VICTORIA DAY

CELEBRATION AT NICOLA GRAND SUCCESS

Races Prove Interesting—Close Finish. Indians Have Hiyu Time.—Half Mile a Good Race—Hundreds of Visitors.

The celebration today was blessed with King's weather. Long before the time rigs of all sorts were pouring into Nicola. The school children were early on the ground and were in excellent spirits looking forward to the races. There was much keen competition in the children's races, which were the first on the programme.

The Indian races were closely contested, the klootchman race especially causing great excitement.

After the men's races an interval for lunch was called at 12 o'clock and the large crowd from all parts of the district did justice to the viands set forth by the fair hands of the Ladies Aid of the Presbyterian Church. The sports were soon started up again, the ladies nail driving contest evoking much spirited competition. It would be invidious to particularly mention any of the foot races. All were keenly competed for and great interest was taken by the bystanders in all the events.

The gymkhana caused great excitement and was one of the most interesting events of the day.

The half mile free for all proved a fine race as did all the other horse races, perhaps the most excitment occuring in the last event of the day, the half mile for members of the N. A. A., which was a hard race from start to finish.

The commiltee in charge of the sports are to be congratulated on the successful termination of a celebration well conducted. The judges gave entire satisfaction and the whole affair passed off without a hitch.

The Ladies Aid refreshment booth netted in the neighborhood of $150.

The following are the winners of the various events.

ROBBERS ON TRIAL

MOUNTED POLICE CROSS EXAMINED BY COUNSEL

Fernie Receives Great Credit For His Work.—Prisoners Positively Identified and Are Sent up Trial.

The preliminary hearing of the train robbers was continued at Kamloops on Friday. After the evidence of the mounted police and Constable Fernie was given, the train hands were called.

Joseph Callin, the engineer of the robbed train was in the witness box first. He described the encounter with the robbers. After mentioning how the men compelled his firemen to uncouple the baggage car and ordered him to pull forward to a certain place, Mr. Callin described how he clearly saw a third man climbing up the gangway. The fire from the open furnace door blazed right on him. Narrating the incident of the actual robbery witness then went on to relate the picking up of the dynamite sack. He also said the third man had a clean face, fairly red moustache and beard, he couid not say of what particular length.

In answer to Mr. Fulton he said he fully believed that Colquhoun was the man. He identified a black handkerchief and coat that Edwards wore as similar to those worn by the robber.

Alec McQuarrie then told his story of the robbery. The robber made him open a package to see what it contained. It was catarrh cure. He described in detail the events which led up to the time when the train reached Kamloops. He identified Edwards in court as the man who robbed the mail car.

The Indian trackers then gave evidence. Both identified boots produced in court as those that had made the tracks they followed.

V. Ross, section man, deposed to finding a belt on the railway line. This belt was claimed by one of the robbers, he picking it out from among their effects.

Mr. Fulton then formally asked for the committal of the prisoners.

The accused men reserved their defence.

Mayor Gordon committed them for tuial, which we understand will be heard in a few days.

Edwards has been identified as "Bill Miner" the man who is wanted for other hold-ups and the evidence so far produced indicates that he is responsible for the recent hold-up.

To Effect a Compromise.

In spite of the fear that the addresses in reply to the speech from the throne, moved Tuesday in the lower house of the Russia parliament, would precipitate an immediate conflict between the crown and parliament, the Associated Press is in a position to state that Emperor Nicholas is determined to avoid a breach if possible. Not only will partial amnesty be granted, but the emperor is ready to replace the Goremykin ministry with a cabinet chosen from the members of the majority of the house, in the hope of effect a compromise. He is not willing, however, to let the majority select the premier, but once such a concession is made, it is difficult to understand how the emperor can go half way and refuse the full constitutional monarchy which government by parliamentary majorities involves. Parliament has practically already won a great victory.

Compulsory Voting.

An Ottawa despatch says the sub-committee on elections has made a recommendation, which if adopted by parliament, means compulsory voting. The resolution adopted declares that anyone who does not cast a vote when entitled to is disqualified from voting in any similar election for six years. A person so disqualified may go before a judge of a court of record and obtain a certificate of re-enfranchisement by proving illness or other good and sufficient reason for not having voted. Anyone who is disenfranchised and votes is liable to a fine of $50 to $100 or to imprisonment for three months.

Another recommendation made is that a person who takes pay for driving voters to the polls is liable to a $100 fine. At present only the man who does the hiring can be punished.

The Canadian Bisley team for 1906 is chosen. Lieut.-Col. E. W. Wilson, of Montreal, will command the team and the adjutant will be Lieut.-Col. O. E. Talbot, M. P. Nearly all the marksmen who figured highest on the scores this year were able to accept positions on the Bisley aggregation, and the Dominion will be represented by a very efficient team. They will sail on June 14th, on the Allan liner Tunisian, and will have about ten day's practice before the competition begins. The meeting of the National Rifle Association is fixed for July 9th at Bisley, England.

Those desirious of joining the proposed Rifle Association might send in their names to The Nicola Herald office, and a meeting will be called as soon as possible to organize and elect officers, &c.

Hon. Edgar Dewdney passed through Nicola on Monday from the Similkameen district.

R. F. Marpole of the 22-Mile House is in Nicola today taking in the sports.

EMPIRE DAY

CELEBRATION AT SCHOOL HOUSE. TASTEFULLY DECORATED.

Children Sing National Songs, and Patriotic Speeches Made by Local Clergy and Others.

The school house, yesterday, to celebrate Empire Day, was daintly and prettily decorated with flowers, vines, Union Jacks and other national emblems. Colored drawings of the provincial emblem and flags done by the children attending school decorated the walls. Many of these were in excellent taste and showed quite an amount of artistic talent. In the course of the afternoon a number of the parents and others visited the school room.

The children were in excellent spirits and joined with great gusto in the singing of various national and patriotic songs followed by several readings and recitations. The songs and recitations were well rendered and reflect credit on the teacher, Miss B. McDonald, B. A. The visitors showed their appreciation of the children's efforts by applauding vigorously. Patriotic empire speeches were made by the Revs. D. K. Allan, J. Pye, W. Govier, G. Murray and Dr. Tutill.

Farewell to Rev. John Pye.

A large number of the members, adherents and friends of the Methodist Church from different parts of the valley, met at the home of D. Dodding, Lower Nicola on Wednesday, to show their appreciation of the services rendered by Rev. John Pye in the valley during his residence. The party sat down to tea about 6:30 and did justice to the collation spread before them. After tea, A. R. Carrington of Nicola, in a neat speech expressed the regret they had in parting from Mr. Pye, and asked his acceptance of a purse. He said that he was only voicing the sentiment of the whole community when he stated that they would miss his genial presence very much and hoped the good work would be continued by his successorr On behalf of those present he wished Mr. and Mrs. Pye god speed in their future career, and hoped at some future date they would again return to the valley.

Mr. Pye in a few brief words thanked them for their kindness. He would always look back with pleasure to the years he had spent in the Nicola Valley, which both he and Mrs. Pye left with regret.

STRAYED.

On to the Tamerton Ranch a brown bull, star on forehead, GF on right rib, P on left rib. Owner can have same by paying all charges. If not claimed in ten days will be sold.

RIFLE ASSOCIATION.

There is every probability of a rifle association being formed in this district in the immediate future. The success of the turkey shoots held last fall under the auspices of the Nicola Athletic Association, proves that such a body would to use a hackneyed phrase, fill a long felt want. No one will question the benefits to be derived from such an association by its members. The Anglo-Saxon race has always been noted for its spirit of competition. In his field sports, his horse races, his athletic sports, and his games, the Anglo-Saxon, takes his place seriously and with an intention to beat all his competitors. In markmanship too he is not behind as witness the crowds who flock to Bisley every year, from all over the world with the one idea to win the King's prize if possible. In our district here there has been up till now no chance for any of our young men to practice on a target with the rifle under practically the same conditions as hold in competitions. Now, however, that there is a probability of a rifle association forming, it is up to our young men, as well as old ones, to show that they appreciate the necessity of forming such a body. The many remarks made of late years by eminent men of both continents as to the advisability of every able bodied man being able to shoot, and handle a rifle go to show that public opinion is on the side of these associations, while there is always the fact, that, in its competitions and associations it tends to make its members steady, self-reliant and respectable citizens. It was we think, Lord Roseberry who sometime ago in a speech, said that one of the lessons to be derived from the late Boer war was that every man, and even woman ought to know how to handle a rifle. While not necessitating the strict discipline required in a volunteer or rifle corps, a certain amount of discipline is necessary for the successful working of an association of this kind. There should be no difficulty in obtaining a site suitable for a range, and the fact of anyone not being the possessor of a rifle, should be no hindrance to them joining the association as a supply of rifles will be obtained from the government, which rifles will be for the use of the members

Prairie Fires.

During April in the Calgary district 29 cases of pratrie fire were reported by the Mounted Police. These extended from Red Deer on the north, to High river and from Morley on the west to Brook. It is a very creditable showing and a tribute to the vigilance of the R. N. W. M. P., that 27 convictions were secured during the month. The average fine was in the neighborhood of $40

LIPTON AGAIN.

Sir Thomas Will Make Another Attempt to Lift Cup.

After much thought and many calculations, Sir Thomas Lipton has at last come to the conclusion that he will have another try for the America cup and it is understood on good authority that Niylve already is at work designing Shamrock IV. In due time the challenge will go to New York through the Royal Ulster Yacht Club, and the yachting world will have something to talk about. Sir Thomas is not particularly hopeful of winning the cup if the New York Yacht club insists upon the old rules, but he does have hopes that when the challenge has been formally made that the American yachtsmen will consent to modifications which will give him a chance.

Great Northern Railway.

The Great Northern Railway is redoubling its efforts to hasten the completion of its line between Vancouver and the Boundary district. Actual construction at the coast end will be started within a month. This was the announcement made by John Hendry, president of the V. W. & Y. railway, over whose tracks the V. V. & E. railway will run into Vancouver.

Mr. Hendry also said: "All the surveys on this side of the Hope mountains have been virtually completed. The original intention to strike the V., W. & Y. at Cloverdale may be modified, as the engineers have run a survey direct to New Westminster, and have secured an easy grade. I expect actual construction—grading operations—will be in full swing within a month. The rails purchased some time ago will not be delivered until September."

Bought Kitsilas Townsite.

Word has been received of the sale by auction of the government townsite of Kitsilas, on May 1st. Ten acres, divided into lots, were sold at from ten to fifteen dollars per lot. The buyers were C. W. D. Clifford, M. P. P., and J. W. Paterson, his partner. They will establish a store there as an outfitting point for the new Bulkley country. The government is starting the building of a trail into the Bulkley from Kitsilas, a distance of 70 miles.

Mr. Paterson spent a few months in Nicola during the past winter and his many friends wish him every success.

Imperial Troops Depart.

The echoes of the bugles sounding "Last Post," at seven o'clock on Thursday morning at Work Point Barracks accentuated the severence of Imperial military control of Canada, when the royal engineers and garrison artillery to the number of 250 embarked on the steamer Charmer en route for Vancouver and Merrie England. The departing troops were given a cordial farewell.
