Record Harbor Welcome for Queen

Panorama From Empire State Building Astonishes Elizabeth

By JOSEPH MacSWEEN
Canadian Press Staff Writer

NEW YORK (CP)—This vast city opened the floodgates of emotion Monday to greet Queen Elizabeth and Prince Philip on the final day of their North American visit.

Queen Elizabeth, aglow and animated in the fast-moving schedule, responded in a spontaneous way that obviously impressed more than 1,000,000 New Yorkers as rare, regal and sweet.

Ending their visit to Canada and the United States, the 31-year-old monarch and her husband:

Arrived by train and boat from Washington to a tumultuous, biggest-ever harbor welcome;

Heard the echoing cheers of thousands in the traditional, spectacular ticker - tape parade up Broadway;

Were welcomed at city hall by Mayor Robert F. Wagner, who later was their host at luncheon;

Visited the United Nations, where the Queen delivered a speech;

Went like tourists to the top of the Empire State Building to gaze upon the skyscraper wonders of New York.

But New York reserved its most glittering honors for Monday night, when the Queen was guest of honor at a dinner, and then a ball.

At the UN, it was a solemn, unsmiling Queen who stood at the UN rostrum, but in this hectic day she was a woman of changing—although always reserved — moods.

Some idea of the magnitude of the welcome could be gained from a statement by Chief Inspector Thomas A. Nielson, who said that 500,000 persons saw her drive on Fifth Avenue from the Empire State Building to the Waldorf-Astoria Hotel — a distance of 16 blocks.

The police estimated that a total of 1,250,000 persons had seen the Queen up to then.

The day began when the Queen and her husband arrived at Staten Island by train from Washington. At Staten Island, a motorcade took them to a bedecked army ferry — a humble boat in fine bunting.

The Queen, as she said later, wanted to see the New York skyline for the first time "as it should be seen, from the water."

As the royal ferry started a one-hour trip to the tip of Manhattan, past the Statue of Liberty, hundreds of craft of all sizes and shapes fell into loose formation.

Fireboats shot arcs of water skyward, and the falling spray formed rainbows in the autumn sun. Whistles blew and a tug with a band aboard sailed along beside the ferry, plaiyng saucy tunes.

When the New York skyline emerged through a morning haze the Queen said to Governor Averell Harriman, who was standing beside her on the ferry bridge "Isn't it exciting. I hadn't realized the buildings were crowded so closely together."

BEAUTIFUL VIEW

Ashore, ticker tape and torn paper of all kinds already was falling when the royal motorcade left the ferry.

Persons who accompanied the Queen to the 102nd-floor observatory of the Empire State Building said she was vastly impressed with the view.

"It's beautiful, it's beautiful," she was quoted as saying. "It's the most beautiful thing I've ever seen."

HOME AGAIN

By LLOYD McDONALD
Canadian Press Staff Writer

NEW YORK (CP) — Queen Elizabeth and Prince Philip ended their North American tour early today after a whirl - wind day and night in Manhattan, taking off for home by air more than an hour behind schedule.

The Queen and Prince Philip still were attired in their evening clothes in which they attended the formal Waldorf - Astoria dinner and a Commonwealth ball.

The Queen had a white fur evening wrap over her jewelled gown and still wore her diamond tiara which glittered in the flood lights as she climbed the steps to the plane.

The Queen preceded Philip up the steps to the aircraft where crew members stood at the salute. Then she turned and smilingly waved at the small crowd of reporters, cameramen, police and a guard of honor who were the only ones allowed near the plane.

A crowd of several hundred persons stood behind police barricades across the road from the terminal for more than an hour awaiting a last glimpse of the royal visitors.

And all the way along the 15-mile route from Manhattan knots of people stood to watch the motorcade despite the post-midnight chill.

Medical Exam Ordered for MLA

Clyne Says Sommers Ignored Order; Whereabouts Unknown to Counsel

VANCOUVER (CP)—Robert E. Sommers, former Lands and Forests Minister for British Columbia, has been ordered to undergo a medical examination here Thursday in the office of Dr. Russell A. Palmer, specialist in internal medicine.

The order was issued Monday by Mr. Justice J. V. Clyne in the B.C. Supreme Court when the slander action of Mr. Sommers against David Sturdy, Vancouver lawyer, was called for trial.

Mr. Sommers did not appear in court nor did he appear for a pre-trial examination October 7.

He was reported sick in mid-September, and not in a condition to attend a trial.

Dr. Palmer testified Monday that a condition Mr. Sommers is reported suffering from would not prevent a man from appearing in court.

Mr. Justice Clyne said Mr. Sommers had "just ignored" a court order to appear for examination for discovery early in the month and he adjourned the case to Oct. 28.

The whereabouts of the former cabinet minister remained a secret.

"I do not know his whereabouts," said Lorne H. Jackson, counsel for Mr. Sommers.

"It seems to me a very extraordinary thing that counsel doesn't know where his client is," said Mr. Justice Clyne.

"I do not know," replied Mr. Jackson. "I am only acting on instructions from solicitors."

Mr. Jackson asked for indefinite postponement of the trial because of the illness of his client.

FLOUTED ORDER

Thomas Dohm, counsel for Mr. Sturdy, asked the case be dismissed because "the plaintiff does not intend to proceed."

He argued Mr. Sommers had no status before the court because he "flouted a court order made by a judge of this court."

Mr. Justice Clyne said the case should be brought to trial in the public interest.

It is in the public interest that the case over "a serious charge, bribery . . . against a minister of the crown" must be concluded, said Mr. Justice Clyne.

The action was started 22 months ago after Mr. Sturdy presented a series of documents to the Sloan Royal Commission on Forestry.

Foot To Succeed Harding

LONDON (Reuters) — Veteran colonial administrator Sir Hugh Foot was named today to replace soldier Sir John Harding as commander-in-chief and governor of Cyprus.

Harding, 60, whose appointment in September, 1956, was seen as a measure to counter a violent Greek - Cypriot campaign to end British rule and unite politically with Greece, accepted the post for two years.

A colonial office announcement said Harding will return to England on leave in November "on the expiry of the period for which he accepted the post."

Syria Relieved UN To Deal With Crisis

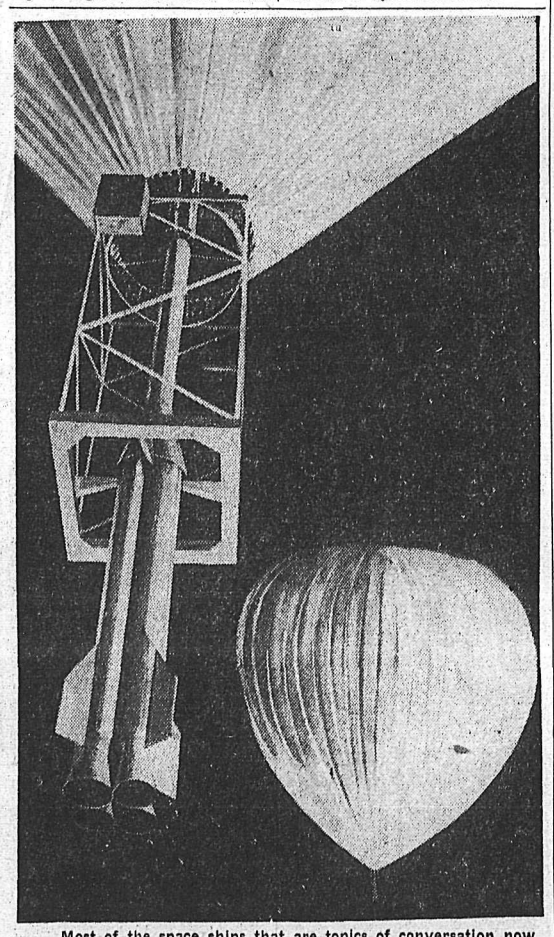
DAMASCUS, Syria (AP) — Syrian officials showed signs of relief Monday as their complaint against Turkey headed for United Nations debate. But officials maintained an alert and sharpened the country's "popular resistance organization" movement.

Syria and the Soviet Union charge Turkey has massed troops at the Syrian border, on the urging of the United States, and plans to attack Syria after the Turkish elections.

Some officials regarded as a hopeful sign the American verbal message delivered to the foreign ministry Sunday by U. S. charge d' affaires Robert C. Strong.

Strong was quoted as saying the United States supports Syria's complaint to the UN. The foreign ministry said Strong told them Turkey has openly denied aggressive intentions against Syria and that the "American government has no reason to believe Turkey's announcement is not sincere."

Acting defence minister Khaled Azem told reporters he feels "the situation is better than before," and is "confident the present crisis will end in Syria's interests."



Most of the space ships that are topics of conversation now that the Russian satellite is circling the earth, are still the dreams of artists and science fiction writers, but here is one rocket that is built and ready to go. It is the one now at Eniwetok atoll in the Pacific, which will be lifted by balloon to 100,000 feet above the earth and then fired into space. This one, or others like it, are expected to photograph the far side of the moon and return to earth. The diagram shows how the rocket assembly will be fitted to the balloon. When fired it will go up through the centre of the balloon.

$2,500,000 Plant

Creston Brewery Project Approved

Interior Breweries Limited plans for construction of brewing plant at Creston were approved at an extraordinary general meeting of shareholders at Nelson Monday.

Value of the complete project will be $2,500,000.

Financing has been completed with Ringland, Meredith & Co. Ltd. of Lethbridge, who headed a group of underwriters in Trail, Penticton, Vancouver and Calgary.

Residents of the Kootenays will have first rights to buy bonds, it was announced.

Plan to consolidate present brewing operations into one new plant was first announced April 10, when directors met at Nelson. At that time, it was stated that the company had bought 10 acres of land at Creston for a plant with an initial capacity of 75,000 barrels.

Capacity of the present plants at Fernie and Nelson is 60,000 barrels.

New warehouses are to be constructed at Nelson, Cranbrook and Trail as distribution centres.

Areas in and adjacent to Nelson, Trail and Fernie were investigated before the site at Creston was chosen.

RUSS CAN MAKE SUNSHINE TOO?

MOSCOW (AP) — A Soviet meteorologist claimed Monday Russian scientists can seed clouds to produce not only rain but sunshine.

The weather expert, Ivan Gaivoronsky of Moscow's Central Meteorological Observatory, said this actually was done on government orders for the Red Square parade Nov. 7, 1952.

Five planes, he said, took off from an airdrome 20 miles from Moscow and with dry ice dispersed clouds overhanging Red Square. The result, he said in a report in Pravda, was a bright sunny day for the big celebration.

An Associated Press dispatch from Moscow Nov. 7, 1952, reporting on the parade that day said: "Because of grey skies and low - hung clouds, the customary airplane fly-past was omitted."

Finlayson Sees Danger Signals

HARRISON HOT SPRINGS (CP) — Gowan Guest, Vancouver barrister Saturday was elected president of the B.C. Conservative Association to succeed H. S. Harrison Smith of Kelowna.

Leader Deane Finlayson, warned delegates they still have a tough job facing them provincially.

"There's no superman in sight to 'Deifenbaker' this province out of its difficulties," he said.

But he saw "danger signals flashing all around" the Socred government—"the civil service is near-revolt; hospitals and municipalities at the end of their patience and means; unrest in every basic industry."

U.S., U.K. TO EXCHANGE NUCLEAR DATA

LONDON (CP) — The cabinet Monday night authorized Prime Minister Macmillan to swap nuclear and space secrets with President Eisenhower as the starting point for a new allied program to meet the Soviet Sputnik challenge.

Government informants said the cabinet also agreed Macmillan should discuss prospects with Eisenhower of a fresh approach to an East - West disarmament pact in their talks beginning in Washington Wednesday.

The informants said Macmillan has the approval of his colleagues to seek a stronger, more united British - American policy in the Middle East. Such a policy would supersede the Eisenhower doctrine, which Britain considers has failed to check the spread of communism through the area.

Fourth Blast Wracks Pipeline

RIVERS, Man. (CP) — Manitoba's fourth Trans-Canada Pipeline explosion in one month Saturday ripped up 100 feet of pipe, sent flames 500 feet into the air and shook windows in a 20-mile area. The blast occurred eight miles north of here.

A company spokesman at Winnipeg said Monday the explosion occurred during routine testing operations and people in the area had been warned previously of the testing. No one was injured. The line now is again in operation and testing is continuing, he said.

A small fire at the scene was extinguished by the Rivers fire department.

W. J. D. Bate, working in a field three-quarters of a mile from the explosion scene, described the blast as a "dull boom."

The earlier explosions were at Bagot, 22 miles west of Portage la Prairie, at Ste. Germaine, 12 miles south of Winnipeg; and at Portage la Prairie.

Canada Looks to R. China Market

By DAVE OANCIA
Canadian Press Staff Writer

OTTAWA (CP) — Canada is to make an effort to re-establish trade contacts in Red China, with emphasis on selling some of this country's huge stockpile of wheat.

Trade commissioner C. M. Forsyth-Smith and external affairs officer Thomas Pope, both based in Hong Kong, are expected to leave for Peiping within two weeks to discuss trade between the two countries.

But there is little likelihood that this will be a step towards establishing diplomatic relations between China and Canada. Prime Minister Diefenbaker said Monday the Progressive Conservative government has no intention of recognizing the Communist regime.

Informants said Mr. Forsyth-Smith will make a special effort to dispose of some of Canada's 1,100,000,000 bushels of wheat, but discussions are to cover the entire range of non-strategic items.

VANCOUVER (CP)—Ten of the 20 Canadian Pacific Railway trainmen suspended last week for refusing to cross oil strikers' picket lines at an Imperial Oil Company plant here have been reinstated.

Frank Doyle, Vancouver secretary of the brotherhood of railroad trainmen, said the other 10 may be reinstated today.

Says Subs Could Launch Missiles

PRINCE RUPERT (CP)—Submarines lying off the west coast of the Queen Charlotte Islands could launch guided missiles at Vancouver and Victoria as well as nearby Prince Rupert and Kitimat, a Canadian naval officer said here Monday.

Lieutenant - Commander F. C. Pettit, naval schools relations officer for British Columbia and Alberta, was addressing high school students in Prince Rupert on the "challenge of the sea."

He said the range of submarine-launched guided missiles was "at least 500 miles" and a missile-carrying sub was one of the most lethal weapons of war.

The crafts were also useful in weather reporting, radar plotting of ship and aircraft movements, mine laying and landing of spies and sabotage personnel.

Lt.-Cmdr. Pettit's talk followed confirmation by the navy's Pacific Command last week that there was considerable evidence that unidentified submarines, presumably Russian, have been operating off the B. C. coast in recent months.

Parliament Monday

By The Canadian Press

Prime Minister Diefenbaker rejected Hon. Lester B. Pearson's suggestion that UNEF components patrol the Turkey - Syrian border.

Alexis Caron (L — Hull) accused the government of disrupting national unity, saying French-Canada was forgotten at cabinet makeup time.

Lucien Cardin (L — Richelieu-Vercheres) said any government action to remove debate-limiting closure would lead to anarchy.

Transport Minister Hees said the government has no present intention to name a new transport controller.

Trade Minister Churchill introduced the government resolution on cash advances for farm-stored Prairie grain, likely to be debated Thursday.

Turkey Agrees; Syria Reluctant

UNITED NATIONS, N.Y. (AP)—Turkey announced Monday night it has accepted an offer from King Saud of Saudi Arabia to mediate the Turkish-Syrian crisis. Syria appeared to be holding back.

This word came as Sir Leslie Munro, president of the General Assembly, called a meeting for today to begin debate on the Middle East problem.

Turkish Ambassador Seyfullah Esin said his government has informed the Saudi Arabian monarch that it is prepared to take part in mediation efforts. Esin heads Turkey's UN delegation.

But Syria denied published reports that Damascus has agreed to mediation now.

A statement from the Syrian UN delegation said such reports are "not in conformity with fact."

Western delegates conferred privately on the best way to counter Syria's Soviet - backed charge that Turkey is about to start war in the Middle East. Diplomats at the UN believe Syria wants a full airing of its charges in the assembly before considering any other course.

CLC Brief Draws No Comment From Diefenbaker

By JOHN LeBLANC
Canadian Press Staff Writer

OTTAWA (CP) — Prime Minister Diefenbaker, receiving the Canadian Labor Congress' annual legislative brief for the first time, made no major specific pledges Monday but promised full consideration to a wide series of representations made by the 1,000,000-member body.

Mr. Diefenbaker made no comment on two CLC demands for royal commissions—one to investigate methods of settling industrial disputes and the other to draft a wholesale revision of immigration laws.

Nor did he comment on an interim congress proposal to split the citizenship and immigration department to hand immigration to the labor department and place citizenship under the secretary of state's department.

Ironworkers Out on Strike

VANCOUVER (CP) — About 150 B.C. ironworkers went on strike Monday to back up demands for a 41-cent-an-hour wage increase.

The men, members of Local 97 of the bridge, structural and ornamental ironworkers, receive $2.14 an hour. They rejected a conciliation board award of an increase of 37 cents an hour over two years.

A spokesman for the local said picket lines will be placed around the projcets Tuesday.

Winter Hits Alberta

CALGARY (CP) — More than five inches of snow was dumped across southern Alberta Monday, the first major snowfall in the last two weeks. It followed a period of sunny bright fall days.

Drifts snarled city and highway traffic. Several roads were closed. Winds gusting to 30 miles an hour whipped the snow into piles as high as 10 feet.

Forecasts said there would be no letup until Thursday when warm Pacific air is expected to blow across the province. Temperatures Monday night dipped to 10 degrees and the high today was predicted at 20. More snow is also forecast.

Liberals Renew Disunity Charge

OTTAWA (CP) — Liberal Commons members from Quebec Monday renewed bitter criticisms of Prime Minister Diefenbaker's Progressive Conservative government, accusing it of disrupting national unity and dismissing the rights of French - speaking Canadians.

Alexis Caron of Hull and Lucien Cardin of Richelieu - Vercheres joined during the Commons throne speech debate to make their charges.

Mr. Caron said Mr. Diefenbaker had forgotten French - Canadian rights by naming only two French-speaking members to the cabinet—one - tenth of the ministry's strength—to represent one-third of Canada's population.

Mr. Cardin, former parliamentary assistant for external affairs, said the new govenment offered "sensationalism rather than sound" policies, "fanfare rather than facts," and "sophistication rather than solutions" to Canada's problems.

Mr. Cardin criticized Mr. Diefenbaker's announcement last week of plans to remove debate-limiting closure from the Commons rules.

If this is done, he said it will open the way to "cripple Parliament and pave the way for anarchy."

Freights To Have Short Wave Radio if Firemen Eliminated

OTTAWA (CP) — The CPR intends to install short-wave radio equipment on freight trains operating west of Calgary and Fort Macleod, Alta., if it receives permission to eliminate firemen on freight and yard diesel locomotives, a company official said Monday.

L. R. Smith, general superintendent of the railway's Saskatchewan district, made the announcement as the Kellock royal commission resumed hearings on a dispute over the use of firemen on CPR diesels.

The company wants to eliminate firemen gradually from yard and freight diesels. The application is opposed by the Brotherhood of Locomotive Firemen and Enginemen (CLC) which staged a nine-day strike over the issue last January.

Mr. Smith said the installation of radio equipment would facilitate switching and other train movements along the twisting roadbeds in Alberta and British Columbia.

A master transmitter and receiver would be installed in each locomotive cab. There would be a "walkie - talkie" transmitting and receiving units at the front and rear ends of the train.

Mr. Smith said the railway does not consider radio equipment necessary on freight trains operating east of Alberta.

Gov't Approves $825,000 For Centennial Projects

VICTORIA (CP) — Centennial projects are being approved at a rapid rate and present "a very pleasing picture of additional community facilities for British Columbia," L. J. Wallace, Centennial Committee chairman, said Monday.

The board of directors in two recent meetings approved some 60 grants for permanent projects and for celebrations in 1958.

More than $825,000 now has been approved in direct 40 cents per capita grants for celebrations and in 60 cents per capita matching grants for lasting memorial projects. Roughly 225 of a possible 312 grant applications have been approved.

"We expect to have all applications completed well before the end of the year," said Mr. Wallace.

Already, 55 community parks and children's playgrounds have been approved. Several swimming pools are planned, 40 community halls are to be built, along with libraries and museums.

"The park - playground areas alone will make a wonderful addition to British Columbia's 116 provincial parks of all classes that cover slightly more than 8,000,000 acres," Mr. Wallace said.

SEEK PAY HIKE

VANCOUVER (CP) — A general wage increase of 21 cents an hour will be demanded by 1500 members of the Vancouver Civic Employees Union (outside workers), it was announced Monday.

NEW YORK (CP) — The Canadian dollar was 5-32 higher at a premium of 3 27-32 in terms of U.S. funds; a week ago 3 17-32 per cent premium. The pound sterling was 9-32 higher at $2.80 5-32.

MONTREAL (CP) — The U.S. dollar closed at a discount of 96 5-16 per cent in terms of Canadian funds, down ⅛. Pound sterling $2.69 13-16, down 1-16.

DRUNK TRAFFIC COPS?

PARIS (Reuters) — Carbon monoxide fumes can make motorists "drunk" and can even affect policemen on traffic duty in busy streets, a police chemist reported Monday.

And in This Corner . . .

OTTAWA (CP) — Canadian customs officials are trying to figure out what to do with a dwarf cow abandoned at a Saskatchewan-U.S. border customs office.

A. S. Kenney, secretary of customs in Ottawa, told delegates to the federal-provincial tourist conference Monday that the midget cow was left at the border point by a U.S. carnival.

U.S. customs officials refused to allow the animal to enter the States, Mr. Kenney said, and the carnival owner just left it at the Canadian customs office.

Mr. Kenney, who did not disclose what port of entry the incident occurred, told delegates that customs are baffled, and:

"It's eating its head off at the expense of the federal agriculture department."

Schools for Basketball Refs At Nelson, Trail

In an effort to teach proper handling of basketball games, including use of time clocks and whistles, the Community Programmes Branch, in co-operation with school boards and recreation commissions, will hold basketball refereeing schools Wednesday and Thursday in Nelson and Trail.

Leaders will be J. A. Willox and Charles Laidlaw of Vancouver, who have refereed Senior 'A' basketball games there and were instrumental in drawing up a constitution for a B.C. basketball referees' association.

Classes will be held Wednesday in Nelson, with a session for students in the afternon at L. V. Rogers High School and for adults at night in the Civic Centre. Thursday they will be at Trail, in J. Lloyd Crowe High School during the afternoon and the Cominco Gymnasium at night.

Gas Expected To Be Turned On Thursday

Meter setting and actual turn-on of natural gas will commence about Thursday, Inland Natural Gas Company Ltd. officials said Monday.

A staff of experienced personnel purging services at each home or building are nearing completion of this work. When this is finished, qualified Inland personnel will "assure turn-on being made as fast as efficiently possible," they said. The officials were clarifying a report in Monday's paper in which the term "inexperienced" rather than "experienced" men was used.

Sommers Affair Termed 'Mockery'

TRAIL (CP) — Harry Lefevre, re-elected president of the Rossland-Trail CCF Association Saturday night, criticized what he termed "the unfortunate disappearance of our MLA, R. E. Sommers."

He told the meeting which elected him: "The whole affair is a mockery of the justice of our land. It is an insult to the intelligence of the people of this constituency."

Mr. Lefevre charged that the Mining Act and the Municipal Act were hurried through the legislature after being "thrown in" almost on the last day of the session.

He referred to the Wenner-Gren project as a "colossal giveaway."

O'Malley Leads Dodgers to L.A.

BROOKLYN (AP) — Walter O'Malley, president of Brooklyn Dodgers, will lead a group of 30 officials and employees of the baseball club to their new National League home in Los Angeles in a special plane leaving Wednesday.

CCF Needs Different Approach Today, Says Anniversary Speaker

Today's CCF party needs a different approach than the groups which started the CCF in 1932 in Calgary, Arthur Turner, MLA for Vancouver-East since 1941, told about 50 local CCF members Monday night in Legion Hall.

The "hungry thirties saw Canada in rebellion," he said, but now people's attitudes are changing and there is more work to be done. Mr. Turner said better labor legislation and other benefits have detracted from interest by younger people in politics. This, he said, is because "the more you have, the more you want."

During its first quarter-century, the CCF, according to Mr. Turner, has had a "considerable" influence in Canadian affairs. He mentioned hospital insurance, low income housing, old age pensions, and greater educational benefits as some measures which the CCF spearheaded.

"Human values should be predominant," CCF believes, which lead to a "conflict of values" with other parties. For instance, he thought natural gas should be distributed in B.C. by the B.C. Power Commission, instead of by private companies. This, according to Mr. Turner, would decrease prices. At present the Public Utilities Commission can only see that the B.C. Electric does not make more than six and one-half per cent on its investment.

OPPOSES "DEALS"

CCF sees no reason, he continued, why Canadian natural gas should be offered to American companies at less than Canadian consumers would be asked to pay. He said the party was opposed to deals for natural resources that would carry on indefinitely. Rather, he thought such deals should be for stated periods. "No government has a right to commit another government," he said, or how could provisions be made for changes in public thinking?

Turning to the proposed Wenner-Gren operations in Northern B.C., Mr. Turner said a small Industrial Development Act gives the B.C. government the right to make deals regarding natural resources without going to the legislature.

Canada's wealth and development should be translated into security, employment and other benefits for her people, the MLA said.

B.C.'s politics had reached a "rather unique" point, he said, when the province's civil servants were "anxious to walk out on strike." They asked for the same bargaining rights as some other labor groups receive. Mr. Turner said the Social Credit party had taken the same attitude as past B.C. governments on this point. He also reminded the audience that nurses in four B.C. cities had been frustrated until they were "willing to leave the job."

Mr. Turner noted that two per cent was added to the B.C. sales tax when B.C. hospital insurance premiums were discontinued some time ago, but said the Socreds are witholding $2,500,000 belonging to the hospitals.

Turning to matters affecting the CCF, Mr. Turner said the party commands a large, consistent vote across Canada. He said people had stayed in the movement for years because they knew why it came into being as part of a world growth. He advocated consistent methods to educate new members.

A committee appointed at the last B.C. executive meeting submitted the following suggestions to stimulate the movement: constituencies should told regular executive meetings instead of waiting until district needs become apparent; ridings should plan to expand memberships; some project, such as forums, should be undertaken this Fall or Winter; and early attention should be given to possible election candidates, since early nomination gives candidates a better chance to meet people and groom themselves for the job.

AROUSE INTEREST

Panel discussions on subjects of public interest are being held in Vancouver East members' homes this year, also study groups on "Twentieth Century Socialism," published in Britain. Mr. Turner said there is a chance of starting people to think if they get interested in public affairs, and said the groups are getting new people who "come a second and third time."

Increased activity would bring more members and more funds to the movement, he reminded his listeners.

Regarding the B.C. Game Conservation Fund, Mr. Turner pointed out B.C. sportsmen had voluntarily agreed to increased hunting and fishing licences on the understanding that the increase was to be set aside to fish and game conservation. At its last session the legislature voted to absorb the fund, then totalling $297,000, into general funds, which, said Mr. Turner, "was not an honorable transaction." He said estimates for the B.C. fish and game department are down $165,000.

The speech followed an anniversary pot-luck supper and concert. Entertainers were Miss Doreen Spiers, who danced the Sean Thrubis, Miss Patricia Cutler, who did a sword dance, little majorette Miss Joanne Stewart, Mrs. Mabel Ward, who whistled a bird song and "Danny Boy", and H. J. Jonsson, who sang "Bless This House" and "Home on the Range". Accompanist for the Scottish dancers was pipe major George (Butch) Milne, and Mrs. Hugh Herbison was pianist.

The audience then joined in a sing-song led by chairman for the evening, Mr. Herbison.

Silence was observed in memory of Mrs. W. A. Tickner and Maryon Woyna, former party workers.

Development of Columbia River power resources will be discussed on a CCF radio forum tonight. Chairman will be Robert Foxall, and panelists will be Mrs. Fred Heddle, B. C. Affleck, and Robert Cunningham.

FIRE PREVENTION WEEK CONTEST WINNERS NAMED

Winners of awards for the poster and essay competition held during Fire Prevention Week have been decided by the panel of five judges, men from Nelson Fire Department. Winners represent every school in Nelson.

This competition, endorsed by the mayor and City Council and conducted by the fire department, drew enthusiastic response from school children of all ages. Prizes were donated by Nelson businessmen.

In the elementary school class, grand prize winner was Miss Margaret Bandy of Central School, who won the Ken Yale Trophy and Cup. Winner of the first prize was Bob Junger, who received a small travelling clock. The second prize winner was Marnie Banner of Hume School, a ride in a plane of Pacific Western Airlines. Third prize in this class went to Philop Scott of Hume, the winner of two dollars and a 25-pound bag of flour.

There was a special award of two dollars given to a young lad of grade 2 for his poster, which the judges thought deserved special mention. This award was given by the firemen.

Entries from Nelson junior-senior high schools, the grand prize winner was Karin Owens, who received the Bodard Adjustment Bureau Trophy and Cup. Karin attends the L. V. Rogers High School. First prize winner, Warren Laine of the Junior High School won a season ticket to senior hockey games. Second prize of $15, was won by Donna Kendall. Mariane Ludwig was the third prize winner of $10.

Essays judged best in the elementary school group were: grand prize, $15 from Hartridge Insurance Adjusters, won by Robert Drury of Central School; first prize of $10, won by Laura Swetlikoe of Central School; second prize of $8, going to Kit Somerville, and third prize, a plane ride, won by Frank Burgess.

In the junior-senior high school group, the grand prize was won by Margaret Catley. This prize was an automatic toaster. First prize winner was Barbara Gayle, who received $15. Second prize, a sport shirt, was won by Janice Petty. The third prize, $2 and a 25-pound bag of flour, was awarded to Lena Viola. These last three entries are all pupils of St. Joseph's School.

Harper Elected To Institute

Nelson's city clerk, C. W. R. Harper, has been elected a Fellow of the Chartered Institute of Secretaries.

Notification of his election without examination came earlier this year, but it was not until last week that he received his membership certificate. The presentation to Mr. Harper and other newly-elected Fellows took place at a banquet meeting of the B.C. chapter in Vancouver.

The presentations were made by Dr. James C. Bonar, chairman of the Canadian Division Organization Committee and past chairman of the Canadian Advisory Council. Dr. Bonar is assistant secretary of the Canadian Pacific Railway.

Mr. Harper's election is in recognition of business and administrative ability. Fellowship is based on standards set by the Institute which was founded in London in 1891.

APPLYING CHRIST'S TEACHINGS EMPHASIZED

The vital necessity of individual application of the teachings of Christ Jesus was emphasized at Christian Science services Sunday.

Keynoting the Lesson - Sermon entitled "Doctrine of Atonement" was the Golden Text from Psalms (80:19): "Turn us again, O Lord God of hosts, cause Thy face to shine; and we shall be saved."

Selections read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy included: "Implicit faith in the Teacher and all the emotional love we can bestow on Him, will never alone make us imitators of Him. We must go and do likewise, else we are improving the great blessings which our Master worked and suffered to bestow upon us."

From the Bible was read (II Corinthians 5:17): "Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new."

EGG PRICES DROP

Prices to producers for grade A eggs are about 15 cents below those paid a year ago, and at least seven cents below prices last month.

New prices effective Saturday announced by the Kootenay Poultry Co-operative Association at Fruitvale were: large, 55 cents a dozen; medium, 45 cents; and small, 34 cents; compared with 70 cents, 65 cents and 47 cents on October 1, 1956, and 62 cents, 55 cents and 41 cents on September 6, 1957.

Hollywood, Calif. — Lauro Salas, 129, Los Angeles, outpointed Lulu Perez, 129, New York, 10.

More Comfort Wearing FALSE TEETH
Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

Former District Mountie in Car Accident

PORT COQUITLAM (CP) — Two RCMP officers were injured Saturday when their car rammed a power pole after being struck by another vehicle as they sped to the scene of an accident in which five persons were injured.

Officers said Cpl. J. R. Payne and Const. G. N. Hubbard were on their way to a head-on crash involving a truck and car east of here on the Lougheed highway when a car sideswiped their vehicle, forcing it off the highway.

Const. Hubbard was reported in "satisfactory" condition Sunday night at Royal Columbian Hospital, New Westminster. Cpl. Payne was released after treatment.

Cpl. Payne formerly served about 10 years in Kootenay RCMP detachments at Salmo, Castlegar and Invermere.

SENATORS TURN DOWN MOVE

WASHINGTON (AP) — Washington Senators Monday rejected invitations to move to Minneapolis or St. Paul.

The American League baseball team's board of directors also cold - shouldered what a club spokesman described as feelers from two other unidentified cities.

COSSACK CONCERT TONIGHT

The world-famous Don Cossack choir and dancers are returning to Nelson to perform at L.V. Rogers High School tonight. Last year the group which is presented by the Kiwanis Club drew over 1400 people to their performance in Nelson.

The General Platoff Don Cossack choir's 25-members are concert and recording stars and have performed throughout the world since 1927 under the leadership of Nicholas Kostrukoff.

They offer an impressive selection of liturgical music, folk songs, Cossack melodies, religious music, battle songs and dances and include such thrilling dances as the Cossack Knife Dance wherein a dancer juggles 10 knives. The Don Cossack reportoire also includes some current popular American songs.

The Cossacks are White Russian emigrants who fought against Communism in Russia.

This group has given over 6000 performances in at least 65 different countries and on six continents.

111th Battery News

Daily orders, part 1, by Lt. F. W. M. Drew, commanding officer.

1. Duties—Orderly NCO, Oct. 22, Sgt. L. J. Clarkson; next for duty, Oct. 29, Bdr. M. G. Bennett.

2. Parades — Training parade, Oct. 22, training as per Syllabus; sports parade, Oct. 24, 1950 hours.

3. Syllabus — Drill, Sgt. R. E. Mason; first aid, Capt. H. H. Smythe; fieldcraft, Sgt. R. E. Mason.

5. Weekend Scheme: There will be a weekend scheme Oct. 26 and 27, times and places to be posted on Oct. 24.

Non-Recognition of Red China Hit

ROSSLAND (CP) — Prof. G. O. Davies told delegates to the annual West Kootenay and Boundary teachers convention here that the policy of Canada and the U.S. in not recognizing Red China has placed that country in Russian hands.

Prof. Davies, assistant professor of history and international studies at the university of British Columbia, told the 500 delegates that because of non-recognition, the Chinese have geared their existence "to the Soviets' master plan."

He said that China will become the "most powerful nation the world has ever seen" if it is able to keep up to the Russian rate of development.

Students May Attend Opening of Bridge

Nelson School District Board passed a motion at their Monday night meeting granting permission to school children who wish, to attend West Arm Bridge opening ceremonies, provided students first appear at school for roll-call after noon, on November 7.

This motion followed the reading of a letter from Mayor Joseph Kary which requested a half - day holiday from school November 7 to mark the new bridge opening and to enable school pupils to attend the ceremonies. However, the board decided it would be best to simply allow school "to be let out early" rather than taking off the entire half day. It was pointed out that if the entire half day were to be granted, permission would have to be first obtained from the Department of Education at Victoria.

Permission was granted by the rentals committee for Hume School activity room to be utilized Saturday mornings throughout the winter months for a children's film program, starting Saturday. This was the result of a letter of application from Hume PTA, stating Hume School PTA planned this year to sponsor the children's film program which has operated in past few years in the Nelson Junior High School. Film programs consist of a showing each Saturday morning from 9:30 a.m. to 11:30 a.m.

Three P.T.A. members would be present for each program to direct the children, set up and clear away the chairs and see that everything is left in good order, it was stated.

Permission was granted by the rentals committee to Salmo Badminton Club to use the Salmo Junior-Senior High School on Sundays.

Having recently returned from a tour of Eastern Canada, board chairman F. N. Emmott told the board that after having visiting many schools throughout the nation, he could "safely say" that he had not seen a school anywhere that had such a fine interior or was maintained and kept in such good condition as L.V. Rogers High School.

Concert Artist Betty Allen To Present Varied Program

A program ranging from songs of early Italian and English composers to contemporary compositions will be presented Friday in Nelson by the young mezzo soprano Betty Allen.

Miss Allen's concert will open the 1957-58 series of the Nelson Overture Concert Association. She will be accompanied at the piano by Dorothy Swetnam Hare.

The program will begin with a group of songs by Galuppi, Caccini, Dowland, Ford and Handel; the second section will be devoted to the Zigeunerlieder of Dvorak, and the next selections will be songs by Poulenc, Respighi and Persico. Miss Allen will return after the intermission to sing four songs in The Life of Christ arranged by the Negro tenor Roland Hayes, and finally, songs by Horsman, Dunhill and Quilter.

Born in a small town near Youngstown, Ohio, Betty Allen began her musical training at an early age. In 1951 Leonard Bernstein chose her as soloist in his "Jeremiah" Symphony, and the following year Virgil Thomson chose her for the major role of St. Teresa in his and Gertrude Stein's opera "Four Saints in Three Acts." The opera had a Broadway run and went on to Paris where it was acclaimed. On her homecoming Miss Allen found engagements waiting. She was the choice of Fritz Mahler for soloist with the Hartford Symphony in the Verdi "Requiem." She appeared at Lewisohn Stadium and at the New York City Centre, and she won the Marian Anderson award.

TOURED FRANCE

Before leaving for her North African tour in 1954, Miss Allen appeared with the Boston Symphony under Charles Munch as soloist in Honneger's "La Danse des Morts." The success of the program in Boston merited its repetition in Carnegie Hall, and earned new plaudits for Miss Allen. After the North African tour, Miss Allen had more engagements in France and made her first appearances in Italy. In 1955 she again went to France, her 31-concert tour of the previous year having been expanded to 45 concerts. In 1956-57 she toured the United States and Canada, a highlight being her New York Debut in the title role of Honneger's "Judith."

Memberships for the Nelson Overture Concerts are still available.

SPEEDING FINE

Jacob Gerbrandt of Nelson was fined $10 and costs Monday when he pleaded guilty before provincial court Magistrate William Evans to speeding at Fernie. The case was waived to Nelson.

Retired Operator Of Second-Hand Store Dies

CRANBROOK — Operator of a second-hand store here for more than 25 years, William Thompson died at St. Eugene Hospital Sunday at the age of 77. He came here in 1922 to open the store which he continued until a few years ago when he retired. He had been in hospital with a fractured hip since July.

He was born in Grantham, Lincolnshire, England, and came to Canada and Simcoe, Ont., as a young man. After several years in various Ontario towns he settled in Winnipeg where he was a baker.

In 1920 he came to the Kootenays and ranched at Harrop for two years before coming here. He married the former Rachel May Bardgett in Cranbrook in 1925 and she survives him at their home. Also surviving are two sons, William in Vancouver and Ernest in Cranbrook, and six grandchildren.

NAKUSP MAN DIES AGE 52

NAKUSP—Harold George Bates, 52, of Nakusp, died recently, Burial took place place Saturday in Vancouver.

He is survived by his wife, Mrs. Joyce Bates, his mother, Mrs. A. L. Bates of Matsqui, B. C., three sisters, Mrs. James Thresall of Matsqui, Mrs. J. Henderson of Dawson Creek, and Mrs. L. C. Waddington of Vancouver.

Cranbrook Legion Plans For Nov. 11

CRANBROOK — Final approval of a $7200 contribution to the Dr. F. W. Green memorial home society fund offered conditionally in early summer was given by Cranbrook branch of the Canadian Legion at its October meeting. It matches equally the combined B.C. centennial committee and city grants for this purpose, and these three along with the excellent response to the society's business and industrial canvass in September have made possible the start on the foundation and sub-floor of the home.

For Remembrance Day the branch public morning memorial ceremony at the cenotaph. Parade marshall A. J. Weir reported the parade fall-in at the armouries will include the branch members and auxiliary, the Militia Battery, band and school cadet corps. Speaker following the placing of wreaths and sounding of the Last Post will be Rev. F. D. Wyatt, branch chaplain. Informal club house activities will round out the rest of the day's program.

Resignation of Mr. Wyatt, chaplain for the past five years, was accepted with regret. He is moving shortly to the ministry of the Anglican Parish at Rossland.

Nominations for election of branch officers in December were set for the November meeting of the branch which will also have mass initiation of the newly recruited members of the 1957 drive by the branch.

Co-operative Action Urged In Use of Fruitvale Hall

FRUITVALE — A special meeting, sponsored by the Recreation Commission, was held in the Memorial Hall when representatives of the organizations, the hall committee, hall management committee and Welfare Society discussed how hall could be used to greater advantage. Special speakers at the meeting were Robert Stangroom of Nelson, regional consultant of the Community Program Branch and Mr. Green, YMCA secretary at Trail.

Mr. Green said the problem facing the Fruitvale people was not a local type of problem, that other hall committees and communities were facing the same problems. The trend today, he said, was towards club activities rather than community efforts.

Mr. Stangroom outlined the formation and purpose of the Advisory Council and Recreation Commission, the latter being the "executive of the Advisory Council", and subject to the sanction of the Village Commissioners who appoint one of their members to this. The School Board also appointed a representative to the Commission.

Wilfred Martin, chairman of the hall committee and management and Ralph Leckett, chairman of the Welfare Society, outlined the operation and duties of their committees in relation to the hall. Mr. Martin outlined the need of work parties at the hall to make needed repairs and upkeep of the hall. It needs $6200 to bring the hall from under its mortgage and more to finish the hall basement for other activities. Volunteers for these work parties can contact him, he said. The schedule of rentals was also being revised and would be distributed shortly to the organizations and posted in the hall.

All present felt that the hall could be used successfully if all would work co-operatively.

TRAIL — Mrs. J. H. Sumpton, sister of Mrs. Neil McDonald of Trail, died October 10 in Saskatoon hospital. Also surviving are one stepdaughter, Mrs. Maurice Passmore in Vancouver; one stepson, Charles Sumpton of Vancouver; one son, Bernard Belore of Portland; three grandchildren; three sisters, Mrs. E. Eye of Hudson Bay, Sask., Mrs. S. G. Shea of Wilkie, Sask., and Mrs. J. Morham, also in Saskatchewan; four brothers, Thomas Cowan of Iowa, Joseph Cowan of Milwaukee, Harold Cowan of Long Beach, Calif., and Percy Cowan in Alberta.

Piped-In Television Likely For New Denver by Mid-December

NEW DENVER — Good progress is being made on construction of the New Denver-Silverton Television Society's installation of a cable system to supply television to this area. Those who wish it may also receive a radio hook-up to the radio aerial service, also on the mountain. The main cable is now up to the site for the antenna located on Carpenter Mountain about 4000 feet. The trail to the Capella mine has been cleared to the mine shaft and a further 200 yards beyond the mine, the path has been extended to where the head sets are located. The antennae for Channel 4, Spokane, main amplifier including a broadcast band and radio amplifier are in place at the head end site.

The cost of a TV hookup is $125, plus an additional charge, of $15 to have radio hookup included.

The latter will bring in a much stronger radio signal and isolate some of the local interference.

Interest in the district has been keen. Installation is on a volunteer basis and to date the response has been gratifying.

It is hoped that by Nov. 16 weekend it will be possible to have a test set in operation at a public place.

Date of service to the public is planned for mid-December.

Seven Fatal B. C. Accidents in Week

During the week ending October 20, there were 24 traffic accidents but no fatalities in the Nelson RCMP subdivision, resulting in seven prosecutions.

Throughout the province there was a total of 237 traffic accidents during the week, seven of the mishaps were fatal resulting in nine deaths. There were 108 prosecutions.

F. G. WEBB DIES AT KIMBERLEY

KIMBERLEY — Frederick Gordon Webb, repairman for the Consolidated Mining and Smelting Company at the Sullivan mine for the past four years, died at his home after a long illness. He was 46.

Born at Winnipeg, he had worked at various points in Manitoba as electrician and miner before coming here in 1953. He is survived by his wife, Edith, and two young sons, Richard and Leslie at their home here, and a brother, Raymond, in Winnipeg. He was a member of Selkirk Lodge, Kimberley, AF and AM.

Procter Hall Officers Named

PROCTER — A new slate of officers for the coming season was elected at the annual meeting of the Procter Community Hall Society, naming Colin Major president, Charles Ferguson vice-president and Mrs. C. A. Brady as secretary-treasurer, a position she has held now for two terms. The new executive consists of W. A. Henke and Mrs. G. A. Phillips. Auditors are Mrs. Alec J. Garner and Mrs. C. Fitchett.

An intensive membership drive is under way, and a motion to waive delinquent dues and offer renewal of membership at 50 cents was passed. The Hall Society will continue to leave all entertainments and socials in the hands of the Centennial Committee with all returns from these earmarked for the project fund.

Free firecrackers will be given to the children at a Hallowe'en social to be held on November 26 and plans are under way for a special Christmas party of progressive whist. All Procter organizations are to be requested to cooperate in the arrangements and donation of prizes.

A vote of thanks was accorded to the retiring president Joseph McMullin, and a letter voicing appreciation is to be sent to Mr. and Mrs. John Persello, former members who have moved to Crow's Nest.

Fruitvale Club Gets New Name

FRUITVALE — The "70 and Over" club which has been meeting at the home of Mr. and Mrs. W. Veitch since Spring, decided recently to call itself the Fruitvale Senior Citizen's Club.

The meetings will, beginning Thursday, be held in the Parish hall in order that people aged 65 and over may join. President is John MacPherson, vice-president Mrs. Charles Mason, secretary-treasurer Mrs. John Sadler, and refreshment convenor Mrs. E. Young.

FINED $20

Joseph Tiszolczi of Osoyoos was fined $20 and costs Monday when he pleaded guilty before Magistrate R. S. Nelson to driving without a driver's licence.

Science Now Shrinks Piles Without Pain or Discomfort

Finds Substance That Relieves Pain And Itching As It Shrinks Hemorrhoids

Toronto, Ont. (Special)—For the first time science has found a new healing substance with the ability to shrink hemorrhoids and to relieve pain and itching. Thousands have been relieved with this inexpensive substance right in the privacy of their own home without any discomfort or inconvenience.

In case after case, while gently relieving pain actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne)—discovery of a famous scientific institute.

Now this new healing substance is offered in *suppository or ointment* form called *Preparation H.* Ask for it at all drug stores—money back guarantee.

Apathy of Voters a Danger

The News Letter of the Canadian Chamber of Commerce has an article on "Political Immorality" which states that political immorality and public apathy seem to go hand in hand. It suggests that there would appear to be ample evidence that both conditions exist in Canada at the present time.

To support its contention of public apathy the letter says that the recent June election saw 75.1 per cent of eligible voters casting their ballots, while in Western Germany last month 90 per cent of the voters exercised the franchise.

Without considerably more information it would be unwise to venture on the reason for this disparity, but the fact that only a few more of the voters than three-quarters cast their ballots in Canada supports the charge of public apathy.

The letter also refers to the fact that last year the Reverend Louis O'Neill and the Reverend Gerard Dion charged that votes were bought and election officials corrupted in an election. Though the letter does not say so, this was the Quebec election, and can hardly be said to be typical of the whole country.

But the letter is right when it says that political immorality is the reflection of personal morality. The man who has a high standard of personal morality will also have a high standard of political morality. Taken in the aggregate, then, a community with high personal morality can be expected to have a high political morality.

At the present time public apathy in municipal elections is very marked. Such apathy in no way stimulates the best candidates to come forward. On the contrary, it is an encouragement to those who are actuated by the "what is in it for me?" motive. Quite rightly they argue that an apathetic electorate at election times is not likely to scrutinize their acts in office very carefully or to do much about them.

Probably the greatest evil of the present day is our apathy towards right and wrong. A thing is either right or wrong, and an act just or unjust. It makes no difference that a wrong has persisted for some time. Age does not hallow evil, and tolerance towards it does not make it reputable. The fact that some Coast doctors received kick-back by subterfuge does not make the practice respectable, but the attitude which says that this has always been so is calculated to induce others to embark on courses of doubtful rectitude.

Despite all this, there do not appear to be many signs that political immorality is at present affecting municipal or provincial government, but to ensure that this shall always be good the voters must continue to carefully scrutinize the words and acts of their representatives.

Garden Path to the Moon

It detracts not the slightest bit from the credit due the Russians for launching the world's first satellite into inner space to reflect that they have played the propaganda end just as shrewdly. "Moon travel next" was one of the accompanying themes; so right off, people of influence all over the West said we just simply must manage to get there first.

That was, of course, precisely what the Russians hoped we would say. Obviously, if the democracies could be lured up the garden path of lunar travel, they could do so only at the expense of things on earth. But the voice of realism horned in, as it always does. Sir Harold Spencer Jones, British scientist, says it will be generations before men land successfully on the moon. But he hinted that it is not impossible "if any country is prepared to devote sufficient resources in money and manpower."

Money and manpower — that's the nub (and the rub). One visit to the moon, even if accomplished, would only raise and complicate the needs for further visits; for the value to science in these things lies not in data alone but in the comparison of great varieties of data. And the value in world prestige lies not in getting such knowledge but in making it public. Thus, Iron Curtain countries outside Russia are described as being only mildly interested in the man-made moon.

And if we want to go further afield we can speculate on what it doesn't mean to a billion Asians and Africans who still think in terms of pedestrian movement and even hand-hauled plows. One tractor in their midst, one power station to replace their oil and tallow lamps, might well stir more animated interest than all the world's jet fleets circling the moon. For to chronically hungry people the test of these things is still whether you can eat them.

—Toronto Globe and Mail.

Rebel Now Whip

Curious things occur in politics as elsewhere. The name of Dr. Pierre Gauthier, M.P., Portneuf, now crops up as Liberal whip. Yet it was not so many years ago he quit the Liberal Party, crossed the floor of the Commons and sat, briefly, as a Bloc Populaire member. This group, which soon passed out of existence as an entity, was composed of a few ardent anti-conscriptionists.

Dr. Gauthier was among the most fervent, breaking with the Liberal Party on the issue. He felt, however, there was small future as a member of a small group in the Commons. He resigned in 1944 to contest a riding in the Quebec provincial elections, as a Bloc Populaire, but was defeated.

By the time of the 1945 federal elections, World War II had ended in Europe. Conscription was no longer a live issue. Dr. Gauthier got the Liberal nomination in Portneuf and has been a member of the Commons ever since. His past disloyalty to the Liberal Party forgiven, he now has the important position of its whip in the Commons.

—Windsor Star.

It's Been Said

Life must be based on positive and permanent values. The value of love will always be stronger than the value of hate; since any nation or group of nations which employs hatred eventually is torn to pieces by hatred within itself.

President Franklin D. Roosevelt.

Watch Your Language

EXTENSOR — (eks-TEN-ser) — noun; one who stretches. Anatomical—a muscle which serves to extend or straighten a limb or part. Origin: Late Latin.

Gems of Thought

PRAYER

Prayer is not eloquence but earnestness.
—Hannah More.

Prayer, in its simplest definition, is merely a wish turned God-ward.—Philip Brooks.

What we most need is the prayer of fervent desire for growth in grace, expressed in patience, meekness, love, and good deeds.
—Mary Baker Eddy.

Trouble and perplexity drive me to prayer, and prayer drives away perplexity and trouble.—Philip Melanchthon.

If you would have God hear you when you pray, you must hear Him when He speaks.
—Thomas Benton Brooks.

Let us be silent that we may hear the whistper of God.—Emerson.

Performance Is the Test

Premier Bennett's announcement that the Wenner Gren interests would launch a $500,000,000 hydro-electric development in the Peace River, is a precursor to a still larger and previously announced industrial enterprise in Rocky Mountain Trench, and this without concessions from British Columbia, makes interesting reading. The plans are reported to now include a 4,000,000-horsepower hydro-electric system using an immense artificial reservior, some mention of a 400-mile monorail system connecting with the north, and possibly a stock flotation in which Canadians would be invited to participate.

From the premier's words one would infer that the decision to act had been reached. There has also been reference, however, to a two-year period after surveys before final commitment, at some time in 1959. Dr. Wenner Gren and his associates already have formed a British Columbia company, which has been in existence for some months. If no concessions are sought from the province there need be nothing to stop the company from proceeding with its plans at its own risk and cost; receiving the same treatment from the province as would any other company resistered in B.C. If, however, special concessions were sought—by way of land, water powers, rights or otherwise—an enacted agreement would become necessary. We cannot imagine any final agreement being effected without the endorsement of the legislature; at which time its express terms and conditions would be fully open to review.

Twice before British Columbians have had dangled before them the roseate vision of "industrial empires" in the north. One was the Frobisher-Ventures scheme, and the other the Alcoa plan; both contemplating the putative outlay of hundreds of millions of dollars in hydro-electric development in northern B.C. territory. Neither, however, eventuated in fact. Against that background, the Wenner Gren project will be watched with considerable interest. The cost of the initial projects has been stated as between four and six hundred million dollars. That would be an impressive outlay for any industrial enterprise to undertake. It would be a large amount even with governmental backing, not implied here.

The Wenner Gren development would cross no international border so that no question of federal assent appears to be involved. Feasible and productive as the harnessing of the Peace River drainage system might be, intensive industrialization of an area so exposed as Rocky Mountain Trench must inevitably invite many challenging questions. There is also the fundamental one, that of energy supply in flux on a continent where gas, oil and nuclear fission are coming into conflict with the older established forms of thermal and hydro-elecric generation. The proof, however, must rest on action; and two years may answer that, one way or ah other.—Victoria Colonist.

Ontario's Wealth

It seems that Premier Frost does not recognize that much of the taxable wealth of Ontario, of which he wants a greater proportion from Ottawa, is derived from business done by Ontario-based companies in other provinces. The Canadian Bank of Commerce, headquarters at Toronto, is an example. It paid Ottawa $7,232,266 in income tax last year but 443 of its 774 branches are outside Ontario. Mr. Frost feels he is entitled to 15 per cent of such a levy instead of the nine per cent now allowed by Ottawa.

There are the other banks, the chain merchandising firms, the automobile manufacturing concerns, the oil companies and a long string of additional corporations doing business from Ontario on a national basis and paying sums running into hundreds of millions into the national treasury.

TODAY'S BIBLE THOUGHT

He that doeth the will of God abideth forever. First John 2:17.

There is no law of God that can be violated with impunity. All have been evoked by Divine Love.

Aunt Het

Emily has elegant table manners in public. It's when she's eatin' a snack in the kitchen that she shows her raisin'.

Your Individual HOROSCOPE

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

For Wednesday, October 23, 1957

MARCH 21 to APRIL 20 (Aries) —Outstandingly good rays in some departments. Sound, solid matters and work requiring strength and endurance especially favored. An intelligent attitude can take you far now. Extra care suggested in personal affairs.

APRIL 21 to MAY 21 (Taurus) —Good influences. Use them purposefully and objectively, and do be careful to avoid extremes and extravagance. Seek competent advice where needed.

MAY 22 to JUNE 21 (Gemini) —A splendid setup for you now, with your Mercury, the Sun and Saturn in benefic aspects. Be mindful, however, of selfish motives; don't give them leeway. A time to show your truly fine qualities.

JUNE 22 to JULY 23 (Cancer) —Your Moon suggests that you be circumspect. Don't be petty and don't give too much thought to yourself. Put your fine generous nature to the fore. Occupational interests, most sound endeavors favored.

JULY 24 to AUGUST 23 (Leo) —The Sun is in stimulating aspect and this, together with other encouraging vibrations, should stimulate, encourage you to achieve much now. Avoid any domineering tendencies; be co-operative and you will win more.

AUGUST 24 to SEPTEMBER 23 (Virgo)—Especially favored now: study, research, investigations, new discoveries, advancement in science, art, nuclear experiments.

SEPTEMBER 24 to OCTOBER 23 (Libra) — While the rays are not wholly auspicious for private matters, benefic influences from the Sun and Saturn can be used to your benefit in job affairs.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — Your Saturn in excellent position. You should have a most productive day. You should be exceptionally keen mentally, but don't be arbitrary; look for and give pleasant co-operation.

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — Discriminate carefully so as not to waste time or energy on pointless projects. The day is strongly benefic and can be gainful if you handle things as cleverly as you can.

DECEMBER 22 to JANUARY 20 (Capricorn)—Saturn, the Sun and Mercury all in auspicious positions A pleasant outlook if you are industrious. Don't overdo but be your capable self. Gains in your occupation indicated.

JANUARY 21 to FEBRUARY 19 (Aquarius) — Be careful not to make sudden unpremeditated decisions or changes. Forethought, accuracy and mature deductions are necessary. Take time to allocate duties smartly and you will achieve.

FEBRUARY 20 to MARCH 20 (Pisces) — Be your skillful, painstaking self, and you can achieve a great deal now. You need never bungle things if you take time to plan and use strategy.

YOU BORN TODAY are innately competent, proficient, and can accomplish in a variety of ways. You are daring and never tire of activity, yet are calm in emergencies and practical-minded. Curtail any tendency to domineer or think your way the only good one. You are quick of action, purposeful in intent and persuasive, but curb inclinations to heed flattery or to delay doing things until the last minute. Birthdate of George (Edw. Bateman) Saintsbury, Eng., literary critic.

Builder Urges Inquiry Into Labor Unions

MONTREAL (CP)—A Toronto builder said today "it is high time that the status of labor unions in our present day society should be reviewed."

T. N. Carter, president of the Canadian Construction Association, was addressing a luncheon of members of the association's management committee and the Montreal Builders' Exchange.

"Generally speaking," Mr. Carter said, "labor legislation in Canada assumes that unions are mere collective bargaining agencies. In actual fact they are well - established business institutes and, in the case of closed or union shop agreements, are contractors for the supply of labor. In a number of instances, unions have very substantial financial resources."

Unions should have complete legal status, Mr. Carter said.

"They should have the right to sue in the courts and they should be liable to be sued in their own name as operating businesses." he said. "They should be as responsible for any break of contract or other civil wrong which they may commit, as are the contracting employers in the industry with whom they deal."

Russ Intends To Launch A-Power Ship

LONDON (Reuters)—Russia intends to bolster her propaganda success with Sputnik by launching the world's first atom - powered surface ship this year, The Daily Mail reports today.

The newspaper says British experts believe that if the Soviet plans go without a hitch, the ship will be cruising before the satellite comes down.

The report says the atom ship is the 16,000 - ton Lenin, an ice-breaker, which has been under construction in Leningrad for little more than a year.

Divorce Story Absolute Nonsense — Rossellini

GENEVA (AP)—Italian movie director Roberto Rossellini said today all talk of a divorce from his wife, Ingrid Bergman, is "absolute nonsense."

Rossellini arrived from Bombay and changed planes in Geneva to join Ingrid in Paris for two days. He told reporters: "I am going to Paris in about an hour to spend two days with my wife."

A reporter asked: "What about your lady friends?"—referring to Indian movie star Sonali Das Gupta, with whom Rossellini has been romantically linked.

Rossellini smiled and replied: "I have no lady friend."

"What about these divorce rumors?" he was asked.

"That is absolute nonsense," he replied.

"Does that mean that you are going to live with your wife again?" a reporter asked.

The smile left Rossellini's face and he replied sharply: "My wife and I have never parted and have no intention of parting."

He said after spending two days in Paris he would go briefly to Rome and then return to India to complete his yet unnamed film there.

Miss Bergman, who is playing on the Paris stage, has denied rumors of a rift with her husband over his reported romance with Mrs. Das Gupta.

The Indian woman arrived in Paris Oct. 6 and hasn't been heard of since. Rumors were current that she hoped to persuade Miss Bergman to let her have Rossellini, but the actress angrily said she hadn't seen Sonali and didn't plan to.

CEA Pesident Slashes Popular Myths . . .

Says Free Trade Useless Against Import Licenses

By FORBES RHUDE
Canadian Press Business Editor

SEIGNIORY CLUB, Que. (CP) The way to cut taxes is to cut them, J. S. Vanderploeg of Toronto, president of the Canadian Exporters' Association, said today in an address to the association's annual meeting.

"I have no patience," said Mr. Vanderploeg, "with people who claim that taxes can't be reduced because it would be inflationary, or because the public expects a high level of government spending.

"Reduction of taxes should take the heat off prices and the steam out of wage demands, because business and individuals would have more of their own money left to spend as they see fit, instead of having the government spend it for them."

DOLLAR VALUE

Mr. Vanderploeg also said that any artificial tinkering with the value of the Canadian dollar would be a cure "worse than the disease" and that proposals for free trade between Canada and the United Kingdom would be largely meaningless by themselves.

In his tax comments, Mr. Vanderploeg, president of Anaconda American Brass Ltd., said any reduction in prices made possible by tax cuts would increase the purchasing power of past savings as well as of current earnings—a double gain.

"Lower prices," he continued, "would or should reduce the cost of government, as an expenditure of less money would buy the former volume of goods and services if, indeed, the former volume was needed.

"History shows examples of reduced tax rates that resulted in an increase in the volume of sales, from which was realized more tax revenue than was true at the former high rates."

DESERVES STUDY

Turning to the British suggestion to abolish tariffs between Canada and the United Kingdom, Mr. Vanderploeg said that over a period of years the suggestion might possess merit in some directions and therefore deserved further mutual study.

Generally speaking, however, existing Canadian tariffs on British goods barely began to offset the difference between the wage and salary scales of the two countries.

"The proposition would be rather meaningless anyway if not accompanied by abolition of the import licence system, so that English importers would be allowed the dollars to pay for any goods which Canada could successfully sell."

MORE DISADVANTAGES

Discussing the premium on the Canadian dollar, Mr. Vanderploeg said millions of words had been spoken and printed about the "hardships to exporters" caused by the premium.

However, "it would appear that, broadly speaking, the advantages of a cheaper dollar might be more than wiped out by the disadvantages."

"Money of itself has no value. Currency tinkering (which used to be called 'coin clipping') is just another form of price manipulation, or the equivalent to attempting to banish a fever by changing the figures on the thermometer."

In regard to Canadian trade with the United States, Mr. Vanderploeg said that for every $1 per capita the United States buys from Canada, Canadians purchase more than $15 per capita from the United States. Surely this constituted "too much of a one-way street."

The obstacles which the U.S. puts in the way of freer trade were well known, but there had been encouraging recent reports of progress in the American customs simplification program, which should be helpful, he said.

At the Sunday morning service of St. Paul's - Trinity United Church, nine babies were christened by Rev. E. Donovan Jones. The baibes being christened were Kenneth Murray Elder, son of Mr. and Mrs. J. D. Elder; Phyllis Eleanor Mae Laithwaite, daughter of Mr. and Mrs. L. L. Laithwaite; Beverly Jean LaPointe, daughter of Mr. and Mrs. H. LaPointe; Pamela Alice Lipsack and Penelope Joy Lipsack, daughters of Mr. and Mrs. Fred Lipsack; Alan Rodwell Mason, son of Mr. and Mrs. E. R. Mason; Leith Ann McDougald, daughter of Mr. and Mrs. Keith McDougald; Kenneth David Whiteley, son of Mr. and Mrs. F. A. Whiteley; and Gordon William Christensen, son of Mr. and Mrs. C. Christensen.

* * *

Mrs. J. D. Yeatman and son Julian and daughter-in-law, Elspeth, have returned from Eastern Canada to South Slocan for a short stay.

RCMP Uniforms Colorful at Nuptial Rites

CASTLEGAR — An impressive double-ring ceremony took place in St. Rita's Church, Castlegar, uniting in marriage Marie Mercedes Joyce, eldest daughter of Mr. and Mrs. W. W. Schwartzenhauer, and Const. Alexander John Link of Kimberley detachment of the RCMP, son of Mr. and Mrs. Peter Link of Vermillion, Alta.

On the altar were bouquets of all-white chrysanthemums, and the family pews were marked with tiny white bells.

Rev. Father E. Brophy officiated at the nuptial mass with the bride's brother George, and Andy Shutek as servers.

The bride, who entered the church on the arm of her father, wore a ballerina length gown of white lace over tulle and taffeta. The bodice featured an Italian neckline, tiny cap sleeves and velvet trim. Her chapel veil fell from a sequined tiara. She carried a mauve orchid mounted with lilies of the valley on a white prayerbook.

Bridesmaid for her sister, Miss Lorraine Schwartzenhauer was gowned in a waltz-length frock of pale blue brocade with a dropped waistline and fitted bodice with a square neckline. She wore a white feathered bandeau in her hair and carried a dainty nosegay of pink carnations nestled in pink tulle and ribbons.

The bride's youngest sister, Germaine, was flower girl. She wore a short dress of white flocked nylon over pale blue crinolines, with a wide blue taffeta sash, and a white headdress. She carried a smaller replica of the bridesmaid's bouquet.

Const. Barry Beaulac of Cranbrook was best man and ushers were Const. Paul Gilchrist of Vernie and Const. Len Healey of Nelson. The groom and his attendants were in the full dress uniform of the Royal Canadian Mounted Police.

After the ceremony, 85 guests assembled at the Hotel Marlane for a wedding luncheon and reception in honor of the couple.

The head table was centred by a three-tiered wedding cake, flanked with pale tapers, the decorations in the hall being pale blue and white with wedding bells predominating and a profusion of fall flowers.

Father Brophy was asked to say grace. Mr. Andy Shutek acted as toastmaster. The toast to the bride was proposed by Mr. Gordon Pettitt. The bride's aunt, Mrs. Leo Couture of Rossland cut the wedding cake and Mrs. Pat Renwick and Miss Mildred Mansfield of Nelson served.

For her daughter's wedding, Mrs. Schwartzenhauer chose a dress of brown figured taffeta with matching jacket, beige and brown accessories and complemented by a corsage of yellow carnations. Mrs. Link wore a royal blue tailored dress with beige accessories and a white carnation corsage.

The couple left for a honeymoon trip to Vancouver, Seattle and other points. For her going away outfit the bride chose a teal sheath dress trimmed in white, topped by a black duster with red and black accessories and a corsage of white carnations.

Out-of-town guests came from Vancouver, Seattle, Vermillion, Kimberley, Trail, Rossland, Nelson and Deer Park.

Surprise Party Held For Couple

A surprise party was enjoyed by Mr. and Mrs. C. Healey, now of Nelson, when their former neighbors at Willow Point gathered to honor them at the home of Mr. and Mrs. A. H. McElroy. The guests of honor were presented with a television lamp by their friends. An entertaining evening was spent with music and dancing. The co-hostesses with Mrs. McElroy were Mrs. M. Heddle and Mrs. J. Mitchell.

AT CONVENTION

SILVERTON—Mrs. Dick Avison is spending a few days in Vancouver with her daughter Mary Ann Avison, nurse in training at the Royal Jubilee Hospital, Victoria. She will also attend as delegate for the Slocan Community Hospital Board the hospital convention held in Vancouver.

ONE OF CANADA'S representatives at the United Nations in 1957 was Mrs. Harry S. Quart of Quebec. A graduate of St. Louis Academy at Quebec, she was prominent in wartime work of the Woman's Voluntary Services and was made a member of the Order of the British Empire.—(CP Photo)

Shower Honors Kimberley Bride

KIMBERLEY — Mrs. Ludy Ahrens, the former Sheila Byrne, was honored recently when 35 guests gave her a miscellaneous shower at the home of Mrs. Della Mackie, Ritchie Townsite.

Co-hostess was Mrs. Gunda Lien.

The gifts were presented in a decorated carriage by Patty-Gail Owens who was dressed as a miniature bride. Prize winners were Mrs. D. Worth and Mrs. T. Mellor.

Wed In Saskatchewan, Couple To Live Here

Marriage vows were exchanged in a wedding ceremony in St. Paul's Anglican Church in North Battleford, Sask., when Jane Elizabeth Turner, daughter of Mr. and Mrs. George Turner of Glaslyn became the bride of Kurt Eugene Gustafson, son of Mr. and Mrs. H. Gustafson of Perry Siding. Rev. Mr. Huggill of Meota, Sask., performed the ceremony.

Entering the church on the arm of her father, the bride was lovely in a floor length gown of floral net over tiered net, with the bodice ornamented with sequins. A matching headdress held her finger-tip veil and the bridal bouquet was of roses and carnations.

Miss Ruby Turner was her sister's mai dof honor and the flower girl was the bride's niece, Brenda Laird. They wore matching semi-formal length dresses of blue crystalline, and each carried a bouquet of carnations.

The bride's brother Gordon, supported the groom, and the wedding music was played by Mrs. L. A. Tatchell.

At the reception in Legion Hall in North Battleford, the bride's mother was attired in a pink dress with white accessories. Their corsages were of white carnations.

For the honeymoon trip to Banff and Jasper, the bride donned a tweed suit with blue accessories. The happy couple will reside in Nelson where the groom is employed.

Fruitvale WA Sends Clothing To Korea

FRUITVALE — Sufficient good used clothing had been collected, members of St. Paul's United Church Woman's Association learned at their meeting, to send five parcels direct to Korea and a big box to the clothing depot at First United Church in Vancouver. Postage on the Korean parcels was paid by the Circles as their special missionary effort.

Plans were made for catering late in October and for the fall bazaar on November 30.

Mrs. Fred Haines, Girls' Councillor, gave an interesting account of the summer session she had attended at Naramata's Christian Leadership Training School on girls' work.

Party Held For Mrs. McKeever

BOSWELL — A farewell tea party for Mrs. McKeever who sails for England Wednesday, after visiting her daughter, Mrs. Roy Koch, for five months, was enjoyed at the Wallace home by many friends Gifts of remembrance, were presented to Mrs. McKeever and a scroll made from birch bark and signed by the women's club members, was presented by the club president, Mrs. S. J. Cummings.

Silverton Club Resumes Whist

SILVERTON — The Silverton Whist Fan's Club has recommenced its bi-weekly drives of the season. These are held in the Municipal hall.

High score for the women was won by Mrs. Janet Graham and for the men Ted Anderson. Refreshments were later served. Convenors were Mr. and Mrs. A. E. Tremain.

Sanca Notes

SANCA—Mrs. J. P. Saxby-Hawkins had as guests, Mrs. A. Smith, Miss B. McCulley and Miss M. Eaglesham, all of Lethbridge.

Mr. and Mrs. F. Holmes had as guests recently Mr. and Mrs. R. Vroom of Cloverdale, and Eric Sandeman and Jack Sandeman of Cawley, Alta.

Mrs. D. V. West is spending a few days visiting her brother and sister-in-law, Mr. and Mrs. R. J. Mulloy in South Slocan.

Miss Sylvia Koch spent the weekend with friends in Spokane.

Mrs. F. Holmes is visiting relatives in Cawley for a few days.

Boswell Notes

BOSSWELL — Mr. and Mrs. Taylor of Boswell have as their guest their daughter, Mrs. Alexander of Victoria, who is visiting them for a few weeks.

Thanksgiving visitors at the home of Mr. and Mrs. Harry Bell were Mr. and Mrs. Newman of Edmonton, Mrs. Boles of Foxwarren, Man., and Mrs. Roy Schweitzer of Duffield, Man.

Miss Ethel Holiday-Smith has closed her Summer home here and moved to Nelson for the winter.

Handicapped Children's Work Outlined to Willow Point PTA

A talk on her work with handicapped children was given by Mrs. P. Deerward to members of Willow Point Parent-Teacher Association at the October meeting. She told the audience something of her work with the Handicapped Children's School in Nelson and also a training course she had taken at summer school at University of B. C. At conclusion of her talk, Mrs. Deerward answered questions about her work.

Final plans for a Hallowe'en party for the school children were made. It was announced there would be a working party on the previous night to decorate the church hall for the party and a request was made to any parents who could help, to turn out. A recommendation made by the executive to change the meeting night from the third Wednesday to the fourth Tuesday of each month was endorsed.

Mrs. P. Green's room won the attendance award by a narrow majority.

At close of the meeting, Mrs. J. Arichuk presented R. Burills with a past president's pin.

South Slocan Club Begins New Season

SOUTH SLOCAN — First meeting of the season for the school community club was held in the elementary school. Mrs. R. Askew, president, introduced two of the new teachers, Miss Isaac and Louis Hanic, both teachers at Mount Sentinel high school.

Mrs. E. Wallach gave the treasurers report, stating that total club funds amounted to $149.12, including the clubs $63 share of proceeds from the May 24 program.

J. Street gave the scholarship committee's report on the recent award of the $200 scholarship to Robert Catton, of Crescent Valley, and 1957 grade 12 graduate from Mount Sentinel.

Mrs. D. Axworthy was nominated to fill a vacancy on the three member scholarship committee, Mr. Street being chairman and H. E. Dahlquist a member.

Mrs. Hazel Street announced commencement of the children's film program on October 29.

Mr. Street reported for the ways and means committee, whose main efforts last season were the decorating and refurbishing of a small teachers room in the elementary school, and a clean-up of the schoolground. Elected to a new ways and means committee were Mr. Axworthy, Mrs. N. Baker, Mrs. L. Sinclair and G. Penniket.

The annual children's Christmas tree party is planned for December.

New Denver

NEW DENVER — Mrs. K. Okura of the staff of the Slocan Community Hospital in New Denver has returned from her holiday, which she spent visiting relatives and friends in Toronto.

Mr. and Mrs. Albert Firsher and family from Idaho have taken up residence on Eighth Street.

S. Inouye has had as guests his daughter, Mrs. S. Tanabe, who has been staying with him for the past six months, his grandson Rodney, and his son-in-law, E. Tanabe, who has been here for two weeks. Mr. and Mrs. Tanabe and son have left for Vancouver.

Steven Tattrie and friend, Sid Parker of Campbell River, were guests of the former's grandfather, Neil Tattrie. While here they also visited Mr. Tattrie's cousins, Mr. and Mrs. R. E. Crellin and family. Mr. Tattrie came originally from New Denver.

Mr. and Mrs. Quintin A. Forsythe and family were guests of Mr. Forsythe's brother-in-law and sister, Mr. and Mrs. C. Stewart, in Spokane.

Miss Sharon Butler has returned after spending a week in Victoria with her brother-in-law and sister, Mr. and Mrs. J. Dempster. While away, she also spent some time with her brother-in-law and sister in Vancouver, Mr. and Mrs. P. Mountain.

Mrs. Ada L. Levy was in Vancouver attending the B.C. Hospital Auxiliaries annual convention.

Mrs. Stuart President of South Slocan Drama Group

SOUTH SLOCAN — Members of the newly-formed drama club gathered in the WI hall to elect their officers and select the casts for two one-act plays.

Officers are president, Mrs. J. Stuart, secretary Mrs. Elsdon, and treasurer D. Axworthy. The group has not settled on a name for the organization.

The two plays will be part of an evening program to be held about the end of November. H. E. Dahlquist is production manager, Mrs. Stuart will direct "The Case of the Weird Sisters," while "A Little Bird of a Woman" will be directed by Mrs. Dahlquist.

Tinker-Horswill Wedding Vows Heard at Robson

ROBSON — The Robson Community Church was the setting for a pretty fall wedding recently when Margaret Elizabeth Horswill, younger daughter of Mr. and Mrs. R. A. Horswill of Robson, became the bride of Ronald Harry Tinker, son of Mr. and Mrs. J. Tinker of Lillooet, B.C. Ven. Archdeacon B. A. Resker of Castlegar officiated.

Given in marriage by her father, the bride was lovely in a gown of turquoise sheer with gold over lace. Her accessories were white, and she chose for her flowers red roses and chrysanthemums, and carried her prayer book. Her necklace and earrings were black diamonds, gifts from the groom.

They had as their attendants the bride's brother-in-law and sister, Mr. and Mrs. W. Fred Waldie of Nakusp.

A reception was held at the home of the bride's parents in Robson, where more than 30 relatives and friends gathered to congratulate the young couple. A three-tier wedding cake adorned the lace covered table, with white tapers and rosebuds. The toast to the bride was proposed by the bride's grandfather, Mr. A. T. Horswill of Castlegar.

Assisting the bride's mother in serving were Mrs. C. E. Moll, Mrs. F. H. Webster and Mrs. W. T. Waldie.

After a honeymoon in Spokane and Couer d'Alene, Mr. and Mrs. Tinker will reside in Robson.

The SHORT CIRCUIT

By JOHN SHORT
Sports Editor

Who is responsible for arranging to have a doctor at Civic Arena for home games of Nelson Maple Leafs?

When Fini Rossi of Rossland Warriors raised a sincere objection to the absence of a qualified medical man at rink-side during Saturday night's Western International Hockey League encounter, he was voicing for the first time this season a protest that was heard at least five times last year.

At every other rink in the WIHL, a doctor is available. In Nelson, doctors are scarcer than bees in a beauty parlor. A woman fan was injured Saturday when a puck was cleared into the stands.

No doctor was available to lend a hand.

Rossi asked Pat Egan when something was going to be done about supplying a doctor. The Nelson coach admitted one was necessary, but said he didn't know whose duty it was to make arrangements for one.

Egan seemed to think Civic Arena's commissioners were responsible. Jack Morgan said the hockey club is responsible.

Why, however, must every contentious issue in Nelson that concerns one faction or another of this city's sporting fraternity be side-tracked?

Why can't someone say: "We aren't responsible, but we'll see that something's done about it"?

Five Rossland players, according to Rossi, were cut about the face here Saturday. Frank Turik's injury appeared to the naked eye to be the most serious. The gritty veteran labored off the ice in obvious pain, and from the press-box, blood could be seen running from inside the eye-lid.

Frank's wife said by telephone Monday that the injury was less serious than it first appeared. It takes little imagination to picture Turik sitting in the dressing-room with a scraped eye-ball or any of a dozen serious injuries that could result from a highstick hitting inside the eyelid.

If anything more serious than a six- or eight-stitch cut results, and a doctor isn't available, somebody will have to answer.

By way of solution, there is probably more than one doctor in Nelson who would accept a season's ticket and consent to assist in case of injury.

Outlook Brighter For Doucette

TORONTO (CP) — A month ago Gerry Doucette, discouraged and depressed, was ready to quit big-league football at the prime athletic age of 24. He was sick of being a second-stringer.

But that's changed now. He could land the No. 1 quarterback job with Toronto Argonauts of the Big Four Football Union. Argo coach Hamp Pool thinks Doucette has the ability to make a top professional quarterback.

Doucette, a native of Toronto, has been called, with some humor and slight ridicule, the perennial prodigy since 1953 when he joined Argonauts from suburban Etobicoke High School. His critics say he freezes up under pressure .

CALLED GOOD GAME

Last Saturday Argonauts defeated Ottawa Rough Riders 31-23 an achievement which startled even Pool. Doucette went all the way playing a good, although not brilliant game.

Pool said Doucette was used because import quarter Freddie Wyant was hurt.

"We used him because he was turning in the best job, both during a game and in practice. There's no reason why he can't keep the job if he continues playing this way. He is a fine passer, a good runner and very deceptive."

Pool even felt that Doucette, who has been bothered by Varsity Stadium crowds when they get down on the team, has overcome the "freezing-up" problem.

10-Point Spurt at Game's End Gives Bombers 27-19 Victory

By AL VICKERY
Canadian Press Staff Writer

WINNIPEG (CP) — Winnipeg Blue Bombers scored 10 points in the last five minutes of play to down Saskatchewan Roughriders 27-19 Monday night in a Western Interprovincial Football Union game before 14,186 fans at Winnipeg Stadium.

The victory moved Bombers to within four points of the league-leading Edmonton Eskimos. Each club has two games left. Riders remain in the cellar and out of the playoffs.

Gerry James took over the individual league scoring lead as he connected for 10 points on a touchdown, a field goal and a single, boosting his total to 100 points, nine better than Esks' Jackie Parker.

OUTSTANDING BACK

Fullback Charlie Shepard, however, was the outstanding back on the field as he raced for two touchdowns and booted two singles. Shepard also was the big ground gainer for the winners. Quarterback Kenny Ploen converted all three touchdowns to complete the scoring.

Bobby Marlow, a standout rusher despite a broken hand, Harry Lunn and Frank Tripucka scored Riders' touchdowns. End George Tait got credit for a convert when he took a pass from Tripucka on a fake placement.

The game was a see-saw battle all the way. Riders, however, held the lead at the end of each of the three quarters—6-0, 12-10, and 19-17.

SHARP BLOCKING

Bombers marched from their own 41 for their game - winning touchdown, with Shepard skirting the right end behind the sharp blocking of Herb Gray for the 10-yard score, at 11:17 of the final quarter. Riders took to the air in the dying minutes but two pass interceptions halted their attempts to get the ball upfield. James kicked a 10-yard field goal on the final play of the game.

Winnipeg made 19 first downs, 281 yards rushing and 47 yards through the air as Ploen completed four of nine throws. Saskatchewan made 16 first downs on 206 yards rushing and 72 yards passing. Tripucka was good on seven of 14 passes but had two intercepted.

Shepard had a big edge on kicking as he averaged 44 yards on eight attempts, including a 92-yard single. Isbell, with two kicks blocked, averaged only 35 yards on six boots.

ROCKET REMEMBERED IRVIN

MONTREAL (CP)—Maurice (Rocket) Richard was thinking about a man who isn't in the National Hockey League any more after he scored his 500th league - play goal Saturday night.

Somebody asked him what he was going to do with the 500-goal puck he was presented with.

"If Dick Irvin had been alive I'd have given the puck to him," replied the Rocket. "The last time I saw him he said he wanted to see me score my 500th goal.

"I haven't figured it all out yet but I've been thinking of making some use of it as a Dick Irvin Memorial Trophy."

Irvin, who died earlier this year, was the Rocket's first NHL coach when the latter broke in in 1942.

Vs Going After Top Players

PENTICTON (CP) — The Penticton hockey club has decided to loosen the purse strings and go after reinforcements for the Vs.

At a special meeting of the players committee during the weekend it was decided that if the Vs are to hold their own in the Okanagan League this winter they'll have to improve. They were beaten 10-3 by Kamloops Chiefs Saturday night.

"The other clubs in the valley have strengthened considerably this season," club president Glady Parker said Monday. "So we've decided to overhaul our budget to allow us to pay more for some first-class players that will bolster our club."

Willie Pastrano 2-1 Favorite

LONDON (AP) — Willie Pastrano, fourth-ranked heavyweight contender from the U. S., Monday was rated a 2-1 favorite to give Dick Richardson, a slugging Welsh milkman, a boxing lesson in Harringay Arena tonight.

A capacity crowd of 11,000 will see the unusual spectacle of an American with a fancy boxing style oppose a home lad with a wallop. Usually it is the other way around when an invader from across the Atlantic fights here.

Richardson, a six foot, three-inch 200-pounder, depends almost entirely on the power of his right hand. The 23-year-old Welshman has compiled a 20-3 won-lost record, mostly against mediocre home grown and European opposition.

He will find Pastrano a difficult target. The 21-year-old, six-foot, 188-pound invader from New Orleans and Miami Beach is a hard man to catch in the ring.

Willie never has been stopped in 52 pro fights in six years. His record is 43-5-4 with eight knockouts.

Gavilan, Ortega Bout Tonight

LOS ANGELES (AP)—Kid Gavilan of Cuba, one of the greatest fighters of the last decade, gets a chance tonight to continue on the way towards regaining the vacant world welterweight title.

Gaspar Ortega, 22, of Mexico is the big stumbling block.

The 31 - year - old Gavilan outpointed Ortega two months ago. That, and the bolo puncher's new drive, gives the Cuban the edge for the 12-round outdoor scrap at Wrigley Field.

Possibility of Seven Teams in ABCM League

FERNIE — The Alberta-B. C.-Montana Intermediate Hockey League will commence play Nov. 23, with a possible seven teams in place of the five in the loop last season. This was decided at the annual meeting held in Fernie on Sunday.

Cranbrook, Fernie, Michel, Coleman and Great Falls, Mont., are last year's holdovers. Medicine Hat Catalinis bid for a franchise was accepted. Claresholm's application was given conditional approval with the club to give confirmation of conditions later this week. Kimberley Dynamiters were represented at the meeting, stated they did not wish to enter the league but would like to arrange home and home games with each club in the loop.

President Leon Rushcall of Fernie reported the league had a very successful season both in league play and financially. Secretary - treasurer Dick Furneaux of Fernie, presented a favorable financial report which showed the league finances had been doubled for the second year in succession.

The meeting decided that the league shield be given to the top team of the league. A new trophy will be obtained for the playoff winners. The four top teams will enter the playoffs with the first team meeting the fourth and the second meeting the third. It was decided that the election of president and secretary treasurer will be conducted by mail. Fernie and Cranbrook were instructed to name a slate of officers on which each would vote.

Delegates present were President Leon A. Rushcall, Fernie; secretary - treasurer Dick Furneaux, Fernie; E. Mitchell, Great Falls, Frank McVeigh, Michel, Roger Pasiaud, Michel, Ted Kryczka, Coleman, Bill Mozell, Coleman. Ed Zirk, Cranbrook, Keith Dearmond, Cranbrook. Bernie Brackenbury, Fernie, Dominic Citra, Fernie. Jim Smith, Medicine Hat, Joe Catalini, Medicine Hat. John Achtzener, Kimberley and Ray McNiven, Kimberley.

Thomas, Wertz Hit Most Sacrifice Flies

NEW YORK (AP) — Frank Thomas of Pittsburgh and Vic Wertz of Cleveland produced the most sacrifice flies among major league batsmen in the 1957 baseball season.

Statistics compiled by The Associated Press disclosed Monday that Thomas hit 12 sacrifice flies to top the National League. Wertz was high in the American League with 11.

Thomas' batting average benefitted six points from the regulation which does not charge an official time at bat for a run-scoring fly. The Pirates' slugger would have batted .284 instead of .290 if the sacrifice fly rule was not in effect.

Wertz also was indebted to the change. The Indians' first baseman finished with a .282 mark rather than .276 under the old rule.

Minnie Minoso of Chicago and Al Pilarcik of Baltimore also showed their proficiency in the sacrific fly department with nine each.

The Cards' Stan Musial, the Giants' Ray Jablonski and the Orioles' Bob Nieman had eight SF's apiece. Musial, the National League batting champion, benefitted six points for an average of .351 instead of .345.

Boston's Ted Williams, who won the American League batting title with a .388 average, had two sacrifice flies. Counting them as times at bat his average would have been .386.

Fernie Rangers Reelect Citra

FERNIE — Dominic Citra was re-elected president of Fernie Rangers hockey club at its annual meeting held Sunday. Others elected were vice-president, Morley Obee, secretary - treasurer, Roy Ursual, executive Harry Chambers, Bernie Brackenbury, Alex Murray and Willie Bossio.

Financial statement for the 1956-57 season showed total receipts of $3910.76 and expenditures of $3428.98.

Distillery Wins

LONDON (AP) — Distillery defeated Cliftonville 3-0 Monday night in an Irish League City Cup soccer match.

Blames Reds for Labor Disunity

TORONTO (CP) — Joseph Salsberg, a former Communist member of the Ontario legislature, says Canada's Communist party, under its title of the Labor-Progressive party, has been a hindrance to socialist and labor unity in Canada.

The Labor - Progressive party, he told the Socialist Forum Sunday, "is perhaps the most backward Communist party in the world except for Albania."

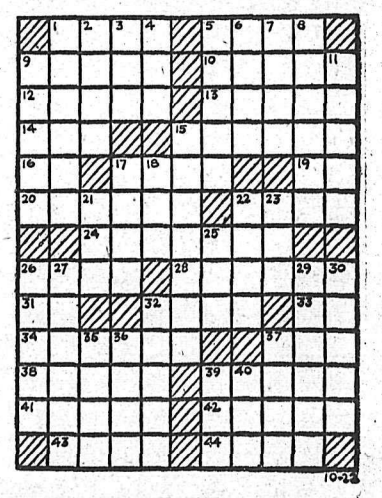
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

ORLZL TD SUORTSE LTORLZ EUUV UZ YIV, YHO ORTSWTSE AIWLD TO DU—DRIWLDGLIZL.

Menzies Offers Plan for Peaceful East

CANBERRA (AP) — Prime Minister Robert Menzies said today the United Nations should sponsor a new high-level bid for a lasting Middle East settlement.

Menzies told the annual council of the Australian Liberal party that any re-examination of Middle East problems should include:

1. A final, guaranteed settlement of the Arab-Israel border issue.

2. Settlement of the refugee problem.

3. Economic aid without military strings for Middle East nations needing it.

4. Promotion of mutually beneficial peaceful trade.

5. Recognition and extension of civil and economic aspects of the Baghdad pact.

6. Development of oil in terms of co-operation and international guarantees instead of international competition.

7. Creation of an international advisory body on Middle East financial and economic problems.

MARKET TRENDS

NEW YORK (AP) — The stock market suffered its worst debacle since Sept. 26, 1955, the first trading session after President Eisenhower's heart attack. But losses were only half as had as on that day.

Successive selling waves hammered down the price of key stocks from 1 to 6 points and boosted volume to 4,670,000 shares, the biggest since Sept. 27, 1955, when 5,500,000 shares were traded. On Friday 2,670,000 shares changed hands.

Wall Streeters could give no special explanation for the selloff except continued discouragement by investors over the trend of business and economics. News of cutbacks and layoffs emphasized the spotty outlook and Wall Street's concern over tight money.

The Associated Press average of 60 stocks fell $5.10 to $151.60 with the industrials down $6.30, the rails down $6.40 and the utilities down $1.70. Both the 60-stock average and all its components were down to new lows for 1957. Paper at a new low of 24 and

Canadian stocks were in the minus column on the New York exchange. Losers included McIntyre Porcupine, 1¾; International Nickel, 1⅛; Aluminium Ltd., 1⅜ and Walker-Gooderham, ¾.

Prices fell on the American exchange also. Canadian issues followed the downward trend. Brazilian Traction lost ¼ on 6100 shares and a loss of 3-16 was posted by Preston East Dome, Fargo Oil and Jupiter Oils.

TORONTO (CP) — The stock market suffered another jolt as selling pushed prices down in all sections.

For most of the session western oils led the decline but in the closing minutes it was industrials which took over the lead. The industrial index lost 8¼ points, its heaviest loss since Oct. 1.

Western oils climbed back slightly in the final hour but still received an index loss of 6¾ points. At 2 p.m. the western oil index was off 8¾ points, one of the worst single - session declines the section has had since being computed by the index system.

Base metals lost four index points while golds were off a point. Trading was the second-heaviest in two months. Final volume was 4,036,000 shares compared with 3,075,000 Friday.

It was generally a case of jitters behind the decline. Wall Street had a heavy sell-off and its influence was felt here almost immediately. Nothing seemed to escape the selling.

Uraniums, with Gunnar off two points at 12 and near an all-time low, led the mining list in losses. Other high - priced uraniums lost up to 1½ points while lower-priced issues were down in a 50-cent range. Other mines followed the same pattern.

Industrials had two dozen issues down at least a point with several losses of between two and four points.

Western oils were led by Calgary and Edmonton, off 4½ at 17½. Several others seniors lost at least a point. Lower-priced stocks moved down in a 60-cent range.

MONTREAL (CP) — Prices were down again at the close of the Montreal and Canadian stock exchanges. The few gains were in lower fractions.

Interprovincial Pipeline fell 3½ to 33½, International Petroleum 2½ to 34½, International Paper 4 to 84½ and Steel of Canada 2½ to 44½, four new lows. Page Hersey dropped 5 points to 100.

In the western oils, Calagary Edmonton dipped 6 to 17½ and Pacific Petroleums 2⅝ to 17. In the producing metal mines, Labrador dropped 2 to 11 and Hollinger 1½ to 18, two new lows.

Industrial volume was 85,900 shares; mines and oils 428,300.

Canadian Schenley Appointment

Bert W. Webster, whose appointment as General Sales Manager, Western Canada, for Canadian Schenley Ltd. was announced today by George D. Kuhn, Sales Executive. Mr. Webster, who was Manager of the B.C. Division for the Company up to the time of his new appointment, is a native of Vancouver and has spent most of his life there. He is a member of the Associated Canadian Travellers, the Vancouver Board of Trade and the Greater Vancouver Tourist Association. He will continue to make his headquarters in Vancouver.

There's no trick to this

It's so obvious anybody can see it. When you buy something with cash, you save money. It's a fact; and you don't have to be a magician to get the cash. You simply open a Savings Account at Imperial Bank of Canada, and deposit regularly until you've saved enough to buy whatever you want, at the regular retail price . . . and sometimes for less. Because you are paying cash you are not involved with carrying charges and, your savings earn you interest from Imperial Bank. So, open a Savings Account at Imperial and save today for the things you want tomorrow.

Remember—when you buy on time, you pay interest.
When you save at Imperial, we pay you interest.

U.K. Nuclear Planners To Meet Eisenhower

By HAL COOPER

LONDON (AP) — The government announced today that Prime Minister Macmillan will take three nuclear policy planners to his conference with President Eisenhower in Washington.

This tends to substantiate reports Macmillan will propose at the meeting a British-U. S. partnership in nuclear and rocket research.

The men leaving with Macmillan Tuesday are Sir Richard Powell, permanent secretary of the defence ministry; Sir Edwin Plowden, chairman of Britain's atomic energy authority, and Sir Patrick Dean, a deputy under-secretary at the foreign office who is charged with political aspects of Britain's atomic energy program.

Others in Macmillan's party are Sir William Hayter, former British ambassador to Moscow and now a general political director at the foreign office; Sir Norman Brook, secretary to the cabinet, and F. A. Bishop and Philip de Zulueta, both private secretaries.

REVIEWS PLANS

Macmillan took a final look at his Washington plans at a cabinet meeting today. He was keeping a close watch on developments in the Middle East—a subject he and Eisenhower are expected to discuss at length.

Under Macmillan's partnership plan, the two allies would co-ordinate their scientific effort through a joint planning directorate with headquarters in Washington.

Nehru Sees Less Mid-East Danger

NEW DELHI (AP) — Prime Minister Nehru said today he believes the Middle East situation has "eased down considerably and the possibility of war has faded."

"Arab nationalism is stronger than communism or anti-communism," he told a press conference. "In a moment of crisis Arab countries rather tend to hang together."

Says Transport Department Censors TV

ST. MARGUERITE, Que. (CP) —The Community Antenna Television Association of Canada charged at its inaugural meeting here Saturday that department of transport regulations impose a form of censorship on Canadian television viewers.

A resolution asked the federal government to eliminate from regulations "clauses which delegate to departmental officers the power to determine just what television programming may or may not be seen by citizens who by their own free choice have decided to join community antenna systems."

Purpose in joining the systems, it said, was "to attain greater freedom of viewing choice than that available under existing policies of the Canadian Broadcasting Corporation.

The resolution was unanimously endorsed by nearly 100 delegates from commercial broadcasting-receiving stations from coast to coast. It was sponsored by community television stations in Quebec, one of 101 similar closed-circuit systems operating from British Columbia to the Maritimes.

Newly-elected director of the association include W. G. Pither, Vancouver, and W. Cook, Prince Albert, Sask.

Seek Common Market For Nordic Traders

OSLO (AP)—A special Nordic economic co-operation committee proposed Sunday night a common market for the 20,000,000 people of Denmark, Finland, Norway and Sweden. It would cover 80 per cent of all Nordic trade.

The committee suggested a Nordic investment bank with a basic capital of $300,000,000. The bank could help labor, capital and natural resources work more effectively, the committee said.

The committee's 270,000 - word report, which took three years to compile, will be debated next spring by the Nordic Council, a parliamentary authority for Nordic Co-operation.

Before any common market plan is possible, the committee proposals must be ratified by the countries concerned. It then would go before the General Agreement on Tariffs and Trade.

EXCLUDE FARM PRODUCTS

The proposed common market would include practically all industrial raw materials, semi-finished products and a large number of finished products. Excluded are agricultural products, foodstuffs, fish and fish products, animal and vegetable oils, textiles, ceramics, glassware, granite and some finished metal products.

The plan calls for common customs tariffs on non-members and removal of customs duties and other trade barriers among member countries. It is therefore in the nature of a customs union and not a free trade area.

The plan also calls for a removal of quantitative restrictions on trade among the member states. This would be particularly drastic for Finland, which now has restrictions on imports of all commodities mentioned in the plan.

Beaumont Dam Ready Nov. '58

MONTREAL (CP) — The Shawinigan Water and Power Company announced Sunday that the $56,500,000 Rapide Beaumont hydro-electric project will be completed November, 1958.

The huge Beaumont dam is being built on the St. Maurice River about 200 miles northwest of Montreal.

When completed it will pump an additional 246,200 kilowatts into the company's hydro-grid system.

KILLED IN FALL

SYDNEY, Australia (Reuters) Professor V. G. Childe, 65, director of the London Institute of Archaeology, fell to his death over a mountain cliff here Saturday because he dropped his spectacles, police said today.

They said he was shortsighted and probably missed his footing while investigating rock formations at a 1,000-foot cliff, Govett's Leap.

Odds . . . and Ends

. . . by M. D. B.

Ever since Sputnik soared into outer space the United States has been trying to mollify its citizens with reports of the satellite the U.S. is GOING TO send up. It was a bitter blow to those people, who have always claimed to be firstest with the bestest and the mostest, to have to accept the fact that they were not the first to stake a claim on outer space.

Their latest THING TO COME is a rocket that will circumnavigate the moon, take pictures of the back of the man in the moon's head and return to earth. I'm afraid, though that all these promises are doing little for the U.S. morale, neither with its citizens nor the rest of the world. In this respect, we are all from Missouri and not until the U.S. has a satellite far superior to Sputnik flashing off and on in the vast universe, will the American citizen return to his happy state of well-being.

* * *

I shall be most happy when the gas heater sitting in the corner quiescent and cold is useful for more than just providing a place to set a vase of the last of the garden's flowers.

* * *

As I putter around outside putting the garden to bed and burning up old junk and stuff, all the while enjoying the gold of Fall sunshine, I wouldn't call the king my uncle. I am moved to a pang of pity for the Queen who, I doubt, has even a potted plant to care for. I wonder if she has. I wonder if she ever has the urge to get down on her knees beside a weedy flower bed and go to it or if she ever has a yen to plant tulip and daffodil bulbs in the Fall.

* * *

I doubt whether she will ever have the joy of donning a dirty old pair of slacks, a sweater out at the elbows and armed with a rake and hose burn up the palace's old cardboard cartons and odd scraps of junk. She will never have the pleasure of coming in from one of these bouts with an autumn fire smelling for all the world like a smoked herring.

* * *

About the nearest she ever gets to gardening is planting trees at various civic functions — then they only allow her to toss on about one shovel full of dirt. Her rock work consists of laying cornerstones and I wonder how many wreaths she has laid in her short lifetime. Anyway, I hope this fine weather holds, for I haven't nearly finished the Fall chores and I like to do them while the urge is upon me, for then they don't seem at all like work.

DEATHS

By The Canadian Press

Sydney, Australia — Professor Verge Gordon Childe, 65, director of the London Institute of Archaeology.

Southern Pines, N.C. — Frank A. Best, 71, former Windsor, Ont., resident and president and manager of Standard Products of Canada.

London — Jack Buchanan, about 64, internationally-known song and dance man.
