WEATHER FORECAST

KOOTENAY: Sunny with a few cloudy periods during the afternoon. Little change in temperature. Winds light. Low-high at Cranbrook 42 and 75, Crescent Valley 42 and 80.

Wednesday Outlook—Cloudy.

No New City Hall for Nelson

Freedom of the Press

What precisely is meant by that familiar phrase, 'freedom of the press'?

Fundamentally it is not a special privilege reserved for newspaper publishers. It is rather a phase of a much larger freedom — the freedom of all men to speak their minds openly and without fear. The press claims no right which should not belong to every citizen in a democracy. But freedom of the press is an all-important part of this larger freedom because under modern conditions, the press is the principal agency by which the ordinary man receives the information he needs to judge the actions of his rulers and make up his mind on public affairs. Without newspapers, or with only gagged and blindfolded ones, he is in the dark, and helpless. An unfettered press is therefore one of the essential bulwarks of a democratic nation.

If any proof be needed, it is supplied by the record of the totalitarian dictatorships which have darkened the twentieth century. Rigid control of all sources of public information, and especially of newspapers, was the cornerstone on which all these regimes — Nazi, Fascist and Communist alike — were founded. Without it, they could hardly have lasted for more than a few months. With it, they could keep their peoples in blinkers and drive them on any course they chose. The calamities of our age, its fear and insecurity, stem in no small measure from the simple fact that at critical periods great sections of the earth's population have been prevented by their rulers from learning the real news of the world.

These examples should provide a warning against any attempt, by governments or by private interests, to restrict the essential freedom of the press. A free people must stand on guard not only against direct censorship but also against more insidious encroachments. Normal freedom is not enough. The only truly free press is one which can record the news faithfully and comment on it frankly without fear of direct or indirect punishment. Neither the press nor the public is safe with anything less than this.

All liberty, of course, involves obligations. That of a free newspaper is to be truly free. It must strive to be thorough, accurate and unbiased in its reporting, sincere and thoughtful in its editorials and resistant to all outside pressure. It must be both cautious and bold—cautious until it knows all the facts, bold when it is sure of its ground. It must above all be inspired by devotion to the public welfare as its staff understand it.

Such a newspaper is worthy of the privileges which the free peoples of the world have traditionally granted to their press. Such a newspaper is also the best guardian of the liberties of the people.

Woman, Son Hurt in Rossland Shooting

ROSSLAND, B.C. — A woman and her 14-year-old son were wounded in a shooting affray in the Golden City Snack Bar restaurant here Monday.

The woman, Mrs. Beatrice Elsie McGee, 46, is proprietress of the restaurant on Rossland's main street.

Shortly after the shooting, John Franklin McGee, 54, husband and father of the victims, was arrested and charged with intent to injure the boy, John Dennis McGee. No charge has been laid in the shooting of Mrs. McGee.

The woman was shot twice, suffering a head wound and a serious injury under the left arm. Her face was also slashed, apparently with a knife. The boy was struck in both hands, and one knee by bullets from an automatic pistol.

McGee returned to Rossland recently from Vancouver where he had lived for some months.

Mrs. McGee was eating lunch with friends when a man entered the cafe. There was a fusillade of pistol shots.

The boy came in minutes later and started struggling with the man, who turned the gun on the youngster.

Five persons in the cafe witnessed the shooting and made statements to the police.

Police said Mr. and Mrs. McGee had been estranged for some months.

Hospital reports said Mrs. McGee is in fairly satisfactory condition. The boy's condition was described as good.

During the cafe struggle, 19-year-old Jackie Ling hit the assailant, knocking the knife loose from his grasp, and Richard Issel, 19, grabbed the pistol. Police said the action of the man's son and the other two youths saved further injury to the woman.

One bullet entered Mrs. McGee's skull, but did not touch the brain.

Police said McGee was released from Oakalla prison only two days ago. He was serving a 10-day sentence for intoxication. On June 17 his wife laid charges of assault against him, claiming he threatened her with a gun. Police were unable to find a weapon and he was fined $50 for common assault.

Public Works, Post Office Renovation Bylaws Passed

Public Works Bylaw	1143	259	20	81.0%
New City Hall Bylaw	399	976	46	70.9%
Post Office Renovation Bylaw	855	530	35	61.7%

Nelson won't get its new City Hall. It will, instead, renovate the old post office building for City administrative offices. Results of Monday's voting decided that.

Ratepayers also voted heavily in favor of the $410,000 sewer and street construction bylaw.

There was little doubt about the attitude of city ratepayers toward the proposal to build a new city hall at a cost of $230,000. Of the 1375 legal ballots cast 976, or 70.9 per cent were opposed. Only 399 voted in favor. Rejected ballots totalled 46.

While tossing out the new biulding ratepayers came perilously close to not accepting the alternative proposal to modernize and renovate the old post office for use as City headquarters at a cost of $140,000. With a favorable vote of 60 per cent required for acceptance, the actual count was 855, or a bare 61.7% for renovation, and 530 opposed. Thirty-five ballots were rejected.

Citizens were in stronger agreement on the public works bylaw and gave it a resounding 1143 "yes" votes out of a total of 1402 counted. The measure passed with 81 per cent of the voters marking their ballots for it.

HEAVY POLL

Indicative of the strong interest ratepayers took in the vote was the comparatively heavy number registering at the poll. Of 2588 qualified voters 1422, or 54.4 per cent cast legal ballots.

Voting was light in the early hours, but from six o'clock until closing time at 8 p.m. there was a steady stream of voters and lineups were almost constant at all three registration tables.

Commenting on the results, Mayor T. S. Shorthouse told The News, "This is probably the first unprogressive step citizens of Nelson have made. I am most unhappy that it had to happen during my term of office, but if that is the wish of the citizens every council member and every citizen will have to give full cooperation towards establishing a City Hall in the very inadequate facilities that can be found or developed in the building (old post office)."

No Paper Wednesday

The Daily News will not publish Wednesday, July 1, owing to the Dominion Day holiday. The next regular edition will be published Thursday, July 2.

Sommers Moved to Hospital

VANCOUVER (CP) — Robert E. Sommers, former lands and forests minister in B.C., was transferred from Oakalla Prison Farm to Vancouver General Hospital Monday.

His condition is satisfactory.

Sommers, suffering from a minor heart ailment, was placed in the prison hospital for observation three weeks ago.

He was brought to the Vancouver hospital Monday so he could receive better treatment.

Sommers was convicted on five charges of accepting bribes in connection with issuance of forest management licences. He was sentenced to a total of five years in prison.

H. Wilson Gray, who received a similar sentence for paying the bribes, is reported in good health in Oakalla.

Meanwhile, another adjournment was given in assize court to hearing outstanding bribery charges against Sommers and three other men and four companies.

They have been unsettled since last November when the jury which convicted Sommers and Gray disagreed on them.

UNIONS MAKE NO NEW OFFER

VANCOUVER (CP) — A spokesman for 127 British Columbia coastal lumber firms faced with a threatened strike of 27,000 woodworkers said union representatives declined to make any new offer Monday on which to reopen bargaining in the wage dispute.

President John M. Billings of Forest Industrial Relations said this attitude by the International Woodworkers of America (CLC) "has made previous negotiations fruitless".

Talks between the union and FIR, the employers' bargaining agency, reopened after the union set a strike deadline for next Monday in support of its demands for a 20-per-cent increase. The present basic hourly rate of $1.72 was set two years ago.

Management has offered a 12-cent increase, equivalent to a seven per cent raise over two years.

Youth Sent to Mental Hospital

STETTLER, Alta. (CP) — A 22-year-old youth charged in the mass slaying of the seven-member Cook family was sent Monday to mental hospital for a month of observation.

Robert Raymond Cook was remanded to Ponoke Hospital when he appeared in magistrate's court to hear the formal charge.

He was charged specifically with the murder of his father, 53-year-old Raymond Cook.

The youth appeared nervous and upset when he came before Magistrate H. G. Biggs. No plea was taken and Cook's next court appearance was set for July 29.

Meanwhile, police worked to establish a motive for the crime which came to light Sunday with discovery of seven bludgeoned bodies in a grease pit in the Cook's family garage.

Girl Recovering From Long Coma

VANCOUVER (CP) — Nona Bareson, a 17-year-old Williams Lake girl who has been in a coma for 41 days, recognized her family Sunday for the first time since she was injured.

The young girl made an effort to sit up and speak when her 16-year-old sister Donna entered the room.

Nona suffered a fractured skull May 17 when she was thrown from her horse while practising for a rodeo-queen contest.

Her mother, who has visited Nona in St. Paul's hospital every day since the accident, said she has high hopes that Donna's visit will speed Nona's recovery.

Dr. E. W. Skwarok, Nona's physician, said there is no doubt that she recognized her sister. It is a great improvement, he said, and the most encouraging sign so far.

Four Injured Die; Others Sought

MELDRIM, Ga. (AP) — Weary rescue workers dragged the Ogeechee River Monday but found no additional victims of a freight train wreck and butane tank car explosion that caused the death of 19 persons and injured two dozen more.

Coroner Frank Rahn said he was told several persons still were unaccounted for from Sunday's death-dealing blast and fire.

Four of the injured died Monday and four others were in grave condition at a hospital. They were seared by flaming gas coming from two tank cars that crashed from a railroad trestle as the 124-car train of the Seaboard Airline Railway approached Savannah.

Deathless Holiday Asked

OTTAWA (CP) — The Canadian Highway Safety Council Monday declined to make its usual prediction for a July 1 highway death toll.

Instead it issued a plea for a deathless holiday, describing a fatality-free Dominion Day as "a gift to the Queen" who will be in Ottawa on Canada's birthday.

Last year, the conference computed the July 1 holiday, which fell on a Tuesday, as part of a long weekend as many firms and individuals had arranged for the Monday off as well.

The highway death toll last year between Friday and Tuesday was 52.

Lawyers Fight to Alter Sommers, Gray Sentences

VANCOUVER (CP) — Lawyers both for the Crown and the defence sought changes Monday in the five-year terms being served by former B.C. lands and forests minister Robert E. Sommers and Vancouver timber executive H. Wilson Gray on bribery and conspiracy charges.

J. R. Nicholson, counsel for Gray, told the B.C. court of appeal the sentences are excessive and the result of an effort of Mr. Justice J. O. Wilson "to correct a mistake made by parliament".

The Crown is appealing on the grounds that the B.C. supreme court judge erred in deciding one year was the maximum sentence on each count. The judge imposed five consecutive one-year bribery terms with concurrent one-year conspiracy terms.

Mr. Nicholson told the court Mr. Justice Wilson commented in passing sentence that it was "an extraordinary state of affairs" that a policeman or a judge was liable to 14 years imprisonment, but a cabinet minister only to one year, on the same charges.

"Mr. Justice Wilson is trying to correct a mistake of parliament," the lawyer said. "It is not for him to legislate."

He said the Crown had always maintained there was only one transaction, one conspiracy and one offence, although payments made to the minister at various times. Unless there were separate offences, the rule was for concurrent sentences, he said.

George L. Murray will argue for the Crown when the case resumes today.

Water Levels

Kootenay Lake at Nelson 13.68 feet above zero; Sunday 13.95 feet, Saturday 14.05 feet.

Parliament Monday

By The Canadian Press

Revenue Minister Nowlan, who reports to Parliament for the publicly-owned CBC, voiced confidence in Ernest Bushnell, acting CBC president.

The government's main farm legislation of the session—providing crop insurance and expanded farm credit—was introduced.

Agriculture Minister Harkness said Ottawa will pay 20 per cent of the crop insurance premiums and half of the plan's administration costs.

Hazen Argue, CCF house leader, said it is restricted insurance with premiums so high that very few farmers could afford to take it.

William Benidickson (L-Kenora-Rainy River) said the insurance plan has so many "back door provisos" he doubts the provinces will co-operate in it.

Mr. Harkness said the farm credit legislation will provide maximum government mortgage loans of $20,000 on up to 75 per cent of a farm's value.

The Commons in 30 minutes passed through all stages a bill setting up a $1,000,000 fund for research into children's diseases—Canada's gift to the Queen.

Lead, Zinc Picture Dark in U.S.

WASHINGTON (AP) — Representatives of industry and labor Monday painted a picture of hard times in the United States lead and zinc mining field.

They told the House of Representatives mining subcommittee that import quotas imposed by President Eisenhower last September were too liberal and have not protected domestic industry from a flood of price-depressing foreign ores.

Industry officials from lead - zinc producing areas reported many closed mines and drastic curtailments in others along with high unemployment.

R. L. McCann, president of the New Jersey Zinc Co., recommended a tariff increase as the best means of maintaining a minimum price of 13½ cents a pound for zinc. The market price now is 11 cents.

Andrew Fletcher, president of St. Joseph Lead Co., said the industry needs a price of 15½ cents a pound to keep up domestic lead production. The present price is 12 cents.

Herman Clott, representing the International Union of Mine, Mill and Smelter Workers (Ind.), said unemployment in the mining industry has been affected by the introduction of labor-saving devices as well as production curtailments.

YOUTH DIES OF BROKEN NECK

VANCOUVER (CP) — A youth injured in a traffic accident on the Trans-Canada highway north of Hope Saturday died Monday in hospital here.

William Patrick Deegan, 18, of Yale, B.C., suffered a fractured neck when a car in which he was a passenger careened off the highway on a turn near Lake of the Woods.

He was taken to hospital in Hope and moved here Sunday.

BEAR FISHING NOT FOR THEM

WHONOCK, B.C. (CP)—Two fishermen here have decided to stick to fishing after catching a 300-pound black bear in the Fraser River.

Floyd Sidwell and his partner Bobby Hopper lassoed the bear recently from their gillnetter, the "Sea Mac", in the Fraser near this community 25 miles east of Vancouver.

The bear clambered aboard and chased them around the boat a while before taking off.

"I don't know what possessed us but we decided to lasso the bear after spotting him swimming in the middle of the river," Mr. Sidwell recalled in an interview.

"Hopper has never worked as a cowhand . . . but he made a perfect throw with his first attempt. We towed the bear along behind for a while and then idled the engine so we could decide what to do with our catch. That's when the bear decided to climb aboard."

The bear chased Mr. Hopper and a dog around the boat while Mr. Sidwell jumped into the cabin and headed for shore. When the animal saw land was near he jumped overboard and started to swim for shore.

"We quickly cut the rope and let him go," Mr. Sidwell said.

Young Death Sentence Stands

OTTAWA (CP) — The cabinet announced Monday it would not interfere with the death sentence passed on Thomas Young, 27-year-old halfbreed of the Salteaux tribe who was scheduled to be hanged for murder shortly after midnight Monday night at Kenora, Ont.

Young shot and killed five persons at Ear Falls, Ont., last Christmas Day, but was found guilty of the slaying only of Constable C. R. Fulford, 28, of the Ontario Provincial Police.

Fulford had gone to arrest Young, who, armed with a .303 rifle had barricaded himself in a shack after a dispute in a drinking party.

Evidence at the trial, at which Young pleaded drunkenness, was that he shot Fulford with the rifle and again with the policeman's police revolver. The revolver was found on Young when captured a few hours later, sound asleep in another shack.

Indian Paddlers Win Canoe Race

FLIN FLON, Man. (CP) — Two Indian paddlers from Cumberland House, Sask., Monday won $1000 first prize in the 81-mile gold rush canoe derby for the second time in three years.

Baptiste Laliberte and Marcel Stewart covered the course in 14 hours, one minute and 22½ seconds to win after leading at the end of each of the first two days of the three-day race.

They won the event in 1957 and placed second last year. Their winning time two years ago was 13 hours, 46 minutes and 42 seconds. This year's time was greater because they had to paddle through a storm during the 27-mile lap raced Saturday.

Rivers Pass Peak

VANCOUVER (CP) — British Columbia's rivers all have passed their peak a spokesman for federal water resources branch said Monday.

Monday's levels were:

Columbia at Trail, 38.77 down from 39.08 on Saturday; Similkameen at Princeton, 6.89 down from 6.90; Kootenay at Wardner, 8.98 from 9.86 Saturday.

Fraser River at Prince George 25.90 down from 26.50 Saturday; Fraser at Hope 25.76 from 26.38; Fraser at Mission 17.15 from 18.30; North Thompson at Barriere 16.20 from 16.30 and Thompson at Spence's Bridge 21 from 21.34.

Youth Injured In Cap Explosion

PRINCE RUPERT, B.C. (CP)—A youth was in serious condition in hospital here Monday night after being injured in a dynamite cap explosion.

The 14-year-old son of Mr. and Mrs. G. W. Watmough suffered lacerations all over his body.

Further details were unavailable.

Dye Turns Patients Green, But Great Aid to Doctors

MELBOURNE, Australia (AP) — There have been green men around the military repatriation hospital in the Melbourne suburb of Heidelberg since doctors applied a revolutionary new method of treating severe burns and bone infections.

For the first time outside England, a new secret dye was injected recently into a patient's bloodstream. The unidentified man, suffering from chest burns, turned green as the dye circulated through the bloodstream. But the tissue destroyed by the burns retained its normal color and enabled surgeons to determine just what flesh to remove. Dr. Herbert I. Gibbs, medical superintendent, said the man turned deep green all over.

Hospital patients said he looked "like an apparition from the horror film."

The green color began to fade after two days and the man soon was back to his normal color.

Doctors said the dye was used on a second unidentified patient suffering from a bone infection. The diseased bone remained white while the healthy bones became green.

Surgeons again knew precisely what portions of the bone to remove but said they found it an unsettling experience to operate with green blood oozing from the incisions.

Both men were said to have been horrified when they first saw themselves in mirrors.

Arrest Demonstrators

TRIVANDRUM, India (Reuters) —Police arrested more than 1000 demonstrators throughout Communist-ruled Kerala state Monday as non-Communist workers staged a one-day strike in sympathy with an opposition campaign to oust the government.

And in This Corner . . .

ST. LOUIS (AP) — The wives of weather bureau forecasters turned out to be better prophets than their husbands.

The women had confidently picked Saturday as the day for the bureau's annual picnic.

The men, after considerable study of charts, gauges and wind currents, gloomily predicted "considerable cloudiness with possible showers or thundershowers."

The picnic was a success although the men frequently paused to look perplexedly at the clear, sunny sky while mopping their brows in the 90-degree-plus temperature.

RAHNS, Pa. (AP) — The folks in this rural southeastern Pennsylvania hamlet game home-delivered mail a try. They didn't like it.

Eighty-nine of the 118 residents have signed a petition asking the post office to go back to the old system of delivering mail to the branch post office in the village store.

David M. Schmidt, chairman of the petition committee, said the folks enjoyed the walk to the post office and the village gossip when they got there.

CHERRY POINT, N.C. (AP) — Men from MARS keep planes flying at the marine air station here. They are members of the Marine Aircraft Repair Squadron.

NEW PRESIDENT INSTALLED. Taking over Rotary Club president's gavel here is E. T. Bodard, right, successor to J. H. Argyle, left. Mr. Bodard was installed last night at the club's annual meeting. In centre is Jack Barre of Walla Walla, Wash., past district governor, who addressed the club.—*Daily News photo by Ian Brown.*

Kootenay-Boundary Forms First Scout Regional Council

Scouting in the Kootenays made a big step forward, and created a historic first in the annals of Canadian scouting, Sunday at Creston when the Kootenay-Boundary Council was officially organized. The new body will be the first regional council to take over the administrative duties formerly carried out by provincial headquarters.

A professional executive commissioner will be employed to direct scouting activities in the region, and the council will be qualified to issue badges, accept registrations and keep all records.

Dr. C. H. Wright of Trail was elected president of the new council. His leadership in laying the groundwork was largely responsible for the establishment of the organization.

First vice-president is J. R. Giergerich, and the secretary-treasurer C. E. Charlton, district commissioner for Trail-Rossland. The executive commissioner will be named some time before October 1, after applications have been sought in a nation-wide search for an outstanding man.

Permission to proceed with formation of the Kootenay-Boundary Council was only granted a week ago at a provincial council meeting in Penticton. Members of the council are the presidents of the district councils and the district commissioners, plus elected members at large.

Scouting, now at an all-time high in the Kootenay-Boundary region, is expected to take another advance under the new scheme. It is hoped that the exclusive services of a full-time executive officer in the district will increase the number of youngsters taking part in the program above the nearly-3000 cubs and scouts now active.

BETTER LIAISON

Scout leaders say, also, that the new setup should make for better liaison between headquarters and local groups. The Victoria headquarters had been "too remote for easy contact," they explained.

Chairmen and district commissioners who now become council members are: W. H. Blair, Trail-Rossland, John Dalziel and Archbishop B. A. Resker, Kootenay-Columbia; Dr. F. B. Maxfield and Peter M. Hurry, Arrow Lakes; Magistrate R. S. Nelson and E. K. Evans, Nelson district; Theo. Greyell and Eric Jacks, Creston Valley; Ben Bennett and Ralph Cunning, Cranbrook; Roy McMichael and Basil Houlden, Kimberley district; Chris Madson and A. R. Fletcher, Columbia Valley district; D. L. Morton, Fernie.

Also council members are chairmen of unattached scout groups: George E. Marrs, Golden; R. D. Patterson, Kootenay Bay; C. R. Fiedler, Riondel; K. Smith, New Denver; Ralph Maida, Christina Lake, Klaus Scheer, Grand Forks.

While awaiting further nominations from local associations the following members at large were elected to the council: James Donald, Riondel; P. Clayton Stewart and E. G. Fletcher, Trail; C. E. McKinnon, Cranbrook; J. J. McEwen, Nelson.

The Creston meeting also named the following sub - committees: headquarters site: J. J. McEwen, T. E. Jacks and John Dalziel. Constitution: P. C. Stewart, D. L. Morton, Dr. F. B. Maxfield and J. R. Giegerich. Budget: R. R. McMichael, O. H. DeLong, C. L. Fiedler.

Nominations: C. E. Charlton, R. S. Nelson, W. R. Cunning. Executive commissioner: C. E. Charlton, Rev. B. A. Resker, B. H. Houlden. Publicity: C. E. Charlton, E. K. Evans.

Blonde Bear Shot at Taghum

A blonde bruin, thought to be a descendant of a nearly-white bear seen in the district several years ago, was shot on the farm of B. Halverson of Taghum after it had made sorties into a field where livestock were tethered.

The "Siamese-cat-colored" bear was downed by two shots from a .30-.30 carbine handled by Mrs. Halverson and her son Ted. Mrs. Halverson then made a careful job of skinning the unusually-marked animal, making only two incisions — and has kept the hide intact in case anyone would like it for its attractive shading.

Mrs. Halverson said the year after she had seen the nearly-white bear, she saw a bruin with two white cubs and since then has seen variations of the light shades occasionally in the vicinity.

BYLAW BALLOTS BAFFLE

Some Nelson ratepayers apparently suffer from color blindness. Despite the fact the three ballots used in yesterday's voting were provided in three different colors, some voters managed to get the blue ballots in the pink box, and vice-versa.

Perhaps because of the strong feelings the two city hall bylaws engendered in citizens it was appropriate that the heavy surge of late voters marched to the polls to the martial music of the Nelson City Band, practising upstairs.

A fair number of the rejected ballots on both City Hall proposals were totally blank, suggesting some folks were "agin 'em all."

Rivers Dropping

Kootenay Lake appears to have reached its peak—14.15 feet above zero — and is heading downward again.

The high mark was recorded on Friday and since then the river has dropped steadily, with 13.68 feet reported Monday.

The Columbia River at Trail was also dropping. Sunday the height was 39.05 feet, and on Monday it dropped to 38.77 feet.

Junior Outlaws Lose to Trail

Nelson Junior Outlaws, badly pummelled 9-2 at Rossland Sunday, showed they aren't to be counted out yet, by giving Trail a tough battle here Monday night before dropping a 7-5 decision. While Trail Pirates won the game, Outlaw coach Ernie Gare was happy with the improved showing of his young and scrappy club.

In peewee baseball Vancouver Mounties edged out Seattle Rainiers in a tight 1-0 game, to eliminate the American club. Finals will now see Spokane Indians, who dumped Phoenix Giants by the wayside 12-1, meeting Mounties Tuesday at the Civic Grounds.

In the shrimp league New York Yankees and Boston Red Sox will also play the first game of their two-game total-run series today.

Track and field athletes from the West Kootenay are invited to enter the Olympia Games at the Washington city July 11. There will be events for men and women and for high school girls and boys. Entries are being received up to July 5 by Jim Lord, 1502 Bethel St., Olympia, Wash.

Creston Man Dies In Aircraft Crash

INVERMERE — A plane crash at the Windermere airstrip Monday afternoon took the life of a student pilot, who overshot the landing strip in a training plane.

He was Douglas Foster, 30, employed at the Creston Review, Creston. His parents reside at 720-75th Avenue SW, Calgary. His father, Frank Foster, is a CPA employee.

The fatal accident occurred while Foster was coming in for a landing while on a solo flight. On his first approach his instructor from the Cranbrook Flying Service waved him away and he went up for another attempt.

On the second try, he was still too high and was waved off again, but for some reason he continued on, over-shooting the runway and landing in a gully near Windermere Creek.

William Street of Elkhorn Ranch, another air student, was an eye-witness to the crash after just landing successfully in a similar plane.

Foster's plane was described as a total loss.

Date of an inquest has not been set.

Most Important Frontier Within Ourselves, Rotary Club Told

E. T. Bodard was installed as president of the Nelson Rotary Club by J. H. Coventry, past district governor, during the club's annual meeting at the Hume Hotel Silver Room Monday night.

Others installed during the ceremony were J. H. Argyle, past president; Joseph Kary, vice-president; Carl B. Mutchler, secretary-treasurer; A. G. Harvey, sergeant-at-arms; and Roy Pollard, bulletin editor.

Installed as directors were W. L. Clark, Vincent Moore, R. A. Munro, J. P. Riley, C. M. Robinson and Emil Schumaker.

Mr. Coventry told the new officers that they must shape the club during the coming year. "You have been recognized as leaders by your fellow members. You must lead and inspire them by your example.

In stepping down, Mr. Argyle said that his year "was wonderful for its attendance, noting that the club had an average attendance of 86 per cent, compared with a district attendance of 83.78 per cent.

He thanked the club for the assistance that it had given him during his term, adding that it was a privilege to be president of the club with such men in the organization.

"I have but one main project for the club during the year — fellowship." Mr. Bodard said that the motto for the club during the coming year should be, "Fellowship and service above self."

Mr. Argyle was given a standing ovation by the meeting.

"The forntier of responsibility" was the subject of the address by the guest speaker, Jack Barre of Walla Walla, past district governor.

He told the group that "even though we are on the brink of the space age, the most important frontier yet to be conquered is within ourselves. We must learn to live with each other.

"International relationships are of the utmost importance today. We must continue to seek new ways to win people. We cannot stand idly by and watch the world pass before us."

He emphasized the responsibility of Rotary toward the younger people. "Is life becoming too easy for our youth? I believe that Rotary and Rotary International can teach them the self-reliance and discipline that they need in the world today."

Mr. Barre was introduced by Harry D. Harrison, past district governor.

The toast to the ladies was proposed by Vincent Moore, and the response was given by Mrs. Argyle. In her reply, she thanked the club for its close co-operation with the Rotary Anns.

Riondel Man Wins Derby

Winner of the Nelson Rod and Gun Club's 1959 barrel derby was M. Pollard of Riondel, whose 20 hour 58 minute 4 second estimate of the time needed was just two nds over the official elapsed time of 20:58:02.

For his astute guess Mr. Pollard won a complete camping set for two.

Estimators were remarkably close to the correct figure this year. All five of the prize winners stayed within two minutes of the right time.

Second place went to A. Zuk, Nelson with a guess of 20:58:59; third to R. Valcourt, Nelson, 20:59:06; fourth to L. Shockey, Nelson, 20:59:13; and fifth to M. Kasper, Nelson, 20:56:06.

In the next eight contestants the margin of error was less than six minutes for any. They were D. Keller, D. Thompson, G. S. Towgood, Vi Bush, H. Stevenson, Arlene Budd, R. Stedile, all of Nelson, and O. McLeod of Kaslo.

Watch for Fake $10 Bills

Nelson city police have warned businessmen to be on the lookout for counterfeit $10 bills, which may be in the area.

Some of the bogus bills have been found at Williams Lake, and may begin to appear in the Kootenays.

The bills are fairly good replicas, but the Queen's portrait is blurred, the eyes nearly closed and squinting. Some of the detail of the bills are also blurred. The coloring of the fake bills is paler than the original, and the dates not as clear. The paper used is of good quality and texture.

Anyone receiving one of the bills is asked to contact the police immediately.

Veteran Miner Dies at Nelson

Silvert Haugen, 80, who worked in district mines until he became ill a few years ago, was found dead at him home on Granite Road Monday morning.

Mr. Haugen was born in Orkanger, Norway, Dec. 24, 1874, and came to Canada as a youth. He worked in mines in the Yukon then returned to Norway. After World War I, he returned to Canada and this district to work in various mines.

Survivors are one brother and several nephews in Norway.

VETERAN VOTER. A pioneer Nelson resident, 83-year-old Mrs. W. C. Leno, 1424 Stanley Street, was among oldtimers who cast votes in yesterday's money bylaw vote. Mrs. Leno said she has been a regular voter for 47 years. Did she vote for a new city hall? "I did," she told the photographer.

Kootenays Celebrate At Sports Wednesday

Happy families will stream to the beaches and sports grounds tomorrow, as the Dominion Day holiday is celebrated throughout the Kootenay.

Provincial secretary W. D. Black will start the Riondel celebrations with the opening of North Beach, a picnic and campsite area north of the town. A sports day will follow.

At Nakusp, the two-day celebration will begin this afternoon with water sports. The Nakusp queen will be crowned at night.

The traditional parade will lead off the sports day Wednesday, with a band, the RCMP and the queen in attendance. A dance will be held in the evening.

Salmo's Dominion Day sports day will start at 10 a.m., with the children's races. The parade and crowning of the Salmo queen will begin at 1 p.m.

Women's softball and junior baseball will be played in the afternoon. A dance will finish the celebrations.

Children's sports will take place in the evening.

Harrop and district Community Centre will stage its annual sports day.

BETTY-ANN LARSEN

GWEN MITCHELL

HELEN MITCHELL

Trio of Girls Seek Salmo Crown

SALMO — Three girls of the Salmo district are competing for the honor of being queen at the *July 1 celebration which is being* sponsored by the Knights of Pythias Lodge No. 49.

Gwen Mitchell, daughter of Mr. and Mrs. Fred C. Mitchell of Remac, is sponsored by Nelson and District Mine, Mill Workers Union Local 901.

Helen Mitchell, daughter of Mr. and Mrs. C. A. Mitchell of Salmo, is sponsored by the Salmo Canadian Legion.

Betty-Ann Larsen, daughter of Mr. and Mrs. O. P. Larsen, is being sponsored by the Salmo Rotary Club.

The queen for 1959 will be crowned at the Salmo Centennial Park immediately following the parade, by Miss Dianne Parsons, who was winner of the queen contest in 1958.

Soggy Woods Continue to Delay Opening of Lumber Operations

CRANBROOK — Employment situation in East Kootenay continued to show improvement over the month of June, though continued wet, cool weather harried full scale logging operations which a market situation warranted.

Nearly a month beyond the usual date for completion of woods shutdown for spring runoff heavy woods equipment and logging trucks were still in danger of floundering in mud, and in some cases reopening the end of June was still in doubt.

High school students were finding difficulty landing summer jobs, since university students usually employed at Kimberley's mining operation were not taken on again this year, and they had filled most of the summer jobs.

Construction work reaching the season's peak had taken up all experienced men in this field and was drawing people from other areas. Shortage of workers was reported in two other fields, single *women, stenographers and licensed* log scalers.

Berry crop at Creston, delayed by wet weather, was expected to be ready early in July but no special demand for pickers is anticipated. May growth through East Kootenay was fairly good, with sunshine still required and first cut will be later than usual. A $50,000 addition to the Wynndel potato storage shed to accommodate harvest of an additional 200 acres of potatoes was reported started.

Kootenay Granite Products at Sirdar were reported expanding and adding crushers, screens and separators to the quarry and mill operations to bring the investment to over $200,000. Product is being bagged in three standard weights.

Plans for a juniper oil distillation plant at Athalmer were announced with an objective of 30 tons annually at an estimated value of up to $70,000 production.

Some student and casual labor has been provided by the road construction program in East Kootenay which includes 67 miles of surfacing and seal coating, and a mile of concrete curb and gutter, *in addition to various streets and* sidewalk programs in organized territory.

Freight shipping on the railway is reported slow in general except for export, lumber shipments which are heavy, and a flurry of freighted asphalt for the road and street programs. Trucking and storage are improving. Wholesale trade is reported good due to logging camp reopenings and season start by salers report best turnover of the motels and hotels. Lumber wholepast few years. Houses through *the area continue in demand for* both purchases and renting, while land owners in prospective building areas are reported cagey about selling with land value reappraisal following announcement of more *detailed plans concerning the Co*minco steel plant construction. Insurance sales continue good.

Wet, dull weather has delayer much tourist traffic flow though volume was increasing toward the end of the month and builders of new accommodation were rushing completion. Hiring of resort help was not appreciable by late June, but applicants were listed for quick summons for anticipated improvement.

The new central brewing plant of Interior Breweries Ltd. at Creston is reported in full operation with staff made up of employees *of the discontinued Fernie and Nel*son breweries. Cool weather was affecting sales of the new plant's product which is distributed through both Kootenays.

National employment statistical summary to June 18 for the East Kootenay office at Cranbrook showed 468 claimants for unemployment insurance benefits compared with 891 a year ago, and 537 the previous week. Unplaced male applicants numbered 589 compared to 1042 for the date in 1958, and 722 the previous week. Unplaced female applicants numbered 139 compared with 219 a year ago and 150 the previous week.

PROCTER FISH DERBY PLANNED

PROCTER — The Procter and District Recreation Commission is sponsoring a fish derby for juniors for the three summer months. There will be two classes in age groups up to 11 years, and from 11 to 16 but not including 16. The monthly prizes of $1 will be given to the angler with the biggest fish in each class and first, second, and third prizes will be awarded in September. A small entry fee will be charged. The commission has ordered a large pool and slide for use of the toddlers. A sandbox will be constructed at the same location on community grounds.

Improved Riondel Beach Park To Be Opened By Black Wednesday

RIONDEL — Provincial secretary Hon. W. D. Black will officially open North Beach here Wednesday as a highlight of the annual Riondel Community sports day.

Mr. Black will also dedicate a cairn on which will be mounted the Ryan Trophy plaque won in 1957 by the Bluebell mine.

Improvements to the beach and picnic area were donated by The Consolidated Mining and Smelting Company in recognition of Riondel's achievement in winning the Dominion Safety Competitions and the Ryan Trophy in 1957.

The competition is conducted annually under auspices of the Canadian Institute of Mining and Metallurgy.

cookhouse and counters, a change

Included in the project was a house, tent sites, clearing of adtiional grounds and repair of the roads through the area.

The company will also provide a fireworks display and refreshments.

A parade will open the program. Participants will assemble at the Riondel ball park and proceed to North Bay, site of the park at which the improvements have been carried out.

Company representatives from Trail will join Riondel officials and Mr. Black in the opening. N. Paulus, president of the Riondel sub-local, will also be on hand.

Castlegar Teachers Plan European Tour

CASTLEGAR — Two Stanley Humphries High School teachers will spend five days in Moscow during a tour of Europe this summer.

Darrell Anderson and Victor Mowbray will use many modes of travel in their journey of about two months. They will fly overseas and will continue travel by aircraft, automobile and train.

The two men left Vancouver for Seattle by bus at the weekend and flew from the Washington city to London, their plane stopping only once at Delaware.

They planned to pick up a small English car in London. From England they were to cross the English Channel to France to tour Holland, Belgium, West Germany, Denmark and Copenhagen, arriving in Denmark's capital July 3.

They then journey to Stockholm, Sweden, where they will leave their car for their departure to Moscow by plane. Their visit over by July 10, they proceed to Leningrad by train for another five-day tour before flying to Helsinki, Finland, and Stockholm to pick up their car.

Resuming their drive, they expect to be in West Germany by about July 20 and will go into Austria, Switzerland and south into the Po valley and on through northern Italy to Rome. After three days in Rome they plan to drive north along the coast to the Italian and French Riviera, Nice to Marseilles, north to Paris, then back to London for a two-week visit in England.

The teachers expected to return to Canada from London early in September.

DARRELL ANDERSON

VICTOR MOWBRAY

15 Take Oath Of Allegiance

CRANBROOK — Oath of allegiance was administered and full citizenship certificates presented in county court by Judge H. W. Colgan last week to Armando Angelozzi, Frank Klanpscek, Hildegard Madeja, Inga Sofie Nilsen, John Romich, Johannes Smit, Willemientje Smit, Josefa Stich, Gerardo Tironese of Cranbrook, Umberto Buttignol, Frank Muraca and Salvatore Francesco Verardi of Kimberley, Rose Mechelitsh and Alfred Sacenieks of Athalmer and John Peelt of Wardner.

Examined at the same court session and recommended for citizenship approval were Girolama Rose Biviera, Mary Gatto, Ugolino Gatto, Nello Gri, Agafia Kapscha, Arthur Fabian McMahon and Jan Zylstra of Cranbrook, Yah Sue Chan, Tuey Ngar Chow and Onof Zinovich of Kimberley.

RUDE AWAKENING

SPARTA, Wis. (AP) — Art Schaffer, 51, became curious Sunday and lifted his head when he heard a rumbling noise that awakened him from a sound sleep between the rails of a railway track. He was struck in the temple by rods from the passing train, escaping with only the head injury after 20 cars of a freight train had passed over his body.

Mrs. Chester of Cranbrook Dies

CRANBROOK — Resident here for 45 years, Mrs. Bertha Chester died at St. Eugene Hospital Friday after a long illness.

She was born 86 years ago at Darwen, Lancashire, England. With her husband, James Chester and their three children she came to Canada in 1911 and three years later they settled in Cranbrook, where he was a railway employee until superannuation. He died here in 1941 and she has continued her home here since then. She was active in United Church women's organizations, particularly the Women's Missionary Society.

Surviving her are two sons, Henry in Vancouver and Herbert at Lethbridge, one daughter, Mrs. A. Wilson at New Westminster, and five grandchildren. Rev. Bryan Colwell officiated at the funeral at the United Church Monday afternoon and burial was in Westlawn Cemetery.

Kimberley Cadets To Take Training

KIMBERLEY — Two cadets of *Kimberley Squadron No. 266 Air* Cadets, both leading aircraftsmen, on the basis of academic standing and interviews with an RCAF recruiting squadron officer at Kimberley, have been selected for re*serve technical training for a two*-months course at the RCAF station at Calgary starting this week. They are Murray Nesbitt and Fred Varley.

Officer commanding Squadron No. 266 S/L H. P. Cassidy will be a staff officer at the Sea Island air cadet base during the summer months for camp training of some 3000 air cadets from points all across Canada.

His own squadron is scheduled for two weeks camp there starting July 18 and will travel by charter bus to Golden to entrain for the Pacific coast training centre.

Visits Moscow

CAIRO (Reuters) — Emperor Haile Selassie of Ethiopia left here for Moscow by Soviet jetliner Monday after a five-day visit during which he and President Nasser agreed on steps to Ethiopia and the United Arab Republic.

A joint communique said the *two heads of state showed great* interest in the liberation aspirations of the peoples of Africa and their absolute right to complete independence.

They agreed on steps to be *taken to promote friendship be*tween the two countries and to strengthen relations and co-operation between them.

Logs Cleaned Up, Mill Closes Till Woods Dry

CRANBROOK — Cranbrook Timber Products Ltd., stock of logs decked in the yard prior to spring runoff came to an end Thursday, closing down the sawmill at the Cranbrook plant until Perry Creek woods have dried out.

The three Campbell brothers contract the logging for this firm and had stocked the yard amply to carry mill operations through the two months closure of a year of normal runoff. If the weather clears, logging should resume at the logging location within a week.

The company's gangsaw installation of early spring has been reported maintaining excellent production through the past two months. M. R. Gill is mill superintendent.

The company's planer at the *Cranbrook location is continuing to* operate on the yarded lumber turned out in that time. Sheathing has been applied to the former mill building on the property just outside of Cranbrook, and it will be *used partly for storage of special* orders while they accumulate for shipment, and for a machinery shelter.

Senior partner in the firm, E. G. Anderson, is general manager with Dan *MacDonald, formerly CPR tie* and timber inspector sales manager, and Wesley Harbottle, accountant.

Last year the company contracted about 40,000 railway car graindoors which were *manufactured* at its plant here.

Reilly Heads Lions Club

CRANBROOK — Wilton Reilly was recently installed president of Cranbrook Lions Club by zone chairman Cliff Carr of Creston.

Also installed were past president Ron Bailey, vice-presidents Bob Wheeler, Bob Barr and Ray Meredith, new directors Dr. Laird Wylie and Glen Smith, secretary-treasurer Roy Little, tailtwister Bob Duthie, and lion-tamer Ejnard Kilberg.

Cranbrook Lions celebrated the twelfth anniversary of their charter with a dinner and dance. Lions Clubs at Spokane, Lewiston, Galloway, Moyie, Invermere, Creston, Kimberley and Golden sent delegations to the celebration and guest speakers were District Governor E. W. Johnson of Spokane, past district governor Ingvar Petersen of Lewiston and zone chairman *Carr.*

Sinclair Canyon Now Park Land

INVERMERE—Sinclair Canyon, famed beauty spot of Kootenay National Park near its western gateway, has been sold to "Her Majesty the Queen in Right of Canada" for Kootenay National Park. Fifty acres of surrounding land is included in the deal.

The transaction has been negotiated by Mrs. Amy Lockwood of *Radium Hot Springs, administrator* for the estate of Mrs. J. A. McCullough. Few people were aware that the famous red rock canyon, named for Sir James Sinclair, was privately owned as it was part of the McCullough property before Kootenay National Park existed.

A road was built through the canyon in 1911 to give access to the hot springs, then known as Sinclair Springs. The name was changed to Radium when the Banff-Windermere Highway was built in 1922.

APPROVE RHEE NOMINATION

SEOUL, Korea (AP) — South Korea's Liberal party today unanimously approved 84-year-old President Syngman Rhee's bid for a fourth presidential term in 1960. Rhee already had announced his desire to run again.

ON HUNGER STRIKE

PARIS (Reuters) — Mohammed Ben Bella, former military leader of the Algerian rebellion against France, began a hunger strike Monday in his fortress prison on the Ile d'Aix in the Bay of Biscay, his lawyer said.

Teachers Tour Riondel Plant

TRAIL — Cominco's annual "teachers' tour", which allows British Columbia teachers in fields of science, physics, chemistry and counselling to see practical applications of classroom theories, is ended for 1959.

The tour concluded Friday evening after dinner in Nelson. The majority of the group returned to Trail to spend the night before dispersing.

Friday was spent in a tour of the mine and concentration plant at Riondel's Bluebell Mine. Members of the tour were underground for more than two hours in the afternoon and spent a short while observing the differential flotation process and other operations within the concentrator.

Riondel Mine Superintendent Douglas Campbell and Mrs. Campbell entertained the group at tea during the afternoon. Lunch was eaten in the company cafeteria.

Teachers visited the site of the lakeside picnic and recreation area which will be officially opened Wednesday.

Growers Warned Of Scab Threat

CRESTON — Because of continued wet weather, Kootenay apple growers should take extra precautions to prevent development or further spread of apple scab in their orchards.

This is the advice of J. E. Swales district horticulturist. Where an apple scab control spray has not been applied in the last two weeks it is recommended that ferbam be applied as soon as possible. Ferbam should be applied at the rate of five pounds per acre in concentrate sprays or one pound per 100 gallons in dilute sprays. The addition of wetable sulphur is considered unnecessary at this time.

Fifty per cent wettable DDT should be added to this spray for control of codling moth.

Open Visiting Tested At Castlegar Hospital

CASTLEGAR — A system of *open visiting is to be adopted for* a trial period in Castlegar and District Hospital. This system is in force in many B.C. hospitals, including Nelson.

It permits relatives and friends to visit patients between 2 p.m. and 8 p.m. If a patient requires attention from a nurse while being visited, it is sometimes necessary to ask visitors to leave or wait in a waiting room, and visitors are also asked to remember that a patient becomes tired if the visit last too long.

Number of visitors will continue to be restricted to two at a time. Hospital authorities feel this system will be more convenient to the public without causing extra work at the hospital. They stated if visitors stay too long or come in large numbers, it may be necessary to revert to the old system.

W. F. Shkwarok was reappointed to represent the provincial government on the hospital board for a further term of two years at the board meeting.

Membership is to be continued in the B.C. Hospitals Association.

Final inspection of the hospital at the end of the guarantee period is expected shortly as the result *of a meeting with the architect* and contractor.

Aluminum awnings have been installed and hot water pipes insulated as part of a program to cool the building in hot weather. A proposal to spray the roof with aluminum paint is being investigated by the building committee. The committee is also looking into a means of communication between the main kitchen and floor kitchen.

A scheme was approved whereby a suitable candidate will receive a student loan to undertake training as an x-ray technician in Victoria. On completion of the two-year course, the student would return to work in the hospital for three years.

The administrator was authorized to purchase additional bedpans and a wheel stretcher.

The financial statement showed a deficit of $4675 on the year's operation to May 31. A B.C. Hospital Insurance Service letter drew attention to the deficit and various methods of economizing were reviewed. Main cause of the deficit was high expenditures in drugs and increased cost of dressings and medical supplies.

No One Independent

A Canadian television star says that she is indifferent to the Queen's visit and that Canadians don't like to be dependent.

Being indifferent to the Queen's visit is understandable. It may result from many things, including indigestion, but thinking of Canadians as being dependent is something else again for this is a matter of fact and is susceptible of proof as to its truth or falsity.

That a television star should believe, quite wrongly, that Canada is dependent on Britain may indicate that success in that particular field does not need intelligence or wide learning, but it certainly shows that our schools are not clearly stressing the relationship between Canada and the Crown.

It is time they did if there are such misconceptions abroad in the land. It would probably be as well if a booklet on the subject were prepared for the use of New Canadians and for presentation to visiting Americans.

Canada, as everybody should know, is as independent as other members of the Commonwealth, all of whom are linked together by the Crown. If the monarchy were abolished in England the tie uniting these independent nations would be dissolved and they would become republics, but they would gain no freedom which they do not have already.

If Canada became a republic then she would stand alone without the weight of prestige she now enjoys as a member of the Commonwealth. Compared with the United States she is relatively weak and insignificant. In course of time she would inevitably become part of that country and lose her independence. This might not be a bad thing for the individuals but they would no longer be Canadians and would have to exchange one loyalty for another.

Independence is never complete, no one in this world is entirely independent. The good man's freedom of action is restricted by his ethics and the bad man's by the laws of the land. People everywhere are dependent on one another for goods and services, and nations, though they may boast of their independence, need other nations, just as today, the powerful United States relies heavily on her allies for her defence against Communism.

But those people who complain so loudly of Canada's dependence on Britain and make it sound a hateful thrall are not really of independent mind. They repeat catchwords without examining the facts, they are dependent on others for their beliefs and prejudices, and they emphasize disunity rather than unity.

Interpreting the News

By DAVE MCINTOSH

If Russia switches its economy to a trade war with the West, look out.

But there is no firm indication Russia will — or can — do this. The feeling in Ottawa is that the Communist dictatorship will have to pay more attention to the needs of 200,000,000 Russians who have been patiently waiting for a higher standard of living. Belt-tightening, no matter what the reasons, can't maintain its appeal forever.

In other words, Western countries aren't the only ones with problems.

A deep Soviet economic penetration of the West could throw western trade into chaos. For instance, Russia could undercut Canadian products in world markets and eventually force a lowering of the standard of living in this country.

But it would require a gigantic, single-purpose effort to undermine the West in this fashion. In the meantime, could the Communist leadership keep the support of the Russian people? The most likely answer is no.

Russian economic penetration so far has not succeeded by any means in pushing the West out of the so-called neutralist nations.

And in the last four years there has been evidence that the Communist party has had to pay attention to Russian domestic needs if for no other reason than that public opinion cannot be completely ignored, even in a dictatorship.

By 1965, the Communists say, Russia will produce as much coal, electricity, steel and oil as Western Europe and by 1970 may forge ahead of the United States.

But there is strong skepticism in Ottawa that Russia will attain these announced objectives. It is felt that in the coming years the Soviet Union will have to divert some of its foreign aid and heavy industry. The Russian press has criticized the chemical industry for lack of progress.

It would be foolish, however, for Western nations to count on Russia's own difficulties to keep the West free of major Soviet economic penetration.

The West could ruin itself without any Russian help if Western blocks should become exclusive trading clubs.

That is why it is essential, as opposition Leader Pearson said in the Commons a week ago, for a European free trade area to grow into an Atlantic free trade area.

And, at the same time, the West must be careful not to shut countries like Japan out of Western trade. This would only drive them into trade with the Sino-Soviet block, with perhaps disastrous political consequences.

Going to Pot

Those cool, clinical calculators of the Dominion Bureau of Statistics claim that Canadian women are running to pot. They document their case with the larger sizes women now wear in foundation garments.

Ever heard such rot? Every observant, warm-blooded male who has ever taken a sunny lunchtime stroll along Bay, along Bloor, Yonge or any of the myriad streets where feminine pulchritude abounds will vouch for the fact that it just isn't so.

Out they pour from their offices for their glorious mid-day promenade, slim, willowy ones, cool, statuesque ones, babbling ones, silent ones, overdressed ones, under-dressed ones, well-dressed ones, sweet ones, saucy ones and plump and pleasing ones, mingling in a great flood of Muskoka tan and peaches and cream.

None of them, just none of them, are going to pot!

The men are the first to admit it, that Toronto's gals have never looked better, but sometimes they need the new arrivals to remind them, to snap them out of their dreams of exotic climes.

Anyway, the Bureau of Statistics should never have revealed the results of their bungling waistline survey. Where has it gone, that old world gallantry about a lady's appearance? (But watch those calories, Mabel.)—The Toronto Telegram.

Six-Day School

Sweden's school children have a six-day week and want to keep it. In a nation-wide referendum, preceded by radio and TV controversy, they voted 72.8 per cent against dropping the sixth day. The winning arguments were that pupils would have to work harder in the shorter week and holidays might be encroached on.—*The Ottawa Citizen.*

Resurrected Dog

Time was when life and death were states which everyone could understand. Or thought they could. There was a hair-sharp dividing line between them; once a man or beast stepped over that line into the land of the dead there was no return.

No longer do we live in that simple world. The very definition of life itself is difficult for scientists today. And what is death? In Moscow, two U.S. scientists watched Soviet doctors, in a laboratory experiment, first bleed a dog to death—or what was once defined as dead, anyway—and then bring it back to life with blood transfusions, epinephrine stimulants and artificial respiration.

This is eerie enough. But in other laboratories, biochemists are cooking with molecules to discover the recipe for life's basic juices. Crazy as it may sound, they seem on the verge of creating synthetic life.

Scientifically, all this may mean break-throughs of vast benefit for the human race. But in it also are seeds of problems which will deepen the perplexity of mid-Twentieth Century man.

For if man can create life out of inanimate chemicals, will man the creator believe in the Divine Creator? If he brings animals (and some day, men?) back from the dead, then will our faith in eternal life after death be shaken irreparably?

One thing is certain, on our dust-speck planet whirling through the vast universe: our efforts can only be puny in the vast work of universal creation.
—*The Toronto Star.*

Ties That Bind

What should the well-dressed newspaperman wear while covering the Royal tour? Jackets, ties—no sport shirts, according to a staff sergeant of the RCMP. And the order produced the first major showdown between the tour bureaucracy and the working press.

Strangely enough, it was not uncouth Canadians, but "couth" Britishers, steeped in a tradition of almost daily coverage of Royal events, who led the rebellion.

"Who authorized you to say that?" snarled Eric Downton of the London Daily Telegraph. This was only the beginning. Questions came in a chorus. Tempers flared.

"I am bringing this up now," the staff sergeant had explained, "because I don't want anyone to be embarrassed." For a time he stood his ground. Then the public relations men moved in. "I think the sergeant was expressing a personal preference," said one. It was logical, suggested another, to dress up when covering formal functions only.

In the end, it was the staff sergeant himself who was embarrassed. "I'll withdraw my opening statement," said that chastened bureaucrat. "What you wear is up to your own conscience."

And what will conscience dictate? Well, newspapermen are human—probably jackets and ties for formal occasions, sport shirts for standing on dusty roadsides and parade squares, or for going down open pit mines.

Blubarb Jam

A news item states that the United States Department of Agriculture has combined "the lowly rhubarb with the blueberry and produced blubarb jam".

The department says that blueberries are too bland for flavorful preserves, while rhubarb is inexpensive but too tart.

"Equal portions of the two complement each other and give blubarb jam a tempting wild berry flavor."
—*The Halifax Chronicle-Herald.*

A New Minister

Mr. Green, who takes up the portfolio that was held by Lester B. Pearson when he won the Nobel Peace Prize, appears, from his record, to be well qualified to carry out the duties of minister for external affairs. While he will be 64 years old next November, he has an excellent background in governmental affairs, compiled during an extensive law career.
—*Watertown Times.*

B.C.'s Oldest Church Marks Centennial

HAMMOND, B.C. (CP) — The oldest church in British Columbia celebrated its 100th birthday Sunday.

The Anglican Church of Saint John the Divine in this Fraser Valley community, 40 miles east of Vancouver, was gaily bedecked and more than 400 persons were present as Rt. Rev. Godfrey Gower, bishop of New Westminster, dedicated two commemorative plaques.

The church was built in 1859 at Fort Langley, B.C., by the Regiment of the Royal Engineers. At that time Fort Langley was the B.C. capital and the church was considered the first public building in the then crown colony.

In 1882, when Fort Langley was on the decline, it was decided to move the church to this community on the other side of the Fraser. The building was dismantled and floated across the river on a scow.

The plaques dedicated Sunday were presented by Colonel J. R. Carson of the Royal Canadian Engineers and by officers of the British Royal Engineers. A band from the Royal Canadian School of Military Engineering at Chilliwack played as veterans and cadets marched past.

B.C. Highlights

TOURIST BUREAU

PORT ALBERNI, B.C. (CP)—A tourist information bureau will be operated from a trailer here this summer as a joint project of the Port Alberni district Chamber of Commerce and the Alberni Board of Trade.

SALMON BARBECUE

QUALICUM BEACH, B.C. (CP) A salmon barbecue will highlight celebrations in connection with Qualicum Jamboree Day, which will be held at this Vancouver Island centre July 25.

CHILDREN'S WARNING

VANCOUVER (CP)—Two children, trapped by smoke and flames, yelled for help from an upstairs bedroom and saved a family from perishing in suburban Burnaby Sunday. Susan, 8, and Sherrine, 6, daughters of Mr. and Mrs. Brian Ward, awakened their parents and escaped from their burning home in night attire.

METEOROLOGICAL MENU

VANCOUVER (CP) — A long-range weather forecast released at the weekend pr3dicts below-normal temperatures and heavy precipitation in Vancouver until the middle of July. If the warning holds true, inclement weather would greet the Royal Visit and the opening of the Theature Under the Stars.

FINGERS AWEIGH

VANCOUVER (CP) — Capt. Iwao Matsuoka of the Japanese freighter S.S. Judith Ann has ordered that all members of his crew be fingerprinted today in an effort to catch the thief who stole $500 from a vault aboard the ship in Vancouver harbor during the weekend.

Has Narrow Escape

VICTORIA (CP) — George Gregory, Liberal member of the legislature for Victoria City, was pinned in his boat for several minutes Sunday, a 750 - pound weight hanging from a rope stretched across his neck.

He was rescued when a nearby resident, G. F. Thorne, swam fully clothed to his assistance.

Mr. Gregory had recently poured a cement mooring block offshore and planned to shift it to deep water. He tied his 16-foot boat to the mooring block with a short line and waited for the tide to raise it. When the weight was clear, he opened his engine throttle and the weight drew the line astern, across him and pinning him with a taut hangline across his throat.

"I was only able to shut off my motor and review my past," said Mr. Gregory later. "I was pinned for several minutes."

Aunt Het

They'll be happy together. He's old enough to appreciate motherin' and she come so near bein' an old maid that she's full o' gratitude.

Smiling Queen Welcomed By Nixon at Power Site

By ARCH MacKENZIE
Canadian Press Staff Writer

KINGSTON, Ont. (CP) — The Queen, undeterred by hot, humid weather and a heavy fog that delayed the start of her eastern Ontario visit three hours, swept gracefully through a busy weekend highlighted by a series of ceremonies at the St. Lawrence River power project.

The split-second scheduling of the Royal Tour went awry Saturday when the fog slowed the Britannia's progress up the St. Lawrence and eventually forced cancellation of a civic luncheon in Cornwall.

But it was back on time Sunday as the Queen and Prince Philip spent almost three hours in this old military city.

GROPE THROUGH FOG

The weekend round of activities was to have begun at 11 a.m. Saturday with debarkation from the royal yacht at Eisenhower lock on the United States side of the St. Lawrence Seaway. But after inching its way through the heavy fog with visibility down to as little as 15 yards at times, the Britannia docked at Snell lock 3½ miles downstream. The royal couple motored to the site of the first of three ceremonies in honor of the big $600,000,000 Moses - Saunders power project.

Later they toured Cornwall where the Queen received from a Mohawk youngster a pair of lacrosse sticks for Prince Charles; hopped by car along the shores of Lake St. Lawrence formed by the power dam and wound up the day with an after-dark visit to Brockville where a shirt - sleeved crowd of 35,000 cheered enthusiastically after a long wait in 90-degree heat.

The visit to the power site, split through by the international boundary, marked the first time since the tour began 11 days ago that the Queen had been in the U.S. She will later visit Chicago.

BRITISH WEATHER

She was welcomed by Vice-President Nixon who remarked that the misty weather was of a sort that should make the Queen feel at home.

The Queen apologized for arriving late and remarked that she had been under the mistaken impression that the fog had been left at home in England.

The dam as a symbol of unity was the keynote of speeches delivered by New York's Governor Nelson Rockefeller at the American end, by Mr. Nixon at the centre portion and by Ontario's Premier Leslie Frost at the Canadian end.

Unveiling a special commemorative marker, the Queen said she hopes "this example of international co - operation may prove infectious."

From Cornwall, the royal couple drove through Long Sault, Ingleside, Iroquois and Morrisburg—towns set up at new locations when the seaway created a lake where they once stood.

At Iroquois they boarded Britannia again and sailed for Brockville, still well behind schedule.

Their arrival in darkness and mist lent an unreal air to the tour and added color to the pageantry. Originally scheduled to be in the old United Empire Loyalist town for three hours, their schedule was cut to 30 minutes. They stayed an hour.

Among gifts presented during the day were a 16-foot launch, towels and a picture of the Long Sault rapids.

Back on the Britannia, the royal couple sailed to Kingston. The royal yacht drew hundreds of small craft as outriders and the strange convoy rode like a mother duck with a line of ducklings astern and to both sides.

They cruised in bright sunshine through the splendor of the Thousand Islands, where mansions and small forests dot the headlands.

The royal couple reached Kingston Sunday afternoon, when Britannia's prow cut for the first time into Lake Ontario, most easterly of the Great Lakes. Here they saw a city established by the French in 1673 as Fort Frontenac.

They strolled among lines of veterans in Richardson Stadium and the Queen left her course to chat with a group of Chinese.

On they went to Sydenham Street United Church—their first visit in Canada to any church other than Anglican. Prince Philip read the second of two lessons as 1,100 fellow-worshippers sweltered in the heat.

The royal couple's last stop before boarding the yacht for Toronto was a visit to Fort Henry, where old uniforms appeared again on her ancient parade ground and old rifles blasted their single-shot salute.

MEXICO CITY (AP) — Guillermo Osorio Sosa, sentenced to four years in prison for unpremediated murder, appealed his case. A higher court decided that Osoroio's crime was premeditated and increased his sentence to 20 years.

Develop Radar Filter Device

BALTIMORE, Md. (AP)—Scientists have developed a device to filter out radar images of stormclouds and thus allow all-weather interceptor pilots to see their target more clearly. They call it a "soup strainer."

Dr. Patrick Conley, manager of the Westinghouse Electric Corporation's air arm division, announced the invention Monday.

"The pilot will be able to flip a switch that will change the type of signal his radar will transmit," Conley said. "One type of signal will be good — clear weather and give ma mum range. The other . . . w greatly increase range in 'soupy' weather because reflection characteristics from this type of transmission tend to show only the target plane and not the great mass of rain clouds.

Tests on military planes have shown that the soup-strainer increases radar range in bad weather between five and 10 times, the announcement said.

Canadian Farmers' Cash Incomes At Record High

OTTAWA (CP)—Cash income of Canadian farmers reached a record $652,000,000 in the first three months of this year, the bureau of statistics estimated Monday.

The total—income from sale of farm products plus Canadian wheat board participation payments on previous years' grain crops—rose six per cent from $613,000,000 in the first quarter of 1958.

With the exception of cattle, income from which dropped to $127,252,000 from $136,522,000, nearly every commodity contributed to the increased income.

Of the nine provinces for which national records are kept, seven recorded increases, ranging from three per cent in British Columbia to 11 per cent in Ontario. Smaller cash returns for potatoes caused declines of about 15 per cent in the cash incomes of Prince Edward Island and New Brunswick farmers.

Sales of field crops, plus Canadian wheat board participation payments, brought farmers $254,947,000 in January-March compared with $232,891,000 a year earlier.

In addition, Prairie farmers received an estimated $18,000,000 from Prairie Farm Assistance Act payments and from the government's special dollar-an-acre payment. The acreage payment plan, begun last fall, expires July 31.

Higher returns for wheat, barley, flaxseed and tobacco accounted for most of the increase in field crop money. But income from potatoes dropped sharply to $9,113,000 from $13,009,000.

For Prairie wheat, both marketings and grades were higher. Total income across Canada from wheat marketings rose to $87,169,000 from $76,516,000. However, wheat board participation payments on previous year's wheat crops declined to $36,859,000 from $39,164,000.

The reduced income from cattle marketings was offset by other livestock, and the estimated total return from all livestock and products rose to $389,273,000 from $372,682,000. An increase in cattle prices was more than offset by reduced deliveries. Hog prices declined in the face of larger marketings.

Estimated farm cash income by provinces for January-March with last year's comparable figures in brackets: Prince Edward Island $6,065,000 ($7,096,000); Nova Scotia $9,963,000 ($9,222,000); New Brunswick $9,766,000 ($11,672,000); Quebec $78,355,000 ($73,498,000); Ontario $238,178,000 ($214,550,000); Manitoba $45,470,000 ($42,987,000); Saskatchewan $117,830,000 ($113,342,000); Alberta $121,094,000 ($116,366,800); British Columbia $25,212,000 ($24,449,000).

HAPPY SURPRISE for Prince Philip and one of the most touching scenes of the tour came in Montreal Children's hospital where Louise Calfat, 10, in hospital 30 times with spinal trouble, presented him with a posy for his lapel.

JUST THE THING for his lapel. Louise was delighted to see her flower used as a boutonniere as the Prince completed his hospital tour at the Queen's side.
—Star Photos by Federal Newsphotos

SNIFFING THE FLOWER, the Prince said gently to Louise: "Why, thank you." He was obviously moved by the gesture of the little hospital patient.

Junior Group Gives Much Practical Help

PROCTER — Annual tea and sale arranged by active Junior Red Cross members of the Procter school and held in the community hall enjoyed "outstanding success".

Rummage, potting plants and handicrafts were assembled by the students while mothers donated baking for the sale table and tea. Pupils sold and served, and realized proceeds of $60 for their efforts.

The Junior Red Cross contributed with other Procter organizations towards purchase of a wheel chair for Kootenay Lake General Hospital. They also gave four pairs of crutches to the hospital and donated $20 to the Crippled Children's Fund in Vancouver.

Louis Armstrong Leaves Hospital

SPOLETO, Italy (AP)—Trumpeter Louis Armstrong was discharged from Spoleto hospital Monday, pronounced recovered from a severe attack of pneumonia.

The jazzz musician left for Rome, telling hospital attendants he planned to do some sightseeing. Physicians warned him to take it easy.

Armstrong, 58, was stricken last Tuesday, shortly after he arrived here to take part in the Festival of Two Worlds. He underwent a crisis Thursday, but then his recovery was rapid.

Calixa Lavallee, composer of "O Canada," was born at Vercheres, Que., in 1842 and died at Boston in 1891.

Doctor's Wife Makes Comeback Chooses Career

By SYLVIA HACK
Canadian Press Staff Writer

LONDON (CP) — Shortly after losing her husband five years ago, Susan Taylor suffered paralysis of the left side in a household accident and doctors feared she would never walk again.

Today, at 34, Mrs. Taylor, the mother of seven children, walks without crutches and has embarked on a new career. Treatment, including dancing lessons, restored her ability to walk.

"Occasionally, I put an iron on my left leg when it gets a bit weak," says Mrs. Taylor, "but otherwise I'm all right."

On a challenge, she took up a modelling career last January. She was accepted for training by an exclusive model school and, since she completed the course, photographic work has begun to flow her way.

"I am delighted by it all," says Mrs. Taylor, a pretty, softspoken woman with auburn hair and blue eyes.

"As well as caring for my children, I should be thrilled to start a career of my own now, for I think it's as important for the children as it is for me."

She says the duties of looking after the children, aged nine to 1, and keeping house are solely responsible for the preservation of her model-like figure.

Mrs. Taylor's husband, a neurosurgeon, died in Florida in 1954. She has spent the last 13 years living in Canada, the United States and Switzerland.

In 1946, when there were three children, the family emigrated to Canada and spent the first four months in Cobble Hill on Vancouver Island.

Later, they moved to Calgary, where Dr. Taylor set up practice and where three more children were born and a Canadian girl adopted.

Five years later they bought a farm at Maple Bay, B.C., where they all pitched in and helped with the chores.

"It was the first time in my life that I made my own bread, did my own canning and cooked on a wood stove," says Mrs. Taylor.

"But it was a lot of fun and I had eight Angora rabbits all my own."

In 1953, they moved to Dayton Beach, Fla., where Dr. Taylor hoped to practise medicine once more.

After his death and Mrs. Taylor's accident, she was in irons for 2½ years. Her children went to live with her sister in Switzerland and Mrs. Taylor joined them when treatment enabled her to walk once more.

STARTS NEW LIFE

This January, Mrs. Taylor, a wartime debutante and great-granddaughter of Isaac Singer, the sewing - machine inventor, came to Britain to visit old friends.

The visit lengthened into a permanent stay and Mrs. Taylor is hoping to build a new life for herself.

Television and magazine work is in the offing. Mrs. Taylor says "there seems to be a shortage of young-mother-type models."

At the moment she wants to do photographic work rather than model clothes. She feels she hasn't quite enough confidence to face an audience yet and says, "my left leg is still rather weak."

"But I feel more hopeful now, than I have in the past."

About the Town

PHONE 1844

During the weekend, Mr. and Mrs. W. H. Burns and sons Harry and Patrick, formerly of 823 Sixth Street, left Nelson to make their home in Vancouver. Prior to their departure, Mrs. Burns was honored at a tea held at the home of Mrs. E. J. Smith, 406 Observatory Street, by the Ladies' Auxiliary to the Associated Canadian Travellers. Another social event honoring Mrs. Burns was an evening neighborhood tea held at the home of Mrs. Gordon Sanders, 919 Sixth Street, at which Mrs. Sanders and Mrs. L. Bonderud were co-hostesses.

* * *

Leaving Wednesday for Vernon, S. T. Rogers, 513 Fifth Street, and B. B. Crawford, 704 Hoover Street, will be instructors at the Army Cadet Camp there for a few weeks.

* * *

After spending the winter in California and the spring months in Tucson, Arizona, Austin, Texas, and Salt Lake City, Utah, Miss Elizabeth Leslie returned to her home, 909 Fourth Street, Saturday.

* * *

Miss Agnes Jerome, 909 Fourth Street, will leave Wednesday for Spokane whence she will travel by plane to West Covina, California, to spend the summer months.

* * *

Mr. and Mrs. George Johnson of the Ymir Road have returned after spending the weekend in Oliver at the home of their son-in-law and daughter, Mr. and Mrs. D. Roberts.

* * *

As the result of a fall in which her leg was broken, Mrs. Hilda Blaylock of the KWC Block is a patient in Kootenay Lake General Hospital.

* * *

PO J. R. Krepps, RCN, and Mrs. Krepps of Victoria are spending two weeks' holiday in Nelson visiting Mrs. Krepps' parents, Mr. and Mrs. Clarence Ward, 505 Nelson Avenue.

* * *

J. F. Towler and his daughter, Miss Louise Towler, 1501 Kootenay Street, have returned from Vancouver where they spent a few days.

* * *

Mrs. D. A. Guthrie has left by plane for her home in Vancouver after visiting her parents, Mr. and Mrs. G. H. Bland, in the Bevanne apartments. Mrs. Guthrie was accompanied to the Coast by Mrs. M. Croll, who will visit her son-in-law and daughter, Mr. and Mrs. J. P. Cavill in Vancouver.

Bonnington

BONNINGTON — Miss Gail Jerome, nurse-in-training at St. Joseph's Hospital in Victoria, is visiting her father, J. H. Jerome of Bonnington.

Guide and Brownie News

Second Nelson Brownie Pack — Games and treats were enjoyed by members of the Second Nelson pack who held their final meeting in the Memorial Hall of St. Saviour's Pro-Cathedral.

Third Nelson Brownie Pack — A windup picnic and wiener roast was held at the farm of E. Hrytzak, four miles west of Nelson. A treasure hunt was held June 20 with a watermelon at the end of the trail as the prize. Perfect attendance awards were presented to Jeanne Preston and Sally Markin. Brown Owl Mrs. G. H. Preston led the outings.

Third Nelson Guide Company — A final outing was held at Crescent Beach where members of the Third Nelson Company were guests of Mr. and Mrs. Langridge. Leaders in charge of the day's program, which included tracking, fire lighting and outdoor cooking were Miss Greta Curwen and Miss Audrey Allan.

Mountain Air Creates Large Appetites

JASPER PARK, Alta. — Edward Gebistorf, on the staff of a famous resort centre in the Rockies, claims he has to deal with some of the keenest appetites in Canada.

"It's the mountain air," said Mr. Gebistorf, chef at Jasper Park Lodge. "I have worked at hotels in many parts of Canada but have never encountered such healthy appetites as those of our guests at Jasper."

The chef, who has a personal repertoire of more than 3000 recipes, has no difficulty in coping with the Jasper appetites, however. He finds a hungry and cosmopolitan clienetle a stimulating challenge to his gastronomic skill.

"Beef, in its various forms, is the most popular single feature with our guests," commented Mr. Gebistorf, "while seafood, especially shrimps, crabmeat and prawns, is also in exceptionally big demand."

While it is culinary skill that wins fame for most chefs, Mr. Gebistorf has also become well known for his ingenuity as an ice-carver. His sculptures of animals and other popular subjects have graced many a Canadian banquet table.

The chef and his staff, which includes 108 employees concerned solely with the preparation and cooking of food, provide more than 23,000 meals for guests and the lodge staff during an average week.

It takes three railway refrigerator carloads of perishable foods, such as meat, eggs and fruit, weekly, to keep the lodge adequately supplied. More than 3000 melons alone are eaten during a five-day period.

Many fishing enthusiasts who stay at the lodge often delight in catching their own dinner in the well-stocked lakes close by. Mr. Gebistorf is always happy to cook the catch to the guest's specifications.

Millions in Hands Of Woman Executive

MONTREAL (CP) — Isabel Waterhouse keeps track of millions of dollars. She says: "It's just a job. You get used to it."

Miss Waterhouse, an attractive woman with a broad smile, is secretary and treasurer of four investment trust companies.

From her offices in Montreal's financial district, she is responsible for their total business—some 32,000,000.

Miss Waterhouse succeeded a man in the executive posts.

"In the investment business it may be a little unusual to hold down such a job," she said. "But in the business world generally more and more women are doing men's work.

WOMEN CAUTIOUS

"I don't think there's any reason to believe women can't think or act as decisively as men. But perhaps they are a little more cautious."

Miss Waterhouse joined the firms 15 years ago as a secretary after working for some years for a Montreal stock brokerage firm.

She credits her rise to a deep interest in her work and the companies' fair promotional policies.

"I was assistant to the office manager when I left the brokerage firm. I just moved up slowly from post to post after coming here."

She said much of her duties have to do with the stock market and its fluctuations.

"But I take the ups and downs in my stride."

She has done some dabbling in the market on her own.

"I've tried it in a very small way. But I don't seem to be as fortunate as my companies," she said.

MOTORCYCLE HAS USES IN JUNGLE

NIAGARA FALLS, Ont. (CP) — A motorcycle has proved indispensable for Betty Frazer in her work as a missionary in Nigeria, British West Africa.

The 39-year-old native of Stratford, Ont., for nine years has worked for the interdenominational Sudan Interior Mission. Now she is on leave at her home in Niagara Falls with her parents, Mr. and Mrs. H. C. Frazer.

ANTI-COMMUNIST EFFORT

Miss Frazer believes the work of the mission is "one of the greatest weapons against the in-roads of Communism in Africa."

Distribution of literature is one means of combatting Communist-inspired broadcasts beamed to Africa from the Middle East. A phonograph she uses in her work has become known to natives as "the little box that talks," she said.

The mission operates five centres which treat about 5000 leprosy patients, she said. Malaria, yellow fever and other tropical diseases take their toll.

Keep your eye on Classified.

"UNDERSTANDING" THEME OF LESSON

How scientific understanding of God gives new inspiration and meaning to life was a theme presented at Christian Science services Sunday.

Highlighting the Lesson-Sermon entitled "Christian Science" was the Golden Text from I Peter (1:25): "The word of the Lord endureth forever. And this is the word which by the gospel is preached unto you."

Selections read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, included: "The time for thinkers has come. Truth, independent of doctrines and time-honored systems, knocks at the portal of humanity."

FALL INTO GORGE

CASTILE, N.Y. (AP)—Two 13-year-old girls on a church picnic slipped on loose rock Sunday at the top of a 100-foot gorge. Susan Metz plunged down the cliff and was drowned in the Genesee River below. Susan Rutecki caught a tree branch and was pulled to safety by a park worker just as the branch began to break.

Science Now Shrinks Piles Without Pain or Discomfort

Finds Substance That Relieves Pain And Itching As It Shrinks Hemorrhoids

Toronto, Ont. (Special)—For the first time science has found a new healing substance with the ability to shrink hemorrhoids and to relieve pain and itching. Thousands have been relieved with this inexpensive substance right in the privacy of their own home without any discomfort or inconvenience.

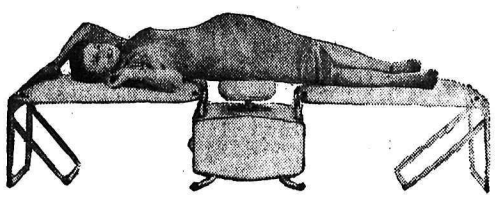
In case after case, while gently relieving pain actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne)—discovery of a famous scientific institute.

Now this new healing substance is offered in *suppository or ointment* form called *Preparation H.* Ask for it at all drug stores—money back guarantee.

FIRST CLASS GRADUATES. First class of the newly-formed Fairview United Church kindergarten graduated with all the trimmings at closing exercises held in the church hall recently. Mortar boards and diplomas marked the occasion of completion of their pre-school year by twelve pupils, who had attended the class since last September. Mrs. P. Zacharias is teacher of the new kindergarten.



SLIM DOWN AT HOME

You can trim inches from tummy, hips, legs with the Stauffer Home Reducing Plan of effortless exercise and calorie reduction And you can do it *at home*

Guaranteed by Good Housekeeping

Two trained counsellors in attendance July 2, 3 and 4 from 10:00 a.m. to 4:00 p.m., at Hume Hotel.

Your Individual HOROSCOPE

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars,

For Wednesday, July 8, 1959

MARCH 21 to APRIL 20 (Aires) — An auspicious day for sound and well-managed endeavors — a period in which to show your mettle. It won't be too hard, either. Be kind to those depending on you.

APRIL 21 to MAY 21 (Taurus) — What you do well now may have long after-effects. Consider course best to take. Direction is the major element in the day's battle for gains, progress.

MAY 22 to JUNE 21 (Gemini) — Affairs close to your home, family and heart are especially favored now. Business, routine more than ordinary attention.

JUNE 22 to JULY 23 (Cancer) — It wil lbe appropriate to show your innate initiative and inventiveness now. Though competition is keen, put on an extra fine performance and you can win credits.

JULY 24 to AUGUST 23 (Leo) — Your splendid and varied talents should stand you well today. And you can do better with a little extra effort. Avoid wory, anxiety; just move ahead to well earned gains.

AUGUST 24 to SEPTEMBER 23 Virgo) — You may encounter obstacles that seem impossible to conquer. But you have intelligence, are keen at analyzing and should be able to handle all problems. You have accomplished the difficult before.

SEPTEMBER 24 to OCTOBER 23 (Libra) — There are several ways in which you can accomplish. You are not the type to gimve up, or become discouraged because of obstacles; don't do so now. Maintain harmony, improve relations with others.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — Be careful how you answer questions, express your opinions — especially personal and family interests. Avoid anxiety.

NOVEMBER 23 to DECEMBER 21 (Sagittarious) — Carelessness, thoughtlessness could retard progress. Don't divulge everything you know. Keep confidences; help those who need assistance.

DECEMBER 22 to JANUARY 20 (Capricorn)—Influences are somewhat mixed, but there's a chance to improve. Handle tasks, all situations conscientiously. Think in progressive terms. But don't act hastily.

JANUARY 21 to FEBRUARY 19 (Aquarius) — Get away from ordinary routine, stock ideas. You can do better. Put fresh interest in your work. Move forward or you will slide backward.

FEBRUARY 20 to MARCH 20 (Pisces) — This is no time for fear, doubt and lack of confidence. Feel free to act on your own, free to go ahead with faith and hope. Be determined — once you know you are right.

YOU BORN TODAY have many talents and a sparkling personality but are inclined at times to be egotistical, maybe verbose. Harmful traits can defeat fine achievement, and even happiness if not recognized and corrected. Cultivate your finer qualities and be thoughtful, considerate of loved ones as well as of outside associates and business friends. You are capable of attaining a high position in your profession, trade, whatever your occupation, if you don't become restless. Birthdate of: John D. Rockefeller, American financier.

For Thursday, July 9, 1959

MARCH 21 to APRIL 20 (Aries) —This can be a profitable, productive day if managed intelligently and not over-anxiously. Start your program by scanning it carefully, get things going in proper order. It will pay.

APRIL 21 to MAY 21 (Taurus)—Favorable for sound matters, good investments, dealing in useful products; also for all matters connected with entertainment, sports, outdoor activities generally.

MAY 22 to JUNE 21 (Gemini)—Mercury's rays now suggest quiet planning and no mental worry. The day is promising for all worthwhile endeavors, happy recreation, sports, starting new projects of value.

JUNE 22 to JULY 23 (Cancer)—Generous planetary influences indicate a fine day. However, don't neglect details. Just be your cheery self, do your best and things should go well.

JULY 24 to AUGUST 23 (Leo)—A very encouraging day for your personal and business interests. You should advance in your endeavors, at least make some gain. Important matters, finances under fine Sun rays.

AUGUST 24 to SEPTEMBER 23 (Virgo) — This period may be more advantageous for practical matters, industrial trades and mechanical interests generally than for artistic or mental tasks, but the day promises benefits — and for YOU!

SEPTEMBER 24 to OCTOBER 23 (Libra) — Be your innate ingenious self and you will find new opportunities to help your interests in one way or another. Be cheerful, patient. Capitalize on any artistic talents you may have.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — An opportune time for seeking favors, perhaps promotion (if earned and due). It is also an inviting period for sound financial transactions, domestic interests.

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — Your Jupiter, not too auspicious, suggests care in business transactions, financial dealings. Put forth your best efforts, however, and try to finish incompleted matters.

DECEMBER 22 to JANUARY 20 (Capricorn) — Here's a promising day for sturdy, dependable you. Be your usually fine self even though you may have a few upsets (don't we all!). It's mostly up to you and your schedule. Eliminate red tape.

JANUARY 21 to FEBRUARY 19 (Aquarius) — This may be a quiet day in some respects but it certainly can be gainful and encouraging. All you need to make good is a little extra urge from within and consistent application.

FEBRUARY 20 to MARCH 20 (Pisces) — Fine Neptune influences encourage water sports, sailing, shipping, etc. The day also holds many good offerings for personal achievement.

YOU BORN TODAY have the advantages of a winning personality plus many talents, tireless energy and ambition. Of course, you have a few faults which can be easily corrected. Curb a tendency to worry over personal matters and don't be too possessive with loved ones. Those who know your true worth love you, but they think you can stand sound counsel, too. You gain friends easily, are likeable and admired for your worthy, sincere nature. Birthdate: Henry Hallam, English historian; Ann Radcliffe, novelist; Elias Howe, inventor of sewing machine.

LETS ANNOUNCER GO

NEW YORK (AP)—Tony Marvin, Arthur Godfrey's announcer for 12 years, will not be on the Godfrey show when it returns to the air next fall. Godfrey, who is recuperating from a lung cancer operation, said his new program will be informal and he will handle all the commercials himself.

Estimated 10,000 Give Queen Roaring Welcome

By BRUCE LEVETT
Canadian Press Staff Writer

TORONTO (CP)—Queen Elizabeth, her dress whipped by a stiff breeze at the city hall, Monday spoke to a crowd estimated at 10,000 who gave her a roaring welcome on the first day of a two-day visit to Toronto.

Her activities in the Ontario capital lacked the informality of some of the smaller communities she has seen since the Canadian tour began 11 days ago but she was greeted warmly as she and Prince Philip moved swiftly through a heavy schedule.

She recalled that 99 years ago her great grandfather, Edward VII, visited Toronto as the Prince of Wales and said: "I think he would be amazed if he could see the development of the city during the past century."

HELD HER HAT

Three times she had to grab her white straw hat to keep it from blowing off in the hot, windy square facing the city's Bay Street financial district.

The visit to Toronto began at 10:05 a. m. when the Queen and Prince walked down a shiny aluminum gangplank from the royal yacht Britannia.

Lieutenant - Governor Keiller Mackay of Ontario and Mrs. Mackay were presented to the Queen as a 21-gun salute echoed across the water.

The Queen stood on a small dais to receive the salute from a guard of honor made up of members of the Royal Regiment of Canada. Premier and Mrs. Frost and members of the provincial cabinet then were presented to the Queen.

APPEARED COOL

Despite the 89-degree heat and the humidity, which became almost unbearable for those jammed into the intersection of Queen and Bay Streets at city hall, the Queen looked fresh in a nut brown and white printed taffeta dress with wide panels hanging from the waist on either side.

At Kew Beach many people came out of the water in dripping bathing suits to wave at the motorcade as it swept by.

At the beach the visitors spent five minutes with some 70 crippled children dressed in their Sunday best and sitting in the shade of three big elm trees under a banner proclaiming "toronto's crippled children welcome their Queen."

The Queen received a red, white and blue nosegay from eight-year-old Judith Martin who presented it from her wheel chair.

Then the motorcade left on a 45-minute tour through the southeastern section of the city toward city hall.

At noon the royal couple reentered their car and were driven slowly down Bay Street to the Britannia where the Queen gave a luncheon while Philip was guest of honor at another luncheon in the Royal York Hotel given by the Professional Engineers and Scientists of Canada.

Two Provinces Go To U.S. Market For Raising Money

OTTAWA (CP)—More than 40 per cent of new provincial bond issues in the last fiscal year were raised in the New ork money market, the bureau of statistics reported Monday.

Two provinces went to the American market for funds: Ontario for $150,000,000 and Saskatal represented 48 per cent of the $470,556,000 in new provincial bonds issues in the year ended last March 31. Provinces retired $84,063,000 in bonds during the year.

The bureau's interim report showed direct funded debt of all provinces, less sinking funds, was some 15 per cent to $2,770,143,000 at last March 31.

Provincially-guaranteed bonds, less sinking funds, increased by nearly 13 per cent to $2,606,762,000.

FILL SOVIET POST

LONDON (Reuters)—Pentelei-mon Ponomarenkp, former Soviet ambassador to India, has been appointed ambassador to the Netherlands, the official Soviet news agency Tass reported Monday. Press reports last January suggested that Vyacheslav Molotov, former Soviet foreign minister, might be appointed to The Hague embassy.

Alberta retired $639,000 during the year and British Columbia paid off $2,719,000, while making no new bond borrowings.

NOWLAN HAS FAITH IN CBC'S BUSHNELL

OTTAWA (CP)—Revenue Minister Nowlan Monday expressed confidence in Ernest Bushnell, denying charges of weakness and incompetence against the acting president of the CBC.

"I have seen no sign of weakness or incompetence," Mr. Nowlan said in the Commons.

"I personally believe that Mr. Bushnell deserves the confidence of the country and the corporation for the way he has given to it of his strength and his whole being during these very difficult months."

Mr. Nowlan, who reports to Parliament for the publicly-owned CBC, said Mr. Bushnell's name had appeared in the press in the last few days in various reports and rumors of impending resignation. Charges of weakness and incompetence had been made against him.

"Mr. Bushnell is carrying on and intends to carry on despite reports to the contrary," Mr. Nowland said, without identifying the reports.

The minister said Mr. Bushnell has carried on two men's jobs in the last six months and that he is "totally exhausted."

Mr. Nowlan said he feared that Mr. Bushnell might suffer a heart attack, the illness which sent CBC president Alphonse Ouimet to hospital in January. Mr. Ouimet plans to return to part-time duty in two or three weeks, Mr. Nowlan said.

HAS BEEN HECTIC

The last six months had been one of the most hectic periods in the history of the CBC.

Mr. Bushnell, the vice - president, had worked tirelessly and given himself "wholeheartedly and solely" to the CBC.

Mr. Nowlan said he hopes Mr. Bushnell will be able to take a vacation of a few weeks after the Commons broadcasting committee finishes its work.

Mr. Bushnell had "inherited and did not create" the CBC situation which had begun in late December with a producers' strike at Montreal.

Mr. Bushnell's appointment had been recommended by Davidson Dunton, former head of the corporation, and by all senior officials of the CBC. The morale of the CBC would have been adversely affected if Mr. Ouimet and Mr. Bushnell had not been appointed to their present posts.

EXPRESSED CONFIDENCE

Mr. Nowlan said that in recent days he has received calls from CBC employees across Canada expressing their confidence in Mr. Bushnell and their resentment of the charges of weakness and incompetence.

The minister said he has seen no sign of weakness or incompetence on the part of Mr. Bushnell, who deserved well of the country and the CBC.

This statement was greeted with applause.

Mr. Nowlan said it would be improper for him to make a statement on the latest CBC incident which resulted in resignations of officials of the talks and public affairs department because the matter is to go before the broadcasting committee Tuesday.

He said he will not say anything on the issue at least until it has been dealt with by the committee.

J. W. Pickersgill (L — Bonavista-Twillingate), a member of the committee, said he hopes its inquiry this week into a charge of political interference with the CBC will be conducted in a calm, judicial and non-partisan manner. However, nothing should be done to prevent the committee from learning the truth about the accusation, made by some of the CBC employees who resigned last week.

Hazen Argue, CCF House leader, said he hopes the inquiry will result in a strengthening of the CBC.

Bermuda Hotels End Color Bar

HAMILTON, Bermuda (Reuters)—The seven leading Bermuda hotels have announced an end to color discrimination and said they now will be open to all local residents for dining, dancing and all entertainments.

The announcement followed a boycott by non-whites of the island's movie house. The theatre owners closed the movie houses as a result.

No announcement was made concerning boarding houses, which are reported opposed to the new policy. Restaurants and the closed movie houses probably will be forced to follow the hotels' move.

PIONEER TELEGRAPH

First telegraph communication in Canada was between Toronto and Hamilton in 1846.

He Outfoxed Me, Says Patterson

NEW YORK (AP)—Floyd Patterson suffered a punctured left eardrum in his knockout defeat by Sweden's Ingemar Johansson last Friday the former heavy weight champion told the New York Post Monday.

In an interview with Post columnist Milton Gross, Patterson said a punch to the ear apparently aggravated a slight injury he had suffered before.

Physicians say such an injury, unless infectious, could be cleared up within two weeks.

Patterson said he slept most of Saturday, after losing his title to Johansson Friday night, except for a short session at home with the doctor.

WAS OUTFOXED

In discussing his third round knockout loss to the surprising Swede, Patterson told Gross:

"He's a thinking fighter. He outfoxed me. He tricked me before that right and I shouldn't have let myself be tricked. I was fooled by him.

"It looked to me like he was fighting a defensive fight, only a defersive fight. He was pushing out that left jab only to keep me off, I thought, and he didn't hit me with it at all, at least I don't remember feeling it.

"And it was nothing. He was just sticking it out, kind of flicking it. By the second round neither one of us had done anything. I was expecting the crowd to boo us, and I hate to hear the crowd boo, me or the other fighter. I figured I had to do something, I hit him a couple of good hooks, but nothing much.

MORE AGGRESSIVE

"In the third round I was more aggressive. I was waiting for him to do something with that right hand. Three times before when he stuck out the jab I found myself moving straight to his right hand. I was right in line with it. Three times he didn't do anything about throwing the right at all. I kept thinking maybe he doesn't have a right. Maybe that's why he never used it in training.

"It looked to me that he'd had the chance, but hadn't done anything about it. It looked to me like he'd be willing to go 15 rounds that way and that's how I made my mistake. I was careless. The next time he let the left go I wasn't even watching his right. All I was watching was the left. After the left I moved in just as I'd done before and that's when he caught me. The right followed the left and I was right here."

Johansson Hopes For 10 Years More in Ring

NEW YORK (AP) — Ingemar Johansson, freshly crowned heavyweight champion, said he would give dethroned Floyd Patterson a return bout, probably in September, and that he would like to fight for 10 more years.

The handsome, 26-year-old Swede discussed his future plans as he left by plane for a Florida vacation with his attractive fiancee, Brigit Lundgren, and members of his family. He plans to return to New York Friday and leave the same day by plane for his home in Goteborg, Sweden. A hero's welcome awaits him there.

He denied a Swedish report quoting Dr. Gosta Karlsson, his personal physician, that he planned to retire after two more fights. Later Dr. Karlsson said at Goteborg that his statement had been misinterpreted.

"This was only my own personal opinion," said Dr. Karlsson. "I thought the wisest step Ingemar could take would be to retire from the championship after a couple of title fights and accept the generous offers he has received from various film companies.

Athletics win 10-3 In Overtime Tussle

By THE CANADIAN PRESS

A pair of errors by Detroit relief pitchers started a downpour of eight runs that carried Kansas City Athletics to a 10-3 10-inning victory over the Tigers Monday.

A leadoff home run in the ninth by former Tiger farmhand Kent Hadley sent the contest into overtime.

Barney Schultz came in to pitch in the 10th and fumbled a bouncer hit by pitcher Bud Daley. Schultz walked Jerry Lumpe and was lifted in favor of southpaw R. G. Smith.

Smith then threw away Dick Williams' sacrifice bunt. Daley and Lumpe both scored and Williams raced all the way to third.

12 MEN GO TO BAT

Before the befuddled Tigers got out of the inning, 12 Kansas City batters had come to bat and eight of them scored. The Athletics banged four straight hits off Smith and collected two more off Dave Sisler, the third pitcher to work in the inning.

Hadley, who already had a single and his sixth home run, doubled Williams across. Roger Maris, Bob Cerv and another ex-Tiger Frank House singled before former Tiger infielder Ray Boone doubled off Sisler to drive in another run and Lumpe singled across the final tally before Sisler retired the side.

Daley needed Ned Garver to get the final two outs but received credit for his eighth triumph. Daley yielded single runs in the first and fourth innings, then put down several Tiger threats as his teammates plodded from behind for the ninth inning tie. Gus Zernial, who doubled home Detroit's first run, hit a two-bagger leading off the 10th.

GARVER TAKES OVER

Garver came on after Johnny Groth singled. Garver, still another ex-Detroiter gave up a run-producing single to Rocky Bridges but got the next two batters.

Jim Bunning started for Detroit but was injured in the third inning when Lumpe's screaming liner struck him on his right wrist. Bunning suffered a bruise and will be out five or six days.

Tom Morgan, his successor, gave up a sacrifice fly that brought home the Athletics' only run until Hadley cracked Morgan's first pitch into the upper right field seats in the ninth inning.

Morgan gave up a single and intentional walk after Hadley homered, but ended further threats by striking out Boone on three pitches.

Kansas City's 10th inning explosion gave the club only its fifth victory in its last 17 games, and shoved the Athletics into seventh place ahead of Boston in the American League.

The game was the only American League contest scheduled.

Registration Starts For Swimming Classes

Hundreds of Nelson children have learned to swim at Lakeside Park and this summer the park staff hopes to see scores more graduate in the art.

The Nelson Daily News is participating in arrangements for swimming lessons and registration forms can be obtained at The Daily News office, or from the lifeguards at Rotary pool, the park checkroom or the Civic Centre recreation office.

Registration takes place from Wednesday to Saturday and while registrants during this period will receive preference, late arrivals will be fitted in where possible.

The standards for the swimming classes are set up by the Canadian Red Cross Water Safety Division.

The classes are divided into beginners, juniors, intermediates and seniors. The beginners learn how to adjust themselves to the water and then some elementary swimming techniques. By the end of the lessons they should be able to swim about 50 feet.

The juniors are slightly more advanced as they learn the crawl style, the side stroke and elementary back stroke. To pass their test they must be able to swim about 150 yards with ease and confidence. The intermediates are rated more on their style and ease in the water than on their ability to swim the required distances.

The seniors, who try for the highest award given by the Red Cross, attempt to perform each stroke flawlessly. Of course each group will receive instruction in wate rsafety and artificial respiration. There will be a fee of 50 cents to cover cost of swim pins, etc.

Adult classes will be held if enough are interested.

Winlaw Downs Appledale 17-12

Appledale married men led 8-3 at the end of the fifth inning but lost out to Winlaw 12-17 in the final tally. The game at Winlaw Sunday saw a large crowd in attendance. Umpires were T. Sutherland and G. Zbitney. Next game is scheduled for Sunday with Slocan City team travelling to Winlaw.

League standing:

	P	W	L	Pts
Winlaw	3	3	0	6
Appledale	3	1	2	2
Slocan	2	0	2	0

MARTINO HEADS OMBL BAT RACE

KELOWNA (CP) — Bill Martino of Oliver has moved into first place in the Okanagan Mainline Baseball League batting race, boosting his average to .372 in 43 trips to the plate.

Former leader Ken Kulak of Vernon slipped to .368 to drop to second spot. Bob Parker of Summerland, league leader in stolen bases with eight, is third in batting with a .349 average.

Vernon's Tony Brummett leads in four other departments—13 runs, 16 hits, 12 singles and 16 runs batted in. Ron Miciuk of Vernon, with a 5-0 record, is the leading pitcher.

Vernon is in first place in the team standings with an 8-3 record. Oliver follows with 9-4 while Penticton, Kamloops, Kelowna, Trail and Summerland follow in that order.

Queen to See Queen's Plate

By JACK SULLIVAN
Canadian Press Staff Writer

TORONTO (CP) — The Queen, an acknowledged expert of thoroughbreds and one of the most successful racehorse owners in Britain is scheduled to be on hand Tuesday for what promises to be the most glamorous Queen's Plate classic in its 100-year history.

The Plate has been linked to royalty since 1859 when the Queen's great - great - grandmother, stern Queen Victoria, granted a gift of 50 guineas to the winning owner.

Jockey Club officials have pulled out all the stops to make this centennial running of Canada's richest horse race the most glittering since the Queen's mother and father personally watched the event 20 years ago.

The Jockey Club has put up an all-time record $50,000 for the classic and added money has made the gross purse $77,300. Net value to the winner, after payment of nominating fees, is $51,625, another record.

The field is the largest since 1933 when 22 thoroughbreds met the starter's gun.

Golfers Vie for CIL Trophy

The CIL Trophy will be at stake Wednesday, July 1, at the Nelson Golf and Country Club as members tee off in the annual 4-handicap, 27 hole medal play event.

Post entries will be taken, and Terry Panton says, will "be solicited". Last year's champion, Ray Metcalfe, will not compete this year. The draw as now laid out:

8 a.m. — W. Apostoliuk, V. Miller, C. Locatelli, J. Skellern. 8:10—T. Panton, B. Latremouille, A. Sherwood, M. Maglio. 8:20—J. Kinnon, J. Melville, A. Allan, B. Day.

8:30 a.m.—B. Wicken, H. Mayo, G. Adams, B. MacDonald. 8:40 — A. Larsen, H. Hornby, B. Wakeham, A. Ferworn. 8:50—G. Wakeham, T. Westgate, A. Sandberg, G. Baerg.

Bonspiel Deadline Today

About 70 entries have been received for the 1959 Mid-Summer Bonspiel, Henry Lemoigne reported Monday night. Deadline is 6 p.m. tonight, when entries will be turned over to draw secretary Robert Bruce.

Mr. Lemoigne, secretary, and the Civic Centre office will be accepting entries today until the deadline, he said.

Strikeouts—Drysdale, Los Angeles 114.

Runnels Climbs to Second From Seventh

NEW YORK (AP)—Pistol Pete Runnels of Boston, seeking to win the American League batting championship following last season's heartbreaking setback, has fired a .402 average at opposing pitchers this month to thrust himself into the thick of the race.

In seventh place with a .321 mark on June 1, Runnels has climbed to second place at .352 with 41 hits in 102 at bats. Through Sunday's games, he trailed pace - setting Harvey Kuenn of Detroit by only three points. Kuenn dropped four points to .355 in last week's games.

With three days remaining in the 1958 season, Runnels appeared headed for his first title. But he was overtaken by teammate Ted Williams on the next-to-last day and finished with .322 while Williams won with .328.

Al Kaline of Detroit dropped to third place at .344. He had six hits in 23 tries last week and lost seven points. Nelson Fox of Chicago remained in the No. 4 spot despite a three point slump to .325.

In the National League, Hank Aaron of Milwaukee tailed off 10 points to .381. Except for a three-homer barrage against San Francisco on June 21, the Milwaukee slugger has been losing ground steadily since dropping under the .400 mark on June 17.

However, Aaron's closest pursuer, Bill White of St. Louis, also went into a tailspin. White fell 14 points to .346 with only seven safeties in 28 trips in last week's action.

Orlando Cepeda of San Francisco and Joe Cunningham of St. Louis are deadlocked for third place at .339 and Dick Stuart of Pittsburgh had advanced to fifth with a .337 mark.

Harmon Killebrew of Washington increased his leads in the American League home run and runs batted in competition. He hit two homers last week for a season total of 26 while Cleveland's Rocky Colavito, the runner-up, failed to connect. Colavito has 22. Killebrew also drove in six runs to boost his aggregate to 59. Bill Skowron of New York, who has 54, batted in four runs.

Ed Mathews of Milwaukee hit his first home run in more than two weeks Sunday to take a two-homer lead over Aaron and Chicago's Ernie Banks in the National League competition. Mathews has 23. Banks continues to lead in RBI with 71, three more than Aaron.

MARKET TRENDS

NEW YORK (AP) — Steels paced a renewed stock market advance in moderately active trading.

Volume slipped off to 3,000,000. Rails, rubbers, electronics, oils, tobaccos and some drugs were prominent in the upturn.

The Associated Press average of 60 stocks rose $1.60 to $227.80.

American Motors rose 1⅞ to 44⅞ on 75,800 shares as the most active issue.

Also active and higher were Bethlehem Steel, Standard Oil New Jersey, U. S. Steel and Youngstown Sheet.

Canadian gainers included Aluminium Ltd., the fifth most active stock after gaining c to 35⅜. McIntyre Porcupine gained ½, Distillers Seagrams ⅜ and Canadian Pacific ¼. Dome Mines and International Nickel lost ¼. American stock exchange prices were generally higher. Volume was 1,060,000 shares compared with 1,100,000 Friday. Among Canadian issues, Shawinigan rose ⅜ and Sapphire Petroleums 1-16. Eureka and Jupiter oils each lost 1-16.

TORONTO (CP) — Industrials paced the stock market to a narrow advance as they broke through to a record index level. Trading, however, was the slowest in more than a year.

On index, industrials were ahead 1 1-3 points to an index peak of 537.77.

Western oils gained a few decimal points but base metals lost ¼.

The final volume was 1,903,000 shares, compared with Friday's 2,305,000. It was the lightest day since April 29, 1958, when 1,877,000 shares traded.

Among industrials, steels and papers were the leaders while foods were easier. Four of the five most active gained with Steel Company of Canada showing the best win, up 1⅜ at 80.

Across the list changes for the most part were less than one point. Exceptions included Ford A down 7 at 80 and MacMillan B and International Paper, each up 2¾.

Uraniums were strong behind Consolidated Denison, up 1⅛ at 14¾. Gunner gained ½ at 14¼.

In golds, Dome and Hollinger each dipped ¼ for the major changes.

Calgary and Edmonton paced western oils, up ¾ at 26. Hudson Bay and Pacific Pete added ¼.

Among speculatives Jacobus jumped 44 cents at $2.79 but other moves were generally less than 10 cents.

Index changes: Industrials up 1.33 to 537.77; golds off .12 to 91.71; base metals off .25 to 167.97; western oils up .19 to 120.09.

Coast Police Seek "Destitute" Man

VANCOUVER (CP) — Police have received complaints that a man who poses as a destitute Hungarian immigrant saying he needs money and clothing to return to his family at Kamloops has been victimizing householders here.

Complainants say the man has used the line that he was injured in a logging accident to persuade them to lend him money and clothing.

One of his victims was a woman who said she and her husband took pity on him when he came to their door earlier this month. He had a bandage on one hand.

They gave him a night's lodging, $10.50 in cash and a coat belonging to their son. The husband saw him off on a Kamloops-bound bus, then saw him later in Vancouver without the bandage.

RELAX IMPORT POLICY

PARIS (Reuters) — Further liberalization of French import policy will soon be put into effect, finance ministry sources said Monday. They were commenting on new measures promised by Finance Minister Antoine Pinay in a speech to the National Assembly last week. Observers expect more imports will be allowed from the dollar zone and western European countries.

Exchanges Closed On Dominion Day

By The Canadian Press

The Toronto, Montreal and Canadian stock exchanges will be closed Wednesday, July 1, Dominion Day. The Winnipeg Grain Exchange also will be closed for the holiday.

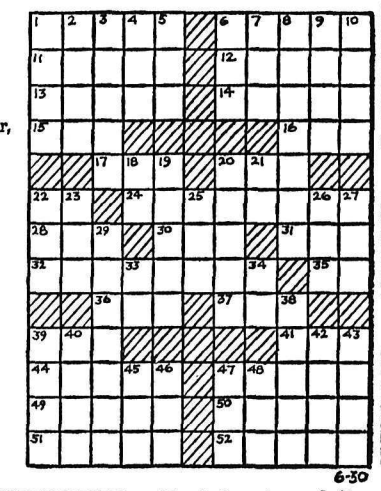
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. each day the code letters are different.

A Cryptogram Quotation

PUBLIC NOTICES

NOTICE

Tenders in DUPLICATE will be received by the undersigned up to 5:00 p.m., July 14th, 1959, for the purchase of a 55-passenger INTERNATIONAL school bus or equal. Tenders must meet all requirements for school buses as laid down by the Government of British Columbia, and include the following chassis and body specifications:

CHASSIS — Minimum manufacturers' gross rating 17,500 lbs.; Five (5) speed transmission; single speed rear axle; heavy duty shock absorbers front and rear; bus type springs; heavy duty battery; oversize brakes with HYDRO-VAC booster system; reserve vacuum tank and gauges; 8.25x20 10-ply tires; spare wheel and tire; propeller shaft shield and guards; tail pipe extended to rear of body.

BODY — Body to be WELLES-WAYNE 55 passenger or equal; rear underseat heater; undercoating; lettering applicable to School District.

The Board reserves the right to reject any or all tenders. Envelopes to be marked "BUS TENDER".

E. B. CLARK,
Secretary-Treasurer,
School District No. 10,
(Arrow Lakes),
Box 189, Nakusp, B.C.

TENDER

The Board of School Trustees, School District No. 8 (Slocan) will accept tenders for the construction of a Classroom at Lucerne Junior-Senior High School, New Denver, B.C. Plans, specifications, Forms of Tender and Instructions to Bidders may be obtained from the Secretary-Treasurer's office, School District No. 8 (Slocan) on the deposit of $10.00 per set, this deposit being refundable on return of plans and specifications in good condition.

Tenders will close and be opened at 7:30 p.m., July 16th, 1959, at the office of the Secretary-Treasurer, School District No. 8 (Slocan). Lowest or any tender not necessarily accepted.

H. R. MILLS, Secy.-Treas.,
School District No. 8 (Slocan),
Slocan City, B.C.

AUCTION OF TIMBER SALE
X-70018

There will be offered for sale at public auction, at 10:30 a.m. Local Time, on August 31st, 1959, in the office of the Forest Ranger, Fernie, B.C., the Licence X-70018, to cut 4,386,000 cubic feet of spruce, lodgepole pine, fir and balsam trees and trees of other species, on an area situated on Crown land on Line Creek, Kootenay Land District.

Eight years will be allowed for removal of timber.

Provided anyone unable to attend the auction in person may submit a sealed tender, to be opened at the hour of auction and treated as one bid.

Further particulars may be obtained from the Deputy Minister of Forests, Victoria, B.C.; the District Forester, Nelson, B.C.; or the Forest Ranger, Fernie, B.C.

HI AND LOIS

ICELANDIC REDS SUFFER SETBACK

REYKJAVIK, Iceland (Reuters)—The Communists suffered a sharp setback in Iceland's general elections with a drop of 25 per cent of their vote and the loss of one seat in parliament, provisional figures showed Monday.

Biggest winner in Sunday's ballot for the Althing (parliament) was the Independence party, which picked up four seats. The Social Democrats lost three and the Progressive party one.

The voting climaxed a bitter election campaign. The Communists pushed hard on two issues —Iceland's fishing dispute with Britain and the presence of American forces in Iceland under Iceland's membership in NATO.

But the Hungarian revolt in 1956 shook the Icelandic Communist party hard and the results were shown in Sunday's voting.

Social Democrat Premier Emil Jonsson lost his seat to an Independence party candidate but will remain in parliament with a supplementary seat.

In the old 52-seat house the Independence party had 19 seats, Progressives 17, Social Democrats eight and Communists eight.

Irene Worth Stars In Stratford Festival

STRATFORD, Ont. (CP)—Irene Worth, American - born star of Britain's Old Vic Theatre, opens Stratford's seventh annual Shakespearean Festival tonight as Rosalind in the romantic comedy As You Like It.

For Miss Worth, whose Shakespearean performances have drawn critical raves on this continent and in Britain, it will be a return engagement. She starred with Alec Guiness at Stratford's first festival opening in 1953.

Monday she played opposite fellow Californian William Sylvestre, who has the role of Orlando in his first appearance in a Shakespearean role after a career in British stage and television.

Tuesday night, Scotland's Douglas Campbell and Canadian Frances Hyland, both Stratford veterans, open in Othello.

Miss Hyland is a native of Regina.

COMMAND PERFORMANCE

Miss Worth and Mr. Sylvestre return to the stage Thursday night for a command performance before Queen Elizabeth and Prince Philip on their first visit to the festival.

The two plays will alternate during the festival, which runs to Sept. 19.

Other attractions at the festival this year include chamber music concerts, folk singers, and Jacques Offenbach's Orpheus in the Underworld. Starring in the comic opera which opens July 10 are Martial Singher, Irene Jordan and John McCollum.

A new Canadian musical revue, After Hours, with Jack Creley and Charmion King, will be seen in August as will The Heart is Highland which features Lennox Milne in all 13 roles.

A two-week international film festival opens Aug. 24.

Also on view are an exhibit of Eskimo arts and crafts, an invitation exhibit of Canadian paintings and a display of books and theatrical art.

Mother Charged

BURNABY, B.C. (CP)—A 20-year-old South Burnaby woman has been charged with manslaughter following the death Friday of her three-months-old son in this Vancouver suburb.

The charge against Mrs. Doreen Amy Johnson accuses the woman of striking her infant child, Leslie, with greater force than necessary and thus causing the child's death.

An autopsy Saturday showed the child died from a fractured skull and brain hemorrhage.

Mrs. Johnson was remanded for a week when she appeared in court Monday. She was freed on her own cognizance until a preliminary hearing date is set.

Seamen Give Full Story Of Break For Freedom

By MARK NICHOLS
Canadian Press Staff Writer

TORONTO (CP) — Two young Latvian seamen who have been granted asylum in Canada described Monday how they made their break for freedom from a Russian ship "trusting not even each other."

Bertholds Vilnis and Adolfs Plonis, both 21, said they agreed to leave the Latvian trawler together only four hours before they slid down a rope in St. John's, Nfld., June 20.

In Ottawa Immigration Minister Fairclough said Monday the two men had been granted permits to remain in Canada one year. She said they could apply later for extensions or for the status of landed immigrants.

The two men held a press conference at the Latvian Relief Society headquarters here. They arrived in Toronto Sunday night after being questioned by police and government officials in St. John's last week.

Speaking through an interpreter, the two dark-haired young men described how the idea of staying in Canada was first broached at 8 p.m. June 20 and how the escape was made shortly before midnight.

FEARED DOUBLE-CROSS

They said they agreed "each to keep an eye to the other" to make sure there was no double-cross on the ship whose crew was made up of 65 Russians and 10 Latvians.

Mr. Vilnis said that it was true that he had signed a statement asking to return to Latvia after he was questioned by Victor Selivanov, second secretary of the Russian Embassy in Ottawa.

He said he signed it during a private interview in St. John's with Mr. Selivanov after he was told Plonis had agreed to return.

When he discovered that Plonis had not said he would return, Vilnis repudiated the statement. He said he thought cigarets the Russian officials gave him may have contained a drug.

Asked why they decided to jump ship, Mr. Vilnis said he "did not want to stay under the Communist dictatorship."

Plonis, who did little talking during the interview, said "there is no freedom in Latvia."

PRAISE RCMP

Both men said they were thankful to be in Canada. They praised the treatment they received from RCMP in St. John's, who made them feel like "guests."

The interview was conducted through Rev. Arnold Lusis of St. John's Latvian Church here, and Vitalis Mukts, business manager for the Toronto Latvian-language newspaper Latvja-America.

Both men denied charges by the captain of the fishing vessel that they had stolen money from the ship. They said they arrived in St. John's penniless and wandered for a day in search of the United States consulate.

When they reached the U. S. consulate, they were turned over to Canadian immigration officials.

WILL SEEK JOBS

Mr. Lusis said the two men, both trained mechanics, would try to find jobs in Canada. He said that after Monday's interview they would be kept hidden to prevent Soviet reprisals here.

Both men admitted that they feared for their relatives in Latvia but declined to say where their relatives were.

The two men turned up in Toronto shortly before their ship sailed from St. John's for an unknown destination.

They made a 90-second appearance on CBC television here. The camera showed only the men's backs.

Mr. Lusis said Toronto Latvian organizations paid the air fare for the men to come from St. John's.

World's Biggest Plane Brings Kozlov To U.S.

NEW YORK (AP) — Frol R. Kozlov, Soviet first deputy premier, arrived Sunday to preside at the opening of the Russian cultural and scientific exhibition.

President Eisenhower flew here Monday to pay a short visit to the exhibition, just before the opening, and presumably will meet Kozlov briefly. Vice-President Richard Nixon is already here to take part in the opening ceremonies at the New York Coliseum.

The affable, grey-haired Kozlov—called the No. 3 man in the Kremlin—will go to Washington Tuesday to talk with Eisenhower and State Secretary Christian A. Herter.

Kozlov arrived in the world's biggest airliner, a Russian turbojet TU-114 which set a record for flying time between New York and Moscow.

NON-STOP FLIGHT

It was the first non-stop flight between the two cities. The flying time was 11 hours and six minutes for the 5,092-mile trip—an average speed of 460 miles an hour.

Kozlov, a square-faced man of 50 with a ready smile, took a three-hour boat ride around Manhattan after his arrival.

He said that the fact that Russia was opening an exhibition here and the United States was opening one in Moscow later this summer "is a great achievement and a step forward toward the improvement of relations."

He also remarked on the record flight from Moscow, saying the distance between the two countries was being shortened by technical advances and "opportunities for reciprocal meetings have expanded."

Toronto Killing Baffles Police

TORONTO (CP)—Police were still virtually without clues Monday as they sought the murderer of Elizabeth Kirby, about 45, whose body was found stabbed five times in west-end High Park Saturday.

Police have ruled out robbery as a motive. An autopsy revealed the woman had been repeatedly stabbed in the vicinity of the neck and her clothes had been disarranged, indicating possible rape.

A strolling couple found the body partially concealed in a wooded area.

Pieces of clothing, empty wine bottles and other objects found in the ravine were turned over to the attorney - general's crime laboratory for investigation. Detectives Monday combed dry-cleaning establishments in search of bloodstained garments. Inspector James Morgan said the killer would have been covered with blood.

Police have traced the slain woman's activities up to 9 p. m. Friday when she was seen in a central section of the city.

Documents Divulge Russo-German Plot

WASHINGTON (AP) — During the Nazi-Soviet pact in the early days of the Second World War, Russia and Germany reached the stage of discussing how they would carve up a large part of the world.

In once-secret documents made public during the weekend by the state department, Russia was pictured as interested in acquiring territory in Finland, eastern Turkey, Iran, Afghanistan and the Far East.

No definite agreement was reached on staking out territory but "each government now thoroughly understood the interests and the desires of the other," the papers say.

Even as these talks were going on in 1940, other reports said Adolf Hitler's staff was preparing plans to invade Russia. He did so in June, 1941.

Josef Stalin was said to be unwilling to go to war against Germany as long as Hitler's military might was unimpaired. The Nazi invasion forced his hand.

Laurence A. Steinhardt, then U.S. ambassador to Moscow, cabled President Franklin D. Roosevelt on Nov. 19, 1940, about the negotiations in Berlin between the Germans and Soviet Foreign Minister V. M. Molotov. Steinhardt said he got the information from a highly-reliable source.

Malayan Gov't. Wins Election

KUALA LUMPUR, Malaya (Reuters)—The Malayan government won a crucial election in Pahang State Sunday, thus retaining power in nine of the country's 11 states.

The ruling Alliance Party easily beat the Pan-Malayan Islamic Party and established itself as Malaya's sole national party and solid favorite to win the August poll for Malaya's first fully-elected Parliament.

TRIED KIDNAP, JAILED

NEW OYRK (AP)—Mrs. Jean Iavarone was sentenced Monday to from one to three years in prison for taking a newly-born baby from a hospital last January. She had pleaded guilty May 22 to a charge of attempted kidnapping.

Toronto Crowds in Holiday Mood Greet Royal Couple

TORONTO (CP) — The prospect of cooler, drier weather cheered this weather - worn city Monday as it prepared to welcome the Queen and Prince Philip.

The royal visitors were due at 10 a.m. aboard the royal yacht Britannia after a 160 - mile trip through Lake Ontario from Kingston, where they spen t almost three hours Sunday.

Thundershowers in the morning were expected to ease the humid, 90-degree weather of the weekend.

Hooting ships, cheering sailors and a 21-gun salute were the order for the arrival of the Britannia at Gibraltar Point at 8:50 a.m. The yacht was to tie up at the Queen Elizabeth docks after sailing between lines of lake and ocean freighters with their crews at the rails and flags dipping.

A heavy schedule was arranged, beginning with the presentation to the Queen by Finance Minister Fleming of Lieutenant-Governor J. Keiller Mackay.

It included drives through many miles of city streets, a luncheon given by the Queen aboard the Britannia, presentation of a bouquet of flowers at Woodbine Park where thousands of children were to be assembled, a slow drive through lines of crippled children in Kew Beach Park, and the presentation of the mayor and controllers to the Queen at City Hall.

Prince Philip was to be guest at a luncheon in the Royal York Hotel given by the Professional Engineers and Scientists of Canada.

The provincial government will give a dinner for the visitors at the hotel this evening after a busy afternoon which will include a visit to High Park, the Canadian National Exhibition grounds and a sugar refinery.

Royal Beef Scraps Carefully Burn

TORONTO (CP) — The best British beef decorates the royal table aboard the yacht Britannia —but the scraps have to be carefully burned.

The reason is Canada's fear that foot-and-mouth disease, attacking cloven - hoofed animals, might break out, tour officials have disclosed. England is not free of the disease.
