WEATHER FORECAST

Kootenay: Cloudy with occasional snow. Much colder in southern areas. Light northerly winds Low-high at Crescent Valley 20 and 35, Cranbrook 15 and 35.

Vol. 55 NELSON, B.C., CANADA—TUESDAY MORNING, DECEMBER 4, 1956 Not more Than 6c Daily, 10c Saturday No. 189

FOR THE FIRST TIME in 2000 years, a Jewish wedding was celebrated on the Sinai peninsula, Egyptian territory, occupied by the Israeli army, when Lt. Bazalel Rubin, Israeli soldier, married Ora Minikis. Here the bride is offering her new husband a piece of their wedding cake. The marriage was celebrated at El Arish, south of El Capa near the Suez Canal.

# U.K., France To Withdraw "Without Delay"

## When Burns Ready to Take Over French, British Forces Quit Egypt

LONDON (CP)—Britain and France Monday announced their forces will withdraw "without delay" from the Suez Canal area.

The announcement to a crowded House of Commons brought lusty cheers from the opposition Labor party and forthright dissent from a dwindling group of rightist members within the Conservative party.

Foreign Secretary Selwyn Lloyd told the House that the Anglo-French forces will be withdrawn as soon as the commander of the United Nations Emergency Force Maj.-Gen. E. L. M. Burns, makes arrangements for the takeover. It is expected here the Anglo-French forces will be out of Egypt before Christmas.

UN Secretary - General Dag Hammarskjold expressed hope in a statement issued in New York that the withdrawal will be completed and UN police will have taken over full control of Port Said within two weeks.

**ASK ISRAEL WITHDRAWAL**

At the same time Britain advised Israel to clear out of the Gaza Strip as well as the Sinai Peninsula. Lloyd suggested that the Gaza strip should be made a responsibility of the United Nations.

The Israelis announced at the weekend they have withdrawn three brigades — perhaps 12,000 men—from Egypt and pulled back the rest of their units to positions more than 30 miles east of the canal. Further withdrawals, they said, will depend on political developments.

**The UN police force commanded by Maj.-Gen. E. L. M. Burns, slowly built up strength. The arrival of 742 Yugoslav troops at Ballah, Egypt, brought the roll to 216 officers and 2251 men.**

The withdrawal decision, sought by the United Nations ever since the attack against Egypt began, was announced simultaneously in Paris by French Foreign Minister Christian Pineau.

**SUEZ GROUP MEETS**

It will undergo its severest test in a House of Commons debate here Wednesday and Thursday. The Conservative diehard group, about 30 strong, held a meeting Monday night. It later was learned that only about 10 are likely to rebel against the government in the debate.

**The Labor party, which has steadfastly supported the UN resolutions, made the most of Monday's statement. Aneurin Bevan, the party's new chief spokesman on foreign affairs, declared:**

**"We are glad to hear that the government are no longer attempting to dictate condtiions to the UN."**

Labor leader Hugh Gaitskell said the party's stand against intervention had done more than anything else to retain Anglo-American friendship, preserve the unity of the Commonwealth and ensure future world confidence in Britain.

# World News Briefly

**BUDAPEST, Hungary (AP)—government spokesman admitted for the first time Monday that Hungarians had been deported to Russia by Soviet police—in "isolated cases."**

**But Istvan Szirmal, press chief for the Soviet - imposed Janos Kadar regime, said deportations were stopped two weeks ago and those deported all had been returned to Hungary.**

---

**UNITED NATIONS, N.Y. (CP) —The Hungarian government of Janos Kadar Monday repeated its refusal to admit United Nations observers but said it would receive Dag Hammarskjold "at a late date appropriate to both parties."**

**U.S. chief delegate Henry Cabot Lodge Jr. told the UN General Assembly the reply from Budapest was not satisfactory. Hammarskjold said nothing.**

---

TORONTO (CP)—Nathan Phillips won a third term as mayor of Toronto Monday, defeating a fifth bid for office by Ross Dowson, a candidate of the Workers Revolutionary Party.

---

SANTIAGO DU CUBA (AP)—Cuban troops were reported in combat Monday with a band of revolutionaries who invaded the south coast about 40 miles east of this old city. Unconfirmed reports said the rebels had been pocketed in a stone quarry.

The landing Sunday night marked a new phase in a revolt that opened Friday with attacks by civilian bands on police stations of Santiago. Twelve persons were killed and more than 50 wounded before the uprising collapsed.

---

**PORT SAID, Egypt (Reuters) — Corks popped in front - line trenches near here Monday as British troops cheered the news they would be home before Christmas.**

**The troop parties contrasted to the quiet streets of the city, closed to all but security patrols by the curfew which begins at dusk.**

---

MONTREAL (CP) — Details of a health and welfare plan covering an estimated 500,000 persons were anounced Monday by Canada's major railways and 15 non-operating unions.

Officials of CNR, CPR and three smaller lines gave approval in principle to the $13,500,000 plan, sanctioned by the unions earlier.

---

MELBOURNE (AP) — Members of Hungary's 100-man Olympic team said today five of their members have decided to remain in Australia and that virtually everyone "stays up all night talking about whether to go home or to stay here."

Five members definitely will seek asylum in Australia and famed four-minute miler Laszlo Tabori, among others, is seriously considering not returning to Soviet-dominated Hungary, a source close to the team told the Associated Press today.

---

SEATTLE (AP) — Trolleys and buses wheeled through Seattle streets on near-normal schedules Monday as transit system workers returned to their jobs for the first time in 11 days in obedience of a no-strike Superior Court injunction.

---

**CALGARY (CP) — Eight coal mines in the Drumheller and East Coulee areas strike-bound for a week returned to full production Monday.**

**U. S. Ansley, manager of Red Deer Valley Coal Co. Ltd., said, "There is a good backlog of orders and prospects are the mine may work right into the spring." Nearly 1000 miners took part in the strike.**

# Relief Fund Set Up Following Drowning

CRESTON—Donations of food, money and clothing Monday poured into the "Kootenay Lake Relief Fund" set up during the weekend by Creston Village Council and the Ministerial Association following drowning of eight men in the lake.

The eight men apparently drowned late Friday when their 18-foot outboard motor boat struck a submerged object, probably a drifting log, in the dark. They were returning to Creston.

The bodies of Hugh Ellard, 39, of Ellard Contracting Co., and Cecil Stoughton, 25, were recovered during the weekend. Other victims, still missing, were Harold H. Smith, 37, Douglas Simister, 25, Philip Stacesmith 29, Lloyd Crebo and Alex Ostrikoff, all of Creston, and Albert Wolfe, from Moose Jaw, Sask.

All were married except Wolff and Stoughton.

Dr. W. N. Fraser of Creston village council said the six whose bodies are unrecovered are not legally dead and families can get no insurance or other benefits at present.

The camp was inaccessible by land except by rail. The men had been accustomed to returning home Friday evenings by travelling five miles by boat across Kootenay Lake from Tye, on the West Shore, to Twin Bays. There a car would meet them and take them home.

Curling and skating rinks were closed here Monday and social functions were postponed until after a scheduled mass funeral.

Last drowning accident of such proportions in the Kootenay occurred in June 1948 when two men and three boys lost their lives when their boat capsized at Hall Creek, 5½ miles west of Sirdar.

Harold Smith was born in 1918 and came to B.C. in 1934. He saw service with the armed forces in the tank corps, lived at Acme, Alberta for three years, and lived at Invermere for six years where he operated a taxi service. He also operated a taxi service in Creston for a time. He was a member of the Anglican Church.

Survivors include his wife, three children, Randolph, nine; Fred, five; and Shelley, one; two brothers, Roy of Erickson and Clifford of Vancouver; four sisters, Mrs. Elliott of Cranbrook, Mrs. Kroeml of Athalmer, Mrs. Apostoliuk of Nelson, Mrs. Pierce of New Westminster; his parents, E. L. Smith of Vancouver and Mrs. Smith of Nelson. Mrs. Kroeml, Mrs. Smith and Mr. and Mrs. Apostoliuk are now at Creston.

Douglas Simister, born 25 years ago at Creston, was raised and attended school here. He married the former Shirley Schryer three years ago next Saturday. He had been employed by Creston Sawmills as a drag-line operator. Known as having a "wonderful personality", he was an ardent outdoors man. He is survived by his wife, a 10-month-old son, Larry Douglas, two brothers, Franklin of Nelson and Harvey of Calgary, and a sister, Margaret, in Kimberley.

Lloyd Crebo (formerly referred to as Grebbo), 28, had come from Mortlack, Sask., on Aug. 15, and was working as a bulldozer man for Ellard. He was employed by Cummings Diesel in Vancouver for four years, and served with them for one year in Edmonton as a mechanic. His wife is the former Kathleen Ross of Vancouver, whom he married in 1952.

Mr. Crebo is survived by his wife, a two-year-old child, five brothers, Joe and Bob in the RCAF, Joe at Moose Jaw and Bob at Quebec, Roy, attending Notre Dame College in Wilcox, Sask., Howard at Morse, Sask., and John at Neepawa, Man.; three sisters, Mrs. J. Cox, Swift Current, Sask., Mrs. P. Greuer and Mrs. A. Hayes, Regina.

Albert Wolfe, an old school friend of Ellard's, was born in Mazenod, Sask, in 1932, and had lived in Mortlack for four years. He came to the Kootenays with the Crebos, and was interested in curling.

Survivors include his parents, who live at Mortlack, two sisters and four brothers, one on Baffin Island working on the Distant Early Warning Line, Oscar, who is coming for the funeral, Walter, and Edward of Moose Jaw, Edna and Hilda, also of Moose Jaw.

Wolfe worked as a drag - line operator in Saskatchewan.

Alec Ostrikoff was born in 1928 at Kamsack, Sask., moving to B.C. in 1937. He lived in the Nelson area, attending school at Shoreacres. Mr. Ostrikoff, an experienced logger, moved to Wynndel in 1952, and latterly lived in Creston.

Survivors are his wife, the former Patsy Bayoff, whom he married two years ago, a seven-month old daughter, Nadine; parents, Mr. and Mrs. P. Ostrikoff; two sisters, Molly, Trail, and Nancy, Nelson; two brothers, John and Walter, in Wynndel; aunt and uncle, Mr. and Mrs. Fred Kadigan, Creston; another aunt, Mrs. Nora Ledegdobokoff, Crescent Valley, and other relatives in Vancouver.

He was fond of all sports, especially softball. His father and one brother also work at Tye, but had come home by train.

Cecil Stoughton was 23 years of age, and a resident of Creston for the past six years. He was born and educated in Gilbert Plains, Manitoba. An only child, and predeceased by his father, mother and two aunts in a carbridge collision six years ago in Creston. He owned the Star Billiard Pool Hall in Creston. He worked in Golden and then returned to Creston last year to work for Ellard.

Phillip Stace-Smith was the second baby registered in Creston. He was born in 1927 and lived most of his life in the city. He previously worked for Bud Davies at Creston Transfer, and took over the business when Davies died. He had also worked with Imperial Oil in Creston. Stace-Smith played basketball, and enjoyed hunting, fishing and flying.

He was married to Jean Paul of Creston in 1947. For three years the couple lived in Prince Rupert, where Mr. Stace-Smith was employed on a fishing boat. He built their home in Creston with the help of neighbors.

Besides his wife, he is survived by two children, Donald, eight, and Dorothy, seven this month; brothers, Dr. Richard Stace-Smith of Vancouver; Joe in Prince Rupert; Art, on a fishing boat out of Vancouver; and John of Creston; two sisters, Mrs. Ada Belazini of Calgary and Mrs. June Wight with the RCAF in Metz, France. His mother predeceased him some years ago.

Hugh Ellard, owner of Ellard Contracting Company, was born in Mortlack, Saskatchewan, in 1917. He went to school there and then served with the RCAF for six and one half years as an aeronautical engineer and sergeant, stationed at Trenton, Ontario; Mossbank, Sask.; Falcon, Alberta; and Portage La Prairie in Manitoba. After his discharge 11 years ago, he came to Creston and worked for Universal Motors. One year later, he entered the contract logging business with Moyie Lumber Company and Creston Sawmills. He was a member of the Lions Club, Legion, and St. Stephen's Presbyterian Church. He was well known throughout the Creston valley and an ardent sports fan—primarily baseball and curling. In 1940 he married the former Jessie Ross at Belleville, Ontario.

Besides his wife, he is survived by one son, Allan, 14; two daughters, Isabel and Lynnm, 11 and eight respectively; his father, at Mortlack; brother Clifford of Regina; and two sisters, Mrs. Duffin Langrut and Mrs. Campbell of Mortlack.

## EATON PLEADS NOT GUILTY

NEW WESTMINSTER, B. C. (CP) — Gerald Edward Eaton, 51, leaded not guilty Monday to the murder of Carolynne Moore at Langley when he was arraigned before an assize court jury here.

The crown alleges the eight-year-old schoolgirl was murdered April 26 near the city of Langley.

## Telex to Europe

MONTREAL (CP)—A new teleprinter service giving fast written communication between subscribers in Canada and overseas was inaugurated Monday. First message in the service—known as telex—moved from London to Toronto 10 minutes after inauguration. Linked to Canada are 15 countries, mostly in Western Europe.

## Stalin Tomb Shut

MOSCOW (AP) — The Lenin-Stalin tomb in Moscow's Red Square was closed Monday without immediate official explanation. A tourist official said he had been informed the tomb would remain closed until mid-January. Outside Russia there has been speculation Stalin's embalmed body eventually would be moved from the tomb.

# University Faculty Offered B.C. Home

## Construction Camp May Quarter 300 Hungarian Teachers, Students

By LARRY COLLINS
Central Press Staff Writer

VANCOUVER (CP)—A construction camp 70 miles up the British Columbia coast has been offered as home and school for more than 300 Hungarian forestry students and teachers expected to emigrate en masse from Vienna.

The plan was formulated by the University of B.C. and the Powell River Co. Ltd. during 18 hours of speedy negotiating after it was learned the entire student body and staff of a Hungarian forestry school had taken refuge in Austria.

Immigration Minister Pickersgill announced in Vienna Monday the Hungarian group — 285 students, 29 teachers and 24 dependents of teachers — had fled their school at Sopron and is expected to move here.

Canadian legation officials in Vienna said it is "almost certain" the B. C. offer will be accepted.

Fisheries Minister James Sinclair said here that Powell River had offered to accomodate the Hungarians at its construction camp.

Lecture space will also be available and Powell River will sponsor lessons in English.

**The plan, although not completed, provides;**

**The Hungarians will arrive from Europe by ship, probably early in January.**

**For the winter, they will live and study at the Powell River Co. construction camp, capable of accommodating 300-400 persons. The camp, now inhabited by workers building a new mill for the company, will be vacant by then.**

In the Spring, officials hope the Hungarians will be able to find summer jobs. By next winter they should know English well enough to attend a Canadian university of their choice.

Dr. Norman MacKenzie, president of UBC, stressed that the "first thing is to get the Hungarians over here."

"I personally think it's a fine idea to get these intelligent and able young men and their teachers out to this country,' he said.

Dr. MacKenzie noted that language will be a problem. It would be a matter of finding professors capable of teaching them English. He said he hoped the Hungarians, on their part, would visit the university and mingle with the English-speaking population.

Both he and Powell River officials told of the need for forestry engineers in Canada. There were five jobs for every forestry engineer available last year, one official said.

"The university and the faculty of forestry will do all they can to help them," he said.

Mayor Ray Weaver of the town of Powell River, population 10,000, also promised every assistance.

Dr. M. D. F. Udvardy, former Hungarian now of the UBC faculty, said this is not the first time the Sopron faculty has moved.

Originally, the forestry school known as the Technical University of Hungary was in a town called Selmecbanya, in the northern part of the country.

**NEAR BORDER**

But this section of the country was given to Czechoslovakia after the First World War. The faculty moved to Sopron, only 10 miles from the Austrian border. This explains, he said, how the entire staff and student body could escape to Austria during the recent revolt.

Dr. Udvardy added that when the treaty of Versaille would have given to Sopron area to Austria, a local plebiscite kept it part of Hungary.

An emigrant from Hungary in 1948, Dr. Udvardy came to Canada five years ago. He is assistant professor of zoology at UBC. Since the Hungarian crisis arose, he has headed a Hungarian liberation committee here.

## Fewer Polio Cases

VICTORIA (CP)—A sharp drop in poliomyelitis cases throughout B.C. has been recorded this year, a provincial health official said Monday.

So far this year, with the peak of the polio season over, only 82 cases have been reported, as against 208 at this time last year.

## Kadar's Brother In Alberta

CALGARY (CP) — The brother of tough Janos Kadar, the Hungarian Communist who is ruling that country as Moscow's puppet and the Kremlin's chief agent in putting down the fight for freedom, resides near Elnora, Alta. A freedom loving man he is trying to make a success of farming in the land he came to 28 years ago.

Appeals by Calgary Hungarians, who think that he might be able to help them by interceding with his brother on behalf of their friends and relatives trapped in Hungary, are being made daily to Mike Kadar. But 47-year-old Mike can do nothing. He has not been in contact with his brother for 10 years and Janos, "John" to his Canadianized brother, was only 15 years of age when they last met.

Mike cannot understand his brother's position in Hungary today. He told a reporter who visited his farm home Sunday that he felt his brother must be subject to some "pressures" and "some force" that controls his actions against the Hungarian people today.

"John would not listen to me," Mike says sadly when he is asked to appeal to his brother. Even as the correspondent called on him Mr. Kadar was on the telephone advising an Hungarian calling from Calgary that he felt he could do no good.

## Clamp Put On Finance Firms

TORONTO (CP) — A new brake of so far unassessed strength has been put on credit buying, it became known Monday.

Finance companies—the institutions which put up the money for a large proportion of installment buying—have been told by the chartered banks that they must not borrow beyond their peak-loan-total for the year ended Sept. 30.

If they have already exceeded this peak, they are given 60 days to get back to it.

The measure applies to finance companies with lines of credit exceeding $1,000,000 and is assumed to stem from the Bank of Canada's desire to hold down credit buying as an anti-inflation measure.

**RESEARCH COSTS UP**

OTTAWA (CP) — Canadian firms spent about $66,000,000 on research in 1955 and are expected to spend around $80,000,000 this year, the bureau of statistics said Monday.

## SLIDES DERAIL 3 CPR ENGINES, SIX BOX CARS

CHILLIWACK (CP) — Three locomotive units and six box cars of a Canadian Pacific Railway freight train were derailed today between North Bend and Lytton in the Fraser canyon.

The derailment is said to have been caused by slides started by heavy rain. It was reported the CPR's Transcontinental was delayed three hours by the slide.

CPR officials said in Vancouver that no one was hurt in the derailment. They did not know when the track would be cleared. The Canadian was rerouted on CNR tracks from Basque to Odlum.

ONE OF THE CREATIONS displayed at the fashion federation show of men's wear in Paris this week was this tweed suit. The jacket has a zipper in back that can let out the garment when worn for golf or hunting—or if the wearer should take on a lot of tonnage in a hurry. The gal seems amused.
—Central Press Canadian.

## BLAST, FIRE KILL NINE

### 247 Injured; Windows Smashed Five Miles Away

NEW YORK (AP)—A Brooklyn pier fire suddenly hit a mountain of explosive cargo Monday, touching off a blast of tremendous force. Nine persons were killed and 247 injured.

The shock radiated 36 miles from the explosion. Windows were shattered as far away as five miles.

Three of the victims were boys—lured to death by the brilliant spectacle of the blaze. The explosion killed them in their tracks.

Many of the injured also were spectators, unaware of impending peril as they watched the fire on the Luckenbach Steamship Companys pier 37—at 1800 feet the longest single-decked pier along New York's 350 miles of wataerfront It is on Gowanus Bay n southwest Brooklyn.

A mysterious telephone caller with a heavy male voice told the New York Times switchboard two hours in advance of the fire that "something big's going to happen on a Brooklyn pier this afternoon."

Men from the district attorney's office, the police force, the fire department and the Federal Bureau of Investigation were investigating the call.

The city estimated damage to piers alone at $10,000,000.

# Colorful Canadian Matthew Halton Dies

LONDON (CP) — Matthew Halton, an Alberta schoolteacher who became one of Canada's top journalists, died in St. Thomas' Hospital Monday.

The 52-year-old chief European correspondent for the Canadian Broadcasting Corporation died from a blood clot following a stomach operation.

In 1934 he wrote a story which said: Germany means war.

In 1938 he gave the first verbal report of Munich to North America over a radio hook - up in Canada and the United States.

He covered the League of Nations meetings, the Russo-Finnish war, the Spanish civil war.

**ATE WITH FDR**

He ate sausages and eggs with the late President Franklin Roosevelt of the United States the night of his election vitcory over Wendell Wilkie.

He argued with Goering "until we were both blue in the face."

He interviewed such celebrities as Churchill, Einstein, Charles de Gaulle, Neville Chamberlain, Montgomery, Bernard Shaw, Eisenhower, Litvinov, Zhukov, Tito, Gandhi, Haile Selassie, Nehru and Mannerheim.

One of the last big assignments was a report on the Gold Coast, broadcast in Canada early this year. He covered the "summit" conference at Geneva in July, 1955.

Through his overseas broadcasts, Canadians came to think of him as the voice of Britain and Europe.

**BORN IN ALBERTA**

Halton was born in Pincher Creek, Alta. He qualified as a teacher at Calgary normal school and taught school for two years before going to the University of Alberta. On his graduation he was awarded a scholarship which brought him to the London School of Economics and King's College.

He returned to Canada in 1931 and joined the Toronto Star. A year later he was sent back to London by his newspaper and for eight years covered the political scene in England and the continent.

In July, 1940, he returned to Canada for a brief stint as Washington correspondent for the Star, then went to Egypt and the Nile where Commonwealth forces were fighting Hitler's desert troops.

In 1942 and 1943 he lived in Vancouver and Victoria while he wrote his book, Ten Years to Alamein. Before its publication he joined the CBC as a war correspondent, covering the North African, Sicilian and Normandy campaigns.

He was among the first wave of invasion forces on D-Day, broadcasting accounts of allied progress back to Canada.

In 1945 he was awarded the Order of the British Empire for his service in war reporting and earlier this year was awarded an honorary degree by his alma mater, the University of Alberta.

# And in This Corner...

WINCHESTER, England (AP)—The city fathers have gone cold on a plan to erect a statue of King Henry III in Hampshire County's new council building.

The project went into the deep freeze as a result of some historical research by Councillor H. M. King, who found that the 13th-century monarch—who styled himself "Henry of Winchester"—once remarked:

"The city and the district stink. I was born in this city and yet nowhere have I been so disgracefully treated. There is no county so infamous in England, none stained so deep in crime."

---

**AUCKLAND, N.Z. (Reuters)—Attendants at the Auckland zoo receive 10 shillings a week extra as "danger money"—and believe they earn it. One keeper recently had a lion slash at him and rip his thumb to the bone. Another had to go to a hospital following a bite from a monkey. A few years ago a keeper was killed when he was crushed against a wall by an elephant.**

---

WASHINGTON (AP)—One Washington tree service advertises: "A tree removal 'do it yourself' kit. One rented chain saw, one set of splints (can be used on either arm or either leg), one stretcher, one ambulance on stand-by basis. "Or let us do it for you, safely."

---

**HELL, Calif. (AP)—Things are getting tough all over.**

**Witness this ruling by the Riverside County air pollution control district: There will be no burning in Hell without prior approval.**

## Fire Destroys Fernie Building

FERNIE — Fire completely destroyed the two-storey brick and stone bowling alley building on Fernie's main street Monday.

The fire, discovered in mid-afternoon, was brought under control after three hours' fire fighting under severest Winter conditions as the first blizzard of the Winter roared over Fernie. The fire is believed to have started following thawing of frozen pipes with a blow torch.

The building was reconstructed after the Fernie fire in 1908 by the Crows Nest Trading Company after standing empty for several years. Following the depression it was reopened with the bowling alley occupying two thirds of the ground floor. Last year Simpson Sears opened an order office in the other ground floor space. The second floor was unoccupied. Loss had not yet been estimated.

## Mermet Resigns As School Board Chairman

Chairman of the board of Nelson School District No. 7 for the past five years, George Mermet officially resigned his position at Monday's board meeting.

In a letter read by J. S. Livingstone, secretary, Mr. Mermet stated:

"I have been on the board for eight years and feel that a change would be beneficial to me in the way of experience and education.

"If the citizens of this city feel that my efforts merit any credit at all, then I feel that the credit should be given to my fellow board members, the secretary-treasurer and his staff, the maintenance supervisor and his staff and our teaching staff for the wonderful co-operation and assistance I have enjoyed during the past five years as chairman."

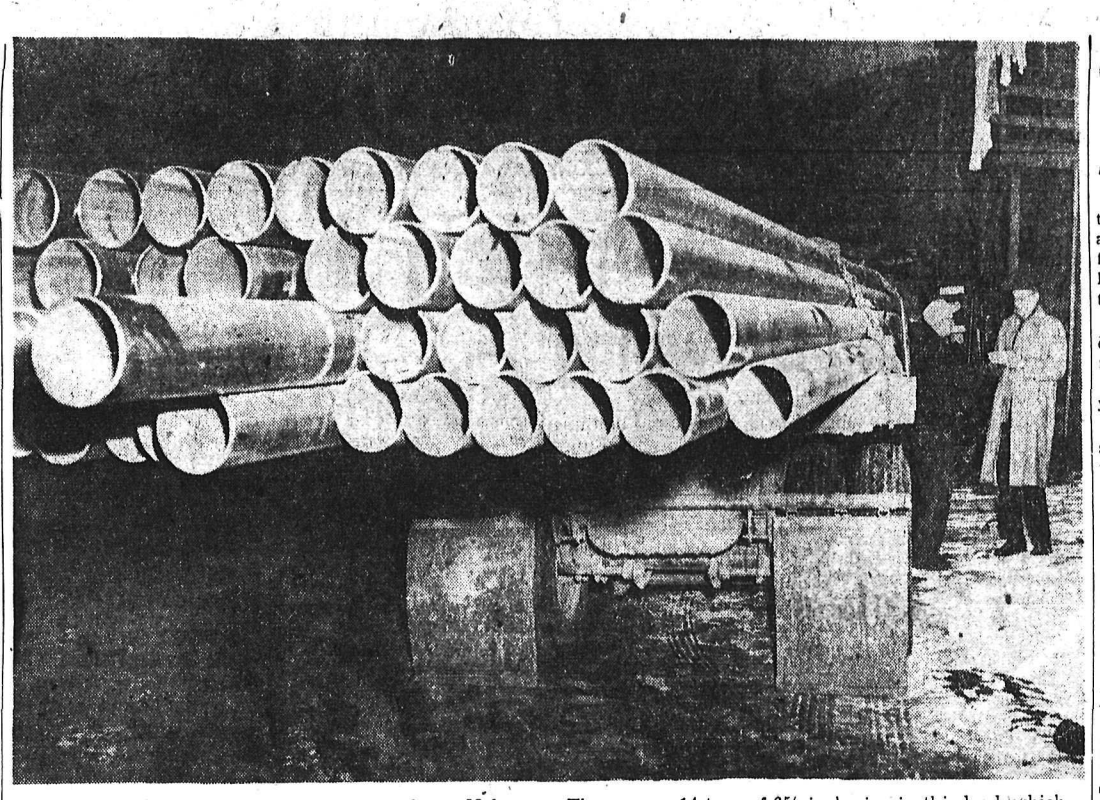
A. Northey and Dr. R. A. Spence of Thompson, Berwick and Pratt of Vancouver, who had previously addressed the meeting and thanked the board for their co-operation, expressed their best wishes. Mr. Northey expressed regret at Mr. Mermet's departure. Other members of the board extended their wishes to the chairman, and thanked him for the "diplomatic handling of issues that could have created ill feeling." All present spoke appreciatively of Mr. Mermet's record.

## 48-VOICE CHOIR TO PERFORM "MESSIAH"

The Nelson Junior High auditorium resounds Wednesday nights with the music from Handel's "Messiah" as Nelson Civic Choir, augmented by members of various church choirs throughout the city, rehearses.

This 48-voice choir will present part one of the "Messiah" in the near future. The oratorio has not been presented as a major work in Nelson for some years.

The performance will be held in St. Paul's-Trinity Church, making organ accompaniment possible. Nelson Allen, director of the Civic Choir, will conduct the performance. Merlin Bunt will accompany at the organ and Miss Judy Allan at the piano.



FIRST STEEL PIPE has been brought to Nelson by Inland Natural Gas Company, which Monday officially took over the Nelson system, in preparation for replacement of the existing distribution lines and to extend the new system to other sections of the city. There were 14 tons of 6⅝-inch pipe in this load, which has been stored near the city airstrip. Later a coating and wrapping yard will be set up to treat the pipe before it is laid early next year.

# TRANSFER GAS WORKS AT SIMPLE CEREMONY

A simple ceremony reflecting another step forward for the Nelson area was enacted Monday night before City Council members and other businessmen.

Some months ago, ratepayers approved sale of the city's gas plant, which has been operating for more than 40 years, to the Inland Natural Gas Co. for $70,000. The sale was consummated Monday night, with Mayor Joseph Kary and City Clerk C. W. R. Harper signing on behalf of the city. Company signatories were John A. McMahon, Inland president, and G. J. Kinlen, company treasurer.

Other company officials who witnessed the ceremony in the Chamber of Commerce board room, were Cecil H. Smith, formerly of Nelson, assistant to the president; R. M. Rutherford, chief engineer; R. L. McElroy, who plans to take up residence here as West Kootenay district manager; H. Laub, South Okanagan district manager; and Glen M. Garvin, public relations and sales promotion manager.

**Many of those present at the ceremony expressed pleasure at having the company move to this locality, and said that negotiations were conducted in an honest, friendly manner. Two pens were used for the signing. Mr. McMahon later presented one of these to Mayor Kary, and the other to F. G. Stringer, 75, one of the original gas employees, who was on hand for the occasion.**

Before the transfer was completed, council dismissed the city gas workers, who have accepted positions with Inland. Tribute was paid to them for their fine work. Frank Stringer, son of F. G. Stringer, will be operations manager for Nelson, the same position he held with the city. Other employees are Vince Fitzpatrick, Percy Perdue, Ira Hall and C. E. W. (Ted) Young of the city hall staff.

EXCHANGE PENS

Feature of the ceremony was the manner in which the documents were signed. Signers exchanged pens after they had written each name. The pens will be suitably inscribed as a memento of the occasion to His Worship and Mr. Stringer.

Ald. Elizabeth Wallach was honored by the company with a corsage.

Reflecting on the historical significance of the occasion, Mr. Harper remarked that the city had bought out a private gas concern about 1914 to go into the business.

**Mr. McMahon said that negotiations with the city had been pleasant, and "auger well" for good future relations. His Worship said the city had "enjoyed our dealings with Inland. We tried to be honest, and feel Inland has done likewise." He said the occasion might bring "pangs" to some, but welcomed natural gas here.**

The company has promised to make extensive repairs to the present gas system, and hopes to have natural gas available here by November, 1957.

M. B. Ryalls, president of Nelson Chamber of Commerce, welcomed the company here, saying the Chamber is "always working for progress." Don Porteous extended congratulations to Mayor Kary and aldermen for completing the deal, on behalf of the Junior Chamber of Commerce, of which he is president. Ald. W. S. Smith looked on it as "a step in the right direction," and hoped the gas would be "within the reach of everyone."

Company officials entertained council and other guests later at dinner in the Roundup Room. Also at the gathering were Leo S. Gansner on behalf of C. B. Garland, QC, city solicitor; E. E. Olson, city works superintendent; C. W. Ramsden and A. W. Gibbon, general manager and editor, respectively, of The Daily News; A. R. Ramsden, manager of CKLN, and Albert Kirby.

KINSMEN President R. A. (Al) Jack, above, will be the master of ceremonies for the second 1956 Kinauction over CKLN tonight. The first of a series of three bingo games will also be aired. Proceeds are to aid Handicapped Children and Polio Funds.

## Veteran Employee Sees Gas Works Transferred

No one would have blamed F. G. Stringer if he had shed a tear Monday night.

The 75-year-old veteran of the Nelson gas works was an honored guest when the plant was officially signed over to the Inland Natural Gas Co. He will receive one of the pens used in the ceremony, and the other will be inscribed for presentation to His Worship Mayor Joseph Kary.

Mr. Stringer was superintendent of the Nelson gas works from 1914, when the City entered the business, until he retired in 1948. His son, F. H. Stringer, held the position latterly, and has been appointed operations manager for Nelson under the new owners.

Mr. Stringer learned the gas business an as apprentice with the Brighton Gas Co. in England, and served with other gas companies in the Old Country before coming to Canada in 1907. He went first to Prince Albert, Sask., where he worked with the Prince Albert Gas Co.

The veteran has watched Nelson grow since coming here in 1908. When he retired, Mr. Stringer had seen 40 years service in the Nelson gas plant.

Mayor Kary was, undoubtedly, thinking particularly of Mr. Stringer and his family when he said that sale of the City's gas works might cause "pangs." For Mr. Stringer, Monday night's brief ceremonies might have represented the completion of a cycle. He served the gas works when it was a private concern, continued his employment when it was taken over by the City, and turned his responsibilities over to Frank Stringer junior eight years ago. Now his son will supervise the operations for another private concern.

F. G. STRINGER

## Accident Victim R. Jessup Dies

Richard Lyn Jessup of 309 Innes Street, severely injured in a weekend car accident, died in Kootenay Lake General Hospital Monday morning. He was 45.

Mr. Jessup suffered a fractured skull in a car accident at 2 a.m. Sunday morning, five miles south of Nelson on the Ymir Road.

He was born in Sudbury, Ontario, but was raised in Vancouver. He worked with the Dominion Construction Company there for about 11 years, and then, following graduation from a Chicago school of Swedish massage, he practised as a masseur.

In May of 1951 he married the former Sylvia Storbo of Vancouver, and the couple moved to Nelson in 1952. He was employed in the city garage by the public works department and in the Eureka Mine. In 1953 he joined Kootenay Forest Products, and was with the company until his death.

He is survived by his wife, one son, Gary; two daughters, Donna Lynn and Diane Shirley; his father, George Leo Jessup of North Burnaby; and one sister, Mrs. Jack Fosselett of Vancouver.

## Accident Victims Improving

Conditions of David Hill and William LaCroix, involved in a car accident on the Ymir Road on the weekend were reported "improved" and "good" respectively by their doctor Monday night.

Mr. Hill suffered facial lacerations in the accident and Mr. LaCroix is suffering from concussion. Mr. LaCroix was unconscious for six hours following the accident and X-rays showed he did not have a fractured skull as first believed.

Third injured occupant of the car, Richard Jessup, died Monday in Kootenay Lake General Hospital. A fourth occupant, James Muir, escaped unhurt.

## Postpone Hearing

Hearing of nine Sons of Freedom Doukhobor children on charges of failure to attend school was postponed till Wednesday morning before Stipendiary Magistrate William Evans in provincial court Monday.

The children were temporarily placed in the Dormitory School at New Denver after being picked up by RCMP in Glade during October.

# George Mermet To Be Aldermanic Candidate

George A. Mermet, member of the school board for eight years and board chairman for the past five years, Monday announced his candidature for alderman in the Dec. 13 civic elections.

Mr. Mermet, a Western Canadian Greyhound Lines bus driver moved to Nelson from Creston in 1940. He had lived in Creston four years.

At the B.C. School Trustees Association convention in 1955, he was named as West Kootenay member of the central executive.

Mr. Mermet is the second person to announce he will run for election to the city. W. S. Ramsay made his announcement a few weeks ago.

Terms of Ald. Arthur Foster, Ald. W. S. Smith, and Ald. George Eckmier expire this year. Ald. Foster has indicated he will not seek- re-election, and neither Ald. Smith or Ald. Eckmier have made their decisions known.

GEORGE A. MERMET

Of the two other school trustees whose terms expire this year, only one, Dr. G. R. Barrett, will seek re-election to the board. L. M. McBride said he will not be a candidate this year.

Nominations close at noon Thursday.

## Rossland Hunter Turns Up After Night in Bush

ROSSLAND (CP) — A member of the Rossland junior-senior high school staff, Bob Wilson, was safely back at his home Monday after spending 25 hours on Santa Rosa Mountain.

Mr. Wilson became separated from two other teachers, D. Sprague and J. Grigoruk, while on a weekend hunting trip.

Police organized a search party which was preparing to set out in search of Mr. Wilson Monday morning when he made his way to Rossland-Christina Lake highway at Sheep Creek.

Mr. Wilson said that he had missed a meeting point with Mr. Sprague and Mr. Grigoruk and had become lost. He spent the night wandering over the summit but was unable to light a fire after his matches, which he wrapped in wax paper, had become wet from snow in the heavy underbrush.

## Rudy Boates Heads IOOF

Kootenay Lodge, IOOF, at Nelson has elected officers for the coming year.

They are Rudy Boates, noble grand; Roy Lewis, vice-grand; R. D. Pettet, recording secretary; D. D. Paul, financial secretary, and W. A. Triggs, treasurer.

Plans were completed to confer the initiatory degree December 10.

# Miners To Vote Today On Last Minute Offer

CALGARY (CP) — Coal miners throughout Alberta and the Crow's Nest area of B.C. were back at work Monday and ready to vote today on the fourth referendum since the current wage dispute began.

There appeared to be every indication the miners would accept the last-minute proposal agreed to at Thursday's meeting. The 1000 Drumheller and East Coulee miners who had been on strike for a week after the strike vote was called, all returned to the pits Monday.

Sunday meetings in Drumheller and the Crows Nest Pass were held and all miners voted to return to work pending the Tuesday vote. Union leaders feel the majority will favor acceptance of the new two-year agreement in the referendum.

The agreement gives about 4500 miners in both provinces a wage increase of 50 cents a day retroactive to July 3 for the first five months of the contract and an additional 70 cents daily from Dec. 1, 1956, to July 2, 1958, as well as other benefits.

Mike Susnar of Calgary, a United Mine Workers of America district 18 representative, said he negotiations under the Alberta Labor Act and provision should be made to speed it up.

Nagging pain in stiff, sore, joints and muscles can be killing you—but just rub the sore spots briskly with BUCKLEY'S WHITE RUB and feel those pain devils go! Fast acting BUCKLEY'S WHITE RUB drives blood-stimulating heat deep down to where the pain is — drives it out — fast! Wonderfully pleasant to use. It vanishes as you rub it in. Can't stain. Only 59¢ — but worth a million dollars when pain strikes.

# *Mining Activity Up, Lumbering Down Employment Report States*

Increased mining activity and a recession in logging and sawmill industries in the Nelson district are noted in the November report of employment conditions compiled by the National Employment service office in Nelson.

**The Finley Mining Company recently commenced activity on the old Queen Victoria Mine property near Beasley, approximately 10 miles from Nelson. This company plans to mine 150 tons a day throughout the Winter and will truck the ore to the Kenville Mill at Blewett, the report states.**

A crew of four men are presently engaged in preliminary development work on the Willet Mines Limited property, near Lardeau. This company, while presently carrying out tunnelling operations, plans to begin shipments to Trail in the near future.

Total of 27 diamond drillers are presently engaged in exploration work at various properties throughout the Nelson area. A crew of 12 men are still engaged at Cody-Reco Mine near Sandon, while an additional crew continues to diamond drill at the Carnegie Mine in the same area.

A mining deal was completed in November in connection with the Hope Group of silver-lead claims at Goat Creek, near Boswell. E. Bainbridge and sons have sold the claims to Vancouver and Castlegar interests, who it is understood intend to develop them immediately. A. Drysdale of Creston is making the access road from the main highway.

### ORE FOR THREE YEARS

Recent reports by Western Mines Limited, Ainsworth development, indicate sufficient ore to operate a 500-ton mill for well over three years. The extent of the ore body has not yet been determined entirely and Consolidated Mining and Smelting Company plan to continue diamond drill tests. It is proposed the capitalization of Western Mines be increased and that Cominco will acquire some of the new shares.

Elsewhere in the area, the six large base metal producers continue to operate at full capacity with the supply of miners being in balance with employers' demands.

**Unfavorable Winter weather conditions and a further drop in wholesale lumber prices "severely hampered" logging and sawmill activity in the Nelson area during November, monthly report of the Nelson office of the National Employment Service states.**

**Operating profits have been reduced to a point where even larger logging and sawmill firms are considering shutting down for the Winter rather than operate at possibly a loss, the report said.**

Hicks Brothers sawmill of Slocan City have ceased operations with a resulting layoff of approximately 24 employees. Up to 70 sawmill workers have made application for employment at the N.E.S. Large firms point out that anywhere from 50-60 per cent of local lumber goes to the U.S. markets. The three to four per cent exchange alone results in a loss of up to $3 per thousand. This, coupled with the price-drop, lowers the margin of profit greatly. Operators point out that the price is dropping almost daily. This is particularly evident in dimentional lumber. It is felt that the sudden softening of the lumber market will squeeze out many of the smaller sawmills. Orders for white pine lumber have been holding up quite well and this was one of the few bright spots in the lumbering industry.

Celgar Ltd. at Nakusp is still maintaining a crew of approximately 80 men in the sawmill. They intend to continue this operation as long as the lumber market allows.

Near the end of the reporting period, Passmore Lumber Co. of Passmore, shut down their mill entirely. This closure affected approximately 60 sawmill workers. The Company feels that stumpage rates are too high and lumber prices are too low to warrant a continuation at this time. This layoff is expected to last for at least three to four months.

Kootenay Forest Products have closed their Woodbury operation for the winter with a resulting layoff of approximately 70 men They recently purchased a new snowplow and are thus hoping to continue their Tye operation further into the winter than they did last year with the aid of this expensive piece of machinery. During the latter part of the month the International Woodworkers of America receives certification rights for all woods operations of Kootenay Forest Products Ltd.—affecting more than 100 men.

Celgar Ltd., at Nakusp is presently employing approximately 80 in their logging operations. Log inventories are completed but they intend to operate just as long as weather and market conditions permit.

In the construction industry, 72 men were employed by the City of Nelson Public Works Department on the sidewalks and street-planning progress during November. Fifteen men were laid off due to the cold weather which prevented pouring of concrete. The balance of this project will be continued next spring—50 per cent of the work has now been completed.

Thirty-eight men are still employed on the actual construction of the Nelson bridge; however, sub-contractor Associated Enterprises, have now almost completed the fill on the North approach.

Completion of the $50,000 Overwaitea Store resulted in the layoff of approximately 10 men.

T. H. Waters and Co. are progressing with the new Dairy Queen milk bar at the corner of Kokanee and Nelson Avenues. The cost of this building is approximately $10,000. T .H. Waters are also progressing steadily with the $130,000 extension program to the Nelson Daily News.

### STORE PROGRESSES

Construction on the new $97,000 Safeway building is going ahead according to schedule. The laminated girders were received and installed and cement blocks have been laid to form the walls. Preparations are now being made for the application of a built-up roof and good weather is hoped for during this period. Frank Tearoe Construction Company of West Vancouver has employed approximately 20 local men on this project during the month.

Approximately 70 men have been employed by the Provincial Government Department of Public Works during the past few months. They have been working on the Brilliant airport road, Slocan Valley road, Balfour-Queen's Bay cutoff and the Nelson-Kaslo road. These projects are to be continued as long as weather permits after which approximately 35 men will be retained for snow removal purposes.

During November, work was completed on the Duhamel Creek waterworks district installations by contractor L. S. Simmons. Approximately 10 men were employed on this job, six of whom were placed by the N.E.S.

Tenders will likely be called for renovating of the Nelson Armouries sometime during December—this being part of the Government's plan to create winter employment.

By the end of the month there were approximately 50 carpenters applying for work at the N.E.S. This is an increase of approximately 40 during the month.

Decline of district agriculture and other problems facing the industry were aired by delegates and speakers at the annual meeting of the West Kootenay Boundary Central Farmers' Institute, during the month.

The Canadian Pacific Railway doubled their crew of track walkers during the month of November. There were approximately 15 men hired for the "extra" gang during the month, six or seven of whom were immigrants and were found to be good, steady workers The B&B, Section and Extra Gangs are now completely filled in all areas serviced by the Nelson district. The Diesel Shop has had no difficulty obtaining wipers during the past month and now have a full complement of men.

**The Great Northern Railway, who have been employing an "extra" gang crew between Nelson and Salmo laying rails, ballasting, etc., laid off from 25 to 30 men during the month of November.**

J. J. Bloodoff of Brilliant employed a crew of approximately 92 men slashing a right-of-way for a power line from South Slocan through Passmore to Watshan Lake to tie in with the B.C. Power Commission. However, 67 men were laid off during the latter part of November.

# Resolutions From School Trustees' Meet at Cranbrook Go To Minister

CRANBROOK — Twenty-four resolutions passed by the B.C. School Trustees' Association annual convention in Cranbrook in September were presented during the weekend to education minister Leslie Peterson during a conference at Association headquarters in Vancouver.

The resolutions will be taken back to Victoria by the minister for study in conjunction with his departmental officers, and later replies to the varied requests will be made to the trustee association for the information of member boards throughout B.C. Many of the resolutions were technical in nature, and all aimed at improving education practice in B.C.

Later the minister, his deputy, Dr. H. L. Campbell, Dean Neville Scarfe of the UBC College of Education and members of the faculty were guests of the Association at a reception and luncheon. It was Mr. Peterson's first meeting with the Association and the first contact also for several of the faculty members.

Mr. Peterson expressed confidence that he and his officials would be able to achieve much for education in B.C. in cooperation with the B.C. School Trustees' Association.

## *Irony in Suez Situation*

Lord Salisbury, government leader in the House of Lords, said in answer to questions that the British government's policy is that of a phased withdrawal from Egypt. This is the normal procedure adopted when one body of troops takes over from another. In this case there are sufficient UN troops to replace them. Their caution in this case is probably justified by their lack of faith in the Egyptians.

This policy does not satisfy the Americans, who insist that British and French troops should leave the Canal zone immediately. They are entitled to take that stand, but when they say that they will make their supplies of oil to Europe contingent on that withdrawal they are making a grave mistake.

It will inevitably appear to other countries that the U.S. is going outside the UN and imposing sanctions. They will conclude also that in the matter of oil there is too much power centred in American hands.

To add irony to the situation, it is reported that Russia is willing to sell oil to Britain, from which it appears that her friends will not help her but her enemies will.

## Need of Refugees Desperate

The plight of the Hungarian refugees is such as to move everyone to compassion. They are homeless, with only the clothes they wear and without resources. They will depend entirely on the kindness of others until they can find employment in a new land.

Parliament has voted a million dollars to assist those who come to Canada, and this will go far towards helping these unfortunate people in such things as food and clothing, but their happiness depends upon their integration into the life of Canada.

The appeal to those who can to take the refugees into their homes is the first and most vital step in this direction. It is a practical proof of our sympathy, and one which should be heeded by all who have the necessary accommodation.

## Sympathy of District With Creston Families

The accident which caused the death of eight men on Kootenay Lake has aroused the sorrow and sympathy of all. The community of Creston, too, has a heavy burden of sorrow and regrets that so many of its citizens have lost their lives.

To all those bereaved The Daily News extends its sincerest condolences and deepest sympathy.

## Dr. Chisholm and Santa Claus

It is impossible to argue with Dr. Brock Chisholm and we shall not even try. He is absolutely right; there is no you know who, and parents, when they tell their children that there is, are lying in their teeth. The best that can be said for them is that they are not lying in their hearts.

In a completely rational world this would be no defence. The heart, as far as the mind can tell, is fully occupied in pumping blood; it knows no more of truth than the bowels know of compassion. Blaise Pascal, whose giant mind would have been a match for even Dr. Chisholm's, was talking nonsense when he spoke about the heart having its reasons that the reason knows not of.

But it was not arrant nonsense. For the world, as Blaise Pascal was rational enough to know, is not a rational world. It is a world composed far less of pure reason than of emotions—of brave and quite unreasonable hopes, of nameless fears, of loves that laugh at logic and of ambitions as towering and as intellectually meaningless as Everest.

In such a world, whose head has come no closer in 2000 years than has its heart to answering Pilate's simple question, it seems a bit presumptuous to talk about the fancies of the heart being "infantile".

The heart is old, eons older than the mind. It had learned the secret rhythm of the universe and become a virtuoso of the dance of life long before the first faint glimmer of an idea crossed the embryonic human mind.

It is the mind that is an infant, groping and stumbling in its new-found powers of cogitation; building its theories of the universe, its toy castles of conceptual thought, then smashing them to bits to try again. It is not absolutely sure of anything.

The mind tells us, for example, that in the outside world there is a solid, rounded, quite substantial object that corresponds exactly with an image that the mind has labelled "Dr. Chisholm".

But the mind is limited. For all it knows, that seemingly substantial object is a swirling electronic mass, made up of one part energy to 99 parts empty space. Its configuration is not stable for two instants in succession.

It may, in fact, be nothing but a writhing knot in the space-time continuum, and the careful parent will think twice before he tells his child that there really is a Dr. Chisholm. It might be safer to describe the doctor as a necessary fiction.

With the heart it is quite otherwise. Where the mind thinks and tries to know, the heart already knows. It knows grief; grief is no fiction. It knows pain and joy and love and sadness. And it was from such ingredients, as real and undeniable as life itself, that Santa Claus was fashioned by the human heart.

The recipe, to be precise, is one part myth to 99 parts loving-kindness, which compares quite favorably with that of Dr. Chisholm. Its effect upon young addicts can be seen in laughing eyes, in glowing cheeks and in the dancing joy of hopes fulfilled.

The myth, of course, wears off with age. The loving-kindness is more lasting and not the least bit toxic. So Santa Claus remains, at least as real and round and jolly in his peculiar way as Dr. Chisholm in his.

—G. S. R. in Winnipeg Free Press

## Press Comment

In nine years there will be six million passenger cars owned in Canada, says the Red Deer (Alta.) Advocate, "And if we continue to add paved highways at no faster rate than we are now doing, the distance between cars (on our paved highways) would be only 23 feet. That's a rather grim prospect. There are too many cars for our present highways, or too few highways for the present number of cars. How are future requirements to be met?"

People never realize what they can do until they try to undo something they have just done.—St. Thomas Times-Journal.

## They'll Do It Every Time

## ?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. QUESTIONS WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy

TV Fan, Nelson—Is Mary Livingstone the wife of Jack Benny?

Yes.

K. K., Nelson—Would you please print recipe for uncooked mustard pickles?

One and half ounce saccharine, one gallon wine vinegar, one cup salt, one ounce tumeric, quarter pound mustard, one ounce curry powder, one teaspoon red pepper (scant), one ounce mustard seed, two and half cups granulated sugar. Place all ingredients in five-gallon crock; add enough onions, cauliflower, cucumber in equal proportions to float; stir three times daily for three days. Keep in dark, cool place. We have been told this pickle can be kept indefinitely.

Newlywed, No Address—Here is a problem: How does a newly-married couple arrange about their first Christmas: Should they spend it with her family or with his?

This is one of the most difficult questions with which we have had to deal. Presumably it would depend on whether both families are within easy distance or whether one is close and the other in another town. It is such a personal matter that we hesitate to give any kind of advice—apart from the suggestion of informing both families that the newlyweds want them all to share their first Christmas in their new home. That would simplify matters considerably. And think of the cooking experiments the bride would be saved! Each mother is bound to arrive laden with dishes she is secretly certain her daughter cannot cook.

Interested, Nelson—Is Lady Churchill related to Sir Winston?

No.

Curious, Nelson—What happened to the Marmot Metals Manufacturing Co., Ltd.?

The B. C. charter was cancelled in 1940.

E. V. D., Slocan—In November I asked a question about aerials which was not answered. Is that because I now buy my paper from a carrier instead of through direct subscription?

*Not at all. The delay in reply (which* incidentally appeared in yesterday's issue) was due to the fact that we had some difficulty in getting the information.

## Soviet Myths Exploded

The outbursts of popular anti-Russian and anti-Communist feeling in Poland and Hungary reveal the complete failure of Stalin's *effort to secure "friendly neighbors"* by brute force and massive indoctrination.

Young people brought up for a dozen years on nothing but Communist propaganda took the leading role in demanding sweeping changes. Students, soldiers, factory workers — the very ones most favored by the Communist regime and given the heaviest indoctrination — made up the bulk of the peaceful demonstrators in Poland and Hungary and the bulk of the revolutionists in Hungary . . .

Sweeping concessions seem to be the only way the Communists can retain control in Poland and Hungary short of open, brutal conquest and long-continued occupation by Soviet armed forces . . .

At stake ultimately is not only the Communist hold on all the European catellite countries. At stake also is the carefully cultivated propaganda picture spread across Asia and Africa of the Soviet Union as leader of the "camp of peace," the sworn foe of colonialism and imperialism.

Soviet tanks and machine guns in Hungary have shot some bad holes in this propaganda picture.—Des Moines Register.

## It's Been Said

Prayer crowns God with the honor and glory due to His name, and God crowns prayer with assurance and comfort. The most praying souls are the most assured souls.

—Thomas Brooks.

## Watch Your Language

MYSTIFY—(MIS-ti-fi)—verb transitive; to involve in mystery; to make difficult to understand; to puzzle; bewilder. Origin French—Mystifier.

## TODAY'S BIBLE THOUGHT

**It is good for me that I have been afflicted. — Psalm 119:71.**

Every strong man is grateful for experiences that have brought him strength. This life is a preparitory school. We are preparing for something much better and finer.

## *Aunt Het*

I wouldn't use fine china every day even if I could afford it. You don't feel right when you have company if you can't put on extra style.

## Your Individual HOROSCOPE

**By Frances Drake**

*Look in the section in which* your birthday comes and find what your outlook is, according to the stars.

**For Wednesday, Dec. 5, 1956**

MARCH 21 to APRIL 20 (Aries) —Rays not particularly favorable for attempting new and untried ventures. Eliminate the waste motion that periodically slips into routine. Stand firmly on principles.

APRIL 21 to MAY 21 (Taurus) — Excellent influences prevail. Give full support to essentials first, then pudiciously experiment with novel yet saleable merchandise or proposals. Underscore activity with stability.

MAY 22 to JUNE 21 (Gemini) — Gains possible, but don't be overenthusiastic to the point of carelessness. Your quick wit and ingenuity can aid in obtaining strong cooperation. Discuss matters with trusted associates.

JUNE 22 to JULY 23 (Cancer)—Like Taureans, strike out toward high goals. Don't permit your talents to rust. A well-planned manoeuver has a good prospect of *succeeding. Maintain a steady,* constructive pace.

JULY 24 to AUGUST 23 (Leo)—Profit by experience and the well-meaning advice of friends "in the know." Avoid a tendency to shirk difficult tasks. Cultivate friendships that will be durable, worthwhile.

AUGUST 24 to SEPTEMBER 23 (Virgo) — Security your goal? It is built upon a foundation of day-to-day efforts. You can make an enviable record. Dividends will accrue as efforts increase.

SEPTEMBER 24 to OCTOBER 23 (Libra) — Favorable aspects abound which should encourage you to sustained endeavor. Schol*ars, professional people, clerks,* laborers, office workers can all share in benefits if putting forth their best efforts.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — The position of Mars suggests caution in dealing with competition, financial matters, new ventures. Call into play your triple threat of tenacity, shewdness and discernment.

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — Your indications similar to Scorpio's. Move with deliberateness, sagacity. Tackle incompleted matters carefully. Display a calm, confident air and things should go your way.

DECEMBER 22 to JANUARY 20 (Capricorn) — An advantageous day — especially for merchants, those in the legal and advertising fields, mechanics, factory workers. Be alert to ever-prevalent pitfalls, however. If observant, you can spot them.

JANUARY 21 to FEBRUARY 19 (Aquarius) — Keep yourself under sensible restraint now. A tendancy toward extremes and over-exertion is possible. In dealings with others be direct if you would gain best results.

FEBRUARY 20 to MARCH 20 (Pisces) — Progressive ideas, properly exploited, can help you today. Don't become down-hearted by temporary set-backs. A firm comprehensive program is a "must." No plans, no developments!

YOU BORN TODAY are generous, charitable, exuberant. You are also endowed with self-reliance, enterprise, initiative and go-get-it-iveness. You make friends readily and retain them if you so desire. You do not relish instruction or orders, but will work ably with superiors. Curb a tendency to rebel at unwanted but necessary authority. You have the knack for progressing rapidly when you put your mind to it; will have no patience with those who are indefinite, careless or vague. *Birthdate of: Martin Van Buren,* 8th U.S. Pres.; George A. Custer, Amer. cavalry leader; Walt Disney, cartoonist, producer.

## Ottawa Needs Farm Workers

OTTAWA (CP) — Federal authorities Monday called for a boost in immigration to meet an increasing farm labor shortage.

They said that the exodus from farms to cities, sparked by Canada's big industrial expansion, has increased and the outlook for 1957 is that more of the farm workers will move out of agriculture.

"In the light of economic con*ditions as they are expected to* prevail in Canada and the continuing shortage of farm workers in 1957, it is considered desirable and essential to maintain and if possible increase the flow of immigrants for employment in Canadian agriculture," they said in a report presented to the federal-provincial agricultural conference. The report was prepared by officials of several departments.

**EXODUS SLOWING**

The 1957 exodus from farms, they added is not likely to be as great as the unusually big movement of 1956. Manpower requirements may decline through greater use of machinery and *increased farm efficiency.*

Nevertheless the need would be greater than ever to organize seasonal movements of workers for farms within and between provinces. More United States workers would have to be brought in for season jobs.

Canada's farm labor force has dropped by an average 30,000 a year during the last decade. In the first 10 months of 1956, the drop was 54,000.

## Tug Sudbury Nears End of Long Tow

VICTORIA (CP)—The Victoria-based tug Sudbury, towing the crippled American freighter Thunderbird from mid-Pacific for the last seven days, is expected to arrive at Seattle Wednesday.

Sunday night, Captain Harley Blagborne reported his position was 250 miles West of Cape Flattery, which is on the southern tip of Vancouver Island.

With a speed of 7½ knots an hour, the tug is averaging about 170 miles a day, its owner, Island Tug and Barge Co., said here. If weather conditions remain favorable, the Sudbury should reach Seattle early Wednesday, Captain Blagborne radioed.

Heavy southwest winds, which buffeted the tug and its tow earlier Sunday, had abated, he said.

The Sudbury picked up the tramp freighter after it had lost its propeller 2000 miles out at sea on Nov. 7.

## Name Date and Announcer for Drama Festival

OTTAWA (CP)—The Dominion Drama Festival Monday announced dates for the 13 regional drama festivals which precede the finals to be held this year at Edmonton May 20-25.

Cecil Bellamy, British actor, producer and adjudicator, will judge the regional festivals and final festival adjudicator will be Robert Speaight, British actor-director.

The place and dates of western regional festivals are:

British Columbia Vancouver Jan. 29-Feb. 1; Alberta, Lethbridge, Feb. 6-9; Manitoba, Winnipeg Feb. 20-23; Saskatchewan, Saskatoon, March 12-14.

## Water Transport Profits Tripled

OTTAWA (CP) — Net profits of Canadian water transportation companies almost tripled in 1955 by comparison with the previous year.

The Bureau of Statistics said *1955 profits were $14,623,000 com*pared with $5,906,000. Operating revenues were up to $263,339,000 from $223,583,000, and operating expenses rose to $242,666,000 from $215,456,000.

A total of 1738 Canadian-owned vessels and 508 chartered ships were in operation during 1955.

'F99' FOR ECZEMA "SKIN CLEARING LIKE MAGIC"

"This medicine is proving to be excellent stuff for my husband's ailment (Eczema) and his skin is clearing up like magic. For the first time in many years he is resting properly at night. It has completely relieved the irritation and burning," writes Mrs. S. C. of Hagensborg, B. C. Ask your druggist for free illustrated booklet today F-65

# Salmo Group Raises $181 at Annual Bazaar

SALMO — The Community Memorial Church Hall was a gay scene as the Salmo Ladies' Aid held it annual fall tea and bazaar, under the direction of Mrs. Henry John.

Mrs. Henry John received the guests. Those in charge of the stalls and tea tables were kept extremely busy all the afternoon, as a great number of people attended the sale and tea. Aprons, pillow cases, table cloths, crochet and embroidery were for sale and met with a ready demand, with the exception of a few small articles. The many persons attending the sale had soon purchased everything offered for sale. Those in charge, Mrs. R. Stenson and Mrs. F. Wrang, showed receipts as $80. Home made candy, baked goods and preserves were quickly sold to eager customers. Those in charge, Mrs. Erick Munck, Mrs. Alice Hearn, Mrs. Henry and Mrs. Chris Hansen, turned over $50 from the table. Mrs. A. Anderson was in charge of a novelty table and mystery parcels. The many articles shown proved tempting to visitors and resulted in over $33.

The tea tables, arranged by Mrs. Rudy Ungaro, were centred with festive Christmas crackers and ornaments. Mrs. F. T. Middleton was in charge of the kitchen, and had as her helpers, Mrs. J. Holden, Mrs. Warning, Mrs. R. Ungaro and Mrs. Dorey. Servers were Miss Lois Hansen, Miss Barbara Reid, Miss Merylin John, Miss Dorothy Wrang, Miss Judy Teague and Miss Judy Wrang.

The result of the afternoon was $181.

# Christmas Theme At Lutheran Tea

A Christmas theme prevailed Saturday afternoon in Lutheran Church Hall when Lutheran Ladies Aid members held their bazaar and tea.

The pouring table was attractive with an ornament bedecked green bough centrepiece flanked by red tapers. Tea tables were centred with miniature boughs and gay baubles.

Mrs. H. Fahrenholtz greeted the guests and Mrs. Jack Morgan was cashier. Mrs. J. Lucas, Mrs. R. Zubick and Miss Irene Albright served the tea tables while Mrs. Fred Bloom was in charge of the kitchen.

Mrs. C. Hennig and Mrs. R. Moen poured. Mrs. W. Somers, Mrs. L. Sept and Mrs. J. Brader sold baked goods and Mrs. Art Boyce and Mrs. Fred Koehle were in charge of the table of work.

# Boswell Notes

BOSWELL—W. Lawson Hepher is still a patient in Creston Valley Hospital.

Roy Koch has returned from Yahk, where he had been engaged in construction work during the warmer months.

Mrs. Frederick Simpson and family have left to join Mr. Simpson in Banff, where he is employed.

George Neily is a patient in the Trail-Tadanac Hospital for a few days.

Mr. and Mrs. Harry Morley have left for Penticton on the first lap of a journey to New Zealand and Australia. They will be travelling by boat from San Francisco. Mr. Morley was in business in the Southern countries some years ago, and is looking forward to renewing old friendships. Mr. and Mrs. Dunc Macfarlane will accompany them as far as Penticton, where they plan to visit friends.

NEWLYWEDS Mr. and Mrs. Cornelius Tazelaar are pictured here following their marriage in First Presbyterian Church. Rev. J. N. Allan officiated. The couple will make their home in Nelson. —Vogue photo.

# Chicken, Dumplings Fine Canadian Dish

By MARGARET CARR

Stewed chicken, or fowl in some form or another, is a familiar dish all over the world.

Canadians are particularly fond of chicken with dumplings and today we're going to tell you how it's made in Canada's Kitchen, in the department of agriculture at Ottawa. Chicken pie is a great favorite with Canadians, too, and, of course, that is a type of stew.

Chicken fricassee is really a type of stew also. To make it, dip the fowl pieces in milk, coat with seasoned flour and brown in hot fat. Then proceed as for stewed chicken. If you prefer to make the fricassee make a gravy or sauce and pour it over the browned pieces of fowl in a casserole. Cover and bake in a 325 degree F. oven until tender (two to three hours).

**STEWED CHICKEN**

Cut fowl in serving size pieces; wash carefully, cover with water in stewing kettle and add salt, pepper, chopped onion, celery and carrot for seasoning. Cover and simmer, just under boiling point, until tender. It will take from two to three hours. Thicken the stock with flour mixed with a little water, as you do with stew. Then drop dumpling mixture by spoonfuls on top of fowl pieces. Cover the kettle tightly and cook 15 minutes without removing lid. Vegetables may be added during the last hour of cooking to make a complete meal.

**DUMPLINGS**

One and one half cups all-purpose flour, 3 teaspoons baking powder, ¾ teaspoon salt, ¾ cup milk.

Sift dry ingredients and add milk to make a very soft dough. Drop by tablespoons on top of hot stew. Cover tightly and cook 18 to 20 minutes. Do not lift cover while dumplings are cooking. Serve at once. Makes nine dumplings.

**PARSLEY DUMPLINGS**

Add ¼ cup finely chopped parsley and 1½ tablespoons finely chopped chives or green onions to sifted dry ingredients.

**ONION DUMPLINGS**

Add two tablespoons grated onion and two teaspoons very finely chopped green pepper to sifted dry ingredients.

**TOMATO DUMPLINGS**

Use one cup tomato juice in place of milk in dumpling recipe. Sprinkle dumplings with paprika before covering.

**CHICKEN PIE**

Biscuit dough or pastry, 1 fowl (4 to 5 pounds), 3 tablespoons fat, ½ pound mushrooms, sliced, 6 cups water, 1 carrot, sliced, 1 onion, 2 stalks celery, 2 tablespoons chopped parsley, 1 tablespoon salt, 6 to 8 small cooked onions, 2 medium cooked potatoes (cut in 1-inch cubes), 1½ cups diced cooked carrots (or carrots and peas), 6 cups medium cream sauce seasoned to taste (made with stock or part stock and part milk).

Cut fowl into pieces and fry in hot fat until well browned, about 10 minutes. Remove from pan. Fry mushrooms in fat left in pan until lightly browned, two to three minutes.

Place browned fowl in a kettle, add water, carrot, onion, celery, parsley and salt. Cover and simmer until fowl is tender, two to three hours. Allow fowl to cool in stock. Take from stock and remove meat from bones, cutting the meat in fairly large pieces. Strain stock for use in the sauce or in soup.

Combine meat with the cooked mushrooms, onions, potatoes and carrots. Place in a greased 12-cup casserole. Add cream sauce. Top with biscuit dough or pastry and bake in a hot oven (425 degrees F.) until crust is done, about 40 minutes. Makes six to eight servings.

Note: If preferred, the fowl may be simmered without first browning.

# Movie Gossip . . .

## Tommy Dorsey's Death Felt by Many Who Enjoyed Listening To His Music

By BOB THOMAS

HOLLYWOOD (AP)—The passing last week of Tommy Dorsey was deeply felt by many of the millions who fell under the spell of his golden trombone and his great band of the 1930s and 1940s.

Many of us thought Tommy was the greatest. Maybe Benny Goodman was swingier; maybe Glenn Miller had more commercial success, but for all-around excellence, you couldn't top Tommy. You could listen to him all night, as we often did, and not hear a dull number.

The difference between Tommy and Jimmy Dorsey was shown in their bands. Tommy was an extrovert, with great energy and enthusiasm. He constantly sought innovations in music.

Jimmy is the introvert. He found a smooth, easy style and stuck to it. While Tommy was having a ball playing one-nighters on the road, Jimmy preferred the security of backing Bing Crosby on his radio show.

**BROTHERS FEUD**

It was inevitable that the two brothers couldn't get along as partners in their younger days. The split came May 30, 1935, when their band was playing the Glen Island Casino in New York.

Tommy started the boys playing I'll Never Say Never Again and Jimmy didn't like the beat. They exchanged hot words and Tommy stalked off the stand.

"I'm going to start my own band," he vowed. "I won't give up until its twice as good as his."

**ALL GOOD MUSICIANS**

And what a band it was! All of the sidemen were great musicians, including such stars as Buddy Rich and Ziggy Elman. The vocalists were the greatest assembled for a band—Frank Sinatra, Jo Stafford, Connie Haines and The Pied Pipers.

Having realized his ambition — and mellowed quite a bit—Tommy joined forces with Jimmy in 1953. They had tired of feuding. The band business had faded to a shadow of its onetime prosperity, and they figured they could do better together than apart. They did, but it was nothing compared to the success they had known before.

# Kinnaird Audience Enjoys Evening of One-Act Plays

KINNAIRD — Kinnaird Little Theatre group presented two well-received one-act plays Saturday in the school activity room.

First of the plays, entitled "Scattered Showers" was directed by Ruth Waldie of Robson. Scene presented was of three mothers of small children, who meet for the first time while watching their children at play in the park. The children, who are not seen during the performance, get into all sorts of difficulties, and the three mothers re-act totally differently. Ginny Walper, in the role of Jane, played the sympathetic, kind but firm parent, and her successful handling of a dangerous situation when the three little boys get themselves adrift on the river, points out that hers is the best way. Other mothers, Marjorie McBain as Elsie, who does everything by the "book says" method, and Bernice Scott as Harriet, believing in the rule of "spare the rod and spoil the child," also played their parts well.

"The Command Performance," second play, was directed by Gwen Summerfield, and had an eastern theme and flavor. The story was of an Indian maharajah, ably portrayed by Laurence Porter who wishes revenge for the death of his son at the hands of British soldiers. He is determined to select his victim from a group of professional people who are guests in his palace. On the side, while preparing the sacrifice, he decides to test these products of a western civilization to see what stuff they are made of and to find out whether, as he has been told, the strong will die for the weak. The maharajah is aided by his captain of the guards, played by Paul Walker, and is awaited upon by the avah, a serving girl, played by Tannis Killough.

Among his guests are Joan Johnson as Jannette Laurence, a singer, Gord Simbert as Albert Rosetti, an artist, Evelyn Burrows as Claudia Winters, a novelist, Wally Walper as Henry Collins, a doctor, Betty Sutton as Mabel Morrison, a mother, Gwillym Hughes as John Kirby, a scientist, and Art Sutton, who played the part of an idler, James Van Loon. Given the opportunity to sacrifice their lives to save the rest of the group each came up with a ready excuse for being allowed to live. Of all these people, the man who paid the death penalty at the hands of the maharajah's picked riflemen was the idle playboy, thereby freeing the others in the party to go on their way.

Stage manager was Dr. C. H. (Pat) Fowler of Castlegar.

# Pythian Sisters at Salmo Buy More Chairs for Lodge

SALMO — During the last meeting of Twin Temple, Pythian Sisters, Chief Mrs. Margaret John reported that six more chairs had been purchased for the Knights of Pythias Lodge room. An automatic coffee urn was presented to the Temple by Mrs. Irene Erde, who had taken enough of a firm's orders from members to earn this premium. It was voted by members to donate $20 to the Cerebral Palsy Society.

Following the metting, a shower was held for Mrs. Robert Grimm, a recent bride. The gifts were enclosed in a huge "wedding cake". Mrs. Margartt Treat, mother of the bride, and Mrs. Robert Grimm sr., assisted the bride in opening the gifts, after which a buffet luncheon was served under the joint convenership of Mrs. Mildred Stevens and Mrs. Mabel Nordquist. The table was centred with the bride's cake, flanked with white tapers and pastel colored flowers. Mrs. Beulah Harris was in charge of all decorations.

Mrs. Lila Thompson read one of her original poems, especially written for the bride.

## SANTA CALLS AT KASLO TEA, SALE

KASLO — The Service Club of St. Andrew's United Church held a successful tea and bake sale in the United Church hall.

A special feature that delighted the children was a visit from Santa Claus, who presented each child with a fancy colored balloon.

The serving table was in charge of Mrs. A. R. McLanders, Mrs. A. Bavington and Mrs. H. McIntyre. The bake table was supervised by Mrs. E. Morphet, Mrs. H. Johnston and Mrs. G. Thompson. Mrs. D. Jones and Rev. Dr. H. K. Johnston were at the fish pond. Mrs. E. Allen headed the candy table committee consisting of Mrs. G. Lanterman, Mrs. G. Baker, Mrs. Carpenter, Mrs. E. M. Palola and Mrs. Cummings.

# Balfour Notes

BALFOUR — Mr. and Mrs. C. L. Race have returned from a motor trip to Lethbridge, where they visited their son and daughter-in-law, Mr. and Mrs. W. Race.

Mr. and Mrs. W. H. Saunders were visitors to Castlegar, guests of their son-in-law and daughter, Mr. and Mrs. E. Henneen.

## Couple From Buffalo Visit Gray Creek

GRAY CREEK — Recent guests were Mr. and Mrs. William Henderson Cleland from Buffalo, N.Y. Mr. Cleland came to see his grandmother's grave in the cemetery here. He and Mrs. Cleland have been staying with his sister, Mrs. Dan Taylor at Sunshine Bay after holidaying in California. The Clelands travelled by train.

**Announce New Way To Shrink Painful Hemorrhoids**

Science Finds Healing Substance That Relieves Pain—Shrinks Hemorrhoids

Toronto, Ont. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain. Thousands have been relieved—without resort to surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne*)—discovery of a famous scientific institute.

Now you can get this new healing substance in suppository or ointment form called *Preparation H**. Ask for it at all drug stores. Satisfaction guaranteed or money refunded.

# Sound Money, Sound Prosperity —Question "For Us To Decide" B of M President Maintains

### Gordon Ball Discusses Role of Banks In 'Tight Money' Phase

### GENERAL MANAGER, ARTHUR JENSEN, PRESENTS STRONG STATEMENT—REPORTS LOANS HIGHEST IN B of M HISTORY REFLECTING TEMPO OF CANADIAN BUSINESS DURING 1956

MONTREAL, Dec. 3—Looking to the development of the Canadian economy through the next quarter-century, Gordon R. Ball, president of the Bank of Montreal, foresees the outcome in the extent to which Canadians as a whole exercise "adaptability and moderation at times like the present."

Speaking today before B of M shareholders at their 139th annual meeting, Mr. Ball suggested that Canada's national production in 1980, "expressed in physical terms or in dollars of constant purchasing power, may well stagger the imagination."

Emphasizing that sound money and sound prosperity go hand in hand in a successful economy, the president said: "We can have that kind of real prosperity, and we can have those dollars of constant purchasing power, if we so desire. Or, if we prefer to let prices rip whenever we happen to be trying to do too much too quickly, we can have a different kind of prosperity, much larger in dollars, but in dollars of much smaller value.

"It is for us to decide which kind of prosperity and which kind of dollars we want in the next 12 months and in the next 25 years."

Shareholders at the same meeting heard Arthur C. Jensen, vice-president and general manager, present a strong statement reporting record total loans, with commercial and other loans passing the billion-dollar mark for the first time in the history of Canada's senior financial institution.

**Shadow of Inflation vs. Substance of Real Growth**

Mr. Ball expressed the belief that a considerable part of the dollar value of Canada's physical output of goods and services this year had represented "the shadow of inflation rather than the substance of real growth."

Pointing to the official price indices, which, after remaining stable for several years, have shown rises in recent months at both the wholesale and retail levels, Mr. Ball said, "In short, overt inflation to which I could refer on this occasion a year ago as only a potential threat, I must now report as a reality.

"So far, it can be said to be in its initial stages and far from rampant. But that is all the more reason why it must be resisted resolutely and vigorously now."

While there is no single source from which inflation can be said to spring, Mr. Ball stated, neither, by the same token is there any single means of quelling it effectively. "But of the means at hand," he continued, "the one that can be brought to bear most quickly, the one that can be expected to act most powerfully and pervasively, and one that is a clear responsibility of a designated body, is monetary policy."

The president said that the Bank of Canada had been successful in keeping a tight rein on the nation's money supply, which was only slightly higher than a year ago. "It follows from this," he continued, "that the total Canadian assets of the chartered banks have not reflected the expansion shown by the various indicators of national production, income and employment. To feed more money into the economy than is justified by the real gain in output would simply add fuel to the inflationary flames . . ."

**"Tight" Money and the Role of Banking**

Mr. Ball pointed out that while the banks were unable significantly to enlarge the aggregate amount of outstanding credit they extend in Canada by way of loans and investments together, they were to some extent free to vary the proportion of these two preponderant assets.

"In the event, the banks endeavored to meet, as fully as was possible, the growing loan requirements of the country. In order to do so, it was necessary for them to reduce their holdings of securities, mainly of Government of Canada bonds."

We must take thought of what we mean, the president continued, when we talk of 'tight' credit conditions. Credit in the form of loans and security holdings had indeed been restricted, he admitted, as a result of the central bank's 'tight' money policy. "But the same cannot be said of bank credit in the form of commercial, industrial and personal loans. It is plain for all to see that the banks, and this bank particularly, have gone a very long way in financing that degree of economic growth that is not in excess of the attainable.

"This is the rightful and proper function of a bank, and it is with respect to its role as a lender that I can say, with some pride, that the Bank of Montreal has added to its stature and its service to the community during the past year, despite the fact that the totals at the foot of its balance sheet have, perforce, scarcely changed."

**Inflation, A Fight on Many Fronts**

Turning to the problem of fighting "resurgent inflation," the president saw it as a battle that could be won neither quickly nor easily. Inflation was an enemy, he said, against which the opposing forces must above all be manoeuverable, and all in the community had a responsibility in the fight.

"The businessman or individual who finds credit less readily accessable than he would wish should appreciate the need for credit restraint and be prepared to adjust his spending plans accordingly, even if it means some immediate sacrifice. Employees, in their relations with employers also have a responsibility to keep demands for higher pay within the limits of the real gains that can be achieved from higher productivity. And it goes without saying that governments at all levels should not press their claims on national resources at a time of excessive demand."

**The General Manager's Address**

Arthur C. Jensen, in presenting the B of M's 139th annual statement, reported that, after setting aside $7,795,000 for income taxes, net profits amounted to $8,975,940. Out of this $7,200,000 was paid to shareholders as dividends. This was equivalent to $1.60 a share, 15 cents a share higher than the previous year.

After payments of dividends Mr. Jensen said, $1,775,940, had been added to undivided profits which, with a transfer of $2,000,000 from tax-paid reserves, brings the balance in undivided profits to $3,910,155. "We have transferred, therefrom," he continued, "the sum of $6,500,000 to rest account which now stands at $22,500,000."

**Loans at New Record Highs**

Reflecting the high level of economic activity during the past year B of M current loans showed an increase of $251 million, the general manager said. "Our holdings of residential mortgages under the NHA have risen from $73 million to $104 million during the year," he reported. Total loans at $1,022 million are highest in the B of M history.

Mr. Jensen pointed out that the Bank of Canada's credit restrictions have placed upon the bank a serious responsibility in reconciling the legitimate borrowing needs of customers with the objectives of the monetary authorities.

"We are particularly conscious," he stated, "of the continuity of our customers' requirements and the relationship of these needs to the nation's productive capacity. We have, therefore, endeavoured to avoid any semblance of suddenly 'turning off the tap' in loans for clearly productive purposes in a manner that would cause customers unnecessary dislocation."

**Reviews Business Conditions**

Discussing business conditions in Canada in 1956 Mr. Jensen stated that there were few areas or industries that did not share, to some degree, in the general growth.

"In summary, the Canadian business scene during the past year may be described as one in which total demand could not be wholly satisfied despite sizeable increases both in domestic production and in imports. Official monetary policy, in restraining the expansion of credit to match the limitations imposed by the availability of materials, manpower and plant capacity, should help to defer some of this demand until supply is more ample. I have every confidence, therefore, that continued economic growth is in prospect for this country."

In paying tribute to the staff, Mr. Jensen said that seldom has there been such a year into which were crowded changes of such dimensions in the various phases of our business, and "I would like to convey to all the members of our staff a well-earned commendation for their work during the year."

# Gasoline Applicant Bewilders Ministry

By HAL R. COOPER

LONDON (AP) — The ministry of fuel and power was presented Monday with a burning problem, name of Miss Priscilla Birt, 18. She only wants a gasoline ration book, but her need is gastronomic not vehicular.

Because of that unpleasantness along the Suez Canal, which has cut off oil supplies from the Middle East, Britain is about to start doling out motor fuel in small squirts, commencing Dec. 17.

Pretty Miss Birt tripped into the Chelsea post office last week to file her request for a book of coupons which would enable her to get a share.

The clerk asked her what kind of motor-driven vehicle she owns, and whether it is operated for business or pleasure.

Miss Birt replied that she does not own a vehicle, motor-driven or otherwise.

"Why, then, do you require a petrol ration?", demanded the clerk.

"I want to eat it," replied Miss Birt.

**EXPLAIN, PLEASE**

Pulling herself together, the clerk asked Miss Birt if she would care to amplify her explanaton.

"Well," she said, "I am known professionally as Zahrat the fire eater and I am billed with Duffy's Circus as the youngest fire eater in the business.

"The raw material for the act is about a tumblerful of petrol for each performance. Without petrol my whole career will, so to speak, go up in smoke.

"I only need the cheaper commercial grade," she added, reassuringly. "The high test stuff tastes too much of lead. About three gallons a month would do."

The post office clerk went into a huddle with her superiors but it was plain that the ministry of fuel and power had goofed. Nowhere in the petrol rationing plan was there any specific provision for fire eaters.

**THEY PASS THE BUCK**

The post office people passed the buck to the District Fuel Office with the observation, off the record, that while Miss Birt was well endowed in the chassis department it did not appear that she could qualify as a vehicle within the meaning of the regulations. No engine.

The district fuel officer got out from under by having Miss Birt fill in her applicaton wth "carriage or motor vehicle" crossed out and "fire eater" written in. Then he mailed it to the ministry of fuel and power.

Could any offstage laughter be coming from Miss Birt's press agent?

# UBC Opens Doors to Hungarian Students

VIENNA (AP)—The entire staff and student body of the Hungarian Forestry School at Sopron, now refugees in Austria, will shortly emigrate en masse to Vancouver to continue their studies there, Canadian Immigration Minister J. W. Pickersgill announced Monday. The group comprises 338 persons—285 students, 29 teachers and 24 dependents of teachers.

Addressing a press conference while on a three-day tour of Hungarian refugee camps in Austria, Pickersgill explained that the move was supported by the University of British Columbia and a large Canadian paper mill, Powell River Company.

The minister said Canadian authorities in Vienna were approached by the dean of the Sopron Forestry School, who expressed the wish of his college and students to go to Canada.

Dr. Norman MacKenzie, president of UBC, was reported to be enthusiastic about having them come to UBC although uncertain about accommodation.

Lands and Forests Minister Ray Williston of B.C. also offered provincial support.

The Forestry Department group is composed of 285 students, 29 faculty members, and 28 dependents of the faculty.

## Blame Hot Summer For Burnt Areas

VICTORIA (CP) — Forest Service officials announced at the weekend that 471,724 acres of forest growth were blackened by fire this year, 10 times as many acres as in 1955.

They blamed the increase on the hot, dry summer, plus increased industrial activity and travel in the woods.

The Forest Service spent $500,000 to extinguish 2810 fires. Vancouver Forest District had 1462 fires, Kamloops 577 and Nelson 392. Prince George, with 254 fires, spent $162,232.

Railway activities replaced lightning this year as the chief cause of fires, officials said.

Moreton-in-Marsh, Eng. — Lord Dulverton, 76, president of Imperial Tobacco Company.

Toronto—David Arthur Balfour, 67, who set a record of 12 successive years as a Toronto controller.

Victoria — Miss Kate Galt, a daughter of Sir Alexander Tilloch Galt, one of the Fathers of Confederation. She had lived in Victoria for many years. Her father became Canada's first finance minister in the Cartier-Macdonald government in 1858 and saw the union of Quebec, Ontario, Nova Scotia and New Brunswick in 1867. The town of Galt, in Ontario, is named after her grandfather, John Galt, the Scots novelist who came to Canada in 1820.

Burnaby, B.C. — Captain James W. Cates, 81, native Nova Scotia and oldest member of a famous seafaring family. During the Klondike gold rush, he was mate of the sailing barge Richard III which was towed north with a load of miners.

## UBC To Purchase Electronic Brain

VANCOUVER (CP) — The University of B.C. plans to buy an "electronic brain" called Alwac III - E.

The board of governors announced Monday it has approved purchase of the machine if sufficient funds can be raised from private and government sources. Alwac III-E, which costs about $75,000, is a general purpose digital computer which can make arithematic computations at extremely high speed.

It takes only one minute to solve a problem that would take four hours by a normal method.

The computer, scheduled for installation by next March, is needed by the extension department to train "Local Representatives of Industry" in its operation.

## The SHORT CIRCUIT

By JOHN SHORT
Sports Editor

Plenty to say and no knowledge of how to say it all, so to simplify your reading and my writing, we'll chop it up like so:

Short's briefs: Figure a comment is due on Floyd Patterson's annexation of the heavyweight championship, but can't for the life of me figure out what to say that is even remotely original. Seems to me that Patterson has to rate among the greats already, if only because he became Friday the youngest heavyweight champion in history.

Should say something about ancient Archie, too. But it's been said before: Archie apparently tripped over Father Time's scythe and before he got up, Floyd smacked him. But who is to say that Floyd wouldn't have beaten Moore the best day he ever lived?

Not me, that's for sure.

Nelson Maple Leafs won a hockey game Saturday night (oh, you heard about it). Maybe you didn't hear that Rossland's performance was perhaps their poorest of the season . . . Leafs weren't that good, either. Before the game they needed a right - winger and since Red Koehle is no longer with the team, they need either two right wingers or one right winger and a centre.

• • •

Wonder if the fact that Don Newcombe has received two post-season awards—not to mention an estimated $5000 raise—will serve to silence his critics?

If Newcombe is a quitter, the Duke of Edinburgh is first cousin to the Duke of Flatbush.

• • •

Haven't received any information as yet, so I'm still wondering if members of Silver King Ski Club did any skiing over the weekend. Several people whom I could name were skiing Sunday night on the way down to Baker Street.

I'm not certain they intended to ski, though. They forgot their ski-poles.

• • •

Add things I'd like to be there to see:

Sunshine.

Next year's Army-Navy game, provided it turns out to be as thrilling as the one played last Saturday.

The Pat Egan of 10 years ago cruising through the ranks of the Western International Hockey League.

Trail Smoke Eaters play more than two games in succession without taking part in a brawl.

Bill Warwick go into a corner—just once—with his elbows where they belong, at half-mast.

Murray Parker play for the rest of the season as he played Saturday night.

Reptilian DOG-TAGS

We are often amazed how aluminum gets around to unusual places. Who would think of looking for aluminum in the stomach of a Zululand crocodile! . . .

It seems when this croc was emptied, no less than 32 aluminum dog licenses were found in its stomach, which suggests that Zulu dogs are mighty careless. But it proves that aluminum is immune even to the formidable digestive juices in this reptile's insides.

Industry capitalizes on this resistant quality of aluminum when industrial fumes and other corrosive conditions present a problem: one of several reasons why this modern metal is in such heavy demand—and why Alcan is again increasing its already large smelting capacity.

ALUMINUM COMPANY OF CANADA, LTD. (ALCAN)

## RAUHAUS NAMED ROOKIE-OF-YEAR

REGINA (CP)—Norm Rauhaus, 20 - year - old end and defensive halfback for Winnipeg Blue Bombers, has been named rookie-of-the-year in the Western Interprovincial Football Union.

Bob Gillies, in charge of balloting, anounced today that sportswriters in the five WIFU cities picked the former Weston Wildcat Junior as winner of the Dr. Beattie Martin trophy.

# Majors Draft 9; Alston Dodgers Manager; Stanky Tribe Coach

By JOE REICHLER

JACKSONVILLE, Fla. (AP) — The major leagues drafted nine players at a cost of $100,000, Walter Alston was rehired as manager of Brooklyn Dodgers and Eddie Stanky was named a coach with Cleveland Indians as the big fellows stole some of the thunder from the minor leagues' annual convention opening Monday.

On the minor league front, Fred Dixie Walker, former big league outfield star, was named manager of Toronto Maple Leafs of the International League and Phil Cavarretta, former Chicago Cubs first baseman, was rehired to manage Buffalo Bisons of the same league.

Only eight of the 16 major league teams participated in the draft, the lightest since the Second World War. Cal Neeman, a 26-year-old catcher with no previous big league experience, became top draft choice when the Chicago Cubs plucked him from the Denver roster for $10,000. The St. Louis Cardinals, only club to draft more than one player, chose a pair of pitchers, lefthander Robert Smith from San Francisco for $15,000 and righthander Lloyd Merritt from Richmond Virginians of the International League.

Of the nine selectees, only two have seen extended big league service. They are Gil Coan and Jerry Lynch, both outfielders.

Coan, 32, was drafted by Detroit for $10,000 from Minneapolis.

Lynch, who spent part of two season with Pittsburgh before he was shipped to Hollywood last season, was drafted by Cincinnati for $15,000 from the Pacific Coast League team.

Kansas City Athletics selected pitcher Ed Blake, a 31-year-old righthander from Toronto where he won 17 and lost 11.

Baltimore took Tom Patton, 21-year - old catcher from Omaha. The Boston Red Sox picked southpaw Jack Spring, 23 - year - old pitcher who had a 6-6 record with Miami Marlins.

Chicago White Sox plucked Norman Larker, 23-year-old long-ball-hitting first baseman from Montreal Royals.

HIRING NO SURPRISE

The announcements of Alston's retention and the hiring of Stanky by Cleveland came as no great surprise.

Stanky succeeds Tony Cucinnello as the Indians' third base coach.

## Bombers Sign Bob McNamara

WINNIPEG (CP) — The Winnipeg Blue Bomber football club announced Monday the signing of hard-driving halfback Bob McNamara to a two-year contract. Terms of the contract were not disclosed.

McNamara, 24, came to Bombers in 1955 from the University of Minnesota but was injured in the team's second game and did not see any more action that year. This season he was named to the WIFU all-star team and was runner-up in the league scoring race, one point behind teammate Buddy Leake.

## MINOR HOCKEY ROUNDUP

Midget Warriors handed bantam Reps their fourth straight defeat in the Midget League at the Civic Arena. The winners racked up a four-goal lead in the opening period and the younger club just couldn't catch up.

Big Bernie Arcuri banged in five goals, two being unassisted, to pace the winners. Clare Palmer was next with two goals and one assist while linemate Hugh Hooker picked up one goal and one assist. Arlo Sjoberg got three assists, Dave Morrison and Danny Lang one each.

For the Reps, Bill Harrison scored, Shelly Atwell assisting, and then Dave Borch tallied the other marker with Jim Rogers and Don McEachern helping.

Ranger Pee Wees climbed a bit closer to the top of the Pee Wee League as thy blanked the Blackhawks 5-0. Both teams were short-handed and the Hawks especially missed their goalie who was moved up to the bantam Hawks. The winners scored a goal in each of the first and second periods and added three more in the third.

Keith Beck and Colin Tanner split the scoring honors for the Rangers with two goals each while Ron Spiers netted the other goal. Assists went to Garry McCardell, Clin Tanner, Fred Baker, Terry Day, Pete Konken and Gerry Cushner.

Ranger bantams kept on top of the bantam league as they defeated Canadiens 4-2 Monday afternoon.

The Rangers opened the scoring in the first, Kenney Dewar scoring on a play from Dick McElroy. In the second Dewar scored again, Earl Robertson assisting and Chick Chapman scored, Dewar assisting. Johnny Sample slapped home Canadiens' first goal, Garry Higgs helping. In the third the Habs closed the gap, Larry McEachern scoring on a play from Alec Wallach. Ron Gray put the game on ice for the Rangers as he drove in a loose puck from just inside the blueline.

The Rangers drew three penalties and the Canadiens one.

## Fights

By The Associated Press

Hollywood, Calif.—Lou Filippo, 139, Los Angeles, outpointed Kid Castro, 136½, Manilla, 10.

Havana—Oscar Suarez, 116¾, Cuba, outpointed Roque Fernandez, 113¾, Mexico, 10.

FIGHT POSTPONED

NEW YORK (AP) — The Ray Robinson-Gene Fullmer middleweight championship fight scheduled for Dec. 12 at Madison Square Garden was postponed Monday until Jan. 2 when Robinson came down with a severe cold.

## ARCHIE FORCED TO DEFEND TITLE BEFORE APRIL

CHICAGO (AP)—Archie Moore must defend his light heavyweight boxing title by next March 18 or forfeit it, the executive committee of the National Boxing Association has ruled Saturday.

The ruling amounted to a three months' extension to Moore.

"Moore's last title defence was against Yolande Pompey in London June 18," said George Barton, NBA committee member and boxing commissioner at Minneapolis. "Under our regulations, he was to defend it again within six months' time, or by Dec. 18. Because of the physical beating he took from Floyd Patterson he was garnted a three months' extension for a defence against a recognized NBA contender."

Featherweight champion Sandy Saddler was ordered to undergo a thorough physical examination no later than Dec. 10. If found in shape, he must sign by Jan. 15 for a title defence. Saddler is on the mend after an auto accident.

## ACCEPT BIDS TO BOWL GAMES

NEW YORK (AP) — Tennessee, Baylor, Syracuse and Georgia Tech have accepted bowl bids while Navy, held to a 7-7 tie by underdog Army, rejected an invitation to the Cotton Bowl.

Final weekend of the season saw only a few major games, many of them long-standing rivalries.

Here's the way the bowl situation shapes up:

Rose Bowl—Iowa (8-1) vs Oregon State (7-2-1)

Sugar Bowl—Tennessee (8-0) vs

Cotton Bowl—Syracuse (7-1) vs Texas Christian (7-3)

Orange Bowl—Colorado (7-2-1) vs either Clemson (7-1-2), Duke (5-4-1) or South Carolina (7-3)

Gator Bowl—Pittsburgh (6-2-1) vs Georgia Tech (9-1)

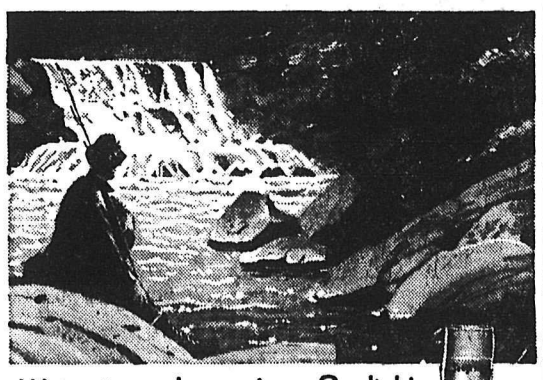
Each of the bowl games, except the Gator, will take place on New Year's Day. The Gator Bowl game will be played Dec. 29.

## Notre Dame Pups Upset Rossland

Rossland were victims of Jeff Craig's hustling Notre Dame Pups at Rossland High Gym. Pups won 41-29 in a fast and foul-studded game. Pups grabbed an 8-6 lead in the first quarter, increasing it to 14-11 by the half. As the game progressed, Rossland gave way to a stout Pup defence. Pups took a commanding lead in the third quarter, outscoring Rossland High 17-5. The final quarter was fast and resulted in Rossland making a determined comeback, outscoring the tiring Pups 13-10.

Alfonso Bertuzzi and Mel Briggeman led the Pups' attack with 12 and 10 points respectively. Centreman Fred Fedorak hooped nine and Murray Carlin six. Bernie Hartinger was the outstanding defensive player for the Pups, upsetting many a Rossland break.

For Rossland High, "Little Bert" Bertoia led the scoring with seven points, while Eric Woodruff had six, Jackie Ling had five for the George Bloor-coached club.



Water is as honest as Sunlight

Put Seagram's "83" to the water test. For water, plain or sparkling, is your most reliable guide to the whole truth about any whisky. Water adds nothing, detracts nothing, but reveals a whisky's true, natural flavour and bouquet.

Distillers Since 1857

"Salvation Army Invades Television"

After comprehensive study, the Salvation Army believes that Television contributes to juvenile delinquency. In the "Sally Ann Invades TV" in the NEW Star Weekly this week you'll read a fascinating and factual report on the influence of "crime shows" on Canadian youth and how the Salvation Army plans to give them heavy competition.

There's also an article "Divorcees Anonymous" which describes a new society formed by, and for people who are divorced. You'll find it in . . .

## Edwards Expects Three Medals For Canadians

By JACK SULLIVAN
Canadian Press Staff Writer

MELBOURNE (CP)—The jubilant coach of Canada's Olympic swimmers Monday night predicted his charges will come away with anywhere up to three medals before the competition ends.

Tommy Walker had just watched 15-year-old Sara Barber of Brantford, Ont., qualify for her second final of the day, the 100-metre butterfly, together with Beth Whittall of Montreal, after registering the fourth-fastest time among the qualifiers in the 100-metre backstroke a few hours earlier.

And his lone entry in the women's diving competition, Irene MacDonald of Hamilton, was a close second behind defending champion Pat McCormick of the United States with four dives to go in the springboard category. Another Candadian, Toronto's Virginia Grant, already had broken the Olympic record twice and equalled it once to finish fifth in the 100-metre freestyle.

Other results at the Olympics follow:

Final pool of the Olympic team sabre fencing:

Poland 9 Russia 7
Hungary 12 France 4

Vatali Romanenko of Russia won the running deer section of the shooting competition.

Canada's girl swimmers qualified in the women's 400-metre relay heats of the swimming competition. The final will be held Thursday.

## KENNEDY BACK AS CAPTAIN

TORONTO (CP)—Ted Kennedy will resume his old duties as captain when he returns to action soon with Toronto Maple Leafs of the National Hockey League, managing director Conn Smythe announced Monday

Smythe said defenceman Jim Thomson, present captain, agreed to relinquish his position to let Kennedy, veteran centre, take over where he left off when he retired at the end of the 1954-55 season.

## WITH STANE AND BESOM

Monday night curling results:

A. H. Ronmark 7, R. Bruce 13;
M. Lutkiwich 10, L. Nicholson 5;
E. Leeming 3, N. Sardich 9;
J. Haines 6, S. Jeffreys 10;
R. F. Wallace 8, J. McMurchy 7;
D. M. Sample 10, F. Holt 5.

## Marylebone Runs Into Tough Team

JOHANNESBURG, South Africa (Reuters) — Transvaal knocked out 43 second innings runs for two wickets Monday to move to within 24 runs of the touring Marylebone Cricket Club's first innings total of 279.

Transvaal had scored 212 in the first innings of a match that is developing into the firmest opposition the Englishmen have yet encountered on the present tour.

# Sell-Out Expected For East-West Game

VANCOUVER (CP) — Advance ticket sales for the Canadian all-star east-west football game here Saturday reached more than 14,000 Monday and officials predicted a sellout come game-time.

At the same time both teams started twice-a-day workouts. The west, under coach Frank (Pop Ivy) o the Edmonton Eskimos, turned to at Brockton oval in Vancouver's Stanley park while the east, coached by Hamilton Tiger-Cats' Jim Trimble, took over Queen's Park in New Westminster, 15 miles away.

All players and team officials had arrived by noon Monday. Practices got underway at 10 a.m. and 2 p.m. which will be the schedule for the remainder of the week.

EAST SHOWS WARES

The east, however, got the jump on Pop Ivy, in the morning with a full-dress rehearsal for press and TV photographers.

And Trimble reaffirmed his belief that the east has better football players "and we intend to prove it."

Ivy wouldn't predict any outcome of the game but he brushed aside Trimble's claim.

"Everyone is entitled to their own opinion," he said, "but the Grey Cup game would seem to indicate the west has a little edge."

## Olympic Swimmer To Join Hungarian Fiance Here

TORONTO (CP)—Vali Gyenge, 21, a swimmer with Hungary's Olympic team at Melbourne, plans to fly to Canada to marry her Hungarian freedom fighter fiance, Janos Garay, 24, it was learned Monday.

Garay, one of the leaders of the ill-fated revolt in Hungary in October, reached Toronto nine days ago as a refugee. Garay, a noted swimmer himself, fled from his homeland with Russian tanks at his heels.

Garay, a graduate civil engineer, now holds a Canadian visa.

Miss Gyenge, who won the 400-metre women's free-style swim at the 1952 Olympics, is entered in the 100- and 200-metre events in the current Games. She plans to leave the Hungarian team after the Games end next Saturday.

## HOCKEY'S BIG SEVEN

By The Canadian Press

Jean Beliveau of Montreal has opened a seven-point lead in quest of his second straight National Hockey League scoring title.

Beliveau picked up a goal and four assists Saturday in a 7-0 victory over Chicago to boost his points total to 33, seven more than Ted Lindsay of Detroit, who failed to pick up a point in two weekend games.

The leaders:

| | G | A | Pts. |
|---|---|---|---|
| Beliveau, Montreal | 10 | 23 | 33 |
| Lindsay, Detroit | 10 | 16 | 26 |
| Howe, Detroit | 12 | 13 | 25 |
| Olmstead, Montreal | 7 | 15 | 22 |
| Ullman, Detroit | 5 | 16 | 21 |
| Mohns, Boston | 3 | 17 | 20 |
| Harvey, Montreal | 3 | 17 | 20 |

## Fight Follows Ball Convention

JACKSONVILLE, Fla. (AP) — Two baseball executives attending the minor league baseball convention Monday staged a one-blow fist fight immediately following the big league draft session.

The pair — general managers Gabe Paul of the Cincinnati Redlegs and Harold Cooper of Columbus Jets of the International League—had to be forcibly separated after Cooper hit Paul a glancing blow.

President Frank Shaughnessy of the International League and Joe Brown, general manager of the Pittsburgh Pirates, did the separating.

The argument started when Paul accused Cooper of spreading false and malicious rumors about him and the operation of the Redlegs.

## Sport Goods Store Up in Flames

NEW WESTMINSTER (CP) — Fire early today destroyed a building which housed the New Westminster Royals hockey club office and a sporting goods store. Loss was estimated at $100,000.

At least 15 firemen were given oxygen treatment when overcome by the dense smoke and Capt. Ab Brown was taken to hospital with an injured foot.

Fire department officials suspected the fire started from a cigarette butt and had been smouldering for hours before breaking into flame.

# Market Trends

NEW YORK (AP) — The stock market charged ahead for its best advance since Nov. 1 with steels and oils setting the pace.

Among Canadian issues on the New York Stock Exchange, Aluminium was up 4¾, Hudson Bay Mining rose 3⅝ and McIntyre Porcupine was up 1½. Fractionally higher were Canadian Pacific, Dome Mines, Walker-Gooderham and International Nickel.

TORONTO (CP) — The stock market churned out its best advance of the year in heavy trading. Buying broke out in all sections as the rally which began late last week blossomed into full force.

The index gains in industrials and base metals—both more than eight points—were by far the best of the year. Western oils, however, managed only a three-point advance, which, compared with the other two sections, was small.

MONTREAL (CP) — Industrials raced forward from the outset and closed with gains ranging to 4 points in moderately-active dealings on the Montreal and Canadian stock exchanges.

Base metals paced the advance. International Nickel and Aluminium jumped 4 points while Hudson Bay gained 3¾ and Noranda climbed 3½. In refining oils McColl gained 2 as International Petroleum and Canadian moved up more than a point. Trans Mountain Pipe Line soared 5.

Yesterday's Answer

**DAILY CRYPTOQUOTE — Here's how to work it:**

A X Y D L B A A X R

is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

**A Cryptogram Quotation**

C E Y  M P V Q M  P O  Y H Z Y A P A M  J T U

R P I I Q Y A M  J A Y  R J M C  K T  C E Y  M J H Y

H P V Q U — H P T C J K D T Y.

Yesterday's Cryptoquote: BY A TRANQUIL MIND I MEAN NOTHING ELSE THAN A MIND WELL ORDERED —AURELIUS.

## Calgary Livestocks

CALGARY (CP) — Weakness was shown by some classes in moderately active trading on the livestock market. Offerings were 1,100 cattle and 150 calves.

Choice butcher steers 19.25-20; good 17.50-19; medium 14.50-16.50; common 9-14; good butcher heifers 14-14.40; medium 12-14; common 8-11; good cows 8-8.50; medium 7.25-7.75; common 6.50 - 7; canners and cutters 4.50 - 6.50; good bulls 9-9.50; common to medium 7-8.50; good feeder steers 15-16; good stock steers 14.50-16; common to medium 10-14; good stock steer calves 15-17; bood butcherweight heifer calves 14-15.50; good choice veal calves 15-16; common to medium 10-14.

Hogs closed at 28.75 Friday for a gain of 25 cents; sows steady at 15.60.

Good lambs 17.50-18.15.

## Algoma Steel Output Beats Early Records

SAULT STE. MARIE, Ont. (CP) —Algoma Steel Corporation Limited Monday announced that 1956 steel production already has exceeded 1,000,000 tons for the first time in its 54-year history.

It said that at the present rate it expected this year's production would total 1,100,000 tons—an increase of 110,000 over the 1955 record of 990,000 tons.

BULLDOZER PUSHES earth aside in excavation work for the new Fairview United Church, to be built near Fifth and Elwyn Streets. The congregation now worships in the former St. Paul's United Church. Two houses were moved to make way for the new building. One, belonging to Glen MacIntosh, was moved to Fourth Street. The other was moved to E. M. Cutler's lot at 205 Chatham Street. —Daily News photo.

Business Spotlight . . .

# Lower American Loan Interest May Help Canadian Borrowers

OTTAWA (CP)—Federal authorities estimate the Canadian demand for money, powered by the heaviest investment planning in history, likely will remain strong for months to come.

That, they say, undoubtedly will mean continuing high interest rates in a tight money market. Borrowings are expected to be heavy not only in Canada but also in the United States where interest rates currently are lower than in this country.

The trade department will not complete its initial 1957 survey of capital investment planning until sometime in January or early February. But the current indications are that investment in 1957 for new offices, factories, schools, hospitals and other structures and machinery is likely at least to match or exceed the record 1956 outlays of some $7,500,000,000.

Canadian industrialists and various government bodies such as cities and provinces are pressing ahead with plans to raise increasing amounts of funds to meet construction needs.

Many have turned to the United States. Authorities say these borrowers are in a sense betting on the exchange value of the Canadian dollar.

The Canadian dollar has been hovering at an unusually high premium exchange rate. Last Thursday, it was at a 23-year premium high of 4 17-32 cents over United States funds.

Canadians, borrowing in the U.S., thus find themselves with smaller proceeds when they exchange the American funds into Canadian dollars.

However, when they come to repay the loan, they may find the premium rate changed. The Canadian dollar may return to par with the American. In that case, it would take a larger amount of Canadian dollars to buy American than if the Canadian dollar had remained at a high preium.

OFFSETTING FACTOR

But there is an offsetting factor. Generally, American interest rates are lower than those in Canada and this could lead to some savings in borrowing costs.

As a reflection of the trend, the U.S. federal reserve lending rate has remained steady at three per cent since last August. In contrast, the Bank of Canada rate on loans to chartered banks and other institutions has climbed, reaching a record 3.77 per cent last Thursday.

The Canadian rate is allowed to fluctuate from week to week, fixed at one-quarter of one per cent higher than the average yield on 91-day government treasury bills.

## Skeena Nominates Applewhaite Again

TERRACE (CP) — Skeena federal Liberal Association unanimously endorsed present incumbent E. T. Applewhaite as its choice for candidate in the next election.

The meeting then resolved: To urge Prime Minister St. Laurent to give one of the Senate seats to Northern B.C., preferably to E. T. Kenney.

To ask the federal government to consider the improvement of port and harbor facilities for the mooring of the north coast fishing fleet;

To ask that the government also look into the feasibility of constructing a northern Trans-Canada highway.

# Odds . . . and Ends

. . . by M. D. B.

Was a little surprised to see smoke curling off Mount Nelson the other day, but decided they were just doing a bit of slashing along the 70 miles of power line between South Slocan and Kimberley and burning it as they went along.

• • •

Saturday there was a visible step-up in the shopping tempo and, as someone said, it is surprising how many have most of their Christmas shopping done. We found the popular sizes in various gift items were fast getting snapped up, with choice narrowing down in some lines.

• • •

A friend of mine who is homesick in Victoria, was asking if we have snow here. (They just have wind in Victoria), and is hoping there will be some when she arrives for Christmas. It's surprising the way people away from Nelson like to know about the weather and how the seasons are progressing here.

• • •

If Sunday's weather is any indication we can promise all the Christmas-comers snowy, blustery, frost-british sort of weather when they arrive. With ice under the drifting snow, driving was hazardous to say the least, with drivers not always going where they were looking and afraid to look where they were going.

• • •

Some of the boys in the post office were discussing the tragic drowning of the eight Creston men and one remarked he imagined it was about the worst lake mishap since the S.S. Ainsworth hit a snag off Ainsworth village and sank — it was a sternwheeler that plied the lake in the early 1900s. Other times the lake had claimed lives were recalled and all agreed it can be a treacherous bit of water.

• • •

The tragedy seems all the more poignant, happening so near Christmas, for one can't help thinking of the families left sorrowing at a time when most are happy.

NAPLES (Reuters)—The airlift of United Nations troops from here to Egypt, interrupted by bad weather for the last two days, resumed with the departure of six Canadian planes carrying 242 Swedish and four Indian soldiers to Ismailia.

Abominable Snowmen in Canada?

Hairy giants prowling B.C.'s peaks and valleys—an Indian girl kidnapped by monsters — these were the clues that set Harold Hilliard on the track of Canada's strangest legend, the elusive "Mountain Monsters" of B.C.

Are there monsters in Canada? Join Harold Hilliard in the NEW Star Weekly this week on an exciting hunt for "Mountain Monsters".

There's something special for your youngsters too — a clothes tree built like a giraffe . . . plans are in . . .

The NEW Star Weekly

## First Manager Canadian Press Dies, Toronto

TORONTO (CP)—C. O. Knowles 81, former editor of the Toronto Telegram and first general manager of The Canadian Press, died Monday.

In 1917, when The Canadian Press was formed by the merging of four regional newsgathering organizations, Mr. Knowles was chosen as its first general manager.

He acted in that position until 1920 when he returned to The Telegram and was succeeded by J. F. B. Livesay, then western manager.

## Supremacy of Spiritual Law Noted

The supremacy of spiritual law was set forth at Christian Science services Sunday in the Lesson-Sermon entitled "God the Only Cause and Creator."

Scriptural selections included Paul's statement to the Galatians (3:21): "Is the law then against the promises of God? God forbid: for if there had been a law given which could have given life, verily righteousness should have been the law."

Correlative passages read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy included the following: "God never ordained a material law to annul the spiritual law. If there were such a material law, it would oppose the supremacy of Spirit, God, and impugn the wisdom of the creator."

The Golden Text was from Jeremiah (10:10,12): "The Lord is the true God, he is the living God, and an everlasting king. . . He hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heaven by his discretion."

## Ezio Pinza Suffers Another Seizure

GREENWICH, Conn. (AP) — Basso Ezio Pinza was stricken with another heart attack Monday, and was described in "satisfactory condition."

A hospital spokesman said Pinza suffered a "coronary occlusion" and was admitted this afternoon.

Only last month he announced he did not plan to sing any more. He had suffered a mild heart attack last summer.

He said he would like to act, and was looking for a play.

## Sugar Prices Down Quarter At Weekend

VANCOUVER (CP) — Sugar dropped 25 cents a pound wholesale here at the weekend but the retail pirce of $1.05 for a 10-pound bag is still 16 cents more than the price two weeks ago.

The wholesale price has risen to $8.93 for 100 pounds from $8 before the Middle East crisis. Wholesale price now is $8.68.
