BOARD OF TRADE HEARS COMPLAINTS

Passenger Steamer to Victoria Wanted—A Better Road Petition Endorsed.

At the meeting of the board of trade yesterday President Gilley introduced the question of a regular steamboat service between this city and Victoria. Thirty years ago, he stated, there was enough trade between the two cities to warrant a boat, yet now there was none. He thought that it was the duty of the business men dealing with Victoria to have their goods shipped this way, and that the C. P. R. should put on a boat.

Ed. Goulet, agent of the C. P. R., in defence of his company, stated that there was now practically no travelling along that route. In the fall, merchandise was now largely shipped by tramp steamers, which undercut the rate of the C. P. R. passenger boats. A large amount of the produce that once went to Victoria via this city from up river points was now deflected into the middle west.

The matter was referred to the transportation committee to take up with the C. P. R.

The Western Steamboat Co. wrote calling attention to the condition of the river between the city and Chilliwack, and asked the co-operation of the board to secure the services of the snagboat Sampson on this part of the river.

J. A. Cunningham, managing director of the Steamboat company, stated that the same communication had been sent to the Chilliwack board of trade. He moved that the board appoint a committee to consist of the president, secretary and chairman of the transportation committee to form a delegation to interview the government agent, Mr. G. A. Keefer, together with the representatives of the steamboat companies, in regard to the matter. The motion was carried.

A motion was carried by which the board endorsed the petition of the residents and settlers along the Port Moody road, that the road be taken over by the government and made a trunk road, and that the road be improved.

A communication was read from John R. Brown, of Adelaide, B. C., enclosing a copy of a letter to Premier McBride urging the necessity of deepening the channel of the Harrison river. The letter pointed out that the opening of the Harrison river to navigation would admit of the sending down of a vast quantity of timber which would come down by way of the Fraser river, and would also mean the transportation of a large quantity of supplies to the camps. The work meant much to the loggers and settlers.

Mr. Cunningham pointed out that a great deal of material might be shipped by way of Pemberton that now goes by way of Squamish into Vancouver. He moved that the matter be referred to a joint committee of the navigation and roads and bridges committees. This motion was eventually carried, with an addition by T. J. Trapp that J. H. Kennedy, M. P., be written to and asked to press the matter.

President Gilley stated that an appropriation had been made for the purpose of deepening the rapids of $10,000. He did not think that it would be difficult to make the river navigable throughout the freshet.

Mr. Martin, for the advertising committee, announced that the mayor had decided to call a meeting of the citizens with reference to advertising the city, the meeting to be held on Wednesday evening next. He moved that the board vote fifty dollars for a half page advertisement in the Trade Union Journal's special edition. No action was taken.

Mr. Martin reporting on the matter of the Ladner road, stated that the work was not substantial. It should be built according to specifications approved by the railway board. He did not think that the work would be allowed to continue as it was; the delta council was alive to the fact that the road was not being built properly. He believed that there should be some authority to make the railroad company place the road in first class condition before they were permitted to use the old highway for their line. It was finally agreed that messrs. Martin and Trapp interview Mr. Gifford, M. P. P., on the subject.

LIQUOR INTERESTS ARE DISFRANCHISING WOMEN

Victoria, Jan. 8.—The licensed victuallers scored first blood in the municipal campaign when they secured a decision last evening from Police Magistrate Jay that women who have paid no rates or tax to the municipality are not entitled to the franchise. The decision affects 486 women and there are also over two hundred old men over fifty years of age against whom the same objection is likely to be taken when the case comes on appeal before a judge of the supreme court.

Last year this vote defeated T. W. Paterson for mayor, but this year the vote will be more evenly divided between Hall and Morley. The fight will be a fierce one, as business men are lining up behind Hall, and the moral reform and temperance people, notwithstanding Hall's well known temperance principles, are largely supporting Morley.

MANY LISTENERS IMPRESSED AT EVANGELISTIC SERVICES

Success is attending the efforts of Mr. and Mrs. Asa Gordon, the Ottawa evangelists, who are daily addressing crowded meetings in the Queen's avenue Methodist church, and at the close of yesterday evening's service, many came forward and expressed their determination of leading a better life in the future.

Mrs. Gordon yesterday continued the story of her early connection with evangelistic work, while in the evening Mr. Gordon preached on the subject, "Lest We Fight Against God," delivering a most telling address.

This afternoon the regular daily bible readings will take place in the Queen's avenue Epworth league room, while services will be held in the church this evening. Tomorrow Mrs. Gordon will hold a meeting for women and girls, commencing at 3 o'clock. Cottage prayer meetings for today will be held at the homes of the following:

James Cunningham, Third avenue and Eighth street; H. E. Johnston, Fourth avenue and Second street; Mrs. James Fisher, Agnes street east; Mrs. L. G. McKam, Ash street; Mrs. Henderson, Maple street; Mrs. Pollard, Keary street, Sapperton; Mrs. Ebert, Columbia street, Sapperton.

GOVERNMENT OFFICIAL INDICTED FOR GRAFTING

Washington, Jan. 8.—Allegations of fraud and graft in supplying the bureau of engraving and printing with black dry color used in the manufacture of ink, resulted today in the indictment by the federal grand jury here of Edwin M. Vandyck, formerly a chemist and ink maker employed in the bureau, and Victor Bloode, president of the Victor Bloode Co., of Baltimore, manufacturers of the black dry color.

Vandyck, in his position as chemist and ink maker of the bureau, had to pass upon the samples of the color submitted by various manufacturers. It is charged that he fraudulently favored the Baltimore company and that as a result of the conspiracy he was paid by Bloode in the course of several years between $70,000 and $75,000.

GARRISON WILL BE SENT FROM ENGLAND

Halifax, Jan. 8.—It is generally accepted that the garrison will be replaced by a complete corps from England in April. The Canadian government will pay the expense as at present, but the men will come from the British Isles. Canada finds it too difficult to enlist men, and they cost more than the troops from Great Britain. Orders are out that no more recruits will be accepted for the Halifax garrison, and that enlistments for the various corps must cease. Soldiers wishing to take their discharge before their term expires are being allowed to do this without buying themselves out as formerly. Contracts for military stores are being made out to the end of March. These facts are said to foreshadow the resuming of the garrisoning of the bases in the east and west by Great Britain.

About 150 couples attended the ball given by the members of the asylum staff at that institution yesterday evening, music being supplied by the asylum orchestra. The fnuction broke up early this morning, the guests departing after partaking of a dainty supper.

HEINZE IS KEEPING RIGHT IN LIMELIGHT

F. Augustus is Fighting C. P. R. in B. C., and Dodging Trouble in U. S.

Though the financial stringency is supposed to have been keenly felt by F. Augustus Heinze in New York, that resourceful American mining and stock operator has not changed his mind respecting large land and timber areas which he owns in British Columbia. He still does not wish to have forced upon him his undivided half-interest in the eight hundred thousand acres of land grant which he jointly owns with the Columbia & Western railway, one of the subsidiary corporations of the Canadian Pacific Railway Co. in British Columbia.

While still undivided, these immensely valuable lands of West Kootenay are not subject to taxation. It is said that this was the chief reason that the division of the land was opposed by Heinze, whose Vancouver lawyer, Hon. W. J. Bowser, fought the proposal of the C. P. R. to divide in a long-drawn-out case in the supreme court in Vancouver. Justice Clement gave judgment in favor of the C. P. R., and ordered the division of the land.

NEED OF READY CASH CAUSE HEINZE TO SIN

New York, Jan. 8.—F. Augustus Heinze was arrested today by a United States marshal on an indictment charging him with having illegally certified a cheque on the Mercantile National bank. He was held in $50,000 bail after entering a plea of not guilty to the indictment.

The amount of the cheque which Heinze is accused of having certified falsely was $62,768. Heinze appeared in court with counsel and announced that bail would be furnished immediately.

Heinze is also accused of illegal certification of other cheques amounting to $400,000 on or about October 14, according to his counsel, Edward Lauterbach.

Lauterbach said that abundant collateral had been deposited to cover these cheques. Many of the cheques were payable to the order of Otto Heinze & Co., of which firm F. Augustus Heinze, a brother, is a member.

HEINZE APPEALS TO PRESIDENT FOR HELP

Helena, Mont., Jan. 8.—F. Augustus Heinze has appealed to President Roosevelt for the remission of a $20,000 fine imposed upon him for contempt of court in violating an injunction restraining him from extracting ore from a certain Butte mine. When the case was before Judge Hunt, of the federal court, recently he decided that the president is the only one able to grant pardon to the copper king.

Heinze's counsel yesterday asked for a stay of sixty days in which to pay the fine, thus allowing time for the president's consideration of the case.

SONS OF ENGLAND ELECT OFFICERS AND ENTERTAIN

The K. of P. hall last night was thronged to overflowing with the sons of old Albion, who assembled from all quarters to the installation of the new officers of Rose of Columbia lodge. From Vancouver came a special car bearing some sixty-six members of Western Jubilee and Wilberforce lodges. The work of the evening concluded, the local lodge acted as hosts, dispensing delicatessen with liberal hand and afterward providing a very entertaining program. A feature was the bowling contest, around which all kinds of enthusiasm centred. Games of cards were in progress in every part of the hall and harmony reigned supreme.

The officers elected for the ensuing year were: E. L. Webber, past president; R. Oddy, president; D. Bowell, vice-president; G. Simpson, chaplain; H. Disney, secretary; P. B. Brown, treasurer; E. Saunders, F. W. Purvis, J. Mercer, E. L. Warman, B. Cherry, R. Patterson, committee; F. W. Muttett, I. G.; F. S. Oddy, O. G.; Bro. Hawtin, district deputy, was also present and assisted in the work of the evening.

PRESENTATION MADE TO MISS B. HARDMAN

West End Methodist Young People Surprised Popular Young Lady Last Night.

On the eve of her departure for Salmon Arm, where she has accepted a position as school teacher, Miss Beatrice Hardman was yesterday evening presented with a set of toilet requisites by the young people of the West End Methodish church, the presentation being made at her home in the evening, a suprise party consisting of thirty-five young people having been organized for this purpose. The gift was handed over to Miss Hardman by Miss Bessie Breen, Lavergne Adams reading the following address, which was signed by representatives of the Young Peoples society of the West End Methodist church:

"To Miss B. Hardman,

Dear Beatrice,—"As fellow-workers in connection with the West End Methodist church, we are met here to express to you our regret that you are about to take your departure from our midst.

"You have, during the years in which you have been identified with our church, thrown yourself so energetically into the work of the various departments that you will be greatly missed when you have gone from among us.

"We take this opportunity of conveying to you our best wishes for the work which you have been called elsewhere to engage in, and trust that wherever your lot may be cast, the spirit of sympathy and service which has been manifest in the past may continue to characterize your life in the future.

"We are confident that nothing further is needed to preserve the tie of friendship that now binds us together, but we ask you to accept this little gift as a slight token of the appreciation of your services in the past, and as expressing our goodwill for the future.

"We trust that the time will not be long distant when you will be with us again, and in the meantime we pray that God's blessing may rest upon you in your new field of usefulness."

Funeral of Benjamin Burr.

The last tributes of relations and friends were paid yesterday afternoon to the memory of the late Benjamin Burr, when the remains were laid to rest in the Odd Fellows' cemetery. The funeral service was conducted by Rev. A. DeB. Owen. The casket was borne to the grave by six of the penitentiary guards and covered with flowers, and was followed, in addition to the relations of the deceased, by members of the R. T. of T., the vestry of St. Paul's Reformed Episcopal church, and the officers of the penitentiary in uniform, under Deputy Warden W. T. Carroll. The scene as the long procession wound its way to the cemetery was impressive, and bore eloquent testimony to the esteem in which the late Mr. Burr was held.

Among the chief mourners who followed the hearse were the following: George Burr, H. Burr and W. Burr, sons; Joseph Burr, brother; W. H. Burr, J. B. Burr, H. Mitchell, John J. Burr, W. J. Burr, Hugh Burr, John Johnston, S. F. Mark, Ald. J. J. Johnston, W. B. Johnston, G. B. Johnston, E. H. Johnston and A. H. Johnston, W. S. Collister, W. Love, C. Warwick and F. Waters. The pallbearers were G. McKenzie, A. Coutts, H. Desney, W. Walsh, P. Devine and H. McKee. Flowers placed on the grave were tributes from St. Paul's Reformed Episcopal church, St. Paul's Sunday school, Schaake machine works, the R. T. of T., St. Paul's Ladies' Aid, Daughters of England, the penitentiary officers and others.

It is not likely that a Canadian club in this city will be an actual fact before the opening of the spring, said J. J. Cambridge yesterday in answer to a News man, but it will be started then, and there is no reason why it should not be as productive of good results as have the branches in other cities. The delay in starting was due partly to the fact that the rules and regulations were not yet ready and partly owing to this being a bad time of the year for the launching of the enterprise. In the spring, said Mr. Cambridge, there would be a large number of distinguished visitors coming to the coast whom the club would be able to induce to give address on the topics of the day.

CUT IN WAGES CAUSES RESIGNATIONS OF MEN

Vancouver, Jan. 8.—A movement of the Ship Owners' Association of Puget Sound to make a reduction in the wages paid to their officers and engineers, has been met with a very decided stand on the part of the pilots masters and mates association and the marine engineers association, according to the officers of the steamer Iroquois, which is one of the vessels affected.

The officers and engineers are tendering their resignation to go into effect tomorrow night if a cut is made in the wages that were in force for 1907. The engineers will not leave their posts, but will stay on at the old rate till relieved.

Steward R. G. Robertson, of the penitentiary staff, has been appointed storekeeper in succession to B. Burr, deceased. W. Patchell is promoted to steward and T. Sampson is promoted to keeper.

DECOMPOSED BODY FOUND FLOATING IN FRASER

Yesterday afternoon the foreman of the St. Mungo cannery had his attention attracted by something floating in the river, which upon investigation proved to be the remains of a man. The body was first seen opposite the B. C. cannery, and was picked up at Gilley's wharf, then removed to Murchie's undertaking parlors. The body having been first seen outside the city limits, the case was turned over to the provincial police. The remains are much decomposed, and the features are not recognizable. The clothing failed to furnish any marks of indentification, consisting of a shooting coat, cloth pants covered with overalls, new boots, and underclothing. It is supposed that the remains are those either of the unknown man who was drowned on November 24 opposite the C. P. R. depot, or Portugee Jo, a fisherman of Cottonwood, drowned on Christmas Eve. The former seems to be the more probable, the appearance of the body showing that it must have been in the water a long time. The close cropped black hair and the general appearance would indicate that the deceased was either an Indian or a Jap. An inquest will be held at 10:30 this morning by Coroner Captain Pittendrigh.

NEW YORK BADLY IN NEED OF DRUG CLERKS

New York, Jan. 8.—Although salaries practically have doubled in the last five years, there is a great scarcity of drug clerks in New York today. Many pharmacies are hard put to find assistants and there seems to be little prospect of a renewal of the former supply. The scarcity is largely accounted for by the strict provisions of the new law, which requires graduation from a college of pharmacy, as well as four years, actual experience as an assistant, before a man is entitled to a certificate as a pharmacist.

The new law, while it has caused the decrease in the number of clerks available, will, the druggists say, be of great benefit, as it requires a much more complete technical education than the former law.

ROCKEFELLER QUITS CHARITY BUSINESS

New York, Jan. 8.—The work of the Charity Organization society's committee for the prevention of tuberculosis will be suspended owing to the failure of John D. Rockefeller to renew his subscription for carrying on the work.

The society received a number of subscriptions from others besides Rockefeller last year, but they were all made for the reason that he headed the list, and when he did not respond to the appeal for further aid this year, it was decided to give up the work. The work of the committee was largely among the poor on the East Side.

FIRE.

Excited Tenants Threaten to Burn Former Homes.

New York, Jan. 8.—Threats that their buildings will be burned if they evicted the tenants, flooded East Side landlords yesterday. The warnings were on postals worded as follows:

"We will move, but after your house has been vacated the fire department will visit you. (Signed), The Red Flag."

TIMBER DEAL WILL BE CLOSED THIS WEEK

J. J. Jones Disposes of 2500 Acres of Wooded Lands to Wisconsin Capitalist.

A deal involving 2500 acres of timber lands, containing approximately from 75,000,000 to 100,000,000 feet of standing timber, is about to be closed in this city, the interested parties being J. J. Jones, of Third avenue, and W. N. Norton, of Medford, Wis., who is purchasing the timber for himself and a number of other Wisconsin and Minnesota capitalists.

The timber limits in question are situated at Indian river, north of Burrard inlet, and were staked out by cruisers acting on behalf of Mr. Jones in the early part of 1906.

Neither of the parties interested would mention the figure for which the limits would change hands, although both admitted that this had been practically settled.

Mr. Norton, in answer to a direct question, emphatically denied that he was in any way connected with the Weyerhauser interests.

DENIES THAT C N R HAD SECURED $16,000,000

Toronto, Jan. 8.—D. D. Mann, vice-president of the Canadian Northern, denies the Winnipeg story that President Mackenzie had secured $16,000,000 in England for the Canadian Northern railway improvements in Western Canada. Mr. Mann says the despatch is incorrect.

"We have never tried to get British money for the Hudson Bay road or road to Athabasca Landing. We are not trying to finance them." He would say nothing, however, of the object of Mr. Mackenzie's trip to England.

The change in the river boat service, which was to have taken place last Monday, will be inaugurated on Monday next, when the steamer Favorite will take the up-river run, replacing the Beaver, which will be placed on the Ladner run instead of the Transfer, which is to be taken to taken to Vancouver for repairs. The work to be done on the latter beat will not occupy more than ten days, when the Transfer will resume its old run, the other steamers being shifted to allow the Beaver to go to Victoria for general overhauling and extensive repairs, which it is expected will keep it at that port until the middle of next month. The steel hull of the boat will have to be attended to, this not having been examined for nearly two years. The Transfer and the Ramona will be placed on the up-river run during the time the Beaver is in Victoria.

Owing to the indisposition of Morrison, who has been laid up with pneumonia for some time, that player will be unable to take part in the senior militia basketball match to be played against the Sixth regiment, Vancouver, on Saturday evening at Vancouver. The team will most likely be composed of C. Spring, O. Peele, guards; F. Lund, centre; A. Robertson, B. Gilley, forwards, the latter replacing Morrison. The intermediate match, which was to take place between teams representing the two cities on the same date, has been cancelled.

Goldfield, Nev., Jan. 8.—The Nevada-California Power Co., which furnishes light and power to all the camps of Southern Nevada and supplies three-fourths of the mines of the district with operating power, today announced a new scale of wages to go into effect January 10.

The new scale provided for a maximum wage of $6 per day, or $1 per day less than the former scale. The company also announces that it will conduct its plant upon the open shop plan.

The exact amount is not declared, but is vaguely announced to be under $5,000,000.

FIGURES SHOW JAP INFLUX INTO AMERICA

Statistics Prove That 30,824 Subjects of the Mikado Arrived in 1907.

Washington, D.C., Jan. 8.—Although working against such odds as are presented by the opposition of President Roosevelt, several members of the California delegation in congress, especially Representatives Hayes and Kahan, will bend every effort toward the passage of a Japanese exclusion law at this session. It is proposed to make this exclusion quite as stringent as that which has applied for many years to the Chinese. In view of these facts it may be worth while to present the following statistics of Japanese immigration into the United States during the fiscal year 1907. The number admitted was 30,824, as against 14,243 in the fiscal year 1906.

Of the 30,824 Japanese who came to the United States in the later period, 31 were classed as actors, 5 architects, 45 clergymen, 9 editors, 3 electricians, 24 professional engineers, 6 lawyers, 3 literary and scientific, 3 musicians, 23 government officials, 35 physicians, 17 artists, 108 teachers, and 293 other professional persons, 9 bakers, 16 barbers, 7 blacksmiths, 2 brewers, 1 butcher, 51 carpenters, 119 clerks, 1 dressmaker, 16 engineers, 17 gardeners, 4 hat makers, 2 jewelers, 5 machinists, 53 mariners, 7 masons, 1 mechanic, 1 metal worker, 2 millers, 41 miners, 6 painters, 21 photographers, 3 plasterers, 1 plumber, 8 printers, 1 seamstress, 1 shipwright, 10 shoemakers, 3 stokers, 57 tailors, 2 tinners, 3 tobacco workers, 11 bankers, 20,636 farm laborers, 817 farmers, 9 fishermen, 39 hotelkeepers, 1334 laborers, 12 manufacturers, 772 merchants, 166 servants, 2016 other miscellaneous, and 3855 no occupation, which latter included women and children.

BURGLARS ARE GIVING TROUBLE IN WINNIPEG

Amateur Cracksmen Are Suspected of Breaking Into Several Main Street Stores

Winnipeg, Jan. 8.—A gang of burglars is operating in the city and the police are sparing no pains in an endeavor to place them behind the bars. Three particularly bold burglaries were committed last night. Shortly after midnight the Main street store of the Russell Lang Co. was entered and several thousand dollars' worth of kodaks and fountain pens were taken. Stones' grocery store, on Main street, near Henry avenue, was also entered. The Hingston-Smith Arms Co. was also visited by thieves.

The police are of the opinion that the perpetrators of the breaks were all of the "amateur cracksman" type.

A daring hold-up took place last Saturday night in a store at the corner of Flora avenue and Salter street, when two men marched in and, at the point of a revolver, forced the clerk to hand over the contents of the till and any other money he had in the place. In all, it is said, $120 was gained by the hold-up artists, who escaped scot free.

THURSDAY, JAN. 9. 1908.

UNANIMITY ?

It has always been the proud boast of the members of the Orange Order that their organization was non-political, yet a number of the Association members waited on Sir Charles Hibbert Tupper, Bart., the other evening at Vancouver to specially request him to become a candidate in that city at the next Dominion Election and in doing so in the address told him "as Orangemen they had every reason for believing that his past record as a member of Parliament, and as a Minister of the Crown for many years, was in the best and truest interests, not only of Canada but of the British Empire." Is this the same Sir Charles Hibbert Tupper who was a member of the government of which his father was the First Minister, and fought so earnestly for separate schools in Manitoba that the Orangemen in 1896, almost to a man fought tooth and nail to defeat. If it is, and we know of no other knight by that name we do not wonder that Mr. Thomas Duke P. G. M. of the Orange Order, a Conservative, is opposed to dragging the order into politics and repudiates the action of these over-jealous brethren and declares that it will do neither them or the gentleman they waited upon any good in the eyes of the Orange Order. Mr. William Hunt P. C. M. voicing the same sentiments refused to join the deputation and declared it looked like making a tool of Sir Hibbert. Capt. McSpadden agrees with these two prominent brethren of his beloved order and one cannot but think that whoever engineered the affair with the intention of assisting the knightly lamb to the slaughter offered open insult to the Conservatives of Burrard who will claim the right to nominate their candidate in a representative convention. The move appears to us to be one to head off the possible candidature of Mr. Geo. H. Cowan, who undoubtedly is looked upon with strong favor by a very considerable section of the Conservative party in the Terminal City. It certainly points to a serious division in the ranks of the Orange Order and it does not in any sense betoken unanimity in the Conservative ranks.

The McBride Government with its usual solititation for the interests of the working man, has thrown one thousand hand loggers out of employment. For the money they get these are perhaps the most hard-worked of all classes in the province, yet like others enjoyed the festive season just passed, and were returning to work in the bush, when without any previous indication that such a course was contemplated, their renewal licenses are refused and fees returned, and their occupation gone. What possible reason can the government have for making these men walk the streets of our cities to swell the number of unemployed. Three reasons are assigned: first it is said to be the only possible means of getting even with Mr. J. A. Emerson, who prevented the pulp timber steal in which one of the ministers was interested; it has fought him in the courts, suffering defeat every time, and now sore at its failure, drastic measures are used; a second reason given is that these handloggers have been supplying the mills that were not possessed of timber limits to any great extent, and that it would compel these concerns to buy the right to cut from those favorites of the government, who wish by their control of the public domain to get rich quick and relieve their present uneasiness caused by timber holdings being a drug upon the market. A third reason given is that it has a political significance in that it will swell the ranks of the unemployed. If this be true it will act as a boomerang and these men in their enforced idleness will get deep seated in their determination to wreak vengance on the Conservatives for this miserable exhibition of supineness.

An Eastern exchange reports that the good advice given by Rev. Dr. Carman, General Superintendent of the Methodist church in Canada, to the British Methodists is bearing fruit. "Hands off" has proven so successful in Canada's political affairs one would have thought that no one required education on the fact that non-interference is good policy in church matters also. We would pass the same advice to the Ottawa Free Press with respect to matters that affect New Westminster Liberals only, and remind them that we are thoroughly competent to deal with every question affecting the Liberal interests in this city.

SKELETON DIES OF FATTY DEGENERATION

Providence, R. I., Jan. 8.—Orin H. Perry, 65 years old, for sixteen years the living skeleton in Barnum-Bailey's and the Forepaugh's circuses, died suddenly of fatty degeneration of the heart in a lonely hut at Riverside, near this city, yesterday.

Perry's stage name was Eugene Peralto and he had been a showman all his life. He was six feet one inch tall and weighed 80 pounds. In his younger days he lifted heavy weights with his teeth.

George Small, of the Small & Buckin mills, will leave today for Nelson where he will attend the meeting of the B. C. Mill Owners' association.

$25,000 IS THE LOSS IN SEATTLE FIRE

Seattle, Jan. 8.—Fire in the basement of the Norris Safe & Lock Co.'s building, at Third avenue south and Main street, yesterday afternoon burned fiercely for two hours, entailing a loss estimated at approximately $25,000. Between 10,000 and 15,000 persons crowded the streets in the vicinity of the burning structure, from which rolled dense clouds of black smoke. Ben Reeves, a pipeman in No. 15 company, was so overcome by the smoke that it is doubtful if he will recover.

Arnold E. Fauquier, secretary of the Norris Safe & Lock Co., is an absconder to the tune of $1000. He disappeared from his post December 15 last and detectives are hunting the country over for him. The fact that the secretary of the concern is a defaulter and has disapepared became public just about the time fire broke out in the building at Third avenue south and Main.

WATER USERS MUST PAY OR LOSE THEIR CONTRACTS

North Yakima, Jan. 7.—The trustees of the Tieton Water Users' association today decided upon drastic action against some of the largest landowners who are behind with their assessments. Unless these are paid in short order the contracts of the delinquents will be voided. The officials of the reclamation service have notified the association that within ten days that body shall receive positive information as to the exact location of the canal and exactly what land will be watered by the Tieton scheme.

SALVATION ARMIES QUARREL OVER NAME

American Body Should Be Prevented From Using Appellation, Says Gen. Booth

New York, Jan. 8.—The question whether the Salvation Army, of which General William Booth is the head, has had the exclusive right to use that name in the United States, was argued in the supreme court yesterday. The arguments were on an application to have made permanent a temporary injunction restraining the American Salvation Army from longer using that name.

General James William Duffy, the head of the American Salvation Army, says that he was forced to live in Brooklyn last summer as a result of threats made by District Attorney Clark, after he had been arrested on a charge of vagrancy, and discharged in the magistrate's court. He is at present at the headquarters of his organization in Philadelphia.

Former Justice D. Cady Herrick appeared for the Salvation Army in the United States of which General Booth is the commander.

WATER ENCOUNTERED AT THE KRAO MINE

Nelson, Jan. 8.—Difficulties have been encountered in the working of the Krao mine at Ainsworth, where water has come in in excessive quantities while sinking. The Krao created some excitement at Butte and Nelson last year because of its wonderful showings of silver lead ore. The mine was floated principally by Butte capital, and development was started upon a large scale, it being endeavored to cut the ledge at depth of sinking.

It is now proposed to run a tunnel of 400 feet long from the Copper Creek, which would tap the Krao ledge at a depth of 900 feet and at the same time would effectually drain the mine, thus cutting the cost of development in two. To do this, however, ground not belonging to the Krao would have to be traversed and the consent of the various owners of this ground must be obtained on mutually satisfactory terms. This should not be difficult, as the adit would not be a cross-cut tunnel, but would run in upon the extension of the Krao ledge and the ore taken out should go far toward paying the first cost of the undertaking.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

A Language Maker.

A teacher in a certain fourth term class at Erasmus Hall High school was explaining to her pupils the significance of the German prefix "zer." The English equivalent is "to make smaller," she explained. "For instance," she continued, "the word 'brechen' means 'to break,' while 'zer-brechen' means 'to break into smaller pieces,' or 'to shatter.'

"Now," she concluded when she believed that she had made her pupils understand, "can any one give me another example?"

Promptly from the rear came a voice in low, hurried tones:

"'Sprechen,' 'to speak' or 'to talk;' 'zer-sprechen,' 'to talk in bunches.'"—Brooklyn Eagle.

No Miracle For Him.

A clergyman was endeavoring to instruct one of his Sunday school scholars, a plowboy, on the nature of a miracle. Thinking he had made it plain, he said, "Now, boy, suppose you should see the sun rise in the middle of the night, what would you call it?" "The moon, sir." "No, but suppose that you knew it was not the moon, but the sun, and that you saw it actually rise in the middle of the night, what should you think?" "I should think it was time to get up, sir."—St. James' Gazette.

The Mohammedan Oath.

Of all the many forms of taking the oath used in the courts perhaps the most picturesque is that which the Mohammedan is required to take. It is a silent ceremony. The son of Islam places his right hand flat upon the Koran and puts the other on his forehead; then he brings his forehead down to and in contact with the book. He then raises himself and looks up steadfastly for some seconds. The officer of the court should then—though he sometimes forgets this—ask the Mohammedan, "Are you bound by the ceremony you have performed to speak the truth?" and the answer is, "I am." In India the ceremony has been abolished in favor of an affirmation.

GRANT SECURED FOR FRASER IMPROVEMENT

Sum of $100 Given by Board of Trade Towards Engineer's Expenses.

The board of trade at the regular session last night discussed again the question of the deepening of the Fraser river in order to make New Westminster a deep sea port, and voted a subscription of $100 towards the funds for the defraying of the expenses of a competent engineer to report on the cost of the undertaking.

President Gilley, in introducing the subject, spoke of the work of the committee. They had come to the stage, he said, when they needed ready money. Together with the mayor he had visited many of the mill owners and had been successful in raising a considerable sum of money towards the expenses of Engineer Le Baron, who had been selected as the best of some twelve engineers who had applied. Mr. Keefer, government engineer, had promised to assist Mr. Le Baron by placing at his disposal any data that he might have with regard to the river.

E. J. Crean, in moving that the grant of $100 be voted, stated that in his opinion, the matter was a most important one for the interests of the city and should not be delayed. The average depth of the river was about eighty feet, and there was only about a mile and a half that required attention. The timber of the whole province was accessible to the Fraser river, all logs that were available at Vancouver could as easily be brought to this city and there would be the added advantage of having them in fresh water. The speaker closed by suggesting the formation of a forty thousand club to boost the city's population.

Secretary White explained that the money was needed at once. Remittance had been made to secure the engineer and in all probability he was now on his way. There would probably be an opportunity at a later meeting to enhance the subscription if the board so desired.

The grant was passed without a dissenting voice.

The cooks, waiters and waitresses of Local Union No. 293, assisted by Vancouver Union No. 28, last evening held a basket social in the Eagles' hall. A special car from Vancouver brought over nearly sixty of the visitors. Owing to the bad weather a large number, the majority in fact, of the baskets from Vancouver, were left behind and also a large number of members who would otherwise have come. Fifty dollars was netted for the baskets, H. A. Muller, of Vancouver union, acting as auctioneer. One basket in particular sent the bidders high in their fight for the coveted trophy, finally falling under the hammer to the tune of $15. The meeting was presided over by Mr. Over, of Union No. 28, and music was supplied by Earl's orchestra of Vancouver. The social is only the first of a series to given during the winter. The officers of the Vancouver branch also desire to invite any of the members of the New Westminster union to visit their headquarters when in Vancouver, 150 Hastings street.

TOO PROUD TO BEG; DIES FROM EXPOSURE

Nanaimo, Jan. 8.—The death of Harold Sands, a native of Dover, England, and a man of splendid physique, occurred at Chemainus yesterday from pneumonia. The circumstances of the case are most pathetic. Feeling his impoverished position keenly, and possessed of indomitable pluck and an unconquerable spirit, he chose to sleep out at nights until he secured means to pay for lodging. Unknown to any one, as the young man admitted before he died, he slept out on a slab pile for five nights. From exposure he contracted pneumonia, which resulted in death.
