QUILCHENA SPORTS

POLO CLUB'S RACE MEETING VERY SUCCESSFUL.

A Good Day, An Enthusiastic Crowd and Exciting Events Make an Excellent Afternoon's Fun. —Dance in Evening.

The sports at Quilchena on Saturday afternoon, under the auspices of the polo club, were an unqualified success, and the general comment was that no more enjoyable afternoon's sport has ever been held in the district. The weather was all that could be desired, and those present made up for their lack of numbers by their enthusiasm over the various events. The half-mile open was a walk-over for S. Kirby's horse, Ginger; but the gymkhana events evoked much spirited competition among the contestants and provided the finest sport of the meeting. The following are the results of the various events:

Half-mile open—S. Kirby's Ginger 1st; Mrs. Mickle's Jim 2nd.

Quarter-mile pony—G. A. Lafferty's Fairy 1st; S. Kirby's Mike 2nd.

Threading-the-needle race—F. Riley 1st; J. Guichon, jr., 2nd.

Cigar and soda race—H. Lodwig 1st; F. Riley 2nd.

Hitting the polo ball race—J. Guichon, jr., 1st; W. Hawkins 2nd.

Hurdle race—W. Hawkins.

A cinderella dance was held in the hall in the evening and was fairly well attended. Dancing was kept up till a quarter to twelve, when an adjournment to the hotel for supper closed the proceedings of the day.

The polo club is to be commended for their enterprise in getting up so excellent a race meeting, and it is hoped that ere long they will provide another Saturday afternoon's sport as excellect as this last.

Messrs. Guichon, Moore and Dr. Cross as judges and A. W. Strickland as starter gave general satisfaction, and the program was gone through without a hitch in the proceedings.

Sharples Tubular Cream Separator.

A little care about what you buy to help make dairying easy and profitable will not be wasted.

Just as there is no other separator as good as the Tubular, so there is no Cooley Can or dilution process creamer equal to the poorest separator. The separator and the Cooley Can, or process creamers, are entirely different and should never be confused.

A Tubular Separator gets all the cream—gets it immediately after milking—saves handling, ice and storage—gets the skimmed milk sweet, warm and wholesome for the calves and pigs—saves washing a lot of pans and cans. On the other hand. a Cooley Can, or a process creamer, wastes one-fourth the cream (a loss to you of one-fourth the profit)—requires numerous cans, storage room, and ice—cools and injures the skimmed milk until it is almost valueless—requires the washing of numerous cans—in fact, proves itself practically no better than pans. It is well to avoid cans and process creamers if you are looking for least labor and biggest profits.

Be sure and see a Sharples Tubular Cream Separator now on exhibition at the Stage Office, Nicola.

Address all communications to Dr. C. W. Cross, agent, Ashcroft, B. C.

Mrs. James Vair, formerly of Kamloops, but now of Pictou, N. S., was married to Prof. T. Singleton, organist of St. Andrews church at Pictou, on Arpil 30th.

Change Names of Stations.

The C. P. R. has made two changes in the names of stations on the Nicola branch. The reason for the changes is that they conflict with postoffice names in eastern Canada. The station known as Cartwright, near where the construction hospital was located, is now known as Greer, and Woodward station is now Coyle.

LOCAL NEWS.

J. A. Rennie left last week on a business trip to Princeton.

M. Olson was in town on Monday last from the Coldwater district.

A. H. Owen returned Wednesday evening from a trip to the Mammette lake section.

Rev. D. K. Allan will preach in the Presbyterian church next Sunday at 11 a. m. and 7.30 p. m.

Mrs. Potter, wife of Wm. Potter, C. P. R. station agent, left for Vancouver on Wednesday's train.

Jos. R. A. Richards. proprietor of the Coutlee Hotel, Coutlee, spent a few days at Aspen Grove this week.

Don't forget to bring along the wife and kids! Even your mother-in-law would enjoy Nicola's big day on the 24th.

Charlie Barrett, the Ashcroft packer, spent a few days in Nicola and vicinity the past week looking up pack horses.

Miss Wardell left on Monday's train for Seattle to take over the duties of assistant superintendent at the King County hospital.

The sporting blood of many "horsy" individuals in the district is already considerably exercised over the Victoria Day races in Nicola.

Chas. F. Law arrived at Coutlee on Friday last, and after a short stay will leave for Bear creek, in which camp he is very largely interested.

Mrs. Hirsh, who has been visiting for some time with her daughter, Mrs. A. W. Strickland, left on Wednesday's train en route for the Northwest.

Dr. Sergeant, for some time a resident of Nicola and late of Kamloops, has received the appointment of medical officer of the Ymir hospital.

The Ladies' Aid of the Presbyterian church are making great preparations for the big crowd on the 24th. Dinner will be served at 12 noon and also after 5 p. m.

H. L. Roberts has received the appointment of agent for the Cascade Steam Laundry at Vancouver. Laundry left at the store will receive prompt attention.

A. C. Ray, of Vancouver, has been investigating Nicola and vicinity the past few day, with a view to selecting a suitable piece of property upon which to erect a summer residence.

W. C. Ward and C. W. R. Thomson arrived in Nicola on Wednesday and left the same day for Douglas lake. They are interested with J. B. Greaves in the Douglas Lake Ranching Co.

ITEMS OF INTEREST

NEW HOTEL FOR QUILCHENA TO BE STARTED AT ONCE.

Byron Earnshaw Exhibits Improved Kaleidoscope.—Nicola's Bridge is Now Completed. — Another Fast C. P. R. Train.

The plans are drawn and construction will soon commence on a new hotel for J. Guichon at Quilchena. Mr. Guichon has had this matter under consideration for some time, and on his last visit to the coast final arrangements were made for supplies. The new hotel will be a first-class and up-to-date structure, with a large dining room and commodious accommodation for guests. The site for the hotel has not yet been definitely decided upon, but this will be settled this week, and construction started right away. It is the intention of the owner to build a hotel second to none in the upper country, and to provide accommodation for visitors during the summer months, adequate for the needs of so ideal and pleasant a summer resort. For some time the accommodation of the existing hotel has been taxed to its utmost, and with the improved facilities for travel now in full swing, increased accommodation has been found necessary, which will be provided by the new hotel which will shortly be under construction. The new hotel will, to use a hackneyed phrase, fill a long felt want, and there is no doubt that Quilchena will benefit considerably through having first-class up-to-date accommodation for the numerous visitors who are bound to be attracted to this nature's beauty spot, and which as an ideal summer resort is unexcelled in the province.

A Clever Mechanic.

When Byron Earnshaw, of Minnie Lake, was in Nicola recently, he paid a visit to the Herald office, and brought with him a kaleidoscope of his own construction, which is rather unique. In the ordinary instrument the figures are made by means of colored glass, and the instrument is rotated to give the various patterns. In the instrument constructed by Mr. Earnshaw any sort of material can be placed in a plate below the instrument, and the plate is rotated, forming some most beautiful patterns, with a stereoscopic effect. This improved instrument is the invention of Mr. Earnshaw's brother, and has had a very large sale. The patterns formed by this improved kaleidoscope have been extensively used as designs for carpets, rugs, etc., and can be used for all kinds of ornamental work. Anyone interested can inspect the instrument at the Herald office, where Mr. Earnshaw has kindly left it.

The New Bridge.

The bridge over the Nicola river had the finishing touches put to it last week and the approaches to it finished off. The result is altogether satisfactory and reflects credit on Foreman Trodden and those under him for the speedy execution of the work and the workmanlike manner in which it was gone about.

Just as the work was finished Dick received a hurry wire to proceed to Ashcroft to assist on the new bridge over the Thompson river, which is at present under construction.

C. P. R. Fast Train.

The Canadian Pacific is putting on a new tri-weekly transcontinental train to make the run to Vancouver 12 hours faster than the present express. The new train will cover 2,904 miles in less than 85 hours.

Reduced Taxation.

Carrying out their policy of reducing taxation, the provincial government has certainly cut down the taxes in the Nicola district. Real property valued at over two thousand dollars, which was previously taxed at one per cent. of the assessed value, has now been taxed at three-fifths of one per cent, a reduction which causes the taxes on this account to be some six thousand dollars less. On personal property the previous rate was two-thirds of one per cent., and this is now taxed at the rate of three-fifths of one per cent., the same as real property. Altogether the changes in the rates of taxation will reduce the revenue derived from these sources in this district from $19786.50 to $13700.75. The revised notices giving particulars of the reduction have already been sent out, and no doubt the recipients of them will be grateful for the reduction.

How these changes will affect other parts of the province it is as yet too early to say, but it is certain that they will mean a large reduction of the revenue as entered in the original assessment rolls of this year. From all accounts, however, this will be more than made up by revenue from other sources, and with the increasing prosperity of the province, no fears need be entertained that the budget next session will show a deficit.

Dr. Ker, who had charge of the medical work during the construction of the Nicola railway branch, arrived at Coutlee on Wednesday and will locate permanently in the valley.

Bruce Warden, of Bankhead, Alta., arrived at Coutlee last week and is now engaged as assistant to A. Faulds, M E., superintendent of the Nicola Valley Coal & Coke Co.'s property.

Fred P. Wilson, representing McLennan, Feely & Co., Vancouver, and C. V. Jones, of Nelson, representing Mason & Risch pianos, were in Nicola valley this week doing business.

Dr. John T. Carroll, who has been a resident of Vancouver for the past twenty years, died in that city on Monday evening. The doctor was interested in coal property in the Nicola valley.

A general committee meeting re the Victoria Day celebration is called for Tuesday evening next at 7.30 sharp. This being the final meeting before the celebration, it is particularly requested that each and every member of the various committees be present.

N. J. Barwick will move very shortly into his new store in the Barwick block and preparatory to removal will clear out at cost price odd lines. A fresh consignment of new goods has just been opened out, and he is marking these goods at prices which are remarkably low.

The lawsuit between John P. McConnell and John M. Millar vs. J. E. and S. J. Bate, R. J. Armstrong and J. A. Hinshaw, is set down for the assizes at Vancouver, and will likely be heard on Tuesday. The case is in connection with the Golden Sovereign group of claims in the Aspen Grove camp.

David Hosker, at one time locomotive foreman for the C. P. R. at Kamloops, but latterly a machinist in the smelter at Trail, was found dead with his neck broken and bleeding profusely from wounds about the face and head, at the foot of the stairs of the St. Elmo hotel at Trail. Gustave Bouchard is in gaol charged with having caused his death.

ALL IN READINESS

FOR NICOLA'S BIG VICTORIA DAY CELEBRATION.

Suitable Grounds Have Been Secured For the Horse Racing Events.—Details Well in Hand and a Big Time is Assured.

Arrangements for the 24th of May sports are now fully completed and with good weather a program worthy of the occasion will be given. The horse racing committee have been successful in arranging for a piece of ground for a track, and are busy now in getting it in order for the day. There will be a small admission fee to the track, which will be on the north side of the road above the cemetery The thanks of the committee are due to J. B. Greaves for kindly loaning the use of the ground for the occasion, and also to J. Blackwell, who has a lease of the land in question.

The athletic sports will start prompt at 10 o'clock in the morning with the boys' and girls' race. At 11.30 the 220 yards race for men will be called, at 12 o'clock the 100 yards race for men and at 12.30 the quarter-mile race for men. As the time for the athletic sports is limited, these races will be run promptly on time, and those interested are requested to be on the ground in readiness. An endeavor will be made to run off the other events for men between these races, and it will materially assist the committee in their work if those who intend entering for these events will be on hand at the time so stated, so as to prevent any delay and allow the committee to run off their program without causing needless dissatisfaction. All these athletic sports will be run off on the same ground as last year, in front of the athletic association grounds.

The horse races and gymkhana events will be run on the track on the north side of the road above the cemetery, and will start at one o'clock prompt. The first item on the program, the steer roping competition against time, with a prize of a stock saddle, blanket and bridle, valued at fifty dollars, should be the source of keen competition, and it is hoped that a strong contingent of local cowboys will be on hand and entertain the visitors with a sight of this seldom seen event. The attention of ranchers and stock raisers is called to this event, with the hope that they will interest the cowboys in it and so provide a large and representative entry for an event in which they themselves take the keenest interest. Entries for this event must be in the hands of the secretary, G. A. Lafferty, Nicola, on or before 12 o'clock noon on Wednesday, May 22nd. Entries for the other events can be made on the day of the sports.

The other events on the horse racing program call for no special comment save that the prizes are more liberal than in former years, and it is hoped that on this account good entries will be received, and so provide a royal afternoon's sport.

The tug-of war will be pulled off after the horse races.

Entries for the tennis tournament must be in the hands of either H. L. Roberts or G. A. Lafferty before ten o'clock on Thursday morning, the 23rd of May. The draw will take place on Thursday evening, and competitors will be notified on Friday when arrangements will be made for playing off the ties. The finals of the tournament will be played on Saturday afternoon.

Mr. and Mrs. J. N. Moore, of Beaver ranch, visited friends in Nicola on Tuesday and Wednesday.

CLEAN UP PREMISES.

The following suggestions by the Penticton Press are timely, and are appropriate for all settlements:

"Before the hot weather sets in everybody should see that their premises are thoroughly cleaned and kept clean during the summer. No manure or other rubbish should be allowed to accumulate, and all outhouses should be so constructed and kept clean as to prevent contamination of wells or the atmosphere. The water probably will be higher this year than last, hence it will be more difficult to keep wells free from impurities. If every resident of a community realizes his responsibility in this in this particular regard any serious sickness throughout the warm months will be prevented. People should not endeavor to evade or merely to comply with the letter of the law. If sanitary laws were not essential to the preservation of health they wonld not be enacted, and it is the duty of every resident to do more than the law requires, not merely for the benefit of his own health and that of his family, but also that of his neighbors as well. Self respect demands that we do not permit the accumulation of garbage or filth to befoul the atmosphere and thus drive people a block or two out of their way rather than pass our premises. The town is yet young and too much should not be expected in the overcoming of the obstacles of nature, but let everyone determine that we shall have at least a clean and healthy town."

ROD AND GUN FOR MAY.

Fishing is the subject uppermost in the minds of all sportsmen at the opening of the beautiful month of May, and as the never-failing interpreter of the sportsmen's wishes and feelings, the May number of "Rod and Gun and Motor Sports in Canada," contains many fishing stories. No fisherman should set out on his trip without this companion, and whatever may have been his experiences in fishing he will gain much from a perusal of the pages of this bright magazine. He may read of fishing experiences in five of the provinces of Canada; he may also note the defence of the dog advocates against the onslaught of those who ascribe the vanishing of our deer entirely to the dogs; and can further find interest and recreation in perusing the hunting stories. Alpine Club doings, an account of the Automobile, Motor Boat and Sportsmen's Show at Montreal, with boating, trap-shooting, etc., all make fine reading.

TO AMERICAN SUBSCRIBERS.

On account of the increase in second-class postage rates between Canada and the United States, on and after this date the subscription price of The Nicola Herald to subscribers resident in the United States will be $2.50 per annum. This includes new and renewed subscriptions, and is merely the additional postage that must be paid for American delivery.

VICTORIA DAY CELEBRATION AT NICOLA, B. C.

FRIDAY, MAY 24TH

LOCAL NOTES

The big thing comes off exactly one week from today.

Miss Hawkins left last week on a visit to Armstrong.

J. Garcia, of Merritt, was a Nicola visitor on Tuesday.

G. J. Stuart was a visitor to Quilchena on Sunday last.

Miss Moore is visiting with Mrs. Allan at the manse this week.

Bert Goodisson, of Coutlee, was a visitor to Quilchena on Saturday.

H. L. Roberts, accompanied by Mrs. Roberts, paid a visit to Coutlee on Sunday.

J. Guichon and Mrs. Guichon, of Quilchena, were visitors to Nicola on Monday.

Dr. Cross, V. S., left on Tuesday on a business visit to Quilchena and Douglas Lake.

W. G. Murray, of The People's Store, paid a business visit to Aspen Grove and Otter Flat last week.

J. D. Gillie, of Victoria, was in Nicola last week looking up old friends and acquaintances and returned to the coast on Monday.

The principals and witnesses in the case of Munro vs. executors of the Gillie estate returned home from Kamloops on Friday last.

E. Dalley, of Victoria, was a visitor to Nicola last week renewing old friendships. Mr. Dalley was one of the earliest settlers in the Nicola valley.

J. Thorpe, of Vancouver, arrived in Nicola on Monday, and after a brief stay proceeded to Quilchena, where he visited for a few days with S. Kirby.

A. Jackson, of Merritt, who is at Victoria under medical treatment, is progressing very favorably. His many friends will wish him a speedy recovery.

A. R. Carrington left on Monday's train to attend the Kamloops District Meeting, after which he will go on to Vernon to attend the Methodist Conference.

J. S. Gordon, of Vernon, school inspector, arrived in Nicola last Friday, and has been engaged in examining the higher class pupils. He left on Monday's train.

A. J. Splawn, of North Yakima, Wash., an extensive breeder of pure bred stock, arrived in town on Monday with a carload of prize Hereford bulls for the Douglas Lake Cattle Co.

On Sunday next (Whitsunday) there will be service at Quilchena at 11.30 a. m., and at St. John the Baptist Church, Nicola, at 7.30 p. m., Rev. James Thompson officiating.

M. Adams, of Coutlee, who had an arm broken a few weeks ago by a throw from a cayuse, was doing business in town Wednesday. The injured member is healing as well as can be expected.

BUSINESS LOCALS.

Cabinet Organ For Sale.—Price, $25; a real bargain. Apply "A. B.," Herald Office.
