**WEATHER FORECAST**

**Kootenay:** Mostly cloudy with scattered snow showers. Not much change in temperature. Winds light, becoming South 20 in the main valleys. Low-high at Cranbrook 5 and 30, Crescent Valley 15 and 32.

# Khrushchev, Kekkonen To Hold Military Talks

## Finland Struggles to Maintain Neutrality

HELSINKI (AP) — Premier Khrushchev agreed Sunday to meet with Finland's President Erho Kekkonen to talk about Moscow pressure for Soviet-Finnish military consultations.

The cabinet announced the Soviet leader, accepting a Finnish request for an informal meeting, said he would receive Kekkonen at the Siberian city of Novosibirsk next Friday.

It means at least a five-day breathing spell for this little nation—struggling to maintain neutrality in East-West affairs—in the Kremlin's campaign for joint defence talks pegged to an alleged threat of West German aggression in the Baltic.

Khrushchev is on a tour of industrial centres and farmlands in eastern reaches of the Soviet Union, which could explain why he suggested Novosibirsk as the site. That city of more than 750,000 is on the Ob River 1750 miles east of Moscow.

**FINNS HAVE FORMULA**

A source close to the Finnish government said the Finns are determined to keep the talks on a political level and avoid a commitment to negotiate with the Russians about military matters under their 1948 friendship pact.

The political phase could include the fact the Finnish Communist party is unrepresented in the government, though it is Finland's largest. The Communists had the allegiance of 50 of the 200 members of the parliament Kekkonen dissolved last week.

Kekkonen defended the decision to dissolve the parliament and have the people choose a new one next February in a speech Sunday at the southern Finnish town of Jyvaskyla.

"There is no reason to conceal it—because everyone understands it—that we wished to gain time that way," he said. "Perhaps the international situation would have eased, and the worst passed away by that time. But this understandable speculation appears not to have had the intended result."

## World News Briefly

WASHINGTON (AP) — West Germany's Chancellor Konrad Adenauer arrived in Washington Sunday for talks aimed at allied solidarity on negotiations with the Russians — negotiations involving world peace along with the fate of Germany and West Berlin.

TEHRAN (AP) — Press reports said Sunday that several oil gushers are running wild over an area of 30,000 square miles in northwestern Iran.

The fields are near Yailaghol, 95 miles south of the Soviet border.

According to the reports, some of the gushers are on fire.

Iranian oil experts are hurrying to Yailaghol. One unconfirmed report said the ground in several places burst open and oil gushed out.

ALGIERS (Reuters) — Seven Moslems and one European were killed in outbreaks of violence in Algeria Sunday.

Another 34 were wounded, 24 of them when grenades were thrown at crowds outside movie theatres in Constantine and Tiaret, south of Oran.

VANCOUVER (CP) — Two prisoners were brought back here Sunday from Prince Albert, Sask., penitentiary in connection with an investigation into a gangland-style killing here.

Police declined to identify the men brought back by two detectives who went to Prince Albert to question four men who escaped prison with Roderick Chief, 25, whose shotgun-riddled body was found in a shallow grave last week in suburban Burnaby.

## GAS RIGHTS SALES YIELD $4,081,989

VICTORIA (CP) — The provincial government has collected $4,081,989 from the sale of petroleum and natural gas rights on 38 parcels of land in northern British Columbia.

Only once before in the 26 oil and gas sales which have been held has that figure been exceeded and on that occasion a larger acreage was involved.

STATE BANQUET IN GHANA—Queen Elizabeth arrives at a state banquet in her honor at the Ambassador Hotel in Accra, Ghana. At the left is Ghanaian President Kwame Nkrumah. The queen and Prince Philip are on a visit.

# U.S. Stands Ready To Help Balaguer

## Trujillo Brothers Agree To Leave Dominican Republic

By ROBERT BERRELLEZ

CIUDAD TRUJILLO (AP) — President Joaquin Balaguer's liberalized regime apparently won a power struggle with rightist forces Sunday as the United States built up a small force off the coast of the troubled Dominican Republic.

The Dominican president announced that two brothers of the late dictator Generalissimo Rafael L. Trujillo agreed to return to exile after the air force threw its support to Balaguer and beat down scattered army resistance.

Balaguer decreed a national state of emergency — a limited form of martial law — and warned that continued internal strife in the military "could result within the next hours in a foreign military intervention."

The United States stood by to help the Balaguer regime should he ask for aid. Four U.S. warships led by the cruiser Little Rock appeared off the coast and were joined later by eight others, including an aircraft carrier.

The air force declared it would "tolerate no attempt to institute in the country a tyrannical or reactionary regime." Its move, led by young officers, was not carried off without some resistance.

**GARRISON BOMBED**

Reports from Santiago said air force units bombed the town of Valverde before the commander of the garrison there agreed to back Balaguer. There were an undetermined number of casualties.

Balaguer said he was assuming command of the armed forces.

Wild demonstrations broke out in the streets of this capital. Some Dominicans shouted "freedom at last."

Balaguer said the Trujillo brothers, Generalissimo Hector, a former president, and Jose Arizmendi Trujillo, an army general with a large military following, agreed to leave the country.

Their return during the week from a brief exile sparked fears that old-line followers of the late dictator might try to seize power and set up a new dictatorship.

Balaguer said he was abolishing the office of chairman of the joint chiefs of staff, abandoned Saturday by Gen. Rafael L. Trujillo Jr.

Young Trujillo, who has supported Balaguer's so-called democratization program, tried up to the last moment to get his uncles to leave the country again, informed sources said. Some interpreted his resignation as a move to precipitate just what happened.

Young Trujillo was reported heading toward the Virgin Islands in a yacht when the dramatic series of events developed Sunday.

## FIRE SNUFFS THREE LIVES

### Children Die In Basement Holocaust

VANCOUVER (CP) — Three children were burned to death here Saturday in a fire in the Point Grey home of their grandfather, Rev. H. Russell Ross.

Dead are Ian Birchall, 18 months, his four-year-old brother Dennis and Stephen Cowan 2.

Firemen said the youngsters had no chance to escape the flames which swept through the basement where they were playing.

Seven others, including two other children, escaped unharmed.

Mr. Ross said he was drinking coffee with the mothers of the victims, Mrs. Joan Cowan and Mrs. Lynette Birchall, when the fire broke out about 10 a.m.

". . . Lynette smelled smoke and I noticed something coming from the basement door," he said.

"I opened the door and the smoke and heat billowed out," he said. "There was just no way of getting through it."

He said they rushed outside to get into the basement but flames were leaping out of the ground level windows and the rear basement door.

"The heat was awful," said Mr. Ross, minister at Vancouver's First United Church. "By the time we ran outside the children must have been dead."

Fire Chief Hugh Bird said he thought the fire started from the furnace.

## Rockefeller's Son Missing

NEW YORK (AP) — The youngest son of Governor Nelson A. Rockefeller, 23-year-old Michael, was reported Sunday to be missing on an anthropological expedition in a New Guinea area populated by fierce savages.

An official of the Dutch government notified the governor his son and several others were missing on the expedition sent to do research among the Willigiman-Wallalua savages.

The governor was expected to leave his North Tarrytown estate at once in hopes of chartering a plane to fly to the area.

He has been staying at the family residence in North Tarrytown since last Friday when he announced that he and his wife of 31 years had decided to separate and seek a divorce.

Michael, a Harvard graduate, is the only one of three Rockefeller sons and two daughters who is unmarried. He left on the expedition early this year.

The expedition, led by Dr. Robert C. Gardner, reported recently coming upon a tribe of savages whose prestige among their fellow tribesmen is judged by the number of enemies they kill.

NEW YORK (CP) — Governor Nelson Rockefeller left by jet on the first leg of a trip to Dutch New Guinea Sunday night a few minutes before a report reached New York that either his son or the man reported missing with him in a remote part of that country had been found.

## 19-Day Hunger Strike Ended

PARIS (Reuters) — Algerian insurgent leaders and Moslem detainees in France are ending their 10-day hunger strike starting today, a lawyer for the insurgent leaders announced.

The move came after talks between the International Red Cross, the French ministry of justice and representatives of the Moslems. These resulted in the ministry ordering that the detainees be treated under the terms laid down under "regime A."

The ministry claimed that this was fully equivalent to the political status claimed by the hunger strikers.

## NEHRU RETURNS AFTER TALKS WITH NASSER

CAIRO (Reuters) — Prime Minister Nehru of India left by air for home Sunday after a "Little Summit" review of world problems here with President Nasser of the United Arab Republic and President Tito of Yugoslavia.

Indian sources had maintained the talks were merely an informal review of the international scene in general terms but both Yugoslavia and U.A.R. sources said they expected important results.

## Fleming Has De Gaulle Answer

LONDON (CP) — Finance Minister Fleming of Canada flew into London Saturday with a big secret locked in his briefcase.

The secret: France's attitude to British membership of the European Economic Community.

Presumably, Fleming picked up a few pointers in Paris Saturday at a frank and cordial meeting with French President de Gaulle, widely regarded as the man who may torpedo Britain's application.

De Gaulle cancelled a previous engagement to receive the Canadian minister in the Elysee Palace. Fleming said the president gave an "illuminating statement; of France's position on matters at issue in relation to current European trade negotiations.

The unanswered question remained — "Does de Gaulle want Britain, or not."

# Kennedy Warns Against "Crusade of Suspicion"

LOS ANGELES (CP) — President Kennedy Saturday night urged the people of the United States to shun "discordant voices of extremism" that have cropped up amidst the tensions of the cold war.

Instead, Americans should concentrate on strengthening the country against foreign-based Communist threats, building defences to keep "enemy bombers and missiles away from our shores."

With an obvious attack on such groups as the John Birch Society and the private guerilla-type organization, the Minute-Man, Kennedy appealed:

"Let our patriotism be reflected in the creation of confidence rather than crusades of suspicion."

The president for the first time made an apparent answer to criticism levelled at him last month by E. M. Dealey, publisher of the Dallas Morning Herald.

Dealey had told Kennedy at a White House luncheon for a group of publishers:

"We need a man on horseback to lead this nation and many people in Texas and the Southwest think that you are riding Caroline's (Kennedy's daughter's) tricycle."

## Bishops Deplore Moral Decay

WASHINGTON (CP) — The 228 Roman Catholic bishops of the United States expressed their alarm Saturday of deepening moral decay in American society seen by rising crime, greed, prejudice, cynicism and injustice.

In a statement pleading with Americans to preserve "God's moral order as man's standard of action," the bishops said they had to confess, however, "that our national ideal no longer rests upon a foundation of broad and solid popular morality."

"The evidences of our moral decline are everywhere to be seen: In the alarming increase in crime, particularly among the young; in the sensational treatment of violence and sexuality in literature, on the stage, screen and television; in the disclosures of greed and cynicism in government, labor and business; in the stubborn continuance of race prejudice and injustice; in the multiplication of divorce and in the rapid disintegration of the family; in a harsh and pagan disregard of the sacredness of human life concealed under the mantle of science."

## East Germans Seal Up Wall

By GEORGE BOULTWOOD

BERLIN (AP) — Communist East German construction gangs protected by armed troops labored through the night to erect massive tank barriers and seal up gaps in the Communist wall dividing Berlin.

The work continued into the early hours today. It appeared to be the final effort to complete the concrete, brick and barbed wire barricade after more than three months of work.

The construction gangs set to work on at least six points along the 25-mile border separating the Western sectors from the Communist-ruled section of the city.

When night fell, cranes and truckloads of building materials rolled up to the barriers under floodlights and a bright moon. The Sunday night peace was shattered by the din of drills and the clang of metal rails.

The outburst of feverish construction activity appeared to be a show of defiance to demands by Western leaders that the wall must come down as part of any Berlin settlement.

## Paton-Cox Case To Jury Today

By STAN McCABE

BRANDON (CP) — The Criminal trial of Toronto businessmen Hugh Paton and D. Hubert Cox is expected to go to the jury today at the start of its ninth week.

Mr. Justice A. M. Monnin of the Court of Queen's Bench said Friday he will take about 30 minutes to complete his charge to the 12-man jury after court opens at 10 a.m. CST. Then the jury will start deliberation.

Paton, 42, and Cox, 47, are being tried on a five-count indictment concerning their relations with Brandon Packers Limited, of whic hthey took control Nov. 21, 1956. They are arrested in Toronto Jan. 12, 1961 and have since been free on $25,000 bail each.

The indictment says they conspired to steal $460,000 from Brandon Packers; that they conspired to defraud the packing firm of the same amount; that they actually stole or defrauded the company of $448,000 Brandon Packers bond issue in 1956.

## PM Not Telling Election Date

By JAMES NELSON

WINNIPEG (CP) — Prime Minister Diefenbaker, shooting political ammunition in scattergun fashion, left his party executive and campaign organizers guessing Saturday night on the real target date for the next general election.

Some delegates to the one-day private meeting of the Progressive Conservative national executive committee were convinced the prime minister has a June election in mind. But others said they were sure he would wait until the early autumn of 1962, when next mid-summers's economic statistics are expected to show more prosperity.

Senators and members of Parliament attending the meeting, the first of its kind to be held by the Conservatives outside of Ottawa, said it appeared certain now that Parliament will not be called into session until Jan. 15 or 18.

The meeting, drawing about 100 delegates from all parts of Canada, decided the next semi-annual executive session should be held in the spring in Quebec City. No firm date was set, but it likely will be in early April, according to Senator G. S. Thorvaldson (PC-Manitoba), national president.

Next spring's executive meeting will decide whether and when a general party meeting should be held in 1962.

## Church Gets Better Deal in Poland

By GEORGE SYVERTSEN

WARSAW (AP)—Church-state relations in Communist Poland appear to have improved considerably since last summer, when they erupted into open wrangling.

Reports from Roman Catholic and Communist sources Sunday indicate the Communist regime and the Catholic Church are treading softly by mutual agreement on a number of disputes.

These reports said both Stefan Cardinal Wyszynski and Communist party chief Wladyslaw Gomulka have had to deal with some dissatisfaction within their respective camps.

A group of 15 Polish bishops led by Archbishop Antoni Baranfak of Poznan were said to have criticized Cardinal Wyszynski at a recent episcopate meeting in Warsaw for what they called his conciliatory attitude toward Communist authorities.

The Cardinal was reported to have replied with a recital of current understandings reached with the state on the most acute issues dividing them.

These include:

1. The party has decided not to enforce a decree requiring priests to register church catechism classes with state education authorities.

2. The state has pigeonholed proposed legislation that would take church collections for certain purposes out of the tax-free category.

3. The Catholic university in Lublin has been permitted to appeal against a tax bill of about 20,000,000 zlotys (about $416,000) with some hope of a satisfactory settlement.

Meanwhile, anti-religious propaganda has eased up noticeably in the government - controlled press.

UNITED NATIONS (AP) —The Soviet Union and the United States are expected to resume talks this week on the makeup of a committee to negotiate disarmament.

65—Mrs. Mamie Eisenhower cuts her 65th birthday cake in Augusta, Ga., as former President Eisenhower stands by.

## France Bans Demonstrations

PARIS (Reuters) — The government of France Sunday ordered a countrywide ban on all meetings or demonstrations in support of the secret army organization, the right-wing underground movement which is violently opposing President Charles de Gaulle's plans of self-determination for Algeria.

Police Saturday had arrested former right-wing legislator Jean Dides on charges of incitement to murder, incitement to crimes against the security of the state and insulting the president.

**FACE FIRING SQUAD**

MOSCOW (AP) — Three Leningrad residents have been sentenced to die before firing squads for currency speculation, the newspaper Leningrad Pravda said Sunday.

They were identified as R. S. Oiserman, A. G. Kaplun and S. R. Shapiro. Six alleged accomplices got prison terms ranging from five to 12 years. All allegedly pleaded guilty to speculation in gold, foreign currency and valuables.

## Two Church Groups Unite

(CP from AP-Reuters)

New Delhi — two powerful agencies of Christian co-operation, the World Council of Churches and the International Missionary Council, were merged Sunday.

The historic action combines the three basic strands of the church unity movement — missions, worship and service.

It came as followers of many denominations convened in this land of many gods.

A vast procession, representing churches of nearly every kind and country, stepped forth in bright Indian sunlight to launch the world council's third general assembly. There were 35 Canadian delegates.

It was a stirring and colorful cavalcade as believers from around the golbe, clad in their varied dress according to their traditions, marched four abreast to an opening worship service.

**SAY KING ILL**

CAIRO (Reuters) — Mecca radio Sunday night broadcast reports "expressing alarm" at the condition of King Saud of Saudi Arabia. The reports of the Saudi Arabian station — monitored here — did not indicate the nature of the 59-year-old king's illness.

# Russia Plans Manned Moon Trip Next Year

By JOHN MILLER

MOSCOW (Reuters) — Plans have been made for a manned Soviet spaceship to travel around the moon and back to earth early next year, probably in January, a treliable source said Saturday.

An unmarried spaceman-trainee has been named to make the 500,000-mile roundtrip and a rocket ship is built and ready for blastoff at Baikonur, the Soviet launching area 100 miles east of the Aral Sea, the source said.

The trip is designed to study the lunar surface for a future landing of an automatic laboratory that would report back a wealth of data, the source added.

Two such laboratories have been reported built and one may be launched next fall.

**SPECIALLY EQUIPPED**

The manned lunar trip will involve use of an instrument to magnify the moon's surface, greatly aiding in research, the source said.

The source said the instrument was carried in the spaceship of Maj. Gherman Titov last August when he orbited earth for 25 hours, but its existence had apparently not been officially announced yet.

Russia does not appear likely to try to land a man on the moon until 1964, the source said.

Soviet scientists were said to have put off the moon "shot" for some time because an eruption on the sun had contaminated space with radiation.

**BEAT RADIATION PROBLEM**

But the scientists were reported confident they have solved the problem of the spaceship's propulsion and were sure that radiation hazards could be conquered.

The recent Soviet rocket tests in the Pacific were said to have tested the guidance device for the moon spaceship.

The spaceman - designate is a bachelor, unlike his two Soviet predecessors, Titov and Maj. Yuri Gagarin, who last April became the first human in space when he orbited earth in a rocket ship.

Titov's spaceship was reported equipped with enough food and oxygen to stay aloft for 10 days although he returned to earth after 25 hours.

## And in This Corner . . .

**JOHANNESBURG (Reuters) — A 19-year-old youth who for a $70 bet is sleeping for a week with 10 pythons saved his life Friday night by breaking the neck of a snake that attacked him.**

**Darryl Dandridge was reaching for a cigaret when a big python fastened its teeth in his right hand and wrapped itself round his arm and shoulders.**

**He struggled desperately as the python tightened its coils. Suddenly the snake went limp. He had broken its neck.**

**The curator of the Transvaal snake park here, where Dandridge is trying to win his bet, bandaged the wound and Dandridge settled down to sleep. He commented:**

**"I should not have any more trouble. This one tried to bite me on previous occasions."**

VANCOUVER (CP) — Willy the wandering Wallaby wowed the kids but puzzled his owners.

The Wallaby, a species of Kangaroo about three feet high, wandered into a coin laundry in suburban North Vancouver and the kids had a ball while their mothers tended their washes.

Police were finally called and the Wallaby was returned to Stanley Park zoo where officials wondered how he escaped his enclosure and got across busy Lions Gate Bridge without anyone noticing.

## Prepare Now Kiwanis Urged

Families should be working on shelter plans in case of nuclear warfare, Don L. Appleton warned Kiwanis members in his second talk on the subject.

A film, "Let's Face It," showing what happens to a mock town set up for an atomic bomb test in Nevada, illustrated his talk.

Mr. Appleton also passed around the book, "11 Steps To Survival," and urged members to learn the facts about radiation from the more powerful

He said that the five-megaton bomb's effect would be felt for about 150 miles from its centre.

In Soviet Russia, he said, 80 *million people were fully trained* in Civil Defence. Canada would be involved "through no fault of our own" if there was war between Russia and the United States, thus it was important for Canadians to obtain information about preparedness and act accordingly.

Guests attending were Staff-Sgt. Gordon Holmwood, here for the Special Militia Training program; Roy Rookes, president and general manager of International Marble and Stone, Calgary; and David Falconer of Nelson.

*Honeymooners Hurt*

## Highways Slippery Following Snowfall

Slippery highway conditions were fairly general throughout the Kootenay over the weekend, except for the Slocan Valley and Invermere districts, as between one and four inches of snow fell Sunday.

RCMP reported extremely slippery conditions in the Boundary country, but no serious accidents, while Trail was hit by a rash of minor accidents. Several persons were hospitalized with cuts and bruises, but no serious injuries resulted.

Three inches of snow fell in a two-hour period Sunday night in the Fernie district leaving roads slippery but no accidents were reported early in the evening. Traffic through the Pass was light.

*Worst area in the Slocan Valley* was Hills, where icy conditions prevailed. Other sections were sanded where needed.

Kimberley reported slippery roads but little snow. Invermere had no snow on the roads.

A honeymoon couple went to hospital in Cranbrook after their car failed to negotiate a turn on the Wasa road near he Porchdale Junction. The bride was released but the bridegroom remained in hospital.

## New Language Laboratory Studied Here

Watch out students! Big brother is listening.

In a unique language laboratory demonstrated at Notre Dame College, language students listening to a tape recording, can be monitored by the instructor without their knowledge, it was explained.

Officials of Nelson School District No. 7 and instructors from college and high school sat in on a demonstration by Lawrence L. Samuel representing the eastern Canadian manufacturer.

In the laboratory, each student has his own headset and microphone and can listen and repeat the lesson without interfering with other students.

The instructor, operating from a *master console, can monitor* and speak to individual students or the entire group as he wishes.

This feature, enables a teacher to monitor a student's recording without his knowledge.

A foregin language tape is played and the class repeats each word or phrase. When the tape is played back, the student can then hear his own pronunciation, (so can the instructor).

Mr. Samuel said about 30 laboratories has been established in Ontario schools and has recently been adopted by the Toronto school district.

Presently, there are no such laboratories set up in B.C.

## Visitor Here Passes at 78

Ole Pederson Moen, of Tompkins, Sask., died in Kootenay Lake General Hospital, Saturday. He was aged 78.

Mr. Moen and his wife had *been visiting their daughter and* son-in-law, Mr. and Mrs. P. Zacharias of Nelson, when he took ill.

Born in Ringebu, Norway, April 20, 1883, Mr. Moen immigrated to North Dakota in 1903 and farmed there for three years. In 1906 he homesteaded in the Tompkins district and farmed there until 1954 when he retired.

He married the former Caroline Marie Miller at Tompkins Jan. 1, 1912. They were the first couple married at Tompkins. Mr. Moen was a member of the Masonic Order.

Besides his wife, he is survived by two daughters, Mrs. P. (Dorothea) Zacharias of Nelson and Mrs. J. (Margaret) Grodeland *of Edmonton, and three grand*children.

The funeral will be held Wednesday in Tompkins, Sask.

## Gonzaga Trounces Notre Dame 13-5

SPOKANE (AP) — Led by Al Pasqualotto's five - goal splurge Gonzaga University's hockey club took a lopsided 13-5 win over the Notre Dame College of Nelson here Friday night.

Gonzaga, which had won only two games in six starts against Notre Dame, took a commanding first period lead and then bottled up the rebuilding Notre Dame club for the remaining two periods.

Centre Bill Harstead scored four goals for the Zags with Len O'Byrne, Bob Davidson, Gerry Poulin and Don Buckna adding one each.

Bob Patrick scored twice for the visiors. Other Notre Dame goals were by Jim Macko, Don Conroy and Bob Kinahan.

## Barrera Wins Injunction Against Board

An interim injunction was granted Dr. A. M. Barrera in Nelson Friday restraining the Victorian Hospital of Kaslo board of directors from suspending the doctor from practising in the hospital.

Friday morning the hospital board served notice on the Kaslo doctor and by afternoon his lawyer, Michael E. Moran of Castlegar, was successful in obtaining the interim injunction from Mr. Justice J. O. Wilson. Mr. Moran was in Nelson acting on a Supreme Court trial.

The interim injunction is effective until Dec. 4, at which time it is expected the case will be reviewed.

Friday Dr. Barrera charged "discriminatory action" on the part of the board and said there was no sound basis for the suspension. Reason for suspension given, he said, was that Dr. Barrera failed to complete patient records. He said Friday night that his records were complete for 1961 and that Dr. Marion Irwin's records, at the time of his notice, were only half complete of 14 patients handled from last month.

(Dr. Irwin also practices at the hospital. Hearing into charges brought against her by Dr. Barrera was held in Nelson in October. Result of the hearing has not been given).

In July bylaws were signed saying that hospital records would be kept up to date. The bylaw became effective in July, Dr. Barrera stated, and made no mention of records previous to that month. However, he said, his records were all completed for 1961 and he is working on records for 1960.

The doctor's hospital privileges were to have been suspended as of today.

Dr. Barrera stated he asked the board why they had shown discrimination against him when Dr. Irwin did not have her records complete for recent weeks, much less from January, 1961.

"They told me it was none of my business," he stated.

Contacted in Kaslo Friday night, chairman of the board of directors, Ernest Corbett, refused to make any comment.

## Rossland, Trail Curlers Win In Totem Spiel

VANCOUVER (CP) — At least two of the favorites didn't fare too well in the opening rounds Sunday of the Totem Bonspiel. But they've still got another crack at the championship event.

Glen Harper of Duncan, B.C., and Bert Robertson of Edmonton, two skips who have showed up well in many of the six previous Totem curling competitions, were whipped in their first outings Sunday.

However, under the automatic draw system being used by the bonspiel this year, they can lose two games and still make it to the top.

Harper fell in the opening draw to Bill Manahan of Vancouver by a 14-9 score. Robertson, one of three Prairie rinks entered, was beaten 11-9 by Sam Ruda of Vancouver in the second draw. The strong Lyall Dagg rink of Vancouver defeated Jim Dickson of Victoria 10-6.

Three interior rinks were early winners. Buzz McGibnew of Rossland nipped Dana Quinnel of Vancouver 10-9, Mickey Brennan from Trail trimmed F. Howell of Vancouver 17-5 and Joe McKinnon of Kamloops defeated John Martin of Vancouver 11-7.

INSTALLED exalted ruler of Benevolent and Protective Order of Elks in Nelson Saturday was Albert Maida, being congratulated here by Harry Cann of Trail, district deputy grand exalted ruler. James Ray of Trail assisted and a six-member drill team of the Order of the Royal Purple participated. —*Daily News Photo.*

## Important Part Played By Forest, Rotary Told

Trees yield a greater economic return per acre than any other British Columbia crop.

This fact was brought out in an address by W. D. Reith, public information officer of the B.C. Forest Service.

Speaking to the weekly meeting of the Rotary Club, Mr. Reith said the forest industries contribute 50 per cent of the provincial income, more than $738,000,000.

Aside from normal products such as lumber, plywood and paper, Mr. Reith said the industry is constantly striving to create new products.

Unlike any other natural resource, "there need be no waste material from the forest," he said.

He cited such unusual uses for wood as, photogrophic film, plastics, clothing, medicine, cosmetics (hand lotion) and insecticides.

**EVEN YIELDS FOOD**

"Wood can even yield food for man and beast. A mud from hemlock barks helps drill oil wells; bark from Douglas fir can be used in treatment of atomic radiation burns, and an extract from tree seeds can be used in blood chemistry."

"Our forest inventory shows we have 136 million acres of forest land, more than the combined stocks of 12 western states in the U. S."

He warned, however, that no natural resource is limitless, that forests can easily be overcut.

The answer, he said, is sound forest management. "A degree of self-rationing must be imposed, by reforestation, using all suitable land to grow trees and by protecting the crop from fire, insects and disease."

Following his address, Mr. Reith invited questions from the floor.

The Rotary Club will sponsor the Canadian Opera Company's presentation of Offenbach's 'Orpheus in the Underworld' at the Civic Theatre, Dec. 12.

A special guest at the luncheon was C. E. Findlater of West Vancouver, director of the world famous Elgar Choir.

A new member, B. B. Crawford, principal of Nelson Junior High School, was introduced by Gerald H. Lee.

## Jail Terms Given Youth, Creston Man

Robert Edward Welsh was sentenced to five years in the penitentiary Saturday by Mr. Justice J. O. Wilson, on a charge of breaking and entering with intent. Friday he was found not guilty of rape.

Welsh appeared in court on two counts, rape and breaking and entering with intent arising from his entry of a Fairview woman's home in July.

Friday the jury deliberated for one hour before bringing in a not guilty verdict on rape and a guilty charge on the second count against the 19-year-old transient.

John Richard O'Neil of Creston received a three-month jail sentence and his driver's licence was suspended for five years on a *charge of criminal negligence*, causing death. O'Neil was found guilty of the offence Nov. 10.

He was involved in an accident in which T. J. Hoskin of La France Creek was killed.

## Three Areas Seek Next Student Meet

A two-day conference of student council leaders wound up Saturday with three areas vying for the next conference site.

Kimberley, Metaline Falls, *Washington and Cranbrook* submitted bids to hold the next conference in the Spring. All will return to their schools and will talk with principals and administrations. Then arrangements will be made for a vote.

At the next meeting, it will be decided whether or not to form an association of interior student councils.

Discussions brought up at the general meeting included the meaning of school spirit. It was generally agreed that spirit was obtained by two means — organization and recognition of students who contributed to school efforts.

## Elks Officers Installed in Nelson Lodge

Officers of the Benevolent and Protective Order of Elks, Nelson Lodge, were installed in Nelson Saturday afternoon.

Harry Cann of Trail, district deputy grand exalted ruler, assisted by James Ray of Trail, installed the new officers in a ceremony at the Hume Hotel. Six members of the drill team of the Royal Purple, auxiliary to the BPOE, added color to the event.

Albert Maida was installed ex alted ruler, and R. E. Young past exalted ruler. Others installed were; L. E. Blackwell, leading knight; C. M. McNown, loyal knight; R. E. Laidlaw, lecturing knight; Bruce Malcolm, secretary; William Apostoliuk, treasurer; R. E. Pickering, inner guard; W. Jemson, tyler; Robert Fields, esquire; A. W. Moore, three-year trustee; John Niven, two-year trustee; N. C. MacLeod, historian; Leo Lambert, chaplain.

A banquet and dance followed.

## Castlegar Firm Low Bidder On Robson School

CASTLEGAR — P&G Construction of Castlegar was low bidder at $51,630 in tenders for the two-room Robson school, opened last week.

There were five bidders. Another tender was 15 minutes late *and was not opened.*

Other bidders were South-West Construction, Trail, $51,900; Creighton Construction, $54,061; Columbia Builders, $54,981; Louis Maglio, $59,946.

The two-room school will also have an auditorium.

## Salmo Rinks Drawn for Hart Trophy

SALMO — *Salmo Ladies' Curling* Club opened their season with a social and a practice session on the ice Tuesday night.

Rinks were drawn for the Hart Trophy competition and Nov. 21 set for opening play in this competition.

Personnel of the rinks in the order of skip, third, second and lead are as follows:

Maudie Breeze, Olga Stewart, Kay Ridley and Diane Deagle.

Vic Gibbon, Amy Valor, Cecilia Lodder and Carol Breeze.

Grace Grant, Shirley Anderson, Ann Picton and Fran Jacobsen.

Mary Jean Taylor, Ethel Wilson, Ella Johnstone and Evelyn Eberts.

Doreen Fleming, Ann Madaski, Charlotte Berg and Doris Dimock.

Dorothy Kline, Jean McMillan, Hattie Bell and Olga Wasnea.

Helen Parsons, Mabel Dilling, Clair McLeod and Ann Callopy.

Betty Jensen, Lillian Haigh, Vi Bakken and Elvira Traynor.

Spares are Yvonne Gibbon, Marie Gibbon, Bonnie Kraft and Louise Boisvert.

*MANILA (AP)—A Philippine* Navy seaplane crashed on take-off today, killing five of the six persons on board, the constabulary reported. The crash came at Balabac Island, in the extreme southwestern Philippines. The pilot survived.

## Given 10-Year Term; Foul Language Brings Contempt Punishment

*By RON DARLING*

*Supreme Court was thrown into an uproar at* Nelson Saturday as John A. Makortoff of Shoreacres was centenced to 10 years in jail on two bomb-making charges.

Makortoff's sentence was met by wails from Freedomite women and an outburst of abusive language directed at RCMP and the court by Makortoff's father, Andrew Peter Makortoff.

The elder was later arraigned on a contempt of court charge and fined $200, or to spend 60 days in jail in default of payment.

John Makortoff was described as a "potential murderer" by Mr. Justice J. O. Wilson, who in passing sentence, said he did not propose to include himself in the "ranks of persons who think they understand and can solve the problems of fanatics who have for so long terrorized this lovely valley."

**"I can put you for a time in a place where you can make no more of these frightful weapons of destruction," declared the judge.**

When sentence was passed it was greeted first by wails from Miss Mary Moojelsky, a close friend and cousin of Makortoff's, and whose name figured in his *trial as one of three nude Free*domite women who obstructed RCMP during a search of the Makortoff home at Shoreacres.

Makortoff Sr., shocked the court when he shouted unprintable words at RCMP and court officials. After twice calling for order, Mr. Justice Wilson ordered him arrested.

**WIFE INTERVENES**

He was collared by RCMP and taken to the old provincial jail near the courthouse. Another outbreak occurred on the courthouse steps and spilled onto the sidewalk as the man's aged wife attempted to wrestle her husband free from RCMP.

Several other Freedomites, particularly women, shouted obscenities at RCMP and the press as Mrs. Makortoff was restrained and her husband dragged off to jail.

In a rowdy demonstration, women hurled filthy insults at squads of RCMP and city policemen and bystanders alike, charging, "lies, lies, lies!" "We're being treated just like the Christians in the olden days."

"Why don't you print the truth," they shouted at a reporter. "You haven't got enough room in the paper to say all we could tell you."

One officer of the law commented later, "They think they're being arrested because of what they are, but they're arrested because of what they do."

The demonstration on the courthouse steps and sidewalk broke up shortly after Makortoff Sr., was taken to the lock-up.

*Freedomites huddled in little* groups along Baker Street during the afternoon but there were no further outbursts. RCMP reported no trouble Saturday evening at Krestova or during the Sunday prayer meeting.

A half-hour after the incident, the elder Makortoff was brought before Mr. Justice Wilson to face his contempt of court charge. He said he did not want a lawyer and pleaded not guilty.

**SAYS FRAMED**

Taking the witness stand Makortoff insisted his son had been framed and during his testimony charged that he was arrested because "Lambert and Bodnaruk so goofy they couldn't find right man."

He was referring to Staff Sergeant W. G. Lambert and Const. Fred Bodnaruk, who conducted the Makortoff investigation.

Last Thursday Mr. Justice Wilson commended the two police officers for their excellent investigations in the case and their unprejudiced manner of presenting evidence.

Makortoff also accused the policemen of tampering with his property and poisoning his dogs.

His Lordship listened to the man's long rambling speech silently and then convicted him for his "outrageous conduct."

John Makortoff was sentenced to 10 years on a charge of making a bomb with intent, and five years on the lesser charge of making a bomb. The five year sentence is to be served concurrently and does not add to the 10-year sentence.

## Social Welfare Head to Prairies

After 4½ years as Regional Administrator of Social Welfare, W. M. Sanderman will leave Nelson, Nov. 24 to take a similar post in Moose Jaw, Sask.

Mr. Sanderman has expressed regrets on leaving the Kootenay but said his new position with the Saskatchewan government is a step up.

He was born in Boswell, near Moose Jaw ,and joined the B.C. Civil Service in 1953. For two years he was with the child welfare department in Victoria before being appointed to Cranbrook where he served two years. He was sent to Nelson in 1957.

# Home for Handicapped Children At Creston in Planning Stages

The days of November 12 to 24 have been proclaimed the week for retarded children across Canada. Provincial and local branches join with the Canadian Association for Retarded Children, to bring a message of renewed efforts, renewed hope to to the parents of the 540,000 Canadian children handicapped by their retardation and associated disabilities. It is now known that mentally handicapped children often have other physical handicaps, cerebral palsy, deafness, lack of speech, blindness or crippling condition.

In B.C. and to a similar or less extent in the other provinces, es are proving their usefulness special education schools or classin the training of the children who live nearby and can attend daily.

In B.C. there are now 50 day schools, including the large newly built school, now in operation by the Vancouver School Board. This is another "first" for Canada, a special day school built, equipped and now operated by a school board.

Assistant professor at UBC, David McGann, professional consultant to the B.C. Association, has worked continuously to bring helpful advice and assistance to the branches and their schools.

The Dept. of Special Education at UBC is now active with credit-giving courses for teachers in this field, as well as summer school and evening classes.

Recently, Dr. N. A. M. MacKenzie, president of the university, accepted a donation of $20,000 from the Association for Retarded Children of B.C. for the establishment of a centre for handicapped children at the university.

Dr. MacKenzie said, "we feel that providing such facilities is the most important kind of work we can do. We are looking forward very much to this new and very worthwhile project, and will do everything we can to make it a success."

The one large institution, Woodlands Hospital School at New Westminster, with the waiting list of over 600, still holds little hope for parents who need custodial care for their child. Dr. Lionel Kerwood has won high praise for his unceasing efforts, to continue to prove conditions, to bring more activity and happiness to the children in his care.

The hard working group of volunteers in the auxiliary to Woodlands, continue to bring extra needed items and services to the 1700 inmates at Woodlands and Tranquille.

A plea for toys, games and equipment, and good used clothing of every size for the apparel shop, is now being circulated across the province. Items collected for shipment are sent to Nurses Home No. 2, Woodlands Hospital School, New Westminster, B.C.

To the Kootenay families who have children living in Woodlands, the distance to travel, and the extra expense and time consumed, add to their problems.

The Kootenay Society for Handicapped Children plans to build a Home for Retarded, handicapped children, on their new property, close to Creston. The need for this project has been established and approved. There are over 300 retarded children and adults in the Kootenays.

Architect plans are now being made for the first unit, to accommodate 30 young adults of training age, and school age children, and possibly a few beds will be kept for "emergency placement."

Planned for both boys and girls, this is a flexible plan which could be changed, should applications from parents show a change in the numbers, ages or types of children needing admission. The school age group would be for those children too far away to attend one of the seven day schools, which will continue in operation in the Kootenays, also children from other towns or country areas where no one has yet started a Branch of the Society, or established a special class or school. It is expected that the children who live in the home will attend the nearest day school, at Creston. It has been decided to call the home "The Dr. Endicott School" as a tribute to Dr. J. Endicott for his early and continuing work towards this project.

There is much good work to be done in the Kootenays, more parents still need to be aroused to join their voices and hands together in this work. Educators, school board members, doctors and social workers are being asked to speak for, and help to get, the financial aid needed through the service clubs and auxiliaries and the unions. There are enough facts to bring the necessary action and financial aid from the provincial government.

Secretary is H. Keys, Box 209, Kimberley.

**KIDNEY AID FOR RHEUMATISM PAIN**

After 35, many women and men are made miserable by common urinary disorders. Waste impurities and bacteria often irritate the delicate passages from the kidneys. Then you can feel tired, old, nervy and suffer from rheumatic pains, such as backache, aches around joints, sciatica or neuritis. For these troubles, thousands are finding joyous fast help with the urinary antiseptic and pain relieving action of CYSTEX. Then kidneys act well, pains go and sleep is refreshing. You feel younger and stronger. Get CYSTEX from your druggist today and see how refreshed you feel.

# Athalmer Man Legion President

INVERMERE — The 1962 slate of officers for the Royal Canadian Legion Branch 71 will be installed in the new year.

Elected as president at the November meeting was Ronald Bradshaw of Athalmer to succeed Joe Pietrosky of Invermere. First vice-president is Carl Jones and second, Gordon Lake. Aubrey L. Young, treasurer, Oswald Young was elected sergeant-at-arms and Jim Frater deputy sergeant-at-arms.

The branch chaplain is Rev. Rumsey of Invermere.

# Cancer Drive Oversubscribed

INVERMERE — The Windermere District Cancer Society has oversubscribed its 1961 Cancer campaign quota, it was announced by Mrs. L. Newhouser, president and campaign chairman.

The unit has a self-imposed quota of $1000 and the 1961 subscription list totalled $1141. The breakdown follows:

Invermere $389, Athalmer $70.60 with Ronacher's Mill $67.50 in addition, Wilmer $50, The Benches $6, Mineral King Mine $130.50, Edgewater $283.25, Brisco $62, Radium Hot Springs $29, Dry Gulch $6.50, Fairmont $16, Canal Flat $30.45, Windermere, no report; others $45.25.

SPANISH WORDS are coming through the earphones of four Nelson educationists in this language laboratory demonstrated here for city schools. At front are Charles Cutherbert, superintendent of schools, and W. H. Elmes, supervisor of elementary education; at rear are John Mahnic, L. V. Rogers High School teacher, and Mrs. Mary McMillan, Notre Dame College teacher. Each word is repeated aloud by participant, who is also able to play it back and to note his progress.

# Silver Birch Society Elects New Officers

CASTLEGAR — At the November meeting of the Silver Birch group of the Society for the Handicapped, the following new slate of directors was elected for the next annual term:

Mrs. M. Moore, president; J. W. Stokes, first vice-president; Mrs. E. A. Fitzpatrick, recording secretary; Mrs. D. Heibert, corresponding secretary; Mrs. G. Hughes, school director; I. Dergousoff, membership director; Mrs. S. Muirhead, librarian; F. Makaroff, school house committee director; Mrs. S. Lanzarotta, publicity director.

A decision was reached at the meeting to provide a rubber floor mat as well as blackout curtains for the school. Film equipment had been donated some time ago but the teachers of Silver Birch had been unable to use it for the want of the blackout curtains.

A successful Hallowe'en party had been reported as a memorable affair, with parents and directors participating.

Mrs. Hughes reported that in school projects, such things as scrap wool, old-fashioned head type clothes pins and large 150 watt used tri-light bulbs are always needed. The bulbs are covered with papier mache and used as maracas in musical games. R. Goulet offered to set up a collection box for such items during Canadian Retarded Children's Week, Nov. 12 to 24.

Attendance at the regular meetings of directors was urged to gain an insight into the "staggering needs and problems" of the handicapped and their families throughout the country.

Denis G. Ball of South Slocan, left, who drives for Greyhound Lines of Canada Ltd. was presented with a Ruby ring by his superintendent, John Learmonth, in recognition of driving 15 consecutive years without an accident. Mr. Ball has driven most of his miles between Nelson and Penticton.

# Pioneer Trail Hotel Taken Over by Four

TRAIL — Pioneer Trail establishment, the Crown Point Hotel, has been purchased by two partners, E. M. (Ward) Loney and Norman F. Peters.

The hotel has been owned by four men—Mr. Loney, Mr. Peters, Norman Taylor and William Power — since 1958. The latter two have relinquished their interest in the hotel.

The dining room facilities have also been taken over by the partners, Mr. and Mrs. William F. Armson having retired from their operation of this part of the hotel's service in order to devote more time to other endeavors. They have been minority shareholders of the company.

The splitting of the foursome's partnership brings to an end a period of 24 years during which the men had been together. The partnership began on Vancouver Island with three men, joined later by Mr. Peters.

Since then they have operated the Princeton Hotel, purchased in 1949, and the hotel at Merritt. A second hotel, the Tulameen, was also purchased at Princeton. Later the Princeton Hotel was sold and the Crown Point in Trail and the Coronation in Athalmer taken over. Mr. Peters came here in 1950 after sale of the Coronation Hotel.

# Funeral Held At Invermere For H. F. Seymour

INVERMERE — Funeral Services were held here for Hubert Franklin Seymour, 47, who died at Port Alberni. Mr. Seymour was a former resident of Invermere where his wife Hilda died eight years ago. Following her death he was transferred to Terrace.

Born in Big Muddy, Sask. in 1914, Mr. Seymour served overseas in France, Italy and Sicily and married in England before returning to Canada. In Invermere he was employed by the B.C. Power Commission.

Surviving are a son, Douglas, in the navy; a daughter Penelope; his mother, Mrs. J. H. Seymour of Invermere; four sisters, Mrs. Ila Johnson of Invermere; Mrs. Terril Kendall of Baynes Lake; Mrs. Dave Stuart of Spillimacheen and Mrs. A. Pattock of Chicago; three brothers, Lorne and Howard at Invermere and Alvin at Athalmer.

The Rev. J. P. Staniland officiated at the services in Trinity United Church. Interment was in the Legion plot of Invermere and district cemetery. The funeral arrangements were in charge of the Canadian Legion and the Oddfellows.

# Politically Ambitious Head Raids—Byrne

KIMBERLEY — Attending a recent executive meeting of Local 651, Kimberley, J. A. Byrne, former MP for Kootenay East and present candidate, expressed the following views in regards to the recent raids on mine-mill locals by the Steelworkers.

"Having regard to the propaganda of the Steelworkers Union aimed at the destruction and takeover of Mine-Mill and Smelter Workers, I am pleased to avail myself of this opportunity to make my position clear in this matter.

"I have been a member of Mine-Mill since the Union was organized in the Sullivan Mine and as a hard rock miner I know that it brought many of the improvements in conditions and wages which we now enjoy. I am sure the people of Kimberley and District hold Mine-Mill in high regard as a responsible Union which has a fine record, and is doing a fine job for its members and has earned the respect of the whole community.

"In 18 years we have not had one day's lost work due to strikes, and through the process of orderly but effective negotiations won many concessions from Cominco and maintain good labor management relations. As a member of the Union I have been honored by my fellow employees — with election as President of Local 651 — for several terms, as a member of the bargaining committee, a member of the District Board, and delegate to conventions of the union. I know whereof I speak. The union is not controlled by any political party. It is an organization where the membership is in control through democratic elections and by constitution.

"What I say here I stated previously in the House of Commons when I had the honor of representing the voters of East Kootenay for three terms as a Liberal member. While urging all Union members to play an active role in local and national political affairs it has always been my contention that the organization as such should not tie itself to any political party."

"I was president of the Kimberley Local 651 when Steel came first into Trail and Kimberley conducting a raid on the membership some 12 years ago. The bad effect it had on the community as a whole and the strife it caused among the miners and smelter workers is well known. It was then and no doubt still is an attempt by politically ambitious labor leaders to take over the union to serve their purposes.

While accusing Mine-Mill of political dominance they are themselves former leaders of the old socialist parties and prominent sponsors of the new."

Mr. Paterson of Local 651, thanked Mr. Byrne for his interest in this Local and other Locals of Mine-Mill now fighting to retain their identity and bargaining rights and for the welfare of their members.

**NOT ALL KILLERS**

Only about 12 of the 300 species of sharks are considered dangerous to humans.

# RADIUM MAN RESORTS OFFICER

INVERMERE — Hennig Matson, Radium Hot Springs motel operator, was elected vice-president at the 17th annual convention of Auto Courts and Resorts Association held recently at Penticton.

The ACRA annual meeting made plans for visitors coming from the "Century 21" World Fair to be held in 1962 at Seattle. It is hoped to attract many World Fair visitors to resort areas in B. C.

**It takes $90,000 per man to bring you B.C.'s gasoline bargain**

Earle Porter is one of 850 Imperial employees who supply B.C. people with oil products at bargain prices. Take Esso gasoline—motorists throughout B.C. buy it at an average price of $6\frac{1}{10}$ cents a pound. That's a real bargain ...even common table salt costs more per pound. And of the $6\frac{1}{10}$ cents paid per pound for gasoline, two cents is for federal and provincial taxes that provide you with such things as social services and new highways.

To bring you this bargain, since 1951 alone Imperial has invested more than $80,000,000 in B.C. That's more than $90,000 per employee... and this doesn't include wages and other operating expenses which have increased year by year. Yet today, on the average, Imperial gets less for the Esso gasoline it sells in B.C. than ten years ago... and Esso gasoline today is much more powerful than ten years ago.

**IMPERIAL OIL LIMITED...providing low-cost oil energy for British Columbia** Esso

## *Wanted: Candidates*

Nominations for candidates for civic office close on November 27.

At the time of this writing sufficient candidates have come forward for both the aldermanic seats and the mayoralty to fill those offices. Unless, therefore, others come forward before the election date of December these persons will, as the saying is, be elected by acclamation.

The word, though commonly used to describe a case where there is no opposition to a candidate, is entirely wrong. Such persons do not gain their seats through the acclaim of the voters. Instead they are elected by default — the default of others who should contest the seat.

Civic spirit and morale have sunk to a low ebb indeed if there is a lack of candidates for office. A live and virile community always has more than enough candidates in the field — individuals with the courage of their convictions who are really interested in the city and have its good at heart.

Of late years it has become the custom for many candidates for civic office to announce their intention of seeking office at the last moment and to file their nomination papers as close to the closing date as possible. What their intention is in leaving this to the last minute is difficult to see.

On the other hand we may be wrong about this and such candidates may be waiting to see if others better qualified will appear and at the last minute offer themselves for office.

But it is better if candidates have opposition. It is a satisfaction to them if they can point to the election results as showing that the voters approve of them. This is particularly so in the case of the mayoralty. Today we only have Mrs. W. J. Van Maarion in the field as a candidate for this office. There should be others. It will be no great satisfaction to the lady if there is no vote on the matter.

But there is still time for more candidates and a great need for men and women to sink their diffidence and put in their nomination papers. It is far better to have a glut of candidates than no civic contests.

There are three vacancies on council and two on the school board as well as the mayor's office to fill. None of these should go by acclamation or appointment.

## Two Views of Camping

More than 200,000 families pitched tents in Ontario provincial parks last summer — an increase of 46 per cent on the previous year. In the parks of the Ontario-St. Lawrence Development Commission, 30,275 families and groups camped this year, compared with 8600 last year.

There are two ways of looking at these figures. The average citizen will probably see them as evidence of the great success of the public parks system, and of a desirable increase in the healthy occupation of family camping. Tourist resort operator however, view the figures with alarm as a threat to their livelihood.

The Ontario Tourist Courts Association, at a conference in Ottawa, has approved a resolution demanding that the province close its $1-a-night camp sites; lease them to private operators; or raise rates to the price prevailing for private accommodation.

It is easy to sympathize with the resort operators' attitude; no industry wants to face low-cost competition from the government. But it is unrealistic to demand that camp sites which have been bought and developed with public money for the benefit of the public should now be closed, or restricted, because they are proving too popular with the public.

The private operators will have to console themselves with the thought that camping holidays in the public parks are popular with many families and that one of the reasons is that they are inexpensive. If prices were raised, the business would not flow automatically into private hands; many families would simply stay at home and forego a holiday.

Private resorts can best meet competition from the parks by providing facilities — the extra touch of comfort and convenience — which public camps do not offer, for holiday-makers who want and can afford them — *Toronto Globe and Mail.*

## Dull People

The problem students of a university, Dr. Murray G. Ross told opening classes of York University, are those who sit politely in class, do their assignments and everything else expected of them, but refrain from thinking. Such persons, he said, would move into a suburbia of neat houses and gardens, two children per family, and respectable jobs.

"But they will be dull, uncreative people, and I would wish something more for them and for society . . . What do we do with these attractive and co-operative people who have the miraculous capacity to dull their minds, to resist ideas and to use less than a quarter of their mental capacities?"

Dr. Ross wants his students to think; but thinking is a difficult process which has never been popular with the masses of the people, and it is a process against which most of the strong pressures of our society militate. The pressure today is to belong, to conform, to look like the rest of the population and dress like it and possess the same status symbols which it possesses. It is dangerous for a person who wishes to fit comfortably into such a society to think, because thinking produces individuals who stand out from the conforming mass, and may even be rejected by it.

—*Toronto Globe and Mail.*

## It's the Money That Counts

If any company that caters to the consumer wants to know what the so-called "opinion leaders" in the community think about their television advertising, they should swallow hard and then take a look at a new U.S. survey.

It shows that most civic, business and church leaders have a stunningly low opinion of the vast majority of TV ads. There is little reason to think that Canadian TV ads would come off much better.

The bulk of advertisements for beer, wine, cigarettes, cosmetics, shampoos, and toothpastes were rated as poor or, at best, only fair, in the U.S. survey.

Winning top honors for the most disliked ads were those for deodorants, drugs, women's undergarments and household soaps and detergents.

The moral of the U.S. survey is probably this old truth which has been blurred by the insidious togetherheid of modern society: You don't have to be loved to be successful.

—*Financial Post.*

## *Interpreting The News*

By JOSEPH MacSWEEN
Canadian Press Staff Writer

British spokesmen in the United Nations perhaps back the oratorical gifts of Adlai Stevenson but they have a way with the cutting remark in discussing the Soviet Union.

Stevenson, the chief United States representative, is more direct and emotional in his debate with Moscow spokesmen and his role somehow transcends that of a mere ambassador since he is remembered as a candidate for the U.S. presidency.

It was significant that Soviet Premier Khrushchev sat quietly through the speech of President Eisenhower last year but rose to his feet in anger at the subsequent speech of Prime Minister Macmillan.

Lesser British spokesmen are stinging the Russians in the current United Nations General Assembly, notably on the issue of colonialism.

**GRIM GRINS**

British spokesmen also seem to take pleasure in raising strained smiles from American delegates by reminding them that, after all, the U.S. was once a colony of Britain and now is doing fairly well.

Joseph Godber, British minister of state for foreign affairs, told the assembly it was impossible for the Soviet Union to be "ignorant of the fact" that all the 666,000,000 people in the Commonwealth except five per cent will be living in independent countries by the end of this year.

But in the Soviet empire the "wind of freedom" has yet to be felt, Godber said.

In a "deplorable catalogue of oppression," Moscow has imposed itself on more than 112,400,000 people in Eastern Europe and the Balkans.

Godber castigated Soviet delegate S. G. Lapin for saying that the UN trusteeship system in Pacific islands was a colonialist trick. He noted that Russia has control of the Kuriles there.

"It is perhaps pertinent to ask when independence is to be granted to the Kuriles?" Godber said. "These islands were part of the price exacted by the Soviet Union for its nine - day participation in the war against Japan.

"Since their occupation by Soviet forces in 1945 it has been difficult for the outside world to discover what is going on there . . . an ominous Soviet silence surrounds them . . . but it seems that, as in the case of Soviet central Asia, large-scale Russian immigration has been encouraged so that the local population are probably now outnumbered by white settlers of Russian nationality."

Godber didn't mention The Congo, but the current horrors in that former Belgian territory were foremost in the UN when he said there is "no value, indeed there is very great danger, in declaring independence without making the necessary basic preparations.

". . . We cannot share or shift our responsibility."

## *Aunt Het*

My daughter is right. I wouldn't do so much to spoil the grandchildren if I had 'em on hand all the time instead o' just a little while on Sunday.

# Predicts Fur Flying When Kennedy, Adenauer Meet

By HAROLD MORRISON

WASHINGTON (CP) — Qualified American authorities said there likely will be "some fur flying" Monday when President Kennedy and West German Chancellor Konrad Adenauer meet for crucial talks on the Berlin crisis.

They expressed confidence, however, that sharp differences between these tough - minded leaders may be narrowed in a frank two-day exchange where Kennedy is expected to raise questions of whether West Germany intends to pursue a unilateral approach to the Kremlin.

This questioning is based on a continued web of confusion over the real intent of Kremlin discussions between Soviet Premier Khrushchev and West German Ambassador Hans Kroll.

Rather than admonish Kroll for an alleged suggestion of a Berlin solution that did not have the prior support of the West German government, Adenauer sent the veteran German diplomat back to Moscow with the prospect that he will hold further talks with Khrushchev.

Meanwhile, U.S. Ambassador Llwellyn Thompson, who had hoped to be the chief Moscow explorer in talking to the Reds on Berlin, has had his hands tied by a lack of a unified Western mandate, American sources said.

**SEEK AGREEMENT**

Thompson is in Moscow but he hasn't done much exploring. American diplomats had hoped West Germany, France and Britain would renew an earlier agreement that Western views be co-ordinated and that the U.S. continue to be the chief spokesman for the West.

But before the Western foreign ministers could meet for a fresh look at the situation—this won't be done until mid-December Kroll was called to Kremlin to talk to Khrushchev.

Kroll maintains Khrushchev took the initiative to call the meeting. The shock to American diplomats was that they had no prior notice of the talks, were given no chance to co-ordinate views with Kroll and only got a belated briefing of what went on after Kroll's visit had been given to the press.

A further embarrassment to the U.S. was the public announcement by Adenauer that in his talks with Kennedy he will press for an independent NATO nuclear force and will take the position that the wall in East Berlin must come down before there can be an East-West settlement of the Berlin issue.

Kennedy has no intention of agreeing to any immediate NATO nuclear force, fearing that spread of control over U.S. atomic warheads could increase the possibility of a nuclear war.

As for the East Berlin wall, State Secretary Dean Rusk said it was repulsive and he believed the Russians should have every reason for taking it down because it stood as a monument to their failure to gain the free support of the East German people. He declined to express an opinion as to whether the wall should be a condition for East-West negotiations.

## British Coin May Be Doomed

LONDON (CP) — Will the halfpenny go the way of all farthings?

No halfpennies — pronounced haypennies—have been struck so far this year. It seems certain 1961 will be the first year that none of the bronze coins were minted since they were introduced in 1860.

Demand for halfpennies as units of purchasing power has practically ceased. They now are used chiefly for broken quantities of foodstuffs. Many hope they will follow the farthing into oblivion. At present, the Royal Mint holds millions of halfpennies in reserve and the estimated 1,101,000,000 in circulation will gradually drift back unwanted to the banks if no new demand develops.

In any case, both the halfpenny and the penny would be abandoned if the government decides to adopt decimal coinage. Most of the remaining coins could be retained under one scheme that makes 10 shillings the basic unit.

A government statement on decimalization is expected before next year. Observers think Britain's move towards the Common Market tips the balance of decimal reform.

But a Royal Mint official gloomily warns against premature laments about the passing of the halfpenny. The coin has rallied from near extinction before. Said he:

"The public demand for coin is absolutely unpredictable."

Business Spotlight . . .

## Last Week Penny Mines Jumped on Band Waggon

By JOHN BELANGER
Canadian Press Staff Writer

It was a busy week.

Every penny mine and his brother jumped on the speculative bandwagon and brokers mused wonderingly at the fact that two months ago Lake Dufault was selling at 38 cents. On Wednesday, Dufault issued its eighth assay report showing additional high - grade copper values, and on Thursday broke through the $10 barrier. It closed Friday at $10.37½, ahead $3.25 on the week on a turnover of 907,788 shares. The stock at one point touched a high of $10.37.

Wiltsey - Coghlan, with property adjacent to Lake Dufault, established a record Friday when it traded 2,416,450 shares — the largest number of shares traded in one stock in one day in the Toronto Exchange's history. Wiltsey was ahead 32 cents last week and settled at 53 cents, after turning over 4,731,500 shares and touching a high of 60.

Other active speculatives were Black Bay Uranium, Acadia Uranium and Donalda Mines, all up in the 6½ to 11 - cent range.

Industrials, after setting three new index highs in as many days at the start of the week slipped towards the close and finished on the downside. The record high of 613.15 was set Wednesday at the noon compilation of the 20 - stock industrial index.

Generally, weakness among steels, banks, utilities and papers caused the decline, with a number of key issues taking hefty drops. Banks featured losses with falls in the 50-cent to $2 range going to Montreal, Nova Scotia, Imperial Bank of Commerce, Royal and Toronto-Dominion. All five had gained on Monday and Tuesday.

Consumers Gas, Power Corporation and Union Gas all reached new highs among utilities. Gatineau Power was touched a high of $41.25 on Thursday's news of two extra dividends.

The senior base metals list marked strength by a few seasoned veterans. Falconbridge, Ventures, Waite Amulet and Labrador all rose appreciably, while East Sullivan, Opemiska and Hudson Bay Mining and Smelting dropped in a relatively low range.

Golds and western oils both gained a little ground but in general were dull. McIntyre Porcupine featured gold trading by reaching a new high of n$50, but later declined to $49 to remain unchanged on the week.

Index changes: Industrials down 2.16 to 606.94; golds up .40 to 88.09 base metals down .71 to 207.55 and western oils down .53 to 105.55.

Volume at Toronto was 33,242,000 shares compared with 18,764,000 last week, and the total dollar value was $66,233,546 compared with $59,462,889.

Index changes at Montreal: Banks down .93 to 70.44; utilities down 2.3 to 147.2 industrials up .9 ton333.0 papers up .2 to 498 and golds up .33 to 83.93.

Volume at Montreal was 743,107 industrials shares compared with 798,596 last week and 5,138,177 mining shares compared with 3,318,553.

Of the 446 issues traded at Montreal, 16 advanced, 140 declined and 146 were unchanged.

# *Peace Operations Force UN Into Financial Crisis*

UNITED NATIONS (CP)—A special study committee reported Saturday that it had been unable to find a formula to pay for peace - keeping operations which have plunged the United Nations into a grave financial crisis.

The 15-nation group was established by the General Assembly last April after it seemed the huge costs of the Congo operation and the UN Middle East force would bankrupt the UN unless urgent action was taken.

Many countries, including the Soviet bloc and France, flatly refused to pay any share of the Congo costs. Others protested that the system of assessments placed unfair burdens on small countries. The costs are now being met by borrowing and by voluntary contributions.

The critical nature of the problem is indicated by UN financial reports showing the balance due on Congo assessments for 1962 is $19,000,000 and for 1961 $38,000,000. Failure of members to pay their assessments on the UN Middle East force has been creating a deficit of about $5,000,000 a year since 1956.

**TB VICTIM OVER 100**

OAKLAND, Calif. (AP)—When Harry Marsh was a young man in Southampton, England, he was told he could, with care, get rid of a slight trace of tuberculosis and live to be 100. Today he is at least 102, maybe 103, Harry can't remember which. A boatbuilder by trade, he came to the San Francisco Bay area about 50 years ago.

# Asia Regarded as Right Choice For World Christian Meeting

By DeCOURCY H. RAYNER

TORONTO (CP)—Why should the World Council of Churches meet in India, a land of 438,000,000 people where only one in 50 is Christian?

Part of the answer is geographical. The first assembly in 1948 was held in Europe (Amsterdam), the second in 1954 in North America (Evanston, Ill.) Asia was obvious as the third meeting place.

Then, the younger churches in Asia need to be encouraged by the fellowship they will gain by the visit of leaders from Protestant, Anglican and Orthodox communions from around the world.

Asia is a continent where some of the great experiments in Christian unity are taking place, two of them in India. Canadian churches are involved in united churches in north and south India. Unity is one of the themes of the third assembly, opening Nov. 19.

Any answer to the question must underline the fact that Christianity is a minority faith in the world, and its witness at this time will be on a continent where resurgence of religion is evident. In New Delhi the Christian churches will have an opportunity unparalleled in history, that of presenting a united Christian witness in the capital of a predominantly non-Christian country.

What is the World Council of Churches?

It is a working fellowship in which Christians recognize one another and listen together to what God is saying to His people. It is a place for mutual aid, and for co-ordination in meeting human need, as through World Church Service. Many of the meetings will be concerned with doctrinal matters, but much of the action is of practical value, such as the resettlement of more than 200,000 refugees.

The World Council has developed Christian responsibility towards areas of rapid social change; it has fostered lay studies and ecumenical work camps.

**FIVE PRESIDENTS**

The council is headed by five presidents, two from Europe, one from Asia, and one each from North and South America.

Headquarters are in Geneva, where construction of a new office building is under way. A secretariat administers the six divisions or commissions of the council: Ecumenical action, study, inter-church aid and service to refugees, international affairs, information and finance.

The general secretary of the WCC is an intense Dutchman whose family name means, fittingly, "chief fisherman." Dr. W. A. Visser 't Hooft (pronounced tooft) speaks four languages fluently and follows a hectic schedule that includes administration, writing, speaking and travelling.

**ADMIT NEW MEMBERS**

Three of the most important matters to come before the third assembly will be:

1. Final integration of the International Missionary Council into the World Council. Previously the mission work of Protestant bodies was co-ordinated through the IMC.

2. The election of new member churches, including the 50,000,000 - member Russian Orthodox Church which so far has been isolated from other communions. The Roman Catholic church has indicated it may send observers for the first time to this assembly.

3. The approval of a new basis for the council. This involves a change in the present statement—"The World Council of Churches is a fellowship of churches which accept our Lord Jesus Christ as God and Saviour", which is a general one—to the more specific declaration, "The World Council of Churches is a fellowship of churches which confess the Lord Jesus Christ as God and Saviour according to the Scriptures, and therefore seek to fulfil together their common calling to the glory of the one God, Father, Son and Holy Spirit."

# Your Individual Horoscope

*By Frances Drake*

Look in the section in which your birthdate comes, and find what your outlook is, according to the stars.

**For Tuesday, Nov. 21, 1961**

MARCH 21 to APRIL 20 (Aries) — If you are delegated to special work, quickly gather in all helpful correct information; keep your counsel, too. Know when to maintain silence, it pays. Generally favorable aspects.

APRIL 21 to MAY 21 (Taurus) — Sometimes we go along undisturbed for a long while, then thing begin to change rapidly. At these moments we must steady our head, apply credible, plausible methods and manner.

MAY 22 to JUNE 21 (Gemini) — Be ont to eager to listen to, and heed, prudent observations, the learning of levelheaded persons. Planet Mercury stresses keeping fit.

JUNE 22 to JULY 23 (Cancer) — Here is opportunity to gain fresh ground in hitherto dark corners, to throw light on clouded subjects. Employ your sign's sensitivity and sympathy without forsaking wise plans.

JULY 24 to AUGUST 23 (Leo) — A smart amount of your natural enterprise mixed with soundness of idea and project, and results. Some opposition: be diplomatic.

AUGUST 24 to SEPTEMBER 23 (Vigro) — Could not have a more appropriate time for co-ordinating efforts, like minds and useful percepts. Don't overforce, but do project your innate persuasiveness with finesse, as you can.

SEPTEMBER 24 to OCTOBER 23 (Libra) — We often become lax, slower than necessary when not watchful, tendency every so often is to slide through, or out. Don't fall into any such pits; let your good taste be known; shun schemers.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — It is a happy day that sees no fretting, frowns and fury, all are tempers now, beware, they trick the best of us when our guard is down. Control development, promotion, emotion.

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — Don't be caught lazying "under the shade of a mesquite bush" when action is the keynote. However, too much action can spoil the best of intentions. Find that artful balanced route!

DECEMBER 22 to JANUARY 20 (Capricorn) — A long list of favored interests under your Saturn configuration should stimulate, sensitize, refresh. More than one way to be adroit, to advance; seek the commendably expedient.

JANUARY 21 to FEBRUARY 19 (Aquarius) — You can have a well-tailored day, or a confused and ragged at the edges one, depending upon how you take chores, hints, opposition and success. With right philosophy you can only win.

FEBRUARY 20 to MARCH 20 (Pisces) — Your inborn self is always inquest of the better life, finer things: Don't let this falter under present-day complexities. Compassion and courage will see the picture clearer.

YOU BORN TODAY: Here is a vibrant, deep, daring, intuitive and roundly talented Cuspal sector of the Zodiac: Scorpio-sagittarius, Scorpio holding. Born as Sun was leaving the one Sign, entering the other, mixing and doubling your characteristics. Don't over exert at critical moments; take sufficient rest periods, especially if you have developed your talents (few of this sector do not!). You rarely lose your strength of purpose, are able, adaptable followers, and can take up leadership competently on spur of the moment, too. Control zeal, direct ambitions prudently. So much you can achieve in brief time — watch your eager steps. Excellent period for surgeons, explorers, physicians, actors. Birthdate of Voltaire, famed French author; Desire Mercier, Belgian hero Cardinal; Eleanor Powell, dancer-actress.

# Red Star Article Makes Fantastic Rocket Claim

MOSCOW (AP) — Red Star claimed Saturday Soviet Union has rocket warheads equivalent to 100,000,000 tons of TNT, plus rockets that can "lift and deliver any warhead to any points on the globe."

The claims were made by the official military newspaper in an article which denounced Westerners who belittle Soviet rocket capabilities.

The article was written by Col.-Gen. V. F. Tozlubko and Sunday.

Tolubko's words on the giant warhead were:

". . . we have much more powerful nuclear warheads (up to 100,000,000 tons) and their number is considerably greater than assumed by American specialists.

"And we can assure those across the ocean who like to go in for military adventures that our ballistic rockets have proved themselves so wonderfully that nobody has any doubts in their ability to lift and deliver any warhead to any point on the globe."

**U.S. SAYS RUSSIA LAGS**

Premier Khrushchev had announced Oct. 17 in opening the 22nd Soviet Communist party congress that the Soviet Union has a 100-megaton nuclear bomb —equivalent to 100,000,000 tons of TNT.

American authorities are estimating that the Soviet Union has only somewhere around 30 to 50 intercontinental ballistic missiles.

The Red Star article quoted the New York Herald Tribune as stating that "Russian scientists are allegedly far from having created rockets capable of delivering 50 - megaton nuclear warheads across the ocean."

"This self-deception is to no avail, Red Star said. "No ocean can now save the aggressor from retribution."

CIVIL DEFENCE

*Civil Defence is your first line of defence for large-scale national disaster.*

# Rotary Anns Install New Slate

FRUITVALE — When Rotary Anns held their meeting at the home of Mrs. G. Grieve Jr. guests included Rossland Rotary Ann president Mrs. E. Morton, Mrs. A. Bacon, Mrs. Crocker and Mrs. MacDonald.

The new executive was installed by Mrs. Morton: Mrs. R. F. Davis, president; Mrs. P. John, vice-president; Mrs. I. Trembath, secretary, Mrs. M. Agostinelli, program; and Mrs. G. T. Reagan, social convenor.

Immediate past president Mrs. Gr. Grieve was presented with a past president spoon by incoming presdient Mrs. Davis.

Mrs. Tremblath showed slides taken in B.C. and the Oregon coast.

Hostesses Mrs. Grieve, Mrs. Agostinelli and Mrs. Reagan served refreshments.

# Becomes Authority On Union Business

VICTORIA (CP)—When Mrs. Rhoda Erickson rose to address a convention of the Canadian Brotherhood of Railway, Transport and General Workers (CLC) in Montreal her eyes shifted to the seats occupied by the French - speaking delegations.

She made her pitch in English then, to the astonishment of fellow delegates from the west coast, swung into flawless French. It helped her win a unique post for a woman in Canada — executive member on the national governing body of a labor union.

Mrs. Erickson, 44, realized two months before she went to the convention that her election would depend on the French-speaking vote. She spent the interval studying the language with a professor who was holidaying here.

Mrs. Erickson has been a union member for a comparatively short time — since she joined the Empress Hotel coffee shop staff in 1952.

**WAS CCF CANDIDATE**

"The union had a lot to say about the department and what was expected of its members, so I decided to find out about the union," she said.

Her studies soon made her an authority on the brotherhood constitution and the local's working agreement with the hotel, which is owned by the CPR.

She has since served as local president, recording secretary, financial secretary and is currently chairman of the bargaining and grievance committee.

She also was a labor - sponsored CCF candidate for Victoria riding in the provincial election last September.

"I didn't feel too badly about losing since I wasn't widely known outside labor circles," said Mrs. Erickson.

As a local official, she not only represents waitresses and hotel maids, but stationary engineers, accountants and other trades employed at the hotel.

**HELPS IMMIGRANTS**

"A lot of people have the mistaken idea that unions are interested only in pay raises," she said. "That's not the case at all."

One job the union local has taken up is counselling and helping new Canadians who find themselves in difficulties with finance companies. It also sponsors a Little League ball team and helps supply food for a free food stall here.

With these and a number of other activities, Mrs. Erickson finds little time for any recreation except bowling with the hotel team. Her schedule has temporarily halted a hobby of painting.

Married with two grown sons —Bruce, an RCAF recruit, and Ian, a member of the hotel gardening staff—she took most of her schooling in the San Francisco area, where her parents moved when she was five years old.

The fall and winter collection shown at the International Ladies' Garment Workers' Union in Montreal included left, a French wool sheath with overskirt and at right, a cape in bold tweed with leather buttons and patch pockets.

# Hospital WA Hears Reports

NEW DENVER — The monthly meeting of the Slocan Community Hospital Ladies Auxiliary was held in the nurses' sitting room of the Solcan Community Hospital with Mrs. Frank Pho, hostess.

Mrs. E. De Rosa was welcomed as a visitor and Mrs. A. L. Levy was welcomed back after her four-month vacation in England and Eastern Canada.

Mrs. J. A. Greer presented buying committee report and gave a list of discarded linen. Mrs. S. J. Pedley reported from Hospital Board. Mrs. Thring will visit for current month.

Refreshments were served by the hostess assisted by Mrs. Pedley.

# Fruitvale, Rossland Families United

FRUITVALE — Dahlias, marigolds and Oregon grape boughs graced St. Paul's United Church for the afternoon wedding of Constance Marilyn Duncan to Mr. Larry Robert La Face.

The ceremony, uniting in marriage the daughter of Mr. and Mrs. Walter Duncan Sr. of Fruitvale and the son of Mr. and Mrs. Robert La Face of Rossland was conducted by Rev. J. R. Herdman. The bride took her vows in a floor length gown of chantilly lace over nylon taffeta, featuring a short train and fitted lace bodice with lily point sleeves. Her shoulder length veil was caught by a tiara of sequins. She wore a twin ruby necklace, gift of the groom and carried a cascading bouquet of red roses.

Her sister, Mrs. Lois Grieve, in ballerina length frock of lilac chiffon over satin, topped by a lace jacket with three-quarter sleeves, was matron of honor. She carried a bouquet of yellow carnations with lilac bows. Brides maids Heather Duncan, the bride's sister, Joan Pollock, cousin of the bride and Carol Mo were dressed identically with the matron of honor and carried white carnations.

Supporting the groom were Mr Alfred Albo and Mr. Lloyd McLelland, and Mr. Jack Duncan, the bride's brother, were ushers.

Soloist Miss Patsy Schriever sand "The Wedding Prayer" and "I'll Walk Beside You" accompanied by organist Mrs. M. Campbell.

Following the ceremony a reception was held in Fruitvale Memorial Hall. A four-tiered wedding cake flanked by white tapers with lilac bows and small bowls of Michaelmas daisies centered the bride's table and the hall was decorated with bells and streamers.

*Assisting the couple in welcoming* guests were the bride's mother in navy blue frock with matching duster and dusky rose accessories, and the groom's mother in a green sheath, matching duster and beige accessories.

Master of ceremonies, Mr. W. C. Pollock, the bride's uncle from Northport, Wash., read congratulatory telegrams.

Out of town guests were Mr. and Mrs. Al La Face and Mr. and Mrs. C. La Face of Kelowna and Mr. C. La Face of Spokane. The young couple will make their home at 623 Byers Lane, Trail.

# Opera Glamor Star Gets Broadway Nod

By WILLIAM GLOVER

NEW YORK (AP)—Mimi Benzell is singing in her first White Way musical. Anyone who thinks that was easy, doesn't know show business — or Miss Benzell.

The glamor star of operas, concerts and night clubs has been "wishfully hoping and practically thinking" for six long years of the new career challenge.

"The biggest stumbling block was convincing certain people—meaning producers — that I was Broadway material," reports Mimi.

Miss Benzell found what she was seeking in Milk and Honey, one of the season's hits. The colorful, lively spectacle takes place in modern Israel, with the raven-tressed soprano enacting a middle-aged lady involved in a suen romance.

Starring with her are Robert Weed — who, like her, formerly sang at the Metropolitan Opera —and Molly Picon, a remarkable comedienne.

**INTERRUPTS TOUR**

The turning point in Mimi's career came on St. Patrick's Day when she interrupted a concert tour at the behest of her husband, Walter Gould. As her personal manager Gould had set up some interviews.

That led to an interview with the producer, writer and director of Milk and Honey. She won the role.

Breaking into Broadway didn't scare her a bit. She had had plenty of opportunity to get over stage fright since debuting at age 20 in The Magic Flute at the Met during the 1944-45 season.

Miss Benzell's break with the Met came 10 years ago when the management disputed her decision to sing also in supper clubs.

## Healing Power Sermon Subject

The availability here and now of the healing power of the Christ' Truth, was stressed at Christian Science church services Sunday.

Luke's account of the healing by Christ Jesus of the "Woman which had a spirit of infirmity 18 years and was bowed together, and could in no wise lift up herself" was included in the spiritual readings. "Soul and Body" was the subject of the lesson-sermon.

From "Science and Health with key to the Scriptures" by Mary Baker Eddy, this passage was read: "God will heal the sick through man, whenever man is governed by God. Truth casts out error now as surely as it did nineteen centuries ago. All of Truth is not understood; hence its healing power is not fully demonstrated."

The Golden Text was from Psalm 90: "Lord, thou hast been our dwelling place in all generations . . . Let thy work appear unto thy servants, and thy glory unto their children."

# Trail Woman Honored on 93rd Birthday

FRUITVALE — Mrs. E. Bath of Trail was honored on the occasion of her 93rd birthday with a nicely arranged luncheon at the home of her granddaughter, Mrs. V. Parslow, assisted by Mrs. J. Jones and Mrs. H. McInnis.

Mrs. Bath was recipient of many cards and gifts.

A large layer cake decorated with pink and white flowers and 93 lighted candles was carried in to the guest of honor.

# Hummel-Ralph Nuptials Celebrated at Riondel

RIONDEL — The wedding ceremony uniting Kathleen Emma Ralph and Mr. Leo Hummel was held Saturday morning, November 4, at 10 a.m., followed by a Nuptial Mass in the Sacred Heart Church at Riondel.

Lovely in a floor-length princess-styled gown, the daughter of Mrs. R. Glasier and the late Samuel Ralph was given in marriage by her step-father, Mr. R. Glasier, to the son of Mr. and Mrs. Michael Hummel of North Battleford, Sask.

Rev. J. Boyle, C.S.S.R. performed the ceremony before the altar adorned with mixed flowers, and Masters Frank Czerniecki and Spencer Colman were altar boys.

The bride's gown, with graceful billowing skirt, scalloped neckline and lily-point sleeves, was of lace over nylon net, with satin underskirt, and trimmed with rhinestone embroidery. Her chapel veil of oylin tulle was held in place by a pearl-trimmed tiara. A gold cross, gift of the groom, was her only jewellery. She carried a colonial bouquet of baby red roses, tied with white satin ribbon.

Attending the bride were her sister, Miss Carol Ralph, and Miss Carol Eddy, both of Crawford Bay. Miss Ralph chose a street-length dress of blue chiffon with lace top; while Miss Eddy wore a similar dress of blushing pink chiffon. They wore white feather headpieces, and carried bouquets of yellow carnations. Rhinestone necklaces and earrings, gifts of the bride, completed their ensemble.

Demure flower girls, Sandra Hummel, niece of the groom, and Arta Glasier, sister of the bride, were dressed alike in blue-flowered nylon dresses, with white wreath head-dresses, and white gloves. They also carried yellow carnations.

The bridegroom was supported by Mr. Hugh Loughery and Mr. Carl Winterberger, while Mr. Phil Rowan and Mr. Val Hummel, the groom's brother, acted as ushers.

During the mass. Mrs. Thomas Murphy of Kootenay Bay, sang "On This Day O Beautiful Mother," and "Panis Angelicus" accompanied at the organ by Mrs. Ian MacDonald, who also played the wedding music.

For the occasion the bride's mother chose a teal blue crepe dress, with white accessories, and the groom's mother was gowned in aqua blue brocade, with matching accessories. Each wore a pink rose corsage.

Parents of the bridal couple assisted in receiving guests at the reception held in the Crawford Bay Hall. The hall was decorated with pink and white streamers, and white wedding bells, and artificial roses were on the table.

Centering the bride's table was a three-tiered wedding cake, adorned with white swans and silver leaves and flanked by tall spiral candles. The cake was made by the mother of the bride, and decorated by Mrs. Jenny Derbyshire of Crawford Bay.

Grace was said by Father Boyle who also proposed a toast to the bride to which the groom responded. A toast to the bridesmaids was given by Mr. H. Loughery.

Mr. E. Ingham was master of ceremonies and read telegrams from the bride's sister in Winnipeg, a sister in Whitehorse, and her brother in Saskatoon.

Miss Ginny Ingham was in charge of the wedding guest book, while Mr. Oliver King took pictures at the ceremony and reception, and formal pictures of the bridal party at the home of the groom's brother and sister-in-law, Mr. and Mrs. Val Hummel.

Approximately 100 guests attended the reception, and later all enjoyed an evening of dancing.

For the dance, the bride changed to a blue wool dress with matching accessories.

Out of town guests included the parents of the groom, Mr. and Mrs. M. Hummel of North Battleford, Sask.; the groom's brother-in-law and sister, Mr. and Mrs. M. Boert, of North Battleford; the groom's brother, Mr. Phil Hummel, of Revelstoke; the bride's cousin, Mrs. G. Evans and son Bob, of Rossland; the bride's uncle and aunt, Mr. and Mrs. N. Rollick of Nelson.

Mr. and Mrs. Hummel have taken up residence in Riondel where they have purchased the former home of Mr. and Mrs. Robin Harrison.

# Girl Wearing Flour Sack Starts Political Career

SURREY, B.C. (CP)—A girl who came to school wearing a flour sack for a dress made George Hahn turn to politics, says the recently elected president of the British Columbia Social Credit League.

Mr. Hahn recalls that he was a teacher at Hilda, Alta., near Medicine Hat, in 1933 when he saw the girl.

"Though her father had 25,000 bushels of wheat, he could provide only cloth running shoes for his children to come to school in the winter.

"They lived, as others in the district, on relief handouts of apples, navy beans and cod. One daughter was oversized because of glandular trouble so they couldn't get a hand-me-down dress or afford to buy cloth for a new one.

"One day she came to school wearing a flour sack. That was the day I decided I'd have to do more than teach school to correct such a faulty economic system."

Mr. Hahn became interested in the new movement being started by Social Credit founder William Aberhart and eventually became an organizer.

**SERVED AS MP**

Born in Killaly, Sask., in 1911, son of a Winnipeg native of German - Austrian descent, George was 10 when he met James Gardiner, then Saskatchewan Liberal leader, who, after a conversation, predicted the lad would one day become a member of Parliament.

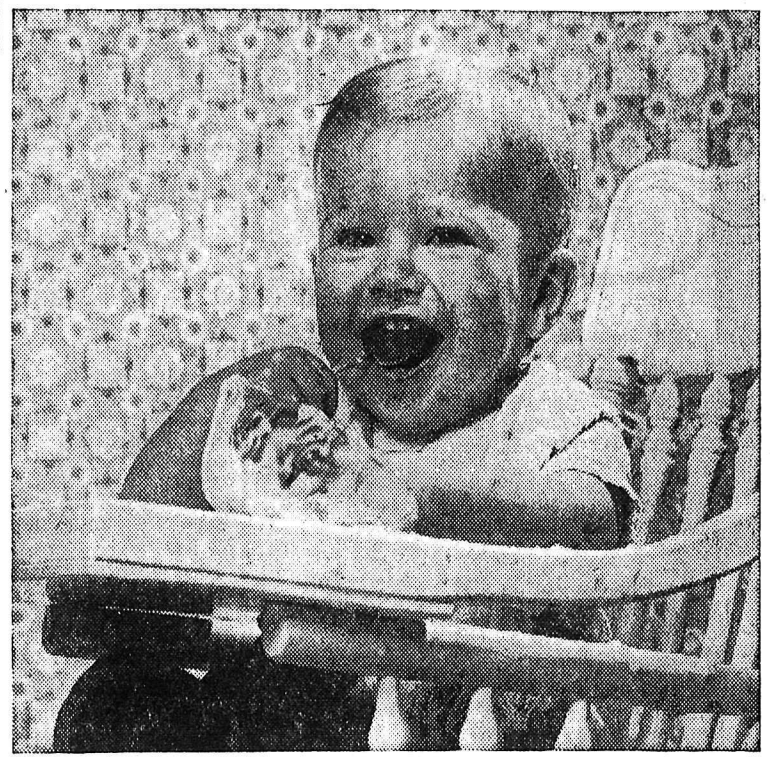
The Hahn family moved to Medicine Hat in 1926 and after graduating from Calgary Normal School in 1931 George Hahn taught in southeastern Alberta for 13 years. Later he bought a grocery store at Elnora.

He moved to British Columbia in 1946 as a high school commercial teacher in this Fraser Valley municipality. Then he went back to the grocery business.

He was elected MP for New Westminster in 1953 and 1957, bearing out Mr. Gardiner's prediction, but was defeated in the 1958 Progressive Conservative landslide. This year he was beaten in a federal byelection in Saanich near Victoria.

## CHRISTMAS PARTY PLANNED

BOSWELL — A pot luck supper and a turkey raffle netted $194 which will go toward a Christmas party for the children of the district. Mrs. Vickary of Gray Creek won the turkey. Following the supper in the Memorial Hall, dancing was enjoyed with music by Mrs. Miller and Barry of Creston assisted by local talent.



**He will eat 7,000 breakfasts before he starts earning**

He empties his dish and he grows. That's life, and it's arithmetic too. He is going to need those breakfasts whether you're here or not. With a stroke of a pen you can guarantee them all through Life Insurance.

Undoubtedly you are presently insured, but your circumstances are changing, so make sure your life insurance keeps in step with your life. Tell your life insurance agent what it is you want for your family's future. Guarantee that your family will always enjoy the comforts and security you have provided for them. Make sure of tomorrow, today.

ONLY LIFE INSURANCE CAN PROTECT YOU THESE FIVE WAYS

1. Guaranteed immediate protection, from the moment you qualify.
2. Guaranteed protection, no speculation, no guessing. You know exactly the number of dollars to come.
3. Guaranteed benefits at big expense times. You can guarantee funds for future expenses such as sending children to college.
4. Guaranteed retirement income. You have an income you can never outlive.
5. Guaranteed protection for the home. Your family will never inherit an unpaid mortgage.

## Stamps Beaten 14-1

# James Runs, Kicks Bombers To First Win in WFC Finals

CALGARY (CP) — Winnipeg Blue Bombers found the running and kicking of Gerry James their best answer to a rugged Calgary defence Saturday afternoon as they scored a 14-1 victory before 18,500 fans in the first game of the Western Football Conference final series.

The Canadian fullback set up the game's only touchdown on a 74-yard run, added the convert and kicked two field goals while his teammates and a playful wind put the clamp on Calgary's new spread formation.

Bombers can take the West's colors to the Grey Cup game for the fourth time in five years with a victory in the second game of the best-of-three series Wednesday in Winnipeg.

James' big run at the six-minute mark of the second quarter took play from his own 35-yard-line to the Calgary one, where Charlie Shepard plunged for the touchdown. After that, Bombers made only one good penetration against the Stampeder line, close enough for James' second field goal.

Shepard kicked a single for the other Winnipeg point.

Stamp quarterback Eagle Day plagued by a charging line, sharp pass defenders and a 25 m.p.h. wind that changed constantly, stuck all the way with the spread attack. His 67-yard punt in the second quarter accounted for Calgary's single point.

Bombers went ahead 3-0 in the first quarter, 10-1 at the half and the third quarter went scoreless.

The well-rested Bombers came out of the game apparently unscathed physically. Stampeders had several men on the limp and coach Bobby Dobbs said Sunday the extent of their injuries would not be known until today.

Centre Dale Parsons suffered a pulled groin late in the first half and returned to the game only briefly in the last quarter. Tackle George Hansen reinjured his ailing ankle, and Day and halfback Lovell Coleman both suffered leg injuries but stayed in the game.

Bombers obviously had the answers to the Stampeder spread formation which played a big part in the semi-final victory over Edmonton Eskimos.

Although Day had more time to pass from his position seven yards back of the centre, he was dropped for losses four times by defenders.

Wnnipeg's inside linebackers fanned to the corners and helped the defensive ends spoil literally evry try at running wide.

Individually, James' 105-yard rushing total for the game compared with 68 for Shepard, 35 for halfback Leo Lewis and 28 for halfback Ray Jauch.

Stampeder fullback Earl Lunsford, holder of the league's rushing record, managed only 38 yards in seven carries. Halfbacks Gene Filipski and Coleman combined for only 20 yards.

If Stampeders win Wednesday night, the teams stay in Winnipeg for a deciding game Saturday.

CALGARY (CP) — Statistics of the Winnipeg-Calgary WFC game Saturday:

| | Wpg. | Cal. |
|---|---|---|
| First downs | 13 | 7 |
| Yards rushing | 270 | 63 |
| Passes made-tried | 2-4 | 7-19 |
| Passes intercepted by | 0 | 0 |
| Punts - Average Yds. | 11-47 | 15-43 |
| Fumbles-Lost | 2-1 | 0-0 |
| Penalties-Total Yds | 4-31 | 4-0 |

TITLE TUSSLE—Floyd Patterson, the heavyweight champ who gets back in action December 4 against Tom McNeeley of Boston in a title bout in Toronto, gives it a real go with the rope as he works out in the Canadian city for the encounter. Patterson hasn't fought since last March.

# LEAFS WIELD HATCHET, SCALP WARRIORS 5-3

## *Carruthers Pots Trio*

Nelson Maple Leafs, led by the three-goal performance of Ron Carruthers, took a stranglehold on second place in the Western International Hockey League standings Saturday at the Civic Arena, edging Rossland Warriors 5-3 before 900 fans.

Warriors, in territorial play, were never in the game as it was a case of the young, well conditioned Leafs, outskating and outplaying their more experienced rivals.

The two clubs battled to a 2-2 tie at the end of the first period. Then in the middle frame Nelson banged home two unanswered goals to take a 4-2 lead. In the third period the rival puckmen shared goals for Nelson's win.

Carruthers was the sparkplug in the Nelson attack, racking up four points, on his hat trick and an assist. Ted Leboda and Dave Stewart rounded out the home club's scoring.

For the Warriors it was Owen Mailey, Alex Reid and Wiggy Davis each with single tallies.

Nelson drew first blood of the night at 3:04 when Leboda, on a hard slap shot from the point, flicked the twine on a goal that Warrior netminder Jerry Zanussi never saw as it came through a maze of legs. Warriors evened the score seven minutes later with Reid scoring from Mailey.

At 15:42, Mailey put Rossland in the lead for the first time of the night, pushing the puck past Koehle. Less than a minute later Carruthers tallied his first goal on a perfect pass play with Stewart and Bob Walker, to pull even with the mountain top club.

**LEAFS ERUPT**

The second period was all Nelson's with Carruthers, along with his fellow linesman, Charlie Burdette and Walker, shining in the limelight. The speedy forward tallied both of the middle frame goals, schoring at 5:49 and 10:54.

In the third period Warriors abandoned their failing close checking game in an attempt to pull even with the Leafs.

Finally at the nine-minute mark the strategy came through as Davis, on a fast short pass play in front of the Nelson cage, batted the puck past Koehle. Three minutes later Leafs put the game on ice as Stewart blasted a hard 20-footer between Zanussi and the post.

Only seven penalties were called by referees Bill Waddell and Norm Hyssop, two of which went to Nelson.

Carruthers, was easily the star of the game, as he gave it all he had on both defense and offense. All of his goals were clean cut as Zanussi did not have a chance.

The speedy centre's second tally was one of the nicest goals of the night as he stickhandled up the ice with Walker and one man back. As the twosome swooped in on the net Carruthers faked a pass and then blasted a hard 25-footer past the off-balance Zanussi. Carruthers completed his hat trick in top style, intercepting a pass and going in on Zanussi alone to beat the shaky netminder.

For his top notch play and hat-trick, Carruthers will be awarded double fold, being named recipient of the silver spoon and the hat award.

Two of Rossland's goals were defensive mistakes on the part of the Leafs as they allowed the puck to slip away in front of the net. All the Warrior forwards had to do was slap the rubber over the red line.

Leboda, Leafs blue-line policeman, played one of his best games of hockey. Many times the big defenceman carried the puck the length of the ice only to be foiled by Zanussi. On his shots from the point, he was always on target, but the shot always caromed off a leg or stick. Defensively the big man was at his best, playing an unusual well-behaved game.

Leafs are now idle until Thursday when they travel to Trail to play the unbeaten Smoke Eaters.

**ICE CHIPS . . .** Nelson could have the highest scoring team in the league, if they only had the finesse to put the puck in the goal. Many times in the game, 17, the puck was passed out front, but no player was there to put it home. . . It looks like Don Mackenzie is developing one of the best slapshots seen around here in a long time. . . This new, fast pass attack may be the weapon to upset the high flying Smoke Eaters.

**LINEUPS**

Rossland — Goal, Zanussi, defense, Andrews McKay Legare, McDougal; forwards, Davis Picco, Conn, Godfrey, Reid, Mailey, Demore, Boucher Gallamore.

Nelson — Goal, Koehle; defense, Gare, Malacko, Leboda, Stewart; forwards, Poirier, Pilla, Wales, Mackenzie, Hornby, Walker, Carruthers, Burdette, Taylor.

**SUMMARY**

First period: 1. Nelson, Leboda (Carruthers), 3:04; 2. Rossland, Reid (Mailey) 10:33; 3. Rossland, Mailey (Andrews) 15:42; 4. Nelson, Carruthers (Walker, Stewart) 16:15. Penalties: MacIntyre (holding), 11:49; McDougal (tripping), 12:52; McKay (high-sticking) 16:31.

Second period: 5. Nelson, Carruthers (Walker) 5:49; 6. Nelson, Carruthers (Walker) 10:54. Penalties: Gare (high sticking) 11:15; Gallamore (tripping) 19:56.

Third period: 7. Rossland, Davis (Demore, Godfrey) 9:06; 8. Nelson, Stewart (Gare) 12:20. Penalties: Gallamore (cross checking) 11:21; Carruthers (charging) 12:54.

RON CARRUTHERS
. . . scores first WIHL hat-trick

## Smokies Trounce Dynamiters 7-1

TRAIL (CP) — Trail Smoke Eaters scored their ninth straight victory Saturday night in Western International Hockey League competition, trouncing Kimberley Dynamiters 7-1.

Trail was ahead 2-0 after the first period and the second was scoreless. Trail added five more to Kimberley's one in the third period.

Gerry Penner and Dave Rusnel each scored two goals for Trail, Penner's coming seconds apart in the third period. The other Trail scoring was by Primo Secco, Pinoke McIntyre and George Ferguson.

Bill Steenson spoiled the shutout at 4:28 of the final period with Kimberley's lone goal. Trail outshot the visitors 42-31.

## *Rote Passes Argos to 25-7 Win Over Ticats*

TORONTO (CP)—Quarterback Tobin Rote riddled the Hamilton Tiger-Cat pass defence for three touchdowns in the last half to give Toronto Argonauts a 25-7 upset win Sunday in the opening game of the Eastern Football Conference final.

A record sellout crowd of 33,135 saw Argos break the hard-hitting game wide open in the last half on the pin-point passing of Rote. He scored a touchdown himself in the third quarter and passed for two more in the final session as the Hamilton defence collapsed after the two clubs fought to a near standstill in the first half.

Toronto, beaten three times by the league-leading Tiger-Cas during he regular schedule, will total points final at Hamilton next Saturday afternoon. The series winner will meet the Western champions here in the Grey Cup final Saturday Dec. 2.

The Argos' defensive team, spearheaded by the crushing play of big Cookie Gilchrist, held the powerful Hamilton ground and passing game in check except for one big play by quarterback Bernie Faloney in the fourth quarter. Faloney scored Tiger - Cats' lone touchdown to cut Toronto's lead to 18-7 but less than four minutes later the Argos got another touchdown to wrap up the game.

Argos, who led 3-0 at the end of the first quarter and 3-1 at the end of the first half, used a variation of their shotgun or spread offence most of the way.

In the first half Argos operated it with Rote standing back eight or 10 yards and six receivers spread wide. In the second half the former National Football League quarterback moved up to his regular position behind the line and still kept his receivers spread across the field.

Ticats used their version of the same formation for three plays in the second quarter. They had no success and abandoned it.

Rote scored the first Toronto touchdown and passed to Bobby Kuntz and Dave Mann for two others. Bill Mitchell kicked a 26-yard field goal and converted all three touchdowns. Mann kicked a single for Argos' other point.

TORONTO (CP) — Statistics of the Hamilton - Toronto Eastern Football Conference game:

| | Ham. | Tor. |

## Nelson Wins W.K. Volleyball Laurels

The honor of being West Kootenay Volleyball champions came four-fold to Nelson's L. V. Rogers High School Saturday as the two boys' and girls' teams finished one-two at the annual West Kootenay Volleyball championships held in Nelson.

The oddity of having two teams from the same centre finishing in the top two positions arose when the two boys and girls teams went through their respective draws with unblemished records.

For the Nelson boys' "B" team it was a day of surprises as the team played inspired volleyball only to fall before the onslaught of their "A" team.

Going into the final match of the double knockout tournament the "B" team had lost one match and another loss would give the trophy to the "A" team. The "A" team playing better ball than their more favored rivals took the first match 15-7, 15-12, forcing a second and final match.

In the final match it appeared that "A" team had victory in the bag sporting a 13-6 lead with only two minutes remaining. Then the roof fell in on the favorites as the "B" team tallied seven consecutive points to force a two-point playoff. The "B" team struck first taking a 14-13 lead. The "A" team retaliated scoring three points and took the first game of the best of three final 16-14.

In the second game, after the heart-breaking loss, the "A" team scored an easy 15-8 victory to capture the tournament.

The girls' competition, a double round robin, was just as tough, with the Nelson "A" and "B" teams meeting in the final. The result was the same as in the boys' competition with the "A" team dumping the "B" team 15-7 and 15-3.

Nelson coaches were Mr. J. Todd and Miss Sharon Gernaey.

Tournament results:

Boys' competition — Salmo "A" 9, 11, 4; Nelson "B" 5, 15, 15. Castlegar "A" 5, 16, Salmo "B" 15, 18. Nelson "A" 15, 15; Trail 1, 3. Salmo "B" 4, 2; Nelson "A" 15, 15. Salmo "A" 15, 15; Salmo "B" 3, 10. Castlegar 13, 15, 15; Trail 15, 11, 8. Nelson "A" 15, 15; Nelson "B" 4, 2. Salmo "A" 15, 15; Castlegar 4, 10. Salmo "A" 8, 7; Nelson "B" 15, 13. Nelson "A" 7, 12; Nelson "B" 15, 15. Finals: Nelson "A" 16, 15; Nelson "B" 14, 8.

Girls' competition— Salmo "A" 11, 12; Nelson "A" 15, 15. Trail "A" 16, 17; Castlegar "A" 14, 15. Nelson "B" 15, 15; Castlegar "B" 2, 3. Nelson "A" 15, 15; Castlegar "A" 6, 10. Salmo "A" 15, 9, 15; Trail "A" 9, 15, 12. Nelson "B" 15, 15; Trail "B" 1, 7. Nelson "A" 15, 15; Trail "A" 6, 6. Salmo "A" 15, 15; Castlegar "A" 3, 9. Castlegar "B" 15, 7, 15; Trail "B" 11, 15, 4. # Habs Remain Atop NHL Perch As Maple Leafs, Rangers Press Close

By The Canadian Press

Montreal Canadiens are still perched on top of the National Hockey League standings, one point ahead of the hard-pressing Toronto Maple Leafs and New York Rangers who are tied for second.

The Leafs gained a short-lived tie with Canadiens for the top spot by beating Detroit Red Wings 6-1 Saturday night but were brought down to earth Sunday in New York where the Rangers dumped them 5-3.

Meanwhile the Canadiens slipped back into first by rallying for three third-period goals which gave them a 3-3 tie with Chicago Black Hawks Sunday night. New York and Montreal had fought to a 4-4 standoff Saturday afternoon in Madison Square Garden.

Detroit's selfrespect, bruised by the Leafs Saturday, was somewhat restored Sunday night when the Red Wings laced last-place Boston 6-2.

The Habs, whose game in Chicago was the last to finish, had a bonfire lit under them by the word that Rangers had beaten Leafs earlier Sunday evening. Down 2-0 after two periods—both Chicago goals having been scored by Bronco Horvath—the Habs went ahead on goals by Gilles Tremblay, Lou Fontinato and Dickie Moore.

**POWER PLAY WORKS**

Bobby Hull pulled the Hawks into a tie again with only six seconds left in the game, with Chicago goalkeeper Glenn Hall benched for a sixth attacker.

The Canadiens now have failed to win in five games, while the defending Stanley Cup champion Hawks dropped to fifth place behind Detroit with the deadlock.

Henri Richard was the goat in the tying tally. He gained control of the puck with only 15 seconds to go and attempted to carry in out of the Montreal zone along the right boards. He overskated the puck and Hull, trailing him, fired it towards the Montreal cage. Two or three players batted at it and it bounced free of Plante to where Hull waited near the right post to bang it home.

Earl Ingarfield scored three goals, including the winner seconds after a tie-breaking New York goal had been disallowed, in Rangers' 5-3 win over Leafs.

Toronto came from behind to tie the score three times—the last on Frank Mahovlich's goal early in the third period.

The Rangers got the incentive they needed when the tie-breaker was disallowed in the middle of the period with Toronto a man short. Dean Prentice put the puck in the net but linesman Ron Wicks ruled him offside.

The Rangers came right back and Andy Bathgate passed from a scramble to Ingarfield, who blasted it in.

The goal, Ingarfield's second of the period, came while 30 seconds remained of a penalty to Tim Horton.

Ingarfield's third goal, completing his first NHL hat trick, came with just 50 seconds left and goalie Johnny Bower benched in favor of an extra skater.

**BATHGATE ON TOP**

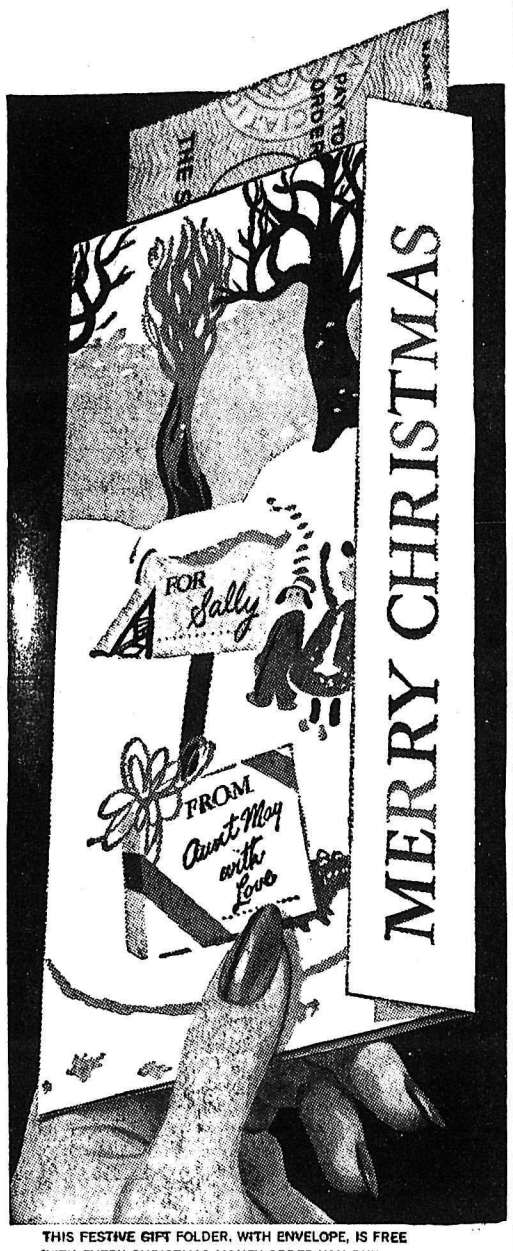
Ranger captain Bathgate assisted on the first four New York goals, building his league-leading scoring total to 31 points. Other New York goals were scored by Al Langlois and Andy Hebenton.

The Leafs got their scoring from Ron Stewart, Red Kelly and Mahovlich.

Gordie Howe scored a goal and added two assists as Detroit lashed Boston.

Vic Stasiuk and Howie Glover made the score 2-0 in the first period. Howe then aided Ullman on the third and fourth Red Wing tallies and put the contest out of range at 65:3 of the middle period with one of Detroit's three power - play goals. Rookie Marc Boileau of the Red Wings contributed his first major league tally in the rout.

Jerry Toppazzini assisted Andre Pronovost on Boston's first goal and scored the second one as the Bruins tried hard in the third period.



THIS FESTIVE GIFT FOLDER, WITH ENVELOPE, IS FREE WITH EVERY CHRISTMAS MONEY ORDER YOU BUY

Here's one Christmas gift they won't want to exchange!

A gift of cash is always welcome! USE ROYAL BANK MONEY ORDERS to take the guess out of gift-giving! ## PUBLIC NOTICES

*NOTICE OF ELECTION*

Public Notice is hereby given to the electors of the Municipality of the Corporation of the Village of Slocan that I require the presence of the said electors at the Village Hall on the 27th day of November, 1961, at the hour of ten o'clock in the forenoon for the purpose of electing persons to represent them as Commissioners (3).

The mode of nomination of candidates shall be as follows: Candidates shall be nominated in writing by two duly quolified electors of the municipality. The nomination paper shall be delivered to the Returning Officer at any time between the date of this notice and noon of the day of nomination. The nomination paper may be in the form prescribed in the "Municipal Act", and shall state the name, residence and occupation of the person nominated in such manner as to sufficiently identify such candidate. The nomination paper shall be subscribed by the candidate.

In the event of a poll being necessary, such poll will be opened at the Village Hall on the 7th day of December, 1961, between the hours of eight o'clock in the forenoon and eight o'clock in the afternoon, of which every person is hereby required to take notice and govern himself accordingly.

*Given under my hand at Slocan* this 16th day of November, 1961.

C. C. STEPHEN
RETURNING OFFICER.

Thompson Funeral Service.

## FIND TRACES OF LIVING THINGS IN OUTER SPACE

LONDON (AP) — Two New York scientists say they have found evidence of traces of living things in meteorites reaching the earth from outer space.

Dr. George Claus of New York University and Professor Bartholomew Nagy of Fordham University report in the scientific magazine Nature they found in certain meteorites organized elements resembling in structure the fossilized remains of microscopic forms of life.

Of five types of "organized structure" which they describe, four are said to be similar to known earth species but not identical.

They resemble small single-celled animals — dino - flagellates or chrysomonads — which live only in sea or lake water. The fifth is unlike any known terrestrial organism.

*Other discoveries in the last* two years have shown how meteorites of various kinds are contaminated with traces of complex chemical substances whose presence is most easily *accounted for by contact with* living things.

# Odds... and Ends
*... by M. D. B.*

*The other day I told you of* a man from the Ukraine who was a sculptor in cement. It was while visiting him that I met another colorful character, George Wolcov, also from the Ukraine. This gentleman boasted that he and another man had had the task of buying up 160,000 horses for the Russian army in 1909.

Born in Kiev he "bought his pants since he was nine," he said. By all kinds of contriving he managed to save enough rubles to get a ticket into Kiev from the farm, presenting himself barefoot at the ticket window. He had 11 years apprenticeship in a drug store before going into the army veterinarian school at the age of 21.

With his experience in pharmacy he was able to complete his course in 18 months and was put in charge of 600 head of big young horses.

He explained that the Russian Army was made up of 7,000,000 soldiers and it was decided to increase this by another million, hence the need for another 160,000 horses. These were chosen for three classes, he said, scout horses — built for speed, heavy draught horses for pulling heavy artillery, and cavalry horses. He served as a veterinary surgeon with the Russian Army from 1906 to 1909 before migrating to Canada in 1910. He worked as blacksmith in Northern Ontario on the Canadian National Railway, being built at that time, leaving in 1915 to come West and finally homesteading at Paradise Valley neaer Edmonton. For the past two years he has made his home in Red Deer. With his quaint square fur cap and bushy eyebrows he looks for all the world like a Russian storybook character.

* * *

By the way, for an oddity—I have just read that a new process for extracting a sweet syrupy substance from stumps of western larch has been perfected and this product, known as araboglactan, is used in making chocolates, medicinal pills, inks and palatable mucilages (I suppose the latter is stamp glue—they use the word "palatable" loosely). Not only that, from some of the pulping liquor come vanillin and a special binder to control dust *on gravel roads. One never* knows these days what one might be eating, does one!

# Orders

Sea Cadet orders, RCSCC Hampton Gary VC:

Parade 1900-2100 hours. Orderly Officer Lieut. W. D. Taylor. Dress, blue jerseys.

Lieut--Cmdr. W. W. Bowditch, CD, RCN, area officer, Pacific, will inspect corps.

Sea Cadets family night.

Lieut. J. L. Dawson, commanding officer.

**PICKS WRONG TARGET**

LONG BEACH, Calif. (AP) — George Evans picked the wrong target for a wet sack of coffee grounds. George doesn't like people who drive past his home in a rush. So Friday, say police, he took the grounds from his mobile canteen truck, wound up and fired. He hit the windshield of a passing policeman's car. The officer arrested Evans and had him booked for investigation of throwing a substance at a moving vehicle.

**GOT AWASH**—The people at this Richmond Avenue office building in Southwest Houston, Tex., parked at 8:30 a.m. and by 10:30 a.m., look what happened. A deluge of rain did it.

# Rocket Failure Ruins Space Ranger's Trip

CAPE CANAVERAL, Fla. (AP) — Rocket failure ruined an attempt Saturday to send a Ranger spacecraft far into space to investigate techniques for sending future vehicles to the moon and the planets.

A 102-foot Atlas-Agena rocket boomed away from Cape Canaveral at 3:12 a.m. EST. The Agena second stage whirled into a 100-mile-high "parking" orbit but failed to eject the 675-pound Ranger 2 payload into a deep space orbit designed to take it more than 500,000 miles away from earth.

The U.S. National Aeronautics and Space Administration announced an hour after launching that "the Atlas portion of the flight and the firing of the Agena rocket appeared to be normal. Tracking and telemetry information indicates the second Agena ignition did not take place and the spacecraft remained on a parking or near-earth orbit."

There was no immediate word on whether the Agena and the spacecraft had separated. The problem is much the same as that which spoiled the first Ranger launching Aug. 23.

**IGNITION FAILS**

On that launching the Agena engine failed to reignite. However, the two vehicles did separate and whirled around the earth for several days before burning up in the atmosphere.

The space agency had counted on the launching providing the feasibility of using the Agena as a flying launch platform and the reliability of the equipment carried aboard Ranger 2.

The program calls for launching Ranger 3 toward a landing on the moon early next year to begin a long-range exploration program leading to manned exploration in this decade.

*James G. Burke of NASA's jet* propulsion laboratory said the Ranger 3 plans still holds despite the failure. That shot probably will be delayed for some time until problems which occurred can be corrected.

The early portion of the Atlas-Agena flight appeared normal. The rocket lifted smoothly, very quickly gathered speed and raced from sight.

If it had functioned properly, again in its parking orbit, accelerate to 23,800 miles an hour, and then spring Ranger 2 into a highly elliptical earth orbit designed to send it spinning 685,000 miles into space.

Phase two of the Ranger program was scheduled to commence in January. Then Ranger 3 is to attempt to take television pictures of the moon and land a small payload on its surface to radio moonquake and temperature information.

Phase three, starting with the sixth shot, will have a Ranger snap TV pictures of the moon before crash-landing there.

Following Ranger over the next few years will be four space exploration programs to use the same basic, but larger, design. They are Surveyor, which will try controlled soft-landings of large packages on the moon; Prospector, a wheeled or tracked lunar - roving vehicle; Mariner, which will flynby Mars and Venus and relay photos; and Voyager, which will orbit or land machinery on these planets and later fly to the vicinity of Mercury and Jupiter.

# Future Looks Brighter To U.S. Business Men

NEW YORK — The eyes of U.S. business turned sharply toward 1962 last week and what they saw was pleasing.

Important segments of the economy made predictions on the outlook for next year. The consensus was that business will improve but won't attain boom proportions.

A forecast that the gross national product — total value of all goods and services — will climb to $557,080,000,000 in 1962 from $520,000,000,000 in 1961 came out of a meeting of 150 economists at the University of Michigan.

They based their opinion on spending, inventory accumulation and automobile buying.

A 15 to 2 - per - cent increase in steel production is likely in January, an industry publication, Iron Age, says. Steel users are expected to expand their orders to meet demands of improving business.

**DECLARE DIVIDEND**

General Motors Corp.'s declaration of a 50 - cent extra year - end dividend has been interpreted earlier as a strong indication that the automobile industry will have a banner year in 1962.

Prospects of better business impressed investors and the stock market racked up all-time highs, as measured by the popular averages, on three successive days this week.

The automobile sales picture has brightened considerably and some dealers complained they weren't getting enough cars to satisfy the demand. Sales of new cars boomed to a record 192,225 in the first 10 days of November.

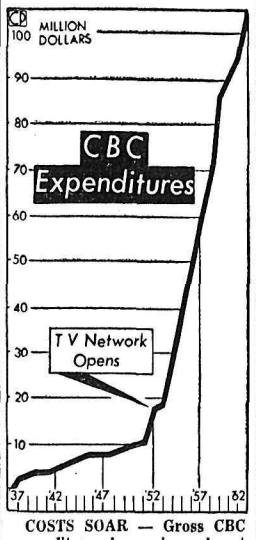
Steel production inched upward last week to 2,046,000 tons from 2,044,000 the previous week. This brought production for the first 45 weeks of the year to 82,811,000 tons, down from 88,972,000 tons for the comparable period of last year.

Walter W. Heller, chairman of the president's council of economic advisers, said the Kennedy administration intends to take new steps to create jobs if unemployment fails to decline substantially in the coming months. He did not spell out what action might be taken.

But he said the administration was confident that continuing recovery in the months ahead will significantly reduce unemployment.

**ANCIENT ICE**

Glacial ice believed 2,500 years old was found under mountain rock and soil in Norway in 1961.



**COSTS SOAR — Gross CBC expenditures have risen almost six times since the publicly-owned corporation's television operations started in 1952. Graph shows growth in expenditures for fiscal years ended March 31 since 1937. Figure of $105,368,000 for the 1961-62 fiscal year is estimated. Gross expenditures include payments made to private station for network affiliation and commissions paid to U.S. networks and advertising agencies. It excludes depreciation costs.**

# Oslo Prepares for Possible Air Attack

By FAY GJESTER

OSLO (Reuters) — A rash of small yellow arrows has broken out all over Oslo — pointing the way to air raid shelters.

The government has published a civil defence map and evacuation plans, showing how "non - essential" citizens would be moved from Oslo and the neighboring dormitory area of Baerum in case of "acute danger of war."

There's no war scare in Norway, but Norwegians like being prepared. They've been working at an air raid shelter scheme, for example, for more than 10 years.

The evacuation plans and maps give citizens full details of what they should do and where they will go. The plan envisages moving about 225,000 persons — half the population — out of Oslo and some 27,000 out of Baerum.

For more than a decade, the government has been building air raid shelters in all the larger centres. Caves have been blasted out of Norway's rocky, hilly terrain and fitted with blast-proof doors and concrete blast screens.

**VENTILATE SHELTERS**

Civil defence director H. R. Holternmann recently announced work had started on the second stage of the shelter program — the equipping of all existing shelters with ventilation and gas - proofing apparatus.

He also announced that a new type of gas mask was being produced. Its improved filter would live protection against radioactive duft and bacteria, as well as the newest gases. Supplies of the mask were being *stockpiled all over the country,* for use in emergency — some 100,000 had been produced so far.

The main burden of Norway's civil defence organization is borne by middle - aged men too old for service in the home guard. They receive 50 hours a year in civil defence training.

Backbone of this part - time *corps is the full - time civil* defence staff, numbering some 28 and coming under the authority of the ministry of justice and the police. Norway spends some 30,000,000 kroner *(about $34,200,000)* a year on civil defence.

**JET FLIGHTS**

The world's airlines in 1961 had about 620 jet aircraft in operation, four times as many as in 1959.

# Coal Fields Bow Out To Steam Locomotives

HALIFAX (CP) — The steam locomotive, its life lengthened *in Nova Scotia because the fuel* it used was so close at hand, is about to bow out even in the coal fields.

The Sydney and Louisburg Railway, reitred its last two steam engines Friday. The 119-mile coal-hauling line in Cape Breton said one of the main reasons it switched to diesel locomotives was that it could no longer get parts for its hodgepodge of steamers, picked up second hand from a dozen Canadian and United States lines.

This week Old Sydney Collieries Limited at Sydney Mines *will replace its two creaky* steamers with diesels.

Four steam engines will then be left — two at Westville and two at Stellarton, a few miles apart in coal yards in Pictou County. They are expected to be retired within a few months.

*The CNR and the Dominion* Atlantic Railway—a CPR subsidiary—have been dieselized for more than two years.

The S. and L. Steamers will be scrapped. A similar fate awaits those of Old Sydney Collieries.

But there is a good chance the three steam engines of the abandoned Maritime Coal, Railway and Power Company, which ran between Joggins and MacCan in Nova Scotia's Cumberland County, may escape the cutter's torch.

That line's No. 5, a 60-year-old 10-wheeler, has been bought on borrowed money by the Canadian Railway Historical Society and will start the trip "deadhead" today behind CNR diesels to the society's museum at Delson, near Montreal. Private interests have bid for the line's other two steamers.

**VISITOR**—Mrs. Lars Schmidt (Ingrid Bergman to you) is greeted by her daughter, Jenny Lindstrom Callaway, on her arrival in San Francisco for a 10-day visit.
