Calls for U.N. Military Force

U. S. Troops in Lebanon Only Stop-Gap, Resolution Declares

By MAX HARRELSON

UNITED NATIONS, N.Y. (AP) — The United States called on the United Nations Tuesday night to set up an international military force to protect the independence of Lebanon.

The U.S. proposal was submitted to the UN Security Council after the Soviet Union had demanded that the council order the immediate withdrawal of American forces from Lebanon.

The Soviet Union declared the presence of U.S forces in the tiny Middle East country could plunge the world into the abyss of a new global war.

The U.S. resolution declared the U.S. forces, sent at Lebanon's request, would remain in Lebanon only until the UN itself is able to assume the responsibility for Lebanon's independence.

A Soviet veto appeared certain.

The council meets today at 10 a.m. EDT.

WOULD STOP OUTSIDE AID

The U.S. proposal called on secretary-general Dag Hammarskjold to consult immediately with the government of Lebanon and other governments on additional arrangements, including the contribution and use of military contingents, to stop outside aid to Lebanese rebels and protect the country.

It also urged all governments concerned to co-operate with the secretary - general. It further called for the immediate cessation of all illegal infiltration of personnel or supply of arms to the Lebanese rebels from the outside.

The Soviet protest against the landing of American forces was made by Ambassador Arkady A. Sobolev after the United States had formally notified the hurriedly-called session of the 11-nation council of the move.

CANADIAN VIEW

John C. Holmes of Canada said the U.S. action in Lebanon was in conformity with Article 51 of the UN charter authorizing individual and collective self-defence.

Holmes is Assistant Undersecretary of External Affairs.

He told the council: "clear proof" of the honesty of the U.S. motives could be seen in Ambassador Henry Cabot Lodge's promise that the U.S. would withdraw when that body had taken over responsibilty for the situation.

The U.S. action, he declared, is complimentary to what the UN already is doing in the area.

"This is the time for the council *to relax its effort. It is up to* us to meet this new challenge and this new opportunity."

POINTS AT U.A.R.

Lodge said the U.S. had moved to protect Lebanon and other pro-Western countries from powers trying to crush them by ruthless aggression. Lodge made it clear he was referring to President Nasser's United Arab Republic.

U.A.R. delegate Omar Loutfi said he was amazed at the U.S. charges against his government. They are completely without foundation he declared.

U.S. force had been requested by Lebanon's President Camille Chamoun. He agreed also that Lebanon wanted the UN to take over the task of stabilization just as soon as it could. Azkoul told the council aid continued to flow across the borders to Lebanese rebels despite presence of the UN observer group.

CBC Reports Tough Year

OTTAWA (CP) — The CBC Tuesday reported a tough financial year in 1957-58, marked by a deficit of almost $5,000,000 after allowing for depreciation costs.

Growing financial needs forced the publicly-owned corporation to liquidate $9,918,000 worth of Government of Canada bonds to meet operating and capital needs, cutting its reserve holdings in bonds to $2,445,000.

At the same time, a reserve of $4,000,000 for capital expenditures was transferred to general funds and this sum was taken up by additional studios and equipment for Montreal, Toronto, Winnipeg and Calgary.

The report for the year ended March 31, tabled in the Commons, showed the CBC had a gross operating deficit of $2,691,000 after revenues of $70,567,000 and expenditures of $73,285,000. Depreciation allowances of $2,276,000 boosted the excess of expense over income to $4,968,000.

TV BOOSTS COSTS

Most of the increase in expenditures was due to TV costs which increased by about $11,500,000 to $58,070,000.

Canada's Air Defence Alert

COLORADO SPRINGS, Colo. (AP) — Air defence in the U. S. and Canada was placed on a "universal readiness" status on Tuesday.

Gen. Earl E. Partridge, commander-in-chief of the North American Air Defence Command, gave the order after conferences with Canada's chiefs of staff and the U. S. joint chiefs of staff.

NORAD said the "universal readiness" means a greater state of watchfulness and a small increase in number of aircraft and guided missiles on an alert status.

The new status does not mean recall of personnel on leave and *does not call for any increased action* by the civilian ground observer corps.

Penticton Reserves Area for Kiddies To View Princess

PENTICTON (CP) — A special area has been reserved for school children from surrounding areas to see Princess Margaret when she drives through Penticton Friday. The princess will meet mayors, reeves and village chairmen, *when she arrives by air from Wil*liams Lake for a 20-minute stopover.

GREAT BRITAIN'S PRINCESS MARGARET hurries to a smaller plane for flight to Victoria, after arriving at Vancouver, from London for a two-week visit in Western Canada. Walking with the princess is A. D. Ross, of Canada's External Affairs department. The princess talked briefly with unofficial greeters before emplaning to Victoria. (AP wirephoto).

Whitehorse Prays As Fire Rages Near

By HELEN BOGART
Canadian Press Correspondent

WHITEHORSE, Y.T. (CP) — Whitehorse was covered today with black ashes from burned-out woods *as a fierce forest fire carried* flames to within 10 miles of this Yukon capital city of 2,600.

Men, women and children prayed that winds would remain light and not shift from the north. Forestry officials said a shift of wind would definitely endanger this centre.

Whitehorse residents quietly gazed at the mushrooming billows of *black smoke rising thousands of* feet into the sky north of this centre 900 miles northwest of Edmonton.

More than 75 men worked day and night in an effort to build a barrier to stop the flames from licking closer towards Whitehorse.

When possible, red-eyed forestry personnel snatched sleep sitting on hard chairs at the Whitehorse forestry office. The numerous fires in the district have given them little chance to rest.

28 FIRES REPORTED

To date 28 fires have been reported, five at Haines Junction at Mile 1016, five at Carmacks, 70 miles to the northeast, four at White River, 200 miles north of *here, and four at Teslin, 100 miles* south of here.

Forestry supervisor George Wilson was in charge of co-ordinating military and civilian efforts to build a 10-mile-long firebreak eight miles north of Whitehorse.

The fire threatening Whitehorse has burned along 40 miles of the Alaska Highway. Fanned by 40-mile-an-hour winds Monday, a fire burning at Mile 968 joined another started at Mile 956. Whitehorse is at Mile 918.

Mr. Wilson said the fire situation in the Yukon has reached near-disaster proportions with a total of 482,688 acres burned over in various fires Monday. Fires swept towards Whitehorse at a rate of six *miles Monday and winds sprang up* again Tuesday.

Officials said considerable damage to property has been caused but there have been no fatalities.

Takhini Hotsprings, 16 miles by road from here, were destroyed *Monday night. This was a popular* tourist attraction.

Gordon Hopes for Bigger Revenue

OTTAWA (CP) — CNR President Donald Gordon said Tuesday recent figures on carloadings give some reason for belief the company's revenue position will strengthen in the last half of this year.

He told the Commons railway committee that carloadings persistently declined in the first half of 1958.

The committee was examining the CNR's 1958 budget, forecasting a $55,000,000 deficit.

DEFICIT INEVITABLE

With respect to the company's money-losing passenger traffic, Mr. Gordon said the company plans to abandon as many unprofitable lines as possible, consistent with provision of alternate service.

No Answer to Herridge Query

OTTAWA (CP) — A Commons question as to whether Paul Robeson, noted American singer and supporter of left-wing causes would be allowed to enter Canada produced no direct answer Tuesday from Immigration Minister Fairclough.

H. W. Herridge (CCF-Kootenay West) asked Mrs. Fairclough whether she thought "the maturity and cultural development of Canadian people" was sufficient to permit the singer's entry.

Mrs. Fairclough rejected the question as "hypothetical" and said she knows of no application for him to come to Canada.

She made no further reply when Mr. Herridge asked whether favorable consideration would be given if an application were made.

Crisis on Farms, Argue Tells House

OTTAWA (CP) — CCF House Leader Hazen Argue said Tuesday night prairie farmers are experiencing a "very serious economic crisis" and asked what the federal government proposes to do about it.

Launching a Commons debate, *he said the price - cost relation*ship has deterioriated to a point where many farmers in Western Canada are unable to make a living.

He appealed to Resources Minister Alvin Hamilton, who was present, to make an "immediate" statement of the government's policy on deficiency payments.

Drought conditions had rendered a large part of the western wheat crop "beyond redemption." Some farmers had experienced a "near - total" crop failure.

Queen to Become Indian Chief

VICTORIA (CP) — Queen Elizabeth will become an Indian chief will be given an Indian name at the dedication ceremonies for B.C.'s centennial gift — a 100- foot totem pole — to be erected in Windsor Great Park next week.

Chief Mungo Martin, head *carver and designer of the* massive pole, said Tuesday the Queen automatically becomes a chief on receiving the pole.

This is in accordance with Indian traditions, he said.

But the chief said that he has yet to choose a suitable Indian name for the Queen.

The Chief and his granddaughter, Mrs. Helen Hunt were to leave for England *Tuesday night.*

They will arrive in London July 17.

Chief Mungo and his granddaughter will be presented to the Queen after the dedication ceremonies July 19.

A big welcome is planned for the chief when he arrives in England.

Bonner Saves Day for Bennett Yacht

VICTORIA (CP) — RCMP attempted without success Tuesday to wave away a private yacht carrying Premier Bennett and members of the British Columbia cabinet into the area of an international fleet review for Princess Margaret.

An RCMP launch made a close pass at the yacht before it was realized who was aboard.

The incident occurred as the princess, aboard the Canadian destroyer - escort Crescent, moved to review the three-nation fleet at anchor near suburban Esquimalt.

The provincial officials aboard the yacht Campana, owned by Calgary industrialist Max Bell, *were attempting to follow behind* the Crescent.

OUT OF BOUNDS

The RCMP vessel Nanaimo signalled the Campana away and an officer shouted: "We don't care who you are, stay outside the *buoys. You're out of bounds.*"

A Canadian naval officer in charge of the Campana disregarded the RCMP command and began to follow the Crescent. The RCMP vessel charged toward the yacht and a policeman shouted again that the yacht was out of bounds.

Attorney - General Robert Bonner, chief provincial law enforcement officer, ran to the side of the Campana and waved the RCMP away.

When a police officer recognized Mr. Bonner, three RCMP on deck jumped to attention, saluted and their boat made off.

Over 100 Fight Fire Near Port Alberni

PORT ALBERNI (CP)— More than 100 men and all available equipment were fighting a forest fire burning over 400 acres near here Tuesday.

The fire started Monday eight miles northeast of this Vancouved Island city. Forest officials said they believe it was caused by a camp fire or cigaret butt.

Two other fires were burning in the district. One was being patrolled by three men while 25 firefighters mopped up the other.

The only other serious fire in the Vancouver forest district was burning over 200 acres at Cheakamus, near the Pacific Great Eastern Railway *about 12 miles north* of Squamish.

U.S. Landing Branded Act Of Aggression by Russia

"A Day of Grave Risk"

WASHINGTON (AP) — President Eisenhower said Tuesday the United States will pour into Lebanon all the troops necessary to save that country from Com*munist aggression.*

Eisenhower spoke out in two statements at the end of what he called a day of grave developments and serious risk.

His statements followed an order sending more than 5000 marines into Lebanon.

He said his aim is to prevent Lebanon from falling victim to the same kind of aggression that has menaced other nations from Greece to Indochina.

*In a special message to Con*gress, Eisenhower said the Tuesday dispatch of troops will be augmented as required. At the same time U. S. forces will be withdrawn promptly if the United Nations can guarantee Lebanon's independence.

BLAMES RUSSIA, TOO

Increasingly as the day of crisis wore on, Eisenhower pinned at least part of the responsibility for the Lebanese strife on the Soviet Union.

In a statement recorded for television and radio, he said the civil war in Lebanon has been "actively fomented by Soviet and Cairo broadcasts and abetted and aided by substantial amounts of arms, money and personnel infiltrated into Lebanon across the Syrian border."

He said what is happening in the Middle East "is the same pattern of conquest with which we became familiar during the period of 1945 to 1950."

Eisenhower said the sudden move was taken to protect some 2500 Americans in Lebanon and to bolster the pro-Western government of that Middle Eastern country against the rebel attacks which have harassed it for 65 days.

BOLDEST SINCE KOREA

It was the boldest White House military action since former president Truman ordered U. S. troops into Korea eight years ago.

Parliament Tuesday

By The Canadian Press

External Affairs Minister Smith said the U.S. Embassy in troubled Lebanon will look after Canadians there as well as it would look after *American nationals.*

Trade Minister Churchill said the government's position on deficiency payments to prairie farmers will be announced "before many more days go by."

The Commons defeated Liberal and CCF non-confidence motions critical of government silence so far on its new broadcasting policy.

Revenue Minister Nowlan said existing policy on licensing television statements will stand until adoption of new plans for broadcasting regulation.

J. W. Pickersgill (L — Bonavista—Twillingate) said the CBC should be left "as independent of the government as is the judiciary."

The Senate gave second readings to two government bills revising the laws governing loans companies and trust companies.

WEDNESDAY

The Commons meets at 2:30 p.m. EDT to consider government *legislation. The Senate sits at 3* p.m.

Troop Carriers in Germany; Iraq Loyalist Forces Rally

By ALEX VALENTINE

BEIRUT (Reuters) — United States Marines dug in around Beirut Tuesday night as a world crisis mushroomed over Arab nationalist revolts here and in Iraq.

The landing of the 2,000 marines, first of the 5,000 ordered by President Eisenhower has been branded "an open act of aggression" by Russia.

The marines spread out around the beach and Beirut's International Airport after landing. And U.S. Air Force troop carriers arrived in West Germany to be used "as may be necessary."

The rebel forces who seized control in Iraq Monday announced Tuesday night that the union of the oil-rich country with Jordan was "null and void." This was seen as a move to head off any appeal by King Hussein of Jordan, who assumed leadership of the union, to call in outside aid.

SAY FAISAL WOUNDED

Reports from Ankara, Turkey, said young King Faisal of Iraq, nominal head of the union, was wounded in the fighting.

Well - informed sources confirmed the death of Crown Prince Abdul Illah, who is reported to have killed several rebels before dying.

The sources said others killed included former Premier Fadhil Jamali, Iraq's United Nations representative, and Sabah Said son of Premier Nuri Said.

There was no further news of the fate of Nuri Said, whom the rebels said was lynched Tuesday after first reporting the "strong man" escaped.

Latest reports of the situation in Baghdad said the United States Embassy was being guarded by tanks, the British Embassy was damaged by fire, troops surrounded the palace and the city was under martial law.

LOYAL TROOPS ON WAY

In Jordan, Amman radio reported loyalist Iraq troops from Mosul and Kirkuk in northern Iraq were marching on Baghdad and would reach there today.

Reports from Amman said Hussein had appointed Premier Samir el Rifai as foreign minister and defence minister of the Arab union. Everything was reported calm in the country although the border with Iraq was closed.

Lebanese President Chamille Chamoun, without directly mentioning the American landing, said his country had "no other alternative but to resort to more effective means" of safeguarding her independence. But opposition spokesman called the U.S. intervention "aggression and "military occupation."

In the United Nations Tuesday night, the U.S. called on the UN to set up an international military force to protect the independence of Lebanon. A Soviet veto of the proposal appeared certain in the Security Council.

A spokesman for the new Iraqi regime that overthrew the government of King Faisal Monday told reporters in Damascus, Syria, that the coup d'etat was purely an international affair. He said it would be "open interference in domestic affairs" if the U.S. took the issue to the United Nations Security Council.

THREE BRIGADES ALERTED

In London, the British government alerted three army brigades and moved reinforcements to its Middle East protectorate of Aden and the Red Sea area. The foreign office denied reports British troops had landed in Jordan. These reports came from the Egyptian Middle East news agency in Cairo.

As the marines landed, reports went out that 40 American ships, including carriers and cruisers, had sailed for an undetermined destination in the Mediterranean. Parts of the British Mediterranean fleet sailed from Malta and other units were on the move in the Persian Gulf.

French warships stood off Lebanon ready to intervene if French lives and property were threatened.

The marines landed five miles south of Beirut from 40 landing craft. There was no opposition from rebel forces opposed to President Chamoun.

But Said Salam, leader of the revolt against Chamoun, said "we will resist with all means at our disposal."

More Forces "as Required"

WASHINGTON (AP) — President Eisenhower's announcement Tuesday that other U.S. troops will follow the 5000 marines into Lebanon "as required" set off stand-by alerts by American military installations around the world.

Both the Atlantic and Pacific fleets were ordered to be ready to move on four-hour notice. All leaves were cancelled and personnel were directed to return to their ships.

The Strategic Air Command placed its long - range bomber fleets on alert but was secretive as to exactly what that meant. A spokesman told reporters:

"The only thing we can say is that SAC has increased its alert posture."

A continuing SAC alert seeks to maintain in normal times one-third of the global bomber command at 15-minute striking readiness.

Meanwhile, the defence department announced the departure of a striking force from the Tactical Air Command to an overseas destination. It did not say where the destination was.

In Wiesbaden, W. Germany, the U. S. Air Force disclosed that big transport planes have landed at Rhine-Main air base to boost airlift power in Europe.

Reports from nearby Frankfurt said about 20 C-124 Globemasters were seen lined up at the base. The three - decker aircraft, capable of carrying 200 men or 35 tons of equipment, could be used to ferry troops or supplies to the Middle East.

The 6th Fleet, which landed marines in Lebanon Tuesday, is the most powerful ever assembled in the Mediterranean, comprising about 70 ships and 35,000 men.

Starr Promises Quick Action

OTTAWA (CP) — Labor Minister Starr Tuesday promised "quick action" by the federal government on "feasible" suggestions placed before the National Winter Employment Conference to help solve winter unemployment.

The conference, attended by representatives of industry, business, labor and levels of government received proposals from four study groups.

The study groups recommended that the government plays a greatly expanded role and spend more *money in creating conditions* which will provide winter work.

Mr. Starr said many of the suggestions were of "a constructive and practical nature." They would be carefully scrutinized.

Kamloops Trout For Royal Train

KAMLOOPS (CP) — The Kamloops and district board of trade is collecting two dozen trout to be served on the royal train during Princess Margaret's tour of the B.C. interior. The CPR requested that number of Kamloops trout, ranging in weight from 1½ to two pounds.

ACTRESS JAYNE MANSFIELD playfully chucks her husband, Mickey Hargitay under the chin at Pinewood studios, in Buckinghamshire, England, after she announced they were expecting a baby in December. The actress and Hargitay were married in January. Jayne, who is making a movie in England, has an eight-year-old daughter by her first husband, public relations man Paul Mansfield.—AP Wirephoto via radio from London.

Margaret Sees 32 Ships at International Naval Review

By PETER BUCKLEY

VICTORIA (CP) — The Canadian destroyer-escort Crescent, with Princess Margaret standing relaxed in a plexiglass enclosure forward, backed swiftly out of Victoria's inner harbor Tuesday to carry the princess to an international naval review.

The princess was slightly late in boarding the Crescent to review 32 ships from three nations in one of the highlights of her British Columbia centennial visit.

Clad in the same brilliant dress and hat she wore in the morning on a visit to the Victoria veteran's hospital, the princess made the four-minute drive from her hotel to the wharf in an open limousine with Dewence Minister Pearkes.

*Then she stood on a small plat*form in blistering heat as a band from HMCS Naden played the National Anthem. She nodded to a 100-man guard of honor and chatted with Admiral H. S. Rayner, flag officer Pacific coast, before climbing a ramp to the sleek destroyer escort.

A minute later she could be seen forward on a raised deck called the birdcage. The princess then climbed two stairs into the plexiglass enclosure where she talked with Admiral Rayner and Mr. Pearkes, walking from front to side to examine the ship and the view.

TEMPERATUHE IN 90s

There wasn't a cloud in sight. The temperature was in the 90s.

There were three short-like blasts from the ship siren and almost immediately the Crescent began pushing backward into the harbor.

Within a half-hour the ship had reached the review area, led by an RCAF helicopter escort to shoo away any small yachts infringing on the designated area.

A 21-gun salute was fired in co-ordination by the HMCS Ontario, the USS Bennington, HMS Newcastle and USS Estes.

The salute was fired from 12-pound saluting cannon at five-second intervals. Dense smoke drifted astern and covered some parts of the review area.

Some 50,000 people were gathered on the shores at nearby Esquimalt *lagoon and other bluffs overlooking* the review area.

As the Crescent came abeam of each ship in the review, the crew, on command, gave three cheers for the princess.

CAPS TWIRLED

All available officers and men were lined up along the railings, three feet apart. As they cheered, they twirled their caps in unison.

Canadian fighting ships made up the majority of the review with 18 vessels from the Pacific coast. The United States had five ships and one represented the United Kingdom.

Seven Canadian government vessels also took part, including a supply vessel, two RCMP vessels, a weather ship, two lighthouse and buoy tenders and a fisheries protection vessel.

The Canadian services college, Royal Roads, overlooks the review area. Hatley Castle, stately hub of the college, was built by an *early British Columbia coal mag*nate.

And in This Corner . . .

OTTAWA (CP) — Prime Minister Diefenbaker, opening the winter employment conference here, offered this advice on the side:

"The best way to find out what the ordinary people think about You is to hold a small meeting — say in a little school house in Saskatchewan.

"Then go outside in the dark and listen to the comments.

"I did that once."

Trying the direct approach, he asked one farmer:

"What did you think of the speech?"

"Oh, it was all right," the farmer replied. "But a half-inch of rain would have done a lot more good."

CHICAGO (AP) — Albert Franklin, 51, has a honey of a problem. He doesn't know what to do about the bees — millions of them, he says — which threaten to take over his home.

A couple of weeks ago, Franklin heard a buzzing sound in the walls.

Franklin didn't know what the trouble was until Sunday.

"I was outside in the yard and there came a great swarm of bees," he said.

"The swarm approached the wall of the house, then clustered around a two-inch hole, high up. It took about 35 minutes for them all to go in."

Minutes later, another swarm, as large as the first, crawled into the wall.

"I've got to do something about it but I don't know what." Franklin said. "My wife says it's like living in a beehive, especially in the daytime. They don't bother us at night."

Good Crowd Drawn By Summer School Display

Results of two weeks of intensive study in rhythmics, ballet, drama, musicianship, and art at Nelson's Summer School of Fine Arts were exhibited at Tuesday night's fine art demonstration in L. V. Rogers High School.

In the opening remarks of R. Bain Oliver, chairman of the evening's entertainment, he said of the students "each in his own way has, in a short time, fulfilled in some measure a desire for self-expression and a keener appreciation of many of the things which make for a greater enjoyment of life."

Rhythmics, demonstrated by pupils of Miss Joyce Hirst, are designed to develop coordination, flexibility and poise, Mr. Oliver said. These were followed by an exhibition of ballet, in which basic positions of the ballet form were shown, concluding with toe dancing.

Violin pupils of Miss Elfreda Sewell continued the evening's program with a varied presentation of selections mastered by the students in the two weeks of study at the summer school. Study has been based on sonata, classic, romantic and contemporary forms, bowing and style. Results of the lessons were ably demonstrated by Wendy Herbison, playing "Sonata in B Flat" by Thomas Arne, followed by Adrienne Allen playing "Beau Soir" by Debussy and "Russian Fantasy" by Portnoff. Barbara Allen concluded the program with a spirited rendition of "Tempo di Minuetto" by Pugnani.

Intensive preparation of two weeks' duration resulted in a drama presentation without scenery, portrayal of one of the characters being the main objective. The play was Thornton Wilder's "The Happy Journey" and the audience applauded the unusual production. The object of the type of play presented was to demonstrate the manner in which the actors responded to the challenge of such a production; this gives the students an opportunity to analyze and experience the problems facing a director and an actor, Mr. Oliver said. Instructor was John Norris.

To end the evening's entertainment, the audience was invited to examine art exhibits set up around the auditorium. Works were those of students of Dr. Adrian Officer. Aim of art classes was to develop the use of color, line, form, texture and movement in a visual and lasting form. "These are characteristics of all forms of art, be they music, ballet, or drama," were Mr. Oliver's introductory remarks in developing these characteristics the course covered covered the creative aspects of fine art.

The evening's exhibition was attended by a good crowd and much interest was evidenced in each branch of the fine arts demonstrated.

Committee on Sons Meets Bonner Tuesday

Associated Boards and Chambers Doukhobor-Canadian affairs committee members will meet Attorney-General Robert Bonner in Victoria next week.

Dr. C. H. Wright of Trail said the meeting will take place Tuesday. T. A. McRae of Rossland, president of the Associated Boards of Trade and Chambers of Commerce of Southeastern B.C., will accompany Dr. Wright to Victoria. Others have yet to be named.

A name which is expected to be acceptable to the various factions involved has been recommended by a sub-committee. Chosen was the title "Kootenay and Boundary Citizens Committee on Doukhobor-Canadian Affairs."

The commtitee was assisted by Nick Oglow of Castlegar and William N. Papove of Warfield. Committee secretary Arthur C. Ridgers said it was hoped the name would meet objections to the use of the word "Doukhobor" registered by Doukhobors at a meeting in Castlegar last week.

FORMER SLOCAN RESIDENT DIES

The death occurred Tuesday in Victoria of Murray McNeish, 45, following a long illness.

Mr. McNeish was born in Slocan City, the son of Thomas McNeish, a pioneer merchant of the Slocan. Most of his life was spent in the Kootenays where he was widely known.

He is survived by his mother in Victoria and one sister in Nelson, Mrs. E. J. Leveque.

The Weather

Synopsis: For many sectors of Southwestern B. C., Tuesday was the hottest day of the summer. Abbotsford and Nanaimo with a maximum of a 2 degrees reported the highest temperature along the coast while Victoria with a high of 87 exceeded its previous high for the year by five degrees. In the Southern Interior most localities reported temperatures in the 90s with Lytton the hottest spot with a sizzling 99 degrees. Somewhat cooler air should move into coastal areas Wednesday but in much of the Southern Interior the day should be another hot, sunny one.

MANY SEE SPUTNIK HERE

Scores of Nelson and district residents saw Russia's Sputnik III at seven minutes to 10 Tuesday night.

The satellite shot across the sky from the Southeast to the North and was easily visible.

One caller "tipped off" the Daily News staff that Sputnik was overhead, and newspaper work came to a standstill as editorial and printing staffs dashed for the street to watch it disappear into the northern sky.

Minor Has Liquor, Fined in Court

Ronald G. Ronmark of Nelson, was fined $25 and costs before Magistrate William Evans on a charge of having liquor in his possession while a minor.

The accused pleaded guilty to the charge.

Beard Challenge Taken Up By Cranbrook Staff

CRANBROOK — Beard growing challenge flung out by radio VOCM, St. John's, Newfoundland, has been caught on first bounce by radio CKEK in Cranbrook, and it's a good thing it's radio and not television.

Harold Butler of the St. John's station is building up for increase in VOCM's power from the present 1,000 watts to 10,000 watts in November and his entire male staff will lay down their razors in the interim. He doesn't know that the CKEK staff threw theirs away last February in honor of British Columbia's centenary. Three of them, manager Bob Reagh, assistant manager Tom Davidson, and advertising manager Jim Fetherston retained the whiskers after Cranbrook's July 1-4 celebrations for an East Kootenay-wide competition to be judged in September. Staff news manager Bill Coltish called it quits July 4 and removed his, but now will join the other three in the east-meets-west contest.

Ground rules — whether accepter of the challenge must start — if you'll pardon the expression — from scratch, or merely work up to it — have not been outlined yet, but the CKEK trio are already to run screaming when a hay baler approaches.

The challenge reported the female members of VOCM staff would judge the competition when the November deadline is reached. Whether the maritimers will come to B.C.'s bush country or vice versa, or both will meet on the open prairies is still to be determined.

RUSS STUDENTS BEAT CANADIANS SAYS TEACHER

TORONTO (CP) — Russian high school students are far ahead of Canadian students in science subjects, says Anthony Frisch, a science teacher in suburban New Toronto.

He bases his statement on a study he has just completed of Russian and East German textbooks.

"The Communists are capable of teaching their adolescents to think creatively in abstract terms while we are mainly concerned with the practical application of principles.

3 YEARS AHEAD

"The Russians are at least three years ahead of us in physics and chemistry. We don't even have high school texts on astronomy and anthropology."

If Canadian students were asked to write examinations based on Russian textbooks for the same age group, "they wouldn't know in most cases what the questions were all about," he said.

Mr. Frisch is compiling a comparison for use by textbook publishers and departments of education of Canadian provincial curricula and the Russian textxs.

The Communists' books were bought through the National Research Council.

Born in Austria, Mr. Frisch studied science in Cambridge and McGill. He has been a civil servant and an English teacher at Pickering College before teaching science here.

Logger Crushed to Death In East Kootenay Accident

A Crestbrook Lumber Company bush worker was crushed to death on a log deck south of Cranbrook Tuesday morning as he attempted to jump clear of a rolling log.

Athur Spotton Johnston, 61, alerted by the shouts of fellow workers, was running clear of the moving log when he apparently tripped over a smaller one and was pinned to it by the rolling log.

The accident occured at 8:50 a.m. at the company's bush camp near Lamb Creek, six miles west of its Mineral Lake mill site. Mineral Lake is about 10 miles south of Cranbrook.

Johnston has no known relatives. He had been employed by the company for the past year and had worked in the area for many years.

He was born in Ontario.

A Workmen's Compensation Board investigator left for the scene Tuesday morning.

RCMP said an inquest has been ordered.

Tuesday's accident was the second logging fatality in East Kootenay in a week.

A cornoer's jury last week ruled that Arthur George Richard Hammond, faller for K and S logging operaitons on Perry Creek, died accidentally and attached no blame to anyone.

Hammond was struck on the back by a falling snag.

Fire on Koch Creek Under Control

Firefighters have brought the district's biggest fire under control and officials said Tuesday only 25 men are on the scene keeping it in check.

Forest service spokesmen at Nelson said a 30-acre blaze on Koch Creek, 11 miles west of Passmore, was brought under control Sunday at noon after employees of Passmore Lumber Company, West Kootenay Power and Light Company, and forest service firefighters toiled through the night Saturday and early Sunday.

The fire was spotted Saturday night during a severe windstorm. Its origin has not yet been determined.

High winds fanned the flames through the 30 acres of logged over bush.

The Koch Creek fire was one of three sparked during the storm Saturday.

A smaller fire swept through three acres near Riondel before it was brought under control. A spot fire on Gray Creek was extinguished almost as soon as it started.

B.C. Forest Service officials said here Tuesday the hazard in the woods is increasing and urged the public to exercise extreme caution while travelling in the bush.

A long-range weather forecast reports that there will be less than normal precipitation and higher than average temperatures in the coming weeks.

Four points that every camper, hiker or traveller in the woods should bear in mind is the importance of completely extinguishing camp fires before leaving them, breaking match sticks before disposing of them, and crushing cigarettes and using ash trays.

Grants Assist Health Training

A $46,774 professional training grant in British Columbia from the federal health grants program has been given for the current year to assist educational undertakings to improve the qualifications of health and hospital personnel.

Courses, such as that for medical records librarians, and in hospital organization and management, are organized and directed by the Canadian Hospital Association and are supported by the W. K. Kellogg Foundation.

Other courses, such as for surgical and obstetrical nursing post graduate training, are sponsored by various qualified training hospitals.

Kootenay Lake General Hospital administratior R. H. Procter told the hospital board Tuesday night that bursaries under the professional training grant are awarded for those who qualify through job activity and whose applications are approved by health services or hospital boards.

Other federal health grants relate to public health field, tuberculosis control, mental health, venereal disease control, crippled children, cancer control, research, laboratory and radiological services, construction, and rehabilitation.

They amount to over $4,762,000.

Police Car Crashes House

VANCOUVER (CP) — A police car crashed into a house Tuesday when the accelerator stuck during a high-speed chase.

The two occupants of the car, Const. Harry Walthers and Const. Roy Davenport, were treated at hospital for minor injuries and released.

Damage to the car was estimated at $1,500.

The car they were chasing was stopped later by another police car and an 18-year-old youth and a 14-year-old juvenile were taken into custody. They were being held for investigation.

NON-MAGNETIC

High manganese steel, an alloy of great strength, is not magnetic.

BCHIS Cuts $31,000 From Hospital Budget

The B.C. Hospital Insurance Service has clipped more than $30,000 from Kootenay Lake General Hospital's 1958 estimates—half of it in the salaries provision.

W. P. F. Green, acting chairman of the hospital board finance committee, told the July board meeting Tuesday night the original estimates of $422,986 have been reduced by $31,686 to $391,300.

The reduction cuts $15,911 from salaries estimates which includes staff earnings, radiologist fees, Workmen's Compensation Board assessments, holiday and vacation pay, overtime and sick relief.

Mr. Green said a full analysis of the budget effect has yet to be made.

The hospital has been operating according to its preliminary estimates set in late December, six months prior to BCHIS approval. However, the approved budget is the limit of the financial authority of the hospital's officers and the administration is not authorized to commit expenditures beyond it.

The budget for the current year provides for a general ward service rate of $15.05. It also takes into consideration the hospital's revenues from special services and outpatients, from its pay cafeteria, staff residence and room differentials.

Those items are not revenue extra to the budget.

Not yet received is the patient day adjustment resulting from the 90 cent per-day increase in the per diem rate over 1957. The 1957 rate had been applicable from January to June 30, during which period patient days numbered 13,189.

June, with low patient days, was the lowest revenue month since December, 1954, when net earnings were $26 535. Net revenues were $28,132.

While revenues were down from $36,146 in the previous month, a drop of $8014, costs dipped only $1027. Medical and surgical supplies and food cost was up. Medical and surgical costs at $2400 put the year's spending in that category to $9832 over the budget by $1772.

The working capital also showed a decline from $45,579 last year to $35,485 at the end of June, the reversal of what had been a trend. For the first time in many months the H.I.S. advances at $32,081 were far in excess of the H.I.S. accounts receivable at $29,636.

Should there be a continuance of the patient day experience, a program of retrenchment could be called for, Mr. Green said.

Accounts payable were $8206 and wages $26,574.

13 E. Kootenay Swimmers Pass Water Tests

CRANBROOK — Thirteen advanced swimmers of Kimberley, Cranbrook and Golden passed Red Cross Water Safety course examinations Saturday at Kimberley to qualify as Safety Instructors or leaders. This completed an intensive four-day course by a visiting Red Cross water safety expert divided equally between practical work at the Kimberley swimming pool with demonstrations, and lectures on theory of water safety, life saving and artificial respiration.

Seventeen persons from 16 to 41 years old enrolled for the course, of whom all but two completed all classes. Four-way tests on conclusion included Red Cross senior swimming practical examination, Royal Life Saving Bronze Medallion examination, theory on life saving and artificial respiration, and demonstration of teaching swimming and life saving.

All 15 successful candidates passed the same examinations and those 18 years and over this qualified as water safety instructors, while those under qualified as leaders. The three successful Cranbrook students were Mrs. Bernard Taylor, Maureen Campsall and Donna Pye. Most of the enrolment was from Kimberley.

Kimberley has two swimming pools in operation over the summer months, and Cranbrook has its Gyro Swimming pool, largest outdoor pool in Western Canada. Golden has a swimming pool under construction in its nearby provincial park recreation area just east of the village which is expected to go into operation late this season or next summer.

FISHING GOOD, BUT EXPENSIVE

Two men who took 35 fish from Koch Creek near the Little Slocan River last week were each fined $25 and costs and had their catch confiscated under regulations of the Provincial Game Act.

Pete Sookeroff of Nelson and Nick Plotnikoff of Crescent Valley, both pleaded guilty to charges of having too many fish in their possession for one day's catch, when they appeared in court here before Magistrate William Evans.

The pair was apprehended by a game warden July 6.

Their total catch limit for one day should only have been 24.

21-Year-Old Man Drowns in Columbia

A Kinnaird man drowned in the swift waters of Columbia River near Castlegar Tuesday while his companion tried desperately to locate him below the surface.

Dead is 21 - year - old Robert Brandson, son of Mr. and Mrs. M. Brandson of Kinnaird.

He was swimming in the river with Andy Evans, 21, also of Kinnaird, when he apparently became fatigued and panicked in the cold water.

Evans said he swam to his companion's rescue, but was unable to locate him after diving below the surface several times. Evans said he finally had to give up his attempt and barely made it to shore himself.

RCMP had not located the body Tuesday night and dragging operations are under way.

Besides his parents, the young man is survived by a younger brother at home and a brother stationed on the west coast with the navy.

Celgar Officials on Visit to Arrow Lakes

T. N. Beaupre, president of Celgar Limited, an affiliate of Canadian Chemical and Cellulose Company, Ltd. (Chemcell) took senior officials of Celgar and its affiliated companies on a visit to the Company's operations in the Arrow Lakes area on July 10 and 11.

Directors of Celgar making the trip, including Mr. Beaupre, were M. W. Mackenzie, chairman of the Board of Celgar Limited and president of Chemcell and Robinson Ord, president of Canadian Chemical Company, Limited both of Montreal; Messrs. Harold Blancke, chairman of the Board of Chemcell and president of Celanese Corporation of America, George H. Richards, senior vice-president of Celanese, and George Schneider, senior vice-president of Celanese, of New York. Accompanying them were F. S. Baer, C. C. Parlin and A. R. Balsam, all directors of Celanese from New York; A. E. Grauer, president, of B. C. Electric Company of Vancouver and a director of Chemcell; C. B. Dunham, vice-president, forest operations and A. E. Penney, vice-president, pulp manufacturing of Celgar.

Leaving Revelstoke Thursday morning, they were met by R. R. Jordan, woods manager, and F. Waldie, forester, both of Nakusp, who conducted them through the Company's Shelter Bay operations. The party then boarded the M. V. Columbia for passage down the Upper Arrow Lake to Fosthall Bay. They then drove through Celgar's logging operations in the Fosthall, Mosquito Creek and Cariboo Pass areas to Nakusp. There they were joined by D. W. Brookes, resident sawmill manager of Celgar at Castlegar, who showed them through the Nakusp sawmill.

The following morning they left by bus for Castlegar, where they inspected the pulp mill site and the Castlegar sawmill before returning to Vancouver.

How's your I.Q.?
Today's Insurance Problems
Answered by Your Insurance Advisors

QUESTION: Is loss due to flood or high water covered by (Broad) Extended Coverage Insurance?

ANSWER: Flood is excluded from most policies and not easy to obtain in areas subject to flood.

Have you an insurance problem of your own? Come in or write us. We'll be glad to help you without charge or obligation of any kind!

CBC To Broadcast Coast And Stratford Festivals

TORONTO (CP)—The CBC announced Tuesday it will broadcast a series of 22 concerts from the Stratford and Vancouver Festivals July 21 to Aug. 11 on the trans-Canada radio network.

The nightly concerts will be heard from 9 p.m. to 10 p.m. EDT, with the exception of two operas, Don Giovanni from Vancouver, July 30, which will run from 7:30 p.m. to 9:30 a.m. Strtford, Aug. 6 running from 8:30 p.m to 11 p.m. EDT.

The opening concerts from both festivals will be broadcast. On Monday, July 21, Bruno Walter, associated for 35 years with the New York Philharmonic Society, will conduct the Vancouver opening with Maureen Forrester as soloist in a Brahm's program.

On Tuesday, July 22, the opening concert from Stratford features a performance by the festival singers and soloists of Arthur Honegger's Le Roi David, a musical-dramatic setting of the Old Testament story of King David.

Former Enemies Meet as Friends

POOLE, England (Reuters) — A former German U-boat commander arrived here Monday for a month's stay as guest of a British officer he saved 17 years ago.

Wilhelm Schulz, 52, credited with sinking 120,000 tons of Allied shipping, arrived with his wife Eleanore for a family holiday with Capt. Howard Baker, now 48 and a public house manager. Schulz is an industrial salesman in Hamburg.

In 1941 Baker was third officer in the British freighter Tweed when it was torpedoed and sunk by Schulz' submarine 500 miles off the West African coast.

After the Tweed went down, Baker found himself clinging without hope to a damaged and overturned lifeboat. Schulz surfaced his U-boat and, despite the danger of attack by Allied aircraft, took the men aboard, had the wounded treated and their lifeboat righted and repaired.

Then he gave them provisions and put them on course for Africa.

Police Arrest Dominic Elwes

LONDON (Reuters) — Dominic Elwes, who eloped to marry in Cuba after being refused permission to marry the former Tessa Kennedy in Britain, was arrested on a contempt of court charge shortly after returning to this country.

Elwes, 26, had landed at Southampton Tuesday morning with his weeping 19-year-old bride after sailing from New York.

The separation parted the couple for the first time since they left Britain 172 days ago.

They went first to Havana, where they were married by the public notary, and to New York where a second marriage ceremony was performed in April.

The order for Elwes' arrest came after an injunction had been granted restraining Miss Kennedy, who as a minor had been made a ward of the court, and Elwes from marrying.

The judge also granted further orders restraining Miss Kennedy from leaving the jurisdiction of the court and Elwes from removing or assisting in removing her from its jurisdiction.

Tessa is a God-daughter of the Duchess of Kent and is a potential heiress to a shipping fortune. Dominic is the son of a portrait painter who lives in New York.

Polish Seaman Fails To Escape Reds

EDINBURGH, Scotland (AP)—A Polish seaman was dragged back aboard a Communist fishing vessel four miles off the Scottish coast Monday after he tried to swim to freedom.

Three Scots fishermen watched helplessly as the Pole fought desperately to reach their ship.

The seaman jumped overboard as his ship swept close by the little British fishing boat Rosemary. He struck out strongly but the Red trawler slewed around to cut him off.

The Rosemary, dragging heavy nets and almost unmanoeuvrable, could not go to his aid. He was caught only 80 yards from the Rosemary, hauled aboard with boathooks and hustled below decks.

"We could do nothing but stand and watch," Skipper James Paton of the Rosemary said.

On June 26 an Estonian fisherman stole a motorboat from a Soviet trawler and landed in Britain's Shetland Islands, north of Scotland. Thirty Russians came ashore and chased him across the moors but he escaped and asked political asylum. Britain protested to Moscow against the pursuit invasion.

14-Year-Old Girl Drove Death Car

VERNON (CP)—An inexperienced 14-year-old girl was at the wheel of an automobile which carried William Hawthorne, 17, of Kelowna to his death July 5, a coroner's jury found Monday.

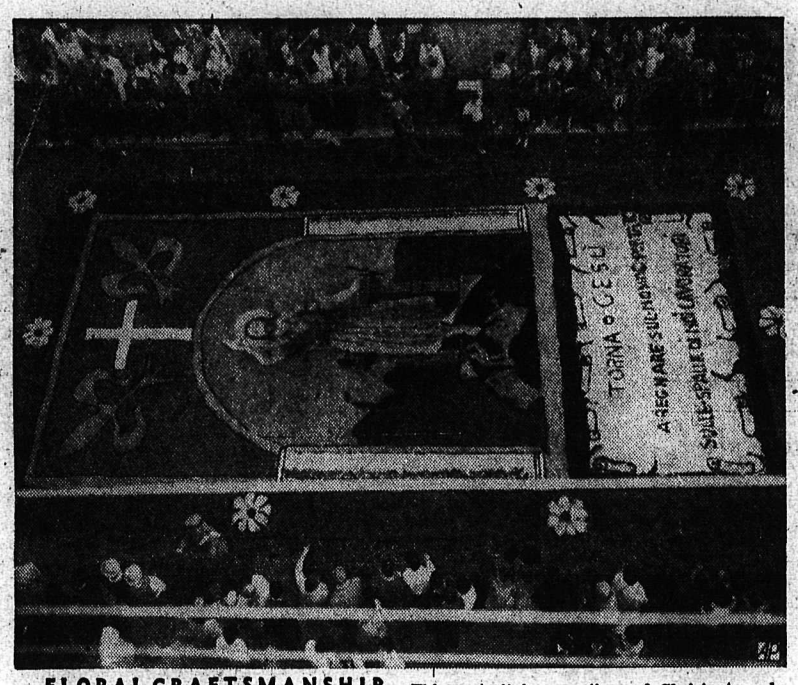
The crash occurred on Highway 97, one-quarter mile south of Vernon.

The girl, Sheri-Lynne McAfee, 14, of Vancouver told the jury she had never driven before. Hawthorne had suggested that she take the wheel after they had gone about half way on a trip from Kelowna to Vernon.

She told the jury that Hawthorne did not warn her she was going too fast although the car was travelling 65 to 70 miles an hour.

"I had never been on the road before, I couldn't see the curve, and it was raining. The wheels went off the road and I couldn't handle it any more."

Miss McAfee was treated in hospital for shock following the accident.



FLORAL CRAFTSMANSHIP — This portrait in carnations of Christ at work bench is one of highlights of 200-year-old flower festival in Genzano, Italy. Highly skilled technique in laying the flowers is passed down from father to son in the hill town's families.

Unemployment, Plight of Fur Trappers Threatens NWT

by ARCH MacKENZIE
Canadian Press Staff Writer

OTTAWA (CP) — Unemployment and a swing to settled areas threatens the future of the Northwest Territories' native population, the parliament of the North was told Monday.

Declining caribou herds, alcohol, more government aid and the plight of the fur trappers were other topics outlined as the Council of the Northwest Territories opened another session to deal with matters affecting one-third of Canada's land area.

The federal government should hand over responsibility for the area's resources to the council, it also was suggested. The population was ready for it.

With Parliament - like pomp, the council began its 15th session under Commissioner Gordon Robertson.

His address emphasized the problem of declining caribou herds, which he said is directly or indirectly behind 25 deaths among the nomad inland Eskimo peoples of Keewatin district last winter.

At the same time, Deputy Commissioner W. G. Brown said an interim report of a comprehensive scientific survey shows that the caribou "appear remarkably healthy."

EIGHT COUNCILLORS HEARD

Eight of the nine council members — four elected and five appointed — gave their views. The ninth seat is vacant pending election of a successor to Judge John Parker, recently named to the Yupkon Territorial Court bench.

L. C. Audette of the Canadian Maritime Commission reviewed growth in council responsibilities since 1952, when revenues totalled $252,000 to the 1956-57 fiscal year when they stood at about $2,000,000.

J. W. Goodall, a farmer representing Mackenzie River, said trapping in the Upper Mackenzie is almost a thing of the past as a revenue producer. Something was radically wrong when there were as many unemployed as existed in his region.

H. M. Jones, director of the citizenship department's Indian affairs branch, said he is concerned about the majority of Indians who live by trapping and hunting. There was evidence that trappers are operating too close to the settlements.

Royal City Police Help Constable

NEW WESTMINSTER (CP)—Each member of the city police union has agreed to pay a $50 levy to pay off a $2,660 court judgment against a fellow constable.

The judgment arose out of the death of airman Ronald Byers, killed in a car chase four years ago by bullets from the gun of Const. Roy Hilker. The federal government sued for medical and funeral expenses.

The union has taken out a $100,000 insurance policy to cover similar circumstances in the future.

SHELBY, N.C. (AP) — Police said Monday a 15-year-old boy left his name and photograph at the site of a break-in so he could get back into reform school and finish his education.

Market Trends

NEW YORK (AP)—Landing of United States marines in Lebanon gave international oils another rude shock Tuesday but the stock market rallied late in the day.

It was the heaviest trading in a month. The net result of the late rally was a great paring of losses and even some gains by oil stocks with Middle East connections. Meanwhile, oils with Western Hemisphere resources made great upward strides. Richfield Oil leaped 7 points.

Royal Dutch was the most active stock, off ¾ at 42⅝.

Among Canadian issues traded, Canadian Pacific was up ½ and International Nickel gained 1¼. Hudson Bay Mining added ⅜.

American Stock Exchange prices were mixed. British Petroleum, heavily involved in Iraq, lost ⅛ at 14¼. Among gainers were International Petroleum, Pacific Petroleum and British American Oil. In the Canadian list, Fargo Oil gained 5-16 and Preston East Dome added ⅛. Shawinigan dropped ½.

MONTREAL (CP) — Mines were down but industrials showed some strong tendencies in moderate trading on Montreal and Canadian stock exchanges Tuesday.

Biggest gains were in the refining oils and papers. Trans Mountain at 62 gained 6 points. Up 2 each were McColl at 56 and Eddy Paper at 43. Gains of 1¼ were registered by BA Oil at 41 and Southam at 45. Losses ranged to ½ by Macmillan B at 29.

Banks were down. International Nickel went up to 73¾.

Gains of ¾ each by Pacific Petroleum at 18⅜, and Home A at 19¼ led up the western oils.

In a lower penny group, Radiore went down 17 cents to 65.

Closing averages: Banks off 0.41 at 51.65, utilities off 0.3 at 139.4, industrials up 0.7 at 267.4, combined off 0.3 at 224.7, papers off 0.9 at 377.0 and golds off 0.59 at 69.99.

TORONTO (CP)—Western oils sparked the stock market to a gain Tuesday in moderate trading.

Western oils staged their biggest single session advance since Jan. 7. The Middle East crisis was responsible for the sudden interest in oils as investors hoped any sudden cut in oil supplies from the Middle East would lead to increased sales of Canadian oil.

The big winner was Trans Mountain Pipe Line up 6 points at 61. B-A Oil added 1¼ at 41 and Pacific Pete gained 1⅛ to 19⅛. Pembina at 9 and Royalite at 12¼ each added ⅜.

Industrials started out slowly but towards the close were adding to early gains. They closed ahead more than 1½ on index. Golds were down in light trading.

Aside from Trans Mountain and B-A most industrial gains were less than a point. Banks were the weakest section, down almost in a line.

Base metals were mixed with losses and gains about balancing. International Nickel added 1¾ at 74¾.

Consider Energy Board Unsuitable

By DAVE OANCIA
Canadian Press Staff Writer

MONTREAL (CP)—The Canadian Commercial Coal Dock Operator's Association Tuesday questioned advisability of establishing a national energy board as the most suitable form of an organization to deal with energy problems.

In a submission to the Borden energy commission the association expressed concern over the extent of power often exercised by semi - autonomous regulatory bodies.

"We are impressed by the need for publicity as their actions, for appeal from their decisions and for occasional review of their influence on the economic system.

"We favor legislation which would bring the public aspects of the energy industries under the direct scope of a single government department."

GIVES SUPPORT

The association supported criticisms by American coal interests of agreements by utilities to supply natural gas to large industrial users when it is not needed to meet normal commercial and domestic requirements.

Monday the United States coal industry—hard - hit by increased use of natural gas as a fuel—urged the commission to recommend a sound conservation program to protect gas reserves and preserve a "fair and balanced fuel economy in Canada."

The U.S. National Coal Association urged stringent restrictions on the end use made of natural gas.

DEATHS

By THE CANADIAN PRESS

Baghdad, Iraq — Abdul Ilah, crown prince of Iraq, reported to have been hanged in the Iraq uprising.

Montreal — Edward R. Anderson, 53, bulk freight manager of Canada Steamship Lines.

Montreal — Charles W. Leslie, 51, chairman of the board of A. C. Leslie and Company.

Strike Threatens Car Industry

DETROIT (CP) — The United Auto Workers have suggested the possibility of a strike as negotiations with the big three in the auto industry remains at a standstill.

With present contracts terminated the UAW could strategically call a strike in the fall when car manufacturers shift to 1959 models.

Hints that a strike may be in the offing were given Monday night by two UAW officials.

Leon Woodcock, a union vice-president, said "it is obvious we are not going to drift along without a deadline for ever."

Ken Bannon, chief negotiator for the union at Gord plants here, said the union was taking "a real look at 1959 model changeover" and implied the union was fully aware of the advantage of being firm in the fall when selling programs for new models get underway.

Britain Grapples With Color Bar Difficulties

By ALVIN STEINKOPF

LONDON (AP)—"Ding, ding," goes the bell—and if you haven't got both feet aboard you'd better step lively.

Clippies don't like waiting.

The clippies are alert, pert, agile woman conductors on the thousands of big, red, double-decked buses which have become a trademark in the British capital.

There are men conductors, too, but clippies have moved in on the job in such numbers that they give London's transport system a feminine look.

The clippies — some young, some not so young; some in slacks, some in skirts—collect the millions of pennies which Britons pay to get to work in the morning and home at night.

They are virtual dictators of their huge, bumbling vehicles. If you want to lose an argument swiftly and decisively, just try to get onto a bus when a clippie says it's full.

The clippie got her nickname from a gadget she carried until recently. It was a ticket holder, with a notching mechanism that clipped tickets to indicate the distances for which they were valid.

It tinkled a little bell as it notched, so passengers might know a fare was paid and duly recorded.

A story told in the garages concerns a crusty traveller who protested he had paid but hadn't heard the bell.

"It rang soft, sir," said the clippie, "what do you expect for six-pence—Westminster chimes?"

The clipping machine has been replaced by something like a telephone dial. But the word "clippie" carries on in the jargon of London, applied now to the lady of the bus.

It's a rugged job in sun, fog and rain and a clippie has to be an energetic woman. She also has a life outside as well as inside her bus.

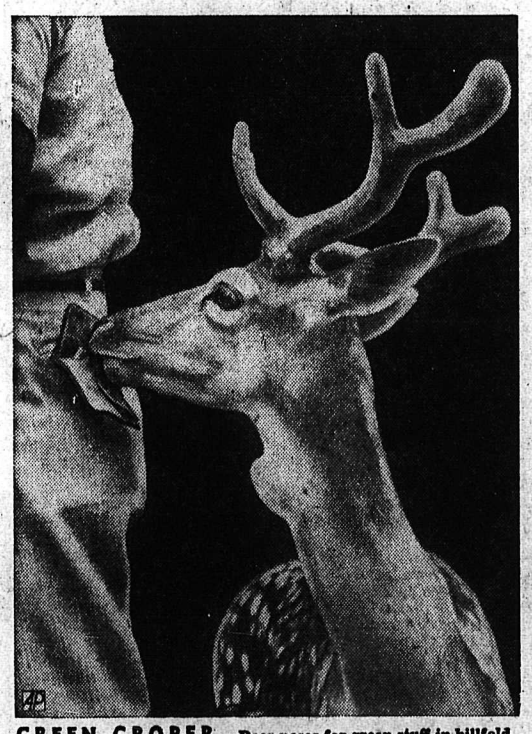
ALSO COUNCILLOR

For instance, one clippie, Mrs. Louise (Sally) Woodall, is a councillor of the urban district of Feltham on the western edge of metropolitan London.

"I'd rather be tired than bored" said Mrs. Woodall. "Being a full-time clippie and doing a political job at the same times is not a stunt. I'm not working simply to prove I'm a proper member of the Labor party.

"There's no politics on my bus. I'm a clippie because I need the money—payments on the house, helping to keep the family going."

It's ding-ding all day, making change, up and down the stairs, answering questions, fingering the dial. On a busy day, Mrs. Woodall sees 1,000 persons through their journeys.



GREEN GROPER — Deer noses for green stuff in billfold in pocket of tourist at Deer Ranch in Silver Springs, Fla. Only greenbacks were found — not much for a deer's nourishment.

Canadians in Middle East Protected by U.S. Troops

OTTAWA (CP) — External Affairs Minister Smith said Tuesday American troops in Lebanon have undertaken to look after the 146 Canadians known to be in the Middle East trouble spot.

He said in the Commons that the Canadian mission in Beirut has been working with the United States Embassy there to give protection to Canadian citizens in Lebanon.

Mr. Smith was replying to Opposition Leader Pearson after making a brief statement on the landing of 5,000 U.S. marines in Lebanon.

He implied—though he did not specifially say so—that the Canadian government approves of the U.S. action.

Mr. Smith said the Canadian representative at the United Nations has been instructed to support all constructive steps that are proposed in an effort to achieve maintenance of Lebanon's integrity against outside influences.

HOPE FOR BEST

Referring to the presence of "about 43" Canadians in Iraq, where a pro-Egyptian coup overthrew the pro-Western government Monday, Mr. Smith said "we're hoping for the best." He said 40 of the Canadians in Iraq are in the capital, Baghdad.

Meanwhile, outside the Commons, an external affairs department spokesman said there is no news in Ottawa that would indicate the question of evacuating Canadians from Lebanon is in prospect.

Although 146 Canadian nationals are registered in Lebanon, the total number is probably higher, since registration is not always complete.

Mr. Pearson, speaking in the Commons after Mr. Smith gave his statement, said no doubt it was "necessary" to land U.S. troops in Lebanon.

However, he hoped there would be no conflict between the troops and the work of the UN observers and that the marines would withdraw as soon as a UN police force could take over.

H. W. Herridge (CCF — Kootenay West) said the developments in the Middle East are the result of the "shortsightedness" of U.S. foreign policy, originating with the American refusal some time ago to go through with a huge loan to Egypt on the Asswan Dam project.

Church Discusses Family Planning

LONDON (Reuters)—A controversial Church of England report morally justifying responsible contraception was under study Tuesday by a Lambeth conference committee of bishops.

The report said family planning with scientific assistance is the answer to over - population in parts of the West Indies, India, Japan, Singapore and other places in southeast Asia.

Should the report be adopted after study it would reverse the Lambeth group's wavering stand on birth control. In 1920, the conference denounced contraception but in 1930 it was "grudgingly permissive" by a 3-to-1 majority.

The Church of England Moral Welfare Council prepared the report for Dr. Geoffrey Fisher, archbishop of Canterbury.

EXCHANGE VIEWS

Dr. Fisher said he had anticipated no controversy because the bishops came to London merely to exchange views. But he added that "in certain underdeveloped countries, the main problem is population control."

Dr. J. H. Dixon, bishop of Montreal, said there was a terrifying growth of population in countries which could not support it. Medical science had reduced the death rate and social services were keeping people alive and making them live longer."

"For Canada's vast spaces we want more people but we don't want them too fast," Bishop Dixon added. "We have had serious unemployment problems."

Several bishops agreed that people want guidance from the church on such moral questions. But one bishop said: "You cannot make rules about birth control. It must be left to the individual."

Human Touch Endears Queen Mother

LONDON (Reuters) — Queen Mother Elizabeth told her chauffeur to stop her car Monday so she could speak to his wife who was waving from a street corner.

Mrs. Paul Man, whose husband has been the Queen Mother's personal chauffeur for eight years, said afterwards: "I knew my husband was going to slow down as he passed our flat because it was on the Queen Mother's route but I did not expect her to stop."

CHILDREN ELECTROCUTED

MUNCIE, Ind. (AP)—Two children were electrocuted Monday as they played at a new home being built by their parents. Lloyd Steven Wright, 7, who had his arm around his sister, Pamela, 8, touched an electrical conduit which had become charged because of faulty insulation.

Coast Man To Form Western Civil Service Federation

OTTAWA (CP) — S. A. Flatt, 57, of New Westminster, B.C., has been appointed organizer of the Civil Service Federation in the four western provinces, it was announced here today.

Mr. Flatt, an employee with the public works department, is a member of the executive body of the Vancouver-New Westminster district council of the 800,000 member Civil Service Federation of Canada.

New Hospital Plan Brings Welcome Relief

The new hospital insurance service which came into effect July 1 brings welcome relief to many persons in Canada and in this province. On the provincial level, the most important change is contained in the sharply reduced waiting time for the qualifying period of residence which now has been set at three months instead of the former 12 months.

Another improvement is contained in the out-of-province coverage. In place of the $8 per day limit under the old scheme, the B.C. hospital insurance service will pay in each province the standard ward rates set by the service there, less one dollar per day payable by the patient. For hospitalization in other countries and provinces without insurance plans, the B.C.H.I.S. coverage will be increased to a maximum of $12 per day for standard ward care.

With the new hospital insurance plan, Canada enters another phase of her expansion and has almost entirely removed the huge burden of sickness costs which in the past has been known to financially cripple many Canadians or, through fear of penury has driven men and women away from the needed services of hospital or doctor.

One snag still remains, though, and it applies to the chronic, or incurable patient. That person is not covered by the plan and, unless he can enter a permanent institution, he must shoulder the brunt of all his hospital expenses.

In most cases, chronic ailments apply to the aged and provision is made for these people in homes or institutions which are solely devoted to the care of the old.

But what of the younger person who contracts a chronic ailment and does not qualify for a permanent institution? After the illness has progressed over a certain length of time, a patient's case history goes before a hospital insurance board which decides whether or not the disease is incurable. If the latter decision is taken, the patient comes off the insurance benefits and the full brunt of costs becomes his responsibility.

It is understood that further studies are being made to find a solution to this problem, and resolved it should be if the scheme is to become completed.

At present, individuals who fall under the chronic sickness category and who are unable to shoulder the burden of their hospital expenses become wards of the state, their debt being finally taken over by the government, which rather breaks down the original proviso.

More Airline Competition?

Are we ready for some measure of long-distance airline competition within Canada?

Stephen Wheatcroft, the British consultant on airlines operation, gave a modified "yes" in his report to the Air Transport Board last week, points out the Financial Post.

While some of the press reports on the lengthy and technical report were confusing, buried deep down in the report is the fact that Wheatcroft expressed the opinion that even by 1959 "four daily transcontinental flights" might be offered in competition with TCA. Because TCA had ordered new equipment, this might be limited to two flights, said Mr. Wheatcroft, and two additional flights turned over to TCA.

Although Mr. Wheatcroft discusses "transcontinental flights" he refers to Montreal-Vancouver rather than Sydney, Nova Scotia, to Victoria, British Columbia. It is quite apparent that more service, and a degree of competition on the mainline routes would benefit the travelling public and keep everyone on his toes.

That promises to be the nub of the argument when the Air Transport Board meets—probably next month—to consider Canadian Pacific Airlines' application and that of Pacific Western Airlines for a place in Canada's domestic east-to-west routes. It will be interesting to see what ATB—and the government—does with the recommendation of the expert it hired.

It's Been Said

Talent is the capacity of doing anything that depends on application and industry; it is a voluntary power, while genius is involuntary.—William Hazlitt, English critic.

Interpreting the News

By KEN METHERAL
Canadian Press Staff Writer

The implications for the Western world of the Iraq crisis are both grave and far-reaching.

Iraq has been one of the foundations on which Britain in particular and the West in general have built their Middle Eastern policy. It is the keystone of the Baghdad Pact, a major source of oil and the last Arab power that has remained outspokenly friendly to the West.

Iraq's government has been the focal point of resistance to Nasser's Arab nationalist movement and the tottering regimes of Camille Chamoun in Lebanon and King Hussein of Jordan can scarcely hope to survive it for long without the large-scale military intervention that the West has sought to avoid.

PACT UNPOPULAR

The memory of Suez underlines the risks involved in military intervention. Besides it is questionable whether any Arab government could hope to command popular support if it were forced to rely on Western troops to stay in power.

The government of Nuri Said is a case in point. Although its rule was frankly authoritarian, it had brought relative prosperity to Iraq and owed its unpopularity almost entirely to the premier's steadfast support of the Baghdad Pact.

The Iraqi revolt gives added emphasis to recent demands in Western capitals for drastic reappraisal of the West's policies in the Middle East.

DEAD LETTER

The Baghdad Pact, which sought to align a solid bloc of Moslem powers with Britain in an anti-Communist wall, already was threatened by Soviet penetration through economic agreements with Nasser and his Syrian partner in the United Arab Republic. If the Iraqi rebels take their country into Nasser's bloc, the pact becomes a dead letter.

For the West, the sole alternative to an attempt to reconquer the entire Arabian peninsula by force of arms is recognition that Arab nationalism has come to stay in the Middle East, that Nasser is its chosen leader and that failure to come to terms with him will force him to strengthen his ties with the Soviet Union.

One of the most hopeful developments in the confused Middle East picture in recent months has been the indication that Nasser is determined to maintain a neutral position in the general tug-of-war between the West and the Communist bloc. He has been as ruthless in his attacks on Syrian Communists as he has on Western "imperialists" and has gone out of his way to cement his ties with Yugoslavia's neutralist, anti-Soviet President Tito.

The advocates of a deal with Nasser argued that a compromise can be found enabling the West to honor its obligations to Israel and to the Arab sheikdoms remaining under British protection such as Bahrein, Kuwait and the other trucial territories in the Aden area.

Any implementation of such a policy must await clarification of the confused situation in the peninsula.

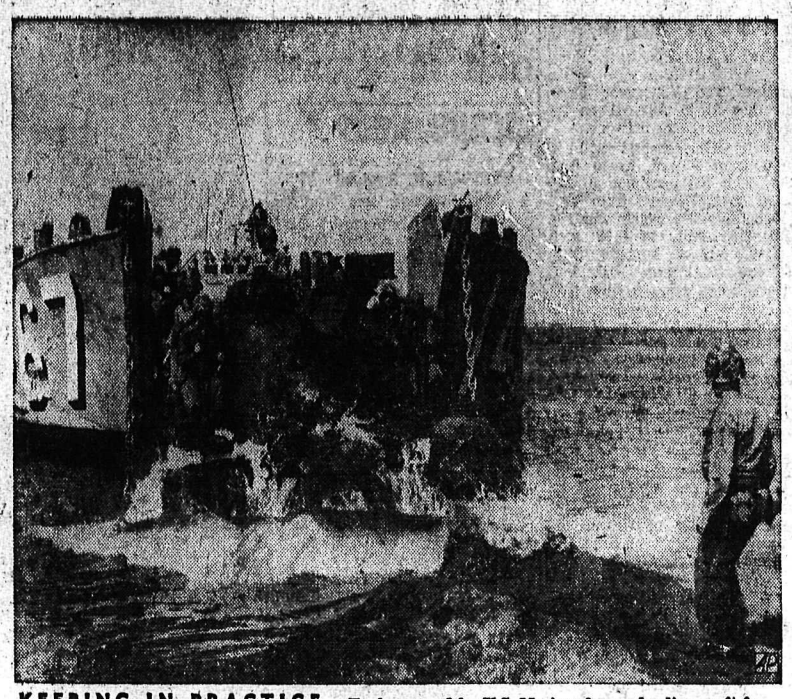
Israelis Aristocrats

The aristocrats in Israel are those who came to the country before independence day in 1948. The longer their residence in the country, the higher their social status.

Nobody in Israel cares who your father was or which school you went to; the criterion for this type of social snobbery is the length of time you or your family have been in Palestine. The nearest equivalent in Israel to what is called the Establishment in England is the Second Aliya, the community of Russian Jews who came to Israel before the First Great War; the prime minister, Mr. Ben-Gurion, is one of them.

The sabra, or native-born Israelis, fall over backwards not to patronize immigrants: the conscious effort that this requires of them betrays their sense of superiority.

—The London Economist.



KEEPING IN PRACTICE — Tank manned by U.S. Marines leaves landing craft for shore at Dikili as elements of the U.S. Sixth Fleet undergo exercises off west Turkish coast.

"You're Pretty," Says Child to Princess . . .

Margaret Chats With Patients In Island Veterans' Hospital

VICTORIA (CP) — Turned out in a stunning yellow dress and hat, Princess Margaret moved like a breath of fresh air through the Victoria Veteran's Hospital Tuesday, chatting with the sick and injured in the wards and waving to some 3000 persons on the grass outside.

The princess turned the occasion into more than a duty call, taking pains to stop often to chat with those in the hospital wards and singling out young girls from the St. John Ambulance Brigade in an honor guard outside the hospital for a few words.

There were cries from the crowd of "oh lovely, Margaret!" and even a girl who presented her with a bouqeut of pink and yellow tea roses, Margaret McKinnon, 6, couldn't restrain herself from telling the princess: "You're pretty."

YELLOW AND BLUE DRESS

The princess wore a shimmering yellow and forget-me-not blue shirtwaist dress of spotted silk. Her tiny hat was mushroom shaped in pleated, spotted silk to match. There was her usual double strand of pearls about the throat and a diamond broach on the shoulder. Her shoes were of a slightly deeper yellow than her dress while her long gloves and purse were white.

The weather for the event was a continuation of the sunny, hot temperatures that have predominated since she arrived here Saturday to begin her Canadian tour.

Driving up to the north - end hospital a few minutes late with Defence Minister Pearkes, she moved through a double line of young girls in the gray St. John Ambulance uniforms. She chatted with Barbara Nelson, 14, and to 14-year-old Genevieve Sawatski the princess said: "My you have a pretty smile."

TOURED WARDS

Then she began her tour of the wards inside. She received a bouquet from the little McKinnon girl, smiled at her remark.

Then she went immediately to the surgical ward on the second floor where she sought out the little girl's father, Jack McKinnon, formerly of the 2nd Canadian Heavy Anti - Aircraft Workshop (RCEME) who suffered a back injury shortly after VE day when he dove into two feet of water while swimming. He has been in and out of hospital since.

"Your daughter gave me these flowers but you didn't see it, did you?" Princess Margaret asked Mr. McKinnon.

In another ward she talked to a Mr. Geddes—he refused to give reporters his first name.

Speaking quietly, the princess asked him: "Are you getting better?" His reply: "Oh, yes." Asked later what else the Princess had said to him, he said: "I don't know. I'm deaf."

STAYS ASLEEP

At one of the wards, the hospital staff tried to arouse a sleeping, middle-aged man as the princess neared the ward. They failed.

Ruth W. Cowper, superintendent of nurses who accompanied the princess on her tour, said later: "He's going to be so disappointed when he wakes up."

Miss Cowper told reporters the princess "was very interested in the patients."

The princess also visited in the pavilion lounge among "up - patients." Following her tour of the hospital she walked past an honor guard of Corps of Commissionaires members, one of whom collapsed before her arrival.

Walking along outside the hospital with Miss Cowper, the princess waved and smiled to the wildly cheering crowds. One amateur photographer kept waving, trying to catch her eye.

"Someone over there is trying to attract your attention for pictures," Miss Cowper was heard to say. The princess smiled and replied:

"Yes I know. I wonder how they think I can look both ways at once."

In all, she spent nearly an hour at the hospital before returning to her suite at the Empress Hotel to rest up and prepare for her inspection of a three-nation naval review off nearby Esquimalt, one of the highlights of the tour.

U.K. Trawlers To Challenge 12-Mile Limit

LONDON (Reuters) — British trawlers with Royal Navy protection will challenge Iceland's right to impose a 12-mile fishing limit around its coast, it was announced Tuesday.

Maj.-Gen. Sir Farndale Phillips, president of the British Trawlers Federation, said his group will act if Iceland imposes the limit.

Phillips added he hopes a solution will be reached before then.

Iceland announced it will ban foreign fishing within 12 miles around its coasts instead of four miles after Sept. 1.

Phillips, back from a meeting of West European Trawler Federations at The Hague, said:

"Our fishing vessels are going to go on fishing where they are today. They will be protected by the Royal Navy."

British trawlers leaving for the Iceland fishing grounds in August will be told to "carry on their fishing lawfully" in waters inside the 12-mile limit, he added.

Water Shortage Threatens Tofino

TOFINO, B.C. (CP)—The village council began preparations Monday night to haul water from Long Beach to offset dwindling supplies at the 50,000-gallon municipal water tank.

Council plans to truck water in a 1,000-gallon tanker from Long Beach six times a day. Level of water in the storage tank was described as quite low after months of dry weather.

Some 400 people get their water from the storage tank, while those outside the water system rely on wells, many of which have gone dry.

Uppermost in the minds of villagers is the threat of fire. Tofino is served by a volunteer fire department.

Mr. and Mrs. C. J. Clark announce the engagement of their daughter Carol Anne to Walter Richard Anderson, son of Mr. and Mrs. Arthur Anderson, 522 Wason St., Nelson.

Wedding to take place in Nelson on July 25th.

Mr. and Mrs. W. M. Vance announce the engagement of their daughter, Charlotte Mary, to Donn Clare Langford of Calgary. The wedding will take place in Calgary, Alta., on August 16, 1958.

Fairview United Church was the scene of the wedding July 5 of Mary Kathleen Batchelor and Harold Wilson Boyce, shown here after the ceremony. Mr. and Mrs. Boyce are now living in Vancouver, following a honeymoon in the Okanagan. Mrs. Boyce is the daughter of Mr. and Mrs. Allan Batchelor of Nelson and the groom is the son of William O. Boyce of Victoria. —Renwick photo.

Suffragettes Have Tea in Legislature

By FRASER WIGHTON

LONDON (Reuters) — Smiling and sedate old ladies who once turned Britain topsy-turvy by smashing windows, starting fires and going on hunger strikes in jail Monday received a welcome from their old enemy, Parliament.

The 200 women, all over 70 and many grandmothers, were the survivors of the militant suffragettes who plunged Parliament and the nation into uproar 50 years ago demanding the right to vote for women.

They eventually won in 1918 when Parliament granted women over 30 the vote and in 1928 when the age was reduced to 21.

Some of them were proudly wearing little badges, with a portcullis and broad arrow showing they went to prison for their cause, at a House of Commons tea party to celebrate the centenary of the birth of suffragette leader Mrs. Emmeline Pankhurst.

FIRST WOMAN MP

Mingling with them were many of the present-day and former women MPs, including Viscountess Nancy Astor, first woman to take her seat in the House of Commons. She was a member from 1919 to 1945.

Talk at the tea party was vividly reminiscent of the campaign's violent days before the First World War. Guests recalled the suffragettes who chained themselves to the railings of 10 Downing Street and others who padlocked themselves to a House of Commons gallery.

There were recollections of the government's "cat and mouse act." Under the act, a suffragette, ill through hunger-striking, was released to get well, then re-arrested to serve the remainder of her sentence.

Many of the celebrants were frail and pale shadows of their former selves — but a twinkle of triumph shone in their eyes.

Material Can Be Dyed in Stripes

A resourceful housewife can divide a batch of cookie dough in three, add chocolate to one part of it, nuts to another, cherries to the third and turn out three varieties of sweets to delight her family.

Canadian textile manufacturers, not to be outdone, are producing a variety of color combinations in fabrics, all from one basic cloth. They work this magic through a technique known as "cross-dyeing".

Each fibre used in fabrics reacts to dyestuffs in its own peculiar way. For instance, a dye may color one fibre a deep red, another pink and leave a third fibre snowy white. Fabric makers, by using more than one fibre in a piece of cloth, can produce a white fabric which can be dunked in a dye bath and brought out with colored stripes.

This is good economy. Having to re-thread a knitting machine every time the mill wants to switch to another color of stripe is time-consuming and increases the cost per yard of the fabric. However, if thousands of yards of white fabric can be run off, then dyed in a variety of colored stripes, Canadians pay less for their shirts and dresses.

The same trick is used in manufacturing stretch socks. To the naked eye, the socks coming off the knitting machines by the hundreds in a sock factory may have no pattern at all — they're all pure white. But when they are dropped into dye, complicated patterns emerge. That is because two fibres with differing affinity for the dye have been wnitted into the fabric.

Not only are different shades of one color possible, but by using various types of dyestuffs in one dyebath manufacturers can turn out such combinations as green socks with a yellow pattern or grey socks with the design in red. The possibilities are endless.

INSECT CAUSES CRASH

LIBERAL, Kan. (AP)—A grasshopper caused a $600 accident Monday. It lit on the face of a two-year-old child who was in a car beside her mother. The child screamed, the mother swerved the car and it crashed into a parked vehicle. The mother and child were uninjured.

Wanted, 20,000 Spinsters, Apply In New Zealand

By NORMAN WILLIAMS

WELLINGTON (Reuters)—New Zealand is looking for 20,000 spinsters to balance 2-to-1 surplus of unmarried men.

Enormous expenditure on major construction projects has brought thousands of unmarried men to New Zealand and seriously disturbed the balance between bachelors and spinsters in a population of about 2,500,000 people.

Dr. O. C. Mazengarb, an official of the New Zealand Founders' Society, blames the shortage of marriageable females on what he calls the foolish inflationary practices and lack of forethought in immigration. For the last 10 years, by direct and indirect inducement, an average of 16,000 more single men than women have been brought to New Zealand every year, he says.

SUPPLY DOWN

And that influx came on top of causing the supply of possible an already existing surplus of men, brides to become less and less every year.

Dr. Mazengarb believes that it is "sociologically wrong and economically unwise" to perpetuate a state of society in which there is a huge surplus of bachelors who are unable to find wives, and a large surplus of widows who receive payments from the social security fund.

There are 42,000 widows in the 35-to-70 age group and only about 12,000 widowers. And Dr. Mazengarb estimates that there are 50,000 more bachelors than spinsters.

Although the population of the dominion has trebled during the last 60 years, statistics show there are actually fewer spinsters in New Zealand today than there have been at any time in the whole o fthat period.

In 1906, for instance, there were 53,000 spinsters excluding Maoris, whereas now there are just over 38,000 including the Maori girls. At the last census, there were 7500 fewer spinsters than there were in 1951.

In the early years of this century, when a vigorous policy of female immigration was being pursued, almost half of New Zealand's young women were single. Today, less than one-fifth are unmarried.

Boswell Notes

Mr. and Mrs. Alfred Caldwell and daughters Carolyn and Mary Jane of Bell Cordone, Calif., are guests of Mr. and Mrs. W. Embree.

Dr. and Mrs. Horace Newman and family are visiting their cousin, Mrs. H. Bell, en route to their home in New York state.

Guests from Bell Flower, Calif., Mr. and Mrs. Harry Whitney, J. Whitney and son Larry Ray and Mr. and Mrs. Curly Fox and son Robert are visiting at the home of Mrs. E. Whitney.

Molendyk-Bonacci Rites Of Interest in Procter

PROCTER — Of interest to Procter district residents is a recent wedding in Knox United Church at Prince George when Carol Margaret, eldest daughter of Mr. and Mrs. Frank Bonacci of Procter became the bride of Jacob Molendyk, son of Mrs. Molendyk of Rotterdam, Holland.

The bride, given in marriage by John Mallis, wore a wedding gown of white net and lase over satin. Her shoulder-length veil was held in place by a tiara. She carried red roses and lily-of-the-valley.

Miss Betty Bonacci of Calgary was her sister's bridesmaid and wore a pale blue nylon semi-formal gown with matching headpiece. She carried bronze colored carnations.

Tony Molendyk of Dunster, brother of the groom, was best man.

For the reception, the Prince George Hotel banquet room was decorated with pink and white streamers and white bells. A three-tier wedding cake centered the bride's table flanked with bud vases containing roses.

The groomsman proposed a toast to the bride.

Out of town guests at the wedding were William Molendyk of Rockyford, Alberta, Mrs. Tony Molendyk and Mr. and Mrs. H. Troenveld of Dunster, B.C. and Mr. and Mrs. Henery of Vancouver.

Telegrams of congratulations were received from the bride's maternal grandmother, Mrs. M. J. McDonald, Nelson octogenarian; also Mrs. H. Horner of Terrace, B.C.; the groom's brother and sister-in-law, Mr. and Mrs. J. Molendyk of Allingham, Alberta; the bride's cousins, Mr. and Mrs. Bart Batchelor of Halifax, N.S., and from the bride's parents, Mr. and Mrs. Frank Bonacci of Procter.

The bride was born and raised in Procter where she received her schooling. Both her maternal and paternal grandparents were old-timers of the district, Mrs. M. J. McDonald being sole survivor.

The bride and groom will live in Prince George where the groom is a diesel operator for the B.C. Power Commission.

Brooch Made by B.C. Craftsmen For Princess

VICTORIA (CP) — A brooch containing 239 diamonds was accepted Monday by Princess Margaret from the people of British Columbia.

Premier Bennett presented the brooch at a luncheon tendered by the government in honor of Princess Margaret's visit to B.C. in its centennial year.

The brooch, made entirely by B.C. craftsmen, is a replica of the six-petalled dogwood blossom, the provinces official flower.

More than 250 people attended the luncheon.

The menu was almost entirely British Columbian in its offerings. Smoked salmon preceded the main course of Saltspring Island lamb, new peas and mint and new potatoes and parsley.

Strawberries from Saanich, about 10 miles out of Victoria, were served "au kirsch," followed by small iced cakes.

During the meal, the hotel orchestra played some of Princess Margaret's favorites. The program included selections from My Fair Lady, Oklahoma, and South Pacific.

SENIOR CITIZENS HEAR OF TRAVELS

ROBSON — Two members of the Senior Citizens group who have travelled to distant parts of the world, spoke of their journey at Friday's meeting, which was attended by 31 persons.

Mrs. Alice Lampard, who has recently returned from a trip to England, gave a short account of her trip and E. Kraft told of the Hawaiian holiday he and Mrs. Kraft had enjoyed, showing slides of the trip. Mr. Kraft also showed colored slides of B.C. beauty spots.

A basket picnic will be held August 8 at the home of president J. T. Webster, it was decided. All members were asked to bring a guest, especially elder friends.

Community singing followed piano selections by Mrs. Kraft.

A visitor to the meeting was J. R. Bentham of Winnipeg, a friend for many years of Mr. Webster.

Men Dress Conservatively at Garden Party for Princess

VICTORIA (CP) — More than 4,500 people packed a garden party attended by Princess Margaret late Monday, the social event of the summer season here.

The party was a brilliant success for the radiant princess, who stayed on in the 90-degree heat for more than an hour.

The party was held on the rolling grounds of the Government House estate. The partially finished structure of the new official residence formed a background to the crowded party. The old Government House was destroyed by fire more than a year ago.

The princess lived up to her reputation as a world style-leader. She wore a pink and white printed silk taffeta. The waist was defined at the front, with the back flowing full from the shoulder to the hemline.

Her hat was white satin, wide-brimmed and pleated, with a waved brim.

WEARS B.C. PIN

A dogwood diamond-and-emerald pin — presented to the princess earlier Monday by Premier Bennett on behalf of the province — a small bracelet and a double strand of pearls were her only jewelry.

Elbow-length white gloves, a whate leather box hand bag and white sandals rounded out her ensemble.

The stunning effect was overshadowed only by her complete charm and poise as she strolled through the spacious grounds.

The party was a huge fashion show. The conservative and the bizarre, the old and the new, and the middle-of-the-road — all styles were represented.

The stylish in the crowd leaned heavily to pastel shades and electric colors, followed closely by gay prints on light material.

Dark clothing for the ladies was held to a minimum, probably due to the heat.

The chemise and modified-chemise were well-shown, as was the balloon skirt.

SOME IN CHANTILLY LACE

There were very few extremes of any style. Some of the older women, however, dressed in a style dictated by fashion 30 years ago, ankle-length and of chantilly lace.

The men stayed with traditional attire, with no colored tuxedos in evidence.

The black cutaway, striped trousers and pearl or black toppers was almost a uniform. One brilliantly banded boater skimmed along through the throngs.

There was added color in the scarlet tunics of dozens of RCMP officers. Other dozens were in plain clothes, headed by Inspector F. Crocker of Scotland Yard, in cutaway, striped trousers, pearl topper and white gloves.

Princess Margaret arrived a few minutes behind schedule and immediately a number of officials and dignitaries were presented.

POLICE OPEN WAY

On her stroll through the grounds, preceded by a flying wedge of RCMP and army officials, the princess stopped to chat with several people.

Part of the time she spent in a roped-off hut of natural logs, sipping tea with Lieut.-Gov. Frank Ross and Mrs. Ross and receiving some of the more prominent British Columbians.

The crowd consumed countless thousands of sandwiches, cakes and cookies, gallons of tea, coffee and an equal amount of gin-punch, made from the lieutenant-governor's own recipe.

It was estimated the punch took 400 26-ounce bottles of gin.

First aid officials said five persons were treated for heat prostration.

Robson Notes

Miss Dawn Waldie left on the weekend for Calgary where she will visit her brother-in-law and sister, Mr. and Mrs. M. Flynn.

Mr. and Mrs. Vern Pattullo have as guests their son and daughter-in-law, Mr. and Mrs. W. E. Pattullo of Anaconda, Mont. Mr. and Mrs. Pattullo Sr., are expecting their daughter, Mrs. Byron de Bough to return this week from a visit to England. After staying with her parents for a short time Mrs. de Bough will leave for her home in Seattle.

Keep Your Eye on Classified!

Brownies "Fly Up" At Nakusp Meet

NAKUSP — Nakusp Brownie "fly up" ceremonies were attended by Brownies, Guides and mothers, when Commissioner Miss R. Kirkman of Edgewood presented awards and Captain Bolstad received a presentation.

Tawny Owl Mrs. Jordan announced winners of badges; Ruby Sandercock, Golden Hands, service star, athlete's and toymaker's, collectors' badges; Marina Bedford, Golden Hand and service star; Barbara Bolstad, service star and athlete's badge; Rhona Jordan, proficiency badge, thrift and knitting; Linda Henderson, proficiency badge and Julianne Nishida, athlete's badge.

Second class badge was presented to Lynn Smith and proficiency badges for child nurse were received by Lynn Smith and Chussy Johnson. Karen Anderson earned her Golden Bar.

Captain Bolstad addressed the girls on principals of Guiding illustrating her talk with a story of the "Lost Brownie smile and how it was restored."

During fly up ceremonies, wings were presented to Barbara Bolstad, Linda Henderson, Rhona Jordan, Marina Bedford and Ruby Sandercock, who were accepted by Captain Bolstad and Lieut. Hovey. Unable to be present to fly up were Julianne Nashida and Linda Mucha.

Captain Bolstad received a "thank you" badge from the Guides and Commissioner Kirkman spoke in appreciation of the five years' service of Captain Bolstad. She was presented with a souvenir spoon from L.A. president Mrs. O. E. Johnson.

Commissioner Kirkman introduced Mrs. Fred Waldie, who will begin leadership with the Guides in September.

Robson Notes

ROBSON — Recent visitors at the home of Mrs. G. Miller have been Mr. and Mrs. Alex (Smokey) Miller and family of Vancouver, formerly of Castlegar, and Mr. and Mrs. Jack Thompson and daughter of Cascade.

A former Robson woman, Mrs. B. Balmer now of Vancouver, has been guest at the home of Mr. and Mrs. S. Humphries.

The wedding has been announced of Gary Thor, only son of Mrs. C. A. Anderson, and Leilani Marie, daughter of Dr. and Mrs. Leon Mermond of Carson City, Nevada. The wedding took place in Carson City.

Glen Quayle has as guests his son-in-law and daughter, Mr. and Mrs. Lyle Fleming and family of Prince George.

New Denver

NEW DENVER — Vancouver is the destination of Mr. and Mrs. W. J. Wilson and two sons who will spend a holiday at the Coast visiting friends and relatives.

After visiting her borther-in-law and sister, Mr. and Mrs. G. H. Croy, Mrs. E. Grist of Winnipeg has left for her home, accompanied by her nephew, Jimmy Croy, who will spend the holidays with his aunt.

Mr. and Mrs. William Martin and family have left to spend their holidays with relatives in Fort McLeod, Alta.

Motoring to Grand Forks, Oliver and Vancouver, Mr. and Mrs. David Crellin and three children will also travel through the United States visiting relatives and friends.

William D. Stephen is in Vanderhoof and Prince George as guest of his son and daughter-in-law, Mr. and Mrs. David Stephen, and his daughter, Miss Mary Stephen.

A visitor from Victoria, Mrs. P. Butler, is guest of her son and daughter-in-law, Mr. and Mrs. Harry T. Butler.

From Fairbanks, Thomas Roberts is visiting his sister, Mrs. William D. Stephen.

E. Kootenay Unit Receives New Supervisor

CRANBROOK — Newly appointed supervisor of nursing services for the East Kootenay Health Unit, Miss Freda S. Hilton, P.H.N., has arrived from Port Alberni to assume office in Cranbrook.

She is a graduate in nursing of St. Joseph's Hospital, Victoria, and in public health from the University of British Columbia. She was public health nurse at Creston for three years, and has also worked at Haney and Prince Rupert. She comes here from Port Alberni.

Two other nursing appointments have been made to the Unit staff, but these offices will not be filled until September.

Women's Autumn Styles Will Please Menfolk

By DOROTHY ROE

NEW YORK (AP) — This is the year for the men, says globe-trotting designer Hannah Troy, presenting a collection of strictly feminine fall fashions.

The new clothes for fall shown by Mrs. Troy and most other New York couture designers prove that women do dress to please men, after all. The loud cries of male anguish that greeted this summer's sack dresses, which made most women look like an unmade bed, have been heeded by the gals who set the pace for fashions.

So there are no more shapeless chemises in view, no more of the grotesque silhouettes which suggested mass pregnancy.

For calculated allure, consider Hannah's short evening dress in ice blue satin, with "pouffant" skirt and ostrich hemline, worn with a matching coat.

"Now that women are showing their legs again," says Mrs. Troy, "interest shifts to the hemline—and can you imagine anything more intriguing than a moving, fluttering fringe of ostrich about a pair of beautiful legs?"

The collection at the New York house of Christian Dior, the second designed by young Yves St. Laurent, features the "Liberty line," and tends toward modifications of his trapeze silhouette of last spring.

In the suit collections jackets are short and unfitted, with wide draped collars, big bows and other neckline accents.

There are many short evening gowns with dome or bell-shaped skirts, many with a huge bow and sash at the bust, front and centre, with trapeze drape falling from shoulders to hem in back.

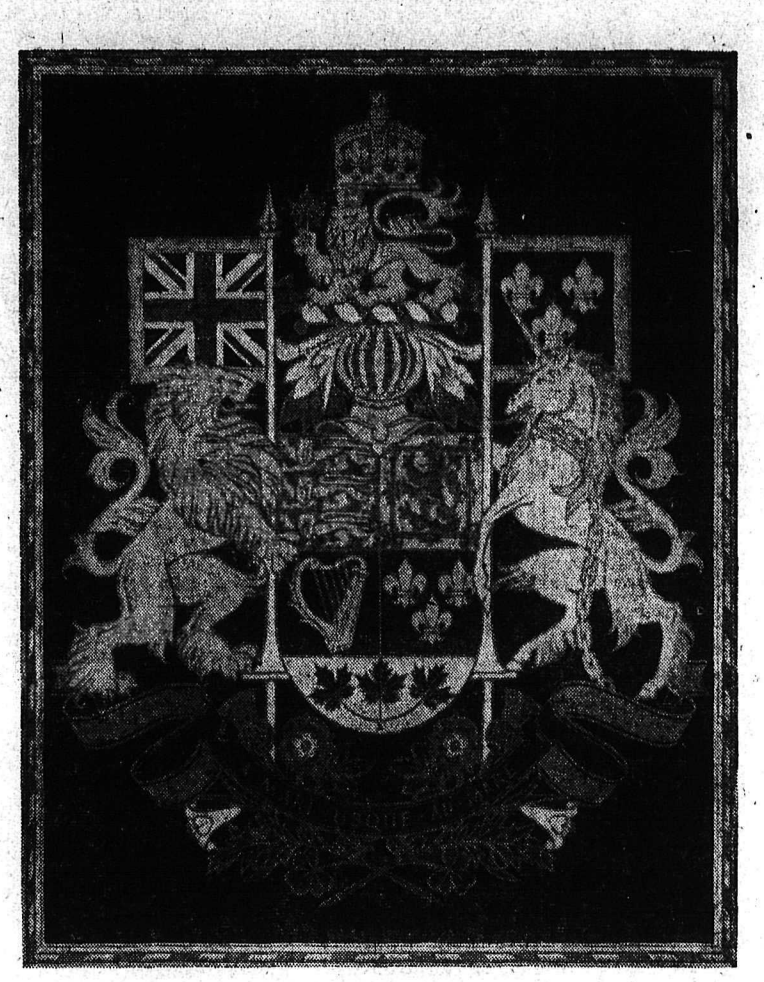
CONFIDENCE • STABILITY • PROGRESS

TO

ALL HOLDERS OF VICTORY BONDS



HONOURABLE DONALD M. FLEMING, MINISTER OF FINANCE

of the Government of Canada, announces an offer to replace all unmatured 3% Victory Bonds with new 4½% 25-year bonds, or with other shorter term bonds at other interest rates in accordance with the terms of the offering.

This Canada Conversion Loan of 1958 represents the largest financial operation ever carried out in Canada in time of peace or war. It is designed to re-organize over 40% of the National Debt on a basis which will provide a higher income for those investors taking advantage of it, and at the same time reduce for the Government the volume of financing to be done in 1959 and subsequent years through 1966.

All holders of unmatured 3% Victory Bonds (Canadians now own a total outstanding amount of $6,416 million) are now offered the opportunity to convert into the new non-callable

CANADA CONVERSION LOAN

OF 1958

4½% 25 YEAR BONDS

In addition you receive an immediate cash adjustment

In no case is the bondholder required to make any payment to convert into the new longer term bonds on which he will receive *higher interest* than on the old bonds.

YOU are urged to consult immediately with your investment dealer, bank, trust or loan company or other financial adviser about the terms of the conversion offer.

ALSO AVAILABLE:

4¼% 14 YEAR BONDS

3¾% 7 YEAR BONDS

3% 3¼ YEAR BONDS

Applications may be filed and cash adjustments received now. Be sure you share to the full in this unprecedented opportunity.

O'Malley Plans To Shorten Route To Right-Field Wall

LOS ANGELES (AP)—To the delight of every lefthanded swinger in the National League (pitchers excluded), the remote right-field fence in Los Angeles Coliseum will be shortened next season.

President Walter O'Malley of Los Angeles Dodgers made the announcement Monday after his club's contract for a stadium site in Chave Ravine was ruled illegal in court.

"I think we will do that," O'Malley said. "Yes, we will shorten it. Mr. (Duke) Snider feels that it was unwise to have it out so far and I tend to agree with him."

The fence joins the stands beyond the right-field foul pole, 301 feet from home plate. The barrier falls back swiftly to a distance of 390 feet and is 430 feet from home at one point in right-centre.

How about the left-field screen, only 250 feet from home plate?

Unfortunately, O'Malley said, nothing can be done about that.

FIGHTS

By The Associated Press

Sydney —Clive Steward, 160½, Australia, outpointed Al Williams, 159½, Los Angeles, 12.

New Orleans — Ludwig Lightburn, 138½, British Honduras, knocked out Davey Dupas, 140, New Orleans, 9.

Oakland, Calif. — Alex Miteff, 208, Argentina, outpointed Ruben Vargas, 195½, San Francisco, 10.

Wichita, Kan.—Dan Hodge, 190, Wichita, knocked out Don Jasper, 190, Duluth, 3.

Atlanta—Arthur Persley, Red Cross La., outpointed Ike Vaughn, Miami, 10.

No-Hit Hurler Has One Arm

DETROIT (AP) — Nine-year-old Jackie Gagnon has made two starts as a pitcher in the city's school baseball league. His second effort was a no-hitter.

Jackie has only one arm.

Handicapped since birth, he has developed a technique that enables him to keep up with his teammates.

Jackie is a southpaw. His right arm extends only to the elbow.

He holds his glove under his right shoulder. When he makes a pitch, he slips the glove on to his left hand in plenty of time to make the return catch or field bunt.

When Jackie isn't pitching, he plays right field. He is one of his league's best fielders. But his batting has him a little worried.

"I don't know what my average is but I haven't been getting too many hits," Jackie said.

He got his interest in baseball from his late father, a Detroit Tiger batboy in the 1930s.

Brawling Durelle Confident Of Successful Title Defence

By W. R. WHEATLEY
Canadian Press Staff Writer

MONTREAL (CP)—Yvon Durelle, supremely confident of beating South African Mike Holt in their 12 - round British Empire light - heavyweight bout tonight, said Tuesday all he wants is one good opening.

"If I get my opening he's going to die early," said the New Brunswick fisherman flatly.

Durelle said he expects to weigh 174 or 174½ at the weigh-in tomorrow at noon EDT. The bout nationally televised in Canada and the United States—except for Montreal and Sherbrooke in Canada—is scheduled for 10 p. m. at the Forum.

The five - point - must scoring system governs in Quebec province—five points to the winner of a round, the other graded accordingly; five points to each if the round is even.

DURELLE HEAVIER

When he steps into the ring Durelle expects his weight will be 173 — or possibly 174. Holt figures to come in around 172½ or a trifle more.

Durelle had a light workout of 30 minutes in a gymnasium Tuesday. Holt is through with gym work. He rested and went to a movie.

Yvon was asked his opinion of the fight going the limit — especially if he didn't get that big opening.

"Well, I don't know much about Holt. I don't know how close that fight was last month when he won over Yolande Pompey. But I know this: Pompey wouldn't go all the way with me."

Durelle said if he wins and doesn't get a shot, on the strength of it, at champion Archie Moore he doesn't want to make the 175-pound light-heavyweight limit any more.

"I can make it, all right, but it's just too much work."

Manager Chris Shaban was just as confident that Durelle will win but had his doubts about his fighter winning by a knockout.

"I have a hunch—just a hunch —that the fight will go all the way," said Shabin. Don't get the wrong idea. I'm not worried about Yvon. But both boys are in good condition and both are experienced."

Holt and his manager, Piet Lourens, were up at 6:30 this morcing and went out for a walk of 2½ hours. Back at the hotel, both climbed into bed. They were still "just resting" at noon.

"We really did some walking—all over town," said Lourens. "I think we must have seen most of the streets in Montreal.

"Mike is in great shape and I most definitely expect him to win."

Taking his fighter to the movies was part of Lourens' plan to keep Holt's mind occupied with things other than the fight. In their hotel room both spend much time watching television or listening to the radio.

Lourens was asked what he thought about the early reported odds of 9 to 5 favoring Durelle.

"Somebody is giving away money," he said quietly.

Quintuplets 15 Years Old

BUENOS AIRES (AP) — The world's only surviving quintuplets turned 15 Tuesday, and papa Franco Diligenti is letting them have one of their rare reunions in honor of the occasion.

The three Diligenti girls and two boys were due home from their separate English boarding schools. Their birthday party will be a huge fiesta Saturday at the family's suburban estate, with relatives flocking to Buenos Aires from as far away as Italy and Canada.

Of the more famous Dionne quints, born near Calander, Ont., in 1937, four survive.

DIFFERENT SCHOOLS

The wealthy, strong - willed father of the Diligenti quints has had firm ideas about rearing his children. Six years ago he sent them off to five different schools. Since then they have seen each other only during holidays.

By name they are Franco, Carlos Alberto, Maria Esther, Maria Cristina and Maria Fernanda.

Diligenti, a wealthy, retired industrialist, has been able to ignore the hundreds of commercial offers which brought the Dionne quintuplets fortune and life in a goldfish bowl.

The birth of the five Diligentis in 1943 was kept a secret for eight months. The mother, then 41, went to the home of midwife Angelita Delfino for the birth, a common practice in Argentina, not expecting anything unusual.

Mrs. Delfino delivered the first four babies within 20 minutes of each other. Maria Esther appeared an hour after the others.

3 CBC Men Said Leftists

OTTAWA (CP) — Three CBC employees have been cited by name by a government supporter in the Commons as having "false and left-wing ideas."

Louis Joseph Pigeon (PC — Joliette — L'Assomption — Montcolm) Monday night named Pierre Elliot Trudeau, Gerard Pelletier and Jean-Louis Gagnon and said they should be taken off national programs because in his opinion they spread "false ideas, ideas which do not conform to the aspirations of our people."

He called on Revenue Minister Nowlan, minister who reports to Parliament for the publicly-owned CBC, to make sure it is free of left-wing and socialist elements. He urged the minister to bring about a "clean-out" of leftist CBC elements.

In Montreal, a CBC spokesman said the three men mentioned by Mr. Pigeon are not CBC employees but are used as panelists and commentators.

Mr. Trudeau is an economist and a socialologist. Mr. Pelletier is public relations officer for the Canadian and Catholic Confederation of Labor. Jean Louis Gagnon is editor of La Reforme, Liberal party weekly, and also is a commentator on radio station CKAC.

MOTHER BURNED CHILD

LOS ANGELES (AP) — A mother accused of burning her four - year - old daughter's hands has been sentenced to 90 days in jail. Mrs. Consuelo M. Arce, 28, was convicted Monday of holding her daughter's hands over a stove burner because she took a tortilla while her mother was away.

Six Outlaws Over .400 —Hufty Tops Pitchers

Batting and pitching averages of Nelson Outlaws, compiled by statistician Bernie Monteleone, show several surprises after 25 games of the senior ball club's season.

As expected, Les Hufty is the club's hurling leader — in fact, he leads in games, innings pitched, wins, strikeouts and earned-run average as well as winning percentage.

Pointing up the chunky right - hander's versatility is the fact that he is second in the club in hitting for players of more than two games. Les is hitting at a potent .448 clip, second to Joe Postnikoff, who is clouting at .462. Other high-average hitters on the squad are: Ed Isakson (.432), Stan Grill (.444), Ron Nash (.438) and Leo Petty (.403).

Following are the facts and figures:

BATTING

	GP	AB	R	H	2b	3b	HR	E	BB	PCT.

COMEBACK HERO . . . . By Alan Maver

Little Improvement Seen In Jacques' Eye Condition

GRAND'MERE, Que. (CP) — An eye injury has apparently ended a promising hockey career for Jacques Marcotte, a wiry little goal-tender who was struck down on the brink of his big opportunity.

Marcotte suffered a severe injury to his right eye last February while participating in his first practice with Toronto Maple Leafs of the National Hockey League.

He was left with only 40 per cent vision in the damaged eye.

"I guess my playing days are over," the 23-year-old Marcotte said Tuesday. He was selected the Quebec Hockey League's top rookie the season before the fateful accident.

"Doctors have told me the chances of my vision in the right eye improving are practically none. I'm not sure where I can go from here."

RETAINS FAINT HOPE

But he still retains a faint hope he might, by some miracle, regain enough vision to continue the career that was his ambition since he was a young boy.

"I see an eye doctor every two months in the hope there might be some improvement and I'm going to see a specialist in Boston shortly."

"Hockey is my life. I've wanted to play the game for as long as I can remember. It's what I live for."

Marcotte, five feet, seven inches tall and 143 pounds, is the property of New York Rangers of the NHL now.

He was acquired by Toronto from New York late last season in exchange for $5,000 and the rights to junior-age centre Bill Kennedy.

As a result of the accident the deal was nullified and Marcotte's contract was returned to the Rangers.

Marcotte is single. He lives with his parents in this community 100 miles northeast of Montreal. He is not employed now.

Detroit Jinx Keeps Yanks Under Tiger Claws for 9-4 Series Edge

NEW YORK (AP) — Frank Lary whipped the New York Yankees Tuesday for the fifth time this season, 12-5, as Detroit continued its mastery over the league leaders.

Until the Yanks broke through with two runs in the seventh, the 27-year-old righthander had shut them out for 27 consecutive innings. He finally gave way to Hank Aguirre in the sweltering afternoon heat, after Mickey Mantle hit his 24th homer and a New York rally got under way.

Tigers now own a 9-4 edge over Yanks in the season series although they trail by 12½ games in the league standings.

Detroit jumped on rookie Zack Monroe, the loser, for six runs in the first two innings, picked up three more off Virgil Trucks and added a final three off Johnny Kucks in the ninth.

Gail Harris drove in four runs with two triples and a single and Al Kaline and Charley Maxwell each knocked in three. Kaline returned to duty after suffering a wrist injury Sunday.

Elston Howard was the Big Yankee with a triple, double and two singles. Marv Throneberry hit his third homer of the year, leading off the ninth.

WASHINGTON (AP) — A seventh-inning home run by Roy Sievers, his 21st of the season, delivered a 5-4 victory to Washington Senators over Cleveland Indians Tuesday night.

Reliever Truman Clevenger, pitching one-hit ball over the last 6 and 1-3 innings, was credited with the win.

Loser in a brilliant duel of relief pitchers was rookie Gary Bell who took over in the second inning from Herb Score. Sievers' loft was the only run he allowed.

Score, bothered all season by a sore left elbow, seemed to rely on slow, breaking pitches and was very wild. He walked the first three batters and then errors by Gary Geiger and Billy Hunter let in two runs.

In the second inning, the Senators added two runs, which caused Score's exit.

Russ Kemmerer, beneficiary of the 4-0 lead, suddenly crumbled in the third when Cleveland tied it up.

BOSTON (AP) — Jackie Jensen crashed his 27th homer with two mates aboard in the first inning Tuesday night in propelling Boston Red Sox to a 5-2 victory over Kansas City Athletics.

Jensen also doubled and boosted his average to .312. He leads the American League in homers and runs batted in.

Frank Sullivan, the 6-8 righthander, picked up his eighth victory in 10 decisions although he needed help from southpaw Leo Kiely.

Herbert was charged with his fifth loss in eight decisions. He was followed on the mound by Bud Daley and Dick Tomanek.

BALTIMORE (AP) — Gus Triandos singled home the winning run in the 12th inning Tuesday to preserve a well-earned pitching victory for Arnold Portocarrero as Baltimore Orioles defeated Chicago White Sox 4-3.

The husky Oriole catcher also drove in his team's first run with his 17th homer. His clutch single that won the game was a bases-loaded blow with two out.

Portocarrero gave up seven hits in registering his eighth victory against five defeats.

Turk Lown, third White Sox hurler, lost his second game. He has yet to win.

LOS ANGELES (AP — Pittsburgh Pirates whipped Los Angeles Tuesday night 6-2 as the Dodgers' Duke Snider hit the longest home run of the year in the Coliseum before 20,827.

Rookie Dick Stuart for Pirates, hit a home run, drove in a run and scored what proved to be the winning run.

Snider's blast in the sixth inning hit the top rail of the fence in the deepest part of the centre field, 440 feet away, and disappeared. It was the first home run over the Coliseum's centre field fence.

ST. LOUIS (AP)—Power hitting by Hank Aaron and four-hit pitching by rookie Joey Jay gave the league - leading Milwaukee Braves a 4-1 verdict Tuesday night over St. Louis Cardinals.

Aaron drove in three runs with a pair of solo homers and a sacrifice fly.

The 22-year-old Jay struck out the last four men to face him. It was his fourth victory against three defeats.

All of Milwaukee's runs, including Aaron's two homers and one by Wes Covington, were off Sal Maglie, 41, who was charged with his third defeat. He has won two.

SAN FRANCISCO (AP) — Young Mike McCormick pitched San Francisco Giants to a 1-0 victory over Philadelphia Tuesday night, despite Robin Roberts' two-hit hurling for seven innings.

McCormick, gaining his seventh victory against one defeat, allowed nine hits. The 19-year-old left-hander struck out five and walked only one.

The Giants scored the winning run in the sixth on two walks, a double by Willie Kirkland and an error by Phillie third baseman Willie Jones.

In his seven innings, Roberts struck out three and walked four. He absorbed the loss, his ninth against seven victories. He was lifted for a pinch hitter and Jim Hearn pitched the last inning.

Mountie Hurler Tames Big Phoenix Bats

VANCOUVER, B.C. (CP) — Vancouver Mounties' veteran right-hander George Bamberger tamed the powerful bats of the Phoenix Giants Tuesday night to score his 100th Pacific Coast League victory. The score was 5-1.

Bamberger gave up three hits. He yielded a home run in the first inning but settled down to blank the hard-hitting Giants over the rest of the route.

The victory was Bamberger's eighth against seven losses.

A crowd of 7,316 turned out to watch the home run-clouting Giants. But it was the Mounties who used the home run to best advantage, scoring four of their five runs by homers.

Phoenix's Andre Rodgers, league-leading hitter, clouted a home run in the top of the first but Mountie lead-off hitter Ruddy Petersom matched the blow in the bottom of the first.

The score remained 1-1 until the bottom of the fifth when Barry Shetrone singled and Joe Durham walked. First baseman Ray Barker then drove a liner to left centre field. Phoenix outfielder Don Taussig attempted a diving catch, but the ball went through him and rolled to the wall for a three-run, inside-the-park homer.

The Mounties added their fifth run in the seventh when Barker singled to drive in Durham.

Bamberger's control was perfect as he issued no walks and struck out six.

Losing pitcher Pete Burnside gave up four runs on eight hits before being replaced by Gordon Jones in the seventh.

Phoenix	100 000 000—1	8 0
Vancouver	100 030 10x—5	11 0

Burnside, Jones (7) and Haller; Bamberger and White.

Home Runs — Rodgers (22), Peterson (3), Barker (11).

L — Burnside.

Seven Yanks On American Links Squad

NEW YORK (AP)—Seven former Walker Cup golfers, including Harvie Ward, were named Tuesday to defend the America's Cup against Mexico and Canada at San Francisco Sept. 5-6.

Ward recently concluded a one-year probationary period after accepting unauthorized expense monies and was returned to good standing as an amateur.

Billy Joe Patton was named team captain. Also selected were Charlie Coe, Hillman Robbins Jr. Mason Rudolph, Dr. Frank Taylor and Rex Baxter.

The Americas Cup matches were inaugurated in 1952.

NINO CHALLENGES SWEDISH TITLIST

NEW YORK (AP) — Cuba's Nino Valdes Tuesday challenged Ingemar Johansson, Sweden's undefeated heavyweight champion, to fight him in Sweden.

"We're tired of waiting for a title shot with Floyd Patterson," said Bobby Gleason, manager of the strapping Cuban contender. "All we've ever gotten were promises. Now Patterson has that fight with Roy Harris on Aug. 18.

"How long can we wait? I'm 66 and my tiger is 34. We wait around any more we'll get hardening of the arteries.

"Johansson has cleaned up the European field and I understand he's looking for an opponent for August or September. My guy is ready to hop a plane now for Stockholm."

THRUMS, HUMES MEET TONIGHT

Nelson Humes and Thrums, who battled to a second-place deadlock in the West Kootenay Senior B Men's Fastball League, will meet tonight at Civic Grounds in the first game of the 1958 playoff series.

Humes, behind George McFarlane, edged Thrums at the Indians' home field Sunday to earn the deadlock. Nelson playing coach Keith Loewen will be unable, probably, to use McFarlane tonight as George pitched nine innings Tuesday in a good-will exhibition game.

Fred Hoodicoff and Bill Perehudoff will be on tap for hurling duties for Thrums, a team noted for its offensive power. Humes will counter with the defensive play of Gerry Koehle, Reg Martin, Corky Correale and possibly Bob Phillips in the infield.

Clowning Ghosts Bow To Outlaw Ball-Team

Softball's touring Iowa Colored Ghosts—also billed as the original Hollywood All-Stars—bowed 5-4 to Nelson's baseball Outlaws in a laugh-infested exhibition game at Civic Recreation Grounds Tuesday night with a large gathering on hand.

Outlaw second-baseman Leo Petty was at the plate when Don Holmes roared home from third base with the winning run. But the score was almost incidental as the travellers were obviously vastly superior to their conquerors.

Biggest blow for the victors was Petty's two-run, wrong-field double in the seventh inning to score the game 3-3. Ghosts counted once in the eighth but Outlaws counted twice in the ninth for the triumph.

The mountainous Tree Top, the Ghost pitcher, gave up no hits for the first six innings before Holmes and Bernie Monteleone singled to score on Petty's double. Petty scored on two errors in the fifth for the first Nelson run.

George McFarland, borrowed from Nelson Humes for the event gave the tourists only seven hits and let himself in for a fair share of the verbal buffeting with his mannerisms on the mound. Few players were sacred to the Negro squad and their wise-cracking antics were more amusing as time went on.

When the visitors stuck to softball, they played it exceptionally well, especially in view of the fact their last game was in Toronto—more than 3000 miles away—Friday night.

Longest blast of the game was a home run by second-baseman Chat Chattam in the seventh inning. Tree Top was a close second with a blasting triple over the head of Bo Gillis in centre field in the sixth. Gillis misjudged the Tree Top (ping) blast. He also got his hands on Chattam's blow, but failed to hold it.

Immediately following the game the visitors put on their famed "shadow ball" game in which, as the name implies, is played with imagination and humor substituted for a softball. It was plenty of fun for everyone.

Vicic Arrives To Help Lions

KELOWNA, B.C. (CP) — B.C. Lions latest arrival in camp Tuesday brought Coach Clem Crowe's offensive squad almost up to full strength.

Fullback Don Vicic arrived by car from Virginia, looking fit and right on his playing weight.

Vicic's arrival leaves only halfback Ed Vereb to come to fill out the Leo's backfield for this year's Western Interprovincial football season.

Cheering news from the x-ray to Pete (Country) Brown showed that the husky centre had suffered no ill-effects from his collision with charging fullback By Bailey, and the 6' 2" Georgia Tech graduate will go right back into contact work when the team scrimmages.

B. C. Players Beaten in Tennis

TACOMA, Wash. (AP) — Players from British Columbia farged badly Tuesday in second-day play at the Pacific Northwest Tennis seniors going down to defeat.

Lou Surville of Vancouver was defeated 7-5, 6-1 by third-seeded Glen Bassett of Santa Monica, Calif., and Sharon Whittaker of Victoria was beaten 6-3, 6-3 by the women's singles.

Reidar Getz of Vancouver lost 9-7, 4-6, 6-4 to George Conway of Los Angeles in another men's singles match, and Mirja Peterson of Victoria, lost to Patty Miller of Portland 6-4, 6-3 in the women's singles.

Sacramento Edges Spokane

SACRAMENTO, Calif. (AP) — Pitcher Joe Stanka, sliding home head - first in the 10th inning, scored the only run Tuesday night as Sacramento defeated Spokane 1-0 in a Pacific League series opener.

Actually, Stanka's heroic slide was unecessary for he could have scored standing up on Jim Westlake's single. His exuberance resulted from winning the tightest pitching duel of the season in Sacramento — against Larry Sherry — before the smallest crowd, 598.

The standings:

	W	L	Pct.	Gbl
San Diego	54	37	.593	—

NAME MEETING SITE

COLUMBUS, Ohio (AP)— George M. Trautman, president of the minor leagues, announced Tuesday that St. Petersburg, Fla. will be the 1959 site for baseball's annual mid-winter convention. The 1958 convention is set for Washington in December.

WIN STREAK CONTINUES

NEW YORK (AP)—Eldon Nelson continued his sensational riding at Delaware Park Tuesday with five straight victories on as many mounts.

The little 31 - year - old veteran now has 56 triumphs for the first 41 days of the 51-day meeting.

PRACTICE HOLE-IN-ONE

HAVERTOWN, Pa. (AP)—Jack Fleck of Rochester, Mich., former national open champion shot a hole in one in a warmup Tuesday for the Professional Golfers' Association tournament at the Llanerch Country Club.

Fleck, using a four iron, sank his tee shot on the 190 - yard fourth hole.

JULIAETTA, Idaho (AP) — Gene Groseclose got up to let his cat in Monday night, then went back to bed. Up came puss on the bed. Out went Groseclose like a shot. Wiggling in the cat's jaws was a two-foot rattlesnake.

Bolt Missing for Hearing

PHILADELPHIA (AP) — Three hours after a hearing to consider his status on the professional golf trial opened here Tuesday, U.S. open champion Tommy Bolt telephoned from Odessa, Tex., to say he couldn't make it.

The Professional Golfers' Association executive committee announced the hearing will be held tonight. The committee is to decide whether the tempestuous Bolt should be allowed to participate in the 40th annual PGA starting Thursday at suburban Llanerch Country Club.

Bolt recently blew his top at a New York tournament and was fined $500 for unethical conduct in tournaments after he won the National Open in Oklahoma. He withdrew from the Piping Rock charity event and berated the sponsors of the Long Island Open.

A top PGA official, who declined the use of his name said:

"I don't see how we can do anything but suspend him. If we do, we'd have to pull him out of the PGA tournament as well as the others."

Others felt the PGA executive committee might give Tommy a severe tongue lashing and let him off with payment of a $500 fine.

"Overall Picture Very Bright" Says Canada's BEG Team Boss

By STEWART McLEOD
Canadian Press Staff Writer

CARDIFF (CP) — Sprinters and quarter - milers tapered off their training Tuesday but all other Commonwealth competitors were hard at work tuning up for the official opening of the British Empire Games Friday.

The 111 sprinters and quarter-milers will beat the official opening gun Thursday with elimination heats in the 100 and 440. They virtually closed out training Tuesday.

Meanwhile, all is reported well at the Canadian camp, where another full day of sunshine aided workouts. No new injuries were reported and the minor colds which plagued the camp during the weekend have all cleared up.

"The over-all picture is looking very bright," said team general manager Bob Osborne of Vancouver.

Manager Neil Farrell of Canada's track and field team said there will be no time trials before the games open.

SOME DISPUTES

The Canadians have so far stayed clear of the minor disputes that usually crop up over athlete selections and schedules before the games. Australia and Ghana have squared off over boxing schedules and England's team selectors are getting a roasting for their choice of entries in the three miles.

The boxing dispute arose when Australia asked that opening bouts be held Friday instead of Monday so no boxers would have to fight twice the same day. Ghana led a fight against the move, arguing that training schedules could not be changed at this point. A majority of countries including Canada supported Ghana.

The ruckus over England's selections concerns Stan Eldon, Derek Ibbotson and Gordon Pirie. Eelectors chose Eldon, a 22-year-old Berkshire policeman for the six miles while Ibbotson, who holds the unofficial world record for the mile with 3:57.2, and the 27-year-old Pirie were selected for the three miles.

Eldon ran both Pirie and Ibbotson into the ground over three miles in London last weekend and sports writers immediately protested that either Ibbotson or Pirie should be replaced by the younger runner.

HELPFUL GROUP

Norway's national association against tuberculosis has about 210,000 members in 600 local branches.

CANUCKS SHINE ON BISLEY RANGE

BISLEY, Angland (CP) — Canadians did well Tuesday in the "clock tower" long-range match of the annual Bisley rifle-shooting championships which was won by Maj. R. Scott of England.

Maj. Scot scored 66 out of a possible 70. Third place went to Sgt. H. B. Cathline of Camp Borden, Ont. with 32 at 900 yards and 30 at 1,000 yards.

Capt. A. C. G. Clements of Ottawa was fifth with 29 and 32.

Then came Sgt. Maj. N. McLeod of Toronto with 30 and 31. Cpl. C. A. J. Wiltshire of Ottawa was next with 30 and 30, along with Flt. Sgt. H. Adams of the RCAF with 31 and 29.

Justice Department Objects To Professional Sports Proposals

WASHINGTON (AP) — The justice department and Senator Joseph C. O'Mahoney raised strong objections Tuesday to a proposal to permit professional sports to curb radio-TV broadcasts of their events.

Robert A. Bricks, an assistant attorney - general, said the proposal in a pending bill "could conceivably result in a virtually complete blackout of sports broadcasts and telecasts."

Bicks testified before a Senate anti - monopoly subcommittee hearing presided over by O'Mahoney.

Benjamin F. Fiery of Cleveland, attorney for the American Baseball League, testified club owners have no desire to black-out or limit radio or TV broadcasts of their baseball games beyond what is necessary to protect minor league teams.

O'Mahoney suggested that if this was all that was desired, it could be covered by specific language in the bill rather than a broad grant of power to regulate broadcasting.

Today's CAREER SOLDIER and what he means to Canada

For the Canadian soldier himself the modern Army brings those material things a man appreciates most: steady employment... good pay... openings for advancement of many kinds. But the greatest satisfaction of all is one that can't be measured in dollars and cents.

He does a man's job in safeguarding the Canada we all cherish... a Canada developing, in security and peace, her own vast resources and the chance for all her people to enjoy the good things of life. A Canada respected throughout the world.

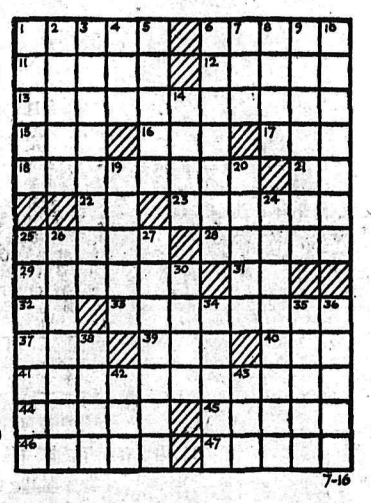
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X B
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

J W R P W D, Z Q V J W O U - R X Q D E F Q W V, Z Q V J X O F D Z P E Z J Z Q X B J D W P — V F R L W Q J.

Yesterday's Cryptoquote: 'TIS DEATH THAT MAKES LIFE LIVE, GIVES IT WHATEVER THE SIGNIFICANCE —BROWNING.

No Evidence Japan Poaching Salmon

OTTAWA (CP) — There is no evidence that Japanese fishermen are catching salmon spawned in British Columbia rivers east of the 175th meridian, Deputy Fisheries Minister George Clark said Tuesday. The meridian runs west of Hawaii.

He was replying in the Commons fisheries committee to Frank Howard (CCF-Skeena) who said there appears to be a controversy between the federal government and the United Fishermen's Allied Union of B. C. on the issue.

Mr. Clark said the North Pacific fishery is regulated by the International North Pacific Fisheries Convention signed by Canada, the United States and Japan.

Pooled information of all three countries indicated no evidence that Japanese are fishing for salmon, herring, and halibut east of the 175th meridian. The area was regulated by Canada.

McCulloch D-44

Slashes Through The Price Barrier!

The price of the famous McCulloch D-44 Direct Drive chain saw has once again been reduced — dramatically! Efficient Canadian production methods have allowed McCulloch to pass this saving on to YOU!

Call in, today, and see the D-44. Lighter than any other saw in its class, the D-44 has a rugged 6 horsepower motor that takes the hard work out of wood cutting!

Priced as Low as $234.

Princess Eludes Newspapermen

VICTORIA (CP) — Princess Margaret went driving for more than 1½ hours late Monday night.

After successfully eluding would-be followers, the princess' entourage drove to Ten - Mile Point, northeast of the city centre.

The point overlooks Juan de Fuca Strait and affords a good view of the U.S. shoreline.

The princess left the Empress Hotel about 10:30 p.m. and returned about 12:15 a.m.

A fairly large crowd gathered outside the entrance the princess uses after word got around the hotel that she was going out.

Several newspapermen were also waiting, cars at the ready. Apparently on signal, however, the three limousines switched on their lights and shot down the street to a service entrance.

The royal party stepped quickly into the cars and sped off.

By the time the startled newspapermen got organized, the cavalcade was out of sight.

It's the third time the princess has given the press the slip. On Saturday, shortly after her arrival to start a two-week tour of B.C. in its centennial year, she went on a tour of the city.

Sunday, the princess visited the out-of-town estate of Mrs. W. C. Woodward, widow of a former lieutenant-governor of B.C. who died last year.

HELP WANTED

Government of British Columbia

APPRENTICESHIP AND TRADESMEN'S QUALIFICATIONS BRANCH

Applications are invited from young men for enrollment in Pre-Apprenticeship trade classes which are to be held in Vancouver and which are intended to lead to apprenticeship in the following trades:

TRADE	Starting Date	Length of Course
Bricklaying	Sept. 22	5 months
Boatbuilding	Sept. 22	5 to 11 months
Carpentry	Oct. 6	5 months
Electrical	Sept. 15	5 months
Electronics	Sept. 15	10 months
Lathing	Sept. 22	5 months
Plastering	Sept. 22	5 months
Plumbing and Steamfitting	Sept. 22	5 months
Sheet Metal	Sept. 15	5 months
Structural Steel	Sept. 15	5 months

Applicants should preferably be from 17 to 19½ years old, have a good basic education and be physically able to engage in the trade. Selection of class from applicants will be made by the Trade Advisory Committee. After the first month an examination will be given. Students who fail will be required to withdraw from the class.

No charge will be made for tuition and a subsistence allowance will be given to help pay room and board which will be the responsibility of the student.

The amount of this allowance will be $40.00 per month for a student whose home is in the training city and $56.00 per month for a student whose home is outside of that area.

Application Forms for Enrollment May Be Obtained by Writing to
THE DIRECTOR OF APPRENTICESHIP, DEPARTMENT OF LABOR
411 Dunsmuir Street, Vancouver 3, B.C.

Please indicate the trade in which you are interested.

Royal Sidelights

VICTORIA (CP) — A sudden opportunity to be presented to Princess Margaret momentarily flustered Mr. and Mrs. Norman Drysdale of Vancouver at Sunday's garden party.

When Lieut.-Gov. Frank Ross beckoned Mrs. Drysdale forward, she handed her glass of punch to her husband, leaving him with a glass in each hand.

VICTORIA (CP) — Tom Uphill, 83-year-old member of the legislature for Fernie, said Monday Princess Margaret was "my favorite member of the Royal Family."

Mr. Uphill, a member of the legislature for the last 38 years, had just been presented to the princess. He was wearing his Boer War medals for the ceremony.

VICTORIA (CP) — A plywood platform wobbled and teetered Monday as Princess Margaret walked up and down chatting to members of the War Amputees of Canada outside the legislative buildings.

Premier Bennett moved into the situation quickly and did a good job of maintaining both his dignity and Princess Margaret's equilibrium by shifting his weight on the platform to compensate.

VICTORIA (CP) — A preliminary count after Monday's garden party, attended by Princess Margaret, showed three sterling silver spoons were missing.

Officials were hoping the count was wrong. The spoons were used by only a few dozen of the most distinguished guests among the 4500 present.

Nuri Said's Life Like Arabian Night's Tale

By WILLIAM L. RYAN
AP Foreign News Analyst

Brusque and dapper Nuri Said made Iraq's politicians eat out of his hand — until Monday.

The blue-eyed Arab nationalist, who was fighting for Arab unity when Gamal Abdel Nasser was a boy, became premier of the kingdom on the Tigris in Baghdad for the 15th time on March 3, 1958. He was then 70 years old, one of the most durable pro-Western leaders in the Middle East.

Two months later he became first premier of the Arab Union of Jordan and Iraq, a rival of the Nasser United Arab Republic of Egypt and Syria.

Nuri began fighting for Arab independence and unity against Turkish rule 50 years ago. Ironically, his severest crisis hitherto came in 1956, when the British, French and Israelis attacked Egypt.

PRO-BRITISH RECORD

This put Nuri Said on a spot because of his long pro-British record in helping found the Iraq kingdom, and his part in leading Iraq into the Baghdad Pact alliance. Nasser nationalists bitterly assailed him as a foreign stooge and traitor. Moscow radio furiously called him an arch imperialist. Nuri Said had to declare martial law to curb the riots and demonstrations that were stirred up by the unfriendly broadcasts.

"Egypt has chosen to go with the Russians, we with the West," he said calmly, and held on to his post until June 8, 1957. Then he resigned after 34 months in office — the longest term in his career — and went off for a medical checkup and rest. He was reported suffering from high blood pressure. He also had to have a hearing aid.

Even his enemies admitted he was honest. He was notably unwealthy, and lived in a comparatively modest house on the banks of the Tigris.

Nuri directed the policies of young King Faisal, a member of the Hashemite royal family which until recent years was the feud enemy of the ruling family of Saudi Arabia. The feeling between the families long caused the Saudis to use their oil money, in cooperation with Egyptians and Syrians, to carry on a campaign against Nuri and the Iraqi government.

BORN IN BAGHDAD

Nuri was born of well-to-do parents in Baghdad, now Iraq's capital but then under the Turkish domination of the Ottoman empire, in 1888. At 15 he set out on the 40-day trip by mule train to Constantinople (now Istanbul) to enter military school. A member of the Sunni sect of Moslems, often at odds with the more numerous Shiite sect members in the area, Nuri had to be a skilled politician to rise as he did. He entered politics in 1913, when he was a young officer in the Imperial Turkish Army.

JOINED ARMY IN 1916

He joined the army of Sherif Hussein of Mecca in 1916. Hussein was the father of the Mir Abdullah, later to be installed as the Hashemite king of Transjordan by the British in the eastern section of their Palestine mandate. Hussein's other son, Faisal, later was to become the first king of the newly-constituted nation of Iraq.

Nuri, Hussein and Faisal were joined by T. E. Lawrence, Britain's famed Lawrence of Arabia, in the Arab revolt. They advanced all the way to Damascus to offset the threat of a German drive into the Middle East. Nuri was in command of a detachment of Egyptians in the anti-Turk campaign. Praising him, Lawrence said he got cooler as the fighting got hotter.

Nuri returned to Baghdad to help organize a new state in what had once been called Mesopotamia. He was one of those who invited Faisal to be king. Faisal's forces also had taken control of Syria, and he became king of that country, too.

PREMIER IN 1932

In 1932, Nuri became premier in Iraq for the first time. In that year he was instrumental in concluding a treaty with Britain, recognizing Iraq as an independent country and a member of the League of Nations.

But while the name "Nuri" means light, and "Said" means happy, there was to be little happy light for Iraq in the early months of Nuri's rule.

Nuri became disillusioned with the Western European powers, who, he considered, had broken their promises for unity of the fertile crescent, that part of the Arab world including Iraq, Syria, Palestine and Jordan. But he remained faithful to his commitments.

In 1940, after Raschid Ali al Gailani executed a pro-axis military coup, he fled the country. He returned soon after and in 1942 formed a new government. Iraq, in 1943, became the first Arab country to join the war on the axis. He still insisted on Arab political and economic unification.

CBC Programs Popular Abroad

OTTAWA (CP)—Canadian television programs are winning increasing recognition abroad, the CBC said Tuesday in its annual report for 1957-58.

The CBC reported that 18 half-hour dramas were sold to the British Broadcasting Corporation last year as part of a contract for 26 shows to be completed this year. The Australian Broadcasting Commission purchased 14. In addition, the BBC bought nine one-hour dramas and a 90-minute drama.

Other smaller sales were made to the American Broadcasting Company and to private television in the United Kingdom. The Radisson series was sold in Washington and New York, under the name of Tomamawk. In New York the series enjoyed the top rating for the period during which it was shown.

DOUBLE BROADCAST

A policy of "double exposing" the best evening radio programs through recorded repeat performance during the daytime hours won many new listeners, the report said.

The CBC report said the outstanding programming effort of the last fiscal year ended March 31 was coverage of Queen Elizabeth's visit to Ottawa in October, when she opened Parliament—an event which surveys showed was watched by 4,500,000 Canadians on TV and heard by 850,000 on radio.

Estimates of the United States audience for CBC programming during the Queen's visit here ranged between 40,000,000 and 70,000,000. In addition, TV films of the Queen delivering the speech from the throne and her address to the Canadian nation were seen by millions more in Commonwealth countries.

3,000,000 TV SETS

The CBC estimates that more than 80 per cent of Canadians are within reach of good TV service and that there are more than 3,000,000 TV homes in the country.

During 1957-58, six new stations went into operation, raising the total to 46—eight operated by the CBC. Since March 31 the number of stations has grown to 50.

Private TV stations carried the national program service of the CBC, accounting for an average of more than 40 hours a week or 55 per cent of their programming.

BIRTH ON TV

CHARLESTON, W.Va. (AP) — A television audience watched the successful delivery Monday night of a nine-pound, 13 - ounce boy by caesarian section. The delivery was televised by WCHS - TV. Mother and son were reported doing fine following the operation, which lasted 70 minutes on the television screen.

Senator Shocks Frank Hall

MONTREAL (CP)—Frank Hall, chairman of the Canadian Labor Congress standing committee on human rights, in a statement Tuesday termed "shocking and reprehensible behavior" reference by Senator J. W. deB. Farris to a member of Parliament as a "Chinaman" while also questioning the member's right to represent Canadians at an international assembly.

"Senator Farris' performance is more than a display of childish pique," said Mr. Hall, who is also a vice-president of the CLC and Canadian vice-president of the Brotherhood of Railway Clerks.

"It is an expression of the seemingly innocent but deep-seated racial prejudices which are still prvealent in Canada."

Douglas Jung, first Commons member of Chinese extraction, was quoted in Paris last week as saying Canadian delegations to Russia are hand-picked and biased while Russian delegations to Canada often cannot see the people or places they wish to see.

In a Senate speech last Thursday, Senator Farris said: "What right has this Chinaman got to represent the Canadian people?"

Chilliwack Board Okays Lotteries

CHILLIWACK (CP)—The Chilliwack board of trade has approved the recommendations of its committee on lotteries and will forward them to the Canadian chamber of commerce.

Committee members Gordon Harding and Rudy Bourque recommended that lotteries for agricultural associations be permitted to a total of $50,000 for Class A fairs and to a total of $10,000 for Class B and C fairs.

A pre-sale of tickets was also recommended.

The committee also suggested that church and charitable organizations be allowed to give a total of $10,000 annually at bingo games instead of the present $5,000.

The committee's report said that as Canada exported $15,000,000 each year in foreign lotteries, importation and sale of foreign tickets be prohibited and Canadian State lotteries be conducted with proceeds going to hospitals and other charitable organizations.

Your Individual HOROSCOPE

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

For Thursday, July 17, 1958

MARCH 21 to APRIL 20 (Aries) — Investments and securities of all types will bear careful watching now. However, astute management will bring expected returns eventually. Beware of being rash or intolerant. Otherwise, the day holds fine promise.

APRIL 21 to MAY 21 (Taurus) — Your planet Venus in good aspect. Anticipatory thinking will produce sound gains. Time is an important factor — don't waste it on trifles. Romantic interests favored.

MAY 22 to JUNE 21 (Gemini) — Your responsibilities may increase now. A mature approach and the utilization of your innate capabilities to their fullest should overcome many difficulties and indecisions.

JUNE 22 to JULY 23 (Cancer) — Because of the Moon's temporary inauspicious aspect, you will need more decisive action to produce gains. Good planning, coordination, integration of all useful activities will solve many problems.

JULY 24 to AUGUST 23 (Leo) — A fine Sun influence should redound to your benefit. The quick-witted and resourceful will gain most now (if their efforts are channeled in the right direction).

AUGUST 24 to SEPTEMBER 23 (Virgo) — Technical work is especially favored now. You can move ahead steadily in all endeavors, however, if you put your capable mind to it. Maintain harmony at all costs.

SEPTEMBER 24 to OCTOBER 23 (Libra) — If you take things in proper order and put due effort back of your activities, you need not worry about results of endeavors. Maintain strong faith.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — Hold everything! How are you running your affairs? What is your attitude? Should there be some changes to facilitate work or other matters? Make them!

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — Jupiter's benefic aspects stimulate all worthwhile activities. Channel your energies in the proper direction and your efforts will be rewarding.

DECEMBER 22 to JANUARY 20 (Capricorn) — Saturn in excellent position. A day in which you can not only advance personally, but can aid others. Help those who help themselves and they, in turn, will encourage you.

JANUARY 21 to FEBRUARY 19 (Aquarius) — Some duties may require extra attention, but the day has promise of good returns for smart effort. Both new and familiar enterprises — if worthwhile — are encouraged.

FEBRUARY 20 to MARCH 20 (Pisces) — While this day's aspects are not particularly stimulating, the day can be satisfactory if you put forth best efforts. The arts and sciences are among some of the activities most highly bavored.

YOU BORN TODAY are versatile, artistic and a true humanitarian. You make wonderful lifemates and parents when you control your emotions, thus making yourself less vulnerable to criticism and slights. Always keep your sense of humor on top. You have creative ability, a gift for telling and writing imaginative stories; sympathy, tolerance for the handicapped and underprivileged, and rare appreciation of the true values in life. Birthdate of Eldridge Gerry, statesman; John J. Astor, financier.

Ice-Breaker Off To Patrol Arctic

MONTREAL (CP) — The icebreaker Labrador headed down the St. Lawrence River Tuesday on her first voyage to the Arctic as a federal transport department ship.

The vessel made navigation history as a navy ship last summer by pounding through the ice of Bellot Strait to become the first deep-draught vessel to sail over the top of the North American continent.

When she returned to her home port of Halifax, after guiding three United States naval supply ships through Arctic waters, she was turned over to the transport department.

The Labrador, built at Sorel, Que., on the St. Lawrence, in 1954, is commanded by Capt. James Cuthbert, a veteran of the Western Arctic. She is expected to return to Halifax in October.

Her main tasks will be to patrol Hudson Strait and escort ships into Churchill, Man., on Hudson Bay.

She is also carrying 16 men on government duties and a number of Eskimos returning home after treatment in Ontario and Quebec hospitals.

Fewer Weddings and Deaths In 1958

OTTAWA (CP) — There were more births but fewer deaths and marriages in Canada in the first half of 1958, the bureau of statistics said Tuesday.

Birth registrations rose 0.3 per cent to 235,427 from 234,751, marriages fell 5.6 per cent to 49,636 from 52,565 and deaths declined 2.1 per cent to 67,834 from 69,282 in the first half of 1957.

Births during June increased to 38,635 from 37,689, marriages fell to 10,244 from 11,152 and deaths rose to 10,349 from 10,127 in June last year.

Violent Deaths Claim 314 Lives In Five Months

VANCOUVER (CP) — Violent deaths have claimed 314 lives in British Columbia in the first five months of this year, the B.C. Safety Council said Tuesday.

Of these 53 were children under 10 years of age.

Biggest group of deaths (90) was caused by highway accidents.

Accidental falls, which struck hardest against older persons, took 54 lives.

Drownings have accounted for 37 deaths and fires 25.

Accidental poisonings took 26 lives, the council reported.

Powell River Net Profit Nears $3 Million

VANCOUVER (CP) — Powell River Company had a net profit ended June 30, President J. J. Foley said Tuesday.

He said the profit was down 32 per cent from 1957 but earnings were expected to improve in the second half of the year.

Earnings per share were 69 cents, compared with $1.02 for the first half of 1957.

Earnings from Martin Paper Products, formerly a wholly-owned subsidiary of Powell River were not included in the six-month statement because a 50-per-cent interest in it has been sold, Mr. Foley said. They would accrue to Powell River when Martin declared dividends.

The president said several factors contributed to the drop in earnings. They included loss of five weeks' production in the pulp and paper division due to a strike; higher wages; and the failure of newspapers, due to the decline in general business conditions, to accept the tonnage of newsprint for which they had contracted.

May Keep Statue In Coast Gallery

VANCOUVER (CP)—The controversial Epstein statue called "Figure of Christ" may wind up in Vancouver whether most residents of the city want it or not.

Jack Shadbolt, a member of the Community Arts Council Citizen's sculpture committee, says a secret offer to buy the statue has been made directly to Sir Jacob by some Vancouver businessmen.

He said he could not name the group as the information was given in confidence.

Transport Union Strike Against Pan American

CAPE CANAVERAL, Fla. (AP) About 1,500 members of the Transport Workers Union staged a strike against Pan American Airways Tuesday to protest what they called inadequate safety conditions at the air force missile test centre.

The workers walked off their jobs shortly after midnight. Pickets instructed not to prevent entry to the cape, took up positions about four miles south of the main gate to the missile launching sitey.

It still was too early to determine whether the strike would interfere with missile launchings.

Union official Ernest M. Mitchell said the strike was called in connection with the fatal fall of a mechanic from a missile tower last Wednesday.

Pan American manages and maintains the missile centre for the government.

TO THOSE WHO NEED MONEY ...for a useful purpose

There is a time to BORROW and a time to SAVE

And for many a B of M depositor they are *one and the same.*

If you need cash for some useful purpose, it may be good business for you to borrow rather than draw out your savings.

By *borrowing* for some useful purpose, and by making regular repayments on your loan, you are — in reality — *saving* for a useful purpose. Meanwhile, you are keeping your savings programme intact.

This is wise spending, wise borrowing and wise saving.

DO YOU NEED MONEY? If you are in a position to repay without hardship, we are in a position to lend...for the payment of insurance premiums, educational fees, medical, dental and funeral or legal expenses, taxes, etc. You repay by monthly instalments.

At the Lowest Cost, too... 27¢ A MONTH FOR A $100. LOAN

REPAYABLE in 12 MONTHLY INSTALMENTS
(equal to 6% interest per annum)
