Kootenay: Sunny and warm. Winds light becoming variable 15 in afternoon. Low - high at Cranbrook and Crescent Valley 40 and 80.

Vol. 63 | NELSON, B. C., CANADA—FRIDAY MORNING, JUNE 26, 1964 | 10 Cents | No. 56

BERLINERS REMEMBER—"Ich bin ein Berliner" said President Kennedy (front, left) and 400,000 West Berliners raised a cheer that echoed from the city hall to the Berlin Wall. That was on June 26, 1963. One year later, Attorney-Gen. Robert Kennedy (inset) is there to unveil a plaque, dedicating the square, renamed "John F. Kennedy Platz," and recalling that happy day when his brother won the city's heart with his "I am a Berliner."

Canada Not Increasing Military Commitments in Southeast Asia

R. B. Morris, Nelson Pioneer, Community Worker, Passes

A man who gave a half century of devoted community service to Nelson and District, Robert Benjamin "Jack" Morris died suddenly in Victoria Thursday. He was in his 68th year.

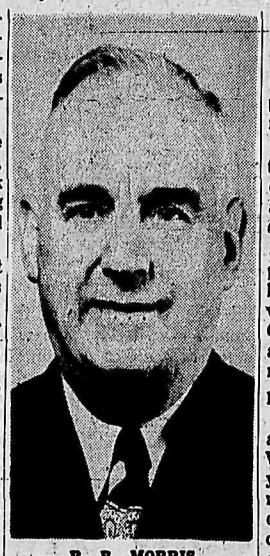
Mr. Morris was at the home of his son, Alexander Douglas, recuperating from a heart attack he had suffered while attending a conference of the United Church at Vancouver.

His long membership in a host of organizations attested to his community service.

Mr. Morris was a pioneer member of St. Paul's and St. Paul's-Trinity United Church; a charter member of the Gyro Club, a member of the Chamber of Commerce, and had served for many years the Nelson branch of the Canadian Red Cross Society, the Kootenay Society for Handicapped Children and the Canadian Arthritis and Rheumatism Society.

In the church, he was superintendent of the Sunday School for many years.

He was a charter member of the Gyro Club and had held every office in the club, including that of district governor in 1935-36. The club was formed in 1924.



R. B. MORRIS

For eight years he was a member of the School Board and had served as chairman.

During World War 2 he was active in Victory Loan drives for Nelson and district.

First chairman of the Red Cross blood donor clinic, he was president of the Nelson branch for some years.

In 1954 he became president of the newly-formed Kootenay Society for Handicapped Children and he also served as president of CARS.

He was one of Nelson's most popular Santa Clauses for he had donned the red suit and white whiskers at Gyro Club Christmas parties for children almost from the club's beginning and at church parties.

RETIRED IN 1961

Mr. Morris retired in 1961 as assistant manager of Wood, Vallance Hardware Ltd. after 45 years' service, although he was recently elected vice-president of the company. He joined the company in June 1916, and became general sales manager in 1941 and assistant manager in 1950.

He had come to Nelson about 1910 and had formerly lived in Fernie. The Morris family was residing in Fernie at the time of the great fire of 1908. Mr. Morris was born in Hastings, England, Aug. 2, 1896.

He is survived by another son, John Donald of Kaslo; six grandchildren and two step-grandchildren. Funeral service will be held in Nelson.

Supports U.S. Policy In South Viet Nam

By DAVE McINTOSH

OTTAWA (CP) — Prime Minister Pearson said Thursday Canada won't extend its commitments in Southeast Asia beyond any entailed by membership in the United Nations.

But he declined to dissociate Canada from the firmer United States policy in South Viet Nam. Mr. Pearson was replying in the Commons to NDP Leader Douglas.

Informants said outside the House that Mr. Pearson was thus indicating that Canada generally supports U.S. policy in South Viet Nam but not to the extent of providing any Canadian military aid.

The government was willing, the sources said, to give sympathetic consideration to any UN request for a Candian contribution to a UN patrol along the 600 - mile border between South Viet Nam and Cambodia. This possibility now is being investigated on the spot by a three-nation UN team.

Mr. Pearson also said in reply to Wallace Nesbitt (PC—Oxford) that Canada does not contemplate "at the moment" any change in its 1,122-man contribution to the UN Cyprus force in light of Britain's decision to withdraw half its contingent.

He said there may have been a recent UN request for a few more Canadian staff officers for the Cyprus force.

Canada's contribution to the UN force in Cyprus now is limited to 1,200 men. Any increase beyond this figure would require parliamentary approval.

Informants said External Affairs Minister Martin had already indicated Canadian approval for a firm U.S. policy in South Viet Nam and disapproval of France's suggestion that Viet Nam be neutralized.

Mr. Martin told the NATO ministerial meeting at The Hague last month that neutralization would weaken South Viet Nam's resistance to a total Communist takeover. A Communist victory in South Viet Nam in turn would jeopardize the stability of Thailand and Malaysia and undermine the neutrality of Laos and Cambodia.

Canada is a member, with India and Poland, of the international truce supervisory commissions in Viet Nam, Laos and Cambodia. The commissions are not under UN auspices.

Sources said the harder U.S. line in Southeast Asia does not appear to represent any return to the "brinkmanship" which resulted in the Dienbienphu disaster.

VANCOUVER (CP) — The Retail Merchants Association of Canada agreed Thursday to seek Federal enforcement of national holidays on all types of retailers across Canada.

Delegates to the annual meeting said the enforcement was needed to stop abuse of some holidays by "promotional outlets and mass merchandisers."

Delegates discussed at length a resolution for the setting of uniform store hours across Canada but failed to reach a decision.

Firm Forfeits Bond On Columbia Job

VANCOUVER (CP) — Dawson Construction Co. of Vancouver said Thursday it withdrew a low bid on a Columbia River project because the bid contained a major error.

The company forfeited a $75,000 performance bond to the B.C. Hydro and Power Authority in taking the action.

B.C. Hydro awarded the contract for relocation of three and one-half miles of CPR track to be flooded by the reservoir of the Arrow dam to Peter Kiewit and Sons Co. of Canada Ltd.

Kiewit, partners with Dawson in the Peace River dam project in Northeastern B.C., submitted a bid of $1,002,893 for the relocation.

Dawson's bid, the lowest of three submitted, was for $745,232. The only other bid was from Standard General Construction (International) Ltd. for $1,164,524.

Dawson claimed it had made an error of 135,000 in its bid and refused to perform the work at its quoted price. B.C. Hydro ruled the company either stick to its bid or forfeit the bond.

A company official said the firm would not try to recover the bond.

"Cool" Kid Generation Worries Psychiatrist

Feels Reason as Therapy Tool Useless in Dealing With Teenagers

VANCOUVER (CP) — A prominent American psychiatrist said Thursday the "cool" kid generation of today frightens him.

Col. Paul F. Eggertsen of the U.S. Air Force, himself the father of seven children, told the Canadian Psychiatric Association meeting here:

"I am not especially afraid of the switch-blade goons, but of the bright, talented personable boy next door who dresses well, has a car and joined high school fraternities.

"Make no mistake, this kid is tough. He is tougher than I was or you were. He is lonelier despite his gangs. He knows when the chips are down he must save himself, that in this dog-eat-dog world he is alone.

"He is out for kicks. When he goes to a party a wild noisy brawl begins; the house is taken over, the whisky is found and the lights turned out."

The type could be found in most large cities around the world and a "communicative abyss" existed between him and the rest of society greater than between any previous generation. It was a psychological gulf, "almost bridgeless," said Col. Eggertsen, who is a consultant in psychiatry and neurology in the office of the surgeon-general at Washington.

The "heros" of this generation stood on public stages "making copulatory movements and screaming the words You Aint Nothin But a Houn Dog—what can this be but mockery.

He said that the dance called the twist is an ironic ritual of sex which "mocks the movements and the frenzy of sex without touch."

"This generation mocks parents, sexuality and causation," he said. "They see no required connection between a question and its answer. Their music, their art and their drums are stonal, full of caprice, surprise and terror."

He said that many psychoanalysts feel frustrated and impotent when dealing with teenagers today. They were frightened too at the terrible power of someone who could not "be touched by law, sentiment, moral code, cause and effect, history, religion or guilt if he chooses by an act of will not be so touched.

"Reason as a tool of therapy is doubly worthless in approaching a person with no faith in and no sense of history."

He said the "cool" youngsters, obsessed with style, "are untouched and unafraid." They "do not fear parents, police, jail, sin or death.

"But I think they are afraid. The problem is to find it."

The association got another picture of the younger generation from Dr. David Stafford-Clark, consultant psychiatrist and director of York Clinic at Guys Hospital, London.

He gave delegates the lowdown on the English "Mods"—the cool sharp dressers with narrow pants, ties and different colored lapels who drive motor scooters with countless lights and wear "carpet creepers," shoes with big crepe soles.

He said that his two youngest boys were Mods "and they're nice kids."

But there was another group in England known as "Rockers," who were self-styled tough guys in blue jeans and black leather jackets who drove 100-mile-an-hour motorcycles.

Kennedy To Unveil Plaque

BONN (AP)—Robert F. Kennedy arrived in this West German capital Wednesday for a one-day visit before going to Berlin to unveil a plaque honoring his brother, on the aniversary of the late president's tremendous ovation there a year ago.

"I am happy to be back because of the close personal ties between President Kennedy and the leadership and people of Germany," the U.S. attorney-general said.

Today the attorney-general will stand in West Berlin's John F. Kennedy Square, where 1,500,000 Berliners roared their approval of his words: "Ich bin ein Berliner (I am a Berliner.)"

Kennedy will call on West German President Heinrich Luebke, Chancellor Ludwig Erhard and former chancellor Konrad Adenauer.

The attorney-general arrived from Frankfurt, where he paid a short visit to U.S. troops in the area.

Thalidomide Babies' Development "Amazing"

VANCOUVER (CP) — The "amazing" development of handicapped thalidomide babies was described Thursday by an expert on rehabilitation.

Dr. Gustave Gingras of Montreal, chairman of the Canadian Medical Association's committee on rehabilitation, used the word amazing when describing the babies' means of exploring their environment.

In a press conference, he said that with the use of mechanical limbs to make up for the ones they were not born with, these children should be able to attend schools with normal children.

"There is not a shadow of a doubt if we can send a missile to the moon we can send a child to school."

He said the children, born without some limbs or with only partial limbs because their mothers used the tranquillizer thalidomide when they were pregnant, have an excellent intelligence quotient.

SENSES DEVELOPED

Dr. Gingras said that the babies have developed through all senses available to them — touch, smell and sight. A child could be taught to eat with its attachments at the age of four months where a normal baby did not learn to feed itself until six months.

Of the 135 that were born in Canada, 100 survived and they were being treated in centres in Winnipeg, Toronto and Montreal. Specially designed limbs manufactured in Canada and elsewhere were being fitted and the officials were entering the "electronic phase" of their work.

Dr. Gingras said that facilities developed for the thalidomide babies should be made available to all disabled children. The number of the former was "peanuts" compared to the number of disabled children born in Canada.

Blood Red Licence Plate Urged for Offenders

WINNIPEG (CP)—Motorists with serious traffic convictions should be forced to use blood red automobile licence plates, Police Chief Robert Taft said Thursday.

Chief Taft, speaking to the Greater Winnipeg Safety Council, said the plates would "let all the world know" of persons driving during a probationary period.

"I don't know if it has been done anywhere else but it has often been discussed. I'd like to see it in Winnipeg," he said.

AUTO INDUSTRY NOTES RECORD

DETROIT (AP) — The auto industry set a production record for the first six months as it turned out a nestimated 177,343 cars this week to send the January-June total to 4,364,148, the trade publication Automotive News says.

The half-year output erased the old mark of 4,257,150 set in the first six months of 1955.

This week's output surpassed last week's 175,218 and the week's mark a year ago of 168,891.

Cancer Vaccine That Works On Rabbits Offers Hope

SAN FRANCISCO (AP)—Rabbits have been protected against one form of cancer with a vaccine prepared with use of an electrical knife, a surgeon said Thursday.

Te vaccine contained material from cancer cells killed by electro-coagulation — the electrical knife.

Dr. Alfred Strauss, 81, of Michael Reese Hospital and Medical Centre, Chicago, said he had injected 100 rabbits, vaccinated this way, with a transplanted cancer several times in the last two years, and not one had developed cancer.

Rabbits not vaccinated but given the same injections of tumor cells, known as Brown-Pearce carcinoma, died within eight to 12 weeks, he told sessions of the American Medical Association.

Dr. Strauss advanced a theory that the electro-cogulation method killed more cells in cancer tissue, to provide a vaccine more potent in stimulating antibodies or protective agents against the cancer.

He believed that electro-coagulation might also stimulate protection against further growth or spread of cancers in humans by leaving dead cells behind. He cited five persons so treated whose cancers apparently had been cured.

TO EXTEND RESEARCH

Dr. Strauss said his experiments so far have been limited to the Brown - Pearce experimental darcinoma, but that he plans to extend the research to cancer in humans.

Absorption of the electrically-killed cancer cells, he said, apparently generated antibodies against that type of cancer.

Dr. Strauss noted there have been increasing reports in recent years of tumors that disappeared and added:

"The concept that necrotic (dead) tumor tissue may assume antigenic powers which stimulate a specific antibody response can be supported by clinical observations that tumors which undergo marked necrosis occasionally show spontaneous regression of the primary tumor as well as the metastases (spreading growth)."

Dr. Strauss said electro-coagulation has been used to treat more than 400 rectal cancers successfully. Sixty-five of these had been classified as inoperable and the electric knife was used primarily to ease pain. In 75 per cent of the so-called inoperable cases, however, five-year to 10-year cures were obtained.

Parliament

By The Canadian Press

State Secretary Lamontagne read a CBC letter reaffirming its decision not to show the film Mr. Pearson on television.

The letter also said the CBC directors are satisfied there was no political interference involved in the original decision.

Douglas Fisher (NDP-Port Arthur) said Prime Minister Pearson should offer the Commons more efficient leadership.

Gordon Churchill (PC-Winnipeg South Centre) rejected Mr. Fisher's suggestion that closure may be needed to get legislation passed.

MPs should quit calling each other names and get to work on the country's business, said Social Credit Leader Thompson.

Creditiste Leader Caouette accused Opposition Leader Diefenbaker of obstructing business in a desperate bid to regain office.

And in This Corner . . .

SUDBURY (CP)—People on welfare are happy if they get food, television and birth control pills, Reeve True Davidson of East York township in Metropolitan Toronto said Thursday.

She told the convention of the Association of Ontario Mayors and Reeves that giving people on welfare more than they need enables them to develop a technique of exploitation.

"There's a creeping decay in our civilization," she said. "Those who believe in the future of our country have to determine how this can be arrested."

"We should see what we can do to help people lift themselves by their own bootstraps, which is the only satisfactory way they can be lifted," Miss Davidson said.

She said a firm line should be drawn on welfare payments and suggested municipalities could assist the unemployed by finding them part-time work.

KONZ, West Germany (AP—Karl Hardt, 44, escaped from West Berlin police who had arrested him on a charge of embezzling $62,500. He hdi himself in a large crate and an obliging friend shipped him to the home of his parents in Konz, en route to join his wife and children in Canada.

When the shippers tried to bring the box into his parents' house, the door was too narrow. They opened the crate and out came Karl, in a bathing suit and a six-day growth of beard.

Police said he had lived six days on liquids only.

The crate was marked "glass — handle with care." But Karl said workmen placed it upside down for several hours during the trip.

SAN JOSE, Calif. (AP)—Bare-breasted barmaid Joy Sheridan, 25, a waitress at the Rogue Room, was arrested Thursday on a charge of outraging the public decency by wearing a topless bathing suit.

She was released on $276 bail until a court appearance July 1.

District Attorney Louis Bergna said he also will file a complaint against Rogue Room owner Allan P. Burdick on the same grounds, and recommended Burdick's liquor licence be lifted.

Several women complained Miss Sheridan was serving drinks while dressed in a topless bikini.

Miss Sheridan described her costume as "comfortable and cool and real cute."

In View of Columbia

Udall Asks Okay on High-Voltage System

WASHINGTON (CP) — Interior Secretary Stewart Udall asked Congress Thursday to approve a $697,000,000 extra-high-voltage long-distance electrical transmission system on the U.S. west coast and said this is an essential element in implementing the Canadian-U.S. Columbia River treaty.

Announcing the department's plan, Udall proposed that the U.S. government invest $280,000,000 in the over-all costs which would bring Columbia River and other power from the regions of the Canadian border to Los Angeles and other parts of Southern California.

"This will place the United States in a position of world leadership in electric transmission technology," Udall told a press conference.

The transmission system would consist of two major lines, one extending from the Dalles, Ore., on the Columbia River to Los Angeles, a distance of 827 miles, and the other running from the Dalles to the Hoover Dam on the Colorado River, a distance of 830 miles. Transmitting direct current at 750,000 volts, the system would be the world's longest direct current operation.

SHIP SURPLUS SOUTH

The system would be used to ship to California surplus Pacific northwest power now being wasted at an annual rate of $20,000,000, Udall said. It would increase power efficiency by taking advantage of seasonal and hourly differences in power usage to shift unused power northward from the Pacific southwest.

The system also is "an essential element in implementing the treaty between Canada and the U.S. for the international development of the Columbia River," said Udall. Canada's share of treaty power could reach California markets over the system.

Under the treaty, signed here in 1961 and recently approved by the Canadian parliament, Canada's share of Columbia River power would be sold in the U.S.

Udall said in his report to Congress:

"The government of Canada has agreed to seek parliamentary approval (now obtained) of the Columbia River treaty only if Canada's share of treaty power can be sold in the U.S. for a period of 30 years from the initial operation of each dam for a lump sum price of $254,400,000 (U.S.) payable in advance by Oct. 1, 1964. The U.S. has pledged its best efforts to meet these terms.

"A non-profit corporation now is being formed by northwest private and public utilities to buy Canada's share, sell revenue bonds in order to finance the prepayment to Canada and then resell in the northwest or elsewhere Canada's share of power to produce revenues with which to repay the revenue bonds.

CITE MAJOR PROBLEM

"One of the more difficult problems in completing these arrangements is the fact that much of Canada's share of treaty power—which is more costly than the average cost of Bonneville power dministration's existing generation — would be surplus to the needs of the Pacific northwest for at least the first five years after treaty power comes on the line.

"California utilities, public and private, have proposed to purchase Canada's share of treaty power at Canda's price during the period it is surplus to needs of the northwest—provided, of course, the intertie (transmission system) facilities are built to deliver treaty power to California.

"We estimate that unless the intertie lines are built, the market of Canada's share of treaty power exclusively in the northwest could displace Bonneville sales in the amount of $55,000,000.

"Assurance of a California market for surplus treaty power thus would facilitate the completion of arrangements to purchase and repay Canada for its share of treaty power and thereby enable the U.S. to meet the condition imposed by Canada upon its ratifictaion of the Columbia River Treaty."

Chamber Would Gamble On Manager Plan Now

The Nelson Chamber of Commerce is willing to gamble on $4,000 on short-term employment for long-term success.

The Chamber's ancient dream of manager is actually $1,000 away from realization, an executive dinner meeting learned Wednesday. The catch is how long will the dream last?

The managerial and finance committees were empowered to scrounge the $1000 from the group's budget through economic practices. Combined with a $3,000 city grant appropriated for a manager, it will give an amount equivalent to hire a manager for the duration of the year.

SELLING JOB

The gamble arrives with the New Year. Another city grant is practically assured but it will be up to the manager to sell the chamber and industry to ensure his employment.

A prime duty of the manager will be to build up the chamber's membership. The membership committee reported its latest drive ended in promises and failure. It failed to lure any old members back into the fold, but did extract promises from many that they would rejoin the Chamber if it acquired a fulltime manager.

With the Columbia boom breaking over the Kootenay, there isn't a more appropriate time to gamble the majority of the executive felt.

"This is the closest we have ever been. Now is the time," advocated one member.

An important phase of the manager's job would be to sell Nelson to industrial concerns, similar to the duties that Mayor E. T. Bodard has recently been enlisted to accomplish at the Coast sometime within a week.

H. "Fritz" Farenholtz, chamber president and city alderman, gave an example of the need of having such a manager. He stated that there were four people in town Wednesday to discuss economic developments and other people had been in earlier this week. It is expected that this flow of economic traffic will increase with the mounting pace of Columbia construction.

Mrs. R. H. Bradley expressed concern over the failure in the Chamber's not adhering to its rules in administering its policies. She wondered what had happened to the strict screening of chamber representatives in driving floats to other centres. She asked what had happened to the Nelson float at the Creston Blossom Festival.

Mr. Farenholtz informed her that the Creston fiasco resulted when someone "stole" the city's float equipment and that the matter had been placed in the hands of the RCMP.

Appointed delegates to the quarterly executive meeting of the Associated Chambers of Commerce of Southeastern B.C. were Mr. Farenholtz, Albert Maida and A. R. Ramsden.

New Rotary Officers Installed

The guffaw still outranks long hair music on the Nelson cultural parade, the Rotary Club balance sheet indicates.

Speaking at the annual installation meeting of the Nelson Rotary Club, Malcolm Brandon, in his president's report, stated that the club's most popular entertainment endeavor was the farcical "Spring Thaw."

The Vancouver Symphony Orchestra also met its costs but the Canadian Opera Company production ended in red ink.

He said the club had not taken on a main project last year but its community service fund had financed numerous ventures besides the entertainment stated.

A primary project was aiding the Nelson Boys' Choir under the direction of Mrs. T. J. S. Ferguson to give concerts in Victoria this spring. The club raised about $500 to assist the boys.

The choir showed its appreciation by performing at the meeting during the entertainment portion of its program.

Representatives of the Nelson Lions, Kiwanis, Gyros and Kinsmen clubs were on hand to see H. D. Harrison past district governor, install the new executive.

The new executive consists of: John Stanger, president; Mr. Brandon, past president; Norman MacLeod, vice president; R. A. Munro, secretary-treasurer; Bruce Arlidge, sergeant at arms; John Miller, bulletin editor.

Joining Messers Stanger, Munro and MacLeod on the directorate are Dr. John McMurchy, T. S. Shorthouse, Angelo Demeo, Robert Adderley, Charles Cuthbert and J. M. Morley.

RUNOFF DROPPING

MISSION (CP) — The level of the Fraser River is continuing to fall as the spring runoff slows. The river level fell to 21.33 feet here late Wednesday, a foot lower than Friday's peak. The level at Prince George was 28.59 feet, down .19 in the one day.

SHIRLEY MARKIN — PAT CUTLER — LINDA MOORE

DARLENE SCOTT — JUDI LEE — CHERYL WALLIN

HERE COMES THE QUEEN . . . One of these young ladies will be flushed with emotion about 7 p.m. today. She will be sitting on a flower-decked throne on the steps of the Royal Canadian Legion building with the crown of Miss Nelson atop her well-groomed coiffure. She will be the city's representative in the annual Miss PNE pageant at Vancouver in mid-August. Prior to the crowning, a beauty parade, starting at 6 p.m., with the six contestants, joined by four district lovelies riding in convertibles will roll through the business section.

Silver Trophy Awarded At First Ymir Awards Day

YMIR — A silver trophy bearing the inscription "Highest Academic Achievment" was awarded to Shirley MacDonald Thursday afternoon in the Community Hall. It is the first elementary award program to be held in Ymir.

Shirley, an 11-year-old Grade Seven student of Mrs. M. V. Mang, hopes to some day teach grades one and two. She lists her favorite subjects as spelling, english and mathematics.

Donna Forrister, another Grade Seven student, received a certificate and $10 for showing the most improvement in her class.

Recipients of awards in the Primary Grades were Fern Thomas, general achievement; Janet Lang and Marilyn Giza, highest standing; Debra Lynn Ritter and Kim Woods, honor roll reading; Monte Comeau, honor roll, arithmetic; Nancy Grotowski and Bobby MacDonald, perfect attendance.

In the intermediate grades, three to five, the prize winners were Trudy Lang and Alan Grotowski, high academic girl and boy; Reno Paul, most improvement; Susan Beaulieu and Beverly Grotowski, perfect attendance.

Citizenship awards went to Eddie Helgren, Grade Six, and Shirley Faminoff, Grade Seven.

Gifts presented on behalf of the Community Club which sponsored the program, were presented to teachers Mrs. Robert Leadbeatter and Peter McKee, who will both be leaving this year.

Mrs. Mang, who donated the Highest Achievement trophy and instituted the program, stated she hopes the awards will become a yearly event and spur the students onto greater effort in future years.

On behalf of the 68 students and their parents George Murray of the Community Club, thanked the teachers for their efforts during the year. He added that teaching is one of the most exacting professions there is, but the reward is in knowing their students have performed to the best of their ability.

After the presentations, a tea was held in the hall for both parents and students.

50 Music Students Succeed in Exams

Nearly 50 Nelson and district candidates were successful in examinations held recently by the Royal Conservatory of Music of Toronto, in Nelson.

The names, in order of merit, follow:

Grade 9 piano—honors, Patricia A. Palmer.

Grade 8 piano—honors, Gregory R. Gold, Susan Whitehead, Robert Adderley, Donald Stewart (equal); Pass—Marcia M. Marion, Sandra Reese, Janet Spicer.

Grade 6 piano—honors, Merelyn Jones, Betty A. Matneson. Pass—Margaret E. Evans, Catherine Cavalier, Susan Norris, Faye Walker (equal), Janice A. McPhee.

Grade 5 Piano—first class honors, Eric J. Kettleson; honors—John Campbell, Nancy Lake, Kathleen Murison; Pass—Robert Carmichael, Kathryn Doyle, Marilyn Munro, Joan Scott (equal).

Grade 4 Piano—honors, Melanie D. MacBain, Calvin Morton (equal); David G. Callbeck; Pass—Anne Stewart, Edward Jones, Robert Sommerville, Dianne F. Colman, Gordon McEachern (equal); Teresa A. Johnson.

Grade 3 Piano—first class honors, Mary J. Comfort; honors—Frances Downing, Wendy J. Boates, William Hyland, Neil Porteous.

Grade 2 Piano—honors, Barbara Babiy, Karen L. Brown (equal); Katherine L. Beausoleil.

Grade 5 Violin—first class honors, Patricia A. Palmer.

Grade 8 Singing—first class honors, David Herbison; honors, Jennifer Paterson.

Grade 6 Singing — first class honors, Kathleen Murison; honors, Greg Cook.

More Projects Picketed

CRANBROOK, B.C. (CP) — Picket lines formed Thursday on three major construction projects in the Kimberley-Cranbrook area, bringing to five the number of projects affected by a contract dispute.

Authorities said up to $500,000 worth of private, commercial and school construction in the two centres now was tied up. Picket lines on two projects were set up Wednesday morning.

Nearly 150 men were affected by the strike, which involves Local 1719 of the United Brotherhood of Carpenters and Joiners and five independent contractors.

Union officials said all subcontractors involved in the projects are honoring the picket lines.

The dispute began over a contract which had been under negotiation since November, 1963. The contract ran out March 31 and members voted in favor of strike action June 9.

Demands of the strikers were not revealed.

Between 1901 and 1941, the number of sheep and cattle in Canada rose by about 40 per cent to 11,345,000.

Board Decision Awaited On High-Rise Appeal

The future of the 12-storey "Kokanee Towers" is now in the hands of the Zoning Board of Appeal.

William Kainz, manager of Transco Development Company said that if the board waives the 36-foot height limitation for the residential zone, the Central Mortgage and Housing Corporation will continue negotiations with Transco for the necessary loan for financing the project.

The board heard pro and con arguments at its hearing in the city hall Thursday morning.

At present, the bylaw restricts buildings in that area to a maximum height of 2½ storeys or 36 feet above the ground. The 70-suite apartment building will be 100 feet or better.

Solicitor R. B. Allan appeared for a number of residents in the area.

The main objections of those in opposition are: it will disturb their privacy; it will increase the traffic hazard and noise; it will devaluate property values and will block out the sun.

Mr. Kainz declared that he felt the "sunshine" argument was a weak excuse.

"As far as I know the sun comes from different directions, especially when surrounded by hills, so they get less sun than other places," he said following the hearing.

He also contended that the apartment dweller should not be degraded to a certain class of humanity to be shunned.

RUBBISH AREA

As for the aesthetic unpleasantness that such a building would create, he countered by saying the lot had been up for sale for 20 years and during that time its only use was as a rubbish area.

He said that the traffic will not be a major problem as the development includes an area for ample parking of its clients' vehicles.

"We will not have children running on streets because we are supplying enough recreation room and facilities that the apartment is a community in itself," said Mr. Kainz.

He contended that the high-rise building would not devaluate properties, but in actuality will improve neighboring property values.

The board consisting of chairman George Kirby, Ivan Horie, provincial government representative and R. J. Coventry, city representative, are expected to make a decision on the height restriction within a week's time.

Friday Night Parking Rule Starts Tonight

Beware the parking meter tonight!

Approval of Bylaw No. 1385 Monday put into effect operation of the parking meters until 9 p.m. Friday nights.

The bylaw also states a nickle will buy one hour parking before the vehicle must be moved to another parking slot.

Bylaw 1385 also strengthens the city's jurisdiction in enforcing the one-hour parking limit.

The section reads:

"No vehicle shall remain parked in a metered space for longer than the maximum number of minutes indicated for a lawful parking in that space by its parking meter, nor shall the depositing of a further parking fee in such meter make lawful the continued parking in such space of any such vehicle."

Trail Blood Drive Far Below Quota

TRAIL — Red Cross officials expressed fear Thursday night that the blood clinic quota of 1500 pints here will not be reached.

In the first two days of the 3-day clinic, 776 pints were donated against a hoped-for figure of 500 pints a day.

A good turnout today will bring the figure up, they said, but it is not expected that the drive will come close to the objective.

A special morning clinic today has been arranged for shift workers from 9:30 to 11:30, as well as the afternoon clinic of 1:30 to 4:30 and an evening clinic from 6:30 to 9:30.

Rossland, Castlegar and Fruitvale previously had gone well over their quotas.

Cominco Workers' Strike Vote June 30

TRAIL— A strike vote among 6000 employees of the Consolidated Mining and Smelting Company here will be held June 30, the International Union of Mine, Mill and Smelter Workers (Ind.) announced Thursday.

In a telegram to B.C. Labor Minister Leslie Peterson, the joint bargaining committee of Local 480 at this southeastern B.C. city and Local 651 at Kimberley, said the membership had rejected a conciliation report.

The report recommended an average wage increase of 28 cents an hour. The union was seeking a raise of about 35 cents an hour and adjustment of overtime and work-week clauses.

Current base pay ranges from $1.97 to $2.85 an hour.

A union spokesman said further bargaining sessions are scheduled today.

A strike by the 6000 workers could tie up Cominco's giant smelting complex here and the Sullivan lead and zinc mine at Kimberley.

In the telegram, the minister was told that the Trail members had voted 2333 to 104 and the Kimberley members 963 to 45 to reject the majority recommendations of the conciliation board report released by the minister June 15.

At the strike vote, polls would be open from 6 a.m. to 6 p.m., with each local to make arrangements for advance polls as required to assure full opportunity to vote.

The telegram was signed by Harvey Murphy, chairman of the joint bargaining committee; R. Keiver, president of Local 480, and W. Booth, president of Local 651.

Wenatchee Group To See Duncan Site

The collapsed Lardeau bridge is not going to stop a bus load of 39 members of the Wenatchee Chamber of Commerce from viewing the Duncan Lake dam site.

H. D. Harrison of Nelson said Wednesday that the party intends to visit the site Saturday, even though the bridge at 12-mile Lardeau collapsed 10 days ago and light traffic has been rerouted over the back road to Howser.

The tourist and publicity committee chairman of the Associated Chambers of Commerce of Southeastern B.C. said reports indicate that the road connections will be suitable for the bus travellers.

The group will spend Friday night in Nelson and will be feted at a no-host dinner Friday night.

Main address will be given by J. W. Milligan of B.C. Hydro and a Wenatchee representative will speak on the benefits of the treaty in his area.

Saturday morning the group will embark for Kaslo, then for Marblehead, where they will be met by J. W. Wilson of B.C. Hydro and C. R. Waldie of Kootenay Forest Products Ltd.

TO SEE DAM SITE

Following lunch there and a tour of the dam site the group will head for Grand Forks where they will be dinner guests of the Board of Trade there.

On Sunday they depart for Wenatchee via Republic.

The trek to acquaint themselves with upstream storage projects is sponsored by the Wenatchee Chamber of Commerce in cooperation with the Chelan County Public Utility District and Wenatchee Daily World, whose associate editor, C. C. Kimm, has been instrumental in promoting the trip.

The group today will travel to an overnight stop at Kettle Falls via Ephrata in the Columbia basin irrigation district.

Friday they are scheduled to arrive at Rossland at 10 a.m. and will meet Trail chamber and Cominco representatives at Warfield to make a tour of the smelter and lunch there.

Most of the afternoon will be spent touring the Castlegar area and the High Arrow Dam site. The group will start to Nelson along the Kootenay River about 4 p.m. The group wanted this timing to allow ample opportunity of snapping photographs of the river in high water.

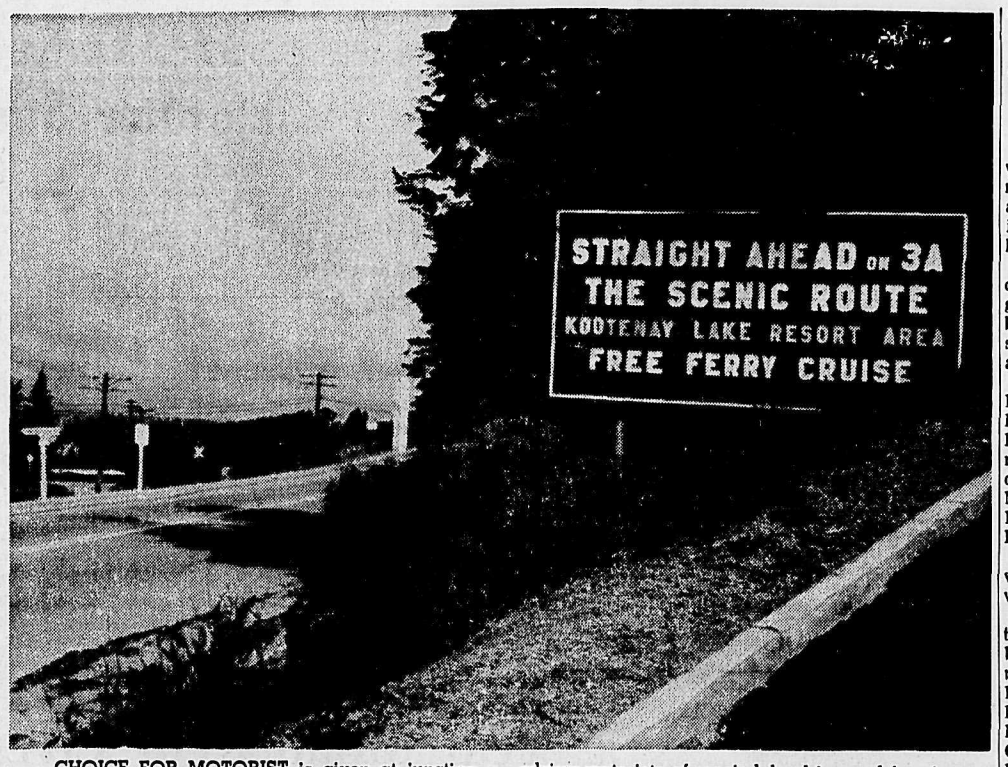
ACQUITTED CONVICTED

REGINA (CP) — Albert E. Aubichon, 19, of Regina, acquitted last fall on a charge of rape, was convicted Wednesday after a second trial in Court of Queen's Bench. The Crown had appealed the acquittal of the taxi driver on a charge involving a girl he picked up in his cab.



CHOICE FOR MOTORIST is given at junction in Creston of Kootenay Skyway to Salmo by sign erected by East Kootenay Lake group of 12 auto courts and resorts. The 16-foot by seven-foot sign advises motorists of scenic lake drive and free ferry cruise, the 40-minute trip across the lake between Kootenay Bay and Balfour. It is located on private property inside the village limits.

"No Change" In Canada's Cyprus Commitment

OTTAWA (CP)—Prime Minister Pearson said Thursday the government doesn't contemplate "at the moment" any change in its 1,122-man commitment to the United Nations force in Cyprus as a result of Britain's decision to cut its contingent by half.

He added in reply to Wallace Nesbitt (PC—Oxford), one of several MPs raising foreign policy matters in the Commons question period, that External Affairs Minister Martin will make a statement on the Cyprus situation at the earliest possible date.

Mr. Pearson told T. C. Douglas, New Democratic Party leader, that Canada has no commitment in regard to Viet Nam except as a member of the UN.

Mr. Douglas had asked that the government dissociate Canada from United States policy in South Viet Nam and accept no responsibility for any repercussions to that policy.

Opposition Leader Diefenbaker suggested that the Commonwealth prime ministers' conference in London next month establish a committee to consider the serious situation in British Guiana.

Mr. Pearson said he would reserve an opinion on the suggestion until the conference had met and heard Britain's views on the matter.

The prime minister said he would consider Mr. Diefenbaker's proposal for a Commons debate on Commonwealth affairs before the conference.

RECEIVE GRANTS

OTTAWA (CP)—Five Canadian artists and five scholars have received Canada Council grants to assist them to travel abroad, it was announced Wednesday. Grants for meetings abroad this summer included those to Herman Tennessen, University of Alberta; A. J. M. Collins, Vancouver; and Mrs. Olea Davis, Vancouver.

Students' Union Urges Quick Consideration of Loan Bill

OTTAWA (CP) — Spokesmen for 120,000 Canadian university students protested to members of Parliament Thursday that they have been kept dangling since last January waiting for federal student loan legislation on which many will base decisions about the fall college term.

About 50 MPs, including Forestry Minister Sauve, heard officers of the Canadian Union of Students press for quick action at the current parliamentary session to set up a student loan plan.

"Students were made aware of the government's proposed student aid legislation in February," a CUS brief said.

"Thus, many Canadian students have been counting on these measures ever since that time. Now, in June, they are ascertaining whether or not they will be able to finance another year of study and they are anxious to know what financial aid will be available in September."

Representtives of the two major political parties blamed each other for the delay.

Eric Winkler (PC — Grey Bruce), Conservative party whip, urged the students to help his party get the Liberal government to put the legislation before the Commons. Once there, the Conservatives would give every co-operation in passing it.

But Forestry Minister Sauve countered by asking Mr. Winkler whether the current debate on interim supply would be concluded Thursday.

The interim supply debate was secondary, retorted Mr. Winkler. The loans legislation could be disposed of in one day if introduced.

Mr. Sauve asked whether the students have been pressing provincial governments who have a primary responsibility in education to participate in the proposed federal plan.

Doubts Merit of Warning On Cigarette Packages

MONTREAL (CP)—A spokesman for Imperial Tobacco Limited said Thursday he has doubts about the "merit" of a ruling by the United States Federal Trade Commission requiring that cigarette labels and advertising carry a warning that cigarette smoking is dangerous to health.

The spokesman said the company has not seen a copy of the ruling issued Wednesday, and that it is a matter involving the United States government and the United States tobacco industry.

"However, I have doubts about the merit of such a ruling," the spokesman said. "Almost any number of things we use, if used the wrong way, could be dangerous."

For instance, he said, some doctors believe too much fat can cause heart trouble.

There are many other areas which ought to be explored as possible cancer causes, the spokesman said.

The Macdonald Tobacco Company declined comment on the U.S. ruling which said that starting next year manufacturers must tell the public "that cigarette smoking is dangerous to health and may cause death from cancer or other diseases."

The warning must go on package labels by Jan. 1, 1965, and on advertising by July 1, 1965.

TEACHERS OBJECT

CALGARY (CP) — A spokesman for the Calgary local of the Alberta Teachers Association said Wednesday teachers strongly resent a Calgary school board ruling making daily homework compulsory for all public school children.

RETIREMENT after years of service to Creston School District as teachers won recognition for Mrs. Jessie McKelvey and Mrs. Hazel Hare, shown as they were congratulated by C. C. Wright, inspector of schools, left, and hugh Anderson, chairman of District No. 5 school board, right.

Trail Cadets Win Awards

TRAIL — Navy cadets and wrenettes of the RCSCC "Kootenay" received promotions and awards in Trail Wednesday evening, following the annual banquet held in the East Trail Guide Hall.

Cadets and wrenettes sat in centre tables with parents and guests seated on each side. The banquet consisted of a pot-luck supper prepared by the women's auxiliary.

Head table guests included Rev. G. Hart, Alderman Perry Landucci and Mrs. Landucci, Honorary President D. D. Morris and Mrs. Morris, and president of the Trail branch of the Navy League of Canada, N. Booth. Master of ceremonies was Lt. G. Bruce.

Many promotions and awards were presented to cadets and wrenettes during the evening.

Special awards were presented to A/C R. Guidone, outstanding bandsman; L/C B. Dawson, most progressive bandsman; PO1 R. Morran, leadership award; PO2 R. Haggary, outstanding cadet; L/C G. Bruce, marksman award; Outstanding Navy League Cadet, PO1 W. F. Turner.

Rossland Legion Branch Wins Zone Award

NAKUSP — The Rossland branch of the Royal Canadian Legion was honored nere on the weekend as the branch gaining most in membership in the West Kootenay last year.

Zone commander A. A. Lamb presented an award to the branch at the annual meeting of the West Kootenay zone of Legion branches.

The Rossland branch gained 29.6 per cent in membership. Second was the Edgewood branch with 14.8 per cent.

The semi-annual meeting of the zone is to be held in Rossland this fall. Tentative dates are Oct. 17 and 18.

Pearson Criticized By Legion President

NAKUSP — The Pacific Command president of the Royal Canadian Legion lashed out bitterly *at Prime Minister Pearson,* his proposed flag and the Canadian Broadcasting Corpor;ation, at an annual meeting of the West Kootenay zone Legion branches here.

William Martin of Vancouver said the prime minister used his *privilege to speak to the Dominion* Command's Winnipeg convention with a "deliberate partisan speech" in announcing his intention to introduce a Canadian flag of his own choice to Canadians.

"To do so at a semi-religious service of a non-political, non-sectarian organization of the magnitude of the Royal Canadian Legion is an irresponsible and disgusting act, belittling not *only to the RCL but to his office* of prime minister as well."

Mr. Martin said the CBC took pictures, not of the registered delegates, but of civilians, latecomers of nearby branches and of members of the Royal Canadian Mounted Police.

This was "the *first* time they (the CBC) have ever been inside a Canadian Legion convention hall."

These outsiders "were the ones that heckled, who were rowdy."

Mr. Martin intimated that the CBC took pictures of prearranged shots at the meeting.

Bomarc Squadron Future Said Secure

WASHINGTON (CP) — Defence Minister Hellyer anticipates that Canada's two Bomarc missile squadrons will be kept in operation for the next several years. And he says he may make a decision by next fall on the purchase of a United States tactical fighter which would be produced under contract in Canada.

The Canadian minister, whose plan to unify the Canadian military forces has drawn the close attention of the Pentagon, will be a key figure in the first sweeping review of Canada-U.S. defence arrangements in four years which opened Thursday. *He told reporters the talks may* have some bearing on the kind of tactical fighter finally selected for the RCAF.

The 21-man Canadian delegation to the joint ministerial defence talks, headed by External Affairs Minister Martin, will delve into the possible future of continental nuclear weaponry, the impact of Canada's military unification on joint defence planning and the prospects and *threats of* spreading war in Southeast Asia and the Mediterranean.

The ministers also may explore ways of easing Canadian procedures and paper work required before permission is given for flying U.S. nuclear bombers over Canadian territory.

Krestova Was 'Way Ahead

There is very little that can be said for topless bathing suits.

Mercifully only a select few have the bad taste or feel they have the physical adornments to wear this frill publicly. Most women realize, and fully appreciate, the foundation garment industry's dedication to creating feminine allure. Even more than in the case of man, clothes make the woman.

Women who do wear topless bathing suits, we suggest, are either headline hunters or physical culturists. If reasons of health spur this audacious appearance, why bother with the health-inhibiting lower portion at all?

One crystalline fact emerges though. For years we have been led to believe that Paris is the fashion centre of the world when apparently Krestova is. Freedomites have been a half-century ahead of their fashion counterparts in featuring and publicizing such styles.

In this light the sociologists will have to re-examine and attach greater significance to the Freedomite cultural pattern.

All Four Universities Should Co-Operate in Appeal

Three hundred students who had attended the Notre Dame University at Nelson have returned to their homes, scattered through a large area of the northwest. They had come from 72 different cities and towns in this province, from many centres in Alberta, and a few from the State of Washington.

Most important, of course, was the fact that they came to this university by choice, just as they would enroll in any other university in any other place, province, state or country. Their enrolment was subject to only one normal requirement which exists in all good universities, and that is a required academic standing. Once this requirement was fulfilled, the student saw no difference — for the operation of a public university and one that is privately operated, is basically the same.

Notre Dame University has to abide by educational standards just the same as does UBC or the Victoria University, and as will the Simon Fraser University.

Recently, one of the public universities announced a plan for a drive for funds. The outcry soon changed this, and now all three of the public universities are combining efforts in the proposed campaign for funds. This is a good move, and will avoid many problems on the part of the public as to which university to give to. Many people are interested in helping universities, and in many cases they would rather not have to signify their choice as to which one they are giving. A combined drive will solve this, and donors can feel they have helped the universities of British Columbia.

However, the exclusion of one university, Notre Dame at Nelson, still leaves this problem, and no doubt will hamper public support in the campaign, for there are those who would like to help all four British Columbia universities and may not wish to leave out support of one of them.

At a meeting, the board of governors of Notre Dame discussed the serious situation which is arising, and have issued the following public statement on the subject:

"The board of governors of Notre Dame University expresses concern regarding the forthcoming campaign for private funds by the three public universities of British Columbia.

"The members of the board resolve to request participation in such a proposed drive. They point out that private universities are only private in a sense. Like all universities they perform a public service.

"Unlike the three public universities, Notre Dame depends solely upon private funds in its operation and expansion. Failure to include the university in such a drive would appear to be detrimental to the people of the interior where Notre Dame is the only university."

There is no doubt that Notre Dame is providing a great service to the people of the interior, and will continue to grow in this respect as is noted by the rapid expansion of facilities and enrolment figures. Neither should there be any doubt that full co-operation on all matters among our four universities will tend to accrue to the good of all higher education in B.C.

(Editor's Note: Following our editorial approach as above, the following was added:)

"The need for a united appeal by the universities was emphasized at the annual meeting of the B.C. Chamber of Commerce in Vancouver. Speaking to the annual banquet, Edward Benson, general manager of Pacific Press, president of the Vancouver Board of Trade, urged co-operation in the matter. Reg Miller, retired Bank of Commerce official, who was elected president of the B.C. Chambers, also urged this. He pointed out the difficulties which would have to be faced by businesses and others in giving to a fund appeal if it was not a united drive. He commented that if the universities — all four of them — fail to get together on this then they will have trouble in their appeal. He added that if it is not a united appeal perhaps it should not be supported."

Gambling With Public Safety

Highways Minister Gaglardi approves raising the speed limit on Lower Mainland freeways to 70 miles per hour, a speed he says is "sensible."

But only Mr. Gaglardi (who laughs at his speeding convictions) and some of the men who work for him consider this speed limit safe. It is among the highest in all North America.

Traffic and safety officials say the present 65 mph maximums are too high. George Lindsay, provincial superintendent of motor vehicles, blames speed for most of B.C.'s traffic deaths.

Mr. Gaglardi may dredge up all the obscure statistics he likes to support his mania for speed, but plain common sense says he is wrong.

We hope not too many have to die to prove how tragically wrong.

Cuba Sound Financial Risk — Indonesia Not

By ARTHUR L. GAVSHON

LONDON (AP) — Buses for Fidel Castro's Cuba—si. Trucks for President Sukarno's Indonesia—no.

That's the reaction of the British government to requests from two firms that it guarantee they'll get their money for sales to Cuba and Indonesia.

Leyland Motors Sunday will ship the first part of an order of 950 single-decker buses to the Castro regime. The Cubans have an option to buy 1,500 in all.

Vauxhall Motors has signed a contract to deliver 1,000 truck chassis to the Indonesians at a cost of about $3,000,000.

The export credit guarantee department, an autonomous government agency has underwritten the value of the whole Leyland order, which will run to about $42,000,000 if all 1,500 buses are bought. This means that if Castro reneges on his payments, the agency will pay Leyland.

But government authorities report the agency is refusing to insure Vauxhall's deal with Indonesia. This means the order will be cancelled unless Vauxhall can find other backers.

Neither buses nor trucks are classified as strategic goods, which the NATO allies are pledged to deny to Communist or hostile countries. When the U.S. government complained about the bus deal with Red Cuba, the British said they had no power to cancel an ordinary commercial transaction.

Yet the government is blocking the deal with neutralist Indonesia on the ground of national interest. And this despite the fact that the export credit agency last August insured the sale of 1,000 Dodge trucks to Indonesia.

Economic factors predominate in these assessments of a buying country's credit-worthiness, but political and strategic considerations also play a part.

Cuba is considered a good commercial risk but Indonesia isn't.

With her sugar and tobacco exports, Cuba has long been selling more to Britain than she buys. She has rarely, if ever, fallen down on payments.

The economic outlook for Indonesia has been getting progressively bleaker with Sukarno's undeclared war on the federation of Malaysia, a Commonwealth member which Britain is treaty-bound to defend. Indonesian trade outlets through Singapore have closed. Defence spending has soared.

DOESN'T MENACE BRITAIN

Cuba may be a threat of sorts to the United States, but Britain does not think Castro actually menaces her interests. The British note that the Cubans are not fighting anyone. Britain, a trading nation, does not accept the American view that trade should be used as a political weapon.

But Indonesia is fighting against Malaysian and British troops. The Indonesians are considered aggressors in London.

The export agency, which underwrote nearly $3,000,000,000 worth of British overseas trade last fiscal year, pays its own way by charging premiums to the exporters who come to it for insurance. Reserves of about $150,000,000 stand to its credit.

An advisory council of businessmen reviews each application for a guarantee. If a decision cannot be reached because of political or other factors, the issue is referred to the government.

The 950 buses ordered from Leylands will cost Cuba $25,200,000. Castro is paying for them over five years at what a Leyland spokesman said was "a normal commercial rate of interest." In Britain this is around five or six per cent.

The cost of the export agency's guarantee is incorporated into the price Cuba is paying.

Printer Hits Jackpot With Anthem Lyrics

WOLFVILLE, N.S. (CP) — An Ottawa printer who has never before had a song published has won a contest for new lyrics for The Maple Leaf Forever.

Announcement that Victor Cowley had won the competition and a $1,000 prize was made at a meeting of the Canadian Authors Association here Thursday.

$1000 was awarded by Toronto music publisher Gordon V. Thompson. Mr. Thompson, who said Mr. Cowley had "dabbled" in songwriting before but had nothing previously published, plans to publish the new version and copies of it distributed here said it was copyrighted by Mr. Thompson's company.

Mr. Thompson told reporters they could quote the refrain and a "few lines" of one of the three verses.

The refrain:

Our home, our land, our Canada,
May we forsake thee never,
But hold on high and proudly fly
'The Maple Leaf For Ever!'

The final lines in third verse:

. . . From end to end
All races blend
To share this land together,
From shore to shore
For ever more
'The Maple Leaf For Ever!'

Mr. Cowley was not here to receive his award. His version was selected from among more than 1,200 received by the authors association.

Bare Bosom Appears in Public

LONDON (Reuters) — A grocer in the Welsh village of Resolven put up, as a joke, this notice in his store window:

"Free groceries for the first lady customer who comes in in a topless dress."

When the shop was crowded with customers Wednesday, in walked the local chemist's daughter, Miss Catherine Jones, bare from the waist up and carrying a shopping basket with a list of groceries.

The grocer kept his promise.

With her basket laden, Miss Jones went off to celebrate her third birthday.

Japanese Fleet To Visit Canada

TOKYO (Reuters)—The Japanese defence agency Thursday said a training fleet of the Japanese self-defence force would visit Canada and the United States on a 2½-month training cruise beginning July 17.

The agency said the fleet, with 1,160 men aboard, was composed of four ships including the 2,350-ton flagship Terusuki under the command of Rear-Admiral Kazutoshi Kuhara.

The fleet was scheduled to call at Esquimalt Aug. 20 and Vancouver Aug. 30.

Interpreting the News

By JOSEPH McSWEEN
Canadian Press Staff Writer

The preoccupation of Germans with the reunification of their country is striking to a visitor.

West Germans, whether on the political or private levels, are inclined to view all differences between East and West in the context of the German and Berlin problems.

Considering this background, it isn't surprising that they heard with keen interest that the United States, Britain and France would issue a joint declaration — scheduled for Wednesday— on the Western position regarding Germany.

This follows the surprise 20-year treaty of friendship signed by Soviet Premier Khrushchev and Walter Ulbricht, East German Communist premier, June 12—the day Chancellor Ludwig Erhard was due in Washington for talks with President Johnson.

West German officials generally dismissed the treaty as a sort of reward by Khrushchev to Ulbricht, who has been considerably more faithful to the Kremlin than other East European Communist leaders.

OWN AGREEMENT

"Khrushchev is simply making another agreement with himself," was a comment frequently heard from West Berliners, who express contempt for Ulbricht at every opportunity.

Khrushchev, in this view, wanted to "shore up" Ulbricht's regime at a time when such countries as Communist Romania were kicking over the traces on trade matters in the Communist world.

Bonn government sources saw the Cuban crisis of 1962 and the test-ban treaty of 1963 as good omens for reunification.

The Cuban affair taught Khrushchev that he could not inflict his will by force, but had to negotiate. Thus if he wants a real detente with the West, he will have to negotiate the German problem.

BIG FOUR COMMISSION

The test - ban treaty arose partly from the 18-nation disarmament committee working in Geneva, in the Bonn view, although it was negotiated by the U.S., Britain and the Soviet Union. Some German leaders believe a permanent big four commission on Berlin and West Germany could inch toward reunification.

In a nutshell, the Germans believe reunification will never come about in the natural course of history but must be brought about by working at it.

A spokesman for the Free Democrats, one of the parties in Erhard's coalition, summed up this way: "No detente without reunification and no reunification without detente."

Civil Defence

Rescue trucks with full rescue equipment are now stationed in each zone in the province. They are available for training at the municipal level. Provincial instructors may be brought in for training and local candidates may be sent to Vancouver on courses.

"How'd you do in the regatta?"

$37.500 Refund Rental for Elevator Starts Investigation

OTTAWA CP)—S. C. Barry, deputy minister of agriculture, will be asked to explain to the Commons public accounts committee why a government grain elevator at Port Arthur was sold for $750,000 in 1962 without calling for public tenders.

The committee made this decision Thursday during a brief discussion of the transaction under which the buyer, McCabe Grain Company Limited of Winnipeg, got six months of rent-free occupancy worth $37,500.

"Just whose friend is a friend?" asked Harold Winch (NDP—Vancouver East).

Auditor - General Maxwell Henderson called attention to the transaction in his annual report for the 1962-63 fiscal year. He said a cabinet order on Nov. 22, 1962, authorized the sale to the grain company, which had leased the elevator since 1933.

"The elevator was not offered for sale by public tender but was sold by verbal agreement to the company," his report said.

Mr. Henderson told the committee that Crown property can be sold with cabinet approval without the asset being turned over to Crown Assets Disposal Corporation to be offered for sale by public tender.

He said the cabinet order set the effective date of the sale at Aug. 1, 1962. Because of delays in conveying the title, payment was not made until April 22, 1963.

The justice department, looking into the possibility of collecting interest charges for the period from Aug. 1 to April 22, found the verbal agreement made no provision for this or for payment of rent.

As a result no claim for interest was made and the rent paid by the company for the period Aug. 1, 1962, to Jan. 31, 1963, totalling $37,500 was refunded.

Mr. Winch and other committee members said the deputy agriculture minister should be asked to give the committee full details of the transaction, including the parties to the verbal agreement.

BRITAIN LAYS KEEL OF SECOND POLARIS SUB

LIVERPOOL, England (Reuters)—The keel of the second British Polaris submarine, to be named Renown, was laid here Thursday in a ceremony attended by senior British and American naval officers.

The submarine will be equipped with 16 American-made Polaris missiles fitted with British warheads. It should be operational in 1968.

Estimated cost of construction and the missiles is about £50,000,000 (about $150,000,000).

Britain plans to have a fleet of five Polaris submarines operational by 1969.

Fear Mounts For Lives Of Three Civil Rights Workers

PHILADELPHIA, Miss. (AP) Fear mounted Thursday among searchers that three civil rights workers — two white men and a Negro — missing in this east-central Mississippi area may not be found alive.

"It is hard to believe that three people could be just swallowed up without somebody hearing or seeing something," said Grady Gilmore, public relations director of the Mississippi highway patrol.

The charred hulk of the station wagon they used was found by agents of the Federal Bureau of Investigation in a swampy area near a lonely road late Tuesday.

Meanwhile, Allen Dulles, sent to Mississippi to gather information for the White House on the missing workers, conferred at Jackson with Governor Paul B. Johnson.

Dulles, former director of the Central Intelligence Agency, said he did not plan to come to Philadelphia.

The civil rights workers — Michael Schwerner, 24, and Andy Goodman, 20, both of New York, and James Chaney, 22, a Negro from nearby Meridian—were last seen Sunday night.

DELAY OPERATIONS

A highway patrol spokesman said an attempt by Negro comedian Dick Gregory and three Negro integration leaders to enter the search area delayed operations Wednesday.

James Farmer, national director of the Congress of Racial Equality; John Lewis, head of the Student Non - Violent Coordinating committee, and George Raymond, a C.O.R.E. executive, joined Gregory in asking to participate.

"We offered our services," said Farmer. "They declined."

Later Gregory offered $25,000 as a reward for the arrest and conviction of those responsible for the mysterious disappearance of Schwerner, Goodman and Chaney. Gregory said he borrowed the money from a Chicago magazine publisher.

In Washington, some 2,000 delegates to the National Association for the Advancement of Colored People convention marched around the justice department building in silent protest over the disappearance of the trio.

There were also protest demonstrations in Chicago, Baltimore and New York.

Trial Turns In Hoffa's Favor

CHICAGO (AP) — The government's fraud and conspiracy case against James R. Hoffa took a nosedive Wednesday when the presiding judge told the prosecution it has yet to prove there has been any crime.

The blow to the government came after 6½ weeks of prosecution testimony and the introduction of more than 10,000 documents as evidence.

Judge Richard B. Austin also said he would direct a verdict of acquittal on two of the 28 counts against Hoffa and the seven other defendants.

"There still is no evidence of any misrepresentation by any of the defendants in this lawsuit," the judge said. "Everything seems to be off color a little bit, but that does not make it a crime as charged in the indictment. The diversion of money in itself is not evidence of a scheme to defraud."

INVOLVES PENSION FUND

The eight defendants are accused of fraudulently arranging more than $20,000,000 in real estate loans from the Teamsters' pension fund during a 4½-year period and diverting in excess of $1,000,000 to their own use.

The government charges that the alleged scheme was to extricate Hoffa from a bankrupt Florida homes development in which he was financially involved.

The prosecution's presentation has been as complicated as the scheme it charges Hoff and his associates concocted.

The trial "is in a morass and a swamp," Judge Austin said after two days of confused testimony from a FBI accountant.

The government finally gave up its attempt to have the accountant, Albert Hustedt, trace a $3,500,000 pension fund loan to First Berkeley Corporation in an effort to show that part of it had been diverted from its stated purpose.

World Festival Of Cartoons Opens Competition

MONTREAL (CP) — More than 30 countries have been invited to submit newspaper cartoons to the World Festival of Cartoons, one of the features of the 1964 Montreal summer festivals being held from July 13 to Aug. 10.

The artist whose cartoon is selected as the best in the show will receive $5,000. In each of the three categories — humor, editorial and caricature—$1,000 first, $600 second, $400 third and $300 fourth prizes will be awarded.

The cartoon festival is organized by the Montreal parks department and co-sponsored by the Montreal Museum of Fine Arts and the Montreal Star.

Today In History

By THE CANADIAN PRESS
June 26, 1964 . . .

The French fortress of Louisbourg on Cape Breton Island surrendered to the British 206 years ago today —in 1758. Once the strongest citadel in North America, the fortress was hopelessly outnumbered by 13,000 soldiers and 14,000 naval forces and more than 1,800 pieces of artillery. After occupying it, the British systematically destroyed all its defences.

1945—The UN charter was signed in San Francisco.

1959—The St. Lawrence Seaway was opened by Queen Elizabeth.

Scuba Divers' Warning Flag To Be Exclusive

OTTAWA (CP)—Scuba divers have won their fight for recognition as a class apart from other water lovers.

The transport department announced Thursday that it is revoking a regulation that made the scuba divers' flag the stanward marker for buoys at swimming areas.

A statement from the department said scuba organizations protested "that the use of the diver's flag on swimming area buoys might lessen warning value from the scuba diver's standpoint, particularly since ordinary swimming and diving constitutes a possible hazard to skin divers."

The statement noted that the red flag with a white diagonal strip had been flown "for some time" by the scuba divers before the department passed its regulation suggesting it be used more widely.

Word of Life

Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths. —Proverbs 3:56.

Exiled Congolese Leaders Flocking Back to Country

By ROBBIN MANNOCK

LEOPOLDVILLE (AP) — Exiled Congolese leaders may soon come flocking back to Leopoldville as The Congo's major political factions look for help to end rebellions wracking the country.

Moise Tshombe, former president and secessionist leader of Katanga province, ended more than a year of self-imposed exile in Spain Wednesday and flew to Brussels, en route to Leopoldville.

Tshombe, who kept the United Nations Congo force at bay for months, said he was returning "to help the government to liberate my country from the misery and anarchy it now suffers." He said he was responding to "the voice of the population and the political parties, as well as the invitations of the government."

With the deaprture of the UN force at the end of the month and Premier Cyrille Adoula's central Congolese government apparently powerless to put down the various rebellions, Tshombe is being mentioned increasingly as a possible successor to Adoula. Several members of Adoula's cabinet urged Tshombe's return.

The three main political groups in the capital also have been pressing for amnesties for the exiled mulopwe (god-emperor) of South Kasai province, Albert Kalonji, and for Antoine Gizenga, leader of the 1961 pro-Communist separatist regime in Stanleyville and political heir of the late Patrice Lumumba.

Kalonji, who has lived in London since he fled from a Congo jail, vanished from his apartment two days ago. He may be on his way back to The Congo.

Gizenga has been imprisoned on an island in the mouth of the Congo River since February, 1962.

Much talk is heard in Leopoldville of reconciliation. Its advocates want negotiations with the rebel leaders in Kivu, North Katanga and Kwilu provinces and the National Liberation Committee, a Peking-supported faction in exile across the Congo River in Brazzaville.

The Congolese army has been unable to crush the revolts. Usually the troops run away at the approach of the rebels or join them.

Former education minister Pierre Mulele, a Peking-training-rebel, controls an area half as large as Belgium in Kwilu. Forces believed to be aligned with him were reported advancing on the North Katanga town of Kasongo, 200 miles north of Albertville. They recaptured Albertville last week and have refused to allow 70 Europeans to leave.

Gaston Soumialot, the Kivu rebel leader, is master of most of the western shore of Lake Tanganyika.

Tshombe is believed to still have the allegiance of powerful forces in Katanga, which is south of Kivu and where he kept order with a native army officered by white mercenaries. Tshombe's supporters say orders from him will bring these fighters out of the bush or from neighboring Portuguese Angola.

Katanga is Tshombe's ace card as he deals with The Congo's political leaders. It is by far the richest province, and the giant Belgian - controlled Union Miniere copper and cobalt combine there is the central government's chief source of revenue.

Pacific Command Gives $219

The Ladies' Auxiliary to Pacific Command of the Royal Canadian Legion donated $219,313 to Legion and many non-Legion causes last year.

Over and above the actual cash, countless hours of service were performed. Mrs. Dorothy Cowan of Vernon, B.C., showed in her annual report that 1427 hours were spent at the blood clinic in Vancouver alone, 19,484 hours visiting hospitals and 743 social service counsels held.

The 7655 member group gives support to all phases of Legion work, often becoming the backbone of the branch, but still manages to find time to assist a vast variety of community efforts outside the Legion.

Some 17 organizations received over $12,000 in causes covering everything from disaster funds to muscular dystrophy and cancer.

Queen Charlotte Hospital is a special concern of the LA, which sent 13 layettes there this year.

Overseas food and clothing parcel requests continue to be met, as was the request this year for volunteers to clean a quarter of a million needles during a TB survey.

TORONTO (CP)—Rio Algom Mines Limited announced Wednesday it will spend $1,300,000 over the next two years to keep open its Pater copper mine in the Elliot Lake area. The new facilities, which will make available a further 900,000 tons of two-per-cent copper ore, will enable the mine's 160 workers to retain their jobs at least until 1970. The mine is in its fourth year of operation and by the end of May had produced 29,000,000 pounds of copper.

GUIDE COMPANY HAS HIKE, TEA, PLANS CAMP

BALFOUR — The First Balfour Guide Company has been winding up the years' activities with a hike the latter part of May, and a tea in June.

The senior girls passed their half day hike and cooked dinner in the open, examiner Mrs. P. Peterson. The Guides had as guests the Brownie Pack, and chose the Queen's Bay Road as their site.

The final meeting of the year saw Roberta McNown enrolled as a Guide. Plans for summer camp were discussed with the date July 9 to 16 being chosen. Captain Mrs. W. Nelson of First Balfour Guides is to be Commandant, assistant Mrs. D. C. Champion of the Fourth Nelson Guide Company, Mrs. W. McNown was chosen as quartermaster with Mrs. J. C. Fukala of Nelson to assist her. The camp will be held at Fletcher Creek.

FALL COLLECTION — Jewel tones in wool are fashion's forecast for fall, these Union Label styles indicate. Left, wool tweed in pink, purple and black by Gerson of Montreal. Right, black and red wool in a slim coat with a knee flare by National Cloak, Winnipeg.

Holidays Here - Keep Iced Tea, Bunwiches on Hand

By MARGARET CARR

With summer holidays almost here, everyone looks forward to more fun and sun. Mothers can spend more time relaxing if they plan menus which involve little last-minute fuss. The secret to this is to choose foods that can be prepared, partially anyway, before the thermometer starts soaring up. Then keep them in the refrigerator until serving time.

BACON AND CHEESE BUNWICHES

Four cups grated cheddar-cheese, 1 teaspoon chopped onion, 1 tablespoon chopped green pepper, 2 tablespoons chopped red pimiento, ½ pound bacon slices, crisply cooked, ¾ cup condensed cream of tomato soup, undiluted, ½ teaspoon salt, 1 dash worcestershire sauce, 6 wiener buns, split.

Cut bacon in small pieces, mix with cheese, onion, pepper and pimiento. Add tomato soup, salt and worcestershire sauce and mix thoroughly.

Spread mixture between the halves of a bun and wrap in aluminum foil. Bake in a hot oven at 400 degrees F. for 10 minutes or until the filling is just melted. Open the foil wrapper and serve hot.

Garnish with pimiento slivers. Makes six servings.

ICED TEA

Six heaping teaspoons tea, 1 point boiling water, 1¼ cups sugar, juice of 3 lemons.

Pour the boiling water over the tea and brew for five minutes. Strain into a two-quart container. Add the sugar and lemon juice. Stir well and fill container with cold water. Store in refriergator and serve with chipped ice.

W. Institute Head Has Travelled 80,000 Miles

WOLFVILLE, N.S. (CP) — About 80,000 miles of travelling through Canada and other countries has been part of the job of Mrs. James Haggerty of Napanee, Ont., retiring president of the Federated Women's Institutes of Canada.

In her final report as president, given Tuesday, at the FWIC convention being held at Acadia University, Mrs. Haggerty told the 530 delegates she had visited Tokyo, Melbourne, Australia, every province in Canada, and the Northwest Territories.

Hers was one of several national reports given during the morning session.

The provincial Ontario unit of the institute has set up an international scholarship fund of $25,000 to help students from other countries, Mrs. J. O. Decker of Pemberton, B.C. reported.

Chairman of the United Nations and international exchanges committee, Mrs. Decker reported the P.E.I. women's institutes were presented with a scroll from the minister of social affairs in Seoul, Korea, for their help to Koreans. A similar honor was given the British Columbia institute by the Unitarian services.

New Denver

NEW DENVER—Mr. and Mrs. W. Blaney have taken up residence on Josephine Street. Mr. Blaney is mill superintendent at Silverton.

Mrs. A. L. Levy returned from two weeks in Vancouver with relatives and friends.

Mr. and Mrs. J. V. Kershaw of Vancouver are house guests of Mr. and Mrs. T. M. Leask and also visited Mr. and Mrs. J. Taylor, longtime friends.

6-26

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

M J R D J U A D U Z T R D E M L I M X Z B Z E I L Y M J U. — T S J W A T M A X

18 Guides Pass First Aid Tests

District Commissioner Mrs. J. R. Storey announces that 18 girl guides in the Nelson District have completed their first aid course and passed their emergency helper test.

Successful candidates were:

First Nelson Company — Barbara Ansley, Yvonne Curiston, Jeanette Lambert, Beverley Frocklage, Cheryl Edwards and Pat Ryley.

Third Nelson Company — Lynne Johnston, Evelynne Wrangler, Judy Paul and Terry Evans.

Fourth Nelson Company — Patsy Fukala, Janice Fukala, Kathy Cavalier, Martha Nadeau, Betty Jean Ludlow, Carol Lupien, Margo Lupien and Merelyn Jones.

Legion LA Gives Aid By Cleaning Testing Needles

In the largest community anti TB survey ever completed in North America, 800 members of the ladies' auxiliary of Pacific Command, Royal Canadian Legion, "cleaned up".

The decision to conduct tests during March, April and May throughout the lower mainland Vancouver area was made by Dr. G. F. Kincade, director of TB Control, B.C. Department of Health. It has taken the responsibility of health agencies, civic and other groups to support the organizing committee.

One of the major and unpleasant tasks to be undertaken was cleaning of the possibly 388,000 needles that would be used for the tests.

The carefully planned movement of the mobile clinics called "Operation Doorstep", required a group of dedicated workers and an organization, flexible enough to handle the cleaning and packaging of the thousands of needles for re-sterilization.

The Ladies' Auxiliary to the Vancouver District Council of the Royal Canadian Legion volunteered, completing the job by cleaning 219,085 needles at a rate of up to 4600 in one day, under the president, Mrs. H. G. Smith, assisted by Mrs. Charles Digby, South Vancouver; Mrs. J. B. Gibb, Lions Gate; Mrs. Arthur Whiskin, Kerrisdale; Mrs. Edward Hardman, New Veterans; and Mrs. J. H. Kadley, Grandview.

The Legion branches mentioned all donated their halls for the project and the Tubercular Veterans section branch 44 handled transportation.

The volunteers were supervised by a staff member of the B.C. TB Society. A spokesman said "they did a magnificent, professional job."

Hints From Heloise

By Heloise Cruse

Dear Heloise:

I would like to offer a helpful hint to mothers with small children.

My girls, three and five, used to drive me crazy asking for a drink of water. We sloved the drink of water. We solved the

At the dime store, we purchased two plastic army-type water canteens. I keep them full of water in the bottom of the refrigerator with each girl's name marked on the outside. Now the girls can get their own drinks without spilling water all over everything, because they drink directly from their own canteen. Besides, fewer glasses to wash.

Just keep an eye on the canteens because they will be put back in the refrigerator empty — if you don't check!

Mrs. B. R. Miller.

* * *

Dear Heloise:

Did you ever forget your shower cap when making an overnight stop?

Well, I did, but since I carry a plastic rain bonnet in my purse at all times, I used that instead. It worked beautifully.

Rose M. Iverson.

* * *

A mother actually wrote this to me: "Dear Heloise: I am writing this letter standing up for when I sit down our three kids (oldest not quite four) climb all over me, making it impossible to even think! In between graham crackers and drinks of milk I will try to write a note that makes sense . . ."

Now, wasn't that sweet? But imagine writing a letter standing UP!

Heloise

* * *

Dear Heloise:

Have you ever looked at those scratched up clothes poles in your closet and wished you could solve the problem by replacing all your wire hangers with new plastic hangers?

Well, I found a way that is less expensive than replacing the hangers.

I bought two yards of adhesive-backed paper (white background with little gold flowers) and cut it in five-inch strips. I just put this around the poles and now they are as pretty as can be.

Try it and you'll be proud to open your closets, especially if you also paper the walls with inexpensive pre-pasted wallpaper.

V. E. Wheatley.

* * *

Dear Heloise:

For those of your readers who have a sectional couch with the curved center piece:

Nine times out of 10 the center piece will slip and slide away from the other parts of the couch.

Just take regular screendoor hooks and screw them on the frame underneath the center section and hook them onto the other two sections of the couch. This will hold the sections together and keep them from slipping and sliding all over the floor.

M. L.

* * *

Dear Heloise:

For hat lovers who share my problem of an extremely small head size, try hand-stitching a one-inch-wide velvet ribbon (matching the color of the bonnet) to the inside hat band (encircling the band completely). With my small head I sometimes use two thicknesses of ribbon.

Not only does this solve the size problem neatly, but you should see these hats stay put in a strong wind

Margaret Schmuller

* * *

Dear Heloise:

What is the biggest letter of laughter you have received this week which was really not a letter of laughter, but would make me laugh? I'm desperate. I have five kids! I need a laugh.

Mother of Five

* * *

Dear Heloise:

To peel a clove of garlic, hit it sharply with a soft drink bottle or with any heavy knife handle. All the peel will loosen immediately.

Bessie Addison

About the Town

PHONE 352-3552

Miss Marilyn Kary, Saturday bride-elect, was honored at a miscellaneous shower at the home of Mrs. R. L. MacLeod, 209 Victoria Street, with Mrs. J. F. Joyce as co-hostess. Games were played and gifts presented to the guest of honor by Miss Lorraine Joyce. The mother of the bride-elect, Mrs. Joseph Kary, presided at the tea table.

* * *

Guests at the home of Mr. and Mrs. Joseph Kary, 1303 Kokanee Street, are Mrs. L. A. Moriuk of Shaunavon, Sask., Mrs. P. Buryk of Swift Current, Sask., Bill Pawluk and Al Macknaik of Calgary. The visitors are here to attend the Kirk-Kary wedding Saturday. Mrs. Moriuk is to be matron of honor, Mr. Pawlug and Mr. Mackniak will attend the bridegroom.

* * *

Mr. and Mrs. Erle Halliwell, 108 High Street, have as their guests their son and daughter-in-law, RCMP Constable and Mrs. W. E. Halliwell and children, Celeste and Richard of Blairmore, Alta., who are spending their holidays here. They came to Nelson in time to attend the 25th wedding anniversary of Mr. and Mrs. Halliwell, who celebrated the event with a family dinner on the North Shore and reception for relatives at home.

* * *

Mr. and Mrs. W. H. Cox of Victoria, who will be in Nelson for another month, are visiting Mr. and Mrs. T. H. Cox, Mr. and Mrs. Ron Cox, Mr. and Mrs. Rudy Hofmann, Mr. and Mrs. W. Hutt and Mr. and Mrs. Vern Cox all of Nelson and Mr. and Mrs. Len Bay of Riondel.

Guide, Ranger Programs Topics

CASTLEGAR — Commissioners of the West Kootenay Area held a successful program planning meeting at the home of Mrs. A. Rizzuto with 20 present from Rossland, Trail, Nelson, Salmo and Castlegar.

The meeting was held on the lawn. Mrs. Rizzuto presided. A short reading by Mrs. H. F. Hyson and prayer by Mrs. Rizzuto opened the program. Plans were made for several training sessions and a commissioners' training will be held in Nelson October 17 to 18. A weekend training session will be held in Trail, November 6 to 8.

Many aspects of Guiding were discussed such as work shops, training, programming and patrol system. The new age grouping was discussed also. These groups are Brownies, 7 to 10 years, Guides 10 to 14 years and Rangers 14 to 18 years. Two Gold Cord Candidates prepared dessert for lunch and served it. The two Guides were Catherine Giraud and Joy Anderson.

In the afternoon Mrs. J. Sutherland of Colville, a Girl Scout leader, was introduced. Mrs. G. Barnes, Division commissioner, on behalf of Columbia presented Mrs. H. Johnson of Castlegar, District commissioner, with a "bon voyage" gift.

Topic for the afternoon session was the ranger program. Mrs. W. Slywka reported the Trail Land Rangers activities and their program, also the many services the girls have done. It was noted that Rangers do not have the patrol system. The Trail girls had raised money also to attend the Westward Ho Camp this summer. Mrs. Sutherland gave a report of what the Girl Scouts had done in the six months they have been organized, also noting the difference in the American and Canadian programs.

Mrs. T. Bilin gave a report of the Castlegar Land Rangers activities and services since they were organized. Mrs. Rizzuto read a leaflet "Plotting the Course," dealing with the Ranger Service Star. There are 12 projects in the Service Star.

It was suggested that the Rangers, with guidance, should arrange their own program and activities. Many ideas were put forth for Ranger meetings, such as having professional people attend a meeting and give a talk on job opportunities and training. It was suggested that a hairdresser would appeal to the girls. These girls could be interested in drama, handicrafts, arts, and be encouraged to attend plays, concerts and other cultural programs.

Mrs. Rizzuto also read an article "The Unit in the Community," after which a question and answer period was held. The two Guides served refreshments.

Ainsworth

AINSWORTH HOT SPRINGS — Dr. F. Natores and daughter Kathy of Calgary and Mr. and Mrs. S. Natores of Vancouver are business visitors at Ainsworth.

Honorable D. Brothers, Pat Mulcahy, Bert McGulliveray of Victoria and Mr. and Mrs. Pickersgill were guests of Mr. and Mrs. M. L. Brothers.

MANY BAPTISMS AT WINDERMERE

INVERMERE — Rev. Gavin Rumsey officiated at two baptisms at Mineral Creek mine at Toby Creek when Marco Luigi, infant son of Mr. and Mrs. Sergio Pasin, and Glenn Olaf, infant son of Mr. and Mrs. Gunther Polivka, were baptised.

In a double ceremony at Christ Church, Invermere, Mr. Rumsey baptised the infant son of Mr. and Mrs. Brian Park of Windermere, Larry Stephen. Godparents are Miss Nancy Kamikawaji and Harold Kamikawaji. Also baptized was the little son of Mr. and Mrs. R. Kamikawaji of Waterton Park, Gary Charles. His godparents are Mr. and Mrs. Ronald Chant of Waterton.

At St. Peter's Church, Windermere, Dean Bradley, the little son of Mr. and Mrs. Archie Romane, was baptized. His godparents are Miss Sharon Romen, and David Romane.

CIRCULATION DEPARTMENT

CBC To Stick To Guns On Film Showing

OTTAWA (CP)—The CBC announced Thursday it is sticking to its decision not to show the documentary film Mr. Pearson on its television network.

A letter from the CBC board of directors, read in the Commons by State Secretary Lamontagne, also said the publicly owned corporation "is satisfied there has been no political interference" in the film decision.

Hoots of derision from the opposition benches greeted this statement.

"The corporation's decision is not to show the film or parts thereof," the letter to the government said.

It was sent in reply to a request last Friday from Prime Minister Pearson that the film be shown publicly to end the controversy which has erupted over it.

The CBC said there were three basic elements involved in the decision and listed them as:

1. The film remains unacceptable for showing on the basis of broadcast standards.

2. The corporation is satisfied there has been no political interference.

3. Though an interest in the film has been stimulated in segments of the public, nevertheless the corporation does not judge the broadcasting of the film to be warranted.

Tariffs May Be Cut

TORONTO (CP)—An immediate across-the-board cut in Canadian tariffs to offset the devaluation of the dollar was urged Wednesday by the president of the Canadian Importers Association.

J. Terence Manley of Toronto told a meeting of the association that 7½ per-cent devaluation coupled with a high protective tariff has made the cost of imported merchandise too high in Canada.

In the case of machinery, he said, the combined protection amounts to 32 per cent.

Mr. Manley said high protective tariffs were making Canada "a high cost economy" in which "almost everything costs more and, indeed, too much more."

Tariff reductions, he said would have the same stimulating effect on the Canadian economy that recent tax reductions have had in the United States.

The Sports Scene

By PAT McMAHON
Daily News Sports Editor

Nelson Maple Leaf hockey executives, who are wondering where the money to finance next year's entry in the Western International Hockey League is going to come from, can take heart from some statistics that came out of the league's annual meeting held in Spokane Sunday.

It seems that the Spokane Jets showed a deficit of $30,000, despite gross receipts of over $78,000.

In other words, they spent almost $110,000 on their 1963-64 operation.

By comparison, Kimberley Dynamiters, who won the Savage Cup and participated in playoff series against Lacombe Rockets and Saskatoon Quakers, realized only $24,978.74 at the gate. They met all expenses, overcame an $1820 deficit carried over from last season, and split $403.51 among team members.

This came to $20.18 per player, or 43 cents per game.

The Maple Leafs are reported as having split an average of $300 per player last season without making the finals.

No comparison can be made with the Kimberley operation, however, as the Dynamiters pay a percentage of their players' lost time and the Leafs do not.

* * *

Kimberley baseball fans are in for a treat when the Brooklyn Stars and Indianapolis Clowns invade Coronation Park for a doubleheader tonight.

These zany characters, whose line-up once included Hank Aaron, are the best in the business and it is most unfortunate that the Nelson Braves executive were not aware of their proposed jaunt through the Kootenays. They would undoubtedly have drawn well in Civic Grounds.

* * *

The Nelson hockey Booster Club has come up with a novel means of raising cash toward importing players of senior-amateur calibre, to play for the Maple Leafs on a scholarship basis.

The club will raffle off an all expense paid week for two, at the famous Flamingo Hotel in Las Vegas. Ducats will go for a buck apiece and the winners will fly direct to the desert oasis via Vancouver, receive all meals and accommodation and forty dollars a day spending money for each day of their stay.

Winners will be able to choose the week they wish to take their holiday within an eight or 10-week period.

* * *

Applications are available at Civic Centre for the 1964 Red Cross water safety school, to be held in Nelson, July 20 to Aug. 5. The object of the school is to reduce the number of deaths in the country due to drowning. Last year over 1300 persons drowned in Canada with B.C. accounting for 130.

This leadership training is open to all who have the necessary pre-requisites which are senior Red Cross swimming award and life saving training up to the level of the bronze medallion of the Royal Life Saving Society or Y.M.C.A., senior.

East Kootenay courses will be held in Kimberley July 22 to July 28. Registration forms can be obtained at Kimberley Civic Centre.

* * *

Local persons in the know, sweepstakes-wise, inform me that although the holder of a ticket using the nom de plume, Lucky Day listed his address as Nelson, the ticket no. SJA 58712 is not from a series sold in Nelson . . . The plot thickens.

L.A. Wins Ninth Straight; Baltimore Pulls Away

By THE ASSOCIATED PRESS

Home runs by Boog Powell and Brooks Robinson backed up Steve Barber's three-hit pitching and gave Baltimore Orioles a 3-1 victory over New York Yankees Thursday night.

The victory completed a three-game series sweep for Baltimore and vaulted the Orioles 2½ games in front of New York in the American League pennant race.

Powell cracked his 16th of the season and third of the series in the first inning and Robinson tagged his eighth in the second. Both shots came off Yankee starter Jim Bouton, who lost his seventh. Barber, who struck out nine, evened his record at 4-4.

INDIANS ROUT TWINS

Max Alvis and Larry Brown belted homers and pitcher Jack Kralick and Dick Howser had three hits apiece as Cleveland Indians tagged ex - teammate Jim (Mudcat) Grant for an 8-1 victory over Minnesota Twins.

Kralick and Don McMahon combined to limit the Twins to three hits.

Ken Boyer doubled home two runs highlighting a three-run eighth inning as St. Louis Cardinals topped Houston Colts 4-2.

Dick Groat also drove in a run with a double as the Cardinals came from behind to whip Bob Bruce.

Pittsburgh Pirates got two home runs from Jerry Lynch and another from Bill Mazeroski defeating New York Mets for the 11th time in 13 meetings, 8-1. The Pirates scored early and often, routing Met starter Jack Fisher and making Joe Gibbon's four - hitter a breeze.

ANGELS WIN AGAIN

Bob Rodgers' tie - breaking single in the sixth inning brought Los Angeles Angels their ninth consecutive victory, a 4-3 decision over Kansas City Athletics.

The Angels, on the longest winning streak in their history, jumped from eighth place in the AL into a tie for sixth with the idle Boston Red Sox.

Right-hander Fred Newman (6-2) also extended a winning streak, gaining his fourth straight victory with an assist from Dan Osinski.

Ted Bowsfield (1-3), a native of Vernon, B.C., was the loser.

Invaders Leave Denver

DENVER (AP) — Stafford Smythe, president of Toronto Maple Leafs, anounced Thursday that he is pulling Denver invaders of the Western Hockey League out of the Colorado capital.

Toronto is the majority stockholder in the Denver club, now engaged in a drive to sell 2,000 season tickets under an ultimatum from the league.

Sponsors of the drive said it had reached the 1,559 mark when Smythe announced at the Invaders office that he is moving the club. Smythe was not available for comment.

He did not say where the club would go — but it was thought to be Victoria.

Smythe said that as far as he is concerned the deadline for meeting the 2,000 ticket sale expired June 19. Coach Rudy Pilous and Don Bolger, president of the Denver team, said they had been assured the deadline was June 30.

Smythe was quoted as saying: "There appears to have been a misunderstanding. If there is, I'll take the blame. Regardless of deadlines, it's my club and I'm pulling it out."

During their only season in Denver the Invaders made it a runaway. They won 44, lost 23 and tied three for 91 points.

Handicapped by injuries, the Invaders lost to Los Angeles Blades in six games in the playoffs.

Grid Player's Legs Amputated

MONTREAL (CP) — Carl Helsinger, 29, a corner linebacker with Ottawa Rough Riders of the Eastern Football Conference for two seasons, has had both legs amputated.

Royal Victoria Hospital officials said Thursday his condition is satisfactory.

Helsinger was injured last Saturday night in a highway accident near Mont Tremblant, a Laurentian town north of Montreal.

He was a passenger in a car driven by William McBurney of Ottawa. Police said the car left the highway and smashed into a power pole shortly before midnight. McBurney received minor injuries.

Helsinger was taken to St. Paul's Hospital in Ste. Jovite with severe leg injuries and then transferred to Montreal where the operation to amputate his legs took place.

A native of Montreal, Helsinger plyed with Ottawa in 1960-61 but retired from the game when his wife died the following year.

He spent last winter in the Laurentians skiing and getting himself into condition for a comeback.

Last fall, he got in touch with Jim Trimble, coach of Montreal Alouettes, asking for a chance to try out for a berth with the Als.

Hospital officials would not divulge details of the operation.

TEE TIME

A turnout of 86 golfers enjoyed men's night at the Nelson Golf and Country club, Thursday.

1-10 handicap: Vern Miller, net 32; Tom Stacey net 34; 11-16 — Bill Morris, Charlie Blunt, Walter Duckworth, net 29. 17 and over — George Kellett, net 30; Det McQuaig, net 31.

Golf goofer of the week, Ted Schmidt.

Willow Point Sandlot Ball League Formed

The Willow Point Recreation Committee announced the formation of a sandlot softball league at an organizational meeting held Wednesday.

The league is open to boys between the ages of six and 15 who reside on the North Shore.

The first practice of the season will be held at the new Willow Point School and all boys interested in playing ball this summer are asked to attend. Committee hopes to enlarge its operation to include baseball next year.

FINDERS KEEPERS — Ernie Banks of the Cubs makes a nice play on a pick-off attempt of Joe Christopher of the Mets—but Ernie just can't seem to find Joe in that dust storm and Joe is safe. The two clubs were playing in the Mets Stadium in New York.

Sportsmen Protest Proposed Watershed

The Nelson Rod and Gun, at its monthly meeting, Tuesday, unanimously endorsed a resolution instructing president Harold Hall to forward a letter to the Water Rights board vehemently protesting an application submitted by a local resident. The application requests permission to divert 1,000,000 cubic feet of water per day from Lasca creek, located nine miles west of Nelson. The water is required to run an electrical plant at the applican't summer home.

The club feels that such a diversion would completely eliminate the annual run of Kokanee, which occurs in August and September. The Rod and Gun group pointed out that even under normal conditions the Lasca contains barely enough water to support the thousands of fish which make the run and that local sportsmen often build temporary pools to aid the fish in their trek to their spawning grounds.

The Lasca is also an important Dolly Varden run.

Department of Recreation and Conservation officials are investigating.

FREE INSTRUCTION

In other business it was announced that the club's free fly casting instructions are slated to begin July 13, at Lakeside park. The first course will be for members only and will consist of training for instructors who will tutor during the series which will run through July and August. Thereafter all demonstrations and instructions will be open to the public.

The club anounced that it is past the halfway mark in its program to repay last year's outstanding debts and that indications are that it will operate in the black for the first time in over three years if its fund raising projects, slated for July meet with good public support.

Marilyn Palmer Downs Hitchens

PENTICTON (CP) — Exploding with a blistering first nine that saw her post a four-under-par 32, B.C. junior champion Marilyn Palmer of Kamloops upset Vancouver's defending provincial ladies' golf champion Gayle Hitchens in the B.C. Ladies Close Championships, Thursday.

Miss Palmer parlayed a hot putter to the startling victory over the former champion, as she counted just 11 putts in her sub-par first nine on the way to a 3-and-2 match-play win.

With the win the 17-year-old Kamloops miss, who easily retained her B.C. crown Tuesday, advanced to the final round where she will face Vancouver city champion, Barbara Renwick in a 36-hole tangle for the B.C. title Friday.

To make her way into the final Miss Renwick posted an identical 3-and-2 win over Vancouver's Margaret Hutton-Pott in the other semi-final encounter.

McKinley, Emerson Win As Reds Quit Wimbledon

LONDON (CP) — Defending champion Chuck McKinley of the United States survived another shaky day on the tennis courts of Wimbledon Thursday. Other U.S. players went down in large numbers and a Russian and a Hungarian walked out.

McKinley, who won the title last year without losing a set, had to pull out all the stops for a third-round victory over Torben Ulrich of Denmark, 7-5, 6-3, 2-6, 7-5.

Billie Jean Moffitt of Long Beach, Calif., third-seeded in the women's singles, moved into the third round with an easy 6-2, 6-2 victory over Donna Floyd Fales of New York.

Karen Susman of San Antonio, Tex., the 1962 champion, lost to reigning titleholder Margaret Smith of Australia 11-9, 6-0.

Arthur Ashe of Richmond, Va., defeated his doubles partner, Bill Bond of San Diego, 6-4, 6-4, 6-0.

As the tournament finished its fourth day Thursday, McKinley and Ashe were the only Americans to have reached the last 16 in men's singles. Ron Holmberg must meet Rafael Osuna, Mexican holder of the U.S. singles title, in a third-round match, and is an underdog.

LAST CANADIAN OUT

Montreal-born Mike Belkin, 18, who now plays out of Miami, Fla., was the last of three Canadians eliminated from the tournament. Australian Bob Hewitt downed him 6-4, 6-0, 6-1.

Belkin had reached Thursday's play after toppling South Africa's No. 1 player, Cliff Drysdale, 7-5, 3-6, 6-4, 6-4.

Two other Canadians were defeated in the second round. Francois Godbout of Waterloo, Que., bowed to Jorgen Ulrich of Denmark, 2-6, 6-4, 8-6, 6-3. Keith Carpenter of Montreal lost to C. Kuhnke of West Germany 6-3, 6-2, 6-2.

During the day, Alex Metreveli, 19, the last Russian left in the men's singles, withdrew rather than play South Africa's Abe Segal as a protest against South African racial policies.

A short time later, Istvan Gulyas of Hungary, a veteran of half a dozen Wimbledons and Segal's doubles partner, dropped out for the same reason, just before the pair was to play a first-round match.

WINS EASILY

Roy Emerson of Australia, seeded No. 1 ahead of McKinley, advanced with little effort, 6-3, 6-3, 6-3 over Hugh Stewart of South Pasadena, Calif.

Manuel Santana of Spain, the No. 3 seed, had marathon duel with Eugene Scott of the U.S. before he won 6-3, 4-6, 3-6, 6-3, 9-7.

Santana had pain-killing injections for an injured ankle before the match.

Pierre Barthes of France downed Mike Franks of the U.S. in a third-round battle that ran 17, 6-3, 6-4.

B.C. Amateur Heads Into Quarter Finals

KELOWNA (CP)—Vic Lowe of Prince George putted his way to a comeback, upset win over favored John Russell of Vancouver in match play at the B.C. Amateur golf championships here Thursday.

Earlier, Bob Kidd of Vancouver, who finished low man in the 72-hole qualifying round, easily disposed of his clubmate Johnny Johnston, four and three in the 18-hole quarter finals.

In the other matches Bert Ticehurst beat Bud Bird, two and one and Mike Kuzec defeated Wayne Vollmer two up. All the golfers except Lowe are from Vancouver.

Lowe was in trouble early in the match shooting two down on the fourth hole after bogeying the third and getting a birdie on the second.

He picked up one when he birdied the par four seventh hole and drew even on a bogey by Russel on the 10th.

Lowe took over on the 13th hole, sinking a 12-foot putt. He potted a 10-footer on the 16th green and hit the cup with a 24-footer on the 17th for successive birdies and the victory.

Kidd had trouble only once in defeating Johnston when he stroked a bad tee shot on the 385-yard third hole. But Kidd chipped out of the trees to within one foot of the cup to birdie the hole.

Ticehurst played a steady game to notch his win.

Vollmer was one up on the 15th green but shot a bogey. Kuzec birdied the 16th hole and 18th for the victory.

The 36-hole semi-final draw pits Kidd against Lowe and Ticehurst against Kuzec. The two finalists meet Saturday for the championship.

Santa Claus Top Choice In Irish Sweepstakes

DUBLIN (AP)—A field of 20 colts was declared today for the Irish Derby at the Curragh track Saturday.

The 1½-mile classic for three-year - olds carries a winning purse of $149,730 and is the basis for the second Irish Sweepstakes of 1964.

Odds-on favorite at 4-5 is Irish-trained Santa Claus, already winner of England's top race for colts, the Epsom Derby.

Irish racing aficionados will not even consider the possibility of his defeat in the Curragh race, but the owners of 19 other colts are challenging.

American - owned horses declared were Mrs. J. D. Reid's Biscayne, Laurence Gelb's Dilettante II, Dale Shaffer's Horse Power, M. E. Whitney Tippett's King Paddy, R. N. Webster's Ominous and J. Cox Brady's Sunseeker.

The other colts entered were: All Saved, Anselmo, Carrick-Lee, Crete, Devastation, French Star, Hovercraft, Le Challenger, Lionhearted, Master Barry, Master Buck, Neptunus and Red Vagabond.

Behind Santa Claus in the betting came Dilettante II at 8-1, Lionhearted at 10-1, Anselmo and King Paddy at 100-6, Neptunus and Crete at 20-1 and All Saved at 33-1.

The bookies would give anything from 66 to 1 up on the rest of the field.

DUBLIN (CP) — Following is a list of tickets held by western Canadians drawn Thursday in the Irish Sweepstakes based on Saturday's Irish Derby. The draw was on the last 15 of 30 eligible horses. Tickets on the first 15 were drawn Wednesday. List gives horses name, ticket number, name or non-de-plume and hometown:

Anselmo—SHL 89108, D. Hannigan, Burnaby, B.C.; TNJ 26031, Mrs. Mary Harvard, Alberta (no hometown given); TRP46363, Mrs. Ellen Binder, Inuvik, N.W.T.

Baldric 11-SLD69721, May S. Burnaby, B.C.; TRJ93272, Garden Gal, Winnipeg; SAB95466, Again, North Surrey, B.C.; SJD 55583, J.J.H.B., Victoria; SEL 73541, Ononon, Winnipeg.

Carricklee — SMB75371, Take It Easy, Chilliwack, B.C.

Characterise — TSJ 62248, Black Rose, Winnipeg.

Cold Slipper — TNB18149, Joseph Chamberlain, Regina; SJT 49122, Perhaps, Chilliwack, B.C.

Lionhearted — TNJ71204, Am I Lucky, Wainright, Alta.; TXS 59637, Nose In, Langley, B.C.

Master Barry — TQN61206, Louis, Regina.

Ominous — TQL92032, Not Enough, Vancouver; SJJ65243, Hughie's Best, Calgary.

Sunseeker — TSK65547, Anastasia, Calgary.

Plugs Own Clubs Pro Suspended

TORONTO (CP) — Bill Mawhinney, professional at the Northwood Country Club and his two assistants, Ken Girard and Phil Brownlee, have been suspended by the Canadian Professional Golfers' Association, Ontario branch.

Three weeks ago Mawhinney appeared with his own pro-shop line of clubs at a downtown department store here which was promoting an electronic practice golf game.

Mawhinney was warned that his promoting his golf clubs was contrary to the professionals' by-laws.

Girard and Brownlee are under suspension because they work for a head professional who is under suspension.

The suspension means they cannot compete in a PGA-approved tournament. However, all three will play in the Ontario open which starts today at suburban Islington.

Bill Richardson, OPGA president said: "I have called a meeting for July 6 at which Mr. Mawhinney may appear before the OPGA directors."

Remember when Bonded Stock came in that plain old bottle?

Well it doesn't any more. We've designed a new bottle for our whisky. And a new label. We age Bonded Stock a little longer now as well. To make every drop just that little more mellow. We've done everything we can. Try a bottle of Bonded Stock soon. The rest is up to you.

Gooderham's have been distilling fine whiskies since 1832

Charles' Beatle Cut On Blacklist

LONDON (CP)—The British Safety Council said Thursday it is sending a hairnet to Prince Charles because they are worried about the example he was setting with "a near-Beatle haircut."

The council expressed "extreme worry" about the haircut of the 15-year-old son of the Queen. Although his hairstyle is not as outrageous as another pop-star in Britain, his is an example "regrettably" more likely to be followed, the council said.

The council is worried about the vastly increasing number of industrial accidents in Britain caused by long-hair and they have created the Absalom Award to publicize their campaign.

The council campaigns for safety at work. It says long hair often gets caught in machines. The victim is usually scalped.

Prince Charles took to a Beatle cut early this year. At the same time an electric guitar and professional-type drum kit were delivered to Windsor Castle.

The council, supported by funds from industry and government departments, said it is sending the hairnet to the prince's school at Gordonstoun, Scotland.

It explained that the prince gets the hairnet as No. 8 on its blacklist of prominent people who wear long hair and thus set a dangerous example.

EARN TOP SPOT

The first five places on the list go to the five members of the Rolling Stones, a beat group whose shaggy hair makes the Beatles look bald.

Sixth comes Screaming Lord Sutch, the distinguished pop star, with comedian Ken Dodd seventh.

Charles takes the No. 8 spot with the Beatles ranked joint ninth.

(Absalom was the third son of King David who was killed by his enemies after being trapped by his hair in a tree.)

The hairnet for the heir to the British throne will be sent mounted on an illustration of Absalom, hanging by his hair from a tree.

The council quoted psychologist Dr. Joshua Bierer on why the long-hair fashion has caught on.

His view: "The boys think that long hair is a sign of virility. They are not interested in what other people think, only that they are convinced in their own minds that they look virile.

"The root of the long hair craze is a desire by the youths for an over-identification with their mothers."

Heart Specialist States

Job Stress, Not Smoking, Cause of Coronaries

SAN FRANCISCO (AP) — A New York heart specialist, reporting on a survey of 12,000 professional persons, said Thursday job stress is closely linked to coronary heart disease — but smoking may not be.

The survey covered 14 occupational groups with "obvious differences" in job tensions, said Dr. Henry I. Russek, consultant in cardiovascular disease, U.S. Public Health Service Hospital, Staten Island.

Dr. Russek listed those surveyed in order of decreasing stress: general medical practitioners, anesthesiologists, pathologists, dermatologists, general dental practitioners, oral surgeons, orthodontists and periodontists, general law practitioners, trial lawyers, lawyers in various specialties and patent lawyers.

In addition, he said, security analysts and security traders on the New York Stock Exchange were compared.

HAD HIGHER RATES

Persons who said they never had smoked showed significantly higher coronary heart disease rates than those who stopped smoking before their attack or before the time of the questionnaire if there was no attack, Dr. Russek reported at the annual convention of the American Medical Association.

"These findings cast doubt upon the alleged role of smoking in the genesis of coronary heart disease," he said.

The physician suggested that ability of persons to stop smoking showed an unusual capacity for adaptation to stress and perhaps explained their resistance to emotional factors in the development of heart disease.

Dr. Russek's report came on the heels of a slap at smoking by the AMA's policy - making house of delegates. The house pointed out that the AMA recognizes "a significant relationship between cigarette smoking and the incidence of lung cancer and certain other diseases, and that cigarette smoking is a serious health hazard." But it didn't mention heart disease specifically.

Marines Enter Search for Three

WASHINGTON (AP)—President Johnson ordered 200 marines to join the search Thursday for three civil rights workers missing in Mississippi.

The president's order was announced by George E. Reedy, White House press secretary, who said the marines were being moved into the search area near Philadelphia, Miss., from Meridian, where he said they had been based.

Asked how long the troops had been at Meridian, and whether they had been brought there on a standby basis, Reedy referred all inquiries to the defence department.

Then, a few minutes after his announcement, Reedy told reporters he had been in error in saying that the marines had been stationed in Meridian — that actually they were from bases he was unable to identify. He said marine helicopters employed in the search are based at a naval air station at Meridian, and that this led to his confusion on the point.

In addition to the 200 marines, Reedy said, eight military helicopters will join an augmented force of FBI agents, federal marshals and state patrolmen in hunting for the three youths who vanished Sunday night. Their fire-gutted station wagon was found Tuesday on the edge of a swamp near Philadelphia.

June 5 Deadline For Changing Bonds

OTTAA (CP) — All except $8,000,000 of the $191,000,000 in 5½-per-cent CNR bonds due next Dec. 15 have been exchanged for 5½-per-cent non-callable bonds due Dec. 15, 1971, the Bank of Canada announced Thursday. Holders of the 1964 maturity were given until June 5 to make the exchange.

NAMED NEW CHIEF OF STAFF

WASHINGTON (AP) — President Johnson Wednesday nominated Gen. Harold K. Johnson to be new chief of staff of the U.S. Army.

Johnson, 52, and now deputy chief of staff for military operations, will succeed Gen. Earle G. Wheeler, who was nominated for a two-year term as chairman of the joint chiefs of staff.

The president had announced Tuesday that Wheeler would move up to the top uniformed post, succeeding Gen. Maxwell D. Taylor, chosen to be ambassador to South Viet Nam.

The president also sent to the Senate a formal nomination of Taylor as successor in Saigon to resigned ambassador Henry Cabot Lodge.

MARKET TRENDS

NEW YORK (AP)—American Telephone's new stock, newly split 2-for-1, ran away with trading honors Thursday in a stock market which squeaked through to an irregular gain. Trading was active.

The 5,050,000 shares traded were the highest since June 17 when 5,290,000 shares changed hands. Trading Wednesday totalled 4,840,000 shares.

A. T. and T. contributed 200,000 shares to the total as it rose 1⅜ to 71⅞.

The market kept a moderate gain all day but sharp profit taking trimmed the gain considerably in the final hour.

The Dow Jones industrial average, which had been up as much as 1.59, closed with a gain of .47 at 827.48.

Analysts described the market as "sloppy" and characteristic of many recent Thursdays when pre-weekend profit taking has been getting an early start.

Gains by selected blue chips rather than consistent group action accounted for minor advances in the popular averages.

General Motors sank 1¼ to 86½ following a report that new car sales in mid-June trailed a year ago for the industry. GM and Ford, in the big three, had lower sales than in the like period a year ago while Chrysler was 12 per cent ahead of a year ago. Chrysler stock, however, held a gain of only ¼ at 49⅛. Ford lost ⅛.

Cigarette stocks continued to retreat in view of the Federal Trade Commission rule that cigarettes must be labelled as a health hazard.

American Tobacco, off ⅛, was the most active issue in its group.

Some cigar stocks perked up, Consolidated Cigar rising 2¼.

The Associated Press average of 60 stocks rose .6 to 310.7, the latest in its recent series of record highs. Industrials were off .1, rails rose .7 to a record high and utilities 1.1 to a high for the year.

Standard and Poor's 500-stock index rose .15 to 81.21.

U.S. Smelting was an outstanding casualty, falling 6 to 113.

Among Canadian issues traded, Granby Mining advanced ⅞, Aluminium Ltd. ¼ and International Nickel ⅛. Distillers Seagrams fell 1¾, Canadian Pacific 1½, Walker Gooderham ⅝ and Dome Mines ⅛.

Prices were irregularly higher on the American Exchange. Canadian Javelin gained 1, while Scurry Rainbow Oil lost ¼ and Fargo Oil 1-16.

TORONTO (CP)—Losses far outnumbered gains on the stock market Thursday, but one redeeming feature was late buying which sent a handful of speculative mining issues to the upside.

Among speculatives, Silver Standard and Tombill each gained five cents to 97 and $1.30. United Comstock Lode tacked on four cents to 50, Rowan 1½ cents to 18 and Bunker Hill and Genex — the latter traded more than 500,000 shares—one cent each to 33 and 50 respectively.

The industrial list showed a long string of losses to key stocks. CPR was down 1¼ to 45 while Distillers Seagram gave up ¾ to 60¼. Banks were all lower. Montreal and Imperial Bank of Commerce dipped ⅞ each to 64½ and 65½ and Toronto-Dominion Bank ⅜ to 64¼.

Golds were the only section to show a plus sign on index. Dome tacked on ¾ to 28⅝ and Giant Yellowknife ⅛ to 11.

Base metals were lower, but a few issues showed well. Hastings climbed 31 cents to $2.70, Leitch 15 cents to $4.85 and Highland-Bell 10 cents to $7.10. Of the seniors, Inco was down ½ to 84⅛ and Noranda ¾ to 45.

Home A dipped ⅜ to 19 in leading western oils downward. Husky and Pacific Petroleum lost ⅛ each to 9¾ and 13⅝ respectively.

On index, industrials were down .48 to 155.91, base metals .08 to 63.42, western oils .64 to 97.71 and the exchange index .44 to 145.53. Golds were up .37 to 132.65. Volume for the day was 5,562,000 shares compared with 3,703,000 shares at the same time Wednesday.

MONTREAL (CP — Stocks opened higher but settled for fractional losses on the day in active trading on the Montreal and Canadian exchanges Thursday.

The composite index sank 0.5 to 146.7, as declines outnumbered advances 99 to 81. Industrial volume was 190,100 shares and mines and oils 1,130,900 shares.

Banks dropped 1.1 to 125.6. Toronto - Dominion lost 1½ to 64⅝, and Montreal and Royal ½ each to 64½ and 74.

Utilities fell 0.9 to 136.7. CPR declined 1¼ to 45, Interprovincial Pipe Line ½ to 87½, and Calgary Power ⅜ to 24⅛.

Industrials were off 0.4 to 152.2. Moore Corp. dropped 1¼ to 54¾ and Building Products edged up ⅛ to 17¾.

Papers were among the few gainers, adindg 0.5 to 137.5. MacMillan rose ¼ to 30 and Great Lakes and Domtar ⅛ each to 25½ and 24.

Senior base metals sagged. Inco lost ⅞ to 84 and Hudson Bay ½ to 65. Falconbridge climbed 1¼ to 73.

Senior oils were mixed. Pacific Petroleum lost ⅜ to 13⅝ and Shell ⅛ to 17⅝. Home A advanced ½ to 19½.

In speculative mines on the Canadian Exchange, Bruce Preston shot up 15 cents to 42 cents on 139,100 shares traded. Transterre and White Star Copper fell three cents each to 47 cents nd 57 cents.

Your Individual Horoscope

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars,

For Saturday, June 27, 1964

MARCH 21 to APRIL 20 (Aries) — Everyday matters may give most concern. Employ tried-and-true matters in areas where you must act but have little to go on for reference. Your staying power will aid you.

APRIL 21 to MAY 21 (Taurus) — Do not panic if things seem wrong. Note your adversary's vew thoroughly; if you look deep it may reflect values you had not considered. Think broadly.

MAY 22 to JUNE 21 (Gemini) — Mercury influences benign; your efforts can shine. Subscribe to activities that portray your true way of life, depict favorably superior methods and top-flight progressive endeavors.

JUNE 22 to JULY 23 (Cancer) — Given the right impetus by you, your vehicle of success can speed ahead unimpeded. Smart initiative and enthusiastic efforts top-rated in today's maelstrom of confusing situations.

JULY 24 to AUGUST 23 (Leo) — Encourage constructive activities and banish fears, while you also look practically for flaws and necessary amendments. Unusual activity all about; keep your sights level.

AUGUST 24 to SEPTEMBER 23 (Virgo) — You may well be the mainstay in an important situation without realizing it. Display this Sign's best manner, discrimination and constructive force.

SEPTEMBER 24 to OCTOBER 23 (Libra) — Values are in view, so don't use blinders so as not to see them. Control emotions. Be compasionate. Enjoy diversified relaxation.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — Good influences indicate that your fertile imagination, thoughtfully directed, can be a powerful weapon for good now. Use it.

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — If you cannot accomplish in one way, you can in another. Remember the many feats achieved, records broken, that were once thought "impossible."

DECEMBER 22 to JANUARY 20 (Capricorn) — You may be offered new ideas and old ones in new form. Listen, of course, but know What to accept, what to reject. A generally good day.

JANUARY 21 to FEBRUARY 19 (Aquarius)—Stimulated now: intellectual advancement, keen management, stepped-up capabilty. If up to par, you will fairly fly ahead. Appraise, then act.

FEBRUARY 20 to MARCH 20 (Pisces) — Develop those novel channels of thought that come to your bright mind but are often quickly rejected because of your conservatism or hesitancy.

YOU BORN TODAY are among the world's most active thinkers, yet may withdraw from taking necessary action at the last moment unless you are encouraged. Put aside fears and doubts. Have more confidence in yourself. Go after what you think worthwhile. You have many qualities for success, but need to relax, remain hopeful and avoid restlessness. Cancerians can excel in commerce, industry, poltics, medicine or in the artistic professions. Birthdate of: Lafcadio Hearn, author of books about Japan.

Armed Forces Losing Out in University Training Program

OTTAWA (CP)—Members of the Commons defence committee complained Thursday that too many young men are getting a free university education from the defence department without any intention of staying in the armed forces.

The comments followed disclosure by Elgin Armstrong, deputy defence minister, that more than half of those receiving a college education from the department flunk out before graduation and that 37 per cent of the graduates serve only the obligatory three years in the armed forces.

About half the university trainees are educated at the three service colleges and the other half at civilian universities.

Mr. Armstrong indicated the defence department will announce soon that the obligatory service period after graduation will be raised to five years.

David Groos (L—Victoria), a former naval captain, said the great majority of students whose education is paid for by the defence department are not strongly motivated toward a service career.

Douglas Harkness, former Conservative defence minister, said some graduates say openly they joined only for a free university education and have no intention of staying beyond the required three years.

SHOULD BE WEEDED OUT

He said those along for the free ride should be weeded out early and that the obligatory term of service should be five years.

Commodore Harold Groos, director of the Regular Officer Training Plan and a brother of the committee member, said the department wants to weed out those who are looking only for a free education.

Mr. Groos said the wastage rate is very high and that the department is tackling the problem in an unbusinesslike way.

Mr. Armstrong said in reply to Grant Deachman L—Vancouver Quadra) that the cost per graduate at a service college is $36,000 compared with $16,000 at a civilian university.

He said 48 per cent of graduates who join the navy leave after three years' required service. He did not give the percentages for the army and RCAF.

At the start of the 1963 academic year, there were 976 officer cadets at civilian universities and 1,102 in the service colleges.

The defence department pays tuition and other fees and for books. Each cadet receives $138 a month pay and allowances from the department.

Mr. Groos said the armed forces end up with only 30 per cent of the original college entrants.

ARRESTED FOR BRIBERY

SEOUL (AP)—The Seoul district prosecutor arrested Park Hyung-Hoon, director of the South Korean National Railroad, and 12 of his officials Thursday on suspicion of taking bribes totalling $4,500 from a contractor. Park was the third bigname government official to be arrested or fired by President Chung Hee Park's government in a housecleaning drive prompted by charges of corruption made in recent student demonstrations.

COUNCIL SPEAKS
GRANDE PRAIRIE (CP)—The Alberta government's Northern Development Council told Peace River businessmen Wednesday that merchants in Northwest Territories looked to them as a potential source of supply because they were "fed up" with Edmonton suppliers.

10th Blast This Year Set Off At Nevada Site

WASHINGTON (AP)—A nuclear test blast—the 10th announced this year—was set off Thursday at the Atomic Energy Commission's Nevada test site.

The AEC said the underground blast was of low yield, with a force less than that of 20,000 tons of TNT.

In addition to the 10 weapons-related tests this year, the AEC has announced two other nuclear tests in its Plowshare program to develop peaceful uses for atomic explosives.

EXPRESSES CONCERN

SASKATOON (CP)—The city hospital board of governors expressed concern Wednesday that there was an undue delay by the hospital's medical advisory board in re-examining an application for an extension of hospital privileges for Dr. Reynold Gold, a community clinic doctor.

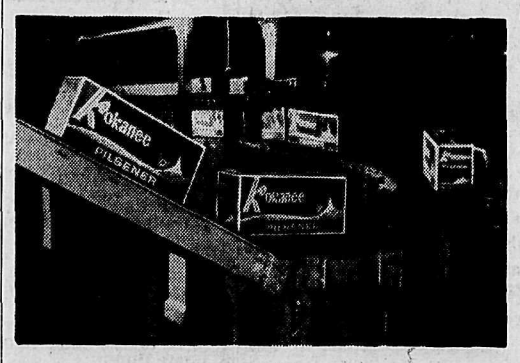
This is another kind of "brewing" we like – the steady hum of our fast-growing tourist industry. Not just because visitors use our products and enjoy them, but because "tourist" dollars mean more work and a better living for all Kootenay residents.



Brewery-fresh beer and ale throughout the Kootenays doesn't just happen. Every step of the way from the fresh malt to the bottling process quality is the watchword. You can't buy better beer than that of Interior Breweries.

THERE'S MORE THAN GOOD BEER BREWING IN THE KOOTENAYS!

North America's longest free ferry ride between Balfour and Kootenay Bay

New highways into the Kootenays are helping to lure people from neighbouring Alberta and from the south. Like the products of Interior Breweries, the "quality" of what we offer tourists is unbeatable – soaring mountains and clear, beautiful lakes plus a happy welcome!
