅜, Distillers Seagram ¼ and Dome Mines ⅛. McIntyre was down two points to 71 after declaration of the regular dividend.

TORONTO— Papers lifted an otherwise listless industrial section into slightly higher ground on the Toronto stock exchange today.

Lake Cinch and Faraday advanced moderately in a quiet uranium section. Golds showed little trend.

MONTREAL—Pulp and paper securities were bright stand-outs in a narrowly mixed industrial list at the close of quiet trading on the stock market Tuesday.

Advances ranging from fractions to more than a point were boarded by the vast majority of issues in the group.

Utilities and base metals were narrowly mixed, banks and senior oils slightly lower. Beverages and steels generally held to an even keel.

LONDON — The London stock market Tuesday made a fairly satisfactory showing although there was reluctance to extend commitments before the re-opening of Parliament.

Gilt-edged stocks, which opened lower on selling, rallied and some gains replaced the losses.

Motor Vehicle Dictates Men's Lives, Says Good Roads Association Chief

OTTAWA (CP) — There are enough motor vehicles in Canada to load up and drive away with the whole population.

So far it has never been done—the claims of rush-hour drivers to the contrary. But in the opinion of C. W. Gilchrist of Ottawa, managing director of the Canadian Good Roads Association, the automobile has become an item of major importance in the average Canadian's life.

In a recent speech to the Rome meeting of the International Road Federation, Mr. Gilchrist offered some interesting facts about the ramifications of the auto industry in Canada.

"The motor vehicle has shaped our environment. It defines the area of our activities. It dictates our way of conducting business, of farming, of education, of courtship, and even our mode of crime and law enforcement . . .

"In 1954 Canadians spent more on their automobiles than on any other commodity and service, with the exception of food."

ONE FOR EVERY FOUR

There were 3,641,000 motor vehicles in Canada in 1954, or about one for every four Canadians. Only 10 years before, he said, there were eight people for every vehicle.

The number of trucks and buses had increased, too. Since 1944 their proportion of the total number of motor vehicles had grown from one-fifth to one-quarter.

The car has made Canadians a restless, shifting people, Mr. Gilchrist said.

"The average Canadian neither expects to follow in his father's footsteps nor to inhabit his house. He will move many times during his lifetime. He will probably wear out eight automobiles during his lifetime.

"He will continue to use his own automobile to drive to work though common sense dictates the use of public transport.

"During his vacation he will probably travel 3000 or 4000 miles in two weeks' time . . . On the average he will drive 10,000 miles each year."

Mr. Gilchrist said the average Canadian worker earns $3000 a year. If he operates a moderately-priced car and drives it 10,000 miles annually, it will cost him $900 a year or almost 30 per cent of his gross income.

Coast Prowler Stabs Householder

VANCOUVER (CP) — A knife-wielding prowler who warned he was going to use his weapon to kill, turned and fled from a south Granville home early Tuesday after taking a severe beating from the owner and his wife.

Storage company executive Walter D. Stewart used a two fisted attack to rout the stocky-looking prowler. His wife, Helen, turned the tide of battle when she hit the man over the head with a bedroom lamp.

Mr. Stewart was taken to Vancouver hospital for treatment of a fractured finger and a knife cut in the stomach. He was released after treatment. Mrs. Stewart escaped injury but suffered shock.

Publisher Questions Need For Paper Boost

QUEBEC (CP)—Emile Castonguay, president of the Canadian Daily Newspaper Publishers Association, said in a statement Tuesday that, judging by the profit situation of Canadian newsprint mills, "there is no justification for increased newsprint prices at this time."

Mr. Castonguay, who is also general manager of the Quebec daily newspaper, L'Action Catholique, was commenting on an announcement by the St. Lawrence Corporation of an increase of $5 a ton in the company's price, effective Nov. 1, making the price delivered at New York $131 a ton.

"My understanding is that the St. Lawrence Corporation has no Canadian customers," Mr. Castonguay's statement said. "It may well be that its announcement . . . is in the nature of flying a kite, to get a reaction."

"The federal government, I understand, has already looked into the question of possible combining in respect to the manufacture of fine papers, and the manufacture of glass and rubber. We surmise that our American neighbors might well question the good judgment of the Canadian government, equally investigating the motive if there is combined action on the newsprint front.

ADVISES PROVINCIAL CHECK

"Furthermore, it is about time that the provincial governments took a look at the way in which Canadian mills are discharging their trust to Canada in respect to our forests. A mad drive for export markets might well have far-reaching effects in destroying Canada's natural heritage.

"Smaller publishers will have to pass on to the man in the street part of the increased costs at this time. This will be a matter of considerable irony in Canada, where the man in the street is already being harassed with the cost of subsidized CBC television programs."

Urge Britain To Keep Out of IWA Contract

LONDON (CP) — Two British grain bodies and a London newspaper Tuesday urge Britain not to return to the International Wheat Agreement.

The National Federation of Corn Trade Associations and the Incorporated National Association of British and Irish Millers Ltd., issued objections to the IWA.

The Daily Express says that since quitting the association in 1953, Britain has saved millions of pounds.

"Two years ago this country was paying an average of more than £30 a ton for wheat. Today's figure is nearly £3 lower. On no account must Britain abandon this policy of unfettered bargaining which is bringing such substantial savings."

Britain, world's largest wheat importer, will join with other nations at Geneva, Oct. 26, in a UN conference to discuss the present IWA agreement and a successor next year.

WON'T COMMIT HERSELF

But she has declined to commit herself to any new agreement that may be worked out. She has not been an IWA member since 1953.

Canada is a major supplier in the IWA which works out buying and selling quotas and the price range on wheat.

The corn trade statement expresses the hope that the Liverpool wheat futures market will be able to resume its place as "the world's wheat barometer" and that flexible selling policies in exporting countries are required rather than any reimposition of international or domestic trade restraint.

Criticized For Letting Chain Stores Get Ahead

TORONTO (CP) — Canada's independent dealers were criticized here for standing by and letting the chain stores dominate the food trade.

F. A. B. Rands, general manager of the national foods division of the Canadian Retail Merchants Association, said the independent food dealers are 'letting the hole in the dike get larger and larger."

He addressed the annual convention of the Ontario Retail Merchants Association.

Mr. Rands said 2.4 per cent of Canada's retail food outlets are chain stores. Yet, he added, they account for 38 per cent of the sales. Independents with no affiliation make up 88 per cent of the outlets but sell only 19 per cent.

CAR MAKERS OPEN CANADIAN PLANT

TORONTO — Less than three years since the first car was shipped to Canada, the Volkswagen Company has officially opened a million dollar plant and offices here. The gala opening, followed in the evening by a banquet, was attended by the German ambassador, His Excellency Dr. Werner Dankwort; Ontario's attorney-general, Hon. Kelso Roberts, representatives of the Metropolitan and City Councils and leading business men. The parent company was represented by Manuel Hinke, export manager of Volkswagenwerk, G.m.b.H.

HOME FROM CONFERENCE In Canadian Civil Defence College at Arnprior, 42 miles west of Ottawa, are these newsmen representing daily papers of British Columbia. Of the 66 newsmen and radio and television representatives, B.C. had the largest contingent with 16, including Mrs. Frank Stead, a Nelsonite of the early 1900s, now CD public relations officer, Vancouver target area. She is the daughter of George Ritchie, who opened the Nelson Hardware store. A. B. Stanley of Arrow Lakes News, Nakusp, also attended. The conference was to inform the newsmen of Civil Defence work, and top Ottawa officials were heard and questioned. Here, from left, are R. Murdock, Victoria Colonist; A. W. Gibbon, Nelson Daily News; Maj.-Gen. F. F. Worthington, Federal CD Co-Ordinator who recently visited Nelson; R. F. Macey, New Westminster Columbian; P. Sherman, Vancouver Province; Paul St. Pierre, Vancouver Sun, and R. G. Wild, Vancouver Herald.

Seed Clouds to Make More Rain For B. C.'s Campbell River Area

By PETER MURRAY
Canadian Press Staff Writer

VICTORIA (CP) — Rainmakers are bombarding clouds over Vancouver island in a bid to provide more electricity for power-scarce industries.

The B.C. Power Commission, a crown corporation of the provincial government, hired a Santa Barbara, Calif., firm to boost rainfall in the Campbell river watershed, source of water for its biggest hydro-electric project.

The one-year contract signed last March is the first in Canada for North American Weather Consultants, which claims success in a number of projects in the U.S.

CAUTIOUS REPORT

Wary of a skeptical public, the rainmakers will make no outright claim of making more rain.

The element of doubt is always there. The rainmaker admits he needs rain clouds to start with, and who's to say the rain wouldn't fall anyway?

At the Campbell river project, now at the halfway stage, the company reports officialy only that it is having "some degree of success."

The firm's meteorologist on the scene says there are indications of a 17-per-cent increase in river runoffs in the target area, but not definitely attributable to the rainmaking operations.

He arrived at this figure by comparing runoffs of the Campbell river in the target area and the Sproat river in an outside "Control" area not affected by the cloud seeding. The runoffs are averaged over a number of years.

BIG PLANT AFFECTED

The power commission hired the rainmakers when a small spring runoff threatened to deplete the output of its 168,000-horsepower John Hart hydro-electric development.

The utility company serves an expanding pulp and paper industry in the area.

Commission officials don't give the cost of the operation but state that an increase of 10 per cent in precipitation in any one of the fall months would provide an extra $50,000 to $100,000 in terms of electricity sales. Such an increase would more than pay for the total annual cost of the project, they say.

The company is operating eight silver-iodide cloud-seeding generators at scattered points ringing the 564-square-mile watershed target area.

By next March, when the contract expires, it hopes to be able to prove conclusively that the power commission made a good investment.

Find Lost Boy In Freezer

ST. PAUL, Minn. (AP)—Three-year-old Mark Swanson was warm and snug in a hospital bed Tuesday after spending most of Monday afternoon trapped in a food freezer in the basement of his home.

Mark's mother, Mrs. Carl Swanson, missed Mark about 11:30 a.m. She searched the house and the area outside. Neighbors joined the hunt, then police.

About 3 p.m. a neighbor asked if Mrs. Swanson had looked in the upright food freezer in her basement. It was the only spot in the home that had not been checked.

CURLED UP ON SHELF

Mrs. Swanson opened the freezer door and there curled up on the bottom shelf was Mark. He was too cold and frightened to say what had happened. Somehow he had opened the heavy door and it apparently swung shut when he crawled in.

A doctor said Tuesday Mark told him he went into the freezer to look for his kitten.

Mrs. Swanson said doctors told her they believed the low temperatures slowed Mark's body processes sufficiently to prevent him from using up all the oxygen inside the box and suffocating.

Jail Business Head On Robbery Charge

TORONTO (CP) — Hans Tkaczyk, 59, former operator of a business called "Information Service for Immigrants," Tuesday was sentenced to three months in jail after pleading guilty to 27 charges of theft involving $2600 of his customers' money.

Det. Sgt. Cyril Cole testified that Tkaczyk undertook to arrange the passage to and from Europe for immigrants and also to send parcels and money overseas for them.

Jobless Number Creeps Higher

OTTAWA (CP) — The number of Canadians unemployed and seeking work in September rose slightly for the first time in six months as ideal harvest conditions shortened the season and resulted in a sharper than usual decline in farm employment.

Persons without jobs and seeking work Sept. 17 rose to 138,000 from 131,000 Aug. 20, but was well below the 168,000 in this condition earlier. Some 116,000 of the 146,000 decline were farm laborers, the report said.

Figures for the Pacific region, drawn from Victoria, Vancouver, New Westminster and Prince George, showed the number of job applications on Sept. 15 were up 3016 from Aug. 18 at 20,804. They were down 4101 however, from 24,905 a year earlier.

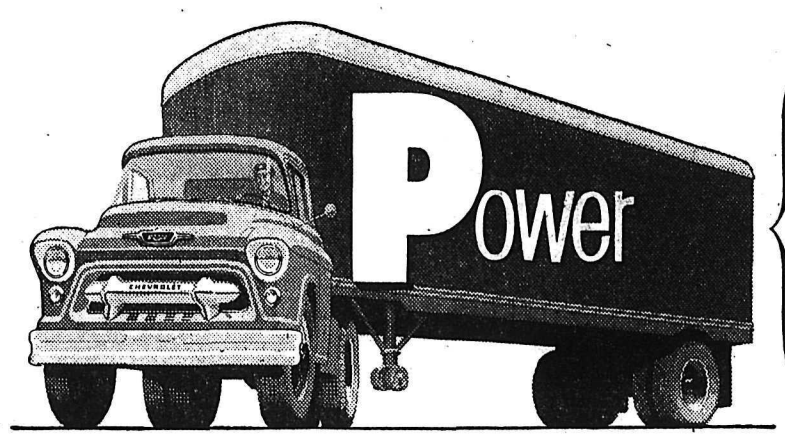
PAQUETTE — Funeral services for the late Andonias Paquette will be held at Perry Siding, Friday afternoon and interment will take place at Perry Siding Cemetery.

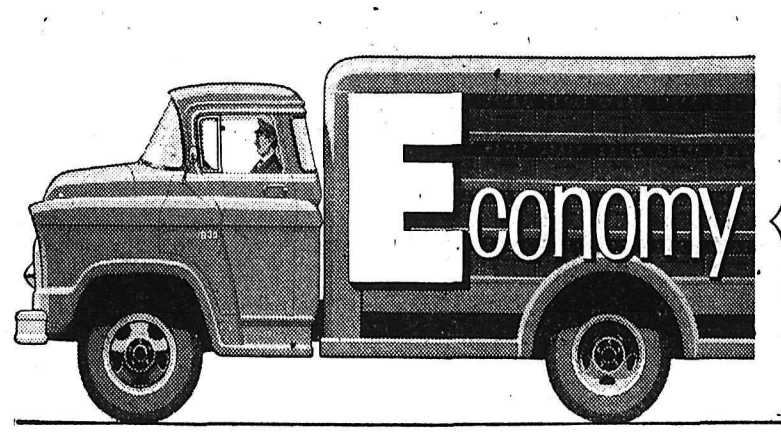


CHOICE OF V8 OR 6
With your new Chevrolet truck you can choose a short stroke V8 or the famous 6 cylinder engine to do your hauling job better with more power and economy.

LONG WEARING PISTONS
New alloy pistons and ring design, plus Pressure Lubrication, add new life to pistons — in both the famous 6 and the new short stroke V8's.

COMPRESSION RATIO
New highs in compression ratio give more instant response to power demands and squeeze far more power from every drop of fuel.

AXLES AND TRANSMISSIONS
Chevrolet's power carrying units can be tailored to your individual needs. In the rough, or on the road, there's a choice of transmissions, drive lines and axles for you.

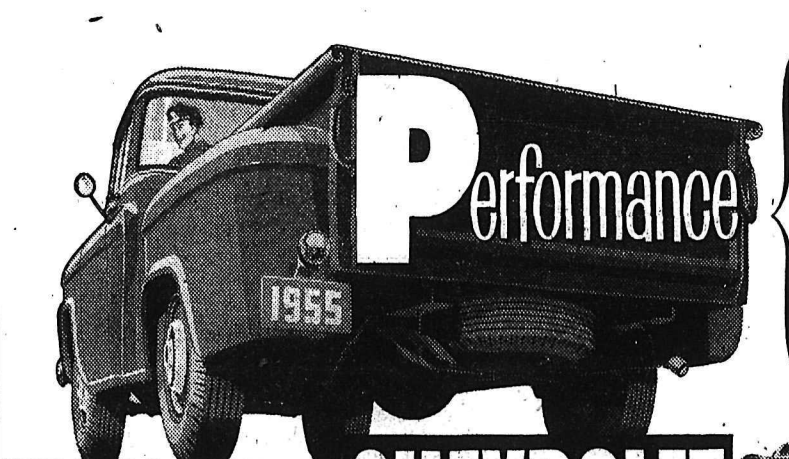


12-VOLT SYSTEM
Chevrolet's new 12-volt ignition system ensures faster starts, even during the coldest weather. Its hotter spark means more thorough combustion for greater economy, too.

STRONGER FRAMES
With Chevrolet, you get the added strength and full length support of new parallel-design frames, ensuring greater alignment strength.

TUBELESS TIRES
Greater traction, quieter running and increased protection from blowouts — these are just three of many reasons for the superiority of tubeless tires on the light duty models.

SMALL TURNING RADIUS
Now you can make tighter turning circles, get into smaller spaces with Chevrolet's smaller turning radius.



POSITIVE STEERING
Recirculating Ball Steering has been improved to give even greater ease. Power steering is available at extra cost on the heavy duty models.

IMPROVED VISIBILITY
Now you can see all round — with Chevrolet's wrap around windows front and rear (rear wrap around is optional at extra cost).

AUTOMATIC TRANSMISSIONS
These great transmissions make driving easier, automatically. They cut delivery times — and reduce wear and tear on the truck by always being geared right for the load and the road.

NEW DRIVE LINES
New Hotchkiss drive lines, now on all models, absorb drive and braking shock, and promote longer truck life
