OPEN NICOLA COAL

NICOLA VALLEY COAL AMD COKE CO. TO DEVELOP.

Alexander Faulds Will Arrive This Week and Superintend Work in Connection With the Development of Property.

Alexander Faulds, M E. Inst. M. E., has been engaged as superintendent and mine manager of the Nicola Valley Coal & Coke Company, Ltd., and commences his duties at once. Mr. Faulds is a colliery manager of a very wide experience. He is a certificated colliery manager of Great Britain, and was the originator in 1878, and is yet a member, of the Mining Institute of Scotland, and is also consulting engineer of several Pacific coast mines. He was selected by the Government to inquire into the cause of the explosion at Fernie, B. C., in 1902. Speaking of the Nicola Valley Coal & Coke Company's property at Coutlee, B. C. to a Province reporter he said:

"The portal and outcrop of the Nicola Valley Coal & Coke Company's Jewel seam is the key of the situation of the entire Nicola Valley coal basin, and it is from this seam that coal will be mined ready for an assured market three months from now."

"Then you intend to start operations at once?" he was asked.

"Yes, F. H. Lancz and myself will leave for Coutlee next week to begin operations. We shall first erect buildings and bunkers. R. Marpole of the C. P. R. has promised to build the spur, about half a mile, as soon as we have five hundred to a thousand tons of coal in the bunkers. We intend to cut out sections of the different seams, one of which is seventeen feet thick, to send down here to be put on exhibition. Later on we shall start building coke ovens and we hope to be sending large quantities of coal down the Nicola branch before next fall."

Resigns as County Court Judge.

Friends of the Hon. C. F. Cornwall will regret to learn that he has been compelled to send in his resignation of the position which he has held so long as judge of the County Court of Cariboo. Jodical duties in a district so large and in which travelling means hard work have proved to heavy for Judge Cornwall, thence the action. In two capacities as a public man Mr. Cornwall has won ther espect with all in whom he came in contact. Lieutenant Governor of British Columbia from 1881 to 1887 and County Court Judge from 1889 until 1906 is a long record and it has been worthily held.

British Labor For B. C.

Twenty-five thousand of the laboring classes of England will be brought to Canada next year through the Salvation Army. This announcement was made recently by a Victoria representative of the organization. Commissioner Coombe is expected to arrive here early next month to enter into negotiations with the provincial government with the idea of arranging to bring a large proportion of their emigrants to British Columbia.

Control at Esquimalt.

The Canadian Department of Marine assumes control of Halifax dockyard on January 1st. next, and is now negotiating to take over Esquimalt dock as well. Halifax property is worth about three million and has been unused since the withdrawal of the North Athlantic squadron.

THE DOMINION PARLIAMENT.

Speech From Throne Forcasts Tariff Revision.

The Dominion Parliament was opened at 3 o'clock Friday afternoon. The speech from the throne remarked upon the unparalleled prosperity prevailing in all parts of the Dominion and the increasing volume of trade with British and Foreign nations. In the course of his address Earl Grey made reference to his visit to the West. In part he said:

"During the recess following the last session I visited the four Western provinces and was much gratified in the great advance that is being made in the development of the vast resources of those highly favoured sections of the Dominion. I found the people of the West rejoicing in their prosperity and full of hope and confidence in the future growth of its agricultural and industrial wealth.

The other salient points touched by the speech of Earl Grey were,

Increased representation for Alberta and Saskatchewan.

Revision of the Customs tariff.

Ratification of the treaty with Japan.

Taking over of Halifax dockyard.

False representation in immigration.

Dominion revenue greatly increassed.

Provincial subsidy resolutions to be laid before the House at an early date.

Amendment to Postoffice Act, Election Act, Dominion Lands Act.

Report of Insurance Commission.

The usual list of notices of motion was presented to the House. Mr. Bergeron is after the Ross rifles, and Col. Hughes will move that the interests of Canada and the British Empire would be best served by a full partnership of union among Britian and her Colonies.

Speaker Sutherland announced that Hon. Mr. Hyman has sent in his resignation of his seat.

With the retirement of Hon. C. S. Hyman ftom public life, owing to the disclosures in the Toronto Police Court, a rumor, which seems to be well founded, has been set going to the effect that Clifford Sifton will be offered the Minister's seat.

Liberal Candidates.

During the past few weeks the Liberal Association in some districts have been getting busy anticipating a general provincial election.

At Vernon, Dr. K. C. McDonald will contest the Okanagan against Price Ellison Conservative, the present, member.

On Monday the Kamloops convention met and J. D. Sawnson was chosen as the Liberal Standard-bearer.

In Yale district Stuart Henderson will stand for re-election, in the Liberal interests.

Old Time Conductor Dead.

Thomas B. Harris, one of the oldest local C. P. R. conductors, died in New Westminster last Thursday. The deceased was forty-six years of age, and came here in the early days from Pembroke, Ont. He leaves a wife and two children living in Vancouver. The funeral was held Saturday under the auspices of the Odd Fellows and the Order of Railway Conductors.

St. Andrew's Ball.

Friday evening will witness the first ball under the auspices of the Nicola Athletic Association. Arrangements have been made by the committee for everything for the pleasure of the dancers, and this dance should be the event of the season. Quite a number will attend from the surrounding district.

Be sure and attend the St. Andrew's Ball on Friday evening under the auspices of the Nicola Athletic Association.

DELEGATE REPORT

RESULT OF THEIR INTERVIEW WITH GOVERNMENT.

Every Probability of a New Bridge Across Nicola River to Connect the Railway Station With the Town.

A public meeting to receive the report of the delegation who recently interviewed the government with regard to the proposed bridge across tne river was held in Pooley's Hall on Friday afternoon at 5 o'clock. H. H. Matthews acted as chairman. The minutes of the last public meeting at which the delegates received instructions were read and on the motion of A. E. Howse seconded by R. A. Fraser, adopted. A. E. Howse then reported that the delegates met Hon. R. Mc Bride, Hon. F. J. Fulton, and Hon. R. F. Green at Victoria and placed the matter of a new bridge before them. The ministers admitted the necessity for the bridge and would further in every way the wishes of Nicola residents by the construction of a bridge at the earliest possible moment. They would have an engineer sent in at once to report on the matter and the people of Nicola could rest assured that they would do all in their power to further the scheme and push it to completion. A. W. Strickland said that the day after the interview he had seen Hon. R. F. Green personally and Mr. Green had assured him that the government would push the matter through and an engineer to report on the scheme might be expected in Nicola very shorlty. The delegation had also seen R. Marpole of the C. P. R. and he had promised to do all in his power to further the scheme, and any technical information which he could give was at the disposal of the authorities whom he would help in every possible way to further the construction of the bridge at as early a date as possiole. A. R. Carrington moved, seconded by G. Murray that the report of the delegation be adopted and the best thanks of the meeting be accorded the delegates for their successful work. The motion was unanimously agreed to.

After the bridge question a discussion took place in reference to a report in circulation in provincial papers that Nicola was a likely place for the sanitarium. The reports were discredited and although no motion was made the feeling of the meeting was against the erection of a sanitarium in Nicola.

Bazaar.

The bazaar to be held in Pooley's hall on Friday under the auspices of the Ladies Guild of St. John's Church of England, commences at 2 p. m. and will close at 5.30 o'clock. A choice lot of fancy work will be for sale besides many fancy articles prepared by the ladies. Refreshments will be served during the afternoon.

Railway News.

Work on the railway buildings is progressing rapidly. The engine and section house and tank are about completed and the station well under way. Work has also been commenced this week on the cattle corrals, The fencing gang are camped at Nicola and will have the wire strung in a very short time.

Ballasiing of the track is keeping a train and gang of men busy between Nicola and the Forks

There is every likelihood of the road being taken over by the C. P. R. by the first of the year as the work of the contractors will be practically finished by that time.

Mrs. Wm. McCullough of Otter Valley left last week for a trip to the coast.

CONDUCTOR RICHARDSON INJURED

Falls Beneath Train Which Runs Over His Arm

A serious and almost fatal accident happened at Coutlee on Friday morning last when Arthur W. Richardson conductor of the gravel train came near losing his life but escaped with the loss of his left arm. Conductor Richardson noticing the air hose between a couple of the cars leaking, stepped in between the slowly moving cars to remedy it and was walking along the ties in a stooping position when one of his feet got caught in the guard rail at the frog. Realizing in an instant that it would mean death, Richardson threw himself, falling between the rails, but in falling his left arm crossed the rail and the wheels passed over it between the shoulder and elbow crushing it so that amputation was necessary. His foot was also injured by being caught in the rails.

The train was immediately brought to a stand still and the injured man taken from beneath the cars and removed to Coutlee Hotel, where Dr. Ker and Dr. Tutill were in attendance and did what they could to relieve the sufferer.

In the afternoon Dr. Ker by special train brought the injured man to Nicola and the same evening with Dr. Tutill amputated the arm at the shoulder.

Mr. Richardson is at the residence of Dr. Tutill and with the medical men is being looked after by his wife who arrived a few days after the accident.

He is now resting easily and will in the course of a few weeks be around again minus an arm but with his life saved.

During the time he was under the wheels and car and until the operation he never lost consciousness and has shown nerve and grit throughout.

Conductor Richardson is well known along the main line where he was employed for some time and during the past year has worked on the Nicola branch, and his many friends will be sorry to learn of his accident and wish him a speedy recovery.

During the construction of the Nicola branch this is first the train accident to happen, and this one is practically when the work of the present contractors is on the eve of completion.

LOCAL NEWS.

Mrs. Mickle of Quilchena spent a few days in Nicola this week.

Mr. and Mrs. Thomas Hunter left this afternoon for a trip to Kamloops.

R. B. Smith of the Diamond Vale Coal Co., operating near Forksdale. was a visitor to Nicola Tuesday.

Alec McAdams engaged on construction work near Nicola, fell and injured his shoulder blade this week necessitating his stopping work for a few days.

Work on the Barwick Block is still going ahead and it is expected that in a couple of weeks time to have the building completed ready for occupation.

The men engageg along the telephone line for the past few weeks digging new post holes, have been called off until spring when the ground will be in better shape for working.

Angus McGillivray of Coutlee is at work on Lindley creek, near Lower Nicola, on the land owned by the Nicola Coal Mines, Ltd., of Spokane. He has a contract from the company to run a tunnel.

MINING MEN VISIT

REPRESENTATIVE OF CAPITAL INSPECT PROPERTIES.

Messrs. Krumb and Coleman of the Guggenheims and C. B. Brash of the Dominion Copper Co., on the Ten-Mile.

That mining properties in Nicola mining division are attracting the attention of capitalists is quite evident from the number of men representing capital visiting the Nicola Valley during the past few weeks. Now that Nicola district has transportation facilities it will only be a short time until some of the promising mineral claims will be developed and in shipping condition. There are numbers of properties close to the railway awaiting capital and it is confidently expected that next year will see the Nicola Valley with many mines in operation.

Nicola coal lands are also being put in shape aad the owners of the different lands are putting forth every effort to ship coal at an early date.

This week C. B. Brash representing the Dominion Copper Company of Greenwood, spent a few days at Coutlee, and visited the Ten-mile section with Jos. Graham. Mr. Brash will report to his company the results of his investigations

The Guggenheims also had representatives in this week. Messrs. Henry Krumb and R. Prewitt Coleman of Salt Lake City, with R. C. Campbell-Johnston on Thursday made a trip to the Ten mile camp to look at properties which a representative of Guggenheims inspected some time ago. Messrs. Krumb and Coleman left Tuesday evening for Spences Bridge.

The Diamond Vale Coal and Iron Co. who have been drilling on the Garcia ranch near Forksdale, removed their drill this week to a location on the Charters ranch. While not giving out any infornation as to the result of their drilling operations it is generally known that their efforts have met with success.

Operations on the Coal Gulley seam will be commenced about teh first of the month by the parties who have secured the property. The development work will be on a large gcale.

WORLD'S DEEPEST MINES.

Calumet and Hecla One and One-Half Miles Deep.

It is probably a fact not generally known that the Michigan Copper Co. possesses the world's three deepest vertical mining shafts.

The deepest of these is No. 3 at the North Tamarack property, its measurement being 5,200 feet, 80 feet less than a mile. To the south at a distance of 4,000 feet, is the number five shaft of the same company. This ranks as the second deepest vertical shaft on the globe, its measurement being 5,080 feet from the collar to the bottom level.

Second only to these great openings is the Red Jacket shaft of the Calumet and Hecla Company, which is down 4,900 feet, and in which the copper lode was not encountered until a depth of 3,300 ft had been attained.

The deepest incline shaft in the world is the No. 4 of the Calumet and Hecla.

This shaft itself, from the collar to the lowest level, is sunk on the plane of the lode for a distance of 8,100 feet while from a drift at the bottom a winze extends downward 190 feet to the boundry of the property, giving a measurement of 8,290 feet from the surface.

LITTLE SHOP TALK.

The article published in this column is taken from the Enderby Progress and is applicable to nearly every section of the country:

We want to have a little shop talk with our readers, advertisers and non advertisers.

In the first place we wish to reiterate an oft-repeated remark, that we desire to give Enderby the best paper we can. But, everybody will see that this "best" must be commensurate with the amount of support that we receive from the business men and others. We always give the best we can, but it is not the best that we might give. The paper is not the best that we could give, simply because all of our business men are not represented in the advertising columns of the Progress. We are giving the people of Enderby and district and the Northern Okanagan generally, as good a paper as our business income will admit, and which will compare most favorably with any paper published in a town of this size. If we essayed to do any more the office would not meet expenses.

There are but few editors in the Province who have not made a vigorous and continuous fight against the city mail order house. This has been done in the interest of the home merchant, and without money and without price. If the editors of the land had received regular advertising rates for all they have said against these enemies of the country merchant they could now be wearing diamonds. Now the department store man appreciates advertising space and is willing to take all the average country editor has for sale, and at a good price, but which advertising we have always refused to accept when it competes with local business houses.

What other class of business or professional men would refuse business to help their friends, especially as many of said friends never seem in the least disposed to return the compliment or even appreciate it.

Why Banks Don't Fail in China.

It is one hundred years since failure of a bank in China, said a bank examiner. More than nine hundred years ago, in the reign of Hi Hung, a bank failed. Hi Hung had the failure investigated and to his indignation found it had been due to reckless and shady conduct on the part of the directors and the president. Hi Hung at once issued an edict that the next time a bank failed the heads of its president and directors were to be cut off. This edict which has never been revoked, has made China's banking institutions the safest in the world.

Comfort is produced by using good tobacco and the "Shield Brand" pipe sold by J. A. Scott, tobacconist, Kamloops.

Strike at Greenwood.

One hundred men went on strike at the British Columbia Copper Smelter at Greenwood last Wednesday. A demand for increased wages in fifteen classes of labor had been demanded and refused by the officials of the copper company.

The head office in New York was informed of the situation and wired that they were considering the matter. Local officials of the company would not submit to the demands unless instructed from New York. The large new smelter, with three immense furnaces is at a standstill.

Development work will de continued at the company's five copper mines, but no ore will be shipped, no attempt being made to work non-union men. Perfect order reigns.

LOCAL NOTES

A. Jackson of Quilchena was visiting Nicola on Monday.

A. Fyall of Lower Nicola was in Nicola on a business trip Tuesday afternoon.

Wm. Palmer of Stump lake and Lawrence Guichon of Quilchena were in Kamloops on Monday.

The Young People's Guild will hold a debate in the Presbyterian Church on Tuesday evening December 4th.

C. S. Gzowski returned this week from Toronto where he had been attending the last sad rites of his brother, Vernon.

Be sure and attend the St. Andrew's Ball on Friday evening under the auspices of the Nicola Athletic Association.

J. P. (Dad) Allen arrived from Aspen Grove Monday evening and after spending a few days at Coutlee left for Slocan.

W. Rannie, the railway contractor left for the coast this week and will be engaged at Cloverdale where his firm have a contract.

C. B. Worsnop representing the Vancouver Brewing Co. returned to the coast Monday after a business visit in Nicola Valley.

Mrs. Richardson arrived from Vancouver Monday to be in attendance on on her husband who met with an accident last week at Coutlee.

Ven Archdeacon Small will hold service in St. John's Church on Sunday morning at 11 o'clock, and at the residence of H. S. Cleasby, Coutlee at 3.30.

A. Whittaker who has been visiting at Beaver ranch left for his home in Victoria the first of the week. Mr. and Mrs. J. N. Moore accompanied him as far as Kamloops.

Rev. D. K. Allan will hold service in the Presbyterian Church at Nicola on Sunday at 11 a. m. and 7.30 p. m. In the afternoon at 3 o'clock service will be held at Forksdale.

Johnny Stewart, a half breed living on the Douglas lake ranches, was taken to Kamloops on Saturday by Constable Clark. Stewart will undergo medical examination for insanity.

A very pleasant evening was spent on Friday evening by members of Court Nicola A. O. F., and a few invited friends. Songs, recitations and games, with refreshments made up the programme.

M. L. Grimmett returned on Thursday evening from Vancouver where he had been on legal business. He was accompanied by Mrs. Grimmett and children and have taken quarters in the Barwick Block, where Mr. Grimmett's law office will be moved very shortly.

Dick Clark met with a nasty accident on Monday last when his horse shied and fell on the frozen ground. His leg was broken and he will be laid up for some time as a result. He is at the Royal Inland Hospital and doing as well as might be expected.—Kamloops standard.

Those who may wish to appeal from the rates levied by trustees under the "Public Schools Act" are reminded that the appeal lies to the Court of Revision just as ordinary appeals do under the "Assessment Act." The next sitting of the Court for Kamloops District will be held at the Court House on Thursday Dec. 27th. and in Nicola on Friday Dec. 14th.

Subscribe for the Nicola Herald $2.00 a year.

John E. Bate returned from Kamloops and Vancouver on Monday.

Joseph Collett returned from the coast to Pine Grove ranch on Sunday.

J. A. Menzies, proprietor of the Nicola Portable Sawmill, was in Nicola Monday.

R. J. Armstrong arrived from Keremeos yesterday and with S. J. Bate is in town.

A. H. Hart of Portland, Ore., returned from Princeton on Monday evening where he had been looking at mining properties.

Constable Hewitt of Princeton passed through Nicola this week to Kamloops having in charge a prisoner for the provincial jail.

A general meeting of the Nicola Valley Conservative association will be held on Friday afternoon at 2 o'clock, in Pooley's Hall, Nicola. All Conservatives and members of the Association should attend.

W. Pearce, assistant C. P. R. land commissioner and surveyor, spent several days in Nicola recently and made a perliminary survey of the townsite so as to secure the lay of the land which the C. P. R. secured. Mr. Pearce left for Calgary Monday.

The death took place near Granite Creek on Friday the 16th. inst. of M. P Bourassa an old time prospector of that section. He was about 84 years of age the cause of death being inflammatory rheumatism. The funeral was held at Granite Creek, T. H. Murpay reading the funeral service.
