ELECT DELEGATES

CONSERVATIVE ASSOCIATION MET AT MERRITT MONDAY.

Another Benedict For Nicola.—J. B. Haddad Takes a Trip to the Coast and Returns With Bride.—Riot Damages.

A meeting of the Nicola Valley Conservative Association was held at Merritt on Monday afternoon. Meeting was well attended and enthusiastic.

Besides the general business, the Yale-Cariboo Central Conservative Association was asked to hold a meeting in Nicola Valley.

The following were elected delegates to attend the Vancouver convention: H. S. Cleasby, C. L. Flick and Ric. A. Fraser. Alternatives: W. Bailey, G. M. Brash and W. Frisken.

The big convention to be held in Vancouver on Friday and Saturday, Nov. 22 and 23, promises to be an epoch-making event in the history of Conservatism in British Columbia.

The committee having the matter in hand are sparing no effort to make it a success, and the railways have offered every encouragement in the way of reduced rates to delegates coming from the various constituencies throughout the province.

The purpose of the convention is mainly to create a provincial organization and thus place the outlying districts in close touch with the central body.

The need for such an association is being felt more and more, and the policy outlined for the convention will be a broad and comprehensive one in every respect. All Conservative members, either provincial or federal, will be members of the convention ex-officio, while each local constituency will send ten delegates. This makes a possible attendance of 420.

It is almost a certainty that Premier Roblin of Manitoba and Hon. F. W. G. Haultain of Regina, will be present and with local speakers will address the convention. It is proposed to make the event an educator in the way of familiarizing local Conservatives with questions of a federal character.

The Canadian Pacific Railway has agreed to give first-class single fares good for return trip to delegates traveling over the railway or local steamship lines. To those coming by steamship from Prince Rupert, Skeena and Atlin, or other places where meals and berth will be necessary, a fare of one and a third will be granted. The delegates will purchase tickets one way only and must obtain a receipt for same. Then they will receive a certificate from the secretary of the convention entitling them to return free, exepting where the fare and a third holds good, in the event of which they will pay only one-third in returning.

The committee in charge of the arrangements consists of Premier McBride and the presidents of the Victoria, Vancouver, New Westminster and Nanaimo Conservative associations. This committee is preparing strong resolutions and a constitution to present to the convention.

Haddad-Fulton.

A very happy event took place at Steveston on Wednesday, Nov. 6th., when Joseph B. Haddad, jeweller, of Nicola, B. C., and Sarah Naomie Fulton, formerly of Fernwell, N. S., were united in the holy bonds of matrimony. The ceremony was performed at the residence of the bride's brother, John A. Fulton, the Rev. Wm. Burton officiating. The bride who was given away by her brother, was supported by Miss Agnes Callaghan of Vancouver, while Percy Furneaux also of Vancouver, acted as best man. A dainty wedding breakfast was served after the ceremony, after which the happy pair teleautoed to Vancover, where they stayed at the Hotel Vancouver until Thursday afternoon, when they left for Harrison Hot Springs, where they will spend a short honeymoon. They will afterwards leave for Nicola, where they will make their future home. Mr. Haddad was for several years connected with the firm of Armstrong Bros., jewelers of this city. Among the numerous wedding presents received by the bride was a beautiful pearl and sapphire brooch from the bridegroom and a costly sterling silver tea set from Armstrong Bros. Mr. and Mrs. Haddad's many friends in Vancouver wish them all manner of good things in their married life.—Vancouver World.

FIRE DOES DAMAGE

HILLIARD HOUSE BURNT TO THE GROUND.

A. B. Lawson and J. M. Turner Receive Serious Injuries.—Fire Starts From Stove Pipe.—Nothing Saved from Flames.

On Monday morning at a quarter past seven, smoke was seen issuing from one of the windows of the Hilliard House. The alarm was at once given, but it was found that the fire had obtained too strong a hold on the building. Most of the residents in the house were already up, and those still in bed were warned. With the exception of two, all got out safely, with no further damage than the loss of their personal belongings. J. M. Turner of the Bank of Montreal staff and A. B. Lawson, uncle of Mrs. Hilliard, were not so fortunate. The latter who was sleeping in the front part of the house, found his only means of leaving the building was by the verandah in front of the house. In jumping from this to the ground he hurt his feet, and had to be assisted to the residence of Wm. Munro, where every attention was paid to him, pending the arrival of the doctor.

Turner occupied a room in the back part of the building, and this room was the one next to that in which the fire seems to have started. On hearing the cry of fire, he at once made for the door, and on opening it the flames from the passage, which was in a blaze, rushed into the room, and he was badly burnt about the face and arms. He then pluckily turned to the window and broke it. Unfortunately he was unable to close the door of his room, and the flames spread rapidly into it. He however, managed to get out of the window and fell rather than jumped to the ground below, where assistance was awaiting him. He was taken to the bunk house near by, and it was found that his injuries were serious. Dr. Curtin on his arrival did all in his power to alleviate Turner's sufferings, and on his removal to the Bank of Montreal, where Mr. Strickland had a room in readiness for the patient, the wounds were dressed and he was made as comfortable as possible.

The cause of the fire is believed to have been due to the pipe from the stove in the dining room, which passes through the bed room above in which the fire was first noticed. This room was unoccupied on the morning of the fire, and the fire must have had a strong hold in this room before the alarm was given, as it was only a few minutes before practically the whole house was in flames.

The carpenters, who were working on the new addition to the house had only time to save their tools and very little was able to be saved from the flames.

While all of those resident in the house suffered more or less serious serious loss, those who have the most serious loss to face are Wm. Riley the owner of the building and Geo. L. Hilliard the tenant. Mr. Riley's loss is partially covered by insurance, but Mr. Hilliard, who hod only occupied the building a few weeks, had not made his final arrangement for insurance.

At the time of going to press, both Lawson and Turner are progressing favorably, and there is every hope of their speedy recovery.

Survey Party.

The C. P. R. survey party under H. Carry, C.E., returned to Nicola the beginning of this week. For the past two months, the party has been making preliminary surveys over the railroad route between Quilchena, Aspen Grove and Similkameen, besides a reconnoitering trip taken by Mr. Carry from Princeton up One Mile creek to Summerrand. The party left on Wednesday's train for Vancouver and will probably resume work in the early spring.

Mines Regulation Examination.

The meeting of the Board of Examiners of Conl Mine Officials under the Coal Mines Regulation Act was held at Nanaimo last week to receive the report of the examiners. The number of candidates was unprecedented in the coal mining industry of the province, no less than 56 taking the examinations 52 being successful.

Daniel Russell a late employee at the Middlesboro' Colleries, writing for a second class, was one of the successful candidates.

Evangelistic Services.

Great interest is manifested in the evangelistic meetings at Lower Nicola. Mr. Gordon's addresses are always clear and forcibly presented. Mrs. Gordon's singing with autoharp accompaniment and her earnest exhortations and afternoon bible readings are making a profound impression. This is their first experience in British Columbia and it is somewhat different from many of their eastern places.

Johnny Sicoman an Indian from the Quilchena reserve was up before the magistrate at Hedley last week. He was fined $30 with the chance of having it cut in two if he would tell or point out the man who had supplied him the liquor. Johnny had been found by the constable "in a helpless condition due to supersaturation with booze."

ITEMS OF INTEREST

COMMISSION CUTS DAMAGES IN RECENT RIOT.

Proposed New Trans-Continentenal Service.—Silvea and Copper For Mint to Be Obtained in Canada.

The bills of Japanese for damages in the September riots, aggregating a trifle over $13,000 will not be paid in full, the recommendations of Commissioner McKenzie King providing for payment of only $10,000. He completed a revision of the accounts and wired a summary to the government at Ottawa. It is understood that he has freely used the pruning knife.

Cunard Line and G. T. R.

Negotiations are on foot between the Cunard line and the Grand Trunk Railroad of Canada, for the joint handling of the Canadian passenger and freight traffic. The scheme which is still in its initial stage, contemplates running a line of Cunard steamers direct from Liverpool to Canads and a Cunard line service from the Pacific coast to Japan, China and Australia.

Canadian Copper.

Superintendent Cleave at the royal mint, Ottawa, announces that a Montreal firm and an Ottawa one had secured contracts for supplying the copper that will be needed for the first coinage at the new mint. There were six or seven tenders. Officials cannot give out the names yet, but say they took advantage of the very low copper market and got it at a low rate. The intention is to call for tenders every two or three months, as it is needed, both as regards gold, silver and copper. The silver is to come from Trail, B. C., and Cobalt. Another very important announcement made is that officials will be able to get metal they need sufficiently refined in Canada, and will not have to go across the line, as at first thought. Canadians have risen to the occasion, and the officials have every reason to believe now that they can get metals in Canada without going to the States. As contractors are not through with the work, the mint cannot open before January 1st, next.

The Difference.

An old timer of Greenwood called at a bank in Washington state the other day where the new cashier's checks are in vogue and asked for a payment of a small balance at his credit in the bank. The cashier refused him the currency but told him he would give him his fare to Greenwood in cash which was $5.30. He took it and came to the land of real money.—Boundary Creek Times.

Church Services.

Rev. D. K. Allan will preach in the Presbyterian church on Sunday next morning at 11 a. m., evening at 7:30 p. m.

Methodist Church services next Sunday: Mr. and Mrs. Asa Gordon will take charge of the services at Lower Nicola on Sunday.

Middlesboro' 7 p.m.

Asa Gordon, K. C., of Ottawa, who is conducting a series of evangelistic meetings at Lower Nicola, visited the Middlesboro' coal mines on Wednesday and was well pleased with the large area of coal exposed and the work under construction.

T. P. (Dad) Allen a well known prospector in the Kootenay, Boundary Similkameen and Nicola districts has been quite ill the past few weeks. He is at W. A. Dodds residence at Aspen Grove.

EDITORIAL NOTES.

The London Globe says that the elevation of Sir Chas. Tupper to the privy council is perhaps the greatest personal compliment which in these days can be conferred.

The investigation into Oriental immigration affairs and how the Asiatics were brought to the province, commenced at Vancouver this week. The powers conferred by the commission give full authority to summons witnesses and obtain papers. Methods of white, as well as Oriental immigration agencies, will be investigated.

There will be a general agreement that the Vancouver Exclusion League is asking a most reasonable thing when it requests the Federal government to arrange that no Asiatics shall be members of the crews of vessels in the public service. On some ships it has been found expedient to employ Chinese and Japanese as cooks and waiters, and, while to replace them with white men may cause some slight temporary inconveniences, it ought to be done in deference to public opinion.---Colonist.

Mr. Justice Clements at Vancouver this week gave judgment on the point which he himself raised in the divorce case of Watts vs. Watts, he heard some time ago and his ruling is that the judges of the supreme court of this province have no jurisdiction to try divorce suits. Both counsel in the case agreed in the submission that Mr. Justice Clement has jurisdiction, but he himself expressed doubt and reserved his decision. The effect of it is that divorce cases must go before the supreme court at Ottawa.

No More Big Ranches.

P. Burns of Calgary, stopped in Winnipeg on return from a ten days' visit to the east. Asked as to the conditions in the cattle country, Mr. Burns said: "Good stuff is worth good money, but there is no market for young, thin and unfinished cattle, and there is a glut of that coming forward at present. My feeling is that this is a time to buy young stock, rather than sell them. The days of the big ranchers are numbered, but the days of the stock farms where three and four hundred young steers are kept and fed, are just beginning, and in a few years we will in Alberta, have fifty of such farms where we have one to-day."
