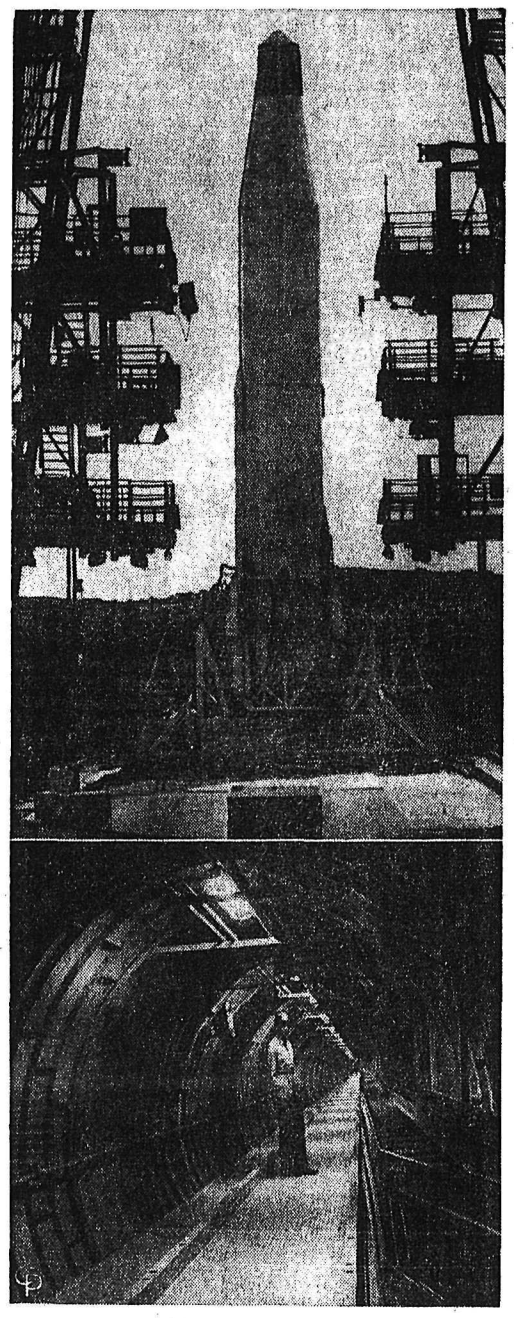
WEATHER FORECAST

KOOTENAY: Mostly cloudy with a few snow flurries on Friday. Remaining cold. Variable winds at times reaching 20. Low and high at Crescent Valley 10 and 25, Cranbrook zero and 25.

Near-Blizzards Hit East



VANDENBERG AIR FORCE BASE — Above ground ominously perches a giant Atlas Intercontinental Ballistic Missile tipped with a hydrogen bomb warhead, the only Atlas missile war-ready as the world armaments race continues. Below ground is a section of an 850-foot causeway built at the missile center. An underground complex is near completion as part of a launching maze where missile operations will be carried on sheltered from nuclear attack.

Wicks Threatens Inquiry Into Union Dissension

VICTORIA (CP) — Labor Minister Wicks Thursday condemned labor violence on the Vancouver waterfront and said if it continues he will recommend a judicial inquiry to ascertain the facts revolving around the union strife.

The recent demonstrations on the Vancouver waterfront were "deplorable," the minister told the Legislature.

"We don't want that sort of thing. We don't want gangsterism. No one wants hooliganism and no one wants the use of the baseball bat."

Mr. Wicks said he is seriously considering recommending to the cabinet that a judicial inquiry be held for the purpose of ascertaining the facts and "if these things continue I am certainly going to make the recommendation."

The minister was referring to recent waterfront strife between members of the Seamen's Internation Union and the Canadian Brotherhood of Railway, Transport and General Workers which are involved in a jurisdictional dispute.

An official of the National Union of Marine Engineers, which has joined the CBRT, was recently beaten up so badly by two men who came to his office that he required hospital treatment.

Mr. Wicks said fact-finding boards have their place. But they usually consist of representatives of labor and management with an outside chairman who sometimes simply sided with one side or the other to get a quick decision. He favored three-man fact-finding boards whose members were completely divorced from either labor or management.

The minister's remarks came as the legislature began consideration of $902,000 in labor department estimates. The first item — the minister's $12,500 salary on which members can range wide in their criticism — had still to be passed when the House rose for the dinner adjournment prior to a night sitting.

During the debate CCF Opposition leader Strachan declared that there will be little improvement in labor relations in the province until "we get a minister and a government that understands the problems and gives proper leadership."

83,000 UNEMPLOYED

He was particularly concerned about the 83,000 unemployed of the province and said something should be done about the problem caused by automation. Jobs were being wiped out at the rate of 1,000 a week in the United States and in the telephone industry 17,000 jobs had been abolished in a year through automation.

Tony Gargrave (CCF — Mackenzie) called for appointment of a full-time, independent Labor Relations Board. He said it was wrong to have the Deputy Minister of Labor and people from the Labor Department sitting on the present part-time board.

Don Robinson (SC — Lillooet), a railroad engineer in private life, suggested a top-level conference of labor management representatives to consider among other things "the feasibility of a master agreement for all labor in the province. It could apply to all industries which wanted to come in and could be managed by top-level labor-management boards.

This, he said, would stop each side from running to the government with their problems.

"Unless we get rid of this attitude and get the right spirit of co-operation we are not going to have industrial peace in this province," Mr. Robinson said. "You will never get industrial peace through legislation."

Mr. Wicks told the House he has not yet got a response to his recent suggestion for a top-level labor-management meeting in the lumber industry on which the base of the province's economy rested.

He indicated he plans no action now to bring the parties together, since this might be misconstrued, but would wait for indications they wanted such a meeting.

But the minister said he was sure leaders on both sides would see the value of such a conference "not at the time of negotiations, but at the time of quiescence to reach common understanding."

Thomas Uphill (Fernie), an old-time coal miner and union executive, said legislation couldn't force workers to do anything if they didn't accept it. There weren't enough jails to hold them. And if they were on strike and got no pay, they couldn't pay any fines.

He felt the workers were in the driver's seat.

28 DEAD IN U.S. STORMS

NEW YORK (AP)—With spring only days away, a furious winter storm slammed into the northeastern United States Thursday after lashing much of the country with the season's most sweeping outbreak of wild weather.

A toll of 28 deaths was attributed to the tempest by the time it began tearing at this region.

The area from northern Virginia through New England got a dose of what a vast area across the country had already tasted.

A near-blizzard closed hundreds of schools, stalled automobile traffic, grounded airliners, slowed some rail travel and even hobbled Congressional activities.

Tides two or three feet above normal flooded coastal areas at low spots.

Thousands of workers and police officers were thrown into a losing battle to keep city and country roads open. In big cities people set out early for what they knew would be an arduous journey home from work.

As the storm sailed through West Virginia on its trek northeastward, glowering skies unleashed more than 20 inches of snow in the mountains, blocking some highways.

Rural Schools Close; Factory, Office Workers At Hamilton Leave Early

TORONTO (CP) — Heavy snow and driving winds lashed the southwestern portion of Ontario Thursday as two big storms swirled into Canada from the south, creating near-blizzard conditions along the Niagara peninsula and dumping more than seven inches of snow on Hamilton, the hardest hit city.

The Toronto area was expected to get the storm's peak before midnight but indications were that the snowfall would be far short of the maximum six inches predicted. A second storm flowing into the first west of Toronto apparently had saved the city for its second crippling snowfall in a week.

In the Niagara peninsula, however, "near blizzard conditions" prevailed, the weather office said. A storm warning at noon Thursday said snowfall accumulations had already approached the five-inch mark.

Hamilton braced for up to 10 inches of snow, prohibited street parking after 7 p.m. Thursday. Many factories and offices closed early and sent the workers home. Many schools were closed all day in the city and rural areas.

SCHOOL BUSES STRANDED

Chatham reported drifts up to four and five feet deep which trapped two school buses with 35 children more than five hours before provincial police and a snowplow dug through to rescue them.

The provincial highways department said there was snow and heavy drifting creating poor visibility over most roads in the area. Some roads were blocked.

East of Hamilton along the narrow Niagara peninsula between Lakes Ontario and Erie, driving snow plugged most roads and visibility was down to zero in some places. This is Canada's so-called banana belt where summer sunshine encourages some of the country's best grapes and tree fruits.

In Toronto, Trans-Canada Air Lines cancelled all flights to New York and others to closer American points.

TWO STORMS COLLIDE

The original storm was spawned off the Gulf of Mexico Wednesday and swirled across the Western U.S. plains and up into southwestern Ontario early Thursday. But a second storm developed off the Atlantic seaboard, struck through the Eastern states and headed north to bite into the gulf storm near Hamilton.

Although the original storm was robbed of considerable vigor, the weather office said continuing snow and cold, driving winds were expected throughout Thursday evening.

Drifting snow was expected in Quebec although the snowfall was less than forecast, the Montreal weather office said.

Agadir Ordered Evacuated

AGADIR, Morocco (Reuters) — Crown Prince Moulay Hassan of Morocco toured the festering ruins of Agadir at sunset Thursday night and ordered troops to evacuate any residents still in the city "without appeal, within an hour."

More bulldozers were flown in by the United States Air Force from West Germany as 10,000 men began an all-out war on disease in the earthquake-shattered city.

Crown Prince Hassan, in charge of rescue operations, has ordered the city sealed off and demolition for all buildings which were cracked or uninhabitable.

Another 18 survivors were dug from the rubble before dusk. Rescue workers said more probably will be found in the next few days but the danger of disease is too great to permit delays in plans to flatten rubble and cover it with quicklime.

In Rabat, an information ministry spokesman said no buildings would be demolished while they might contain people still alive.

ACADIR, Morocco (AP)—Morocco officials announced early Thursday the official death toll of the quake, tidal wave and fire here Tuesday has reached 2964. They said that many bodies had been buried in graves dug in the ruined seaside city.

DOLLAR DOWN

NEW YORK (CP) — Canadian dollar off 1-32 at $1.05¼, in terms of U. S. funds. Week ago $1.05 7-64.

Pound sterling unchanged at $2.80 7-16.

Advice to Businessmen

LONDON (Reuters)—British businessmen over 50 were told Thursday to keep away from the high-powered work habits of American executives.

The advice came in a booklet for the older executive published by Britain's institute of directors.

Take at least two holidays a year, it says. "Don't be ashamed of a nap after lunch or before an evening engagement. Spend at least an hour alone each day to absorb ideas at your own pace and in your own way."

The older you are, the booklet says, the less you should be disturbed by junior executives.

"The ever-open-door policy may be good for Americans, but it is the negation of peace and quiet."

Turning to the executive's home life, the booklet advises only one thing: A warm and comfortable bed.

Boys Need Homes, Not Brannan Lake, Says Hassard

NANAIMO (CP) — The superintendent of the Brannan Lake Correctional school for boys says that young boys shouldn't be sent there for punishment.

Instead, F. G. Hassard said in an interview, their parents should be sent to jail.

Last month the school held 32 boys, aged 10, 11 and 12.

"It's a shame—generally speaking, children of such a tender age shouldn't be sent here," Mr. Hassard said.

"We can't help them. They are much too immature. We would have to keep them here for years before they were mature enough to overcome the problems in their homes.

"If it is punishment that is wanted in these cases, the boys shouldn't be sent here. Their parents should be sent to Oakalla.

"Our biggest percentage of repeaters are in this tender age group. They keep coming back because while they were here, there was no improvement at the home and community level."

IMPROVE HOMES

Mr. Hassard suggested that the courts should either see that the home conditions are improved or else place the children in good foster homes.

He also feels there should be appeals against extreme cases, such as that of a rural judge who sentenced a group of six boys aged 10 to 12 for breaking into a store.

Steps should also be taken to clean up and improve conditions on Indian reserves. Twenty per cent of the boys at the school are Indians.

"The least these little boys need is a good spanking," he said. "The most they need is a good home. Our school is a substitute for neither."

DECISION SOON ON U.S. CATTLE PORT

SPOKANE (AP) — A decision on whether to move the port of entry for Canadian cattle from Spokane to Eastport, Idaho, will be announced in two or three months.

Dr. Thomas A. Gage, assistant director of animal inspection for the United States department of agriculture, set the decision date after conducting a hearing on the proposal Wednesday.

Lucille Ball, Desi To Part

HOLLYWOOD (AP) — Lucille Ball of "I Love Lucy" television fame, filed suit for divorce from Desi Arnaz Thursday.

The suit, filed in Superior Court at nearby Santa Monica, charged cruelty.

Miss Ball has been living in the couple's Beverly Hills home with their two children, Lucy Desiree, 9, and Desi IV, 7. Arnaz, who rose to fame as a bongo-beating bandleader, and later as her TV co-star and a producer, has been spending several days in the desert resort of Palm Springs.

The announcement came as no surprise. For several months, gossips had circulated a rift between the two.

Fuel for gossip was added during Desi's recent long absence in Europe.

Langlois Ordered Pay Drapeau

MONTREAL (CP) — Police director J. Albert Langlois, 24 members or former members of his force and a lawyer, Thursday were ordered to pay former mayor Jean Drapeau and former acting police director Pacifique (Pax) Plante a total of $14,000 damages for libel.

Mr. Justice George S. Challies of superior court awarded Mr. Drapeau and Mr. Plant $7000 each in their suit stemming from a legal document prepared in an effort to halt the 1950 Montreal vice investigation.

New Crops Suggested

TORONTO (CP) — W. H. Cook of the National Research Council, Ottawa, Thursday suggested that new crops be substituted for wheat to do away with surpluses in Western Canada.

Mr. Cook, director of the council's division of agriculture and biology, said the "periodic unwieldly surplus of agricultural products, particularly wheat, is a major problem in our agricultural economy. . . ."

"One of the best possibilities is oil seed crops, particularly edible oil seed crops."

The alternatives he suggested were: flax, rapeseed oil, soybeans, mustard, sunflower, safflower and the potential oil seed crops of poppy, camelina, crambe nigella, castor bean and similar species.

NO POLITICS

ALGIERS (Reuters) — French President Charles de Gaulle Wednesday night ordered all troops in Algeria to keep out of politics.

Finch Case May Go to Jury Today

LOS ANGELES (AP) — Red-haired Carole Tregoff cracked Thursday under the strain of the Finch murder trial.

She burst into tears during a recess, was allowed a brief rest, then returned red-eyed and still distraught to hear her prosecutor say she was the "instigator, the pressing force" in a plot culminating in the murder of Mrs. Barbara Jean Finch.

The 23-year-old former model and her lover, Dr. Bernard Finch, 42, are on trial charged with murdering the surgeon's wife.

Prosecutor Fred N. Whichello was in his second day of rebuttal arguments. He is expected to wind up today, with the case then to go to the jury.

Presley Has 3 Movies On Tap

FORT DIX, N. J. (AP)—Sgt. Elvis Presley, newly arrived from Germany amid snow and hoopla, started the last two days of his army duty Thursday, ready to swing back into the big money as a rock 'n' roller.

He stepped out into a swirling snowstorm and faced into a 25-mile-an-hour wind for five minutes, waving for cameramen and more than a dozen excited teenagers.

The 24-year-old singer declared he was not giving up rock 'n' roll "as long as people keep appreciating it," and he'll "keep the same gaudy attire."

His hip-swinging style will stay, too.

His manager, Col. Tom Parker, said Presley's first appearance would be on a May 12 television program with Frank Sinatra. Parker said Presley would get $125,000 for that show.

Parker said Presley will make three movies this year for $725,000 and percentage of the take.

FRANK'S DAUGHTER TO WED

HOLLYWOOD (AP) — Frank Sinatra's daughter, Nancy, is engaged to singer Tommy Sands. Her mother, Mrs. Nancy Sinatra, announced the engagement Wednesday. She said no date has been set, but that Sands, 22, has bought a ring and will give it to 19-year-old Nancy as soon as she returns from New York.

Parliament Thursday

By The Canadian Press

The Commons, after 7½ days of debate, approved by a vote of 127 to 0 an appropriation of $15,000,000 as the federal share of the winter works program.

Labor Minister Starr said the government plans to come up with a single figure — instead of the present three — to provide an accurate and complete picture of unemployment at any time.

Opposition Leader Pearson called for a start on a far-reaching study to find a cure for unemployment with the best brains of government, business and universities.

CCF House Leader Hazen Argue criticized Finance Minister Fleming of holding down expenditures at the expense of jobs.

External Affairs Minister Green said Canada has complained to West Germany, Britain and the U.S. about their "failure" to consult the NATO council on Germany's plan for supply depots in Spain.

Prime Minister Diefenbaker announced a $20,000 Canadian government contribution to the Red Cross fund for relief of earthquake-stricken Agadir, Morocco.

Senator Stanley McKeen (L — British Columbia) said Canada should demand reciprocal rights to those she grants U.S. companies establishing in Canada.

Roberts Deputy Trade Minister

OTTAWA (CP) — Appointment of James A. Roberts, 52, to be deputy trade minister was announced Thursday. Mr. Roberts, associate deputy minister since September, 1958, succeeds John English who died in January following a long illness.

Mr. Roberts, a native of Toronto, entered the government service in 1958 after a business and investment career.

THEY LIKE MALL

KALAMAZOO, Mich. (AP)—Kalamazoo's downtown shopping mall was six months old last week—and nearly everybody still is happy with it. In a poll of the 45 retail stores on the mall, the Kalamazoo Gazette found only three dissatisfied, and one of those conceded he was in the wrong kind of business for such a location. A survey indicated there had been an over-all average increase of 10 to 15 per cent in sales.

Nimsick Urges Pensions Change

VICTORIA (CP)—Leo Nimsick, one-time Rossland alderman who now represents Cranbrook riding in the Legislature, made a strong demand Thursday for changes in the payment of silicosis pensions.

The CCF member told the House that while pension revisions have been made for some, the group who were granted pensions between 1943 and 1952 got no consideration. Whole families of pensioners in this low classification were being asked to get by on a maximum of $139 a month no matter the size of the family.

"If we are going to let people go hungry because we say there is no money there is something wrong with us," he declared.

"Industry has been making millions of dollars out of British Columbia for years and it is a callous attitude to place the almighty dollar against the lives of widows and children."

Mr. Nimsick said that if the silicosis pensioners died of something diagnosed as other than silicosis his widow and children were left without anything and had to go on social welfare. In these cases, he said, same settlement should be made as if the pensioner had been killed on the job.

The pensions of those who received them between 1943 and 1952 were low because they were based on the ages of the time. But if the pensioner had not contracted the disease until later, when wages were higher, he would get a bigger pension. This was not fair.

Labor Minister Wicks said silicosis pensions are handled through a fund that is separate from the Workmen's Compensation Board fund. He said the government is not using the fund for political purposes and wanted to, and is doing, everything possible.

The minister said the matter of reciprocal agreements with other provinces to share silicosis costs for those who contracted the disease elsewhere, only Alberta has passed the required legislation.

Street Corners

By PYRAMUS

Do you mind if we talk about the weather again?

Won't the old-timers have a grand time now telling the people for the next 15 years about the time the lake froze solid in March? It did, you know.

Thursday morning it was a solid shiny sheet of ice from this side of Five-mile right down to Ross's Point below the CPR flats.

There was one round hole about six yards wide and in this hole all the ducks and gulls had congregated—rather like a round-table discussion with your feet in ice-water.

* * *

Heard on the street corner—a gentleman with a rather loud voice (Pyramus loves people with fairly loud voices) standing waiting for the green light, saying to a lady acquaintance, "Just like California. Guess we'll have to get the smudge pots out tonight!"

* * *

SEEN IN PASSING—**Nick Lutkiwich** with pipe in mouth driving back to KFPL after lunch . . . **Jack Middleton,** likewise pipe in mouth, driving in the same direction . . . **Mrs. W. L. Carter** with small child in car waiting to get into the traffic line . . . **E. W. (Lefty) White,** with grandchildren trailing, heading for the "News" office with education week copy.

* * *

The wee blonde miss of four years was being punished by eating her dinner alone at a small table in the corner.

The rest of the family paid no attention to her until they overheard her murmuring grace over her repast: "I thank thee, Lord, for preparing a table before me in the presence of mine enemies."

And in This Corner . . .

HERTFORD, Eng. (Reuters)—Cattle rustling isn't just confined to television screens, farmers here complained Tuesday.

A farmers' union official said one man had lost five cows. "It appears," he added, "that a gang backed a cattle truck into the field, herded the cows into it and then made off."

The farmers asked police and public to keep their eyes peeled for the thieving varmints.

HILLSIDE, N.J. (AP)—The thief who stole a talking Mynah bird from Arthur Brittman's pet shop Tuesday probably regrets it by now.

The bird can only say:

"Hello. You are a very bad boy."

ZOMBA, Nyasaland (Reuters)—The government Thursday extended its protection to the weird "ghost monster" haunting a forest near the shores of Lake Nyasa.

An executive council meeting presided over by Sir Robert Armitage, governor of this British protectorate in Central Africa, constituted official recognition of the shaggy, six-foot "ufiti" — African for ghost — and is intended to protect the strange species from the snares and guns of hunters.

There was no immediate word of any steps to protect frightened Africans from the 100 or so "ufiti" spotted and photographed by government game department men.

But at the moment there seems no need of this, as the big, black creatures seem interested in watching people — not attacking them.

Legion Members Avoid Cenotaph at Meeting

A surprise to most Legion members was that the controversial Cenotaph topic was not brought up at the regular meeting Thursday night.

However, a topic which had not been discused before created enough interest that a motion was pass that Branch 51 present the federal government with resolutions concerning pre-Christmas postal help.

The meeting was told of the "ridiculously low" wages that were paid a worker who was employed by the post office as casual labor during the Christmas rush.

The sore point of the issue was that it was the veteran that it was asserted was being "victimized," in that it is the veteran tops the list of employment, the meeting was told.

That is to say, they were told, that the veteran receives first chance for work, then the married man, then women and finally students.

It was brought out that pre-Christmas postal help who work on a casual labor basis receive only one dollar per hour.

Legionnaires were told that a common laborer receives at least $1.50 per hour.

Members of the Legion were reminded of the banquet and dance to be held this Saturday night in honor of the Milt Ryalls' rink which brought a mark of distinction to Nelson in the recent Legion curling bonspiel in Penticton, and now goes on to the Legion Canadian finals.

Log Cut Up Over Last Year

Approximately eight million more feet of lumber were taken from the Nelson Forest District for the month of February 1959 than in February 1960, according to figures recently released.

The total for February of last year was 39,291,176 foot board measure as compared with 47,551,112 fbm for last month

The total number of fbm to the end of February for 1959 and 1960 are 75,735,041 and 93,548,306, respectively.

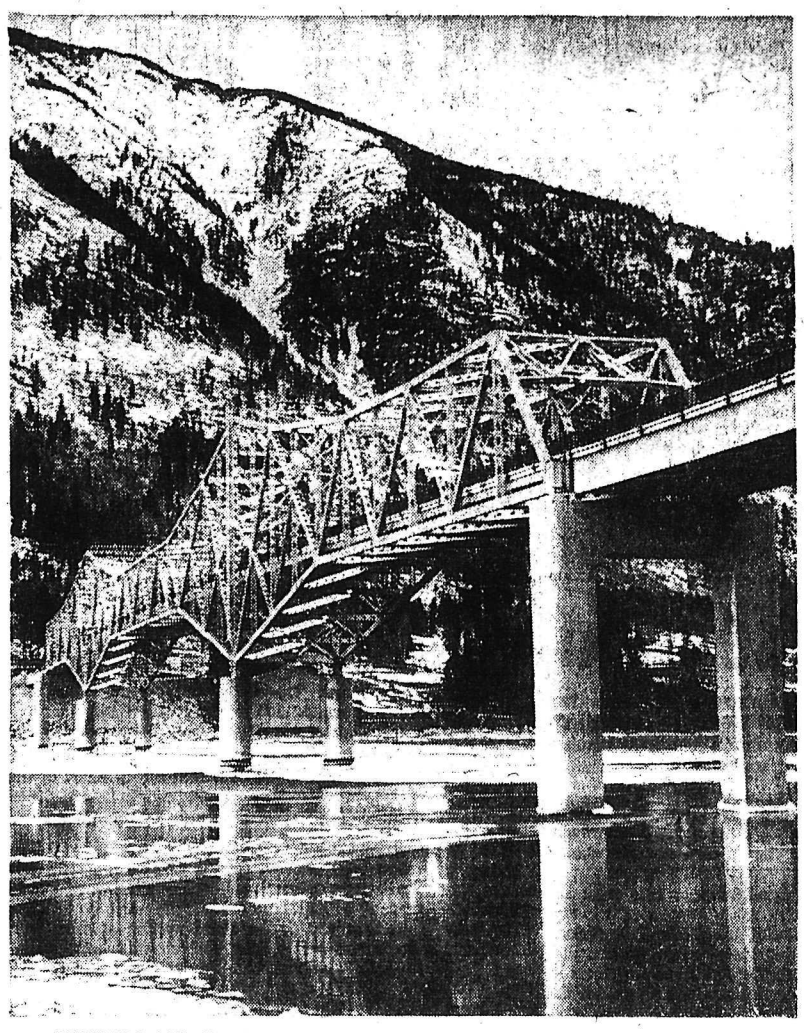
Meeting Set for Fernie in 1960

The 59th annual meeting of the Assoicated Chambers of Commerce of Southeastern British Columbia will be held in Fernie May 6 and 7.

During the business sessions, K. N. Stewart, president of the associated chambers, will preside.

$1,900 LEVY

EDMONTON (CP)—Fines totalling $1,990 were levied in RCMP court Wednesday when Kap's Trucking Limited of Edmonton pleaded guilty to four charges of carrying overweight loads on provincial highways. According to the evidence, one of the loads was 17,000 over the weight limit.



RESTLESS ICE. Finally worked loose by a barge pushed by a Kootenay Forest Products Company tugboat, the ice seen flowing slowly under the Nelson Bridge, above, was a solid sheet from Five-Mile to below the city wharf until broken up by wind and the self-appointed icebreaker. Wind moaning and crying through the bridge structure and ice squeaking and muttering produced a symphony in minor key during Thursday morning's breakup.—*Daily News photo.*

Lives at Stake But Blood Donors Missing

There is a possibility that one month from now Red Cross blood —that which is used to save lives —may be non-existent.

This is the tale of woe with Red Cross members this year, for, in the past several years quotas have not been met in any community in Canada. This has caused a 70 per cent depletion in the Emergency Fund which usually carries one million dollars to meet any and all situations.

Until the end of March the Red Cross will hold their annual fund-raising drive and if they should fall short of their objectives it will mean a drastic cut in some services.

The most expensive service to operate is the blood donor clinics and it will be these that will be the first to be cut, says A. J. Cleeton, publicity chairman for the Nelson branch of the Red Cross.

A flag-raising ceremony at Ward and Baker at 12 noon today will officially open the Nelson campaign.

The quota set for Nelson is $7300 It is this figure, just as quotas in other communities, that will decide whether or not blood will be available for those who need it.

Approximately 150 men and women have volunteered their services and will brave the recent cold spell to trudge up to doors in Nelson and a 50-mile radius to receive donations for this worthwhile organization.

Skating Standings

VANCOUVER (CP) — Unofficial standings and point totals after three of six compulsory figures for men at the world's figure skating championships:

1. Alain Giletti, France 291.0.
2. Don Jackson, Oshawa 281.7.
3. Norbert Felsinger, Austria 279.0.
4. Alain Calmat, France 275.1.
5. Tilo Gutzeit, W. Germany 265.2.
6. Bradley Lord, U.S. 260.1.
7. Manfred Schnelldorfer, W Germany 257.1.
8. Don Mcpherson, Stratford 255.9.
9. Louis Stong, Toronto 255.6.
10. Peter Jones, Austria 253.2.
11. Hubert Kopfler, Switz. 251.1.
12. David Clements, Britain, 249.6.
13. Nobuo Sato, Japan 249.0.
14. Gregory Kelley, U.S. 248.4.
15. Robin Jones, Britain 243.0.
16. William Cherrell, Australia 234.3.
17. Tim Spencer, Australia 232.5.

VENUE CHANGED

BRANDON (CP)—The annual meeting of the Manitoba Council of the United Packinghouse Workers of America (CLC) will be held here rather than in Winnipeg. The change was made to support 115 members of the union's local 255 who went on strike at Brandon Packers Limited to back demands for higher wages.

Read the Classified Daily.

MORE BIRTHS THAN DEATHS IN FEBRUARY

Vital statistics for Nelson and District broken down by city statisticians for the month of February: city 31 births, 11 deaths and one marriage; district: No births or marriages.

Three deaths were recorded for the district during the month.

IUMM Puts Patterson Into Office

TRAIL, B.C. (CP) — Results of balloting which took place Feb. 17 to choose board members in the East and West Kootenay and Vancouver sub-divisions of the western area of the International Union of Mine, Mill and Smelter Workers (Ind.) were announced Thursday.

In the Kootenay district, James *Patterson headed the poll, beating* the two other Kimberley candidates, William Booth and Ken Wocknitz.

Voting in the Vancouver sub-district placed G. A. Bennett, Britannia in office. His only other competitor was Neil McLeod, Port McNeil.

The results complete the executive for the western area. Other officers are: Harvey Murphy, president, Al King, secretary, Rod Black, northern B.C., George Anderson, Yukon and Northwest Territories and Harry Sudom, Alberta and Saskatchewan.

Service Clubs In Annual 'Spiel Sunday

Formation of a new committee made up of representatives of service clubs may operate the annual inter-service bonspiel.

L. D. Nicholson, reporting to the *Kiwanis Club at the Hume Hotel* Thursday night on arrangements for this year's bonspiel, said a movement was under way to form a committee. Two rinks will represent the Kiwanians at the bonspiel here Sunday afternoon.

Normally, each winning club plays host to the event. Last year, however, it was won by the Junior Chamber of Commerce, which is no longer active. A permanent committee would ensure continuance of the event, it was felt.

A new member was inducted into the Kiwanis Club at the meeting. *N. A. Enns, recently transferred* to Nelson from Vancouver to become manager of Household Finance Company's branch in Nelson, was sworn in by Mr. Nicholson, immediate past president. He was introduced by John Lindsey.

Also a guest was Hans Sather, who also moved to Nelson recently from Vancouver.

Ferguson Death Found Accidental

A six-man coroner's jury deliberated for 13 minutes before issuing the official verdict of "no blame attached" to the death of Rev. T. J. S. Ferguson Wednesday night.

Mr. Ferguson died February 22 in the Kootenay Lake General Hospital after a four-day fight for his life following a car accident on February 18.

Driver of the motor vehicle that struck Mr. Ferguson down at the junction of Stanley and Mill streets in Nelson, Nick Saviskoff of Taghum was released of all blame attached to the incident.

Questioning of seven witnesses lasted more than three hours. Dr. N. E. Morrison, who was in attendance while Mr. Ferguson fought for his life in KLGH, told members of the jury multiple fractures and undetermined internal injuries were the direct cause of death. Dr. Morrison also said shock was a prime contributor to the death. Mr. Ferguson was 89 years of age.

Other witnesses were city police officers, Constable George Dalzell and Sergeant Jim Crozier. Three other men, George Bing, Alex Sidor and Ronald Rainville, were driving directly behind the Saviskoff vehicle at the time of the accident.

Fourteen year old William Evans was said to be standing on the sidewal'. and had seen Mr. Ferguson prior to the accident.

Testimony on the part of the witnesses concerned varied with respect to the circumstances of the accident. It was not definitely established whether Mr. Ferguson stepped into the path of the car or whether he was walking on the road at the time.

People Not Writing So Many Letters

Stamp sales brought in by Nelson Post Office during the month of February dropped more than $2,000 from that of January of this year.

Total appproximate sales of stamps for February was $8,686.90 compared with $10,693 during January.

Revenue from other business also dropped considerably. February's miscellaneous revenue was $243.21 compared with $361 during January.

February's total sales dropped approximately $3,750 from that of January with $173,962.66 for last month compared with $177,711 the month before.

No definite change was recorded in the number of money orders issued and paid.

February's figure was 3,769 money orders issued while money orders paid totalled 4,396. Approximately 100 fewer money orders were issued during February while only about 40 fewer money orders were paid.

Nelson Man Dies at Coast

A resident of Nelson for fourteen years died in the Vancouver General Hospital Wednesday, March 2, at the age of 80.

Dead is James Findlay Robertson who lived in Nelson from 1936 to 1950.

Born in Dundee, Scotland, Mr. Robertson came to Canada in 1906 when he settled in the Winnipeg area. He lived there for three years before moving to Eholt, B.C. where he worked as section foreman for the CPR. He later moved to Greenwood where he worked in the same capacity before moving to Grand Forks in 1910.

He married the former Helen Kydd in that year. She predeceased him in Nelson in 1944.

They lived in Grand Forks until 1936 when they moved to Nelson. He worked here as section foreman and retired the year that his wife died.

He continued to make his home in Nelson until 1950 when he moved to Vancouver.

In Nelson he was a long-time member of the Harmony Lodge No. 37; a member of the AF & AM at Grand Forks and was also past-master of the same.

He is survived by three sons, Charles of Nelson; George of Kamloops; James of Stittville, Ont., and nine grandchildren.

Hungarian Artist Leads Way

A private showing of Hungarian artist Endre Boszin's works will be viewed by art-lovers tonight in the preview of a display which will be open to the public from Saturday on for a week.

Brought here by the Nelson School of Fine Arts, the showing is the first of several coming within the next few months, designed to introduce the ctizens of Nelson to art work of European artists.

Mr. Boszin's canvasses will be on display in the lobby of the Hume Hotel all day of the week from March 5 to 12.

John Fisher To Be Guest Speaker at Board Meeting

CRANBROOK — Plans for the public dinner March 25 in Cranbrook to hear Canadian Tourist Association speaker John Fisher were planned tentatively at the March meeting of the Cranbrook Chamber of Commerce who will be sponsors.

Guests at the executive meeting are to be E. R. McFarland of Lethbridge and A. Swinnerton of Fort Macleod who had a novel suggestion. They proposed the head table at the dinner be reserved for the district people in closest touch with tourists, the employees of resorts, motels, cafes and shops catering to the tourist trade, and that employers of these businesses be urged to have their employees attend.

About 400 guests will be entertained at the dinner.

Visiting party of 35 members of the tourist trade branch of Victoria Chamber of Commerce will arrive here April 6, the Cranbrook Chamber has been notified and entertainment for them on that date will be arranged.

New chairman of the Cranbrook tourist brochure publication committee, C. N. Parker reported some progress since the committee appointments in January and said a more detailed report will be presented to the March general membership dinner meeting at the Cranbrook Hotel next Tuesday.

Building Shows Uptrend in Feb.

Building permit values have increased sharply during the month of February compared with the month before. Approximately $11,415 in building permit value has been issued for the month. January's approximate value was $1,425.

Permit value for February, 1959 was $472,880, vastly more than this year for that month.

Ice May Look Good, But It Is Dangerous

It looks good and the surface is nice and clear — but Fire Chief E. S. Owens warns that the ice currently covering much of Kootenay Lake at Nelson is dangerous.

The freeze-up came so suddenly that the ice-layer is not very thick and skaters could easily go through if they got too close to the edge, he warned.

Low temperatures in the past three days have caused the West Arm to freeze from shore to shore for the second time this winter.

The low and high for Tuesday was five degrees and 29 degrees; Wednesday, four and 25; Thursday, 2 and 20.

Ice covered most parts of the lake from the bridge down to below the town where the water flows swifter.

Three Experts to Discuss "Where Canadians Headed?"

Two days of close association this month with other members and faculty of a proposed "live-in" seminar will bring participants into contact with authorities on the latest developments of political science, economics, sociology and historical factors affecting the Canadian way of life.

The University of British Columbia Extension Department, in cooperation with the Nelson School of Fine Arts, will present distinguished scholars and lecturers in the sciences of living, who will explore all planes of thought on the topic "As Canadians, where are we going?"

This is the last of the Nelson School of Fine Arts winter sessions, and will be held at the Hume Hotel March 11 and 12. Members may either live in, spending the two days in the company of other students and the lecturers, with the opportunity of exchanging opinions and ideas on the seminar topic and other relevant subjects; or members may attend individual lectures.

THREE EXPERTS

Speakers will be Dr. Robert M. Will, assistant professor of economics at University of British Columbia; Dr. Bernard Blishen, lecturer in the department of anthropology, criminology and sociology at UBC, and Dr. Peter Harnetty, of the department of history and international studies at UBC.

Dr. Will, who is associated with a research project studying B.C.'s primary industries, was resident research fellow in Santiago, Chile, four years ago, studying the influence of economic theory on government policy during the 19th century. His findings were published in Mexico City.

He taught at Duke University in 1956-57 and was an economist in the Department of Labor, Ottawa, during the summer of 1957, following which he joined the UBC faculty.

A native of Burford, Ont., he is a graduate of the University of Western Ontario, receiving degrees also at the graduate school of Duke University in Durham, North Carolina.

Dr. Blishen, who is a member of the Canadian Political Science Association and the American Sociological Society, is a graduate of McGill University, winning honors in sociology for his bachelor's degree and receiving his master's degree in 1950.

He was awarded the Columbia University Fellowship four years ago, also the Canadian Social Science Research Council grant and the Canada Council grant in 1958.

He has held posts at McGill, the Dominion Bureau of Statistics and Carleton University, and joined the UBC faculty in 1957.

Dr. Harnetty, a member of the university faculty since 1958, is a member of the Canadian Institute of International Affairs.

He received his doctorate in 1958 at Harvard University and has been awarded the university scholarship to Trois Pistoles, the McGill graduate scholarship, the national Woodrow Wilson fellowship, the Harvard resident fellowship, and the Social Science Research Council travelling fellowship.

DR. R. M. WILL

DR. PETER HARNETTY

DR. B. R. BLISHEN

QUESTION PERIODS

Each lecturer will speak for an hour, Dr. Will on economics and political science Friday evening, Dr. Blishen on sociology Saturday morning, and Dr. Harnetty on national and international history *Saturday afternoon.*

Each lecture will be followed by discussion from the panel. The evening session Saturday will include closing addresses and a summation.

This seminar will be the finale of Education Week.

J. H. Nicholson Given New Appointment

TRAIL — The appointment of J. H. Nicholson as technical buyer for The Consolidated Mining and Smelting Company has been announced by A. L. Irwin, manager of the purchasing division. Prior to his new appointment, Mr. Nicholson held an assignment in research and development division.

Born in Herefordshire, England, Mr. Nicholson attended school in Canada and graduated from McGill University in 1937 in chemical engineering. He joined Cominco in the same year and worked as an asayer. In 1947 he was appointed an assistant research engineer in the Zinc Department and in 1949 became assistant superintendent of development in that department. In 1957 he took over similar duties in the smelting and refining departments.

Mr. Nicholson is a member of The Canadian Institute of Mining and Metallurgy and The Association of Professional Engineers of British Columbia and has been active in community affairs in the Trail district, holding executive offices in the Boy Scout Association, the Advisory Planning Commission for the City of Trail.

Train, Truck Smash Injures 2

VANCOUVER (CP) — Two men were injured when a westbound Canadian Pacific Railway freight train collided with a truck Thursday at a level crossing nine miles west of Crowsnest Pass, near the B. C.-Alberta border.

CPR officials here said the relief driver of the truck, owned by Canadian Freightways Ltd., and a CPR firemen were taken to hospital at nearby Michel.

No names were released. The CPR said the fireman was treated for head bruises but the trucker's injuries were not known.

The leading diesel unit of the freight tumbled down an embankment into a creek bed after striking the truck, which was pushed over onto its side.

The second diesel unit was derailed but remained upright. The 31 empty freight cars being pulled by the diesels remained on the tracks.

A CPR spokesman said the crossing, on Highway 3, has a warning bell and flashing lights.

Nakusp Church Building Opened

NAKUSP — On Thursday, February 25th, at 8:00 p.m. over 150 people gathered in the new Robertson Memorial United Church Christian Education Building in Nakusp for the formal opening and dedication.

The building, which represents many years of planning and almost a year of actual construction, was dedicated by the Rev. David R. Stone of East Trail United Church. Mr. Stone was acting in his official capacity as chairman of the Kootenay Presbytery. It was fitting that he be present at this occasion for he was the minister of the Nakusp congregation before moving to the East Trail charge six years ago.

Also taking part in the Dedication was the Rev. E. Donovan Jones of St. Paul's-Trinity United Church in Nelson. Mr. Jones delivered a powerful address based on Jeremiah's action of purchasing a field in occupied territory on the faith that God would someday justify such action by a victorious return. Jeremiah was not disappointed; neither will our faith be nullified or our labors wasted

DISTRICT GREETINGS

Accompanying Rev. Jones was George Hoover, also of Nelson, who read the lesson and brought greetings from his own congregation. Greetings were also extended by Rev. E. R. Hope of New Denver, representing the Ministerial Association; by Rev. Roy Sandercock of the local Pentecostal Church; by Rev. Stone on behalf of Presbytery; by Mrs. A. G. Elder, former Sunday School superintendent, who also read a letter from Rev. Del Johnstone, a former minister of the charge.

Acting for the building committee, David Johnson presented the keys to the Sunday School superintendent, Mrs. Florence Maxwell. This act brought to a conclusion the committee's efforts to erect the $14,000 structure. The new building measures 28 feet by 64 feet and is 2½ storeys high. In lower storey *is a large hall, a nursery room,* primary class-room and furnace room. The second floor includes the main hall, stage, kitchen, and bathrooms. The upper room constitutes the top storey and is ideal for discussion groups, board meetings, etc. The building has been in use for over a month and is proving to be most versatile.

BAND ASSISTED

The service opened with the Nakusp Brass Band under Bandmaster John W. Bailey. The band performed two other numbers during the evening. Following this the doors were opened by E. C. Johnson who, acting for the congregation, welcomed the visiting ministers at the door. The service proceeded, including an anthem by the church choir, and came to a conclusion as the people rose and solemnly dedicated the building to the glory of God and for the use of His people.

Thus another milestone in the life of the Nakusp congregation was realized. The past three years have seen a new site, a new manse and now a new hall added to the charges assets. Plans are on the drawing board for a new sactuary to complete the picture.

Launching Ramp and Breakwater Approved

INVERMERE — Windermere will have an $8500 launching ramp, and log breakwater immediately in front of the village on Lake Windermere this summer. Word has been received from Murray McFarlane, MP, that approval has been given to the ramp and breakwater after some months of negotiation.

The construction is to be by day labor and it is anticipated that the work will get underway as soon as weather conditions permit. The project will consist of a boat launching ramp 100 feet long, a float 8 by 40 feet and a floating log breakwater 120 feet long, moored off shore to protect the landing against wave action.

With so many summer homes along the east side of Lake Windermere the new ramp and breakwater will be used by many boat owners at Windermere, Windermere Beach, Trethewey Beach and other lakeshore settlements.

Road Commission Work Valuable

Lumbering is British Columbia's chief industry, and although the largest logging outfits are at the Coast, more than half the production is in the Interior. Whereas at the Coast logs are often water-borne to the mills, in the Interior much more use is made of trucks, and many of these are owned by small operators.

Their trucks are often their only means of livelihood and even where the larger mills make use of their own trucks they still depend on the small independent logger for much of their supply.

Lumbering in the Interior must cut its overhead as much as possible if it is to be successful, and consequently licences imposed by the government can make the difference between success and failure. This year the licence fees were raised to a point when, even to the casual observer, they appeared beyond reason. There was an immediate outcry and in response to this the Ministry of Transport decided to reconvene the Road Users Commission and have it study the scale of fees.

It was a worthwhile solution to the problem and when the Commission brought in its interim report it was immediately accepted by the government and its recommendations put into force. These are such that they will not be a burden on the small loggers, but the work of the Commission is not finished. It is expected to bring in a further report later in the year.

There can be no question but that this commission should not be allowed to lapse. It should be a standing committee which can be reconvened when necessary. This one incident shows its worth and it would be of even more value if yearly it met the representatives of road vehicle users to consider their problems.

Interpreting the News

By HAROLD MORRISON
Canadian Press Staff Writer

The plan to provide the North Atlantic alliance with a fast-moving nuclear task force to strengthen Western Europe's hitting power falls short of Supreme Commander Gen. Lauris Norstad's dream of arming NATO with full nuclear authority — but it is an initial step in that direction.

NATO will have to comply with the U.S. Atomic Energy Act, which requires that U.S. atomic weapons be under the custody and control of American officers, but American diplomats here concede that in a time of actual combat, the law may be more a matter of theory than practical application.

As seen by Washington authorities ,the three battalion task force — to be selected from French, British and U.S. ground forces in Europe — will be equipped with their own aircraft and likely will have the U.S. Honest John missile as their prime weapon.

The Honest John, which has a range equivalent to that of long-range artillery, can be equipped with conventional or atomic warheads. It is simple in design and operation and can be fired from the back of a truck.

The fact that France will supply one of the battalions is an indication that there will be wide flexibiliay in the actual handling of the weapons. France in the past has refused to cooperate with the U.S. in stockpiling American nuclear warheads on French territory, principally because France would have no custody or control over these weapons.

The significance of Norstad's announcement lies in the stiffening attitude of Premier Khrushchev in demanding a fast settlement of the future of Germany and Berlin.

He has rejected the suggestion of a plebiscite to let the people of East and West Germany decide their own political future and he has repeated his plan to sign a separate peace treaty with East Germany.

Passes for Western personnel travelling to Potsdam, a West Berlin suburb, are being issued in the name of the East German government instead of the Soviet administration as had been the case in the past.

All this may be a matter of stage-setting to prepare for hard bargaining at the East-West summit conference in Paris next May.

F. B. Pearce. . . . . Writes

Isn't it amazing how some adults make excuses for themselves and seek to avoid any responsibility for their own shortcomings? A certain legal luminary is a case in point. Speaking to the Trail Chamber of Commerce he recently endeavored to prove that this fair city of ours, Nelson, the Queen City of the Kootenays, should take the palm for liquor consumption. Perish the thought.

Trail, the Silver City—though why they call it that I don't know, is credited by the Liquor Board as spending more money on drink. Heretofore we have had no reason to disbelieve it. We may have had an idealized picture of the smelterman rolling down the hill on payday with his pockets bulging with wealth, a strong silent figure whose only words were "pass the bottle" and now we are expected to believe that he also says, "pass the buck." We simply can't believe it.

Up to this date we have always had a great deal of respect for those who gain their livelihood by fishing in the deep waters of the law, but it becomes quite apparent from the specious arguments of the speaker that he is entirely ignorant of either the rules of evidence or the Macnaughton Rules.

It is useless to put the blame on Tadanac, Warfield or the lesser communities, nor do we think it the right and proper thing to do. In our experience the Liquor Board is always right even if it does water our whisky. When it says it sells more liquor to Trail it means it, so why not stand up and admit it. After all, in a dry and dusty place where the best is at the worst, it is mighty easy to raise a glorious thirst.

We have our satellite communities, too, but we would certainly not accuse them of drinking all the liquor, even though if they live in any place but Nelson they have good excuse to fill the cup and pass it to the rest. Man never is but always to be blessed, but drown his sorrows in the flowing bowl.

We in Nelson will continue to tread the strait and narrow path of rectitude. The sneers and insinuations of our neighbors will not prevent us from being an example to the world. We shall always be a pattern of perfection and a shining light to our neighbors in Trail. More in sorrow than anger we must refuse to have Trail's battered reputation thrust upon us. That city should stand up and take its liquor like a man. It should not attempt to cast its mantle of shame on Nelson.

Watch Your Language

FATIDIC — (fa-TID-ik) — adjective; prophetic; pertaining to foretelling. Origin Latin — fatum, fate, plus dicere, to tell.

Letters to The Editor

Letters to the editor on any topic of genuine interest are welcome if they are brief, accurate and fair. They may be published over a nom de plume, but the name of the writer must be given to the Editor as evidence of good faith. Anonymous letters go into the wastepaper basket. Typewritten letters must be double-spaced.

Change the Hours – Not the Clocks

To the Editor:

Sir—There is much talk re the problem of settling the time changes. If we look back a few years we never had this difficulty, everyone was well satisfied with the time. Now, it appears, some people are not getting enough time, i.e., daylight. Why? Is it because they do not get up early enough, or do they want to get their sleep and still be up early enough to get to their business? Not too long ago the government offices were open Saturdays, now it's only during the weekdays. Likewise, stores were open till 6 p.m. However, if business has to be done it is done in the shorter hours. So why not change business hours to suit the people who want more time?

As far as can be seen, the majority who want the fast time are business people, who in most instances live within a few minutes' walk to their offices and other establishments. One can thoughtfully ask if these people ever stopped to think of the children (which are our future generation). As all mothers know what it's like to have a child get up about 6:30 in the morning and leave for school at 7:30 in the cold winter mornings when it is just getting daylight. (One has to be out of bed at this time to know it's just getting daylight in the winter months). We would think twice before sending out a child on daylight time in winter. Summer time, as we all know, is a little different, the children like to play while its light and sleep in the morning. However, with fast time the problem arises of waking a child before the sun rises. This is also the time when teachers send notes that the children must get enough sleep otherwise they do not concentrate in school.

It is our feeling that before any time changes are made we should ponder the above facts. We definitely feel that we should leave the time as it should be, i.e., standard time winter and summer. To be fair to all, may we suggest that those who want more time after business hours could easily change their time.

We should also take into consideration the CPR which is a pioneer enterprise; for some reason they find it advantageous to stay on standard time the whole year. This is something to think about.

We should likewise think of the many working-men who must drive to work 25-30 miles one way (in some instances even further) every working day.

In conclusion may we suggest that instead of instituting fast time we should put into practice the old adage "early to bed, early to rise, makes one healthy, wealthy and wise."

Hospital Site Seen Ideal for City Hall

To the Editor:

Sir—I have been very reluctant to voice an opinion on the subject of our city hall, hoping that our Council could work this out to the best civic advantage, knowing that they have more information on all aspects of the question than has the ordinary citizen.

However, the deadlock in Council is deplorable and is undermining the citizens' confidence and respect for Council.

At the time of the vote only two alternatives were offered, the old post office, or a new building. With the number of empty but useful buildings around town many people may have felt it unnecessary to have a new building so they voted for the old post office. Had the old hospital building been added to the vote, the result may have been quite different.

The councillors who maintain the old post office must be used in accordance with "the will of the people" may be right, but there has been so much more information added to the question that one wonders if this is the will of the people.

The plans displayed in a Baker Street window showing city hall facilities laid out in three alternatives (new building, old post office, and old hospital) were very interesting. The plan for the old hospital looked efficient and spacious, and the building looked very attractive with the third floor removed.

It seems to me the old hospital would make a beautiful and adequate city hall for a long time to come. The situation of the building is ideal, and could remain a point of beauty surrounded by gardens, yet leaving ample parking space. There is no need to feel that this building is too far out of the way, because it would be a simple matter to arrange a pay station on Baker Street for monthly accounts.

The old post office is a fine building and worthy of upkeep and use, but it can never be the focal point of beauty such as can be achieved at the old hospital location. The old post office is already finding a useful place in the community for many activities, and proves a need for such a building.

(MRS.) JEANIE RYLEY.

Nelson, B.C.

New World Near?

To the Editor:

Sir—Fulfilled prophecy shows Jehovah's new world or age under the rule of His Son, Jesus Christ, is near. See Matthew 24:1-14, 21, 22; Luke 21: 24; Exodus 6: 3, 4; 1 Corinthians 15: 21-28, in the Bible. As to what mankind should do read Romans 10: 9; Acts 3: 19-21; 10: 43; Zephaniah 2: 3.

A. R. STEWART

Dorchester, Mass.

Imperial Oil Denies Kick Back Rumors

TORONTO (CP)—A spokesman for Imperial Oil Limited said Thursday allegations that service station operators are forced to buy auto parts from designated suppliers and to give oil companies kick-backs "are untrue" as far as Imperial Oil is concerned.

The spokesman said in a statement:

"Most Imperial dealers buy their accessories from the Atlas Supply Company—a subsidiary of Imperial Oil—by choice because they find it to their advantage to market our branded line which they purchase at competitive prices. We do not require our dealers to buy their supplies of automotive parts and accessories exclusively from us or any other supplier, nor do we have an arrangement with any supplier or manufacturer under which we receive commissions."

The allegations were contained in a brief presented Wednesday to Justice Minister Fulton by the National Automotive Trades Association.

The brief said "favored suppliers 'kick back' a portion of their profits from such business to the oil companies."

Air-Travel Safer Than In 1950

TORONTO (CP)—It is 10 times safer to travel by air now than it was 10 years ago, chairman Sir Gerard D'Erlanger of British Overseas Airways Corporation said Thursday.

"It has been said that you are more likely to die from being kicked by a mule than in an airplane," he told the Empire Club of Canada.

He made these safety points, without citing figures, in his address on "The Impact of Air Transport on World Affairs." Sir Gerard was here to inaugurate BOAC's Comet jet transatlantic service which began March 1 between Toronto and London.

The text of his speech was made available in advance of delivery.

He also made the following points:

On traffic: "Some 100,000,000 people travelled by air last year, excluding the U.S.S.R. and China for which we have no figures . . . Passenger miles in these past 12 years have increased nearly six times over."

On speed: On June 14, 1919 "the first transatlantic crossing by air was made by those British immortals, Alcock and Brown. They took off from Newfoundland, now part of this great country, in a twin-engined biplane and landed 16 hours and 27 minutes later in a peat bog in Ireland. Their cruising speed was between 90 and 100 m.p.h. Today a BOAC Comet can make the crossing from Newfoundland to the Irish coast in just under four hours, travelling at a speed of some 500 miles per hour at a height of eight miles."

He said Britain is studying the problem of supersonic travel. The British government has announced willingness to "back the study of a supersonic civil airliner" which he said would complete the North Atlantic crossing "in a very short time indeed, maybe in even two hours."

Work Hours' Decline Offsets Wage Boosts

OTTAWA (CP) — A December decline in average hours worked in Canadian manufacturing industries more than offset a rise in hourly earnings to depress average weekly wages during the month.

Average weekly wages in manufacturing fell to $68.78 from $71.08 in November, the bureau of statistics reported Thursday. This compared with $63.71 a year earlier.

Average weekly hours worked fell to 38.7 from November's 40.9 hours, while average hourly earnings rose to $.78 from $1.74.

Aunt Het

I don't mind her uppity remarks. What makes me mad is that I can't ever think up a crushing answer until it's too late.

Green Predicts Columbia River Treaty Will Conclude Quickly

By DAVE McINTOSH
Canadian Press Staff Writer

OTTAWA (CP) — External Affairs Minister Green said Thursday that if Canada's territorial-limit proposal is accepted at the international conference on the law of the sea, the United States will eventually lose its historic fishing rights off the Canadian coasts.

He also told the Commons external affairs committee that there is a reasonable prospect that a Canada - U.S. treaty on Columbia River development can be concluded quickly.

The minister also said he will go to Washington in mid-April for a Western meeting on disarmament proposals to be placed before the East-West summit conference in May.

Canada's proposal to the law of the sea conference, opening in Geneva in about two weeks, is for a six - mile territorial limit plus another six miles for exclusive fishing rights for the coastal state.

RIGHTS WOULD VANISH

Mr. Green said that if this proposal were adopted by the conference, historic fishing rights enjoyed by the U. S. and some other countries would be wiped out.

A long - standing complaint of Canadian east coast fishermen is that U. S. and other foreign trawlers have been allowed to fish up to within three miles while Canadian trawlers must observe a conservation measure and stay at least 12 miles out.

Mr. Green said Canada would be willing to negotiate with the U.S. and other countries such as Spain, Portugal and France on when their rights would end, but they would have to end eventually.

Mr. Green said he is hopeful the Canadian plan will be accepted. However, the chances for success at Geneva would depend on the willingness of the countries concerned to be flexible and move towards compromise.

If inflexible positions were taken, the prospects for success would be considerably reduced.

FEARS CHAOS

The minister added that, if agreement could not be reached now, it would probably be a long time before another attempt could be made. This would mean chaos.

He said there has been no indication of support from Britain, which has been ignoring Iceland's unilateral claim to a 12-mile fishing limit.

Concerning the Columbia River, Mr. Green said the next meeting of a Canada - U. S. negotiating committee will start Friday in Washington.

He said he thinks development can be undertaken without delay.

He added that he thinks Congress would give quick approval to any agreement reached.

Any Canada - U. S. treaty of agreement on the Columbia would not require ratification of the British Columbia legislature, but he assumed a separate Ottawa - B.C. agreement would be needed.

CO-ORDINATE POLICIES

At another point, Mr. Green said the NATO ministerial meeting opening May 2 at Istanbul, Turkey, will try to co - ordinate Western policy for the East-West summit meeting starting about two weeks later.

After the summit meeting, the Big Three foreign ministers would meet the NATO council to consult on further steps.

The minister said Canada is still opposed to any further diversion of water from the Great Lakes into the Chicago drainage canal.

Other points made by the minister:

The situation in Laos is still potentially dangerous. The situation there last year, when pro-Communist forces rebelled, might have precipitated a world war.

It is hoped that an international conference on the peaceful use of outer space can be convened this year.

Cyclone Kills 39 In Mauritius

PORT LOUIS, Mauritius (Reuters) — Thirty-nine persons were killed when cyclone Carol swept across this British Indian Ocean island last weekend, it was announced Thursday.

Another 68,000 persons were left homeless and about 150 injured by the cyclone's 100-mile-an hour winds.

The official statement said that 41,228 buildings were destroyed and 24,685 badly damaged.

It was unofficially estimated that about 23 sugar factories suffered damage estimated at more than £1,500,000. About 55,000 tons of sugar—the island's main product—now are lying in roofless warehouses.

Over 1000 Negro Students Boycott Alabama College

NASHVILLE, Tenn. (AP)—More than 1,000 Negro students planned to stay away from classes at Alabama State College Thursday in mass protests against the expulsion of nine students for taking part in recent anti-segregation demonstrations.

The plan sent tensions rising in Montgomery, Ala., already the scene of sitdowns and violence on the streets.

A boycott of variety stores loomed in Tampa, Fla., and a Negro minister here was contemplating an order either to leave Vanderbilt University divinity school or be dropped from its rolls.

The expulsions and a number of arrests indicated that authorities are taking a firm stand in the face of the massive lunch-counter demonstrations spreading across the southern states as part of a Negro drive for equal rights at eating facilities.

"BLUNDER"

Rev. Ralph D. Abernathy, president of the pro - integration Montgomery Improvement Association, told the students Wednesday night the expulsion order was "one of the greatest blunders in the history of education in Alabama."

But state governor John Patterson said the expulsion order was necessary "to prevent bloodshed in this city."

"If we ever bow to the threat of a mob," the governor said, "We are on our way out and they'll get more arrogant every day."

In Florida, 76 members of a youth council of the National Association for the Advancement of Colored People staged two sit-down demonstrations at Tampa. One arrest was reported. The president of the state NAACP said that if the demonstrations are effective a boycott of the stores will be the next thing.

MOVEMENT SPREADS

Demonstrations also occurred in St. Petersburg, Sarasota and Daytona Beach.

At Nashville, Rev. James Morris Lawson, a 31-year-old Methodist minister, was ordered by Vanderbilt University either to leave its divinity school or be dropped from the rolls. Lawson has been identified as an organizer of sitdown protests.

Demonstrations broke out again Wednesday at Nashville public lunch counters. More than 50 Negroes were arrested in the bus station when they refused to leave the closed lunch counter in the face of a bomb threat. No bomb was found, however.

Two Russ Papers Attack Herter

MOSCOW (AP)—The two leading Soviet newspapers Thursday loosed a concerted attack on U.S. State Secretary Christian A. Herter.

In an article covering most of an inside page, Izvestia rejected every feature of a disarmament plan Herter outlined in a speech to the National Press Club Feb. 18.

Pravda attacked his recent statement on the Baltic states and accused him of speaking in "the cold war spirit."

The piece in Izvestia, the government newspaper, was signed "Observer," the title usually assigned to a writer of an article vocing a calculated government position.

In his Feb. 18 speech Herter called on the Soviet Union to abandon "hollow slogans" on disarmament and advance ideas for a phased approach.

PROPOSED STAGES

The various stages would include safeguards against surprise attack, suspension of nuclear tests under controls and eventual prohibition of nuclear weapon production, progressive and balanced reduction of military manpower and conventional armaments and finally the strengthening of international forces and machinery to keep the peace.

Izvestia said step-by-step disarmament was a program "to achieve control without disarmament."

Pravda's attack was aimed at a Herter statement Feb. 15 on the 42nd anniversary of the independence of Latvia, Estonia and Lithuania from Czarist Russia. The statement said the countries were entitled to governments of their own choice.

Russian Tours Cost Less For Foreigners

By ROBERT ELPHICK

MOSCOW (Reuters) — Touring the Soviet Union is going to be cheaper for foreigners visiting Russia this year.

The Soviet tourist agency, Intourist, has introduced a new class in their hotels in Moscow and elsewhere. They also have arranged with the Soviet airline Aeroflot and British European Airways to offer new rates for groups of tourists.

Plans are being made to run special twice-weekly trains linking Moscow with Hook of Holland (for the Harwich ferry to England), Paris and Rome, and to put a third ship on the London-Leningrad run.

ALL FOR $16

The new hotel class is called "pension" and will entitle the tourist to a room with bath, all meals and transport to and from the airport or railroad station. It will cost about 64 rubles (about $16 at the official rate) a day.

Hotels still will have to be reserved in advance and once in Moscow tourists will be able to buy sightseeing tours of the city or hire interpreters or cars if needed.

Intourist officials here hope that the new rate will encourage prospective tourists who may have been put off by the cost of $30 a day for de luxe tours, including interpreter and the use of a car.

Intourist maintains hotels in most of the big cities in the European part of the Soviet Union, at resorts around the Black Sea and in such romantic cities of Soviet central Asia is Tashkent and Samarkand.

CAN'T SEE SIBERIA

Travel to other parts of the Soviet Union, the Far East, Siberia and the Far North, is forbidden to tourists except in special circumstances.

No restrictions are placed on the movements of tourists once they are settled in their hotels in Moscow or elsewhere. The only thing they cannot do is to take their baggage to another city, arrive unannounced and demand a room.

Itineraries can be changed, but only through Intourist offices.

The same principle applies to tourists who bring their own cars across the border. Intourist has laid down well-defined routes for them and they are not permitted to stray from the alloted path.

"I believe you sent for a piano tuner."

Kinettes Plan Easter Activities, Send Parcel

Kinettes during the past two weeks have had a varied program for discussion at their meetings, one of the largest projects being their assistance with the Kinsmen polio inoculation clinic held recently.

Other items on the agenda have been the annual Easter contest and bingo game, which will be held to raise funds for the Kinettes' adopted child, Domenica, in Italy. Another parcel was bundled up and sent to the little girl, from whom a letter has recently arrived.

Hostesses have been Mrs. F. W. Leno, 202 Victoria Street, Mrs. R. A. Hanson, 723 Sixth Street and Mrs. A. Jenson.

INVERMERE GIRL WED IN CALGARY

INVERMERE — At a quiet wedding solemnized at St. Mark's Anglican Church in Calgary, Louise Marilyn, only daughter of Mr. and Mrs. John Solinger of Invermere, exchanged vows with Elmer Stanley Raven, fourth son of Mrs. Raven of Nut Mountain, Sask., and the late Mr. David Raven.

Rev. G. E. Hendra officiated at the late afternoon ceremony.

For her wedding, the bride wore an ecru tweed suit with matching hat and accessories. Her topcoat was of rust wool. Her bridal corsage was red roses.

Mrs. Max Brunner of Calgary was matron of honor, wearing a nut-brown suit and matching accessories and corsage of yellow roses. The groom was supported by Mr. Glen Godlien of Wilmer.

For her daughter's wedding, Mrs. Solinger wore a green wool dress and black hat and a fur jacket with yellow rose corsage.

A reception was held at the home of Mrs. Brunner.

Mr. and Mrs. Joe Fuller of Invermere were wedding guests.

The bride was born and educated at Invermere, except for one year at a private school in Victoria. Since her graduation from the David Thompson High School she has been on the staff of Imperial Bank. The groom is employed by the Department of Highways.

Balfour Notes

BALFOUR — Weekend guests at the home of Mr. and Mrs. O. Krane were their son-in-law and daughter, Mr. and Mrs. R. A. Grant, and grandchildren Kris and Kirstie, of Kimberley. Miss Sylvia Krane, who teaches at Wardner, was also a guest.

Mrs. M. Wellwood has returned from a weekend spent at the home of her mother, Mrs. Jorgine Johnson of Langley.

Mrs. W. S. Course has returned home from Kootenay Lake General Hospital.

E. Kootenay Guide Visits District

ROBSON — Guest of Mrs. H. F. Hyson over the weekend was Miss Daphne Mackie of Creston, who is a Girl Guide Gold Cord candidate of the East Kootenay division.

Daphne is one of six Guides coming from that division for the provincial challenge, which they must have for their Gold Cord. The committee in charge of the challenge in this district are Mrs. A. Ruzzutto, Mrs. J. R. C. McBain and Mrs. H. F. Hyson.

While here Miss Mackie and the committee attended Sunday service in the First Presbyterian Church at Kinnaird.

FROM NOVA SCOTIA — A native of Halifax, Miss Natalie Hegan is a new addition to the nursing staff of Kootenay Lake General Hospital. Coming from Prince Rupert, where she has nursed for the past five and a half months, Miss Hegan arrived in Nelson Sunday and is staying at the hospital staff residence. A graduate of Victoria General Hospital in Halifax in 1957, she was on the staff of the Chilliwack hospital for two years before going north to Prince Rupert. She is working in surgery in the hospital here.

—Daily News photo.

Navy doesn't cover the whole fashion picture this spring but it is still a favorite of many. At right, it is shown in this smart suit with short jacket. It is combined with a printed blouse of many colors. Chanel-look will be seen everywhere. At left a popular version is in rose wool tweed, outlined with a darker rose, and worn with a matching silk blouse.

Doctor Advises More Sleep Especially for Teenagers

By Herman N. Bundesen, M.D.

How much sleep does a school-age child require?

The proverbial eight hours isn't enough for most young children. At different stages of their development, they naturally require different amounts of rest.

NO POSITIVE RULES

You just can't lay down any hard-and-fast rule. Generally, by the time a youngster is ready for school he is sleeping about 10½ to 11 hours per day — or rather, per night.

However, you can be sure that he will be pestering you to stay up later and later as the weeks and months go by.

HOW CHILD AWAKENS

The best thing to do is to experiment.

Watch how your youngster wakes in the morning. He should awaken naturally. If he gets up with difficulty and is cranky or drowsy, you had better see that he gets to bed 15 minutes or half an hour earlier at night.

IF HE'S PEPPY

If, on the other hand, he has no trouble arising brightly and full of pep, maybe you can permit him to stay up a little later at night.

I hope I don't have to caution you not to permit the children to get excited just before they go to bed. This means no exciting play or television programs (I'll have more to say about this in a future column) and no strenuous homework.

Usually there is plenty of time for homework after school or supper. Ordinarily, there is no reason for delaying homework until just before bedtime.

DURING PUBERTY

As the child enters puberty, the growth spurt makes great demands upon the body. Adequate sleep is just as essential as adequate food to maintain proper growth and general health during this very demanding period.

In some cases, it might be a good idea to have the child himself help set bedtime rules. This is especially advisable with older children. It doesn't seem to be such a dictatorial rule when the children help work it out.

The final decision, however, is up to you. And don't let your children forget it.

QUESTION AND ANSWER

E.D.: If a person has high blood pressure, does that mean that hardening of the arteries exists, or vice versa?

Answer: High blood pressure may exist without hardening of the arteries, but if this condition persists for a long period of time, hardening of the arteries usually follows.

GUIDES PREPARE JUBILEE PROGRAM

SOUTH SLOCAN — The Bonnington-South Slocan Girl Guide company is busy preparing a program to be presented to the public in May, commemorating the golden jubilee year.

They are perfecting a flag drill, as well as semaphore drill, directed by leaders, captain Mrs. Axworthy and Lieut. Mrs. Nasmyth.

During first aid instruction, the Holger-Neilson artificial respiration method was demonstrated and practised, as well as signs and symptoms of and treatment for shock.

A Thinking Day ceremony was held at the close of a recent weekly meeting, with Guides in horseshoe formation, each holding a blue candle and yellow cup cake, the candles being lit while repeating the Guide Law and placing Friendship Fund pennies on a cardboard trefoil, made by Guide Penny Baker.

The meeting closed with campfire and refreshments consisting of cup cakes and Guide birthday cake. A discussion of summer plans took place.

Milk Production Reaches Record

OTTAWA (CP) — Milk production reached a record 18,191,963,000 pounds in 1959, the Bureau of Statistics reported Thursday. This was a rise of 0.8 per cent from 18,0[illegible],333,300 pounds in 1958.

Production reached an estimated 1,065,000,000 pounds in January, almost three per cent above the 1,035,331,000 total for January 1959.

Last December's production [illegible] cent above 1,114,94,000 in 1958.

The 1959 production by Western provinces with 1958 totals in brackets: Manitoba 1,139,536,000 (1,160,223,000); Saskatchewan 1,337,[illegible] (1,355,152,000); Alberta 1,5[illegible] (1,545,156,000); and British Columbia 839,887,000 (805,643,000).

TOPPER — The film "Ben-Hur" inspired this London creation, a pillbox hat in green satin, banded with velvet and embroidered. The chiffon veil is optional.

New Denver

NEW DENVER — Mrs. C. Patten, who spent the winter months with her brother-in-law and sister, Mr. and Mrs. George MacNaughton, has returned to Armstrong, B.C.

A. R. McGorman of the University of British Columbia, is visiting his home here.

Miss Faye Elliott has left for Calgary, accompanied to Nelson by her parents, Mr. and Mrs. Percy Cutler.

Mr. and Mrs. H. P. Gilroy left for a month's holidays in Palm Springs with friends from New Westminster.

Nutrition Experts Sure Potato Not Fattening

By EDNA BLAKELY
Canadian Press Staff Writer

TORONTO (CP) — Figure-conscious Canadians have been assured that potatoes—in reasonable quantities—are not fattening.

Nutrition experts of the federal agriculture department say a medium - sized potato supplies 100 calories, a small percentage of the 2,400 calories required daily by a moderately-active woman.

Since the potato is an important source of many nutrients, what better way could there be to make up some of the missing calories than to have an extra serving of potatoes every day? That's the question the experts present.

LONG HISTORY

The potato industry in Canada dates back to 1623, when Acadian settlers at Port Royal, N.S., grew a small patch from a barrel of potatoes they received from the captain of a trading ship.

Since then the potato has become the second most commonly used food in Canada. Milk is first. During a recent 19-year period Canadians averaged 193 pounds, nearly 600 medium-sized potatoes a year.

It is the only vegetable specifically named in Canada's food rules—at least one serving a day is recommended.

For utmost food values, potatoes should be cooked either with the skin on, or skinned as thinly as possible.

POPULAR RECIPES

For potato frosted meat loaf, prepare your favorite loaf using 1½ pounds meat in a pan 8½ by 4½ by 2½ inches. When baked, invert in a shallow baking pan.

Combine three cups of mashed potatoes with two or three tbsps. chopped parsley and spread about one inch thick over the top and sides of the loaf Place under the broiler or in a hot oven (425F) until the surface is lightly browned. This usually takes five to 10 minutes. Yields six servings.

Here's a Hungarian-style recipe for potatoes and sour cream: 4½ cups diced raw potatoes in cubes; ¼ to ½ cup boiling water; 1 tsp. salt; 4 tbsps. melted butter; 1¼ cups sour cream; ½ tsp. salt and paprika.

Cook the potatoes in boiling salted water for three minutes then drain. Add butter. Cover and cook over medium heat until potatoes are tender, about 15 minutes, stirring gently to prevent sticking. Add sour cream, ½ tsp. salt and simmer five minutes. Sprinkle with paprika and serve at once. Makes six servings.

CANDY POTATOES

Potatoes can even be made into candy. Ingredients are: 1 medium potato, 1 tbsp. butter, ¼ tsp. almond flavoring; 3 cups icing sugar.

Boil potato with the skin on until tender. Remove the skin and mash thoroughly. Add butter and beat until light. Add almond flavoring and icing sugar in small quantities, working it in thoroughly with the fingers. When all the sugar has been added, knead on a board until smooth. Form into balls which can be used for dipping, then dip into melted chocolate. The candy can also be placed between two walnut halves or used as a stuffing for dried fruits or candied cherries. Makes about one pound.

Bride Feted at Invermere Prior To Marriage

INVERMERE — Miss Louise Solinger was guest of honor at two bridal showers prior to her marriage last Saturday in Calgary to Mr. Elmer Raven.

Fellow staff-members at the Imperial Bank were co-hostesses at a shower held at the home of Mrs. William Nicholson, and a second shower was held at the home of Mrs. Joe Fuller, with co-hostesses Mrs. E. C. Phillips and Mrs Fred Foyston.

At the latter event, gifts were presented to the honoree in a miniature road grader.

Boswell Notes

BOSWELL — Mrs. W. Milligan of Drumheller is guest of her parents, Mr. and Mrs. Alex Mackie.

Mr. and Mrs. Dick Clement and four children of Chapman Camp visited Miss G. L. Abbott over the weekend. Miss Abbott has had as guests also her brother-in-law and sister, Mr. and Mrs. Ira Foster of Castlegar.

SPEAKER — "The Power of Prayer" is theme of a message to be delivered to women of nine Protestant churches who will join in the World Day of Prayer service at Church of the Redeemer this afternoon at 3 p.m. Mrs. H. B. Eggleton, guest speaker, has spent the past 33 years with her husband in the West Indies as a missionary, and has chosen this theme to fit in with the world-wide Day of Prayer thought "Labor together with God."

WOOD STOVES

Wood and coal was used for cooking purposes in 19.5 per cent of Canadian households in 1959, compared with 22.2 per cent in 1958.

What Are Young Feet Made of?

There's plenty of fashion news in the shoes Canada's young will wear this spring, from teenagers down. Starting with the teen's, it's hard to tell sometimes where Mother's patterns differ from Susie's in some categories, always excepting the higher, slimmer heel heights, and the finely pointed toe. — Susie's are slimly tapered or mildly pointed, depending on the occasion.

Because of the fashion development in shapely "little" heels such as the Queen Anne, squash, etc., it's possible that teen-age girls are going into heels as opposed to flat types, a little faster than was the case a few years ago. Certainly, it is making the transition to a little higher, slimmer heel for dress-up and party wear at sixteen and seventeen much easier.

While the leather moccasin with trimmer, neater lines is still seen, there is the widest possible range of smart, wearable and colorful little ghillie ties, pump ties and pumps with mildly pointed or tapered toes, in both smooth, and suede leathers, as well as pearlized finishes for dress-up. The lovely pearlized leathers have been used to make little girls' party pumps. Little cutouts give a more opened-up look as in women's.

The big news in the easual shoe category for all ages is, of course, the unlined, low cut, soft and flexible boot, seen in both smooth leather and suede, for both boys and girls. Color runs from the bone and beige, brown, green, red and grey in girls' and in boys' there's also the same wide range. It's the perfect partner with skirts, slacks or Bermuda shorts for lightly footing it around outdoors.

Drop in and see our wide selection for the teenager.

Winter Quickens Work On Saskatchewan Dam

OUTLOOK, Sask. (CP) — The bleak banks of the South Saskatchewan River are being carved away in 36-ton bites despite the usual steel-snapping prairie winter.

Winter, if anything, has quickened work on the $182,000,000 irrigation dam being built near this town 60 miles south of Saskatoon.

One-tenth of the project is expected to be completed by the end of the month, progress which satisfies Prairie Farm Rehabilitation Administration engineers and contractors directing the work.

Last fall, things weren't so promising. Machinery was bogging down in muck as unseasonal rains pelted down. There were costly delays.

AIDED BY WINTER

With the arrival of winter, engineers found that the hard glacial till of which the river banks are composed crumpled comparatively easily when frozen. Normally tons of dynamite would be required to loosen the earth.

Huge tractor scrapers, each pushed by two giant crawler tractors, are scooping 36-ton chunks from the brittle banks.

Even at this rate, it's not a fast job. On the east bank, 7,500,000 cubic yards of earth are being moved and on the west bank, 18,000,000 cubic yards. The work on the embankments is costing $10,000,000.

The earth will form part of a 210-foot-high dam, 2,600 feet wide at the base and 60 feet wide at the crest.

DOWN TO FOUNDATION

Since construction began last year, more than $9,000,000 in other contracts have been let and completed. These involved pushing the soft channel soil aside to allow the dam to be built on a more solid foundation.

Within 10 years the dam will back up a 140-mile-long lake with a 500-mile shoreline. It will be 25 years before the full irrigation potential is realized on 500,000 acres of dry farmland—known as the dust bowl in the 1930s—surrounding the site.

An estimated 500 men, their faces burned brown by the wind and sun, are on the winter work. The project will absorb 1,500 to 2,000 men in the spring and summer.

TEMPORARY BRIDGE

The main tasks of the labor force now are to operate the machines that move the earth and to build an 800-foot construction bridge across the river.

The channel was 2,000 feet wide at the site but it has been narrowed since contractors began laying the earth core of the dam.

Though primarily an irrigation project, the dam will have hydro-electric turbines capable of generating 375,000,000 kilowatt hours of power annually. Its shoreline, a two-hour drive from the main populated areas of Saskatchewan, is expected to become a resort area.

New Brunswick MP Criticizes James Coyne

HALIFAX (CP) — The Chronicle - Herald quotes J. C. Van Horne, outspoken New Brunswick member of Parliament, as saying the Diefenbaker government should have fired James Coyne, Bank of Canada governor, when the Progressive Conservatives came into power in 1957.

Mr. Coyne "is more guided by Washington than by the needs of the Canadian people," Mr. Van Horne, Conservative member for Restigouche-Madawaska, said in a radio address prepared for broadcast over New Brunswick radio stations Wednesday night.

The paper says Mr. Van Horne attributed the current tight-money situation to the Bank of Canada and said it is "worse now than when the Liberals brought it in."

He was critical of the Canadian trade situation. "This country's share of world trade dropped badly last year," he said. "Because of this and the tight-money policy small businesses are failing."

He said maintaining the Canadian dollar at a five-per-cent premium over the United States dollar was "stupid." Every trading country except Canada accepted U.S. currency at par.

Conservatives had the remedy for a better Canada when they were in opposition but "lost it" when they crossed to the government benches, he said.

"We've been in office for three years and we haven't taken over yet. Liberal experts still run the show and they run it in a way best calculated to bring about our defeat at the earliest possible election."

Britain's Small Counties On The Warpath

OAKHAM, England (Reuters) Folks hereabouts are fuming over a heartless plot hatched by bureaucrats in London to do away with England's four smallest counties.

A special government commission advised in a report released Tuesday night that Rutlandshire, Huntingdonshire, the Isle of Ely and the Soke of Peterborough should be swallowed up by big neighboring counties for administrative purposes.

But the people living in the pastoral peace of this west-central English district have made it clear that they will not give up their ancient status without a struggle.

The views of some 20,000 country folk living among the rolling hills of Rutland, tiniest of England's 43 countries, were put by chief magistrate David Davenport-Hanley here in Oakham, the county town.

WON'T GIVE IN

"The people of Rutland will right to the last rut," declared Davenport-Hanley. (Rut is really an old English word meaning red.)

The Isle of Ely's council chairman, T. W. Anthony, scorned the proposals as "impracticable."

The Ely area gets its designation "isle" from the days when it was swamp and fenland. Now drained, it is rich fruit-farming land.

The commission, set up two years ago to streamline regional government, proposed a series of administrative changes throughout central England.

Most drastic of the proposals called for the merging of Huntingdon, Ely and Peterborough with Cambridgeshire to the south, creating a new county of 320,000 people. Rutland would vanish inside neighboring Leicestershire.

WHIPPED WIFE

TORONTO (CP)—Andrew Geddes, 32, father of three who admitted whipping his wife with a dog chain, was sentenced Wednesday to 10 days in jail

SHE LOST HER DRAG — Tidbits, which are normal to an appealing dachshund, have been missing lately for Princess, whose problem of overweight put her on a special reducing diet in Park Ridge, Ill., a northwest Chicago suburb. After three months of diet, the pet of John Delke, faces 1960 in normal fashion, top. Below, as she appeared late in November when she was also a Wirephoto subject.—AP Wirephoto.

Your Individual Horoscope

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

For Saturday, March 5, 1960

MARCH 21 to APRIL 20 (Aries) —Mixed planetary vibrations, suggest vigilance. Don't lose temper or be oversensitive. Personal behaviour, money matters require cautious treatment.

APRIL 21 to MAY 21 (Taurus)—This day's stars present mostly happy tendencies, so with moderation and good sense, you can avoid extremes to drive ahead in finances, private interests. CARE in dangerous tasks.

MAY 22 to JUNE 21 (Gemini)—Your creative gifts, legal and other written matters are favored — with your verve and ambition in full swing. Do your best now!

JUNE 22 to JULY 23 (Cancer) — You can get ahead in your endeavors by applying your intelligence and talents well now. Don't dally over unimportant matters; day stresses attention to the urgent.

JULY 24 to AUGUST 23 (Leo) — Speed is not necessary to achieve best results, but rightly alocated effort and doing essentials first ARE important. Maintain good humor, be alert, acquisitive for YOUR interests.

AUGUST 24 to SEPTEMBER 23 (Virgo) — Some things tend to slow up brilliant ideas now so it won't be amiss to go cautiously in signing legal or other significant papers. You can achieve best results if you are serene, tactful.

SEPTEMBER 24 to OCTOBER 23 (Libra)—An inviting day. Familiar activities, industry, mechanics under good aspects. Domestic interests, road-building, engineering, children's affairs rate high.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — Be eager for knowledge; be ready to accept and manage propositions knowing there may be strong opposition. Mental work, domestic interests especially favored.

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — You can show erpert power handling your work or conducting organizations now. Aid drives for humanitasian causes in free time.

DECEMBER 22 to JANUARY 20 (Capricorn) — Stimulating and helpful influences encourage practical matters, sound investments, expanding, renovating, improving. A good day on the whole.

JANUARY 21 to FEBRUARY 19 (Aquarius) — Be usefully busy at forethought in family and other YOUR chores, duties. Exercise close interests. Go forward with courage.

FEBRUARY 20 to MARCH 20 (Pisces) — Influences are good. Benefic rays favor both familiar and new activities. Accept challenges, have faith in your capability. Move head unflinchingly.

YOU BORN TODAY are highly talented, artistic, appreciative of knowledge and are generous in acknowledging others' ability and talents. You may tend to hide your own efficiency and bright ideas, sometimes fearing criticism. Come forward! Many are eager to cooperate with you, would help you to advance. You can succeed well where your special talents prevail.

Strong Move In Britain To Use Decimal System

LONDON (Reuters)—A distinguished band of citizens will try again next month to pull a reluctant Britain into the world of the decimal system.

Reliable sources said Wednesday a special report from leading scientists and industrialists will recommend junking pounds, shillings and pence.

After 21 months of investigation the group estimates the switch to decimal-system coinage will cost £300,000,000 ($534,000,000).

But the investigators sponsored by the British Association for the Advancement of Science, decided the cost would be outweighed by the advantage in decreased bafflement here and abroad.

The present system of sterling coinage is a medieval hangover shillings (or 240 pennies) to the of 12 pennies to the shilling, 20 21s (which don't exist any more); pound.

There are also guineas worth half crowns worth 2s 6d (there are no crowns any more); and a tidbit of copper called a farthing and worth a quarter of a cent.

The stationing of North American troops here during the war didn't help matters. Cockneys call five shillings a dollar.

PAINFUL TRANSITION

The report is understood to estimate the change to decimal coinage could be started after two years—followed by a painful transition period with two kinds of coinage in use and two sets of prices in stores.

The report is expected to conclude that the long-term benefits will be easier calculation and school teaching

One of the methods of decimal coinage recommended is believed to be based on making the 10-shilling note (two of them now equal £1 — $2.67) worth 100 units. But it is thought unlikely the terms "cents" and "dollars" will be used.

The proposal is not new. Parliament was urged to adopt decimal coinage as early as 1824.

Pope Names Japanese and Negro Archbishops Among Cardinals

VATICAN CITY (AP) — Pope John Thursday named seven new cardinals of the Roman Catholic Church, including its first Japanese and first Negro.

Japan's first cardinal is Most Rev. Peter Tatsuo Doi, archbishop of Tokyo. The Negro cardinal is Archbishop Laurian Rugambwa of Rutabo, Tanganyika.

The seven new cardinals named bring the College of Cardinals to 85 members, highest in the church's history. The Pope also named the Philippines' first cardinal, Archbishop Rufino Santo of Manila.

EUROPEANS

In addition to these, he named two Italians, a Frenchman and a Dutch prelate.

These are:

Archbishop Bernard Jan Alfrink of Utrecht, The Netherlands.

Archbishop Joseph Lefebvre of Bourges, France.

Most. Rev. Luigi Traglia of the Vatican Curia.

Most. Rev. Antonio Bacci of the Vatican Curia.

They will be elevated to the purple at a pre-Easter consistory to be held March 28.

The consistory for Cardinals is the third that has been called by Pope John XXIII since he became supreme pontiff of the Roman Catholic Church little more than a year ago, and again underlined his determination to bolster the high senate body of the church to confront modern problems and the vast growth of the church in recent years.

YOUNGER MEN

In making his latest cardinal selections, Pope John continued a practice he set earlier of elevating comparatively younger church officials to the college.

Archbishop Rugambwa is 47 and Archbishop Santos 51. Archbishop Alfrink is 59, Archbishops Doi and Lefebvre both 67, and Msgrs. Traglia and Bacci both 64.

The college now has 31 Italians and 47 prelates from other countries. After the new consistory, it will have 33 Italisna do 52 non-Italians with the following represenation:

France 8, the United States 6, Spain 5, Germany 4, Brazil 3, Canada, Portugal, Argentina and Britain, 2 each; and one each from Belgium, Syria, Armenia, Australia, Ecuador, Cuba, Uruguay, Mexico, Hungary, China, India, Poland, Ireland, Austria, Japan, Philippines, Holland and Tanganyika.

GROWING CHURCH

The pontiff's quick call for the new consistory, following his Dec. 14 consistory when he named eight princes, again demonstrated his intention to deal vigorously with the increasing administrative problems of the church, whose membership throughout the world now nears the 500,000,000 mark.

Naming of the first native Negro cardinal in Africa, where the church has expanded enormously in recent years, did not come as a surprise.

But the naming of a Japanese cardinal was a surprising factor and injected new interest in the colorful ceremonies that will see the elevation of the princes of the church.

Japan's Catholic population is small, and Tokyo, of which the new cardinal is archbishop, has only an estimated 37,000 Catholics in a total population of 11,000,000.

VITAL AREA

The nomination of a Japanese cardinal is considered by Vatican sources to indicate the importance Pope John attaches to the church in the Far East.

Pope John's cardinal nominations now total 38. Of the present 78 members of the college, 31 were named by Pope John, 35 by Pope Pius XII and 12 by Pope Pius XI.

Pope John has set aside the traditional limit of 70 cardinals, set by Pope Sixtus V in 1586.

SPORTS

Carol Appears Certain To Win 5th Title in Row

VANCOUVER (CP)—Carol Heiss, skating 13th among 24 competitors, put on another dazzling free-skating display Thursday night to virtually assure herself a fifth straight world figure skating championship.

The 20-year-old Olympic champion had held a 35-point margin over her nearest competitor after the compulsory figures which count for 60 per cent of the total markings.

Her performance in the free-skating drew such high marks from the nine judges that it was almost impossible for Sjoukje Dyjkstra of The Netherlands or Barbara Roles of Los Angeles, standing two-three after the compulsory figures, to catch her. Miss Dyjkstra and Miss Roles were scheduled among the last six skaters.

Miss Heiss drew near-perfect marks from the nine judges in both general impression and sporting merit, her lowest mark 5.6 of a possible six.

In unofficial figures, her total marks for figures and free-skating were 1696.9.

Ingemar says . . .

No Fight If Money Not In Hand Soon

FRANKFURT, Germany (AP) — Ingemar Johansson said Thursday he is willing to defend his world heavyweight boxing title against Archie Moore, current light heavyweight champion, but "there won't be a fight anywhere if I don't get my money soon for the Patterson fight."

Johansson's share of the receipts from the June 26 fight in which he dethroned Floyd Patterson is being held by the New York Athletic Commission to insure a return bout.

The champion stopped here en route to the Gaza Strip where he will put on a series of exhibitions for UN forces. The return bout with Patterson is tentatively set for June 22 in New York.

"If I win again from Patterson I would certainly like to fight Moore," the champion said.

Five Shuttle Titles at Stake

Annual city badminton championships will be decided Sunday at the Civic Centre when the best of the shuttle players in Nelson fight it out for five titles.

Beginning at 9:30 sharp, all players will be on hand for the draws, to set off play for men's and women's singles, men's and women's doubles, and the mixed doubles.

About 40 entrants are expected in the all-day event which should be finished around 7 p.m.

BANFF MAY GET '68 WINTER OLYMPICS

BANFF, Alta. (CP) — There is an excellent chance the 1968 Winter Olympics will be held at Banff, Mike Guzzell of Port Arthur, president of the Canadian Amateur Ski Association, said Thursday.

Guzzell, fresh from the Winter Olympics at Squaw Valley, Calif., said he had spoken with a number of members of the International Olympic Committee, and found them favorable towar dan application by the Calgary Olympic Development Association.

Canucks Take Third Title in Row

Leafs Move Back Into Second Spot

Down Warriors 5-3; Koehle Notches Two

Nelson Maple Leafs regained second place in the round-robin WIHL playoff series last night by whipping Rossland Warriors 5-3 before more than 600 fans at Civic Arena.

Trail, with first spot seemingly cinched, boasts an unbeaten four-game record for 11 points. Nelson's win last night set Leafs back in the running in second spot after three straight losses. They now have four points. Rossland, who tasted the sweetness of second place only for a short while, is back in the cellar with three points.

Nelson caught fire after the Warriors started a big push for a second win over the Leafs from the opening minutes of the first stanza.

Red lighters for the Warriors were Pinoke McIntyre, George Ferguson and Joe Conn. Nelson marksmen were Garth Lipsack, Dave Stewart, Howie Hornby and Red Koehle with a pair.

First period score ended with Nelson holding a 3-1 advantage over the visitors. They received a 5-2 verdict at the completion of the second session following a series of power plays.

Coming from behind a 1-0 score the Leafs surged back at the rampaging visitors. Sparked by a two-goal effort by Red Koehle, Leafs slammed home five unanswered markers before Rossland was able to break up the searing Nelson onslaught.

Rossland's first markers came at the 4:43 mark of the opening stana. Warriors did not tally until the final seconds of the sandwich session and marked the only third period goal.

STEWART SPARKLES

Dave Stewart highlighted the steady stream of Nelson goals late in the first period. On a rink-wide pass from Carl Cirullo, Stewart let fly with a slap shot from the Warrior blue line. The drive sailed waist-high and slammed into the netting under Warrior net-minder Bruno Forlin's arm.

Red Koehle made both his goals look easy. The first marker came on a pass-out from behind the Warrior net off the sticks of brother Fritz and Howie Hornby. Red Red swung his stick back and scooped the disc in.

Red's second marker late in the second session had the earmarks of similar ease. On a pass off the stick of Hornby that dribbled to the corner of the Warriors' net, Red was made to wait for the dribbling puck before he could poke it in. Goalie Forlin's vision was blocked by a mass of Rossland and Nelson players.

Leafs will be trying for their second win of the "robin" tonight when they travel to Trail to take on Smokies. Trail Smoke Eaters have so far taken two of the three coups from the Leafs. Rossland's victory over the Leafs Saturday night accounted for the third.

Nelson will be obligated to win their full remaining games to qualify for second spot and a crack at the Savage Cup.

Centreman Lee Hyssop did not dress for Thursday's game against Rossland but is expected to be in Nelson armor when they meet Trail tonight.

Lineups:

Rossland — Forlin; Conn, Lucchini, Andrews, Davis, Jones, Ferguson, Desrosiers, Mailey, Demore, McIntyre, Secco, Paolone.

Nelson—G. Koehle; Severyn, Gibson, Stewart, Malacko; Hornby, Lipsack, Maglio, F. Koehle, R. Koehle, Carmen, McClenaghan, Cirullo.

SUMMARY

First period—1. Rossland, McIntyre (Jones, Demore) 4:43; 2. Nelson, Lipsack (McClenaghan, Carmen) 11:16; 3. Nelson, R. Koehle (F. Koehle, Hornby) 12:25; 4. Nelson, Stewart (Cirullo) 14:55.

Penalties—Ferguson, 1:04; Mailey, 13:24.

Second period—5. Nelson, Hornby (Cirullo, Maglio) 9:39; 6. Nelson, R. Koehle (Hornby, Severyn) 17:24; 7. Rossland, Ferguson (Davis, Secco) 19:35.

Penalties—Lipsack, 6:21, Conn, 7:49, 9:55.

Third period—8. Rossland, Conn (Demore, Jones) 14:18.

Penalty—Severyn, 12:51.

Nelson Midgets Swamp Rossland

Nelson Midget Reps came home victors Thursday night, having beaten the Rossland team 8-2 on their home ice. They next take on Cranbrook Saturday evening and Sunday afternoon in Nelson in a total point series and the winner of this set will play Kamloops in another two-game set.

Don Porteous and Tom Shrieves accompanied the 15 boys and Mr. Porteous reported "the boys really played a good game."

Strikes and Spares

Queen's Hotel set a new city aggregate record in Mixed Commercial League bowling Thursday night. They racked up a 3717 scratch to wipe out the Hume Hotel record of 3701, set in 1959.

Other results: Overwaitea 1, Orange Crush 3; Hume Hotel 1, Queen's Hotel 3; North Shore 3, Mc & Mc 1; Savoy Hotel 3, Beatniks 1; Hudson's Bay 1, Bloopers 3; Palm Dairies 4, Bank of Montreal 0.

Ladies' high single and aggregate went to Dot Waterer of Hume Hotel with 344 and 861 and men's high single and aggregate to Pete Fahlman of Queen's Hotel with 314 and 863. Team high single and aggregate went to Queen's Hotel with 1366 and 3780.

Other top scorers were: Lena Koehle, 308; Betty Stewart, 319 and 719; Jo Day 733 and Red Brochu 747.

Ski Slants

By SITZMARK

Our first annual "Frosty Frolic" was a big success in every detail and no one can deny that it was "frosty."

Unfortunately we were a bit late in getting the club championship races started and we did not have time to finish the afternoon fun before the sun went down and the cold drove the spectators and skiers home to warmer air.

Now it looks as though we will get many more weekends of ski fun on the slope — Saturday is the best day for the hill — after a week without being skied the hill gets a certain amount of frost and corn snow on the surface which makes for enjoyable skiing.

Get out and make the most of it. Both lifts will be running on Saturday and Sunday.

We would like to hear from skiers who wish to ski regularly on Monday. So far Monday turnouts have been good one week and poor the next. If enough skiers indicate they wish to ski regularly on Monday it is possible that we could have the big lift operating. However, we have to have the assurance there will be skiers on hand to make it worthwhile. Skiers interested should get in touch with president Jack Bagnall.

This weekend our High School ski team journeys to Kimberley to compete against other schools from B.C., Alberta and the northwestern United States.

We are quite confident the boys will do fairly well. Phil and Pete Engstad, Danny McKimm, Clare Palmer and Tom Ramsay will be making the trip under the supervision of Mr. Engstad, Fred McKim and Bob Heustis.

Don't forget to get out and ski this weekend — the hill is in good shape and the lifts are ready to take you to the top.

Batter Leafs 5-1; Bruins Blank Hawks

By THE CANADIAN PRESS

Montreal Canadiens won their third straight National Hockey League championship Thursday night by whipping the Toronto Maple Leafs 5-1 in Montreal.

Canadiens, looking for their fifth straight Stanley Cup championship, completely outclassed the Leafs, bunching three quick goals in two minutes and 40 seconds of the second period to come from behind a 1-0 first period deficit.

In Boston, Chicago Black Hawks beat the Bruins 2-0, giving Glenn Hall his fifth shutout of the season and the 29th of his major league career.

All four Canadiens forward lines shared in the scoring by Don Marshall, Bernie Geoffrion, Maurice (Rocket) Richard, Ab MacDonald and Dickie Moore.

Billy Harris was the Toronto scorer, tipping in Ron Stewart's shot from the side of the net.

MONTREAL'S 61ST GAME

Canadiens won the league championship—and the Prince of Wales trophy—on their 61st game of the season. They won the title last year in the same number of games and won in 60 games in 1955-56 and in 1957-58.

Leafs, in second place with only eight games left to play and 17 points behind the leaders, have no chance to catch the Montrealers.

Referee Frank Udvari called 17 minor penalties, nine of them against Leafs. Only one figured in the scoring. It was scored by Rocket Richard, his fifth power play marker of the season.

The Marshall - Macdonald-Bill Hicke line, a sort of patched up trio, was the best for Canadians Thursday night, keeping almost constant pressure on Toronto's Johnny Bower whose brilliant goaltending kept Canadiens from running up a higher score.

Marshall's score came at 8:50 of the second period when he tapped in MacDonald's pass out from the boards. Less than a minute later Geoffrion blasted in a rebound from Ralph Backstrom and at 11:30 Richard scored on the power play. MacDonald late in the period scored on a three-on-two rush with Hicke and Marshall on Red Kelly and Tim Horton.

In the third period, Moore's blast slithered through Bower's legs. The Richard brothers picked up assists on the play.

LUMLEY DELAYED BY SNOW

A snowstorm which blanketed the Boston area delayed the arrival of Bruins goalie Harry Lumley and centre Charley Burns while holding the Boston garden crowd to the lowest of the year for an NHL game—9,533.

Pressed into service for the first time since Feb. 4 when Chicago hammered him 7-2 here, alternate Bruins' goalie Don Simmons turned in a sparkling 27-save job of his own. But Hall was the master with his 25-stop effort.

Eddie Litzenberger, who hadn't played since Jan. 17 because of injury in an auto accident which killed his wife, drew his 18th assist when Bobby Hull scored his 36th goal of the season midway through the second period.

The goal temporarily tied him with Boston's Bronco Horvath for the NHL scoring lead. Hull jumped ahead in that race in the final seconds when he assisted Hay on the second goal after Simmons had been pulled from the Bruins' net in favor of a sixth attacker.

Hall twice blocked Horvath's vaunted backhand shot, then stopped Guy Gendron's glast on a breakaway and watched Vic Stasiuk miss on another break in the second period. Hall foiled Johnny Bucyk on a solo dash in the third and Boston lost its final serious bid when Horvath, shooting as he was being dragged to the ice, had a rifle shot deflect off the goal crossbar and hop over the net.

Top Defenceman Known Tonight

Western International Hockey League's "most valuable defenceman" will be named tonight at Trail arena.

Ernie Turner, secretary of the Loyal Order of the Moose at Kimberley, donors of the trophy, will stride out on the ice between the second and third periods to make the presentation.

Mr. Turner will not make any announcement until that time concerning the winner, a policy followed by the LOM ever since the trophy was first put up.

In the past five years winners have been Jack Lancien of Spokane Flyers, Pat Coburn of Trail, Don Fletcher of Rossland, and "Shorty" Malacko of Nelson.

Butterfly Bonspiel Gets Under Way at Creston

CRESTON—The 15th Annual Butterfly Bonspiel is well under way. Opening ceremonies were held in the Civic Centre here Thursday.

Rinks from British Columbia and Alberta have congregated in Creston for the annual affair. Two rinks from Nelson are competing for honors. Approximately 19 rinks are competing.

On Friday, sponsor of the bonspiel, Creston Curling Club, will hold a complimentary banquet to all curlers playing the bonspiel.

Visiting rinks are: Calgary, L. Depue, H. Hayward, S. Dryden, W. Smyrl; Canmore, Miltons; Coleman, Jenkins, Montalbetti; Cranbrook, G. Jealous, E. McKinnon, J. Savarie, J. Grieves;

Dawson Creek, C. Farstad; Fernie, J. Minton, K. Stewart; Foremost, C. Hougen; Golden, M. Burnham, H. Henderson; Prestbye, Linell; Kimberley, S. James; Lethbridge, G. Holte, E. A. Stewart, Mitchell, J. Davidson; Maple Creek, B. Gold; Nelson, A. Waters, F. Farenholtz; Olds, W. Allen, Miller Bros.; Oliver, E. T. Bastien; Parson, W. Henderson; Pincher Creek, Buck Jack; Trail, W. P. Robertson, O. H. Gill, G. S. Ortner, W. Forrest; Taber, R. Petrie.

Thirty Creston rinks entered are: M. McMillan, R. Hanson, L. Pettijohn, A. Speers, P. Robinson, P. Faynor, L. MacKenzie, W. Saliken, K. Vandruff, B. Bishop, R. Hood, A. Sutcliffe, Bud Weeks, W. Eastman, L. Boffey, G. Vigni, L. Rinz, R. McKelvey, R. Allan, J. Salvador, A. Dickinson, Const. Nordich (RCMP), E. Brennan, L. Miller, J. Verkerk, H. Langston, H. Laing, C. Holmes, D. Armitage and Dr. Miller.

ARCHIBALD TROPHY

McKelvey, Creston, won on default from Calgary; Legg 13, Jenkins 6; Vandruff 12, Jealous 0; L. MacKenzie 9, Minton 5; Weeks 15, Burnham 9; James 12, Eastman 2; Miller Brothers 8, Vigne 6; Verkerk 9, Holte 6.

W. Henderson won by default; J. Salvador 8, C. Farstad 7; Spiers 13, Ortner 12; R. Allan 8, Depue 5; Montalbetti 11, Dickinson 5; Savarie 11, Nordich 0.

P. Robinson 12, Stewart 8; Brennen 10, H. Henderson 4; Hougan 14, Holmes 6; Prestbye 10, Smyrl 5; Gold 13, Hanson 7; Laing 10, Buck Jacks 3; W. Robertson 8, Dryden 4; Boffey 11, Waters 8; Hayward 10, Armitage 0.

L. Miller 13, McKinnon 9; Stewart 14, Renz 3; Farenholtz 11, Saliken 9; Gill 10, J. Miller 2; Grieves 11, McMillan 8; Bishop 10, Mitchell 1; Hood 7, Forrest 6; Bastien 11, Pettijohn 10; Fajnor 11, Milton 9; Sutcliffe 11, W. Allen 8; McKelvey 10, Legg 7.

Vandruff 11, Davidson 10; McKelvey 7, Vandruff 6; Weeks 9, McKenzie 7; Miller Brothers 11, James 6; Verkerk 8, Henderson 6; Spiers 13, Salvador 5; R. Allen 11, Montalbetti 4; Savarie 9, Robinson 4; Hougan 10, Brennen 7; Gold 13, Prestbye 4; Laing 9, Robertson 6.

CRESTON REVIEW TROPHY

Jenkins 11, Fowlie 7; Minton 8, Jealous 5; Eastman 8, Burnham 4; Holte 12, Vigne 4; Farstad 8, Rauch 2; Depue 9, Ortner 7; Nordich 8, Dickinson 6; Stewart 18, Henderson 2; Holmes 10, Smyrl 7.

50 Jumpers at Banff Ski Championships

BANFF, Alta. (CP)—An international field of 50 ski jumpers and cross - country experts gathered today in frigid weather for the three-day North American nordic ski championships.

The meet was scheduled to open at 11 a.m. with the 15 kilometre (one mile) cross-country race. Temperatures at this resort town 80 miles west of Calgary dropped to 25 degrees below zero Wednesday night and barely climbed above zero Thursday, keeping most competitors indoors.

The field includes many skiers fresh from the Winter Olympics at Squaw Valley, Calif., but few bug names. Gold medal winners in the nordic events returned home immediately following the Winter Games, leaving the North American race wide open.

Biggest name here is Austria's Otto Leodolter, bronze medal winner in the 80-metre jump at the Olympics.

TOP COMPETITORS

Italy, Austria, West Germany and the United States have sent almost their entire nordic teams, and the entry list includes a number of other top competitors from Canada and the United States.

The 15-kilometre race today is the first half of the nordic combined competition for those after the title of the best in both cross-country and jumping. The other half, the 60-metre jumping, will be held Saturday. The meet winds up Sunday with the 30-kilometre cross-country and 80-metre jumping.

Clarence Servold of Camrose, Alta., second-place finisher in the 15-kilometre event at Squaw Valley, was a favorite until he advised officials he would be unable to appear. His brother Irvin will compete.

Three Canadian Olympic team members have entered the 80-metre jumping. They are Jacques Charland, of Trois-Rivieres, Que., who made Canada's best showing in jumping at Squaw Valley, Gerry Gravelle of Hull, Que., and Alois Moser of Toronto.

Giletti Leads Jackson by Small Edge

VANCOUVER (CP) — Spry young Alain Giletti of Paris opened up a small margin over Don Jackson of Oshawa, Ont., in compulsory figures Thursday in an attempt to beat Jackson for the world figure skating title for men.

Haunted by Jackson's acknowledged superiority in free skating, Giletti used his firmer control in the compulsory figures as the world championships reached the half-way mark.

The title hunt continued Thursday night as the 24 women's singles competitors worked in the free skating patterns to decide the over-all women's champion. Carol Heiss of Ozone Park, N. Y., was well in front after compulsory figures on the way to a fifth consecutive world title.

The men went through three relatively simple compulsory figures Thursday, with the other three being run off today and the free skating Saturday night before the champion is declared.

Jackson, 19, Canadian champion, trailed Giletti at the Olympics in Squaw Valley last week after compulsory figures but outshone the 20-year-old European champion in free skating to win a bronze medal.

According to unofficial calculations—the official totals were being withheld until today—Giletti earned 291.0 points in the first three compulsory figures here, 9.3 points more than Jackson.

Norbert Felsinger of Vienna, the sturdy Austrian champ, was pushing Jackson with 279.0 points, followed by Alain Calmat of Paris with 275.1.

Nelson Midgets Going to Silverton

The Canadians midget team from Nelson will be travelling to Silverton Saturday to play an exhibition game with Silverton Midgets.

Game time is 2:30 p.m.

Butter, Cheese Stocks Higher, Eggs Lower

OTTAWA (CP) — Butter and cheese stocks held in nine Canadian cities were up at March 1 compared with a year earlier but egg holdings were down substantially, the bureau of statistics reported Thursday.

Stocks of creamery butter totalled 45,806,000 pounds against 31,261,000 a year ago. Cheddar cheese amounted to 20,341,000 pounds against 18,420,000.

Holdings of cold - storage eggs declined to 49,000 cases from 131,000 a year earlier when the government still supported the egg producer by its offer-to-purchase system at a floor price. This was ditched last Oct. 1 in favor of deficiency payments and stocks declined under disposal arrangements for the big surplus.

The government still buys up cheese and butter sold at a floor price on the open market. In the case of cheese, export demand has been good but production has increased as well and the current rise in stocks represents largely non-summer cheese which has little export demand.

PARKING REVENUES UP

CALGARY (CP) — Revenue from parking meters and other city parking facilities swelled Calgary's income by $388,000 in 1959, assistant city treasurer H.G. Arscott said Wednesday. The total was about $34,000 more than in 1958.

Yesterday's Answer

DAILY CRYPTOQUOTE — Here's how to work its

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

T M I U N M H G W O I K T H S N, M C S K T H S N W O I K A C S — W O I E G H.

Yesterday's Cryptoquote: HIS BARK IS WORSE THAN HIS BITE—HERBERT.

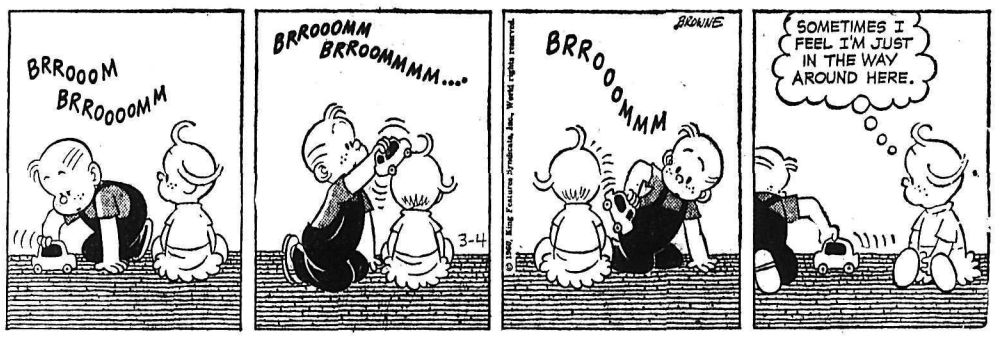
TIMBER SALE X82227

There will be offered for sale at public auction, at 10:30 a.m. Local Time on May 2, 1960, in the office of the Forest Ranger, New Denver the Licence X82227, to cut 6,081,000 cubic feet of spruce, hemlock, cedar, balsam, fir, white pine and larch trees and trees of other species on an area situated on Crown Land on Shannon Creek, Kootenay Land District.

Eight (8) years will be allowed for removal of timber.

Provided anyone unable to attend the auction in person may submit a sealed tender, to be opened at the hour of auction and treated as one bid.

Further particulars may be obtained from the Deputy Minister of Forests, Victoria, B.C.; the District Forester, Nelson, B.C.; or the Forest Ranger, New Denver, B.C.



PUBLIC NOTICES
(Continued)

GOVERNMENT OF THE
PROVINCE OF
BRITISH COLUMBIA
DEPARTMENT OF
RECREATION AND
CONSERVATION

NOTICE TO CONTRACTORS

SEALED TENDERS, endorsed "TENDER FOR CONSTRUCTION OF A WORKSHOP IN WASA LAKE PROVINCIAL PARK NEAR KIMBERLEY, B.C.," will be received by the Deputy Minister of Recreation and Conservation, Parliament Buildings, Victoria, B.C. up to 3:00 p.m. on Thursday, the 31st day of March, 1960, and opened in public at that time in the Deputy Minister's office.

Plans, specifications and conditions of tender may be obtained, on and after March 4th, 1960, from the Provincial Parks Branch, 544 Michigan Street, Victoria, B.C., or from the offices of the Government Agents, Court Houses, Nelson and Cranbrook, B.C., on deposit of the sum of $25.00 for each set, which will be refunded upon return of the plans, etc., in good condition within a period of one month of the opening of tenders, except in the case of the successful tenderer where the plans deposit is not refundable. Plans and specifications will also be on view at the offices of the Building and Industries Exchanges, 342 West Pender Street, Vancouver 3, B.C. and 816 Wharf Street, Victoria, B.C.

Each tender must be accompanied by a bid bond in the amount of not less than 10% of the tendered price, payable to the Minister of Finance. On award and signing of the contract, the successful tenderer shall furnish a performance bond equal to 50% of the contract price.

Tenders must be made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed for mailing or delivery in the envelope furnished. The tenderer shall not add any identifying marks on the envelope.

No tender will be accepted or considered that contains an escalator clause or any other qualifying conditions, and the lowest or any tender will not necessarily be accepted.

Site inspections may be arranged by contacting Mr. E. A. McGowan, Engineer, Engineering Section, Provincial Parks Branch, 544 Michigan Street, Victoria, B.C. (Telephone: EV 2-6111, Local 2495).

D. B. TURNER,
Deputy Minister.
Department of Recreation and Conservation,
Parliament Buildings,
Victoria, British Columbia.
February 26th, 1960.

AUCTION SALE
Timber Sale X82167

There will be offered for sale at public auction, at 10:30 a.m. Local Time on 4th April, 1960, in the office of the Forest Ranger, Cranbrook, B.C. the Licence X82167, to cut 568,000 cubic feet of fir, larch, spruce, balsam, cedar and lodgepole pine trees and trees of other species on an area situated on Crown land on Tepee Creek, Kootenay Land District.

Seven (7) years will be allowed for removal of timber.

Provided anyone unable to attend the auction in person may submit a sealed tender, to be opened at the hour of auction and treated as one bid.

Further particulars may be obtained from the Deputy Minister of Forests, Victoria, B.C.; the District Forester, Nelson, B.C.; or the Forest Ranger, Cranbrook (R.D. No. 4), B.C.

U.S. Ambassador Supports German Spanish Bases

BONN, West Germany (Reuters) — U.S. Ambassador Walter Dowling Thursday supported West Germany's quest for military supply depots in Spain, provided other NATO countries agree.

Speaking at a Foreign Press Association luncheon, Dowling said it made no difference whether the German bases were in Spain, France, Britain or other NATO countries.

Already there have been talks within NATO on the possibility of establishing West German bases in Britain, he said.

(In London, an informed source said Germany had expressed interest in supply bases in the U.K. but the source said British representatives noted that Britain is a crowded island. The foreign office declined direct comment.)

The ambassador was questioned at length on the reported disagreement with West Germany on the plan of Defence Minister Franz-Josef Strauss to set up supply depots in Spain.

He said:

"We agree on the necessity for supply bases in the rear. So far as we personally are concerned it does not matter if they are in France, Spain, Portugal, the United Kingdom or the Low Countries. If NATO agreed they might be in Spain, we have no objection."

A correspondent asked what precisely was the disagreement between the United States and West Germany on the bases issue and Dowling replied:

"We think this should have been discussed in the first instance in NATO. The German government felt they should have something more concrete to discuss in NATO before they brought it up. I think that is a fair statement."

JUDGMENT RESERVED

EDMONTON (CP) — Chief Judge Nelles V. Buchanan Wednesday reserved judgment on an appeal launched by Suburban Publishers Limited and Coin Lauderall Limited, against a conviction under the Lord's Day Act. The firms, under the same ownership were convicted of having their business premises open for public services on Sunday Oct. 25.

Advise Family Doctors To Look For More Than Germs

MONTREAL (CP) — Family doctors were told Wednesday to remember that patients go to them not only with damaged bodies but also with broken hearts and lacerated consciences.

Dr. David Lander, a general practitioner from Black Diamond, Alta., south of Calgary, urged other family doctors to look for something besides a germ as the cause of illness.

Look, he said, for a nagging wife, a dominating boss, infidelity, a broken home, marital incompatibility, loss of face or prestige.

Unhappiness causes headaches, heartaches, backaches.

"To use a simple term," said Dr Lander, "we could say that people suffering from phychosomatic illness have a caught-in-a-trap disease"

FIND OUT WHY

Dr. Lander, explaining the role of psychosomatic medicine in general practice, told some 600 family doctors at a convention lecture how to look into some emotional illnesses:

"Good office phychiatry consists in more than just prescribing phenobarb and tranquillizers. It consists in going into the patient's background and showing why he is sick or why he may want to be sick or why he may have to be sick.

"We know that illness makes us unhappy. Now we have come to realize that unhappiness will make us ill. This new concept explains the complaints of probably half of the people who come to the general practitioner's office.

Emotions can cause pain—real pain and, to the patients, real ailments, said Dr. Lander, who received the Canadian Mental Health Association's award for his work in the field of mental health in Alberta three years ago.

WIFE TO BLAME?

As one example, he pointed to the upset husband with an ulcer—largely caused because he went home each night to a wifely dish of cold shoulder and hot tongue.

"I think the treatment of ulcers can be divided into two parts—one-third diet and two - thirds peace of mind. It is not what you eat that causes ulcers, but what is eating you."

For youngsters suffering acne at puberty, Dr Lander proposed a treament of "socializing them."

"Teach them how to mix, to dress, to wear clothes properly, to dance and to develop poise and this treatment is more effective than all the ointments combined," he said.

He spoke at the national scientific convention of the College of General Practice of Canada, a medical organization of some 1,900 family doctors in Canada.

MOTORISTS MUST PAY

VANCOUVER (CP) — Police said Wednesday that 166 cars still bearing 1959 plates were ticketed Tuesday. New Westminster police reported 50 cars ticketed and other areas reported smaller numbers of offenders. Usual fine is $20.

Odds... and Ends

... by M. D. B.

I think someone ought to have it out with that prevaricating groundhog. As I recall, February 2 was a dull miserable day when even the sharpest-eyed groundhog couldn't have seen his shadow. Had he seen it, it would then have followed we would have six weeks more winter. As I see it whether he sees his shadow or not on February 2 we are still due for six weeks' more winter, shadow or no shadow, groundhog or no groundhog.

* * *

And now is the time for all oldtimers to drag out that old saw about the lake freezing over in March — what year was it? Now future oldtimers will be able to say, "remember that year the lake froze over around March 2 in '60. And speaking of March — there was no doubt about its being a lion. It's been howling round the eaves, sharpening its teeth on the bridge, lashing its tail and tearing up everything that isn't nailed down. Even the ice that stretches across the lake this side of the bridge bears its teethmarks and the water above the bridge is slathered with the foam from his jaws. Everyone is hoping he will soon tire himself out and take himself off so the spring lamb can have his day.

* * *

My sympathies go out to linemen who have to climb poles and work with cold steel these days. I can imagine no colder job.

* * *

Heard at the bowling alley — "They must be young pins, all they can do is rock and roll."

* * *

One of Nelson's shoemakers was casting a jaundiced eye at some of the stiletto heels he has to repair. "It used to be we just had oxfords and boots to repair for women, but look at this!" He exhibited a pair of pumps with a plastic heel broken off halfway. "What will you do with them?" I asked. He said they send them away to be fixed. Another he showed us had a point about the size of the head of a corsage pin. "How do you fix a thing like that?" he asked shaking his head. I could see the point.

* * *

If you do not hear from me till spring it will be because I have sought out a nice warm bear's cave and am hibernating like a sensible human being.

Life's Like That

SAINT JOHN, N.B. (CP)—Darryl Morrell, 21, attended Sunday school for 18 years without missing a single lesson, passing through a series of children's classes to the adult bible class of which he he is now a member.

Sunday he was to be rewarded for his faithfulness with the presentation of a pin and a book.

But he couldn't make it. His job as a travelling salesman forced his absence.

Eisenhower Dismisses Students' Demonstration

MONTEVIDEO, Uruguay (AP)—President Eisenhower began his homeward journey Thursday from a Latin-Amercian tour marked by huge, enthusiastic crowds and a smattering of anti-United States demonstrations.

The president was in a buoyant mood as he took off for Buenos Aires. There he changed to his Boeing 707 jet for an all - day flight to Puerto Rico and three days of rest before going on to Washington.

Just before leaving, Eisenhower and Uruguay's president issued a joint "Declaration of Montevideo" repudiating all types of anti - democratic actions. They pledged their adherence to the principle of non-intervention in the affairs of other American countries and agreed to use their efforts to increase economic, social and cultural co-operation.

The cheers of millions along the way through Brazil, Argentina, Chile and Uuruguay kept Eisenhower smiling and in high spirits from the minute he reached South America on his goodwill mission 10 days ago.

NOT BOTHERED

Shrugging off the only hostile display that amounted to anything—here in Montevideo Wednesday — he told Uruguayan President Benito Nardone that the jeers of the student demonstrations did not bother him a bit.

The acrid fumes of tear gas fired by police at one group of demonstrators brought tears to Eisenhower's eyes, and spray from fire hoses turned on the students blew across the path of his open car, but he was not ruffled.

The president coughed slightly for a moment and wiped his eyes, but within a minute jumped to his feet, again waving greetings to the crowds, estimated at 400,000.

The president's doctor, Maj.-Gen. Howard M. Snyder, examined Eisenhower's eyes after the episode and reported no injury.

After a speech to the Uruguayan congress, Eisenhower's car took an unannounced detour to avoid the areas where trouble had erupted. Other members of the presidential party whose cars followed the announced route were jeered by groups of students.

NO MAJOR TROUBLE

U.S. secret service agents, who had their fingers crossed when the president left Washington Feb. 22 on his 15,560-mile trip, breathed a sigh of relief that the tour went off without any trouble.

In Brazil, Argentina and Chile Eisenhower brought out the biggest crowds South America has ever seen.

He made no specific commitments of additional financial help but he pledged to work with the hard - pressed Latin - American countries to raise living standards.

And in an implied warning to the Soviet Union, he promised to defend the right of the Latin Americans to choose their own governments without outside interference.

Bank of Canada Slightly Down

OTTAWA (CP) — The Bank of Canada interest rate declined slightly to 4.82 per cent this week from 4.86 last week with the sale of $100,000,000 in 91-day treasury bills.

The rate, an indicator of conditions in the short - term money market, now has held relatively steady for the last three weeks between 4.82 and 4.87 per cent after falling from five per cent on Feb. 11.

The bank rate — minimum charge by the central bank on its infrequent loans to chartered banks — is set at one-quarter of one per cent above the average yield on the weekly sale of 91-day treasury bills.

The bank announced Thursday that $100,000,000 of the bills were sold by tender at an average price of $98.873 for an average yield of 4.57 per cent. The highest yield was 4.60 per cent and the lowest 4.55. Last week the average price on a similar sale was $98.863 for an average yield of 4.61 per cent.

Thursday's bank rate compares with the record high of 6.41 per cent last Aug. 13 and the record low of 1.12 per cent on July 31, 1958.

The government also sold $20,000,000 in 182-day bills at an average price of $97.645 to yield 4.84 per cent. Highest yield was 4.85 per cent and the lowest 4.80. Last week the average price on a similar sale was $97.635 for an average yield of 4.86 per cent.

Next week the government will again offer $100,000,000 in 91-day bills and $20,000,000 in 182 - day bills, more than covering the ing then.

Australia's Year-Round Temperatures Rising

By HAROLD TILLEY
Canadian Press Correspondent

SYDNEY (CP) — Australia is wondering whether the unprecedented tally of deaths in this summer's heat waves is due to changing weather patterns or to atomic fall - out lessening the ability of people to adapt themselves to heat.

Already this summer there have been scores of deaths at all age levels attributed directly or indirectly to high temperatures. Collapses this year are numbered in hundreds.

A geography professor at Sydney University, J. MacDonald Holmes, has warned that Sydney in particular must expect regular 100 degree and higher heat waves in future summers and that this called for a re - gearing of business and private life to meet the new conditions.

He said a study of changing weather patterns indicates that year-round temperatures in Australia are on the rise.

116 DEGREES

Months ago, he publicly forecast that Sydney would have temperatures of up to 116 degrees this summer. Such temperatures were recorded in the metropolitan area in late January.

A Melbourne doctor who has been studying the abnormally high number of deaths from heat in all parts of Australia said hospitals that had seen faithful service for 60 or 70 years now were found inadequately equipped to cope with problems of heat waves.

He made a number of temperature checks on patients and found that in oppressive heat conditions 80 per cent of the people showed an increase in body temperature over the normal. A check at a hospital showed the same phenomenon.

The doctor in a statement to the press said the results of the checks were contrary to normal physiological responses. If the heat - regulating mechanism of the human body had been damaged, the uestion was whether the causative agent was radioactivity.

BIG QUESTION

"Can we look forward to even further deterioration of our ability to adapt ourselves to heat?" he asked.

"This aspect of heat control of the body and its relationship to the assimilation of radioactive isotopes in the body could be a fruitful field for research for our atomic physicists and physiologists."

Gloomily, he added, "there may yet be time to avert a very real catastrophe."

Princess Anne Drives Father's Midget Car

LONDON (AP) — Princess Anne, aged 9, has been learning to drive her father's midget car around the private grounds of Windsor Castle.

The Queen's golden - haired little daughter is still driving slowly and cautiously, but friends report she is shaping up well behind the wheel.

The princess, it seems, has quickly acquired the Royal Family's enthusiasm for automobiles.

Visting American Elmore T. Mackenzie spotted Prince Philip giving the little princess a lesson in Windsor Park at the weekend.

Anne was at the controls of a pale blue midget car with a glass bubble-domed top.

"I must say she drove very carefully," reported Mackenzie. "Whenever anyone on foot came near she stopped and didn't move again until they were safely out of the way."

Minimum age for driving a car on the open highway in Britain is 17. But there is no law against driving on private grounds.

Judge Turns Down Non-Suit Motions In "Fix" Charges

MONTREAL (CP) — Mr Justice Harry Batshaw of superior court Thursday rejected non-suit motions submitted by the defence in the trial of 17 pulp and paper companies charged with conspiring to fix prices paid farmers for pulpwood.

There was one general motion of non - suit and five submitted by individual companies. All were turned down and the trial is continuing.

In dismissing the defence motions, Mr. Justice Batshaw said it is "impossible for me to state in the present case that there is complete and total absence of proof" implicating the companies.

The charges are against Abitibi Power and Paper Company, St. Lawrence Corporation Limited, Spruce Falls Power and Paper Company, Anglo-Canadian Pulp and Paper Limited, Armstrong Forest Company, Canadian International Paper Company Consolidated Paper Corporation, E. B. Eddy Company, Donnacona Paper Company, Gair Company of Canada Limited, Gaspesia Sulphite Company Limited, Howard Smith Paper Mills Limited, James MacLaren Company Limited, Ontario Paper Company Limited, Richmond Pulp and Paper Company of Canada Limited, Ste. Anne Power Company and K. V. P. Company Limited.

DONATE OLD TEMPLES

ROME (Reuters) — The United Arab Republic will donate 2,000-year-old temples to large foreign contributors in a campaign to save ancient monuments which will otherwise be flooded by the Aswan dam project Vittorino Veronese, director - general of UNESCO, told a press conference Wednesday the U.A.R. and Sudanese authorities have agreed to export half the objects uncovered in new excavations so that they can be rebuilt outside Egypt.

March Storms Hurl Wind and Snow On States

CHICAGO (AP)—March storms hurled high winds and staggering loads of snow on the northeastern United States Thursday.

A wind - whipped snow closed schools and roads in the eastern and midwestern states. Ice slowed travel in the southern states. A tornado struck in Florida.

It was the most widespread outbreak of wild weather of a rough winter. Deaths mounted to 24.

Damage to timber and power lines climbed into the millions of dollars.

Snow fell in places as far apart as Portland, Ore., and New York City. It ranged up to nine inches in southern Illinois, to 10 in Missouri, to 12 in the North Carolina mountains and 20 in the mountainous areas of West Virginia.

SCHOOLS CLOSE

Winds with gusts up to 46 miles an hour drifted five inches of snow in Washington, D.C. Automobiles stalled and schools closed. Most flights were cancelled at National airport.

The worst snowstorm of the season shut some highways and most schools in Indiana. Drifts up to six feet clogged highways in the west central section of the state.

Maryland was burdened by up to a foot of snow. Some highways were blocked in West Virginia. All public and parochial schools were closed in Philadelphia.

Gale warnings were posted in New York City, where six to eight inches of snow was expected.

A tornado struck west of Orlando, Fla. At least six persons were injured.

ANTIQUE PRESENT

NEW WESTMINSTER (CP) — Mercury vapor lighting is planned for antique street lamp standards being given the city as a centennial gift. The 100-year-old standards are being shipped here by the City of Westminster in England and if the gas fittings in the lamps can be converted, mercury bulbs would be installed.

AP WRITER LET OUT

UNITED NATIONS, N.Y. (AP) Eastern European sources Wednesday said the Romanian government has ordered the release of Leonard Kirschen, former Associated Press correspondent in Bucharest who has been imprisoned for more than nine years. Kirschen, a Romanian citizen, was arrested in late 1950 on charges of espionage on behalf of the United States and Britain. A Romanian court convicted him of high treason and sentenced him to 25 years.

Michigan Governor Says He's Through

DETROIT (AP) — Governor G. Mennen Williams announced on Thursday night that his 12-year reign as governor of Michigan is ending.

The Democratic governor, the first to serve six straight terms, told a radio and television audience that he would not bid for a seventh term in November.

Williams, 49, said he had made "no commitment for national office," although it is no secret he would happily accept a spot on the national Democratic ticket this year.
